

Valkyrie 951

[Chapter 951: Nod out](#)

As soon as Qin Chen swept into the square, he was immediately spotted by the sixty or seventy people in the square. Among them, several warriors flew out, surrounded Qin Chen, and shouted coldly: "Who, stop me ."

Seven or eight martial artists at the peak of the late sixth stage surrounded him, among them there were two half-step martial king masters, Qin Chen immediately stopped, "fearing" at the group of people in front of him.

"Which dynasty of warrior are you?" The half-step Martial King who took the lead took a look at Qin Chen and found that he didn't know Qin Chen, and immediately shouted coldly.

Qin Chen said with some trepidation: "Below are the warriors of the Datong Dynasty..."

The Datong dynasty was the dynasty where the three people killed by Qin Chen belonged. In the land of a hundred dynasties, it was barely above average, but it was also strong and limited, so there were not many people paying attention.

"Datong Dynasty?" After hearing that Qin Chen's dynasty was the Datong Dynasty, the leading half-step Martial King didn't even hear Qin Chen finished speaking, so he interrupted directly: "You see there is a magic pond here, so I thought Did you come in to practice?"

"Yes, everyone is..." Qin Chen said cautiously. "We are from the seven upper-class dynasties." The half-step Wu Wang said coldly, with a hint of loftiness and disdain in his eyes, and then coldly said: "Boy, you are lucky, although this magic pond has been Our seven upper dynasties have taken over, but in order to take care of you

The warriors of the Tong Dynasty, our seven upper dynasties have decided, as long as you people of ordinary dynasties help to attack the restriction, when the restriction is broken, you are also eligible to enter the magic pond to practice, now you join me to attack the restriction . "

After talking about the half-step Wu Wang pointed to the more than one hundred people in front of the offensive ban, with a cold and arrogant expression on his face, it was obvious that Qin Chen would kill him if he didn't want to.

"Yes!"

Qin Chen lowered his head, and rushed toward the over 100 people who attacked the restraint.

"Remember, don't be lazy, if we find you are lazy, don't blame us for being polite." One of them warned behind Qin Chen.

Qin Chen didn't answer, he went straight into the crowd, and began to attack the restraint, while the warriors returned to the team.

"Who is this person?" one of the leading half-step Wu Wang asked lightly.

Wearing a golden robe, this person is young and looks only twenty-four or five years old, but the breath on his body is extremely terrifying. He is also a half-step martial arts king, but he is several times stronger than the half-step martial arts king who asked Qin Chen before. , The rich true power lingered around him, exuding a terrible breath.

This person is the top genius of the Longyuan dynasty among the seven upper dynasties, Zhou Zhengshu, one of the top ten rookies in the land of a hundred dynasties, in terms of ranking, he must be above Shen Mengchen!

"Young Master Zhou, just now that person was a disciple of the Datong Dynasty, and his subordinates have arranged for him to attack the restraint." The Banbu Wuwang said respectfully, as if a servant was facing his master.

As a half-step martial king, he knew his status very well. Compared with Zhou Zhengshu, one was in the sky and the other was on the ground.

"Datong Dynasty?" Zhou Zhengshu frowned. Although he didn't have direct contact with Qin Chen, for a moment, when he saw Qin Chen's figure, he had a strange feeling and even felt that the other party was extremely dangerous.

"Young Master Zhou, is there any problem?" King Wu was taken aback for a while and asked.

Zhou Zhengshu shook his head, thinking that he must have read it wrong, and it is impossible to think about the sixth-stage late martial arts who can make him afraid.

"No problem, you keep your eyes on it. This prohibition has been attacked for a long time, I am afraid it will be broken, so don't make any trouble then."

"Zhou Zhengshu, you think too much. With us here, what trouble can this bunch of coolies do." There was a chuckle at the side, but it was a young man with a bun, who was equally young, but his breath was Not much Zhou Zhengshu is weak. "Li Yuancheng, don't be careless. Be careful to sail the Wannian Ship. This time we are very lucky. We actually found such a magic pond. Once the absorption is completed, I may be able to directly break through to the seventh-order Martial King. Go to the ancestors in the inner part of the secret realm of heavenly devil.

"

Zhou Zhengshu said lightly, the person who spoke before was Li Yuancheng, a genius of the Datang Dynasty, who was also one of the top ten rookies in the land of hundreds of dynasties. "We have joined forces, what are we still worried about? In this land of hundreds of dynasties, is there still a warrior who can fight us? Just rely on the group of coolies in front of us?" Li Yuancheng glanced at the more than 100 warriors who were attacking the ban with disdain. Sneered: "These idiots, I am afraid we really think we will

How many opportunities are allowed for them in cultivation, right? But it's okay to have them. With this group of people, the few of us are much more relaxed. We don't need to consume real power, adjust our state, and then directly practice. "

"Don't underestimate anyone, I have heard that Shen Mengchen of the Dagan Dynasty seems to have been killed by a warrior of the middle dynasty." Zhou Zhengshu said in a deep voice. "You mean Qin

Chen from the mighty dynasty. I'm so brave enough to dare to fight against our seven upper-class dynasties. Jie Jie Jie, I hope this person can be here and let me know and can kill Shen Mengchen. What kind of character is it?" Someone sneered beside him, but the laughter was particularly stinging. Ear, with a cold killing intent, makes people shudder.

"Well, if someone is right in the past, just leave it to me to deal with it. I don't want to have too many. Just give me more of the magic crystals in this magic pool, hehehe."

This is a man with an eagle-faced face, and his whole body is naturally showing fierce killing intent. Judging from the killing intent on his body, at least thousands of warriors have been killed by this person, otherwise it would be impossible to condense like this on his body. Strong killing intent.

"Hengtianxiao, it's agreed that this time the magic pool will be divided equally by our major forces. If you dare to grab more in the future, you can stop blaming us for being polite."

Li Yuancheng's complexion changed when he heard the eagle-and-bird man speak, and he coldly snorted.

Hengtianxiao was the top genius of the Dayong Dynasty and was very bloodthirsty. There was once a family of the Dayong Dynasty who inadvertently offended him. There were more than 300 people in the family. He was slaughtered by all of them. No matter how old or weak, there is no one left. The methods are extremely cruel.

The key is that this person often does not follow the rules, even the genius of the seven upper dynasties, he is very disliked. "Hehehe." Hengtian Xiaoyin smiled and said: "Li Yuancheng, what are you doing so nervously. But, will you mind if I kill a few chickens later? There are several warriors in the Dawei Dynasty hiding in this crowd. , I thought I didn't know it, hehe, I just saw them have some useful value, and when the ban was broken, I would kill some of them to cheer, and it would be a nod for Shen Mengchen."

[Chapter 952: Amazing practice speed](#)

The cold killing intent on Hengtianxiao's body made many people around him a little uncomfortable, but he didn't dare to show it.

While the people from these seven high-ranking forces had a good time to rest on the sidelines, more than a hundred warriors beside the magic pond were attacking the restriction with all their strength.

Boom boom boom...

After Qin Chen joined the crowd, he also began to attack the restraint, but he did not make a full shot, but only used less than 10% of the power.

But when his attack fell on the restriction, the impact it caused was not weaker than that of the general sixth-stage late peak martial artist, and even stronger, almost approaching the attack of half-step martial kings.

"It seems that this Heavenly Demon Secret Realm and Ancient Nandu are indeed connected."

Qin Chen's attack fell on the prohibition, and he clearly felt that the prohibition and the prohibition taught by Gu Nan had the same effect. The two seemed to come from the same system.

"The intensity of this prohibition is actually not high, it's only a level seven. If I were to break it, I'm afraid it would be broken in less than an hour."

Based on Qin Chen's understanding of the restriction, even if he was alone, he could break the restriction at an hour. On the contrary, so many people attacked. It is more difficult to break the restriction by force.

However, Qin Chen would naturally not come out stupidly and actively break the restriction, but attacked together with the flow of people, and at the same time slowly approached Di Tianyi and Master Leng Wushuang.

What surprised Qin Chen was that before Di Tianyi and Young Master Leng Shu entered the Heavenly Demon Secret Realm, they were only at the peak of the initial stage of the sixth stage, but now, both of them have broken through to the late stage of the sixth stage, even from their aura. Look, compared to the average half-step martial arts king, he will not give in.

"This breakthrough speed is too fast, right?"

Qin Chen couldn't help taking a breath, how long did he enter the secret realm of the heavenly devil? In less than ten days, Di Tianyi and Leng Wushuang's cultivation bases broke through so fast?

You must know that in the underground caves before, he had so many pills and resources to improve, grandpa and the others only broke through from the early stage of the sixth stage to the mid-stage peak of the sixth stage. It will take some time to break through the late stage of the sixth stage.

But Di Tianyi and Leng Wushuang, without his help, actually broke through faster than their grandfathers, so Qin Chen was not surprised.

"When did you two get here?"

Approaching the two of them, Qin Chen filled with a trace of soul power, and a calm voice suddenly sounded in their minds.

"Qin Chen?"

Di Tianyi and Leng Wushuang were taken aback, their offensive actions stopped for a while, and they looked around, but they didn't find Qin Chen at all.

"Don't look back, I'm by your side, don't be discovered by those people." Qin Chen's voice sounded again.

The two of them were shocked, and Qin Chen was too terrible, and he came to them without knowing it, and what kind of sound transmission technique Qin Chen used, without any mental power fluctuations, the voice actually sounded directly in their minds.

I was shocked, but didn't dare not answer, and even said, "Little dust, the two of us entered here about a day ago."

Not to mention Qin Chen's status and status, he has far surpassed them, and just because of this effort, they deserve to be called "Shao".

"One day ago?" Qin Chen was stunned. He didn't expect the two of them to come in for so long: "Then why did you break through so fast?"

"This, we don't understand..." Di Tian hesitated for a while, said.

"You don't understand?" Qin Chen almost staggered, the martial artist broke through, all relying on a little savings, what does it mean that they don't understand?

"After I entered this Heavenly Demon Secret Realm, I discovered that the heaven and earth in this Heavenly Demon Secret Realm are very suitable for cultivation, and the true energy here is very strong and can be easily absorbed. In addition, I found some demons in the ruins before. Jing, unconsciously, broke through."

The two replied, with doubts in their voices. "This place is very suitable for cultivation?" Qin Chen suddenly realized that Di Tianyi and Leng Wushuang were one of the top twelve of the ancient southern capitals. They have spiritual seeds in their bodies, and they are silver spiritual seeds. Practice, so I practice fast here, but it's not

impossible.

After all, the heaven and earth zhenqi here is very similar to the different kind of qi cultivated by Gunan.

Before, You Qianxue, Wang Qiming, and Yu Wenfeng also broke through very quickly. Among them, You Qianxue almost broke through to the half-step Wuwang realm when the black slave broke through the half-step Wuwang.

Qin Chen didn't care too much at the time, thinking it was because of the pill resources he had given him, but now it seems that there are spiritual seeds as well?

"You two come from the Dawei Dynasty, these seven upper-class dynasties, haven't you noticed it?" Qin Chen asked again.

"I shouldn't find..." The two thought for a while.

"impossible."

Qin Chen shook his head.

He didn't believe that he had killed so many people from the Dagan Dynasty. It hasn't spread. Even if it's not spread, he just killed more than a dozen soldiers from the Dagan Dynasty. There are more than one hundred people in total.

If it is said that there is not a warrior from the Dagan Dynasty among the sixty or seventy martial artists of the seven upper dynasties, he would not believe it at all.

But the warriors of other dynasties couldn't recognize Di Tianyi and Leng Wushuang, he was still a little convinced, after all, there were not many people who showed up, but if the warriors of the Dagan Dynasty could not recognize it, it was obviously something abnormal.

"Then we..." Di Tianyi and Leng Wushuang were a little nervous.

If it is true as Qin Chen said, the other party found them but didn't do anything, what did they want to do? Just thinking about it, the two understood that the other party definitely wanted them to do coolies for free, and when the ban outside the magic pool was broken, they would die.

"Don't be nervous, continue to attack, I want to see what the **** they are doing, are they really so kind."

Qin Chen narrowed his eyes, anyway, this restriction was almost broken, and soon the answer would be seen.

The reason why he changed appearance was not because he was afraid of this group of people.

Boom boom boom!

Sure enough, as Qin Chen expected, more than a hundred warriors continued to attack the restriction. At the same time, along with their attack, some warriors found here and were drawn into the offensive team by people from the seven upper dynasties.

Among them, there were two Zhu Hai who followed Qin Chen.

After seeing that there was no Qin Chen in the crowd, the two of them were all dumbfounded. When they wanted to withdraw, it was too late and they could only follow to attack the restraint.

"Boom!" After attacking for more than an hour, the ban that had been attacked by the crowd for almost a full day was finally broken with a click, and a strong and extreme alien innocence was passed out crazily.

[Chapter 953: An hour](#)

"Opened, finally opened!"

"Great."

The crowd was startled first, and then various ecstatic voices sounded.

Especially those warriors who worked so hard to attack the prohibition. Many of them attacked for almost a whole day. They consumed a lot of true power in their bodies, and even took a lot of pills. Now that the prohibition has finally been broken, why not get excited?

According to the statement of the seven high-ranking dynasties, as long as they break the ban, they will be eligible to enter into it at that time.

Almost the moment when the restriction was broken, the large group of people who had attacked the restriction rushed in. Qin Chen also squeezed in the crowd and came to the edge of the magic pond.

Just by approaching the magic pond, a strong qi was passed out. The qi that was so strong that it could hardly be removed made the pores on everyone's body uncontrollably relax, the real power in the body was about to move, and there was a kind of wanting The urge to break.

Everyone is getting more and more excited. With such a rich magic pond, just give them a day or two to practice, and nothing else, more than 50% of the late-stage sixth-order martial arts on the field can enter the half-step martial arts king. realm.

What a temptation is this?

"The magic pool ban has been opened?"

The sixty or seventy warriors of the seven upper dynasties who were standing not far away as the supervisors, after seeing the magic pond opened, all looked surprised and rushed into the area of the magic pond.

This is a huge magic pool. You don't need to enter the pool. The rich innocence around it already makes people feel comfortable and want to stretch themselves.

Moreover, the entire pool is extremely huge, a point bigger than it looks on the outside, not to mention nearly two hundred people, even three hundred people can be accommodated, and besides the edge of the pool, there are many knots at the bottom of the pool. The magic crystals gleamed one by one.

"Okay, okay, it really is a treasure."

Even Zhou Zhengshu and several people also showed ecstasy. With this magic pond, if they are lucky, they may even break through to the seventh-order martial king realm in one fell swoop.

They are all so excited, not to mention the ordinary warriors of other dynasties around. As soon as a sixth-stage late peak martial artist who had attacked the magic pond approached the magic pond, the real power in his body couldn't help speeding up and even broke through. Half-step Wu Wang.

He couldn't help the excitement of ecstasy immediately, and rushed directly into the magic pond.

It was just that he had just rushed to the edge of the magic pond, and a black light flashed by, and the sixth-stage late martial master immediately fell to the ground, and his head flew out a few meters away.

Everyone was taken aback, and hurriedly turned their heads and saw that it was Tianjiao Hengtianxiao of the Dayong Dynasty who was doing it. At this moment, he was holding a claw-like weapon in his hand, with a grinning smile on his face. He even licked the blood on his sharp claws.

It was he who just made the move, cutting off the head of the unsuspecting late-stage Sixth Stage Martial Master with one claw, and he was enjoying the blood on the claws, his expression was like a devil.

"Hengtianxiao, what are you doing?"

Someone in the crowd immediately said angrily. It seemed that it was a friend of the dead warrior, but he just said it and didn't dare to move forward.

"What?" Hengtian Xioajie smiled: "Without our permission, who let this kid rush into the magic pond?"

The warriors of the other seven high-ranking dynasties also looked over indifferently, with a disdainful smile on their lips.

Everyone had ugly faces and angry hearts, even if the person rushed to the magic pond without permission, but after all he hadn't entered the magic pond, do they need to kill people directly? This Hengtianxiao was too arrogant.

It's just that they are angry in their hearts, but they dare not say anything. They are reasoning with the people of the seven dynasties.

"Didn't you just say that as long as we break the ban, let us go in for cultivation? Is it a lie to us?"

At this moment, an angry voice suddenly sounded, and the voice echoed in the crowd, but it was impossible to tell where it came from.

"Who is talking there, stand up for me." Hengtianxiao snorted coldly, and scanned the crowd, only to find that he couldn't find the person who spoke before.

It's just that the words of the previous person instantly caused agitation in the crowd.

"Yeah, you just made it clear that as long as we break the ban, let us go in for cultivation, why should we kill people suddenly?"

"Do your seven dynasties want to go back?"

"It's too much." The crowd immediately became restless. Everyone looked nervously at the people of the Seven Dynasties. They were all because the other party said that once the restrictions were broken, they were given the opportunity to practice. They were so hard. Attacked, but if the people of the seven dynasties want to repent, wouldn't they work hard?

Suffering to break the ban, but don't even have the qualifications to practice?

Even if they were jealous of the people of the seven dynasties, they couldn't calm down in the face of matters that mattered to their cultivation.

"That voice just now was Qin Chen from the Dawei Dynasty?" Zhu Hai's heart jumped when he heard that voice. He hurriedly looked at where the voice came from, but he could not see Qin Chen at all.

"Hey, this voice seems to be Qin Shaoxia!" The Meng Zhanyuan group in the crowd also looked over with some doubts.

"Presumptuous, are you ready to rebel?" Hengtian Xiao snorted, his fierce eyes instantly sweeping across the crowd.

At the same time, the warriors of the other seven dynasties also snorted coldly, and a horrible breath suddenly enveloped more than a hundred people on the field.

Although the difference between sixty and seventy to one hundred is almost double the gap, the faces of the warriors of these seven dynasties have no fear at all, and some are just disdain and contempt.

The crowd calmed down immediately, but their expressions were extremely angry, and it was obvious that their hearts were not calm. "Don't worry, you guys, what we promised you will naturally not break our promise." Just when the atmosphere on both sides was very stiff, Zhou Zhengshu said lightly: "All

the warriors who participated in the attack just now are eligible to enter the magic pool. Everyone has one. Hours of practice time, leave as soon as the time is up

Here. "

"what?"

"Just an hour?"

"Is this too short?"

Everyone's faces changed.

What is enough for cultivation in one hour?

Although the true energy content in this magic pond is very high, the breath alone is enough to make the true power surge in their bodies, but it is almost impossible to truly break through without training for more than half a day.

And this magic pond is big enough to allow all of them to practice for more than a few days, but the seven dynasties only give them one hour of cultivation time, which is too bullying.

What made them even more angry was that it was a group of them who worked so hard to break the ban before, and the people of the seven dynasties didn't even move at all. For a while, the atmosphere on the court became extremely strange, with an aura of anger flowing.

[Chapter 954: Collect magic crystals](#)

"Why? I have given you time to practice, what else do you want? If you want to practice now, just go down to practice. If you don't want to practice, get out of here, otherwise you will be at your own risk." Zhou Zhengshu said coldly.

Everyone fell silent. Although they were angry, it was obviously impossible for them to fight with the people of the seven dynasties.

Immediately a group of people stopped talking, and followed all the people of the seven dynasties into the magic pond, and sat down, but their faces were blue and the anger in their hearts had nowhere to vent.

"Hehe."

Hengtianxiao gave a grin, but suddenly turned around and walked towards Di Tianyi and Leng Wushuang.

When Di Tianyi and Leng Wushuang saw this scene, their expressions suddenly changed.

The two of them are very keen in the secret realm of the heavenly devil, and they can naturally sense that Hengtianxiao's eyes actually fall on both of them.

Could it be that Shao Chen was right, the other party had spotted them a long time ago, but was too lazy to act on them in order to break the ban?

The real power flowed in the body, just when the two of them were thinking about it, they saw Zhou Zhengshu suddenly stop Hengtianxiao.

"Don't let them practice. After an hour is over, it's not too late to start."

Zhou Zhengshu naturally knew what Hengtianxiao wanted to do, but just gave these people an hour of training time. The warriors of these dynasties were already angry. If Hengtianxiao continued to kill people unscrupulously, the consequences would be disastrous once it caused public outrage.

Although he doesn't despise the warriors of ordinary forces at all, he can't kill all of them, right?

If other people dared to stop Hengtianxiao, Hengtianxiao would have done it a long time ago, but since Zhou Zhengshu had spoken, he still gave the other side a face.

"Hehe."

Looking at Di Tianyi and Leng Wushuang with cold eyes, Hengtianxiao gave a grinning smile, and a cold light gleamed from his eyes.

Di Tianyi and Leng Wushuang only felt their bodies chill, as if they were being stared at by some beast.

"Less dust."

Can't help but whisper in my heart.

"Don't pay attention to him, he won't do it, first practice." Qin Chen's soul is so keen, he naturally heard Zhou Zhengshu and Hengtianxiao's communication, and said lightly.

Originally, Hengtianxiao's purpose was to start Di Tianyi and Leng Wushuang with his eyes, and then chase after them to kill, so Zhou Zhengshu couldn't say anything.

But who would have thought that Di Tianyi and Leng Wushuang actually continued to stay here, and entered the calm cultivation in the magic pond, which made Hengtianxiao's face a little unsightly.

"Hey, it's interesting. After being warned by me, these two guys dared to come in for cultivation. They are very fat, or I would like to see if their strength is the same as theirs. As fat as his courage."

The scarlet tongue licked his lips, and a sneer sneered at the corner of Hengtianxiao's mouth.

Soon, nearly two hundred martial artists in their early years all entered the magic pond and began to practice, and Qin Chen sat in the magic pond like everyone else without a single glance.

The black magic pond, with a cold aura, shields all perceptions. No one knows how many magic crystals there are at the bottom of the magic pond except for the naked eye.

But with so many people sitting in the magic pond, it is inevitable that someone will happen to encounter the magic crystal.

One of the Wu Zun's eyes was happy, he sat down, and immediately felt three hard bumps under his butt, obviously three magic crystals.

With a thought, he took the three magic crystals into his hand, and quietly wanted to put it in the storage ring.

"puff!"

A white light dissipated, and Wu Zun's head immediately flew up. At the same time, the three magic crystals also flew up into the air and fell into Zhou Zhengshu's hands, while Wu Zun's body and head were swept away by Zhou Zhengshu. Arrived ashore.

Zhou Zhengshu looked at the people coldly and said: "It is extremely kind for you to cultivate here. Remember, no one is allowed to take away a magic crystal. If I find someone stealing a magic crystal, Don't blame me for being polite."

Everyone was angry, but they dared not speak. Even if they encountered the magic crystal, they didn't dare to pick it up at all, but eagerly absorbed the true energy in the magic pond.

"Zhengshu has such a keen perception this week, he should still be a famous bloodline master." Qin Chen said silently with a glance.

But he didn't do much, and he didn't even operate the Nine Star God Emperor Jue, because he knew that once the Nine Star God Emperor Jue was operated, the true energy in the magic pond would flood into his body like crazy, and the movement of cultivation would definitely attract the attention of others. .

He just slowly absorbed the true energy in the magic pond, not fast or slow.

After a while, everyone in the magic pond was fully absorbing the true energy in the magic pond, including the people of the seven dynasties, and even those magic crystals exposed outside the magic pond, no one had time to collect. Seeing everyone involved in the cultivation, Qin Chen quietly released the black gourd. The fire worms and gas-eater ants in the black gourd were very restless when they approached the magic pond, and were released by Qin Chen. When they came out, a large number of gas-eater ants and fire-refining insects immediately hid in the magic pond, crazy

To absorb the power in the magic pool. Qin Chen is connected with these gas-eater ants and fire-refining insects, and clearly feels that after these gas-eater ants and fire-refining insects enter the magic pond, their strength is increasing at an astonishing rate, and at the same time the power in the magic pond is also passing by quickly, but because the magic pool is big enough, gas-eater ants and fire-refining insects

It's very subtle, and it's scattered throughout the magic pond, so no one notices it in a short time.

Qin Chen's soul power permeated out, interrupting the ascension of the Qi Devouring Ants and Fire Refining Insects. He released these spirit insects, not for them to cultivate, but to search for the magic crystals at the bottom of the magic pond.

After receiving Qin Chen's order, the Qi Devouring Ants and Fire Refining Insects stopped their practice reluctantly and began to search for the magic crystals. They were very sensitive to the different kinds of true qi, and soon they were collected one by one. Dust around.

Qin Chen did not put the magic crystal into the storage ring, but sent the gas-eater ants and the fire-refining insects into the black gourd.

In the beginning, the gas-eater ants and the fire-refining worms stuffed the magic crystals quickly, and in a short while, more than 300 magic crystals were sent into the black gourd.

But gradually, the speed slowed down. After half a column of incense, the gas-eater ants and fire-refining insects were rarely sent into the magic crystals, and the number of magic crystals in the black gourd had reached more than 500. Qin Chen knew that the magic crystals at the bottom of the magic pond should be almost collected.

Only then did Qin Chen let go of the restrictions, allowing the gas-eater ants and fire-refining insects to practice as much as they wanted. At the same time, he himself began to speed up the absorption of the magic pond, and even opened the black gourd prohibition, so that the black gourd slowly absorbed the magic pond. Pool water.

After half an hour, the pool water in the black gourd had been filled with a lot of water.

And at this time, boom boom boom... a famous warrior began to break through under the baptism of the magic pond.

[Chapter 955: Stand up for me](#)

What surprised Qin Chen was that a large part of the breakthrough was actually the martial artist of the ordinary dynasty.

However, Qin Chen quickly realized that the resources obtained by the warriors of the upper dynasty were far more than those of ordinary warriors, so although they were strong and had a high cultivation base, the difficulty of breaking through was also a little harder than that of ordinary dynasties.

And the warriors of the ordinary dynasty didn't have any superior resources at all, so after absorbing the true energy of this magic pond, there was an obvious improvement immediately.

However, because it was only half an hour of cultivating, the temporary breakthroughs accounted for only about one-tenth of the total number, about twenty people.

What surprised Qin Chen was that Di Tianyi and Leng Wushuang were among them.

The aura of the two of them rose to a level in an instant, and they directly entered the realm of a half-step Wuwang, with a strong and terrifying breath.

"This cultivation speed is too fast, right?"

Qin Chen was stunned, always feeling that the cultivation speed of Di Tianyi and Leng Wushuang was a bit too fast.

However, although Qin Chen did not madly absorb the true energy in the magic pond, as he continued to absorb, his cultivation level also slowly improved.

As for the gas-eating ants and the fire-refining insects, they had already stopped absorbing for more than half an hour, and they had obviously reached saturation.

An hour later, when Qin Chen stopped practicing and collected the spirit worms into the black gourd, suddenly there were more magic crystals in the black gourd, more than six hundred.

"How come there are so many suddenly?" Qin Chen was stunned. After a closer look around, he was suddenly speechless. It turns out that the gas-eater ants and the fire-refining insects did not know when, they even had a lot of magic crystals on the banks of the magic pond. I took it in, because many people broke through before, resulting in a lot of movement in the entire magic pool, so few people noticed

The magic crystal on the edge of the magic pond.

Coupled with the increase in the strength of the gas-eater ants and the fire-refining insects, the concealment kung fu became more terrifying, causing all the magic crystals on the bank to be collected except for some magic crystals that were too obvious to be collected at all.

"It seems that it's hard not to be discovered this time."

Qin Chen smiled bitterly, with no worries in his heart.

The reason why he is low-key is that he doesn't want to eat too ugly and make the Dawei Dynasty the public enemy of the Land of Hundred Dynasties, but since the gas-eater ants and the fire-refining insects have collected almost all the magic crystals, he will naturally not go back. Go back.

When an hour came, someone from the seven dynasties immediately stood up: "Please remove the warriors of the seven dynasties, and leave the magic pond now, if there is..."

This person spoke coldly, but the whole person was stunned before he finished speaking.

Not only was he stunned, Zhou Zhengshu and others, who had been immersed in cultivation before, also woke up, and a look of anger suddenly appeared on their faces.

Among them, Li Yuancheng was the first to stand up from the magic pond and said angrily: "Who is it, get out of me."

Zhou Zhengshu's face was even more tarnished, and he said angrily at the people of the seven dynasties: "Enclose these ordinary dynasties."

Huh huh!

Six or seventy angry figures flew out in an instant, instead of letting the warriors in the magic pond leave, they surrounded Qin Chen and more than a hundred people.

At this time, more than one hundred ordinary dynasty powerhouses in the magic pond also stopped practicing. When they saw that more than half of the water in the magic pond and the few magic crystals on the shore, they instantly understood In the end what happened.

Someone stole the magic pool liquid and magic crystal while everyone was just practicing!

"Who smuggled the magic pond water and the magic crystal and stood up for me. If you don't stand up, I won't blame us for being polite." Zhou Zhengshu immediately shouted angrily.

If it is said that the water in the magic pond has dropped by more than half, and it can be explained that it is absorbed by everyone, then the many magic crystals disappear, if it is still absorbed, it is obviously self-deception.

"Zhou Zhengshu, I just said, don't let these wastes absorb the magic pond water, huh, these guys, one by one, are cunning and despicable, letting them absorb the magic pond liquid is simply boring."
Hengtianxiao said coldly, looking at it. Killing intent in aspect.

"I'll say it again, and said that if I took the magic crystal, get out of it, and if I am not angry, I will give it up now, and it will spare you, otherwise, when we find out, I will let him know how serious the consequences are." Zhou Zhengshu said angrily.

But everyone on the court looked at each other and no one spoke.

"Okay, okay, don't you stand up." Zhou Zhengshu snorted coldly: "Li Yuancheng, you take someone to check all of their storage rings. I want to see who is out there."

"Okay." Li Yuancheng also had an ugly face. These magic crystals were allocated to the seven dynasties long ago. Now someone has taken them, which is equivalent to taking away his magic crystals. Naturally, they will not be in a good mood.

After ordering a few half-step martial arts, Li Yuancheng came to the magic pond and snorted coldly: "Now you come up one by one, and hand over the storage ring to us for inspection. Only after passing the inspection can you leave. Otherwise, don't want to get out of here alive. ."

"Why?"

At this time, the entire crowd was fried, and the people of these seven dynasties only gave them one hour of cultivation time, not to mention, they still want to check their storage rings.

This is simply not treating them as human beings.

"Who said that we must have stolen the magic crystal, maybe you yourself took the magic crystal."

"Yes, there are so many people here, from our ordinary dynasty, and from your seven dynasties, so why not say we stole it."

"Hmph, in front of the warriors of your seven dynasties, who of us dare to steal the magic crystal? As long as you dare to move, you will kill people at will. Now that the magic crystal is gone, why should we plant and blame us?"

"At that time, there will be no magic crystal in our storage ring. Will it be enough to kill us all?"

"As far as I can see, you took away the magic crystal at all. Doing this deliberately is just to occupy the things in our storage ring."

The crowd was thoroughly fried.

Storage ring is the most precious thing of every warrior. It can be said that any warrior will carry any secrets with him, put it in the storage ring, and rarely stay in the family or room.

And this time in the secret realm of the heavenly devil, these people more or less got some treasures. If the storage ring is really searched by them, no matter whether the magic crystal was stolen by himself or not, it would not be possible to store the ring without the secret. Is there any good thing that the people of the seven dynasties will not grab?

With the personalities of the warriors of the seven dynasties, they didn't believe it at all.

"You two are so fierce, I think you stole the magic crystal!" Seeing these ant-like guys who dared to yell, Hengtian Xiao gave a cold snort, and when he was angry, he raised his hand directly, two black lights instantly wrapped the two most ferocious people who led the scolding, snorted, exploded the two warriors into blood mist, and at the same time, the two storage rings fell into his hands.

.

"The people of the seven dynasties don't treat us as human beings at all. Let's fight with them." Who knows that Hengtianxiao's behavior is like a fuse, completely detonating the angry crowd, as the first person roars With a cry, one hundred sixty and seventy warriors on the field all launched an attack on the seven dynasty warriors in front of them.

[Chapter 956: Outbreak of chaos](#)

Boom boom boom!

Countless attacks collided together, instantly rolling up huge waves of true power, and the entire square seemed to be boiling, and the sky attack splashed around like raindrops.

How powerful is it that more than a hundred Wu Zun shot at the same time? Even if the people of the seven dynasties are strong, they are difficult to resist for a while, not to mention that although the people of the seven dynasties are strong, after all, everyone is at the same level, and there is no essential difference.

Puff puff!

In just an instant, a dozen people from the seven dynasties were exploded and turned into blood fog, and more than a dozen people were seriously injured, screaming and screaming backwards.

At the same time, the remaining liquid in the magic pond disappeared quickly. Obviously, these ordinary dynasty warriors knew that they were going to die anyway. It's better to grab some liquid in the magic pond first, and then escape, and do not waste their lives to fight.

It was just a momentary effort, and the remaining magic liquid in the magic pool disappeared, apparently many people crazily put it into their storage ring.

And the remaining seventy or eighty magic crystals were collected by everyone in the blink of an eye, leaving only a bare pool bottom, not even a drop of magic liquid left.

Seeing the magic liquid disappeared, all the people of the seven dynasties became angry. Zhou Zhengshu even roared: "Since they are shameless, they will kill all these **** untouchables."

There is no need for Zhou Zhengshu to speak, the remaining fifty-odd warriors of the Seven Great Dynasties have all been killed in the first place. Among them, Hengtianxiao was like a stream of light, instantly rushing into the crowd, puff puff puff puff puff... the black light was like the death **** who shuttled through the crowd. In an instant, among the more than one hundred martial artists, whether it was a sixth-stage martial artist or a half No one of the masters of King Bu Wu can withstand Hengtian Xiao for a moment,

The streamer passed by, and in an instant there were six or seven martial artists screaming and bursting open, and they were directly bombarded into blood mist.

"Jie Jie Jie, do you think that there are too many people to resist? Naive, offend my seven dynasties, you all will die." Hengtian Xiao smiled, and his figure shuttled quickly in the crowd, every time he fell, there was one The famous warrior fell, as easily as cutting melons and vegetables.

Not only Hengtianxiao, but also martial artists such as Li Yuancheng and Zhou Zhengshu also looked angry and rushed into the crowd.

As the top ten rookies in the land of a hundred dynasties, their strength is far superior to ordinary warriors. Every time a warrior is shot down, one warrior must fall. In the blink of an eye, more than twenty ordinary dynasty warriors have fallen, a tragic mess.

The real fire has clearly broken out between the two sides, and each other has no hands at all.

"kill!"

Among them, more than a dozen powerhouses of the Dagan Dynasty focused on Di Tianyi and Leng Wushuang. They had been staring at the two for a long time, just for the sake of the overall situation. They had not done anything before, and now they are facing the two immediately. Kill.

More than a dozen warriors killed two of them, among which the four leading men were all half-step martial kings. Between raising their hands, the terrifying true power condensed, turning into a torrent of true power, and was overwhelmed.

"Let us see how strong are the warriors of the so-called Dagan Dynasty?"

Facing the attack of the crowd, Di Tianyi and Leng Wushuang did not give in any way, they burst into the eyes, and rose up together.

Breaking through the half-step Wu Wang, the two of them increased their confidence and their fighting spirit erupted.

"The power of the dragon elephant!"

"Lovely!"

Di Tianyi and Leng Wushuang were like two streams of light, instantly rushing into the four half-step martial kings.

"Oh, dare to resist, too naive, die!"

The four half-step martial kings of the Dagan Dynasty sneered when they saw this. They all knew that Di Tianyi and Leng Wushuang were only martial arts in the late sixth stage. They had just broken through half-step martial arts in the Demon Pool before. , Such a warrior dared to resist.

The real power in the body surged, and the breath of the four half-step Wu Wang's body skyrocketed again, and his palm instantly pressed down.

boom!

A violent roar sounded. When the attacks of the two sides collided, the complexions of the four half-step martial kings of the Dagan Dynasty suddenly changed. The opponent's attack contained a strong impact force that instantly shattered their attack. , And rushed towards them.

"This is impossible."

The four of them were shocked, their faces changed a lot, and their bodies hurriedly backed away.

But it was too late, watching Di Tianyi and Leng Wushuang's attack, falling on them, screams sounded, two of them were directly exploded, the other two also vomited blood, their faces were pale, and they backed back again and again. .

"This....."

The nearly ten powerful dynasties remaining behind the four were stunned for an instant.

What's a joke, Brother Zuo and the others are all half-step martial arts masters, and they have already broken through to the half-step martial king before entering the heavenly devil secret realm. The four of them teamed up to deal with the two powerful dynasty martial artists who just broke through the half-step martial king. Two dead and two wounded?

In shock, they saw Di Tianyi and Leng Wushuang with murderous eyes, and instantly killed a group of them.

"not good."

Several people were shocked in their hearts and hurried back, but Di Tianyi and Leng Wushuang's speeds were surprisingly fast, especially Leng Wushuang, who was shaped like a streamer, and instantly passed through several Dagan Dynasty warriors, with a thumping sound. With a scream, all burst.

And Di Tianyi is tall and tall, like the same emperor, with his palm raised, it contains amazing black streamer, a palm cover is pressed down, and puff, the three rank six martial masters of the dynasty under his palm were instantly exploded. Into the flesh.

In the blink of an eye, seven Dawei Dynasty Wu Zun fell, and two Dawei Dynasty Wu Kings fell in half.

"Awesome."

Qin Chen had been on guard in the crowd, his eyes suddenly picked up seeing Di Tianyi and Leng Wushuang's shots.

"The martial arts used by the two of them should have been obtained from Gu Nandu. The two are worthy of the world's arrogant. After breaking through the Martial King, their strength is so terrible." Qin Chen's eyesight, he can see at a glance, Di Tianyi and Leng After Wushuang broke through the half-step Martial King, his strength has grown by leaps and bounds, and he is almost no weaker than Tianjiao figures like Shen Mengchen. You must know that when they were compared in the ancient southern capital, their rankings were higher than You Qianxue, only weaker than him and blood

The magic of the magic sect.

Now that they possess the spiritual seeds, combined with the martial arts acquired by the ancient Nandu, once they grow up, their strength will also advance by leaps and bounds.

"Ok?"

It's just that the killing here also attracted Hengtianxiao's attention instantly.

"Jie Jie Jie, it's a bit interesting. I didn't expect the two boys from the Dawei Dynasty to have a strong cultivation base!"

His eyes flashed, Heng Tian Xiao's figure flickered, and he put aside the opponent in front of him, and instantly killed him. At the same time, two black streamers, like ghosts, suddenly appeared in front of Di Tianyi and Leng Wushuang. The black claws, with a hideous killing intent, were like the sickle of the **** of death, instantly cutting into the throats of the two of them, and their power was incredible.

[Chapter 957: Qin Chen shot](#)

"Humph!"

Di Tianyi and Leng Wushuang snorted coldly, facing a world-famous arrogant like Hengtianxiao, they did not evade, but joined forces to resist.

boom!

The strong intention of cutting came, Di Tianyi and Leng Wushuang snorted at the same time, their bodies took a step back, and the blood surged in their bodies.

"So strong."

The faces of the two changed slightly, Hengtianxiao, as one of the top ten rookies in the land of a hundred dynasties, was really terrifying.

The two of them were shocked, Heng Tian Xiao was also surprised, and said with a grin: "Jie Jie Jie, it's a bit interesting."

His figure suddenly disappeared. The next moment, a dense black glow appeared on the side of Di Tianyi and Leng Wushuang. With a killing intent to cut everything, the black glow completely wrapped the figures of Di Tianyi and Leng Wushuang.

"Puff puff puff puff!"

Di Tianyi and Leng Wushuang looked dignified, they furiously resisted as they retreated, but Heng Tian Xiao attacked too quickly, and the robes on the two of them were instantly cut open, revealing bloodstains.

"Damn it." Di Tianyi and Leng Wushuang had ugly faces. It was not that their talents were not as good as Hengtianxiao, but Hengtianxiao was a veteran half-step martial arts king after all. They had been immersed in this realm for too much time. They had just broken through, and their experience was far inferior. Hengtian owl is rich, otherwise how would it be so embarrassed?

"kill!"

At this time, the two half-step martial kings and several martial masters who survived the Dagan dynasty followed immediately and launched an attack on the two men.

Di Tianyi and Leng Wushuang's expressions became extremely ugly in an instant. Both of them struggled to fight Hengtianxiao alone. In addition to these warriors of the Dagan Dynasty, the two fell into a disadvantage in an instant.

"Di Tianyi and Leng Wushuang are still too tender. Together, they are not Hengtianxiao's opponents. What's more, there are warriors of the Dagan Dynasty to help. If they continue to fight like this, they will definitely be killed. Moreover, the land of a hundred dynasties The other warriors of the group are almost out of support."

Not far away, Qin Chen scanned the square, frowning slightly.

There are a total of one hundred and sixty or seventy martial artists of the ordinary dynasties on the field, while there are only sixty or seventy martial artists of the seven dynasties.

According to reason, with one hundred and sixty-seven battles over fifty, almost a ratio of three to one, the warriors of the ordinary dynasty should have the upper hand.

But the fact is not the case. More than a hundred warriors of the ordinary dynasty are clearly the one being crushed.

Boom!

Under the leadership of Zhou Zhengshu and Li Yuancheng and other top talents of the seven dynasties, nearly fifty warriors of the seven dynasties were like a meat grinder, madly strangling more than one hundred people.

With half a stick of incense, one hundred sixty and seventy ordinary dynasties fell fifty to sixty, and only a hundred people remained.

Of course, the warriors of the seven dynasties are also not well, except for the more than a dozen people who fell at the beginning, plus the seven Dagan Dynasty warriors killed by God Tianyi and Leng Wushuang, a total of nearly 30 people have fallen, originally sixty or seventy. There are only more than forty people left.

But everyone who survived was an elite.

"retreat!"

"Rewind!"

At this moment, the more than one hundred ordinary dynasty warriors were full of panic, because they found that with the number of people in the lead, the battle was so tragic that they were not in the mood to fight to the death, and even fled to the passage outside the ruined palace. Plunder.

It's just that they didn't wait for how far they flew out, many bright white lights soared into the sky, and instantly condensed into a huge trapped formation, enclosing everyone on the field.

"These untouchables in the land of hundreds of dynasties killed so many of us today. It seems that the dignity of our seven dynasties is no longer remembered. If this is the case, we will kill all of them, and none of them will leave."

Li Yuancheng, Tianjiao of the Tang Dynasty, said with a cold face.

An array plate engraved with complicated formation patterns emerged in his hand, and the killing intent on his body was as strong as substance.

"kill!"

Accompanied by his stern shout, the warriors of the seven dynasties rushed out.

"Huh? The warriors of these seven dynasties actually arranged a trapped formation close to the seventh."

Feeling the formation around him, Qin Chen was taken aback.

Originally, he wanted to take advantage of the chaos and quietly rush out with Di Tianyi and Leng Wushuang, but now it seems that it is impossible.

Although the formation displayed by Li Yuancheng was less than the seventh-order, it was as good as the half-step king formation he had given to the black slaves. It was no easy task for these people on the court to break open.

When the formation is about to break, I am afraid that the warriors of the ordinary dynasty on the field are almost dead.

"It looks like it has to be killed."

Qin Chen sighed.

"First save Di Tianyi and Leng Wushuang."

With a flash of gaze, Qin Chen finally moved and slid toward the two of them.

"Puff!"

At this moment, under the attack of Hengtianxiao, Di Tianyi and Leng Wushuang were extremely embarrassed. Their robes had been soaked in blood, and their bodies retreated again and again, embarrassed.

This battle allowed them to see the real gap between themselves and the land of Baichao.

"Do you two have this ability?"

Several strokes wounded Di Tianyi and Leng Wushuang, and Hengtian Xiao's face showed disappointment: "If you only have this strength, then die."

Hum!

As his voice fell, an invisible bloodline suddenly emerged. Then, two black lights appeared like shadows traveling through the void, instantly appearing beside Di Tianyi and Leng Wushuang.

"not good!"

Di Tianyi and Leng Wushuang were shocked, their chills exploded, and they felt a cold killing intent that they were about to pierce their bodies, so fast that they had no time to evade.

Seeing that the black light with a strong killing intent was about to tear the two to pieces, abruptly—

Huh!

A stream of light flashed past, bang, bang, Hengtianxiao's attack seemed to have been hit by something, and immediately fluttered out under the shock.

"Huh? Who?"

Hengtianxiao's eyes were cold, and he turned his head to look, and saw a face-to-face figure appearing not far from Di Tianyi and Leng Wushuang. Before, it was this person who blocked his claws from killing. trick.

"dust....."

Di Tianyi and Leng Wushuang breathed a sigh of relief, and at the same time saw Qin Chen's figure. After seeing Qin Chen's unfamiliar face, both of them were taken aback.

Although the appearance of the person in front of him was unfamiliar, the temperament was something that the two people who had fought against Qin Chen in Gunan could not remember wrong.

"Are you the Hengtianxiao of the Dayong Dynasty? One of the top ten rookies in the land of a hundred dynasties?"

How could Qin Chen let Di Tianyi and Leng Wushuang call out their names, their cold voices directly resounded in the ears of several people, and they said coldly to Hengtianxiao. Di Tianyi and Leng Wushuang's heart moved, and they immediately understood that Qin Chen should not want to know his true identity, and hurriedly said, "Thank you for this young hero's help."

[Chapter 958: Kill with me](#)

"Who is your Excellency and a disciple of which dynasty? Why has Hengmou never seen your Excellency?"

Hengtianxiao frowned and looked at the **** seal floating in front of Qin Chen, his face slightly solemn.

Qin Chen's hand just now was definitely not something that an ordinary warrior could use. It could smash his two ultimate moves in an instant, and the geniuses who could do this in the entire hundred dynasties were probably very few.

Moreover, such a genius, who would be an unknown person, but when he looked at Qin Chen's face at the moment, he found that he had never seen him before.

"No, this son seems to have said before that he is a disciple of the Chase Dynasty."

Suddenly, Hengtianxiao's eyes flashed. He remembered when Qin Chen joined the team. However, the Datong Dynasty was just an ordinary middle-level dynasty in the Land of Hundred Dynasties. When did he have such a powerful genius?

"Di Tianyi, Leng Wushuang, after I kill this Hengtianxiao, the two of you will follow me and kill you. Now go to another place first."

After transmitting the sound to Di Tianyi and Leng Wushuang, Qin Chen didn't bother to talk with Heng Tianxiao, urging the real treasure seal he got from Zhao Lun of the Datong Dynasty, and directly smashed it down.

In order to hide his identity, Qin Chen didn't want to take out the mysterious rust sword, so he subconsciously blasted the real treasure big seal he got from Zhao Lun before, and found that the effect was surprisingly good. Naturally, he would not let this go. A treasure that can hide your identity.

"Smelly boy, don't you? Are you looking for death!"

Seeing that Qin Chen didn't pay attention to him at all, Hengtian Xiao suddenly smashed the black big seal once again, and suddenly became furious, raising his hand is two black lights swept out.

But when his black light had just swept out, a terrifying space suppression force came, and his face suddenly changed.

He didn't know the true treasure of this black stone like a mountain, but the depression that suppressed the void shocked his heart and even affected the speed of the black claw in his hand. What kind of treasure is this?

But at this time, he couldn't think too much. The real power in his body urged Dao to the extreme, and the two black sharp lights immediately screamed, trying to block Qin Chen's real treasure seal.

"boom!"

Qin Chen took the initiative first, and in order to prove the power of the True Treasure Seal, he mobilized half of his True Power. The True Treasure Seal was completely aroused, and the bright light burst out from above. When Zhao Lun held it, his power was more than several times stronger.

Hengtianxiao showed off his claws in a hurry. Although his claws are also very strong and the materials are amazing, but under the bombardment of that real treasure, it is like a firefly under a fan, instantly Become extremely small.

In addition, Hengtianxiao didn't show all his strength because of his contempt for Qin Chen at the beginning. When the real treasure big seal collided with the black Limang, his expression completely changed.

"Crack!"

After the black claws erupted, they immediately made a crackling sound.

Under the bombardment of that real treasure big seal, Hengtianxiao's black claws broke apart every inch, like ice in a hammer, fragile and vulnerable.

It was just a face, Heng Tian Xiao's claw weapons were torn apart and completely shattered.

Hengtianxiao was completely stunned on the spot, staring at the sharp claws exploding in front of him in a daze. He didn't understand what had happened, but when he was dazed, Qin Chen was also extremely surprised.

He also didn't expect that the power of this real treasure big seal was so terrifying that it would smash all Hengtianxiao's weapons.

But he was just taken aback for a moment, and then came back to his senses. The next moment, he urged the Zhenbao Great Seal to smash it down again.

"Stop it, I am Hengtianxiao of the Dayong Dynasty, who is your Excellency..."

When the True Treasure Seal fell again with a terrifying killing intent, Hengtian Xiao recovered from the shock and looked at the True Treasure Seal on top of his head in anger. Where would he dare to fight? Lian said in anger.

Qin Chen sneered in his heart. This guy is still talking about some meaningless things at this time. Does he really think that he is the identity of the Dayong Dynasty and he dare not kill him?

"puff!"

The real treasure seal in Qin Chen's hand did not hesitate, and it smashed directly on Hengtianxiao's body. Even if Hengtianxiao was a half-step Martial King Tianjiao, he could not withstand Qin Chen's scream. The right arm was smashed and exploded in an instant, turning into blood mist.

A storage ring tossed up in the blood mist, Qin Chen raised his hand and instantly put away the storage ring, and then with a thought in his heart, he once again spurred the Zhenbao Great Seal, and once again blasted towards Hengtian Xiao.

Hengtianxiao was extremely frightened in his heart. At this moment, where he had the courage to continue fighting with Qin Chen, he did not know where to take out a stray talisman from where he was instantly excited.

boom!

The Zhenbao Great Seal smashed into the empty space, making a violent roar and concussion, but under the concussion, Hengtianxiao's figure had disappeared, and he obviously didn't know where he was sent by the Escape Talisman.

"This Hengtian Xiao is really decisive." Qin Chen was speechless. He didn't stop at all when he activated the Zhenbao Da Yin, but he was still run away by Hengtian Xiao. It can be seen that Hengtian Xiao was bombarded by his right arm. , Immediately urged the Escape Talisman, did not even ask Zhou Zhengshu and others here for help, this kind of decisive character,

Even Qin Chen couldn't help but marvel.

How did he know that Hengtian Xiao had been frightened by his real treasure before, and he was still in the mood for help, and he just wanted to leave here.

And what happened here was immediately passed to the eyes of other people on the court.

"What? Hengtianxiao escaped?"

"Where did this guy come from? He actually drove Hengtianxiao away?"

When the surrounding crowd saw this scene, their faces instantly showed ecstasy, while the people of the seven dynasties looked over, and their faces showed anger.

Although Hengtian Xiao has a bad temper and a perverse personality, his strength is obvious to all. He is at least the top three masters on the field and one of the top ten rookies in the land of a hundred dynasties. But he is such a master who has never been seen before. Killed the kid?

"It's him?"

Everyone was shocked, Zhou Zhengshu's eyes condensed, and he instantly recognized Qin Chen, the guy who claimed to be the Datong Dynasty but gave himself a strong sense of danger.

Sure enough, I feel right, this child can defeat Hengtian Xiao, and I am afraid it will be difficult to please him.

In shock, he saw Qin Chen immediately before Li Yuancheng's trapped formation, and then without any hesitation, he once again sacrificed the real treasure on his body and smashed it down toward the trapped formation in front of him.

"You all kill with me." At the same time, a cold voice resounded throughout the square.

[Chapter 959: Snatch the real treasure](#)

boom!

In the shocking eyes of everyone, the real treasure big seal in Qin Chen's hand instantly slammed on the large formation in front of him, bursting out with a shocking roar.

"Hahaha, I don't know where the kid came from. I thought that by driving off Hengtianxiao, he would be able to break Ben Shao's formation. Zhou Zhengshu, everyone, this person is extraordinary in strength. Kill..."

Li Yuanzhi came to see Qin Chen seriously hurt Hengtianxiao, and he was shocked, but now he saw that Qin Chen wanted to break through his formation alone, and suddenly sneered.

His formation is close to the seventh-order king-level formation, and its power is amazing. Even if it is an early-stage martial king, he can't break open in a short time. The kid in front of him is not even a half-step martial king, so he wants to rely on the treasure in his hand. It was too naive to break the formation in one fell swoop.

Immediately greeted Zhou Zhengshu and other masters, preparing to combine formations and jointly slay Qin Chen.

However, before he could finish his words, he heard a bang. After the huge black mountain real treasure fell down, a crack appeared in the originally very solid formation, and a large amount of innocence appeared crazy from it. Catharsis.

"What, this trapped formation was broken by this guy with one move?"

"how is this possible?"

"What kind of perversion is this son?"

The crowd shook violently, all stunned.

Especially those more than one hundred ordinary dynasty warriors were both shocked and pleasantly surprised.

They didn't know how powerful the trapped formation was. Just now, more than a hundred people attacked for so long, and they didn't see any damage. They didn't expect Qin Chen to smash it to pieces. According to this posture, I'm afraid they will come again. , The entire big array will be completely shattered.

How did they know that even with Qin Chen's strength, it would be impossible to smash a formation close to the king level with a brute force.

But Qin Chen is not only a master with a combat power close to the Martial King level, but also a master of formation.

The mental power was swept away, and the weakest part of the entire formation was found in an instant, and this would be effective.

The big seal smashed the formation in front of him, and Qin Chen's expression remained unchanged. With the real power running, the real treasure was smashed down again.

"Not good." Li Yuancheng's complexion changed drastically, and he hurriedly roared: "You guys should hurry up and you must not let this person break the formation."

At the same time, quickly control the formation flag and try to repair the broken formation according to the method given by the ancestors.

Sure enough, with the movement of the formation flag, the crack disappeared instantly, the entire formation structure began to change, and the weak points also changed rapidly.

"Boom!"

It's just that the trace of flaw hasn't had time to transfer much, Qin Chen's big seal of real treasure seems to have eyes, once again sturdily blasted at the hidden flaw.

With a bang, the already broken formation could not withstand the blow at all, and it broke completely amidst the rumbling roar.

Boom, boom, boom...

The formation broke down, and the formation flags resembled collapsed dominoes, bursting to pieces one after another, the mighty real power formed a powerful storm that swept out, shocking many warriors around him to vomit blood and retreat crazily.

But all the faces of ordinary dynasty warriors were full of ecstasy.

"Hahaha, the formation is finally broken."

"Let's rush out."

"kill!"

A series of ecstatic voices sounded, and the remaining more than one hundred ordinary dynasty warriors saw the hope of life, and instantly even used the energy to eat milk, swarming towards the outer passage.

"Damn it, stop them."

"Can't let them run." The many warriors of the Seven Dynasties were furious and furiously intercepted them, but how terrible was the desperate attack by more than a hundred warriors? Without the help of the trapped formation, in the face of the rainstorm-like attack, even if they are the warriors of the seven dynasties, they can only block while temporarily avoiding the front.

mango.

"Follow me!"

His eyes flashed, after breaking the formation, Qin Chen didn't linger, and after a low voice to Di Tianyi and Leng Wushuang, he rushed out first.

Boom, an astonishing breath erupted from his body. All the seven dynasty warriors who tried to stop him along the way were instantly beheaded by him. At the same time, the real treasure was shocked, and he slammed the remaining two and a half of the Dagan Dynasty. King Bu Wu.

The two half-step martial kings had no time to resist, so they could only watch the large seal like a mountain press down, snorted, and instantly smashed the two into fleshy flesh.

"Boy, don't be crazy!"

Not far away, Zhou Zhengshu saw Qin Chen wantonly slaughtering the disciples of the seven dynasties, and he roared and buzzed, and a huge golden bowl appeared in his hand. The golden bowl exuded a dazzling golden light, which looked like a flying saucer towards Qin Chen. Cut it over.

Wow!

The golden bowl exudes a dazzling golden light, with the sharp aura that cuts everything, and it swiftly cuts. Several warriors can't avoid it along the way. The screams are instantly cut by the golden bowl, and there is no resistance.

Qin Chen glanced at the golden bowl that was flying by, and without hesitation, he urged Da Yin to smash it.

"Kang Dang!" With a sound, the black big seal and the golden bowl collided with a dull roar. The golden bowl was trembling and flew out, hitting the rock wall above the square with a violent roar. .

Several nearby warriors couldn't avoid it, and the shock wave that was swept out instantly shattered into dust and turned into nothingness.

"interesting!"

Qin Chen looked at the golden bowl. Under the attack of his great seal, the golden bowl had no scars except for the golden light. He immediately saw that the golden bowl was happy. This golden bowl was obviously also a treasure.

"You go first." A voice was delivered to Di Tianyi and Leng Wushuang, Qin Chen immediately released a burst of spiritual power, instantly entwining the golden bowl that was quickly recalled by Zhou Zhengshu, and the strong spiritual power rushed into the golden bowl. , I immediately discovered the obscure prohibitions, and in that prohibition, there are still leftovers from Zhou Zhengshu.

Spiritual power and true power.

"Exit!"

The mental power formed a violent storm, and Qin Chen controlled the mental power and quickly imprinted his spiritual mark on the restraint inside the golden bowl.

Obviously, it was necessary to forcibly seize the true golden bowl from Zhou Zhengshu's control.

"Damn it!"

Zhou Zhengshu roared with anger, his face turned pale, and he almost spewed a mouthful of blood.

This golden bowl was obtained by the ancestor of the Longyuan dynasty from an ancient relic. It belongs to the royal family of the Longyuan dynasty and has been placed in the treasure house of the royal family.

This time he entered the secret realm of the heavenly devil, in order to give him some more self-defense methods, he was specifically asked to refine this golden bowl of real treasure. With the help of his ancestors, it took him a full month before he managed to control the true golden bowl.

But now, the kid in front of him wanted to abruptly **** the control of the Golden Bowl from his hands. This was clearly to **** and **** his real treasure. How could this make him, the top genius of the seven dynasties, bear it?

[Chapter 960: Leave urgently](#)

"Want to grab treasure from me, you dream..."

With a roar, Zhou Zhengshu frantically burned his mental power, increased his control over Jin Bo, and tried to force Qin Chen's mental power to withdraw.

Hum!

Under the conflict between the two mental powers, the golden bowl trembled violently, exuding amazing power.

"Hey, it's interesting. This person's mental power has reached the peak of the late stage of the sixth stage. He is worthy of being the top ten rookie in the land of a hundred dynasties."

Qin Chen gave a stunned sound, but the expression on his face didn't show any surprise. Instead, he gave a faint smile, his seventh-order mental power was like a vast ocean, and it was firmly suppressed.

In front of Qin Chen's terrifying mental power, Zhou Zhengshu's proud mental power was like a girl who was ravaged by a big man, weak and without any resistance, it was instantly twisted away.

puff!

A mouthful of blood spurted out, Zhou Zhengshu's face turned pale, and he could feel his mental power, being squeezed out from the golden bowl a little bit, and finally the golden bowl disappeared completely in his perception, completely losing control.

how is this possible?

He was so frightened that he almost exclaimed.

He had never heard of a strong real treasure that would be robbed by others in the process of attacking, and it was branded by his own spiritual power, and it would be directly obliterated by the opponent when it was still in the real treasure.

Is this really a young genius in the land of a hundred dynasties?

call out!

In Zhou Zhengshu's anger, the golden bowl turned into a stream of light and instantly fell into Qin Chen's hands, and then instantly turned into a palm-sized, delicate and bright.

"Good baby."

Qin Chen could feel that the prohibition in this golden bowl was extremely delicate and complicated. It was no different from the **** seal he had just obtained. It was definitely a real treasure of at least the seventh rank.

Such treasures may not even be owned by the ancestor Liu Tai of the Dawei Dynasty. Now they are easily obtained in the hands of the geniuses of the seven dynasties. It is worthy of being the seven upper dynasties. The number of treasures is compared with the ordinary ones below. The dynasty is more than ten times more?

And there is no slight risk in robbing such treasures.

Turning his gaze, Qin Chen left immediately after he was about to break the formation. At this time, instead of leaving, he looked at the geniuses of the other seven dynasties, apparently looking for other treasures on the court. .

With the look of Qin Chen, Zhou Zhengshu was very angry, and he wished to split Qin Chen in half on the spot.

It's just that Qin Chen's horror before has completely frightened him, so much so that when he watched Qin Chen staring around here, he didn't even dare to move forward.

"Where did this master come from? Why is it so terrible? Seven dynasties, there is no such genius at all. I have not heard of the Chase dynasty, but if there is such a terrible master in the Chase dynasty, how can there be no news at all? ?"

Zhou Zhengshu was just furious here.

Qin Chen glanced at the battlefield, but found that apart from Zhou Zhengshu's golden bowl, there was no treasure he was interested in.

Although the top geniuses of the seven dynasties like Li Yuancheng, the weapons in their hands are all of the rank of the seventh king, but only one weapon is enough. Qin Chen has a mysterious rust sword, and he has nothing to think about other people's treasures. , What he wants more is real treasure.

"Huh..." Suddenly, Qin Chen's eyes lit up slightly, and he found that a half-step martial king among the seven dynasties was showing good power in the black tripod.

"This black cauldron seems a bit interesting." With a thought, Qin Chen was about to skim towards the martial artist. He suddenly glanced at an entrance not far away, his face changed slightly, and he didn't care about the half-step Martial King. In a flash, he hurried to an entrance at the back of the square.

Huh!

He was extremely fast, just like a bolt of lightning, he was immediately submerged in the dark passage, disappeared in an instant, and his speed was so fast that he couldn't stop him.

"This kid obviously has the upper hand, why did he leave suddenly?"

Zhou Zhengshu was taken aback for a moment. He didn't think that Qin Chen was scared away by the group of them. With the strength that Qin Chen showed before, even if they were a few great geniuses, they might not be able to win each other.

In doubt.

boom!

Suddenly, a terrifying killing intent passed from a passage not far away, and then a figure rushed out of the middle, and landed on the square in a hurry.

Hum!

As soon as this person fell, a terrifying killing intent filled the square. The arrogance was like a vast ocean. Everyone felt the killing intent, including Zhou Zhengshu and others. Everyone felt breathless, and their complexions changed a lot.

"It's the blood hand king!"

After that, everyone saw the sudden appearance of the figure clearly, each one looked shocked, and the actions in their hands stopped.

Only after the previous chaos, the original more than one hundred ordinary dynasty warriors had almost gone seven or eighty-eight, and only twenty or thirty people had time to leave.

"Huh?" The Bloodhand King glanced across the crowd and saw the fierce fight on the court. A trace of doubt appeared in his eyes, and he asked, "Why did you fight each other? Did you find any treasure?"

The Bloodhand King knew very well that the warriors of the seven dynasties were not very friendly to the warriors of the ordinary dynasties, but conflicts seldom broke out between the two sides.

After all, the purpose of the seven dynasties is to rule many middle and lower dynasties. There is no need to kill them all. Not to mention those middle and lower dynasties. Things that can be solved by peaceful means are fundamental. It is impossible to dare to act on the people of the seven dynasties.

The only possibility is that the two parties are in conflict because of the distribution of the treasure, and the treasure must be very valuable, so valuable that even if they desperately want to let each other go.

"Senior Bloodhand King, why are you here?" Zhou Zhengshu even went forward and said in salute.

"Oh? It turned out to be Zhou Zhengshu. What did you find here just now, why did you fight?"

Although the Blood Hand King was superior in strength and was the peak Martial King in the early stage of Tier 7, Zhou Zhengshu was the first genius of the Longyuan Dynasty. He was equivalent to Shen Mengchen of his Dagan Dynasty, and the Blood Hand King did not dare to despise the opponent at will.

"This....."

Zhou Zhengshu hesitated for a moment. To be honest, he didn't want to tell the truth about the Blood Hand King, because the magic crystal was also effective for the Wu King powerhouse. Once the Blood Hand King knew about it, even if the magic crystal was retrieved, it would be occupied by the Blood Hand King.

"Is there a warrior from my Dagan Dynasty here? Let the disciples of my Dagan Dynasty come to see me!"

Seeing Zhou Zhengshu's expression hesitated, the Blood Hand King snorted and said coldly.

Zhou Zhengshu gave a wry smile, knowing that the Blood Hand King was angry, so he had to say: "Yes, I will let them..."

While he was talking, he turned his head, but for an instant, the whole person was stunned. He clearly remembered that there were at least a dozen people from the Dagan dynasty with them before, but now he saw that more than a dozen disciples of the Dagan dynasty died in the chaos, none of them survived. .
