

## Vampire 371

Chapter 371 Lith takes his reward (2)\*\*

Lith held Lucy's buttocks with both his hands and parted them slightly to see her beautiful pink slits and her puckered butthole. He was still rubbing his shaft in between her and Alexandra's pussy.

Lith then took his shaft out and poked it on Lucy's entrance. Soon, he slowly pushed it inside and within moments, he was deep inside Lucy.

"Mhm~" Lucy hummed in pleasure as she felt full.

Alexandra could only feel slightly jealous and wait. She squeezed Lucy's boobs and played with her nipples till it was her turn.

Lith soon started moving his hips; the sound of flesh clapping together was once again resonating inside the room.

Beside him, Luna finished sharing Lith's semen and got out of that position. She stood beside Lith and was on standby.

Arya had opened her eyes and the first thing she noticed was her mother-in-law staring at her with a smile. There was some white stuff leaking from the corner of her mother-in-law's mouth and Arya knew exactly what it was.

Arya licked the corner of Lilith's mouth and then kissed her. She made Lilith open her mouth and moved her tongue inside to savour every bit of Lith's semen that was there.

Lilith held Arya's butt as she kissed her and squeezed the soft peaches tightly. Arya was used to rough play and enjoyed this.

While they did this, Emilia was just watching the scenes unfold while sitting naked in a cross-legged position.

Lith pounded Lucy's pussy and as he watched it spread, he was also able to see her cute asshole. He couldn't help but poke his fingers there and this made Lucy shiver slightly.

Lith chuckled noticing this and he inserted one of his fingers inside her. Lucy didn't resist and let him do as he pleased.

Lith felt friction inside and realized there wasn't enough lubrication. So to get it lubed, Lith moved his hands down towards Alexandra's pussy and inserted his finger in her wet canal.

He made sure that it was coated well with her juices and then took it out and inserted it inside Lucy's asshole.

"Mhmm... No... Lith... Not right now..." Lucy moaned and said as Lith inserted his finger inside her asshole.

She wasn't ready to do anal right now as her insides were really tight and not loose enough to fit him. It would not be a very good experience if it wasn't even slightly loose.

Lith could tell what was on Lucy's mind and he didn't bother to take his fingers out. He kept fingering her asshole and pounded her hard.

A while later, Lucy reached her orgasm and squirted her juices on Lith's lower body and on Alexandra.

Lith didn't cum yet and being energetic as he was, he took out his shaft from Lucy and immediately thrust it into Alexandra's pussy.

"Ohhh!~" Alexandra wasn't ready for this and it greatly surprised her and made her feel pleased as she felt Lith's cock inside her.

Lith rammed his dick inside Alexandra's pussy in missionary position while Lucy lay on her. He took support of Lucy's butt while moving his hips.

Lucy recovered after a few minutes and noticing it was Alexandra getting fucked by Lith, she bit onto her nipple and kneaded her other breast like dough.

"Ahhh~ Ahhh~ Your High~ Ahhh~" Alexandra couldn't speak anything and was only able to moan. Lucy didn't give her a chance to speak.

A while later, Lith increased the intensity and speed of his thrust and finally after a few minutes....

"Ahhh... darling... I am cumming... Ahhh..."

Spurrrt!

"Ohhhh~"

"Ngghh..."

Lith groaned as he came inside Alexandra and Alexandra's toes curled up and her body was raised as she orgasmed.

Lith was becoming more and more perfect with timing his orgasm with his ladies.

Lith then made Luna clean up and like before, she took all of his cum inside her mouth. This time, Lucy and Alexandra both wanted it as well and so, she kissed Lucy first and poured a bit of Lith's semen in her mouth and then poured a bit of it in Alexandra's mouth. She had the rest of it for herself.

Lith then moved towards Lilith. She was the only one left now.

While moving, he saw Emilia sitting cross-legged and watching him. He smiled and getting close to her, he kissed her lips.

He broke it off and then made Luna keep her company.

He moved towards Lilith and after reaching close to her, he swapped Arya's position with Lucy.

Lucy knew his mother's weak points better and so he made her be present here.

Arya didn't mind it and brought close to Alexandra, she kissed her and started fingering her. The two played with each other while waiting for Lith to do them.

Lucy lay on top of Lilith and Lith positioned his cock on Lilith's pussy. He rubbed it a few times and then thrust it inside her in one go.

Lilith let out a satisfied moan like the other ladies and closed her eyes to feel Lith better.

Lucy got to work by latching onto Lilith's nipples and started sucking milk out of it. She rubbed her clit with her free hand and groped her other breast with her other hand.

Lith knew his mother's sweet spots very well and he rammed his shaft accordingly into her pussy.

Lilith let out low moans as Lith fucked her and to suppress it further, she kissed Lucy and started a passionate kiss with her.

A while later, Lilith orgasmed and her cum squirted around and made the bed sheet wet.

The scent of the ladies' and Lith's cum permeated throughout the room and finally, as everyone orgasmed at least once, this marked the end of the Nuptial Chamber Ceremony and Lith also ended up taking his reward.

But, one round wasn't enough and Lith knew about it. He went for a few more rounds with them and a day later, the ladies felt satisfied and left the room to get ready for the other ceremonies.

Inside the Queen's chambers, there were only three people present now. It was Lilith, Lith, and Luna.

Luna wasn't dismissed yet and she was standing at the side of the bed in her priestess robes. She hadn't taken them off because nobody had asked her to.

Lilith was sitting on the bedside, naked and Lith was standing beside her.

Lith stretched and said, "Mhm, that was a good session. I should have more of it."

Lilith chuckled and replied, "yes."

Lith then looked at Luna and he realized that he was yet to give her the reward she deserved. He thought about what to give her when he suddenly remembered something.

Lith looked at his mother who was sitting naked and with a smirk, he said,

"Mom, do you know, it's just the three of us here."

Chapter 372 Luna acts rewarded\*\*

Lilith looked at Lith and smiled. "We are. What about it?"

Lith chuckled. He walked towards Luna and getting behind her, groped her big breasts. "Luna deserves a reward for her services. I am gonna give it to her. But, since you're here as well, why don't you show me your wild side?"

Lilith raised an eyebrow in surprise. "Oh? You sure you want to see such a side of mama?"

Lith nodded. "Of course."

Lilith smiled and got up. She walked towards Luna as well and getting in front of her, she inserted her middle and ring finger inside her pussy and started rubbing her clit aggressively with her thumb.

"Then when do you want to start?" Lilith asked Lith, looking him in the eyes while loosening up Luna's pussy.

"Hmm, let's start it from the start. There were some things remaining to do during the cleaning ceremony. I'll go take Luna with me and come back after washing up. Lith said.

"I am coming as well." Lilith said with a smile.

"Sure." Lith didn't disagree.

The three went to the washroom and after reaching there, Lilith ripped off Luna's robes and made her stand naked with the three.

Luna didn't mind it obviously. She was more than happy to serve her prince and her queen. She felt as if she was in some sort of dream. It was not everyday that she got such attention from Lilith and Lith.

From how things were going, she knew that the reward was something naughty. She was kind of excited to receive it but didn't show it on her face. She simply stood calmly and was ready to do anything the two asked her to.

Lith looked at her and said with a smile, "let's begin with the cleaning ceremony, Luna."

Luna nodded her head. She walked towards the toilet and sat on it in an M position. Her hairy pussy and her pink puckered butthole was visible to Lith.

"Your Highness, feel free to use any hole you like to pee." Luna said calmly.

He walked close to her and thought about where he should put his shaft.

Looking at Lith being unable to decide, Lilith thought of helping him. She walked close to him and stroking his dick, she said to him softly in his ears, "Use her mouth."

Lilith had her reasons to say this to Lith and she didn't explain anything else to him other than this.

[Skip the below part if you aren't into watersports stuff. Read from the 'x-x-x' line.]

Lith nodded his head. He was going to choose between Luna's pussy and her mouth and was confused between the two. Now that his mother said that, his confusion was gone and he decided to go along with that.

Lith said to Luna that he'll use her mouth and she nodded her head in response. She sat down on the toilet normally and made Lith bring his dick close to her face.

Lith did it and Luna took half of his shaft inside her mouth. Taking it fully inside would cause his dick to be in her throat and that would not be a very good experience for Lith himself. As for Luna, it wouldn't matter at all. She was a well trained maid and could easily take all of Lith's thing into her mouth.

Luna looked at Lith while having his shaft in her mouth, indicating that she was ready and he should do it.

Lith was slightly hesitating. He had never done such a thing before and this was his first time. He had watched porn and hentai in his previous life and watersports was a very trendy genre. Many liked it, but as for Lith, he wasn't really a fan of it.

But now, he was getting first-hand experience at it. He was not sure how to feel about it.

Lilith went behind Lith and hugged him. Her soft milkers pressed onto Lith's back and milk slightly leaked out, making his back wet. But she didn't feel weird about it and nor did Lith.

Lilith nibbled on Lith's earlobes and her one hand caressed his well sculpted abs and the other went down and softly caressed his balls.

It didn't take long and Lith finally started peeing after a few seconds.

Luna, like the professional she was, bobbed her head to and fro and sucked on Lith's cock while also ensuring she wrapped her tongue around it.

Lith felt as if a bolt of electricity ran through his body. He felt really good with Luna's techniques and had he not been peeing currently, he would've already been on the edge and climaxed.

Luna happily drank all of Lith's pee and after he was done, she licked his shaft clean.

x—x—x—x—x—x—x—x—x

Though Luna was done cleaning Lith's shaft up, she wasn't done yet.

She held half of Lith's dick with one hand and started stroking it. The other half of his shaft was inside Luna's mouth and she was bobbing her head to and fro while stroking it.

Lith's body shivered as he felt this. It was a really very good feeling and he couldn't describe how amazing her warm and soft mouth-pussy felt to him.

Luna didn't stop here. She took off her hand and took all of Lith's dick inside her mouth, thereby deepthroating him.

"Oooh~" Lith let out a surprised moan as he felt this. He looked down and saw Luna looking at him while taking all of his big cock inside her mouth.

Lilith was still behind Lith and was watching Luna take it in her mouth with a proud expression. She was the one who trained her like this and during training, Lilith had made her use a soft toy that was the length of Lith's shaft.

Lilith was a God and she could easily do whatever she wanted. Making a toy replica of Lith's shaft wasn't a difficult task for her and she only did that because she wanted to have her son get the best services and luxuries as possible.

Lilith saw Luna's hair to open up and come in between her deepthroating session. She parted her hair to the back and grabbed it in a ponytail.

Luna continued to suck Lith's dick while Lilith held her hair.

A few minutes later, Lith couldn't hold it anymore and taking support of Luna's head, he said while having his eyes closed,

"Luna, I am going to cum."

Luna prepared herself to take all of Lith's cum as she heard that.

Lilith, this time, didn't ask Luna to share the semen with her. It was Luna's reward and she let her have it all.

A few seconds later, Lith's body jerked and he shot his load inside Luna's throat. His cock was deep in her mouth and everything ended up going down via her throat.

Lith's orgasm ended after a few seconds, but he hadn't stopped cumming. He slowly took his cock out and Luna continued to gulp it down.

After Lith fully took his shaft out, Luna's cheeks were puffed up. Whatever cum was in her mouth, she didn't gulp it down and instead, looked at Lilith and waited for her instructions.

Lilith noticed this and chuckled. She patted Luna's head and said, "that's your reward. Savour it well and have it all."

Luna nodded her head. She gulped down half of Lith's semen and savoured the rest. A strong and sweet rosey flavour assaulted her mouth and she felt really good by having it.

Luna felt really happy by giving Lith a blowjob. She knew that she was the first maid to ever service him and not only that, even the Queen herself was present here and watching her.

Not to mention watching, the Queen was also standing naked along with the Prince. This was heaven for Luna and she felt a sense of pride knowing that she was a really good maid.

After Luna was done gulping down Lith's semen, she cleaned her mouth with a spell and got up.

She stood in an upright manner and was ready to do what Lilith and Lith would command her.

Lith recovered really quickly. He was now a Rank 9 and his stamina was almost limitless now.

Looking at the naked Luna in front and his mother who was also naked standing behind him, he smiled.

Lith made Lilith get in front of him and hugged her from behind. He then looked at Luna and said,

"My cleaning up is done, now it's mom's turn. Let's have her cleaned up."

## Chapter 373 Using Luna\*\*

Lilith didn't know what Lith was upto, but she didn't mind it and was looking forward to it. Her son sure knew his ways to do things.

Lith grabbed Lilith's legs and held her up. Her legs were in an M shape and her slightly parted pussy was clearly visible to Luna.

Luna couldn't help but stare at it. She couldn't look away from her own Madam's divine pussy. She had seen it many times before but she still couldn't help but be amazed by its beauty. It was really very beautiful.

Lith rubbed his semi-erect shaft on his mother's lower lips and got it erect. He then looked at Luna and instructed,

"Luna, put my cock inside mom's pussy."

Lith felt not even a hint of shame while saying this.

Lilith was surprised to see this side of Lith and she couldn't help but smile. Her baby was now a grown up and learning to do things as he pleased, it was a nice thing for her and she was happy for him.

Luna came and held Lith's shaft. She poked it on Lilith's entrance and made Lith's tip get inside her.

Lith then pushed it deep inside Lilith and stayed in this position. He then said to Lilith,

"Alright, mom. Time to pee."

Lilith chuckled. "You wanted to fuck mama while she peed?"

Lith nodded. "Yes. Also, use Luna's mouth."

Lilith put a hand on her mouth. "My, my, how naughty."

Lith chuckled and started moving his hips. His cock slid in and out of Lilith's wet pussy and he had fun fucking her like this.

Lilith grabbed Luna's hair and made her mouth latch onto her peehole.

Luna could see the Queen's pussy being spread by her own son right in front of her as Lith's cock slid in and out. She felt very amused and also became wet and aroused.

Luna was ready to take all of Lilith's pee in her mouth and she looked at her with anticipation.

Lilith soon started peeing while getting pounded by Lith and Lith watched her clearly. He didn't miss even a single moment of this amazing erotic scene.

Gulp... Gulp...

Luna gulped down all of Lilith's pee and after she saw Lilith being done, she licked her clean and was about to back away when Lilith held her in place and didn't let her go.

Lilith looked down at Luna and said, "keep licking."

Luna nodded her head. She understood what Lilith meant by this.

Luna licked Lilith's clit and her pink slits that were parted due to Lith ramming his dick inside her. She then sucked on her clit and stimulated Lilith greatly.

"Mhm~" Lilith moaned in satisfaction. She would never get tired of having herself get pounded by Lith's dick.

A while later.

"Ahh... Ahh... Yes baby... pound mama harder!~... Ah..." Lilith moaned as Lith's shaft penetrated her womb constantly and hit her deepest recesses.

Luna was also responsible for this. She knew very well where her madam liked to be stimulated the most, and at the stage Lilith was in currently, she knew that the best thing to do was bite Lilith's clit.

"Ohhh..." Lilith moaned loudly as Luna bit her clit.

'Hmm, this feels amazing. Mom's insides are so wet that it's sliding in and out effortlessly. Also the way she is squeezing me, it feels as if I am about to get crushed. Amazing.' Lith thought while pounding Lilith.

A few moments later.

"Ahh... Harder baby... mama is going to cum... Ahh..." Lilith moaned.

Clap! Clap!

Clap! Clap!

Lith increased the intensity of his thrusts and pounded her.

Luna too increased the suction force with which she was sucking Lilith's clit and in a few more moments later...

Spurrrt!

"Ohhhh~"

"Ahh..."

Lilith moaned loudly and orgasmed and Lith too let out a low moan as he came inside Lilith.

Gulp... Gulp...

Luna's mouth was still present near Lilith's pussy and she gulped down the juices dripping out of her pussy.

Luna didn't let anything go to waste and licked everything clean once again.

Lith stayed still and let his mother recover from her orgasm.

It didn't take long and Lilith recovered. She looked at Luna below her and ruffling her hair, she said, "make sure to drink everything."

Luna nodded her head.

Lilith then indicated Lith to take his shaft out and as he did, his cum mixed with Lilith's juices flowed out of Lilith's vagina and went straight into Luna's mouth.

Luna then latched onto Lilith's vagina and inserted her tongue deep inside her and cleaned everything there was.

'This is so amazing...' Luna thought to herself while cleaning Lilith's insides.

After Luna was done, Lith put down Lilith.

Luna got up and stood still, ready to do whatever the prince or the queen would ask her to do.

Lilith turned around to look at Lith and, extending her hands up, she stretched.

Lith could see his mother's big boobs jiggle as she extended her hands and lowered them. Her pink nipples seemed really erect right now and he could tell that she was very aroused.

Lilith looked at Lith and with a smile, she asked, "do you know how rough you were?"

"It was rough?" Lith asked.

Lilith nodded. "It was. Look here."

Lilith raised one of her legs like a gymnast and showing Lith her pussy clearly, she pointed towards her labias.

"Look how red it is." Lilith said.

Lith could see her clit being red and there were bite marks on it. Then going down, the areas around her vagina seemed red as well.

'Looks like I was indeed rough.' Lith thought to himself.

"Does it hurt?" Lith looked at Lilith and asked.

Lilith chuckled. "Of course not. I was just saying how rough you were."

"Alright." Lith nodded.

Lilith put her leg down and walked close to Lith. She held his face and kissed him.

Lith's tongue soon entered inside his mother's mouth and swirled around hers. He could taste her sweet saliva and within a few seconds, his libido was raised again and he felt aroused.

Lith's shaft was back to being erect and he felt horny once again.

Lith broke off the kiss and moved down to suck on his mother's big breasts. He latched onto one of her nipples and aggressively sucked on it.

Lith bit on it and pulled it back. Milk sprayed out but it was all taken by Lith and he gulped it down.

"Mhm, so rough..." Lilith caressed Lith's hair and said.

Lith then switched nipples and latched onto the other one. While doing so, he grabbed her ass cheeks and squeezed them tight, leaving his handprints on them.

'Youths are so full of energy, fufufu.' Lilith thought to herself as she got handled roughly by Lith.

People older than 10,000 years usually didn't have as much libido as the ones younger than them. The reason was that they've had sex countless times and it would soon start to feel boring to them.

Lith was still just 21 years old and it was only natural that he would go about having sex without stopping or taking a break for multiple days or even weeks.

Lilith was all in for it. She absolutely did not hate it and rather, liked it. She knew that being his mother, she would be at the forefront of all and would be the first to have herself be pounded by him.

Lilith's pussy tingled just by thinking of the various things Lith would end up doing to her in future and now and she also started to get aroused.

Lilith was a being who was 500,000+ years old, but thanks to her being anti-social and hating the people around her, she didn't really get pounded by any man other than Lith.

Lith was her first and before him, she had only ever played with other ladies or the maids she raised herself.

Lilith started overthinking things and felt more and more excited.

Lith stopped sucking milk and backed off, making Lilith get back to her senses.

Lith wiped his mouth with his hand and said smiling, "Alright, drinks break is over. Time to get back to action."

'What!? He's treating his mama's precious boobies as a drink counter!?' Lilith knitted her brows and thought to herself while glaring at Lith.

Looking at his mother getting annoyed by his statement, Lith chuckled. This was his motive. He hardly ever saw her show such emotions and wanted to see it.

Lith took a step forward and gave a peck on Lilith's lips. "Haha, I was kidding, mom. Don't mind it."

Lilith glared at Lith and said, "young man, you need to be disciplined it seems."

Lith chuckled and nodded his head. "Yes, yes, I do. Let's get to bed and you can punish me there."

Lilith's brows eased as she heard this. She lightly chuckled as well after hearing this statement.

Lith then touched Lilith's pussy from the front and spreading it with his two fingers, he started rubbing his shaft on it.

"Wait." Lilith stopped Lith from entering her again.

Lith stopped hearing that and waited as Lilith asked him to.

Lilith walked behind her and got behind Luna. She held her big tits with both her hands and swayed them up and down. "Have a taste of this now. It'll get boring soon if you keep doing mama only."

Chapter 374 No Morals\*

"Have a taste of this now. It'll get boring soon if you keep doing mama only."

Having the same dish again and again gets boring fast. Therefore there are palate cleansers present. Lilith used this analogy and therefore offered Luna to Lith.

She wanted him to have a taste of Luna as firstly, he could do anything he wanted with her since she was his maid as well, and secondly, when he does with different maids and gets back to doing it with her ladies, not only his experience, but also the ladies' experience during sex would be uplifted.

This was a tried and tested thing in this world and wasn't considered cheating.

Kings, Emperors, influential people and those with harem usually had concubines and slaves with them. They would have sex with them from time to time so that their time with their main wives would be enhanced.

This was a common thing in this world and the ladies/men were pretty understanding about it.

Harems here were not something that only men had. Women had it as well, but to have a clear distinction between the two, some called the harem of a woman as reverse harem.

Thus, it was a common thing to do it with the concubines or slaves.

But here in Lith's case, since he only had wives and was loyal to them, Lilith took it upon herself to get him maids. She thought that it was her duty as his mother to have him explore the vast world and get acquainted with the cultures here.

In this world, the strong could do anything and there were hardly any morals. A world where Vampires, Werewolves, Dragons, Demons, etc, were dominant, was a world where morals were the last thing that would come to one's mind.

Lith was very much sheltered. He hadn't moved out of the castle or the Neutral Continent yet and seen the world, therefore he didn't know how the world worked.

Lith was still bound by morals of his previous life and he wasn't even aware of it.

However, Lilith, who wasn't even aware that Lith was a reincarnated being, thought to herself that her baby was still very green. So, she took it upon herself to have him explore things.

There was only one race in this world that thought of morals. This race, more correctly, the people of this race, they did have morals but it was all very twisted and they were very hypocritical about it.

The race was none other than the Human race.

In the Human race here, it was okay for a man to have a harem and fuck any lady if he so wished. But, it was not okay for a woman in this race to have a harem. The people would call her a slut and a whore.

This was just one example. There were countless other ones present.

But despite all of it, this race was the only one with morals. No matter how twisted or hypocritical it may be, they still had some morals.

It was due to their morals that they were still thriving in this world and were a dominant race.

The other races had some special innate abilities to them, like the vampires had a long lifespan since birth, they could fly, had wings, can regenerate, etc, and this makes them naturally powerful and one of the reasons why they are dominant in this world.

But as for the humans, they were weak as compared to the other races, had a limited lifespan, and basically wouldn't have been able to get stronger had there not been magic present.

But they were still a dominant race all thanks to their morals and their intelligence. Humans in general were above average in intelligence as compared to the other races.

Vampires and Humans had the same intelligence, but Humans were more intelligent than Werewolves, Dragons, Demons, Angels, Orcs, Goblins, etc.

All such things were the reasons for them being dominant despite being very hypocritical. They not only loathed the other races because they didn't look like their own people, they even discriminated amongst each other based on their skin color, culture, religion, etc.

Lith wasn't aware of any of this. As mentioned, he was still very green with the ways of the world. But whatever the case, Lith's worldview would soon change and he wouldn't think like a normal human that he was in his previous life.

All of this would happen naturally as he would grow up but there was his mother who would play a big role in this as well. A mother's job was to raise their kids well to stand on their own feet and be prepared to face any challenges that may occur in their lives. Lilith was doing just that like a good mother.

Lilith always went for the soft methods and hardly ever used any method that would make her children feel pained. Making Lith use the maids was just one of the ways of raising him to be a good vampire.

A vampire had no morals, a great King was selfish to the core. A King would first think of his own family's interests and then the interest of his closed ones, followed by the interests of his subjects.

Lith would need to get selfish and just as he does it with Luna, he would be one step closer to becoming selfish.

Though Lilith taught things like this, the way she raised Lucy was different.

Since young, Lucy didn't have any lustful interests and she focused more on having absolute power. Lilith trained her and raised her to be powerful and now that she was a King rank, Lilith made her deal with politics since that would sharpen her intelligence and have her deal with various types of people without even using strength.

All things aside, Lilith ensured both her children had fun. Lucy enjoyed battles and here Lith was, enjoying having sex.

Lilith made Luna's tits bounce and chuckling, she moved one of her hands down and parted her pussy. "Look, it's wanting to be devoured by you. Do you not want to have a taste of it?"

Lith slightly felt that he shouldn't have sex with Luna, since that would mean he would be cheating on his ladies.

But soon, he dropped his resistance as he came to terms with his identity as a vampire. "That's right, I am a vampire and vampires have no morals. Other than that though, what mom said, I don't think I'll be bored by doing it just with her, but oh well, whatever. It doesn't matter. As said, I am a vampire and vampires have no morals. Phew, I hope I don't become a psychopath in the long run while losing morality..."

Lith then shoved aside these thoughts and smiled. He walked close towards Luna and standing in front of her, he was about to insert his thing into her when he stopped and said while looking at Lilith, "hmm, mom, let's not do it in the bathroom. Let's go to bed."

Lilith nodded.

The three went out of the bathroom and Lith would now finally do it with Luna.

Chapter 375 Lith plucks Luna's flower\*\*

Walking back inside Lilith's bedroom, the scent of cum assaulted the noses of the three and made them aware of the deeds that were done here previously.

With the atmosphere being set, the bedsheets having changed, and the room being cleaned, Lilith walked towards the bed side and sat on it.

She called Luna close to herself and made her sit in front of her.

Lilith spread Luna's legs wide and moving her slender arm towards her pussy, she spread her lower lips with her two fingers, revealing her vagina that was overflowing with her juices.

"Have a taste." Lilith smiled and said.

Nodding his head, Lith walked close towards Luna, finally giving in to his lustful desires.

As he lay in front of her, he positioned his erect shaft in front of her and poked its head on her entrance.

Lith looked Luna in the eyes and Luna looked back. He was about to take his first step towards the path of immortality and this was the way for him.

Lith then looked at his mother, only to see her nod and give her approval.

Without waiting further, Lith penetrated Luna's slippery wet canal and reached her deepest recesses in one single thrust.

"Ahhh~"

A moan couldn't help but slip out of Luna's mouth as her flower was finally plucked. A tear dropped from Luna's eyes and it wasn't due to pain but out of sheer happiness. She had finally become Lith's by body and mind both.

She swore to herself to serve him with everything she's got from this moment onwards and having made this determination, she closed her eyes and gave in to the pleasure assaulting her.

Lilith pinched Luna's nipple and rubbed her clit, stimulating her further as Lith pounded her pussy.

The sound of Lith's cock slamming onto Luna's wet pussy reverberated throughout the room and a few moments later, Luna wasn't able to take it anymore and had a shaking orgasm.

Her body temperature increased and she squirted her juices all over Lith's cock and made the bedsheet below her wet. But despite the mess, nobody gave a care to it or minded it.

Lith hadn't orgasmed yet and he wasn't done with Luna. But he stopped ramming his shaft in her and waited for her to recover.

In the meanwhile as he rested, Lilith asked, "can you feel the blood bond?"

Lith nodded. "Yes."

Lilith nodded her head as well. "You don't need to cultivate it. Luna can do it and you can benefit from it. You just need to cultivate the blood bond you have with me and the rest doesn't matter."

Lith nodded in understanding.

Soon, Luna recovered and Lilith made her get up and got up herself.

She turned Luna around and showed her big bubble butt to Lith.

Pah!

"Ah..." Luna let out a light moan as Lilith spanked both of her ass cheeks with her hands and squeezed them tight.

Lith raised an eyebrow in surprise as he noticed his mother's handprints on Luna's butt. She must've hit her with a bit of force to have it be like that and judging from how Luna just moaned in pleasure, Lith thought to himself,

'Does she by any chance likes to get hit?'

Lilith then spread her ass and showed Lith the cum that was dripping down Luna's pussy.

"Why are you standing idly? Don't want to go for another round?" Lilith smiled and asked.

Lith chuckled hearing that. He was simply looking curiously at what his mother was doing.

Lith got close to Luna and standing behind her, he shoved his dick back inside her pussy while hugging her shoulder and making her butt bend slightly towards him.

As Lith's shaft lodged into Luna, Lith looked at Lilith.

Lilith could tell what Lith wanted and she kissed him.

Luna was sandwiched between this mother-son duo and she could only just silently moan while getting herself pounded.

A few minutes later, Lilith broke the kiss and sat back on the bedside. She spread her legs and grabbing Luna's hair, she made her suck on her pussy.

Lith continued to ram his dick into her pussy and the position had now changed to doggy style. Lith had a good view of Luna's butt and as he pounded her, the sound of his dick lower body slapping Luna's wet ass cheeks once again reverberated in the room.

Pah! Pah!

"Ahh~" Luna moaned in pleasure as Lith spanked her ass.

Having such a beautiful butt in front of him, Lith couldn't help but spank it. Now, judging from how Luna moaned, Lith could very well make out that she liked it.

Lilith who was holding Luna's hair and making her eat her pussy out, saw her to stop it and moan.

Pah!

She slapped Luna's face and said with a smile, "did I ask you to stop?"

Luna's face flushed as she felt the light slap from Lilith. She smiled and said apologetically, "No, Madam."

Lilith chuckled as she saw this. She knew that Luna liked to be punished more than getting rewarded for her work.

If Lith were to see Luna's face right now, he definitely could've made out that Luna was having hearts in her eyes as she got slapped on her ass cheeks as well as face cheek.

Luna once again inserted her slimy soft tongue into Lilith's wet and tight vagina. She made her tongue enter deep inside her pussy and lick where Lilith liked it the most.

"Mhm..." Lilith closed her eyes and her body slightly jerked as Luna hit her sweet spot.

Lith continued to fuck Luna's pussy and as he did so, he couldn't help but poke his finger on Luna's pink puckered butt hole.

"Mhmf..." Luna's body shivered as she felt Lith's finger enter inside her butt hole. However, she didn't resist and didn't stop eating out Lilith's pussy.

A lot of juice dripped out of Luna's pussy as Lith was fingering her butt while pounding her.

Pah!

"What a lewd maid." Lith spanked her ass again and said as he noticed Luna getting turned on by getting herself fingered.

Luna stopped licking Lilith's pussy and turning to look at Lith, she said with a smile and with hazy eyes, "Yes, Your Highness. This maid is very lewd. Please punish her."

Pah!

Lilith turned Luna's face towards her and slapped her.

"Did I give you permission to speak?" Lilith asked with a smile on her face.

The ways to deal with a masochist were different and what the three were having right now was not the usual sensual sex.

Luna's body shivered and more of her juices dripped out as her body's heat rose. The slap from Lilith aroused her. "I am sorry, Madam. Please punish me."

"Oh, I surely will." Lilith said and moving her leg down towards Luna's breasts, she pulled her nipples by grabbing them in between her toes.

"Ah— mhmf..." Luna's moans were suppressed as Lilith buried her face back into her pussy.

Lith was really surprised with how his mother handled Luna. He was also surprised to see such a side of her. Not wanting to lose against her, he moved one of his hands towards Luna's clit and pinched and pulled her.

Luna's body shook once again and she released muffled moans into Lilith's pussy. Her mind turned blank and everything in front of her became hazy.

Luna was dancing on cloud nine with pleasure all over her body. The pain from Lilith's slaps and Lith's spanks had turned into pleasure for her and she had already had multiple small orgasms while they did that with her.

Luna's pussy squeezed Lith's cock tightly and to Lith it felt as if he would get crushed under Luna's tightness.

A while later, Luna had a big orgasm and her eyes rolled up and her legs gave in.

Lith supported her lower body and didn't let her fall. He was also almost there and didn't stop fucking Luna.

Luna was really very sensitive right now and adding onto Lith's pounding while she was still going through an orgasm caused her to moan out loud mindlessly.

Within a few seconds, Lith groaned and came inside Luna's pussy. His load shot deep into her and Luna, who wasn't able to take it anymore, passed out of intense pleasure.

Her body went limp and she couldn't support herself anymore and was about to fall down.

Lilith held her in place and brought her body in her embrace. Lith felt slightly weak in his legs as well as he had a big orgasm.

He went towards the bedside and slumped beside Lilith and closed his eyes to rest.

Lilith chuckled, noticing this scenario. Luna had enjoyed to her heart's content and she could tell that it was the same for Lith.

She placed the unconscious Luna on the side and slumped back herself.

Lith noticed his mother lying next to him. He snuggled closer to her and catching her nipple into his mouth, he nibbled on it and sucked some milk.

No matter the size or shape or anything that other people had, Lith still liked his mother's breast the most. Despite becoming old now, he felt no shame in sucking milk from it.

Not everyone was as lucky as him to have such a hot mother and such big breasts. He would never let go of any opportunity to fondle and play with his mother's breasts.

A while later, Luna woke up from her unconscious state and Lith had recovered as well.

The three went to the washroom again and washed up. Nothing naughty or lewd happened in the bathroom and the three got out of it and dressed themselves.

Lith was back in his wedding suit, Lilith in her bridal dress, and Luna in her priestess robes.

The three went out of the Queen's chambers and prepared to finish the remaining formalities and complete the marriage.

## Chapter 376 Family Seal\*

Ballroom, Royal Castle.

The ceremonies once again started and the priestess, Luna, recited the verses and began the final few ceremonies.

A while passed and the audience which was present in the room were told that the marriage was successfully over.

The crowd cheered and they took pictures with Lith and the brides.

This was the only time that the servants got a picture and they were all called in groups of two or three people.

After their pictures were done, the people were made to exit the ballroom and enjoy the feast that was prepared for them and present in the courtyard.

Now, in the ballroom, there was just Lith and his brides as well as Luna. They hadn't left the stage yet as Luna had told them that the public part of the ceremony was over.

Now she would begin with the private ceremony and once it's completed, the vampire marriage would successfully end.

But before they began, Lilith had something to say to the other ladies.

Lilith stood in front of the other ladies and asked with a smile,

"Do you love Lith?"

Hearing this question, everyone was confused. Of course they loved Lith, why would Lilith even question that?

But since she was asking, there must be some reason for it and so, everyone nodded their heads.

Lilith nodded back. "Good. Then, are you all willing to accept this family seal?"

Lilith pulled her gown up and her black laced panties were visible to the other ladies. She lowered her panties down and her beautiful bare pussy now lay in front of them.

Emilia's face flushed as she saw this. How can her mother-in-law do something like this and that too at such a venue?

Arya and Alexandra squinted their eyes to see what their mother-in-law was showing to them and as for Lucy, she already knew what was coming.

All the ladies could see a red colored tattoo on Lilith's body. It was present just a few inches above her clit. The tattoo had a heart's outline, inside which was a rose's outline and at the sides of the rose was the outline of bat wings.

This was the family seal of Lith that he would be using from here on out. The outlines were all black currently, indicating that it wasn't activated and the seal wasn't in effect.

Lilith explained to the ladies that the seal was a symbol of trust among each other. By having it, they would swear to oblige with the family rules that were present.

Lith would be the head and all rules would be made by him. If anyone fails to adhere to these rules set by Lith, they would end up getting severely punished and depending on the severity, the worst that can happen is they get wiped off completely.

Lilith then asked if they were ready to have this and if they really wanted to be a part of the Evure family or not.

The ladies didn't even need a breath's time to think and they immediately agreed to have it.

Lilith then asked Lith to set the rules and after thinking for a while and discussing the things with his ladies, he came up with a few.

The rules were really simple. They were:

Don't do anything that might harm the family members or tarnish the family's reputation.

Don't betray Lith or cheat on him. No having sex with any man other than Lith.

If there's any grievances, say it to Lith and he'll sort it out for them.

If they want the seal to be removed, they'll ask Lith to do so and not try to remove it forcibly.

Lith is also obliged to have sex with each person at least once in a thousand years. If he fails to do so, he would end up getting punished.

That was it for the rules and there were also a few miscellaneous things present in it. They were simple really and the family seal was only made because Lilith didn't want to see her baby get hurt in future for any reason.

Though she had the future memories and knew that nobody would betray Lith, she still wanted him to take precautions, because hey, better be safe than sorry.

The ladies all agreed to have it despite Lith being against this.

Lith thought that he as a man would get to do anything as he pleased and his ladies would be tied to him. He wasn't trying to ntr himself, it was just that he felt that it was morally wrong to restrict someone.

His morals from previous life were coming into play now.

But, after a while of talking, Lith gave in. His ladies forced him to change his views and they were the ones who ended up convincing him that it was the right thing to do.

Lith could only sigh and agree.

To activate the seal was really simple.

He had to fill the womb of the lady with his semen and after doing that, he had to drop some of his blood onto the tattoo. Then finally, he just had to let the lady bite his neck and suck some of his blood and the seal would finally be activated.

To remove the seal was a completely different process and it would only be removed with Lith's consent.

Even Lilith, despite being a God, couldn't remove it if Lith didn't consent to it. That was how powerful the seal was.

As the ladies had agreed to get the family seal, it was time to inscribe it on them and activate it.

The final ceremonies of the marriage were put on hold again and Luna simply stood at the side and was on standby.

Lilith walked towards Emilia, who was standing at one end of the line and stood in front of her.

"Ready?" Lilith asked Emilia with a smile.

Emilia shyly nodded her head.

Lilith lifted her dress and her thick thighs and panties were visible to her. She made Emilia hold her dress and took her panties off.

Emilia blushed hard as her lower body got naked and she stood half nude in front of her own mother-in-law and family members.

Lilith squatted down and her face was right in front of Emilia's pussy. It was so close that Emilia could feel her breath.

A bit of Emilia's love juices dripped down as she felt aroused by having been present in such a shameful manner.

Lilith simply chuckled as she noticed this and didn't call Emilia out for it.

Lilith was about to inscribe the seal on Emilia when she remembered something. She turned to look at Luna and said,

"Luna, bring Lith to his edge."

Luna got up and said bowing, "As Madam instructs."

She walked towards Lith and squatting down, held onto his pants. She looked up at Lith and said, "Your Highness, if I may..."

Chapter 377 Family Seal (2)\*\*

"Your Highness, if I may..."

Lith nodded his head and agreed. Even though his wives were right in front of him, getting their family seals, he felt little to no shame in getting serviced by his maid now.

Lith was long gone past the point of thinking of morals. He was constantly made aware that he wasn't a human anymore.

Luna lowered his pants and was about to take his shaft into her mouth when...

"Wait." Arya said from the side. "Let me do it instead." She was about to go walk towards Lith after saying so when...

"Dear, be in your place. This will be over soon. And, believe it or not, you don't have the skills to bring him to an edge quickly yet." Lilith explained to Arya with a smile.

That was true. Luna was a trained professional in the matters related to sex. She knew full well how and what to do to get Lith to cum quickly.

If Lilith let these ladies take charge instead, it'll take hours to get Lith to cum and the marriage ceremony would never end.

Arya questioned Lilith about this and Lilith politely explained the reasons to Arya.

Arya understood the things and quietly stood in her place.

Lith could only smile awkwardly and let things flow as they were. He didn't have anything in his hands right now.

Luna got back to doing her job after this interruption.

She stroked Lith's dick and then put half of it inside her mouth. She coated Lith's dick with her saliva and lubricated it well. But, she still couldn't take all of it inside her yet as her throat was slightly dry and it would hurt her. So, to tackle this problem, Luna placed one of her hands on Lith's abdomen and massaged it.

The place where she was massaging was the place where Lith's bladder was. Just a slight massage made Lith feel the urge to pee. He looked down at Luna with visible surprise and she could only look back and blink at him.

Her mouth was full with Lith's dick and she couldn't smile or make any expressions.

'Fuck it. I'll just go with the flow.' Lith thought to himself and placed both his hands on Luna's head. He soon relaxed and let his bladder get empty.

Lith peed inside Luna's mouth once again and Luna skillfully drank everything. This was what she wanted. Her throat got lubricated by Lith and as it did, she took Lith's cock deeper into her mouth.

Lith's entire shaft was soon inside Luna's mouth. It had entered her throat as well and Lith hadn't stopped peeing yet.

Luna was skillfully drinking everything and as he stopped, Luna slowly took the shaft out of her mouth and stopped when the top of Lith's shaft was in between her lips.

She then stroked half of his shaft with one of her hands and sucked onto the other half. While doing so, Luna fondled Lith's balls with her other hand. She lightly massaged them and made Lith feel good.

Lith wouldn't lie, Luna was indeed very skilled in this.

While Lith was getting a deepthroat blowjob by Luna, a few meters away from him, his mother had started inscribing the family seal on Emilia.

Lilith had her middle and ring finger of one hand inserted deep inside Emilia's pussy and the index finger of her other hand was inscribing the seal on the area present a few inches above her clit.

Emilia was feeling really tingly as Lilith did that. She could feel that something was coming out of Lilith's finger present inside her and that something was going straight into her Magic Core. Then from the Magic Core, something was coming out and it was flowing towards the places where Lilith's index finger touched.

It was a strange feeling that Emilia was feeling for the first time.

Back to Lith's side, Luna took the whole of Lith's shaft back inside her mouth. She then bobbed her head to and fro and deepthroated his cock.

A few moments passed and Lith felt as if he was going to cum. His cock bulged inside Luna's mouth and right at this moment...

Luna stopped.

Lith felt being brought straight to hell from heaven as he saw Luna to pull away her mouth. He looked down at her with his brows knitted.

Luna could only smile apologetically and say, "Sorry, Your Highness, these are Madam's orders."

Lith sighed. He couldn't blame Luna for this.

Right at this moment...

"Alright, done with Emilia. Come here baby, activate the seal." Lilith looked at Lith and said with a smile.

Lith nodded and walked towards Emilia.

As he got in front of her, he held one of her legs and raised it up. He didn't waste any time and immediately inserted his cock deep inside her and started ramming it in and out of her.

Lith was really on edge and he just wanted to cum. That's the reason why he was rushing now.

Emilia could tell this. She didn't mind about it, however, and hugged Lith and placed her chin on his shoulder.

Lith hugged her back and whispered softly, "can you squeeze a bit, wifey?"

Emilia blushed and didn't respond. Instead, she let her insides reply to him.

Emilia's pussy tightened up and Lith felt pleasure run all over his body. He increased the intensity of his thrusts and finally, after a few minutes, he came inside Emilia.

Emilia felt Lith's hot semen pour inside her womb and fill her up. She had a small orgasm from this and hugged Lith tightly while going through it.

Lith then bit off his skin from his index finger and dropped the blood on the tattoo present on Emilia's body.

Emilia then bit onto Lith's neck and sucked some blood from it.

Soon, Emilia's black tattoo turned blood red and got activated.

Emilia felt something strange happen in her body but it was soon gone. Along with the feeling, the tattoo was gone as well.

Lilith had explained this. The tattoo won't be visible if the one who has it doesn't want it to. Though that was the case, Lith had the power to make it be visible whenever he wanted.

After Emilia's seal was activated, Lith took his shaft out. To his and Emilia's surprise, no cum dripped out of her pussy. Emilia inserted her finger inside to see why nothing came out and felt that there was nothing inside. Lith's semen was all gone.

"..." Lith stared at Emilia's fingers that were inside her.

"..." Emilia stared as well.

A few seconds later, she realized what she just did and her face turned tomato red. She took her fingers out and hugged Lith, burying her face on his shoulders.

Lith chuckled and patted her back.

A few seconds later, he brought Emilia's cute face in front of his and looking her in the eyes, he said with a smile, "I love you."

Emilia felt really embarrassed hearing it. But she controlled it and said cutely, "I love you too."

Lith pecked on Emilia's lips and was about to pull back when she held his face and kissed back. She initiated a kiss this time and didn't let him go.

Lith happily kissed her and while he did so, he felt someone grab his hand.

### Chapter 378 Family Seal (3)\*\*

Lith tilted his head slightly to see who it was that grabbed his hand and saw it to be Luna.

Luna placed Lith's hands on Emilia's hamstrings. She then placed her own hands on Emilia's butt and raised her up and made her stick to Lith's body like a koala.

Emilia was slightly surprised by this but she didn't let Lith go. She wrapped her legs around Lith and Lith held her butt to support her. The two continued to kiss in this position.

Lith soon felt his shaft get erect and enter something warm and soft. He then felt it getting stroked and using his spiritual sense, he saw Luna blowing him below.

Luna's mouth was directly below Emilia's pussy. She was sucking off Lith on Lilith's orders.

Lith had to get ready to cum inside Arya and she was preparing him for that.

A few minutes passed and Luna felt that it wasn't enough to bring Lith to the edge by using her mouth.

She turned around and bent down, making her pussy be close to Lith's shaft. She parted her robes to the side and holding Lith's shaft, she made it enter inside her pussy.

Feeling his dick enter something warm, slippery and tight this time, he opened his eyes in surprise. But he closed it back soon as he knew what was happening and continued to kiss Emilia.

Luna rocked her body back and forth and made her insides contract to massage Lith's cock.

Lith gave Emilia's butt a squeeze and then moved it down to hold Luna's waist. He then started moving his hips and matched the rhythm of Luna.

The sound of flesh clapping was heard and Emilia was very well aware of what was going on. Obviously, she didn't mind it and let things be as they were.

While this happened, Lilith was on Arya's side.

She had removed Arya's panties as well and had her two fingers lodged inside her pussy and was inscribing the tattoo on her.

Arya felt really tingly as Lilith inscribed the seal. But she controlled herself and watched Lilith do what she was doing.

Arya felt curious to know what these techniques that her mother-in-law was using. She decided to ask her later about this.

A few minutes passed.

Lith's cock twitched and bulged inside Luna's pussy. At this moment, Luna stood up, making Lith's dick come out of her pussy and left him hanging.

Lith once again felt being brought to hell from heaven. He really wanted to cum and since Emilia was close to him, he decided to do her one more time.

But as he was about to put his shaft inside Emilia, he felt a barrier. Lith tilted his head while kissing Emilia to see what it was and saw Luna's hand to be present.

Luna looked at Lith and shook her head.

Lith sighed, noticing that it was Luna's hand present below Emilia's pussy.

Right at this moment, Lilith called Lith.

Lith put Emilia down and went towards Arya.

Reaching close to her, he immediately turned her around and made her butt stick out. Lith then inserted his shaft into Arya's fuckhole and started pounding her intensely.

"Ah... so intense... Mhm~..." Arya moaned as she felt Lith thrust deep into her again and again.

Lith turned Arya's face to the side and kissed her while fucking her from behind.

A few minutes passed and Lith finally ejaculated inside Arya.

He then turned her around and biting the skin off his index finger, he dropped his blood on Arya's inactive family seal.

Arya then bit onto Lith's neck and sucked his blood.

The family seal glowed blood red and after shining for a bit, disappeared, indicating that it was successfully activated.

Arya then kissed Lith and jumped on him, attaching herself on him like how Emilia did.

Lith held Arya's buttocks and made her bounce up and down on his dick.

While he was doing Arya, he felt his balls get massaged and sucked. Lith didn't even need to think who it was that was causing this and he continued to fuck Arya.

A while later, Lilith was done inscribing the seal on Alexandra and Lith was, thankfully, not brought to edge yet.

Lith let go of Arya and walked towards Alexandra.

He raised Alexandra's legs up and rammed his shaft into her.

A few minutes of pounding later, not only Lith, but Alexandra came as well.

The two then went according to the procedures and after being done, Lith was about to continue doing Alexandra when he saw that his mother hadn't squatted down to inscribe the seal on Lucy, but she was bending down and inscribing it on her.

Lilith's butt was sticking out and since Lith knew that after Lucy it would be Lilith's turn only, he kissed Alexandra and let go of her.

Lith walked behind Lilith and lifting her gown up, he saw her smooth bubble butt and her pink slits. Lith didn't wait and directly inserted his shaft inside her pussy and moved his hips.

Lilith simply smiled noticing this and continued to inscribe the seal on Lucy.

While Lith was inside the heavenly softness, he suddenly felt someone touch his butt.

Lith's senses returned back to him and looking behind, he saw Luna to be squatting down and touching his butt.

'What even is she-' before Lith could think further, Luna inserted her tongue inside Lith's butt and started rimming him.

'Oh my g— WHAT THE FUCK!?' Lith yelled internally as he got his rimjob virginity taken by the lewd priestess Luna.

He was about to stop her when he felt a bolt of electricity run down his spine.

Luna hit Lith's prostate with her tongue and this was his g spot. She ended up making him feel so good that Lith forgot that rimjob was something that seemed really dirty.

Lith forgot that the rectal canals and anal in general wasn't dirty in this world at all. People didn't need to poop or pee here once they were above Rank 6. They were thus very clean even back there.

Rimjob was no different than normal cunnilingus and it was even dirty.

But reincarnating from Earth, Lith's mindset was different to things and he still felt that it was dirty. But currently, he was feeling too good to stop Luna from doing what she was doing.

Lith soon felt the urge to come and he immediately realized that Luna would do something to make him not cum.

But a few seconds passed and Luna did nothing.

Lith was still pounding his mother's pussy and within a few more seconds, he came inside her.

Luna stopped rimming Lith and backed away.

Lilith got up from her doggy position and turned around, while having Lith's cock still inside her cunt.

Lilith pointed down towards her seal and made Lith aware that he was supposed to complete some procedures.

Lith bit his index finger and dripped blood on her seal.

Lilith then bit Lith's neck and sucked some blood from it.

A few seconds later, the seal glowed a blood red and disappeared.

Lilith then backed away and pointed towards Lucy.

Lucy was the final one now.

Lith kissed Lilith and walked towards Lucy.

He raised one of her legs up and started ramming his dick into her wet pussy.

Lucy held Lith's face and went in for a kiss. She really liked to do it and finally got the taste of her brother's sweet rose flavoured saliva.

While Lith spread Lucy's pussy by ramming his shaft into her, Luna once again appeared behind him. This time, she pinched Lith's nipples lightly and stimulated him.

Lith didn't even bother to open his eyes and stop Luna. He had already given up resisting.

This lewd maid of his knew almost everything there was about his weak spots. He wondered how she got to know such information or techniques but then realized that she was his mother's personal secretary. It was only natural for her to know such things.

Luna then moved one of her hands down towards Lith's buttohole and inserting her fingers inside him, she hit Lith's prostate once again.

It would've taken Lith around half an hour to cum inside Lucy had he done it the normal way, but due to Luna stimulating him, he ended up cumming within a few minutes.

Lith then bit his index finger and dropped the blood on Lucy's seal. Lucy bit onto Lith's neck and after having a bit of his blood, her seal glowed blood red and disappeared as well.

Lith was finally done and all ladies got their family seals.

Lith kissed Lucy and backed away. As he did, his gaze fell on Luna. He looked at her with his brows slightly knitted. 'This lewd priestess surely needs to be punished.'

Luna, feeling Lith's gaze onto her, looked back and saw that he was slightly annoyed by this.

She simply smiled and didn't feel even the slightest guilt. In fact, she was happy knowing she successfully annoyed him. This meant that Lith would definitely punish her. This was what she wanted!

The family seal event was over and these people were back to attending the vampire marriage ceremonies.

The square pit was back and there was water present in it once again with the silver-crimson moon's reflection being present in the middle of the water.

Luna sat at one side of the square pit and Lith side on one. The ladies sat beside Lith like usual and Luna began the ceremonies once again.

Just a few more ceremonies and the vampire marriage would finally end.

### Chapter 379 Sacred Cleansing Ceremony\*

Luna was reciting verses and the others were listening silently to them.

After a while, Luna was done with it and looking at Lith, she said softly, "we'll begin the sacred cleansing ceremony."

Luna took out a small saucer from who knows where and took some water from the square pit into it. This water was the sacred water. It was imbued with the sacred verses Luna just chanted.

Luna held the saucer in her hands and she was about to drink it down but stopped. She looked at Lilith and noticed her shaking her head.

Luna nodded and got up. She moved towards Lith and squatted down.

Luna dipped her two fingers inside the sacred water and looking at Lith, she said calmly, "Your Highness, open your mouth."

Lith didn't question and opened it.

Luna moved her fingers from the water to above his mouth and soon the sacred water dripped down Luna's fingers and entered inside Lith's mouth.

Luna then dipped her fingers back into the water and looked down, only to find that Lith's shaft was semi-erect. She turned to look at Lilith who was beside Lith and sought for help.

Lilith smiled and held Lith's shaft. She pulled his foreskin back and made it stand erect.

Lith was sitting without any pants and his lower body was naked. The same was the case with the other ladies.

Luna then placed her fingers above Lith's shaft and the water dripped on his urethra and entered inside him.

Luna then moved her hands down and made her two fingers enter inside Lith's butt once again.

After the water was in, she took her fingers out.

Lith was once again surprised by how weird this ceremony was. What even was happening? He wondered.

But his thoughts were soon broken when he was asked to get up by Luna.

Lith did as asked and got up. Luna was still squatting down and her face was close to Lith's shaft. She turned to look at him and smiled lightly.

Lith wondered what she was going to do next.

To Lith's surprise, Luna drank all of the water from the saucer. Her cheeks now looked puffed slightly and it was evident that she hadn't gulped the water down.

Luna then held Lith's shaft and made it enter inside her mouth. She ensured that everything was coated with sacred water and after doing that, she took it out of her mouth.

Luna then made Lilith take Lith's shaft in her mouth. Lilith did as asked. After that was done, Luna took Lith's shaft back in her mouth and coated it fully once again. She then made Lilith get up and made Lith's dick coated with sacred water enter inside her cunt.

Lith honestly had no idea what the fuck was happening and this was so damn weird!

The ceremonies held previously were some light hearted games and he thought that vampire ceremonies were just something that was fun. But who knew that it was going to end up like this? Lith was now a hundred percent sure that this was definitely made by some bored perverted idiot!

Also, Lith was told that this wedding was still very tame. This made him wonder, what would the ceremonies look like which were untamed? How wild could they even be?

Lith's thoughts were broken when Luna took his shaft once again in her mouth and this time made it enter Lilith's ass hole.

Lith's cock entered deep inside her and Luna made him take it out. She didn't let him pound Lilith's ass.

Luna went ahead and repeated the same things with the other ladies. The ladies were just as surprised as Lith, except for Lucy, who already knew about these things.

After everyone was done, Luna looked at Lilith. There was still some sacred water left in her mouth. Luna couldn't drink it as it wasn't meant for her.

Lilith pointed down towards her pussy and said to Luna, "drop a small amount of it to everyone present."

Luna nodded. She moved towards Lilith's pussy and latching onto her pussy, she made some of the sacred water enter inside it. She then moved towards Arya beside her and did the same. Then it was Emilia, then Alexandra, and then Lucy.

The sacred water was over from her mouth and she got back to sitting in her original place.

Luna once again started reciting the verses and the ceremonies began again.

While that was happening, Lilith sitting beside Lith moved closer to Lith's ears and said softly,

"This was very tame, you know? In the untamed vampire weddings, the priestess drinks the sacred water and keeps it inside her mouth. She then takes the groom's dick in her mouth and makes the water flow in. After that is done, she kisses the anus of the groom and makes the water flow in."

"Afterwards, she drinks the water herself. The priestess then pees the sacred water inside the groom's mouth and makes the groom drink it. The groom then pees the water into all three holes of his ladies and cleanses them."

"If by any chance the water is finished, the priestess scoops some more of it from the sacred pit and repeats the process."

Lith's body shivered slightly as he heard that. These damn vampires! Holy fuck! Were they okay in their heads!? What the fuck was up with their sense of morality or even rationality!?

Lith couldn't help but curse in his mind.

But then Lith realized, he was a vampire as well.

'Ah fuck! It seems I'll have to go through all of this. Now it makes me wonder what are the rest of the things that'll happen. Will they be something more lewd than this?'

Lilith smiled, noticing Lith's expressions. She could roughly tell what he was thinking.

She licked Lith's ear and brought him back to his senses. She then said softly, "Nothing much would happen from now and the ceremony would end in a quiet manner."

Lilith then got back to her place and sat silently, listening to the verses Luna said.

As for Lith, he highly doubted this. But he chose to remain silent and just let things flow.

A few more ceremonies and the marriage would finally end!

Chapter 380 Ancient Vampire Language\*

Luna recited the verses and the groom and the brides sat there quietly and listened to them. The language in which Luna was reciting the verses was the ancient vampire language.

Nobody talked in that language anymore or used it on a daily basis. Only during occasions such as marriages and stuff was the language used.

Saying anything in the ancient language was not something good. It had a lot of power in it and the consequences were severe if one recited it wrongly or said something wrong.

Every year, some or other vampire or being would think that it was just a joke and something the vampires were boasting. To test it out, they would try to recite some things and having no knowledge about it, they were bound to mispronounce things and this would result in either their vocal cords bursting, their head bursting, or their body or simply them dying silently.

It was really deadly and dying due to reciting the ancient vampire language was ranked 73rd in the dumb ways to die magazine.

But, Luna was reciting it so fluently as if there were no problems at all.

A few minutes later, Luna stopped the recitation. She then lowered her robes and her tits bounced out.

Lith and the ladies were surprised to see her do that but not too much. There were already a lot of things that had happened and nothing really surprised them too much.

Luna turned to her side and sat while facing Lith and the ladies. Beside her was the square pit containing the sacred water.

"Your Highness, Madam, please come closer." Luna instructed.

Lith and Lilith moved close to Luna and sat in front of her.

Luna then held both her breasts and showing them to Lith and Lilith, said, "Your Highness, please bite onto the right nipple, Madam, please bite onto the left nipple, and don't let go until further instructions."

'Just what is happening...' Lith wondered again. But he still followed and moving forwards, he bit onto Luna's pink nipples.

Lilith did the same thing as Lith and bit onto Luna's left nipple.

After ensuring both were biting onto her nipples, Luna scooped some sacred water from the square pit and brought it close to her mouth.

She recited some verses in ancient vampire language and the water soon started turning red. After it was bright red, Luna drank it.

The water flowing down from Luna's mouth to her throat, it was clearly visible to the other ladies as Luna's fair skin turned bright red whenever the water went through.

The water flowed from Luna's throat and instead of going into her stomach normally, it went through her chest and then, like tributaries meeting and forming into a river, the bright red water converged towards Luna's nipples.

However, to the ladies' surprise, instead of being bright red, the water was starting to turn lighter in colour and as it reached Luna's nipples, it was as if the water had disappeared.

But the water hadn't and it flowed into Lith and Lilith's mouths.

Lith and Lilith both gulped whatever was coming out of Luna's nipples and after a while, the bright red color from Luna's body disappeared and the water stopped coming out of her nipples, indicating that whatever she drank was finished.

Luna then said, "Madam, you can let go now."

Lilith got away from Luna's breasts.

Luna then looked at Arya and said calmly, "Miss Arya, please come and bite."

Lilith backed away and Arya took her position.

Lith was still in the same position and before and wondered for how long he'll have to be like this.

Luna scooped the sacred water from the square pit again and brought it close to her face. She recited the verses and then drank it.

The water flowed down and entered Lith's and Arya's mouth via her nipples. Both drank it and after it was finished, Luna made Arya go away and called Emilia.

The same process repeated with Emilia, Alexandra and Lucy.

After Lucy was made to go away, Luna took another scoop of sacred water and reciting the verses and enchanting the water, she drank it.

Luna then quickly held her other breast and said to Lith, "Your Highness, quickly bite on this as well."

Luna's breasts were big enough to have both her nipples be brought close together and touch each other.

Lith didn't have to struggle to do this. He pressed both her boobs together and having her nipples be close, he bit onto both of them.

The sacred water, instead of being bright red, was blue this time. It flowed down and entered Lith's mouth through Luna's nipples.

After the water was all gone, Luna asked Lith to let go of her nipples.

Lith then went back and sat in his original place.

Luna's nipples had turned red from their pink color and were slightly swollen. It was a slightly painful process as when the water would come out of her nipples, it would sting her greatly. But she didn't show it on her face and to everyone it appeared as if it didn't hurt at all.

Luna slightly massaged her breasts to ease her pain. But as she did, she felt another pair of hands hold her breasts and massage her nipples.

She looked up, only to see Lilith being in front of her and massaging her breasts.

Lilith massaged Luna's breasts and noticing her gaze, she looked at her and smiled. "You've endured this much for us, the least I can do is help you ease the pain. I can't treat my personal maid too harshly now, can I?"

Hearing this brought tears to Luna's eyes and she felt really happy and warm in her heart. She felt really grateful to be associated with a being like Lilith and she thanked her stars to have made her path cross with Lilith's.

After Lilith massaged and made Luna's pain go away, she went back to her place and sat silently.

Luna's swollen nipples were back to normal and had a healthy pink shade to them.

She wore her robes once again and got back to starting the ceremony.

The marriage was coming to an end and just a few more ceremonies and it would finally end!
