### Chapter 491 Lucifer Doesn't Mind

Lucifer's thoughts ran wild as she thought of who those people were that would marry someone so young without thinking twice.

Who could be so shameless?

Lucifer's brain worked at full capacity but even after a few minutes, she wasn't able to come up with an answer.

She gave up on this topic and left it for some later date.

'First I'll finish this date, then I'll finish the remaining episode of that weird art style anime and then I'll masturbate a bit and then I'll make Adriel do some tasks and then I'll...'

Lucifer's 'and then I'll' kept on going and after many such listings, she finally thought,

'...and then I'll finally see who these shameless people that married him are— oh wait, he's right in front of me, I might as well just invade his privacy and ask, hehe.'

'Making people uncomfortable and looking at their deepest darkest thoughts and taking advantage is what demons do.'

Lucifer finally broke the silence between her and Lith and asked,

"You're married?"

Lith was stupefied by the way she asked the question like he was a victim. He couldn't help but ask, "You're asking that now?"

What the fuck was she even doing thinking so much? What was going on in her mind? Lith couldn't help but wonder.

"Uhh... well... Yeah, you're married. Anyway, let's go on a date. I don't mind if you're married or not." Lucifer cleared her throat and said as she felt that she may be looking like an idiot to her nephew for asking such a question.

"I said, I am marri—"

Lucifer's finger suddenly was on Lith's lips and she appeared in front of him out of nowhere.

"Shh... no need to worry. I said I don't mind." Lucifer said softly in Lith's ears.

'But I do! Damn this lady!' Lith screamed in his mind.

He was about to speak again when Lucifer chimed in and said,

"Let's not waste time. I have a busy schedule so let's finish it quickly."

By busy, she meant watching anime and masturbating.

Lucifer vanished in the next instant after saying so with Lith and left the forests of the border area.

\*

A while ago.

Royal Castle, Nightingale.

Lilith walked out of the throne room and was going towards the courtyard to relax and see what Lith was doing.

She was with Lucy before, teaching her things as well as helping her out with some administration-related stuff.

Lilith may not have done her job as a Queen properly before but that didn't mean she had no idea of politics or the government. It was not without reason that the Vampire society was so stable even without her governance.

In any case, Lilith didn't see what Lith was doing for a good while as she was busy teaching things to Lucy.

But now she was free and could go back to watching Lith.

Lilith reached the courtyard and sat down to have some tea and watch her baby. Being with Lith, she was influenced to drink tea.

Just as Lilith took a sip and opened her tablet to look at Lith, she immediately became shocked to see who he was with and almost spit the tea out!

Lilith gulped down the tea and wiping her face, she thought to herself while having her brows knitted,

'Why is she with him? And what is happening?'

Lilith had moved her eyes away from Lith for some time and he had encountered a disaster.

She was currently looking at the disguised Lucifer talking to Lith, recounting her sad tale about how she couldn't find someone of her age to fight.

"What crap!" Lilith couldn't help but say as she watched Lucifer lie with a straight face.

How can she so shamelessly call herself as young as Lith!? Did she forget what her own age was?

"Don't fall for her lies, baby. Don't fall for this scammer!" Lilith said to the screen as if Lith could hear her.

The new personal maid of Lilith, the human lady with a big butt, standing just a bit away from her Madam, was shocked out of her wits to see Lilith react like that.

She had always seen Lilith calm and composed. Never once did her Madam appear to be flustered... Except for now.

The maid wondered what made her Madam react this way and continued to watch her.

Lilith finally sighed in relief when she saw Lith reject Lucifer's blatantly obvious lie and walk away.

"Thankfully, he didn't fall for it. Mhm hmm, I trained him well. I am a good mama." Lilith nodded her head and said to herself.

The new maid became further confused. She could not understand why her Madam said that without context.

In the next instant, the relieved Lilith had a change of expression and became annoyed.

'Tsk. Why is she pestering him like that? Leave my baby alone!'

Lilith considered Lucifer a bad influence. It was because her impression of Lucifer was that she was a lazy bum, a stupid neet, and someone who only watched anime and masturbated while munching on snacks.

Lilith was probably the only person in the world in front of whom Lucifer's impression was so bad. It was not without reason that she was banned entry into the Royal Castle.

Of course, even though Lilith did have such a bad impression of Lucifer, she didn't really hate her and was best friends with her.

Everyone had their unique traits and personalities. Lucifer just happened to have a few traits that Lilith considered to be bad for her children. This was the only reason she made Lucifer stay away from them.

What if her children become lazy neets like her? She couldn't bear to watch them waste their potential and sit at home all day long.

Had Lilith known Lucifer was going to meet Lith, she would've intervened and not let her do it.

But on another thought...

'Sigh. Even if I make Lucifer unable to meet him now, my baby would encounter her in the future anyways.'

The current situation was a bit different than what Lilith had in her mind.

It was because...

#### Chapter 492 Annoyed Lilith

In the future, Lith was going to encounter Lucifer in the Demon Continent. One thing would lead to another and they would be in the same situation as the present.

But in the current situation, Lith ended up encountering Lucifer much earlier. Why that happened, Lilith had no idea yet. She had to see the things that happened before these events took place to understand better.

In any case, this encounter was going to happen anyhow.

Lilith could intervene but she wasn't going to. Despite knowing what the future holds, Lilith would only act as a spectator and do some slight modifications to things to have some fun.

Her one such modification, making Mayzin go on a date with Lith, was what caused the current situation to occur.

Had Lilith not done that, Mayzin wouldn't have been as obsessed with Lith.

Had she not been obsessed and stalking him, Lucifer wouldn't have known about Lith as well and the current situation would never happen.

The timeline would flow naturally and everything would happen according to the memories Lilith had.

But Lilith did do a modification and many events did get changed.

Lilith was yet to look into this.

For now, she could only watch and get frustrated watching Lucifer scam her child and having her way with him.

If she could, she would've already gone there and spanked her ass.

But she couldn't do it.

Not because of being afraid of changing the timeline, but because she didn't want to mess with the flow of Lith and Lucifer's relationship.

Lucifer was going to be in Lith's harem and the encounter that was happening right now was the beginning of their relationship. If Lilith messes with it, Lith might probably not end up with Lucifer and that would be really bad.

Lilith was a good mother and she would never do something so cruel as to take away a potential wife from her son.

Thus, Litlih could only watch with visible annoyance.

Lilith saw Lucifer talk a bit more with Lith and suddenly, she felt as if someone was cursing her.

Of course, who else could it be but...

"Stupid neet." Lilith clicked her tongue and said.

She didn't even need to see through Lucifer's mind to know what she was thinking. It would definitely be along the lines of: 'Bitch this, bitch that.'

She must probably be saying something like that to Lilith.

To confirm her thoughts, Lilith decided to see through Lucifer's mind.

Lilith focused fully on Lucifer and her amethyst eyes started changing colour. It soon became blood red and Lilith heard:

"...Damn that bitch!"

A while later, she heard again:

"...I'll spank her ass!"

"..."

Lilith was speechless as she heard that. This stupid neet, in the middle of a fight with her son, was thinking of such stuff? Did she have no shame?

Oh well, yes, she didn't. She was the most shameless being Lilith knew of.

"It seems she forgot the spanks she got last time." Lilith's eyebrow slightly twitched as she said that.

As for the human maid, she really had no idea that her Madam could show such a myriad of emotions. She had never seen her appear so annoyed and she could only wonder who it was that could bring out such emotions in her Madam.

The only person having the ability to do that was Lucifer. But of course, the maid didn't know that Demon Supreme was the stupid neet.

As Lilith continued to watch Lucifer's fight with Lith, she felt relieved knowing at least Lucifer had some morals and didn't cheat in the fight. She fought fairly and Lilith commended her internally for that.

Had she not, Lilith would've really gone there right about now and slapped her mounds, giving her son the exclusive view of the Demon Supreme's peaches jiggling and becoming red.

The fight continued, days passed, and finally it got over as well.

Lilith didn't move from her position and so didn't the maid. Both were immortals, a few days in a single place didn't matter to them.

Lilith then watched Lucifer's phone getting ringed and she had a smile on her face to see her get annoyed by the phone calls.

Lilith then heard Lucifer calling Mayzin a bitch internally and then her picking up the call.

She listened to the entire conversation and had a smile on her face throughout. Watching Lucifer get annoyed was a delight to the eyes.

Their conversation got over and Lucifer asked Lith out on a date.

A while later, as Lith said he was married, Lucifer's thoughts ran wild.

A few instances later, Lilith heard:

"Damn that bitch!"

"She took her own son's virginity! How shameless! Tsk. Tsk."

Lilith's eyes twitched again as she heard this. The pot was calling the kettle black, Lucifer had crossed all boundaries of being shameless.

Lilith now really wanted to go over there and spank Lucifer in the ass for annoying her so much. But she couldn't as she would disrupt the natural flow.

Lilith had to vent her annoyance out somewhere and it didn't take her long to find a perfect place for doing so.

Lilith clapped her hand once and called out, "Luna, come here."

Right in the next instant, Luna in a maid outfit, with milkers even bigger than Lilith's, appeared right in front of her.

"Yes, Madam?" She bowed and asked politely.

Lilith didn't waste time and said, "panties off, skirt up. On my lap, now."

Luna did as she was told and acted quickly.

Her panties were gone in no time and she lifted her skirt up, revealing her well-trimmed secret garden to the human maid as well as her Madam.

She hurriedly got into position as Lilith asked her to be.

Her big breasts lay on Lilith's thick thighs and her soft and plump butt sticking out in the open.

Pah!

Lilith once again didn't waste time and spanked Luna's ass cheek. This would've been Lucifer's right now had the situation not been so unfavourable.

Luna let out a small groan as she got spanked hard by Lilith. It did hurt, but that's where the pleasure lay for her.

'I have no idea what wrong I did to get punished like this... but oh well... not that I am complaining.' Luna thought to herself as she got spanked.

Pah!

"Mhm..."

Luna now let out a small moan when she got another spank.

Lilith was annoyed and to take her frustration out, she called Luna, the big masochist.

Luna had been a good maid for a long time for her and now was providing great services to her son as well. She deserved attention and rewards.

Lilith wasn't the one who would reward her since Lith was now there to do the job. Luna now belonged to Lith and it would be him doing everything to her.

But currently, the only person in the house who could make the best out of this situation was Luna. It was a win-win for Lilith and her.

Only she could feel pleasure from Lilith's hard spank among all the other maids and thus, without thinking much, Lilith went on a spanking spree to take away her annoyance.

The Human maid, she watched in shock and confusion as the Head Maid moaned while getting spanked hard by Madam. She really couldn't understand the current situation and felt really out of place.

It hadn't been a long time since she became Lilith's private maid and all such things were thus very new to her. She had no idea such things occurred in private.

She wondered whether she would be in that position as well some day or not. Thinking of that made her shiver. She really couldn't be like Luna who could handle such hard spanks and feel pleased. It would definitely hurt a lot instead.

Lilith didn't see the Human maid's reaction and continued to watch the screen in front while spanking Luna.

She then saw Lucifer making a lame joke in her mind stating the circle of life and laughing at it. Then she heard her thinking of making Lith uncomfortable and knowing his secrets.

This annoyed Lilith again, the result of which was Luna getting spanked hard once more and cumming on Lilith's hand, making it wet.

Lilith continued to watch and a bit later, she saw Lucifer her baby's lips and scamming him into a date.

Finally, she saw Lucifer kidnap her baby and vanish!

"My baby got kidnapped!"

Pah!

"Ahhhh!"

Luna bore the brunt of Lilith's annoyance. Her hand was soaked with Luna's cum and as Lilith hit her ass cheeks, it made a wet slapping sound.

This time Luna got hit hard but the more was the pleasure she felt and moaned.

Despite being in pleasure, she didn't forget to listen to what Lilith just said.

'His Highness got kidnapped? How? How is that possible?' Luna thought to herself.

But before she could think more...

Pah!

Chapter 493 Forced On A Date

Star Dragon City.

"Hehe."

Mayzin was watching Lucifer and Lith. She couldn't help but chuckle when she saw Lucifer kidnap Lith into a date.

"I wonder what reaction Lilith would have once she realises this neet kidnapped her son."

Mayzin laughed again after saying so and had her attention back on the two.

\*

Beast Kingdom.

Lucifer teleported with Lith in front of a cinema. If she was going on a date, why not just watch a movie, she thought, and brought him here.

As for Lith...

'I got kidnapped!'

He was taken to some place against his wishes by some strange woman.

Although it was a dream of many boys to be kidnapped by a super hot lady and do some snu snu with her later, this was not what Lith wanted!

He was a married man who already had a lot of hot ladies around him!

Standing beside Lucifer, Lith knitted his brows and tried to run away from her.

He realized one fact and it was that the lady with him was definitely much stronger than him. Fighting her was futile as he would end up either being in a stalemate with her like how it was before or he might as well get suppressed.

The past five days of continuous exchanges made Lith understand this very well.

Lith put his hand in his pocket and taking out the teleportation token from his ring, he held it in his hand and was about to imbue some spiritual power in it and run away when...

Lucifer turned to look at Lith and said, "Where are you going?"

Lucifer was a Supreme Rank, being sensitive to spiritual power and elemental energies was natural for her.

Lith looked at Lucifer with surprise. She could tell he was about to teleport? How?

But despite his initial surprise, he looked at her and said calmly, "Away from you."

Now it was Lucifer who was surprised. "What?"

Lith tried to take Lucifer's hand away from his and said while doing so,

"Lady, one must not force another if you want to establish good relationships."

Lucifer didn't understand Lith's context and neither his words. Looking at him struggle to take her hand off, she asked,

"Why are you trying to take my hand off?"

Lith, still trying to take it off, said in a calm tone, "I don't like you and this situation. I am going away from you."

A forceful situation was never a good thing.

Lucifer was amused to know she was now being seen as a villain to her nephew.

'Did I do something wrong?' She couldn't help but wonder.

As far as Lucifer knew, she didn't do anything wrong. She simply talked with him, fought with him fairly, and then brought him here on a date. Where was the thing she did wrong?

While she was lost in her thoughts, Lith felt the situation become dangerous.

He could now guess that Lucifer was someone really strong, how strong, he didn't know. She was definitely above him in ranks and he also guessed that the previous fight was probably a fake one.

Lith had no idea why Lucifer would fight him and why she would bring him here, but one thing was for sure that he had to get out of here quickly as the situation was dangerous.

A bit of struggling later, Lith realized he couldn't take her hand off no matter what he did.

He clicked his tongue and simply tried to imbue his spiritual power into the teleportation token and escape.

Lucifer noticed this and created a barrier around Lith so that he couldn't run away.

Noticing the energy fluctuations around him, Lith frowned. His guess was now confirmed that Lucifer was indeed someone really strong.

Looking at Lith, Lucifer asked again, "What's with the rush? Even if you don't like me, why are you running away like I am some monster you just encountered?"

Lith, although in a bad mood, stayed calm on the outside and said to Lucifer,

"I don't like being forced into things. I want to leave. If you keep cutting off my escape routes, I'll eventually kill myself and then escape."

"WHAT!?" Lucifer was shocked!

How come this calm and composed nephew of hers was now saying such suicidal things? What even went into his head? What were the thoughts he had?

'Oh no... I probably did something wrong. I don't want to be seen as a bad aunt.' Lucifer thought to herself.

Dates and everything aside, her goal was to be a good aunt. She only just had one nephew and if she didn't even dote on him, then who would she do it on?

Lucifer had two nieces as well and although she tried to get close to them, she was always banned entry for meeting them.

The reason? It was because Lilith and Agalea didn't want the neet traits of her to be passed onto their children.

Looking at Lith struggling, Lucifer knitted her brows. She had to do something or her nephew might really dislike her cool and awesome aunt.

Lucifer let go of Lith's hand and said, "I don't understand what wrong I did for you to have such a reaction, but please don't have such thoughts again."

Hearing that, Lith was confused. His first priority was to escape the moment the hand was taken off but he was taken aback when Lucifer took it off suddenly and said such things.

Lucifer continued, "If I did something wrong that may have made you uncomfortable, do let me know. I don't really understand what I did wrong for you to have such reactions, but yes, tell me and I'll avoid doing it."

Lith knitted his brows again as he heard that. What the hell was happening here? How come this lady suddenly turned to so nice all of a sudden? Did Lith perhaps have the wrong idea of her?

But no, she did force Lith into going on a date which he didn't like. Does she not know of this?

Lith looked at Lucifer and asked, "didn't you just force me into going on a date?"

Lucifer made a confused face. "I forced you? When?"

Lith wrinkled his nose as he further became confused. "Didn't you just bring me here against my will?"

"What? I did?" Lucifer was surprised.

Lith wanted to facepalm when he saw this reaction from the lady in front. It was either the lady was too dumb or the lady had great acting skills to not understand the current situation.

Judging from the looks of the lady, she didn't seem to be acting, Lith came to a conclusion in a few seconds.

He then said, "forget it. I am out."

"No! Wait!"

Chapter 494 L Am Your Aunt

"No! Wait!"

Lith looked at her and asked, "what now? Didn't you say you won't do things to make me uncomfortable? I want to leave, can I not?"

Lucifer shook her head as she heard that. "You can do as you please, but why do you want to leave? Do you not want to hang out with me?"

Lith seriously had trouble understanding the lady in front. The more he conversed with her, the more he felt his IQ drop to the surrounding temperature.

The conversation really had no meaning behind it.

Lith seriously looked at Lucifer and said, "Why would I want to hang out with you?"

"You don't want to? Why?" Lucifer asked again.

Lucifer failed to realize that she was a complete stranger to Lith. Though she may have known Lith even before his birth, Lith had never once seen Lucifer in his life.

He did know that the Demon Supreme was his aunt and that his mother didn't like her, but he had never once seen her and the thought of her being with him never crossed his mind.

The topic of Lucifer was never brought to him almost all his life. How could he even come to a conclusion that the devil was right in front?

But Lucifer wondered why her nephew didn't want to be with her. Was it because she was not attractive enough to him? Or was it because he was married and thus didn't like any beauty other than his wives?

But who even were his wives? Were they more beautiful than Lucifer? Were they as strong as her as well?

Many questions popped in Lucifer's mind as she tried to analyse why Lith wasn't interested in being with her.

Finally, after much thinking, Lucifer realized, 'Shit! I am in a disguise! No wonder he doesn't know it's his aunt! I must show myself or I'll never be able to hang out with him or go on a date. Once he goes back to Nightingale, I know for sure that bitch won't let him meet me!'

'Hmph! In your dreams! I'll hang out with my nephew and spoil him to death. He'll never wish to be with you then. Perfect revenge it'll be.'

Lucifer failed to realise that just thinking won't solve the problems and she had to act on it.

A while later, Lith took a step to walk away when Lucifer's attention was back on him again.

"Wait, don't go."

Lith looked at her and said sighing, "lady, I am not interested in you and don't want to go on a date."

Lucifer clicked her tongue and said, "Don't go before knowing me then."

"Yeah no, not interested." Lith was blunt.

Lucifer walked towards Lith and holding his hands, she said, "Please, why are you being so cold to me? I only want to hang out with you."

Lith was now surprised as he saw her do this. Aren't things changing too fast and her mood as well? Just what was going on in her mind and why was she having such mood swings?

She first seemed like a strong woman, then like a dumb woman, and now like a woman who just wanted to be with someone. What was up with her?

Lith looked at her and wondered why she was so interested in him? Did he have something she liked?

He couldn't help but ask, "Why do you want to hang out with me?"

"I can't even hang out with my nephew?" Lucifer blurted without thinking twice.

"Hmm?" Lith was now confused.

Looking at his confused face, Lucifer only just realised what she just said. 'Oh shiz...'

The arrow was shot and it was too late to take her words back. Lucifer could only awkwardly smile and say while rubbing her hands,

"Ehe-heh-he, you see... Umm well... Ehe..."

Lucifer had no idea what to do. Reveal her identity or run away? The situation was now very awkward.

If she said her identity, she didn't know what would happen but if she ran away, she knew for sure that she wouldn't be able to meet him again.

Thus, weighing the pros and cons, Lucifer decided it was best to say the truth now and not lie.

Lucifer cleared her throat and said to Lith, "Right, I forgot to tell you. I am your aunt."

Lith eyed her suspiciously and said, "...right. I can tell."

He didn't believe her one bit.

Lucifer clicked her tongue as she saw her nephew thinking of her as a scammer again.

"I am really your aunt. No need to be so suspicious." As she said that, she snapped her fingers and her disguise was gone.

She now stood in front of Lith in her original appearance, making Lith raise both his eyebrows and look at her in surprise.

Standing in front of Lith was a devilish beauty with an hour-glass like figure and perfect curves. Big boobs, thick thighs, wide hips, and not to mention her height as well. She was almost as tall as Lith.

She had black-hair and eyes as dark as the night itself. Looking in her eyes, Lith felt as if his soul was being sucked into the deepest abyss. And her red horns... they only just acted as an icing on the cake!

Lith had no idea who this woman in front was, but she sure had looks that could rival his wives.

But still, despite such looks, he really wasn't interested in her romantically and not attracted as well.

Lucifer, who was expecting Lith to show a shocked and amazed expression, couldn't help but frown as she saw him not even flinch.

'Do I perhaps lack looks somewhere?' Lucifer started feeling insecure about herself.

She forgot that she was the top demon in the world, a being whose looks really were unmatched. The only reason Lith didn't show any reaction was because he was used to being around beauties.

Had it been someone else, if they were weaker, they would already lose their mind and would want to r\*pe Lucifer for her beauty. If it was someone stronger, they definitely would want to bed her.

Lith was the exception among all, but Lucifer didn't know this and now felt insecure.

In any case, her insecurities could wait. She first had to clarify the situation.

Lucifer walked towards Lith and once again held his hands and looked him in the eyes. She then said,

"Lith, I am your aunt."

Chapter 495 Lucifer States The Truth

"Lith, I am your aunt."

Looking at the devilishly beautiful lady in front, Lith now had some of his doubts vanish. Though he did have some guess as to who this was in front, he still asked,

"Your name?"

It was better to confirm things without jumping to conclusions.

Lucifer knitted her brows and looked at Lith, wondering how he didn't know her name.

'Did Lilith not tell him?' She wondered.

"You don't know my name?" Lucifer asked.

Lith nodded lightly.

Lucifer's brows furrowed further and she thought, 'That bitch! She didn't even tell my name to my cute nephew! How rude!'

She cursed Lilith a bit more and after a few seconds, sighed and said to Lith,

"I am Lucifer. Your mother's best friend."

"Ah..." Lith was surprised knowing who it was in front. He did guess that it might be her, but now knowing it really was her, he was still a bit surprised.

But then, keeping his surprise aside, he couldn't help but ask,

"Why were you in a disguise? And why did you fight with me?"

Why did she waste so much time fighting when there was no need? Lith had such thoughts.

"Ah well... ehe..." Lucifer was embarrassed to say the truth and smiled awkwardly.

She didn't know what to do in this situation. Tell Lith the truth? Or lie and run away? She was once again stuck in a difficult situation.

If she said the truth, she had no idea what would happen. But if she lied and ran away, she had a hunch that she wouldn't look like a cool aunt to her only nephew anymore.

'What to do?' Lucifer thought. A few seconds later, the demoness couldn't think too much and, 'fuck it. I'll go with the flow and see what happens.'

Lucifer cleared her throat and said looking at Lith,

"I can tell you the truth if you want. But do you promise to not laugh or have a bad impression of your aunt?"

"Hmm?" Lith was confused as he heard that. He had no idea what context Lucifer was saying things in.

"Just promise me, you won't think badly of your aunt, okay?" Lucifer still thought of Lith as a child and she talked in a manner that one would to a child.

Lith had no idea once again but he simply nodded and decided to go with the flow as well.

Lucifer then said, "well, you see... I lost a bet with another aunt of yours. Then in that..."

Lucifer started saying the truth to Lith. She felt it would be better to say the truth than to lie in this situation.

She explained her situation about how she was a demoness whose innate nature was lustful and how she stayed horny most of the time. Though it was a bit weird to say it to a child, Lucifer, at the end of the day, had little to no shame, so it was fine.

She then talked about Mayzin finding a perfect partner for her and it was Lith.

Lith listened intently without interrupting her.

Finally as she was finishing, she said, "Sigh. Aunt really didn't want to do this, Lith. But aunt had to. It's because I've got no one who could potentially be a good partner for me."

Lucifer was correct. Being alone wasn't something that would end well in her case. Till the time she was having sex with Lilith and her other friends, her body was still fine.

But after they stopped, Lucifer had no idea what would happen to her.

Lucifer needed to vent out every few thousand years. It's been almost two thousand years since she last had sex properly.

Though she could abstain for another few thousand years, she would still need to masturbate by herself.

Thus, she was seriously in need of a partner. But of course, she couldn't just date a child, could she? Such were her thoughts. It didn't matter to her if she was his aunt or not, it was just the age that irked her a bit.

After fully listening to his aunt's explanation, Lith understood the situation that was happening. Though he was a bit annoyed that his aunt wasted his time fighting him stupidly, he could get where she was coming from.

She needed a partner and he was a good candidate for her.

Looking at her, Lith thought that she wasn't bad to be a harem member, but like again, he had no romantic interest in her and he would only think of another harem member when his already present harem members are fully satisfied. And yes, he did pity her situation, he pretty much was not going to be a partner.

At least for now.

Lith asked Lucifer calmly after she finished, "then... aunt, what do you want to do from now on?"

Lucifer shook her head. "No idea really. But that aside..."

She held Lith's hand and looked him in the eyes. Continuing, she said, "...you don't hate aunt, right?"

Lith nodded. "I don't. Aunt is not a bad person afterall."

He had no idea why he was suddenly talking like a kid with Lucifer. The only person who he ever talks with like this was his mother.

Maybe it could be due to his aunt sharing the same age as his mother? Lith thought.

Lucifer smiled brightly as she heard that. "Good. Now, let's go on a date then."

Lith rolled his eyes as he heard that. "Aunt, didn't you say you think of me as a child? You still want to?"

Lucifer did say that Lith was like a child to her when she was explaining.

Lucifer nodded. "I still do, but I have to fulfill that Space bitc— ahem, your other aunt's bet. Come, let's go watch a movie."

Lucifer felt it might not be appropriate to say bad words in front of a child.

Lith wrinkled his nose. He could clearly see his aunt was treating him like a child and now it was becoming annoying. She was about to say 'Space bitch' but she didn't.

'It can't be like this. I don't want to be seen as a little child. I am not a child. I would've very well been a middle aged man by now if I was on earth.'

Lith thought he should clarify the situation properly with his aunt or else the next thing he knows, she might as well take him on a diaper shopping while holding him in his arms.

Thinking of such a thing, Lith's body shivered as he felt creeped out.

Although it was fun to be held in the arms of his mother when he was a child, he couldn't picture the same now. He was too old for such things!

'Okay, it's decided. I don't want to go diaper shop— I mean, I don't want to be seen as a child. I'll probably just give a demo to my aunt of my divine fingers and she'll understand.'

Thinking so, Lith said calmly, not showing any trace of what he was thinking,

"Okay. But what movie are we watching?"

Lucifer thought, before asking, "do you have any preference?"

"Not really." Lith answered.

"Any genre you like?"

"Hmm... probably action?"

"Any preference for your mc?"

"Uhh..."

Lith was asked many questions for movie preference by Lucifer.

After each question and answer, Lucifer would list a minimum of three movies and this amazed Lith knowing how much knowledge his aunt had about anime.

Finally, they decided to watch a movie about sorcerers fighting. It was out in cinemas right now and was really good, from what Lucifer saw in reviews. She had yet to see this movie.

But on another thought, Lith felt that action movie might not be appropriate and go well with the things he was about to do with her aunt.

He thus asked if Lucifer was okay with romance genre, to which she replied,

"I like all genres. I don't discriminate."

Lith looked at her and asked, "so you like tentacles and scat genre as well?"

This wasn't an anime genre, but a hentai one. Lith was just trying to joke. He had confidence in himself knowing Lucifer might not get it.

But oh well...

Lucifer knitted her brows and said, "No, I don't like that those. I have no idea how people would ever get turned on by those things. Eww."

"I maybe a demon, but even I have some standards."

Lith was surprised to hear that. 'So she sees hentai too?'

Now Lith was more curious about his aunt and felt she was probably a bit interesting.

He was forgetting that Lucifer was a demon. Not just any, but the one above all. She knew all dark fetishes and fantasies there were and Lith was indeed a baby in front of her when it came to such things.

But of course, Lucifer wouldn't say such things to Lith and explain to him. She was trying to not cuss and corrupt his innocent soul.

When Lucifer said she was a demon and had some standards, she was referring that there were some things in the world that even the most scummiest, corrupt, and filthy beings in the world, aka demons and devils, didn't like.

Scat genre being one such thing that Lucifer hated from the bottom of her heart. She regretted ever watching one such hentai. It turned her off so much, she didn't bother to masturbate for a couple hundred years, until she ended up finding a good vanilla hentai.

But of course, she wasn't going to say this to Lith.

Lucifer got absorbed in her thoughts and clearly forgot to ask Lith how he knew of such things. A child shouldn't know of hentai, should he?

Lith, he talked with her a bit before they finally decided to go see a rom-com movie. It was a light hearted one and Lucifer felt that this movie might be better suited for Lith.

It had no gore, no sex or anything, and it was just a wholesome movie overall. She had seen its trailer and reviews so she knew about it.

It was a perfect movie to watch with her little nephew and it wouldn't corrupt him as well.

Lucifer would also get to spend some quality time with him and bond properly, eventually becoming closer with him.

But little did she know...

Chapter 496 Lucifer Has No Milk

Inside the cinema hall.

Lith and Lucifer were seated in the center seats. The movie had begun and apart from them, there was no one else present.

It was not because of Lucifer, but due to Lith.

When buying tickets, Lith showed his Black Card and he ended up having all the seats for himself. It amazed Lucifer who wondered what sort of card this was.

If Lucifer wanted to do the same thing, she could also do so by using her powers. She could hypnotize people into leaving and could have all the seats for herself. Or she could call Adriel, her secretary, and ask her to arrange the show for her.

But she didn't have something as convenient as Lith's card. Amused, she decided to copy this idea and get it implemented.

In any case, both were now alone, watching a wholesome rom-com movie.

Lucifer got herself a tub full of popcorn and munched on it while watching the movie. As for Lith, he simply sat and watched silently as he had some other plans.

A few minutes into the movie, Lith decided to make his move.

He turned to the side and looking at Lucifer's beautiful face, Lith said, "Hey aunt, come closer."

He put the armrest separating the two up and called her closer to him.

Lucifer didn't think much and simply moved closer. Her attention was more on the movie.

As she got close, her body touched Lith's.

Lith then turned his body a bit to the side, facing Lucifer, and slowly moved his hand toward her belly.

Lucifer noticed his hand was now on her stomach and turned to look at Lith. She asked in a hushed whisper, "What are you doing?"

She wasn't angry or creeped out by Lith's actions; No, she was just curious.

"Just relax and keep watching the movie. You'll know soon what I am doing."

"Alright." Lucifer shrugged and got back to watching.

She wasn't an angel to freak out if someone touched her like that. Nor was she a young girl. She was a demoness and also a mature lady. She didn't mind if someone she was close with touched her inappropriately anywhere.

Lith was her best friend's son and also her nephew. She knew about him way before he was even born and thus shared some closeness with him.

Lith wrapped his hand around Lucifer's waist and brought her further closer to him. With his other hand, he once again began to caress her abdomen.

Lucifer was watching the movie without caring about what Lith was doing to her.

To her, it just felt like some childish stuff he may be doing, and let him continue.

Lith's hand then moved up towards Lucifer's big breasts and only now did Lucifer feel something was up.

She turned to look at him and asked while munching on some popcorn, "Do you perhaps need milk?"

He was a child, maybe he needed to be breastfed? Lucifer had such thoughts.

"What?" Lith was confused.

Lucifer looked at him, dead serious, and asked, "do you want milk?"

"Why would I want milk?" Lith was confused. Not understanding why Lucifer was asking such a question.

Lucifer then looked towards his hand and said, "then why is your hand on my breast? Are you sure you don't need milk?"

"..."

Lith was utterly speechless as this happened and simply stared at Lucifer with a dumbfounded gaze.

Lucifer did not see anything wrong with what she was saying. She looked him in the eye and said again, "I don't really have milk in my breasts to give you though."

A vein popped on Lith's forehead as he became annoyed by Lucifer's comment.

No one has ever done such a thing to him. 'Damn this aunt of mine!' He cursed in his mind. 'She really thhinks I am a baby, doesn't she?'

Lucifer's ability to annoy people was unfathomable.

If she could even annoy a Goddess like Lilith, then how could Lith even stand a chance against her?

She managed to annoy him even without putting in any effort and it was not even on purpose!

Lith thought of teaching his aunt a lesson and he immediately put his hand inside her black t-shirt and moved it up toward her breast.

He was slightly surprised to discover that she was not wearing any bra but it did not matter to him. His annoyed self continued his aggressive advances on her body.

Lith imbued some Lightning between his fingers and pinched Lucifer's nipples, jolting her. A wave of pain and pleasure caused her to shiver a bit and she turned to Lith.

"Hey! What are you doing?" Lucifer couldn't help but ask as Lith pinched her nipples again.

"Proving a point to you," Lith smirked and replied without hesitation.

He then pulled at her nipple. While doing so, he injected some lightning inside her, causing her to shiver further.

Lith's other hand, which was wrapped around her waist, slid down her gray sweatpants. Once again, he was surprised to find her not wearing any panties.

He couldn't help but ask, "Why are you not wearing any bra or panties?"

Lucifer didn't even look at Lith and continued to munch on popcorn as she replied, "too much work. It also feels uncomfortable."

She suddenly realized where her nephew's hand was. She narrowed her eyes at him and asked, "That aside, why are your hands in my pants?"

"To finger fuck you, why else?" Lith said it straight to her.

Hearing the answer, Lucifer raised an eyebrow. "Child, don't you— Mhmm..."

As soon as Lith heard the word child, he injected some more lightning in Lucifer's nipple and stimulated her, causing her to moan.

"I am not a child." Lith finally couldn't help but say.

"You are," Lucifer replied.

"I am not."

Lith asserted his statement by grazing past Lucifer's soft labia. He massaged the two lower lips for an instant. Then without waiting, he shoved his two fingers inside her pussy, causing her to let out a surprised gasp.

"Ahh— hey, you'll break my hymen. Be gentle." Lucifer chastised, enjoying Lith's fingers inside her.

"Hmm? You're a virgin?" Lith couldn't help but ask.

Lucifer turned to look at him and answered, "Obviously. What makes you think I am not?"

"Didn't you say you had sex before?" Lith asked.

Lucifer nodded. "I did. But it was not with any man. It was with other ladies. We just used to finger each other, then—"

"Okay, stop. I don't wanna know." Lith said.

Lucifer smirked when she realized she had made her nephew uncomfortable. She couldn't help but want to tease him when she saw his reaction.

Lucifer brought her face close to Lith's. She placed her index finger under his chin and slowly raised his face. As his amethyst eyes met hers, she softly whispered,

"You know... I fucked your mom."

She ended the sentence by whispering it in his ears while blowing hot air on his neck.

Lith blinked twice and his brain was trying to process what was happening. Lucifer said or did things too randomly.

After understanding what was happening, he felt as if Lucifer was trying to imitate a bully who would make 'Yo mama' jokes or say I did this and that to your mom.

Lith was about to get annoyed when something clicked in his head. He smirked and replied,

"You know..."

"I did the same."

'HAHAHAHA!'

Lucifer laughed in her heart, not expecting such a reply. She really wasn't expecting it, but she did not show it on her face and controlled her smile.

She said further in a sultry voice, "It seems we have something in common."

Lith nodded. "Indeed." Then he smiled and continued, "but the only difference is, I can still go back home and have sex, while you have no one to do it with."

"..."

Chapter 497 Lith Won't Sleep With Some Strange Woman

"...to have sex with."

"..."

Now it was Lucifer whose brain was trying to process what just happened. After understanding that she had just been smacked verbally, she held Lith's collar and mock raged,

"You little demon!"

"Correction: Vampire," Lith corrected her with a wide grin.

Lucifer clicked her tongue and laid back on Lith's body. She put her popcorn to the side and said while closing her eyes,

"Let's see how your finger play is. I don't want to be without a partner for life. I am going to give you a chance. Though it still feels weird to be touched by a child."

Lucifer then thought in her mind, 'thankfully there's no police here or I would be jailed by now.'

Lith's sarcastic comment had, in fact, touched her sore spot. She had been partnerless for a long time and if she didn't have one soon, she'll face some serious problems.

Lith was just two or something decades old in her opinion. He was not even 0.001% of her age. To qualify to be called an adult, in her opinion, he must at least be five thousand years old.

But oh well, she could do nothing about it now. She really needed a partner and was thus willing to give Lith a shot.

If he could satisfy her, then she'll consider him as her potential partner. Though she was still a bit irked with herself that she was fooling around with someone so young.

'I hope I don't get called a shotacon.' Lucifer thought to herself.

Having full access to her body, Lith was about to continue fingering his sexy aunt when Lucifer stopped him.

"Put this on your fingers." Lucifer slapped a talisman on his two fingers and it disappeared after wrapping itself around his fingers.

"What's this?" Lith asked.

"It's to protect my hymen. Your fingers have a good chance of breaking it. I don't want to lose my virginity to some child's finger."

"..."

'Damn this aunt of mine!' Lith cursed.

He aggressively kneaded her breasts and put his fingers deep inside her. He moved them rhythmically in and out, massaging her inner walls.

Lucifer closed her eyes again and tried to feel Lith's technique.

Lith brought some lightning on his thumb. While fingering Lucifer's cunt with his middle and ring finger, he rubbed her clit with his thumb, causing the lightning to jolt her clit.

"Ohhh..." Lucifer's legs clamped together as she felt the first wave of pleasure hit her.

She opened her eyes and looking at Lith, said, "Not bad. Not bad. But your mother's fingers are definitely much better."

She was provoking Lith so that he would use more such techniques. Being a demon, provoking anyone was as natural as breathing to her.

Lith knitted his brows and continued to finger her.

While doing so, he felt something tickle his fingers inside. He ignored it because he was getting annoyed by Lucifer's comments.

Lith continued to stimulate her boobs and her pussy and a while later, Lucifer had a small orgasm. Her sweatpants were soaked in her own juices.

She got up and stretched lazily. Keeping her posture where her boobs pushed against her t-shirt, she commented, "Good but you still need to learn a lot to satisfy me."

The Demon Queen wasn't so easy to be pleased.

Lith knitted his brows. First Lucifer thought of him as a child and now his techniques were being questioned.

His fingering techniques had brought five ladies of different cultivation levels to orgasm. How come he failed to do so with Lucifer? Lith could not understand the reason.

It was only natural he wouldn't know. His ladies were deeply in love with him. They would cum even with his slight touch, let alone when he used his fingering techniques.

Lucifer wasn't in love with him. She even thought of Lith as a child which was a bit of a turn-off for her. Thus, his techniques could not bring her to a shaking orgasm.

But yes, she did feel that his techniques were good. But they weren't good enough to blow her mind.

Lith clicked his tongue and said, "I guess I'll need to prove my prowess in some other way."

Lucifer smiled saucily and said, "Sure. Why not? But until you can bring me to the brink of pleasure, I am not going to let you take my virginity."

Lith raised his eyebrows in surprise. This was not what he meant.

"Why do you think I want to take your virginity?" Lith asked.

Lucifer tilted her head in confusion. She then asked, "You don't want to? Is your aunt lacking somewhere? Am I not hot and sexy enough for you?"

She then flaunted her body and showed her curves to Lith.

Lith shook his head. "I am a loyal man. I would never sleep with some strange woman."

Lucifer knitted her brows. "I am a strange woman? I am literally your aunt!"

She then bent down and looked at Lith's face in a close-up.

"And also, don't you young boys have a fetish to fuck your hot aunts? You know, something like NTRing your aunt's husband and fucking your aunt behind the whole family's back. Don't you have such fetishes?"

Lith facepalmed as he heard that. Just what was going on inside Lucifer's head to think of such things?

Lucifer, the full-time otaku, had read many doujinshis online. She thus thought that many young boys had such fantasies.

Lith got up and placed both his hands on Lucifer's shoulders. He then said seriously,

"Aunt, by any chance, do you need some help?"

"What?" Lucifer was confused.

Lith shook his head. It seemed to him that his aunt was a gone case. There was no point in talking to her about those things.

He changed the topic and said, "I'll get you your shaking orgasm later. I didn't know you were so shameless at the start. Had I known, I would not have brought you here to the cinema but taken you to a love hotel."

"This atmosphere is only perfect for light teasing. Also, it only works when the lady you're bringing out is shy."

Lucifer caught his point and asked with narrowed eyes, "do you not think I am shy?"

Lith wrinkled his nose and refuted her with a straight tone, "if you're shy, then NGNL will have a season 2."

"You rascal." Lucifer pinched Lith's stomach as she understood the reference.

Lith chuckled. "Alright, I am gonna go. I have work to do. I'll see you later."

Just as Lith was about to leave, he felt a tap on his shoulder.

Lith turned back and saw Lucifer looking at him with a smile. "Where do you think you're going?"

"To do something I was in the middle of?" Lith answered.

Lucifer smiled again and said, "you're not going anywhere until you fix that sloppy technique of yours."

"Aunt, I am not going to finger you—"

"I am talking about the way you use the Destruction elements. Also, your proficiency with the Dark element is crap. I can't even fathom how it would be with Death, since I didn't see you use it."

"Huh?" Lith was taken aback.

Lucifer shook her head. "Tch. Tch. Tch. I don't want to work, but if I let you go with such sloppy techniques, I am sure your mother will fuck me up."

"And I do want to get fucked, but not in that way."

"Yeah, no, I am—"

Lucifer cut Lith off by pulling him close to herself.

She slung her arm around his neck and said, "Let's go! It's time for some aunt-nephew bonding!"

Chapter 498 Lith Is Annoyed

Lucifer appeared in mid-air, holding Lith in her embrace, who was struggling to get away from her.

"Hey, leave me! I have work to do!" Lith said.

Lucifer chuckled. "Sure."

Saying so, she sealed his wings and his spiritual power and dropped him.

"Oops, seems like you said it at the wrong moment." She covered her mouth and giggled.

"WHAAaaa....aa...a..."

Lith's voice trailed off as he fell down. He cursed in his mind, 'Damn it. This aunt of mine is sure troublesome. I'll definitely get my revenge someday soon.'

'But for now, how am I gonna land safely? I'll be dead if I hit the ground at this speed!'

With his cultivation sealed, Lith had no way to slow himself.

While he was thinking of ways to solve the problem, he was getting closer to the ground and could hit it at any moment. But before that happened, he felt someone grab his collar.

Lith looked up and saw Lucifer. He knitted his brows and looked at her with annoyance.

Lucifer chuckled. "What? I am a good aunt, ain't I? I didn't let you fall and saved you."

"Sure. Sure." Lith said sarcastically.

Lucifer then put him on the ground and stood beside him.

Lith dusted his clothes and looked around to see where he was. He found himself to be present in a small village somewhere in a deserted area.

Before he could analyze his situation further, Lucifer grabbed his collar again and took him a bit above the ground. She then yelled,

"HEY! LOOK, I FOUND A VAMPIRE!"

Thud!

Lucifer dropped him on the ground again after saying so.

Lith was confused and as he looked around, "What the—"

Rumble... Rumble...

He heard a loud rumbling followed by loud howls coming from all directions. From the sound of it, they were all coming towards him.

"DID SOMEONE SAY A VAMPIRE!? OUUUUU!"

"The village has not had a vampire in ten thousand years. Ouuuu!"

"WHO DARES ENTER THIS VILLAGE!?"

Looking around, a dust cloud erupted away from Lith, behind which the rumbling sound was coming from and also the howls.

As the dust cleared, Lith saw a lot of tanned-skin people running towards him.

He squinted his eyes to look clearly and said, "they are—"

"Werewolves, my child, Werewolves," Lucifer said with an air of authority, as if she was some wise old man with high cultivation, revealing the divine secrets to a mere mortal child.

Lith, he could swear he had a feeling of beating his aunt first before anyone else. She had been acting annoying all this time.

"Where am I? Why are there so many werewolves?" Lith asked.

Lucifer smiled and explained, "you're in the Werewolf Continent. I found a village with many strong Werewolves. Most are Saint Ranks and there are also a few Half Kings. I have no idea why those people with high cultivation are here, but oh well, since it's away from the capital, it's fine."

"Oh, by the way, they hate Vampires to their core, so good luck trying not to get killed. Also, you only have Dark, Death, and Destruction elemental energies for use. I've sealed your affinities for the other elements."

"I am watching from a bit away, if you need any help, don't call me. Sayonara~"

Lucifer left after saying so, making Lith further annoyed.

'It's confirmed. Once I become stronger, I'm gonna spank this damn aunt's ass cheeks till they are swollen.'

The apple doesn't fall far from the tree, they say. Lith was currently having the same thoughts as his mother when she was annoyed by Lucifer.

'But first, I have to get out of this situation.' Lith thought to himself.

He looked at the werewolves closing in and suddenly, something struck him. 'Oh wait, I can always use my teleportation token and run away.'

Lith checked his pocket to get away, only to realize he didn't have his space ring or any other defensive artifact on him.

Lith frowned hard as he saw everything had been taken away.

"DAMN IT! I'LL DEFINITELY WHOOP HER ASS THE NEXT TIME I SEE HER."

\*

Not far from Lith, Lucifer tossed a space ring in her hands as she sat on a comfortable chair, drinking a cocktail. She had put on sunglasses and a hat as if she was on a holiday.

"Fufufu... he seems angry." Lucifer chuckled.

She then continued, "hmm... he says he'll spank my ass. I wonder how he'll do that? With his hands? A belt? Maybe a stick? HmMmMmmM, is he perhaps into BDSM?"

"How kinky and lewd."

"As expected of my nephew, umu." Lucifer nodded her head proudly.

She continued to sip on her drink and watched Lith face the bloodthirsty werewolves charging towards him."

\*

Royal Castle, Nightingale.

Lilith was sipping on some tea while her maid stood behind her.

Luna had left after Lilith stopped spanking her. She had some pretty good orgasms but her butt stung. She had to get some ointments to apply to her stinging buttocks to hasten the healing process.

Spanking from a Legendary Rank was no joke. Even if Luna was an Emperor Rank and a vampire, her innate regeneration was not enough to speed up her healing and thus she needed some ointments.

After she left, Lilith continued to watch Lucifer. She was slightly annoyed when she saw her son finger Lucifer. She did not want him to have any attachments to her, but then she was even more pissed when Lucifer told Lith that she had fucked her.

'When did I get fucked by Lucifer? Wasn't it the other way round?' Lilith thought to herself. 'Since when did this demon have the power to do that? It seems she really has forgotten her previous spanking.'

'Also, I think it's time I help my baby a bit. I don't know why my future self said to give him these coordinates, but I am really afraid he'll get hurt.'

'Sigh... but I have to give it to him even if I am really reluctant. She did mention that it's related majorly to his growth. If I don't give it to him, he'll suffer a major loss.'

'Tsk. I guess I'll need to trust my future self.'

After her thoughts were over, she continued to watch Lucifer and Lith.

Their fingering session was over and after a small talk, Lucifer decided to train Lith.

Lilith nodded and she was pleased with Lucifer. Helping her son out in cultivation was a good thing. But when she saw how Lucifer planned to train Lith, Lilith let out a series of curses.

"This damn lazy neet. She isn't even there guiding him on how to use the elements and is simply waiting to see him be beaten up."

"If I could, I would've really made her butt swollen."

The Human maid, standing behind Lilith, shivered. She immediately asked,

"Madam, should I call Luna again?"

Lilith turned around upon hearing the question and looked at her maid with surprise.

'So she finally has the guts to speak? Good.'

The new maid did not speak anything more and simply waited for orders. She wasn't as open as Luna who spoke anything that came to her mind.

Lilith was constantly trying to change this habit of hers and finally, it was showing effects.

The maid was afraid to speak, but she was trained to always look out for the best interests of her Madam. Thus she asked whether to call Luna or not.

"No need. That poor lass has suffered enough today." Lilith said and went back to watching Lith on the screen.

The maid nodded and stood still, waiting for further orders. But in her head, she was thinking,

'Suffered? Madam sure knows how to joke.'

Empress' Castle, Star Dragon City.

"Damnnnnnn. It hadn't even been an hour since they met and his hands are already in Lucifer's pants." Mayzin was shocked.

She didn't expect this to happen so fast. She thought Lith might act shy or something. She did not expect him to straight away go for Lucifer's pussy.

She then squinted her eyes as she saw something.

"She's moaning? She's moaning!" Mayzin exclaimed.

To make Lucifer moan like that, only Mayzin knew how much skill it required.

This damn Lucifer, although very horny, would never simply cum with mere fingering. She needed a lot of stuff to stimulate her and only then would she climax.

Only Lilith was proficient in bringing Lucifer to a shaking orgasm and both Mayzin and Agalea used to have a hard time making her climax.

Mayzin suddenly remembered that it once took her almost a week to get Lucifer to have a big orgasm from fingering.

It was because Lucifer was so hard to please that nobody wanted to have sex with her and avoided her.

Well, Lilith was an exception. She didn't avoid her, she simply had her reasons to not sleep with Lucifer anymore.

She then saw Lucifer's expression change. By the time the fingering session was over, she could see that Lucifer had a small orgasm.

"Damn!" Mayzin exclaimed again. Her nephew sure knew how to have his way with a woman.

But then she saw Lucifer say that his techniques were just okayish. Also, he would only have access to her only if Lith could bring her a shaking orgasm.

"What!? Bitch, don't ask for something impossible." Mayzin commented.

This poor child was straight-up being bullied by this damn Lucifer.

Bringing her to a shaking orgasm was like asking a toddler to push a truck. How the fuck can something like this happen!?

Mayzin could only pray for Lith and hope that he doesn't fall for such tricks from Lucifer. She also hoped that Lith would act smart and avoid Lucifer.

She wanted to see something fun come out of his interaction with Lucifer, but now she was pitying the poor child.

"Tch. Tch. I guess I'll apologize to him for bringing this demon to him when I go on a date. Wait— No, no. I am not going on a date!"

Mayzin suddenly realized what she was thinking and shook her head. She then clicked her tongue and said,

"Damn Lilith, why must you give me such a bet."

#### Chapter 499 Lith Vs Werewolves (1/3)

Many burly and tanned-skin men came running towards Lith. They wore baggy trousers, an open vest and had different styles of turbans and hats on their heads. To Lith, they looked like clothes from fantasy Arabian tale characters.

There were women in the group as well wearing Arabian-themed outfits with veils on their faces.

Each race had its own distinct culture and clothing. They were heavily influenced by the reincarnators from Earth and everyone lived different lifestyles.

The Werewolves followed the theme from middle-eastern Earth. Many could be seen wearing the clothing of sheiks everywhere in the Werewolf Continent.

It suited them as the continent was half desert and half forest. The days were really hot here and the nights were cold.

Loose clothes helped them deal with high temperatures during the day. As for cold nights, they still wore the same clothing as they preferred the cold.

Lith saw the hairy werewolves in baggy trousers rush towards him with bloodthirsty eyes and hands itching for a fight. No Vampire had dared to come to their village in ages. Now that one of them was here, these Werewolves were more than happy to welcome the intruder with their sharp claws and bloody maws.

Lith took a deep breath and regulated his breathing. He had no other choice than to defend using his limited elements. He knew that the faster he finished his aunt's sadistic training, the faster he could leave this place.

He extended his hand and felt the Destruction energy around him. He then tried to make a sword out of it, only to be called out by Lucifer who shouted from afar,

"Stupid! Use necromancy spells and summon some skeletons or something. Use your head, use AOE attacks!"

"If you keep doing such idiotic things, you'll never become stronger and get in my pants!"

A vein popped on Lith's head as he was annoyed by her commentary. No wonder his mother hated Lucifer so much.

He was going to use Death elemental energy but he also had to get ready to fend off any long-range attacks that might be coming toward him.

But he knew Lucifer wouldn't stop taunting unless he used some AOE attacks.

Lith stopped making the sword and focused on summoning a few undead creatures.

He bent down to touch the ground and placed his palm on it. Then he activated a Rank 9 summoning spell.

Magic circles appeared on the ground in a hundred-meter radius. Soon many creatures, both terrestrial and flying, appeared from within.

Lith commanded them to attack the Werewolves closing in and they obeyed without hesitation.

"Hah! Mere beasts!" A werewolf commented.

"GET THEM, EVERYONE!"

"I'll fend off these beasts, charge towards that leech and get him first!"

"Roger!"

"OOOUUUUUUU!"

The Werewolves were fired up and ran towards Lith with all their might.

Lith hadn't stopped with the summoning spell. After he was done using a Rank 9 spell, he noticed not even 1% of his spiritual power was used.

Lith then raised his hand and slowly brought it down in a manner as if he was opening a zip.

A portal soon opened up. A thousand flying demonic beasts appeared from the portal, their screeches piercing the soul.

"SHIT! THERE ARE MORE!"

The Werewolves were alarmed!

"Hey, I don't think we'll manage well with this."

"YES! YES! CALL THE ELDERS! CALL THE CHIEFS! CALL EVERYONE!"

Lith's power scared them as many summoned beasts came out, one after another.

Lith didn't stop here. He checked his spiritual power and found only half a percent of it was used for a Half Saint Rank spell.

Lith raised both his hands and drew magic circles in the air. He drew some in front of him and then some at his sides.

Finally, when he was done, he chanted a spell. Then he looked straight at the Werewolves and bit his index finger, making blood ooze out of his wound.

A drop of his blood fell down on the ground. As it did, Lith calmly commanded,

"Charge."

BOOM!

A thousand more demonic beasts appeared all around the Werewolves. They screeched, howled, and went after them rabidly, shocking the pack of Werewolves.

"Hey, dumbass! Instead of having those beasts charge at everyone, you should've made a group of two or three to charge at one person." Lucifer criticized while sipping on her cocktail.

Lith ignored her as the mere sound of her voice was now annoying him.

In his opinion, randomness was better than organized attacks. Then people would not have any idea which beast is attacking whom and from where. This way, they might cause more damage.

Of course, this also meant that some beasts would not attack the strong people and would go for the weaker targets first. But Lith also had plans to deal with this problem.

Lith created a bow and arrows from the destruction element energy. He planned to shoot them toward the stronger people of the pack.

"The way you crafted the bow and arrows is worse than the craftsmanship of a toddler! Keep your hands steady, fool!"

"If you can't even have proper control over your hands, how are you going to bring me to a shaking orgasm with those fingers?"

Lucifer was trash-talking like no tomorrow. Lith might not know it but this full-time otaku was also a gamer who had a long experience of trash-talking in the game lobbies. She had also been on the receiving end of some A-grade trash-talk and learned from the best.

She has had a hundred thousand hours of playtime on the world's most famous online fps game. She ranked in the top ten in that game before she got bored and left it.

Annoyed by her comments, Lith tried his best to ignore her. He focused more on the battle than on her words.

His brain was now adapting to her commentary. He could now filter the trash from the good advice. Still, it did not mean he was not annoyed. In fact, Lith could swear that Lucifer was the most annoying person he had ever met.

Lith cast a spell on both his hands and steadied them. He then made another bow but felt his hands shaking again.

His hands were shaking from the unstable Destruction energy that he was taking from the surroundings.

Energies are always present in equilibrium with the surroundings and thus they aren't seen.

But when someone tries to break the balance, like Lith was doing, the energies would become unstable and resist. Energies would try to get back to their original equilibrium and resist the person trying to use them.

This resistance was the reason why his hands shook as it drained his power to keep energy in control. It was not easy to pull out energies from the surroundings and make an object with it. That's why only the Saint Rank and above were capable of this feat.

At the current stage, pulling the energy from its equilibrium was equivalent to a mortal trying to pull a carriage containing a thousand kilograms of goods with one hand.

It was difficult, but that's how much force was needed to simply make a bow.

But yes, the more difficult it was, the more powerful it was in the end.

Lith was soon able to properly make a bow without his hands shaking. He then created a few arrows as well to use with the Bow.

Lith shot the arrows straight at some Werewolves that looked like they were trouble and killed them in one shot.

The others were alerted and immediately went on their guards.

Lith killed a few more people with his Destruction arrows before finally feeling that his hands couldn't take it anymore.

He let go of the bow and let it be assimilated with the surroundings, returning it to its previous form.

Lith then tried to make a simple Destruction sword that wouldn't cost as much energy. He then cast a Dark spell on himself, becoming invisible, and rushed toward the Werewolves.

Just as he took a step, Lucifer's voice rang out in his ears.

"The way you cast that invisibility spell is so bad that if you try to peep at me while I am bathing with that pathetic spell, I'd not even be angry and show you my tits simply out of pure pity."

Veins popped on Lith's head and he couldn't help but shout in Lucifer's direction,

"WHO WANTS TO SEE YOUR TITS!?"

Listening to him shout suddenly, the Werewolves were confused. Even though they were engaged in battle with the summons, a thought still crossed them:

'Is that guy going insane?'

They couldn't hear Lucifer's voice. It was only Lith who could hear her shout. They couldn't see anyone apart from Lith and thus had an impression that he was probably a madman.

Lucifer, who could feel Lith's annoyance from his tone, chuckled and continued,

"If you dream about fucking me in my sleep and surprising me, make sure to first blend the surroundings into the spell, instead of blending the spell into the surrounding. Then cover yourself with it."

Lith was still very annoyed but Lucifer's advice made him think of things deeply. He tried doing what she said. After failing a few times, he finally got the hang of it.

Lith then walked towards the Werewolves and to his surprise, despite being in front of them, they weren't able to even feel a hint of his presence. It was as if there was no one.

Lith then pointed the sword at the neck of one random person and was about to slash it, but he didn't do it.

He noticed that the instincts of the Werewolf did not detect his presence.

'Interesting,' Lith felt amazed by this new proficiency he was gaining.

He cut the Werewolves one by one and returned to his position to save some energy.

Soon, the elders and the chief of the village arrived at the scene.

Looking at so many dead people, the chief yelled angrily,

"WHO DARES!?"

Chapter 500 Lith Vs Werewolves (2/3)

The chief of werewolves was a two-meter tall muscular bald man with tanned skin and a big beard. As soon as he came out, he yelled at the top of his lungs when he saw his pack members dead and heavily injured.

He first transformed his hands into the Werewolf form and slashed away all the summons he could. The elders helped him with clearing the summoned beasts. After every summon was destroyed, he checked up on the pack members and ensured their safety.

The enemy was beyond their level, and only someone at the chief or the elder's level could deal with him.

The chief was a Half King Rank while the elders were all Saints. Once they were done evacuating the people, they looked at their enemy.

He was a lean silver-haired boy, a few inches short of two meters, standing right in front of them.

He held a black and magenta colored sword, which the chief and the elders could make out was made from Destruction energy. His eyes were looking right at them with a calm gaze as his long hair fluttered in the breeze.

His deep purple eyes showed calmness and seriousness.

"Chief... who is he? How did he come here?" An elder asked.

"No idea. But it doesn't matter. There is no room for discussion anymore. The debt of blood will be paid by blood. Get ready."

The elders nodded and transformed into their werewolf forms.

Since the sun was out, they were not able to take full advantage of their transformations. Fortunately, it was almost time for the sun to set. As long as they persevered for a few hours, the battle would turn in their favor.

Lith was able to look at them calmly because Lucifer hadn't trash-talked for a good two minutes. He continued to do so as intimidation was another aspect of war.

As they continued to stare, Lith's calm facade was shattered because he heard Lucifer speak in his mind.

"Damnnnn! You know, you look really hot standing there so menacingly. If it wasn't training and you weren't so stupid and failing at the proficiency of those three elements, I would've already kidnapped and r\*ped you in some back alley."

"So hot! But looks aren't enough to bed me, mister. If you can't even win such easy battles, how will you win the battles in bed with me?"

"Go! Go! Go! Show 'em watcha got my Lil nephew!"

More and more veins popped on Lith's head as his annoyance and frustration peaked. But he had to remain in character or he'll lose focus, eventually giving the enemy an opportunity to attack.

He swore to himself that he's gonna beat Lucifer's ass so hard that she won't be able to sit or walk properly for a few days.

The chief and the elders, unaware of what was going on inside Lith's mind, readied their weapons. At the chief's command, they all charged toward Lith.

"ATTACK!"

The seven Werewolves, six elders and one chief, charged toward Lith.

Six Saints and one Half King Rank was something Lith had never handled before. It would truly be a new experience for him.

Lith slowly walked towards the seven and maintained his calmness.

As he walked, his sword made a trail on the ground, causing a rift to appear. Demonic screeches could be heard from the rift, and finally, the beasts came out.

They rushed towards the Werewolves in groups. Lith ensured that at least five beasts would attack each of the six elders, leaving the chief alone.

Lith went straight for the chief after his summoned beasts engaged the elders and kept them at bay.

The chief had a club twice his own size in his hand. The four-meter-long club towered high over the two-meter-tall body of the village chief. As Lith neared him, the chief werewolf swung his club at him but Lith easily dodged it.

Lith showed his exceptional agility and quickly climbed on top of the club. He then rushed towards the chief's hand, but the sharp claws of the werewolf swiped at him from the side.

Lith jumped in the air and slashed the chief's claws with his sword, creating a loud clanging noise.

Lith's hand became numb, and a bit of blood oozed out. It felt as if he was hitting steel with steel.

He endured and tried to kick the chief's head with his legs, but the chief blocked the attack. He swung his club back at Lith in reply.

"You leech bastard, I don't know why you're attacking my village, but you've committed a crime you should've never committed. Harming my people has only one result — DEATH!"

"OUUUU!"

The chief charged with even greater momentum than before, and flames erupted all over his club. It was apparent that he had a Fire affinity.

On the other hand, Lith could only use three affinities right now. He could do nothing about it as well since a Supreme Rank was the one to seal his other affinities.

Lith extended his wings out and was about to fly up to fight with the chief when...

"Idiot! Idiot! Idiot! Use Dark spells and cast illusion spells on your hands to confuse the guy in front. He's a stupid dog... Play fetch with him instead of flying away yourself."

"First cast illusions spells on your sword, then fingertips, then the palm, and then hand. Don't even dare to fully immerse your body or you'll only look more stupid."

"Limit the spells to your hands and sword only."

"If you can't even manipulate your enemy properly, how are you going to manipulate me into trying out different kinks with you?"

"You can never do BDSM or bondage play with me if you aren't good at manipulating me."

"Oh by the way, in case you fail to defeat them here, I'll heal you and properly feed you food like the good aunt I am. Maybe even give you some milk to drink, of course not from my breast. Don't even think about having my nipples in your mouth if you can't kill that guy ."

"Oh and... after healing you, I'll take you to someplace else and drop you to fight again. I will keep repeating this until you either become proficient in the three elements or kill all the people on the battleground."

Lith was now getting somewhat used to her words. He ignored the random narcissistic bullshit she spouted and focused on the important points.

'So I am doomed if I don't finish those people in front? Ugh. Fuck my luck! What wrong did I do to get stuck in such a situation!?''
