Chapter 3121: Owner of the Evil Temple

Lingling told her that the item needed for the Hunter Competition was the Pharaoh's Source.

She emphasized a critical point. All the organizer wanted was the location of the Pharaoh's Source. They did not request the hunters to provide them with the Pharaoh's Source.

"Hahaha... They asked humans for help." Apas sneered.

"The Pharaoh's Source is related to what?" Lingling was a little puzzled.

Several Forbidden Mages, including MO Fan, were trapped in the pyramid. Hades Khufu was obviously behind it.

MO Fan had said that some humans had colluded with Khufu and were planning something, but Lingling could not get any information about them.

However, Apas seemed to know some important information.

"How many people have found the location of Pharaoh's Source?" Apas asked.

"I have tracked down some people, but I wouldn't know whether they have any other clues until I return to Orange Sand Town," Lingling replied.

"Trishina is making a deal with Khufu. I don't know what they are planning, but since they are looking for the Pharaoh's Source, I think they have only one purpose." Apas frowned.

"What is it?" Lingling asked. "To summon my mother," said Apas.

'Apas' mother?'

Lingling subconsciously thought that Apas was talking about the human woman kidnapped by the mother of Medusa, but Lingling recalled that Apas had two mothers.

One was the mother of Medusa, and the other was an ordinary human woman.

She was the combination of the two of them.

Although the mother of Medusa was female, she could conceive other female snakes. A long time ago, the mother of Medusa was initially a cursed human woman, so she could bear a child with another human woman.

Apas was the offspring of the mother of Medusa and a human, so she did not possess the scorpion or snake bodies of Medusa.

"Isn't the mother of Medusa dead?" Lingling asked in surprise.

The mother of Medusa must have died. Otherwise, the three sisters of Medusa would not have fought like this for the throne. They were all fighting for the position of Medusa Queen.

The Queen of Scorpion, Trishina, and Queen of the Eagle God, Yuri Ellie, suffered severe injuries when they attacked the White Tomb Palace in the Dark Abyss. After that, Apas immediately returned to Egypt by taking advantage of her awakened power while her two sisters were resting.

Apas began to expand her power based on the Sacred Hall of Sunset and the Evil Temple.

She had become one of the rulers in Egypt. Trishina and Yuri Ellie had to unite to resist the snake army under Apas.

Under great oppression, it was very likely that Trishina and Yuri Ellie had sold their mother's corpse to Khufu since they had a complicated relationship with

Khufu.

Who was Khufu? It was the Hades!

Trishina and Yuri Ellie had stolen the corpse of the mother of Medusa, and people were collecting the Pharaoh's Source.

They were going to make the mother of Medusa into a mummy and become the most powerful Undead under Khufu!

"Khufu taught its subordinates the art of immortality in the past. After many years, its subordinates had their own mausoleum and Pharaoh's Source. The Pharaoh's Source that Khufu has is limited. So, the organizer of the Hunter Competition might be colluding with Khufu. The organizer will likely collect the Pharaoh's Source all over the world for Khufu!" Apas said firmly.

MO Fan asked Lingling to find the traitor, but she had not expected the traitor to be in the Hunter Union.

They intended to rely on the humans to collect the Pharaoh's source.

"What will happen if your mother is resurrected?" Lingling asked.

"She is not strong, but she has an ability that no creature can resist," Apas said.

"Her eyes!"

Only Apas knew what kind of terrifying power the real Medusa's gaze had!

Khufu also desired this ability to destroy the battlefield. When the mother of Medusa was still alive, Khufu could not subdue her. However, the mother of Medusa was long dead.

If Khufu turned her into a mummy, it would have control over the mother of Medusa and her abilities!

This was terrifying!
