Pain.

Intense pain.

Like being pushed off a high building, her body was in a sudden state of weightlessness.

Reduced to bloody fragments!

Ni Yang jerked to her senses, eyes fluttering open amid splitting headaches.

Her blurry vision slowly cleared.

So did the muffled sounds surrounding her.

Ni Yang squinted her eyes.

Dull yellow light from above flickered, resembling that of an old-fashioned light bulb commonly found in rural areas in the 70s and 80s enough to make one dizzy.

Wah wah The sudden wail of a newborn broke out in the air.

Where was this?

Why was there a crying child?

Ni Yang suddenly realised that the situation before her eyes was all too familiar.

Before Ni Yang could comprehend it over, a skinny and tall elderly woman burst in from outside, exclaiming excitedly, Its born! My eldest grandson has been born! Let me see my eldest grandson! My precious eldest grandson, your grandma is here!

The woman on the bed, holding the weeping infant, bore no smiles on her face, only shame in her eyes. Mother, Im sorry

It was not a boy.

It was a girl.

This was going to disappoint the old lady.

The old Mrs Mu swiftly pulled back the blanket covering the infant, tears streaking down her face as her countenance turned ominous, My eldest grandson! Where is my eldest grandson? You wicked woman, give me back my eldest grandson!

The abject weeping of the woman on the bed continued, Im sorry, Im sorry, mother. Im sorry, I have failed the Mu family. But I promise, I promise I will give birth to a son for our Mu family in the next pregnancy!.

Next one! You have the nerve to talk about the next one! Think, how many liabilities have you birthed! You old barren hen who cant produce sons! Mrs Mu harshly stated, Get rid of it immediately! We, the Mu family, cant afford such a liability!

These unspeakable words echoed in her ears

Ni Yang rubbed her temples with her hand.

Suddenly.

Ni Yang froze.

This pair of hands was creamy and delicate, slender beyond measure. Her hands, scarred from time and trials, couldnt possibly be this beautiful. However, the small red birthmark on the tigers mouth was undoubtedly hers.

Ni Yang swiftly understood. These were her hands from when she was younger.

If this wasnt a dream, then it was the summer of 1983, the year when she lost everything.

At that time, her name was Mu Yang.

Ni Yang was the name she chose after escaping from this hellish ordeal.

She was born into a family that favoured sons over daughters.

Her mother, Ni Cuihua, gave birth to four daughters, three of whom were cast away!

Her father, Mu Jinbao, desired a son so much that he kept a mistress.

Ni Cuihua not only served like cattle and horse for the mistress but ultimately died under the heavy torment of that family.

And her?

She was sold to an old bachelor from the neighbouring village by the mistress, suffering endless torment!

And that ferocious, foul-mouthed person was her grandmother, Mrs Mu!

Previously, she failed to protect her mother and youngest sister. This time, even if its just a dream, she will protect her mother and sister!

Grandmother, please dont! Dont throw away my sister! Ni Yang shielded her mother and sister with her arms.ÚpTodated *novels* on *no(v)el(bin.)com*

A harsh slap swung towards Ni Yang from Mrs Mu, and a bright imprint was left on Ni Yangs face, Shut up! Loss-generating child! How dare you defy me! Do you want to die?

It hurt so much!

A trickle of blood flowed from the corner of her mouth.

Ni Yang covered her left cheek, disbelief filled her eyes.

Would a dream cause pain?

This was not a dream!

She had been reborn!

She was back!

Despite the dire situation, Ni Yang was still elated.

This time, she was determined to take charge of her own destiny!

To protect the ones around her and resist Mrs Mu to the end!

Ni Yang looked up at Mrs Mu and said, Grandma, I am your own granddaughter. When you cursed me as a loss, have you ever considered your own standing?

Mrs. Mu, a woman herself who despised women, was utterly disgusting to Ni Yang!

Mrs. Mu was speechless, her murky eyes seemed like they might pop out!

This little burden dared to talk back!

However, this time, Mrs Mu held back her reprimand.

If she were to reprimand Ni Yang, doesnt it indirectly admit that she herself was a loss as well?

Youre utterly ungrateful. Move aside, or else Ill kill you! Mrs Mu pushed away Ni Yang and grabbed the baby girl from Ni Cuihuas hold.

Grandma, shes also your granddaughter. Please, dont throw her away! Faced with this situation, Ni Yang decided to plead with Mrs Mu.

Her sister, just born, would be nothing more than a meal for wild dogs if she was abandoned in the mountains.

2 001: Return to 17 years old_2

Ni Cuihua crawled up from the bed, kneeling in front of Elderly Mu, crying out: Mom, I beg you, dont throw her away, I beg you! As long as you dont throw her away, Im willing to work like an ox and horse for the Mu Family [Visit novelbin\(.\)co/m](http://www.visitnovelbin.com) for the latest updates

Ni Cuihua is just an honest country woman, uneducated, illiterate. All she knows is to respect her mother-in-law, serve her husband, and bear a son for her husbands family.

Now that her daughter is about to be discarded by her mother-in-law, she has no other option but to plead submissively.

She dares not refute when she is beaten and scolded by her mother-in-law and husband.

Hearing this, Elderly Mu was so angry that her face contorted, Youre supposed to work like an ox and horse for the Mu family! You worthless woman who cant give birth to a son! Why dont you just die? Youre a jinx! You are our Mu familys jinx; because of you, our family doesnt have a grandson!

Mom, I beg you! Can you not throw away my child, please? Ni Cuihua pleaded desperately.

Wench! Get lost! Elderly Mu glared fiercely at Ni Cuihua, looking as if she could kill her at any moment.

Her husband, Mu Jinbao, and Elderly Mu are on the same side.

He doesnt care about his daughter at all. He dreams of having a son.

Mu Jinbao grabbed Ni Cuihuas hair and said viciously, Scoundrel ! Cant give birth to a son and still dare to rebel, huh? Watch me kill you today!

Ni Cuihua cried so much that she ran out of tears.

Her life is so unbearably hard. Why doesnt God bless her with a son?

Why?

Ni Yang watched everything in front of her, forcing herself to calm down, then she suddenly seemed to remember something and knelt down on the ground: Dad, grandma! My sister is our familys lucky star! How could we throw our lucky star away?

Mu Jinbao spat with disgust, Lucky star? I think its more like a disaster star!

Ni Yang said seriously: Dad! Everything I said is true! Last night I dreamed of a fairy, and the fairy told me that my sister is our familys Caibao girl, our familys lucky star. Not only will she bring prosperity to our family, she will also bring us a little brother! The fairy also said that my sisters feet have six small black moles, which are blessings from the fairy to bless our family. If you dont believe it, you can go and see if my sisters feet have six black moles!

In her past life, when Elderly Mu was about to throw her sister away, she heard Elderly Mu say, This worthless child even has six black moles on her feet!

Luckily, Ni Yang remembered this sentence.

Hearing this, Elderly Mu squinted and looked at Mu Jinbao, Jinbao, go and see if its true!

Mu Jinbao immediately walked to the bedside to look. After a while, he joyfully said, Its true! Mom, its true! There are really six black moles!

This is truly miraculous!

People are somewhat superstitious in this era, after hearing this, the facial expression on Elderly Mus face changes.

May God bless us, does this mean the Mu family will finally have descendants!

Elderly Mu was very excited.

Ni Yang seized the opportunity to fan the flames, Grandma! The fairy also said that the little brother has a special connection with Li Shu, and said that the little brother will be coming to our family in a few days.

Li Shu?

Elderly Mu immediately changed her tone and laughed, Good, good, good! We wont throw her away for now! Lets name her Li Fuxing!

Li Shu is pregnant now!

Isnt Li Shu the same as Li Shu!

Oh my god!

The child Li Shus carrying really is a boy.

Thinking about this, Elderly Mu was overjoyed.

Finally, the Mu family is going to have descendants!

This is really a blessing from the Gods.

Hearing this, Ni Cuihuas face lit up with joy, holding her child she quickly kowtowed, Thank you, mom, thank you, mom. Fuxing, lets thank grandma quickly! thank you, grandma!

Ni Cuihua knew that they owed their gratitude to Ni Yang for what happened today.

If not for Ni Yang, her little daughter probably wouldnt have been able to escape the fate of being thrown away.

But how did Ni Yang know that her sister had six small black moles on her feet?

After all, she wasnt there when the baby was born, and the baby had been wrapped up in swaddling all this time, so Ni Yang couldnt have seen her feet.

Elderly Mu looked at Ni Cuihua kneeling on the ground, her face didnt look good, Enough, enough! Get up now! The clothes from last night have not been washed yet, go wash them quickly! Do you expect me to wash them?

Gave birth to a worthless child and still want to enjoy postpartum rest?

That was impossible!

Ni Cuihua had given birth to five children, three of which were abandoned. She always returned to work immediately after giving birth. The idea of sitting the month was a distant dream for her!

Ni Yan felt sorry for her mother. Its bad for a woman who just gave birth to do laundry, she interrupted, Grandma, let me wash the clothes!

The old Lady Mu picked up a stick and hit Ni Yan with it, You stupid girl! Born of low-status! You think youre off the hook? Go cut grass on the back hill right now. The few goats of our house are still waiting for food!

Ni Yan did not dodge, but took the sticks hit. Only in the deepest pain could she see the reality!

Thinking about it was indeed laughable.

She and her mother combined were worth less than the goats at home.

It was extremely ironic!

Worried that the old Lady Mu would continue to hit Ni Yan, Ni Cuihua placed the child in her arms on the bed, reached out to grab the stick, and said timidly, Mom, mom, dont be angry, Im going to wash the clothes right away

While she was talking, she was signaling to Ni Yan, hoping that Ni Yan would not talk back anymore.

Ni Yans gaze was lowered, and nothing could be seen in her eyes.

Go cut the grass already! Mu Jinbao pushed Ni Yan out, Wretched thing! Go as far as possible!

Ni Yans hand hidden in her sleeve clenched into a fist. Because of excessive force, her knuckles had already turned slightly white.

Wait for it.

This time, she would definitely take her mother and sister away from this living hell!

Definitely!

The old Lady Mu gave Mu Jinbao a look, and he immediately understood, following her out.

After the mother-in-law and husband left, Ni Cuihua breathed a sigh of relief, gently placing the sleeping child on the bed, and she then got up to wash the clothes.

Arriving at the back hill, Ni Yan cut the vegetables while sorting out the memories in her mind

In her previous life, she was schemed by a mistress to marry an old bachelor from a neighboring village. After the old bachelor died, she went to Beijing.

Her life in Beijing was very hard, but she never forgot to study hard. She not only went to university but also became a famous female entrepreneur, often appearing on television!

In her previous life, she was killed.

But she did not see who the murderer was, and she even had some difficulty remembering the cause of her death.

However, considering the weightless state when she just woke up, she seemed to have died from falling from a building.

But there was a very suspicious person in Ni Yans mind.

That person was Li Xianxian.

Ni Yans thoughts ran deep.

However, she and Li Xianxian did not meet often, only two or three times. If Li Xianxian hadnt acted so strangely, she might not even remember what Li Xianxian looked like.

Ni Yan squinted her eyes, a glimmer of light flashing in her clear eyes.

Now, since God has given her another chance to start over, she will cherish it!

She will revenge the enemies.

She will repay kindness!

She will rewrite her past lifes fate and compose a prosperous era!

Just when Ni Yan was about to go home after mowing the grass, a heavy object suddenly rushed towards her from behind.

Bang, bang

The two rolled down the hill and directly to the bottom of the slope.

Ni Yan looked at the heavy object pressing on her, her face slightly white.

It was a man of about twenty-five years old, with a pair of exquisite phoenix eyes. Danger lurked in the depths of his eyes.

Shush!

The man covered Ni Yans mouth with one hand and made a gesture of silence with the other hand, placed against his lips.

3 002: Divorce!_1

The man and the woman were very close to each other, able to clearly see each others faces.

The mans hand was tight around her waist and with a flip, their positions were changed.

The man was now below, and she was on top.

The only thing that did not change was his hand, still clenching at her slim waist.

The girl had really white skin, she had perfect peach blossom eyes that were clear and flawless. Her long eyelashes, like little fans, fluttered, easily able to hook the souls of people with a casual glance.

Although her left cheek bore a clear handprint, it did not detract from her beauty, but instead added a unique charm.

Fortunately, Ni Yang was wearing a green dress today, hidden within the dense grass. With the green color as camouflage, there was no trace to be found.

Thud thud thud!

Neat footsteps rang from the slope, the sound of boots stepping on the grassfield.

No need to think, the people above were definitely searching for the man.

In such a strict situation, even if she jumped into the Yellow River, she couldnt wash away the fact that she was hiding with a man if she were spotted.

Ni Yang bit her lip, her face turned ghastly pale, her heart beat quickened.

What should she do now?

At that moment, a loud voice rang from the slope, He disappeared just around here, search everywhere!

The footsteps immediately scattered.

Nothing here!

Nothing here either!

The person slightly furrowed his brows, asking, Have you searched down below?

No!

Then go down there and check!

Okay!

They are coming down!

What should she do?

Ni Yang almost lost her mind in anxiety.

Chirp!

Hiss hiss

Suddenly, sounds of fluttering bird wings echoed in the air, along with the hissing noise of a snake.

Theres a snake below!

A snake can bite people!

The approaching steps, at this point, halted

Hiss!

Chirpchirp the chirping of the bird weakened.

The snakes hisses became increasingly forceful!

And, if the sound was any indication, the snake didnt seem small either, if bitten, a person could die, right?

The person who originally intended to go down immediately retreated, heading upwards, Theres no one down below!

Lets check over there!

Swish-swish! The steady footsteps moved further and further away.

However, Ni Yang was still holding her breath, fearing the others might double back, careful to listen to the movement above.

The man beneath her slightly narrowed his eyes, just watching on.

The person who had made those sounds just now was none other than this village girl.

He truly couldn't believe that a simple village girl could have such superb mimicry skills.

These sort of skills would take decades to perfect under the guidance of a master.

But the girl in front of him, she looked no more than sixteen or seventeen.

Even if there had been a genuine snake and bird present, one wouldn't have been able to tell the difference!

She was that convincing!

Truly impressive!

Ni Yang didn't have the leisure to pay attention to his expressions. She only stepped off him after all the men above had left completely.

Sitting on the ground, she was panting heavily.

She was very smart.

Extremely smart and at the same time, very calm.

How should she put it?

She didn't really seem like a typical sixteen or seventeen-year-old village girl.

Her appearance was exceptional.

Could an ordinary village girl possess such looks and adaptability?

The man stood up from the ground, squinting his eyes, 'What's your name?'

Yangyang. Ni Yang lied about her name.

She wasn't stupid, she could tell that this man, with his vicious demeanor, wasn't someone good to deal with. She wasn't going to reveal her real name to him.

Anyway, Yingying and Yangyang are quite similar. Visit [novelbin\(.\)co/m](http://novelbin(.)co/m) for the latest updates

Whats your surname? The man continued to ask.

Mu, Ni Yang replied.

Indeed, her surname is Mu now, she wasnt lying this time.

How did you learn to mimic voices? The mans gaze was firmly locked on her, like a giant beast, making it somewhat suffocating.

Ni Yang said, This is the countryside, we have all sorts of animals around. I learned it growing up.

Ni Yang had always been smart, and had a great memory.

The man narrowed his eyes as if to question the truth of her words. Then, he took out a wallet from his pocket and pulled out a bundle of cash, This is my thanks. Im from Beijing, if you ever run into trouble, you can come find me in Beijing.

Alright. Ni Yang reached out to take the money, her expression obedient but a flash of mockery passed through her downcast eyes.

How could she ever seek out this kind of man that she wanted to avoid so badly?

As for the money, of course she wouldnt refuse. It was rightfully hers after all.

At the very least, she did save his life.

If it werent for her, this man might have been nabbed a long time ago.

Moreover, she was in dire need of money right now.

The man didnt linger around after giving the money. He left hurriedly.

Just as he was about to disappear from Ni Yangs sight, he suddenly turned back to look at Ni Yang.

Under the sunlight, the young girl stood there, slender and beautiful with skin as white as snow, as if she had just stepped out of a painting. Even the rich young ladies in the city couldnt compare to her.

After one last glance, the man left.

Once the mans figure disappeared out of sight, Ni Yang exhaled. At this moment, a dazzling reflection caught her eye. When she looked closely, she realized it was a watch in the grass.

Ni Yang picked up the watch, casually putting it into her basket and returned home with the green grass.

When Ni Yang returned home to the Mu Family, a faint aroma of food wafted from the courtyard.

Naturally, the one cooking was Ni Cuihua.

Though Ni Cuihua had just given birth, she didnt have a moment to rest.

Mom, let me help you. You go and check on my little sister. Ni Yang picked up the spatula and skillfully flipped the potato pancake in the pan.

Yangyang, I can handle this. Ni Cuihua watched Ni Yang and suddenly realized that her daughter had grown up quite a lot.

The Ni Yang of the past was extremely timid, scared half to death at the sight of a mouse. But today, she dares to challenge both Jinbao and the Mu matriarch!

After flipping the potato pancake, Ni Yang looked up at Ni Cuihua, Mom, do you want to continue living like this?

Ni Cuihua was taken aback, What do you mean, Yangyang?

Ni Yang sighed, Mom, divorce him!

Divorce?

Such a thing is unheard of in this age!

Furthermore, this is a secluded rural area. How could Ni Cuihua, a traditional rural woman, even consider such a thing? In Ni Cuihuas eyes, divorcees are immoral, flirtatious, bad women!

What good woman would divorce?

Ni Cuihuas voice turned cold, What nonsense are you spouting!

Ni Yang took a deep breath, Mom, think about it, what kind of life have you been leading in the Mu Family? Do grandma and dad treat you like a human being? To them, youre just a tool for reproduction, only doing all the dirty and exhausting work! Mom, think carefully, whats the point of staying in this family? If this continues, its not just my three younger sisters who will be thrown out, we might all end up dead!

Ni Yang hoped that her mother would come to her senses soon.

But she didnt.

Ni Cuihua simply couldnt accept these words because she was used to enduring hardships.

She immediately covered Ni Yangs mouth and said angrily, Who allowed you to slander your dad and grandma! You are just a child! If you dare to say such things again, Ill tear your mouth to pieces!

Although Ni Cuihua knew Ni Yang was trying to defend her and everything Ni Yang said was true.

But the old-fashioned education Ni Cuihua received from a young age had taught her that children shouldnt criticize their elders behind their backs.

Such behavior was unfeeling.

Besides, women were meant to obey their husbands after all.

She couldnt resist.

Ni Yang sighed, she understood her mothers thinking and knew what her mother was worried about. Lets just wait a little longer until mother sees the truth. Then she will willingly leave this place where people are being consumed.

Ni Yang had a plan in her heart.

Ni Cuihua gently touched Ni Yangs reddened face and said hoarsely, Does it hurt? Yangyang, does your face still hurt? Your grandma hit you too hard. Yangyang, listen to me, dont confront your grandma next time, it wont be as simple as a slap next time

Ni Yang slightly lifted her eyes and smiled, Its okay, Mom, it doesnt hurt, not at all.

Really? Ni Cuihua asked incredulously.

Yes, Ni Yang nodded faintly.

She had suffered so much in her previous life, what was a little pain to her now?

Just at this moment, there came a sound of footsteps from the courtyard.

The Mu matriarch put on an affected demeanor and yelled, Where are you people? Dead? Ni Cuihua! Get out here, dont you know we have guests?

Ni Cuihua immediately ran out, Mother, Jinbao. Who is this?

Standing between the Mu matriarch and Jinbao was a plump, good-looking middle-aged woman.

The Mu matriarch said, This is my niece Ashu from my mothers side, Ashu is nine months pregnant now. Remember to take good care of her. Since Ashu is expecting, any good food or drink in our house should be given to her first! Understand?

4 003: Aunt Ashu_1

The noise outside was quite loud.

Ni Yang walked to the window, took a glance outside, and a chilling curve from her lips to her mouth.

Just like ice in the twelfth lunar month, it makes people shiver without being cold!

She would recognize the person outside even if they turned to ashes.

It was Li Shu!

Mu Jinbaos mistress, and also the one who cunningly planned to marry her off to an old bachelor.

In her memories from the past life, Li Shu indeed had a son.

This son, nearly worshipped by Lady Mu and Mu Jinbao, was named Mu Yaozu.

But how could someone like Li Shu produce something good?

Mu Yaozu was extremely vile!

At five years old, he caused Ni Cuihua to miscarry, and at sixteen, he was sent to prison for rape!

He was simply a social cancer!

Li Shu lifted a very false smile on her face, Sister Cuihua, hello, I am Li Shu, just call me Ashu, I will rely on you in the future.

If Li Shu really were Lady Mus niece, she should address Ni Cuihua as sister-in-law according to seniority.

But she didnt.

She was provoking Ni Cuihua, after all, who was carrying the seed of Mu Jinbao in her belly!

Ni Cuihua was just a hen that cant lay son eggs!

Such a person, only good to be her workhorse.

Li Shus facial expression wasnt pretty, but the honest and down-to-earth Ni Cuihua didnt notice her abnormality, nor what was wrong with her words.

Ni Cuihua smiled and said, Sure, as long as you dont mind our poor living conditions.

What a fool!

No wonder she cant bear a son.

Li Shu looked at Ni Cuihua with a gaze full of derision.

Lady Mu turned to Ni Cuihua and said, You have to arrange a place for Ashu to stay right now! Ashu is pregnant, you cant treat her badly!

Lady Mu ordered around Ni Cuihua just like a servant.

In fact, in Lady Mus eyes, Ni Cuihua was even lower than a servant, she was an animal, an animal that anyone could bully at will.

Ni Yang stood by the window, watching what was happening in the courtyard with cold eyes, a pale smile hooking at her bright red lips.

Ni Cuihua then says, Then let Ashu and Yangyang sleep in the same room. Yangyangs bed is big enough, and Ashu is pregnant, so she can have someone to help her at night.

Ni Cuihua is just too kind, always thinking of others, but unfortunately, she was dealing with monsters.

She would not get a good end.

Hearing this, Lady Mu almost jumped in anger, shouting, You bitch! I knew you were up to no good, are you wishing something bad to happen to Ashu? To actually let Ashu sleep with that piece of trash!

If Li Shu and Ni Yang, that piece of trash slept together, what if Li Shu also gave birth to good-for-nothing?

Lady Mu didnt want to take such a risk!

She couldnt risk it!

Ni Cuihua went pale with fright, Mother, we dont have any other rooms

Although the Mus living condition in the village was considered okay, its still a rural area, no matter how good it was, it couldnt be that good, right?

Lady Mu was glaring at Ni Cuihua, Of course, Ashu needs to stay alone in that piece of trashes room!

How does a piece of trash qualify to live in a room?

What about Yangyang? Ni Cuihua asked.

Let that piece of trash roll into the woodshed! Or the sheepfold will do too! spat Lady Mu savagely.

Ni Cuihua looked at Lady Mu and said, Mother, how can people live in the woodshed?

Furthermore, Ni Yang was already so big, how convenient would it be for her to live in the woodshed?

Lady Mu didnt expect Ni Cuihua to be defiant, and scolded directly, You barren old hen, youre out of control now! Now you dare to talk back to me! If I ask you to move, you move!

Mu Jinbao came over, not wasting even one word, and went straight to action!

Ni Cuihua was kicked to the ground, You worthless woman! You dare argue with my mother! I think you are in need of a good beating.

Dont hit me anymore, dont hit me, Jinbao, I wont dare Ni Cuihua begged for mercy repeatedly.

Mu Jinbao rolls up his sleeves, Dont waste time! Go and clean the room now!

Ni Cuihua immediately stands up from the ground without uttering a word and goes to clean Ni Yangs room

Watching the happenings in the courtyard, Ni Yang could feel a surge of wrath boiling in her!

She wished she could march out right now and kill those people outside.

But reason told her she couldnt.

She couldnt do this.

She had to escape safely with her mother and sister from here.

Soon!

She would be able to leave with her mother and sister soon.

Just hold on a little longer!

Mu Jinbao took Li Shu to rest. In front of Ni Cuihua, Mu Jinbao was an incredibly brutal and abusive man, but in front of Li Shu, he wished he could give his heart to her.

Ni Yang hated her father to the core!

Just then, there were footsteps outside the kitchen.

Ni Yang hid her wrath, slightly turned, and put on a feigned smile, Grandmother.

Madame Mu tossed the stuff in her hands onto the stove, not a trace of smile on her face, You good-for-nothing, stew this chicken! If I catch you sneaking any, Ill tear your mouth apart!

In these hard times when even having a full meal was difficult, how could common folks possibly afford meat?

Not to mention the chicken!

Unexpectedly, stingy Madame Mu actually bought a whole chicken for her great-grandson.

Ni Yang picked up the chicken, returned to her usual meek demeanor, and said in a low voice: I understand, Grandmother

Seeing Ni Yang, Madame Mu nodded in satisfaction.

Thats how a good-for-nothing should behave!

After cleaning the hen, Ni Yang put it in the pot to stew. She couldnt chop the chicken up, or Madame Mu would suspect her of stealing

While stewing the chicken, Ni Yang seemed to have thought of something, the corner of her mouth curling into a slight smile.

Li Shu was an old friend after all.

How could she not give her a farewell gift before leaving?

Since Li Shus son, Mu Yaozu, was a scourge on society in his past life, in this life, she would turn the scourge into a fool!

She would make him incapable of harming anyone again!

Mu Yaozu was not innocent, and Ni Yang could consider this as doing a good deed by eliminating the vermin. ALL new chapters on [nov\(e\)lbin\(.\)com](http://nov(e)lbin(.)com)

Ni Yang went to the base of a large tree in the courtyard, where a type of orchid grass grew, bearing purple flowers.

The flowers were non-toxic, but the stamen inside the flowers was poisonous

This flower was colorless, tasteless, leaving no trace behind. In this era where prenatal screenings were non-existent, who could find it out?

In her past life, it was only after studying medicine that Ni Yang learned the scientific name for these flowers.

Ni Yang casually plucked several flowers and walked towards the kitchen.

After the chicken soup was ready, Ni Cuihua came in, Yangyang, come let me pass you by and deliver the chicken soup to your Aunt Ashu.

The air was permeated with the delicious aroma of chicken soup.

Ni Cuihua couldn't help but swallow saliva.

She had never smelled such a savory chicken soup before.

It must be delicious.

Ni Yang checked that there was nobody behind Ni Cuihua, carefully took out a bowl of oily chicken soup, Mom, I secretly poured this out, nobody will find out. Drink it while it's hot.

Chicken soup is beneficial for Ni Cuihua who has just given birth.

But how could the ever-obliging Ni Cuihua sneak a sip of a guest's soup?

I won't drink it. Mom's in good health, there's no need for this! Pour it back quickly, I have to deliver it to your Aunt Ashu!

Ni Yang didn't say much in response, she lifted the chicken soup and finished it in one gulp!

Such a good chicken soup, how could Li Shu benefit from it?

Yangyang, how could you do something like this? Ni Cuihua slightly frowned.

Ni Yang's eyes bore a serious look, her words were earnest and filled with emotion, Mom, that Li Shu is not a good person at all! I'm telling you, the child in her belly is most likely my dad's! They're fooling you! Mom, wake up!

5 004: There is a Conspiracy_1

Ni Yang's words were well-reasoned and justified.

Li Shu is just a pregnant woman. The two from the Mu Family, who had thrown their own daughter and granddaughter to feed the wolves, would they actually slaughter a chicken and mutton to entertain another pregnant woman?

But Ni Cuihua is inherently kindhearted. She believes that the world is as good-hearted as her since she is.

At the same time, she also believes that the old Mu Lady and Mu Jinbao aren't like that.

And besides, she had brought disgrace to the Mu Family by not giving birth to a son. How could she dare to question the old Mu Lady and Mu Jinbao now?

Ni Cuihua immediately covered Ni Yang's mouth, Yangyang, you can't talk nonsense like this! They are your grandparents and your father! You, as a daughter, how can you talk about them this way? It's just a chicken, right? Aunt Ashu is pregnant, so your grandmother buying a chicken for her is only appropriate! You can't say such things in the future. If your father and grandmother heard this, they would beat you up! Do you understand?

Ni Yang sighed again.

Stupid!

Ni Cuihua is truly foolish!

No wonder she was bullied to death in her previous life.

Ni Yang sighed, Li Shu is just pregnant, but my grandmother has made chicken soup for her and asked you to take care of her. Mom, you've just given birth to my little sister. You're weaker than Li Shu right now, but has grandma made chicken soup for you? Haven't you ever wondered why?

Why can't you wake up?

Ni Yang closed her eyes, finding it hard to breathe.

Ni Cuihua also sighed, It's all my fault, I didn't give birth to a brother for you. If I could have had a son, perhaps things would not be this way.

She took all the blame onto herself.

Ni Yang continued, Its not your fault that you didnt give birth to a son! Its not your mistake! The sex of a child depends on the father, it has nothing to do with you! Besides, these days everyone is equal, so whats the difference between a boy and a girl?

But theres a big difference! Boys can carry on the family name, what can girls do? Havent you heard the saying a daughter married is like a bucket of water thrown away? The idea that men are superior to women has deeply ingrained in Ni Cuihuas mind, and its hard to eradicate.

Ni Yangs eyes were cold, Mom, youre a woman too. You cant belittle women. If you look down on yourself, who will respect you?

Ni Cuihua retorted, Regardless, girls are inferior to boys. Look at our village, doesnt every family have a man as the head of the household? Yangyang, you are still young and its normal that you dont understand these things. Youll understand when you get married and have your own family.

Ni Yang closed her eyes: The one who is stubborn now is you!

What paper? Ni Cuihua was bewildered.

Shes illiterate and lacks formal education, how would she know what being stubborn meant?

Ni Yang sighed: Forget it

Anyway, Ni Cuihua will see the reality soon.

Theres no point in talking more at this point.

Seeing that Ni Yang didnt continue, Ni Cuihua said, Yangyang, Im sorry. Your room is being occupied by your Aunt Ashu, as per your grandmothers orders. You might have to stay in the firewood room for now Im sorry, I failed to protect you, your mother isnt competent

Ni Yang wiped the tears off Ni Cuihuas face, her voice flat, Its okay, Mom, Im not scared, dont cry.

Its just the firewood room, whats there to be afraid of?

After all, she wont be staying there long.

Ni Cuihua looked up at Ni Yang, Yangyang, you shouldn't resent your grandmother either. It's just that our home doesn't have enough rooms. It's my fault too. If I could have given you a brother, you wouldn't have had to suffer these indignities and you wouldn't have had to drop out of school.

Ni Yang, only seventeen, had already dropped out of school.

It wasn't that the family couldn't afford Ni Yang's schooling.

It was the old Lady Mu who didn't allow her to continue.

In the old Lady Mu's eyes, Ni Yang was a losing bet.

Why would she waste money on a losing bet?

Ni Cuihua thought, if she could have a son, the old Lady Mu would definitely not be like this.

Alas,

it's her incompetence.

Causing her daughter to suffer alongside her.

Ni Yang said: It's not your fault, Mom. Really, it's not your fault!

Ni Cuihua wiped her tears and took the pot of chicken soup that was already cooked, Ill go and deliver this chicken soup to your Aunt Ashu. You clean your mouth properly, don't let your grandmother find out you've been sipping the soup.

If the old Lady Mu knew that Ni Yang was sneaking sips of chicken soup, she would certainly beat Ni Yang to death!

I remember before, Madame Mu once beat Ni Yang half to death. REad updated stories at [n/ovel/bin\(.\)com](http://n/ovel/bin(.)com)

Ni Cuihua brought the chicken soup to Li Shu's room, seeing the chicken soup, Li Shu laughed: Sister Cuihua, I won't stand on ceremony with you then.

Ni Cuihua laughed: We are all family, no need to be polite.

Even though there was a whole chicken and a big bowl of chicken soup, Li Shu finished it all by herself with ease.

Because people in this era generally didn't have much to eat, they all had a healthy appetite.

After she finished the chicken soup, Li Shu went for a walk in the village, and before she knew it, she arrived at the village office.

Why did she go to the village office?

Because the village office had a phone!

But at that time, calling charge was quite expensive, five cents per minute!

Li Shu paid for five minutes.

Picking up the handset, she lowered her voice: Xianxian, Ive made it to Mu Jinbaos house now.

The person on the other end of the call was nobody else but Li Shus daughter, Li Xianxian.

Li Xianxian was pleased: Thats good, mom. You have to give birth to my little brother in the Mu Family. By the way, is Mu Jinbaos daughter named Ni Yang?

Ni Yang? Li Shu frowned slightly, No, her name is Mu Yang!

On the other end of the phone, Li Xianxian also frowned, Then she must have changed her name!

Li Shu curiously asked: Xianxian, why do you ask?

Li Xianxian continued: Mom, let me tell you, this Mu Yang is my nemesis, she will block my financial and developmental path. You must help me get rid of her! As long as shes gone, there will be opportunities for me to prosper!

Li Shu was stunned, What? Xianxian, whats going on?!

Li Xianxian said, You dont have to ask so much! Just do as I said! Mom, you must help me with this. Your daughters future depends entirely on you!

Li Shu hung up with a troubled expression on her face.

How was she supposed to get rid of Ni Yang?

Murdering is illegal!

What should she do?

Li Shu sighed, walking and thinking.

Just then!

A thought struck her.

She remembered that an old bachelor cousin from her mothers side had also moved to this neighborhood, the old bachelor was in his fifties, wealthy but unable to marry a wife due to health issues.

She could introduce Ni Yang to the old bachelor!

After all, the old bachelor has always been dreaming of having a wife.

By then, the old bachelor would be thrilled, and perhaps she could even benefit from it

Perfect!

The more Li Shu thought about it, the more pleased she became, the more pleased she became, her lips curved into a triumphant smile, and she moved briskly in the direction of the old bachelors house.

Coming out of the old bachelors house, Li Shu maintained her triumphant smile.

At dinner, Li Shu attempted to strike up a conversation with Ni Yang, Oh my! Yangyang is such a beautiful girl!

Ni Yang was indeed beautiful.

Just turning from her pair of exquisite peach blossom eyes, one could not help but fall for her.

Which family in this area did their daughter look like this?

She was so beautiful that it made people jealous.

Ni Yang was nibbling a steamed bun, pretended not to hear Li Shus words.

Thud!

At that moment, a sound of a table being hit echoed in the air, Useless thing! Are you mute? Your Aunt Ashu is talking to you. Dont you know to answer?

6 005: Good Show_1

Who else could it be banging on the table, if not Old Lady Mu?

Ni Yang didnt say a word.

With a laugh, Li Shu smoothed things over, Its all right, kids will be kids! Dont be mad at her, auntie.

Cold iciness filled Ni Yangs down-cast eyes.

Li Shu sure knows how to play the good Samaritan!

Does she really think Ni Yang is unaware of her ulterior motives?

Ni Yang remembered being fooled by Li Shus fake facade in her previous life.

Li Shu had sold her to an old bachelor for 500 yuan. It wasnt until much later that Ni Yang discovered the true relationship between Li Shu and that old bachelor.

It was disgusting!

Even after a long time, every time Ni Yang recalled those experiences, she felt a chill run down her spine.

Who would believe that such nightmares, akin to hell, were actually real, if they hadnt personally experienced them?

Ni Yang simply kept her head lowered.

In the eyes of others, she was simply a timid little country girl.

Li Shu looked at Ni Yang with a sneer.

This little country bumpkin, she wondered what she could achieve in the future to make Li Xianxian so scared.

As far as Li Shu was concerned, Ni Yang wasnt even fit to lace Li Xianxians shoes!

Upon hearing Li Shu speak, Old Lady Mus expression softened a bit, she chuckled and said, Ah Shu, you are always so kind, not like this ungrateful girl! You ungrateful girl, arent you going to thank your Aunt Ashu!Vissit novelbin(.)c.om for updates

Ni Yang looked up at Li Shu, stuttered and said, Th-thank you, Aunt Ashu

Li Shu laughed, feeling very satisfied, convinced she had Ni Yang completely under her control, ready to manipulate at will, Youre welcome, youre welcome, were all family here, come on my dear, eat more.

Li Shu put a chicken leg in Ni Yangs bowl.

Even Old Lady Mu was stunned!

She couldn't even bear to eat that chicken leg herself, having saved it for her beloved grandson, and Li Shu had given it to that money-losing wretch!

Ni Cuihua was also surprised at Li Shu, moved to tears.

It seemed she had misunderstood Li Shu before.

Li Shu was a good woman.

In the future, she would take good care of Li Shu.

Ni Yang, of course, did not let go of the chicken leg, she immediately took a big bite and mumbled, Thank you Aunt Ashu! You're really nice! You're even better than my mom!

Li Shu said, Good girl, eat more, you're too thin

So pitiful.

She was about to be sold to that old bachelor.

And who knows what kind of torment she will endure.

A sinister smile tugged at the corner of Li Shu's mouth.

As Li Shu had a score to settle, after the meal, she specifically called Old Lady Mu and Mu Jinbao together to chat.

After a roundabout discussion, Li Shu asked, Mother, Jinbao, is YanYan still in school?

Upon hearing this, Old Lady Mu looked disgusted, Why mention that wretch all of sudden?

Just a wretch, her sheer mention would ruin the mood.

One can imagine how Ni Yang usually lived in the Mu Family.

Mu Jinbao responded, In school? Who's got the money to send her to school? We don't have the money for her to go! She was tutored by the literacy class in the village for a while, but she's dropped out long ago!

Li Shu chimed in, That's right, girls get married off sooner or later, there's really no use in going to school. As the saying goes, A daughter married off is like a bucket of water thrown out.

Old Lady Mu liked what she heard and happily said, Indeed, Ashu understands me, not like that Ni Cuihua, who only knows how to enrage me! She even had the audacity to ask me to pay for that wretchs education! Shes shameless!

Her money was for her beloved grandsons upbringing, not for a hopeless cause!

Li Shu then asked, If YanYan is not going to school, then is she engaged?

In the rural areas of this era, girls had no status at home. Their parents, fearing a wastage of food, mostly married them off early.

Many girls were already married by the time they turned 15.

Moreover, the family was also raising a child bride.

Ni Yang was seventeen, the age when it was time to talk about marriage.

Hearing this, Mu Jinbao shook his head, Not yet, but were asking someone to look for opportunities The main reason was to collect a larger dowry, but at that time in the rural areas, there were too many girls and none were wanted. The situation was financially difficult for everyone; it was tough to collect a large dowry!

So, the marriage affair of Ni Yang had been put on hold.

Otherwise, Ni Yang would have been married a long time ago.

Lady Mu stated, We, the Mu family, have raised the money-losing girl for seventeen years; we cant let her get married on the cheap!

Li Shu chimed in, Mom, youre right. There is a good marriage opportunity available here, would you like to listen?

Old Lady Mu trusted Li Shu a lot, so she responded, Ashu, I trust you. Go on and tell me.

Li Shu said, My cousin has been struggling to find a suitable wife. He heard that Yangyang is only seventeen this year and is very beautiful, so he offered to buy Yangyang for 200 yuan. Mom, what do you think?

Bought.

Li Shu was talking about buying.

Ni Cuihua was also bought by Mu Jinbao. A bought wife cant return to her maiden home.

It was like signing a slavery contract.

That's why the Mu family dare to bully Ni Cuihua so unreasonably.

In fact, Ni Cuihua has a brother who has not visited the Mu family in all these years.

Ni Cuihua, who was bought for a few yuan, never thought her daughter could be sold for 200 yuan!

This was 200 yuan!

For that era, 200 yuan was a huge sum!

You must know that at that time, the price of salt was just 1 cent per kilogram!

A kilogram of pork was just a few cents!

Old Lady Mu never dreamed that Ni Yang could be sold for 200 yuan. Ashu, is that money-losing girl really worth that much?

Li Shu laughed and said, Mom, listen to you, I could cheat anyone but not you! And the person offering this is my cousin! He told me himself!

Hearing this, Old Lady Mu was almost laughing her eyes out, and Mu Jinbao was also very happy.

Listening to the discussions in the room, Ni Yang's face was filled with sarcasm.

Just as in her previous life.

On the first day of Li Shu's arrival, she couldn't wait to sell her.

A saying from the future couldn't be more accurate.

The most fearful thing in the world is not ghosts, but people!

Ni Yang narrowed her eyes slightly, stepped lightly to leave, and dragged Ni Cuihua out of the house. The darkness of the night effectively concealed their figures, Mom, lower your voice, listen to what my father and grandmother are discussing in the room!

What? Ni Cuihua was somewhat puzzled.

Ni Yang directly raised her hand to cover Ni Cuihua's mouth, Listen carefully.

Ni Cuihua stared blankly at her daughter.

The moonlight tonight was beautiful, shining evenly on Ni Yang, as if coating her with a silver hue. In the moonlight, she was like a fairy coming down from the moon, stunningly beautiful.

It must be said, the changes in Ni Yang were too pronounced.

At this moment, the voices in the room were heard again, Mom, Jinbao, if you agree to sell Yangyang to my cousin, tomorrow Jinbao and I will go over there, to finalize things quickly, to avoid unnecessary delays.

Ni Cuihua frowned slightly.

Generally speaking, shouldn't Li Shu call Old Lady Mu as Auntie?

Why did she call her Mom?

Did she mishear?

Before Ni Cuihua could react, Old Lady Mu's voice came from inside the house again, Ashu, are you saying that money-losing girl can actually be sold for 200 yuan?

Absolutely! Li Shu hurriedly nodded.

Old Lady Mu continued, Why is he willing to spend 200 yuan to buy a wife?

Old Lady Mu was too curious.

Li Shu hesitated for a moment, then said, Because because because my cousin is a castrated man who can't have children.

7 006: Final Awakening_1

A eunuch?

What is a eunuch?

A eunuch is a man without root.

Upon hearing this, Old Lady Mu fell silent.

She had lived for so long, and it was her first time hearing about a real eunuch

Seeing Old Lady Mu silent, Li Shu continued: Mom, my cousin is also getting older. He is over fifty this year, which is somewhat older than Jinbao. What do you think about selling Yangyang over to him?

Li Shu's words were intended to probe the position of Ni Yang in Mu Jinbao's and Old Lady Mu's hearts.

Old Lady Mu said: We should sell! Of course, we should sell! It's 200 yuan! How could we miss this opportunity to fortune!

Mu Jinbao chimed in: Right, right, right! Mom is right. We can't miss this opportunity to fortune! Where is your cousin now? We have to send over this money-losing thing immediately! It's just wasting food at home every day and being an eyesore!

Compared with this money-losing thing and 200 yuan, of course, 200 yuan is more important!

What is a money-losing thing anyway?

Li Shu laughed and said: Alright, alright, alright, since you and Mom agree, Jinbao, we will visit my cousin's house tomorrow. After all, it's 200 yuan. My cousin will also come to see the person. Otherwise, he will not feel at ease.

Ni Yang squinted slightly.

I remember in my previous life, that old bachelor also came.

But at that time, Li Shu lied to her and said, this old bachelor was just visiting the family, and Ni Yang believed it.

She hated that she was not suspicious enough at that time.

Old Lady Mu chuckled: It's normal to check! I'll make that money-losing thing tidy up well tomorrow. We won't disappoint your cousin.

Li Shu nodded, Mom, you'll have a lot of troubles then.

Old Lady Mu laughed: What's there to worry about, Ashu, you are the one who has worked hard.

Li Shu followed, Mom, do you think I'm really carrying a boy in my stomach?

Old Lady Mu replied: Of course it's true! The immortal has said it. Would they be lying? Ashu, stay home and cultivate your fetus properly. Give birth to a boy for our Mu family as soon as possible!

Li Shu nodded shyly.

It had started raining outside unknowingly.

On Ni Cuihua's face, it was unclear whether the droplets were rain or tears.

She was deceived.

She was really deceived.

She was deceived so badly.

All these years, she served her in-laws and husband, took on the dirtiest and most tiring work at home, worked like an ox and a horse for the Mu family, did not resist against the beatings and never complained about anything.

Even if she was wearing the worst clothes and eating pig food, she never hated anyone!

But now, she was rewarded with such an outcome.

Boom

A thunderous sound echoed from the horizon, which was particularly terrifying.

Ni Cuihua looked up at the sky. Her body was so weak that she couldn't muster any strength.

What should she do?

What should she do now?

Her daughter is going to be sold.

Her husband betrayed her.

There is no place for her in this world.

Why is her life so sorrowful?

Ni Cuihua simply wanted to wail loudly.

Mom, are you okay? Ni Yang looked at Ni Cuihua, his clear and handsome face showed no expression, his calmness was beyond comprehension.

I'm fine Ni Cuihua stuttered, biting her lower lip. Her face was terribly pale.

Ni Yang sighed, led Ni Cuihua to sit down under the firewood room, Mom, don't cry. A woman's fate is in her own hands, crying won't solve anything.

Ni Cuihua hugged Ni Yang tightly and choked up: Yangyang, I'm sorry, I failed you. I'm not capable, I couldn't protect you! I'm sorry, I'm sorry!

Ni Cuihua cried her heart out. Follow the latest novels *on no/velbin(.)com*

Ni Yang patted Ni Cuihua's back gently, Mom, we can't stay in this home anymore, staying here only means death, let's get a divorce!

Divorce again.

But could she really get divorced?

She is a woman with two children. If she divorces, how will she live in the future?

And besides, a woman who divorces will be looked down upon.

After divorce, where would they go?

Ni Cuihua didn't know how to answer Ni Yang.

Without a man, how would they survive?

Even if it meant death, Ni Cuihua dared not divorce.

In this feudal era, convincing a woman to divorce is incredibly difficult.

Ni Yang continued, Mom, if you are unwilling to divorce, my younger sister will end up the same as me when she grows up. They will sell her to an eunuch. Afterward, Li Shu will be the mistress of this house, and there will be no place for us here, Mom, wake up!

An eunuch.

Her daughter would be sold to an eunuch.

Ni Cuihua's face turns pale.

This cannot happen.

She must protect her daughters, even at the cost of her own life, she must protect her two daughters.

Ni Cuihua stops crying, clutching a wooden stick tightly.

Looking at Ni Cuihua's emotional changes, Ni Yang sobbed, Mom, can I beg you? I really don't want to marry an eunuch, I really don't want to

Hearing Ni Yangs crying, Ni Cuihuas heart clenched painfully.

Yangyang, stop crying, stop crying. Ni Cuihua hugged Ni Yang, sobbing, Alright, Yangyang, Ill listen to you, Ill listen to you . . .

Hearing this, a faint smile appeared at the corners of Ni Yangs mouth, Mom, you must start to stand up from now on! Dont worry, I will take you and my younger sister away from here!

Under the night light, Ni Yangs attractive peach blossom eyes shone brightly, outshining all the stars in the sky.

It seemed like Ni Cuihua was seeing her daughter for the first time, and she nodded firmly.

**

With a crisp crowing of a rooster, the day broke in the blink of an eye.

The sun slowly rose from the east, and the air was filled with the fresh smell left after a rain.

Ni Cuihua was making breakfast in the kitchen.

This morning, the Mu family was not home, and the small kitchen was filled with the aroma of fried eggs in sesame oil, Yangyang.

Ni Cuihua waved at Ni Yang.

Mom. Ni Yang walked over.

Ni Cuihua scooped up two fried eggs from the pot, Eat these quickly.

After a night of thinking, Ni Cuihua had finally come to understand; she wouldnt be so foolish anymore.

Ni Yang smiled, Mom, what about you?

Ni Cuihua replied, Dont worry, Moms already eaten. These two are saved for you.

Although it was just two fried eggs, it was the most delicious thing Ni Cuihua had ever eaten. When she was with the Mu family, she could never even taste any meat.

Ni Yang nodded and ate both fried eggs.

After dinner, Ni Cuihua quickly washed the dishes, while Ni Yang went out.

Ni Cuihua was always honest and compliant, no one in the Mu family would ever find out that she had been eating eggs secretly.

Ni Yang didnt go out to play.

She had something much more important to do.

In her memory, a high-ranking official was visiting the countryside for inspection work with his secretary.

She could ask the official for help!

Ordinarily, Ni Yang should not remember the inspection work of such an official so vividly.

But because the official encountered bandits on the road, who ended up stabbing him a few times. Without immediate first aid, the official and his secretary died!

That incident created quite a commotion, causing panic among the people.

Ni Yang hurriedly walked down the path from her memory, and when she got to a dense thicket, she saw two figures sitting by the road.

There was a pool of blood on the ground.

One of them saw Ni Yang and weakly said, Little comrade, over here, over here!

8 007: Done_1

This road was extremely quiet, seldom used by people. This was why it took more than ten minutes before anyone noticed the criminals had fled.

During this time, there was no smartphone or pager, they had no way to contact the outside world. They were severely injured and could only sit by the road at the mercy of death.

At this moment, a person finally came by. Though it was just a little girl, she filled the two with hope.

How wonderful!

They were saved!

They were finally saved!

Ni Yang ran over, Uncles, what happened to you two?

The slightly older man replied, Little girl, its not safe here! Quickly go and call for help!

The criminals might have fled, but they could return at any moment.

However, Ni Yang remained calm despite the increasingly dangerous situation. With a serene expression, she took the two mens wrists in her hands, Uncles, your wounds are severe. If I run back now to call for help, it may be too late for you.

Upon hearing this, the middle-aged man was taken aback, Yo-young comrade, do-do you possess medical skills?

It was inconceivable that such a young girl would have such knowledge!

They were destined not to die!

Ni Yang nodded, Uncle, please preserve your strength by remaining silent.

In her previous life, she was in the catering industry, where medical skills were indispensable.

Among the two men, one was more seriously injured than the other.

Ni Yang chose to treat the more severely injured first.

The most important thing for knife wounds was to stop bleeding and stitch up the wound.

Because she had come prepared, Ni Yang had brought two sewing needles and some herbal medicine for hemostasis and analgesia from her home.

Given the limited conditions, she could only make do with the sewing needles.

She took out a sewing needle, and then said, I am going to stitch your wound now, it might hurt a bit, so bear with it.

Okay, the man responded with a nod.

Ni Yang calmly stitched the mans wounds, her face showing a level of calm that was devoid of any extraneous expression, as if she was merely sewing clothing.

After stitching the wound, Ni Yang applied the hemostasis herbal medicine to it.

The man sucked in a cold breath due to the pain, but the wound indeed stopped bleeding.

After treating this man, Ni Yang then cared for the middle-aged man.

About ten minutes later, Ni Yang wiped the sweat from her forehead, Uncles, your lives are no longer in danger.

After receiving treatment, their physical condition improved considerably.

The middle-aged man expressed his gratitude, Comrade, you are truly remarkable! Could I trouble you for one more thing?

Go ahead. Ni Yang responded.

The middle-aged man then said, My surname is Zhou, my name is Zhou Changzheng. I came from the township. Could you help me to make a trip to the township?

At present, they could still not walk due to the severity of their wounds.

Ni Yang nodded, No problem.

Zhou Changzheng pointed to the bicycle roadside, Young comrade, you can ride my bicycle. Just go to the police station. After explaining the situation, they will come back with you.

Okay, I will go now! Ni Yang hopped on the bicycle and pedaled swiftly toward the township.

Ni Yang successfully arrived at the police station. The officers face turned pallid when he heard the situation. He immediately dispatched officers and an ambulance, before accompanying Ni Yang back to the scene.

After examination, the doctor exclaimed in fear, Mr. Zhou! Thank goodness that young lady treated you in time. If it was any later, your life could have been in danger!

Zhou Changzheng asked, How is Secretary Wu?

The doctor soothe, You dont need to worry. Secretary Wu is also fine.

Thats good, Zhou Changzheng sighed with relief, We must thank that young comrade! Where is she now?

The doctor said, Shes outside, Ill call her in

Ni Yang was summoned to the ambulance.

Zhou Changzheng asked, Young comrade, whats your name?

Ni Yang replied, Uncle Zhou, my name is Ni Yang. I live in Dam Village

After hearing Ni Yang's words, Zhou Changzheng nodded. Young comrade, don't worry. I will definitely ensure justice is served for you and give you your freedom!

Thank you! Ni Yang bowed to Zhou Changzheng.

**

When Ni Yang returned to the Mu Family, there was a faint smile on her face.

Yangyang is back, Ni Cuihua came out from inside.

Mm-hmm. Ni Yang nodded, Where are the others?

Ni Cuihua looked at the gate of the yard, They're not back yet.

Just as she was speaking, the old granny Mu helped Li Shu, who was being crutched by Mu Jinbao, into the house.

Li Shu was like a queen.

When granny Mu saw Ni Cuihua and her daughter, she began to swear at them, You stand there like death itself. Don't you have work to do?

Ni Cuihua nodded like she always did, Yes, mom. Yangyang and I will get right to it!

Granny Mu no longer bothered with Ni Cuihua, she took Li Shu to the living room and closed the door.

Once inside, granny Mu could not help but ask, Ashu, what did your cousin say?

Li Shu laughed and said, My cousin of course agreed. He will be coming over to pick up Yangyang tomorrow.

Upon hearing this, granny Mu was taken aback.

Tomorrow? So soon?

Li Shu nodded.

Mu Jinbao chuckled, Mom, are you not willing to let go of that useless girl?

Reluctant?

How could that be possible?

What was there to be reluctant about a useless girl!

Granny Mu said, We are during the busiest farming season at the moment. If that useless girl is gone, who will harvest our paddy?

Despite Ni Yang's slight frame, she was agile and capable when it came to farm work! Visit [novelbin\(.\)c.0m](http://novelbin(.)c.0m) for updates

If Ni Yang left, who would harvest their rice?

That was granny Mu's concern.

Was she supposed to go down to the field in her old age?

Mu Jinbao chimed in, Mom, don't forget, we still have an old work ox in our house.

This old work ox was naturally Ni Cuihua.

Granny Mu countered, How long it would take her to do it all by herself? By then, the rice is probably all eaten by sparrows!

The ripe rice was most attractive to sparrows.

Upon saying that, granny Mu continued, Ashu, can you discuss with your cousin if it's possible to take that useless girl away later?

That might not be possible, Li Shu said with some difficulty, Moreover, my cousin has already given a deposit of fifty yuan!

With that said, Li Shu took out fifty yuan and put it on the table.

Seeing the fifty yuan note, granny Mu's eyes sparkled. She quickly pocketed the money, That's settled then! Let your cousin pick her up tomorrow!

Okay! Li Shu was very pleased with herself.

After she said that, Li Shu asked, Mom, how do we break the news of this to Yangyang?

Granny Mu responded, Leave that to me. That brat wouldn't dare to make any trouble!

Li Shu nodded, I'll leave it to you.

With the problematic Ni Yang finally out of the way, Li Shu was very pleased with herself. She quickly made an excuse and went to the village department to call Li Xianxian and give him good news, Xianxian, I've taken care of the problem!

9 008: Are you crazy_1

Li Shu adored her daughter, Li Xianxian, immensely.

Li Xianxian was quite remarkable herself. Not only had she attended university at a very young age, she had also accomplished a lot.

However, Li Shu had always been unable to comprehend why Li Xianxian, a daughter aptly compared to a treasure from heaven, would feel intimidated by Ni Yang, who was no better than mud.

How could Ni Yang possibly influence Li Xianxian?

But, since it was something her daughter had instructed, she was naturally going to do it flawlessly.

Now she had successfully wed Ni Yang off to a eunuch and even made a profit from it, Li Shu was extremely pleased.

Is it done? On the other end of the call, Li Xianxian narrowed her eyes before asking, Mom, how did you handle Ni Yang?

Li Shu looked around as she spoke, Xianxian, do you still remember your distant cousin, Wang Dazhuang?

There was a moment of silence on the other line, Mom, are you implying

Li Xianxian had a fairly strong impression of her cousin, Wang Dazhuang.

Wang Dazhuang, who was more than fifty years old, had never married. He had a physical disability, and because of it, his mentality was quite distorted. Often, he would abuse animals. If Ni Yang were married to him, it would be like plunging into a fiery pit. She would never see the light again in her life!

A sinister smile curved at the corners of Li Xianxian's lips.

Li Shu laughed and nodded, Exactly, that's what I mean.

Li Xianxian continued, What if she runs away?

Dont worry, with Mom here! That wild girl wont be able to escape! reassured Li Shu confidently.

Li Xianxian replied, Alright, Mom. This matter is up to you! You must keep an eye on her!

As the cost of phone calls was exorbitant back then, the mother-daughter conversation ended shortly. UpTodate novels on novelbin.com

Li Shu returned to the Mu family home.

The Mu family was all seated at the dining table, waiting for her to come back for dinner.

Ashu is back, lets sit down for dinner, Elder Mrs. Mu beckoned Li Shu to sit down.

Mu Jinbao pulled out a chair for Li Shu.

At the table, Elder Mrs. Mu turned to Ni Cuihua and deliberately asked, Cuihua, how old is Yangyang this year?

Hearing Elder Mrs. Mus voice, Ni Cuihua couldnt help but shudder. If youve been oppressed for a long time, you cant change certain habits overnight.

Ni Cuihua replied, Yangyang is seventeen this year.

Elder Mrs. Mu continued, A seventeen-year-old girl, and yet she sits idly at home all day! When I was seventeen, Jinbao was already three years old!

In those days, getting married and having children at a young age was common.

Ni Cuihua naively responded, Mother, why dont we let Yangyang continue her studies?

Study! exclaimed Elder Mrs. Mu. Ni Cuihua! You really dare say! Where do we get the money for her schooling? Besides, whats the use of a liability like her going to school?

Ni Cuihua added, But, but Yangyang is still so young, what can she do if she doesnt study?

Li Shu stifled her laughter and said, Sister Cuihua, hasnt Aunt mentioned it? When she was seventeen, Brother Jinbao was already three years old. I think Yangyang should marry early! Then we, her maternal family, can benefit from it. Otherwise, shes just wasting food at home.

Li Shu didnt bother hiding her intentions in her words.

Thats because Ni Cuihua was just a fool in front of her.

Ni Cuihua burst into fury at that very moment, Li Shu, our familys business doesnt seem to be your concern, an outsider!

Slam!

Elder Mrs. Mu pounded on the table and stood up, her gaze fierce, like a ferocious demon. Ni Cuihua, you barren wretch! Whos the outsider? I think youre asking for it! Jinbao!

Mu Jinbao immediately rolled up his sleeves and stood up, You wretched woman, say that again!

Beating his wife was a regular affair for Mu Jinbao.

Who told Ni Cuihua not to be capable, not making a son!

In the countryside, without a son at home, one is not only despised as extinct, one also has to be ridiculed and belittled!

Ni Cuihua looked at Mu Jinbao with red eyes, Mu Jinbao, weve been married for seventeen years, how have you treated me these whole seventeen years? You have either beaten me or insulted me every day, you never once had a kind face for me! Ive borne you five daughters, with you discarding three. Mu Jinbao, you too are the biological father of these children! How could you bear to do it?!

Nothing matters at all!

Ni Cuihua dares to talk to him like that now!

It must be known that before she would neither hit back when beaten nor retort when insulted!

This cheap woman!

Has she gone mad?

Mu Jinbaos eyes turned red with rage, veins protruded on his face!

Ni Cuihua knew that this was the prelude to him wanting to beat someone.

Every time Mu Jinbao wanted to beat someone, he put out this ghost-like appearance.

And each time, he would beat her to within inches of her life, his methods were shocking to everyone.

Remembering those experiences, Ni Cuihua shuddered with fear.

Mu Jinbao raised his fist to hit Ni Cuihua.

Ni Cuihua was gripped with terror and momentarily forgot to resist.

Dad, you're getting old, it's easy to wrench your back if you start fighting. Ni Yang came over, and stood in front of Ni Cuihua, reaching out to grab Mu Jinbao's hand, and then said, Dad, Aunt Ashu is right. I'm seventeen years old this year. It's a waste to sit around at home doing nothing. Better to marry into a good family sooner rather than later. So, I wonder, does Aunt Ashu have some outstanding young men to recommend me?

Ni Yang trained in fighting arts and taekwondo in her former life, so she has some basic skills in martial arts.

Furthermore, what surprised Ni Yang was that since saving that big official yesterday, her five senses had become a lot sharper than the average person, particularly her strength! It felt as though she had an endless supply of energy!

Otherwise, she wouldn't have held Mu Jinbao's arm so effortlessly.

Mu Jinbao looked at Ni Yang incredulously.

How is it that this useless creature's strength could be so great?

His expression was a bit unnatural as he said, Your Aunt Ashu treats you so well, she would definitely not harm you! Relax, she has introduced you to a good family. Not only is the young man handsome, but his family also has money. When you marry and go there, you can enjoy your life.

Ni Yang smirked slightly, Aunt Ashu will not harm me Dad, you are my biological father, will you harm me?

He had introduced her to a good family?

A young man?

Hah!

Mu Jinbao sure knows how to tell lies with his eyes wide open.

Seeing Ni Yang like this, somehow made Mu Jinbao feel a bit panicked, especially when Ni Yang said the words biological father.

It was clear that he was the elder, but it felt as if Ni Yang was the elder.

It was really too strange!

Stammering, Mu Jinbao said, I, I am your biological father! I, how could I harm you?

Ni Yang gave a faint smile, releasing Mu Jinbao's wrist, Right, you are my biological father. How could a biological father harm his own daughter?

In the past, she also did not believe that a biological father would harm his own daughter.

Later, the reality told her how ridiculous her ideas were.

Li Shu came over from the other side, smiling and saying, Yangyang, since you have agreed, then let's settle this. Aunt Ashu has already spoken to the young man, he will be coming over tomorrow morning. You should dress up nicely, you better not disappoint him!

Ni Yang looked up to Li Shu, smiling and saying: Alright Aunt Ashu, rest assured, I promise I won't disappoint them.

10 009: Big Shot! _1

Li Shu looked at Ni Yang, her eyes full of mockery.

This little girl is just too stupid!

Even more stupid than she had imagined!

Someone sells her and she still counts the money for them.

Even Li Xianxian was scared of her. DiisCoover updated novels on [n\(o\)v./e/lbin\(.\)com](http://n(o)v./e/lbin(.)com)

Li Xianxian smiled and said, Good, good, Yangyang, that's what it is. A girl should be obedient so that she can have good days after she gets married.

Ni Yang nodded, Mmm, Aunt Ashu is right.

Ni Cuihua looked at Ni Yang somewhat unbelievably from the side.

What's going on with this kid?

How could she agree to meet that eunuch!

Didn't she say she wanted to leave this place with her mother and sister?

Ni Cuihua anxiously looked at Ni Yang, her eyes seeming to have a thousand words to say.

Ni Yang slightly raised her eyes, met Ni Cuihua's gaze, with a faint smile in her eyes.

Oddly.

Ni Cuihua felt a sense of assurance seeing the look in her eyes.

The deal was settled, old lady Mu slapped the table and said, Alright, lets start the meal.

Because she was about to sell Ni Yang to the old bachelor, old lady Mu didnt make it hard for Ni Cuihua at the dinner table; she even graciously allowed Ni Cuihua to eat an extra bowl of porridge.

After the meal, old lady Mu took out a pink dress and handed it to Ni Yang, Yangyang, this is a dress that grandma especially asked someone to buy in the city. It cost 2 yuan! You should wear it tomorrow!

At any other time, where would old lady Mu be willing to spend money to buy new clothes for Ni Yang?

But now its different!

Ni Yang can now be sold for 200 yuan!

What if she looks dirty and the man doesnt like her?

Between 200 yuan and 2 yuan, of course, 200 yuan is more important.

Ni Yang joyfully took the clothes, Wow! Such a beautiful dress! Thank you, grandma, youre so good!

This sentence youre so good, grandma made old lady Mu feel a bit uneasy for some reason.

Whats up with this little brat Ni Yang?

Old lady Mu looked at Ni Yang and said, Im your grandma, how can I not be good?

No matter what, Ni Yang cant change the fact that she is her grandma.

She is her grandma!

She can sell Ni Yang to whomever she wants!

Thinking this way, old lady Mu felt a little relieved.

Ni Yang gave a faint smile, Yes, grandma, youre the best. If theres nothing else, mom and I will go wash the dishes in the kitchen.

Go ahead. Old lady Mu waved her hand casually, By the way, feed the sheep.

Understood. Ni Yang obediently answered.

Watching the retreating figures of Ni Yang and Ni Cuihua disappearing into the kitchen, old lady Mu looked at Li Shu, somewhat unsure, Ashu, are you sure you and your distant cousin have discussed everything clearly?

She didnt know why, but old lady Mu always felt her heart keep thumping, like something big was about to happen.

Li Shu laughed, Mom, rest assured, my cousin will come early tomorrow morning, and Yangyang is so pretty! This marriage contract wont escape!

Old lady Mu nodded, Thats good.

In the kitchen.

Ni Cuihua looked at Ni Yang with a worried expression, Yangyang, why did you agree to your grandma just now? If we really meet the man tomorrow, can we still get away?

The Mu family treats her as a free workhorse and Ni Yang as a money tree.

Under these circumstances, can she really successfully divorce Mu Jinbao?

Ni Yang patted Ni Cuihuas hand, Mom, dont worry. What I did just now was just a delaying tactic. As soon as tomorrow is over, Ill immediately take you and my sister away from here, and well start a new life.

Can the three of them really start a new life?

Ni Cuihua was very worried.

Ni Cuihua gripped Ni Yangs hand, her gaze firm, Yangyang, why dont we take your sister and escape together!

Ni Yang was delighted that Ni Cuihua had such an awareness. Shaking her head, she said, No, Mom, we wont run away! Youre divorcing Dad, were leaving openly.

In an era where even train tickets are hard to buy without a letter of introduction, where could they possibly run to?

If they could flee, Ni Yang would have taken Ni Cuihua and escaped a long time ago. Why would they go through all these troubles then?

Ni Cuihua still seemed somewhat worried.

Ni Yang comforted her with a smile, Mom, dont worry, go back and rest. We should leave tomorrow after a good rest tonight.

Alright. Ni Cuihua nodded in agreement.

Well!

She might as well trust her daughter this time!

The night breeze was gentle. Ni Yang lay on a hay bed in the Firewood Room, a piece of dogtail grass hanging from her mouth, gazing at the starry sky in a trance.

In the 1980s, without pollution from factories, the sky was extremely brilliant. The stars of Altair and Vega could be seen.

Croak, croak, croak

The sounds of frogs and insects filled the ears, and the air was full of the fragrance of ripe paddy.

Such a night was so peaceful!

The faint glow of fireflies interlaced with the starlight, casting a soft glow on Ni Yang, making her look like a banished immortal who descended from the moon. Underneath her long eyelashes hid a pair of charming peach-blossom eyes, giving off a gleam as brilliant as the Milky Way!

Such a beautiful woman.

At that moment, Ni Yang suddenly felt something hard against her back. She felt around in the hay and pulled out a delicate wristwatch.

If she guessed correctly, this watch should belong to that man.

Successful people all fancy watches, Ni Yang was no exception. Furthermore, Ni Yang in her previous life studied watches specially.

This was an extremely valuable watch.

A model like this was almost extinct in the future.

Even now, this watch was a limited edition one, with no more than three in existence worldwide!

It was worth 100,000 RMB.

What did 100,000 RMB mean at that time?

It meant enormous wealth!

One could tell from this that the owner of the watch was not an ordinary person at all!

However, it didnt matter who he was.

She couldnt afford to mess with a guy covered in blood like him.

Ni Yang placed the watch back into the hay, squinted her eyes, and started to sleep. Thinking that she could leave this hellhole the next day, a faint smile appeared on Ni Yangs face.

The time passed quickly, and in the blink of an eye, it was the next morning.

The golden sunlight filled the earth.

Early in the morning, Ni Cuihua was already busy in the kitchen.

The air was filled with the sweet aroma of steamed sweet potatoes and the fragrance of steamed buns.

Seeing Ni Yang come in, Ni Cuihua secretly handed her two boiled eggs, Yangyang, here you go.

Ni Yang calmly put the boiled eggs in her pocket.

Ni Cuihua continued, Yangyang, can we really leave here today?

Hmm. Ni Yang nodded slightly, Mom, remember to follow my lead later. I will definitely take you and sis away from here.

Ni Cuihua wiped her hands on her apron, Okay, what should I do to help you?

Ni Yang leaned over and whispered into Ni Cuihuas ear.

This version of Ni Yang, brilliant and confident, with a voice as calming as a spell, put people at ease.

Ni Cuihua slowly calmed down. Looking at Ni Yang, she said, Hmm, Yangyang, I got it. Dont worry, Ill definitely cooperate with you!

As long as she could take her two daughters away from here, she was willing to do anything!

It took a while before the people of the Mu family got up for breakfast.

Suddenly, after the meal, there was a frantic knock on the door from outside, Is anyone there? Is anyone home?
