Must Apologize

1001 Must Apologize

Lin yuelan's sharp eyes met Yuwen Feiye's shocked eyes. She then said coldly, "So, Your Highness the Third Prince, are you sure you want to pin a false charge on this lady and take this lady's life just for a hypothetical question?"

Lin yuelan threw away the crime of slandering the royal family's descendants and accused Yuwen feiye of being unreasonable, abusing Imperial power, and framing the innocent.

This time, the atmosphere at the scene immediately became strange.

They couldn't help but sigh in his heart, 'What a sharp-tongued woman! No wonder she was so calm when the third prince wanted to kill her. This time, the third Prince's reasoning could no longer be explained. If he's accused of bullying innocent people, he won't be able to defend himself!'

Lin yuelan's sharp tone made Yuwen feiye, who thought he was in the right, become a Prince who abused his imperial power.

Yuwen Feiye's expression was extremely ugly. It turned from green to black, then black to green, and kept changing.

After that, he gritted his teeth and said with a livid face, "What a sharp mouth!"

Lin yuelan's words were reasonable. If they were alone, Yuwen Feiye would have her beheaded no matter what.

However, in front of so many people, even if he was a Prince, he didn't dare to do anything to her. Otherwise, he would be using his power to bully others!

He really couldn't do anything to her.

He would remember this secret loss, but he would put this debt on Jiang Zhennan's head.

If this woman didn't have Jiang Zhennan's support, where would she get the confidence to go against a Prince like him?

Lin yuelan laughed, "You flatter me! I'm just telling the truth, aren't I? But then again, everyone who makes a mistake must be responsible for their own mistakes, such as apologizing and compensating."

Once she said that, everyone was stunned again.

Especially Yuwen Feiye and Yuwen Xuhong, who were staring at Lin yuelan in disbelief.

After a while, Yuwen Xuhong came back to his senses. He asked in surprise, "Miss, do you want the Third Imperial uncle to apologize to you? "

However, Lin yuelan asked him in return, " Your Highness, isn't this right? I've said that everyone has to be responsible for their own mistakes. His Highness, the third Prince, has accused me of slandering a Royal descendant, but in reality, I was only making a hypothesis. He wanted to kill me for a hypothetical situation. If I didn't defend myself, I would be dead already. That would be such an injustice! So, even the third Prince has to be responsible for his own mistakes, right?"

'Alright, he couldn't explain this at all!'

Yuwen xuhong thought.

Then, he looked at the third Prince with a helpless expression.

After all, most of the civil and military officials of the Imperial court were gathered here. The third Prince not only had to answer to this woman in red but also to these officials.

The atmosphere became quiet and tense again.

However, this atmosphere was quickly broken by someone.

"Woman, you're really audacious and delusional. Do you want the third Prince to apologize to you and even ask for compensation? Who do you think you are? You are bitch... You are just a nameless woman by his side! You're delusional!"

Immediately after, her head, which was red and swollen like a pig's head, turned to look at the third Prince and said very ingratiatingly, " Third Prince, you have a noble status. There's no need to apologize to such a woman of unknown origin. She slandered the royal family's heir. It's already her good fortune that you're willing to forgive her. But she's insatiable and has made you lose face.

"This kind of woman is really hateful. You don't need to let her off for that bastard... big brother's sake!"

After she finished speaking, her eyes were so swollen that only a slit was left. Her face was red and swollen, and she smiled proudly at Lin yuelan.

This appearance was strange and horrifying!

Lin yuelan looked at Jiang Wen, who was unrecognizable and had lost so many teeth and was speechless for a moment.

It seemed that Jiang Wen's impulsiveness and stupidity were beyond redemption.

1002 Must Apologize

Didn't she know that she was the cause of all this?

She thought that she was standing up for the third Prince, but she didn't know that she was emphasizing the fact that the third Prince used his power to bully others.

Lin yuelan ignored the smug Jiang Wen and looked at Yuwen feiye with a faint smile. "so, third Prince, do you agree with Miss Jiang? "

In fact, she was hinting that if he agreed with Jiang Wen, then his education and quality as a Prince would be the same as Jiang Wen's.

Jiang Wen's current reputation could be seen by anyone who had eyes and ears.

She was an unruly, willful, unreasonable, and self-conceited woman with low quality.

Yuwen feiye was a smart man.

Of course, he knew what Lin yuelan meant.

He lowered his head slightly and thought about it again. In the end, he had no choice but to make a choice that was very humiliating to him.

Just as he was about to open his mouth, a loud and clear roar was heard.

"What a silly little girl! She's really too impudent!" A bearded middle-aged man who looked to be in his forties stepped in.

It looked like he had been standing at the door for a while.

Lin yuelan's expression under the mask twitched, and she asked indifferently, "Who are you?"

“Impudent!” The man roared again!

Lin yuelan’s face turned cold, and she asked in confusion, “What?”

The middle-aged man pointed at Lin yuelan and almost stomped his feet in anger. “you ... You ... You little girl, you really don’t follow the rules! How dare you challenge the authority of the royal family?”

Lin yuelan said coldly, “ I don’t follow the rules? May I ask how you know? Speaking of which, I still don’t know your esteemed name, yet you suddenly appeared to meddle in other people’s business. Who are you?”

“You!” The man pointed at Lin yuelan in anger.

“Uncle!” The third imperial prince suddenly stepped forward.

Then, Jiang Zhennan stepped forward and introduced him to Lin yuelan, “ Yue ‘er, this is Zhou Dehong, the heir of the Zhou family, one of the four big families in the capital. He is also the third Prince’s uncle!”

The third Prince’s mother was Zhou Wenya, the eldest daughter of the Zhou family and also Zhou Dehong’s younger sister.

Lin yuelan nodded, “ Oh, I see.”

However, she immediately said bluntly, “So what? Is the third Prince going to act like children? Since he couldn’t win, he needed his parents to come forward to stand up for him. Speaking of which, I don’t want anything, I just want an apology. There’s no need for a parent to get involved, right?”

These words were obviously sarcastic and mocking.

The third Prince’s ears turned red instantly!

Zhou Dehong shouted again. “Impudent!”

Lin yuelan sneered, “Don’t you have any other words to say besides ‘impudent’? ”

The people present took in a deep breath again.

‘This ...’ This woman was really lawless!

Even if she had the defender-general of the state backing her up, she couldn’t offend the royal family again and again!

If she were really Jiang Zhennan's fiancée, as he had said, she would have offended so many people before she even married into the General's residence. How could she have a foothold in the capital in the future?

Lin yuelan's lawless behavior infuriated Zhou Dehong so much that his face turned green and black!

However, he couldn't win against Lin yuelan. He turned to look at Jiang Zhennan and asked sternly, "Great general, are you going to let this woman act as she pleases in front of all the civil and military officials, even in front of the royal family's descendants? Also, you said that this woman is your fiancée. Such a lawless fiancée, aren't you afraid of her causing you great trouble?"

He was starting to provoke Jiang Zhennan.

Zhou Dehong also believed that Lin yuelan's lawless behavior was indulged by Jiang Zhennan.

Therefore, as long as she incited Jiang Zhennan to dump her, then this woman's road would come to an end.

But it was a pity.

None of the people present understood Lin yuelan, so they could not understand the relationship between Lin yuelan and Jiang Zhennan.

They all thought that Lin yuelan was trying to cling to Jiang Zhennan, but in fact, without Lin yuelan, there would be no Jiang Zhennan.

Jiang Zhennan replied to Zhou Dehong coldly, "Uncle Zhou, I don't think that Yue 'er is lawless at all! The people present can agree with me. Did they also think that Yue 'er was lawless? Is every word she said just nonsense and twisted logic?"

1003 Must Apologize

Jiang Zhennan's words fell, but no one dared to make a sound.

That was because the red-robed lady was in the right.

However, they could not say it.

Wasn't this something that would offend people?

One side was the third Prince, and the other side was the defender-general of the country. No matter which side they offended, it would not be good.

Therefore, keeping silent was the best answer!

Zhou Dehong was choked by Jiang Zhennan's words. He looked at the people around him who either had their heads lowered or were looking away. He was so angry that he leaned back.

These useless things.

He pointed at Jiang Zhennan angrily. "you ..."

Yuwen feiye stopped him immediately, "Uncle, stop it!" If they continued, they would be the ones to lose face, and it might even threaten their reputation.

So, the best thing to do now was ...

"Young lady, I apologize for my mistake just now!" The third Prince apologized.

The third Prince had really apologized!

This realization surprised everyone, but it was also within their expectations!

Because this woman was really powerful.

With just a few words, the third Prince and his uncle had nothing to say.

And now, she had even forced the third Prince to bow his head to an unknown woman.

Lin yuelan smiled and said, "It's great to know one's mistakes and change!"

When the third Prince heard this, his face turned green and white, but he could not refute it! Yuwen Feiye growled, "It seems that I have to thank Miss for the lesson."

Lin yuelan seized the opportunity and said, "Third Prince, I don't dare to accept the honor!

Then, she glared coldly at Jiang Yunfeng, who was standing behind Yuwen feiye and wiping his sweat. She said coldly, "Third Prince, can you make the Zhenggeuo Duke apologize for his mistake now? "

That was for sure!

That was what everyone thought.

Even a Prince had no choice but to bow his head, so how could a mere Zhengguo Duke escape?

The third Prince glanced at Jiang Yunfeng coldly and said with hostility, "Of course!

After that, he took his anger out on Jiang Yunfeng and said sternly, "Zhengguo Duke, this lady is right. It is the father's fault for not teaching the son! Even if the great general is your son, the failure of your other son and daughter's education, causing them to look down on their elder brother, is a mistake of your responsibility! So, you have to apologize to the great general!"

Originally, he had only represented his father to attend the wedding, but he did not expect to be humiliated like this. The source of all this was Jiang Yunfeng's son and daughter.

In particular, Jiang Wen sounded like she was helping him but she only made things worse for him. It made him even more annoyed.

The whole family of Duke Zhengguo's mansion really had pig brains!

The third Prince had already lowered his head and spoken. No matter how dissatisfied Jiang Yunfeng was, he could not refute or resist.

He could only unwillingly lower his head and apologize to Jiang Zhennan. "Nan 'er, it's my fault. I didn't educate your siblings well. Father apologizes to you. Please forgive your siblings this time! Is that enough? Can't you forgive them now?"

The tone was demanding.

Lin yuelan sneered and thought, 'Hmph. That's all?'

Jiang Yunfeng had thought that by saying and doing so, Jiang Zhennan would nod his head happily and forgive him.

After all, since he was young, Jiang Zhennan had always admired his father and longed for his fatherly love.

Now that his father had personally bowed down to him, shouldn't he be grateful?

But ...

After he said this, the scene was very quiet, and it even became strange.

Oh no, everyone looked at Jiang Yunfeng with a strange look.

He did not expect Jiang Yunfeng to be so biased.

Even the third Prince was infuriated because the duke's family intended to make him suffer even more.

The siblings actually called their blood-related brother a bastard. In the end, Jiang Yunfeng wanted Jiang Zhennan to forget and forgive just like that. Could it be so easy?

As expected ...

"Duke Zhengguo, if there's nothing wrong with my ears ... Lin yuelan deliberately picked her ears and continued, "It sounds like you are certain that Big Brother Nan will forgive your son and daughter. "

Jiang Yunfeng knew that as long as this woman spoke, nothing good would come out of it.

His face darkened and he said coldly, "That's right!"

Then, he said matter-of-factly, "You want this Duke to apologize to him, and this Duke has already apologized. Since I have apologized, then naturally, Yue 'er and Wen' er's mistakes must be forgiven!"

1004 Must Apologize

Lin yuelan was so angry that she laughed at his shameless words.

She said, "If that's the case, what will you do if big brother Nan doesn't forgive them? "

Jiang Yunfeng really wanted to say loudly, "Of course, I'll continue to force him!"

However, when he heard Lin yuelan's next sentence, his self-righteous and self-righteous ball immediately deflated.

Lin yuelan said, "Zhengguo Duke, you have to think carefully. Most of the court officials, as well as the princes and Imperial grand princes, are all watching!"

Jiang Yunfeng's eyes narrowed slightly. After a moment, he turned his head and shouted angrily at Jiang Zhenye and Jiang Wen, "Come here, kneel down and apologize to your big brother. Say that you're wrong and that you won't do it again! As long as your big brother doesn't forgive you, you're not allowed to get up!"

This move was indeed useful.

Jiang Yunfeng didn't want to put on airs and apologize to Jiang Zhennan sincerely, but he forced his son and daughter to come and directly forced Jiang Zhennan to forgive them.

Lin yuelan cursed in her heart, 'What an old fox!'

She immediately stopped him. "Don't! Today is a day of great happiness, and this is the groom. If he knelt down like this, he would be out of luck. Then you'll blame it on big brother Nan when something happens. If that happens, big brother Nan won't be able to explain himself. Besides, he's not good with words, so he won't be able to apologize with sincerity!"

She was telling the truth.

They often did this kind of thing!

Jiang Yunfeng was about to be driven mad by Lin yuelan. This was not good, and that was not right.

His face darkened as he asked, "What do you want me to do? "

Lin yuelan crossed her arms in front of her chest and stared at Jiang Yunfeng indifferently without saying a word!

No one knew what Lin Yuelan wanted to do.

A moment later, Lin yuelan said coldly, "It's very simple! I want you all to swear that you absolutely will not call big brother Nan a bastard in the future. Otherwise, every time you curse, your mouth will smell rotten for ten days, full of thick sores!"

'This ...'

No one had thought that Lin yuelan would actually pursue the matter so much!

"You ..." Jiang Zhenye and Jiang Wen immediately glared at Lin yuelan, "What right do you have?"

They had been calling Jiang Zhennan a B * stard since they were young and were completely used to it. They would blurt it out whenever and wherever they wanted to!

If they couldn't do this anymore, they wouldn't be used to it at all!

So how could they swear on this?

Lin yuelan stared at the two of them coldly and said sternly, "It seems like you're not willing. In that case,"

After saying that, Lin yuelan suddenly clapped her hands and said, "Then, we'll wait for your mouth to rot. If you don't believe me, you can open your mouth and see if your mouth is smelly."

"My mouth is never smelly!" Jiang Wen roared.

However, the moment she finished shouting, the people around her immediately smelled a foul smell, and it was very strong.

The source of the stench was ...

They all looked at Jiang Wen's red and swollen mouth.

Then, the people around them quickly took a few steps back in unison, staying away from the siblings, Jiang Wen and Jiang Zhenye.

Even Jiang Yunfeng and Wen Yujing couldn't stand it and took a few steps back, their faces dark.

However, they looked at Lin yuelan with even more strange expressions.

They didn't believe that Jiang Wen's foul-smelling mouth had anything to do with this person.

Jiang Wen also sensed the stench. She was shocked and frightened. "what ... How could that be?" After she finished speaking, she quickly covered her mouth with her hand!

Lin yuelan sternly asked again, "Are you going to swear or not? "

The two siblings were frightened and immediately nodded. "we swear, we swear ..."

1005 A Foul Stench!

The two siblings knew very well that the stench coming from their mouths must have a lot to do with this woman of unknown identity in front of them.

However, they couldn't take it when they smelled the smell from their mouths.

Instead of going against Lin yuelan, it would be better to go along with her this time. In the future, no one would know if they cursed her and Jiang Zhennan in secret.

In the end, both of them compromised. In front of all the guests of Duke Zhengguo's mansion, they swore that they would never call Jiang Zhennan a bastard again. Otherwise, every time they scolded him, their mouths would be rotten for ten days, and their mouths would be full of sores!

After Jiang Wen made the oath, she glared at Lin yuelan with her red and swollen eyes and said, "We've already made the oath. Can you solve the problem of the smell in my mouth? "

Lin yuelan seemed a little confused when she heard Jiang Wen's words, and then she said in a very calm voice, "What does the stench coming from your mouth have to do with me? "

Then, she seemed to have thought of something and continued, " Oh, that's not right. They were related. When I slapped you just now, I must have smeared the medicine on my fingers onto your face."

As she spoke, she deliberately stretched out her white and slender hand to look at it. Then, as if suddenly enlightened, she continued, " I was wondering where the smelly powder went. It turned out that it accidentally floated into your mouth.

"I'm really sorry, second young master Jiang and miss Jiang. I didn't do it on purpose!"

The surrounding guests were immediately frightened and took a few steps away from her. The space around Jiang Zhennan and Lin yuelan was already large, and now it was even larger. These people seemed to have surrounded Jiang Zhennan, Lin yuelan, the Jiang siblings, Jiang Yunfeng, and his wife.

"Oh, my mistake, my mistake. Second young master Jiang, miss Jiang, I'm really sorry!" Lin yuelan apologized again with a strange tone.

It was as if she wanted to emphasize that she didn't do it on purpose.

"Where's the antidote?" Jiang Zhenye asked through gritted teeth.

He didn't believe that this person was careless.

She must have done it on purpose.

"I'm sorry, second young master Jiang, but I don't have the antidote!" Lin yuelan said lightly without a trace of apology, " But, second young master Jiang, miss Jiang, don't worry. You only need to drink 20 catties of water a day, and it will dissipate in 10 days. You don't need an antidote!

Everyone was speechless. How sinister!

20 catties of water, was she trying to drown people in the water?

They would have to run to the toilet every day!

Jiang Zhenye didn't believe it at all. He glared at Lin yuelan and said, " I don't believe it!

Lin yuelan spread her hands and said innocently, " I don't have the antidote. There's nothing I can do if you don't believe me! However, if you really have any doubts, you can go to the doctor! Let's see if those highly skilled Imperial physicians have a way to make an antidote for you?"

This medicine was specially made by her to deal with Duke Zhengguo's mansion's people, and she was the only one who could make the antidote.

Therefore, even if they looked for Imperial physicians, it would be in vain.

Jiang Zhenye and Jiang Wen were really angry.

However, today, their family of four, including the third Prince and Uncle Zhou, had all suffered a great loss at the hands of this woman. This woman had probably come prepared. They simply couldn't deal with her, so they could only compromise.

The brother and sister could only grit their teeth and accept this loss.

If they had the chance in the future, they would definitely take revenge.

Lin yuelan's quick-witted, sharp, vicious, and protective methods left a deep impression on the people present.

However, they were more curious about where Jiang Zhennan found his fiancée.

However, judging from Wen Yujing's hatred for her from the beginning, they must have met before.

Someone immediately made up his mind to ask Wen Yujing about the woman's background.

The Jiang siblings compromised under threat.

However, the fact that Lin yuelan could easily poison them left a lingering fear in everyone's heart!

Yuwen Xuhong's eyes flickered and he squinted slightly. Then, he asked curiously, "General-in-chief, your fiancée knows poison? "

Jiang Zhennan shook his head and said, "She doesn't know any poison techniques. She only knows a little bit of medicine!"

His words ...

Medicine and poison were inseparable. Wasn't it normal for people who knew medicine to know poison?

However, looking at this woman in red, she had easily poisoned people in public. Her poison skills were probably not low at all. In that case, her medical skills must be superb.

In that case, it was very likely that the poison that Jiang Zhennan was poisoned with last year was cured by this woman?!

However, even the godly doctor Wu Yazhi couldn't cure the heart-devouring poison, so how could this woman?

Where did this woman come from, and who was she?

Why would she be engaged to Jiang Zhennan in private?

These doubts instantly lingered in Yuwen Xuhong's mind.

He thought to himself, 'It seems that I have to send someone to investigate!'

Then, he smiled and asked, "General, this girl is your fiancée. I wonder where you got to know such a smart girl? And why is she wearing a mask?"

Yuwen Xuhong looked curious, but he was actually trying to find out more about Lin yuelan. He wanted to know what the woman in red looked like.

How could Jiang Zhennan not know?

However, in his heart, he did not want anyone to see Yue 'er's devastatingly beautiful face, especially those from the royal family.

Therefore, Jiang Zhennan replied nonchalantly, " Yue 'er is just a girl from the countryside. She doesn't know the rules. Please forgive her, Your Highness!"

In the end, he didn't get anything out of him.

Wen Yujing was furious.

She did not expect that this wild girl's combat power would be so strong. In nanyuan farm, she had suffered such a loss. Now in Duke Zhengguo's mansion, this girl could

fight against the entire Duke Zhengguo's mansion with her mouth alone. She could even escape unscathed when facing the third Prince. Not only that, she could even make the third Prince, a dignified Prince, bow his head and apologize to her.

Where did this Jiang Zhennan's good luck come from? it was fine if he just randomly found a girl, but this girl was not only the younger sister of the richest man, Liu Yichen, but she was also so outstanding and capable.

How could Jiang Zhennan, this bastard, be worthy of such a woman? Also, what kind of taste did this girl have? She had rejected so many young talents in the capital, but she only had eyes for Jiang Zhennan. Was she really tired of living?

Thinking of this, Wen Yujing rolled her eyes and asked Lin yuelan, "Miss, I'm afraid you haven't been in the capital for long, have you? "

Lin Yuelan answered, "That's right."

Hearing this, Wen Yujing was immediately overjoyed. She said, "Since you're Nan 'er's fiancée, you should know him well, right? In the past, when we asked him to get married, he refused, saying that he didn't want to hurt the girl. I didn't expect you to be Nan 'er's fate! Nan 'er is already 25 years old. How old are you, miss? Where do you live? When do you plan to get married? Nan 'er's father and I will come to propose marriage!"

She knew that this woman was Liu Yichen's younger sister yesterday, but she pretended not to know. She had her own motives.

Lin yuelan immediately understood Wen Yujing's plan.

They were actually trying to sow Discord.

She was indirectly telling Lin yuelan that Jiang Zhennan had hidden some things from her, such as him being the Jinx. Otherwise, he would not have been unmarried at the age of twenty-five.

This matter could be heard by anyone in the capital. It was Lin yuelan's fault for not being in the capital for long.

She was not familiar with Beijing, so she was naturally deceived by Jiang Zhennan.

If Lin Yulan was really a young lady from a big family who didn't know much about the world, or if she really didn't know anything about Jiang Zhennan, perhaps she might have been successfully incited by Wen Yujing.

After all, there must be a reason for not getting married at such a late age. As long as she asked around, he would be able to find out. There was no way to hide it. Of course, the premise was to understand the matters in the capital.

Lin yuelan immediately smiled and replied, " Oh, madam, thank you for your worry. Although Big Brother Nan and I are engaged, I am still young. As for whether I understand Brother Nan or not, I have my ideas. There is no need to trouble Duke Zhengguo and Madam to worry. Also, I'm just an orphan, so I can make my own decisions for my lifelong happiness. There's no need for Duke Zhengguo and Madam to come to my door to propose marriage!"

She had easily dismissed Wen Yujing's provocation.

Lin yuelan was telling Wen Yujing that he knew Jiang Zhennan very well, and her instigation was useless.

Wen Yujing really didn't expect that there would be a woman who wasn't afraid of death and would marry Jiang Zhennan. She could only secretly grit her teeth.

However, she was still unwilling to give up and was about to say something.

Lin yuelan stopped her from saying anything and said, " Oh, the auspicious time is coming, right? Isn't it time for the groom to pick up the bride?"

After being reminded by Lin yuelan, the guests who were watching the show suddenly remembered that there was a wedding going on there. Previously, it wasn't time yet.

Looking at the sky now, it was finally the auspicious time!
