Stay and Take Revenge

751 Stay and Take Revenge

The Butler wiped the sweat off his forehead and said anxiously, "I don't know what's going on either. They just suddenly wanted to rescind the order because we didn't give them complete information, causing them to lose four elite killers. They want us to compensate them or else ..."

The Butler didn't dare to continue, and he carefully glanced at Zeng Yiming from the corner of his eyes.

Zeng Yiming asked, "Or else what? "

"Or else the members of the Zeng Family will die!" the Butler said.

Hearing this, Zeng Yiming's whole body became weak, and his face turned pale.

"And... " Butler Zeng looked at Zeng Yiming and added, " they also told us not to ask for help from other killer organizations. They've already given orders to the entire Jiang Hu not to take any more orders from us.

Zeng Yiming was shocked and asked in disbelief, " how did this happen?"

The Butler shook his head and said, "master, I'm afraid our plan has failed."

Zeng Yiming never believed that Lin Deshan's luck could be so good.

It was obviously impossible to say that he had a powerful background that made the people in Jiang Hu apprehensive.

According to his investigation, Lin Deshan had been living like a peasant in a small town for the past twenty years.

What kind of background could such a person have that made people in Jiang Hu so wary of him?

Zeng Yiming reacted and asked, "How much does the ghastly face organization want us to pay? "

"One million two hundred thousand!" The Butler replied, "300000 taels for one person, so four people will make 1.2 million taels!"

Zeng Yiming's eyes were wide open, and he felt like he was hallucinating. He asked in disbelief, "How much? Say that again!"

"Master, one million two hundred thousand!" The Butler replied, "we have three days to settle the bill. Otherwise, we will double the compensation! old master, we can't afford to offend such an organization!" This was to persuade Zeng Yiming to give money to avoid disaster!

However, 1.2 million taels of silver were extremely difficult for the Zeng family to pay it.

The Zeng family's Zeng pharmacy was the number one medicine hall in Qingfeng city. It looked like a big business, but the money in the accounts had already been used as liquid funds. If they really wanted to take 1.2 million from the books, it would probably have a huge impact on the Zeng Medicine Hall.

However, if he didn't pay the money, his life would be taken by the ghost Face organization at any time.

Compared to money, his life was definitely more important.

However, he was still unwilling to give up.

He asked the Butler, "didn't you tell the ghost Face organization that Lin Deshan had a huge sum of four million taels on him?"

The Butler replied, "old master, I have already told them."

Zeng Yiming thought about it for a moment, then said to the butler, "Continue looking for Ghost Face. Tell them that I don't want the four million taels on Lin Deshan anymore. If they want it, let them take it. I only want Lin Deshan's life!" He was still gritting his teeth when it came to killing Lin Deshan.

The Butler said, "old master, your servant has already told them this, but they are not moved. They say that they have orders from above never to accept this mission again. They don't even care about the four million taels."

Zeng Yiming still didn't believe it. How did this happen?

He thought it would be easy to take Lin Deshan's life to avenge his anger.

But in the end, even the assassin organization didn't want to kill him.

'Lin Deshan, Who are you?'

Zeng Yiming suddenly spat out a mouthful of blood.

"Master!" The Butler shouted in panic, " Someone, go and get the doctor!

...

"Master, the four brothers sent by the 19th hall to stop Lin Deshan have all been killed." The little old man's eyes were filled with anger.

It could be said that this was the first time that the ghost Face organization had failed a mission. This was an obvious insult to the ghost organization.

Liu Yichen sat in the room and seemed to have expected it. " yes, those four people deserve to die! "

The little old man exclaimed in surprise, " master? But our people were killed!" Shouldn't he seek justice?

Liu Yichen looked coldly and said without any emotion, " so what? They were unlucky and met an opponent who was stronger than them, so death was a matter of course."

752 Stay and Take Revenge

When the little old man heard this, he asked in bewilderment, " master, are those two people really that powerful? "

The two people he was talking about were Lin Xuming and Lin Xuxing, the people who suddenly walked out of the corner this morning.

Liu Yichen looked at the little old man coldly and said, " What do you think? They had been hiding in Fortune Inn for the entire night, and even you and I were unable to find them. It could be seen that they were people with profound internal energy. Besides, given how much Lin yuelan values Lin Deshan, if they didn't have the ability to protect him, would Lin yuelan send them to protect him?"

The little old man's brows furrowed, and he thought for a moment before saying, " master, why do I feel that this Lin yuelan is unfathomable?

"Look at the guards beside her. Each of them had extraordinary skills and a sharp aura."

If Lin yuelan was the young lady of some family or the heir of some sect in the martial arts world, it wouldn't be strange for her to be protected by a few extraordinary people.

However, according to the information they had gathered, Lin yuelan was a real farmer's daughter.

She was a poor farmer's daughter who was abandoned by her family and parents because of her jinx fate.

The strange thing happened half a year ago.

Liu Yichen's sharp eyes stared at the little old man, and he said coldly, "Don't be fooled by her young age. She has the aura of a domineering person in power and is someone who draws a clear line between love and hate. If there is a grudge, she will take revenge. If there is no need, we must not become enemies. Otherwise, the consequences will either be a mutual defeat or one of us will die!

"Therefore, no matter how unfathomable this Lin yuelan is or how strange she is, we just need to remember one thing-don't provoke her!"

When the little old man heard this, he asked in surprise, "master, is she really that powerful?"

He believed in Liu Yichen because, over the years, under Liu Yichen's wise decisions and brave leadership, the organization had developed rapidly and fiercely. It had quickly become a first-class organization in Jiang Hu.

Liu Yichen shook his head and said, "She has always been powerful!"

The little old man pondered for a moment, then immediately bowed to Liu Yichen and said, "master, I understand. This subordinate will immediately inform all the hall Masters and tell them not to receive any orders regarding Lin yuelan!"

At the auction, it was obvious that Lin yuelan had thoroughly offended the third Prince. Coupled with the ostentatious display of room nine, the upper-class circle of Qingfeng city would definitely try to find out about Lin yuelan's identity and background. Once they found out that she had no backing, these people would definitely be tempted by the wealth in her hands, and it would be inevitable for them to make a move on her.

Usually, these people would hire assassins to kill.

Liu Yichen gestured and said, "go down and do your work!"

"Yes, master, please rest early!" The little old man bowed and said.

After the little old man left, Liu Yichen touched his wound with his hand. The corners of his mouth subconsciously lifted. He realized that Lin yuelan was becoming more and more interesting.

In Lin yuelan's room, Jiang Zhennan asked worriedly, "Miss Lin, will the old master really be fine? "

He couldn't help but worry about the safety of Lin deshan.

Lin Xujie immediately said, "Young master nan, please don't worry! Guard Ming has already sent a message saying that they have safely crossed ten Li Slope. The old master is also safe and sound!"

Jiang Zhennan frowned slightly and asked curiously, " you guys got the information so quickly? "

Lin Xujie immediately shut up.

This was a secret of the Lin family guards, and they could not reveal it to outsiders.

Looking at Lin Xujie's expression, Jiang Zhennan knew that this matter could not be spoken carelessly.

However, he had another idea. If this communication method could be used on the battlefield, it would greatly avoid delays in battle and greatly reduce damage.

However...

Jiang Zhennan glanced at Lin yuelan, not knowing if she would agree or not.

Lin yuelan sat by the table and poured herself a cup of tea, drinking it slowly.

She didn't seem to notice Jiang Zhennan's thoughts.

Jiang Zhennan also sat down and poured himself a cup of tea. He asked, "Miss Yue 'Er, the old master has already returned to the Lin family Village. How about you? " he wanted to ask when she would return.

Lin yuelan said, "I won't go back for the time being! "

Jiang Zhennan was slightly surprised. "You're not going back?! "

"Right!" lin yuelan nodded and said, "I want to stay and take revenge for my grandfather and the lin family from 20 years ago! "

753 Lin's Medicine Shop reappears in Qingfeng City

"Master, Ah Nu came to find you." Lin Qingsong reported to Lin yuelan.

He felt a little strange and puzzled. Why was his master so sure that Ah Nu would definitely come back to find her in three days?

Therefore, she had specially instructed him to wait for her in the hall and to bring her to the room.

However, what he was more puzzled about was why his master would attach so much importance to this ah nu.

"Ah Nu, have you really thought this through?" In the Fortune Inn, Lin yuelan asked Ah Nu in a serious manner.

"I've already thought it through! I want to follow you!" said Ah Nu in a similarly serious tone.

After the auction three days ago, Lin yuelan returned the slave contract to her, which meant that she was free.

Ever since she had been framed and sold as a slave, she had been enduring silently for the sake of freedom.

For the past three days, she had really enjoyed her freedom and had fun in Qingfeng city.

However, although it was freedom without restraints, her appearance and her extraordinary blue eyes not only attracted the man's lecherous and lustful eyes, but she also felt depressed and sad when people pointed at her from behind and avoided her.

A woman like her, who had good looks and no background, could easily be schemed against again.

In the past three days, she had also been plotted against several times. For example, she had been drugged at the teashop. If she had not been alert, she might have really fallen for it again.

She had been very tired after three days of freedom, so she thought of Lin yuelan.

The girl who bought her and set her free, the one who said that her eyes were very beautiful.

Although she didn't know what kind of background the girl had, her sharp intuition told her that she could protect her.

Besides, the person who bought her had given her true freedom back. She should be repaying the favor.

Lin yuelan had told her where she was staying before she left, so she came to Fortune Inn to find her.

Lin yuelan smiled indifferently and said, "oh, why do you want to follow me? have you thought it through? "

Ah Nu was very frank. "firstly, I'm here to repay your kindness. After all, you gave me my freedom. Secondly, it's to seek protection for myself."

Lin yuelan nodded and said, " Yes, that's right. You're very honest!

...

"Greetings, master!" In a very well-hidden courtyard in Qingfeng city, a dozen or so guards were bowing respectfully to a child in front of them.

Lin yuelan stood in front of them with a sharp look in her eyes. She said, " thank you for your hard work!

"It's our job!" They said in unison.

"Mm, go and rest first!" Lin yuelan said, " I'll get guard Jie to pass on your orders later on!"

"Yes, master!" After saying that, these people walked to their resting areas calmly.

Ah Nu, who had a pair of sky-blue eyes, was very curious about Lin yuelan's identity. After these people left, ah nu asked curiously, " Who are you? "

At a glance, she could tell that these people were all extraordinary and had a sharp aura. In Jiang Hu, they were all first-class Masters.

However, these people were only the guards of a young girl.

Lin yuelan said with a faint smile, " I'm just a very ordinary farmer's daughter who is a jinx."

Ah Nu looked at Lin yuelan, who was as calm as a chrysanthemum, with astonishment.

Lin yuelan continued, " speaking of which, our fates are somewhat similar. Because of my jinx nature, I was rejected, spurned, and cursed by all the villagers. "

Ah Nu was immediately surprised.

In that case, their fates were really similar.

She was born on the beautiful Prairie and was the daughter of the Khan.

Originally, she, who was born into a noble family, could have lived a noble and carefree life of a princess.

She had also been doted on by her father and mother for several years, even though she had a pair of eyes that were different from others.

However, after she was born, she suffered several disasters in the Great Prairie. In the end, the high priest pushed all the blame on her just because of her extraordinary blue eyes.

He said that this pair of blue eyes had been cursed by the devil. As long as she existed, the disaster on the Prairie would not disappear.

Therefore, under the influence of the high priest, the calls for her to be burned to death grew louder and louder. Even though her father and mother loved her, they could only comply with the public's will.

However, after all, she was the daughter he had doted on since she was young. How could he watch her be burned to death?

Thus, her father had asked a secret guard secretly bring her out of the great Prairie. However, she did not know how such a secret matter was leaked. The high priest sent people to ambush her and capture her, but the secret guard sacrificed himself to protect her.

However, when she was secretly captured and brought back to the high priest's residence, she found out that the high priest had evil intentions.

It turned out that the high priest saw that she was extremely beautiful and selfishly wanted to take her for himself. However, he could not force her to marry him, so he took advantage of the natural disaster and attributed everything to her.

However, the high priest knew the king and the queen very well. They would definitely not bear to watch their beautiful daughter burn to death. Therefore, they would secretly send her away and let another maidservant be burned in her place.

Therefore, the high priest had set up an ambush early on. as soon as she left the prairie, she would definitely be caught and brought back.

The high priest was already an old man in his sixties.

Of course, she was not willing.

There were a few times when the High Priest wanted to force himself on her, but because she was born with unparalleled strength, the High Priest was injured by her several times.

The high priest was furious. In a fit of anger, he knocked her out with drugs and had people take her to another country to sell and become a slave.

She had escaped a few times along the way, but she was caught and brought back every time.

During her escape, she was also rejected and misunderstood by others because of her unique eyes. Therefore, she was captured without any help.

Until Zhou Xingfa, the owner of Guangju Yuan's auction house bought her, and she met Lin yuelan.

Originally, she had wanted to return to the grasslands and expose the high priest's true colors. However, compared to a runaway, it was obvious that the high priest's prestige was higher. No one would believe that the high priest, who was like a god in their hearts, had such an evil and dirty heart.

Also, if she were to suddenly return to the great prairie, when the herdsmen find out that their king and queen had secretly released her, their prestige would be greatly reduced, which would be very disadvantageous to her parents.

Therefore, she could not go back.

Even if she couldn't go back, she had to live well. Following Lin yuelan was her best choice.

Lin yuelan only said this one sentence and didn't mention anything about her past.

She said, "Ah Nu, since you've decided to follow me, you have to work for me. And I never allow betrayal to anyone who works for me. Do you want to reconsider?"

Ah Nu shook her head and said, "There's no need to think about it. I've already decided to follow you. I'll be absolutely loyal and will never betray you!"

After saying that, ah nu crossed his hands in front of her chest. Her eyes were sincere, and her expression was serious.

“Greetings, master!” Ah Nu’s clear voice resounded in the silent night sky.

Lin yuelan nodded and replied, ” yes. Since you’ve become my subordinate, your new name will be Lin Xinyue!”

“Thank you, master, for giving me the name!” Lin Xinyue thanked her with some joy and excitement.

Lin yuelan suddenly said in a serious tone, ” Xinyue, I plan to let you manage the restaurant and the 1000-mu land outside of Qingfeng city!”

Lin Yuelan always set up a country estate near Ni Lai Wo Wang Restaurant.

That was because the vegetables of their own restaurant had to be produced and sold by themselves.

“A restaurant? A country estate? ” Lin Xinyue asked in surprise.

Lin yuelan nodded and said, “Yes. Liu Yichen has already transferred the Fortune Inn to me to thank me for saving his life. However, I’ve already opened a few restaurants, so I’d like to open one in Qingfeng city.”

“But Fortune Inn’s business isn’t bad either, ” Lin Xinyue immediately said, puzzled.

Lin yuelan only smiled and did not answer. Instead, she said, ” Xinyue, tell me, is it difficult for a girl like you to manage a restaurant and a thousand mu of land? ”

Lin Xinyue smiled and shook her head, “Master, I don’t know yet. However, no matter how difficult it is, I’d like to give it a try!”

Lin yuelan nodded and said, “Alright!”

Lin yuelan continued, ” I have already bought this estate. In the future, it will be the property of the Lin family. I still have a few capable subordinates. I will introduce them to you in the future.”

Lin Xinyue nodded in response.

Lin yuelan said, " however, let me introduce you to someone first. Qingzhu, come over!"

As soon as Lin yuelan finished speaking, Lin Qingzhu came in from outside and bowed very respectfully to Lin yuelan. "Greetings, master!"

Lin yuelan nodded and replied, " Yes. Is everything ready?"

Lin Qingzhu nodded and replied seriously, " yes, everything is ready!"

Lin Xinyue was confused, not knowing what they were talking about.

Lin yuelan nodded, indicating that she understood.

Then, she pointed to Lin Xinyue and said, " this is Lin Xinyue. From now on, she'll be in charge of the restaurants and the thousands of acres of land in the suburbs. In the next few days, you'll teach her some simple statistics, calculations, and management."

"Yes, master!" Lin Qingzhu had no objections to any of Lin yuelan's subordinates.

This was because he had almost blindly believed in Lin yuelan's decisions in the past six months.

Lin yuelan pointed at Lin Qingzhu and said to Lin Xinyue, " this is Lin Qingzhu, the manager of Lin's medicine shop. In the future, you must work together!"

"Yes, master!" Lin Xinyue bowed respectfully, then cupped her hands in obeisance to Lin Qingzhu and called out, " brother Qingzhu!"

When Lin Qingzhu heard Lin Xinyue call him big brother, his face turned red.

He immediately returned the greeting, " little sister Xinyue! "

...

Three days later, on a bustling Street in Qingfeng city, Lin's medicine shop appeared out of thin air.

If it was just an ordinary medicine shop, it might not be so eye-catching.

However, this Lin's medicine hall was related to Lin's family that had disappeared twenty years ago.

This was because there was a notice in front of the shop, stating that the Lin Medicine Hall had disappeared for 20 years but that the descendants had inherited the ancestral business and had returned to expand the family's business.

Lin Deshan seemed to be the only descendant of the Lin family.

A few days ago, in order to help Guangjuyuan auction house out, Lin Deshan had probably taken out the Lin family's inherited treasure, the thousand-year-old ginseng.

It was said that the thousand-year-old ginseng was only worth a few hundred thousand taels, even though it was priceless. However, Lin Deshan was so lucky that the thousand-year-old ginseng was sold for five million taels.

This time, he had made a fortune.

It was more than enough to open ten medicine shops, let alone one.

However, they had heard that Lin Deshan had left the city the day after the auction.

So, who was this descendant that had been left behind in Qingfeng city?

Could he be the grandson of Lin Deshan?

...

"Did you find out anything?" Zeng Yiming asked the Butler. His face was haggardly and pale. It was not good.

This was mainly because they had suffered a double loss.

It wasn't easy for him to transfer all the funds in the medicine store's account to pay off the 1.2 million taels of silver. In the end, before he could rest, he heard that Lin's medicine store had reopened.

It was like lighting a fire under his feet.

After the incident with the assassin, he tried his best to forget about Lin Deshan. However, the sudden appearance of the Lin medicine Hall made it difficult for him to forget.

He had a very bad feeling in his heart.

He had a faint feeling that Lin medicine Hall was here for revenge.

If the descendants of the Lin family really wanted to take revenge, their first enemy would definitely be the Zeng family.

Therefore, Zeng Yiming immediately sent people to inquire about the background of the person behind the Lin medicine shop.

“Old master, I’ve inquired clearly!” The Butler hurried over and said.

“Speak!” Zeng Yiming said sternly.

“Lin’s medicine hall is owned by Lin Deshan’s granddaughter.”

“Lin Deshan’s granddaughter?” Zeng Yiming was shocked. “Where did he get a granddaughter? Where did you hear that from?”

As far as he knew, Lin Deshan had never been married. How could he have a granddaughter without a marriage?

The butler reported truthfully, “this old servant heard about it from boss Zhou.”

“Zhou Xingfa?” Zeng Yiming asked, slightly puzzled.

“Yes!”

“What did he say?”

“He didn’t say much. He only said that Lin’s medicine hall was opened by Lin Deshan’s granddaughter, Lin Yuelan. She was a guest in room nine during the big auction!”

Hearing this news, Zeng Yiming’s eyes immediately widened in shock, feeling that it was unbelievable.

Everyone at the auction that day knew that the guest in room number nine seemed to always be at odds with the third Prince in room number one. This also caused people to speculate about the identity of the guest in room number nine.

However, he could never have imagined that the bold guest in room nine was Lin Deshan’s granddaughter.

“Who is his granddaughter?” Zeng Yiming.

To a businessman, it was the most important thing to find out a person’s identity to prevent offending people they shouldn’t offend and getting into trouble.

The Butler shook his head and said, “I’m not sure at the moment. master, how about we send someone to investigate Lin Deshan again?”

“Mm, go!”

756 Full of Doubts

The opening of Lin's medicine shop shocked everyone in Qingfeng city, regardless of whether they were commoners or upper-class nobles.

This shock wasn't due to the reopening of the Lin medicine Hall but because of the dazzling array of precious medicinal herbs in the Lin medicine Hall.

For example, 500-year-old ginseng, 300-year-old Lingzhi, Cordyceps, deer ears, Snow Lotus, and so on. Any of these medicinal herbs were treasures in the eyes of the rich and powerful.

They couldn't buy a thousand-year-old ginseng, but they had to get a 500-year-old ginseng. Lingzhi strengthened the body, anti-aging, and kept people young. The Cordyceps strengthened the body and resisted diseases, and so on. Any of these medicinal herbs were good life-saving herbs.

They didn't lack money at all. What they lacked were treasures.

All of a sudden, Lin medicine shop was packed with people who wanted to grab all the medicinal herbs in their hands.

"Ah, brother Liu, I'm sorry. I already have this Snow Lotus in my hand."

"Brother Chen, I'm taking away this dragon's blood!"

...

Lin's medicine Hall had so many treasures, so why didn't they temporarily store these precious herbs away? Instead, they wanted to display all of them on the opening day.

First, of course, it was to boost the reputation of Lin's medicine shop and get a good start.

Secondly, Lin Medicine Hall was here for revenge. Therefore, the appearance of the treasure was to alert the enemy and make the people who took part in the persecution of the Lin family live in fear and unease every day.

The third reason was Lin's medicine shop didn't lack these treasures at all.

The true treasure had not been revealed yet.

Of course, the rarer something was, the more expensive it would be.

The real treasures were only for those who needed real help from Lin's medicine Hall.

Jiang Zhennan looked at the crowd. He frowned slightly and said with some worry, "miss Yue 'Er, isn't this too ostentatious? "

After all, the sudden appearance of so many precious treasures in Lin's medicine Hall would easily make people jealous. Who knew what the consequences would be if they did something crazy?

Lin yuelan smiled and said, "Since Lin's medicine Hall wants to regain everyone's attention, it must have something that can attract people's attention. Showing off doesn't mean that I'm not prepared!"

This was to tell Jiang Zhennan that she wanted to show off and attract everyone's attention. She wanted to make those people jealous. As long as anyone had any thoughts about the Lin medicine shop, she would make them regret it for the rest of their lives.

Although Jiang Zhennan was a little worried, with his understanding of Lin yuelan, she would never do anything she was not confident in.

Liu Yichen was also standing beside lin yuelan. when he heard Lin yuelan's arrogant and sharp words, his eyes flashed, and the corners of his mouth curved up slightly.

Then, he suddenly became very serious and said, " little sister, there are so many precious medicinal herbs in the Lin medicine Hall. Although they can't be compared to the thousand-year-old ginseng, they are still rare treasures in the eyes of the world.

"Now, everyone knew that Lin's medicine shop was related to Lin Deshan. It was already shocking enough that old master Lin had brought out a thousand-year-old ginseng. Now, he had brought out a five-hundred-year-old ginseng, a three-hundred-year-old Lingzhi, and a Snow Lotus. People would probably wonder if old master Lin had some secret method to obtain these things.

"Therefore, I'm afraid that things like killing and robbing will happen from time to time!"

In fact, Jiang Zhennan also wanted to say these words.

However, his mouth had always been stupid.

However, Lin yuelan only said indifferently, " we'll deal with whatever comes our way. don't think that the current Lin's medicine hall is the same as the Lin's medicine hall from twenty years ago! Therefore, if they dare to come, this lady will dare to kill her way back!"

His tone was flat, but every sentence was domineering and arrogant.

Jiang Zhennan and Liu Yichen were impressed.

“Good, good, ” Liu Yichen clapped his hands and cheered. “Well said! Little sister, big brother really admires you!”

Jiang Zhennan’s gaze on Lin yuelan was also burning, and the expression on his face also seemed to be radiant.

This made Lin yuelan’s small face blush. Then, she replied indifferently, ” big brother, you’re too kind! ”

...

At the guest house, there were a few guards standing guard around the study room, their faces serious and alert.

757 Full of Doubts

“Your Highness, ” guard Qi cried out with a sorrowful expression, ” the broken soul Pavilion has been destroyed!

Yuwen Feiye’s face was filled with shock. He said in disbelief, “What did you say? Say it again!”

“The broken souls pavilion was destroyed, ” guard qi said with a pained expression. “Everyone in the broken souls pavilion, except for Nie Yun, was killed, and their blood flowed like a river! ”

Yuwen Feiye’s face was ashen as he said furiously, “Who did this? ”

“Ghost Face organization!” Guard Qi replied.

“Ghost face organization?” Yuwen feiye asked in confusion, ” how did the broken souls Pavilion get involved with the Ghost face organization? ”

Guard Ji shook his head. “Three nights ago, the people I sent to Fortune Inn encountered the ghost Face organization, and they all died!”

Yuwen Feiye’s eyes were filled with rage as he gritted his teeth and said, ” why would there be people from the ghost Face organization in Fortune Inn? And they even killed all of our people?”

Guard Qi guessed, ” Your Highness, do you think that the ghost Face organization belongs to...? “Liu Yichen.

However, Yuwen Feiye immediately cut him off and said, " that's impossible! "

Although Liu Yichen was rich, he could only be rich. He could not have any power, especially an opposing power.

If he was really the one who had cultivated the ghost face organization, there was no reason for his shrewd father not to have noticed it.

One had to know that Liu Yichen had his father's eyes by his side. No action of his could escape his father's eyes.

Therefore, he was very sure that this ghost face organization had nothing to do with Liu Yichen.

Guard Qi thought for a moment and said, "Then Liu Yichen must have guessed that Your Highness was after him, so he paid a high price to hire the ghost Face organization's people to protect Fortune Inn!" What he meant was that Liu Yichen had guessed that Yuwen Feiye wanted to kill him for the treasure and silence him.

"Therefore, he decided to go all out and pay a high price to destroy the broken souls pavilion! " Guard Qi guessed.

Yuwen Feiye clenched his fists tightly, showing his extreme anger and resentment. He asked coldly, "Then tell me, does Liu Yichen know that I am the boss behind the broken souls Pavilion? "

Guard Qi shook his head and said, "The only people who know that are Your Highness and me, the first and second master of the Broken souls Pavilion. No fifth person would know about it unless..."

Yuwen Feiye's sharp eyes were fixed on guard Qi. He asked coldly, " unless what? "

Guard Qi guessed, " unless one of the four betrayed us!"

After he finished speaking, he saw Yuwen Feiye's dark expression and immediately knelt down in fear. "Please spare me, your highness. This is just my guess! "

Yuwen Feiye asked coldly, " so you're saying that Liu Yichen might know that I'm the boss behind the Broken Souls Pavilion, so he hired the ghost Face organization to destroy the broken souls Pavilion just to give me a warning? "

Although guard Qi had such a guess, he didn't dare to say anything.

This meant that he, a Prince, was being threatened by a lowly merchant.

No matter what, the third Prince would not be able to take this lying down.

Hence, in order not to anger Yuwen Feiye, guard Qi had no choice but to keep his mouth shut.

However, the fire of anger in Guard Qi's heart was already burning toward Liu Yichen.

This was because his younger brother, Qi Ran, the second-in-charge of the Broken Soul Pavilion, had been killed at the Fortune Inn.

Yuwen Feiye's face was ashen as he sat there. Whether or not Liu Yichen was behind the destruction of the Broken Souls Pavilion, he would definitely put the blame on Liu Yichen.

The Broken Souls Pavilion was an assassin organization that he had single-handedly established. He had used the money to secretly recruit martial artists to become a member of the Broken Souls Pavilion. Therefore, in just a few years, the Broken Souls Pavilion had risen to fame in the martial world.

With a good reputation, there would be more business and more orders.

As a result, very quickly, the Broken Souls Pavilion not only secretly eliminated his opposition but also collected a large amount of money and resources, which made the power in his hands grow stronger and stronger.

Previously, the reason why he dared to kill Jiang Zhennan directly was that he was too confident in the Broken Souls Pavilion.

However, ever since Jiang Zhennan had evaded death, the fate of Broken Souls Pavilion had been getting worse and worse. They had received fewer and fewer orders, and now, they had actually been destroyed.

Yuwen Feiye found it hard to accept this fact.

This was the power he had been relying on, but it had been destroyed just like that.

758 Full of Doubts

"Liu Yichen!" Yuwen Feiye's eyes were burning with rage. He was filled with hatred and extreme indignation. "I will never forgive you!"

"Your Highness, what should we do now? " guard Qi asked helplessly.

The destruction of the Broken Souls Pavilion was equivalent to the loss of the only force they could rely on.

Then, he would lose the great advantage of fighting for the throne with His Highness.

Yuwen Feiye slammed his fist on the table and said firmly, "I was able to build one Broken Souls Pavilion before, so I can build a second one, a third one! Hmph!"

As he spoke, he stood up and said coldly to guard Qi, "As for Nie Yun..." he made a throat-slitting gesture.

Guard Qi's eyes darkened, but he still acknowledged the order. "Yes, Your Highness!"

After killing Nie Yun, he would probably be next.

If he killed him, no one would know that the boss of the once-famous broken souls Pavilion was actually the third Prince, Yuwen Feiye.

However, if the emperor wanted the subject to die, the subject had to die!

Suddenly, guard qi remembered that he had something to report. He said, "your highness, I've received news that Fortune inn has been given to Lin Deshan's granddaughter, Lin yuelan!"

Yuwen Feiye asked, "Is the information true?"

"It's confirmed!" Guard Qi replied.

"Have you found out the relationship between Liu Yichen and Lin Deshan and Lin yuelan?" Yuwen Feiye asked.

Guard qi replied, "According to the results of the investigation, it was Lin yuelan who saved the severely injured Liu Yichen on the road to Qingfeng city.

"In order to repay Lin yuelan for saving his life, Liu Yichen bought the thousand-year-old ginseng at the auction that day for five million taels. He planned to give it to Lin yuelan.

"However, Liu Yichen had never thought that the thousand-year-old ginseng belonged to Lin yuelan's grandfather, Lin Deshan.

"In the end, Lin yuelan didn't accept the thousand-year-old ginseng but asked for Fortune Inn.

"Your Highness, they had already completed the handover that day!" The last piece of information was especially important.

Yuwen Feiye furrowed his brows and asked, "Are you saying that the Fortune Inn was already Lin yuelan's that night?" That night referred to the time when they had sent people to exterminate Fortune Inn.

"Yes!" guard qi replied, "So, your highness, is it possible that the ghost face organization is related to lin yuelan? "

But thinking about it, it was a little confusing.

That was because they could not see through Lin yuelan.

However, Yuwen Feiye thought of another important point. He asked again, " you just said that Liu Yichen was seriously injured and was saved by Lin yuelan? "

"Yes! This happened more than ten days ago!" Guard Qi replied honestly.

"If that's the case, it seems that Lin yuelan's medical skills are indeed extraordinary!" Yuwen feiye said suspiciously.

A few days ago, Lin yuelan had given him the medicine. He had tested it on someone and found that it wasn't poison. In fact, it was effective.

He had been taking medicine these days, and now he could clearly feel it. However, he firmly remembered what Lin yuelan had told him. In the next one or two months, he couldn't have sex, or all his efforts would be in vain.

Now, he heard that she had saved the heavily injured Liu Yichen. In just a few days, Liu Yichen had almost recovered.

It seemed that Lin yuelan's medical skills were not simple.

"Oh, right. How did Liu Yichen get so heavily injured?" Yuwen Feiye asked, confused.

If they knew how Liu Yichen had been injured, they could seek out the person who had injured Liu Yichen.

However, guard Qi shook his head. "Your Highness, I didn't manage to find anything!"

Yuwen Feiye's brows drooped as he pondered. Lin yuelan seemed to be the granddaughter of Lin Deshan but was also a mysterious young girl.

What was Lin yuelan's true identity?

Seeing Yuwen Feiye deep in thought, guard Qi reported another matter to him, " Your Highness, I've also received news that Lin yuelan used the name of Lin's medicine shop twenty years ago to open a new shop in Qingfeng city as a descendant of the Lin family!

"Moreover, as soon as her family's shop opened, they sold 500-year-old ginseng, 300-year-old Lingzhi, and rare snow lotuses from Tianshan mountain, which were all robbed by the rich and powerful!"

Yuwen Feiye could not believe what he was hearing. "did you just say 500-year-old ginseng, 300-year-old Lingzhi, and Tianshan Snow Lotus? "

"Yes, Your Highness!"

"How is that possible?" These things were treasures even in the Imperial Palace, so why did they become so common in Lin medicine Hall?

"Let's go and find Lin yuelan, the granddaughter of Lin Deshan!"

"Yes, Your Highness!"

Guard Qi replied respectfully.

759 Lin yuelan, You're Really Hard to Find

When Yuwen Feiye arrived at Fortune Inn, he saw the 'closed' sign outside.

Yuwen Feiye furrowed his brows slightly and continued walking.

Then, he was stopped by a waiter. He said very politely, "Young master, our shop is closed for business now!" This was telling them that they would not receive any guests.

Guard Qi immediately stepped forward and shouted, " How dare you! This is His Highness, the Third Prince!

The waiter immediately panicked and said, " please spare my life, Your Highness."

Of course, Yuwen feiye would not stoop so low as to acknowledge a little bastard like him.

Guard Qi shouted, " that's enough. The third Prince is looking for miss Lin yuelan. Where is she? "

The waiter said carefully, " today is the first day of the free clinic at Lin medicine Hall. Miss Lin might have gone to Lin medicine Hall. "

Guard Qi asked, "Is she not in the inn? "

The waiter shook his head and said, " I'm not sure. I just saw her take some people out this morning and have not returned yet. So, she's probably at the Lin medicine shop."

Guard Qi looked at Yuwen Feiye and said, " Your Highness, this..."

Yuwen Feiye immediately decided. "let's go to Lin's Medicine Hall."

As soon as Yuwen Feiye left, someone immediately reported to Liu Yichen, "Master, Yuwen Feiye was here to see Lin yuelan."

A cold smile appeared on Liu Yichen's lips as he said softly, " Hmph, his Broken souls Pavilion has just been destroyed, and the power supporting him has been cut off. Isn't he furious now? To think that he still has the leisure to come and find my sister!"

The subordinate stood at the side and did not say a word. Then, he asked in confusion, "That's right. Why would the third Prince come to look for miss Lin at this time? "

Liu Yichen said sarcastically, "During the auction, my sister from room nine also went against the third Prince. She won a painting from the previous dynasty and also bought the slave that he took a fancy to. After that, I also participated in the bidding for the ginseng and happened to go against the third Prince. After investigating, I'm afraid that he found out that she is Lin Deshan's granddaughter. The prince should be angry, but why hasn't he exploded in public yet?"

This made Liu Yichen a little confused.

However, his men did not manage to find out anything.

The subordinate chimed in from the side, "Master, do you think this reason has something to do with the third Prince looking for her this time? "

Liu Yichen knocked on the table lightly with one hand. He seemed to be thinking about his subordinate's words. After a moment, he said, " yes, what you said is very likely!"

He immediately stood up and said, " let's go!"

The subordinate immediately asked in confusion, "Master, where are you going?"

Liu Yichen replied, " I'm looking for my little sister!"

The business model of Lin's medicine shop in Qingfeng city was the same as the previous Lin's medicine shops. They would open a clinic, have a doctor in charge, and have volunteer consultation hours.

Although it was the third day of the lin medicine hall's opening, it was also free clinic time.

Although many people were suspicious and distrustful of the volunteer medical consultation, for the poor who had no money to treat their illnesses, it was better to have someone treat them for free than to stay at home and delay their illness.

Therefore, many people hold on to the attitude of giving it a try again and lined up in front of Lin's medicine shop to see a doctor.

Since Lin yuelan had already handed everything over to Lin Qingzhu, she no longer participated in Lin's medicine shop. After standing not far from Lin's medicine shop for a while, she said to Jiang Zhennan, " masked uncle, I've been in Qingfeng city for so long, but I haven't had a good stroll. Let's go. Accompany me today for a walk!"

The corners of Jiang Zhennan's mouth curled up, and a touch of gentleness appeared on his cold face. He said, " alright!"

Lin Xujie and Lin Qingsong were sent by Lin yuelan to assist Lin Qingzhu and Lin Xinyue.

As for Cai Xia and Ming Yue, they rarely followed Lin yuelan.

Therefore, at this moment, Lin yuelan and Jiang Zhennan ...

'Doesn't this look like we are on a date?'

Jiang Zhennan thought to himself, and he couldn't help but feel happy.

Qingfeng city was indeed more prosperous and lively than Zhoushan City. Lin yuelan and Jiang Zhennan went around sightseeing.

"Let's go, let's go. The four major brothels are competing for the top courtesan today. Let's go and take a look!"

760 Lin Yuelan, So Hard to Find

"Yeah, I think Li Shishi from hundred building will win first place!"

"I think Song Qingyan from the drunken flower house will win!"

"No, no, no, I think Chen Yuanyuan from the fragrant garden can get it!"

"But I think Su Xiaowan from Jinfeng tower is the most likely to win!"

"Great, it seems that everyone has a fair chance!"

Lin yuelan immediately pulled a passerby over and asked with great interest, "uncle, I heard that they are selecting the best courtesan. Why is that?"

When the uncle saw such a beautiful and lovely girl like Lin yuelan, he immediately explained with a good temper, "This is the tradition of Qingfeng city. It's the competition between the top courtesans of the major brothels for the top courtesan.

"Whoever won the competition for the top courtesan's title would be worth a hundred times more. They would take the float and walk around the city. I've heard that if you're lucky, you might even be chosen by a high official or noble, and redeem yourself to be a concubine, enjoying glory, splendor, and wealth."

"Then, uncle, where is this happening?" Lin yuelan asked.

The middle-aged man pointed in a direction and said, "It's at Qingzhou Lake!"

"Then, uncle, how is the selection done?" Lin yuelan asked with a smile.

The middle-aged man was almost mesmerized by lin yuelan's smile. He blushed slightly and said uncomfortably, "In this courtesan competition, besides competing on looks, it's more about talent, singing, dancing, zither, chess, calligraphy, and painting! I'm not going to talk to you anymore. If I'm late, I won't even be able to find a spot to witness this!" He ran off after he finished speaking.

Lin yuelan immediately said to Jiang Zhennan with great interest, "masked uncle, let's go and watch the courtesan competition together!"

Without waiting for Jiang Zhennan's reply, she walked in the direction of the crowd.

Jiang Zhennan smiled and shook his head from behind. He had noticed that although Lin yuelan was usually very calm and mature, she was sometimes very curious.

Jiang Zhennan quickly followed Lin yuelan's footsteps.

When Yuwen Feiye brought a group of subordinates to Lin's medicine Hall, they only found out that Lin yuelan had not even come to the medicine Hall.

"Do you know where your boss went?" Guard Qi was asking about Lin Qingzhu.

Lin Qingzhu said unhappily, "boss won't report to us subordinates where she went. How would we know where she went?"

Although Lin Qingzhu did not know Yuwen feiye, he saw that the master behind him had a noble air about him, but he was also arrogant. He did not think that they were good people. Moreover, they had asked about the master's whereabouts the moment they arrived. They must have bad intentions. He would not tell them where the master was.

Seeing Lin Qingzhu's attitude, guard Qi became angry. He grabbed Lin Qingzhu and wanted to warn him that the person in front of him was the third Prince. At this time, Lin Xujie walked over and said respectfully to Yuwen Feiye, "Third Prince, please calm down. Steward Lin really doesn't know the whereabouts of the master!"

Yuwen Feiye and guard Qi both knew the guard beside Lin yuelan.

Yuwen Feiye asked coldly, "Do you know where Lin yuelan is now? "

Lin Xujie also said very politely, "I'm sorry, third prince. as servants, we really don't know the whereabouts of our master. "

Yuwen Feiye's sharp eyes shot towards Lin Xujie and he said coldly, "Then where is your master? "

Lin Xujie replied, " we really don't know where master went. However, my master loves a lively atmosphere. She would be there wherever there was a commotion. if the third prince really has an urgent matter to look for master, you can go to the most lively place. if the third prince is not in a hurry, you can also come to look for master next time and I will tell master!"

Yuwen Feiye glared at Lin Xujie coldly and left with his men without saying anything.

After walking a few steps, guard qi, who was a tactful man, stopped some people and asked about the most lively place that day in Qingfeng city.

"Your Highness, there's a beauty contest that's held once every three years at Qingzhou Lake!"

"Let's go!" Yuwen Feiye immediately led his men in the direction of qingzhou lake.

It was obvious that he wanted to watch the courtesan competition.

Lin yuelan was small, and in the crowded place, she agilely dodged to the front, making it a little difficult for Jiang Zhennan to follow behind. Although he had martial arts and internal energy, he couldn't display it here.

Fortunately, these things still had some advantages. He could nimbly avoid the large crowd and keep up with Lin yuelan.

There were five big boats on Qingzhou Lake. There was one for each of the four major brothels and one for the judges. Each boat was beautifully decorated with flowers and banners.

As for the viewers, those who had the money would hire a boat too. Generally speaking, those who could take the boat were generally from families with high status. The rest were ordinary people. They could only sit or stand on the shore to watch.

Lin yuelan and Jiang Zhennan stood on the shore and watched.

At this moment, the courtesan competition had not started yet.

Lin yuelan asked curiously, " I heard that the top girls of brothels are all as beautiful as fairies. I wonder if that's true. " She didn't know what the top girls of the four major brothels looked like. "hey, uncle, aren't you curious?"

"I'm not curious! " Jiang Zhennan replied with a blank expression.

He wouldn't like them, so what was there for him to be curious about?

When Lin yuelan heard Jiang Zhennan's words, she pouted her lips in boredom. Then, she rolled her eyes and said to Jiang Zhennan, " uncle, I heard that the person who is competing for the top courtesan is not only beautiful but also a talented woman with many talents. Uncle, do you want to redeem her and make her your concubine? I heard that you have never had a woman before, right? "

Jiang Zhennan's face turned red at first, then there was anger in his heart, and at the same time, there was an inexplicable grievance. He said coldly, " I'm a jinx. Whoever I marry will lose her life! It's better not to harm the young lady."

He wouldn't want these messy women either. If he wanted to marry someone, he would marry...

Uh, who was he going to marry?

Jiang Zhennan's face immediately turned red as he looked at lin yuelan, who was standing beside him.

Lin yuelan looked at Jiang Zhennan's reddened face and the tips of his ears, and she immediately became suspicious.

She was just joking. Was there a need to blush?

"Little sister, so you're here." just as Lin yuelan was about to tease this leftover male virgin, Liu Yichen's voice barged in. "I've looked all over for you!"

Lin yuelan immediately asked with a smile, " big brother, what's the matter? Why are you in such a hurry to find me?"

Liu Yichen said, " the third Prince came to the inn to look for you just now. When he heard that you weren't around, he went to Lin's medicine hall to look for you. From the looks of it, he seemed to have an urgent matter."

Lin yuelan frowned slightly. That shouldn't be the case. The broken soul Pavilion had been destroyed. Shouldn't he be worried, angry, and shocked? How did he still have the time to look for her?

"Why did he come to find Miss Yue 'Er?" Jiang Zhennan frowned and stared at Liu Yichen with an unfriendly look.

Liu Yichen immediately shrunk his neck and said as if he had been wronged, " hey, don't look at me like that. I wasn't the one who asked the third Prince to come and find little sister."

But very quickly, Liu Yichen's sharp eyes noticed that Yuwen Feiye and the others were heading in their direction.

"Little sister, you don't have to think about it anymore. The third Prince has already come to find you." Liu Yichen's expression was obviously disdainful.

After Liu Yichen said this, Yuwen Ffeiye came to Lin yuelan under the protection of his subordinates.

As soon as he arrived, he made some noise and immediately attracted the attention of the people around him. Soon, the crowd found that Lin yuelan, Jiang Zhennan, Liu Yichen, and Yuwen Feiye all had extraordinary auras, which immediately attracted more attention. They secretly guessed the identity of these people.

Lin yuelan was small, and it was difficult to find her in the crowd. However, her subordinates soon found Liu Yichen's figure. After all, Liu Yichen's luxurious clothes made him stand out among the crowd of people in rough clothes.

Yuwen Feiye walked in front of Lin yuelan. He seemed to be hiding his anger as he said, " Lin yuelan, you're really impossible to find!"

Lin yuelan had already put on her veil before Yuwen Feiye arrived. Hearing Yuwen Feiye's angry words, she only smiled and asked, " I don't know what I have done to trouble the third Prince to come and look for me personally. "

"Hmph! Lin yuelan, I don't know where you got the guts to lie to me!" Yuwen Feiye asked angrily.

Lin yuelan shrugged her shoulders and said innocently, " I wonder what third Prince was referring to when he said that I'm deceiving His Highness? "

Yuwen Feiye snapped, " you clearly have five-hundred-year-old ginseng, Tianshan Snow Lotus, and Cordyceps sinensis in your hands. Why did you only give me a five-hundred-year-old Lingzhi? "

Lin yuelan sneered and asked, " Your Highness, you mean that besides the 500-year-old Lingzhi, I also have to give the 500-year-old ginseng, Tianshan Snow Lotus, Cordyceps, and other rare treasures to the Third Prince?"

Yuwen Feiye was stumped.

If Lin yuelan knew what was good for her, she would have given him all the treasures that appeared in the Lin medicine shop and not just a 500-year-old Lingzhi.

It was why he was angry and annoyed.

Lin yuelan said, "But why would I? "

762 Reputation

"Impudent!" As soon as Lin yuelan finished speaking, guard Qi immediately shouted in anger.

Guard Qi's angry shout finally attracted the attention of the surrounding people.

Jiang Zhennan immediately assumed a 'protective' posture and stood beside Lin yuelan. His sharp eyes were fixed on guard Qi as he said coldly, "So the Third prince can steal from someone but doesn't allow others to speak about it? "

As soon as Jiang Zhennan said this, someone immediately exclaimed, " ah, third Prince? Isn't that the third Prince?"

"Eh, the third Prince is snatching other people's things? What is this?"

"Shh! Haven't you heard of it? I heard that during the auction at Guang ju Yuan some time ago, this third Prince announced his name and was the first to bid."

"Eh, what's wrong with being the first to bid? Isn't that normal?" someone asked, confused.

"Shh, how is it normal?" Someone whispered understandingly, "He's a Prince. If he asks for something, who would dare to snatch it from him?"

"Mm, that's true!" This person immediately echoed, "after he's the first to bid, the rest won't dare to bid anymore. Then, he can buy the item at the lowest price."

However, there were still people who asked doubtfully, "but he's the Prince. Even if he's the first to bid, it's still a fair competition, right? This can't be considered robbing?"

"Tsk!" someone immediately rolled his eyes and said, "he clearly knows his status as a prince, yet he still shows off at the auction. Who doesn't know his purpose? Isn't he just using his status and power to make people fear him and hand over the item?"

"If he really wanted to compete fairly from the start, he should have concealed his identity like the other guests before participating in the bidding!"

"That's reasonable!"

"However, a few of the guests in the private rooms, with unknown identities, actually dared to compete with the third prince. In the end, it was said that the thousand-year-old ginseng was sold for a high price of five million taels, and the third Prince missed it by a hair's breadth. I wonder who was the one who made such a big move?"

...

It was impossible to hide the fierce competition at the auction house. It spread from the upper layer to the lower layer, and then from one to ten, ten to a hundred, and then to the common people.

In an instant, the third Prince's image changed from a gentle and elegant young master to a violent Prince who used his power to bully others.

Yuwen feiye's face darkened when he heard the crowd's discussion. A moment later, his face turned livid with rage. He gritted his teeth and said, "These ignorant peasants!"

However, he had to endure this great anger.

Ever since he came to Qingfeng city, everything had gone wrong. He couldn't find the milkvetch flower, the thousand-year-old ginseng was taken away, and the broken souls Pavilion was destroyed. Even his reputation had taken a dive.

If he didn't want his reputation to be ruined, he had to endure all the criticism, accusations, and insults.

However...

"Shut up!" Guard Qi shouted angrily, " How dare you! How dare you criticize His Highness?"

The surrounding crowd's faces immediately turned pale with fear. They kowtowed in unison and said, "Please spare our lives, Your Highness! Please spare our lives!"

The crowd knelt down, kowtowed, and shouted, " Your Highness, please spare our lives!" This caused a chain reaction. The people behind him also knelt down and shouted, " Your Highness, please spare me!

Very quickly, the people surrounding Qingzhou Lake all knelt in this direction, including the people on the boats in the lake.

It was as if the emperor himself had arrived.

The only people who didn't kneel down and stood out in the crowd were Jiang Zhennan, Lin yuelan, and Liu Yichen.

The three of them looked around. Jiang Zhennan's mouth directly held a sneer, and he said with some sarcasm and mockery, " Third Prince, what a great show! I'm sure your majesty wouldn't receive such a great welcome even if he were here."

When Guard Qi heard Jiang Zhennan's sarcastic words, he immediately pointed at Jiang Zhennan and shouted angrily again, "Impudence!"

Jiang Zhennan's face was cold as he said coldly, "Can you say something else other than the impudence? Besides, I'm telling the truth, aren't I?"

Guard Qi was speechless for a moment. His face turned red, and he did not know how to continue.

Just as he was about to continue...

"Enough!" Yuwen Feiye's face darkened as he yelled at guard Qi, " I think you're the impudent one!

Guard Qi immediately knelt down and said in a panic, " Your Highness, please calm down!"

Yuwen feiye took a deep breath and composed himself. Then, he changed his expression to a gentle smile and said to the kneeling people, " everyone, please rise! I am only going on a private visit. There is no need to stir up trouble! Just now, my subordinate was just anxious to protect his master and was a little angry. Please don't take offense!"

He didn't hesitate to lower his own status and flatter these lowly people just to change his already terrible reputation.

Otherwise, if this kind of negative reputation were to spread to the capital and to his father's ears, it would be extremely disadvantageous to him.

However, it had to be said that Yuwen Feiye's words had a pretty good effect.

When these people heard Yuwen Feiye calling them up, they looked at each other and did not dare to stand up.

Yuwen Feiye's eyes flashed. "rise!" he said.

After that, these people stood up in a scattered manner. When they looked up and saw the smile on Yuwen feiye's face, they were all relieved. Then, they stood up.

Yuwen Feiye saw that everyone had stood up and said, "this Prince is here incognito. Everyone, please carry on as usual. I will have a chat with a few friends." These words were said very affectionately, and they gave people a good impression.

Therefore, very quickly, some people began to discuss it in private again.

"This third Prince is clearly so amiable and friendly. How could he be bullying people?"

"That's right. Rumors really can't be trusted!"

"Look, the third Prince's tone is so friendly. However, this subordinate of his seems to be a little arrogant. Maybe he was the one bullying others?"

"Do you guys think that the rumors of the third Prince using his power to bully others were ruined by this subordinate?"

...

Very quickly, the blame was thrown on guard Qi.

However, guard qi had no choice but to accept.

To Yuwen feiye, it did not matter who was going to be the scapegoat. As long as it could change his reputation, it was fine. He wouldn't mind throwing Guard Qi under the bus.

It was the crisp sound of a clap, and then a voice said, "Your Highness, well done!"

763 A Big Brother Li Fell from the Sky

Yuwen Feiye's heart was filled with anger when he heard Lin yuelan's words. He didn't know if she was sarcastic or not. However, he understood that he couldn't act on his own will in front of so many people. He could only endure it for now and not talk about what had just happened.

Otherwise, the reputation that he had managed to turn around with much difficulty would turn around again. Then all that he had lowered his status to do would be in vain.

Yuwen Feiye smiled, " thank you for the compliment, Miss Lin!"

Then, he looked at Jiang Zhennan, who was on guard against him, and said, " don't misunderstand! I only came to watch the courtesan competition today. Seeing miss Lin here, I just came over to say hello. I'm not here to find trouble!"

He hurriedly came over to give an explanation, as if the person who had sternly questioned Jiang Zhennan earlier was not him. He was like a chameleon.

Lin yuelan couldn't help but sigh. The royal family was really good at acting. If they were in the modern world, they would have won an Oscar.

In front of so many people, a farmer's daughter like her could not fall out with Yuwen feiye. She also did not want his appearance to ruin her good mood.

Lin yuelan chuckled and nodded. "it seems that the third Prince is also in the mood for leisure!"

At this moment, a small boat from the lake stopped in front of them. A young man in a silk robe stood on the boat and bowed respectfully to Yuwen feiye. "third Prince, would you please follow me to the boat to watch the competition? "

Yuwen Feiye looked at the unfamiliar man in front of him and asked in confusion, " you are? "

The young man quickly introduced, " I'm Li Fazhi!"

"Li Fazhi?" Yuwen Feiye seemed to be a little surprised. "the richest man in Qingfeng city? "

Li Fazhi smiled humbly, " that's me. It's just that I am not worth mentioning compared to the richest man in our Kingdom, right, young master Liu?"

It seemed like he knew Liu Yichen.

Liu Yichen was also very humble as he said, "Young Master Li, you're too polite!

Yuwen feiye's heart skipped a beat when he saw the interaction between the two richest men.

With two of the richest people in front of him, it was simply a heaven-sent opportunity. As long as he could get one of them to swear loyalty to him, wouldn't he have his resources and wealth?

At the thought of this, he regretted listening to the slanderous talk. In a moment of impulse, he sent people to assassinate Liu Yichen.

He was feeling a little lucky now. He hoped that Liu Yichen did not know that he was the one behind the Broken Souls Pavilion.

Yuwen Feiye chuckled immediately, "It seems like the two of you have a mutual appreciation. Why don't the two of you board the ship and have a chat?"

He had to befriend them first.

Liu Yichen immediately looked at Lin yuelan and said to Yuwen feiye, "Third Prince, I will be wherever my little sister is."

Yuwen feiye was confused again. "your little sister? "

He glanced at Lin yuelan, then at Liu Yichen. He asked in confusion, " could it be that your little sister is ...?

Liu Yichen laughed and said, "Haha. How forgetful of me!" Then, he began to introduce, " that's right. Lin yuelan is my little sister now. A few days ago, my little sister and I became sworn siblings under the witness of the heavens and earth."

Hearing this, Yuwen Feiye's heart skipped a beat and he frowned.

He was caught off guard by such a situation.

Originally, he had planned to break his promise to Lin yuelan after his illness was completely cured. Then, he would settle the score with her again.

But now, she and Liu Yichen had become sworn siblings for no reason. This meant that the richest man in the country had become Lin yuelan's backer.

If Liu Yichen had been killed by the people he had sent, he would have let it go. However, Liu Yichen had hired the protection of the Ghostface organization and was safe.

Liu Yichen's status was clear for all to see. Hence, if he wanted to touch Lin yuelan again, he had to consider carefully.

“Third Prince! Third Prince!” Liu Yichen called out to Yuwen feiye several times.

When Yuwen Feiye finally came to his senses, he smiled awkwardly, “ congratulations!”

Liu Yichen immediately replied half-jokingly, half-seriously, “ I’ve been calling Your Highness for a long time, but there was no response. I thought Your Highness was unhappy that I became sworn siblings with your little sister.”

“How could I?” Having his thoughts exposed, Yuwen Feiye felt even more embarrassed.

764 Big Brother Li Fell from the Sky

However, he made a note of it in his heart.

Wait...

When he inherited the throne, be it Liu Yichen or the Liu family, they would all disappear.

However, before that happened, he had to endure, endure, and endure!

Yuwen Feiye had been consoling himself the entire time.

Li Fazhi was very observant. He immediately said to everyone, “ Your Highness, Young master Liu... young lady, young master, please board the ship. We’ll watch this courtesan competition and chat. How about that? ”

Yuwen Feiye nodded. Liu Yichen turned to Lin yuelan and asked, “ little sister, what do you think? ”

Lin yuelan nodded and said, “ I’ll do as you say. Thank you, young master Li!”

Lin yuelan didn’t refuse to board the ship.

After that, the group of people quickly arrived at a large boat that was about 20 meters long.

Lin Yuelan looked at these big ships. Although they didn’t have any modern oil tanker facilities, they did have sails, but they hadn’t been raised yet. On both ends and sides of the hull, there was a hemp rope as thick as an arm tied to it. it was obvious that in addition to using sails and manual paddling, this ship also needed manual pulling force, commonly known as a yobo!

Lin yuelan sighed slightly.

Although it seemed a little cruel, the construction in this era itself was at this level, so everything needed manpower.

In the beginning, Emperor Sui Yang had dug the Grand Canal for big ships to travel, and then eat, drink, and had fun on the ship. However, if the ship were too big, it would be impossible to move it by relying on oars alone, so they could only rely on human strength to pull the ship. Thus, the ones who suffered were the farmers.

It seemed that she had to think of a way to build a half-man-powered and half-mechanized big ship. Otherwise, it would be all kinds of trouble to go to some places that were far away by water.

Thinking of this, Lin yuelan recalled the structural design of the modern big ships.

“Miss Yue ‘Er! ” seeing Lin Yuelan in a daze, Jiang Zhennan immediately called out worriedly. When he saw Lin yuelan looking back at him, he immediately asked with concern, ” miss Yue ‘Er, do you get seasick? ”

Lin yuelan shook her head, “No, I didn’t! ”

“Oh, that’s good!” When Jiang Zhennan heard this, he seemed to be relieved.

When he saw that Lin yuelan didn’t say anything, he thought that she was seasick.

There was a large space at the bow of the ship, and it was surrounded by some bright silk cloth. As for the flowers, they were made with floral cloth or colored paper.

For this, Lin yuelan admired the wisdom and deftness of these people.

Just now, when she saw the fresh flowers on the ship, she thought they were real flowers. She was wondering where the flowers had come from in this cold winter.

Now that she got closer, she realized that they were all fake flowers cut out and tied up. They were simply the ancient version of plastic flowers.

However, Lin yuelan was even more puzzled.

Usually, when a courtesan competition was held, wouldn’t it be held in the spring when the flowers were blooming?

Why did they choose to do it in the cold season, and especially in the lake? Weren’t they afraid of freezing to death? Especially those top prostitutes who wanted to participate in the competition. They wanted to participate in the singing and dancing competition and show off their stunning beauty, so they had to wear less.

Of course, Lin yuelan was only puzzled for a moment. After all, no matter what season these people competed, it was none of her business.

Then, a short square table was placed in the middle of the boat. On the table were some fruits that were strange to others but not unfamiliar to Lin yuelan, such as purple grapes and saintess fruit.

There was also a stove on all four sides of the table so that people wouldn't freeze.

"Everyone, please take a seat!" Li Fazhi greeted them. Of course, Yuwen Feiye had to be the one to sit in the prestigious seat.

After that, Liu Yichen, Li Fazhi, Lin yuelan, and Jiang Zhennan took their seats in order.

Jiang Zhennan's position was at the end of the line.

Liu Yichen secretly glanced at Jiang Zhennan, who sat down without even frowning. He was still a little surprised.

In terms of status, Jiang Zhennan's position was even higher than Liu Yichen's.

After all, one was a general who had real power, while the other was a merchant who had money but a low status.

Of course, Jiang Zhennan didn't point it out. He didn't have any dissatisfaction. He was just happy to watch the show.

765 Big Brother Li Fell from the Sky

Yuwen Feiye sat down and looked at the fruits. They were extraordinary.

He squinted his eyes and thought to himself, 'these fruits are rare even in the palace, except for the emperor's favored people. Li Fazhi is really enjoying a good life.'

Seeing Yuwen Feiye staring at the fruits, Li Fazhi smiled and said, " your highness, these fruits are fresh and sweet. Please try them! "

As he spoke, he gestured to the maidservants to serve Yuwen Feiye fruits.

The maidservant did not know what kind of fruit Yuwen Feiye wanted to eat, so she used a toothpick to pick out the most expensive fruit and placed it on Yuwen Feiye's small plate.

However, the fruits on the small plate were first tested for poison by guard Qi with a silver needle before he ate them.

After a while, seeing that guard Qi was standing there safe and sound, Yuwen feiye started eating.

As soon as it entered his mouth, the sweet taste of the fruit filled his entire mouth, making him feel very comfortable.

Lin yuelan and Jiang Zhennan, on the other hand, did not have so many tricks. After the two of them looked at each other, they began to pick up the fruits that they liked and began to eat.

The two of them looked as if they had never eaten before.

“Little sister, slow down!” Liu Yichen watched as Lin yuelan devoured the fruits at an increasingly fast speed and could not help but laugh in his heart.

If he hadn’t investigated Lin yuelan’s background, he would have thought that she had never eaten these things, so she was now a glutton.

However, in reality ...

Lin yuelan loved to eat cherries. She chewed a cherry in her mouth and said with a smile, “these fruits are delicious! I wonder, where did boss li buy it from?”

If she remembered correctly, she had stopped selling cherries a month ago.

However, this cherry was obviously produced by her.

Li Fazhi said, “a friend gave it to me.”

Li Fazhi didn’t even know Lin yuelan before he came to Lin’s medicine hall, nor did he know that she was Lin Deshan’s granddaughter.

It was only after the opening of Lin’s medicine shop that he found out about Lin yuelan and that she was the granddaughter of Lin Deshan. However, he didn’t know Lin Deshan, nor did he have any grudges against him. Therefore, he didn’t care about Lin Deshan and Lin Yuelan at all.

However, this time, when he suddenly learned that Liu Yichen had become sworn brothers with this twelve or thirteen-year-old girl, he was first surprised, then immediately curious.

For Liu Yichen to treat her differently and even become sworn siblings with her, he could tell that this young lady was not simple. Thus, it aroused his curiosity toward Lin yuelan.

Lin yuelan was a little confused, "Friend? "

At this time, the cherry must have been given out by her or someone close to her half a month ago.

However, the only people she sent out the cherries to were Zhou Changsheng, the Liu siblings, Jiang Zhennan, Lin Deshan, and Doctor Zhang.

So who was behind this?

Li Fazhi laughed. "Yes, I'm friends with Brother Liu!"

Lin yuelan finally understood.

Liu Qi was a businessman who traveled everywhere. It was certain that he had friends everywhere.

However, Lin yuelan was still slightly surprised and thought to herself, 'this brat Liu Qi actually has a rich friend. Look, even such rare and precious fruits were given to Li Fazhi. It's clear that their relationship is not ordinary.'

Lin yuelan asked with a smile, " I wonder if young master Li is talking about Liu Qi from the Liu family in Ning An town of An Ding County? "

Hearing Lin yuelan mention Liu Qi, Li Fazhi immediately asked in surprise, " how did miss Lin know? "

Lin yuelan said, " because I'm from Ning An town. By chance, I became friends with the Liu siblings. I was lucky enough to have eaten this at the Liu residence! Liu Qi once told me that this thing is very expensive and rare, and it's hard for ordinary people to get it. That's why I made such a guess."

"Haha, it's really serendipitous!" Yuwen Feiye suddenly laughed out loud.

In his heart, he despised Lin yuelan. She was actually a little girl from the countryside.

Li Fazhi immediately replied, " that's right. Brother Liu's friends are my friends. Miss Lin, if you encounter any problems in Qingfeng city in the future, feel free to look for big brother Li. Although I don't have much power in Qingfeng city, I'll definitely help if I can."

Lin yuelan secretly rolled her eyes. The richest man in the city doesn't have much power. Then, who had power in the city?

Yuwen Feiye's heart was filled with black lines as he roared.

Lin Yuelan must have been extremely lucky to be able to get close to two of the richest men in the country and the city.

But what about him?

766 The Olive Branch was Rejected

As a few of them chatted, some boats started to gather around them. Even the four flower boats seemed to be slowly approaching Li Fazhi's boat.

In fact, these people's goal was very simple. They just wanted to get close to the third Prince, Yuwen Feiye. If they were lucky, there was a high chance that the third Prince would take a fancy to them and bring them to the third Prince's Palace to be his concubine.

Being a concubine in the Third Prince's Palace was not an ordinary concubine. If the third Prince could ascend to the highest position, she would become the emperor's concubine in the future.

How tempting!

Also, who didn't know that Li Fazhi was the richest man in Qingfeng city?

Even if she weren't chosen by the third Prince, if she were chosen by Li Fazhi, then she wouldn't have to worry about food and clothing for the rest of her life. If she were favored, then she would have endless wealth.

For these prostitutes who came from a lowly brothel, this was a chance to rise to the heavens in a single bound. They could not miss it.

The five people on the boat were well aware of the people approaching.

Liu Yichen chuckled and said in a teasing tone, " boss Li, look at these beautiful women. All of them are staring at you with bright eyes. Do you have any girls you like? "

Li Fazhi immediately smiled and replied, " I think those girls are staring at master Liu. After all, Master Liu is the most handsome."

However, Yuwen Feiye laughed and said, " haha, young master Liu, young master Li, I see that the two of you are extremely humble.

Then, he looked at the women around him with a picky gaze and said with some disdain, "these women are just vulgar. How can they be worthy of the two young masters?" After saying this, he looked at the two of them with a serious yet joking expression and said, "if the two of you are willing, you can have all the beautiful women you want!"

His words were clearly referring to the two of them being rich and could have any woman they wanted. In fact, he was secretly extending an olive branch to test or recruit them.

After all, the place with the most beautiful women in the world was the Imperial Palace.

His words implied that as long as the two of you were willing to follow him, they could choose any of the beauties they wanted.

To a lustful person, these words were indeed very attractive.

After all, no matter how rich they were, they couldn't snatch women from the royal family.

However, it was a little awkward.

After Liu Yichen and Li Fazhi looked at each other, Liu Yichen smiled and said, "Third Prince, although there are many beautiful women in the world, it's hard to find one that suits your heart!"

Li Fazhi also laughed, "Young Master Liu, I didn't expect us to feel the same way!"

The two of them pretended not to understand Yuwen Feiye's hint and simply rejected him.

When Liu Yichen smiled in response to Yuwen Feiye, he glanced at Jiang Zhennan from the corner of his eyes. He thought sarcastically to himself, 'If I'm going to suck up to someone, it should be the man sitting opposite me. If I can rope in this defender-general of the state, why should I worry about not being able to rise to a high position?'

In today's world, who didn't know that the emperor's most trusted person was Jiang Zhennan?

Someone had once accused Jiang Zhennan of betraying the country and rebelling against the Emperor. As a result, the person who complained was immediately beheaded by the Emperor, and his corpse was left to dry at the city gate for three days and three nights.

The emperor's action was entirely out of favoritism and trust in Jiang Zhennan.

However, no one knew why the Emperor did not even trust his own son but trusted Jiang Zhennan.

Was it because Jiang Zhennan was helping him to protect this country?

No one knew the answer.

Would Yuwen Feiye regret it when he found out that the opportunity to befriend the defender-general of the state, Jiang Zhennan, had been ignored by him?

When Yuwen Feiye heard the two reject him without even thinking, he suddenly clenched his chopsticks tightly with one hand, and the other hand under the table twisted his pants so tightly that his veins were clearly visible.

He was trying to suppress his extreme anger.

These two lowly commoners actually dared to reject him directly?

Forget about Liu Yichen. Li Fazhi also didn't know what was good for him.

At this moment, Yuwen Feiye had the urge to kill Li Fazhi.

"Wow, aren't those sisters cold? They're wearing so little on such a cold day." Suddenly, a young voice startled Yuwen Feiye out of his daze.

He looked at Lin yuelan, who had let out a cry of surprise, and the corners of his mouth curled up in a mocking smile. He thought to himself, 'You're really a little girl who doesn't know her place!'

When the surrounding servant girls and manservants heard Lin yuelan's exclamation of surprise, all of them revealed a mocking and mocking expression. They thought to themselves, 'where did this country bumpkin come from? She doesn't even know that the competition for the best courtesan requires one to dress frivolously.'

There were even some people who were discussing Lin yuelan and Jiang Zhennan openly.

"Who is that? She's just a country bumpkin. Why would young master Li invite such a person on board?"

"Shush, lower your voice!" Someone looked at Lin yuelan. He said with some jealousy, envy, and hatred, " isn't this clear? Young master Li only invited the third Prince and Young Master Liu, but these two people are really thick-skinned actually to follow him onto the ship!"

"That's right!"

Lin yuelan had originally enjoyed watching Liu Yichen, li Fazhi, and Yuwen Feiye's hypocritical affection and exchange.

It was just that Yuwen Feiye's endurance ... seemed to be limited.

When Yuwen Feiye heard Liu Yichen and Li Fazhi's rejection, his face turned green. Lin yuelan only smiled sarcastically. When she saw that Yuwen Feiye was about to lose his temper, Lin yuelan spoke.

She did not want her good mood from watching the courtesan competition to be ruined by Yuwen Feiye.

However, her words attracted the ridicule and mockery of others.

However, she didn't really care about these voices.

However, how could Jiang Zhennan tolerate such mockery and humiliation?

Jiang Zhennan's cold and expressionless face was filled with anger. He looked at li Fazhi and said coldly and sarcastically, "Young Master Li, it seems that your servants have received very good training!"

Li Fazhi was stunned at first. Then his face turned cold. He glanced at the servants who were whispering and said coldly, "Don't worry. We won't see them tomorrow!"

The servants were so frightened that their faces turned pale. They knelt down and begged for mercy, "Young master, please spare us! Young master, please spare us! We won't dare to do it again!"

Li Fazhi was unmoved by their begging.

Then, the servants looked at Lin yuelan with pleading eyes as if they wanted to see if she would plead for them.

Lin yuelan was not a saint who would help them after being despised and scolded by them.

Lin yuelan looked at the four flower boats and said indifferently, "look, the courtesan competition seems to have begun!"

767 Jiang Zhennan Aggressively Protects Lin Yuelan

This year's competition for the top courtesan of Qingfeng city was more lively than any of the previous ones. These top courtesans of the brothels put in more effort than any other time in their performances, all for the chance to rise to the top in one step.

It was a pity that Yuwen feiye's mood was affected by the previous incident. Li Fazhi, on the other hand, did not care about these prostitutes at all. As for Liu Yichen and Jiang Zhennan, they did not even take a look at what these people looked like.

Therefore, these people who wanted to reach the heavens in one step had their hopes dashed.

This was the first time Lin yuelan had seen such a courtesan competition, so she watched it with great interest.

Yuwen Feiye looked at Lin yuelan's excited eyes and smiled coldly, "Miss Lin, it seems like you are very interested in their performance."

Logically speaking, a person with a distinguished status like him should not be bothered by a child.

However, in Yuwen Feiye's eyes, all his troubles seemed to have started with this person.

First, he went to the Zhou mansion to force Lin Deshan to hand over the thousand-year-old ginseng, and then he was threatened by her.

He didn't know her identity back then, so he didn't succeed in threatening Lin Deshan.

After that, at the auction, this person had gone against him time and time again. How could he tolerate it?

However, he still needed this person because of his unspeakable illness.

However, that bottle of medicine was good enough to cure him, so he probably didn't need her anymore.

That was why he decided to make things difficult for a child.

A faint smile appeared at the corner of Lin yuelan's mouth under her veil. She said casually, "I'm just a country farmer's girl. I've never had the opportunity to watch such a lively and exciting courtesan competition. I'm not like the third Prince, who has such a distinguished identity and can watch wonderful performances in the mansion every day. In contrast, I am naturally interested in this."

Lin yuelan's words were direct and straightforward, leaving Yuwen Feiye at a loss for words.

Moreover, after Lin yuelan finished speaking, Jiang Zhennan immediately echoed, "Indeed, the third Prince's residence echoes with songs and dances every day. Why would his majesty be interested in these vulgar women? "

This was a slap to Yuwen Feiye's face.

Wasn't his words hinting at Yuwen Feiye's fatuity in indulging in the pleasures of women?

Yuwen Feiye's expression turned extremely ugly. His sharp eyes stared straight at Jiang Zhennan as he warned sternly, "Young master, be careful of what you say!

Li Fazhi immediately came out to smooth things over and said with a smile, "Although the courtesan competition this time is also ordinary, it's indeed more exciting than the previous ones. If any of you really have someone you like, then I'll buy them as a gift to you."

"Young master Li, You must be joking!" Liu Yichen smiled and rejected tactfully.

"No need!" Jiang Zhennan rejected him directly.

"I don't like these people!" Yuwen Feiye rejected him disdainfully.

Lin yuelan laughed and said, "Indeed, these are all common women!"

When the women nearby heard Lin yuelan's words, they immediately gritted their teeth in hatred and thought to themselves, 'who is this damn girl? What right do you have to criticize us? Just you wait!'

Lin yuelan didn't know that a single sentence from her had attracted so much hatred.

If she had known, she would definitely have felt wronged.

She was just repeating what the men said.

If they wanted to hate someone, they should hate these men. Why did they have to target a young girl like her?

However, some people in the world were just like that. They would only push the blame and hatred onto people they thought were weak.

At this moment, on the flower boat on the left, a woman with a red coral Lotus hairpin in her hair was wearing a Blue blouse and a pair of double-colored soft-soled shoes with Peacock thread beads. Her head was lowered, and her face couldn't be seen.

She bowed in Yuwen Feiye's direction and said in a sweet voice, "Song Qingyan greets the third Prince!"

"Song Qingyan. Isn't she the number one courtesan of the drunken Flower House? "

If you find any errors (broken links, non-standard content, etc..), Please let us know < report chapter > so we can fix it as soon as possible.

768 Jiang Zhennan Aggressively Protects Lin Yuelan

"That's right. She's the top courtesan of the drunken Flower House. She just won first place in one fell swoop."

"Her voice is really nice to listen to."

Although they could not see her face clearly, just hearing her voice was enough to make men's bodies go numb, and their hearts palpitate. Yuwen Feiye was no exception.

Yuwen Feiye held a small jade cup of wine between his fingers. He squinted his eyes and looked at Song Qingyan. "raise your head!"

"Yes!" Song Qingyan replied with an attractive voice.

After that, she slowly raised her head, and her beautiful face slowly revealed itself.

The audience immediately exclaimed in surprise and amazement, " how beautiful! She is indeed as beautiful as the rumors say!"

"It's said that song Qingyan not only has a voice like an Oriole or a Kingfisher, but she's also very charming. Her big, watery eyes are even more attractive."

Yuwen Feiye was slightly taken aback when he saw her face.

He had thought that she was a fake beauty with a lot of ordinary makeup, but now that he looked at her charming face, he was impressed.

However, to Yuwen Feiye, although he liked women, he preferred those who were immature and tender. Now that they were in public, he naturally could not showcase a lecherous side, or it would be very disadvantageous to him.

Yuwen Feiye had intended to ignore her.

"Ah, sister, you're so beautiful!" Lin yuelan looked at Song Qingyan and said innocently.

Song Qingyan purposely got closer to the third Prince to get his attention. After standing there for a long time, a girl on the boat complimented her.

She was really anxious and angry, but she had to maintain her gentle and virtuous image and couldn't lose her temper. She could only smile back at Lin yuelan with a stiff expression and say, "thank you for your praise, little girl!"

Lin yuelan chuckled and said, "Sister, I like you. I'll buy your freedom, okay? "

The people around her were shocked by her words.

She was a girl. Why would she buy a prostitute from a brothel?

Even Liu Yichen and Li Fazhi looked at Lin yuelan in surprise, not knowing what she meant.

Yuwen Feiye tightened his grip on the jade cup and frowned slightly. He seemed to be displeased, but he did not say anything.

The others all looked at song Qingyan, wanting to know what decision she was going to make.

Song Qingyan's expression froze once again after hearing Lin yuelan's words. Then, she looked at Yuwen Feiye, who seemed to be hesitating to say something. However, when she saw that Yuwen Feiye was unmoved, she was clearly disappointed.

Song Qingyan's expression was a little stiff and aggrieved, but at the same time, she seemed to be proud. She turned to Lin yuelan and rejected her, "Thank you for your kind intentions, Miss! I'll stay at the drunken Flower House to repay my mother's kindness!"

Her rejection was so fake.

To these women, who didn't want to have their freedom redeemed?

However, now that she had the opportunity to become a Prince's concubine, how could she be willing to let anyone else redeem her?

What if Lin Yuelan locked her in the backyard after she redeemed her from the brothel? Then wouldn't her life be ruined?

Hearing song Qingyan's reply, Lin yuelan looked very disappointed. "Sigh, what a pity! I wanted to present you to the Third Prince after redeeming you. After all, you're so beautiful, and I still owe the third prince a gift.

"But you are unwilling. Forget it. Since you're willing to continue staying at the drunken Flower House, I will not force you!"

After hearing Lin yuelan's words, the surrounding spectators were all surprised. Then, they looked at Song Qingyan with pity, wondering if she would regret it.

Didn't song Qingyan regret it?

Of course, she regretted it.

If she had known earlier that this girl was planning to redeem her and give her to the third Prince, she would not have rejected her.

But now, she could only stand there in a daze, not knowing how to respond.

When Liu Yichen and Li Fazhi heard this, they were confused at first. Then, Liu Yichen smiled and said, " little sister, it's really inappropriate for a girl like you to buy a woman from a brothel for the third Prince. If I had known that you wanted to buy her, I would have offered the money on your behalf. However, since this lady is so loyal, we have to respect her wish."

"Haha!"

The laughter of the people was filled with pity, mockery, and sarcasm.

This time, the person called Song Qingyan's face turned pale, embarrassed, and angry.

769 Jiang Zhennan Aggressively Protects Lin Yuelan

In the end, she could only stomp her feet and leave.

Yuwen Feiye had never thought that Lin yuelan would actually want to buy a prostitute from a brothel, and a top courtesan at that.

What did she mean by that?

She had clearly told him not to touch any woman for the next two months, and now she was planning to give him a woman. Was it just to let him suffer and make a fool of himself?

Yuwen Feiye said, " I am celibate. Thank you for your kind intentions!"

Lin yuelan had thought that the matter at Qingzhou Lake would be over. She had not expected it to bring her some trouble later.

Suddenly, Yuwen Feiye changed the topic. He pretended to be curious and asked, "I heard that Fortune Inn is now yours. Is that right, miss Lin?"

He had come to find Lin yuelan today to clarify this matter.

It was just that he had been disturbed by those annoying things just now so he had suppressed this in his heart and did not ask. And now, he finally had the time to ask.

Lin yuelan did not answer, but Liu Yichen spoke first, "what the third Prince said is indeed the truth. I wonder if the third Prince has any questions?"

Yuwen Feiye was confused. "I'm just curious. Fortune Inn is bustling with people, and business is booming. Why did Young Master Liu give it away so easily?"

Liu Yichen smiled and said, "As the saying goes, a drop of kindness should be repaid with a spring, not to mention a life-saving kindness. It's just an Inn. What's so strange about it?"

"A life-saving grace?" Yuwen Feiye grabbed onto this and asked, "Young Master Liu, what do you mean by that?"

If he had known that he was lying on the ground with serious injuries, he would have sent people to kill him or capture him for his own use.

However, the opportunity was gone again.

Liu Yichen replied with a light smile, "Third Prince, it was just a fight. It's not worth mentioning!"

Yuwen Feiye choked.

Jiang Zhennan looked at Yuwen Feiye's sullen expression, and his cold expression revealed a hint of sarcasm.

Coincidentally, Yuwen Feiye saw this expression. His eyes darkened, and he immediately started to hate Jiang Zhennan.

"May I know where this young master lives?" Yuwen Feiye asked through gritted teeth.

He felt that this person's figure and aura were very familiar, but he was very sure that he had never seen him before.

Therefore, it was better to find out his identity first.

"I'm just a commoner. I don't deserve to be taken seriously by the Third Prince!" Jiang Zhennan did not want to pay any attention to the culprit, who had almost caused him to be poisoned to death.

Yuwen Feiye's face darkened.

"Oh, if the third Prince really wants to investigate his identity, I can tell you that he's a personal bodyguard I hired!" Lin yuelan smiled and explained to Yuwen Feiye.

The corner of Liu Yichen's mouth twitched. He thought to himself, 'the defender-general of the state is being treated as a personal bodyguard. It'll be a joke if word gets out.'

Yuwen Feiye's face darkened once more as he questioned sternly, "so, he's just a servant?"

"You can't say that." Lin yuelan revealed a rare serious expression. "To me, he's my uncle, my family, not a servant. So, third Prince, please be careful with your words!"

"Such impudence!" Yuwen Feiye's suppressed anger exploded at once! "A little farmer's daughter actually cautioned me! Where did you get the courage?!"

Upon hearing that the girl who was laughing with these big shots was actually a farmer's daughter, the people around them were stunned at first. Then, many people laughed and said mockingly, "haha, she is just a farmer's daughter. I thought she was the daughter of some rich man."

"That's right. I thought that the one who could sit with the third Prince would be a real phoenix, but I didn't expect it to be a fake Phoenix. Not to mention a fake Phoenix, she is just a little sparrow in the field. Hehe, what a joke!"

Since the third Prince was angry with this person, then these people, of course, had to curry favor with the third Prince. If they were lucky, they might even be able to win the third Prince's favor.

Jiang Zhennan couldn't bear to hear anything bad about Lin yuelan.

His sharp eyes glanced at those people, and he raised his internal force and shouted sternly, "shut up!"

His voice was filled with internal energy and could be heard from a hundred meters away. Some timid people were so frightened by his voice that their faces turned pale.

Jiang Zhennan's sharp eyes immediately shot toward Yuwen Feiye, causing Yuwen Feiye's courage to tremble. Fear and panic flashed through his heart.

Jiang Zhennan shouted at him, "Third Prince, if it wasn't for your good fortune to be born in the royal family, would you be able to enjoy the feeling of being worshipped by thousands of people?"

"And so what if Miss Yue 'Er was born in a farming family?" Jiang Zhennan continued, "Without the hard work of these farmers, would you be able to enjoy the luxury of clothes and food and enjoy the taste of power? So, Your Highness, don't look down on the farmers!"

This was a slap to Yuen Feiye!

If you find any errors (broken links, non-standard content, etc..), Please let us know < report chapter > so we can fix it as soon as possible.

770 Colluding

Most of the people who were watching the competition were ordinary farmers.

Hearing Jiang Zhennan's words, the way they looked at Yuwen Feiye was immediately filled with anger and anger.

The third Prince was looking down on farmers, wasn't he?

However, without them, would these so-called princes really be able to live a life of luxury?

"Hmph, so what if I'm a farmer? Since you look down on us farmers, then don't eat the grain planted by the farmers and don't wear the clothes woven by the weavers, okay?"

"Exactly, exactly. I thought the third Prince was kind, but it turns out that he looks down on us farmers from the bottom of his heart."

...

Yuwen Feiye had never expected that the reputation that he had worked so hard to turn around would be ruined in an instant.

Moreover, the person who ruined his reputation was a lowly servant.

At this moment, Yuwen Feiye could not stay on the ship any longer. After giving Jiang Zhennan and Lin yuelan a fierce glare, he left with his subordinates in a rage.

"Detestable!" Yuwen Feiye clenched his fist and slammed it on the table the moment he returned to the hotel.

Guard Qi quickly knelt down and said, " Your Highness, please calm down!"

The three advisors looked at each other in confusion before turning to guard Qi. "guard Qi, why is His Highness so angry? "

Guard Qi immediately said angrily, "It's those lowly commoners. They don't know what's right or wrong, yet they keep angering Your Highness!"

The three aides were still a little confused and asked, " guard Qi, what lowly commoner would have the guts to criticize His Highness? "

Guard Qi said, " Lin Deshan's granddaughter, Lin yuelan!

The three advisors were shocked. "Is it her again? "

How did the third Prince provoke her for no reason?

However, what they didn't understand was that the third Prince could have dealt with that person in secret, but why didn't he do anything? It seemed like he had some concerns.

The three advisors did not know that it was not that Yuwen Feiye did not want to capture her but that he had personally witnessed the child's amazing martial arts. So, he did not want to do something so stupid.

Another important point was that Yuwen Feiye still needed Lin Yuelan to treat his illness.

He had originally planned to settle the score with Lin yuelan after he had recovered.

This time, Lin yuelan had once again angered him.

"Guard Qi, immediately go and investigate the background of the guard beside Lin yuelan. Why do I find it somewhat familiar?"

Yuwen Feiye felt that the man beside Lin yuelan, whose surname was Nan, looked familiar. However, he could not figure out why.

However, this was his first time in Qingfeng city, so the only people who looked familiar to him were people he had come into contact with in the capital.

Guard Qi then said hesitantly, " Your Highness, that person looks like an ordinary servant of Lin yuelan. Are we really going to investigate him? "

Hearing guard Qi's questioning of his orders, Yuwen feiye was once again enraged. He snapped, " How dare you question my orders? "

Guard Qi panicked and quickly kowtowed to apologize. "Your Highness, please calm down. I dare not!"

"Then get out of here!" Yuwen Feiye was furious.

Then, he called out, "Wait..."

Guard Qi retreated again, "Your Highness."

Yuwen Feiye said, " send someone to the drunken Flower House in secret and buy that song Qingyan for me!"

When the three advisors heard the name drunken Flower House, their faces immediately turned green.

Advisor Ma immediately tried to stop him. "Your Highness, you can't! That's a woman from a brothel. If people find out that Your Highness has bought a woman from a brothel, it will greatly affect Your Highness' reputation!"

"Your Highness, please reconsider!" The other two aides immediately echoed.

They had been in Qingfeng city for some time now, and they would go to brothels to drink and look for women from time to time. Of course, they knew that song Qingyan was the top courtesan of a big brothel.

They had visited that woman too.

So, if that woman were really bought by His Highness and knew that they had slept with this woman, he would definitely be angry at them.

What's more, if the third Prince were to ascend to that position one day, that woman would become an imperial consort. If an imperial consort were exposed to have slept with a subordinate, the result would be ...

Just thinking about it made them break out in a cold sweat.

At first, they felt regret. If they had known that this would happen, they wouldn't have gone to visit that woman.

But now, no matter what, they had to stop the third Prince from redeeming her.

After all, Yuwen Feiye had grown up in the scheming Palace, so his ability to read people's expressions was first-class.

Looking at the fear and nervousness on his three advisors' faces, what else could he not understand?

His face darkened, and he was very unhappy.

However, he still needed the three advisors to give him advice, so he could not fall out with them.

He said, "I have my own use for that woman. You don't have to worry about her."

The three advisors looked at each other.

...

Due to the Lin medicine Hall's good reputation and the abundance of medicinal herbs, as well as the fact that it had a good supply of precious medicinal herbs and the good results of volunteer medical services, Lin medicine Hall's reputation quickly spread throughout Qingfeng city in a short period of time. Naturally, their business was getting better by the day.

Lin's medicine hall's business was at its peak, so it naturally affected the three big medicine halls that had dominated 80 to 90 percent of the market in Qingfeng city for the past twenty years: Li's pharmacy, Chen's pharmacy, and Zeng's pharmacy.

Among them, Zeng ji medicine shop had the greatest influence.

Ever since Lin's medicine Hall was defeated twenty years ago, Zeng's medicine Hall had always been regarded as the top medicine hall of Qingfeng city.

This was because Lin's medicine shop had been seized by Zeng's medicine shop twenty years ago. Naturally, some of Lin's hundred-year-old medicinal formulas and medicinal herbs had fallen into the Zeng's hands, so their business was naturally good.

However, the tables had turned, and Zeng Yiming, the head of Zeng Ji, had never thought of this.

Twenty years later, Lin's Medicine Hall returned with a domineering aura.

"Boss, these days, the profit of our medicine shop is getting worse by the day. If this goes on, it is very likely that it will decline," The shopkeepers reported to Zeng Yiming anxiously.

It was likely that all the shops would be closed down.

Zeng Yiming frowned as he listened to their report. He asked suspiciously, "Even if this Lin's medicine shop stole our business, there's only one Lin's medicine shop. How could it affect five or six of our shops? "

The shopkeepers looked at each other and said, " old master, although there is only one Lin's medicine shop, that one is enough to block a few of our medicine shops. Besides, that medicine shop has a complete set of medicinal herbs, the price is fair, and it is honest with the young and the old. Most importantly, on the day of free consultation, the poor can also get medicine for free. Therefore, the poorer people would rather take a longer route to Lin's medicine shop to get medicine.

"A normal medicine shop earns money from the poor, but the money of the Lin medicine shop is earned from the rich."

Zeng Yiming heard the last sentence and immediately asked in confusion, " Why do you say that? "

The subordinate reported, "Although Lin's medicine shop is a medicine shop that sells medicinal herbs, it has a clinic and doctors. I don't know where these doctors came from, but they are all highly skilled and can cure diseases with medicine.

"The result of this spread like wildfire, and the patients all went to Lin's Medicine Hall. Although they had set up volunteer medical services, it was only for the poor who couldn't afford the medical fees. The rich would pay 1000 gold for a single consultation and be guaranteed that the illness would be cured. If the illness were not cured, the 1000 gold consultation fee would be refunded.

"Hence, no matter if they were rich or poor, they all went to Lin's medicine shop for treatment.

"This way, it will greatly affect the operations of the other medicine shops."

"What? Is there such a thing?" Zeng Yiming was surprised.

A few days ago, he had lost a large sum of money because of the failed assassination of Lin deshan. He had also been mentally shocked, so he had been resting these days.

Therefore, he only knew that the Lin medicine shop from twenty years ago had reappeared in Qingfeng city. As for the exact situation, he did not know much.

Now that he had suddenly heard about Lin's medicine shop's management methods, how could he not be shocked?

“Old Master, you have to think of a way!” The shopkeepers looked at Zeng Yiming anxiously.

Zeng Yiming said to them, “ you guys go down and continue to keep an eye on Lin’s medicine Hall. I’ll think of a solution!”

“Yes!” Four or five shopkeepers immediately left.

As they walked out of the Zeng family’s gate, they happened to meet a woman in a pink dress and a veil. She was walking through the gate with a servant.

772 Colluding

The five shopkeepers looked at the woman’s figure and asked in confusion, “Why does this woman look so familiar? ”

“Yeah, I also find her familiar.”

“Oh, that’s right, this person seems to be song Qingyan from the drunken Flower House!”

“Yes, yes!”

“That’s strange. What is she doing here? ”

“Hehe. Why do you think a woman from a brothel is here?”

“Yeah, look at what kind of question I’m asking.”

“Alright, let’s go. Let’s stay out of the boss’ business.”

After the five shopkeepers left, Zeng Yiming immediately became angry again. He took the cup from the table and threw it on the ground. He gritted his teeth and said with full hatred, “Lin Deshan!”

However, after a while, the Butler came over and reported, “Old master, miss song from the drunken Flower House is here to see you!”

“Miss song from the drunken Flower House, who is she?” Zeng Yiming was so angry that he didn’t react for a while.

The Butler reminded him, “It’s song Qingyan from the drunken Flower House who won the title of courtesan Belle a few days ago.”

"It's her!" Zeng Yiming asked, " why did she come to me? "

The Butler was a little puzzled. "She said that she is here to help old master solve his problem."

Zeng Yiming asked suspiciously, "Solve my problem? " Immediately, he said to the Butler, "Let her in. I want to see what kind of solution she can come up with."

He was confused. 'What does this song Qingyan know?'

A moment later, song Qingyan, who was dressed in pink, walked in. After taking off her veil, she greeted Zeng Yiming politely, "Old master Zeng!"

Zeng Yiming looked at song Qingyan and smiled. "miss song, I haven't seen you for a while. You're still so charming and beautiful!"

With a perverted look in his eyes, he raised his hand and touched song Qingyan's face.

The servant girl in an orange dress immediately stood up and yelled at Zeng Yiming, " How dare you! Miss Song is already the third Prince's woman. Who are you to tease her?"

Zeng Yiming was shocked and looked at song Qingyan in disbelief. He asked anxiously, " is this... real? "

The maidservant immediately shouted, " this matter concerns the lady's reputation and integrity. How can it be false?!"

The servant girl's address had changed from miss song to Madam. She was trying to tell Zeng Yiming that song Qingyan had become the third Prince's concubine.

Zeng Yiming immediately said respectfully, "Miss Song, no, Madam Song, this lowly one greets Madam!"

A Prince's concubine was different from an ordinary concubine.

The concubines of ordinary families were only servants. They had no status at all.

However, a Prince's concubine was someone who could have extreme power. She might even become an Imperial Noble Consort or even an Empress.

Therefore, not only could they not offend the imperial family's concubine, but they also had to be respectful.

Song Qingyan smiled at Zeng Yiming and said, "Boss Zeng, you're too polite. Please get up!"

She came from such a lowly background that she had never thought that one day, she would really have a taste of power.

The feeling was so wonderful that she didn't want to give up at all.

Song Qingyan's eyes lit up at the thought of the third Prince's mission. As long as she completed the mission, she would officially become his woman.

Song Qingyan turned to Zeng Yiming and said seriously, "the third Prince wanted to come to find you personally, but the rumors were all over the place, so he didn't want to come out personally. He asked me to come and find you in his place."

Zeng Yiming immediately said nervously, "it's my honor that the third Prince has thought of the Zeng family." he said, puzzled. "But the third prince has come to the Zeng family for..."

Song Qingyan said, "the third Prince asked me to ask if you are Lin Deshan. Oh, no, I mean Lin's medicine hall... Do you have a feud with them?"

Zeng Yiming didn't know what this meant, so he didn't dare to respond.

Seeing Zeng Yiming's concern, Song Qingyan immediately covered her mouth and laughed, "Oh, it's like this. The current manager of Lin's medicine Hall, Lin Yuelan, has offended the third Prince. I'm sure you understand what this means now, Boss Zeng..."

Hearing this, Zeng Yiming immediately became excited and nodded. "I understand, I understand!"

Then, he said frankly, "That's right. Zeng Ji medicine shop and Lin medicine shop are indeed sworn enemies. You can also say that we are mortal enemies!" He believed that the rise of Lin medicine Hall was definitely because they had come back for revenge.

Song Qingyan nodded and said, "Boss Zeng, there's a chance for you to make your arch-enemy disappear. It's up to Boss Zeng's choice."

Zeng Yiming asked in confusion, "What choice?"

At Fortune Inn, Jiang Zhennan and Lin Yuelan were playing Go when Lin Xujie came over to report. "master, as you expected, the third Prince and the Zengji medicine hall are in cahoots. They are setting up a trap for Lin's Medicine Hall."

Lin Yuelan gently placed a black piece on the board and sighed. "it's such a pity!"

Jiang Zhennan said, "Pity the youth can't compare to wealth and glory!"

As he spoke, he also placed a white piece.

No one knew what kind of riddle they were playing.

773 Surgery

On the day of the free consultation at Lin's medicine Hall, there were still many people waiting in a long line for their turn to see the doctor.

Lin Qingzhu took a few medical records and reported to Lin yuelan, " master, this man has headaches every day. His eyes are red, and he also vomits..."

After listening to Lin Qingzhu's report, Lin yuelan's expression became serious.

The symptoms of this man were obviously malignant tumors, and they were in the late stages. The first case, in particular, was a malignant brain tumor.

If these cases were in the modern era where medical technology was developed, it was unlikely to be cured, let alone in the ancient times when medical conditions were backward.

Fortunately, she had little green's source of life and the spiritual spring water in her farming space. It was possible to cure them.

However, even so, Lin yuelan still had to remove these swollen tumors first.

There was only one way to take it out, and that was to open the body up!

This was a very common surgery for modern people, but for ancient people, it was a very terrifying thing.

After all, it was scary to have another person cut open one's stomach or head, even though that person was a doctor.

Lin yuelan said to Lin Qingzhu, " just tell these patients that there is something growing in their brains and stomachs, and they have to be removed with a knife in order to be cured. Let them choose whether to do it or not. We will not force them. However, you can tell them that there won't be any danger to their lives."

These modern surgeries were all very dangerous, but she had a cheat. She would not let any accidents happen to these patients.

Lin Qingzhu said hesitantly, " master, won't these patients fear being cut open?"

Lin yuelan nodded and said, "They will. So, it's up to them to make their own choices. If they choose to go under the knife, they still have a chance to live. If they don't, they can only wait for death."

Lin Qingzhu nodded and said, " yes, master, I understand!"

"Mm, you can go down and explain to them!"

"Yes, master!"

Just as Lin yuelan had expected, when Lin Qingzhu told these people that she was going to cut their heads or stomachs, their faces immediately turned pale with extreme disbelief.

"No, no, I'm here to see a doctor, not to let you kill me." A man with a lung tumor refused without a second thought.

Lin Qingzhu said seriously, " we came to this conclusion according to the patient's condition. However, you don't have to worry about the pain. We have a medicine here that can make the patient lie in bed and not feel any pain when the operation is carried out. When the patient wakes up, the operation will be over, and your condition will be better."

Although Lin Qingzhu explained it this way, these people still couldn't accept the horror of being cut open.

Lin Qingzhu didn't force them and said to them, " of course, it's up to you to decide if you want to accept this or not. With your condition, you can live a healthy life after the operation, but if you don't, you can only wait for death.

"You should consider it carefully and make your own choice!"

He had already said what he needed to say and explained what he needed to explain, so he didn't want to waste his breath and persuade them anymore.

Their lives were their own, and they would rather wait for death. Who could interfere?

However, after this incident, the rumors about Lin's medicine Hall in Qingfeng city immediately spread to every corner of the city.

"Did you guys hear? If you go to Lin's Medicine Hall, you will get your stomach cut open!"

"I heard that not only will the stomach be split open, but your head will also be split into two."

“Heavens, that’s terrifying. In the future, I won’t dare to go to the Lin medicine Hall to see a doctor.”

“Yeah, it’s so terrifying. Who would dare to go there to see a doctor? Even if it’s a free consultation, no one should need to have their heads and stomachs cut open.”

“That’s true.”

...

In short, the more these rumors spread, the scarier Lin’s medicine shop became.

Of course, there were also others who added fuel to the fire behind the scenes.

“Haha, I didn’t expect Lin’s medicine shop to be so reckless and do such a thing that goes against the laws of heaven. Now, they’ve lost their business.” When Zeng Yiming received the news, he laughed heartily at home.

“It seems like Lin’s Medicine Hall won’t be able to survive even if we don’t carry out the plan.”

Song Qingyan shook her head. “no, Boss Zeng, perhaps you’re celebrating too early!”

Zeng Yiming was obviously taken aback. He asked in confusion, “ what do you mean? ”

“After all, there are only a few patients in the Lin medicine Hall who need to be operated on.” Song Qingyan said, “ those poor people who don’t have money to see a doctor will still choose Lin’s medicine shop!”

Zeng Yiming said with some disdain, “ so what? Those are just poor people who can’t even afford medicine. We don’t want to do business with them.”

Song Qingyan shook her head again and said, “Boss Zeng, have you not realized how Lin’s medicine Hall’s reputation came about? Later on, why were those rich people willing to go to them to see the doctor and buy medicine?”

With song Qingyan’s reminder, Zeng Yiming suddenly remembered that Lin’s medicine shop’s reputation had risen from its volunteer medical services, which treated the poor.

Zeng Yiming’s expression immediately turned serious. “so, Madam, you mean that the plan should continue? ”

"Of course, we have to continue!" Song Qingyan said with certainty.

If this plan didn't continue, then she wouldn't have the chance to enter the third Prince's estate, and she wouldn't have the chance to become a concubine and enjoy a life of luxury.

Hence, no matter what, she had to find a way to carry it out smoothly.

Zeng Yiming furrowed his brows and asked, "then, Madam, what are you going to do?"

Song Qingyan's eyes sharpened, and she said, "wait for the opportunity!"

...

Lin Qingzhu reported to Lin yuelan, "Too many people are afraid to be operated on. Most of them refused the operation and would rather wait for death at home than suffer such great pain!"

Lin yuelan nodded and said, "yes, that's normal!"

Even modern people were afraid of suddenly dying on the operating table when they were undergoing surgery, let alone in ancient times, where feudal superstitions and medical skills were quite backward.

Although she was 100% sure that she could cure them, what could they do if they didn't believe her?

Lin Qingzhu continued to report, "because of this, the entire Qingfeng city is spreading rumors that Lin's medicine shop is a black market that specializes in disemboweling people and blowing up their brains. In short, it's very unpleasant to hear. In recent days, the number of patients has been decreasing."

Lin Qingzhu was a little worried. If this went on, Lin's medicine shop would be squeezed out of Qingfeng city very soon.

Lin yuelan said, "don't worry. Facts spoke louder than words. As long as we make a successful case, I believe that no one will doubt Lin medicine Hall's credibility and reputation. Is there anyone who is willing to accept the surgery?"

Lin Qingzhu said, "there is!" He then said hesitantly, "it's just that his family is afraid that there will be an accident, so they want us to pay the compensation in advance!" In fact, the family members wanted to let the man die. That way, they could earn some money from the ill man.

This was an unreasonable request.

Lin's Medicine Hall was providing free treatment to them, so why should they pay compensation?

Lin yuelan's eyes turned sharp as she said, " then go and tell them that this is simply impossible. If he is willing to accept the surgery, we will try our best to treat his condition. If he is not willing, we will not force him. Everyone is free to choose. We are not going to pay them anything!"

Lin Qingzhu nodded and said, " yes."

Then, he reported, " then there is only one person is willing to undergo the operation without any condition. He said that he is tortured by the pain every day and that he would rather die than to live. Since that's the case, he'll take a gamble. If he can be cured, then he'll still have a good life. If he can't be cured, then it's fate. He can't blame anyone, and he won't blame the Lin medicine Hall."

Hearing that there was such a reasonable patient, Lin yuelan asked curiously, " who is this? "

Lin Qingzhu said, " it's that lonely old man who has something growing in his head. He has no family and is single, so he is willing to give it a try."

Lin yuelan nodded and said, " alright, then arrange for him to have brain surgery!"

"Yes, master!" Lin Qingzhu accepted the order and left.

When they heard that there was someone who was willing to be operated on by the doctor of Lin's medicine Hall, many people were curious and crowded over to watch the show.

775 Surgery

"I heard that it's old man Li who lives on the west side of the city. He's willing to let them cut his head open."

"I also know this old man Li. Every day, his head hurts so much that he rolls on the ground. There were even a few times when he wanted to knock his head against the wall and die."

"This old man Li has no family or friends. It seems like he wants to make a bet."

"Do you guys think this will really succeed?" Everyone was very suspicious.

However, most people felt that this was impossible.

In the operating room, the old man in his 50s looked at the doctor in a white coat in front of him in fear and panic.

He asked nervously, " doctor, can my head really be cured after surgery? "

Lin Qingzhu smiled and comforted her, "Sir, don't worry. Since we've decided to perform the surgery for you, we're 100% confident. Come on, drink this and have a nap. When you wake up, you will be cured!"

Old man Li said with some joy, " is what you're saying true? "

Then, he picked up the cup and drank it.

After old man Li fell asleep, Lin yuelan appeared in the operating room, wearing a white coat and a mask.

Lin Qingzhu called out respectfully, " master!"

Lin yuelan gently nodded and said, "Okay. Let's start!"

Lin yuelan first used silver needles to prick a few acupuncture points to prevent the blood from flowing too fast and causing the patient to lose too much blood. However, she couldn't stop the blood flow, which caused the brain to lack oxygen.

After pricking a few acupuncture points, Lin yuelan used little green to maintain the patient's normal vital signs. At the same time, she separated the connection between the brain and the tumor. If this were a normal surgery, she would have to be even more careful, but little green's life force ensured that this surgery would be easy.

A moment later, Lin yuelan saw through little green that the brain had been completely separated from the tumor. She then began to open old man Li's head and take out the tumor. After that, she sewed up the wound and bandaged it.

Not long after, when everyone saw old man Li appear in front of them again, they were all stunned.

"Did they not cut open your head?" Someone asked in surprise.

There was a bandage on his head, and it looked like he had been cut.

However, after having his head cut open, he appeared in front of them alive.

Old man Li touched the bandage on his head lightly and said with a smile, "I did. However, it did not hurt at all. When I woke up, I felt that my head was much lighter."

Someone pointed at the bandage on his head and asked, "but what's with the bandage on your head?"

Old man Li said, "Since they cut my head open, won't there be a wound? If there's a wound, of course, they need to bandage it."

However, there were still people who asked suspiciously, "old man Li, is there really something in your head? They aren't bluffing, right? Is it possible that you colluded with Lin medicine Hall just to deceive everyone?"

When old man Li heard this, his temper flared up. He pointed at his head and said loudly, "I'm sick. My head hurts so much that I've been rolling on the ground for months. My neighbors know that very well. At that time, the Lin medicine shop didn't even exist, so how did the Lin medicine shop collude with me to deceive everyone?"

"Now, the Lin medicine shop is being so kind to treat poor people like us for free, and you're still questioning their intentions? Besides, Lin medicine Hall did not force anyone to go under the knife. It was their own choice. Why did you all make the Lin medicine Hall sound so unbearable? I chose to go under the knife, and I was willing to do so. You are so suspicious, what are your intentions?"

Having experienced this personally, old man Li truly believed that Lin's medicine Hall had the ability to cure a person's illness with surgery.

Some of them felt ashamed when they heard old man Li's words.

After all, they had also come here for treatment during the free consultation period.

However, because of the news that Lin medicine Hall would cut their patients with a knife, it immediately made everyone panic. They were afraid that they would be cut, which made them feel very uneasy. They forgot that they were free to choose. Lin's medicine Hall did not threaten or force them to do anything.

Some people were still unconvinced and asked, "old man Li, you said that you had to go under the knife because there was something growing in your head. Now that your head has been cut open, what about that thing in your head?"

At this point, old man Li immediately opened an oil-paper bag, and a red meatball the size of an egg appeared.

He pointed at the thing and said, "this is what was in my head."

"Ah, how could it be so big?" Most people were still not willing to believe it.

"You're lying, right?"

776 Song Qingyan's Death

When everyone saw with their own eyes that old man Li, who was rolling on the ground and vomiting due to a headache, was alive and kicking, full of energy, and was laughing heartily at everyone, they felt as if they were in a dream.

Did this old man Li's illness really get better after one operation?

Everyone was suspicious, but they were more surprised.

No matter what, old man Li's current physical condition could be seen by anyone with eyes. He was in an extremely good condition.

Those who were afraid to undergo surgery immediately became interested again.

Previously, when Doctor Lin asked the six of them if they were willing to be operated on, other than old man Li, the rest had all refused.

Moreover, they were familiar with old man Li's situation. It was impossible that he would be bribed by Lin's Medicine Hall to put on a show for everyone to see.

Therefore, now that they were already tormented by the illness, they might as well be like old man Li and take a gamble.

Hence, out of the six people, two more were willing to accept the surgery.

However, Lin's Medicine Line said that they had to wait in line because it was free surgery.

The medicine hall would only operate on a free patient every ten days. If someone paid, they would be operated on immediately.

All in all, the Lin medicine shop was not a charity. To be able to provide these people free of charge unconditionally, they still had to do business. However, they were not unscrupulous.

When the patients heard that they had to wait for ten days to half a month and that they would be tortured to death until then, they were immediately angry.

They begged and kneeled, begging Lin's Medicine Hall to cut them and take out the things from their stomachs.

However, Lin's Medicine Hall did not allow these people to do whatever they wanted. Otherwise, the Lin pharmacy would be controlled by these so-called poor patients in the future.

They were given two choices. They could either wait for ten days or half a month, or they could pay the surgery fee and have the surgery immediately.

However, these people were all poor. How could they have the money to pay for the surgery? besides, even if they could take out their savings to pay for the surgery, all their hard work over the years would be in vain.

Therefore, they could only helplessly wait.

Due to old man Li's successful case, the unfavorable rumors about Lin's medicine Hall immediately changed.

Even though people still didn't know what surgery actually entailed, it was clear that old man Li's illness had indeed been cured, and he was in an extremely good state.

Recently, the discussions on the streets were:

"Did you see the thing that old man Li took out from his head?"

"Of course I did. That thing is the size of an egg, and it's scary just looking at it. I don't know how that thing grew in the brain. No wonder it can give old Li such a headache."

"That's right. Now that this thing is gone, old man Li is full of energy, saying to everyone he meets that the doctor of Lin's medicine Hall is really brilliant, and so on and so forth."

"It's just a little strange. Previously, there was a rumor that one's head would be cut into two pieces. Why was old man Li's head still fine? And what if the item is taken out?"

"Who knows?"

"However, old man Li is really lucky. He's the first one to be operated on, and he's recovering so quickly. It was said that those who wanted to be operated on in the future had to wait for at least ten days to half a month, and the treatment had to be arranged according to the condition of the patient... unless you could afford the surgery fee."

"Ah, Speaking of which, this Lin medicine Hall is really good. There's a volunteer medical day every few days, and all of us poor people can get a consultation. At other shops, we should be thankful if they didn't increase the price of the medicine. Do you think they'll give away medicinal ingredients for free?"

"That's right. Speaking of which, Lin's medicine Hall has greatly helped us poor people."

“Speaking of which, recently, everyone went to the Lin medicine Hall to queue up for treatment and medicine.”

...

Such a conversation was not only coming from two or three people, but many people were saying the same.

Hence, Lin’s medicine shop, which had been desolate for a few days, began to bustle with activity again. People came and went, swarming in, whether they were rich or poor.

“Master, your prediction was right.” Lin Qingzhu excitedly said to Lin yuelan, “As long as one case is successful, no matter what the rumors say, it will be proven wrong.”

777 Song Qingyan’s Death

Lin yuelan and Jiang Zhennan were playing chess and drinking tea in the courtyard. When they heard Lin Qingzhu’s words, they just smiled faintly and said, “With the first person eating the crab, there will be people who will compete to eat the crab later. This is human instinct!”

Jiang Zhennan nodded in agreement. “that’s true. These people had an instinctive fear of what would happen during surgery, so of course, they were afraid and terrified. Now that the first patient’s alive and kicking, while the rest is waiting for death, the shattered hope is reignited. Naturally, the rumors will change.”

Lin yuelan laughed and said, “ uncle, you can actually see through it so thoroughly!”

Lin Qingzhu listened to their conversation and felt that it made sense. “well, you all have a point. Then, master, do we really have to delay the operation for ten days to half a month for those patients?”

Lin yuelan said sternly, “ rules are rules. There can’t be any changes. Since they’ve missed an opportunity, they can only wait if they want to take advantage of us again!”

Lin Qingzhu said hesitantly, “ but some patients’ conditions can’t be delayed any longer, right? ”

“Give them a pill to delay their illness! when it’s time for the operation, choose the patient with the most serious condition first,” Lin yuelan ordered seriously. “no matter what, this rule can’t be changed!

"Yes, master!" Lin Qingzhu replied very respectfully, " then, master, I'll go and get busy first!"

"Mm, go!"

After Lin Qingzhu left, Jiang Zhennan held a black chess piece in his hand. After looking at it carefully, he placed a chess piece. With a cold expression, he said seriously, " it's time for them to take action!"

Lin yuelan nodded and said, " yes, it's time to act! But, masked uncle, is this third Prince really the one who once sent people to poison you and chase after you to the point where you have no way out?"

Jiang Zhennan did not nod or shake his head. He just said faintly, "According to the information that my men have investigated, it is indeed him!"

Lin yuelan immediately sneered and said, " look at this third Prince. He's impulsive, arrogant, and unreasonable. He also likes to play with his power and bully others. He looks like a brainless person. Such a person could actually force the famous defender-general to a dead end. It sounds like you're the brainless one then."

Lin yuelan's blatant mockery and sarcasm did not make Jiang Zhennan angry. After all, what Lin yuelan had pointed out was all the truth.

He was to blame for being too soft-hearted to the people around him, which led to such a result.

Jiang Zhennan did not explain. He nodded and said, "I will not be soft-hearted to anyone in the future!" Except for you. These words, of course, could only be said in his heart.

Lin yuelan said with satisfaction, " that's right. With your status, being soft-hearted to anyone is being cruel to yourself. So, uncle, don't be easily harmed by others in the future. Otherwise, who will protect me when I arrive in the capital?"

When he heard the last sentence, Jiang Zhennan's heart was obviously excited. He nodded excitedly and said, " yes, yes, I won't be easily harmed by others again. I'll definitely protect you."

Lin yuelan looked at the silly look on Jiang Zhennan's face and said with a smile, " alright, you must remember that when I arrive in the capital, uncle, you must protect me well!"

In a small courtyard, song Qingyan had been brought here ever since she was bought in secret.

If the person who bought her didn't tell her that the person who bought her was the third Prince, she wouldn't have let anyone buy her so easily.

However, ever since the third Prince had bought her, they had only met once that night. Then, they had sex in the dark night.

The next day, the third Prince asked her to do something. After this matter was done, he would take her back to the third Prince's Manor.

However, she had not been able to get this done because the chance had not presented itself. She was extremely anxious.

One day, the third Prince sent someone to ask, "miss song, the third Prince came to ask when we will take action."

"don't worry," song Qingyan said. "we'll settle this within these two days."

That person nodded and said, " alright, I'll go back to the third Prince first!

In the guest house, the three advisors finally understood why Yuwen feiye was so insistent on buying Song Qingyan.

The three of them sighed in their hearts. After that, advisor Ma turned to Yuwen feiye and asked, "Third Prince, is song Qingyan really willing to sacrifice herself to frame Lin medicine Hall?"

Yuwen Feiye sneered, " of course not!"

The three of them immediately looked at each other in confusion. "then..."

Yuwen Feiye only said casually, " I only told her to fake her death!"

"Fake her death?" The three of them were slightly surprised.

...

On this day, song Qingyan's face was pale and her body was covered in sweat. She brought her maidservant to the Lin medicine shop to see a doctor.

When she saw Lin Qingzhu, song Qingyan begged weakly, "Doctor Lin, I know you're skilled in medicine. Please take a look at me. What illness do I have? am I going to die?"

Seeing that it was the top courtesan of Qingfeng city who had just been selected a few days ago, the number one courtesan of the drunken Flower House, song Qingyan, who

came to see the doctor, immediately attracted many men to surround her. They even asked in a friendly manner, "Miss Song, what's wrong? Are you sick?"

Song Qingyan's face was originally bright and beautiful, but at this moment, she looked a little pale and weak, which made the man feel even more tender and protective.

Song Qingyan replied weakly, "Yeah, I just have a headache, a fever, and a weak feeling. I don't know what's wrong with me. Physician Lin, what illness do I have?"

After Lin Qingzhu took her pulse, his brows furrowed tighter and tighter. Then, he put away the silk thread and said seriously, "You are not sick, you are poisoned!"

As soon as he said that, the people around him were shocked.

Song Qingyan was shocked as well. She said shakily, "I didn't offend anyone. How could I be poisoned?"

778 Song Qingyan's Death

"Surround them! Don't let a single person inside escape!" A group of soldiers suddenly stood in front of Lin's medicine Hall. The leading soldier pointed at the medicine Hall and ordered loudly.

Then, the soldiers below quickly surrounded the Lin medicine shop.

The patients who were queuing up and the crowd who came to watch the show were immediately curious and puzzled.

What had happened to Lin medicine Hall?

Why were they suddenly surrounded by soldiers?

At this moment, the officer in the lead drove away the patients in the queue and said loudly, "Lin's medicine shop is suspected of treating a patient to death. We will now close it down. All of you, leave quickly! Otherwise, you will be charged with obstruction of justice!"

Hearing the officer's words, the surrounding people were dumbfounded.

Although the Lin medicine shop had only been open for a short time, everyone knew that this medicine shop had a good reputation and was honest with everyone. Most importantly, the doctor here was highly skilled and would never misdiagnose or randomly prescribe medicine.

But now, they directly said that the doctor here had killed someone?

This was too frightening.

This made some of the elderly people recall the Lin medicine Hall from more than twenty years ago. It was also because of the wrong prescription that a person died from the treatment, which caused Lin medicine Hall to go bankrupt and disappear suddenly.

Could it be that history was going to repeat itself?

Because Lin medicine Hall had such a history, some people immediately believed that Lin medicine Hall might have really killed someone. Therefore, they dispersed in fear.

“It can’t be. Did the Lin medicine shop really kill someone?”

“It’s possible. After all, twenty years ago, Lin’s medicine shop was ordered to be closed down by the government official because it caused a patient’s death.”

“Is there such a thing?”

“Yes, when this happened, you were all still young. It’s only right that you don’t remember it.”

“Oh, so this means that Lin’s medicine Hall has a criminal record?”

“Yes.”

...

Just as everyone was discussing, the manager of Lin’s medicine shop, Lin Qingzhu, hurriedly came out. He clasped his hands and asked the official politely, “Sir, what exactly happened? Why did you suddenly surround the Lin medicine shop?”

The official immediately shouted, “Are you that dumb? Don’t you know that your medicine Hall’s doctor has killed someone?”

Lin Qingzhu was shocked, and he immediately asked nervously, “how is it possible? Sir, are you sure you’re not mistaken?”

Those officials said with disdain and contempt, “wrong? Hehe, do you know who you’ve killed? I’m telling you, the person you killed was the third Prince’s beloved concubine. Do you think I’m wrong? Hmph!”

When the surrounding people heard that the person who was killed by Lin’s medicine shop was the third Prince’s beloved concubine, they immediately retreated three steps in shock, afraid that they would get into trouble.

The crowd exclaimed in surprise. “How is that possible? Who is the third Prince’s beloved concubine?”

“That’s right, shouldn’t the third Prince’s concubine search out a famous doctor in the capital? Why would she come to the Lin medicine shop to see a doctor?”

“No matter who the third Prince’s beloved concubine is, Lin’s medicine shop is destined to be doomed! Poor thing!”

“That’s right!” Someone immediately chimed in, “ more than 20 years ago, Lin’s medicine shop killed an ordinary citizen and went bankrupt. What about now? The person they killed is the third prince’s concubine.”

“Al, it’s such a pity for the Lin medicine shop.” An old man looked at Lin’s medicine Hall’s signboard and said with a face full of regret, “ in the future, poor people like us might have to go to those expensive medical halls to consult doctors and get medicine.”

“That’s right!”

...

Lin Qingzhu didn’t care about what the people below were saying, but his expression immediately became serious and fierce. He asked doubtfully, “ Sir, are you mistaken? Our Lin medicine Hall has never treated the third Prince’s beloved concubine before. How could she have died from our treatment?”

The Lord’s eyes immediately turned sharp to Lin Qingzhu, and he said with a fierce and cold smile, “Are you sure? Don’t you know that song Qingyan of the drunken Flower House has been redeemed by the third Prince and is now with him?”

“What?!” Lin Qingzhu was not the only one who was surprised, the surrounding people were as well. “When did this happen?”

779 Song Qingyan’s Death

As for Song Qingyan, this year’s top courtesan, she sat on a float and walked three rounds around Qingfeng city. Everyone, young and old, instantly knew who she was. Not to mention, song Qingyan was the number one courtesan of drunken Flower House. With her beauty and many talents, she had long been a famous figure in Qingfeng city.

“This year’s top courtesan, song Qingyan, actually became the third Prince’s concubine! What a good life!”

As soon as he said this, someone immediately sneered, " good life? She doesn't even have a life now!

"She just became the third Prince's woman, and she lost her life. Song Qingyan is really pitiful!"

"Sigh, she can only blame herself for not having the luck! Following the third Prince meant that she would enjoy glory, splendor, wealth, and rank. However, it was truly a pity!"

"You're right!" Someone added, "I remember that song Qingyan did come here a few days ago. Did the Lin medicine shop really kill her? "

"If that's the case, then Lin's medicine shop is a sinner! She had a good life of luxury and splendor, but in the blink of an eye, it was gone."

In an instant, the crowd began to criticize Lin's medicine Hall.

When Lin Qingzhu heard these, he frowned and denied it with a serious expression, " impossible! When miss song was poisoned, I gave her a few antidotes. I didn't poison here."

The official said sternly, " I don't care if it's true or not, but it's a fact that the lady died after taking your medicine. So, if you want to defend yourself, then go to court and explain yourself. Someone, come and take away everyone in the medicine shop, and not a single one is allowed to escape!"

"Yes!"

Then, these people were led to Qing Feng City's court.

At the same time, The other group of officers and soldiers barged into the divine Fortune Inn, and the people in the inn were unable to stop them.

"What are you guys doing?"

"Get lost! You're the ones who delayed the court's official business!"

"Tell me, where is Lin yuelan?"

"Why are you looking for master?" These people immediately asked vigilantly.

"Under the orders of the third Prince, Lin yuelan and the others are to be brought to the court for interrogation!"

"Our master didn't do anything illegal. Why would she be brought to court for interrogation?"

"Lin's medicine hall killed the third Prince's beloved concubine. As the owner, Lin yuelan has to bear the responsibility. Of course, she has to be taken to court for interrogation!"

"How is this possible?" They did not believe it at all.

"Cut the crap. Tell me, which room is Lin yuelan in?" The leading officer pulled out his sword and pointed at the man.

"I'm here!" Suddenly, there was a clear and slightly immature girl's business coming from the stairs.

Everyone looked over and saw a young girl who looked to be about 12 or 13 years old, wearing a white dress and a white veil on her face. She was gracefully floating down the stairs.

It felt like a fairy had descended to the mortal world, floating down with dazzling radiance.

"I don't know what matter requires all of you to mobilize so many people to find me," The clear voice of a girl resounded throughout the entire inn.

When these people came back to their senses, the official in charge immediately asked sternly, "Are you Lin yuelan?" She was way too young. He heard that she was the owner of Lin's Medicine Hall and the Fortune Inn.

"That's right. I'm Lin yuelan!" Lin yuelan nodded slightly, then walked to the nearest table and sat down. Jiang Zhennan, who was following behind her, immediately poured her a cup of hot tea.

Lin yuelan held the cup of hot tea and blew on it. Then, she took a sip and asked, "what do you mean by this?"

The leader had never seen the criminal they wanted to catch drink tea so calmly and leisurely right in front of their eyes. She even asked such a question in such a light tone.

At the thought of this, the man immediately felt that his authority had been challenged. He said sternly, "Hmph, Lin yuelan, your Lin's medicine hall killed the third Prince's beloved concubine. Now, the third Prince wants to hold you accountable. You'd better know your place and obediently follow us back to the court. Otherwise, Hmph!" With a signal from his eyes, his subordinates immediately surrounded Lin yuelan and Jiang Zhennan.

When Lin yuelan heard the leader's words, she immediately asked curiously, "the third Prince's beloved concubine? Who is that?" Then, she asked doubtfully, "doesn't the third Prince's beloved concubine have a specialized doctor to treat her? Why would she come to my lowly medicine shop in a small town?"

780 Song Qingyan's Death

The leader immediately said loudly, "The third Prince's beloved concubine heard the rumors from the outside world that the doctor from the Lin medicine store was highly skilled in medicine, so she secretly brought a servant girl to the Lin medicine store to see a doctor. Who knew that she would lose her life !" The last sentence was said in a very angry tone.

Lin yuelan smiled faintly and asked, " Oh, I see. Then I am even more curious, who is this so-called third Prince's beloved concubine?"

"Fine, I'll tell you," the man said angrily. "She is the champion courtesan of this year, song Qingyan!"

Hearing the name 'song Qingyan', Lin yuelan was a little stunned. Then, she came back to her senses and mumbled to herself curiously, "That's strange. When we were on the boat at Qingzhou lake, I clearly said that I wanted to buy Song Qingyan as a gift to the Third Prince, but he rejected me very sternly.

"How did song Qingyan become his beloved concubine so soon? Now, he's even saying that our Lin's medicine Hall killed song Qingyan. What's the meaning of this?"

Although she was mumbling to herself, everyone in the inn heard him.

Thus, the soldiers who had come to capture Lin yuelan immediately became hesitant. They simply could not tell what the relationship between the third Prince and Lin yuelan was.

If they were to take her to court, would they offend the third Prince?

However, the officer in the lead had received an order from his superior, and this order was obviously to capture Lin yuelan and bring her back to the court!

When he thought of this, he immediately said sternly, " I don't care what your relationship with the third Prince is. Furthermore, even if the Prince breaks the law, he will be punished as well. Don't even think about escaping your punishment!"

"I'd like to know what the third Prince's intentions are." Liu Yichen came down from upstairs and seemed to be a little angry as he said, "little sister, don't worry. I'm here for you!"

The first sentence was said to the officers who were arresting him, while the second sentence was naturally said to Lin yuelan.

Lin yuelan smiled at Liu Yichen. "thank you, big brother!"

Seeing that these people were so arrogant and unaffected, the official who was the leader immediately said to his subordinates angrily, "what are you all still standing there for? Why aren't you arresting her?!"

"I'll see who dares!" Jiang Zhennan immediately stood in front of Lin yuelan and blocked her way. His sharp and vigilant eyes swept over the person who was about to step forward. "you're arresting people without any evidence. I'd like to see who dares to do this!"

The people below immediately looked at each other, then immediately stepped forward and started fighting with Jiang Zhennan.

Who was Jiang Zhennan? What could these rascals do to him?

Thus, other than the leader, who had not attacked, everyone else was lying on the ground, groaning in pain.

The official immediately pointed his knife at Jiang Zhennan in anger, then at Liu Yichen, and then at Lin yuelan. He said angrily, "you... how dare you disobey my orders?"

Lin yuelan immediately stood up from behind and said, "Sir, please calm down. My bodyguard was too eager to protect his master, so he accidentally hit your subordinates."

Immediately after, she pretended to scold him with a serious expression. "uncle, in the future, without my orders, you can't simply attack, understand? You have to know that not many people can match your skills. If you make a mistake and kill someone, then wouldn't I have to bear another sin?"

Then, Lin yuelan turned to the leader and said, "Sir, I've already reprimanded my bodyguard. I can guarantee that he won't hit your subordinates again. You can rest assured!"

Liu Yichen couldn't help but snicker at the side. This little sister of his really had the talent to be an actor.

Looking at this leader's livid face was really delightful.

The leader gritted his teeth and said, "Okay!"

Lin yuelan patted her chest and said, "Alright. In that case, you don't have to tie me up and bring me to court. Don't worry. I've always been a good girl. I definitely won't run away."

When the officer heard Lin yuelan, he was so angry that he felt like vomiting blood at any moment.

It turned out that she had beaten his subordinates down because she didn't want to be tied up.

'If you don't like to be tied up, you should have said so earlier. As long as you cooperate, who would tie you up?'

The official's face was ashen. He gritted his teeth and said to Lin yuelan, "Lin yuelan, please!"

781 The Reincarnation of the Immortal?

When they arrived at the Qingfeng city court, there were already many people standing outside the court. They were pointing at the members of Lin's medicine shop in the court and talking among themselves.

Lin yuelan's fluttering white clothes and a white veil covered half of her face, which made everyone dumbfounded.

This was because this child was as beautiful and dazzling as a fairy.

"Could this child be the real owner of the Lin medicine shop?" Many people pointed at Lin yuelan and said in disbelief.

"I think so. I heard she's Lin Deshan's granddaughter."

"Oh, Lin Deshan's granddaughter? when did he get married and have a child?"

"I don't know. It's said that he was the one who brought out the thousand-year-old ginseng that shook the entire Qingfeng city. I heard that it was sold for five million taels

of silver. Even if he gave the auction house a 20% commission, there's still four million taels of silver left."

"Lin deshan is so rich all of a sudden. No wonder Lin's medicine shop disappeared for 20 years and reappeared in Qingfeng city."

"When this Lin's medicine shop opened, the ones who benefited the most were poor people like us. But, sigh, why did this have to happen?"

"You don't say. Twenty years ago, Lin's medicine Hall went bankrupt and disappeared because they grabbed the wrong prescription, which led to the death of a patient. and now, because of a misdiagnosis, a life has gone missing. I heard that ..." when he said this, his voice was obviously much lower. "that was the third Prince's beloved concubine."

As he spoke, his eyes sneaked a glance at the third Prince, who was sitting at the side of the court with a serious expression.

"Is that true?" The man was instantly shocked.

"Yes, I am. Of course, it was true. I heard that she's the number one of the drunken Flower House, song Qingyan!"

"What?" This person was even more surprised.

A woman from a brothel became a Prince's concubine. This kind of opportunity and fortune was something that every woman from a brothel would be envious of.

This was because once the Prince became the Emperor, even if she were a concubine, she would still be a concubine with high status and power.

However, it was a pity that she didn't have such a good life to enjoy. She died at a young age.

"Al, if that's the case, then Lin's medicine shop is also sinful!" Someone immediately sighed.

A living person who could become the mother of the world in the future was gone just like that. It was really a sin.

Lin yuelan's arrival had attracted a lot of discussions, but she just ignored it.

The magistrate of Qingfeng city was a middle-aged man with a chubby face and a dark complexion. He was wearing an official's uniform and hat, and he had slanted eyebrows. He looked very serious.

The magistrate of Qingfeng city was surnamed Chen, and his name was Chen Yuanguan. Seeing Lin yuelan being brought in, he frowned and looked at the third Prince with some doubts.

Chen Yuanguan looked at all Lin's medicine shop's staff who were involved in the case. He immediately slammed the gavel on the ground and shouted, "are you a member of Lin's medicine shop?"

Lin Qingzhu and the others immediately replied, "yes, my Lord!"

"Why didn't you kneel when you saw me? kneel down!" Chen Yuanguan shouted loudly.

Except for Lin yuelan and the people from the Lin medicine shop, everyone knelt down.

Chen Yuanguan frowned and turned to Lin yuelan, asking, "are you Lin yuelan, the young master of the Lin pharmacy?"

Lin yuelan nodded and replied, "yes, my Lord!"

Chen Yuanguan slammed the gavel on the ground and asked, "why didn't you kneel when you saw me?"

Lin yuelan said indifferently, "my Lord, I'm afraid that if I kneel, my Lord won't be able to bear it!"

Chen Yuanguan was confused, and so was everyone else, including the third Prince.

However, this time, the third Prince wanted to give Lin yuelan a profound lesson. How could she refuse to kneel just because she said so?

The third Prince said, "Lin yuelan, how can Lord Chen not accept a kneel from a commoner like you?"

Since he had already set up a trap, it meant that the good relationship between him and Lin yuelan had been torn apart. Now, they were just short of falling out.

Lin yuelan said indifferently, "I, Lin yuelan, can kneel to the heavens and the earth, but I can not kneel to anyone!"

"Lin yuelan!" Hearing Lin yuelan's arrogant words, the third Prince immediately became angry. "What about me? Will you kneel before me?"

Lin yuelan stared at Yuwen feiye arrogantly and said sharply, "no one in this world is worthy of making me kneel!"

782 The Reincarnation of the Immortal?

“Impudent!” Yuwen Feiye was furious. He pointed at Lin yuelan and laughed, “I think you don’t know your place. In the past, you didn’t kneel to me when you appeared before me. I forgave you because you were young.

“However, how dare you speak so arrogantly in the court! Lin yuelan, you’re really bold!”

Lin yuelan didn’t argue with him and only said, “ my Lord, it’s not that I don’t want to kneel, but you really can’t bear it. My Lord, do you really want me to kneel? ”

Chen Yuanguan said with a serious face, “ Lin yuelan, I’m an official of the Imperial court. How can I not accept your kneel? ” Then, he shouted sternly, “ kneel down!”

Lin yuelan didn’t say much.

Then, she prepared to bend her legs and kneel.

“Boom Boom!”

Suddenly, a loud thunder rumbled outside!

“Eh, why is there thunder? It’s winter!”

“Thunder in winter!”

Everyone looked out of the door in fear. Then, they looked at Lin yuelan, who was about to kneel down.

“Could it be her?”

“Yes, it’s definitely her! She had just said that Lord Chen could not bear her kneeling. Look, she hasn’t even knelt down, and there’s already a thunderclap outside. If she really kneels, the consequences will be dire.”

“She really can’t kneel to anyone in this world!”

Chen Yuanguan and the third Prince were startled by the earth-shaking thunder. They stared at Lin yuelan in disbelief.

Lin yuelan ignored Chen Yuanguan’s shocked expression and asked indifferently, “ Lord Chen, do you still want me to kneel? ”

Chen Yuanguan said in disbelief, " how could this be? That's impossible!"

Not hearing Chen Yuanguan's answer, Lin yuelan bent her legs and went down a little more. Then, the thunder outside became louder, scaring ordinary people. Their faces turned green and white.

"Lord Chen, you can't let her kneel anymore!"

Chen yuanguan seemed to have reacted and immediately stopped him. "stop, you don't have to kneel!"

Lin yuelan asked again, " Lord Chen, do you really not need me to kneel anymore? "

"No need, no need, you can get up!" Chen yuanguan immediately responded, but his eyes looked at the third Prince, who was also shocked.

He probably didn't know that making Lin yuelan kneel would cause such an earth-shattering commotion.

As soon as Lin yuelan got up, the thunder outside stopped.

Then, everyone looked at Lin yuelan in fear, as if they were looking at an alien.

A person who could cause a thunderous roar just by kneeling was definitely an extraordinary person.

As for how extraordinary it was, everyone had their own definition in their hearts. It was just that they didn't dare to say it out loud.

Without waiting for Chen Yuanguan's question, Yuwen feiye immediately shouted in fear, " Lin yuelan, what demonic sorcery did you use? "

Lin yuelan calmly asked, " Your Highness, I'm just an ordinary farmer's daughter. I don't know any demonic or evil arts!"

"Impossible!" Yuwen feiye did not believe Lin yuelan's words at all. "you must have used some kind of sorcery to cause the thunder to rumble!"

Lin yuelan calmly retorted, " Third Prince, everyone knows that there are Immortals in the sky. The immortals who control thunder and lightning are the Thunder God and the goddess of electricity. Do you think that I, a mere mortal, can use some crooked and evil arts to make the Thunder God and the goddess of electricity release lightning? "

The ancient people were ignorant and superstitious, so Lin yuelan would of course talk about legends and myths.

As soon as Lin yuelan finished speaking, someone immediately echoed, " indeed. The one in charge of thunder and lightning is a God in heaven. How could a mortal like Lin yuelan ask a God to do something for her? Unless she's also a God!"

"That's true, but have any of you ever seen what Immortals look like?"

"I heard that when Immortals cultivate, they will reincarnate or something." Someone immediately said, " look at this child. She has a fairy-like air. Could she really be the reincarnation of some immortal? "

"It's very possible! Didn't you hear the thunder earlier?"

Lin yuelan didn't expect that her casual lie would make everyone think that she was the reincarnation of an immortal.

This seemed to be a little farfetched.

If you find any errors (broken links, non-standard content, etc..), Please let us know < report chapter > so we can fix it as soon as possible.

783 The Reincarnation of the Immortal?

Not to mention these ordinary people, even Chen Yuanguan and Yuwen Feiye believed that Lin yuelan was the reincarnation of an immortal. Jiang Zhennan and Liu Yichen also had the same question in their hearts. They were getting more and more confused about Lin yuelan.

Yuwen Feiye's mind changed after hearing Lin yuelan's words.

If this Lin yuelan were really an immortal, then going against her would be like an egg hitting a rock. There was no way he could win. Not only that, but he would also have an immortal opponent in the future. Just thinking about it made him feel frightened.

Therefore, what he had to do now was to be on good terms with her. Even if he couldn't be on good terms with her, he couldn't be on bad terms with her either.

Otherwise, it would be extremely disadvantageous to him.

After some consideration, Yuwen Feiye turned to Lin yuelan and said, " haha, miss Lin, I misunderstood you. I apologize to you!"

Lin yuelan was a little stunned by Yuwen Feiye's apology.

The direction of this matter was somewhat beyond her expectations.

Who would have thought that a lie would be taken so seriously? Then, Yuwen Feiye's attitude took a 180-degree turn.

According to her original plan, song Qingyan's death was to teach Yuwen Feiye a lesson. Then, Zeng Ji pharmacy would follow in the footsteps of Lin Medicine Hall 20 years ago, going bankrupt and disappearing.

Now, Yuwen Feiye had mistakenly thought that she was immortal. If he were to find out in the future that she was not an immortal but a jinx, she wondered what kind of wonderful expression he would have.

Lin yuelan really wanted to see it. So, since Yuwen feiye didn't turn hostile, she wouldn't do so either. Otherwise, how could she continue to watch this show?

Lin yuelan immediately said magnanimously, "Third Prince, you're too polite!"

Then, she changed the topic and looked at Yuwen Feiye blankly. "third Prince, the officer who came to arrest me just now said that my Lin medicine shop killed one of your beloved concubines, and that concubine was song Qingyan.

"Third Prince, I wanted to redeem song Qingyan as a gift to you at Qingzhou Lake, and you rejected me back then. How did song Qingyan become your beloved concubine? What's going on, third Prince?"

Yuwen feiye was stunned and speechless. He did not know how to answer her.

Was he supposed to tell her that buying song Qingyan was actually a scheme against her?

Seeing that Yuwen feiye did not say anything, Jiang Zhennan, who was standing next to Lin yuelan, said with a sharp look in his eyes, "hehe, what else could it be? Miss Yue 'Er, this must be a plot against you. Otherwise, why would song Qingyan die out of the blue? After she died, he still wants to blame it on you, how despicable!"

Although this was the truth, Yuwen feiye's expression turned ugly when he heard it being said out loud.

He looked at the man who he didn't like. He suppressed his anger and gritted his teeth. "brother, please be careful with your words!"

In his heart, however, he was exceptionally angry. 'if it weren't for the fact that you're with Lin yuelan, I would have killed you hundreds of times for your repeated rebuttal'

Jiang Zhennan no longer looked at him from the corner of his eyes. He just waited for Lin yuelan to deal with the matter herself.

As for Yuwen Feiye, he would not let him off easily once they reached the capital.

Chen Yuanguan also did not expect that things would actually take such a big turn.

However, a case was a case, and it would not be delayed because of a person's identity.

He asked the third Prince very politely, "Third Prince, if you don't have any objections, I'll continue the trial."

After hearing Chen Yuanguan's words, Lin Yuelan knew that he was a cunning man.

At that time, the third prince was the one who had ordered someone to sue Lin's medicine shop for causing his beloved concubine's death. Now, Chen Yuanguan threw the question back to the third prince. Yuwen Feiye couldn't go back on his word, or else his prestige as the Third Prince would be greatly reduced.

Yuwen feiye could only glare at the inflexible and observant Chen Yuanguan. He gritted his teeth and said, "no objections!" If he were astute enough, he would not have asked him this question. Chen Yuanguan had to know that he wanted to be on good terms with Lin Yuelan and would not try this case again.

Liu Yichen, who was standing with the commoners, looked at Yuwen Feiye, who was gritting his teeth. He found it funny.

He was really lifting a stone and smashing his own foot.

'Did he really think that no one knew that this was a trap set up for Lin Yuelan?'

Chen Yuanguan slammed the gavel on the table and shouted at Lin Qingzhu, "Lin Qingzhu, have you seen the third Prince's beloved concubine, Song Qingyan before? Please answer truthfully!"

Lin Qingzhu replied, "yes!"

"then, did Song Qingyan die of poison after taking your medicine?" Chen Yuanguan asked loudly.

784 Something Strange

Chen Yuanguan shouted, "Lin Qingzhu, was it you who diagnosed Song Qingyan's illness?"

"Yes!" Lin Qingzhu didn't deny it. "when miss song was poisoned, I gave her a few antidotes. As long as she takes the medicine, the poison in her body will be cured!"

"However, after miss song took the prescription you gave her, her condition worsened. The poison in her body reappeared, and she died!" Chen yuanguan shouted.

"My Lord, I've been wronged!" Lin Qingzhu immediately cried out, " I'm very sure that my medicine was definitely targeted at improving miss song's condition. It was impossible for it to cause miss song's death!"

"But song Qingyan's death was indeed caused by the medicine you prescribed!" Chen Yuanguan said sharply, " what do you have to say about this? "

Lin Qingzhu said, " my Lord, I don't know the cause of miss song's death. "I wonder if my Lord can allow me to examine miss song's body? "

"How audacious!" Chen yuanguan slammed the gavel on the table and said loudly, " how can you insult miss song's body in this way? " In other words, he didn't want Lin Qingzhu to examine the body.

Ancient times still respected the dead. They wanted to preserve the dead's body as much as possible.

If it were murder or related to a case, the coroner would have to burn three joss sticks to the corpse before examining them. Then, he would burn three joss sticks to the sky to show his respect to the deceased.

Therefore, they would never allow an outsider to examine the corpse unless their family members allowed it. Otherwise, it would be an insult to the deceased, and they would be punished or sentenced.

When Lin Qingzhu heard this, he frowned as if thinking about what to do.

At this moment, Lin yuelan spoke.

Lin yuelan said, " my Lord, the purpose of an autopsy is to seek justice for the deceased and prove the innocence of the innocent. I believe this is not an insult but the greatest respect! So, Your Excellency, in order to return the victim's injustice and clear the Linmedicine Hall's name, this commoner requests Your Excellency to allow miss song's autopsy!"

Chen yuanguan was put in a difficult position. He looked at the third Prince, wanting to ask for Yuwen Feiye's opinion. After all, song Qingyan was already his woman in name.

Yuwen Feiye was truly vexed. He felt as if he had shot himself in the foot.

Back then, he only wanted to teach Lin yuelan a profound lesson. At this moment, he wanted to be on good terms with her. Even if he couldn't be on good terms with her, he couldn't be on bad terms with her either. However, at this critical moment, he didn't know what to choose.

However, on second thought, he realized that he had only given song Qingyan a hint. From the beginning to the end, no one else knew about their deal, and song Qingyan's only partner in the deal was the Zeng Ji Medicine Hall.

With that thought, Yuwen Feiye had no more worries. Song Qingyan was not his real concubine anyway.

Yuwen Feiye immediately replied, "I saw miss song's graceful and stunning dance moves, so I redeemed her. I was planning to raise her in the manor to be a songstress, but she was not my concubine! I don't know why there are such rumors outside."

Yuwen Feiye ignored the fact that song Qingyan was his concubine. She was just an ordinary dancer.

Therefore, since Song Qingyan was no longer his concubine, it would be easy to examine song Qingyan's body.

Chen yuanguan thought for a moment and said to the people below, "Someone, bring song Qingyan's body up!"

Zeng Yiming, the chief Manager of Zeng ji medicine hall, turned pale after hearing the third Prince's words.

What did the third Prince mean?

Could it be that he denied the fact that song Qingyan was his concubine?

If that were the case, then if they found something on song Qingyan, it would be very bad for him.

Zeng Yiming was as anxious as an ant on a hot pot, but the third Prince had a noble status and great power. If the third prince went back on his words, as long as he didn't admit it, who could do anything to him?

After Chen yuanguan gave the order, song Qingyan's body was carried to the court.

Song Qingyan's face was purple, her lips were pale, and her eyes were dark. It was obvious that she had been poisoned!

Seeing that song Qingyan had really died, Zeng Yiming's face turned pale. His eyes were filled with shock and disbelief as he muttered to himself, "how did ..."

785 The Strangeness

What he didn't finish was actually that song Qingyan was really dead...

He was so scared that his face turned pale, and his hands and feet trembled uncontrollably.

The person next to him asked kindly, "Master Zeng, what's wrong? Why do you look like you're covered in a cold sweat? Are you not feeling well?"

Zeng Yiming was immediately like a bird startled by the twang of a bow. He waved his hand and shook his head at the man. "it's fine!"

The man looked at Zeng Yiming's state and was a little suspicious. After an " Oh ", he immediately looked inside the court.

Zeng Yiming didn't feel like he could stay any longer. Then, he immediately fled.

Jiang Zhennan, who was in the hall, only glanced at Zeng Yiming from the corner of his eye, watching him leave. After his eyes met Lin yuelan's, he immediately left the hall and walked out.

He knew very well that Lin yuelan's target today was Zeng Jji medicine shop and Zeng Yiming.

Song Qingyan's body was carried up, but Lin yuelan didn't move. After Lin Qingzhu received the three joss sticks from the Constable, he bowed to song Qingyan and went up to lift the White cloth covering song Qingyan.

He had only observed song Qingyan's mouth, nose, ears, eyes, and skin color. It was not as bloody and cruel as he had imagined.

A moment later, Lin Qingzhu immediately came forward and reported, " Sir, this person did not take the prescription I wrote when she was alive, and she died from poisoning. Therefore, miss song's death has nothing to do with Lin's medicine shop!"

Lin Qingzhu's words surprised everyone.

How was this possible?

Song Qingyan had gone to the Lin medicine hall to see a doctor because she was poisoned, and they had even prescribed an antidote.

Usually, people who didn't want to die would boil the medicine and take it at the first moment. How could she die without taking the medicine and even blame the Lin medicine shop for her death?

Everyone suddenly felt that song Qingyan's death was very strange.

As a judge, Chen Yuanguan could not just listen to Lin Qingzhu's side of the story.

He smacked the gavel down heavily and shouted, "Lin Qingzhu, don't try to quibble. A doctor examined Miss Song before and told me very clearly that although Miss Song was poisoned, the reason for her death was because she had taken the prescription you gave her. What do you have to say about this?"

Lin Qingzhu said very seriously, "my Lord, although I don't know how the doctor examined her, I'm sure that Miss Song did not take my prescription when she was alive. This was because the prescription that this commoner had written contained *Gastrodia tuber* and yellow kernel. When these two herbs were combined, there was a sour and bitter taste. This taste would stay in the human body for three days and three nights without dissipating.

"But just now, when I opened the mouth of the dead, I didn't smell this smell. So, I'm sure that the dead didn't take the prescription I gave!"

Chen Yuanguan frowned and called a subordinate over. He muttered a few words in his ear, and the subordinate nodded before leaving.

After Yuwen Feiye heard Lin Qingzhu's words, he frowned slightly. This seemed to be very different from their original plan.

Back then, his main purpose in buying Song Qingyan was to target one of the pawns of Lin's medicine Hall.

From the results of the investigation of his subordinates, he found out that there was a feud between Lin and Zeng medicine Hall twenty years ago.

Yuwen Feiye immediately sent Song Qingyan to the Zeng family to ask Zeng Yiming for the special medicine. It was a medicine that could fake death. Yuwen Feiye found out about it when he was investigating the feud from 20 years ago. This medicine was a banned product within the Lin Family, but it was stolen by the Zeng family.

Song Qingyan had gotten this medicine from the Zeng family, and after taking it, she would fake die. Before she 'died', she went to Lin's medicine hall to see Lin Qingzhu. After getting the medicine from him, she planned to take the medicine and then 'die'.

However, Zeng Yiming's medicine from the Lin family had changed greatly because of its age.

Song Qingyan didn't even have time to take Lin Qingzhu's medicine before she died from the poison, turning her fake death into a real death.

However, Yuwen Feiye's goal was also to turn song Qingyan's fake death into a real one.

He ordered his men to secretly put some deadly white arsenic in Lin Qingzhu's prescription. As long as song Qingyan drank the medicine, Lin's medicine shop would not be able to escape the punishment of giving the wrong prescription.

786 Something Strange

However, he only found out now that song Qingyan hadn't eaten the medicine from Lin's Medicine Hall!

But the coroner clearly said that song Qingyan only died from the poison after taking the medicine.

Where did this go wrong?

Yuwen Feiye was also full of questions.

On the other side, Zeng Yiming rushed back to the Zeng family's mansion and said to the servant anxiously, " close the door, close the door!"

However, he immediately realized that something was wrong. He immediately shouted to the Butler, " Butler! Butler..."

When the Butler heard the old master's Voice, he immediately ran over and asked, " old master, what is it? "

Zeng Yiming looked very flustered as he said, " hurry, hurry and prepare some silver and clothes for me. I want to drive the carriage out immediately."

However, he immediately said, " no, there's no need to prepare clothes. Quickly prepare silver and a carriage. We'll leave the city immediately!

Hearing how anxious and flustered his master was, the Butler immediately asked worriedly, " master, what exactly happened? "

"Song Qingyan is dead!" Zeng Yiming said.

"What does song Qingyan's death have to do with you? " the Butler asked.

But he was immediately dismissed by Zeng Yiming. "Quick, there's no time. Hurry up and prepare according to what I said!"

The Butler was puzzled. "yes!"

He then hurriedly went to prepare the silver taels and the carriage.

As soon as the butler left, Zeng Yiming became more and more uneasy, and his chest became more and more stuffy as if he was about to suffocate.

Zeng Yiming kept touching his chest. "There's still time. There's definitely still time!"

Jiang Zhennan, who had been following him all the way, flew to the roof and looked at the flustered Zeng Yiming. The corners of his lips curled up, and he thought to himself, 'this Zeng Yiming is quite alert! Seeing song Qingyan's dead body, he felt that something was about to happen to him, so he quickly prepared to leave! With such alertness, it's no wonder that he's like a fish in water in the business world. It's also no wonder that Grandpa Lin lost to such a despicable person twenty years ago!'

A moment later, the Butler picked up a bag and said to Zeng Yiming, "Old master, there are three thousand taels of silver notes and some food for the journey! The carriage is already at the entrance!"

Zeng Yiming took the package and hurried to the door, then got into the carriage!

However, he soon realized that the carriage had stopped moving.

Zeng Yiming was shocked, and his heart thumped. Then, he pulled open the curtain and shouted at the coachman, "Go, go! Are you dead? "

However, there was still no movement from the coachman.

The Butler was also confused. He went forward and pushed the coachman. He immediately realized that the coachman couldn't move.

The Butler was shocked. "master, he can't move anymore. What should we do? "

Zeng Yiming immediately shouted, "Then go and find another one! Our Zeng Manor has more than one coachman!"

The Butler immediately ordered people to carry this person down and then went to find another coachman.

The Butler instructed, " drive properly!"

However, just as the coachman sat in the front, he could not move, just like the first one.

This time, Zeng Yiming was not the only one who was panicking. The butler was also panicking.

He wiped the cold sweat off his forehead and thought to himself, 'it's broad daylight. Could it be that I've seen a ghost? How come none of the people could move once they take the driving seat?'

Jiang Zhennan was hiding on the roof, holding a knife in his left hand and playing with soybean at the fingertips of his right hand. Looking at the panic-stricken scene below, he grinned and said, "today is the day miss Yue 'er avenged Grandpa Lin. You can't just run away like that!"

As he spoke, the soybean in his hand immediately shot out in the direction of Zeng Yiming, who was in the carriage.

Then, Jiang Zhennan flew down to a place where no one was around.

In court.

An old doctor with a medical kit on his back examined Song Qingyan's nose and mouth before turning to Chen Yuanguan. Sir, the victim didn't take any Gastrodia tuber and yellow kernel before she died!"

Chen Yuanguan immediately asked again, "doctor Chen, Are you sure? "

Doctor Chen immediately said loudly, "with my 40 years of medical experience, do you think I'd be wrong?"

Chen Yuanguan then told Lin Qingzhu, "you said that the prescription you prescribed contained Gastrodia tuber and yellow kernel, but that doesn't mean anything. You could still be lying. The only way to be sure is to find your prescription at Song Qingyan's abode.

"Someone, go to the drunken Flower House and search for Lin Qingzhu's prescription or medicinal dregs!"

"Yes!"

If you find any errors (broken links, non-standard content, etc..), Please let us know < report chapter > so we can fix it as soon as possible.

787 Enigma

Chen Yuanguan's men quickly found the residue in the corner outside the kitchen of the drunken Flower House.

The strange thing was that there was arsenic in the dregs!

Chen Yuanguan frowned and asked doctor Chen, " doctor Chen, is there really white arsenic in the dregs? "

Doctor Chen said loudly, "That's right, there is indeed arsenic! This white arsenic is highly toxic, and if consumed, of course, one will die from poisoning!"

Chen Yuanguan immediately scolded Lin Qingzhu, " Lin Qingzhu, there is white arsenic in the dregs. What do you have to say? "

Lin Qingzhu immediately defended himself, " Sir, I'm very sure that there was no arsenic in miss song's prescription! I'm a doctor, and it's my duty to treat patients. Besides, I have no enmity with miss song, so why would I suddenly kill her? Your Excellency, someone is trying to frame Lin's medicine shop and me!"

Yuwen Feiye's temples throbbed when he heard the word " framed ". He didn't expect that they would still find white arsenic in song Qingyan's medicine even though she hadn't taken it yet.

Now, it was even more complicated.

This time, Yuwen Feiye was once again upset that he did not inform Chen Yuanguan to stop the lawsuit.

In reality, Yuwen Feiye's plan was considered perfect. Even if Chen Yuanguan wanted to investigate, he would only be able to trace it to Lin's medicine shop or the enemy of Lin's medicine shop, Zeng's medicine shop. It was unlikely that he would be able to trace it to him, the third Prince.

However, the only thing they had overlooked was that all of them had miscalculated one step. The pseudo-death medicine had become the real death medicine, and Song Qingyan died before she could consume Lin Qingzhu's prescription.

Thus, everything turned into a mess.

After Lin Qingzhu calmly dealt with Chen Yuanguan, he took out the prescription list from his pocket and said to Chen Yuanguan, " Sir, this is the prescription that was originally given to miss song. Lin's medicine Hall keeps the prescription list given for every patient, just in case!"

After Chen Yuanguan took the prescription, he immediately handed it back to doctor Chen.

Doctor Chen held the prescription in one hand and stroked his white beard with the other. He nodded and said, "That's right. This medicine is the same as the medicine residue's prescription just now, except for the White arsenic in the residue!"

After doctor Chen finished speaking, the constable took out two medicine bags and said to Chen yuanguan, " my Lord, these are the medicine bags that were found in a pile of trash in the room of the deceased!"

After Chen Yuanguan approached the two Medicine packets, he personally opened them and sniffed them. Then, he said to doctor Chen, "Doctor Chen, please take a look. Is the composition of this medicine packet the same as the dregs just now? "

Doctor Chen took it and examined it. He sniffed it and said, " Your Excellency, this medicine is the same as the prescription physician Lin gave just now. There's no arsenic in it!"

"What about the other bag?" Chen yuanguan continued to ask.

"The ingredients are the same, no arsenic!" Doctor Chen replied again.

After Chen Yuanguan heard doctor Chen's confirmation, he frowned and was very confused. How could there be white arsenic in the dregs, and why were the two Medicine bags in the garbage dump?

Most importantly, although song Qingyan had died from poisoning, she did not consume the Lin medicine hall's prescription. In other words, song Qingyan's death had nothing to do with the Lin medicine hall.

Song Qingyan had died from poisoning. It was obvious that she had been murdered. As for who the murderer was and why they had suddenly framed the Lin medicine shop, it was a suspicious point!

"Someone, bring Zhao Liyi from Tongji Shitang to me!" Chen yuanguan immediately ordered.

Back then, Zhao Liyi was the coroner.

Yuwen Feiye's brows furrowed slightly when he heard that Zhao Liyi was going to be summoned, but he quickly relaxed.

In any case, even if Chen Yuanguan found this person, he would be a corpse already. He did not have to worry.

Lin yuelan had never thought that Chen Yuanguan would be such a fair and just official.

She had thought that he had been bribed or threatened by Yuwen Feiye to stand on his side.

From the looks of it, Yuwen Feiye was confident that he had everything under control. Hence, he had not informed Chen Yuanguan beforehand.

Lin yuelan's bright eyes turned and she asked, " Sir, miss song did not consume the medicine from Lin's medicine shop when she was alive. Does that mean that her death has nothing to do with Lin's medicine shop? "

If you find any errors (broken links, non-standard content, etc..), Please let us know < report chapter > so we can fix it as soon as possible.

788 Enigma

Chen Yuanguan looked at Lin yuelan and gently nodded. "Indeed!"

Lin yuelan smiled faintly, " so, you're saying that the people from Lin's medicine Hall can go back now? "

Chen Yuanguan nodded and said, " yes!"

He then ordered, " all the members of Lin's medicine Hall are to be released without any charges!"

The other members of Lin's medicine Hall had gone back, but Lin Qingzhu and Lin yuelan stayed behind.

Lin Qingzhu respectfully said to Chen yuanguan, " Your Excellency, although miss song's death has nothing to do with Lin's medicine shop, someone secretly put white arsenic in miss song's medicine dregs when she was alive. It's obvious that they wanted to frame Lin's medicine shop. Lin's medicine shop has been framed. Your Excellency, Your Highness, please investigate!"

Yuwen Feiye's temple twitched when he heard that.

Lin yuelan's subordinate was not easy to deal with. His last sentence was obviously a shot against him.

Chen yuanguan nodded and said, " yes, Miss Lin, Doctor Lin, don't worry. I will definitely find out the truth and clear your names!

Lin yuelan nodded and said, " my Lord is wise!"

Immediately, she said, " Sir, Miss song only came to Lin's medicine Hall to see her after she was poisoned. However, she didn't take the medicine and died. So, as long as we

find out how miss song was poisoned when she was alive and who put the white arsenic in the dregs, we will be able to find out the truth and clear the Lin medicine shop's name!"

Chen yuanguan nodded and said, " Miss Lin is right! When Zhao Liyi from Jishi Hall checked on Song Qingyan, he was sure that song Qingyan had died from poisoning after taking the medicine. At that time, there was a bowl of medicine in song Qingyan's room.

"According to song Qingyan's maidservant, the medicine was bought from Lin's medicine hall. She also stated that song Qingyan had been redeemed by the third Prince and had become his concubine. She had been favored by the third Prince two days ago!

"After that, I sent someone to the third Prince to confirm that it was true. Therefore, due to song Qingyan's special identity, we can only use a special method to invite everyone from Lin's medicine Hall over!"

Third Prince Yuwen Feiye's face darkened. He was secretly angry at Chen Yuanguan for being so stubborn and betraying him in public.

"Pfft!"

Someone in the crowd immediately sneered.

Yuwen Feiye's sharp gaze immediately shot in that direction, only to see Liu Yichen dressed in white, looking like an elegant and suave young master. This time, Yuwen feiye was once again enraged.

Chen Yuanguan's sharp eyes immediately looked at Liu Yichen and asked seriously, " what are you laughing at? " This was something serious, and there was nothing funny about it.

Liu Yichen clasped his hands together and said to Chen yuanguan, " Sir, I thought that not long ago, the third Prince admitted that song Qingyan was a dancer he bought and not a concubine.

"However, when a group of soldiers went to Fortune Inn to capture my little sister, they claimed that my little sister's family's medicine shop killed the third Prince's beloved concubine. Now I hear that Song Qingyan's maidservant said that Song Qingyan was indeed the third Prince's concubine. So, this commoner is a little confused, is this song Qingyan really your concubine?"

The last sentence was obviously directed at Yuwen feiye.

Yuwen Feiye's face was ashen as he gritted his teeth and denied, "song Qingyan was a dancer that I bought. Because I redeemed her, she mistook her for my woman and concubine. This is a misunderstanding by the people below!" In any case, he would never admit that song Qingyan was his woman.

That was true.

Song Qingyan was bought by him to deal with Lin yuelan. Since song Qingyan was willing to work for him, he naturally promised her that he would make her a concubine. But the truth was, the man who had sex with her in that small room was not him, but a secret guard.

Therefore, in order to deal with Lin yuelan, he spread the news that song Qingyan was his beloved concubine.

But who would have thought that he had actually shot himself in the foot due to this stupid plan?

789 Enigma

Liu Yichen pursed his lips and said, "My lord, you don't have to shout it. People who didn't know better would assume it's a sign of guilt."

Hearing Liu Yichen's words, Yuwen Feiye almost vomited blood.

If Liu Yichen were not the richest man in the country, he would have killed him more than a thousand times.

However, Yuwen Feiye felt that Qingfeng city was indeed the crown prince's territory, and there was bad luck everywhere.

He made up his mind to return to the capital as soon as possible after this matter was over. If he stayed any longer, he would probably die of anger.

Chen Yuanguan held the gavel and said with a serious face, " we are in court. Silence!"

A moment later, the constable came back and reported, " my Lord, Zhao Li from Ji Shi Tang has disappeared!"

Chen Yuanguan was shocked and asked in confusion, " what happened? "

The constable reported, " when I went to Ji Shi Tang to look for Zhao Li, those workers said that Zhao Li had not been to ji shi Tang for the entire day. I went to his house to

look for him, but his 80-year-old mother said that Zhao Li had gone out early in the morning and had not returned since. This subordinate has sent people to expand the search area to the places that Zhao Li often goes to, but we have not seen him!"

Chen Yuanguan pondered for a while and said, "it seems that Zhao Li has either escaped or been killed to silence him!" Then, he asked loudly, "where's song Qingyan's maid?"

"Song Qingyan's maidservant was detained by us when she was about to leave the city gate!" the constable said.

Chen Yuanguan was relieved to hear that. "bring song Qingyan's maid here!"

When song Qingyan's maidservant was brought in, her face was pale, and she was trembling in fear.

Chen Yuanguan slammed the gavel on the table and asked sternly, "song Qiuyu, how did your young lady die? tell me the truth!" Back then, he had been misled by this little girl, which was why he had gone to Lin's medicine Hall to arrest someone.

When song Qiuyu heard the sound of the gavel, she was like a frightened cat, hugging into a ball and unable to speak.

Chen Yuanguan said sternly again, "song Qiuyu, tell me the truth, or you will be the culprit who murdered your miss!"

"My Lord, I've been wronged!" Song Qiuyu immediately cried out in grievance.

"Since you say that you're innocent, then tell me the truth!" Chen Yuanguan said sternly.

Song Qiuyu was at a loss.

She was just a nobody, a maidservant in a brothel. She thought that by following her young lady, she could become a Phoenix one day. Who would have thought that this dream would be shattered the next day?

Her young miss had died without even knowing why.

She was afraid that those people would suspect her of being the murderer, so she immediately told them that song Qingyan was already the third Prince's woman. Then, in the past two days, song Qingyan went to the Lin medicine Hall to see a doctor because she was not feeling well. After he prescribed a prescription, her young miss died.

Song Qiuyu trembled as she said, "my family's little Miss... died from poisoning!"

Chen Yuanguan said, " since you know that your lady died from poisoning, why did you tell me that song Qingyan died after taking the medicine from Lin's medicine hall? "

Song Qiuyu raised her head and looked around. When she met Yuwen feiye's eyes, her eyes were a little confused and confused.

She didn't know Yuwen Feiye. Song Qingyan had always sent her away when she met up with Yuwen Feiye, so she had only seen a blurry figure.

Seeing that song Qiuyu was in a daze, Chen Yuanguan hit the gavel again and asked sternly, " song Qiuyu, explain quickly. Do you want to be tortured? "

Song Qiuyu immediately woke up and said, " Sir, I will tell you now. It was young miss who told me to say that she died from the prescription before she died."

The answer song Qiuyu gave shocked everyone.

Chen Yuanguan said in surprise, " song Qiuyu, you said that your young lady told you to do this? "

"Yes, my Lord!" Song Qiuyu said in fear.

Immediately, Chen Yuanguan said in disbelief, " what kind of enmity does your lady have with Lin's medicine shop? Why would she risk her life just to frame the Lin medicine shop? "

"Your Excellency, this servant doesn't know!" Song Qiuyu felt that she had been wronged.

Chen Yuanguan felt that there was an important inside story behind song Qingyan's death.

He asked again, " song Qiuyu, think again, before your young miss died from the poison, what unusual actions did she have? "

Song Qiuyu shook her head at first, but after a moment, she immediately thought of something and said, " Sir, I remember. Before my young miss died from the poison, she went to the Zeng family a few times!

Chen Yuanguan frowned and asked, " Zeng family? which Zeng family? "

"The Zeng family of the Zeng Ji medicine shop!" Song Qiuyu said.

790 The Truth

Hearing Song Qiuyu's answer, everyone present seemed to be shocked.

No one would have thought that this matter would involve the Zeng Ji medicine Hall.

However, could song Qingyan's death be related to Zeng Ji medicine shop?

Chen Yuanguan asked sternly, " song Qiuyu, you said that your miss went to the Zeng family several times before her death. Then why did your young lady go to the Zeng family? "

Song Qiuyu shook her head, " every time I accompanied Miss to the Zeng family, Miss would send us away when talking to the Zeng family's old master. Therefore, I'm not sure!

Chen yuanguan stroked his small beard and frowned. Then, he ordered his subordinates, " Constable Zhang, bring some men to the Zeng family and invite Zeng Yiming, the head of the Zeng family, to court!

"Yes, my Lord!" Constable Zhang replied immediately.

Immediately, Constable Zhang led his subordinates to the Zeng family's residence.

Just as they went out, they happened to run into Jiang Zhennan, who was rushing back from outside.

As soon as Jiang Zhennan came back, he stood next to Lin yuelan and exchanged a look with her. Both of them understood each other's meaning from their eyes and had a tacit understanding.

At that moment, Lin yuelan came forward to report, " my Lord, if the Zeng family is involved in this matter, they have a reason to frame my Lin medicine Hall!"

Chen Yuanguan's eyes turned sharp, and he said in a sharp tone, " Lin yuelan, there's no evidence to prove that this matter is related to the Zeng family, so please don't speak nonsense!"

Lin yuelan replied very calmly, " my Lord, perhaps you don't know, but the Zeng Ji and Lin Medicine Hall have been enemies since 20 years ago! This time, when the Lin medicine shop reappeared in Qingfeng city, perhaps it felt threatened and wanted to strike first to gain the upper hand!"

Chen yuanguan had only been the magistrate of Qingfeng city for three years, so he was not clear about the enmity between Lin and Zeng medicine shop.

If it weren't for this incident, he wouldn't have even thought about the grudges between the Lin and Zeng Family.

However, since this matter concerned someone's life and the fact that Lin's medicine hall had been framed for no reason, he had to figure out what kind of grudge there was between Lin's and Zeng's medicine hall.

Chen yuanguan asked sternly, " what happened? Why is this matter related to twenty years ago?"

Lin yuelan continued, " my Lord, as long as you're old, you should have an impression of this. Twenty years ago, my grandfather Lin's medicine shop was the largest medicine shop in Qingfeng city."

As soon as she said this, some older people immediately echoed, "Indeed. Twenty years ago, Lin's medicine shop was huge, even bigger than Zeng's medicine shop now. Moreover, Lin's medicine shop has been a well-known brand for a hundred years!"

"Sigh, Lin's medicine Hall was kind back then. They would give the poor free medicine if possible. If they couldn't, they would charge us the lowest fee. They've always been honest with the old and the young. Old master Lin was a very kind person!"

"That's right. Alas, it's a pity that he accidentally grabbed the wrong prescription and caused a death. Then, things got out of hand, and Lin's medicine hall rapidly declined, which led to its bankruptcy and disappearance."

"I heard that Lin's medicine shop was later taken over by Zeng's medicine shop's successor, Zeng Yiming."

"Speaking of which, I remember that Lin Deshan, the heir of Lin's medicine hall, and Zeng's heir, Zeng Yiming, were good friends. Why didn't he help Lin's medicine shop when it was on the decline? why did he hit them when they were down?"

"Hehe, you don't understand! As a businessman, of course, he would do it for his own benefit! Even though Lin Deshan and Zeng Yiming were good friends, they were competitors. Therefore, once Lin deshan falls, who else but Zeng Yiming can gain great benefits?"

"Hmm, what you said makes sense!"

...

The discussion outside gradually pieced together the truth of what happened twenty years ago.

Chen Yuanguan pulled his small beard. His brows were also tightly knitted together as if he was thinking.

Then, Chen Yuanguan said suspiciously, "Lin yuelan, even if that's the case, we can't prove that song Qingyan's death is related to the Zeng family. We also don't have any evidence to prove that the Zeng family was the main culprit behind Lin's medicine shop's downfall twenty years ago."

Lin yuelan chuckled mysteriously. "don't worry, my Lord. The truth will come to light when the old master of the Zeng family comes!"

Chen Yuanguan was even more confused. "Oh, is that so? "

791 The Truth

At this moment, Yuwen feiye's heart was filled with complicated feelings.

Back then, he had hinted to song Qingyan to look for the old master of the Zeng family, Zeng Yiming, but he didn't know what kind of status song Qingyan had used to negotiate with Zeng Yiming.

At that moment, he regretted not warning song Qingyan not to use his identity and not sending someone to monitor song Qingyan and Zeng Yiming's behavior.

However, there was no use regretting it now. He only hoped that Zeng Yiming was smart and would not betray him. Otherwise, hehe... he might not be able to deal with Lin's medicine shop, but it would be easy to make a small Zeng's medicine shop disappear.

Not long after, Constable Zhang came back with Zeng Yiming, who couldn't move.

Chen yuanguan looked at Zeng Yiming, who couldn't move, and asked in surprise, "Constable Zhang, what's going on? "

"old master, when I rushed to the Zeng family with my brothers, I saw old master Zeng sitting at home, unable to speak or move. Butler Zeng had invited a doctor to take a look at him, " Constable Zhang explained.

The Butler, who was following behind Constable Zhang and the rest, immediately stepped forward and said, " my Lord, my master and the two horse grooms, have also suddenly become unable to speak or move. No one knows why."

Chen yuanguan looked at Zeng Yiming, who couldn't speak or move, and frowned, not knowing what to do.

Constable Zhang was a martial artist. He had some guesses about Zeng Yiming's condition. He stepped forward and reported, " my Lord, I'm guessing that old master Zeng's acupoints were struck by a martial arts master."

"What?" Chen yuanguan immediately asked in surprise, " what happened? How is this Zeng Yiming related to the people of Jianghu?"

Constable Zhang shook his head.

At this time, a soybean immediately popped out from the fingertips of Jiang Zhennan's right hand, and the direction was naturally Zeng Yiming.

Zeng Yiming felt that he could move again, but he soon saw Chen yuanguan in the court, the third Prince Yuwen feiye sitting on his right, and song Qingyan's body in the middle. He was so scared that his face turned pale and his body went limp, and he sat on the ground.

Zeng Yiming's sudden movement immediately shocked everyone.

Chen yuanguan immediately understood that Zeng Yiming could move, which meant that he could also speak.

Chen Yuan slammed the wooden gavel on the table and asked sternly, " Zeng Yiming, song qiuyu, song Qingyan's servant, accused you of seeing the deceased a few times before she died. Is that true? "

Zeng Yiming was a person who was afraid of death. Otherwise, he wouldn't have immediately thought of running away when he saw song Qingyan's dead body, instead of thinking of a countermeasure.

Now that he heard Chen yuanguan's question, he was completely out of his mind.

Chen yuanguan looked at Zeng Yiming's expression and immediately understood that song Qingyan's death and the framing of Lin's medicine shop must be related. Otherwise, Zeng Yiming would not be so afraid.

Chen yuanguan's expression became serious, and he asked, " Zeng Yiming, did song Qingyan meet you a few times before she died? Why did you meet? Why did you leave so quickly after seeing song Qingyan's body? Quickly tell me the truth!"

Zeng Yiming only came back to his senses after a while.

After all, to be able to control the Zengji medicine shop and occupy the first position in Qingfeng city, his ability was not ordinary. Therefore, after the panic, he quickly calmed down slightly.

He immediately replied, " Sir, I'm friends with song Qingyan. She came to me a few times before because she was in trouble and wanted me to help her!"

Hearing Zeng Yiming's words, Yuwen feiye let out a sigh of relief and thought to himself, ' it seems that Zeng Yiming is a smart person!'

Chen yuanguan immediately asked suspiciously, " Oh, really? "

Zeng Yiming replied, " Your Excellency, that's true!"

"so, song Qingyan's death has nothing to do with you? " Chen Yuanguan asked.

"Milord, please investigate!" Zeng Yiming stepped forward and said, " song Qingyan's death has nothing to do with me!"

But then, Chen yuanguan said with a serious expression, " then why did you leave the court so quickly after seeing song Qingyan's body? Aren't you good friends with song Qingyan? Shouldn't you be extremely sad when you see your good friend's body? Why did you choose to leave so quickly?"

When Zeng Yiming heard Chen yuanguan's aggressive words, his face suddenly turned green and very ugly.

792 The Truth

He had never thought that Chen Yuanguan would have the leisure to pay attention to every move outside the court when he was clearly handling a case in court.

He did not know how to respond.

After all, he had just said that he and song Qingyan were good friends. However, his abnormal behavior confirmed his lie.

At this moment, Constable Zhang stepped forward and reported, " my Lord, I found a carriage in front of the Zeng family's house. I asked a few servants, and they all answered that master Zeng had ordered the Butler to prepare a carriage and silver for him as soon as he returned. He is leaving the city!"

Chen yuanguan squinted his sharp eyes and immediately looked at Zeng Yiming. He shouted, " Zeng Yiming, tell me, why did you choose to leave quickly and even leave the city immediately when you saw your good friend's body? "

Zeng Yiming's forehead was full of cold sweat, but he didn't even think about wiping it off. He was thinking about how to cover up the lie and make people believe him!

However, at this moment, someone stoked the fire!

This person was Lin yuelan.

Lin yuelan said to Chen yuanguan, no, to everyone in the court, " my Lord, you may not know this, but old master Zeng has the habit of kicking his good friends when they are down! Isn't that right, Elder Zeng?" The first sentence was directed at Chen yuanguan, and the second sentence was obviously directed at Zeng Yiming.

Zeng Yiming's sharp eyes shot at Lin yuelan, and he asked angrily, " Who are you? "

Lin yuelan smiled and cupped her hands at Zeng Yiming. "Oh, old master Zeng doesn't come out all day. He might not know who I am. How about this? I'll reintroduce myself."

Then, she looked at Zeng Yiming seriously and said, " my name is Lin yuelan. I am the granddaughter of your friend from 20 years ago, Lin Deshan. Old master Zeng, do you know who I am now?"

Zeng Yiming pointed at Lin yuelan in disbelief, stammering.

He had never expected Lin Deshan's granddaughter, the current head of Lin's medicine hall, to be so young.

However, Lin yuelan didn't want to talk to him.

Instead, he turned to Chen yuanguan and continued, " my Lord, 20 years ago, although master Zeng and my grandfather Lin Deshan were both heirs of the medicine shop, I don't know if it was fate or someone deliberately arranged for them to become good friends.

"My Grandpa is kind and has full trust in this good friend of his who is his competitor. He has never doubted him.

"He even shared with him some secret prescriptions.

"However, one day, the Lin medicine Hall suddenly gave the wrong prescription and killed a person, causing the Lin medicine Hall's hundred-year reputation to be destroyed.

“However, my grandfather’s most trusted friend threatened my grandfather to hand over two of the Lin family’s most precious treasures. One of them was Lin’s medicinal manual, and the other was the thousand-year-old ginseng.

“He said that as long as my grandfather handed over these two items, he would use all of the Zeng family’s power to save the Lin family from bankruptcy.

“On the other hand, he secretly got people to spread the news that the Lin medicine shop had killed people. He even said that the Lin medicine shop sold fake medicine, using inferior quality medicine to replace the good. The medicine that was usually free for the poor was actually fake medicine.

“Just like that, as the Lin medicine shop’s reputation became worse and worse, the Lin family was powerless to turn the tables. Fortunately, my grandfather accidentally discovered his good friend’s plot and didn’t hand over the two treasures.

“The Zeng family was furious and secretly colluded with the magistrate to capture my grandfather’s father and force him to confess. In the end, my grandfather used all the power of the Lin family to get my father out, but he was seriously ill and on the verge of death. In the end, he died of regret and depression!”

When they heard Lin yuelan talk about what happened between the Lin family and the Zeng family 20 years ago, they were all shocked.

According to Lin yuelan, the Zeng family was responsible for the Lin family’s bankruptcy.

But Zeng Yiming and Lin Deshan were good friends.

Was he really going to put his best friend to death for the sake of his so-called benefits?

Zeng Yiming heard Lin yuelan’s story and his face turned aghast. He pointed at Lin yuelan in panic and said loudly and guiltily, “You’re talking nonsense!”

Lin yuelan chuckled and said, “ old master Zeng, I’m not done yet. Let me finish and see if I’m talking nonsense.”

Then, Lin yuelan continued, “Why did Lin’s medicine Hall get the wrong prescription twenty years ago and kill the patient? It’s actually very simple. The prescription was changed by someone, and the person who changed the prescription was someone my grandfather trusted. He never thought that the prescription would be changed! Old master Zeng, who do you think was the one who changed the prescription?”

If you find any errors (broken links, non-standard content, etc..), Please let us know < report chapter > so we can fix it as soon as possible.

Lin yuelan asked sternly, " old master Zeng, can you please tell me who the one who exchanged the prescription was? "

When Lin yuelan asked, she didn't know if Zeng Yiming had a guilty conscience or something, but she always replied loudly in a panic, "It wasn't me!"

As soon as Zeng Yiming finished speaking, his face suddenly turned ashen. There was a blank in his head, and he didn't know how to think.

Lin yuelan sneered when she heard him guiltily defend himself. "old master Zeng, I didn't say it was you. Why are you so anxious? " Then, she patted her little head as if she was thinking, and then said, "Is that a guilty conscience?"

Then, her face turned cold and her eyes were sharp. She criticized Zeng Yiming angrily, " so, you exchanged my grandpa's prescription, right?"

"Yes..." Zeng Yiming was stunned by Lin yuelan's cold and stern aura. His mind went blank, and he could only answer according to Lin yuelan's words. When he finally reacted, he immediately changed his mind and said, " no!"

Then, Zeng Yiming glared at Lin yuelan, his eyes looking like they were about to spew fire. He retorted in an unusually angry voice, " Lin yuelan, don't you slander me!"

Lin yuelan, on the other hand, calmly asked, " old master Zeng, when did I make false accusations? Weren't you the one who admitted that you were the one who changed Lin medicine Hall's prescription for the patient?

"Everyone heard about this, and I didn't use a knife or a sword to force you to admit it, did I?"

Zeng Yiming couldn't refute it at all.

The truth was just as Lin yuelan had said. She had calmly asked him who had exchanged for the prescription, but he had confessed to it without knowing why. He could not blame anyone.

However, who knew that when he admitted to it, his mind was blank? There was a voice that kept telling him to admit what he had done.

And then, he admitted it for no reason.

Lin yuelan looked at Zeng Yiming with sarcasm and mockery in her eyes. Then, Lin yuelan folded her hands and said to Chen yuanguan, " my Lord, you heard it just now, right? Even the great elder of the Zeng family, who was a good friend of my Grandpa

Lin Deshan, was able to change the prescription and frame my Grandpa secretly. This continued until Lin's medicine shop went bankrupt and the Lin family was destroyed.

"Then, why couldn't the old master of the Zeng family, who was song Qingyan's friend, harm her?"

Well, in fact, it was a bit forced to put these two things together.

But since he had tried to frame his friend once, why couldn't he do it a second time?

Therefore, these two events had a certain connection.

Hearing Lin yuelan's accusation, Zeng Yiming pointed at her and shouted, "Nonsense! You don't have any evidence to prove that I killed song Qingyan."

Fine, he had confessed once again.

The bystanders couldn't bear to look at it, and some even sympathized with the Zeng family's Grand Elder.

This person's mind wasn't messed up, right?

He had already admitted to one thing, and now he admitted to doing another. Was he looking for death?

However, this time, Lin yuelan's eyes were filled with undisguisable mockery, but she didn't say anything.

Then, the gavel was smacked heavily, and a stern voice resounded in the court.

Chen Yuanguan's face darkened, and he asked Zeng Yiming seriously, "Zeng Yiming, you've already confessed, and you still say that song Qingyan's death has nothing to do with you! In order to avoid the torture of the criminal law, hurry up and tell us the truth. What exactly is your relationship between song Qingyan's death?"

Zeng Yiming was so scared that he knelt down and kowtowed. "Sir, I'm innocent! Sir, I'm innocent! Song Qingyan's death has nothing to do with me, my Lord!"

However, Chen Yuanguan shouted sternly, "do you think my ears and eyes are mere decorations? You clearly said that you were the one who changed the prescription that destroyed the Lin family twenty years ago. You also said that Lin yuelan had no evidence to prove that you were the one who killed song Qingyan. Who even suspected you were Song Qingyan's killer? If that was not your guilty conscience talking, what is?"

794 The Justice

Zeng Yiming couldn't refute it, but he still wanted to make a final struggle. He was obviously venting his anger on Lin yuelan.

He pointed at Lin yuelan and explained to Chen Yuanguan, "no, my Lord, it was this demoness who bewitched me and made me admit to the false charges. My lord, this commoner is speaking the truth. My lord, please investigate!"

But before Chen Yuanguan could think about it, Lin yuelan immediately said to him, "my Lord, everything was just an excuse for Zeng Yiming's crime. If you doubt the truth of what happened twenty years ago, then please investigate the Zeng family's residence thoroughly. You'll definitely be able to find some evidence from his room!"

Chen Yuanguan was a fair, upright, and resolute official.

He thought for a moment, then asked Lin yuelan with a serious expression, "how do you know if there is any evidence in his room?"

Lin yuelan smiled for a moment, then said very seriously, "I won't hide it from you, Sir. 20 years after the Lin medicine shop disappeared from Qingfeng city, I reopened it to continue its legacy. It was to clear Lin's medicine Hall's name from twenty years ago and to clear the Lin family's name. But I have another purpose,"

At this point, Lin yuelan paused for a moment. Her expression was serious, and her eyes were sharp with a bold aura. She said bluntly, "Of course, I'm here for revenge! I won't be as kind as my grandfather. I, Lin yuelan, have always believed in taking revenge and returning kindness. I, Lin yuelan, will make them pay for what they owed the Lin family twenty years ago!"

After hearing Lin yuelan's words, everyone was shocked!

This child ... This child ... How could her personality be so domineering and strong!

However, when they heard her words, they did not think that she was speaking without thinking. It was as if everything was so natural to her!

Not only were the ordinary guests shocked, but the richest man in the country, Liu Yichen, and the third Prince, Yuwen Feiye, were also shocked.

Liu Yichen had always felt that Lin yuelan was not a simple child, so he had thought of every possible way to get close to her.

However, when he saw Lin yuelan's calm, confident, and strong aura exuding an indescribable charm, his heart couldn't help but throb for a moment. However, he

quickly ignored this throbbing feeling. However, it never disappeared just because its owner had ignored it.

From then on, Liu Yichen's gaze would uncontrollably look in her direction.

After Yuwen Feiye heard Lin yuelan's words, he felt that it was the opposite.

He felt shocked and an indescribable reverence. He felt that he was a little afraid of these feelings.

But he didn't believe in this feeling.

Because he didn't think that a child could cause much trouble under his eyes.

Yuwen Feiye would be proven wrong because this child would cause a storm that rocked the world.

After hearing Lin yuelan's words, Chen Yuanguan asked again, " so? "

Lin yuelan replied honestly, "So, as soon as I arrived at Qingfeng city, I investigated the cause of the Lin family's destruction, and then I found out that it was the Zeng family!"

Chen Yuanguan thought for a moment and immediately ordered his subordinates, " Constable Zhang, immediately send someone to search the Zeng Manor. Whether it's the truth from 20 years ago or the death of song Qingyan, do not let go of any clues!"

"Yes, Your Excellency!" Constable Zhang replied immediately.

When Zeng Yiming heard this, his face turned extremely pale, and his whole body went limp on the ground. However, he still held on to hope and shouted loudly, " Sir, I've been wronged! Please don't be deceived by this evildoer! Sir!"

Yuwen Feiye looked at Zeng Yiming, who was like a dead fish and clenched his fists.

He was now worried that Zeng Yiming would see him as his last straw of hope, grab onto him tightly, and rat him out.

Lin yuelan and Jiang Zhennan looked at Yuwen feiye's ugly expression and exchanged a glance. Then, the corners of their lips lifted at the same time, and the sarcasm was obvious.

Karma had come for the Zeng family.

As such, Constable Zhang and his men's search for the Zeng Manor went smoothly.

They quickly found a few pieces of evidence in the secret room of the library.

Two of them were the truth about the Lin family twenty years ago.

One of them was an account book, which recorded the source of the family's wealth. It also recorded how much wealth he had obtained from the Lin family twenty years ago.

The last portion was a Jade bottle, which contained a few red and black pills!

Constable Zhang wasn't a doctor, so he naturally didn't know what the pill was for. However, he had a feeling that this bottle of medicine would have a great effect on the case.

Hence, Constable Zhang moved everything in the secret chamber to the court.

After Chen yuanguan looked through a few things, the anger on his face was obvious.

These things were telling him that the case from twenty years ago was indeed a case of injustice.

Lin's Medicine Hall had been framed. The court colluded with the Zeng family to bring the Lin Family to their knees.

Chen yuanguan took the White jade bottle and said to doctor Chen, " doctor Chen, please take a look at what's inside."

Doctor Chen held the Jade bottle and first identified the color. Then, he sniffed it and said hesitantly, " my Lord, I'm not too sure about this, but I suspect that it's a bottle of poison."

Everyone was shocked and asked, " what? Poison!"

795 Case Cleared

Lin Deshan received a letter from Qingfeng city from a servant. When he opened it, he was so excited that he didn't know what to do.

Grandpa Zhang looked at the tears in Lin Deshan's eyes and asked, "Brother Lin, what's wrong with you? Is it a letter from the girl?"

Lin Deshan said excitedly, " this girl, this girl, she has avenged the Lin family so quickly! And she even allowed the Lin medicine shop to re-appear in Qingfeng city!"

20 years ago, when he left Qingfeng city in despair, he had never thought that the Lin family's grievances would one day be overturned.

Now, his good granddaughter had not only helped the Lin medicine Hall regain its footing in Qingfeng city in such a short time, but she had also avenged the Lin family from 20 years ago.

Lin Deshan knew very well who his enemy was.

However, he was alone and weak. There was no way he could get revenge.

But Lin yuelan had done it.

In one fell swoop, she had taken down his biggest enemy.

This made him excited and touched.

When old master Zhang heard his story, he said with relief, " it does seem like it. Then why are you crying?

"He then sighed. Speaking of which, this girl has been away from the Lin family Village for a long time. It's almost the end of the year, I don't know if this girl can make it back in time."

Hearing that, Lin Deshan looked ahead and said, " the girl will make it back!"

His girl valued her family very much. She would definitely rush back for the reunion during the new year.

...

Recently, in every street, restaurant, and teahouse in Qingfeng city, people were talking about one thing.

That was the Lin medicine shop and the Lin family that had been vindicated.

"Aiya, who would have thought that Lin's medicine Hall 20 years ago was destroyed by the Zeng family's despicable means?"

"That's right. A changed prescription caused the destruction of the Lin family, and the Lin family's young master disappeared from Qingfeng city. He only returned once not long ago."

"Don't you think Zeng Yiming is too vicious and despicable? Just to fight for the title of the largest medicine shop in Qingfeng city, he caused the loss of so many innocent lives, and he has even made the Lin family the scapegoat for so long."

"That's right. Fortunately, justice still prevails. Aren't the descendants of the Lin family here for revenge?"

“Speaking of which, the Lin family’s descendant is really amazing. She’s only twelve years old and she’s already able to single-handedly run Lin’s medicine shop. She’s even able to clear the Lin family’s name twenty years ago and take revenge on their enemies!”

“That’s right. Lin’s medicine shop has only been open for a short time, and Zeng’s medicine shop is gone just like that.”

“Hmph, if you ask me, the Zeng family has committed too many sins. Now, they’re just getting their retribution. Zeng Yiming deserves what he has today!”

“Hmm, I agree with you. Ever since the Zeng Ji medicine shop replaced the Lin medicine shop for the past twenty years, they’ve been tyrannical enough. They should be allowed to reap what they sow!”

“hehe, I don’t know if Zeng Yiming is too stupid or too smart. He actually used an innocent song Qingyan’s life to frame Lin’s medicine Hall. He wants to repeat the same old trick. Does he really think everyone is a fool? ”

“But don’t you think it’s strange?” Someone immediately asked, “ I’ve never heard that song Qingyan and chief Zeng Ji are good friends.”

“Hehe, do you think that the head of a big family and a prostitute in a brothel would have a simple ‘good friend’ relationship?”

“You’re right, but what kind of enmity does Zeng Yiming have with Song Qingyan? Why would he kill Song Qingyan to frame the Lin medicine Hall?”

At this moment, there seemed to be someone beside them who knew the inside story. He lowered his head and said to them, “ come, let me tell you. This matter seems to be related to the third Prince.”

The others were shocked and shouted, “ how is that possible? ”

However, that person said, “ why is it impossible? Do you know that when Zeng Yiming was found guilty of murder, he knelt down and begged the third Prince for mercy? he said that song Qingyan had come to him on the third Prince’s orders, so he begged the third Prince to save his life on the account that he was working for the third Prince. You don’t know how ugly the third Prince’s expression was at that time.”

If you find any errors (broken links, non-standard content, etc..), Please let us know <amp report chapter > so we can fix it as soon as possible.

“Eh, what’s going on? How did song Qingyan’s death involve the third Prince? Were you in court at that time? Tell us.”

The man rolled up his sleeves and said, ” alright, I’ll tell you the details of the situation. Oh, that’s right, you must keep this matter regarding the third Prince a secret. Don’t let anyone else knows.”

“I know, quickly tell me!”

Then, the man said, ” by the way, after Lord Chen showed doctor Chen a Jade bottle he found in the Zeng family, he suspected it to be a poison...”

...

After doctor Chen took the Jade bottle, he looked at it and sniffed it. Then, he shook his head and said to Chen yuanguan, ” Sir, I can’t tell the medicinal properties of this medicine at the moment. But, with my 30 years of experience, I suspect that this is a bottle of poison!”

“What? Poison?” Everyone was shocked!

Lin yuelan then said to Chen yuanguan, ” Lord Chen, can you let me identify this medicine? I once studied medicine with an old doctor. Although my medical skills aren’t very good, my ability to distinguish medicinal properties is better than ordinary people’s!”

When she said that her medical skills were not good, everyone shook their heads. They knew that she had just saved a few patients who were seriously ill and on the verge of death a few days ago. And the most shocking thing was that those patients needed to be cut open with a knife. They had to be disemboweled or beheaded, and she did it all herself.

Therefore, if one were to say that her medical skills were not good, then none of the doctors in Qingfeng city were good.

Chen yuanguan seemed to have just remembered that the young master of the Lin medicine shop might be young, but her medical skills were superb.

Perhaps she could identify what medicine it was.

Chen yuanguan nodded and said, ” yes, come and take a look!”

Lin yuelan took the Jade bottle from physician Chen’s hands. Like physician Chen, she first looked at the color and then smelled it.

Then, she said to Chen yuanguan with a serious expression, " Your Excellency, doctor Chen's suspicion is correct. This is indeed a poison."

Chen yuanguan said with a serious face, " how do you know that this is poison? "

Lin yuelan said, " then, my Lord, please get someone to bring a dog over and test it!"
But then she said, "This poison takes a long time to take effect, if a human takes it, he will occasionally show symptoms of poisoning, but after three days, he will die completely!"

"However, we will now use a dog as an experiment. In order to ensure the effect and accuracy of the on-site experiment, as long as the dog was given two such pills, it would definitely die in less than an hour!"

"So, this lowly one asks my Lord to allow this lowly one to feed the dog two pills of poison!"

In order to see the results of the test, Chen yuanguan decisively said, " yes!"

Constable Zhang quickly brought a dog over. Lin yuelan poured out two pills and immediately fed them to the dog.

Then, everyone seemed to hold their breath in unison, not daring to speak loudly. They wanted to see if this thing was poison.

However, everyone seemed to have forgotten whether this thing was poison or not had nothing to do with song Qingyan's death.

This was because their thoughts had fallen into a strange circle.

After the foreshadowing and the fact that Lin yuelan said Zeng Yiming would secretly harm his friends, everyone believed that song Qingyan was poisoned by Zeng Yiming. So, if they found a bottle of poison, they would assume Zeng Yiming had poisoned Song Qingyan.

It didn't take long for the dog to bleed to death.

Looking at the dog's miserable state, someone immediately cried out, " I heard that song Qingyan died bleeding from her seven orifices. Could it be that song Qingyan was poisoned by this poison? "

With his exclamation, everyone's attention shifted from the dog to the deceased, song Qingyan.

Then, they looked at Zeng Yiming with a strange and angry gaze.

"I didn't expect Zeng Yiming to be the murderer! The poison was found in his room, so he must have poisoned song Qingyan."

"Hmph, definitely!"

...

Zeng Yiming was already paralyzed on the ground. He couldn't understand how these people found these things, which he had clearly put in the secret room.

If you find any errors (broken links, non-standard content, etc..), Please let us know < report chapter > so we can fix it as soon as possible.

797 Case Cleared

However, he felt that he still had a glimmer of hope.

That was because this bottle of medicine was not enough to prove that he was the one who poisoned song Qingyan.

Zeng Yiming cried out loudly, " Sir, although this thing was found in my secret room, it doesn't mean that I poisoned song Qingyan. Besides, I have no enmity with song Qingyan, why would I poison her, my Lord?"

In fact, this was also what Chen yuanguan was puzzled about.

Even if he wanted to frame the Lin medicine hall, he wouldn't need to sacrifice Song Qingyan, right?

Who didn't know that although song Qingyan was a woman from a brothel, she was on good terms with many people in the upper echelons because of her beauty and many talents?

Just as Chen yuanguan was feeling puzzled, Lin yuelan came out and said, " grandfather Zeng, you know better than anyone else what medicine this is and why you feed it to song Qingyan."

Zeng Yiming roared angrily, " you demoness, don't try to delude the public with your lies! You're deluding the Lord! My Lord, Lin yuelan came back to seek revenge, so please don't listen to his side of the story!"

Lin yuelan sneered, " hehe, old master Zeng, I haven't even said anything yet, but you've been calling me names. It's clear to everyone who has ulterior motives!

Chen yuanguan could tell that there was something behind this medicine and immediately asked, " what's with this medicine? Lin yuelan, tell me!"

Lin yuelan's clear voice resounded in the court. "my Lord, this medicine is not actually poison!"

Everyone was confused.

One moment she said it was poison, the next she said it wasn't poison. Was this Lin yuelan really toying with them?

In the next moment, Lin yuelan gave them another shocking answer.

"This is a bottle of medicine to fake death!"

They didn't hear it wrong, did they? there was a medicine that could fake death in this world?

Chen Yuanguan's expression turned serious when he heard that. Yuwen Feiye's brows twitched as if he was thinking of something, but it disappeared very quickly.

"This drug was banned by the Lin family twenty years ago. The Lin family was afraid that it would be used by someone to do bad things. Therefore, after making the last batch of the drug, they immediately burned the formula.

"20 years ago, the Lin family was framed and their ancestral home was ruined. The Zeng family's power was growing day by day. They sent people to threaten the Lin family's father and son to hand over the Lin family's treasure and also sent people to secretly search for the Lin family's treasure. This formula is one of them."

Chen Yuanguan asked, " since you said that this bottle is only supposed to fake death, how did it become poison? "

Lin yuelan explained, " this medicine has to be kept in a certain way. Otherwise, its medicinal properties will deteriorate. After the Zeng family had it, they didn't take good care of it. It was how the medicine became a poison!"

Chen yuanguan immediately figured out something. He said, " you're saying that Zeng Yiming didn't know that the drug had turned into poison, and gave it to song Qingyan so that she could pretend to die from the poison and use it as an opportunity to frame Lin's medicine shop, right? "

Lin yuelan nodded and said, " my Lord is wise!"

"But I still have some questions." Chen yuanguan said.

"Your Excellency, please speak!"

“Zeng Yiming set you up because you two have been enemies for a long time. He’s afraid that you’ll take revenge, so it’s understandable that he wants to strike first. However, ” Chen yuanguan was confused. “song Qingyan doesn’t seem to have any grudges against you or Lin’s medicine Hall. Why would she help Zeng Yiming set you up? ”

Lin yuelan didn’t seem to understand either, but she said hesitantly, ” to be honest, during the courtesan competition, miss song stood out. I admired miss song’s appearance and talent, so I planned to redeem miss song. However, at that time, miss song looked at the third Prince with affection and rejected me. This commoner then said to her, I intended to buy her as a gift to the third Prince, but she missed the opportunity.

“Your Excellency, perhaps I think that it was under such circumstances that lady song resented me, so she didn’t hesitate to collude with Zeng Yiming to secretly harm Lin’s medicine Hall!”

“Your Excellency, I can be a witness to this!” Liu Yichen suddenly stood up and said, ” I saw the hatred in song Qingyan’s eyes that day. So, I’m also wondering if she’s holding a grudge because of this.”

Slowly, things became clear.

Song Qingyan and Zeng Yiming had secretly colluded, and Zeng Yiming had thought that the medicine in his hand was fake death medicine, so he had given it to song Qingyan. Then, she had gone to the Lin medicine shop to get the medicine to repeat the scene from twenty years ago to achieve their purpose of framing the Lin medicine shop.

However, they didn’t expect that the medicine had turned into poison!

The truth of the case was finally revealed!

798 Back to the Capital

The case was gradually becoming clear!

The truth of the entire case seemed to have been revealed!

Chen Yuanguan thought for a moment and immediately scolded Zeng Yiming, ” Zeng Yiming, the facts have proven that the poison in song Qingyan is the same as the bottle of poison found in your room. Do you still have anything to say? ”

Zeng Yiming’s face was extremely pale, and he was at a loss.

If it weren't for what Lin yuelan said, he would never have thought that the medicine he gave song Qingyan would turn from medicine to poison.

And the reason why it had become a poison was that it had been placed in the wrong place for too long.

If he had known this would happen, he wouldn't have agreed to take this risk.

However, song Qingyan kept saying that it was a task given to her by the third Prince and that the third Prince knew that he had the fake death drug, so he sent song Qingyan to look for him.

Third Prince, Oh right, third Prince!

When song Qingyan first came to him, she was the third Prince's concubine, Madam song.

Zeng Yiming seemed to have found a ray of hope in his despair.

He did not immediately beg for mercy from Chen yuanguan. Instead, he turned to Yuwen feiye and kowtowed. "third Prince, please spare me! Third Prince, when song Qingyan came to look for me, she used your status as a concubine to threaten me. I had no choice but to cooperate with her!"

The thing that Yuwen feiye was worried about had happened.

He felt that Zeng Yiming was really stupid.

If he hadn't exposed himself, perhaps he could have thought of a way to save him. At least, he could still keep his life.

But now, he had hanged himself in public.

In fact, to Zeng Yiming, no matter if it were related to the Lin family's scheme 20 years ago or the death of song Qingyan, once his actions were exposed, he would have to die. In that case, his only hope was Yuwen Feiye. No matter what, he had to hold on tightly.

This was because this was his only hope of survival.

However, facing such a selfish, cold-blooded, and heartless Yuwen Feiye, he was destined to be disappointed. In fact, he might even feel more despair.

This was the retribution for all the evil things Zeng Yiming had done.

Before Yuwen Feiye could respond to Zeng Yiming's plea, Liu Yichen started questioning him.

Liu Yichen questioned Zeng Yiming with a serious face, asking loudly, " Zeng Yiming, what do you mean? What does this have to do with the third Prince?"

It sounded like he was trying to exonerate Yuwen feiye, but in reality, Liu Yichen was trying to get the truth out of Zeng Yiming's mouth.

With song Qingyan's looks and talent, who would believe that Yuwen feiye had no feelings for her and treated her as his woman?

As long as he revealed the truth from Zeng Yiming's mouth, it would mean that Yuwen feiye had a part to play in the plot against Lin's medicine Hall.

At that time, no matter what, he could forget about being on good terms with Lin yuelan.

Zeng Yiming heard Liu Yichen's stern question and immediately trembled in fear. His face was pale and extremely ugly, and he was extremely scared and uneasy.

When he saw Yuwen Feiye's dark face, he panicked. Then, he looked at Chen Yuanguan, who had a serious expression, and Liu Yichen, who had no expression.

The entire process only took a short moment.

Then, he gritted his teeth. Since he had already dragged Yuwen Feiye into this, he could only grab hold of Yuwen Feiye to help him escape.

Hence, he kowtowed to Yuwen Feiye once more and pleaded pitifully, " Your Highness, it was song Qingyan, oh no, it was Madam song who came to the Zeng family to look for me. At that time, she found me and said that she was following the third Prince's orders."

As soon as he said this, the surroundings immediately fell silent.

It was as if Zeng Yiming's words were unbelievable.

Song Qingyan had been ordered by the third Prince to visit the Zeng family, and in the name of the third Prince's concubine, Madam song.

If the third Prince hadn't personally promised song Qingyan, she wouldn't have dared to go to the Zeng family as the third Prince's concubine, Madam song.

799 Back to the Capital

Therefore, everyone immediately looked at the third Prince with strange looks.

Yuwen Feiye was furious, but he knew that he could not admit to this.

In any case, song Qingyan was already dead, and there was no witness. No one knew if the third Prince had made a promise to song Qingyan.

Yuwen Feiye's expression was dark. He looked at Zeng Yiming with a sharp and cold gaze. He said coldly, "Zeng Yiming, you can't say whatever you want! You said that song Qingyan once used her identity as my concubine to find you. Where's the evidence? Could it be that you can convince everyone with just your words?"

"Zeng Yiming, I'm telling you, slandering a royal child is the crime of exterminating an entire family! You better think clearly before you speak!"

The last sentence was clearly a threat!

This was a warning to Zeng Yiming that if he continued to talk nonsense, the Zeng family would be destroyed!

Hearing Yuwen Feiye's words, Zeng Yiming's eyes turned grey and dark.

He was an extremely selfish person who would do anything for the sake of his family's interests. Whether it was despicable or just, everything he did was for the sake of the Zeng family's glory.

If the Zeng family was exterminated because of him, how could he face the ancestors of the Zeng family after his death?

Zeng Yiming collapsed to the ground as if he had lost everything.

Seeing that Zeng Yiming had stopped talking, Liu Yichen continued to ask, "Zeng Yiming, what orders did song Qingyan bring to you?"

Liu Yichen had a bone to pick with Yuwen feiye. He wanted to get to the bottom of things.

Zeng Yiming changed his words and muttered weakly, "no, no. Song Qingyan didn't come to me with any orders. She only wanted to take revenge because she had some enmity with the young miss of the Lin medicine shop, Lin yuelan. It was only because Lin yuelan had stopped her from becoming the Prince's wife that she had resented her."

In the end, Liu Yichen was a little disappointed.

His words sounded a little incoherent, but each sentence was clear and distinct.

Since Zeng Yiming was no longer bringing up the third Prince, Chen yuanguan didn't think it was necessary to drag a Prince into the water.

Then, he smacked the gavel on the table and asked sternly, " then, what exactly is your plan for targeting the Lin medicine hall? why don't you tell me in detail? "

Zeng Yiming said, " I don't know where song Qingyan heard that I had the fake death medicine. Then, she said that once she took it and looked poisoned, she would go to the doctor at the Lin medicine shop to get medicine.

"After she had pretended to take the medicine from Lin's medicine shop, she would take my medicine to fake her death. After that, she had her maidservant use the name of the third Prince's beloved concubine to go to court to sue Doctor Lin for treating a person to death.

"She would return after Lin Medicine Hall was chased out of the city."

This was because the drug would fake death for three days.

As long as she was buried within these three days, then someone would secretly take her out of the coffin. No one would know that she was actually faking her death.

After the Lin medicine Hall completely disappeared from Qingfeng city, even if everyone thought that the Lin medicine Hall had been wronged, the Lin medicine Hall could only accept its fate, right?

However, even though their plan was very good, they did not expect that the medicine would really become poison.

Zeng Yiming's story was exactly what everyone guessed.

However, there were still many flaws.

For example, how did song Qingyan know that Zeng Yiming had the medicine that could fake death? Someone must have told her and instructed her to find Zeng Yiming. Everyone knew who this person was, but they didn't point it out.

Secondly, when the people from the court surrounded Lin's medicine shop and captured Lin yuelan, they used the excuse of Lin Medicine Hall "killing third Prince's beloved concubine"!

The third Prince must have given the order for his subordinates to do that, right?

But now, whether it was Zeng Yiming or Chen yuanguan, they had stopped talking about the third Prince because they were clever people.

800 Back to the Capital

They wouldn't dare to offend the royal family.

Therefore, everyone had a tacit understanding to leave the third Prince out of this matter!

The final verdict was that Zeng Yiming would be executed at noon the next day!

Although the Zeng family wasn't exterminated, the items they had obtained through underhanded means were all returned to the victims, especially the Lin family.

By the time the Zeng family returned the things that didn't belong to them, they had less than 20% of what they had.

In just a short while, the Zeng family had turned from a big family to a small family. Those who had grudges against the Zeng family, or those who had hit them when they were down, immediately came over to step on them.

In the end, the Zeng family's descendants were taken to repay their debts. The men were sold as slaves, and the women were sold to brothels as prostitutes. Those who were not beautiful were also sold as maidservants!

The Zeng family, which had been prominent for more than 20 years, disappeared from Qingfeng city so quickly.

Of course, these were all things that would happen soon, so there was no need to say much!

In the guest house, the three advisors said to Yuwen Feiye, " Your Highness, we should hurry back to the capital!"

In Qingfeng city, Yuwen feiye's reputation was getting worse and worse. If he continued to stay, it would only get worse.

Most importantly, this was the territory of the crown prince. The worse the third Prince's reputation was, the more people from the crown prince's side would immediately attack the third Prince.

In the past, it was said that the third Prince used his power to bully people and wanted to take them by force. Now, it was even more unbearable. It was said that the third Prince had taken a woman from a brothel as a concubine and even used this concubine to frame the Lin medicine store. Such a despicable person was not worthy of being a Prince.

In short, these rumors were very unsightly, so the third Prince had better leave as soon as possible.

Yuwen Feiye knew very well that his reputation in Qingfeng city was getting worse by the day. Hence, leaving as soon as possible was the best way to cut off these rumors.

However, he was unwilling to accept this.

He was the son of a Prince, the third son of the Emperor, and the third Prince of the Imperial court. Yet, he had been defeated by a peasant girl time and time again.

However, when he thought of the strange thunder in the court, he felt a little better.

It wasn't that he didn't have the ability to fight with a farmer's daughter, but that farmer's daughter was the reincarnation of an immortal. How could he possibly win?

Seeing that the third Prince did not respond, the three advisors looked at each other. Then, they turned to Yuwen feiye and said, "Third Prince, we should leave this place as soon as possible. The earlier you leave, the better it will be for you. Otherwise, when these rumors reach His Majesty's ears, it will be greatly disadvantageous to His Highness!"

Yuwen feiye's expression turned ugly. "Hmph, since it's just a rumor, how could father believe it so easily? "

However, he immediately said, " alright, I'll agree to leave! It's almost the end of the year, I also have to give the carefully prepared gift to father as soon as possible!"

The three aides 'eyes lit up with joy, and they said in unison, " Your Highness is wise!"

...

Fortune Inn eventually had its name changed to Ni Lai Wo Wang Restaurant.

In the guest room, Lin yuelan and Jiang Zhennan were sitting opposite each other.

Lin yuelan took a sip of hot tea, looked outside, and sighed, " it's almost the end of the year!"

Jiang Zhennan echoed, " yeah, it's almost the end of the year!"

Lin yuelan then asked, " I heard that the third Prince, Yuwen feiye, left Qingfeng city early this morning. It's said that the royal family is holding a banquet this year, and he's going to attend it.

"Masked uncle, don't you need to attend that royal banquet? Oh, that's not right. Some time ago, you rushed back to the capital, wasn't it because the Emperor had ordered you to attend the banquet?"

Jiang Zhennan nodded and said, " yes!"

"When are you going back to Beijing? It might be too late if you wait any longer!"

Jiang Zhennan smiled indifferently and said, " with Liefeng around, I will be able to return to the capital very quickly."

Lin yuelan immediately said in dissatisfaction, " are you trying to tire Liefeng to death? Oh, masked uncle, I'm warning you, Liefeng has sold himself to me, you can't let him work himself to death!"

Jiang Zhennan looked at Lin yuelan with a very gentle expression on his face. "no, Liefeng is my brother too!"

However, the expression on his face immediately became a little panicked and nervous. He looked at Lin yuelan expectantly and asked softly, "Miss Yue 'er, can you come back to the capital with me for the new year Festival?"

Lin yuelan was immediately stupefied!
