### **Choice**

#### 801 Choice

It was only ten days away from the end of the year.

Lin yuelan counted the time and found that she had been here for seven or eight months.

Originally, she only wanted to live a peaceful and peaceful life in the countryside. However, she had to prepare herself for getting involved in a situation in the future.

Yuwen Feiye was the murderer who had plotted against Jiang Zhennan. However, with Yuwen Feiye's brain and impulsiveness, he seemed to have also been used by someone. It was just that he did not know himself.

Therefore, the enemy she might face in the future was a very terrifying figure.

Her business was slowly expanding.

On the surface, the businesses that could be found had already displayed their power in front of everyone.

As for these hidden businesses, in addition to her, the Wu siblings that she had arranged were also doing an excellent job. This power was expanding at a sharp and rapid speed.

However, this was far from enough!

Lin yuelan leaned against the window in their room. She ate fresh fruit in her hands, but her eyes kept looking downstairs.

Downstairs, Ah nu and Lin Xinyue had already received simple training from Lin Qingzhu, Lin Xujie, and Lin Qingsong, and immediately went to work.

At this moment, Ah Nu's eyes were filled with the cosmetic contact lenses that Lin yuelan had given her. They had changed from pure blue to black.

With a pair of big black eyes, coupled with imposing and beautiful facial features, it was hard to imagine that such a fairy-like beauty was actually the hot-tempered and straightforward Hercules.

Lin yuelan wanted to train Lin Xinyue to become her capable subordinate, and this restaurant had become Lin Xinyue's training place.

Lin yuelan wanted to set up an intelligence network, and Lin Xinyue was in charge of it.

Even though she didn't need an intelligence network at all, she figured one would help her immensely.

So, she decided to start an intelligence network.

Her Information Network was not a brothel, but a newspaper and express delivery.

...

"Master!" Just as Lin yuelan was deep in thought, Lin xujie walked in and reported to her, " the two elders have sent a letter asking when you will go back?"

Lin yuelan said, " get ready. We'll return in three days!"

Lin Xujie replied, " yes, master!"

Lin yuelan then asked casually, " is Zhou Anping out? "

"He's out!" Lin Xujie said, " although Zhou Anping was reported for corruption and bribery, Yuwen feiye did not have any concrete evidence. In addition, he was in a hurry to return to the capital, so he let Zhou Anping out again!"

Lin yuelan sneered and said, " Hmph, isn't he afraid of letting a Tiger return to the mountain? "

"Have you found out about the relationship between Zhou Anping and the Zhou family in Beijing?" It was definitely not a coincidence that both families had the surname Zhou.

"I've found it!" Lin Xujie reported, " Zhou Anping's family and the capital's Zhou family used to have the same roots. However, a hundred years ago, the two brothers of the Zhou family turned against each other because of a woman. Since then, the Zhou family has been separated into two different families. They have been enemies for generations and have never interacted with each other!"

Lin yuelan said indifferently, " Oh, it seems that there are two Zhou families! Since they are enemies of our enemies, they are friends. Perhaps, the Zhou family is our friend!"

Lin Xujie was a little suspicious. "but master, this Zhou family is on the crown prince's side, and the capital's Zhou family is on the third Prince's side. If we become friends with this Zhou family, are we going to stand on the crown prince's side? "

Lin yuelan chuckled and said, " whether it's the crown prince's side or the third Prince's side, it has nothing to do with me. What I see is who will bring me the greatest benefits!

"you've seen the third Prince, Yuwen Feiye's behavior. If one day, he inherits the throne, will the world still be at peace? "

"No!" Lin Xujie immediately said, "it will be a disaster for the country if a narrow-minded and ambitious person like him inherits the throne!"

Lin yuelan nodded and said, " that's right! So, it was fine if I offended Yuwen feiye. However, in life, it's better to have one more friend than one more enemy, don't you think?"

"Yes!" Lin Xujie replied.

"so, it's better if we don't become enemies with this Crown Prince!" Lin yuelan was brewing tea with a tea set in her hand. Then, she poured a cup of tea and said indifferently, " when our business grows bigger and bigger in the future, we need someone to stand behind us!"

"So, master, you've chosen the Crown Prince?" Lin Xujie asked, a little puzzled.

"No, as I said, I'm not choosing anyone. I'm only choosing benefits! Currently, the Crown Prince is the best candidate who can bring us the greatest benefits!"

Lin Xujie was physically well-developed, but he was not simple-minded either. Therefore, he was chosen by Lin yuelan as the first guard.

He immediately understood Lin yuelan's meaning.

Lin Xujie replied, " I understand, master! You're saying that among these princes, the Crown Prince is currently our best choice for cooperation, right?"

Lin yuelan nodded and said, "that's right! The exchange of benefits between both sides was the fairest transaction! Guard Jie, take the letter, and go to the governor's mansion. I, Lin yuelan, will visit him tomorrow! Remember, we will only give him one chance!"

What she meant was that if Zhou Anping rejected the offer, they would not work together anymore.

Lin Xujie immediately understood and said, " yes, master!"

After that, Lin Xujie went out.

When Lin Xujie went out, Jiang Zhennan happened to come in from the door.

As soon as he entered, he asked doubtfully, "miss Yue 'Er, are you going to visit Zhou Anping?"

Lin yuelan nodded and replied, "that's right! He's the highest official in Qingfeng city. My shop and restaurant need his protection."

Jiang Zhennan nodded his head to show that he understood. Immediately, he said, "Zhou Anping is an old fox. When dealing with him, if you are not careful, you will be fooled by him. He is also very meticulous and good at planning. Otherwise, Yuwen Feiye would not have gained anything from this trip!"

Lin yuelan shook her head and said, "no matter how sly he is, he has to show his fox tail! Where can he escape to if we catch him by the tail?"

Hearing Lin yuelan's words, Jiang Zhennan was still a little worried. "miss Yue 'Er, you should be careful!" he said.

"Okay, I know!" Lin yuelan nodded.

Then, he said to Jiang Zhennan, "masked uncle, I won't be going back to Beijing with you this time. I'm planning to go back and spend the new year with my grandfather, Grandmaster, and the others! This will be our first New Year together, and I don't want the two elders to have any regrets!"

Jiang Zhennan was a little disappointed but he still nodded and said, "yes. If everything goes well, I'll be back in the Lin family Village soon to celebrate the new year with the two old masters!"

Lin yuelan was confused.

"Ah?"

Seeing Lin yuelan's puzzled expression, Jiang Zhennan's ears immediately turned slightly red. He explained, "in the capital, I don't have any family or friends other than the Emperor and Guo Bing. I don't interact with anyone either. That's why I thought it'd be better to come to the Lin family Village instead of being all alone in the capital."

Lin yuelan nodded, "Oh, then we'll welcome you, masked uncle!"

## 802 Visit

Qingfeng city governor's office.

The Butler reported to Zhou Anping, "old master, the Lin's Medicine Hall has sent a letter of visit. Their young miss, Lin yuelan, would like to visit you tomorrow. Will old master accept the invitation?"

Zhou Anping listened to the Butler's report and asked with a frown, "Who is the young miss?"

It was no wonder he didn't know. The main reason was that Yuwen feiye had locked him up in prison ever since he arrived. He was only released before Yuwen feiye left because they didn't manage to find any substantial evidence.

After that, he had been recuperating in his residence and did not pay attention to the outside world.

The Butler immediately said to Zhou Anping, "Lin's Medicine Hall ... During this period of time, Lin yuelan had been at odds with the third Prince several times. This matter has already caused a storm in Qingfeng city."

The servant was referring to Zhou Anping's time in prison.

Zhou Anping listened to the servant's words. The young miss of Lin's pharmacy had repeatedly gone against the third Prince, Yuwen feiye. He was immediately interested and asked, "Oh, why do you say that? Quickly tell me!"

The Butler said, "old master ... During this period, old master Zhou's Guangju Yuan was seriously affected. Therefore, old master Zhou asked his friend from 20 years ago, Lin Deshan, for help ..."

When Zhou Anping heard Lin Deshan's name, he immediately looked surprised. "Who did you just say? Lin deshan? The young master of the Lin's Medicine Hall, Lin Deshan, who disappeared for twenty years?"

"Yes, master!" the servant replied immediately. "It's the same Lin Deshan."

Zhou Anping immediately asked suspiciously, "Brother Xing actually found Lin Deshan? But how could he help?"

When the Lin family was in dire straits, Lin Deshan sold his ancestral home and fled.

So, what could Lin deshan do?

The servant replied, "my Lord, you may not know this, but Lin Deshan gave old master Zhou a thousand-year-old ginseng to be auctioned. It was bought by the richest man, Liu Yichen, at a sky-high price of five million taels!"

"What?" Zhou Anping was unusually shocked. "thousand-year-old ginseng? It was rumored that the Lin family had two treasures. One was Lin's medicine manual, and the other was a thousand-year-old ginseng. He actually took out the Lin family's treasure, a thousand-year-old ginseng?"

"That's right!" The Butler nodded and said, "there are rumors that the third Prince went to old master Zhou's mansion to threaten Lin Deshan to hand over the thousand-year-old ginseng after he found out that Lin Deshan had it. However, he didn't achieve his goal."

"Why?"

"because Lin Deshan's granddaughter, the young miss of Lin's medicine hall, Lin yuelan, appeared in old master Zhou's mansion that day. She was very skilled in martial arts, and the third Prince's men couldn't do anything to her. Therefore, they were threatened by Lin yuelan instead, and he failed to achieve his goal!"

The more Zhou Anping heard, the more shocked he became. A person who had suddenly appeared actually dared to threaten the third Prince so daringly. What exactly was her background?

He didn't believe that Lin Deshan had that kind of background to suppress the third prince.

"continue!" Zhou Anping said with a serious expression.

"Later on, this thousand-year-old ginseng appeared at old master Zhou's guang juyuan auction house. That day, the third Prince arrived at the auction site. The moment he appeared, he revealed his identity. Everyone was well aware of his purpose, but there were still some people who didn't give him face, and one of them was Lin yuelan.

"Back then, the third Prince had not known Lin yuelan's true identity. He almost fainted from anger. This was because the first piece of art in the auction house was the last work of a poet from the previous dynasty, and it had been brazenly won by Lin yuelan.

"Later on, it was said that a beautiful female slave caught the third Prince's eye, but she was also snatched away by Lin yuelan.

"In the end, the 1000-year-old ginseng belongs to Lin Deshan. As his granddaughter, Lin Yuelan, should not participate in the auction, but she did.

“Also, the richest man in Qingfeng city, Li Fazhi, the richest man in Longyan Kingdom, Liu Yichen, the third Prince, Yuwen feiye, and this Lin yuelan were also bidding for this thousand-year-old ginseng!”

Zhou Anping was really surprised.

Lin yuelan had actually gone against the third Prince, Yuwen Feiye, time and time again? However, she clearly knew that Yuwen Feiye was the third Prince, yet she still went against him indifferently. What was her background? And how did she manage to survive the third prince’s wrath?

### 803 A Visit

After Zhou Anping recovered from his shock, he immediately went into a state of deep thought. He said slowly, ” it seems that Lin Deshan’s granddaughter, Lin yuelan, is not simple!”

Immediately, he reacted. “That’s not right. When Lin Deshan disappeared from Qingfeng City 20 years ago, he hadn’t been married yet. If he had gotten married immediately after he disappeared, his granddaughter would only be a few years old. How could she have done such an earth-shattering thing? How old is Lin yuelan?”

The servant said, ” it is said that this Lin yuelan is not even 12 or 13 years old.”

Zhou Anping was very puzzled. this is even more wrong. “Even if Lin Deshan had gotten married twenty years ago and had a son, and the Son had children, there was no way he could have a granddaughter this old. Could it be that when he was the young master of the Lin family, he already had an illegitimate child that was a few years old?”

The servant noticed his master’s confusion and immediately reported, ” master, I heard that Lin yuelan is a granddaughter Lin Deshan acknowledged in a village in the mountain. She’s not his biological granddaughter!”

Zhou Anping immediately understood and said, ” that’s right!” But then he was suspicious again. He said, ” you said that Lin yuelan’s martial arts are strong, but she’s a child from a mountain village. No matter how strong her martial arts are, it’s impossible for her to be stronger than the third Prince’s guards! How could the third prince be threatened by her and even allow Lin yuelan to go against him?”

The servant shook his head and replied, ” master, this old servant is not clear about this. But the rumors are just like that.”

Zhou Anping waved his hand and said, " alright, I'll ask brother Xingfa about this. He should be the clearest about this."

Speaking of Zhou Xingfa, the Butler hesitated. He didn't know if he should say this.

"If you have something to say, say it!" Zhou Anping glanced at the Butler and said.

In the end, the Butler decided to report this to Zhou Anping and said, " old master, I don't know if I should report this matter. However, this servant still has to tell you."

"What's the matter?" Zhou Anping asked in confusion.

"I heard that after the auction, Lord Zhou and Lin Deshan fell out!" the Butler said.

"What's going on?" Zhou Anping immediately said in a serious tone, "Didn't Lin Deshan take out the thousand-year-old ginseng to help Brother Xingfa out of his predicament? Why did he suddenly turn against him?"

The Butler reported, " old master, I heard that old master Zhou was threatened by the third Prince. He asked him to persuade Lin Deshan to hand over the thousand-year-old ginseng. However, Lin Deshan had been kidnapped and disappeared halfway through their journey, and old Zhou suffered the third Prince's wrath.

"Later, when he found out that Lin Deshan's kidnapper was his granddaughter, Lin yuelan, Lord Zhou immediately flew into a rage at Lin Deshan, saying that it was because of him that he had to face the third Prince's anger.

"His words had annoyed Lin yuelan. Then, Lin yuelan immediately exposed him, saying that in order to get the thousand-year-old ginseng for himself, old Zhou had once purposely tried to harm Lin Deshan."

When Zhou Anping heard this, his expression turned dark and terrifying. He asked sternly, " what kind of thing did Zhou Xingfa do to make a man as loyal as Lin Deshan fall out with him? "

The steward said, " after Lin Deshan handed over the 1000-year-old ginseng, Master Zhou arranged two servants to serve him, but he didn't arrange any guards to protect him!"

"Silly!" Zhou Anping immediately said angrily, " why didn't he think about it? if Lin Deshan really handed him the thousand-year-old ginseng, and he died in the Zhou mansion courtyard the next day, everyone would know that he must have tried to steal the thousand-year-old ginseng and harmed Lin deshan.

"Does he think he can escape the blame?"

The Butler remained silent. Zhou Anping then asked sternly, " did Brother Zhou do anything for me while I was being held captive by the Third Prince? "

The Butler was a little hesitant at first, but then he said, " No. Because everyone knows that the old master and old master Zhou are brothers. So, when you were imprisoned by the third Prince, everyone believed that you had offended the third Prince. In addition, there were rumors that you embezzled the disaster relief silver, and the third Prince was here as an Imperial envoy to investigate the case.

"Because of this, it affected old master Zhou's business, causing his business to plummet. He was busy saving his business and didn't have the time to care about your life and death!"

#### 804 A Visit

Zhou Anping's face darkened and he said disdainfully, " Hmph, what an ungrateful wretch!"

He then instructed, " if he comes to see me in the future, reject him. I won't see him!"

"Yes!" The Butler replied respectfully.

Then, he asked hesitantly, " then, master, do you want to accept Lin yuelan's letter of visit? "

Zhou Anping thought for a moment before saying, " Yes! To be able to go against the third Prince and escape unscathed, she is definitely not a simple person. This old master would like to see what kind of power this twelve or thirteen-year-old girl has!"

"Yes, master!" The Butler immediately replied.

At fortune Inn...

Lin Xujie reported to Lin yuelan, " master, Governor Zhou has accepted our invitation!"

Lin yuelan nodded and said, " well, in that case, you should go and prepare. Tomorrow, we will give Governor Zhou a meeting gift!

"Yes, master!" Lin Xujie nodded and left.

Jiang Zhennan asked suspiciously, "Zhou Anping has never liked ordinary people. Why is he willing to see you this time? is there a trap? "

However, Lin yuelan shook her head and said, "no matter what Zhou Anping's reason is, at least I've achieved my goal by having him accept my invitation!"

Jiang Zhennan nodded slightly and said, "Okay, then be careful tomorrow. This old fox isn't someone that can be easily fooled."

Lin yuelan only smiled.

Golden origin auction house, Chen Manor.

"Old master, there are rumors outside that Governor Zhou has accepted Lin yuelan's letter of a visit!" The Chen family's servant reported to Chen Shanbiao.

Ever since he found out that Zhou Anping had been released, Chen Shanbiao's heart had not been calm.

Why?

It was only because Zhou Anping's corruption and bribery charges had been reported by Chen Shanbiao and a few other businessmen.

He had thought that since the Emperor had sent the third Prince as an Imperial envoy to investigate this matter, Zhou Anping's crime would definitely be confirmed. Even without this crime, Zhou Anping was on the crown prince's side, so the third Prince would definitely seize the opportunity to pin a crime on him.

However, Zhou Anping managed to escape from the third Prince's hands safely. What had gone wrong?

Chen Shanbiao might not know, but there is a chain reaction called the "butterfly effect."

This butterfly was Lin yuelan, who had suddenly appeared in Qingfeng city.

Because of Lin yuelan's appearance, Yuwen Feiye focused all his attention on the insignificant Lin yuelan. He had neglected the person he should be dealing with the most, Zhou Anping.

Later on, his reputation in Qingfeng city became worse and worse. In order to protect his reputation, he could only take the things that Lin yuelan had given him and leave in a hurry. How could he care about Zhou Anping?

In reality, this matter would cause Yuwen feiye to regret it in the future.

He had lost a great deal for a small gain!

Chen Shanbiao was now extremely worried that Zhou Anping would pursue this matter. If that was the case, how could he, a businessman, escape this calamity?

However, when he heard that Lin yuelan wanted to visit Zhou Anping and that he had already accepted the invitation, he immediately thought of a plan and said to the housekeeper, "housekeeper, go and prepare some valuable gifts. I want to visit the young master of Lin's medicine hall!"

In fact, he had only secretly harmed Zhou Anping. He had not done anything to Lin Deshan and Lin yuelan.

Therefore, if Governor Zhou could accept Lin yuelan's visit, it would mean that Lin yuelan had extraordinary skills and was highly skilled in medicine. There were countless people who had requested her help.

Therefore, Lin yuelan might be the only one who could save him.

However, he was also certain that he would have to pay a huge price after this.

However, he didn't care about this. As long as he could save his life and the Chen family, he was willing to pay any price.

...

"Master, the boss of the gold origin auction house, Chen Shanbiao, has come to visit you. Are you going to see him or not?" Lin xujie reported to Lin yuelan.

Lin yuelan and Jiang Zhennan were playing chess. When they heard Lin xujie's report, they immediately asked in confusion, "Chen Shanbiao from the Jin Juyuan auction house?"

Lin xujie immediately explained, "Jin Juyuan auction house and Guangju Lake auction house have always been competitors."

Lin yuelan's right hand held a white chess piece and asked, "Chen Shanbiao and Zhou Xingfa?"

"Yes!" Lin Xujie said.

When Lin yuelan heard this, she was very puzzled and said, "that's strange. Why did Chen Shanbiao suddenly visit me? I don't remember him having any friendship with grandfather, and he has no enmity with grandfather."

Lin Xujie didn't understand either. He said, "Chen Shanbiao has brought a very valuable gift to visit you." His master was a money-grubber. "It's the horn of a rhinoceros, the big pearl of the deep sea, and the night Pearl of the South Sea!"

As expected...

Lin yuelan threw the chess piece in her hand away, stretched her back, and said, " Oh, since this Chen Shanbiao is so sincere and brought such a valuable thing to my door, it seems a little unreasonable for me not to see him. Besides, I'm still a little girl. It's disrespectful for me to ignore him."

Jiang Zhennan and Lin Xujie's lips twitched when they heard her words.

Her words were only to deceive outsiders. As for them, they were very clear that she had taken a fancy to the gifts that Chen Shanbiao had brought.

805 A Price

When Chen Shanbiao saw Lin yuelan, he was stunned.

This person was even younger than he had imagined, and at such a young age, her facial features were stunning and unforgettable.

In fact, none of this was important. What was important was that Lin yuelan's aura was very sharp and powerful, as if she had the demeanor of a superior who looked down on others.

This caused Chen Shanbiao's heart to tremble.

At the same time, he also understood why Lin yuelan could cause such a big commotion in Qingfeng city in such a short time.

Firstly, she had fought with the third Prince several times at the Guang ju Yuan auction.

Secondly, it allowed Lin medicine Hall to quickly build up a superior reputation in a short period of time so that there was no one who did not know about Lin medicine Hall.

Thirdly, it was even more incredible. She became sworn siblings with the richest man in the country, Liu Yichen, and was friends with the richest man in Qingfeng city. Although these two did not have any real power, they were rich. Furthermore, Liu Yichen was an impressive figure in front of the Emperor.

To an ordinary person, if any one of these three things happened to them, it would be a big event that would shake Qingfeng city.

However, all three of these things happened to the same person.

Lin Yuelan was both high-profile and low-key.

The reason for her high profile was that everyone in Qingfeng city knew that Lin yuelan was a descendant of the Lin family, the granddaughter of Lin Deshan. She had returned to Qingfeng city with the purpose of revenge.

She kept a low profile because many people had never seen her before. They only saw her occasionally, and she always wore a veil so that no one could see her true appearance.

Thus, when Chen Shanbiao saw Lin Yuelan's true appearance without a veil, he couldn't hide his shocked and stunned expression.

This caused Jiang Zhennan to be dissatisfied.

Jiang Zhennan's cold face immediately became even colder. When his sharp eyes shot at Chen shanbiao, it was as if they wanted to penetrate him.

Jiang Zhennan coughed a few times coldly and then said sarcastically, " boss Chen, are you going to continue to be a blockhead standing there?"

That was an interesting description. Lin yuelan thought to herself that Jiang Zhennan could actually use cold humor.

While Chen shanbiao was in a daze, he felt two sharp cold lights shooting at him. His entire body was cold, causing him to shiver uncomfortably.

Of course, this made him react quickly, and he immediately realized his lack of manners.

He stepped forward and apologized, " I'm sorry, young miss Lin. It's my first time meeting you, and I've been shocked by your beauty and brilliance. Please forgive me for my rudeness!"

Lin yuelan first nodded gently, indicating that she accepted his apology. Then, she went straight to the point, " may I know why Boss Chen has come to find me? "

Chen shanbiao was stunned again. Lin yuelan's straightforwardness had exceeded his expectations.

He had prepared a lot of arguments to deal with her.

Since Lin yuelan had come straight to the point, he didn't beat around the bush and went straight to the point.

However, when he looked at Jiang Zhennan, who was standing beside him, he hesitated.

Lin yuelan saw his apprehension and said directly, " boss Chen, if you have something to say, just say it!" This meant that she didn't treat Jiang Zhennan as an outsider.

Chen shanbiao understood Lin yuelan's meaning.

He didn't hesitate and said with a bitter expression, " young miss Lin, I'm here to ask you to save my life. I'll definitely repay you greatly!"

Lin yuelan asked in confusion, " boss Chen, do you have any hidden or major illness? But when I look at you, other than your complexion not looking very good and a little haggard, I don't see any illness on you."

Chen Shanbiao heard Lin Yuelan's words and immediately reacted. Lin Yuelan was not only the young master of the Lin pharmacy, she was also a young doctor with great medical skills. Many people also called her a young Divine Doctor.

That was because those patients who were on the verge of death would immediately come back to life after being treated by her.

It was said that many patients had recovered. Some of these patients were poor people who were treated for free, while others were rich people who paid thousands of gold coins for a single consultation.

Chen Shanbiao immediately shook his head and explained with a bitter smile, " young miss Lin, I didn't mean it that way."

If he were really sick, he wouldn't have to be so worried.

Immediately after, he said, " I heard that Governor Zhou has already accepted young miss Lin's invitation and you will be visiting Governor Zhou tomorrow, right? "

806 A Price

Lin yuelan didn't hide anything. "indeed. But does this have anything to do with boss Chen?"

Chen shanbiao smiled bitterly and said, " yes. This is exactly why I'm here."

Lin yuelan asked curiously, " Oh? Why don't you tell us about it, boss Chen?"

Chen Shanbiao nodded, " alright!"

Then, he began to talk about it.

Originally, the Jin Juyuan auction house and the Guang ju Yuan auction house were the two largest auction houses in Qingfeng city.

The guang juyuan auction house had the support of Governor Zhou. In order to curry favor with Governor Zhou and give him face, people would naturally give face to guang juyuan and do business there.

Jin Juyuan's Chen Shanbiao was purely a businessman without any backing, but he also had his own connections. He could get his hands on all kinds of rare treasures. These treasures naturally attracted the interest of the upper echelons of Qingfeng city. Naturally, this business would not be too bad.

However, the difference started with the auction of the milkvetch flower at guang juyuan.

The sudden appearance of the milkvetch flower in Guang ju Yuan auction house immediately attracted everyone's attention. This item was even bought by the richest man, Li Fazhi, at a high price.

Because of the milkvetch flower, Guangju Yuan's reputation seemed to have risen to a new level. After that, their auction items were all smooth sailing, and their business was booming.

On the other hand, Jin Juyuan's business was getting worse and worse. All the staff members were sighing and looking at their competitors making money.

As the boss, Chen Shanbiao was so anxious that his hair turned white overnight.

Later on, someone came over to remind him that if Jin Juyuan continued like this, it would close down, while Guang ju Yuan would continue to expand until it became the Overlord of Qingfeng city.

Rather than waiting for death, it was better to find the other party's weakness and let them die first.

Just like that, Chen Shanbiao sent people to search for the source of the milkvetch flower, and at the same time, he followed the other party's instructions to collect evidence of corruption and bribery of the boss behind Guangju Yuan.

Then, after he found the so-called evidence, he immediately had people send it to the capital's Ministry of Justice, and these people would present it to the Emperor.

Not long after, a decree came from the capital. The third Prince, Yuwen feiye, was an Imperial envoy to Qingfeng city to investigate the matter.

As expected, the moment this news came out, Guangju Yuan's business was greatly affected.

Chen Shanbiao knew that the boss of Guangjuyuan, Zhou Xingfa, would definitely find a rare treasure to save Guangjuyuan's business and reputation. Therefore, he would definitely look for the person who sold him the milkvetch flower.

The truth was just as he had expected. The subordinate he sent to follow Zhou Xingfa reported that he had indeed gone to find the person who sold Guangjuyuan the milkvetch flower.

However, he had never expected that the person would be Lin Deshan, who had disappeared twenty years ago.

After that, Lin Deshan rushed over to help Zhou Xingfa.

Lin Yuelan was well aware of the series of events that happened after that.

After hearing Chen Shanbiao's description, Lin Yuelan immediately understood what he meant. She said sharply, "boss Chen, you said you needed me to save you. Are you talking about how you framed Governor Zhou? Now that Governor Zhou had come out safe and sound, he would definitely investigate the person who had reported him. You think you can't escape, so you came to me?"

Chen Shanbiao was a little embarrassed and said, "that's right."

However, Lin Yuelan immediately asked sharply, "but, boss Chen, what makes you think I'll help you? First, I have no relationship with you; Second, I have no relation or friendship with Governor Zhou. Let's not talk about whether or not I can help, but even if I can, why should I help you?"

Chen Shanbiao knew about this matter. It was indeed very difficult to ask Lin Yuelan for help. However, since Governor Zhou had accepted Lin Yuelan's invitation, she was his only hope. Therefore, he had come to Lin Yuelan with this slim hope.

Chen Shanbiao shyly pleaded with a glimmer of hope, "young miss Lin, although this matter is very difficult for you, you are my only hope. Young miss Lin, I beg you, please save me. Even if you want me to pay any price, I am willing!"

Lin Yuelan pondered for a moment and asked seriously, "boss Chen, if I can really save you, are you willing to pay any price?"

Hearing Lin yuelan's question, Chen Shanbiao's pleading eyes immediately lit up. He answered without thinking, "of course I'm willing!"

Lin yuelan nodded slightly, but then she asked, "boss Chen, you know that I, Lin yuelan, am the granddaughter of Lin Deshan. I've been staying in Qingfeng city in my grandpa's place all this time to clear the name of the Lin family twenty years ago, and then take revenge!"

"I will take revenge on all those who framed the Lin family, let the Lin family down, and hit the Lin family when they were down. The Zeng family was a good example."

"I wonder if boss Chen has ever done anything to let the Lin family down twenty years ago?"

Chen Shanbiao immediately shook his head, "no, definitely not. Young miss Lin, you must believe me!"

Back then, he didn't lend a helping hand, nor did he hit the Lin Family when they were down. He only stood at the side.

Lin Yuelan wouldn't take revenge on him for that, right? Chen Shanbiao thought to himself suspiciously.

Lin yuelan nodded and said, "that's good. If I find out that you had any ill intentions back then, then not only will Governor Zhou want your life, even I will not let you off easily, do you understand?"

Chen Shanbiao nodded and said, "yes, I know, I know!"

"Alright, I'll help you with this." Lin yuelan nodded and said, "however, you have to pay the price!"

"Do tell, young miss Lin!" Chen Shanbiao said anxiously.

## 807 Trade Conditions

When Chen Shanbiao returned once again, he was holding a few contracts in his hands. He said very respectfully, "young miss Lin, these are the house and land deeds of my gold origin auction house. Please take a look!"

That's right, the price Lin yuelan wanted Chen shanbiao to pay was the gold origin auction house.

Previously, Lin yuelan saw that Zhou Xingfa had fulfilled his promise and did not let any forces find out the origin of the milkvetch flower. Lin yuelan was interested in long-term cooperation with him. Plus, he had decades of friendship with Lin deshan.

However, Zhou Xingfa's selfishness and greed caused his relationship with lin deshan to fall apart. Lin yuelan would not let him off so easily.

Therefore, she decided to set up an auction house. After all, she had a lot of rare treasures. If she sold them through the auction, she would make a lot of money. Lin yuelan naturally didn't want to miss this opportunity to make money.

To her, she didn't need many auction houses. As long as there was one that achieved good quantity and quality, it would be enough!

Since there was a ready-made auction house, she didn't need to waste her effort to find land, connections, and resources.

She, Lin yuelan, had never been a good person. She was not related to Chen shanbiao and had no friendship with him. She had promised to save his life and protect the Chen family, so Chen shanbiao must pay the price.

Lin yuelan only glanced at the things Chen shanbiao took out and did not take them.

She picked up the hot tea, opened the lid, and blew on it. Then, she took a light sip, put down the teacup in her hand, and said lightly, "boss Chen, I want the auction house in your hands and you as a person. I wonder if you agree?"

Chen Shanbiao was a pure businessman, but this businessman had a lot of connections and resources. If she just let him go, it would obviously be her loss. Therefore, Lin yuelan decided to use him too.

Jiang Zhennan, who had been sitting next to her and drinking tea, was once again shocked by Lin yuelan's words and actions.

Why did he feel that this scene was so familiar?

Oh, that's right. When Zhang yuanbin sold himself to bury his father, Lin yuelan also said the same thing when she gave him silver.

Therefore, based on his understanding of Lin yuelan, she must have taken a fancy to some aspect of Chen shanbiao when she said those words. Or rather, Chen shanbiao had some value.

Jiang Zhennan understood Lin yuelan, but Chen shanbiao didn't.

Therefore, after hearing Lin yuelan's words, he was stunned.

After that, he first looked at Lin yuelan with a strange expression. Then, he turned his head and looked at everything that his eyes could see.

His expression was very strange and suspicious. He was obviously big and burly, and there was nothing about him that could be considered handsome. Besides, with his age, he was about the same age as Lin Deshan and could be Lin yuelan's grandfather.

So, why would Lin Yuelan want to buy him?

Looking at Chen shanbiao's strange expression, Jiang Zhennan immediately understood that Chen shanbiao had misunderstood Lin yuelan's meaning.

His face darkened, and he immediately felt uncomfortable.

He immediately turned to Chen shanbiao and said coldly, "Hmph, you don't have to think too much. Miss Yue 'Er didn't mean it that way!"

Chen Shanbiao's old face turned red. It seemed that he was overthinking.

He asked, a little embarrassed, "then, young miss Lin, what do you mean by this?"

Lin yuelan said directly, "to tell you the truth, boss Chen, as you know, I'm new here and have no connections or resources. I have to find someone to manage the auction house from scratch!"

At this point, Chen Shanbiao somewhat understood Lin yuelan's meaning.

His face immediately turned slightly pale.

He was begging Lin yuelan to save his life, but he had no intention of selling himself to be her slave.

Although merchants were low in status, they at least had personal freedom.

If he became a slave, he would be equivalent to a dog.

In his mind, he would rather die than be a dog slave.

When he thought of this, Chen shanbiao asked hesitantly, "young miss Lin, do you want me to sell myself to you and help you manage this auction house?"

However, Lin yuelan shook her head and said, "boss Chen, you're right and wrong!"

Chen Shanbiao was immediately suspicious. He asked in a hurried tone, "young miss Lin, what do you mean?"

Lin yuelan's cold voice sounded in the room. She said, "boss Chen, I want you to continue to help manage the auction house. However, you have many ways to help me. You don't have to sell yourself to be my slave, right?"

Chen shanbiao's heart immediately became excited. However, he suppressed his own emotional fluctuations and asked nervously, "what do you mean by this?"

Lin yuelan didn't beat around the bush and said directly, "what I said is that we can cooperate! You'll transfer your jin juyuan auction house to me, but I'll still need your connections and resources. As such, I'll give you 20% of the profits if you continue to manage the auction house."

In modern terms, Lin yuelan owned 80% of the jin juyuan auction house's shares, while Chen shanbiao owned 20%.

Chen Shanbiao jumped up from his seat, his expression rather agitated. He asked in disbelief, "Young master Lin, is what you said true?"

Although he didn't intend to become a slave, after transferring the jin juyuan auction house to Lin yuelan, it could be said that he had nothing left.

Even if he wanted to start over, he couldn't do it in Qingfeng city.

He had already made up his mind to leave his hometown and develop his career outside. However, Lin yuelan had given him such a good opportunity, and he simply couldn't refuse.

Lin yuelan nodded and said, "of course. It's just that..."

Her tone was full of stern warning.

She said, "it's just that I hate betrayal and greed very much. Whether it's my subordinates or business partners, I have ways to make those who betray me wish they were dead! Boss Chen, do you understand what I said?"

Chen Shanbiao looked at Lin yuelan's proud and sharp aura. His heart trembled. He was shocked, and fear and respect gushed out from his heart.

At this moment, he was deeply aware that despite Lin yuelan's young age, she had the ability to solve any problem.

Therefore, she could not tolerate betrayal. She would choose to take revenge!

And this method of revenge was perhaps really difficult for him to imagine.

Chen Shanbiao immediately replied, "Young master Lin, I, Chen Shanbiao, have been in the business world for decades. Although I'm not a good person, my only strength is my sincerity and integrity. As long as you, young master Lin, promise to save the Chen family, then I, Chen Shanbiao, will not be an ungrateful person who would commit such a shameless betrayal.

"If I break my oath, I'll let young master Lin deal with me as she wishes, or I'm willing to be struck by lightning!"

Ha, another strike of lightning!

Lin yuelan rolled her eyes in disdain.

However, the good thing was that even if the heavens didn't want to strike the traitors, she could do it herself.

Who asked her to be so talented and possess the ability of lightning?

Lin yuelan's expression relaxed, then she smiled and said, "Well, boss Chen is indeed a forthright person. Since you don't have any objections, then our cooperation is settled!"

Chen Shanbiao heaved a sigh of relief and nodded, "of course!"

But then he thought of another problem and said, "Young master Lin, although I have connections and resources, I'm too old to manage it for long."

When Lin yuelan heard Chen Shanbiao's words, she was slightly stunned. Only then did she remember that Chen Shanbiao and Lin Deshan were both in their forties or fifties.

But Lin deshan had left everything to Lin yuelan and didn't care.

For Lin yuelan who came from the future, a man in his forties or fifties was still middle-aged. She didn't consider Chen Shanbiao old yet.

Lin yuelan smiled and said, "It's okay, boss Chen! At most, you just need to help me manage it for one or two years and help me train another manager. However, I don't have anyone by my side right now. I wonder if boss Chen has anyone in mind?"

Chen Shanbiao was a little hesitant as he asked, "Young miss Lin, can the son inherit the father's business? "

## 809 Trade Conditions

Hearing this, Lin yuelan's lips immediately curved up slightly, and she asked with interest, " Oh, a son inheriting his father's business? How many sons do you have? Could it be that your son is willing to turn the auction house that originally belonged to him into someone else's and not intend to take it back?"

Chen Shanbiao immediately shook his head, " no, no, no, I only have one son. This son of mine is an honest and loyal person who understands right and wrong and can clearly distinguish between gratitude and grudges. As long as he knows the reason for the transfer of the auction house, he will definitely be loyal and will not have any ambitions or betrayal!"

This time, Lin yuelan was even more interested. "your son is honest and loyal? However, boss Chen, you should know that people who muddle around in the business world will spit out the bones of honest people. Can such a person manage everything in the auction house?" Lin yuelan asked suspiciously.

Chen Shanbiao immediately denied, " no, young master Lin, this son of mine is honest and loyal by nature, but he has a talent for business."

Was there such a weirdo?

Lin yuelan immediately nodded with interest and said, " alright. After I help you resolve this crisis, you can bring your son to me!"

The businessmen in the business world were generally all deceitful. Maybe nine out of ten words were lies, and one word of truth might be to lure you into an ambush.

Therefore, she was now very suspicious. Was this honest and sincere person really an honest and sincere person?

In the end, Chen shanbiao could only bring back the title deeds of the auction house and land. Then, he waited for Lin yuelan's news at home.

After Chen shanbiao left, Jiang Zhennan smiled and said, "Miss Yue 'Er, congratulations on getting another shop!"

Lin Yuelan smiled and said, "Masked uncle, don't you have such confidence that I can persuade Zhou Anping to let Chen Shanbiao go?"

Jiang Zhennan nodded and said, "I know that as long as Miss Yue 'Er wants to do something, she will definitely do it! From what I've heard, it is almost impossible for

Governor Zhou to let Chen Shanbiao off. After all, Chen shanbiao's scheme could very well lead to the extermination of Zhou Anping's entire family.

"However, if you were to resolve this matter, the impossible would immediately become possible!"

Lin yuelan smiled and asked, " masked uncle, why are you so confident in me?"

Jiang Zhennan shook his head and said seriously, " I have never doubted your ability since the first time I saw you!

However, at that time, they had been fooled by this Lin yuelan, and she had even taken so much money from them.

One umbrella cost one tael of silver. Thinking about it now, it was funny.

She was 12 years old then, but she told them that she was only seven.

Indeed, at that time, she was as thin as a stick, her face was sallow, and she was only as tall as a seven or eight-year-old child. So, it was normal to think that she was only seven years old.

When Jiang Zhennan thought about the past, the expression on his face became gentle and delicate. That faint smile of his made people wonder.

Lin yuelan asked curiously, " what's wrong, masked uncle? Is there something funny? "

After Jiang Zhennan reacted, he immediately shook his head and said, " it's nothing!"

If he were to tell her now that it was because he was thinking about their past, she would probably be mad.

"Miss Yue 'Er, I'm planning to leave Qingfeng city and return to the capital tomorrow!" Jiang Zhennan said reluctantly.

Lin yuelan's reaction was very mild. She nodded her head lightly and said, " Oh. Have a safe journey!"

Jiang Zhennan wanted to ask her if she really didn't want to go to the capital with him for the new year.

But after thinking about it, he still didn't ask.

His current identity and Lin yuelan were just ordinary friends. He didn't know what other identity he could have that would be suitable to invite Lin yuelan to the general's residence for the new year.

That was unless Lin yuelan was his fiancée or wife!

However...

Jiang Zhennan sighed in his heart unwillingly.

Jiang Zhennan left Qingfeng city the next day.

After Lin yuelan bid farewell to Jiang Zhennan, she went to the governor's mansion according to the time.

However, she did not know if Governor Zhou was deliberately testing her or making things difficult for her. In any case, after she was welcomed into the governor's mansion, she waited in the living room for a full two hours before Governor Zhou arrived.

Lin yuelan was very patient.

Seeing Governor Zhou come out, Lin yuelan stood up and asked, " Governor Zhou, I see that your face is slightly blue, your skin is dark yellow, the corners of your eyes are slightly red, and your eyes are dark. When you walk, do you feel a little tired and weak? Do you sometimes feel that you can't lift up your hands? "

## 810 Governor Zhou's Illness

Zhou Anping and the Butler were shocked when they heard Lin yuelan's words. The Butler was especially excited as he said, "You're right. The old master often has such symptoms, but we have invited many famous doctors in Qingfeng city to treat him, but they can't find anything.

"May I ask, young miss Lin, what illness is my old master suffering from?" The Butler asked worriedly.

Lin yuelan did not immediately make a conclusion. Instead, she said to Zhou Anping very seriously, " Sir, may I take your pulse first? "

It was as if Lin yuelan didn't remember that she was a guest but had treated herself as a doctor.

Hehe, but Lin yuelan was a narrow-minded person, so how could she forget the embarrassment Zhou Anping had given her?

She was just looking for an opportunity to take revenge.

After hearing Lin yuelan's words, Zhou Anping walked to his seat and stretched out his right hand suspiciously. It was obvious that he had agreed for Lin yuelan to take his pulse.

Lin yuelan sat beside him and stretched out a small hand. Her white and tender fingertips touched Zhou Anping's pulse.

A moment later, Lin yuelan said to Governor Zhou, " Your Excellency, your condition is very similar to the symptoms recorded in one of my medical records. I must go back to find that record and confirm it. My Lord, farewell!"

After saying that, Lin yuelan turned around and was about to leave.

The Butler was immediately anxious. He hurriedly called out to him, "Young master Lin, what illness is my old master suffering from? "

Judging from Lin yuelan's tone, the illness seemed to be very serious, and it was a rare illness.

It was no wonder that none of the famous doctors in Qingfeng city had noticed this.

Lin yuelan turned around and shook her head. "housekeeper Zhou, I'm not too sure right now, so I have to go back and confirm it."

Then, with a very serious expression, she said as if she was talking to herself, " if it's really the kind of illness I'm thinking of, then it's bad!

These words were not clear, but they also made people anxious and frightened.

Hence, even though Zhou Anping looked calm, he was actually more anxious than housekeeper Zhou.

After all, this was related to his own illness.

Zhou Anping's voice immediately became a little anxious as he asked, "Young master Lin, what illness did I get? "

However, Lin yuelan shook her head and said, " I'm sorry, Your Excellency. Before I confirm your condition, I can't say anything. After everything was confirmed, I will report it to you! Lord Governor, farewell!"

Then, under housekeeper Zhou and Zhou Anping's anxious eyes, Lin yuelan hurriedly left the governor's mansion.

Seeing Lin yuelan about to disappear, housekeeper Zhou pointed at her back and said angrily and anxiously, " old master, this..."

This person was too impudent.

Wouldn't it make people anxious to leave like that?

However, for Zhou Anping to be able to get the position of governor and be called an "old fox" by Jiang Zhennan, it could be seen that his intelligence was not low. On the contrary, he was a very shrewd person.

Lin yuelan didn't even greet him. She just told him about his symptoms and condition. Then, she made him feel anxious and worried.

He immediately understood that Lin yuelan was dissatisfied with the Zhou family's neglect and cold treatment, so she was now taking revenge.

However, even though he knew that this was revenge, he was helpless.

Who asked him to be ill?

Housekeeper Zhou was very dissatisfied with Lin yuelan's departure. At the same time, he was also suspicious of her words.

He said, "old master, your body must be fine. This Lin yuelan must be talking nonsense. This servant will go and find the best doctor in Qingfeng city for you!"

Zhou Anping waved his hand and said, "haven't you been hiring a few famous doctors for me these past few days? But you should know better than me what they said, right? Not a single one of them could see my illness, and all of them were frowning and sighing. They even suggested that I go to Lin's medicine Hall to have a look."

When the housekeeper heard this, he also thought of what the doctor had said before, and his expression immediately became worried.

He said unwillingly, "Old master, maybe they can see something now."

Zhou Anping said, "That's fine. Go and get a doctor to take a look at me!"

### **811 Governor Zhou's Illness**

After that, housekeeper Zhou invited a few doctors to take Zhou Anping's pulse. However, the situation was the same as before, and they could not detect anything.

Housekeeper Zhou was puzzled. "Doctor Zhang, you really can't tell what illness the old master has? "

Doctor Zhang shook his head and said, "Housekeeper Zhou, this old man's medical skills are shallow. I can only see that the governor has an illness, but I can't diagnose what illness the governor has. I'm sorry, Governor!"

Housekeeper Zhou asked worriedly, "Then, will His Excellency's illness be life-threatening? "

In fact, with the level of medical skills in ancient times, even a small cold could be fatal, not to mention that it was a difficult-to-treat illness.

There was no way to treat such an illness without knowing the details. It could take a person's life at any time.

Doctor Zhang shook his head and said, "Housekeeper Zhou, Your Excellency, forgive this old man's lack of medical skills, but I really can't tell. However,"

Then, he changed the topic and suggested, " I heard that the doctors of Lin's medicine Hall, especially young master Lin, have superb medical skills and have saved many seriously ill patients. So you can invite her to come over and have a look. She may be able to find the cause of the illness!"

As soon as Doctor Zhang finished speaking, housekeeper Zhou and Zhou Anping's expressions changed slightly.

Seeing the two of them change expressions at the same time, Doctor Zhang realized that he might have said something wrong.

He packed his medicine box and said goodbye to the two of them, " Your Excellency, I'm very sorry! This old man will take his leave!"

...

They had heard that Governor Zhou was seriously ill and had already invited several famous doctors, but none of them had been able to figure out the cause.

The governor's mansion sent a few servants to Fortune Inn to invite Lin yuelan to the governor's mansion for a chat, but they were all rejected by Lin yuelan on the grounds that she was still investigating the governor's illness.

The Governor and housekeeper Zhou were both anxious and helpless. They could only secretly worry and patiently wait for Lin yuelan's reply.

In fact, the two of them were already very clear. Lin yuelan was clearly expressing her dissatisfaction.

Housekeeper Zhou said angrily, "My Lord, Lin yuelan is really too much! What right does she have to reject the governor's mansion's invitation again and again?"

However, Zhou Anping shook his head and said, "Butler, you're too impatient!" Then, he said, "Lin yuelan clearly knows the third Prince's identity, but she can still go against him time and time again. It can be seen that she is a strong, confident, and fearless person. As a matter of fact, the third Prince had run back to the capital with his tail between his legs while she was unscathed. She is a capable person. It's true that we've been neglecting her before, so it's only right that she's dissatisfied.

"Most importantly, your master's life is still in her hands. Since she has sent me a visiting note, it means that she intends to be on good terms with me. In addition, as long as she can cure me, I will owe her a huge favor.

"How could she let go of such a good opportunity? Therefore, I believe that she will not just stand by and watch me die. So, what we need to do now is to wait patiently!"

Zhou Anping's analysis was very thorough, and the facts were as he had analyzed.

...

Lin xujie looked at his master, who was drinking tea leisurely, and said worriedly, "master, can we reject the governor's mansion's invitation again and again?"

There was a rumor going around that the young master of Lin's medicine hall was busy looking for the governor's illness and refused to meet the governor. At this moment, she was leisurely drinking tea and watching the crowd outside. No one knew what she was thinking.

The longer he followed Lin yuelan, the more he didn't understand her way of doing things. However, there was one thing he was clear about. This master did things as she pleased and was uninhibited. Everything depended on her mood.

Lin yuelan smiled and said, "I have always been someone who doesn't want to suffer losses. This time, when I went to the governor's mansion, I was ignored and neglected by them for two hours. It made me a little annoyed. When I was annoyed, I was in a bad mood. If I'm in a bad mood, I'll do things slowly."

Lin xujie's mouth twitched.

She was clearly a person who did great things, but her mind was calculative about the smallest things. It made the people around her helpless.

## 812 Governor Zhou's Illness

What he hated was that Lin deshan had been too heartless.

He was only greedy for a moment. After that, he sent people to protect him, and he was fine. Did he have to be so ruthless and break off their friendship just like that?

Also, the third Prince was venting his anger on him and even threatened his life. He was forced to sell out his friends. This was only human nature, so was there a need to be so angry and disappointed in him?

In Zhou Xingfa's mind, Lin Deshan was petty and narrow-minded.

If Lin Deshan knew what he was thinking, he would probably sigh in disappointment.

Selfish people would only think about themselves.

With the Lin medicine hall in the limelight, Lin yuelan, the young master, was also someone the upper-class nobles of Qingfeng city fought to befriend.

Putting aside the rare treasures that would appear in the Lin medicine hall from time to time, Lin yuelan's identity as a reincarnated immortal and her superb medical skills were also the reasons why they wanted to be on good terms with her.

That was because no one could guarantee that they would not get sick for the rest of their lives.

Of course, Zhou Xingfa didn't want to miss out on such a good connection.

However, when he brought gifts to Lin yuelan, they were all rejected by her servants.

Just as he was feeling angry and anxious, he heard that Governor Zhou was seriously ill and also needed Lin yuelan's help. His brows furrowed slightly, and he had an idea.

He instructed the servants, "Go and prepare a generous gift. I want to go and see my cousin!" The cousin he was referring to was naturally Zhou Anping.

However, when he brought the gifts to Zhou Anping's house, he was completely surprised that the people from the governor's mansion refused to let him in.

This made him puzzled.

### 813 The Deal with Li Fazhi

“Master, young master Li Fazhi is here to visit you. Are you going to see him or not?”  
Lin Xujie reported to Lin yuelan.

Lin yuelan nodded and said, ” let him in!”

To be honest, she didn’t have a deep friendship with li Fazhi, except for the time they met on the boat at Qingzhou Lake.

She didn’t know why he had come this time.

After li Fazhi came in, he was a little stunned when he saw Lin yuelan, whose skin and facial features were even more beautiful after a ray of sunlight shone in.

Then, he smiled and said, “If the people outside knew that young master Lin, who rejected the governor’s mansion’s invitation on the grounds of researching the illness, is now sitting in the private room and looking at the scenery outside in such a relaxed mood, I wonder what their expressions would be like? ”

Lin yuelan turned her head and smiled. “but the people outside don’t know, do they? ”

Li Fazhi walked to the other side of Lin yuelan’s table and sat down. He looked around and asked, “Sister Lin, why isn’t your personal bodyguard here? ”

In fact, with his many years of experience and insight, he could tell at a glance that the so-called bodyguard beside Lin yuelan was definitely not a simple person.

Therefore, he asked this question to test the waters.

Lin yuelan smiled and replied, ” well, it’s almost the end of the year, so I gave him a break. What’s the matter, brother li?”

Li Fazhi shook his head gently and said, “I was just curious.”

Lin yuelan said with a faint smile, ” since when did the head of the Li family, the richest family in Qingfeng city, become so interested in an ordinary person? ”

Li Fazhi replied, “because I saw how protective sister Lin was of a personal bodyguard.”

Lin yuelan understood li fazhi’s insinuation, but she didn’t think that li Fazhi was a threat to her, so she just pretended to be confused.

Lin yuelan asked, " that's enough, big brother li. You don't come here without a reason. Tell me, what do you want from me? "

Lin yuelan had always been direct. She didn't think there was a need to be polite with li Fazhi.

Li Fazhi had never planned to be friends with Lin yuelan. Lin yuelan knew that, so she wouldn't try to go in circles.

To her, the depth of her relationship with li Fazhi didn't affect her interests at all.

Li Fazhi suddenly asked in a serious tone, "Sister Lin, is Governor Zhou really seriously ill? "

His interests were closely linked to Governor Zhou's. Therefore, Zhou Anping's safety would directly affect the future development of the Li family.

Lin yuelan didn't mind doing li Fazhi a favor. She nodded and said, " that's right. His condition is very serious. If he isn't discovered and treated, he will only live for three months at most."

When he heard that he could only live for another three months, li fazhi's pupils shrank in disbelief.

He asked in shock, " what illness does he have? How could it be so serious?"

Lin yuelan glanced at him and said, " stagnant water in the liver and abdomen!" This kind of illness could be detected with modern equipment. However, ancient medical science was backward. People who had not reached a certain level of medical skills could not detect it by only checking the pulse.

Li Fazhi was slightly stunned and asked in confusion, " what kind of illness is this? How come I've never heard of it before?"

Lin yuelan said, " for this kind of disease, to put it bluntly, there is a large bag of water in the liver and lower abdomen. If the water is not taken out, it will be life-threatening at any time."

Li Fazhi didn't understand these things. He asked directly, " can this illness be cured? "

Lin yuelan smiled and asked without answering, " I wonder who brother li is asking this for? " This insinuation was very clear.

This meant that if li Fazhi asked for his own benefit, Lin yuelan might tell him. If it was on Governor Zhou's behalf, she would not answer.

This was because it involved her own interests.

Li Fazhi's eyes were slightly wrinkled. Only now did he clearly realize that this twelve or thirteen-year-old child was not simple. No wonder she was able to anger the third Prince, Yuwen feiye, so many times that his face turned green, and still continue to stay in Qingfeng city.

This also explained why Liu Yichen, who had always been mysterious and arrogant, would become her sworn brother.

Li Fazhi thought for a moment and said, " I'm asking for myself!"

#### 814 The Deal with Li Fazhi

Lin yuelan nodded and said confidently and arrogantly, " Governor Zhou's illness might not be cured by anyone else, but it's a very simple case for me. It's easy to cure him."

Li Fazhi asked in surprise, " then why did you ...? Then why did you refuse to treat Governor Zhou so many times?"

Lin yuelan understood what li Fazhi was asking. She supported her chin with one hand and played with the small cup with the other. She looked out of the window and said indifferently, " I've always looked at my mood when I treat people. If I'm in a good mood, I'll treat people. If I'm in a bad mood, I don't want to treat people. It just so happens that I've been in a bad mood ever since I left Governor Zhou's mansion, so isn't it normal for me to reject them?"

Li Fazhi immediately understood what was going on after hearing Lin yuelan's words.

When Lin yuelan went to visit Governor Zhou, the people in the manor, or Governor Zhou, made things difficult for Lin yuelan.

This made Lin yuelan very unhappy, so she decided to toy with Governor Zhou.

Li Fazhi's heart trembled.

As the ancients said, it was better to offend a gentleman than a woman!

Even if she was still a child, it could not be denied that Lin Yuelan was a woman.

Hence, at this moment, li Fazhi could only silently sympathize with Governor Zhou who had offended this despicable woman.

Li Fazhi laughed. "it seems like Governor Zhou will have to live in fear for a few days." He was sure that Lin yuelan would not let Governor Zhou die.

If Lin yuelan had not intended to befriend Governor Zhou from the start, she would not have visited him.

However, Lin yuelan was a proud person and would not be willing to suffer even the slightest grievance. Therefore, she took revenge for the little grievance she had suffered.

Lin yuelan didn't answer him, but asked again, " brother li, do you have anything else to ask me besides this? "

Li Fazhi also said, " I heard that you have a lot of treasures, so I came to ask for one or two."

Lin yuelan asked directly, " what treasure do you want? "

Li Fazhi asked, " I heard that the milkvetch flower and the thousand-year-old ginseng at the auction were yours. The 500-year-old ginseng and 300-year-old Lingzhi that the third Prince took away were also your gifts to him? "

Lin yuelan nodded and said, " that's right."

Li Fazhi's pupils shrank again after he got the confirmation. He suddenly asked excitedly, " do you have the Millennium Snow Lotus? "

"Millennium Snow Lotus?" Lin yuelan asked.

Millennium Snow Lotus was a medicinal herb as precious as the thousand-year ginseng.

However, the thousand-year-old ginseng was life-saving, while the thousand-year-old snow Lotus was for preserving one's appearance. In other words, taking this medicine would slow down one's aging and preserve one's youth. It had similar effects to the milkvetch flower.

However, the milkvetch flower could only delay aging for ten years. On the other hand, after eating the Millenium Snow Lotus, other than making one look younger, one would remain in this state until death.

Of course, after eating this, other than aging, one would still fall sick and die.

Therefore, this thing was something that those who loved beauty crazily pursued.

It was as rare as a thousand-year-old ginseng,

But why would li Fazhi want this thing ...

Li Fazhi nodded and said, " I know that snow lotuses appeared in your shop earlier. So, I'd like to ask, do you have the Millennium Snow Lotus?"

Lin yuelan didn't answer him but looked at li Fazhi suspiciously. Was it true that the richer a person was, the more they cherished their lives and didn't want to grow old?

Li Fazhi saw Lin yuelan's strange look and immediately understood that she had misunderstood. He blushed and said, " don't misunderstand. I don't want this thing. It's my mother. When she was young, she was as beautiful as a flower. Because due to her aging appearance, she has gone a little crazy."

As he said this, he let out a heavy sigh, with the helplessness and melancholy of a son. "once no one is watching her, she will make a fuss and commit suicide."

Lin yuelan raised her brows and looked at li Fazhi sympathetically. Having such a mother was indeed a headache.

Lin yuelan asked curiously, " if I remember correctly, you were the one who bid for the milkvetch flower a few months ago. Why didn't you give the milkvetch flower to your mother, but instead to Governor Zhou?"

## 815 The deal with Li Fazhi

Speaking of this, li Fazhi said helplessly, " my mother refused to take it!"

"Why?" Lin yuelan was immediately puzzled, "Doesn't milkvetch flower make people ten years younger? If your mother ate it, she would have become younger. Why did she refuse to take it?"

Li Fazhi shook his head and smiled bitterly. "my mother is old. Although she doesn't want to accept the fact that she's getting old and has wrinkles on her face, she feels very uncomfortable if she suddenly becomes young. She's not willing to take that thing no matter what."

Lin yuelan said indifferently, " it seems that your mother is quite a contradictory person." She didn't want to get old, but she also didn't want to return to her young state. This sounded like a psychological problem.

"That's right, " li Fazhi smiled bitterly and helplessly, " I had no choice. Coincidentally, there was a problem with my business and I needed the government to solve it. Thus, I looked for Governor Zhou and gave him the milkvetch flower."

Lin yuelan nodded in understanding. no wonder the third Prince went to the governor's mansion to look for the milkvetch flower as soon as he arrived in Qingfeng city.

Li Fazhi also knew that third Prince Yuwen feiye was eyeing the milkvetch flower he sent, so he quickly moved it to someone else.

"Sister Lin, do you have the Millenium Snow Lotus? " he asked with concern.

His intuition was telling him that Lin yuelan had this thing.

Lin yuelan gently nodded and said, " I do have Millennium Snow Lotus, but your mother won't be willing to take it, right? "

Li Fazhi could only say, " I will sneak it into her food. When she becomes younger, she will naturally accept it."

Lin yuelan understood. Li Fazhi's mother was sick in the heart, but li Fazhi, this filial son, wanted to hide it from his mother and let her return to her youth.

However, Lin yuelan asked seriously, " big brother Li, you and I are both businessmen now. This millenium Snow Lotus is even rarer than the thousand-year ginseng, so what price do you think you should pay in exchange for it?"

To put it bluntly, even Lin yuelan wouldn't give li Fazhi the millenium Snow Lotus for free.

She wanted li Fazhi to trade with her for something of equal value.

Li Fazhi understood this.

Speaking of which, he and Lin yuelan were neither related nor had any actual friendship, so it was simply impossible for her to give him the treasure.

It was also impossible for Lin yuelan to care about him because she already had a big brother who was richer and more powerful.

Li Fazhi said, " what do you want, Miss Lin? just tell me. As long as big brother li has it, I won't reject the exchange."

Hearing this, Lin yuelan lowered her eyebrows and pondered. She played with the small Jade cup in her hand. After a while, she said, " big brother Li, I heard that you are in the Jade business, right? "

Li Fazhi replied, " yes." Then, he immediately came to a realization and said, " if sister Lin likes any kind of jade pendant or jade stone, you can choose whatever you want!"

Lin yuelan didn't refuse. "thank you, big brother li. however, " Lin yuelan changed the topic and asked, " I just want to take a look at the stone mining field with big brother li. Can I? "

Every merchant had their own source of goods, especially those who did big business. This needed to be kept secret, or else it would be a great loss if someone accidentally stole the source.

Coincidentally, what Lin yuelan wanted was the source of their goods.

The Li family made a fortune by doing Jade business, and their business was getting bigger and better. The main reason was that the quality of the Li family's Jade was high, and the things they made were new and beautiful, so they were very popular.

Hence, li Fazhi was a little hesitant when she asked about the source of the Li family's goods.

Lin yuelan knew li Fazhi's concern. She smiled and said, " big brother li, don't worry. I won't get involved in the Jade business. I'm just choosing a few pieces of jade that I like from the Jade mining site."

Li Fazhi immediately felt assured. "sure, no problem."

Lin yuelan smiled and said, " then it's a deal!"

What she lacked now was jade stones with spiritual energy.

Lin yuelan gave li Fazhi a Millennium Snow Lotus on the spot. In fact, it was taken out directly from the farming space, but it looked like it was taken out from a very secret cabinet.

The time Lin yuelan had agreed with him was to go to the Jade mine in the spring after the new year.

After all, she had to rush back to the Lin family Village for the new year.

However, she still chose a few unremarkable jade stones from the Li family's shop.

...

On the other end, Zhou Xingfa couldn't understand why his cousin would suddenly reject him from entering the governor's mansion.

However, he thought that it might be because his cousin was seriously ill and didn't want to see anyone.

He thought for a moment and then brought some gifts to Fortune Inn, planning to find Lin yuelan.

He believed that Lin yuelan would have a way to help his cousin when he was seriously ill.

He wanted to build a good relationship with Lin deshan and Lin yuelan. He wanted to ask Lin yuelan to stop refusing to treat his cousin.

However, he didn't expect...

## 816 Negotiating Terms with Governor Zhou

Because Fortune Inn was closed during this period and refused to let guests eat or stay, Zhou Xingfa could only wait in front of the inn.

"Old Master Zhou, my master doesn't have time to see you. Please go back!" Lin Qingsong said to Zhou Xingfa with a cold expression.

Zhou Xingfa's greed almost cost his master's life. As Lin yuelan's guard, how could he not know that?

Therefore, Lin Qingsong did not have a good impression of Zhou Xingfa.

Zhou Xingfa's expression of anticipation immediately froze, but soon after, he shouted at Lin Qingsong angrily, "Do you know who I am? I'm Lin Deshan's good friend, and your master has to call me 'Grandpa Zhou' every time she sees me. Did you not tell her that I, Zhou Xingfa, am here to see her?"

Zhou Xingfa actually didn't have much confidence when he said this.

That day, Lin yuelan casually brought up the evil deeds he had done to harm Lin Deshan. It was clear that she had not taken into account the fact that Zhou Xingfa was Lindeshan's good friend and brother.

It could even be said that the fallout between him and Lin deshan was caused by Lin yuelan.

He had already expected that Lin yuelan would not want to see him, but he was still unwilling to lose a connection like Lin yuelan. Especially when he learned that so many precious herbs had appeared in Lin's medicine hall, it made him feel that he had to repair his relationship with Lin deshan. Otherwise, he would suffer a great loss.

However, Lin Deshan had already left, so he could only turn his attention to Lin yuelan.

This time, he didn't dare to directly blame Lin yuelan for being disrespectful to her elders, so he could only point his anger at the guards.

Zhou Xingfa continued, " you dog slave, did you report this to your master? "

Lin Qingsong's eyes were filled with disdain as he looked at this self-righteous Zhou Xingfa. He said coldly, "Old master Zhou, my master asked me to pass on a message: Don't think that you can hide what you've done. She's not taking it to heart now because of your decades of friendship with grandfather. If you dare to call yourself grandfather's friend again, then what happened to the Zeng family yesterday will be the same as what happened to the Zhou family tomorrow!"

After speaking, Lin Qingsong no longer paid any attention to Zhou Xingfa, who was shocked, confused, angry, and helpless.

Zhou Xingfa immediately felt insulted by a junior.

Just as he was about to rush into Fortune Inn in anger, he immediately thought of that sentence: What happened to the Zeng family yesterday would happen to the Zhou family tomorrow. He panicked and immediately stopped in his tracks.

It was because he had a guilty conscience!

Previously, the reason why Lin deshan was willing to help him was that he had saved his life 20 years ago.

But if Lin Deshan knew the truth from 20 years ago...

Thinking about it, Zhou Xingfa immediately broke out in cold sweat.

Then, he said to his men, " let's go!"

When li Fazhi came out of the inn, he saw Zhou Xingfa's back as he ran away. He frowned.

He'd heard about the relationship between Lin Deshan and Zhou Xingfa, but why did they just turn against each other?

Of course, this was none of his business, and he did not take it to heart.

However, the news of Zhou Xingfa being rejected by the young master of Lin's medicine hall immediately spread throughout Qingfeng city.

This further confirmed the fact that Lin Deshan and Zhou Xingfa had fallen out.

Of course, when this matter reached Lin yuelan's ears, she only laughed it off.

...

On the third day, Lin yuelan finally arrived at the governor's mansion.

This time, Lin yuelan's arrival was warmly received by the governor's mansion.

After receiving Lin yuelan's message that she would be coming today, housekeeper Zhou ordered the servants to clean up the house early in the morning. He then ordered the kitchen staff to buy ingredients and prepare a feast to welcome Lin yuelan's arrival.

"Young miss Lin." Butler Zhou, who was at the door, immediately came forward and greeted Lin yuelan with great respect. "thank you for your hard work. Please come in!"

Lin yuelan only nodded her head slightly. Then, she entered the Zhou mansion with two guards and two servant girls.

When they entered the manor, housekeeper Zhou immediately asked the servants to serve tea and said, "Young miss Lin, please wait for a moment. This old servant will immediately invite my old master out!"

Lin yuelan nodded and said, " yes, there's no need for that. Please lead the way, Butler. I'll go and greet the governor personally."

## 817 Negotiating Terms with Governor Zhou

Hearing Lin yuelan's words, housekeeper Zhou couldn't be more pleased.

Housekeeper Zhou immediately made an inviting gesture and said, "Young miss Lin, please!"

When they arrived at Zhou Anping's room, Lin yuelan noticed at a glance that Zhou Anping's face was even more yellow than it had been two days ago. It was an unnatural yellow, and one could tell at a glance that he was seriously ill.

Lin yuelan asked, " Your Excellency, how have you been these two days? "

Zhou Anping did not hide anything. "these two days, my abdomen has been blocked and I feel weak all over. Sometimes I vomit, but I can't eat anything."

Lin yuelan nodded, indicating that she understood. Then, she stretched out her hand to take his pulse.

Housekeeper Zhou asked anxiously, "Young miss Lin, what kind of illness is my old master suffering from? " What he couldn't really ask was whether or not she had found out what kind of illness the old master had in the past two days.

He knew that Lin yuelan had already known about his master's illness when she first saw him. However, why didn't she say anything? It was because the governor's manor had neglected Lin yuelan, which made her unhappy.

This time, Lin yuelan didn't play any riddles. She said directly, " it's because of water accumulation in his abdomen!"

Housekeeper Zhou and Governor Zhou were shocked. They asked in surprise and confusion, "Water accumulation in the abdomen? What kind of illness is this?" They had never heard of it before.

Lin yuelan said, "It means that there is an excess of water accumulated here, and it can't be discharged. Therefore, it will become more and more swollen, and then it will collapse."

"What happened after that?" Housekeeper Zhou asked anxiously.

"Then, the water will burst your stomach, and you'll die!" Lin yuelan said in a calm voice. It was as if she didn't care about the life and death of others at all.

Governor Zhou and housekeeper Zhou's faces paled when they heard Lin yuelan's words. They were both shocked and afraid.

They had never heard of an illness that could cause water to accumulate in one's stomach and burst it, causing one to die.

Housekeeper Zhou's voice was trembling as he asked, " then, young miss Lin, is there a cure for this illness? "

The moment they saw Lin yuelan shake her head, housekeeper Zhou and Zhou Anping's faces turned even paler and weaker.

Zhou Anping suppressed his fear and asked, "Young miss Lin, is this illness really incurable?"

Lin yuelan smiled and replied, " this illness may be incurable for other doctors, but not for me." Lin yuelan didn't say anything, but housekeeper Zhou and Governor Zhou understood her meaning.

Both of their eyes immediately lit up in surprise. Housekeeper Zhou asked anxiously, "Young miss Lin, do you really have a way to cure my old master's illness? "

Lin yuelan nodded slightly and said, "I've never done anything I'm not confident in. However, the governor's illness can be cured, but it will require surgery!"

Lin yuelan had also made it clear that she wanted them to make a decision in their hearts.

Butler Zhou was stunned and asked in surprise, "Surgery? meaning you'll have to cut my master open?"

"That's right!" Lin yuelan didn't hide anything, "so, it's up to your choice, Governor."

"This...!" Housekeeper Zhou and Governor Zhou looked at each other hesitantly.

Zhou Anping might not know that Lin Yuelan was a highly skilled doctor, but the Butler was very clear. After all, even though the governor's mansion's servants were imprisoned in the governor's mansion, they quickly went to find out the news the moment Yuwen feiye let them go.

Governor Zhou was shocked and puzzled, "Cutting a person open? Isn't this killing? How is this saving people?"

Butler Zhou immediately explained, "old master, it's like this. Some patients had something growing in their bodies, so they had to take out the extra thing from their bodies. However, to take out something from the body, one would have to cut open the stomach. Lin medicine Hall has already treated many patients with this method."

Governor Zhou was even more surprised and puzzled, "won't this person die? Wouldn't it be so painful that I'd die?"

Lin yuelan explained, "Sir, don't worry. This is my exclusive method. I will make the patient fall asleep and the surgery will be completed when he wakes up."

Butler Zhou also chimed in, "that's right. My Lord, there are many patients who have undergone surgery. They all said that they only slept for a while and the doctor from Lin medicine Hall performed the surgery for them. They don't feel any pain at all."

Governor Zhou was not a doctor, but he understood that every doctor had their own unique skills.

818 Negotiating Terms with Governor Zhou

But he still trusted his Butler.

He asked, "Young miss Lin, if I don't perform this kind of surgery, how long can I live? "

Lin yuelan raised three fingers.

"Three years? " Governor Zhou and housekeeper Zhou asked in surprise.

Lin yuelan shook her head and said, "No! It's three months! Furthermore, the longer the illness is delayed, the more serious it will become. In the later stages, the surgery will become more difficult, and the success rate will become lower. So, Your Excellency, please make your decision as soon as possible!"

Hearing Lin yuelan's words, Zhou Anping and housekeeper Zhou became more and more anxious.

After all, this was a matter of life and death.

Zhou Anping asked, " if I accept the surgery now, how confident are you? "

"100%!" Lin yuelan said without any hesitation.

After Zhou Anping heard this, he lowered his head slightly and lowered his eyes. He seemed to be deep in thought and making a difficult decision.

After all, to put one's life in another person's hands, no matter how one thought about it, it was a little frightening and uneasy.

If this person had any evil intentions, wouldn't he really be dead?

However, if he didn't do this, he wouldn't be able to live for more than three months.

In fact, after all was said and done, his worry was actually distrust.

After all, they didn't understand Lin yuelan at all. Moreover, she was still a child.

He imagined a child holding a knife, opening his stomach, and rolling around in it. It made him feel very uneasy.

Lin yuelan saw their hesitation and said indifferently, " Sir, I'm leaving Qingfeng city the day after tomorrow. You have one day to think about it. After you've thought it through, send someone to come to fortune Inn to find me. "

Governor-General Zhou and housekeeper Zhou were shocked when they heard this.

Housekeeper Zhou exclaimed, " one day? You're leaving Qingfeng city?! Where are you going?"

Lin yuelan smiled and said, "housekeeper Zhou, it's almost the end of the year. Where else can I go other than to spend the new year with Grandpa?"

After Lin yuelan finished speaking, housekeeper Zhou and Governor Zhou fell silent.

Then, Lin yuelan took out a small blue Bottle from the first aid kit and handed it to housekeeper Zhou, saying, "the thing inside this can temporarily stop the governor's vomiting. Take three pills a day."

Butler Zhou took the small bottle excitedly and carefully. He said gratefully, "thank you, young master Lin! Thank you, young master Lin!"

Lin yuelan nodded slightly and said, "housekeeper Zhou, you're welcome. I am only doing what a doctor should do."

After that, she took her leave. Then please consider it carefully, Governor. After you've considered it, send someone to find me. Goodbye!"

Governor Zhou nodded and replied, " alright!

However, as Lin yuelan was leaving, she suddenly thought of something and said to Governor Zhou, " Oh, right. Your Excellency, I have a request. I wonder if you can agree to it? "

"What is it?" Governor Zhou did not agree immediately.

"It's like this," Lin yuelan replied, "boss Chen of the jinju yuan auction house did something bad to you. He asked me to apologize to you on his behalf. I hope that you can forgive him for the mistakes he made in his confusion."

Housekeeper Zhou was a little confused, but Zhou Anping immediately understood. His expression immediately turned dark, and he asked sternly, " so, he was the one who did that? "

He hadn't started his investigation yet, so of course, he didn't know who was behind this.

Lin yuelan didn't deny it, "That's right! However, he had said that he was being coerced by someone, so he did such a thing in a moment of confusion. He's afraid that the Governor-General will pursue the matter, so he came to beg me to plead with you!"

"Why?" Governor Zhou immediately asked in confusion.

His 'why' was referring to the reason why Lin yuelan would accept Chen shanbiao's impossible request. Secondly, he was angry about why Lin yuelan would make such a

request at this time. Third, would he really agree to her request? After all, what Chen Shanbiao did to him was enough for him to exterminate his entire family!

He had suffered so much, so how could he let boss Chen off so easily just because of Lin yuelan's request?

Lin yuelan shrugged her small shoulders and said indifferently, " I love money, but I don't have much money. Chen shanbiao came to me with tens of thousands of gold. I agreed to help him. Whether to spare boss Chen or not, the governor could decide for himself. However,"

She changed the topic and said with a serious expression, " I don't have many strong points, but my biggest strength is that I keep my word. I will do what I promised others."

After saying this, Lin yuelan didn't say anything more. She said, " Your Excellency, I'll take my leave!"

Leaving behind the master and servant in a daze!

## 819 Governor Zhou's Attitude Changes

Looking at Lin yuelan's departing figure, housekeeper Zhou was so angry that he almost stomped his feet. He pointed in Lin yuelan's direction and said angrily, " old master, this Lin yuelan is really too presumptuous. Isn't she forcing you to spare that person?"

Lin yuelan spoke nonchalantly, but she was ruthlessly forcing Zhou Anping to spare Chen shanbiao.

Normally, Zhou Anping would definitely ignore such a request. He might even vent his anger on Lin yuelan.

However, at this moment, he still needed to rely on Lin yuelan to treat his illness.

From the fact that the governor's manor had only neglected her for an hour and a half, it could be seen that Lin yuelan was small-minded and liked to be calculative.

If one had no requests for Lin Yuelan, this was fine. However, to those who needed her help, this personality trait of hers was annoying.

Zhou Anping needed Lin Yuelan to treat him. However, Lin Yuelan had promised someone else that she could get a favor from Zhou Anping. If Zhou Anping didn't oblige, she might not treat him.

After all, Zhou Anping and Lin yuelan were not relatives or friends. If he were to use his authority to pressure her, he only had three months to live. With Lin yuelan's personality, she would not care.

Therefore, if he asked Lin yuelan to treat his illness, he would have to let go of the person who had secretly harmed him.

This made Zhou Anping extremely angry.

Housekeeper Zhou frowned and asked, " my Lord, Lin yuelan is too arrogant. What should we do? Even if we agree to her conditions and let Chen Shanbiao go, she might still ignore us.

"Plus, if we let Chen Shanbiao go, it's too unfair!"

Zhou Anping thought for a moment and said, " where there's a will, there's a way. As long as I'm still alive and well, I'll find an opportunity to teach this Lin yuelan a lesson."

Butler Zhou frowned and asked, " so, old master, do you mean you agree to let Chen shanbiao go? "

"Yes!" Zhou Anping said, " as long as Chen shanbiao is in Qingfeng city, don't think that I, the Governor-General, will let him go. Eventually, I'll get him!"

However, Zhou Anping did not think that after he was cured, Chen shanbiao would become Lin yuelan's worker. With Lin Yuelan protecting Chen Shanbiao, Zhou Anping couldn't do anything.

He couldn't even touch Chen shanbiao, let alone Lin yuelan.

Of course, this was a story for the future and not mentioned for the time being.

Zhou Anping instructed the Butler, " Butler, go and find a few people who have undergone surgery for me to meet."

The Butler replied, " yes, my Lord!"

With the governor's power, it would be easy to find those people.

Not long after, the guards brought them to Zhou Anping.

To the commoners, it was not an honor for these high-ranking officials to meet them. It was a matter that made them tremble in fear. They were afraid that they had done something wrong and made the governor unhappy. Then, their entire family would be in trouble.

One must know that the Governor was the highest official in Qingfeng city.

As for whether the governor was a good official, they could not comment at all.

When they found out the reason why Governor Zhou had summoned them, they were very surprised. Then, they answered Governor-General Zhou's question in full detail.

After being sent out of the governor's mansion, all of these people wiped the cold sweat from their foreheads.

After they saw the Governor's abnormal expression, they immediately understood that his illness was very serious, and he also needed to go under the knife. Therefore, he wanted to confirm whether it was dangerous or not.

After Butler Zhou had sent these people out, his expression was obviously not as nervous as before.

He smiled at Zhou Anping and said, " old master, these people all said that they only slept for a while before the doctor from Lin's medicine Hall took out the things from their stomachs and heads.

The only one who took something out of the head was uncle li, and he came here today.

"Old master, I heard old man Li say that he was the first one to have an operation. After the operation, he showed everyone the thing in his head. It was an egg-sized meatball. From then on, everyone believed that Lin's medicine Hall didn't really hurt anyone when they operated on people." Butler Zhou reported everything he had found out to Governor Zhou in detail.

## 820 Governor Zhou's Attitude Changes

After asking those people and hearing housekeeper Zhou's report, Zhou Anping's brows were tightly furrowed, as if he was struggling with something.

It seemed that other than Lin yuelan, the other doctors were all shaking their heads and couldn't treat his illness at all.

However, he had to treat his illness. Although he had agreed to Lin yuelan's conditions on the surface, he was actually being threatened by her and had to compromise.

Housekeeper Zhou looked at his old master's indignant expression and could only persuade him, " old master, right now, the most important thing is to cure your illness.

As for Chen shanbiao or Lin yuelan, there will be plenty of opportunities in the future to deal with them. Old master, your illness can't be delayed."

Zhou Anping thought for a moment and finally decided to say, "Butler, send someone to pass on a message to Lin yuelan. Tell her that I've already considered everything."

As long as he said this, Lin yuelan, who was a smart person, would naturally understand what he meant.

...

After Lin yuelan received the message from the governor's mansion, the corners of her mouth curled up. She said to Lin Qingsong, "go to the Chen mansion and tell them that the matter has been settled. Old Master Chen will naturally understand what it means."

"Yes, master!" Lin Qingsong replied respectfully.

However, he muttered in his heart, 'in just a short period of time, master has made Lin's medicine hall famous. Besides getting an Inn, he also got an auction house without any effort. Master is really a demon!'

Of course, they had followed Lin yuelan for a long time, so they naturally knew about her abilities and capabilities. However, they also knew that the abilities and capabilities she had displayed were perhaps only the tips of the iceberg.

After Chen shanbiao received Lin yuelan's reply, the heavy stone in his heart was finally lifted.

Then, he ordered the servants to prepare half of the family's wealth and many valuable gifts. Then, he walked towards the governor's mansion.

When housekeeper Zhou learned that Chen shanbiao from the jinju yuan auction house had arrived, his face darkened.

He did not expect that Chen Shanbiao would come to find him so quickly.

But at the same time, he also knew that this was definitely Lin yuelan's idea. Otherwise, how could there be such a coincidence that Chen shanbiao came to their door right after they informed Lin yuelan of the governor's decision?

Thus, even if he was extremely unwilling to see Chen Shanbiao, he had no choice but to welcome him in.

After Chen Shanbiao entered the governor's mansion, the moment he saw Governor Zhou, he immediately knelt down and said guiltily, "Governor, this lowly one has

committed a foolish mistake. Please, Governor, please forgive this lowly one. This commoner is extremely grateful!"

Then, without waiting for Governor Zhou's response, he immediately presented the things he had prepared with both hands and said sincerely, " Your Excellency, this gift is my apology to you. Please accept it, or else I will be extremely uneasy!"

Governor Zhou's face turned black and he said sternly, " Chen Shanbiao, you fail to charge me once so are you trying to pull me down with the charge of corruption this time?"

Chen Shanbiao didn't quite understand for a moment. He asked blankly, " Sir, what do you mean? "

Butler Zhou stepped forward and chided, " Hmph, you have presented gold, silver, jewelry, and tens of thousands of wealth. Once the old master takes them, you're going to accuse him of bribery, right? Chen Shanbiao, How dare you!"

Chen Shanbiao immediately reacted. His face paled as he shook his head and said, " Sir, it's not like that. These things are just an apology for my mistake. I didn't mean anything else!"

Governor Zhou and housekeeper Zhou's faces were black. They didn't speak and only stared coldly at Chen shanbiao.

Chen shanbiao was secretly groaning in his heart. He thought with some doubt, 'But this is what the girl told me to. She said as long as I present these things to Governor Zhou, he'd forgive me. So what is happening now?'

Just as the atmosphere had been silent for a long time, Governor Zhou finally spoke. He seemed to be very certain as he asked, " she asked you to do this, right? "

Chen Shanbiao was stunned and didn't know how to answer.

Governor Zhou asked again, " yes and no? "

Chen shanbiao moved his lips and could only answer, " yes!"

Governor Zhou's expression could no longer be seen. He raised his hand and said, " then put this down and leave!"

### **821 Governor Zhou's Attitude Changes**

He had never thought that Lin yuelan would be such a scheming person.

Perhaps she had already expected that after she had cured him, he would go back on his words, so she had to give him something that could be used against him.

Hence, the things that Chen Shanbiao sent over had to be accepted.

After Chen Shanbiao left the governor's mansion, he was confused. He did not know why Governor Zhou suddenly changed his mind.

However, Chen shanbiao was a wily old fox who had been in the business world for decades. It didn't take long for him to understand everything.

At this moment, he wiped away his own sweat and secretly rejoiced that he had found Lin yuelan.

At the same time, he admired and respected Lin yuelan for her shrewdness at such a young age.

It was a good thing that he had caught Lin yuelan's eye and not become her enemy.

After all, because of her, the huge Zeng family in Qingfeng city was gone just like that. She managed to do that based on the poisoning of song Qingyan, a woman from a brothel.

Therefore, even if he was to become one of Lin yuelan's subordinates, he was already very fortunate.

After receiving her subordinate's report that Zhou Anping had accepted Chen shanbiao's gift, Lin yuelan immediately ordered her subordinate, "let's go. We'll go to the governor's mansion now and treat the governor!"

Just as Lin yuelan had promised, she would operate on Governor Zhou the next day.

However, the place where Zhou Anping would have his surgery was, of course, the special ward in the Lin pharmacy. This ward was specially designed for surgery.

When the citizens of Qingfeng city heard that the young divine doctor of the Lin medicine shop was going to cut open Governor Zhou, they immediately surrounded the entrance of the shop.

Some were confused, some were confused, some were surprised, some were curious, and some were also here to watch a good show. There were all kinds of expressions.

Inside the operating room, Lin yuelan, who was wearing a white mask, took out a pill and said to Zhou Anping, " Governor, please take this pill and lie down. You will fall into a deep sleep after a while.

"When you open your eyes again, your surgery will be over!"

Zhou Anping took the green pill with a puzzled expression. He then put it into his mouth with slight hesitation and lay down according to Lin yuelan's instructions!

When Zhou Anping woke up again, he could clearly feel that his entire person was completely different.

He seemed to feel that his whole body was more relaxed than before.

He immediately looked at his stomach in confusion. There was a bandage on his stomach.

He asked in surprise, " this is...? "

Lin yuelan smiled faintly and said, " this is the wound left behind after the operation. It's been stitched up now. You can come back to remove the stitches in three days. In these three days, you must abstain from eating spicy food."

However, when he heard the word " stitch ", he did not understand.

Lin yuelan explained patiently, " Oh, it's like this. The wound during the surgery is a little big, so it has to be stitched up to make it easier to heal. Stitching is like sewing but merely with flesh and skin,"

This was the first time Governor Zhou had heard of such medical skills.

It was at this moment that he realized for the first time that with Lin yuelan's talent and her demonic medical skills, he might never be able to offend her.

Because who could be sure that they would never ask for Lin yuelan's help in their lifetime? perhaps they didn't, but what about their family?

Therefore, he couldn't do something stupid like burning the bridge after crossing it. Otherwise, he would be the only one regretting it.

Governor Zhou praised from the bottom of his heart, " young miss Lin's medical skills are really brilliant. You can bring people back to life. No wonder there are rumors that you are the reincarnation of a God. "

Lin yuelan smiled and said, " my Lord, you're too kind!"

Housekeeper Zhou was waiting outside the operating room, his heart burning with anxiety. He walked up and down the corridor and looked into the operating room.

He did not know how long he had waited, but the door of the operating room was pulled open with a creak.

Housekeeper Zhou almost jumped over. When he saw the person walking out, he couldn't believe his eyes. Then, he exclaimed in disbelief, " Old master, you..."

## 822 The Matters of Lin Laosan's Family

The news that Lin yuelan had cured the governor's illness spread like the wind to every corner of Qingfeng city.

It didn't take long for everyone in Qingfeng city, young and old, to know that Lin yuelan was the governor's savior.

At this moment, almost no one dared to look down on Lin's medicine shop anymore. The reputation of the young Divine Doctor was also spreading further and further.

There were many things happening in Qingfeng city. For example, Fortune Inn had become a busy restaurant, and the jin Juyuan auction house had been handed over to Chen shanbiao to manage after he had given the title deeds to Lin Yuelan. Lin yuelan wanted to make a name for the auction house so the final item of the first auction had to be amazing.

Also, Lin yuelan's plan to set up an intelligence website hadn't started yet. However, she planned to start from Beijing and spread it out in all directions. In short, there were many things for her to do.

However, the new year was approaching, and no matter how important the matter was, Lin yuelan decided to push it back and return to the Lin family Village to accompany the two elders.

Lin family Village...

As the new year was approaching, everyone started to prepare for it. Everyone wanted to have a bountiful start.

However, due to the weather and season, there was nothing edible in the fields.

Those who were willing to fork out some money would go to Lin yuelan's place to buy some green vegetables. Then, they would buy some meat in town.

However, those who did not have money or were reluctant to spend money could only go up to Mount Da Ao to find some wild vegetables or hunt some small prey.

On this day, a group of men and women came down from the mountain, talking and laughing, and walked into the village.

Just as they walked to a pile of hay, they heard a series of groans.

These men and women had all been married before. They knew what was going on the moment they heard the voice.

Liu Liujiao was the most curious person. She rolled her eyes and said softly, " tsk, who is this couple? It's so cold out here, but they're not doing this at home. Instead, they're here in the haystack. Aren't they afraid of freezing to death? "

Gu Sanniang pulled her back and said, " shush, lower your voice!"

Liu Liujiao rolled her eyes and said disdainfully, " tsk, I wonder which two of them are so shameless to do this in broad daylight. No way,. This is a violation of public morals. I want to see who they are."

With that, Liu Liujiao strode over, and her companions did not stop him.

Copulation in the wild in broad daylight was an indecent thing.

But then, a sharp voice rang out.

"Ah, Lin Siniu, Zhou guixiang, why are you two here?" Liu Liujiao asked loudly in disbelief.

Hearing Liu liujiao's words, the others were taken aback. They strode over in confusion.

Then, they saw the naked Zhou guixiang and Lin Siniu. At this moment, the two of them were holding a piece of clothing in front of them. Their faces were extremely pale, and their eyes were filled with panic, nervousness, and extreme fear.

Everyone frowned in surprise when they saw the two of them.

One had to know that Lin Siniu and Zhou guixiang were brother and sister-in-law. For them to actually have an affair in the wild was truly an offense against public morals.

A pair of adulterers!

It didn't take long for the news of Lin Laosan's fourth son and second daughter-in-law getting together to spread throughout the Lin family Village.

This was a scandal that ruined the reputation of the village and had to be dealt with seriously.

In the Lin family Village's ancestral hall, Lin Siniu and Zhou guixiang knelt down with their heads lowered in fear.

Sitting on both sides were the village leader and several elders, as well as a few elderly people in the village, as well as Lin Laosan.

There were three rows of Lin family villagers standing outside the door.

They were all pointing at Lin Siniu and Zhou guixiang.

Li Cuihua sat at the door, wailing and screaming. She kept scolding Zhou guixiang, "She seduced my son! It has nothing to do with my Siniu!" She wanted Zhou guixiang dead.

Li Cuihua didn't care about Zhou Guixiang and Lin Erniu's two children in the hall.

If Zhou guixiang died, and Lin Erniu was in jail, what would happen to their child?

However, Li Cuihua didn't care. Zhou guixiang was an outsider to her. Hence, she pushed all the blame onto Zhou guixiang.

### 823 The Matter of Lin Laosan's Family

No one stopped Li Cuihua from crying and making a scene.

Ever since Lin yuelan became rich, Lin Laosan's family had been in trouble. One incident after another showed that Lin Laosan's family was indeed a jinx.

Not only were they unlucky, but the people they implicated were even more unlucky.

Now, only the Lin family's first son's family had managed to maintain a certain degree of integrity due to the favoritism of Lin Laosan and his wife. Lin Erniu was imprisoned, Lin sanniu's family was chased out of the house, and Lin Siniu divorced his wife.

Now, Lin Siniu, who had divorced his wife, was actually having an affair with Zhou guixiang, whose husband was in jail. This was a disgrace to the Lin family Village and damaged their reputation. This was an insult to public morals and they had to be severely punished.

"Elders, how do you think we should handle this?"

One of the villagers asked with a frown.

For what Zhou guixiang and Lin Siniu had done, Zhou guixiang should be drowned. As for Lin Siniu, he would definitely be punished!

However, there had never been a case of a woman being drowned in the village for being immoral.

Back then, after a few men had come to Lin yuelan's place, Lin Laosan had planned to use this as an excuse to get a few elders to come forward and drown Lin yuelan. In the end, things developed out of Lin Laosan's expectations. Two of the four elders had died that day, and his family had also been labeled as jinxes.

After that, this matter was never mentioned again.

However, they didn't expect that someone would really cross the line after that incident. An adulterous couple was having an affair, and it was between a brother and a sister-in-law. This was a violation of public morals. If word got out, the Lin family Village's reputation would be completely tarnished. In the future, who would dare to marry their daughter into the Lin family Village? Who would dare to take a girl from the Lin family Village?

Therefore, they had to be severely punished for this.

Lin Yiwei asked the other two elders, "uncle Jiu, uncle An, what do you think we should do? "

Lin Jiu sighed and said, " it's really unfortunate for the village to have such a scandal. They must be severely punished. Otherwise, the Lin family Village will lose face." This meant that Zhou guixiang had to be drowned.

Lin An's brows were also tightly furrowed. He said sternly, " Zhou guixiang must be drowned!"

From their point of view, as a woman, she should behave herself and not seduce other men.

Lin Yiwei did not nod or shake his head. He only asked Lin Laosan seriously, " Lin Laosan, what do you have to say? "

For Lin Laosan, after such an embarrassing thing happened to his family, he definitely wanted Zhou guixiang to disappear immediately and get rid of this humiliation.

Lin Laosan said angrily, " we'll do it according to the elders' decision!" It meant that he agreed for Zhou guixiang to die.

Zhou guixiang was tied up and had a handkerchief stuffed in her mouth. When she heard that the clan had unanimously decided to drown her in the pond, her face turned pale and tears flowed down from the corners of her eyes. She shook her head desperately and kept whimpering as if she wanted to explain something.

Lin Yiwei thought for a while and said to the strong man next to him, " take the handkerchief away from her mouth and see what she has to say."

As soon as the handkerchief was taken away, Zhou guixiang kowtowed and said loudly, "Elders, please spare my life. I won't do it again. Please spare me this time!"

The clan leader and the two elders listened to Zhou guixiang's words and frowned. However, they did not say anything, which meant that they did not agree with Zhou guixiang's request.

Looking at the reaction of the elders, Zhou guixiang's face was filled with despair. Then, she pointed at Lin Siniu and said, " it was clearly Lin Siniu who threatened and seduced me first. Why is it that I have to die while he can stay safe and sound? I'm not convinced!"

Lin Laosan's face darkened, and he shouted, " shut up! It was you who shamelessly seduced my fourth son!"

Zhou guixiang was furious and scolded, "do you think your son is a gentleman? Do you think I need to seduce him? Lin Laosan, don't you know that your precious son is going crazy thinking about women?

"When he saw me drying my clothes in the courtyard, he hugged me from behind. I'm just a woman. What strength do you think I have to resist, huh?

"Alright, now that something has happened, all the responsibility is on me. He only needs to suffer 30 whips and kneel in the ancestral hall for a month, and he'll be fine. Hmph, how is that fair?"

## 824 The Matter of Lin Laosan's Family

"Hmph, let me tell you. If I am to be drowned, I'll come back as a ghost to haunt all of you!"

Zhou guixiang's sharp gaze swept across everyone present, especially Lin Siniu and Lin Laosan.

When he heard Zhou guixiang push the blame onto him, Lin Siniu was not happy.

He was shocked and afraid as he yelled at Zhou guixiang, " bullshit! Zhou guixiang, you were the one who told me that second brother has been in prison for so long, and you haven't felt the joy of a woman for a long time. You wanted to have a taste of a man. Then, you told me that I don't have a wife anyway, so you begged me to help you!"

The two of them blamed each other and pushed the blame on each other, trying to shirk all responsibility.

After hearing Lin siniu's words, Zhou guixiang didn't cry out hysterically. Instead, she suddenly laughed, " haha, I remember now. That divorced wife of yours committed adultery with eldest brother-in-law and even took away all of the Lin family's savings."

She continued, "She was caught having an affair with her brother-in-law so why was it that she could escape while carrying lots of money and I have to die?

"Also, who in the village doesn't know that Gu Sanniang and Liu Liujiao also seduced men and had an affair with them? Why are they safe and sound while I'm the only one who has to drown in the pond? I'm not convinced!"

Everyone's expression turned ugly when they heard Zhou guixiang's words, especially Gu Sanniang and Liu Liujiao, who had come to watch the show. Their expressions changed drastically. They were nervous, afraid, and uneasy, worried that the fire would spread to them.

The two of them no longer dared to watch this show. Covering their faces, they immediately left the ancestral hall.

"Shut up!" Lin Yiwei scolded sternly, "Don't spout nonsense without evidence!"

Zhou guixiang sneered, " whether or not I'm talking nonsense, you know it very well in your hearts!

...

In the end, the village's punishment for Zhou guixiang was for her to take the divorce letter that Lin Laosan had given her on behalf of Lin Erniu, and she was chased out of the Lin family Village.

Originally, they wanted Zhou guixiang to drown in the pond, but in the end, her daughters pleaded for her.

Lin Yiwei wasn't a cold-blooded person. He spared Zhou guixiang for the sake of her children, but they could never step into the Lin family Village again.

As for Lin Siniu's punishment, it was just as Zhou guixiang had said. He would be flogged 30 times and had to kneel in the ancestral hall for a month. He could only spend the new year kneeling in the ancestral hall.

However, Lin Laosan's family had become the talk of the town.

Eldest uncle seducing his sister-in-law and sister-in-law committing adultery with his brother-in-law was simply two big jokes in the surrounding villages.

Lin Laosan collapsed in anger.

He would never have thought that such a huge scandal would happen in his family.

"It's really unfortunate for our family to marry such a lecherous woman!" Li Cuihua was cursing at her door every day.

The villagers didn't dare to approach Lin Laosan's house at all. When they heard Li Cuihua's words, they only pointed in the distance, their faces full of mockery and ridicule.

"You see, this is retribution. Lin Sanniu is such a filial family, but Lin Laosan and his wife don't care about them. As for the other three sons..."

"What an incestuous family!"

"That's right!"

...

When this happened, Lin Yuelan was on her way back. However, because it involved Lin Laosan's family, the guard still reported it to her.

After Lin Yuelan heard this, she only sneered slightly. She had already expected this outcome.

She believed that Lin Sanniu would be called back home soon. The reason for that was, of course, because Lin Laosan's family lacked manpower. They also wanted to use Lin Sanniu to make more demands from her.

The previous two times, they had used 'filial piety' to suppress her, but she had made them suffer a great loss because of her age and other reasons.

However, Lin Laosan's family would definitely put in all their effort and wait for a suitable opportunity.

So, for now, they would not cause her any trouble.

However...

"master, the Yan family didn't manage to grow the greenhouse vegetables, and because of this, they almost went bankrupt. The Yan family has shifted all their resentment onto you and is preparing to take revenge on the Lin family farm. Master, should we stop them? "

Lin yuelan shook her head and sneered, " no need! Let him take revenge. I'd like to see how he's going to take revenge on me when he's already bankrupt."

Speaking of which, if Yan Lin had brought Yan Xiaoyong to apologize to her properly, then she would have forgiven the fact that Yan Xiaoyong had gotten people to beat her to death.

However, Yan Lin was narrow-minded and even played some tricks on her. Of course, she would not let the Yan family go.

Therefore, she didn't feel guilty at all for causing the Yan family to go bankrupt.

## 825 Lin Dazong Shows Up

Lin Laosan's family's scandal did not dampen the villagers' enthusiasm for the new year.

Every family was preparing New Year's goods and making a new set of clothes for everyone at home. Everyone was smiling like a flower.

However, people were the most envious of Lin yuelan's family.

The people there, not to mention the master, even the dozens of servants had two sets of new clothes to wear. Moreover, these clothes were tailor-made for each person in the

town's linyue Pavilion, so that they could wear the most beautiful clothes and celebrate the new year in a lively manner.

"Sigh, this girl is really rich. She's getting richer and richer." The villagers looked at the beautiful big house with large sorghum buildings, and all of them had envious eyes.

At this moment, there was no longer any hatred in their eyes.

When a person was so strong that everyone could only look up to them, they could only be respected and worshipped. As for the jealousy in their hearts, it had long been buried in the corner for fear of retribution.

"Yup, I know. Not to mention the master, I heard that even these servants all have new clothes, and they're even custom-made in the town."

"Look at the hundreds of people here. How much money would it cost to order two sets for each person?"

"Tsk, do you think that girl is short of money now? Don't you know she earns tens of thousands of taels a month by having this greenhouse full of vegetables?"

"That's true. Her business is getting bigger and bigger. I heard that she's already established herself in Zhou Shan city."

What the Lin family villagers didn't know was that the restaurant in Ning An Town and Zhou Shan city, which had been so popular that all the merchants were envious of it, actually belonged to Lin yuelan.

However, they knew very well that Lin's medicine halls were Lin yuelan's.

At the same time, they also heard that Lin's medicine store's business had expanded to Zhou Shan city. To these people who only stayed in a corner of the land and had never traveled far, Zhou Shan city was too far away from them. Zhou Shan city was also a place of a luxury. It was said that there were many rich people there.

"Don't you guys think this is strange?" Someone thought of something and said with a slight frown.

The others were immediately dumbfounded by his incoherent words. They asked in confusion, "Changzhi, what's strange?"

Lin Changzhi voiced out the doubts in his heart and said, "didn't you notice? When Lin yuelan was in dire straits, Lin Laosan's family was living a good life. The fields were fertile, and his grandson was ambitious. He passed the exam and became a Tong Sheng. Then, they said that he would most likely pass the exam as a scholar. At that time, Lin Laosan's family was arrogant and disdainful of the other people in the village.

“However, Lin yuelan is living a better life now, while Lin Laosan’s family is living a worse life.”

“Now that you’ve mentioned it, it’s true!” Someone immediately echoed.

“Could it be that Lin Laosan’s family and Lin yuelan are mutually antagonistic?”

“It’s very possible! The girl was said by a Taoist to be a jinx to her family and husband. After that, she was abandoned by Lin Laosan’s family. Just like you said, after this girl cut off all ties with them, her life is indeed getting better and better.

“But three years later, when that girl changed, and her life became better and better, the life of Lin Laosan’s family became a living hell.”

“That’s right!” The others immediately agreed.

“Will Lin Dazong, who is studying in the county, come back this year?”

“He should be!”

“Lin Dazong has been studying in the county for more than half a year. In this half a year, his family has gone through such a big change, but he hasn’t come back to take a look. What an ungrateful bastard!”

“But, I heard that Lin Laosan’s family didn’t mention anything to him at all. Every time Lin Dazong asks for money, he’ll get his father to send it over.”

“If it’s really Lin Daniu who was the deliveryman, given his love for women and his gambling nature, would he really send money to Lin Dazong?”

“Who knows? However, every time Lin Dazong sent a Messenger to ask for money, Lin Laosan’s family would send Lin Daniu over to Lin Dazong with almost half a year’s worth of their savings, which was said to be a few dozen taels. As for how much he gave, I believe that other than the father and son, no one else knows.”

## 826 Lin Dazong Shows His Face

“You’re right.”

“Things haven’t been going well for Lin Laosan’s family recently. I wonder if there will be any changes after Lin Dazong returns. ”

“Lin Dazong is so arrogant. He thinks that everyone has to live according to his wishes. With Lin Laosan’s family’s decline and Lan ‘Er’s wealth, he’ll definitely cause her trouble.”

“Speaking of that girl, it’s almost the end of the year. I wonder if she’ll come back. ”

“She hasn’t been in the Lin family Village for so long. Where did she go? ”

..

Lin Dazong was 14 years old, only one year older than Lin yuelan. He was slightly plump, and his skin was fair and clean. At a glance, he did not look like a farmer who had come from the countryside.

He was dressed in white, and his head was wrapped in a green headscarf. He held a fan in his hand, and he was dressed like an ancient scholar.

At this moment, he was immersed, and his face was dark as he listened to his grandmother’s tearful complaints. He was first a little disdainful about what had happened in the past six months, then he was very surprised.

However, after listening for half a day, he heard a key point. Lin Mingqing had recovered and could stand up and walk. He had long regained his scholar status in the county office and was preparing to participate in the village examination next year.

This sudden news had stunned him.

If Lin Mingqing was still a useless person, then he would be the only elementary scholar in the Lin family Village, even though he hadn’t passed the test yet.

No matter if it was the clan or the villagers, they all valued him. Those who treated him would lower their attitudes and curry favor with him. He liked to see the villagers looking at him with envy and jealousy.

This was the satisfaction and pride he felt after Lin Mingqing became a cripple.

In his opinion, he deserved to trample on the ignorant Lin family villagers. Only then would he be happy and feel superior.

Therefore, he was extremely grateful to the jinx, his cousin Lin yuelan.

If it weren’t to protect her, perhaps Lin Mingqing wouldn’t have been crippled. If that had happened, perhaps Lin Mingqing would have become a high scholar three years ago. In that case, he would have stolen all the limelight.

But now, he suddenly heard that Lin Mingqing had recovered and was preparing for the imperial examination next year. To him, this was extremely bad news.

Lin Dazong gritted his teeth and asked, " how did Lin Mingqing recover? Didn't the doctor say that his body is completely paralyzed and can't be cured?"

Speaking of this, li Cuihua was furious.

Li Cuihua cursed angrily, " it's all because of that jinx. I don't know what kind of devilish method she used to cure that cripple, Lin Mingqing!"

Lin fan was stunned as he asked in shock, " that wretched girl? How is that possible?"

That weak and incompetent cousin of his. When did she learn medicine?

Li Cuihua cursed, " why is it impossible? Back then, it was that stinky girl who treated him every day."

"But how did that wretched girl suddenly gain medical skills? " Lin Dazhong asked in confusion.

Speaking of this, li cuihua's entire body trembled, appearing apprehensive and afraid. Her eyes looked around, and seeing that there was no movement, she immediately became bold again.

She said resentfully, " back then, that wretched girl offended the little tyrant of the Yan family. He gave each of the village kids a copper coin to punch and kick that girl. However, who would have known that this beating and kicking would turn that girl into a completely different person?"

Then, li Cuihua told him everything that Lin yuelan had done after she changed.

When Lin Dazong heard this, he was shocked and then furious. "Preposterous! This is too preposterous! How could a person change so easily?

"Grandma, did you guys get scammed? Perhaps, that wretched girl had been possessed by a demon? Yes, grandma, she must be a monster!

"We have to tell the chief that this monster has to be burned to death, or she'll bring disaster to the entire Lin family Village!"

When he said this, he appeared to be extremely worried.

Little did he know that the Lin family villagers had already done that, but in the end ...

However, li Cuihua tugged at Lin Dazong and said, " Zong 'er, it's no use. Back then, the village treated her as a demon and wanted to burn her to death, but in the end ..."

Her eyes were filled with fear and uneasiness.

Lin Dazong was even more puzzled. "since that girl was possessed by a demon, why wasn't she burned to death? Why are they allowing her to stay to harm the village?"

If she had been burned to death, she would not have been able to treat Lin Mingqing. If she had not treated him, Lin Mingqing would not have been able to stand up, and he would not have had the chance to regain his elementary scholar status, let alone the qualification to participate in the village examination and become a high scholar. He would not have stolen the limelight from him in the Lin family Village.

Therefore, the root of everything was Lin yuelan, his nemesis. He really hated her.

Li Cuihua shook her head fearfully and said, " she's a demon. She deludes the people with her lies."

As for the specifics, li Cuihua didn't say them clearly at all.

This further enraged Lin Dazong. He shouted, " but we can't leave a demon to harm the villagers. What are the villagers thinking? " However, he thought for a moment and said, " no, I have to find the village chief. We can't let this monster live."

Li cuihua's unclear words, coupled with the amplification of her prejudice, made Lin Dazong even more certain that Lin yuelan was possessed by a demon.

As for the details, li Cuihua didn't tell him, and he didn't want to listen.

When he found out that Lin yuelan was so rich, had such a big house, and had so many servants to serve her, Lin Dazong was furious and jealous.

## 827 Back to the Lin family Village

The new year was getting closer and closer. Some families with better living conditions would ask Lin Mingqing to write some auspicious couplets on red paper and paste them on the side of their doors. Then, they would use some red cloth to tie up red knots and hang them on both sides of the door beam.

Lin yuelan's new home was decorated with couplets, red lanterns, and red silk. In short, it was greatly decorated, making the villagers envious.

"Zong 'Er, this is the new house of that stupid girl!" Lin Daniu brought Lin Dazong to Lin yuelan's new house, his tone full of jealousy and envy.

Lin Dazong looked at the big, tall, and beautiful house, and his mouth fell open in shock. He asked in disbelief, "Father, is this really that brat's house? How is that possible?" Immediately, he said angrily, "that brat isn't even thirteen years old, right? Where did she get the money?"

In his heart, he thought that Lin yuelan was weak by nature. When she was in the Lin family, she didn't fight back when she was scolded or beaten. She was also as obedient as a dog. Such a person could only live a dog-like slave life.

But why was it that this brat already had such a beautiful house after just half a year? It was even surrounded by a wall. According to his father, the house also occupied more than a hundred acres of land in the village. The few acres of land that belonged to the Lin family were also occupied by this brat.

Lin Daniu said angrily, "Zong 'er, you don't know. Seven months ago, this girl had found five or six wild men out of nowhere. Since then, she became more and more powerful in the village. She didn't care about anyone in the village, and she had also become richer.

"I don't know what kind of devilish magic she used, but the manager of the Lin medicine shop in town, Lin Deshan, took a fancy to her and took her as his granddaughter. Not long after, he gave her full authority in the Lin medicine shop."

"How did this happen?" Lin Dazong couldn't accept the fact that Lin yuelan was living a better life than him. "I heard from granny that she's possessed by a demon. Are the villagers really that comfortable letting her stay in the Lin family Village? Aren't they afraid that she'll bring harm to the Lin family?"

Lin Daniu was unusually angry. "At that time, everyone in the village wanted to burn her to death. However, do you still remember what that bastard Lin Mingqing said three years ago? He said that it was the will of the heavens for this girl to bring misfortune to her husband. Before she completed her heavenly mandate, nothing could happen to her.

"Otherwise, another jinx would appear in the Lin family Village, and no one would know who this new jinx would be. So, although everyone shouted that they wanted to burn her to death, no one dared to step forward. They were afraid that the first one to make a move would be punished by the heavens and a jinx would appear in their own family."

"So? Didn't you burn her to death?" Lin Dazong said indignantly, "Everyone could burn her together."

Lin Daniu's expression clearly showed that he was a little frightened.

He said, " but that girl said that she went to see the King of Hell. If anyone tries to take her life, then the King of Hell will take his life and send him to the eighteenth level of hell!"

Lin Dazong was shocked. "how is this possible? "

Lin Daniu was also puzzled as he said, " at that time, no one thought that it was possible. However, the girl started to reveal secrets only known to the dead. She said that she met these people in hell!"

When Lin Dazong heard this, he was so scared that he took a few steps back. He looked at Lin yuelan's house with fear and uneasiness as if he had seen a ghost.

He finally understood why when he had asked his grandmother why Lin yuelan hadn't been burned to death she had looked so scared.

Lin Dazong pointed at Lin yuelan's house and asked, " father, did that girl really go to the king of hell's Palace? "

Lin Daniu didn't lie to him. "indeed."

Lin Dazong was still in disbelief. "how is that possible? If she went to the King of Hell's Palace, didn't that mean she was dead? Then how come she's alive and well here and is even living so well?"

Lin Daniu shrunk his neck and looked around. "she said that she was kicked to death, but she didn't fulfill her destiny of bringing bad luck to her husband. So, she didn't deserve to die. She was sent back by the King of Hell."

## 828 Back to the Lin Family Village

At this point, his tone became angry again, and he said loudly, " not only was she sent back by the King of Hell, but she also became smarter. She was also given many abilities and skills."

"She was bestowed with many abilities?! " Lin Dazong's eyes widened in disbelief.

"That's right. that wretched girl now has divine power. Zong 'Er, you don't know, such a big rock, "Lin Daniu drew a 20-centimeter circle with his hand," she just stepped on it, and it turned into dust. The whole village saw it with their own eyes. Also, she's able to get close to animals. A tiger on Mount Da Ao listens to her and does whatever she asks it to do."

Lin Dazong asked in fear, "Won't it eat people?"

"Who said it won't?" Lin Daniu said hatefully, "it's just that it won't eat people when Lin yuelan doesn't tell it to."

When Lin Dazong heard this, he was extremely afraid. He grabbed Lin Daniu's sleeve and said uneasily, "father, let's go back!"

Of course, Lin Daniu was willing to go back. Standing in front of Lin yuelan's house, he felt a cold wind blowing.

Just as Lin Daniu and Lin Dazong were about to turn around and leave, a low-key yet luxurious carriage came from nearby.

"whose carriage is this?" Lin Dazong asked in surprise.

However, Lin Daniu quickly pulled him to the side to hide and whispered, "this is that damn girl's carriage! Let's quickly hide. If she sees us in front of her house, she will definitely not let us off."

When the carriage had already passed, Lin Daniu and Lin Dazong carefully walked out. They looked at the carriage that was entering the new courtyard with envy and jealousy.

Lin Daniu's heart ached as he said to Lin Dazong, "Zong 'er, I'll wait for you to go to school. After that, I'll wait for you to fetch me to live in a big yard like this!"

After hearing Lin Daniu's words, Lin Dazong looked at Lin yuelan's new house with an unreadable expression.

After that, the father and son went back home embarrassedly.

When Lin yuelan returned to the Lin family Village, it was already the third day of the new year.

The new year goods that should be prepared had been prepared.

Even if Lin yuelan was not at home, there were still two old masters guarding her home, so she did not need to worry about anything.

She had returned this time to reunite with the two elders.

Everyone in the Lin family Court knew that today was the day Lin yuelan would return home.

Therefore, all of them were full of smiles and were in high spirits as they did the work at hand.

“Everyone, gather your energy and come out. Today is the day that the master returns home. If the master sees any of you looking listless, then all of you should quit your jobs. The Lin Family can’t afford to use any servants who don’t show the master any respect!” Early in the morning, Lin Fu, the head butler of the Lin family, shouted loudly in the courtyard.

He was a middle-aged man who had been taken in by Lin Deshan.

In the past, he wasn’t called Lin Fu. As for what his name was, he said that he didn’t know.

However, it didn’t matter what it was called in the past. What was important was that he knew what he was called now.

It was said that he used to be a Butler for a large family. However, that family had a concubine who was reported for having an affair. Then, the concubine framed him. After that, he was severely beaten by the master of that family and passed out.

The servants who had beaten him up thought that he was dead, so they followed their master’s orders and threw Lin Fu to the mass grave.

After he woke up, he escaped to Ning An town despite his serious injuries. He fainted in front of Lin medicine hall. When Lin Deshan found him, he had a high fever.

Fortunately, Lin Deshan was kind enough to boil some medicine for his fever and treat his wounds. Fortunately, the man only had a superficial wound. After a day of treatment, he was finally saved.

After that, when Lin Deshan heard that he had nowhere to go, Lin Deshan took him in.

When Lin Deshan came to the Lin family Village, he also brought him along.

At this moment, the Lin family residence was lacking a head butler. Lin yuelan looked at Lin Fu, who was busy running around the Lin family residence and looked like a butler. She had planned to hire him as a Butler. However, she had not expected that he would choose to sell himself to Lin yuelan and name himself Lin Fu.

829 Back to the Lin family Village

In his own words, his life was saved by Lin Deshan, so his life belonged to him.

Lin yuelan didn’t force him. Since it was his own choice, she wouldn’t interfere.

Then, Lin Fu was very touched. After that, he became the head butler of the Lin family.

Ever since he had become a butler, the Lin family residence had indeed changed a lot.

Although Lin yuelan preferred a closeness between a family of masters and servants, housekeeper Lin still taught them to be clear about their status. They had to do things properly and methodically. When they encountered anything, they had to first report to the housekeeper, and then the housekeeper would screen what things needed to be reported to the master and which things didn't need to alarm the master.

In short, after Lin Fu became a housekeeper, not only did Lin Deshan and Doctor Zhang have a much easier time, but the servants also had a direction. They could work easily without having to be afraid of offending the master. This also made Lin yuelan feel much more relaxed.

Otherwise, Lin yuelan wouldn't have been able to leave the Lin family Village so easily.

After the horse carriage stopped at the entrance of the courtyard, the Butler led a group of servants and stood in the courtyard. They bowed and said very respectfully, "master is back! Welcome home, master!"

After that, the other servants also shouted in unison, "welcome home, master!"

Lin Xujie and Lin Qingsong jumped down from their horses. Then, Cai Xia and Ming Yue got down from the carriage. They bowed to the head butler and said, "head butler!"

After that, the two of them opened the curtains and said, "master, we're home."

Lin yuelan had left the Lin family Village for two months. It wasn't a short time, but it wasn't a long time either. However, to these servants, it seemed like their master had been gone for a very long time.

Because when the master was at home, he could often hear the laughter of the two old masters.

However, after their master left, although the two old masters would often smile, their smiles were obviously mixed with worry, making people frown and unable to bear it.

The group of servants held their breaths as they waited for their master to get off the carriage. In this short moment, it seemed like a long time had passed.

Then, they saw a pink-green dress and a petite figure jump down from the carriage. She stood in front of the crowd and looked at the crowd with her bright eyes. She then looked around and nodded. "very good, everyone has worked hard!"

The servants immediately shook their heads in surprise and said, "this is our duty as servants. We are not working hard!"

Lin yuelan nodded slightly and didn't say anything.

She walked up to the Butler and asked, "Uncle Fu, how's your health? Is everyone doing well?"

Lin Fu was very touched as he said, "thanks to master's blessings, this old servant's health is very good! Everyone is doing very well! But master, although you've grown taller, how did you lose weight? Now that you're home, we need to feed you more!"

Lin yuelan didn't reject Lin Fu's good intentions. She nodded and said, "okay. Thank you, uncle Fu."

Then, she asked, "where are my grandfather and Grandmaster?"

The head butler smiled and said, "the two old masters are busy in the kitchen. They said that the masters have been working hard and want to make some pastries for master to try."

Lin yuelan was dumbfounded when she heard the housekeeper say that the two old men were making desserts for her in the kitchen.

Although the two old men had entered the kitchen before, that was also for the purpose of brewing medicine. However, they seemed to have never been in the kitchen to cook, right?

Lin yuelan came to the kitchen, full of doubts. She wanted to see what kind of pastries they were going to make.

However, as soon as they entered the kitchen, Lin yuelan couldn't help but burst out laughing. The Butler who followed Lin Yuelan also couldn't help but laugh when he saw the two old masters.

These two old men, who were over a hundred years old, had white powder on their faces and beards. They looked like two old cats, very cute.

Doctor Zhang kneaded the dough with one hand and wiped his face with the other. When he heard the laughter, he was about to berate the servant for being so rude.

However, when he raised his head, he was immediately overjoyed. Doctor Zhang stopped what he was doing and called out, "girl, you're home?"

Hearing doctor Zhang's exclamation, Lin Deshan, who was preparing the stuffing, also turned around. Seeing Lin yuelan at the door of his house, he also shouted in surprise, "

girl, you're home so fast! Your Grandmaster and I thought you would be here in the afternoon!"

Immediately, the two of them stopped what they were doing and walked over.

Lin yuelan laughed, " Grandpa, Grandmaster, I'm back!"

Then, she walked forward and gave each of them a hug. She said, " I miss you so much!"

### 830 Between the Ruler and his Subject

In the study of the Royal Palace in the capital.

The Emperor was holding a book with a few pages in his hand. He said to Jiang Zhennan, " my Dear Minister, the Hanlin Academy has already compiled the 'dictionary' that you spoke of. Come and take a look. Is it like this? "

Jiang Zhennan took the book from the Emperor's Hand and flipped through it. Then, he frowned slightly.

This was because this " dictionary " only contained some words and some simple pictograms. It was very different from the dictionary Lin yuelan had proposed.

Lin yuelan had once told him that 2000 years later, there would be a book called 'dictionary', which was an essential tool for men, women, old, and young to read and write. As long as one didn't know the words, one would be able to look them up with the book.

However, this book only contained some characters. If one didn't already recognize the Chinese characters, it was pointless. But if one already recognized the characters, why would they need this book?

Seeing Jiang Zhennan frowning, the Emperor asked with some doubt, " Minister Jiang, what's the matter? is there any problem with this dictionary? "

However, Jiang Zhennan shook his head and said, " Your Majesty, this dictionary is very different from the one that the expert had mentioned!"

When the Emperor heard this, he immediately asked curiously, " Oh, then what does the 'dictionary' that your expert mentioned look like? " Then, he thought of something that Jiang Zhennan had mentioned to him before and asked, " Minister Jiang, I

remember you've mentioned something called the letters system. Don't tell me that the system really has such a great use?"

He was a wise ruler, and he would spare some attention to anything that was beneficial to the country and the people.

It was just that at that time, Jiang Zhennan had mentioned the system of letters to him, but in his opinion, people who used to read and write didn't rely on the letters. So, he didn't take it to heart and only ordered the people of the Hanlin Academy to collect all the Chinese characters.

The corners of Jiang Zhennan's mouth twitched slightly. At that time, the Emperor had clearly taken this matter to heart. He did not expect that in the blink of an eye, he would think that the system was not of much use.

However, he was the Emperor after all, so Jiang Zhennan could not say anything.

He only said, "Your Majesty, now everyone learns characters through word of mouth. After everyone has learned some characters, they can only recognize them by their shape and image. However, this way, those who want to study can't afford the expensive tuition fees."

The Emperor nodded and said, "that's right!" This was a common phenomenon in the world.

For a poor family to study, they had to use up all their financial, material, and human resources to produce a scholar.

Some people could find a good job with just the knowledge of a few words, such as a shopkeeper or an accountant.

However, the number of literate people in the entire country was still in the minority. There were countless cases of people being deceived and forced to sign contracts of selling themselves because they did not know how to read. This also led to a large loss in population.

The government could not conscript the men who were servants. However, the Army needed people, so they could only conscript the illiterate farmers.

In this way, when developing agriculture, there were no strong men to do farm work. This caused the rural areas to only have women, old, and young laborers. Without strong men, the agricultural harvest was greatly reduced.

In short, this series of reactions caused the country and people to become poor because they were illiterate.

As the ruler of a country, the Emperor naturally had to consider the people's livelihood.

If everyone in the Longyan Kingdom could read and write, then why would his Kingdom worry about not being rich or strong?

Therefore, he had been too negligent before.

When Jiang Zhennan saw that the Emperor had really taken his words seriously this time, he immediately became very serious and said, "that master once taught me 26 letters. She told me that all the words in the world can be pronounced with these twenty-six letters. As long as they are taught how to spell these twenty-six letters, it will be twice as easy for them to recognize characters."

Hearing this, the emperor's eyes lit up. "Minister Jiang," he said in surprise, "are these 26 letters really that magical?"

Jiang Zhennan nodded his head and said, "Your Majesty, I have personally experienced the wonder of these twenty-six letters, so I dare not lie to Your Majesty."

The Emperor immediately asked, "then what exactly are these 26 letters? Minister Jiang, tell us immediately!"

Jiang Zhennan said, "a, o, e..."

He repeated the twenty-six letters.

### **831 Between Ruler and Subject**

The Emperor was very curious as he followed, "ah, oh..."

After the Emperor read it once, he was even more curious. "haha, so this is how you read these 26 letters. Not bad!" However, he then asked doubtfully, "but how do these 26 letters help with learning?"

The emperor's curiosity had been completely aroused, so Jiang Zhennan taught the Emperor everything he had learned from Lin yuelan.

The Emperor and his subjects stayed in the study for an entire day. Halfway through, the eunuch came to invite them to dinner, but they were all rejected by the enthusiastic Emperor.

In the evening, when it was time for dinner, the old eunuch was worried that the ruler and official would be really hungry. After all, they had stayed in the study all day without eating anything.

“Emperor, it’s time for dinner!” The old eunuch held the horsetail whisk and bowed to the Emperor with great respect.

The Emperor raised his head and looked at the sky. “it’s already so late!” he said in confusion.

The old eunuch smiled and replied, “ yes, Your Majesty. It’s very late. It’s time for dinner. I believe great general is also hungry!” He was reminding the Emperor that Jiang Zhennan had been with him in the study for a day and had not eaten anything.

The Emperor was slightly taken aback. Then he laughed out loud. He stood up from the table and said to Jiang Zhennan, “ haha, Minister Jiang, you must be starving! Let’s go have dinner!”

Jiang Zhennan did not refuse. He said, “ thank you, Your Majesty!

The two of them soon arrived at the dining hall, and the palace servants had already placed the dishes on the table.

Plates of exquisite and delicious dishes and fruits were placed on the dining table. They were as beautiful as flowers and smelled especially fragrant. Anyone who looked at them would drool. After all, this was the food of the Emperor.

However, to Jiang Zhennan, no matter how well these dishes were cooked, they were not even twenty percent as good as Lin yuelan’s.

Her dishes were really delicious, making people want to eat more after eating them.

The Emperor looked at Jiang Zhennan, who was staring at the dishes in a daze, and asked curiously, “ Minister Jiang, eat! Why are you in a daze?” Then, he said in a good mood, “ recently, the Imperial Kitchen has changed chef. The taste is not bad.”

Jiang Zhennan picked up his chopsticks and picked up the nearest dish. He put it into his mouth and chewed it, but he frowned slightly. ‘This taste is really far worse than what miss Yue ‘er made.’

Of course, it was much better than the dishes in the general’s Manor. However, because they had taken a lot of condiments from Lin yuelan, whenever they felt that any dish was not fresh or did not taste good enough, they took it out and mixed it with the dishes.

Therefore, his favorite side dish was not meat but a bottle of chopped pepper sauce.

With this bottle of chopped pepper sauce, he could eat a few large bowls of vegetables without any other dishes.

But now, eating these delicacies, he felt like he was chewing wax.

That was because none of the dishes had a spicy taste.

It was torture for him, which was used to spicy food.

The Emperor and his subject finished their dinner in silence.

The ruler and subject had a stroll after dinner.

The Emperor looked at the crescent moon in the sky and sighed, "time really makes people grow old. I didn't expect that a year would pass by just like that."

Jiang Zhennan immediately replied, "the Emperor is not old at all. He is still very strong!"

The Emperor was stunned at first, but then he laughed out loud. "Minister Jiang, I remember that I haven't summoned you for a few months, and you're getting better at speaking! I remember that you used to be a quiet person who would never talk if you could. Now, you even know how to flatter me!"

Jiang Zhennan said very seriously, "Your Majesty, I'm just telling the truth!"

Looking at Jiang Zhennan's stoic face, the Emperor felt that it was very interesting. He nodded and said, "Alright, alright."

But then he changed the topic and asked, "Minister Jiang, if I remember correctly, you should be 25 years old after this New Year, right?"

Jiang Zhennan corrected him seriously, "Your Majesty, after the new year, I will only be twenty-five years old in May next year!"

In the past, he didn't care about his age at all, but ever since he met Lin yuelan, he had been fussing over his age every day.

After all, he was twelve years younger than Lin yuelan. Hearing Lin yuelan call him "uncle" made him feel bad. If he could, he would rather Lin yuelan call him big brother.

When the Emperor heard Jiang Zhennan seriously correct his age, he was slightly stunned again, and then he laughed again.

He didn't know how many times he had laughed out loud, but he was in a good mood.

He had never thought that one day, his capable subordinates would actually care about his age.

The emperor thought to himself that the reason why Jiang Zhennan was so concerned about his age was that he had fallen for a girl, but the girl was concerned about his age.

The emperor's interest was piqued. He thought to himself, 'let me ask, and I'll know if this blockhead has fallen for any girl.'

Then, he asked, "Minister Jiang, you're almost 25. You probably have a wife who wants to take care of you, right? Do you have any girl in your heart? If you don't, why don't we find you a good and virtuous girl to marry? What do you think?"

Jiang Zhennan immediately became a little stunned. Then, his expression fluctuated as he said, "Your Majesty, didn't you promise me that you would not interfere in my marriage?"

What he was afraid of now was that if the Emperor decided to bestow a marriage on him on a whim, what would he do?

At that time, would he disobey the decree?

The Emperor narrowed his shrewd eyes and asked sharply, "then, my dear official, tell me, do you have a girl in your heart? Then if there is, do you want me to bestow upon you a marriage decree?"

If you find any errors ( broken links, non-standard content, etc.. ), Please let us know < report chapter > so we can fix it as soon as possible.

832 New Year

Lin yuelan did not know that the Emperor was going to bestow a marriage to Jiang Zhennan.

Right now, she only wanted to spend some time with the two elders.

The three of them sat in the main hall. Doctor Zhang looked at Lin yuelan and stroked his grizzled beard. He said happily, "Oh, little girl, I haven't seen you for more than two months. You've grown taller and more beautiful. It's just that you're a little skinny. Little girl, have you forgotten to eat?" The last sentence was said with heartache.

Lin yuelan was only 12 or 13 years old. Although she was talented and capable, she was still a child.

She was just a child, but she was busy all day. Farming, treating medicine, doing business, she could do what ordinary people could do, and she could also do what ordinary people couldn't. She was simply too busy.

Lin yuelan smiled and said, "Grandmaster, how can that be? Don't you know my personality? Eating well, drinking well, playing well, and sleeping well is my motto."

As she spoke, she glanced at her slender figure and said, "I guess I've been growing taller for the past six months."

Ever since she had taken over this body, she had been nourished in all aspects, so her height had shot up. In just half a year, she had become even taller.

At the age of 12 or 13, she had already grown to 1.62 meters tall, which was more than 10 centimeters taller than her peers.

Since she was taller, she looked slimmer.

Lin Deshan said disapprovingly, "but it's not enough to just grow. You have to put on some weight. I say, girl, you should nourish yourself well at home these days! I'll get the kitchen staff to make you some chicken soup!"

Lin yuelan smiled and said, "Okay, I'll definitely finish the chicken soup!"

..

The news of Lin yuelan's return quickly spread throughout the Lin family Village.

Although Lin yuelan had not been in the Lin family Village for the past two months, the villagers had been talking about her everywhere.

Why?

It was only because her family's greenhouse vegetables had earned so much money that it made people jealous. On the other hand, the Yan family had used up all their assets to build the vegetable greenhouse. In the end, not only did they lose everything, but they also went bankrupt. Other than the house they were living in now, they sold all their land, but they still couldn't pay back the underground loansharks.

Recently, the loansharks had been eyeing his house. They saw that his house could be sold for a lot of money, so they forced the Yan family to sell the house to pay off their debts.

Yan Lin gritted his teeth and refused to sell it no matter how these people beat him up.

If he sold this house, he wouldn't even have a place to stay. In the future, he might have to wander around or be homeless.

Now, the servants of the Yan family had left. Only Yan Lin and his precious youngest son, Yan Xiaoyong, were left in the big house.

As for his eldest son, second son, and third daughter, after hearing that their father had gone bankrupt, they went into hiding in the county and were unwilling to come back to see him. Even when Yan Lin went to find them, they closed their doors and pretended not to be at home. They were not willing to come out to see him, which made Yan Lin's face turn green with anger.

He wanted to go to court to sue them for being unfilial, but if he wanted to sue them, first, he would need money. Second, if he really sued them for being unfilial, then the Yan family's face would be gone. In the future, they would be filled with resentment, and they would not come to see him off even if they died.

Hence, Yan Lin did not report them to the authorities.

However, he was indeed filled with hatred. Firstly, he hated Lin Sanniu for giving him false information and causing him to pay such a price. Secondly, he hated Lin yuelan the most.

If Lin yuelan hadn't hidden the method of growing greenhouse vegetables, would he have gone bankrupt?

Before Lin yuelan returned, everyone in the village could see Yan Lin standing not far away from the Lin family mansion. He was glaring at the house with hatred in his eyes.

Although everyone sympathized with Yan Lin, the current Yan family was no longer the Yan family of the past. They needed to curry favor with them. Now, anyone could step on the Yan family.

Therefore, the villagers loved to compare Lin yuelan's family with the Yan family.

However, a few households were worried too. They were the families of those who had participated in the fight that killed Lin yuelan.

Now, everyone knew that Yan Lin's fate had everything to do with his family's little tyrant, Yan Xiaoyong, paying people to beat up Lin yuelan.

However, Lin yuelan hadn't made any moves against them yet, so they could only hide their worries in their hearts.

...

By the river, a group of women took advantage of the time before the new year and the sun to take out their clothes to wash.

“Hey, Sanniang, I haven’t seen Ying ‘Er in a long time. Where did she go?” Ever since she had let Lin yuelan’s family’s fields run dry and then framed her uncle, Ying ‘Er’s reputation had been almost completely ruined. Therefore, she rarely went out. But she couldn’t just stay in the house for more than two months. Wouldn’t that bore her to death?

When Gu Sanniang heard them asking about her daughter, her expression quickly stiffened, and her eyes were filled with anger and sadness.

More than two months ago, when she and Ying Zi went to town, they were actually targeted by Huang Ji medicine shop’s Huang Youcai.

He had sent people to secretly kidnap the mother and daughter to the Huang Manor and asked them to serve him together.

Fortunately, her daughter Ying Zi was smart and dealt with Huang Youcai many times.

Later, they heard that shopkeeper Huang had joined forces with the shopkeepers of several medical halls to deal with Lin’s medicine hall. Ying Zi was smart and immediately gave them a foolproof idea. After that, Huang Youcai and a few others joined forces with the local ruffian, Lai Xiaowu, and founded the opera troupe. They made a corpse and framed Lin’s medicine hall.

However, who would have thought that just as they were about to succeed, Lin yuelan would suddenly appear with a woman and expose all of their conspiracies? All the members of the Golden Phoenix troupe were arrested.

Shopkeeper Huang then placed the blame on Ying Zi and Lai Xiaowu.

As far as she knew, Huang Youcai sent people to the broken temple to kill Lai Xiaowu. As for the mother and daughter, Huang Youcai once again demanded they serve him at the same time.

The mother and daughter swore never to submit to him. They’d rather die.

However, Ying Zi suddenly agreed to be Huang Youcai’s concubine, but she had two conditions. One was to let her mother go back to the Lin family Village, and the other was that the matter of her becoming his concubine must not be spread.

Huang Youcai had intended to let the mother and daughter go back when they swore to die. After all, it was one thing for him to abduct people, and it was another thing if the people died in his house.

However, he did not expect Lin Ying Zi to suddenly change her mind, which was a pleasant surprise.

After Gu Sanniang returned to the Lin family Village, she claimed that Ying Zi was not feeling well and did not want to go out. In reality, she was very worried.

In the past two months, Gu Sanniang had avoided the Lin family Village and went to the Huang family to look for Ying Zi. Ying Zi told her that she was doing very well.

However, this only made her more worried.

However, she thought that Yingzi agreed to be Huang Youcai's concubine because she was forced by Lin yuelan.

Therefore, her hatred for Lin yuelan grew even deeper.

### 833 New Year

After Lin Dazong returned to the Lin family, he thought of Lin yuelan's big courtyard, big house, and the servants who served her. The more he thought about it, the more indignant he felt.

He didn't believe that Lin yuelan was really sent back by the King of Hell. He was more convinced that Lin yuelan had been possessed by the demon.

This was because the demon knew demonic arts and evil arts. That was how Lin Yuelan knew so many secrets of the dead.

Therefore, he had to catch Lin yuelan's mistake and prove that she was a demon.

If it was proven that she was a demon, she could be burned to death. By then, all her assets would belong to the Lin family.

At the thought of this, Lin Dazong immediately looked at the Lin family's courtyard and house in disdain. They could not be compared to Lin yuelan's. Hence, the more he thought about it, the greedier he became.

Lin Laosan, Li Cuihua, Lin Daniu, and his wife were immediately called over.

He said, " grandfather and grandmother, I don't believe that wretched girl's words at all. She said she was sent back by the King of Hell because her fate hadn't been fulfilled. That's a lie. She must've been possessed by a demon and used a demonic technique to know about those things."

Li Cuihua immediately echoed, " I knew that wretched girl must be a demon! However, the villagers, especially Lin Yiwei, wholeheartedly protected that wretched girl. They simply believed her words and let her go."

Lin Daniu nodded in agreement. "Speaking of which, that wretched girl might have used some underhanded methods to cure Lin Mingqing's leg."

Lin Dazong immediately said, " if that's the case, we just need to find evidence to prove that Lin yuelan used sorcery to save Lin Mingqing. She even used a demonic technique to bewitch Lin Yiwei and his son. Then, Lin yuelan will definitely not be able to escape the punishment of burning at the stake."

The other four's eyes lit up at Lin Dazong's words. Why didn't they think of this before?

Li Cuihua immediately said proudly and happily, " as expected of our family's scholar, you immediately caught the main point. Zong 'Er, what do you think we should do next? "

Lin Dazong was immediately proud and disdainful of his grandmother's praise. "Of course. I'm not like you vulgar country bumpkins."

Lin Laosan and his wife, as well as Lin Daniu and his wife, did not find anything wrong with what Lin Dazong had said. Instead, they felt that scholars should be like this.

Then, Lin fan asked, " Grandfather, grandmother, how did that brat treat Lin Ming Qing? "

Lin Laosan and his wife immediately shook their heads. Lin Laosan then said, " I don't know. Back then, only Lin Yiwei's family knew that the brat had treated Lin Mingqing. After that, the news of the brat treating Lin Mingqing spread. However, we don't know the exact treatment method."

The meaning of his words was that they might not be able to catch Lin yuelan's mistake.

However, Lin Dazhong did not give up and asked, " then, when she treated Lin Mingqing, did anything strange happen in the village? "

The four of them frowned as they thought about it, but they all shook their heads.

However, a moment later, li Cuihua immediately thought of something. Her eyes immediately widened, and she exclaimed, " I remember now."

The others looked at her in unison and asked, " What have you remembered? "

Li Cuihua said excitedly, " I just remembered two strange things.

“What strange thing?” The four of them asked again.

Li Cuihua said, “I think I remember there was once when I suddenly couldn’t move or speak.”

“You suddenly can’t move or speak?!” The other four echoed.

Very quickly, they also immediately exclaimed, “Yes, the same happened to us too.”

Lin Dazong, who did not know what they were talking about immediately asked anxiously, “grandfather, grandmother, father, mother, what exactly have you thought of? Tell me. This is such a scare.”

Lin Daniu said, “Zong ‘Er, speaking of this, we have to talk about your second uncle’s imprisonment.”

Lin Dazong was confused. “What does this have to do with second uncle?” he asked.

Lin Laosan’s face darkened as he explained, “Zong ‘Er, it’s like this. You also know that three years ago, Lin Yiwei saved that stinky girl. We were extremely angry and couldn’t take it anymore, so we decided to teach the village chief and his son a lesson.”

834 New Year

Lin Dazong nodded. “I know!”

Back then, he was almost twelve years old and had passed the Tong Sheng exam. He was only short of passing the Xiucan exam. However, he failed.

Later on, it was revealed that Lin yuelan was the jinx of the Lin family. Therefore, he immediately pushed the blame for not being able to pass the exam on Lin yuelan. With the embellishments of Lin Daniu and Lin Erniu, Lin Dazong decided to kill Lin yuelan.

However, Lin Dazong was a scholar after all. Due to his reputation as a scholar, he left when Lin Laosan and the others were planning to deal with Lin yuelan. Otherwise, if they said that he had a bad reputation as a scholar for leaving his own cousin in the lurch, it would directly cut off his official career.

However, that didn’t mean that it had nothing to do with him.

When he returned a month later, he heard that the Lin family had only severed their ties with Lin yuelan and did not execute his cousin. He also learned that his cousin had survived because of Lin Yiwei and his son.

This immediately made him unusually angry.

But now, they no longer had the chance to execute Lin yuelan.

This caused him to vent his anger on Lin Yiwei and his son, who had saved Lin yuelan.

At that time, he had thought for an entire night and finally thought of a good plan that could kill two birds with one stone.

However, he was a scholar. A scholar who was well-read could not get involved in the killing and harming of others.

After that, he found a target. This was his second uncle, Lin Erniu.

Lin Erniu and his wife only had two daughters. They once had a son, Lin Dayao. However, when this son was three years old, he drowned in the river. Later, Zhou guixiang was pregnant again, but because she did not pay attention, she miscarried. It was said that it was a boy.

Because of this, their mentality had long become stubborn and resentful. They needed a channel to vent their anger.

Lin Daniu was the eldest son who was doted on by Lin Laosan and his wife. In addition, they had Lin Dazong as their youngest son, who was talented in his studies. The Lin family's future glory and wealth would depend on him.

Therefore, Lin Erniu did not dare to vent his anger on Lin Daniu.

Lin Siniu was still single, and he was short and unkempt. It would be difficult for him to get married, so he was not someone they could vent their anger on.

Therefore, naturally, the foolish and filial Lin sanniu's family, who had both a son and a daughter, became the target of their anger.

Lin yuelan was Lin sanniu's eldest daughter.

Now, this eldest daughter had become the jinx of the Lin family. He thought that he could kill this jinx, but Lin Yiwei and his son jumped out to block his way. Therefore, he vented his anger on Lin Yiwei and his son.

Lin Dazong used this twisted mentality of his second uncle.

Therefore, Lin Dazong mumbled to himself when he was around his second uncle, "Lin Yuelan is a jinx. If those who helped her were to be jinxed as well, then who would dare to help her in the future?"

Then, as he wished, Lin Erniu took it to heart. Not long after, he came up with the idea of secretly harming Lin Yiwei and his son. When Lin Mingqing was rushing back to the academy, it presented the Lin Family with a chance.

However, Lin Dazong had never expected that Lin Yiwei's family would be so magnanimous that they allowed Lin yuelan, who had caused Lin Mingqing to be paralyzed, to continue staying in the village and becoming an eyesore.

But now, three years later, Lin yuelan, had turned over a new leaf and was leading a better life. On the other hand, their Lin family had become worse and worse.

This made him even more jealous.

Just as Lin Daniu recounted what had happened three years ago, Lin Dazong's mind was thrown into turmoil.

He continued to ask, "I know about this. However, what does this have to do with what you said about not being able to move or speak at that time?"

Lin Laosan's face immediately darkened as he said, "of course it's related. Lin Mingqing's leg was cured, but he was still unable to stand up. During that time, Lin Yiwei heard a rumor that Lin Mingqing's condition was caused by our family. At that time, they even got Changzhi's wife, Zhou Xiaoliu, to testify against us."

"It's just that because of our refutation and denial, plus the fact that they don't have any concrete evidence, they can't do anything to us.

"However, the bad thing was that this happened too suddenly. Your father and second uncle haven't even got the chance to discuss what to say. At that time, your father and I were the first to be questioned, but we both denied it. Zhou Xiaoliu's testimony did not have much of an impact.

"Just as we were rejoicing over the fact that we were about to survive, your second uncle was suddenly called in.

"After that, he was tricked into telling the truth by that cunning brat. After that, even if we wanted to refute him, we couldn't."

Hearing his grandfather's words, Lin Dazong was extremely shocked. He asked in surprise, "Is second uncle that stupid? The truth was so easily conned out? No wonder he's in prison now," he said contemptuously.

"No, it's not like that," Lin Laosan immediately denied. "When your second uncle came in, I wanted to give him a signal before he opened his mouth. But ..."

"But what?" Hearing this, Lin Dazong felt that this was the key. Therefore, he became more and more anxious.

"But at that time, we couldn't even speak or move!" Li Cuihua continued.

"That's right!"

This time, the other three said in unison, "At that time, my throat felt like it was being strangled, and my feet felt like they were stuck. I couldn't speak or move at all."

The four of them were stunned at first, but then they understood.

"That stinky girl must have used some kind of demonic technique to make us unable to move or speak." Lin Daniu replied.

Lin Dazong clapped his hands together and said loudly, "Grandfather, grandmother, father, mother, this is it!"

Then, the family of five, who thought they had something on Lin yuelan, began to discuss how to prove that Lin yuelan was a demon.

..

Something big happened in Beijing recently.

A third-rank official had hit his head against the wall and died in the living room of his own mansion.

This matter immediately alarmed the Emperor.

The Emperor immediately arranged for people from the Ministry of Justice to go to the official's house to investigate the situation. Then, he quickly reported it.

A third-rank official was actually forced to commit suicide. What was the inside story behind this?

The Emperor was worried that this might be an assassination caused by the fight for power.

However, the results of the investigation made the emperor's face sink.

A third-rank official of the Imperial court had been forced to commit suicide by 'filial piety'.

“What’s going on?” The Emperor, dressed in a bright yellow Dragon robe, asked li Huachun, the Vice Minister of the Ministry of Justice, who was kneeling on the ground with a serious and dignified expression.

Li Huachun said, “ Lord Hu was forced by his biological parents to commit suicide by hitting the wall.”

The emperor’s eyes became stern, and he said, “ tell me what happened.”

A third-grade official had committed suicide just like that, forced by his parents. He had lost a good official for nothing.

Soon, the Emperor understood the cause and effect.

This third-rank official, Ning Wenru, who was forced to commit suicide by his parents, was a civil official.

His background was the same as the official who was beheaded for corruption three years ago. He was thrown away by his biological parents and then picked up by a childless couple, who even raised him into a great talent.

However, at this time, when their biological parents found out about it, they came over shamelessly and asked them to be filial in the name of the “filial piety” of the Longyan Kingdom. Otherwise, they would make a scene in the capital so that the whole country would know that a dignified third-rank official only cared about his own happiness and left his poor parents aside.

If the pair only wanted their estranged son to care for them, it was nothing.

But the problem was that their parents had brought all their children, as well as their seventh and eighth great aunties, and they wanted him to provide for them.

If these people only wanted a simple life, it would not be a problem.

However, the problem was that these people kept clamoring to live a life of superiority, glory, and wealth.

But how was this possible?

Because it was impossible, the official’s biological parents started to make a scene, scold, and threaten. Anyway, they had to achieve their goal.

836 New Year

Three years ago, the high-ranking official who died was bound by the “law of filial piety” too. The law of filial piety said that children should obey their parents even if they had been abandoned or cut off relationship with their parents.

The official was pressured by his parents’ greed to take bribes. In the end, he was caught. However, he wanted to be caught. He did that to prove that the “law of filial piety” was unfair and wrong.

That was because he had never used a single tael of silver that he had embezzled. But he was still beheaded in public.

After the Emperor read the man’s statement, he did not eat or sleep well for a few days.

Now, another official had been forced to commit suicide by the “law of filial piety.”

The Emperor was shocked once again.

He also knew that the “law of filial piety” had many inappropriate aspects, but this was, after all, a rule left behind by his ancestors. As a descendant, he could not easily change it.

However, this time, he was moved.

This “law of filial piety” had to be changed. Otherwise, it would harm not only the officials but also the common people.

The Vice Minister of the Ministry of Justice, Li Huachun, brought the parents of the official who had committed suicide to the Emperor.

The pair of parents knelt on the ground and shivered. They were no longer as arrogant as they were in front of their son.

The Emperor was not angry, but he was imposing. He asked sternly, “Speak. What did you do to make a third-rank official of mine commit suicide? ”

The parents were so nervous that they couldn’t speak.

Li Huachun immediately shouted sternly, “hurry up and tell us the truth. If you lie, you will be guilty of deceiving the Emperor. The crime of deceiving the Emperor is a serious crime that will result in the execution of your entire family.”

The moment they heard that their entire family would be executed, the pair of parents did not have time to be afraid. They kowtowed and begged for mercy loudly, “Your Majesty. Please spare me! Your Majesty. Please spare me ...”

“If you want the Emperor to spare your life, then tell the truth!” Li Huachun shouted.

The two of them looked at each other, and then the man said in a low voice, "Emperor... We just want some money!"

The Emperor sneered and asked, "How much money did you want that you forced my official to kill himself?"

The man replied, "We just wanted... a hundred..." He didn't dare to continue.

"A hundred what?" The Emperor continued to ask, "speak! Otherwise, I will sentence you to be guilty of lying to the Emperor!" It definitely wasn't a hundred taels.

"It's a hundred thousand taels!" The man said in a trembling voice.

The Emperor and Li Huachun were both shocked.

The Emperor said, "a hundred thousand taels? What do you need so much money for?"

"It's ... It's my youngest son who lost a gamble and owed a high debt. He can't pay it back, so the loansharks want his hands... I have no choice but to ask that bastard ... I mean, my son, for a hundred thousand taels."

Then, a stern voice said, "you guys are really bold! I don't even have a hundred thousand taels in my Treasury, and you guys actually dare to demand so much from your own son?"

..

In the end, the case was closed with the Emperor beheading the two heartless parents.

This case shocked the world.

However, the impact of this case continued ...

837 New Year

On the second day after Lin yuelan returned to the Lin family Village, she went to inspect the vegetable field in the greenhouse.

After all, she had not been back for two months. The Spirit Water that she had left behind had almost been used up. She was going over now to add more Spirit Water.

As soon as Lin yuelan walked into the greenhouse, she found that the growth of the vegetables was not as good as before, and they were not as fresh as before. This would definitely lead to some changes in the taste.

After Lin yuelan saw it, she frowned slightly. Something was wrong.

Then, she checked each shed one by one, and the same thing happened.

Lin yuelan decided to take a look at the reservoir.

Although these greenhouses were not in the same area, they were not far from each other. Therefore, Lin yuelan chose a slightly lower land and dug a reservoir.

The reservoir was about 150 square meters and was dug six meters deep. It looked like a pond and was surrounded by railings to prevent people from accidentally falling into the pool.

Just from the name, one should understand that this reservoir was used to store water.

The most important feature of the reservoir was that it was impervious and leak-proof.

In the modern era, it was not too troublesome to make a reservoir with cement. However, in ancient times, it was extremely difficult to make a reservoir without cement.

However, Lin yuelan would temporarily replace the cement with waterproof and leak-proof tarpaulin. She would replace the cement when she found the raw material, limestone.

She believed that there was limestone in this era, but it had not been discovered yet.

As for the water pipes, she could use hollow bamboo joints to make bamboo pipes. She did not need plastic water pipes.

Winter was the dry season, so there was very little rain. Even the river next to the village would dry up in winter. The vegetables in her greenhouse needed a lot of water to water, so Lin yuelan dug out the reservoir to store water while she was building the greenhouse.

When Lin yuelan was at home, she would add spirit Water directly to the greenhouses.

Later on, when Lin yuelan planned to go on a long journey, she added spirit Water to the reservoir.

This pool of water was enough to last for a whole winter.

However, the vegetables were not growing as well as she expected.

So, the problem must be with the water reservoir.

When Lin yuelan came out of the big shed, Lin Jiawei was paying each worker. After all, it was the end of the year. Lin yuelan planned to give them seven days of leave, and they would still be paid.

Those who were willing to stay and work overtime would be paid three times their usual salary for the next seven days.

These workers were very grateful for such a good opportunity and worked even harder.

Moreover, the temptation of triple pay was quite big. These workers were all very willing to stay and work overtime.

In order to be fair, Lin Jiawei arranged for different people to work every day for these seven days. The salary for that day was three times. As for the rest, they didn't work and were paid normal wages.

The workers did not have any objections to this arrangement.

The next day was the start of the new year holiday, so Lin Jiawei decided to settle the salary today.

When the workers saw Lin yuelan, who had grown taller, more beautiful, and more graceful, their eyes were filled with amazement. However, no one dared to show the slightest lecherous expression on their faces.

Everyone who saw Lin yuelan would greet her respectfully, " miss Lin!"

This was because, apart from Lin Jiawei, they were basically from other villages. As for the people from the village, they were the only few who had not hit Lin yuelan when she was down.

However, these people also greeted her respectfully, " miss Lin!"

Lin yuelan nodded slightly and said, " thank you for your hard work, everyone!"

All the workers were flattered.

To them, the boss paid for them to work. No matter how tired they were, they had no right to complain.

Even though Lin Yuelan was young, she was famous in the surrounding villages.

It was mainly because she was young, and her reputation for bringing bad luck to her family and husband was too great. It was difficult for the people in the surrounding villages not to know about her.

In addition, in the past six months, she had to hire many people to work for help. She didn't want to hire from Lin's family village because most of them had harmed her, so she looked for workers from the surrounding villages.

At first, everyone was apprehensive of her identity as a jinx, but many people were tempted by her various benefits. After all, they were farmers who were busy with farm work and had no other income. Now that such a good job was in front of them, it would be a lie to say that they were not tempted.

### 838 New Year

Therefore, many people came for this generous salary. As long as they were honest and good at work, they would be accepted. Lin Jiawei rejected those who were sly and lazy.

The people who were hired were in fear all day long. They were afraid that Lin yuelan would bring them bad luck.

Fortunately, after working for so long, other than a few people who accidentally fell and got injured, the rest of the people were safe and sound.

Eventually, everyone was at ease and did their work properly.

This was because the work here was divided into districts, and the district that did the best would receive additional rewards.

All in all, they had been working here for three months, and the money they had earned was more than what they had earned in the past three years.

Originally, it was their duty to work honestly, but the boss actually thanked them for their hard work. They were all flattered, and their hearts were full of gratitude and touched.

The tanned uncle Liu reacted the fastest. His voice was filled with gratitude as he replied to Lin yuelan, "Miss Lin, you're too polite. We're paid to do things. Besides, it's not hard to work here, and we can get so much money. Miss Lin, we are really grateful to you."

Uncle Liu was the big, honest man who had brought Lin Sanniu into the greenhouse and was responsible for supervising and guiding Lin Sanniu.

"Yes, big Liu is right." Some of the workers who were around uncle Liu's age immediately echoed, "We are very grateful to Miss Lin for giving us such generous treatment."

The others also expressed their gratitude with passion.

It was the new year, and they had paid holiday. This was a benefit that they had never dreamed of.

Lin yuelan didn't expect that a simple "thanks for your hard work" would receive so much gratitude.

Lin yuelan nodded and said in a clear and cold voice, "I still say the same thing. As long as you do your job well and don't think about or do anything unnecessary, I will definitely not mistreat anyone."

What was unnecessary? Hehe, just don't try to play those self-righteous little tricks.

Everyone immediately echoed, "Miss Lin, don't worry. We definitely won't do that."

Immediately, uncle Liu said loudly, "Miss Lin, if someone really has those thoughts, they will go against all of us. We will teach them a lesson!"

They didn't care if Lin yuelan was a jinx. Lin Yuelan was their boss and angel.

Hearing this, Lin yuelan only nodded slightly and said, "Good. I still have things to do, so I'll be leaving first!"

"Miss Lin, of course! We won't take up more of your time!"

After Lin yuelan left, everyone lined up in unison, waiting to get their pay.

A moment later, Lin yuelan walked to the reservoir.

The vegetables that looked a little unkempt meant that there was not enough spiritual energy.

The reason for the lack of spiritual energy was definitely because some of the spirit water in the pool had disappeared.

So, what she needed to find now was the reason for the disappearance of the spirit water.

Due to the special nature of the pond, Lin yuelan had arranged for three people to work in three shifts to supervise the reservoir at all times. As a result, it was impossible for the Lin family villagers to get any water from the reservoir to water their vegetables.

When the worker on duty saw Lin yuelan approaching, he immediately stepped forward and stopped her. "miss, you can't go near this place. Please leave immediately!"

After saying this, he felt that the person in front of him looked very familiar. When he looked into Lin yuelan's clear and bright eyes, he immediately realized that this was his boss, Lin yuelan.

He immediately turned to Lin yuelan in a panic and said, " I'm sorry, boss. I didn't recognize you just now!"

Lin yuelan nodded and praised him, " you don't have to apologize. You did a good job!"

Zhou Liang, who was only 15 or 16 years old, realized that he had been praised. His expression immediately became silly. He touched the back of his head and said with an embarrassed smile, " hehe, boss, this is my responsibility."

839 New Year

The people guarding the reservoir were all fifteen or sixteen-year-old boys.

This was because young men at this age were young, strong, and energetic. If they met someone who came to steal water, they would have the strength to chase after them.

Lin yuelan nodded and then said to Zhou Liang, " go and open the pond's canopy."

The pool's canopy was covered with oilcloth.

Usually, it would not be opened unless it was raining.

However, it hadn't rained much since Lin yuelan left, and the oilcloth hadn't been lifted.

Zhou Liang was stunned at first, but then he ran over and lifted the oilcloth.

However, when he lifted the oilcloth, Zhou Liang was stunned at first, then he shouted in panic, " boss, this ... There's a really, really big snake here!"

He had never seen such a huge snake before. The snake was as thick as a large rice bowl. Its entire body was curled up and he could not tell how long it was. However, when it was curled up, it was like a small mountain.

The snake was lying by the pool.

The water reservoir was in the shape of a three-dimensional inverted trapezoidal shape with three sides. The first side was three meters away from the mouth of the pool, the second was two meters away from the first, and the third was one meter away from the second. This way, they could know how much water was left in the pool.

But now, the snake was lying on the side of the second pool.

After Zhou Liang shouted, he felt that something was wrong. He turned around and said loudly to Lin yuelan, " boss, don't come over. I don't know if this snake is dangerous. Please don't come over!"

However, despite his loud shouting, it did not seem to alarm the snake. This made Zhou Liang feel a little strange. He muttered, " could this snake be hibernating? However, weren't they supposed to hide in holes if they wanted to hibernate? Why did it come to this pool?"

Lin yuelan walked over calmly. When she saw the huge snake by the pond, she immediately understood why the spirit Water in the pond had decreased.

Seeing that Lin yuelan was about to walk in, Zhou Liang immediately turned pale with fright and said, " boss, don't come any closer. Although this snake is hibernating, who knows if it will suddenly wake up? if it does, it will be dangerous."

Lin yuelan didn't listen to Zhou Liang's dissuasion and continued to walk closer. Then, she stood by the pool and looked down at the big snake with a calm and composed attitude.

Zhou Liang's heart was beating wildly. He was very nervous and afraid. However, he was a man. How could he be so selfish and run away when he saw his boss in danger?

He first looked around and saw a thin rod not far away. He ran over to pick it up and then ran back. He stood next to Lin yuelan and stared at the snake with a protective and vigilant attitude.

If the snake suddenly attacked them, he would immediately swing his rod and kill it.

However, it was as if Lin yuelan was deliberately trying to attract the snake's attention. She clapped her hands and saw that the snake was not moving. She took the thin rod from Zhou Liang's hand and then stabbed the snake.

Zhou Liang, who was at the side, was so scared that his face turned pale again. He simply didn't understand what his boss was doing.

He immediately reacted and said angrily, " boss, what are you doing? this is too dangerous. Give me the rod and leave!

However, Lin yuelan's sharp eyes immediately looked over. Her voice was cold and a little stern. She said indifferently, "quiet!"

Lin yuelan's imposing manner immediately stunned Zhou Liang.

Looking at Lin yuelan's serious little face, Zhou Liang's face was still very pale. His mouth slightly opened, but in the end, he obediently kept quiet.

However, his pupils suddenly expanded and contracted, and his whole body tensed up.

That was because the snake had moved.

## 840 Sensation

Lin yuelan had tamed another big black snake, which was in the big pond she had dug.

This news spread like the wind to every corner of the village.

When everyone heard this news, their hearts trembled, and their faces revealed fear and dread.

As the King of the Mountains, The White Tiger might have intelligence and could communicate with humans. However, they could not imagine how a snake could be tamed.

Besides, it was so cold now. Why would such a big snake hibernate in Lin yuelan's pool instead of a cave? Wasn't it afraid of freezing to death?

Also, snakes in winter would bite people when they were suddenly woken up in their hibernation.

However, why didn't such a huge snake bite Lin yuelan?

Of course, some people quickly recalled that Lin yuelan's current Mount was a big white Tiger. It was the King of the Mountains, and in everyone's eyes, it was an extremely fierce animal that would also eat people. Even dozens of strong men would not be able to kill it.

However, Lin yuelan was able to subdue it, and the reason was that the King of Hell had given her an affinity with animals.

Therefore, it was no longer surprising that she had subdued the Python.

However, every animal that she had tamed was a ferocious beast that made people feel fear and dread.

As soon as the news of the fierce snake's subjugation spread, many people came to Lin yuelan's house with fear and curiosity. They opened the door wide, wanting to see the true face of the big snake and whether it was as terrifying as the big white Tiger.

However, to their disappointment, other than seeing people coming and going to work in the courtyard, they did not see any trace of the big snake at all.

Therefore, some people immediately became very curious. They immediately went to Zhou Liang.

This time, Zhou Liang was very proud.

There was no trace of the frightened look he had when he first saw the huge snake.

"Hey, Zhou Liang, you said that you saw with your own eyes that the girl subdued that big snake. Tell us, how did she subdue it? We're all very curious." During the break, a group of young men around Zhou Liang's age surrounded him and asked curiously.

Of course, there were also adults and children of other ages who were curious.

They couldn't ask Lin yuelan, so they could only ask Zhou Liang.

To Zhou Liang, this matter was his pride and joy. Moreover, Lin yuelan didn't instruct him to hide this matter. Naturally, there was no need to hide this matter.

Therefore, after Zhou Liang ate and drank his fill at the Lin cafeteria, he began to show off what he had seen at that time.

Like a storyteller in a teahouse, he vividly explained, " at that time, when I lifted the oilcloth covering the pond, I saw a big, smooth, black snake lying on the shore. I was immediately shocked. Then, I shouted to the boss, 'snake, snake, a big snake!'

"However, the boss's expression was very calm. Then, she slowly approached the big black snake. At that time, I was so scared that I was covered in a cold sweat. I was afraid that something would happen, so I immediately found a long and thin rod not far away. If the big snake suddenly attacked boss, I could fight back and protect her from being injured."

Upon hearing this, many people exclaimed, " that girl is really bold. Is she not even afraid of such a big snake? "

"tsk, have you all forgotten that LAN 'er has the power of the King of Hell? She can even subdue the man-eating White Tiger. Why is she afraid of the snake? "

"That's true!" The others immediately agreed.

"Hey, hey, do you guys still want to hear it? if not, I'm leaving!" Zhou Liang was also a little unhappy. The way they spoke was as if they were saying that Lin yuelan wasn't human. As a loyal fan of Lin yuelan, Zhou Liang certainly didn't like these people saying this.

"No. Continue." When they heard that Zhou Liang was leaving, these people stopped talking about Lin yuelan. They pulled Zhou Liang and wanted him to continue.

Zhou Liang raised his eyes and said to these people, " let me tell you, my boss subdued the big white Tiger and the big black snake with her own abilities. Just because you don't have the ability, it doesn't mean that others don't have the ability either."

When these people heard Zhou Liang's words, their expressions immediately became embarrassed. They said to Zhou Liang in unison, "Liang Zi, you're right!" In fact, they were afraid that Lin yuelan would take revenge on them if she heard what they said.

Now, everyone knew what would happen to those who offended Lin yuelan. Take the Yan family as an example. A large and wealthy family, in everyone's eyes, was gone just like that. Now, only Yan Lin and Yan Xiaoyong were left in the entire Yan family. They were also in debt. The creditor even came to their house and beat Yan Lin half to death.

There was also Yan Xiaoyong. He used to be fair and chubby. Because he was rich, he became the little tyrant of the village. Now, his figure had obviously slimmed down. Because the Yan family had fallen, he was not as arrogant and unruly as he used to be. Now, he was in pain. This was because everyone he had bullied in the past was now returning the favor doubled back to him.

Everyone understood that the Yan family's fate was not only because of their own actions but also because of Lin yuelan.

Although there was no direct evidence to prove this.

After listening to their apology, Zhou Liang continued, " we all know that snakes hibernate in winter. Therefore, the snake just lay there without any movement. However, the boss took the rod from me and pointed it at the big black snake. She poked and stirred it. "

Upon hearing this, everyone suddenly felt that this was too dangerous. Wasn't Lin yuelan messing around?

However, no one said a word.

"At that moment, the snake suddenly moved!" Zhou Liang suddenly said loudly. This sudden shout gave everyone shock.

Someone immediately asked, " what happened to the snake? Did it attack?"

"No." Zhou Liang shook his head and said doubtfully, " maybe hibernating snakes are slow because of the cold. The snake did move, but it only raised its head and looked around with a confused look. Then, it coiled up again and continued to sleep!"

Everyone gasped. They had thought that there would be a battle between the snake and the human. In the end, the snake did nothing!

"And after that?" Someone continued to ask.

Zhou Liang touched his head and chuckled. He said embarrassedly, " after that, the boss saw that the snake had gone back to sleep. Then, she jumped to the snake's side and pinched its vital spot. You all know that our boss has divine power."

The people around him nodded in agreement. "So, the boss took hold of its weakness and brought it back to Lin Family Garden! There's a kind of large bamboo cage in the Lin family Garden that's especially used to keep chickens and ducks. The boss just put it there, and the big snake continued to sleep."

"Just like that?" The people who were listening felt disappointed.

Where was the battle between humans and serpents that they wanted to hear about? Where was the method Lin yuelan used to subdue Python?

There was nothing of that sort!

Lin yuelan was just lucky to encounter a big black snake that was hibernating and didn't know how to react.

Zhou Liang nodded and said, " of course. What else do you guys want to hear?"

In fact, he had also heard the rumors and knew what they wanted to hear.

However, the truth would probably disappoint them.

In the courtyard of the Lin family Garden, all the servants surrounded the big bamboo cage with the big black snake. They were curious, nervous, and scared.

After all, it was the first time they had seen such a huge snake.

The snake was hibernating, but it was unknown whether it was dangerous or not. Was Lin Yuelan going to keep it?

No one dared to ask Lin yuelan. They accosted the head butler, Lin Fu, and asked curiously, "uncle Fu, does boss want to raise this snake?"

Lin Fu looked at the sleeping snake and shook his head in confusion. "I don't know what master is thinking!"

"Oh!" Since they couldn't get anything out of the Butler, they didn't ask anymore.

Lin Fu thought to himself, 'this black snake is too unusual. It's impossible for such a big one to be so slow. Otherwise, how could it have grown so big? Even if it's hibernating, it'll definitely be alert in the face of danger. It's impossible for it not to resist. How could it let the boss bring it back?'

However, no matter how unusual it was, no matter how suspicious he was, Lin Fu kept it to himself and wouldn't say it out loud.

However, not everyone was like Lin Fu.

This time, it seemed that everything and everyone had gathered together because of this snake.

A rumor, a huge rumor, enveloped the Lin family Village.

### **841 Before the Reform**

In the capital, the case of a third-rank official being forced by his parents to commit suicide by hitting his head against the wall had shaken the entire court.

This was already the second instance. For such a high-ranking official of the Imperial court, he had been forced into a corner by "filial piety."

As a result, the Imperial court had a dispute over whether the "law of filial piety" was reasonable or not!

Some people suggested that although this "law of filial piety" was a system passed down by the ancestors of this dynasty, they relied on this law to allow the people to live in peace.

However, in the long run, this “law of filial piety” exposed its serious drawbacks, causing many grievances and misjudgments. For this, countless filial sons and grandsons had paid with their lives.

Therefore, this “law of filial piety” must be changed!

As for those who were conservative and stubborn, they were seriously protesting the change.

They said, “since our ancestors could create the stability of the country through the ‘filial piety’, we can do the same now. The purpose of the law is for Long Yan Kingdom is to rule the country with filial piety. Therefore, we can’t just give up the ancestral system just because of a few bad examples!”

In short, the two sides could not reach a consensus.

The Emperor, who was sitting high on the throne, had a dignified expression on his face. His eyes were sharp as he stared at their dispute.

When the two sides became more and more heated, and their faces were red, the Emperor snorted, and the argument immediately quieted down. Everyone lowered their heads in fear, not daring to look at the Emperor.

Because they all knew that the Emperor was angry.

The Emperor sat high up and looked down at the princes, grandsons, and ministers below.

Then, the Emperor seemed to ask nonchalantly, “Huang ‘er, ye ‘er, Hong ‘er, what do you think? Should this ‘law of filial piety’ be changed or not?”

The people the Emperor called were the Crown Prince Yuwen Yuyu, the third Prince Yuwen feiye, and the emperor’s eldest grandson Yuwen Xuhong.

As everyone knew, these three people were the most powerful competitors for the throne.

Crown Prince Yuwen Yuyu was the eldest son of the current Empress, Chen Wanyue.

The third Prince, Yuwen feiye, was the son of the Imperial Noble Consort, Zhou Wenya.

The eldest Imperial grandson, Yuwen Xuhong, was the eldest son of the previous Crown Prince. If the previous Empress and the previous Crown Prince did not die of illness, then the throne should be inherited by him.

However, things were unpredictable ...

Now that the Emperor was asking them the same question at the same time, everyone knew that the Emperor was using this question to evaluate the abilities and judgment of the princes.

For a moment, the atmosphere was so quiet and tense that they could even hear each other's breathing.

The eyes of the three Imperial sons and grandsons were filled with contemplation, seriousness, sharpness, and a hint of challenge.

At this moment, Yuwen feiye said impatiently, " father, I don't think it's appropriate to change it!"

The emperor's face was expressionless. He only gave a faint " Oh " and asked, " why? "

Yuwen feiye explained, "father, this is, after all, a system set by the ancestors. Back then, our ancestors moved the world with 'filial piety' and gained the world. Later on, he even ruled the country with filial piety to bring peace to the country and the people. These are all impressive achievements brought about by 'filial piety'.

"Now, just based on a few isolated examples, we are going to ignore the ancestor system?! This is a great unfilial act to our ancestors!"

As soon as Yuwen Feiye finished speaking, the officials began to discuss among themselves. Some of them nodded in agreement, while the others did not.

The Emperor did not nod or deny it. He only pointed at the Crown Prince and asked, "Yu 'Er, what do you think? "

When Yuwen Yuyu heard his name being called out, he thought for a moment and said seriously, "Our dynasty has followed the ancestral system of governing the country with filial piety to calm the people so that the people of the world can follow the example of our ancestors and respect the old and the young, and be filial to their parents!

"However, all laws have flaws and loopholes, and the 'law of filial piety' is no exception!"

Hearing this, everyone understood that the crown prince's views were different from the third Prince's.

Yuwen Yuyu looked carefully at the Emperor who was sitting on the throne. The Emperor still showed no expression, but he did not stop Yuwen Yuyu from continuing.

Yuwen Yuyu continued, " this 'law of filial piety' is not bad in other aspects. However, children who are adopted, sold, abandoned, cut off, and so on still have to be filial to their biological parents. This has led to the greed of some biological parents.

“Whether they were poor or not and whether they could afford to raise their children was another matter. However, other than giving birth to their children, they did not put in any effort in raising their children. When their children grew up, regardless of whether they were poor or not, their parents would reach out to them to force them to support their estranged parents. If the children refused, they would be ‘unfilial’ and they would be forced to fulfill the obligation of supporting their parents. At the same time, this caused the children to suffer unspeakable pain, but they had no way to complain because their so-called biological parents had the Imperial court’s pardon!

“This will cause many children to be forced to commit suicide to end their relationship with their parents!”

When he said this, it immediately caused everyone to start discussing.

This time, some people supported the crown prince’s words, while some people opposed it!

Most of the officials who supported the Crown Prince were young officials. As for those who opposed it, they were officials who were already grandfathers.

“So? what are your thoughts? ” the Emperor asked again.

Unable to see any of the emperor’s emotions, Yuwen Yuyu’s heart immediately became a little uneasy. His entire body tensed up as he carefully said,

“Father, I believe that we should continue with the ancestral system of ‘filial piety’. We still have to be filial to our parents, but those children who were adopted, sold, abandoned, and cut off from their parents can be said to have no relationship with their biological parents. It seems a little forced that they still have to fulfill the duties of children and be filial to their parents.”

“So, you mean that this law must be abolished or changed? ” The Emperor continued to ask with a dignified expression.

The crown prince’s heart thumped, but he could only bite the bullet and say, ” Imperial father, I think that the system needs to be changed!”

The Emperor didn’t nod or shake his head. He just asked Jiang Zhennan, who had been standing silently below the stage, in a serious and deep voice, ” Minister Jiang, what do you think? “

If you find any errors ( broken links, non-standard content, etc.. ), Please let us know < report chapter > so we can fix it as soon as possible.

On the eve of the new year, an Imperial Order was issued throughout the country at top speed!

The Emperor said, "since the filial piety of the ancestors moved people, peace can bring peace to the country and the people. I've followed the example of my ancestors and ruled the country with filial piety. Only then can I calm the People's hearts! I feel very comforted!

"It's only natural for children to be filial to their parents!

"Filial piety was the foundation of cultivation, ruling the country and pacifying the world!

"However, the "law of filial piety" has been advocated for hundreds of years since the founding of the great ancestor, and I see that there are some shortcomings and unfairness in it!

"I considered it again and again and revised my decision.

"All children who were adopted, sold, abandoned, cut off ties with their biological parents had no relationship with them. In terms of "filial piety," they could be filial to their adopted parents but not their biological parents.

"Their biological parents could not force, make trouble, or force their children to be filial to them if they had adopted, sold, abandoned, cut off ties with their children. If they violated the rules, the children could report it to the court and punish them according to the severity of the circumstances!"

..

As soon as this edict was out, it quickly covered up the most lively mood before the new year.

Some were happy, some were worried, some were excited, some were angry ...

In short, there were all kinds of emotions.

However, something happened in the Lin family Village before the edict, and the appearance of the edict left everyone dumbfounded.

..

Ever since Lin yuelan had caught the black snake in the pond and brought it back to the Lin family garden, a huge rumor had spread throughout the Lin family Village!

Lin yuelan was really possessed by a demon! She was not sent back by the King of Hell as she had said.

Two days before the end of the year, a Daoist priest wearing a Daoist robe and holding a white horsetail whisk came to the Lin family Village.

As soon as he entered the Lin family Village, he shook his head and said, "Why is the demonic Qi here so heavy? "

The villagers still respected Taoist priests, but more than that, they warned themselves not to speak nonsense.

Otherwise, he could throw his life into the abyss of hell with a single sentence. There were examples of this.

Three years ago, a Daoist priest suddenly decided the fate of a nine-year-old child.

Overnight, she had become the jinx. She had been abandoned by her family and her parents, and she had to live a miserable life of being beaten and scolded.

No one wanted that kind of life.

Therefore, the moment the Daoist priest stepped into the Lin family Village, he attracted the attention of the villagers. Following that, the villagers gathered around the Daoist priest. More and more people gathered, but they all followed behind him carefully, not daring to speak to him.

But now, they suddenly heard the Daoist priest say the word "demonic Qi."

Someone couldn't help but ask. This person was Liu Liujiao, the big mouth.

However, she seemed particularly flustered and afraid at this moment. She asked loudly, "Daoist priest, what do you mean by this? Do you mean demonic aura? Could it be that there's really a monster in our village?"

The others also looked at the Daoist priest with serious expressions.

This Daoist priest had a kind face and didn't look like a bad person or a liar.

So, what did the Taoist priest mean by this?

He held the horsetail whisk in one hand and stroked his long white beard with the other. His eyes were looking up at the sky. He did not answer Liu Liujiao directly. Instead, he mumbled, " the black mist is shrouding us. There's going to be a bloody disaster!"

A bloody disaster?

Liu Liujiao jumped in shock and exclaimed, “a bloody disaster? Daoist priest, tell me, who in our village is going to meet a bloody disaster? Or would the entire village be in danger?”

Everyone understood the meaning behind it.

The Daoist priest then turned to Liu Liujiao and said with a serious expression, “ during the new year, the sky should be filled with red light. But now, dark clouds have filled the sky above the village, and the demonic aura is soaring into the sky. There must be a demon in this village, and this demon will bring a huge disaster to the entire village. It might even cause the village to be exterminated!

Hearing the Daoist priest’s words, everyone took a few steps back in shock, their expressions full of disbelief.

They exclaimed in unison, “ a monster? How is this possible?”

The Daoist priest replied with a serious expression, “ why is it impossible? Do you think I’m lying to you? As for what benefits this poor Daoist will receive?”

Everyone was speechless.

This must be the Daoist priest’s first time in the Lin family Village, so he had no reason to lie to them, right?

However, to say that there was a demon in the village, this ...

Seeing the suspicious expressions on the villagers’ faces, the Daoist priest immediately asked, “ has there been any unusual phenomenon in your village recently? ”

Unusual phenomenon?

Everyone immediately fell silent.

“What? Is there really one?” The Daoist priest immediately asked, “ but it seems like you have something that you can’t tell me. ”

Liu Liujiao immediately said, “ Daoist priest, someone caught a really, really big snake yesterday.” she gestured to the size of the snake with her hand and then asked anxiously, “ could this snake be a demon? ”

The Daoist priest said seriously, “How did this snake appear in the Lin family Village? I need to see the snake in person to be sure that it’s the culprit behind the Lin family Village’s Black Qi! Alright, where’s that big black snake? Can you take me to see it?”

Everyone was silent!

Everyone knew that three years ago, that girl had suffered a lot for the next three years because of a Daoist priest who asked for water.

Wouldn't she hate Daoists priest to the bone?

Under such circumstances, who would really dare to bring this Daoist priest to Lin yuelan's house?

The Daoist priest asked curiously, "Is there any inconvenience?"

The villagers looked at each other. Liu Liujiao drew on her previous hatred and pointed in a direction. "Daoist, follow this road, and you'll see the biggest and most beautiful house. That house is the house of the snake catcher. Daoist, you can go and take a look!"

The Daoist priest nodded.

Then, he took the horsetail whisk and followed Liu liujiao's directions.

Although the people behind him were still following the Taoist priest, the distance between them had obviously widened.

Even if they arrived at the Lin family garden, Lin yuelan couldn't possibly say that they had brought the Daoist priest over.

Soon, the group of people followed the Daoist priest's footsteps and stopped in front of the Lin family Garden.

However, when the Daoist priest stood in front of the door and looked, his expression suddenly changed. He said in shock, " a monster, and a great monster with profound cultivation!"

The others 'expressions changed drastically as well. They said in shock and surprise, " there's really a monster? How is that possible?"

However, the Taoist priest said sternly, " the sky above this house is filled with demonic Qi and black mist. The inside of this house is also surrounded by a demonic Qi. If it's not a demon with profound cultivation, this phenomenon will not occur!"

As soon as the Daoist finished speaking, the gate of the Lin Family Garden was pulled open.

However, when they saw the person who opened the door, not only did the Daoist priest's expression change, but everyone else's expression also changed drastically!

### 843 A Black Snake Spirit?

From the appearance of the Daoist priest to the walk to Lin yuelan's house, which was at the West End of the village, the villagers had long been alarmed.

When the villagers heard that a Daoist priest had arrived, they were naturally attracted by their curiosity.

Then, not long after, except for those who were too old to walk, almost the entire village of three to four hundred people followed the Daoist priest to watch the show.

Soon after, the news spread from one person to ten and from ten to a hundred. In just a moment, everyone knew that there was a monster in their village.

The Daoist priest had said that the sky above their entire village was filled with dark clouds and demonic Qi.

Therefore, the Daoist priest had to find that demon.

Everyone was shocked to hear this news.

In addition to their shock, they were also a little panicked, afraid, and curious!

With curiosity in their hearts, they all followed the Taoist to the Lin family Garden!

Perhaps this monster had something to do with the big black snake that had been captured.

But more people suspected that this monster was directly related to Lin yuelan.

They were more in fear of Lin yuelan, but perhaps the Daoist priest in front of them gave them some courage. Therefore, the whole village, regardless of men or women, old or young, followed behind the Daoist priest.

When they arrived at the Lin family, the Daoist priest said loudly, " demonic aura is soaring. The demonic talent is profound." after that, the gate of the Lin family opened.

However, when he saw the person who opened the door, the Daoist priest's expression changed drastically. The expressions of the villagers who followed behind him also changed drastically.

However, the reason for their drastic change was different.

As for the latter, the reason for the huge change was that the person who opened the door was the owner of the Lin family Garden, Lin yuelan!

They were still very afraid of Lin yuelan.

As for the former's face, it changed greatly ...

The Daoist priest pointed his horsetail whisk at Lin yuelan, who was opening the door. His expression was very stern as he shouted loudly, " evildoer, surrender!"

After hearing the Daoist priest's words, the villagers 'faces changed again.

The reason for this change was none other than whether the Daoist priest had pointed out that Lin yuelan was a monster or that there was something in the room that made her a monster.

Of course, the excitement this time was the greatest for Lin laosan's family.

Lin Daniu immediately stepped forward and asked loudly, "Daoist priest, what do you mean by this? "

The Daoist priest stared at Lin yuelan sternly and said bluntly, " she's a demon!

"Ah!" Li Cuihua suddenly let out a loud cry and pointed at Lin yuelan. "Daoist priest, are you saying that this wench is a demon? "

As soon as Li Cuihua finished speaking, the other villagers also let out a loud scream in panic. Then, they also took a few steps back and looked at Lin yuelan with eyes full of fear.

This was very similar to the first time when people called Lin Yuelan a demon.

Later, the girl explained the source of her power. Although everyone was still afraid, Lin yuelan was still a human. As long as she was a human, she would not make people too afraid.

But what if she wasn't even human?

"Daoist priest, are you mistaken? Although my niece has some skills, they are given to her by the King of Hell. How can she be a demon? " At this moment, Lin Daniu's wife, li Hehua, said in a "surprised and unbelievable" manner.

"That's right, Daoist priest, are you mistaken? How can my granddaughter be a demon?" Lin Laosan and the rest of the Lin family stepped forward to 'anxiously' defend Lin yuelan. "she clearly looks like a normal person!"

The Daoist priest didn't clearly state that Lin yuelan was a monster, but Lin Laosan's family quickly pinned that on her.

Although the villagers were still suspicious, they had basically confirmed in their hearts that Lin yuelan was really a monster, except for a few people.

However, that was the truth.

The Daoist priest did not answer the Lin family's question. His small eyes were full of sharpness as he stared at Lin yuelan. He shouted with a serious expression, " how dare you possess someone's body and bring disaster to the world? Leave quickly, or I will punish you on behalf of the Grand Lord!"

Lin yuelan had already known when the Daoist priest appeared at the village entrance.

However, she still waited for his arrival without making a sound. She wanted to see the result of his plan and what kind of show would be put on for her.

It seemed that after she had taught Lin Sanniu a lesson, other than the Yan family, no one else had caused her any trouble.

In the two to three months that she had been away, she had always been able to strategize and plan things. She had never been worried about anything.

However, it was the end of the year, and there didn't seem to be much entertainment, so she was in the mood to play with them. Perhaps she might get unexpected gains.

Lin yuelan ordered the servants to do what they were supposed to do, and then she opened the door herself.

After opening the door, she was not surprised to see a large number of black heads.

Her sharp eyes swept across everyone present. Then, she saw the members of several families around the Daoist priest. She raised her eyebrows and made a meaningful expression. However, everyone was shocked and looked up at her, so they didn't notice Lin yuelan's expression.

When the Daoist priest pointed out that she was a demon with his horsetail whisk, Lin yuelan heard Lin Laosan and his family insist that she was the demon the Daoist priest was talking about. Lin yuelan's mouth had a faint smile, and her expression was calm. There was no panic or uneasiness, and she was just watching a show.

After hearing the Daoist priest's words, Lin yuelan took two steps out of the door, but she still stood high up.

She pointed at herself with a faint smile and asked the Daoist priest, " Oh, Daoist, are you talking about me? "

The Daoist priest shouted, " who else could it be besides you? Hurry up and leave this person. Show your true form and be subdued by me. Otherwise, I'll definitely destroy your soul and make you unable to reincarnate!"

Lin yuelan smiled and asked, " Oh, Daoist priest, since you say that I'm a monster, then tell me, what kind of monster am I? "

The Daoist priest's expression changed, and he said loudly, " this poor Daoist has opened his heavenly eye and can see that you are a black snake spirit! If I can still sense your true body within this house despite my weak magic power!"

Black snake spirit?

The Daoist priest's words shocked the villagers even more.

They had also heard that Lin yuelan had caught a very, very big black snake.

Could it be that the big black snake was really the demon that possessed Lin yuelan?

All of a sudden, the villagers were filled with fear, but at the same time, they were curious and looking forward to it.

As for what they were curious about and what they were looking forward to, only they themselves knew.

If you find any errors ( broken links, non-standard content, etc.. ), Please let us know < report chapter > so we can fix it as soon as possible.

844 Demon?

Black snake spirit?

Was he really a monster?

Lin yuelan?

Except for a few people, almost all the people present instantly determined that Lin yuelan was the monster that the Daoist priest had mentioned!

There was no other reason other than Lin yuelan's frightening ability and her ability to make money with every move that she made.

Although her excuse was that she was still destined to jinx her husband, and the King of Hell had given her the ability not to be bullied.

However, there were so many women in this world who were destined to be cursed. However, why didn't the King of Hell give them this ability to prevent others from bullying them?

So, Lin yuelan had to be possessed by a demon, and her true identity was most likely that black snake spirit.

At the thought of this, everyone looked at Lin yuelan with fear and alarm, followed by anger and accusation.

It was unknown whether Liu Liujiao was certain that the Daoist priest had the ability to subdue Lin yuelan, or whether it was because the entire village was standing there, which gave her enough courage, she jump out again.

Liu liujiao's shrieks broke the silence of the crowd.

She pointed at Lin yuelan with a pale face, her eyes filled with fear and anger. She said loudly, "Daoist priest, you said that this wench is a black snake spirit? "

The Daoist priest did not answer Liu liujiao's question. Instead, his entire body tensed up, and he was on high alert. He shouted loudly again, " how dare you, black snake, possess someone and bring disaster to the world?! How dare you?! I will forgive you once. Quickly leave!"

Lin yuelan sneered when she heard the Daoist priest's contradictory words. She asked, " I say, if I'm really a black snake spirit, do you want me to surrender or leave? "

Then, she looked at the fake Daoist priest who was putting on an act. Her expression was full of sarcasm and disdain. She said, "So should I surrender or leave as soon as possible? I really don't know how to choose. Daoist priest, can you tell me?"

Eh?

The Daoist priest's expression was obviously stunned and dumbfounded.

Why didn't this go according to the outcome they had imagined?

Shouldn't she suppose to refuse to admit that she was a demon?

Then, he could take the opportunity to put on an act and use his skills to scare her. Then, he could make her kneel and beg for mercy. After that, he could easily get the money that those people had promised him.

However, why did she suddenly admit that she was a demon?

She even pushed the difficult choice back to him.

“What’s wrong, Daoist priest?” Lin yuelan’s mouth curved into a sarcastic smile. “is it that difficult to answer? How about I give you a choice?”

Immediately after, her face turned cold, and her expression became stern. She shouted loudly, “ What are you doing in front of my house? Is it because I’m an orphan who has no one to rely on?”

Lin Yuelan was an orphan because she had been abandoned by her family, or rather to her, her family was all dead.

It sounded like she was cursing Lin Laosan and his family.

She glanced at Lin Sanniu and his wife, as well as Lin Laosan’s family.

Whether it was Lin Laosan’s family or Lin Sanniu and his wife, who were chased out, all of them had extremely ugly expressions.

If it were in the past, they would have jumped out and pointed at Lin yuelan’s nose and scolded her.

However, at this moment, all of them seemed to be enduring silently.

However, Lin Dazong’s reaction was quick. He shouted sternly, “ a freak like you must have no relatives or friends! Hurry up and leave my cousin’s body, and the Daoist priest can still spare your life. Otherwise, Daoist priest will beat you until your soul is scattered.”

Lin yuelan raised her brows and asked Lin Dazong with a smile, “ Oh, so you’re admitting that I’m your cousin now? It’s just a pity that I don’t acknowledge having a big-headed but brainless cousin like you! Also, my dear future scholar, am I a demon simply because you said that I am? Who do you think you are?” It was full of mockery and sarcasm.

Lin Dazong angrily pointed at Lin yuelan, “ you .... Hmph, since the Taoist priest said you’re a black snake spirit and a demon, you’re a demon!”

“Since that’s the case, I’ll have to ask this Daoist priest to subdue me, the black snake spirit. I’d like to see how he’ll do that!” Lin yuelan said loudly.

Most of the villagers who heard this took a deep breath, and their eyes and expressions immediately showed fear.

This person ... This person was really a black snake spirit, a demon!

Then, someone immediately said to the Daoist priest, " Daoist priest, since this person is a demon, you should quickly take her in so that she doesn't harm the entire village!"

"Yes, yes, yes. Taoist priest, quickly subdue this black snake spirit!"

In an instant, there was a commotion in the surroundings. Loud and clear voices rang out, all of them saying that they wanted to seal up the demon, Lin yuelan.

The fake Daoist priest was suddenly in a difficult situation.

He had been invited here to pretend to be a Daoist priest and slander Lin yuelan as a demon. As long as everyone believed that Lin yuelan was a demon and captured her, he would have an easy time urging the villagers to burn her alive. He wouldn't need to do anything dangerous. No one would know that in reality, all of this was just a lie.

However, at this moment, Lin yuelan was not captured by the villagers. Instead, they wanted him to capture her.

The Daoist priest could only give a look to someone not far away, asking him to gather the villagers to capture Lin yuelan first.

Lin Dazong gave Lin Daniu a look, and Lin Daniu immediately understood his son's meaning.

He stood up and walked towards Lin Yiwei, who had rushed over. With a serious expression, he said sternly, " Li Zheng, this Daoist priest said that the wench had been possessed by a black snake spirit. Now, as the village chief, you must immediately make a judgment and capture this evildoer. Only then can the Daoist priest cast a spell to subdue this evildoer and bring me my niece back!"

He was obviously being overbearing, asking Lin Yiwei to arrest Lin yuelan immediately.

However, Lin Yiwei was the one who had the most contact with Lin yuelan. He was very clear about Lin yuelan's character.

Even if Lin yuelan was really a demon, she was definitely a good one. She was better than some humans who had behavior worse than a demon.

Lin Yiwei looked at Lin Daniu and asked calmly, " if Lan 'Er is really a demon, then what has she done to harm the village? "

## 845 Black Dog's Blood

Lin Yiwei also asked sternly, "if Lan 'Er is really a monster, then has she done anything to harm the village? On the contrary," his sharp eyes scanned the frightened expressions around him, "the Lin family Village has changed greatly because of Lan 'Er! I don't need to say these changes. Everyone can see them, right?"

There was a moment of silence after Lin Yiwei finished speaking.

They all knew that Lin Yiwei was speaking the truth.

Lin yuelan seemed to have changed. Although the people in the village were wary of her special ability and respected her, she had never done anything to harm the villagers in the past seven or eight months.

Unless some people provoked Lin yuelan on their own initiative, then, the girl would punish them. For example, Lin Laosan's family who came to harass her from time to time, Ying Zi who framed her for no reason, the Yan family who wanted to kill her, and so on. Then, these people were all punished very miserably by Lin yuelan.

The rest of the people who were well-behaved were safe. Even if they sometimes spoke ill of Lin Yuelan in secret, they did not see Lin Yuelan do anything to them, did she?

"Lan 'Er is already very tolerant. With her current ability and wealth, as long as she wanted to take revenge on those who had hit her when she was down and scolded and bullied her, she could make them live a miserable life with a wave of her hand.

"But Lan 'Er didn't do that.

"This is enough to show that at such a young age, Lan 'Er is a tolerant and magnanimous person.

"On the other hand, if this girl was really a demon, she could probably bring disaster to the entire village with a wave of her hand.

"Was there a need to wait for another Daoist priest to suddenly appear and discover that she was a demon?

"It is impossible when you think about it, right?

"Therefore, Lan 'Er is a human despite her special abilities."

At this moment, many people's thoughts turned a few times, and they realized a fact. Whether Lin yuelan was a monster or not, they didn't seem to be so afraid.

However, some people immediately became anxious when they saw the villagers' expressions change.

Especially Liu Liujiao. Her impulsive personality had determined her stupidity.

And she had paid a heavy price for her stupidity at this moment!

Gu Sanniang muttered to Liu Liujiao, " the demon may not harm others now, but that doesn't mean she won't in the future."

When Liu Liujiao heard this, she immediately retorted loudly to Lin Yiwei, " Lin Yiwei, we know that you're good to the wench and biased towards her. However, you have to be clear-headed, and this girl is not the Lin Yuelan we know!

"She is a demon! She doesn't harm people now, but it doesn't mean that she wouldn't harm people in the future!

"Wouldn't it be too late for us to hire someone to subdue her when she's harming the people and the entire village? At that time, it would be too late for us to regret!"

Her words immediately won the agreement of many people.

Lin Daniu immediately nodded and said, "That's right, village chief. It'll be too late if we wait for this demon to harm others and then hire someone to take her in. Now that this Daoist priest is here, let's get rid of this evildoer. How good would that be?"

"Daoist priest, take this evildoer away. We can't let her off easily!" Li Cuihua said hatefully from the side.

After all, this Daoist was not a real Daoist. He was just a Jiang Hu performer. Hearing these words, he thought to himself, 'listening to these people's words, this child is not ordinary. Could this young child really be a demon?'

However, he was in a difficult position now.

After hearing li cuihua's words, the Daoist priest said seriously, "This evildoer has profound cultivation. It's not easy to subdue her!"

Li cuihua's expression immediately turned ugly. She said angrily, " then what do you want to do? "

The Daoist priest said, " set up the altar! I also want the blood of a Black Dog and two roosters!"

Upon hearing the Daoist priest's words, someone immediately said, " I have a big black dog in my house!"

Li Cuihua gritted her teeth and said, " I have two roosters at home!"

The Daoist priest nodded and said, " that's great! Then quickly bring the basins of blood over!"

Someone immediately went to do it.

Lin Yiwei glared at these people who were so aggressive. Seeing their actions, he immediately wanted to stop them, but he was stopped by Lin yuelan.

Lin yuelan said, " Grandpa village chief, let them do it! I'd like to see how this Daoist priest is going to subdue me, a black snake spirit!"

Lin Yiwei was confused. "but you're not... " She was clearly not a monster.

Lin yuelan smiled and said, " that's why I want to see what these people are up to."

Lin Yiwei was even more confused when he heard Lin yuelan say 'these people'.

After a while, the altar was set up.

It was placed in front of Lin yuelan's house.

After that, the Black dog's blood and the rooster's blood also arrived.

The Daoist priest put down the bag he had been carrying and took out a peach wood sword and a pile of yellow paper.

Then, he took the peach wood sword and circled around the altar that had been set up at the last minute, muttering, " spirit of the heavens, spirit of the earth, spirit of the Grand Supreme Lord, quickly show your spirit."

Then, everyone saw the Daoist priest's hand sweep over the yellow paper on the tip of the peachwood sword. The yellow paper was instantly set on fire.

This caused the villagers to be shocked.

"This Daoist priest really has magic power! He can light a fire with one finger!"

"That's right. This is the first time in my life that I've seen a Daoist priest with magical power!"

"it seems that this Daoist priest is really a capable person!"

"I'm afraid that the wench is in trouble this time!" He seemed to be gloating over her misfortune.

The Daoist priest pretended to mumble something and was about to spray the mixture of Black dog's blood and rooster's blood at Lin yuelan.

"I'll see if you dare!" Lin yuelan's clear and cold voice snapped, " I'll break your hands!"

The Daoist priest's hands trembled in fear, and he almost dropped the basin.

He didn't dare to splash the blood on Lin yuelan.

He knew very well that he wasn't a true Daoist priest, and he wasn't sure if the Black dog's blood would be useful!

He didn't want to be crippled.

However, he caught a glimpse of Lin Laosan, who was standing not far away, and immediately had an idea.

He held the red blood and walked to Lin Laosan. "as her elder, you are the only one who has the right to use this Black dog's blood. Subdue the demon and make her return your granddaughter!"

Lin Laosan was stunned. Even li Cuihua did not expect this.

They had experienced Lin yuelan's wickedness before.

What if they failed to subdue the demon and ended up getting themselves into trouble ...

Lin Laosan held the basin of the Black dog's blood in a daze!

Then, he heard the other people urging him, " pour it, pour it ..."

And Lin yuelan stood at the door with a faint smile.

## 846 A Brutal Slap in the Face

Lin Laosan held the basin of the Black dog's blood. He looked nervous and scared, especially when he saw Lin yuelan's half-smile.

In fact, they knew very well whether this girl was a demon or not. It was why the fake Daoist priest passed this problem back to him.

However, he also had some concerns.

Because of this girl, apart from his first son's family, which was relatively complete, the rest of the family was scattered.

They did want to kill this wench and then take all her wealth.

However, they wanted to use others to kill her. They didn't want to do it themselves.

Therefore, Lin Laosan held the basin of the Black dog's blood with a hesitant expression.

However, Li Cuihua's reaction was fast.

She immediately took the basin of Black dog's blood from Lin Laosan's hands and handed it back to the Daoist priest. She said loudly, " Daoist priest, your mana is profound. Only by spraying this Black dog's blood can you control this evildoer and return my granddaughter to me!"

This time, the Daoist priest's expression immediately froze.

He was even more suspicious in his heart, and he could not help but be even more certain that this girl definitely had extraordinary abilities.

Therefore, the Black dog's blood in his hand became even more scalding.

After that, he scanned the crowd and immediately saw Lin Dazong standing behind the Lin family. He immediately had another idea and walked towards Lin Dazong. He said seriously, "This young master has a round face and a wide forehead. He is blessed by the literature star. Therefore, you have to use this blood to shock the demon out!"

Lin Dazong was dumbfounded as he held the basin of the Black dog's blood and rooster's blood.

He had only hidden behind the Lin family to watch the show, but he had never thought that he would be tricked by this fake Daoist.

However, it was a good thing that he reacted quickly. He immediately returned the Black dog's blood to the Daoist priest and said, " Daoist priest, it's more appropriate for you to splash the Black dog's blood. After all, your magical power is profound. If anything happens, you can also control this demon, right? "

This time, the villagers who were watching were a little stunned.

Clearly, this Daoist priest had asked for Black dog's and rooster's blood very seriously in order to expel the evil energy and catch the evildoer.

The Black dog's blood and the rooster's blood were here, so why was he pushing the responsibility around? Neither the Daoist nor Lin Laosan's family wanted to do this. What was going on?

However, this had nothing to do with them. They just had to watch from the side.

However, Lin yuelan was getting impatient.

She shouted sternly, " hey, who's going to splash the blood on me? I'm getting a little impatient!"

The others were shocked by her words.

They had heard of evildoers who were afraid of the Black dog's blood, but they had never heard of an evildoer who would hurry the priest to exorcise her.

This was really unheard of!

As everyone knew, the blood of black dogs and roosters could dispel evil and suppress demons, ghosts, and monsters. All ghosts and spirits would avoid them as much as possible.

Lin yuelan wasn't afraid of the Black dog's blood. Did this mean that she wasn't a demon at all, but a human?

However, Lin yuelan's next words also made everyone's heart tremble.

She said sternly, "But I will not be forgiving to the person who splashed the blood on me or my house. I'll cripple their hands!"

This time, the hands holding the Black dog's blood trembled even more.

With a "clang," the basin containing the Black dog's blood immediately fell to the ground.

"Ah!" Everyone looked on in surprise.

The Black dog's blood had fallen to the ground just like that. Was it wasted?

"Ah!" A miserable cry suddenly rang out from the crowd.

Then, everyone saw the Daoist priest's hands hanging down.

It was obvious that both his hands had been crippled!

Then, they saw Lin yuelan, who was standing in front of the Daoist priest with a faint smile.

Lin yuelan looked at the Daoist priest with a seemingly harmless smile on her face and said, " Daoist priest, the person who invited you here didn't tell you that since I returned from the king of hell's palace seven months ago, I've gained divine power and skills.

### 847 A Brutal Slap in the Face

The Daoist priest's hands were hanging loose. Because of the pain, his kind face was now twisted and ferocious. Beads of sweat rolled down from both sides of his forehead and spread over his eyelids. He was in so much pain that he could barely speak.

When he heard Lin yuelan's words, he suddenly opened his eyes. Beads of sweat immediately dripped into his eyes, and he couldn't help but squint his eyes in pain.

However, at this moment, his eyes were filled with anger and hatred. He stared at Lin yuelan for a moment, then turned his head a few times, looking at certain people with anger and resentment.

He gritted his teeth and said, " what are you talking about?"

The corners of Lin yuelan's mouth curled up into a faint smile, which was filled with sarcasm and mockery.

She said indifferently, " it seems that you're quite loyal. Oh, or rather, you're a person who keeps your clients' secrets!

As soon as Lin yuelan finished speaking, the people who were listening to her gasped in shock and disbelief.

This Daoist priest was hired by someone?

How was that possible?

In their impression, the Daoist priest had a Sage-like demeanor and a righteous look.

How could he possibly do something to harm others?

"Since that's the case, I can only let you keep my Little White company!" Lin yuelan whistled as she spoke.

The Daoist priest was immediately confused and asked, " Little White? " Who was Little White?

As an outsider, the priest did not know who Little White was.

However, as the villagers of the Lin Family village, their faces turned pale when they heard little white. They were slightly afraid and frightened.

The priest looked around. He noticed their pale expressions. He was even more confused about who Little White was.

A moment later, he would find out.

He saw a big white Tiger that was half the height of an adult walking out of the Lin family Garden in an awe-inspiring manner. Although its steps were not fast, they were steady and powerful.

It slowly walked in front of Lin yuelan, then rubbed its head against her palm, trying to please her.

It was a very cute big white cat, but in everyone's eyes, it was a fiendish existence.

Lin yuelan patted little White's head and said slowly, " little white, haven't you been depressed that no one has been playing with you recently? Look, I've found you a companion. Are you happy?"

After that, everyone saw the big white Tiger nod its head and rub it against Lin yuelan's palm. Then, it came to the Daoist priest and stared at him with its big round eyes for a moment. It then circled around him a few times and finally returned to Lin yuelan's side. It rubbed its whole body against Lin yuelan's body. No one knew if it was expressing its agreement or happiness.

However, the Daoist priest was so scared that his face turned pale, and his whole body was trembling.

He would never have thought that the cute 'little white' that Lin yuelan had mentioned would be a giant beast, a big tiger that bit and ate people.

Lin yuelan touched Little White's head and said to the Daoist priest with a smile, " Daoist priest, Little White likes you very much. It seems that you have to stay and keep Little White company for a few days. After my little white is done playing with you, I'll let you go back. How about it? However, I don't know when little white will get tired of playing with you!"

She spoke lightly, and her voice was innocent and harmless. However, those who heard it were terrified and terrified.

The Daoist priest suddenly shouted in fear, " Wait, I'll tell you everything!"

However, Lin yuelan ignored him and asked indifferently, " what do you mean?"

The Daoist priest couldn't care about anything else. He only knew that if he were really left behind to accompany this big white Tiger, he would be scared to death even if he wasn't bitten to death.

The sight of a man-eating White Tiger that could bite and eat him at any time made him tremble in fear.

After all, if he died, how could he spend the money he was given?

Money could still be earned if it was gone, but if one's life was gone, then there was really nothing left.

The reason why he didn't rat them out before was he only got half of the money he was promised.

However, he could not care about that now.

The Daoist priest gritted his teeth and said fiercely, " I didn't come here. I was invited by someone to frame you as a demon!"

As soon as he said this, the villagers were surprised at first, and then they all gasped.

Lin yuelan didn't seem to believe him and said, " Oh, but as far as I know, priests and monks won't do things to harm others. You're a Daoist priest. Why would you frame me?"

At this moment, Lin yuelan deliberately pushed all the blame onto this Daoist priest in order to force him to tell the truth.

How could this Daoist priest not understand Lin yuelan's meaning?

He immediately defended himself, " no, I'm not a Daoist priest at all! I'm just a street performer, a scammer!"

"Ah, he's actually a fake Daoist priest?"

"Didn't you hear him clearly? He is a charlatan, and someone hired him to pretend to be a Daoist priest to frame Lan 'Er!"

"Detestable! Who hired such a person to deceive everyone?"

"Right, we must find him!"

“Hey, you fake priest, tell us quickly, who invited you here to deceive people? If you don’t, everyone will roast you over the fire!”

It had always been the style of these ignorant villagers to change sides or to be fence-sitters.

Lin yuelan didn’t say anything, but she still had a faint smile on her face. It was unknown whether she was mocking him or not.

The Daoist priest looked at the aggressive crowd and finally gave a few names.

#### 848 The Truth is Revealed

Under the big white Tiger’s pressure, the Daoist priest’s tense nerves completely collapsed. He shouted, ” no, no, I don’t want to be in the company of this big white Tiger. I’ll say, lady, I’ll say it, alright?”

Lin yuelan raised her eyebrows and said with a smile, ” sure, tell me! As long as I’m satisfied with what you say, not only will you not need to accompany my Little White, but I will also cure your hands. What do you think?”

The fake Daoist priest quickly thanked her. “thank you, miss!”

Then, the Daoist priest looked around at the crowd. Just as he was about to speak, Ying Zi, who had disappeared for a long time, suddenly appeared in the crowd. She walked to the front of the Daoist priest, pointed at him, and scolded, “You charlatan, you stopped me in the town and said that my body was stained with a demonic aura. You even insisted that it was from my village. You insisted on taking in that demon and getting rid of evil for the people. I didn’t expect you to be a liar! He’s a swindler who has been bribed! Tell me, who ordered you to find me?”

Ying Zi’s words shocked the villagers.

He didn’t expect the fake Daoist to have such a plan before coming to the Lin family Village.

Hence, someone immediately asked, ” Ying Zi, are you telling the truth? Did you send this fake Daoist priest over? ”

These words sounded a little angry. However, this anger wasn’t directed at Ying Zi but at the person behind the scenes who had been secretly instructing the fake Daoist priest.

Ying Zi immediately said in an aggrieved tone, " third uncle, I didn't know that this person was a liar. He stopped me and said that I was stained with evil Qi. He also insisted that I must have been infected in the village. I was afraid that there was really a demon in our village!"

She was telling everyone that she had also been deceived.

Therefore, even though they knew that Ying Zi was the one who led the fake Daoist here, no one could blame her.

As such, someone immediately spoke up for Ying Zi, " Ying Zi didn't do it on purpose. She was just deceived and didn't know anything. Don't blame her for this!"

"Yes, yes. You can't blame Ying Zi for this."

Ying Zi, who was listening to the villagers speak up for her, lowered her head and acted as if she had been wronged, innocent and remorseful. In reality, under her lowered eyes, there was so much unwillingness and hatred!

They had planned for so long, but in the end, this fake Daoist priest almost sold them all out.

The villagers said that they didn't blame Ying Zi, but they seemed to have forgotten that the person the fake Daoist wanted to kill was Lin yuelan.

Therefore, this was Lin yuelan's problem.

Also, Ying Zi hadn't appeared in front of everyone for a long time, and her mother had explained that she was in the house and hadn't gone out.

Then, how did this fake Daoist priest stop her on the street?

No one seemed to be thinking about this question at this moment.

Lin yuelan didn't stop them from speaking. Her expression was calm and cold as if everything had nothing to do with her.

Then, she calmly said to the fake Daoist priest, " continue!"

Just as the Daoist was about to expose the real culprits, he was stopped by Yingzi. What was even more despicable was that she wanted to shirk her responsibility. 'Hmph, in her dreams!'

The fake Daoist priest endured the pain of his broken hands and said, " I was originally a street performer in the neighboring county. Three days ago, two people who looked like servants suddenly came to me and said that they had a business deal with me.

They'll give me a deposit first and settle the rest after the matter. After that, I followed them to Ning An Town!" Then, he stared at little white with fear and continued, " then, I saw those people who wanted to make a deal with me!

Lin yuelan raised her brows and asked curiously, "Who are they?"

She didn't expect these people to do something so ridiculous.

'Did they really think that by finding a fake Daoist priest and calling her a demon, she would really become a demon?

'What a bunch of idiots!' Lin yuelan cursed in her heart.

In fact, these people couldn't be blamed for coming up with this idea. After all, Daoist priests were respected and revered.

Most people would believe what they said.

Therefore, if the Daoist priest identified Lin yuelan as a monster, then the entire village would definitely believe that Lin yuelan was a monster.

Therefore, even if they couldn't burn Lin yuelan to death, he could at least drive her out of the Lin family Village.

After driving Lin yuelan out, the wealth she had left in the Lin family Village would naturally be divided up.

However, they had never expected that this fake Daoist priest would be so cowardly. Or that Lin yuelan didn't follow the plot of the play.

The villagers didn't dare to attack Lin Yuelan, and Lin Yuelan wasn't scared of a Daoist priest.

Hearing that the Daoist priest was about to rat them out, some of the people hiding in the crowd immediately became afraid.

Lin Dazong immediately stepped out and scolded him righteously, " you're a quack. You're a liar, to begin with. Do you really think people will believe what you say? "

Lin yuelan's eyes turned sharp as she listened to the people who were trying to stop the fake Daoist priest from speaking. She warned them fiercely, " if anyone dares to interrupt him again, I'll turn him into a mute!"

As she spoke, three long and thin silver needles appeared in her hand. They glowed with a cold light, making people shrink back in fear.

The fake Daoist priest continued, " one of them is with the surname Huang, two are with the surname Lin, and one is with the surname Yan! Oh, that's right, the two Lin's are them!"

He pointed at Lin Ying Zi and Lin Dazong!

Seeing this, all the villagers who didn't know what was going on were shocked.

How was this possible?

"Then who is the Huang's and Yan's?" Lin yuelan asked again.

The fake Daoist priest thought for a moment and said, " I only know that the one with the surname Huang is from the town. As for the one with the surname Yan, I heard that he has a huge grudge against you, and he wants to take revenge on you!"

Lin yuelan nodded and said, " I know who they are. However, how much silver did they promise you? To let you frame me?"

The fake Daoist priest said, "They promised me a hundred taels! They paid a deposit of twenty taels first and will pay another eighty taels after the matter is settled!" Then, as if he was afraid of missing something, he pointed at one of them and added, " he didn't give me any money. He said that he was a scholar now and would become a high-ranking official in the future. After he became a high-ranking official, he promised me that he'd give me a small official post."

The fake Daoist priest spilled the beans.

However, he did not know how shocked the villagers were when he pointed at Lin Dazong and told them what had happened!

If you find any errors ( broken links, non-standard content, etc.. ), Please let us know < report chapter > so we can fix it as soon as possible.

849 Independence

No one had expected that Lin Dazong would cause such a huge commotion the moment he returned.

Not to mention that he wanted to be a high-ranking official, he wasn't even a scholar right now. He was still a student.

In the past, everyone had high hopes for him. After all, there were only two 13-14-year-old potential scholars in the entire village. The first one was, of course, Lin Mingqing.

However, this future scholar actually colluded with others to frame someone. Moreover, this person was his cousin.

In the past, everyone looked down on Lin Laosan's family. However, everyone believed that his family would produce a scholar in the future and that everyone would benefit from it. The villagers were thus tolerant of them.

However, they didn't expect that this man who hadn't even passed the elementary scholar exam would have such a vicious mind and have the intention to harm others.

How could this be?

When the fake Daoist pointed out Lin Dazong, Lin Laosan's family was stunned at first. However, because it involved the reputation of a scholar, their reaction was especially fast this time.

Just as everyone was confused, Lin Laosan's face darkened. He pointed at the fake Daoist and scolded, "you liar, stop talking nonsense! My Zong 'Er has no enmity with you, so why did you frame him?"

Li Cuihua was also stunned. Then, she continued to display her unreasonable personality, pointing at the fake Daoist priest and Lin yuelan and scolding, "Aiya, the kind are really bullied! My Zong 'Er has only been back for a few days and doesn't even have time to go out for activities, yet he's been accused of harming people for no reason! Heavens, why are you so blind that you haven't punished these liars?"

Li Cuihua really didn't learn her lesson. After being taught a lesson by Lin yuelan a few times, why did she still go and make a scene and provoke Lin yuelan again and again?

However, she didn't name anyone, so no one could say anything wrong about her.

She could have directed her anger at the fake priest but she had to scold Lin Yuelan.

Who knew what kind of lesson Lin yuelan would give li Cuihua?

Many people were waiting for Lin yuelan's reaction.

Of course, these people were shocked at first when they heard that a fake Daoist priest was bribed to frame Lin yuelan, but they quickly regained their calm.

To them, if Lin yuelan was really a monster and this Daoist was a capable one, it would be best to burn her.

However, the truth was that Lin yuelan had been framed. They felt relieved at first, but then they continued to watch a show. They wanted to see what kind of lesson Lin yuelan would teach these people.

In fact, these people were like ostriches.

When they encountered something they were afraid of, they would immediately shrink their necks. When there was no danger, they would arrogantly move around, their heads held high.

Lin yuelan ignored Lin laosan's anger and Li cuihua's curses. Instead, she asked again to confirm, "are you talking about these four people? Are there no other people?"

It seemed that third Lin's family was fully aware that Lin Dazong had hired the fake Daoist priest. Otherwise, they would not have been so hesitant about the pot of Black dog's blood just now.

The fake Daoist priest shook his head and said, "no!"

Lin yuelan nodded and said, "yes. You mentioned one with the surname Huang, one with the surname Yan, and two with the surname Lin. Then, are these four people Huang Youshan, the manager of Huang Ji medicine shop, Yan Lin, the landlord of the Lin family Village, and these two?" She pointed at Lin Dazong and Lin Ying Zi!

The fake Daoist priest said, "I'm not sure about the person surnamed Huang, but you are right about the other three. However, I saw that she was very close to that Huang guy! At that time, when they came looking for me, I saw that she was holding the arm of that Huang person and was speaking coquettishly, as if she was that Huang guy's concubine!"

The fake Daoist priest nodded and pointed at Ying Zi.

As soon as he finished speaking, it was as if a large stone had been thrown into a calm lake, causing ripples.

They couldn't believe that Ying Zi hadn't appeared for so long because she had become someone's concubine.

Concubines would wear gold and silver, and they would wear brocade clothes and Jade. However, this was only in the case of rich families and they were very favored.

Under normal circumstances, the status of a concubine was the same as a servant.

People would rather be a wife of a humble family than a concubine of a noble family!

But Ying Zi actually went to be someone's concubine?

There was another problem. How old was Ying Zi? she was only thirteen years old.

She wasn't bad looking and had a choice to marry into a good family, so why did she have to become someone's concubine?

"You're talking nonsense!" Gu Sanniang ran out from the crowd, pointing at the fake Daoist and scolding him. As he spoke, she went up and gave the fake Daoist two slaps, showing her shrewdness.

After giving him two slaps, she was still not satisfied. She stepped forward and kicked the fake Daoist priest two more times, sending him to the ground.

Lin yuelan just looked at her coldly and didn't stop her.

This fake Daoist priest indeed needed to be taught a lesson.

When Li Cuihua saw Gu Sanniang go up to hit him, she was also angry and immediately went up to kick the fake priest. The more she kicked, the more vicious she became!

"you liar! How dare you harm my precious grandson! I'll kill you! I'll kill you!"

Both of the fake Daoist priest's hands had been broken by Lin yuelan, so he couldn't defend himself at all. After being hit to the ground, he could only wail and shout, " stop hitting me, stop hitting me ..."

When the others saw this, they also suddenly wanted to join in the fun. After looking at each other, they immediately went up to beat the man up.

"you're a liar. You've deceived us so much. You've really caused us a lot of harm. I'll kill you ..."

Lin yuelan looked at him coldly for a moment. Seeing that this fake Daoist was breathing very slowly, she immediately gave Lin Yiwei a look.

Lin Yiwei immediately shouted, " stop! Are you guys trying to kill him?"

You have to pay with your life for killing someone.

Therefore, when they heard Lin Yiwei's words, everyone's movements stopped.

Only Gu Sanniang and Li Cuihua were still not satisfied and kept kicking the man.

Lin Yiwei shouted angrily, "If the two of you killed him, you would pay with your lives!"

Lin Yiwei took a look at the situation, and his sharp eyes immediately scanned the surroundings. He said sternly, " will killing this man be enough to vent your anger? He was simply a fool! It's obvious that you have a grudge in your hearts, and this fake

Daoist priest was just a convenient target! Although he's in the wrong, he doesn't deserve to die!"

Li Cuihua and Gu Sanniang stopped in their tracks when they heard that.

After that, Lin Yiwei said to Lin yuelan guiltily, " Lan 'Er, the villagers have done something stupid. I apologize to you on their behalf! Don't take it to heart and forgive them this once, okay?"

However, he didn't expect Lin yuelan to shake her head.

Seeing Lin yuelan shake her head, everyone's heart thumped. They thought that Lin yuelan didn't want to forgive them. If she didn't forgive them, it meant that Lin yuelan would probably take revenge on them, and they wouldn't be able to get any benefits from her.

If Lin yuelan were really a demon, after she was subdued and burned to death, every family in the village would more or less get a share of the huge wealth she left behind.

If Lin yuelan weren't a demon, she would continue to offer them easy and high-paying jobs. Who wouldn't like that?

However, the premise was that Lin yuelan didn't mind the whole incident. But Lin Yuelan wasn't that generous...

Lin Yiwei was also shocked. He immediately asked in confusion, "Lan 'Er, you..."

Lin yuelan didn't want to make things difficult for Lin Yiwei. As the village chief, he certainly didn't want anything to happen to any of the villagers. However, what the villagers did to Lin yuelan was really disappointing.

To be honest, if it weren't for the fact that he and Lin yuelan were close, he really wouldn't have asked Lin yuelan to forgive them.

However, he had never expected that Lin yuelan really didn't want to live in harmony with the villagers anymore.

Lin yuelan shook her head and told him the truth, " Grandpa village chief, you've seen it too. Other than you and a few uncles, no one else likes me. So, rather than making things difficult for you, it's better to just cut my relationship with this village off cleanly!"

Lin Yiwei was surprised and confused. "Lan 'Er, what do you mean?"

Lin yuelan said, " Grandpa village chief, I want to be independent and set up another village and ancestral shrine!"

This meant that she wouldn't be considered a villager of the Lin family Village anymore.

In the future, no matter if she was a demon or not, these people would have no right or reason to control her.

It would relieve a lot of pressure on Lin Yiwei.

This was killing two birds with one stone.

When these words came out, everyone was shocked and even more incredulous!

An independent village with an ancestral shrine?

How dare a child like her ask for such a thing?

850 Obstruction

Lin yuelan's words shocked Lin Yiwei and the other villagers.

Lin Sanniu's family and Lin Laosan's family were even more shocked.

But their first reaction after the shock was of course to object.

Having an independent village was completely different from cutting off ties.

Even if she had cut off all ties with her family, once Lin yuelan reached the age, she would have to be filial to them and let them do whatever they wanted.

Furthermore, if Lin yuelan were to be injured or killed, the wealth in her hands would be given to Lin Laosan and Lin sanniu's family, followed by the clan relatives and the people of the village.

As a result, when Lin yuelan was called a demon seven months ago, many people either wanted to burn her to death or drive her out of the Lin family Village. At that time, Lin yuelan was just a poor little girl.

But seven months later, when Lin yuelan was called a monster again, all the villagers agreed to burn her instead of driving her out of the Lin family Village. They all wanted to get the wealth she had created in the past few months.

If they drove her out, she might take away all her property and wealth, and they might not get a single copper.

However, the truth came out that Lin Yuelan was framed. Moreover, it was also because of this that Lin yuelan had the intention of forming an independent village and setting up an ancestral shrine.

This was definitely not allowed.

This was the Lin family Village's dilemma.

They were afraid of Lin yuelan's ability, but at the same time, they coveted her wealth and always wanted to gain a share of the benefits.

However, their calculation was wrong.

Lin yuelan hadn't left the Lin family Village before because she was grateful for Lin Yiwei's family's protection, but also because she wanted to take revenge on these ignorant villagers.

She didn't plan to take revenge by killing or setting a fire. It wasn't worth it to stain her hands to take revenge on these people.

Therefore, the greatest revenge against these people was to make her life better, so good that they could only admire her. Then, they might hope that they could get something from her.

What she wanted to do was to destroy the hopes in the hearts of these people, and the best way to destroy them was to cut them off and destroy them directly.

After that, she would be strong, rich, and invincible!

The more they wanted to get it, the more they would regret it.

Now was the best time.

After all, they were the ones who broke her heart, weren't they?

Lin Yiwei was also shocked when he heard that Lin yuelan wanted to be independent.

Lin yuelan had never mentioned this to him.

Moreover, it wasn't that easy to form an independent village. In the future, she might really have nothing to do with the Lin family Village.

Lin Yiwei asked in surprise, " girl, this ... Do you really want to do this?"

In fact, it was all too sudden. Moreover, Lin yuelan was still so young. It would be very difficult for her to establish her own village.

Lin yuelan's sharp eyes scanned the surroundings, and she smiled faintly, " Grandpa village chief, look at them, and then look at me. Can I still be a member of the Lin family Village? "

Lin Yiwei opened his mouth but did not know what to say.

Lin yuelan continued, " ever since I was determined by that Daoist to be the jinx of my husband, my fate has been filled with disasters, hardships, and exhaustion. You know it too. Other than Lin Laosan's family, the entire village was also against a child like me.

"When they were unhappy, they came to me to vent their anger. They either beat me or scolded me. At that time, I didn't have the ability to fight back, so I could only bear it silently. If it wasn't for Grandpa village chief and the rest of you protecting me in the dark, I might have died long ago!

"However, I've changed now. I'm no longer the little girl who would submit to adversity. My days are also getting better and better. However, the people in the village also can't tolerate me. They keep calling me a demon and want to capture me and burn me to death.

"Grandpa Village Chief, whether it was in the past or now, have I, Lin yuelan, ever done anything to harm the village? I don't think so. Since there's no such thing, why can't such a big village accommodate a small person like me?

"In the past, I thought that when my business grew bigger and bigger, I would arrange a share for the village. After all, I'm from the Lin family Village, and I have to remember where I come from.

"However, the Lin family Village has no place for me.

"People have been trying to harm me. I know this is not the first time, nor will it be the last time.

"Rather than not knowing when I'll be set up and burned to death, I might as well find a way out for myself.

"Didn't they keep saying that I, Lin yuelan, have the fate of a jinx and will bring disaster to the entire village? Once I leave the village, won't everyone be safe?"

As soon as Lin yuelan finished speaking, the entire place fell silent.

However, they had different thoughts.

Some people thought that it was better to let Lin yuelan go, but some people were greedy for the wealth in Lin yuelan's hands. Of course, they were not willing to give it away.

Just as everyone was immersed in their own thoughts, a sharp voice suddenly rang out in the silence.

“No, no, how can I let you leave so easily?” Li Cuihua said loudly.

Lin Yiwei’s face darkened. He looked at li Cuihua, who was almost rolling on the ground, and shouted, ” li Cuihua, you have no right to speak now!”

Li Cuihua couldn’t take it anymore. She pointed at Lin yuelan and shouted, ” even if she has cut off her blood relations with our Lin family, she still has our Lin family’s blood in her. No matter what, I’m her biological grandmother. How can I not have the right to speak? ”

Lin Yiwei couldn’t hold back his anger and said angrily, ” li Cuihua, how shameless are you? One moment you say you don’t have such a granddaughter, and the next, you claim to be her grandmother! Lin Laosan, are you going to let her continue like this?”

Not only did Lin Laosan not scold li Cuihua, he said, “Village Chief, my wife is right. Even if Lin yuelan has cut off all ties with us, according to our kingdom’s ‘filial piety laws’, she still has to be filial to us. So, even if this girl wants to create her own village and set up another ancestral shrine, it’s fine. But she can’t take away any of her property and wealth in the Lin family Village. She must leave them behind for her grandparents and parents!”

After all was said and done, he didn’t agree to Lin yuelan forming an independent village and setting up another ancestral shrine because he wanted to take the wealth in Lin yuelan’s hands.

After all, if Lin yuelan really became independent, it would be much more difficult for them to ask for money from her.

Although re-establishing a village and a shrine would be very difficult, Lin yuelan had many tricks up her sleeve. Therefore, he had to stop her.

Lin Yiwei laughed in anger after hearing Lin Laosan’s words.

He pointed at Lin laosan’s nose and said. ” you ... You ...”

Lin yuelan sneered and said, ” Grandpa Lin, you’re really shameless!” Then, with a face full of mockery and sarcasm, she continued, ” but do you think that just because you don’t agree, I have to obey you?”
