Leave With Nothing

851 Leave With Nothing

Lin yuelan sneered at Lin Laosan's family, who were indulging in their wildest fantasies, and said sarcastically, "Lin Laosan, how are you so shameless? Do you think I am obliged to do everything you say?"

She had learned from Little Green that the " filial piety Law " had been changed under the push of the Prince, Jiang Zhennan and the others. The article that had been changed was about the obligation of supporting the biological parents of the children who had been adopted, cut off, sold, and abandoned.

This decree would be announced tomorrow!

Therefore, she didn't have to wait until she was 15 years old to be completely separated from the Lin family. She didn't have to be tied up by " filial piety " anymore, which gave them an excuse to find trouble with her again and again.

Therefore, the opportunity now was just right!

Lin Laosan's face turned white and red at Lin yuelan's question, but he still said with confidence, " Hmph, although you cut off all ties with the Lin family, you still have to fulfill your duties and be filial! So, before you show your filial piety, don't even think about leaving! However," He changed the topic and continued, " if you really want to leave the Lin family Village, that's fine. But you can't take a single copper coin with you!"

In other words, Lin yuelan had to leave the village with nothing!

Lin Laosan's words didn't sound wrong to the Lin family villagers.

After all, Lin yuelan only had this wealth because she was now a Lin family villager.

Therefore, if she wanted to leave the Lin family Village, she could not take anything with her, not even a single cent.

They had such thoughts because they wanted a share of the loot.

“that’s right, girl. Although you’ve severed ties with third Lin’s family, you still have to be filial. Otherwise, even if you’re separated from the village, if you don’t fulfill your filial duties, you’ll be sued by the court two years later with the word ‘unfilial’ carved on your face. It’s not worth it!”

“that’s right. If you really want to be independent, you can only leave the village with nothing!”

“Yes,” Then, they looked at Lin Yiwei and said matter-of-factly, ” Village chief, say something. If the girl wants to leave the village, what about the real estate and land she left in the Lin family Village? She can’t possibly take them with her, right?”

“Village Chief, you can’t allow this! The real estate and land belong to the Lin family Village, no one can take them away!”

“Indeed!”

..

Moments ago, they just wanted to burn Lin Yuelan to death. Suddenly, when Lin Yuelan said she wanted to be independent, they coveted her wealth.

The Lin family villagers were truly greedy.

At this moment, they didn’t force Lin yuelan, but instead forced Lin Yiwei to make a choice.

Either he made Lin Yuelan stay in the Lin Family Village so that they could continue to feed off her or made Lin Yuelan leave the village with nothing.

They were really greedy!

Lin yuelan didn’t say a word. Her lips were slightly pursed, and there was a faint mockery and contempt.

Although she was a powerful person from the apocalypse, she was not a bloodthirsty person. As long as these people did not cross her bottom line, she would not let her hands be stained with their disgusting blood.

So she did not kill these people!

Because it wasn’t worth it!

However, she wasn’t a saint.

She just wanted to coldly watch how these people would do. After all, killing them was easy. However, if she lived a better life, they would be constantly tortured.

Therefore, Lin Yuelan didn't even bother to kill them.

Lin Yiwei's face turned red and white when he heard the shamelessness and greed of the villagers. He pointed at them and shouted, "Lan 'Er has gathered the wealth with her own hands. Why should she surrender them? Even if she's using the Lin family Village's land, she bought it with money and didn't take advantage of you at all!"

After all, Lin Yiwei was still on Lin Yuelan's side.

But at this moment, he was heartbroken.

The shamelessness and greed of these villagers were a result of his lack of responsibility as the village chief. He had not cultivated a good mindset for the Lin family Village.

Lin Yiwei sighed at his failure and incompetence.

However, Lin Yiwei didn't know that the shamelessness and greed of human nature had lasted for hundreds of years in the Lin family Village. It wasn't something that could be changed just by being the village chief for a few decades.

Moreover, the Lin family Village wasn't the only one with such shamelessness and greed. Every other village had it.

This was because the ancient feudal state of the country had determined human nature and selfishness.

After Lin Yiwei finished his scolding, the villagers only had a moment of silence.

But then it became restless and lively again.

Someone immediately retorted, "Village chief, that's wrong. Even though the girl had used money to buy this land, she had bought it under the Lin family's name. Besides, when she was building that big house, she used both bribery and threats to force everyone to sell the land to her, didn't she?"

"That's right. village chief, if it wasn't for Lin Yuelan threatening me, I wouldn't have sold it to her no matter how high the price was."

"so, if she wants to leave now, she has to return everything to the Lin family Village!"

..

Lin yuelan really couldn't describe the looks of these people. There was just a kind of ugliness and ferocity.

They were the ones who wanted to kill Lin yuelan, but now they were telling her not to leave the Lin family Village. If she wanted to leave, she had to leave everything behind for them. This exposed their greed and shamelessness, which was disdainful.

Lin Yiwei was so angry that he pointed at these people and said, " you ... You guys ..." You're all too greedy and shameless.

Lin yuelan comforted Lin Yiwei and said, " Grandpa village chief, don't be angry. I'll handle this myself!"

Then, her sharp eyes swept around and finally focused on Lin Laosan. She sneered, "Lin Laosan, it seems that you really can't bear to part with your granddaughter.

"I'm a jinx but I have not jinxed you. Look, your first son's family is still perfectly fine.

"At the same time, you want to forcefully establish a relationship with me, the granddaughter who has cut off all blood relations, right?

"Oh, that's right, this fake Daoist just pointed out the future scholar grandson that you're so proud of and bribed him to frame me. I believe that as long as you're not deaf, you've heard it clearly!

"So, it's really hard to say whether this grandson of yours can successfully pass the exam and become an official!

"Does this mean that you're planning to take over my assets while simultaneously cursing me for jinxing your grandson?"

When Lin Laosan heard this, his face turned livid with anger. He pointed at Lin yuelan and shouted, " you ... You're spouting nonsense!"

852 The End of the Farce

Lin yuelan sneered, " I'm talking nonsense? How about this, since everyone is so reluctant to part with me, or rather my wealth, I'll stay in Lin Family Village and be the resident jinx. First, I'll jinx Lin Laosan's family, and then my jinx will go from family to family.

"Of course, what kind of jinx it'll be, I can't say. After everyone is gone, I'll have my village anyway."

As soon as she said this, everyone at the scene was shocked!

The meaning of Lin yuelan's words was very obvious.

Since everyone wanted her to leave the village without anything, then fine, she would not leave. Didn't they say she'd jinx the whole village? Then, fine. She'd stay and realized her reputation as the jinx.

Lin yuelan said coldly, " it's impossible for me to give up all my property and leave the village with nothing. As long as it's mine, even if it's a single tael, it will follow me out of the village!"

She was telling them not to think about getting any benefits from her.

When everyone heard this, they were both angry and furious, but none of them dared to speak.

Although they were greedy for the huge wealth in Lin yuelan's hands, human lives were more important than wealth.

Lin yuelan was a jinx. What would they do if they were really jinxed in the future?

At this moment, everyone was hesitating. They didn't know what they should do to get Lin yuelan to hand over her wealth willingly and leave the village with nothing.

However, this girl was really too stubborn.

If she were to leave the village, she would take everything she owned with her.

After hearing Lin yuelan's words, the faces of the people with the darkest expressions were none other than Lin laosan's family and Lin sanniu's family.

Regardless of whether Lin yuelan went on her own or continued to stay in the Lin family Village, they would suffer the greatest loss.

Lin Sanniu suddenly stood up and said in a tough tone, " if you want to be independent, that's fine, but you have to pay your mother and me in advance. I don't want much, I just want you to give me this house and leave me 30000 silver! After two years, I won't ask you for any support expenses."

They had previously sued Lin yuelan for being unfilial, but in the end, Lin Yuelan got off unscathed because she was not of marriageable age yet. After she was of marriageable age, they could ask her to pay family support!

There were still two years before Lin yuelan reached marriageable age. He was also worried that something would happen, so he asked for family support in advance.

Just when everyone thought that Lin yuelan would reject him, she smiled and said, "Yes! However, I'll say this first, I'm compromising in the face of the 'filial piety law'. Once some of the regulations in the 'filial piety law' are abolished or revised, saying that children who have cut off their family ties and bought them no longer need to be filial to their biological parents, then I will immediately take back all the money I have given you!"

No one knew that Lin yuelan's words had actually dug a big hole for them.

She said that she would be filial as long as the " filial piety Law " was in effect. However, once the " filial piety Law " was restructured, then, she would take back whatever she gave.

However, no one knew that the "law of filial piety" had indeed been revised. Furthermore, it was specifically targeted at examples like Lin Sanniu and Lin yuelan, who had broken off relations. The Imperial edict would be released to the entire country tomorrow.

After hearing Lin yuelan's words, everyone was shocked!

In the past few months, Lin Laosan and Lin Sanniu had repeatedly come to ask for alimony and had even gone to court. However, Lin yuelan had not compromised at all. Not only had she not given them alimony, but she had also sent them to court to be beaten up. Lin Laosan's family had been so angry that they had almost died.

But now, why did she agree so readily?

No one could tell what Lin yuelan was thinking and planning.

On the other hand, when Lin Laosan and Li Cuihua heard that Lin yuelan would give them the big house and 30000 taels of silver, Lin Daniu reacted quickly and said, " then you pay the silver first, and then you will move out today!"

Li Cuihua also said matter-of-factly, " yes! Wretched girl, you have to pay today. Also, your servants will stay and serve us. You will leave on your own!"

In their eyes, the house and money that Lin yuelan gave to Lin Sanniu were no different from giving them.

So, of course, they could make the decision.

Lin yuelan sneered sarcastically, "Did I say I'm giving it to you now? Besides, I'm not giving it to you. I'm only giving it to them as a token of my filial piety!" Lin yuelan didn't mention any names, but it was clear who she was talking about.

Lin Daniu immediately jumped up and replied, " Hmph, what's the difference?"

Li Cuihua also continued, " if you give it to Sanniu, isn't it the same as giving it to us?"

Lin yuelan did not say anything more. She only looked at Lin Sanniu coldly, but he did not show any expression. It was as if he silently agreed with Lin Daniu's words.

'What a stupid and hopeless man!' Lin yuelan cursed in her heart.

Then, Lin yuelan glanced at everyone and said coldly, " whether you want me to stay or leave, you have ten days to discuss. Give me an answer in ten days! Also, I'll emphasize one more thing. Unless I'm willing to give it to you, don't even think about getting a single bit of my things!"

The Lunar New Year would pass in ten days, and everyone would start working again.

However, for Lin yuelan, her decision remained the same after ten days.

The reason she said this was not to make things difficult for Lin Yiwei.

After all, Lin Yiwei had saved her life. She didn't want him to become the target of public criticism because of her.

Of course, if she became independent, she wouldn't have to worry about this anymore.

Lin yuelan said to Lin Yiwei, " Grandpa village chief, I'll let the village handle these three people who framed me. I hope they can give me a satisfactory answer. Otherwise, I'll take action personally. When that time comes, don't blame me for being merciless!"

These three people were Lin Dazong, Ying Zi, and Yan Lin.

As for that Huang guy, he wasn't from the Lin family Village, so Lin yuelan had to deal with him herself.

Lin Yiwei was a little stunned and couldn't react.

He was dealing with something else a moment ago, but now suddenly things shifted.

However, after Lin Yiwei came back to his senses, he nodded and said seriously, " yes, Lan 'Er, don't worry. I'll definitely give you a satisfactory answer.

As for the fake Daoist priest, who had been forgotten by others, he was grabbed by Lin yuelan's servants and brought back to the Lin family Garden.

The farce ended just like that.

However, another battle for wealth had begun.

853 Follow-up

Lin Sanniu was told that Lin yuelan would give him the big and beautiful house and thirty thousand silver. After everyone had left Lin yuelan's house, Lin Laosan called out to Lin Sanniu.

Lin Laosan looked at Lin Sanniu and praised him, "not bad!"

Li Cuihua interrupted, "this is what he should do. Besides, it's only right for that girl to give you family." Anyway, no matter what, she just didn't like her third son. "But this time, San 'er really did a good job!" This time, his stupid son was finally smart.

Lin Sanniu was so excited that he did not know what to do.

This was the first time his parents had praised him since he was young.

In the past, no matter what he did, it was always his brothers who were praised. It seemed that no matter what he did, they could always find faults.

Lin Sanniu was extremely emotional as he said, " father ... Father ... Mother ... Mother, I ... " He didn't know what to say.

Lin Laosan patted his shoulder and said, " that's enough, San er. Don't say anything. Later, you can bring your wife and child home!"

Lin Sanniu had been chased out after he had caused Lin Laosan to be beaten up by Lin yuelan at court.

"Alright ... Alright ..." Lin Sanniu was moved to tears.

However, they seemed to be happy too early.

Lin Sanniu had gotten Lin yuelan's promise, but he had yet to obtain anything.

However, what Lin Laosan and his family had to face was ...

"The few of you, take Lin Dazong, Lin Ying Zi, and Yan Lin to the ancestral hall!" Lin Yiwei called a few strong men to arrest them.

Yan Lin, who had been hiding in the crowd, was quickly found.

His messy clothes could not be compared to the luxurious clothes he used to wear. After he was caught, he shouted unwillingly, " Lin Yiwei, I'm not from your Lin Family Village. What right do you have to catch me? "

Lin Dazong was also struggling intensely as he shouted, " How dare you! I'm a future elementary scholar! I don't even need to bow and kneel before the magistrate! What right do you have to arrest me? "

The person who grabbed hold of Lin Dazong looked at him and said sarcastically, " Hmph, master scholar. We'll talk when you become a master scholar. As for now, you've colluded with others to frame others. Just wait to be stripped of your right to take the exam!"

Lin Dazong's face flushed red and then paled in anger. "Lin Wugou, How dare you! Just you wait. When I become a scholar, you'll be the first one I won't let go!"

Lin Wugou pretended to be afraid and said, " Aiyo! I am so scared! Sir, please let me go!" Then, he sneered and said fearlessly, " Hmph, then I'll be waiting!"

Lin Dazong's face immediately turned the color of a pig's liver!

As for Lin Ying Zi, from the moment Lin yuelan asked for an explanation, her expression had been calm. She didn't make a fuss and obediently followed her captors to the ancestral hall.

However, her eyes were full of resentment as she looked at Lin yuelan. It was as if her eyes were dipped in poison, wanting to kill Lin yuelan with her gaze.

Lin yuelan raised her eyebrows, and a faint smile appeared on her face. She muttered to herself, "Ying Zi is getting more and more interesting!"

A girl in her teens, who originally lived a carefree life, had now become full of schemes and plots to harm people. She really did not know how Gu Sanniang had educated this child.

Looking at the situation, Lin laosan's family's good mood of getting a new house and a huge fortune immediately disappeared.

Then, they started to make a big fuss again.

After the crowd dispersed and the noise grew further and further away, the people in the Lin family Garden gradually came out.

Lin xujie walked to Lin yuelan's side and asked doubtfully, " master, are we really going to give this house and the money to... him in ten days?" After all, Lin Sanniu was Lin

yuelan's biological father. As Lin Xujie's subordinate, he really didn't know how to address Lin Sanniu, so he could only use "him" as a substitute.

Upon hearing Lin xujie's question, the others also stretched their necks and pricked up their ears. They also looked at their master with puzzled expressions.

Based on their understanding of their master, their master would definitely not let those people off so easily.

Lin yuelan smiled mysteriously and said, "you'll naturally understand tomorrow. Sometimes, the greater the hope, the greater the despair!"

When the others heard this, they were really at a loss.

However, since master said that they would know the answer tomorrow, then they would wait and see tomorrow.

When these people came out, the fake Daoist priest realized that there were so many people in the house. From the looks of it, they were all Lin Yuelan's subordinates.

And with his many years of experience and sharp eyes, he could tell that the two men standing on the man's left and right were definitely top martial arts masters.

If he tried to catch Lin yuelan and burn her to death, these two men would definitely have the ability to save her and cut him into pieces.

At the thought of this, the fake Daoist priest immediately felt cold and broke out in a cold sweat.

In his heart, he couldn't help but curse those people who came to look for him. These people really did a lot of harm.

A moment later, the fake Daoist priest endured the pain and said to Lin yuelan with a flattering smile, "Miss, I've done what you asked. Can you let me go?"

Lin yuelan didn't say this. Ming Yue immediately pointed at the fake Daoist priest and cursed, "you liar! How dare you frame our master? Guard Jie, teach him a good lesson. It's best if you break his legs, pull out his tongue, dig out his eyes, and then throw him out! Let's see how he still dares to lie!"

Cai Xia also echoed, "yes, and cut off his ears. When you can't walk, talk, see, and hear, you'll earn people's sympathy easily. Just go and cheat people like this! You'll definitely make a lot of money."

How ruthless!

As expected of the servant girls who served their master. They definitely took after their master.

When many people heard this, their bodies turned cold. They made up their minds. No matter who they offended, they could never offend these two people.

The results of punishment for these three people were out on the same day.

Yan Lin and Lin Ying Zi were expelled from the Lin family Village.

As for Lin Dazong's punishment, the clan leader and the elders had two opinions.

One was to cover up for Lin Dazong's crime. After all, it was a glorious thing for a village to produce a scholar. In the future, when Lin Dazong became successful, the entire village would also benefit from it.

The other, represented by Lin Yiwei, was that they absolutely could not shelter Lin Dazong.

At such a young age, he had yet to pass the exam to become a scholar and become an official, but he was already arrogant and used his power and influence to tempt others. Even if such a person really became an official in the future, not only would the village not be able to benefit from it, but they might also be implicated by the troubles he caused.

Therefore, in order to avoid future disasters, they must not protect Lin Dazong.

The two opinions continued to argue.

In the end, Lin Yiwei had the upper hand because his family was more powerful than any of them.

Lin Dazong was indeed punished. Lin Yiwei wrote Lin Dazong's crimes in a letter and handed it to the Academy where Lin Dazong studied.

If you find any errors (broken links, non-standard content, etc..), Please let us know < report chapter > so we can fix it as soon as possible.

854 The House

Lin Dazong's final punishment was to strip him of his right to enter the academy.

In other words, he no longer had the qualifications to take the Imperial examinations.

This was even more serious than Lin Mingqing's elimination of his elementary scholar status.

After all, Lin Mingqing was a disabled person who had been stripped of his scholar status. As long as he recovered, he still had a chance to be promoted and enter the ranks of an official. He would have a grand future!

As for Lin Dazong, other than the title of a scholar, he could only be a commoner for the rest of his life. He would never be able to make a name for himself.

This punishment was worse than killing Lin Laosan's family.

They had always been arrogant in the village. Even after they were called jinxes, they still had that arrogance. The root of all this was the hope that Lin Dazong had given them.

As long as Lin Dazong passed the Imperial examinations and became a scholar, he could become an official. Then, his entire family would be glorious, and everyone would bow their heads and curry favor with him. His family would follow him to the big city to enjoy glory and wealth.

Therefore, they scoffed at these low-class farmers.

However, they did not expect that their hopes would be completely destroyed in an instant.

Of course, Lin Laosan's family would not admit their mistakes. They only thought that the other families, especially Lin Yiwei's family, were jealous of them for having a scholar in their family. Therefore, they wanted to kill their family's chance to make a name for themselves.

Therefore, on the day that Lin Laosan's family received the results, they didn't have time to enjoy the joy of Lin Yuelan giving them a house. They were immediately hit hard.

Lin Laosan's family cursed Lin Yiwei endlessly. They kept saying that Lin Yiwei was just jealous and afraid that Lin Dazong would surpass Lin Mingqing. Hence, he had found an opportunity to plot and harm Lin Dazong. They wanted to force Lin Yiwei to change the outcome of his punishment.

As he listened to them scolding him more and more viciously, Lin Yiwei's suppressed anger suddenly exploded.

His face darkened, and he shouted angrily, " why should I be jealous of you? Everyone in the Lin family Village knows that my family's past three generations were either high scholars or elementary scholars. Right now, there are members of the Lin family in the capital's Xianglin Academy.

"Hmph, now that Lin Dazong has been stripped of his right to study, you can only blame yourselves for being too greedy and not taking the right path, thinking of ways to harm

others. If you didn't harm others, would you have ended up like this? You guys don't reflect on your own actions, but you push the blame onto others. No wonder Lin Dazong turned out like this.

"He had actually framed someone as a demon and even wanted to kill her because he was jealous. Even if he enters the officialdom, he will only cause great harm."

Although Lin Yiwei did not like Lin Dazong's family, and even though they had used underhanded means to paralyze Lin Mingqing, he was not so angry.

However, when he found out that a young scholar like Lin Dazong had harmed others for his own selfish and greedy reasons, he was instantly enraged.

Lin Dazong's family did not listen to Lin Yiwei's words at all. They were certain that Lin Yiwei was taking the opportunity to cause trouble and suppress Lin Dazong so that he would not have a chance to rise up.

Therefore, the whole family cursed Lin Yiwei's family for suffering retribution and dying a terrible death, and so on.

Lin yuelan was quite satisfied with the outcome.

It wasn't that she didn't want to let them go, but these people kept trying to challenge her bottom line.

It was a pity that they had met someone like her, so they couldn't take advantage of her at all.

Lin sanniu's family had initially happily moved back to the Lin family. However, they had never expected that Lin Dazong would be stripped of his right to participate in the examination.

Their family had become Li Cuihua and the others' punching bags again.

855 The House

If his third brother were chased away and didn't want to come back, then the house and money would be gone with him.

Lin Daniu's eyes turned, and he immediately walked in front of li Cuihua. He stopped her and said, " mother, that wretched girl caused it. It has nothing to do with third brother and third sister-in-law. Mother, please calm down!"

Then, he whispered into li cuihua's ear, " mother, bear with it! That wretched girl promised to give us the house in ten days. If you chase third brother's family out, what if that girl doesn't want to give us the money and house? Wouldn't we lose more than we gain?"

Hearing this, li Cuihua still couldn't calm down. She said angrily, " Hmph, since she said she would give it, she won't refuse!"

Lin Daniu tried to persuade her. "mother, just bear with it!"

Then, he whispered to li Cuihua, " mother, no matter what, it's not appropriate to drive third brother's family out now. Ten days later, after we get the house and the money, it won't be too late for us to chase them away, right?"

As long as he got the house and money, even if li Cuihua did not chase them away, he would think of a way to chase Lin Sanniu and his family out of the new house.

Would he really give the house and the money to Lin sanniu's family?

This was something that he didn't even need to think about.

These things could only belong to his family.

When li Cuihua heard Lin Daniu's words, she stopped what she was doing. Then, she turned to Lin Sanniu and Chen Xiaoqing and said, " you two, move your things back to where you used to have them!"

Even though Lin Sanniu and his wife did not know what Lin Daniu had told their mother, they could not hide the joy and excitement in their eyes, as well as their gratitude towards Lin Daniu.

Lin Sanniu couldn't suppress his excitement and nodded. "Okay, okay!" Then, he rushed out of the door and quickly picked up the blanket and other things that had been thrown out.

Lin Laosan just sat in the hall and smoked his own cigarette. He didn't say anything. He didn't stop Li Cuihua either.

From the beginning to the end, he sat there quietly, his face dark, as if he was in deep thought, but his eyes hid great anger.

If you find any errors (broken links, non-standard content, etc..), Please let us know < report chapter > so we can fix it as soon as possible.

Lin Laosan's family was angry and furious.

However, at the moment, this was the decision of the village. There was nothing they could do to change the situation unless the Lin family had a strong backing, a stronger backing than Lin Yiwei's.

At this moment, something even more unexpected had yet to happen.

When Lin Laosan woke up, he received a piece of news that struck him like a bolt from the blue.

Lin Laosan's eyes widened in disbelief as he asked the messenger, " officer, are you saying that children who are adopted, sold, abandoned, and cut off from their family no longer need to be filial to their biological parents? How is that possible?"

The officer explained dutifully, " it's not that there's no need to be filial, but it depends on the children's willingness to be filial. If they are willing to be filial to their birth parents, that is their filial piety. If they're unwilling, these so-called birth parents can no longer force their children to be filial. Even if you report this to court, the ones to be punished won't be the children but the birth parents!"

All in all, these children didn't need to be filial to parents who had abandoned them. Even if they were not filial, they did not break the law and did not need to be punished.

Of course, if these people were still willing to be filial to their birth parents, it was also worthy of praise.

Lin Laosan's head turned black when he heard the official's explanation.

He had a premonition that once Lin Yuelan learned of this law, she would no longer keep her promise to Lin Sanniu.

In other words, that big and beautiful house and the thirty thousand silver had nothing to do with them.

Lin Laosan suddenly felt dizzy and was about to fall.

The officer noticed that Lin Laosan's expression was off. He asked carefully, "Sir, are you alright? " As he spoke, he held onto Lin Laosan, who was about to fall.

When the officials went to the village to issue the emperor's order, they would usually beat the gongs and drums to inform the villagers to gather. Then, they would convey the emperor's order.

Lin Laosan wasn't the only one to hear the news. His entire family and the entire Lin family Village had heard the news as well.

Therefore, the moment the official announced the imperial edict, the Lin family villagers immediately looked at Lin Laosan and his family with pity.

This was really fate!

He didn't have the life to enjoy the luxury!

They clearly had a scholar like Lin Dazong and could enjoy all the glory, splendor, wealth, and rank in the future. However, in the blink of an eye, he was disqualified from the examination.

The day before, they were given a big house, a huge sum of money, and a good life with a group of servants to serve them. But the next day, they were struck by a bolt from the blue.

All of this could very well turn into nothing!

Therefore, everyone looked at Lin Laosan and his family with sneers and mockery, as well as gloating.

The day before, they were envious and jealous of Lin Laosan's family for being able to live in this big house during the new year. The day after, when they saw Lin Laosan's family suffer a serious blow, they laughed happily at their misfortune.

"Aiya, third uncle, are you alright?" This was Lin Laoliu's wife. She seemed to be very concerned if she didn't have that sneer on her face, "you don't have to be so sad. Since that girl has promised to take out the house as a token of filial piety, I believe she won't go back on her word, don't you think?"

However, everyone knew that Lin Yuelan held a grudge against Lin Laosan's family. She would not let Lin Laosan and the others take any advantage of her.

Even though she had agreed to Lin Sanniu's conditions the day before, she had also said that she would be filial to Lin Sanniu under the "law of filial piety."

However, if the "filial piety law" were changed, she would immediately withdraw her filial piety towards Lin Sanniu.

Everyone in the village knew that Lin Sanniu was foolishly filial to Lin Sanniu and his wife. Giving these things to Lin Sanniu was equivalent to giving them to the couple.

Therefore, it was unknown whether Lin Laosan's luck was too bad or Lin Yuelan's luck was too good, but the words spoken yesterday could be completely reversed by an Imperial Edict.

Li Cuihua couldn't contain her anger when she saw Lin Laoliu's wife gloating over her misfortune.

857 The House

Li Cuihua had never gotten along with her sister-in-law.

Li Cuihua said angrily, " Liu Dongmei, I'll tear your mouth apart!"

Liu Dongmei was also an old woman who refused to be outdone. She said loudly, "Third sister-in-law, I'm telling the truth. Why are you angry?! If you insist on getting the girl to fulfill her promise now, there might still be some hope. Maybe it'll be too late after ten days!"

Don't think that she was reminding her out of good intentions. In fact, she was rubbing salt in li cuihua's wound.

Li Cuihua spat and cursed angrily, " I don't need your fake kindness! Aren't you just hoping that I won't get that big house? Hmph, I don't believe that the girl's promise won't be fulfilled!"

After she finished speaking, she immediately pulled Lin Laosan, who was not as energetic and said, " old man, get San 'Er. We'll go to find that girl. We don't want to wait. We want her to hand over the house now!"

Then, she turned around and instructed Lin Daniu and the rest, " eldest son, get everyone to go to Lin's family garden!" She wanted the whole family to go with her.

In fact, li Cuihua made this decision because she had been goaded by Liu Dongmei. Then, in order to avoid any more trouble, she agreed to Liu Dongmei's request to get the house now.

Then, under the shocked gaze of the officer, li Cuihua led the Lin family, and they made their way to the Lin family garden in a lively manner.

The officer was confused and decided to follow them.

When he stopped in front of a big and beautiful house, he was stunned, with his mouth wide open.

He had never thought that he would see such a luxurious and beautiful house in the corner of Lin village.

But whose house was this?

Why did these people stop in front of this house?

His doubts were soon answered.

Li Cuihua pushed Lin Sanniu out and instructed, " call that girl out and ask her to give us the house immediately!"

Only Lin Sanniu and his wife had the right to call Lin yuelan out.

Lin Sanniu would always listen to his parents.

Even if he had to climb a mountain of daggers or plunge into a sea of fire, as long as he could win his parents' praise, he was willing to do it.

Although Lin yuelan was also very scary to him, he was still her biological father. No matter how much Lin yuelan disliked them, she couldn't kill her parents!

Therefore, he was fearless!

Lin Sanniu walked to the front of the door. Just as he was about to knock on the door, the door opened with a creak.

The one who walked out was Lin Fu, the housekeeper.

He looked at the crowd outside the door, led by Lin Laosan's family, and frowned in dissatisfaction.

He asked coldly, "What are you all doing in front of my house? " Then, he squinted his eyes and glared at Lin Sanniu, who was standing right in front of him. He then asked, " Uncle Lin, what business do you have here? "

The Butler addressed Lin Sanniu in the way Lin yuelan did.

Lin sanniu's face darkened. "Get that wretched girl out! "

The Butler was very dissatisfied with the way Lin Sanniu addressed his master. He said coldly, " may I know who the wretched girl third uncle Lin is talking about is? Although there are many maidservants in the Lin family Court, none of them are called "wretched girl."

Lin Sanniu was both shocked and furious. "stop acting dumb. You know who I'm talking about. She's your master. Quickly call her out!"

Hearing Lin sanniu's overbearing manner, the Butler immediately retorted, " my master's name is Lin yuelan, not a wretched girl. If you call every girl a wretched girl, I'll have nothing to say. However, my master will not allow anyone to slander her. Now, please leave!"

The officer behind him could not understand what the relationship between the people in the lead and the owner of the house was.

Listening to their tone, it seemed that they had a bad relationship.

The Butler rudely ordered Lin Laosan's family to leave!

When li Cuihua heard the Butler's words, she couldn't hold herself back. She impulsively ran in front of the Butler, pointed at his nose, and scolded,

"And what are you? You're just that a dog by that wretched girl's side. You have no right to make us leave. Even if that wretched girl comes out, she doesn't have the right! Because we are her parents, her grandparents!

"As for you, since you're her dog, you're also our dog. From now on, we'll be the owners of this house. What right do you have to make us leave?"

The more li Cuihua spoke, the more convinced she was of her words. Then, a wave of anger rose in her stomach. She didn't know where it started. Seeing Lin Fu in front of her, she didn't even think about it when she raised her hand to give him a big slap.

"Aiyo!" Li Cuihua screamed.

Her hand was caught, and the sound of bones breaking could be heard.

Li Cuihua looked at the young man who had grabbed her. The pain made her ask in a sharp voice, " Who are you? "

Lin xujie said coldly, " I am Lin xujie, master's guard!"

As he spoke, he flung li Cuihua's hand away. Then, he took out a white silk handkerchief from his sleeve, wiped his hands, and threw it away.

It was as if the thing he had just grabbed was very dirty.

However, compared to Lin xujie's, Li Cuihua's dry and dark hands were indeed dirty.

The moment they saw the young man with the sword, who seemed to be highly skilled in martial arts, the people who had been watching the show earlier immediately retreated a few steps in panic, but their eyes were very suspicious as they stared at this man.

This man's aura was so strong. Was he really just the girl's guard?

They didn't quite believe it.

It didn't matter if they believed it or not, it was the truth.

Lin xujie didn't say anything else and just stood beside the Butler.

The Butler looked down on arrogant and rude barbarians like Li Cuihua. Just now, Li Cuihua wanted to hit him, so the Butler said bluntly, "if you cause trouble here, don't blame me for being rude!"

As he spoke, he clapped his hands twice.

Then, in an instant, seven or eight Men in Black flew out of nowhere and stood in front of them.

It scared the ignorant villagers so much that their faces turned green.

This official, who had been following the crowd from behind, had never expected that the owner of this house would be the granddaughter of the unruly Li Cuihua.

However, this granddaughter was so rich, so why did she not acknowledge her family?

He was full of doubts.

However, when he saw the Men in Black flying from all directions, he was even more surprised, and his mouth was wide open.

Looking at the situation, it was not hard for him to imagine that the Master of these people, the grandchildren of these troublemakers, was definitely not a common girl.

He was even more curious now. What did the owner of this house look like?

Just as he was feeling puzzled, a girl in red slowly walked out of the door.

858 A Heavy Blow

"Who is this girl in red?" The officer was very curious.

"Master!"

As soon as she walked out, the Butler, Lin Xujie, and the other Men in Black greeted her respectfully.

This scared the officer immensely.

Was this girl their master and the owner of this house?

Isn't she too young?

Although the girl was tall and looked to be about 15 or 16 years old, he could tell that she was a beauty. However, her facial features did not seem to have fully developed. Her face still had a childish look. Her real age was probably even younger than 15 years old. She was probably only 12 or 13 years old!

If she was really only 12 or 13 years old, how would she have such a big house?

There were guards and servants, and her family business was probably also extraordinary.

But this was completely impossible!

Perhaps the owner of this house was someone else, perhaps her parents?

But ...

In short, the officer was very suspicious.

Lin yuelan walked out slowly and looked at the villagers who had just left yesterday. She was expressionless, but her sharp eyes flashed.

Her eyes swept over Lin Sanniu and the Lin family behind him.

Li Cuihua had called the Butler a dog and even looked like she was going to beat him up, but when the Men in Black came out, she was so scared that she immediately hid behind Lin Laosan.

Seeing Lin yuelan come out, her face seemed to show that she was angry but didn't dare to say anything.

Lin yuelan's clear voice resounded in everyone's ears.

She asked coldly, " may I know what everyone is doing in front of my house today? Is this another demon hunt?"

As soon as she finished speaking, the villagers immediately shook their heads, indicating that they had nothing to do with this.

Seeing that everyone was shaking their heads, Lin yuelan turned to Lin Sanniu and asked coldly, "third uncle Lin, you were the one who called me out just now, weren't you? May I know why you called me out?"

Lin yuelan's aura was very strong. Every time Lin Sanniu met her, he would be frightened by her aura. Then, he would comfort himself by saying, "this person is my weak eldest daughter. No matter how much she changes, I am still her father. She can't do anything to me."

It was this kind of comfort that gave him the confidence to face Lin yuelan.

Lin Sanniu took a deep breath and said sternly, "I want the house and the money today. Hurry up and move out." He said it as if it was a matter of course as if these things already belonged to him.

The officer was at the back and was confused.

Hearing the girl call this person third uncle Lin, he was even more confused about the relationship between this family and the owner of this house.

Out of curiosity, he asked the person beside him, "what's the relationship between these two?" He was referring to Lin Sanniu and Lin yuelan.

When the villagers saw that the officer had not left and had come to watch the show, they immediately replied in a panic, "they're father and daughter!"

"Father and daughter?" When the officer heard this answer, he was very surprised. "but why does it look like they have such a bad relationship? And why is this child calling the man third uncle Lin and not father?"

The villager replied, "it's because this child has cut off all ties with Lin sanniu's family!"

The officer nodded in understanding. "Oh, I see!"

In that case, the elderly couple was Lin sanniu's parents. At the same time, they were also the child's grandparents!

Then...

Could the owner of this house really be this child and not her parents?

The officer was shocked!

If it really was this child's, then where did she get so much money at such a young age?

The officer was still confused when he suddenly thought of someone.

He had only heard of this person's name but had never seen him in person!

This person was the jinx of the Lin family Village, who had caused an uproar in An Ding County for the past six months.

It was said that this girl was abandoned by her family because she was accused by a Taoist to be a jinx to her husband and family. Even her biological parents wanted to harm her secretly.

Later on, for some unknown reason, this woman changed greatly.

It didn't take long for her to become famous for her eight stones per mu production farming method and her invention of a variety of farmland tools, such as the threshing machine and the grinder...

And so, she became rich.

859 A Heavy Blow

What made her rich was the income from the greenhouse vegetables.

Because she had made a fortune, her biological parents, who had cut ties with her, wanted her to be filial to them.

After she refused, her parents filed a lawsuit against her.

However, Mu Xiu, the officer, didn't know what happened exactly at court that day.

It was said that this so-called father not only failed to get any money but was also punished by the magistrate. He was ordered to be flogged 30 times. Not only he but even her grandfather was also flogged.

This result really surprised him.

Now that he saw this situation and thought about the rumors from back then, the officer had already vaguely guessed the identity of this woman.

Lin family Village's jinx, Lin yuelan.

When Lin yuelan heard Lin sanniu's shameless request, she laughed coldly, " Why do you want a house now? Yesterday, I said that I'll give you everything in ten days. And only a day has passed!"

Lin Sanniu replied matter-of-factly, " You don't need to care. You and your people will move out immediately!"

Lin yuelan was speechless.

She had already taught him so many lessons, but he was still so dumb.

After Lin Sanniu finished speaking, li Cuihua immediately chimed in, " that's right, give us the house now. We want to move in for the new year!"

However, when she met Lin yuelan's sharp gaze, she immediately shrank back in fear.

The corners of Lin yuelan's mouth curled up slightly, forming a mocking arc. She said in a cold and mocking voice, " Oh, you're moving in today? "

Then, her gaze turned to Lin Laosan, who was holding a pipe and smoking silently. Even though he looked expressionless, his meaning was clear. He agreed with Lin sanniu's statement.

Lin Sanniu was a foolish and filial son. Wasn't his intention the same as that of Lin Laosan and his family?

Fortunately, even though Lin yuelan had memories of her original body, she didn't have any hope for her host's parents.

Since there was no hope, there was naturally no disappointment.

Lin yuelan said sternly, " Hmph! I want to celebrate the New Year's festival too! Don't tell me that just because you want to celebrate the new year, you want to deprive the people here of our right to celebrate the new year?"

Lin Daniu rolled his eyes and hid behind Lin Laosan. He suddenly said, " then you guys can move to our house to celebrate the new year!

Li cuihua's eyes lit up and she said, " yes. If we move here and you move to our place, won't you still be celebrating the New Year?"

Hearing their words, the Lin family Village's villagers were expressionless. However, Lin yuelan's subordinates were clearly angry as they glared at the so-called relatives of their previous master!

These people were so shameless and greedy!

This was their master's house, so why did their master have to move into their small and broken house to celebrate the New Year's festival, while they had to move into this big house to celebrate the New Year's festival?

Did they really think that their master was easy to bully?

Lin yuelan nodded and said, " that's a good idea!"

Hearing this, li Cuihua and the others thought that Lin yuelan had agreed. They were secretly happy and thought to themselves, 'it's indeed useful to come and ask for a house now!'

However, Lin yuelan's next words immediately ignited their anger!

"but why should I do that? " Lin yuelan asked coldly, her face expressionless.

Then, she said coldly, " this is my house. Every tile, brick, grass, and wood here was designed by me and built with my own money. Why should I give up my house just because you said so?"

After hearing this, Lin Laosan and the others narrowed their eyes.

This meant that the girl was not willing to give him the house.

How could this be?

They had already lost Lin Dazong, the hope of enjoying wealth and glory. They could not afford to lose this luxurious and beautiful house and the 30000 taels of silver.

With this house and the money, they could also live a luxurious life."

Lin Sanniu said angrily, " you said that you would give us a house and money to show your respect to your parents. What, are you going back on your word?"

Lin yuelan sneered and said, " hehe, even if I want to go back on my word, what can you do to me? These things are mine, I can give them to you if I want to. If I don't want to, you won't get a single copper!"

860 A Heavy Blow

She had already made her words very clear.

"If your attitude is better, maybe I'll give it to you when I'm in a good mood. however, " Lin yuelan's sharp gaze swept across the faces of Lin Sanniu and the rest, " the moment you arrived, you arrogantly threatened me for the house. You even want me to move out and make room for you so that I can spend the new year in that old, broken, small, and old house. You guys aren't dreaming, are you? this is ridiculous!"

Lin yuelan's sharp and unhesitating sarcasm caused Lin sanniu's face to turn red and white. He roared in anger, "so, you're saying that you're not giving me the house now?"

Lin yuelan laughed sarcastically, "third uncle Lin, I've always thought that you were a stupid and irresponsible man. I didn't expect you to know your own limits!"

After Lin yuelan finished speaking, the officer took a deep breath. Wasn't this child being too disrespectful and unfilial?

She was talking to her father like this.

To the Lin family villagers, this sharp Lin yuelan was the one they were familiar with.

How could she be the Lin yuelan who had agreed to Lin sanniu's request yesterday?

Lin sanniu was infuriated by Lin yuelan's words. He pointed at Lin yuelan and shouted, "you ... You ... How dare you talk to me like this? Aren't you afraid that people will say you're unfilial and point fingers behind your back?"

Lin yuelan shrugged her thin shoulders and said indifferently, "third uncle Lin, what you said is funny. Haven't you already spoiled my reputation as an unfilial daughter a long time ago? Since that's the case, why should I be afraid of an unfilial reputation!"

Lin Sanniu was choked by Lin yuelan's words, and he could no longer refute her.

Before this, they had been able to act arrogantly in front of Lin yuelan because of the law of "filial piety". No matter what, Lin yuelan had to be filial to them.

But who would have thought that when Lin yuelan said she would be filial to them yesterday, the law would change today?

Taking advantage of Lin yuelan's promise, they had to get the advantages as soon as possible!

However, they had underestimated her patience.

Lin yuelan didn't want to give him the house anymore.

Li Cuihua was furious. She pointed at Lin yuelan and asked angrily, "you clearly said yesterday that this house and thirty thousand taels of silver were for your parents as a token of respect. How come you don't want to admit it after one night?"

Lin yuelan glanced at her and said indifferently, "hehe, grandma Li, when did I not want to admit it? I just need you to wait patiently for ten days. After this New Year, I'll make arrangements for all my staff, then I'll free up this house for you and pay you.

"It's just that it's only been a night, and you've brought a group of people to my house in a grandiose manner. You're forcing me to ask for the house and money. Now, you're even asking me to pick up the junk you don't want. Don't you think you've gone too far? You've made me unhappy, but when I'm unhappy and in a bad mood, I can go back on my word on many things!"

Li Cuihua gritted her teeth and said, "How can you do this? Didn't you say that the house and the money are for your parents?"

How could she be willing to lose everything that she was about to get?

Lin yuelan nodded and replied, "that's right! I promised to show them my filial piety. That's why when they asked for the house and money, I agreed very quickly. According to the law, I can wait until my marriageable age to give them these things."

"So, you don't want to give them to me now?" Lin Sanniu said through gritted teeth.

Lin yuelan said, "yes. When I promised to give you a house and money yesterday, didn't I say that I was being filial to you according to the 'filial piety law'? But at the same time, I also said that if the 'filial piety method' were to be modified and changed, I would immediately stop being filial!

"Didn't they just say that there was an official coming to announce the Imperial Edict? Adopted, sold, abandoned children can no longer be filial to their biological parents."

Lin Laosan and the others were stunned.

They hadn't seen Lin yuelan just now, so they thought she didn't know about the reform of the 'filial piety law'. However, Lin yuelan did indeed know about it.

861 A Heavy Blow

This time ...

Lin yuelan said without hesitation, "so, I won't give you the house and money I promised before! If you want to make a fuss, then fine, we'll go to court. I'm a child who has been cut off from family. Do I really need to be filial to my parents who abandoned me?"

Lin yuelan had truly retaliated!

If the Lin family were to jump into this pit, she would welcome it!

This time, Lin yuelan intended to completely cut off the relationship between Lin Laosan and his family so that they wouldn't come up to make trouble every two or three days and think that she was really easy to manipulate.

When Lin Daniu and Li Cuihua heard Lin yuelan's sarcastic answer, they shrieked in disbelief and surprise, " how can you go back on your word? You can't go back on your word!"

Their hope in Lin Dazong was gone. They had completely placed their hopes on Lin yuelan's house and the money.

If Lin yuelan really didn't want to give the things to them, then they could only be commoners for the rest of their lives, living a hard life.

In the future, when they go out, they would definitely be ridiculed and looked down on.

They were people who wanted to be above others, so how could they accept such an outcome?

However, in reality, regardless of whether they agreed or not, the outcome had already been decided.

Lin yuelan snorted mockingly and said, " Why can't I go back on my word? If you want to blame someone, blame your impatience. After ten days ... Tsk tsk ..." She then turned to the Butler and said, "Uncle Fu, tell these people to leave. If they refused to leave, just close the door. They don't need to celebrate the New Year's festival, but our family needs to have a lively New Year's festival!"

Then, she turned around and left, leaving the rest to the Butler and Lin xujie.

"No, you can't leave!"

Lin Daniu, Lin Sanniu, and Li Cuihua shouted.

But who would care about them?

The moment Lin yuelan stepped through the door, Chen Xiaoqing suddenly rushed out with her thin and weak youngest son, Lin Dazu, in her arms, "Lan 'Er, Lan 'Er!"

Lin yuelan ignored her.

Chen Xiaoqing's face froze for a moment, then a look of determination flashed across her face.

She suddenly knelt down in Lin yuelan's direction, and the Butler and Lin xujie didn't even have time to react.

Chen Xiaoqing cried pitifully and said, " Lan 'Er, mother is begging you, please save Zu 'Er. I beg you to save my son."

Chen Xiaoqing's kneeling was a shock to the villagers and all the onlookers.

After all, Chen Xiaoqing was Lin yuelan's biological mother.

There was no reason for a biological mother to bow to her child unless their status was different.

Otherwise, if an ordinary person knelt like this, their children would receive retribution and be struck by lightning.

The Butler and Lin xujie looked at Chen Xiaoqing's attitude and were secretly annoyed. They were not on guard and accidentally allowed this woman to take advantage of the situation.

Her love for her son was worthy of pity. After all, a mother's love was great.

However, by kneeling, she had caused her biological daughter to bear the name of an unfilial child. She was so biased.

This kind of motherly love was not worthy of sympathy and pity at all.

The Butler stood in front of her with a dark face and tried to pull her up, but she seemed to be nailed to the ground.

He could only say coldly, " if you want to save your son, you should go find a doctor. Why are you here forcing my master?"

Chen Xiaoqing cried and said, " I also want to find a doctor, but I don't have money! So, I want to beg the girl to save this child. Isn't she a doctor?"

No one had expected that the thin and small Chen Xiaoqing would be more ruthless than anyone else.

With just a slight move, she had cornered Lin Yuelan.

The child's face was pale, his body was twitching, and he was on his last breath. He looked like he was about to die.

Anyone with eyes could tell that this child must have been sick for a long time.

However, Chen Xiaoqing had not come earlier. Instead, she chose this moment to bring him to Lin yuelan and she knelt before Lin Yuelan without hesitation.

Everyone in the Lin family garden was furious at Chen Xiaoqing and glared at her.

Lin yuelan stopped in her tracks, and a sharp light flashed in her eyes.

It seemed that she gave Chen Xiaoqing the feeling that she was too easy to talk to.

Previously, in order to force Lin yuelan to compromise, the Lin family deliberately made Chen Xiaoqing sick and wanted to move her into the Lin family garden. However, Lin Yuelan had cured her mother and gently dismissed them.

So, did Chen Xiaoqing really think that she could use her identity as her mother to force her daughter, who had been cut off from her, to compromise?

Lin yuelan gently turned around and slowly walked over. Everyone noticed that Lin yuelan's expression was very, very cold. In her cold expression, there was also a trace of ruthlessness that was not concealed at all.

Although Chen Xiaoqing was crying pitifully, she looked up at Lin yuelan, who was approaching her. She also saw the fierce expression on Lin yuelan's face, and her heart couldn't help but skip a beat. She had a bad feeling.

Lin yuelan walked to Chen Xiaoqing and asked calmly, "aunt Chen, I'm a doctor and can also treat this child. But what about you? what do you want me to do?"

Chen Xiaoqing and the others were overjoyed to hear that Lin yuelan would treat the child.

As long as this child entered the Lin family garden, it would be difficult to send him out.

In the future, this child could only stay by Lin yuelan's side. Everything Lin yuelan had would be his sooner or later.

Who asked Lin yuelan to be a woman? as long as she was a woman, she would want to get married, no matter if she was a jinx.

After she got married, her assets would be inherited by her family. Lin Darong was her brother, so he was the best candidate.

It seemed that Lin laosan's family had underestimated Chen Xiaoqing, their weak daughter-in-law. This move was more ruthless and effective than them making a scene.

Lin yuelan's calm and cold voice rang in Chen Xiaoqing's ears.

Her heart couldn't help but tremble. She was a little frightened, a little scared, and even a little afraid of Lin yuelan. But all of this didn't matter.

For the sake of her son, she had to do everything she could.

Initially, they thought that they would be able to bask in the Lin family's glory because of Lin Dazong.

Who would have thought that Lin Dazong would suddenly be disqualified from the examination? in the future, he could only be a commoner for the rest of his life.

She was a mother. For the sake of her son, for the sake of him not to suffer with her, she had to force her other biological child.

Her actions were considered noble to her son, Lin Darong, but to people like Lin yuelan, they were despicable.

However, Chen Xiaoqing's decision to kneel before Lin yuelan meant that she was ready to go all out.

Upon hearing Lin yuelan's question, Chen Xiaoqing cried and said painfully, "Lan 'Er, look at Rong 'er. He's already in this state, but I can't do anything about it. So, I beg you, please take this poor child in! After all, he's your brother!"

Lin yuelan sneered in her heart. She knew what they were planning.

Lin yuelan calmly asked, "take him in? And after that?"

Chen Xiaoqing felt a little uneasy. She said, "Lan 'Er, Rong 'Er's health has always been poor because of his premature birth. He falls sick every two or three days. Your father and I really can't take care of him anymore. So, mother hopes that Rong 'er will follow you in the future, okay?"

At this moment, Lin yuelan suddenly sneered, "what right do you have to request something like that? Since I, Lin yuelan, have already cut ties with you, I have nothing to do with any of you! Then why should I support someone who has nothing to do with me?"

She suddenly paused. "Oh, that's not right. If you want me to raise him, that's fine too!"

Chen Xiaoqing's eyes brightened with a strong sense of hope.

Lin Sanniu and Lin Laosan had the same look in their eyes.

863 Out!

“Unless he is sold to me as a slave!”

“Lin yuelan!”

“Wretched girl!”

These were two extremely furious roars.

The first one was Lin Sanniu, and the second one was Lin Laosan and Li Cuihua.

Lin yuelan’s words not only infuriated Lin Laosan and Lin Sanniu but also to the villagers who were just watching the show.

“This ... Isn’t the girl going too far?”

“I agree.”

“That’s right. This is her blood-related little brother, how can she let her blood-related little brother sell himself as a slave and become a slave for her big sister?”

“Yup, I know. If she really wants Lin Darong to be her servant, she might as well let Lin Sanniu and Chen Xiaoqing be her servants.”

“This is really too ...” Too what? he had wanted to say that she was too heartless.

However, when he thought about the actions of Lin Sanniu, Chen Xiaoqing, and the rest, they were heartless too.

Therefore, he couldn’t say that Lin yuelan was too heartless because she had been forced to be so.

Especially when Chen Xiaoqing knelt down like this!

To make Lin Darong her slave, she was simply not putting them in her eyes.

Lin Sanniu roared at Lin yuelan, “ Lin yuelan, don’t go too far! He’s your little brother. How could there be a sister in this world who wants her little brother to sell himself as a slave to her?

“You’re really disgraceful!”

Lin Sanniu was furious.

They always thought that there was hope, but they didn’t expect this wretched girl to be so cruel and heartless.

How was this possible?

Although Li Cuihua did not like Lin Sanniu and his family, Lin Sanniu was still her son and Lin Darong was her grandson. She would rather sell Lin Darong to someone else as a slave than sell him to Lin yuelan.

Li Cuihua roared at Lin yuelan, ” you want my grandson to be your slave? dream on!”

Lin yuelan shrugged her shoulders and smiled at them. “although I’m a doctor, I still have to make a living. If you want me to treat Lin Darong but you’re not willing to pay any price, then I’m sorry.

“After all, I, Lin yuelan, am not a philanthropist. I can’t do it for free for someone who has no relationship with me. ”

Chen Xiaoqing felt as if she had been struck by lightning. She looked at Lin yuelan with a disappointed and heartbroken expression. She shouted, ” but he is your biological brother. He is not someone who is unrelated to you!

Chen Xiaoqing was really angry when she heard Lin yuelan’s ruthless words.

This wretched girl, how could she have such thoughts of making her own brother her slave?

This was ridiculous!

When Lin yuelan heard this, she immediately felt that it was extremely funny.

She sneered, ” Auntie Chen, are you still not clear about one thing? I returned three bowls of blood to my parents three years ago. From then on, I have completely cut off all ties with your Lin family. In other words, no one in your Lin family, including your children and grandchildren, has anything to do with me!”

It seemed that Chen Xiaoqing had not seen the truth.

She had always thought that her eldest daughter would be soft-hearted and would remember the maternal love.

Ever since her daughter had changed, although she had never explicitly said that she wanted anything from Lin yuelan, other than the times Lin Sanniu and the others had forced her to go over and threaten Lin yuelan, every time she looked at Lin yuelan, she would want to say something, but she would hold back. She would yearn for something, but at the same time, she would reveal heartache and disappointment.

However, she had never done anything to her elder daughter and had never given her any motherly love. How could Lin yuelan show mercy to her?

And why did she have to put on an expression of heartache and disappointment, as if her daughter, Lin yuelan, had let her down?

In fact, Lin Yuelan was already kind enough to offer refuge to Chen Xiaoqing a long time ago but she had rejected it. So how was it Lin Yuelan's fault now?

Regardless, Chen Qiaoqing couldn't accept this.

Her heart ached, but she still had hope in her heart as she said timidly, "Lan 'Er, but... he's your brother. Are you really going to leave him in the lurch?"

Lin yuelan said indifferently, " I said I could save him, but I will never allow him to come ...

At that moment, Doctor Zhang suddenly walked out. He was suppressing his anger and glanced sharply at Chen Xiaoqing, who was still kneeling on the ground. Then, he said to Lin yuelan, " girl, I'll save this child! You don't need to worry about it!"

When Chen Xiaoqing knelt, everyone knew her goal.

Not only did she want Lin yuelan to save this child, but she also wanted Lin yuelan to take him in.

With Lin yuelan's family business, it was not a big deal to take in a child.

However, because of this child's identity, taking him in was equivalent to inviting a wolf into the house. Moreover, there wasn't just one wolf, but a whole pack of them.

Therefore, anyone could take this child in, except for Lin yuelan.

Therefore, when Doctor Zhang was chatting with Lin Deshan in his room and heard the report from his servant, he immediately walked out angrily.

Doctor Zhang turned to Chen Xiaoqing and said, "I'll take care of this child for the time being. I'll send him back after I've treated him."

Chen Xiaoqing opened her mouth and wanted to say something.

Doctor Zhang stopped her. "don't worry! I won't charge you a single copper! But I'll say this, don't even think about keeping this child in Lin's family garden.

"You're Lan 'Er's mother but you have never sided with her. In contrast, you kept forcing her to do things against her will. What a good mother.

"However, it's a good thing that Lan 'Er has me, her Grandmaster, and old master Lin to care for her! If you people continue to force Lan 'Er, then don't blame me for being merciless. In the future, if anyone has a headache or fever, don't come to me again.

"You've already treated my grand-disciple like that. I don't have the magnanimity to let it go!"

The first part of the sentence was directed at Chen Xiaoqing and the rest, but the last part was obviously directed at the villagers.

The couple, Chen Xiaoqing and Lin Sanniu, were completely at a loss for what to do with this sudden turn of events.

They did not expect that such a person would suddenly appear out of nowhere!

Chen Xiaoqing used the child's illness as an excuse to force Lin yuelan to adopt Lin Darong.

After all, the reason they did this was because of Lin yuelan's medical skills and her money.

However, Doctor Zhang, who had charged out, was also a doctor with brilliant medical skills. Otherwise, he wouldn't have been able to teach a disciple like Lin yuelan.

Therefore, Doctor Zhang's words left Chen Xiaoqing at a loss.

She looked at Lin yuelan helplessly, and the pleading in her eyes was obvious. She begged Lin yuelan to take in her son. It was a pity that Lin yuelan no longer had any sympathy for her. In fact, Lin Yuelan's other siblings were also glaring at Lin Yuelan with selfishness, cruelty, and greed.

Lin yuelan did not seem to notice Chen Xiaoqing's eyes. She said to Doctor Zhang, "Grandmaster, I'll have to trouble you then!"

She then instructed the Butler, "Uncle Fu, you stay here and listen to Grandmaster's instructions!"

"Yes, master!" The Butler replied respectfully.

After doing this, Lin yuelan planned to leave and ignore everything.

She had only interacted with them a few times, and all she saw was their envy, jealousy, greed, and even hatred for her.

She didn't understand. She used to love and protect her siblings. She gave them all the food she had.

Now, they didn't care about her previous sacrifices and resented her instead. So where did their resentment come from?

Regardless, no matter where their resentment came from, Lin yuelan didn't have a good impression of them because they wouldn't be grateful.

They were still young and had been bewitched by the adults.

Or they had inherited the Lin family's selfishness, heartlessness, and cold-bloodedness.

Therefore, Lin yuelan didn't even consider educating them or turning their minds around.

They were too poisoned by Lin Laosan's family.

Therefore, Lin yuelan didn't want to find trouble for herself by raising a few ungrateful and greedy wolves.

Looking at Lin yuelan's back, Chen Xiaoqing's heart suddenly buzzed. She seemed to feel that she was really going to lose her eldest daughter completely, and there was no room for redemption.

Doctor Zhang glanced at the child in Chen Xiaoqing's hands and snorted. He said to Lin Xujie, "Guard Jie, take the child to the West of the village."

The West Village was where he used to live.

After the Lin Family Garden was built, he stayed there most of the time.

However, occasionally, there would be patients, and they would be sent to where he used to live.

Lin xujie didn't say anything and directly took the child from Lin yuelan's hands roughly.

The reason why he was tough was that Chen Xiaoqing did not want to give the child to him.

However, Lin xujie was already furious with Chen Xiaoqing. Of course, he would not be polite and snatch the child from her hands.

Who asked this child to be a bargaining chip to threaten Lin yuelan?

The play seemed to have come to an end.

No one would have thought that after all the ruckus caused by Lin Laosan's family and Chen Xiaoqing's kneeling, they would not get anything from Lin yuelan.

Even Lin yuelan's promise of a house and money had vanished into thin air because of the ruckus they had caused.

This back-and-forth seemed to have become a joke.

Lin Laosan was dumbfounded as he watched Lin yuelan's back walk through the gate of Lin family garden. He also watched this strong man take the child from Chen Xiaoqing's hands.

Everyone understood.

Lin Laosan understood.

After the appearance of the Imperial edict, they could no longer do anything to Lin yuelan.

No matter how unfilial Lin yuelan was, and no matter if she was of marriageable age, all of this no longer restricted her.

From then on, Lin yuelan really cut off all ties with the Lin family.

They couldn't use the word 'filial' to annoy and suppress Lin yuelan from time to time.

From now on, no matter how rich Lin yuelan was, it would have nothing to do with them.

The atmosphere at this moment suddenly became silent and oppressive!

Some people pitied Lin Laosan's family, but they pitied Lin Sanniu and his wife even more.

Of course, there were people who were gloating.

"Heavens, why are you so blind?" Suddenly, a shrill cry rang out, " why doesn't such an unfilial person be struck by lightning? Heavens, you're blind!"

The wealth that was so close to her hands was gone just like that.

She was very unwilling to accept this!

Suddenly, a black shadow landed in front of li Cuihua. This person had a murderous aura. He held a big knife in his hand as if he was ready to attack at any time.

He said to li Cuihua in a hoarse voice, " if you continue to be unreasonable, don't blame us for not being polite!"

Then, his knife shook and a few white threads fell to the ground.

Without a doubt, these white threads were the white hairs on li cuihua's sideburns.

This time, li Cuihua screamed in fear, her face extremely pale. "Someone is trying to kill me!"

They had real sabers in their hands!

These country bumpkins had never seen such a powerful aura before. It was like the aura of someone killing on the battlefield.

Li Cuihua, who had lost a few strands of her white hair, was not the only one who was shocked. The others were also dumbfounded. There were even a few who peed in their pants, such as Lin Daniu and his extremely proud Lin Dazong.

The Man in Black looked at the other villagers and said sternly, " my master just wants to spend the new year in peace these days! Therefore, we don't wish for such an unreasonable matter to happen again. Come to the entrance of the Lin family Garden and make a scene, or else we brothers will definitely not be polite!

"Master doesn't want us to kill people in the Lin family Village, but if you go too far, it's normal for you to lose an arm or a leg.

"So, I hope you'll understand this!"

As soon as he finished speaking, he and the other Men in Black flew away and disappeared.

It was as if these people had never appeared.

In fact, the fact that some of the timid villagers were trembling in fear proved that these Men in Black who came and went without a trace had really appeared.

The officer who had been watching from behind had his mouth wide open.

He only had one feeling in his heart. 'These Men in Black were so strong! They were definitely not ordinary guards!'

Was he going to report this situation or not?

He was extremely conflicted!

However, no matter how conflicted he was, he did not waste his time.

He had seen a great show. When he returned, he would have a good story to tell.

This time, it was a real warning. Everyone in the Lin family Village, including Lin Laosan's family, knew their place and didn't dare to annoy Lin yuelan anymore.

Lin Family Garden

As soon as Lin yuelan went in, the servants immediately swarmed over with solemn expressions.

They called out in a heavy, angry, and concerned tone, "master, are you alright?"

Meeting such shameless and selfish parents, anyone would be heartbroken and in great pain.

They naturally thought that Lin yuelan was also feeling bad.

Lin yuelan shook her head and laughed, "what's with all of you? Don't worry, I'm fine. Parents like that aren't worth me being sad over, are they?"

The servant thought for a moment and said, "that's true!"

Immediately, the heavy atmosphere became lively again.

After that, the servants began to chatter again, "master, did you know that such an imperial edict would be issued today? that's why you told Lin Sanniu yesterday that you would give him the house and money. Was that on purpose?"

"Exactly, master. We're all very curious about this. You know, when we heard that you were going to give them such a big and beautiful house yesterday, we were so sad."

“Master, just tell us!”

Although they knew of their master’s capabilities, they were still very curious about how their master knew the news beforehand.

Lin yuelan gave a mysterious smile!

866 Royal Family Banquet

It was the new year, and every family was wearing beautiful clothes that they usually couldn’t bear to wear and eating food that they usually couldn’t bear to eat. They were happily celebrating the New Year.

The royal family placed more emphasis on the new year.

Every New Year, the Imperial Palace would hold a royal feast and invite a few important officials of the Imperial court to attend with their families.

Every New Year’s festival, regardless of whether they were valued or neglected, all of them had to show up to attend the feast.

This was because ...

The new year also represented the reunion of the family!

It was the new year, and they were going to welcome everything new in the coming year!

Therefore, the royal family attached more importance to the new year.

It was to hope that everything would go smoothly!

The Emperor had left this year’s royal feast to Crown Prince Yuwen Yuyu to host.

After all, he was the Crown Prince!

As long as he didn’t make a mistake, the Emperor had to give the Crown Prince the power to establish his authority. If the emperor met some misfortune, the crown prince had to take on his role.

Otherwise, the Imperial court would definitely be in chaos. The country would be destroyed!

It had to be said that Yuwen Zhenzhen was a wise ruler with great foresight and courage.

Otherwise, he wouldn't have placed so much importance on the God of War, Jiang Zhennan, who had great prestige in the world and had military power in his hands.

However, every Emperor, no matter how wise they were, had shortcomings.

This Emperor was the same.

He was paranoid!

Especially when he was getting older!

He was especially suspicious of his sons and grandsons. He was always afraid that his power would be usurped.

However, the emperor's suspicion did not apply to Jiang Zhennan at all.

To the outsiders, they could not figure out why the Emperor had never been suspicious of Jiang Zhennan and trusted him so completely, even if Jiang Zhennan had regained his military power.

The emperor's good treatment of Jiang Zhennan made these princes both envious and jealous.

They were very suspicious that this Jiang Zhennan was an illegitimate son of their father, and that the throne would be directly handed over to Jiang Zhennan in the future.

Therefore, they were both afraid of Jiang Zhennan and also wanted to win him over.

This time, the Emperor had already issued an imperial edict for Jiang Zhennan to attend the Royal annual banquet.

However, Duke Zhengguo's mansion was also invited.

Therefore, Jiang Zhennan would definitely meet Jiang Yunfeng, Wen Yujing, and the others at the banquet.

The New Year's banquet was usually set up in the Imperial garden.

The time had come. The various princes as well as the invited family members and ministers of the Imperial court, arrived one after another.

"Mother, won't we meet that jinx this time?" Jiang Wen held her mother's arm and asked with fear in her eyes.

Jiang Wen's embarrassing appearance when she was driven out of the general's residence last time still made her heart palpitate.

Hence, whenever she thought of the situation back then, she was very afraid of her so-called big brother.

No one knew a daughter better than her mother!

Wen Yujing patted the back of Jiang Wen's hand and comforted her, "Wen 'er, don't be afraid! Even if he is the defender-general of the state, he won't dare to do anything to you. After all, you are his sister in name!"

Then, she looked at a corner and sneered. "I have even planned to introduce a marriage to him at this Annual Meeting. As long as there's someone in charge of the internal affairs of the general's residence, Jiang Zhennan will have to listen to that person's words."

Jiang Wen's eyes lit up when she heard that.

This was a good idea!

But ...

However, Jiang Wen said worriedly, "but this fiend's reputation is well-known throughout the capital. Which rich family's daughter would be willing to marry him? Wouldn't she be worried that she would be jinxed? Also, this fiend is an ugly monster whose face has been disfigured. Which young lady would like him?"

Wen Yujing laughed disdainfully. "This jinx should be happy that someone likes her. How can he be so picky?"

"So, this time, his mother had found him a hag! This woman doesn't care if he's a jinx or not, and she doesn't care if he's ugly at all. She only cares about his power and the backyard of the general's mansion."

Jiang Wen was slightly surprised. "is she not afraid of death?"

Wen Yujing laughed mockingly. "hehe, this woman has already married two husbands, but they were all jinxed to death by her. Wen 'er, between this jinx and this woman, who do you think will be more resilient?"

If you find any errors (broken links, non-standard content, etc..), Please let us know < report chapter > so we can fix it as soon as possible.

“Ah?” Jiang Wen was a little surprised, but she immediately gloated. “Haha, no matter who’s the tougher one, one of them will die when they meet. No matter who dies, it will be beneficial to us!”

Wen Yujing nodded and said, “That’s right! So, Wen ‘Er, when you see that fiend later, you have to hide your expression no matter what. Don’t let that fiend get a hold of your weakness and reprimand you! After he accepts this marriage, his time will come.”

However, Jiang Wen was a little puzzled and asked, “mother, who is this woman? And why did you say that he would suffer after marrying this woman?”

The two of them were jinxes. What did it have to do with them?

Wen Yujing looked around, then whispered a few words into Jiang Wen’s ear.

Jiang Wen’s eyes widened, and then she said in surprise, “mother, are you serious?”

“That’s right!” Wen Yujing nodded and said, “so, Wen ‘er, no matter how angry you get at the banquet, you must endure it, understand?”

Jiang Wen nodded and promised, “yes, mother, I got it!”

The people arrived one after another!

The Imperial garden was decorated with lanterns and streamers. There were more than 20 tables, each with some exquisite fruits and wine.

Without a doubt, the Emperor and Empress Chen Wanyue were seated at the table in the very front and middle.

On the right was the Imperial Noble Consort Zhou Yuexin, and on the left was Jiang Zhennan, who was sitting next to the Emperor.

Next to Jiang Zhennan were the Crown Prince, Yuwen Yuyu, and his wife, Ye Yao. On the right were the third Prince, Yuwen feiye, and his wife.

After that, to the left were the third Prince’s eldest grandson, Yuwen Xuhong, Prince Ping, the Prime Minister’s Chen family, and Duke Guo’s mansion ...

On the right was the gong Prince, the second Prince, the fifth Prince, the eighth prince, and the Zhou family’s Zhengguo party ...

“Crown Prince, Prince Ping ...”

“Gong Prince, third Prince ...”

These people greeted each other as soon as they saw each other.

When Jiang Yunfeng arrived there with his wife and children, he couldn't wait to greet the Royal nobles.

"Lord Chen!" Prime Minister Chen Liangzhi of the Chen Manor was from the maiden family of the Empress.

Lord Chen nodded politely and looked at Jiang Yunfeng with a smile. "Duke Jiang!"

Then, he saw his son and daughter, Jiang Zhenye and Jiang Wen, standing next to him. He laughed and said, "Duke Jiang, you're so lucky. Both your children are getting more and more handsome and beautiful!"

"Hello, Uncle Chen!" Jiang Zhenye and Jiang Wen greeted him politely.

Jiang Wen's mouth was sweet. She smiled and said, "Uncle Chen is really getting younger and younger!"

Prime Minister Chen laughed. "Wen 'er is getting more and more beautiful! Is any marriage candidate knocking on your parent's door yet?"

The last sentence was just a casual question.

Wen Yujing smiled and replied, "not yet. Wen 'er is still young, and I'm still reluctant to let Wen 'er leave, so I plan to let her stay with me for a few more years."

Prime Minister Chen's wife smiled and replied, "Madam Jiang, this is your fault. Even if you can't bear to part with her, this daughter still has to be married when it's the time!"

Then, she looked at Jiang Wen and said with a smile, "Wen 'er is so beautiful, virtuous, and dignified. I heard that she's an excellent dancer. Which young master wouldn't want to marry her?"

Wen Yujing laughed. "you're right, Mrs. Chen! It seems that I have to start looking!"

"Mother!" Jiang Wen's face was red as she shouted in embarrassment.

"Haha, Wen 'er is shy!" Madam Chen said jokingly, "Speaking of which, I have a candidate. He's handsome and very talented. His family background is also compatible with your Duke Zhengguo mansion. If they can get together, they'll be a match made in heaven."

Wen Yujing's face stiffened for a moment, then she smiled and asked happily, "which young master are you talking about, Mrs. Chen?"

Mrs. Chen covered her mouth and smiled. "of course, it's the young master of Duke Guo's mansion, Guo Bing!"

This time, Wen Yujing, who was pretending to be happy, froze.

When Jiang Yunfeng and Prime Minister Chen were talking, his expression immediately stiffened for a moment when he heard Mrs. Chen's words.

However, their expressions quickly disappeared.

However, their son and daughter were people who could not hide their emotions and expressions.

When Jiang Zhenye heard Guo Bing's name, his face reflexively showed disdain and contempt.

He said, "that sissy is not worthy of my sister!" In fact, he was extremely jealous of Guo Bing's appearance.

Because that kind of stunning appearance would definitely win the favor of many women.

Jiang Wen, on the other hand, lost her composure and shouted, "I don't want to marry that sissy!"

She was also jealous of Guo Bing's looks.

A grown man actually looked more beautiful than a woman. How could she stand that?

Prime Minister Chen and Mrs. Chen's faces immediately darkened.

Prime Minister Chen's expression was not good. "Duke Jiang, my wife and I still have something to do. We'll take our leave first!"

In his heart, his impression of Jiang Yunfeng's son and daughter had plummeted.

They were really brainless!

Jiang Yunfeng and Wen Yujing awkwardly nodded to Prime Minister Chen and his wife.

When no one was paying attention to their family for a moment, Jiang Yunfeng glared at his son and daughter with an ugly expression.

Then, his eyes could not help but fall on Jiang Zhennan, who was sitting quietly by himself, as if he was out of tune with the world.

Jiang Zhennan did not greet anyone, and no one came forward to greet him. It was as if he had been forgotten, but in fact, his aura was so strong that it was impossible to ignore it.

Which of these princes didn't want to come forward and interact with Jiang Zhennan? However, Jiang Zhennan didn't respond to anyone. The princes felt like they were talking to a statue. It made people speechless and embarrassed. They were both embarrassed and angry, but they couldn't do anything to Jiang Zhennan.

Jiang Zhennan was the emperor's favorite person.

It was like this every year. After that, no Prince would purposely go up to Jiang Zhennan for him to give them the cold shoulder.

Therefore, at every gathering, before the Emperor arrived, he would sit alone in his seat, drinking wine and eating fruits!

Jiang Yunfeng looked at Jiang Zhennan, who was drinking by himself, and his eyes were burning with anger. He wanted to kill him and burn him to death right now.

But he didn't dare to!

Now that his son and daughter had lost face in front of everyone, Jiang Zhennan's independence made him even angrier.

He strode over to Jiang Zhennan and scolded him sternly, "you unfilial son, what did you do to Ye 'er and Wen' er a while ago? They were so frightened that they had a high fever for three days and three nights as soon as they returned to the residence!"

To be honest, Jiang Yunfeng was just venting his anger.

His son and daughter had made him lose face on such an occasion, so Jiang Zhennan became his punching bag.

Jiang Zhennan was his son. Even if he was now in a high position with great power and was a popular person appreciated by the Emperor, as long as he was his son, he had the right to reprimand Jiang Zhennan. No one could say anything, not even the Emperor could stop him.

Therefore, Jiang Yunfeng did not care about the occasion and suddenly questioned Jiang Zhennan.

Hearing Jiang Yunfeng reprimanding Jiang Zhennan, the crowd suddenly quieted down.

Then, everyone just looked at the father and son.

Jiang Zhennan did not even lift his eyelids. He continued to drink the wine in his glass and said coldly, " they made a big fuss in my residence. I was tired of listening to them, so I had people drive them out of the general's residence!"

At this point, he raised his eyes slightly and shot a sharp gaze at Jiang Yunfeng. He said coldly, " why? Does the Duke want to seek justice for his son and daughter? "

868 Because You're not Worthy

On the New Year, the Lin family garden was also very lively.

Lin's family garden was not short of money, so it was decorated with lanterns and streamers. Lin yuelan even had a sudden idea of building a Christmas tree with all kinds of beautiful decorations hanging on it and some snacks and candy wrapped in it.

Some of these snacks and candies were brought back by Lin yuelan from outside, and some were personally made by the servants.

She did all this for the children in Lin's family garden. She wanted them to get snacks and have a Happy New Year.

This was Lin yuelan's first New Year's festival since she came here. It was also the first New Year's festival in the Lin family garden for these servants who had become Lin yuelan's servants.

Therefore, everyone wanted a Happy New Year for masters and servants.

The Lin family residence currently had around twenty servants. As for the number of guards trained by Lin yuelan, it was unknown. This was Lin yuelan's personal secret. Other than her, no one else knew.

These guards were everywhere to ensure the safety of the family. Therefore, other than those who had been transferred back, they would spend the new year in the Lin family Garden.

As for the managers of the various places, Lin yuelan didn't let them come back this time. It was mainly there were some who were handling things from the dark. She didn't want to expose these things so quickly, so she didn't plan to transfer them back.

Lin yuelan planned to reward them when she had the chance!

"What? Really?" Someone immediately widened his eyes in surprise. "I heard from the seniors that master's cooking skills are unparalleled in the world. The food she made was delicious."

"I heard that master is personally cooking today!"

"Is that so?" Someone was immediately curious.

"Yes, I've heard of it too. Master's cooking skills are unparalleled!"

"Hehe, even if master's cooking skills are average, the fact that she is personally cooking for us is already amazing. Think about it, how could a rich family have a master who personally cooks?"

"That's true!"

"However, there are so many people in Lin family park. Can master cook alone? "

"Tsk, what are you thinking? It's a blessing for us servants that master cook one or two dishes. Don't tell me you really want master to cook for all of us?"

The servant touched the back of his head and said foolishly, " you're right!

In the living room, Doctor Zhang and Lin Deshan were sitting upright, but their eyes would occasionally glance in the direction of the kitchen. The anticipation in their eyes could be clearly seen.

The Butler, Lin Fu, was amused as he reminded them, " two old masters, it's still more than two hours before lunch."

When the two old masters heard the housekeeper's reminder, their faces darkened. Then, they said with a fierce expression, " of course we know. We're old, and we're training our eyesight, can't we?"

He said it with a straight face, then he looked towards the kitchen.

Lin Fu held back his laughter and said seriously, " alright, old masters, please continue. I'll go to the kitchen and see if there's anything I can help with."

Lin Deshan and Doctor Zhang's eyes lit up. "go, " they said. He wanted to see if the girl needed any help. "Also, don't let the girl be too tired!"

Although they wanted to eat the girl's cooking, they didn't want Lin yuelan to tire herself out just to cook.

"Yes!" Lin Fu replied respectfully. "Old masters, I'm going over now!"

“Go, go!” The two of them urged.

When Lin Fu arrived at the kitchen, he saw Lin yuelan giving instructions, “I only need the cores of the vegies. Scrape off the scales from the fish, then, stab a hole in the wing with a toothpick, and marinate it in salt water for fifteen minutes ...”

After checking the ingredients, Lin yuelan walked to the stove and ordered the servant who was adding firewood, “the fire is a little small. The soup stock must be boiled with a big fire first, and then boiled with a small fire for an hour and a half!”

“Yes, master!”

After a while, when she saw that the dishes were almost done, she picked up an apron from the shelf, tied it around her waist, and immediately ordered, “Kick up the fire!”

All of a sudden, everyone in the kitchen hoped to watch Lin yuelan cook.

However, Lin yuelan handed over the cooking to the chef in the kitchen. She taught from the side.

Of course, although he couldn’t imitate Lin yuelan’s 100% original taste, it was still a delicious meal.

869 Because You’re not Worthy

This way, everyone in the entire family would be in for a treat.

Lin yuelan’s cooking was different from other restaurants because she had taken out her unique condiments from her interspace. At least, she had yet to find the ingredients in this era.

Lin yuelan made a braised pork belly and a stir-fried vegetable for the servants.

Of course, Lin yuelan also made a few dishes for her Grandmaster and Lin Deshan.

However, while Lin yuelan was cooking, the chef was also watching from the side. In a while, he would also be able to cook the same dishes.

As for the taste, although it wasn’t as good as hers, she believed that the chef’s cooking wouldn’t be too bad.

In their anticipation, Doctor Zhang and Lin Deshan finally had the chance to eat Lin yuelan’s cooking.

After all, ever since Lin yuelan had returned, she had been busy with all kinds of affairs. In addition, the fake Daoist priest had come to make trouble for the Lin family. Everyone was in a state of anger and had no mood to prepare food.

However, it was different today.

It was the New Year's festival today. No matter how unhappy things had been before, they had to let it go and have a good New Year's festival.

Just like before, Doctor Zhang and Lin Deshan fought over food with great pleasure.

"Hey, old man Lin, why did you put this dish in your bowl? you know, your blood pressure is high, you can't eat fat!" Doctor Zhang was very dissatisfied when he saw that more than half of the red braised meat was gone.

Although the other meat was equally delicious, the red braised meat was their favorite. It was red and lustrous, and the taste was fragrant. It was fat but not greasy, soft, and juicy, leaving an endless aftertaste.

However, both of them were elderly and had high blood cholesterol. Lin yuelan usually ordered the kitchen and servants to control the amount of meat the two elders could eat.

The first was that the chef would control the amount and only cook according to the amount the master said. Of course, these servants would make more so that they could eat some.

Their master didn't have any restrictions on cooking. The chef could cook as much as he wanted. However, Lin Yuelan wouldn't allow any waste. If the chef found out, his monthly salary and bonus would be deducted.

These servants really felt that they had done great things in their previous lives to be able to meet such a good master in this life.

Of course, Lin yuelan, as their master, didn't know that everyone was secretly thanking her for the food.

The two elders, whose portions were usually limited, didn't have enough to eat.

It was New Year's Day, and Lin yuelan had personally cooked. When she cooked, she had secretly added spirit spring water, so she didn't restrict the two of them from eating the fatty meat.

"Grandpa, Grandmaster, eat slowly! I'll let you guys eat your fill today." Lin yuelan said with a smile.

Doctor Zhang said as he ate, " girl, the red braised meat you made is so delicious. Chef Liu would never be able to make it taste as good as you."

Lin yuelan just smiled and said, " maybe it's because everyone's craftsmanship is different!"

She would not tell them that she used the spirit spring water to enhance the taste.

The two elders ate for a while and felt that they were half full. They asked while eating, " girl, did Nan Zhenjiang really return to the capital? "

Jiang Zhennan's name here was Nan Zhenjiang. Therefore, they were used to calling him Nan Zhenjiang.

Lin yuelan replied, " yes, he's going back!" At this point, she paused for a moment and continued, " the Emperor has issued an imperial edict to let him return to attend the royal family's annual banquet!"

The two elders already knew Jiang Zhennan's true identity, so there was no need for her to hide it.

Lin Deshan said sympathetically, " I heard that his mother died because of difficult labor. Since he was a child, master Xuyun had called him a jinx. Therefore, his father didn't pay attention to him and even wanted him to disappear. However, to save his reputation, Zhengguo Duke spared Nan Zhenjiang's life. But he still sent him away at a young age and left him to die on his own!

"Zhengguo Duke's heart must have been blinded to actually be so cruel to this first wife's son!"

"Hmph, you think that Jiang Yunfeng is a good person, to begin with?" Dr. Zhang snorted when he heard Lin Deshan's words.

870 Because You're not Worthy

"I heard that his second son is only half a year younger than his eldest son. Who would believe that there was nothing fishy about this? And why did that master Xuyun come at such a coincidental time?

"Hmph, it's just a pity that such a good child like Jiang Zhennan is being framed like that. It's a good thing that this child did not let us down and became the defender-general of the state with his own abilities!"

“He must have fought countless times on the battlefield and experienced countless life-and-death battles to have such a record.” Lin Deshan’s eyes were filled with unspeakable heartache for Jiang Zhennan.

Lin yuelan asked curiously, “Grandmaster, who is this great master Xu Yun you mentioned?”

Doctor Zhang said, “Master Xuyun is a monk with profound Buddhist skills and a high reputation. It was said that he was well-versed in both literature and geography. He was very accurate in his divinations and fortune-telling, and many high-ranking officials and nobles would throw out a thousand gold just to ask for divination from him.

“Unfortunately, master Xuyun had his own principles. He only gave three divinations a year. It would happen in February, May, and September. Moreover, it depended on fate who he’d meet.”

“Then why did he suddenly perform a divination on the newborn Jiang Zhennan? Could it be that the little Jiang Zhennan was fated with him? However, why would he divine such a horrible fate for a baby?” Lin yuelan asked curiously.

“That’s why I said that this master Xuyun is just a Bullsh * t charlatan.”

Doctor Zhang said disdainfully,

“It’s already pitiful enough for a newborn to lose her mother. He, on the other hand, had specially come to the door of her house and called her newborn a jinx.

“Doesn’t he know that he has cast the boy into hell?”

“No, perhaps he knows. It’s just that we may not know what exactly happened, but with Jiang Zhennan’s ability now, he will definitely be able to find out what happened back then.” Doctor Zhang said.

Lin yuelan’s eyes flickered with a sharp glint, and she asked doubtfully, “Grandmaster, grandfather, do you mean that the appearance of that great master Xu Yun might be related to his biological father or stepmother?”

“Who knows?” Doctor Zhang and Lin Deshan said in unison, “maybe it’s related. Because if Jiang Zhennan were well, then the title of Duke Zhenguo’s mansion would naturally be inherited by Jiang Zhennan, the eldest son. However, would the stepwife be willing to accept this? She would definitely be unwilling. Since she was unwilling, it was only natural for her to play some tricks.

“However, after all, this is Duke Zhengguo’s mansion’s internal matter, so these scandals will certainly not be spread. As for the truth, only the people involved would know.”

Lin yuelan asked again, " it's been more than 20 years. Where is this master Xuyun now? "

Doctor Zhang and Lin Deshan were stunned. They looked at each other and quickly shook their heads. "I don't know. Perhaps he's already dead!"

Lin yuelan asked curiously, " why do you say that? "

Doctor Zhang explained, " I heard that master Xuyun became famous in Xuruo temple when he was 30 years old. When Jiang Zhennan died, he was already an eminent monk in his 80s. It had already been 25 years, if he's still alive, he'd be over a hundred years old."

"Oh? Such longevity?" Lin yuelan was slightly surprised. In this era, medical skills were low, and even an ordinary cold could take a person's life. Therefore, there were only a few people who could live to sixty or seventy years old.

The ability of a person who could really live to more than a hundred years old could not be underestimated.

"But there's no telling if he's still alive." Doctor Zhang said, shaking his head.

Lin Deshan ate another piece of red braised meat, chewed it a few times, and asked, " girl, who's the culprit who caused Jiang Zhennan to be stranded here? do you know? "

Of course, Lin yuelan knew.

However, it was not convenient for the two elders to know about such matters.

Lin yuelan shook her head and replied, " I'm not sure! When the masked uncle returns to the capital, he'll definitely investigate it thoroughly."

Lin Deshan said, " that's true. He's such a smart and capable person. He suffered a big loss last time, so he'll definitely be on guard when he goes back this time."

Lin yuelan looked at the half-eaten vegetables and said, " alright, Grandmaster, Grandpa, let's continue eating. Let's not talk about this anymore!"

871 Because You're not Worthy

In fact, she wanted to know what the royal family's annual banquet was like.

..

Jiang Zhennan looked at Jiang Yunfeng's angry face, and the corners of his mouth curled up. He was in a good mood as he said, "if the Zhengguo Duke really wants to seek justice for your son and daughter, I will accept it! I just don't know how Zhengguo Duke is going to do that."

When Jiang Yunfeng heard that, the anger in his heart soared to the sky, he pointed angrily at Jiang Zhennan and shouted, "unfilial son, how dare you not address me as your father? As the defender-general of the state, do you still have any manners?"

When Jiang Zhennan heard his words, he was not moved or angry at all. Instead, he said slowly and coldly, "I'm sorry, Zhengguo Duke. My mother died when I was young. As for my father, I haven't seen him since I was two or three. Therefore, no one has ever taught me how to address a stranger, let alone talk about manners!"

As soon as Jiang Zhennan said this, he immediately heard someone burst out laughing.

Everyone looked at the source of the laughter. Guo Bing, who was laughing, seemed to have realized that he had lost his composure. He said in embarrassment, "I'm sorry, I just thought of a funny joke and laughed unconsciously."

After that, he walked towards Jiang Zhennan and said, "I say, big brother, I really pity you!"

Ever since he was young, other than the tears of his mother and his sisters, Guo Bing was not afraid of anything.

Therefore, he was not afraid of offending Zhengguo Duke.

Jiang Yunfeng was so angry that his face turned green.

However, he didn't dare to get angry at Guo Bing and could only continue to target Jiang Zhennan. He said angrily, "Jiang Zhennan, you unfilial son, what are you saying? Do you still have me in your eyes?"

Jiang Zhennan replied coldly, "no!"

Jiang Yunfeng's face was livid as he pointed at Jiang Zhennan. He wanted to scold him again, but he did not know how to scold him. "you ..."

Wen Yujing quickly patted Jiang Yunfeng's back and tried to persuade him, "master, don't be angry! Nan 'er is still young, don't lower yourself to his level! Why can't we talk nicely? Must you shout and get angry?"

Then, she looked at Jiang Zhennan again and said with some disappointment and heartache, "Nan 'er, what you said really made mother sad. Although I'm not your biological mother, I've raised you since you were young.

"When you want to study and learn how to read, I also invite those famous teachers to teach you. If you didn't chase them away time and time again ...

"I wanted to teach you personally, but you gave me the cold shoulder.

"As a stepmother, I can't hit or scold you. Otherwise, rumors will spread that I'm mistreating you.

"Sigh, I can only let you be. That's why you don't understand those manners now!

"If I had known earlier, I would have taught you a good lesson even if I would be called a vicious stepmother!"

Wen Yujing's mouth was really sharp.

She had completely pushed the blame on Jiang Zhennan.

She implied that Jiang Zhennan had been arrogant and willful since he was young. Not only did he not study hard, but he also drove away his teacher.

Wen Yujing had tried to personally teach him, and he had even made things difficult for her.

This was the so-called stepmother's difficulty!

In short, Jiang Zhennan had had an opinion of her since he was a child. So, whether he had a good upbringing or not had nothing to do with the couple. It was completely Jiang Zhennan's own willfulness and insolence.

Many people who knew the truth heard Wen Yujing's words, and their mouths twitched. They then sneered.

But this was their family matter, and it had nothing to do with them. They just had to make a face and watch the fight.

Guo Bing, however, was not afraid of the matter blowing up. "Oh. I didn't know Zhengguo Duke's wife was so attentive to my big brother. It was really respectable and lamentable! However,"

Then, he changed the topic and said with a stern expression, "but why did I hear that my eldest brother has been living with a nanny in a dilapidated courtyard in Duke Zhengguo's mansion since he was three months old? When it was hot, he was wrapped

in an old cotton-padded coat. Because he did not have summer clothes to wear and there was no charcoal in the cold weather, he was shivering all over. Fortunately, big brother was lucky enough to survive and live to be a great general!

“Madam, could it be that these rumors are all rumors?”

Wen Yujing’s expression froze, and then she smiled stiffly. “young master Guo, these are all rumors. Why do you have to take it seriously? Nan ‘Er, don’t you think mother is right?”

This was a family scandal. Wen Yujing was very confident that Jiang Zhennan would never allow anyone to tarnish Duke Zhengguo’s mansion. After all, he was still the eldest son of Duke Zhengguo’s mansion, and in the future, he was very likely to be the eldest young master of Duke Zhengguo’s mansion!

Therefore, no matter what, Jiang Zhennan had to protect the reputation of Duke Zhengguo’s mansion.

However, Wen Yujing didn’t know that in the past, Jiang Zhennan allowed Wen Yujing to slander him because he didn’t care. He was already the defender-general of the state and had flown away from the Zhengguo Mansion.

But now, his heart belonged to someone else.

He didn’t want his bad reputation to affect their relationship.

Even though she had never cared about her so-called reputation.

Jiang Zhennan sneered and said, “Madam, please be clear about this. I only have one mother, but she has already passed away. So, please don’t use lecture me as my mother. Because,”

His sharp eyes swept over Wen Yujing, but she felt as if he was going to cut her into pieces. Her heart tightened.

Jiang Zhennan said coldly and emotionlessly, ” you are not worthy!”

If you find any errors (broken links, non-standard content, etc..), Please let us know < report chapter > so we can fix it as soon as possible.

872 A Problem of Upbringing?

The “you’re not worthy” made the place even quieter.

They seemed only to hear Jiang Zhennan’s voice echoing in the air.

When Jiang Yunfeng and his wife met Jiang Zhennan, the two of them would always sing the same tune. One would play the good cop, and the other would always play the bad cop. The one who played the good cop would always be Wen Yujing.

Perhaps Jiang Yunfeng and Jiang Zhennan's birth dates really did not match.

As long as Jiang Yunfeng saw Jiang Zhennan, his heart would be filled with anger. He would not be satisfied if he did not vent it out on Jiang Zhennan.

Wen Yujing would always be the one who comforted Jiang Yunfeng's anger. On the one hand, she told Jiang Yunfeng not to get angry, but on the other hand, she accused Jiang Zhennan of making Jiang Yunfeng angry. Then, she said that she did not educate Jiang Zhennan well, and then she pushed all the responsibility onto Jiang Zhennan.

In fact, the situation was the same every time.

As for Jiang Zhennan, he was originally a man of few words. If he could not speak, he would definitely not speak.

Therefore, even when Jiang Yunfeng and his wife were putting on an act in front of him, saying bad things about him and even ruining his reputation, he could not be bothered by them.

He thought that with his current achievements, it was enough to slap the couple in the face. The more they tried to explain, the more they wanted to hide their guilt.

Therefore, he just let them put on a show and didn't even look at them.

This time, Jiang Yunfeng and his wife thought that Jiang Zhennan would give them the silent treatment to them as usual.

However, they had not expected that Jiang Zhennan would really amaze the world with a single brilliant feat the moment he spoke.

This made the people stunned for a moment. Then, they suddenly looked at Jiang Zhennan with a curious look.

However, Jiang Yunfeng and Wen Yujing, like everyone else, were stunned for a moment, but they quickly reacted, and their expressions suddenly changed.

Under the gazes of so many princes, as well as the important officials of the Imperial court, Jiang Zhennan's "you are not worthy" immediately made Wen Yujing lose face.

This caused her expression to become extremely unsightly, but then she immediately put on a look of grievance. Her eyes reddened as if she had suffered a thousand blows, and she said in a very pained and disappointed voice, "that's right, I'm not worthy!"

Her aggrieved tears fell like rain. Her whole body swayed and leaned against Jiang Yunfeng's body.

People sympathize with the weak.

Especially when the other person was so powerful that it made people feel fear and terror, then the weak person was even more worthy of sympathy.

Therefore, everyone looked at Wen Yujing with sympathy and pity.

Look, this stepmother had raised her stepson but was even taught a lesson by her stepson. How pitiful.

Jiang Zhennan was really, as Wen Yujing had said, too arrogant and willful.

Just as everyone was about to speak up for Wen Yujing, suddenly ...

"You're a bastard that no one wants. What right do you have to say that my mother isn't worthy?" Jiang Zhenye instantly reversed the situation. "I think you're the one who's not worthy. You disrespectful and unfilial son, what right do you have to occupy the position of the heir to the title and talk back to my mother?"

The moment he said this, public opinion shifted again.

Didn't Wen Yujing say that because Jiang Zhennan was too arrogant and willful from time to time, and that he would beat away one teacher after another?

On the other hand, Jiang Zhenye is a great teacher that you, Wen Yujing, personally found. At the age of three, he had already memorized the Three Character Classic, the rules of disciples, the Thousand Character Classic, and other books.

At the age of seven, he was able to write poems, "ode to the crescent moon":

His name shook the capital.

At the age of ten, he became the seventh hero of the seven heroes of the capital.

The so-called seven heroes of the capital referred to the seven outstanding and talented young rookies in the capital.

At that time, although Jiang Zhenye was said to be the seventh hero, he was also the youngest. For him to have such an achievement was already very impressive for the people in Beijing.

However, since he was ten years old, although his ranking had not gone up, it had not gone down either. He had occupied this position until now.

However, why didn't he improve much after he turned ten?

Because when he was ten years old, Jiang Zhennan suddenly disappeared from the dilapidated courtyard of Duke Zhengguo's mansion.

Jiang Zhennan was a child with no one to rely on so he would definitely die outside.

873 A Problem of Upbringing?

As a result, Jiang Zhenye would inherit the title of Duke Zhengguo. Therefore, he relaxed his state of mind and became very disinterested in studying. He only pretended to be studying when his father came to check on his homework.

Thus, he only followed the rules and did not make any major breakthroughs.

In order to maintain the reputation of one of the seven heroes, Wen Yujing did a lot of behind-the-scenes bribery work. In any case, this reputation could not disappear, and people would joke about him.

But what Wen Yujing and Jiang Zhenye never expected was that ten years later, Jiang Zhennan would appear again.

Moreover, it was not an ordinary appearance. He suddenly appeared in front of everyone as the God of War general, which made Wen Yujing and Jiang Zhenye both shocked and scared.

Because once Jiang Zhennan appeared, then the title of Duke Zhengguo would be inherited by him, and Jiang Zhenye only had three paths to take.

First, he could abandon the title of nobility and could directly split the family property and go out alone to make a name for himself.

The second path was to be like all scholars, to pass the examinations, enter the official career, and use one's own abilities to achieve great things.

The third option was for Jiang Zhennan to disappear, and Jiang Zhenye would still inherit the title of Duke Zhengguo. The so-called disappearance was death.

Whether it was Jiang Yunfeng, Wen Yujing, or even Jiang Zhenye, they were undoubtedly going to take the third path.

However, it would be extremely difficult for them to make a move after Jiang Zhennan returned with his impressive battle achievements. They could only wait for the right time to make a move.

Jiang Yunfeng and Wen Yujing had the patience, but Jiang Zhenye didn't.

As Jiang Zhennan's life became more and more high-spirited, everyone in the capital was talking about the great general Jiang Zhennan, and his temper became more and more impetuous.

The title was previously something that was within his reach, but in the blink of an eye, it was snatched away by someone else.

He was really angry and furious, but his parents told him to endure it for the time being.

As he endured it, it was as if he had turned into a compressed bomb. As long as someone touched him lightly, he would immediately explode with a "bang".

This was the trigger.

Everyone was shocked when they heard Jiang Zhenye blurt out the word "bastard" to Jiang Zhennan.

Putting aside the fact that Jiang Zhennan was Jiang zhenye's older brother, he was also Jiang zhenye's half-brother.

Jiang Zhenye scolded Jiang Zhennan for being a bastard. Didn't he say that Jiang Yunfeng was also a bastard?

Because only a bastard father could give birth to a bastard son, right?

Besides, Jiang Zhenye scolded Jiang Zhennan on such an important occasion. It was clear that he had a bad upbringing.

No matter what wrong Jiang Zhennan had done, his younger brother had no right to teach him a lesson. If there were a need to teach him a lesson, it would be his father who would do it. Even his mother could not do it openly.

However, Wen Yujing was supposed to handle Jiang Zhenye's upbringing, right?

For a moment, everyone looked at Jiang Yunfeng and Wen Yujing with strange looks in their eyes.

Jiang Yunfeng and Wen Yujing's faces were green and white. They were both embarrassed and angry.

However, before they could get over their embarrassment, another person decided to drag them even further into the bog.

Jiang Wen also pointed angrily at Jiang Zhennan and scolded, "you b * stard! You're not worthy of saying such horrible things to my mother! You're a jinx who was raised by no mother!"

Ah ...

When the crowd heard Jiang Wen's shrew-like scolding, they fell silent again.

Could this still be considered a problem of upbringing?

This was probably not only a problem of upbringing but also a problem of character.

Oh no, it was a problem with her brain.

At this moment, everyone made up their minds to let their children stay away from the siblings.

They had seen stupid people, but they had never seen someone this stupid.

Did they even have the right to speak on such an occasion?

No matter how angry they were at their brother's attitude towards their parents, they should have talked to him nicely and not kept calling him a b * stard.

The sibling had spoken out of line.

Now, Jiang Yunfeng and Wen Yujing's faces were like a color palette, with green, red, white, and black colors intertwining.

Jiang Yunfeng suppressed his anger and shouted at the siblings, "shut up, both of you!"

Then, he glared at Wen Yujing with a pair of sharp eyes.

Wen Yujing's heart skipped a beat when she saw this. However, all she wanted to do now was to salvage the reputation of the siblings.

874 A Problem of Upbringing

However, she heard a burst of mocking laughter.

Guo Bing laughed out loud, "Duke Zhengguo and Madam, is this the upbringing that you said my big brother lacks? Now I am glad for my brother. At least with his current upbringing, he wouldn't go around calling me a bastard."

Jiang Yunfeng was furious.

He pointed at Guo Bing and wanted to scold him.

"Shut up!" A voice as loud as a Bell suddenly rang out. Then, Duke Guo, Guo Shizhong, strode over from the intersection. As soon as he arrived, he scolded Guo Bing, "look at you! Don't you know how to respect your elders? No matter what, what did the matter between these two siblings have to do with the Duke and his wife? Stop talking so much!"

Guo Shizhong sounded like he was lecturing Guo Bing, but there was actually another hidden meaning. Jiang Yunfeng and his wife were both elders, but they were actually making things difficult for a junior. They really didn't act like elders and were putting on airs.

Of course, the junior he was referring to was Jiang Zhennan.

There was also another layer of meaning. 'You and your wife can't even educate your own children well, so what right do you have to educate my son?'

As the most favored youngest son of the Guo family, they couldn't even bear to say a harsh word to Guo Bing, so what right did an outsider have to scold his son?

All in all, Guo Shizhong was protective of his own.

As soon as Guo Shizhong's words fell, Jiang Yunfeng and his wife's faces were almost distorted.

They wanted to scold Jiang Zhennan, but they lost their face instead.

Just as Jiang Yunfeng was about to come up with a rebuttal, a sharp voice rang in everyone's ears, "the Emperor and the Empress have arrived!"

As soon as the eunuch finished shouting, a hearty and majestic laugh rang out. "haha, my Dear Ministers, what are you all talking about? " I heard Minister Guo's loud voice from far away!"

Then, under the light, a man in his fifties wearing a bright yellow Dragon robe, with a Nine-Tailed Phoenix hairpin on his head, could be seen. His face was ruddy, and his skin was fair. Beside him was the empress, who was in her thirties.

Behind them was the charming Imperial Noble Consort-Zhou Wenya, who was wearing a large peony green gauze and a Kasaya that dragged the floor with pink daffodils and green leaves.

“Long live the Emperor! Long live the empress!”

When the Emperor and Empress arrived, everyone, including Jiang Zhennan, immediately knelt down to welcome them.

“All ministers, rise!” The Emperor said.

“Many thanks, Your Majesty!” Everyone stood up.

After everyone got up, the Emperor asked Guo Shizhong curiously again, “Minister Guo, I clearly heard your loud voice just now. What were you talking about?”

In fact, every move that had happened just now had been reported to him by the secret guards.

Therefore, of course, he knew that Jiang Yunfeng wanted to scold and make things difficult for Jiang Zhennan again.

For such family affairs, he, the Emperor, had never interfered and let Jiang Zhennan, this blockhead, solve it on his own.

He thought that Jiang Zhennan would tolerate the couple like before.

However, what surprised him was that this time, his beloved general actually did not hold back. He said that Wen Yujing was not worthy of being his mother.

This really surprised him, the Emperor.

In reality, he was more curious about the reason why his beloved general had stopped holding back.

Of course, he would ask him about this in private.

Now, he was just pretending not to know anything.

Guo Shizhong replied, “Your Majesty, it was this unfilial son of mine who spoke rudely! I was teaching him a lesson!” As he spoke, he pointed at Guo Bing.

The Emperor said in disbelief, “Oh, Minister Guo, I heard that your family values the youngest son. How could you bear to teach him a lesson? Moreover...” He made a gesture that indicated that this was a big occasion.

Guo Shizhong glared at Guo Bing and seemed to be angry at him. He said, "no matter how much we cherish him, what he did was wrong. Therefore, I had to teach him a lesson so that he wouldn't go around spouting nonsense, disgracing the Guo family's face, and ruining our reputation!"

Guo Shizhong was a boorish person, and he spoke in a boorish manner as well. He did not care what the occasion was, and he just said what he had to say.

Everyone knew that Guo Shizhong was really scolding someone else through his son.

Two people in the crowd blushed because they were embarrassed.

Everyone present understood Guo Shizhong's hidden meaning.

Jiang Yunfeng and Wen Yujing did not educate their son and daughter well and made Duke Zhengguo lose face.

Even so, Jiang Yunfeng couldn't just refute Guo Shizhong before the emperor. It would make him even more embarrassed!

875 Royal Banquet

When the Emperor heard Guo Shizhong's words, he did not probe further. After laughing a few times, he said to Guo Bing, "I say, Guo Bing, you are not young anymore, are you? Do you need to anger your old man that much?"

Guo Bing replied, "Your Majesty, my father likes to lecture me all the time. If it weren't for my mother's nagging, saying that my personality is exactly the same as my father when he was young, I would have thought that I wasn't his biological son!

"Hahaha ..."

When Guo Shizhong heard Guo Bing's words, he pretended to be angry and pointed at Guo Bing. He scolded, "you stinky brat, how can you mock your father like this? "

When the Emperor heard this, he was immediately happy, and his mood became even better.

He laughed again. "haha, Minister Guo, you and your son are really funny!"

Then, he sat in his seat and said to the crowd, "everyone, please sit!"

The Emperor sat down and looked at the fruits on the table. He looked at the red cherries and said with interest, " Crown Prince, I heard that cherries are gone. Where did these come from?"

Crown Prince Yuwen Yuyu stood up and replied, "Father, I went to Zhou Shan city. There's a restaurant there called Ni Lai Wo Wang Restaurant. The restaurant was selling these cherries. The cherries were sold out, but the shopkeeper sold the rest to me on account of your son's sincerity!"

After the Crown Prince finished speaking, the Emperor nodded his head in satisfaction.

He and the concubines all liked this cherry, but after eating it a few times, the servants said that they didn't have any more cherries. They couldn't forget the sweet and sour taste of the cherry, but this thing was gone just like that, and they couldn't do anything.

This time, the Crown Prince was able to get his hands on the cherries at the banquet.

The Emperor said, " yes, the Crown Prince is very thoughtful!"

The third Prince clenched his hands under the table, looking angry and furious.

What right did the Crown Prince have to receive his father's praise with just a few fruits?

After hearing the crown prince's words, he immediately said, "Big Brother, I have no idea you have to bend over backward to a small shopkeeper to get something you want. Winning father's blessing is so important to you that you'd do something below the status of a crown prince."

This was a hint that in order to gain the emperor's approval, the Crown Prince would lower his status and beg a lowly commoner.

Everyone's expression changed when they heard the third Prince's words. Then, they all looked at the Emperor, trying to see the expression on his face.

However, was it so easy to see the expression on the emperor's face?

The Emperor was only eating the cherries with interest as if he didn't hear the third Prince's words.

The Imperial grandson, Yuwen Xuhong, took a sip of wine and said, " third uncle, I don't agree with what you said. Who said that uncle crown prince's sincere attitude towards the shopkeeper had to be submissive?

"Besides, with the status of the Crown Prince, was there a need to bow down? As long as he revealed his identity, the shopkeeper would obediently hand over the item.

“However, I heard that Zhou Shan city’s restaurant is very different. They won’t bend their backs for power, nor will they lower their heads for power. In other words, even those with power and influence might not be able to get anything from them. Therefore, even if the Crown Prince were subservient to a shopkeeper, they wouldn’t sell anything they didn’t want to sell.

“Therefore, I believe that uncle Crown Prince really used his sincerity to exchange for the shopkeeper’s item.”

Yuwen Xuhong’s words immediately sparked a discussion among the crowd.

“Is there really such a restaurant? How come we’ve never heard of it?”

“How can there be such a restaurant that doesn’t fear power?”

“But what kind of restaurant is this?” Someone was equally puzzled. “I heard that their restaurant not only sold cherries some time ago but also all kinds of strange fruits that we’ve never seen before. Not only is it expensive, but there’s also a limit to how much you can buy!”

“Speaking of which, I’ve also heard of this restaurant and its rules. I want to go take a look, but Zhou Shan city is too far.”

“Are you guys all talking about Ni Lai Wo Wang restaurant?” Guo Shizhong’s loud voice suddenly rang out in the discussion.

The others immediately looked at Guo Shizhong and said, “Minister Guo, have you heard of this restaurant? ”

Guo Shizhong glanced at his son, who had no table manners at all, and said loudly, “ of course. I’ve not only heard of that restaurant, but I’ve also eaten the cherries there. In fact, I’ve also eaten other fruits and dishes there. The dishes made there are all beautiful, fragrant, and delicious. I’ve been reminiscing about the wonderful taste until today!”

876 Royal Banquet

Upon hearing that Guo Shizhong had eaten the dishes there, some people immediately asked suspiciously, “ no way? Minister Guo, it would take at least three days to travel from Zhou Shan city to here. The taste of the food would change on the way, so how did you manage to eat it?”

Guo Shizhong said arrogantly, "Hmph, I'm not telling you. However, I can only say that the food there is the best in the world. After eating the dishes there, eating other dishes is like eating pig's feed!"

"Ah?" This was unbelievable. They didn't expect the topic to change so quickly.

"Minister Guo, are the dishes in my palace also pig feed?" Upon hearing Guo Shizhong's words, although the emperor's expression did not change, his tone was clearly displeased.

Guo Shizhong must have spent a lot of time eating in the palace, and he actually dared to say that the food in the palace was like pig's feed. Wasn't that too much?

Hearing the emperor's question, most people would admit their mistakes and apologize to the Emperor.

It was just that this Guo Shizhong had always been straightforward. He said whatever he wanted to say, even in front of the Emperor.

He said, "Your Majesty, I'm not saying that the food in the Imperial Kitchen is pig feed. Your Majesty has never eaten the food in Ni Lai Wo Wang restaurant. After your Majesty has eaten it, you will have such an understanding!"

The emperor's face darkened when he heard that.

He wanted to be angry, but he didn't know how to vent it.

Guo Shizhong had always been like this. If he wanted to get any good words from him, the praise must be in line with his intentions.

The Emperor decided not to ask Guo Shizhong any more questions. Instead, he turned to the Crown Prince, who had been to the restaurant in Zhou Shan city, and said, "Crown Prince, is Minister Guo telling the truth? Is the food in that restaurant really that good?"

The Crown Prince replied respectfully, "Imperial father, that restaurant's food can indeed be said to be the best in the world!"

"Oh?" The emperor's interest was immediately piqued. "that's fine. Go and get the chef of that restaurant to come to the imperial kitchen and let me have a taste. Is the food he makes really that good?"

Uh ...

Wasn't this a little forceful?

The others might not know about this, but the Crown Prince, who had been to that place, knew very well that this was impossible.

Because, at that time, he had also tried to get the chef to come over.

However, he did not succeed!

He couldn't just behead someone for a mouthful of food.

Just as the Crown Prince was at a loss for an answer, Guo Bing chewed on something and said loudly, "Your Majesty, there's no need to think about this. It will definitely not succeed."

The Emperor was a little displeased when he heard that. He then asked with some interest, "Oh, Guo Bing, is there really someone in this kingdom that will dare to go against my edict?" After he said this, he did not wait for Guo Bing to speak. His expression changed, and he said with a stern tone, "Which chef dares to refuse my order?"

A decree meant that they were being given under the authority of the royal family.

Disobeying the decree was a great crime.

No matter how good the chef was, he was just an ordinary person.

Guo Bing's mouth twitched. "Your Majesty, the food in the restaurant is delicious, but it's not the chef's credit. Therefore, even if you ask him to come to the Imperial Kitchen to cook, he won't be able to make the dishes that taste like the ones in the restaurant." Therefore, it's useless even if you issue a decree and force it.

This time, the emperor's curiosity was piqued, and the others were even more shocked by Guo Bing's words.

Could it be that there was a secret to the food made by the restaurant?

The Emperor was even more curious now. "Guo Bing, it seems like you know a lot about this restaurant. Why don't you tell us what this is all about?"

Everyone perked up their ears, wanting to hear Guo Bing's answer.

The Emperor, nobles, and civil and military officials present didn't seem to realize that these distinguished people were actually discussing an unremarkable restaurant on such an occasion. What was even more surprising was that they all seemed very interested.

Could it be that they were all gluttons?

Guo Bing smacked the food in his mouth and looked at Jiang Zhennan. After receiving Jiang Zhennan's gaze, he immediately said very seriously, "Your Majesty, the real chef of the restaurant, is not the chef in the kitchen, but the boss of the restaurant. Your Majesty, think about it, don't tell me they would give up their position as a restaurant owner and come to the Imperial Kitchen to be a chef!"

877 Royal Banquet

"What? Is my Imperial kitchen not good enough for an ordinary boss?" The Emperor asked sternly.

"no, Your Majesty," Guo Bing shook his head and said, "if she were just the owner of a restaurant relying on her cooking skills, you might be able to persuade her. However, Your Majesty, have you ever thought about why that restaurant would produce these fresh fruits that we've never seen before?"

Of course, Guo Bing had gotten Lin yuelan's permission to expose these things. Otherwise, he wouldn't have dared to expose Lin yuelan so easily, even if he had ten times the courage.

As soon as he finished speaking, there was a moment of silence.

Everyone looked at Guo Bing with strange looks.

The Emperor said, "Oh, so you're saying that you're very familiar with the owner of this restaurant, Guo Bing?"

That was what everyone thought.

Guo Bing did not deny it. "That's right. I'm not the only one who is familiar with her. The general is even more familiar with her!"

The Crown Prince and the royal family and aristocrats present had already set their eyes on that restaurant, so she needed a person of high status and power to protect her.

Otherwise, it was very likely that everyone present, including the Emperor himself, would come after the restaurant owner.

That was because that restaurant was very unusual.

In addition to the delicious food, the things that came out of it were unprecedented. Who would want to let go of such a huge profit space battlefield?

Although Lin yuelan was capable, she was just an ordinary farmer's daughter. It was hard to defend against attacks from the dark!

This time, everyone's eyes were not filled with surprise but shock.

Guo Bing was familiar with the owner.

However, Jiang Zhennan was also very familiar with the owner of the restaurant.

In an instant, everyone present would have to reevaluate that restaurant.

In particular, several parties were secretly analyzing the situation.

Perhaps, they could start from that restaurant to win over Jiang Zhennan.

Guo Shizhong and his son, the Emperor, and even Jiang Zhennan were clear about the thoughts of these people present, but Jiang Zhennan no longer cared.

When the Emperor heard what Guo Bing said, he immediately asked Jiang Zhennan curiously, " Minister Jiang, is what Guo Bing told the truth? "

Jiang Zhennan replied very seriously, " yes, Your Majesty!"

The Emperor asked seriously, " Minister Jiang, who is the owner of the restaurant that you and Guo Bing are so protective of? "

Jiang Zhennan replied, " Your Majesty, the dictionary and the farming methods were all suggested and tested by this boss!"

When the Emperor heard him say this, he immediately fell silent. His face became more serious and dignified, and his face sank as if he was thinking deeply.

When the others heard this, they were once again surprised.

They had heard the Emperor talk about the dictionary a few times in the Imperial court so that the people of the country and those scholars could learn words from primary school as long as they had a dictionary in their hands.

Hence, he ordered the people of the Hanlin Academy to compile a dictionary!

The so-called "dictionary" was a collection of words and even short sentences that could ever possibly appear in any book!

Such a move could be said to have shocked the entire court!

If the dictionary could really do what it suggested, it would be a great thing for the country and the people.

Of course, this also affected the interests of some people. They strongly opposed it, but it was suppressed by the Emperor.

They only knew that the Emperor had suddenly ordered the Hanlin Academy to compile the “dictionary,” but they did not know why the Emperor would suddenly have such an idea.

Only now did they know that Jiang Zhennan was the person behind it.

However, Jiang Zhennan was not the real mastermind either. It was the restaurant owner.

However, what was up with that kind of farming method?

Everyone was confused.

However, it didn’t stop them from knowing that this was related to the owner of the restaurant.

Although they had doubts in their hearts, looking at the emperor’s serious face, no one dared to ask the question in their hearts.

They seemed to be waiting for an answer.

As for what the answer was, they did not know.

After an unknown amount of time, the Emperor finally spoke.

He said, “ that’s enough. Let’s put an end to the matter of Ni Lai Wo Wang restaurant!”

Then, he turned to Jiang Zhennan and said, “Minister Jiang, if you have time, bring the owner of the restaurant here for me to see.”

878 Proposing Marriage at the Banquet

After the conversation in the restaurant ended, the Emperor and his subjects officially entered the banquet.

After the palace maids filled everyone's cups with wine, the Emperor raised his cup to the sky and said, "let's get rid of the old and welcome the new. A peaceful year with good weather, a prosperous country, and peaceful people!"

The others also raised their cups to the sky and said in unison, "Of course, your majesty!"

After that, the wine in their cups spilled all over the ground, and their expressions were very serious and sincere!

After doing this, the emperor and the Ministers sat down.

Then, the Emperor smiled and said, "my beloved ministers, today is New Year's Day. Everyone, please eat and drink well. There's no distinction between ruler and subject today as long as everyone is happy!"

The Emperor said that there was no distinction between ruler and subject, but everyone did not dare to really do so.

At any time, when facing the king of a country, one had to be careful.

As soon as the Emperor finished speaking, the third Prince impatiently stood up and said to the Emperor, "father, this time, your son went south to Qingfeng city to investigate the governor's mansion's Zhou Anping. There, I accidentally obtained a few treasures. Your son will give them to you as gifts.

"May father have good health and be as strong as a Dragon!"

When the Emperor heard this, no expression could be seen on his face. He only seemed to be a little interested and said, "Oh, what treasure is it?"

The third Prince said, "a 500-year-old ginseng, a 300-year-old Lingzhi, and a Tianshan Snow Lotus!"

The third Prince's words surprised everyone again.

These really weren't ordinary treasures!

Although 500-year-old ginseng was not as precious as 1000-year-old ginseng, it was still hard to find. The old Lingzhi was even harder to find. There was also the Tianshan snow Lotus, a precious medicinal herb that was used to strengthen the body.

Every single one of them was hard to come by.

"Emperor, didn't you say a few days ago that your chest was stuffy and uncomfortable? This Lingzhi is an elixir that can cure these diseases!" The Imperial Noble Consort said to the Emperor with a smile.

It was rare for the Empress to agree with the Imperial Noble Consort, but this time, she said with concern, "Your Majesty, I'll immediately ask the Imperial Kitchen to make you a Lingzhi soup. After all, your health is more important!"

When the Emperor heard this, he didn't show any emotions. He only nodded and said, "Yes. Third brother, you're so considerate!"

Seeing the emperor's emotionless face, the third Prince's heart sank, and then a wave of hatred emerged.

Why was it that the Crown Prince could only obtain a few cherries and receive his praise, while the few treasures that he had obtained with great difficulty only received a faint "thoughtful"?

His father was too biased.

However, he still smiled and said, "It's only right for me to be filial to my father!"

After the third Prince presented his gift, the other princes also presented the gifts they had prepared.

It was just that the third Prince's precious gift made the other princes' gifts seem a little dull in comparison.

"Father, your son has found a painting by Song Ci and is giving it to you. I wish father good health and to live younger and younger!"

"Father, your son has found a ceramic product from an official kiln of the former Jing era. I wish father good health and Long Yan Kingdom peace and prosperity!"

"Grandfather, grandson prayed for you at the hidden Spirit Temple. The head monk of the temple has given grandson a blessed jade pendant, saying that it can guarantee a life of peace. Grandson will give this jade pendant to grandfather and wish for grandfather's health to get better and better, Long Yan Kingdom's soldiers to be strong and strong, and for grandfather to become richer and richer!"

..

After these people presented their gifts one by one, only two people remained unmoving.

One of them was the Crown Prince, Yuwen Yuyu, and the other was the emperor's eldest grandson, Yuwen Xuhong!

Therefore, everyone was looking at the two of them. The third Prince looked at them with a hint of provocation.

The third Prince smiled at the two of them and said, "big brother, big nephew, what kind of gift have you prepared for father?"

In fact, he had some guesses about the gift the Crown Prince was going to give the Emperor, but he was not sure about his nephew's gift.

However, when he thought of the gift that the Crown Prince was going to give him, he gritted his teeth.

That thing clearly belonged to him, but Zhou Anping, this cunning man, had secretly given it to the Crown Prince. He was really infuriated.

However, so what if the Crown Prince had brought out that gift? it was nothing compared to the gift he had given. This made his heart feel a little more balanced.

879 Marriage Proposal at the Banquet

The Crown Prince and his eldest grandson looked at each other. Then, the Crown Prince stood up and said to the Emperor, " Father, I happened to find a milkvetch Flower by chance. I wish you, father, to grow younger and stronger, and for the Long Yan Kingdom to grow stronger and stronger!"

This time, the Emperor seemed to be more interested. He said, " Oh, a milkvetch flower? "

The Crown Prince replied, " yes, father!" As he spoke, he had his confidant bring out the pot of milkvetch flower.

The sight of the dark green leaves and flower planted in a small flower pot made one feel comfortable.

This time, everyone was surprised for a moment.

This year's New Year's gifts from the princes were truly shocking and unexpected.

In the past, if it weren't calligraphy or paintings, it would be jade pendants or something.

But today, the third Prince's gift was a treasure. The crown prince's gift was also a treasure.

It was just that for the Emperor at his current age, the crown prince's gift seemed to be more in line with the emperor's heart.

The Emperor said to the Crown Prince again, " yes, the Crown Prince is really thoughtful!"

The third Prince's face darkened completely.

Why was his father so biased?

It was clearly his gift that was more valuable, wasn't it?

Why was the Crown Prince the one being praised again?

The third Prince's heart was filled with hatred.

The target of his hatred was the Crown Prince.

He believed that the Crown Prince had stolen everything from him.

However, he had to endure it now.

The crown prince's gifts had been delivered, and only the eldest Imperial grandson was left.

In the past, the eldest Imperial grandson's gifts had always been considered average, so the people wondered how it would be this time.

However, the disappointing thing was that his gift this time was still average. It was neither too bad nor too good.

A handwritten Buddhist scripture!

As the Emperor grew older, he became more and more devout to Buddhism. Every 1st and 15th day of the new year, he would chant Sutras for half a day.

The gifts from the princes and grandprinces had been delivered. According to the usual process, it was time for the Emperor and his subjects to eat, drink, and have fun.

At this moment, Jiang Yunfeng suddenly stood up and said to the Emperor, " Your Majesty, after this New Year, Nan 'er should be twenty-five years old. The others' children are already over ten years old, but Nan 'er is still single. This subject is worried!" As he spoke, he revealed a worried expression.

No one had expected that Jiang Yunfeng would suddenly mention Jiang Zhennan's marriage on New Year's Eve.

Even though Jiang Yunfeng said that, no one thought that Jiang Yunfeng was really worried about Jiang Zhennan.

Including the Emperor.

The emperor's eyes sharpened as he asked, "Oh, Minister Jiang, from what you're saying, you have a suitable candidate in mind? I wonder which beloved family's daughter she is?"

When the Emperor said this, he glanced at Jiang Zhennan's expression from the corner of his eye.

However, to his slight disappointment, this piece of wood was still the same as before. There was no fluctuation of emotion on his cold and stern face.

Jiang Yunfeng immediately replied, "It's the assistant Minister of Revenue's eldest daughter, Zeng Yanli!"

"What?" The Emperor was stunned at first, but then he felt a sense of anger.

He had heard of Zeng Yanli's reputation even though he was in the palace.

Zeng Yanli was fat and chubby. Nevertheless, beauty was skin deep.

However, this woman's heart was not beautiful at all. She had a bad temper, was arrogant and domineering, and would kill servants at any time.

When she met the noble ladies in the capital, as long as their status was lower than hers, she would find an excuse to teach them a lesson. She would make those officials whose positions were lower than the assistant Minister of Revenue swallow their anger when they saw their children being bullied.

After all, in their eyes, this was just a small fight between children. As adults, they couldn't really step in and teach Zeng Yanli a lesson.

As such, none of the noble families dared to marry Zeng Yanli. Only the small families that fawned over the assistant Minister of the Ministry of Revenue would allow their sons to marry this Shrew.

However, what was even weirder and more shocking was that Zeng Yanli had been married five times, two of which were engagements. One of her fiancés fell to his death from a horse during the wedding, while the other was scared to death when he heard that he was going to marry a Shrew.

Her other three husbands died after the marriage. One of the husbands drowned when he passed by a pond; The other one couldn't stand this Shrew and hung himself. The last one was even more ridiculous. He died in a brothel.

After the death of her last husband, Zeng Yanli felt so embarrassed that she simply wrapped up her bag and returned to her Maiden Home.

However, her temperament did not change at all.

The Assistant Minister of Revenue was so angry that he wanted to send this evil daughter to a nunnery several times.

However, his wife loved her daughter so much that she would attempt suicide every so often to threaten her husband. She did not allow the assistant Minister of Revenue to do anything to Zeng Yanli.

After the deaths of so many husbands, people were scared. Therefore, even if they wanted to curry favor with the vice minister, they wouldn't sacrifice their sons and grandchildren.

Zeng Yanli also refused to marry anyone that was not of noble birth. All day long, she would make a fuss about committing suicide and not getting married.

As a result, Zeng Yanli stayed with her parents for several years and never talked about her marriage again.

Now, Jiang Yunfeng suddenly proposed such a marriage. Hehe, what a joke.

Jiang Zhennan was the defender-general of the state. Even if he was a jinx, he was more than qualified to be matched with the daughter of any noble.

The Emperor asked, " Minister Jiang, I've heard that Zeng Yan has a bad reputation and is a woman who brings bad luck to her husband. How could you let her be betrothed to my defender-general of the state?"

Hearing this tone, the Emperor was displeased.

However, Jiang Yunfeng and his wife were so focused on matchmaking this marriage that they did not notice the emperor's tone.

If you find any errors (broken links, non-standard content, etc..), Please let us know < report chapter > so we can fix it as soon as possible.

The couple, Jiang Yunfeng and Wen Yujing did not notice the emperor's displeasure. They only had one thought in mind right now, to matchmake Jiang Zhennan and Zeng Yanli's marriage.

In their opinion, with Jiang Zhennan's reputation as a jinx, since no female was willing to marry him, he had no right to be picky. If a woman were to marry him, it was already a blessing.

Although Zeng Yanli didn't have a good reputation, she was also a jinx. They were a perfect match.

Jiang Yunfeng looked worried and said seriously, "Your Majesty, I also know that with Zeng Yanli's reputation, she may not be worthy of a Grand defender-general of the state. However, after this New Year, Nan 'er would be twenty-five years old. Other families' children were of his age, and they already had a group of children.

"However, he was still single.

"Your Majesty, Nan 'er is the heir of my Duke Zhengguo's mansion. His descendants are also related to the next heir of Duke Zhengguo's mansion.

"So, in order for my Duke Zhengguo's mansion to have a successor, no matter what, Nan 'er must get married, Your Majesty!"

It sounded nice.

The Emperor raised his eyebrows and said, "so, you found a woman with an explosive temper and an arrogant and despotic attitude to marry my defender-general of the state?" When he said this, she could clearly feel his anger.

Jiang Yunfeng and Wen Yujing finally reacted. The Emperor seemed to be angry.

The two of them paled, and their expressions immediately became nervous.

Jiang Yunfeng had always known that the Emperor was very protective of Jiang Zhennan. Moreover, in this marriage, the Emperor gave Jiang Zhennan the greatest autonomy.

If it weren't for Wen Yujing's Pillow Talk, telling him that the eldest daughter of the Vice Minister of Revenue had taken a fancy to Jiang Zhennan and was willing to marry him, he would not have mentioned it to the Emperor.

In their opinion, other than Zeng Yanli's bad reputation, her identity and background were indeed worthy of Jiang Zhennan.

As for Jiang Zhennan's opinion, they automatically ignored it.

Jiang Yunfeng believed that since he was Jiang Zhennan's father, he had the right to interfere in his marriage. Now, the only person who had to agree was the Emperor.

It was not a problem.

The Emperor was most worried about Jiang Zhennan's marriage. The Emperor should be happy that a woman was willing to marry Jiang Zhennan.

But why was the Emperor so angry now?

Jiang Yunfeng and his wife did not understand.

Jiang Yunfeng said to the Emperor uneasily, "Your Majesty, although Zeng Yanli's temper is a little bad, Zeng Yanli herself had also said that she had taken a fancy to Nan 'er and was willing to change for him. She said that she would definitely become a good and virtuous woman. As for bringing bad luck to her husband, perhaps it's because her life is too tough, but Nan 'er's life is also too tough. The two of them can offset each other, perhaps to balance things out and form a happy family."

If it was a man who really needed a woman to get married, this could indeed move people's hearts.

However, Jiang Zhennan was not the case.

"Oh, the two can offset each other and balance each other. Minister Jiang is right." The Emperor nodded in agreement, then turned in Jiang Zhennan's direction and asked, "my beloved general, what do you think?"

Jiang Zhennan did not even look at Jiang Yunfeng and his wife. He only said to the Emperor calmly, "thank you for Miss Zeng's love. However, I am destined to be alone for the rest of my life. If Miss Zeng wants to be a good and virtuous wife, then please find another husband!"

A direct rejection!

Not to mention that he already had a girl in his heart, and even if he didn't, marrying such a woman would only bring disaster to his life. It wasn't like he had to have a woman. He didn't want such an arrogant and domineering woman to be the general's wife.

When he heard Jiang Zhennan's rejection, Jiang Yunfeng's anger immediately rose.

He pointed angrily at Jiang Zhennan and cursed, "die alone? Hmph, do you want Duke Zhengguo's mansion to have no descendants? You're unfilial!"

In fact, he wanted to scold Jiang Zhennan for taking his second son's spot.

'Since you don't have any descendants, why do you want to occupy the title of heir of Duke Zhengguo's mansion?'

He needed Jiang Zhennan to surrender that title willingly.

That was because if Jiang Zhennan did not take the initiative to speak, the Emperor would never allow him to pass the title to Jiang Zhenye.

It was just that Jiang Zhennan had become stronger, and Jiang Yunfeng could no longer do anything to him. Therefore, he could only make an issue of the marriage and make Jiang Zhennan take the initiative to speak to the Emperor and hand over the position of the heir.

However, no matter what he hinted at, his unfilial son would pretend to be deaf and not follow his wishes. As a result, his precious son, Jiang Zhenye, could only settle by figuring out a future by sitting for the imperial examination for now.

881 Useless

However, if his son had the ability to be the top scorer, it would be fine. But as his father, he knew very well what his son was capable of.

Therefore, for Jiang Zhenye, no matter what, he must pull Jiang Zhennan down from the position of the heir.

Seeing that Jiang Yunfeng was angry, Wen Yujing immediately stood up and comforted him, "Old master, don't be angry! Your body is not good, the imperial physician said that you can not be provoked and be angry."

Wen Yujing's words were to tell everyone that Jiang Yunfeng's health was not good, and Jiang Zhennan was trying to anger him to death. He was really unfilial.

Wen Yujing turned back and said to Jiang Zhennan, "Nan 'er, your father's health is not good. Don't be angry with your father. Besides, your father is doing this for your own good. You're already 25 years old, and you still don't have an heir. If this gets out, people will gossip. Nan 'er, just go along with your father for once!"

These words were said with reason and emotion, but it made people feel that this Jiang Zhennan was really unfilial.

Duke Zhengguo's heir actually had no descendants. This was indeed a great unfilial act.

If you really don't intend to get married and have children, then you should give up the position of heir to your brother.

At this moment, Jiang Zhenye suddenly stood up and pointed at Jiang Zhennan angrily. He shouted, " Jiang Zhennan, look at how angry you have made father! Who do you think you are? You're a jinx! You should burn incense and pray to Buddha for a woman to marry you. Thank your parents for worrying about you! What right do you have to refuse the good marriage that mother has found for you?"

As soon as Jiang Zhenye said this, Jiang Yunfeng and Wen Yujing's faces immediately turned green, and they were even more terrified.

Wen Yujing couldn't care less about her image. She lost her composure and shouted at Jiang Zhenye, "Ye 'Er, shut up!"

Jiang Yunfeng was trembling with anger, but at this moment, he couldn't be bothered to be angry with Jiang Zhenye. He immediately kowtowed to the Emperor and said, " Your Majesty, please forgive us!"

In front of the Emperor, he didn't even dare to shout at Jiang Zhennan, but Jiang Zhenye had actually rebuked his elder brother.

This was disgraceful in front of the king, which was a serious crime!

Wen Yujing also reacted and immediately knelt down with Jiang Zhenye and Jiang Wen, " Your Majesty, please forgive us!"

When Jiang Zhenye and Jiang Wen saw their parents kowtowing, their faces turned pale, and they immediately realized what they had done.

Jiang Zhenye was so scared that his whole body was trembling. He could only follow his parents and kowtow to the emperor.

The emperor's lips curled up as he looked at the family of four kneeling below with a faint smile. He said slowly, "Minister Jiang, it seems that your son is very high-spirited and energetic! However,"

Then, his expression changed, and he said sternly, " who gave him the courage to scold my beloved general in front of me? "

Perhaps Wen Yujing was too concerned about her son, so she rushed in front of her son and said, " Your Majesty, Chen 'er is still young and insensible. He has been rude in front of you. Please spare my Chen' er this once. If there's a punishment, then punish me. It's me who didn't teach Yue 'er well!"

Acting disgracefully before the king could be a big or small crime. It could be the cause of beheading.

Therefore, in order to protect Jiang Zhenye, Wen Yujing couldn't care less.

"How audacious!" The Emperor did not speak. The eunuch beside him immediately pointed at Wen Yujing and scolded, " the Emperor was posing the question to General Jiang. Why are you interrupting? "

This time, Wen Yujing's face turned even paler, and she didn't dare to make a sound.

Jiang Yunfeng kowtowed and pleaded for forgiveness. "Your Majesty, please forgive me. I did not discipline my family well. Please punish me, Your Majesty!"

This time, not only would they lose face, they might even lose their lives!

The Emperor sneered, " Minister Jiang, your family pointed at my beloved general and said he had no manners. However, seeing the upbringing of your family, how good would the upbringing of my beloved general be?"

The Emperor was openly criticizing Jiang Yunfeng.

Jiang Yunfeng wiped the cold sweat on his forehead and did not dare to refute it.

He had no choice but to bite the bullet and say, " Your Majesty is right!"

The emperor's eyes turned cold, and he immediately said, " Jiang Zhenye, since it's your first offense and it's not suitable to see blood at the end of the year, I will spare your life. However, while you could escape the death penalty, you could not avoid the punishment! Men, take Jiang Zhenye away and give him 30 strokes of the stick! After that, you are not to find any Imperial physicians to treat you!"

When Jiang Yunfeng and his wife heard that Jiang zhenye's crime could be pardoned, the stone in their hearts was finally put down.

However, when Wen Yujing heard that her son could not be treated, she immediately fainted.

"Mother!" Jiang Wen screamed in fear.

The Emperor immediately ordered people to take her to the side hall to rest.

Duke Zhengguo's mansion's family of four only had Jiang Yunfeng and Jiang Wen, who was trembling in fear left.

This time, Jiang Yunfeng did not dare to mention Jiang Zhennan's marriage again.

However, without Wen Yujing and Jiang Zhenye, the banquet continued.

During this period, in front of everyone, the Emperor specially asked Jiang Zhennan again and said, " my beloved official, although I promised you that you could decide your own marriage, I still have to pester you. Just like Minister Jiang said, you'll be twenty-five years old after this New Year. Don't you want to find a woman to keep you company?"

The corner of Jiang Zhennan's mouth twitched, and he said, " Your Majesty, I understand!"

Hearing Jiang Zhennan's words, the Emperor and the others were shocked.

What's the meaning of this?

Does this mean that you already have a plan in mind?

Speak clearly, Jiang Zhennan!

Everyone wanted to dig for more details.

However, this was also the shock that Jiang Zhennan gave everyone!

882 Duke Zhengguo's Mansion's Imperial Edict

Today was the first day of the new year, and everyone in Lin's family garden was wearing new clothes. They were chatting in a group.

"Big brother Lin, what are you going to perform tonight?" A little girl in a new Emerald dress asked Lin xujie with a red face.

Lin xujie wasn't wearing black today. Instead, he was wearing sky-blue clothes. He didn't look as old as he usually did. Instead, he looked a little lively.

To these servants, Lin xujie was a popular person by their master's side, and he was also quite good-looking. Although he did not have the image of a handsome young master, he was a steady man with a sense of security.

For those young girls, he was an ideal husband candidate.

The little girl in front of him, who looked to be 13 or 14 years old, was one of them.

The reason why this little girl asked Lin xujie this question was because there was an art program that her master had mentioned.

The servants and guards of the Lin family Court would choose their performances according to their hobbies. They could sing and dance, do sword dance, or perform martial arts.

This program was originally arranged to be performed on the night of the New Year's festival. However, on this day, everyone had been busy for several days just to welcome the New Year's festival and were already very tired.

On the contrary, the next day, everyone was even more relaxed. Therefore, Lin yuelan arranged the event to be held on the second night of the new year.

Lin yuelan had thought that the people of ancient times were more reserved and shy, so they might be too embarrassed to sign up for the performance.

However, to her surprise, as soon as she gave the order, except for a few shy people, most of the people signed up, even Lin xujie.

When Lin yuelan took the program list from the Butler, she was really surprised.

It seemed that the ancient people were not as conservative and shy as she had imagined.

Lin yuelan looked at the program list, and the Butler next to her looked like he wanted to say something, but he hesitated.

Lin yuelan raised her eyebrows and asked, "Butler, if you have any questions, just ask!"

The Butler immediately asked, "master, everyone wants to ask you. What kind of show are you going to perform?" When the Butler asked this, his eyes flickered with anticipation as he looked at Lin yuelan.

Lin yuelan was slightly taken aback. Then, she smiled and replied to the Butler, "Butler, I won't perform. I'll just watch everyone else perform!"

When the Butler heard this, the anticipation in his eyes immediately dimmed. He revealed a slight expression and then asked again, unwilling to give up, "master, are you really not going to perform? Everyone really hopes that master can perform a show."

Lin yuelan shook her head and said with a smile, "I really don't want to perform!"

After the Butler left with a disappointed expression, Lin yuelan looked at Little Green on her right and asked with a smile, "Little Green, what do you think we should perform?"

...

Everyone heard the girl ask Lin Xujie the question, they immediately turned to Lin Xujie with curious eyes.

Lin xujie's footsteps stopped, and his eyes flickered as if he was a little embarrassed.

As soon as Ming Yue saw this, she felt very uncomfortable in her heart and even burst into anger.

She quickly ran over and grinned at the little girl. "Xiao Cui, guard Jie had to protect everyone that night and didn't have time to perform."

The girl named Xiao Cui was disappointed. "Oh!" she said.

If big brother Lin didn't participate in the performance, then they wouldn't be able to see his performance.

Xiao Cui turned around and left. Ming Yue immediately turned to Lin Xujie and asked, "guard Jie, seriously, what do you plan to perform?"

Lin Xujie's face was cold as he looked at Ming Yue. Then, he said indifferently, "I'm not going to perform!"

"Ah?" Ming Yue was taken aback. She asked doubtfully, "guard Jie, are you sure? I heard from the Butler that most of the guards have already signed up?"

Lin Xujie said indifferently, "they are them, I am me! Lady Ming Yue, I still have to go on patrol!"

He then left.

Looking at Lin Xujie's back as he left, Ming Yue gently stomped her feet and said with a sad look in her eyes, "Lin Xujie, you idiot!"

883 Imperial Edict

Ming Yue was a person who cared about looks, especially when it came to men, she would be moved if she was not careful.

Just like before, when she saw the handsome and pale-faced Liu Yichen lying on the ground, her heart suddenly started to beat faster.

Later on, when she found out that Liu Yichen was the richest man in the country, her heart stopped beating.

She knew very well that with her status, she did not even have the right to be Liu Yichen's concubine. Thus, she knew her own limits and did not continue with her wishful thinking.

Later on, he slowly noticed Lin xujie, the guard.

Usually, her master would bring four people out, two guards and two maidservants.

The guards were Lin xujie and Lin Qingsong. As for the servants, they were Ming Yue, and her sister, Cai Xia.

Her sister was well-behaved, so Ming Yue didn't know if she had someone she liked.

However, she was slowly moved by Lin xujie.

Cai Xia's voice suddenly came from behind Ming Yue. She looked at Ming Yue in the distance and asked, "Ming Yue, why are you in a daze? Master is looking for us."

Ming Yue was a little disappointed. "Coming!"

..

General's Residence

Guo Bing sat on the chair in boredom and asked with a gloating look in his eyes, "boss, did you really say that to the Emperor yesterday?"

Jiang Zhennan sat opposite him and took a sip of wine. After that, he said, "isn't that old man very worried about a lack of an heir?" Then, he put down his glass and continued, "But doesn't he have another son? Now, didn't I solve their problem?"

Guo Bing suddenly spat out the wine in his mouth. After coughing twice, he gave Jiang Zhennan a thumbs up and could not help but say, "B-boss, this move of yours is really ruthless! I can imagine that when they receive the Imperial edict, their faces will definitely be extremely ugly. Oh, no, perhaps they will be so angry that they will vomit blood!"

The thought of Jiang Yunfeng and Wen Yujing being angered by this imperial edict made Guo Bing's mood very good.

After gloating for a while, Guo Bing looked at the sky outside and said with a nostalgic tone, "today is the first day of the new year. I wonder how miss Lin and the rest of the Lin family Village celebrate the new year. It must be very lively."

Jiang Zhennan's eyes just looked outside indifferently, and he did not respond to Guo Bing.

However, the hand that was holding the wine glass was tightly clenched!

The Lin family Village must be very lively!

..

"The Imperial edict has arrived!"

Outside the Duke Zhengguo mansion, a sharp voice suddenly rang out.

Duke Zhengguo, Jiang Yunfeng, was full of doubts when he received the report from his servant.

Today was only the first day of the new year. Why would there suddenly be an imperial edict?

During the annual dinner yesterday, although the Emperor was very angry with their family, he had beaten them and scolded them, but nothing happened. Did he need to issue an imperial edict on the first day of the new year?

Wen Yujing was taking care of Jiang Zhenye in the room.

Yesterday at the royal banquet, Jiang Zhenye had been beaten up badly. The Emperor had also ordered that Jiang Zhenye was not allowed to find Imperial physicians, so Wen Yujing could only order the servants to get some medicine from the medicine shop.

Wen Yujing cried as she applied medicine for Jiang Zhenye, "Ye 'er, you were too impulsive. Didn't mother always teach you to be patient? Why are you so impulsive in front of the Emperor?"

Jiang Zhenyan cried out in pain. Hearing his mother's words, he said unwillingly, "mother, I ... Whenever I saw that fiend, I couldn't hold my anger in. I would feel uncomfortable if I didn't vent my anger. That's why I couldn't help but curse at him!"

Wen Yujing cried and scolded, "Ye 'Er, how many times have I reminded you? In a place where there was no one, it didn't matter how you scolded that bastard.

"However, when we are outside, you have to respect him as your brother. But you and your sister... In front of all the princes as well as the civil and military officials, you scolded that bastard. It was a disgrace to your parents. Now, you've almost lost your life. You really ... I'm so angry!"

Jiang Zhenye cried and said, "but mother, I get angry whenever I see that person. I can't help it! I'm the legitimate heir to the title, so why was it taken away by a bastard? Mother, didn't you say you would solve this matter? I'm almost 25 now, why is this matter still not resolved?"

884 Duke Zhengguo's Mansion's Imperial Edict

When Wen Yujing heard this, she looked at Jiang Zhenye and said in a loud voice, " you still dare to bring that up? Yesterday, your father and I were pushing for the marriage. If it weren't for you and your sister crossing the line, it would have definitely been successful.

"After Zeng Yanli, that brainless b * tch, married into the general's residence, her mother would have plenty of ways to control her, and she would have plenty of ways to control that jinx.

"This way, we can do something to make Jiang Zhennan disappear from this world. And you just have to wait to inherit Duke Zhengguo's mansion.

"So why do you have to disappoint me? Mother is really angry!"

When Jiang Zhenye heard this, he immediately said with regret and hatred, " mother, I was wrong. But what should we do now? Will Zeng Yanli still be able to marry that jinx?"

Wen Yujing sighed and said, " this matter can only be put on hold for now. However, with the orders of his parents and the words of the matchmaker, this jinx could not deny this marriage even if he wanted to! However, the difficulty lies in the Emperor, who personally promised that jinx that he could decide his own marriage!"

When Jiang Zhenye heard this, he ignored the pain all over his body and immediately became anxious. "then, mother, what do we do now? "

Wen Yujing's eyes were sharp as she said coldly, " then we can only force The jinx to agree first. Only when he agrees that the Emperor will turn a blind eye!

Jiang Zhenye said anxiously and worriedly, " but will that jinx agree? " That woman was ugly and brainless, and she had a bad temper. No man would be willing to marry her.

However, he thought about it again.

Didn't Jiang Zhennan have no woman willing to marry him? He should be happy that a woman was willing to marry him.

Wen Yujing coldly replied, " even if he doesn't agree, I have my ways of forcing him to agree."

"What is it?" Jiang Zhenye asked curiously.

Wen Yujing sneered and said, " as long as he doesn't give up on Duke Zhengguo's mansion, he must be filial to his father. If it's the order of his parents, even if he doesn't like it, he has to agree to it!"

Jiang Zhenye's eyes lit up, and the scene of the woman beating Jiang Zhennan up seemed to appear in his eyes. Then, Jiang Zhennan kept begging for mercy ...

When Wen Yujing and Jiang Zhenye were discussing this matter, a maidservant suddenly came to report that they had to go out and receive the Imperial edict.

Upon hearing the Imperial edict, the mother and son were both confused and worried.

Wen Yujing was puzzled. Why would there be an imperial edict mansion at this time?

What Jiang Zhenye was worried about was that this imperial edict was going to kill him.

After burning incense and washing their hands, Duke Zhengguo's mansion, with Jiang Yunfeng as the leader, knelt down in the courtyard.

"By the will of the heavens, the Emperor decrees that the daughter of the assistant Minister of Revenue, Zeng Yanli, is a virtuous and virtuous person with good character. The second son of Duke Zhengguo, Jiang Zhenye, is talented and handsome. These two people are a perfect match. I have specially arranged a marriage for them!

"Duke Zhengguo, receive the decree!" Eunuch Liu, who was reading out the Imperial edict, closed it and called out to Jiang Yunfeng, who was still in a daze, with an expressionless face.

Upon hearing this imperial edict, Jiang Zhenye immediately fainted.

However, Jiang Yunfeng and Wen Yujing were furious.

However, they had to endure it now. They had to accept the edict first. Otherwise, they would be accused of disobeying the edict, which was a serious crime that could exterminate the entire family.

They didn't have the guts to reject the Imperial edict.

Jiang Yunfeng and his wife kowtowed in humiliation and said, " thank you, emperor!"

By the time they picked up the Imperial edict and stood up, Jiang Yunfeng's face was filled with obvious anger. He questioned eunuch Liu, "eunuch Liu, what is going on? Why did the Emperor suddenly issue a decree for that shrew Zeng Yanli to marry Ye 'er?"

Eunuch Liu was immediately displeased when he heard Jiang Yunfeng's questioning attitude.

However, these eunuchs were masterful actors. No matter how dissatisfied they were, they would not show it.

Eunuch Liu said very calmly, "Lord Jiang, you must be joking. The emperor's decision is not something a servant like us would know. If Lord Jiang really doesn't understand, why don't you go ask the Emperor!"

Wen Yujing was on the verge of losing her mind. She stood up and shouted at eunuch Liu, "did that bastard say something to the Emperor? Why would the Emperor have such an edict? Hmph, I knew it. He just can't bear to see us doing well, so he's here to make things difficult for us! That bastard!" She almost shouted it out through gritted teeth.

Eunuch Liu's face darkened, and he said sternly, "Duke Zhengguo's wife, this is the emperor's decree. If you have any dissatisfaction, you can go directly to the Emperor! I'll take my leave! Let's go!"

Eunuch Liu and the others left Duke Zhengguo's mansion in a grandiose manner, leaving behind the angry couple.

885 Causing Trouble

This New Year, Duke Zhengguo's mansion was really lively!

The sounds of crying, cursing, and anger rang out.

"Father, mother, I don't want to marry that ugly and unreasonable Zeng Yanli! I don't want to marry her!" Jiang Zhenye, who had fainted, started to cry and make a scene as soon as he woke up.

"Be good, Ye 'er. You're still heavily injured, so you can't be angry. You should recuperate first and leave everything to mother." Wen Yujing consoled Jiang Zhenye, "mother will definitely not let you marry that jinx ..."

How could an ugly, unreasonable, and jinxing woman be worthy of his Ye 'Er? Her Ye 'Er was going to marry the daughter of a noble family. How could she let Zeng Yanli cut off all his future?

Jiang Zhenye was slightly relieved after hearing Wen Yujing's words.

To him, his mother was an omnipotent matriarch. If her mother said that she would definitely not let him marry that ugly girl, then she would definitely not let him marry her.

The pain in his body and the fainting after hearing the Imperial edict could be considered as mental and physical exhaustion.

After hearing Wen Yujing's words, he was relieved and fell asleep.

After Wen Yujing covered Jiang Zhenye with a quilt and told the servants to take care of him, she went out.

As soon as Wen Yujing went out, Jiang Yunfeng and Jiang Wen came up to her.

"Madam, how is Ye 'er?"

"Mother, how is brother?"

He was already seriously injured, and with the stimulation of the Imperial edict, he went crazy and started shouting.

Wen Yujing shook her head and said, "he's already asleep."

After that, she asked Jiang Yunfeng with a dark expression, "old master, what exactly is going on? What happened when we were resting in the side hall? Why did the Emperor suddenly issue such an imperial edict? How could our Ye 'er marry a woman with such a bad reputation? Isn't this ruining Ye 'er's life?"

Jiang Wen couldn't wait to ask, "that's right, father, what's going on? Didn't mother say that that woman was worthy of that jinx? Why did the emperor suddenly ask brother to marry her? That woman jinxes her husband. What if brother really marries her and jinxes brother to death?"

"Shut up!" Wen Yujing couldn't bear to hear any words that were unfavorable to Jiang Zhenye. "your brother would never marry that kind of woman!"

Jiang Wen panicked and said unnaturally, "the Imperial edict has already been given, how can we change it? are we going to disobey the edict?"

As soon as she finished speaking, Wen Yujing's face turned cold, and she snorted. "Hmph, we can't disobey the Imperial edict, but it's not impossible to make the Emperor change his imperial edict!"

Then, she asked again, "old master, you still haven't told me what happened after I left yesterday. How could the Emperor bestow a marriage to Ye 'er in one night without any warning?"

Originally, with Zeng Yanli's identity and background, she was indeed a match for Duke Zhengguo's second son. However, no man would be willing to marry a woman like Zeng Yanli, as they were all afraid of being jinxed to death.

And Wen Yujing only had one precious son, Jiang Zhenye, so how could she let him be in danger?

Jiang Yunfeng thought for a moment and said, "No. Everything was normal when you were resting in the side hall yesterday!"

But when he said this, he frowned slightly and said suspiciously, "it's just that after the banquet yesterday, the Emperor called that unfilial son to the study alone."

Hearing this, Wen Yujing's anger surged. Her eyes turned sharp, and she said coldly, "that's right. It must have been suggested to the Emperor by that jinx yesterday. It's definitely him!"

His voice was cold, and his expression was full of hatred!

When Jiang Wen heard this, she immediately said hatefully, "Hmph, what a bastard. As long as he's in this world, he'll be at odds with our Duke Zhengguo's mansion and will be at a disadvantage to us. Father, mother, this is the emperor's will. How can we make that jinx take the initiative to propose to the Emperor and change the emperor's will?"

This was a difficult problem!

Jiang Yunfeng frowned and looked at Wen Yujing. "that unfilial son has been rebellious since he was young. He has never listened to us and is very rebellious. Madam, what should we do to make him change his mind?"

Wen Yujing rolled her eyes and said coldly, "old master, there is a way, but for the sake of our Ye 'er, you may have to suffer."

Jiang Yunfeng had always known that Wen Yujing had her own ideas. He frowned and asked, "what do you have in mind?"

886 Causing Trouble

..

Defender General's residence.

The Butler, uncle Fu, rushed to the study, looking extremely anxious.

When he walked to the study room, he did not rush in rashly. Instead, he knocked on the door and shouted anxiously, "general, something has happened!"

Jiang Zhennan walked out of the study room. His eyes were sharp, and his cold face was expressionless as he asked, "Uncle Fu, what happened? "

The Butler said anxiously and angrily, "general, please go outside and take a look. That ... Duke Zhengguo and his wife are outside!"

Jiang Zhennan was slightly confused at first, but then he thought of the Imperial edict yesterday and immediately understood their intentions.

He instructed the Butler, "uncle Fu, just tell them that I'm not in the manor!"

However, uncle Fu shook his head. "general, I've already told them that you're not in the manor. They're outside the mansion, outside the mansion ..."

Jiang Zhennan asked in confusion, "what are they doing outside the manor? "

The Butler said, "general, please go and take a look!"

This family was too shameless and thick-skinned.

Hearing the Butler's words, Jiang Zhennan strode out of the mansion.

He wanted to see what those people were up to this time.

Jiang Zhennan had just walked into the courtyard when he saw Guo Bing running in a hurry.

As soon as Guo Bing saw Jiang Zhennan, he said with a worried expression, "boss, you'd better not go out. Don't mind them!"

Jiang Zhennan was even more confused now. He asked coldly, "Are they causing a scene outside? "

Guo Bing said, "perhaps yesterday's imperial edict was too big a blow to them. Today, their family of four, along with Zeng Yanli, is making a scene at the door. They said that

Zeng Yanli likes you, so Jiang Zhenye can't fight with big brother for his woman. In short, they are shameless and despicable.

"Boss, I'm worried that you'll be threatened by them when you go out. After all, no matter what, that Jiang ... is your father. Once he uses some special and shameless method to force you to do something you're not willing to do, then ..." That would be terrible.

Jiang Zhennan did not take it to heart at all. He said indifferently and coldly, "I'd like to see how my father in name, will force me!"

"But boss ..." Guo Bing said, still worried.

Jiang Zhennan waved his hand and stopped Guo Bing from continuing. "don't worry. I'm not someone they can easily manipulate.

"In the past, I didn't answer because I didn't think it was a big deal. But now, if they want to make a fuss about my marriage, they're simply dreaming!"

He strode out of the mansion.

As soon as he walked out of the manor, he saw a crowd of people surrounding the entrance of the defender General's Manor, pointing at it and whispering.

As soon as she saw Jiang Zhennan come out, Wen Yujing's worried face immediately revealed a smile.

She said, "Nan 'er, you finally came out. Your family's butler told mother that you weren't in residence, so mother thought that you really weren't in residence. It's just that mother thought that you usually don't go out, so I waited for you outside the residence for a moment. I didn't expect you to really come out."

This meant that Jiang Zhennan was in the house, but he let his parents wait outside.

He was really unfilial!

Although Jiang Zhennan was the God of War of the Kingdom and was responsible for the safety of the kingdom, he was still a human.

Furthermore, there had been no war in the past two years, Jiang Zhennan's reputation as the jinx was on par with his reputation as the God of War.

Therefore, these people who had lived a stable life without war in recent years naturally exaggerated how much of a jinx Jiang Zhennan was. In addition, Duke Zhenguo's mansion was adding fuel to the fire behind the scenes, ruining Jiang Zhennan's reputation, so everyone naturally thought that Jiang Zhennan was an unfilial son.

“Even if this defender-general is a general, he can’t put on airs and make his parents wait outside the mansion. This is unfilial.”

“That’s right, it’s a great unfilial act!”

“But, I heard that the defender General has been bullied in the defender Duke Manor since he was a child, and he lives worse than a servant.”

“How is that possible?” Someone immediately said in surprise, “the Defender General is the eldest son of Duke Zhenguo and the heir to Duke Zhenguo’s mansion. How dare they bully him?”

“This is something you don’t know!” Someone immediately said mysteriously and proudly, “this person who claims to be the general’s mother is actually a stepmother. In addition, she has a son. Do you think she’ll be accepting of another woman’s son who would fight her own son for the inheritance?”

887 Causing Trouble

“Speaking of which, this does make sense.” Someone understood and echoed, “if it were me, I would also see the bastard son who took away everything from my son as a thorn in my side.”

“That’s right. Now, our general has turned from a weak child to a God of War who protects our country. He’s an amazing man!”

Wen Yujing’s and the others’ faces turned darker and paler as they listened. It was obvious that they were getting angrier.

They were clearly talking about Jiang Zhennan’s unfilial behavior. How did it turn into her being the stepmother who was being mean and abusive in the blink of an eye?

Why didn’t this show go as they had imagined?

...

In the past few years, Jiang Zhennan was not in the capital, and Duke Zhenguo’s mansion had worked hard to erect a positive image.

Wen Yujing had raised her son and daughter, both handsome and beautiful.

His son, Jiang Zhenye, was handsome, refined, and polite. Coupled with his title as one of the seven heroes of the capital, he really charmed a large number of young girls.

His daughter, Jiang Wen, was dignified, elegant, and talented. She was proficient in music, chess, calligraphy, and painting. Coupled with her beauty, she had also captivated the hearts of many young masters in the capital.

As for Wen Yujing, her image of a good wife and mother was even more established.

The family of four was happy and harmonious. Then, they deliberately ignored and forgot about the person who had disappeared.

However, even if the people outside could forget, how could the four of them forget the existence that was threatening their identity and life?

He had disappeared temporarily, but it was hard to say when he would suddenly appear again. If they were not prepared at all, they would definitely be caught off guard.

Therefore, Wen Yujing kept sighing and saying that it was not easy to be a stepmother.

She treated her first wife's son well, but he ignored her and even often sneaked out. She did not know what he was doing, but she could not control Jiang Zhennan at all.

The more she said, the worse everyone's impression of Jiang Zhennan would be.

In addition, not long after he was born, the highly respected great master Xu Yun gave the prophecy that he was The jinx of the heavens.

The understanding of The jinx of destiny was, of course, to bring bad luck to all his relatives and to die alone.

Therefore, it was good that Duke Zhengguo's mansion did not throw him away. They had been raising him well in the mansion, providing him with food and drink. In return, the jinx had snatched his brother's title of nobility. It was really too infuriating.

In short, in the few years that Jiang Zhennan had disappeared, Wen Yujing and the others had smeared Jiang Zhennan's reputation.

However, no one would have thought that such a redundant and unfilial person in their eyes would give them such a shocking appearance many years later-the defender-general of the state!

No one would have thought that the man in The Silver Mask, who had made the enemies of the people of the country tremble in fear in recent years, would actually be The jinx in Duke Zhengguo's mansion.

After hearing this news, Jiang Yunfeng and Wen Yujing's faces were black.

However, they had to remain calm and not panic.

Instead, they still had to build a good relationship with him.

However, what they never expected was that Jiang Zhennan did not even care about them.

Several times, it was Jiang Yunfeng who used “filial piety” to make things difficult for Jiang Zhennan.

When Jiang Zhennan seemed to be in a good mood, he would respond to him. When he was in a bad mood, he was too lazy to respond to him.

In short, they seemed to have lost control of Jiang Zhennan.

Just like this marriage.

However, how could Wen Yujing compromise with the Imperial edict?

Therefore, she had to make good use of Jiang Zhennan to change the Imperial edict!

888 Causing Trouble

This time, in addition to Jiang Yunfeng and his wife, the Jiang siblings had also come.

Jiang Zhenye was carried over on a wooden bed by the servants.

What was even more surprising was that Zeng Yanli had actually come over.

Without a doubt, it must have been Duke Zhengguo’s mansion that had called her over.

The surrounding commoners were very puzzled as to why they had suddenly come to the defender-General’s residence.

Therefore, out of curiosity, they stopped in their tracks and wanted to watch the fun.

Then, Jiang Zhenye, who was lying on the stretcher, said loudly, “ miss Zeng, I know you care about my big brother. Don’t worry, I won’t take away someone else’s love. I’ll definitely fulfill your wish and my big brother’s.”

Zeng Yanli’s chubby face was covered in layers of white powder as if she was painting a white wall. As she spoke, the layers of fat on her face fell off, and the White powder fell off with a ‘whoosh’.

She held a bright red handkerchief and covered half of her face. She seemed to be very shy as she said, " second young master, how can I accept this? "

Zeng Yanli was half-covering her face and half-embarrassed. If she were a beauty, she would definitely be very moving. However, this fat woman only made people feel disgusted.

Jiang Zhenye held back his disgust and almost vomited.

He said weakly, " I'm just trying to fulfill your wish!"

Wen Yujing took Zeng Yanli's hand and said helplessly, " miss Zeng, I know you're only concerned about my Nan 'er. Although I don't know why the Emperor would give such an imperial edict for you and my Ye 'er to be a couple, neither of you has the other in your heart, while you only have my Nan' er in your heart. Don't worry, I will definitely ask the Emperor to fulfill your wish."

They said that they were begging the Emperor to fulfill their wishes, but in fact, they were forcing Jiang Zhennan to change the emperor's will.

Of course, those words were only said to those around who didn't know.

Among these people, other than the common people, there were of course some people of status who were watching the show.

After all, this street was inhabited by the royal family, nobles, and powerful people.

If an ordinary family did not have some power, they would not be able to live there.

However, there were still some ordinary people on this street.

As such, there were people of all statuses gathered here to watch the show.

Wen Yujing's words weren't clear, but everyone knew one thing.

Zeng Yanli was the eldest daughter of the Assistant Minister of Revenue. She had two husbands, and her fiancée all had an unnatural death.

As a result, her reputation for bringing bad luck to her husband was known to the royal family, nobles, beggars, and children in the capital.

If such a daughter were born into an ordinary family, she would either be secretly executed or sent to a nunnery to spend the rest of her life alone with a Buddha's lamp.

However, even though Zeng Yanli brought bad luck to her husband, she had a good life. Her mother doted on her and was reluctant to let her daughter have such a fate. So,

even though Zeng Yanli had brought bad luck to several husbands and was spat on by others, her mother still protected her daughter well.

However, now that Zeng Yanli was with the people from Duke Zhenguo's mansion, what made them even more surprised and puzzled was that, from what Wen Yujing had said, it seemed that Zeng Yanli had taken a fancy to the son of the Duke Zhenguo's mansion. Then, the people from Duke Zhenguo's mansion came here to help matchmake Zeng Yanli and Jiang Zhennan from Duke Zhenguo's mansion.

However, what did this have to do with the royal edict?

Hearing Wen Yujing's words, Zeng Yanli lowered her head in embarrassment. "thank you, Auntie. Oh, thank you, mother!"

Zeng Yanyan was so thick-skinned that she even called Wen Yujing 'mother'.

The people around them who were listening had looks of disdain and contempt on their faces.

Zeng Yanli had already married several husbands, yet she was still acting all shy. Who would believe that?

However, this woman's skin was really too thick. She actually dared to have designs on the defender-general of the state. She should take a look at herself in the mirror.

Of course, some people didn't think so.

Although Zeng Yanli wasn't very good-looking, they had also heard that Jiang Zhennan was also an ugly monster whose face had been disfigured. It was said that after he took off The Silver Mask on his face, he shocked the heavens and the earth, frightened women, and made children cry.

In fact, Zeng Yanli and Jiang Zhennan could be considered a match in terms of appearance.

If you find any errors (broken links, non-standard content, etc..), Please let us know < report chapter > so we can fix it as soon as possible.

889 Causing Trouble

Also, although Zeng Yanli's reputation of bringing bad luck to her husband wasn't good, Jiang Zhennan's reputation of being a jinx to all his relatives was even more resounding. It was so loud that no woman dared to marry him. At least, there were still people who dared to marry Zeng Yanli before.

Therefore, they could be considered to be a good match again.

Therefore, in this case, Zeng Yanli and Jiang Zhennan could also be considered very good couples.

Of course, these people were only thinking about it in their hearts. As for what the truth was, they would just watch from the side.

Wen Yujing looked at Zeng Yanli's huge face and felt disgusted. She muttered to herself, "how can Zeng Yanli be so thick-skinned? she's calling me mother now. It's simply a dream for a woman like her to marry Ye 'er!"

However, she still had a smile on her face and said with a kind expression, "yes, mother knows that you care about Nan 'er. Don't worry. When Nan' er comes out later, I'll tell him to marry you, okay? "

Zeng Yanli laughed so hard that her body trembled. "thank you, mother! In the future, after I marry the general, I will definitely treat you as my own mother."

Jiang Yunfeng listened to the two women and didn't say anything. However, after receiving Wen Yujing's gaze, he immediately ordered the servant to knock on the door.

When the Butler, uncle Fu, opened the door, he heard Wen Yujing trying to match Zeng Yanli and Jiang Zhennan together.

The Butler's expression changed. When he saw the people from Duke Zhengguo's mansion at the door, his expression became even worse.

What were these people doing here?

It was obvious that they were up to no good.

When he saw the people around pointing at him, he had an even more ominous feeling.

However, the door was already open, so he couldn't just close it.

He restrained his changing expression and said respectfully to Jiang Yunfeng, " Lord Duke, Madam Duke, how are you? Why are you here? What's the matter?"

Jiang Yunfeng's face darkened when he heard Butler's address. He shouted angrily, " dog slave, what kind of attitude is this? Do you still have any rules?"

He then looked into the door and immediately said, " I'm looking for that unfilial son. Ask him to come out!"

The Butler calmly asked, " High Duke, my general is not in the manor. I wonder what important matter the high Duke has for my master? If it's convenient, you can ask this old servant to pass on the message."

When Jiang Yunfeng heard this, he was even more furious. He stared at the Butler with sharp eyes and said loudly, "Hmph, not in residence? You dog slave, you actually want to lie to me. Do you think that I don't know that the unfilial son doesn't go anywhere other than the general's office?"

"Now that you're telling this Duke that he's not in the manor, do you not want to live anymore? how dare you fool this Duke? I'll give you one more chance to bring that unfilial son to me. Otherwise, I'll keep standing outside the manor. I'd like to see if this son still has any reputation left if the news of him rejecting his father outside the manor gets out. How will he still have the face to face people?"

"So, if you want what's best for your general, you dog slave better hurry up and report to that unfilial son. Tell him that his parents and siblings have come to find him."

Jiang Yunfeng kept calling him a dog slave and scolding Jiang Zhennan.

This also made the people who were watching the show even more contemptuous of Jiang Yunfeng.

After all, Jiang Zhennan was already the defender-general of the state, a great hero who regained control of the military and protected the people of the world. It was fine if his biological father didn't like him, but he actually scolded him as an unfilial son in front of so many outsiders.

Speaking of which, the great general's life was really hard to meet such a father.

When he heard Jiang Yunfeng's father deliberately tarnishing the general's reputation, the Butler could only be angry but did not dare to say anything. He could only say with a slightly bad expression, "then I'll go to the residence and see if the general is around."

After he finished speaking, he did not give Jiang Yunfeng a good look at all and quickly walked into the study in the manor.

...

He did not think his general should face this family of hypocrites.

However, he could not stop the general's actions.

Not to mention him, even if young master Guo came, he actually couldn't stop him.

The two of them could only watch helplessly as the general took this family on.

Sure enough, as soon as the great general came out, Wen Yujing came for him. She implied that Jiang Zhennan was clearly in the manor, but he refused to let his own father enter the manor. How could there be such an unfilial person?

890 Causing Trouble

However ...

Listening to Wen Yujing's words and then listening to the discussions of the surrounding people, Jiang Zhennan turned a blind ear to it.

His sharp eyes stared at Wen Yujing, who was trying to put him in the public eye. He asked coldly, " Why did you come to my house? "

Looking at the public's opinion and Jiang Zhennan's calmness, both of which were beyond her expectations, Wen Yujing's hands were clenched tightly, and her sharp nails pierced deep into her palms, drawing a bloody mark.

How could Jiang Zhennan be so calm?

And what was going on with these commoners who were watching the show?

She was obviously doing her job so well on the surface, completely like a good wife and mother, kind-hearted, and even good to her stepson. So how could these people talk badly about her?

But clearly, she was the one who was deceiving herself.

Jiang Zhennan stared at the few of them and asked coldly again, " what exactly do you want? "

Wen Yujing forced out a smile and pulled Zeng Yanli to her side. She said to Jiang Zhennan very kindly, " Nan 'er, this is the daughter of the Vice Minister of Revenue, miss Zeng Yanli, whom mother told you about yesterday. She's always been thinking about you, and mother can't bear to see her suffer the pain of missing you, so I brought her here to find you. Nan 'er, you don't mind, do you?"

As soon as she finished speaking, Jiang Yunfeng immediately shouted sternly, " what are you still standing here for? Hurry up and bring eldest miss Zeng into the general's office!"

As soon as Zeng Yanli stepped into the general's office, rumors immediately spread that eldest miss Zeng and the defender-general of the state were in love.

Then, through some manipulation, this matter would soon reach the ears of that person in the palace.

He believed that he would definitely help a couple who loved each other and not force them to be apart.

However, Jiang Yunfeng and Wen Yujing seemed to have neglected one thing.

Jiang Zhennan was behind the imperial edict.

So, whether Zeng Yanli and Jiang Zhennan were in love with each other, how could the Emperor not know?

Moreover, it was impossible for an imperial edict to be changed overnight. Otherwise, this would set a dangerous precedent.

Thus, they were destined to fail.

However, they were still presumptuous. They thought that they could force the Emperor.

Once Zeng Yanli saw Jiang Zhennan's tall figure and mighty posture, she was immediately fascinated.

Although it was rumored that Jiang Zhennan's face under the mask was ugly, she didn't mind.

If Jiang Zhennan were really an ugly monster, she wouldn't be able to see him either. During the day, Jiang Zhennan wore a silver mask. When they were doing things at night, the light would blow out, and it would be dark. Who would be able to see each other?

However, looking at Jiang Zhennan's body, he should be very strong.

At that moment, Zeng Yanli seemed to have thought of something. Her chubby face, which was covered in white powder, immediately turned into a red face. Even though it was covered by white powder, it could not hide her blushing face. Then, with her half-covered face, she kept throwing flirtatious glances at Jiang Zhennan.

Unfortunately, she was throwing flirtatious looks at a blind man. Oh, no, even a blind man didn't want to look at her.

Because there were already a lot of vomiting sounds around them.

They were all disgusted by Zeng Yanli.

Guo Bing was equally disgusted by Zeng Yanli, but he was even more disgusted by Jiang Yunfeng.

This was really harmful.

He clearly knew that Zeng Yanli had already been betrothed to Jiang Zhenye, yet he still dared to bring her to the general's office and even wanted to step into the general's office openly. His purpose was self-evident.

However...

When he thought of this, he did not wait for Jiang Zhennan to speak. He first said with a smile, "oh my, Your Excellency, this is the first time I've heard of someone bringing their second son's fiancée and forcing their eldest son to welcome her into his residence."

Soon after, his expression turned serious, and he asked with a hint of mockery and disdain, "I say, Your Excellency, what plans do you have in mind? Tell me about it so that I can give you some advice and see if this plan will succeed. What do you think?"

When Jiang Yunfeng saw Guo Bing, he had a headache.

When he heard Guo Bing's words, he cursed in his heart, 'this shit stirrer, why is he everywhere!'

After that, his face sank, and he shouted sternly, "Guo Bing, to give your father face, I will not argue with you! But this is my family matter, so you have no right to speak here!"

Then, he shouted at Jiang Zhennan, "unfilial son, what are you still standing there for? Didn't you hear what I said? Bring miss Zeng in!"

Jiang Zhennan did not even spare Zeng Yanli a glance.

The Silver Mask on his face constantly reflected silver light under the sunlight, making him look very cold and gloomy.

Jiang Zhennan's eyes were even sharper as he stared at Jiang Yunfeng with a sinister look.

This made Jiang Yunfeng's hair stand on end!

891 Causing Trouble

Jiang Yunfeng had been trying to use his father's identity to order Jiang Zhennan to let Zeng Yanli enter the general's residence.

But ...

Jiang Zhennan's sharp gaze shot directly at Jiang Yunfeng.

He said coldly, " if you're here to talk to me about this, please leave!

As he spoke, Jiang Zhennan walked back.

Jiang Yunfeng was so angry that his mouth was trembling. He roared, " stop!"

Jiang Zhennan could not be bothered with them at all.

Wen Yujing looked at Jiang Zhennan's arrogant attitude and felt even angrier in her heart.

However, she hid it very well.

Jiang Yunfeng could yell at Jiang Zhennan, but as a stepmother, she must not be angry. She had to pretend to be a kind mother and let everyone know her good intentions.

Seeing that Jiang Zhennan was about to step into the general's residence, she panicked. Her eyes turned, and she immediately said helplessly, " Nan 'er, mother didn't know that you had such a great resentment towards me. It's the new year now. Since you don't want to go back to Duke Zhengguo's mansion, then on the second day of the new year, your father and siblings come to visit you.

"However, mother never thought that you wouldn't even let us step through the general's residence's Gate. Did you really hate me so much?

"If it's really like this, then how about this? I won't go in. But can you let your father, siblings and Miss Zeng enter your residence?" When she said these words, she felt as wronged as she could.

It was as if Jiang Zhennan had a lot of resentment against her.

But in fact, Jiang Zhennan did not even care about her.

Besides, they didn't come here to visit him for the new year. Instead, they kept pushing miss Zeng to enter the general's residence. Hmph, what were they planning? Did they really think he was a fool?

As soon as Wen Yujing said this, Jiang Wen immediately followed her mother's wishes and said sincerely, " big brother, although we weren't very close in the past, I've always admired you as a big brother. Since it's New Year, we're here to pay our respects. Big brother, can you let us in?"

However, the hatred and viciousness in her eyes were apparent to everyone present.

They were secretly shocked. 'This Jiang Wen is not as simple and kind as the rumors said.'

After listening to Jiang Wen's words, Guo Bing immediately sneered and said, "I say, miss Jiang, yesterday at the royal family's annual banquet, in front of the Emperor and the Royal aristocrats, you even dared to point your finger at big brother and call him a fiend and b * stard.

"Why are you suddenly so affectionate to your big brother in front of so many people? Hmph, what a hypocrite."

Guo Bing's personality was unruly and coupled with his profound background, he could say anything to the Emperor, let alone the shameless people of Duke Zhengguo's mansion.

After Guo Bing said that, no matter how thick-skinned Jiang Wen was, she was so angry that her face turned red. She glared at Guo Bing and said loudly with anger, shame, and guilt, "you ... You're spouting nonsense!" Then, she thought of something and said, "And you want me to marry you? You're delusional!"

"Hahaha ..." Guo Bing suddenly laughed out loud, then said to Jiang Wen mockingly, "miss Jiang, aren't you too full of yourself? aren't you being too narcissistic? I think you're the one who's delusional.

"Look at you, you're so vicious, and you're not even half as good-looking as me. If I marry you, I'm worried that I'll be harmed by you for the rest of my life, and my Guo family will be unlucky for several generations."

Jiang Wen's face turned red and blue from Guo Bing's words. She glared at Guo Bing, not knowing what to say.

After Guo Bing yelled at her, everyone looked at Jiang Wen with strangely looks.

Was the daughter of Duke Zhengguo's mansion really so unbearable?

How dare she curse the defender-general in front of the Emperor?

Was she really that brainless?

When Jiang Yunfeng heard Guo Bing's words, he pointed at Guo Bing angrily and shouted, "Guo Bing, don't think that you can do whatever you want with the Guo family's backing. You insulted my daughter. Apologize to my daughter!"

Guo Bing sneered, "Hmph, everything I said was the truth. Do you want me to apologize? dream on!"

892 Causing Trouble

Wen Yujing glared at Guo Bing and shouted, "Young master Guo, I know you want to stand up for Nan 'Er, but if you want to blame someone, blame me. Don't drag my daughter into this."

Guo Bing was really speechless at Wen Yujing's shamelessness.

He only asked indifferently, "Am I not telling the truth? "

Wen Yujing was at a loss for words.

However, if she allowed Guo Bing to ruin Jiang Wen's reputation, how would her daughter get married in the future?

However, if she continued to argue with him, the matter between Zeng Yanli and Ye 'er would never be resolved.

On one side was her daughter, and on the other was her son. It would hurt her to give up on either one.

However, she glanced at the infatuated Zeng Yanli and her son, who was lying on the stretcher. Wen Yujing gritted her teeth and decided that she couldn't care less. She had to deal with her son's problem first. As for her daughter, she would have plenty of opportunities in the future to build a good image for her.

After making this decision, Wen Yujing ignored Guo Bing and gave Zeng Yanli a meaningful look. "miss Zeng, my Nan 'er seems to be shy. Why don't you take the initiative? " Of course, she whispered to Zeng Yanli.

Reminded by Wen Yujing, Zeng Yanli saw that Jiang Zhennan was about to enter the manor. She immediately went forward and shouted coyly, " husband, can you let me in to take a look? I'll be the matriarch of the general's residence in the future, so I should take a look around first."

Guo Bing was immediately a little angry at Zeng Yanli's words.

"Zeng Yanli, how can you be so thick-skinned?" he yelled at Zeng Yanli. "My big brother didn't marry you, so please don't call him your husband! Your husband is there ... Jiang Zhenye!" As he spoke, he pointed at Jiang Zhenye on the stretcher.

"No," Zeng Yanli said stubbornly. "the one I like is the general. I want to marry him!"

Everyone almost fainted due to Zeng Yanli's intelligence and thick skin.

This woman was really too shameless!

Just then, Jiang Yunfeng said to Zeng Yanli, "miss Zeng, don't listen to Guo Bing's nonsense. Furthermore, this unfilial kid had a stubborn temper and was unwilling to say what was on his mind. I know that he likes you too. Don't worry. This Duke will recognize you as my first daughter-in-law."

"thank you, Father!" Zeng Yanli immediately said joyfully. Then, she raised her head and looked at Jiang Zhennan again. She asked in embarrassment, "husband, is what father said true?"

Jiang Zhennan's footsteps that were about to step into the mansion suddenly stopped. He frowned slightly, then turned around and walked over again.

He stopped in front of Zeng Yanli, pointed at Jiang Zhenye, and said coldly, "He's your husband. Don't call me your husband. It's disgusting! Also, if you don't want your entire family to be executed for defying the imperial edict, you'd better obediently return to your family today!"

Zeng Yanli had thought that she had changed Jiang Zhennan's mind.

However, when Jiang Zhennan's voice fell, her expression suddenly changed.

Although she was slow-witted, she was not completely brainless.

Disobeying the edict was a crime that would result in execution!

The Zeng Manor had also received the Imperial edict of marriage yesterday.

She was not very satisfied with Jiang Zhenye. After all, the person she liked was the defender-general of the state, Jiang Zhennan. However, he was the legitimate son, the second son of Duke Zhengguo, and the Emperor had suddenly arranged a marriage for them.

She could have done much worse, so she also felt at ease about getting married.

But later, Wen Yujing came to her and said that she could think of a way to change the emperor's will so that she could marry Jiang Zhennan in peace.

It was to have her come to the general's residence to confess her feelings to Jiang Zhennan. Then, Jiang Zhennan could go to the Emperor and ask him to change his mind.

But now, Jiang Zhennan's words were like a blow to her head.

Zeng Yanli's face immediately turned pale. "I ... I'm going back home!"

With that, she ignored everyone's shock and left with the servant girl in a hurry.

She didn't care about everyone's reaction, especially the reaction of the Jiang family at Duke Zhengguo's mansion.

Guo Bing secretly gave Jiang Zhennan a thumbs up.

The great general was indeed the great general. As soon as he stepped out, he scared the other party back without wasting any time.

Zeng Yanli had left, but Jiang Yunfeng and the others were still there.

At this moment, Jiang Zhennan said to Jiang Yunfeng without any trace of politeness, "Duke Zhengguo, the eldest miss Zeng has been betrothed to your family's precious son, Jiang Zhenye, by the Emperor. You keep saying that you want your daughter-in-law to enter this General's residence. Are you planning to cuckold your family's precious son, or are you planning to disobey the royal decree? However,"

At this point, Jiang Zhennan said in a sharp tone, "no matter what plans you have, it's none of my business. If you want to make a fuss, go back to your Duke Zhengguo's mansion or go somewhere else. I don't have time to play around with you, and I don't intend to defy an imperial edict!"

After saying that, he didn't care about their reactions and turned to the Butler. "uncle Fu, close the gates. Don't let any random person in!"

"yes, general!" the Butler replied respectfully.

Jiang Yunfeng, Wen Yujing, and Jiang Wenwen, who were just random people, ".."

Guo Bing didn't pay attention to their reactions and followed Jiang Zhennan directly. When he reached the Butler, he said loudly, "Uncle Fu, you must close the door! Otherwise, it'll be very difficult to drive out those cats and dogs that sneaked in, do you understand?"

Then, his figure also disappeared in front of everyone.

Everyone, "... What was this about the royal edict, bestowing marriage, and so on?

Although these people didn't quite understand it now, it wouldn't be long before they understood what these words meant.

It turned out that the Emperor had already arranged a marriage between Jiang Zhenye and Zeng Yanli!

However, what was Duke Zhengguo's family doing pushing Zeng Yanli to the great general?

893 Rumors

A few days passed quickly after the new year.

With the arrival of the new year, the weather was slowly getting warmer.

The poor people living in the countryside were the ones who could not stay idle and could not afford to be idle.

In the place where they lived, the winter was long. After the Second Harvest, the weather immediately turned cold. Soon after, they entered the cold winter.

It was not until the new year that the weather would warm up and the earth would return to spring, allowing people to work in the fields.

In between, it would take about four months.

In these four months, there were times when it was a world of Ice and snow, with two or three heavy snowfalls. However, there were also times when there was no snow and the day was just cold and gloomy. The wind was bone-piercing, and as soon as one stepped out of the door, one would feel as if one was being cut by knives.

Therefore, these villagers could only stay at home for two or three months in the past four months and could not do any work in the fields.

The weather had just turned warm, and all the households were preparing to work in the fields. For example, fixing the hoe, changing the tools, and so on.

The year before, Lin yuelan's change was like a butterfly effect, changing the fate of many people.

Lin Mingqing, who had been sentenced to death by the doctor, had completely recovered under Lin yuelan's treatment.

Lin Laosan's family was considered to be rather wealthy and had a reputation in the village. At the same time, they were also a family of vanity and arrogance. However, because of Lin yuelan's change, Lin Erniu was imprisoned, his wife was divorced, Lin

Sanniu was chased out of the Lin family, Lin Siniu's wife was divorced, and the Lin Dazong, the pride of the family, was disqualified from the imperial exam.

There was only one word to describe it—tragic!

The Lin family Village's landlord, Yan Lin's family, was completely bankrupt.

Lin Ying Zi was chased out of the Lin family Village, and Gu Sanniang, who was reluctant to part with her daughter, also left with her.

There were also some honest and simple families who didn't care about Lin Yuelan's jinx nature. They worked for Lin Yuelan and improved the lives of their families. Although they weren't very rich, at least they had enough to feed their families. Also, the owner was kind and would ask their workers to bring back some damaged vegetables from time to time to improve the food at home.

..

The fate of these people, whether directly or indirectly, was inextricably linked to Lin Yuelan.

Finally, there were changes to Lin Yuelan herself. On the surface, her industry was getting bigger and bigger. The population of Lin's family garden was increasing. It was obvious that it was developing in an unpredictable direction.

No one could predict what kind of changes and impact this trend would bring to the Long Yan Kingdom.

For the past few days, everyone in the Lin family Garden was busily preparing their farming tools.

Lin Yuelan's current farm in the Lin family Village expanded even further as Lin Changwei bought more from the Lin Family villagers.

Farmers had to live with their fields, but some farmers had no choice but to sell their fields. For example, their family members were seriously ill, and they had no money to treat them. They had to sell their fields, or they had to owe debts.

Those who were in urgent need of money and couldn't find a buyer in a short time would usually come to Lin Dawei.

All the villagers knew that Lin Dawei was buying the land for Lin Yuelan. Lin Dawei offered a fair price.

Therefore, these people didn't care about selling the fields to Lin Yuelan.

...

Lin yuelan stood in front of the gate and took a fancy to a few barren hills.

She wanted to buy it to plant some fruit trees.

However, the first thing she had to do now was to create an independent village and establish a new clan.

One day, Lin yuelan came to the village chief's house with some things.

When Lin Yiwei opened the door and saw Lin yuelan, he was surprised.

Lin Yiwei smiled and said, " girl, I knew you'd come to me soon enough!"

Lin yuelan smiled and said, " Grandpa village chief, I'll have to trouble you then!"

Lin Yiwei shook his head and said, " alright, come in first!"

Lin yuelan nodded and walked into Lin Yiwei's house.

When she came out again, the soon-to-be-famous Taoyuan Village started its journey.

..

With the people of Duke Zhengguo's mansion causing such a ruckus, in less than half a day, everyone in the capital, from the high-ranking officials to the nobles, to the commoners and beggars, knew about it.

Zeng Yanli, the eldest daughter of the Assistant Minister of Revenue, and Jiang Zhenye, the second son of Duke Zhengguo's mansion, had been married by the Emperor.

If you find any errors (broken links, non-standard content, etc..), Please let us know < report chapter > so we can fix it as soon as possible.

894 Rumors

This was incredible!

Everyone knew that Zeng Yanli was a woman who brought bad luck to her husband.

Wasn't they afraid that Jiang Zhenye would be killed by Zeng Yanli's curse?

What was the Emperor thinking?

Because of this, a new wave of rumors began to spread in every corner of the capital.

The defender-general of the state relied on the emperor's favor and wanted to use the Emperor's hand to kill his own brothers in order to succeed in the title of the Duke.

"Otherwise, why would the Emperor suddenly bestow Jiang Zhenye with a woman who brings bad luck to his husband?"

"Oh, by the way, I also heard that Jiang Zhenye has had a high fever for several days and nights after he was bestowed with the marriage. He even talked nonsense at night, saying that he didn't want to die yet ..."

"Ah, I've also heard about this. Jiang zhenye's body is injured, and he has a high fever that hasn't subsided for a few days. I heard from the doctor that if he can get through this fever, he will be safe. If he can't get through it, the people of Duke Zhengguo's mansion can only prepare for his funeral."

"In that case, this second young master Jiang is also quite pitiful."

"I heard that since his first wife passed away three years ago due to a difficult birth, he has not married and is keeping his chastity for his ex-wife. He's also an infatuated lover."

"Yes, I also heard from the people around the second young master Jiang that he doesn't even have any concubines. He can be considered a good man. Look, which rich man doesn't have three wives and four concubines?"

"Well, in the end, it's really quite pitiful for Jiang Zhenye to marry such a woman who has no talent, no looks, and is a jinx to her husband."

In any case, the more the rumors spread, the more people thought that this was the case. Jiang Zhenye was really pitiful.

...

Duke Zhengguo mansion

"How's the news outside?" Wen Yujing anxiously asked the housekeeper.

The Butler lowered his head and said respectfully, "Madam, the rumors outside are as you have expected. They are spreading wider and wider, and they are basically in our favor."

When Wen Yujing heard this, the stone in her heart was finally lifted. That's good, that's good," she said. Butler, where's the old master?"

The Butler said, "Madam, old master is in the study!"

Wen Yujing nodded. "okay, you may leave!"

After the Butler left, Jiang Wen was a little confused. She asked, "mother, what rumors?"

Wen Yujing said, "mother sent people to spread the rumor that The bastard wanted to use Zeng Yanli to kill your brother in order to occupy the title of the duke. As long as these rumors spread more and more crazily, your brother will gain everyone's sympathy, and your father will have a reason to go to the palace.

"I'd like to see what reason His Majesty has to protect that b * stard and harm my son's life!" When she said the last sentence, her eyes glowed with hatred.

Jiang Wen's eyes lit up when she heard this, and she immediately smiled and said, "yes, mother always has a way! My mother is the most intelligent." If she wasn't smart, how could she have become the matriarch of the family from a mistress?

If she didn't do this, they wouldn't be able to resist this imperial edict. However, her brother would never marry that ugly woman.

She didn't want such an ugly, stupid woman who would bring bad luck to her husband to be her sister-in-law.

Wen Yujing nodded at Jiang Wen's forehead and said with a smile, "you only know how to flatter your mother. Alright, I'm going to the study to find your father."

Jiang Wen looked at Wen Yujing's back, and the smile on her face gradually turned cold. If you looked closely, you could see a trace of resentment and hatred in her eyes.

That's right. When they went to the general's residence that day, her mother decided that her reputation was not worth mentioning compared to Jiang Zhenye's. So, Wen Yujing gave up on saving Jiang Wen's reputation without any pressure. Her son was more important than her daughter.

As a result, whenever Jiang Wen went out now, she would be pointed at and criticized for being bold and vicious. She dared to curse her own elder brother in front of the Emperor. Some people also said that she was lewd, fickle, self-righteous, and so on. In any case, these words were as ugly as they could be.

After she returned to the residence, she was really full of hatred and resentment. She hated Jiang Zhennan, hated Guo Bing, and at the same time, she hated her mother.

However, she didn't dare to show any hatred for her mother.

Because she still had to rely on her mother to marry into a good family.

In the past, her mother's intentions were to marry her off to the Crown Prince as a secondary consort.

As long as the Crown Prince ascended the throne, she could become the Imperial consort, second only to one person and above all.

No, being the Imperial consort was not her goal. She wanted to be the motherly Empress of the World!

Jiang Wen's hands were hanging down, but she clenched her fists tightly, and her eyes were filled with determination!

..

Defender General's mansion

Guo Bing ran to the general in a hurry again, looking a little anxious.

"Uncle Fu, where is the general?" Guo Bing asked anxiously.

The Butler said, "Young master Guo, the general is practicing his sword in the backyard!"

Guo Bing said, "at a time like this, he still has the leisure to practice the sword?!"

When the Butler heard this, he immediately asked with a serious expression, "young master Guo, what's the matter?"

Guo Bing asked suspiciously, "uncle Fu, didn't you hear about the rumors outside?"

When the Butler heard this, he looked a little worried and said, "Oh, I heard about them. I also reported to the general, but the general told us to ignore it. Young master Guo..."

Guo Bing nodded and said, "Okay, I got it. I'll go find the general now!"

Guo Bing ran to the backyard after he finished speaking.

When he reached the backyard, he saw Jiang Zhennan practicing his swordsmanship. He immediately went up to him and said, "Aiyo, big brother, what time is it now? Why are you still in the mood to practice?"

Jiang Zhennan did not stop holding his sword. The Silver Mask he was wearing still reflected the silver light. He asked coldly, "what is it?"

Guo Bing said, "big brother, the rumors outside have gone crazy. They say that in order to inherit the position of Duke Zhengguo, you used the emperor's favor to kill Jiang

Zhenye. Don't tell me you're not going to care about these rumors and let them spread?"

How could you not be worried?

895 The Plan

Outside the Imperial study, Jiang Yunfeng anxiously waited for eunuch Liu's report.

After a long time, eunuch Liu came over and said, " Lord Jiang, go back. The Emperor will not see you."

Jiang Yunfeng's heart turned cold and he immediately said with an anxious expression, " eunuch Liu, can I trouble you to report this to His Majesty again? I really have an urgent matter to see him about!"

Eunuch Liu said helplessly, " Lord Jiang, His Majesty said that he wouldn't see you, so he won't see you. Please leave!"

Jiang Yunfeng made up his mind and knelt down in the direction of the Imperial study. "alright since the Majesty doesn't want to see me, I'll continue to kneel until the Majesty is willing to see me!"

Eunuch Liu shook his head and said, " alright then. I'll go and report to the majesty again."

When eunuch Liu returned, he said to Jiang Yunfeng, " Lord Jiang, you should go back!"

..

Defender General's mansion

Jiang Zhennan finally stopped practicing his swordsmanship.

He sat directly at the stone table in the backyard with Guo Bing.

Guo Bing looked very serious as he said, " big brother, are you really going to let those rumors spread all over the capital? "

Jiang Zhennan took the Jasper wine glass, drank the wine in one gulp, and said, " no matter how many rumors there are, it can't change the result!"

Guo Bing listened to Jiang Zhennan's words and immediately became curious. He asked doubtfully, "boss, what do you mean?"

Jiang Zhennan said coldly, "do you think that the Emperor is a fool?"

Guo Bing immediately sat down and said seriously, "boss, what do you mean?"

Jiang Zhennan said, "do you think that anything that happens in the capital can escape the emperor's eyes and ears?"

Guo Bing was stunned and said, "boss, what do you mean?"

It couldn't be what he was thinking, right?

If it was really as he thought, then the Emperor, he ... He was really terrifying.

But thinking about it, with the emperor's suspicious personality, it was very likely that he had arranged spies in every family to monitor them. Their every move could not escape the emperor's eyes and ears.

It was a good thing that the Guo family didn't have any ambitions.

Otherwise, the Emperor would not be so magnanimous to the Guo family.

Guo Bing thought to himself.

..

Eunuch Liu looked at Jiang Yunfeng, who was kneeling outside the door of the Royal study.

He said to Jiang Yunfeng, "Lord Jiang, please get up! You've already knelt here for four hours and the Emperor said he wouldn't see you. Why are you doing this?"

Jiang Yunfeng had been kneeling for four hours. His entire body was stiff and he was shivering from the cold. Even his lips had turned black, but he still insisted, "thank you for your concern, eunuch. I will continue to kneel until the Emperor is willing to see me."

Eunuch Liu sighed softly. "Lord Jiang, why do you have to do this?"

However, Jiang Yunfeng said firmly, "for the sake of the Jiang family's descendants, I must do this!"

Eunuch Liu didn't say anything more. He only sighed.

However, it was unknown if the reason for his sigh was because he pitied Jiang Yunfeng or because Jiang Yunfeng was overestimating himself.

Jiang Yunfeng continued to kneel.

After Jiang Yunfeng had knelt for a long time, eunuch Liu came over again and said to Jiang Yunfeng, who was about to faint from kneeling, " Lord Jiang, the Emperor will see you now!" As he spoke, he helped Jiang Yunfeng up.

Jiang Yunfeng immediately said, " thank you, eunuch Liu!"

Perhaps he had knelt for too long, but when he stood up, he almost fell down again. He staggered a few times before he managed to stand up.

Duke Zhengguo mansion, Wen Yujing paced around the hall, looking at the sky and mumbling, "it's been so long. Why isn't he back yet?"

Jiang Wen sat in her seat and ate her snacks.

Jiang Zhenye was sitting on the other side.

After a period of recuperation, his injuries were basically no longer a problem.

It was just that there was a thick layer of soft cotton under the seat.

Jiang Zhenye looked at her mother and said impatiently, " mother, do you want to keep walking around? you're making me dizzy."

Wen Yujing stopped and said to Jiang Zhenye in a helpless and tired voice, " Who do you think is making me so worried?"

Then, she walked to the side and sat down.

Jiang Zhenye said excitedly, " mother, can father really break off this Bullshit engagement? "

Wen Yujing said, " the rumor that Jiang Zhennan wants to use the Emperor's Hand to kill his younger brother has spread all over the capital. I believe the Emperor has also heard about it. Therefore, when your father enters the palace this time, he will definitely be able to successfully break off the engagement for you."

Jiang Zhenye heaved a sigh of relief and said happily, "That's good. I don't want to marry that fat, ugly, and ugly monster. I'm definitely going to marry the most beautiful woman in the capital, Zhou Zhiru! Mother, when are you going to the Zhou family to ask for marriage?"

Zhou Zhiru was the second daughter of the Zhou family, the younger sister of the Imperial Noble Consort Zhou Wenya, and the aunt of the third Prince!

If Jiang Zhenye was the heir to the throne of the defender Duke, he might be qualified to marry Zhou Zhiru.

However, other than his identity as the second young master of Duke Zhenguo's mansion, Jiang Zhenye had no official position or identity. How could the Zhou family marry Zhou Zhiru, who could bring great benefits to the Zhou family, to Jiang Zhenye?

So, it was simply a dream for Jiang Zhenye to marry Zhou Zhiru now. Wen Yujing was well aware of this, but she couldn't tell Jiang Zhenye directly, so she only said, " alright, if you can successfully cancel your marriage with Zeng Yanli this time, mother will send someone to the Zhou family to propose marriage." These were just words of comfort for Jiang Zhenye.

When Jiang Wen heard this, her eyes flashed and she smiled. "Mother, if that's really the case, that's great. Brother, congratulations, I'll have a beautiful sister-in-law then."

Jiang Zhenye raised his head smugly and said, " only a beauty like Zhou Zhiru is worthy of your brother."

Looking at the proud siblings, Wen Yujing was a little worried.

She looked at the sky which was getting darker and darker, and her heart, which was originally quite confident, suddenly tensed up.

She thought to himself, 'the old master hasn't returned for so long. Did something happen?'

Just as she was about to call the Butler to inquire about it, he saw Jiang Yunfeng return with blood all over his forehead.

Wen Yujing was shocked and immediately cried out in worry, " old master, what's wrong with you? Who did this?"

When Jiang Wen and Jiang Zhenye saw Jiang Yunfeng's head covered in blood, they were immediately shocked and cried out worriedly, "Father, what's wrong? Did you encounter an assassin on the way?"

Wen Yujing immediately shouted to the outside, "Butler, quickly call the doctor!"

Then, he said to Jiang Yunfeng, " old master, please sit down first!"

Wen Yujing was about to help him sit down, but suddenly, Jiang Yunfeng pushed her away. His sharp eyes glared at Wen Yujing and he roared at her, " it's all your fault!"

The three of them were stunned by Jiang Yunfeng's actions.

When they heard Jiang Yunfeng's reproachful tone, they were even more baffled.

Jiang Wen was the first to blame her father, " father, this is mother. What's wrong with you? Why are you suddenly so angry at mother?"

Jiang Zhenye also chided, " father, why can't we talk things out? why are you so angry at mother? "

However, Jiang Yunfeng roared at his children, " shut up!"

When Jiang Wen and Jiang Zhenye saw that their father was so angry, they immediately shut up and did not dare to speak.

Jiang Yunfeng turned to Wen Yujing and said angrily, " it's all your fault! It's all your stupid idea that made the Emperor so angry!" As he spoke, he pointed at his bleeding forehead.

Wen Yujing was even more confused. She asked, "Old master, didn't you go to the palace to beg the Emperor to take back the Imperial decree? How did this get involved with my idea? Why was the Emperor so angry? Old master, you have to make it clear to me!"

It would have been better if she hadn't asked. Once she asked, Jiang Yunfeng thought of the scene in the Imperial study and became even angrier. He shouted at Wen Yujing, " it's you. Your idea almost killed me and almost destroyed the entire Duke Zhengguo's mansion. You evil spirit!"

Wen Yujing was also angry at being scolded and shouted at for no reason. She asked sternly, " Jiang Yunfeng, you better explain yourself clearly. How did I harm you? How did I destroy Duke Zhengguo's mansion? I only want you to go to the palace to break off the engagement for Ye 'Er. How are things that serious?"

"The crime of deceiving the emperor, disobeying the decree, do you think these are serious?" Jiang Yunfeng said angrily.

When the three of them heard this, their faces turned pale. They asked in disbelief and confusion, "old master, what's going on? "

They absolutely believed that this matter could not be something that Jiang Yunfeng had casually said in a fit of anger.

Something must have happened in the palace.

Jiang Yunfeng suddenly sat down dejectedly and said dejectedly, "in order to break off the engagement for Ye 'Er, you sent people to spread rumors about that unfilial son. The Emperor already knew about it! That's why the Emperor was angry and thought that we were toying with him like a fool!"

He thought of the moment he entered the Imperial study when he knelt down and begged the Emperor to spare Ye 'Er using the rumors. The Emperor did not say anything and asked eunuch Liu to give him a book.

As soon as he flipped through the book, he was so scared that he fell to the ground and quickly begged the Emperor for forgiveness.

That was because the booklet recorded the source of the rumors and the detailed plan of how the couple had conspired to break off the engagement for his Ye 'er.

At that moment, he suddenly understood that Duke Zhengguo's mansion's every move could not be hidden from the Emperor!

At the same time, he was even more frightened that they were all under the emperor's surveillance.

After listening to Jiang Yunfeng's story, Wen Yujing almost fainted.

She muttered in disbelief, "how could this be? How did this happen?"

All of a sudden, they didn't know what to do.

...

Guo Bing ate the purple crystal grapes in his hand and said in a good mood, "boss, it's just as you said. Jiang Yunfeng entered the palace to break off the engagement, but the result was good. He was so scared that he almost rolled back to Duke Zhengguo's mansion. Thinking of his sorry state, I really wanted to laugh. Haha ..."

Jiang Zhennan was drinking his wine.

Guo Bing laughed for a while, then restrained his expression and asked seriously, "boss, I heard that after the Emperor listened to your suggestion, he wanted to use your country estate as an Experimental Farm, but you have already given it to miss Lin. What are you going to do now? Are you going to ask the country estate back? Is that even possible?"

897 Independent Taoyuan Village

After the discussion, Lin yuelan and Lin Yiwei went to anding County together.

The county Magistrate was no longer Zhou Changsheng. However, before the current county Magistrate was transferred here, he was well aware that Ni Lai Wo Wang restaurant owner was Lin yuelan from the Lin family Village. She was also on very good terms with the previous County Magistrate.

Therefore, it was much easier for Lin yuelan and Lin Yiwei to cooperate with him.

Hearing the purpose of the two's visit, County Magistrate Liu pondered for a moment and asked Lin yuelan very seriously, " you've separated yourself from the Lin family Village and plan to re-established a new ancestral shrine on your own. Have you thought about the entire village's land, real estate, and the various problems that may arise between the villages in the future? " This was especially true for the relationship between the Lin family Village and the new village.

Lin yuelan smiled and said, " Lord Liu, since I already have plans to create an independent village, I must have thought of all kinds of problems. Please rest assured, Lord Liu!

When Lord Liu heard this, he said, " However, from now on, you will have nothing to do with the Lin family Village. Even if you're the only one living in this village, you'll still have to deal with the problems of tax collection, recruitment of soldiers, and military service."

In the past, whenever there was a war, they would face the problem of conscription. In many cases, there would be forced recruitment.

Lin yuelan nodded and said, " yes, thank you for your concern, Lord Liu. I've already asked Grandpa village chief about these problems, and I've also thought about them."

Lord Liu nodded and said, " since that's the case, I have no reason to disagree. Advisor Wu, go and prepare the village ... Uh, what village do you plan to call it?" The last sentence was directed at Lin yuelan.

Lin yuelan said, " Taoyuan Village!"

"Advisor Wu, go and prepare the written contract!" Lord Liu ordered.

Private advisor Wu replied respectfully, " yes, my Lord!"

After private advisor Wu left, Lin yuelan took out a few more contracts and said to County Magistrate Liu, " Lord Liu, I intend to buy a few small hills in front of Da Ao mountain. Look at this ..."

County Magistrate Liu took the contract and looked at it. He was a little surprised and puzzled. these mountains are all barren. If she wanted to cultivate them into fields, the government could exempt her from taxes for three years. There was no need to buy them at all. That was what he told Lin Yuelan.

Lin yuelan didn't expect Lord Liu to be such a good person. He actually wanted her to save money.

After hearing County Magistrate Liu's words, Lin Yiwei was also very excited.

People who could say such things were usually good official.

Lin Yiwei was a little excited. "Lord Liu, you're right. It was just that this child wanted to buy these mountains. One could be directly developed into farms, and the other, she planned to plant some fruit trees and medicinal herbs on the mountain.

"You also know that although this child is young, her medical skills are not low. She also has a long way to go and wants to plant some medicinal herbs."

When Lord Liu heard this, he nodded and said, " Oh, I see! Alright, I'll sell these mountains to you at the normal price of 30 taels of silver. I'll arrange for two land managers to follow you to measure them later.

"But looking at these few mountains, it's not a small scale and might cost some money. Is it worth it?"

Lin yuelan smiled and said, " yes, thank you for your reminder, Lord Liu. I know what I'm doing."

Lord Liu nodded his head slightly and said, " mm, it's good that you know what to do. After the measurement is done, you can come back and handle the title deeds for these mountains."

Lin yuelan nodded and said, " thank you, Lord Liu! This is just a small token of my respect!"

Lin yuelan didn't take any money. Instead, she gave Lord Liu several rare fruits, such as red persimmons, purple grapes, and a small watermelon.

Lord Liu knew that Ni Lai Wo Wang restaurant would sell some fruits from time to time, but they were all sold at sky-high prices, and only those with connections could buy them.

Compared to money, these fruits were more valuable. They were good things that money couldn't buy.

When Lord Liu saw the red and green fruits, his eyes brightened. He did not decline and laughed loudly. "alright, then I will accept it!"

He accepted the fruits, not because of their value but because they really liked them.

As soon as Lin Yiwei returned to the Lin family Village, he held a meeting with the entire village.

Lin Yiwei said to the villagers in a serious tone, " from today onwards, Lin yuelan no longer belongs to the Lin family. She has already formed her own village, called Taoyuan Village."

If you find any errors (broken links, non-standard content, etc..), Please let us know < report chapter > so we can fix it as soon as possible.

898 Independent Taoyuan Village

When the news came out, although everyone knew about it, they were still surprised.

Lin yuelan had said that a village would be formed, and she was the only one in the village. This was truly unprecedented.

However, what everyone was more concerned about was ...

"Village Chief, where is the boundary between our Lin family Village and Taoyuan Village? We can't let her take over our Lin family Village's property when she's no longer a member of the Lin family Village, can we?" Lin Changzhi asked loudly. His tone was obviously sour and jealous.

Of course, there were other people who had such a tone and expression.

Lin yuelan had brought along such a huge fortune and cut off all ties with the Lin family Village. In the future, they could forget about getting any benefits from her.

Many people understood this, so they sighed to themselves.

But this was no longer something they could change.

If possible, they naturally hoped that Lin yuelan would leave the village without a single cent. However, the ruckus they had caused previously had told them that those who had such thoughts were all daydreaming!

However, now that she had severed all ties with the Lin family Village, she could forget about getting any benefits from them.

Lin Yiwei sighed to himself when he heard the question.

Perhaps these people really had not seen the world, and their vision was too low.

Any far-sighted villager who saw Lin yuelan's good development would definitely try to build a good relationship with her in order to obtain some benefits from her in the future. They shouldn't be haggling over every little thing.

Lin Yiwei could only sigh to himself, but he could not interfere with their thoughts, let alone correct their views on Lin yuelan.

Lin Yiwei sighed and said, "don't worry. Tomorrow, the county government will have two Land Affairs managers measure the boundary between the two villages. There is also the Tao Yuan Village Road, which would not pass by the Lin family Village. This road bypassed the Lin family Village's periphery. Don't worry, since Lan 'er has made this decision, she won't take any advantage of the Lin family Village."

Lin Yiwei voiced everyone's concerns.

As soon as he finished speaking, the villagers below began to discuss among themselves.

"This damn girl is really too heartless. She left without giving the Lin Family Village any benefits."

"Yup. She grew up in the Lin family Village, ate the Lin family's food, and drank the Lin family's water. How could she take the Lin family Village's wealth and leave just like that?"

"That's right. Without the Lin family Village, where would she have earned so much money?"

..

However, it wasn't that these people were reluctant to part with Lin yuelan, but they were reluctant to part with her wealth. They felt even more regretful that they had no share of her wealth.

Lin Yiwei listened to these people's words and frowned, but he didn't know what to say.

On the one hand, they were afraid of and ostracized Lan 'Er, but on the other hand, they wanted to take advantage of her. But how could there be such an easy thing in this world?

Lin Yiwei waved his hand and said, " alright, I've said what I have to say. If there's nothing else, you can all leave!"

However, some people were still unwilling to give up and asked, " Li Zheng, all of Lin yuelan's wealth was earned in the name of the Lin family Village. How could she be independent of all the wealth? She has to leave her money behind."

Lin Yiwei sneered. "Do you want the money in Lan 'er's hands? Fine, go ahead and ask her for it. I don't have the face to ask for it. All of Lan's wealth was obtained through her own hard work. Why should she share it with anyone? She did live in the Lin family Village, but she had never taken advantage of anyone in the village. So, I'm here to ask, what right do you have to ask a child for money?"

Lin Yiwei was furious.

After so many things had happened, these people still hadn't learned their lesson. They felt that it was only right and proper to take the money from Lan 'Er.

However, there were not so many things that were right and proper in this world.

As soon as Lin Yiwei finished speaking, the villagers 'expressions changed slightly, but they were not willing to give up.

Looking at the villagers 'faces, Lin Yiwei said sternly, "If any of you want to get the money from Lan 'Er, you can ask her yourself. I don't have the face to do so. If you can't stand the way I do things, then you can choose another village chief. I won't say anything and will give up my position!"

899 Independent Taoyuan Village

The villagers 'expressions changed again, but they didn't dare to make a sound.

Lin Yiwei didn't speak anymore. Instead, he waved his hand once again and said, "Now, people can do whatever they want!"

Lin Family Garden

The steward gathered a few strong servants and said to Lin yuelan, "master, the people are here."

Lin yuelan nodded, then looked at the servants and said, "I'm sure you all know that from today onwards, we no longer belong to the Lin family Village. We are now a separate Taoyuan Village. However, if we want to leave Taoyuan Village, we have to

pass through the Lin family Village. In order to not cause trouble for the Lin family Village, I decided to find a new path. Starting from the entrance of this house, we will build a new road around the Lin family Village to the town. So, your mission today is to repair the road, do you understand?"

"Understood!" Everyone said in unison.

Lin yuelan said, "Okay, then go down and do your work!"

After the servants went out to work, Lin Deshan came over and asked, "girl, didn't you say that the land Affairs manager would come to measure the mountains today? The sun is already so high up in the sky, why haven't they come over yet?"

Lin yuelan shook her head and said, "maybe they were delayed by something!"

However, as soon as she said that, someone called her door from outside.

"May I ask if this is Lin yuelan's house?"

Lin yuelan smiled at Lin Deshan and said, "Grandpa, there you go."

The Butler went to open the door.

After that, Lin yuelan took them to their destination for measurement.

The arrival of the county government's land steward shocked the Lin family villagers.

The entire village was bombarded.

This was because Lin yuelan wasn't buying land but a mountain.

Did she have money but nowhere to spend it? What was the point of buying a mountain? It was simply a waste.

However, they felt a little jealous and upset.

"This girl has bought these mountains. In the future, we can't go to pick wild fruits and vegetables and hunt for animals anymore, right?"

"That's for sure. In the past, these mountains were ownerless, and one could enter as one pleased. But now it's taken, just like your family's land, do you think you can let others trample on it as they wish?"

"How can I do that?" Someone immediately protested, "these few mountains belong to everyone. Why should they become private?"

“Hmph, if you had the money, you could have bought these mountains and banned people from entering them too.”

Someone immediately shut up.

It would be a waste to leave these mountains there.

If someone were willing to spend money to buy it, the government would definitely agree with it.

“Then, is it possible to ask the girl if we can still go into the mountains to pick some wild fruits and vegetables in the future?”

“If you have the guts, then go ask. However, Lan ‘Er only bought a few mountains, not all the mountains around the Lin family Village. You don’t have to go to these mountains to pick fruits and wild vegetables.” Someone said sarcastically.

However, one of them thought that there might be treasures in the mountains that the jinx bought. Otherwise, why would she buy these few mountains instead of the other mountains?

However, if there really were treasures in the Mountains, would the Lin family Village villagers dare to enter the mountains again?

..

The news of Lin yuelan building her own village and buying mountains was no longer just a topic of discussion in the Lin family Village. It spread to the surrounding villages and even the entire County.

The Lin family Village had a jinx, Lin yuelan, who had started her own village called Taoyuan Village. She even bought six barren hills, and it was said that she spent thirty thousand taels.

When Jiang Zhennan rushed from the capital to the Lin family Village with lie Feng, he was stunned.

In such a short time, Lin yuelan was no longer in the Lin family Village, but in Taoyuan Village?!

When he stood at the entrance of the village, holding lie Feng’s hand and standing on a stone with the big red words “Taoyuan Village” engraved on it, Jiang Zhennan slowly came to his senses.

Miss Yue ‘Er had really surprised him again and again.

At such a young age, she dared to form her own village and was not afraid of being bullied by the other villages.

However, thinking about Miss Yue 'er's personality, let alone the villages within ten miles, even the villages in the entire Anding County would not be able to bully a single-family Taoyuan Village.

Someone saw a handsome man standing at the entrance of the village, leading a bright red Horse. He came over and asked, "who are you looking for?"

Jiang Zhennan said coldly, "I'm looking for Miss Yue 'er!"

This person was speechless. 'Who is Miss Yue 'er?'

900 Back to Lin family Garden

Lin yuelan was a little speechless as she looked at Jiang Zhennan, who was standing in front of her, looking a little reserved. She asked, "Uncle, why are you here?"

Judging from her tone, why did it sound like she didn't welcome him?

However, it was a good thing that he knew Lin yuelan well enough to know that she was just asking a normal question and didn't have any other meaning.

Jiang Zhennan said in a serious tone, "I came to find you because I have something to discuss with you.

He never beat around the bush.

He had come to find Lin yuelan for a serious matter.

However, he actually wanted to see Lin yuelan more than anything.

It had been almost a month since he had left the Lin family Village.

Now, he finally understood what those amorous lovers meant when they said that one day apart was like three years.

Lin yuelan looked at Jiang Zhennan's serious expression and found it a little funny. After not seeing Lie Feng for so long, she was delighted.

She said to Jiang Zhennan, "go and sit in the back room for a while. I'm going to spend some time with Liefeng."

When lie Feng heard Lin yuelan calling him, he opened his big round eyes and looked very cute. He breathed, and his fluffy head constantly touched Lin yuelan's white and tender face.

Lin yuelan was tickled by his touch. She hugged lie Feng's head and laughed loudly, " alright, Liefeng, I know you miss me. I missed you too."

Lie Feng kept gently touching Lin yuelan's face. Then, he stuck out his tongue and licked her palm.

This made Jiang Zhennan's eyes turn red, and the expression on his face was full of jealousy. He muttered to himself, " this stinky lie Feng, how dare he take advantage of miss Yue 'Er. Hmph, stinky Liefeng, just you wait!"

Lin yuelan was tickled by Liefeng's licking. She kept giggling and said, " Alright, alright. Liefeng, let's go. I'll take you for a ride!"

After that, she turned to Jiang Zhennan and said, " you can sit in the inner room for a while and talk to Grandpa and Grandmaster. Liefeng and I will go out for a walk"!

As she spoke, she held Liefeng's rein and went out.

Looking at Lin yuelan's back, Jiang Zhennan couldn't even say " I want to go out with you " and could only stare at her back in a daze.

When Lin Deshan came out, he saw Jiang Zhennan's stunned expression. He followed his gaze and saw Lin yuelan, who was moving away. He immediately understood.

His face immediately darkened. He walked over and patted Jiang Zhennan's shoulder. He said angrily, " you little brat, What are you looking at? "

Jiang Zhennan had long formed a vigilant and sharp defense on the battlefield. When Lin Deshan was about to pat his shoulder, he wanted to fight back reflexively, but then he realized that it was Lin Deshan who was coming from behind, and his vigilant heart immediately relaxed.

"Grandpa Lin!" He greeted him respectfully. He was going to call him Uncle Lin, but Jiang Zhennan had his own plans, so he called Lin Deshan Grandpa Lin.

Then, he saw Doctor Zhang behind him and called out the same way, " Doctor Zhang!"

"what the hell are you looking at? " Lin Deshan asked again, his face dark.

This man was looking at his granddaughter but he was older than her.

Of course, Jiang Zhennan didn't know what Lin Deshan was thinking, but he couldn't tell him, " I'll watch your granddaughter's back as she goes away!

He said, a little embarrassed, " it's nothing. It's just that Liefeng has abandoned me after he has Miss Yue 'Er so I'm a little resentful."

"Haha You little brat!" Listening to Jiang Zhennan's words, Lin Deshan laughed. This was quite funny.

But then he said warily, " that's strange. Have you finished your business in the capital? Why did you come here?"

Jiang Zhennan didn't hide anything. "I came back to take a look. I didn't expect Taoyuan Village to come up so soon. Also, I have something to discuss with Miss Yue 'er!"

Lin Deshan and Doctor Zhang didn't ask him what it was.

After looking around and not seeing anyone else, they asked doubtfully, " eh, where are the others? didn't they come? And where's the most lively Guo Bing?"

Jiang Zhennan said, "they'll come later."

Guo Bing, who was far away in the capital, took the letter from the Butler and looked up at the sky speechlessly. He muttered to himself, "Brother, if you're in a hurry to see miss Lin, just say it directly. Why are you looking for an excuse? "

Then, he gathered the three subordinates who had been at Lin Family with him. "get ready. We'll be setting off for the Lin family Village tomorrow!"

Little Three, Little Six, and Little Twelve, who were bored in the capital, immediately asked in surprise, " really? Alright, we'll immediately make preparations!"

Not long after Guo Bing and the others left, a few secret guards who had been monitoring the general's residence immediately reported back.

Duke Guo looked at the letter in his hand. He was so angry that smoke seeped out of his ears. He shouted, " this stinky brat ran away from home again. He was not home for three days. When is he going to get a wife?"

Guo Bing's mother asked anxiously, " old master, did Bing 'er say where he was going this time? "

Duke Guo looked at the letter in his hand and furrowed his thick black slanted eyebrows. He asked doubtfully, " he said he was going to the Lin family Village. Madam, where is the Lin family Village? "

Madam Guo laughed and scolded, " old master, even you don't know where the Lin family Village is. How would a woman like me know? However, I think I've heard of the Lin family Village from Bing 'er. Oh, wait, those rare fruits that Bing 'Er brought back seem to be from the Lin family Village."

When Duke Guo heard this, he said in relief, " alright. I hope he can bring us more delicious food the next time he comes back."

When Madam Guo heard this, she immediately twisted Duke Guo's ear and cursed, "How are you not worried about our son's safety? You're thinking about food all day long!"

Duke Guo immediately cried out in pain, "hey, Madam, be gentler. It hurts, it hurts!"

Duke Zhengguo mansion

"Are you saying that the bastard has left the capital? " Wen Yujing asked.

"Yes, Madam, " a Man in Black replied.

"Do you know where he went?"

The Man in Black said, "Our men lost him! As soon as they left the capital, Jiang Zhennan left them behind, so they could not find him at all.

Wen Yujing angrily said, "Trash!"

Then, she thought of something and asked again, "What about Guo Bing? "

The Man in Black replied, " I've also lost him!"

"Trash! All of you are trash!" Wen Yujing was really angry.

Somewhere in the Imperial Palace.

"Master, Jiang Zhennan has left the capital."

"Where did he go? " the person in bright yellow asked in a deep voice.

The secret guard said, "after we left the capital, we lost them!"

The master in bright yellow clothes said very calmly and sharply, "Find him."
