

Read The Village Girl Who Jinxes Her Husband Is Filthy Rich

- Chapter 901 – 950

Question

901 Question

In the wilderness, a bright and beautiful young girl was riding on red horse, galloping away. Her clothes were bright and she was elegant!

“Liefeng, good job!” Lin yuelan patted lie Feng’s neck and said with a smile, “you’re still so strong!”

Lie Feng heard Lin yuelan’s words and proudly raised his head. Then, he let out a deafening roar.

Lin yuelan laughed and scolded, “Liefeng, you’re a horse. Why are you roaring like a tiger? If little white knew, it would think that some kind of male tiger had come to fight for its territory.”

Liefeng took that as praise. He raised his long head again and roared once more.

Lin yuelan patted lie Feng and said with a smile, “Alright, stop shouting. I know you’re full of energy. Stop showing off! Let’s go, we’ll run a little longer!”

Then, the people working on both sides saw a fast shadow flash by.

“Eh, there are actually fine horses here?”

“The rider looks like the Lin family Village’s Yuelan.”

“It must be that girl! In this village, who had the money to buy a horse to ride? after all, buying a horse was different from buying a cow. However, she’s no longer in the Lin family Village. I heard that she has started an independent village and it is called Taoyuan Village.”

Buying a cow might only cost thirty to forty taels, but buying a horse might cost three to four hundred taels or even more.

Compared to the people in the countryside, buying a cow was more cost-effective than buying a horse. Even if they had money, they shouldn’t spend it like this.

In the surrounding villages, everyone knows that Ni Lai Wo Wang restaurant sells fresh and tender green vegetables for the entire winter. They all come from the Lin family Village's greenhouse vegetables.

The price of these vegetables was more expensive than spring vegetables. However, there was an endless stream of people who went to buy vegetables. Not only that but there was also a limit on the quantity.

This made the other merchants jealous.

Therefore, everyone knew that Lin Yuelan had earned tens of thousands of taels by selling vegetables in the winter.

It wouldn't be surprising to buy a horse with so much money!

"Hey, don't you think this is very unfair? This girl is clearly a jinx, but in just a few months, she went from having nothing to being a well-known rich person in the county."

"You're right." Someone immediately echoed.

However, very quickly, someone said with jealousy and disdain, "Hmph, so what if she is rich and capable? As long as she is a jinx, she cannot marry and will be alone for the rest of her life! She doesn't have any offspring, and she can't bring the money into her grave. So what if she has earned so much money?"

"Tsk, listen to your sour tone." He then changed the topic and said, "speaking of, with such a fate, maybe there really are men who are not afraid of death and are willing to marry her for money?"

"Hmph, no matter how rich you are, it's useless if you don't have your life. Which man would really sacrifice his life to marry this girl?"

"Alright. Speaking of which, perhaps there really are men who are not afraid of death. I heard that a month ago, there were a few men of unknown origins living in her house."

"Eh, aren't those men her servants?"

"No! I heard that those men were brought by that girl from who knows where, and they were indentured to her or anything. From the moment they first appeared at Lan's house, they started working for her. She was able to build such a big house and earn so much money all at once, and these men's contributions can't be overlooked."

"Oh, how do you know so much?"

"This news has been spreading like wildfire in the Lin family Village. Every time I go back to my relatives' houses, I'll hear about it from them."

“I see!”

Speaking of which, these men suddenly disappeared from the Lin family Village a month ago. I wonder what happened? ”

“could it be that these men were cursed by that girl, so they disappeared and died for no reason? ”

“If you put it that way, it’s really possible!”

“This girl’s life is too tough! Is she really going to jinx every man who gets close to her to death?”

“That’s why I said she is a real jinx!”

“In that case, this girl is really a pitiful girl!” He said that he was pitiful, but his face had a gloating expression.

So what if she had a lot of money? She would still be alone for the rest of his life.

While these people were still talking, Lin yuelan, who was riding her horse, was just enjoying the feeling of riding.

“Phew!” Lin yuelan stopped by a small stream.

After getting off the horse, Lin yuelan stroked lie Feng’s head and said, “Alright, Liefeng, take a break!”

Then, she untied the reins and let lie Feng move freely.

Lin yuelan was also sitting by the stream, looking at the sparkling water. She was also in a rare state of tranquility.

She thought to herself, ‘I’ve been here for nine months, but I’ve never had a day where I can think in peace. It’s a rare day, but after today, it’ll be busy again!’

Lin yuelan already had a premonition that there was a reason behind Jiang Zhennan’s sudden visit.

Lin yuelan looked around. There was no one else, so she entered the medium with a whoosh.

As she continued to search for spiritual jades, the space gradually changed.

These mountains were no longer bare, and some grass and trees had grown. The spiritual Qi in the small river spring was also getting richer.

However, this was not enough.

She still needed more spiritual jades to support the spiritual Qi in the space and the Little River Spring. Otherwise, the space itself would slowly exhaust itself.

However, she had already made an appointment with Li Fazhi to visit the Jade raw material factory in early spring in February.

At the thought of this, Lin yuelan sighed softly and said, "Little Green, how are Little Space and Little Spring?"

Xiao Lu replied, " they're still relatively weak, but they're much stronger than before. Master, we still need to find a lot of spiritual jades to fill the spiritual Qi in this space. Otherwise, it'll be hard to keep things fresh, let alone plant them here."

Lin yuelan nodded to show that she understood, " Oh, I understand!"

The fruits that she had taken out of the interspace to eat and sell were all from before her transmigration.

She hadn't started any large-scale planting in the space yet. This meant that she was running on limited stock.

Of course, this didn't mean that the plants couldn't be planted outside the space. The plants would be fine as long as they were watered with spiritual spring water. It was just that the taste was lacking compared to the those grown inside the space.

When spring came, she would try to plant more veggies and fruits.

Little Green consoled Lin yuelan, " master, we're not in a hurry. You can take your time. "Compared to the apocalypse, this is considered a peaceful era. Even if people come to bully us, they will disappear without a trace. Therefore, Little Space, Little spring and I can wait for master to gather power slowly!"

Lin yuelan smiled and said, " alright!"

Lin yuelan came out of the medium after eating two immortal peaches. As soon as she came out, she saw lie Feng looking for her anxiously.

Lin yuelan laughed and said, "Liefeng, I didn't dote on you for nothing! Come, have a peach!"

With that, a huge peach appeared in Lin yuelan's hand.

Lie Feng didn't hold back. He opened his mouth wide and rolled the peach away from Lin yuelan's hand with his tongue.

Lin yuelan laughed again, " you greedy animal! Alright, let's go back after eating! I think your master is waiting for me to discuss something!"

After lie Feng finished eating the peach, he obediently squatted down and let Lin yuelan get up on his back.

After Lin yuelan jumped on it, she immediately shouted, " lie Feng, let's go!"

Jiang Zhennan was a man of few words.

He didn't know what to say to his two elders, so he just listened to Lin Deshan and Doctor Zhang's conversation. He only replied from time to time with nods.

However, what they talked about the most was Lin yuelan.

Therefore, Jiang Zhennan perked up his ears to listen, afraid that he would miss a word.

Lin Deshan suddenly asked, " boy, did any girl strike your fancy when you returned to the capital?"

If you find any errors (broken links, non-standard content, etc..), Please let us know < report chapter > so we can fix it as soon as possible.

902 Eighteen

Hearing Lin Deshan's question, Jiang Zhennan's expression suddenly stiffened, and then he said very indifferently and coldly, " no!"

He was a jinx. Which woman would not be afraid of death and want to marry him? as for him, he had never thought of finding a woman to marry in the past. Now, it was even more impossible for him to find a woman to marry.

Lin Deshan stared at Jiang Zhennan's handsome face suspiciously. "really? In the past, your appearance was disfigured and you didn't want to get married. However, you are handsome again. No woman should be afraid of you anymore, right? Why didn't you find a woman to get married to and have children? after all, it's around the marriage age for you, right?"

Lin Deshan and Doctor Zhang had been with Jiang Zhennan and the others for a long time. In their daily interactions, the two old men knew about Jiang Zhennan's feelings for Lan 'Er. In addition, there were a few subordinates who were fanning the flames beside him.

With the intention of one and the help of a few people, it would be strange if they didn't notice such an obvious action.

In fact, they didn't have any problems with Jiang Zhennan in other aspects. Even if Jiang Zhennan was a jinx, they believed in Lan 'Er's ability.

However, they were not satisfied with Jiang Zhennan's age.

The age difference was a little too big. It was a full round, twelve years.

If he wanted to marry a concubine, the bigger the age difference, the better. However, it would be difficult between an old husband and a young wife.

Even if Lan 'Er were willing to marry Jiang Zhennan, she would have to wait until she was of age. By then, Jiang Zhennan would already be 27 or 28 years old. Therefore, the thought of a young girl as beautiful as a flower marrying an old man made their hearts ache.

So, of course, Lin Deshan wasn't too happy to make this happen.

Therefore, when they saw Jiang Zhennan again this time, they really hoped that Jiang Zhennan had a girl in his heart in Beijing or that he was already married.

However, Jiang Zhennan's answer disappointed them.

Lin Deshan asked in disbelief, "Nan 'Er, why aren't you married yet? Don't tell me no one is urging you to get married?"

This was a little impossible.

Even if others didn't urge him, the Emperor would be anxious. After all, he was the emperor's favorite person.

Wouldn't it be a joke if one's own official still didn't get married at such an age?

Although Jiang Zhennan was not good with words, it did not mean that he was stupid.

Listening to the tone of Lin Deshan and the others, he knew that the two old men might have found out about his feelings for his granddaughter, but they didn't quite agree with him.

This made him feel a little sour in his heart.

He also knew that he was much older than Miss Yue 'er.

However, once a person fell into the net of love, it would be extremely difficult to struggle out.

If possible, he was also very unwilling to disrupt Miss Yue 'Er's life.

However, when feelings came, they were like flowing water. Even if there were a small gap in the wall, they would slowly seep out. After a long time, they would soak the dry land and turn it into a wetland.

However, if there were too many barriers, once it passed the barrier, it was likely to become a flood.

He was an ordinary person. Although he was silent, cold, and heartless, he still had emotions and desires.

He also yearned for a warm family.

Perhaps meeting Miss Yue 'er was his destiny and also his calamity!

But no matter what, he wanted to fight for it at least once!

For his own warmth, for his own happiness, just like a divine general on the battlefield, he had to bravely plan and fight for it.

Even if it was the greatest difficulty and setback!

It might be a little selfish, but he would never regret it!

In a short moment, Jiang Zhennan had already made a decision.

Jiang Zhennan replied to Lin Deshan firmly, " my marriage is my own decision. No one has the right to interfere!"

Lin Deshan was speechless. It seemed that Jiang Zhennan had come prepared this time.

"so, you're not going to get married? " Lin Deshan asked.

Jiang Zhennan's sharp eyes looked into the distance and he said sternly, " if I meet the right person, I will definitely get married."

Hearing this, lin deshan was a little angry. He gritted his teeth and asked, " have you found the right person? "

His eyes had already caught sight of the big broom in the corner. Once Jiang Zhennan said that the person was Lin Yuelan, he would immediately drive her out.

903 Water

However, what made him even angrier was that Jiang Zhennan just kept silent and did not speak.

Jiang Zhennan didn't say anything, so Lin Deshan had no excuse to drive him out.

He could only ask unhappily, "I say, Nan 'Er, why didn't you stay in Beijing? What are you doing in this remote mountain village?"

Doctor Zhang, on the other hand, was stroking his long beard and happily watching the show from the side.

Jiang Zhennan replied, "I'm here to discuss something with miss Yue 'er!

Lin Deshan immediately asked curiously, "what is it that you want to discuss with Lan 'Er? why did you need to travel thousands of miles from the capital to come here? Are you that free in the capital?"

A defender-general of the state actually didn't have to do anything?

How was this possible?

Even if he had nothing to do, he still had to entertain the guests, right?

Did he not need to entertain the other officials?

Jiang Zhennan pursed his lips, then said coldly, "I don't have any social engagements, and I don't know how to."

Lin deshan was speechless. He really had nothing to say.

Doctor Zhang didn't know what to say. This Jiang Zhennan really has a character.

Looking at the two old people who were speechless, Jiang Zhennan said, "Grandpa Lin, Doctor Zhang, I'm thirsty. Can I go in and have a drink?"

Lin deshan, "..."

Doctor Zhang, "..."

They really couldn't say no.

As for Jiang Zhennan, he did not wait for the two elders' reaction and walked straight into the house with great familiarity. He looked for a kettle and poured himself a glass of water.

Lin deshan, "... This brat really treated this place as his own home.

Doctor Zhang, "...” This kid is quite a blockhead.

Jiang Zhennan took a sip of water and said softly, " the water here is as sweet as ever!"

He's pushing it!

The two old men looked at each other and went in. They poured themselves a glass of water and said, " this water is really sweet!"

Jiang Zhennan, "...”

The two elders had been drinking this water every day. Didn't they feel that it was sweet before this?

The three of them drank the water in silence!

As they drank, the three of them unknowingly drank several pots of water in silence.

Among the servants, some of them knew Jiang Zhennan, while some of them had just arrived and were curious about the sudden arrival of Jiang Zhennan.

"Sister Ming Yue, who is this handsome young master?"

When Jiang Zhennan appeared as a general, he always wore a mask. Then, when he wanted to hide his identity, he could just take off the mask.

This was because, apart from Jiang Zhennan's trusted aides, only Lin yuelan and a few others knew about Jiang Zhennan's identity. Therefore, he was not afraid of exposing his identity, and he did not need to worry about exposing his identity unless his trusted aides betrayed him.

Otherwise, no one in the capital would know what the defender-general of the state looked like under the mask.

Similarly, when he returned to the Lin family Village and Taoyuan Village, other than knowing that he was Lin yuelan's friend, the villagers, and servants had no idea that he was the famous defender-general of the state.

This time, he was wearing a royal blue brocade robe that complemented his face. He looked even more handsome, and there was a hint of gentleness in his fortitude. He seemed to be more approachable.

Of course, this was just their feeling.

Ming Yue glanced at Jiang Zhennan and replied indifferently, " he's master's friend!"

"Master's friend?" The servants were even more curious. "where is this friend from? He's so handsome and resolute. I wonder what he does for a living? Sister Ming Yue, what is his job?"

Ming Yue's face turned fierce. She immediately warned sharply, " this is master's friend. Why are you asking so much? I'm warning you,"

Her sharp eyes swept over the blushing little girls, and she shouted sternly, " you shouldn't have come up with such an idea. You better put away your thoughts. Otherwise, don't blame me for not warning you when you meet the consequences!"

A few of the servants' faces immediately paled, and the hope in their eyes immediately disappeared.

Only then did they react. How could they have any ideas about their master's friend?

"Many thanks for Miss Ming Yue's reminder!"

Ming Yue was very satisfied. "alright, don't just stand here. Go and do what you need to do. When the butler comes and sees you idling around, it'd be strange if he didn't punish you!"

After hearing Ming Yue's words, the servants immediately dispersed.

When Lin yuelan returned to the Lin family Garden, Ming Yue immediately ran over and reported, " master, quickly go and persuade them. The two old masters and young master Nan had already drunk eighteen pots of water. If they continue to drink like this, won't they get sick?"

It was really strange.

Others would indulge in alcohol, but these three were filling their stomachs with water.

Since when did the water become so attractive to them?

Eighteen pots of water?

Hearing this number, Lin yuelan was obviously stunned.

The weather wasn't hot, so why did they drink so much water?

Lin yuelan nodded and said to Mingyue, "Okay, I understand. I'll go and take a look!"

"Yes!" Ming Yue left very respectfully!

After Lin yuelan settled lie Feng, she returned to the house. When she saw the three of them with another glass of water in their cups, she raised her eyebrows and asked curiously, "I've seen people compete in drinking alcohol, but I've never heard of people competing in drinking water. What is happening?"

The expressions of the three of them froze for a moment before they reacted.

Lin Deshan immediately grinned. "Lan 'Er, you're back!"

Doctor Zhang said, "We've merely found a new way to entertain the kid."

Jiang Zhennan, "... He didn't know what to say.

He didn't know how he had drunk so much water.

The two elders didn't want to lose. So was he the reason the two elders drank so much water?

Lin yuelan was speechless when she saw their expressions.

If you find any errors (broken links, non-standard content, etc..), Please let us know < report chapter > so we can fix it as soon as possible.

904 Things to Say

Hearing Lin yuelan's words, the two old men looked at the empty kettle again and were speechless. Their old faces blushed and they looked a little embarrassed.

After that, the two old men glared at Jiang Zhennan, and Lin Deshan immediately complained to Lin yuelan in embarrassment, "Lan 'Er, you're back just in time. As soon as this kid Nan entered the house, he poured water into our cups. Look, he fed us so much water without us knowing. I don't know what he is up to."

Lin yuelan became even more speechless.

However, she glanced at Lin Deshan, who was blushing, then looked at the innocent Jiang Zhennan and asked with her eyes, "how did you offend my grandfather? To mess with you like this?"

Jiang Zhennan also replied with his eyes, "I don't know either. I just came in for a sip of water, but the two old men poured the glasses of water into their mouths as if they were afraid that I would snatch the water from them."

Lin yuelan smiled and shook her head. Then, she restrained her expression and said to Jiang Zhennan very seriously, "masked uncle, this is your fault. You clearly saw that

the two elders are already so old and have drunk so much water. Why didn't you try to persuade them?"

Jiang Zhennan immediately said, " I'm sorry, it's my fault." Then, he said to the two old men, " Grandpa Lin, Doctor Zhang, it's my fault. I didn't stop you two from drinking so much water. I'm sorry."

The two old men immediately glared at Jiang Zhennan and said, " you ..." This little brat only knew how to act obediently in front of Lan 'Er.

Lin yuelan smiled and said, " alright, grandfather, Grandmaster, since the masked uncle has already apologized to you, let's not hold it against him, okay? "

Lin Deshan and Doctor Zhang were speechless. This girl, was she siding with an outsider?

Lin Deshan glared at Jiang Zhennan and immediately said in a magnanimous manner, " Hmph, since Lan 'Er has come to plead for you, we'll forgive you!"

It was obvious the two of them didn't like Jiang Zhennan and subconsciously went against him.

Jiang Zhennan could not help but smile and said, " thank you for your magnanimity, elders!"

The two old men turned their heads to the side arrogantly and snorted!

The more Lin yuelan looked at them, the more amused she became.

Didn't the two old men used to admire Jiang Zhennan?

What was going on now? The two elders didn't even look Jiang Zhennan in the eye, did they?

For a moment, Lin yuelan was still a little confused.

However, she didn't ask and said directly to Jiang Zhennan, " masked uncle, didn't you say that you were looking for me? What's the matter?"

Jiang Zhennan nodded and said, " yes."

But looking at the two elders, he was a little hesitant.

Lin yuelan immediately understood and nodded. "okay, let's go out for a walk." Then, she said to the two old men, " grandfather, Grandmaster, it's lunch break now. You should rest well!"

If it was in the past, Lin Deshan would definitely nod and let them go out, but now that he saw Jiang Zhennan's little sign, he would definitely not let Lan 'Er and Jiang Zhennan be alone.

Lin Deshan immediately said, "Lan 'Er, look at how much water your Grandmaster and I drank. Even if we sleep, we won't be able to rest well. Therefore, your Grandmaster and I will also go out for a walk and dissipate the water in our bodies. How about this, we'll go out with you guys. It'll be good to have two more companions."

Doctor Zhang agreed unconditionally, " yes, Lan 'Er. I drank a lot of water so I need to take a walk outside!"

Lin yuelan was even more speechless when she saw how serious the two elders were.

She had no choice but to say, " alright then. Grandfather, Grandmaster, you guys should go out for a walk too!" However, she thought, 'They'll definitely come back soon to use the toilet.'

Thus, they departed.

They were walking on the newly built road of the Taoyuan Village, which was now called Taoyuan road.

Taoyuan Road went from Lin Family Garden to the entrance to Lin family Village. Then, it stopped on the road to the town.

Lin yuelan predicted that she would plant peach trees and flowers on both sides of the road when the weather became warmer.

However, Jiang Zhennan was a little unhappy now.

He had planned to bond with Miss Yue 'Er these days, but there were always two... mischievous elders interrupting him.

From time to time, they would interject between him and Miss Yue 'Er, saying things like, " men and women should not be so close to each other..."

In short, they were constantly causing trouble, which gave him a headache.

Fortunately, they drank a lot of water. Not long after, their old faces turned red. They couldn't take it anymore and rushed home.

This was because the nearest toilet was in the Lin family garden.

After the two elders left, Lin yuelan raised her eyebrows and asked with a smile, "masked uncle, what is it that you need to wait for the two elders to leave before telling me? It's so confidential!"

Upon hearing Lin yuelan's question, Jiang Zhennan's footsteps suddenly stopped. Then, he walked in front of Lin yuelan.

He was almost 1.9 meters tall, and Lin yuelan, who was less than 1.65 meters, was immediately shrouded in his tall shadow.

The sharpness in his sharp eyes had disappeared and was replaced by a gentleness that flickered in his deep black eyes, as well as a persistent and deep affection.

Lin yuelan raised her head and looked into his eyes.

She was a little confused and even a little nervous and panicked.

Ever since she had transmigrated, she had never felt nervous or panicked.

However, at this moment, she had this feeling.

She had a bad feeling, so she subconsciously wanted to stop what Jiang Zhennan was saying.

She said, "you ..."

"Shh!" As soon as the word "you" came out of Lin yuelan's mouth, Jiang Zhennan immediately stretched out a finger and placed it on Lin Yuelan's lips. He said softly, "Yue 'Er, don't say anything. Let me finish first, okay?" He didn't address her as Miss Yue 'er, but rather, he intimately called her "Yue 'Er."

Listening to Jiang Zhennan's gentle voice, Lin yuelan was nervous and a little shy. She became a little lost and helpless.

She had a premonition about what Jiang Zhennan was going to say next. She wanted to interrupt him, but there was a voice deep in her heart that stopped her from doing so.

In the midst of her hesitation, Jiang Zhennan finally said what he wanted to say.

If you find any errors (broken links, non-standard content, etc..), Please let us know < report chapter > so we can fix it as soon as possible.

905 Confession

When she met Jiang Zhennan's deep and dark eyes, which were filled with some kind of persistent feelings, Lin yuelan subconsciously felt that she should stop him from saying what he was about to say, but a certain voice was preventing her from doing so.

In the midst of his hesitation, Jiang Zhennan's usually cold face was replaced with gentleness, restraint, and seriousness. He said, "Miss Yue 'Er, I don't want to lie to you, and I don't want to lie to myself either. I feel that I ... I've fallen deeply in love with you!"

As soon as he finished speaking, the whole world fell silent.

His handsome face was cold and sharp, and he looked calm as usual.

However, if one were to look closely, one would notice that his hands were tightly clenched into fists, and the veins on the back of his hands and wrists were protruding. His sharp eyes revealed a serious and careful look.

In his heart, he couldn't help but feel very nervous and even more uneasy.

He had never felt fear before.

When he was three years old, he was locked up in a small black room with rats running around. He didn't know what fear was.

After the death of his nanny at the age of six, he fled from Duke Zhengguo's mansion and wandered outside. He was hungry and met bad people. All he wanted was to live, but he had never been afraid.

When he entered the battlefield at the age of ten, he faced rivers of blood and mountains of corpses. It was the first time he killed with a big knife. The enemy's blood gushed out, dripped on his blade, sprinkled on his face, and blinded his eyes. When there was only blood in front of him, he did not show any weakness.

After becoming a general at the age of eighteen, he fell for the enemy's trap on the battlefield and was surrounded by the enemy. When defeat seemed to be a foregone conclusion, he was unusually calm and analyzed the situation that was most advantageous to him.

At the age of 24, he was poisoned by someone close to him. The poison had already attacked his heart, and he was about to face death. He had never been afraid, only the regret of letting his brothers down.

He had never felt any fear or cowardice in all the things that had happened 25 years ago.

But now, facing a child who was not even as tall as his shoulders, with fair skin and a beautiful face that had not yet fully developed, he was really nervous and scared for the first time.

He didn't know if he was afraid of Lin yuelan's rejection or if he was even more afraid that they might not even be friends in the end.

However, since he had made up his mind to fight for a chance for his warmth and happiness, he would not allow himself to retreat, even if he was afraid.

When Lin yuelan heard Jiang Zhennan's words, she was stunned at first. T

hen her little face blushed slightly for no reason. It was not known whether it was from anger or embarrassment, but there was also a feeling of waves in her heart.

However, Lin yuelan reacted quickly. She collected her thoughts and regained her composure, wanting to speak.

In the end, Jiang Zhennan's clenched fists tightened. He did not wait for Lin yuelan to reject him and said with a fluctuating voice, "Yue 'er, don't be in a hurry to reject me. Let me finish first, okay?"

Lin yuelan was stunned for a moment. Then, she nodded and said, "okay!"

Jiang Zhennan said very seriously, "I'm old and disfigured before. I'm a jinx, but you're young, beautiful, and capable. Just from this, I know that I'm not worthy of you. Anyone who sees this will say that I, Jiang Zhennan, am not worthy of you, Lin yuelan.

"However, even though I know this, I don't want to give up at all! I want to fight for my own happiness.

"Yue 'er, the first time I met you, you gave me the same feeling. It was just that, at that time, I didn't know what those feelings were. Then, I slowly let myself forget about it.

"However, the second time we met, I was on the verge of death. You were wearing light green clothes, like a little fairy. When you descended from the sky and appeared in front of me again, my heart was truly, truly shocked.

"Later on, as we slowly got to know each other, I was deeply attracted to your every move, every glance, and every smile.

"However, I know very well that I'm not worthy of you, and I might even harm you.

"So, on the one hand, I'm deeply attracted to you, and my feelings for you are getting deeper and deeper. On the other hand, I have to ruthlessly push you away because I can't harm you.

"However, only now do I know that when it comes to matters of the heart, logic doesn't have the final say. It comes from the depths of the heart and spurts out like lava, and no one can stop it.

"In the days when I left the Lin family Village, when you were no longer around me, I was tormented by my longing!

"When I decided to come and find you again, I made up my mind. No matter how old I am, no matter the result, and no matter my identity or background, I just want to give myself a chance to fight for it.

"I don't want to have any regrets in my life.

"So, I've decided to tell you how I feel.

"Yue 'er, I swear that I will really treat you well!

"In this life, I will only have you as my wife. There will be no concubines and no other women. I just want to love you and protect you.

"As long as you give me a chance!"

Lin yuelan, "..."

With Jiang Zhennan's cold personality, this was probably the longest sentence that Jiang Zhennan had said since he was born.

Yet, he was using these words to confess to her.

Lin yuelan found it funny when she thought about it.

However, when she thought about how she was the one being confessed to, she could not smile anymore.

Jiang Zhennan's eyes were tightly and seriously staring at her with persistence and affection. He did not even blink, as if he was afraid of missing the answer Lin yuelan gave him.

Lin yuelan didn't immediately respond to Jiang Zhennan. The expression on her face was serious. She only stared at Jiang Zhennan with her sharp and shrewd eyes as if she wanted to see a trace of falseness in his eyes and then use her words to end him.

However, Lin yuelan didn't see any pretense or guilt.

What she saw was a mixture of seriousness, persistence, affection, nervousness, fear, and all kinds of other expressions. For a moment, she was at a loss.

She didn't know what to do.

However, she could now think of the little things that had happened when she was with Jiang Zhennan, from the first time she was discovered by Jiang Zhennan while hiding in the big tree to the time when they held hands and ran into a big tiger in the mountains.

From the second time, under Liefeng's sincere request, she saved him in the deep mountains, to later, the two of them traveled together many times, talking about the future.

After that, he left the Lin family Village.

When he heard that she was in Qingfeng city, he immediately came to find her because he was afraid that she would be killed by the third Prince. Then, he stayed by her side to protect her until the end of the year, when they went back to their own homes.

At the same time, Lin yuelan also thought of the embarrassing incident where Jiang Zhennan had repeatedly thrown her to the ground.

She knew that he did not throw her away on purpose.

He was just afraid.

He was afraid that his contact with her would cause his jinx to harm her.

However, he was conflicted.

He wanted to have a deeper connection with her.

In the process of pushing and touching, he was deeply tormented and in pain.

Lin yuelan knew all of this.

She didn't dislike Jiang Zhennan.

In terms of age, according to her real age, she was not younger than Jiang Zhennan. In fact, she was a few years older than him. Therefore, if she really wanted to find a man, she would never find a man who was the same age as her host. It would make her feel so weird. She could not bring herself to bear with such a young husband.

Therefore, if she were looking for a man, she would definitely find one who was older than her host, who was mature, strong, and looked very secure.

Whether it was in terms of age or character, Jiang Zhennan was in line with her requirements.

Therefore, in terms of age and character, Lin yuelan didn't feel any difference from Jiang Zhennan.

However, she was born from killing and eating people. She had no family, friendship, or love. She had only killed and lived in the apocalypse, so she was indifferent to feelings.

Moreover, she had been betrayed by her lover and best friend in her previous life, causing her to suffer.

After she had transmigrated, she told herself that she didn't want to believe in love anymore.

She didn't want to believe the man's words.

However, she did not know what to do in the face of Jiang Zhennan's confession.

What kind of person would Jiang Zhennan be?

In fact, one could tell from the way he treated his brothers and subordinates.

He was affectionate and righteous.

Normally, Jiang Zhennan was not a man with a glib tongue.

He had always been a man of few words!

He always meant what he said and was very strict with himself.

To be honest, if she were to get married in this era, Jiang Zhennan would be the most suitable!

But ...

906 Dating

Faced with Jiang Zhennan's confession, Lin yuelan did not know whether to agree or not.

However, after thinking for a moment, she looked at Jiang Zhennan with a serious expression and said, " masked uncle, I don't know what kind of feelings I have for you. However, there's one thing I can't deny. I don't dislike you, nor do I hate you.

"It's just that I'm still young, after all, and I'm still confused about relationships.

"However, we can make a deal!"

Jiang Zhennan immediately blurted out, " what deal? "

Lin yuelan said very seriously, " three years! We'll set a time limit of three years. In these three years, we can try to date!"

Jiang Zhennan furrowed his brows and asked in confusion, " Date? What is that?"

Lin yuelan explained, "Dating is the relationship between a man and a woman that is one step further than that of friends. In this process, they will get to know each other, integrate with each other, and strengthen their feelings for each other. If they find no issue with each other, they will enter the process of marriage."

Lin yuelan didn't really understand the definition of love, but dating seemed to be the modern style of love.

When Jiang Zhennan heard this, his emotions immediately fluctuated, and he said with a rather excited expression, " Okay, okay, let's date first. I have no problem with that!"

As long as Lin yuelan didn't reject his good feelings, he would be willing to be in a relationship for 30 years, let alone three years.

He would use his actions to tell her that he would only have her as his woman in this life. So, even if he had to wait until the end of time, he would not turn back and would not complain.

Lin yuelan looked at the excitement on Jiang Zhennan's cold face and couldn't help but feel a little amused. There was even a sweet feeling in her heart.

However, Lin yuelan suppressed these feelings and said seriously, " I, Lin yuelan, may be an ordinary woman, but the love I want is a pair for a lifetime. The man who wants to marry me can not have concubines and even more so, a mistress. Otherwise, if I find out, I will kill all these women first, then kill the man, burn his bones, and scatter his ashes, never to reincarnate! This is the consequence of betraying me. Are you afraid?"

Jiang Zhennan said without thinking, "There's no other woman besides you! If I go back on my oath, I'll let you do whatever you want to me. Even if you turn me into ashes, I won't dare to have the slightest complaint!"

He had seen Lin yuelan's abilities before, so he made such an oath!

Hearing Jiang Zhennan's promise, Lin yuelan's lips unconsciously curved up, and then she said, "Okay, in that case, let's enter the stage of a three-year dating!"

"However, in these three years, other than me, all the women must stay three feet away from you.

"Second, if one day, you suddenly realize that you don't like me anymore or you're interested in another woman, you must tell me.

"I am not a clingy woman. I will let you go and return your freedom!

"Remember, the premise is that you're not seduced by a woman or seducing another woman when you're in love with me.

"Otherwise, I will treat you and that woman as traitors!"

Jiang Zhennan immediately said, "no, I won't have such thoughts, and I will never have any other woman!"

Lin yuelan had repeatedly emphasized that the man she was looking for must not have any other woman by his side.

For the first twenty-five years, Jiang Zhennan had no other woman. Twenty-five years later, he finally fell in love with a woman. So, other than this woman, he would not have any other woman at all.

Lin yuelan nodded and said, "Okay, from today on, we'll be in a dating relationship for the next three years!"

Three years later, she would be sixteen, and he would be twenty-eight.

Uh, Jiang Zhennan seemed to be very old.

However, as long as he was willing to wait for her for three years and pass her test, she would marry him even if he was 38 or 108 years old.

Age was not a problem!

Jiang Zhennan nodded in a daze. "alright!"

Immediately, Lin yuelan boldly extended her hand.

Jiang Zhennan looked at the fair and slender hand that was stretched out. For a moment, he was a little stunned and did not understand.

What was the meaning of this?

Lin yuelan pouted and said with a smile, "Hold hands!"

Jiang Zhennan was shocked and said in a daze, " Hold hands?"

Lin yuelan nodded and said with a smile, " yes. The beginning of a relationship is when lovers start holding hands!"

What had happened to Jiang Zhennan's brain? It had turned into a paste.

He simply couldn't believe that Lin yuelan had really accepted his confession.

Although there was a time limit of three years, to him, no matter how many years it was, even if it was forever, he was willing to wait.

And now, Lin yuelan was willing to hold his hand? They were holding hands!

Jiang Zhennan stretched out his hand in a daze, then grabbed Lin yuelan's hand and held it tightly. He was afraid that Lin yuelan would change her mind once he let go.

Perhaps he had used too much force, but Lin yuelan's small hand immediately turned red from his grip.

Lin yuelan unconsciously shouted, "It hurts!"

Jiang Zhennan immediately woke up. By the time he reacted, the palm, the back of the hand, and the wrist that he was holding had immediately turned red.

He immediately felt vexed and apologetic, and his heart ached as he said, " I'm sorry, I'm sorry. I must have hurt you. I ... I didn't do it on purpose!"

After saying that, he rubbed the back of her hand with his calloused hand and blew on it from time to time.

The vexation on his face and the heartache in his eyes made Lin yuelan feel a little sweet.

It seemed a little out of place for such a rough man to use such gentle movements.

She said, " alright, masked uncle. I'm fine. It doesn't hurt anymore."

As she spoke, she wanted to withdraw her hand, but Jiang Zhennan quickly grabbed it back.

He continued to rub it gently.

People who didn't know would think that a man was taking liberties with a young lady.

After the red color on Lin yuelan's hands slowly receded, Jiang Zhennan changed his grip to holding hands. He asked, " it doesn't hurt now, does it? "

Lin yuelan nodded and replied, " yes. It doesn't hurt anymore, masked uncle!"

When Jiang Zhennan heard Lin yuelan still calling him " masked uncle, " he felt a little uncomfortable. He frowned slightly, then said carefully, " Yue 'er, can we discuss something? "

Lin yuelan nodded and replied, " yes. What's the matter?"

Jiang Zhennan said, " can you not ... Don't call me masked uncle anymore?"

Hearing his fiancée call him 'uncle' always reminded him of the gap between their ages. It always made him feel that he was old.

Jiang Zhennan suddenly did not know what to do. His ears turned

Lin yuelan understood Jiang Zhennan's thoughts, but she still asked with a smile, " why? I think this masked uncle is quite good. Besides, didn't I call you masked uncle every time we met?"

Jiang Zhennan suddenly did not know what to do. His ears turned red, and he stuttered, "hearing you call me that, I ... I-I just felt ..." He felt that he was old. "I ... I don't like this!"

Lin yuelan nodded and said in understanding, " Oh, I see! Alright then! I'll just call you big brother Nan. How about that?"

Jiang Zhennan said in a daze, " I ... I prefer to hear you call me Zhennan!" He had seen other couples call each other by name. Therefore, he also wanted Lin yuelan to call him by his name.

Lin yuelan shook her head and said, " no! It's better to call you big brother Nan. You're the general of a country. If a little girl like me were to call you by your name and your subordinates were to find out, it would definitely have a negative impact on you."

Jiang Zhennan immediately said sternly, " I'll see who dares to have any objections!" If his woman didn't call him by his name, who had the right to do so?

Lin yuelan shook her head and said, " well, how about this? In front of outsiders, I'll call you big brother Nan, and in private, I'll call you Zhennan. Is that okay? "

Although she was not married to Jiang Zhennan, if there were no accidents, she would marry Jiang Zhennan.

Jiang Zhennan couldn't change Lin yuelan's mind, so he could only nod and say, " alright! However, from now on, I'll call you Yue 'er, and it's my special address for you alone!"

Lin yuelan nodded without any objection and said, " yes. In the future, only you are allowed to call me Yue 'er. Similarly, only I can call you big brother Nan."

The others would either call him general or brother Jiang, but brother Nan was such an intimate name. During their relationship, she was the only one allowed to call him that.

"Alright!" Jiang Zhennan replied seriously. He remembered in his heart that "brother Nan" was a form of address that only belonged to Yue 'er.

After confirming their relationship, Lin yuelan didn't plan to hide it from the two elders at home.

Therefore, she held Jiang Zhennan's hand and returned to Lin's family garden.

She did not know how much of a shock this would cause the entire Lin family garden!

907 Meeting the Parents

When Lin yuelan and Jiang Zhennan returned to Lin's family garden hand in hand, everyone was in shock.

Especially Lin Deshan and Doctor Zhang. They almost fell out of their seats when they heard the news.

A moment later, they beat their chest and stomped their feet, wailing, " we've only been separated for a short time, and our girl has been taken away by a Big Bad Wolf. If we had known earlier, we would definitely have endured it and not let that Big Bad Wolf have a chance to take advantage!"

Then, the two old men looked at each other with regret and helplessness!

Lin Deshan asked Doctor Zhang in confusion, " Brother Zhang, why does this girl like him? "

The age difference was too big.

It was impossible for Lin yuelan to take a fancy to Jiang Zhennan's identity as the defender-general of the state.

Based on their understanding of Lin yuelan, she wasn't the kind of child who would covet wealth and power.

Therefore, there could only be one reason.

Lin yuelan had really seen something good in the man.

The two old men looked at each other and sighed helplessly again.

Doctor Zhang said, "forget it, forget it. As long as the girl is happy, anything is fine!"

Even if the girl had taken a fancy to any Tom, Dick, or Harry, they thought that the girl had her reasons for taking a fancy to them. Furthermore, the person she had taken a fancy to was not just any ordinary man.

"Yup, I know. As long as the girl is happy." Lin Deshan could only nod in agreement. "besides, the person she likes is not an ordinary person. He'll definitely protect her well. We should trust the girl's judgment."

This time, Doctor Zhang nodded in agreement. "that's right. I believe in the girl's eyes. That Nan kid will not let her down."

After that, the two of them fell silent.

At this moment, Lin yuelan and Jiang Zhennan came to them, hand in hand.

When Lin yuelan saw the two old men's dejected expressions, she pouted. After exchanging a glance with Jiang Zhennan, Lin yuelan smiled and called out, "Grandfather, Grandmaster!"

After that, Jiang Zhennan also immediately called out, "Grandfather, Grandmaster!"

Hearing Lin yuelan, although the two old men felt a little awkward, they were still happy.

However, when they heard Jiang Zhennan greet them, their faces immediately turned black. They snorted at Jiang Zhennan, then turned to Jiang Zhennan and said sternly, "We don't dare to be your grandfather or Grandmaster. You should just address me the way you used to!"

Jiang Zhennan, of course, knew the two elders. Because Lin yuelan had some complaints about him, he could not possibly hold it against them. Besides, they were elders, so it was even more impossible for him to hold it against them!

However, Jiang Zhennan said with conviction, "you're Yue 'er's grandfather and Grandmaster, so you're my grandfather and Grandmaster!"

Lin Deshan and Doctor Zhang's faces turned even darker.

Lin Deshan immediately snorted again, "Grandfather? I don't dare to be your grandfather!"

Jiang Zhennan immediately introduced himself seriously, "grandfather, Grandmaster, my name is Jiang Zhennan. I am the eldest son of Duke Zhengguo's mansion of the Long Yan Kingdom and also the defender General of the kingdom."

Uh, he mentioned these two identities.

However, he seemed to have no other identity to introduce other than these two.

However, the next moment ...

"I'm dating Yue 'er now!" Jiang Zhennan added.

The two old men were confused.

"Dating? what do you mean?" lin deshan asked.

Jiang Zhennan said directly, "It means we're together on the premise of marriage!"

Lin yuelan couldn't help but admire Jiang Zhennan's intelligence.

She had only briefly introduced the meaning of dating, but this person was able to draw inferences from one case.

However, the two old men's faces could not be described as black anymore. They were angry.

Lin deshan shouted angrily, "bastard! The girl is only thirteen years old, not yet of marriageable age, and you want to abduct her to get married? You ... You ..."

Doctor Zhang's face was also filled with anger, but he was not as impulsive as Lin Deshan. He asked, "Nan kid, the girl is only thirteen years old. Are you thinking of ..."

Of course, Doctor Zhang couldn't bring himself to be so direct, but everyone understood what he meant.

This time, it was Lin yuelan's turn to have a dark expression. "..."

Jiang Zhennan shook his head tactfully. "of course not now. I will wait for Yue 'er to reach marriageable age, wait for Yue' er's 16th birthday, I will have eight palanquins and will take Yue 'er as my wife! She's the only woman in my life, a pair for the rest of my life!"

Eight palanquins were the highest standard and most grand ceremony at a wedding.

Lin Deshan choked when he heard Jiang Zhennan's words.

He really didn't know how to refute Jiang Zhennan's words.

However, regarding the matter of Jiang Zhennan marrying his granddaughter, he was still slightly relieved.

Jiang Zhennan's heavy promise was known to the world!

Therefore, at this moment, they were not worried that Jiang Zhennan would go back on his word about the marriage.

Doctor Zhang immediately said sternly, "Nan kid, don't forget your promise today. If one day you go back on your promise, I'll make you pay a certain price even if I have to risk my old bones!"

Lin Deshan immediately said, "me too! If one day you go back on your promise and marry another woman, making my girl sad, I will also fight with my old bones to seek justice for my granddaughter!"

Jiang Zhennan immediately said in a serious tone, "Grandfather, Grandmaster, don't worry. That day will not come. If I, Jiang Zhennan, go back on my promise, even if my bones are ground to dust and I disappear into thin air, I will not complain!"

Lin Deshan and Doctor Zhang immediately stared at Jiang Zhennan seriously for a moment and then said sternly, "I hope you can remember what you have said!"

Lin yuelan didn't interrupt their conversation.

As for whether Jiang Zhennan could get the approval of the two elders, he would have to rely on himself.

If he didn't take action, it would be useless no matter how many good words she said in front of the two elders.

However, seeing that the three of them were almost done talking ...

Lin yuelan rolled her eyes and walked over. She pulled the two elders with each hand and said with a smile, "Grandfather, Grandmaster, do you think that I will be at a disadvantage? Besides, if Jiang Zhennan really let me down one day, I can crush his bones and scatter his ashes alone. He will regret being born in this world."

Lin Deshan and Doctor Zhang's eyebrows twitched.

This girl ... This was really violent!

Haha, they really didn't need to worry.

908 Unaffected Rumors

When Lin yuelan and Jiang Zhennan went home hand in hand, not only were the people in the Lin family garden shocked, but the people in the neighboring Lin family Village also saw the intimate relationship between the two.

Immediately, all kinds of discussions and rumors flew around.

Liu Liujiao didn't know what kind of luck she had, but she seemed to run into everything. She went to the toilet and saw Lin yuelan and Jiang Zhennan holding hands as they went home.

Her sharp and mean face revealed a disdainful and contemptuous expression as she said contemptuously, "Pfft! I knew that the girl and the man who suddenly appeared in her house had an unclear relationship. Hmph, holding hands in public right now, do you still have any shame?"

However, she immediately rolled her eyes and seemed to be thinking. She said to herself, " I must let everyone know about this news. That wretched girl is really a shameless lecher."

Liu Liujiao was a Blabbermouth.

Lin Yuelan had taught her a lesson so many times, yet she still didn't learn.

Liu Liujiao ran into someone and yelled, "Aiyaya, big news, big news!"

The villager she was holding back said to her in a bad mood, " alright, let go of me first. What's the big news? Just tell me, why are you pulling me?"

Liu Liujiao lowered her hand in embarrassment. Then, she said to the man mysteriously, " Feng, guess what I just saw? "

The woman named Xiao Feng said unhappily again, "How would I know what you saw? It's up to you whether you want to say it or not. I'm busy, and I don't have so much time to chat with you."

Now, every family was busy preparing for the spring plowing, so they didn't have time to chat on the road.

Liu Liujiao did not beat around the bush. "I saw that wretched girl holding hands with a man just now. Aiyaya, don't you think it's embarrassing in front of so many people? Besides, that wretched girl wasn't even of marriageable age yet, and she just ..." as she said that, she looked around, covered her mouth, and continued, "she's so lewd. Don't you think so?"

When the person named Xiao Feng heard this, she was shocked. Then, she looked around in fear and said to Liu Liujiao angrily, "Liu Liujiao, I don't have any grudges against you, do I? Why are you trying to harm me?"

Confused, Liu Liujiao said angrily, "hey, Xiao Feng, don't spout nonsense. How have I harmed you?"

Xiao Feng said impolitely, "you still say you didn't harm me? Who in the Lin family Village didn't know that they could badmouth anyone but that girl? Don't you know that there are little ghosts around us? It's fine if you don't learn your lesson, but I can't afford to offend that girl! So, you'd better say those words to someone else!"

After saying that, she left in a hurry.

She didn't dare to stay in front of Liu Liujiao for even a second.

With Xiao Feng's reminder, Liu Liujiao suddenly remembered that Lin yuelan was extremely capable, and nothing that happened in the Lin family Village could escape her eyes.

Liu Liujiao was a little scared. Her eyes darted around, but she didn't find anything strange. She immediately felt relieved.

But very quickly, she returned to her old ways. When she saw people, she would pull them and say that Lin yuelan was holding hands with a man in broad daylight and that she was shameless and promiscuous.

In less than half a day, almost everyone in the Lin family Village knew that Lin yuelan and a man had shamelessly held hands in broad daylight.

However, if this had happened in the Lin family village in the past, they would have thought that it was an offense against public morals and would try to drown her in the pond.

In fact, this had happened before. However, things didn't turn out the way they wanted. Instead, a few elders were killed. The loss of a few elders was a severe blow to the Lin family Village. Not only that but the reputation of The Jinx was also pinned on Lin Laosan's family.

However, Lin yuelan was no longer a member of the Lin Family Village. She had led her family out of the village. She was now the village chief of Taoyuan Village.

There was only one big family in the village, and she was the head of the family. Therefore, no matter what she did, no matter how outrageous, how shameless, and how immoral she was, no one could control her.

Therefore, if the people of the Lin family Village couldn't stand it, they could ask the people of Taoyuan Village to punish Lin Yuelan. If they didn't have the guts, they should be quiet.

Now, everyone knew that anyone who went against Lin yuelan would not have a good end.

Can't you see?

Even though Lin laosan's family was Lin yuelan's closest relative, they were now in such a state.

As for those who were not related to Lin yuelan, there was no need even to mention them.

Therefore, even if Liu Liujiao spread the news of Lin yuelan's scandalous love, the people of the Lin family Village only scoffed at her behind her back. They didn't dare to gossip in front of Lin yuelan or even the servants in the Lin family garden.

Lin yuelan was aware of the rumors about her in the Lin Family Village.

However, as long as they didn't specifically come to taunt her, she couldn't be bothered to care.

At this moment, she and Jiang Zhennan had just fallen in love. Although they were not deeply in love, they had a tacit understanding and were talking to each other.

The two of them came to the side of the reservoir. When Jiang Zhennan saw the structure of the reservoir, his eyes immediately lit up.

He asked curiously, " did you catch that big black snake from here? "

Lin yuelan replied, " that's right! It's winter, but it didn't find a cave to hibernate in. Instead, it chose to hide in this pool."

Jiang Zhennan nodded and said, " that big black snake really knows how to find a good place." He then asked, "Can this reservoir be built anywhere? "

Lin yuelan said, "It depends on the geographical situation."

Jiang Zhennan nodded and said, " Oh."

However, Jiang Zhennan quickly remembered that he had come to find Lin yuelan not only because he missed her but also because of another important matter.

However, if this matter was not handled properly, it was very likely that it would anger Lin yuelan or even make her feel disgusted.

Therefore, while he wanted to discuss it with her, he didn't dare to speak casually.

However, he also knew that Lin yuelan hated it when people lied to her.

Therefore, he could only tell the truth.

He suddenly turned to Lin yuelan with a serious expression and said, " Yue 'er, I have something to tell you. When you hear about this, don't be angry, okay?" When he said this, one could clearly see the uneasiness on his face.

Lin yuelan didn't answer him. He didn't know if she was angry or not.

She asked, "Then tell me first. What exactly are you trying to say? "

Jiang Zhennan immediately rubbed his hands nervously and said uneasily, "This ... This ..."

If you find any errors (broken links, non-standard content, etc..), Please let us know < report chapter > so we can fix it as soon as possible.

909 I agree

Jiang Zhennan was really a little uneasy about what he was about to say. He was a little afraid that once he said this, Lin yuelan would mistake him for having ulterior motives.

At that time, who would he go to cry to?

Lin yuelan looked at his slightly uneasy expression and squinted her eyes. Then she said, " big brother Nan, what is it? just tell me directly. I won't do anything to you."

In fact, she already had an idea in her heart.

However, it was also a pleasure to look at Jiang Zhennan's cold face with so many different expressions.

In the end, Jiang Zhennan took a deep breath and said, " Yue 'er, I mentioned to His Majesty before the new year that I learned from you how to increase the yield per mu of

land. Then, after the new year, he ordered me to secretly use my country estate for experiments. After it was confirmed to be effective, he would promote it nationwide!”

The reason why the Emperor wanted to do this was that he was afraid that the officials would question him and the people would not be willing to do it. Therefore, a demonstration was needed to shut those people up and give the people hope.

After Jiang Zhennan said this, he immediately said carefully, “Yue ‘er, I ... I ...”

He had already given over 1000 mu of land to Lin yuelan.

Therefore, Lin yuelan’s permission was required to use these fields.

However, he was worried that Lin yuelan would suspect that he had ulterior motives.

As expected, Lin yuelan’s expression changed, and she sternly asked, “ you ... What do you want? Are you going to take back the 1000 mu of land?”

Jiang Zhennan’s expression changed immediately. He panicked and was very uneasy. He immediately explained, “No, no, how can I take it back? ”

When Lin yuelan heard this, she asked sharply again, “If you don’t take them back, what about the Imperial Order? You must know that your country estate was bestowed to you by the Emperor. He is very clear about what kind of land you have!”

Jiang Zhennan said, “Although the Emperor ordered me to carry out a secret farming experiment, he also casually said that he would use my country estate. However, it’s not necessary to use my country estate. I can borrow other country estates, as long as it’s done in secret. After that, I’ll explain everything to the Emperor. I believe that the Emperor knows that I’m using these country estates to repay your kindness in saving my life and won’t be too calculative. But ...”

Jiang Zhennan said very seriously, “ so, Yue ‘er, I really like you. I don’t want you to be suspicious of me and feel estranged from me because of this. Please believe me, okay?”

When he said this, his attitude was somewhat humble and uneasy.

He carefully looked at Lin yuelan’s face with a nervous expression.

Lin yuelan asked in a serious and confused tone, “If you really don’t want to use your country estates for the experiments and want to find other country estates for the experiments, you can choose not to tell me at all. Then why are you still telling me?”

Jiang Zhennan looked at Lin yuelan’s expression carefully and said, “ Yue ‘er, I don’t want to lie to you. The reason I’m telling you this is that I want your help! Although we

were involved in farming, there were still many things that we were lacking and unclear about, and we needed your guidance. However,”

Jiang Zhennan immediately let go of his feelings and said to himself, “Yue ‘er, if you’re not willing, don’t force yourself to agree with me. Because I don’t like it when you’re unhappy, compared to those experiments on farming and whatnot, your happiness is more important.”

Lin yuelan suddenly realized that this cold, fierce, and reticent general was now spouting sweet words one after another.

Although these words were not sweet nothings, they were the most touching.

If she were a little girl who didn’t know much about the world, she would definitely be confused by his words.

She looked like a little girl on the outside, but she was an Auntie on the inside.

Even an old lady like her felt a little sweet when she heard these words.

Of course, she could now tell whether Jiang Zhennan’s words were true or false.

Seeing Jiang Zhennan’s anxious and worried expression, Lin yuelan decided not to tease him anymore.

She smiled and said, “Alright, I agree with your request. Those country estates of yours will be used as the imperial family’s agricultural experimental base.”

When Jiang Zhennan heard this, he felt a burst of excitement. He held Lin yuelan’s hand and did not know what to do.

He said emotionally, “Yue ‘er, thank you, thank you!”

This was related to the people’s livelihood. Whether it was for public or private reasons, he really hoped that Lin yuelan would agree.

However, Lin yuelan stopped him from thanking her. She said very seriously, “don’t be in such a hurry to thank me. Since I’m working for the imperial family, I don’t want to work for nothing.” If it were only for Jiang Zhennan, she would not have to consider these things.

However, she would not let the royal family off so easily.

Jiang Zhennan asked, “Then, Yue ‘er, what do you want? ”

Lin yuelan said, " I want 50% of the total harvest! 30% to you, and the remaining 20% to the Emperor!"

Jiang Zhennan immediately decided, " no problem!"

These country estates were originally his way of repaying her, so they were her personal property.

There would be no problem for her to take all of the harvests.

Moreover, he had already given the Emperor 20%, so that was part of his promise completed.

Jiang Zhennan subconsciously ignored Lin yuelan's words that 30% would be his.

In his understanding, what was his was also hers, so the 30% naturally belonged to Lin yuelan.

Lin yuelan was very satisfied with Jiang Zhennan's reply.

However, a thousand mu of grain may be a great temptation to the Emperor. With his suspicious mind, no matter what, the Emperor would not let Lin yuelan take all fifty percent. In addition, she had a relationship with Jiang Zhennan. Even if the Emperor trusted Jiang Zhennan, he might suspect that Lin Yuelan had ambitions.

Lin yuelan continued, " if the Emperor wants the extra grains, he can use silver to buy them! Also, I really don't want the Emperor to interfere with my business."

Jiang Zhennan immediately replied, " alright, I will let His Majesty know about this.

Even if she didn't say it, he wouldn't let the Emperor interfere in her Affairs.

After all, Lin yuelan had many secrets. He had to protect her and everything about her.

Lin yuelan nodded and said, " that's fine. There are no problems for now. If there's a problem in the future, then we'll solve it later."

Jiang Zhennan held Lin yuelan's hand excitedly and said, " Yue 'er, thank you so much!"

Lin yuelan smiled and said, " since you want to thank me, you must remember this. In the future, when the daughters of the capital's noble families and Royal princesses find out your true appearance, you must remember to stay far away. Otherwise, I'm going to cut that scar back into your face!"

These words were full of possessiveness!

Although Jiang Zhennan had the fate of a jinx, it was hard to guarantee that people would not fall into a love-struck infatuation when they saw his face.

Jiang Zhennan's cold face was filled with a pampering smile as he said, " I will obey Yue 'er's orders!"

He didn't have a woman in the past, and now he had Yue 'Er. In the future, he would only have Yue 'Er!

910 The Arrival of Guo Bing and The Others

Six days after Jiang Zhennan arrived at Taoyuan Village, Guo Bing and the others also arrived at Taoyuan Village.

As soon as they arrived, they heard that Lin yuelan had created a village by herself, called Taoyuan Village.

They were so shocked that their jaws almost fell off.

They knew that Lin yuelan was very powerful, but they didn't expect her to be that powerful.

It was truly an unprecedented and shocking feat for her to start an independent village.

When Guo Bing heard the news, he looked at Jiang Zhennan in surprise and asked, " boss, will Taoyuan Village accept outsiders? "

Tao Yuan Village, Tao Yuan Village ... As soon as he heard the name, Guo Bing knew that Lin yuelan was definitely going to turn the Tao Yuan Village into a paradise.

Therefore, he actually wanted to settle down here.

Jiang Zhennan said, " you can ask Yu 'er directly."

In fact, when he said this, he already had a plan in his heart. He would settle down in Taoyuan Village in the future.

Of course, with his and Guo Bing's identities, it was impossible for them to settle down as ordinary farmers. They could only settle down with other identities.

Guo Bing nodded and replied, " Oh, I can ask Miss Lin directly. I believe that Miss Lin will definitely make Taoyuan Village a unique village. This won't do, I must ask Miss Lin

if I can settle down here. If there's an opportunity in the future, I'll bring my parents here."

Jiang Zhennan, "..."

He had thought of his parents before Yue 'Er even said anything.

However, when Jiang Zhennan saw the happy smile on Guo Bing's face when he talked about his parents, he could not help but feel a little touched and envious.

He suddenly wanted a home.

A home where Lin Yuelan and their children would surround him whenever he came home.

Jiang Zhennan was looking forward to the happy home he would have after he married Lin yuelan three years later.

Guo Bing didn't notice the look of anticipation on Jiang Zhennan's face, and he rushed to find Lin yuelan in a hurry.

Little three, little six, and little twelve also had looks of anticipation on their faces.

Although they were born in the countryside and had a family before, they had become orphans when they followed Jiang Zhennan.

Therefore, now that Guo Bing mentioned they could settle down at this time, a touch of anticipation and hope immediately appeared in their eyes.

In the future, could they also settle down in Taoyuan Village?

Soon, the four of them rushed over. They didn't even have time to rest. They couldn't wait to get an answer from Lin yuelan.

Jiang Zhennan looked at the back of his subordinate and nodded slightly. Then, he followed behind them and also went to find Lin yuelan.

Guo Bing found Lin yuelan in the backyard.

But when he saw what Lin yuelan had done, he was shocked.

It was because Lin yuelan seemed to be teasing the big black snake.

Lin yuelan was holding a live rooster in her hand. One moment, she moved in one direction, and the next moment, she moved in another. The black snake seemed to want to break open the iron cage and snatch the rooster, but it seemed to be useless.

He immediately approached Lin yuelan curiously and carefully. Then, he looked at the big black snake as thick as a big bowl in the cage in front of him and asked in surprise, "this ... Is this a snake? Why is it so big? Where did you get it?"

When the people behind saw the big black snake that was as big as a sheep, they were also curious and a little frightened. They asked in surprise, "Is ... This a snake?"

Lin yuelan didn't look at them. She just said indifferently, "I caught it from the pond."

"A pond?" Guo Bing said in surprise, "I thought you caught it from the mountains. However, what kind of pond would have such a huge snake? Oh, right, it's winter. Don't snakes usually hibernate? Why would it hibernate in the pond?"

Hibernating in the pond would be even colder, right? was this snake stupid? wasn't it afraid of freezing?

It was unknown if it was a coincidence or if the big black snake could really understand their words, but its sharp Snake Eyes stared at them fiercely as if it was going to pounce on them at any time.

Lin yuelan didn't answer them. She just turned around, raised her eyebrows, and asked indifferently, "Why did you come here?"

Only then did Guo Bing and the others react. They immediately greeted Lin yuelan with joy and respect, "Miss Lin!"

Then, Guo Bing said, "The boss said that he... he was coming here. We simply packed up and immediately followed the boss."

Lin yuelan nodded, "Oh."

Guo Bing immediately pointed at the big black snake and asked, "Miss Lin, what's up with this big black snake? Did you catch it?"

Jiang Zhennan walked over from the back and went directly to Lin yuelan's side. He held her hand and said to his subordinates, "What else could it be? of course, it was Yue 'er who caught it. Do you have any doubts?"

Guo Bing and the others were so shocked that their mouths were wide open that an egg could be stuffed in.

What was going on?

The boss was holding Miss Lin's hand in front of them so openly?

Wasn't Miss Lin even the least bit displeased?

Could it be that something terrible had happened in the few days that they had missed?

When Guo Bing reacted, he still pointed at the place where the two of them were holding hands and asked, "boss, you ... What are you doing?"

Jiang Zhennan grinned and said, " I'm dating Yue 'er!"

"Boss, what's dating? " a few of them asked in confusion.

Jiang Zhennan explained to Guo Bing and the others the meaning of dating in the same way that Lin yuelan had explained to him.

However, Guo Bing still couldn't believe that the boss and miss Lin had really gotten together so quickly.

Previously, although they had tried to matchmake the boss and miss Lin, with Miss Lin's ability and age, no matter how they thought about it, she wouldn't be with the boss. Or perhaps she wouldn't agree so quickly.

After listening to Jiang Zhennan's explanation, Guo Bing asked in a daze, " boss, did something happen that we don't know about? Otherwise, why would Miss Lin agree to be with you?"

Jiang Zhennan's face turned fierce, and he asked coldly, " Guo Bing, what are you saying? "

After Guo Bing realized that he had foolishly offended Jiang Zhennan, he immediately shook his head and explained, "Nothing, nothing."

Then, he immediately came forward with a cheeky smile and said, " I mean, as your brother and subordinate, I'm really happy that you're with Miss Lin. I'm really happy. Don't you guys agree?" He was asking little three and the others.

Little Three and the others reacted and quickly echoed, " yes, yes, we're all happy that you and miss Lin are finally together. We wish you all the best!"

'What are these brats talking about? what do they mean by I'm finally together with Miss Lin?'

Finally ...

Uh, it didn't seem to be wrong.

He had been waiting for this day ever since he met Lin yuelan.

Read The Village Girl Who Jinxes Her Husband Is Filthy Rich - Chapter 911 - 911 Free Helper

911 Free Helper

After Guo Bing and the others learned that Jiang Zhennan and Lin yuelan were together and that they would have to wait for another three years before getting married, they were very excited and wished them well, " boss, Miss Lin, you two will definitely be happy together, and you will be happy for a long time! You'll grow old together!"

In Guo Bing's eyes, the destiny of a jinx was all of it was bullshit.

If Jiang Zhennan was really a jinx, why was the whole family of Duke Zhengguo's mansion still so active and plotting against him one by one?

If Jiang Zhennan was really a jinx, then why did he become the defender-general of the Long Yan Kingdom and The Guardian of the people? Wasn't he the one who came to destroy this country?

There was also Lin yuelan. Lin yuelan was kind enough to give a bowl of water to the Daoist priest to drink. Guo Bing didn't know what the Daoist priest was thinking. He actually said that she would bring misfortune to her husband.

What jinx? She was still young and unmarried. How can you say that she would jinx her husband?

He knew that it was a rumor created by the Lin Family Village.

These people had really gone too far.

Lin yuelan was so young and had never done anything outrageous, but they called her so many bad names.

They even tried to kill her, especially those so-called relatives of hers. They had no humanity at all and wanted to kill her secretly.

They were really a bunch of unreasonable people.

Hmph, he was just going to sit back and watch as those people were slapped in the face.

He believed that in the future, Jiang Zhennan and Lin yuelan would definitely live well and happily for the rest of their lives.

Guo Bing didn't know why, but he just had this kind of confidence.

Jiang Zhennan and Lin yuelan did not know about Guo Bing's deep thoughts.

However, the two of them had received the blessings of Guo Bing and the others. Jiang Zhennan believed that he and Lin yuelan would definitely have a good relationship.

..

The arrival of Jiang Zhennan and Guo Bing increased the liveliness of Lin's family Garden.

All the servants in Lin family garden knew that the people who came later were friends of their future master.

However, these people didn't put on any airs and were friendly with them.

With the arrival of spring, everyone in Lin's family garden was even busier.

Lin yuelan was also preparing to plant those that needed to be planted, especially the various fruit trees.

Lin yuelan had specially set aside an area to plant some rare fruits on the mountains she had bought. The rest were planted with apples, pears, bananas, oranges, and other common fruits. There was the issue of difference in climate but this was not a problem for Lin yuelan at all.

Of course, Lin yuelan's main point was to plant grapes.

That was because she wanted to make wine.

For this reason, Lin yuelan had specially carved out a mountain top to plant grapes.

Previously, Lin yuelan had planned to plant these grapes in the fields. However, if she wanted to make pure and delicious wine, it was better to plant grapes in the mountains.

Therefore, everyone in Lin's family garden was really very busy.

This was because to plant these things, the first thing to do was to clean up some of the miscellaneous trees and weeds in the mountains. Then, they would turn the soil and plant the seeds.

It would be a huge project for anyone to do this for all four mountains.

The work in the fields could not be neglected either.

Therefore, although there were many people in the Lin family garden, it was still not enough. Lin yuelan asked Lin Dawei and his son to go to other villages to recruit workers.

Even the two old men were not idle. They followed the crowd to cut trees, pull grass, and dig holes in the mountain.

Lin yuelan didn't stop them from training their bodies.

While they were eating, Guo Bing asked curiously, "miss Lin, how much wine can you make with these grapes?"

In the past, they called the grapes purple crystal fruit or green crystal fruit. But now, they were all calling them grapes like Lin yuelan.

Lin yuelan replied indifferently, "I don't know either."

Just as Guo Bing and the others were feeling a little regretful, Lin yuelan added, "There should be at least ten thousand pots."

Guo Bing and the others were stunned. "More than ten thousand pots?!" How long would that last them?

Hehe, Guo Bing seemed to have never thought that this wine was not only for them to drink but also for sale.

If you find any errors (broken links, non-standard content, etc..), Please let us know < report chapter > so we can fix it as soon as possible.

912 Free Helper

One must know that all this wine was money.

It would be such a waste if they drank it all.

Lin yuelan nodded and said, "yes."

Then, she thought for a moment and said, "I will separate these wines into special grade, top grade, middle grade, and bottom grade wines.

"What do you mean?" Guo Bing asked curiously.

Lin yuelan said, "special wine is what you call the imperial family's tribute. It's specially brewed for the imperial family. First-grade wine is the treatment that high-ranking officials and nobles with money and power can enjoy. Medium-grade wine and low-grade wine are generally wines that can be bought."

After hearing Lin yuelan's explanation, everyone understood what she meant.

However, they still did not understand.

Lin yuelan continued, " of course, I will sell all these wines in limited quantities! The rarer an item is, the more valuable it is!"

"Profiteers, profiteers!" Guo Bing immediately exclaimed.

Jiang Zhennan immediately rolled his eyes at Guo Bing as if he was warning him.

Guo Bing immediately touched his nose and laughed in embarrassment. "ah, I mean, miss Lin is really a business genius."

Lin yuelan just rolled her eyes and ignored Guo Bing's reaction.

Lin Deshan glared at Guo Bing and said, "Naturally. Don't you know whose granddaughter she is? "

"Yes, yes, old master Lin. Miss Lin is your good granddaughter." Guo Bing immediately tried to flatter him.

At this moment, the housekeeper rushed in from outside and reported to Lin yuelan, " master, there are a few people from the Lin family Village outside. They want to see you!"

Lin yuelan asked, "Did they say what's the matter? "

The Butler said, " they said that they heard that you needed manpower to open up the barren mountain. They are here to help."

They said they were helping, but in fact, they wanted Lin yuelan to hire them to work.

Lin Yuelan had already hired those from the Lin family Village who didn't care about her jinx reputation.

So, these people who came now, hehe ...

Lin Deshan was a little unhappy. He said in a slightly chiding tone, " Butler, didn't you tell them that we don't need more people here? "

Lin Deshan was, of course, angry at the Lin family villagers.

These people were selfish, greedy, shameless, and despicable. Most importantly, their hearts were very evil. They did not pity or sympathize with a child who had not hurt them in any way. Instead, they hit her when she was down.

The Butler replied, " old master, the one outside is ... It's Lin sanniu's family."

It was because of their special identities that the Butler was hesitant.

Lin Deshan said sternly, " so what if they are? The girl no longer had anything to do with them. Could it be that they still wanted to use this as an excuse to pester her? go and ask them if they had forgotten that the girl no longer needed to be filial to them. Lin Deshan and her Grandmaster, Doctor Zhang, are the people that this girl wants to be filial to.

"Go, send them away."

Lin Deshan was a protective person. He didn't care who Lin sanniu's family was. To them, they had nothing to do with Lin yuelan.

In the past, they could suppress Lin yuelan, coming to make trouble every two or three days. Now, Hmph, if they came to make trouble again, they would directly report them to court.

So, now, lin deshan would not have any scruples.

The Butler said helplessly to Lin Deshan, " old master, Chen Xiaoqing said that his youngest son is being treated by Doctor Zhang. They have to repay Doctor Zhang no matter what. Doctor Zhang is master's Grandmaster, so they heard that the Lin family Garden is short of manpower, so they said that they would come to help." These words were really reasonable. The Butler really couldn't drive him away, so he came to report.

Lin Deshan was still unhappy.

He only said, "They were the ones who shamelessly begged Doctor Zhang to save the son, so we don't need any repayment from them. Go and send them away."

He had not forgotten how Lin Sanniu said that he wanted to help at the girl's greenhouse. In the end, he was the Yan family's traitor.

Who knew what bad intention he was thinking this time?

If you find any errors (broken links, non-standard content, etc..), Please let us know < report chapter > so we can fix it as soon as possible.

Therefore, Lin Family garden must not accept this family,

Hearing the old master's words, the Butler immediately knew how to send those people away.

“Alright, I’ll send them back, ” he said.

After he finished speaking, he turned around and walked out of the door.

“Wait, ” Lin yuelan stopped him.

The others looked at Lin yuelan in confusion.

Lin yuelan said to the Butler, ” go and tell them that they can come and help. I will only take care of their three meals, but I will not pay them. They also have to put their thumbprints on a contract. If they accept the conditions, then come. If they can’t, then go back to where they came from.”

Lin Deshan was confused. “girl, this ...”

Lin yuelan smiled and said, ” don’t worry, grandfather. They are cheap labor sent over, so it would be a waste not to use them. What we lack the most right now is manpower.”

Lin Deshan was still a little worried. “little girl, Lin Sanniu has a past record.”

Lin yuelan chuckled, ” Grandpa, do you think they can pull one over me?”

Lin Deshan and the others were stunned at first, but then they laughed out loud.

“that’s right. It’s a waste not to use these cheap labor forces that come to our door.”

Lin Deshan immediately waved his hand and ordered the Butler, ” Butler, go and tell them what the girl said. If they were willing to press their hands ... Hey, little girl, what kind of contract is that?”

Lin yuelan said, ” it means signing up to be a voluntary helper. There will be no remuneration except for three meals a day!”

Lin Deshan and the others were stunned at first, but then they agreed. “that’s right. They have to sign such a contract in case they decide to say that we’re mistreating them. You’re so thoughtful.”

He turned around and instructed the Butler, ” Butler, just do as the girl says! Didn’t they say they wanted to help? Alright then. We’ll take them!”

The Butler immediately acknowledged and left.

Hearing the Butler’s words, Lin sanniu’s face immediately turned black. He asked in disbelief, “What did you say? Only three meals a day, no salary at all? And you want us to sign a contract with our thumbprints?”

The Butler said unhappily, "Lin Sanniu, didn't you just say that you're here to help? Since you're here to help, of course, you won't be paid. Is there a problem?"

Lin Sanniu was rendered speechless.

They said they were here to help, but they were actually envious of the generous wages Lin Yuelan had offered.

He believed that when they finished their work, that jinx would pay them.

However, they had never expected that they would have to sign a free labor contract first before they started work.

Some of the people who followed Lin Sanniu, such as Lin Chong and Lin Changzhi, wanted to take this opportunity to work in Lin's family garden.

After all, money moved people's hearts.

Seeing that other people's daily salary was equivalent to their monthly salary and that they had such good food every day, they were, of course, envious.

Even though Lin Yuelan was a jinx, so many people surrounded her and worked for her, but none of them was jinxed. Could it be that she was not a jinx?

That was why they had persuaded Lin Sanniu and his wife to come to their house and use the excuse of helping them to stay.

However, they had never expected that Lin Yuelan would really treat them as free helpers when they said they would help for free. She even wanted them to sign a contract.

When Lin Sanniu and his wife heard the Butler's words, they were so angry that their faces turned red.

However, after they quarreled before the end of the year, Lin Laosan's family chased them out of the house and they had to move back to the cowshed. There was nothing to eat. He could only catch some fish from the river to eat. Because he didn't know how to process it, it was fishy and bitter, and it was hard to swallow. But so what if it was hard to swallow? they were chased out of the Lin family and had no copper coins on them.

The day was getting warmer, and every family was preparing for spring. Only his family had no land, no land, and no money. They were all idle.

Therefore, when he heard Lin Changzhi and the others' ideas, he immediately felt that this was a good idea.

But the result was something he had never expected.

The Butler looked at Lin sanniu's pale face and asked again, " Lin Sanniu, are you guys going to sign or not? "

Considering his own situation, Lin Sanniu gritted his teeth and said, " I'll sign!"

If they signed it, they would still have food to eat. If they didn't sign it, the four of them would really starve to death.

The Butler's stern gaze turned to the people behind Lin Sanniu and asked, " what about you guys? are you going to sign or not? "

Lin Changzhi, Lin Chong, and the others immediately shook their heads and said, "We still have to consider it again!" They wouldn't work for that stupid girl for free.

After hearing this, the Butler said, " in that case, please consider it carefully and come to me to sign the contract at any time!"

The few people paused for a moment, then quickly left the Lin Family Garden.

Soon, only Lin Sanniu's family of four was left at the entrance of the Lin Family Garden.

If you find any errors (broken links, non-standard content, etc..), Please let us know < report chapter > so we can fix it as soon as possible.

914 The Beginning of Spring

Since Lin sanniu's family was willing to help out for free, Lin yuelan naturally wouldn't mind letting them have a daily meal.

Lin yuelan called Lin Dawei and Lin Jiawei over and ordered, " uncle Wei, arrange for Lin Sanniu and his wife to go to the fourth mountain. Lin Yueru and Lin Dazu will go to pull out the roots!"

Lin Dawei and his son had no objections to Lin yuelan's instructions.

But ...

Lin Dawei said hesitantly, " Lan 'Er, Dazu, and Yueru are still young. If you arrange for them to work, I'm worried ..."

As their elder sister, she actually forced her younger brother's wife to work. Once such a rumor spread, it would be very detrimental to the reputation of Lan 'Er.

Lin Yuelan smiled and said, "don't worry, Uncle Dawei. Which child in the countryside doesn't work? They are eleven and nine. Don't tell me they can't even pull out roots. I'm not their sister now, so if they want to eat, they have to work. Whoever can't stand it, fine, then bring the siblings to their house and let these gossipmongers take good care of them."

She wasn't running a charity, so she did not have to take care of these people unconditionally and kindly.

For the people in the countryside, it didn't matter how young they were. As long as they could start working, they had to work unless their parents really couldn't bear to let them suffer.

However, it was obvious that Lin Yueru and Lin Dazu didn't have such a good life.

Therefore, if they wanted to eat, they had to work.

Lin Dawei nodded and said, "Okay, I understand."

Lin Sanniu's family of four ate in the dining hall of Lin Family Garden. Lin Jiawei led them to the fourth Hill in the plan. He pointed to a piece of land and said, "Uncle Sanniu, this is where your family will work."

Lin Sanniu's face darkened as he looked at the land that took up almost half of the mountaintop. He asked sternly, "How long do you want us to work on such a large piece of land? You've really gone too far."

Lin Jiawei wasn't frightened by his stern voice. He said seriously, "uncle Sanniu, everyone who comes here to work must have a scope of work. Otherwise, there is a possibility of lazy people. This area is divided according to your numbers and abilities. For everyone who came here to work, there was no difference in size. The earlier you finish, the earlier you can get your pay."

Lin Sanniu replied unhappily, "but we won't have any pay. That wretched girl, will she only be satisfied when we die of exhaustion?"

Hearing Lin sanniu's words, Lin Jiawei's face turned ugly. He said sternly, "Uncle Sanniu, you can't say that about sister Lan. You're the ones who volunteered to come here to work. If you don't want to do it, you can leave at any time."

"However, it was written in the contract that if you worked for a day, you could eat for a day. If you didn't work, you wouldn't have food. That's all I have to say. Whether you want to work or not, it's your choice. I still have things to do, so I'll be leaving first."

After Lin Jiawei finished speaking, he went down the mountain regardless of their reaction.

After the Lin family's only one had left, Lin sanniu's anger was immediately directed at Chen Xiaoqing, "Look at you, you really gave birth to a good daughter. In the past, did we skimp on food or clothes for her? Now that she's rich, not only does she not recognize her parents, but she also wants us to work for her for free."

Chen Xiaoqing was already numb from all the scolding.

Listening to Lin sanniu's accusations, she picked up the hoe silently and started working. She did not refute or defend herself.

To her, she actually knew very well that her kneeling before the end of the year had destroyed all the feelings between her and her elder daughter.

Therefore, Lin yuelan was already very kind to them by giving them work and food to eat.

Otherwise, with the things that had happened in the past and the reform of the " filial piety Law," Lin yuelan could completely ignore their existence and not care about their life and death.

Chen Xiaoqing sighed in her heart. She had received her retribution.

However, for the sake of her three other children, she had to live well and raise them.

However, on the surface, Chen Xiaoqing did not say anything and continued to be a weak and humble woman who followed her husband.

If you find any errors (broken links, non-standard content, etc..), Please let us know < report chapter > so we can fix it as soon as possible.

915 The Beginning of Spring

Lin Yueru and Lin Dazu's resentment toward their eldest sister, Lin yuelan, had never subsided.

However, they did not have the ability to resist at all. They could only obediently accept the arrangements.

Then, the two of them started to work in silence.

Lin Sanniu looked at the mother and the two children's actions and felt a burst of anger. Other than scolding Lin yuelan, he could only continue with his work.

Now, only by working for Lin yuelan could they have a meal and a way to live.

Who asked them to have no land, no land, and no house?

Lin yuelan, Jiang Zhennan, Guo Bing, and the others took the farm equipment and went to work on the first mountain.

Lin yuelan had already ordered people to cut down some of the trees on the mountaintop, so they could now turn the ground over.

Lin Deshan and Doctor Zhang, one holding a shovel and the other a hoe, looked up from the bottom of the mountain to the top. They said worriedly, "Girl, this mountain is next to Mount Da Ao. Will there be any beasts here? "

Lin yuelan said, " it's fine, Grandpa. As long as little white comes here from time to time and leaves its aura, those ferocious beasts won't dare to come here." This was an animal's instinct. If it smelled the aura of a powerful being, it would definitely not dare to get close.

Lin Deshan and Doctor Zhang nodded. Then, he asked, " little girl, it seems that little white hasn't been back for a long time. Where did it go? "

Lin yuelan laughed and said, "It just felt bored at home, so it went back to Mount Da Ao. It even brought lie Feng and the big black snake with it. Grandpa, I'm going to the mountain to take a look."

Lin Deshan looked at Lin yuelan's back and said in horror, " they're different species. Can they be together? Will they start fighting?"

Guo Bing came over and said, " Grandpa Lin, don't worry. Little white and lie Feng are good friends. They won't fight. This big black snake, on the other hand, looks a little scary. I don't know if they'll fight, but if little white and lie Feng joins forces, the big black snake definitely won't be their match. Don't you think so, boss?"

He held a shovel in his hand and was currently shoveling the grass and roots from top to bottom.

"Aiyo, why are these tree roots so hard to get?" Looking at the root that was as thick as a child's arm, Guo Bing couldn't cut it off even if he used all his strength.

Seeing this, Jiang Zhennan said, " I think you've been eating and sleeping for the past month. You've completely turned into a pig. How can you have the strength to work? "

As he spoke, Jiang Zhennan took a hoe and pulled out the soil around the root. When most of the thick roots were exposed, he picked up the chopper next to him and cut it off. Then, with another strong pull, coupled with Jiang Zhennan's internal energy, a large section of the root was immediately pulled out of the soil.

Guo Bing saw this and immediately shouted, " boss, you're really amazing!"

Lin Deshan and Doctor Zhang looked at each other. The legendary Defender-general of the state with profound inner force and powerful martial arts was indeed worthy of his name.

Jiang Zhennan immediately said, "Hurry up and get to work! Yue 'Er said that in a few days, it would be a good time to start planting. We have to hurry up and finish this work."

Guo Bing touched his nose in embarrassment and said, "I got it, boss!"

Then, as he lowered her head to work, she muttered, "Boss didn't talk so much in the past, but now he's become a bossy chatterbox. Is this change good or bad?"

Then, he saw Lin yuelan coming down from the top of the mountain. Seeing the dark brown mud-like objects in her hands, he immediately asked curiously, "Miss Lin, you're back so fast. What are you holding in your hands?"

Lin yuelan looked at the thing in her hand and said, "This is a truffle!"

"Truffle?" The others asked in confusion, "What is this?"

Little Six looked at the food in Lin yuelan's hands and immediately said with disgust, "Miss Lin, these things don't taste good. Why did you pick it up?"

As a villager, he must have seen and eaten this thing before, so he didn't like truffles.

"Yeah, I've eaten this before. It's really bad." Little twelve immediately chimed in, "Miss Lin, why don't we throw this thing away?" He was still a little worried that their lunch would have this black thing.

Lin yuelan smiled and said, "you said it's not delicious because you don't know how to eat it. This thing, if matched well, would be a top-grade delicacy. Since the two of you said that this thing doesn't taste good, then fine. Don't eat it later!"

When the two of them heard this, they immediately cried out in alarm with bitter expressions, "No!"

If it was really a top-grade delicacy, and they didn't eat it, it would definitely be their regret.

"Haha, it's your fault for saying that it doesn't taste good," lin deshan laughed and scolded. "you said it didn't taste good because you don't know how to cook it. Hehe, when has my girl's cooking not been delicious? It's always delicious."

Little Six and Little Twelve looked like they were about to cry. They said pitifully, "Miss Lin, Grandpa Lin, we were wrong. Please forgive us!"

“Look at your pitiful faces, ” Guo Bing said, not having any sympathy at all. I’ve been with Miss Lin for so long. Would miss Lin pick up something that doesn’t taste good? Really stupid!”

Little Six and Little Twelve held onto their shovels and hoes and worked in silence. They were extremely vexed at their momentary slip of the tongue.

However, the two of them still looked at Lin yuelan pitifully and said, “Miss Lin, we want to eat the food you make.”

Lin yuelan laughed and said, “Alright, let’s see how well you do!”

When little six and little twelve heard this, their eyes immediately lit up and they said, “We’ll definitely work hard!”

If you find any errors (broken links, non-standard content, etc..), Please let us know < report chapter > so we can fix it as soon as possible.

916 The Beginning of Spring

“It’s really too delicious!” After the meal, everyone was still talking about it.

“Didn’t you say that this thing is very smelly and not delicious?” Guo Bing was puzzled. “It’s my first time eating it. Why do I find it delicious? ”

Little Six’s face was a little red as he said, “ when we ate this in the past, it really didn’t taste good. However, we all know about miss Lin’s cooking skills. No matter how bad something is, it will become delicious after she makes it. ”

Was Lin yuelan going to say thank you?

The dish she made today was a black truffle with foie gras.

Foie gras, black truffle, and caviar were known as the three most delicious foods in the world in her previous life.

“Little girl, I’ve lived for fifty to sixty years, but this is the first time I’ve realized that this black thing can actually taste so good. How did you come up with this dish?” Doctor Zhang asked.

They all looked at Lin yuelan, waiting for her answer.

Lin yuelan pointed at her head and smiled. “Grandmaster, my head was enlightened by the King of Hell. As long as I see food, my mind will come up with a way to turn it into a delicious dish. I’ve tried it before.”

As for whether Lin yuelan had been enlightened by the King of Hell, no one cared about it anymore. Since Lin yuelan said so, they just believed her.

Guo Bing's eyes immediately lit up when he heard Lin yuelan's words. "then, Miss Lin, you have to make more delicious food!"

Lin yuelan raised her eyebrows and said, "That will depend on your performance!"

What performance? of course, it was the performance of working!

Guo Bing immediately said, "Don't worry. I'll definitely work very hard!"

The next day, the group arrived at the first hill.

Two plots of land had already been cleared out on this mountain to nurture those seedlings. Furthermore, Lin Yuelan had also planned to transplant some fruit trees she had found from the mountain there.

The others continued to dig and fill the hole. Below, Jiang Zhennan carried two wooden buckets to the small ditch to fetch water.

Last night, Lin yuelan had taken out some seeds from her interspace. They had already been nurtured in the interspace and were just waiting to be scattered in the soil to take root and sprout.

Because of the spring water, these seeds took root and sprouted, and their growth cycle was shorter than those cultivated by modern science and technology.

Lin Deshan and Doctor Zhang brought some withered grass from the surroundings. This was Lin yuelan's order.

Looking at the seeds in Lin yuelan's hands, Lin Deshan asked curiously, " girl, what kind of seeds are these? "

Lin yuelan smiled and said, "This is an apple, this is a papaya, this is a Kiwi, and this is a peach ..." Lin yuelan introduced them one by one.

As for the problem of the climate and soil, Lin yuelan said that it was not a problem at all.

As long as she didn't say anything, they wouldn't find it strange.

Lin Deshan and Doctor Zhang were listening to Lin yuelan's explanation of the seeds.

In reality, they had doubt in their hearts. Since these fruits were seasonal, where did the fruits that the girl took out to sell last winter come from? After all, they were only planning the fruit tree seedlings now.

The little girl was born and raised in the Lin Family Village. With her previous cowardly personality, even if she wanted to grow these fruits, she would not be able to hide them from the Lin Family Village. Moreover, these fruits were so attractive that they should have been snatched away long ago. It was impossible for them to be preserved until winter. So, where did these fruits come from?

Of course, they kept this doubt to themselves and didn't ask.

However, Lin yuelan seemed to have understood their doubts. She said calmly, "I went deep into Mount Da Ao alone to get those fruits last year. You know that I have little White's help, so it was easy for me to find these things. After I found them, I preserved them."

Lin Deshan and Doctor Zhang were shocked, but they calmed down after a while.

Thinking about it, it might really be the case.

They had heard that the girl was revived in May.

It was said that after she came back from hell, this girl kept running to Mount Da Ao. After subduing the big white Tiger, she even went deep into the mountains every two or three days.

There were many ferocious beasts on Mount da ao. Even the most powerful hunters did not dare to venture deep into the mountain. Hence, it was possible for the girl to find these fruits.

But ...

Lin Deshan asked again, "If that's the case, why did you tell others that you've found these fruits in your greenhouse? Isn't that unnecessary?"

Lin Deshan was referring to the mysterious greenhouse that Lin yuelan had specially built. No one except her could enter it.

Lin yuelan explained, "Grandpa, do you know how expensive the fruits are? So, if the other villagers found out that these fruits were actually found on Mount da ao, do you think they would not risk their lives and go into the mountain?"

At this point, her eyes were very indifferent, and she said very lightly, "I don't care if they want to die. However, little white is the King of the Mountains. If anything happened to them in the mountains, the others would hunt down Little White. Thus, in order to avoid

unnecessary trouble, I came up with that excuse. Thus, no one would have thought that I actually found those fruits in Mount Da Ao.”

Lin Deshan and Dr. Zhang suddenly felt enlightened after hearing Lin yuelan’s words. They laughed and said, ” girl, you did the right thing!

Lin yuelan just smiled, then lowered her head and gave some seeds to lin deshan and Doctor Zhang. She said, ” Grandpa, you scatter the seeds here. Grandmaster, you scatter the seeds here from that side. don’t spread these seeds too densely, but don’t spread them too thin either.” Lin yuelan demonstrated.

Lin yuelan’s movements were very uniform, so the seeds seemed to have been measured. The distance between each seed was the same.

Lin Deshan and Dr. Zhang didn’t have the time to do that, but they took the seeds seriously and scattered them on the ground. When they saw the seeds were too close or too far, they would bend down to pick them up and adjust them.

Although it wasn’t as uniform as Lin yuelan’s, it was still pretty good.

As for Lin yuelan, she used a dustpan to pick up the ashes of the burnt grass.

As soon as he saw Lin yuelan picking up the basket, Jiang Zhennan, who had just picked up the water, could not bear to let her do such rough work.

He immediately put down the water bucket and walked to Lin yuelan in two or three steps. He took the carrying pole from her shoulder and said, ” Yue ‘er, Yue’ er, you don’t need to do this heavy work. You can just call for someone to do it. ”

Lin yuelan was speechless. She had just put the pole on her shoulder when he came.

However, Lin yuelan smiled and said, “Alright, alright, alright. I got it, busybody!”

If you find any errors (broken links, non-standard content, etc..), Please let us know < report chapter > so we can fix it as soon as possible.

917 The Beginning of Spring

“Miss Lin, how did this seed take root and sprout so quickly and even grow so big?” A group of people surrounded the seedling area and looked at the young seedlings. They were very curious and began to discuss.

“That’s right, it’s only been three days, ” Little Six said in surprise, ” They’ve already grown so well. Look at these seeds, they seem to have all grown out.” Little Six pushed aside the dry grass covering the top and saw that each seed had sprouted.

Jiang Zhennan, Guo Bing, Lin Deshan, and others did not know much about this.

However, Guo Bing was still very surprised. "Really? Is this not normal?"

Little twelve explained, "of course. Some seeds are flooded, thrown on the ground, eaten by insects, and various other reasons, causing them to be unable to sprout and grow."

Guo Bing somewhat understood.

Then, he looked at Lin yuelan and asked, "Miss Lin, when will these seedlings grow before they can be transplanted?"

Lin yuelan looked at the growth of these seeds and thought for a moment before saying, "They will need to grow to two to three feet first, which means it will take at least a month."

This had already shortened the time needed. In modern times, even if it were cultivated with Science and Technology, it would take at least half a year. Some even needed two to three years of growth before they could be transplanted.

She borrowed the spirit spring water to promote the growth of these seedlings and shorten the time for them to develop.

After listening to Lin yuelan's words, Jiang Zhennan thought for a moment and asked, "Does this mean that these four mountains have to be sorted out within this month?"

Lin yuelan didn't deny it. "that's right!"

She then turned to look at Lin Dawei and Lin Jiawei and said, "Uncle Wei, brother Jiawei, I'll leave the manpower to you. If you have any difficulties, you can look for Uncle Fu, or you can come to me directly."

Lin Dawei and his son nodded and said, "Okay, we understand."

They had already hired over a hundred workers. However, looking at the situation, they really needed to increase the manpower, at least thirty to forty more.

In a few days, the villagers would be busy with planting and raising spring rice.

Lin Dawei thought of something and asked, "Lan 'Er, it's about to be the rice-planting season. It's just that these fields have been built into greenhouses for vegetables, this ..."

Lin yuelan nodded and said, "of the 18 greenhouses, 16 of them will be removed, leaving only two."

In other words, the 16 greenhouses would be cleared away to grow rice. And the remaining two would be used to grow vegetables.

Now that spring was approaching, every family would grow vegetables.

Although the vegetables in her family's greenhouse tasted good, they were indeed expensive. When other people's vegetables appeared one after another, many people would of course choose the cheaper ones.

The two vegetable greenhouses that she had left behind were for two purposes. One was to supply the demand for the restaurants in the town and the county, and the other was for the people with power and influence.

Those people didn't lack money, so they would rather eat good food.

Therefore, two vegetable greenhouses were enough!

Lin Dawei nodded.

After removing the greenhouses, they would have more than a hundred mu of land.

Guo Bing was very curious. "Miss Lin, is it really the right thing to take down so many greenhouses?"

Everyone knew that the vegetables were delicious.

However, they had to dismantle so many of them at once. They would not be able to keep up with the supply.

Lin yuelan said, "The rarer something is, the more precious it is! In the winter, only our Lin Family Village has green vegetables, so no matter how expensive it is, we can still sell them.

"However, in spring, these vegetables will gradually appear on other farms, and these vegetable buyers will have more choices. People will naturally be willing to choose the cheap fresh vegetables."

Guo Bing was puzzled. "Why don't you think about lowering the price to sell it? "

Lin yuelan shook her head and said, " I won't consider it. Once the price of these vegetables fell, their value would also fall, making them a common vegetable. This will cause me to lose the original meaning of growing these vegetables.

"Therefore, I want to make my own branded vegetables. I'd rather grow and sell less than let these things become popular and over the counter.

"Therefore, the two vegetable fields that were left behind were not only for the restaurant's needs but also for others who wanted them. They had to go to the restaurant to sign a contract so that we could prepare in advance!"

Guo Bing didn't really understand the meaning of branding. He nodded and said, " Oh, I see!"

When the others heard Lin yuelan's words, they were a little surprised by her bold decision. But when they thought about her personality, they immediately felt that it was only natural.

When Lin yuelan did things, she would always aim for the best! Otherwise, she would rather not do it!

These vegetables were as fresh as they could be. Their taste was not something that ordinary vegetables could compare to. Therefore, they must not depreciate because of the arrival of spring.

Lin Dawei and his son had come to see these seedlings and ask Lin yuelan about some things.

Since they had already finished their work, they should go and do their own things.

They were hired by Lin yuelan to supervise the workers, and they were paid a high salary, so of course, they had to work hard for her.

In the past six months, they had been working for Lin yuelan. Their family had built a big house with green bricks and bought 20 mu of land. However, they rented 20% of the land to Lin yuelan.

It was because they didn't know how to farm.

They were hunters, and they hunted for a living.

However, hunting meant risking one's life.

Now that he had a stable life, of course, he wanted to settle down.

When Lin Jiawei married a wife, the family would be more complete.

Therefore, Lin Dawei's family of three was very grateful to Lin Yuelan.

Just as the father and son were about to leave, Lin yuelan asked about Lin sanniu's situation, " are Lin sanniu's family members content with their lot? "

Lin Dawei nodded and said, "it's still peaceful for now. But ..." He said hesitantly, "but he has been scolding you all day."

The corners of Lin yuelan's mouth rose slightly, and she said with an ambiguous meaning, "Oh, I see. Then let him scold as much as he wants. When he's done, he'll naturally stop."

Lin Sanniu, that idiot.

He knew that the source of all this was actually his parents, whom he respected very much.

Lin yuelan thought of something and said to Lin Dawei and Jiawei, "Oh, right, aren't all the families busy tidying up the fields now? In the past, the Lin family's fields were all managed by Lin Sanniu and his family. Now, even if Lin Sanniu were chased out, with Li cuihua's personality, she would definitely ask Lin Sanniu and his family to go back to work."

"So, tell Lin Sanniu and his wife that if they leave before they finish their work, Lin family garden will never use their family again. Tell them to look out for themselves!"

With Lin Laosan and his wife's personalities, they would definitely chase them out once Lin sanniu's family was done with their work. By then, Lin sanniu's family would have no food to eat again.

Lin Dawei nodded. "Yeah, I'll warn him!"

If you find any errors (broken links, non-standard content, etc..), Please let us know < report chapter > so we can fix it as soon as possible.

918 Some Shocking Changes

After Lin Sanniu received Lin Dawei's warning, his face turned as black as charcoal.

He gritted his teeth and cursed, "this wretched girl!"

However, no matter how much he scolded, the other people who were working together with him only pouted their lips, their expressions full of disdain and ridicule.

Hmph, with a daughter who was at the peak of her career, he could have enjoyed a good life. Now, he could only do some work here and beg for food, not even getting a salary.

Until now, he still couldn't recognize reality. Did he still think that his daughter was still the weak elder daughter that he had casually manipulated? Did he think that by scolding his elder daughter, she would be able to get her retribution?

Hehe, if there was retribution, it should be his family.

However, none of the people who came here to work would try to please Lin Sanniu because there was no need to do so. Of course, they did not hit him when he was down because they did not care to do so.

Just as Lin yuelan had expected, the day after Lin Dawei's warning, li Cuihua went to look for Lin Sanniu and his family to work.

Li Cuihua went to the cowshed where Lin Sanniu lived and looked at the messy and dirty cowshed with disdain. She pointed her nose at Lin Sanniu, who was just about to leave, and said matter-of-factly, "There are still more than ten mu of land at home. You can start to prepare it for me today."

After she finished speaking, he did not care about Lin sanniu's reaction. He could not stand the stench anymore and quickly left.

Lin Sanniu, who was about to head to the Lin family garden for breakfast, stopped in his tracks as he watched his mother leave. His eyes were empty, and no one knew what he was thinking.

Then, he went back into the house. After a while, he came out with a hoe.

The answer was obvious. He was going back to work for his mother.

That was because the people who worked for the Lin family garden would be given tools. Those who went to work only had to go to the manager to get every marked tool every day. They didn't need to bring their own tools.

Chen Xiaoqing rushed out of the house and asked Lin Sanniu, "Master, where are you going? We're going to have breakfast and work in the mountains."

Lin Sanniu turned around, his eyes were filled with malice. Then, he shouted at Chen Xiaoqing, "What nonsense are you talking about? Hurry up and get little two and little three to go home and work!"

Chen Xiaoqing's face turned pale. She knew Lin sanniu's decision, but she still asked, "go home and work? What are we going to eat then? Are father and mother going to feed us?"

Lin sanniu's face immediately darkened as he shouted sternly, "How dare you to talk back to me? I'm telling you. We're going home to help my parents today!"

Chen Xiaoqing's face turned even paler.

However, when she saw how determined Lin Sanniu was, she said, "Husband, have you forgotten the warning that the manager gave us yesterday? We can't leave until we finish our work. Otherwise, we can't work there anymore. If we can't work there, where are we going to find food in the future?"

At the mention of this, Lin Sanniu was filled with anger. "I'll see if she dares! If she really doesn't dare to take me back, I'll go there to make a scene every day!"

Chen Xiaoqing looked at Lin Sanniu's stubbornness and said ruthlessly, "Why would she not dare to? Husband, can't you see what's happening? Haven't you realized that Lan 'Er has no more feelings for us? Even if we had that relationship in the past, we've already squandered it all! Husband, what do you want Lan 'Er to do? On one side, you want Lan Er's life, but on the other side, you want her to respect you and give you her wealth. Husband, don't you think you are all dreaming?"

All along, Lin Sanniu had been lying to himself. He had always believed that Lin yuelan was only like this for the time being. In the future, she would return to being that weak, incompetent, and timid little girl.

Therefore, they had always believed that Lin yuelan's wealth would return to them.

Now, at this moment, this deceptive veil had been torn apart. Moreover, the person who tore it apart was a woman who regarded her husband as the heavens and obeyed her husband's every order.

At the thought of this, Lin Sanniu's heart was filled with rage.

He roared at Chen Xiaoqing, "you b * tch, what do you know! It looks like if I don't teach you a lesson today, you won't know who's in charge!"

If you find any errors (broken links, non-standard content, etc..), Please let us know < report chapter > so we can fix it as soon as possible.

919 Some Shocking Changes

With that, he strode angrily to Chen Xiaoqing, raised his hand, and gave her two tight slaps.

A handprint appeared on Chen Xiaoqing's face and it quickly swelled up.

However, this time, Chen Xiaoqing did not cry. Instead, she looked at Lin Sanniu stubbornly and said hatefully, "go ahead and hit me! Just kill me! Then I won't have to work so hard in your Lin family. Not only that, you even want to kill my children. What's the point of me living like this?"

This was the first time that Chen Xiaoqing was so stubborn that she completely resisted!

This was the first time Chen Xiaoqing had shown that she was “strong as a Mother “.

If Lin Sanniu really went back to work this time, the four of them would really starve to death!

She had already given up on her elder daughter once because of her cowardice and fear. This time, she could not let her three children die of exhaustion and hunger for the sake of that family of cold and heartless people.

Although Lin yuelan didn't pay them, as long as they worked, at least they didn't lack food and drink, and they could still eat their fill.

She was already very satisfied with this.

In the past, when she was in the Lin family, not to mention her children, even she had never had a full meal.

Lin Sanniu had never thought that his wife, who had always regarded her husband as the most important person in the world, would resist him so fiercely.

Hearing her words, the hand that was raised did not fall.

That was because he suddenly felt a little flustered. He did not know why either.

In the end, he put down his hand and pointed at his wife. “fine, fine. You stay! I'll go on my own!” he roared.

However, since Chen Xiaoqing had made the decision, how could he let Lin Sanniu go?

That was because that family was a bloodsucker. In the future, if there were any work, they would definitely order Lin Sanniu to do it every day.

Chen Xiaoqing wailed at Lin Sanniu, “If you go back to work today, I'll bring the children to that house and ram our heads against the door. In any case, if they don't give us a way out, then what's the point of us living?”

Chen Xiaoqing threatened Lin Sanniu with her death once again, causing Lin Sanniu to stop in his tracks.

Usually, Lin Sanniu brought his family to be foolishly filial to his parents. That was because the wife he married was a timid woman who regarded her husband as the sky. She had always been obedient to her husband, so she worked hard without complaint, was beaten and scolded, and worked hard like a cow.

Therefore, Lin Sanniu was able to bring his entire family to be very obedient and filial to his parents.

However, when Chen Xiaoqing really wanted to resist him, he was so flustered that he had no idea what to do. He was very afraid and terrified.

Because if they left him, he would be all alone.

After all was said and done, it was actually Lin sanniu's selfishness that was at work.

In the past, he had selfishly used his wife and children to show his filial piety to his parents. Now, he was selfish because he was afraid of being alone in the future.

For a person like him, it would be difficult to marry another woman after his wife died. Besides, he did not have the ability to marry another woman.

Who did not know that one could forget about having a good life after marrying Lin Sanniu?

In the end, Lin Sanniu went to the Lin Family Garden to have his meal with a dark expression on his face. Then, he went up the mountain to work.

Li Cuihua and Lin Daniu's family waited left and right, but Lin Sanniu still did not come back to work.

Lin Daniu immediately asked suspiciously, "Mother, did you really go to the cowshed and let third brother come back to work? "

When Li Cuihua did not see Lin sanniu's figure, she was also annoyed.

She said, " of course I did. Who knew what this unfilial son was up to?"

As soon as she finished speaking, Li Hehua rushed in from outside and shouted, "Father, mother, it's not good. Third brother. He, third brother. he ..."

Li Cuihua immediately stood up and asked, "what's wrong with your third brother? Is he finally working in our fields? I knew he wouldn't be disobedient." As she said that, there was even a trace of pride on her face."

Li Hehua shook her head and said, "No, mother. I just asked the people in the village if they had seen third brother's family. In the end, they all told me that third brother and his family still went up the mountain to work."

Lin Daniu said, " work up the mountain? Is he still working for that wretched girl?"

Li Hehua nodded. yes!

At this moment, everyone was in disbelief, and then they were furious.

This was because, in his memory, this was the first time that Lin Sanniu did not listen to them obediently.

They were already used to ordering Lin sanniu's family around like animals. Therefore, if the animals did not listen to them, they would be infuriated and furious.

"Lin Sanniu, how dare you go against your mother's words. If I don't teach him a lesson, he won't even know his place," Li Cuihua said angrily.

Lin Daniu asked, "Mother, no one is doing the work in the fields. What should we do? "

Li Cuihua said, " even if they don't do it today, they'll do it tomorrow. Eldest son, tomorrow, you and mother will go and find your third brother!"

He was willing to do anything as long as she didn't ask him to do any work. Thus, when he heard his mother's words, he immediately replied happily, " yes, mother!"

This matter quickly reached Lin yuelan's ears.

Lin yuelan was also slightly surprised by Chen Xiaoqing's change.

However, after thinking about it, he felt that Chen Xiaoqing's change was understandable.

If she didn't resist this time, the whole family might really starve to death.

In the past, they had to submit to the Lin family because the Lin family could provide them with a meal. But now...

It seemed that Chen Xiaoqing was only heartless to her eldest daughter.

This was because this elder daughter did not threaten her fundamental interests. On the contrary, she brought her misfortune.

Therefore, she gave up on her elder daughter.

Lin yuelan sighed softly, feeling sorry for her original host.

920 Terraced Fields

In the impression of rural people, only land basins could be developed into farmland.

However, this time, the people were once again shocked by ...

“Have you guys heard? That girl wants to turn that low hill into a farm?”

One of the hills that Lin yuelan had bought was much shorter than the others, so she planned to turn it into a terrace field.

“Yup, I know. There was sunlight on the hill, but the water ... Everyone knew that water can only flow from high to low. Tell me, this field is on the hill, how is the water going to flow up?”

Someone immediately echoed, “How is she going to develop the hillside into land? Who doesn’t know that water and sunlight are the most important when it comes to growing paddy?”

“You guys still don’t know Lan ‘Er? If she didn’t have a way to get water for the fields on the hillside, why would she suddenly think of opening up fields in the mountains?”

“Maybe. Ever since this girl returned, the things she has done are not things we can understand.”

..

The villagers were discussing Lin yuelan’s plan to develop the land on the hill.

In the Lin family Garden, everyone was also surprised and in disbelief by Lin yuelan’s strange idea of developing a mountain and turning it into a field.

Guo Bing asked doubtfully, “farming on a hillside? Miss Lin, what should we do with the water source? It’s fine if it rains every day, but on a sunny day, there’s no way for the water to flow from the foot of the mountain to the top.”

Guo Bing’s question was the same as everyone else’s.

Therefore, everyone looked at Lin yuelan in unison, hoping to get an answer from her.

Lin yuelan came out with a drawing and spread it out on the table.

Everyone looked at the blueprint on the table curiously. However, at first glance, they all had the same question mark on their heads.

Because they didn’t seem to understand.

“Girl, What’s this? ” Lin Deshan asked, confused.

Lin yuelan said, “This is the drawing of the slope being developed into terraced fields!”

Hearing Lin yuelan's words, everyone looked at her again and seemed to be able to understand.

These wave-like lines were connected to form a figure. It was like a ladder.

Everyone's eyes lit up as they watched.

"Eh, it can be done like this? Why didn't anyone think of that?" Guo Bing said with regret and surprise. If someone had thought of the idea of developing the terraced fields, perhaps this world would have been able to solve the problem of land production.

In this era, there were fewer people and more land. However, there were different terrains for crops and homes.

The flat land was usually a place for people to build houses and live. Only land basins could be developed into fields.

It was impossible to grow crops on the mountain.

Now that they had seen Lin yuelan's drawing, they knew that this hillside could actually be developed into a field for growing crops.

The terraced fields might give the people of the world a new way to survive!

"Yue 'er, where does the water of the fields come from?" Jiang Zhennan asked with a frown.

Without Lin yuelan's explanation of the blueprint, they wouldn't have understood some of the more scientific designs.

Lin yuelan pointed to the top of the hill and explained, "the most important thing about the terraced fields is where the water comes from.

"In fact, the most important source of water for the terraced fields is the dense forest on the hillside.

"Due to the height of the mountain, the flow of air is blocked. Coupled with the frequent rain, these plants are able to store water. In fact, the amount of water they can store was large.

"Therefore, we only need to add a slight drainage system for these terraced fields. For example, dig a ditch, or use empty bamboo to drain the water down to the fields!"

Everyone listened with great interest.

“However, the forest on the top of this small hill is not very dense. Thus, what we need to do is to preserve the rare forest trees on the mountain peak. At the same time, we can build a reservoir here that is similar to that of farmland. As long as the reservoir is large enough and the surrounding dense trees are rooted to store water, coupled with the water stored on rainy days, it will not be a problem to water the entire terraced field on the hillside.

“As for how to water the fields, we’ll use empty bamboo to make water pipes and channel the water from the reservoir down to water every single one of the fields.

“According to the measurements, if the water in the reservoir at the top of the slope is not enough for irrigation, we can build another reservoir in the middle of the slope. Of course, the trees in this area must be preserved. Other than the water storage function, it is also to prevent soil erosion!”

According to the design of the modern terraced fields, the fields were actually watered with a pump.

However, if she wanted to use a pump, she would have to use electricity. But where would Lin Yuelan find electricity?

No matter how capable she was, she wouldn’t be able to invent ‘electricity’ in a short time.

Moreover, even if she could invent it, she wouldn’t. Otherwise, once electricity was produced, history would be seriously affected.

Anyone who had studied history in the modern era knew that the world had undergone a major reform immediately because of the emergence of electricity.

She just wanted to be an ordinary person and didn’t want to be involved in these major historical changes.

Therefore, she would never let electricity appear unless it was absolutely necessary.

Therefore, she used the most primitive modern method of water storage and irrigation!

After hearing Lin yuelan’s explanation, everyone immediately understood.

It could actually be like this!

This was a difficult problem in the past, but Lin yuelan solved it so easily.

This was because, in the past, it was not that no one had thought of using this hillside to farm. However, due to various reasons, no one ever succeeded. Other than the difficulty in developing it, the water source for watering the fields had become a major problem.

But now, these two problems had been solved by Lin yuelan.

“Good, girl. I didn’t expect that this field could be developed like this!” Lin deshan was very excited.

If Lin yuelan’s terraced field design were successful, it would solve the problem of land shortage for many farmers.

If there were no more land basins, they could use the hillsides.

If one person couldn’t succeed, then all the people in the village could come together. He believed that this matter would benefit the country and the people. Even the Imperial court and the government would definitely benefit from this.

Hence, there was no need to worry that the terraced fields would not succeed.

Jiang Zhennan listened to Lin yuelan’s explanation, and his excitement was no less than Lin Deshan’s. He held Lin yuelan’s hand tightly and said with a moved expression, “Yue ‘Er, this ... I really have to thank you for this!”

Lin yuelan rolled her eyes in an uncouth manner and said, “enough, you fool. I’m doing this for myself, you don’t need to thank me!”

The others laughed when they heard that.

“Hahaha ...”

When Lin yuelan came to her senses, her face couldn’t help but blush. She was obviously a little embarrassed.

Jiang Zhennan’s ears also turned slightly red under the ridicule of the crowd.

The couple was being teased and laughed at by the crowd.

“I say, boss, this is clearly the terrace field that miss Lin designed for her own hillside. Why are you so excited to thank miss Lin?” Guo Bing was most happy to see Jiang Zhennan make a fool of himself.

Jiang Zhennan glared at Guo Bing.

“Brother Bing, you’re wrong.” Little Six was getting bolder and bolder, to the point that he even dared to joke with Jiang Zhennan. “Although miss Lin has set up these farms for herself, everyone here knows that it is very likely that these farms will spread throughout the entire Long yan Kingdom. Who do you think should be credited for this?”

"You're right." Guo Bing immediately nodded in agreement. "boss, with your relationship with miss Lin, part of her credit will be given to you. The emperor will reward you heavily. In that case, boss, you should thank miss Lin properly! Little Six, you're really smart for once!"

Little Six touched the back of his head and chuckled in embarrassment.

Looking at Little Six's honest and cute appearance, everyone burst into laughter again.

"Hahaha ..." Little Six was even more embarrassed.

After everyone joked around for a while, they returned to the main topic.

Guo Bing asked, "Miss Lin, the terraced field project is quite big."

Lin yuelan nodded and said, " that's right. But once it's successful, unless there's an earthquake or a rainstorm that causes a mudslide and destroys the farms, it'll be beneficial for the next hundred years."

Everyone thought for a moment and agreed.

"Miss Lin, you have only bought Four Hills. One will be used to make the terraced fields, one will be used to grow special fruits, and one will be used to grow grapes. Do you have any plans for the remaining one? " Guo Bing asked.

Lin yuelan replied, " no. Maybe more fruits."

"but girl, didn't you say that you were going to plant sweet potatoes and potatoes? " Lin Deshan asked, frowning.

Lin yuelan said, " those things can be planted through mixed planting. In other words, after the saplings are planted, the other crops can be placed around them. It's going to save space."

They didn't quite understand.

Lin yuelan said, " you'll know when the time comes."

Read The Village Girl Who Jinxes Her Husband Is Filthy Rich - Chapter 921 - 921 What's The Trick?

921 What's The Trick?

The news that Lin yuelan was going to open up fields on the hillside field quickly spread throughout the villages.

After hearing this news, everyone's hearts were restless.

After all, if the sloping fields could really be developed into fertile land, they would not have to worry about not having enough land basins to develop into fields in the future.

In the past, when they opened up new land, they had to find a land basin where a water source could be connected. However, these places had basically been opened up as farmland. It was rare to see unclaimed land. It was definitely not as cost-effective as renting land, or it was difficult to develop new land.

But now, they had another choice.

This choice brought hope.

"If that girl can really turn that mountain into a fertile land, then in the future, even if it's not beneficial to us, it'll be beneficial to our descendants."

"You're right, that's how it should be." Someone immediately added, "but to farm on the hillside, the first problem is the water source. How can we grow crops without a water source?"

"That girl from the Lin family Village must have some sort of trick to make the fields on the slope have sufficient water. Otherwise, why would she spend so much effort to turn this mountain into a field?"

"Hmm, that makes sense. Oh, I heard that she had started an independent village called Taoyuan Village. I really want to know what trick she has used. I just don't know if that girl is willing to let us know."

"I heard that in the second half of last year, that girl had a good harvest of eight stones per mu. If the Lin family villagers wanted to know how to farm, they would have to exchange something with the girl. It could be money or something she wanted. However, it was said that the things she wanted were all worthless in the eyes of others."

"If it is the same this time, I'll definitely be willing to exchange. Because if this field can really be opened up, it will be beneficial for future generations. So, it's worth it."

"Indeed, I have the same idea as you. I just don't know if that girl will agree to it or not."

..

Basically, in the past two days, the people in the surrounding villages had been talking about this matter.

Similarly, in the past two days, the people who worked in the Lin family garden were also restless and discussing this matter.

In the end, the worker representative, brother Liu secretly rubbed his hands and came to Lin Jiawei.

He smiled at Lin Jiawei and said, "manager Lin, can we ask you for a favor?"

Lin Jiawei, who was already 16 years old, had been a supervisor for more than half a year. He had become more mature and steady. His dark face was very simple and honest as he smiled and replied, "Uncle Liu, do you need any help? If there's anything I can help with, I'll do my best!"

brother Liu said very carefully, "it's like this, manager Lin. I heard that the owner is trying her best to use the sloping land to open up the mountains and turn them into farming fields. after hearing about this, all of us," he pointed to the people behind him, who had anticipation in their eyes, continued, "were very excited. This is another source of income for farmers. Therefore, we are all very curious and want to know how this hillside developed into a field. Can you help us ask the boss?"

It was rare for them to see Lin yuelan. Even if they did, they felt a sense of Majesty from her, which made them a little afraid.

That was why they had asked Lin Jiawei, who was usually in close contact with them, for help.

When Lin Jiawei heard this, he smiled, "that ... Okay, no problem. I'll help you ask the boss."

When they heard that Lin Jiawei had agreed to this, brother Liu and the rest immediately said emotionally, "thank you, manager Lin! Thank you, manager Lin!"

..

"Oh, I see." after hearing Lin Jiawei's report, Lin yuelan held her cheek and said with a serious expression, "brother Jiawei, tell them that as long as they work well, they will have a chance. When I open up the land, they can come over to help. The wages will still be counted. And they can see for themselves how the land can be developed. However, this matter must only be known to them and must not be spread to anyone else, understand?"

"If I find out that they passed it on to someone else or made money from it, then don't blame me for being impolite. You should know that with my current ability, it's easy for me to take revenge on them." This matter still had to wait for Jiang Zhennan to report it to the Emperor.

She didn't need anything. She only needed money.

Lin Jiawei was very serious and respectful to Lin yuelan as he replied, "Okay, sister Lan. I'll definitely pass on the message to them."

"Yes." Lin yuelan said, "brother Jiawei, the construction of this slope will start tomorrow. You can arrange for ten people to come over to help every day."

Lin Jiawei nodded, " Okay."

Lin yuelan then ordered, " tell them that everyone has a chance, but no matter who it is, they must work hard. If anyone is found to be absent-minded, the first time will be a warning, and the second time will be a direct dismissal."

Lin Jiawei replied, " yes!"

..

After the workers received Lin Jiawei's message, they almost jumped up in excitement.

"Manager Lin, don't worry. We will all work hard. We will not betray the boss." Everyone expressed the same opinion.

Lin Jiawei nodded, "Yes. In short, as long as you work hard, boss will definitely not treat you badly."

"I know, I know. The boss has always been kind and treated us well. She let us poor people work here for more than half a year, but we lived a good life that people envied. We all know that boss is a good person!"

The Lin family Village had always said that Lin yuelan was a jinx and that anyone who got close to her would not have a good ending.

However, these people had been working here for more than half a year and had been doing well. They didn't have any bad endings. On the contrary, their days were getting more and more prosperous.

..

The next day, Lin Jiawei arranged for ten people to go to the third hill, where they planned to develop the farms.

The day before, Lin yuelan had led a group of people to this hillside to plan the route. They had used ropes made of straw. As long as the workers followed the direction of the rope and worked according to instructions, it would be fine.

Although the people who came here to work were very curious, they were all very careful and didn't dare to say much.

As for what they didn't understand, they believed that they would have the opportunity to ask again.

At that moment, the hillside farms were officially in operation!

Whether it was the workers, the host, or the guests, they all suppressed the excitement in their hearts and began to work seriously.

If you find any errors (broken links, non-standard content, etc..), Please let us know < report chapter > so we can fix it as soon as possible.

922 Success

Most of the Lin family villagers were envious when they heard that Lin yuelan's workers could participate in the development of the terraced farms. They also felt that it was unfair.

This girl had grown up eating the Lin family village's rice and drinking the Lin family village's water, but in the end, she had benefited outsiders.

What an ingrate!

Up until now, they didn't think that they had done anything overboard to Lin yuelan. Therefore, they were all indignant about Lin yuelan giving all the advantages to the outsiders.

However, they didn't have the courage to express their dissatisfaction and indignation in front of Lin yuelan. They didn't have the courage to admit their mistakes in the past.

Therefore, they could only helplessly watch as the other villagers benefited from Lin yuelan.

However, how could they give up so easily?

So, they went to Lin Yiwei's house.

"Village chief, you have the best relationship with that girl. You have to go out and tell her about this." It was a demanding tone.

This made Lin Yiwei extremely unhappy. "I'll say the same thing. If you want to go, you can go by yourself. I don't have the right to do so." These people had repeatedly tried to kill Lan 'er, and now they were actually so thick-skinned to ask for benefits. In their dreams!

After being rejected by Lin Yiwei, Lin Changzhi immediately said angrily, " but you're our village chief. How can you not go? "

Lin Yiwei had heard this many times. He said indifferently, " then I don't have to be the village chief anymore, okay? Whoever is willing to take it, go ahead."

He couldn't bear to see the actions of the village, but he was also deeply disappointed. As the chief, he had a deep responsibility for the Lin family village's current state.

Hearing Lin Yiwei's words, Lin Changzhi's face turned red. He was angry but did not know what to say to Lin Yiwei.

If it was possible, he did not want Lin Yiwei to be the chief. That way, he could be the chief.

After all, the benefits and power of being the village chief were great. To him, it was very tempting.

However, Lin Yiwei's three generations of ancestors were all high scholars. With the protection of his ancestors, the Lin family even had officials in the capital. Lin Yiwei was in charge of the Lin family Village, so the Lin family Village would not be bullied by other villages. Moreover, Lin Yiwei had some connections with the county, which brought some convenience to the village.

However, Lin Yiwei was more and more biased towards Lin yuelan, and some villagers in the village were gradually dissatisfied and resentful of him.

But so what?

Who else in the Lin family Village was more suitable than Lin Yiwei to be the village chief?

However, Lin Yiwei was also becoming more and more passive ...

Perhaps Lin Yiwei was becoming more and more disappointed in the Lin family village, so he became more and more reluctant to do anything. He just wanted to live his life in peace.

The Lin family villagers were ungrateful. No matter how much you did for them, they would take it for granted. If you didn't do a good job, you would be condemned by everyone.

He had been the chief for thirty years and was really tired.

In the future, whoever is willing to take the position of the chief can take it.

No matter who became the chief, no one would be able to take revenge on their family.

In less than half a day, everyone knew that Lin Yiwei was not willing to ask Lin Yuelan for a method to develop the mountains and turn them into farms for the sake of the entire village.

This caused the villagers to be indignant.

“How can he do this?” Someone immediately said angrily, “as our chief, isn’t it his duty to fight for the benefit of our village? How can he just ignore it?”

“That’s right. In the past, everyone elected him to be chief because of his family history and because he could read. But look, what did he do for the entire village? Other than being biased towards that girl, he doesn’t seem to have done anything else.”

Lin Yiwei’s 30 years of hard work were erased in an instant.

Hearing everyone say this, Lin Changzhi’s eyes immediately turned, and then he said with a worried and angry expression, “The village chief said now that he wouldn’t do anything. If any of us are dissatisfied, we can be the chief and negotiate with the jinx.”

Lin Yiwei clearly said that he was too tired and embarrassed to talk to Lin Yuelan about this matter, but in Lin Changzhi’s mouth, it became that he disdained doing things for the village.

If you find any errors (broken links, non-standard content, etc..), Please let us know < report chapter > so we can fix it as soon as possible.

923 Success

This further enraged the villagers.

“Lin Yiwei really thinks of himself as a high-ranking official and even puts on the airs of a high-ranking official. Without us, could he be the chief?”

“If he really doesn’t want to be the chief, then fine, he might as well surrender.”

As soon as he said this, the entire place fell silent.

A moment later, someone stood up and said anxiously, “I remember now. I still have something to do at home. You guys can continue chatting. I’ll take my leave first.”

“I also have something to do, I’ll be leaving!”

People left one after another, leaving only Lin Changzhi and Lin Dabao, who was very dissatisfied with Lin Yiwei.

The two of them looked at each other for a moment before Lin Dabao coughed and said, " I have something to do too. I'll be leaving first!"

After that, he turned around and left.

Lin Changzhi, who was left behind, had an ashen expression. His hands were tightly clenched into fists, and his veins were popping.

..

On the slope, everyone was working in full swing.

Lin yuelan planned to build two water reservoirs on this slope.

One was at the top of the slope, and the other was in the middle.

Therefore, the trees in these two areas must be preserved. Then, water reservoirs must be built in the more sunken areas of the forest.

This way, the water stored in the forest could flow into the reservoir. Then, the water in the reservoir could be used to fill the fields.

In addition, they had to dig some ditches in the forest.

The canal extended from the forest at the top of the mountain and was connected to the terraced fields, which could drain water.

When the rainy season came, it would not cause soil erosion.

During the entire process of developing the farms, everyone was assigned a task.

The entire design and development process could be said to be both simple and difficult as long as one understands the principles behind it.

The workers who came to work for Lin yuelan didn't quite understand why the forest vegetation was left in the middle of the slope and the center of the slope. Also, why did they build a large and deep pool?

Lin yuelan would personally check the progress of the project every day. If there were anything wrong, she would also correct it.

Jiang Zhennan, Guo Bing, and a few others were building a reservoir on the top of the mountain.

The water reservoir was dug very deep, but halfway through, water gushed out.

Jiang Zhennan and Guo Bing looked at the water that was coming out and frowned. "we're only halfway through, and there's already a lot of water coming out. Do we still have to dig? "

The water that came out was actually the water stored by the roots of the plants. As winter had just passed, there was not much water stored.

However, due to the accumulation over the years, the water would gush out once it found an exit.

Jiang Zhennan furrowed his brows and said, " dig! Yue 'er said that the purpose of this reservoir is to water the fields in this mountain, so it needs a large amount of water. Therefore, this reservoir must be big and deep enough!"

Listening to Jiang Zhennan's words, Guo Bing nodded. Then, he immediately called the others and said, " come on, everyone, let's work hard and dig this pool!"

Fortunately, although the water was gurgling out, it was not fast. Otherwise, it would be impossible to dig further.

Therefore, when they were digging the pool, they would try to seal the holes that water came out of and prevent the water from flowing out.

After everyone's hard work, the hole was blocked, which made them finally heave a sigh of relief.

Only then did they understand why Lin yuelan had insisted that they bring enough things. She had even said that they would naturally know when the time came.

When Lin yuelan came over, the project was about to end.

"Miss Lin, come and take a look. This pool should be almost done, right?"

Lin yuelan walked over to take a look. Seeing that the water reservoir was exactly the same as the one in her drawing, she nodded and said, " yes, it's done!"

The others who were looking at Lin yuelan nervously felt relieved after hearing her words.

"This is good!"

Jiang Zhennan pointed at the holes and asked, " Yue 'er, what are these? why would water suddenly come out? "

This involved the explanation of modern science. Of course, the ancient people did not quite understand.

Lin yuelan explained, " this is the water stored by the vegetation. Because you guys moved the ground, the water found the exit and came out."

Guo Bing said in surprise, " this is the water stored by the vegetation? It's really amazing."

They had heard Lin yuelan talk about how plants could store water, but they didn't understand what that meant. He thought it was water from the potholes.

After all, the forest was full of potholes.

What he didn't expect was that the water was actually stored in the roots of the trees.

Lin yuelan said, " as long as the bottom of the pool is sealed, the holes are opened, and the bamboo pipe is used as a drainage channel, the opening can be opened in the summer and closed in the winter. It will be fine!"

Jiang Zhennan and the others nodded. Then, the others started to work again and set up the reservoir.

The bamboo pipe was made of thick and large bamboo. There were eighteen of them, and they were connected to eighteen channels. Each channel was connected to a field for watering.

After two days of hard work, the reservoir on the top of the mountain was finally completed.

With the experience from the first time, the construction of the reservoir in the middle of the slope was much simpler.

"Alright, we've finally finished after such a long time." Guo Bing said with relief.

There was strength in numbers. With such a big mountain and such a big project, the farms were successfully developed in just ten days!

When they saw that all the fields were filled with water, everyone jumped up in surprise and excitement and hugged each other.

He had never thought that the sloping fields could really be developed into fertile land!

If you find any errors (broken links, non-standard content, etc..), Please let us know < report chapter > so we can fix it as soon as possible.

The successful development of the sloping fields caused a sensation in the surrounding villages. Soon, it had reached the ears of the county Magistrate, Lord Liu.

"What? is that true?" Lord Liu listened to his subordinate's report in shock.

"Yes, I am. My Lord, many people are rushing to Taoyuan village just to take a look at the terraced fields. Although it's just the beginning of spring, and there's not much water everywhere, I don't know how the people in Taoyuan village do it, but every field is filled with water."

These farms were just developed and were dry. Therefore, they had to be soaked in water to soften the soil so that they could grow crops later.

"This ... How is this possible?" This was the first time Lord Liu had heard that a hillside could be developed into a field.

"This subordinate also finds it hard to believe. My Lord, why don't we go and see if it's real or fake?" One of his subordinates suggested.

Lord Liu nodded and said, "yes, let's go and take a look! Xu San, go make the arrangements. We will leave in a moment."

"Yes, my Lord!"

..

The Lin family Village gathered under a tree for a meeting.

However, this meeting was not hosted by Lin Yiwei. Instead, a few people took the lead and noisily held a collective meeting, with the exception of Lin Yiwei.

"Look, everyone from the surrounding villages can go to that jinx's place to see the terraced fields. Why are we the only ones rejected?" Lin Changzhi said indignantly.

"What else could it be? Of course, it's because the chief didn't do anything." As if they had discussed it, someone immediately responded after Lin Changzhi finished speaking.

What he meant was that they couldn't visit the farms because Lin Yiwei didn't want to negotiate with Lin yuelan. In addition, the Lin family village had some grudges against Lin yuelan, so Lin yuelan refused to let them visit the farms.

Of course, there were still some people who were biased toward Lin Yiwei. They immediately argued, "Changzhi, you can't say that. What does that lass' refusal of us visiting the farms have to do with the chief? Although he has a good relationship with he, that girl is stubborn and ruthless. Can you blame the chief for this?"

Then, Lin Chong stood up and said, "that girl may be cold and heartless, but everyone can see how close she is to Lin Yiwei's family. If he were to talk to that jinx about this and let us see what those terraced fields look like, wouldn't that girl give him face and let us all go? So, in the end, it seems like Lin Yiwei is becoming more and more unwilling to work for us."

Lin Chong had originally respected Lin Yiwei, but because of Er Gouzi and the land that Lin yuelan had forced him to sell, his family developed a grudge against Lin yuelan.

Lin Yiwei and Lin yuelan had a good relationship. In addition, Lin Yiwei had been biased towards Lin yuelan time and time again, which led to some villagers blaming Lin Yiwei and his family.

This time, after being incited by Lin Changzhi and the others, Lin Chong voiced his dissatisfaction with Lin Yiwei and pulled Lin Yiwei down from the position of chief.

"Chong Lin, you can't say that. The reason why the chief is not willing to negotiate with Lan girl is that he does not have the face to go." Some people were dissatisfied, so of course, there were also people who defended the chief. "I believe I don't need to say how our village treated Lan 'Er in the past. Everyone should know in their hearts.

"Since Lan 'Er can disown her own family, why would she help those who had hit her when she was down?"

"Lin Minglan, what are you saying? How could you speak up for that girl? Are you planning to betray us? Are you even from the Lin family village?"

Lin Minglan's words were immediately met with the anger of some people.

Lin Minglan was equally furious. He shouted, "how am I a traitor? Am I not telling the truth? In the past, when that girl was chased out of the house, how many of you beat her up or scolded her? You said such vicious words and acted like she was your punching bag. You even wished that the girl would disappear!

"But now, the girl had changed. She was capable of making money. In the end, you're still unwilling to let her go, repeatedly saying that she's possessed by a demon and even want to kill her.

"Why should she help someone who bullied her and wanted to kill her? In my opinion, it's already good enough that she doesn't take revenge. Now, you're still disdainful of her, but at the same time, you're shamelessly trying to get benefits from her.

"If I were the chief, I wouldn't have the face to ask for such a request from Lan 'Er. Now, you're actually blaming the chief for everything, you're too much."

The moment Lin Minglan finished speaking, the atmosphere in the room froze for a long time.

How could everyone not know about these things? However, who was willing to admit the mistakes they had made in the past?

Not many people were willing to.

They had always stubbornly believed that the reason why their lives were not smooth and good in the past was that a jinx had been in their village.

If they didn't have this jinx, their lives would definitely be better.

But now, that jinx was no longer in the Lin family village, and their lives were getting worse and worse. On the other hand, those who had some connections with Taoyuan village were getting better and better.

Who could they blame?

But ...

"Lin Minglan, what nonsense are you spouting?" Lin Chong immediately jumped up and criticized, "that girl is a jinx. She is just a little girl, yet she bears such a grudge at such a young age. What would she do when she grew up? Also, hasn't she been raised in our village?"

"She had left the Lin family Village and started an independent village, but so what? That can't change the fact that she was once a Lin family villager."

Lin Minglan listened to Lin Chong's words and then looked at the expressions of the other villagers. His eyes could hide his disappointment, but in the end, he said, "alright, you can say whatever you want and do whatever you want. I don't care anymore. But there's one condition, and that is if you want to change the current village chief, I'm telling you, I won't agree."

With that, he strode away.

...

Lin Yiwei, Lin Mingqing, and Lin Mingliang were sitting at a stone table in the courtyard of their home.

How could they not know about the happenings in the village outside?

Lin Mingqing looked at her father worriedly and called out softly, "father ..."

Lin Yiwei shook his head and said, " Qing 'er, don't worry. I'm fine."

Lin Mingliang's character had always been straightforward. He said angrily, " they're really too much. In the past, our Father did everything for the village. Now, father has only refused to represent the village and make a request to Lan 'er, and they are already so resentful of father?"

Lin Mingqing listened to Lin Mingliang's words and did not say anything. He only asked, " father, now you ..."

925 Visiting the Terraced Fields

Of course, the news of the Lin family village had reached Lin yuelan's ears.

Lin yuelan only frowned slightly but didn't say anything.

However, she now had a better understanding of the Lin family Village.

They were truly ungrateful.

For the past thirty years, Lin Yiwei had worked hard for the Lin family Village. If it wasn't for Lin Yiwei and his family's hard work, how could the Lin family Village have been able to live in peace?

However, all his efforts were not worth anything in these people's eyes.

Lin yuelan sighed and said, " these people ..."

After that, she didn't say anything else.

Jiang Zhennan listened to her sigh and held her hand. He asked softly, " Yue 'er, do you want to help Lin Yiwei?"

Lin yuelan shook her head and said, " that's his own business. I won't interfere unless it's necessary."

As long as it didn't involve life-threatening matters.

Jiang Zhennan was about to say something when Lin xujie suddenly came over and reported, "Master, the county magistrate is here!"

Lin yuelan raised her eyebrows and asked, " the county magistrate? Lord Liu?"

Lin xujie replied, " yes, Lord Liu! He's currently in Lin's family garden."

Lin yuelan nodded and said, "Okay, I got it."

Lin xujie quickly disappeared.

Jiang Zhennan furrowed his brows and said unhappily, " I'm afraid that this Lord Liu came here because he heard about the hillside being developed into terraced fields. But what is he planning?"

Jiang Zhennan didn't know this new county Magistrate, so he didn't know if this County Magistrate was here to visit and patrol for the sake of the people or to take credit for Lin Yuelan's work.

It must be known that once such a major matter that solved the people's problems was reported, other than receiving great rewards such as gold and silver, there was also a possibility of being promoted on several levels.

Such a great prospect, anyone would be tempted.

Wasn't the life of an official all about being promoted and getting rich?

Lin yuelan shook her head and said, " I don't know. Let's go and take a look!"

With her understanding of Lord Liu, he wouldn't do such a thing, right?

However, the human heart was hard to fathom, and she could not be sure of everything.

When Lin yuelan and Jiang Zhennan returned to the Lin family garden, Lord Liu was very curious about the huge Lin family garden with his subordinates.

Looking at the large courtyard, the carved beams and painted rafters, green tiles and Vermillion eaves, and the green flowers and plants, they couldn't help but be entranced.

Such a beautiful house and has such a large courtyard. It was hard to imagine that this was a village on the corner.

Lord Liu was entranced by what he was seeing, but when he heard the commotion, he immediately turned around and saw Lin yuelan and Jiang Zhennan walking side by side.

He knew Lin yuelan. After all, they had just met not long ago.

However, the other person, although dressed in simple clothes, exuded a cold and bloodthirsty aura. His entire body's aura was strong and majestic.

Lord Liu thought to himself, 'this man is probably not an ordinary person.'

However, he turned his eyes away without saying a word. Then, he smiled at Lin yuelan, who had just entered, and said, "Miss Lin, how have you been? "

Lin yuelan also smiled faintly, " thanks to Lord Liu, everything is fine! Lord Liu, please come in!"

The group of people came to the living room, and the servants quickly served tea to everyone.

As soon as she sat down, Lin yuelan said with a smile, " Lord Liu, you have come to visit. You have really made my humble home look more glorious!"

The crowd's lips twitched when they heard Lin yuelan say that her house was a humble home.

If such a house was a humble home, then what was the small cottage they were living in?

Of course, Lord Liu was a masterful conversationalist as he had years in officialdom.

Lord Liu replied with a smile, "Miss Lin, I'm the one who should apologize for disturbing you." Immediately after, he restrained his expression and said very seriously, "Miss Lin, I will not keep you in suspense. This time, I came because I heard that your Taoyuan village could develop land on the hillside. I was curious, so I came to take a look. I wonder if miss Lin is willing to allow this official to satisfy my curiosity?"

Lin yuelan smiled and replied, " Lord Liu, you're too polite! If you want to take a look at the stepped fields, of course, you can!"

Lord Liu nodded and said with a smile, " I am just too curious about the appearance of these terraced fields. I hope miss Lin doesn't mind!"

If you find any errors (broken links, non-standard content, etc..), Please let us know < report chapter > so we can fix it as soon as possible.

926 Visiting the Terraced Fields

Lin yuelan shook her head and said, " no!"

After a moment, Lord Liu could no longer sit still. He said, "Miss Lin, then we ..."

Lin yuelan nodded and said, " Lord Liu, please!"

After a while, the group of people arrived at the back of the mountain where the terraced fields were.

The county Magistrate, Lord Liu, also came to see the matter of the terraced fields. Immediately, this news spread like wildfire.

Not long after, whether it was the Lin family village or the other villages, they all heard that the magistrate had come.

For a moment, these villagers, who had not seen much of the world and had only seen a few bailiffs in the town, were both curious about and instinctively afraid of Lord Liu.

After that, they all gathered at the foot of the mountain, not daring to go near the farms.

"This girl is really amazing. She managed to alert the county magistrate with just a few terraced fields!"

"Yup. Look at the way this girl and Lord Liu are chatting and laughing. Why isn't she afraid?"

"What's there to be afraid of? I've even heard that she has met the magistrate before, let alone the county Magistrate now."

"Ah? Was there such a thing? She's just a farmer's daughter. How could she have seen such a high official?"

"I don't know,"

They really didn't know about Lin yuelan's social connections. Therefore, they were also curious about how Lin yuelan had managed to establish a relationship with these officials.

When the county magistrate arrived at the foot of the mountain, he looked up and saw the Winding Ridge of the paddy field. Even if he was below, he could still see that the paddy field was full of water.

From time to time, the clear sound of water flowing down from high above could be heard.

The magistrate, Lord Liu, was really surprised. He pointed at the ditches and asked, "Miss Lin, this ... Where did this water come from?"

Lin yuelan smiled and made a gesture of invitation. "Lord Liu, please!"

After a moment of surprise, county magistrate Liu went up the hill, starting from the first field at the foot of the mountain and then to the second ...

The only thing he was curious about now was where this endless stream of water came from.

In the past, the sloping land could not be developed into fertile land because the water irrigation problem could not be solved.

When they reached the middle of the slope, the magistrate frowned and looked at the remaining forest trees and what looked like a pool in the pothole.

Lord Liu asked curiously again, "Miss Lin, why do you keep this piece of land and not cut it down and develop it into a field? "

Lin yuelan only said indifferently, " my Lord, this is preserved to solve the water flow problem."

But she didn't explain too much.

Because there was no need!

Whether Lord Liu's purpose in coming here was for the people or for himself, it was hard to say.

Lord Liu was a smart man. When he heard Lin yuelan's answer, he knew that she was unwilling to answer, and he was somewhat displeased.

No matter how close Lin yuelan was with the former county Magistrate, he was now the county Magistrate of An Ding County. She was just a peasant farmer girl without any background.

So, no matter what, she had to answer him properly.

Lord Liu's slight frown indicated his displeasure, and Jiang Zhennan instantly caught it.

Then, he narrowed his eyes, and his sharp gaze swept indifferently toward Lord Liu.

Lord Liu's senses were also sharp. He felt two sharp rays of light sweep toward him. He immediately looked at the source of the light and found that it was ...

His expression immediately changed, and he thought to himself again, 'what a sharp gaze! Such a look should not appear in an ordinary person. Who is this man?'

But then he thought of a rumor he had heard from the former county magistrate. It said that the man next to Lin yuelan must not be offended, or he would die without even knowing how.

'Could this be the man Lord Zhou was talking about? If it's really him, I'll have to be careful today.'

Lord Liu continued to walk up. The farms above and below were no longer any different.

However, when he reached the top of the mountain, he once again found that the forest on the top of the mountain had also been preserved. There was also a pool-like thing, and it seemed to be bigger than the pool he had gone into.

“could this be the source of the water source? ” he asked.

But it didn't make sense.

Even if the function of these ponds were to collect water and store it on rainy days, it would not be able to store much water since it did not rain that often. Plus, the water should have seeped down.

So, how could there be so much water to water the fields?

Although he had his doubts, Lord Liu did not ask any further.

He knew that even if he asked again, Lin yuelan would not answer him.

As a county magistrate, he didn't want to be humiliated again.

Not long after, the group of people went down the mountain.

However, as soon as they reached the foot of the mountain, someone immediately stopped the county magistrate and cried out for injustice.

“my Lord, you must stand up for me, ” Li Cuihua's chubby body knelt in front of Lord Liu.

Lord Liu's subordinate's face darkened as he thought to himself, ‘where did this ignorant woman come from? She's so insensible. She clearly knows that master is here for the farms, yet she is here to cry out for injustice.’

The leading bailiff was about to berate Li Cuihua, but Lord Liu waved him off and asked, “ what injustice do you have? ”

Li cuihua's eyes brightened, and she said, “ Sir, I want to sue my third son for being disrespectful and unfilial!

Li cuihua's words did not startle Lord Liu, but rather the people who were watching the show.

One had to know that li cuihua's third son, Lin Sanniu, was the most filial son to them.

Now, this Li Cuihua actually brought her stupidest and most filial son to court? Everyone was shocked at first, but then there was a burst of mockery and ridicule.

If you find any errors (broken links, non-standard content, etc..), Please let us know < report chapter > so we can fix it as soon as possible.

927 Good Idea

Magistrate Liu listened to the old woman in front of him, with tears and snot in her eyes, cursing and exaggerating the unfilial actions of her third son.

When Lord Liu and his subordinates heard this, black lines appeared on their faces.

Lord Liu asked again, " you're saying that you're suing your third son for being unfilial because you asked them to work in the fields, but they didn't do it? "

Li Cuihua nodded nervously and fearfully. "Yes, sir. As their parents, shouldn't they do whatever I tell them to do? But they're horrible for letting us down.

"No matter how I asked them to work, they ... ignored me! They just let the family's ten mu of land be abandoned there. They went there instead!"

She pointed in the direction of a mountain.

Lord Liu asked in confusion, " what is that place? Is there a problem with their family working there?"

Li cuihua's frightened eyes stared at Lin yuelan, who was next to Lord Liu, not daring to speak.

Lin yuelan smiled at Lord Liu and said, " Lord Liu, that place is another slope that I bought."

This time, Lord Liu was even more puzzled. "Oh, miss Lin, is that your property? But why would her son work for you?"

Li cuihua's sharp voice suddenly rang out. She said, "Sir, you don't know this. This rebellious daughter actually forced her parents to work for her without any pay. My Lord, this jinx wants to make my son's family work for her for free."

Ha ...

Lord Liu and his subordinates were even more confused.

How did this involve miss Lin?

Lord Liu immediately said sternly, " this woman, what nonsense are you spouting? How come I didn't understand a single word? If you want this official to make a decision, why don't you tell me everything clearly?"

However, Lord Liu and his subordinates noticed a strange phenomenon. The surrounding villagers were laughing, but why did it seem like they were mocking and disdaining him?

How were this mockery and disdain?

They did not understand.

At the sight of the county magistrate's authority, Li Cuihua immediately became timid. She opened her mouth several times but didn't know what to say.

At this moment, Lin Daniu suddenly knelt in front of Lord Liu and said helplessly, " Lord, it's like this. The person my mother wants to Sue is my third brother, Lin Sanniu, and this d * mned B * stard ... Lin yuelan, who is standing next to you, is my brother's eldest daughter. My mother is Lin yuelan's grandmother, and I'm her uncle."

Hearing his words, magistrate Liu immediately looked at Lin yuelan suspiciously as if he wanted to confirm whether this person was telling the truth.

If these people were really Lin yuelan's family, why was Lin yuelan so indifferent when she saw them kneeling in front of her?

But before Lin yuelan could speak, Guo Bing came over and said, " Lord Liu, this man is telling the truth!"

Lord Liu's heart skipped a beat. Then, he heard Guo Bing say, " Lord Liu, miss Lin and Lin Sanniu are indeed father and daughter.

"However, four years ago, miss Lin cut off her blood to return to her father and cut off her flesh to return to her mother. She had completely severed all blood relations with this family. My Lord, you also know that before the end of the year, His Majesty issued an imperial edict all over the country regarding the reform of the 'laws of filial piety'. Children who are abandoned, sold, cut off relatives, adopted, and so on have already cut off their relationship with their original parents. Similarly, they have also cut off all ties with their original family. Unless these children were willing to acknowledge these relatives and show filial respect to them, they could not be forced.

"So, miss Lin can be said to have nothing to do with their family now!" Guo Bing pointed at Li Cuihua and Lin Daniu, who was kneeling on the ground, and said in a disdainful tone, " since Lin Sanniu has nothing to do with miss Lin anymore, there's naturally no such thing as a daughter forcing her biological parents to work."

Everyone looked at Li Cuihua, Lin Daniu, and the others with a look of disdain and ridicule.

"As for why Lin Sanniu would rather work for miss Lin than go home to work, I believe everyone here is astute. You just need to ask, and you'll know!"

He didn't care to talk about the Lin family's matters.

Hearing Guo Bing's words, Lord Liu frowned slightly, then gave a look to his subordinate. The subordinate immediately understood and left without a sound, walking towards the place with people in the distance.

928 Good Idea

Lord Liu furrowed his brows and asked sternly, " are the two of you here to tell me that Lin sanniu is unfilial if he doesn't work? "

Lin Daniu choked. He wasn't here to sue Lin sanniu. His goal was to destroy Lord Liu's impression of Lin yuelan. He wanted to let Lord Liu know that Lin yuelan was an unfilial person.

However, li Cuihua quickly replied, " Yes, my lord. That third son of mine actually didn't care about our old age and made us work in the fields. My Lord, please punish such an unfilial son!"

Lord Liu did not say anything else.

He didn't speak, and Li Cuihua and Lin Daniu also lowered their heads and didn't dare to speak.

As for the surrounding people, other than Lin yuelan and her group, who were watching the show with a mocking expressions, no one else dared to make a sound.

At this moment, the entire place fell silent!

The silence continued until the subordinate arrived and whispered a few words into Lord Liu's ear. Lord Liu suddenly shouted in anger, " you wicked woman! How dare you lie to me?"

When li Cuihua heard Lord Liu's stern and angry shout, she immediately paled in fright and replied in a trembling voice, " Sir ... My Lord, why do you say that?"

Lord Liu asked angrily, " You want to sue your third son, Lin sanniu?! As far as I know, your third son has been driven out of the house by you and is living in the stinky cowshed of the neighbor's house. He lacks food and clothes, and you have not given him a single copper or a single grain of rice. If that's the case, why did you ask your

third son to go back to work? Your family all have so many young and strong people, can't you all work this ten mu of land? Then what is your family doing?

"This official also heard that you made your third son's family work and didn't give them food to eat after work, right?"

Lord Liu's sharp gaze seemed to be filled with ferocity as he glared at Li Cuihua and Lin Daniu.

Li Cuihua and Lin Daniu were so scared that they shivered, their faces extremely ugly.

They had not expected that in such a short period of time, Lord Liu would be able to find out so much about the matter. This completely exceeded their expectations.

"Li Cuihua, I'll ask you one more time. Do you still insist on suing your third son?" Lord Liu asked sternly.

Li Cuihua's eyes brightened. Just as she was about to say yes, Lord Liu added, "if you insist on suing him, I'll tell you that your third son completely has the right to be dissociated from your family because he has already been abandoned. So, what is your choice now?"

Hearing Lord Liu's stern and serious words, Li Cuihua's face immediately turned from white to green, her entire person filled with shock and fear, not knowing what to do.

The choice Lord Liu had given her was not the result she wanted.

What she wanted was for Lord Liu to give Lin Sanniu a few big slaps, then order them to go back to work. If possible, he would also drag Lin Yuelan down with him.

After all, it was disrespectful and unfilial for a father and mother to work for their daughter without any compensation or welfare other than food.

At that time, Lin Yuelan's image in the county magistrate's eyes would plummet, and there was a high chance that he would order Lin Yuelan to compensate the Lin Sanniu couple.

Of course, the compensation would fly into the hands of Li Cuihua and her husband.

In the end, she just wanted to get money from Lin Yuelan.

This was the main reason why Li Cuihua had suddenly intercepted the county magistrate and lodged a complaint against Lin Sanniu.

However, they never expected that if they really wanted to sue Lin Sanniu for being unfilial, Lin Sanniu could cut ties with them.

According to the new " laws of filial piety ", Lin sanniu's family would no longer have any ties with the Lin family. This way, they would not be able to do anything to Lin sanniu.

Li Cuihua and the others hated Lin sanniu, but they had never thought of cutting off their bloodline to him.

If they really cut off all ties with Lin sanniu, who would do the work in the Lin family's fields in the future? How could their family survive?

Seeing that Li Cuihua had no choice, Lord Liu sneered, " Li Cuihua, I'll ask you one last time. Do you still insist on suing your third son? "

Li cuihua's face was pale. Even though she was kneeling, she still felt like she was about to fall.

At that moment, Lin Laosan knelt in front of Lord Liu and apologized sincerely, " please calm down, my Lord! We're not going to sue my third son for being unfilial. It's all a misunderstanding. It's all because this ignorant woman was too angry that she said those stupid words. Please forgive her, my lord!"

If you find any errors (broken links, non-standard content, etc..), Please let us know < report chapter > so we can fix it as soon as possible.

929 Good Idea

Lord Liu's face was dark and gloomy. Anyone with a discerning eye could tell that he was very unhappy.

But the villagers were secretly happy, the ridicule and disdain on their faces even more obvious.

It was Lin Laosan's family's fault for doing things that even outsiders like them couldn't stand.

"So, because of your wife's ignorance and misunderstanding, I almost misjudged a case? " Lord Liu asked, hiding his anger.

Lin Laosan immediately kowtowed and apologized, " please calm down, my Lord! This is all a misunderstanding. Please forgive us!"

As he spoke, Lin Laosan pulled Li Cuihua, who was in a daze, to kowtow with him.

Li Cuihua was so scared that she followed Lin Laosan's movements like a block of wood.

Lord Liu didn't look at them again. Instead, he turned his head and asked Lin yuelan, "are they really your old grandparents?" What he meant was, how could it be so weird? No wonder they had chased such a good granddaughter like Lin yuelan out of the family.

Lin yuelan shrugged her shoulders and said with a helpless and bitter smile, "not anymore!"

Lord Liu was a smart man.

If Li Cuihua and the rest were to sue Lin sanniu, there would not be any problem.

However, these people were trying to play tricks in front of him. They wanted to sue Lin sanniu and drag Lin yuelan into the water. They wanted to destroy Lin yuelan's image in front of him and even wanted to use him to gain some benefits.

However, did he look like an idiot?

Immediately after, Lord Liu reprimanded, "what a bold unruly citizen. You were the ones who wanted to sue your son, and you were also the ones who said that it was a misunderstanding. Do you really think I'm a fool?"

Lin Laosan and the others were so frightened that they hurriedly said, "we don't dare!"

Lord Liu said sternly, "Since this is your first offense, I'll spare you this time! If there's a next time, I won't say a word. I'll give each of you twenty big smacks first!"

"We won't dare to do it again!" Lin Laosan said hurriedly.

Lord Liu continued, "I'm warning you again. Since miss Lin has severed her ties with you, you have no relationship with her. If this official finds out that you're stirring up trouble again, don't blame this official for being impolite!"

This was a public act of protecting Lin yuelan.

For both public and private reasons, Lord Liu was naturally more protective of Lin yuelan.

When Lin Laosan and Li Cuihua heard this, they were so frightened that they kowtowed and promised, "this commoner won't dare to do it again!"

Moreover, Lin Laosan had met the officials twice. The first time, he had been flogged 20 times. The second time, he had been warned by the dignified county magistrate.

He was only a farmer and had never seen the real world. Therefore, these two experiences were unforgettable for him!

In the future, he would not dare to do anything to Lin yuelan.

That was because he now understood that Lin yuelan not only had enviable wealth, but she also had powerful and influential officials supporting her.

Therefore, unless these powerful people took the initiative to make things difficult for Lin yuelan, the Lin family would never be able to win against her.

Lin Laosan finally understood this after such a long time.

After that, Lin yuelan was no longer bothered by their harassment.

When they returned to the Lin family garden, Lin yuelan did not forget to thank him. "Lord Liu, thank you so much for solving my future troubles!"

Lord Liu shook his head and said, "Miss Lin, you're too polite! You and I are friends, so you should do something for a friend, don't you think?"

As long as Lin yuelan didn't agree to report the matter of the farms, he couldn't take any action.

That was because there was another person behind Lin yuelan. That person was his boss, Zhou Changsheng!

He was just a small county magistrate. Of course, he did not have the right to report this directly to the Emperor. Therefore, he could only go through the layers of reports to reach the Emperor!

If it was really a great service, the rewards given by the Emperor would be stripped away layer by layer, and only a few would end up in his hands.

Thus, he wanted to obtain the greatest and most direct benefits. First, he had to build a good relationship with Lin yuelan and obtain the approval of his superiors. Finally, he would write a memorial and hand it over to his superiors directly to the Emperor.

Lin yuelan already knew Lord Liu's goal.

However, this matter had already been decided long ago, and Jiang Zhennan would be the one to take action.

Otherwise, she wouldn't mind giving Lord Liu some credit for his protection.

However, Lin yuelan smiled and replied, "that's right! Don't worry, Lord Liu, I will definitely take this matter to heart!"

Lin yuelan was promising him that he would get some benefits one way or another.

Lord Liu's eyes lit up, and he immediately laughed. "haha, miss Lin, I heard from Lord Zhou that you're a lady who values relationships and loyalty. It's true!"

Since Lin yuelan had made such a promise, it meant that she might have the support of someone even more powerful than Lord Zhou.

And this important figure was very likely the man Lord Zhou had mentioned, the man that could not be offended.

It had to be said that Lord Liu was truly a smart and bright person. He was also a person who knew the importance of things and had foresight.

Lin yuelan was a little impressed by Zhou Changsheng's judgment of people.

No wonder Zhou Changsheng recommended this person to take over his position.

The county Magistrate came in a hurry and left in a hurry.

However, he asked Lin yuelan if the other villages could replicate her methods at the hillside farms.

Lin yuelan agreed.

Not only did Lin yuelan agree, but she also began sending people to guide the family to open up the mountains fields.

This made the villages very grateful to Lin yuelan.

Many people came to the Lin family garden to work for Lin yuelan for free for a few days.

That was until the busy spring season arrived.

That was because the fields were about to be planted.

And because they heard that Lin yuelan had a high yield of eight stones per mu last year, many people asked the people of the Lin family garden for advice.

For a while, Taoyuan Village was filled with people.

Lin yuelan jokingly said to Jiang Zhennan, "Why don't you tell the Emperor directly and start the experiment in An Ding County? "

Unexpectedly, Jiang Zhennan's eyes immediately lit up. He grabbed Lin yuelan's hand tightly and said excitedly, " Yue 'er, this is a good idea!

Anyway, what the Emperor wanted was a place to experiment with farming. An Ding County was remote and would not be disturbed by others. It was the best place to do experiments.

Jiang Zhennan immediately said, " Yue 'Er, wait for me for a moment. I will immediately write a letter to the Emperor and report this matter to him."

Lin yuelan, who was left in the same place, was in confused.

'Aren't you supposed to go to Beijing?'

If you find any errors (broken links, non-standard content, etc..), Please let us know < report chapter > so we can fix it as soon as possible.

930 Visitors from Afar

In the Imperial Palace, in the Imperial study.

The Emperor took the letter from the secret guard. After reading it, his face was first filled with shock. His eyes burst out with an intense curiosity and excitement that could not be hidden. Then, his face was filled with confusion. Finally, that excited face became calm and deep in thought.

In the end, he picked up the pen, and with two strokes, he handed it to the leader of the secret guards and instructed him, "An Yi, you personally deliver the letter. You must personally deliver it to Jiang Zhennan's hands. Also, help me monitor that small county well. If there's anything, report it immediately!"

"Yes, Your Majesty!" The leader of the hidden guards in the shadows had no expression on his face. He only followed the emperor's orders respectfully.

Duke Zhengguo's mansion, in a desolate courtyard.

A man wearing a black mask looked down at the woman standing by the wall and asked coldly, " why did you come to me this time? "

Wen Yujing looked at the man who was standing on the wall with a cold and fierce aura. She couldn't help but feel a little scared. However, because she knew that this man couldn't do anything to her, she could only suppress this fear in her heart.

Wen Yujing looked at the man and asked angrily, " thousand-faced man, where did Jiang Zhennan go missing last year? And who saved him? It's been almost half a year. Why haven't you given me an answer!"

A cold smile appeared on the thousand-faced man's thin lips under his Black Ghost mask. He said sharply, "Madam Zhengguo, since you don't believe me, then you can find someone else!"

He was overbearing and did not respect Wen Yujing at all.

Hearing this, Wen Yujing's face turned pale with anger. She said angrily, "I saved your life. You promised me three things. Now, you've only fulfilled one request. Could it be that the rumors of the thousand-faced man keeping his promise in Jiang Hu are false?"

The thousand-faced man ignored the accusations and only said coldly, "you've really overestimated me, Duke zhengguo's wife. I'm just a small part of Jiang Hu.

"Everyone in the pugilistic world knows that I'm a person whose emotions are unpredictable. When I'm happy, I might agree to anything. When I'm unhappy, I might forget everything I promised.

"I, the thousand-faced man, am such a despicable villain.

"Therefore, whether I keep my promise or not depends on whether the other party is worth it for me to keep my promise."

Hearing this, Wen Yujing was so angry that she almost jumped up. She accused angrily, "but I saved your life! Don't tell me your life isn't worth the three requests?"

She looked very angry on the surface, but there was a sense of shock and confusion in her heart.

Why did this man with a Thousand Faces refuse to give her Jiang Zhennan's information?

Could this person be someone who was familiar with Jiang Zhennan?

But that didn't seem right.

Last time, her one request was to kill the exposed Butler of the General's residence. She couldn't let Jiang Zhennan have any evidence against her. Thousand Faces man had also fulfilled her request.

But why didn't this person give her an answer to the last two requests?

Could it be that something had happened there?

The thousand-faced man couldn't guess what Wen Yujing was thinking.

Even if he could guess it, he would only scoff at it.

Hearing Wen Yujing's accusation, the thousand-faced man didn't take it to heart at all. He just said indifferently, " you don't need to question whether saving my life is worth it or not. If you're not satisfied, you can change your request. I only promised to do three things for you, but I didn't make any promises as to what kind of requests. I have the right to accept or refuse."

Wen Yujing jumped up in anger and roared, " you ... You rascal!"

The thousand-faced man didn't want to waste any more time talking to her, so he only said, " that's enough. Since I've already agreed to your two requests, I won't go back on my word. You might just get your answer later."

In fact, Wen Yujing wanted an answer now.

However, this thousand-faced man was not willing to give it to her, so she could only endure it.

Her deal with this thousand-faced man could not be seen by others.

If, by any chance, this thousand-faced man was angered, and then news spread that she could not tolerate the first wife's son, and had secretly bribed the General's mansion's former housekeeper to poison the great general, then she would first be questioned by the Emperor.

Wen Yujing understood the consequence.

Therefore, all the clues leading to Jiang Zhennan's death had been cleaned up by her.

Even if Jiang Zhennan knew that she was the one who sent the people, he could not do anything to her without any evidence.

However, this time, Jiang Zhennan had disappeared from Beijing again.

The upper echelons of the capital knew about Jiang Zhennan's disappearance in the capital.

If you find any errors (broken links, non-standard content, etc..), Please let us know < report chapter > so we can fix it as soon as possible.

931 Visitors from Afar

Wen Yujing secretly guessed that Jiang Zhennan's disappearance was probably related to the last time he disappeared.

Therefore, she urgently needed to find out Jiang Zhennan's whereabouts.

That was why she had secretly contacted the thousand-faced man again, asking for an answer.

However ...

Wen Yujing watched as the thousand-faced man flew away and disappeared into the night sky. She said hatefully, "Hmph, you've humiliated me. I'll remember this. After I've dealt with that bastard Jiang Zhennan, I will definitely repay you ten times the amount!"

After she finished speaking, she looked at the dark sky with her venomous eyes and then disappeared into the dark night.

An Ding County

A handsome young man in a white brocade robe was riding a horse on the street of the county.

Behind them was a man dressed in gray and white clothes with a sword at his waist. He rode a brown-black Horse.

Suddenly, he turned to the young master in front of him and said, "Young master, this must be An Ding County! Look, it's quite lively. It's not as barren and uninhabited as we thought."

There were many people in the city, and many of them were dressed in noble clothes. Their accents were also not from this place.

This place was obviously livelier than the other counties.

The young master in front stopped in front of a restaurant. He narrowed his eyes and the corners of his mouth curled up. "Lou Ye, let's stay in this restaurant tonight. Also, can you ask the shopkeeper how to get to the Lin family Village?"

The subordinate behind him immediately replied, "yes, young master!"

Then, he got off his horse and walked into the restaurant.

A moment later, Lou Ye came over and said, "Young master, all the rooms in this restaurant are full. Furthermore, it has been scheduled for seven days. Do you think we should go to another Inn to stay?"

Lou Ye was not too surprised by the popularity of Ni Lai Wo Wang restaurant.

Because, along the way, all Ni Lai Wo Wang restaurants had very good business. As long as they did not book a room in advance, they could forget about staying.

They saw with their own eyes that some guests wanted to make a scene, but a black-clothed man appeared out of nowhere and expressionlessly carried a long sword and dragged them out of the restaurant.

This time, they had come to this County very suddenly. They had not arranged for anyone to make a reservation in advance.

Therefore, if they want to stay at Ni Lai Wo Wang, they could either make a reservation now and wait for seven days or directly stay at another Inn.

The young man in white looked at the signboard of the restaurant. The Golden words on it were shining under the sun.

He revealed a smile on his face, which was particularly charming. The woman who had noticed them since they entered the city was instantly mesmerized by the faint smile.

“ah!” many women shouted without restraint, “ young master, you’re so handsome!”

The White-robed young master didn’t seem to care about what had happened. He only whispered to Lou ye, “ Lou ye, let’s hurry to the Lin family village before it gets dark.”

Hearing his master’s words, Lou ye raised his head and looked at the sky.

It was clearly going to be dark soon.

They had to rush to the Lin family village before the sky turned dark.

According to the waiter of the restaurant, it would take at least six hours to get to the Lin family Village by carriage.

Even if they were to ride on horses, it would take them at least six hours.

By then, the sky would have already turned dark.

However, he could only obey his master’s words. He could only reply, “ yes, master!”

After that, the two of them passed through the main street of the county. After exiting the city gate, they galloped in the direction of the Lin family Village.

Perhaps it was because of the quality of the horses, but it only took them six hours to get to the Lin family Village.

Even so, when they arrived at the Lin family Village, they only saw a few houses lit up.

However, these few lamps were extinguished one after another after they arrived.

Because in the countryside, it costed money to light a lamp.

Therefore, when it was dark, after washing up and eating, they would go to bed and rest. This way, they could save on gas.

People who practiced martial arts all had sharp eyes.

Lou Ye's mouth twitched as he looked at the closed door. "master, didn't you come to look for miss Lin? This is the Lin family village, but which of these houses is hers?"

The young master in white looked a little scary in the dark. He was dressed like a floating ghost.

However, this person didn't care about his clothes at all. He was sitting on the back of his horse, his sharp eyes slightly squinted, and then he looked at a big house in the distance.

He pointed at the big house and said, " let's go there!"

Lou Ye had also noticed the big house. He asked curiously, "Young master, could that big house be ... Miss Lin's?"

The young master in white glanced at his subordinate and said with some disdain, " just go if I tell you to. Why are you talking so much nonsense? "

After that, the two of them disappeared from the Lin family village along with the clattering of hooves.

After they left, a few houses quietly opened their doors. Looking in the direction of the distance, they suddenly heaved a sigh of relief. Their nervous mood was relieved as they said, " you really scared us to death. We thought it was a Bandit."

It was quiet at night, so how could they not hear the loud clatter of the horse's hooves?

They were not dead people.

However, in their village, cows and horses rarely came. In the past, there was only Lin yuelan's family that owned those animals.

However, after Lin yuelan established her own village, she opened up a new road, so they no longer passed by the Lin family village. Naturally, they would not hear the sound of the horses' hooves anymore.

Therefore, when they heard these sounds, they thought they were bandits.

Lin Family Garden

Lin yuelan was just about to take a bath and go to sleep. She had a long day and needed a good rest.

Suddenly, the Butler rushed over to report that someone was looking for her outside.

Lin yuelan was very puzzled. Who would come to find her at this time of night?

Jiang Zhennan, who had heard the commotion, came out from another house.

He said, " don't go out yet. I'll go and take a look first!"

Jiang Zhennan heard the commotion and walked out of another room. He walked towards Lin yuelan and said, " don't go out yet. I'll go and take a look first. Who knows if he's a good person or a bad person?"

Hearing this, Lin yuelan rolled her eyes and mumbled to herself, " even if it is a bad person, others might not know this, but you should know my abilities."

However, she also knew that Jiang Zhennan did it out of concern, so she said with a smile, " no need. Let's go out together. I also want to know who this person is."

Moreover, he said that he was looking for miss Lin as soon as he came, which meant that he must be an acquaintance.

The two of them walked out together, and Jiang Zhennan was holding Lin yuelan's hand.

When they arrived at the door, they saw a man dressed in white outside the door. He was calm and indifferent, quietly leading the horse, and his eyes were eagerly looking at the man inside the door. Jiang Zhennan immediately gritted his teeth and shouted, " Liu Yichen, what are you doing here instead of staying in your willow leaf villa? "

However, he did not forget that Liu Yichen treated Lin yuelan differently.

Although the two of them were now sworn siblings and addressed each other as brother and sister, they were not blood-related siblings after all, and anything could happen.

He didn't want to be interrupted by Liu Yichen, who had suddenly appeared for no reason.

When Liu Yichen saw Jiang Zhennan, he raised his eyebrows slightly. He was also a little surprised.

‘It’s just New Year’s, and Jiang Zhennan is already here?’

However, when he saw Jiang Zhennan and Lin yuelan walking out hand in hand, his eyes, which were filled with a faint smile and a seductive charm, suddenly narrowed, and a look of disbelief burst out.

His reaction was short, but it was still caught by Jiang Zhennan, who was equally sharp.

Therefore, no one knew whether Jiang Zhennan did it unintentionally or on purpose. He held Lin yuelan’s hand tightly, so much so that it was impossible to ignore it.

Especially the Butler and guards who were following behind them. The corners of their mouths twitched.

Well, there was no need to ask. They definitely knew each other.

Moreover, to the understanding of the servants at Lin’s family garden, this person was likely to be a love rival of their future master.

Although Liu Yichen was a little uncomfortable with Jiang Zhennan’s unintentional and childish provocation, he would only take it as Jiang Zhennan’s childish behavior. Therefore, he repeatedly expressed in his heart that he should not be calculative with childish people.

Liu Yichen looked at Jiang Zhennan and grinned. “young master Nan, I have nothing to do, so I came here to visit my sister. Can’t I? ” No matter how one looked at it, this smile seemed to be a response to Jiang Zhennan’s provocation.

Immediately after, he put on a sincere smile and said to Lin yuelan, ” sister, I’ve come to see you. How have you been?”

Lin yuelan nodded and smiled, “I’m good! Big brother, how have you been?”

Liu Yichen nodded and said, ” mm, very good!”

He looked up at the tall and beautiful house and said with a smile, ” sister, I’m a little hungry after traveling for a long time. Can you get someone to prepare some food? ”

He had not eaten anything since he left An Ding County, so he was indeed a little hungry.

Lin yuelan smiled and said, ” sure.”

She turned around and ordered the Butler, "uncle Fu, go to the kitchen and get someone to prepare some noodles.

"Alright," uncle Fu replied respectfully.

Then, he turned around and walked towards the kitchen.

But in his heart, he was muttering to himself about how his master had addressed the person who had just arrived, 'Brother, sister!'

Moreover, from the future master's expression and behavior, this person was familiar with both their master and future master.

However, who was this person?

Jiang Zhennan said to Liu Yichen in an unpleasant tone, "you only know how to eat as soon as you come. How come you didn't starve to death on the way here?"

Did future master take some kind of manic pill tonight? why was his temper so different from usual?

Liu Yichen ignored the jealous Jiang Zhennan. Instead, he looked at their holding hands. He asked Lin yuelan in confusion and curiosity, "sister, what are you doing?"

But before Lin yuelan could answer, Jiang Zhennan rushed to answer, "I'm dating Yue'er. Do you have a problem with that?"

Liu Yichen, "... How childish!

Lin yuelan, "... When did he become so talkative?

If you find any errors (broken links, non-standard content, etc..), Please let us know < report chapter > so we can fix it as soon as possible.

933 Visitors from Afar

Not to mention Liu Yichen, even the people around them were speechless.

The future master was really too childish today.

It was completely like snatching candy from others, and after snatching it, he still wanted to show it off to the other party.

Uh, it seemed like this candy was their master or Miss Lin!

But ...

Liu Yichen suddenly asked in confusion, "What is dating?"

Everyone was speechless. They had only just learned about the word 'dating' not long ago.

Jiang Zhennan shook his crossed hands with Lin yuelan again, and his expression immediately became a little proud as he said, "dating is a relationship between a man and a woman with the purpose of marriage!"

Everyone's face darkened again. Wasn't he usually a man of few words? Why did he suddenly become so talkative today?

Was this their future master?

They expressed that they did not understand.

When Liu Yichen heard this, his smiling expression froze slightly. Then, he asked Lin yuelan with disbelief in his eyes, "sister, is he right?"

Lin yuelan smiled and nodded. "yes, he is right! Big brother, if you're tired from the journey, come in and take a rest. Don't stand at the door all dressed in white. It's quite scary in the dark."

Liu Yichen nodded and walked into the Lin family garden with his subordinates.

Their horses were naturally taken care of by the servants of the Lin family garden.

He walked into the living room and sat down. Before the servants had served him tea, Liu Yichen's first words were, "young master Nan, I don't think I, as the eldest brother, have agreed to my sister's marriage, right?"

Everyone's busy footsteps paused for a moment, then they continued to get busy.

There was a guest tonight, and it seemed that this guest had an unusual relationship with the master, so they had to entertain him well.

Even though this guest seemed to be at odds with their future master.

When Guo Bing and the others heard the commotion, they also got up to take a look.

Before this, Guo Bing and the others had been holding back their words because they didn't know who this person was and what his relationship with Lin yuelan was.

However, when they saw their boss's IQ plummet when he met this person, they were happy to watch the show.

It was rare for their boss to lose his IQ, but when it came to Lin yuelan, he would become stupidly talkative.

However, now that it concerned their boss' lifelong happiness, they would certainly not sit by and watch.

Therefore, when they heard Liu Yichen say that he was Lin yuelan's elder brother and even put on airs, wanting to interfere in the matter between the boss and Lin yuelan, Guo Bing and the others' expressions changed slightly.

Guo Bing asked, " may I ask who you are? What right do you have to interfere in the matter between my big brother and miss Lin?"

Liu Yichen looked at Guo Bing and squinted his eyes. Then, he introduced himself calmly, " Oh, I'm Liu Yichen. I'm miss Lin's sworn brother."

'I heard that this kid from the Guo family was a child prodigy. He also went to the battlefield and became a military counselor, becoming Jiang Zhennan's right-hand man.

'However, this person didn't look like the well-known military counselor Guo who was well-versed in stratagems and deep calculations. He looked more like a young master who only knew how to play.

'You really can't judge a book by its cover!'

Liu Yichen sighed in his heart.

After Guo Bing heard the three words 'Liu Yichen', his expression became a little dumbfounded.

Perhaps Little Three and Little Six did not know who Liu Yichen was, but as the youngest son of Duke Guo's estate and the military counselor of the Jiang family's Army, how could Guo Bing not know who Liu Yichen was?

However, was this person really "Liu Yichen"?

Guo Bing suddenly remembered that his boss, Jiang Zhennan, seemed to have said "Willow leaf Villa" just now.

In that case, this Liu Yichen was that Liu Yichen.

Thinking of this, Guo Bing looked at Lin yuelan with a strange expression.

He knew that Lin yuelan was a capable person, but he didn't expect that her social skills couldn't be underestimated too.

It was obvious that she had befriended Liu Yichen when they had returned to the capital.

Furthermore, they actually became sworn siblings.

Although he knew that this Liu Yichen was the richest man in the country, this matter concerned his boss's lifelong happiness. It didn't matter who it was. What was important was that he would be angry at whoever stopped them.

If you find any errors (broken links, non-standard content, etc..), Please let us know < report chapter > so we can fix it as soon as possible.

934 Visitors from Afar

Guo Bing immediately smiled and said, " Oh, it's young master Liu. I've long heard that young master Liu is a gentleman and extraordinary. Now that I've seen you, it's true. I've been disrespectful!"

As Guo Bing spoke, he raised his hand, but when he put it down, his expression changed again. "although young master Liu is miss Lin's sworn brother, you are you, and miss Lin is Miss Lin. Young master Liu shouldn't be able to interfere in her Affairs, right? Besides, if someone should have opinions about miss Lin's marriage, it should only be old master Lin. It seems to have nothing to do with you."

Guo Bing was being polite before using force.

Liu Yichen's mouth twitched.

Just now, he was still thinking that Guo Bing didn't look like military counselor Guo on the battlefield. Why did he suddenly change into a different person and act like a military counselor on the battlefield in front of him?

Could it be that he was a great threat?

On second thought, he could only say that he was indeed a huge threat to Jiang Zhennan.

All of a sudden, he felt a great sense of joy.

Liu Yichen said, " I'm her older brother. I can at least give my sister some advice."

Then, he turned to Lin yuelan and said,

"Little sister, you have to consider it carefully. The man beside you looks very old. He's not worthy of you at all. I know a lot of people, so why don't I introduce you to some

young talents? I'm sure you'll be able to find one that suits you. In fact, I'm not bad either, right?"

He was trying to steal her.

Jiang Zhennan's face darkened. Liu Yichen greatly highlighted his age gap with Yuelan.

Jiang Zhennan gritted his teeth and said, "Young master Liu, thank you for your kindness. Haven't you heard of the saying that age is not a difference? Although there's some age gap between Yue 'er and me, our hearts are connected and we love each other. I don't need you to meddle here!"

Jiang Zhennan really wished he could punch Liu Yichen out of Lin's family garden. He clenched his fists so tightly that one could clearly hear the creaking sound of his fists.

Whether it was the master or the servants, they all broke out in cold sweat.

Please don't start fighting.

However, Liu Yichen did not seem to notice Jiang Zhennan's forbearing expression at all. Instead, he advised Jiang Zhennan, "young master Nan, although I don't know your real age, I guess you're at least twenty-four or twenty-five years old, right? But look at my sister, she's not even 13 years old yet. She's at the age where she's curious and ignorant about relationships.

"Aren't you taking advantage of the situation by saying that you're dating my sister now? What if, in the future, when my younger sister is slightly older and understands matters of the heart, she finds out that you are not the right man for her? wouldn't you be putting my younger sister in a terrible situation?"

"Am I right, young master Nan?"

Jiang Zhennan had always minded that the age difference between him and Lin yuelan was too big, but now Liu Yichen just had to add salt to the wound in front of him.

Because Liu Yichen was right, Lin yuelan was only twelve or thirteen years old and was completely ignorant about matters of the heart. As for whether he would be a good man in the future and whether she would regret it in the future, it was hard to say.

For ordinary people, this was indeed a problem that needed to be carefully considered.

However, for Jiang Zhennan and Lin yuelan, this was no longer a problem.

This was because Jiang Zhennan knew that Yue 'er's soul had experienced very strange things. Therefore, her mental age had already matured, and she was no longer ignorant about love.

Jiang Zhennan's sharp eyes looked at Liu Yichen and he said coldly, "this is not something that young master Liu should worry about. Yue 'er and I are in love, there is no doubt about it! You'd better worry about your marriage first. As far as I know, the Imperial Palace's six ..." The sixth Princess was very much in love with him and would only marry him.

However, there were many people here now, so Jiang Zhennan did not say this out loud.

However, Liu Yichen understood it instantly.

In an instant, his face darkened and he said, "She and I are from two different worlds. Young master Nan, you're overthinking it!"

The two of them seemed to be fighting. The crowd looked here and there, their expressions tense, afraid that the two of them would not be able to hold back and start fighting.

Liu Yichen turned to Lin yuelan and said, "Sister, let me give you a piece of advice. This is a matter of life and will affect your happiness. You'd better consider it carefully!"

Jiang Zhennan was so angry that he gritted his teeth and shouted, " Liu Yichen!"

Liu Yichen didn't care about Jiang Zhennan's anger. He crossed his legs and stared at Lin yuelan seriously without blinking.

However, Jiang Zhennan was looking at Lin yuelan with an extra nervous expression.

After all, his age had always been a thorn in his heart.

After being pointed out by Liu Yichen so casually, he was a little worried that Lin yuelan would really abandon him because of his age.

This way, he really became desperate.

He had only loved one person in his life, and that person was Lin yuelan.

If he didn't get a response from her, then his life would really be over.

Perhaps sensing the uneasiness and fear in Jiang Zhennan's heart, Lin yuelan first turned her head and patted the hand that was holding her tightly. Then, she whispered

into his ear, " Brother Nan, don't worry! As long as you don't abandon me, I won't leave you!"

It was as if he had taken a calming pill when he heard her words.

All the nervousness, fear, and jealousy disappeared at this moment. Whether it was his heart or his face, he was full of excitement, joy, and excitement. His sharp and deep eyes brightened up, and there was no trace of gloominess.

Jiang Zhennan could not help but nod his head and promise, " Yue 'er, I won't give up on you, I won't give up on you..." Like a child, he kept repeating this sentence.

Liu Yichen, "... Did he become a fool?

Everyone, "... The general/ the future master is acting strange again.

However, no matter if it was Liu Yichen or the crowd, they were all shocked by the words, 'as long as you don't abandon me, I won't leave you'.

Such a sincere relationship was precious and extraordinary for a destined jinx and a man who was destined to bring misfortune to his wife.

So, no matter what their relationship would be in the future, at least they had each other.

If one day, they were destined to be separated, that would be fate.

After Lin yuelan consoled Jiang Zhennan, she immediately turned to Liu Yichen and said very seriously, " big brother, although there's a slight age gap between big brother Nan and me, it's no longer a problem. Now, I already have big brother Nan in my heart. As long as he loves me wholeheartedly, I think I have already set my mind on him. As for what will happen in the future, no one can say for sure. So why should we worry about that ignorant future?"

When Jiang Zhennan heard this, his excited expression appeared once again. He did not know what to do with Lin yuelan's hand, but he could only hold it tightly as if he was afraid that something would happen if he let go.

Everyone was first surprised by Lin yuelan's bold and sincere words, but then they understood.

Miss Lin's personality was like this. If she loved someone, then she loved him. There was no need to hide it. This was not a shameful thing.

Everyone was giving their blessings to Jiang Zhennan and Lin yuelan.

Other than Liu Yichen.

He felt a sour feeling in his heart, but he didn't know why.

He could only sigh heavily and say, "sister, since this is your choice, I can only support you! If one day, he has a change of heart, I won't let him off."

Who cared if he was the defender-general of the state?

If he didn't let down his sister, Lin yuelan, he would definitely take revenge.

When Lin yuelan heard Liu Yichen's words, she smiled and said, "thank you, big brother!"

"Master, the noodles are here!"

The things that had been prepared in the kitchen came up very quickly.

If you find any errors (broken links, non-standard content, etc..), Please let us know < report chapter > so we can fix it as soon as possible.

936 Entering the Mountains

Liu Yichen's identity as the richest man was only known by Lin yuelan, Jiang Zhennan, and Guo Bing, as well as the two maidservants and four guards who had followed Lin yuelan back then.

However, since their master did not disclose his identity, these subordinates would not gossip and spread Liu Yichen's identity to the public.

After all, Liu Yichen's identity was not simple. If people with ulterior motives found out, it would definitely attract some unnecessary trouble.

Therefore, everyone else assumed that Liu Yichen was a sworn brother Lin yuelan found when she visited the city.

As for his identity, although they were curious since their master didn't say anything, they didn't have the right to ask.

Liu Yichen's arrival did not cause much of a stir other than curiosity. Everyone went on with their own business.

However, to Jiang Zhennan, Liu Yichen was simply annoying.

No matter where he and Lin yuelan went or what they did, Liu Yichen would follow behind them. From time to time, he would purposely separate their hands, causing Jiang Zhennan to be so angry that he almost wanted to fight Liu Yichen.

However, looking at Liu Yichen's half-smiling and somewhat proud face, Jiang Zhennan took a few deep breaths and controlled his temper with great difficulty.

If he really fought with Liu Yichen, he would be the one who fell into Liu Yichen's trap.

One had to know that Liu Yichen was his brother-in-law in name. Once he made a move, he would become the unreasonable party even if he was in the right.

Liu Yichen would use this to sow discord from time to time. Then, he would have a reason and opportunity to slander him.

Jiang Zhennan's face turned red at the thought of this.

When Liu Yichen and Lin yuelan became sworn siblings, they didn't have any relationship.

If he had known earlier, he would have stopped Liu Yichen and Lin yuelan from becoming sworn brothers no matter what.

Now, he had found himself a stumbling block.

On this day, Lin yuelan planned to make a trip to Mount da Ao.

She needed to cut the grape branches and plant them.

The grapes in Mount Da Ao were large, juicy, and sweet. They were natural green fruits and were many times more delicious than the grapes cultivated by modern technology.

The grapes in her interspace were actually plucked from Mount da Yao and stored there. After being nourished by the spiritual spring, the taste was even purer.

Hence, she needed to go to Mount Da Ao.

Knowing that Lin yuelan was going to Mount Da Ao to cut grape branches, Jiang Zhennan was unsurprised and wanted to accompany her.

However, when the other person found out that Lin yuelan was going to the Mountain, he was slightly surprised at first. Then, this person shamelessly wanted to go with them.

Because Lin yuelan planned to plant grapes on the entire hillside, she needed a lot of grapes. Therefore, she called Guo Bing and a few others.

The group of people entered the mountain in a grandiose manner.

Taoyuan village was right next to the Lin family village, so the Lin family village was the first to know if there was any movement in Taoyuan village.

When they heard that Lin yuelan and her group were going Mount Da Ao, the Lin family villagers immediately made up their minds. They were certain that Lin yuelan had brought so many people to the big awn mountain to look for something good.

In the past, every time Lin yuelan entered mount Da Ao, she would bring out many good things.

It was said that Lin yuelan had brought all the rare and expensive fruits from Mount da ao last winter and preserved them.

She had earned a large sum of money just like that.

Therefore, some people wanted to take advantage of the fact that Lin yuelan was going to Mount Da Ao and follow behind to take advantage of her.

Only by following Lin yuelan would the ferocious beasts in the mountain not come out to cause trouble. They would all hide far away because there was the King of the Mountain, the big white Tiger, leading the way.

“Let’s go and see what that girl is up to.” With Lin Changzhi as the leader, he organized a few young and strong people who had good relationships with him and wanted to secretly follow Lin Yuelan.

Lin Chong wanted to take this opportunity to see if he could find anything valuable on the mountain.

However, he was more cautious and timid. He asked worriedly, “ what if that jinx finds out? ”

Lin Changzhi sneered and said, “ Hmph, that Mountain is not her private land. If she can go, why can’t we? So, what can she do even if she finds out?”

It was true that this mountain did not belong to Lin yuelan. She had no right to stop anyone from entering.

Lin Chong was still a little worried. “but we all know that it’s very dangerous in Mount Da Ao. What if something happens? ”

Lin Changzhi looked at Lin Chong with some disdain and said mockingly, “ If you’re always so scared, you’ll only be poor for the rest of your life. Brother Chong, if you’re

really afraid, then you shouldn't go. We'll go." As he spoke, he looked at the few young and strong people behind him.

In the end, Chong Lin didn't go with them because he was afraid.

Lin yuelan was safe on Mount Da Ao because she was strong. However, it would not be easy for others to take advantage of her even if they followed behind.

As soon as Lin yuelan and Jiang Zhennan entered the mountain, they felt that someone from the Lin family village was following them.

Liu Yichen frowned and looked at the few men not far behind him. He asked in confusion, "Who are they? "

Guo Bing sneered, "Those six people are from the Lin family village. Usually, they were too timid to come here. They probably heard that we were here and wanted to take advantage of us. Miss Lin didn't like them at all, so how would we let them take advantage of us so easily? Right, Miss Lin?"

Miss Lin didn't answer directly. She just ignored those people and said, "Don't worry about them. Let's keep going!"

After saying that, she quickened her steps.

They were all martial artists, so when they saw Lin yuelan walking faster, they also quickened their pace.

After a moment, their figures disappeared in front of Lin Changzhi and the others. After all, they were just ordinary people. No matter how young and strong they were, they couldn't keep up with Lin yuelan and the others.

"Brother Changzhi, I don't see their figures anymore. What should we do?" One of them asked.

"That's right. How could they leave so quickly? they disappeared in the blink of an eye."

Then, this person looked around at the gloomy and mesmerizing surroundings and said a little fearfully, "brother Changzhi, let's go back. They must have noticed that we were following them, so they quickened their pace. Now that they're gone, I'm a little flustered, and I keep feeling a little scared. I ... Let's just go back!"

The others were also a little afraid.

After all, they had heard of the legend of Mount da ao since they were young. It was a very dangerous place. Even if one was close to the foot of the mountain, it was very likely that one would be dragged away by a fierce beast.

However, they were moved by Lin Changzhi's words, saying that Lin Yuelan had made a fortune by entering the mountain to search for medicinal herbs and other treasures.

They also wanted to make a fortune, so they wanted to take advantage of the situation.

If only they knew that Lin Yuelan wasn't so easy to take advantage of.

Seeing that the five of them wanted to retreat, Lin Changzhi immediately said angrily, "we've already followed them here. Since the girl could enter the mountains, and with the big white Tiger leading the way, as long as we followed them, there wouldn't be any danger in this area.

"We just need to go in and look for something. Maybe we'll be like that brat and find a hundred-year-old ginseng or a hundred-year-old Lingzhi. Then we'll be rich. Don't you want to get rich? That's right, how can people like you get rich by cowering like this?"

In the end, he simply cursed to cover up his guilty conscience and fear.

How could Lin Changzhi not be afraid when Lin Yuelan and her group disappeared in front of them?

How was this possible?

However, he was not willing to accept this.

Why was it that every time that girl entered the mountains, she could find good things while they had to retreat on their first try?

If the few of them cowered, then wouldn't all their efforts be in vain? How could he not be afraid if he was left alone on this mountain?

Listening to Lin Changzhi's words, these people thought of their skinny wives and children at home. They gritted their teeth and said, "Okay, let's continue!"

Lin Yuelan came to the place with the grape trees.

However, it was just the beginning of spring, and they were all bare.

Liu Yichen's white clothes were not stained by a single speck of dust. He frowned and asked in confusion, "is this the branch of the purple crystal fruit? How did it look like this?" Its branches were twisted and intertwined, but they were like vines. It was not the towering tree he had imagined.

Guo Bing immediately laughed sarcastically. "tsk, tsk, young Masters like you only know how to eat. How would you know how things grow? "

Liu Yichen glared at Guo Bing.

Lin yuelan took out her tools and began to work after a while.

If you find any errors (broken links, non-standard content, etc..), Please let us know < report chapter > so we can fix it as soon as possible.

937 Liu Yichen Ridiculed

Lin yuelan and the rest busied themselves in the mountain for a day before returning to the Lin family garden.

When they reached home, Lin yuelan dealt with the grape branches she had cut. Liu Yichen held a grape branch at the side and asked suspiciously, " sister, can this thing really take root and sprout after being inserted into the soil and then bear green crystal fruits and purple crystal fruits? "

Lin yuelan nodded and replied, " yes. Just plant it directly in the soil and manage it properly, then it'll take root and sprout."

After all, Liu Yichen was not from the countryside. It was normal for him not to know about this.

Liu Yichen looked at the grape branches that had been cut and was still suspicious. Could one branch really grow?

Jiang Zhennan looked at Liu Yichen's idiotic expression and grinned, seemingly very happy.

Finally, there was something to attack Liu Yichen.

Liu Yichen was really detestable. He used the identity of his brother-in-law in name to pick on Jiang Zhennan. He even told Lin yuelan that other than being a human, Jiang Zhennan was useless. His mouth was ruthless.

Fortunately, Yue 'er's heart was firm. Otherwise, if it were someone else, they might really have replaced him.

Thinking of this, Jiang Zhennan said in a good mood, " young master Liu, since you don't know anything here, why don't you go and buy planting for idiots? "

He clearly remembered that when he first met Lin yuelan, she had told him the exact thing.

Liu Yichen's eyes narrowed, and he was slightly confused. "What is that?"

Jiang Zhennan spread his hands. He said, "it's a book that will answer your questions. You can go to the bookstore, maybe you can find it."

These words were obviously mocking him for not knowing anything.

Liu Yichen's face darkened. He gritted his teeth and shouted, "Nan Zhenjiang!"

Jiang Zhennan ignored him and turned to Lin yuelan. "Yue 'er, how do you cut the grape branches?"

Lin yuelan held a grape branch and pointed at the yellow tender shoots. "there should be two to three tender shoots on each branch. Leave half a foot long and stick them directly into the ground. The cutting required a lot of water and light. However, this isn't a problem."

Jiang Zhennan nodded his head.

Liu Yichen, however, was unwilling to give up.

He said to Lin yuelan with some grievance, "sister, you have to stand up for big brother. Just now, Nan Zhenjiang was obviously bullying me because I knew nothing about farm work. Tell me, how can you marry such a bad-hearted man?"

Lin yuelan first sighed softly, then said to Liu Yichen in a 'serious' manner, "big brother, it's true you really don't know anything about farm work. Don't you know that even though you're helping, you're only making things worse? It's just like cutting grape branches. Other people leave the buds and cut them section by section, but you cut off their tender shoots. How can they sprout in the future?"

Everyone, "... " They expressed their sympathy for the eldest son of the Liu family.

Liu Yichen, "... " He felt so attacked.

No matter how much Jiang Zhennan laughed at him, it was not as big of a blow as Lin yuelan's words.

"Hahaha ..." Guo Bing and the others immediately burst into laughter.

They were in a particularly good mood when they saw the eldest son of the Liu family being stifled.

This was the so-called 'one's own happiness is built on pain of others'.

The Liu family's eldest son, who had been ridiculed by everyone, had an ugly expression on his face. He immediately decided that he would never go back before he learned how to do these farm jobs.

He didn't want to lose to Jiang Zhennan.

Just as everyone was laughing, someone knocked on the door of the courtyard.

When the servant opened the door, he saw Lin Yiwei and a few other men standing in front of the door anxiously.

Everyone in the Lin family garden respected Lin Yiwei.

Lin Yiwei saw Lin yuelan in the courtyard and immediately called out anxiously, "Lan 'Er!"

Lin yuelan stood up and walked towards Lin Yiwei. "Grandpa village chief, you look so anxious. Did something happen? "

Lin Yiwei didn't beat around the bush and said directly, " Lassie LAN, there were six men from the Lin family village who went into Mount da ao early in the morning. It's almost dark now, but they haven't returned. I'm worried that something might have happened to them. Can I trouble you to help me ask Little White to look for them?"

After all, Little White was the king of Mount Da Ao. If it came out to look for him, he believed that they would find him soon.

Lin Yiwei did not know that Lin Changzhi and the rest had entered Mount da ao.

However, just as his family was about to prepare dinner, the family members of Lin Chong, Lin Changzhi, and the others came to him in a hurry. They told him that Lin Changzhi and the others had not returned from Mount Da ao. They were worried that something might happen to them, so they asked Lin Yiwei to ask Lin yuelan to go into the mountain to help them find them.

If they asked Lin yuelan for help, she would definitely refuse.

However, it was different if the person asking was Lin Yiwei.

Everyone could see that Lin yuelan was very respectful to the village chief.

Human lives were at stake. They believed that Lin Yiwei wouldn't refuse to ask Lin yuelan for help.

This time, these people were smart.

They went through Lin Yiwei to get Lin Yuelan to order Little White to get into the mountain.

Everyone knew that little white only listened to Lin yuelan.

Little White was eating a live chicken in the corner. When it heard someone call its name, it immediately raised its head and looked outside.

The villagers saw a dying chicken under little White's feet. There was a trace of blood at the corner of its mouth. It looked a little scary.

It was the first time the people behind Lin Yiwei to see little white like this. They were so scared that they took a few steps back. Their faces were pale as if they had seen Little White eating people.

Lin yuelan frowned and asked, " what happened? What were the Lin family villagers doing in Mount Da Ao for no reason? The other villages might not know, but doesn't the Lin family village know that it's the same as seeking death for an ordinary person to enter the mountain?"

Although her tone was light, anyone could hear the sternness in it.

The faces of the people behind Lin Yiwei turned paler when they heard this.

Lin Yiwei sighed and said, " sigh, aren't these people just trying to make a fortune? So, they wanted to go to the mountain to look for some treasures."

They saw that Lin yuelan could find treasures and make a fortune every time she entered the mountains, so they had this idea.

They wanted to take advantage of Lin Yuelan when they saw her enter the mountain.

In the end, they failed to take advantage of Lin Yuelan and instead lost their way.

Even if no one didn't say these words, with Lin yuelan's intelligence, how could she not guess it?

Lin yuelan didn't ask any more questions. Her sharp eyes swept over the family members of Lin Changzhi and the others outside, and she said coldly, " this time, I've agreed to help find them for the sake of Grandpa village chief. However, I hope you will remember to be grateful!"

She was warning them that they should be grateful to Lin Yiwei.

After Lin yuelan finished speaking, she turned to little white, who was in the corner, and said, "Little White, I need you to enter the mountain to search for the missing people. You can eat when you come back."

Then, she said to Lin Yiwei and the rest, " Grandpa village chief, you just have to follow behind Little White. Remember, when you're in the mountains, you're not allowed to hurt any of the animals in the mountains!"

If you find any errors (broken links, non-standard content, etc..), Please let us know < report chapter > so we can fix it as soon as possible.

938 One More Person?

Little White heard Lin yuelan calling for it. It grabbed the chicken on the ground and gobbled it up. Then, it wiped its mouth with its claws. The blood on the corner of its mouth was gone.

Then, it walked to the basin that was filled with clean water. After washing its paws in the basin, it walked to Lin yuelan's side unhurriedly.

Everyone's mouth twitched when they saw Little White's casual movements.

This big white Tiger had become a spirit!

When he saw Little White walking over, Lin Yiwei nodded and replied, " yes, I won't let them hurt the animals in the mountains! However, I'll have to trouble you now, little White." The last sentence was obviously directed at Little White.

However, even though Lin yuelan had asked little white to bring them to the mountain, she wouldn't be joining them.

Someone behind Lin Yiwei immediately whispered, " Village Chief, can you get the girl to come with us? Just let us follow this big white Tiger, we ..." We're scared!

He didn't say this out loud, but everyone understood.

The people who had followed Lin Yiwei to the Lin family garden must have also hoped that Lin yuelan would step in.

Although Lin yuelan had made them a little afraid, they were even more frightened to face a fierce White Tiger alone.

Lin Yiwei frowned and chided them, " that's enough. You should be very grateful that the Lan 'Er is willing to let Little White come out to help. You're still pushing it!"

Hearing Lin Yiwei's chiding, the people following behind were dissatisfied, but they didn't dare to say anything.

Jiang Zhennan stood up and said, "Village Chief, I'll go with you to find the missing people!"

Lin Yiwei had done Lin yuelan many favors, and he had never asked for anything in return.

The Lin family villagers' disappearance had nothing to do with Lin Yiwei, but if something really did happen to them, he couldn't shirk his responsibility. Besides, with the ungrateful Lin family villagers' personalities, they would definitely blame him.

Therefore, even if it wasn't for the sake of Lin Yiwei, Jiang Zhennan wanted to repay this favor on behalf of Lin yuelan.

As expected, when Lin Yiwei heard Jiang Zhennan's request to go with him to find the person, his expression suddenly became extremely excited. He said, "really?" But his eyes were fixed on Lin yuelan.

Lin yuelan looked at Lin Yiwei's expression and sighed inwardly. Then, she said to him, "Grandpa Village Chief, then let brother Nan go with you. He is skilled in martial arts, so he might be able to help you in the mountains!"

The eyes of the person following behind Li Zheng brightened when he heard this, and his expression showed that he understood.

Little white unwillingly led a group of people to the inner parts of the mountain to look for the missing people.

As soon as Little White entered the mountain, it roared into the mountain. Then, they heard the sounds of various animals in the mountain.

The group of people who were following behind Jiang Zhennan and Lin Yiwei was so scared that their faces turned extremely pale. Listening to the roars of these beasts, they realized for the first time that they were so close to danger!

It was as if these wild beasts would jump out at any time to bite them or even eat them at any moment.

This kind of heart-palpitating fear made some people cry on the spot.

"Village Chief, I'm scared. I want to go back ..."

This was Lin Changzhi's eldest son. He was not too old, only a fifteen or sixteen-year-old boy. He definitely did not have the steadiness of an adult, so he was scared to tears.

"I ... I'm also afraid! Village Chief, I want to go back!" Someone else said.

Lin Yiwei looked at the darkening sky and said with a serious expression, "if you want to go back, you can go back on your own. No one will send you back!"

Those who were afraid looked at the dark sky, and they shivered in fear.

If they were asked to go back on their own, they would also be afraid.

They looked behind him, then at the big white Tiger and Jiang Zhennan, who were leading the way in front of them. After a moment of hesitation, they gritted their teeth and could only continue to follow.

Everyone in the Lin family village knew that they would only be safe if they followed The White Tiger into Mount Da Ao.

Back then, Li Cuihua, Lin Daniu, Gu Sanniang, and Liu Liujiao had gone to Lin yuelan's house to steal silvers. In the end, they were caught red-handed and punished by Lin yuelan. They had spent a night in Mount Da Ao.

After they returned, although they were seriously ill, their lives were not in danger.

This time, with little white going into the mountains to look for people and Jiang Zhennan and Lin Yiwei leading the search, Lin yuelan would not let anything happen to them.

After thinking it through, they took a deep breath and continued to follow.

After little White's roar, it received a response from the animals in the mountain. A moment later, it brought the group to a cliff slope.

Looking down, the cliff slope was not very deep, but other than the grass and trees, there was nothing else to see.

Seeing that little white had stopped, Jiang Zhennan asked in confusion, "do you mean that they are at the bottom of the cliff?"

The others also looked at little white, who was standing still on the edge of the cliff, as if they were trying to find an answer to it.

However, little white raised its head with a proud and indifferent look.

It was true that little White didn't care about anyone other than Lin yuelan. It didn't care about Jiang Zhennan.

Therefore, when it heard Jiang Zhennan's question, little White did not nod its head like a human. It just looked for a place that looked cleaner.

Then, it lay down and placed its head under its forelimbs.

The group of people, "... It seems we're there.

After all, Jiang Zhennan practiced martial arts, and his eyesight was better than ordinary people's. He could see in the dark as well as in the day.

Jiang Zhennan said to Lin Yiwei, who was holding a torch, " Village Chief, you guys wait here for a while. I'll go down and take a look."

Lin Yiwei immediately shook his head and said, " no! It's already dark, and you can't see what's going on down there. It's dangerous for you to go down alone. How about this? I'll get a few people to follow you down to take a look."

Jiang Zhennan did not refuse.

He didn't have a good impression of the Lin family village, not to mention that they had hurt Lin yuelan time and time again.

So, this time, he would not let them think that it was natural for him to go down alone.

Lin Yiwei called four people to follow Jiang Zhennan down. One of them was his eldest son, Lin Mingliang. As for the other three people, Lin Yiwei found a few young and strong young people who were usually bold. This way, they would not be a burden to Jiang Zhennan.

Jiang Zhennan, Lin Mingliang, and the others each held a torch and a bundle of rope. After finding a stable and safe way, they went down carefully.

As for the others, they were waiting up the cliff.

Time passed by bit by bit, and without realizing it, Jiang Zhennan and the others had been down there for two hours.

The people on top gradually became impatient, more anxious, and more afraid.

Lin Changzhi's eldest son, Lin Xiaoyang, sobbed and said, " Grandpa village chief, they've been down there for so long. Did something happen? "

Lin Yiwei looked at Lin Xiaoyang, who was crying in fear and felt impatient. He suppressed his anger and scolded sternly, " shut up! They would be fine. Stop crying!"

Then, he turned to look at little White, who seemed to be sleeping quietly without any impetuosity, and his worried heart was slightly relieved.

He knew that if something happened to Jiang Zhennan, little White would definitely go down to save him at the first moment.

Jiang Zhennan was, after all, the future husband of Lin yuelan.

Little White had to protect him.

However, even though this was the case, it had been so long, and there was still no movement from the people who went down. He didn't know if there was any accident.

Just as Lin Yiwei was worried, he suddenly heard someone shouting from below, "father, we found them. However, they are all unconscious and injured, but their lives are not in danger. Father, throw down the rest of the ropes. We must carry them up!"

Upon hearing Lin Mingliang's words, the people waiting up on the cliff became excited.

"you found them?!"

"We've really found them!"

Lin Yiwei was equally excited. He was afraid that something would happen to Lin Changzhi and the others. However, they were only injured and not in danger of dying, so he was finally relieved.

"It's good that nothing happened!"

Then, he looked at the large group of people behind him and immediately shouted, "what are you guys doing? Hurry up and help me throw the rope down."

Hearing Lin Yiwei's roar, these people immediately reacted and threw down the rope they had prepared in a hurry.

Not long after the rope was thrown down, Jiang Zhennan and his group appeared in front of everyone with torches in their hands.

There were also seven unconscious people lying on the ground in front of them.

Seven people?

Everyone was instantly confused.

Didn't only six people enter the mountain?

How did it become seven people now?

Besides, there were six families who came out to look for someone. There was no seventh family.

If the extra person wasn't from the Lin family village, then who was it?

No matter who it was, they had to save the person first.

Who was the seventh person?

If you find any errors (broken links, non-standard content, etc..), Please let us know < report chapter > so we can fix it as soon as possible.

939 Amnesia?

When these people were brought up, Lin Yiwei used the torch to shine on the unconscious people and check their injuries. He did not find any serious injuries, but he had no idea why they were all unconscious.

However, when the torch shone on the seventh person, he was completely surprised to see an unfamiliar face.

He frowned slightly and asked the others, " I don't know this person. Do you know him?"

The reason why he asked this question was that he wanted to know if this person was a relative of the Lin family village and had followed them into the mountain.

They first looked at each other and then shook their heads. "I don't know him!"

Lin Yiwei said seriously, " then it's possible that outsiders have broken into the mountain. This man's injuries aren't light, so let's carry him back to the Lin family village!"

Jiang Zhennan looked at the young man who was lying on the ground. He had thick eyebrows and big eyes. His appearance was ordinary, and his face was slightly pale. His eyebrows furrowed slightly, and his pupils shrank slightly. Then, his expression became a little complicated.

Lin Yiwei found seven strong men and carried them on his back before returning to the Lin family village.

The seven of them were arranged to stay with the village chief's family.

The reason for these seven people's injuries and unconsciousness was unknown, so a doctor must be called.

This doctor could only be doctor Zhang.

Doctor Zhang looked at their faces, their eyes, and other places, then said to Lin Yiwei, " they only suffered some abrasions, nothing serious. As for why they're unconscious, it's because they've inhaled the smell of a bright red flower."

Lin Yiwei immediately asked, " then what's the harm in fainting like this? Is there a way to solve this?"

Doctor Zhang said, " don't worry. The solution to this kind of unconsciousness was very simple. That was to let them eat stinky things. The stinkier the smell, the better the effect! However, I still suggest that it's best to use feces!"

No one noticed that when doctor Zhang suggested using feces, the seventh person unconsciously furrowed his brows.

Ah?

The people who were listening were dumbfounded.

However, what was the stinkiest?

Doctor Zhang didn't care.

However, he knew that these people would definitely feed these people with feces. As for whether it was cow dung or human dung, he couldn't care less.

He said to Lin Yiwei, " brother Lin, since they're fine, I'll take my leave first!

He also didn't like the Lin family villagers.

Lin Yiwei nodded. Ming Liang, send doctor Zhang off!

Then, he shouted at the people who were gathered together, " what are you all doing here? hurry up and find the thing and wake them up.

These six men were the backbone of each family, so when Lin Yiwei shouted, they immediately reacted.

As for the seventh stranger, Lin Yiwei arranged for Lin Mingliang to get those things.

Lin family garden

As soon as Jiang Zhennan and little white stepped into the house, Lin yuelan smiled and said, " you're all back!"

Little white walked in front of Lin yuelan and rubbed its furry head against her waist. Then, it stuck out its tongue and licked her palm. After that, it let out a low growling sound.

Jiang Zhennan looked at little White's series of actions, and his eyebrows twitched. He glared at little white with a sharp gaze.

'This stinky little white actually took advantage of Yue 'er. How detestable.'

However, he couldn't help but say to himself, "don't argue with an animal, don't argue with an animal." Damn it, Yue 'er was his fiancée. No matter if they were male or female, they had to stay three feet away from him.

He took a deep breath and pulled Lin yuelan away from little White. Then, he said to Lin yuelan, "Yue 'er, I have something to tell you."

As he said this, he glared at Little White as if to say, 'Yue 'er is mine. You better stay away from her.'

Little white received Jiang Zhennan's gaze and immediately looked at Lin yuelan with aggrieved and moist eyes as if it was telling Lin yuelan that Jiang Zhennan had bullied it.

Little White's expression had hit Lin yuelan's heart.

She immediately shook off Jiang Zhennan and walked towards little white in a few steps.

Jiang Zhennan, "..."

He was speechless as he looked at his empty hand.

Lin yuelan walked toward little white, patted its fluffy head, and comforted it, "little white, you've worked hard today! Alright, I'll give you an extra meal as a reward!"

If you find any errors (broken links, non-standard content, etc..), Please let us know < report chapter > so we can fix it as soon as possible.

940 Amnesia?

As she spoke, she ordered the servants to prepare two live chickens, three pounds of pork, and two pounds of beef for little white as its reward.

After comforting and rewarding little white, Lin yuelan walked toward Jiang Zhennan and asked, "you had something to say just now. What is it?"

When it came to serious business, Jiang Zhennan straightened his mind and then said very seriously, "Yue 'er, that person has sent someone over!" Lin yuelan and Jiang Zhennan were both well aware of who that person was.

Jiang Zhennan recognized the seventh person that he had just saved from the big awn mountain.

He was that person's number one secret guard!

He did not expect it to appear in front of him in such a way.

Lin yuelan raised her eyebrows as if she had expected this. She said, " Oh, so fast. I thought it would take at least some time."

After all, it was not harvest season yet.

Shouldn't they be waiting for the harvest first?

When Jiang Zhennan heard Lin yuelan's words, he said in surprise, " Oh, Yue 'er, did you expect him to send someone here? "

Lin yuelan smiled and said, " masked uncle, although you are a popular person by that person's side, he also trusts you very much because you are only loyal to him. But you're the defender-general of the state who has regained military power, so he'll more or less be wary of you. Now, you're proposing good reform policies to him. Once this matter gets out, you'll definitely win the hearts of the people.

"Since ancient times, whoever won the hearts of the people would win the World.

"Even if you don't want that position, when you win the hearts of the people over the prestige of the royal family, then that person will be on guard or even kill you!"

Jiang Zhennan listened to Lin yuelan's analysis, and his pupils suddenly shrank. He said, " you mean the Emperor, he ..."

Lin yuelan nodded.

Jiang Zhennan thought for a moment, then asked, " then, Yue 'er, what do you plan to do with that person? "

Lin yuelan shook her head and said, " since that person sent someone you know to supervise, it means that he's not too guarded against you. In other words, he still trusts you. Therefore, we have to treat this person in an open manner."

Jiang Zhennan said hesitantly, " Yue 'er, do you mean to ask him to come to Lin Family garden directly? "

Lin yuelan nodded and said, " that's right. We didn't do anything shameful anyway, did we? Since he wants to come, then come."

Jiang Zhennan nodded and said, " that's right! I, Jiang Zhennan, have a clear conscience and am very loyal to him. Since that was the case, we'll do what you suggest. Anyway, Lin's family labor is lacking labor!"

He had learned the word labor from Lin yuelan.

Lin yuelan looked at Jiang Zhennan with a smile and said, "masked uncle, I didn't expect you to be so two-faced!"

Jiang Zhennan was stunned. "two-faced? What is this?"

Lin yuelan shrugged her shoulders and didn't explain.

Jiang Zhennan didn't get to the bottom of it. He just thought of a question and said, "now that the person is in the middle of the town, how will we get him to come here?"

Lin yuelan smiled and said, "then let's wait and see!"

At Lin Yiwei's home, the seven unconscious people gradually woke up after eating some feces.

As soon as they woke up, they realized that the strange and stinky smell in their mouths was actually feces. Their faces turned pale, and they immediately vomited.

By the time they were done vomiting, their faces were completely drained of blood. They were extremely pale, and they lay on the bed powerlessly.

Lin Yiwei asked expressionlessly, "Changzhi, what's going on with you guys? Why did you all fall to the bottom of the slope?"

Lin Changzhi didn't get any benefits this time. Instead, he got a body full of injuries and fatigue. He had to eat feces and suffer such a great sin. He had lost such a great face. Even if he had just woken up, his stomach was full of anger.

Therefore, he didn't want to answer Lin Yiwei's question.

Lin Yiwei sighed heavily in his heart. He then turned to the other person and said, "Mingshen, you tell me."

Lin Mingsheng told him everything he knew. "we were following the girl and her people, but they disappeared in the blink of an eye. We wanted to go back, but brother Changzhi said there were treasures in the mountains. If we had gone back, we would have made a wasted trip. After that, we'll continue moving forward. We didn't know how long we walked, but we came to a slope. We saw a tree with a red flower and smelled its scent. After that, we fainted and fell down. When I woke up, I was here."

Nothing shocking happened. They could only blame their bad luck for running into the purple tree, which would make people faint from the smell.

After understanding what had happened, Lin Yiwei pointed to another person who seemed to be still unconscious and asked, "Do you know him?"

The six people who had just woken up looked in the direction that Lin Yiwei was pointing at.

Looking at the unfamiliar face, they all shook their heads and said, "I don't know him!

Lin Yiwei was very puzzled. "you don't know him? Then why was he in a coma with you? Could it be because of the red smell? But now that you're all awake, why hasn't he woken up yet?"

No one could answer this question except for that person himself.

Lin Yiwei looked at these people and waved his hand. "alright, since you're all awake, you can all go home and rest!"

After everyone left, the unconscious man slowly opened his eyes and looked around in confusion. He saw Lin Yiwei standing beside him and asked weakly, "where am I?"

"This is the Lin family village, " Lin Yiwei said. "Young man, where are you from? Why did you faint on Mount Da Ao?"

The man was even more confused when he heard Lin Yiwei's question. "Lin family village? Where was this place? And who am I? What am I doing here?"

Lin Yiwei, "...". Is he an amnesiac or a fool?

If you find any errors (broken links, non-standard content, etc..), Please let us know < report chapter > so we can fix it as soon as possible.

Read The Village Girl Who Jinxes Her Husband Is Filthy Rich - Chapter 941 - 941 Suspicion

941 Suspicion

The person who had woken up had lost his memory?

He had lost his memory!

Jiang Zhennan was a little stunned. Then, his cold face raised his eyebrows.

Whether this was real amnesia or fake amnesia, it was still open to discussion.

Lin yuelan was speechless when she heard the news.

He actually used this move!

Jiang Zhennan asked, " but this person has lost his memory. How will he come to the Lin family garden? "

Lin yuelan smiled and said, " let's wait and see!"

..

Because of the terraced fields incident, the Lin family villagers had some opinions about Lin Yiwei's inaction.

However, after Lin Changzhi and the others went missing in Mount Da Ao and they saw how Lin Yiwei stepped up to the table, many people came to a realization.

It was best to have Lin Yiwei as the chief of the Lin family village.

If it were anyone else, they wouldn't have been able to ask Lin yuelan for help. There was no doubt that these missing people might have been eaten by the wild beasts in the mountains.

It was their fault for having an accident and falling unconscious at the bottom of the cliff.

However, Lin yuelan was only willing to give them face because Lin Yiwei stepped in.

Through this incident, it was gradually clear that with Lin yuelan's grudges against the Lin family village, she could have taken revenge on them a long time ago. After all, she was now rich and powerful and even had connections with the county's high officials.

However, Lin yuelan didn't do anything. She only took revenge on a few families who had gone too far.

Why was this so?

Because Lin Yiwei was the chief of the Lin family village and Lin Yiwei was Lin yuelan's benefactor, Lin yuelan didn't want to make things difficult for the chief. Therefore, she didn't make things difficult for the people of the Lin family village unless some people were stupid enough to court death.

So, as long as Lin Yiwei was the chief, Lin yuelan wouldn't just sit back and watch.

After understanding this, the people who had previously shouted that Lin Yiwei was to be replaced immediately fell silent. Gradually, everyone became more supportive of Lin Yiwei.

They believed that as long as Lin Yiwei was the chief, one day, they would be able to benefit from Taoyuan village.

Lin Changzhi's face turned livid with anger when he heard everyone's discussion about continuing to support Lin Yiwei as the chief.

Before he entered the mountain, everyone was already wavering about whether Lin Yiwei would continue to be the chief or not under his instigation.

In the end, everything changed when he went into the mountains.

Lin Yiwei's reputation soared all of a sudden.

He wanted to say something bad about Lin Yiwei again, but those people who were incited by him to enter the mountain resented him and spread bad things about him in the village.

This was Lin Changzhi suffering the consequences of his own actions.

No matter what these people thought, Lin Yiwei, who was at home, felt a headache when he saw this mysterious young man.

Lin Yiwei kept asking doctor Zhang, "Brother Zhang, what is going on? He ... How did he lose his memory?"

Doctor Zhang said, " he might have knocked his head in Mount da Ao. There's a blood clot in his head, which caused him to lose his memory temporarily."

Lin Yiwei immediately asked, " is there a way to cure it? If this continues, he won't be able to find his home, and his family won't be able to find him either. How worried would they be?"

Doctor Zhang furrowed his brows and said, " I'll give him a few doses of medicine to dispel the blood clot and let him try it! Let's see if we can recover our memories or something."

Lin Yiwei said, "Okay, I'll leave it to you, brother Zhang."

Wu Ming, who had lost his memory, looked at Lin Yiwei in confusion and asked, " Grandpa, why do I have to take this medicine? I'm not eating."

Lin Yiwei's heart felt stifled. This young man looked to be in his thirties and was very strong. He could have called him uncle, but this man called him Grandpa the moment he woke up.

Moreover, his tone and mannerisms were like that of a child.

Lin Yiwei could only patiently coax him. "be good. When a child is sick, he needs to drink medicine, understand? "

Wu Ming was puzzled. "Grandpa, I'm not sick. Look," he stretched out his muscular arm and said, "I'm so strong. How can I be sick?"

Lin Yiwei was really troubled.

What should he do if this person refused to take medicine?

..

After hearing such a report, Lin yuelan couldn't help but burst out laughing.

She gave Jiang Zhennan a thumbs up and said, "good, really good. I didn't expect that the leader of the hidden guards would have such a talent for acting. He can even win an Oscar."

Jiang Zhennan was also very surprised that this person could actually do this. He was also speechless.

..

It was late at night!

It was pitch-black, so dark that one could not even see their own fingers!

At this moment, a black figure in black clothes quietly approached the outer wall of Lin's family garden. His sharp eyes scanned the surroundings vigilantly. When he saw that there was no danger, he jumped up and flew from the wall to the roof. Then, he carefully looked around. When he saw that no one had discovered him, he continued to jump over the roof.

After searching for a moment, he seemed to have found his target. He gently lifted a tile.

Then, he looked down and saw a girl sleeping soundly.

The black shadow looked for a while, and his black-veiled eyebrows furrowed as if he was surprised.

However, he quickly put the tile back and walked to another place.

Little did he know that as soon as the tile was put back, the sleeping girl immediately opened her eyes. The corners of her mouth curled up before she continued to sleep.

The black shadow seemed to have found another target, and similarly, it gently lifted the tile.

However, this time, just as he moved, a deep, cold, and vigilant voice sounded, " who is it? "

He then grabbed the saber beside him and leaped into the air, his deep eyes vigilantly scanning his surroundings.

The black shadow didn't dare to make any movements. Then, he saw that there were guards below who had rushed over after hearing the shout. He was afraid of being exposed and left immediately.

After he left, Jiang Zhennan immediately knocked on Lin yuelan's door.

After Lin yuelan opened the door, Jiang Zhennan immediately asked with concern, " Yue 'er, are you alright? "

Lin yuelan smiled and said, " what could happen to me? Tonight, he's only here to look around Lin Family Garden. I think that's the intention of that person."

Jiang Zhennan frowned deeply. "does he really not believe what I told him? " After years of war, he had always used war strategies. Jiang Zhennan still had some confusion about power struggle strategies.

Lin yuelan shook her head and said, " no, he believes you! But I'm the one he doesn't believe! This is the suspicion of any person in power!"

Jiang Zhennan's eyes suddenly opened wide, and he immediately reacted.

That person probably didn't believe that she had such a coincidental encounter with an ability and was still so young, so he was worried that she might be a spy sent by the other countries.

Lin yuelan held Jiang Zhennan's hand and said, "Don't worry! He's just a little suspicious. Let him investigate!"

Jiang Zhennan sighed and said, " Yue 'er, I'll have to trouble you then!"

Lin yuelan smiled and said, "Big brother Nan, it's fine!"

942 Infiltration

A few days later, Lin Yiwei came to Lin yuelan again.

This time, he also brought someone with him. It was Wu Ming who had lost his memory.

Because the other party had lost all memories, Lin Yiwei could only give him a temporary name. He was called Qing Shan, meaning that he was picked up from the mountains.

Lin yuelan welcomed the two of them into the Lin family garden and asked the servants to serve them tea.

Lin yuelan smiled and asked, " Grandpa village chief, what's the matter? "

Lin Yiwei looked at Qing Shan, who was sitting beside them and looking around curiously. He said awkwardly, "Lan 'Er, I really have to trouble you with something."

Lin yuelan smiled and said, " Grandpa village chief, what's the trouble? " As long as I can help you, I'll definitely help. Just tell me. "

Lin Yiwei pointed at Qing Shan and said with a smile, " I don't know what's wrong with this child. He's been fighting to work at home, and he's neat and good at it, so my wife and I have been so free these days.

"Not only that, our family worked in the fields, and he followed us. He also did it quickly and well. Even Mingliang couldn't compare to him. In just a few days, the farm work at home has been reduced by more than half. If this goes on, we won't be able to do any work at home or in the fields."

Hearing this, Lin yuelan smiled and said, " Grandpa village chief, isn't this good? With someone doing the work, you and grandma can relax."

Lin Yiwei shook his head and said, " this won't do. My wife and I still have to work every day. If we don't work for a day, we won't feel good. Although this child had lost his memory, he was still very capable. We asked him to rest, but he refused and even started to argue with us.

"However, since he wants to work, I thought of the fact that you're still short of manpower here. So, I thought of letting him work here. First, it can help him save some money for himself. When he regains his memory, he'll have some money in his hands to buy some things or to go back to his hometown. Second, you'll be doing me a favor, don't you think so?"

Lin yuelan laughed and said, " Grandpa village chief, how are you troubling me with this? You're obviously doing me a favor."

As she spoke, she glanced around and saw a young man sitting upright at the stone table. Although he was not very handsome, he was very resolute and tough.

At this moment, his face looked a little flustered and nervous, and his eyes were also a little curious, confused, and puzzled. He looked like a big child.

Then, Lin Yuelan continued, " Grandpa village chief, if he's willing to work for me, of course, I'd be more than happy to have him. As you said, no one would despise such a capable person."

Lin Yiwei nodded and turned to ask Qing Shan, who was beside him, " Qing Shan, are you willing to work here? "

Qing Shan was stunned and confused at first. Then, he pouted sadly and asked, " Grandpa, you don't like me staying at home? Do you dislike me for eating too much, don't want me, and want to drive me out?"

The expression on his face was one of fear and panic. He said anxiously, " I, I will work hard, do a lot of work. Don't drive me away, Grandpa!

Lin Yuelan's mouth twitched. 'This ... This form of address, this expression ...'

Lin Yiwei immediately patted his head and comforted him, " Qing Shan, it's not like that. Don't be anxious, and don't be afraid.

Then, he explained, " Qing Shan, although I don't know what kind of person you were in the past, I know that you must be a good child. I'm not disdaining you, nor am I chasing you out. It's just that you've already finished all the work at home, so I'm embarrassed to have you stay at my home.

"So, Grandpa and Grandma thought about it and found you a job. Well, it's at sister Yuelan's house. She has a lot of work to do and is also short of people, so you can work here. Qing shan, don't worry. This sister Yuelan is a good person. She won't mistreat you."

"Oh, " Qing Shan nodded with a confused expression. "then, do we get to eat if we work here? "

Lin Yiwei smiled and said, " yes, there's rice and meat to eat. You can eat until you're full. Not only that, but you'll also get money. Thirty coins a day!" As he spoke, Lin Yiwei even extended three fingers.

943 Infiltration

Qing Shan held his chin, tilted his head, and rolled his eyes. Then, he seemed to have made up his mind and said, " alright, I'll listen to Grandpa. but, " he said, staring at Lin Yiwei with his eyes wide open, " Grandpa, can I still go home? "

"Of course!" Lin Yiwei said without thinking, " Qing shan, you can come back whenever you want. Do you understand? "

"Alright!" Qing Shan nodded happily. Then, he turned to ask Lin yuelan. His voice was rough and boisterous, like a young man's, but it also had the childishness of a child. He asked, " sister yuelan, when do I start working? "

Lin yuelan's expression slightly stiffened, and the corner of her mouth twitched again.

If these expressions and actions were done by a child or teenager, they would be innocent and cute.

However, it was awkward for a rough-looking man in his twenties or thirties to do it.

However, Lin yuelan still nodded and agreed without saying a word, " brother Qing shan, you can come to work anytime."

After Lin Yiwei left, Qing Shan was left sitting there nervously. He lowered his head and clutched his thighs tightly with his big hands. His expression was unclear.

Lin yuelan held a small teacup in her hand and smiled. Then, she took a sip of tea with satisfaction and lowered her eyes. She glanced at qing shan from the corner of her eyes.

After some time, the restless Qing Shan looked at Lin yuelan carefully and asked in a low voice, " sister yuelan, didn't you say that I can work? I want to work now. Where should I work?" He looked around again.

Lin yuelan put down her teacup and said, "Brother Qing shan, there's no hurry. I see that you seem to be very curious about my house. Do you want to take a look around?"

Qingshan's eyes lit up and he immediately replied, " can I? "

Lin yuelan nodded and said, " of course, you can!"

After that, Lin yuelan called for someone to accompany Qing Shan and take a good look at the Lin family garden.

And the person who accompanied him was Lin Xujie.

Lin xujie's mind was full of doubts. Why would his master let this man, who had lost his memory and looked silly, tour the house in Lin Family Garden for no reason?

Also, even if she wanted someone to accompany him, she shouldn't have called him. He was the master's number one guard. She could just call anyone from the Lin family garden.

Lin xujie was confused, but he still followed his master's order.

However, as he accompanied Qing Shan, he felt that something was wrong.

However, he couldn't tell what was wrong.

However, with these doubts in mind, he fixed his eyes on Qing Shan.

Wu Ming, who was under the alias Qing Shan, looked at Lin xujie, who was following him closely. No matter where he went, this person would always follow him. There was no way to shake him off in a short time.

He knew that there was no way he could properly investigate today.

However, he felt that the Lin family garden was really different.

The courtyard was surrounded by a wall with a radius of a thousand feet.

Then, on the left side of the house's backyard, there were two different houses. They were four-story high, flat-roofed, and had white walls.

Qing Shan deliberately pointed to the house and asked Lin Xujie, " Brother Jie, why does the house look like this? Can it be accommodated? Won't it collapse?"

Lin Xujie said proudly, "This kind of house is called a flat-roofed building. It's been built very steadily, so of course, it won't collapse."

Qing Shan did not quite understand. He asked again, "Then, who are the people living there? "

"Workers!" Lin Xujie said, "These two houses are the workers' dormitory."

Qing Shan muttered, "Workers? Dormitory?" What was that?

However, he did not continue asking.

That was because he saw Jiang Zhennan walking towards him from afar.

He immediately lowered his head as if he was looking at the ants on the ground.

"Guard Jie, is there a new guest? " Jiang Zhennan asked curiously as he walked over.

Lin xujie immediately replied respectfully, "Master, this person, uh, was sent here by the Lin family village to work. Because he was very curious about the Lin family garden, master asked me to bring him around to take a look."

When he heard Lin Xujie call Jiang Zhennan “master, ” Wu Ming immediately looked up at Jiang Zhennan in surprise. Then, as if he was frightened, he immediately lowered his head.

Even so, Jiang Zhennan could see his expression and mannerism clearly.

Jiang Zhennan was holding a fresh Osmanthus cake from the cafeteria’s kitchen in his hand. His eyes flashed with a bright light, and then he pretended to be curious and said, ” Oh, is the chief’s relative? ”

Lin xujie shook his head and said, ” No. It’s the man who was rescued from mount da ao a few days ago.”

Jiang Zhennan nodded to show that he understood, then said, ” alright, then you take him around. I have to quickly give this pastry to Yue ‘Er to eat, it won’t be good if it’s cold.”

After that, he walked past Wu Ming.

After Jiang Zhennan had walked some distance away, Qing Shan raised his head and asked curiously, ” brother Jie, who is this person? He has such a strong aura. I’m scared.”

Lin xujie said, “Young master Nan is my master’s fiancé. He is very skilled in martial arts. So, of course, his aura is strong.”

Fiancé?! Wu Ming was surprised.

Jiang Zhennan was a man who was feared by everyone in the capital, especially children and women. They would scream in fear when they saw him.

That beautiful child from earlier was actually willing to marry him?

It was really unbelievable!

How did Wu Ming recognize Jiang Zhennan when he was not wearing a mask?

It was only because Wu Ming knew Jiang Zhennan before he was disfigured.

The people who were chosen by the Emperor must be investigated thoroughly by secret guards like Wu Ming.

At that time, the Emperor had noticed Jiang Zhennan’s bravery and good fighting skills and had the intention to train him. That was why he had asked the secret guards to investigate.

Although there were some changes in Jiang Zhennan's appearance from ten years ago to ten years later, these changes were simply negligible to the secret guards who had been strictly trained.

That was why Wu Ming could recognize Jiang Zhennan at a glance, who was not wearing a mask.

That night, a Messenger pigeon flew from the Lin family village to the capital.

944 Resentment

The capital

Jiang Zhennan once again disappeared. This time, he disappeared openly, but no one knew where he went. He disappeared secretly, but those in the know understood where he went.

However, Jiang Zhennan's disappearance this time moved the hearts of all the people.

The people on each side had secretly sent people to monitor the defender-General's mansion and Duke Guo's mansion as if they wanted to find the whereabouts of Jiang Zhennan or Guo Bing from these two places.

In Duke zhengguo's mansion, there was a huge commotion.

However, an Imperial edict had just come from the Imperial Palace. It was a good date set by the Imperial Observatory for the marriage. The 9th of the second month was such an auspicious day.

The whole family of Duke zhengguo's mansion took this like a bolt from the blue.

They thought that as long as the Imperial astronomer had not set a date, there would be room for negotiation.

Although the Emperor was very angry at their plot to break off the engagement, what if Zeng Yanli, the Jinx, really jinxed Jiang Zhenye to death? The Emperor couldn't just watch Duke Zhengguo die without an heir, right?

Therefore, as long as the date was not set, when the Emperor calmed down, he might take back the Imperial edict.

Jiang Yunfeng, Wen Yujing, and the others held such hope, but in fact, they subconsciously ruled out the possibility that Jiang Zhennan was also the heir of Duke zhengguo's mansion.

Jiang Zhenye angrily rebuked Wen Yujing, " didn't you say that the edict can be reversed? What about now? the date has been set, and there are only ten days left before the wedding. How are we going to stop it?"

Jiang Zhenye was really angry.

He was a handsome young master who boasted of being amorous and talented, but he was forced to marry a fat woman who brought bad luck to her husband.

The one who should marry the ugly girl was that bastard, Jiang Zhennan.

The person he wanted to marry was the most beautiful woman in the capital, Zhou Jingru.

Wen Yujing got angry after being pointed at by her son. Her face became stern, and she loudly rebuked, " Jiang Zhenye, watch your attitude!"

At this time, Jiang Zhenye couldn't care about anything else. He shouted angrily at his mother, " I'm about to be forced to marry an ugly woman. I don't know when I'll be jinxed to death by that woman. I'm going to die, and Duke zhengguo's mansion will have no descendants. Who will you rely on for the rest of your life?"

Jiang Zhenye was really going crazy.

He never considered that the woman standing in front of him was his own mother, who had been worried sick for him. His mother had done so many horrible things to make sure he was the heir of Duke zhengguo's mansion.

He was selfish and only thought about himself.

He hated the ugly woman who was going to marry him!

But he was even more afraid of death!

He didn't understand why the Emperor was so biased and betrothed Zeng Yanli to him, even though she was ugly and was a jinx.

So, he panicked and was afraid!

Anyone could become the target of his venting.

Wen Yujing listened to Jiang zhenye's accusation, and her face turned livid. She was so angry that her whole body trembled.

She suddenly raised her hand and gave Jiang Zhenye a heavy slap. Then, she said angrily, " mother has worked hard to raise you for twenty-four years. Is this how you treat mother? "

After being slapped by Wen Yujing, Jiang Zhenye still could not calm down and reflect on his actions. He still roared, " so what if you have raised me for more than twenty years? I'm going to be jinxed to death. If I die, all the years you've spent raising me will be in vain!"

Wen Yujing was so angry that she trembled and pointed at Jiang Zhenye, unable to say a word, " you ..."

Jiang Zhenye glared at Wen Yujing and shouted, " I don't care! You want me to marry that woman? I'd rather die!

With that, he ran out of Duke zhengguo's mansion and went to Qinghua brothel to complain to his lover.

Wen Yujing was left sitting in a chair, looking dispirited.

Her eyes were like those of a venomous snake, and she glared in one direction. Then, she gritted her teeth and said, " Jiang Zhennan, the humiliation and pain you have caused us, I will definitely pay you back a hundred times in the future!"

From what she knew, if it weren't for Jiang Zhennan's slanderous words in front of the Emperor, the Emperor would never have suddenly bestowed a marriage.

So, she would remember this grudge!

Now, no matter what, she had to find a way to find Jiang Zhennan.

Because he was the only person in the world who had the ability to stop this marriage.

..

At night, Jiang Zhennan received a Messenger pigeon and found out that Jiang Zhenye and Zeng Yanli's wedding date had been set. A mocking smile appeared on his cold face, and he immediately burned the note in the engagement fire.

However, the next day, Guo Bing secretly found Jiang Zhennan and said with a serious expression, " boss, my father said that all the people in the capital are looking for your whereabouts. Moreover, Duke Zhengguo and Wen Yujing seem to have not given up on stopping Jiang zhenye's marriage. They are also actively looking for your whereabouts.

Boss, I'm worried that they will find Taoyuan blossom village sooner or later. What do we do now?"

When Jiang Zhennan heard this, he frowned slightly and said, "things will work out when they come to it! We'll talk about it later!

Guo Bing was a little worried. "But is miss Lin willing to expose Taoyuan village? Should I ask for miss Lin's opinion?"

Jiang Zhennan nodded and said, "of course. However, Yue 'er and I have agreed that we will return to the country estate in the capital after some time!"

Guo Bing looked at Jiang Zhennan in surprise. "ah? Return to the country estate in the capital? Why?"

Jiang Zhennan replied without any curiosity, "If we don't go back, are we going to let the 1000 Mu of land be left idle? "

"No, " Guo Bing said. still unable to react. "Didn't you compensate for the country estate in the capital to ..."

Then, he came to his senses and touched the back of his head in embarrassment. "boss, I was possessed and didn't react in time. Since you're going back to the capital, we'll go back with you, right?"

Jiang Zhennan nodded his head and replied, " yes!"

..

Jiang Zhennan and Lin yuelan were checking on the condition of the grape branches cut. Liu Yichen wanted to follow them, but he was dragged to another mountain by Guo Bing to work, digging pits and planting fruit trees!

Lin yuelan was carefully checking the growth of the grape branches. After all, she had only seen her grandmother do this before.

Fortunately, it was easier for the grapes to survive through grape cutting, and with the help of the spirit spring water, the cut vines quickly turned into grape seedlings. It wouldn't be long before they grew into grape trees.

Jiang Zhennan also carefully checked if the tender shoots on the branches were still alive and growing. Then, he held a ladle in his hand and a bucket in his hand, carefully watering each grape seedling.

The two of them busied themselves for a while. Jiang Zhennan looked at the bucket in Lin yuelan's hand and immediately said, "Yue 'er, you rest for a while. I'll water the rest!"

Lin yuelan shook her head and said, "I'm fine. This thing isn't heavy at all to me!" As he spoke, he did not stop working.

Jiang Zhennan was still reluctant to tire Lin yuelan out. "No. Yue 'er, you've been busy the entire afternoon. Leave the rest of the work to me. You sit over there for a while!" Jiang Zhennan pointed to a small chair in front of him.

Jiang Zhennan had brought this small chair from home for Lin yuelan to sit down and rest occasionally.

Lin yuelan couldn't argue with Jiang Zhennan, so she could only nod. "Alright then!"

Lin yuelan went to the small chair and sat down. Jiang Zhennan continued to water the grape seedlings, and his actions were very fast.

After a while, the grapes on the two plots of land were all watered.

Lin yuelan walked up to Jiang Zhennan, then took out a handkerchief, stood on her tiptoes, and wiped Jiang Zhennan's sweat. "brother Nan, thank you for your hard work!"

Jiang Zhennan immediately laughed foolishly. "Yue 'er, what are you saying? What's so hard about this?"

Lin yuelan only smiled, her eyes fixed on the field of yellow grape seedlings.

"Brother Nan, let's go back to the country estate in the capital in a few days!" she said.

Jiang Zhennan replied without any hesitation, "alright!"

Jiang Zhennan didn't ask Lin yuelan why.

Because this was what they had agreed on.

Although Lin yuelan intended to use this piece of land as the emperor's experimental land, it didn't mean that she wanted to waste more than 1000 mu of land in Jiang Zhennan's country estate in the capital.

Since she wanted to develop in the capital this year, the 1000 mu of land had become the key.

In addition to growing grain, she also planned to grow special vegetables for the emperor.

This new type of vegetable was not like the greenhouse vegetables from last year. She planned to use the spiritual spring water to water the vegetables and sell them only to the royal family.

Lin yuelan said, "I'm sure there are many people watching those country estates under your control. However, no matter what, I have to make good use of that thousand mu of land!"

Jiang Zhennan held Lin yuelan's hand and said nonchalantly, "Since those lands are already yours, Yue 'er, you can use them however you want. I have no objections.

Lin yuelan nodded and said, "Alright!"

This matter was settled just like that.

They didn't know that Jiang Zhennan's country estate would be a big shock to the capital in the future.

If you find any errors (broken links, non-standard content, etc..), Please let us know < report chapter > so we can fix it as soon as possible.

945 Who

Lin yuelan had been arranging everything at home for the past few days.

In fact, it was mainly about plowing the land and planting the grains.

As for planting fruit trees, it wasn't time yet. Lin yuelan planned to put them aside for now and plant them when she returned from the capital. It would be around March by then.

As for the planting of the grains, Lin yuelan planned to leave little three, little six, and little twelve to help.

Back then, Lin yuelan had taught them everything step by step, so there shouldn't be any problems.

As for other matters, such as the business model of the restaurant, the supply and sales of vegetables, and so on, Lin yuelan had already made arrangements. She had also ordered her subordinates to report to her immediately if there were any problems that could not be solved.

Now, Lin yuelan had already made the basic arrangements.

Then ...

The sound of horses could be heard from time to time on the quiet path.

Looking around, there were actually three men and one woman. Not far away, there was also a carriage that looked simple but luxurious.

These four people were Lin yuelan, Jiang Zhennan, Liu Yichen, and Guo Bing. As for the other guards, they were at the back.

Guo Bing looked at Lin yuelan, who was riding on the horse, and asked with a smile, "Miss Lin, I didn't expect you to be so good at riding!

Lin yuelan laughed, "Hehe, there are many things you don't know!"

Guo Bing didn't refute. That was true!

Liu Yichen said with a smile. "Can't you see that my younger sister is not an ordinary woman?"

Guo Bing rolled his eyes and muttered under his breath, "Do you really think of miss Lin as your own sister? But no matter how I look at it, he's trying to poach Miss Lin from the boss."

Liu Yichen's ears were sharp. He narrowed his eyes and shot a sharp gaze at Guo Bing. He said with a faint smile, "Young master Guo, what are you mumbling about? Don't think I can't hear you! Why don't you say it again? And we can fight it out."

The last sentence was clearly a threat.

Guo Bing's martial arts were not as good as Liu Yichen's.

A wise man does not fight when the odds are against him.

Guo Bing immediately said, "eldest young master Liu, did I say anything? Oh, I've said that eldest young master Liu's demeanor is extraordinary, handsome and suave, loved by everyone ..." The words that came out of his mouth seemed like a lot of flattery.

Liu Yichen's face darkened as he listened. What nonsense was Guo Bing talking about?

Liu Yichen decided to ignore Guo Bing.

Anyway, in the eyes of Liu Yichen, Guo Bing was an eyesore. Even when he praised him, it felt annoying.

Liu Yichen looked at the other two people who were whispering to each other intimately and instantly felt that it was very glaring.

He squinted his eyes, then asked Lin yuelan with a smile, " I say, sister, why do you want to go to the capital? "

Lin yuelan's devastatingly beautiful face and dazzling talent would definitely attract people's attention.

He didn't want Lin yuelan to be targeted by those people.

Thinking of this, he glared at Jiang Zhennan and said in an ambiguous tone, "Young master Nan, do you think that a place like the capital is suitable for a girl like my sister to stay in? It's a place where people are treacherous."

Jiang Zhennan's eyes were sharp, but his tone was cold as he said, "Don't worry, young master Liu. I will definitely protect Yue 'er's safety!"

Liu Yichen snorted coldly, " Hmph, you better keep your word. Otherwise, you'll be held accountable if even a strand of hair on my sister is missing!"

Soon, the group arrived at a country estate on the outskirts of the capital.

Liu Yichen looked at a plaque at the manor. The plaque said Nanyuan Manor.

Liu Yichen looked at Jiang Zhennan suspiciously and asked, "What are we doing here? Aren't we going to the capital?" Then, he looked at Lin yuelan.

Lin yuelan nodded and replied, "That's right. We're not going to the capital. This is our destination."

"But what is this place?" Liu Yichen asked in confusion.

"This is my country estate!" Lin yuelan said indifferently.

When Liu Yichen heard this, he asked in surprise, "Your country estate? "

Lin yuelan nodded and said, "To be exact, this country estate used to belong to brother Nan. However, big brother Nan gave it to me already!"

Liu Yichen said in shock, "How is this possible? Oh no, Nan Zhenjiang, Who are you? How could you have such a large piece of land in the capital?"

Jiang Zhennan sneered and said, "Young master Liu, stop pretending. There's no point in pretending anymore, and it's disgusting."

Liu Yichen's expression changed slightly. He narrowed his eyes and asked in a slightly angry and cold tone, "What do you mean by this? "

Jiang Zhennan said coldly, "Hmph, with young master Liu's shrewdness and means, how could you not know what I mean?" Jiang Zhennan decided to be frank. "Nan Zhenjiang, Jiang Zhennan, Hmph, how can I hide these little tricks from you, the richest man in the country?"

Liu Yichen's pupils suddenly shrank, and his expression changed. The aura on his body also changed greatly, as if he was another person.

Everyone here knew that this was the real Liu Yichen. He was shrewd, well-planned, cold, and had the majestic aura of a leader.

He sneered and said, "Hehe, I never thought that a dignified defender general of the state would become a nobody and follow a woman like a puppy. If word of this gets out, I'm afraid everyone in the world will laugh their heads off!"

Jiang Zhennan snorted coldly and said, "Hmph, what does the world's opinion have to do with me? I only need to protect the people I should protect!"

Liu Yichen continued, "In the rumors, the God of War general Jiang Zhennan wore a silver mask just to cover his disfigured and ugly face. Children would cry, women would scream, and they would retreat ten meters. However, if all the noble ladies in the capital were to know that the so-called disfigured general was actually a handsome and resolute man, do you think they would feel cheated? Would they decry that they'd marry no one else but you?"

Liu Yichen wanted Jiang Zhennan to see the truth clearly.

However, when he said this, he ignored another person.

When Lin yuelan heard Liu Yichen's words, she frowned slightly, then said coldly and domineeringly, "I don't care about those so-called daughters of rich families who favor Jiang Zhennan. Jiang Zhennan is the man that I, Lin yuelan, have taken a fancy to. I wish to see who would be my competition. If one comes, I'll beat one up. If two come, I'll destroy a pair. I'd like to see if there are any other women who don't care about their lives and throw themselves at me!"

Jiang Zhennan was happy.

Liu Yichen was choked by Lin yuelan's words.

However, he squinted his eyes and asked seriously, "What if it's the emperor's most beloved Princess? What if the Emperor forces him to marry that Princess?"

When Jiang Zhennan heard this, he said angrily, "Except for Yue er, no one can force me!"

Lin yuelan chuckled and said, " I'll still say the same thing. Whoever comes will be destroyed!"

If you find any errors (broken links, non-standard content, etc..), Please let us know < report chapter > so we can fix it as soon as possible.

946 Blocked from Returning

Hearing Lin yuelan's domineering declaration of sovereignty, everyone's face twitched.

This was too overbearing!

Why did they suddenly feel pity for Jiang Zhennan?

With such a strong possessiveness, if Jiang Zhennan really wanted to fall in love with someone else in the future, he would probably have to pay for his life first.

However, with Jiang Zhennan's stubbornness, it was impossible for him to fall in love with someone else.

Liu Yichen sighed softly and said, "Since you are so insistent, I have nothing to say or persuade you. But, sister," At this point, his tone suddenly became cold, and he continued, "As your big brother, I'll definitely be your strongest backing. If Jiang Zhennan betrays you, I don't care who he is. I will definitely seek justice for you!"

This was the second time he had made this promise.

"Thank you, big brother!" Lin yuelan said gratefully.

After Jiang Zhennan's identity was exposed, he took out his silver mask in front of Liu Yichen without any scruples and put it on.

In an instant, he had turned from an ordinary man to a dazzling and domineering defender-general of the state.

After that, Jiang Zhennan nodded to Guo Bing.

Guo Bing got off his horse and walked to the door. He knocked on the door, and a voice came from inside. "Who is it? "

A moment later, the door opened with a creak.

In front of everyone was a thin man with a pointed mouth and monkey-like cheeks.

When the man saw a group of people with extraordinary auras riding big horses outside, his small, mouse-like eyes blinked a few times. He felt a little afraid, but he didn't know

what to think. Then, he looked at Guo Bing with an arrogant expression and asked, "Who are you? Don't you know that this is the country estate of the defender-general of the state? Go, go, go back to where you came from."

When Guo Bing heard his words, he immediately became furious. "Open your eyes and see who this person is!"

As he spoke, Guo Bing pointed at Jiang Zhennan.

The person who opened the door looked in the direction he was pointing at and saw a tall and strong man wearing a silver mask. The mask glowed coldly under the reflection of the sun.

His heart suddenly thumped, and he couldn't help but feel afraid.

This person ... Could this person be ...

But, no, didn't the people there say that he disappeared in the capital? They couldn't even find a shadow, so how could they appear in this country estate for no reason?

It must be known that ever since the country estate was awarded to the general, he had not come here often. He only sent the Butler to check and supervise occasionally.

It was just that the old Butler only pretended to look around after coming here.

Also, the new Butler didn't seem to have even been here.

Therefore, this country estate basically belonged to the servants. Oh, no, it should be said that this country estate was already in the hands of someone else.

Therefore, this person's sudden arrival...

The man's eyes turned, and anger immediately appeared on his face. He pointed at these people and shouted, "Hmph, Who are you? How would I know? Alright, I don't want to know who you are. All you need to know is that this country estate belongs to the general, and you can't afford to offend him. Hurry up and get lost!"

Listening to the servant's words, the other people's expressions did not change, but Guo Bing's face darkened. He pulled the servant out with one hand, then kicked him from behind. He kicked the man to the front of Jiang Zhennan, and he lay on the ground in a very embarrassing manner.

Guo Bing shouted angrily, "What a wicked slave! Raise your head and open your eyes wide. Who is this person in front of you?"

The symbol of the defender-general of the state, Jiang Zhennan, was known to the world.

This man actually dared to lie with his eyes open. Who exactly gave him the courage?

The man who had been kicked in front of Jiang Zhennan immediately grimaced in pain and ate a mouthful of mud.

He spat out the sand in his mouth and looked up.

With just one look, he was so scared that he shivered.

Jiang Zhennan sat majestically on the reddish-brown horse's back. Under the reflection of the sun, his silver mask reflected a cold and gloomy light, which made people feel cold from the bottom of their hearts. The eyes revealed under the silver mask were like two sharp lights, overbearing and domineering. It directly looked into his eyes, making people tremble with fear and feel very uneasy.

However, he still refused to acknowledge Jiang Zhennan's identity. No one knew where he got his confidence from or what kind of backing he had.

Then, he shouted in fear and uneasiness, " someone, someone, someone, someone is here to cause trouble!"

Not long after he finished shouting, Lin yuelan and the others heard a rustling sound coming from inside the room and the sound of people moving.

A moment later, more than 20 strong men rushed out of the gate. They were either holding hoes, shovels, or long sticks in their hands. They quickly surrounded Lin yuelan and her group.

Soon, a man stood out. He was about 40 to 50 years old. He had a beard and was short but fat. He had a big belly and looked like a pregnant woman. One look and one could tell that he was the kind that lived a rich life.

As soon as he came out, he did not look at the people they had surrounded. Instead, he walked towards the person who was still sitting on the ground and spitting out cement and sand. He asked sternly, "Monkey, what the hell is going on? Who's here to cause trouble?"

When Monkey saw the people who had come, it was as if he had found his backbone. He pointed at Jiang Zhennan and said very excitedly, "Manager Wen, it's them. They're here pretending to be the great general!"

When steward Wen heard this, he was immediately enraged. He said angrily, " I'd like to see who ... Who had the guts to impersonate the great general?"

But when he looked in the direction the monkey was pointing, he was immediately stunned.

This tall man with a silver mask did look like the general.

He had been in charge of the country estate for so many years, but other than the occasional visit from the Butler of the General's residence, the great general had never come.

Jiang Zhennan had two recognizable symbols, a silver mask, and a reddish-brown horse.

Butler Wen was immediately frightened and felt a little uneasy.

However, on second thought, he realized that the silver mask and the reddish-brown horse could also be faked.

He rolled his eyes, and just like Monkey, he pointed at Jiang Zhennan and shouted angrily, " Who are you? Why are you impersonating my great general? What are your intentions?"

Jiang Zhennan's brows furrowed when he was repeatedly pointed at and accused of being a fake.

"Hehe ..."

A girl's bell-like laughter suddenly rang out among the men.

Then, everyone heard, " Hehe, this is the first time I've seen servants questioning their master. Big Brother Nan, it seems like your reputation hasn't spread here."

The servants looked in the direction of the voice and were shocked!

Where did such a pretty little girl come from?

She was thousands of times more beautiful than Chun Xiang.

Chun Xiang was the daughter of the cook. She was as pretty as a flower and Jade, so these servants would drool every time they saw her.

However, Chun Xiang and Butler Wen's sons were already engaged, so no matter how beautiful she was, they didn't dare to have any designs on her.

Butler Wen was the first to react. He pointed at Lin yuelan and shouted, " Who are you?"

At this moment, Guo Bing sneered, "Hehe, you are really bold. You actually dare to surround your master and scold him loudly."

When the surrounding servants heard Guo Bing's words, they immediately looked at each other, somewhat confused.

Guo Bing looked at their puzzled expressions, pointed at Jiang Zhennan, and said loudly, "He is the defender-general of the state, Jiang Zhennan, the owner of this Nanyuan Manor, your master!"

These servants were immediately shocked.

Then, they all looked at Jiang Zhennan. Only then did they realize that this person looked more and more like the general.

A moment later, a servant stood up and said to the Butler in confusion, "Butler Wen, this seems to be the general?"

Butler Wen snapped back to his senses and shouted at the man, "Do you have a brain? Why would you think that? Is it because they said so? Who knows if they're imposters?" Immediately after, he shouted angrily at Jiang Zhennan and the rest, "Get lost now, or else, we won't be polite!"

Lin yuelan sneered again, "Hehe, I've indeed heard of people impersonating others. However, I didn't expect that someone would be so foolish as to impersonate the great general! Big brother Nan, it seems like other people would like to be jinxed like you too!"

Jiang Zhennan pursed his lips and did not say a word. His sharp eyes shot straight at Butler Wen.

Then, he asked coldly, "What's your relationship with Wen Yujing?"

That woman always meddled in everything!

Butler Wen was shocked by Jiang Zhennan's murderous aura. He then replied reflexively, "I am a son of the Wen family! The young miss asked me to come here to look after the country estate!"

As soon as he finished speaking, he immediately realized what he had just said. He quickly covered his mouth in fear.

When Jiang Zhennan heard what Butler Wen said, he pursed his lips tightly and did not say a word. However, from his sharp eyes, one could see his extreme anger.

947 Blood

When Butler Wen realized what he had said, his expression immediately became frightened and uneasy.

Jiang Zhennan's sharp eyes emitted a cold and murderous aura. His lips were tightly pursed as he stared at Butler Wen without saying a word.

Under Jiang Zhennan's cold stare, Butler Wen's entire body trembled. He seemed to feel that Jiang Zhennan was about to kill him.

Butler Wen's feeling was not wrong. Jiang Zhennan did want to kill Butler Wen.

Because Wen Yujing, no, the Wen family's hands had already stretched too far.

Thinking of this, Jiang Zhennan was annoyed for a moment.

He should have discovered something was wrong when the previous butler was killed. He had caused Lin yuelan some trouble.

Just as Butler Wen felt the pressure, a crisp clapping sound suddenly rang out.

Lin yuelan walked toward Butler Wen and asked casually, "the eldest daughter of the Wen family? Are you referring to Miss Wen, who married into the Zhengguo Mansion?"

With this moment to catch his breath, butler Wen immediately heaved a sigh of relief. Then, he returned to his arrogant state and said, "That's my family's eldest miss, the current matriarch of Duke zhengguo's mansion! That's not someone you nobodies can afford to offend. If you know what's good for you, get lost immediately!"

Not only did Lin yuelan not listen to him and 'get lost', but she also laughed unscrupulously, "I'm so scared! However," Then, she said in a mocking tone, "What if I don't get lost? What are you going to do to me?"

Butler Wen's face turned green. He pointed at Lin yuelan and roared, "you ..."

"Ah!" a blood-curdling scream was heard.

Then, everyone saw Butler Wen's pale face. He covered his other hand with one hand, and that hand was bleeding.

Then, everyone saw a clean, white, and tender finger lying on the ground.

This finger was the one that had pointed at Lin yuelan.

The servants who surrounded them were also frightened by this scene. Their faces turned pale, and their hearts were filled with fear and uneasiness. Some of them looked timidly at the silver-masked man who had just put his broadsword back into his waist.

He said sternly, " No one has the right to point their finger at her!"

Without a doubt, the person who had cut off Butler Wen's finger was Jiang Zhennan.

The aura that Jiang Zhennan gave them was very terrifying. It was as if they could lose their lives if they were not careful.

After a moment of pain, Butler Wen immediately said angrily, " fine, you actually dared to cut off my finger. I'm going to report this to the young miss and ask her to teach you a lesson!"

Jiang Zhennan's expression under the mask could not be seen, but he asked coldly, " Oh, it seems that your Butler Wen has recognized me! Since that's the case, I'd like to know what kind of lesson the young miss you speak of is going to teach me. "

Butler Wen had completely lost his mind because of the pain from his broken finger. He roared, " You're a jinx who has no mother and no father. So what if you're the general? My family is your stepmother. As long as there are rumors that the heir of Duke Zhengguo's mansion disrespects his stepmother, I believe that everyone will know that you, Jiang Zhennan, are an unfilial son."

Everyone knew how being unfilial could affect one's reputation.

Therefore, Butler Wen thought that Jiang Zhennan would be threatened.

But what he did not expect was ...

Jiang Zhennan's chin, which wasn't covered by the mask, moved slightly. The corners of his mouth curved up to a certain angle. Jiang Zhennan's smile was clearly seen.

However, this smile was like a demon from hell who came to harvest human lives, making people tremble with fear and panic.

Unfortunately, their premonition came true.

They saw the masked man take out the big knife from his waist again. The cold light on the blade penetrated their hearts and made them tremble.

Jiang Zhennan raised his big knife and faced Butler Wen. He said coldly, "It seems that in order to avoid trouble in the future, I have to kill people to prevent anyone from leaking information to miss Wen. Don't you think so? " The last sentence was directed at the other servants who had surrounded them.

The servants were so scared that their faces turned pale.

Twenty of them surrounded Jiang Zhennan's group and had the advantage. However, they instantly felt like they were chickens waiting to be killed.

Butler Wen was so frightened that his entire body went limp. He turned pale and weak as he looked at Jiang Zhennan, who was getting closer and closer. His voice was trembling as he said, "you ... You ... You can't kill me, No... Otherwise, young miss wouldn't ... wouldn't let you off. You can't kill me ..."

Jiang Zhennan sneered and said, "Butler Wen, not only will I kill you, but I will also cut off your head and send it to the eldest young miss you speak of. Do you think that your eldest young lady will teach me a lesson for a servant? "

Butler Wen was so scared that he peed his pants. His entire body was limp on the ground, and his face turned from pale to gray. He was completely lifeless.

He was shouting weakly, " no, no, you can't kill me ...

However, a silver light flashed!

A head was chopped off and fell to the ground!

The warm and bright blood sprayed out because of the rapid rupture of the arteries. Some of it sprayed on the people closest to him, and some even sprayed on their eyes, smearing their eyes.

However, most of the blood only flowed on the ground.

His head and body were separated, and blood was still flowing from the blood vessels on both sides.

This scene made one's heart tremble.

None of these servants would have thought that the general they had wrongly accused would kill people without even blinking an eye!

It was too ... He was too ruthless!

After killing the man, Jiang Zhennan took out a piece of white silk from his arms and wiped the big knife that he had used to kill the man. A moment later, the blood-stained blade once again exuded a cold light that chilled people's hearts!

Jiang Zhennan said, " Lieutenant Guo, return this head to the Wen family. Then, tell the Wen family that this servant is bold enough to bully his master. He has disrespected me

greatly. I'm kind enough to help them clean up the scourge of their family, or he'll soon cause the Wen Family trouble. Also, help me tell them that I don't need their thanks!"

Guo Bing immediately held back his laughter and replied respectfully, " yes, general! This subordinate will definitely pass on the message to the Wen family head without missing a single word!"

Jiang Zhennan used this incident to warn Wen Yujing's family. He even used this incident to tell them that he, Jiang Zhennan, would start to settle scores with them from now on!

As for the Wen family?

They could only swallow this pain and offense.

948 The Wen Family

"Bang!" Wen Yujing was once again furious. She threw away all the cups on the table. Then, she clenched her hands into fists. Her eight fingers dug deep into her skin, and blood instantly flowed out of her skin.

Her narrow eyes burst out with intense anger. Her snake-like eyes, which were dipped in poison, stared fiercely at the black head on the ground.

The head belonged to Butler Wen.

The Wen family was Wen Yujing's maternal family.

Before Wen Yujing married Duke Zhengguo Mansion, she was only the daughter of a small merchant in the capital. In the eyes of the people in the capital, her status was low.

Originally, with her identity, she had no right to marry into Duke zhengguo's mansion and even became the matriarch of Duke zhengguo's mansion.

However, Wen Yujing had means. As the daughter of a small merchant, she married into Duke zhengguo's mansion and not as a concubine but as a second wife, a powerful and influential wife.

Moreover, she had the means to grasp the heart of the Duke, Jiang Yunfeng, firmly. For more than 20 years, she had never fallen out of favor.

Not only that, after Wen Yujing married into Duke Zhengguo's mansion, the small merchant Wen family also rose with the tide.

Under the support of Duke Zhengguo Manor, the Wen family quickly rose up and became a famous big merchant family in the capital. Not only that, under the double guarantee of power and money, whether it was the main branch of the Wen family or the side branches, there were people who began to become officials.

Although they were not high-ranking officials, they slowly walked onto the path of a powerful bureaucracy.

The people of the Wen family had to rely on Wen Yujing, so of course, they had to flatter her.

Wen Yujing had to rely on the Wen family's money to bribe others, so she didn't dare to offend the Wen family.

However, this time, Wen Yujing's family was extremely angry with her.

Not long ago, Guo Bing had listened to Jiang Zhennan's instructions. He took the head of Butler Wen, called a few subordinates from the General's Office, and then went to the Wen family in a mighty manner.

Some people knew Guo Bing and the others and recognized that they were from the General's residence. Looking at the situation, it seemed that something had happened. Many people followed behind Guo Bing and the others out of curiosity, wanting to see the show.

Hence, more and more people gathered.

When they arrived at the Wen residence, almost half the street from the General's residence to the Wen residence followed them.

As soon as they arrived at the Wen residence, Guo Bing and the others knocked on the door without any restraint.

The person who opened the door did not know Guo Bing and the others.

When he saw someone he didn't know, he thought that they were vulgar.

Therefore, when facing Guo Bing and the others, they naturally felt superior.

"Who are you guys?" The servant who opened the door had his nose up in the air and asked with disdain, "why don't you take a look at where you are? This is the Wen mansion, the home of Duke Zhengguo's wife's maiden family. Is this a place you can step into? Leave!"

As he spoke, he pulled the door open and closed it.

Guo Bing shouted, "Hmph, I don't care about who your madam is. Go and tell your master that the defender-general of the state has a gift for you!"

With that, Guo Bing lifted the thing in his hand, the head wrapped in black cloth, and immediately threw it into the Wen residence's door.

In the end, perhaps the black cloth wasn't tied firmly, or perhaps it was deliberately not tied firmly, but in short, the black cloth unraveled.

A bloody head was immediately exposed in front of everyone.

The hair on the head was disheveled, but under the disheveled hair was an extremely pale and bloodless face. The fear, panic, malevolence, and twisted expression on the face were immediately revealed to everyone.

It was terrifying!

Some people who were as timid as mice immediately fainted from fear.

The servant who opened the door was the closest to the head. He was so scared that he fell to the ground, his face extremely pale and his expression terrified.

"Ah ..."

He widened his eyes in horror and pointed at Guo Bing and the others. He trembled and was so scared that he couldn't speak. "You ... You guys ..."

Guo Bing sneered, "What? If you don't report this to your master, your head will be here the next moment!"

When the servant heard this, he was so scared that he didn't dare to say anything. He carried his limp body and ran back.

A moment later, a wealthy-looking old man dressed in luxurious clothes hurried over. He cursed as he spoke, "I'd like to see who has the guts to come and cause trouble for our Wen family!"

On his left and right were two middle-aged men. They were all dressed luxuriously and looked very wealthy. Their faces were somewhat similar to Wen Yujing's, and it was obvious that they were her brothers.

When Guo Bing saw that old master Wen had come out, he immediately sneered and said, "Old master Wen, your family is allowed to cause trouble at other people's places

but not the other way around? How overbearing, how shameless. Even the royal family of the capital wouldn't dare to do that, right?"

Old master Wen didn't recognize Guo Bing at first, but when Guo Bing said these words, he finally recognized him.

For a moment, he was very surprised. He pointed at Guo Bing angrily and stuttered, "You ... You ..."

The middle-aged man on the left, who was supporting the old man, saw the bloody head on the ground and immediately screamed in fear. He let go of his hand and took a few steps back.

With his exclamation, everyone immediately noticed the head inside the threshold. Except for the old man of the Wen family, who was still calm, the others were all scared pale.

"Ah, little brother!" Butler Wen of the Wen family was the first to react. He recognized that this was his younger brother and immediately burst into tears. "brother, how did you become like this? Who killed you?"

Old master Wen looked at the head and then at Guo Bing outside the door. He immediately realized what was going on and pointed at Guo Bing angrily. "Did you kill him?"

Guo Bing was not afraid or angry at all. Instead, he said coldly, "Oh, it seems that this person is indeed from your Wen family. Then I don't need to confirm anything." Then, he changed the topic and said sternly, "old master Wen, this man was killed by the general. As for a reason, it was just to clean the Wen family's pests. This servant decided to bully his master and had no respect for the great general at all. He even said that he wanted the young lady of the Wen family to teach the general a lesson. Hehe, this is the first time I've heard of a servant teaching his master a lesson. Old master Wen, if outsiders heard that, wouldn't they think the Wen family was purposely trying to insult the great general?"

"So, for the Wen family's safety, our general personally helped you to get rid of this pest."

Having said that, Guo Bing and the others turned to leave. Before they left, they added, "Oh, right, my general said that you don't have to thank him!"

After hearing Guo Bing's words, old master Wen and the people of the Wen family were shocked, angry, and panicked. Their faces turned green and white and then white and green again, but they could not do anything in public.

In the end, the Wen family was so angry that they vented their grievances to Wen Yujing.

Wen Yujing gritted her teeth and said resentfully, " Jiang Zhennan, I, Wen Yujing, will never forgive you! In the capital, there can only be one of us!"

949 Heads Will Roll

Jiang Zhennan had killed the most powerful Butler of Nanyuan Manor with a knife. After that, the servants no longer dared to doubt Jiang Zhennan's identity.

Jiang Zhennan held a big saber in his hand. His sharp eyes glanced around, and he asked coldly, "Who else has any doubts about my identity? Step forward!"

The servants' faces were pale, and they looked scared. When they heard Jiang Zhennan's question, they just shook their heads reflexively and said, " I don't dare, I don't dare ...

Jiang Zhennan seemed to be satisfied with this and nodded. "in that case, can I go in now? "

After the incident just now, everyone here seemed to have an instinctive fear of Jiang Zhennan. They quickly made way for him and said in a trembling voice, " general, please come in!"

Jiang Zhennan nodded and said, " Guo Bing, return this head to the Wen family now!"

Guo Bing immediately obeyed and said, " Yes, general!"

Then, Guo Bing said to one of the servants, " Go and find me a piece of black cloth!"

The man immediately ran back to the manor with trembling legs. A moment later, he came out with a piece of black cloth and handed it to Guo Bing.

Guo Bing took out his sword and pointed it at Monkey, who had just opened the door. He said coldly, " you, go and wrap up the head!" The meaning was obvious-if you don't go, your head will fall to the ground!

Monkey was even more frightened by the sharp sword. In order to survive, it was no longer afraid of the terrifying blood-red head.

Monkey immediately got up, trembling, and took the black cloth from the man's hand. Then, with a trembling and pale face, he wrapped the head and said carefully to Guo Bing, "big ... My Lord... It's wrapped."

Guo Bing said coldly, "won't you give it to me?"

Monkey, who had stood up with great difficulty, almost knelt down again. He trembled again and said, "yes... My Lord!"

Guo Bing was satisfied with the head. He didn't care about Monkey anymore. He got on his horse and immediately headed for the capital.

By the time Guo Bing left with the head, everyone's foreheads were already covered in a cold sweat.

However, without a head, only a bloodied body was left behind. It was also very terrifying.

All of them were so scared that they were as dumb as wooden chickens, their souls almost flying out of their bodies, and they were all sweating profusely.

Jiang Zhennan's cold eyes swept across the room, and then he said sternly, "What? Do you still want to surround us and not let me go to my own country estate?"

When these people heard this, they immediately made way instinctively.

Jiang Zhennan turned to Lin yuelan and said, "Yue 'er, let's go in!"

As he spoke, he took the reins from Lin yuelan's hands and handed them to the servant next to him. "Feed these horses well. If anything happens, I'll hold you responsible!" he said.

Jiang Zhennan did not mention any names, but someone immediately stepped forward and took the horse from his hands.

As for Liefeng, he didn't like these people at all, so he didn't let them touch his reins and walked straight in.

The servant was immediately paralyzed with fear and quickly said to Jiang Zhennan, "General, this horse ..."

Jiang Zhennan said faintly, "You don't have to worry about Liefeng. It can go wherever it likes, but you must always keep some fresh grass so that it can eat it at any time!"

"Yes," the servant immediately replied.

Jiang Zhennan led Lin yuelan, Liu Yichen, and the others in.

As soon as Lin yuelan entered, she looked at the farm. It looked like a small village with houses here and there, and all of them were thatched houses.

In the middle of these houses, there was a big house. Although it was not very exquisite, it was much better than the houses of ordinary people.

Lin yuelan furrowed her brows. This place seemed to be a little chaotic.

However, on second thought, she immediately remembered that this country estate had long been controlled by the Wen family. They didn't have the land deeds. It was not that they didn't want it, but the country estate was awarded by the Emperor. They did not dare to take it over selfishly. Otherwise, if they were found, they would be executed.

Although there were no such things written on it, most of the income from the country estate would definitely go to the Wen family.

As for why the money didn't get siphoned to Wen Yujing directly, perhaps Wen Yujing didn't want people to think that she, the stepmother, was occupying her stepson's property, so she transferred the property through a third party.

However, neither Wen Yujing nor the Wen family had expected that Jiang Zhennan would suddenly be interested in this country estate.

The Wen family and Wen Yujing were caught off guard. Most importantly, as soon as Jiang Zhennan arrived, he killed the servant who was sent by the Wen family to manage the country estate.

Not only that, but he also threw the head at the door of the Wen family.

However, Jiang Zhennan had given them a fair and just reason. Not only could they not blame Jiang Zhennan, but they also had to be grateful to Jiang Zhennan.

This was why the Wen family was both angry and aggrieved.

Unable to vent their anger on Jiang Zhennan, the Wen family members directly vented their anger on Wen Yujing.

The old master of the Wen family sent someone to bring the head to Wen Yujing and sent a message to her, " young miss, the old master said that this head was sent to the Wen family by the Jiang family, but the Wen family can't afford such a big gift, so he will return it to the Jiang family. He hopes that young miss can handle it well!"

This meant that the Wen family needed Wen Yujing to admit that she had arranged for this person to stay in the country estate.

In fact, the Wen family wanted to shift Jiang Zhennan's anger onto Wen Yujing.

The Wen family couldn't bear Jiang Zhennan's anger, but Wen Yujing could.

Because the current Wen Yujing was Jiang Zhennan's stepmother, it was only natural for a stepmother to help her son manage the country estate.

But what about the Wen family? The Wen family, for Jiang Zhennan, was nothing.

Therefore, it didn't matter if this person was arranged by Wen Yujing or not. Wen Yujing had to be responsible.

Just like that, Wen Yujing felt humiliated, so she hated Jiang Zhennan to the bone.

Jiang Zhennan had already expected this, but he was too lazy to care about it.

Now, he had to accompany Yue 'er and work in the fields.

Guo Bing brought a few of his subordinates to report to Jiang Zhennan.

Jiang Zhennan asked lightly, " have you sent it back? "

"Yes, I've sent it back. Big brother, the Wen family is really too timid," Guo Bing said happily. "I just threw the head at the gate, and guess what happened? They immediately turned pale and even peed their pants, haha ...

"The Wen family is considered a big family because of Wen Yujing, but they were scared by a human head. It's really ... I'm dying of laughter."

No expression could be seen on Jiang Zhennan's masked face, and no joy or anger could be felt. He just asked indifferently, " and then? "

Guo Bing's smile suddenly stopped, and he said with a stiff expression, " uh, boss, I threw the head away, and then ... I'm back!"

What Jiang Zhennan wanted to ask was what the Wen family would do after this.

Jiang Zhennan seemed to have expected this and said, " that's enough. Even without supervision, I can guess that the Wen family will definitely vent their anger on Wen Yujing."

Guo Bing immediately asked in surprise, " You mean they'll fight among themselves?!"

Jiang Zhennan did not say anything more.

This was a silent agreement!

950 Eye-Piercing

Jiang Zhennan sent someone to deliver the head to the Wen family. As soon as this matter was exposed, everyone in the capital knew that the defender-general of the state had returned to his own country estate.

This made people even more curious.

Why would the general suddenly go to a country estate?

Could it be that he wanted to farm personally?

Hehe, that's impossible.

Of course, doubts were doubts, but no one had the courage to ask Jiang Zhennan.

This person in the Imperial Palace also received the news at the first moment.

Before Jiang Zhennan and the others had arrived in Beijing, he had received a letter from the secret guards he had sent to Taoyuan village.

At that time, he had frowned, not knowing what Jiang Zhennan was thinking.

Jiang Zhennan's letter clearly said that An Ding County was going to be used as an experimental base for farming. Why did he suddenly run back to his own country estate in the capital to farm?

What happened in between?

These things, even his secret guards had not found out.

Although the Emperor was suspicious, his trust in Jiang Zhennan had never wavered.

So, he was waiting ...

He was waiting for Jiang Zhennan to come and give him an explanation.

The Emperor was waiting, but the others couldn't sit still.

This was because Jiang Zhennan was of utmost importance to any Prince's path to imperial power.

However, Jiang Zhennan refused to take a position. That was already the best for the various sects.

However, if someone could rope Jiang Zhennan into his camp, that would be the best.

So what was Jiang Zhennan doing unexpectedly in his country estate at this time?

Could it be that a defender-general of the state was so bored that he really wanted to go farming?

Wouldn't that be a joke in the capital?

No one was willing to believe that Jiang Zhennan had really gone to the country estate to farm personally. Therefore, they were all suspicious that Jiang Zhennan must have his own purpose.

Their goal was to figure out Jiang Zhennan's purpose.

Only then would they be able to find the right bait!

"Send someone to investigate Jiang Zhennan's purpose in the country estate." The third Prince, Yuwen feiye, ordered.

"But, Your Highness, with the great General's martial arts, it's possible that he'll discover us before we even get close to him." The subordinate said hesitantly.

Yuwen Feiye's sharp eyes glared at his subordinates. He said coldly, "do you need me to teach you what to do?"

The subordinate immediately replied, "yes, I will investigate immediately!"

Crown Prince's Eastern Palace

"Your Highness, why would the great general suddenly go to the country estate?" Crown Prince Yuwen Yuyu's aide asked suspiciously.

The Crown Prince was dressed in a yellow brocade robe. He was expressionless and had his head slightly lowered as if he was in deep thought. After a moment, he furrowed his brows and said, "perhaps he just wants to plant crops."

"Recently, the border had been stable and there were no wars for the time being."

"Obviously, Jiang Zhennan, the great general, is free."

"If he was idle, he could go to the country estate."

"After all, I heard that when he was living at the border, he had also opened up land and cultivated fields."

When the aides heard this, they also furrowed their brows and were suspicious.
"Really?"

One of them asked, "Then, Your Highness, should we send someone to investigate?"

The Crown Prince thought for a moment and said, "If we want to go, we can only go openly and see if we can find anything."

The advisors looked at each other, then lowered their heads and said, "Your Highness is wise!"

In the palace of the emperor's eldest grandson, Yuwen Xuhong.

"Your Highness, what is this great general trying to do? Why would he go to the country estate for no reason?" One had to know that people with status, power, and influence like them would never step into their own country estate.

To them, the country estate was the place where the lowly commoners should live. They only needed to wait for the harvest that those people brought over.

Of course, in order to prevent these peasants from deceiving them, these big families would definitely send some trusted family members to manage it, but there was no reason for them to go personally.

Therefore, Jiang Zhennan's sudden visit to his own country estate made everyone curious and confused.

There was no expression on the imperial grandson's handsome face. He rubbed the big jade ring on his left thumb with his right hand. Then, the corners of his mouth curled up, and he said coldly, "We never know what the general is up to. What's the point of guessing?"

When the advisor heard this, he immediately looked at the others in confusion and asked carefully, "Your Highness, what do you mean?"

"We wait!" Yuwen Xuhong spat out a single word coldly.

..

Jiang Zhennan ignored all the various remarks and speculations in Beijing.

The first thing he had to do was deal with the servants in the country estate.

Most of these servants were sent by the Wen family or Wen Yujing.

He didn't need these eyes watching him.

Jiang Zhennan immediately ordered Guo Bing to select twenty soldiers to come to the country estate and learn how to farm.

After that, it was time to send away the servants who were not loyal to their Masters.

With the example of Butler Wen, when Jiang Zhennan sent these servants back to the Wen family or Duke zhengguo's mansion, these servants did not dare to make a sound, let alone resist.

After packing up their things, they left the country estate in a hurry, returning to the Wen family or Duke zhengguo's mansion.

After these people left, Jiang Zhennan transferred some more people over to guard these country estates. Without his orders and permission, no one was allowed to approach the country estates.

Jiang Zhennan did not hide his actions from the people who were secretly monitoring him.

This also aroused the curiosity of some people.

After Jiang Zhennan had arranged everything, he said to Lin yuelan, " Yue 'Er, I'm afraid I have to make a trip to the palace."

He had caused such a ruckus, and that person in the palace had probably already received the news.

Therefore, he had to make a trip to the palace and explain to that person.

The reason why Jiang Zhennan was fully trusted by the suspicious Emperor was that he was truly loyal to the Emperor and would not lie to him about anything.

This time was no exception!

Lin yuelan nodded in understanding and said, " okay, you can go! Be careful. I believe that there are many people keeping an eye on you this time. It's easy to dodge an open spear but hard to defend against a hidden arrow. Be careful!"

Jiang Zhennan grabbed her hand and nodded. "okay, I will be careful! Wait here for my return!"

“tsk, tsk, that’s enough. You’re only going to the palace, not to die. Why do you have to make it so sentimental, as if you’re going to be separated forever? ” Liu Yichen immediately made sarcastic remarks.

In any case, it was already very glaring to see the two of them together, so he couldn’t help but say a few harsh words.

The good atmosphere was immediately ruined by Liu Yichen’s words.

Jiang Zhennan’s face darkened, and he said to Liu Yichen in a bad mood, ” if you think it’s too eye-catching, then go out and find someone to be an eye-sore for others. Don’t say such sarcastic words in front of me.”

This time, it was Liu Yichen’s turn to have a dark expression. He glanced at Jiang Zhennan and said coldly, ” I don’t need you to worry about my matters! Alright, if you want to go, go quickly. Why are you staying for so long?”

Jiang Zhennan ignored Liu Yichen and only said to Lin yuelan, ” Yue ‘er, I’ll be leaving now!”

Liu Yichen rolled his eyes.

Really ... He really didn’t know what to say.
