951 Obey Miss Lin's Orders

Inside the Nanyuan estate, forty to thirty young and strong men dressed in soldier's uniforms and carrying large sabers stood in four rows.

And then, standing in front of them was a girl.

Although she didn't look too old, she was tall, had fair skin, and had exquisite facial features.

This person was the most beautiful woman they had ever seen, although she still looked like she had not fully grown.

However, they knew in their hearts that when she was of age, she would be devastatingly beautiful.

The forty men seemed to be immersed in her beauty, forgetting why they were suddenly standing there.

After all, they had been by Jiang Zhennan's side for a long time, whether in the military camp or in the General's residence. Moreover, with Jiang Zhennan's notorious reputation, even men would avoid him, let alone those timid women. Therefore, they rarely came into contact with women.

It was only yesterday that they found out that their general was in the country estate when Guo Bing suddenly brought them to the country estate.

What surprised them even more was what they saw when they came in and were brought to the general.

They saw a woman following the general all the time. What was even more bizarre was that the stern, cold, iron-faced, selfless, and domineering general in the army was now looking at the woman beside him from time to time. His eyes were full of gentleness and affection.

This really shocked them.

If they weren't sure that the Jiang Zhennan standing in front of them was their general, they would have thought that this person was a fake.

They knew very well that the General's fierce and bloodthirsty aura on the battlefield was not something that ordinary people could imitate.

But what made them even more surprised was what they heard next.

They heard the general say, "This is Miss Lin. From now on, her words are my words, and her orders are my orders! Anyone who violates this will be punished according to military law!"

As soon as these words came out, it aroused their curiosity towards miss Lin even more, and they wondered about her identity.

However, Jiang Zhennan did not introduce Lin yuelan's identity in detail.

After he brought these people to Lin yuelan and instructed them to listen to Lin yuelan's arrangements, he left the country estate and headed towards the Imperial Palace.

After that, the people who stayed behind, except for Guo Bing, looked at each other and did not know what they were going to do.

After that, Lin yuelan ordered the forty-two of them, except for Guo Bing, to stand in four rows in groups of ten and eleven.

And that was where we were.

However, these people were trained by Jiang Zhennan after all. Very soon, they immediately came to their senses and knew that this lady and their great general must have a special relationship.

Therefore, they could look at her, but they could not covet her in their hearts.

Otherwise, they would not be able to bear the consequences of offending the general.

Lin yuelan stood in front of them and coldly said, " count from one to ten!"

Lin yuelan pointed at the first person in the first row.

These people didn't understand why.

However, the general had said that the lady's orders were his orders, so they only had to obey.

"One"

"Two"

..

"Ten!"

Then, after all forty people had reported their numbers, Lin yuelan nodded in satisfaction, "hmm, not bad!" But in her heart, she was thinking, 'this Jiang Zhennan really has a way of leading his troops. All of them are obedient and orderly.'

Then, she said sharply in a clear voice, "I believe that you have all received the orders of your general to listen to my orders in the future. I wonder if you have any objections? If you have any opinions, you can raise them now. I'm in a good mood and might give you an answer.

"But after this, I'm sorry! If you have any doubts about my orders later, you will be asked to leave this estate. Do you understand?"

As soon as Lin yuelan said that, the 42 soldiers looked at each other. In the end, they all looked at Guo Bing, who was standing behind Lin yuelan, as if they were trying to find an answer from him.

Lin yuelan's eyes were also fixed on Guo Bing with a faint smile.

Guo Bing immediately shook his head and said, "why are you all looking at me? If you have any doubts or questions, you can ask miss Lin directly. Miss Lin has a good heart, she will definitely answer your questions well."

How could he not know what kind of person Lin yuelan was after being with her for more than half a year?

At this moment, Lin yuelan wanted to listen to the opinions of these people or to verify their loyalty to the general. Therefore, he couldn't step in.

Otherwise, he would not have a good life in the future.

When these people heard Guo Bing's words, they were even more puzzled. They were even more curious about Lin yuelan's identity.

However, since these people had followed Jiang Zhennan for so long, they were indeed loyal to him.

Therefore, everyone shook their heads in unison and said, "we have no objections. We will listen to miss Lin's instructions!"

Lin yuelan nodded in satisfaction again and said, "mm, very good! Since that's the case, then I'll now order you to run five laps around this country estate!"

Ah?

Running?

They didn't know why.

"Lord Guo, you will run with them!"

Guo Bing's heart tightened, but he still tried to please her. "Miss Lin, I ... I don't need to run, right?"

This 1000-mu plot of land was about four miles wide, so five circles were 20 miles.

God, wouldn't he be exhausted to death by running like this?

Lin Yuelan crossed her hands in front of her chest and said to Guo Bing with a faint smile, "I say, Lord Guo, aren't you a soldier of the general? Since that was the case, of course, you have to run! Do you not want to run?"

When he heard the last sentence, which was a little weird, Guo Bing immediately shook his head and gritted his teeth. "Run, of course, I'll run!"

However, he immediately smiled and asked, "Miss Lin, may I ask you a question?"

Lin Yuelan didn't make things difficult for him. She nodded and said, "Okay!"

Guo Bing was puzzled. "Miss Lin, didn't you call them over to farm? Why are we suddenly running?" Moreover, they had run for such a long distance.

When they were in the Lin family village or Taoyuan village, they didn't run.

Lin Yuelan didn't answer Guo Bing's question but said, "I'll tell you after you finish these ten laps!"

Guo Bing, "... Are you deliberately tantalizing me? Or was it a prank?"

Liu Yichen, "... He really wanted to know too.

952 Identity

Jiang Zhennan went to the palace.

All the concubines and princes in the palace were the first to receive the news.

They all secretly inquired why Jiang Zhennan had come to the palace this time.

However, no one was able to find out anything.

Inside the Royal study, hearing Jiang Zhennan's report, the Emperor was surprised for a moment.

He was slightly stunned, then said expressionlessly, " you said that you gave your 1000 Mu estate to that girl? "

Jiang Zhennan nodded. Yes!"

Then, he explained, " when she rescued me and my subordinates, she charged us for each of the heads of those people. As a result, I owe that lady hundreds of thousands of taels!"

When the Emperor heard this, he looked at Jiang Zhennan in surprise again. "my dear Minister, is what you said true? "

A few hundred thousand taels, should he say that the girl was capable or that she was black-hearted?

Jiang Zhennan nodded and said, "Miss Yue 'er likes to farm very much. As long as she has money, she will buy land to plant. I can't pay back the 300000 taels of silver, so I can only use the 1000 mu of land that His Majesty has given me to give to Miss Yue 'er. Your Majesty, please forgive me!"

After understanding the cause and effect, he waved his hand and said, "Forget it. Forget it. Since those things have already been bestowed on you, you can do anything you want with them. Moreover, the grace of saving a life is greater than the heavens, so it's not impossible to use these mere thousand Mu of land to repay the favor!" At this point, he reacted and asked in surprise, " my dear Minister, you said that this miss Lin likes farming? "

If they were not forced to, who would like to farm personally?

Plus, from Jiang Zhennan's description, he knew that the girl did not lack money at all.

A master who didn't lack money didn't need to farm at all, right?

Jiang Zhennan nodded and said, " that's right. Miss Yue 'er is a calm and demure lady. From the moment she saved this subject, she told this subject that she hates trouble. Farming makes her feel the tranquility and leisure of life."

As the Emperor listened to Jiang Zhennan's words, he became more and more curious about miss Lin.

After a moment of silence, he said, " my dear Minister, since miss Yue! er is here, why don't you bring her to see me?" Although it was phrased as a question, it was obviously an order.

When Jiang Zhennan heard this, his expression under the mask was slightly stunned!

Then, he knelt down on one knee and pleaded, " Your Majesty, please retract your order!"

"Why? " the Emperor immediately asked, somewhat displeased.

Jiang Zhennan said with conviction, " Your Majesty, miss Yue 'Er is a girl who hates trouble, and she ... Although she was a quiet person, she was also a stubborn person. If she's not willing, no one can force her!"

This was to tell the Emperor that as long as Lin yuelan was unwilling, even the divine decree would be useless to move her.

When the Emperor heard this, he was a little angry at first, but then he laughed. "haha, it seems that this Yue 'er is a girl with a very strong personality. Since that's the case, I will take back my words and not force her. However, if she is willing to enter the palace, she can come at any time!"

Jiang Zhennan secretly heaved a sigh of relief and said, " thank you, Your Majesty!"

After Jiang Zhennan returned to the country estate, he did not see anyone working.

He saw more than 40 of his subordinates, including Guo Bing, seemed to be running.

Looking at their sweaty and panting faces, the expression under the mask raised, and he was instantly curious.

Running?

Jiang Zhennan walked in front of Lin yuelan, pointed at his subordinates, and asked, " Yue 'er, this ..."

Lin yuelan said, " I think they are a little lazy. That won't do. When I saw them, they looked weak and powerless, as if they had not had a full meal. This is not how soldiers should look like. So, in order to make them full of energy, I have asked them to run five laps around this thousand mu of land! Look, they've only run the third round, and they're already dispirited. This can't do!"

Jiang Zhennan was a little surprised when he heard Lin yuelan's explanation. He opened his mouth slightly and wanted to say something, but in the end, he did not do anything. He then cast a helpless look at his subordinates.

The eyes of those subordinates who saw Jiang Zhennan's return immediately lit up. They thought that the general would definitely plead on their behalf, but then they saw

Jiang Zhennan's helpless eyes. Their mental state was just as Lin yuelan had said, and they became dispirited again.

This time, the relationship between Jiang Zhennan and Lin yuelan immediately aroused their curiosity.

Since they were so tired from running, they might as well find something to do to divert their attention. Who knew? They might be able to finish the remaining two and a half laps in one go.

A soldier who was running alongside Guo Bing asked, "Guo ... Lord Guo, this is big ... Who was the general and this miss Lin ... What's their relationship?"

Hearing that someone had asked, it immediately aroused the interest of gossip. Then, a few people from behind slowly ran up and stared at Guo Bing with curious and gossipy eyes.

Guo Bing cleared his throat, then said pretentiously, "this ... This ..."

"Lord Guo, What's this? hurry up and tell us!" This was really making people anxious!

Guo Bing then pointed in their direction and said mysteriously, "look at our general. Didn't you notice that he's completely different from the one we usually see?"

Everyone looked in the direction that Guo Bing was pointing at, then they frowned and asked, "Of course, we know that the general is different from what we saw. However, what we want to ask is, what is the relationship between the great general and miss Lin?"

Guo Bing was almost angered to death by the stupidity of his subordinates.

He had already pointed it out so clearly, but this group of idiots actually didn't notice.

Guo Bing glared at them and said angrily, "You guys are really stupid! Who told you to look at that? Didn't you see the boss' hand?"

They looked in that direction again.

F * ck!

What did they just see?

They saw the general holding the lady's hand.

Guo Bing continued, "Now you see. Do you know the relationship between our great general and miss Lin?"

Everyone nodded in unison. "Yes, I know. I know!"

Guo Bing continued, "So, you have to be sensible, okay? Miss Lin is our future General's wife. She is someone we cannot afford to offend. Let's put it this way, you can live if you offend the general, but you can't live if you offend miss Lin!"

Everyone nodded in understanding.

However, there were still people who asked doubtfully, "Lord Guo, what exactly is this miss Lin's identity? What happened between her and the great general?"

Suddenly, a sharp voice was heard. "What are you all muttering about? Hurry up and run!"

953 The Temptation of Breakfast

The subordinates who came to the country estate had to wake up early and run five laps around the country estate, which meant they had to run 20 miles a day.

Whoever didn't finish running wouldn't get to eat breakfast.

Apart from the first meal, which was personally prepared by Lin yuelan, they had also transferred the chefs from the General's residence's main kitchen.

Then, from the second meal, Lin yuelan only guided them from the side. Although the taste was different, it was not inferior to the food made in those big restaurants. In fact, it was even better.

The first breakfast was actually very ordinary.

It was just meat-stuffed buns with white rice porridge.

However, this bun had thin skin and a lot of filling. It was made by mixing wild vegetables from the country estate with fresh pork. The taste was mellow, tender, and delicious. It was fat but not greasy.

With one bite, the soup immediately filled their mouth. The taste of the meaty fresh meat immediately made them want to swallow their tongues.

There was also this white congee, which was very thick after being cooked with firewood. It was soft and smooth when it entered the mouth, but when it entered the stomach, it made one feel relaxed and happy!

Therefore, these 40-odd people all became big rice buckets. There were more than 300 big buns. In the end, these buns were all finished. Some people ate five to six buns, and others ate more than ten. After that, they ate one or two large bowls of porridge. In the end, even if they were full, they still wanted to eat more.

After eating breakfast, Lin Yuelan immediately had something to say.

Her clear voice looked at these people and said, "In the future, you will have such a delicious breakfast every day. However, if you want to have breakfast, you must run first. For the first seven days, you will run five laps. After that, five and a half laps, and then six laps. We will continue until you can run ten laps.

"When you finish running, you can come to get breakfast. Those who finish running first can eat first, but those who don't finish running will wait for lunch on an empty stomach the entire morning."

Hearing Lin Yuelan's words, these people simply wanted to curse.

Wasn't this a blatant threat and temptation?

If they hadn't had such a delicious breakfast this morning, they might not have been so eager and looking forward to it.

However, after eating such a delicious breakfast, they could only watch others eat while they drooled if they didn't finish the laps. It was not only physical torture but also mental torture.

Therefore, in order to satisfy their appetite, they had to run with all their strength and stamina no matter what. Then, they had to grab a good breakfast before anyone else.

Also, why did Lin Yuelan mention this after they finished breakfast?

This was simply the quality of a profiteer.

They protested firmly!

However, in this country estate, even their boss, the great general, had to listen to Miss Lin's words. Who could they go to for help?

They had to help themselves!

From that day on, the Nanyuan estate was full of vitality and energy.

Seeing that these people were all in such good spirits, Jiang Zhennan and Liu Yichen's eyes could not help but narrow, and their expressions were thoughtful.

Then, Liu Yichen asked curiously, " Yue 'er, these people's condition is obviously better than before. They're also very efficient. Is it because they run every morning? "

If that were the case, they could use this method to train their subordinates in the future.

Lin yuelan's slightly lowered eyes flickered, and then her expression became thoughtful. However, Liu Yichen didn't notice her expression and actions.

Lin yuelan chuckled and explained, " the air in the morning is fresh, and jogging will make people feel better. At the same time, it does aerobic exercise for the brain, increasing the volume of one's lungs, improving one's quality of sleep, strengthening one's physical strength, and making the body more flexible and quick-thinking, which helps to improve work efficiency! This is the benefit of running.

"Of course, running isn't limited to the morning. It's even better to run in the afternoon!"

Lin yuelan's explanation was clear, but Liu Yichen didn't understand.

Air, aerobic exercise, and lung activity-he could understand these words when they were taken apart, but when they were put together, he was completely confused.

Seeing the big question mark on Liu Yichen's head, Lin yuelan burst into laughter. "Big brother, you don't need to understand everything. But you just need to know that running can train one's body, strengthen one's physique, and increase work efficiency!"

Liu Yichen immediately reacted, and a big smile appeared on his handsome face. He said, "Sister is right."

But in his heart, he was even more suspicious of Lin yuelan's true identity.

If Lin yuelan's identity were really that of an ordinary farmer's daughter, then how did she save Jiang Zhennan, who was poisoned?

Then, how did she know about these abilities and abilities that surprised everyone?

Could it be that she had really died once and was sent back by the king of hell because she was destined to bring misfortune to her husband?

However, from ancient times until now, he had never heard of such a bizarre thing. He had also investigated all the related files about strange people and strange events, but he had never found anything related to resurrection.

Therefore, Liu Yichen became more and more interested in the mystery of Lin yuelan's identity.

Jiang Zhennan's face darkened when he saw Liu Yichen looking at Lin yuelan again. He immediately strode over and took Lin yuelan's hand. He gave Liu Yichen a fake smile and said, "big brother, aren't you very busy as the richest man in the country? Why are you so free?"

He deliberately emphasized the word 'big brother' to remind him of his relationship with Lin yuelan.

When Liu Yichen heard this, he knew that this man was starting to get jealous again.

Liu Yichen raised his eyebrows, and then, as if he was deliberately going against Jiang Zhennan, he retorted, "hey, general-in-chief, you don't have to call me big brother. First, general, you're a few years older than me. Second, you're not married to my sister yet, right? Therefore, general, please call me Liu Yichen or young master Liu!"

Anyway, when he heard Jiang Zhennan call him "big brother," his heart was full of bitterness, and he even felt a little disappointed.

Listening to the two's usual bickering, Lin yuelan just stood to the side and laughed, not siding with anyone.

Of course, she didn't side with him because Jiang Zhennan had always had the upper hand.

For some unknown reason, Jiang Zhennan, who had always been reticent or not good with words, seemed to be on steroids when he was up against Liu Yichen. He could always win against Liu Yichen.

This wasn't ...

Jiang Zhennan said calmly, "Yue 'er is my future wife, so as long as she calls you big brother, I will call you big brother no matter what my identity is!"

Liu Yichen, "... He really wanted to vomit blood on Jiang Zhennan's face!

954 Accusation

"What did you just say?" Jiang Yunfeng looked at Wen Yujing in anger and asked, "that unfilial son went to the country estate and killed Wen Qiang the moment he went there?"

Wen Qiang was the Butler Wen who was killed by Jiang Zhennan to demonstrate his power.

Wen Yujing sobbed and said, "that's right, master! Tell me, just how dissatisfied is this child with me? He clearly knew that Wen Qiang was a servant sent by my maiden family to help him manage the country estate, but not only did he not show any gratitude, but he also killed Wen Qiang without asking for the reason.

"Old master, now the entire capital knows that the defender-general of the state has used an excuse to kill my family. Deceit, treason, and so on are all excuses.

"Who in the capital didn't know that everyone in Duke zhengguo's mansion, as well as the Wen family, had respect for the official heir, Jiang Zhennan? Besides, Wen Qiang had been conscientiously and diligently helping him to manage the nanyuan Manor in an orderly manner all these years. However, not only did he not remember his hard work, but he was also so ruthless that he took his life with a knife.

"Old master, isn't he doing this to shame me, his stepmother? Let everyone in the capital think that I, the stepmother, want to seize the first wife's property and that I'm vicious. How are we going to face those nobles in the future? I had a good intention, but it was misconstrued!"

Wen Yujing was also hinting that Jiang Yunfeng had lost face.

Jiang Yunfeng's expression was extremely ugly. He said angrily, "this unfilial son, the last time he came back, he caused me a disaster that has not been resolved yet. Now, he has caused me another one. He's indeed a fiend. As long as he appears, nothing good will happen."

When Jiang Yunfeng said that the disaster had not been resolved, he was referring to Jiang Zhenye and Zeng Yanli's marriage.

As for the other incident, it referred to the fact that he had killed Wen Qiang, openly going against the Wen family and his stepmother, putting Duke Zhengguo Manor in the eye of the storm.

Wen Yujing's teary eyes drooped, but her eyes flashed.

Then, she raised her head and asked, "old master, Ye 'er's marriage has not been resolved yet. Nan' er has expressed his dissatisfaction with me, his stepmother, so obviously. What should we do?

"If we don't resolve Ye 'er and Zeng Yanli's marriage, Ye 'er might really be jinxed to death. Didn't you see that in just a few days, he's so thin that he's only a handful of bones? if he continues to be so thin, he ... I'm afraid he'll really be jinxed to death by Zeng Yanli. Old master, why is my life so bitter? I am about to lose a son..."

This marriage could only be completely resolved if Jiang Zhennan came forward.

Jiang Yunfeng also doted on Jiang Zhenye, his legitimate son, very much. Seeing that he had obviously lost weight, it would be a lie to say that he didn't feel distressed.

However, this was the emperor's order, an imperial decree. No one could change the Imperial decree!

Moreover, the Emperor was well aware of the conspiracies and tricks that they had used to break off the engagement. Therefore, breaking off the engagement was harder than ascending to heaven.

However, because this matter started with Jiang Zhennan, and Jiang Zhennan was the emperor's most favored person, so only Jiang Zhennan might be able to change the emperor's will.

Jiang Yunfeng and Wen Yujing's families could be said to have suffered the consequences of their own actions.

They had done a lot of horrible things to others, but they simply couldn't stand having horrible things done to them. They still put on a high and mighty attitude. They thought they could still control Jiang Zhennan.

They didn't know that this person, whether it was ten years ago or ten years later, was not someone they could mess with as they pleased.

However, they had been blinded and could not see clearly.

Jiang Yunfeng said angrily, " this unfilial son, does he really think that he can overturn the heavens just because he is a great general? "

Wen Yujing immediately asked, " master, what are you going to do? "

..

Nanyuan Manor

"General-in-chief, there are people outside claiming to be your parents. Should we invite them in?"

As the General's trusted aides and subordinates, they knew what kind of parents their general had. They really were shameless to still call themselves the great General's parents.

How could there be parents in this world who kept saying that their son was a jinx and was afraid that their son would jinx them to death? They threw the general to a dilapidated courtyard to fend for himself the moment he was born.

Jiang Zhennan, Lin yuelan, and the others were eating. When they saw the report from their subordinates, their good mood was instantly ruined.

Guo Bing's face darkened. "don't you know anything? Can't you see that everyone is eating here? Why did you suddenly report such a disgusting matter?"

That's right, the arrival of Jiang Yunfeng and his wife really disgusted them.

The subordinate touched the back of his head in embarrassment and said a little foolishly, " Oh right, this matter shouldn't have been reported during dinner. It should have been reported after everyone had finished eating."

Guo Bing waved his hand and said, "Remember this lesson! Next time, no matter if it's the great General's father or mother, as long as it's someone from Duke zhengguo's mansion, you must refuse them at the door."

"Yes, Lord Guo!" The subordinate said.

At this time, Jiang Zhennan said, "Tell them that they can either come next time or they can wait outside. We are all eating now and have no time to entertain them."

"Yes, great general!" The subordinate replied respectfully.

When Jiang Yunfeng and Wen Yujing heard this, their faces immediately turned green.

Jiang Yunfeng was so angry that his whole body trembled. His face was a mixture of green and red as he pointed at the man and said, "You ... This unfilial son really said that?" He was really infuriated. Eating was more important than meeting his father.

The subordinate immediately said with a disdainful expression, "Duke Zhengguo, as the saying goes, eating is very important. No matter how big the matter is, it's not as big as eating. The general is eating right now. Is there anything wrong with making you wait?"

Jiang Yunfeng's veins were bulging, and his eyes were glaring. "This unfilial son is really rebellious. He actually dared to make his father wait at the door."

As he spoke, he angrily got off the carriage and walked straight into the country estate.

Fortunately, this subordinate was not afraid of trouble. He immediately stopped Jiang Yunfeng and said, "Duke Zhengguo, this is a private residence. Without the owner's permission, no one can trespass. Otherwise, they will be imprisoned for the crime of trespassing!"

When Jiang Yunfeng heard this, he glared at his subordinate fiercely. He was about to raise his hand to hit him, but Wen Yujing immediately stopped him.

She sized up the curious people around the country estate, then cried and said, "Old master, I ... I better go back! Nan 'Er doesn't like me, his stepmother, and has even implicated you, master, causing you to suffer."

Her voice was neither loud nor soft, but the people nearby could still hear her.

These people didn't know the inside story, so they suddenly felt sympathy for Wen Yujing, their stepmother.

In an instant, everyone began to criticize the owner of the country estate.

955 The First Confrontation

The people around them were either servant of the big families or ordinary civilians. The only thing they had in common was that they did not know the situation in the capital and the various rumors.

After all, this was the outskirts of the capital.

Listening to these people's accusations against Jiang Zhennan, Wen Yujing's eyes flashed.

Although these people were ordinary people, the people behind them were not ordinary people. Perhaps soon, there would be rumors in the capital that Jiang Zhennan had rejected his stepmother.

However, it was unknown if the couple had deliberately forgotten or if they really wanted to add another crime to Jiang Zhennan's name. That was, when they went to the General's residence, Jiang Zhennan had already refused them several times.

However, even so, the subordinate guarding the door still did not let Jiang Yunfeng, Wen Yujing, and the others in.

This person looked at Jiang Yunfeng and his wife, his expression clearly filled with sarcasm as he said, "Duke and Madam Zhengguo, don't be aggrieved here. In the capital, who doesn't know that my family's great general has been regarded as a jinx since he was young and has long been abandoned by his biological father? Before he was even a month old, his biological father randomly hired a nanny to take care of him. Then, he was left in a desolate courtyard.

"If the nanny hadn't truly loved the general, he wouldn't have starved to death, frozen to death, or even been bullied to death by his servants.

"Now, one of you is claiming to be the great General's father, and the other is claiming to be his mother. Hehe, aren't you ashamed?"

As soon as the man said that, the people around him who were listening were immediately stunned.

Only then did they know that these two people were Duke and Madam Zhengguo.

In other words, the person they were looking for was the war god general of the Long Yan Kingdom-Jiang Zhennan.

Oh, no, this meant that the general was in this country estate.

In an instant, those who had accused him of being unfilial were immediately rendered speechless.

Holy shit, this was the defender-general of the state!

They didn't have the guts to accuse someone of being unfilial in front of their house.

There was no one in the world who did not know of the war god general Jiang Zhennan's reputation. It was not only because of his battle prowess but also because of his title as a jinx and the rumored ugly face under the silver mask. When one heard about it, women would scream in fear, and children would cry. Even men would shiver when they heard about his reputation.

Therefore, they kept their mouths shut.

However, there was another reason for them to shut up. They had long heard that although the great general was the heir to Duke zhengguo's mansion, he was not liked by Duke Zhengguo. There were even rumors that Duke Zhengguo couple hoped that their second legitimate son could inherit Duke Zhengguo's mansion, and they had harmed the great general, the eldest son, several times.

Therefore, it was understandable that the general refused to meet them.

There were even some who thought that it might not be a good thing for the general if the couple came to visit.

Being accused by a servant, Jiang Zhennan and Wen Yujing immediately lost their faces.

He glared at the soldier, Xiao Ding, and scolded, "this is my family business. You servant, shut up!"

Xiao ding pursed his lips and said, "fine!"

After he finished speaking, he quietly and seriously guarded the door as if he was blocking the way.

This time, Jiang Yunfeng was so angry that he stomped his feet and wanted to go home.

However, Wen Yujing stopped him.

She whispered to Jiang Yunfeng, "Old master, our Ye 'er's wedding is in three days. If we don't get Jiang Zhennan to come forward, our Ye 'er might really be killed by Zeng Yanli."

When Jiang Yunfeng heard this, he glared at Wen Yujing. Then, he suppressed his anger and returned to the carriage to wait.

Wen Yujing didn't return to the carriage.

She first looked around, then at the gate. In the end, she gritted her teeth and knelt down in front of the gate while everyone was still in shock.

She sobbed and said, "Nan 'er, mother was wrong in the past. I didn't do a lot of things well and let you suffer. Mother asks for your forgiveness now! However, Nan 'er, Ye 'er is innocent. He's your brother after all. Are you really going to watch your brother jump into the fire pit and face death without doing anything? Nan 'er, please save Ye 'er, he's your brother!"

Xiao Ding and his two other companions had never expected that Madam Zhengguo would kneel just like that. This was too shocking.

He didn't dare to make the decision, so after exchanging a look with his two companions, he immediately ran inside.

Jiang Yunfeng, who was sitting in the carriage, saw what Wen Yujing had done, and his face turned green.

He walked out of the carriage and said to Wen Yujing, "Get up! What are you kneeling for? You're my wife, Jiang Zhennan's mother. What mother kneels to her son? Aren't you afraid of being struck by lightning? Besides, what qualifications does this rebel have to accept your kneeling?"

Then, he shouted at the door, "Jiang Zhennan, you unfilial son, come out! You are really too treacherous. You actually forced mother to kneel. Aren't you afraid of being struck to death by lightning?"

Wen Yujing pulled on Jiang Yunfeng's sleeve, looked up, wiped her tears, and said, "old master, don't be like this. Don't blame Nan 'er, I was the one who wanted to kneel.

I'm just apologizing for my negligence towards him in the past. I'm doing all of this willingly."

Then, she lowered her head and started crying. No one could see her sinister and vicious expression.

She thought to herself, 'I'll remember this. Jiang Zhennan, I'll make you pay a hundred times the price!'

The surrounding people were also stunned by Wen Yujing's actions.

Originally, they were unable to comment on the family affairs of Duke Zhengguo's mansion.

However, when the Duke's wife knelt down, she immediately gained the sympathy of many people.

They felt that no matter how wrong the Duke's wife was in the past, she was still Jiang Zhennan's stepmother.

However, some also thought that this was obviously an act of coercion by the Duke's wife. After all, Jiang Zhennan had not even appeared in front of her, so it could not be said that the eldest son had forced the stepmother to kneel.

Of course, at the moment, more people sympathized with Wen Yujing.

"Why is it so lively at the entrance?" At this moment, a clear and melodious girl's voice came from inside.

As the voice fell, a woman in light yellow and green clothes appeared in front of everyone.

When everyone, including Jiang Yunfeng and his wife, saw the child's appearance, they were all stunned.

She was too beautiful!

Lin yuelan raised her eyebrows and looked at the dumbfounded Jiang Yunfeng and Wen Yujing, who was still kneeling on the ground. She asked in confusion, "Eh, Madam, why are you kneeling in front of my country estate? We don't know each other, so I can't accept such a big gift from you!"

"Who are you? " Wen Yujing asked, confused.

Lin yuelan said, " I'm the owner of this country estate!"

Wen Yujing didn't believe her at all. "Impossible! This is clearly my son Jiang Zhennan's country estate. How did it become yours?"

Lin yuelan pouted and said matter-of-factly, " Oh, you mean Jiang Zhennan. He owed me a lot of money, but he didn't have the money to pay off his debt, so he mortgaged this country estate to me. Madam, if you have any questions, I'll get someone to bring the land and house deeds to you."

956 Collecting Debts!

Lin yuelan's sudden appearance surprised everyone.

Similarly, Lin yuelan's words made Jiang Yunfeng and Wen Yujing even more dumbfounded.

They had no idea when the country estate changed owners.

It was one thing for the ownership to change, but what was even more bizarre was that the owner was a woman.

Something was wrong.

Wen Yujing immediately reacted.

' Jiang Zhennan is clearly in this country estate. Could it be that this wild girl who had suddenly appeared had some relationship with Jiang Zhennan?

'This is impossible!

'With Jiang Zhennan's reputation as a jinx, it is obviously impossible for any woman to get close to him.'

'So, this woman ...'

Wen Yujing stopped crying and squinted her eyes. "Who are you? Why would you appear here? Also, you keep saying that Nan 'er owes you money. What a joke. What kind of person is my Nan 'er? He is the famous defender-general of the state in the Long Yan Kingdom. Not to mention his salary, just the reward from the Emperor alone was enough to support the entire General's residence for a lifetime. How could he still owe you money?"

"Tell me, do you want to use your own beauty to coax my family's Nan 'Er and then cheat all his money into your own pocket? Otherwise, how could this perfectly fine country estate become the country estate of a wild girl like you who came from who knows where?"

As soon as Wen Yujing finished speaking, Lin yuelan raised her hand and clapped twice.

Lin yuelan said nonchalantly but with obvious sternness and sarcasm, " my lady is really eloquent! It's just that my ears don't seem to be working well!"

She continued, " I clearly said just now that Jiang Zhennan owes me a large sum of money and can't pay it back, so he had to mortgage his country estate. Now, Madam is saying that I used my beauty to seduce the great general. However, Madam, I'm very sorry. I'm afraid I'll have to disappoint you. Jiang Zhennan, the dignified defender-general of the state, does indeed owe me money. If you don't believe me, you can take a look at this. It's a contract written in black and white!"

Her tone was filled with sarcasm, and even her pretty face had a mocking expression.

After saying that, Lin yuelan took out a debt paper.

Wen Yujing's eyes widened in disbelief as she stared at the paper.

She said in shock, "This ... How is this possible?"

This piece of paper was indeed a contract of debt, and the signature of the debtor was Jiang Zhennan.

Lin yuelan gritted her teeth and said with a smile, " What's impossible about that? "

"Why does he owe you so much money? " Wen Yujing asked.

More than three hundred thousand silver taels!

Although Jiang Zhennan was not short of money, he could still take out 30000 to 50000 taels of silver instantly. However, it was impossible for him to take out 300000 taels of silver in one go.

Unless he sold the items that the Emperor had given him, however, everyone knew that these items could not be sold. Otherwise, he would be charged with looking down on the Emperor, which was a crime that would cost him his head.

Lin yuelan's beautiful face had a teasing and mocking smile on it as she said, "Well, it's a long story. But why should I tell you? And who are you?" She asked the obvious.

Her sharp eyes swept over the dark-faced Jiang Yunfeng.

Wen Yujing's face turned blue. She gritted her teeth and said, "you ..."

After a while, she stood up with an overbearing aura and looked at Lin yuelan with a condescending attitude.

She said, "Hmph, we're from Duke Zhengguo's mansion! Jiang Zhennan is the eldest legitimate son of our Duke Zhengguo's mansion!"

She really didn't want to say "eldest son," but in order to suppress this woman's aura, she could admit that.

When Lin yuelan heard this, her big eyes narrowed into crescent moons. She smiled and said, "Oh, so it's Duke Zhengguo and his wife who have come to visit. I've been disrespectful!"

Immediately after, she asked very doubtfully, "However, I don't know why the Duke and his wife knelt in front of the gate of my country estate. Could it be that there's something that you need this lady to do?" She was deliberately distorting the reason for their visit.

Jiang Yunfeng and Wen Yujing's faces turned even darker.

They didn't know if this girl who had suddenly appeared was really stupid or just pretending to be stupid. She changed the topic so quickly. Moreover, she was so disrespectful to them.

Jiang Yunfeng shouted angrily, "I don't care if you're really ignorant or not. I don't care who you are. The person I'm looking for is that unfilial son, Jiang Zhennan. I know that he's inside. Can you go and call him out for me, girl?"

The anger in their hearts was rising. They didn't come here to listen to an unrelated person talk nonsense.

However, he never thought that even after this wretched girl knew his identity, she still did not take them seriously.

Lin yuelan narrowed her eyes and said with a cold expression, "I don't know if Jiang Zhennan is inside or not. But it's a fact that Jiang Zhennan owes me three hundred and

thirty thousand taels of silver. Even if he pawns this country estate to me, he'll only be able to return thirty thousand taels. There are still three hundred thousand taels to pay. However,"

Her sharp eyes swept back and forth between Jiang Yunfeng and his wife, and her voice became even colder as she continued, " Since you said that Jiang Zhennan is the eldest son of Duke Zhenguo's mansion, and you are his parents, then I'll have to trouble you. Duke Zhenguo's mansion will pay for the remaining three hundred thousand taels. After the money is paid, I won't stop you from looking for Jiang Zhennan."

Suddenly being asked to pay a debt by a wild girl, and it was the jinx's debt, Jiang Yunfeng and Wen Yujing were stunned at first, and then they were furious.

Jiang Yunfeng cursed angrily, " What a wild girl who doesn't know her place! You actually dare to ask this Duke to clear a debt. I think you are tired of living! Men, take this girl down!"

When the Duke and his wife came out, they naturally brought a large number of guards to protect their safety.

Therefore, at Jiang Yunfeng's command, two guards immediately came over with swords.

Xiao Ding and his two other companions immediately stood in front of Lin yuelan to protect her, confronting them.

Jiang Yunfeng pointed angrily at Xiao Ding and the others and ordered, " Tie them up and kill them!"

Of course, the two guards couldn't stop Xiao Ding and the others. Immediately, a large group of guards, about twenty of them, swarmed forward.

They were instantly outnumbered!

Xiao Ding and the other two soon couldn't hold on.

Xiao Ding said to Lin yuelan, "Miss Lin, go in and find the boss!"

957 Fiancée

Lin yuelan's actions seemed to be a provocation to Jiang Yunfeng. She was challenging his authority as Duke Zhenguo.

Jiang Yunfeng's idea was very good. He determined that Lin yuelan was just an ordinary person without any background. Therefore, he ordered his guards to arrest Lin yuelan.

Wen Yujing did not stop Jiang Yunfeng's order.

Because, for some reason, she felt a deep threat from this wild girl who had suddenly appeared.

She couldn't describe this feeling, but it seemed to be an instinctive intuition.

So, if her husband could get rid of this potential threat, why should she stop it?

However, the Duke Zhengguo couple seemed to have overlooked one thing.

Nanyuan Manor was Jiang Zhennan's territory, and they had a favor to ask of Jiang Zhennan. No matter what their identity was, it was necessary for them to put down their attitude at this moment.

Instead, they were stupid enough to use violence in this place, and they even wanted to touch the girl he loved.

"Pa"

"Pa"

The sound of swords falling to the ground and people falling to the ground!

Jiang Yunfeng's eyes turned red with anger as he looked at the guards who had been beaten to the ground.

He glared at Jiang Zhennan, who was standing in front of Lin yuelan, with hatred in his eyes. He pointed at him and scolded, "unfilial son, what are you doing?"

Just now, when Xiao ding and the other two were unable to protect Lin yuelan, Jiang Zhennan came here with Guo Bing and a few other subordinates.

The situation was instantly reversed!

More than 20 guards under Jiang Yunfeng were immediately beaten to the ground.

Listening to Jiang Yunfeng's harsh scolding, Jiang Zhennan's expression under the silver mask was completely indifferent.

The eyes under the cold mask reflected a sharp gaze. His thick lips opened, and he said coldly, "Duke Zhengguo, I should be the one asking you this! This is a private

country estate, yet the two of you came here to use violence and even wanted to harm the innocent.”

In the past, Jiang Zhennan rarely refuted Jiang Yunfeng and his wife.

However, since he disappeared for half a year last year, when he reappeared, this Jiang Zhennan seemed to not care about the couple. Oh no, he did not care about anyone in Duke zhengguo’s mansion.

First, he expelled Jiang Zhenye and Jiang Wen from the General’s residence. Then, they dealt with the original housekeeper, who had a good relationship with the Zhengguo Court. Then, at the emperor’s annual banquet, Jiang Zhennan countered their manipulation openly. The emperor bestowed marriage to their favorite son, and they still couldn’t deal with it.

The Duke didn’t know what had happened in the six months he had disappeared, which made Jiang Zhennan so “disobedient.”

At this moment, when he heard that Jiang Zhennan was actually “going against” his father for a woman, he immediately burned with anger.

He pointed at Lin yuelan, who was standing behind Jiang Zhennan, and scolded, ” Who is that uneducated and unruly wild girl behind you? You actually dare to humiliate this Duke!”

Jiang Zhennan’s expression under the mask turned cold, and it immediately gave Jiang Yunfeng a bolt out of the blue!

He said, ” This lady is my Savior and my fiancée!”

Fi ... Fiancée?

This news immediately stunned everyone, including Jiang Yunfeng and Wen Yujing.

However, he had neglected the words ‘Savior’.

Immediately after, Jiang Yunfeng pointed at Jiang Zhennan in a towering rage and scolded, ” bastard! Marriage is the order of the parents. You said that this wild girl is your fiancée, but did this Duke agree to it? Is there a matchmaker? Since there’s none, this is not official. If you carry on with this, you’ll be spurned and despised by the world! Immediately get this girl out of this place!”

Wen Yujing immediately stepped forward and patted Jiang Yunfeng’s chest, saying, ” Old master, don’t be angry, don’t be angry! I think Nan ‘er must be joking with you. Right, Nan’ er?”

Jiang Zhennan was such a jinx. Who would dare to marry him?

Moreover, looking at this wild girl's temperament and appearance, she was even better than the daughters of the big families in the capital. Even if she became a concubine, she would be loved by men and live a life of luxury and food without worry. How could she court death herself?

So, there must be a secret between this bastard and this wild girl!

However, no matter what kind of secret there was between them, Jiang Zhennan's marriage must be controlled by their hands. Otherwise, he would definitely find a marriage partner with a strong background, which would be very disadvantageous for them to seize the position of heir for Duke zhengguo's mansion for their beloved second son.

This wild girl's identity was unknown. Under the circumstances of not knowing her identity, they would never allow Jiang Zhennan's engagement.

In a moment, Wen Yujing analyzed the pros and cons and quickly made countermeasures.

Jiang Zhennan, Lin yuelan, and the others listened to Wen Yujing's words, and the corners of their mouths revealed a cold smile.

Guo Bing laughed even more outrageously. With one hand on his waist and the other pointing at Wen Yujing, he laughed and said, " Duke zhengguo's wife, you really think of yourself as the General's mother. Do you think big brother would joke about something as serious as his marriage?"

Guo Bing directly retorted to Wen Yujing's joke in front of so many people. She was so angry that her face turned slightly pale as if she had been wronged.

Jiang Yunfeng shouted at Guo Bing angrily, " Guo Bing, why are you everywhere? This is our family matter, and it has nothing to do with you. Don't be a busybody. Otherwise, I'd like to go to Duke Guo's mansion and ask Sir Guo how he educated his son to be so nosy!"

He finally realized that as long as it involved Jiang Zhennan, Guo Bing would come and meddle in it. He was really infuriated.

Guo Bing's eyes narrowed, and his sharp gaze directly swept across Jiang Yunfeng's slightly round face. He sneered and said, "No matter how my father educated his son, he's better than you, Duke Zhengguo. He wouldn't point at his own eldest son and call him a bastard in front of everyone, and he wouldn't lose his manners in front of the Emperor and be flogged!"

Guo Bing's words made Jiang Yunfeng and his wife so angry that they leaned back.

Guo Bing poured salt on their wounds!

At the New Year's banquet, the matter of the Duke's son and daughter losing their manners in front of the Emperor and the civil and military officials had already become the laughingstock of the people in the capital. The bigger joke was that the marriage between Jiang Zhennan and Zeng Yanli had become the marriage between Jiang Zhenye and Zeng Yanli.

Jiang Yunfeng was angry with Guo Bing, but Guo Bing was an outsider after all, and that was not his main focus.

His main focus now was ...

Jiang Yunfeng shouted again, " Jiang Zhennan, are you going to cancel this marriage or not? "

958 Something Wrong

What Jiang Yunfeng asked was about the matter of asking Jiang Zhennan to send Lin yuelan away.

Just then, Liu Yichen walked out from inside.

He narrowed his eyes and asked sharply, "On what basis? "

Liu Yichen was dressed in white. He had a graceful bearing and an extraordinary temperament. He did not look like an ordinary person.

To Jiang Yunfeng, this person looked somewhat familiar, but he did not know where he had seen him before.

However, to Jiang Yunfeng and his wife, those who they did not know had not reached a certain range of power and influence, so there was no need to be familiar with them.

When he thought of this, Jiang Yunfeng immediately did not hold back against Liu Yichen.

He asked loudly, "What a lowly commoner! What does my Duke zhengguo's mansion's family matter have to do with you?"

The first thing he said was that he was a lowly commoner.

Didn't he know how much he would offend people by doing this?

Liu Yichen crossed his arms in front of his chest. His eyes were sharp, and the corners of his mouth were slightly raised as if he was mocking him. He said with a faint smile, "Oh, I'm a lowly commoner. My surname is Liu, and my name is Yichen. Indeed, as Duke Zhengguo's mansion thought, I have no power or influence. I'm just a mere merchant. When I see his Majesty, I must kneel three times and bow nine times!"

At first, Jiang Yunfeng was indifferent, especially when this person introduced himself as a lowly merchant, he was even more disdainful.

However, the more he heard, the more he felt that something was wrong!

Who wouldn't kneel and kowtow to the Emperor?

But the problem was, which merchant had the right to meet the Emperor?

Unless it was the richest man in the world, Liu Yichen!

Oh, right, when he introduced himself just now, he seemed to have called Liu Yichen, right?

Jiang Yunfeng asked doubtfully, "you're the richest man in the country, Liu Yichen?"

Liu Yichen replied indifferently, "I'm just a businessman. I'm not worth mentioning!" He admitted that he was Liu Yichen.

In an instant, Jiang Yunfeng looked at Liu Yichen in shock. He was puzzled in his heart. When did Jiang Zhennan have such a good relationship with the richest man, Liu Yichen?

What Jiang Yunfeng could think of, Wen Yujing could also think of it.

However, she was even more shocked. When did this bastard Jiang Zhennan actually hook up with the richest man, Liu Yichen?

Jiang Yunfeng was surprised and asked, "You ... You're here for ..."

Liu Yichen replied, "Oh, I came here with my sister."

Wen Yujing had a bad premonition. She blurted out, "who is your sister?" Her eyes, however, drifted to Lin yuelan, who was behind Jiang Zhennan.

As expected ...

Liu Yichen said, "My younger sister is the girl that the Duke called a wild girl and wanted to chase away!" As he said this, he pointed at Lin yuelan.

The Duke and Wen Yujing's faces suddenly became particularly ugly, and they stared at Lin yuelan in disbelief.

"How is that possible?" They were both suspicious and surprised.

Jiang Zhennan suddenly said, " why is it impossible? If there's nothing else, please take these pieces of trash and get out of the nanyuan estate!" As he spoke, he pointed at the guards who were still lying on the ground.

After being interrupted by Jiang Zhennan, Jiang Yunfeng, and his wife suddenly remembered that the purpose of their visit was to break off the engagement with Jiang Zhenye.

In the end, because of the sudden appearance of Lin Yuelan and Liu Yichen, they forget everything.

Wen Yujing secretly looked around, then made up her mind and knelt in Jiang Zhennan's direction. She said in a tearful voice, " Nan 'er, mother is begging you, please save Ye' er! You're the only one who can save Ye 'er!"

This time, it could be said that she was really forcing Jiang Zhennan.

Fortunately, Lin yuelan had been paying attention to Wen Yujing's movements. When she saw her bend her leg, Lin yuelan quickly pulled Jiang Zhennan to the side.

However, she was mumbling in her heart that the people here were really troublesome. They wanted to use kneeling to force Jiang Zhennan.

However, Lin yuelan had to admit that this method was very effective when parents forced their children!

No matter how big the enmity between Jiang Zhennan and Wen Yujing was, at this moment, before the defender-General's mansion and Zhengguo mansion fell out with each other, Jiang Zhennan could not accept Wen Yujing's kneel. Otherwise, it would greatly reduce the prestige that Jiang Zhennan had accumulated over the past ten years!

Lin yuelan stood up from behind Jiang Zhennan, and her melodious voice rang out. She asked with a chuckle, "What's wrong with you, Zhengguo Duke's wife? " Could it be that there's something wrong with your legs, and you can't stand properly? Come, let me see. Although this young lady's medical skills are not good, when it comes to whether or not a person's body has a problem, I can still check it out."

Then, when no one was paying attention, she moved her left wrist slightly, and a faint green smoke drifted toward Wen Yujing's knees!

Immediately, everyone heard a sharp and shrill scream.

"Ah!"

"My ... My legs ..."

Jiang Yunfeng was immediately frightened. He quickly asked, "Madam, what happened to your leg?"

Wen Yujing said in shock, "It hurts! Old master, my leg suddenly hurts!"

Wen Yujing's shout made the people who thought she was kneeling to Jiang Zhennan immediately realize that her leg was suddenly in pain and not kneeling.

Lin yuelan immediately pretended to be kind and said, "Zhengguo Duke's wife, I guessed that there was something wrong with your leg, and it was indeed as I expected! Come, come, let this lady take a look. What's wrong with you?"

Then, without waiting for Wen Yujing's reaction, Lin yuelan lifted her up and tore off Wen Yujing's dress.

She revealed Wen Yujing's white calf!

Everyone, "..."

So violent!

959 Embarrassing!

In this conservative feudal era, even if a woman showed her arm, she would be accused of being promiscuous. If she was accidentally seen by a man, the woman had to marry him to prove her innocence.

But now, Wen Yujing, the wife of Duke Zhengguo, directly exposed her white legs in public.

Although Wen Yujing was already a middle-aged woman, her skin was still very white and smooth due to her good maintenance.

In addition, outside the capital, it could be said that the area within a hundred miles belonged to farms.

Other than the servants of the big families, the people around them were all ordinary people. However, the women here had no status. In order to make a living, they did not have the time or money to take care of themselves. Therefore, the skin of the women here could not be compared to the daughters of rich families.

Therefore, as soon as Wen Yujing's legs were exposed, the men's eyes immediately lit up. Some even drooled, and their eyes were filled with lust as they stared at her white and tender legs.

At this moment, Lin yuelan, who was holding onto Wen Yujing's pants, realized that she had done something wrong when she saw her exposed legs.

She immediately apologized, "I'm sorry, madam. I was a little too strong and accidentally ..." torn apart your pants.

Although she said sorry, there was no guilt or apology on her face.

Anyone with a discerning eye could tell that this was an insincere apology.

Wen Yujing felt a chill down her spine as she looked around at the men with strange looks in their eyes. She was both embarrassed and angry.

At this moment, hearing Lin yuelan's insincere apology, Wen Yujing didn't care about her status. She immediately cursed at Lin yuelan in embarrassment, "You wretched girl, you b * tch! You must have done it on purpose!"

She had forgotten that the first thing she had to do was to cover her legs with something or return to carriage immediately. She didn't want more men to see her legs. Otherwise, her reputation would be in big trouble.

Lin yuelan was still holding onto the leg of the trousers. She shrugged her shoulders innocently and then retorted in a stern voice, "Madam, you've wronged me. It was clearly your leg that hurt just now. As a doctor, I wanted to do my job and give you a check, but who knew that the quality of these pants was so bad? My hand had just touched your knee and pulled it gently, but ..."

She stretched half of the pants forward to let Wen Yujing see.

Wen Yujing's eyes were filled with anger as she glared at Lin yuelan's hands. She pointed at Lin yuelan and said. "You ..."

She had just said "you" when Lin yuelan interrupted her.

Lin yuelan held up the trouser leg again and asked, " Madam, do you still want this? Oh, this is too low-quality for Madam, so you definitely don't want it. "

Without waiting for Wen Yujing's response, she threw the pants to the ground.

Wen Yujing looked at the black and blue trousers that had been thrown to the ground. She was anxious, angry, and furious.

However, what made her even angrier was the gazes of the men around her.

She had never been humiliated in her life.

She pointed at Lin yuelan with hatred, " you ..."

However, she knew that it would only be more embarrassing if this continued.

Then, she covered his face and returned to the carriage.

As for Jiang Yunfeng, he did not even have the time to react to all this.

That was because who would have thought that his dignified wife would actually have her legs seen in public? It was extremely embarrassing, and at the same time, it was an insult to him as a man and a husband.

His heart was instantly filled with hatred, and his face was also red and white, embarrassed and angry.

He pointed at Lin yuelan and said angrily, " you ... You're doing this on purpose, aren't you?"

Lin yuelan chuckled and said, "Zhengguo Duke, how could you say that? I had good intentions and wanted to help your wife.

"She knelt down all of a sudden and was screaming in pain. Something must have happened.

"As a doctor, I had to examine her. That's why I wanted to take a look at her knee first.

"But I didn't expect that the quality of Duke Zhengguo's mansion's clothes would be so bad."

After hearing Lin yuelan's words, Jiang Yunfeng had no way to refute her.

Just as Jiang Yunfeng was about to say something, a maidservant ran over in a hurry and said, " master, Madam said that her leg hurts and she needs to see a doctor immediately. She wants us to go back quickly!"

Jiang Yunfeng glared angrily at Lin yuelan, then looked at Jiang Zhennan with a venomous and sinister expression. Then, he flicked his sleeves and hurriedly ran back to the carriage.

Because he knew that Jiang zhenye's matter of breaking off the engagement would not be settled today.

Instead of staying and being humiliated, it was better to leave first and come up with a countermeasure after returning to the residence.

After Jiang Yunfeng and the others left, they dispersed the onlookers, leaving behind Lin yuelan and some people from Nanyuan farm.

"Hahaha ..."

After the crowd outside dispersed, Guo Bing held his stomach and laughed.

"Haha... I can't take it anymore. My stomach is hurting from laughing too much." Guo Bing shouted, "haha, miss Lin, you're really something!"

Guo Bing laughed out loud, and his subordinates followed suit.

Seeing the Duke and his wife being humiliated and angry, all of them were in a good mood.

Lin yuelan raised her eyebrows and said with a smile, "I can tell that Wen Yujing is not a simple woman. In order to achieve her goal, she would do anything, but she also cared about his face! To deal with such a person, we have to humiliate her!"

It hit the nail on the head!

Guo Bing nodded and said, "indeed!"

Then, he thought for a moment and said, "in the past, men like us couldn't haggle with a woman at all. That's why our leader suffered losses time and time again. In the end, she almost shamelessly occupied the entire defender General's mansion. But fortunately, our boss didn't give in and even got her son and daughter driven out."

At this point, Guo Bing seemed to be very serious. "miss Lin, the peace of the General's residence may be in your hands in the future!"

As long as Jiang Zhennan did not completely cut off his relationship with Jiang Yunfeng, Wen Yujing would definitely come to make trouble again.

960 Jiang Zhennan's Life Journey

When Jiang Zhennan was said to be a jinx of his mother, father, and family, Jiang Yunfeng wanted to strangle him on the spot. However, he was stopped by his mother.

Because no matter what, Jiang Zhennan was the eldest son of Duke Zhenguo's mansion. For the past hundred years, Duke Zhenguo's mansion had a small population. In Jiang Yunfeng's grandfather and Jiang Yunfeng's generation, they were the only son of the Jiang family.

In the past, Jiang Yunfeng's great-grandfather even divorced his wife and remarried for the sake of having children. No matter how many concubines he took in, he did not have any children other than the son of his first wife.

When it came to Jiang Yunfeng's grandfather's generation, the situation was the same. Other than the first wife who gave birth to a son, Jiang Yunfeng, no matter how many women there were, there was no son or daughter.

Therefore, when it came to Jiang Yunfeng's generation, after Jiang Zhennan was born, even if he was labeled as a jinx, the old lady could not let Jiang Yunfeng kill him in order to protect the only child in the Jiang family.

What if, after killing the legitimate eldest son, Jiang Yunfeng could no longer give birth to any more sons? Then wouldn't the Jiang family's inheritance and lineage end? At that time, how would she have the face to face the Jiang clan's ancestors when she was down there?

Therefore, Jiang Zhennan's life was saved.

However, when Jiang Zhennan was only three months old, Wen Yujing gave birth to a son for Jiang Yunfeng.

Jiang Yunfeng finally heaved a sigh of relief when he saw his second son. He felt that he was luckier than his grandfather and great-grandfather and that he could have more sons in the future.

At this time, he had another idea, which was to kill Jiang Zhennan. In addition, after Wen Yujing gave birth to a son, for the sake of her son's status, she also influenced Jiang Yunfeng every day.

The old lady of the Jiang family didn't like her ex-daughter-in-law, and she also didn't like the grandson whom her ex-daughter-in-law had given birth to. However, for the sake of the Jiang family's bloodline and descendants, she had no choice but to accommodate Jiang Zhennan and let him live on.

Later, Wen Yujing gave birth to a grandson for her, and the Jiang family's lineage would continue. Jiang Zhennan, this cowardly grandson, was dispensable.

Therefore, if Jiang Yunfeng wanted to kill Jiang Zhennan, this bastard grandson, she planned to turn a blind eye.

They didn't know if it was heaven's will or if Jiang Zhennan's fate was too strange.

Just as Jiang Yunfeng had this plan and wanted to kill Jiang Zhennan, Jiang Zhenye, the newborn son, fell sick.

In this era, even a small cold wind could take the life of an adult, not to mention a newborn child. With such weak resistance, one wrong move and one could die just like that.

This time, the old lady was anxious again.

She was afraid that if she killed her grandson, Jiang Zhennan, and her second grandson died of illness, the Jiang family's lineage might end, and she would really become a sinner of the Jiang family.

Therefore, she hurriedly stopped Jiang Yunfeng's actions.

It was strange, but after that, Jiang Zhenye's illness was miraculously cured.

At this time, seeing that Jiang Zhenye was healthy, under Wen Yujing's instigation, Jiang Yunfeng began to want to kill Jiang Zhennan again.

At this time, the old lady saw that her little grandson had become healthy again, so she no longer cared about Jiang Zhennan.

However, as soon as Jiang Yunfeng had this thought and action, Jiang Zhenye fell sick again, and this time, his illness was even more serious than the last time.

The old lady began to feel anxious again and immediately stopped Jiang Yunfeng's actions with lingering fear.

At that moment, the old lady began to think deeply.

If the first time was a coincidence, then the second time definitely couldn't be a coincidence. It was very likely that this was the will of heaven.

The old lady thought of something and brought her maidservants to Yunfeng temple.

After donating a large sum of incense money, she went to find the abbot of Yunfeng temple to read his fortune.

In the end, the abbot told her that if the Jiang clan's lineage was to be passed on, it had to be the Jiang clan's legitimate son. Otherwise, it would bring disaster to the clan!

Hearing head Abbot's words, the old lady was so scared that her face was extremely pale. Her entire body was about to go limp, and the heart in her chest was constantly thumping, almost about to jump out.

When she rushed back to the Jiang family, she quickly asked the maidservant to call her son over secretly. First, she told Jiang Yunfeng the words of the Yunfeng monastery's Abbot. Then, she strictly ordered that he was not allowed to have the idea of killing the eldest son. Otherwise, not only would the Jiang family's lineage end, but it was also likely to bring disaster to the family.

961 Jiang Zhennan's Life Journey

"Feng 'er, no matter how much you hate and dislike Nan' er, for the sake of the Jiang clan, Nan 'er's life must be spared. If you really don't want to see him, you can arrange for a nanny to send him to the West courtyard. Out of sight, out of mind!"

The West courtyard that the old lady spoke of was the most dilapidated courtyard in Duke Zhengguo's mansion.

Since then, Jiang Zhennan had been living there until he was three years old.

It was strange because as long as Jiang Yunfeng did not have the thought of killing Jiang Zhennan, Jiang Zhenye would always be living a healthy life. However, as long as Jiang Yunfeng had this thought, Jiang Zhenye would immediately become sick.

This time, even Wen Yujing did not dare to instigate Jiang Yunfeng to kill Jiang Zhennan.

However, Wen Yujing tried her best to mentally abuse Jiang Zhennan. In summer, she would give him a thick tattered cotton coat, and in winter, she would give him a thin summer coat.

Wen Yujing did it on purpose!

She was thinking of letting Jiang Zhennan starve to death, die of heat, or freeze to death.

However, Wen Yujing would never have thought that Jiang Zhennan's life was so tough. Even at such a young age, even though she had done so many things, Jiang Zhennan was still living well. He did not get sick, nor did he freeze to death or starve to death. He was living a better life than her son.

Although she really wanted to strangle Jiang Zhennan, who was still alive and well, she remembered that Jiang Yunfeng had told her that if Jiang Zhennan, the bastard, died, her Ye 'er might also die.

For the sake of her only son, she did not dare to take the risk!

When Jiang Zhennan escaped from Duke Zhengguo's mansion and returned triumphantly with the title of the defender-general, Wen Yujing was secretly upset. If she had known that he was so capable, she would have made this cruel decision and killed Jiang Zhennan, the bastard. This would save him from stealing all of her son's glory and even the position of the heir to Duke Zhengguo's mansion.

At this moment, Jiang Zhennan and Jiang Zhenye had already grown up. Wen Yujing believed that Jiang Zhennan's life and death would not affect Jiang Zhenye at all. Therefore, she began to regret her previous soft-heartedness.

But at the same time, Jiang Zhennan was no longer a weak baby who was at their mercy.

He was the famous God of War, the defender-general of the Dragon feast Kingdom.

Wen Yujing was just a woman, and it was impossible for her to threaten Jiang Zhennan anymore.

However, they all underestimated Wen Yujing's viciousness.

She couldn't do anything to Jiang Zhennan, but other people could.

That was why she had cooperated with a Prince in the palace to poison Jiang Zhennan and almost kill him if he had not met Lin yuelan.

In the main hall, after listening to Guo Bing's story, Lin yuelan's beautiful little face was tightly wrinkled, and her eyes showed heartache. Then, she reached out her small hand and held Jiang Zhennan's thick and calloused big hand tightly.

Previously, when she had met Jiang Zhennan, she had already learned about Jiang Zhennan's encounter with Little Green.

Perhaps it was because of their different status, their state of mind was completely different.

At that time, she had saved Jiang Zhennan for money. At that time, she was cold and heartless. Of course, she did not have the slightest sympathy for Jiang Zhennan's tragic identity when he was young, let alone heartache.

But now, the two of them had already made a relationship and were a couple.

With the change in their status, her heart also became more passionate and moved.

Towards Jiang Zhennan's tragic childhood, in addition to indignation, he felt more heartache.

Although Lin yuelan had been miserable in the past, at least before she was nine years old, she had only been beaten and scolded by her relatives. No one wanted her life.

After she was nine years old, although she was harmed by her family members, at least she was sensible and had the ability to resist. Then, she could leave those so-called family members and survive.

Therefore, Jiang Zhennan was more worthy of pity and sympathy.

Lin yuelan's heart ached for him.

However, now, one of them was called a jinx by the stinky monk, and the other was called a jinx by a daoist priest. They were in the same situation!

Guo Bing peeked at the place where their hands were clasped and continued, "Back then, when the leader returned to the Longyan Kingdom with military achievements from the battlefield, the Emperor was overjoyed and awarded the boss with the title of defender-general of the state, and a courtyard in the East alley Prefecture as the defender-General's residence.

"However, the world wasn't at peace. From time to time, there would be war. In order to protect the peace of the Longyan Kingdom, the boss had stationed his Army at the border to prevent any sudden attacks from foreign enemies."

962 Jiang Zhennan's Life Journey

"In addition, the boss didn't have a family, so there was no one to manage the defender General's mansion. The boss could only be handed over to the Butler.

"However, who would have thought that the general had only been away for a year and a half and that the Butler of the General's residence was actually an ingrate? The general had saved his life. He did not do his best to take care of the General's

residence to thank the general for saving his life. Instead, he was bribed by Wen Yujing. She handed over everything in the General's residence, including all the finances, to Wen Yujing. He even let Jiang Zhenye and Jiang Wen take over the General's residence and abuse their power.

"But what I hate even more is that he actually secretly poisoned the boss and killed many of our brothers. He almost killed the boss."

When he heard this, a dark and sharp light flashed across Liu Yichen's eyes.

He had never been clear about how Jiang Zhennan survived after being poisoned by the heart-eating poison.

Even if they found the godly doctor Wu Yazi, with the distance and distance between the capital and medicine King's Valley, Jiang Zhennan should have died from the poison long ago. Or even if he were still alive, the godly doctor would not be able to save him.

Because the antidote to this heart-eating poison was not easy to concoct!

What's more, Jiang Zhennan had been hunted down all along the way. This had intensified his blood circulation, and the poison had entered his heart earlier, causing the poison to act up earlier.

Also, the miracle doctor Wu Yazi wasn't in Medicine King's Valley!

The valley of the medicine Masters was now just an empty Valley.

Now, hearing Guo Bing mention it again, Jiang Zhennan had indeed been saved by Lin yuelan in the Lin family village.

He knew that Lin yuelan was skilled in medicine and was known as a young divine doctor in An Ding County.

However, what he was more puzzled and curious about was how Lin yuelan had saved Jiang Zhennan.

Could it be that her medical skills were better than the divine doctor Wu Yazi's?

However, was it possible?

However, according to the information he had gathered, Lin yuelan had announced to the public that she was the disciple of the godly doctor Wu Yazi.

However, he knew that Lin yuelan had never even seen the face of the divine doctor Wu Yazi.

Her medical skills were completely taught to her by a village doctor.

This time, Liu Yichen was once again curious about Lin yuelan's medical skills.

"When we returned to the General's mansion and took down the poisoned housekeeper, we wanted to draw the snake out of its hole and use it as evidence to accuse Wen Yujing, but the butler was killed.

"Without any witnesses or evidence, we can't do anything to Wen Yujing. Therefore, Wen Yujing would jump out from time to time and put on a show of being a stepmother. What's more, she wanted to control the boss's marriage and let the notorious Zeng Yanli marry the boss!"

Speaking of this, Guo Bing seemed indignant.

"Fortunately, the boss is really not someone a woman like her can control. He gave them a taste of their medicine. Haha, they can be said to have suffered the consequences of their actions!" In fact, the most important person at this moment was his Majesty.

If it weren't for the fact that Jiang Zhennan was deeply favored by the Emperor and that Duke Zhengguo's mansion had provoked His Majesty, Jiang Zhenye wouldn't have been bestowed a marriage. Zeng Yanli became his fiancée instead.

After Lin yuelan heard this, she held Jiang Zhennan's hand and asked, "so, they came here this time to force brother Nan to ask the Emperor to withdraw the edict?"

Guo Bing didn't hide anything and nodded.

Lin yuelan nodded in understanding, then smiled at Jiang Zhennan and said, "Leave this matter to me in the future. I promise that Jiang Zhenye and Zeng Yanli's marriage will be settled!

Looking at Lin yuelan's devilish smile, Guo Bing immediately became excited.

When Wen Yujing returned to Duke zhengguo's mansion, she was almost mad with anger.

What made her even sadder and more afraid was that on the way back, Jiang Yunfeng's face was dark. He did not even offer any comfort. She could even see some disgust in his eyes when he looked at her.

How could this be?

Wen Yujing was not a beautiful woman when she was young, but she had the means to make Jiang Yunfeng fall in love with him.

She was the daughter of a small merchant, but she had become a high and mighty lady. In addition to her brains and tricks, the most important thing was the favor of the Duke, Jiang Yunfeng.

If she lost this favor, it was very likely that a new person would replace her position very soon. Then, would she end up like that b * tch Yuan Tongtong back then, being killed by someone without knowing why?

Yuan Tongtong was Jiang Yunfeng's ex-wife and Jiang Zhennan's biological mother.

Was she going to be despised and hated just because she showed her legs in public?

The more Wen Yujing thought about it, the more afraid she became. She hated the wild girl who had humiliated her.

963 Reversal

As soon as Jiang Yunfeng and his wife returned to Duke zhengguo's mansion, the siblings, Jiang Zhenye and Jiang Wen, came to greet them.

Jiang Zhenye didn't notice his parents' abnormal expressions and immediately asked anxiously, " father, mother, did Jiang Zhennan agree? "

Jiang Yunfeng's face immediately darkened as he shouted angrily, " what do you mean? That evildoer is really driving me crazy!"

Jiang Zhenye's face turned pale and he said, "He didn't agree? Really, mother?" He looked at Wen Yujing and asked.

Because of Jiang Yunfeng's attitude in the carriage just now, Wen Yujing was a little nervous.

However, when she saw her son, Jiang Zhenye, she immediately realized that she still had a son.

The Jiang family had only had a few children. Even if Jiang Yunfeng took in a courtyard full of concubines to build a house, no one had given birth to a son or a daughter for Jiang Yunfeng except her.

In the future, the Jiang family's legacy and lineage would still depend on her son.

So, what was she afraid of?

Even if it were for the sake of the Jiang family's legacy, Jiang Yunfeng would not dare to stop his wife and remarry at will. Then, even after a hundred years, she would still be his wife, the only matriarch of Duke zhengguo's mansion.

After thinking this through, Wen Yujing immediately felt relieved.

She looked at Jiang zhenye's emaciated face, which revealed his jawbone, and then at his pale face. She immediately consoled him with heartache, "Ye 'er, don't worry. I will definitely make that bastard agree to this.

Upon hearing this, Jiang Zhenye immediately said angrily, " don't worry, don't worry. That's everything you know how to say. It's only three days until the wedding day, how can I not worry? I'm telling you, if I can't break off the engagement, even if I have to run away, I won't marry that ugly monster!"

Wen Yujing's face turned pale. "Ye 'er, what nonsense are you talking about? " she shouted.

How could he run away from a marriage bestowed by His Majesty?

This was a crime of disobedience, and his majesty would punish the entire Duke zhengguo's mansion. A small crime was to confiscate the house and ban Duke zhengguo's title, but a big crime was to exterminate the whole family!

When Jiang Yunfeng heard Jiang zhenye's words, his face turned green and white, and he felt fear in his heart.

With a dark face, he shouted at Jiang Zhenye sternly, " stay in your own courtyard for the next three days. You're not allowed to go anywhere! Men!"

The moment he finished shouting, two guards came up.

As soon as he finished, Wen Yujing and Jiang zhenye's faces suddenly changed. "master/father..."

Jiang Yunfeng completely ignored them and only ordered the guards, "Take the young master to his own courtyard. Within these three days, he is not allowed to take a step out of the courtyard until the wedding! If there's any mistake, I'll hold you responsible!"

"Yes, master!"

The two guards replied.

Jiang Zhenye immediately refused. "father, why did you lock me up? "

Jiang Yunfeng's sharp eyes shot straight at him and he said sternly, " just in case you do something stupid!"

He knew his son very well.

He was impulsive and didn't know the immensity of the situation.

Since he said that he was running away from the marriage, it meant that he had already planned to do so.

At that time, if he really ran away from the marriage, it would implicate the entire Duke zhengguo's mansion.

Wen Yujing's heart ached. master, "Ye 'er, he's talking nonsense. He won't really do that. Please don't lock him up, will you? " She said it carefully.

Jiang Yunfeng's face darkened. He glared at her and said sternly, " Wen Yujing, don't you understand your own son? What if he really runs away? the entire Duke zhengguo's mansion will be implicated. Can you afford the consequences?"

Wen Yujing listened to Jiang Yunfeng's words, and her expression immediately tensed up, even panicking.

She understood her own son.

Since he could say that he was running away from the marriage, it meant that he already had this plan in mind.

How could this be?

How could he have such a thought? did he really not care about the life and death of his parents and sister?

Then, Wen Yujing persuaded Jiang Zhenye, "Ye 'Er, listen to your father and stay in the yard. However, within these three days, mother will definitely be able to think of a way to cancel your engagement with Zeng Yanli."

Jiang Zhenye's expression turned extremely ugly.

He rolled his eyes and said, " father, mother, I was just rambling. I definitely won't run away from the marriage. Father, can you not lock me up?"

"No!" Jiang Yunfeng said firmly.

Jiang Wen had been listening and watching from the side. After knowing that her brother was going to be grounded, she lowered her head slightly and gloated.

964 Reversal

Then, she raised her head and comforted Jiang Zhenzhen. "Brother, mom and dad are doing this for your own good. If you really run away from the marriage, it won't just implicate the entire Duke zhengguo's mansion. I'm afraid your life will also be implicated. Brother, just listen to father and mother and stay in your own courtyard for the next three days."

Jiang Zhenye glared at Jiang Wen, but he could not refute her words.

Then, he lowered his head dejectedly and replied, " I understand."

Jiang Wen seemed to have discovered something and suddenly shouted, " ah, mother, why are your legs exposed? And why are your pants half-gone? What happened?"

If Jiang Wen didn't scream, the servants of Duke zhengguo's mansion would not have noticed this. Jiang Yunfeng and Wen Yujing, husband and wife, had forgotten to change Wen Yujing's pants the first time they came back because of Jiang zhenye's questioning.

Now, not only did Wen Yujing lose face outside, but she also lost face at home.

Wen Yujing's face darkened, and she said to Jiang Wen, " no one will think you're mute if you don't speak!"

Jiang Wen immediately realized her mistake and apologized, " I'm sorry, mother. I didn't mean to." Then, she asked in confusion, " but, mother, you went to nanyuan Manor. How did you ... What's going on?"

Jiang Yunfeng and Wen Yujing definitely wouldn't say anything about such an embarrassing incident in the country estate.

Wen Yujing snorted with anger, " Hmph, I don't know where that B * stard brought that wild girl from. How dare she disrespect me?"

Jiang Wen was even more confused. "What wild girl? There's actually a woman who's not afraid of death and would approach that fiend Jiang Zhennan?"

In the capital, Jiang Zhennan's reputation as a jinx was feared by all men, and women, old and young, let alone any woman who got close to him.

Wen Yujing's face darkened at the thought of Lin yuelan's appearance and figure. She said unhappily, " who knows which corner that girl came from? Maybe she's here for the power and money of that B * stard."

When Jiang Zhenye heard this, he immediately shouted, " she wouldn't dare! Those things are all mine. If she dares to take them, I'll kill her!"

From childhood to adulthood, he had been taught that everything in Duke zhengguo's mansion would belong to him in the future.

And Jiang Zhennan was the descendant of Duke zhengguo's mansion, so everything would also be his, sooner or later!

After hearing her brother's words, Jiang Wen was very unhappy, but she could not refute Jiang Zhenye now.

However, in her heart, she thought that she would definitely have a share of that bastard Jiang Zhennan's things.

That was because her mother had said that half of the defender-General's mansion's wealth was to be used as her dowry.

They were both the children of their parents, the legitimate children of Duke zhengguo's mansion. What right did Jiang Zhenye have to say that everything in Duke zhengguo's mansion belonged to him?

Jiang Yunfeng's face was extremely ugly as he said, "Alright, I'll get someone to find out who that girl is. Go back to the courtyard until the marriage is over!"

When Liu Yichen said that the girl was his little sister, he didn't believe it at all.

It was rumored that Liu Yichen was ruthless.

In the past, for the sake of the Liu family's power, he did not hesitate to kill his brothers and sisters.

It was even more bloody than the power struggle in the royal family.

In the end, Liu Yichen was the only one left in the willow leaf village. Naturally, he became the head of the village.

As for whether or not he had any other siblings, the outside world had no way of knowing.

A day later, there were rumors in the capital.

The Minister of revenue's eldest daughter, Zeng Yanli, had actually had an affair with a servant of the Zeng Manor two days before her marriage with Duke zhengguo's second son, Jiang Zhenye!

Furthermore, Zhengguo Duke's wife had actually witnessed it with her own eyes.

She was so angry that she fainted on the spot.

As soon as she woke up, she made a big fuss about breaking off the engagement. How could such a shameless and promiscuous woman marry into Duke zhengguo's mansion?

Then, Wen Yujing directly handed the palace token to Empress Dowager in the palace.

Nanyuan Manor...

Lin yuelan listened to Jiang Zhennan's subordinate's report. She rested her chin on the one hand and tapped the table with the other. She chuckled and said, "Wen Yujing really has her ways! She knows that she can't get through to you, so she targeted the Zeng Manor. Hehe, this is interesting!"

If she was so smart, why didn't she start from the Zeng manor earlier and cause trouble over here with Jiang Zhennan?

Jiang Zhennan did not say anything, but Guo Bing was a little anxious.

He said, "Miss Lin, I heard that Wen Yujing had entered the palace to look for Empress Dowager. The fault this time was obviously on Zeng Manor's side. With Empress Dowager's intervention, even if the Emperor didn't want to call off the marriage, he had to do it for Empress Dowager's sake. This is not a good thing for us. Miss Lin, what do you think we should do?"

Lin yuelan spread her hands and said with a smile, " Lord Guo, you are the think tank of the Jiang family's Army. Why are you asking me? I'm just a farmer's daughter. How do I know what to do?"

Guo Bing choked when he heard that.

Although he was known as the Jiang family Army's think tank, he was only for killing enemies on the battlefield and marching in battle.

But for him to compete with these inner women openly and secretly, to set up schemes and intrigues, he really didn't have much use.

What's more, he had grown up in a big family that was harmonious and free of infighting. He was also a very favored youngest son, so he was not proficient in these matters."

Guo Bing laughed and said, "Miss Lin, don't make fun of me!

Liu Yichen also asked curiously, "sister, I have to say that Wen Yujing made a good move. This way, the marriage annulment can be considered an iron-clad fact. Sister, how do you plan to go about this round so that Jiang Zhenye and Zeng Yanli's marriage can proceed smoothly?"

To anyone, it didn't matter if Zeng Yanli was really indecent or if she had been set up, it was a fact that she had been caught in the act of adultery in full view of everyone.

In this way, no family would allow such a woman to marry into the family, let alone a Marquis family like Duke zhengguo's mansion.

965 Please

An old lady in her 60s or 70s, wearing a Golden Phoenix hairpin and exquisite makeup, was lying on the chaise lounge.

She was wearing a black and blue satin Palace robe. The top and skirt were embroidered with phoenixes, and the skirt was embroidered with dazzling sapphires. A black shirt with a hooked collar and a magnificent sleeve embroidered with golden silk thread. The top was embroidered with peonies with silver thread, and there was a string of big pearls around the neck. It looked gorgeous and domineering.

On her right hand knelt a Haggard woman who looked to be in her early thirties.

"Empress Dowager, please help this minister's wife." The woman sobbed.

An old maidservant standing beside the Empress Dowager asked with a dissatisfied expression, "Zhengguo Duke's wife, the Empress Dowager is not in good health. If you have something to say, just say it. Crying will affect the Empress Dowager's mood."

The current Emperor was almost sixty years old. As expected, as the emperor's mother, the Empress Dowager, she must be seventy or eighty years old.

In this era, seventy to eighty years old was already considered a long life.

That being said, they still wanted to live a little longer, especially these noble people who lived comfortable life.

Therefore, seeing a woman crying in front of her early in the morning would seriously affect her mood. When she was in a bad mood, her physical and mental health would naturally be affected.

This crying woman was the Zhengguo Duke's wife, Wen Yujing.

Wen Yujing was smart enough to know that this would upset the Empress Dowager, but for her son's sake, she had no choice but to come. Otherwise, her Ye 'er's life would be ruined by Zeng Yanli.

Wen Yujing sobbed as she spoke, " Empress Dowager, I beg you to help me. The Zeng Manor is really too much!"

When Empress Dowager heard this, she frowned slightly and asked with a stern expression, " speak, what exactly happened? The Zeng Manor you're talking about should be the Zeng Manor of the Minister of revenue, right? If I did not remember wrongly, the Emperor has decreed that you two will become in-laws, right?"

Hearing this, Wen Yujing's expression stiffened for a moment, but she quickly recovered.

She cried and complained, "the Empress Dowager is right. The Emperor had betrothed the eldest daughter of the Zeng family to Ye 'er. But, Empress Dowager, the Zeng residence is really going too far. She knew that the marriage between the Zeng family's eldest miss and our Ye 'er was bestowed by the Emperor, but the Zeng family's eldest miss, she ... She ..."

She seemed to be unable to continue.

However, her expression was one of anger and grievance.

The Empress Dowager asked sharply, " then what's wrong with the eldest miss of the Zeng family?"

She had heard rumors about the eldest daughter of the Minister of revenue, Zeng Yanli.

She had heard that she was a woman who brought bad luck to her husband. She had also seen her a few times. She was fat and unrefined.

Therefore, Empress Dowager was not very happy with the marriage between the eldest miss of the Zeng family, Zeng Yanli, and the second head of Duke zhengguo's household.

As a hundred-year-old Marquis family, although Duke zhengguo's mansion had fallen in Jiang Yunfeng's generation, their prestige was still there. Moreover, Duke zhengguo's mansion had only a few descendants. To marry a woman who brought bad luck to her

husband, wasn't this the same as Jiang Zhenye ending his bloodline? It didn't sound good.

This was very likely to make the world view the Emperor as a cruel man, saying that the Emperor deliberately wanted to cut off the duke's bloodline.

However, after hearing the emperor's explanation, she knew that the Emperor had his own considerations. Usually, after the Emperor made a decision, she would not go against the Emperor.

Therefore, she did not care about the marriage between the Zeng Manor and Duke zhengguo's mansion.

But she had never thought that the matriarch of Duke zhengguo's mansion would come to cry and complain to her.

With tears and snot in her eyes, Wen Yujing explained, "Empress Dowager, isn't the marriage between the two families soon? I just wanted to go to the Zeng residence to see if there was anything lacking or to add. For example, the betrothal gifts.

"However, just as Mrs. Zeng and I finished discussing the matter, we suddenly heard a servant girl's shriek from the backyard of the Zeng Manor. We thought that something had happened and immediately ran to the backyard to take a look. Who knew ... Who knew ..."

Speaking of this, Wen Yujing seemed to be unable to continue.

The Empress Dowager was dissatisfied with Wen Yujing's halfway speech. She said sternly, "If you want to say something, then say it properly. You're hemming and hawing, are you trying to make me send you away? "

If you find any errors (broken links, non-standard content, etc..), Please let us know < report chapter > so we can fix it as soon as possible.

966 Please

Wen Yujing immediately kowtowed and said, " please forgive me, Empress Dowager! It's not that I am hemming and hawing, but that those words are just too difficult to say!"

The Empress Dowager looked at Wen Yujing suspiciously and asked, " Oh? Then tell me, what did you see that was so hard to say?"

Seeing the Empress Dowager's stern expression, Wen Yujing gritted her teeth and said, " reporting to the Empress Dowager, when Mrs. Zeng and I rushed to a room in the backyard, they saw the eldest miss of the Zeng family lying naked on a man's body. And that man is a servant of the Zeng Manor!"

When the Empress Dowager heard this, her expression turned cold at first, then she said angrily, "preposterous! This is really preposterous!"

Wen Yujing continued to kowtow, "so, please. Empress Dowager, for the Duke zhengguo's Manor, this eldest miss of the Zeng family, is so ... My son really couldn't marry her into the Jiang family.

"Although Ye 'er is not the first son of the Duke, even if he married a pure woman from a low family, he would not be willing to marry a lascivious woman from a high family!

"This is ruining my family's Ye 'er and ruining Duke zhengguo's mansion's reputation. Empress Dowager, you must seek justice for us!"

She had repeatedly asked the Empress Dowager to help them. She knew that Empress Dowager couldn't stand and hated these promiscuous women the most.

With Duke zhengguo's mansion's identity, background, status, and reputation, they would never marry a promiscuous slut who would bring disaster to the entire Duke zhengguo's mansion.

Although Zeng Yanli brought bad luck to her husband and was infatuated with beautiful men, she had never been caught in the bed.

Now, on the eve of marriage, she was caught in the bed. No matter how one looked at it, it was indeed preposterous.

After Empress Dowager's anger subsided, she calmed down. Her stern and dignified expression made it seem like she was thinking.

After a moment, she said, "in that case, I ... will make the decision for you and persuade the Emperor to cancel this marriage.

As long as the empress dowager spoke, the Emperor would most likely listen to him.

However, before she could finish her sentence, an old eunuch came to report, "Empress Dowager, eunuch Zhang is here!"

Eunuch Zhang was facing the eunuch beside him.

There was definitely something going on for him to come over now.

The Empress Dowager immediately responded, "let him in!"

Wen Yujing's heart was in her mouth, waiting for Empress Dowager to speak and cancel the marriage. But she didn't expect that a eunuch would come out of nowhere, which made her angry.

However, she quickly hid her expression well. It was just that her face with makeup still looked pale and Haggard.

After eunuch Zhang entered and saluted the Empress Dowager, he said directly, "Empress Dowager, His Majesty asked me to come over and bring the Zhengguo Duke's wife to Kun Ning Palace!

Kun Ning Palace was the Empress's bedroom.

The Empress Dowager immediately asked, "Eunuch Zhang, did something happen? "

Eunuch Zhang said, " it's the wife of the Minister of revenue who asked the Empress to make a decision, saying that Duke zhengguo's mansion is bullying people too much! The Emperor and Empress want to ask the Zhengguo Duke's wife to explain what happened!"

The Empress Dowager immediately asked in surprise, " what's going on? "

According to Wen Yujing, the Zeng Manor was clearly in the wrong, but why did it seem like the people of the Zeng Manor had been wronged?

Eunuch Zhang smiled and shook his head. "Empress Dowager, you're not in good health. You should rest well. After his Majesty and the Empress have found out the truth, they will naturally explain this to you!"

The Empress Dowager nodded and said, " yes!"

Then, she turned to Wen Yujing and said, "Did you hear that? "

Wen Yujing didn't know what had happened, but her heart suddenly palpitated with fear. She had a very bad feeling.

She really wanted to ask the Empress Dowager for help, but the Emperor and Empress had summoned her. She could only brace herself and reply, " yes, Empress Dowager."

The Empress Dowager nodded and said, " well, since this matter has alarmed the Emperor, then let's tell the Emperor so that he can help your Duke zhengguo's mansion. I am old. I just want to rest! You guys can leave!"

Wen Yujing's heart sank, but she could only reply, "yes, Empress Dowager! Then, I will take my leave!"

Nanyuan Manor

Guo Bing was very curious about what method Lin yuelan had used to stop Wen Yujing from breaking off the engagement.

He pestered Lin yuelan and said, "Miss Lin, please tell me. What do you want to do so that Wen Yujing won't be able to break off the engagement? "

Lin yuelan was weighing the rice seeds in her hands, and she ignored Guo Bing's questions.

It was time to plant the seeds, so Lin yuelan asked her servants to pick out the ripe grains to use as seeds.

Of course, not all of the 1000 mu of land was for planting rice.

However, after she was pestered so many times, she smiled at Guo Bing and said, "hehe, do you want to know? "

Guo Bing quickly nodded.

Lin yuelan sneered, " Hmph! I don't want to tell you!"

In fact, this didn't even require any schemes.

She just needed to restore the truth.

As for how to restore this truth?

To others, it might take some effort, but to her, hehe, it was a very simple matter.

Kun Ning Palace

The plump Mrs. Zeng saw Wen Yujing and immediately rushed forward in anger, wanting to give her a few slaps.

Fortunately, the palace maidservants stopped her.

However, she was still very indignant. "you evil woman, how can you be so evil? " she scolded Wen Yujing.

Wen Yujing's face paled. She was very nervous, but she could only remain calm.

She immediately retorted, " Mrs. Zeng, please don't make such slanderous accusations! How did I become a vicious woman? It's clearly you who didn't teach your daughter well, and she became a fickle woman. How come it's the other way around? How dare you call me the evil one?"

When Mrs. Zeng heard this, she cursed angrily with her hands on her hips, " You were the one who set my daughter up, and now you have the cheek to talk about my daughter ..."

In just half a day, the rumors about the Minister of revenue and Duke zhengguo's mansion in the capital immediately had a big reversal.

The Duke zhengguo's Manor's legitimate son had been inexplicably bestowed marriage by the Emperor to the notorious Minister of revenue's eldest daughter, Zeng Yanli. It was already very pitiful.

They didn't expect that when the Zeng family's eldest miss was about to get married, she would be caught in bed with another man. And the person who caught her was the matriarch of Duke zhengguo's mansion.

It was said that after Duke zhengguo's Madam saw this, she fainted on the spot.

In this case, Duke zhengguo's mansion was even more pitiful.

However, the situation had taken a turn.

The Minister of revenue actually went directly to Duke zhengguo's mansion and even made a fuss in front of the Emperor.

What was the reason?

What was the truth?

Some busybodies immediately learned the so-called truth from the servants of the two families.

The fact was that the Zeng family's eldest daughter had been caught red-handed in public because someone had set her up.

And the person who set her up was none other than her future mother-in-law, the head lady of the Zhengguo manor, Wen Yujing!

Once this news came out, it immediately caused an uproar among the noble ladies in the capital.

No one dared to believe such a fact.

However, the two families had already made a scene in front of the Emperor and the Empress.

However, they didn't know how the matter would be handled.

However, everyone knew that the marriage was still going on as planned.

This immediately attracted the ridicule of the upper-class circle.

Zeng Yanli had indeed been caught in the act of adultery, but she still married the second son of Duke zhenguo's mansion, Jiang Zhenye.

The cuckold on Jiang zhenyan's head was really well-made.

Some of them looked at Wen Yujing's angry and ugly face and immediately sneered. "If you knew this would happen, why did you do it then?"

Of course, these people still congratulated the two families with a smile.

Nanyuan Manor

Guo Bing was the first to receive the news.

The more curious he was, the more confused he became. How did Lin yuelan find evidence of Wen Yujing's scheme against Zeng Yanli in such a short time? And how did she make the people of the Zeng Manor complain to the Empress?

Guo Bing's curiosity was piqued.

"Miss Lin, please tell me, " he said, licking his lips. "What evidence did you give to the Zeng family? In front of His Majesty and the Empress, Wen Yujing will have no power to refute."

Lin yuelan raised her eyebrows and smiled mysteriously as usual. "do you really want to know? " she asked.

Guo Bing immediately nodded and said, " yes, yes, I really want to know. Miss Lin, please be merciful and tell me!"

When Guo Bing pestered Lin yuelan and insisted on getting to the bottom of it, Liu Yichen was as curious and puzzled as Guo Bing. How did Lin yuelan do it?

From the time Wen Yujing caught them in the act of adultery to the time she reported to Empress Dowager, the Zeng family had also asked for justice in front of the Empress. At the same time, the matter had also alarmed the Emperor.

The time difference between them could be said to be zero.

Liu Yichen immediately said, " sister, I also want to know the truth about the Zeng family."

As he spoke, his eyes swept over Jiang Zhennan slightly. He looked at him as if he did not have such doubts and curiosity at all, causing a glimmer of light to flash in his eyes.

There must be some secret between them.

As for what the secret was, he still had to investigate!

Lin yuelan said to the two of them, " you're all very curious, aren't you? "

As she spoke, she pointed to the buckets of fermented feces by the wall in the direction of the toilet and said, " that's good. As long as you pour these into the fields, it will be fine. After this, I'll answer your questions. How about it?"

When the two of them heard this, their faces paled.

The feces were dirty and smelly. They were used to being pampered since they were young, so how could they touch these dirty things?

The two of them shook their heads at the same time.

Guo Bing immediately negotiated, "Miss Lin, can we change to another condition? For example, weeding or plowing the land. Is that okay?"

Back in the Lin family village, Guo Bing did help with the fertilizer, but they were only ashes of dried grass. They were dirty, but they didn't smell bad. He could still accept the stinky bugs.

Therefore, he did not want to do it himself this time.

However, Lin yuelan chuckled at Guo Bing and rejected him directly, " no way!"

Guo Bing and Liu Yichen, who had always been at loggerheads with each other, felt that they were in the same boat for the first time. They looked at each other and shrugged at the same time, their eyes showing helplessness and contemplation.

If they really wanted the answer, should they do it or not?

Lin yuelan didn't give them any time to think.

The seeds had been picked out. One mu of land required twenty catties of seeds. Now, one thousand and four hundred catties of seeds had been prepared.

In other words, Lin yuelan planned to plant seven hundred mu of land.

As for the remaining half, Lin yuelan planned to plant other crops, such as beans, peanuts, sweet potatoes, potatoes, and so on.

The seeds were still sprouting, so Lin yuelan couldn't do it all by herself. Therefore, she taught the others.

"Well, this bag still needs warm water. Keep it warm for one more day and water it tomorrow. The bud should be able to sprout the day after tomorrow. I'll come back to check the day after tomorrow. If there are any problems in the next two days, report to me immediately."

"Alright, miss Lin, I understand."

After she finished speaking, she took the bucket and filled it with warm water.

As for the temperature of the warm water, Lin yuelan had already told them what level it should be.

Lin yuelan would personally check on the germination of these seeds every day.

After Lin yuelan finished teaching all of them, she estimated the time and said to the five people in charge of the seeds, "everyone did well. According to the germination rate of these seeds, they can be scattered in the fields to be used to grow seedlings the day after tomorrow."

When the five of them heard this, they first looked at each other in disbelief, then immediately became excited.

They asked excitedly, "Miss Lin, are you saying that these seeds can be planted in the fields the day after tomorrow?"

Lin yuelan nodded and said, "yes."

Lin yuelan had directly taken two mu of land for the seedlings.

These two mu of land were the ones where Lin Yuelan asked Guo Bing and Liu Yichen to fertilize with dung.

After hearing Lin yuelan's answer, the five of them still felt dizzy from disbelief.

These people had been farmers before.

However, their previous planting method was completely different from Lin yuelan's.

When they planted seeds before, they would pick out the seeds with full grains and then scatter them into the field, waiting for them to produce rice.

Now, Miss Lin had them soak these seeds and let them sprout, then grow them. They heard that after the seeds had sprouted, they would be transplanted to the fields.

They were still very suspicious of the results of the transplant.

Would this work?

This question had been buried in their hearts, and they had never dared to ask it.

That was because they had learned from Lord Guo that miss Lin was a skilled farmer who could produce a yield of eight stones per mu.

A yield of eight stones per mu was a high yield that they could not imagine.

As far as they knew, the best farmers could only produce five or six stone per mu, which was already heaven-defying.

Therefore, they had always been suspicious about the yield of eight stones per mu.

However, they still believed in their boss and Lord Guo.

Now, they just had to do every step that misses Lin taught them.

On the other end, Guo Bing and Liu Yichen were frowning at the manure bucket not far away. They were in a dilemma. Should they do it or not?

If they were to do it, the feces would be really smelly and dirty. There were also those disgusting wriggling worms that they were not even willing to get close to.

But if they didn't do it, they wouldn't be able to hear the answer they wanted.

Without the answer they wanted, these questions kept stirring in their hearts, turning over and over, making them feel very uncomfortable.

However, when the two of them saw Jiang Zhennan weeding the ridge with everyone else, they immediately had an idea.

One of them carried a hoe, while the other held a shovel and joined the weeding team.

After all, Nanyuan estate was not the land of an ordinary poor family in the countryside.

According to Lin yuelan's request, cattle were used to plow the land. This way, they could save labor and do other things.

As for the plow rakes, Lin yuelan had designed a pattern based on the shape of the plows she had seen at her grandmother's house before. Then, she handed it over to Jiang Zhennan, who was already very skilled in carpentry.

After Jiang Zhennan had made the first rake, he tried it out and immediately felt that it was not bad. Other than some minor flaws, Lin yuelan had also improved on it.

After the plow rakes were made, it shocked the villages within ten miles. Then, just like before, either the villages rented them or those who had some money bought one for themselves.

However, the rules were the same as before. No matter who bought it, they had to wait in line for a few days. The rakes would be supplied to the nanyuan estate first.

When she first came to Nanyuan estate, Lin yuelan had already ordered the woodworkers to make twenty rakes.

Therefore, when Jiang Zhennan's subordinates came to the nanyuan estate and learned that they did not need to plow the land manually but instead used a kind of plow rake and were pulled by cattle, they were really shocked and curious.

Now, more than one thousand mu of land had been turned according to Lin yuelan's request.

However, the weeds on the ridges had to be artificially planted.

Jiang Zhennan was weeding.

After Guo Bing and Liu Yichen came to Jiang Zhennan, Guo Bing asked impatiently, "boss, do you know how the Zeng family found out the truth?"

Jiang Zhennan buried himself in his work and ignored Guo Bing.

Guo Bing scratched his head and asked again, "boss, boss, just tell me. I'm your good brother and your loyal subordinate. Can't you satisfy my curiosity as your good brother and subordinate?"

Jiang Zhennan finally responded. He raised his head, his sharp eyes met Guo Bing's, and then he said coldly, "if you want to know, then spread the shit."

Guo Bing, "... Boss has turned on us.

Liu Yichen, "... When did Jiang Zhennan become such an obedient husband?

969 It's Him

“Bang!”

It was the sound of porcelain and other things breaking.

Jiang Zhenye's face turned pale. He glared at Wen Yujing and roared, “ mother, what have you done? Didn't you say that the matter of breaking off the engagement was already set in stone? Zeng Yanli was caught having an affair with a servant in public, so why do you want me to marry her now? Isn't this the same as putting a green hat on my head? Also, how could His Majesty do this?”

“Pa!”

This was the sound of a big slap.

Then, he heard Jiang Yunfeng's angry voice, “ Wen Yujing, what stupid thing did you do? Why did the Empress give an imperial decree for you to organize this marriage properly?”

They were originally very unwilling to accept this marriage, so how could they put in the effort to arrange such an embarrassing marriage?

But now, the Empress had specially sent someone over to give an imperial decree, asking Wen Yujing, the matriarch of the family, to do a good job ...

Didn't his wife say that she was going to the palace to break off the engagement?

Why didn't the marriage end up being called off, and instead, why did it become like this?

When Wen Yujing was in the palace, Mrs. Zeng had already scolded her and even scratched her a few times. Although it was not serious, there were still some marks on her face. In addition, she had been warned by the Emperor and the Empress, so she had long been angry.

However, when she returned home, her son complained about her, and her husband beat and scolded her. Suddenly, this anger immediately rushed to the top of her head.

She raised her head and covered her red and swollen face. She immediately shouted at the father and son, “ yes, yes, I did do something stupid. In order for Ye 'er to successfully break off the engagement, I had someone bribe Zeng Yanli's maidservant

and drug her. In order to prevent anything from happening, I also had someone control her family.

“Also, the servant who had an affair with Zeng Yanli was also controlled by me. He had no choice but to obey me and betray his master.

“So, I personally went to the Minister of revenue’s residence yesterday. On the surface, it was to discuss marriage-related matters with Mrs. Zeng, but in reality, I was there to catch them in the act of adultery.”

Hearing this, Jiang Yunfeng’s pupils suddenly shrank.

Jiang Zhenye listened and bit his lips tightly.

He had never thought that Zeng Yanli’s affair with a servant was actually orchestrated by her mother.

Based on his mother’s past methods, this plan could be said to be foolproof.

But why did she fail? Why didn’t she break off the marriage?

Wen Yujing’s eyes were full of malice, and her face was full of anger. “but who knew that the maid and servant would tell Mrs. Zeng about me threatening them as soon as I left the Zeng Manor? However, they kept the truth a secret and secretly entered the palace to find the Empress.”

On the other hand, Wen Yujing still had to put on an act in her own residence, pretending to be unconscious from anger and waiting for the doctor to come before she could “wake up.”

In the end, the Zeng family turned the situation around when Wen Yujing pretended to be unconscious.

If she had known earlier, she would have found someone to silence the maidservant and the servant at the first moment so that the dead could not testify!

In that case, the matter of breaking off the engagement would definitely succeed.

She could only blame herself for refusing to see the people of the Zeng Manor when she was “unconscious”. Otherwise, the Zeng Manor would have someone she had bribed to send her information secretly, and she would not be in such a tragic situation.

After listening to Wen Yujing’s words, Jiang Yunfeng asked suspiciously, “that girl and the servant’s family are in your hands, so why would they betray you? Think about yourself. Did you make any mistakes?”

He was well aware of Wen Yujing's methods.

She had always made precise calculations, and it was rare for such a big mistake to happen.

So she could not figure out what the problem was.

Wen Yujing shook her head and said, "I don't know. Big sister Li only said that the maidservant and the servant suddenly ran to them and told them the truth." Big sister Li was Mrs. Zeng.

This was a fact that they could not accept.

When Jiang Zhenye heard this, he was about to explode in anger.

He continued to yell at Wen Yujing, "didn't you say that you had their families under your control? Could it be that they have escaped from your control? Otherwise, why would they betray you the moment you turned around?"

Jiang Zhenye was actually a person without much brain or intelligence. The reason why he could become one of the seven young Masters of the capital was only because of his mother's planning and operation in the back.

970 It's Him

But now, her mother had become so haggard because of him. He did not say a single word of gratitude, and he always complained that she did not do a good job.

Hearing this, Wen Yujing's pale and red face became even uglier.

She said doubtfully, "This is what I'm very confused about!"

Jiang Yunfeng asked, "Did you accidentally release their families? "

Wen Yujing immediately denied, "Impossible! I'm not that stupid!" How could she release those lowly commoners when this was not even over yet?

Moreover, she would never let these people go.

Because only the dead would keep secrets the best!

Of course, Jiang Yunfeng had also thought of this. Therefore, he did not understand. Were the two of them really not afraid for their family's safety?

Jiang Yunfeng immediately asked, "What about those people now? " He was referring to the family of the servant girl and the servant.

Wen Yujing's eyes were filled with intense hatred as she said hatefully, " My men have come to report that those people have been rescued! And it was before they reported the truth to Zeng Hong!"

Zeng Hong was the master of the Zeng family.

Jiang Yunfeng was even more shocked.

How could this be?

This was clearly impossible, right?

Jiang Yunfeng asked doubtfully, "Could it be the people from the Zeng Manor? " He then shook his head and said, "That's impossible. Because the time simply doesn't match!"

According to common sense, if the rescuers were from the Zeng Manor, they would first save the hostages and make them tell the truth. They wouldn't go to the empress instead.

Wen Yujing gritted her teeth and said, " if I find out who's going against us, I'll cut them into pieces!

Since it was not someone from the Zeng Manor, it must be a third person that they did not know.

But who was this person? Jiang Yunfeng and his wife had no idea why someone was going against them.

Jiang Zhenye listened to his parents' discussion and immediately understood the cause and effect of the matter.

He immediately said with certainty, "It must be him. It must be him!"

"Who is it?" Jiang Yunfeng and his wife immediately asked.

"That B-stard, Jiang Zhennan!" Jiang Zhenye said resentfully, "Other than him, who else would go against our Duke zhengguo's mansion? Other than him, who will want me to marry that jinx Zeng Yanli? After I'm jinxed to death, he'll be the only descendant of Duke zhengguo's mansion. Then, wouldn't the entire Duke zhengguo's mansion be his?"

The more he spoke, the more he felt this was the case.

"Therefore, he benefited the most! It's definitely his." Jiang Zhenye continued to speak with anger and hatred, "Father, mother, you knew that he was the jinx of our Duke zhengguo's mansion. Why didn't you kill him when he was a child? You kept him alive, but he has always been against us. Now, he even wants to kill me!"

When Jiang Yunfeng and Wen Yujing heard this, their faces immediately became uglier.

If it was really Jiang Zhennan, then it meant that his power was really terrifying. It also meant that he really wanted to kill their Ye 'er.

It had to be said that they had hit the jackpot.

However, Jiang Zhennan did not participate in Wen Yujing's plan at all. But, the matter was indeed related to them.

Jiang Yunfeng immediately asked in a deep voice, "are you sure that the matter of you scamming Zeng Yanli was not leaked?"

Wen Yujing immediately said with certainty, "I ordered my men of sacrifice to do it! It's impossible for the news to be leaked!"

These men of sacrifice had been trained by the Wen family and were very loyal to her. There was no possibility of betrayal.

Jiang Yunfeng found it strange.

He asked, "if this was really done by that B * stard and he ruined your plan to break off the engagement, how did he get the news?" You must know that you even did this behind my back."

This was simply an impossible situation, but it had happened, and they simply couldn't find an answer.

At this moment, Jiang Zhenye said angrily, "I don't care if it was done by that B * stard. I want to break off the engagement immediately. I don't want to marry Zeng Yanli. Otherwise, I'll die."

Zeng Yanli was a jinx who had jinxed two fiancés and three husbands to death.

If he really married her, would he still be alive?

Jiang Yunfeng and Wen Yujing furrowed their brows.

Jiang Zhenye and Zeng Yanli's marriage was bestowed by the Emperor and supervised by the Empress. They had no other way now.

However, they were even more resentful of Jiang Zhennan, who had facilitated this marriage and secretly sabotaged her plans to break off the engagement.

Wen Yujing's eyes seemed to have been stained with poison, and her face was filled with resentment and anger. She gritted her teeth and whispered, "Jiang Zhennan!"

Nanyuan Manor

In addition to Guo Bing and Liu Yichen, who were curious about destroying Wen Yujing, even Jiang Zhennan was also very curious.

Wen Yujing's plan failed spectacularly, and it was done so perfectly.

No ordinary person could do this!

After dinner, Jiang Zhennan and Lin yuelan strolled on the small path as usual.

There was no one around. Other than the chirping of insects, it could be said to be peaceful and quiet.

Jiang Zhennan held Lin yuelan's hand and asked curiously, " Yue 'er, how did you ruin Wen Yujing's plan to break off the engagement? "

Lin yuelan smiled, then raised her left hand and pointed, saying, " there!"

Jiang Zhennan was shocked. "Little Green?!"

Lin yuelan nodded.

Little Green slowly grew in size and stretched out its two tender yellow shoots. "Hello, my Lord!"

Jiang Zhennan's face was filled with shock!

As she reached out to touch the two yellow tender shoots, she said, " Little Green's identity is very special. He can communicate and interact with any plant or animal."

Jiang Zhennan was very smart. He said, "So, Yue er, you mean that Little Green ordered the plants to save those people who were controlled by Wen Yujing? "

971 Vicious

Jiang Zhennan knew about little green. It was a vine and the King of all things.

However, he did not know that Little Green could communicate with other plants.

To ancient people like them, flowers, grass, trees, and the like were all lifeless.

Lin yuelan smiled and nodded, "Yes. Little Green is the king of all living things. As long as he wants to, he can know everything in the world. Because nothing can be hidden from the plants on the ground or the crawling and flying animals."

Hearing Lin yuelan's words, Jiang Zhennan immediately understood.

"That's why you asked Little Green to keep an eye on Wen Yujing. You were the first to know if she made a move, and you even sabotaged her plan!"

Lin yuelan smiled and nodded. "that's right! But, masked uncle, to be honest,"

At this point, Lin yuelan's expression became slightly serious. She continued, "Your stepmother is really a ruthless and scheming woman. You're really lucky to have survived her attack!"

When Jiang Zhennan heard this, he only pursed his lips tightly, but there was not much change in his eyes. Then, he sneered and said, " Hmph, if this woman were not scheming, Jiang Yunfeng would not have been coaxed by her and let a small merchant's daughter become the wife of the Zhengguo Duke."

Lin yuelan hesitated for a moment before saying, "Big brother Nan, Little Green has reported something to me. I hope you're mentally prepared!"

"what is it? " Jiang Zhennan asked, puzzled.

Lin yuelan said very seriously, " Jiang Zhenye's marriage wasn't called off. Instead, it became even more solid. For Wen Yujing and her son, this matter was simply driving them crazy.

"Even with the emperor's decree and the Empress's decree, even if the marriage is to be held the day after tomorrow, Wen Yujing is still thinking of ways to break off the engagement for Jiang Zhenye. After all, the eldest daughter of the Zeng family is a real jinx to her husband, and she does not dare to lose her son. Jiang Zhenye ..."

Jiang Zhennan could guess what was going on. He asked, "So, she has her eyes on me again, right? "

"That's right, " Lin yuelan said. "This time, she doesn't plan to kneel down or anything. She will directly threaten!"

Lin yuelan's heart ached a little when she spoke of the threat, but her face remained calm.

Jiang Zhennan was confused. "Threat? What kind of threat?"

When he escaped from Duke Zhengguo's mansion, other than the tattered clothes he was wearing at that time, he had never brought anything from Duke Zhengguo's mansion. Moreover, from the time he was a ten-year-old child who went to the battlefield to kill enemies to the time he became a great general at the age of eighteen, he relied on his own life to fight for it. He had killed tens of millions of enemies on the battlefield and had never touched any of Duke Zhengguo's mansion's stuff.

Therefore, he believed that Jiang Yunfeng and Wen Yujing had no evidence against him. So, how were they trying to threaten him now?

Soon, Lin yuelan explained to him.

Lin yuelan nodded and replied, "Yes. They're planning to use your mother to threaten you!"

Upon hearing this answer, Jiang Zhennan's pupils suddenly contracted violently, and his expression changed drastically. He said in disbelief, "My mother?!" It was a question and a confirmation. "How do they plan to use my mother to threaten me?"

Lin yuelan asked Little Green to tell Jiang Zhennan about this.

Lin yuelan, who was aware of little green's emotions, knew that he was angry and frustrated.

Little Green said, " Sir, that woman is planning to grind your mother's bones and scatter her ashes!"

Jiang Zhennan's expression changed drastically. He said in shock, " What?"

That's right, his mother was still at the Jiang family's ancestral grave!

With Jiang Yunfeng's cold and heartless attitude towards his mother, it was possible that they would dig her mother out again and grind her bones to dust!

At this moment, Jiang Zhennan showed his hatred and anger towards Jiang Yunfeng for the first time. He gritted his teeth and said, "He... How dare he?" He was referring to Jiang Yunfeng.

Lin yuelan immediately said, "Why wouldn't he dare? compared to the Jiang family's descendants, your mother, who was an unpopular Jiang family's daughter-in-law before she passed away, is simply insignificant! Therefore, the people of the Jiang family will definitely turn a blind eye to Jiang Yunfeng and Wen Yujing digging out your mother and desecrating her grave!"

972 Vicious

Little Green's two tender shoots immediately bent and echoed, "That's right, that's right! Besides, those old B * stars have all received benefits from Wen Yujing, that poisonous woman."

Jiang Zhennan pursed his lips tightly, his deep eyes looking deeply at Lin yuelan. At this moment, Lin yuelan saw that his eyes were filled with deep disappointment and pain.

That's right!

His biological mother had been so unfortunate when she was alive. After her death, she had to be ground into ashes. No wonder her son felt despair.

When he was alive, he was unable to protect his mother. After his death, he would protect his mother at all costs.

Lin yuelan held Jiang Zhennan's hand tightly, giving him comfort and strength. However, there was still one more thing that she had to tell Jiang Zhennan. "Brother Nan, Little Green also found out that your mother's death was related to Wen Yujing, Jiang Yunfeng, and even the old madam from back then."

When Jiang Zhennan heard this, he was even more afraid to accept it. He suddenly took a few steps back and muttered, "How could this be? How dare they?"

His biological mother had actually been killed by someone.

He knew that when his mother gave birth to him, she died of excessive bleeding due to dystocia. It was an accident, so he had always blamed himself for his mother's death.

He had once suspected that his mother's death was unusual. So, after becoming a great general and gaining power, he secretly investigated the cause of his mother's death.

However, the results of the investigation showed that his mother had really died of excessive bleeding during childbirth. It was really an accident.

Now, his Yue 'er was telling him that his mother's death was not an accident at all but a premeditated death.

Besides a woman she did not know who coveted her position, her husband and mother-in-law were also the ones who killed her.

"Yue 'er, is there any evidence for what Little Green said?" Jiang Zhennan asked in a trembling voice.

He trusted Little Green, which was why he had asked for evidence.

However, it had been twenty-five or twenty-six years since this incident. If there were any clues or clues that had been left out, they must have been found by now.

Because whether it was physical evidence or witnesses, with Wen Yujing's cautious character, they must have been completely destroyed.

Therefore, after he became the general, he sent people to investigate, but they found nothing. That was why he was convinced that his mother's death might really be an accident.

But now ...

Little Green shook its two leaves and said, "Young master, I haven't found any evidence or clues yet. It's just that I've heard about it from the young fellows in your mother's courtyard. Because your mother used to take good care of them, they remembered her good deeds. When they heard that I was investigating her son, they told me about it.

"It's just that while it may have been a long time for you humans, not much time has passed for my friends. However, there was a huge weakness. The shorter the number of years a plant grew, the worse its memory would be. Therefore, compared to the old plants that have lived for thousands of years, the plants in your mother's yard were not very old. The oldest one was only under a hundred years old, equivalent to a human being's three or four years old.

"A three to four-year-old child could not remember anything! However, there were still some older plants that remembered what had happened at that time. However, they were too aged to be communicating with me."

At this point, Little Green's two tender yellow sprouts drooped down, and he said guiltily, "I'm sorry, master. I am useless. At the moment, we still can't find any evidence that the poisonous woman and that scumbag tried to harm your mother."

When Jiang Zhennan heard Little Green's words, he immediately said, "Little Green, don't say that! I should be the one feeling guilty. I'm the one who's troubling you and your little friends.

"At the same time, I'm also very grateful to you and your young friends. If it weren't for you, I would have always thought that my mother had really died of an accident during childbirth.

"I'm really, really grateful to all of you!"

As he spoke, he stretched out his left hand and gently stroked little green's two drooping yellow tender shoots.

When Little Green heard Jiang Zhennan's words, she immediately perked up and said excitedly, "Young master, are you really not blaming us? Are you really going to thank my friends and me?"

Jiang Zhennan nodded and said, "Yes, of course. I still have to thank you again."

At this point, he raised his head and met Lin yuelan's worried eyes. "Yue 'er, don't worry. I'm fine. I will definitely find out the cause of my mother's death. No matter how thoroughly they destroyed the evidence before, there must be something they overlooked!"

Little Green immediately replied, " Yes, sir. I'll definitely help you. I've even mobilized my little friends to search for her together. We'll definitely find out the truth behind your mother's death!"

Jiang Zhennan grinned and said, "Thank you, Little Green!"

Little Green's two tender yellow buds immediately shook to the left and right, indicating that he was very happy!

Duke Zhengguo mansion, In Jiang Zhenye's room...

Jiang Zhenye looked at his mother suspiciously and said, "Mother, you're saying that this time, that bastard will definitely come back and agree to help break off the engagement? "

Wen Yujing nodded.

However, Jiang Zhenye was very suspicious and didn't seem to believe her at all. He said, "Mother, you've said this many times. You've said that you'll definitely break off the engagement for me every time. But now, look at this, which one of them has ever

succeeded? The result every time was either you get beaten up or I get scolded. Not a single time was good.

“Now, you’re telling me that this time, you’ll definitely get that bastard to come back and help break off the engagement. But, mother, why would that B * stard help? If he really wanted to help, he would have done so long ago. Then, would I still be forced to marry that jinx?”

Ever since Jiang Zhenye found out that the Emperor and the Empress were urging them to hurry up with the wedding, he had almost been locked up in his own courtyard by his father. No matter where he went, there would be people around him. Even if he went to the toilet, they would follow him closely.

That was because his father was really afraid that he would run away!

This made Jiang Zhenye depressed, vexed, and angry, but more than that, he seemed to have accepted his fate.

But now, his mother had come over again and told him that there was still hope for him to break off the engagement. He didn’t dare to believe it at all.

Wen Yujing looked at her son’s depressed, dispirited, and listless appearance. He looked even more haggard, and her heart ached for him.

She said, “Ye ‘er, you can really rest assured this time. That bastard will definitely help us this time. His dead mother is still in our hands. If he dares not to come and break off your engagement, I’ll grind his mother’s bones and scatter her ashes! Therefore, if he is really a filial son, he has no choice but to come back and do as he is told!”

She had originally thought that the slut’s corpse had other uses, but now, she had no choice but to use it in advance.

Otherwise, without a son, it would be useless no matter how well she planned for the future and how much she got.

When Jiang Zhenye heard this, he was first stunned, then shocked, and finally pleasantly surprised.

Jiang Zhenye said excitedly, “Mother, are you telling the truth? ”

However, he then asked suspiciously, ” But will the old fellows in the Jiang clan agree to that? And father, he agreed too?”

Wen Yujing laughed disdainfully. “Hmph, of course, they agreed!”

Then, she said confidently, "Compared to the Jiang family's only heir, a dead daughter-in-law is nothing! As for your father, he hates that b * tch to the bone, so he has no opinion!"

Jiang Zhenye nodded in relief. "that's good."

However, he quickly asked anxiously, "Then, mother, when are you going to tell that bastard to come back? "

Wen Yujing patted the back of her son's hand and said, " I've already sent someone to inform him. Looking at the time, it was almost time! Ye 'er, have a good sleep and rest up. When you wake up, we'll call off the engagement!"

Jiang Zhenye nodded and said, "Yeah!"

At this moment, a servant came to report, " Madam, young master Nan has returned to the manor!"

974 Return to the Duke Mansion

When Jiang Zhennan returned to Duke Zhengguo's mansion, the servants were all stunned.

Who was Jiang Zhennan? Who in the world didn't know this?

But the problem was that everyone in the capital knew that after Jiang Zhennan became the great general, he had never stepped into Duke Zhengguo's mansion.

To the public, it was said that the general was busy, but in reality, only the people in the two manors knew that the two families were almost enemies.

Moreover, when Jiang Zhennan was not in Beijing, Jiang Zhenye and Jiang Wen were living in the General's residence. However, as soon as Jiang Zhennan returned, he would drive the siblings out of the General's residence.

After this incident, Madam was really furious.

Their master, Madam, young master, and young miss were all very disdainful. They even hated Jiang Zhennan. As for Jiang Zhennan, he didn't have any feelings for the people of Duke Zhengguo's mansion. His sister and brother were living in the General's mansion, and he drove them away as he pleased!

Of course, the grudges between the eldest son of Duke Zhengguo and Duke Zhengguo mansion, they, as servants, were definitely not clear about it!

So when they saw Jiang Zhennan's return, they were still very surprised!

They were secretly guessing that it was because of his brother, Jiang Zhenye's, marriage.

However, they didn't have the guts to go up and ask.

At this time, the Butler slowly walked over and said to Jiang Zhennan, " Young master, Madam is waiting for you in the wing room!"

He called Jiang Zhennan a young master, but his expression and actions showed no respect for Jiang Zhennan, the eldest young master of Duke Zhengguo's mansion. It was more of a kind of neglect and contempt.

After the Butler finished speaking, he turned around and left without waiting for Jiang Zhennan's response, as if he was leading the way for Jiang Zhennan.

Jiang Zhennan did not say much and just followed behind the Butler.

When they reached the door of the wing room, the Butler immediately said respectfully, " Madam, I've brought the eldest young master here."

"Let him in!" Wen Yujing's voice came from inside.

Without waiting for the Butler to let him in, Jiang Zhennan stepped directly into the wing room.

He asked sternly, "You're threatening me with my mother's remains. What are you trying to do? "

There were only the two of them here, so she stopped pretending. She sneered directly, " Hmph, don't you know what I want you to do? "

Jiang Zhennan said, "Do you want me to break off the engagement for Jiang Zhenye? "

"That's right!" Wen Yujing replied.

"Hmph, it's easy for you to say. This marriage was bestowed by His Majesty's decree. Why would he break off the marriage just because I say so?" Jiang Zhennan would not be so easily threatened.

Wen Yujing still sneered. "Hmph, I don't care. I only want to see my Ye 'er and Zeng Yanli's engagement broken off! I know you have the ability to do so."

At this point, she turned to Jiang Zhennan angrily and said, "If it weren't for you, my Ye 'er would not have been suddenly given such an embarrassing marriage by the Emperor. Jiang Zhennan, I have really underestimated you!"

Jiang Zhennan snorted coldly and said, "Hmph, it's obviously the result of your own actions!"

If she hadn't been so bent on matchmaking him to marry Zeng Yanli, she wouldn't have angered him and made him directly use his achievements to raise conditions with the Emperor, which was to have the Emperor bestow the marriage between Jiang Zhenye and Zeng Yanli.

He just wanted to let them know that he, Jiang Zhennan, was not a child who could be easily manipulated by them.

When Wen Yujing heard Jiang Zhennan's words, she was so angry that her face immediately turned green and red.

Just as she was about to say something, Jiang Zhennan said directly, "I can break off the engagement if you want. I have two requests!"

Wen Yujing was livid with anger, and her face was extremely ugly. She gritted her teeth and said, "Jiang Zhennan, you still dare to make requests of me? What right do you have to make requests of me?"

Jiang Zhennan ignored Wen Yujing's anger and said directly, "First, I want to go to the Jiang family's ancestral Hall to see my mother's memorial tablet. Second, I want to go to the Jiang family's ancestral grave to see my mother's gravestone!"

Wen Yujing listened to Jiang Zhennan's two direct requests, and her face turned black and blue.

After thinking about it, she immediately rejected, "Impossible!"

That b * tch's memorial tablet wasn't even in the Jiang clan's ancestral Hall. There wasn't even a memorial tablet, so how could she let him see it?

Secondly, this b * tch was not buried in the Jiang clan's ancestral grave but in a random place in the wilderness.

Moreover, even if it was for the sake of having a bargaining chip in her hand, she couldn't possibly reveal that b * tch's location to Jiang Zhennan.

Jiang Zhennan seemed to have expected such an outcome.

He said directly, "When you can do these two things, I will go to the palace to break off the engagement for your son. However, you must remember that your son's wedding is the day after tomorrow. You only have one chance!"

"Your mother is in my hands. Aren't you afraid ..." Wen Yujing said bitterly.

At this point, she could not continue.

Because Jiang Zhennan's sharp eyes were staring at her fiercely, and then his thick lips coldly spat out two words, "If my mother's bones are ground into ashes, then I don't know what will happen to your son. In any case, your son will marry a jinx, won't he?"

This meant that if Jiang Zhenye were to die at any moment, everyone would think that he had been jinxed to death by Zeng Yanli and would not suspect him.

Hearing such a threat, Wen Yujing's face turned pale, and her whole body trembled. She said in disbelief, "You... Are you threatening me?"

Jiang Zhennan said coldly, "Were you threatening me?"

You threatened this general, so this general can threaten you in return!

Let's see if my mother is more important or your son?

However, to Wen Yujing, there was simply no comparison.

Of course, her Ye 'er was more important. As for that dead b * tch, how could she be more important than her Ye 'er?

Wen Yujing had never thought that Jiang Zhennan would actually have such a ruthless move.

She said resentfully, "I've really underestimated you!" Then, she immediately said, "Alright, I promise you! However, you have to get this done first!"

When Jiang Zhennan heard Wen Yujing's reply, although no expression could be seen on his masked face, the slightly upturned lips that were not covered by the silver mask and the two holes in his eyes all showed his sarcasm and mockery.

Did Wen Yujing really think he was a three-year-old child or a fool?

Work for her first?

When the matter was settled, they would have one less troublesome matter to deal with. But what about him? This weakness was still in their hands. Would they bring his mother out at any time to threaten him to do things?

However, he didn't try to defend himself. Instead, he said coldly, "I must first see my mother's memorial tablet and her grave! Then, I'll agree to whatever you say! Goodbye!"

Without waiting for Wen Yujing's response, he left. After taking two steps, he stopped and said, "Oh, the wedding will be the day after tomorrow! However, I'm not a patient person!"

He was telling Wen Yujing that he could wait, but Jiang Zhenye could not!

In fact, this was also a reminder to Wen Yujing that she could only cancel the engagement today or tomorrow. Otherwise, no one could change the outcome!

This was an engagement bestowed by the Emperor, unless the heavens stepped in, the Emperor would definitely not slap his own mouth and make them break off the engagement.

Wen Yujing also suddenly thought of this, and her face became even uglier.

She was angry, anxious, and furious.

Previously, she had thought that Jiang Zhennan would obey her since she had Yuan Tongtong's bones.

Therefore, she was not in such a hurry.

However, she did not expect that this B * stard ...

Looking at Jiang Zhennan's back as he walked away, Wen Yujing silently remembered this loss.

In the future, when dealing with Jiang Zhennan, she really had to be careful. Otherwise, if she were not careful, she would be retaliated against by him.

The few losses she had suffered before were the most profound lessons for her.

She restrained the expression on her face, and in a moment, she returned to the dignified and noble woman in front of others.

She called the Butler over and said, "Ah Ping, go to the Wen residence immediately and ask my brother to send someone to move that b * tch's body next to the Jiang family's ancestral grave. Remember, do it well, and don't let anyone see through it. This has to look like an old grave that was made more than twenty years ago.

"Second, have someone immediately make that b * tch's spirit tablet and secretly place it in the Jiang clan's ancestral Hall! Remember, you must be quick. These two matters are related to Ye 'er's breaking off the engagement."

The Butler, Jiang Jiaping, immediately replied, "Yes, I'll do it immediately!"

But then he asked doubtfully, "But, Madam, will Jiang Zhennan really be so obedient?"

Wen Yujing had obviously thought of this as well. After thinking for a moment, she said, "Ah Ping, how about we put an empty coffin next to the Jiang family's ancestral grave? As for that b * tch's corpse, we will leave it alone for the time being.

"As long as that b * tch's corpse is in our hands, that B * stard will always have some qualms. We also have a bargaining chip in our hands to deal with him!"

Jiang Jiaping thought for a moment and replied, "Okay, I'll do it immediately!"

After the Butler left, Wen Yujing finally calmed down. Then, she sneered and said, "Hmph, Jiang Zhennan, didn't you want to see the memorial tablet and tombstone? Alright, I'll make a memorial tablet and tombstone for you to see! As for whether or not you can see your wretched mother, that will depend on whether I agree or not!"

975 Fight

Jiang Zhennan returned to Nanyuan Manor and saw a coffin in the courtyard of the house.

Looking at the appearance of the coffin, it had been at least twenty years.

Lin yuelan, Guo Bing, and the others were all staring at the coffin with serious expressions.

Seeing that Jiang Zhennan had returned, Guo Bing and the rest of his subordinates immediately shouted, "Boss!"

Immediately, they made their way.

When Jiang Zhennan saw the coffin, his expression under the mask was very sad.

Lin yuelan walked up to Jiang Zhennan, held his hand, and comforted him softly, "Brother Nan, my condolences!"

Jiang Zhennan's eyes were fixed on the coffin. Then, a man with an indomitable spirit suddenly knelt down in front of the coffin. His voice was heavy and filled with deep sorrow, "Mother, I'm unfilial. I only saw you now!"

That's right, in this coffin, the one lying was Jiang Zhennan's biological mother, Yuan Tongtong, who had died 25 years ago due to dystocia.

When they found out that Wen Yujing was planning to use Yuan Tongtong's bones to threaten Jiang Zhennan, Lin yuelan, and Jiang Zhennan had already decided to beat her at her own game.

After getting Little Green to find out the exact location of Yuan Tongtong's burial, Lin yuelan, Jiang Zhennan, Guo Bing, and a few other subordinates went to the place that very night.

When they saw Yuan Tongtong being buried alone in such a desolate wilderness, Lin yuelan and the others were furious.

This was especially so for Jiang Zhennan. He saw that his mother, the first wife of a first-grade noble in a powerful family like Duke Zhengguo, who was once the matriarch of Duke Zhengguo's mansion, was not buried in the Jiang family's ancestral grave after her death. There was no place for her next to the Jiang family's ancestral grave, and she was even buried in a very desolate wilderness.

Were they planning to turn his mother into a lonely spirit?

"Jiang Yunfeng, Wen Yujing, you guys are really good.

"In the past, no matter how badly you treated me, even if you wanted to kill me again and again, I still remembered that I was a member of the Jiang family and didn't fuss about the past.

"However, you should never have treated my biological mother like this."

Jiang Zhennan knelt on the ground and grabbed a handful of mud with both hands. From then on, he decided that he would not let anyone hurt his mother, including his father, Jiang Yunfeng.

Jiang Zhennan did not wait for the coffin to be dug out and returned to the country estate first.

He knew that Wen Yujing would definitely send someone to ask him to go back. The reason why he had to go back was that Wen Yujing had used his mother's remains to threaten him.

Now that his mother had been found, he was no longer afraid of Wen Yujing's threat.

However, he wanted to do as Yue 'er said. The more Wen Yujing lived in this kind of hope, the more they wanted to make her despair.

She thought that victory was in her hands, but in the end, it turned into despair.

Therefore, he wanted to see Jiang Yunfeng and Wen Yujing fall into deep despair.

In the past, he was too kind!

It was just that he had hope in Jiang Yunfeng, hoping that he could be kind to his son. After all, he was human, and he had once yearned for a father's love.

His father didn't like him because he had caused his mother's death.

But now, he knew that Jiang Yunfeng did not like his mother and him. That was why he wanted to kill them.

It was just as Yue 'er had said. To be kind to them was to be cruel to oneself and to be cruel and painful to the people around them.

Therefore, for the sake of the people around him, he would not forgive anyone in Duke Zhengguo's mansion which had hurt him and his mother.

In the intense sorrow, there was a strong sense of guilt and a kind of grief.

"Mother, your son is unfilial!" He was sobbing and wailing.

This was the first time this indomitable man had officially met his mother.

Twenty-five years felt like a lifetime.

Jiang Zhennan's cry of pain made the other people who were watching extremely sad, and tears unknowingly flowed down their faces.

Guo Bing's subordinates all knelt down in front of the coffin, and some of them even began to sob.

Lin yuelan had also knelt down.

She would not kneel to the heavens and the earth, but she would kneel to her parents.

She and Jiang Zhennan were now lovers, and they might develop into husband and wife in the future. Naturally, the person in the coffin was her mother-in-law.

Then it was only right for her to kneel down to her.

Besides, kneeling down was also a form of respect for the dead!

Banyuan estate had been cleaned up by Lin yuelan on the first day. The people of the Wen family and Duke Zhengguo's mansion were immediately sent back. As for the remaining people, they used to be from the General's residence and were loyal to Jiang Zhennan.

976 Fight

Therefore, now that Jiang Zhennan's mother had been secretly carried back, no one in the outside world would know except for the people of nanyuan Manor.

Jiang Zhennan knelt for a long time with a sorrowful expression. Suddenly, Lin yuelan said, "Brother Nan, since we have found Auntie, let's find a place to bury her properly. However," Lin yuelan asked hesitantly, "Should we bury her in the Jiang family's ancestral grave, or should we find another place with good Fengshui to bury her? "

She knew that for the women of ancient times, being buried in their husband's ancestral graves was the best ending for them, and it was also their long-cherished wish before death.

This was because it represented her status and recognition in her husband's family.

However, Jiang Yunfeng was not a good person at all. He had caused her death and still wanted her to be a lonely ghost. Obviously, he did not want his first wife to enter the Jiang family's ancestral grave.

According to Lin Yuelan, Yuan Tongtong, such a pure and kind woman, should not be buried in the Jiang family's ancestral grave to prevent her from being contaminated by the Jiang family's black-hearted people.

But ...

Jiang Zhennan looked at his mother's coffin and clenched his fists tightly. For a moment, he didn't know if he should bury his mother in the Jiang family's ancestral grave.

His mother was such a beautiful and kind woman. Jiang Yunfeng, that beast, was not worthy of her at all. However, he knew that a woman who had married someone else should be buried in her ancestral grave!

Lin yuelan sighed softly and said, "Big brother Nan, I'll support you no matter what decision you make!"

After all, this was ancient times. In some places, one really needed to do as the Romans did!

..

“What?” Wen Yujing’s eyes widened. She looked at Jiang Suping in disbelief. “You said that the b * tch’s grave was robbed? ”

How was this possible?

Why would someone go and Rob that b * tch’s grave for no reason?

On the surface, the slut’s burial was Grand, but that was just a cover. Those expensive burial items were only seen by the people in the capital for a moment before they were sent to the Wen residence.

As for that b * tch, other than wearing a set of gorgeous burial clothes and a decent-looking coffin, she had no other burial items.

Moreover, that b * tch was buried in a very desolate wilderness. Which grave robber would be so blind to go to a grave?

What was even more strange was that even the coffin and the bones were taken away.

The Butler, Jiang Suping, was confused. “Madam, this tomb raid is a little strange.”

Wen Yujing nodded. “I know, ah ping. But now, we just need to trick that bastard Jiang Zhennan. In any case, all he wanted to see was that b * tch’s tombstone. As for that b * tch, ask big brother to send someone to investigate secretly. Once he finds her, bring her back immediately!”

“Yes, Madam, ” the Butler replied.

Then, he asked doubtfully, “Should we inform the old master about this? After all, Yuan Tongtong was his wife. Now that her corpse is missing, he ...” He had to know.

Wen Yujing raised her hand to stop him from continuing. I have my own plans, ” She said lightly. You can go ahead and do your work!

“Yes, Madam!” The Butler replied.

After the housekeeper left, Wen Yujing felt a faint sense of uneasiness in her heart.

She believed that the disappearance of that b * tch’s corpse was definitely not that simple.

It was just that she couldn't figure it out at the moment.

Wen Yujing clenched her fists and thought to herself, "No, after Ye 'er's marriage is over, I must find the Tomb Raider and find that b * tch's body. Otherwise, that B * stard will really fly out of my hands and not be controlled by anyone. At that time, it will be very disadvantageous to my son and daughter, and he might even threaten their lives!

"What's more, with that slut's corpse in my hands, Duke Zhengguo's mansion's title will sooner or later fall into Ye 'er's hands. Only then will I be at ease and let that slut's corpse be ground into ashes."

That's right.

Previously, Wen Yujing had not used Yuan Tongtong to threaten Jiang Zhennan. She had only been waiting for an opportunity.

Her goal was very clear. She wanted the title of Zhengguo Duke.

As for Jiang Zhennan, he was only the unfavored heir of Duke Zhengguo's mansion.

She wanted to wait for Jiang Zhennan to take back the power and prestige of Duke Zhengguo's mansion from the Emperor and those clan elders and then directly get the title of Duke Zhengguo without any effort. Then, her son, Ye 'er, could directly sit and enjoy the title of Duke Zhengguo.

However, she had never expected that she would suffer a big blow because of Jiang Zhenye's marriage and that Jiang Zhennan was not as tolerant and indifferent to Duke Zhengguo's mansion as she had imagined. He had even become hostile to Duke Zhengguo's mansion and could even ignore his father.

If you find any errors (broken links, non-standard content, etc..), Please let us know < report chapter > so we can fix it as soon as possible.

977 Fight

Now, for the sake of her Ye 'er, she had no choice but to use that b * tch's corpse in advance.

However, she had never expected that the b * tch's coffin would be stolen.

Thinking of this, Wen Yujing was really angry, and she didn't know where to vent her anger.

However, she still understood that the more she acted like this, the more she had to maintain her rationality. Otherwise, she would be completely defeated.

This was the experience she had accumulated from living in courtyards since she was young.

Therefore, she usually used a great amount of restraint to control her emotions so that she would not lose her mind and put herself in a state of failure.

Jiang Zhennan came to Duke Zhengguo's mansion again.

It was already the next morning when he returned.

That was because Wen Yujing had also informed him to come in the morning.

The corners of Jiang Zhennan's mouth revealed a hint of mockery.

He had prepared for an entire night.

This time, Jiang Zhennan went directly to the main hall. He saw Jiang Yunfeng.

He didn't look at Jiang Yunfeng but at Wen Yujing. "it seems like you've made up your mind. This means that you've agreed to my two conditions."

As soon as Jiang Yunfeng saw Jiang Zhennan, his face darkened. What made him even angrier was that this bastard actually turned a blind eye to him, his father.

Just as he was about to flare up, Wen Yujing patted him lightly and gave him a look, telling him not to be angry.

Jiang Yunfeng immediately remembered that he had called Jiang Zhennan there to solve his son's marriage. So, for his son's sake, he would let this bastard go for the time being.

'When Ye 'er's marriage is settled, Hmph ...'

Wen Yujing smiled and nodded. She clapped her hands.

A moment later, Duke Zhengguo's mansion's housekeeper came, holding a tray in his hand. A black wooden tablet was erected on the tray. This wooden tablet was Yuan Tongtong's spirit tablet.

As soon as Jiang Zhennan saw the spirit tablet, his pupils under the mask suddenly contracted violently.

He couldn't help but walk to the housekeeper and reach out to pick up the tablet.

However, the Butler only dodged and avoided Jiang Zhennan's action.

Jiang Zhennan's hand stopped in mid-air, then he turned to look at Wen Yujing and asked in a cold voice, "What do you mean by this? "

Wen Yujing smiled and said, "You said you wanted to see your mother's spirit tablet, so I'll let you see it. Just because I let you see it doesn't mean you can take it away."

Jiang Zhennan regained his calm and his sharp eyes stared at Wen Yujing. He then said with a disdainful tone, " I think you're mistaken. The condition I gave at the time was to see my mother's memorial tablet in the Jiang clan's ancestral Hall. But you've brought my mother's memorial tablet to me! What's the meaning of this?"

Wen Yujing's face darkened, and her voice was filled with anger. "you ...

Jiang Zhennan said sharply, "I'm the Jiang clan's eldest son and grandson. Don't I have the right to enter the Jiang clan's ancestral Hall? Take me to the Jiang clan's ancestral Hall immediately. I want to put my mother's memorial tablet back in the ancestral Hall!" The last sentence was directed at the Butler.

Since his mother's corpse wasn't in the Jiang clan's ancestral grave, at least the memorial tablet had to be in the Jiang clan's ancestral Hall!

The tone of the last sentence was completely commanding, and it could not be refused!

This was the first time Jiang Zhennan had given order as the eldest son of the Jiang family.

The three people present were immediately stunned by Jiang Zhennan's imposing aura.

However, Wen Yujing quickly regained her senses.

Jiang Zhennan was going to the Jiang family's ancestral Hall?!

How could this be?

If he went, wouldn't the fact that her mother didn't have a place in the ancestral Hall be exposed?

The consequences ...

Wen Yujing couldn't imagine.

Because the current Jiang Zhennan was completely different from the past. He was no longer a boy they could control.

He could now resist and even take revenge. They couldn't ignore him.

Wen Yujing quickly thought of a way to deal with this.

After that, she said, "Alright, if you want to go to the Jiang family's ancestral hall, I'll get someone to take you there. Butler,"

Wen Yujing immediately ordered, "Put the late lady's memorial tablet back!" She secretly gave the Butler a look.

It was obvious that she wanted the Butler to go first and place Yuan Tongtong's memorial tablet in a random position for now.

How could Jiang Zhennan not know their plan?

He stopped her coldly. "no need. Just let me, her son, place her memorial tablet in her well-deserved spot in the ancestral hall!"

With that, he immediately snatched the memorial tablet from the Butler's hands in a manner that allowed no defense or resistance.

Without waiting for anyone's reaction, he headed straight for the Jiang clan's ancestral Hall.

978 Fight

Liu Yichen looked at the calm Lin yuelan and asked curiously, " sister, Wen Yujing isn't a simple woman. She's also quite a scheming woman. Can Jiang Zhennan really handle her? "

Lin yuelan said indifferently, "Big brother, don't you think you're underestimating big brother Nan? No matter what, big brother Nan is a great general. He had the world in his mind, and everywhere he went, a battlefield. Could the schemes of those women really work on big brother Nan? In the past, he didn't care about it, but now, Wen Yujing has crossed his bottom line!" Using his mother was crossing the line!

Liu Yichen laughed and said, "Sister, although women know women best ... But you, after all, are still a little girl so you might have experienced less! There was a saying that a woman's heart is the most vicious! Wen Yujing could do anything for her son, and it's very likely that your brother Nan won't be able to guard against her. "

Lin yuelan, "..."

Liu Yichen really understood women.

Lin yuelan smiled and said teasingly, "Big brother, you really understand women! It seems like you've been in contact with a lot of women!"

Liu Yichen, "... " Was he confessing or revealing his true nature?

Lin yuelan immediately asked with great interest, " Come, come, big brother. Tell me, how many girlfriends did you have in the past? "

Liu Yichen was slightly puzzled. "girlfriend? "

"Oh, how many relationships have you been in?" Lin yuelan explained.

However, before Liu Yichen could answer, she continued to talk to herself, " Oh, right. Since you're a man who's rich, powerful, and quite pretty, there'll definitely be a lot of women who'll throw themselves at you. I don't know how many concubines you've taken in, but since you have so many women, why would you need to fall in love?"

Liu Yichen, "... " His face darkened.

What was this girl thinking?

He was very clean and pure, okay? There was no such thing as a wife and a concubine, not to mention falling in love.

When it came to dating, that was a new term he had only learned after meeting this girl.

If he were in a relationship, he would have gotten married and had children long ago. Was there a need for him to watch the two of them show off their love every day?

Liu Yichen knocked Lin yuelan's head lightly and said unhappily, "Girl, have you been in love for so long that your mind is filled with romantic Affairs? How could you think that big brother has so many women?"

Lin yuelan touched her head and said in a wronged tone, "Does that mean you're still a virgin?"

Liu Yichen's face darkened. "you ... "

Isn't this topic a little off?

..

Jiang Zhennan went straight to the Jiang family's ancestral Hall. When he saw the rows of ancestral tablets, his sharp eyes narrowed slightly and immediately burst out with a terrifying hostility. In this gloomy ancestral Hall, it was even more chilly.

He just looked at the ancestral tablets quietly and said in a calm and cold voice, "Where is the spot for my mother's tablet? "

Although he didn't name any names, the people who followed him all knew that Jiang Zhennan was questioning Jiang Yunfeng.

This was because in Duke Zhengguo's mansion, only Jiang Yunfeng, who was now the head of the household, had the qualifications to arrange Yuan Tongtong's memorial tablet.

However, when Jiang Zhennan was at the ancestral hall, he could not find a spot for Yuan Tongtong at all. Even in the front row, there was no empty seat. Everyone knew what this meant!

Jiang Zhennan had previously expected that Jiang Yunfeng might not have placed her mother's memorial tablet in the Jiang family's ancestral Hall. This meant that the Jiang family did not acknowledge Yuan Tongtong as their daughter-in-law at all.

His mother had lived a lonely life, and even after death, she did not have a place to reside in peace.

Thinking of this, Jiang Zhennan's heart immediately hurt, and his disappointment in Jiang Yunfeng turned into despair.

However, even if his mother's memorial tablet was not placed in the Jiang clan's ancestral Hall, so what?

His mother was Jiang Yunfeng's legal wife. Outsiders were very clear that his mother, Yuan Tongtong, was Jiang Yunfeng's first wife, and he, Jiang Zhennan, was the Jiang family's direct descendant. This was all written in the family genealogy, and no one could refute it!

So, since no one had placed her in the Jiang family's ancestral Hall after his mother's death, he, as her son, would fight for a place for her.

Didn't Jiang Yunfeng and Wen Yujing always hate him for being the heir to Zhengguo Mansion?

979 Fight

In the past, he didn't care if he was the heir to Duke Zhengguo's mansion, and he had no ambition to inherit the title of Duke Zhengguo.

He believed that as a man, he had to be indomitable and create his own fate. He should not be proud of a future that was built on the foundation of his family and the protection of his ancestors.

Therefore, after he became the general, he always disdained inheriting the title of Zhengguo Duke.

However, the people of Duke Zhengguo's Manor had been creating trouble, so he wanted to teach them a lesson. He wanted them to see it but not eat it. But one day, he would leave Duke Zhengguo's Manor.

Now that he thought about it, he really had too much hope in them. He thought that they were just being petty. He didn't expect that they wouldn't even acknowledge his mother's identity and would even defile her.

This was something he could not tolerate.

No one could see the change in Jiang Zhennan's expression under the mask. His clenched fists and protruding blue veins clearly showed his anger.

Jiang Zhennan asked again, "Where is the spot for my mother's tablet? "

When Jiang Zhennan barged into the Jiang family's ancestral Hall, Jiang Yunfeng's stomach was already filled with anger. When he arrived at the ancestral Hall, he was about to flare up. However, he did not expect that after Jiang Zhennan saw the memorial table, his cold and murderous aura immediately frightened him.

He had never seen such a cold and bloodthirsty aura from Jiang Zhennan. It was as if this place could become a battlefield at any time.

At the thought of the battlefield, Jiang Yunfeng suddenly remembered that Jiang Zhennan was a bloodthirsty person from the battlefield. The number of people he had killed was at least a thousand if not tens of thousands. After all, he had become a great general step by step from a ten-year-old child. It was not a small feat at all.

At the thought of this, Jiang Yunfeng's forehead broke out in cold sweat.

Jiang Zhennan was a homicidal maniac. What if his answer made him unhappy, and he killed him?

Jiang Yunfeng was really scared at this moment.

He wasn't afraid before because no matter what he did, Jiang Zhennan was cold and indifferent, but he had never been in such a murderous mood.

Hearing Jiang Zhennan ask a second time, Jiang Yunfeng seemed to be scared silly, which immediately made Wen Yujing dissatisfied.

However, in order to comfort Jiang Zhennan, she spoke first, "Nan 'er ..."

"Shut up!" He said coldly, "You have no right to speak here! Say something!" The last sentence was directed at Jiang Yunfeng.

Wen Yujing was so angry that her face turned green, black, and red.

However, for the sake of the bigger picture, she could only endure it for the time being.

She gently tugged at Jiang Yunfeng's sleeve and whispered, "Master, what are you doing? Nan 'er is asking you a question!"

Then, she used her eyes to signal to Jiang Yunfeng to point to a spot in the room.

After Jiang Yunfeng regained his senses, he received Wen Yujing's hint. At this moment, he also understood that he must not anger Jiang Zhennan. Otherwise, the consequences would not be something he could imagine.

Jiang Yunfeng immediately regained his composure and pointed to a spot. He roared at Jiang Zhennan, "You unfilial son, ever since you stepped into the manor, you have never called me 'father'. You even dare to shout at me."

As he spoke, his eyes glimpsed a stick that was as thick as a baby's hand from the corner. He picked it up and continued, "Today, I'm going to teach you a lesson, you unfilial son, in front of the Jiang family's ancestors!"

After he finished speaking, he jumped behind him.

Jiang Zhennan did not move at all, but the rod was broken into two!

When Jiang Yunfeng, Wen Yujing, and the rest of the people saw this, their eyes immediately widened in disbelief.

Such a thick stick had been broken into two, but this person didn't seem to be affected at all!

This was too unbelievable!

Jiang Yunfeng and Wen Yujing were so scared that their faces turned pale, and they staggered a few steps back.

They had always known that Jiang Zhennan did not become a general by luck.

However, they had never expected ...

If he really wanted to kill them, it would be as easy as crushing an ant!

Jiang Zhennan did not care about the reaction of the people behind him. He directly snatched Yuan Tongtong's memorial tablet from the hands of the dumbfounded Butler. Then, he found a place that represented the Jiang family's daughter-in-law and placed it there.

However, when he placed the tablet and pulled out the small drawer under the tablet, he suddenly burst out with hostility. The drawer was empty.

He asked sternly, "Is this really my mother's tablet spot? "

Wen Yujing didn't react at first, but when she looked at the tablet drawer, her face turned even paler.

She really didn't expect that she would make a mistake here.

There would always be a small drawer under the memorial tablet in the ancestral Hall. Inside the drawer would be a small booklet that introduced the person's identity and life story for the understanding of the future general.

She only cared about dealing with Jiang Zhennan and hurriedly made a temporary memorial tablet. Then, in the ancestral Hall, she placed Yuan Tongtong's memorial tablet in the position of the Jiang family's daughter-in-law.

However, she had forgotten to put the booklet.

Wen Yujing's eyes darted around, trying to find a reasonable explanation as quickly as possible.

Wen Yujing said, " Nan 'er ..."

"Shut up!" Jiang Zhennan shouted again, "You have no right to say anything in the ancestral Hall!"

Wen Yujing's face was livid. Her hands were clenched into fists, and her long and sharp fingertips almost pierced into her flesh. It was obvious that she was extremely angry.

Jiang Yunfeng reacted and shouted sternly, " She's your mother. How is she not qualified to speak? "

The two holes under Jiang Zhennan's face revealed an obviously sarcastic look. He said faintly, "My mother is here!" He pointed at Yuan Tongtong's memorial tablet.

After that, his voice became even colder and more ruthless. "she's only a second wife. What right does she have to be the mother of Duke Zhengguo's mansion's eldest son? "

Wen Yujing clenched her fists tightly, and blood trickled down from the sharp edges of her fists.

Wen Yujing gritted her teeth and said, " Jiang Zhennan!"

When Jiang Yunfeng heard Jiang Zhennan's words, he was so angry that he trembled all over. He pointed at Jiang Zhennan and scolded angrily, "You... You bastard, what kind of nonsense are you saying?"

Jiang Zhennan pursed his lips tightly and stared at Jiang Yunfeng with his sharp eyes. He said very coldly, " I am telling the truth!"

Then, he turned around and put his mother's memorial tablet back in place. After that, he took out a small booklet from his arms, put it in the small drawer under the memorial tablet, and pushed it back.

In the end, he bent over and faced the memorial tablet. He said very solemnly, "Mother, you were the Jiang family's daughter-in-law when you were alive. Even after your death, you are still the Jiang family's daughter-in-law. With your son here, no one can bully you anymore!"

When Jiang Zhennan took out the booklet from his pocket, Wen Yujing and Jiang Suping's pupils suddenly shrank.

They immediately panicked!

It was obvious what the booklet was.

But the question was, when did Jiang Zhennan prepare this thing?

Could it be that he already knew that Yuan Tongtong didn't have a seat in the Jiang clan's ancestral Hall?

How was this possible?

However, the truth was right in front of them, which was why they were so flustered.

After Jiang Zhennan placed Yuan Tongtong's memorial tablet in place, he turned around and asked sternly, "Where's my mother's grave? Where is it?"

Jiang Yunfeng, Wen Yujing, and the housekeeper, Jiang Suping, were a little stunned by this sudden turn.

They had thought that Jiang Zhennan would burst into a rage, but now he was directly asking about the place where Yuan Tongtong was buried.

The Butler was the first to react. He said, "Young master, we've already prepared the carriage. Please follow us!"

After that, the Butler very respectfully said to Jiang Yunfeng and Wen Yujing, "master, Madam, this old servant will bring the young master to the first Madam!"

Jiang Yunfeng nodded.

Wen Yujing also nodded and said, "Yes, come back soon. You must serve the young master well!"

The Butler replied, "Yes, master and Madam! First young master, please!"

However, Jiang Zhennan looked at Jiang Yunfeng and Wen Yujing and said coldly with an aura that did not allow any resistance, "We must go together!"

Jiang Yunfeng and Wen Yujing were shocked!

As Wen Yujing listened, she became even more panicked and uneasy.

She thought to herself, 'Could it be that this B * stard has noticed something?' She shook her head. He would never guess that there was an empty coffin under the tombstone!

Wen Yujing kept comforting herself.

After that, she pulled on Jiang Yunfeng's sleeve.

Jiang Yunfeng reacted and replied loudly and angrily, "Fine!"

In fact, he didn't know that Yuan Tongtong's grave had already been robbed!

Soon, the group of people immediately got into the carriage and headed in the direction of the Jiang family's ancestral grave.

The carriage traveled for about an hour and a half before they arrived at a place. It was a small hill.

The ancestors of the Jiang family were buried here.

The group of people got off the carriage.

However, the Butler did not bring them to the Jiang family's ancestral grave. Instead, they walked to a small hill next to it.

Jiang Zhennan asked directly, "What's the matter? My mother isn't buried in the Jiang clan's ancestral grave but beside it?"

He was still asking Jiang Yunfeng.

Jiang Yunfeng's face and ears turned red from the questioning. He mumbled to himself, unable to come up with a reason.

981 Fight

In the face of Jiang Zhennan's stern and murderous questioning, Jiang Yunfeng's face and ears turned red. He mumbled and could not come up with a reason.

On the other hand, Wen Yujing seemed to be well prepared. With a serious face, she sighed and said, "Nan 'er, you can't blame your father for not burying your mother in the Jiang family's ancestral grave. This was actually the old madam's idea when she was still alive!"

When she said this, her two hands shook and then loosened. She was a little angry and ashamed, afraid that she would make this B * stard unhappy and he would tell her to shut up again!

However, Jiang Zhennan did not ask her to shut up again this time.

Wen Yujing took a deep breath and said, "After all, your mother died during a difficult labor. To the old madam, this is an inauspicious person. She can not be buried in the Jiang family's ancestral grave. Otherwise, it will destroy the peace of the ancestors, and it will be very detrimental to the future generations of the Jiang family!"

In any case, the old Madam of the Jiang family was already dead, so she could just push all the blame onto her.

As for whether it was true or not, the old lady was no longer alive, so who could prove it?

Listening to Wen Yujing's words, Jiang Zhennan's sharp eyes only stared at Jiang Yunfeng. His thick lips were cold, and he said suspiciously, "Really? "

When Jiang Yunfeng met Jiang Zhennan's sharp eyes, it was as if two sharp knives were pointed at him. It was as if the knives would stab him if he did not give a satisfactory answer.

Wen Yujing pulled on Jiang Yunfeng's sleeve again, signaling him to agree with her.

After being reminded by Wen Yujing, Jiang Yunfeng immediately became serious and said with the dignity of his father and wife, "Hmph, a person who has died while giving birth is a filthy and inauspicious person. What right do they have to be buried in the Jiang family's ancestral grave? Burying her next to the Jiang family's ancestral grave is already the greatest gift to Yuan Tongtong!"

He said it so righteously, so naturally!

Jiang Zhennan looked at Wen Yujing's small movements and then at Jiang Yunfeng's calmness and rationality. He was even worse than a woman. The corners of his mouth raised slightly again, revealing a mocking arc, not hiding it at all!

Wen Yujing and Jiang Yunfeng looked at Jiang Zhennan's sharp eyes, which were full of sarcasm and mockery. They did not know why they suddenly felt uneasy.

Wen Yujing tightly pulled on Jiang Yunfeng's sleeve, but her hand was tightly holding onto Jiang Yunfeng's arm.

Jiang Yunfeng immediately felt the pain in his arm. He looked at Wen Yujing's hands gripping his arm tightly, and his face immediately darkened. Then, he shook his hand and roared at her, "What are you doing? Are you trying to cripple my arm? You're pulling me too hard!"

In front of Jiang Zhennan and all the servants, he did not give Wen Yujing any face at all.

When Wen Yujing was pushed away by Jiang Yunfeng, her pale face turned white and red from anger.

She was angry, embarrassed, and annoyed.

This time, she was abused by Jiang Yunfeng, her husband.

In front of outsiders, he didn't even give her any face.

However, Wen Yujing knew that she couldn't refute him.

Wen Yujing immediately apologized, " I'm sorry, master. I didn't notice!"

Jiang Yunfeng ignored Wen Yujing's apology and rolled up his sleeves to check on his injuries.

When he saw the ten purplish-black fingerprints on his arm, he was really angry. He slapped her. "This is what you did while not paying attention? If you wanted to harm me on purpose, wouldn't you cripple my arm?"

From birth, he was the heir to Duke Zhengguo's mansion and lived a comfortable life. He had never suffered any hardships, let alone suffered any injuries.

Now, she had imprinted ten blue and purple marks on him. No wonder it hurt so much.

Jiang Yunfeng suddenly slapped Wen Yujing. Other than Jiang Zhennan, the servants and guards who followed were also stunned!

This was the wife of the head of the household. Usually, the old master doted on her and even listened to her words.

But just because she pinched his arm, he slapped him?

This completely subverted the image of a loving couple.

Wen Yujing, who had been hit, was stunned at first, but when she came back to her senses, she suddenly felt humiliated.

They had been husband and wife for twenty-five to twenty-six years, and they rarely quarreled. But now, because she had accidentally pinched him, he had directly slapped her without caring about the occasion. Under the watchful eyes of the public, where was her prestige as the head lady of Duke Zhengguo's mansion?

However, Wen Yujing was a very tolerant woman.

Now, everyone, especially this B * stard, was watching her make a fool of herself. She couldn't lose her rationality, or it would be even more disadvantageous to her.

At this moment, she controlled her temper very well. After being slapped, she still had to lower her voice and say, "Old master, I'm sorry, I'm sorry!"

Jiang Yunfeng only realized what he had done after slapping Wen Yujing.

No matter what Wen Yujing had done wrong, she was still his wife. He did not care about her face and made her lose face in front of others, so he immediately felt bad.

However, he couldn't bring himself to apologize. He could only say awkwardly, "Be careful in the future!"

Wen Yujing immediately said, "Yes, master. I'll be more careful in the future!"

Jiang Zhennan had been watching the show from the side the whole time. His cold face under the mask was full of sarcasm and contempt.

He used to think that even if his father, Jiang Yunfeng, did not treat him well because he was truly in love with Wen Yujing and the children she gave birth to.

Therefore, he was especially envious of their happy and harmonious family, especially Jiang Zhenye and Jiang Wen, who were loved by their father.

At that time, he often thought that if his mother had not been jinxed to death by him and was still alive, would he be the one in his father's arms? Would their family be a happy family?

However, he knew that his happy family had been destroyed by him when he was born.

At that time, he really didn't hate Jiang Yunfeng.

Because he had always felt that he was a sinner, the culprit who killed his mother and caused his father to lose his wife.

This guilt had accompanied him for more than twenty years.

Even after he grew up and became a general, and he found out that his father had betrayed his mother when she was still alive, he still could not hate his father, Jiang Yunfeng.

It was a fact that his mother had died because of him.

He often wondered what his mother would have done if she had not died and knew that his father had betrayed her. Was she going to forgive him?

Therefore, he had always turned a blind eye to Jiang Yunfeng's actions. Even if Wen Yujing had gone overboard, he felt that he could understand. After all, he had taken her son's position.

However, now that he saw Jiang Yunfeng's foolish and selfish behavior, his heart turned even colder. In addition, he already knew that his mother's death was caused by his guilty father, so his heart became even colder.

All the hope he had for him in the past had now become cold and heartless.

Jiang Zhennan was originally in the mood to watch the show with cold eyes, but he immediately swept his gaze away and looked at Jiang Yunfeng's somewhat guilty face. The corners of his mouth curled up, and he asked suspiciously, "Oh, is that so?"

Jiang Yunfeng had always been a little afraid of his son, Jiang Zhennan, especially after he was appointed as the defender-general of the state. His powerful aura was not something that ordinary people could compare to.

However, in his mind, even if Jiang Zhennan, his eldest son, was strong and imposing, he was his father. Even if he hit and scolded him, what could Jiang Zhennan do?

However, at this moment, perhaps it was because of a guilty conscience or because of guilt towards Yuan Tongtong, his domineering attitude towards Jiang Zhennan was now a little weak as he explained, "Of course!"

Jiang Zhennan nodded his head in understanding.

Then, he waved his hand. Then, Jiang Yunfeng, Wen Yujing, and the others saw some soldiers in military uniforms suddenly emerge from the surrounding trees. Obviously, these people were the soldiers under Jiang Zhennan. There were about ten of them. What made them even more curious was that each of them seemed to be holding a hoe or shovel in their hands.

Jiang Yunfeng and Wen Yujing suddenly had a very bad feeling.

Little forty-two quickly walked up to Jiang Zhennan and said, "General!"

Jiang Zhennan nodded his head and said coldly, "Do it!"

"Yes!" The soldiers, led by little forty-two, said in unison.

What do you mean?

Just as Jiang Yunfeng and Wen Yujing were confused, they saw that the soldiers seemed to be heading toward the old madam's tombstone.

Jiang Yunfeng's expression changed and he said in shock, "Unfilial son, what are you doing?"

When he saw those people using hoes and shovels to touch the old madam's grave, Jiang Yunfeng cried out in shock, "Stop, stop! All of you, stop!"

983 Fight

As he spoke, he ran in front of them and tried to stop their actions.

However, he realized that it was all in vain.

This was because these people did not listen to him at all.

He immediately looked at Jiang Zhennan, his eyes filled with hatred. He gritted his teeth and asked, "Unfilial son, why aren't you stopping them? What are you trying to do?"

Jiang Zhennan's voice was cold and calm as he said, "Didn't you say that my mother died of dystocia and that she was an unlucky person? I seem to remember that the old madam died of illness. This is also an ominous sign. It was said that when the old lady died, her face was full of resentment and unwillingness. People who died so unwillingly would be haunted by resentment and could not be reincarnated, so they would turn into resentful ghosts or malicious ghosts and find a substitute so that they could reincarnate into a good family.

"Oh, the substitute for this kind of resentful ghost could not be anyone else but a member of the Jiang family. It could be you, the son, or it could be your son and daughter."

The more Jiang Zhennan spoke, the more it made Jiang Yunfeng and Wen Yujing's hair stand on end. There was a faint fear in their hearts.

Especially when he said the old madam would look for a substitute, the couple was clearly shocked and scared.

"As for me, she definitely can't find me. She can't even get close to me because I'm a natural jinx who can kill all evil monsters!

"So, to protect the Jiang family, the old madam cannot be buried here. So, don't you think we should move her out of the Jiang family's ancestral grave?"

Listening to Jiang Zhennan's words, Jiang Yunfeng felt as if he had lost all his strength. He did not even have the strength to make him stop talking.

For a moment, the only sound that could be heard in the entire Jiang clan's ancestral grave was the sound of a hoe and a shovel digging into the ground.

At this moment, Wen Yujing did not stop Jiang Zhennan's actions.

That was because when she heard that the old lady had died an unnatural death and would haunt her descendants, she couldn't wait for Jiang Zhennan to move the old woman's grave away.

However, Jiang Yunfeng did not have the same thoughts as her.

No matter what, this old lady was his father's first wife. She had given birth to him and had contributed to the Jiang family. No matter what, she had to be buried in the Jiang family's ancestral grave next to his father.

If he were to move his own mother's grave just because of Jiang Zhennan's threat, not to mention the criticism from the outside world or even the accusation of unfilial piety, even after death, he would not have the face to face his parents.

Jiang Yunfeng shouted sternly, "Stop, stop. All of you, stop!"

Those people still did not stop.

Jiang Yunfeng took a deep breath and asked loudly, "What are you trying to do? "

Jiang Zhennan saw that Jiang Yunfeng was finally smart for once. He immediately reached out his hand and made a gesture.

The subordinates immediately stopped their actions.

Jiang Zhennan replied, "It's very simple! It's to bury my mother in the Jiang family's ancestral grave!"

Jiang Yunfeng refused without even thinking, "Don't even think about it!"

After Jiang Zhennan heard this, he only gave a faint " Oh " and waved his hand back, indicating for them to continue.

Then, Jiang Yunfeng saw these people start to touch the old madam's grave again.

Seeing that they were digging deeper and deeper, almost revealing the coffin wood, he immediately said loudly, "Alright, I agree! Tell them to stop!"

Jiang Zhennan didn't stop them immediately. He only asked faintly, " Your Excellency, don't you despise my mother for being a filthy and ominous person? "

Jiang Yunfeng took a deep breath and said, "I don't!"

However, he thought to himself, 'I'll deal with this unfilial son first. After he leaves with his subordinates, I'll immediately get someone to move Yuan Tongtong's grave.'

However, Jiang Yunfeng's plans were not as good as the plans of Jiang Zhennan.

After Jiang Zhennan heard Jiang Yunfeng's answer, he made another hand gesture.

His subordinates understood.

They immediately filled the hole with the soil they had dug out. Their actions were very fast.

Soon after, they immediately shifted their position and arrived in front of Yuan Tongtong's "grave". They immediately began to dig.

At this moment, Wen Yujing didn't understand at all. She had only brought Jiang Zhennan to see his mother's tombstone. How did the bastard manage to get his mother to move back to the Jiang family's ancestral grave?

If Yuan Tongtong was buried in the Jiang family's ancestral grave as the Jiang family's daughter-in-law, then where would she be buried after she passed away? Was she going to be buried outside the family's ancestral grave?

The more Wen Yujing thought about it, the more unwilling she was.

But soon, she remembered that under the grave, it was just an empty coffin to deceive Jiang Zhennan!

If Jiang Zhennan found out ...

No, it wouldn't.

As long as the coffin was not opened, no one would be able to find out the anomaly. Furthermore, Yuan Tongtong had been dead for more than 20 years, and her bones were almost turning into bones. Therefore, it was impossible to recognize her.

Before she could think for long, Jiang Zhennan's subordinate immediately came over and reported, "General, there seems to be something wrong with this grave!"

Jiang Zhennan asked, "What's wrong? "

Little forty-two said, "General, this looks like a newly built grave. The soil is soft and moist!"

Wen Yujing and Jiang Yunfeng were shocked!

984 Exposed

Nanyuan farm

Lin yuelan was in her own house. She asked Little Green, “Little Green, how’s the situation? ”

Little Green replied, “Very smoothly! Sigh, master, sir is such a quiet and cold man. He should have been disappointed in his cold-blooded and heartless father. That scumbag had the intention to kill his newborn son because of his selfishness. Moreover, that scumbag had killed his own wife. Shouldn’t sir take revenge for his mother? If he still forgives his so-called father, then he’s really... too much of a saint, right?”

Little Green spoke indignantly, and there was even a feeling of hatred for Jiang Zhennan for being too kind.

Lin yuelan shook her head slightly and gently stroked Little Green’s two yellow tender shoots. She chuckled and said, ” Little Green, you don’t quite understand! This is the ancient feudal era, a world that placed great emphasis on ‘filial piety’. The education they had received since they were young was to be filial to their parents. No matter if their parents were right or wrong or how big of a mistake they had made, as children, they had to be filial to their parents unconditionally and forgive their mistakes.

“Although your sir had relied on his own abilities to become a great awe-inspiring general, he had also grown up in such an environment.

“Moreover, because he had been rejected by his father since he was young, it made him admire his father and yearn for a kind of fatherly love.

“That’s why he turned a blind eye to what Jiang Yunfeng did and even to what Wen Yujing and the Jiang siblings did.”

Little Green was puzzled. “Master, isn’t that a stupid thing? Sir should punish them and not let them go.”

Lin yuelan shook her head again and said, ” Oh, he’s a man with a cold face but a soft heart. But at the same time, he has his own bottom line and won’t let them go too far.

“Didn’t you hear that the Jiang siblings want to occupy the General’s residence and become the Masters? Once your Sir returned, didn’t he kick them out of the General’s residence without any consideration?

“Also, didn’t Jiang Yunfeng and Wen Yujing want to manipulate his marriage and make him marry a woman with such a bad reputation? As a result, he immediately rebelled and directly let their precious son, Jiang Zhenye, have the marriage.

“Even now, Jiang Yunfeng and Wen Yujing were having a headache over Jiang Zhenye’s marriage.

“He’s not a pure Saint, is he?”

Little Green thought for a moment and nodded. “master, you’re right. It was mainly because Sir had grown up in such a feudalistic environment, so his actions were somewhat understandable. It’s just that in the past, he really seemed like a Saint, and I’m not happy about that. If he continues to tolerate those bad people, master will definitely be at a disadvantage when she marries him in the future!” Little Green said worriedly.

Lin yuelan shook her head and said with a smile, “Little Green, do you think that your master would be so easily schemed against? Besides, I have you, Little Space, and little spring to help me, right?’ How can I be harmed by others again?”

Little Green pondered for a moment before nodding. “you’re right, master! In the future, Little Space, little spring, and I would definitely not let their master suffer such great harm again. If Sir is really a man who can’t distinguish between good and bad, master can break up with him and find a better man!”

Lin yuelan nodded and said, “Yes, yes, yes. Little Green is right. This man is really soft-hearted towards his mother’s murderer. He’s a Saint. I don’t need you to remind me, Little Green.

“But, Little Green, we can slowly train him, right? ” she said.

“Yes, yes!” Little Green replied immediately.

Lin yuelan smiled and said, “Alright, Little Green, continue to listen to the situation over there.”

Little Green slid down from the table, then climbed out of the window and sneaked into a corner. He touched a green plant, and a moment later, he crawled back into Lin yuelan’s room.

Little Green chuckled and said, “Master, I’ve found out. As expected, Sir is now angry at Jiang Yunfeng and his wife. Hehe, it seems that he doesn’t want to be a Saint anymore.”

Lin yuelan nodded and said, “Yes!”

985 Exposed

..

This so-called Yuan Tongtong's " grave " was only made temporarily for Jiang Zhennan to see.

Therefore, there were many things that could not be dealt with in time.

However, Wen Yujing had never expected that Jiang Zhennan would suddenly touch Yuan Tongtong's " grave ". They were not prepared at all.

Wen Yujing could only pray that Jiang Zhennan would not open the coffin and do an autopsy. Otherwise, where would she find a skeleton?

Thinking of this, Wen Yujing secretly regretted it. If she had known, she would have done more and put a set of white bones in the coffin.

In any case, this person had been dead for more than 20 years, and there would definitely be a pile of white bones left.

As long as it was a white bone, no matter how capable Jiang Zhennan was, he would not be able to detect that the white bone here was not his b * tch's mother.

When Jiang Zhennan heard little forty-two's report, he asked suspiciously, " You said that this looks like a newly built grave, and the soil is soft and wet? "

Little forty-two nodded and replied, "Yes, great general!"

When Jiang Zhennan heard this, he immediately strode to the grave and personally examined it.

Just as little forty-two had said, the soil was very soft and moist, as if it had just been piled up.

Jiang Zhennan immediately turned around and asked, "What's going on? "

Jiang Yunfeng was stunned. He did not know what was going on.

Because he hated Yuan Tongtong, not to mention the fact that he was the one who caused her death, he had a guilty conscience and was even less concerned about burying Yuan Tongtong.

Therefore, the burial was entirely decided by the old madam. Yuan Tongtong was to be buried next to the Jiang family's ancestral grave. As for the exact location, he had no idea at all.

What he didn't know was that after Wen Yujing married Duke Zhengguo's mansion and gave birth to her son, Jiang Zhenye, she knew that she couldn't kill Jiang Zhennan. Wen Yujing had her maternal family secretly dig up Yuan Tongtong's grave and then hid it in a deserted place in the wilderness.

There were two purposes. One was that in the future, if she could not control Jiang Zhennan, she might use Yuan Tongtong's corpse to threaten him.

Secondly, she absolutely could not tolerate Yuan Tongtong, this b * tch, appearing within the Jiang family's territory, even if it was near the Jiang clan's ancestral grave.

If it wasn't for Jiang Zhenye's marriage, she had no intention of letting Jiang Zhennan know where Yuan Tongtong, that b * tch, was buried.

But even so, she had no intention of letting Jiang Zhennan know about Yuan Tongtong's true burial spot.

But what she had never expected was ...

Jiang Yunfeng was also caught off guard by this sudden change.

What was even more unexpected was that there seemed to be a problem with Yuan Tongtong's grave.

In the face of Jiang Zhennan's questioning, Jiang Yunfeng once again mumbled and could not come up with an explanation.

"This ... This, I don't know either."

Jiang Zhennan asked sharply, "You don't know? Do you know who is buried inside? It's your first wife-Yuan Tongtong! Now, there's a problem with her grave, and you're saying you don't know!" Jiang Zhennan was obviously suppressing his anger.

Jiang Yunfeng was so reproached that he couldn't say a word.

At this time, Wen Yujing wanted to stand up and defend Jiang Yunfeng.

Suddenly, the people who were digging the grave seemed to have touched something. The seal of the coffin suddenly opened up, revealing a big hole. Then, someone immediately said in surprise, "Eh, what's going on? This coffin seems to be empty?"

When Jiang Zhennan heard this, he immediately squatted down to check.

Then, he ordered in a deep and stern voice, "Open the coffin for me!"

His subordinates immediately obeyed.

Hearing this, Wen Yujing's face turned pale. She immediately stood up and shouted, "No!"

Jiang Zhennan's sharp eyes looked at her coldly, and he asked coldly, "Why not?"

Wen Yujing explained, "Nan 'er, your mother has been buried here for more than 20 years. You have disturbed her peace by suddenly touching her grave. If you touch her coffin now, don't tell me you want to make mother unable to rest in peace?"

Wen Yujing was still trying to push the blame onto Jiang Zhennan.

Jiang Zhennan listened to Wen Yujing's sophistry and didn't say anything. The coldness and gloominess of his body simply corresponded with the gloominess of the cemetery, which was very creepy.

Wen Yujing felt a chill run from her feet to her head, making her shiver in discomfort.

After that, she heard Jiang Zhennan's cold voice. "in order to ensure that my mother can sleep peacefully, I will personally check on her. If the person in this coffin is really my mother, I'll kowtow three times and kowtow nine times to apologize for my sins. I believe my mother will forgive me! Do it!" The last sentence was obviously directed at his subordinates.

As soon as the order was given, his subordinates began to move.

A moment later, the coffin was opened.

However, to everyone's surprise, there wasn't even a piece of clothing in the coffin, let alone bones and burial items.

An empty coffin!

It was a true empty coffin!

This made everyone confused!

Didn't they say that this was the grave of the eldest young master's mother?

But this ...

What was going on?

Seeing Jiang Zhennan open the coffin despite her attempts to stop him, Wen Yujing's entire body suddenly went soft, as if she was going to collapse at any moment.

The worst outcome had still appeared.

However, what made her feel even more uncomfortable was that she felt cold all over her body.

And the source of this cold was ...

Wen Yujing looked at Jiang Zhennan. Oh, to be exact, she was looking into Jiang Zhennan's eyes, those eyes that were cold and filled with killing intent.

986 A Crushing Defeat

Jiang Zhennan's cold voice rang out in this somewhat empty and gloomy place. "what the hell is going on? Why is my mother's grave an empty coffin? Where is my mother? If you don't give this general answer, I will not rest!"

The last sentence was clearly a sign of anger. He told Jiang Yunfeng and his wife that he would not give up easily until he got a satisfactory answer!

Jiang Yunfeng, who was being questioned, looked at the empty coffin. His entire person was in a state of confusion and dumbfoundedness. But when he slightly came back to his senses, he immediately felt as if his entire body had fallen into an ice cave.

This feeling came from his son, whom he had always hated.

In the face of Jiang Zhennan's stern question once again, Jiang Yunfeng's mind was completely blank. He could not think of any answer that could deal with Jiang Zhennan.

It was because he did not know how Yuan Tongtong's tomb had become empty.

No, since it was an empty tomb, where was Yuan Tongtong buried?

Suddenly, Jiang Yunfeng accidentally glanced at Wen Yujing, who was standing at the side and twisting her fingers. He suddenly had an idea, and then he shouted, " Wen Yujing, where did Yuan Tongtong's bones go? "

When Wen Yujing was discovered by Jiang Zhennan, she was already very flustered. However, she still controlled herself to maintain her rationality and not be too flustered. This was because her son's fate was still in her hands.

Therefore, for the sake of her son, she could not lose her sense of propriety at this moment.

Wen Yujing continued to comfort herself, but sometimes, her unconscious actions betrayed her panic and guilt.

When Wen Yujing heard Jiang Yunfeng's stern question, she was shocked because she didn't expect that Jiang Yunfeng would want to push the blame on her, although it was a lucky hit.

She immediately calmed down.

She explained, "Old master, you're asking the wrong question. From my sister's death to her burial, I haven't even married into Duke Zhengguo's mansion yet. So, how would I know where my sister is buried? However, I've heard from the servants that elder sister's funeral was all arranged by the old madam. Didn't the old madam tell you?"

Jiang Yunfeng was choked by Wen Yujing's words.

That's right.

At that time, Wen Yujing had not married into Duke Zhengguo's mansion. At that time, she was still his beloved mistress.

Therefore, what Wen Yujing said was the truth.

Jiang Zhennan was not in the mood to watch them push the blame back and forth. He asked again in a stern voice, "I'll ask you again, where is my mother? Where is she buried?"

Jiang Yunfeng was embarrassed, angry, and anxious. His face turned green, red, white, purple, and all kinds of colorful changes.

He could not answer.

Wen Yujing rolled her eyes, then said carefully, "Nan 'er, your mother's burial was arranged by the old madam. So, only the old madam knows where she is, right?"

At this time, Jiang Zhennan looked at Wen Yujing coldly and said sharply, "I remember that when you sent someone to look for me yesterday, you asked the servant to pass on a message to me. You told me clearly that I would break off the marriage for Jiang Zhenye, or else you would burn my mother's bones and scatter her ashes, right?"

Hearing this, Wen Yujing's face immediately turned pale!

His entire body was on the verge of collapsing!

She finally reacted.

She seemed to have dug a hole for herself and jumped in.

As expected ...

“In that case, you should be very clear about where my mother’s bones are. Otherwise, you wouldn’t have thought of using my mother to threaten me.” then, Jiang Zhennan asked fiercely, “Tell me, where is my mother? Or rather, where did you hide my mother?”

Jiang Yunfeng also reacted in an instant. He turned his head and asked Wen Yujing sternly, “Where are Yuan Tongtong’s bones? ”

He had already given up hope on Jiang Zhenye’s annulment of his marriage.

However, just yesterday, Wen Yujing had suddenly come to tell him that she was using Yuan Tongtong to threaten Jiang Zhennan. If he did not do as she said, Yuan Tongtong could forget about staying with the Jiang family.

At that time, he thought that it was a good plan.

Then, he promised Wen Yujing that she would look for Jiang Zhennan personally.

Later, Wen Yujing told him that Jiang Zhennan agreed to do their bidding on two conditions. One was to see his mother’s memorial tablet in the Jiang family’s ancestral Hall. Two, he wanted to see his mother’s grave.

If you find any errors (broken links, non-standard content, etc..), Please let us know < report chapter > so we can fix it as soon as possible.

987 A Crushing Defeat

However, Yuan Tongtong’s memorial tablet was not in the Jiang clan’s ancestral Hall. This matter ...

Immediately, Wen Yujing gave him an idea to have someone make a temporary memorial tablet and then place it in the Jiang family’s ancestral Hall to deal with Jiang Zhennan first.

At that time, he was convinced by Wen Yujing, and with a wave of his hand, he left everything to her.

However, he did not expect that Wen Yujing would actually use Yuan Tongtong’s corpse to threaten Jiang Zhennan.

Therefore, Yuan Tongtong's bones were not in the grave, so it was most likely that Wen Yujing had hidden them.

This was the only way she could truly threaten Jiang Zhennan.

Wen Yujing's face was pale. She shook her head and weakly explained, "It wasn't me. It wasn't me. I didn't know that b * tch ..." She almost called her a b * tch, but she immediately covered her mouth and continued, "Where's my sister's body? I don't know!"

However, the guilt and panic on her face could not be hidden from anyone present.

Jiang Yunfeng did not know what to do.

Wen Yujing refused to admit it, but he could not torture her like a criminal. After all, she was his wife. Besides, he also had an idea in his heart. Since Wen Yujing was smart enough to hold Yuan Tongtong's corpse and use it to threaten her unfilial son, why couldn't he use it as well?

However, at the thought of Jiang Zhenye's marriage, Jiang Yunfeng immediately fell silent again.

The Jiang family only had a few children. Jiang Yunfeng only had three children, including Jiang Zhennan. He was worried that if Jiang Zhenye married Zeng Yanli and was really jinxed to death, wouldn't the Jiang family be without descendants?

Having an heir was a big deal.

Hehe, no matter how he thought about it, Jiang Yunfeng had never treated Jiang Zhennan, the eldest son of the first wife, as a descendant of the Jiang family.

Jiang Yunfeng immediately became weak and said to Jiang Zhennan without any confidence, "Your mother's grave might have been robbed by those grave robbers!"

Jiang Zhennan said sharply, "Hmph, there are many luxurious graves on the other side. Those grave robbers didn't rob them, but they robbed an obviously shabby grave in a corner. Your Excellency, do you believe this reason?"

He didn't believe it!

As long as the grave robber was not blind, he would definitely know where to go.

Jiang Yunfeng couldn't find any reason to explain himself, and he didn't have much confidence.

Therefore, he simply stopped talking.

This made Wen Yujing very anxious.

But then, she gritted her teeth and thought to herself, 'I don't care anymore!'

Soon, she restrained her dejected aura and suddenly exuded the aura of the matriarch of a powerful family in the upper layer.

She stared sharply at Jiang Zhennan and said coldly, " Jiang Zhennan, you said that you wanted to see your mother's memorial tablet in the Jiang family's ancestral Hall, and you saw it. You said that you wanted to see your mother's grave, and you saw it as well. As for the uncontrollable accident, mother also feels sorry, but mother has already fulfilled the two conditions I promised you. Shouldn't you fulfill your promise and go to the palace to break off Ye 'Er's engagement?"

Wen Yujing was really thick-skinned and shameless.

Using a temporary memorial tablet and an empty grave to ask him, Jiang Zhennan, to do something.

Did she think that others were fools?

Jiang Zhennan looked at Wen Yujing coldly and said, "You are wrong about three things. First, my mother has passed away, and you are not qualified to be my mother!"

Wen Yujing's face darkened when she heard this. Then, she heard Jiang Zhennan mention two other things.

"Secondly, I said that I wanted to see my mother's memorial tablet in the Jiang clan's ancestral Hall. However, I didn't see my mother's memorial tablet in the ancestral Hall. Secondly, I said that I wanted to see my mother's grave, but that doesn't mean that any random empty grave will become my mother's grave!

"So, since you don't keep your promise, then don't blame me for not keeping my promise!"

Wen Yujing's face suddenly changed. Her expression became stern, and her voice was almost shrill as she reproached, "So, you're not going to go to the palace to break off the engagement, right? "

The corner of Jiang Zhennan's lips curled up slightly. He then said to Wen Yujing sarcastically, "Do you think that I would do something like that after you treated me like a fool? "

"Jiang Zhenye is your younger brother! Are you really going to watch your brother get jinxed to death by a woman? " Wen Yujing shouted in anger.

Jiang Zhennan said coldly, "My mother only gave birth to me! I have no brother! Besides, what does his death have to do with me!"

"Jiang Zhennan, you B * stard, do you think that you can get Duke Zhengguo's mansion just because my Ye 'er is dead?"

At this time, Wen Yujing had been provoked by Jiang Zhennan's words and was somewhat irrational. She couldn't pretend anymore!

"I'm telling you, as long as I, Wen Yujing, am still in Duke Zhengguo's mansion, you can forget about inheriting Duke Zhengguo's mansion! Duke Zhengguo's mansion belongs to my family's Ye 'er. You, a bastard who should have died a long time ago, have no right to compete with him for any family property!"

When Jiang Yunfeng heard Wen Yujing's words, he looked at the servants around him and immediately cried out in his heart, 'Not good!'

Although the couple had said these things in the past, they had only done so in private.

Now, Wen Yujing, this b * tch, actually said such a thing in front of this unfilial son and so many people. In the future, if this were to spread, the upper echelons would definitely look down on them.

"Shut up!" Jiang Yunfeng shouted.

However, Wen Yujing held the other side of her face that had been slapped. Both sides of her face were red and swollen, and she immediately looked like a pig.

But Wen Yujing didn't care. As long as she thought of Jiang Zhenye's marriage, she would lose her mind.

She glared at Jiang Yunfeng with hatred and roared, "Jiang Yunfeng, our son is going to be jinxed to death by a woman. His death would benefit this bastard, how could you tell me to shut up?"

988 Wrap

Wen Yujing scolded Jiang Zhennan, but Jiang Zhennan just looked at her coldly, revealing his thick lips. The angle of sarcasm and mockery never disappeared.

When Wen Yujing thought that Jiang Zhenye was going to marry a woman with a bad reputation, she felt as if her heart was being cut open by a knife.

Ever since Jiang Zhenye had been bestowed a marriage by the Emperor to marry Zeng Yanli, she had never thought that it would really go through.

Because as long as Jiang Zhennan was still in Beijing, she would not let him have his way!

Therefore, while she played the role of a kind mother in front of everyone, she secretly spread rumors that were not beneficial to Jiang Zhennan in order to force him.

However, she never expected that not only did she fail to force him, but she also angered the emperor.

In order not to offend her face, she could only go to Jiang Zhennan's door in a gentle manner to beg him. However, for some reason, she seemed to be angered by him every time and even lost face in public.

As a last resort, she could only find another way and tamper with the Zeng residence.

However, it seemed that the heavens were always going against her. The plan that was supposed to be foolproof had turned into a farce in the end. However, they had to bear the consequences of the farce.

Seeing that Jiang Zhenye's marriage was just around the corner, Wen Yujing had no choice but to use her trump card.

But ...

After Wen Yujing and Jiang Yunfeng had a big fight, she glared at Jiang Zhennan with an extremely resentful gaze and continued to curse, "You B * stard, I knew you were a jinx, and you came here to bring disaster to my Ye 'er specifically. I really regret that I didn't strangle you to death when you were young. Otherwise, my Ye 'er wouldn't have been forced to marry a jinx today. As the heir of Duke Zhengguo's mansion, if he were to marry, he would definitely marry a woman of equal social status ..."

Except for Jiang Zhennan, everyone at the scene was so shocked that their mouths were wide open. Hearing Wen Yujing scold her stepson Jiang Zhennan with such vicious words, they were stunned.

She actually wanted to kill her stepson when he was young!

You really can't judge a book by its cover!

Even the servants of Duke Zhengguo's mansion had always thought that Jiang Yunfeng did not like Jiang Zhennan, the eldest son of his first wife. To be honest, there were very few fathers who would like their own son who was born to be their jinx, so Jiang Yunfeng's dislike was understandable.

However, as a stepmother, even if Wen Yujing didn't like her stepson, she had to at least put up a front. Otherwise, the public would only point fingers at her as a stepmother and say that she was vicious and couldn't tolerate her stepson.

In fact, Wen Yujing had done a good job on the surface.

In the past, when Jiang Zhennan was in Duke Zhengguo's mansion, he was sent to a shabby courtyard. Those noble ladies also knew how to read the mood.

They knew that Wen Yujing had taken over, and she had given birth to her own son, who was more likely to inherit the Zhengguo mansion. Therefore, they turned a blind eye to Jiang Zhennan's situation.

After Jiang Zhennan disappeared from Duke Zhengguo's mansion, Wen Yujing was afraid of being questioned, so she found an excuse and said that he had gone out to travel with his teacher.

Since that was the case, the people in the circle would not ask about Jiang Zhennan's whereabouts. Some even praised Wen Yujing, the stepmother, for being so kind to her stepson.

One day, Jiang Zhennan's identity changed. He became a general and returned triumphantly.

Everyone congratulated Wen Yujing, saying that her stepson was a capable man for producing such a great feat from his travels.

Wen Yujing could only put on a fake smile and thank these people.

From this incident, no one could tell that Wen Yujing was really vicious. She was kind to her stepson, Jiang Zhennan.

However, from the moment Wen Yujing wanted to push Jiang Zhennan to marry Zeng Yanli at the annual banquet, everything changed.

Her pair of children, who used to be very obedient in the eyes of outsiders, had actually scolded their eldest brother in public as a B * stard. They had no upbringing to speak of. This made all the royal family and aristocrats present show sarcasm.

Wen Yujing's true form was exposed too. Her ugly form was undoubtedly exposed!

Later, it was because the Emperor doted on Jiang Zhennan and could not bear to see Jiang Zhennan marry such an unbearable woman. No one knew what Jiang Zhennan did after that, but this marriage fell on Jiang Zhenye's head.

This attracted the ridicule of the upper-class circle. Wen Yujing really suffered a double loss.

In the end, she went through all kinds of trouble to get a jinx to marry Jiang Zhenye.

Finally, Wen Yujing lost her rationality and hysterically tore all decorum with Jiang Zhennan.

Only then did everyone know that Wen Yujing was actually such a vicious stepmother!

Of course, among the people present, other than Jiang Zhennan and his subordinates, the rest were only the servants of Duke Zhengguo's mansion. There were no outsiders.

As for whether Wen Yujing's vicious nature would spread, no one knew.

Jiang Zhennan listened to Wen Yujing's abuse coldly. Finally, he said to Jiang Yunfeng coldly, "I will definitely find out where my mother is! If my mother really doesn't have a corpse left, then Duke Zhengguo and Madam Duke, you can just wait for this General's revenge! Let's go!"

The last sentence was, of course, directed at his subordinates.

Just as Jiang Zhennan turned around, he gave Jiang Yunfeng and his wife another blow. He said, "Tomorrow, the second son of Duke Zhengguo's mansion will be getting married. As his elder brother, I will personally come to congratulate you! I'll even give you a big gift!"

Jiang Yunfeng's face darkened, and he pointed at Jiang Zhennan angrily. "you ..."

When Wen Yujing heard Jiang Zhennan's words, she screamed a few times hysterically before she fainted!

Jiang Yunfeng immediately caught her, but Jiang Zhennan did not even look at her and left straight away!

989 Get Lost

As soon as Jiang Zhennan returned to Nanyuan Manor, he saw Lin yuelan standing at the door with a smile, welcoming his return.

In an instant, that cold and sorrowful heart melted like ice and snow, warming up.

It was no longer important how those people treated him.

The excessive anticipation in the past was gradually worn away and had completely turned into indifference. There was no disappointment, no despair.

Could you expect a stranger to treat you as passionately as a family member?

That was simply impossible.

So, why should he be bothered by a stranger's attitude toward him?

He already had someone he cared about, and that person had given him warmth and love.

For this warmth, for this love, no matter what, he would protect it and not let anyone destroy it!

Thinking of this, Jiang Zhennan quickened his pace and walked toward Lin yuelan. He held her hand and said in a somewhat reproachful tone, " Yue 'Er, the weather is a little cold today. You don't have to wait for me at the door. You're usually so tired. You should have a good rest in the house."

As he spoke, he took off the cloak on his body and put it on Lin yuelan.

Lin yuelan didn't refuse. She just smiled and said, "It's fine. How's the matter?"

Jiang Zhennan said faintly, "Just as Yue 'er predicted, the couple just wanted to deal with me casually!"

Lin yuelan smiled and asked, "Then Duke Zhengguo's mansion's wedding will be held as scheduled tomorrow. Then wouldn't the Duke's wife faint from anger?"

Jiang Zhennan nodded and said, "That's right. When I returned, she had already fainted from anger!"

Lin yuelan laughed.

Jiang Zhennan looked at Lin yuelan's beautiful face and asked hesitantly, " Yue 'er, will Jiang Zhenye really be jinxed to death by Zeng Yanli? "

It wasn't that he felt sorry for Jiang Zhenye, but this marriage could be considered a forced one.

He was afraid that if Jiang Zhenye were really jinxed to death by Zeng Yanli, his reputation would be ruined. What he was worried about was that if Jiang Yunfeng and his wife were to cause a ruckus, the emperor's reputation would be damaged.

No matter what, the Emperor had arranged the marriage because of him.

Lin yuelan guessed what Jiang Zhennan was thinking. She patted the back of Jiang Zhennan's hand and said, "Don't worry. I'll get Little Green to keep an eye on Jiang Zhenye. He won't be able to die even if he wants to."

If Jiang Zhenye died, Jiang Yunfeng and his wife would definitely take revenge.

She was not afraid of their revenge. To her, no matter how crazy they were, she had the ability to fight back.

Jiang Yunfeng and Wen Yujing had made big brother Nan suffer so much since he was young. Even their son and daughter had taken big brother Nan's things for granted.

Therefore, if Jiang Zhenye were allowed to die, it would be too easy on them.

Didn't the couple in Duke Zhengguo's mansion, the brother and sister, always hope to get rid of Brother Nan so that Jiang Zhenye could rightfully inherit Duke Zhengguo's mansion?

Hehe, she would not let them do as they wished.

She would let them see it but not eat it. She would watch helplessly as Duke Zhengguo's mansion was inherited by the person they regarded as a thorn in their eyes and ears. She believed that this feeling would definitely be more unbearable than death.

The next day.

It was the day of the marriage between the Minister of Revenue's residence and Duke Zhengguo's residence.

The civil and military officials of the officialdom all came to the two families to congratulate them.

Although they didn't know how sincere they were, the mocking smile on their faces made Jiang Yunfeng and Wen Yujing particularly resentful.

"Congratulations to the Duke, congratulations to the lady!" They all said.

But in the capital, who didn't know the truth?

Not only was Zeng Yanli a jinx, but she also had an affair with a servant a few days ago. Because of this, the people of Duke Zhengguo's mansion made a scene in the palace. They thought that they could cancel the engagement, but for some reason, when they returned to Duke Zhengguo's mansion, the Empress's imperial decree had arrived.

This imperial decree was not to cancel the marriage but to let the people of Duke Zhengguo's mansion do a good job in this marriage.

No one in the outside world knew how things had turned out this way.

However, in the upper-class circle, there were some not-so-secret secrets.

In a short period of time, everyone knew that it was all an act. The fact that the Zeng family's eldest miss had an affair with a servant and was caught red-handed by Duke Zhengguo's wife was actually a show designed by Duke Zhengguo's Manor to break off the marriage.

990 Get Lost

Fortunately, the servant girl who served Zeng Yanli had a guilty conscience after betraying her. When Duke's wife left, she told the truth to the Minister of Revenue and his wife.

This time, Mrs. Zeng couldn't take it.

Since Duke Zhengguo's mansion had gone too far, then don't blame the people of the Zeng Manor for not giving them any face.

Therefore, when Duke Zhengguo's Madam came to Empress Dowager's Palace to make a scene, Mrs. Zeng was already in front of the Empress, crying and complaining about the grievances of her eldest daughter and the Zeng Manor.

That was how the Empress's decree came about.

After the news spread, the rich ladies in the circle immediately felt that Wen Yujing was too ruthless and calculative. Such a person could be befriended, but not deeply. Otherwise, they would not know when they would be tricked by her.

Therefore, all the rich ladies had a deep understanding that they must keep a certain distance from Wen Yujing. They could make friends with her, but they must also be on guard!

But now, all the ladies in the circle were secretly mocking and mocking Wen Yujing's actions. She deserved it!

Even if Zeng Yanli had fallen for her scheme and had an affair with a servant as she wished ...

However, Zeng Yanli, who had an affair with a servant, ended up marrying her son, Jiang Zhenye.

Jiang Zhenye's cuckold was really strong!

However, they had no choice but to suffer such a loss!

"Congratulations to the Duke's wife!"

The men were entertained by Jiang Yunfeng and Jiang Zhenye, while the rich ladies were attended to by Wen Yujing and Jiang Wen.

Wen Yujing didn't look happy at all. "same to you!" she replied gloomily. Her attitude and tone made it seem as if the person owed her a few million taels of silver.

The woman who came to congratulate had a trace of contempt and disdain in her eyes. She also showed a displeased expression on her face. However, she did not say anything and only secretly pouted.

Everyone could see that Wen Yujing's face was gloomy, and her temper was bad. Those who didn't have a good relationship with her, or were just ordinary friends, simply went up and said, "Congratulations!" After that, they returned to their seat and chatted with their friends.

Those who were close to Wen Yujing said, "Mrs. Jiang, it's a done deal. You can just take it easy! Ye 'er is a blessed person. He'll definitely live to a hundred years old!"

But everyone in the capital knew that Zeng Yanli was a jinx to her husband, and whoever married her would lose their life!

It was unknown whether it was Duke Zhengguo, Jiang Yunfeng, or Jiang Zhenye who had made the Emperor unhappy at the New Year's banquet, which led to such a marriage.

But could they say that the Emperor had caused great harm to people? Could he say anything bad about the Emperor? Unless you want to exterminate your entire family!

Therefore, they could only sympathize with Wen Yujing but could not help her!

Wen Yujing gritted her teeth and said, "The person who wanted my Ye 'er dead was that B * stard! We definitely won't let him have his way. My Ye 'er will definitely live well and live to a hundred years old. We'll anger them to death!"

"Yes, yes, yes, Mrs. Jiang, don't be angry. Your family's Ye 'er must be a blessed person!"

At this moment, Jiang Wen ran over crying and said to Wen Yujing, "Mother, I don't want to entertain them anymore! They were really going too far ..."

"What's wrong, Wen 'er?" A Vice minister's wife beside him quickly asked, "Aiya, don't cry. If you cry until your eyes are red and swollen like a rabbit's eyes, you won't look good!"

As she spoke, the lady looked around and whispered into Jiang Wen's ear, "There are many young talents here today. Wen 'er is so beautiful. She will definitely attract their attention. So, don't cry!"

When Jiang Wen heard this, she immediately covered her mouth and looked around. As expected, many unmarried men were looking in their direction.

In order to maintain her beautiful, pure, and sensible image, Jiang Wen immediately stopped crying.

"What's wrong, Wen 'er?" Wen Yujing asked, puzzled.

Jiang Wen looked at the gazes of the ladies around her and immediately shook her head. "Nothing, mother! I'm going to entertain all the sisters!"

In fact, Jiang Wen had been reprimanded by the Emperor because she had scolded her elder brother at the New Year's banquet.

Her image had fallen a thousand times because of this!

The ladies were afraid that Jiang Wen would lead their children astray, so they warned their children to keep a distance from her.

Therefore, during this period of time, whether it was the invitations sent by Jiang Wen or her letters of visit, they would all be rejected.

As for a reason, it was very simple. They had no time and had other arrangements.

Therefore, Jiang Wen's social circle seemed to be closed off for a while.

Just now, those socialites were laughing at Jiang Wen's lack of manners. Jiang Wen had heard them and ran away in anger.

Just as Jiang Wen was about to leave, a nanny came over and whispered something to Wen Yujing.

Wen Yujing's gloomy face immediately became even darker.

She gritted her teeth and said, "He still has the face to come here!"

Jiang Wen asked in confusion, "Mother, who is it?"

Wen Yujing didn't answer Jiang Wen but said to the madams, " Ladies, you can talk first. I have something urgent to attend to, so I'll take my leave first!"

After she finished speaking, she hurriedly walked towards the door.

Jiang Wen followed behind out of curiosity.

When she reached the main gate of Duke Zhengguo Manor, he saw that there was already a circle of people around. Some people were even pointing at the door and whispering.

Jiang Wen was even more confused and curious. 'What kind of person had come to the door to attract so many people?'

She walked over and saw Jiang Zhennan wearing a silver mask, silver armor, and a big sword. She immediately said angrily, " Jiang Zhennan, what are you doing here? You're not welcome here, so get lost!"

As soon as Jiang Wen finished speaking, everyone present looked at Jiang Wen in disbelief.

It was as if Jiang Wen had turned into a monster!

991 Lin Yuelan's Appearance

Jiang Wen's sudden roar and pointing of her finger shocked the people who were watching the show. There were officials, ladies, daughters, and most importantly, unmarried young men!

After the new year, they had heard that the eldest young lady of the defender-general Manor, Jiang Wen, was a loose-lipped, unruly and willful woman. In front of the Emperor and all the other high-ranking officials and nobles, she could curse the defender-general as a bastard.

At that time, the Emperor showed his might and gave Jiang Zhenye 30 strokes of the stick on the spot. He ordered Jiang Yunfeng and his wife to educate their son and daughter well so that they wouldn't look down on their elder brother. They even dared to scold his beloved general in front of the Emperor.

Any small commotion that happened there would immediately spread throughout the entire circle.

Therefore, the fact that Jiang Zhenye and Jiang Wen had disrespected their brother in front of the Emperor and in public spread to everyone in the circle.

The noble young ladies Jiang Zhenye and Jiang Wen were all secretly keeping a distance from them in case they ruined their reputation and affected their future marriage.

As for those whose status was not comparable to the Jiang siblings, other than trying to please them, they were also very careful when interacting with them. They had to be careful not to be corrupted.

Only this pair of confused siblings could not understand the subtle changes in the circle.

At this moment, Jiang Wen, who was not supposed to say anything, suddenly jumped out of the crowd and said this. It was really an eye-opener for everyone.

Some of the officials and Noble ladies who came to attend the wedding banquet this time actually had the idea of marrying their sons to Jiang Wen.

However, after seeing Jiang Wen's current state, they immediately dispelled that thought.

Perhaps their families could not compare to Duke Zhengguo's mansion, but they should marry a virtuous wife.

If they married a scourge, they would bring disaster to the family for three generations.

Therefore, they would rather their son marry a virtuous and virtuous lady from a low-class family than a willful and unruly daughter from a high-class family who had no respect for hierarchy.

Jiang Wen might not have known that with her loud voice, she, who originally had some reputation, was immediately destroyed. From a delicate and dignified lady of a big family, she had become an unruly and willful daughter.

By the time Wen Yujing recovered from her shock, she was so angry that she wanted to faint again.

The crowd was watching the commotion. Looking at their expressions and eyes and the strange way they looked at Jiang Wen, she immediately realized that she could not faint at all.

Because Jiang Wen had to salvage her reputation.

However, before she could speak, another voice ...

“Jiang Zhennan, you bastard, why are you here?”

Jiang Zhenye was dressed in a red wedding outfit. He didn't look happy at all about becoming a groom. Instead, his eyes were blue, and his face was Haggard and pale. He was simply white impermanence. Even in broad daylight, he still looked very scary.

“Oh, right. You're here to laugh at me, right? Now that you've seen me marry an ugly woman, are you happy?”

As he said this, his expression immediately revealed a look of hatred, and he roared angrily, “ Jiang Zhennan, I'm telling you, I won't die so easily. I haven't inherited the defender Duke Manor, I haven't become the defender Duke, how can I be jinxed to death by such an ugly woman?”

Jiang Zhenye's words surprised everyone even more than before.

However, when they saw Jiang Zhenye, who had obviously lost weight and looked extremely pale, many people who had come to laugh at him were immediately surprised.

Could it be that Zeng Yanli had already jinxed Jiang Zhenye?

Zeng Yanli's jinx power was really too powerful!

In an instant, many people immediately sympathized with Jiang Yunfeng and his wife.

It didn't matter if they had really wanted Zeng Yanli to marry Jiang Zhennan before, whether it was for Jiang Zhennan's own good or if they had secretly set Jiang Zhennan up and used Zeng Yanli to kill him, at this moment, they had already suffered the consequences of their own actions.

To the Emperor, compared to being the dispensable second son of Duke Zhengguo's mansion, he valued his general more. He also didn't dare to bet on Zeng Yanli's jinx power.

Since the couple had plotted against their beloved general right under his nose, he would teach them a lesson.

If Jiang Zhenye didn't die, he would be lucky. If he died, it would be his fate.

992 Lin Yuelan's Appearance

Of course, there was another reason. That was because Jiang Zhennan had retaliated against the couple for the first time and negotiated with the Emperor. The Emperor was, of course, very happy to fulfill his wish.

Of course, the emperor's thoughts were also figured out by these people.

However, no one other than the Emperor and Jiang Zhennan knew about what they had discussed.

Once Jiang Zhenye's words came out, people once again questioned the education of Jiang Yunfeng and his wife for their children.

In a big family, it was normal to have some ambitious thoughts.

Some families were similar to Duke Zhengguo's mansion. After the first wife passed away, the eldest son was left behind. The father then married a step-wife and had a son.

However, they didn't dare to harm the eldest son or teach their children to scold the eldest son. After all, the eldest son's identity was more honorable than theirs. Therefore, they couldn't attack him casually.

It was probably only Duke Zhengguo's mansion that would speak of their dirty deeds openly.

Perhaps Jiang Zhenye had suffered a huge blow, so he vented his anger on Jiang Zhennan.

After all, everyone had heard that Zeng Yanli was supposed to be married to Jiang Zhennan according to Wen Yujing's plan, but in the end, she was married to her own son, Jiang Zhenye. The emperor's bestowment of marriage was something that could not be resisted at all!

However, no matter how much she had been wronged, the only thing she could do in public was endure it!

But people were stupid ...

Therefore, this time, they were looking at the couple with a strange look, not at Jiang Zhenye.

Jiang Yunfeng looked at the strange eyes of his guests. His originally gloomy face suddenly turned red. This was embarrassment and anger.

He immediately shouted at Jiang Zhenye, "Shut up! He's your big brother, not some bastard! Also, your marriage was bestowed by His Majesty, so what does it have to do with Nan 'er?"

If Jiang Zhennan was a bastard, then what was Jiang Yunfeng?

Also, this marriage was related to Jiang Zhennan, so he couldn't anger him at this moment.

At such a time and place, no matter how stupid Jiang Yunfeng was, he knew what he should and shouldn't say.

It was just that Jiang Yunfeng was smart at this moment. However, someone was not cooperating and was dragging him down.

Jiang Zhenye said loudly, " Father, didn't you and mother tell my sister and me that this Jiang Zhennan is the bastard child of Yuan Tongtong, that b * tch? "

The moment he said that, the entire place fell silent!

Wen Yujing was so scared that her face turned pale, and she almost fainted.

However, the tips of her fingers dug into her flesh, and blood flowed out. The pain reminded her again and again that she could not faint. Otherwise, her Ye 'er would really not be able to survive in this circle. In the future, not to mention becoming Zhengguo Duke, even his ranking in the Imperial examinations would be removed.

It was only because he had lost his moral character!

"Pa!"

A crisp slap resounded in the silence.

The sound made people look over.

Then, they saw a tall woman wearing a red dress and a red butterfly mask. She stood in front of Jiang Zhenye and clapped her hands. Then, they were immediately shocked to find that Jiang Zhennan had walked in front of her in a few steps. He took her hand and looked at her. He asked with heartache, "Does your hand hurt? Look, it's Red! Next time, you don't have to do anything, I can solve it myself! Look at your soft skin. If you get hurt, I'll be the one who'll be heartbroken!"

The people present were first shocked, then surprised, and their mouths twitched. Finally, they were shocked.

Was this man Jiang Zhennan, the terrifying general of the state who everyone was afraid of?

Could it be this person be an impostor?

They had long heard about Jiang Zhennan's ruthless and cold aura. In fact, what was more terrifying about him was his reticence.

They also heard that as long as he spoke, he would take someone's life!

The rumors might have been a little exaggerated, but they believed that these things were not without basis.

Therefore, now that they suddenly heard and saw Jiang Zhennan talking to a woman in red, and every word was so mushy, they were even more suspicious.

"Is this the great general?"

"Is this the defender-general of the state, Jiang Zhennan?"

"Oh, that's not right. Who is this woman wearing a butterfly mask and red clothes? "

"What's going on? Seeing the woman hit Jiang Zhenye, it was obvious that Jiang Zhenye's words had angered the woman in red. But the question now was, what was the relationship between this woman in red and the general? Can someone give me an answer!"

The answer would soon be revealed.

Jiang Zhenye was stunned by the sudden slap.

He immediately reacted and covered half of his face. He roared at her and asked, " Who are you? What right do you have to hit me?"

Lin yuelan's small and delicate pink lips were revealed in front of everyone. She smiled and said, " Oh, I'm sorry. It was just that when I heard those words, they were particularly harsh to the ears, and my hands were so itchy that I wanted to scratch them. See, I accidentally scratched your face! Oh, I'm really sorry!"

Everyone, "..."

Were her hands itchy? And she smacked Jiang Zhenye because of that? Anyone with eyes could tell that she had used a lot of strength. Otherwise, how could Jiang Zhenye's originally thin face have become bloated so quickly?

Jiang Zhenye was speechless. Itchy hands?

Seeing Jiang Zhenye being beaten up, Wen Yujing's blank mind immediately sobered up.

"It's you!" she exclaimed in surprise. He then glared at her and said angrily, "What are you doing here? Without an invitation, who let you in?"

Lin Yuelan seemed to have just noticed Wen Yujing.

She first looked at the crowd around her and then said very respectfully, "Oh, it's the Duke's wife! I've been disrespectful!"

Then, she changed the topic and asked 'concernedly', "Madam, do your legs and knees still hurt? Do you want this lady to take another look?"

Everyone, "?"

993 Domineering

There were two people standing outside Duke Zhengguo Manor. One was the third Prince, Yuwen Feiye, and the other was the emperor's eldest grandson, Yuwen Xuhong.

One of them had come to Duke Zhengguo's mansion on behalf of the royal family to congratulate him, while the other had come purely to watch the show.

The person who had come to watch the show was Yuwen Xuhong.

Because he wanted to know how Duke Zhengguo's mansion, who was forced to marry a woman who brought bad luck to their husband, would handle this wedding.

He vaguely knew that Jiang Zhennan was the one instigating this marriage.

He was a little surprised.

The couple in Duke Zhengguo's mansion, as well as the siblings, were very dissatisfied and resentful of Jiang Zhennan. They even wanted Jiang Zhennan to die. Then, Duke Zhengguo's mansion would be directly inherited by them.

It was said that the Duke's wife had joined hands with a certain Prince in the palace to secretly harm Jiang Zhennan.

It was a life-threatening situation. He didn't think Jiang Zhennan would really let it go.

Jiang Zhenye's marriage was Jiang Zhennan's counterattack against Wen Yujing.

This was a ruthless move!

Therefore, he guessed that Jiang Zhennan might come to Jiang Zhenye's wedding.

As long as Jiang Zhennan came, there would be a lot of excitement.

However, as soon as they arrived at the entrance of Duke Zhengguo's mansion, a lively scene came.

As for the third Prince, he had come to Duke Zhengguo's mansion to congratulate him on behalf of the Emperor.

It was impossible for the Emperor to personally congratulate the Duke defender's second son. The Crown Prince's status was also different. It was impossible for him to lower his status. He only congratulated the Duke. Therefore, the third Prince was more suitable to come to this wedding.

Although the third Prince was not the Crown Prince, his mother was doted on by the Emperor, and so was he.

Therefore, the Emperor had already given Duke Zhengguo's mansion a lot of face by sending him here. This could also be considered as the emperor's favor and compensation to Jiang Yunfeng and his wife.

The Royal children and grandchildren just happened to meet at the door!

However, before the two sides had time to greet each other, they heard a burst of noise coming from Duke Zhengguo's mansion.

When both of them saw the woman in a red dress standing next to Jiang Zhennan through the crowd, their pupils suddenly shrank violently!

Jiang Zhennan had a woman by his side?

Oh, no, there was actually a woman who could get within three feet of Jiang Zhennan?

No, no, Jiang Zhennan seemed to be holding that woman's hand?!

The two of them were extremely confused, but they were also extremely shocked!

It was rumored that no woman could get within three feet of Jiang Zhennan. Because Jiang Zhennan had been fighting on the battlefield for a long time, it caused him to have a bloodthirsty aura. Children would cry and women would scream in fear.

It was rumored that Jiang Zhennan also did not like women to get close to him. It was rumored that an enemy had sent a very beautiful woman to assassinate Jiang Zhennan. It was a woman sent in by a spy in the army. In the end, Jiang Zhennan did not show any mercy to her and kicked her to death.

Not only did he kick her to death, but they also heard that he skinned her in front of tens of thousands of soldiers and put her meat into a pot to cook. He then forced everyone to eat the enemy spy.

At that time, everyone vomited on the spot.

Most importantly, no one would dare to sell military intelligence to the enemy.

They no longer dared to challenge Jiang Zhennan!

Therefore, Jiang Zhennan's strict management of the Army also had a certain method and reason.

But now, a woman who came out of nowhere was being treated so well by the cold-blooded general. Most importantly, all these mushy words of love came from the mouth of a strict and cold person. This was even more shocking than the sun rising from the West or the red Rain falling.

Especially when they heard him say, "Look at your tender skin. If you get hurt, I'll be the one who'll be heartbroken."

Both Yuwen feiye and Yuwen Xuhong staggered back two steps.

In the end, Yuwen Xuhong looked at Yuwen feiye and asked in confusion, "Third Imperial uncle, are these the words of our cold-blooded and ruthless General? So mushy!"

Yuwen Feiye only nodded his head in a daze.

This person was definitely not Jiang Zhennan. Someone must be impersonating him.

The uncle and nephew had the same thought.

However, the two of them were not in a hurry to enter. They wanted to see how lively this crowd could be.

When they heard Lin yuelan ask the Zhengguo Madame if her knees were still hurting, everyone's reaction was that Wen Yujing knew this woman in red.

994 Domineering

When Wen Yujing heard Lin yuelan talk about her knees, it immediately reminded her of the white legs that were exposed in front of the servants and Jiang Yunfeng's disdain after returning to the mansion. All of these made her feel humiliated, but she could not change the fact, so she could only grit her teeth and swallow it.

Now that she had heard Lin yuelan's greeting, she immediately realized that the sudden pain in her knee must have been caused by this woman.

That was because she had heard her say that she had some medical skills.

It was not hard for a person with medical skills to understand the weaknesses of others.

Wen Yujing's eyes were filled with anger and hatred. She gritted her teeth and said, "It was you, wasn't it? You're the one who did it, aren't you?"

What she was asking was if the sudden pain in her knee was caused by Lin yuelan.

Hearing this, Lin yuelan spread out her hands and asked in confusion, "Madam, what are you talking about? What do you mean?" Then, as if she understood, she said, "Oh, you're talking about the fact that the quality of your pants is so bad that it breaks with a pull, and then your pair of white legs are exposed in front of the servants, right?"

If you want to be humiliated, I'll fulfill your wish!

"Oh, Madam, it's my fault. When I heard that your knee was in pain, my heart ached and I wanted to help you, but who would have thought..." Lin yuelan didn't say anything more. Everyone present knew what was going on.

When everyone heard that Zhengguo Duke's wife had exposed her calves? And in front of servants?

This matter was really explosive.

It must be known that if a lady revealed her limbs or disheveled clothes in front of her husband, she would be suspected of being indecent.

Suddenly, everyone looked at Wen Yujing with strange looks, and some men looked at Jiang Yunfeng with ridicule and contempt. Some even looked at Wen Yujing's lower leg with naked obscene eyes.

At this moment, the atmosphere suddenly became very strange. Some people even felt that the atmosphere was suffocating and uneasy.

But at the same time, some people were even more curious and suspicious about the identity of this woman in red.

She was following Jiang Zhennan, and she also knew Wen Yujing. This was a little strange.

Wen Yujing was so angry that her face turned red.

She had never thought that this wretched girl would be so outspoken and expose her embarrassing incident. She had no choice but to face everyone's ridicule and even the humiliation in their eyes.

Wen Yujing and Jiang Yunfeng had never thought that Jiang Zhennan would actually bring this wild girl over.

Now, they had been humiliated by her in such a way. However, in front of so many people, they didn't know how to refute Lin yuelan.

"Who are you? You actually dare to come to Duke Zhengguo's mansion and act atrociously!" At this time, Jiang Wen suddenly jumped out, pointed at Lin yuelan, and scolded, "Someone, beat this wild woman out of here! Kill her!"

It was fine for a young lady from a noble family to say rude words from time to time, but now, she was actually talking about fighting and killing. She really didn't know what was good for her.

Jiang Zhennan immediately stood in front of Lin yuelan and shouted domineeringly, "I'll see who dares to do so!"

His sharp eyes scanned the surroundings, causing those timid people to keep quiet out of fear. They were so scared that they didn't even dare to breathe. They shrank to the side, raised their heads, and watched the show silently.

Jiang Zhennan's public protection of the woman in red shocked everyone once again.

Then, they looked at Lin yuelan. Their eyes were not only filled with curiosity and doubt but also with a kind of judgmental observation.

Although she was wearing a red butterfly mask that hid her true appearance, she slapped Jiang Zhenye and ridiculed Wen Yujing as soon as she appeared. Everyone saw that.

Jiang Wen looked at Jiang Zhennan's protectiveness and listened to Jiang Zhennan's words. Her tender and fair face was red and white, and her round eyes glared at Jiang Zhennan and Lin yuelan.

After that, she was a little unconfident, but looking at the strange gazes around her and thinking that this was Duke Zhengguo's mansion, she calmed herself. And in public, even Jiang Zhennan would not dare to do anything to her.

She gathered her courage and said angrily, " Jiang Zhennan, today is my brother's big day. Look at the person you brought with you, what kind of wild woman is she? She gave big brother a slap the moment she came up."

If you find any errors (broken links, non-standard content, etc..), Please let us know < report chapter > so we can fix it as soon as possible.

995 Domineering

Then, she glanced at Jiang Zhennan and Lin yuelan with disdain and said disdainfully, "Hmph. A bitch with a bastard. You two are perfect for each other."

pa pa!

This time, it wasn't just one slap but two heavy ones.

Then, everyone could clearly see Jiang Wen's face quickly swell up, and a trace of blood flowed out of the corner of her mouth, and then ...

"Pfft!"

She spat out a large mouthful of blood, and within the blood were two teeth.

These two slaps were really too heavy.

Everyone stared at the woman in red with bewilderment, who was clapping her hands as if nothing had happened after she hit her.

Oh, that was not right. The woman in red was clearly a distance away from Jiang Wen just now. Then, they only saw a red light flash in front of their eyes and suddenly heard the sound of a slap.

This was done in such a short time that no one could react to it, and it once again shocked everyone.

They all had the same thought.

This woman in red was probably not simple.

Just as they were lost in their thoughts, they heard words that almost made them fall.

They heard Jiang Zhennan say in a very distressed tone, " Yue 'er, I've already told you that I'll take care of these things. Look at you, your hands are red again!"

Everyone was stunned!

Jiang Wen was obviously the one who was in a worse state. Her face was swollen, her mouth was full of blood, and she even lost two teeth. However, he was more concerned about whether this lady in red's hands was red or not.

When Wen Yujing finally reacted, she went crazy.

She shouted at Lin yuelan, "You wretched girl, do you have a grudge against us? I know you're good friends with Nan 'er, but you can't just hit people because of that!"

Even at this time, she was still hinting to the crowd that this woman had hit her son and daughter because she was ordered by Jiang Zhennan.

She just wanted to blame everything on Jiang Zhennan.

Although she had fallen out with Jiang Zhennan yesterday, the guests present did not know about it.

However, they knew that Jiang Zhennan and Wen Yujing did not have a good relationship. However, Wen Yujing had always been a good wife and stepmother.

So, as long as she still maintained her role as a kind stepmother, this meant that Jiang Zhennan was very dissatisfied with their family and had taken advantage of the wedding banquet to cause trouble.

However, the guests present were not muddleheaded or fools.

No matter how well Wen Yujing had done her job on the surface, she had previously sent her children to the General's residence and occupied it. She also used her name as the stepmother to propose to the Emperor that Jiang Zhennan should marry Zeng Yanli in the name of doing it for Jiang Zhennan's good. What was even more disdainful was that her children were so shameless to curse at their eldest brother. This was a clear sign of a bad upbringing.

Jiang Wen said that Jiang Zhennan was a bastard and, thus not Jiang Yunfeng's biological son. However, as long as Jiang Yunfeng did not publicly admit it, then Jiang Zhennan's identity was true.

The most important point was that if Jiang Zhennan was not Jiang Yunfeng's biological son, why would they be so worried about him inheriting the title of Duke Zhengguo?

To any family, having an heir was especially important.

Furthermore, Jiang Zhennan had the emperor's support. However, if Jiang Yunfeng could produce evidence to prove that Jiang Zhennan was really not a member of the Jiang family, they believed that the Emperor would not make things difficult for him and let an outsider be the heir of Duke Zhengguo's mansion, right?

Therefore, Jiang Yunfeng and Wen Yujing could only slander Jiang Zhennan behind closed doors and in front of their children. Perhaps they were trying to comfort them, and at the same time, they were telling them with certainty that they did not like Jiang Zhennan.

However, Jiang Yunfeng and his wife had never expected that their children would be so stupid. Not only did they call Jiang Zhennan a B * stard in public, but they also slandered his biological mother.

Anyone would be angered by that.

However, what they did not expect was that the person who stood up for Jiang Zhennan was actually a woman, a woman in a red dress and a red mask.

996 Domineering

So, this time, even if Wen Yujing wanted to slander Jiang Zhennan, it would be a little difficult.

Lin yuelan let go of Jiang Zhennan's hand and walked towards Wen Yujing. The pink lips that were revealed from the mask were obviously smiling, and it was in a contemptuous arc.

Lin yuelan directly exposed her and said sarcastically, "Madam Duke Zhengguo, you don't have to push all the bad things onto Brother Nan. The guests who came here all have eyes. Why don't you ask everyone here and see if it's time to educate your children?"

Glancing at Jiang Zhenye and Jiang Wen, whose faces were swollen, she continued, "I only hit them lightly. If this matter were to happen in front of the Emperor, the two of them, and each of them, would get at least 30 beatings. I've heard that at the New Year's banquet, they were already taught a good lesson by His Majesty for being disrespectful to his big brother. Is that right, Zhengguo Duke's wife?"

Wen Yujing gritted her teeth and shouted, "What a sharp-tongued girl!

"Oh, that's right, if you doubt me, you can ask the two people outside."

As soon as Lin yuelan finished speaking, everyone's eyes looked outside.

The scene was silent at first, but then there was a loud "boom" and everyone knelt down, shouting, "Greetings, third Prince, Eldest Grand prince!"

Yuwen Feiye and Yuwen Xuhong were watching the show with great interest from the outside. When they were suddenly pointed at by someone, they were a little stunned at first and then a little embarrassed.

After all, they were the sons and grandsons of the royal family. It was embarrassing for them to watch a family drama like this.

Yuwen Feiye and Yuwen Xuhong looked at each other and coughed. "Everyone, please rise!"

"Thank you, third Prince, eldest grand prince!"

Yuwen Feiye entered Duke Zhengguo's mansion first, followed by Yuwen Xuhong.

Then, the two of them stood in front of Jiang Zhennan and Lin yuelan, staring at the two of them. Oh, to be exact, their eyes were staring at Lin yuelan, and they both raised their eyebrows.

Just now, they had seen it very clearly. Everyone had knelt down, but this red-clothed woman had stood straight.

Jiang Zhennan looked at the burning eyes of the two of them and his eyes narrowed slightly. The expression under the mask was slightly unhappy.

He immediately stood in front of Lin yuelan and bowed to the two of them. "Your Highnesses!"

Jiang Zhennan was a first-grade great general, the highest rank of military officials. He only needed to kneel before the emperor. He only needed to bow to the other concubines, princes, and princesses.

Yuwen Xuhong was very curious about Lin yuelan's identity. He smiled and asked, "General, who is this woman?"

Jiang Zhennan said, "This is my fiancée, Yue 'er! Yue 'er, come and pay your respects to the third Prince and the eldest grand prince!"

Lin yuelan bowed slightly and said, "Yue 'er pays her respects to the third Prince and the eldest grand prince!"

The voice was clear and melodious!

However, when Yuwen feiye heard the voice, he frowned slightly.

This voice, to him, seemed somewhat familiar.

He looked like the woman in red.

However, this voice was slightly different.

This voice was much more mature.

However, it was still time for him to think about this.

What did they just hear?

They heard Jiang Zhennan introduce the woman's identity.

Fiancée!

It was not just the Prince who was shocked. Everyone present, including Jiang Yunfeng and his wife, was shocked.

The atmosphere was silent again!

At this moment, an unusually sharp voice suddenly rang out, "Impossible! This is impossible!"

997 Beheading

Jiang Wen's sharp voice once again broke the shocked and quiet atmosphere.

Jiang Wen seemed to be unable to accept the fact that Jiang Zhennan had a woman by his side. She pointed at Jiang Zhennan and continued, "You're born to be a jinx. You bring bad luck to your father, mother, and wife. Which woman would dare to marry you? Her?" She then pointed at Lin yuelan and said disdainfully, "Do you think I don't know what she's thinking? She's only with you because of your status as the defender-general of the state? Of course, that also depends on whether she has the life to enjoy the feeling of being a General's wife!" The last sentence sounded very resentful.

In fact, Jiang Wen was indeed angry and resentful.

This was because Wen Yujing had been instilling in her that everything of Jiang Zhennan, including the General's residence and all the property in the General's residence, belonged to the two of them.

That was because Jiang Zhennan would not marry.

No woman meant no heir.

Then, naturally, his things would belong to them.

But now, a woman had suddenly appeared and said that she was his fiancée.

This matter was a big deal for the people of Duke Zhengguo's mansion.

Jiang Wen's insult to Lin yuelan made Jiang Zhennan very angry.

He said sternly to Jiang Wen, "Jiang Wen, if you continue to insult us... I will have to sew your mouth up!"

Jiang Wen said in fear and anger, "Don't you dare!"

Jiang Zhennan said, "If you dare to say anything bad about Yue 'er again, let's see!"

It was one thing to call him a bastard child, but she actually dared to call Yue 'er a wild woman in front of him.

Yue 'er was his precious treasure, and he couldn't even bear to say a word about it, but she was scolded by Jiang Wen.

Jiang Wen was frightened and scared. She glared at Jiang Zhennan and Lin yuelan, but she didn't dare to say anything.

She knew Jiang Zhennan was not kidding.

Lin yuelan stood up and clapped her hands again. She stared at Wen Yujing with a burning gaze and chuckled, "The education of the Zhengguo Duke's wife for her son and daughter has really opened my eyes! She kept calling her big brother a bastard. If he is a bastard, then what are you? Then who were the people who gave birth to you? Are they the parents of the bastard?"

Someone heard the words and couldn't help but laugh.

However, most of them were holding back their laughter.

"You ... You're talking nonsense!" Jiang Wen couldn't refute her. "Jiang Zhennan is clearly not my father's biological son. If he's not a bastard, what is he?"

Lin yuelan replied calmly, "Oh? You're saying that Jiang Zhennan isn't the biological son of Zhengguo Duke? But was there any evidence? If you don't have any evidence, then ..."

Under the mask, her eyes were as sharp as Jiang Zhennan's. She glanced sharply at Jiang Yunfeng and his wife, then continued to say in a light voice, "The Duke Zhengguo's mansion has committed the crime of deceiving the Emperor. This is a major crime. Miss Jiang, you have to think carefully!"

Jiang Zhennan was in the Jiang family genealogy from the moment he was born, and Jiang Zhennan became the heir to Duke Zhengguo's mansion. This was something that was personally bestowed by the Emperor.

If Jiang Zhennan were not Jiang Yunfeng's biological son, not a descendant of the Jiang family, then Jiang Yunfeng, Oh no, the entire Jiang family would be suspected of lying to the Emperor.

Because it was an iron-clad fact that Jiang Zhennan was in the Jiang family genealogy, and no one could deny it.

After listening to Lin yuelan's words, Jiang Wen's red and swollen face suddenly turned pale again. She was so scared that she looked pale.

Wen Yujing felt that Jiang Zhennan had specially brought this wild girl here to cause trouble.

However, this girl's fighting strength was particularly strong and she had a sharp tongue. They couldn't win against her at all. She was so angry that she was trembling all over.

"Yes, you're right, miss," Yuwen Xuhong suddenly interjected, "second young master Jiang, miss Jiang, you have to think carefully about whether you should say this or not."

The Imperial grand prince's interjection immediately made the atmosphere even stranger.

Jiang Yunfeng suddenly turned to Jiang Wen angrily and gave her a slap. He scolded, "I must have spoiled you too much that you'd say anything without using your brain!"

This was great. After Lin yuelan's two slaps, two teeth had already fallen out, and five or six teeth had come loose in her mouth. After Jiang Yunfeng's slap, these five or six teeth all fell out, and a bag of blood spurted out.

Such a beautiful girl had been beaten up so miserably that she looked quite pitiful.

However, the people present were all guests of high status. They did not have any sympathy for Jiang Wen, who spoke without thinking.

Trouble comes from the mouth!

So, she had brought this upon herself.

After Jiang Yunfeng slapped Jiang Wen, he immediately said very respectfully to the third Prince and the eldest Imperial grand prince, "Your Highnesses, it's this lowly subject's fault for not teaching my daughter well."

Seeing Jiang Yunfeng's sincere attitude, Yuwen feiye wanted to say something, but Yuwen Xuhong beat him to it. He said to Jiang Yunfeng sternly, "Duke Zhengguo, the person you should apologize to is not my uncle or me."

There was no name, but everyone present knew that the hint was that Jiang Yunfeng should apologize to Jiang Zhennan.

However, for a father to apologize to his son, Jiang Yunfeng could not bring himself to do it.

He stood there with a flushed face, seemingly in a dilemma.

Yuwen feiye wanted to do Jiang Yunfeng a favor. He put on the airs of an elder and smiled at Yuwen Xuhong. "Hong 'er, shouldn't we ask the general if an apology was needed? Why are you so impatient to step in?"

This was to give Jiang Yunfeng a way out.

At the same time, he was also hinting to Jiang Zhennan not to let Jiang Yunfeng apologize to him.

It didn't seem right for a father to apologize to his son.

Of course, this was Yuwen Feiye's opinion.

"General, although the Jiang family's second young master and eldest young lady have said something wrong, they have learned their lesson after all. The Duke has also sincerely admitted his mistake. Do you think ...?" He didn't finish her sentence, but the meaning was clear.

Yuwen Xuhong wanted to help, but Yuwen feiye was one generation older than him. He could not refute and embarrass Yuwen feiye.

Yuwen feiye had come to congratulate Zhengguo Duke's family on behalf of his father.

If he lost face, it would mean that his father had lost face, and at the same time, the entire royal family had lost face.

For the sake of the imperial family's authority, he would not refute the third Prince.

He was guessing in his heart, but he didn't know what Jiang Zhennan was going to do.

However, he never expected that ...

Lin yuelan sneered at Yuwen feiye and asked provocatively, "Third Prince, if someone called you a B * stard, would you be magnanimous and forgive him? "

"Impudent!" Yuwen Feiye's face darkened and he looked stern. "I'm a Prince, and yet you're calling me a bastard. You really don't know your place! Come, drag this woman down and give her 30 slaps. Give her a little punishment!"

As soon as Yuwen feiye finished speaking, two of his subordinates stood out and tried to pull Lin yuelan away.

"This general shall see who dares to!" Jiang Zhennan shouted in a domineering manner.

"Third Imperial uncle, you mustn't!" Seeing that Yuwen feiye did not care about Jiang Zhennan and was about to kill the Lady in Red, his expression changed and he quickly stopped him.

Jiang Yunfeng and his wife, as well as the Jiang siblings, were overjoyed. The rest of the people were just there to watch the show.

It was no longer important who this woman in red was or whether she was Jiang Zhennan's fiancée.

The important thing was that they didn't even know if she would still be alive after the 30 smacks.

As for Jiang Zhennan, he was only a general. He could only bow his head in front of the royal family's princes.

Jiang Zhennan's obstruction and the Imperial grand prince's dissuasion made the guards who wanted to drag Lin yuelan away not dare to move.

Yuwen Feiye looked at Yuwen Xuhong angrily and said sternly, " What? I'm teaching a brat who doesn't know the immensity of heaven and earth a lesson. Do you want to stop me, Hong 'er? "

Before Yuwen Xuhong could respond, he looked at Jiang Zhennan sternly and said with conviction, " Jiang Zhennan, I don't care what your relationship with this woman is. However, her words were filthy and she had slandered a Royal descendant. According to the law, she should be beheaded! However, I will only give her thirty smacks for your sake. Do you still want to stand in my way?"

999 Beheading

Jiang Zhennan did not compromise at all. "Since Yue 'er is my fiancée, I will protect her no matter what. I will not allow anyone to hurt her!"

He was clearly telling Yuwen feiye that if he insisted on letting Lin yuelan suffer such harm, he would resist until the end.

Yuwen Feiye's face was ashen.

He had long known that Jiang Zhennan was an arrogant and unruly person. With his father's support, he had never paid any attention to the concubines, princes, and grand princes.

Now that he had finally found a weakness, how could he let it go so easily? Yuwen feiye said coldly, " Jiang Zhennan, are you sure you want to go against the royal family for a woman? One had to know that once a person defended her, it was equivalent to committing a crime! Great general, I advise you to think clearly whether it is worth it to challenge the Royal authority for a woman!"

Jiang Zhennan refused without thinking. "if a man can't even protect his own woman, what right does he have to be a man? Besides, I'm a great general. If I can't even protect a woman, how can I protect the people of the Kingdom?"

Jiang Zhennan did not say anything before, but when he did, everyone was surprised.

Because of a woman, he was putting the safety of all the people in the world at stake.

F * ck, who said that Jiang Zhennan didn't like women? Just because of a woman, he was going against the royal family's authority.

Yuwen Xuhong's expression changed. He immediately tried to persuade him, "General, it's just a woman. Why make it sound so serious? Moreover, the woman behind you has indeed violated the royal family's taboo by slandering a Royal descendant. Third Imperial uncle only ordered her to be hit thirty times, which is already showing mercy!" So, you have to be tactful and don't really go against Third Imperial Uncle for a woman.

However, Jiang Zhennan did not seem to be affected. He looked at Yuwen Xuhong coldly and then snorted.

Yuwen Feiye's face was livid with rage.

To be honest, he really wanted to use this to suppress Jiang Zhennan so that he, as a Prince, would not have to be at the mercy of an official.

However, he was very clear about one thing in his heart.

He didn't dare to completely offend Jiang Zhennan on the surface.

One was that Jiang Zhennan was really favored by the Emperor, and the second was that the stability of the Long Yan Kingdom still needed Jiang Zhennan to protect.

Before he ascended to that position, on the surface, he still had to treat Jiang Zhennan with respect.

However, now, he would not let go of the chance to suppress Jiang Zhennan.

Yuwen Feiye chuckled, "General, why should a man worry about not having a wife? If you like women, the third Prince mansion is full of all kinds of peerless beauties. You can choose and pick any that you want. I will give you as many as you want, how about it?"

In his guess, perhaps Jiang Zhennan had not really touched a woman for more than twenty years, so now that he had finally met a woman who was willing to get close to him, of course, he would protect and flatter her.

However, if there were a large number of beautiful women for him to choose and play with, would he care about a woman who only caused him trouble?

Yuwen Feiye's thoughts were indeed the same as most men in the world.

However, there were always surprises in reality ...

"No!" The clear and melodious female voice was very abrupt in the quiet atmosphere, but it was also so special.

Everyone looked at the woman in red in surprise.

However, she didn't stand behind Jiang Zhennan. Instead, she stood directly in front of Jiang Zhennan. It was very meaningful.

No one expected that the person who spoke would be the woman in red instead of Jiang Zhennan.

Seeing Lin yuelan step out, Yuwen Feiye's face darkened. He asked again, "What did you say? say it again!"

Lin yuelan said calmly, " I said no. The third prince can keep the peerless beauties to yourself. The general will only have me as his woman!"

Lin yuelan's words were very light and domineering.

However, her words were like a sudden clap of Thunder.

This woman was really ...

It was too shocking!

But where did this woman get the confidence to say such words?

1000 Beheading

A moment later, some of the stubborn and unrepentant officials immediately flew into a rage out of humiliation and cursed, "This is really an offense against public morals! A woman who hasn't even gotten married yet keeps saying that he's her man. Which man doesn't have three wives and four concubines? She doesn't even have a status, yet she wants to monopolize him. She really doesn't know shame!"

Jiang Zhennan replied to them, " I am willing to be Yue 'Er's forever!"

In an instant, everyone looked at Jiang Zhennan in shock.

Lin yuelan smiled faintly and said, " Your Highness, did you hear that? " Then her expression turned cold, and the same cold aura as Jiang Zhennan's immediately spread out. Everyone around her could feel it, especially the third Prince and the Imperial grand prince who were closest to her.

Lin yuelan continued sternly, "So, no one can give my man a woman. If you give him one, I'll kill one. If you give him two, I'll kill a pair! After that, I will definitely compensate them with another fairy-like woman and let him enjoy the pleasure every night! If anyone wants to try, just come!

"Oh, what kind of fairy will depend on this lady's mood! If I am in a good mood, the fairy might be pockmarked. If I happen to be in a bad mood, then the fairy might have pustules all over her face. Who knows!"

So overbearing!

Everyone was shocked by Lin yuelan's imposing manner.

But where did she get her confidence from?

Yuwen feiye was also shocked by the aura.

However, he immediately frowned. This aura was very familiar.

However, was this possible?

Yuwen feiye was confused.

After a while, Yuwen feiye said coldly, "I don't care where you get your confidence from. Is it all from the general? However, slandering a Royal descendant is a violation of Royal authority. It seems that the punishment for the 30 planks was too light.

"Since you refuse to accept my kind, I will fulfill your wish!" At this point, he shouted sternly, "Men, this woman has committed the crime of slandering a Royal descendant. Take her away and behead her in public. Execute her immediately!"

Once this crime was announced, in public, even if Jiang Zhennan wanted to cover up for it, he would have some troubles.

He wanted to see how Jiang Zhennan would go against him, a Prince, for the sake of a woman.

Wen Yujing and the Jiang siblings were even more surprised when they heard that this woman was going to be beheaded.

This woman who had appeared out of nowhere had made them suffer so much.

However, this was great. This woman was going to die.

Even if they suffered a loss, this would balance it out!

"Is the third prince angry from embarrassment?" She was clearly about to be beheaded, but her expression was still so calm and indifferent. She said nonchalantly, "I was merely making an assumption that if someone called the third prince a bastard, would the prince forgive them? Is the third prince so angry that he's going to behead me on the assumption? Would want to beat and kill an innocent lady like me.

"What about Jiang Zhennan? He was called a bastard by his siblings without any scruples. If no one taught them or protected them, would they dare to treat Brother Nan like this?

“One had to know that Brother Jiang is on the Jiang family’s genealogy and is recognized by the Emperor. He is the legitimate eldest grandson of the Jiang family. On what basis is he called a bastard? As the saying goes, it’s the father’s fault if the son isn’t taught!

“Jiang Zhenye and Jiang Wen, the brother and sister, grew up with their father, Duke Zhengguo, and received an education from him. Now, there was a problem with their education. Wasn’t it the Duke’s problem? So, is there anything wrong with the Duke apologizing to his eldest son, who was scolded as a bastard child?”

Lin yuelan brought the topic back.

She had pulled back the topic when others thought she was on the verge of death.

“So, Your Highness the Third Prince, are you sure you want to pin a false charge on this lady and take my life just for a hypothetical situation?”
