

VILLAGE HEAD'S DEBAUCHERY

Chapter 10: Fiona the neighbour (R18)

Needless to say that the joy from fucking this new busty, large-ass woman with an amazing elastic butthole that I have met in barely a day was because I was currently giving her anal, and she doesn't even know.

"PAH" "PAH" "PAH"

"Ah~~" "Ah~~~" "Ah~~~"

Damn, I love the logic of this world. And if this is how everyone is going to be, then I might just fall in love with it further.

"UH~~ Are you ~Ah ~~ done?" Aunt Greta turned her head to gaze at me. Her tongue was stuck out of her mouth as she moaned with bated breath after every pounding I ushered into her asshole.

"No, I think that it would take another minute before it fully brings out the dirt" I responded. I watched her intoxicated expression as she moaned like a bitch in heat.

"Ah~~" "UHH~~~" "AHH~~~"

"~Uh~~Make it quick ~Ah~~" she said, before muttering under her breath.

"~Ah~ And why does this feel like Kushi?".

Honestly, I had no answer for that, because I knew that I was currently fucking and pounding her rectum, so the fact that butthole was so easy to penetrate and she felt like I was pounding her in her pussy meant that this world's inhabitants had a weird biology.

"PAH~" "PAH~" "PAH~"

'If only I could hold that breasts' I thought to myself after spotting her swaying breasts and thumb-sized erected nipples.

"Gretha" A voice sounded beside us.

I froze, stopping my action, and snapped my head towards the source of the voice. Aunt Gretha also seized her moans and also snapped her head towards its direction.

"Fiona" However, unlike me, she recognized who the woman standing outside the fence was.

"What are you doing, Greta?" The unknown woman asked., her eyes narrowing at the fuckable milf whose butt hile was still filled with my dick.

The woman appeared to be the same age as aunt Greta, in her mid-30s and was dressed in a mini linen tube dress that stopped around her inner thighs that showed off her fat thighs and legs along with a recognizable large ass size that was far bigger than Greta's own, with a small barely noticeable breast cups that was pressed against her dress.

Apart from that, she also had pony-packed smooth black hair and a small sized beauty mole just below her right eye.

Since I have already tested and confirmed that there wasn't anything like personal space or boundaries in this world, I took the opportunity and scanned her with my eyes. And from the curvy shape of her waist, I could guarantee that she also had a large buttock.

Although it looked as big as my mother's own and quite bigger than aunt's Greta protruding ass, I was quite satisfied with my observations.

It was as though there was something or someone out there wants to test the limits of my visual stimulation.

"It's not what it looks like Fiona" Aunt Greta immediately stood up and walked to the side with a 'plop'.

Normally, I should be upset, that I have just been cockblocked, however, I felt kind of relieved that someone had interrupted us, if not I didn't know if I was ever going to stop.

And damn, how could I when there was another milf in front of me that looked as though she had just walked out of a porn's directors imagination dream while being dressed in the most enticing attire, that would most likely give me a clear picture of her pussy if she were to bend down.

Nonetheless, I am sure that it would be as easy as I compelled aunt Greta to do. I wasn't saying that they were not smart, I just meant to say that their culture and way of life have left their intelligence little to be desired from.

.....

Fiona stared in surprise at her neighbour, the beloved and popular village healer. She had heard her scream and quickly rushed out to offer help, only to find the reason for her distress was Kushi being performed with a young boy.

"I saw it with my own eyes," Fiona sighed and shook her head. "Were you participating in Kushi with that young man?" Although Kushi was not commonly performed between different age groups, as the practice was often centred around one's age bracket, there was no shame in participating regardless of age.

The only thing that you would get through was people staring at you twice before they move on and continue with their daily activities. So, in the end, it all came down to one's pride.

Greta gazed at her and replied hastily. "I was not having Kushi with him, Fiona. This boy is my client and he had offered to clean my buttohole with

some of the Kalna that he couldn't pay me with" She turned her attention to Orion before her eyes trailed down to his throbbing scalding thick Penis.

Honestly, that might not be the biggest penis that she has seen, but she was sure that without any doubt that it was the fullest.

"You saw his penis coming out of my ass, right?" Greta asked. She turned around and spread her large ass apart, showing her expanded butthole to Fiona so that she would not get any other ideas about what she had just seen.

"Oh!" Fiona stared at the expanded pink butthole in surprise before her eyes trailed over to Orion, and then to his erected cock. She glanced over it like it was nothing as a chuckle escaped her lips, "But it did look like Kushi".

'And it felt like one too' Greta thought but didn't say it out loud.

"And you know, I was really happy that you were finally getting some Kushi since you know...." Fiona said before her eyes went down to stare at Greta's huge backside. And although she had an even larger buttock than hers, her own body was balanced with a very small breast which the men seemed to love very well.
