

Village Head 26

Chapter 26 First Nut (R18)

"Ah~~" "Ahhh~~~" "Uh~~~"

"Pah~~" "Pah~~~" "Pah~~~".

His hands snaked onto her chest and dragged her tub dress down. 'This is it' Orioin thought to himself as he began to work on the huge firm breast below him. Firstly, he played around with her nipples, pinching and twisting them with a little tension before he grabbed onto them and used her large mounds as a lever to thrust into Grandma Celia's pussy.

Of course, he could see the slight pain on her face, but that was the most amazing thing that turned him on the more. She believed that her body wasn't worth a dime because apparently in this world having an unreal large protruding backside was more than enough to be considered unattractive. As such, he could treat her body however he wished and she would accept it as nothing more than a young man playing around with an expired product.

"Ah~~" Suddenly he moaned out again before he grabbed her left leg up and laid it on his shoulders in order to make his entrance into her vagina more smother.

"Pah~~" "Pah~~~" "Pah~~~"

He raised his hand and softly slapped her left ass cheeks and thigh, continuously gripping them as though they were pieces of fresh meat before he lowered his head to suck her motherly breast. He bit down on them with enough force that caused the aged woman below him to moan out pain and surprise.

"Are you supposed to be doing that Orion? If you want to drink milk, why don't I help you g...."

"SLAP!" Orion raised his hand and brought it down on the side of her ass cheeks, leaving a hand print on her skin, and causing her to 'yelp' in surprise.

"Turn around" Suddenly, he removed his dick from her vagina and ordered her to turn face-first on the ground.

Despite her initial surprise and bewilderment at some of Orion's movements and behaviour, she couldn't deny that she found some of it quite enjoyable.

Strangely, she could feel her birth hole tingling with a sensation that she had never felt before. And since she wanted to know what it was like so that she could share it with her other hut-mates when they come back home, Grandma Celia turned around and stood on all four, with her ass sticking out and facing Orions, and her mounds almost kissing the ground.

Orion's heart raced as he took in the breathtaking view. With a hushed breath, he muttered, "Magnificent," because it was the only word that could come close to describing the sheer beauty and grandeur of the scene.

Also, at this point, Orion was even beginning to think that there was something about his new body that gave him some kind of unnatural stamina.

'I will look into that later' He thought. Especially since there was magic in this world, then the least that he was hoping to get was an explanation, whether it was logical or not.

Meanwhile, in Grandma Celia's mind, she was enjoying the way Orion played with her body, using various strange hand movements that made her skin tingle and twitch.

'What if I pay him for Kushi, will he even agree?' She almost chuckled at the thought, finding it quite ridiculous. Instantly, she removed them from her mind 'No, even if he wants Kushi then it won't be good for me to cheat him' She thought, almost forgetting about the promise she and the others made in the village.

She was even sure that the only thing going through his mind was testing the kind of positions he could use during kushi, now that he had recovered a little. Abruptly, she sighed, because the girl that would be on the receiving end of this long and gritty penis would surely enjoy the moment even if it wasn't her first time.

Nevertheless, as all thoughts roamed in her head, the least that she could do was keep up with his movement until he unclogs his penis from her vagina.

"Pah~~" "Pah~~~" "Pah~~~".

Meanwhile, Orion was on cloud nine as he dogging fucked the gylf below him. Every moan she uttered was like choruses to his ears. And as her ass rippled upon collision with his waist, he groped the fleshy protruding buttocks with one hand, shaping it into whatever he wanted before he ended it with a light slap on her behind.

"AH!" Grandma Celia moaned out at the pain. She couldn't do anything but wait until he was done so that she wouldn't look selfish by ending his game when she was satisfied and he wasn't.

"Uh!" Grandma Celia gasped suddenly, feeling a strong force pulling her hair backwards. She turned to look at Orion, her face contorted in pain. "Orion~~" she said, with a pleading tone. "I know you're enjoying yourself, but please release my hair. It's not as strong as it used to be." She stuck out her tongue and gasped for breath as faint moans escaped her lips.

Orion nodded his head in understanding. Although she had a hot banging seductive body that was in an equally modest dick erecting dress, the fact that he could even penetrate her when her insides were dry was enough for his depraved desires to feel some atom of satisfaction.

Also, she was still made of frail fragile bones so, he reasonably let go of her silver-white streaked hair and continued with his relentless pounding.

After 15 minutes of the sound of flesh clapping, and rippling through the air, Orion finally slowed down as he felt his pipe threatening to explode.

"Here it comes, grandma" Orion spoke out loud.

Meanwhile, grandma Celia's eyes widened in surprise when she felt Oion's penis expanding vigorously in her vagina. And although she had no idea that the boy was willing to cum in a vagina like hers, she still couldn't let him pour out his semen in it now that her hole was useless.

"Orion, wait a minute!" She yelled out suddenly, and quickly pushed herself forward in order to remove her buttocks from his shaft.
