

Village Head 30

Chapter 30 The Surprise Party

Recognizing the sincerity in her words, I brushed off the conversation as irrelevant. It was a relief that my sister didn't seem to find anything wrong with my demeaning play with Grandma Celia's body, further reinforcing the idea that they discarded their body as something that was not worth a dime.

"We're just wasting time now, so why don't we head inside," I suggested, finally meaning it this time. I was in desperate need of some rest.

Reena nodded her head, a soothing smile stretching across her face as she said, "Close your eyes. Don't open them until we get inside."

Without any reason to argue, I obediently closed my eyes and soon heard her voice. "We're coming in, Mom and Gina!" she yelled.

"Click!"

The sound of the door unlocking registered in my ears, and I felt a hand tug me forward as I took my first step into my new home, where I would be residing from now on.

As Reena's voice whispered into my ear, it felt as though the universe itself was beckoning me to open my eyes and behold its grandeur. And so, I did. Slowly and gently, I parted my eyelids and beheld an incredible scene.

"SUPRISE!!"

At that moment, my senses were overwhelmed by the explosion of colour and sound that greeted me. As I tried to make sense of the new environment, I was suddenly greeted by the exuberant screams of my mother, Reena, and a stranger who I presumed to be Gina.

But this was no ordinary celebration. Instead of balloons and party confetti, a kaleidoscope of vibrant sand in hues of red, green, blue, black, and white was thrown into the air, creating a swirling and mesmerizing dance. And then my eyes fell upon a banner that seemed to radiate warmth and love, as if it had been crafted with the utmost care and attention to detail.

The banner read, 'Welcome back Orion. We are happy that we didn't lose you', and suddenly everything made sense. The beauty of the moment, the warmth of the love that surrounded me, and the realization that I might easily fit into my new home

As I exhaled deeply, I felt a flood of emotions wash over me. It was as if the love and warmth of my new family were oozing out from their every action, and I couldn't help but feel overwhelmed by it all. Despite not being the original Orion, I knew that I was him now, and he was me. So, I saw no reason not to accept them as my new family.

And so, with a smile on my face, I said, "Thank you!" in response to their overwhelming display of affection.

"What? Don't you like it?" My other sister, who was probably younger than me said.

I turned to take in the view of her plump, five-foot-tall figure, dressed just like me in a cloth-like skirt but with a shirt sewn to hers.

My gaze quickly shifted to the busty, dick-erecting milf who I now took as my new mother, and then to my chest-board-beautiful older sister. Finally, my eyes fell back upon my plump younger sister, who seemed to have inherited my mother's genes.

"Why would I hate something as wonderful as this?" I smiled and added, "Of course, I like it". As I shook my head in denial and assured my new sister that I loved everything about the surprise, a bright smile lit up her face and she ran up to hug me. At that moment, though, I felt a little bad about the various lustful thoughts that slowly crept into my head in such a warm situation, I couldn't help but cup a feel of her plumpy ass with my right hand.

Meanwhile, in my head, I could hear the sounds of sniffing and stifled words as Gina cried in my arms, saying, "....It's good that.... you're feeling better, brother."

I nodded, with my hands still massaging her fleshy wide ass.

"Will you stop crying like a kid?" My mother said as she rubbed Gina's back with her left hand, and ruffled my hand with her other hand. "If you continue wasting time Gina, I think that Reena might be tempted to release your gift to Orion".

Oh, they also got me a gift.

Excitement bubbled up inside me as Gina pulled away from our embrace and exclaimed, "Yes, yes, come, let me show you your gift!" She urged me to close my eyes and promised not to peek, sending a thrill of anticipation through my body. I couldn't help but feel a sense of childlike joy at the prospect of a surprise package.

What can I say, I found it a little fun.

But as I waited with bated breath, Gina grew impatient and called out to someone else in the room. "Come on, be quick. Come out if you are ready" I could sense her restlessness and eagerness to unveil my surprise, and I couldn't help but chuckle at her enthusiasm.

After a few moments, I heard another voice that sounded like Reena's, adding to the excitement of the moment. I couldn't wait to see what they had in store for me.

"Finally, the moment arrived, and Reena's voice rang out, "Okay, I'm done! I'm coming out now." Even with my eyes closed, I could hear her approaching, and then she called out, "Open your eyes, brother!".

I opened them and drew my gaze towards the corner of the hut where Gina was pointing at. Surprise etched itself upon my face as I eagerly took in the sight of Reena, who was now standing at a corner of the hut. Her body was painted with what appeared to be a stunning blend of coloured sand, from head to toe. But that wasn't all - to my surprise, she was completely naked.

I couldn't help but stare, my jaw dropping in awe at the captivating view. Reena's behind was turned to us, and I couldn't help but admire her small perky ass with the intricate patterns of the coloured sand adorning her skin. Even though I was tired, my libido immediately awakened because it felt as though I was looking at an exotic sexy fuckable masterpiece.
