### Chapter 32 Fucking My Elder Sister (2) (R18)

"Honestly, I don't know what he is doing, but since Reena seems to be enjoying it, so how about we let them finish" Celeste said as she turned towards her youngest daughter only to see her rubbing her vagina as she watched her sibling go at it with each other.

She sighed and shook her head amused at the sight.

"Hmmm~~~"

Of course, the various moans that escaped Reena's mouth also stirred her vagina awake, but she was more mature to know that this was children's time to enjoy themselves, and not hers. And also if she follows them, then who would take care of everything when they were done?

Exactly, no one. Because, they would all be tired to even be able to move an inch. As such, she didn't relent to stroking her own vagina and merely watched the show as she ate the fruits that her son seems to have missed.

'Ah!' Reena moaned out in pleasure as Orion inserted the tip of his shaft into her pussy. Originally, she thought that since her brother was still naive to Kushi it would be fast and unenjoyable. However, as she became maddened with pleasure as time went on, she couldn't help but rock her waist over his penis at the tip of her vagina in order to push it deeper inside of her.

Orion saw this and decided that it was time to quench her thirst. With one thrust, he penetrated her, filling her pussy to the brim with his loaded cock.

"AHHHHHHH~~~~" Reena suddenly screamed. She knew that Orion's penis was large and gritty and had thought that he would take it slow, but he didn't. So, the sudden penetration startled her and left her unprepared for it.

"Hhhaaa~~~~" Soon after, as her junior brother's penis began to shape her birth-hole, she didn't care about its size anymore and began to cry in delight with her mouth wide open, and her tongue hanging out of her mouth with a dazed expression on her face.

Orion grabbed her waist with both of his hands and began to move with each thrust. His tempo increased as he pressed his sister against the red wall and hammered her pussy without a care in the world while she screamed without restraints.

Even if she had surprisingly swallowed the full length of his cock, he knew that If they were in another world apart from here, he was sure that their neighbours would have already begun to tap on their door because of his sister's resounding moans.

But because of the normalcy of this world, they might as well use it as a night tune to go to sleep with.

As time went on, Orion felt the urge to cum after banging his sister for several minutes. "I'm cumming!" Orion clamoured with a squeezed expression as he felt as though his penis was about to explode.

"YES~~COME IN ME!!! COME IN YOUR SISTER~~" Reena screamed. And her voice was nothing less than a release button that made Orion release his semen, letting it flow inside her like an ocean.

"Haa.... Haaa...." Orion breathed tiredly as he immediately fell butt first on the ground after falling to stand on his two feet. 'That is enough sex for today, I don't want to die again because I overworked my sack' He thought.

Meanwhile, Reena also collapsed on the ground, but with her face still tightly pressed against the walls of the hut and her legs wide agape with semen streaming down from her pussy.

Orion suddenly heard footsteps and turned his head to the side. He saw his mother approaching them with a smile on her face.

"Are you guys done?" Celeste inquired, noticing her two children collapsed after releasing their nectar. She wanted to confirm that they didn't plan to continue.

While looking at his mother's breasts as he raised his head upwards towards her, Orion replied, nodding his head "Yes".

He had concluded his activities for the day, and whether anyone approved or not, he had no intention of going for another round. Damn! He knew that he said these words in his previous world also, but saying them in such a manner this time around feels weird but normal at the same time.

"Alright," Celeste nodded, "Why don't you go enjoy the fruits that Gina brought while I assist your sister with her bath, and then you can take yours so we can all go to sleep."

Orion didn't feel the need to argue, so he simply nodded his head. He sat down comfortably for a few seconds and watched as his mother assisted his sister out of the living room before he stood up after regaining back control of his legs and walked towards his junior sister. Surprisingly, he wasn't expecting her to be getting off by herself with her fingers roughly playing with her pussy while her eyes were tightly sealed.

Orion gulped. Fortunately, he was already drained for the day.

Nonetheless, it was still a visual feast. So as he sat down to have a snack of oddly coloured apple-shaped fruits, Orion watched her drag her tulga all the way up to her waist, to make access to her cunt easier, while her plumpy sizeable breasts pushed against her cloth as she threw her head backwards in pleasure, causing him to see and enjoy the outline of her nipples in a strange visual way.

"Hhhmmmm~~" Gina's vagina juice suddenly erupted out of her hole without her caring about if her brother was currently watching her or not.

Why should she care, even if she knew? After all, this was something normal which her mother had taught her, and also, this wasn't the first time she had done it in front of him.

Orion toyed with the food in his mouth, mesmerized as his younger sister squirted all over the living room. As the scent of their depravity filled the hut, a gentle breeze swept through, bringing some much-needed relief.
