

## Village Head 44

### Chapter 44 Disvirgining

"AH~~ Uh~~ HH~~~"

Suddenly, the door to the kitchen was swung open, followed by an anxious shout. "What is going on?" Grandma Celia's sudden gasp of breath echoed throughout the room as she rushed out of the kitchen, expecting to see something bad. To her surprise, she found that it was just Orion, who was playing with her friend's body the same way he had done with her the day before.

Grandma Celia released a deep sigh as she observed Grandma Vivian with her dress pulled up over her protruding buttocks and Orion's fingers moving in and out of her vagina. "Vivian, can you try to lower your voice? Someone might run in here thinking something bad is happening," she scolded her friend.

Grandma Vivian was already getting used to Orion's rhythm, so she responded with some effort, "D-- Uh~~ orry I w-- Ahh~~ try" she said with a mix of embarrassment and pleasure. Though her words were a bit incoherent, both Orion and Grandma Celia could hear what she said.

"Okay" Grandma Celia nodded her head before focussing her attention on Orion "And you, don't force her to continue with your games once she gets tired" She said.

Orion nodded with a smile "Don't worry, I won't go as far as forcing her once she get's tired"

Hearing the young boy's words, she nodded her head and walked towards the side with her voice trailing behind her as she left.

"I will come and join you all once I am done".

Orion's expression lit up with joy excited as he heart trembled with anticipation at hat he had just heard. Two fuckable gilfs each layuing under his control was a thought that he could not get rid of easily.

As such, with the same excited, he fastened his pace, feeling his fingers slowly being drenched in some pussy juice.

"AHH~~ U~~HHU~~~ aHH~~"

At this point, Grandma Vivian had already kept both her hands on the ground and stretched her firm enormous buttocks towards the clay moulded ceiling.

And Orion who was itching to stick his penis in, grabbed her dress and plunged his rock hard shaft deep into her Vagina.

"UUUHHHHHH~" Grandma Vivian's eyes shot wide open as her high pitched voice ranged across the hut. Within seconds, she gently collapsed face first on the ground with her buttocks still pointed upwards as it slid out of Orion's penis.

Orion blinked at her sudden haggard form as she gasp for breath while her body heaved up and down. From how tight her pussy felt when he plunged in at one go, he knew that he might have over done it a little.

"Haaaa... Ha... " As Grandma Vivian breathed rapidly, she turned her head to the side with some effort and said to Orion "It seems that I am not as energetic as I used to be. Let me rest for some minutes before we continue".

"No" Orion responded "I think its because I tried to force my penis down your vagina all out once, instead of taking slowly".

A thin smile appeared on Grandma Vivian's lips as she knew that her hole wasn't loose enough to allow his penetration in one go. Although she was ashamed of Orion realizing that for a woman like age to have a really tight vagina like hers meant that she wasn't that experienced in kushi, she still pushed through and decided not to let the shame tie her down. "Why don't you try again, but take it a little easy this time?" She responded.

"Are you sure?" Orion asked with a faked doubt on his face as he looked at her dripping tight vagina. Although he would love to dive in with no questions asked, there was still no harm in trying to be caring at least.

"Yes" Grandma Vivian bobbed her tiredly. And in order to convince Orion that he should continue with what he was, she widened her legs again to shape of a 'v' drawn upside down.

Orion gulped at the tantalizing sight. And without further ado, he latched his fingers on her protruding buttocks and positioned his penis into her dripping vagina. Slowly, he pushed it in, while listening to the short gasp of Grandma Vivian's moans that played in the background.

"Ahh~~"

"A little more" Orion said in a reassuring tone as he pushed his penis inside her tight gripping vagina. The force he felt was more than enough to push his dick out, making him grabbed both side of her ass, and with 'plup' he penis was deeply sheathed within her vagina.

"Uuhmmm~~" Grandma Vivian couldn't help but moan with her teeth sealed shut at the sudden fullness that came from her vagina. She couldn't remember the last time she felt like this. And even trying to remember brought back bad memories that she wished she wanted to forget.

"Pah!" "Pah!" "Pah!" "Pah!"

As though Orion had somehow managed to read her thoughts, he hammered his penis into her gripping vagina. At first, it was difficult since every pull made her inner wall want to push him out, and every penetration felt as though he was trying to force his way through the walls of Babylon.

"Pah!" "Pah!" "Squench" "Pah!" "Pah!"

But the same those walls fell, were the same her inner fleshy walls soon parted, and gently wrapped around his penis. It began to shape and mould around his veiny shaft, making Orion felt like his had just disvirgined a virgin.

A thought he wished was true, but nonetheless, he wasn't disappointed as he gazed at moaning girl being hammered underneath him and couldn't help but raise his hand and slap her wide buttocks gently.

"Fuck!" Orion moaned out quietly as he could feel her already tight vagina arresting his throbbing dick before it was freed.

"Pah!" "Squench" "Pah!" "Pah!"

"~~~Orion ~~Ahh~~ Uhh~ Uh~~ rion"

He felt that she wanted to say something, but instead of slowly down to hear her words, Orion hammered away with a more brutal force as he clapped her cheeks without restraints.

"Squench" "Pah!" "Squench"
