

Village Head 77

Chapter 77 [Bonus]Kushi Between Partners (2) (R18)

Watching her display such a sudden and intense reaction, I couldn't resist any longer as I felt my pulsing penis begin to tingle in anticipation. 'Shit! So fast,' I cursed inwardly as my desire overtook me, causing my semen to pour out from my throbbing shaft and into her awaiting inner walls.

"a~~a~~a" My mother's gasps for breath came in slow, ragged bursts as her body arched backwards, and lay out on the ground. But to my surprise, her legs don't stretch and part as they did last night, granting me unrestricted access. Instead, they're tied around my waist, "Pah~~ Squench~~" and she lets out another pleasurable scream as I take her, a delicious twist of pleasure and anticipation coursing through us both "UUUUUuuuuu~~~".

As soon as she started grinding against my body, her voice became a symphony of sensuality, her melodious tones filling the room with desire. Her movements were so captivating that my own energy was immediately restored, and I found myself unable to resist the urge to give her voluptuous buttocks a firm and satisfying slap "SMACK!". The sound echoed through the room, heightening the intensity of the moment and leaving us both gasping for more.

"PAH~~ PAH~~~ PAH~~"

The jubilant rhythm of flesh meeting flesh echoed through the small hut as I used one hand to deftly untie the cloth that wrapped around her waist. With my other hand, I eagerly pulled off her midriff top, revealing her magnificent bosom that was now fully exposed, the curves of her ample cleavage invitingly on display. The air crackled with suspense as I latched my hands on her abundant motherly breasts, eagerly indulging in our desires.

"uuhh~~ Ahh~~ Ahh~~~ HHHhh~"

In a sudden moment, I saw her gasping for breath, her half-lidded eyes focused intensely on me as if trying to capture every detail of our sensual session. It was then that I whispered to her, "Call me by my name, Mom." The words hung heavy in the air, infused with a mixture of taboo and forbidden desire that added a thrilling intensity to our movements. She hesitated for a moment, a hint of uncertainty flashing across her face, before finally giving in to the temptation and calling out my name, "~~Ori.... UHH~~on~~ahh~~" sending shivers of pleasure down my spine.

"PAAHH~~ SQUEUCHH~~"

"Again," I voiced out, my voice tinged with a husky undertone of pleasure. The word hung in the air, heavy with expectation as I savoured the sound of it, relishing the way it rolled off my tongue. The word held a delicious power, igniting a primal urge within me, as I eagerly awaited her response, my heart racing with heightened desire.

"PAHH~~ PAAHHH~~ SQUEUCHH~~"

With a series of ecstatic moans, her face contorted in a mixture of confusion and pleasure, her tongue spilling out of her mouth as she struggled to form words. "O...aH~~ RION~" she managed to gasp out, the effort of speaking mingling with the waves of sensation coursing through her body. Slowly, the sound of my name replaced the confusion in her dreamy state, the syllables falling from her lips like honey. "Orion~~~" she repeated, her voice growing more confident and insistent with each utterance until it became a breathless mantra of desire.

"PAH~~" "PAH~~" "PAH~~~"

"~o~~ Rion~~"

"PAH~~" "PAH~~" "PAH~~~"

"UHH~~ RI~~~" And soon, her lips parted in a breathless gasp, the sound of her trying to utter my name mixed with a string of incomprehensible syllables. Her mind was lost in the haze of desire, consumed by the ecstasy of being taken by the one she once called her 'son'. Her body writhed beneath mine as I pinned her down to the ground, the raw passion between us igniting a forbidden flame that burned with intense, irresistible heat as our sweats interlocked with each other further intensifying the dense passionate odour around us.

As I saw her slowly trying to compose herself, I decided to change our position, my desire driving me to take control. I stealthily moved my hand over her right leg, scooping it to the ground, causing all four of her limbs to stretch out on the floor. Her body was now fully exposed to me as I continued to passionately pound into her soggy vagina, eliciting a chorus of screams and moans from her lips. "Nghhhhhhhh~~ Uhhhh~~~" Her arousal was evident, with droplets of saliva escaping her parted mouth, a clear indication of the intensity of the pleasure we were sharing. I was determined to bring her to climax, doing my best to satisfy her every need as we indulged in the throes of ecstasy.

"PAH~~ SQUENCH~~" "PAH~~ SQUENCH~~" "PAH~~ SQUENCH~~"

"UhhHHHH~~" Mumbles of nonsense began to escape her lips, sending shivers down my spine as I increased the speed of my pounding, my body pressing harder towards the ground, as her face was firmly pressed into the earth. The other half of her face showed her eyes jerking unconsciously, gasping for breath and emitting guttural moans of pleasure. As I continued to thrust into her, her mouth opened wider, more droplets of saliva escaping and staining the ground beneath her.

"SQUENCH~~ PAHH~~"

"AHHH~~~"

"SQUENCH~~ PAHH~~"

"uhhhh~~ Gnghnaaaaaa~~~~"

With grit coursing through my veins, I picked up my pace and readied myself for the final thrust. The build-up felt like lightning on my hand, the intensity of it almost too much to bear. And then, in a moment of triumph, I shouted, "I AM CUUMMING!" My mother's heart was finally mine, and the sheer exhilaration of it made me scream in ecstasy. It was a feeling like no other, one that I would relish forever.

"AHHHHHHHHHHHHHHH~~" My mother's scream echoed through the hut, even more exaggerated than the first time I heard it. Finally, she managed to utter a reasonable sentence, though still flustered, "It's... hot... your... semen is too hot~~".

"Uhhhhh~~" A satisfied moan escaped my lips as I spilt my hot thick milk inside her, filling her up completely. Collapsing on her back, I held her waist tightly against mine, still pressed against her motherly round buttocks to prevent any of my semen from spilling out.
