

# VILLAGE HEAD'S DEBAUCHERY

## Chapter 8: Fingers (R18)

I said, and without waiting for her to respond, I began to rock front and back, pushing forth and drawing back my Penis that was currently sandwiched in her ass-cheeks.

"~~Uh~~ Ahhh~~" She moaned again. "Okay, but make this quick ...Uh~.... We still have to make sure that you eat something before going to bed" She replied, struggling to hold back her moans.

Damn it! I could feel the grit of his Penis harden again the moment I heard her words. Here I was sexually violating her, without her having any knowledge of it and then she was concerned about my well-being and making sure that I eat something before going to bed.

Well, I would have chosen to remain here and enjoy such a situation every day to my advantage if not that I was curious about this new world, and wanted to explore every corner of it.

Nonetheless, I nodded "I will do my best".

With that, I increased the number of my fingers to three and made it look as though I was trying my best to clean every inch of her Vagina by flicking and twirling my fingers within it.

My Penis on the other hand had sunk deeper in her ass-cracks to the extent that I could feel it poking against a hole.

"~Orion stop! ~Ah~~ stop, you are not supposed to be in there, it's still dirty. I haven't washed it yet" Greta moaned as she tried to free herself from my hands and stand up.

Regardless, I didn't stop rocking my hips front and back which made her fleshy ass slap against my thighs, causing the sound of flesh clashing against flesh to resound in the air.

"Pah" "Pah" "Pah" "Pah"

With my hands still in her fingering her pussy, and my Penis touching what I assumed to be her buttohole, it didn't take a genius to guess what was about to happen next.

Still, I needed to make the situation more believable to her reasoning.

I hope this works again!

Even though I am sure that it will definitely work, the doubt in me that sprang out of nowhere was still very reasonable considering that I have been in this world for only a short amount of time, and I was already shoving my dick up the ass of an older mature woman without any knowledge on sex and personal space.

"Pah" "Pah" "Pah"

"Didn't I say that I would be washing your buttocks, Aunt Greta? I hope you didn't forget that your anus is also part of your buttocks" I didn't slow down the momentum of my thrust and kept rubbing my shaft against the entrance of her anus.

Never in my life would I have imagined that I would say such words in such a situation.

She blushed. Her skin gained a red hue as she nodded her head in understanding. "Sorry, I wasn't able to think properly and forgot such a simple thing".

"No problem" I nodded and responded, keeping my words simple.

Fuck! My Penis finally penetrated her buttohole with only its tip. However, the amount of force that attempted to drag it out wasn't something that I could overlook.

"AAAAHH~~~~" She screamed. And as though she had been struck by lightning, Aunt Greta's body spasmed as she trembled at the entrance of my dick into her buttohole.

Nonetheless, I soon realized that it wasn't only that as I felt a huge amount of sticky liquid falling on top of my palm. She cummed.

Before she could say anything else, I immediately scooped a bowl of water and poured it on top of her Vagina, and wash away the cum with my other hand.

"You see, I had managed to flush out the dirt from your Vagina and also thoroughly clean the outsides too" I said, innocently. I made sure that she saw my ignorant expression as she stared blankly at me with bated breath.

I stared at her as she slowly nodded her head and stood up, removing my dick from her anus as though it was nothing. She turned around and narrowed her eyes at me. "Yes, I feel strangely relieved and free down there. Also, I can say without a doubt that this might be the most refreshing bath that I have ever experienced".

She chuckled "Although you lost your memories, it seems that you gained a magic hand".

"Yes, it seems so" I responded.

"Then, why don't you then use those magic hands of yours and trade them for some Kalna? I am sure that there are a lot of men and women who would want to have such a refreshing bath every day" Her eyes brightened up as she stared down at me with her bushy Pussy several inches close to my face.

"Think about it, you will be rich enough that your mother won't have to sleep hungry any more and you won't have to worry about any Kalna to trade with ever again".

The leftover scent of her cum still stuck on her cunt drifted into my nose as I responded. "I will think about it, and see how well I can manage such a plan and get enough Kalna from it" Of course, I would be keeping those offers for women only, both old or young, as long as they were fuckable, no holes were exempted.

And, I also have no issues with whether they pay me or not considering the number of things that might be possible if it all works out. With my current understanding of this world, I don't think that it would be hard for me to find a service that I could exchange for some Kalna.

Also, as for the men, they is no way I am willing to bathe a naked man. Don't they have hands to bathe themselves with?

A sweet smile appeared on her lips "Think about it okay, I will also tell your mother about it so that she will know what to do".
