

Villain 221

Chapter 221-1: Are you the Immortal brother? Is this little girl willing to worship the deity as a teacher? (1)

"My lord, in this small northern mountain, there exists a powerful hidden cultivator, and it killed all of the people I sent."

"According to the news that came back, there was a silver-haired old woman among them who was deeply hidden, and the cultivation base shown at that time had already reached the Conferred King Realm!"

Inside the hall.

The leader of the black wind bandit was talking with a cautious look, afraid that Gu Changge would blame him.

After all, he lost his people in a small village, which was entirely because of his poor performance.

However, who would have thought that such a strong man could be hidden in a small village?

However, what surprised him was that Gu Changge didn't care. He stood with his hands on his back, without even turning his head.

This made the leader of the Black Wind bandits even more uncomfortable, and his back was wet with cold sweat.

In front of this young adult, he didn't dare to say one more sentence.

His soul was trembling, as if he was about to suffocate.

"Oh? Silver-haired old woman?"

"The strength of the Conferred King Realm?" Gu Changge smiled a little inexplicably.

"Don't worry, my lord, this time this villain will personally take action, and everyone in that village will be arrested."

Hearing that, the leader of the bandits wiped the cold sweat from his forehead and assured it carefully.

He thought that Gu Changge was asking them about the great loss they suffered at the hands of a cultivator.

"No, it's none of your business, let's go."

Hearing this, Gu Changge's expression remained unchanged, he waved his hand lightly and said, letting him leave.

Hearing the news, he was in a good mood.

In the Lower Realm, there was finally a clue about the reincarnation of the Human Ancestor that he was looking for.

In a small village, there were great masters hidden, and for some unknown reason, they could not take action generally.

At the critical moment, their real strength broke out and blocked the intruding bandits.

Gu Changge was still very familiar with this kind of routine.

A Son of Luck like the Human Ancestor, if the people around him had no background or past, they were not even worthy of being a supporting role.

Presumably, the silver-haired old woman who took in the reincarnation of the Human Ancestor could trigger a plot.

"Wait, there's something else for you to do..."

At this moment, Gu Changge suddenly thought of something, and called out the leader of the Black Wind bandits, with a somewhat intriguing expression.

The mysterious baby girl he had been looking for recently should be in this small village called Northern Mountain Village.

Moreover, under his orders, they encountered a group of bandits and were in danger.

The cultivators in the Conferred King Realm, in such a small place, if there was no accident, they could naturally protect the peace for a while.

After all, without his intervention, even against some relatively powerful bandits, Northern Mountain Village would have a way to deal with it.

Now that they suddenly encountered a behemoth like the Black Wind Bandits.

The two were not of the same magnitude at all.

That was the so-called accident or variable.

"My lord, please give me instructions."

Hearing Gu Changge's words, the leader hurried back, bent over and flattered, "The villain should do it with all his strength."

"I don't want you to arrest people. I want you to send people to slaughter the village. After this is done, you will be free."

Gu Changge's smile was somewhat intriguing, "If it can't be done, then there is no need for the Black Wind Bandits to exist."

"Slaughter the Village?"

The leader's expression changed, but he didn't dare to ask Gu Changge the reason. In his opinion, a small village was completely unworthy of this big man's attention.

Could it be that the village had some unknown secrets?

Slaughter the village? How difficult was this?

And soon, because of Gu Changge's order, the leader of the bandits began to gather all the Black Wind bandits.

In the name of being provoked and going to take revenge, he was going to slaughter the Northern Mountain Village.

Boom!

The terrifying black torrent rushed out from the mountain range, and with blood in the weather, it went in the direction of Northern Mountain Village.

Many cities and villages along the way were frightened, and the terror of the black wind bandits had always been well known in the vicinity.

This time Northern Mountain Village had offended them, even if there was a monk in the Conferred King Realm, it would not escape the fate of being slaughtered!

Many cultivators took pity on them.

All right, why did you have to provoke the Black Wind bandits?

After Gu Changge gave this order, he also brought his puppet servant and disappeared from the Black Wind Bandit Hall.

After all, now was the best time for him to show up.

Wasn't it nice for the hero to save beauty?

Although this kind of plot was very old-fashioned, if it was staged carefully, the effect should not be bad.

Gu Changge was thinking about what kind of identity he should give himself this time, so that everything would look seamless.

After all, that mysterious baby girl looked more or less related to the peach tree behind Gu Xian'er.

The matter of his coming to the Heavenly Star Realm from the Upper Realm was a secret, and they might become aware of it if he used his original identity.

"However, at that time, with my cultivation base, I'm afraid that I won't need to consider these anymore."

Gu Changge felt that with his current cultivation speed, when he returned to the Upper Realm, he might have already reached the Great Sacred Realm.

At least, it should not be far from the Great Sacred Realm.

.....

"Grandma Yinhua, the Black Wind bandits have said that they want to slaughter us..."

"What should we do!"

"The leader of the Black Wind bandits is a god, we can't escape, and all of us will die by then."

At the same time, in the Northern Mountain Village.

The current village chief was at the door of Yaoyao's house, talking to the silver-haired old woman with a sad face and despair.

Behind him, the rest of the villagers Of Northern Mountain Village were equally desperate.

The group of bandits from the Black Wind Bandits came again the day before yesterday, aggressively trying to take away all the girls under the age of fifteen.

All the villagers were desperate and unwilling, but who dared to resist? They didn't even dare to say no.

Although Yaoyao wiped her face with mud, she was recognized by the bandits and they said that they would take her away!

She was so frightened at the time that she hadn't seen her brother come back, and she didn't want to be eaten by the Black Wind bandits boss.

And at that time, no one thought that the trembling silver haired granny would suddenly burst into action. She was someone who needed another person's support when she was walking usually.

And as soon as she made a move, she displayed the powerful strength of the Conferred King Realm.

She turned out to be a cultivator and a master!

There was no accident, all the bandits were buried here, and no one escaped, because their strongest person was not anywhere near her, and the silver haired granny who was in the Conferred King Realm was still two big realms away.

This scene shocked everyone, and people of the entire Northern Mountain Village, including Yaoyao, were stunned.

So Granny Yinhua naturally became the backbone of Northern Mountain Village.

Everyone's hope was on her!

Before this, no one would have thought that she was a master who was deeply hidden!

It was just that surprises came quickly, followed by despair.

After all, the Black Wind bandits were far more than just that group of people, and there were even more terrifying powerhouses behind them.

They could escape the first time, but they couldn't escape the fifteenth time.

The entire Northern Mountain Village fell into despair again.

Looking at the desperate, but faintly hopeful people in Northern Mountain Village in front of her.

Granny Yinhua smiled bitterly and said, "At this time, I have no choice! Black Wind is the master of the bandit, but he is a high-ranking God, and the other nine masters are also True Gods..."

"Not to mention my current Conferred King Realm cultivation, even at the peak of my life, it would be impossible to stop them."

She was telling the truth, if the Black Wind bandits really planned to come to the slaughter village, even if she had feelings for the rest of the village, she wouldn't be able to care.

At that time, Yaoyao would have to run away first.

The life and death of the rest of the people couldn't be controlled so much at all.

Silver haired granny actually didn't want to see such a day. Otherwise, she wouldn't come here to live in seclusion, or even show her cultivation, instead of being an ordinary old woman.

Because the enemy behind her was much stronger than the Black Wind bandits, once her whereabouts were revealed, the pursuit and killing she would face would be endless.

Hearing what Granny Yinhua said, everyone in Northern Mountain Village was truly desperate.

Their last ray of hope was ruthlessly cut off.

This time, there would be no miracles!

"Grandma..."

Yaoyao grabbed Silver haired granny's sleeve, her big eyes like flawless gems showed worry and fear.

She was also sad.

Although she was very small, she was very sensible and understood the meaning of Grandma's words.

When the Black Wind bandits come, everyone would die.

All they could do now was wait for their death! In addition to waiting for death, running away or resisting would only make their death worse!

And even if Grandma was a cultivator, she could find a way to take her to escape, but in front of the opponent's powerhouse, the chance of escaping was still very small and slim.

"Don't worry Yaoyao, grandma will protect you!"

Feeling Yaoyao's fear, Granny Yinhua couldn't help comforting her, but she was also desperate.

It was impossible to escape and even more impossible to resist.

At this time, she only hoped that Yaoyao's elder brother Jiang Yang would suddenly come back and bring the powerhouses of Immortal Lun Sect to slay the Black Wind bandits!

But this hope was too slim!

"Yeah, Yaoyao believes in Grandma."

Yaoyao nodded as if a chicken was pecking at rice, unlike other children, crying out loud.

In this regard, she appeared to be far more sensible and mature than her peers.

Silver haired granny smiled with relief, even if she fought her old bones today, she would not allow the Black Wind bandits to move her single hair!

"Grandma, do you think brother will come back to save us? He went to cultivate in the Immortal Lun Sect. He should be very good now, right?"

"I believe that brother will show up and kill all the bad guys of the Black Wind bandits!"

Yaoyao's little face was full of fantasy, remembering the scene when she met a poisonous snake before and her brother drove it away.

Now that her life was in danger, her brother should come to save her, right?

A wry smile appeared on Silver haired granny's face.

What could she say at this time? Would she tell Yaoyao that even if her brother was talented, he would be in the Soul Palace Realm at most?

It was impossible for one person to save them, unless a miracle happened.

"It's really the end, if I burn the blood of my life, sacrifice that secret treasure and move Yaoyao to a safe place. The Black Wind bandits will not be able to find her!"

She looked at her innocent face and said secretly in her heart.

"In the Northern Mountain Village, who dares to provoke me, the Black Wind bandits will let you know what is the fate of those who provoke us."

At this time, a rumbling voice suddenly came from the horizon, and a large number of fierce bandits were rushing here on fierce beasts!

The bandit at the head was dressed in black with a terrifying aura, and he was sitting on a black dragon.

It was the leader of a Black Wind bandits, who was in the True God Realm.

He stared at Northern Mountain Village below, and said coldly, wondering why the big boss would send him to bring people to this village.

In the Northern Mountain village, even if there were hidden Conferred King-level masters, it was not good enough to make him take action in person.

It was just an order from the top so he had to do it!

Slaughtering this village wouldn't take much time at all!

"Black Wind bandits are here! They really came to slaughter the village, and it's over, no one of us can escape..."

At this time, everyone in the Northern Mountain Village was desperate! It was one thing to hear the news, seeing it live was something else.

"Grandma."

Yaoyao bit her lip in fright, her small body was trembling behind Granny Yinhua.

At this time, she still hadn't cried, and was already very brave.

"Don't be afraid, Yaoyao, grandma is here."

While comforting Yaoyao, Granny Yinhua stared at the front with a solemn expression.

Above, the Black Wind bandits were mighty, covering the sky and the sun, like a large black cloud.

In addition to the leader at the True God Realm cultivation, the strength of the others was also extremely powerful, and they were the elites of the Black Wind bandits.

This time, for the sake of slaughtering the village, they actually sent so many people here.

Chapter 221-2: Are you the Immortal brother? Is this little girl willing to worship the deity as a teacher? (2)

Granny Yinhua was even more desperate in her heart, but she did not regret it. If the Black Wind bandits had captured Yaoyao last time, she would definitely live in endless regrets and guilt in the future.

"It's just you, the old granny who killed our people, you deserve to die, making the boss so angry. After going down today, learn how to grow eyes for a while, we Black Wind bandits are not the ones you low-life can offend!"

The ninth leader of the Black Wind bandits was standing high in the sky.

He sneered and stared at the Silver Haired Granny.

Having said that, he personally took action, because their leader had explained that this time the village slaughter must be completed, otherwise he would punish them!

Buzz!!

The pressure of the True God Realm instantly crushed down.

Boom!

The mountains shook, as if the sky was falling apart!

It was like a large mountain fell down from the sky.

All the villagers in the Northern Mountain Village were desperate, terrified, and horrified.

Under this aura, they were no different from ants.

"Stop!"

The expression of the silver haired granny changed greatly, her whole body glowed with bright runes, and she burst out with all her strength, taking this palm head on.

But in the next moment, with a puff, her body was covered in blood, and she flew upside down, and half of her body almost exploded.

The gap between the two of them was too big, she couldn't be this person's opponent.

Everyone in the Northern Mountain Village looked at all of this in despair and horror, and shrank in place.

What was more, they were already slumped to the ground.

"You actually resisted my blow with physical strength. It seems that you were also a strong person back in your days."

The leader of bandits froze for a moment, then reacted and sneered.

The strength of the silver haired granny surprised him a bit.

But she still couldn't make him worried, he felt that with one more palm, he could destroy her body and spirit!

"I don't need to mention what happened back then, now I'm just an old woman trying to protect her granddaughter."

Half of Granny Yinhua's body was covered in blood, and blood poured out of her mouth, looking extremely pale and miserable.

"Grandma!"

This scene made Yaoyao's face turn pale, she shouted with extreme worry, and her little hands clenched the corner of her clothes.

The strength of the Black Wind bandits was too strong, even if Granny Yinhua resisted, there was no possibility of survival.

She hoped in her heart that her brother would show up to save her and her grandma, but no one came!

She couldn't help but despair.

"You don't know whether to live or die. Wouldn't it be better to wait to die honestly? You still have to resist?"

Seeing that the silver-haired old woman dared to make a move, the leader of bandits sneered again, ready to wipe her out!

With such a strong gap in strength, was resistance any useful?

He also didn't understand why the big boss would give this order to slaughter the village.

Maybe he happened to be in a bad mood when I met the big boss!

"Puff!"

Under this powerful aura, without any accident, the silver-haired old woman spurted out a mouthful of blood again and fell from the air.

Seeing this, Yaoyao hurriedly ran over, intending to help her up, and her little face was full of tears.

"Yaoyao, leave me alone..."

Granny Yinhua coughed up blood and was seriously injured. At her peak, she was also close to the True God Realm.

So even if she took two hits, she still wouldn't die.

But it was amazing enough.

"Don't hurt my grandma!"

Yaoyao opened her hand and stood in front of the silver-haired old woman, stubbornly looking at the leader of bandits in the sky, trying to stop him.

"Yaoyao hurry up and come back..."

This scene made Granny Yinhua's expression change drastically, and she was about to pull her back.

"A little girl, she really doesn't know whether to live or die."

But at this time, the face of the leader of bandits turned cold, and he had already attacked again. The terrifying palm was so amazing that it fell from the air!

To shoot this ignorant little girl to death.

Unexpectedly, even a four or five-year-old girl would dare to stop him.

This made him feel that he was being provoked, and his expression was even colder.

"Yaoyao..."

The villagers of the Northern Mountain Village also shouted.

Some people were even angry and unwilling, they did not dare to watch this scene, and turned their heads away.

They felt that under this palm, Yaoyao would definitely die.

Buzz!!

But in the next moment, the picture that everyone thought did not appear.

With a slightly helpless sigh.

Heaven and earth seemed to be quiet, with an inexplicable and mysterious aura flowing in the void.

Space, time, reincarnation... All kinds of rules seemed to be stagnant.

"The deity still wants to continue to watch the show, but how can you lay your hands on such a beautiful little girl?"

A voice that sounded like a man reverberated between heaven and earth, making it impossible to tell the age.

It seemed very young.

But in these words there was a kind of vicissitude of sitting and watching the rush of eternity.

As the world was unfolding like a scroll.

A figure of a man with a blurry face and a fairy-like meaning appeared.

His deep eyes seemed to reflect many terrifying scenes such as the collapse of the universe.

Just looking at them was enough to make people's minds explode, and cause them to die!

It was Gu Changge who had come to the Northern Mountain Village long ago, but had been watching the play in secret, waiting for the right time to show up.

At this moment, the leader of bandits was trembling silly.

His skull seemed to be opened, and ice water was poured into it!

Cold to the bones!

Although he had never seen this person who suddenly appeared before.

But it was definitely the kind that was unfathomably powerful, otherwise there would be absolutely no such means of interfering with the rules of heaven and earth.

Faintly, he thought of the recent news from Xuan Domain.

Could it be... the mysterious and unpredictable Immortal from the Upper Realm?

"Are you an Immortal... brother?"

Yaoyao was a little stunned when she saw the man in white who suddenly appeared in front of her.

In response, those big pure and clean eyes were full of confusion and curiosity, and then she asked timidly.

"Brother Immortal?"

The figure walking out of heaven and earth seemed to be stunned when he heard these words, and then let out a chuckle.

"It's a strange name."

"Little girl, would you like to worship this deity as your teacher?"

Then, his deep eyes suddenly fell on her.

His voice was filled with a terrifying aura that made many laws and rules tremble.

Everyone watched this scene in shock and amazement.

Especially the bandits of the Black Wind bandits, they were all cold.

Their souls seemed to be frozen, and it was difficult for them to move and even if they moved, they were as small as an ant!

The mighty momentum caused deadly silence, causing the villagers in the Northern mountain Village to be horrified and unable to believe their eyes.

At this time, Yaoyao didn't seem to realize what happened.

On the other hand, the silver haired granny behind her had a drastic change in her complexion. First she was shocked, she couldn't believe it, and now she was ecstatic.

Supporting her terrifying injury, she said to Yaoyao with a trembling voice, "Yaoyao, promise this Immortal, this is your best chance! Don't miss it!"

Although the Northern Mountain Village was located in a desolate place, she also heard that during this period of time, an extremely mysterious Immortal from the Upper Realm had appeared in Xuan Domain.

With the help of this Immortal's words, the most powerful Taixu Sect in the Xuan Domain instantly unified the Xuan Domain without a single day of war.

The man in white in front of her, his means and temperament, his identity... Needless to say.

At this moment, Granny Yinhua's heart jumped into her throat, and she was extremely anxious for Yaoyao.

"It's really a rare Immortal talent. No one has found it for so many years. I didn't expect to pass through this area today, but it's really a good fortune for the deity."

"If you slow down, you'll be ruined. That's a sin."

At this moment, the man in white in front of her spoke again with a slight smile, and said to Yaoyao.

Yaoyao opened her eyes and felt a warmth and tranquility from the man in front of her.

It was a refreshing feeling.

As if the sky was falling, she would not have to be afraid.

Just when she was about to be beaten to death by the bad guys of the Black Wind bandits, it was this Immortal who suddenly appeared, rescued her, and said that he wanted to accept her as a disciple.

He was an Immortal?

On the contrary, the brother she had been looking forward to did not come.

Without this Immortal, she, her grandma, and all the villagers would have died here today.

"Thank you Mr. Immortal for your help. The old woman is very grateful!"

At this time, with ecstasy and deep gratitude, Granny Yinhua knelt down and thanked Gu Changge.

Listening to this.

She was completely horrified.

Just passing by this Domain?

How many Domains were there in the entire Heavenly Star Realm?

Didn't that mean that the Immortal in front of him could cross hundreds of millions of distances at will, easily shrinking into an inch.

This method was simply unheard of.

Gu Changge nodded slightly and let her stand up, but he obviously didn't mean to talk to her.

The silver haired granny was not surprised, and felt normal.

It was already a great honor to see an Immortal, so how could he possibly talk to her?

In her opinion, Yaoyao's identity should not be simple.

When she was adopted, no beasts approached her within a thousand miles.

It was just that she hadn't figured it out since.

The Immortal from the Upper Realm in front of her was very knowledgeable and must know a lot of things.

It should be no problem to understand Yaoyao's extraordinary mystery.

"Is Mr. Immortal really going to accept Yaoyao as a disciple?"

"They all said that I can't cultivate, I'm just an ordinary person. The cultivator who took my brother away last time also said that if I went along, I'll just drag him down..."

Yaoyao said in a low voice, she looked like she was only four or five years old, but it was obvious that she knew more than many people.

It was not that she didn't want him as her teacher.

But she felt that a little girl with a humble identity like herself who also had a strange disease and couldn't grow up was not worthy of worshiping the Immortal in front of her as her teacher.

Moreover, earlier, she actually felt that it was fine not to cultivate.

She could accompany her grandma, wait for her brother to return after completing his studies, and protect them.

But today, after witnessing the cruelty of this world with her own eyes, she suddenly felt that cultivation was very important.

Only when you are strong can you protect your loved ones around you!

"It's just that they are blind and short-sighted. How can the real Immortal talent be seen by ordinary people?"

Gu Changge shook his head slightly, and said with a bit of disdain.

The expression in his eyes seemed to be more and more appreciated the more he looked.

Of course, when he was hiding in the void before, he had already observed Yaoyao all over.

She was indeed the Daughter of Luck, and the amount of Luck points on her body was extremely astonishing, reaching tens of thousands.

This made him firm up his previous guess, and it really had something to do with the mysterious peach tree; it was not the template of the Ruthless Empress that he was familiar with in his previous life.

There was a hint of a familiarity, but it was not exactly the same.

However, his plan remained the same about how it should be done.

Without any means, as the Daughter of Luck, she probably wouldn't agree easily.

Therefore, Gu Changge had to go to great lengths to arrange such a drama of a hero saving beauty.

"Yaoyao is willing to worship Mr. Immortal as a teacher!"

Hearing what Gu Changge said, Yaoyao's eyes were full of determination, and she said in a crisp and clear voice.

She looked very well-behaved, and her face was stained with tears.

"It's nice and obedient."

"These troubles, this deity... oh no, I'll help you solve it as a teacher. They almost destroyed such a piece of immortal talent."

"This sin is really not forgivable."

Gu Changge smiled slightly, and said with a flash of deep meaning on his face, and then directly waved his sleeve.

Boom!

It was like the whole world was turning!

The terrifying and vast power, like a sea, turned into a melting pot of heaven and earth, covering it down.

Puff puff.....

The group of Black Wind bandits who were still aggressive and covered the sky just now disappeared from the sky in an instant, as if they were instantly wiped away by an invisible and terrifying big hand!

As if their appearance before was just an illusion!

This scene made all the villagers of the Northern Mountain Village widen their eyes and stunned.

In their opinion, this method was no different from the real immortals in rumors.

"Strong enough to be beyond the bounds of heaven and earth..."

Granny Yinhuo shuddered, and was shocked by this scene for a long time, but she soon came back to her senses.

Then comes ecstasy. Because this Immortal from the Upper realm actually accepted Yaoyao as his disciple!

Chapter 222-1: Cant teach but its good to have a disciple, Someone who is more intimate than relatives (1)

The menacing and terrifying Black Wind bandits, in front of this Immortal, were wiped out from the heavens and the earth just by a wave of his hand.

Such a terrifying method made the villagers of the entire Northern Mountain Village kneel on the ground in incomparable awe as if they had seen a miracle.

Their words were full of gratitude for Gu Changge.

And Gu Changge just did this casually, and didn't care at all.

The laws of heaven and earth were under his palm, like a toy, which could be changed and twisted at any time.

"Mr Immortal is so strong..."

Yaoyao opened her eyes which were full of shock.

This was the first time she had seen such a method, and it had surpassed the concept of cultivators in her heart.

Can a cultivator be so powerful?

In her eyes, the cultivator who took away her brother that day was already an extremely powerful existence. With a roar, the mountains and rivers could be shattered, and his aura penetrated the sky.

But in front of this Immortal, it seemed that he didn't even have the qualifications to compare.

"At this time, are you still calling me Immortal?"

Gu Changge looked at her with a smile.

"Master... Master."

Hearing this, Yaoyao's words suddenly stuttered and trembled.

Then, she respectfully bowed to Gu Changge.

After all, she was still just a little girl, after such a big crisis of life and death was lifted.

Her mind relaxed a lot.

At first, she didn't know why, but she had the courage to stand in front of Granny Yinhua.

And others were very afraid of the mysterious master in front of them.

Only she felt natural, without that kind of unnerving pressure.

Especially when he suddenly appeared at a time of crisis, he saved her life and said that he would accept her as a disciple.

This was like being in the dark, breaking all the light!

Such a surprise came so suddenly.

It made Yaoyao's little head feel a little dizzy.

She even felt the envy of her granny for her!

"She's really a well-behaved and sensible little girl. The more I see her, the more I like it. Fortunately, I came to Heavenly Domain on a whim."

"Otherwise, I would have really regretted it."

Gu Changge smiled, and with his words, he gave people a bit of happiness, as if he was afraid of missing such a good disciple.

Of course, only he himself knew how true or false these words were.

"Master."

Hearing Gu Changge say this, Yaoyao's eyes filled with joy and happiness.

Even at a young age, she could hear the truth.

In her eyes, although Gu Changge's face was very blurred, it was hidden by a layer of Immortal mist, so it was impossible to see it clearly.

But there was a natural and gentle look in his eyes.

It was completely different from the aloof indifference she heard in the rumors.

"You have the heart of a child, pure and unblemished."

"It's really unfortunate that such a good Immortal jade is covered in dust in this world."

Gu Changge smiled slightly, reached out and touched her head.

At this time, he could naturally guess what Yaoyao was thinking.

After all, she was the Daughter of Luck, young and precocious.

Even if he didn't make a move just now, it was estimated that the leader of the Black Wind bandits would not be able to hurt Yaoyao.

Gu Changge had a very clear perception just now, and a terrifying aura suddenly emerged from Yaoyao's gaze.

That kind of aura could be called earth-shattering and had the ability to destroy everything.

Although it was only fleeting, it would soon disappear.

But once that kind of power erupted, let alone the little Black Wind bandit, even the entire Heaven Domain would probably be overturned.

However, after his appearance, this terrifying force quickly disappeared.

According to the well-known plot and routines of taking care, this was probably the fruit of the mysterious Peach Tree!

So no matter what, he must control this fruit in his own hands.

He had never been interested in teaching people, but this time, for the sake of convenience, he intended to appear as a master.

Even arranging such a scene of the hero saving the beauty routine, had to brush the wave of goodwill. Otherwise, this girl might not be willing to go with him.

On the other hand, Yaoyao was the younger sister of the reincarnation of the Human Ancestor of this world.

To deal with the reincarnation of the Human Ancestor, the best way now was to start with her.

"Master, is Yaoyao really as good as you said?"

Hearing Gu Changge complimenting herself like this, Yaoyao's face was also shy.

Although she recognized him as master, she and Gu Changge were not very familiar yet, so it was difficult for her to show a very natural look.

Gu Changge naturally knew this, so he was not in a hurry.

This drama of the hero saving the beauty, although it was very old-fashioned, even he himself felt a little embarrassed by his acting skills.

But if Yaoyao really took the bait, then it was worth it.

After all... this was just a pure and innocent little girl.

No matter how much she knew, it was impossible to know that all this was arranged by Gu Changge.

The rest of the people didn't dare to doubt at all, they only had the mentality of respecting Gu Changge like a god!

"Yaoyao is really lucky. I would say that she has great luck in her body, and she can turn a bad situation into a good one at any time, and turn a crisis into an opportunity."

Even the silver haired granny, the only cultivator in this place, was full of excitement and joy in her heart.

She was even envious.

Yaoyao's good luck was completely unmatched by ordinary people!

To be valued by this unfathomable and powerful Immortal, and accepted as a disciple.

It was far better than being taken away by the Immortal Lun Sect thousands of times.

Even Yaoyao's elder brother could not have such a good future as her!

As for the suspicion of Gu Changge's other purpose?

She hadn't thought about it at all.

Not to mention that with Gu Changge's strength, it was absolutely easy to take Yaoyao away, no one could stop him, and he could do it without letting someone know.

Why would he do something so exhausting?

With Gu Changge's identity and strength, I am afraid that there are absolutely too many cultivators who want to worship him as a teacher.

"Yeah, you're actually really good."

At this moment, listening to her question, Gu Changge couldn't help but smile and said.

After that, he waved his sleeves.

A clear light flashed before his eyes.

Buzz!!

The mud stains on Yaoyao's face seemed to have been washed by a clear spring, revealing a clean and fair face.

Her facial features were exquisite and flawless, and her eyes were as beautiful as a jade.

Her skin was delicate and snow-white, shiny and beautiful, like a porcelain doll.

Although the clothes were very old, and there were many patches, she still couldn't hide her amazing fairy-like charm.

As if she was the most perfect masterpiece of God.

Thanks to Granny Yinhua, she usually covered it up.

Otherwise, as long as one was discerning, one could perceive the extraordinariness of her.

"Master..."

Yaoyao's face was flushed, and she was a little shy.

Even after growing up, it was still rare for her to show her true face in front of people like this.

Even her brother hadn't seen her like this, and her face was always covered in mud.

This scene shocked the villagers in the entire Northern Mountain Village, and they felt that the little fairy came down to earth.

No wonder she was valued by this Immortal, she herself was not just a mortal.

This kind of temperament, pure and without ambition, with a natural beauty, could it be possessed by ordinary people?

"Don't worry."

"In the future, in front of the teacher, you don't need to cover up. No one will dare to snatch you." Gu Changge touched her head and said with a slight smile.

Although she was a little girl, she definitely loved beauty and didn't want to put some mud on her face like this all day.

Gu Changge boasted that he had a good control over their thoughts.

"Mmmm, Yaoyao will listen to Master." Yaoyao nodded obediently.

There was joy in her big eyes.

As Gu Changge guessed, she actually didn't like to smear mud on her face.

How could a girl not love beauty?

Buzz!!

At this moment, Gu Changge suddenly shook his sleeves.

In the void in front of him, bursts of dazzling Immortal lights suddenly appeared, which were extremely dazzling.

Pieces of exquisite and gorgeous Immortal clothes and treasures, colorful Immortal skirts, intertwined with various magical runes and chains of laws and order.

In the void, it manifested, filled with a terrifying aura.

From the appearance alone, these things were definitely divine clothes far beyond what the world had seen.

The price was invaluable, and secondly, it was hard to find in the world.

Not to mention the gorgeous accessories of each Immortal clothes, all kinds of Immortal stones, bracelets, earrings, etc., it was really dazzling.

Granny Yinhua's eyes widened for the first time, and she suddenly gasped in her heart.

She had never seen these things before.

The aura that circulated on each immortal's clothes was extremely terrifying, as if it could easily crush everything.

Even on a small earring, there were many runes flickering, and there were strands of aura of laws hanging down.

This terrifying power was really shocking!

Except for this Immortal, probably no one in the Heavenly Star Realm can take it out, right?

"Master..."

Yaoyao stared at these for a while, seeing these, was he letting her choose?

She couldn't help showing joy in her eyes. It was the first time in her life that she saw such gorgeous and delicate clothes and accessories, which were embroidered with the brilliance of the sun, moon and stars.

Her eyes were dizzy, full of love and joy.

"It's all for you."

Gu Changge smiled.

When he was in the Heavenly Dao Ancient City, many clothes that Gu Xian'er liked but couldn't wear after buying them were thrown to him.

At that time, in order to make him bleed heavily, Gu Xian'er always chose the most expensive and beautiful ones.

It just so happened that these things came in handy today.

Others usually gave treasures as a gift when they accept disciples, but Gu Changge felt that Yaoyao might like these things even more.

Moreover, there was no shortage of things like treasures, and he could give away as much as he wanted.

After all, he was rich and powerful!

He couldn't teach his disciple, but he could raise her!

Not to mention, with Yaoyao's naive personality, even the rest of the people, under this kind of offensive, would probably be dizzy and fall quickly.

"It's all for Yaoyao?"

Hearing this, Yaoyao was a little stunned, and there was some confusion and shock in her eyes.

She suddenly got a little overwhelmed.

She thought that the master asked her to choose one or a few of them, but she didn't expect that all of them were for her.

She could also see that these Immortal clothes and accessories were extraordinary and invaluable.

If it was somewhere else, it would probably set off a scramble for cultivators and cause a lot of bloodshed.

"Yeah, it's all for you." Gu Changge smiled, waved it casually, and golden light flashed before his eyes again.

Many divine artifacts, divine weapons, divine medicines, elixirs, and engravings of classics... manifested in the void.

It was like a walking treasure house of great teachings, and the resources were too numerous to count.

Even a Quasi-Supreme Realm person would be greedy, and he wouldn't be able to compare to Gu Changge's wealth!

"This....."

Granny Yinhu was going to be stupid, especially when she saw the ups and downs of the divine artifact, her eyes were about to pop out.

She was not mistaken, the divine artifacts among them were not one or two, but hundreds!

Hundreds of divine artifacts? What the hell was this?

What kind of force was behind this Immortal? Her scalp was numb and her soul was trembling.

What kind of terrifying master did Yaoyao choose to worship?

"Why is my master being so nice to Yaoyao..." Her eyes suddenly became a little wet.

Besides grandma and brother, there was now a third person who treated her so well.

As soon as they met, he gave her so many good things, and she was embarrassed to accept it.

"Silly girl, you have to know that in this world, sometimes, the master is someone who is more intimate than your relatives."

Hearing this, Gu Changge's expression seemed a little moved, then he sighed softly and touched her head.

Chapter 222-2: Cant teach but its good to have a disciple, Someone who is more intimate than relatives (2)

With a gentle expression, smiling without saying a word.

"A person who is more intimate than a relative?" Yaoyao murmured this sentence.

Afterwards, at Gu Changge's insistence, Yaoyao accepted some greetings, but she refused to ask for too many things.

She was already very sensible at a young age.

This made Gu Changge very satisfied. If she were an ordinary person, how could she refuse.

He himself was not interested in this little girl.

If it wasn't to deal with the reincarnation of Human Ancestor, and brush up his Destiny Value and Luck Points, he would be too lazy to waste so much effort.

It was just that Yaoyao was also very well-behaved.

Gu Changge felt that while cultivating Gu Xian'er, it was not a big deal to cultivate such a young disciple.

Still it should be really nice, right?

Is this Gu Changge's first apprentice?

Huh?

Gu Changge thought of this, and suddenly felt a movement in his heart, as if a gap had opened in an unknown corner.

He faintly felt some vague images emerging from the depths of his mind.

A figure in red as blood, murderous and unparalleled.

In the end, he was knocked down by the demonic halberd and fell into the bottomless abyss.

The scene was very blurry, and when he remembered the sentence just now, it suddenly appeared and disappeared in a flash.

"Since the Nirvana Pool incident, I have been able to vaguely witness some scenes... Could it be a self-sealed memory that I didn't know about? Or a past life memory?"

Gu Changge frowned secretly.

In fact, he had sensed this state recently, just like his inheritance of the Immortal Devouring Demon Art.

Other than him, no one could imagine that this part of the inheritance naturally emerged in his mind when he was three years old.

It was not taught to him by anyone.

In other words, this was the seal cracking itself, and some memories and inheritance reappeared.

This kind of method was very likely Gu Changge's own method, afraid of revealing his identity, and sealed the memory of his demonic power.

But now, the memories of these seals were beginning to emerge.

"Could it be that Yaoyao is not my first disciple?"

Gu Changge faintly felt this part of the memory, as if it was reminding him that the next Child of Luck was coming.

But soon, he put these thoughts aside and stopped caring.

The most urgent task right now was to consider resolving the matter of the Human Ancestor.

Then things would get much easier.

Gu Changge closed his eyes and waited in Northern Mountain Village.

On the other side, with the help of Granny Yin Hua, Yaoyao dressed up and put on new clothes before appearing in front of him again.

Compared with her shabby clothes before, she looked completely different.

Her Immortal spirit was beautiful, her supreme bone was immortal, as if there was endless rhythm, and all of them were gathered into her body.

Under the background of such expensive and gorgeous colorful immortal clothes, her hair was soft and smooth, like a little immortal from the nine heavens.

This made Gu Changge have to admit that she was indeed the Daughter of Luck, and as the fruit of the mysterious Peach Tree, this kind of temperament was unparalleled.

"But if I'm not mistaken, the next normal routine should be that Yaoyao can't actually cultivate..."

"As an immortal fruit, she contains extremely terrifying power, but she can't use it on her own."

"But it doesn't matter, it saves me the effort to teach, just keep it..."

"Speaking of which, it's not time for the master to show his concern."

Gu Changge's mind flashed with many thoughts, but a gentle smile appeared on his face.

"Yaoyao, from today onwards, you will follow Master? How about it?"

"Mmmm, Yaoyao will listen to Master." Yaoyao nodded.

Although she had a great relationship with the Northern Mountain Village, she also knew that it was impossible for Gu Changge to stay here with her.

"But Master, can grandma leave with us?"

Yaoyao asked tentatively with anticipation on her face.

She felt very sorry for her grandma Yinhua, but she was not sure whether Gu Changge would agree to take her away with him.

"Since she has raised Yaoyao for so many years, why not bring her along?"

Gu Changge smiled, and what he said surprised Yaoyao very much, but she didn't expect the master to agree so quickly and decisively.

"Thank you, Master!" She obediently said.

"Thank you, Mr. Immortal!" Granny Yinhua said with excitement and gratitude.

It was all thanks to Yaoyao, otherwise she would not be so lucky.

Now that her cultivation base was exposed, if she didn't leave, the enemy family would find her soon.

From this aspect, following Gu Changge was definitely the best choice.

Of course, she didn't know that Gu Changge kept her, but there were other functions, even if Yaoyao didn't mention it, he would still bring her along.

Afterwards, Gu Changge took the two of them and left the Northern Mountain Village, planning to find an ancient city in the Heavenly Domain, to find a good foothold first.

On the other hand, as a Master, he would definitely have to fulfill his obligations as a Master for Yaoyao at this time.

Spreading the cultivation technique, strengthening her body, building the foundation... Anyway, the process that should be followed had to be done.

And soon, in the next period of time, terrifying rumors began to appear in various restricted areas of Heavenly Domain and the Sacred Mountain, causing a sensation in all parties.

A man in white a little girl, an old woman, and a servant, went straight to the major restricted areas and the Ancient Sacred Mountain, as if entering an ownerless realm, and came to ask for various divine blood essence and divine medicines.

Even a master of the forbidden area who had lived for more than 100,000 years and had reached the Sacred Realm.

His most precious horn was slashed by the man in white with a sword, and his rarest blood essence was taken to build the foundation for the little girl.

Even the Sacred Mountain that was in the Sacred Realm refused to accept it. As a result, the servant of the man in white wiped it out of this world with one palm, causing a sensation in the entire Heavenly Domain and causing all kinds of discussions.

All kinds of terrifying rumors made many Sacred Mountains and restricted areas uneasy, for fear of when it would be their turn next!

This news shocked countless monks and creatures to the extreme.

Many people speculated that the Immortal from the Upper Realm who appeared in the Xuan Domain had come to Heavenly Domain!

And the identity of that little girl also shocked countless cultivators and forces, and there were all kinds of speculations.

.....

At the same time, the leader of the Black Wind bandits was in a cold sweat after listening to the reports of the other chiefs.

The incident in the Northern Mountain Village had not only shocked them, but even the forces in other places had heard of it.

When the Immortal descended on that day, all the bandits who raised their hands were wiped from the heavens and the earth.

Such a fairy tale was even more shocking when the villagers of the Northern Mountain Village told it in person, which led many forces to quietly send people to investigate.

The current Northern Mountain Village was different from the past, although it was full of mortals without cultivation.

But no force dared to provoke it.

Because some cultivators speculated that the little girl next to the Immortal was someone from the Northern Mountain Village!

So much so that the villagers of the Northern Mountain Village seemed to have a relationship with the immortal.

Even some Holy Land disciples did not dare to offend them too much when they saw them!

"Master, shall we repay this revenge?"

The third chief next to him asked with a solemn expression.

But before he finished speaking, their leader slapped him in the face.

"Revenge? A fart? All of you must remember. Don't ask me anything about the Northern Mountain Village, don't say a word, just pretend that you don't know, understand?"

Their leader said fiercely, but only he knew now that his back was wet with cold sweat.

That Immortal from the Upper Realm was definitely the mysterious Lord who suddenly appeared during that time!

On this point, the leader of bandits was convinced.

He didn't know why the Immortal from the Upper Realm arranged it like this, but he knew what he was doing, and it would be fine to rot in his stomach.

He was a wise man, so he knew that it was already the greatest gift that the Immortal from the Upper Realm did not take action to wipe out the entire Black Wind bandits!

Or tell him what to do.

Buzz!!

Thinking of this, the leader of the bandits was even more decisive, and he directly took action, and abruptly cut off his memory about that part!

At this time, no one except the Immortal from the Upper Realm knew that it was him who arranged the Black Wind bandits to suddenly want to slaughter the village.

No one could trace the truth anymore.

.....

On the other side, Gu Changge took Yaoyao to travel in the Heavenly Domain, looking for some precious divine blood material for her to train.

At the same time, he also learned a lot about her and her brother.

Of course, these things started when Granny Yinhua accidentally picked up a baby by the river after she went into seclusion.

Granny Yinhua was also a disciple of an incomparably powerful master in the Holy Land back then, and she had a good talent.

But for some reason, the sect where she was, went into a rapid decline, and after encountering an opposing sect, it fell apart.

Gu Changge was not interested in this.

If it was the Son of Luck, maybe he would help the silver haired granny to restore the sect or something.

But for him, it did nothing to do so.

And the baby that Granny Yinhua picked up was naturally Yaoyao's older brother, the current reincarnation of the Human Ancestor, Jiang Yang.

From this point of view, Jiang Yang might have a background of bitterness and hatred behind him, and he was abandoned by his parents because of some last resort.

Gu Changge was not interested in learning about it.

The name Jiang Yang was different from the usual Son of Luck.

Gu Changge was a little surprised that there was no Ye, Fan, Hao, etc., but it was reasonable.

Like this kind of reincarnation, the Son of Luck was not comparable to that kind of cliché.

This kind of start was high, the background was strong, it was estimated that even his mood was also quite different from those ordinary Children of Luck.

Gu Changge didn't find it challenging.

After all, there was no one from the Upper Realm to intervene here.

In the Heavenly Star realm, he didn't say that he could cover the sky with one hand, but it was actually not much different.

Now that the identity of the reincarnation of the Human Ancestor had been determined, everything was easy to handle.

Nip the reincarnation of the Human Ancestor in the bud.

On the way, drain all the Luck points from him.

This was Gu Changge's next purpose and plan.

From Granny Yinhua's words, Gu Changge knew even more that the Human Ancestor was reincarnated more than a year ago and was taken away by the cultivators of the Immortal Lun Sect to practice, and there was no news since then.

Immortal Lun Sect, their ancestor was Immortal Lun Supreme.

This surprised Gu Changge.

According to the world barrier of Heavenly Star Realm, there was a Great Sacred Realm at most. If you want to achieve the Quasi-Supreme Realm, you need some luck or chance.

Or seclusion for countless years to make a breakthrough.

The Ancestor of this Immortal Lun Sect turned out to be someone in the Supreme Realm.

This could only show that he was not a creature born in this world, and it might also be from the Upper Realm.

In addition, the reincarnation of the Human Ancestor was now cultivating in Immortal Lun Sect, but he didn't know how much of his reincarnation memory had awakened.

"The good thing was that the so-called Awakening of Reincarnation was actually no different from taking over someone's body, swallowing up the original consciousness and letting the previous memory dominate."

Gu Changge smiled with deep meaning.

To deal with such a Son of Luck, he had long been familiar with it, and naturally he was within his grasp.

He had already thought about the plan.

Yaoyao and Granny Yinhu, as the relatives of the reincarnation of the Human Ancestor of this world, were naturally his main weakness.

On the other hand, except for Gu Changge, no one knew the true identity of the reincarnation of the Human Ancestor.

Even Yaoyao didn't know about it.

Chapter 223-1: Master has the power to support you, That Immortal has come to Immortal Lun Sect (1)

Gu Changge's plan was actually very simple.

Judging from the current situation, Yaoyao still trusted and relied on her Master.

As the Dao Fruit of that mysterious Peach Tree, the energy she possessed far exceeded her imagination.

And during this time, what happened to Yaoyao was just as Gu Changge had expected.

She really couldn't cultivate.

This made this little girl, who had always been obedient, depressed, and she even began to worry about gains and losses.

"Master, did I disappoint you?"

In an ancient city in the Heavenly Domain, Yaoyao looked at Gu Changge with a contemplative face, and said with guilt and anxiety on her small face.

So much so that the silver haired granny next to her started to feel uneasy, and she didn't even dare to take a breath.

During this period of time, although she was in contact with Gu Changge, it was discovered that this Immortal was not as indifferent as rumors had suggested.

But it was hard to hide how high he truly was.

It was just that while facing Yaoyao he always showed a gentle expression.

Even the few things he discussed with her were all about things related to Yaoyao.

It could be seen that this Immortal really valued ??and loved Yaoyao a lot.

He had taught her many cultivation techniques, all kinds of divine medicines, precious elixirs, and a lot of things.

Usually, countless cultivators and creatures were afraid of the Sacred Mountain and the forbidden area, which had changed in color, were like walking on the ground at the feet of this Immortal, and even invited them.

From the Lords of the Divine Mountain and the Lords of the Restricted Areas, he asked for the precious bloodline to refine it specifically for Yaoyao.

This kind of treatment made her envious, and she was even amazed, and found that he did all of this only to forge her body.

It was really her cultivation that limited her vision.

She even watched the scene of an Ancient Sacred Mountain, being destroyed by his servants with her own eyes because of their rebellion against this Immortal.

That scene could be called shattering the heaven and earth, and that momentum shook the whole world.

The Sacred Mountain that was standing tall, had an ancient existence, which would occasionally wake up, unleashing dark turmoil, powerful and terrifying to the point of indescribable.

As a result, in front of this Immortal, he couldn't even resist, and was annihilated in an instant.

The more she knew about the power of this Immortal, the more terrifying and unfathomable she felt!

But now, the silver haired granny discovered a very bad thing, which made her worry secretly.

It was Yaoyao's body... There seemed to be a problem.

No matter what kind of technique Mr. Immortal used, it was useless.

He even personally killed an ancient being in the Sacred Realm, extracted his true soul, and refined the Realm Breaking Pill to help Yaoyao.

But she still couldn't cultivate, and many resources went down, but there was no improvement.

One must know that during this period of time, Mr. Immortal put a lot of thought and effort into it, but in the end it was all in vain.

To put it a bit harsher, at this time, even a pig could transform into a divine beast.

But Yaoyao did not move at all.

So this incident made Granny Yinhua uneasy, and she also felt that Mr. Immortal seemed to be in a bad mood, and she frowned and fell into contemplation.

In this world, there was no such thing as being nice to others for no reason.

In the beginning, Mr. Immortal helped Yaoyao and accepted her as his apprentice because he valued her talent and thought that she was not simple.

But now after so many days, the conclusion that he got was probably that he would be hit hard in the face.

Although Yaoyao looked very extraordinary, it was a fact that she could not cultivate.

With this huge gap, it was estimated that no one could fill it, especially Mr. Immortal, who had invested a lot of resources and hard work.

Now Granny Yinhua was very worried, afraid that Mr. Immortal would be angry because of this, and feel that he had been deceived.

Yaoyao was very sensible, and she also knew that she had let her Master down.

So many good things were used on her, but she still couldn't cultivate.

This made her uneasy, and her little hands were pinching her dress.

During this period of time, she was accustomed to the Master teaching her to cultivate, and caring for her.

If her master abandoned her because of this matter, although she would be very sad, she would not blame her Master for this.

She would only blame myself for being so useless.

Hearing this, Gu Changge seemed to have recovered from his thoughts.

He looked at Yaoyao with an uneasy face in front of her, as if he didn't know, and smiled, "What did Yaoyao do to disappoint the teacher?"

Of course he knew what Yaoyao and Granny Yinhua were thinking.

It was that Yaoyao couldn't cultivate.

In fact, he had already expected it, and it was not surprising at all.

However, he still had to show a heavy, somewhat sad look on his face.

Otherwise, no matter how you look at it, one would feel that this Master was too fake.

He didn't even care that his disciple couldn't cultivate.

And at this time, in Gu Changge's view, it was also a crucial moment for Yaoyao to completely trust him as a master.

Isn't it because you couldn't cultivate?

It doesn't matter, your Master is rich and powerful, so he can support you.

"Master, Yaoyao is a waste. You wasted so much of your resources and time, and I still can't cultivate. You must be disappointed."

Hearing Gu Changge's question, Yaoyao lowered her head and said in a very low voice.

With guilt and anxiety, she didn't even dare to look into Gu Changge's eyes.

From the beginning of being happy, thinking that she was really a peerless genius, to discovering that she couldn't cultivate, and was completely useless, a complete drag.

The Immortal Lun Sect's cultivator who took her brother away was right.

This cliff-like transformation process made Yaoyao feel very sad.

"That's it?"

Hearing this, Gu Changge looked a little stunned, then he laughed and said, "So you are worried about this? Even if you can't cultivate now, you are still your Master's disciple."

"How can you worry about these things at such a young age?"

"Yaoyao, have you forgotten what the teacher told you before?"

Yaoyao was stunned for a moment, and her small face, which was originally full of worry, suddenly appeared deeply moved.

This answer was completely out of her expectations.

She thought she would be abandoned by Gu Changge because of this.

"Master..."

"Master told me before... Said that sometimes, a master is a person who is more intimate than relatives."

In fact, she had always remembered this sentence, and felt very touched at that time.

"Little girl, just remember and don't think so much."

"Even if you can't cultivate, your teacher can support you for the rest of your life, just think of it as a few little followers."

Gu Changge smiled gently, and reached out to squeeze Yaoyao's nose.

"Master, you are so kind to me." Yaoyao's nose suddenly turned sour when she heard the words.

"Silly girl, meeting is fate. Since I accept you as a disciple, it is my fate as a Master. You don't have to blame yourself. Cultivation is actually very troublesome..." Gu Changge smiled.

"Since you can't cultivate, you can save the teacher from worrying about yourself. After all, teaching people is a very troublesome thing."

"Mmmm. Yaoyao knows, so you don't need to worry about it in the future."

Yaoyao was very moved in her heart and nodded, looking very well-behaved.

She knew that Gu Changge's words were actually only to comfort her. After the Master accepted the disciple, the disciple couldn't cultivate.

This was obviously something the Master said in order to prevent her from blaming herself and worrying about it.

Master is so kind to me!

At this moment, in Yaoyao's heart, Gu Changge's status was no different from that of her brother and grandma.

"Very good, it seems that I was wrong to blame Mr. Immortal!" Seeing this scene, the silver haired granny also sighed with relief.

Gu Changge's words surprised her, but she also understood the character of this immortal.

Yaoyao worshiped him as her teacher, it was really her blessing!

"Yaoyao, why don't you come with me to the Upper Realm with the teacher now? This time I came to the Lower Realm, I have paid back my favor, and by the way, I will accept you as a disciple. After calculating the time, it is time to go back."

At this moment, Gu Changge suddenly opened his mouth with a smile and mentioned the matter of returning to the Upper Realm.

He intended to deal with the reincarnation of the Human Ancestor, but at this time, he must not show any abnormality.

After all, he had to be a little more euphemistic and let Yaoyao take the initiative to ask him about her brother.

As a master, for the sake of her safety, in desperation, he would accompany her.

Wasn't this a logical thing to do?

At this moment, when Granny Yinhua heard these words, she suddenly looked shocked.

Return to the Upper Realm? If Yaoyao was taken to the upper realm.

Then Yaoyao will be able to access that mysterious and vast world, and maybe she will be able to unravel the secrets hidden in her body.

After all... Upper Realm, that's where legends say that there are Immortals, and even beyond Immortals.

As for Granny Yinhua herself, she actually didn't have much thoughts about the Upper Realm.

Mainly for Yaoyao's sake, she hoped that she could go to the Upper Realm with Mr. Immortal.

Chapter 223-2: Master has the power to support you, That Immortal has come to Immortal Lun Sect (2)

Well, this girl probably misses her brother a lot, so she doesn't want to leave this place like this.

She sighed in her heart, vaguely knowing what Yaoyao was thinking.

"Master, are we going to leave this world now?"

Yaoyao looked at Gu Changge.

Her thoughts were actually just as the silver haired granny had guessed.

Her little face was very confused.

On one side was her Master.

On one side was her brother.

A year ago, her brother was taken to the Immortal Lun Sect for cultivation, and now there was no news. Some time ago, the Northern Mountain Village where she was located was attacked by bandits.

If there was no sudden arrival of the Master to rescue them, she and her grandma might not be able to survive, and they would have died at the hands of the bandits.

At that time, she had always hoped that her brother would come to rescue her and her grandma, but he did not come.

Yaoyao felt that he should be cultivating in Immortal Lun Sect, but something happened, so he couldn't escape, and he couldn't return to the village to visit her and grandma.

Now, there was an incomparably powerful Master behind her, and her identity was not the same as before.

She could go to Immortal Lun Sect and take the initiative to visit her brother.

If he was in a bad situation in the Immortal Lun Sect, he could help her.

Yaoyao had a good heart and was very sensible.

"Is there anything else, Yaoyao?"

Hearing this, Gu Changge was stunned for a moment, then seemed to think of something, and asked with a smile, "Tell me, I can take you back to the Upper Realm after your matter is resolved."

"Master, I want to go see my brother." Yaoyao replied.

"Oh? Your brother?"

Gu Changge was slightly stunned, as if trying to recall.

Yaoyao also knew that in the eyes of her Master, her brother was probably nothing, as insignificant as dust and impossible to be remembered.

"Since it's your brother, then we can go to see him."

Afterwards, Gu Changge seemed to remember and said with a smile.

And agreed to her request.

"Thank you, Master." Yaoyao's face was filled with joy.

Seeing this, Gu Changge smiled and touched her head, but said nothing.

He was just waiting to say this.

"That brother of yours has been practicing in the Sect for more than a year, and he didn't go back to see you? As a cultivator, he can't protect his family..."

At this moment, Gu Changge shook his head slightly, as if he was not very optimistic about Yaoyao's elder brother.

It was almost impossible to directly say that your brother was not a good person and abandoned his relatives.

If ordinary people said that about her brother, Yaoyao would definitely refute it.

But this person was her Master, and what he said was very reasonable.

She was also a little underwhelmed for a while.

"Brother must have his own hardships..."

Gu Change said nothing more.

.....

At the same time, Yue Mingkong, who was struggling to find the reincarnation of the Human Ancestor in other Domains, also brought people to Heavenly Domain at this time.

"That Immortal also came here? And with a little girl?"

Yue Mingkong frowned.

Hearing this news, her first reaction was to feel strange.

At that time, she thought that the Immortal would leave the Heavenly Star Realm and return to the Upper Realm after resolving the matter in the Xuan Domain.

But he didn't.

He even came to the Heavenly Domain.

Moreover, the matter of recruiting disciples in the Xuan Domain's Taixu Sect seemed more like a matter of accepting disciples to her, as if he was looking for someone.

After no one was found in the rest of the domains.

This Immortal came to the Heavenly Domain.

"Could it be that he actually came to find the reincarnation of the Human Ancestor? Or is it someone from the Human Ancestor Hall?"

Various thoughts flashed in Yue Mingkong's heart, and there was some faint worry and unease.

Before the most critical moment, she actually didn't want to reveal her origin of the Upper Realm.

"I have to find a way to find out who that Immortal is."

On Yue Mingkong's beautiful immortal face, her eyes were very deep.

During this period of time, her cultivation base had been upgraded to the late stage of the God King Realm, which was not much worse than the Quasi-Sacred Realm.

"Empress, there doesn't seem to be anything unusual about that little girl. She came from a place called Northern Mountain Village. She was attacked by bandits at the time, and was rescued by the Immortal who was passing by..."

Yue Mingkong's brows furrowed even tighter when the confidant behind him reported it.

Things were beyond her control.

"If I can't find the reincarnation, then I have to go and cut off his Nirvana Green Lotus..."

During this period of time, Yue Mingkong had already narrowed down the area where the Nirvana Green Lotus was about to appear, and finally settled on a certain peak!

Before the reincarnation of the Human Ancestor rushed there, she must snatch that Nirvana Green Lotus!

"Without the Nirvana Green Lotus body, there will be problems when the Human Ancestor returns to this one, and he will not be able to last long..."

"It seems that the Human Ancestor has already made a plan. He even expected the birth of the Nirvana Green Lotus in this world, so he appeared here."

"If there is no accident, Changge should be calculating a new candidate to take the blame. All of the people on the list I left him are very suitable targets."

Thinking of Gu Changge who was in the Upper Realm now, a softness appeared in Yue Mingkong's eyes.

If it wasn't for Gu Changge, she wouldn't take such a big risk and rush to this world to stop the Human Ancestor.

"Changge shouldn't know everything I've done for him now. If he knew, would he trust me a little more..."

Yue Mingkong sighed faintly, and then began to take command.

A large number of power houses headed towards the Heavenly Peak she had identified.

.....

Immortal Lun Sect, as the most mysterious and powerful force in the Heavenly Star Realm, had been standing for the longest time, even after a million years, it still did not fall.

In Heavenly Domain, there had never been a force like the Immortal Lun Sect.

Of course, it was also related to its patriarch who was a Supreme being.

But no matter who it was, when they came to the foot of Immortal Lun Sacred Mountain, they had to be respectful, and they did not dare to show any lack of reverence.

Today, the center of the Immortal Lun Sect was magnificent and majestic.

Inside a splendid palace.

Holy Master Xian Lun was pacing with his hands on his back, his eyes opened and closed, and the light appeared, and there was a wisp of divine light, which seemed like he was concerned.

Below him stood many powerful inner sect elders, as well as the saintess of the Xianlun Sect and others.

"Reporting to the Holy Master, what I saw that day is indeed the case. Below many altars, there are ominous auras rushing out, and even black blood rises into the sky, and the surrounding mountains make loud noises, like dragons roaring in pain..."

"At that time, it was said that when the dragon vein was dug up..."

A creature that looked like a blue ghost was reporting in the hall, talking about things.

It was the Green Ghost who was also responsible for casting the Immortal road for the Immortal Lun Sect in the Flying Immortal Mountains.

At this moment, he was talking about the events of the day with a heart palpitating expression on his face.

During this time, Holy Master Xian Lun was in retreat and did not know about it.

It was only today that all the elders were summoned to inquire about this matter.

"All the elders saw the scene like this. It seems that something unexpected happened at that time, and something ominous was dug up. The act of cutting the sky was already dangerous, and the good road to immortality broke like this?"

Holy Master Xian Lun frowned and said, his figure looked stalwart, vague, and his cultivation realm was extremely high.

It was unknown how much stronger he was as compared to the Holy Master of the other sects.

And he was a man of great talent.

It was also his plan to create the Road to Immortality.

Some time ago, there was an accident in the Flying Immortal Mountains, the altar collapsed, many slaves suddenly died overnight, and even black blood was dug out of the ground.

In a radius of ten thousand miles, a group of beasts crouched down, making a panicked sound.

Such a change shocked the entire Immortal Lun Sect, so everyone was called for a meeting, and the matter of forging an Immortal Road was put down first.

"Don't worry about it beforehand. After finding out the truth, you can decide. It was a disciple who had a vision in his body and alarmed the patriarch. Is it true or false?"

Afterwards, Holy Master Xian Lun opened his mouth and asked about another thing.

Hearing this, Green Ghost was a little puzzled, but he said respectfully,

"Reporting to the Holy Master, this is absolutely true."

"At that time, all the slaves died suddenly, and only one disciple survived and was safe, so the subordinates felt that there should be something special about him."

"So I brought it back to the Holy Land."

"I never thought that he suddenly triggered a vision, and the Immortal light reflected in the sky, causing the shadow of the patriarch to appear, shocking all the disciples and elders. Even many very old existences appeared, and they personally investigated."

"The curse seems to have been removed from that guy's body..."

The disciple he was talking about was Jiang Yang who had the Desolate Holy Body.

When he brought him back to the Sect from a small village, he was very disappointed when he found out that there was something wrong with his physique, and he threw him to the Flying Immortal Mountains as a slave.

But in the end, he didn't expect that by chance, when he returned to the Immortal Lun sect and he was valued by many old antiques.

This made Green Ghost feel a little embarrassed.

It could only be said that that guy had a really big life and was really lucky?

"Is it a blessing in disguise?"

Holy Master Xian Lun frowned and felt incredible, how could the curse of the Desolate Holy Body be so easy to solve? Did it really collide with the ominous aura and thus eliminate it?

"Impossible, the patriarch is the Supreme being, overlooking all life and death, a Desolate Holy Body, in my prime, it could grow up to be comparable to the Great Sacred at most. How could it be possible to arouse the shadow of the patriarch? This child is definitely not simple!"

"Maybe it will be the hope of flying into an Immortal in my immortal Lun Sect!"

Holy Master Xian Lun suddenly showed excitement in his expression.

The elders and others below had different expressions when they heard the words.

Now the status of that disciple named Jiang Yang was not the same, and it had long been precious, in the Immortal Lun Sect.

Even the Saint Son, Saint Daughter, and others were a little weak in front of him.

Several ancient beings in the Sects had personally thought that their status would inevitably rise, and these elders were only in the Quasi-Sacred Realm.

They couldn't compare at all!

Especially now that even the Holy Master Xian Lun was very optimistic about him.

However, at this moment, a disciple suddenly rushed over with shock and excitement outside the hall.

His voice was trembling and stuttering.

He was obviously trembling to the extreme.

"Report to the Holy Master, on the mountain gate... Outside, the Immortal is here!"

Buzz!!

In an instant, the entire hall of Immortal Lun Sect turned silent and one could even hear a needle falling!

Everyone's expressions were stunned for a while, apparently not responding yet.

In the next moment, everyone's expressions, including Holy Master Xian Lun, changed drastically.

"Immortal?"

"Could it be... Could it be the Immortal from the Upper Realm who destroyed the False God Mountain with one palm?"

Chapter 224-1: This assistance is really timely, Everyone is dumbfounded (1)

Outside the mountain gate of Immortal Lun Sect.

The clouds were shrouded in mist, and it was extremely magnificent.

Gu Changege and Yaoyao traveled all the way to this location.

During this period of time, he was serious about becoming a Master, and he couldn't say how much he cared about it, but he still did his job with diligence, so that people wouldn't find anything wrong.

Although Yaoyao couldn't cultivate, it didn't matter.

As a Master, he took her to play all the way, leaving footprints in the vast mountains and rivers, and the ancient cities.

At the same time, Yaoyao understood the truth, although she couldn't cultivate, but with a Master like him, no one could bully her.

Gu Changege also took her to the ancient restricted areas and the ancient sacred mountains.

Now, this little girl was very sticky to him, saying that her Master was the best person for her.

Even her silver haired granny who followed behind had gained a lot of enlightenment and knowledge, and was very envious of Yaoyao.

With Gu Changege's intentional care, Yaoyao now almost regarded him as her closest person.

She even felt that her brother was not like her Master, who was meticulous to her.

However, after all, she had depended on her brother and her granny for so many years, and he still had a very important position in her heart.

This point, Gu Changege was also clear, so he was not in a hurry.

At this moment, he raised his eyes and looked at this majestic ancient place, as he was holding Yaoyao by his side, with a strange expression on his face.

To be honest, in his opinion, the Luck of the Immortal Lun Sect was changing at a strange speed.

There was an image of a Dragon, but obviously some time ago, he felt that the Luck of this location was fading.

But in a blink of an eye, it started to recover.

This change could only explain what the Immortal Lun Sect had done, and it had begun to conform to the changes in heaven.

"Could it be because of the reincarnation of the Human Ancestor that caused this change? It seems that the reincarnation of the Human Ancestor is not as simple as a Child of Luck, but he is also in the Heavenly Star?"

Various thoughts flashed in Gu Changge's mind.

He stood here, tall and vague, as if standing in the other world.

He was dressed in a moon-white robe, with wide sleeves, and fluttering hair.

His face was blurred, and it felt more otherworldly, which made people unable to help but feel a sense of adoration.

"Reporting... reporting to the Immortal, someone has been sent to report your arrival."

Looking at him, the disciples of the Immortal Lun Sect in front of him were stammering and their voices were shaking.

They couldn't even stand steadily.

None of them expected that the terrifying Immortal from the rumors would actually visit them in person today and come to the door of the Immortal Lun Sect.

This made them shocked, horrified, worried, frightened, and had all kinds of emotions, which was very complicated.

Because during this period of time, many restricted areas and ancient sacred mountains had been led away by this Immortal, asking for a lot of good things, and those who refused to obey were destroyed by his palm.

Their end was domineering and tyrannical.

There were several ancient existences in those places, who had created several dark turmoils, making countless forces and creatures jealous.

But they were also annihilated by this Immortal.

Now that he brought this little girl to Immortal Lun Sect, was he trying to beat their Ancestors?

This made them terrified and felt that their own mountain gate could not stop this Immortal at all.

Unless their Ancestors were awakened.

"What's the matter? Are you a little worried about my arrival?"

At this moment, Gu Changge suddenly opened his mouth and asked with a smile.

He didn't care about the disciples of the Immortal Lun Sect in front of him.

He was asking Yaoyao next to him, feeling that her little hands were a little cold at the moment.

Of course this was a well-informed question.

On the way, in fact, under his intentional inquiry, he also caught some disciples of Immortal Lun Sect.

He did ask some news about Yaoyao's brother.

Jiang Yang.

Today, his status in the Immortal Lun Sect was not trivial, not even the Holy Son and the Holy Maiden could compare with him.

This was different from what Yaoyao had guessed, her brother was doing very well without encountering any troubles or difficulties.

As for why he didn't choose to return home, to visit Yaoyao and her grandma.

This reason was no longer important.

Or maybe he forgot about them and didn't want to share his wealth.

Maybe he was too busy to find time...

During this process, Gu Changge had already sensed that some Luck was disappearing from the reincarnation of the Human Ancestor, and then gathered on him.

The system's prompt also made him feel that his guess was correct.

Under his various hints, Yaoyao was indeed a little disappointed in her elder brother.

Even Granny Yinhua, who had always known Jiang Yang, sighed, feeling that Jiang Yang had changed, and was a little disappointed in him.

"Master, do you think brother has forgotten Yaoyao and grandma?" Yaoyao asked Gu Changge softly.

"How could he forget you? He should be cultivating and couldn't find time to see you."

Gu Changge touched her head with a gentle expression and said comfortingly.

"Master, please stop comforting Yaoyao, brother would never be like this before, he has changed..."

Yaoyao's voice was a little gloomy.

Her grandma used to tell her that people were unpredictable, and no one knew what would happen over time.

Compared with the mortal world, the world of cultivation had too many temptations.

During this time, Gu Changge brought her to see all kinds of prosperity and magnificence, which made her yearn for them at a young age.

She could understand that her brother would indulge in such bustling scenes.

However, Yaoyao still hoped to see him with her own eyes and get an answer before she could leave with her Master.

Master had been with her for a long time, and Master could no longer be bothered by her.

"It seems that the memory of the reincarnation of the Human Ancestor has indeed awakened, otherwise it shouldn't be like this."

"I thought I needed to plan things out, but I didn't expect it to be so simple."

Seeing Yaoyao's expression like this, Gu Changge couldn't help but burst into laughter, thinking so.

But there was nothing unusual about his face.

Boom!!

Boom!!

And soon, in the mountains ahead, divine lights rose to the sky, and several tyrannical auras began to converge.

The person in the lead was the current Holy Master Xian Lun, with a sturdy figure and a tyrannical aura, with many elders behind him.

His mighty and astonishing momentum, shocked everyone, as he came to greet Gu Changge.

"Greetings, Mr. Immortal!"

"It's an honor for our clan to be visited by the Immortal in person! This is a great honor for our clan!"

"I hope you will be generous and will not take offense if we have been negligent!"

"I just don't know what is the reason for your visit to our clan?"

Before people arrived, there were respectful, flattering and pleasing voices resounding from far away.

A crowd of Immortal Lun Sect outside, and many unknown cultivators stared at this scene in shock, completely unaware of what was happening.

On the contrary, silver haired granny and Yaoyao were already familiar with this sight and were not surprised in the least.

During this period of time, no matter where Gu Changge took them, it was always like this.

Those local cultivators, no matter how honorable their status was, were close to falling to their knees to greet them personally.

"Let's go, and meet that brother of yours."

Gu Changge held Xiaoyao's small hand and waved his robe.

The many runic formations in front of her disappeared from under her feet, leading her towards them.

He did not care about the people of the Immortal Lun Sect in front of him.

After all, as a Superior Immortal, he was not someone a cat or dog could take care of.

A crowd of Immortal Lun Sect's elders, looked at Gu Changge with sarcastic expressions, although it was in their territory, but no one dared to stop it.

"I don't know if the Superior Immortal....."

Immortal Lun Saint Lord was a Sacred Realm cultivator, he reacted after several changes, and went ahead to ask.

"This lord wants to see a person named Jiang Yang."

Gu Changge swept a glance at him and spoke indifferently.

Jiang Yang?

How could it be Jiang Yang?

What was so strange about him? What was so strange about him that he had attracted this Immortal to personally call him by his name?

At these words, a group of Immortal Lun Holy Land elders, including the Holy Master of Immortal Lun Sect, their heads exploded and they all stared in shock.

"This is the little girl we saw in that little village back then....."

It was the Green Ghost who recognized Yaoyao, completely different from the appearance of the face full of mud and dirt, but her aura did not change.

"Could it be that this Superior Immortal came to the Immortal Lun Sect because of this little girl's matter?"

"I was really blind at first! I can't believe I didn't see that there was something odd about this little girl."

Thinking of this, the Green Ghost's eyes widened and he sighed in his heart for a while.

Speaking of which, the disciple named Jiang Yang was this little girl's brother!

How could he be so lucky, not only was he respected by a bunch of old antiques, but now his sister had met such a terrifying Immortal from the Upper Realm.

With this relationship, wouldn't he be able to talk to this Immortal and even climb into a relationship?

This made Green Ghost incomparably envious and jealous.

And noticing the Green Ghost's expression, the Holy Master Immortal Lun Sect gave him a look with a movement in his expression.

The Green Ghost also understood and hurriedly informed the Immortal Lun Saint Lord about the origin of Jiang Yang and the Immortal in front of him through voice transmission.

"There is still this relationship?"

The Immortal Saint Lord was delighted to hear that the little girl beside Gu Changge actually had this relationship with Jiang Yang and was his sister.

Was not this heaven's help to the Immortal Lun Sect?

"Jiang Yang is now cultivating in the sect, he is very much valued by a group of old ancestors, whether it is qualification or talent, both are rare to find one in a hundred million years....."

"I am afraid that in a few years, Jiang Yang will be able to succeed as the next Holy Master of the Immortal Lun Sect and lead the Immortal Lun Sect to glory."

At that moment, the Immortal Lun Saint Lord said respectfully and gave Gu Changge the lead, heading inside the mountain gate.

At this time, he naturally had to find a way to say that Jiang Yang was doing very well in the Immortal Lun Sect, and his status was above ten thousand people.

As for the matter of throwing Jiang Yang to be a hard worker some time ago, he didn't even dare to mention it.

"Oh, is that so?"

Gu Changge nodded with a calm expression, his eyes becoming deeper and deeper, so that no one could feel his joy or anger.

But Yaoyao, who was on the side, was feeling that her Master, at this moment, seemed to be a little angry.

This made her a little sad, and her mood suddenly turned bad.

Yaoyao felt that her Master was a little angry at her brother's actions because he heard these words from the Immortal Lun Sect.

Although her brother didn't care about her and her grandma anymore, now, she had her Master to take care of her!

"Yes, the Superior Immortal has no idea, during this period of time Jiang Yang has invoked the shadow of our Immortal Lun Sect's Ancestor, which means that his talent has been recognized by the Ancestor."

"Jiang Yang is so talented, how could we not see it? We will definitely use most of our resources on him....."

And at this moment, Holy Master of the Immortal Lun Sect, who was still unaware of Gu Changge's thoughts, was still talking to himself.

Mentioning how much better Jiang Yang was living in the Immortal Lun Sect nowadays.

After all, how could he know the purpose of Gu Changge for bringing Yaoyao here, and he subconsciously thought that Yaoyao was here to visit her brother.

"It seems that Jiang Yang is living a good life."

Gu Changge nodded and said indifferently, although his face was calm at this time.

But he was actually already laughing in his heart, he almost cast an appreciative glance at the Holy Master of Immortal Lun Sect.

He was a smart guy as he was not even aware of the backlash of his words.

However, this wave of assistance really came just in time for Gu Changge.

It also saved him the effort of sowing dissension.

The first thing he had to do was to take care of one's family.

Her brother was doing so well in the Immortal Lun Sect, when he said that he would come back to visit her and his grandma.

But Jiang Yang didn't, instead he seemed to have forgotten and abandoned the two of them.

This made her heart very sad.

Now Holy Master's words were tantamount to sprinkling salt on the wound, further confirming her previous various speculations.

In addition, Gu Changge from time to time at the side with various words hint, pushing the wave.

Chapter 224-2: This assistance is really timely, Everyone is dumbfounded (2)

The fact that Yaoyao thought so was completely reasonable.

"Then have you ever heard his sister's matter from Jiang Yang's mouth?"

At this time, Gu Changge looked at the Holy Master of the Immortal Lun Sect and asked with an inexplicable meaning at the corner of his mouth.

The Holy Master Xian Lun froze at his words, and felt a chill by this look from Gu Changge, producing cold sweat, not understanding why Gu Changge suddenly asked such a question.

He himself was not very clear about this kind of thing.

The words he said just now were indeed true.

But if this question was not answered properly, who knew what kind of consequences he would face?

Before, he didn't even know there was a disciple named Jiang Yang.

The fact that Jiang Yang had a sister was something that he only knew about after the Green Ghost told him just now.

For a moment, the Immortal Lun Sect's expression suddenly became a little grim, and he did not answer, afraid to say the wrong thing.

And this scene of silence fell in the eyes of Yaoyao, so that her small face could not help but turn pale.

In her opinion, this silence was the denial of the Holy Master of Immortal Lun Sect, her brother did not mention her sister in the Immortal Lun Sect.

As for the reason?

It was because he disliked her and her grandma's humble origins.

"Ding, the status of her brother in the heart of Yaoyao has declined, Jiang Yang, the Son of Reincarnation's Luck, has suffered damage to his Luck points, you gained six thousand Luck points and thirty thousand Destiny value."

"Ding, rift between loved ones widened, Son of Luck's Reincarnation, Jiang Yang suffered Luck damage, you gained five hundred Luck points, two thousand five hundred Destiny value."

And at this time, with the system's prompting voice, Gu Changge's eyes could not help but narrow slightly.

The reaction of the Holy Master of Immortal Lun Sect was within his expectations.

This large amount of Luck points and Destiny value coming in made him think that the key was really in Yaoyao and Granny Yinhua.

After all, both of them were Jiang Yang's relatives and had extraordinary significance to him.

Especially, the young girl herself, was a supreme existence in a sense.

This kind of thing was too mysterious, no one could say exactly what it was.

It was possible that one day, after the young girl would suddenly awaken, she could instantly reach her peak power.

This proves that the Peach Village in the land of Immortal Abandonment, the Peach Tree definitely had some kind of problem.

But its cultivation was still astounding.

This showed how terrifying it was at its peak.

Gu Changge felt that the strength of that Peach Tree probably exceeded that of a True Immortal.

With the trust that Yaoyao had in him now, and Gu Xian'er's current attitude..... The possibility of that Peach Tree getting used by him was high.

"From the set up, Jiang Yang should have some unspeakable secret, otherwise he would not let his loved ones be in danger..... It's just that he can't let Yaoyao know about this unspeakable secret."

"First there was a misunderstanding, and then the misunderstanding was solved, so it became even more troublesome."

"But since it's a misunderstanding, it's good to let the misunderstanding go on. She doesn't need to know this either."

For a moment, Gu Changge's eyes became deep.

But on the other hand, this reincarnation body of the Human Ancestor as a leek was really fat.

In terms of Luck points alone, it had already surpassed any Son of Luck Gu Changge had encountered in the past.

After harvesting from the reincarnation body of the Human Ancestor, he could start to consider the matter of the Absolute Heavenly Extinction.

After all, Destiny value could be omnipotent, and he could completely rely on it to refine the Absolute Heavenly Extinction.

The Immortal Devouring Demon Technique, under the Absolute Heavenly Extinction, could also play a role in counteracting the effect of resistance.

And soon, the news of Gu Changge's descent into the Immortal Lun Sect soon spread sensationally from this side of the mountain gate.

After hearing that he called out Jiang Yang, many elders immediately turned into lapdogs and rushed to Jiang Yang's cultivation place, to bring him.

At this time, who cared about Jiang Yang's cultivation talent, in the Immortal Lun Sect. status was the most important.

Since the Supreme Immortal wanted to see him.

That was his honor, so he must be brought immediately!

Inside the main hall, Gu Changge was sitting at the top place, sipping tea, looking calm.

Next to him, Yaoyao looked very uneasy and nervous.

The people below the Immortal Lun Hall were even more nervous and anxious than Yaoyao, and their backs were wet with cold sweat!

At this time, they clearly felt that the atmosphere was not right.

Holy Master Xian Lun's expression was also a little pale, feeling that this Jiang Yang would not bring a scourge, right?

.....

Deep in the Immortal Lun Sect, in a cave, the divine light was flickering, the aura was rushing like a tide, the mantle of light were flowing like water.

In the middle, a clean-cut young man was sitting on his knees, his face was very calm, he looked very bland, and was here to cultivate.

Many visions emerged and manifested at his dantian.

Green Dragon, White Tiger, Vermilion Bird, Black Tortoise, True Phoenix..... All kinds of terrifying beasts, like guards, were floating around him, emitting ear-splitting roars that were terrifying and amazing.

Hoo hoo hoo!!!

As he breathed a horrifying vision appeared above his head.

The stars of the heavens, the universe, in the middle of a magnificent figure, bowing and worshipping, emitting a sacrificial sound.

The grand and ancient world's sound resounded around the cave!

If someone was here, they would be stunned by this vision.

The youth himself, however, appeared indifferent.

At the entrance of the cave, a beautiful woman dressed in a palace costume was staring closely at him, letting out a sound of admiration.

"As expected of a Desolate Holy Body that has unlocked the curse, this kind of vision is truly amazing."

The beautiful woman in the palace dress was none other than Zhao Yi, the current Supreme Elder of the Immortal Lun Sect, who had the cultivation of the Sacred Realm.

Although she looked very young, she was actually already an existence from a very ancient generation.

She was the current protector of Jiang Yang.

After all, its natural talent alarmed the Ancestor's shadow, and was worthy of such treatment by their group from the older generation.

The future of the Immortal Lun Sect depended on the Jiang Yang in front of her.

And hearing Zhao Yi's words, Jiang Yang himself still looked calm and unconcerned.

On the contrary, he said with a slight sigh, "In a full month, the cultivation level only reached the Divine realm, this speed is still too slow."

The corners of Zhao Yi's mouth could not help but twitch, feeling that his words were meant to hit people.

Crossing several realms in a month, this kind of record, except for Jiang Yang, she had never heard of.

This was a monster, who could not be measured by common sense.

Jiang Yang looked at Zhao Yi in front of him and said, "These resources are not enough, I want to break through to the Conferred King realm within half a year, it's still far from that."

Half a year to break through the Conferred King Realm?

Zhao Yi's expression stiffened again, how could he really say these words so naturally.

Divine power, Great power, Holy Lord, Conferred King.

Between these realms, the later ones were the more difficult.

Let alone half a year, even if he had another three years, it was impossible.

But considering the Jiang Yang in front of her, whose talent was truly terrifying, she also nodded her head in faith.

Thinking that she was a tai-senpai, in front of Jiang Yang, a young disciple, she was unable to lift her head and could not help but be suppressed by him.

Who was the junior in the end?

In this regard, she was also confused, and felt very inexplicable.

Jiang Yang had an aura that made people couldn't help but submit to him.

"It's really confusing to see, this is really a mysterious guy." Zhao Yi shook her head.

Jiang Yang did not take Zhao Yi's opinion seriously.

At this moment, he closed his eyes again and put his mind on cultivation.

At the same time, in his mind, he said indifferently, "See? This is all you can get after you accept me."

"Do you still want to go back to that gloomy place to continue to be a hard digger?"

Another voice with resignation and stubbornness sounded out, "You are you, I am me, we are different, there is no way I can accept you!"

"Young people can be really stubborn, did you forget who was the one who couldn't hold on and finally gave in to me at that time. If it wasn't for me, at that time you would have been eroded by that ominous aura, how would you still be alive right now?"

Jiang Yang's expression was bland, as if he did not care about anything.

After he took over his body, how could a mere ominousness stop him?

He was the Human Ancestor who was worshiped by millions of living beings, and his faith was spread in every world.

His believers were infinite like the mud and sand of the galaxy.

At that time, by using a little means to change the direction of the terrain, causing a conflict between the dragon veins, it instantly broke the Immortal Lun Sect's Road to Immortality, so that their plans to raise the religion to ascend to the top were all in vain.

And the Immortal Lun Sect was still unaware of this.

Subsequently, he showed strong talent, borrowed special means, attracted a shadow of the Ancestor of the Immortal Lun Sect, and his status rose immediately.

Without him, the original Jiang Yang was now estimated to be dead, exhausted alive on the Road to Immortality.

He was magnanimous, unwilling to take action to erase his True Spirit, which was left until now, waiting for it to figure it all out, and self disperse.

The original Jiang Yang's consciousness, could stay until now, of course, there was part of the reason, because it involved him after the reincarnation mark of all lives to one.

Just when Jiang Yang's mind was deep in thought, a voice came from outside the cave, causing him to frown.

"Jiang Yang! Come out quickly!"

"Did you hear that?"

"Jiang Yang, the Supreme Immortal wants to see you, hurry up and come out, don't neglect the Supreme Immortal!"

With a divine light, one elder rushed here, and shouted by voice transmission into the cave.

"The Supreme immortal?!"

Hearing these words, Zhao Yi's expression changed slightly and she reacted immediately.

As the Supreme Elder of the Immortal Lun Sect, she naturally knew about that Supreme Immortal who had been making a lot of noise in the Heavenly Domain during this period of time.

Why did he come to the Immortal Lun Sect and even called Jiang Yang?

"The Supreme Immortal?"

"Is it finally here?"

And at that moment, Jiang Yang's reaction shocked her even more.

It was as if he had already known about it, his expression was bland and calm, and there was even a smile at the corner of his mouth.

This scene made Zhao Yi's eyes glaze over, why did Jiang Yang know? What exactly was his origin?

Subsequently, Jiang Yang took the initiative to get up and walked towards the outside of the cave.

Looking at the group of elders in front of him, he said indifferently, "Go tell that so-called Superior Immortal to come over and say that I am waiting for him here, and for the onlookers, don't come."

"What?!"

Hearing Jiang Yang's bland and confident words, the elders were all dumbfounded and couldn't believe their ears.

Let the immortal come by himself?

And wait for him?

Did they hear it right?

Is this Jiang Yang's brain probably dumbed down during this period of cultivation?

Chapter 225-1: Let you know how high the sky is, Young people shouldn't cross the line (1)

Jiang Yang didn't care about the reaction of the people in front of him.

This seemed to him to be the right thing to do.

He was the Human Ancestor who stood on the top of all races. Although many memories of this life had not been fully awakened yet, the character and habit of being aloof and overlooking life and death in the past had penetrated deep into his soul.

A mere person from the Upper Realm, which qualification did he have to make him visit?

Thinking of the countless gods, demons, beasts and big figures of all races who knelt down in front of him back then.

Each of them was an existence who could destroy the worlds with only their breath!

Moreover, in Jiang Yang's view, the cultivators who would come here to the Lower Realms most likely came to find him.

Before he recovered to his peak, they came to show his loyalty, tried to follow him, and would go back with him to the Upper Realm.

So that they could enjoy a high position by staying on his side in the future.

He could tell the purpose of that Immortal at a glance, otherwise there was no explanation for why he would be so nice to his sister who was staying in the Northern Mountain Village.

In the end, wasn't it only to please him?

After all, with all the benefits, as long as he was not stupid, he would understand what to do.

The Human Ancestor Hall he built back then had an extremely detached status in the Upper Realm. At this time, it should have sensed his existence and came to look for him!

Jiang Yang knew this well.

"Jiang Yang, you probably lost your mind by your cultivation. Don't let that Immortal hear your words."

"When the time comes to implicate our Immortal Lun Sect, you can't just eat and walk around."

At this time, several elders reacted, their expressions changed drastically, and they scolded Jiang Yang for a while.

This made them sweat a lot.

For fear of being overheard by the Immortal, it would bring unwarranted disaster to the Immortal Lun Sect.

These words made Jiang Yang frown, but his face was still indifferent.

In his eyes, these elders were no different from ants.

So he naturally ignored their ignorance and stupidity.

At this moment, Jiang Yang said lightly, "If I were you, I wouldn't be so stupid. If I say such a thing, I should first ask the so-called Immortal, does he dare to let me wait?"

Dare to let me wait, contained an indescribable self-confidence, and did not put that Immortal in his eyes at all.

This made the expressions of the elders change drastically again, and they began to stare at Jiang Yang in disbelief.

He was either a lunatic or a fool, could it be that he really had such confidence?

"Let's follow Jiang Yang's words."

At this time, Zhao Yi's figure appeared and she said lightly to several elders.

She chose to trust Jiang Yang.

In Jiang Yang, she saw a confident bearing that made people unable to help but convince.

Therefore, she felt that Jiang Yang's words were not for no reason, and she even had a faint expectation for him.

Judging from Jiang Yang's reaction just now, he seemed to have expected that the immortal would come to him.

"Yes, Elder Taishang."

Seeing Zhao Yi said so, the elders didn't dare to say anything more, their faces were pale, and they wanted to return to the hall to return to their lives.

They came to call Jiang Yang, but instead of calling him, they had to let the Immortal come over in person?

Although these words were simple, who of them would have the courage to say such a thing to that Immortal?

Several elders were grief-stricken, such as mourning their concubine, it was too difficult for them, they just hoped that Jiang Yang's words would be really useful.

Otherwise, if the Immortal blamed them, who would dare to protect them?

And soon, several elders left in a hurry.

"You still have a wink. Although the talent is not very good, it took so many years to cultivate till the Sacred Realm."

Jiang Yang glanced at Zhao Yi and said indifferently, "But in the future, you can be a swordsman by my side."

Hearing that, Zhao Yi's expression froze. She had lived for hundreds of thousands of years. She was a goddess in the Heavenly Domain back then.

Geniuses of the same era as her were all boiled to death by her.

As a result, in Jiang Yang's mouth, her talent was not very good?

Swordsman?

What the hell was this?

However, considering Jiang Yang's confident expression when he said this, it was difficult for Zhao Yi to refute for a while, and he felt that Jiang Yang was unpredictable.

At this time, in Jiang Yang's mind, another voice sounded with anger.

"I'm going to see Yaoyao, that Immortal treats Yaoyao so well, how could you have such an attitude?"

Hearing this, Jiang Yang said indifferently, "I will meet Yaoyao, but you think too much. If I didn't exist, do you think that Immortal would be so good to Yaoyao?"

In his view, all of this was nothing more than a set up to please him.

That Immortal was a wise man.

.....

"Jiang Yang... he said that at the time, it has nothing to do with us!"

"I hope that Mr. Immortal won't blame us."

On the other side, hearing the words of several elders who were kneeling on the ground, their faces turned pale, and they were shivering.

Buzz!!

In the entire hall, even the falling of a needle was audible for a while, and there was a dead silence.

"It's over!"

This was the first reaction of everyone, including Holy Master Xian Lun. Their faces were pale and their whole bodies were cold.

And their souls were trembling.

They couldn't wait to shoot Jiang Yang to death.

"Instead, you should ask the so-called Immortal, does he dare to make me wait?"

In everyone's mind, such a sentence still echoed. Although they didn't see anyone, they could feel Jiang Yang's arrogant and confident look and attitude.

But this time. it was not an ordinary person in front of him!

It was the terrifying existence that destroyed the Sacred Mountain at will, and it was unknown how powerful his cultivation base was.

Once that Immortal was offended, could the Immortal Lun Sect still continue to exist?

Their Ancestors were in the Supreme Realm, but who knew if the means he left behind could actually compete with this Immortal?

"Is this really what Jiang Yang said?"

Holy Master Xian Lun's expression changed suddenly, and he hated Jiang Yang at this moment.

Before, he was still very optimistic about him, and now he couldn't wait to slap himself a few times.

"Elder Taishang was also by Jiang Yang's side at that time, and this sentence was approved by her."

At the critical moment, several elders did not hesitate to sell the elder Taishang.

A dead Taoist friend was not a poor Taoist.

At this time, he must not be angered!

After all, everyone could see that the Immortal at the top had a much deeper expression, and his terrifying aura was like a vast galaxy floating up and down.

Everyone was out of breath!

"Dare to make him wait?"

"That's interesting."

Gu Change finally spoke, his expression was very calm and deep, but his tone seemed to be full of interest.

The many elders of the Immortal Lun Sect below felt that they could not breathe, their legs were weak, and they were about to kneel on the ground!

"Master..."

"Brother..."

At this moment, Yaoyao next to him was also extremely surprised, her little face was full of unbelievable expressions, worried that Gu Change would be angry because of this.

She really didn't expect her brother to say such a thing now.

Let her Master go to see him in person?

Her brother used to be honest, but he wouldn't say it like this.

Of course he had changed.

In such an environment, he was unable to maintain himself, and became arrogant.

"Oh, how did Jiang Yang become what he is now..." Granny Yinhua sighed. As Jiang Yang's relative, she was very disappointed and couldn't believe it.

Jiang Yang, who was honest and kind back then, turned out to be like this.

"Don't worry, for your sake, Master won't be angry." Gu Change said to Yaoyao with a very gentle expression,

"But it seems that your brother is somewhat arrogant."

His words had been very straightforward.

All the people in the Immortal Lun Sect were extremely pale and smiled miserably in their hearts.

Several elders who came back to resume their lives, at this time, were even more eager to slap Jiang Yang in the face.

What to do?

At that time, they thought he was crazy, but they didn't expect that even the elders would go crazy with him!

This was to push the entire Immortal Lun Sect into the abyss of eternal doom!

"I'm sorry, Master..."

Yaoyao was very moved, Gu Changge was still thinking about her at this time.

If it wasn't for her, anyone who said such a thing would have been slapped to death by Gu Changge, right?

"This has nothing to do with you." Gu Changge smiled slightly.

In fact, he was not surprised that Jiang Yang would do this.

In a good way, it was a reincarnation's memory awakening, but in a bad way, it was actually a rebirth.

This was actually similar to the rebirth routine of the remnant soul of the God King that he encountered in the Lower Realm at the beginning.

At this time, the reincarnation of the Human Ancestor should have recovered a lot of memories.

Otherwise he wouldn't have said such a thing.

"It's a real forced king..."

"Just pretending to be forceful in front of me, is there something wrong?"

Gu Changge's smile seemed a little playful.

He understood the idea of the reincarnation of the Human Ancestor very well.

In a normal way, the cultivator who came to look for him now came from the Upper Realm.

The reincarnation of the Human Ancestor must subconsciously think that this was someone who wanted to please and hug his thighs before he grows up, paving the way for future prosperity.

But this time, the reincarnation of the Human Ancestor probably did not expect that.

Chapter 225-2: Let you know how high the sky is, Young people shouldn't cross the line (1)

Gu Changge in front of him, always wanted to devour him, squeeze out his Luck points, and replace him.

"System, the source of the Luck for the reincarnation of the Human Ancestor, does it involve the fate of the Heavenly Star Realm?"

Gu Changge asked the system in his mind.

The system replied, "Yes, the fate of the Heavenly Star Realm is closely related to the direction of the reincarnation of the Human Ancestor."

"When the Human Ancestor was reincarnated in this world, he was already entangled with the luck of this world."

Gu Changge's heart became clearer when he got the answer.

It was pretty much the same as his guess.

In terms of luck, it had always been illusory.

And Human Ancestor's own Luck was not only related to the Heavenly Star Realm, but also to his own various causes and effects.

Including Yaoyao, it was actually related to him.

Even all beings in the heavens and the earth, the beliefs of hundreds of millions of beings were related to the Luck of the ancestors.

Now that his memory had not fully awakened, the Luck of the belief part that involved hundreds of millions of living beings was very likely not to fall on the reincarnation of the Human Ancestor.

Therefore, alienating the relationship between Jiang Yang and his relatives had always been Gu Changge's plan before that.

But now this plan did not need to be considered any more.

Yaoyao and her grandma's attitude towards Jiang Yang had changed a lot.

They did not even trust him anymore.

What he needed to do next was to convince Yaoyao that the current Jiang Yang was no longer the older brother he used to be.

Even if it was the opposite, it was easy.

"You caused all this yourself. The so-called reincarnation of the Human Ancestor seems to be just a feigned perpetrator."

Gu Changge didn't believe that the Human Ancestor who had not yet returned to the Upper Realm, could find out what kind of storm he had created with his hands.

At that time, even if the Human Ancestor was reincarnated and brought the Luck of the entire Heavenly Star Realm to fight against him, he would not need to care.

"Don't worry, Mr. Immortal, this time the villain will definitely bring the arrogant guy Jiang Yang up and make a good apology to the Immortal."

The expression of Holy Master Xian Lun changed for a while, and he hurriedly cupped his hands and said.

At this time, who cared about Jiang Yang's status as Yaoyao's brother.

He had offended the Immortal himself, and no one could save him!

At that time, when Gu Changge took out his anger at Immortal Lun Sect, they would be wronged!

After saying that, the figure of Holy Master Xian Lun blurred for a while, he turned into a divine light with a pale face, and went to the place where Jiang Yang was cultivating.

The rest of the elders also rushed there together. Even if it was suppressed at this time, Jiang Yang had to be brought along!

In the hall, Gu Changge's expression was calm.

He turned to drink a cup of tea.

"Yaoyao, after this time, you should return to the Upper Realm with your teacher."

"Hmm, Yaoyao will listen to Master."

Yaoyao nodded.

Now the thought of missing her brother had faded a lot.

It didn't even matter if she saw him or not.

Seeing him on the other hand, was considered a farewell, an explanation for her longing for so many days.

Gu Changge nodded and heard the prompt sound from the system clearly.

"Ding, Yaoyao is extremely disappointed with her brother. The Son of Luck, Jiang Yang, has suffered damage to his luck. You have gained 8,000 Luck points and 40,000 Destiny value."

It seemed that he no longer had to do anything.

Yaoyao looked young, but her heart was like a mirror.

Gu Changge laughed in his heart, but his face was calm.

Soon, Jiang Yang, who was shocked, was suppressed by several elders and was brought to the main hall.

Behind Jiang Yang, there was the Holy Master Xian Lun with an angry expression, and Zhao Yi, the Supreme Elder who was full of shock and disbelief.

"Reporting to the Immortal, Jiang Yang has already been brought!"

Several elders said respectfully, and then looked at Jiang Yang with a deadly expression.

Their cultivation base had reached the Quasi-Sacred Realm, and they had shot together to suppress Jiang Yang. Now Jiang Yang, who was only in the Divine power Realm, was naturally unable to resist.

He was quickly captured.

With Holy Master Xian Lun personally taking action, Zhao Yi, the Supreme Elder, did not dare to say anything more.

Even at this time, she was full of expressions of shock, puzzlement, doubt, and so on.

Why things were different from what she thought.

It was also different from what Jiang Yang showed.

This mysterious Superior Immortal, not only did not come to visit Jiang Yang, but instead, he let people suppress him and bring him.

Combined with the confident and indifferent expression on Jiang Yang's face at that time, it really made her feel that her face was hurting for Jiang Yang.

It turned out that his expression at that time was completely fake?

"Ding, you slapped Jiang Yang, the Son of Luck in the face, and got 1,000 Luck points and 5,000 Destiny value."

At this time, Gu Changge's mind sounded the prompt sound of the system again as promised.

However, he didn't bother.

If he pretended to be forceful in front of him, he had to be prepared to be slapped in the face.

"Elder brother."

Yaoyao looked at the young man in front of the main hall with various complicated expressions on her small face.

Judging from his face, it was still the brother she was familiar with.

But the atmosphere was completely different.

He was dressed in a luxurious and exquisite robe, and many accessories looked exceptionally extraordinary. The charm and runes flowing in every thread showed that he was living a good life in the Immortal Lun Sect.

At this moment, he frowned but his expression remained calm.

But he didn't look at her, nor at the granny behind her.

Instead, he looked at her master.

What did this mean?

Yaoyao's lips turned pale.

Her brother was no longer the kind and honest man he used to be.

And even Yaoyao herself didn't notice that at this moment, there was a peach-like pattern on the center of her eyebrows, which flashed by and quickly disappeared.

Gu Changge, who had been paying attention to her, saw this scene, and his expression was a little strange.

But soon, Gu Changge looked at Jiang Yang below.

This big guy whom he met for the first time was reincarnated as the Son of Luck.

Oh no, it should be the Son of Reincarnation's Luck.

It had come to this, and he was still keeping his calm.

With this kind of bearing, if Gu Changge didn't know his truth, he would have been fooled by him.

"You are Jiang Yang?"

Many thoughts passed through his mind, but Gu Changge's expression seemed very calm and indifferent, and he asked aloud.

"I am Jiang Yang." Jiang Yang said calmly.

Although it was watched by everyone in the hall, there were still many terrifying auras, surging in all directions.

But he didn't seem to feel it.

And he was also seriously looking at Gu Changge.

From the appearance, it looked very mysterious, couldn't see the true face, and was covered by a layer of fog.

Even the cultivation base was the same.

If he could break through the world barrier, he must have a divine weapon for breaking the world barrier, or his realm was extremely high, reaching the peak of the Great Sacred Realm, or the strength of the Quasi-Supreme Realm.

The scene of Jiang Yang calmly looking at Gu Changge also made many people secretly wonder, was there really something strange about Jiang Yang?

Otherwise, where did he come from?

"Hmph, what an arrogant guy. If it wasn't for his sister, I don't believe he would still be able to stand here."

Holy Master Xian Lun snorted coldly in his heart, it was fortunate that Gu Changge did not blame Immortal Lun Sect for this.

At this time, he was afraid that Jiang Yang would do something disrespectful to Gu Changge.

"Oh, then do you still remember Yaoyao?"

Above the main hall, Gu Changge put down the teacup in his hand.

Staring at Jiang Yang, he asked slowly, "She came all the way here to see you, but you have such an attitude. As a brother, don't you think it's wrong?"

Hearing this, Jiang Yang frowned and looked at Yaoyao beside Gu Changge.

To be honest, what happened today surprised him, and it was completely unexpected.

The Immortal in front of him didn't even know his identity at all.

His previous thoughts were all wrong, and even made him lose face.

Would he dare to do this if he knew who he was?

Wouldn't he be directly scared to the ground?

This made Jiang Yang feel a little uncomfortable, and felt that Gu Changge was extremely annoying.

From start to finish, things were always under his control.

Now that Gu Changge appeared, everything was completely out of his control.

"Yaoyao is my sister, of course, I remember her, how could I forget."

At the moment, Jiang Yang said lightly, "As for your attitude, I think Your Excellency should reflect on it. I hate when someone speaks to me in such a high position as you, and you will regret what you did today."

After hearing this, everyone's expression changed.

Even if she had a good sense of Jiang Yang, the Supreme Elder Zhao Yi, who had previously thought of him as mysterious and unpredictable, had a big change in her expression, feeling that Jiang Yang was crazy and wanted to die.

For a while, the hall was dead silent.

Everyone didn't dare to speak, their faces were pale, and they were silent.

As for interceding for Jiang Yang? Unless they wanted to die with him.

Everyone thought that Gu Changge would be angry.

Even Yaoyao didn't dare to say anything more at this time. It could be interpreted as Jiang Yang's arrogance before, but now this was already a provocation.

He was provoking Gu Changge.

"Oh, it seems that you think you are Yaoyao's older brother, so the deity won't do anything to you, right?"

Gu Changge didn't get angry when he heard the words, but his expression looked like he was looking at the ants hopping around at his feet.

With contempt and indifference.

This look made Jiang Yang frown, and his expression was faintly cold.

He was about to speak, but was interrupted by Gu Changge.

"Forget it, today I will help Yaoyao to teach you a lesson, so that you can understand, how high the sky is, the young people shouldn't cross the line, right?"

The tone was filled with regret and pity.

Boom!

With his palm, the false name in front of him seemed to explode, and the sky was torn apart.

The entire hall seemed to be shrouded in a vast starry sky, the runes flashed, the rules fell, and a trembling sound came out.

The terrifying big palm print, as if the sky was falling down, weighed as much as tens of millions of pounds!

Everyone was chilled, their souls were trembling, their legs were weak, and they couldn't help kneeling on the ground!

"You....."

The calmness on Jiang Yang's face finally couldn't be maintained.

He subconsciously wanted to arouse the Luck terrain here, thereby triggering the shadow of the Ancestor of the Immortal Lun Sect, and resisting the blow just like that day.

But in the next moment, puff!

The speed of the palm was too fast, and his body suddenly shook violently, and he fell directly on the ground, spitting blood constantly, and his bones were broken a lot.

If it wasn't for Gu Changge holding back.

Under this palm, he would probably explode directly, making the imprint of reincarnation and improving the fusion of recovery.

Many plans had come to nothing.

"It's better for young people to be down-to-earth and less pretentious."

Gu Changge shook his head, with a slight sigh, and did not continue.

But what he said made Jiang Yang look extremely ugly, like a pig's liver.

He didn't expect Gu Changge's action to be so fast, and he didn't even let him react, and he didn't even have time to use his countermeasures!

Otherwise, he would never be so embarrassed!

Chapter 226: Learn to give in and admit cowardice, really smart but mistaken by smartness

There was dead silence in the hall.

The remaining fluctuations were like a towering mountain, falling on the top of everyone's heads.

At this time, no one dared to speak, or even to take a breath.

At the moment when Gu Changge made his move, the aura of terror swept through them, and they felt like they had become tiny dust particles under the galaxy, ready to be wiped out at any time.

The strength of this Immortal was so terrifying that it made all of them tremble with fear.

The elders, including Holy Master Xian Lun, turned pale, their backs were covered in cold sweat as they were completely frightened.

And this time, they reacted.

Everyone looked at Jiang Yang, who was slapped on the ground and vomited blood. His eyes were filled with anger and coldness, as if they were looking at a fool or a lunatic!

Unless Jiang Yang was crazy, how dare he say such arrogant words just now?

If it weren't for the fact that he was Yaoyao's older brother, he probably would have been shot to death by Mr. Immortal.

It was the only thought in everyone's mind.

"Did I really misunderstand? Everything about Jiang Yang before was just a pretense.."

Even Zhao Yi, the Supreme Elder of Immortal Lun Sect, who had great expectations for Jiang Yang, now looked at Jiang Yang with doubts in her eyes.

Judging from what she knew about Jiang Yang during this Jiang Yang was calm exuding the confidence that everything was under control.

Although his words were sometimes arrogant, they were not without reason and basis.

Now, in front of everyone, he wanted to provoke this Immortal?

What the hell was this?

What kind of reliance does he have?

"Elder brother....."

Yaoyao had a complicated expression on her little face, she should be sad when she saw that her brother was injured.

But she wasn't.

Rather she was disappointed.

Jiang Yang's actions had already utterly disappointed her.

And just now, it was obviously her Master who stood up for her, so he took action to teach Jiang Yang a lesson.

She was very sensible and knew that Gu Changge was angry because of Jiang Yang's indifferent attitude towards her.

"Master, don't be angry, it's all Yaoyao's fault, I made you accompany me here, otherwise it won't be like this.."

Hearing Yaoyao say this to himself, the indifference on Gu Changge's face faded, returning to his previous calm and gentle expression.

"This matter has nothing to do with you. This guy is ignorant of the sky and the earth, and his words are rude. It is also necessary to teach him a lesson as your teacher."

He smiled and said, without the attitude of taking Jiang Yang seriously.

As for the sound of the system's prompt at this time, he didn't care.

Jiang Yang failed to pretend in public.

This face was hit so badly that he lost a lot of Luck points.

However, in terms of his character, this humiliation and shame would be difficult to swallow for a while.

Of course, Gu Changge didn't care.

In his eyes, Jiang Yang was just a leek waiting to be harvested, or the kind that was fat and tasty. Gu Changge actually knew Jiang Yang's path and confidence. He could do nothing more than take advantage of the terrain here, according to the illusory fortune, he would use the Luck of the Heavenly Star Realm, and other things, to compete with him.

After all, he was the reincarnation of the Human Ancestor. Although he only integrated some memories, he would definitely use some of the backhands and methods arranged by the Human Ancestor.

Therefore, it seemed that Jiang Yang's strength was only in the Divine Power Realm, which was very weak.

But if it was a general powerhouse from the Upper Realm, it was very likely that the table would overturn at this time.

In particular, Jiang Yang had the means to arouse the phantom of the Ancestor of the Immortal Lun Sect.

Supreme beings phantom.

Although he didn't know how much of his Divine Power was left.

But under this kind of power, ordinary people were really not his opponents.

Gu Changge was a little suspicious that the Ancestor of Immortal Lun Sect had something to do with the Human Ancestor.

Otherwise, a good-looking Supreme would go to a remote place like Heavenly Star Realm to leave a legacy of Taoism?

What the hell was he planning?

It was nothing more than knowing that the Human Ancestor was likely to be born from this world in the future, leaving a legacy of Taoism and escorting the Human Ancestor in advance.

Under all these circumstances, Jiang Yang had the courage to speak to him like this.

Gu Changge had anticipated this for a long time, so his method of dealing with it was more direct and simple.

In the eyes of everyone, Jiang Yang was pretending to be forced, because they didn't know that he actually had the strength and confidence.

Then Gu Changge slapped him in the face and stepped on his head, wouldn't that be enough?

After all it took a little time to provoke these things to the general trend of the world, like Luck and so on.

The speed of Gu Changge's shot was said to be too fast, so fast that Jiang Yang didn't have time to react. It contained the rules of space and time, and instantly surpassed everything and slapped him to the ground.

"I have to say, the Luck gained by slapping the Human Ancestor in the face is really a lot..."

Gu Changge's mind flashed with many thoughts, and his expression was somewhat inexplicable.

And at this time, Gu Changge stopped.

Jiang Yang also slowly stood up from the ground, but he looked very embarrassed, his body was stained with blood. and his bones were broken a lot.

His pig's liver-colored face slowly returned to calm, and there was no sign of anger.

In the eyes of everyone, it seemed that after being taught by Gu Changge, he calmed down, and was not as arrogant as before.

It was just that Gu Changge was clear that Jiang Yang's eyes were still full of coldness when he looked at him.

The coldness quickly dissipated and became dull.

"Today's matter, was reckless, and I also hope that Mr. Immortal will forgive me for Yaoyao's sake."

Jiang Yang opened his mouth, his voice was very calm, and he even took the initiative to salute Gu Changge, but the angry look just now was no longer there.

Then, seeing the shocked expressions of everyone, he explained again,

"The reason I made provocative words just now was because of jealousy. It was the first time I saw Yaoyao being so close to a strange man. So this brother was so jealous that he was unqualified...."

"Now I understand, I was calmed down by the palm of Immortal."

"Yaoyao has a good life, I should be happy that besides me, there are other people who treat her so well."

"Yaoyao is not my sister alone, and now she still has a Master who treats her so well."

Having said that, Jiang Yang looked at Yaoyao again, showing the smile that Yaoyao had always been familiar with, a little apologetic.

"I'm sorry Yaoyao, this brother was too indifferent to you just now, because I thought that after you had a Master, you won't want this brother.

"Brother is apologizing to you now, will you forgive me?"

The more he said, the deeper the guilt on his face became.

Seriously.

Even his eyes were a little red.

These sincere words of apology changed the expressions of many elders in the hall, and they were a little moved.

Judging from Jiang Yang's age, it was completely understandable that he would do such a thing.

These explanations were also reasonable. And there was nothing wrong with it.

In Jiang Yang's description of himself, he had a deep sister obsession because after seeing his sister with such a Master, he was unwilling and extremely jealous.

But now, he was so calm.

This made a lot of people who thought he was stupid and had a broken brain just now, admire his courage and dared to say such humiliating words in front of everyone.

After Jiang Yang finished speaking, he stood still in the hall, looking at Yaoyao with an apologetic expression, wanting to be forgiven.

Although Gu Changege's palm showed a lot of affection on Yaoyao's face, the injury it caused to him was still terrifying.

His internal organs and bones were trembling a lot.

If it was not supported by a strong physique, it would probably leave a dark injury.

And this also made Jiang Yang understand that Gu Changege was different from the cultivators he had met before.

He looked very decent, but his methods were also righteous and demonic, on the surface it seemed to be saving face for Yaoyao.

But he did tricks in secret and wanted to abolish him!!

Moreover, the strength displayed by Gu Changege could completely hurt him.

The method of instantly crossing the space and attacking was too fast. Before Jiang Yang wanted to take advantage of the general situation here, he was suppressed.

This was completely beyond Jiang Yang's expectations.

Before, he always thought that he could use the luck and Dragon Veins of Immortal Lun Sect to compete with Gu Changege, and let Gu Changege understand that he was not simple, so he was not afraid of him.

But it turned out that he was wrong this time... Just with this thought in mind, he was slapped in the face.

Otherwise, he would not suffer such a big loss and lose so much face in front of everyone.

However, thanks to Gu Changege, Jiang Yang recalled a lot of things.

The origin of her sister was probably not simple!

No wonder Gu Changge treated her so well, and it really was a plot.

At this moment Jiang Yang decided to change the way and start with his sister.

He didn't know the origin and purpose of Gu Changge for the time being, but he had written down this hatred, and he would have the opportunity to take revenge in the future.

"It seems that he has learned to be smart, and I plan to accept the softness first." Gu Changge smiled lightly, looking at Jiang Yang's expression a bit intriguing.

"Jiang Yang... "

"This kid is really."

At this time, hearing these words, the always soft-hearted silver haired granny couldn't help but sigh.

With her understanding of Jiang Yang's character, it was unlikely that he would do something like that just now.

Such an explanation made her sigh.

But how to make a decision was not something she could decide, but depends on Yaoyao.

"Eldor brother..."

"Are you saying this is true?"

Yaoyao was stunned when she heard the words, and confusion appeared on her little face.

She didn't expect Jiang Yang to suddenly say this.

And that sincere look didn't look like a fake.

But brother, was it really because of this reason, because he was afraid of losing her, that he treated her indifferently?

If it was any normal time, when Yaoyao heard this, she would feel very happy.

But now...

Yaoyao was also a little tangled for a while, she was not someone who would be fooled by a word or two.

Especially when Jiang Yang's change of attitude was too fast.

But if it wasn't for this reason, how could he explain his act of provoking Gu Changge Just now?

So she looked at Gu Changge subconsciously, wanting to see what her Master thought.

At this time, Gu Changge noticed her expression and couldn't help but smile and said.

"Since your brother has already apologized like this, how about Yaoyao forgiving him? Who doesn't make mistakes at a young age? I think his words are sincere, so it makes sense to explain it like this."

"After all, he's your brother!"

As he said that, he glanced at Jiang Yang with a somewhat intriguing expression.

It seemed that Jiang Yang had learned to be smart this time, and planned to start with Yaoyao, but he was not too stupid, and continued to act as a coercive offender.

Gu Changge also wanted to know what Jiang Yang planned to do next.

After all, the current Jiang Yang was no longer the older brother of Yaoyao.

It was true that he was the reincarnation of the Human Ancestor, but so far, there were not many people who could recognize his identity.

Gu Changge was still thinking about how to expose Jiang Yang's "true face", so that Yaoyao could break up with him.

Now that he took the initiative to do so, it gave Gu Changge more opportunities.

After all, the deeper the deception, the greater the cracks and hatred it would bring at the moment of exposure.

This was exactly what he wanted.

"Mmmm, Yaoyao will listen to Master."

After Gu Changge said so, Yaoyao naturally didn't say anything more at this time.

It was just that the way she looked at Jiang Yang was no longer the closeness that she used to have.

It was like she was looking at a very ordinary person.

Jiang Yang's expression also calmed down, but there was still a wry smile on the corner of his mouth.

As if he was still regretting what happened just now.

He didn't intend to just make Yaoyao believe him, to change her disappointing attitude towards him before.

"Yaoyao, it's not that this brother didn't want to go back to see you and my grandma, but it was because I had difficulties, I can't get away from it at all, and only now can I be a little free."

At this time, Jiang Yang spoke again and threw out such a sentence.

As soon as these words came out, the expressions of many people in the hall changed, including the Holy Master Xian Lun, who turned pale, and cold sweat dripped from his forehead!

He already knew what Jiang Yang was going to say!

This was something he absolutely did not want Gu Changge and others to know, because it was related to the secret of Immortal Lun Sect.

It also involved the fact that they treated Jiang Yang as a slave and threw him to Flying Immortal Mountain.

At this time, Jiang Yang said that if they made Yaoyao angry wouldn't their Immortal Lun Sect suffer?

In their eyes, although Yaoyao was just Gu Changge's disciple, she was actually no different from a little princess.

"Is there a reason?"

When Yaoyao heard this, she was also slightly startled, Jiang Yang took the initiative to mention this matter, which made her feel like it was really like this.

What was wrong?

That my brother couldn't go back to see me and grandma?

This matter had actually become a thorn in her heart.

But at this time Yaoyao's little face did not change much, she even sighed.

"Suddenly saying this at this time, it doesn't matter whether your hard work is true or not, it is useless, Smart people are mistaken by their smartness.."

Looking at the helpless Jiang Yang below his eyes, Gu Changge actually guessed what he was going to say next.

He smiled slightly.

What was the use of saying it?

Yaoyao's opinion of him had been deeply ingrained. On the way, she told Gu Changge that Jiang Yang was a simple, honest and kind person in the past. If he was misunderstood, he would not defend himself, and would only bear it silently.

Now Jiang Yang impatiently threw out this hardship on his own initiative?

This purpose was too obvious.

"You don't need to say anything about your troubles, brother, Yaoyao believes in you"

At this moment. Yaoyao shook her head and did not let Jiang Yang explain.

Although she was small she had an invisible majesty at this time, which made Jiang Yang swallow what he wanted to say.

He frowned involuntarily.

To be honest, the consciousness that was born before this body was not integrated, and the impact on him was not small.

Just like now, he didn't even know why Yaoyao said that? She didn't even want to listen to my hardships?

However, Jiang Yang still showed a relieved expression on his face, and then returned to his previous calm and indifference.

"Yaoyao and her grandma come from so far away from the Northern Mountain Village. They must be exhausted. Why don't you take some rest first."

"Tomorrow, I'll take you two and walk around the immortal Lun Sect. I haven't seen you for more than a year. I actually miss you very much."

He said with a smile, he didn't look like he was slapped to the ground by Gu Changge Just now, and vomited blood.

As if that person was not him.

Now it seemed that the host mainly welcomed relatives from afar.

This scene made many elders frown, and it was not easy for them to decide their attitude towards Jiang Yang. After all, Jiang Yang was the first person who attracted the shadow of the ancestor after so long.

Gu Changge didn't even blame Jiang Yang, so how could they dare to go beyond it?

"What the hell is Jiang Yang doing?"

Holy Master Xian Lun frowned, unable to understand the purpose of Jiang Yang.

"I hope Jiang Yang doesn't act stupid again." Elder Zhao Yi's gaze was a little worried.

Gu Changge's expression also became interested.

Interesting.

Next, Jiang Yang would probably have to find a way to reduce Yaoyao's sense of resistance. As a reincarnation of the Human Ancestor, his vision was not bad, and he could see that Yaoyao was different.

It was just that Jiang Yang could not have imagined that the person Yaoyao trusted most now was not him, but her Master Gu Changge.

"This is an opportunity for me."

Thinking of this, Gu Changge squinted his eyes and made a plan.

Chapter 227-1: The word taking over someone's body is not unfamiliar, This master is not very sure (1)

"You are despicable and shameless, you are a big man, and you actually deceived Yaoyao, you are not worthy of being her brother!"

"Damn you! Give back my body!"

After returning to the cave, Jiang Yang's face finally lost its calm and indifference, his brows wrinkled, and there was even a hint of anger.

"Shut up! Who are you to point your fingers at me?"

He shouted at the voice in his head.

Jiang Yang felt that this time, things became tricky and out of his control.

Gu Changge, who suddenly came here from the Upper Realm, did not come here to look for him.

And the cultivators of the Human Ancestor Hall hadn't found him yet.

Jiang Yang felt that this was a coincidence, but he felt that Gu Changge had deep malice towards him. He wondered if it was his delusion, but he always felt that Gu Changge was uneasily kind to him. But he didn't know the exact reason.

"Anyway, younger sister, Yaoyao cannot fall into the hands of that Immortal... I need her to trust me..."

There was a flash of light in Jiang Yang's eyes. Earlier, he still kept his promise and didn't want to devour that consciousness.

But if he didn't fully integrate with him, his actions, words and deeds would be extremely flawed in Yaoyao's eyes.

Just like when he was in the main hall today, why didn't Yaoyao even listen to his explanation?

He must have been too eager.

In addition, the appearance of an odd variable like Gu Changge, made him have to guard against it.

"No matter what the trifles are, when have I ever been in such a position..."

"It's a big deal when all the worlds return to one place."

While shaking his head and smiling, Jiang Yang's expression quickly returned to calm.

"What are you doing? Didn't you say you wouldn't touch me? I can't die, I want to protect Yaoyao..."

In the sea of ??consciousness, an unwilling and angry voice sounded, and then it gradually subsided.

"From today, you are me and I am you. Accepting me is also a great opportunity for you."

"Don't worry, I will take good care of my sister and grandma. On the other hand, I am also Jiang Yang."

As Jiang Yang said softly.

At the position between his eyebrows, rays of light began to emerge, as if in the deep darkness, wisps of golden light fell.

Buzz!!

One after another, the intricate and profound Reincarnation runes suddenly appeared, and the brilliance seemed to reflect the heavens and the world, and it was firmly branded on his soul at this moment.

Click!

There was a cracking sound at the moment.

One of the Reincarnation runes cracked, and the multicolored rays of light were sprayed out of them, which were colorful and splendid, like an immortal rain.

"Borrowing 1% of the World's First Dao Fruit will not affect me too much."

Jiang Yang muttered to himself, and his expression was very calm.

Before the most critical time, he actually did not intend to use the last means of Reincarnation.

It was just that if he didn't use it now, he would appear too weak against Gu Changge.

Conventional cultivation methods no longer worked.

And this was the usual method of the Human Ancestor Hall, borrowing Dao fruit!

It was just that he borrowed the fruit of a certain life.

This body couldn't take much.

At this time, Jiang Yang's aura was changing quietly. From the Divine Power Realm, it began to change towards the Great Power Realm and the Holy Lord Realm... at an extremely terrifying speed, the aura was also increasing.

And he also closed his eyes, planning to use the secret method to sway the general trend of Immortal Lun Sect.

In order not to repeat what happened today that he even could display it, he was slapped to the ground, which was extremely humiliating.

.....

"It doesn't seem to be peaceful tonight. The fate of the entire Immortal Lun Sect is changing rapidly."

"The reincarnation of the Human Ancestor is really trying to find a way to deal with me. Today, I slapped him in the face and made him hate me..."

On the other side, Gu Changge's mouth had an inexplicable smile.

He was standing above a palace in the Immortal Lun Sect, overlooking all the scenes.

Black and white light appeared in his eyes, and many rules between heaven and earth, and the flow of runes, all appeared in his eyes.

He could clearly see the current topography of the Immortal Lun Sect, which was gathering from all directions, as if there was life, hundreds of rivers were returning to the sea and gathering somewhere.

And that place was obviously the place where Jiang Yang usually cultivated.

This was definitely some kind of tactic that he was intending to use, to make a move on Gu Changge at a critical moment.

It was just a pity that Gu Changge had already anticipated it and even intended to use it as a ploy.

"That's all about Jiang Yang?"

Gu Changge withdrew his gaze and faintly swept a glance at the green-faced creature with fangs kneeling in ambush below.

"Reporting to the Superior Immortal, all these, I don't dare to hide anything....."

The creature kneeling on the ground was none other than the Green Ghost, the one who took Jiang Yang out of Northern Mountain Village that day.

Gu Changge found out about him after asking a little from the mouth of Yaoyao.

There were some things about Jiang Yang that must have learned from his mouth.

Afraid of being wiped out by Gu Changge, the Green Ghost naturally told everything he knew, including the matter of Immortal Lun Sect secretly forging the Road to Immortality.

And then, he waved his hand and let the Green Ghost leave.

Gu Changge expression became somewhat confused, and he fell into deep thought.

He previously thought that although the reincarnation body of the Human Ancestor liked to pretend, at least it should be a heroic role, but now it seemed that it was not necessarily true.

This kind of reincarnation meant, it looked rather like a turtledove, he was forcibly adding the souls in his physical body.

When the other divine soul awakened, then he would occupy this physical body.

"There is purposeful reincarnation, so even everything that follows is actually arranged."

"Casting the Immortal Road, the act of reaching the sky, the Desolate Holy Body, the inability to cultivate..... Oh, it seems that in addition to me, to the Heavenly Star Realm, even the reincarnation body of the Human Ancestor is probably an anomaly, and his means of reincarnation does not seem to be open and honest."

Gu Changge couldn't help but let out a laugh.

According to the normal set-up, Jiang Yang should have died of exhaustion while building the Immortal Road, followed by Yaoyao's strong rise all the way to the top.

Although she was unable to cultivate, she was the Dao fruit of a certain Supreme existence, as long as she could use a little bit of power to avenge her brother.

When the time comes, she would overthrow the Immortal Lun Sect with a palm.

In the Heavenly Star Realm left with immortal legend, it would become a generation of ruthless people.

This was the normal way.

The real Daughter of Luck of the Heavenly Star Realm was actually Yaoyao.

But now, Jiang Yang suddenly became the reincarnation of the Human Ancestor, or Yaoyao's older brother, reversing the ending of his cultivation of the Road to Immortality.

In this way, all of the Luck fell on the Human Ancestor.

Even Yaoyao had a great relationship with him.

"That's a good calculation."

Gu Changge couldn't help but smile, having seen through the Human Ancestor's scheme.

In his opinion, now that the Human Ancestor wanted to succeed in front of him, this was dreaming of day during night.

When the time comes, not only would the Human Ancestor get nothing, but he will hitchhike here.

"Now Jiang Yang is wary of me, but should not be wary of Yaoyao, both have the Luck of the Heavenly Star Realm in their bodies, even if the Human Ancestor borrowed the Luck of Heavenly Star Realm, the effect would be very little. In this way, it would save me some effort."

"By the early morning....."

Gu Changge thought and took a step.

The void in front of him blurred, one ripple after another spread, and with it, he approached within the inner world.

With quite a lot of information about the Human Ancestor, he still had to ask Jiang Chuchu.

At this moment, Jiang Chuchu, who was sitting on a cliff in the inner world like an old cultivator in meditation, sensed Gu Changge's arrival and suddenly opened her eyes.

Chapter 227-2: The word taking over someone's body is not unfamiliar, This master is not very sure (2)

The light of her eyes appeared to be incomparably calm, without any ripples.

"It seems that you are quite satisfied with the current environment."

Gu Changge looked at her and said with a casual smile, then with a thought, a stone chair appeared behind him.

Such a means of creating things out of thin air caused Jiang Chuchu to be slightly stunned, but she thought that this was Gu Changge's spatial divine weapon.

It wasn't impossible for him to perform such a tactic.

"What did you come to see me about?" Jiang Chuchu asked indifferently.

As the Holy Maiden of the Human Ancestor Hall, she had been trapped in this place for some time, serving no purpose other than cultivation.

It even made her think that Gu Changge had forgotten about her.

Perhaps in this life, she would die of old age here.

Today, Gu Changge's sudden arrival also made her slightly surprised.

Gu Changge sat down, looked at her neatly, then smiled and said, "I am going to ask you some questions, if the answers satisfy me, then I can consider letting you go."

Jiang Chuchu looked at him, and a touch of disbelief swept through her crystal eyes.

"What do you want to ask? If it's about the Human Ancestor's information, forget it, I don't know, and even if I did, I wouldn't tell you." She said indifferently.

"Why are you so stupid, woman, be good and obedient and regain your freedom, do you really want to die here of old age?"

Gu Changge let out a faint laugh and reached out to pinch her chin.

She had always scoffed at this kind of attitude of hers toasting the wine.

The last time was the same.

Do not shed tears until seeing the coffin, she knew the fear, but unfortunately it was already too late.

"Gu Changge, how can you be so despicable....."

"Besides this tactic, do you know anything else?"

Seeing Gu Changge's actions, Jiang Chuchu's expression changed.

Even her good state of mind was broken at this time.

Gu Changge looked at her indifferently, "If you don't tell me, I will come every day, I don't believe you can last that long."

Hearing these words, Jiang Chuchu instantly turned white with anger, she couldn't wait to cut him to pieces.

In the end, she compromised and said the result Gu Changge wanted.

"The Human Ancestor Hall's method of borrowing Dao fruits actually originates from the Human Ancestor's Reincarnation Seal? In other words, the biggest trump card of the Human Ancestor's reincarnation body is actually his Reincarnation Seal?" Gu Changge asked with great interest.

This point was similar to his guess.

"The refinement of the Reincarnation Seal is incomparably difficult, but each one contains the strongest Dao fruit of each generation of the Human Ancestor."

"So don't even think about being able to deal with the Human Ancestor, just give up, Gu Changge." Jiang Chuchu said indifferently.

"Is there no weakness in the Reincarnation Seal?" Gu Changge looked at her.

Jiang Chuchu shook her head and said, "I don't know."

"You don't have to lie, I can already see that the Dao fruit in the Reincarnation Seal is extremely difficult to fuse and requires a very strong body."

"This is the plan of the Human Ancestor of all worlds to return to one?"

Gu Changge couldn't help but let out a laugh.

Jiang Chuchu's face turned white, not expecting Gu Changge to see it.

Her thoughts were wavering.

Gu Changge was so confident and certain, could it be that he was really planning to murder the Human Ancestor and then replace him?

A terrifying chill could not help but arise from her back.

Then, Gu Changge left the inner world and went to find Yaoyao.

The little girl had not rested at night and was talking with her grandma about what happened in the main hall today.

In the end, Jiang Yang was a relative of both of them.

It was not that easy to cut off with him.

"Master....."

Yaoyao was taken aback when she saw Gu Changge's arrival and hurriedly shouted in a good manner.

Gu Changge nodded with a gentle expression.

Silver haired grandma was also sensible and intended to leave the place by herself, knowing that Gu Changge might have something to tell Yaoyao.

But to her surprise, Gu Changge called her back.

"You should also listen to this matter together."

Gu Changge said indifferently.

"Yes, Mr. immortal."

Silver haired granny was a little surprised, then hurriedly said respectfully.

Yaoyao was also a bit curious, what would the Master say to them in the middle of the night?

Afterwards, Gu Changge opened his mouth and informed the two about what Jiang Yang had encountered in the Immortal Lun Sect all these years.

Even if he didn't say it now, Jiang Yang would probably find time to tell Yaoyao about his hardships.

So why not help him to say it.

This would have a better effect instead.

Hearing this, Yaoyao couldn't help but stare at him with wide eyes, it was a little hard for her to believe it.

"Brother was actually thrown to be a slave..... This Immortal Lun Sect is also really too much!"

Yaoyao's little face couldn't help but reveal a look of anger.

But soon, seeing Gu Changge's frowning look.

The young maiden also reacted, feeling wrong, and asked tentatively in a small voice.

"Master, you gave this information to Yaoyao, I don't think it's not only because you just wanted to say this, right?"

Gu Changge glanced at her and said softly, "This Master originally did not intend to tell you this, afraid that you might not be able to accept....."

After hearing this, the silver haired granny, who was a cultivator, felt a chill down her back.

Not to mention a little girl in the early days, even her own face became very pale.

Suddenly dug out something ominous, and then all the slaves died.

But only Jiang Yang survived, his cultivation progressed rapidly, and his status in the Immortal Lun Sect rose.

Was it only because he was too Lucky?

Silver haired granny shook her head.

Even though it was her own grandson, she felt a shiver of discomfort, it was too odd.

"There are quite a few doubts in this matter, how did Jiang Yang survive, relying on his physique to hold on? But he didn't have any cultivation at that time at all."

Silver haired granny thought about it and said seriously.

She was at least an outstanding disciple of a sect at the time, for these ominous things, she could still kind of understand.

At these words, Gu Changge also nodded, and his expression revealed a trace of deep meaning, "Digging out something ominous, is indeed a very dangerous thing."

"According to my knowledge, even Sacred Realm cultivators tainted with ominous aura had the risk of violent death. Jiang Yang, a mortal who was not even able to cultivate at that time, how did he survive the ominous aura?"

"This matter is indeed quite suspicious."

"What do you mean? That day the ominous aura went violent? Jiang Yang..... is no longer himself?"

Hearing these words, the silver haired granny's face could not help but turn white.

In fact, without Gu Changge saying anything more, she had already guessed it by this time.

The word "taking over someone's body" was not very unfamiliar in the Heavenly Star Realm.

As for why the Immortal Lun Sect didn't react because the person who now occupied Jiang Yang's body had a great connection with them.

Thinking of this, the silver haired granny was filled with sorrow and anger, helplessness, bitterness, sadness and other emotions all.

"Master..... You mean, in fact, my brother has disappeared, now another person is occupying his body?"

Little Yaoyao's expression looked much calmer than the silver haired granny.

Although she was also a little pale and bloodless at the moment.

While clenching her lips.

Her voice was trembling.

This news really came too suddenly, without a little bit of anticipation.

She actually would rather accept that Jiang Yang had changed, rather than accepting that brother Jiang Yang had actually disappeared.

And the one occupying his body today was a stranger who had no idea who he was.

As for the words of her master, Gu Changge, Yaoyao was now very convinced.

And even her grandma had said so.

In this matter, was there really any other possibility?

Especially today in the hall, Jiang Yang's words and actions, and even his way of speaking, were completely different from the brother she knew before.

"I am actually not very sure, this matter still needs to be discussed again, in any case, in these few days when you and your brother contact, you have to pay attention to it."

"Don't worry, Master, if he really has a problem, it's impossible for him to hurt you."

"I also hope that your Master is overthinking."

Gu Changge sighed, stroked her head and said seemingly helplessly.

Chapter 228-1: Yue Mingkongs plan to catch the turtle in the jar, You have to pay attention to your Master (1)

Although Gu Changge always felt that there was something fishy between the reincarnation of the different Human Ancestors and the so-called 'snatchers' who took over other people's bodies, but when all was said and done, there was definitely a big difference.

An old fried dough stick like the Human Ancestor had been reincarnated so many times, how could there be no means to help him conceal the creation of a situation leading to dual soul symbiosis from the outside world.

Even if the strongest cultivator was there to investigate, don't even think about finding the traces of snatching, at most they would only explain that the memories of his previous life were awakened.

Gu Changge telling Yaoyao that Jiang Yang had been taken away in such a righteous manner was no different from a framed accusation.

Because he didn't have any powerful means now, he could not directly prove that Jiang Yang was not what he used to be.

But that didn't matter either.

After all, Yaoyao trusted him very much.

What he wanted was to make Yaoyao doubt Jiang Yang and let her give birth to vigilance.

If Jiang Yang was stupid enough to directly attack Yaoyao, then it would be exactly what Gu Changge wanted.

The fate of the Heavenly Star Realm leaning on both sides would collide, and he could take advantage being the fisherman, and make up for the Human Ancestor at the critical moment.

Wasn't it wonderful?

"According to the current methods of Human Ancestor, it is unlikely that he would retain Jiang Yang's original consciousness and become the dominating one casually. The so-called honesty is only an image that he maintained on the surface."

"After all, among righteous people, who will choose Holy Maidens from generation to generation..."

"In other words, the elder brother before Yaoyao should have disappeared, so she should hate the Human Ancestor."

"As a Master, I would help her, so there's nothing wrong with that."

Many thoughts flashed in Gu Changge's mind.

There was still a warm expression on his face, no sign of abnormality.

As for taking advantage of Yaoyao's guilt, he didn't care about it at all.

Rather than being used by the Human Ancestor, she would not reject her Master helping in avenging her brother's murderer.

"Yaoyao, take good care of this jade pendant. It contains a strand of the Dao Dharma body of your Master. When you are in danger, crush it and your Master will be able to sense it."

Gu Changge pondered for a while, then continued to speak.

At the same time, a crystal clear jade pendant appeared in the palm of his hand, and many runes flickered, which was simple and mysterious.

There was an astonishing aura on it, and a wisp of it seemed capable of making the sky crumble.

"Thank you, Master." Yaoyao obediently accepted it.

Gu Changge smiled slightly.

He knew that Yaoyao was unlikely to be in danger.

At a critical moment, if the Dao fruit's power exploded, who could hurt her?

But Yaoyao herself didn't know that.

In her opinion, the reason why Gu Changge gave her this jade pendant was because he was worried that Jiang Yang would hurt her while he was away.

This moved her heart.

Of course, Gu Changge had another purpose. What this jade pendant contained was not the so-called Dao Dharma body, but his Myriad Demonic body.

Myriad Demonic Body was similar to Divine Sense which was equivalent to a strand of his Divine Soul. With this, he could always know Yaoyao's movements.

He knew that Jiang Yang would definitely look for Yaoyao next, and under the guise of taking her to play, he would actually try to gain Yaoyao's trust.

At that time, if this Master intervened, Jiang Yang would inevitably be suspicious.

Although Jiang Yang intended to deal with him. But he also understood that now was not the time.

Gu Changge didn't intend to startle the snake, so he planned to control all of Jiang Yang's movements through Yaoyao. Even if Jiang Yang had any doubt, it would be impossible to guess Gu Changge's purpose.

"Dao Dharma body..."

Silver haired granny glanced enviously, she could feel the horror and extraordinariness of this jade pendant.

With this jade pendant to protect herself, it was estimated that even a Sacred Realm cultivator would not be able to hurt Yaoyao.

Her Master was really powerful!

Was there anything else he couldn't bring out?

But soon, thinking of Jiang Yang's current changes, her face displayed sadness, helplessness, entanglement and other emotions.

After all, even Yaoyao's Master said that he was not sure, and there was a need to discuss this again, so who was Jiang Yang now? Was he really possessed?

Just when Yaoyao and Granny Yinhua were suspicious of Jiang Yang.

Gu Changge also heard the system prompt sound.

Jiang Yang's Luck points decreased by a lot again.

He could see with his own eyes that some illusory Luck between heaven and earth was quickly fading away.

According to this trend, when Jiang Yang's Luck points in the Heavenly Star Realm had declined to a certain extent, he could start to consider plundering, which had a relatively high chance of success.

"When the Son of Luck's Luck points trigger the clear drop rule, what kind of treasure chest will be dropped?"

"Could it be something like the Seal of Reincarnation or the Dao Fruit?"

At this time, Gu Changge was thinking about the final reward.

He would eat the reincarnation of the Human Ancestor to death.

From Jiang Chuchu's mouth, he had already learned that the Reincarnation Seal of the Human Ancestor was the biggest trump card. Jiang Yang had recently made an explosive breakthrough and with his body, he would soon break through to the True God Realm if he survived.

How far was it from Gu Changge's true strength?

Even if the Human Ancestor reincarnated and had the means to borrow the general trend of the world, Gu Changge didn't need to care.

At most he would have to pay attention to the Ancestor of the Immortal Lun Sect, that was, the means left by Immortal Lun Supreme.

Supreme phantom?

Or a Supreme weapon?

"If the Eight Desolate Magic Halberd is revived, it should be able to compete with the weapons from the Ancestor of Immortal Lun." Gu Changge narrowed his eyes.

As for the Supreme phantom? Don't forget that the phantom left by the Heavenly Lord of Reincarnation that belonged to the original reincarnation was also swallowed by Gu Changge with his treasure bottle.

In front of Heavenly Lord of Reincarnation, the Supreme Being was too far behind.

Only after the Quasi-Supreme Realm completed the Nine Heavens cycle could they have the opportunity to break through the Supreme Realm.

And when one reached the Supreme Realm, they would have the opportunity to become a Taoist Emperor!

The so-called Taoist Emperor were the names of beings who have proven the Tao in the ancient times, and some of them have even gone a long way on the road to enlightenment, and were already close to becoming Immortals!

In addition to being born with a demonic heart, Gu Changge was actually accompanied by the treasure bottle.

That treasure bottle was not a phantom condensed based from the Immortal Devouring Demonic Art, but a real existence that was floating somewhere in the deepest part of his spiritual sea.

It wasn't until he started to practice that it slowly emerged.

No one knew about it except him.

For more than 20 years, Gu Changge had only used it once.

That treasure bottle was also one of Gu Changge's most powerful cards!

And in the next few days, Gu Changge took Yaoyao and others to temporarily stay in the Immortal Lun Sect.

The news of his arrival at the Immortal Lun Sect also spread quickly from the Immortal Lun Sect.

After all, many cultivators had witnessed Gu Changge's entry into the Immortal Lun Sect's mountain gate that day.

For a while, news circulated in all parts of the Heavenly Domain, causing a stir and causing many cultivators to start speculating, who were very puzzled and shocked.

Many forces and Sacred Mountains sent people to visit, but they were all met with closed doors. It was then many people discovered that the relationship between the Immortal Lun Sect and Gu Changge did not seem to be very harmonious.

Gu Changge was temporarily residing in Immortal Lun Sect.

They could only obey cautiously, not dare to show the slightest dissatisfaction. Instead they had to treat him with awe and flattery.

This appearance and attitude shocked many forces, and then they secretly snickered.

For the usually strong and domineering habit of the Immortal Lun Sect, there was still such a day.

.....

On the other hand, Yue Mingkong also received the news about the Immortal Lun Sect.

Her methods were very secretive, but she also secretly controlled a lot of local powerful forces, and there were several big ancient clans in the Heavenly Domain that were now under her control.

What happened in the Heavenly Domain was difficult to hide from her ears.

Immortal Lun Sect's matter was no exception.

At this moment, she looked cold and profound, frowning at the group of people kneeling below, and there was a terrifying pressure.

"Jiang Yang....."

Yue Mingkong murmured this name to herself, and there was a shocking killing aura and cold intent diffused in her eyes.

"After hiding for so long, you have finally revealed yourself."

This name was still something she had only just learned from the mouth of one of her men.

A disciple of the Immortal Lun Sect, bearing the Desolate Holy Body that had unlocked the curse, was beginning to rise to fame.

"No wonder there wasn't any news before, so it was a waste body like the Desolate Holy Body, is that why there hasn't been any news for so many years?"

"It's really not a lot of work."

Yue Mingkong's expression looked increasingly cold, and her killing intent was astonishing.

Her original intention was to wait for the emergence of that Nirvana Green Lotus at the Heavenly pond and pick it in advance. This would make the Human Ancestor's intention of returning from all the worlds to one in vain. But now, she changed her mind.

Chapter 228-2: Yue Mingkongs plan to catch the turtle in the jar, You have to pay attention to your Master (2)

Since the reincarnation of the Human Ancestor body had already appeared, what she must do now was definitely to find a way to end him.

No matter what the chances of success were, she had to try first.

I just don't know if the reincarnation of the Human Ancestor's body has awakened the memory of his past life or not at this time.

"If it has not awakened, then it will be much easier."

"But if it awakens, it will be a bit more troublesome, but the Human Ancestor's reincarnation body does not know that I am going to attack him."

"If he takes me as the rest of the Dao forces that came down to seek him....."

A cold smile flowed from Yue Mingkong's stunning Immortal face under the veil.

Her plan was actually simple.

To kill the reincarnated body of the Human Ancestor, she definitely had to set it up in advance.

Because of Jiang Yang's many tricks, it was far more difficult to deal with him than the Ancient Heavenly Lord of Reincarnation's heir Ye Ling from last time.

Her slightest mistake would definitely let him escape, or even seriously injure him to death.

Yue Mingkong also did not want to take a big risk, so she had to make a detailed plan and arrangement first.

"If my memory is correct, the Ancestor of this Immortal Lun Sect is actually greatly related to the Human Ancestor, an innate being that he had enlightened in one of his lives."

"The Immortal Lun Sect must have something set up by the Human Ancestor. I have to find a way to lure him out, it would be better if he is alone....."

Many thoughts flashed through Yue Mingkong's mind.

Soon she had a plan.

First of all, she had to identify a place where she could set up all the formations and manpower in advance, and then attract the reincarnated body of the Human Ancestor to come here to catch the turtle in a jar.

She did not believe that the Human Ancestor's reincarnation alone would have a way to escape.

Afterwards, Yue Mingkong's eyes flashed, her jade hand held a pen as she began to write, intending to find someone and send this letter to Jiang Yang at the Immortal Lun Sect.

At this time, she was worried that the Upper Realm Immortal would ruin her plan.

From the news, the sister of the reincarnated body of the Human Ancestor in this life was valued by that Superior Immortal, she was accepted as his disciple, after which he brought her to the Immortal Lun Sect just in time.

"Is this all too much of a coincidence? Or is that Superior Immortal, in fact, also here to search for the reincarnated body of the Human Ancestor?"

Yue Mingkong frowned, for her, the only advantage now was that she was in the dark and the other party was in the light.

That Superior Immortal was completely unaware of her existence.

If that Upper Realm Immortal got in the way of her plans, she didn't mind doing something about him in the process.

This time when she came down to the Lower Realm, she had prepared a lot and brought a lot of things with her, among which there were even many terrifying forbidden weapons and even a Quasi-Supreme weapon.

.....

At the same time, three thousand miles outside the Immortal Lun Sect, in an ancient city, the lively and noisy street, many cultivators and creatures were walking to and fro.

The two sides were lined with pavilions and stores, palaces and divine courts, surging with divine fog, which was extremely grand and atmospheric.

"This is your first time to come to the Immortal Lun Sect. As a brother, I have to take you for a good stroll today."

With an apologetic smile on his face, Jiang Yang was leading Yaoyao and Granny Yinhu, to stroll around the place, while talking casually.

Behind them followed the Immortal Lun Sect's Elder Zhao Yi, who looked like a servant girl from the looks of it, but was actually Jiang Yang's protector.

What happened in the hall that day had damaged Jiang Yang's face and his image in the mind of Zhao Yi fell a lot.

But soon under Jiang Yang's guidance and means, Zhao Yi's cultivation realm, which had been stagnant for years, showed signs of a breakthrough, causing her to be extremely shocked. This had changed her view and attitude towards Jiang Yang once again.

Zhao Yi also felt that everything that happened in the Great Hall that day was an accident.

Jiang Yang's methods were becoming more mysterious and unpredictable, making her even more impervious.

At this moment, Jiang Yang was smiling and speaking to Yaoyao and Granny Yinhua, intending to gain Yaoyao's trust once again.

Especially on the way, he also mentioned his childhood several times.

With all kinds of looks and tone of voice, he also gradually became the same as the brother that Yaoyao used to be familiar with.

But that night, Gu Changge had informed the two of them something that was like a thorn in their hearts.

Whether it was Yaoyao or Granny Yinhua, they were not very willing to be close to Jiang Yang's attitude.

It was not quite cold to say. But there was always a sense of disconnect and distance between them.

This made Jiang Yang frown incomprehensibly, but his expression still did not show any abnormality.

He was still very enthusiastic while talking to both, as if he was trying to make up for his previous attitude.

This time, Gu Changge did not come out with the two of them. Although he was her Master, if he had been on the side, it would make him seem like an eyesore and out of place.

Jiang Yang did not feel there was anything wrong.

Moreover, he sensed a jade pendant on Yaoyao's body.

There was some aura of Gu Changge on it.

Jiang Yang felt that it might be something given by Gu Changge in order to determine Yaoyao's location.

He didn't care, because it was impossible for him to do anything to Yaoyao, Gu Changge was completely overthinking it.

"Brother, I'm a little tired and want to go back."

At this time, Yaoyao's face also showed a trace of tiredness as she glanced at Jiang Yang and said softly.

Today, Jiang Yang took her and her grandma away from the Immortal Lun Sect to the nearby ancient city for a walk. He said that he hadn't seen them for a long time and wanted to chat with them.

With the jade pendant given by the Master, Yaoyao was not worried and agreed.

Moreover, she still remembered what Gu Changge said.

She intended to see what was wrong with Jiang Yang, whether it was really a big change in his temperament or was he taken over by someone else.

So Yaoyao quietly observed all the way, but found that Jiang Yang's expression, tone, or the way he looked at her was the same as before.

Or the brother that she knew.

He remembered her favorite food, and also remembered that when the two of them were at the entrance of the village, they met a fierce beast.

As a result, the fierce beast was trembling with fear for some reason.

If it was before, then she might have felt that this was her brother and there would be no problem.

But the words Gu Changge said last night were still echoing in her ears, making Yaoyao and Granny Yinhua feel chills on their backs.

It could be said that Jiang Yang's current appearance was very different from the appearance in the hall that day.

And that was just one night.

Regarding the events of that day, Jiang Yang's explanation was that he was too impulsive, and he was so jealous that he lost control.

Yaoyao and Granny Yinhua were silent and did not comment on this.

"Since Yaoyao is tired, then let's go back."

At this time, Jiang Yang was slightly taken aback when he heard these words, and then said with a smile.

He didn't intend to regain Yaoyao's trust so easily.

So he wasn't in a hurry, and just thought that she was really tired.

After fusing with the previous consciousness, Jiang Yang himself still loved Yaoyao, a well-behaved younger sister, not to mention that her own background was not simple, even if she was by his side in the future, she could still help him.

This made Jiang Yang quite satisfied.

As for Gu Changge, after thinking about it, he felt that he had arrived to the Lower Realm, but he just passed by this place by chance as he found out that Yaoyao had an extraordinary origin, so he accepted her as a disciple, intending to bring her back to the Upper Realm.

After thinking about all this, Jiang Yang would definitely not let Gu Changge succeed. He wanted to take Yaoyao away from him.

In his eyes, Gu Changge was a thing with eyes but not that great, and sooner or later he would have to pay the price for humiliating him in the hall that day.

"Brother, is there anything you haven't told Yaoyao, do you have any hardships?"

Yaoyao nodded. Then, her big eyes suddenly stared at Jiang Yang, full of doubts and confusion.

In fact, she still wanted to know about it personally from Jiang Yang's mouth.

"Didn't you say you believed me then?"

Jiang Yang smiled and did not seem to be surprised that Yaoyao would ask this question again.

After that, he continued to speak and said the words he had already thought up.

Many things were not different from what Gu Changge had told Yaoyao, but the difference was that at the end, Jiang Yang did not say anything about the ominous aura.

He just used a sentence to cover up this incident.

And it was precisely this sentence that made Granny Yinhua's complexion change slightly.

"It seems that you are very lucky, you are the only one who survived."

Yaoyao was silent, seeing that Jiang Yang didn't inform the details, but just covered up the past with an accident, and also understood that there must be a problem in this matter.

"By the way, Yaoyao, you have to pay attention to your Master."

Jiang Yang noticed Yaoyao's expression and his eyes moved slightly, knowing that she might have heard what Gu Changge said, but he didn't care.

Because of his reincarnation method, even if any Supreme being made a move, they would not be able to find abnormality.

He didn't believe that Gu Changge could see through.

At this point, it was just speculation.

"Huh?"

Yaoyao was stunned when she heard the words, but she didn't expect Jiang Yang to suddenly say this, asking her to pay attention to her teacher.

"What's wrong?"

She was puzzled and didn't understand what Jiang Yang meant. Could it be that he wanted her to alienate from the Master?

At this time, she subconsciously excluded Jiang Yang, treating him as a stranger.

Chapter 229-1: First let's loot all the confidence, He thought that it was the third floor but it was actually the tenth floor (1)

"Your Master is from the Upper Realm and his knowledge and vision far exceeds all the cultivators in this realm. Everyone can't see your specialness, but he can."

"That's why he saw at first glance that you are extraordinary."

"And Yaoyao, why do you think he is so good to you for no reason? Although this brother knows that saying these words will make you sad, I still have to say..."

Jiang Yang said slowly with a heavy expression, wanting to reveal Gu Changge's true face for Yaoyao.

He didn't know what Gu Changge said to Yaoyao.

But at this time, regardless of whether it was useful or not, he had to let the innocent and kind Yaoyao notice the problem of her Master.

"You can't cultivate now, but he still treats you so well and keeps you by his side... In fact, he has other plans."

"You have to believe that in this world, no one will be nice to you for no reason."

"Your Master is a hypocrite and a villain... He must be thinking of taking you back to the Upper Realm, to use you to make some pills or something."

"This is something that I found in the ancient books of Immortal Lun Sect last night."

Having said that, he sighed, as if afraid of Yaoyao asking, and explained how he knew about this.

In fact, this was not a false accusation.

It was Jiang Yang's conclusion after careful consideration.

With the means that Gu Changge used in the main hall that day, he could see that Gu Changge was not a good person.

Would such a person be so good, accepting Yaoyao as a disciple for no reason? Who didn't want something in return?

From Jiang Yang's perspective on people, there was a big problem with this.

This so-called Immortal had an impure purpose and ulterior motives.

Hearing this, Yaoyao was stunned for a moment. Her face went a little pale, and her little hands couldn't help but clench tightly.

But soon, anger surged into mind.

With anger and coldness on her face, she scolded,

"You are talking nonsense! How could my Master be like what you said..."

"Stop framing my Master!"

As the words fell, Yaoyao's expression suddenly changed.

Buzz!!

Between her eyebrows, there was a peach-like pattern, which was unusually bright and started to glow, exuding a terrifying aura.

She was full of indifference as if she was overlooking everything, perpetually reincarnated and regarded everything in the world as dogs.

Even if the world collapsed, she was Immortal, and if the world was destroyed, she would live forever.

.....

At the same time.

In the depths of the Immortal Lun Sect, Immortal mist was surging, various patterns intertwined, the rain of light was brilliant, like a land of flying Immortals.

In a quiet and deep corridor.

"Don't try to make any noise or you'll die faster."

With a faint smile on his face, Gu Changge approached someone unhurriedly.

The many formations on both sides began to spew out the murderous aura and runes that shot into the sky, turning them into all kinds of terrifying weapons, clanging loudly, and wanting to destroy him.

But with the wave of his sleeve, a monstrous aura, like a vast sky falling down, densely packed this place, like a heavy rain, and wiped out these runes.

"Puff!"

The two most Holy Elders in front of him flew upside down in shock and blood spurted out of their mouths.

Just as soon as they came into contact with this aura, they were severely injured, and their bones were broken.

"You... how did you force your way into this place..."

The two elders in the Sacred Realm struggled to get up from the ground, unable to believe the scene in front of them.

Suddenly, Gu Changge broke into the deepest part of the Immortal Lun Sect.

This was also the place of their heritage.

Usually, two people were responsible for guarding it to prevent outsiders from coming in.

They were not unfamiliar with Gu Changge's identity, he was the mysterious Immortal from the Upper Realm who came to the Immortal Lun Sect during this time.

But why did he quietly sneak into the deepest part of their Sect undetected

It left them completely incomprehensible.

At this moment, they were completely suppressed by Gu Changge's aura, and even their souls were trembling, about to collapse, and completely unable to move.

In this case, let alone resistance, it would be difficult for them to even move.

The two of them were extremely desperate and couldn't believe it.

"I told you to be quiet to let you live a little longer."

Gu Changge said casually, flicking his fingers and shaking the sword. With a snort, a sword energy with a terrifying edge, like an ancient Immortal sword, flew out from between his fingers and instantly penetrated between the eyebrows of the two of them.

Annihilating their souls.

Then one after another, runes condensed into a big treasure bottle, which floated up and down, and the black light fell from it, quickly swallowing their whole body.

He wanted to sneak into the forbidden area in the depths of the Immortal Lun Sect, which was not a problem at all.

The two of them wanted to die while blocking the way and Gu Changge naturally had to fulfill their wish.

Gu Changge deliberately used the treasure bottle to be cautious about the divine soul that was related to the soul lamp, and did not intend to devour it first.

Otherwise, at this time, probably, the entire Immortal Lun Sect would be horrified because of the fluctuations.

"The phantom of the Immortal Lun Supreme should be sealed here."

"While Jiang Yang is outside, I should secretly refine his current biggest reliance. I'm afraid his face will be green with anger by then."

"It would be even better if there was a Supreme weapon."

With an intriguing smile on his face, Gu Changge walked down this corridor.

After everything was arranged.

In his eyes, the reincarnation of Human Ancestor was no different from Ye Ling and Lin Tian from earlier.

Gu Changge was now waiting for the Human Ancestor's Luck points ??to be squeezed out before he could finally harvest him.

Before that, he would remove the many minions of the reincarnation of the Human Ancestor, making him useless.

Jiang Yang could never have imagined that Gu Changge would take advantage of his trip to leave Immortal Lun Sect to venture into the depths and destroy all of his confidence.

And soon, Gu Changge broke down many rune formations, and finally arrived at the place where the forbidden place of Immortal Lun was sealed.

This was a very simple and magnificent hall.

At the top, there was a mighty aura floating up and down, like a fog creating a chain of laws and rules.

"In a place like Heavenly Star Realm, there are still such techniques. It seems that the Immortal Lun Supreme indeed left a lot of help for the Human Ancestor. These are the sacred objects of the basic type of cultivation, and there is even a lot of Chaotic Sand....."

Gu Changge glanced at the many scenes in the hall.

The Chaos aura that was in a mighty state above his head was actually from the Chaotic Sand.

This kind of thing was hard to see even in the Upper Realm.

It was impossible for the Heavenly Star Realm to give birth to it. Now there existed a handful of it in this location.

In addition, there were many wonderful Roots, Holy fruits, Dragon Marrow, Immortal jades and other things, which were extremely profound. And if any one of them was lost, any cultivator would be madly scrambling for it.

"All these good things were reserved for Jiang Yang, now I can only laugh at him....."

Gu Changge revealed a faint smile, and with a roll of his sleeves, the terrifying power of space erupted, and even the piece of Chaotic Sand above the hall was taken away by him.

Soon the place became empty, as if it had been ransacked.

Finally, Gu Changge locked his target on the divine source in the middle of the great hall, suppressed by an ancient and complicated golden cauldron.

"Immortal Lun Supreme....."

Within his gaze, wisps of dark light began to flow, appearing extremely cold and demonic.

Buzz!!!

Without hesitation.

He directly made a move!

On all sides, several flags were quickly inserted, and a vague and deceitful intent enveloped the place to avoid the aura from leaking out!

From the location of Gu Changge's belly.

A big treasure vase emanating an aura of the Great Dao fiercely emerged with a horrible black light, like a black hole emerging to swallow the universe!

In that divine source, a terrifying figure was sealed as the figure was seated with eyes closed.

It looked very blurry, incomparably tall, like a god, wearing an armor exuding cold aura, with a pair of horns on the top of his head.

A crack appeared on the divine source, causing the aura in it to leak out.

Gu Changge estimated that the aura Jiang Yang had induced at that time came from this place, causing the entire Immortal Lun Sect to respect him like a god.

At this moment, he directly struck out with the intention of devouring it as his own sustenance!

"Who is it?"

And the moment Gu Changge made his move, the figure within the divine source opened his eyes, and his cold indifferent expression was like a large area of starry sky encapsulated within, incomparably profound.

Then he became shocked and angry!

He did not expect that someone would dare to make a move on him while he was sleeping.

This was simply audacious.

However, in the next moment, when he looked at the Great Dao treasure bottle suddenly dropping down in front of him, his expression changed once again!

Chapter 229-2: First let's loot all the confidence, He thought that it was the third floor but it was actually the tenth floor (2)

From indifference, it became shock, disbelief, as well as a hint of fear and horror!

"How is it possible..... Great Dao Treasure Vase....."

Recognizing the pitch-black colored bottle in front of him, his voice trembled a little.

It seemed that even his divine soul was a little shaken.

As a Supreme being, although it was only a wisp of his shadow, it also contained a great power that surpassed a general Quasi-Supreme being!

But now the moment he saw this Great Dao treasure bottle, his whole body felt like it was frozen and cracked.

This thing unexpectedly came out, and suppressed him!

So much so that the Immortal Lun Supreme didn't even notice Gu Changge, who suddenly came to attack with the demonic halberd in front of him!

When he reacted, the monstrous demonic aura had already drowned him.

The whole divine source cracked and it directly split his body, like countless stars exploding, the fluctuations were too terrifying.

His shoulder almost exploded.

If it were not for the fact that this place was covered by Gu Changge with formation flags to hide the aura.

These aura fluctuations would probably have destroyed all the nearby buildings.

"You..... You actually appeared, the inheritor of demonic art....."

Immortal Lun Supreme trembled, staring deeply at Gu Changge, and his voice could hardly remain calm, as if to see him through.

Gu Changge's face was covered with a layer of fog and it was incredibly blurred.

Only a pair of eyes, cold as if there was no hint of emotion, more like looking at a lifeless object.

This made his heart palpitate even more, remembering the many rumors that preceded his birth.

The inheritor of demonic art ravaged all domains in the heavens.

It was a time of despair for all races and beings, a time of grayness and no hope in sight.

"Obediently hand over your origin to me, don't bring up any unnecessary resistance."

Gu Changge said indifferently, although there was a Supreme being in front of him, his tone was as if he was looking down with contempt and indifference.

"It's just a junior, how dare you speak wildly. How did you find your way to this place?"

The Immortal Lun Supreme was enraged and quickly reacted to the fact that Gu Changge in front of him was just a junior who was bluffing.

His real cultivation level was only that of a Sacred Realm!

But why the hell was he speaking to a Supreme being like him with this tone?

And his existence was related to the Human Ancestor's reincarnation body, at this time even the inheritor of demonic art had taken the initiative to find him.

Then it was certainly bad luck for the reincarnation of the Human Ancestor.

This made the Immortal Lun Supreme being more worried and uneasy, but it was just a wisp of a shadow, and there was absolutely nothing much he could do at this time.

Boom!

"How did I find my way here, does it really matter?"

"What's important is that you and the reincarnation of the Human Ancestor will die soon."

Gu Changge said indifferently, and then directly struck out.

The moment the Eight Desolate Demon Halberd fell, it seemed to split the universe, the light exploded, the divine chain of laws trembled, intending to subdue and devour this Supreme Phantom in this place.

With the fall of the Great Dao Treasure Vase, runes descended like ruins from the sky to drown him.

Soon, there was a trembling roar of anger and resignation.

It was as if there was some existence, making a final deadly resistance, this roar, could be described as earth-shattering.

But with the thick gray fog enveloping this place.

Even his sound could not be transmitted, many horrible aftershocks were swallowed by the Great Dao treasure bottle above, without even leaving the slightest aura!

That was like a terrifying universe extinction mill, like a dark light hanging down as it issued a world rumbling rotation.

Finally, the fluctuations here gradually subsided.

There were no surprises.

The dense gray fog dispersed.

Gu Changge's figure emerged from it, but he had his eyes closed, as if he was still recalling the aura from earlier.

He shook his head slightly.

"Tsk."

"The taste of this Supreme Phantom is really far better than the many origins that I have devoured during this time."

"However, it's just the right time to take advantage of this opportunity to throw this blame on the head of the Immortal Lun Supreme."

Soon, thinking of this, Gu Changge opened his eyes.

Now his cultivation level had already broken through to the peak of the Sacred Realm, and he was only a hair's breadth away from reaching the Great Sacred Realm.

He was still very satisfied with this speed.

It was just that he had not found the weapon of Immortal Lun Supreme.

So he guessed that it was not suppressed here, but in another place.

Now with the news of Immortal Lun Supreme's sealed phantom missing, it was just one more reason for him to explain.

When the time arrived, he could directly tell Yaoyao that his brother Jiang Yang was actually seized by Immortal Lun Supreme.

The Immortal Lun Ancestor's shadow that Jiang Yang triggered at the beginning was just an aura released by him.

In this way, it would also explain why the people of the Immortal Lun Sect did not care about Jiang Yang's abnormality in the slightest.

After all, for the Immortal Lun Sect, Jiang Yang was their disciple, even if he was taken over by someone, it was still their disciple, involving their glory.

Who cared about these individual details?

But for Yaoyao, this was completely different.

And at this time, Gu Changge, who was planning to leave this place, looked slightly stunned.

His eyes became ghostly, and saw the sight seen by the Myriad Demonic Body in the jade pendant left on Yaoyao's body.

In particular, the aura of Yaoyao changed violently, and the mark of Peach on her head began to glow, floating with a terrifying aura.

His smile, for a moment, was a little intriguing.

"Hmm? You actually said this to Yaoyao? It seems that my guess was really right."

"Thanks to my early preparation, I gave her a lot of things to confess, just to anticipate that you were going to say this to her."

"Jiang Yang, you thought I was in the third layer, but you did not know that I was already on the tenth layer, I already know about all your means of response....."

"As the reincarnation of the Human Ancestor, you really let me down."

Gu Changge laughed and was not surprised by this at all.

Because Jiang Yang was completely unaware that Gu Changge's target was him from the beginning to the end, not Yaoyao.

The fact was that she was just a front for Jiang Yang.

So Gu Changge had told Yaoyao very frankly.

In the beginning, he intended to take Yaoyao as his disciple, purely because he saw that her aura was extraordinary, thinking that her background was not simple.

Otherwise he would not be so kind as to stop at a small village on purpose.

For Gu Changge's statement, Yaoyao still expressed understanding at that time and did not say anything.

She was very understanding and smart. She knew that Gu Changge really couldn't take her as a disciple for no reason.

Everything was with the purpose of a pay back.

Then Gu Changge told her very frankly that after seeing that she really could not cultivate, he really had the idea of abandoning her.

This sentence made the young Yaoyao's small face a little pale.

But the good thing was that Gu Changge's words changed quickly.

With regret and a little helplessness.

He had been teaching her for so long anyway, so staying by her side was not a problem, she was also well behaved and knew how to behave anyway.

In the future, when she was older, pounding legs and pinching shoulders was also good.

Hearing this explanation, Yaoyao smiled again, revealing a happy look.

Maybe she could also cling to his thigh.

Although they were only half-joking words.

But Gu Changge had actually given her a lot of things to confess.

The young lady was very smart and could understand this.

So under this premise, what Jiang Yang said to Yaoyao now was no different from provoking discord.

At this time, Yaoyao trusted Gu Changge the most.

In addition, she was extremely angry and hated the person who possessed her brother's body.

Suddenly, the power of Dao Fruit was triggered.

Gu Changge was not surprised, and his smile was a little playful.

"Now I'll just watch the show, Jiang Yang, oh Jiang Yang, as the reincarnation of the Human Ancestor, at this time, I'll see what means you have to stop the angry Yaoyao..."

From the eyes of the Myriad Demons body.

Gu Changge had seen a lot of sights.

After that, he kept his footsteps and quickly left the place, the void blurred for a while, and he rushed to the ancient city outside the Immortal Lun Sect.

.....

On the street.

As Jiang Yang finished speaking.

Yaoyao's expression changed suddenly, the aura that looked down on everything covered the whole world.

The sky trembled, and the situation was reversed, causing all cultivators and creatures to have a kind of fear and trembling, and they couldn't help but kneel on the ground.

"Yaoyao..."

Silver haired granny beside her felt the change for the first time, and her expression suddenly changed.

Jiang Yang's reaction was quick, and his expression changed rapidly, which was a bit unbelievable.

Buzz!!

He sensed the dangerous aura, and runes gathered in his hands, turning into a large piece of gorgeous ancient text which densely covered the air to help him resist!

But at this time, Yaoyao's eyes were like an ancient and ruthless vast universe, and there was nothing except indifference.

She was floating in the void.

As she raised her little hand, the terrifying pressure, as if the heaven and the earth were rolled back down, and all creatures were about to be wiped out!

"Not good....."

The expression of Supreme Elder Zhao Yi behind Jiang Yang changed, and she wanted to stop all this, but before she could do anything, she suddenly spurted out a mouthful of blood.

Yaoyao casually slapped down the palm of her hand, as if hitting the void, creating a monstrous wave!

She screamed and flew out, half of her body exploded, the blood mist scattered, and she looked extremely miserable!

A Great Sacred Realm existence was hit hard in an instant.

"How could this be..."

On the other hand, Jiang Yang's expression also changed rapidly. He suddenly ducked backwards, with extremely fast speed, and the general trend under his feet seemed to melt into his body.

Judging from the speed, he was not slower than Zhao Yi who just took the hit.

But his means of fighting against it were much weaker.

Click!

The void immediately burst into a crack.

Jiang Yang also spat out a mouthful of blood as he was slapped by Yaoyao, and instantly smashed into a large building, stirring up a large cloud of dust.

And after doing this, Yaoyao seemed to have exhausted all her strength and fell from the void.

She opened her big, and confused eyes.

As if she didn't know what just happened.

However, instead of falling to the ground, she fell into a warm embrace.

Seeing the figure suddenly appearing behind her, Yaoyao made a murmur-like voice.

"Master..."

Chapter 230-1: Jiang Yang is exhausted, Its good to sit back and wait for the benefits at this time (1)

Buzz!!!

A layer of ripple spread out in the void.

Immediately after that.

A figure shrouded with Immortal bones in a divine posture appeared as Dao intent emerged from him. When his sleeves shook, it was as if even the stars outside the realm were trembling.

It was Gu Changge who had arrived from the Immortal Lun Sect.

He suddenly appeared and caught Yaoyao who had fallen from the void.

His face was calm and one could not see the slightest happiness or anger, but at this time the cultivators and living beings in the entire ancient city felt a sense of fear like facing the might of heaven. They could clearly perceive Gu Changge's killing intent and anger!

Everyone's heart and soul could not help but tremble, as if they were about to face the end of the world.

Looking at the scene in front of them, they could not help but kneel on the ground.

A terrifying pressure descended, like a big mountain hanging down above their head, at this time, they were even suffocated.

Just now the sudden change of Yaoyao shocked everyone, that aura was too terrifying, as if it was a Supreme existence overlooking the mountains and seas.

Just before they could react, Yaoyao struck, displaying a terrifying strength that shook the entire ancient city.

In particular, some of the old antiquities who were startled to recognize the Immortal Lun Sect's Supreme Elder Zhao Yi who was following behind Jiang Yang.

Such a Great Sacred Realm existence was following behind a young man like Jiang Yang.

This made them incomparably shocked and incredulous, and they were speculating about Jiang Yang's identity.

But such speculation did not last long, Yaoyao suddenly struck out, the terrifying aura swept across ten thousand miles, and her single palm almost killed the famous Great Sacred Realm existence.

What they saw today made them feel a chill going down their spine and overturned many of their previous perceptions.

What exactly was the identity of Yaoyao?

That kind of appearance and pressure of such a little girl was as if it could destroy the entire Heavenly Domain with a single move.

The good thing was that this kind of aura did not last long.

As for Gu Changge, who suddenly descended and appeared.

There was no doubt that it was definitely the mysterious Superior Immortal who had been making a lot of noise in the Heavenly Domain during this period of time.

With this kind of aura and strength, do they still need any explanation?

At that moment, the cultivators and living beings of the entire ancient city, with a population of more than a million, all looked towards this direction in awe, like respecting a god.

"Be careful, this Superior Immortal seems to be angry, it's too terrifying, just like facing the end of the world, this feeling....."

"This is the terror of the people from the Upper Realm....."

Countless cultivators trembled at this time, the whole ancient city fell silent, becoming dead silent.

No one dared to speak loudly, nor did they dare clamor, they could see that this Superior Immortal seemed to be in a bad mood, and that kind of horrible killing intent was monstrous.

The destruction of the heavens and the earth seemed to be just a matter of its thought.

"What's going on?"

At this time, Gu Changge, who looked indifferent, finally spoke up.

Once the horrible killing intent dispersed, he asked the equally pale silver haired granny next to her.

It was as if he had just arrived and completely didn't know about this matter.

Silver haired granny's face was pale, as she said with a trembling voice, "Reporting to the Immortal, the old woman also does not know what is going on."

Until now, she did not react and her head was buzzing.

How should she explain to Gu Changge?

At this time, she was even secretly worried, afraid that Gu Changge would blame her for not keeping an eye on Yaoyao.

"You don't know what's going on?"

At these words, Gu Changge frowned, and then his cold eyes swept over the building that became a ruin in front of her.

Buzz!!!

He poked out one hand, and the monstrous black light instantly transformed into an incomparably realistic and terrifying giant palm.

The lines were clear, the runes were interwoven, covering heaven and earth, with a surging aura, clutching down at Jiang Yang who was struggling to get up as his face was a little pale!

Rumble!

The sky trembled, as if it was propelled forward, emitting a sound that made one's soul tremble.

Under this kind of aura, the beings in the whole ancient city were even more appalled, and their souls were about to explode.

It was the first time they witnessed such a terrifying sight, as if destroying the heavens and the earth.

"Not good....."

Just a moment ago Jiang Yang was slapped away, and it was difficult for him to stand up.

His expression changed greatly while watching Gu Changge's palm falling again, and he was about to retreat back.

But the moment this palm fell, every inch of the void became stagnant, even the heaven and earth were almost slapped apart, and Jiang Yang was firmly locked there!

Jiang Yang could hardly move and could not dodge at all.

Despite borrowing one percent of the Dao fruit's cultivation, he had broken through to the False God Realm cultivation, but it was still useless!

With a puff, he spurted out a mouthful of blood.

He could only be unwilling and angry, being firmly clutched in the palm of Gu Changge's huge hand condensed by this aura, his bones were creaking and he was coughing blood continuously.

"What did you do to Yaoyao?"

Gu Changge clutched Jiang Yang in his palm and looked at him indifferently.

There was no trace of emotion in his eyes, as if he could crush him to death with his hands, as easily as a bug.

"I don't know how Yaoyao suddenly became like this....."

Jiang Yang's face was pale, his eyes were full of anger, coldness and reluctance.

But at this time, he could only grit his teeth to endure, and display a face of incomprehension, and bewilderment.

The day before yesterday, he had borrowed the power of the Dao fruit to break through to the False God Realm, and originally thought that with his means, he could slightly counteract Gu Changge.

But he still could not do a thing!

The gap between the two of them was too big!

This made Jiang Yang's heart very unwilling and he did not expect to suffer big losses one after another by Gu Changge.

Especially today, in front of all the creatures and cultivators of an ancient city, he was caught in the palm in such a humiliating manner.

If this matter was known later, it would be a stain that he could hardly erase in his life.

This had never happened to Jiang Yang in his long years of cultivation.

If this body was not too weak now, and it was difficult to bear more of his Dao fruit cultivation, he would absolutely borrow more power and strike to kill Gu Changge to clear this stain in his life.

"No?"

Gu Changge's brow was still furrowed and he looked deeply at Jiang Yang, as if he wanted to see him through.

Jiang Yang gritted his teeth and stared at him without any fear, with a frank and self-assured look.

The reason why Yaoyao just became like this, in fact, he already had a guess in his mind and similar to the previous idea, Yaoyao's origin was not simple, involving the Dao fruit of a certain existence.

Jiang Yang's own understanding of the Dao fruit was very deep, and at this time, it was even more unquestionable.

It was just that, he didn't know whether Gu Changge really didn't know or faked it.

"If I find out that you lied to me, even Yaoyao will not be able to save you at that time."

Gu Changge coldly snorted, his eyes were deep and cold, containing a frightening killing intent.

This voice fell on Jiang Yang's ears, but it was like a terrifying thunder blast, making him feel a tinge of sweetness deep in his throat.

His five internal organs were shattered!

There was a puff!

Gu Changge let go of his hand.

The big hand that was condensed by black runes, scattered in the void.

Jiang Yang fell to the ground, his face was in a mess, his fists were clenched tightly, and his heart was filled with coldness and killing intent.

"I will kill you!"

Jiang Yang roared lowly in his heart, it was the first time he wanted to kill someone so much.

It was simply hatred.

But his mind was overwhelming, and his expression still did not look much abnormal.

And Gu Changge's face gradually returned to calm, unable to show the joy or anger.

The system's frantic prompting voice rang out in his mind at this time.

"Ding, the Daughter of Luck, Yaoyao resisted the Son of Luck, Jiang Yang, the Son of Luck was damaged, and you gained 8,000 Luck points and 40,000 Destiny value!"

"Ding, publicly humiliating the Son of Luck, Jiang Yang, the Son of Luck's Luck is damaged, and you gained 2,000 Luck points and 10,000 Destiny value."

"Ding....."

A series of system sounds made the smile in Gu Changge's heart deeper and deeper.

Things were still developing in the direction he had predicted.

According to this trend, Jiang Yang's Luck points would soon fall to a low point.

During this period, he actually kind of wanted to let Jiang Yang continue to be a treasure hunting mouse, but considering Jiang Yang's current cultivation, the chances prepared for him would not be of much use to himself.

Chapter 230-2: Jiang Yang is exhausted, Its good to sit back and wait for the benefits at this time (2)

So Gu Changge also gave up on this.

The current Luck points contained in Jiang Yang's body were still tens of thousands, and they were still starting to grow with time.

Gu Changge felt that it was his backhand that was starting to work.

"Master, I don't know what's going on, this power somehow appeared....."

And in the Gu Changge's embrace, her face was also all confused and she also did not know what just happened to herself?

It seemed that because what Jiang Yang said was too angering to her, falsely accusing the Master, so she wanted him to shut up, and then felt a power that she could not refuse emerging from the center of her brow.

This power was so powerful that she could destroy the sky and the earth with just a slight wave of her hand.

"Forget it, if you don't know, from the aura just now, this power should have no effect on you, but you shouldn't expect this power to do anything either."

"This power doesn't seem to be under your control." At that Gu Changge sighed and nodded.

And hearing these words, Yaoyao's heart became more and more confused.

Could it be that her origin was really as complicated as her Master said?

Just now she had a strange feeling, as if she could overlook all living creatures, no matter what existence it was, she could be indifferent to it, and it would not make any difference.

Then, Gu Changge swept a glance at the many living cultivators in front of him, and didn't bother.

He took a step, instantly swept over ten thousand miles, taking her out of this place, returning to the Immortal Lun Sect, as if to understand more about what exactly had gone wrong with her.

Watching the two disappear, Jiang Yang, who was standing in the same place, with that calm face, also gradually couldn't see clearly. He no longer had the previous calm and aloof expression.

"Things have come to this, I can not let him live! If I invoke those means and arrangements, it is possible to put this guy to death, and by then Yaoyao will not suspect me....."

Jiang Yang's expression became very cold, and many thoughts flashed through his mind.

He finally made up his mind.

Because he also felt the pressure, and knew that he was unable to keep everything firmly in control.

It was a small matter to lose face, but if Gu Changge ruined his plan, then it would be too late to regret.

And now he must find a way to use the rest of the backhand, under the premise that Yaoyao would not suspect him, he had to get rid of Gu Changge, who was in the way.

.....

What happened outside the Immortal Lun Sect today, although it was only a minor incident, it also caused a huge sensation, it spread quickly, causing a huge earthquake among many forces in the Heavenly Domain.

Many cultivators also learned that the little girl beside that Superior Immortal was not simple either.

But no matter what, many cultivators also witnessed the terrifying might of that Immortal with their own eyes, who could cause heaven and earth to topple with just one thought.

Many rumors quickly spread around the world.

After Gu Changge returned to the Immortal Lun Sect, he first comforted Yaoyao, reassuring her that she would not become another person, and she was still the same.

Even if she turned out to be the rest, he was still her Master, which would not change.

And after getting Gu Changge's assurance, the little girl then calmed down and showed a happy smile. After all, she was very afraid that she would become another person in the future.

In the process, Gu Changge also told her quite a few things about the Immortal Lun Ancestor, saying that Jiang Yang was probably taken over by a divine soul left by the Immortal Lun Ancestor in the Immortal Lun Sect.

All kinds of signs and evidence showed that he was not talking nonsense.

After hearing this, Yaoyao did not suspect anymore, and just as Gu Changge thought, she planned to take this revenge on Immortal Lun Supreme.

The fact that he had made a mistake, Gu Changge did not care.

During this period, Gu Changge kept an eye on Jiang Chuchu's movements in the Inner World, wanting to see if there were cultivators from the Human Ancestor Hall who had rushed to this realm based on her reaction.

If there were, he would have to ambush them first and kill them in this realm, otherwise it would cause a lot of trouble and affect his next plan.

But based on Jiang Chuchu's reaction, he seemed to be overthinking.

His Inner World was completely independent and closed to the outside world, and it was also the highest level kind of world seed.

Unless he took the initiative to open it, it was impossible for Jiang Chuchu to detect the aura in the outside world.

Gu Changge was still considering how to snatch the final chance of Jiang Yang's return of all worlds to one, but Jiang Yang was slow to move, which forced him to put the matter on hold.

The biggest chance left for Jiang Yang today was also the biggest secret of his return of all lives to one.

.....

"This letter....."

On the other hand, in the cave, Jiang Yang was frowning at the letter in his hand.

It was a letter written in a script that did not belong to this realm, and every word contained an amazing dao rhythm, so it could be seen that the person who wrote this letter had a complicated cultivation level.

It was impossible for a cultivator in the Heavenly Star Realm to read this letter.

Since the letter was written in a very ancient script of the Upper Realm.

Jiang Yang could naturally see it.

"This was handed over to the disciple by a mortal at the foot of the mountain for the disciple to hand over to senior brother Jiang Yang....."

The disciple in front of the cave, said respectfully.

"Okay, you can go down first." Jiang Yang nodded his head, his gaze with thought in it.

The content in this letter made him frown uncontrollably.

The other party knew his identity and stated outright that they came from the Upper Realm and agreed on a place for him to rush there to meet.

If he hadn't met Gu Changge.

Jiang Yang might not have been suspicious, but now he was wary, how on earth did the other party know his identity?

Since he knew that he was the reincarnation of the Human Ancestor, why didn't he come to the Immortal Lun Sect himself, instead of choosing a place?

Is it because he is worried about Gu Changge, the so-called Immortal? Or is there some other purpose?

There were all kinds of doubts, so he did not choose to believe it first, and the main thing was since the other party claimed to come from the Upper Realm, then why was there no movement before.

Another point was also the most important, now, except for the people of the Human Ancestor Hall, he did not believe other people.

"The most urgent thing is to rush to the place where that Nirvana Green Lotus was planted as soon as possible....."

Many thoughts flashed through Jiang Yang's mind, after all, he could pit Gu Changge to death in the process.

Moreover, as long as he fused with that Nirvana Green Lotus, he could complete the first step of the plan related to the unification of the worlds.

When the time came, he would borrow the Dao fruit, his strength was bound to rise sharply, unlike now, when he could not even not withstand one percent of its power.

For this reason, he had planned for a long time.

Finally, he chose such a realm, found the most suitable place, planted his Nirvana Green Lotus seed, waited for it to gradually mature out, so that he could pick it and fuse with it.

The Nirvana Green Lotus seed was a divine object that he had obtained only after many reincarnations and a lot of thought and calculation.

It was the seed of the Green Lotus that was rumored to have been nurtured by Chaos.

Before that, he even cultivated it with the aura of many worlds, and even exhausted the Luck of the entire realm to make it take root and sprout.

Fortunately, he found the most suitable place for its growth in an isolated place in the Heavenly Star Realm.

Jiang Yang was not worried that someone would snatch the Nirvana Green Lotus from his hands, because in that place, he left many traps, only for such a day.

As long as it was there, no matter who came, they would be suppressed by all of his traps, and would get buried there.

Jiang Yang thought so, and his expression gradually became profound, although it seemed that Gu Changge stood steadily with an upper hand, but under his many means, the entire situation would be reversed.

As soon as Gu Changge died, Yaoyao would be left without a Master, and she would have to rely on him as his sister.

Afterwards, Jiang Yang called out to Zhao Yi, the Supreme Elder of Immortal Lun Sect, and asked her to report the exact location about where the Nirvana Green Lotus was located to Gu Changge.

"I learned this by chance but if I were to tell the Immortal, he probably wouldn't believe me, so it's better for you to go."

Jiang Yang pondered for a while and said to Zhao Yi.

Zhao Yi smiled slightly, then nodded and said, "I know, then I will just say that this matter is what I know from the mouth of my disciples....."
