Chapter 241-1: Gu Change presence was not an imagination, Just a disciple? (1)

It was not without basis that Yue Mingkong would think so.

The importance of the Nirvana Green Lotus needed no further explanation, even the Human Ancestor had been planning hard for this Green Lotus for a long time.

After much effort, twists and turns, he finally found a suitable place for its growth in the Heavenly Star Realm, and he chose to pick it when it would mature.

But why did the unknown mysterious existence left behind those equally precious Lotus seeds after merging with the Nirvana Green Lotus, instead of taking them away. Were they planning to give them to later generations?

Yue Mingkong was very confused, looking at the few chaotic Lotus seeds in the depths of the Lotus body, all kinds of thoughts flashed in his mind.

Did the mysterious existence accidentally forget about these?

How likely was this?

Soon, she shook her head and thought that it was impossible.

This was too far-fetched.

After all, even the reincarnation of the Human Ancestor was defeated in his hands, and it was still in the Netherland Heavenly Pond, the place where the Human Ancestor laid down many traps.

Would that mysterious existence make such an obvious mistake?

Also, Yue Mingkong had already felt a vague sense of familiarity before.

Women had always believed in their intuition, and Yue Mingkong was no exception.

So she frowned immediately, almost concluding that the mysterious existence deliberately left it for her.

But she had never seen the true face at all, and she was not even sure who that mysterious existence was.

She couldn't understand why the other party would leave it for her. Or was the monstrous figure who was outside the Netherland Heavenly Pond and warned her not to approach it also what the other party did?

The two of them had never even seen each other.

Therefore, now there was only the last possibility left, that was the mysterious Immortal who was suspected to have fallen in the Netherland Heavenly Pond.

"Why did he do this..." Yue Mingkong frowned, feeling that she was getting close to the truth.

It seemed that the mysterious Immortal deliberately fell in the Netherland Heavenly Pond, just to confuse the world and paralyze the senses of the reincarnation of the Human Ancestor, Jiang Yang.

This kind of calculation instantly reminded Yue Mingkong of someone, her fiancé Gu Changge!

Besides Gu Changge, who else had such a means to destroy the Human Ancestor on the site of his reincarnation?

And, reconnecting with those familiarities.

The truth almost surfaced!

"Gu Changge..."

"It must be this guy..."

Yue Mingkong gritted her teeth a little, almost instantly deciding.

Except for Gu Changge, she thought about all the possibilities, but she couldn't think of anyone else who had such a terrible method.

She suddenly got angry.

This unscrupulous guy had been secretly hiding by her side for so long!

But thinking that he was also secretly hiding his visit to the Lower Realm, Yue Mingkong didn't know what to say.

After all, speaking of it, she was also at a loss. Although she did have the idea of ??solving the problem of the reincarnation of the Human Ancestor and helping Gu Changge, Gu Changge didn't know about it.

Now it seemed that it was Gu Changge who did something to her.

That was why he could know her whereabouts, follow her secretly to the Lower Realm, and hide in the dark, never showing his face from beginning to end.

That mysterious Immortal was also an image made by Gu Changge.

Moreover, Yue Mingkong thought of the strangeness of Jiang Yang's appointment at that time.

Now it seemed that Gu Changge helped her secretly at that time, otherwise Jiang Yang would not have gone there and let her plan an ambush.

With all these things, Yue Mingkong couldn't help rubbing her eyebrows.

Before she felt that Gu Changge had placed eyeliner beside her, saying that he trusted her, but in fact, he was still paying attention to her movements.

In the Ancient Immortal Continent, Gu Changge found her many times because of this method.

But she had clearly cleaned up all the people around her, but how did Gu Changge find her?

"It seems that my actions when I left the Gu family caused Changge's suspicion, so he followed."

Yue Mingkong whispered to herself, and quickly found a doubt that would make Gu Changge suspicious.

It should be that she was too hasty when she left the banquet.

Gu Changge was thoughtful and meticulous, so he would naturally notice this doubt.

Yue Mingkong was not in a hurry to explain to Gu Changge after returning to the Upper Realm.

Since Gu Changge had followed him all the way, he should have seen everything she did.

Yue Mingkong didn't believe that Gu Changge would continue to be suspicious of her.

"But this guy is still a bit conscientious, and he even left me some of the soup."

After Yue Mingkong understood this, she breathed a sigh of relief and showed a slight smile.

This time there was nothing strange about it.

These Nirvana Lotus seeds seemed to be reserved for her by Gu Changge on purpose.

Buzz!!

So she waved her sleeves, and a burst of multi-colored divine light swept across, and took them all directly.

Afterwards, she left here, intending to end it, get rid of some easily exposed troubles, and then return to the Upper Realm.

Since Gu Changge had personally solved the biggest hidden trouble of Human Ancestor, she had nothing to worry about.

Now that Gu Changge wanted to see her, she also knew that, by her own means, it was impossible to find Gu Changge.

For some things, it seemed that she would only get asked after returning to the Upper Realm.

However, she was worried that with Gu Changge's temperament, he would refuse to accept the account at that time, saying that all this had nothing to do with him.

One must say that Yue Mingkong didn't fully understand Gu Changge's temperament now, but she had already felt it very clearly.

Gu Changge would leave Nirvana Green Lotus seeds for her, which had already shown that she had a certain position in Gu Changge's mind.

This still made Yue Mingkong very happy.

She, who had always been indifferent in front of her subordinates, couldn't help showing a faint smile today.

.....

On the other side, after being shot down into the Heavenly Pond by that gray fog in the sky.

Yaoyao felt that she had withdrawn from that state of indifference and saw everything as ants.

She no longer had the power of the strongest, who could destroy the world at once, but had once again become that weak girl who couldn't even kill a chicken.

And now she was slowly falling into the depths of the lake.

She felt powerless and desperate, let alone struggling, she couldn't even exert a trace of strength.

The terrifying pressure came from above, and it was still astonishing across the lake.

Under that kind of pressure, all living beings could only choose to kneel on the ground and dare not move.

Yaoyao knew that with her grandma's strength, she couldn't save her at this time. Maybe her grandma rushed up and fought against that terrifying figure, and was already one step ahead of her.

They had already torn their relationship with Jiang Yang, so he couldn't save her grandma.

Thinking of these things, Yaoyao was a little sad.

Chapter 241-2: Gu Changge presence was not an imagination, Just a disciple? (2)

Speaking of which, this had nothing to do with her grandma.

She came here with her and could stay outside, but because of her, she put her grandma's life in danger here.

After all, that kind of terrifying existence, apart from the Master, probably no one could defeat it, right?

She was going to die here, to accompany her Master, her grandma, and her elder brother Jiang Yang, who was long gone.

Many scenes flashed in her mind.

There were scenes of playing with her brother when she was a child, and there were days when she got along with her grandma, but more of it was the day and night with the Master.

"Yaoyao can't avenge you, Master..."

"But I'll see you soon."

At this moment, the thing that she regretted the most was not finding any trace of Gu Changge, not killing Jiang Yang, avenging her Master.

Buzz!!

Yaoyao closed her eyes tightly and did not notice the position between her eyebrows, the peach petal-like pattern was blooming with dazzling brilliance, reflecting the dark lake bottom into a splendid sight.

There was a strange light emerging.

A Peach Tree rooted in endless Chaos could be seen faintly, where the Divine chain of laws hung down.

At this moment, Yaoyao felt that she had fallen to the bottom.

But why didn't it feel like falling in the mud, instead it was so warm?

There was no imaginary cold and dark.

It was like the time when she fell from the sky that day and was suddenly caught by the Master.

She wanted to open her eyes.

But in the next moment, a gentle voice suddenly sounded in her ears, like a clear spring flowing over a rock, natural and warm.

"Why is the little girl so disobedient? I asked you to wait for me in the Immortal Lun Sect, why did you sneak here alone?"

Hearing these familiar words, Yaoyao suddenly opened her eyes and looked at the scene in front of her in disbelief.

She didn't know when, but the nearby lake had been emptied, forming a gentle space.

And the man in white who spoke in front of her and caught her was not the Master she was familiar with?

"Impossible, isn't Master already dead? Could it be that this is the legendary underworld, I saw the Master in the underworld..."

Yaoyao looked at all this in disbelief and then murmured softly, thinking that she was already dead, that was why she met Master in this place.

But her Master was way too beautiful!

No wonder she couldn't usually see the real face of her Master, he had to cover it with fog so that no one could see it clearly.

Otherwise, when so many women saw it, wouldn't they be scrambling to become his mistress?

Thinking of this, Yaoyao suddenly felt a little happy. Although she died, she finally fulfilled a wish she had always wanted.

She finally saw what her Master looked like. She had always known that the Master should not be very old.

He was not one of those dull oldies.

Thinking like this, she suddenly didn't know where the courage came from, she stretched out her small hand, it was like a ghost, and she even touched her Master's face.

It seemed that she wanted to see if the Master in front of her was real or fake.

However, a hand stood in front of her and hit her on the head.

At the same time, it was accompanied by a slightly helpless voice.

"You little girl, what are you thinking about? Your Master is so powerful, how could you die, and even if you are in the underworld, your Master can take you away."

"Huh?!"

Yaoyao's little head suddenly couldn't turn around. How could Master suddenly say such a thing, could it be that all of this was completely imaginary?

Or was her Master really not dead? She had always thought wrong.

"Master..."

Yaoyao intended to speak and ask again.

However, in the next moment, the Master in front of her suddenly moved, and with a wave of his robe, the whole lake began to shake, as if it was pushed away by a pair of invisible hands, and it was isolated.

After that, he took her to the sky and quickly left the place.

Looking at the scene in front of her, no matter how slow Yaoyao's reaction was, this time she had already reacted.

"Master, Master, you are really not dead..."

She couldn't help but let out a voice, her little face was full of tears, and she burst into tears, hugging Gu Changge tightly.

Master treated him well and did not die.

During this period of time, emotions such as worry, anxiety and sadness erupted together, as if the embankment had burst, and her tears could not be stopped at all.

"How could your Master die? What are you thinking?"

Gu Changge touched her head helplessly, his voice was unprecedentedly gentle, and then said, "It seems that during this period of time, when Master was away, a lot of things have indeed happened."

"I'm sorry, Master, I made you worry."

At this time, he definitely couldn't say that he had been hiding in the depths of the Netherland Heavenly Pond to watch the show.

Anyway, he told Yaoyao that he had an accident at the time and was trapped here, unaware of what was happening outside.

Gu Changge didn't know what to say to this pure and kind girl, so he could only give her as much compensation as possible in the future.

Since he was her Master, he naturally couldn't abandon her at will.

Either way, it was the same.

And even if he didn't show up just now, Yaoyao would be fine. As the Dao fruit, the power she had shown until now was only a small part.

How could it be possible to drown her with just a little lake water?

It was just that she didn't know it herself, and had been worrying about it all the time.

Hearing Gu Changge's words, Yaoyao cried even more, as if she wanted to cry out all the sadness and grief she had experienced during this period.

Gu Changge shook his head slightly, at this time, he released an aura of Immortal spirit and passed by, so as not to hurt her heart at this time.

Under great joy and great sorrow, this was the easiest.

In this little girl's heart, he occupied an unparalleled position.

And soon, Yaoyao slowly came over this great sadness and joy.

Remembering the disrespectful act she had just done, her face turned a little red.

She looked up.

Those flawless and moving eyes like black gems stared at Gu Changge, "Master, don't leave Yaoyao alone next time, okay?"

Seeing her almost pleading tone, Gu Changge shook his head slightly and smiled.

Then he said warmly, "How could Master leave you alone? Didn't he promise you that even if you couldn't cultivate, he would still support you as a teacher?"

"Little girl has been thinking about what to write all day, you are the disciple of the teacher."

When Yaoyao heard this, she was a little stunned, not happy for some reason.

The tone was also a little low, like a loss.

"Yaoyao is just a disciple to Master..."

"Of course, it's not just the disciple. I didn't tell you that for the Master, sometimes the disciple is more closer than his relatives."

Hearing this, Gu Changge touched her head, and his voice was as gentle and calm as ever.

Chapter 242-1: Do I look like a savior? It's the so-called self-direction (1)

Although she was more satisfied with Gu Changge's answer than she was at the beginning, Yaoyao still felt a bit annoyed.

She didn't know what she was annoyed about at her young age.

The disciple was a person who was closer than family. She had firmly remembered this sentence.

Now that her brother was gone, her grandma's fate was also probably not good, and the only family member she had left was her Master.

"I have helped you to avenge your brother, Jiang Yang, from now on you do not need to be sad."

"In the depths of the Netherland Heavenly Pond, I met him and learned about you from his mouth, so I killed him with my own hands."

"But the one who took him was only a wisp of the True Soul of the Immortal Lun Supreme, the real true culprit is still somewhere in the Upper Realm."

"But you can rest assured, this Master will find him when the time comes....." Subsequently, Gu Changge continued to speak, taking the initiative to talk to Yaoyao about her brother's matter.

Jiang Yang had died, and the Reincarnation Seal was now still in the Great Dao treasure bottle under digestion.

Of course, he could not tell this detailed process to Yaoyao.

On the other hand, Yaoyao did not know the true identity of Jiang Yang, since Gu Changge told her that the real culprit was Immortal Lun Supreme, then she would blame Immortal Lun Supreme.

With all of this, even if the Peach Tree from earlier wanted to project something, it was impossible to find out the breach.

After all, Immortal Lun Supreme was indeed the accomplice of the Human Ancestor.

The existence of any traces left by the Human Ancestor had been erased by Gu Changge?

When the time comes, the investigation would only lead to the head of the Immortal Lun Supreme, after all, the Immortal Lun Seal and Immortal Lun Sect were left behind when he left the Heavenly Star Realm.

"I know, thank you, Master."

Hearing Gu Changge say this, Yaoyao couldn't help but nod her head.

This hatred, even if Gu Changge didn't make a move, she would still try to solve it by all means.

Now Gu Changge had helped her solve a part of it, but for the remaining part, Yaoyao felt that she needed to solve it by herself.

"Yaoyao....."

At this time, Granny Yinhua, who had been hiding at the side of the Heavenly Pond, suddenly shouted in shock and surprise.

Tears streamed down her old face, and she was incomparably excited.

At that time, when Yaoyao fell into the Heavenly Pond, she wanted to go and save her.

But the figure of the terrifying existence in the high sky stood there, the aura was deterring all directions, enveloping heaven and earth, so she did not dare to move a single step.

For the safety of the young lady, the silver haired granny was naturally incomparably worried, but could only worry with anxiety, and could not move.

She really didn't expect that Yaoyao had been brought out from it by Gu Changge.

"Grandma....."

Yaoyao was also incomparably surprised at this time, she originally thought that her grandma would die under that terrifying figure, but she didn't expect that she was alive and well.

"You two grandma and granddaughter should be reunited first."

"I still have unresolved matters here."

And at this time, Gu Changge put down Yaoyao and said in a calm voice, and his eyes fell towards the terrifying figure in the high sky.

"Hmm, Master."

Yaoyao was very understanding and knew what the things Gu Changge was talking about now.

Her eyes couldn't help but be filled with adoration.

The gray mist was monstrous, the mountains were crumbling, and even the dome of the sky broke open and was burned down like a mirror inch by inch, falling down.

Such a scene was incomparably terrifying, not only make the young, silver haired granny and other people feel a palpitating uneasiness, but also making the most powerful people of the Heavenly Domain who had been watching this place were uneasy.

The sky had collapsed, and a horrible crack appeared.

Boom!

At this time, it seemed to have suddenly noticed Gu Changge.

The terrifying figure shrouded in a thick gray fog high in the sky, the cold and merciless eyes suddenly came down, along with the blood aura, accompanied by the heaven and earth turmoil, which could turn the sea into ash with its terrible pressure.

This kind of aura was too terrifying.

It was like a Supreme True Demon was awakening.

At this moment, not only the entire Heavenly Domain but even the rest of the Domains in the Heavenly Star Realm, the Xuan domain, the Hong domain..... All felt this overwhelming aura.

As if the world broke down, and the universe collapsed!

Countless living beings and cultivators trembled under this aura, and their dharma souls were about to break apart as if they were facing a natural disaster.

Terrible laws of Divine chain intertwined there, light burst through the sky, stars trembled and fell, and were smashed on the ground!

The whole world seemed to be heading toward extinction.

"It's too terrifying....."

"What kind of existence is hidden under this Netherland Heavenly Pond? How come it feels like this aura has surpassed what this Realm can withstand?"

"Yes, what kind of terrifying Great Demon is this, just waking up and breaking the vault of heaven, this is destined to bring disaster to all beings."

"What should we do about this....."

On a Divine mountain, the Ancient existence in the forbidden area, the voice trembled as they looked at this terrifying scene, and their souls began to despair.

The higher the level, the more they could feel this horror.

This was no longer a power that the cultivators of the Heavenly Star Realm could resist.

The collapse of the sky was one aspect.

Once that True Demon was fully revived, and came out of the Netherland Heavenly Pond, it would wipe out the entire Heavenly Star Realm, that was the real despair of all living beings and spirits!

Looking at its current state, it seemed to be trapped in the Netherland Heavenly Pond, and it could not leave there.

But that overwhelming demonic might had broken through the vault of heaven.

At this moment, countless living beings and cultivators, with pale and desperate faces, all crouched down on their knees, praying for a savior to rescue them.

"Do I look like a savior?"

"But it's time to end this disaster."

Gu Changge, standing at the edge of the Heavenly Pond, with his fluttering robe, his figure was upright, with a seemingly endless Immortal aura lingering around.

At this moment, hearing these words coming from everywhere, his handsome and peerless face could not help but float up with a look of interest.

"Master is the savior sent from heaven to save us....."

Yaoyao firmly said, now Gu Changge had unparalleled worshippers and believers.

Her Master was more powerful than her imagination!

"The Immortal from the Upper Realm was waiting for this day?"

Silver-haired granny's respect for Gu Changge, was now revered to the extreme, like respect for the gods.

She had thought that he had fallen here.

But she did not expect him to show up again today, and seems to intend to suppress this True Demon with his power.

To save heaven and earth from falling!

Boom!

And at this moment, Gu Changge took a step.

An Immortal aura emerged, and the colorful divine light beside him boiled at once.

A hanging aura floated, in which black particles pervaded, seemingly containing a depleted world.

Heaven and earth resonated, and all of the Dao trembled.

True Dragon, Immortal Phoenix, Vermilion Bird, and many Supreme fierce figures emerged, like a young Immortal Emperor patrolling the sky!

It was infinitely powerful, suppressing all the laws of this place!

The vault of heaven trembled, and the Netherland Heavenly Pond rumbled, raining down a terrifying divine chain of laws!

The strength he displayed instantly far surpassed this realm's limit and reached an earth-shattering level.

The majestic dragon aura was like a boundless mountain range.

It penetrated the heavens, tore through the universe, and entangled endless chaotic Immortal aura!

Heaven and earth were shocked!

The eight directions were silent!

"It's..... It's that Immortal"

"Didn't he already fall in the Netherland Heavenly Pond?"

There were Supreme beings among the Divine Mountains, and their voices were trembling with disbelief.

Countless cultivators and living beings were trembling as they watched this scene, and could hardly imagine that at this time, there was really a savior appearing to save the world and the living beings!

And it was the same Immortal who was suspected to have fallen in the Netherland Heavenly Pond.

Chapter 242-2: Do I look like a savior? It's the so-called self-direction (2)

At one time, there were cultivators and living beings everywhere kneeling, unable to resist bowing in that direction with incomparable reverence.

Prayer sounds resounded through the heavens and the earth!

"Today, I will suppress you, the True Demon, and return heaven and earth to a clear and bright place!"

Gu Changge rose up and gently shouted at the terrifying figure in the gray fog, "You are not allowed to wreak havoc on heaven and earth, the living creatures, all the spirits in the world, go back to where you belong!"

At this moment, his aura of righteousness was overwhelming, and there seemed to be an infinite amount of merit and virtue flowing from his body!

Hearing these words, countless cultivators and living beings were excited, their blood surging.

Some even burst into tears and were moved to feel unquestionable righteousness to purge all great evils!

Rumble!

Soon, a great battle erupted here, earth-shattering and extremely terrifying!

The aura displayed by Gu Changge was so terrifying that it covered the sky and overwhelmed the vault of heaven.

All of the surroundings trembled as if one side of the supreme universe was pushing across and suppressing.

Every cell was glowing, dazzling, and exploding with extreme power!

Boom!

The sky and the earth were filled with gray mist, which was surging.

But accompanied by a loud boom.

The gray demonic aura dispersed as if there were broken bones, blood clots burst, bone scraps splattered, and the blood mist swept!

In the sky and earth, Gu Changge's figure became the only one visible!

Eternal and peerless, across the sky, with a bang, this terrifying figure in the gray mist was blown up!

In this place, a black hole suddenly appeared with no bottom in sight and the demonic fog that covered the sky.

All of that scenery disappeared.

That scene just now became the last image in the eyes of many living beings and cultivators.

Their blood was boiling with fervor!

"I did not expect this Immortal to be such a person with a just heart for the world..... We are ashamed to be uncomfortable!"

"If I had a trace of that Immortal's guts, why would I cower here!"

At this time, many of the most powerful existences, infected with the same warm blood, had rushed up from all over the sky to come to the Netherland Heavenly Pond to assist Gu Changge in suppressing the True Demon.

Puff!

But before this group of beings could get close to the Netherland Heavenly Pond, they were blown by the horrible wind from the broken heavenly dome, and were instantly turned into pieces, including their souls.

This scene, moreover, shocked everyone, causing countless living beings to tremble in fear.

Sure enough, this kind of thing was not something that ordinary people could do.

For a time, their reverence for Gu Changge deepened, what kind of verve and great righteousness for the sake of the world's living beings, to make him like this, where life and death were at war.

"Master will be fine!"

"He is our savior!"

Yaoyao's small hands were clenched and she was led by the silver haired granny, away from that horrible battlefield for fear of being affected by the afterwaves.

She had no doubt about Gu Changge!

He would be able to clear up all the scourges!

In the end, this terrifying battle that alarmed the entire Heavenly Star Realm lasted for half a day, and then was accompanied by an earth-shattering roar.

As if it was incomparably unwilling!

Immediately afterwards, endless black light rushed out, obscuring heaven and earth, and no one could see what was going on in it.

Then, the gray mist that covered everything dispersed, along with the terrifying aftershocks, also disappeared into thin air.

Of course, the Netherland Heavenly Pond also turned into ashes in this battle.

The only thing left in the original place were the many ruins and dust, nothing left.

Mountains, heavenly pond, ancient trees..... All of them were beaten into robbery ashes.

The gray fog dispersed.

Sunlight once again poured down on the heavens and earth, the sky was restored, and all creatures were shocked and surprised to find that the ruptured vault of heaven seemed to have been patched up by that Immortal by supreme means!

The scourge had been stopped.

However, the only thing that became the greatest regret and suspense among countless cultivators and living beings was the fact that the Immortal also disappeared in the end.

That Immortal, who cleared all the scourges for all beings in heaven and earth, finally disappeared, and even his life and death were unknown.

This matter became a pile of ancient suspense, even after countless years, no one would know about it.

However, many people believed that with the power of that Immortal, he was unlikely to have problems.

It was likely that after solving this scourge, he chose to fly away and return to the Upper Realm.

Some people even felt that the Immortal rushed to the Netherland Heavenly Pond in order to strike to suppress the True Demon in it.

Netherland Heavenly Pond, was a side of the seal to suppress the ultimate True Demon, and the day it broke the seal, was the day the Heavenly Star ushered in the end.

And the Immortal was sent down from heaven to save the Heavenly Star Realm and be their savior.

Such and all kinds of rumors had appeared, and for even more outrageous rumors..... powerful, and many people were still convinced.

After all, the sight of that day, was really too amazing, there were even a lingering stone to save the blurred image of what was glimpsed at the time, circulating around the Heavenly Star Realm

This matter was also recorded in the history books, for all future generations of living beings and cultivators reverence chanting.

Of course, by the grace of the Immortals, this place had countless cultivators and living beings, thanks to the gratitude, established as a ruin, called the Immortal Ruins.

In the ruins, statues were rising from the ground, by the incense and faith day after day.

Of course, all of this was an afterthought.

At this time, Gu Changge had already left the Heavenly Domain with Yaoyao and was ready to take her back to the Upper Realm.

In the end, the silver-haired granny did not choose to leave with Yaoyao, she was very relieved to have Gu Changge take care of Yaoyao.

She still had her things to do and regrets, and there were still many things waiting for her in the village, so she didn't want to leave the Heavenly Star Realm.

Although Yaoyao was reluctant to leave, she also expressed her understanding and would not force Granny Yin Hua to leave along with her.

After all, the True Demon was so powerful and troublesome that in the end, her Master had to suppress it for the world.

In the beginning, the Master was only a little wounded.

Of course, Gu Changge would not tell her that the True Demon who seemed to be planning to wreak havoc on the world was just his Innate Dharma Soul.

He also had no intention of disrupting the world and had no time to do so.

It was just that in front of all beings, it was self-directed, playing a savior, the many effects behind it, did not matter.

Of course, by the way, through this incident, in front of her young disciple, he casually brushed himself as a teacher's image of greatness.

In addition, at that time, even if there was a supreme existence, intended to deduce the existence of the reincarnation of the Human Ancestor, and finally deduced to the Heavenly Star Realm, might also suspect that he was the reincarnation of the Human Ancestor.

For this kind of move, Gu Changge was well aware in advance.

It was just that he wasn't sure whether there would be probing or not.

In this process, he found a lot of benefits, no wonder the Human Ancestor liked to engage through such means as faith.

The power of faith was the purest power, which could strengthen the Primordial Spirit.

It was just that Gu Changge had never believed in this.

However, after the Great Dao Treasure Bottle finished devouring and refining, it could even be used as another resource to help him in his cultivation.

And then, after cleaning up many traces, Gu Changge brought Yaoyao to the top of a randomly found mountain.

"Yaoyao, today I will take you out of the Heavenly Star Realm and return to the Upper Realm." He said with a smile on his face.

"Hmm."

Chapter 243-1: Gu Xianers inexplicable jealousy, She is the younger sister, okay? (1)

In the inner part of the Upper Realm, the realm where the Ancient Immortal Gu family was located.

Gu Changge took Yaoyao away from the Heavenly Star Realm, breaking through many realms along the way as he finally brought her to his mountain gate.

What she saw along the way made Yaoyao widen her eyes in shock, seeing many sights that she had never seen or heard of before.

The universe was vast and extraordinary.

Especially after experiencing the sight of being picked up from the temple, traveling through the universe and the chaotic world.

This could no longer be explained as a miracle.

If it wasn't for Gu Changge's patience in explaining it to her, she probably wouldn't have figured out that there was such a Divine weapon in this world, with which she could traverse the world at will.

The Heavenly Star Realm was located in an extremely remote location. It was countless billions of miles away from the prosperous area that Gu Changge mentioned.

At this moment, she finally understood why there were so many cultivators trying their best to ascend to the Upper Realm.

During this period, Gu Changge also told her a lot about the Upper Realm, so as not to be unfamiliar after coming here, she would feel uneasy.

"Master, will you be very busy after returning to the Upper Realm?"

Yaoyao asked in a low voice.

Through this period of understanding, Yaoyao also understood Gu Changge's identity, in the entire Upper Realm, was also indescribably precious.

He had to deal with a lot of things every day, and it was impossible to be the same as in the Lower Realm, and he couldn't accompany her all the time.

She could still clearly distinguish the other side of these things.

"it does not matter."

"Master won't be very busy. You are special. It is during this time that we can use someone to check it out. Maybe we can find out some clues."

Hearing this, Gu Changge smiled slightly and naturally knew what Yaoyao was worried about.

Although she was young, she knew things far beyond her peers.

Gu Changge even felt that even Gu Xian'er was not as sensible as her.

After receiving Gu Changge's answer, Yaoyao couldn't help but smile.

And soon, Gu Changge took her all the way back to Gu family house.

Seeing Gu Changge quickly disappear with a little girl.

The clansmen patrolling at the mountain gate couldn't help but stare at each other, and were confused.

"When did the young master leave the mountain gate?"

"I don't know."

"Why did he bring a little girl back this time?"

"What kind of identity this little girl has? She deserves to be treated like this by the young master?"

They were surprised that Gu Changge was in seclusion during this period, but it was obvious that he was not.

But at some point, he had quietly left and went somewhere else. As servants, they didn't dare to ask, they were just curious.

And soon, many Gu family members noticed that Gu Changge, who claimed to be in seclusion, appeared with a little girl by his side.

This surprised many people.

There were various speculations about the identity of the little girl, but no one dared to say that she was Gu Changge's daughter.

Was it a little maid he hired?

As for her being a disciple, no one thought about that. How old was Gu Changge?

How could he possibly accept disciples?

Gu Changge was not surprised by the thoughts of the clansmen.

After all, it was not like when he left last time, hiding it from everyone.

This time he entered directly from the mountain gate, which naturally attracted attention.

He also didn't want to go back quietly and let Yaoyao misunderstand something, thinking that he was afraid that the clansmen would notice her existence.

The little girl's mind was likely to be cranky for a long time because of this little detail.

Soon, Gu Changge took her back to the island where he lived and then ordered the maid to arrange for Yaoyao's daily life.

After all, it was impossible to let this little girl live with him.

Yaoyao was also very well-behaved and followed the beautiful big sister in front of her to the place where she would usually live.

When she came to the mountain gate where the Ancient Immortal Gu family was located, she was too surprised to see the scene.

For the first time, she found that there could still exist such a power. It was just like a big world being opened up by itself.

The vastness of the weather.

"Sister....."

But then, Yaoyao's first sentence made the maid in front of her turn pale with fright and she almost fell to the ground.

"Little Ancestor, don't call me that, if others hear me, I'll be miserable. You can just call me by using my name..."

The maid's face was pale, and she couldn't help trembling slightly.

She could see that Yaoyao's identity was not simple, and Gu Changge's attitude towards her was very gentle, not like the indifferent, aloof young master who looked down on everything at all.

As a maid, she still understood Gu Changge's temperament.

It was because of this that she felt uneasy and afraid.

Yaoyao called her like that, in the Ancient Immortal Gu family where the rules and regulations were extremely strict, if someone noticed it, she would inevitably be punished.

"Sorry....."

Hearing this, Yaoyao quickly understood the meaning and felt a little guilty.

However, it could be seen from this that her Master had such terrifying power in the Upper Realm.

Probably, his every word and deed had great majesty, and his mere name could scare people like this.

Thinking of this, she admired Gu Changge even more.

On the other hand, after returning to the palace, Gu Changge summoned his confidant, Ah Da, and asked him to report all the things that happened in the Upper Realm during this time.

"During this period, there were signs of the Ancient beings finding signs of the Absolute Heavenly Extinction, and they were very disturbed. Therefore, various Ancient Clans and Dao heritages have negotiated and planned to jointly establish the True Immortal Academy to start the Immortal Project."

"In hope that someone in this life can become Immortal and prevent the coming of the Absolute Heavenly Extinction..."

"In addition, during this time, many Ancient Monsters and Ancient Kings were born, and the golden age kicked off..."

"The descendants of Emperor Ying of Heavenly Emperor Mountain have not left Heavenly Emperor Mountain during this period because of the suspicion of the inheritor of the demonic art. Another descendant of the Human Ancestor Hall is also walking around, trying to find the reincarnation of the Human Ancestor... ."

Soon, Ah Da respectfully reported what had happened during this time.

Gu Changge didn't care much after listening to it, everything was still under his control.

After all, he claimed to be secluded from the outside world.

So during this time, Gu Changge disappeared, and there was not much about news him.

And without him doing things, Ying Shuang, who was detained as the inheritor of demonic arts, did not dare to show up at will.

The rest of the Ancient freaks and the sealed Young Kings were not stupid, and they would not make moves to provoke him at such a time.

Except for the appearance of the Absolute Heavenly Extinction, which was a little unexpected by Gu Changge, everything was still developing in the direction he wanted.

"By the way, young master, some time ago, the Heavenly Emperor's daughter from the Heavenly Emperor Mountain came to visit you, but she waited outside the mountain gate for a long time, and finally left angrily."

Afterward, Ah Da spoke again, reporting an incident of the time when Gu Changge had just left the Ancient Immortal Gu family.

After all, the Ancient Princess was named to visit Gu Changge.

But Gu Changge was not there at the time, and without his order, who would dare to pay attention to the Ancient Princess, who knew what her purpose was at that time?

Chapter 243-2: Gu Xianers inexplicable jealousy, She is the younger sister, okay? (2)

So in the end, no one paid attention to her. The Ancient Princess could only leave with anger.

"It seems that she is Ying Shuang's sister?"

Gu Changge was a little interested, and he still had a good idea of ??the personal connections behind Ying Shuang, the current backer.

Ying Shuang's younger sister Ying Yu, as far as he knew, could be regarded as a young Supreme with terrifying talent. From the perspective of strength, it should not be a problem to crush many current young Supremes today.

After all, the bloodline of the Heavenly Emperor had been sealed up to this day.

So after hearing that she left, Gu Changge still felt a little regretful. Because he planned to start with Ying Yu first.

It was just that since he had to go to Heavenly Star Realm, the time was conflicted.

In this way, to let Ying Shuang, the original horse feeder, show his feet, he had to make some arrangements.

Gu Changge didn't expect the hat of the inheritor of the demonic arts to be kept on his head.

After all, the calculation at that time was very shallow, and it could be solved with a few tricks and tactics.

He felt that Ying Yu came to find him, and nine times out of ten, it was for this matter.

If he opened his mouth, the possibility of Ying Shuang clearing the suspect of the inheritor of demonic arts was much higher.

"Aren't you afraid that the more I wash it, the darker it gets?"

Gu Changge couldn't help but let out a sneer, looking very unconcerned.

Although the Human Ancestor had disappeared now, it did not mean that his identity was not at risk of exposure.

Because in addition to the Human Ancestor Hall, there were many Ancient beings, and they were very secretive and understood the inheritor of demonic arts.

In addition, a young Supreme like Jiang Chuchu with some kind of special talent might also be able to perceive his true identity.

Therefore, Gu Changge must use up the value of Ying Shuang, and then continue to find a third scapegoat.

Then he waved his hand to let Ah Da go back, and began to think about what to do next.

He also thought about getting rid of Ying Shuang, the Son of Luck.

After all, there was always a general trend that would give him some bells and whistles as leeks.

Gu Changge didn't know what to say about this.

"But before that, let's improve the strength first and then..."

Afterward, Gu Changge sorted out and digested the many gains from this trip to the Lower Realm.

Massive Luck Points and Destiny Value were one aspect, in addition to harvesting one disciple, Yaoyao.

The many Divine objects dropped by the reincarnation of the Human Ancestor were counted separately, and the second was that Nirvana Green Lotus raised his physical body to an extremely terrifying level.

"Now my cultivation has reached the Sacred Realm, but the physical strength is estimated to be close to the level of the Great Sacred, and so is the soul..."

Gu Changge estimated his exact strength.

Because cultivation did not represent true combat power, he also had many magical tools and other means.

That was to say, even if he encountered a Quasi-Supreme existence, he had a way to counter it.

Of course, this kind of Quasi-Supreme existence referred to the kind that had just entered the realm of Quasi-Supreme, at the first or second level.

As for the superficial realm of the Heavenly Dao Immortal Codex, Gu Changge also maintained the Quasi-Sacred Realm cultivation, which was not too high and outrageous, within a range that everyone could accept.

Anyway, on the surface of his cultivation, he could adjust his life aura at any time, and he was not afraid of being seen as out of the ordinary.

After that, Gu Changge continued to exchange ten detachment bones with Luck points.

A familiar, mysterious, and clear aura circulated in his limbs and bones.

Immediately after that, the bones, which were already exceptionally dazzling, spewed out the rays of light, the divine light of auspicious colors, accompanied by bursts of sound.

A mysterious feeling that was unclear, diffused in the bones.

This was the meaning of detachment.

Gu Changge felt that he had a much deeper understanding of the rules and Dao of the various Divine powers he had learned.

The cultivators of the same realm couldn't keep up with him.

.....

At the same time, on another majestic and magnificent divine island in the Ancient Immortal Gu family.

Gu Xian'er, who was wearing a long dress with wide sleeves, was recovering from her cultivation and slowly exhaled.

Between her mouth and nose, strands of immortal aura breathed out, slowly infiltrating her body.

Between the heavens and the earth, the power of the Supreme Laws turned into countless rays of light.

As she breathed, it constantly integrated into her body, making her look like a fairy and mysterious.

Countless Dao rhyme and inspirations also came madly from the four surroundings, and were swallowed up by her every breath.

A piece of immortal crystal bone was exuding brilliance.

The surface was full of various complicated laws, and the shape of the Dao was firmly imprinted on it.

Buzz!!

In the next moment, her cultivation changed suddenly, breaking through to the middle stage of the True God Realm, and she had already surpassed many young Supreme beings older than her.

"Xian'er's strength has broken through again. How long has it been since her last breakthrough?"

"I'm afraid it won't be long before she can catch up with Changge. This girl has suffered, and she is more diligent than the rest of the disciples."

Several Clan Elders nearby smiled reassuringly, after seeing this scene, and said, praising Gu Xian'er.

During this time, Gu Changge said that he was in seclusion, but in fact he disappeared.

Gu Xian'er went to look for the return of her parents, and found that they had nothing to do, but they couldn't come back in a short time.

So she stayed with her parents for a while before returning to the clan and began to cultivate.

Gu Changge's good intentions were discovered by her.

After all, she had heard a lot of things from her parents, and she knew that people had been looking for them all along.

Under her scrutiny, she found that those people were actually related to Gu Changge.

As soon as she returned to the clan, she heard news from her parents.

All these coincidences could only mean that Gu Changge specially prepared and arranged for her.

But Gu Changge didn't plan to tell her this.

This made Gu Xian'er both angry and moved. Gu Changge was stubborn, but in fact, he thought about others more than anyone else.

But he just didn't tell anyone, he chose to endure it himself.

That was why he would use this to spur herself and make herself cultivate hard, just because he was worried that he would kill her when it would be difficult for him to suppress his demonic nature in the future.

All kinds of painstaking efforts made Gu Xian'er not know what to say about Gu Changge.

About her concern, Gu Changge was dismissive and refused to pull down his aloof face.

This was what that made Gu Xian'er the most angry.

At the Nirvana Pond, it was difficult for Gu Changge to suppress his demonic nature, and many things that happened still appeared in her mind from time to time.

Gu Xian'er discovered the difficulty that Gu Changge had been hiding all the time, and her heart actually had mixed emotions.

Feeling distressed and guilty for Gu Changge.

That was why Gu Xian'er decided to live up to Gu Changge's expectations and cultivate hard.

In addition, during this period of time, she was also trying to find a way to consult various ancient books to see if she could solve the demonic nature for Gu Changge.

At this time, Gu Xian'er finished her cultivation and was about to get up.

A maid suddenly came and ran quietly to her ear, reporting the matter with a very cautious expression.

"What?!"

"After Gu Changge disappeared, he brought back a little girl?"

As soon as Gu Xian'er heard these words, she suddenly showed surprise on her beautiful face, and she felt a little uncomfortable in her heart for no reason.

Even these words had a fit of inexplicable jealousy.

She was Gu Changge's sister, okay?

Chapter 244-1: Are you Master's wife? Brain goes blank (1)

"Many clansmen at that time saw Young Master Changge come back from outside the mountain gate with a little girl who was five or six years old."

"That little girl looks cute and quiet..."

After listening to the words reported by the maid, Gu Xian'er was a little silent, and she felt more and more uncomfortable.

Pretty cute?

Could it be that Gu Changge liked a sister with that kind of personality?

And her character, indeed, had nothing to do with being quiet and well-behaved, and sometimes she liked to go against Gu Changge.

So... Gu Changge found a new sister?

"How can that be....."

Gu Xian'er suddenly felt an inexplicable pressure. She didn't believe the news at first.

But now it was something that many clansmen had witnessed with their own eyes.

According to what Changge did in the past, how could he have a little girl by his side?

For Gu Changge, it was a burden. If the sun hadn't risen from the west, then something must have been wrong.

And he also said there was something special about that little girl.

But no matter what she said, at this moment, Gu Xian'er felt jealousy in her heart. After all, before this, she was the one and only younger sister of Gu Changge.

Now there was a little girl, what if Gu Changge doesn't spoil her in the future? She didn't say that she would fight for favor with a little girl or something.

Pooh.

It was just that Gu Changge finally showed his tenderness towards her.

She didn't want to see Gu Changge being so nice to the other little girls. And what she had worked so hard to get, why did that little girl get it so easily?

Gu Xian'er was not a saint, and she had her own selfishness. Thinking of this, she felt even more jealous.

In the beginning, it was her who hated Gu Changge the most, and now she was the one who felt the most distressed and guilty toward Gu Changge the most.

But Gu Changge's attitude towards her made her a little uncomfortable.

For a time, Gu Xian'er was a little worried.

Was it because she didn't visit Gu Changge some time ago, making him think it was better to bring back a new younger sister?

But it was clear that his attitude was very cold, and he didn't pay attention to herself at all.

She began to think wildly, suspiciously not as smart and cunning as before.

Afterward, Gu Xian'er breathed a sigh of relief, and her expression returned to a cold and calm state.

She said, "Take me to see the little girl that Gu Changge brought back. As a sister, I should take a good look at her."

Her last sentence was as if she said it to himself, and gave herself an excuse.

"Got it, miss."

The maid who reported smiled bitterly. She didn't dare to miss this kind of thing, but after the report, Gu Xian'er probably wouldn't let it go.

She was a little worried in case Gu Changge blamed her.

And soon, under the guidance of the maid, Gu Xian'er went to the island where Gu Changge was.

Along the way, many people who saw her were a little surprised and unbelievable.

There was a deep hatred between Gu Xian'er and Gu Changge.

Before that, although they knew that Gu Changge had already dug his bones and returned to his sister, how could this kind of hatred be resolved so easily?

They didn't know the many grievances between Gu Xian'er and Gu Changge during this period of time.

Now they still thought that these two veins were a little old and dead.

"If I remember correctly, this is the first time Miss Xian'er has come to this island where the young master is, right?"

"Yeah, before this, I heard that she never set foot here for half a step, but I don't know why..."

"Could it be that she saw the young master leaving and planned to visit and have a look?"

"Last time I heard that in the Nirvana Pond, the young master went into trouble for some reason, and Miss Xian'er and others were greatly affected."

"However, Miss Xian'er has broken through her cultivation again during this period. It's really too strong, but it's a pity. If she hadn't been left out all these years, she would now be comparable to the young master."

Many clansmen watched this scene and whispered, very curious and amazed.

Gu Xian'er's celestial appearance needed no further explanation, many Clan Elders thought that it was comparable to Gu Changge.

And soon, Gu Xian'er also arrived at the palace where Yaoyao was currently living.

She didn't care about the many voices of the nearby clansmen. She mainly wanted to see how beautiful this little girl was.

And in the palace, the maid who brought Yaoyao here was whispering something about the rules of the Ancient Immortal Gu family to her.

The two of them had no idea that Gu Xian'er had already gone outside the hall.

Yaoyao's little face was serious, listening to the rules of the Ancient Immortal Gu family, the family where the Master belonged was far more terrifying than any force she knew.

The strictness of the rules alone was shocking.

"You are the little girl that Gu Changge brought back?"

At this time, Gu Xian'er at the entrance of the palace suddenly opened her mouth, her voice was cold and calm, and she looked at it, which surprised the two people in the palace, and only then did they realize her arrival.

"Miss Xian'er!"

The maid in the hall looked shocked when she heard the voice, and then quickly said respectfully.

But she was curious why Miss Xian'er came to this place.

Yaoyao also looked over in surprise.

At the gate of the palace, they wondered when a beautiful and over-the-top sister stood.

With a slender figure, a wide-sleeved fluttering immortal skirt, with a fairy-like appearance, she looked like a nine-day fairy, and her eyes were dusty and cold, without a trace of dust.

"You... are you a Master's wife?"

She was still a bit at a loss, not knowing who this beautiful sister was.

So she spoke subconsciously, thinking that she was the Daoist companion of the master.

But looking at the age, she doesn't seem to be old, right?

"Eh... what?"

Hearing this, Gu Xian'er suddenly squinted, unable to keep the cold expression just now.

Her head buzzed as if he had been hit by some kind of hammer, and it suddenly became empty.

The suet jade-like flawless and delicate face instantly rose into a haze, and then she quickly waved her hand to deny it, her heart was beating very fast, and she couldn't help but panic.

"I'm not, it's not me, don't talk nonsense."

This little girl, why did she talk like this, and she asked if she was the Master's wife?

She was just Gu Changge's younger sister.

Mistress... how was that possible...

However, this little girl looked very well-behaved and spoke nicely.

Gu Xian'er's brows could not help but twitch.

Before coming here, there was some hostility, and inexplicably, but now it felt like it disappeared.

She loved this little girl who was full of fairy spirit and looked like a porcelain doll.

After all... Judging from the title, she should be Gu Changge's little disciple.

Therefore, it didn't threaten her status as a sister at all.

Moreover, in Yaoyao, Gu Xian'er felt a strange and familiar aura, extremely natural and peaceful, just like the feeling she had when she was listening to Sister Taoyao when she was in Peach Village.

How could she be hostile again?

She was an Elder now.

"What's your name? Gu Changge is my brother, but I'm not your Master's wife."

Thinking of this, Gu Xian'er couldn't help but burst into a smile, crouched down, and touched Yaoyao's head.

"Hello, Senior Sister, my name is Yaoyao."

Yaoyao also felt Gu Xian'er's kindness, she was a little timid at first, but she couldn't help but relax a lot.

"Senior Sister? Yaoyao's name is really nice. Yaoyao is so beautiful. Since you call me that, then I have to give you a gift, otherwise Gu Changge may talk bad about me later."

Gu Xian'er was stunned for a moment, but she was quite satisfied with this title.

Thinking of this, she smiled even deeper, and with a wave of her jade hand, a series of Divine weapons suddenly appeared in the void in front of her.

Jade tripod, golden seal, big bell, plain belt...

The golden light was surging and the power was vast.

Each piece was extremely precious, and it could cause cultivators to scramble for their heads in the outside world.

With her stingy character as a money fan, she could take out these precious items to give away.

It was enough to show that she had paid for it.

After all, back then... she even wanted to dig a few more pieces of Gu Changge's Divine weapons.

"Thank you, Senior Sister."

Yaoyao showed a cute smile.

Chapter 244-2: Are you Master's wife? Brain goes blank (2)

She knew a lot about the principles of dealing with others and understood that if she didn't accept it, Gu Xian'er would inevitably think that she was ignorant.

So she honestly accepted it, but she couldn't cultivate and these Divine weapons were generally useless to her.

"Nice." Gu Xian'er nodded and showed an Elder-like smile.

Yaoyao's big eyes flashed, and she inexplicably had a favorable impression of this beautiful, over-the-top Senior Sister, as if the two of them had known each other for a long time.

Afterward, Gu Xian'er stayed here and asked Yaoyao a lot of questions, asking about Gu Changge's whereabouts and news during this time.

When returning to the Ancient Immortal Gu family, Gu Changge had already explained many things to Yaoyao, and now that she was asked by Gu Xian'er, she answered without any hindrance.

"Gu Changge actually went to the Lower Realm to pay back a favor?"

Hearing Gu Changge's purpose for visiting the Lower Realm, Gu Xian'er was a little surprised.

Then from Yaoyao's mouth, she also heard the heroic deeds of Gu Changge being a savior once, suppressing a terrifying True Demon in the Lower Realm, and saving the world.

This made her speechless for a long time.

Sure enough, Gu Changge was indeed like this. No matter how indifferent he looked on the outside, he was very gentle on the inside. Otherwise, why would he make a move to save the world?

Thinking like this, Gu Xian'er felt that she had to find a good time to have a showdown with Gu Changge, and she couldn't let him bear this alone.

On the other hand, Gu Changge naturally learned about Gu Xian'er running to visit Yaoyao, but he didn't care.

Since he brought Yaoyao back to the family, he had already thought of all the countermeasures, and he was not afraid of being asked about it.

"Gu Xian'er should have noticed the strangeness of Yaoyao, but I wonder if she can contact the Peach Tree behind her?"

Gu Changge's expression was a little strange.

After the last incident in Nirvana Pond, he had left Gu Xian'er for so long. According to her character, she couldn't continue to hold back.

To resolve this bone-digging hatred, Gu Changge took great pains, and now he was waiting for Gu Xian'er to take him back to the Peach Village to meet her Masters.

In this way, this hatred could almost come to an end.

Gu Xian'er had a relatively simple and kind personality, but the Old Monsters behind her were not that easy to fool.

So he had to prepare a lot.

"Counting the time, it's about time for Yan Ji to come back."

Gu Changge remembered another very important thing. Although he could fool the truth a little, he could not fool around for his whole life.

Now Jiang Chuchu also wanted to understand a little bit. Gu Changge decided to give her a chance.

Otherwise, once Wang Ziji, another descendant of the Human Ancestor Hall, noticed the abnormality, it would affect his plan. As a traveler, Wang Ziji was not a fuel-efficient lamp.

So he sent a message to let Yan Ji return.

As for the excuse, it was nothing more than seeing Gu Changge in retreat, coming to visit, and discussing how to crusade the inheritors of demonic art.

In the next few days, the news of Gu Changge's return was spread from the Gu family, causing shock to many of the younger generation.

After all, the Gu family couldn't say that Gu Changge had returned from the outside world, so it was said that his cultivation base had once again gone out of the loop.

For a while, the Upper Realm, which was originally unsettled, made waves again.

The Great Immortal Sects and the descendants of the Supreme Dao heritages all felt the pressure.

Even the Ancient freaks who were born recently were frowning and felt that the atmosphere was not right. The younger generation was in awe of Gu Changge.

Gu Changge had always been called the strongest person of the younger generation. Now that he had been out of the loop, his cultivation had become profound again. Did it mean that the gap between the younger generation and him had been infinitely widened again?

There were many younger generations who had such thoughts.

During this period of time, the inheritor of the demonic art fell silent again, and the various forces did not hear the news of the inheritor of the demonic art, and no one died under the demonic art.

This sparked a lot of debate.

Heavenly Emperor Ying's son Ying Shuang also stayed in the Heavenly Emperor Mountain and there was no news of his departure.

Many cultivators felt that this was strange.

During the time when the inheritor of demonic art disappeared, Ying Shuang did not show up again.

Was this too coincidental?

.....

At the same time, on the Heavenly Emperor Mountain.

As the party involved, Ying Shuang could only grit his teeth and swallow his pride, feeling extremely aggrieved.

If he left the Heavenly Emperor Mountain, he would be attacked by some cultivators and creatures who were holding the banner of crusade against the inheritor of demonic arts.

But if he didn't leave the Emperor Mountain, and the inheritor of the demonic art didn't show up. Even if he jumped into the Yellow River, he couldn't wash this blame.

It was a complete dilemma.

Unless the true inheritor of demonic art showed up and killed the rest of the young people and took the initiative to clear his name, otherwise, during this period of time, the black pot would be locked up on him.

"Anyway, the matter of the inheritor of demonic arts has nothing to do with you, brother. No matter how wronged the outside world is, it cannot be true."

Inside the hall, Ying Yu, with long silver hair, opened her mouth while frowning slightly, and comforted Ying Shuang, who was not very good-looking.

"I know, but I've been wronged like this all the time, and it will be the same for every other person."

Ying Shuang said with a wry smile and sighed, "I don't know who I offended to be framed for no reason."

"I have no grudges with Gu Changge and the descendants of the Human Ancestor Hall. Why did they put this blame on me?"

Ying Shuang said so, putting himself on the victim's side, with a very helpless tone.

But in his heart, he gritted his teeth with hatred towards Gu Changge and the others.

During this time, he had found a lot of ways, and compared with the previous Ying Shuang, it seemed that the difference was not that big.

In addition to the fact that the strength of the cultivation base was not as good as the previous Ying Shuang, in other aspects, even Ying Yu couldn't find any abnormality.

In this way, Ying Shuang was relieved. It was the only good thing among so many bad things.

While acting as the Prince, he became more and more satisfactory, as if this was the real him.

"There must be something wrong with this matter. If it's just Gu Changge saying that, then it's probably still an accident, but the two descendants of the Human Ancestor Hall thinking that the inheritor of demonic art is the Elder brother..."

"Isn't it too coincidental, I feel like there must be something odd about it."

Ying Yu whispered, while her eyes were fixed on Ying Shuang's expression, trying to see something abnormal on his face.

She also didn't know whether Ying Shuang was hiding something from her.

Hearing this, Ying Shuang's heart jumped, but his expression was very calm, "Sister, what you said is also what I am suspicious of. Logically speaking, I have never met the three of them."

His biggest secret was still inexplicably the matter of taking over Ying Shuang. It was still a little uncomfortable to be stared at by Ying Yu like this.

"Forget it, anyway, soon the True Immortal Academy will be completed, and the Emperor Mountain will also send the strongest person to go there. I heard that it's the person who lived the same generation as the father."

"When the time comes, he will protect me and wait. In the True Immortal Academy, there will be no one who does not have long eyes and dares to provoke."

When she mentioned the True Immortal Academy, there was a sense of yearning in her eyes.

After all, it was an academy that gathered the resources of many Dao Sects in the Upper Realm, and aims to cultivate a True Immortal in this life.

Although her talent was powerful, she was also the descendant of the Emperor, and her bloodline was amazing, but she was not sure that she would be able to compete with many young talents in this life.

And True Immortal Academy was just the perfect place to train her.

All the younger generation were looking forward to it, hoping to jump to the Dragon Gate there and move to another world.

Hearing this, Ying Shuang's smile was a little stiff. To be honest, he didn't want to go to the True Immortal Academy. He also knew his ability. How many people could he win against many younger generations?

But as the Prince, this couldn't be done by him.

"My sister is right. After staying in the Emperor's Palace for so long, when it's time to go to the True Immortal Academy, it's time for me to show the prestige of the Emperor's Mountain."

However, Ying Shuang had a confident look on his face, while saying this, Ying Yu couldn't help admiring, this was indeed the brother she was familiar with.

Chapter 245-1: In the future, you and I will have no more ties, I will hate you for life (1)

"Brother Gu should also attend the True Immortal Academy with his talent. I should be able to see Brother Gu again soon, just so I can ask him for advice on these matters."

In the Ancient Ye Clan.

Ye Langtian, who was pacing with his hands behind his back inside the main hall, had a somewhat thoughtful look.

"Brother, if this matter is true, then it is really terrifying, one inheritor of demonic art is already terrifying enough....."

Next to him, Ye Liuli's expression was also cautious along with a sad expression on her face, she was shocked by the matter.

"Yes, this matter is simply too shocking, otherwise why would I be so cautious."

"For this matter, at least, we have to discuss it with Brother Gu. It might also be related to the inheritor of demonic art that had appeared before."

Hearing this, Ye Langtian sighed and said, with an unusually heavy face, rubbing his brow.

"But this possibility is too small, in addition, Emperor Ying's son has not left the Heavenly Emperor Mountain, and the location where that happened, is also very far from the Heavenly Emperor Mountain....."

Hearing this, even Ye Liuli couldn't help but shiver, then asked, "Brother, do you think it's possible that this matter is related to that organization behind the inheritor of demonic art?"

Ye Langtian shook his head and said, "No, there is only one person who had been the inheritor of the demonic art for generations, and the people in the organization behind him would at most have some means to assist himself. It is impossible for the sudden appearance of another inheritor of demonic art."

His mood was even heavier.

The appearance of one inheritor of demonic art was already terrifying enough to set off shocking waves in the Upper Realm, enough to make all beings tremble and shudder.

Now he had discovered the trace of another inheritor of demonic art, and it was likely to involve an existence that existed within the ancient books, which was terrifyingly big.

This matter made Ye Langtian's back shiver and he didn't know what to do.

Some time ago, he and Ye Luli went to the auction house of an ancient city and heard that a certain ancient weapon had appeared and was being auctioned there.

But they did not expect to be half a step slower, and when they went, that ancient weapon had already been auctioned off to someone.

Two of them did not want to give up that ancient weapon, because the origin of that ancient weapon was very deep, so they followed it all the way up.

But unexpectedly they bumped into something that horrified both of them.

In the middle of a wild mountain, the mysterious person who auctioned off that ancient weapon was seen cultivating the essence of the ancient corpse nearby, gulping down the aura of heaven and earth.

Seemingly sensing the approach of the two, that mysterious person went alert and quickly disappeared, and there was no trace of him left.

This incident made Ye Langtian and Ye Liuli chilled to the bone, and they froze in place.

With such a method, if it was not the rumored forbidden demonic art, what was it?

But the good thing was that the mysterious person did not strike at them, and quickly fled far away.

Otherwise, they were not sure if they could survive in the hands of the inheritor of demonic art.

Apart from Ye Langtian, the only person who knew about this matter was Ye Luli, and even the Clan Elders in his clan had not been informed yet.

Because of the importance of this matter, he could not decide, and now the only person he thought of was Gu Changge.

After all, Gu Changge had dealt with the Inheritor of demonic art for quite some time, he should know it well and understand what to do.

"The Upper Realm is getting more and more chaotic, demons and devils are really coming out....."

Ye Langtian sighed, "At this time, we still need brother Gu as the backbone, presiding over the big picture."

Ye Luli nodded in agreement.

.....

"Fellow brothers just send it here, I'm going to visit Young Master Changge at the Ancient Immortal Gu family next, I heard he's out of the seclusion."

"That's good, there are some things that I need to discuss with him."

At this time, on an immense divine boat, Yan Ji, whose face was blurred and hidden by a layer of mist, stood as if she was standing in another world.

Her voice was calm and bland, like heavenly music, extremely melodious, and she was speaking to the group of young geniuses behind her.

Among that group of young geniuses, there were both men and women, there were also many young supremes from various sects, whose body was shrouded in light, powerful, and were considered as the current top sects of the Upper Realm.

Hearing that the heir of the Human Ancestor Hall had come out of the world, walking the world, looking for traces of the reincarnation of the Human Ancestor in various places, and investigating the news about the inheritor of demonic art.

So they all came uninvited to protect the heir of the Human Ancestor Hall and escorted her, lest she get sneakily attacked and killed by the heartless inheritor of demonic art.

So during this period of time, Yan Ji could often see the young supreme of various clans and Dao sects.

For her, there was incomparable reverence, even admirers, but they also did not dare to make the slightest act of overstepping.

They could only watch from afar and not get close.

As the heir of the Human Ancestor Hall, her strength naturally needed no explanation, many young supremes were clear, anyway, no one could see through the strength of Yan Ji.

Even if there was a challenger in the same generation, it would also go flying thousands of miles away by a wave of her hand.

This kind of strength also made everyone have great reverence!

At this moment, hearing the words of Yan Ji, many young supreme beings had mixed feelings in their hearts and were very envious and jealous.

In their eyes, the heir of the Human Ancestor Hall was a fairy who was high above, only existed above the nine heavens, with superb identity and terrifying strength.

Even with their background, and the support of their Ancient Dao sect that could control the terrifying power, they could only watch from afar, and hold a reverential attitude not daring to get close.

But with this in their eyes, usually, if she said a word, would make them feel flattered by the heir of the Human Ancestor Hall, but to a young man so revered.

Even to the point that when they heard that he had just come out of seclusion, they planned to visit him at home.

This made them so envious and jealous that their eyes turned red.

What virtue and ability could an ordinary man have to deserve such treatment from such a fairy?

But that young man was Gu Changge, now recognized as the strongest person of the younger generation, while mentioning him, everyone had to pay respect like a god!

It all made sense and was totally deserved!

So this made them very reluctant, but they could not do anything, and could only put this emotion deep in their heart.

On the surface, they still had to squeeze out a smile.

"Since that's the case, then we won't disturb Your Highness the Holy Maiden, ahead is the frontier of the Ancient Immortal Gu Family."

"If Young Lord Changge is out of seclusion, then the matter about the inheritor of the demonic art should be much easier, right?"

"Yes, after all, that is Young Master Changge, after he came out this time, I wonder what kind of terrifying level has his strength reached, I'm afraid that we will not be able to catch up."

A group of young supremes opened their mouths, for Gu Changge there was only incomparable awe, and they did not dare to say the slightest disrespectful words.

"It seems that Dao Brother Changge has now reached this point in your hearts, it seems that when I see him, I will have to talk to him."

Hearing these words, Yan Ji faintly smiled and showed a rare smile.

At these words, many people's hearts moved, feeling a sense of closeness. It seemed that the heir of the Human Ancestor Hall and the young master of Changge were getting quite close, right?

But it was also right, in order to crusade against the inheritor of demonic art, Gu Changge spent a lot of time and energy.

The descendant of the Human Ancestor Hall, shouldered the heavy responsibility of the world, and also had to deal with the inheritor of demonic art, and it was normal to walk very close to him.

However, when more people heard these words, their eyes lit up, and they spoke again, and all kinds of flattering and awe-inspiring words emerged one after another.

Hoping to be mentioned by Yan Ji in front of Gu Changge.

This scene made Yan Ji's eyes flash with a strange color, and the smile on the corner of her mouth deepened.

It seemed that the majesty of her young master, during this period of time, had penetrated into the hearts of many young people in the outside world.

Soon, the news that the descendant of Human Ancestor Hall was visiting Gu Changge again spread around everywhere, because whether it was Gu Changge or the descendants of the Human Ancestor Hall, they all attracted special attention.

The meeting and discussion between the two of them was of great significance to the current younger generation of the Upper Realm.

In the Ancient Immortal Wang Family, in an extremely magnificent and quaint hall.

Wang Ziji was sitting by the window, looking a little bored. She was hugging her legs, her chin resting on her knees, and her silky hair were softly falling down.

"With Jiang Chuchu's temperament, she would take the initiative to visit Gu Changge again?"

She was a little surprised when she heard the news.

So it didn't make sense.

In Jiang Chuchu's eyes, in addition to cultivation, there was only the responsibility of shouldering the great responsibility of the world and the responsibility of being a descendant of the Human Ancestor Hall.

That was why she often said that she would find a man to marry Jiang Chuchu off.

The two of them had cultivated together for more than ten years, and they still knew each other very well.

"It's a little weird."

Wang Ziji frowned.

Or was it because after Jiang Chuchu visited Gu Changge last time, she actually learned a lot of news about the inheritor of the demonic art, so she planned to find Gu Changge again to discuss some things again?

As a traveler, Wang Ziji found that her speculation was not enough.

Or that cold-faced icebergs like Jiang Chuchu would really melt one day?

Thinking like this, Wang Ziji moved and left the palace, intending to go to Jiang Chuchu to ask about the situation.

Since she left the Human Ancestor Hall without authorization, the two of them had not seen each other until now.

Chapter 245-2: In the future, you and I will have no more ties, I will hate you for life (2)

"Young Master."

"That's pretty much what happened during this period of time. No one has ever doubted my identity, because there is the Ancestor Hall's token given by the young master, but I feel that it has aroused the suspicion of many people..."

"After all, I am not a true descendant of the Human Ancestor Hall. All my actions seem to be too aimless, and I have been busy for a while."

Inside the hall, Yan Ji gently reported the events of this period of time.

Gu Changge smiled and listened quietly.

"It's hard work for you. You've been pretending to be someone else."

"It's not hard."

Yan Ji's glazed eyes blinked lightly, and then shook her head, "It is my honor to be able to help you out."

"Although you say that it's not hard, I also know that this kind of thing makes one cautious all the time, and it's not that easy."

"I'm also very distressed."

Hearing this, Gu Changge smiled, "Next time, you don't have to go anywhere, just stay with me."

With a wave of his sleeve, many cultivation resources emerged, hundreds of thousands of years of divine medicine, a large number of divine pills, immortal spirits, etc., were all given to Yan Ji.

She had been doing things for Gu Changge. Although she was in the Great Sacred Realm, it was difficult for her to improve again in a short period of time, but it also took time to cultivate.

During this time, Gu Changge had nothing to instruct her, so he gave her a vacation, to cultivate with peace of mind.

There was no reason to keep people doing things and not give benefits, even Yan Ji, who was so committed to him, couldn't be so stingy.

"Thank you, young master."

Yan Ji naturally understood what Gu Changge meant, and was a little moved.

Gu Changge treated her very naturally and had always been polite and courteous, unlike his attitude towards his servants and subordinates.

On the contrary, no matter what time it was, he maintained an atmospheric and careful demeanor.

This was also the reason why she was willing to follow Gu Changge.

Sometimes Yan Ji wondered, if she hadn't chosen to follow Gu Changge, where would she be at this time?

Afterward, Yan Ji returned the Ancestor Hall's token and left.

Gu Changge entered the Inner Universe.

"I'm giving this back to you."

He shook the quaint and mysterious Human Ancestor Hall's token in his hand, looked at Jiang Chuchu with a vigilant face, and couldn't help but smile lightly, "Am I some kind of beast? To make you look at me like that?"

Jiang Chuchu noticed the Human Ancestor Hall's token in his hand.

At the beginning, Gu Changge took it away from her with despicable and shameless means.

Now he wanted to give it back to her?

What was the meaning of ??this fight, didn't she know it already?

"I don't want this, Gu Changge, keep it for yourself."

Jiang Chuchu stared at him coldly, not wanting this token at all.

Hearing this, Gu Changge looked a little surprised, and said to himself, "As a descendant of Human Ancestor Hall, you don't even want Human Ancestor's token now."

"Chuchu, you are a big sin of deceiving your Master and destroying your Ancestors. If you let the Ancestors in the Human Ancestor Hall know, they will definitely be angry with you."

"Listen to me, put this thing away, after all, it was yours before."

"Shut up, Gu Changge. The rhetoric is just a set."

Hearing his shameless words, Jiang Chuchu couldn't help but get anxious, and it was difficult to keep calm like just now, "Don't call me Chuchu, we are not that close."

"Then what should I call you?"

Gu Changge's smile continued, "Besides, aren't we close?"

Saying that, he shook Human Ancestor's token in front of her eyes.

Jiang Chuchu stared at him coldly, unmoved.

"I thought you had figured it out during this time and planned to let you out, but your attitude now makes it difficult for me."

Seeing her appearance, Gu Changge sighed and said with a bit of a headache, "I don't want to kill you, but you are disobedient."

"You don't even understand my good intentions..."

"Where did you get your good intentions?"

Jiang Chuchu's attitude was a little slow when she heard these words, but her tone was still cold, mainly because she was angry with Gu Changge's shameless words just now.

"Since you don't believe my kindness, then forget it."

"Did you figure it out? My patience is running out."

"From today on, you are free."

"You are still the descendant of your Human Ancestor Hall, upholding justice, clearing the world, and bringing peace to all sentient beings, continuing to search for the reincarnation of the Human Ancestor, and by the way, track down the traces of the inheritor of demonic arts."

"And I won't care about you anymore, whether it's life or death, it's all up to you, and there are no longer any ties between us."

"It doesn't matter whether you are a stranger or an enemy in the future. If you want to expose my true identity, that's fine, as long as you can figure out what to do..."

Gu Changge smiled calmly and didn't care about Jiang Chuchu's increasingly pale face.

"There are no ties between us anymore?"

After listening to these words, especially this sentence, Jiang Chuchu's face turned pale, and her fingers couldn't help grasping her dress.

There were no more ties between her and Gu Changge?

This means that in the future, Gu Changge would let her go, leave her alone, and let her continue to be the successor of the Human Ancestor Hall, so that she could restore the Human Ancestor Hall and do what she should do.

And Gu Changge would no longer care about her, naturally including her life and death.

So, whether she wanted to live or begged to die, Gu Changge wouldn't care.

Obviously, this was what she had always wanted before, but why couldn't she be happy?

What did Gu Changge's unconcerned attitude mean?

In turn, Jiang Chuchu's expression became even colder, "Gu Changge, do you really think that after you let me go, everything that happened between you and me can be erased? I am telling you, this is not possible, right?"

"Nothing is impossible. What do you still think of me? I won't kill you, but I'm letting you go. It's already the greatest kindness."

Hearing this, Gu Changge was not surprised, and his expression was still indifferent.

Jiang Chuchu looked at him coldly, snatched the Human Ancestor Hall's token from his hand, and said, "I will hate you for the rest of my life."

"There are many people who hate me, but it's not worse than you."

Gu Changge smiled lightly as if he didn't care.

He knew that Jiang Chuchu had actually made a choice.

At this time, no matter what his attitude was towards herself, it had been decided that she had embarked on the road of betraying the Human Ancestor Hall.

"Gu Changge, you are a despicable villain, an irresponsible bastard!"

Jiang Chuchu gritted her teeth and her face was very white.

"If you had made your choice earlier, it might not have been what it is today. After all, a person's patience... is very limited."

"Holy Maiden Chuchu."

The smile on Gu Changge's face had disappeared, and after saying this, he didn't care.

In the space in front of him, a silver door appeared, and he took the lead to walk out of it.

Jiang Chuchu was stunned when she heard this, and she was a little lost. Why couldn't she be happy even after she got free?

Was Gu Changge talking about the events of that day? It was really impossible for a person like him to have good intentions all the time.

Human Ancestor had disappeared.

The Human Ancestor Hall could not fall, so a new Human Ancestor was needed, but this completely contradicted her long-standing concept.

It was she who made it difficult for Gu Changge.

That was why he said that he ran out of patience.

Later, Jiang Chuchu didn't know how she got into the Ancient Immortal Gu Family and came outside.

She looked back, didn't notice Gu Changge's figure, and she really let herself go, it really seemed like a troublesome burden to him.

Why not do it?

Thinking of this, Jiang Chuchu's face showed a little grievance.

After a while, all these emotions quietly dissipated, and her face became like immortal ice, revealing a creepy cold.

"Holy Maiden?"

Seeing this, the old woman who had been following the descendant of Human Ancestor Hall was a little shocked and puzzled. She didn't know that the previous descendant of Human Ancestor Hall was a fake.

Seeing Jiang Chuchu's appearance, she thought that she was being bullied just now.

"Let's go back to the Human Ancestor Hall."

Jiang Chuchu said calmly, without explaining anything before.

As Gu Changge said, with her current ability, she could not shake his status at all.

The only way was to find the reincarnation of the Human Ancestor, right?

But the Human Ancestor had already been killed by Gu Changge.

What else could she do?

Gu Changge did everything he could, and couldn't possibly do stupid things.

Chapter 246-1: The plan is successful, Gu Changge also had a day when he was calculated by her (1)

Watching Jiang Chuchu leave the territory of the Ancient Immortal Gu Family, Gu Changge then withdrew his gaze.

In any case, one problem had been solved. Jiang Chuchu was known as the reincarnation of Ancient Immortal, and the mysterious palace in her sea of consciousness clearly had an inexplicable and powerful force.

That was much more difficult to deal with than the Reincarnation Seal of the Human Ancestor.

Because the Reincarnation Seal of the Human Ancestor resided in the flesh, Jiang Chuchu's mysterious power could trigger an outbreak at any time, which was extremely difficult to deal with.

If Gu Changge really planned to kill Jiang Chuchu, he would inevitably touch the mysterious force.

In this way, it was very likely that the Human Ancestor Hall would become aware of Jiang Chuchu's situation and cause him unnecessary trouble.

So the best way was to let her go. As for what Jiang Chuchu said about hating him, Gu Changge didn't care at all.

Since he could make Jiang Chuchu hate him, he could easily make her change her attitude.

Since she chose to betray the Human Ancestor Hall, it meant that she would stand on the same side as Gu Changge in the future, whether she wanted it or not.

Afterward, Gu Changge got up and left, intending to see how this girl Yaoyao was doing these days.

To be honest, his master, after taking Yaoyao back to Gu family, hadn't gone to see her yet.

He was more or less incompetent.

"Maybe I can meet Gu Xian'er by the way, which would be appropriate."

"Calculating the time, she should return to the Peach Village..."

Thinking like this, Gu Changge couldn't help but smile a little, with some deep meaning.

In the past few days, he had heard a lot of things about Gu Xian'er often running to Yaoyao's place. The relationship between the two seemed to be pretty good. Obviously, she should have noticed something special about Yaoyao.

The mysterious Peach Tree behind her had a deep connection with Yaoyao.

According to the normal routine, the reincarnation of the Human Ancestor should have a kinship with Yaoyao, and even the mysterious Peach Tree would have a lot to do with the reincarnation of the Human Ancestor.

Thereby contributing to its power after returning to the Upper Realm.

At that time, it would be difficult to do it again.

Fortunately, Yue Mingkong knew in advance where the reincarnation of the Human Ancestor was in the Lower Realm, and brought Gu Changge to find the reincarnation of the Human Ancestor, and solved this trouble.

Now, on the other hand, Yaoyao was his apprentice, and he had a blood relation with Gu Xian'er.

That mysterious Peach Tree would inevitably be involved in a lot of cause and effect with him.

It was said to be cause and effect, but Gu Changge had the means to turn it into human affection.

In the end, it was a simple matter to make that mysterious Peach Tree work for him.

With this thought in mind, Gu Changge soon arrived at the palace where Yaoyao was.

He waved his hand to signal to the maid at the entrance of the palace not to make a sound and looked at the scene with some interest.

Gu Xian'er was indeed also here.

He hadn't seen her for a while, her cultivation had improved a lot, and Gu Changge was not disappointed.

Although she lacked a good temper, she had two sets of destiny templates, which was enough for her to catch up with many younger generations.

Inside the palace, Yaoyao was talking to Gu Xian'er, with a smile on her face, looking very happy.

But soon, as if thinking of something, her expression suddenly became a little unhappy.

"Senior Sister, do you think Master is very busy? He didn't even have time to see Yaoyao. Earlier, Master clearly said that he has time."

She pinched the corner of her skirt and asked in a low voice.

In the past few days, she had become very familiar with Gu Xian'er.

And because of an inexplicable feeling, in Gu Xian'er, she felt a kind of natural kindness.

She even told her some things very frankly.

"Your master has a lot of things to deal with, but I think he should come to see you soon."

Hearing this, Gu Xian'er was slightly startled, then smiled and said comfortingly.

She could also see that Yaoyao had a deep dependence on Gu Changge.

But she didn't know why Gu Changge accepted her as a disciple and brought her to the Upper Realm.

In fact, she was a little worried that Gu Changge would ignore her because she hadn't seen Gu Changge come over these days, she seemed to overestimate the weight of Yaoyao in her heart.

"So, you thought Master had forgotten about Yaoyao..."

Yaoyao's big eyes, which were as flawless as black gems flickered, and when she heard Gu Xian'er's words, she seemed to relax a lot.

In fact, she said that as a question, wanting to know what her Master was doing from Gu Xian'er's mouth.

Master was not the kind of person who would just forget her.

But if she asked directly, Gu Xian'er would inevitably feel that she was a little girl, how could she think about such things?

She could feel that Gu Xian'er seemed to care a little bit about her Master, and she kept asking about what happened in the Lower Realm, what the Master did, and so on.

Yaoyao was very precocious and smart, and she was not good at talking about these things, so she was still a little worried.

"Yaoyao, your Master had a lot of things to deal with these days so I had to focus on that for now."

At this moment, Yaoyao suddenly heard a familiar warm voice with a little surprise on her face.

"Master..." She looked outside the hall with a happy smile.

A tall and handsome man was standing there.

Gu Changge walked over with a smile on his face, "It seems that you are quite used to this place, and I was worried that you might not get used to it as your Master."

"Master, I'm very used to it, and Senior Sister Xian'er is also very kind to me."

Yaoyao said happily.

Gu Changge nodded, "That's good, I was afraid that you might have something you're not used to."

As for Gu Xian'er who looked a little embarrassed beside Yaoyao, Gu Changge didn't even look at her, as if she came to see Yaoyao on purpose and didn't care about her existence.

This scene made Gu Xian'er a little sad.

Why was Gu Changge so gentle towards Yaoyao, yet so cold towards her?

Wasn't she as cute as Yaoyao?

It was clear that Gu Changge treated her very well before, although he was cold on the surface, he didn't ignore her when he saw her, because it was difficult for him to pull down his face after he noticed that it was unspeakable.

Thinking like this, Gu Xian'er stared at Gu Changge, but she was the first to speak, her voice was cold, but mixed with anger, "Gu Changge, why are you turning a blind eye to me?"

"How do I say this?"

Only then did Gu Changge glance at her in surprise.

"Why don't you greet me when you see me?"

Gu Xian'er was in a hurry and stared at him, with faint indignation in her crystal clear eyes.

"Isn't it too late?" Gu Changge shook his head with a calm expression.

"Liar, if I hadn't taken the initiative to speak up, you would have ignored me again. As a man, why are you so petty and keep memorizing small things for so long, I despise you Gu Change!"

Gu Xian'er finally seized the opportunity to talk to Gu Changge, and she suddenly became unrepentant, so she could not wait to grab his robe and ask why he was so indifferent to her now.

"I don't need you to look down on me. Gu Xian'er, I think you don't have a good memory anymore?"

Gu Changge replied casually, this attitude of not adding oil and salt made Gu Xian'er's teeth itchy.

But she remembered the scene in the Nirvana Pool before.

Gu Changge's body was full of demonic energy, and his will was indifferent and cold, but he would rather break his own arm than hurt her.

Therefore, her eyes softened suddenly, and she hummed slightly.

"You are a knife-mouthed and tofu-hearted person. If I really care about you, I'm afraid I will be mad at you."

She was telling the truth.

Now that she knew Gu Changge's hardships over the years, she also understood why he made the act of digging bones in the first place.

After all, at that time, Gu Changge was occupied by his demonic nature, and he couldn't help himself.

Chapter 246-2: The plan is successful, Gu Changge also had a day when he was calculated by her (2)

So later, he gradually suppressed his demonic nature and felt guilty about what happened back then.

Only then did he secretly find the traces of her parents, and also stood up for her in the Heavenly Dao Immortal Palace, helped her to worship the Great Elder, let her stab him abruptly, killed the Princess from the Sea King Palace in the Ancient Immortal Continent, and stood in front of Heavenly Dao Ancient City.

In the face of the world, admitted her identity as a family member, confessed what happened in the past, dug out his bone to pay her back... Many things happened later.

Gu Xian'er felt that she had a deep understanding of Gu Changge's character, and it wasn't that she didn't know what to do.

Hearing this, Gu Changge made a disapproving voice and didn't bother to pay attention to her.

"During this period of time, I have consulted a lot of classics, and I have also asked a lot of Clan Elders. They actually don't understand your situation."

He then looked at Yaoyao and apologized slightly, "However, there should be a solution."

He did find a lot of books about Dao fruit, but it had to be similar to his guess.

It was just that Gu Changge didn't plan to tell Yaoyao about these things.

After all, telling her that she actually possessed a Dao Fruit that was from a certain Supreme Being, was a bit cruel to Yaoyao.

Of course, according to the normal routine, it was impossible for that mysterious Peach Tree to merge with Yaoyao.

Gu Changge had no doubts about this.

Yaoyao, who was watching the quarrel between Master and Senior Sister, thought it was very interesting, when she heard Gu Changge say this, she was suddenly a little stunned.

"Was Master searching for my problem these days?"

She was very moved. Before that, she was curious about what Gu Changge was busy with, but she didn't expect that Master was busy with her business.

"Is there anything special about Yaoyao?"

Hearing this, Gu Xian'er was also a little surprised.

Although she felt that Yaoyao was very special, she couldn't actually tell where she was special.

Gu Changge's expression was calm and he didn't answer.

On the contrary, Yaoyao said brittlely, "Senior Sister, Yaoyao can't actually cultivate. Master has been helping me find a solution."

Gu Xian'er was stunned, she thought that Yaoyao didn't cultivate, so she didn't have any spiritual energy fluctuations.

She really didn't expect this to be the reason.

Since she couldn't cultivate, why did Gu Changge accept her as a disciple and took her back to the Upper Realm?

Gu Xian'er became more and more confused.

But at this time, she glanced at Gu Changge, and suddenly thought of what she had been thinking about before.

Wasn't Gu Changge inherently demonic and had difficulty suppressing it?

Gu Xian'er always thought that her Dao bone could suppress Gu Changge's demonic nature.

That was why Gu Changge did bone digging before, and it was precisely because after he exchanged the Dao bone for her, it was no longer possible for him to suppress his demonic nature, so he was occupied by demonic nature just like in Nirvana Pool that day.

Maybe someday it would break out again?

Gu Xian'er felt that it was necessary for her to help Gu Changge solve this problem.

After all, the origin of Taoyao's Sister in Peach Village was so mysterious, and her Masters were very powerful and knowledgeable.

Maybe they really had a solution.

Gu Xian'er was not stupid, she understood that this matter was Gu Changge's unspeakable secret, and it was impossible to ask all of the Ancestors of the Gu family.

It was estimated that not many people knew about this except his father.

Therefore, the only ones who could think of a way now were her Masters.

Gu Xian'er believed that her Masters would not expose this matter.

After all, since it was also a good thing for Gu Changge to solve the demonic thing, then why not do it?

If she took the initiative to bring this up in the past, Gu Changge would definitely have dismissed it, and it would have been impossible for her to agree.

But now, with Yaoyao as an excuse, she didn't believe that Gu Changge would not agree.

"Actually, I think you can take Yaoyao with you, Gu Changge. Let's go back to Peach Village together. Maybe my Masters will have a solution!"

So Gu Xian'er thought for a while, sorted out her tone, and then spoke, making herself look natural.

"Peach Village?"

Gu Changge frowned slightly when he heard this, but he couldn't help but smile, he was waiting for Gu Xian'er to take the bait and take him to Peach Village.

Before coming, he still thought about how to get Gu Xian'er to speak.

Now, things were much simpler.

"Yes, before, I grew up in Peach Village..."

Gu Xian'er thought that Gu Changge didn't know about this matter, and planned to explain it.

However, Gu Changge waved his hand to interrupt her, and said lightly, "I know the Peach Village in the abandoned land, where you have several mysterious Masters, and there is a mysterious Peach Tree there."

"You know?" Gu Xian'er was suspicious.

"Of course, I know." Gu Changge said.

"Even though this investigation is so clear, you still say you don't care about me?"

Gu Xian'er showed a faint smile and murmured softly, and was still very happy in her heart.

If Gu Changge didn't care about her, why would he investigate everything about her so clearly?

"Naturally you have to investigate clearly, lest the Master behind you come to seek revenge on me." Gu Changge replied casually.

"Gu Changge, do you know that chatting like this will bring disaster to yourself!"

Gu Xian'er was very happy at first, but when she heard Gu Changge's words, she suddenly became a little indignant.

Gu Changge calmly said, "I didn't plan to chat with you."

"I'll fight with you!"

Hearing this, Gu Xian'er raised her eyebrows.

At this moment, she really couldn't bear it anymore. She was so angry at Gu Changge that her liver started hurting, but she still felt so sorry for him.

Gu Changge glanced at her with interest, and then said to Yaoyao whose face was full of surprise,

"Yaoyao is optimistic, if you are not obedient in the future, your Master will beat you like this."

"Master..."

Hearing this, Yaoyao was very surprised, unexpectedly this was the relationship between her master and her senior sister.

"I'd like to see how much you have improved during this period of time. After the scar heals, the pain is forgotten."

Looking at Gu Xian'er who attacked him in front of her, Gu Changge couldn't help but let out a contemptuous sneer.

The courage of this exclusive airbag seemed to be fat again.

Boom!

He took the lead in attacking Gu Xian'er.

It was still a palm!

And that was incredibly contemptuous and casual.

"Gu Changge, you shouldn't look down on others!"

"If you have the ability, just use one palm!"

Gu Xian'er's brows were full of high-spiritedness, and a fighting spirit emerged.

As if to vent all the grievances suppressed by Gu Changge these days!

She was still very satisfied with the results of her cultivation since this time, and she didn't believe that she couldn't even compete with Gu Changge's palm.

Buzz!!

Her long skirt danced and the flowers fell like rain, covering the void in front of him.

She was in the middle and shot at Gu Changge, out of the dust and cold, like a secluded orchid in the deep mountains, she stroked with her hands, and a large piece of immortal flower bloomed.

This was the great technique contained in her Dao bone.

In a flower, there was a world, and it could even be seen that the chaotic mist was rolling in it, thick and surging, terrifying and amazing.

But in the next moment, something incredible happened.

"It's gorgeous."

"But my one palm is enough to crush you."

Gu Changge's hand reached out, covering the void in the hall, and a clear light emerged, like the first ray of light in the world.

With rumble!

As if there was an explosion of unparalleled power, it pressed down toward the bottom.

One flower, one world, one palm, all worlds collapse!

"You bully too much!"

"This palm doesn't count!"

Gu Xian'er cried out, not accepting it, and was very dissatisfied.

She didn't expect Gu Changge's strength to increase to a much more terrifying level than before.

With just one palm, her Immortal Bone Treasure Technique was destroyed.

She wanted to step back.

But it was too late.

With a snapping sound, she was slapped to the ground and received a solid blow.

Yaoyao was stunned, she didn't expect the senior sister to be cleaned up so quickly, she thought it was really possible.

"Gu Changge..."

"You're too much! Don't you know how to hold back?"

Gu Xian'er whimpered, gnashing her teeth, feeling that her majesty was lost in front of Yaoyao.

"Leaving you alone will only make you get more beaten."

"See, if you don't listen to your Master's words in the future, you will end up like your Senior Sister."

Gu Changge shook his head and turned to Yaoyao with a smile.

Yaoyao hurriedly nodded like a chicken pecking at the rice, but why did she feel that it was not bad to be taught by a Master like this?

Afterward, no matter how unconvinced she was, this farce of Gu Xian'er ended quickly.

At this time, she didn't dare to provoke Gu Changge again. In the Ancient Immortal Gu family, no one dared to help her.

Gu Xian'er just recorded this account again. When she beat Gu Changge in the future, she had to find a way to get back. She couldn't make him so proud every time.

However, after being taught such a lesson by Gu Changge, Gu Xian'er found that she was in a better mood than before.

This discovery made her a little worried. Did she have a problem with her brain? After being bullied for a long time, did she really get used to it?

If Gu Changge didn't bully her, she would feel really uncomfortable, was she not used to it?

With this kind of thought in mind, Gu Xian'er looked a little resentful all day.

But soon, under her plan, an old sly, and cunning man like Gu Changge finally took the bait and promised to accompany her back to Peach Village.

This somewhat comforted Gu Xian'er that her plan went through.

Gu Changge also had a day when he was calculated by her!

Chapter 247: The old guys in Village, Xianer brought someone back from her parents home

And in the blink of an eye, several days passed.

Upper Realm, outer domain.

Deep in the abandoned land.

With the chaotic mist shrouding all directions, the mountains were majestic, and the wind was invisible.

Accompanied by ancient trees that looked endless.

All kinds of fierce beasts with shocking auras were wandering, like an abandoned place that existed even before the world was created.

Usually, no cultivator would dare to pass through this area.

Even in the outer rim of the Land of Immortal Abandonment, one would be torn apart by various powerful beasts.

Moreover, this place was filled with all kinds of miasma. If cultivators inhaled it, their origin would get contaminated, and it would be difficult. Over time, the Land of Immortals became an abandoned place.

There were also very few cultivators who came here to cultivate.

In the depths, there was a small village, it was not very big, and looked very peaceful.

There were very few villagers in the village, only about a hundred people, men, women, and children of all ages, with simple faces.

But everyone had an amazing aura, even stronger than some cultivators.

At the entrance of the village, there was a tall and gorgeous Peach Tree, each blossom was shining brightly, as crystal clear as jade, hanging down various chains of laws, accompanied by chaotic mist, which was very mysterious.

"Xian'er, has been gone for so long, and I don't know how things are now? At that time, the old lame said to go out to solve some problems, but he hasn't come back now..."

"The old lame's sword is unparalleled. Is there anything he can't solve with one shot? It's really not good. If it's a big deal, I'll do it again."

At the entrance of the village, several old guys were gathered together, either smoking dry cigarettes or sipping tea, looking very leisurely.

But their appearance was very strange.

They were either blind or had broken arms, or had no ears, or were mute.

At this moment, it was a blind man who spoke, and he sighed with his arms on his back.

He was very worried about Gu Xian'er who had been away from the Village for a long time, knowing that she had a deep hatred.

They still didn't know what happened outside the Village. They had been living in seclusion for a long time, and they could hardly escape from the world.

If they weren't worried about Gu Xian'er, they wouldn't have wondered what happened in the world.

"Xian'er shoulders the inheritance of the few of us. When she walks outside, who can harm her, not to mention there is also the protection from the Senior Taoyao, so let's not worry about it."

The one who spoke was an old man with a broken arm. He smiled and was very confident about their common heir.

"I'm not worried about this. I'm afraid that Xian'er's worries before she left last time will become a prophecy, and she will bring back some sweetheart."

This time it was the Chief of the Village. He looked like a normal person, neither deaf nor dumb, nor lacking arms or legs.

But those who knew it all knew that he actually lacked a soul.

Now it was just a body.

His words also made a few old guys look bad, because the Village Chief's words almost always had the effect of a prophecy, saying that he was a crow's mouth, but they could expect a lot of good things.

But the matter involving Gu Xian'er made them all feel that the cabbage they had been growing for a long time was choked by pigs.

"Someone is coming!"

At this time, the expressions of several old guys suddenly changed, and they felt the branches and leaves on the Peach Tree, shaking and making noises.

They all looked at the mountains in the distance, where there seemed to be a divine light that crossed the sky and came here.

.....

"Master, Second Master, Third Master, Fourth Master..."

At the entrance of the Village, a group of three people was standing here. It was Gu Changge, Yaoyao, and Gu Xian'er who had come all the way to the Land of Immortal Abandonment.

Gu Xian'er took the initiative to mention that she wanted to come here, and Gu Changge didn't refuse.

Although the Abandoned Land was full of dangers, it was not a problem for the three of them to pass through here.

Not to mention that the big red bird beside Gu Xian'er knew the path and was extremely familiar with the path, and there were no twists and turns in the middle.

At this moment, Gu Xian'er's brows and eyes were curved and she seemed very happy as she was greeting several masters at the entrance of the village one by one.

A group of villagers from the Village also appeared, surrounded by men, women, and children, it was very lively.

They were very happy about Gu Xian'er's return.

Several aunts even pulled Gu Xian'er to ask questions, and even asked what the relationship between her and Gu Changge beside her was.

Gu Changge, on the other hand, was standing quietly at the entrance of the village.

A strange color flashed in his eyes as he looked at the Peach Tree at the entrance of the Village.

From his point of view, the Peach Tree on the screen that was prompted by the system didn't actually look much different.

It was just that there was less power to destroy the world, more natural tranquility, and something more.

As he looked at the Peach Tree, the Peach Tree also looked at him.

To be honest, it was looking at Yaoyao beside him.

The branches and leaves were colorful, the brilliance was hanging down, and there was a mysterious atmosphere circulating.

However, Gu Changge felt that its state was not quite right. Although he could feel the connection between Yaoyao and it, he couldn't remember too much.

Perhaps in that chaotic true thunder tribulation that destroyed the sky and the earth, it really suffered a catastrophe and forgot a lot of things.

Moreover, Yaoyao herself seemed to have noticed that strange connection.

"Master..."

She was still a little worried and afraid of this situation and hid behind Gu Change.

"With Master here, it's alright."

Gu Change comforted and said that he believed in his own judgment that this mysterious Peach Tree would not do anything to Yaoyao.

When Yaoyao encountered it, she might be able to improve her situation, after all, the little girl had always been troubled by the fact that her body didn't grow up.

"Xian'er, who is this young mister?"

At this time, after reminiscing with her several masters, Gu Xian'er was about to introduce Gu Change to them, but the Village Chief was the first to speak.

With a scrutiny in his eyes, he stared at Gu Change up and down like a wolf guard.

"You forgot what Master said to you. When you walk outside, be careful. Those good-looking men like to lie to simple girls like you the most."

Another old woman with a hunched waist also spoke up, looking like she hated her. Why did she go out for so long before she returned to the village with a strange man?

They didn't directly investigate the origin of Gu Change. After all, it was Gu Xian'er who brought him. It would be too rude for them to do so.

The rest of Gu Xian'er's masters also had different expressions. They looked at Gu Change up and down, and they looked like they were guarding against thieves, for fear that he would abduct Gu Xian'er away.

And just now the Village Chief was saying that he was worried that Gu Xian'er would bring a sweetheart back, but in the next moment, someone came from outside the village.

Couldn't this crow's mouth say something good?

It was not that they didn't want to see Gu Xian'er bringing people back, but they must be able to take a look at it so that they won't be deceived.

"Xian'er, did you bring someone back from your parent's house?"

At this time, an old lady also said with a smile, feeling that the man in white clothes in front of him was as handsome as a jade, like an immortal, with the feeling of a young god, and he was a perfect match for Gu Xian'er.

Hearing this, Gu Xian'er was about to introduce him.

Her face was a little red, and she quickly waved her hand to deny, "Master, what are you guessing, things are not what you think..."

She didn't know why the masters and aunts would guess in that direction.

Could it be that she really looked like a good match for Gu Changge?

However, they... were just cousins!

At this time, Gu Changge, who had a dull expression, finally said, "My surname is Gu, seniors, don't think about it too much."

"Surnamed Gu?"

Hearing this, the village chief and the others were stunned for a moment, but their expressions softened slightly. Since his surname was Gu, it meant that they were from the Ancient Immortal Gu Family behind Xian'er.

They might be overthinking.

"Yes, Gu Changge, I have met all the seniors."

Gu Changge nodded and said plainly again, his expression did not change much.

"What!?"

"Gu Changge?"

"You're the... Gu Changge who dug out the Dao bone of Xian'er when he was a child?"

Hearing this, everyone at the entrance of the Village was stunned for a moment.

Then their expression changed, thinking that they had heard it wrong.

They were shocked beyond belief.

How dare he come here?

Especially the Village Chief and others, their complexion changed for a while, and it was extremely gloomy.

Boom!!

The terrifying pressure emerged here and a terrifying vision appeared in the high altitude of the Land Abandoned by Immortals, the stars collapsed, turned into dust and powder, shocking millions of miles around!

This was still the case with their intentional repression.

Such powerhouses had reached an unfathomable level of cultivation and could destroy everything with every move.

Chapter 248: Its really a blessing, You are a good Master

In their opinion, Gu Xian'er was probably threatened by Gu Changge, so she brought him here.

But they couldn't understand, where did Gu Changge have the courage to do this? Did he look down on these old people?

Was it by virtue of his identity as the young master of the Gu family?

"Gu Changge, what do you mean? Do you think we can be bullied easily?"

"How dare you be so arrogant and take the initiative to come here? Xianer, don't be afraid, with your masters here, if Gu Changge dares to threaten you, then we will not let him leave this place alive."

"Even if it offends the Ancient Immortal Gu Family behind him, we will not hesitate!"

At this moment, several old men spoke, and their words were very cold, staring at Gu Changge, revealing killing intent and coldness.

There was a disagreement, and they planned to suppress Gu Changge.

One must know that under their pressure, ordinary people would have been frightened to the ground, trembling, and unable to stand up.

But Gu Changge didn't.

His expression was still calm as if he couldn't feel it, and he didn't speak, just like an outsider.

This scene made the hearts of several old guys sink.

Gu Changge didn't seem to be simple, and he probably made all preparations before coming, so he was not afraid of them at all.

"Master, you have misunderstood. Things are not like this at all. Can you listen to my explanation first?"

Seeing this scene, although Gu Xian'er had expected it long ago, she was still a little dumbfounded, and of course her heart was still very warm.

For her sake, her masters did not hesitate to offend the Ancient Immortal Gu Family.

She also understood that even if her masters were mysterious and powerful, they could not be the opponents of the family behind him.

Hearing Gu Xian'er's words, the brows of the old guys were still tightly wrinkled, thinking that there was something wrong with her brain, or did she go out and join forces with evil?

Could there be any misunderstanding in this?

There was a blood feud between her and Gu Changge.

At the beginning, Gu Changge dug out her Dao bone while she was young, and almost killed her. If it wasn't for her fate, it would have become a pile of trash now.

In addition, the clansmen behind her were also suppressed and exiled, etc...

This hatred, how could there be a misunderstanding?

For a while, they all felt that Gu Xian'er must have been coerced and deceived.

In other words, the clansmen behind her were controlled by Gu Changge, so they took the opportunity to threaten her.

"Junior, I advise you to be smart and don't play tricks. In front of us, any conspiracy and tricks will not work..."

The Village Chief of Peach Village stared at Gu Changge indifferently, wanting to see a flaw in his face.

However, Gu Changge was calm and composed from beginning to end, and his tone did not fluctuate at all.

"If the seniors feel that there is a problem, they can do it. Why waste such words?"

"How dare you! Are you threatening us?"

Gu Xian'er's third master spoke, his voice was cold, and he was deaf, but it didn't mean that he couldn't hear Gu Changge's words.

His cultivation base had reached a very advanced level, whether or not these organs were needed was the same.

"Gu Changge, can't you say a few words? Have you forgotten what your purpose of coming here is?"

Gu Xian'er also had a headache of Gu Changge's attitude of being indifferent to everyone.

Therefore, she could only speak like this, to let Gu Changge take Yaoyao into consideration.

And she also took this opportunity to transmit sound to several masters, telling them what happened between her and Gu Changge these days, which made their expressions change quickly and became complicated.

"And what else is hidden in it?"

"It's unbelievable."

After hearing this, the Village Chief of Peach Village frowned.

There seemed to be nothing wrong with what Gu Xian'er said to them, especially after Gu Xian'er's deciphering, they discovered this secret from various clues.

Otherwise, if they wanted to find it, they didn't know how difficult it would be.

All kinds of details made several old guys silent.

After all, judging from Gu Xian'er's words, the credibility of the matter had increased hundreds of times. One must know that Gu Changge had never confessed to her from beginning to end, and everything was based on her own discovery and investigation.

"Natural demonic heart? Which one caused it?"

"So, it's possible. According to the family style of the Ancient Immortal Gu Family, it really doesn't seem like he could do such a thing."

"In those days, there were still such secrets, did we blame others just now?"

Thinking about this, the faces of the old guys became a little embarrassed.

If this hatred could be resolved in this way, that would not be bad, and they didn't want Gu Xian'er to carry a blood feud all the time.

Looking at her now, she was much happier and more relaxed than before.

The great enemy whom she hated deeply was now standing in front of her. Not only did she not hate him, but she also wanted to protect him.

This was really a blessing!

"What are you looking at?"

However, at this moment, everyone suddenly heard a soft and pleasant voice, just like the sound of nature, with an ethereal feeling.

"Lord Peach Demon!"

All the Villagers in Peach Village were excited and bowed their heads to the Peach Tree at the entrance of the village.

In the beginning, when the Village Chief and others were not there, the Peach Tree at the entrance of the village had always been the guardian of their safety, which had never changed from generation to generation.

For this Peach Tree, they revered it from the bottom of their hearts.

It was just that over the years, Master Taoyao had rarely spoken, and everyone thought it was falling into a deep sleep, but they didn't expect her to speak suddenly today.

"Lord Taoyao, you actually took the initiative to speak today..."

"And you are still talking to this guy."

The Village Chief and other old guys were also a little surprised.

Although their origins were very large and ancient, they were still not comparable to the mysterious Peach Tree in front of them, so they were also very respectful.

Except for very few times, Lord Taoyao would not speak.

It's a bit strange that she would take the initiative to talk to Gu Changge today.

"I didn't see anything, I just felt that the aura on the senior's body was a bit similar to Yaoyao."

Gu Changge said slowly and withdrew his gaze from the Peach Tree.

Gu Changge was not surprised that it would take the initiative to speak.

Presumably, it had already noticed that Yaoyao was special.

While saying that Yaoyao, who was behind Gu Changge, was also looking at the Peach Tree curiously.

The uneasiness and worry at the beginning had dissipated, and now there was only a natural familiarity.

As if the Peach Tree in front of her was inseparable from her relationship, it was more like a blood relative.

"There is indeed a deep connection between her and me."

"I can sense what she thinks, and she can probably sense what I am."

From the Peach Tree, a pleasant voice came again, still calm and gentle, without the slightest malice.

"Master, I seem to be able to perceive her existence... just like my sister..."

At this time, Yaoyao also opened her mouth, her little face was filled with doubt and confusion, and also meant to be close, she couldn't help but want to get close to this Peach Tree.

Gu Changge was silent as if he was lost in thought.

"Could it be that there is really some kind of connection between Sister Taoyao and Yaoyao? Isn't this too coincidental?"

At this time, hearing these words, Gu Xian'er was very surprised.

At first, she said that bringing Yaoyao to Peach Village was just a coincidence. The main purpose was to ask the respected masters if there was anything they could do about Gu Changge's situation.

But she really didn't expect this to happen.

"Come over to me."

From the Peach Tree, the voice sounded again.

Yaoyao hesitated, feeling that the other party might hurt her, but she still asked Gu Changge's opinion.

Gu Changge nodded, his voice very calm and authentic,

"The existence of Yaoyao is not just as simple as an apprentice for the junior. I hope the senior will not have any ill intentions towards her..."

"Otherwise, senior will know what regret is."

Of course, he knew that this Peach Tree would definitely not hurt Yaoyao, but he still had to put down the harsh words first, after all, he could gain goodwill.

"Interesting. You actually threatened me?"

The voice of the Peach Tree seemed to be stunned for a moment, and then there was a sneer like a sound of nature, "I can feel what Yaoyao thinks, you are a good Master."

Buzz!!

Suddenly, the Peach Tree swayed gently, and the branches and leaves were gorgeous.

Immediately afterward, a vast white fog suddenly appeared in all directions, the sky and the earth fell in a regular manner, and there were bursts of sound.

Even the old guys in Peach Village couldn't see what happened there.

Only Gu Changge noticed that after Yaoyao walked over, a figure of peerless elegance faintly appeared in the Peach Tree. With a wave of her jade hand, the heavenly light descended and merged into Yaoyao's body.

The other party seemed to be thinking the same thing on purpose to let him notice.

Moreover, Gu Changge felt that that pair of eyes were as soft and calm as spring water as if they could understand the universe.

It was falling from there as if to see through him.

Gu Changge's expression was calm and indifferent, and all kinds of thoughts flashed through his mind.

Then, in the heart, with a humming sound, wisps of innate demonic nature emerged.

But there was still nothing unusual about his face.

Chapter 249-1: The way to save Gu Changge, I would rather die on that day (1)

Suddenly, the Peach Tree swayed, and the sky was filled with radiance. Like flowers blooming they covered the sky and the earth, accompanied by the sound of the Dao.

Everyone at the entrance of the Peach Village was shocked.

Even a few old guys with an ancient origin look confused.

They all heard what Taoyao said just now, so they were shocked.

She took the initiative to speak to a young man.

Before that, they had never seen Taoyao with such an attitude.

"What's so strange about this guy Gu Changge?"

"What's with Master Taoyao?"

"It seems that our prejudice against Gu Changge is a bit deep. Even Lord Taoyao is like this, which means that there should be no problem with him..."

A few old guys said, who were still a little doubtful about what Gu Xian'er explained just now and couldn't believe it.

At this time, they couldn't help but breathe a sigh of relief and relax.

They were still very convinced of Taoyao's vision.

Even if she complimented Gu Changge, then it would be fine, it meant that there was nothing wrong with Gu Changge.

A few people thought about it carefully, and even had a lot of goodwill towards Gu Changge.

After all, judging from Gu Xian'er's words, Gu Changge did a lot for her secretly.

It was not surprising that Gu Xian'er would have such an attitude towards Gu Changge.

Thinking of this, their gazes toward Gu Changge softened a lot.

And soon, a vast white mist rose around, turning more intense, obscuring everything in front of the entrance of Peach Village.

The petals were crystal clear, splendid, and bright, accompanied by the fragrance, and it looked like a fairyland.

One after another, the divine chains of law and order were hanging down as if it was composed of Dao of light, mysterious and vast.

However, except for Gu Changge, everyone including Gu Xian'er couldn't see what was going on.

Not even the sound of it was heard.

"Sister Taoyao, what happened today?"

"Why would do this to Gu Changge, who you met for the first time?"

Looking at this scene, Gu Xian'er frowned slightly and was a little puzzled.

In her opinion, although Yaoyao had some connection with Sister Taoyao, but it had nothing to do with Gu Changge, why was she talking to Gu Changge like this?

Did there exist some difficulty between Gu Changge and Master Taoyao? To make Sister Taoyao feel good about Gu Changge?

In terms of Gu Xian'er's familiarity with Sister Taoyao, she knew if it was not a very familiar person, she would not have such an attitude.

Not to mention that today was the first time she saw Gu Changge.

What exactly was the hidden secret?

Or did Sister Taoyao also notice Gu Changge's innate demonic nature, so she started to investigate?

For a time, many thoughts flashed through Gu Xian'er's mind, and she was looking forward to it, hoping that Sister Taoyao could find a way to help Gu Changge.

If she could really get rid of the innate demonic nature, that would be even better.

At this time, Gu Changge's eyes were filled with a strange color, looking at the graceful figure emerging from the Peach Tree, and all kinds of thoughts flashed in his heart.

He felt a wave of probing, like chains and order, but didn't resist.

That was a supreme power, which is different from the laws and order, and involved the origin of the Dao.

Beings at different levels possessed powers that were simply impossible to resist.

However, Gu Changge felt that the Great Dao treasure bottle in the depths of his spiritual sea seemed to be disturbed by this power, and made a slight trembling sound.

This exploratory force would soon disappear into nothingness, and it wouldn't have any effect on him.

Thinking of this.

Gu Changge narrowed his eyes.

His heart went silent for a long time.

At this time, with the beating of his heart, a trace of demonic energy permeated again.

"It turned out to be the demonic heart."

"How come....."

"So... that's how it is."

The figure in the Peach Tree made a very surprising sound, trembled a little, and was stunned. Then it turned silent.

Her gaze that looked at Gu Changge was also withdrawn gently as if there was no turbulent aura.

Gu Changge's expression was calm, his eyes still looking at the Peach Tree in front of him.

The existence of the demonic heart was naturally exposed by him on purpose. Now that he had firmly held the position of the young master of the Gu family, no one could shake it. In addition, his identity as the true heir of the Heavenly Dao Immortal Palace had no influence.

Therefore, he was not worried that the existence of the demonic heart would cause him any trouble.

After all, the congenital demon heart was just talent, not a forbidden demonic art, it wouldn't lead to a situation where the whole world would become his enemy.

At most, it would make people feel that he was ominous and they would avoid him like a snake.

"Have you seen it, senior?"

At this time, Gu Changge spoke with a calm expression, asking knowingly.

"I saw."

Taoyao's figure was very vague, and through the vast divine light, he could faintly see her magnificent and unparalleled appearance.

When she heard these words, she replied with a very natural expression, which could be regarded as an explanation, "Xian'er is half my apprentice after all, so I naturally have to pay attention to her affairs."

"I'm afraid that she will be deceived by you since she is young and ignorant. What? I discovered your secret of the demonic heart. Are you unhappy?"

Her voice was very soft and sweet, making people think that she would never be angry.

"There's nothing to be unhappy about, Senior possesses great ability, and the juniors admire her a lot."

Hearing this, Gu Changge said with a very calm face, but there was a disdainful sneer in his heart.

If it wasn't for his intention then how could the demonic energy leak from the demonic heart? What could Taoyao find in front of him?

She underestimated his ability so much that she thought that she would be able to find out if she just checked it out,

Was it true that the Great Dao treasure bottle could only swallow the source? However, on the surface, he still had to look like he dared not speak.

"That's not true."

But when she heard Gu Changge's words, Taoyao suddenly burst into laughing.

Her voice was still soft like the sounds of nature, but it had a more demonic nature.

If the villagers of Peach Village heard this, they would widen their eyes and be dumbfounded.

Was this still the senior Taoyao they had always been familiar with?

Usually, it was as solemn as a god, revealing an aloof and awe-inspiring divine majesty.

How could she appear so demonic? But this was indeed Taoyao's true temperament.

Because of Yaoyao, she could feel every bit of how she and Gu Changge got along during this time and knew that although Gu Changge seemed unreliable.

But as a Master, he was still quite responsible.

Therefore, Taoyao still had a good impression of Gu Changge, otherwise, she would not talk to him like this.

Besides, she already found out what she wanted to know just now. What Gu Xian'er said just now was not just aimless.

There was indeed a problem with Gu Changge. Those with a congenital demon heart were born with ominous fates and those who possessed a demon heart since ancient times would not end well.

The existence of the demonic heart was very rare.

Since time immemorial, only a few people had appeared.

With such talent, the weak were buried in the flood of history, washed away by the rolling river of time, and didn't even make a single fluctuation.

Strong people only left a name, so future generations knew of their tragic life.

With a demonic heart, even if their name was the world's greatest young taboo, since the ancient times there were only a few words left behind, and there was no good end.

Gu Changge was born with this talent, she could only say that he was unlucky except for the initial shock.

Otherwise she didn't know what to say. However, since Gu Changge was able to suppress his demonic nature, it meant that his own willpower was still very strong.

This point made Taoyao have a little appreciation.

"Why is Senior laughing?"

Hearing this laughter, Gu Changge's expression flashed with a strange color, and then he asked with a self-effacing expression.

Was it called Taoyao, or Peach Demon?

This kind of demonic nature was a bit surprising to him. But on the other hand, still, as he guessed, Peach Demon had no malice for Yaoyao or himself.

Now it was even fusing her body with various Dao laws.

On the other hand, Yaoyao herself was in a deep sleep. For her to wake up, Gu Changge estimated that it would take quite a long time.

What he had done before was not useless, judging from the way Taoyao was treating him, it had played a big role.

"After so many years, apart from Xian'er, I met another interesting person and just found it funny."

Taoyao's voice gradually calmed down and she replied.

Gu Changge gave an unimpressed oh, then looked at the young lady who was being surrounded by countless immortal spirit and dao rhymes and in a coma state, and opened his mouth to ask, "What does Senior intend to do to young lady?"

Although he knew that Taoyao would not harm Yaoyao.

But at this time, as her Master, one must definitely show some worry and vigilance.

Taoyao was not much surprised by Gu Changge's question.

She replied, "To help her wash away some of the Great Dao injuries."

"So she will sleep for a while. But you can rest assured that I won't hurt her."

"To me, her existence is like a relative or a sister."

"I hope so."

At these words, Gu Changge nodded his head noncommittally.

"Surprisingly, you still don't believe me?"

When Taoyao saw his appearance, she could not help but laugh again, "I will return Yoyao to you unharmed, but if you dare to bully her, I will not spare you."

Gu Changge was not impressed and said, "Bullying the weak, the later generation will not be able to do it."

"Oh, you are sarcastic?"

Taoyao's voice became intriguing and demonic.

"Since Senior can hear it, that's good."

Hearing this question, Gu Changge finally gave her a serious look.

"Interesting. It's been a long time since I've met someone who isn't afraid of me like you. If this had happened earlier, the days wouldn't have been so boring and dull....."

Chapter 249-2: The way to save Gu Changge, I would rather die on that day (2)

Taoyao was stunned for a moment. And then, she couldn't help but laugh, not caring about Gu Changge's sneer. She suddenly let out a sigh.

And at this moment, a figure emerged before Gu Changge's eyes in a trance.

This was not a person, but a goblin. It hugged her knees and sat in the endless wilderness, with a dead Peach Tree behind her.

She was born very beautiful. The long hair was like a bright mirror that could reflect all the light.

She looked far away from the sea of clouds, her pupils reflecting the clear sky and mountains, but her expression was lonely, as if she was waiting for someone.

"Is it a memory? Or is it a sight she deliberately let me see?"

Gu Changge slightly froze at this time, unable to distinguish whether this scene was what he himself saw, or whether Taoyao had deliberately let him see it.

However, what he could be sure of was that the existence of Taoyao was essentially different from the mysterious Peach Tree that he had seen on the screen prompted by the system.

Taoyao and Yaoyao. It was more like sisters.

The only way to become that Peach Tree floating in the sea of chaotic true lightning was for the two of them to fuse.

But at that time, would the two of them still remain their previous self?

This question, perhaps the Peach Tree was already very clear about this, so she had that kind of kin-like emotions towards Yaoyao.

In this way, Gu Changge did not need to consider the subsequent things.

"The matter of innate demonic nature, I can't help you now, but take this thing and go find an old guy, he once owed me a favor, if he's not dead, he might be able to help you."

And at this time, Taoyao spoke again.

At the same time, a crystal and radiant peach leaf fell from the air, with the dao runes coalescing on it, looking extremely divine.

"It is also a gift of thanks for you taking care of Yaoyao for so long."

And as soon as these words were said, her figure gradually disappeared from the Peach Tree.

And then even the traces were no longer visible.

As if everything was just an illusion. Even the white fog also disappeared.

All of the scenes around the Peach Village gradually became clear.

The only person sleeping peacefully under the Peach Tree was Yaoyao, the wisps of Dao rhyme and immortal energy was fusing in her, and no one disturbed.

Gu Changge received this peach leaf, his eyes could not help but narrow.

Taoyao's words let him know a lot of information. An old man?

It seems to be a character who shared an era with Taoyao.

The only thing was that his demonic nature had long been resolved and could be controlled at any time, so it was actually the same whether he looked for someone or not.

So the value of this peach leaf was far beyond his imagination, it was equivalent to a favor from an old guy who shared an era with Taoyao.

Thinking of this, Gu Changge couldn't help but smile a little.

All the purposes of this trip had almost been completed.

The attitude of Taoyao and the old guys in Peach Village towards him determined how much Luck Gu Changge could get from Gu Xian'er.

In this way, the feud of digging bones could almost finally come to an end.

"What did Sister Taoyao tell you?"

At this time, seeing Gu Changge's expression, she seemed a little dazed, and Gu Xian'er couldn't help being a little curious.

"Nothing."

Gu Changge glanced at her, took the peach leaf, and didn't say much.

"It's fine if you don't tell me, I'll ask Sister Taoyao myself."

Gu Xian'er snorted and knew that Gu Changge would not easily tell her. Soon, she ran to the Peach Tree and asked secretly.

Although Taoyao did not continue to show up, after hearing Gu Xian'er asking these questions, she still told her everything.

Without hiding anything.

"Gu Changge was born with this..."

Hearing this, Gu Xian'er suddenly widened her beautiful eyes.

She was extremely surprised. When Taoyao mentioned that Gu Changge had an innate demon heart, she couldn't believe it.

She had been looking for this all the time.

But she never imagined that it would be a congenital demon heart. Since ancient times, only a few people were born with such a demon heart, which represented ominous and bad luck.

No wonder Gu Changge's lineage would try their best to conceal these things. If they let the rest of the clan know, was it worth it?

In particular, Gu Changge's identity was still the young master of the Gu family, representing the future of the Gu family.

At this moment, she had already thought of the various troubles caused by Gu Changge's innate demonic heart being known to the clan.

Even if Gu Changge now possessed terrifying power, it would be very difficult to face these troubles.

Gu Xian'er suddenly felt a little regret and guilt, why was she so reckless, and she planned to bring Gu Changge to Peach Village, which exposed the secret of his innate demonic heart.

However, the masters of Peach Village and Sister Taoyao should not take the initiative to expose this matter.

Thinking of this, Gu Xian'er couldn't help but breathe a sigh of relief.

"Sister Taoyao, is there any way to solve the problem of the demonic heart?"

At this time, Gu Xian'er remembered the most important thing. Taoyao was a little stunned when she heard this.

To be honest, she really had no choice right now, otherwise she wouldn't give the peach leaf to Gu Changge.

Because the demonic heart was at the position of the cultivator's heart, not a simple part. Even though a cultivator could be reborn from a drop of blood after reaching a certain level.

But that was the case where the blood essence had not dried up.

In a situation like Gu Changge's, the demonic nature was deeply ingrained, and even if it was removed, it would have no effect.

Seeing that Taoyao was silent.

Gu Xian'er was a little anxious. She knew Taoyao's character very well.

"Sister Taoyao, you know what to do, right? It's fine, even if it's difficult, I'm willing to try."

"Gu Changge has done a lot for me, and I want to help him too."

"Xian'er, you insist on such words..."

Taoyao was also a little confused at this time, seeing Gu Xian'er's persistent expression, she couldn't help sighing, and said slowly, "Gu Changge has a congenital demon heart and needs to suppress his

demonic nature to stay awake, just like he dug your Dao bone before. Like the matter of your Dao bone, although he was dominated by demon, it was actually what he did subconsciously..."

"So, the Dao bone can help him suppress it, right?"

When Taoyao said this, Gu Xian'er also understood because she had thought about it before.

It was because Gu Changge returned the Dao bone to her that he could not suppress his demonic nature in the nirvana pool that day.

She knew that Gu Changge must also understand this.

But he still insisted on returning her Dao bone to her to repay her.

And completely disregarded the dire situation that would follow.

Taoyao said, "That is part of the reason."

"Is it useful to give him the Dao bone now and let him fuse again?" Gu Xian'er asked.

Taoyao was silent for a while, and then said,

"Such chances are very few. The existence of demonic nature is not fixable and immutable. Even at this moment, it is growing."

"Xian'er, you can think about it, are you sure?"

After hearing this, Gu Xian'er already knew what to do.

No wonder Sister Taoyao wanted to tell her these words, now it was up to her to choose.

Thinking of this, she suddenly looked at Gu Changge not far away, and her expression was a little angry. But there was more tenderness in her eyes, and she couldn't help shouting,

"Gu Changge, you are obviously such a smart person, why were you so stupid at that time?"

Gu Changge was discussing some things with the Village Chief of Peach Village and others. After suddenly hearing Gu Xian'er's words.

He turned around inexplicably and looked at her, "Are you feeling Itchy again? Isn't the lesson from the past few days not enough?"

But soon, Gu Changge noticed Gu Xian'er's expression and movements, and cursed this idiot in his heart.

With a hum, spatial fluctuations spread. His figure disappeared out of thin air and appeared in front of her instantly.

Then she grabbed Gu Xian'er's two wrists tightly and stopped her from moving. This girl actually took out a divine weapon and planned to dig her Dao bone by herself.

Gu Changge never intended to ask for her Dao bone from beginning to end.

His face suddenly became very indifferent, like a piece of ice for ten thousand years, showing a cold atmosphere.

"Gu Xian'er, what are you doing, you idiot?"

"Gu Changge, let me go, you are an idiot, I am obviously trying to save you."

Gu Xian'er glared at him, but she couldn't beat Gu Changge's strength and couldn't break free.

"As long as I dig the Dao bone for you, It can suppress your demonic nature, and things like the Nirvana Pool last time will not happen in the future."

"For me, Dao bone may be able to be born again, and it will be alright..."

"Shut up."

Hearing these words, Gu Changge looked gloomy and ugly, and quickly covered her mouth.

"Listen, you have to keep the Dao bone for me. When I want it in the future, I will come to you to get it."

"If you dare to make up your own mind, dig it out, Gu Xian'er, I'll let you know what it means to be dead."

"Woooooooooo..."

Hearing this, Gu Xian'er was not reconciled at all, and was still staring at him like a kitten with fried fur.

It was just that Gu Changge tightly covered her mouth and she couldn't make any sound.

She was so angry that her lungs would explode. In the end, Gu Changge didn't appreciate it at all, and he still looked so terrifying.

"I'm not going to ask you to save me with your Dao bone."

At this time, seeing Gu Xian'er's expression, Gu Changge sighed.

His tone gradually softened.

"Why are you so ignorant?"

"If that day comes, I'd rather die than let you get hurt like this."

Hearing this, Gu Xian'er's eyes suddenly widened. Then her head went blank with a buzz.

Everyone was stunned.

Chapter 250-1: Are you really interested in your cousin? No way, no way (1)

Near Peach Village, everyone saw this scene and couldn't help but froze. Even the old guys were wide-eyed and dumbfounded, unable to believe this scene.

"This....."

The Chief of the Peach Village helplessly held his forehead. The rest of the old guys also looked helpless.

Gu Xian'er would choose to dig out her own Dao bone to help Gu Changge. It surprised them a bit, but they couldn't say much.

After all, it was a private matter between the two of them. As Masters, the most they could do was to prevent Gu Changge from bullying Gu Xian'er.

Gu Xian'er would do this, and it was difficult for them to stop it.

However, Gu Changge actually stopped her and said such a thing, which surprised them a little.

Then it was to make them old guys feel flushed and ashamed.

But thinking about it carefully, as an Elder Brother, there seemed to be nothing wrong with Gu Changge talking to his Sister like this.

At this time, after saying this, Gu Changge also let go of Gu Xian'er. His bottomless eyes stared at her without speaking, appearing very calm.

"Woooooo... Gu... Gu Changge, what are you talking about..."

After just realizing the meaning of what Gu Changge said. A haze suddenly appeared on Gu Xian'er's face, which was red and scary.

She was in a panic, her heart was beating fast, and her voice was trembling. Even her words were not complete.

She never thought that Gu Changge, who had always been indifferent to her, would suddenly say such gentle words.

Why would he rather die than see her hurt like this?

It was way too cheesy. And he said this in front of every one of the Peach Village.

This made Gu Xian'er's head buzzing for a while as if being hit by a hammer. Her hands and feet went weak as if she couldn't use her strength. If it were any other time, she would definitely talk back to Gu Changge.

But with his current appearance, wasn't he worried about himself, showing his true feelings?

This made Gu Xian'er unable to find words to say.

Gu Changge suddenly revealed his true feelings, which completely exceeded her expectations.

Today, she probably would not be able to dig out her Dao bone.

"What nonsense did I say? I didn't say nonsense. I'm just telling the truth."

Gu Changge shook his head, and his expression returned to his natural state, "Anyway, as your elder brother, I won't be reduced to the point where you have to dig your bones to save me. For me, this kind of humiliation is worse than death."

"The grievances between us have already been cleared up. You don't owe me anything, and I don't owe you anything. I don't need you to pay me anything."

His voice was still calm.

At this time, if he didn't make it clear, Gu Xian'er was an idiot and might have thought about digging her own bone.

Although she did have experience in growing Dao bone, it was difficult to say whether she could save her life after digging her immortal bone.

Not to mention growing a third bone again.

Gu Changge also didn't want her to take risks for no reason. After all, after digging out the immortal bone, what was its use?

The problem in his body had already been resolved.

Of course, this kind of truth could not be told to Gu Xian'er.

"You have a tough mouth!"

"That's not what you said just now..."

Hearing this, Gu Xian'er was a little indignant, and her beautiful eyes stared at him.

She still remembered what Gu Changge said just now, and was obviously worried about her safety and didn't want to see her hurt.

"Didn't I just say that?" Gu Changge said calmly.

"Why are you so stubborn, can't you admit that you care about me?"

Gu Xian'er snorted. She looked as if she saw through Gu Changge's mind.

But in Gu Changge's opinion, her expression meant that she needed a beating.

It seemed that she got used to it too much.

"Senior Taoyao has already told me how to solve the demonic matter, so I don't need you to cause trouble." Gu Changge then added.

"Why do you want me to cause trouble?" Hearing this, Gu Xian'er's face was displeased.

Gu Changge shook his head and said nothing more.

"Since the Senior has already told me the solution, why did you tell this idiot this method?"

Instead, he looked at Taoyao, and there was some deep meaning in his words.

Although this Taoyao seemed to be peaceful and gentle, in fact it had a taste of watching the fun and not taking it too seriously.

It really was monstrous.

"Are you blaming me? After all, this is entrusted by Xian'er. Since I say so, it must mean that I am sure..." The words that came from the Peach Tree were as plain as water, not knowing whether she was happy or angry.

When Gu Xian'er was able to give birth to the Immortal Bone, to be honest, it was because of her.

If she dared to tell Gu Xian'er like this, she was not afraid that her life would be in danger.

"I begged Sister Taoyao to tell me, Gu Changge, don't blame Sister Taoyao."

Seeing Gu Changge's questioning tone, Gu Xian'er also hurriedly said, and was a little anxious.

For fear that Gu Changge would hold a grudge against Sister Taoyao because of this incident.

She knew very well about Gu Changge's vengeful character.

Although he was not as powerful as Sister Taoyao now, if Gu Changge really wanted to deal with someone, with the background and forces behind him, it was still scary.

But speaking of it, Gu Changge would scold Sister Taoyao so much because he was worried about her.

This made Gu Xian'er a little happy.

Since Gu Xian'er said this, Gu Changge naturally didn't say anything more.

Taoyao didn't speak anymore and regained her tranquility, and she let down strands of divine light to continue cleaning the injury for Yaoyao, who was sleeping peacefully under the Peach Tree.

This scene made several old guys sigh with emotion.

In the next few days.

Gu Changge stayed temporarily in Peach Village with Gu Xian'er.

He had to say that although it was in the depths of the Land of Immortal Abandonment, the scenery here was very beautiful, like a paradise.

The morning sun was falling, the golden clouds were rising, and the spiritual energy was dense.

As the Peach Tree stretched here, the scenery here was dyed with a layer of splendid brilliance.

There were also many spiritual birds and auspicious beasts nearby, but large beasts were afraid to approach.

Although the villagers here did not cultivate, their strength and their bloodlines were far better than that of many cultivators.

In Gu Changge's opinion, it had something to do with Taoyao's frequent grooming of their bodies.

As the guardian of the Peach Village, she treated these villagers very well.

Perhaps as she said, living for too long was boring and she had to find something to do.

During this time, Gu Changge got to know a lot of Gu Xian'er's masters.

Under the side effects, he found out a lot about their origins.

As he had guessed, Gu Xian'er had two sets of destiny templates, and none of her masters were fuel-efficient lamps.

The origin of each one of them was amazing. They once made a name for themselves in the outside world, and they came here for various unknown reasons.

Chapter 250-2: Are you really interested in your cousin? No way, no way (2)

In Gu Changge's view, their real cultivation base could be estimated to have exceeded the Supreme Realm or even the Emperor Realm that had been sealed up to this day.

As everyone knew, only after the cultivator that had completed the Nine Heavens of the Supreme Realm could surpass the Supreme Realm.

There was actually a threshold between the Supreme Realm and the Emperor Realm, which was called the Quasi-Emperor Realm by many cultivators.

It was just that the Quasi-Emperor Realm was not actually a realm, it was a title for cultivators who had surpassed the Supreme Realm, but had not yet reached the Emperor Realm.

Some time ago, the sky-shattering sword energy that appeared over the Sea King Palace was actually caused by one of Gu Xian'er's masters.

Her master temporarily left Peach Village for some personal reasons and went to the outside world.

Then he learned that Gu Xian'er was bullied by the guys from the Sea King Palace, and immediately cut it off with a knife.

In addition, the Ancestor of the Gu family was also there at the time, which forced the Sea King Palace to seal the sea for hundreds of thousands of years.

So one shouldn't look at the small Peach Village here, but its real strength was even more amazing than some Eternal Forbidden Areas.

With such a terrifying background of Gu Xian'er, she could even challenge some Immortal Great Sages at will.

Gu Changge also got a lot of good things from these old guys.

During the discussion, from their perspective, some of Gu Changge's insights were also full of amazement, and they felt that the rumors of him being the reincarnation of a True Immortal were not false.

They agreed that he was worthy of the title of the strongest person in the younger generation. He deserved to be Gu Xian'er's cousin, the person who would be in charge of the Immortal Sect and the Ancient Immortal Family in the future.

As long as this innate demonic problem was solved, the Upper Realm would be Gu Changge's world in the future.

Therefore, several old guys were also happy to pass on some tricks to Gu Changge, but Gu Changge naturally refused it.

After all, his method of building goodwill in front of everyone played a big role.

In the beginning, they were very rude to him, and they didn't like him at all. How could they be so polite now? By the way, he also got a lot of Luck Points.

Gu Changge estimated that it was because of the quest from the Daughter of Luck related to Gu Xian'er that he accepted at the beginning.

Gu Xian'er didn't know what Gu Changge was thinking about. Seeing him and his masters fighting casually, she couldn't help feeling a little relieved.

She was worried that her masters would still have trouble with Gu Changge.

On the other hand, Gu Xian'er hoped that this period of time would last longer.

After all, it was rare to see another side of Gu Changge, and he could get along well with a group of children in the village.

In the past, he always gave people a feeling of being aloof and overlooking everything indifferently.

And in the blink of an eye, several days passed. Gu Changge's figure appeared outside Peach Village.

All the villagers, including Masters of Gu Xian'er, came to see him off. Many children were even very reluctant.

Because Gu Changge taught them a lot in the past few days, and gave them a lot of things, including scriptures on cultivation, etc., which made many children feel that this exiled big brother was very good.

After all, people who could be good to children were not bad people.

This point was basically a consensus among people, and it was also the reason why Gu Changge could quickly gain the trust of the villagers in Peach Village.

"Junior will leave first. If I have time in the future, I will visit the Seniors again."

At this time, Gu Changge spoke.

With a faint warm smile on his face, he said goodbye to everyone and planned to leave Peach Village.

After all, there were still many things waiting for him to solve. It was impossible for him to stay here forever. Gu Xian'er didn't plan to leave.

Because of Yaoyao's sake, she planned to cultivate in Peach Village for a while, and all along, a few masters could take the opportunity to guide her.

Although she was not weak, she was much weaker than many ancient freaks who were recovering today.

From the words of the old guys, Gu Changge also knew that they should be opening a small stove for Gu Xian'er.

The next time he saw her, her strength should have improved a lot. As for Yaoyao.

He didn't know how long it would take for her to wake up. Judging from Taoyao's words, although Yaoyao was a Dao fruit, she was seriously injured in that chaotic thunder tribulation.

After all, it was a major injury, and its impact was not small.

If he wanted her to recover completely, it would definitely take a while.

Gu Changge naturally had nothing to say about this.

"Changge, remember to come over next time, the aunties like you."

"Why don't you stay for a few more days? Seeing the reluctance of this girl Xian'er, you are also cruel..."

At this time, seeing that Gu Changge was about to leave, several aunties said in succession, joking around, making Gu Xian'er, who was a little unhappy, suddenly embraced.

Gu Changge smiled, "I will come later."

"Look at Xian'er's reluctance, why don't you stay for a few more days?" an old lady asked with a smile as if she didn't think it was a big deal.

"Who is reluctant to give up, auntie, don't talk nonsense, I wish this tough guy quickly disappeared from my eyes....."

Hearing these words, Gu Xian'er quickly denied it, as if afraid of Gu Changge's misunderstanding.

"I wish she was quieter, lest it always sounds like there are flies whining around."

Gu Changge glanced at her and said calmly.

"Gu Changge, what do you mean, how do I annoy you? Then look at me in the future and walk around a bit..." Gu Xian'er hummed and was not expecting this. Before Changge left, she was even mad at him.

But Gu Changge could no longer hear her words.

At the moment when these words fell, Gu Changge turned into a divine light and rose into the sky, and directly left Peach Village without any stop.

Gu Xian'er was a little indignant and waved her little fist, "Damn, this guy won't listen to me and let me finish my sentence."

But soon, the expression on her little face turned a little dejected, showing reluctance.

"Xian'er, are you really interested in your cousin? No way, right?"

"You are siblings..."

Seeing her expression, several aunties started joking again.

Gu Xian'er looked at them angrily, "Don't talk nonsense, okay? Besides, what happened to the siblings, he's not my brother."

But as soon as she said this, she felt that something was wrong, and quickly changed the subject, "The weather is good today, the sun is very..."

"Who would have thought that today, all of this is really good luck!"

This scene made several of her masters laugh.

Then they all sighed.

.....

After leaving Peach Village, Gu Changge's figure appeared on the top of a mountain outside the Land of Immortal Abandonment.

"Master."

There were several figures in front of him, all of them were very powerful, and their expressions were extremely respectful.

The person at the lead was a creature in the shape of a Yaksha, and his cultivation was in the True God Realm.

Among the rest, there were both males and females, and there were also other ethnic groups.

After the last incident in the Ancient Immortal Continent, many young Supremes found Gu Changge and planned to follow.

Gu Changge accepted them all with the idea of ??not refusing those who came to him. After all, sometimes many things could be left to them to do.

For example, this time, he let them pay attention to the Absolute Heavenly Extinction.

They had already been ordered by Gu Changge to wait for him here.
