

Villain 251

[Chapter 251.1](#)

“How is the investigation of the matter?”

Gu Changge nodded slightly and asked in a calm manner.

“Reporting to master, Absolute Heavenly Extinction has already emerged, it’s just that we do not know its exact location. The Absolute Heavenly aura has swept through many regions in this period of time with a decisive force, annexing the territories of many powers.”

“Now Southern Heaven has been converted into an Absolute Heavenly battlefield. A large number of Heavenly Extinction beings have emerged from within and many cultivators have rushed there.”

“I even heard that this time the quota for the True Immortal Academy is closely related to the Heavenly Extinction Battlefield. Only by killing a certain number of Heavenly Extinction beings will one be qualified to enter the True Immortal Academy.”

The Night Fork Clan’s living spirit, the one named Ye Han was considered Gu Changge’s confidant as he respectfully reported.

Many of Gu Changge’s important matters were entrusted to him.

Many cultivators in the outside world knew that this Night Fork clansmen was one of his people and did not dare to easily provoke.

“So many things have happened when I was in seclusion?”

Gu Changge raised his eyebrows slightly and appeared somewhat puzzled.

The early appearance of the Absolute Heavenly Extinction did not affect him much. After all, not many people dared to risk their lives and venture into the area enveloped by the Absolute Heavenly Aura.

Other than himself, it was unlikely that anyone would know why he was looking for the Absolute Heavenly Extinction.

Many people would even think that he intended to stop the Absolute Heavenly Extinction from spreading.

And this was the benefit that came with fame.

The construction of the True Immortal Academy was almost complete, but no one had heard the news regarding the selection of a candidate. It did seem to be related to the Absolute Heavenly Extinction.

“When the time comes, as long as the young existences want to enter the True Immortal Academy, they will all rush to fight against the Absolute Heavenly Extinction.”

“After being a shrinking turtle for so long, there is no way that horse-feeding boy will still be sitting still at this time.”

Thinking about this, Gu Changge couldn’t help but reveal some intriguing smile.

“Let’s go to Southern Heaven.” He said, waving his sleeves.

A huge ancient warship suddenly ascended into the air, rising against the wind, with the huge word “Gu” engraved on it. The warship looked ancient and atmospheric as it was waving in the air.

And then, with a rumbling sound, it moved, crushing the sky!

.....

Southern Heaven was located in the extreme south of the Upper Realm. Near the Upper Realm was an extremely prosperous and boundless realm, the Demon Realm.

The Demon Realm was home to the unique Demon Race that inhabited large ancient worlds. Its existence was very long, even tracing back to the most ancient times.

Since the beginning of time, many Demon Emperors and Demon Empresses had been born within the race.

With the many Immortal Techniques and their Supreme Dao system the demon world was also a well of water. No one was foolish enough to offend the Demon Race.

But the most impressive thing to the cultivators of Southern Heaven was still the nine suns that hung in the sky. Nine suns hang in the sky, burning with the most horrible True Fire from the sun, causing the extremely hot weather in Southern Heaven.

For cultivators who were a little weak, the True Fire was also likely to damage their soul if they stayed under it for a long time. Legend had it that in ancient times, Southern Heaven was the land of the Golden Crow Clan in the Demon Realm.

But for some unknown reason, the eight most powerful existences of the Golden Crow Clan were killed by a certain unknown existence. Then they were refined into eight suns with great divine power, hanging in the air, as an example to others.

The Golden Crow Clan had almost become history. Barely could anyone find anyone from that clan. Though the authenticity of this rumor could not be verified.

Southern Heaven had also become a place where fish and dragons were mixed, many Dao Sects and Clans had cultivators here. Nowadays, this place had become even more lively, and almost every day one could see cultivators arriving from everywhere.

Either they arrived as divine lights, riding fierce beasts, or driving ancient warships and flying boats. It was just that the largest number of them were still from the younger generation, from the major Immortal sects, the Supreme Dao sects, or some Forbidden area.

The contemporary heirs, sealed ancient young emperors, ancient freaks, and so on, had amazing strength and cultivation. And their origins were even more terrifying.

If ordinary cultivators saw them, they would become pale and retreat, and did not dare to easily provoke them. From the Golden Age, various young existences were present in Southern Heaven, and everyone knew their purpose.

Heavenly Extinction Battlefield!

At this moment, in the pavilion of an ancient city, Ye Langtian and his sister Ye Liuli were also there with a large number of people. On the opposite side of them was the young supreme of the Ancient Immortal Wang Family, Wang Wushuang.

In the other direction were the rest of the people, such as the heir of the Vermilion Bird Clan, Chi Ling, and others. All familiar faces that were once on the Ancient Immortal Continent.

During this period of time, they all had a chance to improve their cultivation rising to the True God realm. Now that they were gathered here, it was obvious that they were here to discuss a certain matter.

“The appearance of the Absolute Heavenly Extinction during this period of time has surpassed the expectations of many forces, and many frontiers and Dao sects have been affected. The appearance of the Heavenly Extinction Battlefield in Southern Heaven is an excellent opportunity for us to sharpen our skills.

“Except that you all should be aware that we belong to the contemporary geniuses, and in terms of cultivation, we are naturally a chip weaker than those ancient freaks.”

“When we clash with them, we won’t be able to take advantage of them in the slightest.”

“If we miss the big event because of this, it would be even more regrettable.”

The one who opened his mouth to speak was Wang Wushuang, who had golden lines emerging from his eyes, looking extremely divine.

As he opened his mouth, the rest of the people’s faces showed different expressions and they all nodded. After all, they were all here for the Heavenly Extinction Battlefield, so they were naturally clear about its importance at this time.

What Wang Wushuang said was exactly what they were worried about, otherwise, they wouldn’t have come to this place to discuss and think of countermeasures.

“Brother Wang’s words are our concern as well. After all, this Heavenly Extinction Battlefield involves the True Immortal Academy quota. Even if we have a strong background behind us, the True Immortal Academy will not give any face.....”

Ye Langtian said with a sigh, and everyone including him had a heartfelt yearning when he mentioned the True Immortal Academy.

A chance to become an Immortal!

That was the realm that countless cultivators could only dream of. And the True Immortal Academy existed to cultivate a True Immortal in this world.

If the True Immortal did not come into existence, the spread of the Absolute Heavenly Extinction would be unstoppable. At that time countless Dao sects and living beings would suffer.

“Since everyone knows this, it’s good that now the True Immortal Academy has appeared, it’s an opportunity for us.”

“Entering the True Immortal Academy is the only way for us to have a chance to catch up with that group of ancient freaks, who have been cultivating for longer than us, and whose heritage and cultivation are even deeper than ours.”

“For us, the only way to be qualified to compete with them is to get a spot to enter the True Immortal Academy.”

Wang Wushuang said slowly, he had a bearing that displayed the confidence that was bound to win the quota for the True Immortal Academy.

The way to obtain a spot in the True Immortal Academy was to enter the Heavenly Extinction Battlefield and kill Heavenly Extinction beings to obtain points.

This was also the requirement provided by the True Immortal Academy for all the young generation. If they didn’t even have the guts to step into the Heavenly Extinction Battlefield, was there any need to compete for any True Immortal’s position?

“So when the time comes for us to enter the Heavenly Extinction battlefield, we have to find a way to walk together and help each other. I think you all already know something about the powerful and difficult nature of the Heavenly Extinction beings.”

Wang Wushuang continued, his gaze slowly sweeping over the crowd as he proposed his solution.

“If Young Lord Changge were around at this time, things might be a lot better.....”

“Even those ancient freaks would be scandalized if they encountered him, right?”

At this time, there were two young supreme beings, but they were speaking softly.

These words received a lot of approval and recognition for a while.

Even Wang Wushuang was nodding.

Other than his sister, only Gu Changge, as well as that inheritor of demonic art, was capable of resisting the ancient freak in this generation.

“Speaking of Brother Gu, he should be arriving soon as well.....”

And at this time, Ye Langtian could not help but reveal a smile and said, “It just so happens that after Brother Gu emerged from seclusion, I sent a message to him, and by all rights he should be almost here at this time.”

Hearing him speak, the Vermilion Bird Clan heir, Chi Ling, who had not spoken, could not help but have her eyes light up slightly, revealing a sense of surprise.

“Brother Changge is also coming?”

Many young supreme beings also appeared happy, and awe rose in their hearts.

[Chapter 251.2](#)

“How is the investigation of the matter?”

Gu Changge nodded slightly and asked in a calm manner.

“Reporting to master, Absolute Heavenly Extinction has already emerged, it’s just that we do not know its exact location. The Absolute Heavenly aura has swept through many regions in this period of time with a decisive force, annexing the territories of many powers.”

“So when the time comes for us to enter the Heavenly Extinction battlefield, we have to find a way to walk together and help each other. I think you all already know something about the powerful and difficult nature of the Heavenly Extinction beings.”

Wang Wushuang continued, his gaze slowly sweeping over the crowd as he proposed his solution.

“If Young Lord Changge were around at this time, things might be a lot better.....”

“Even those ancient freaks would be scandalized if they encountered him, right?”

At this time, there were two young supreme beings, but they were speaking softly.

These words received a lot of approval and recognition for a while.

Even Wang Wushuang was nodding.

Other than his sister, only Gu Changge, as well as that inheritor of demonic art, was capable of resisting the ancient freak in this generation.

“Speaking of Brother Gu, he should be arriving soon as well.....”

And at this time, Ye Langtian could not help but reveal a smile and said, “It just so happens that after Brother Gu emerged from seclusion, I sent a message to him, and by all rights he should be almost here at this time.”

Hearing him speak, the Vermilion Bird Clan heir, Chi Ling, who had not spoken, could not help but have her eyes light up slightly, revealing a sense of surprise.

“Brother Changge is also coming?”

Many young supreme beings also appeared happy, and awe rose in their hearts.

Chapter 252-1: A premonition of sibling's rebellion, About another inheritor of demonic art (1)

"Gu Changge..."

At this time, Ying Yu was the first to speak.

This was the first time she had seen Gu Changge in person, and he was far more terrifying and powerful than the rumors.

Just the mighty group of followers behind him was enough to explain everything.

Not to mention that even if she was in the Quasi-Sacred Realm, she couldn't see Gu Changge's cultivation, as if there was a layer of fog. This reminded Ying Yu of the rumor that Gu Changge had a fight with the Great Sacred Realm in the Ancient Immortal Continent.

This man was far more unfathomable than she imagined. This made Ying Yu much more cautious in her heart, she originally planned to ask about the humiliation she suffered in front of Gu family's Mountain Gate that day.

But at this time, she had already left behind that matter.

"Oh, what advice does Miss Ying Yu have?"

Hearing Ying Yu calling her name, Gu Changge seemed to notice her, and was slightly surprised. When he first investigated Ying Shuang, he knew the existence of his sister Ying Yu.

Unexpectedly, she just arrived in Southern Heaven and she took the initiative to send herself to his door.

This made Gu Changge a little surprised.

It's been a long time since the leeks were delivered to my door in person.

"Gu Changge, you said that my brother is the inheritor of the demonic art. Wouldn't that be too arbitrary?" Ying Yu was also very direct at this time, with her silver eyes staring at him.

She was straight to the point and asked this sentence in front of everyone.

Gu Changge was a little surprised to hear this, "Did that Gu said this? Maybe Miss Ying Yu made a mistake?"

He was telling the truth. He really didn't say that. But it was not that he didn't say anything, it was just that he didn't mention Ying Shuang at all.

Back then, when he was in the Ancient Immortal Gu family, he placed the blame on Ying Shuang's head. Gu Changge was just echoing the speculation of Wang Ziji, the descendant of the Human Ancestor Hall.

Even if Ying Yu wanted to find someone to settle the bill, she should go to Wang Ziji. It had nothing to do with him, Gu Changge.

"You....." Ying Yu's face changed slightly, and at this time she also realized that this sentence was wrong.

Gu Changge did not say that. But under the circumstances at the time, everyone felt that someone was framing Emperor Mountain.

It was just that Gu Changge and Wang Ziji acted in the opposite direction, thinking that this was an intentional attempt for Heavenly Emperor Mountain to confuse the public and make everyone ignore it.

After all, everyone felt that Heavenly Emperor Mountain was framed by someone. Then, when tracking down the inheritor of demonic arts, they would definitely ignore the Heavenly Emperor Mountain first, thinking that they were also victims.

This method was more despicable than directly saying that Emperor Mountain was related to the inheritor of demonic art. It just happened that they couldn't find a way to wash it all away.

"Gu Changge, that's what you meant at the time, but now you still want to argue. My brother and you have no grievances or enmity, why did you frame him?"

Ying Yu still didn't give up, after all she finally saw Gu Changge, so she would not give up so easily.

At this time, she hoped that her brother would come here with her and confront Gu Changge. But after Ying Shuang came to Southern Heaven, he never left his mansion, saying that he was waiting for the news of the Heavenly Extinction Battlefield.

This made Ying Yu very helpless, and there was no other way.

"Why do I have to argue? I haven't made a direct conclusion as to who is the inheritor of the demonic art. Could it be that Miss Ying Yu thinks that finding the inheritor of the demonic art is like a child's play, and one can cover the coffin at will?"

"And as you said, I have no grudges with Prince Ying, do I have to do this? What I said to Holy Maiden Ziji was just a possibility."

"Even if you want to blame, you have to blame the Holy Maiden, right? Did you come to trouble Gu, thinking that Gu's temperament is gentle, so you can deal with it?"

Gu Changge smiled lightly, but at his last words, his smile also subsided. His expression was profound and indifferent.

"I.....I don't have such an idea, Gu Changge, you think too much." Ying Yu gritted her teeth, her soul trembled as she felt the terrifying power that seemed to be suffocating her.

Gu Changge was fine when he spoke just now. Now when he changed his expression, she could feel the palpitating feeling more intuitively.

What Gu Changge said at this time caused the pavilion and the many cultivators in the vicinity to pay close attention to this place, and their expressions changed greatly.

After all, the matter of the inheritor of demonic arts was of great importance.

In the eyes of everyone, what Ying Yu was doing now was the same as making trouble out of nowhere.

Gu Changge and the descendant of Human Ancestor Hall did not say that Prince Ying was the inheritor of demonic arts, but they just put forward their own ideas at that time.

After many cultivators discussed it, they thought so. And no one was a fool who would do thankless things.

After all, Human Ancestor Hall had been fighting against the inheritor of demonic arts for many years, and Wang Ziji's words had convinced many people.

Not to mention that some time ago, another descendant of the Human Ancestor Hall also stopped outside the Emperor Mountain and finally left.

On the surface of all these signs, Emperor Mountain had the biggest suspicion. What else did Ying Yu want to wash?

Currently, in the ancient city of Southern Heaven, there were many strong people. Even if Ying Yu was the daughter of the Emperor, she did not dare to cause public anger.

"In my opinion, it's obvious that she couldn't find a solution, so she found the young master Changge, and she was already anxious."

"Wait until the day when her brother's identity as the inheritor of demonic arts is really revealed, I will see how she will look..."

"I think she is completely covering up the inheritor of demonic power and intends to be the enemy of the whole world."

"Either kill him here today, and avoid leaving a scourge in the future."

The discussion voices of the cultivators around that was icy cold along with a killing intent, also entered Ying Yu's ears, making her complexion a little pale.

After Gu Changge said this, her actions just now obviously caused public anger.

"Forget it, it seems that Miss Ying Yu has a simple temperament and is a straightforward person. Gu will not care about today's affairs. You should figure it out yourself."

At this moment, Gu Changge sighed helplessly and waved his hand.

Seeing this, the followers behind him immediately understood what he meant and began to drive away the cultivators who were looking around.

Gu Changge even did this. At this time, everyone nearby also understood that he didn't want to pursue anything, and they didn't dare to give him face at the moment.

When the anger dissipated, the man in black and the others also breathed a sigh of relief.

Inexplicably, they were grateful to Gu Changge.

They also knew that if the public anger broke out, with their strength, they would not be able to stop so many cultivators, and they would be killed or injured today.

Who told them to be so unlucky, and have a relationship with the inheritor of demonic art?

Soon, only Wang Wushuang, Ye Langtian, Chi Ling and other young supreme beings were left in the pavilion, as well as Ying Yu, whose face was still a little pale, and the people around her.

Gu Changge's sudden relief made her a little surprised and puzzled.

Logically, she was so aggressive and asked directly, Gu Changge should be angry and attack her, right?

Why would he help her?

"Since everyone is here, why don't Miss Ying Yu sit down and have a drink."

At this moment, Gu Changge sat down calmly and naturally, and then greeted Ying Yu who was a little dazed.

"Miss....."

"Miss, this is a request from the Young Master Changge. Don't be stubborn. By the way, I apologize to the Young Master Changge for being disrespectful just now."

The man in black beside Ying Yu immediately whispered beside her when he saw this, and at the same time looked at Gu Changge slightly flatteringly.

Although he was asked by his parents to follow Prince Ying, he was not stupid. He understood that Ying Shuang was now a mud bodhisattva crossing the river and he could not protect himself.

Before the issue of the inheritor of demonic art was resolved, there was no second possibility other than being beaten like a rat crossing the street with Ying Shuang.

It was better to take the opportunity to show goodwill to Gu Changge.

Regardless of identity or strength, Gu Changge was far better than Ying Shuang.

Chapter 252-2: A premonition of sibling's rebellion, About another inheritor of demonic art (2)

This scene shocked all the young supreme beings who were injured by this ancient freak just now. When would they be able to be like Gu Changge. Who could deter many beings by doing nothing, and relying on power alone.

"Gu Changge, thank you for your rescue just now."

Ying Yu was not someone who didn't know the good and the bad, and could distinguish the priorities. She felt grateful towards Gu Changge for the current situation.

Everyone was also very sensible, and gave her the seat beside Gu Changge. She hesitated first, and then sat down. If one sat too far away from Gu Changge, it would inevitably be a little rude.

Gu Changge didn't seem to care about this either. After Ying Yu sat down, he stopped paying attention.

Gradually, Ying Yu felt a bit like sitting on the edge of a needle and was uncomfortable, which reminded her of the scene of waiting in front of Ancient Immortal Gu Family's mountain gate.

She also thought that Gu Changge had some intentions when he made a move to save her just now. But now it seemed that Gu Changge did it without any hesitation, she thought too much, otherwise why would he ignore her after letting him sit down.

For a while, Ying Yu couldn't understand Gu Changge's actions.

He also didn't look like he had any ill will towards her and her brother. At this time, it was the man in black behind Ying Yu who kept giving her a wink, signaling her to take the initiative to toast.

After all, at this time, sticking there like a wooden pier, doing nothing, was not only stupid but very much stupid. Ying Yu also reacted suddenly, when did she become so stupid?

"Gu Changge, this cup is for helping me handle the situation."

However, this was obviously her first toast, and she seemed very unfamiliar, and her words were also very blunt.

Hearing this, Gu Changge glanced sideways at her, his eyes were somewhat interested, but it was not unexpected. After all, it was all within his expectations.

"There's no need for this wine."

Then, he waved his hand and said casually, "I just saw your simple and straightforward personality and knew that you had no malicious intentions."

"If you came here with malice, believe it or not, you would have been crushed by me now, right?" His words were understated, but with a piercing chill.

Ying Yu shivered uncontrollably, and her face turned pale. She knew that Gu Changge's words were not false. Gu Changge indeed had the ability to do so.

"If you have time to waste on me, you might as well ask your brother more. Maybe he has something to hide from you? He didn't come out to confront me." Afterwards, Gu Changge smiled nonchalantly.

Of course Ying Shuang did not dare to come out and confront him. After all, Gu Changge still had the handle on his body. In this regard, Ying Shuang was also very clear.

"I understand....." Afterwards, Ying Yu quickly recovered. From Gu Changge's various actions, it was shown that he had no hostility toward Ying Shuang and Heavenly Emperor Mountain.

The reason why there was such a guess was only based on the most appropriate possibility at the time. Therefore, the problem did not lie with Gu Changge.

Who would it be on?

Ying Yu fell into contemplation. Looking at this scene, Gu Changge's expression was somewhat intriguing.

To seize the Luck points from the Son of Luck, the greatest target was the person around him who was most familiar with him. All he had to do was point out a few things..

For the rest, as long as Ying Yu was not stupid, she could find out... Ying Shuang had been deceiving her!

Gu Changge had already vaguely seen the drama between the siblings. With that he began to drink wine on Ying Yu's own initiative as it could be seen that she rarely drank wine.

And the wine here, even if the cultivator resolved it with cultivation, had great effects.

Ying Yu didn't expect Gu Changge to pour wine for her, and was a little flattered for a while. Although she couldn't drink too much, at this time, it was not easy to save Gu Changge's face.

Soon, she drank a few cups. She was a little dizzy and almost fell. Fortunately, Gu Changge was quick-witted and gave her a hand.

"Thank you, Young Master Gu."

Ying Yu's head was even more dizzy at this time, and her face was slightly red. However, the name of Gu Changge was also changed.

Gu Changge shook his head a little helplessly, "Miss Ying Yu, you drank too much..."

The black-clothed man named Agu scratched his head and said flatteringly, "Young lady rarely drinks wine, so I hope Young Master Changge doesn't blame her."

Gu Changge waved his hand, "Then you can take Miss Ying Yu back."

Ying Yu's two maids stepped forward and took her away.

"Young Master Changge, then we'll leave first." The black-clothed man smiled back, and then led people away.

A strange color flashed in Gu Changge's eyes. Except for him, the rest of the people did not see the slightest abnormality.

When he was helping Ying Yu just now, he took the opportunity to leave a rune mark, just to determine where she and Ying Shuang were.

Moreover, when Ying Yu returned drunk, what would her brother think? After all, the person who drank with her was himself.

Afterwards, the rest of the young supreme also said their goodbyes. But in the end, Ye Langtian and Ye Liuli chose to stay.

They told Gu Changge a lot of news about True Immortal Academy, and even said another thing that made Gu Changge more interested.

"Another inheritor of demonic art appeared?"

Gu Changge raised his eyebrows and asked without much change, "Are you sure this is true?"

"My sister and I have seen it with our own eyes, and based on my understanding of the inheritor of demonic art during this period of time, we should not be wrong."

"At that time, that mysterious man should be cultivating when he was in the wilderness. He was cultivating the essence of some ancient corpses and swallowing their aura. All kinds of scenes were exactly the same as the forbidden demonic arts in the records."

Ye Langtian said with a heavy expression.

"An ancient artifact that was auctioned at that time also involved forbidden art... It just happened to be taken away by that mysterious person." Ye Liuli also said.

"I see."

After listening to this, Gu Changge nodded, while looking a little thoughtful.

Interesting.

Various thoughts flashed through his mind.

Was the inheritor of demonic arts other than him in this world real? Or disguised? He was born with the demonic art he possessed, and it was not someone's inheritance.

Did that person accept the inheritance of demonic art from the inheritor of a certain generation?

But... in Gu Changge's mind, a figure appeared inexplicably.

In the end he was not sure, and was determined to know.

Chapter 253-1: The vengeful witch in red, The unresolvable hatred (1)

After Ye Langtian and Ye Liuli finished talking about this, they bid farewell.

After all, their purpose was only to inform Gu Changge. The inheritor of the demonic art was of great importance, and even sharing it with Gu Changge made them very uneasy.

Although Gu Changge was strong, he didn't necessarily have a way to deal with the two inheritors of demonic art. Lately, this was an eventful time.

The Battlefield of Heavenly Extinction attracted countless cultivators with the fishes and dragons mixed amongst. There was not only the most suspected Prince Ying Shuang, but now there might even be another inheritor of demonic art mixed in.

After entering the Heavenly Extinction Battlefield, they not only had to beware of Heavenly Extinction beings but also had to worry about the hidden inheritors of demonic art. It was really bad luck.

"Brother Ye, be careful."

Gu Changge nodded slightly, and after seeing the two leave, he couldn't help but have a strange look in his eyes. In any case, he must find out who was the inheritor of the demonic art who suddenly appeared.

Although he had some guesses in his heart, he could not confirm it, until he saw them with his eyes. Then, he thought about it and wrote a letter, explaining some things to Yan Ji, and asking her to check it first.

"Although the entrance to the Battlefield of Heavenly Extinction is still uncertain, the place where Absolute Heavenly Extinction is located can be narrowed down. By the way, I need to find a pathfinder tool."

Gu Changge then couldn't help but fall into thought.

He was bound to conquer the Absolutely Heavenly Extinction, even if that meant exposing his demonic art in the future. As long as he occupied the Absolute Heavenly Extinction, he could still make the entire Upper Realm fear him.

Not to mention that there was no risk of his demonic art being exposed now.

Occupying the Absolute Heavenly Extinction was only just in case, and it could become his extremely strong trump card.

Soon, Gu Changge thought of one person. Wang Ziji, his fellow transmigrator.

According to Wang Wushuang's words, Wang Ziji had actually come to Southern Heaven. But for some reason, she left. But Gu Changge had a way to make her appear.

The Daughter of Luck with an Immortal body, Wang Ziji's own Luck points were amazing enough. With such Luck points, Wang Ziji's own Luck was definitely not bad.

Judging from her cultivation base far exceeding that of her peers, she definitely had a lot of opportunities. So now Gu Changge was thinking about how to make Wang Ziji his pathfinder tool.

As a transmigrator, Wang Ziji was a ghost, but she also brought with her the salted fish and melon-eating character of her previous life. When she had nothing to do, she liked to spit out a few words and liked to join in the fun.

Gu Changge had a deep understanding of this point with his previous contact with her. Others don't know what Wang Ziji was talking about, but he listened very clearly and knew what her character was like.

So it wasn't difficult to plot against her, not to mention that Wang Ziji seemed to be very interested in him.

"Ye Han, deliver a message to Wang Wushuang. Tell him to inform me of his sister's whereabouts."

Afterward, Gu Changge summoned Ye Han and ordered.

"Yes, Master." Ye Han accepted and left.

Not long after, Gu Changge also heard the prompt from the system. The Luck of Ying Shuang was damaged.

This was within his expectation. Although this Luck point was not a lot, Gu Changge didn't like it at all, but it was enough to show that Ying Shuang's Luck points were declining.

Everything was going according to his plan.

"System, is the picture you saw in Tao Village a few days ago a harbinger of the next Son of Luck?"

Suddenly, Gu Changge remembered something important and asked the system.

In the picture he saw at the beginning, a woman with blue silk was holding her knees, looking very lonely, waiting for something under the dead Peach Tree.

Gu Changge felt that the picture was related to Taoyao. But since he was allowed to see it, it meant that nine out of ten times, it had something to do with him.

Yet Gu Changge wasn't sure about this. Because even he didn't know what would pop up in his memory one day.

Just like the Immortal Devouring Demonic Art, one day, it suddenly appeared in his mind. Who could say clearly about the past life?

Who was not a vest maniac?

Hearing Gu Changge's question, the system couldn't help but reply, "This matter is beyond the scope of the system's deduction, for the time being. Asking the host to change the question."

Gu Changge didn't expect it to answer so bluntly. But the answer was really indescribable.

What did it mean to be out of the scope of the deduction for the time being, it meant that the deduction could only be done later, right?

This dog system was still unreliable at critical times.

"Then what happened to the memory that emerged when I took Yaoyao as a disciple in the Heavenly Star Realm? That should be the next Daughter of Luck, right?" Gu Changge asked again.

Every time he encountered this kind of thing, he had to notice the Child of Luck first, and only then would the system give him a hint.

Or the system's quest could only be triggered when he was very close to the Child of Luck.

So Gu Changge might as well try it out directly. The feeling of being familiar and unfamiliar at that time was really fresh in his memory.

But at this moment, when it heard Gu Changge's question, the system directly prompted,

"Ding, you triggered the red-clothed witch, the Daughter of Luck."

"She turned out to have died from time, and her body sank into the endless abyss."

"However, even in the most terrifying hell, her hatred for you cannot be erased."

"Her consciousness has returned from the darkness, and she can wash the whole world with hatred at any time, just to have her revenge."

"..."

Hearing the system prompt sound, Gu Changge couldn't help but raise his eyebrows.

What kind of Child of Luck was this? How was it different from the routine he was familiar with? Just how much did she hate him in order to return from the boundless darkness, just for revenge?

Could it be because of love and hate?

For one month, Yue Mingkong took revenge on him and Gu Changge felt that it was enough. Now there was another red-clothed witch who wanted to seek revenge on him?

Sure enough, every Child of Luck represented God's deep malice towards him.

"System, what about the reminder this time?" Then, Gu Changge asked again.

After all, the newly-appeared Child of Luck always represented a new reminder.

To him, it was nothing but leeks waiting to be harvested.

Buzz!!

And the next moment, as Gu Changge spoke.

A burst of brilliance flashed in front of his eyes, followed by some images, but it was more like a profound memory revived in his mind.

At the foot of the mountain, the little girl who liked to wear red tugged at her sleeves, timidly. She knelt in front of a group of bandits who looked terrified and desperate.

"These are your enemies, your relatives were killed by them, and your village was set on fire by them..."

"Now I've caught them all, you can do whatever you want with them... Kill them or let them go, it's up to you..."

He touched her head and said softly.

So, the little girl cut off their heads with one sword.

"Master, when I grow up, I want to marry you..."

Then he smiled to himself, "I'll talk about it when you grow up."

Twenty years later, the grown-up girl came to him with a face full of pain, "Master, you actually arranged the bandits back then, right?"

His expression didn't change at all, "Yeah, you knew all this?"

The girl was stabbed with a sword but did not fall. She burst into tears, "I can't let go, Master, can you tell me the reason..."

His expression still didn't change, "No."

And the picture ended here. Gu Changge was silent for a while, and there was only one bloody thing he had to say about it.

Why was it such a bitter drama again? Now he didn't even know who the witch in red was.

The only thing he knew was that he was her master, and then she hated himself.

For no reason, there was another apprentice who wanted to avenge himself. In terms of strength, it was definitely not comparable to the reincarnation of Ye Ling, Long Teng, and Human Ancestor.

However, combined with the memory of the time when he was in the Lower Realm, a figure in red was knocked down into the abyss by him while holding the demonic halberd.

Gu Changge almost guessed something.

Chapter 253-2: The vengeful witch in red, The unresolvable hatred (2)

Judging from many clues, he might also have the title of a Demon Lord. So maybe that figure in red was related to his title at that time.

It was just that it was one step ahead. He was not worried about debt. It was not like there existed too many leeks, so he was not in any hurry.

"According to the current clues, I shouldn't be able to meet the red-clothed witch..."

Gu Changge thought of this and put this matter aside for the time being.

.....

At the same time, in a magnificent and tall palace, runes flashed.

A young man in gorgeous robes was cultivating. It was Ying Shuang.

At this moment, he was sitting cross-legged with his eyes closed, and wisps of heaven and earth aura were gathering here along with his breathing.

A faint shadow of the Immortal path, incomparably majestic, like it was standing proudly above nine heavens, revealing an unparalleled vast divine might.

He looked extremely miraculous.

"I have already figured out almost all the powers that Ying Shuang knew before. Even if others have doubts, they will not be able to find out that I am a fake."

Ying Shuang breathed a sigh of relief in his heart, said softly as he finally felt relieved.

Then he opened his eyes, his eyes were extremely calm and peaceful, and there was a sense of dignity that was indescribable.

During this period of time, he had been very handy in pretending to be Prince Ying, and even his demeanor and tone had gradually become indistinguishable from the previous Ying Shuang.

Of course, what he said to his sister Ying Yu was that he had recovered some of his memories, and he had almost solved the shortcomings of his cultivation.

For this statement, Ying Yu herself did not have much doubt. As for the rest of the people within the Heavenly Emperor Mountain who noticed that something was wrong with Ying Shuang, they were almost none.

After all, during this period of time, Ying Shuang stayed in the Emperor's Palace honestly and did not dare to go out at will.

For an outside cultivator who thought that he was the inheritor of demonic art, Ying Shuang was used to it. Anyway, this suspicion was not clear at present.

He also didn't believe that after reaching Southern Heaven, there were still people who dared to do anything to him. After all, no one had seen him use any forbidden art to kill people.

It was all guesswork. Before this, as long as there was no sufficient evidence to prove that he was the inheritor of demonic art, he would have nothing to do.

And Ying Shuang was clear. In Southern Heaven, whether it was a cultivator or any other creature, they were actually here for the quota in the True Immortal Academy.

They were all focused on finding the Heavenly Extinction Battlefield, and they would not pay attention to him at all and waste time on him.

In addition to him, there were many ancient freaks here, and this was what he needed to pay attention to.

"And there is also Gu Changge. I don't know if he discovered the abnormality of the servant..."

Thinking of Gu Changge, Ying Shuang's face darkened and he was very jealous.

He was still not very clear, whether the servant who was possessed by Prince Ying, the former him, fell into Gu Changge's hands or not.

If it was, then Gu Changge probably already knew about him. This made Ying Shuang very uneasy. If it was someone else, then it was okay, but that person was Gu Changge.

The opponent's power was far above him. With his current means, how could he deal with him?

"Ying Yu has been out for so long, saying that she was looking for news, but why hasn't she come back yet, is there an accident?"

At this moment, Ying Shuang suddenly thought of Ying Yu, and was a little worried.

During this period of time. He was still very satisfied with this younger sister. Although Ying Yu's character was somewhat straightforward and even liked to doubt him, it did not affect his love for Ying Yu.

He now completely regarded Ying Yu as his sister. Before, he was just a horse feeder with no relatives and no reason. Except for Miss Yin Mei, who would treat him well, while everyone looked down on him.

But now there was such a family member. So he naturally cherished Ying Yu.

Then, he got up and walked out of the hall, intending to ask Ying Yu's whereabouts. However, as soon as Ying Shuang went out, he met Agu and the others returning from outside the mansion.

Ying Yu, who was completely drunk, was being supported by two maids and brought back.

"Greetings, young master."

Seeing Ying Shuang standing here with a blank expression. Everyone's expressions couldn't help changing, and they hurriedly greeted him.

Although Ying Shuang usually lived in the shallows, his power was still terrifying in the hearts of every one of the Heavenly Emperor Mountain.

"What's the matter? How did Xiaoyu get drunk like this?"

Looking at Ying Yu, Ying Shuang asked with a frown. He could smell a strong odor of alcohol even from a distance.

Ying Yu, who never drank alcohol, how could she get drunk for the first time today? And become so drunk.

"Reporting to Young Master, this is what happened. Miss Yu happened to meet Young Master Changge in a pavilion not long after she went out, and something happened at that time. Young Master Changge invited her, but it was not easy for her to refuse. ..."

"So....."

A maid immediately explained with a slight change in expression, and explained the ins and outs of the matter, for fear of being blamed by Ying Shuang.

"What happened....."

"Gu Changge..."

After hearing this, Ying Shuang's expression changed, and there was a sense of shock and fear in her eyes.

Then it quickly went dark. He never imagined that Ying Yu had only been out for a short time before she met Gu Changge.

And she was left behind by Gu Changge to be forced to accompany the banquet.

No wonder Ying Yu, who usually didn't drink alcohol, was so drunk today.

"Gu Changge... You are simply deceiving too much!"

For a moment, Ying Shuang's expression was extremely ugly and gloomy, his fists clenched tightly, and he was very angry.

The rest were even more silent. It was just that Agu, who was an ancient freak who lived in the same period as Ying Shuang, was not as afraid of Ying Shuang as others.

He took the initiative to speak, his expression changed slightly and said, "Young Master, the situation was very special at that time, and the young lady's words and actions accidentally caused public anger, but thanks to the young master Changge who cleared the situation and dispersed everyone, it would be difficult for us to come back safely. ."

Having said that, he glanced at Ying Shuang's increasingly ugly face and shook his head in his heart.

He didn't know what happened to Ying Shuang during this time, and he lost the sharp-edged confidence and arrogance he used to have.

Such a thing would make him angry. The current Ying Shuang has become just as rumored by the outside world, like a mouse crossing the street, extremely embarrassed.

As a Prince, his patience was gone. He didn't even dare to go out and confront Gu Changge, and he only dared to curse in secret.

"They believed what Gu Changge said, if it wasn't for his actions, why would Xiaoyu attract public anger..."

Hearing Agu defending Gu Changge.

Ying Shuang's face turned even more ugly, and he couldn't help shouting, "You guys are stupid. Will Gu Changge feel at ease? Xiaoyu is not sensible, so are you also stupid when you are with her?"

Seeing Ying Shuang getting angry, everyone was even more silent, even Agu smiled bitterly and chose to shut up.

After all, he was just a follower, and his words could not affect Ying Shuang's judgment of Gu Changge.

"Forget it, forget about today's affairs, I don't want to see you next time."

Ying Shuang waved his hand, and knew that it was useless to blame them. He was so angry just now because he was worried about what Gu Changge had said to Ying Yu.

But at this moment, even Ying Shuang didn't know it, and before he knew it, the attitude of his followers towards him had changed a lot.

Agu's expression changed several times, and finally he seemed to have made up his mind.

Chapter 254-1: Girl, please respect yourself, You imposter, let's see how you pretend at this time (1)

Not long after that, Ying Yu woke up. She opened her eyes, looking a little confused.

She was still a little vague about the events in the pavilion. She remembered the matter of her finally drinking, and even taking the initiative to offer a lot of wine to Gu Changge.

And he didn't refuse. In the end, she was the one who drank first and fell down, or he helped her.

"It's so embarrassing to be drunk in front of people. Fortunately I didn't say any nonsense at that time..."

Ying Yu breathed a sigh of relief, but thinking of this, she couldn't help but blush a little.

"Xiaoyu....."

At this time, Ying Shuang, who had come to visit Ying Yu just now, happened to see this scene and frowned.

Who was Ying Yu thinking about? Why does she look a little shy?

This made Ying Shuang's face look bad, and he subconsciously thought of Gu Changge. Even after being out, Ying Yu was thinking about Gu Changge?

"Elder brother."

Ying Yu also noticed Ying Shuang at the door at this time, her expression quickly turned to normal, and she asked, "What are you doing here?"

"I was here to see how you are, but it seems that I was a bit redundant..." Ying Shuang said lightly, holding a bowl of soup to sober up.

Ying Yu didn't notice the emotions in Ying Shuang's words and said, "By the way, there is one thing that I have to tell you. It is very likely that Heavenly Emperor Mountain was calculated by other people, including Young Master Gu. We were actually used..."

This was the last truth she came up with.

Why did Gu Changge harm them for no reason?

Including that, the other two descendants of the Human Ancestor Hall also had the same attitude.

Unless Ying Shuang had been hiding something from her. Or it was the real inheritor of demonic art in the dark, who was using the calculations to make Ying Shuang take the blame, and Gu Changge was also used in this process.

However, hearing Ying Yu say this, Ying Shuang's complexion turned even more ugly, and he categorically retorted, "Impossible. What did Gu Changge tell you, so that you even call him Young Master Gu?"

Ying Yu was stunned for a moment, not knowing why Ying Shuang was so decisive, thinking that it was impossible.

Suddenly, her eyes became suspicious. But she didn't have to say anything more.

It seemed that Ying Shuang was still hiding a lot of things from her, and his attitude toward Gu Changge was full of hatred.

Logically, knowing that someone was plotting against them, Gu Changge had no grudge against Ying Shuang.

Ying Shuang only needed to show his face and take the initiative to calmly say all this, Gu Changge must also understand this.

In this way, Emperor Mountain could clear the suspicion of the inheritor of demonic art.

Why didn't he do this?

.....

Inside a pavilion.

Wang Ziji was wearing a light blue long dress, her face was unparalleled, and her whole body looked flawless and perfect as she was sitting by the window.

Supporting her chin, she looked at the table in front of her again and again, and looked bored. Xiu'er was diligently pouring tea for her.

"Elder sister....."

Wang Wushuang stood in front of her with a smirk on his face.

With an honest look. He touched the back of his head with his hand.

There was no such capable and reliable appearance in front of everyone before.

"What's the matter?" Wang Ziji looked at his cheap brother and asked angrily before continuing, "If it's not a big deal, how dare you use the amulet I gave you! I'll let you know why the flowers are so red in a while."

She didn't expect that Wang Wushuang's purpose for using the amulet was not during an encounter with any danger at all. Instead, it was used to call her.

He dare use this amulet as a summoning charm!

Wang Ziji felt that it was in vain to give him this amulet at first, and she was not going to give it next time. Hearing all kinds of nonsense words from his sister.

Wang Wushuang had gotten used to it for a while. Although he didn't understand.

But he also knew that this was meant to teach him a lesson.

Yet he still hurriedly said, "Wasn't Elder sister who said that she will come when I encountered an emergency, and you asked me to activate the amulet?"

"That's what I said. But the emergency is when your life is in danger... Don't you know that I'm busy right now? That guy Jiang Chuchu recklessly rushed to the place of Heavenly Extinction." Wang Ziji was speechless.

Jiang Chuchu, who was one of the few who could talk to her and had a good relationship, was barely a best friend but was actually quite attentive.

On that day, she left the Ancient Immortal Wang Family and went to find Jiang Chuchu.

She wanted to ask something from Jiang Chuchu's mouth. But she didn't want her to mention Gu Changge in front of Jiang Chuchu, Jiang Chuchu's expression became even colder, at least a hundred times colder than usual.

Later, after hearing that Absolute Heavenly Extinction had been birthed, Jiang Chuchu rushed away. She had no choice but to follow.

The two of them had a lot of secret techniques, but they had also found a place where the aura of Absolute Heavenly Extinction permeated.

Then, Jiang Chuchu rushed there regardless of her obstruction. This made her very helpless.

While afraid of being blamed by his Elder sister, Wang Wushuang hurriedly said, "Sister, this is what you said. If there is anything about the young master Changge, I will tell you immediately. This time, Young Master Changge took the initiative to ask me to inform him of your whereabouts."

"I know the importance of this matter, so I immediately informed you..."

Gu Changge?

Hearing this, Wang Ziji suddenly became interested and stopped blaming Wang Wushuang.

"You said he was asking about my whereabouts?"

Wang Ziji naturally paid special attention to this man who looked very impressed but wasn't impressed at all.

She and Gu Changge never saw each other again after they said goodbye at the Ancient Immortal Gu Family that day.

Unexpectedly, Gu Changge would take the initiative to contact her. By his character, it could only be said that there was nothing as a free meal.

"Could it be that this guy wants help with something?"

Soon, Wang Ziji put Jiang Chuchu's affairs aside. At this time, it was important to have a boyfriend or something to have her own object of heart.

Although she knew that Gu Changge was probably just asking her for something. But it still made Wang Ziji a little happy.

After all, it meant that Gu Changge still remembered her and didn't forget her without blinking an eye.

"Okay, then tell Gu Changge that I'll be waiting for him here."

Then Wang Ziji thought about it and said with a smile. Gu Changge was a smart person, and he would definitely come after he found out.

.....

"Is this the entrance to the Heavenly Extinction Battlefield?"

In Southern Heaven, in a very desolate mountain range. In the sky, two figures appeared and came here.

Gu Changge raised his eyebrows and asked in confusion.

"Yes, if you don't pay attention, you can't find where it is, right? But there should be more than one entrance like this."

Beside him was Wang Ziji. She placed her hands behind her back and smiled.

Gu Changge had already heard a lot of information from her about the location of the Heavenly Extinction Battlefield.

After receiving Wang Wushuang's reply, he did not hesitate at all, and set off to meet Wang Ziji, and learned a lot from her. Wang Ziji herself did not hide it from him, she told him everything one by one, saving Gu Changge a lot of trouble.

Among them was the entrance to the Heavenly Extinction Battlefield.

Gu Changge was too lazy to send someone to investigate, so he directly asked her. The existence of the Heavenly Extinction battlefield was similar to the small secret realm.

Because when the Absolute Heavenly Extinction arrives, it would penetrate and devour many worlds, and when the Heavenly Extinction aura permeates, it would cause cracks within the obstacles made of many worlds, and a small world-like area would be born.

This had also become a battlefield of Heavenly Extinction.

"Shouldn't you appreciate my words?"

Wang Ziji looked at him with a faint smile on her face, "There are very few people who know about the existence of the Heavenly Extinction Battlefield."

"Thank you very much." Gu Changge smiled slightly, with a three-point thank you on his face, "Just take this opportunity to get a few more places."

"Brother Gu's gratitude doesn't seem sincere to me. Just one sentence is perfunctory." Wang Ziji shook her head with a distressed look, "It took us a lot of time to find this place."

She didn't intend to let Gu Changge empty the gloves of the white wolf.

Only a thank you?

She didn't need this.

Us?

Gu Changge's eyes moved slightly, clearly capturing the word.

He guessed that it might be related to another descendant of Human Ancestor Hall, namely Jiang Chuchu.

How did Jiang Chuchu escape to the land of Heavenly Extinction?

However, the expression on his face still did not change much, and he said in surprise, "How does Miss Ziji want to thank Gu?"

"How about making a promise?" Wang Ziji said with a smile, she didn't believe that under such a posture, Gu Changge could still be as calm as before.

Even though she knew that Gu Changge might have already wished to strangle her to death by himself, for throwing out such a question.

But she didn't care, after all, this kind of strategy was interesting.

Gu Changge was slightly taken aback, and seemed a little surprised.

Then he shook his head, and said with a look of "Girl, please respect yourself. This Gu has a fiancée, Miss Ziji, this kind of joke is not allowed."

"If Mingkong hears it, her jealousy will be overturned."

Wang Ziji looked at him like this. She just wanted to roll her eyes.

Chapter 254-2: Girl, please respect yourself, You imposter, let's see how you pretend at this time (1)

Pretending to be a serious person, she still looked righteous and awe-inspiring. However, she showed a thoughtful look, and then asked in a different tone,

"In ancient times, men had multiple wives and concubines. I didn't expect Brother Gu to be such a single-minded person. I was abrupt. Otherwise, Brother Gu, give me something close to you."

"Is that so? That's fine." Gu Changge didn't hesitate to hear that.

He directly took off the crystal jade pendant that was tied to his waist, and the pattern in the middle that waved, which was quite extraordinary. He handed it to Wang Zijin.

"If I have something to do in the future, can I use this jade pendant to come to Brother Gu?" Wang Ziji took it with a smile, and seemed very happy.

"Of course, you can." Gu Changge smiled and nodded.

However, he was laughing in his heart. It was okay for you to come to me, but if you want me to help you, then you would lose more.

Afterwards, the two of them found an obscure spatial fluctuation in this desolate mountain range. There was an extremely cold aura in it, circulating and permeating, causing the nearby vegetation to wither, and they were stained with a kind of black-brown small particles.

With nine days in the air, it was difficult to dispel this gloomy cold.

"The aura of Heavenly Extinction, although it is not very pure... but it does permeate from here."

Looking at these substances, Gu Changge said involuntarily.

Wang Ziji also nodded and said, "From here, you can go to the Heavenly Extinction Battlefield. As for the entrance in the other direction, I don't know."

Gu Changge's eyes narrowed.

Absolute Heavenly Extinction's true location was actually very difficult to judge, but it was very simple to find it according to the direction of Heavenly Extinction Aura of the Heavenly Extinction Battlefield.

Afterward, the two of them returned along the same path.

On the Heavenly Extinction Battlefield, apart from the younger generation, the cultivators of the older generation were hardly seen, unless it was the kind of righteous people who had a strong sense of justice and intended to sacrifice themselves to prevent the outbreak of Absolute Heavenly Extinction.

A lot of the younger generation cultivators had also come here with a hard scalp. After all, if they wanted to have a place in the True Immortal Academy, they had to kill certain Heavenly Extinction beings.

They didn't want to come here. Therefore, Gu Changge was not worried that there would be any powerful existence in it, which would disturb his plan.

"I heard that Brother Gu has been in contact with Ying Yu of Emperor Mountain. How do you feel about her brother?"

On the way, Wang Ziji suddenly opened her mouth and asked.

When she was in the Ancient Immortal Gu Family, she was suddenly attacked by the inheritor of the demonic art, and she was seriously injured.

She always remembered this hatred. And in her opinion, no matter what the possibility was, the inheritor of demonic art was inseparable from the relationship between Emperor Mountain and Prince Ying.

"Miss Ying Yu is quite frank and honest. I don't know her brother, since I haven't seen him before."

When Gu Changge heard these words, his expression was natural and authentic.

"Is that Prince Ying really planning to be a tortoise for the rest of his life? If he is not the inheritor of demonic art, why does he dare not show up..."

Wang Ziji was convinced of her judgment, and when she asked Jiang Chuchu, the answer she got was silence.

If there was no problem with Emperor Mountain, Jiang Chuchu's fair character would definitely defend it. But she chose to remain silent.

This meant that even she felt that there was something wrong with Emperor Mountain.

"In that case, I have a way to make Ying Shuang show up..."

When Gu Changge heard her say that, he appeared to be thinking seriously for a while, and then said, "When the time comes, whether it is true or not, everything will be known."

Wang Ziji nodded, but she didn't doubt it. The inheritor of demonic art caused the Gu family to lose a lot of face at that time.

It was normal for Gu Changge to choose to do this.

.....

In the following days, Ye Langtian, Ye Liuli, Chi Ling, and others all learned from Gu Changge about the location of the Heavenly Extinction Battlefield.

This made them shocked, followed by joy.

During this period of time, they worked hard to search for news from all sides, but they could not find the location of the battlefield.

Now that Gu Changge had just arrived in Southern Heaven for a few days, he had already figured out everything.

Of course, they didn't know that this news came from Wang Ziji and had nothing to do with Gu Changge. They simply felt that there must be a few acquaintances of his in the Heavenly Extinction Battlefield so that he could have an alibi.

On the other hand, Ying Yu also received the news from Gu Changge. Her silver eyes widened in surprise. She had been inquiring about the news of the Heavenly Extinction Battlefield, but it was all in vain.

After all, it involved the quota of True Immortal Academy. The less one person knew, the more chance they would have. Gu Changge actually gave her one more chance now.

This made Ying Yu a little moved, but in the news, Gu Changge also made a request. If you meet him on the Heavenly Extinction Battlefield, give him a chance. In this regard, Ying Yu naturally felt that there was no problem. It was just a trivial matter.

From this incident, she also saw Gu Changge's generous and confident character. Because he knew that no one else could compete with him for the quota of True Immortal Academy.

Then, Ying Yu told the news to the rest of the younger generation of Emperor Mountain.

However, she did not say that Gu Changge told her, for fear of causing Ying Shuang's dissatisfaction, who would choose to stay in the mansion and not go anywhere.

He would not fight for a place in the True Immortal Academy.

"It seems like god's will, since we have found this Heavenly Extinction Battlefield, then we can go."

Ying Shuang himself did not know the source of the news. Hearing what Ying Yu said, he thought for a moment and decided to leave. If he didn't go at this time then not only his face would be lost but also the face of Emperor Mountain. Some people would probably doubt the authenticity of his identity.

Soon, days passed. According to the position provided by Wang Ziji, everyone finally came to the heavenly extinction battlefield.

The sky here was gray, with bleak clouds floating, and even though there was sunshine, the atmosphere was very cold.

The mountains were vast and the terrain was endless, but the only feature was that it was desolate and had no life.

The so-called Heavenly Extinction beings were actually normal cultivators and creatures infected with Heavenly Extinction aura and finally transformed into Heavenly Extinction beings.

Many would lose consciousness and become walking corpses who only know how to devour life. Only a few were born with consciousness, but they were also incompatible with the outside world.

"Some people have already arrived here..."

Ye Langtian and the others were very surprised and found that the Heavenly Extinction beings near the entrance had been cleaned up. The Heavenly Extinction aura here had already made them feel very uncomfortable.

If they went deeper, their life might be in danger.

"Gu Changge didn't come with us, he should have gone in early..." Ye Liuli looked around and said so.

Then they left this place and went to the place where the beings of the Heavenly Extinction were. After a while, fluctuations appeared again here.

The cultivators of Emperor Mountain had arrived.

Ying Shuang, Ying Yu and others were all there, and there were several ancient freaks like Agu, the man in black, all of which had been sealed up to this day and were their followers.

Ying Shuang was dressed in a long robe, standing with his hands behind his back, swept the vicinity, and said calmly, "It seems that someone came first. Let's see who is so daring and jumps ahead of us."

Now was the time to consolidate his majesty as a prince. Just in time to make a move, shocking Little Ying Yu.

"Look, he really couldn't help coming."

"No matter from which aspect, the current Heavenly Extinction Battlefield is the greatest breeding ground for the inheritor of demonic art."

"There's no reason not to come."

In the other direction, Gu Changge, who had been staring at the entrance, couldn't help but smile. Wang Ziji nodded in agreement.

"But... he seems to have noticed us both."

"What a powerful consciousness."

Afterward, she was a little surprised and felt that Ying Shuang's spiritual sense seemed to be very powerful, and he could sense where she was from a distance.

"As expected of prince Ying." Gu Changge smiled slightly, "Then I will leave the next thing to Miss Ziji."

After that, the void in front of him became blurred, and his figure disappeared into it.

Wang Ziji rolled her eyes in her heart, knowing that Gu Changge planned to stand by and watch the play. But she didn't care.

At this time, she must take revenge against Ying Shuang, and even if there was no evidence to prove that he was the inheritor of demonic arts, it would have no effect.

Buzz!!

Soon, Wang Ziji's figure disappeared like a wisp of blue smoke.

In the area where Ying Shuang and others were located, terrifying fluctuations suddenly appeared, and splendid runes erupted directly there.

Ying Shuang was the first to bear the brunt, but he didn't react, and his face changed suddenly, "Who are you..."

Boom!

But before he could finish his words, he was punched by Wang Ziji, and he suddenly let out a muffled groan, flew out backward while spurting blood, and shattered a lot of bones.

"Little Lord....."

"Elder brother....."

The entire group of the Heavenly Emperor Mountain changed their expressions, and they were extremely shocked.

"Imposter, let's see how you pretend at this time?"

Gu Changge's figure was hidden in the void. Looking at this scene, he couldn't help but say with interest.

Chapter 255-1: As a fellow tool man, he did not play cards according to the routine at all (1)

Gu Changge's calculations were actually very good. Now he didn't actually have to do anything as he just planned to watch the play on the sidelines.

Ying Shuang was well hidden. Although he was an imposter, compared with the real Prince Ying, most people probably wouldn't be able to tell the difference.

Ying Shuang was not stupid. After so long, even a pig would know how to disguise itself. During this period, the people around Ying Shuang had not noticed anything, which also displayed his prudence.

Gu Changge had anticipated this for a long time, so he planned to let Wang Ziji act so that it would be difficult for Ying Shuang to continue to pretend. After all, demeanor and actions could be disguised, but in terms of strength, he did not believe that Ying Shuang could be the same as the original Prince Ying.

It was worth it as long as people who were familiar with him could notice the abnormality of Ying Shuang. Therefore, Gu Changge had already anticipated Ying Shuang's next move.

Using the excuse of showing weakness, he had informed everyone in the Heavenly Emperor Mountain that his cultivation had gone wrong recently. With regards to Ying Yu's character, before this, she must have suspected Ying Shuang's abnormality.

As long as Ying Shuang had a little brain, he would definitely use the excuse of something going wrong in his cultivation, which lead to some confusion in her memory.

Considering the current situation it would be a big deal for him to fool everyone again with such a reason. And Gu Changge just waited for him to say so.

After all, it could be a mistake in cultivation, but it could also be a transfer of a certain inheritance.

As a descendant of Heavenly Emperor Mountain, Ying Shuang took the initiative to abandon the original inheritance and then switched to another method. If this basin of sewage was poured on it, Ying Shuang's Luck points would be hit hard again.

Gu Changge didn't plan to harvest Ying Yu so quickly. Before that, the Luck points on Ying Shuang had to be harvested first.

After all, he had to moniker the blame of the inheritor of demonic arts for a longer time. And finally finding a scapegoat, Gu Changge wouldn't just let him go until he squeezed all his value out.

Then, Gu Changge's gaze surged with interest again.

Boom!!

Terrible rune fluctuations emerged, accompanied by terrifying chains of order, descending from all directions. There suddenly seemed to be many stars exploding, and the energy fluctuations were terrifying to the extreme.

Many mountain ranges collapsed and turned dust under this breath.

Wang Ziji's sudden action not only shocked the group from Heavenly Emperor Mountain but also shocked many of the younger generation cultivators near the Heavenly Extinction Battlefield.

They naturally recognized that this was a visitor from Emperor Mountain.

Among them, Prince Ying Shuang was the one who had an extraordinary bearing and was surrounded by Immortal intent, and he was also the most suspected inheritor of demonic arts today.

Although Ying Shuang seldom showed up because of his demonic power, he was notorious during this period, but he was the Son of an Emperor from the Ancient Royal Family.

Since he had been sealed for a long time to the present, his own talent was extremely strong. Many people thought that he would be the most powerful young existence in his life.

Of course, his strength needed no explanation. However, now he was instantly injured by the hands of a woman in a blue dress, and was bleeding profusely, which really shocked everyone.

Including Ying Yu and Agu, others also widened their eyes and looked so shocked that they couldn't believe it.

Many of them were still former followers of Ying Shuang, and their strength was the highest among their peers. They all felt that the scene in front of them was unbelievable.

Why did Ying Shuang become so weak? He couldn't even stop the opponent's blow? Or was it because there was no response?

"Little Lord....."

"Stop it!"

Afterward, everyone reacted, and they sacrificed various divine artifacts one after another, all kinds of powerful fluctuations erupted, the brilliance was gorgeous, being reflected in all directions, and attacked Wang Ziji.

"How can you only have such strength?" Wang Ziji frowned slightly, with a little surprise, and even she did not expect that Ying Shuang's strength would be so weak.

He couldn't even take a single blow from her. In her perception, Ying Shuang at least had the strength above the Quasi-Sacred Realm.

There was no reason to be this weak. Even if he didn't dare to use the forbidden magic, with the inheritance of Emperor Mountain, it should be enough to deal with her blow.

"Are you feigning weakness?" She shook her head gently, waved her hand again, and a large piece of clear light emerged, which was filled with a powerful breath.

The sky trembled, and all directions resonated. At this moment, she was like a supreme female Immortal King with various runes intertwined, like two huge moon seals, pushed by her, to suppress Ying Shuang.

Boom!!

Such a blow instantly changed the expressions of the rest of the nearby cultivators from the Heavenly Emperor Mountain, making them afraid as they did not dare to take it hard.

This had already involved the power of laws at the Sacred Realm. Only the same level of power could stop it.

"You are the descendant of the Human Ancestor Hall..."

At this time, Ying Yu's expression changed slightly.

Immediately afterward, her jade hand lifted, and her crystal fingers pointed out in the virtual space that had the sky full of brilliance. She had used a supreme talisman to resist the attack.

But it could only resist for a breath, and she was not Wang Ziji's opponent at all. At this moment, she recognized Wang Ziji's identity, and her silver eyes were filled with shock.

She never expected that they had just come to the Heavenly Extinction Battlefield, and encountered the descendant of Human Ancestor Hall.

With her terrifying strength, unless her brother took action, none of them would be her opponent. But at this time, Ying Shuang seemed to be in a wrong state. He had been passive during the previous attack and was constantly wounded, making him cough up blood. He had absolutely no terrifying strength like the Prince Ying in the past.

"So you still recognize me, that's fine."

Wang Ziji still had a smile on her face, her blue dress fluttered, and she looked unparalleled, but she didn't show mercy at all. As a descendant of the Human Ancestor Hall, it was normal for her to deal with the inheritor of demonic art.

No one could say anything more.

"My brother has nothing to do with the inheritor of demonic art. Stop quickly, and don't accidentally hurt the innocent."

Ying Yu couldn't help shouting, although she suspected that Ying Shuang had something to hide from her, she didn't believe that he would have something to do with the inheritor of demonic arts.

However, Wang Ziji's expression did not change much, and she said lightly, "Just because you say he has nothing to do with the inheritor of demonic art, it doesn't make him innocent. As the evidence points to him... If you want me to stop, then that's fine, let your brother display his real strength."

Saying so, her hands became even more ruthless.

Buzz!!

The divine light blooming in the sky was like a large piece of petal, gorgeous and crystal clear, and more runes emerged from it as if they were rooted in a small world.

This was a vast and ancient divine art with infinitely evolving mysteries. In a trance, everyone seemed to notice a door opening.

Countless divine chains of laws emerged from them, causing the expressions of everyone from the Emperor Mountain to change drastically.

Buzz!!

Someone instantly sacrificed a piece of forbidden weapon to resist this attack. This kind of power was too terrifying, and it could not be blocked by ordinary people.

Even Gu Changge, who had been watching from a distance, felt that Wang Ziji's strength was quite good. At the Quasi-Sacred Realm, it showed the power that even someone at the Sacred Realm would be afraid of.

It was worthy of being a fellow traveler.

Boom!!

In the face of this terrifying blow, Ying Shuang's expression changed. He wanted to resist, but a vague and stalwart figure, swallowing all the world, appeared behind him.

At this time, Ying Shuang didn't have any indifferent confidence on his face when he entered the Heavenly Extinction Battlefield, and he was completely gloomy and ugly. He didn't understand why Wang Ziji was waiting at the entrance, just waiting for his arrival.

But he was not the original Prince Ying after all. In a moment, the brilliance erupted, like countless stars exploded, and the terrifying energy raged here. Ying Shuang spurted blood again, and his body flew upside down, with severe pain all over his body and many broken bones.

Wang Ziji slapped him with a palm, and the terrifying force collapsed everything like an immortal turned into a mountain.

"Do you still want to feign weakness? I underestimated your forbearance."

Wang Ziji frowned, she really didn't expect for Ying Shuang to not fight back, and continued to feign weakness.

During the time she was cultivating in the Human Ancestor Hall, she had learned a lot of the divine powers inherited from the Dao traditions, among which the divine powers of the Emperor Mountain were by no means only at this level.

So she couldn't understand why Ying Shuang would choose to show weakness in front of everyone.

This was completely hitting him in the face of Emperor Mountain.

Chapter 255-2: As a fellow tool man, he did not play cards according to the routine at all (2)

He was able to endure such a shameful thing. In this regard, she could only say that he was worthy of being the inheritor of demonic art, and his heart was far beyond many of the young supreme beings she had encountered.

Thinking of this, Wang Ziji's expression couldn't help but turn colder, but she still chose to stop.

"Master, are you alright?"

The rest of the people of Emperor Mountain also hurried to help Ying Shuang at this time. But Ying Shuang's appearance was really miserable, covered in blood, hair disheveled, and many of his bones broken.

The shock caused by this scene was too great for the many cultivators of the younger generation who found the rest of the entrances near the battlefield.

It was hard to believe that the person in front of them was the rumored Prince Ying. In the hands of this mysterious woman, there was no way for him to fight back.

However, more people were staring at Wang Ziji, as if they wanted to see through her.

"Who is this opponent of Prince Ying? How can she be so strong?"

"It seems that she is the rumored descendant of the Human Ancestor Hall, the mysterious queen of the Royal Family..."

"No wonder such a thing happened."

"This strength is really terrifying, I'm afraid she already has the strength of a Sacred Realm."

"However, Prince Ying looks too weak, doesn't he?"

They talked a lot and were surprised. Both of them were from the younger generation, they were outstanding in various places, and they had a good understanding of the elites of all ethnic groups.

There were also many young supreme beings from the Ancient Clans. Although their cultivation was not as good as those of the Ancient freaks, it was still difficult for them to find rivals in the same Realm in various places, and there was an image of invincibility.

The performance of Prince Ying today made them wide-eyed, completely unexpected and unacceptable. That was the leader of the younger generation in the Primordial era, why did he lose so humiliatingly?

Gu Changge watched with interest, and the system prompt sounded again in his mind.

Ying Shuang's Luck points were still decaying.

Although he did not suppress Ying Shuang with his own hands, but through the tool named Wang Ziji, it did not prevent him from harvesting Destiny Points and Luck Points.

In just this moment of effort, Ying Shuang had lost a lot of Luck.

After all, the younger generation in the vicinity were all prominent figures from all walks of life, and behind them were different Dao forces.

There were even many Ancient freaks hiding in the dark. Just like him, they didn't show up.

"Do you think it has something to do with the recent rumors? Didn't you say that Prince Ying was the inheritor of demonic arts? He simply displayed weakness to his enemies in order to clear his suspicions, but in this case, it feels like a superfluous effort...."

At this moment, many people were guessing, and their eyes were very puzzled.

"How is it, are you still playing around? This is my strength, is it disappointing you a little..."

However, at this time, Ying Shuang stood up with the help of several followers, but it was completely different from the angry and gloomy expression that everyone thought of.

At this time, he was very calm, his eyes were extremely indifferent, and he was not at all anxious and frustrated as everyone thought. As if all of this had been within his expectation.

Even the Ancient freaks of Emperor Mountain who were a little suspicious of him just now became suspicious, feeling that Ying Shuang's move had some profound meaning?

Otherwise, why would he look like this?

"Elder brother....."

Ying Yu looked at Ying Shuang in surprise and suddenly felt that he had become unfathomable. The humiliation just now seemed to be intentional. Was it really showing?

"He's quite capable."

Gu Changge, whose figure was hiding in the dark, couldn't help but chuckle slightly when he saw this scene. This Ying Shuang was a little clever, and he really regarded himself as a forced king.

But did he have the capital to pretend? Wang Ziji in front of him was a transmigrator, not a native genius.

"What are you pretending to be in front of me at this time?"

Seeing this, Wang Ziji was slightly taken aback. Turning around, she couldn't help laughing, with a faint smile on her beautiful face. Although she was wearing a veil, it still made many young men stare.

To think that there were such perfect people in this world. It could only be said that it was worthy of being the descendant of the Human Ancestor Hall.

Wang Ziji was not angry because of Ying Shuang's attitude. No matter what Ying Shuang's plan was, at this time, he had already been defeated in such a humiliating manner, and yet, he dared to act in front of her.

Wang Ziji hated this kind of pretense the most. So the moment her words fell, she shot forward again.

A seal crossed the sky and turned into a majestic mountain, with hundreds of millions of rules and laws of divine light hanging down from it, pressing down towards Ying Shuang.

Seeing this scene, his expression was indifferent at first, and he felt that he had to be calm like Ying Shuang, but his expression changed a little.

He didn't expect that Wang Ziji wouldn't play according to the routine at this time, and she didn't ask any questions and directly made a move.

This caught Ying Shuang a little off guard. At this time, shouldn't Wang Ziji frown and ask him for his reasons?

Then he would maintain such an unpredictable expression, first bluffing her so that she was not interested in attacking him.

But now, the sacred mountain, which was condensed by laws and order was pressing down and was about to hit him on his head.

"Little Lord....."

The expressions of everyone of the Heavenly Emperor Mountain changed suddenly, and they wanted to fight against this blow, but they couldn't resist, but they were hit by its after effect, making them vomit blood and scatter.

Ying Shuang, who was the first to bear the brunt, looked even more miserable, and half of his body exploded directly.

If it wasn't for his physical strength, he wouldn't have been so injured by this blow.

"If you're going to keep feigning weakness, then I'll fulfill you..."

Wang Ziji had a faint smile on her face, but the words she said made everyone from Emperor Mountain pale. Could it be that they had to leave as soon as they entered the Heavenly Extinction Battlefield?

They couldn't even get a place in True Immortal Academy.

At this time, they hoped that Ying Shuang would make a move, and not show weakness.

"Young Master, don't hold back anymore, let's take action at this time."

"If you don't do it, we will lose all of the reputation of Emperor Mountain. Maybe even the quota for True Immortal Academy will be lost at this time..."

They opened their mouths one after another, hoping that Ying Shuang would quickly show his true skills, and stop acting like this, it was too humiliating.

"Brother, what are you hiding at this time..." Ying Yu was also extremely anxious and shouted at Ying Shuang.

She felt that since Ying Shuang had taken action just now, it meant that he had a solution.

"..."

Hearing everyone's words, Ying Shuang was really suffering and sad. If he really had a way, why would he be beaten and not fight back, and it was so miserable.

Although he had learned a lot of the unique inheritance skills of Emperor Mountain during this time, he was not at all comparable to Ying Shuang who had cultivated for decades.

How could he fight Wang Ziji?

However, just as the expressions of everyone from Heavenly Emperor Mountain became even paler, faint ripples spread in the void.

Immediately afterwards, a young figure stepped out of it.

"Holy Maiden Ziji, why don't you give this Gu some face and stop first? I believe there may be some misunderstanding in this matter."

It was Gu Changge, he glanced at Ying Shuang and the others with a somewhat surprised expression, then stood in front of them, and said to Wang Ziji.

"Gu Changge!"

"It's him!"

"He actually came to the Heavenly Extinction Battlefield?"

A group of young beings nearby saw Gu Changge, and their expressions couldn't help changing suddenly. They were very shocked and fearful, and many people's eyes flashed with obvious awe.

They never thought that Gu Changge would suddenly come here.

Chapter 256-1: It cant be washed off at all, He is more dangerous than the inheritor of demonic art (1)

"Young master Gu."

Ying Yu was also startled, and her silver eyes widened. She didn't expect Gu Changge to come here and stand in front of them. It seemed that he was going to provide help again.

"Greetings, Young Master Changge!"

Many people of Heavenly Emperor Mountain were not stupid at this moment. Seeing that Gu Changge made a move, it seemed that he was about to clear the doubts. Especially the man in black, Agu, his expression was even more excited.

Emperor Mountain and Gu Changge should be on opposite sides. But at this time, he was willing to stand up for them.

This reminded him of the last scene in the pavilion. If it wasn't for Gu Changge, they would have already aroused public anger.

Young Master Changge is indeed a generous and natural person, no wonder so many young Supremes willingly follow him.

"Miss Ying Yu." Gu Changge turned back, looked at Ying Yu who was a little surprised, nodded slightly, and responded with a smile.

His voice was as flat and warm as always, making people feel like a spring breeze, and it was hard to find anything wrong.

"Gu Changge..."

With half of his body exploded, Ying Shuang, who was slowly healing, trembled slightly. He couldn't help but feel a terrifying chill, and his hands and feet were even colder than before.

This was the first time he saw Gu Changge. He had only heard it in rumors before.

When he was the boy who fed the horses, he heard about Gu Changge from Miss Yin Mei and knew that his voice held power.

The power and energy he possessed made Miss Yin Mei admire him. Speaking of which, the person he was most envious of at that time was Gu Changge.

The second was Prince Ying and Emperor Ying. He would rather face Wang Ziji, the descendant of Human Ancestor Hall, than Gu Changge.

Although this guy had a smile on his face and looked like jade, pure and unparalleled, but his level of fear was far more than a thousand times that of Wang Ziji.

This was his intuition. Gu Changge probably already knew his biggest secret. That was why he never dared to face Gu Changge directly.

Moreover, Ying Shuang felt that the timing of Gu Changge's appearance was too coincidental. All of this seemed to have been deliberately arranged by him and Wang Ziji.

"Gu Changge, do you want to stop me?"

Wang Ziji's expression was a little surprised, but she didn't expect Gu Changge to appear suddenly.

She also thought that he would honestly hide in the dark and plan to watch the show or something. Since he wanted to show up, why didn't he talk to her before?

Or was it that Gu Changge was actually taking advantage of her? Or was it just his sudden decision?

Wang Ziji felt that it was necessary for Gu Changge to know that although she was tempted by him, it did not mean that he could lead her by the nose in everything.

"How about stopping today's affairs? As for Prince Ying being the inheritor of demonic art is still up for debate."

Gu Changge didn't know what Wang Ziji was thinking, but he still had a smile on his face, "Holy Maiden Ziji, I hope you give me some face."

"I won't." Wang Ziji shook her head, her expression seemed a little cold, and she turned to Ying Yu, and said with a little interest, "Could it be that you are interested in this girl that's why you are protecting her many times? Can't Brother Gu not see such an obvious abnormality in Prince Ying?"

She also didn't know why Gu Changge, who had always been indifferent and ruthless, did this. Was he acting? But why did he act for Ying Yu, and what was his intention?

Wang Ziji felt that she couldn't guess what Gu Changge was thinking, and he was too elusive.

"I just think that there is something strange about this matter. Of course, Miss Ying Yu's temperament is indeed more straightforward, and I don't want to see her being implicated for no reason."

Gu Changge stood in front of Wang Ziji with a calm expression. His words surprised Ying Yu behind him, and then she thought of something, and her face couldn't help but turn a little red.

On the contrary, Ying Shuang's expression became a little gloomy, but it was only fleeting. He quickly recovered his calm appearance and one could not see any emotions.

During this period of time, he had practiced his acting skills.

"Okay, since Young Master Gu Changge said so, what else can I do? I guess I won't be able to beat you then."

Wang Ziji became carefree at this time and was a little helpless.

Gu Changge's sudden reversal caught her off guard. But considering that this man's character was like this, she didn't have much to say.

After all, in the current state, according to the words from the previous life, it was equivalent to her chasing Gu Changge, so what if she accommodated him?

And she was telling the truth, if Gu Changge insisted on protecting Heavenly Emperor Mountain and others, with her current strength, she might not be Gu Changge's opponent.

Gu Changge was far from being as simple as it seemed. Sometimes she wondered whether Gu Changge's identity might be a hidden boss.

"Thank you. I'll remember this favor." Gu Changge's voice was a little more smiling.

"What..... No, no, you are being polite, I'm really not used to it." Wang Ziji waved her hand, a little disgusted.

Gu Changge's tone made her feel uncomfortable, but thinking about it, was he a little moved now?

Thinking this, her figure moved and disappeared like blue smoke, and soon disappeared.

The people nearby looked at this scene with different expressions, while some were feeling envy.

It seemed that the relationship between the descendant of Human Ancestor Hall and the young master Changge seemed to be very good, and they were very close, otherwise, they would not communicate in this way.

The descendants of Human Ancestor Hall were high above and had a detached status.

Not to mention that there was the Ancient Immortal Wang family behind Wang Ziji.

It was hard for ordinary people to see her like this, and they only had the opportunity to see her because of the Heavenly Extinction Battlefield. The place where many younger generations had gathered.

As for the suspicion that Gu Changge was acting with Wang Ziji? Except for Ying Shuang, no one had thought about this.

Gu Changge thought about this, so he didn't mention it to Wang Ziji in advance, just because he didn't want any flaws.

"Thank you, Young Master Gu for clearing the doubt."

"Thank you, Young Master Changge, for clearing the doubt."

After seeing Wang Ziji depart, everyone from the Heavenly Emperor Mountain couldn't help but breathe a sigh of relief.

If there was nothing wrong with Ying Shuang. They won't be as embarrassed as they were today.

Usually, Heavenly Emperor Mountain was a sacred place for all the Ancient Clans. It was revered by all Clans. Who didn't worship it? It could only be said that they were too unlucky. Wang Ziji, regardless of identity or strength, was at the top of the bunch, and was completely unstoppable.

"No worries. However, when I saw you today, Brother Ying's state didn't seem right?"

Gu Changge waved his hand and looked at Ying Shuang, who was recovering from his injuries, with scrutiny on his face.

Ying Shuang looked very uncomfortable by his expression but still tried to maintain a calm face.

"Greetings Brother Gu."

He bowed slightly to Gu Changge and said, "Thank you Brother Gu for your kindness today, if you need something in the future..."

"No need." Gu Changge interrupted him with a smile, "Brother Ying is in such a state, I don't think there will be such a day."

Ying Shuang's expression froze, he didn't expect him to be so direct, and he didn't give him face at all.

It seemed that Gu Changge didn't seem to be too cold to his brother. Ying Yu spoke quickly and said softly,

"Young Master Gu, thank you for your kindness. You have helped many times. If you need it in the future, just let me know. As long as it is within my power, I and Heavenly Emperor Mountain, will do our best."

She felt that Gu Changge seemed to be looking at her face, so she made a move. It was he who informed her of the location of the Heavenly Extinction Battlefield, and it was him who helped clear the doubts.

She would not believe that Gu Changge had no intentions in this.

"Speaking of which, this happened because of me. If I hadn't told you the entrance to this place, you wouldn't have encountered Holy Maiden Ziji."

Seeing that Ying Yu seemed to have something to say but Gu Changge spoke again and explained.

"The main reason is that I'm afraid of being misunderstood by you. I think I told you that the entrance was obtained by someone else. As a person, I don't like being misunderstood."

Hearing this, Ying Yu and the others were a little stunned.

Chapter 256-2: It cant be washed off at all, He is more dangerous than the inheritor of demonic art (2)

"I see. Young Master Gu is worrying too much, we are not the kind of people who care about the belly of a gentleman with the heart of a villain."

They spoke quickly. Ying Shuang's heart became more and more gloomy.

It turned out that it was Gu Changge who told them about the entrance to the Heavenly Extinction Battlefield. He really didn't feel at ease, and now he came to pretend to be a good person again.

However, Ying Yu still looked very confident.

"Brother Ying, did you switch to a different cultivation method? In my opinion, your current strength does not match your age and talent."

At this moment, Gu Changge suddenly looked at Ying Shuang and asked in surprise, "I don't think you are showing weakness on purpose, or is there something wrong with your cultivation? For example, something happened to your soul during cultivation..."

"Some kind of cultivation 'Accident'?"

Hearing Gu Changge's words, everyone was a little surprised.

Ying Shuang was a descendant of Emperor Mountain, and he had learned too many magical powers. Was there any cultivation in this world that was worth his practice?

But in the next moment, they thought of the recent rumors, and their expressions suddenly changed *'forbidden demonic art'*!

These words were like an invisible mountain of terror, pressing down on their heads, almost making them unable to breathe.

"Brother Gu, what do you mean by that? Why would I switch my cultivation?"

Ying Shuang didn't expect Gu Changge to be so straightforward, so he almost didn't ask him if he had cultivated forbidden demonic art, which made him look a little ugly.

But he calmed down and asked rhetorically. On the contrary, the words that there was a problem with his soul made his heart skip a beat, and his legs almost went weak. This was his biggest secret.

Gu Changge really knew, that was why he said it like this.

"Oh, that looks like I'm overthinking it." Gu Changge smiled casually.

"My brother did tell me that there was a problem with his soul during cultivation and he lost a part of his memory..."

At this time, Ying Yu, who faintly felt that something was wrong, couldn't help but mutter, her eyes suddenly seemed to have silver light emerging, one after another, with a sharp aura.

"What?"

"Anything else?"

Everyone from Heavenly Emperor Mountain was extremely surprised. It was the first time they discovered this news, and they looked at Ying Shuang with incredible eyes.

What the hell happened during this time? Gu Changge's expression suddenly became interested.

Ying Shuang also knew that this matter could not be concealed, and simply nodded and said, "When I was cultivating some time ago, something went wrong and I accidentally cut off a part of my memory..."

The weapon in his soul was still there. Therefore, Ying Shuang was very calm and was not afraid of being suspected of his true identity. After all, it was a symbol and recognition of his identity, and it was a fetish refined by Emperor Ying.

Since he explained this, who could doubt his true identity? Even Gu Changge, who knew his secret, would not be able to reveal his origin at this time.

After listening to what Ying Shuang said. The expressions of everyone from Heavenly Emperor Mountain became cloudy and uncertain. Ying Shuang had never mentioned this matter before.

Now that he suddenly said this, what was he planning? It was just a last resort.

Forbidden demonic art!

Almost in an instant, they thought of these three words, and a storm surged in their hearts.

Earlier, they had always felt that Ying Shuang was wronged.

But now all these signs were showing that he was inseparable from the forbidden demonic art.

Ying Yu couldn't help but feel a chill on her back.

Ying Shuang was hiding too deep, he really intended to drag the entire Emperor Mountain into this muddy water.

It was almost time to see the real show. With a smile on his face, Gu Changge also got up to leave without saying anything more.

"Young Master Changge, be careful!"

"For today's great kindness, we all are deeply grateful!"

Everyone from the Heavenly Emperor Mountain started to speak, and they were extremely grateful to Gu Changge. Not only did he help them but now they were awakened.

Gu Changge smiled and mentioned it kindly, "Oh right, Brother Ying, please pay attention, Holy Maiden Ziji can come at any time. She's not as reasonable as this Gu."

He took one step, the void was blurred, and he had already left this place.

It seemed that he came here just to be a peacemaker, and to ask Ying Shuang something by the way.

Of course, Ying Shuang was indeed overthinking.

Gu Changge had no intention of revealing his true identity at all. For Gu Changge, whether it was Ying Shuang or the little horse feeder servant, it was the same, and they all took the blame for him.

His purpose was just to let Ying Shuang take the suspicion of the inheritor of demonic art for a little longer! To the point where it was like coal that could never be washed clean.

But Ying Shuang had been worried that Gu Changge would reveal his identity. As for whether it was inheritor of demonic art or something, for him, it was not as important as his current status.

"Ding, the Son of Luck, Ying Shuang, was suspected by the Emperor Mountain, and his Luck was greatly damaged..."

The sound of the system in his mind kept coming. Gu Changge's smile grew even stronger.

"What does Gu Changge mean? Is it because after knowing that he can't reveal my identity, I retreated in spite of the difficulty?"

After seeing Gu Changge disappear, Ying Shuang could not help but let out a sigh of relief, but his back was already wet with cold sweat.

This man was really scary! He obviously didn't attack, but it gave an unparalleled terrifying pressure. He did not know that the people around him from the Heavenly Emperor Mountain had changed their eyes, showing expressions of fear, and doubt.

Even Ying Yu was wary of him. The rest of the young existences nearby also had different expressions at this time, and their eyes flickered.

They naturally listened to what Gu Changge and Ying Shuang said just now.

The inheritor of demonic art!

Now it seemed that Prince Ying Shuang was inseparable from these words, even if he had been trying his best to hide it, he had not shown any fluctuations of the forbidden demonic art couldn't be washed!

.....

"After watching this for so long, isn't it time to come out?"

After leaving the area where Ying Shuang and the others were, Gu Changge's figure appeared from the deserted peak, and he couldn't help but calm down.

"So that was your purpose." Wang Ziji's figure appeared behind him. Her expression was strange and surprised.

In fact, she didn't leave very far, and kept watching Gu Changge's actions secretly, wondering what his purpose was.

Therefore, she also saw that Gu Changge made Ying Shuang say a lot. And these words were enough to make Ying Shuang no longer able to clear the identity of the suspected inheritor of demonic art.

This made her feel astonished as a transmigrator. Gu Changge's methods were far more amazing than she thought.

This man was even more dangerous than the inheritor of demonic art!

"What is Holy Maiden Ziji going to do next?"

At this time, Gu Changge changed to a thoughtful look.

"I'll naturally wait for Prince Ying to reveal his intentions, and then solve it together. But this matter, I am afraid that it has to be handed over to Jiang Chuchu."

Wang Ziji thought for a while and replied that most of the reason she did it just now was just to vent her anger. If she really wanted to deal with the inheritors of demonic art, she felt that Jiang Chuchu was more professional.

"But Jiang Chuchu went to the land of Heavenly Extinction all alone, and I don't know what to do now. How about we go find her? It seems dangerous."

Wang Ziji thought for a while, and asked worriedly, she didn't know what the relationship between Gu Changge and Jiang Chuchu was like.

Logically, the two of them had met twice.

Many people even thought that Jiang Chuchu and Gu Changge had a very good relationship, otherwise she would not have expressed her admiration and respect for Gu Changge many times in the outside world.

But when she mentioned Gu Changge in front of Jiang Chuchu, Gu Changge's expression was very cold, and it was many times colder than usual.

"Oh, since that's the case, then Gu will not intervene after that."

Hearing this, Gu Changge shook his head, as if he had other things to do.

He found a few ancient monsters with good talent, knowing that they were also in the Heavenly Extinction Battlefield, so he intended to take the opportunity to break through to the middle stage of the Sacred Realm.

[Chapter 256-3: This guy seems to be the Sea King, An Ancient freak from the Golden Unicorn family \(1\)](#)

The jet-black aura of Absolute Heavenly Extinction spread between the heavens and the earth, making the whole space look gloomy.

In the distance, there were fluctuations of battle, and there were creatures with dark eyes who were fighting against the young cultivators. The aftermath was very terrifying, and the black fog was so thick that the surrounding area of thousands of miles was affected.

The young creature that was attacked was very extraordinary, and its fighting power was very strong. However, it did not affect their arrival.

There were actually quite a few such scenes on the Heavenly Extinction Battlefield right now, and many battles had been breaking out.

The quota of True Immortal Academy had made many younger generations crazy.

Even Gu Changge and Wang Ziji, who were recognized as the most powerful of the younger generation, still needed to kill these creatures in order to gain points and enter the True Immortal Academy to cultivate.

So there was no such thing as going through the back door and relying on relationships. At this time, all beings were equal, and as long as they had points, they could enter the academy to cultivate.

"Since Brother Gu said so, then we have to split temporarily."

On the top of the depleted mountain, there were many strange stones with strange appearances. The two of them stood side by side, like a pair of immortals.

Wang Ziji was wearing a long light blue dress, with her hands behind her back, smiling, the air around her was ethereal and clean, showing flawlessness and perfection.

She had a special aura on her body that attracted the spiritual energy of Heaven, and her whole body was filled with the energy of Immortal spirits, as if she could fly away at any time.

Sometimes even Gu Changge couldn't help but want to swallow her up. This kind of breath was not only as simple as the Immortal spirit, but there was another spirit in her body.

Gu Changge guessed that it was her golden finger or a companion. But he just thought about it, Wang Ziji's methods were hundreds of times more difficult than those Ancient freaks.

Moreover, Wang Ziji would not affect his follow-up plans. Gu Changge thought that he had not yet reached the point of madness.

Although Wang Ziji had plans on him, why didn't he have plans for Wang Ziji? This person was greedy for his body and wanted to attack him.

Gu Changge wanted to see who would attack who in the end. At the moment, he couldn't help but smile and said, "The Heavenly Extinction Battlefield is not too big, maybe we will meet again someday. Also, thank you for what happened just now. If you didn't give me face at the time, I might not be able to step down."

Wang Ziji didn't know if he really thanked him, or if he was just talking on the surface.

At this time, she still said with a smile on her face, "Even if Brother Gu really wants to thank me, then that's fine. You owe me a favor, and you can remember it later."

Gu Changge smiled and said, "Okay, then I'll leave first."

Seeing Gu Changge talking like this and not paying much attention to Jiang Chuchu's affairs, Wang Ziji didn't ask much. She was just a little curious why Jiang Chuchu's expression towards Gu Changge was extremely cold.

This was very different from the Jiang Chuchu she knew well. As a woman, she had a natural instinct for this kind of thing.

Especially after being nurtured by various dog-blood episodes in her previous life, she always felt that this matter was a bit resentful of women.

It was very difficult for a man like Gu Changge to be tempted by any woman. The surface was gentle and jade-like, but it was nothing more than disguising the indifference in his heart.

Of course, she didn't know what happened between Gu Changge and Jiang Chuchu. The descendant of the Human Ancestor Hall who walked outside some time ago was actually a fake arranged by Gu Changge.

"Then we will part for now," Wang Ziji replied with a smile.

Gu Changge nodded. Then, with a hum, he took a step forward, his figure disappeared, and he appeared thousands of miles away in an instant.

Even Wang Ziji couldn't keep up with his speed at this time.

"This guy... He is so elusive why is he not interested in me...? Am I not attractive enough?" Wang Ziji couldn't help rubbing her eyebrows.

It was the first time in her life that she felt tempted by someone. But Gu Changge's attitude made her think that he didn't seem to be interested in women, as if he was chasing supreme power.

But judging from Gu Changge's many actions, this was not the case.

He easily got a good impression on that Ying Yu.

"This guy seems to be like the Sea King. Forget it, the more I think about it, the more headache I get. I don't believe this guy's heart is made of rock..."

Afterward, Wang Ziji left this place. She planned to venture deep into the Heavenly Extinction Battlefield immediately.

And now, Jiang Chuchu seemed to be trapped in there. Her life and death was unknown.

.....

"Master, this area has been occupied by us, and the Heavenly Extinction creatures in it have been cleaned up. Most of the cultivation bases are around the False God Realm, and there are very few True God Realm..."

On the other hand, after Gu Changge and Wang Ziji separated, he went to find his followers. At this moment, Ye Han was respectfully reporting on their gains after entering the Heavenly Extinction Battlefield.

"It seems that our area is on the periphery, and the real powerhouses are still located in the depths."

Gu Changge nodded, his eyes swept away the area of tens of thousands of miles, there were no other young creature to be seen.

After all, because of his name, those people would not dare to stay here for a long time unless they wanted to offend him.

The rest of the followers also had the corpses of Heavenly Extinction creatures in their hands, waiting to leave this place and go to the True Immortal Academy to exchange for points.

A place in the True Immortal Academy required a lot of points, and it was completely insufficient for beings in the False God realm.

However, Gu Changge didn't intend to ask for these points in their hands. For him, it was enough to just go to the depths and kill a Quasi-Sacred Realm creature casually.

The purpose of his coming to the Heavenly Extinction Battlefield was not for the quota of the True Immortal Academy. He had to make some arrangements.

There were still a lot of things to do, and there was no time to waste on killing Heavenly Extinction beings.

The jade pendant he gave to Wang Ziji actually had his seal on it. Wang Ziji probably didn't notice it.

So Gu Changge planned to let her go to find the way for him first, and then he would find a way to sneak into the land of Heavenly Extinction and see if he could find the core of the Absolute Heavenly Extinction.

As far as he knew, the existence of Absolutely Heavenly Extinction was inseparable from the core area that existed when it was born.

For countless years, the outbreak of the Absolute Heavenly Extinction involved many worlds, and the almost incomprehensible devouring power was enough to make all existences fear it.

In the core area, there was the original substance that gave birth to the absolute Heavenly Extinction.

Gu Changge planned to devour it with his Great Dao treasure bottle. It was not impossible, and there was also an almighty Destiny Value. For these, Gu Changge had made a lot of preparations.

In addition, the Heavenly Extinction aura in the depths of the land of Absolute Heavenly Extinction was very strong, and ordinary creatures couldn't stick to that kind of place at all as they would be swallowed by the Heavenly Extinction aura on the way.

Gu Changge was not worried about any strong existence that would get in the way of his plans. The scope of this Heavenly Extinction Battlefield in front of him was quite large, but the area occupied by Ye Han and the others was actually still small.

So Gu Changge thought about it and intended to cover their ears and simply instructed.

"Well done, but with this amount of points, it's still far from enough. This is my token, if anyone dares to interfere next, use it to notify me. I'll leave this place for a while."

After saying that, he threw the token in his hand to Ye Han. His identity was very special, many people were staring at him, at this time if he wanted to do something, it would be very troublesome.

So Gu Changge planned to take off his shell in gold, using the excuse of leaving the Heavenly Extinction Battlefield, so that fewer young existences would pay attention to him.

When the time comes, there would also be much less trouble. Seeing this scene, the rest of the followers couldn't help but be envious, being able to get the token given by the master meant that Ye Han was highly valued.

They did not have such an honor. Ye Han was also excited as he respectfully accepted the token, and hurriedly said, "Master, please rest assured, this subordinate will definitely complete the task you entrusted to me."

Gu Changge nodded, "I'm still at ease with your work."

Saying that his figure left this place, and he quickly disappeared without a trace.

“I wonder what the reason is for the master to leave the Heavenly Extinction Battlefield, is there something big going on outside?”

After seeing Gu Changge leave, a heavenly girl with a pretty face couldn't help but ask with some doubts.

“I don't know, the Master's affairs, and it's not something we can ask.”

“It's better to finish what Master has explained first, with Master's identity around, when we encounter a Heavenly Extinction being, not many people would dare to compete with us, this is a good opportunity to enter the True Immortal Academy.”

A few followers next to him smiled and shook their heads, not daring to ask more questions.

Many young existences then did notice that Gu Changge's figure had appeared at the entrance place of the Heavenly Extinction Battlefield.

He seemed to have left the Heavenly Extinction Battlefield and returned to the outside world. This news made many people a little uncomfortable, Gu Changge was now deservedly dominant in the young generation.

Even the Heavenly Emperor's Son, Ying Shuang, could not help but weaken a few chips in front of him.

Now that Gu Changge was no longer in the Heavenly Extinction Battlefield the competition had weakened, frankly speaking, many people were relieved.

But Heavenly Extinction Battlefield was a huge territory, and the area where Gu Changge was located was only a very small area. The news about him also spread only in a small area and did not make a big ripple.

Ying Yu, Ye Langtian, Wang Ziji, and others did hear about it, but each one had a different look and different thoughts.

Chapter 257-1: This guy seems to be the Sea King, An Ancient freak from the Golden Unicorn family (1)

The jet-black aura of Absolute Heavenly Extinction spread between the heavens and the earth, making the whole space look gloomy.

In the distance, there were fluctuations of battle, and there were creatures with dark eyes who were fighting against the young cultivators. The aftermath was very terrifying, and the black fog was so thick that the surrounding area of thousands of miles was affected.

The young creature that was attacked was very extraordinary, and its fighting power was very strong. However, it did not affect their arrival.

There were actually quite a few such scenes on the Heavenly Extinction Battlefield right now, and many battles had been breaking out.

The quota of True Immortal Academy had made many younger generations crazy.

Even Gu Changge and Wang Ziji, who were recognized as the most powerful of the younger generation, still needed to kill these creatures in order to gain points and enter the True Immortal Academy to cultivate.

So there was no such thing as going through the back door and relying on relationships. At this time, all beings were equal, and as long as they had points, they could enter the academy to cultivate.

"Since Brother Gu said so, then we have to split temporarily."

On the top of the depleted mountain, there were many strange stones with strange appearances. The two of them stood side by side, like a pair of immortals.

Wang Ziji was wearing a long light blue dress, with her hands behind her back, smiling, the air around her was ethereal and clean, showing flawlessness and perfection.

She had a special aura on her body that attracted the spiritual energy of Heaven, and her whole body was filled with the energy of Immortal spirits, as if she could fly away at any time.

Ying Yu, Ye Langtian, Wang Ziji, and others did hear about it, but each one had a different look and different thoughts.

Chapter 257-2: 3: This guy seems to be the Sea King, An Ancient freak from the Golden Unicorn family (2)

3: This guy seems to be the Sea King, An Ancient freak from the Golden Unicorn family (Part 2)

.....

"Young master, further ahead is the depths of the battlefield. There are already many Heavenly Extinction beings in the God King Realm in the vicinity, if we go in further, I'm afraid we will encounter beings of the Quasi-Sacred Realm, or even the Sacred realm."

"And the Heavenly Extinction aura there is too dense, I worry that many people will not be able to bear it."

In front of a lake that had long since withered and dried up. A group of beings appeared here and were riding powerful beasts.

The deer, pixie, qilin, etc., the aura was amazing, with clouds under their feet, looking unusually steely and heroic.

The one who spoke at this moment was a young creature with a rhinoceros horn on his head, his strength was True God Realm, and he was also a young supreme.

"No harm, some people follow me into the front, some people stay here and wait, don't let the people behind you to come in."

"The Heavenly Extinction beings nearby are no longer enough for us to kill, if we can meet a Quasi-Sacred Realm being by then, it will save us a lot of trouble."

"I heard that Gu Changge has already left the Heavenly Extinction Battlefield, this is my chance to crush him in terms of points! The number one of the younger generation is not that easy to be!"

The young master he spoke of was a tall young man, very handsome, wearing a golden robe.

His golden hair was as bright and dazzling as the sun as if it was flowing with gold, and his eyes were also golden as if they were two small burning suns.

In particular, there were two golden dragon horns above his head, in the flow of some kind of Dao rhythm divine might, very extraordinary. But he was not a dragon rather the young master from the Qilin family, or more rarely seen Golden qilin.

The Qilin son, an Ancient freak sealed to this day, his cultivation had reached the Quasi-Sacred Realm.

His father was a Qilin Demon Emperor, who was once dominant in the Demon Realm, and the cultivation world. Although he had never ruled the Demon world, his own power had made many Ancient races afraid of him.

He inherited his father's horrific talent, and now, at the age of just over twenty, he already had such strength. Even if it was not sealed, he could still be proud of his strength among his peers.

Moreover, the Golden Qilin had a special talent that could tend to good fortune and avoid disasters, and in some ways, it could even reach the point of foreseeing the future.

Although many powerful existences, after reaching a certain Realm, could peer into the long river of time and notice the scales of the future.

But they would also suffer a backlash. The Golden Qilin, however, would not have such a situation, and in a way, this was a clan beloved by heaven and earth.

At this moment, hearing him say this, a group of his followers nodded, a part of those who knew it was difficult to continue to move forward stayed behind, while most of them chose to follow.

"Who is it....."

However, just at this moment, his face suddenly changed, and a divine light burst out from his eyes, like a sharp sword, looking at the dome of the sky behind him.

His expression, too, became grave, sensing an uneasy, dangerous atmosphere that enveloped the neighborhood.

This was his intuition, a gift from the Golden Qilin clan. It made his brow sting as if it was pierced through by a steel needle. His head was going to explode. The danger of this one was beyond imagination!

"What's going on?"

"What's wrong with the young master?"

The group of followers behind the Qilin, who had not yet reacted, were surprised and looked behind them in disbelief.

What was there but a miserable and gloomy sky dome?

"Be careful, the one who is coming is not good!"

The Qilin said in a deep voice. Almost instantly, he unfolded a vast star field map behind himself.

Buzz!!!

A terrifying aura, like billions of strands of starlight converging, bloomed here.

This was a sacred weapon, a bright and real star, was refined into it with great divine power, and was now flowing, emitting rumbling and turning sounds.

A star emerged and instantly solidified, draped with chaotic mist, interweaving vast runes in the high sky! It must be said that the Qilin's reaction was too fast.

This action out, feeling himself a few security, he only slightly breathed a sigh of relief, his gaze was cold, staring closely at the distant high sky.

"Since you're here, why don't you show yourself?" The Qilin shouted.

His words also caused a group of followers to be alert, sacrificing all kinds of divine weapons and waiting in a strict position.

"Tsk tsk....."

"The reaction is quite fast, but my Master has ordered me, so today, I will take your origin. Everyone, including you, will not be able to escape."

Along with a chilling cold laughing sound, three terrifying and monstrous figures emerged in the high sky. They were clad in black robes, their bodies were covered in black fog, and their faces could not be seen.

Only their scarlet pair of eyes could be seen, and there was a cold, crazy, bloodthirsty intention in them. The cultivation realm shown by them had made everyone below change their expression, and they even became frightened, trembling all over!

Three Great Sacred Realm cultivators!

The sky trembled, the laws and order were about to collapse, and even the nearby Heavenly Extinction aura became surging.

"Young Master... Is this... Have we offended someone?"

"How is it possible that these are three Great Sacred..."

The expressions of Qilin's followers changed dramatically, their faces turned pale, and some people asked in disbelief.

A Great Sacred Realm cultivator was now an invincible existence. Not to mention that there were three Great Sacred Realm existences in front of them!

With this kind of posture, whoever saw it, would be terrified, their soul would tremble, and they would feel despair.

"Are you with the inheritor of demonic art? I have no enmity with him, why would he deal with me?"

At this time, Qilin's expression was also very solemn, a little pale, giving birth to a strong sense of unease and danger.

But compared to the rest, he was much calmer.

In his golden eyes, the rune disappeared and turned into a terrifying power, trying to gain insight into the origins of these three Great Sacred Realm existences.

From their words just now, he had already guessed their origins. In addition to the inheritor of demonic art, who would take the origin of people?

It was just that Qilin couldn't figure out why the other party would be so daring to send three Great Sacred Realm existences to kill him at such a time.

As an invincible existence under the Quasi-Supreme, there were three of them all at once, which was almost a mortal situation for any younger generation. This made Qilin give birth to a strong danger.

"You are not stupid, but no one can save you today. If you are obedient, you will hand over your origin, and maybe you will be left with a whole body."

"My master is very interested in your origin."

In the sky, a black shadow said with a sneer, his eyes were extremely cruel, showing ruthlessness, overlooking everyone below.

As he spoke.

Boom!!

He attacked, his big black hand stretched out, covering the sky, the talisman was destroyed, and all directions seemed to become dark all at once as if a large continent was covered and pressed down.

Under the might of the Great Sacred Realm, any resistance seemed extremely insignificant.

The other two watched indifferently and didn't make a move, just to prevent someone from escaping here.

Puff!

Almost in an instant, the big black palm fell, and the sound of collapse sounded one after another from below.

Accompanied by the screams, Qilin's followers, even if they had a powerful forbidden weapon to protect themselves, at this time, many people were still unable to resist even for a breath, and they were photographed into a cloud of blood.

Including their primordial spirit and weapons, their body and spirit were instantly destroyed.

"Young Master, help me!"

"We don't want to die!"

Those who survived had some lingering fears, their faces were pale and desperate, and they shouted at Qilin.

"Let's be honest, maybe I'll die happily."

In the shadows, such a cruel and indifferent voice came, like a goddess aloof, looking down on the ants.

"Stop! Aren't you afraid that the forces behind me will know and take revenge?"

Qilin's expression suddenly became ugly and gloomy to the extreme.

He began to urge the star field map behind him, and the stars turned, and the terrifying divine might flowed, and they were about to be crushed down.

But he was only at a Quasi-Sacred Realm, and the gap between him and the real Great Sacred Realm was too great.

The other party just waved it casually, and the rules of the Great Sacred pressed down.

The star field map shattered and terrifying cracks appeared, and the refined stars were directly turned into powder.

"What's there to fear? All of you will die here today, and who would know that we killed you."

The black shadow sneered again, very disdainful, with an attitude of wanting to kill them all.

Chapter 258-1: This Gu will accept your origin, As if he was going to seek justice (1)

"Prince Ying is so cruel! I have never offended him, but he still wants to kill me like this!"

Qilin Clan's Young Master's expression was extremely difficult to see, and he couldn't help shouting again, trying to transmit the voice to a far away area. But the other two Great Sacred Realm existences had very cold eyes, and they shot, directly isolating his voice in this area.

"Prince Ying? You think too much, he is not the master behind us." A black figure smiled coldly and did not admit it.

"At this time, what else do you want to quibble about? Do you think I won't know if you don't admit it?" Qilin Clan's Young Master's eyes were extremely cold.

Then they saw that the place between his eyebrows started to shine with bright brilliance, and there were multicolored lights intertwining as if an ancient god was about to appear.

Buzz!!

His aura was changing rapidly, as if there was an invincible existence emerging behind him. It was an unparalleled Demon Emperor, very vague, accompanied by the sound of footsteps, arriving from a long lost period of time.

The light in it's eyes penetrated the sky and the earth, shattering the universe. Seeing this scene, Qilin Clan's Young Master's remaining followers suddenly cheered and felt hope.

"Young Master still has the means!"

"We still have a chance!"

"Fight them!"

Thinking of this, they took another shot, unleashing another divine weapon, intending to explode themselves, in order to create an opportunity for their Young Master.

The Heavenly Demon Umbrella covered the sky, the splendid war whip that was several miles long, the Heaven-shattering Seal like a mountain, the blood-colored Giant Sword that ripped apart the sky... all of them were dazzling.

Murderous and wild, igniting and trying to self-destruct.

"Is this the Qilin Demon Emperor's life-saving means?"

In the dark shadow's eyes existed a coldness, as if he had expected it long ago, "Thanks to the master for giving me this thing!"

The black big palm print pushed the boundless sideways, pressing down on the many divine soldiers in front, not afraid of its self-destructing power. The strength of this group of followers was only at the level of True God and Heavenly God Realm. In front of the Great Sacred Realm existences, they were indeed no different from ants.

With that said, the other two Great Sacred Realm existences shot again, and the Dao flower bloomed between their eyebrows with the black light fell from it, faintly turning into a treasure bottle that floated up and down.

It was just that this Dao bottle did not really exist. Instead, it was made of runes!

At this moment, with the three Great Sacred Realm existences taking action together, the phantom of the Dao bottle suddenly appeared, that was terrifying as if it was covering the whole world.

Inside it was like a star hanging down, and the wisps of Dao were intertwined, like a black hole, devouring everything!

"This... this is..."

"Great Dao treasure bottle..."

The Qilin Clan's Young Master's face changed color and he recognized the figure floating in the void of the sky.

After that, the Demon Emperor phantom behind him stepped forward, surging, taking the initiative to attack, and fighting the Dao treasure bottle in the sky.

Soon, a peerless and terrifying fluctuation broke out. The divine light filled the sky, causing all the peaks to tremble as if they were about to crack.

This kind of terrifying power, motivated by the three Great Sacred Realm existences together, could even slaughter a Quasi-Supreme existence!

After all, this phantom was not real and had no subsequent support. Although it was absolutely powerful, it quickly became blurred and wanted to dissipate.

"Boom....."

Qilin Clan's Young Master spurted blood, and his complexion suddenly paled.

Then something came to his mind, and he made his decision! He urged the secret technique, knowing that life and death in this battle were unpredictable.

A message was burned by his bloodline and left behind by a secret method. As long as there was a strong member of the Qilin Clan, he would definitely be able to detect it!

"Murderer, Prince Ying!"

At the position between his eyebrows, there was the aura of a divine weapon to revive. It was a small golden cauldron that was floating in his vast sea of ??consciousness.

The Primordial God in it also suddenly became extremely terrifying.

But at this moment!

There were strange fluctuations between heaven and earth, as if someone was walking in time and space, and the sound of footsteps resounded in the heaven and earth.

Immediately after, there were crystal petals blooming in the virtual space.

Boo boo.....

The dark fairy flower took root in the void, and then penetrated many creatures below, and seemed to use it as nourishment to grow.

Puff!

Qilin Clan's Young Master felt a tingling pain between his brows as if it was being penetrated by a peerless immortal sword.

His expression suddenly changed, and at the end of his line of sight, a vague figure appeared in front of him.

The opponent's fingers were close together like swords, like ancient immortal swords, they seemed to fall from the vast universe in a trance, killing him all at once!

"How is this possible....."

"How could it be you... Gu..."

Qilin Clan's Young Master's voice trembled, and his soul almost froze. His expression became horrified, unbelievable, frightened, and even desperate! He never imagined that... all of this was not arranged by Prince Ying.

From beginning to end, Prince Ying was just the one who took the blame. The biggest mastermind, the person who played everyone in the world in the palm of his hand, turned out to be Gu Changge!

This made him tremble, and he felt fear for the first time in his life. Even in the face of death, he could be remain calm.

But... at this time, fear emerged from the depth of his soul. Gu Changge looked at him with a calm expression, without the slightest disturbance. Then, he nodded slightly.

"Brother Qilin has a good way. This Gu will accept your origin."

In the next moment, the terrifying black light fell, like the endless starlight, and instantly drowned the figure of Qilin Clan's Young Master.

"Greetings, master!"

"Greetings, master!"

Seeing Gu Changge appear, the three Great Sacred Realm figures who had ended the battle fell one after another and said respectfully behind him.

They were all puppets left to Ye Ling by the Heavenly Lord of Reincarnation. It was just that now, they had been re-enhanced by Gu Changge and had become his demonic puppet.

Gu Changge closed his eyes slightly and did not speak. Qilin Clan's Young Master's talent was indeed unique, seeking good luck and avoiding evil, predicting the future.

It was just that his strength had not reached the point where he could predict the future. Otherwise, it would be impossible for Gu Changge to kill him so easily.

"Let's go."

Afterwards, Gu Changge felt that the Great Dao treasure bottle had digested it, and only then did he open his eyes, and there was a sense of darkness in his eyes.

Pursuing good fortune and avoiding evil was of little use to him. What he valued was predicting the future.

After all, he had also studied and cultivated the power of time, and the power of reincarnation involved years and time.

The ability to predict the future was even more powerful for him. Though with his current strength, he couldn't reach it.

Gu Changge estimated that it would be possible after he breaks through to the level of the Great Sacred Realm. He then moved to find the second target on the list that was now in the Heavenly Extinction Battlefield.

A young king of the Endless Fire Kingdom who had been sealed until now. Yan Ying was a mid-Quasi-Sacred realm cultivator with the talent of devouring fire.

Gu Changge mainly wanted to know what the differences were between his fire-devouring talent and his forbidden demon technique. In the blink of an eye, several days passed.

The vast Heavenly Extinction battlefield was calm and quiet, and nothing big happened.

In the past few days, there had been several other places where Heavenly Extinction battlefields had been discovered, and many young existences from the outside world had rushed in.

The young existences from far away places also rushed to come here, even Yue Mingkong also rushed to come.

The Heavenly Extinction battlefield she eventually went to was not the one where Gu Changge was. During this period, the entire Southern Heaven became more and more lively.

In the Outer Realm.

Inside a pavilion, a group of living beings with frightened faces and trembling souls, crouched on the ground, their backs all wet with cold sweat, not even daring to raise their heads.

"The young master's soul lamp has been extinguished."

"All of us are going to be finished!"

In front of them was an old man with a clear face, but the old man's expression, however, was gloomy, ugly, and angry to the extreme.

There was even fear, uneasiness, and panic. He was the protector of the Qilin Clan's Young Master.

He did not follow him into the Heavenly Extinction Battlefield because the True Immortal Academy had a rule that the points earned must be based on their own strength. That was why he chose to wait outside.

But he did not wait for the Qilin Clan's Young Master but waited for the news of the Qilin Clan's Young Master's death from the clan.

This was like a thunderbolt that directly exploded in his head, so he was shocked and frozen for half a day.

Why would the Young Master, who had all kinds of life-preserving means, die in the Heavenly Extinction battlefield?

"Something big has happened!"

"No matter what the reason is, I can hardly be blamed, and neither can you guys."

"At this time, I hope that the young lord encountered the dangers of the Heavenly Extinction Battlefield, and not being assassinated"

The old man with a clear face was iron blue, with a horrible aura that simply wanted to overturn this place.

Soon, he disregarded the rules of the True Immortal Academy and forcibly broke into the Heavenly Extinction Battlefield.

The news of Qilin Clan's Young Master's death was no longer concealed, like a shocking wave, causing an earthquake-like horrific stir in the Heavenly Extinction Battlefield, and even in the Southern Heaven.

Hearing this news.

Countless cultivators were shocked and horrified, from head to toe were cold through, and their souls almost froze.

Qilin Clan's Young Master's was a famous ancient freak, many people even thought that it was qualified to compete with Gu Changge and others.

But now, he had fallen in the Heavenly Extinction battlefield. The sensation caused by this matter was too terrible!

In an instant, countless speculations rose in all directions. Many young existences who had already entered the Heavenly Extinction Battlefield were even more uneasy and terrified.

"The murderer, Prince Ying!"

And soon, the protector of the Qilin Clan's Young Master led the way to the area where the great battle had occurred in the first place.

Chapter 258-2: This Gu will accept your origin, As if he was going to seek justice (2)

Here, he perceived the fluctuation of the secret technique left by his Young Master. This was a secret technique that only the Qilin clan could perceive.

Other than him, no one else could perceive it. So in this instant, the face of that old man suddenly became incomparably iron blue and angry, and his eyes were glowing red.

"Heavenly Emperor Mountain, daring to kill my young master, this revenge will never be spared!"

With his angry hiss, horrendous fluctuations roared in all directions, and even the few oldies who had followed him chose to remain silent.

If it wasn't the work of Prince Ying. Why would Young Master leave such a message at the end? About the secret arts of the Qilin clan they had not understood, but it was also clear if there was no evidence, the protector, would not say this.

After all, he couldn't be that stupid to offend the Heavenly Emperor Mountain. Even if the Qilin Clan was strong, but in front of the Heavenly Emperor Mountain, it was ultimately several levels weaker.

Subsequently, many strong people moved out to detect the aura. But they found that the other side was very careful and cautious, they already removed all of the remaining aura, so that they could not detect anything.

But it seemed that they also did not expect that Qilin Clan's Young Master would leave such a sentence.

And soon, this matter immediately stirred up the whole Heavenly Extinction Battlefield, causing everyone to be shocked, appalled, uneasy, and frightened.

Prince Ying!

Today's biggest suspected inheritor of Demonic art. Most likely..... He was the one who killed the Qilin Clan's Young Master!

According to all the signs, the possibility was indeed high that he made a move to kill the Qilin Clan's Young Master.

However, many people associated with the other day when Prince Ying lost in humiliation at the hands of the heir of the Human Ancestor Hall, could it be that he was really showing weakness at that time?

In fact, it was only to let the crowd down their guard, so as to secretly strike. And then within a few days, the second major event happened again, causing a sensation no different from the fall of the Qilin Clan's Young Master.

An ancient young king of the Endless Fire Kingdom, Yan Ying, also fell in the Heavenly Extinction battlefield. His death was almost identical to that of the Qilin.

It was just that there was not any evidence left on the battlefield to prove who did it. These two events were like earthquakes, that almost turned the entire Heavenly Extinction battlefield upside down.

The stir that was created caused countless people to be horrified and frightened. Many young existences who had entered the Heavenly Extinction Battlefield felt uneasy and everyone was in danger, no one knew if they would be the next target.

"How did he dare to strike so openly? Does he really think that the sky is seamless?"

"Or is he not afraid of getting exposed..... at all?"

At a mountain range. Ye Langtian, Ye Liuli, Wang Wushuang, Chi Ling, and the others were silent, and their hearts trembling with fear.

The news in the past few days had really shocked and disturbed them.

They had always felt that Ying Shuang was the biggest suspect of the inheritor of demonic art, and now that such a big event had happened in the Heavenly Extinction battlefield, it could be said that it was inextricably linked to him.

What will be the attitude of Ying Shuang this time?

Would he continue to disguise? Or would he tear the mask and declare war on the world?

This made them tremble and uneasy.

Although the fallen ones were two Ancient freaks, but no one was sure that the next one would not be them.

"Moreover, apart from Ying Shuang, there is another inheritor of demonic art....."

Ye Langtian was even more uneasy.

.....

"You claim that it is related to me, but have you ever seen me strike, these days I have been with my sister, almost every inch of the way."

"Where did you get the evidence that I killed Qilin Clan's Young Master?"

And at this time, in a deserted plain.

The group from Heavenly Emperor Mountain was trying to kill the Heavenly Extinction beings for the True Immortal Academy quota was being stopped by that protector from the Qilin Clan, as well as many beings of the Qilin Clan, coming aggressively.

Ying Shuang stood in front of the old protector and asked with a calm expression, not seeing any stage fright at all. He did not know why somehow the blame was put on his head, and the other side still took the bait that he killed the Qilin Clan's Young Master.

He had also heard about the two major events that happened recently in the Heavenly Extinction battlefield. But he really did not expect the Qilin clan would be so sure that he killed their Young Master.

However, although Ying Shuang was very uneasy, but he also understood that at this moment he could not show the slightest flaw. Otherwise, this blame would be firmly placed on him.

So he argued, after all, Ying Yu and others could give his testimony that he did not leave them half a step. At this time, where would he get the time and opportunity to kill Qilin.

Not to mention whether he had that strength, even the time was not right. This was the first time he saw that someone was framing him, which made Ying Shuang's heart suffocate with anger, but there was nothing he could do.

"Hehe, I know you won't admit it. That's why you're so calm and fearless, right?"

The old man Qing sneered and became even angrier.

In his opinion, Ying Shuang's attitude was that he was not worried at all. He felt that they couldn't come up with evidence, so he had confidence and did not panic at all.

"If you want to frame me like this, you better come up with evidence. I've been with my people from Emperor Mountain all this time, who saw me make a move? You can ask the people behind me!"

Ying Shuang frowned, trying to keep his composure.

But at this time, even Ying Yu and the others behind him changed their expressions, contacting what Gu Changge said some time ago.

Ying Shuang's move was to drag the entire Emperor Mountain into his muddy water. Therefore, even Ying Yu and the others chose to remain silent, and beware of Ying Shuang in their hearts.

After all, what happened last time at the Ancient Immortal Gu Family showed that Ying Shuang had other means. He could send someone else to do it.

So, even if he didn't do it himself, he still had other options. That was why he was so fearless and so calm.

"Don't think that with the Emperor Mountain behind you and your father being Emperor Ying, so you can do whatever you want. Let me tell you, as the inheritor of demonic arts, you will soon become enemies of the world!"

The old man Qing was incomparably cold, and he had already torn his face with Ying Shuang, so he almost took it down without making a move.

At this time, Ying Shuang's expression changed slightly, and he suddenly felt that something was wrong.

The people of Emperor Mountain behind him were also suspicious of him? How could that be? He obviously didn't do anything!

"I'll suppress you today, bring you back to my Qilin family, and wait for the verdict! To give justice to my young master."

After the old man Qing said this, his eyes were cold, and he suddenly shot at Ying Shuang, and the cultivation of the Great Sacred Realm broke out, and he wanted to suppress him.

Ying Shuang's expression changed, and at this time he felt this terrifying oppression. In his sea of ???knowledge, the divine soul weapon that had never changed suddenly appeared bright.

The terrifying atmosphere suddenly burst out here! This was a force that transcended the Sacred Realm, and it was like a supreme being reviving, trying to break through everything.

"How come....."

"This is....."

This scene made the expression of the old man Qing change dramatically, which was a bit unbelievable.

.....

He felt that the Luck point of Ying Shuang was decaying again in the form of an avalanche. Gu Changge, who had disappeared for a while, under the attention of many monks, appeared at the entrance of the Heavenly Extinction Battlefield.

The smile on the corner of his mouth was somewhat intriguing.

"When I was away, something really big seemed to happen."

And hearing his almost murmuring words. A proud woman suddenly summoned up her courage and came to him with a flushed face, and was very nervous.

She stammered and trembled, "Young Master Changge, something really happened during this time..."

Then, she repeated what happened during this time and informed Gu Changge.

In her opinion, Gu Changge was an existence who had fought against the inheritor of demonic arts and severely damaged him.

Only he could make people feel at ease. Gu Changge listened with a slight smile on his face, then his expression gradually became solemn, and in the end, he sighed slightly.

"Brother Qilin... Yan Ying, I have heard about of both of them. I thought they were rivals, and I thought I would have a chance to compete with them in the future."

"I didn't expect to hear such bad news. Thank you for letting me know."

Then, he shook his head, took one step, and disappeared from here.

"Young Master Changge is really as gentle as jade, humble and polite as rumored..."

"His strength is obviously much stronger than Qilin Clan's Young Master and Yan Ying, but he still said that."

"Young Master Changge is back to the Heavenly Extinction battlefield, and the inheritors of demonic art should be afraid and would probably stop for a while..."

This beautiful girl watched Gu Changge go away, and her eyes couldn't help showing admiration. Many young people around her were envious and admired her for daring to take the initiative to talk to Gu Changge.

They didn't have the guts. Soon after, the news of Gu Changge's reappearance on the Heavenly Extinction Battlefield spread.

Many of the younger generations couldn't help but be overjoyed and heaved a sigh of relief as if they had found an invincible backing. Gu Changge first summoned his followers before heading for the area where Ying Shuang was located.

In the eyes of many people, he seemed to be seeking justice for the fallen two Ancient freaks!

Chapter 259-1: The secret conspiracy that would lead him to a dead end no matter what his choice (1)

"Ying Shuang's Luck points have decayed to such a degree. It's really another miracle. Sure enough, that saying is really true, nothing is invincible, let alone the Son of Luck..."

Gu Changge's expression was a little inexplicable as he was suddenly interested.

On his way to the location of Ying Shuang and the others, he kept paying attention to Ying Shuang's Luck points as the system kept prompting that Ying Shuang's Luck points were on the verge of decline.

So he was thinking about whether to secretly help Ying Shuang, so as not to let him die so quickly. He didn't want Ying Shuang to die so early, after all, he still needed someone to carry his blame.

If he died like this, he would have to spend a lot of time looking for the next scapegoat. Ying Shuang was too weak, if he had the means of Prince Ying from earlier, he would not be so passive.

Gu Changge could save a little bit of worry. However, Gu Changge soon discovered that the Luck points of Ying Shuang had risen inexplicably. He guessed that it was because of a series of changes caused by Ying Shuang being regarded as the inheritor of demonic art by the world.

It was very likely that there was indeed an organization behind the inheritor of demonic art. Ying Shuang might have been noticed by them now.

If there was any danger to his life at that time, the real inheritor of the demonic arts' organization might come to rescue Ying Shuang. After all, there had been many inheritors of demonic art since time immemorial, although there was only one person in each generation who practiced forbidden demonic art.

But as long as they were not stupid, they were bound to leave some followers. This saved Gu Changge a lot of effort. At least Ying Shuang couldn't die now. If someone rescued him, it would be even more impossible for him to wash off this blame.

He must wear the hat that belonged to the inheritor of demonic art until the day he died. As for making fakes come true, he could let Ying Shuang have another power.

Gu Changge wasn't worried, because Ying Shuang wouldn't forbid demonic art at all. Sooner or later, that organization would find clues.

"According to the normal trajectory, if there really exists such a forbidden demonic organization, they should be looking for the mysterious person behind Ye Lang, and it should have nothing to do with Ying Shuang."

"I just don't know if there really exists such an organization in the Heavenly Extinction Battlefield, but not that it matter it doesn't exist. I'll help you."

Thinking of this, Gu Changge's smile couldn't help being a little playful.

This scene in the eyes of the other cultivators reflected Gu Changge's expression of concern for the safety of the common people and anxiety in his heart, which made them even more admired.

Swish!

A stream of light ran through the sky as the geniuses and cultivators from all ethnic groups were rushing away. The news that the inheritor of the demonic art was now in the world had spread throughout the Heavenly Extinction Battlefield, causing a huge sensation.

"Brother Gu is back, that's great, when he was not in the Heavenly Extinction Battlefield, it was really disturbing."

"Yeah, with Brother Gu around, the inheritor of demonic art probably wouldn't dare to be so arrogant. I think he only dared to do it after he knew that Brother Gu left the Heavenly Extinction Battlefield."

"Brother Gu still had good intentions at that time and helped them. I'm afraid Brother Gu would never have imagined that so many things would happen in the past few days."

"Alas, if the descendant of Human Ancestor Hall had directly attacked and killed Prince Ying, it is estimated that there would be no such thing now."

"But Prince Ying displayed weakness at this time, trying to hide from everyone..."

At this time, Ye Langtian, Wang Wushuang, Chi Ling, and the others also rode the divine beasts one after another, galloping through the sky, and rushing to the area where he was located.

They talked a lot and felt very emotional, and they didn't contact Gu Changge about this at all.

In their opinion, except for Gu Changge and the descendants of Human Ancestor Hall, it was almost impossible for the younger generation to be the opponent of the inheritors of demonic art. Now it had almost been settled that Prince Ying was the inheritor of demonic art. Even if he wanted to justify and deny it, no one would believe it.

So they couldn't figure out what else they could do to Prince Ying at this time. Was it possible that he planned to drag the entire Emperor Mountain and become the enemy of the whole world?

And even if he wanted to, Emperor Mountain probably wouldn't admit it. The Heavenly Emperor Mountain had their inheritance stretched for countless years, it was impossible for Emperor Mountain to make any wrong move at such a time.

It was very likely that Emperor Mountain would chose to abandon Prince Ying. After all, Emperor Mountain had existed for many years, and Emperor Ying was just one of the Emperors.

It was impossible for the entire Emperor Mountain to become his subordinate. On the day that Prince Ying accepted the inheritance of demonic art, he should have thought of all this.

And soon, Wang Wushuang, Ye Langtian, and others also rushed to the area where the people of Heavenly Emperor Mountain were. It was just that what they saw in front of them really surprised them, and it was difficult for them to come back to their senses for a while.

The brilliance of the sky was enough to drown all the cultivators below the Sacred Realm. Even they, at this time, couldn't help but feel a palpitating feeling, as if they were dream.

"Does Prince Ying really intend to slaughter everyone? Does he think that he is invincible in the whole world?"

So soon, their faces quickly turned gloomy, and they were extremely angry. Wang Wushuang and others even directly activated their respective forbidden artifacts and secret treasures, and went on guard.

They saw a mighty aura emerging in the front, as if an ancient god was revived.

That kind of unparalleled aura was really amazing. The divine chain of laws and order intertwined like a galaxy and were hanging down there, and there was a golden bell floating up and down in the sky.

The golden bell was huge like a mountain range that was stretched across the sky, covering everything. The terrifying power of time flowing on the golden bell, let out a strong aura almost turning everything to chaos.

The incomparably brilliant and terrifying golden divine light, like a mountain, seemed to have penetrated the universe and shattered the sky. Even in the Heavenly Extinction Battlefield, it was difficult to stop that kind of aura as the sky seemed to have exploded.

This scene deeply shocked everyone and made Ye Langtian and others who came here shudder. As a descendant of the Primordial Ye Clan, Ye Langtian naturally knew the significance of the current situation.

But he couldn't figure out why Prince Ying was so bold and dared to use this thing.

"This is the Soul-Suppressing Ancient Bell that had been with Emperor Ying at the beginning. No, it is not just the weapon of the Emperor, but it was also refined by him and reserved for his own children."

"I'm afraid that it's a supreme weapon. The gods in it are like an unparalleled supreme. Who can stop them?"

"This inheritor of demonic art is too arrogant, and he doesn't even admit it until now. Does he really think that with the Emperor Mountain and his father behind him, he can do whatever he wants?"

"The young king of the Endless Fire Nation is said to have been accepted as an apprentice by a Supreme. Now that she is dead here, I am afraid that the Supreme will be arriving soon to demand an explanation."

"At that time, the Heavenly Extinction Battlefield will not be calm, and it will be even more dangerous for us."

Among the depleted mountain ranges, many young cultivators were discussing, and when they saw this scene, they were all angry, and then they looked extremely worried.

At the end of their line of sight, a monstrous aura could be seen rising from the sky. It was a roar from a Great Sacred Realm cultivator; the protector of Qilin Clan's Young Master.

When he shot at Ying Shuang, he felt that something was wrong. There was an unparalleled aura in his body, which almost shattered his soul.

"Everyone who inherits the demonic art will get killed!"

Even if you kill me, someone will still kill you.

At this moment, he was roaring furiously. The majestic Sacred Realm laws were like cracks in the heaven and the earth, symbolizing terror. Under such fluctuations, even ordinary Sacred Realm cultivators would change their expression, and it was impossible for them to withstand it.

When a Sacred Realm cultivator was angry, the mountains and rivers would change their course, the heaven and the earth would lose their color, and the universe would be destroyed. If such a battlefield took place outside the domain, many realms would explode and become dust.

But now, it seemed extremely humble and insignificant. Under the pressure of the Supreme Being, he was like an ant, and there was nothing he could do except for an unwilling roar.

In the next moment, the golden divine light came crashing down, as if the world had been burned down.

The endless power of laws drowned this supreme saint with a puff, and before he could even let out a scream, he disappeared in an instant, and his body and spirit were both destroyed.

"I said that I'm not the inheritor of demonic art, why don't you believe it?"

As the party involved, Ying Shuang's face at this time was even bluer than anyone else's. He stood under the dome of the sky, and the sky was covered with crystals and dazzling lights. The divine light was brilliant, and it was connected to the golden ancient bells in the sky. But it had nothing to do with him.

Chapter 259-2: The secret conspiracy that would lead him to a dead end no matter what his choice (2)

This golden ancient bell would only actively revive itself when he encountered a life crisis. Usually, it was simply difficult for him to activate it.

Now, Ying Shuang only felt that the blame of the inheritor of demonic art had been fastened tightly on his head, and he couldn't take it off like a pluck.

This made him extremely angry, frightened, and uneasy. Who the hell was framing him, and why did he put this blame on his head over and over again.

"Young Master, stop quickly, the sea of hardships is boundless and there is no turning back. As long as the forbidden demonic art is abolished, there is still a way."

"Otherwise, even the subordinates that the Emperor once left behind won't be able to save you."

"You are not only hurting yourself, you are also hurting Emperor Mountain!"

"Young Master, are you still worthy of the title of Emperor? If the Emperor was still here, he would not want to see you become like this..."

Ying Yu, Agu and other people from Emperor Mountain, at this time, all looked regretful, as they all opened their mouths, trying to persuade Ying Shuang to turn him back and stop being obsessed.

Doubt was one thing, now that the suspicion was confirmed, it was totally different matter. This made them extremely worried, regretful, and uneasy...

Why did Ying Shuang go astray?

As the inheritor of demonic art, no matter what time it was, it was a mortal situation. In the end, even his relatives would be implicated, and the whole world would be his enemies, and there would be no good end.

Why couldn't Ying Shuang understand this?

"I said that I was wronged. I'm not the inheritor of demonic art, why don't you believe me... Ying Yu, are you like this too?"

Ying Shuang's expression was extremely angry, staring at everyone from Heavenly Emperor Mountain, especially Ying Yu.

Even his sister didn't believe him, thinking that he was the inheritor of demonic art. This made him feel cold, disappointed, and chilled.

"It's come to this point, brother, why are you still being obsessed? Are you really planning to drag the Emperor Mountain into the water? If you knew that such a day would come, why did you choose it in the first place?"

Ying Yu's expression was full of pain, with struggle, sadness, pity, entanglement... She thought about such a day, but kept hoping that this day would not come. But when it really came, she was at a loss and didn't know what to do.

"Haha, you still thought I was your brother, and you doubted me like this..."

Hearing Ying Yu's words, Ying Shuang's expression suddenly became indifferent. He clenched his fist, and his body was trembling. But in fact, he was angry, aggrieved, and frightened to the extreme.

Ying Yu didn't believe him, which meant that there was no help behind him, and he would face all of the enemies alone. At this time, he would rather go back to feed the horses than encounter such a thing.

Boom!

Suddenly, the Ancient Golden Bell above Ying Shuang's head suddenly burst into an unusually splendid brilliance, with hundreds of millions of golden rays lingering around.

The terrifying pressure swept the heavens and the earth, causing countless cultivators to become terrified. Even the cultivators in the rest of the Heavenly Extinction Battlefield felt a sense of uneasiness and fear from the depth of their soul, and couldn't help but kneel down.

"He's going to kill us all..."

"Desperately fight with him! The inheritor of demonic art, everyone, attack him!"

Everyone looked at Ying Shuang with expressions of anger, hatred, and murderous intent. They knew that they were not Ying Shuang's opponents, but they were not afraid at all, and they were ready to fight against him.

Ying Shuang was too arrogant. Just now, in front of everyone, he strongly sacrificed such a weapon to kill a person in the great sacred realm.

"Brother, I really don't want to fight with you, don't forget that I also have the Ancient Golden Bell."

Ying Yu's cold voice was mixed with pain resounded between heaven and earth.

Buzz!!

In the next moment, in the position between her eyebrows, a large and unusual brilliance appeared, in which a strong aura was rising.

The terrifying phantom suddenly solidified under the sky. It was also the Ancient Golden Bell, exactly the same as Ying Shuang's, and it was also refined by the original Emperor Ying.

It was just that Ying Yu activated it by a secret method, and it was not its active recovery. There was an essential difference between the power and the Ancient Golden Bell above Ying Shuang's head.

"You also want to kill me? Why is it that you still don't believe my words?"

Seeing Ying Yu's actions, Ying Shuang was stunned, and his eyes widened. His expression turned into a bit of disbelief, as if he didn't want to believe that Ying Yu would attack him in the end.

"You've killed a lot of people, stop now."

Ying Yu's voice was filled with regret and struggle. As she said that, the position between her eyebrows exuded a dazzling glow.

Seeing this, Ying Shuang also knew that it was useless to talk too much, and he had nothing to say and couldn't justify because of this blame.

At this time, the only thing he could do was to find a way to survive! And soon, the two Ancient Golden Bells were fighting in the sky. The fluctuations were as turbulent as the vast ocean, and the scene was extremely frightening, as if it would shatter the sky.

The terrifying laws and order, and the divine light were extremely chaotic, and there was an amazing scene like the cracking of the sky. Even some stars outside the realm were swept by this divine light, and then fell down and turned into dust in mid-air.

The chaotic dust fell from outside the domain and drowned it all. Many creatures were too late to escape and died directly under this aftermath. Just like the Great Sacred Realm cultivator from earlier, they didn't even have time to let out a scream, and their body and spirit were both destroyed.

For a while, this place turned into a purgatory-like scene on earth. Many young beings were rushing to come here, but they were swept away by the burst of divine light in the middle, and they exploded in an instant, turning into a cloud of blood.

"Run away, Prince Ying has gone crazy, he is going to kill everyone, he is planning to be enemies of the entire world."

"Go back and report to the clan, the inheritor of demonic art is here, and he wants to kill everyone!"

Everyone was terrified and kept running for their lives everywhere, accompanied by incomparable despair, panic, and anger. Judging from this move, Prince Ying really intended to kill everyone and destroy everyone here.

After today, probably, there would be no place for him in this world. So thinking of this, Prince Ying decided to drag everyone to be buried together at this time.

"No, let's run away. Prince Ying is planning to self-destruct. Even if he dies, we will be dragged down!"

Wang Wushuang, Ye Langtian and the others suddenly changed their expressions.

Although they were backed by the Ancient Ye Clan and the Ancient Immortal Wang Family, they didn't have the amazing means of prince Ying.

Was supreme weapon something that ordinary people could have? If they didn't run at this time, they would just die here like everyone else.

Buzz!!

But in the next moment, a strange fluctuation suddenly emerged from the heavens and the earth, which made everyone's expressions change, and they felt a strange power that enveloped all directions.

"Tsk tsk... I'll see, who dares to escape! Even if Heavenly Emperor shows up, no one can save you! Everyone is going to die here today. We have always been hunted and killed by people since time immemorial."

"I didn't expect that there would be such a day. Karma really turns around. The descendants of this generation sure have the courage."

Accompanied by a sneering sound. Everyone who was fleeing to heaven and earth was startled, and they couldn't help but feel cold all over, and even their souls were trembling.

In the void, three terrifying figures suddenly appeared. They were shrouded in black robes, surrounded by gray fog, their eyes were cold, cruel and bloodthirsty.

Their aura was impressively the Great Sacred Realm, with the laws of Great Sacred Realm intertwined around them, so powerful that they could easily crush everyone here.

"This....."

"How is this possible!"

"This must be fake, how could there be a Great Sacred Realm existences hiding in the dark. Not to mention, there are still three, this is driving everyone to a dead end!"

Seeing this scene, everyone was dumbfounded, and then they reacted and couldn't help but feel cold.

Their face turned pale, their souls trembled, and they were desperate to the extreme. In the dark, there were still people hidden, and suddenly appeared at this time?

Moreover, there were still three terrifying Great Sacred Realm existences! With their single palm, everyone here could be wiped out.

"Descendent, please rest assured, no one can leave here alive today."

At this time, the three Great Sacred Realm existences who suddenly appeared, in the despair and fear on everyone's face, saluted Ying Shuang and said with a very respectful look.

"This....."

At this time, Ying Shuang was also a little shocked, and even became dazed. Then, there was a burst of ecstasy. It was really a no-brainer.

He even wondered if the previous Prince Ying was indeed the inheritor of demonic art, but after he took over, he didn't know that part of his memory.

"No, I'm not the inheritor of demonic art, not from the beginning, someone is trying to frame me on purpose! And the three people in front of me were sent by him. They seemed to help me, but in fact they had another purpose, to make it harder for me to clear my suspicions!"

"Damn, what a cruel heart! It must be Gu Changge. During this period of time, I have never contacted anyone other than him, so I knew he would not be so kind..."

But soon, Ying Shuang reacted, and his whole body was cold, with some despair and fear.

But in response, what could he do?

He could understand all of this, but he couldn't refuse it at all. This was a conspiracy that led him to a dead end no matter his choice.

Chapter 260-1: Bait to draw out the organization in the shadows, This is my advice but it's also a warning (1)

"It's come to this, and even these people have appeared, brother, why don't you admit it? How would you explain this? You lied to us for so long!"

Ying Yu's voice was trembling after seeing the current scene. Her expression was even colder, and she almost believed that Ying Shuang was the inheritor of demonic art.

After all, she had never seen these three terrifying Great Sacred Realm existences before, but they were so respectful to Ying Shuang. The corner of Ying Shuang's mouth was bitter, but, what could he explain? Would it even be useful to explain?

"Little girl, shut up! How can our young lord be someone you can ask for an explanation? You are just courting death!"

Suddenly, one of the Great Sacred Realm existence's eyes turned cold and divine light burst forth. Hearing Ying Yu's words, he seemed very angry and murderous. He directly slapped her with a palm, this was a demonic technique.

The world was gathered in his palm and the laws were infused making it extremely terrifying. Just like a world-destroying millstone, and it was necessary to kill Ying Yu and wipe her out.

The aftermath alone caused many people to explode who were still very far away, and it was completely unbearable. This was an attack from the Great Sacred Realm, but the Quasi-Sacred Realm Ying Yu was not an opponent at all, and any resistance seemed powerless.

Moreover, her Ancient Golden Bell was fighting against Ying Shuang, and it was difficult for her to escape for a while to protect her.

"Miss....."

"No, protect Miss!"

The expressions of everyone from the Emperor Mountain changed, and they hurriedly shot forward, trying to resist the blow. But just touching the aftermath, they exploded directly and turned into blood fog.

The majesty of the Great Sacred Realm was boundless, and in front of it, they were no different from ants. The other two Great Sacred Realm existences also made their move, attacking the rest of the young beings.

It was extremely ruthless. It was like piercing the sky and destroying everyone here. This scene made everyone despair, and they only hated why they didn't avoid this place.

For a time, this place became more tragic than before, blood and corpses were everywhere, and many people died there.

"The sky has been pierced, and so many young existences have died, even if Emperor Ying descends, it would be impossible to protect the prince..."

Ye Langtian sacrificed a divine weapon to protect the people behind him, and his expression turned extremely pale.

"Ying Shuang, you are so mad that you even want to kill me, right?"

Facing the palm of an existence at the Great Sacred Realm, Ying Yu's complexion also became pale and desperate, her soul swayed, and she knew that it was difficult to resist. She looked at Ying Shuang, her eyes were cold and unfamiliar.

It was more of the pain from breaking up.

"Stop..."

Ying Shuang opened his mouth to stop the attack from the Great Sacred Realm existence.

But when this Great Sacred Realm existence heard these words, there was only a hint of teasing in his eyes, and he didn't stop at all. He didn't listen to Ying Shuang's words, and he wanted to kill Ying Yu.

"Miss!"

Everyone from the Heavenly Emperor Mountain roared, their eyes were red, and they were so desperate that they didn't expect that their Miss would die today at the hands of her own brother.

After becoming the inheritor of demonic art, Ying Shuang had disregarded family affection, and had become a devil who would ignore everything! Ying Yu couldn't help closing her eyes in despair.

Her greatest life-saving means was the Ancient Golden Bell in her soul. Other than that, there was no way for her to counter this blow.

But in the next moment, the pain she thought did not arrive, but a warm and peaceful voice sounded into her ears.

A terrifying wave broke out in front of her, and the palm of the Great Sacred Realm existence was blocked by someone with a Great Sacred weapon.

"Fortunately, I wasn't too late."

Hearing this, Ying Yu suddenly opened his eyes. She widened her eyes in disbelief.

Suddenly, a young figure appeared in front of her, he was not very tall, but his figure looked unusually huge in her eyes. The eyes were warm and peaceful, the white robe had wide sleeves, and the hair was fluttering.

With a detached bearing, even in front of such a situation, he was calm.

As if the world could be saved.

The person here was Gu Changge, who had been watching the play for a long time and then showed up.

"Master Gu..."

Ying Yu almost murmured these words. She didn't know when, in her silver eyes like gems, his back was etched, and it couldn't be removed for a long time.

"Young Master Changge!"

"Young Master Changge, that's great! We are saved!"

"Young Master Changge has come to save us!"

At this moment, the sky fell silent for a moment, followed by a terrifying sound.

Everyone stared at the figure in the sky, and they couldn't help but be ecstatic, extremely excited, and felt like the rest of their lives.

"Brother Gu is finally here, if you were another half step late, I'm afraid all of us would have died here today..."

"But there are three Great Sacred Realm existences here today, even with Brother Gu, I'm afraid it will be very difficult."

"I don't know how he'll deal with it?"

Ye Langtian and the others breathed a sigh of relief, and couldn't help but smile, they were a hundred times more relaxed than before.

They didn't know when it started, but in their eyes, Gu Changge had become a representative of stability.

With him, all crises could be suppressed. The inheritor of demonic art was no exception!

"Junior, who are you? How dare you seek death?"

Seeing that his palm was blocked, the Great Sacred Realm existence, who was hidden in the black robe, seemed extremely angry.

In its eyes, the golden light seemed to break everything. He stared at Gu Changge, paying attention to the ancient mirror in his hand, with a murderous aura.

It was through the ancient mirror in his hand that Gu Changge resisted him just now. Everyone looked at all this, and hope rose in their hearts.

Gu Changge had many methods.

Since he dared to come here, he must have a way, otherwise, it would be impossible to stand in front of Ying Yu and save her life.

"Gu Changge!"

Ying Shuang was also staring at Gu Changge at the moment, extremely angry, and his eyes were full of killing intent and hatred.

If it wasn't for the difficulty in controlling the Ancient Golden Bell, he would have wanted to kill Gu Changge.

Others did not know. But he knew that all of this was probably directed and acted by Gu Changge, including the attack just now and saving Ying Yu, which he had already planned.

However, Gu Changge didn't care about his expression.

He didn't care about the three Great Sacred Realm existences in front of him and said to himself.

"Brother Ying, why are you obsessed with it? If you just abolish the forbidden demonic art, we might be able to sit down and have a drink and have a good talk. Does it do you any good for you to be like this now? Shouting and fighting, and making everyone in the world an enemy."

"Forbidden demonic art is something that should have disappeared in the long river of time, why do you have such greed?"

Gu Changge sighed slightly, in a very regretful tone.

"Gu Changge, you despicable villain, all of this is your fault. If it wasn't for you, why would I be what I am now? Stop pretending to be a good person there now!"

Hearing Gu Changge's words, Ying Shuang's lungs were about to explode with anger, and he didn't look as calm as before.

At this moment, he could only wish to kill Gu Changge, and he was clearly framed. But now he still looked righteous and awe-inspiring. Why were there such shameless people in this world?

"I know you hate me, but if you don't, there will be more cultivators who will suffer at your hands. Unmasking your identity will indeed make you hate me to the core, but there is no other way. Although I pride myself on not being a good person, I can't do something like this."

Hearing this, Gu Changge just shook his head and looked very helpless.

But soon, his expression became straight and a little cold, "But you shouldn't do anything to kill your peers, even your own sister. Why is there still a heartless person like you in this world?"

"Gu Changge..."

"In this case, only you can say it!"

Ying Shuang was so angry that he almost vomited blood, and his head was about to explode. There had never been a moment like today in his life when he became so angry with just a few words.

In the past, he was very tolerant and would not care about what other people said. But how could Gu Changege be able to endure such a false accusation in front of everyone?

"Don't worry, Mr. Inheritor, we will kill him now!"

"Including him, no one can leave alive today!"

At this time, the three Great Sacred Realm existences opened their mouths in unison, their eyes were very indifferent, they stared at Gu Changege, and began to shoot.

The terrifying might of the Great Sacred Realm was intertwined between heaven and earth.

Some people were even sitting cross-legged in the sky, their figures were blurred, but there were strands of chaotic fog hanging down, strictly preventing anyone from taking the opportunity to escape!

"Young Master Gu, be careful!"

Ying Yu couldn't help but remind him aloud, very worried.

"No problem!"

Gu Changege smiled faintly, and his hands faintly drew a bright fairy light in the air.

This kind of fairy light was extremely amazing, and there was a terrifying atmosphere.

One by one, the order of the laws and the chains of the Great Dao seemed to be intertwined in different worlds, evolving into a furnace that could smelt the heavens and the world!

Many geniuses and creatures in the vicinity were all trembling, giving birth to a feeling of trembling. Primordial spirits were frozen as if everything was about to usher in the end of destruction, being smelted and returning to chaos!

Buzz!!

Seeing Gu Changege's move, a very vague but very solid furnace began to appear, the red glow bloomed, and hundreds of millions of strands appeared, with the aura of the Dao emerging on it.

"This is the most powerful magic of the Ancient Immortal Gu Family Family, the Ten Thousand Way Furnace, smelting everything within the ten thousand ways, to the end..."

Someone recognized it, and his voice trembled.

"However, with the strength of Young Master Changege, even if he uses such a powerful technique, he cannot stop the three Great Sacred Realm cultivators!"

At this time, the three Great Sacred Realm cultivators shot together and fell in front of Gu Changege, trying to crush and obliterate him.

Chapter 260-2: Bait to draw out the organization in the shadows, This is my advice but it's also a warning (2)

Buzz!

The sky was shaking, the momentum was too terrifying and vast!

There seemed to be an endless burst of immortal light for a while, and it was terrifying to the extreme. The laws of the Great Sacred Realm seemed to overturn everything.

Boom!!

The void was penetrated.

Then, under the unbelievable gaze of the three Great Sacred Realm existences. An incomparable divine imprint floated up and down, the mountains, rivers, sun and moon, and the universe, all appeared.

This kind of brilliance was so amazing, there were even laws of Dao between heaven and earth, spreading through the void!

"Hiss!"

"This is... the Supreme weapon!"

"Young master Changge actually has a Supreme weapon! This..."

"Could it be the divine weapon bestowed by the Ancient Immortal Gu Family? It seems that he activated it himself, which is unbelievable."

In the next moment, everyone lost their voices in shock and noticed that kind of fluctuation, although it was difficult to recognize what kind of Supreme weapon it was.

But that kind of fluctuation was enough to shock the world.

In today's younger generation, in addition to the Emperor's children such as Prince Ying, another young existence had a Supreme weapon in his hands.

What a terrifying background this was! How many methods did Gu Changge have that he had yet to reveal to the world? It could only be said that he was worthy of being the strongest person of the younger generation!

"Not good....."

Seeing this scene, the three Great Sacred Realm existences changed their expressions and could not help but quickly retreat.

After all, the Ancient Golden Bell of that Prince Ying was already occupied, and it was difficult to separate out the extra effort to come here.

Everyone felt the same way. At this time, as long as they weren't stupid, they wouldn't dare to face the Supreme weapon.

Whether it was the Great Sacred Realm or the Quasi-Supreme Realm cultivator, in front of the real Supreme Artifact, they were like paper and appeared very weak.

Puff!!

At this time, Gu Changge couldn't help but turn pale and spurted out a mouthful of blood. It seemed that it was difficult for him to continue to support the Supreme Artifact.

Five-colored divine light began to rise from his body, and the aura of chaos permeated out, and the bones and bloodline contained amazing divinity as he was struggling to support himself.

This scene made everyone's heart tremble, and then they couldn't help but admire and awe. The activation of the Supreme weapon, and even a single blow, required massive support of spiritual energy.

With their ability, it was estimated that they would be drained alive if they tried to support the awakening of the Supreme Artifact. But at this time, Gu Changge was still supporting it, and this strength and perseverance made them admire him!

"Young Master Changge is willing to do this for the sake of the world! This righteousness deserves the admiration of all of us!"

Some young geniuses were full of reverence and there was even a little fanaticism in their eyes. Hearing it was one thing, seeing it with their own eyes was another, making their blood surge.

At this time, the three Great Sacred Realm existences also seemed to sense something was wrong. They looked at each other a few times, and their expressions suddenly changed.

"No, at this time, we have to leave first!"

"There is something weird about this guy, and if he stays, it will probably attract other Ancient existences!"

"We can't delay..."

Hearing their words, many of the people from the younger generation breathed a sigh of relief, fearing that the three Great Sacred Realm existences would go crazy and bury them all here.

"Young Lord, we need to leave quickly!"

"You can't stay here for long!"

Afterward, the three Great Sacred Realm existences attacked directly and forced Ying Shuang to leave the place. Although Ying Shuang's expression was still angry and cold, it was difficult to break free.

Then they quickly disappeared.

Even the power that covered all directions with the Ancient Golden Bell quickly dissipated, leaving the place in ashes and ruins. Everyone breathed a sigh of relief at this time, and they felt like they had survived the catastrophe, instead of the sense of life-and-death crisis just now.

They were even more grateful to Gu Changge. Without him, everyone would have died here today. Gu Changge watched the scene of Ying Shuang being taken away and did not stop or pursue him.

Then he just took back the divine seal floating in the chaotic mist. This was naturally the Immortal Lun seal, but Gu Changge used a means to hide its true aura so that no one would recognize it.

Then, he glanced at Ying Yu, shook his head, and sighed, "It's a pity..."

"Young Master Gu, you have done your best. I didn't expect Ying Shuang to have such an organization behind him. What happened today is really shocking."

Ying Yu spoke hurriedly, asking Gu Changge not to blame herself, and was very moved. No matter it was Gu Changge who suddenly came to rescue her. Or to stand up now and fight against the three Great Sacred Realm cultivators, it was all worth it.

Everyone from the Heavenly Emperor Mountain also came forward at this time and was grateful to Gu Changge.

"What an eventful time!"

Gu Changge nodded when he heard the words, and his expression showed a little sigh.

As he said that, he couldn't help spurting out blood again, staining the front of his clothes, as if forcibly activating the Supreme Artifact and hurting his origin.

"Young master Gu..."

"Young Master Changge, how is your injury, I have a lot of healing medicine here..."

"I have it too!"

"I have that too!"

This scene made everyone's heart tighten, and they were extremely concerned, and they all opened their mouths.

"It's okay, thank you for everyone's concern, it's not a big problem."

Gu Changge smiled slightly, with a very natural expression, and waved to everyone.

Afterward, Ye Langtian, Wang Wushuang, Chi Ling, and others also arrived to reminisce with him, with lingering fears in their hearts.

Soon after, what happened in this place quickly spread, and it couldn't help causing a sensation in the entire Heavenly Extinction Battlefield, and even outside the Southern Heaven, and the Upper Realm for many days.

The various Dao forces behind the cultivators were furious! Especially the fact that many of their young powerhouses lost their lives here caused a major earthquake.

Among them, the angriest was the Qilin Family of the Demon Realm, and the Endless Fire kingdom!

The inheritor of demonic art had appeared, urging the Supreme weapon, slaughtering the geniuses of all races on the Heavenly Extinction Battlefield, causing terrifying waves, and making countless cultivators angry, disturbed, and fearful.

In this matter, the forbidden demonic power behind Prince Ying also surfaced, causing countless people to be equally shocked and terrified. After all, those were the three Great Sacred Realm existences!

If Young Master Changge hadn't arrived in time, everyone probably would have fallen in their hands, and there would be no survivors. This made countless cultivators uneasy and frightened and they thought that Prince Ying was really cruel!

In this matter, Gu Changge's reputation once again reached a peak. After all, he finally took the shot and saved many young beings at that time. This made countless people grateful!

After this incident, Emperor Mountain issued a legal decree immediately and announced that Prince Ying had nothing to do with them, and everything he did was caused by Prince Ying alone.

Of course, even though such a decree was issued, it still could not quell the public anger. Many Dao forces arrived at the Heavenly Emperor Mountain to seek justice.

For a time, undercurrents were surging in all parts of the Upper Realm.

A few days passed in a blink of an eye.

On the Heavenly Extinction Battlefield, on an uninhabited barren mountain. Gu Changge stood with his hands behind his back, with his robes flying.

His figure, standing here, looked down at the bottom with a calm and indifferent expression.

"Master, things have been completed as you ordered."

"After Prince Ying was taken away by us, we just found a deserted place, dropped him, and let him fend for himself. We also said that someone would come to him later, so he should not worry."

The figures of the three Great Sacred Realm existences were standing respectfully behind him and reporting what happened next.

Although they were puppets, they also had a certain intelligence. After they were refined, they were destined to never betray Gu Changge. So Gu Changge was not worried at all.

"After the break up with Emperor Mountain, Ying Shuang's Luck points have almost ended, and now he is an unlucky person, but I hope my guess is correct. If there is no demonic organization, he won't be able to recite anything. Otherwise, we can only kill him and see if something falls out."

Gu Changge nodded with a thoughtful expression on his face.

In the eyes of many people, Ying Shuang had actually been taken away by the demonic organization. Therefore, Gu Changge could completely wipe it from the root, and Ying Shuang could also continue to take the blame even after he died.

But Gu Changge didn't do that. If he wanted to attract the demonic organization, he also needed a bait like Ying Shuang.

"Next, we can consider who the inheritor of the demonic art is."

Gu Changge's eyes couldn't help but squint. Logically, the news that he asked Yan Ji to check should also have some results.

At the same time. In Southern Heaven, in a splendid pavilion.

"I don't know Princess Mingkong, what do you mean by looking for me?"

After leaving the Heavenly Extinction battlefield, Ying Yu was here at this moment with a haggard face.

With silver eyes, she looked directly at the beautiful woman in front of her, and she couldn't help frowning. She couldn't stand the scrutiny and the feeling of being on top of the other party.

It felt like it wasn't a woman in front of her. But a goddess who was proud of the world for nine days and had a peerless elegance!

Although she was the daughter of the Heavenly Emperor, and her status was equally respected, she couldn't help but feel that she was weak in front of the opponent.

Ying Yu didn't know why Yue Mingkong was looking for her. During this time, she was very busy because of Ying Shuang.

"Of course, I have something to do with you. I advise you not to have any extra feelings for Gu Changge. This is my advice, but it's also a warning."

At this time, Yue Mingkong finally spoke in her calm voice.

After sizing up Gu Changge's "hero saves the beauty", she withdrew her gaze as her eyes retained their calm and depth.
