

Villain 281

Chapter 281-1: 1: Calculations are done, And Prince Ying is actually an impostor (1)

"Miss Xian'er, we meet again..." At this moment, just as Gu Xian'er was thinking, a figure suddenly descended from the sky and appeared in front of her.

Gu Xian'er's expression changed in a second, her originally somewhat cold and lonely expression instantly turned as cold as frost, with some disgust.

"Zi Yang Heavenly King, I warned you not to appear in front of me again." Her voice was very cold as she stared at the Zi Yang Heavenly King who appeared in front of her and said.

After recognizing his self-directed heroic rescue play in front of the mountain gate, Gu Xian'er was only full of disgust towards him. But Zi Yang Heavenly King was not aware of it and would come to greet her at every opportunity.

No matter how many times Gu Xian'er said it, he didn't care, just like a cow. As a Candidate disciple, or once the strongest in the Upper Realm, the Zi Yang Heavenly King's own fame was not small.

Many people felt that he was in pursuit of Gu Xian'er, the daughter of the Ancient Immortal Gu Family.

"Don't you know? You make me sick." Gu Xian'er's voice was dripping with disgust.

However, Zi Yang Heavenly King didn't care at all, he shook his head and smiled, "A gentleman is good at pursuing ladies fairly. I just happened to see Miss Xian'er, so I came to say hello, you're too nervous."

Hearing this, Gu Xian'er looked at him coldly and just said in disgust, "Next time if you dare to come near me, I will make a move."

After saying that, her figure turned into a green haze and disappeared from this place in a flash. The disgusting thing about the Zi Yang Heavenly King was that he didn't do anything, and would just come by all the time to say hello.

This made Gu Xian'er also very helpless. She was itching to punch his face but she could not find a good reason to hit him. With her character, she couldn't do the thing of reaching out to beat the smiling man.

At this time, she would like Gu Changge to be around, with his character, regardless of there being three or seven, he would step on Zi Yang's face first.

"This character is the same as the junior sister." After seeing Gu Xian'er's figure disappear, Zi Yang Heavenly King couldn't help but shake his head but didn't care in the slightest.

He knew that after the last incident, which was ruined by Gu Changge, Gu Xian'er had a bad impression of him. In his opinion, as long as he was sincere enough, Gu Xian'er was able to feel his good intentions and understand that all he did was for her good.

"I just don't know if the man who emerged from among the strange stone...Is it..... or not?" Soon, Zi Yang Heavenly King's expression became confused.

He was not present when that strange stone cracked, but according to the images recorded by the followers afterward. That man who emerged from among the strange stone gave him a sense of familiarity, but without seeing it in person, he couldn't believe it.

"If it's really the Eldest Senior... Then Heaven really helped me..." Thinking of this, Zi Yang Heavenly King's mood couldn't help but become surging and excited.

.....

"The inheritor of demonic art has really mixed into the True Immortal Academy, although I don't know why two Inheritors of demonic art exist at the same time in this world, for you and me, it is the best opportunity."

On the other hand, in the cave, Su Qingge's face was calm, her skin was white as porcelain, just like a beautifully carved jade.

At this moment, she was discussing with another voice in her head. She naturally also heard the matter that a genius suffered the poisonous hand of the inheritor of demonic art.

Originally, Su Qingge was still a little worried, after all, if she secretly took action, she might attract the suspicion of others and finally reveal the secret that she was the inheritor of demonic art.

But now, there was another inheritor of demonic art who had made a move. Next, even if she attacked the rest of the geniuses, no one would suspect her. It was just that the whereabouts and traces of Ying Shuang would probably be tracked down.

"I just need to be secretly careful not to be noticed by the Elders, then there will be no problem... When the time comes, this pot will all just be thrown at Ying Shuang's head."

Su Qingge's eyes revealed her many thoughts. Because of the cultivation with forbidden demonic art, her cultivation and means were actually not worse than those Quasi-Candidate disciples.

She had even concealed this matter from Gu Changge. She also did not know how long she could hide, after all, Gu Changge was really too smart, with the slightest hint, it was very likely that he would find something.

"I just hope that such a day will not come..." Su Qingge sighed slightly, then her figure flashed as she left the cave, she actually had her own goal.

The True Immortal Academy had gathered the most outstanding young geniuses from the Upper Realm. Each person's bloodline and physique were very different, many of them had special physiques, which also made Su Qingge very heartwarming.

After getting used to the Forbidden Demonic Art, it was naturally impossible for her to cultivate in a step-by-step manner. And the moment Su Qingge left the cave, Gu Changge, who was inside the palace, sensed it.

He naturally left a secret mark on Su Qingge.

"Is Su Qingge finally going to make a move?" He opened his eyes and looked a bit interested, after all, he had been waiting for Su Qingge to make her move, otherwise, he would not have been able to get Mo Lao to notice her.

Subsequently, Gu Changge took a step and followed. But before that, he first went to a divine mountain deep in the True Immortal Academy. In the divine mountain, inside a splendid palace, many Elders were present, seemingly discussing something.

They were all puzzled by Gu Changge's sudden visit.

"Young master Changge, I wonder what business you have with your sudden visit in the middle of the night?" They were still very polite to Gu Changge.

Gu Changge smiled and seemed a bit helpless, then spoke, "The recent matter about the inheritor of demonic art, I wonder if the Elders have any clue?"

Hearing these words, the Elders all looked stiff and a bit sarcastic. It even felt like the atmosphere had become a bit awkward, as they expected, Gu Changge had come to raise questions.

As Elders of the True Immortal Academy, they couldn't find a trace of the inheritor of demonic art, it was more or less a bit embarrassing to say. The old man, Mo Lao, frowned gently, feeling that things seemed a bit bad.

Could it be that Gu Changge had some way to find the whereabouts of the inheritor of demonic art? He felt a little uneasiness in his heart, worried that Gu Changge had really found some traces.

"It seems that the Elders are as clueless as the later generation." Seeing the expressions of the Elders, Gu Changge didn't seem to be surprised.

He shook his head slightly and said with a bit of a headache, "Honestly speaking, Junior boasted in front of many disciples that he would find the trace of the inheritor of demonic art, but now he still has nothing, which is a bit embarrassing. That's why I came to ask the Elders to see if there are any clues or anything."

Hearing him say that, the crowd, including Elder Mo, breathed a sigh of relief, and smiles appeared on their faces. Gu Changge's sincere attitude made them appreciate it very much.

It also gave them a chance to get some relief.

"Young Master Changge doesn't have to be embarrassed, this time, the inheritor of the demonic art is too cunning, and he didn't leave any traces at all. We also feel that it is difficult, and we haven't come up with a countermeasure either."

"Yes, Young Master Changge, you did your best."

At this moment, several Elders spoke, and their voices seemed helpless.

"Young Master Changge doesn't need to blame himself, this matter is really tricky." Mo Lao also nodded, but he was relieved. It seemed that Ying Shuang's methods were indeed concealed, no wonder he was so confident at that time.

Even Gu Changge felt troubled and came to ask them. This put him at ease.

"If it weren't for this, the Junior wouldn't bother the Elders in the middle of the night..."

Hearing this, Gu Changge sighed and seemed even more helpless, and continued, "But there is a way for this Junior to find out the trace of the inheritor of the demonic art. Of course, it is more troublesome and time-consuming. I just wanted to see if the Elders have time to help the younger generation and explore together."

"Spying on disciples?" Mo Lao's heart froze. The thing he was most worried about happened, Gu Changge was not afraid of trouble?

"Like tonight, when the moon is black and the wind is restless, if I am the inheritor of demonic arts, I will definitely take action. There is no better time than this." Gu Changge affirmed again.

"This... spying on disciples... It's really troublesome, time-consuming, and it's a test of luck, in case it doesn't come across..." Hearing this, all the Elders fell silent, their expressions flickered, apparently feeling troublesome and not wanting to help.

"Then this Junior wouldn't say much." Seeing this, Gu Changge didn't seem surprised, with a slightly mocking expression, and then planned to leave.

Hearing this, all the Elders looked embarrassed, but none of them continued to speak, and they didn't want to waste time doing this thankless thing.

How many disciples did True Immortal Academy have? Spying on disciples? Who knew if the inheritor of demonic art would do it at that time?

There were too many uncertain factors. The premise of finding a needle in a haystack was that there was a needle on the seabed. But now, they didn't even know when the inheritor of demonic art would make a move, how could they investigate? It was just a matter of luck.

However, Gu Changge's determination and perseverance still made them admire. It could only be said that he was worthy of being the strongest person of the younger generation.

Chapter 281-2: 2: Calculations are done, And Prince Ying is actually an impostor (2)

"Young Master Changge, please wait, this old man will come with you tonight to investigate first..." However, at this moment, Mo Lao suddenly opened his mouth, as if he had made a difficult decision.

He was disturbed by Gu Changge's words, would Ying Shuang really do it tonight? But he must not bump into Gu Changge. Therefore, he planned to go with Gu Changge to investigate together, and then there would be a way to cover it up for Ying Shuang.

The other Elders also looked at Mo Lao in surprise, but they were surprised that he agreed to Gu Changge's request.

"Oh? Then the younger generation will thank Elder Mo on behalf of the disciples first." Gu Changge was slightly surprised, with a slight smile on his face, but he was not surprised at all.

He said so much, only to make Elder Mo take the initiative to speak, only to find out that Ying Shuang was actually a fake inheritor of demonic art. If this didn't happen, then his next plan would not succeed at all.

"You don't need to say more, Young Master Changge, after all, it's for the sake of all the disciples, so it's nothing to worry about." Mo Lao waved his hand and said, but he also had a majestic and awe-inspiring look.

"Elder Mo, why don't we probe separately, I'll probe this side first, and you probe the other side. Then, how about going to the next area?"

Afterwards, Gu Changge and Mo Lao turned into divine lights and soon came to the area where disciples usually cultivated. Gu Changge swept across the nearby Mountains, then pointed to the area where Su Qingge went, and smiled at Mo Lao.

"No problem." Mo Lao pondered for a while, nodded, but he did not refuse, for fear that Gu Changge would doubt and think too much.

Immediately, the two of them separated. Mo Lao's expression had a strange look, and his spiritual sense swept across, exploring all the way.

.....

"Sun Hao, the body of the mysterious cold, contains the origin of the mysterious cold, from the Ancient Sun family..." On the other side, taking advantage of the moonlight, Su Qingge's figure quickly came to an area.

The mountains here were endless, extremely tall, or glowing with clear light, or filled with dragon energy... There were thousands of atmospheres. Fortunately, the True Immortal Academy was very wide, especially at night, almost no other people could be seen.

Su Qingge's actions were very secretive, and she had already calculated the timing. At this time, she would not get noticed. There was a cave in front of her, located between the various sacred mountains, and it was spraying out various colors of rays of light.

Coming here, Su Qingge's expression became extremely indifferent, and her face seemed even more tranquil, like jade. She walked forward and knocked on the door of the cave naturally, and at the same time touched the prohibition pattern on the door.

The genius who was cultivating, heard this voice and was a little puzzled, and asked, "Who is it in the middle of the night?"

He was not stupid, he didn't rush to open the cave, and the inheritor of demonic art had been making a lot of noise recently. Many people were secretly vigilant, and he was no exception.

Someone came to visit at night, it felt wrong at first sight. What if the inheritor of demonic art came to assassinate him?

"Senior Brother Sun Hao, it's me..."

"Chen You." Su Qingge spoke, her voice was calm, but it seemed clear and pleasant, like a girl.

"What... Junior Sister Chen You?" Hearing this, the genius in the cave was a little stunned, and a shy little face appeared in his mind.

Could it be that Junior Sister Chen You actually had a crush on him...? During the day, he went to look for Junior Sister Chen You, trying to express his intentions, but the other party ran away.

Thinking of this, the genius in the cave figured it out and became a little excited.

"It turns out that there are too many people during the day, and Junior Sister Chen You is shy, so she only came to find me in the night..." His doubts just now were swept away.

After all, the inheritor of demonic art was a man, so how could it be Junior Sister Chen You? At the entrance of the cave, Su Qingge calmly watched the other party open the door for her, not surprised at all. After all, she had already investigated everything before.

Soon, a face with an excited expression emerged, and the moment he saw Su Qingge, it suddenly stiffened and solidified.

"You... who are you?" But his words were not finished. Su Qingge waved her slender hand and the clear light filled the air. He only felt a terrifying black light shrouding in front of him.

A large amount of runes emerged, turned into crystal clear flowers, and took root in the center of his eyebrows, causing his consciousness to go black.

If he couldn't resist, he would immediately lose his mind. In the next moment, the flower kept spreading and finally bloomed, bearing a fruit with a black light hanging down.

"It went well." Su Qingge's face revealed a faint smile as she was ready to pick away this fruit.

"Not good... There is an Elder here!"

But in the next moment, her expression changed violently, feeling a terrifying star-like divine sense sweeping across from the high sky and then landing on her. In an instant, her body was chilled, her hands and feet were cold, and her back was densely covered with cold air.

Su Qingge couldn't believe it.

Why?

She had clearly calculated that there would not be any Elders scouting tonight, and everything was timed perfectly, so why would someone suddenly come here?

"It's over. My identity is exposed!" In her sea of consciousness, another voice was also trembling.

Subconsciously, Su Qingge thought of Gu Changge, if he knew her true identity, he might not dare to believe and be shocked.

Buzz!!!

High in the sky, Mo Lao's expression changed drastically, he could hardly believe the scene he was seeing. Why was that female disciple below, actually performing the Forbidden Demonic art?

As a person from the Demonic Organization, he naturally understood this Forbidden Demonic art. Therefore, he immediately recognized that the means Su Qingge was performing was from the Forbidden Demonic art.

"How is it possible..... Why is there a second inheritor of Forbidden demonic art? Did the old man see wrong? Impossible, there is at most one person in a single life who inherits the demonic art, could it be that the Emperor Ying's son, Ying Shuang was actually a fake? An impostor?"

Mo Lao's mind changed dramatically, and then he took a step, his figure fell from the high altitude, and looked at Su Qingge with no expression. Su Qingge's face also turned a little white, and a chill surged on her back, but at this time she was still forcing herself to maintain her composure.

A Supreme being! Now in front of her was a Supreme being, even if she used all her means, it was impossible for her to escape, let alone resist the other party.

Today was a complete dead end! There was not even a single chance of survival! Thinking of this, Su Qingge's heart was slightly bitter, all of this was really beyond her expectations, she was covered in despair.

She even lost her courage to face Gu Changge again. The inheritor of demonic art that Gu Changge had been pursuing was actually right beside him, and she had been hiding it from him.

"Come with me." However, what made Su Qingge freeze and couldn't figure it out at all was that the Elder in front of him didn't do anything more.

His expression changed for a while, and he did not say anything more, but just waved his sleeves and took her to hurry away from here.

"Today's matter, you must not say anything, otherwise no one can protect you." On another mountain, the two figures reappeared, Mo Lao looked incomparably serious and said to Su Qingge.

Su Qingge at this time was still a little frozen, and had not reacted to what happened. Why did things suddenly develop like this?

After this Elder found out her identity, instead of taking action against her, he said these words to her, did he intend to help her?

"It won't be good to have Gu Changge notice later....." Mo Lao's expression changed for a while, feeling that things were very bad, Su Qingge's suspicion was really too big, and it was hard to clear it.

And at this time, just as Mo Lao was talking, a divine rainbow in another direction came flying towards this place. The person who came was none other than Gu Changge who looked slightly heavy.

"Elder Mo, things are just as I expected, there are indeed disciples who have suffered from the poisonous hands of the inheritor of demonic art."

"We were still half a step late." As he was speaking, Gu Changge's voice froze slightly and he noticed Su Qingge beside Elder Mo, who seemed a bit surprised.

"Qingge, how come you are here?" And then, he seemed to think of something, and his expression was suddenly silent.

"Young master....." Su Qingge's voice was also trembling, her heart was very panicked, uneasy.

"Don't be afraid, I'm here." Gu Changge glanced at her, his eyes then fell towards Elder Mo, and his voice suddenly became deeper.

"Elder Mo, did you get the wrong person, Qingge is my person. She can't possibly be associated with the inheritor of demonic art, I can guarantee that."

Chapter 282-1: Its natural to enfold into a full set of dramas, Jiang Chuchu, are you in love? (1)

On the top of the mountain with jagged strange rocks, the ancient trees were prosperous and the moonlight was bleak and cold with the blowing mountain wind making it even more serene.

Su Qingge stared blankly at Gu Changge's arrival, especially when she heard his words, she felt a buzzing in her head and it became blank, not knowing what to say. The moment Gu Changge arrived, she was actually ready to confess all of this.

She was the true inheritor of demonic arts, and the meaning of her existence was to bring chaos to the world. As the most dazzling genius of the younger generation, Gu Changge was born to stand on the opposite side of her as he was destined to take action and kill her.

But she never imagined that what Gu Changge said was to tell her not to be afraid. At this moment, even in her sea of ??consciousness, she had always felt that Gu Changge had an indifferent temperament and there was not another soul that he loved, so she couldn't help trembling, unable to speak.

And when Gu Changge said this, he took a half step forward and quietly blocked Su Qingge behind him.

"Is there any misunderstanding in this... Elder Mo, you have arrested the wrong person." He looked at Mo Lao, who looked a little puzzled in front of him, and his voice was very calm.

It looked like he wanted to protect Su Qingge.

"Master..." Seeing Gu Changge's move, Su Qingge was even more stunned on the ground, her voice trembling and her eyes suddenly turned red.

She really didn't expect what Gu Changge did at this time, instead of asking her why. Instead, he subconsciously kept her behind him. Gu Changge trusted her so much, cared for her so much that he even did not hesitate to clash with the Elder of True Immortal Academy in front of him.

This moved her heart so much that she couldn't calm down for a long time. Logically, when Gu Changge came here and contacted the young genius who had an accident just now, he would definitely be suspicious of her.

After all, she didn't cultivate in her cave in the middle of the night, so what was she doing outside? Gu Changge was so smart, there wasn't anything in this world that he couldn't see through.

Su Qingge had even thought about Gu Changge's tone and expression, but she really didn't expect that Gu Changge's trust in her had reached such a level. Perhaps in his eyes, she was just a harmless little maid who was brought by him from the Lower Realm.

"Young Master Changge, what does this mean?" At this time, Mo Lao, who was slightly stunned, quickly realized what Gu Changge meant, and asked in a low voice.

He was also an old man himself, and he soon knew why Gu Changge reacted like this.

It turned out that the woman in front of him was Gu Changge's person, and the inheritor of the demonic power he had been looking for was actually by his side. And Gu Changge didn't know anything about it and even took the initiative to defend the woman.

This made Mo Lao sigh in his heart that things were really wonderful, no, the word wonderful was unable to describe it all. He was a little worried just now and broke out in a cold sweat, but he didn't expect things to reverse like this.

People like Gu Changge had such a day when they were kept in the dark. Sure enough, the old saying goes, heroes have been saddened by beauty since ancient times.

So now, what Mo Lao was thinking about was how to fool the matter about tonight. Anyway, Gu Changge never doubted this aspect at all.

Hearing this, Gu Changge's expression was still calm, but there was already a strong meaning in his words.

"Elder Mo, what does this mean? Could it be that you thought Qinge would be the inheritor of demonic art, so you brought her here?"

He stared at Mo Lao in front of him. In his eyes, there were runes flashing and wisps of divine light. He didn't care about his Elder status at all, and his attitude was extremely tough and unquestionable.

Hearing this, Mo Lao seemed to be slightly taken aback, as if he didn't expect Gu Changge to say such a thing.

After that, he couldn't help shaking his head as he sighed and smiled bitterly, "Young Master Changge, you have misunderstood, no matter how stupid this old man is, he knows that there is only one inheritor of demonic art, and it's the son of Emperor Ying, Ying Shuang. How could it be possible? How about catching anyone else?"

"It's just that I saw this girl wandering outside alone in the middle of the night, and I was very worried. So I came here to warn her and tell her to go back to the cave."

"Since this girl is one of the young master Changge's people, then that's even better. Maybe the girl saw that you disappeared in the middle of night and it was necessarily the case that she came out to find you."

While speaking of the end, he couldn't help laughing, his expression seemed a little ambiguous.

Hearing that, Gu Changge's expression softened slightly and nodded, "So that's the case, I misunderstood Elder Mo's kindness."

"It's okay, it's okay, since this girl is one of young master Changge's people, she naturally won't have anything to do with the inheritor of demonic art."

"On this point, the old man still believes it." Mo Lao quickly waved his hand and smiled.

Afterward, he glanced at Su Qingge again, smiled and said, "Little girl, you should be careful in the future, wandering around at night, but it is very easy to encounter the inheritors of demonic art, another disciple was brutally murdered tonight...."

At this time, Su Qingge also calmed down.

She nodded, "Junior understands, thank you Elder for reminding me."

She didn't know why Mo Lao would take the initiative to help her, but her identity as the inheritor of demonic art had now been known to him. It was equivalent to saying that there was a handle in the hands of Mo Lao.

Therefore, it was better to follow the other party's words first, and then look at what medicine the other party wanted to sell in the gourd.

"Since that's the case, the old man will leave first, and I'll take a look to see if the disciple who was brutally murdered left any clues..."

After all, Mo Lao didn't stay much, his figure turned into divine light, disappeared from the top of this mountain and rushed to the cave of the disciple Su Qingge had just devoured.

It looked like he was going to investigate. But if Su Qingge accidentally left any evidence, he could help her solve it without causing suspicion from the rest of the people.

After seeing Su Qingge's methods with his own eyes tonight, Mo Lao confirmed her identity. Even a character like Gu Changge was kept in the dark by her, Su Qingge's scheming and shrewdness, it was simply chilling.

However, this was in line with the identity of the inheritor of demonic art that he had always recognized. On the contrary, Ying Shuang, regardless of his character and means, seemed to him to be inconsistent with the inheritor of demonic art, and now he seemed to be a hapless person who was taking the blame.

"What happened tonight was really unexpected..." Mo Lao sighed slightly in his heart.

On the top of the mountain, the moonlight was still the same, but the colorful clouds were flowing, and the white mist filled the air, but it was more secluded. Seeing that Mo Lao's figure disappeared, Gu Changge's expression became calm and he did not speak.

Inexplicably, Su Qingge felt that Gu Changge looked at her with scrutiny and reflection, more of a coldness that made her feel scared.

"Master..." Su Qingge called out softly, wanting to pull Gu Changge's sleeve, but he quietly avoided it.

Gu Changge stared at her, still not speaking, but Su Qingge understood what he meant. If she didn't give a reasonable explanation that satisfied him, today's events would probably not be revealed.

This made Su Qingge sigh in her heart. If there was a slight mistake, Gu Changge would probably not trust her from now on. The thought that Gu Changge would always treat her like this from then on made her even more flustered.

She would rather tell her identity as the inheritor of demonic art and be exposed rather than have things turn out like this. What Gu Changge said in front of Mo Lao just now was to protect her, but as soon as Mo Lao left, Gu Changge naturally didn't need to treat her like that.

In Su Qingge's eyes, Gu Changge's opinion of her was actually more important than the exposure of her identity as the inheritor of demonic art.

"I'm sorry, Master, I shouldn't be hiding things from you..." She thought hard, considered her words, and spoke with some unease.

"Oh, now you know how to explain? If I hadn't come here just now, do you think Elder Mo would have let you off so easily?" Hearing this, Gu Changge's voice did not fluctuate much.

Chapter 282-2: Its natural to enfold into a full set of dramas, Jiang Chuchu, are you in love? (2)

Su Qingge's bright eyes did not dare to look at him, and her pretty face, which was as white as suet and jade, was full of guilt.

"I know I'm wrong, Master. Actually, I left the cave at night, and I came here to find something. I auctioned off a mysterious jar in the auction house before. In fact, that mysterious jar was related to the Seven Heavenly Artifacts of the Upper Realm, but I didn't tell the young master about this..."

"And that jar is one of the Seven Heavenly Artifacts. As long as you are within a certain distance, you can sense the whereabouts and existence of the other Artifacts."

"So I came here tonight to find out the whereabouts of the Heavenly Artifact, but I accidentally bumped into that Elder Mo." Su Qingge explained as if she did not lie, and this was another purpose for her tonight.

She just concealed the fact that she was the inheritor of demonic art. As she spoke, there was a flash of brilliance in her palm, and a seemingly unremarkable jade pot appeared. The lines on it were very ancient as if they could be erased at any time.

"Seven Heavenly Artifacts?" Gu Changge asked back and couldn't help laughing, but in Su Qingge's eyes, the laughter was a faint mockery.

"You never mentioned it to me before." Gu Changge naturally knew about the rumors about the Seven Heavenly Artifacts but he did not specifically investigate and collect them.

Because he knew that as long as there was a slight sign of this kind of thing, it would always fall into the hands of those with Great Luck. All he had to do was wait for the last fruit to be picked. To be honest, he was a little surprised that Su Qingge actually had the Heavenly Jar with her.

"I'm sorry, Master. Qingge shouldn't have concealed this from you..." Su Qingge said guiltily.

But Gu Changge interrupted her with a wave of his hand, with a light expression, "Forget it, I won't ask you too much, after all, this is your private matter. But there are some things that I have told you many times. After all, a person's patience is always limited, and I don't know what you are hiding from me, but I don't want to ask anymore. "

"Su Qingge, take care of yourself." After that, Gu Changge turned around and left as soon as his figure moved.

However, as soon as he turned around, Su Qingge rushed toward his chest with tears in her eyes.

"I'm sorry Master, Qingge won't have anything to hide from you anymore." She hugged Gu Changge tightly with a trembling voice as if she was afraid that he would turn away and never care about herself again.

She was really afraid, but it was really impossible for her to tell Gu Changge about her identity as the inheritor of demonic art. Once she said this, the two of them must go on opposite sides.

Therefore, she could only hope that this matter could be hidden from Gu Changge for the rest of her life. Hearing this, Gu Changge fell silent and sighed as he wiped away the tears from the corners of her eyes, "I hope so."

His tone was complicated. Su Qingge couldn't guess what Gu Changge was thinking, and he was apprehensive.

Then, the two figures left from the top of the mountain. Gu Changge didn't say anything else along the way. Everything that happened tonight was within his expectations. Whether it was Su Qingge or Mo Lao, none of them knew Gu Changge's true purpose. To him, the two of them were nothing but chess pieces.

As Su Qingge said a long time ago, in Gu Changge's eyes her status was at most a little maid beside her. When he was in a good mood, he would tease her with a few words. While usually, she just hung on the other side.

In Gu Changge's eyes, her status as the inheritor of demonic art was not worth mentioning at all. Of course, her beauty and intelligence were her biggest advantages, and she could be eye-catching no matter how bad it was.

After that, all kinds of thoughts flashed in Gu Changge's mind, and finally, he was thinking about whether to finish Ying Shuang easily. For the time being, Su Qingge had come into contact with the organization of the inheritors of demonic art, and then Mo Lao would definitely contact her secretly.

As long as Gu Changge kept an eye on Su Qingge's whereabouts and movements, he would be able to understand the various situations of this organization. Except for Mo Lao, no one knew the identity of Ying Shuang, and Mo Lao probably thought that Ying Shuang was a tool for Su Qingge's calculations.

Su Qingge didn't know where Ying Shuang was, so even if Ying Shuang disappeared for no apparent reason, it wouldn't cause much trouble. Mo Lao would probably think that it was Su Qingge who did it.

Soon, Gu Changge had a detailed plan in mind.

"Before this, Ying Shuang had another function that can be used again. By the way, I also arranged something for Zi Yang Heavenly King. This guy has been bothering Gu Xian'er recently, so it's time to teach him a lesson."

.....

The incident that a young genius was assassinated again soon spread again, causing even greater panic and anxiety. No one expected that after only a few days, another disciple was brutally murdered by the inheritor of the demonic art.

Especially when Gu Changge and Elder Mo were investigating, it happened under their noses. Once this happened, it made more disciples feel uneasy and terrified. Even those Quasi-Candidate disciples were panicking.

From this incident, it was enough to see the arrogance of the inheritor of demonic art, that he didn't care that this was the territory of True Immortal Academy. Even the Elders were helpless, what could the average young genius do?

For a time, True Immortal Academy was enveloped in a heavy and uneasy atmosphere, and all the disciples were even more cautious.

"This inheritor of demonic art is too arrogant, poisoning two geniuses one after another..."

"Chuchu, this is the best chance for you to find him. I remember that your talent can help you trace something back to the origin, right? If you can find some clues, maybe you can find the hidden identity of the inheritor of demonic art. "

In a cave house located in a secluded forest, the haze that filled the air was unusually bright. Wang Ziji held her cheeks and stared at Jiang Chuchu, who was meditating and cultivating in front of her, with a sullen expression, which seemed to be very boring.

"You suddenly have such a great interest in the inheritor of demonic art? It seems that you are too idle." Hearing this, Jiang Chuchu opened her eyes with a calm and authentic expression.

Usually, Wang Ziji didn't care about the inheritor of demonic art, even if she was a descendant of the Human Ancestor Hall. The last time she made a move on the Heavenly Extinction Battlefield was because she was assassinated by someone sent by the inheritor of demonic art when she was in the Ancient Immortal Gu Family, and it was always recorded on the account.

Now she would say that, it was purely because she was too bored and wanted to find something to do.

"What do you mean I'm too idle? The inheritor of the demonic art is so arrogant, as a descendant of the Human Ancestor Hall, I find him, and then do things for the heavens, returning the peace to the world. Is it wrong?"

Wang Ziji retorted, "Jiang Chuchu, when did you learn to hurt others?"

"Then you can go. Anyway, I can't find it." Jiang Chuchu shook her head, her expression was still calm and unwavering, "Even the Supreme Elders are helpless, what can I do?"

Moreover, even if there was a clue, what could she do? To dismantle Gu Changge?

Jiang Chuchu sighed in her heart, her thoughts were extremely complicated. During her time in True Immortal Academy, she had been secretly paying attention to Gu Changge. She didn't know if Gu Changge noticed it, or maybe he did, but he didn't care at all and didn't bother to pay attention to her.

What happened in the depths of the Heavenly Extinction Battlefield, during this period of time, came to her mind from time to time, and it was completely lingering. Jiang Chuchu's mood was uneasy.

If Gu Changge didn't have her in his heart, then why would he show up to save her, and then go to absolve the calamity of Absolute Heavenly Extinction in the land of Absolute Heavenly Extinction. But then Gu Changge ignored her again, like a stranger, which made her feel very uncomfortable.

"This is not your style. In the past, you were jealous of evil. When you heard about the inheritor of the demonic art, you would almost stand up and draw your sword to kill someone. How can you talk to me calmly right now?" Hearing this, Wang Ziji looked suspicious and leaned over to Jiang Chuchu's side.

Her clear eyes seemed as if they could talk and stared at her. Jiang Chuchu said calmly after hearing the words, "Why should I think about it if I can't do anything?"

"You have really changed, you are no longer the Jiang Chuchu I knew... Now you are neither looking for the reincarnation of the Human Ancestor, nor do you care about the calamity of the Absolute Heavenly Extinction. You do not think about the inheritance of demonic art. You even have a relaxed attitude... All you do all day is to cultivate, cultivate, cultivate, or just be in a daze."

Wang Ziji's voice was full of deep suspicion, "Jiang Chuchu, are you in love?"

Jiang Chuchu's expression froze slightly, it became a little unnatural, but she recovered quickly. She asked indifferently, "What nonsense are you talking about? With our current strength, if we don't cultivate, what will we do if we really encounter the inheritor of demonic art in the future?"

"Just tell me, Jiang Chuchu, what happened between you and Gu Changge. It's fine if you don't admit it, and now want to change the subject... Let me tell you, that guy Gu Changge is a devil. He doesn't look like a good person, but he's actually very bad. When the time comes, you will be wiped clean and nothing will be left, so don't regret it."

Wang Ziji looked like she had seen through all her tricks a long time ago, and couldn't help but persuade her.

"You....." Hearing this, Jiang Chuchu's face finally looked a little annoyed, feeling that her heart was exposed.

Buzz!!

In the next moment, there was a glow in her palm, the runes intertwined, and the terrifying aura was about to turn into a divine sword. Just as she was about to teach Wang Ziji a lesson, she suddenly heard a gentle and jade-like voice from a man outside the cave.

"I wonder if the Holy Maiden Ziji is here?" This familiar voice made both Jiang Chuchu and Wang Ziji stunned.

Chapter 283-1: He is so shameless, as expected of a dead scumbag Gu Changge, He is simply too deceiving (1)

The voice outside the cave was not unfamiliar to these two girls. Jiang Chuchu was stunned for a moment, but then she quickly realized that it was Gu Changge, and had a somewhat surprised expression on her face.

After noticing that the voice outside was looking for Wang Ziji, her eyes quickly dimmed again. However, her expression quickly returned to calm, making it impossible to see anything unusual.

"Gu Changge, how did he know that I was with you?" Wang Ziji raised her eyebrows, but she was a little puzzled.

However, her cave and Jiang Chuchu were very close. It was no secret that she came to visit her often when she had nothing to do. Gu Changge went to find her first, found that she was not there, and then followed along to find her?

"Young Master Changge is looking for you. Just see what's going on, wouldn't that be fine?" Jiang Chuchu said calmly.

"Well, you're right, but why do I feel like you're a little unhappy?" Wang Ziji looked at her with a smile, and then her skirt fluttered, her figure flashed, and she appeared outside the cave.

"Wang Ziji..." Jiang Chuchu, whose mood had returned to calm, frowned, originally not wanting to care what the two of them were going to say. But when she thought that Gu Changge was outside the cave, her heart couldn't calm down.

So, she moved her footsteps, and a figure appeared at the entrance of the cave. But she didn't show up, she just looked at Gu Changge who was standing under the quiet bamboo forest outside.

It was still the same moon-white robe made of silk from the Silkworm King at the Sacred Realm with simple pendants, which made him look taller and slender, noble and natural, rich as jade.

In the distant area, many beautiful women were frequently seen, glowing with brilliance, and they were very curious about why Gu Changge would come here today.

"Holy Maiden Ziji." Seeing Wang Ziji come out, Gu Changge greeted her naturally, with a smile on his face that made it impossible to find any flaws.

"Brother Gu, why did you come looking for me today, let me guess, you must have something to do, right? You must change your habit of going to the Three Treasures Hall for everything." Wang Ziji's figure flashed and appeared here, looking at him, face to face with a full smile.

"It's embarrassing to hear Holy Maiden Ziji say this. Is Gu the kind of person who only comes to you when something happens?" Hearing this, Gu Changge shook his head as if he was helpless.

"Aren't you? Damn scumbag." Wang Ziji muttered softly, but her words were very soft, and one couldn't hear it if one didn't listen carefully. Gu Changge naturally heard these words.

However, he continued as if he hadn't heard, "Of course, this time I came to find Holy Maiden Ziji because I really wanted to ask you something."

Wang Ziji quietly rolled her eyes but she obeyed Gu Changge regardless of his shamelessness, just now he said that he was not such a person. As a result, he asked for something in the next moment.

However, she was very familiar with Gu Changge's character for a long time, so she was not surprised at all, she still smiled and said, "Oh? I wonder what alarmed Brother Gu, that you had to come looking for me?"

Gu Changge sighed, "If this matter could be solved with my ability, I wouldn't have bothered Holy Maiden Ziji. Holy Maiden Ziji still remembered the last time she assassinated the man in black who attacked you..."

The figures of the two of them moved away as they walked side by side, talking. This scene made Jiang Chuchu clench her fist within the cave, and her face was a little pale.

Wasn't Wang Ziji trying to persuade her that Gu Changge was not a good person? In the end, she was still willing to go ahead of her?

"The man in black in the Great Sacred Realm?" Hearing this, Wang Ziji's expression changed slightly. This was something that happened in the Ancient Immortal Gu Family, and she still remembered this account.

"Could it be about the inheritor of demonic art?" She was immediately interested.

Gu Changge nodded, "I've found some clues recently."

"Brother Gu, please speak." Wang Ziji saw Gu Changge's words carefully, and his expression became serious.

"Does the Holy Maiden Ziji know about the demonic heart? It is able to control the minds of others through some means." Gu Changge said.

Wang Ziji nodded, this kind of method, whether it was in her past life or this life, she had heard about it. Hearing Gu Changge mention this, she wondered if he suspected that someone in True Immortal Academy was controlled by the inheritor of demonic art?

"Think about this beforehand, but I still think it's better to tell Holy Maiden Ziji first, after all, you are more reliable." Gu Changge said again.

Wang Ziji didn't doubt his statement, and snorted, "It's thanks to Brother Gu that he looks up to me so much."

Gu Changge smiled, "I'm not familiar with the rest of the Candidate disciples, and I can't trust them either."

Seeing that he rarely told the truth, Wang Ziji was also a little happy and asked, "Is there any doubt in Brother Gu's heart?"

"No." Gu Changge shook his head but he continued, "But for the other Candidate disciples, it's better to be on guard."

Wang Ziji nodded thoughtfully. In her opinion, Gu Changge must have found something, or he would not have said that. But first, he came to remind her to be careful. This made Wang Ziji a little moved. This hard-hearted guy could finally take the initiative to care about people once?

Seeing Wang Ziji's expression, Gu Changge also had a smile on his heart, his goal had been achieved. Saying these words was not to make the following calculations about Zi Yang Heavenly King, it was more logical.

After all, Wang Ziji was a descendant of the Human Ancestor Hall, and besides him she was the only one in the younger generation whose words held weight. To put it another way, it was to give her a vaccination. As a transmigrator, her mind's ability was naturally far more terrifying than the rest.

When she was in the Gu family, without her support, Gu Changge would have a lot more trouble if he wanted to throw the blame on Ying Shuang. Afterward, the two said something, and Gu Changge sent her back to Jiang Chuchu's cave but did not intend to leave directly.

"Brother Gu, won't you come in and sit?" Wang Ziji stared at him and asked with interest.

"Isn't Saintess Chuchu here?" Gu Changge asked in surprise.

"At this time, she is naturally here." Wang Ziji smiled.

"Forget it, I'll visit Holy Maiden Ziji another day when I have time." Gu Changge shook his head, and then he didn't stay too long, turned into a divine light and left.

Inside the cave.

Jiang Chuchu sat on a long, crystal-clear jade bed. She was cultivating, but she could clearly hear the voices outside. Especially in the dialogue between Gu Changge and Wang Ziji, she even listened to their every word.

"You know I'm in the cave, so you don't want to come in and sit?" Hearing this sentence, there was a trace of sadness in her eyes.

With the cold hatred that she had for Gu Changge back then, she didn't want to see his disgusting face at all. But now, it was Gu Changge who didn't want to see her and looked like a snake. This made Jiang Chuchu feel very uncomfortable.

In the blink of an eye, several days passed, the inheritor of demonic art began to stop, and everything seemed to be calm again. It was less than seven days before the first trial of the entrance to the True Immortal Academy.

Whether it was a Candidate disciple or an Outer Sect disciple, they were all cultivating assiduously. They would go there every day to listen to the Elders' preachings, observe the engravings of the Supreme Being, and comprehend the Scriptures of the Emperor.

In terms of cultivation, of course, they were advancing by leaps and bounds.

Boom!!

At this moment, in the depth of ??a palace with continuous buildings, there was a ray light, followed by a terrifying Golden Dharma body, like an Ancient God that existed since the beginning of the world.

This aura was extremely surging and vast, covering the sky, like a golden sun shining in all directions. For a time, many disciples and Elders of True Immortal Academy were shocked and looked at that area in shock.

On a Sacred mountain shrouded in red clouds, the Heavenly Phoenix Maiden appeared, gazed at the direction of the commotion and frowned, "The Divine Emperor's Son is so high-profile?"

More young geniuses, with flickering figures appeared in mid-air, staring at the same location and their hearts were also unable to calm down for a long time.

"This is the aura of the Divine Emperor's Son. It is said that he is cultivating an Ancient Immortal Art. Is it possible that he has succeeded?"

"I'm afraid this aura has surpassed the level of the Sacred Realm. It's really scary. He is worthy of being an ancient freak who claims to have the blood of God!"

"I heard that the Divine Emperor's Son is valued by an extremely Ancient existence and intends to protect him. That Ancient existence is said to have surpassed the Supreme Realm and can be called an Emperor!"

"Hey! In this day and age, even if you don't become enlightened, you are at least an Emperor. This is too terrifying. There are such old monsters hidden in the True Immortal Academy."

Chapter 283-2: He is so shameless, as expected of a dead scumbag Gu Change, He is simply too deceiving (2)

At this moment, many disciples were shocked, thinking of the recent news, they looked in that direction in amazement. This vision lasted for a long time, and then slowly dissipated.

"Prince Shen, you are not my opponent." Inside a rusted bronze palace.

A gray-clothed man with a blurred face noticed this scene and shook his head gently, "My opponent in this life is only Gu Change. I hope you can give me some surprises this time around."

Buzz!

After speaking, a vague and vast world phantom suddenly appeared behind him with the tall Divine Mountain and boundless Immortal Trees. One of them was a towering Giant Tree, which stretched to the four poles of the sky and the earth, and was rumbling with the sun, moon, stars and chaotic energy.

On the other side at this moment, in a tall and ancient pavilion. A man with an ordinary face, without any surprises, was dumbfounded, looking at the many scenes in front of him in disbelief.

"The era I once lived in was buried in the long river of time, and is now considered taboo by the world. It is difficult for me to find its name, and they do not dare to mention it... No one knows what happened at the beginning... All worlds were shattered, eternity collapsed, avenues were broken, order was destroyed... Why is this? Why..."

The man was Qin Wuya, who had appeared from a strange stone. In the past few days, he was brought by several Elders and they asked him about a lot of things. He had already figured out how to deal with it, and without revealing his identity, he fooled the past without causing the slightest suspicion.

Afterwards, he asked to consult the relevant classics and wanted to know about many things in this era, and several Elders agreed to him. As a result, Qin Wuya read through many ancient classics, but could not find any records about the period he was in.

As long as there was the slightest record of the above, there was an unpredictable and terrifying force in the heavens and the earth, erasing it and destroying it, it was creepy and chilling.

He thought he had only appeared hundreds of years later. The former Masters, companions, Junior brothers, and Younger Junior sisters were still there, waiting for his return.

However, he never imagined that it would be delayed for countless years if he strayed into Nine Heavens. Then, with the help of the white-clothed girl named Star Ancestor, he learned a few words.

This made him feel as if he had been struck by a thunderbolt, and he was immediately dumbfounded. He couldn't react for a long time, and he couldn't believe it at all.

"What happened back then? Everything became like this, and I don't even know how many epochs it has been since then..."

The corner of Qin Wuya's mouth was very bitter, feeling that God was playing tricks on him. Giving him the opportunity to explore the Nine Heavens, and achieving what countless cultivators dreamed of.

In the end, everything was like a dream, and it became a bubble dream.

"I will definitely find out the truth of the year, find Shimen, Shizun and the others... If they are gone, then I will definitely avenge them!" But soon, Qin Wuya recovered from this blow, became calm, and clenched his fists.

He had such confidence. Moreover, the three hundred years of training in the Nine Heavens made his state of mind far surpass that of ordinary people.

So, it didn't take long for him to calm down and know what to do next. He had to dig out those truths and take revenge! Afterwards, Qin Wuya got up and left this ancient pavilion, intending to revisit this era, this incomparably splendid golden age.

However, not long after leaving this place, Qin Wuya saw a purple-robed man with an extremely shocked, and excited expression in the mountains in front of him. The other party seemed to have been waiting for him there.

For some reason, he felt familiar with this purple-robed man.

"Who are you?" Qin Wuya frowned and took the initiative to ask. During this time, he had learned the language of this era, and communication was not hindered.

Subconsciously, he regarded the other party as the kind of young genius who wanted to provoke his reputation.

"Senior... Senior Brother..." However, Qin Wuya was shocked and his eyes widened. It was unbelievable that the words the other party called turned out to be Senior Brother?

This name? How long had it been since he heard?

Except when he was in the Endless Dao Sect, who would call him that? No one knew his identity in this life, and he had never mentioned it to anyone.

Could it be...

Thinking of this, Qin Wuya's voice was also trembling, becoming excited, and somewhat unbelievable, afraid that all this was his hallucination.

"You... you are..."

"It's me, Eldest brother, I'm Ayang!" Zi Yang Heavenly King's voice trembled like never before, excited, and shocked to the extreme.

He really did not expect that this person would really be the senior brother who had disappeared, and that face was so familiar. Even after all this time, nothing had changed.

Once their Senior Brother of Endless Dao Sect met again in this life, and in this way.

"Ayang... you are Ayang... I really didn't expect to see you again!"

At this moment, Qin Wuya couldn't bear it any longer, his eyes were almost red, he strode forward, grabbed Zi Yang tightly, and looked up and down.

In the beginning, he was a little careful, but his nature was not bad, and he always admired the Junior brother Zi Yang.

"Junior brother, what happened back then? What about other Juniors and my Master?"

After having a reunion, the two of them gradually calmed down. Identifying each other's identities, their hearts surged and they were extremely happy. Qin Wuya asked what he was most concerned about.

But hearing this question, Zi Yang Heavenly King's expression suddenly changed as it turned a little pale, and he hurriedly said, "Senior brother, be careful, some words can't be said, even written down and passed on..."

Hearing this, Qin Wuya was silent for a while, thinking of the ancient books he had probed before, it seemed the same. Between ancient history, there was great terror! Some things, called taboos, were not even mentioned.

"But don't worry, Senior Brother, as long as you don't mention that, the rest can be told to you." Zi Yang breathed a sigh of relief and continued.

"As far as I know, in addition to my successful reincarnation, Junior Sister has also been successfully reincarnated. If there is no accident, the same should be true of the Master and the others... So Senior Brother, you don't have to worry too much, all of us will definitely be reunited again."

Hearing this, Qin Wuya also breathed a sigh of relief, and a smile appeared on his face again.

"You said that Junior Sister was also reincarnated? Where is she now? Why didn't I see her?" he asked.

"This..." Zi Yang was also a little speechless at this time, and he considered his words, "Little Junior Sister, her current situation seems to be a little wrong, and she has not yet remembered what happened in the past."

"Doesn't remember the past?" Qin Wuya was also stunned, and then smiled, "It's okay, we'll just wait for her to recover, or we can help her."

"I'm relieved to have the words of Senior Brother." Zi Yang also breathed a sigh of relief.

Boom!

"Huh? What's that sound?"

Suddenly, Qin Wuya frowned, feeling that there was a huge movement not far away, accompanied by a scream, the mountains shook, and even the nearby mountains were shaking.

"Not good!"

"Someone is attacking my subordinates!"

Zi Yang's expression also changed suddenly, appearing gloomy, and he could hear the screams of his followers. Before, in order to prevent anyone from disturbing him, he instructed his followers to guard around him and not let anyone intrude here.

"Who is so strong and arrogant?" Qin Wuya's brows furrowed even tighter, his figure flashed and appeared in the sky.

Not far away, he saw an indifferent young man standing with his hands behind his back, looking down from above, like a young Immortal Emperor. He also followed a large number of followers behind him, mighty and imposing.

"Let Zi Yang out!"

With such words, he stretched out his palm, the five-color divine light lingered around, the Divine Rune was hidden, incomparably huge, and the divine light was surging like a divine disk.

In the sky and the earth, a golden slap appeared and shot down, like the palm of a god. It was huge and full of power, incomparably terrifying and irresistible!

Boom!

The mountains below collapsed directly and turned into ashes! This group of followers of Zi Yang were the geniuses and talents from the Upper Realm, and their strength was strong enough to push one side horizontally.

Now, they were terrified and desperate!

Puff puff.....

They desperately resisted one after another, the life-saving things exploded, without the slightest resistance, the strength gap was too large, and they were as weak as ants.

Afterward, their body turned into a blood mist, and the soul fled, leaving all directions dead silent for a while!

"Damn! This Gu Changge is so arrogant and powerful! It's too deceiving. I have no grievances or enmity with him!" At this moment, Zi Yang's expression was very gloomy.

Chapter 284-1: It is nothing more than making an excuse to fight, Stay away from Gu Xianer in the future (1)

When the palm fell, the sky turned upside down as if a piece of sky had descended and covered them, directly causing many mountains below to collapse and become ashes. Many young geniuses did not have time to escape.

Even if they activated their protective artifacts, they exploded at this moment, becoming a cloud of blood, and their remnant souls swept away in panic. This scene shocked many people, whether it was the Elder or the other young geniuses, they were all in shock, flying high into the sky and looking at this place from afar.

It was normal for the younger generation to have confrontations and battles in True Immortal Academy. But as loud as it was today, it was very rare.

"It's Gu Changge! What is he doing? Is he planning to fight Zi Yang Heavenly King?"

"Looking at this situation, it's very possible, but I haven't heard of any enmity between the two of them."

In the sky, the Elders looked surprised, their eyes flashed with divine light, and they stared at Gu Changge from a distance. It was Gu Changge who made the move, but the number of followers behind him was also terrifying and mighty, obscuring the sky.

If ordinary young geniuses encountered such a thing, their legs would probably become soft and they would have been kneeling already. It looked more like Gu Changge brought people here to contain Zi Yang. How much hatred was this?

Candidate disciples usually didn't tear their faces easily.

"Zi Yang, get here for me."

The mountains were endless, the rays of the sun were shining, and many divine lights were coming from all directions and appearing here. At this moment, listening to Gu Changge's cold shout again, everyone couldn't help but feel a chill on their backs, and their souls shuddered.

"This Gu Changge is simply deceiving people too much. I have no grievances or enmity with him, yet he is treating my followers like this." At this moment, Zi Yang's mind was rushing and his face was gloomy, his fists were clenched with his anger rising.

Suddenly, for no reason, Gu Changge broke into this place and aggressively attacked his followers. Wasn't this bullying?

"Junior brother, what's going on? Could it be that you have any conflict with this person? I think his cultivation level seems to be higher than yours. If you take action at will, I'm afraid you would not be his opponent." Qin Wuya frowned and spoke with a slightly gloomy expression.

Surviving with difficulty for three hundred years in the Nine Heavens made his eyes very vicious. Almost at the first sight of Gu Changge, he felt that the other party was not simple. This person's strength might be higher than Zi Yang's.

Unless Zi Yang was also hiding some unknown powerful means. However, he was still very angry. He didn't expect that he would encounter the situation where someone was getting bullied by others when he was reunited with his Junior brother just now.

According to the background of Junior Brother Zi Yang's identity in this life, who else would dare to provoke him easily?

"I don't know why he blocked it, and he still seemed to swear not to give up. He really plans to cover the sky with one hand in True Immortal Academy." Zi Yang's face was very ugly.

"Who is this person? Even the Elders of True Immortal Academy dare not show up to ask questions when something like this happens. I'm afraid it's a big deal. How could Junior Brother offend such a person, or is the other party deliberately bullying him?"

Qin Wuya's eyes fell on Gu Changge, feeling that the other party was a bad visitor. Suddenly, there was a four-spirit chariot rolling over in the distance, surrounded by real dragons, white tigers, vermilion birds, and immortal phoenixes.

There was a man who looked like a young god standing above, and even his hair seemed to be burning, and it was astonishingly bright, like a burning sun. It was Prince Sheng from Heavenly Emperor Mountain.

"If the two of them fight for a while, that would be great, and I would get to see what level Gu Changge's strength has reached..." Prince Sheng's eyes flickered.

On the other side, the Heavenly Phoenix Maiden also appeared.

Gu Changge suddenly took action, as if he was going to deal with Zi Yang. This news swept through the entire True Immortal Academy in an instant, causing an earthquake-like wave.

It was too rare for a battle between Candidate disciples, and it was even said that one of them was Gu Changge. When he was still at the mountain gate, he fought with Jin Chan, showing his strength and terrifying strength.

So she was very interested in Gu Changge and wanted to know how her strength compared to the other party's.

"Changge wants to deal with Zi Yang Heavenly King?" In the palace, Yue Mingkong, who heard the news, was a little surprised, but she didn't pay attention to it. After all, she knew how strong Gu Changge was.

This Zi Yang, even if he was number one in the Upper Realm, could not be Gu Changge's opponent.

"Why does Gu Changge bully someone and is doing something to the rest? Oh, it's that disgusting guy Zi Yang, then that's all right." At this moment, hearing the news, Gu Xian'er, who was sitting cross-legged on a bluestone, was slightly stunned.

However, she quickly reacted, a little smile appeared on her face and became a little happy thinking that Gu Changge seemed to be planning to vent her anger.

If it was a disciple who had been paying close attention to the movements of True Immortal Academy these days, then they would definitely know that she and Zi Yang Heavenly King had actually fought each other.

Speaking of this, it was still caused by Zi Yang Heavenly King, who ignored her warning and insisted on approaching her. In terms of Gu Xian'er's character, how could she bear it, so she directly attacked Zi Yang?

But based on her strength alone, she was not actually an opponent of Zi Yang Heavenly King as he had already broken through to the Sacred Realm.

Her cultivation time was still short, although she had caught up in this period of time, at most, she could deal with geniuses at the Quasi-Sacred Realm. While facing Zi Yang, she would naturally be at a disadvantage.

After Zi Yang found out that he was slightly better, he did not continue to attack and chose to leave. But in Gu Xian'er's view, this was a shame. Sooner or later, she would defeat Zi Yang Heavenly King, stomping his face under her feet, and get her dignity back.

"Gu Changge also said that he didn't care about me, but seeing that I was bullied, he was in a hurry to avenge me... Oh, man."

Gu Xian'er snorted lightly, but she was very happy as if she had already seen Gu Changge through.

Of course, she didn't dare to say these words in front of Gu Changge. Then she moved and turned into the divine light and left this place, intending to watch the fun. After all, as long as she was hidden in the crowd and didn't get noticed by Gu Changge, it should be fine, right?

"Heavenly King Zi Yang, you are so bold that you don't even care about my words?"

On the other side, Gu Changge's figure stood high in the sky, spotless and clean, with five-colored divine light flowing all over his body, and there were many terrifying visions in his eyes, which were terrifying and astonishing.

His voice was still revealing an understatement of indifference, overlooking the two people below. He was still struggling to find a suitable reason to deal with this Zi Yang, and as a result, the other party provoked Gu Xian'er, which really gave him a pillow.

"Gu Changge, what do you mean by that? Don't bully people too much, I don't need to be afraid of you." Hearing this, Zi Yang also gave a cold shout, and his figure rushed into the sky.

There was a bang, and a terrifying aura of light rushed out from the place where the sky was covered. It rolled up like a mountain peak, and finally turned into a terrifying long-blooded dragon, shattering the clouds in the sky, overlooking all directions.

With the Senior Brother by his side today, he was not like when he was in front of the mountain gate, he didn't have to be afraid of Gu Changge.

"Oh, are you finally willing to get out?" Gu Changge was still looking down at him indifferently from the sky, and he didn't seem to care that Zi Yang dared to directly face him.

Hearing this, Heavenly King Zi Yang's expression was even more gloomy. *Is Gu Changge looking down on him? Does he think that I need to hide all the time?*

"Gu Changge, there is no injustice or enmity between us, why did you hurt my followers?" Zi Yang couldn't help but ask coldly, his tone was very rude.

Now that so many people were watching, it was impossible for him to be the same as last time, directly admitting counsel and avoiding war. His reputation among the younger generation had fallen once. Although each of the Major Candidate disciples cherished their reputation a lot, they were reluctant to easily fight with others.

But Gu Changge was an exception. He had unparalleled confidence in his own strength, so he was not afraid of others competing with him. On the contrary, they kept avoiding Gu Changge, not wanting to meet him so quickly.

"No grievances and no grudges? I think your memory is not good. Did you forget what I said in front of the mountain gate that day?" Gu Changge said lightly, "I told you to stay away from Gu Xian'er, do you not take my words seriously?"

Zi Yang's expression changed, he naturally remembered these words, but how could he do what Changge said? In the fragment of the future he saw, Gu Xian'er died tragically in Gu Changge's hands, how could he allow such a tragedy to happen?

Even if Gu Xian'er hated him now, he had to take her away from the sea of fire. Gu Changge was not a good person. Gu Xian'er had always been deceived by him!

"Oh, it seems that you still remember it, then you dare to ignore my words? Zi Yang Heavenly King, did you really think that if you are a Candidate disciple, I won't dare to do anything to you?"

Gu Changge made a statement, and there was no trace of turbulence in his expression. But many Elders and disciples nearby already understood what happened at this time.

"So strong, as expected of the young master Changge, even the existence of Zi Yang Heavenly King is not worthy in his eyes."

"So that's how Zi Yang Heavenly King formed a grudge with Young Master Changge."

At this time, a young genius couldn't help but whisper. Seeing that the people next to him were puzzled, he explained what happened during this time.

Speaking of which, it had something to do with the goddess of the Ancient Immortal Gu Family, Gu Xian'er, who was Gu Changge's cousin.

In the days when she first entered the mountain gate, Gu Changge's cousin, with her beautiful face that brought disaster to the country and the people, caused quite a stir among the young talents.

Many things about her had also been turned over. When she was young, her cousin Gu Changge ruthlessly dug out her Dao bone, and then abandoned her. This tragic experience was sympathetic, but as a young supreme being, her talent and strength were not to be underestimated at all.

She was such a proud woman who had attracted a large number of admirers and suitors in a short period of time. Among them, Zi Yang Heavenly King was such a person.

Chapter 284-2: It is nothing more than making an excuse to fight, Stay away from Gu Xianer in the future (2)

There were rumors that on the first day Gu Xian'er entered the mountain gate, he was astonished, and then began to frantically pursue her. As long as there was Gu Xian'er in sight, he could be seen haunting around.

Because Zi Yang was a Candidate disciple, the other young geniuses also knew that they could not compete, so they all withdrew. A few days ago, for some unknown reason, Gu Xian'er and Zi Yang Heavenly King had a conflict, the two of them fought a battle, and in the end, Zi Yang Heavenly King left.

Many people thought that this was the reason, otherwise, how could one explain Gu Changge's attitude?

Prince Sheng's eyes flickered, revealing a deep thought, "Could it be that this Gu Changge still cares about her? No, if so, how could he have dug up her Dao bone when he was a child. This kind of behavior is definitely not from a good person. At that time, the so-called digging a bone to return a girl was also helpless."

"Is he going to take advantage of it?" Prince Sheng was also very smart, and quickly understood Gu Changge's intentions. It was false to seek justice for her cousin, but in fact, he intended to do something to Zi Yang Heavenly King.

This made him feel a chill in her heart. Gu Changge really treated their group of Candidate disciples as prey, as long as he had a chance, he would not let it go, right?

However, many disciples and Elders thought of other aspects.

"There are rumors that Gu Changge dug his bone outside Heavenly Dao Ancient City to return it to her sister that day, and then he felt deeply guilty about her. Now, did Zi Yang Heavenly King's behavior touch Gu Changge's rebellious scale?"

"Anyway, we have a good show today."

Divine lights flashed past one after another and appeared high in the sky, closely watching the situation below in excitement.

"Gu Changge, what do you mean?" Seeing that Gu Changge didn't put himself in his eyes at all, Zi Yang Heavenly King felt that his anger was burning, and his face was so gloomy that he was dripping with water.

He had never seen a young cultivator who was as arrogant and powerful as Gu Changge. Even the incomparably mysterious six-time champion would not be like him.

"I just think you're courting death." Gu Changge's answer, as always, was vague.

"The so-called 'a good gentleman follows a fair lady'. Gu Changge, do you really think that you can cover the sky with only one hand in True Immortal Academy? Even this should be taken care of?" Zi Yang Heavenly King's forehead was throbbing, and he was forcing himself to calm down. Since Gu Changge had already torn his face, why would he be polite?

So he responded with mockery.

"It's not that this Gu is meddling, it's just that I don't think a cat or a dog like you is qualified." Gu Changge said lightly, "Today I will teach you to recognize your qualifications."

After that, he went straight to the action, not giving Zi Yang a chance to talk nonsense, and he was extremely straightforward. His slender figure stepped forward, shrouded in endless and flaming rays of light, and the five-colored rays of light rose and fell, instantly disappearing in place.

As his punch went down, it was as if this galaxy would fall down! At the same time, his vision unfolded behind Gu Changge.

This was the first time he showed his vision in front of everyone.

Buzz!!

As if the magnificent immortal gate was pushed open, the vast aura rushed over in an instant. In a vast and mysterious ancient world, it seemed that there were thousands of immortals at the court performing a grand sacrificial ritual and a kowtow sound was heard!

This scene made all geniuses and the Elders shudder, and they were extremely shocked. Before this, many people were guessing what kind of talent Gu Changge had.

Some people said that he controlled space talent and had unparalleled speed. Some people say that he possessed supreme swordsmanship and controlled the supreme attacking sword art.

After all, according to the rumors, no matter which aspect it was, Gu Changge didn't have any flaws. And the talent he showed today seemed to be the projection of the Immortal World!

This kind of vision had gone beyond ordinary visions, and many people even thought that this world actually existed.

"How many tricks did Gu Changge hide? It's abhorrent..." Prince Sheng's breathing became rapid, difficult to calm down, and he felt a little heavy.

"It's really strong." Heavenly Phoenix Maiden stared at Gu Changge for a moment, and her eyes were full of splendor.

"This smell... not good..."

"Junior Brother, run away!"

At this moment, not only Zi Yang Heavenly King's expression changed greatly, but Qin Wuya's expression also changed, and he quickly reminded him.

"Damn, my Immortal Heavenly Eye's backlash hasn't healed yet, so it's hard to use it."

Zi Yang Heavenly King's face changed drastically, and then he waved his robes and made a rumbling sound, only to display rich purple energy that started to permeate his body, undulating like a fog.

Divine Dao bone recovery. In a trance, he stood in the deepest part of heaven and earth. The terrifying purple fog seemed to engulf the ancient worlds, turning there, and the vision was extremely terrifying.

These ancient worlds, as if they emerged from the beginning of the world, were extremely heavy and contained extremely pure and real-world power. The power of the vision collided with the divine atmosphere, and a terrifying brilliance suddenly erupted, like hundreds of stars exploding.

Even the Elders of the Supreme Realm could not help but change their expressions slightly, feeling the terror and tyranny of Zi Yang Heavenly King. As expected of an ancient freak who once dominated the Upper Realm!

However, after this blow, Zi Yang stepped back a few steps, his face turned pale, and blood dripped from the corner of his mouth.

"The strength of this Zi Yang Heavenly King cannot be underestimated! He actually took a blow from Gu Changge!"

"Divine Dao bone..."

The expressions of Prince Sheng and other heavenly geniuses were slightly solemn, and they had already heard of the terrifying Divine Dao bone.

The power of Divine Dao bone was a legendary supreme power. Even the power of flying immortals that could bless someone in attacking and speed was slightly inferior.

In ancient myths, all those who were associated with the Primordial Monarchy had Great Luck on their bodies, and they wanted to be Ancestors and respected. However, the realm of Zi Yang Heavenly King was obviously not enough, and the Primordial energy that could be stimulated was not continuous.

But this was terrifying enough, even the one at the Great Sacred Realm would not dare to take it hard.

"I wonder how will Master Changge deal with it? His expression is too casual, and he doesn't seem to care?"

Heavenly Phoenix Maiden had been paying attention to Gu Changge's movements, but seeing that his expression had not changed, she couldn't help but feel deep doubt and curiosity.

"Divine Dao bone... This talent is wasted on you." A strange color flashed across Gu Changge's eyes.

Then he punched again. Although he didn't use his real strength, he was obviously more powerful than the casual blow just now. With his current strength, without using other means, he was not even afraid of a Quasi-Supreme.

For him, Zi Yang was just a leek to be harvested.

Boom!

It seemed to carry a square world down, it weighed hundreds of millions of pounds, and the multicolored rays of light were mixed with the power of attack, and the sky was shattered!

The void was instantly shattered, and a terrifying void appeared! All of the geniuses who witnessed this scene with their own eyes couldn't help their legs go weak, their expressions turned pale, and they almost fell to the ground.

This was the power of the world, which had surpassed the range that the void could bear! The void was constantly shattering and exploding!

This kind of aura was too grand and terrifying, and even the existence of the Great Sacred Realm had become horrified, and dare not fight. As this fist fell, the light of his fist covered the sky and the earth, making the sky seem to be shaking, and then it completely exploded.

Zi Yang's Heavenly Eyes widened, he coughed out blood with a wow sound, and his head went blank with a buzz. Before touching it, that layer of Primordial Light suddenly broke, completely unable to resist!

This was the ultimate way to break through all methods! He reacted.

"Gu Change's power is too terrifying, what kind of physique is this, and why is it so similar to the power of Nirvana once recorded in the Human Ancestor Hall?"

Many Elders gasped, not expecting Gu Change's physical strength to have reached this level. Needless to say, there was probably no one in the younger generation who could compare with him.

"What qualifications does a cat and a dog like you possess?" Gu Change asked lightly again, not at all conscious of bullying the weak.

When his punch completely crushed him, Zi Yang spat out blood again, and half of his body exploded. He spat out a lot of visceral fragments.

His expression was ugly and gloomy like a pig's liver. In front of all the cultivators, he was so powerfully defeated by Gu Change. This made him extremely unwilling, aggrieved, angry, and humiliated!

It was not that he was not strong, but the gap between the two of them was too big. If he faced the cultivators of the same realm, he would definitely win easily. However, in front of him was Gu Change, which was not someone a normal genius could make up for.

"You are definitely not in the Sacred Realm! If you are in the same Realm..." Zi Yang Heavenly King looked gloomy, gritted his teeth, and appeared in the distance, quickly recovering from his injuries.

But before he finished speaking, he was interrupted by Gu Change.

"You keep this to yourself. Trash is trash. Stay away from Gu Xian'er in the future. If you let me see it again, I will destroy you with my own hands."

His expression was still calm as if he had done something trivial. If he wanted to kill Zi Yang, he would definitely be stopped by the Elders of the True Immortal Academy, but it would not be worth the loss.

But hearing this, all the geniuses and Elders nearby couldn't help but feel dead silence. He was too strong!

It was not just his strength, but also the strength of his character. Ancient monsters like Zi Yang Heavenly King who once dominated the Upper Realm were beaten like this.

The rest of the young geniuses couldn't help shivering, their souls trembled, and a chill went down their spine.

Chapter 285-1: In the future I will only have to cover the sky, This Luck is really toxic (1)

"Junior brother, calm down..... Don't be impulsive."

At this time, Qin Wuya's figure flashed as he appeared beside Zi Yang Heavenly King. He had already figured out the entire matter and looked at Zi Yang Heavenly King, who had a gloomy face and did not say a word. His entire focus was on Gu Changge making another move.

"Senior brother....." Zi Yang Heavenly King gritted his teeth, and clenched his fists.

He was feeling incomparably suffocated, to be so humiliated by Gu Changge in front of all the disciples and Elders. He even said such words as to abolish him with his own hands?

He couldn't do anything, he couldn't even refute a word, because that would invite Gu Changge's fury. After he was reincarnated as an heir of the Purple Mansion, it was the first time he encountered such a thing, which was a great shame.

In the past, no matter what kind of opponent it was, he had always pushed across, making it hard to meet a worthy opponent.

"Gu Changge, have mercy, Zi Yang has paid enough price and the matter can be settled..." Qin Wuya looked at Gu Chang Ge, his voice was also very gloomy, and in his opinion, this matter actually had room for negotiation.

Gu Changge's intention was to keep Zi Yang from approaching his cousin, for fear that Zi Yang would have ill intentions toward her. But Gu Changge did not know about his cousin's relationship with them.

So, all of this was actually a misunderstanding, and as long as it was explained clearly, it should be resolved.

However, Gu Changge interrupted Qin Wuya with a cold expression, not giving a hint of mercy, "What the hell are you? Are you also worthy of teaching me how to do things?"

"You....." Even though Qin Wuya had been in the Nine Heavens for three hundred years and had honed his mind, he could not help but feel anger at this time.

This was way too arrogant, can he still talk properly?

However, many disciples and Elders felt that something was wrong. According to reason, Zi Yang Heavenly King and Qin Wuya should be strangers to each other.

Why did they look so familiar?

Zi Yang Heavenly King also felt the change in the expressions of the people nearby at this time, and could not help but grit his teeth and said, "Thank you, Senior Brother Qin for being righteous, I'll remember today's kindness, and Zi Yang will definitely repay you in the future."

With that, he wrapped up with his body the vast purple aura and left straight from this place without staying for a moment.

After today, the four words "Zi Yang Heavenly King" would be the object of ridicule in the True Immortal Academy. This shame, he would always remember it!

"....."

Qin Wuya frowned tightly, and he also reacted to the Zi Yang Heavenly King's meaning. His identity could not be exposed, so he could not let people know about his relationship with Zi Yang Heavenly King either.

He took a look at Gu Changge, and a flash of cold intent appeared in his eyes. This was the first time that he had taken note of this account today. He would let Gu Changge pay back in full in the future.

Although Qin Wuya's apparent cultivation level was only at the Heavenly God Realm, his true strength was not even weak for the Quasi-Supreme Realm, not to mention that he had many powerful means.

He just didn't want to expose it in front of the crowd. Afterward, he did not say a word, his figure flickered, and he also quickly disappeared.

"It seems that this Zi Yang Heavenly King and this ancient man who walked out from the strange stone seem to have a good relationship. Today's incident might as well form a conflict between them and the young master of Changge."

A group of Elders and disciples looked at each other with many complicated emotions in their hearts. Now, Gu Changge's strength was already deeply rooted in people's hearts.

Covering the sky with one hand? This was not just a rumor. The best of the Candidate disciples were still facing him, let alone the rest of the young geniuses.

In front of him, they couldn't even stand still.

"After today, I'm afraid that the True Immortal Academy will have to respect Gu Changge."

This was the thought in the hearts of many Elders. But Mo Lao's expression, however, was a bit different. He thought of that night, when Gu Changge being a heavenly genius, finally fell in the hands of a woman.

In addition to making him lament the vagaries of the world, he had a deep sense of Su Qingge's terrifying brain. What kind of terrifying mind and ability did she have to hide from Gu Changge?

It was worthy of being a true inheritor of demonic art!

"I have made you all laugh about today's incident." Afterward, Gu Changge swept his gaze across the four directions, and his face once again revealed a deeply genial smile.

It was as if the cold and strong person just now was not him.

The swiftness of this transformation caused many of the young geniuses to blush a little and they hastily waved their hands in denial.

"That's good." Gu Changge smiled faintly, his gaze swept over Gu Xian'er who was hiding and was somewhat sneaky in the middle of the crowd, and left with a group of followers, not saying anything else.

"This guy is still quite relieved, it's just a pity that I didn't do it myself. Within the True Immortal Academy, I'm afraid no one will dare to pester me, and I can focus on my cultivation."

There was a smile in Gu Xian'er's clear cold eyes as she quietly left the crowd, she also did not know whether Gu Changge noticed her last glance. But what Gu Changge did today made her feel as if the bold act that day was worth it.

This guy still had some conscience, he knew that she was getting bullied, so he avenged her to get back at the scene. And Gu Changge was in a good mood.

After all, under the banner of seeking justice for Gu Xian'er, not only did he strike at the Zi Yang Heavenly King, but he also incidentally harvested a series of Luck points from his senior Brother Qin Wuya, who had returned from the Nine Heavens.

It must be said that this series was related to the Son of Luck as well as people with Great Luck. Qin Wuya's own Luck points partially involved the Zi Yang Heavenly King, after all, he was the Senior brother of Zi Yang Heavenly King in his previous life.

On top of that, today, in front of everyone, he struck Zi Yang Heavenly King with a blow, whether or not it had a destructive effect on his Dao heart. Anyway, it didn't affect Gu Changge's next plan, because the prerequisite to planting demons was to deal a huge blow to the Dao Heart.

Gu Changge naturally wouldn't try to control the Zi Yang Heavenly King, he wasn't sure if it would work, and he might expose his identity as a result, so he still chose the method of splashing black water.

After all, before, he had already mentioned Wang Ziji about the matter of planting demons in the Dao heart. When the time came, he only had to lead the way, even if Zi Yang Heavenly King was sophisticated, it would be impossible.

Returning to the palace and dismissing everyone, Gu Changge used the Dao fruit, only to see a surge of golden light in his palm, like a mysterious little tree waving there, bearing all kinds of gorgeous and radiant fruits.

Currently, above one of the fruits, a purple aura was diffusing and drooping.

"The replicated purple aura of Hong Meng, although it is a bit hasty, to disguise the real thing, it is enough."

Gu Changge's smile looked somewhat profound. At the time of the battle, he intercepted a part of the divine purple aura through some means and then cultivated it with his Dao fruit of Guiding Dao, and now it had produced fruit.

Of course, the divine purple aura obtained was certainly not comparable to the divine Dao bone itself. As the time was very short, if it had been a little longer, maybe it could be completely reproduced.

The effect of this kind of thing was really unbelievable, after all, it was something that was left after killing the Human Ancestor.

Of course, the divine purple energy possessed by the Zi Yang Heavenly King was not the same concept as the kind of divine purple aura Gu Changge knew, but it was an extremely terrifying talent.

The power of Hong Meng, the evolution of chaos, the beginning of the world, power of supreme immortality..... This power was powerful and unspeakable.

On the other hand, Gu Changge's strong suppression of the defeat of Zi Yang Heavenly King was spreading all over the True Immortal Academy, causing a huge sensation.

In the cave mansion, Zi Yang Heavenly King, who was the person in question, had recovered from his injuries.

"Senior Brother, this is how things came to be... Gu Changge has a malicious mind, and the little senior sister is so naive that she will end up suffering miserably at his hands."

He slowly breathed a sigh of relief, having recovered from the tremendous blow of the previous days. He informed Qin Wuya of the fragment of the future that he had seen with his Immortal Dao Heavenly Eye.

"To have such a purpose, that Gu Changge is really hiding too deep. I actually thought that everything he did was for the good of Little Sister. It seems that what happened that day was just an excuse to stir up the issue."

Qin Wuya was silent for a moment as his face was also ugly, somewhat understanding Zi Yang's feelings. In their view, even if Gu Xian'er had not recovered her past life memories now, she was still their Junior sister.

After knowing that such things would happen to her in the future, how could they not be worried?

Gu Changge, who was by her side, was not a good person.

"In my opinion, this Gu Changge is much more terrifying than any inheritor of demonic art, an inheritor of demonic art would not be like him, holding the banner of justice and ending up bullying the weak... His evil intentions are hidden under a layer of hypocrisy..."

Qin Wuya couldn't help but sigh, these days he had developed a very new understanding of many young cultivators, and for Gu Changge, he was even more impressed.

"Senior brother, what should we do now? We can't just see our junior sister fall into the fire and not care, right?" Zi Yang Heavenly King clenched his fists tightly, and when he thought of Gu Xian'er's cold attitude of disgust towards him, he felt a tingling in his heart.

Chapter 285-2: In the future I will only have to cover the sky, This Luck is really toxic (2)

In the last life, even if her little Junior sister was indifferent to him, she would not be like this, not even trying to hide her disgust at all. On the contrary, Gu Xian'er trusted Gu Changge, who was supposed to be her great enemy.

How could he bear it? It was like a knife to his heart.

"Junior brother, don't worry, I checked the ancient books in the past few days and found that the Reincarnation Lake in the Immortal Heaven can remind people of their past life..."

Qin Wuya said slowly, "Take care of yourself in these few days, don't enter into another conflict with Gu Changge, I'll go to Reincarnation Lake and return within a month at most."

Hearing this, Zi Yang was taken aback for a moment, and then nodded, "Okay, I will listen to the Senior brother."

Although the Purple Mansion behind him also sent Elders to True Immortal Academy. But they wouldn't be involved unless it was a fight between life and death, and it was difficult for anyone to intervene. After all, the Ancient Immortal Gu Family behind Gu Changge would not just sit around either.

At that time, if he collided with Gu Changge again, he would probably be humiliated again. This made Zi Yang extremely unwilling and aggrieved, but there was nothing he could do.

He had been around for a lifetime, pressing down on the younger generation of the Upper Realm, how had he ever been defeated? But in front of Gu Changge, there was no resistance at all.

"As long as my Immortal Dao Heavenly Eye's backlash recovers and my cultivation goes up to a new level, I will definitely be able to wash away today's humiliation!" Zi Yang was secretly having ruthless thoughts in his heart.

Time passed quickly, and in a blink of an eye, it was the day of the entrance examination of True Immortal Academy. On the wide and huge square, the crowds were surging and the place looked extremely dense.

Above the sky, chaotic energy was floating, and ancient palaces were erect in the middle, magnificent and simple, revealing a long atmosphere. It could be seen that in the sky, there were divine lights descending, and many geniuses who were driving chariots were also emerging from various immortal mountains.

Their mount obscured the sky and the sun, and the scene was extremely scary. Even from a long distance, one could feel the majesty of their bloodline. All the disciples attached great importance to this trial.

The ground was square shaped, with mountains next to each other, filled with azure light, green clouds, winding colorful lights... All of them made it look magnificent and majestic.

Above these mountains, there were also many geniuses, Wang Wushuang of the Ancient Immortal Wang Family, Chi Ling of the Vermillion Bird Clan, Ye Langtian, Ye Liuli, and others of the Ancient Ye Clan.

"This trial, all the seniors attach great importance to it, and it involves absolutely cloudy things."

"The Absolute Heavenly Extinction has broken out again, and Heavenly Extinction beings with spiritual wisdom have appeared. This has never appeared in the previous historical records..."

"Several seniors have said that it is very likely that the Heavenly Extinction Emperor will be born this time. Maybe there is an existence above the Heavenly Extinction Emperor, and they may establish the Heavenly Extinction Kingdom."

In the palace, several Elders were discussing matters with solemn expressions, discussing the content of this trial. The trial of the True Immortal Academy was by no means as simple as an ordinary competition, and it would definitely be much more difficult.

"Let's divide them into teams, the ten Candidates will be divided into five teams, and then choose the following disciples..."

Then, they couldn't help but sigh. Although they had been responsible for many introductory trials, more or less they felt things would not be too simple.

The casualties might be staggering, because each part was different, and there was no danger in it. And soon, on the high platform, a divine light descended as Gu Changge appeared leading a group of followers.

When the nearby geniuses saw him, their expressions could not help but change drastically, and they all stepped aside in awe, not daring to block the way.

"Greet... Greetings... Young Master Changge." In the front, a beautiful girl in a white dress was standing with a teenager, which seemed a little out of tune with the many geniuses nearby.

When she suddenly saw Gu Changge walking in this direction, she was a little nervous and shy, her face turned red, and she hurriedly greeted him. But her voice was shaking and stuttering a little.

Gu Changge stopped in front of her and smiled slightly, "Your name is Qing Xiao Yi, right? Long time no see, are you used to it now?"

"What...? Young Master Changge still remembers my name, I... I'm quite used to it now." Being called out by Gu Changge so directly, Qing Xiao Yi was surprised and shy again, and her heart kept beating fast.

She didn't expect that Gu Changge could remember the name of even such a small person. This was completely unimaginable to her.

"Greetings Young Master Changge!" Her brother Qing Feng also hurriedly greeted Gu Changge with respect and gratitude.

Gu Changge nodded slightly, "It seems that during this period of time, both of you brother and sister have gained a lot, and even your cultivation has improved a lot."

"It's all thanks to my sister, otherwise I wouldn't have this fortune." Qing Feng touched the back of his head and laughed naively.

"It can't be said that way, after all, everyone has their own way of karma." Gu Changge smiled and said a few more words to them.

If he remembered correctly, this Qing Feng's talent was very poor, so bad that he had no spiritual roots, although it was very likely that an Elder had transplanted spiritual roots for him.

But in a short period of time, it was impossible to break through to his current level.

Luck! In just an instant, these words were linked to Gu Changge's mind. Otherwise, how to explain this phenomenon?

In the beginning, he kept an eye on Qing Feng, but now, looking at his Luck, there was an increasing trend.

"Looks like he got some treasure." Many thoughts flashed in Gu Changge's mind, but his face was calm.

However, he didn't say anything more and quickly walked past the two of them.

Qing Xiao Yi's eyes were filled with admiration, and she was very excited, "Brother, did you see? Young Master Changge remembers my name..."

"Oh, I know, I know, keep your voice down, now you are the proud disciple of the Elders, you have to pay attention to your actions." Qing Feng said helplessly.

During this period of time, Qing Xiao Yi always mentioned Gu Changge in front of him, and he was clear about any rumors or news about him.

His ears were about to grow calluses. In the past, in front of Gu Changge, he might have been very inferior and didn't even dare to speak, but recently his mentality had changed, and he had gradually gained confidence.

And Qing Feng knew that all of this was brought about by that mysterious bottle.

"It can't be like this anymore. Xiao Yi is very grateful and admired by Gu Changge, but in Gu Changge's eyes, she is just an insignificant person..." Qing Feng sighed in his heart, feeling that he couldn't let Qing Xiao Yi continue like this.

Otherwise, she would suffer one day, leaving only regrets and sadness. On the square, all the young geniuses gathered soon, even the somber Zi Yang appeared.

In the other direction, the mysterious six-time champion appeared for the first time in everyone's field of vision.

He had a blurred face and a medium stature. He was standing on a mountain and dressed in gray. It seemed that he was separated from everyone by a world, and his strength was unfathomable.

Jin Chan, Prince Sheng, Heavenly Phoenix Maiden, Wang Ziji, Jiang Chuchu, the descendant of Human Ancestor Hall, Gu Xian'er, Princess Yue Mingkong of Peerless Immortal Dynasty, the rest of the ancient freaks, Ying Shuang, self-proclaimed young kings, and those who walked out of the restricted area, their successors...

Almost all of the most dazzling geniuses of this generation had appeared at this moment and were going to participate in this entry-level assessment.

"I heard that this assessment will be divided into teams by drawing lots, but I wonder is so lucky to be on the team with Young Master Changge."

"I think it may be his fiancée, Princess Mingkong of the Peerless Immortal Dynasty..."

"That's not necessarily true. This draw is entirely based on Luck. Although Princess Mingkong is the fiancée of Young Master Changge, she doesn't have any Luck bonus."

Many young geniuses talked a lot, and they were very concerned about this draw.

After all, this introductory trial was related to the subsequent resource allocation and various Elders' teachings. Of course, for Gu Changge, this trial was just a small step in his follow-up plan, and it was insignificant.

He would rather be with Yue Mingkong. After all, the two of them were already engaged, and it was very convenient to work together. And he wouldn't have to worry too much.

"Now all the Candidate Disciples are starting to draw lots. After the lottery is over, I will explain the content of this trial later."

Soon, an Elder appeared on the high platform, his eyes swept over the many geniuses below and then he said.

Buzz!!

A boxy stone box appeared in the void made from a very special material. Even divine sense couldn't penetrate it, so there was no small trick like cheating. True Immortal Academy couldn't afford to lose here.

Soon, a group of Candidate Disciples began to draw lots in order.

"Candidate One." Gu Changge raised his eyebrows, looked at the serial numbers on the jade stick that he had drawn, and couldn't help but whisper.

And when he raised his head and swept the other Candidate disciples, Jiang Chuchu, who was not far away, had a calm expression.

In her jade hand, she also held the jade stick marked with Candidate One.

The eyes of the two passed by in the void, and she quickly lowered her head, and her expression couldn't hide her surprise.

"How could it be her?" Gu Changge's expression didn't change, but he felt that Luck was really poisonous.

Chapter 286-1: After being eaten clean, wipe your mouth and leave. Isn't your behavior very sincere? (1)

When Gu Changge held the jade sign in his hand as Candidate One, the expressions of the other Candidate disciples also changed slightly, and they all looked down at the jade sign in their hands.

Even the very mysterious six-crown king moved his eyes and looked at the jade stick in his hand, which was crystal clear like jade and had a very clear texture. There was a slight change in his eyes, not like the calmness and silence before.

No matter who teamed up with Gu Changge, they could get a lot of advantages and this trial would also give them more chances to survive. After all, with Gu Changge's strength, how many young geniuses in True Immortal Academy wanted to be his followers?

Several Elders had also agreed about the difficulty of this trial in advance, saying that there might be a lot of casualties.

"It's a pity..." The six-crowned king shook his head softly, his voice carrying an inexplicable charm.

The jade sign in his hand showed that it was Candidate Three.

"It's really a pity." The Heavenly Phoenix Maiden on the other side also retracted her gaze and rubbed the numbers on it, with a little regretful expression.

"Fortunately, it's Candidate Three." The moment he saw his sequence numbers, Zi Yang breathed a sigh of relief, and the stone in his heart finally fell to the ground.

He was worried that being in the same team as Gu Changge would be his biggest nightmare. Currently his Senior brother went to Reincarnation Lake, if there was a conflict with Gu Changge, no one could help him.

"Candidate Two." Yue Mingkong glanced at Gu Changge and gently shook her head, but her mood didn't fluctuate much.

Gu Changge couldn't help laughing, "Why, don't we have a tacit understanding?"

Yue Mingkong lightly rolled her eyes at him, but said nothing.

"I'm also Candidate Two, why don't we switch?" On the other side, Wang Ziji looked at Jiang Chuchu who was pretending to be calm beside her with a smile.

"Since it is the rule of True Immortal Academy, how can it be replaced at will?"

Jiang Chuchu glanced at her casually, squeezed the jade slip in her hand tightly, and said lightly, "Princess Mingkong's strength is not as simple as you think, and you can take care of each other when you are in a team with her. "

Wang Ziji couldn't help laughing, "You didn't see her expression, but you're not used to me."

Jiang Chuchu stopped talking. At this time, she seemed calm, but she was actually very confused. She didn't expect that she would draw the same candidate number as Gu Changge.

Did it mean that she will be with him during this trial? What would happen? Would Gu Changge still be indifferent to her, or would he... bully her like before?

Jiang Chuchu didn't know what kind of mood she was in right now, apprehensive, uneasy, nervous, worrying about gains and losses, and looking forward to it. Maybe all of them.

Then, on the high platform, a group of Elders appeared here with a flash. A tall, red-haired elder waved his robe to signal everyone to be quiet and began to announce the content of this trial.

The eyes of all the disciples looked over.

"This trial is still related to the Absolute Heavenly Extinction. In several areas where the Absolute Heavenly Extinction has broken out, it is suspected that the Heavenly Extinction Kingdom was born. Among them, the Heavenly Extinction Emperor has been birthed with consciousness, and he rules over many Heavenly Extinction beings under him, attacking the major ancient cities. So far, the Vermillion Bird's Ancient Kingdom has been invaded by the Heavenly Extinction beings, many cultivators have died tragically, and large areas of the country have fallen..."

"In addition to the Vermillion Bird Ancient Kingdom, other ancient countries such as White Tiger, Green Dragon, Xuanwu, and Chi Long were also invaded and suffered heavy casualties."

These ancient countries were all affiliated to the ancient countries of True Immortal Academy and were closely related to the sects behind many current geniuses.

At this moment, after hearing that these ancient kingdoms were attacked by the Heavenly Extinction beings, many people's faces were filled with righteous indignation, their fists clenched with surging killing intent.

When the Absolute Heavenly Extinction appears, it would not only devour the surrounding world and heaven and earth but would also give birth to the Absolute Heavenly Extinction beings in it, which was the biggest disaster for all races.

The cultivators might still be able to escape. But for the average person, that was a catastrophe.

"Absolute Heavenly Extinction has broken out again, I wonder if there is any origin of Heavenly Extinction this time... The last time I found it because of Wang Ziji, is it possible that this time I have to rely on Jiang Chuchu?"

Hearing this, Gu Changge looked a little thoughtful, but he never forgot about this rare origin.

The last time when he only devoured and refined a part of it, he felt that his Great Dao treasure bottle was being washed away, and the immortal essence within it was restrained, giving birth to a new vitality.

"How come Gu Changge didn't team up with Princess Mingkong. When did the descendant of the Human Ancestor Hall pop out again? Why are there so many women around Gu Changge? I didn't notice it before."

On the other side, Gu Xian'er, who was separated by a certain distance from Gu Changge, couldn't help muttering at this moment. She suddenly felt that she underestimated Gu Changge's attractiveness towards other geniuses.

Not to mention his fiancée Yue Mingkong, the rest of the celestial daughters who were born sacred like the descendant of the Human Ancestor Hall, also had a lot to do with him.

In addition, the little girl Qing Xiao Yi, who was said to have an Immortal body, also seemed to have a good impression of Gu Changge, and there was no lack of admiration in her eyes.

This made her feel a little unhappy for some reason.

And this time, she was in the same team as Qing Xiao Yi and Qing Feng. Could it be that she had to take care of these two weak chickens?

"If Gu Changge offered to exchange with the brother and sister Qing Xiao Yi, they might agree..." Thinking of this, Gu Xian'er stared at Gu Changge eagerly, and the look of anticipation in her eyes was almost written on her face.

Gu Changge naturally noticed her but chose to ignore her as if he hadn't seen her. Bringing Gu Xian'er with you, wasn't it causing trouble for yourself?

As the Daughter of Luck, she had deep blessings. She had to learn to grow by herself and find opportunities by herself.

Gu Changge was still thinking about what surprises she would bring to him, like going out for a trial, and bringing back some kind of Heavenly Artifact, but this girl was still waiting for him to bring her back?

She must be dreaming.

"Damn, this guy obviously saw me and ignored me." Gu Xian'er angrily waved her fist at him.

Zi Yang naturally noticed this scene. He clenched his fists tightly, and his heart was even more jealous. How could the little junior sister, who had always been cold and arrogant, have such an expression towards a man?

However, Gu Changge still seemed to ignore her. What kind of ecstasy soup did he pour into her little sister?

This made his teeth almost shatter, and he could only comfort himself in his heart. Little Junior Sister's memory of his previous life had not yet awakened. It was no wonder he could only blame Gu Changge for hiding too deep.

Soon several Elders finished talking about the requirements of this trial. In essence, it was still about fighting against the Absolute Heavenly Extinction, but it was led by the Major Candidate Disciples.

And because Qin Wuya, who was born in the strange stone, temporarily left the True Immortal Academy, many Quasi-Candidate disciples also got the chance to draw lots, such as Yue Mingkong, Gu Xian'er, and others.

Although they were all at the God-King Realm. But in terms of real strength, even the Elders couldn't tell. After all, no one knew the means of each young supreme.

Until the last minute, who knew what cards they could play? In the end, in this trial, the Six-Crown King, Zi Yang team, Prince Sheng, and Jin Chan team.

Yue Mingkong and Wang Ziji were on the same team. As for Gu Xian'er, she was assigned to Qing Xiao Yi and Qing Feng.

"Holy Maiden Chuchu. Long time no see, stay safe." Gu Changge walked over, and Jiang Chuchu greeted him with a calm expression.

"Young Master Changge is polite." Jiang Chuchu nodded, looking very calm.

This was the first time she and Gu Changge greeted each other since they left the Land of Heavenly Extinction last time, neither of them showed any abnormality. Gu Changge didn't mention the past at all.

Of course, she didn't say much. There seemed to be nothing wrong with the others. But Yue Mingkong felt that Jiang Chuchu's expression was a little unnatural, and she noticed this while listening to the Elder's preaching that day.

Jiang Chuchu and Gu Changge did not seem to have a simple understanding.

"Is Princess Mingkong worried that her fiance will be taken away?" With a smile on his face, Wang Ziji took the initiative to greet Yue Mingkong, looking very familiar.

Yue Mingkong's expression was flat, "No, I'm just worried about Holy Maiden Chuchu's safety."

Wang Ziji was stunned for a moment, still smiling, "Oh, it seems that Princess Mingkong knows Brother Gu very well."

Yue Mingkong had some different emotions about the woman in front of her whose face was not inferior to her own. She felt that she liked to get involved in everything. Now, she was still deliberately provoking hatred between her and Jiang Chuchu. She was obviously a descendant of the Human Ancestor Hall, but she looked like a demon girl.

Chapter 286-2: After being eaten clean, wipe your mouth and leave. Isn't your behavior very sincere? (2)

"It seems that Princess Mingkong is really at ease with Brother Gu, but I feel that Brother Gu is not a gentleman who can sit still..." Wang Ziji still said with a smile.

"Anyway, it wasn't me who was finally eaten and wiped clean." Yue Mingkong also rarely showed a smile on her face, looking very calm and peaceful, like the most flawless jade.

This answer made Wang Ziji, the transmigrator, stunned for a moment, feeling incredible.

Yue Mingkong, as Gu Changge's fiancée, was so tolerant towards Gu Changge? Or is she really that confident in him?

For a while, she didn't understand what Yue Mingkong was thinking, or was she saying that a sea king like Gu Changge couldn't be sincere?

Afterward, a group of disciples began to choose the team they wanted to join, which was not mandatory. Because the Elders also knew that this time, the main disciples of the True Immortal Academy would follow the Candidate and Quasi-Candidate disciples.

It was a bit ugly to say, like the rest of the disciples, they were all here to make up the number. Therefore, there was no doubt that most of the disciples wanted to follow Gu Changge. Whether it was a Quasi-Candidate disciple, an Inner disciple, or an Outer disciple, they would immediately choose the team he was in.

Although Gu Changge had a strong personality, he had never treated his own people badly. This could be seen from the fact that he was far superior to the other follower geniuses.

In addition, there were the teams of the Six Crown King, Prince Sheng, Yue Mingkong, and others. On the contrary, Gu Xian'er, Qing Xiao Yi, and Qing Feng looked very embarrassed, because none of the disciples followed them, even the Outer disciples.

Many people were aware of the situation of Qing Xiao Yi and Qing Feng. Although Qing Xiao Yi's talent was favored by the Elders, how long had she been practicing?

At the time of the trial, it would only be a burden. As for Gu Xian'er, although her strength was not weak, compared with the other young candidates, she was still a bit worse, especially when she had two burdens with her.

"What's the matter..." Gu Xian'er had a cold and arrogant personality. At this time, she was a little dumbfounded and couldn't react.

Apart from Qing Xiao Yi and Qing Feng, there was no one else by her side. In this way, it seemed that she was very deserted here, and it was too conspicuous compared to the situation where the surrounding disciples get together.

Even the trash like Zi Yang who was slapped in the face by Gu Changge had many disciples gathered around him.

Why didn't she have any? Was she that unpopular?

She couldn't figure it out, whether it was her appearance or her cultivation, she was no worse than the rest of the Beloved Girls, and was even far superior. But why did no one choose to join her team?

This made Gu Xian'er's small face as delicate and flawless as porcelain, couldn't help but blush, and embarrassed.

"Senior Sister Xian'er..." Although Qing Xiao Yi and Qing Feng were used to this kind of situation, they still felt a little embarrassed at this moment.

Speaking of which, it was entirely caused by the two of them.

Gu Xian'er forced a casual look on her face, and said lightly, "It's okay, that's because they don't have eyesight, it doesn't matter if there are fewer people, and it will save me the extra effort to protect them."

"We will definitely not hold back Senior Sister Xian'er." Qing Feng smiled bitterly and hurriedly assured Gu Xian'er.

If it wasn't because of their siblings, Gu Xian'er wouldn't be as embarrassed as she was now.

"Hmm." Gu Xian'er nodded and didn't say anything more.

In the sky, a group of Elders watched this scene and didn't know what to say for a while. This was the first time that True Immortal Academy had encountered such an embarrassing situation since its establishment.

In particular, Qing Feng and Qing Xiao Yi's brothers and sisters were their very optimistic disciples. During this period of time, strange changes appeared in Qing Feng's body, and faint signs of chaos appeared in his blood, bones, and internal organs.

From time to time, the sound of wind and thunder was produced, which was an extremely amazing performance from the power of the bloodline. This surprised all the Elders. After researching for a long time, they finally came to the conclusion that Qing Feng also had a mysterious physique, but he did not wake up because of his inability to cultivate.

That was to say, Qing Xiao Yi and Qing Feng were siblings who had a good relationship and had special physiques, which surprised them very much. Therefore, in this trial, they also let the two of them participate together.

But they didn't expect the rest of the geniuses to be so real, and they really showed the word "inflammation and power" incisively and vividly. Looking at Gu Changge's side, it was already full of people, and it was almost impossible to squeeze anymore.

In the end, as her cousin, Gu Xian'er was more than a miserable one.

"Don't worry, Elders, when there is a chance, I will take care of these siblings."

At this time, it seemed that he knew the helplessness of the Elders, Gu Changge smiled slightly and took the initiative to speak.

Whether it was Qing Xiao Yi, Qing Feng siblings, or Gu Xian'er, they were all people with Great Luck, how could they easily have an accident? This so-called take-or-pay was naturally just casual talk.

However, when all the Elders heard Gu Changge's words, they couldn't help but smile and breathed a sigh of relief, thinking that this was Gu Changge's guarantee to them.

"That's great, I still have a general understanding of young master Changge."

"With the words of the young master Changge, I will be relieved when I wait."

"Yeah, then I'll have to trouble the young master Changge a lot."

Their expressions were kind and smiling, they were very relieved, and they felt more and more pleasing to the eyes of Gu Changge. Very good at doing things.

Because of Gu Changge's strong suppression of Zi Yang a few days ago, and the attitude of not taking them seriously, the thought of having a lot of criticism had disappeared at this moment.

"Don't worry, Elders, I will definitely bring them back safely." Gu Changge still smiled.

"Brother, look at how good Young Master Changge is, he is still taking care of us at this time..." Hearing this, Qing Xiao Yi's eyes were full of reverence and admiration, and she whispered to Qing Feng.

"Young Master Changge is doing this because of Miss Xian'er. Don't think too much about Xiao Yi." Qing Feng smiled bitterly and quickly corrected her wrong thinking.

"I don't need Gu Changge's take-it-yourself payment, just meddle in my own business."

Hearing the conversation between the Qing Feng siblings, Gu Xian'er said with a cold and disgusting look on her face, but she was actually a little proud and happy in her heart.

He said that he didn't care about her, but Gu Changge's actions were still very sincere.

.....

And soon with a dazzling brilliance everyone appeared in front of the vast and huge teleportation array surging with the spiritual energy that was extremely rich.

A series of runes were intertwined, accompanied by a shocking majestic pressure as if there was an ancient portal opening. Many young geniuses gathered here, their figures flashed, and they appeared on the ancient warship in front of the teleportation formation, with faint excitement in their eyes.

"Let's go!" An Elder shouted, and with a wave of his sleeves, colorful rays of light appeared.

Immediately afterward, the ancient warships disappeared, shuttling straight to the portal, and rushing to the trial site.

Boom!

An ancient warship lifted off into the sky, shuttled through the portal, and soon disappeared, traveling through the void, leaving a distance of hundreds of millions of miles in an instant.

"I hope when they come back this time, the casualties should not exceed 50%." Some Elders sighed with worry in their eyes.

After all, the trial of True Immortal Academy was different from other Dao traditions. The so-called strong food was more real and vivid than in other places.

The outbreak of this Absolute Heavenly Extinction was far more than the rest of the time. If they did not possess someone with Quasi-Sacred Realm strength, who would dare to guarantee their safety?

Chapter 287-1: Jiang Chuchu wants me to be nice to her, Chu Hao, the third prince of the Vermilion Bird Ancient Kingdom (1)

The divine light surged as the vault of heaven rumbled and trembled!

"Master. This time, our destination is the Vermilion Bird Ancient Kingdom. Currently, in the eastern direction of the Vermilion Bird Ancient Kingdom, many kingdoms have fallen and are suffering from the invasion of Heavenly Extinction beings..."

On the ancient warship, a woman dressed in a red-skirt with a pretty face was respectfully reporting to Gu Changge.

The power behind her had a close relationship with the Vermilion Bird Ancient Kingdom and could be called her backer. And she herself was Gu Changge's follower.

"Vermilion Bird Ancient Kingdom? Then where are the rest of the squads heading to?"

Gu Changge nodded, comfortably leaning back on the chair made of 800,000-year-old vines, squinting his eyes comfortably.

On the side, Su Qingge peeled the spirit fruit as she fed him. This ancient battlefield was full of the True Immortal Academy disciples and the origin of each of these disciples was very amazing with the power behind each one being far beyond the Vermilion Bird Ancient Kingdom.

Even a random genius from here was enough to stir up thousands of clouds as they either belonged to the direct lineage of the Immortal Great Sects or the clansmen of the Ancient Immortal Families.

"Miss Xian'er is heading to the Green Dragon Ancient Kingdom... Princess Mingkong traveled to the White Tiger Ancient Kingdom. Zi Yang Heavenly King is headed to the Xuanwu Ancient Kingdom..." The red-skirted woman sniffed and reported in a concise manner.

"Xuanwu Ancient Kingdom." Gu Changge nodded his head, and his expression was somewhat intriguing.

The naming of these several ancient countries, in fact, had little to do with the real ancient ten thousand tribes, it was purely for the convenience to inherit. Therefore, the foundation would not be very strong.

He kept an eye on the whereabouts of Ying Shuang, knowing that he would most likely go in search of Zi Yang Heavenly King. After all, the enemy of an enemy was a friend, as long as he was not stupid, he would understand what to do.

Of course, all of this was within Gu Changge's expectations. The inheritor of demonic art, Ying Shuang, was now hanging out with Zi Yang.

Gu Changge was not in a hurry, he still had to arrange things, so it was not yet time to play. Zi Yang Heavenly King had lost his reputation, if the Purple Mansion behind him dared to defend... Gu Changge was thinking of playing a big game, that would be even better.

"Qingge, your cultivation seems to have advanced quite fast during this period of time."

Then, waving her hand to dismiss the red-skirted woman, Gu Changge couldn't help but ask casually.

"True Immortal Academy is indeed very suitable for cultivation, this kind of cultivation speed, Qingge didn't even dare to imagine before." Su Qingge gently pounded his shoulders and nodded her head.

"Is that so? That matter of the Seven Heavenly Artifacts, how is your investigation going?" Gu Changge nodded and did not give her a hard time.

"If I didn't guess wrong, Qing Xiao Yi and Qing Feng should have a Heavenly Artifact on them." Su Qingge replied.

"Another Heavenly Artifact?" Gu Changge raised his eyebrows slightly, and in his palm, a small, plain jar with ancient patterns all over, and some rust, was sinking up and down.

He felt that this so-called jar was although somewhat strange, and had strong divine power, some aspects of it could be compared to the supreme weapon. But compared to the rumored divine object that one could find in the relics of the Immortal Palace, it was always close to something.

But in this way, it also solved his previous confusion. The aura of Qing Feng's body, which was always on the rise, should be related to the Heavenly Artifact in his hand.

Now, this Heaven Jar in his hand looked rather like an inferior Dao Treasure Bottle. Although it also had a devouring effect, it was so far inferior that it was not even as good as the treasure bottle that Gu Changge had condensed with the Great Dao runes.

So in his opinion, it could only be used as a key after collecting all seven pieces.

"I feel that maybe it's in the hands of that teenager named Qing Feng. Qing Xiao Yi doesn't look like she would own such a thing, instead, it's that brother of hers, who doesn't have a simple mind."

At these words, Su Qingge nodded, because the Heavenly Bottle could sense each other, so she did not take the initiative to seek out Qing Xiao Yi, and Qing Feng siblings.

Before this Heavenly Jar was handed over to Gu Changge, she actually used it as a weapon. Even a Sacred weapon could be easily devoured with this, and its power naturally didn't need any further explanation.

"That's good, he would take the initiative to hand it over to me." Gu Changge smiled, saw that Su Qingge's gaze was a bit puzzled but did not explain much.

Sooner or later, he would make a move on it, but the time had not yet come.

After all, he was the soft spot of Qing Xiao Yi, he did not even need to deliberately arrange things.

.....

"Holy Maiden Chuchu, during this period of time, you did not go to kill the inheritor of demonic art, and did not even go to search for the reincarnation of the Human Ancestor, this is not like your character."

Gu Changge left the palace he was in as his figure moved, and in a blur of emptiness, he appeared in a palace not far away.

This ancient warship of the True Immortal Academy was large enough to hold many palaces and pavilions in it, and it didn't seem crowded at all.

So each of the geniuses had an independent building and pavilion residence. Jiang Chuchu, who was cultivating on her knees on the transparent jade bed, heard the sound and opened her eyes with a jerk.

The calm, ripples-free pupils did not open in an instant as they stared closely at Gu Changge. She thought that in this trial, Gu Changge would not pay attention to her again and would be as indifferent as before.

But unexpectedly, Gu Changge would suddenly show up and even enter her palace as if no one was there. Jiang Chuchu's already calm heart was once again in turmoil.

She looked straight at Gu Changge.

"I don't need you to care about what I do. Gu Changge, on the contrary, what is your intention for this visit?" Once again, these familiar words were asked, but the emotions were completely different.

The last time she questioned Gu Changge in this manner, she was still imprisoned in the small world.

"Then what do you want me to do here?" Gu Changge asked seemingly casually.

Jiang Chuchu slightly bit her lips, forcing her voice to remain calm, "Didn't you say you wouldn't care if I lived or died? From now on, there is no longer any connection between us? Then why are you still here now?"

"Jiang Chuchu, haven't you forgotten that you were going to seek death in the Heavenly Extinction Battlefield, and I ended up saving you."

Gu Changge couldn't help but snicker, "Such an attitude towards your life-saving benefactor? You know that I gave you this life, right? You are not qualified to say anything to me."

"Gu Changge, you are so shameless, how can you be like this?"

Jiang Chuchu couldn't help but retort coldly, "I don't need you to save me either."

"Then you can die now..... I won't stop." In front of her, Gu Changge didn't hide his mockery at all, and then walked over on his own.

Seeing this, Jiang Chuchu couldn't help but take a step back, remembering the days when she was imprisoned.

This shameless bastard!

"What do you want?" She looked at him coldly.

"I'm not interested in you right now." Gu Changge nonchalantly said, "Jiang Chuchu, you are too self-absorbed."

"You're lying!" Jiang Chuchu looked directly at him, "Gu Changge, I can't hear a single truth from your mouth."

If Gu Changge didn't care about her, why would he save her? Why would he solve the calamity at that time? Why would he let her live even after she knew Gu Changge's many secrets?

"Do whatever you want." Gu Changge said calmly, "I have something planned for you."

"What's the matter? If it's a matter of aiding the enemy, don't even think about it, I won't agree..." Jiang Chuchu stared at him.

Hearing this, Gu Changge interrupted her directly, and couldn't help sneering, "Did you know that from the day you did not dare to expose my identity, you were helping your enemy. How many people have you killed indirectly? Holy Maiden Chuchu? Is this what you call responsibility and righteousness?"

"This has nothing to do with me, that's not what I do." Now Jiang Chuchu didn't eat his explanation anymore.

"But don't you feel guilty? When you see me, the culprit, you can only stare like you are doing now. Is it worthy of your noble status? Is it worthy of the teacher behind you?" Gu Changge couldn't help laughing, and suddenly reached out and squeezed her delicate and flawless chin.

The words were filled with deep mockery and contempt.

"Gu Changge... You're a vile bastard!"

Hearing these words, Jiang Chuchu was stunned for a moment, then looked at him coldly, tears falling from the corners of his eyes.

The emotions of these days that were like the mountains and seas bursting, broke out with a bang. She couldn't figure out why Gu Changge would always use these things to poke her scars.

She thought she could ignore it and put all these things down. But after being exposed so ruthlessly by Gu Changge, She felt even more sad and aggrieved.

At the end of the day, was this all her fault? Wasn't it caused by Gu Changge?

"Take it, your tears are worthless in front of me." Gu Changge loosened his grip on her chin, and his tone was still indifferent and casual.

"Woohoo... you are a bastard! Irresponsible, shameless and despicable, I'll break you into pieces!" But Jiang Chuchu's crying showed no sign of stopping.

She had been cultivating for more than 20 years. Before she met Gu Changge, her mood was like an immortal ice, and she never thought that she would cry one day.

And also because of a man.

Chapter 287-2: Jiang Chuchu wants me to be nice to her, Chu Hao, the third prince of the Vermilion Bird Ancient Kingdom (2)

"Cry all you want... it's okay, I recorded it with a memory stone, the descendant of the dignified Human Ancestor Hall, tsk, there is still such a day. I believe that many forces will be very interested in this memory Stone."

Gu Changge's expression did not change at all. Instead, he took out a memory stone from his storage Ring.

"Gu Changge... you're still so annoying..."

Hearing what he said, Jiang Chuchu stopped crying, her eyes were red, and she was still staring at him coldly.

As a descendant of the Human Ancestor Hall, if such a scene was spread, it would not only be disgraceful but the Human Ancestor Hall would be even more ashamed, and it would become a shameful joke among the major forces.

Gu Changge had to say that this method worked really fast.

"Can't you make some progress? Can't you cultivate hard and kill me one day to get revenge? It's not like your character to have to cry like this."

At this time, the indifference between his brows had dissipated a lot, as if he was mocking.

"If I could kill you, I would have done it long ago." Jiang Chuchu said coldly, "I can't wait to cut you into eight pieces every day now!"

"Eight bucks, or nine bucks. I don't have time to waste with you anymore. Today I need you to help me find the source of the outbreak at the Land of Heavenly Extinction."

Gu Changge seemed too lazy to talk to her any more.

"You want to solve this disaster?" Jiang Chuchu was stunned. As the inheritor of demonic art, Gu Changge actually wanted to prevent this disaster?

"Could it be that you will solve it?" Gu Changge mocked. He was still waiting for Jiang Chuchu to be a tool. If she did not agree, he could only change his method. Of course, he believed that Jiang Chuchu would agree.

"I promise you." Jiang Chuchu didn't think about it for too long this time, and quickly agreed.

The last time Gu Changge possessed the means to solve the calamity of Heavenly Extinction, although he suffered a lot of backlash, it did prove that he, like the Human Ancestor, had such means.

"However, I have one condition," she continued.

"What conditions?" Gu Changge asked indifferently, if the conditions were too excessive, he would definitely not agree.

Of course, after the promise was made, it was the same whether it was fulfilled or not.

"Gu Changge, can you... can you treat me better in the future? I don't expect people like you to be responsible." Jiang Chuchu was silent for a while, and seemed to have taken a lot of courage.

After considering her words, she looked at him with some anticipation and anxiety in her eyes, and asked these words. From her point of view, if she didn't say this, she would probably face the same thing as Gu Changge before, eating clean and wiping her mouth, and then leaving.

Hearing this, Gu Changge was a little stunned, but he naturally refused without hesitation, "No. This condition is too much, change it."

"You..." Jiang Chuchu gritted her teeth, and now she knew that Gu Changge made it clear that he wanted to bully her!

How the hell was this condition excessive?

And just when the ancient warship of True Immortal Academy was galloping past the sky, the Ancient Kingdom of Vermillion Bird was in chaos!

The Absolute Heavenly Extinction suddenly erupted, and the terrifying Absolute Heavenly Extinction Aura instantly swept across all directions.

This chaos arrived too fast, and no one expected it!

With the appearance of Absolute Heavenly Extinction, many Heavenly Extinction beings had suddenly attacked under the orders of the Absolute Heavenly Extinction Kingdom, to attack everywhere.

The cities, tribes, and even the various clans along the way were all submerged! If one looked down from the sky, one could see that the rumbling gray fog was rampant on the ground like a torrent, causing chaos and destruction in all directions.

The territory of the Ancient Kingdom of Vermillion Bird was smashed by them, leaving only ruins. Many old people and children were crying everywhere, and they were soon trampled to death by the Heavenly Extinction beings and were torn to shreds.

In just a while, all the places were in ruins, with broken walls, bloodstains, gray fog, and many people died, both men and women, young and old. Large swathes of the country had fallen.

Vermillion Bird Ancient Kingdom, the Imperial Palace in the Capital.

The atmosphere was heavy.

The current King of Vermillion Bird Ancient Kingdom was leaning on the imperial throne with a tired expression, and the discussions and quarrels of many ministers below made the palace even more turbulent.

He couldn't help sighing, and his face was full of sorrow.

"If this Absolute Heavenly Extinction can't be stopped, isn't my Vermillion Bird Ancient Kingdom that has been passed down for millions of years, going to be destroyed here?"

"I'm sorry for the ancestors!"

"Your Majesty, I heard that the geniuses of the True Immortal Academy will be arriving soon. This time the outbreak of the Absolute Heavenly Extinction will be stopped by them."

"And this time the team is led by a mysterious and powerful young existence. We are saved!"

Hearing this, a minister below hurriedly reported with a look of anticipation and excitement. Although the inheritance of the Vermillion Bird Ancient kingdom had exceeded a million years, in front of those Immortal forces, it was actually just a matter of flicking a finger.

Among the geniuses of True Immortal Academy, which one did not have this kind of powerful background? If they come forward, things could be resolved, right?

Many ministers in the palace showed joy on their faces.

"This is just a trial of the True Immortal Academy. For them, our life and death are not important at all. In other words, their purpose is only to provide experience to the disciples. They can leave at any time when they encounter danger, but we have nowhere to retreat..."

"Why send young disciples here if they really want to stop this?" However, the voice of the Vermillion Bird King was still very tired and helpless, with a wry smile. He did not feel the slightest optimism, and the situation was extremely grim.

"Maybe this time my Vermillion Bird Ancient Kingdom will be destroyed, fortunately, Hao'er is not in the Palace now."

"Otherwise, as a Prince, he would not be able to escape the responsibility of going to the front line. In the face of the Heavenly Extinction beings, even he would have no way to resist..."

King of Vermillion Bird thought of this, and the corners of his mouth couldn't help but display a smile, which was the only thing that made him feel gratified. His most outstanding child, the third prince, Chu Hao.

His natural talent needed no explanation, at a very young age, he showed a terrifying cultivation that far surpassed his peers. It was just that because of the national strength of Vermillion Bird Ancient Kingdom, it could not provide him with the best cultivation environment.

Afterward, the third prince, Chu Hao, left the Vermillion Bird Ancient Kingdom and traveled around and cultivated in the Upper Realm. However, from time to time, his letters would come back, informing them of what he had experienced, which made the Lord of Vermillion Bird very happy.

And hundreds of years had passed.

The King of Vermillion Bird Ancient Kingdom actually didn't know what realm the Third Prince's cultivation had reached, but he didn't want him to come back and be destroyed by the Absolute Heavenly Extinction along with the Vermillion Bird Ancient Kingdom.

"Your Majesty, outside the imperial city, someone saw the figure of the third prince. The third prince is back!" However, at this time, a guard suddenly rushed over with excitement and reported the news from outside the palace.

"What? Hao'er is back?" The King of Vermillion Bird Ancient Kingdom was suddenly stunned, he couldn't believe it, and almost fell off from the imperial throne.

Then the smile on his face became even more bitter. The thing he was most worried about happened, how could Hao'er be so stupid? Shouldn't he just leave immediately when he heard about this kind of thing?

"Hurry up! Come with me to see Hao'er!" However, the King of the Vermillion Bird Ancient Kingdom quickly calmed down. Knowing this time, it was useless to blame someone. The matter had already happened, and everything had become a foregone conclusion.

Therefore, a group of ministers were called to meet the third prince.

"Senior brother, this is the country you were born in? It's too simple and weak, isn't it? It probably doesn't even have any Supreme being. Well, looking at it like this, it really only has a million years of inheritance..."

At this time, there were three people standing proudly outside the city gate of the Vermillion Bird Ancient Country. The leader was a young man who looked to be in his twenties, with a handsome face, a tall and straight body, and a sense of peace.

Hearing these words, he didn't care at all, just shook his head lightly and said, "The son does not dislike the mother's ugliness, the dog does not dislike the family's poverty, and the gentleman cannot forget his roots. Vermillion Bird Ancient Kingdom raised me, if something like this happens, I naturally have to come back and help."

It was Chu Hao, the third prince of the Vermillion Bird Ancient Kingdom. Although he looked like he was in his twenties, his own age was actually hundreds of years old. Beside Chu Hao, there were two other people, a man and a woman, who didn't seem to be very old.

The man was in his mid-twenties, shrouded in silver treasures, and dressed in unsophisticated clothing. He looked very ancient in texture, not contemporary, but he was very young.

It was a young man who spoke, with a pale complexion and a frivolous appearance, with fine scales growing between his eyebrows. And the woman was younger.

She was only sixteen or seventeen years old, her complexion was like a creamy jade, with a lustrous white luster, beautiful and moving.

If Su Qingge was here, she would be extremely shocked, feeling that this woman's face was 70% similar to hers.

But she was a lot younger.

Chapter 288-1: The Destiny quest related to life experience, I have experienced the depth of it many times (1)

"What's the matter? Are you not feeling well?"

On the ancient warship galloping away to the Vermillion Bird Ancient Kingdom, the palace was filled with aura and the rays of light soaring into the sky. Gu Changge asked casually and seemed to be in a good mood.

"No, I don't know why, but I suddenly felt a strange feeling." Su Qingge leaned against his arms, found a more comfortable position, and gently shook her head, "Young Master, do you still remember what happened when you were in the Lower Realm?"

"What happened in the Lower Realm?" Gu Changge raised his eyebrows slightly, remembering that when he asked Yan Ji about Su Qingge's whereabouts, she said that she was going to find her mother.

She suddenly asked this now, was it because of this?

"You mean your background?" Although it had been a long time, Gu Changge still remembered it.

Su Qingge's mother seemed to be a noble girl from the Upper Realm. She came to the Lower Realm by accident, and after giving birth to her, she was brought back to the Upper Realm.

Su Qingge's father had been thinking that after she went to the Upper Realm, she could find her mother.

"So Young master still remembers it." Hearing this, Su Qingge was a little happy, "I thought master had forgotten all about it."

"If you hadn't reminded me, I might have really forgotten it." Gu Changge said casually, with a somewhat inexplicable expression, he remembered the sudden reminder from the system in his mind.

"Trigger the Su Qingge Destiny questline?"

This kind of random quest was usually only encountered when encountering the Son of Luck. Was it possible that he will encounter any Son of Luck in this trip to the Vermillion Bird Ancient Kingdom?

And was it related to Su Qingge? Or was it her life experience?

One body and two souls, but the body was not dominated by the other soul, which showed that Su Qingge's own willpower was amazing. However, the system had never mentioned it, and Gu Changge could not judge easily, but now Su Qingge could be called the Daughter of Luck, and her Luck points were rising a lot every day.

When Gu Changge was looking at the Lower Realm step by step, she went from a Luck point of more than 300 points all the way up to now, and in a blink of an eye, she was almost breaking through 10,000 points.

Who would have thought that a small number one beauty in the Eastern Wilderness would now become the inheritor of the demonic art that could make the Upper Realm terrified?

"She really is a gifted fellow." Gu Changge couldn't help but smile.

"Master, what are you laughing at?" Su Qingge stared at him, feeling that at this time, he was much more human than usual, no longer seeming to be separated by the distance that could never be touched.

"We have arrived in the Vermillion Bird Ancient Kingdom." Gu Changge didn't answer but got up, his consciousness was as vast as a sea, and it swept down, noticing the majestic imperial city below.

In this trial, Gu Changge felt that things might be a lot more interesting. Most of the Vermillion Bird Ancient Kingdom had fallen, and the same was true of the ancient country that the rest of the disciples rushed to.

Although he was sure to solve the disaster of the Absolute Heavenly Extinction, he did not want to do so. After all, the fall of the Vermillion Bird Ancient Kingdom would be a good thing for him.

The more chaotic this water was, the more he could use this to attack Zi Yang. It would be even better if Jiang Chuchu could find the source of Absolute Heavenly Extinction for him.

"Gu Changge." Seeing Su Qingge and Gu Changge coming out of the palace, Jiang Chuchu, who had been meditating not far away, opened her eyes with some shame and anger, but it was most rude and cold.

"Did Holy Maiden Chu Chu rest well last night?" Gu Changge walked over and casually greeted her.

"You..." The word bastard was swallowed by Jiang Chuchu.

After that, in front of everyone, her expression quickly returned to calm, and there was no abnormality.

"Looks like a good rest."

Gu Changge smiled casually, "In this trial, I will trouble the Holy Maiden to cooperate. As a descendant of the Human Ancestor Hall, I think you should have many means to deal with the Heavenly Extinction beings."

"Yeah, this time I'm going to bother Holy Maiden Chuchu. I've seen it along the way, and it seems that the disaster this time is not simple..."

"There are a lot of Quasi-Sacred Realm beings in the Absolute Heavenly Extinction Kingdom. At that time, we can only rely on the Young Master Changge and the Holy Maiden Chuchu." Hearing this, the rest of the disciples also joined in, not noticing the anomaly between Jiang Chuchu and Gu Changge.

"Young Master Changge is very powerful. If he is around, I'm afraid I won't be able to get involved."

"That self-knowledge is still there." Jiang Chuchu shook her head and said calmly.

However, many disciples felt that she was being humble, after all, her strength was recognized, and some time ago, she showed the terrible cultivation of the Sacred Realm.

Rumors all said that the two descendants of the Human Ancestor Hall had been cultivated to overwhelm their peers.

"You can't say that. Holy Maiden Chuchu is really humble. Gu has learned many times about your depth." Gu Changge said with a smile.

Hearing this, everyone only thought that it was the modest remarks of the two, but some people looked a little thoughtful. Could it be that the two have actually made a move before?

That was why Jiang Chuchu said such words, knowing that she was definitely not Gu Changge's opponent? Thinking of this, they admired Gu Changge even more. It turned out that when no one knew about it, he had already suppressed the descendants of the Human Ancestor Hall. This strength... was more than invincible.

However, Jiang Chuchu, who was at the party, didn't think so. She felt that there was something in Gu Changge's words, so she couldn't help biting her silver teeth secretly.

Could he really say these words in front of everyone?

Shameless!

.....

Vermillion Bird Ancient Kingdom.

In front of the gate of the imperial city, many cultivators and creatures who had already heard the news arrived, all of them from various clans in the Vermillion Bird Ancient Kingdom.

Now that they knew the calamity of the Absolute Heavenly Extinction, they were discussing how to face it, and they didn't even want to know about the return of the third prince.

"It's the third prince, the third prince is really back, that's great."

"At the time of the crisis, the third prince suddenly came, maybe we are really saved, we don't have to flee our homeland."

All of a sudden, everyone came here to greet him. Seeing the handsome man in front of the imperial city, everyone was very excited.

As long as they had lived in the Vermillion Bird Ancient Kingdom, they must have heard about the talented third prince Chu Hao.

It was said that on the day of his birth, Dao burst, golden lotuses blossomed, the ground became springs, immortal flowers bloomed, and the shadow of the ancient sky appeared above the palace.

Immediately afterward, there were cranes rising from the immortal mist from all directions. Although there were no immortals on them, they held a piece of immortal grass that was over a million years old as a gift.

This incident caused a lot of sensation back then, and there was a lot of uproar in the Vermillion Bird Ancient Kingdom. Many cultivators felt that the third prince was the reincarnation of an Immortal.

Even geniuses, who were born at the same time as him, looked dull under the cover of his light.

"I can't imagine that the Senior brother was born in such a remote place, and even the aura of the ancient country is constantly declining. It is difficult to imagine how it cultivated and supported a person like the Senior brother."

The girl was tall and slender, her skin was as white as snow, her facial features were exquisite and beautiful, and her temperament was cold and quiet.

A long dress made of silk spun by fire silkworms over a million years old was intertwined with various laws, orders, and patterns, which was very mysterious and ancient.

She opened her mouth, with some disbelief and surprise in her words. She didn't believe that a master with such a powerful talent would be born in such a place. From their point of view, a talent like her Senior brother could only be cultivated by forces like the Immortal Sect and the Ancient Immortal Family.

However, Chu Hao didn't care when he heard the words, he just smiled and said, "I told you before, don't be too surprised when you come with me, because the forces behind me are indeed not strong. But I am still very grateful for their training. My Vermillion Bird Ancient Kingdom."

"Emperor Father still provided me with a lot of cultivation resources even when the treasury was depleted, but it was still far from enough to me at that time, so I left the Vermillion Bird Ancient Kingdom and traveled around. Then, if I hadn't met the cranes when I was born, I probably wouldn't be able to find where the sect is now."

"There's actually a reason for this, I haven't heard it from my Senior Brother before."

"The father of the Senior brother must be a great person." The girl was stunned when she heard the words, and a look of admiration appeared in her eyes.

"So when you see everyone in the Vermillion Bird Ancient Kingdom, don't pretend to me, especially in front of my father." Chu Hao's expression gradually became serious, and he was worried that the two younger brothers and sisters would think very highly of themselves and look down on the cultivators and living beings in the Vermillion Bird Ancient Kingdom.

"Don't worry, senior brother, how could your Junior sister and I do such a thing, this time, we did not come out of the mountain to cause trouble for you..."

The frivolous young man hurriedly smiled when he heard the words, and quickly assured that he still respected and feared the big brother. However, the girl just glanced at him lightly and did not speak.

Chu Hao knew the personalities of the two of them, so he could also guess what they were thinking at the moment. The girl's name was Ji Qingxuan, and behind her was the hidden Ji family, which had a very long and ancient existence, but it was mysterious and low-profile.

Everyone knew about the Ancient Immortal family and the Immortal sect but rarely heard of the Ancient Hidden Clans.

The Ancient Hidden Clan was a mixed bag, even if it was a group that had spanned an era, they still dared to call themselves the Ancient Hidden Clan. But the Ji clan was different because its origin could be traced back to the time when the human race was first born.

This so-called Human Ancestor had nothing to do with cultivation, it was entirely because he had done great deeds to all beings in heaven and earth. Therefore, the hidden Ji family was also known as the family of the Human Ancestor. The young man named Wang Xiao was the genius of the Hidden Royal Family.

The Royal Family of the Hidden World was naturally inferior to the Hidden Ji Clan, but in front of the Vermillion Bird Ancient Country, it was also a behemoth and an existence that was difficult to provoke.

Wang Xiao was arrogant, and it was normal to look down on the Vermillion Bird Ancient Kingdom, and this time, when he went down the mountain, Wang Xiao would come to follow him because of Ji Qingxuan.

At this point, Chu Hao was astonished. However, because of the presence of his Senior brother, Wang Xiao was somewhat restrained.

"Hao'er, Hao'er..."

At this time, on the central street of the imperial city, the King of the Vermillion Bird Ancient Kingdom in a bird robe, accompanied by a group of ministers, was coming here, very excited.

"Father." Chu Hao also showed a smile and hurried up to meet him.

Chapter 288-2: The Destiny quest related to life experience, I have experienced the depth of it many times (2)

"The King of the mortal world..." Wang Xiao pouted, disdainful in his heart.

"Do you really think your senior brother can't hear you?"

Ji Qingxuan frowned, her expression looked very cold, "Idiot."

Wang Xiao hurriedly came up with a smile, "Senior brother won't care, after all, if the Master of the Senior brother wants to be the Palace Master this time, he still needs the support of my Royal Family, and the Senior brother will turn a blind eye. ."

Hearing this, Ji Qingxuan gave him a cold look without saying anything.

Boom!

At this time, a terrifying trembling sound suddenly came from the sky!

"An ancient warship has come here..." Ji Qingxuan's eyes moved slightly, and when she looked up, she saw that in the distant sky, there was a terrifying phantom that covered the sky and the sun, falling towards the Vermillion Bird Ancient Kingdom.

This momentum was very amazing, and it rolled across the sky, shocking many cultivators and creatures below in the Vermillion Bird Ancient Kingdom.

And the Vermillion Bird King and others who were reminiscing with Chu Hao had a look of joy on their faces.

"Father, this is?" Chu Hao was a little surprised, his eyes also looked over, and he noticed the swaggering flag on the ancient warship.

The two words "True Immortal" were simple and atmospheric, unfolding in the sky, revealing the ancient vicissitudes of life. The existence of the True Immortal Academy was known to almost everyone in the Upper Realm.

Naturally, Chu Hao was no exception, so he couldn't help but be a little curious. Logically, how could True Immortal Academy notice a place like Vermillion Bird Ancient Kingdom?

"It should be that the geniuses of True Immortal Academy have all arrived."

Vermillion Bird King explained, "This time, the disaster of Absolute Heavenly Extinction appeared. After True Immortal Academy heard about it, it sent disciples to come here saying that it would stop the disaster."

It turned out that this was actually a trial of True Immortal Academy. For True Immortal Academy, the only effect of this calamity was to test and sharpen the disciples. The life and death of the Vermillion Bird Ancient Kingdom was of no importance to it.

Chu Hao's brows couldn't help frowning. He was still a little curious at first, but at this moment there was only disgust. After all, the True Immortal Academy was way too aloof.

The geniuses who cultivated in it all had extraordinary backgrounds, and even an outer disciple who walked out of it was definitely not something that the Ancient Vermillion Bird Kingdom could offend.

So this trial, although it sounded like it was thinking about the Vermillion Bird Ancient Kingdom, to solve the calamity of the Absolute Heavenly Extinction.

But if those geniuses had an accident here, the forces behind them would not dare to say anything to True Immortal Academy.

In the end, only the Vermillion Bird Ancient Kingdom would be blamed. Even if the calamity of Absolute Heavenly Extinction was resolved, the Vermillion Bird Ancient Kingdom would definitely not feel better.

It was even said that the group of geniuses could leave at any time when they were in danger, but the Vermillion Bird Ancient Kingdom couldn't. Instead, they needed to allocate part of their troops and manpower to protect them.

Taking into account these reasons, Chu Hao felt that this group of geniuses was only adding to the chaos. Their status was so noble that the Vermillion Bird Ancient Kingdom had to take care of them carefully.

"It's really hard to say." Chu Hao sighed lightly, looking at the helpless expression on his father's face, he also understood that this was not something that the Vermillion Bird Ancient Kingdom could decide.

"True Immortal... Strange."

Ji Qingxuan frowned. For some reason, when she saw the ancient warship, she had a strange feeling. An inexplicable familiar feeling came from the blood.

As if there was someone important to her there.

"Could it be that the genius of this generation's True Immortal Academy would come to a place like Vermillion Bird Ancient Kingdom to fight?"

Wang Xiao also noticed the incomparably ancient and huge ancient warship with chaotic energy and was very shocked. In his capacity, it was not difficult to enter the True Immortal Academy.

But the place where he cultivated was an Ancient Dao Sect called Supreme Dao Cave.

The Supreme Dao Cave was very mysterious, and almost never accepted disciples, but those who were destined to go there. Even the place where the cave was located was very mysterious, and few people could find it.

Wang Xiao was not qualified to enter Supreme Dao Cave. However, a clan member of his Hidden Royal Family who made a big mistake and was exiled somehow changed his body and became a very powerful Elder in the current Supreme Dao cave.

And that clan's biggest wish was to be able to return to the Royal Family. For this reason, the Hidden Royal Family agreed to return to the family tree, and Wang Xiao was naturally able to worship it.

"I heard that this generation of True Immortal Academy is full of talents, and geniuses are born in large numbers, which can be called a golden age... Many ancient freaks were born, each of which are infinitely powerful.

Ji Qingxuan spoke softly, and there was some fascination in her eyes. Although she worshipped the Supreme Dao Cave Heaven heritage, there were too few disciples among them.

The geniuses she met, in addition to the members of the Hidden Ji clan, were the disciples of the Supreme Dao cave. Wang Xiao's strength was not weak among the disciples of the Supreme Dao cave.

But in Ji Qingxuan's view, compared with those famous geniuses, they were far behind. The only person worthy of her admiration was the senior brother Chu Hao.

Although Chu Hao's personality seemed to be normal, there was one thing that was extraordinarily strange. He always felt that his strength was not strong enough, but he had clearly crushed many of his peers, and he still had to seclude himself and cultivate.

And it was still a kind of year-round seclusion, and it was rare to see him once. Some Elders once said that unless there was a crisis of annihilation in the Supreme Dao Cave, Senior Brother Chu Hao would not leave this custom easily.

This time, if it wasn't for the crisis in the Vermillion Bird Ancient Kingdom, Ji Qingxuan reckoned that Senior Brother Chu Hao would choose to continue cultivating in seclusion.

However, thanks to this opportunity, she could also leave the mountain gate, come to the outside world, and see many young talents. The mysterious low-profile of the Hidden Ji Clan was not without reason.

It was rare to see members of the Ji Clan in the outside world. Since Ji Qingxuan could remember, the number of times that Ji Qingxuan had left the mountain gate is very few.

"Senior Brother, don't you like these geniuses?" But soon, Ji Qingxuan noticed Chu Hao's expression and was a little puzzled.

"Senior brother seems humble, but in fact he is proud. He must be displeased with those geniuses." Wang Xiao had a look as if he had seen through, and was a little interested.

"Shut up." Ji Qingxuan gave him a cold look, her words were concise, and she didn't hide her disgust.

Her voice seemed to have been refined by thousands of years of frost, with a bone-piercing cold. Although he knew that Ji Qingxuan's character was like this, Wang Xiao was still a little unhappy and was repeatedly scolded by her so recklessly.

"Ji Qingxuan, don't forget that the Ancestor of your Ji family has reached the last stage of the Five Declines of Heaven and Man. When he sits down, the enemy of your family... hum..."

He smiled complacently.

"You are seeking death!" For a time, Ji Qingxuan's murderous intentions climbed to the extreme.

But she forcibly endured it. Wang Xiao smiled proudly and was not surprised at all.

"Hao'er, you don't have to go with me to meet these geniuses. I know your temper. Maybe there will be some conflict." On the other side, the Vermillion Bird King looked through and smiled calmly.

After all, when he met those geniuses for a while, he couldn't help being humble and flattering. As a son of man, how could Chu Hao endure such a situation? If there was a conflict, they would be the ones who would suffer in the end.

"I understand, father." Chu Hao said in a deep voice, clenching his fists, a little hating his own powerlessness.

If he was strong enough, Vermillion Bird Ancient Kingdom did not need such a charitable attitude from the True Immortal Academy. There was no need for his father and the King to bow down and flatter other geniuses.

Sure enough, he still needed to cultivate in seclusion. After breaking through to the Supreme Realm, no one would dare to despise the Vermillion Bird Ancient Kingdom.

"I'll be able to touch that level soon..." At this moment, if anyone knew Chu Hao's true thoughts, they would be shocked and speechless.

Supreme Realm! That was a Realm that even an old monster who had cultivated for millions of years could not break through.

And he was about to touch that Realm, how old was Chu Hao? Only a few hundred years old! This talent was already difficult to describe as shocking.

"Let's go to the palace first."

Afterward, Chu Hao took Ji Qingxuan and Wang Xiao and walked in the other direction, deliberately avoiding the ancient warship that was coming to the Vermillion Bird Ancient Kingdom.

.....

"I thought this Vermillion Bird Ancient Kingdom would be related to the Vermillion Bird Family, but I didn't expect it to be a small country."

"When I came here, I thought that something big would happen. This Vermillion Bird Ancient Kingdom doesn't seem to have someone in the Quasi-Supreme Realm, and the strongest is a Great Sacred Realm."

"No wonder most of the Kingdom has fallen..."

On the ancient warship, a group of geniuses looked at the scene below, and could not help but say with some disappointment.

Compared with the background behind them and the Vermillion Bird Ancient Kingdom in front of them, it was as if the King suddenly came to a small mountain village. Naturally, they were as disappointed as he was.

"This Luck... It wasn't like this when I saw it in the sky before. Could it be that the so-called Son of Luck is closely related to the Vermillion Bird Ancient Kingdom?"

Gu Changge couldn't help squinting his eyes.

"Greetings to all the geniuses of True Immortal Academy."

"I am the current King of the Vermillion Bird Ancient Kingdom."

Beneath the ancient warship, the Vermillion Bird King led a group of ministers, as well as several young and beautiful princesses, waiting anxiously and uneasily.

Many people bowed their heads, looked cautious and fearful, and showed no surprise or joy at all.

Even the important ministers and generals of the powerful side of the Vermillion Bird Ancient Kingdom were trembling at this moment as if they were walking on thin ice, and did not dare to take a breath in this atmosphere.

They didn't know who the leader of geniuses was who came to Vermillion Bird Ancient Kingdom this time, so they didn't know his temperament.

If they offended the other party because of disrespect, it was a sin that would make them deserve death.

Chapter 289-1: Although he's a pythons he can swallow dragons, sisters reunite and swap identities (1)

"There is no need to be nervous, Vermilion Bird King, Gu, and others are not any flooding beasts. This time our arrival to the Vermilion Bird Ancient Kingdom is led by Gu and the heir of the Human Ancestor Hall, so you do not need to worry. Are you still not at ease with the character of the heir of the Human Ancestor Hall?"

Accompanied by a light laughing voice.

Buzz!!!

On the ancient warship, there was suddenly a surge of golden light, bright and dazzling, with runes intertwined as it extended from under Gu Changge's feet, and he walked straight downward.

Behind him, a group of young geniuses followed closely, even Jiang Chuchu was a few steps behind as no one dared to walk with him. Such a mighty power made the hearts of the people from the Vermilion Bird Ancient Kingdom who came to greet him tremble with shocking waves of disbelief.

The geniuses from the True Immortal Academy.

Who among them was not proud and confident? Convinced that they were invincible, could push through the world, and would not admit that they were inferior to others? But now, they were willing to follow behind in unison?

What kind of identity was the young man walking in front of him?

"Calling himself Gu?"

"As well as the heir of the Human Ancestor Hall?"

For a moment, the Vermilion Bird King's mind roared as if he was slammed by a large bell, and instantly thought of something.

His eyes couldn't help but widen.

"It's hard to believe that... It could be that one! Greetings, Young Master Change!"

His reaction was quick as he hurriedly shouted respectfully, almost from his heart, not daring to show any extra emotion.

Other than this one, which other genius in this world could reach this kind of situation where one person would walk and ten thousand people would follow?

"Greetings, Young Lord Change!"

The rest of the ministers and great generals, also reacted and spoke respectfully. At the same time, they breathed a sigh of relief in their hearts.

After all, there were simply too many rumors about this one, and even in a place like the Vermilion Bird Ancient Kingdom, they often heard them. Whether it was the strongest of the younger generation, the True Immortal's talent, or whatever else, it was hard to hide his powerful mystery.

"You all don't have to be polite, this trial is much nagging. I also hope that the Vermilion Bird Ancient Kingdom does not mind."

Gu Change waved his hand, while his expression was as gentle and elegant as ever.

"Young master Change, you're very kind, your words are too flattering."

The King of the Vermilion Bird Ancient Kingdom looked flattered before he came, he didn't expect that it would be led by Gu Change at all. His heart surged with emotions and happiness.

The rumors said that young master Change was gentle like jade and extraordinary. Today he saw that it was really true, even treating such a small kingdom with politeness and courtesy.

So he certainly did not have to worry about the rest of the turn-off, as long as they did not do things to offend and anger this group of geniuses, it should not incur trouble for the Vermilion Bird Ancient Kingdom.

Seeing this, several beautiful princesses of the Vermilion Bird Ancient Kingdom also plucked up courage and secretly looked up, sizing up the rumored young master Changge, with thoughts floating in their minds.

Some even had already thought of what their children and grandchildren should be surnamed after the moment of seeing Gu Changge for the first time. Such thoughts were in the hearts of the people, and they all opened their mouths to compliment and show respect.

Gu Changge seemed to talk gently and politely, showing the etiquette of the heir of the Ancient Immortal Gu Family, causing the eyes of many princesses and ladies to shine with different colors.

Of course, only Jiang Chuchu knew clearly that the appearance that Gu Changge showed outside was just a pretense. The only person who knew how cold and indifferent he really was, would be the one who had witnessed it.

Sometimes she didn't know if Gu Changge's appearance in front of her was also a deliberate pretense to disintegrate her heart. If it really was the case, then how scary Gu Changge really was?

"If he was deliberately pretending, he wouldn't have treated me with such a bad attitude..." She then gently shook her head and snuffed out this speculation.

Jiang Chuchu still felt that Gu Changge's heart, in fact, still retained some goodness, otherwise he would not have asked her to find the location of the source of Absolute Heavenly Extinction. The fact was that he could find out more about the actual situation. It was just that sometimes his cold indifference and desperation covered up this goodness.

And then, Vermilion Bird Ancient Kingdom hurriedly ordered that the best palace residence in Vermilion Bird Ancient Kingdom must be vacated for Gu Changge and for a group of True Immortal Academy's geniuses to settle down.

Soon, the news about Gu Changge leading the True Immortal Academy geniuses to descend to the Vermilion Bird Ancient Kingdom spread throughout the Vermilion Bird Ancient Kingdom like wildfire, causing a huge sensation.

If there was any genius in this world that could be remembered by everyone, it would be Gu Changge! Even the young children who had just started cultivating had heard of this name.

Among the younger generation, the three words Gu Changge were like a myth, with different meanings. Therefore, after hearing about Gu Changge's arrival in the Vermilion Bird Ancient Kingdom, the Vermilion Bird Ancient Kingdom, which had been in chaos and panic had taken a pill of certainty.

Even in such a situation, the Vermilion Bird Ancient Kingdom that was already upside down, became all happy, excited, like a blessing in the crisis!

"Judging from this change in Luck and the information I have inquired, the Son of Luck this time should be this third prince who has suddenly returned."

Inside the palace, there was a black and white divine light flickering in Gu Changge's eyes. This strange power was like a drawing as it was stripping that seemed to be evolved from the rules of heaven and earth.

The aura of the entire Vermilion Bird Ancient Kingdom was displaying a trend of change before his eyes. After sending someone to investigate, he quickly learned about the life of this third prince.

Non-scrappy stream, the day he was born, the vision was astounding and the immortal crane carried the gift.

Subsequently, he showed amazing talent, but the Vermilion Bird Ancient Kingdom could not support his cultivation, so he had no choice but to go far away from home, travel around, and finally joined some unknown sect.

He returned after a few hundred years, and now his cultivation was unknown.

"Although it's a python it can swallow the dragon... This third prince's Luck is surprisingly purple, the reincarnation of the Human Ancestor also had this."

Gu Changge gently closed the jade slip that he had checked in his hand, "So, it is the reincarnation of some ancient great power?"

He had some ideas in his mind, this kind of Child of Luck with Purple Luck was in fact, the best harvest may cause some backhands. After all, there were several kinds of reincarnation, one was a heavy trauma that had to be the reincarnation of a soldier, or like the Human Ancestor with active reincarnation, leaving many backhands, in order to go to the top again in the future.

What he was not sure of now was what exactly was the cause of the reincarnation of this third prince.

"Jiang Chuchu has already gone ahead and moved to find the place where the Absolute Heavenly Extinction erupted, which is diligent and saves me some effort, but it seems that she doesn't want to see me."

Gu Changge did not take this to heart, then directly instructed a group of geniuses of the True Immortal Academy to start their trials to kill the Heavenly Extinction beings and stop this scourge.

After all, for the looks or something, he should still do a little, of course, Gu Changge was not interested in doing such a boring thing. It was enough for his followers to go ahead.

As for stepping in to protect this group of geniuses? He was not a babysitter, so he did not have the time. Gu Changge had other things to consider, and then his figure moved and left the palace, searching for suitable prey. It was time for a breakthrough in cultivation.

"This quest line of Su Qingge, is it about the background behind her?" He asked the system in his mind.

Nowadays, the rewards obtained from the quest line about Su Qingge could be quite a lot. It was just as well that he needed quite a few Luck points to exchange for the Transcendental Bone in the next few days.

"Yes, master." The system replied.

"It seems that we still have to keep an eye on Su Qingge's whereabouts. Judging from the information I just read, Su Qingge and the woman beside Third Prince Chu Hao should have quite a few connections."

Gu Changge did not follow Su Qingge. For this kind of thing, he did not need to pay too much attention. Su Qingge would naturally take the initiative to explain to him when the time comes.

"In addition to that, my cultivation level is close to the Great Sacred Realm. If I can find a Quasi-Supreme Realm cultivator with a special origin, even a Great Sacred will do."

Many thoughts swept through Gu Changge's mind, and the ancient kingdoms of Xuanwu and White Tiger were actually not very far from where he was. His prey was in those places.

And at this moment, in a partial hall. The Vermilion Bird Ancient Kingdom's King with a happy face was talking to Chu Hao about the matter concerning Gu Changge.

On the side, Ji Qingxuan and Wang Xiao, also listened in, both of them with different expressions. Wang Xiao was dissatisfied that the palace they were living in was too remote, and the True Immortal Academy's group of geniuses, all live in the best terrain, the densest area of spiritual energy.

But when he saw the King of the Vermilion Bird Ancient Kingdom approaching, he shut up. Ji Qingxuan was listening intently, and there was a thoughtful flash in her cold, clear eyes.

"Father, I have heard of it, as the heir of the Ancient Immortal Gu Family, and the heir of the Heaven Dao Immortal Palace, the future ruler of the Primordial Divine Sect, the power behind him is incomparably terrifying... I really did not expect that he would be of such a nature."

Chu Hao nodded his head, and his expression was relieved, just afraid that his father would be humiliated at that time. But judging from this situation, it was not. That Gu Changge showed a gentle and elegant temperament, and there was no high and mighty attitude.

Inexplicably, for Gu Changge, he also did not have previous ill feelings. He first subconsciously thought that these noble geniuses who were born noble, each of them would think highly of themselves, nostrils were to the sky, so did not feel good.

After all, his origin was not very good, along the way, so he encountered a lot of such situations.

Chapter 289-2: Although he's a pythons he can swallow dragons, sisters reunite and swap identities (2)

The King of the Vermilion Bird Ancient Kingdom let out a long sigh, "Yes, young master Changge can afford the word genius, all of his words and actions give a sense of spring breeze, and don't give a kind of overlooking, high above expression. If Hao'er you and he were in the same era, it is possible that you could still become friends."

Hearing that, Chu Hao smiled and did not say much. Of course, he had heard a lot of rumors about Gu Changge. Regardless of what happened within the Ancient Immortal Continent and the Heavenly Dao Immortal Palace, he had heard about it all.

Some behavior in his opinion, could not afford a modest gentleman, the two of them were not the same way. It was just that, in front of people Gu Changge did not humiliate his father, this was enough.

"Gu Changge is actually here... Senior Brother, I want to go out for a stroll."

At this time, Ji Qingxuan suddenly spoke with a cold and calm face, there was not much change, and seemed to be tired of listening to this father-son conversation to catch up.

"Hmm? Junior sister you have to pay attention, although the Vermilion Bird Ancient Kingdom is not a dangerous place, after all, you rarely come out alone." Chu Hao smiled for a moment, then nodded his head, as if he was concerned.

"Hmmm." Ji Qingxuan spoke concisely.

"Then Senior Brother, you guys talk, I'll accompany Senior Sister Qingxuan around." Seeing this, Wang Xiao hurriedly said.

But Ji Qingxuan's figure flickered and quickly disappeared at the entrance of the hall, with the appearance of not wanting him to follow.

"This girl..." Wang Xiao's face had a flash of anger, and he also quickly chased out.

"Hao'er, this Junior sister and brother..." The King of the Vermilion Bird Ancient Kingdom saw this, and wanted to say something but stopped.

"Father they are clear, the two of them come from an extraordinary background, proud character, especially, Wang Xiao's temperament is somewhat well-behaved. But the Junior sister is just not a talker, in fact, she is still very kind and understanding." Chu Hao smiled faintly, looking very stable and bland, and explained.

"Let the two of them go, in my opinion, the most important thing is still how to solve the scourge of this Absolute Heavenly Extinction outbreak..."

The Vermilion Bird King nodded, and the two of them once again conferred.

.....

"Ji Qingxuan runs so fast, in just a turn of the eye she disappeared. I have had this strange feeling ever since she came here. What exactly is she hiding from us?"

On the other hand, after chasing out of the palace, Wang Xiao's face was a bit gloomy, and he did not see Ji Qingxuan's figure.

Although his strength was good compared to Ji Qingxuan, it was actually quite inferior. If Ji Qingxuan didn't want him to be tracked, then it was naturally easy to get rid of him.

"Elder Xuan, can you see Ji Qingxuan's figure?" Having no choice, Wang Xiao could only call out to his own protector.

When leaving the mountain gate, fearing that they might have an accident, Supreme Dao Cave had dispatched protectors. However, many times, the protectors were far away in the void, only when they encountered danger would they show up when they sensed it.

After all, no one wanted to be without any secrets to tell.

"Not seen." But soon, Old Xuan's voice sounded into Wang Xiao's ears, making his expression look even more gloomy.

"Hmm? That's Ji Qingxuan?" Suddenly, Wang Xiao's gaze shook as he saw a familiar figure not far away disappearing into a mansion down the street.

But he remembered that the dress Ji Qingxuan was wearing at that time was not like this. It was hard to believe that she had also specifically found a place to change her dress.

"So mysterious, who are you going to meet? When the Gu family heir was mentioned just now, she did not look right, could it be that she had met the Gu family heir before? However, isn't the Gu family heir in the other direction?"

For a moment, thinking about this, Wang Xiao's whole body felt bad, and his fists couldn't help but clench. Could it be that Ji Qingxuan had met someone when he didn't know? But before this, Ji Qingxuan hadn't even left the mountain gate.

"If I go there rashly, I'm bound to be noticed by her, so I'd like to see who Ji Qingxuan is meeting first." After making up his mind, Wang Xiao's figure flashed, his face was unusually gloomy, and he arrived at a pavilion.

From this place, it was just right to notice the mansion that Ji Qingxuan had just entered. And at this moment, in this mansion that Wang Xiao was staring at.

The environment was quiet, a slow stream was flowing with a few emerald bamboos, with patches of ink color, and it looked more elegant. Su Qingge's expression was staring at the woman in front of her with a somewhat dazed, curious, and puzzled look.

Afterward, she couldn't help but open her mouth.

"It's really you."

"It's really you."

And the woman opposite, that was Ji Qingxuan, also spoke in the same way. Her voice was very cold and calm, but there was a huge wave in her heart.

She never imagined that her sister who lived in the Lower Realm would one day appear in front of her in such a way.

All this was too sudden.

She had heard from her mother before that she also had an older sister, who just lived in the Lower Realm, just over a year older than her. At this time, Ji Qingxuan understood what the strange feeling was before, which was guiding her to come here.

She murmured softly, "I was just saying why does it feel so weird..."

"It seems that your feelings should be the same as mine, so should I call you sister? Or what?" Hearing this, Su Qingge smiled but seemed very calm and calm.

If one looked closely, you will find that the girl in front of her was more than seven points similar to her in terms of height and appearance. If she dresses up a little, even the most familiar person probably won't be able to tell the difference.

This made her feel that there was a different self-standing on the opposite side, and there was some kind of connection between their minds. She just didn't know if the other party was also in a state of one body and two souls.

"Sister, my name is Ji Qingxuan. I know your name is Su Qingge, my mother told me."

At this time, it was Ji Qingxuan who took the initiative to speak, introducing herself in a cold and calm voice. After listening carefully, there was not even the slightest difference from Su Qingge.

If it was said that this was a pair of twins, no one would doubt it.

"Ji Qingxuan, what a nice name... How is mother doing now?"

After a moment of silence, Su Qingge couldn't help but ask, her mother had always been the biggest weakness in her heart. Although she had few memories, she always had an indispensable meaning.

"Mother actually misses you very much, but because of the family ban, she has never left the courtyard for half a step over the years. Apart from me, only my uncle has visited her. After all, when my mother ran away from marriage, she lost all the face of the Ji family..."

Ji Qingxuan's voice was very cold and calm, and she explained, "When they took my mother back, she was already pregnant with me. If it wasn't for my mother begging for mercy, I would have been knocked out by then."

She introduced these without seeming to make any waves. As if it wasn't her own business.

"Later, after I was born, my talent was good, and I was noticed by the family... It was not easy for you either." Hearing Ji Qingxuan calmly describing all of this.

Su Qingge couldn't help but feel a little sore in her nose, knowing that although she lived in the Upper Realm, it was not easy. Because of the absence of a father, the mother made mistakes and was claustrophobic, so what she had to bear was far more than her peers.

Although she lived in the Lower Realm, her father was the Holy Master of Taixuan Holy Land, who had given her the best since she was a child.

"How about you, sister? How did you come to the Upper Realm? With your cultivation, it is probably very difficult to reach the Upper Realm." Ji Qingxuan asked, and was a little curious.

"I'm just lucky, I met Master..." Su Qingge smiled, but she had nothing to hide.

"Young Master? Could it be..." Ji Qingxuan's murderous aura suddenly rose, icy cold and terrifyingly scary.

She knew a few things. Some beautiful women in the Lower World were often brought up by cultivators with forbidden weapons, sent to major auction houses, and sold as slaves.

Her sister's appearance, even in this Upper Realm, was enough to make countless geniuses worship her as a fairy.

"You misunderstood." Su Qingge explained, "I was really lucky. When I was in the Taixuan Holy Land, I met young master Changge who came to the Lower Realm to find something... Sister, do you know Young Master Changge?"

A look of surprise suddenly appeared in Ji Qingxuan's calm eyes, which was completely beyond her expectations.

"Yes."

Su Qingge explained the matter again, and ignored some unimportant things during the period, including of course the matter of her becoming the inheritor of demonic arts.

"Sister, I suddenly envy you a little bit. Your life is so good."

After listening to this, Ji Qingxuan's eyes showed a look of longing and envy, "I've grown up so much, I've been living for the family, no matter what I do, I just want to get the family's attention, and then be able to rescue my mother."

"Ah..." Su Qingge looked at her with some pity.

"I actually want to have a life like my sister." Ji Qingxuan's voice seemed a little low.

Su Qingge was stunned for a moment, her eyes were a little sad, as her elder sister, what could she do for her? Rebel against the family behind and rescue the mother?

With her current strength, she couldn't do it at all.

"Qing Xuan, during this time, I happened to be in the Vermilion Bird Ancient Kingdom. Otherwise, you can take my position for a while, and you can do whatever you want without thinking about the consequences. And I shall take your position for a while. Anyway, we look exactly the same, and we can't see anything. As long as we don't expose this, we should be fine."

Suddenly, she thought of a way and said so. This was also the only way for her, as her sister, to make Ji Qingxuan feel free.

"Is that... okay? Sister, what if there is a flaw?"

Ji Qingxuan was stunned, as if she did not expect Su Qingge to say such a thing, then shook her head gently, "No way. Yes, you just need to be careful not to let the young master notice the abnormality. Because he is very smart, you can't hide anything from him."

"I'll explain everything to you. Even if you leave here at any time, it's okay, no one will blame you." Su Qingge explained with a helpless smile.

"Young Master Changge..." Ji Qingxuan read these words lightly, with a strange look in her eyes, and finally gave a soft hum.

Chapter 290-1: I dont believe that Im a good person either, Ji Qingxuans plan (1)

"Looks like I still need to plan more. This time, with the third prince of the Vermillion Bird Ancient Kingdom, there is actually a Great Sacred Realm cultivator hidden in the dark. It seems that it should be

a guardian-like existence, but the cultivation of this third prince seems to be above the Great Sacred Realm, almost at the Quasi-Supreme Realm."

On the eaves of a palace, Gu Changge took a step forward, and his figure appeared here. With fluttering robes and crystal clear hair, the whole person was like an exiled immortal who was about to fly into the air.

As far as he could see, the changes in the fortunes of the entire Vermillion Bird Ancient Kingdom appeared in his eyes. In some mansions, the vision was rising, dragons and tigers were leaping, and in some palaces, there was an image of the Nine-Five, which absorbed the splendor of heaven and earth, even under the scorching sun, it was very obvious.

However, he could only perceive the evolution of this world by refining the way of reincarnation in his eyes. The rest of the cultivators, even the Origin Master who was proficient in the terrain, could not see it.

"Oh, the image of the python swallowing the dragon..." The smile at the corner of Gu Changge's mouth was a bit intriguing.

Whether it was a python or a real dragon, at this moment, in his eyes, it was all the changes of the Vermillion Bird Ancient Kingdom because of the Son of Luck.

Before, the Luck of the Vermillion Bird Ancient Kingdom could only be regarded as a small sparrow. Because of the birth of Chu Hao, the Luck changed and evolved, and it became a python. Now, the Vermillion Bird Ancient Kingdom even planned to swallow the dragon and transform.

This kind of change, even the Origin Master who practiced the change in terrain, probably wouldn't be able to see it. Gu Changge felt that the current King of the Vermillion Bird Ancient Kingdom did not notice it.

If it was in other Immortal sects and Supreme Immortal Dynasties, special powerhouses would be responsible for watching and guarding the changes in the dragon veins of Luck, and they would always be alert to changes in the Luck of the air, so that they could predict future changes in advance.

This kind of Luck, which was related to the future plan of the Sect and Dao, was not noticed in the Vermillion Bird Ancient Kingdom, and it was allowed to develop and evolve.

"Speaking of which, if there is no birth of the Child of Luck, it should be a small sparrow, then it is naturally a small sparrow. If it grows into a dragon, it is at least a leap from small-scale to large-scale teaching trend..."

In the next moment, Gu Changge took a step, the void became blurred, and he had already found the place where the dragon's Luck was. Soon, in a place that was thousands of feet deep from the ground.

Gu Changge appeared here. In front of him, there were vast dragon veins gathering, extremely majestic and thick, like a real dragon, swimming in the darkness.

Gu Changge was a little surprised that the dragon vein already had the prototype of a dragon, with a dragon head, dragon whiskers, dragon claws, and dragon tail, but only the dragon body had not yet solidified.

If the time was a little longer, it was likely to grow into a real dragon. One must know that the Vermillion Bird Ancient Kingdom did not even have a Supreme being. It was simply unimaginable to grow from a small sparrow to this step.

"This dragon vein... I almost laughed." In Gu Changge's hand, bursts of divine light erupted, like a terrifying wave that was about to drown forward.

His movements were quick, turning into a terrifying pitch-black void, blocking the void and preventing the dragon veins from escaping. As for the consequences of the Vermillion Bird Ancient Kingdom missing this dragon vein, this was not something he considered.

Roar!!

And the real dragon, who was quietly devouring dragon energy and Luck in the dark, also noticed Gu Changge at this time. In this young man who suddenly broke in, he felt a terrible sense of danger.

It already had intelligence, and couldn't help but let out a low roar, trying to deter Gu Changge. The majestic and terrifying aura surged in this darkness, if Gu Changge blocked all parties with the big palm print of the void, it would inevitably be noticed by the cultivators outside.

"Don't be nervous, I have no ill intentions." Gu Changge smiled, stepped in the void, walked over, and approached it.

"Look what's in my hand? Do you want it or not?" In the palm of his hand, a bottle of jade was opened, and a green glow suddenly appeared in it, the aura was extremely strong, and the immortal spirit was scattered in the darkness.

This was the Immortal Spirit he found in the Immortal Road, and it had not been refined yet. This kind of thing, for the existence of dragon veins, was tantamount to a heavenly treasure and had an indescribable temptation and attraction.

"I just want to be friends with you." Gu Changge was still smiling, seeing that the dragon's attention was all on the jade pot in his hand, "I'm not a bad person."

At the same time, the Dao bottle with black light appeared, floating behind Gu Changge, emitting strands of black light. There was a vaguely terrifying devouring meaning conveyed in it.

"You don't believe it?" Seeing the expression of disbelief in the dragon's already agile eyes, Gu Changge couldn't help shaking his head and sighing, "Actually, I don't believe it either."

Buzz!!

As he finished speaking, a terrifying and vast gray fog swept from behind him, covering the sky and the sun, instantly drowning this dark underground. The dragon was terrified and wanted to escape from here.

But in the sky, Gu Changge had already reached down with a palm, covering it up! At this moment, the treasure bottle seemed to have turned into an endless black hole, and in an instant, the dragon vein was swallowed into it.

"It's a pity, in the future, you were destined to become a real dragon... But it tastes good here."

Gu Changge sat down cross-legged. The cultivation base that had already reached the peak of the Sacred Realm, after swallowing the dragon veins at this moment, suddenly rushed away and broke through to the Great Sacred Realm!

.....

In the courtyard, it was extremely quiet, with bamboos swaying and rustling. What Su Qingge wanted to explain wasn't anything particularly important.

For her, it was just the daily practice, of Gu Changge's personality, preferences, habits, etc., of course, it involved the way she and Gu Changge got along.

For example, Gu Changge liked to use the million-year-old Immortal leaves to drink tea. Every piece of tea had to be picked from the ancient sacred mountain, and the tea could not be brewed for too long.

It takes at least 800,000 years to eat the spiritual fruit, and those with many seeds were not eaten. In short, Gu Changge's requirements for these aspects were very strict, in his words, it was called enjoyment.

Ji Qingxuan listened carefully, almost without a word. It could be seen that she was very careful about this.

"Have you remembered it?" After Su Qingge finished speaking, she smiled slightly and looked at Ji Qingxuan who was a little thoughtful.

"I remember sister, don't worry, I will not let the young master Changge notice anything unusual." Ji Qingxuan nodded as if accepting a very serious task.

Su Qingge smiled, "That's good. Then let me tell my sister about the situation on my side. Except for the big brother Chu Hao, you need to pay attention to everyone else, especially Wang Xiao, he is not a good person, sister, you have to be careful. This time I am going down the mountain. The guardian who came along is actually from the Royal Family, not from the Ji family."

Ji Qingxuan said that when Wang Xiao was mentioned, there was obvious disgust in her eyes.

"Even the guardians are not from the Ji clan..." Su Qingge was stunned for a moment, and her eyes had a little pity.

What did this mean?

It showed that even though Ji Qingxuan's talent was good now, it still did not get the attention of the Ji family, and even the Guardians who went down the mountain this time were sent by the Wang family.

This kind of situation was enough to describe it as utterly terrible, not to mention from Ji Qingxuan's words, she could also hear that the disciple named Wang Xiao should have an idea for Ji Qingxuan.

That was why he followed here on purpose, and he would probably use the background behind him to bully Ji Qingxuan.

"I see, I'll pay attention." Su Qingge smiled slightly and comforted, "Don't worry, with this sister around, the so-called Wang Xiao can't bully you."

Chapter 290-2: I dont believe that Im a good person either, Ji Qingxuans plan (2)

2)

Hearing this, Ji Qingxuan was slightly taken aback, and the look in her eyes was a little surprised as if she didn't expect Su Qingge to say this. Where did she come from to dare to say that, was it because she was Gu Changge's person?

"I know, sister." However, she still nodded and said without asking much, after all, everyone had their own secrets.

"This ancient talisman can hide your aura. I usually rely on this to hide my aura, so you don't have to worry about being noticed." Then, Su Qingge took out an ancient talisman with a simple style from her arms and handed it to Ji Qingxuan.

Although the two of them had the same appearance, there was still a lot of difference in their aura. Su Qingge usually relied on this thing to hide her aura. After all, she was the inheritor of demonic art. Just in case, she had made a lot of preparations in advance.

"Well, I got it, sister." Ji Qingxuan took it, but she couldn't figure out why Su Qingge had so many methods.

It seems that there was more than one magic weapon that could hide the aura. As Gu Changge's person, did she still need to hide her aura? Would anyone in this world dare to bully her?

Of course, Ji Qingxuan didn't say it, but she became more and more curious about what kind of identity Su Qingge had. It seemed that she did not rely on Gu Changge alone.

Afterward, the two of them changed their clothes and hair accessories. In order to look no different, Su Qingge made Ji Qingxuan wear light makeup on purpose. In this way, even the closest people couldn't notice the difference.

"Now we are really exactly the same." Su Qingge sighed slightly and touched Ji Qingxuan's face in front of her.

"Yeah." Ji Qingxuan nodded lightly, "Sister, then I'll leave first."

Su Qingge nodded, then watched Ji Qingxuan leave the courtyard, and gradually disappeared in the direction of returning to the Vermillion Bird Ancient Kingdom.

Then, she sighed softly, her expression became a little complicated for a while.

"Qing Xuan, don't play tricks. Young Master is not something you can control..." As a sister, she actually faintly guessed Ji Qingxuan's thoughts, but she did not stop it.

In fact, she also had ideas in her own heart, not purely wanting to help her sister. She also felt that Ji Qingxuan seemed to have a different interest in Gu Changge.

As a sister, Su Qingge just didn't break it, and she also wanted to know what kind of scheme Ji Qingxuan was working on.

She was not simply stupid and sweet, whether it was in the Lower Realm or after becoming the inheritor of demonic art in the Upper Realm, she had her own ideas and calculations.

Although the two of them were sisters, they had never met before. It would be too dreamy and unrealistic to say that the two of them could open their hearts and trust each other just by virtue of that blood relationship.

Su Qingge didn't expect Ji Qingxuan to trust her completely. This little sister had only experienced more things than her since she was a child. The depth of her mind was far higher than hers, and she was not as simple as she seemed.

Ji Qingxuan took the initiative to mention that she was envious of her life, it was probably because she had guessed about her relationship with Gu Changge before, so she said that.

If it weren't for Su Qingge's familiarity with Gu Changge, who had seen and heard about various methods, it was estimated that Ji Qingxuan's little scheme would not be seen.

"Did you even calculate on your own sister?" At this time, another soul in Su Qingge's mind couldn't help but burst into laughter with a touch of faint sarcasm.

Su Qingge just calmly shook her head, "This can't be said to be a calculation, she and I each take what we need. We just happened to be staying by the young master's side recently, and we really can't get away..."

She was the inheritor of demonic art, and she would not be like those ordinary geniuses, to kill the Heavenly Extinction beings and save the Vermillion Bird Ancient Kingdom.

Su Qingge had her own things to do. Moreover, after several times of contact with Mo Lao during this period. She had already understood that there was an organization of the inheritor of demonic art in the dark, and the ancient existences in it were from the various powers of the Upper World, although they did not know each other's identity.

But at the critical moment, they could help her. Mo Lao also told her that in the True Immortal Academy, there were actually other members of the organization of the inheritors of demonic art hidden.

Therefore, Su Qingge subconsciously thought that the incident of the inheritor of demonic art had caused a lot of uproars before. In fact, it was caused by the single-handed planning of this organization, just to confuse the public and give her a chance to develop and grow.

"This trial is a time for me to fish in troubled waters, and taking advantage of the opportunity of Ji Qingxuan pretending to be me, I can also clear my suspicions in front of the master... Zi Yang holds a grudge against the young master, so I'll target him first."

Thinking of this, Su Qingge couldn't help showing a little smile on his face, but this smile seemed a little cold.

.....

On the other side, Wang Xiao, who had been in the pavilion and stared at "Ji Qingxuan" who entered the mansion, was looking a little impatient. After waiting for so long, no one came out of the mansion.

Who knew what would happen during this time? So he planned to leave for a drink and ask to see who Ji Qingxuan was having a secret private meeting.

In his eyes, Ji Qingxuan was something that would be in his pocket sooner or later, even though she was indifferent and had disgust for him now. But sooner or later, he would make her kneel on the ground and ask for pity.

Not to mention that Ji Qingxuan's condition in the Hidden Ji family was not good, and sooner or later, she would become a pawn in marriage. At that time, he only had to tell the family behind him, and the Hidden Ji family would have to obediently send Ji Qingxuan to his door.

At this time, Wang Xiao suddenly saw a familiar figure walking out of the mansion.

She was tall and slender, dressed in snow-white clothes, her face was cold and beautiful, her complexion was fair and delicate, and her pretty face was as white as it was carved from the most flawless jade.

In Wang Xiao's opinion, it was Ji Qingxuan who had changed her dress.

"I still know that, I have to ask who Ji Qingxuan went to see." Wang Xiao's face was very ugly. When his figure moved, he disappeared from the pavilion in an instant. He took one step and appeared in front of Ji Qingxuan.

"Junior Sister Ji, who are you going to see?" Wang Xiao took the initiative to speak, his voice was very gloomy, and he was dissatisfied.

However, the current Ji Qingxuan was pretending to be Su Qingge. So when she saw Wang Xiao for the first time, although she was shocked, she frowned and asked in a cold voice, "Who are you?"

"Okay, you still pretend not to know me, Ji Qingxuan..." Wang Xiao didn't expect Ji Qingxuan to say such a thing and was a little stunned for a while.

After reacting, he couldn't help laughing, thinking that it was Ji Qingxuan who pretended not to know him on purpose. After all, tracking this kind of thing was really impossible.

But wasn't her performance a ghost in her heart?

"Where did this bastard come from, you have probably eaten the guts of an ambitious leopard. Do you know who I am?" Ji Qingxuan frowned even tighter, and her voice sounded like a chill that had been quenched for ten thousand years.

On weekdays, she naturally hated Wang Xiao so much that she couldn't wait to kill him. At this time, since there was such an opportunity, there was no way that she would let it go.

After all, she was her sister Su Qingge right now, and Gu Changge was standing behind her. If she gave this Wang Xiao a hundred more courage, would he dare to move?

"Ji Qingxuan, you are very brave, don't forget that the Ancestor of your Ji family is..." Wang Xiao was stunned again, seeing that Ji Qingxuan was still pretending not to know him, and the more she pretended to be, who was she?

The Ji family behind her had long since fallen by the wayside. Not to mention that Ji Qingxuan was not valued at all in the Ji family. Apart from her beauty and cultivation talent, what else did she have?

Immediately, he sneered, "For the sake of Senior Brother, I called you Junior Sister Ji, but did you really take yourself seriously?"

"Who is behind you? Is the Ji family? Can the Ji family protect you?" Seeing that Wang Xiao's true form was revealed, and he almost no longer concealed his true face, Ji Qingxuan's eyes were even colder.

Her jade fist clenched tightly. This was the situation she was facing now. The Ji family didn't pay attention to her at all, but Wang Xiao had ideas about her. But with her character, it was impossible to compromise with Wang Xiao.

"You are courting death!" However, at this moment, she was Su Qingge, not Ji Qingxuan before, so she didn't need to worry about the consequences.

Almost as soon as the words fell, the long sword in Ji Qingxuan's hand was unsheathed and turned into a terrifying sword light, which was about to tear the sky apart.

"Ji Qingxuan, do you dare to attack me?" This scene made Wang Xiao's complexion suddenly change, becoming pale, a little unbelievable.

He never imagined that Ji Qingxuan would suddenly riot and attack him, and it would still be the kind that showed no mercy at all. This made Wang Xiao panic, although he dared to be arrogant in front of Ji Qingxuan, if she really made a move, he was definitely not Ji Qingxuan's opponent.

"Bastard, die!" Ji Qingxuan's expression was very cold, and she was determined to kill Wang Xiao. Such an opportunity was simply too rare.

Chi!

This sword light was extremely terrifying, as if it fell from the distant sky, containing her cold murderous aura, and even the void was trembling, as if it was about to collapse, it was difficult to bear this kind of fluctuation.

At a critical moment, Wang Xiao sacrificed a golden shield, which was extremely bright and brilliant.

This shield expanded and grew in the sky, turning into a length of several feet. There were many laws and orders on it, and the material was extraordinary. It could be seen that its cost was high.

Click!

But under Ji Qingxuan's sword, Wang Xiao's shield could only resist for a moment, then cracks appeared on it with a click, and then it burst into pieces.
