

Villain 291

Chapter 291-1: Gu Change didnt break it, Its going to be a big disaster this time (1)

"Not good! Ji Qingxuan is determined to kill me, it's not good..."

Wang Xiao, who was urging this divine weapon, bore the brunt of it, groaned, and spewed blood from his mouth. His face was pale and he couldn't believe it.

Ji Qingxuan, who usually did not dare to even be angry with him, how did she get the confidence to attack him today?

"Elder Xuan, save me!" At this time, Wang Xiao couldn't care about it either, and shouted into the void, intending to call for help.

Relying on his own strength, he would definitely not be able to deal with Ji Qingxuan. At this time, no one could save him except the Guardian.

"Do you still want to call for help?" Ji Qingxuan frowned, her voice cold as if it had no temperature.

Her jade hand made another move, and the long sword flew out, blooming in the virtual space. There were thousands of sword lights blooming, drowning towards the bottom! Such a scene instantly shocked many cultivators and creatures on this street. After all, the momentum was really amazing.

Many people turned into divine lights and flew high into the sky, looking at this place from a distance, they were shocked. Many buildings and pavilions were immediately hit by the aftermath and turned into ruins.

No one thought that someone would dare to fight in the imperial city of the Vermillion Bird Ancient Kingdom.

During this period of time, the Vermillion Bird King only ordered that any kind of fighting was prohibited, so that the Vermillion Bird Imperial City would have a peaceful environment.

Many people also knew that the rumored young master of the Gu family was now in the Vermillion Bird Ancient Kingdom. Therefore, they also understood the behavior of the Vermillion Bird King.

"Who are these two people? They actually fought here? This fluctuation is so scary..."

"Looking at his age, he should be young. Could it be that he is a genius of True Immortal Academy?"

"Compared with them, we have cultivated for so many years, it's almost like we have cultivated a dog."

"This is the so-called genius, otherwise why would they be different from ordinary people?"

Many cultivators were shocked as the situation set off a storm in their hearts, but it was bitter and they deeply felt the gap between themselves and the geniuses. They immediately contacted the geniuses of True Immortal Academy.

Apart from such geniuses, who else had such terrifying strength at such an age. The momentum here was terrifying, and it spread to the depths of the palace almost immediately.

Many geniuses who had not left this place, in shock, turned into divine lights and rushed over.

"This voice seems to be from Junior Brother Wang, right? What happened to him?"

Chu Hao, who was talking with the Vermillion Bird King, couldn't help frowning. After all, his cultivation had reached the Quasi-Supreme Realm, and he heard Wang Xiao's cry for help almost immediately.

Although he was not very happy with this Junior brother who was a bit arrogant and conceited. But if he had an accident in the Vermillion Bird Ancient Kingdom, neither he nor the Vermillion Bird Ancient Kingdom behind him could afford it.

Thinking of this, Chu Hao sighed and could only go and have a look.

"Father, I'm going to see what's going on." Having said that, Chu Hao had already taken one step, left here, appeared outside the palace, and rushed in the direction of the voice.

"Stop!" At this time, Wang Xiao was fighting against Ji Qingxuan.

Hearing this voice, he couldn't help but look happy, and shouted, "Elder Xuan, save me, Ji Qingxuan is crazy, she actually wants to kill me."

In the void, Elder Xuan appeared with a gloomy face. His cultivation was at the peak of the Great Sacred Realm, and he was only one step away from the Quasi-Supreme Realm.

The moment it came, the terrifying pressure of the Great Sacred Realm shrouded the heavens and the earth, and the divine might was vast, as if an ancient god had descended.

The color of the world changed, the situation was reversed, and a terrifying vision suddenly appeared above the imperial capital of the Vermillion Bird Ancient Kingdom.

The existence of the Great Sacred Realm, in a small country like the Vermillion Bird Ancient Kingdom, was like the existence of the Ancestor. Only when faced with the greatest crisis, would it show up.

Much less the existence of the peak of the Great Sacred Realm, how terrifying the momentum was!

"Hiss!"

"This is a Great Sacred Realm cultivator!"

"It's terrifying to attract the Great Sacred Realm cultivator to come here..."

Many cultivators and creatures changed their expressions greatly, their souls trembled, and they felt a sense of awe. They couldn't help but want to bow in that direction and kneel down.

"Elder Xuan, take her down for me. She's crazy today."

Seeing Elder Xuan, Wang Xiao couldn't help but breathe a sigh of relief. Then, with a sneer and a vicious look, he stared at Ji Qingxuan, as if she was dead.

In his opinion, Ji Qingxuan went crazy today, otherwise, how could she have done such a crazy thing as attacking him? But now that Elder Xuan had appeared, naturally, there was nothing to do with Ji Qingxuan.

"Miss Ji, do you know what you are doing now?" However, Elder Xuan didn't attack immediately.

Instead, he looked at Ji Qingxuan coldly, with a wave of his robe, and a burst of yellow light burst out. Immediately afterward, a yellow gourd, wrapped in chaotic mist, floated up and down between the sleeves, with the power of opening up the world.

If Ji Qingxuan didn't answer properly, he would definitely use this gourd to suppress her.

"Who are you? Why are you bullying the weak?" Ji Qingxuan's expression was still cold, and she was not afraid at all. Instead, she said coldly, "I don't know where you guys got the courage to attack me. If my master found out about this, even if you are an existence in the Great Sacred Realm, you can't escape death."

"Master... Ji Qingxuan, what do you mean by that?" Elder Xuan frowned, and his first reaction was whether Ji Qingxuan had a problem with her head today, and she actually said such inexplicable words.

And many cultivators and geniuses who came nearby couldn't help but feel very shocked when they heard this.

A Great Sacred Realm cultivator couldn't escape death?

Was this woman in white really such a big shot? Who was she?

Many people's expressions couldn't help but change slightly. Some people recognized Ji Qingxuan, and their voices trembled slightly, "This girl seems to be the one next to Young Master Changge."

The one who said this was a tall man covered in scales. He was a genius of the True Immortal Academy. He had not yet rushed to the Heavenly Extinction Battlefield to fight against the Heavenly Extinction beings.

He once saw Gu Changge from a distance, and at that time, there seemed to be this woman in white standing beside Gu Changge. Because this woman in white was really amazingly beautiful, he took a few more glances, and only then did he have some impressions.

However, his words were quickly drowned out by the shocked discussions of the other cultivators nearby. Not many people heard it.

"Not good, something big is going to happen."

This genius's face was a little pale. Thinking of the possible consequences of this incident, he hurriedly moved and left here. But on the way, he suddenly thought of something, and hurried to the direction of the palace, thinking that it would be better to report such a matter.

Otherwise, when the time comes, the young master Changge blamed him. How would he explain it when he was at the scene?

"Elder Xuan, stop talking nonsense with her, Ji Qingxuan is determined to kill me today..."

In the field, Wang Xiao said again, and his voice was extremely gloomy. When he was fighting with Ji Qingxuan, he was seriously injured.

"You've got the wrong person, I'm not the Ji Qingxuan you mentioned." When Ji Qingxuan heard this, her brows were still tightly wrinkled, and her voice was cold as if it was about to drill into his bone marrow.

"You are still pretending at this time, I think you won't cry without seeing the coffin, Elder Xuan, attack!" Wang Xiao smiled coldly and ordered.

Buzz!!

At the moment when his words fell, Elder Xuan nodded, and he didn't say anymore and chose to attack.

With a wave of his sleeve, the yellow gourd was immediately sacrificed, and it swelled in the wind, entwined with chaotic mist.

The terrifying pressure of the Great Sacred Realm shrouded down, and Ji Qingxuan was like a small boat in the sea, which could be overturned at any time.

Her complexion also turned pale. However, Ji Qingxuan's eyes were still calm and cold.

Chi!!

The very next moment, a sword energy began to spew out from the mouth of the gourd turning into the size of a mountain peak as it terrified everyone while being wrapped in an endless murderous aura. Its sheer momentum caused the sky to crack open.

"No, retreat."

"The Great Sacred Realm attack has turned the world upside down, this is no longer something the rest of us can resist!"

All the cultivators and creatures' expressions changed drastically, their figures turned into divine lights, and they quickly evacuated from this place. Even if it was a ray of the aftermath, they didn't want to be contaminated.

Puff!

Ji Qingxuan's expression changed at this time. She didn't expect Elder Xuan to be so ruthless and use such a terrifying killer move. Fortunately, she had a lot of life-saving things on her body, and she shattered a piece of jade at a critical moment.

A cloud of white light appeared, blocking the sword energy for her. But Ji Qingxuan didn't feel any better and flew out and crashed into large buildings and pavilions.

Her internal organs were almost shattered, and the fragments of the internal organs were coughed up, and her complexion was even more pale and bloodless.

Chapter 291-2: Gu Change didnt break it, Its going to be a big disaster this time (1)

"It's weird. Why is she not afraid at all, not even a little worried about regret, is she planning to beg for death?"

At this time, Elder Xuan also noticed that something was wrong. Ji Qingxuan didn't care about his attack. In his opinion, it all seemed like a trick.

Could it be that after what happened, Ji Qingxuan was going to beg for death? Thinking of this, he couldn't help but stop.

"Does Ji Qingxuan really want to die?" Wang Xiao frowned. At this time, an unpleasant feeling appeared in his heart.

Buzz!!

At this time, a golden divine light descended from the sky, as if it turned into a great Dao from the sky. It was Chu Hao.

"Junior Brother Wang, what happened?" With a puzzled look on his face, he asked Wang Xiao who was frowning beside him. When he heard his cry for help, he rushed over.

But he still seemed to be half a step slower. Now it seemed that Wang Xiao was not serious, there was nothing to do, after all, there was a guardian of the peak of the Great Sacred Realm here.

Who the hell wanted to hurt him?

"Senior brother, I don't know why, Junior Sister Ji is crazy today. I just stopped her and asked something, and she just looked like she was going to kill me. If Elder Xuan hadn't acted in time, I would have been murdered by Junior Sister Ji."

Wang Xiao explained and put himself in the position of the victim, and his words were full of confusion and ignorance.

"Junior Sister Ji went crazy?" Chu Hao was stunned. The moment he heard this, he subconsciously thought that it was impossible.

He still understood Ji Qingxuan's character very well. If Wang Xiao hadn't done something very outrageous, how could she have attacked him?

Crazy? This was just an excuse that Wang Xiao came up with.

Ji Qingxuan's current situation in the family was actually not good. Thinking of this, Chu Hao sighed and felt that things had become troublesome. Could it be that he had to blame Wang Xiao?

This was obviously unrealistic.

"Senior Brother, what happened? Why are you all here?"

At this time, a cold and doubtful voice sounded, and a beautiful woman arrived from a distance with a puzzled expression.

Her pretty face was as white as jade, shimmering and lustrous, and her skin was whiter than snow, like the most perfect masterpiece of heaven. The moment they saw this woman, whether it was Chu Hao, Wang Xiao, or Elder Xuan, they couldn't help being stunned, their eyes widened, and they couldn't speak for a while.

Many cultivators nearby who had just watched were also stunned, and some even rubbed their eyes to see if they were hallucinating. Wasn't this the woman who was hit by the sword energy just now and smashed into the ruins?

Why did she show up again, and she didn't look damaged at all, and even changed her clothes?

Wrong!

These were different people, they just looked exactly the same!

At this moment, many people reacted.

"Junior Sister Ji, you're all right, that's great, I'm afraid something will happen to you."

Seeing "Ji Qingxuan" approaching, Chu Hao couldn't help but breathe a sigh of relief.

He hadn't noticed the shocked expressions of Wang Xiao and Elder Xuan, thinking that the momentum was just astonishing, and Ji Qingxuan did not have any surprises.

"Junior Sister Ji... Who was that woman who looked exactly like you just now?"

Wang Xiao was also completely stunned at this time, he couldn't help but mutter softly and asked, his head was a little bit hard to turn around.

How could there be two identical Ji Qingxuan?

Who was the woman who attacked him just now? He had never heard of Ji Qingxuan's twin sister or sister.

"A woman who looks exactly like me?"

"Ji Qingxuan" was also surprised to hear that, and asked back, "How did you know I was looking for such a person?"

"This..." Hearing this, Wang Xiao's expression stiffened, and suddenly he felt that things had become very bad, combined with what the woman in white just said.

This ominous, uneasy feeling once again aroused in his heart.

It turned out that it was not Ji Qingxuan who changed her clothes, but another person who looked exactly like her, and he mistakenly mistook her for Ji Qingxuan. Soon, Wang Xiao reacted, and the ins and outs of the matter were instantly clarified.

"Master, something doesn't seem right, we seem to have mistaken the wrong person..."

Elder Xuan's voice also became heavy. Now, in this place of Vermillion Bird Ancient Kingdom, the gathering of geniuses all came from the True Immortal Academy. So young and so powerful, the other party's identity background must not be too low.

"What exactly is going on?" Chu Hao frowned and couldn't help asking.

At this time, he also understood a little. It turned out that Wang Xiao and Xuan recognized the wrong person and recognized a strange woman as Ji Qingxuan.

"Where is that woman?"

"Ji Qingxuan", also known as Su Qingge, also asked with a look of surprise at this time, looking very anxious.

In fact, she was watching everything Ji Qingxuan did just now, which made her feel complicated. She didn't expect Ji Qingxuan to be so ruthless.

It could also be seen how much Ji Qingxuan hated Wang Xiao, to choose such a method.

Boom!!

However, when everyone was talking about it, they were extremely shocked by the next scene.

They saw that above the sky in the distance, there were suddenly divine lights galloping forward, mighty and powerful, making the world tremble.

The young man at the head wore fluttering white robe as he looked extraordinary, seemingly shrouded in divine light as the universe revolved around him.

"It's Young Master Changge!" A cultivator with sharp eyes exclaimed.

"I didn't expect that this incident would disturb the young master Changge. It is estimated that there will be a good show to watch."

"I just don't know, what is young master Changge here for? Could it be that he also came to watch the show?"

Many cultivators were extremely shocked. They did not expect that such a fight would attract Gu Changge.

During this time, the news that Gu Changge came to the Vermillion Bird Ancient Kingdom had already spread. Almost everyone knew that he was temporarily living in the depths of the palace.

"This is Young Master Changge..."

"It's the first time I've seen it."

Su Qingge also looked surprised, as if she didn't notice Elder Xuan and Wang Xiao's expressions that were not very good-looking.

"How could it startle him too?" Chu Hao frowned. For some reason, he always felt that Gu Changge was not as gentle as it seemed.

"Master, could it be..." Elder Xuan's voice became heavy, and the unpleasant feeling in his heart became more and more solemn.

"Impossible, what kind of identity does Gu Changge have? Maybe it's just passing by. If the woman in white has something to do with her, how can there be no one around to protect her?"

Wang Xiao shook his head in denial, saying as if he was explaining to himself and comforting himself.

Although he was a direct disciple of the Hidden Royal Family, compared with Gu Changge, his identity was more than 108,000 miles away. Even some of Gu Changge's followers were far more honorable than him.

However, in the next moment, Wang Xiao was shocked, and his face gradually turned pale. He saw the divine light falling in this direction in the sky, and the nearby cultivators and geniuses hurriedly moved away.

Gu Changge's expression was flat, and the moment he landed, he stared at Su Qingge, then nodded and said, "It's fine."

Su Qingge looked stunned for a while, and then asked in confusion, "Is Young Master Changge talking to me?"

Even so, her heart was still warm. In her opinion, Gu Changge should have rushed over after hearing that she was fighting with a Great Sacred Realm cultivator.

Then she just took the lead as "Ji Qingxuan" she pretended to be. However, this also showed that Gu Changge did not distinguish between her and Ji Qingxuan's identities.

"What's the meaning of this?" Gu Changge's eyes narrowed. In his eyes, although Su Qingge had changed her clothes and hair accessories, her Luck had not changed at all.

Therefore, the woman in front of her was actually Su Qingge.

What did she want to do?

But soon, Gu Changge remembered Su Qingge's Destiny quest, which seemed to be about her life experience. Since it was her life experience, it must have something to do with her relatives.

That was to say, Su Qingge wanted to steal the bait and change the pillar, and come up with a plan to escape.

It seemed that in the Vermillion Bird Ancient Kingdom, she should have met a younger sister who looked like her, so she came up with such a way to escape. Almost instantly, Gu Changge guessed Su Qingge's purpose, but he didn't disclose it.

Since Su Qingge had her own plans, Gu Changge was too lazy to care. After all, she was the inheritor of demonic art, so in order to bring out her best value, she couldn't always be by his side.

"I didn't expect this girl to look like my maid. Looks like it's the wrong person."

Afterward, Gu Changge smiled slightly, didn't say anything else, turned around, and walked in the other direction.

But hearing this, Wang Xiao and Xuan Lao's faces suddenly turned pale, without any blood, and their whole bodies were wet with cold sweat.

They heard it right. This sentence was said by Gu Changge himself, Ji Qingxuan looked like his maid.

"It's over..."

"It's a big disaster this time."

Even if Elder Xuan was overlooking countless cultivators with his Great Sacred Realm cultivation, at this time, he felt cold in his back, weak in his limbs, and a gust of cold air shot straight to the sky from his tailbone.

Chapter 292-1: The so-called taste of power, the Son of Luck finally can not help it (1)

On the field, more and more cultivators and geniuses converged and rushed to appear on all sides. This matter was destined to be not simple since Gu Changge showed up.

So a lot of previously uninterested geniuses also rushed over, thinking that this was a good show that must not be missed. Who else in this world was so bold as to dare to offend Gu Changge?

This person did not want a long life, there seemed to be some problem in his head as they were looking for death.

For a time, many people looked at Wang Xiao and Elder Xuan, who were trembling like chaff, with mocking and sarcastic expressions on their faces. In that gaze, there was undisguised mockery, just like looking at two monkeys.

"Just now that woman seems to be the maid of young master Changge, so the two of them did not just mistake her identity, but also seriously injured her..."

"Today, it's really a good show. But I really did not expect that there are so similar two people in this world, simply like a mold carved out of the same, if you say that they are twins, I guess no one will suspect."

Many geniuses opened their mouths, with emotion, and in a few words, they had made what had just happened, very clear. Even a passerby knew what had happened.

"That is to say, Wang Xiao, you just now actually took another woman as Senior Sister Ji, spoke out against her, clashed, and then called for Elder Xuan and seriously injured her?"

Listening to the talk of the many cultivators nearby, Chu Hao's brow furrowed as he sort of got a clear picture of what had happened. His expression couldn't help but turn sour as he gazed up, feeling that things were very unpleasant.

If he wanted to solve this matter today it wouldn't be that simple. Because that woman was not an ordinary person, she was Gu Changge's maid. This identity alone was enough to make many geniuses scornful in awe.

One should know that in this vast Upper World, the Heavenly daughters who wanted to offer themselves to become Gu Changge's maids were far enough. The fact that she could become Gu Changge's maid meant that the woman must have something outstanding, or that she was very much loved by Gu Changge.

The Hidden Royal Family behind Wang Xiao did not dare to say much in the face of Gu Changge, not to mention that Wang Xiao only belonged to a small branch family's first disciple.

This was completely his own to the tip of the knife.

"What do you think, Elder Xuan? Am I finished..." Wang Xiao did not answer Chu Hao's question.

At this time, his face was incomparably white, his voice was shivering, and his hands and feet were cold.

Although just now Gu Changge just walked past him and didn't even give him a second glance. But that terrifying might was simply much more terrifying than when he faced their Old Ancestor.

"Young master, I'm afraid that today's matter will not be good..." Elder Xuan's voice was equally bitter and regretful.

However, at this moment not only Wang Xiao and Elder Xuan felt that things were not right and a great disaster was coming. Even Su Qingge was also feeling something wrong, because just now, the way Gu Changge looked at her, seemed to carry an inexplicable deep meaning.

She did not know if Gu Changge had seen that she and Ji Qingxuan exchanged identities. If he saw it but did not break it, what did this mean?

Gu Changge might have been very disappointed in her, after all, she deceived him three or four times. For a while, Su Qingge was a little uneasy and worried.

If from now on Ji Qingxuan took over her identity and became Gu Changge's maid, then what would she do in the future? To confess all this, or to ask Gu Changge's forgiveness?

But before this, Gu Changge had said that he hoped that things would not go past three. That was to say Gu Changge did not want to see herself concealing her affairs again.

"Ji Qingxuan probably has her own little calculations, perhaps it is the hope that she can replace you, otherwise by herself alone, she can not approach Gu Changge and be at his side... This sister of yours is not simple-minded."

The other soul in Su Qingge's mind said with interest.

However, this time, Su Qingge did not pay attention to her, she was not very sure whether this time the interchange of identity was right or wrong, and what consequences it would cause.

"Let's hope that the young master won't find out." Su Qingge thought silently in her heart, "Things must not go in the worst direction."

And at this time, Gu Changge also walked to the ruins of the collapsed pavilion, his face was very calm, one could not see the slightest ripple, let alone see the joy and anger.

Followed by that, his followers in the crowd were also silent as a chill, not daring to make a sound. For a while, the whole area was quiet.

Many of the geniuses and cultivators who were discussing, sensed that the atmosphere was not right, also changed their faces and hurriedly shut up for fear of angering Gu Changge.

Although rumors said that Gu Changge was mild-mannered, that was the case when he was not provoked.

"I want to know what happened." At this time, Gu Changge's faint voice rang out, without much fluctuation.

But many people somehow felt a chill in their hearts, a feeling of shuddering. Gu Changge did not ask anything more, just asked that he wanted to know what happened.

But the crowd knew that this matter had made Gu Changge angry, a kind of mountain rain accompanied by the wind with a terrifying atmosphere, suddenly enveloped in the vicinity.

Wang Xiao's footsteps were weak, almost limp on the ground, if he was not next to Chu Hao who was frowning and pulled him a little, he would have fallen to the ground.

"Reporting back to young master Changge, things are like this..."

At that moment, all the cultivators who witnessed it looked respectful in front of Gu Changge and told him the whole story, and did not dare to conceal any place.

Including how arrogant Wang Xiao was at that time, after the woman in white told the guy behind her, he still didn't know how to restrain...

They told him what happened. After the white-clothed woman said that Wang Xiao and the others were mistaken, he still didn't care and let the Guardian behind him attack and hit the white-clothed woman hard.

After hearing these words, Gu Changge did not say anything more, his face remained calm as if he did not care. And his footsteps did not stop, walking towards the ruins.

Many people just saw that the woman in white was hit by a sword aura, was seriously injured, and then smashed into the pavilion, leaving the place in ruins.

But a period of time had passed but they did not see the woman in white come out, many people were speculating whether she was very badly injured, or more... perished.

On the thought of this possibility, many people's faces turned pale, the Vermillion Bird Ancient Kingdom could withstand Gu Changge's anger?

"Young master....." However, just when the crowd was speculating, only to see a woman covered in blood among the ruins, stumbling out with her feet, whose beautiful face was vaguely visible.

It's just that she looked very weak, even her white clothes were stained red with blood. Even walking was also very hard for her.

"Is everything okay?" Gu Changge looked at her, ignoring the fact that her dress was still stained with blood, and gently picked her up, "Why are you so careless?"

There was no abnormality in the expression on his face, it was pure concern and worry.

"I'm fine, Master. Sorry that I had you worried..." Ji Qingxuan shook her head gently, her voice remained calm and cold, but at this moment, a storm surge in her heart.

She was right! The man who picked her up in front of him was the most terrifying young existence in the Upper Realm today.

In the past, she hadn't even had the chance to get close to Gu Changge, let alone lean against him so quietly as she did today. This was the first time that Ji Qingxuan had grown so close to a man, but she felt no discomfort at all, and even thought that this moment could last forever.

She was very nervous and uneasy, afraid that Gu Changge would notice something unusual, but soon Ji Qingxuan felt relieved. Gu Changge seemed to care about her a lot.

This made Ji Qingxuan feel deep envy in her heart. It was the first time anyone cared so much about her since she was a child, although she knew that at this moment Gu Changge regarded her as her sister.

"Sister is so happy..." Ji Qingxuan thought so in her heart, but there was no abnormality on her face.

"Master, am I seriously injured?" She asked Gu Changge gently.

"It's quite heavy, and the internal organs are damaged." Gu Changge nodded, his voice was as calm as ever.

"But don't worry, it's not fatal."

"Yeah." Ji Qingxuan nodded and quietly leaned against his arms.

Looking at this scene, for some reason Su Qingge felt a little jealous in her heart, knowing that the person was her sister, and all of this was exchanged voluntarily by the two of them.

But this feeling just won't stop...

"Tell me, how do you two want to die?" At this time, Gu Changge finally looked at Wang Xiao and Elder Xuan, who had no blood on their faces.

He didn't say much nonsense, and just asked them how they wanted to die.

With such a strong and unconcerned attitude, Ji Qingxuan couldn't help but feel suffocated, and felt a smell called power. This was what she had always wanted the most.

If she had power, why would her mother be locked up, and why would she be reduced to the point of being used as a pawn in a marriage.

How could Wang Xiao and Elder Xuan dare to treat her so casually, seriously injure her, and lightly decide her life and death? All of this was brought about by something called power!

"Young Master Changge, please spare my life! I was wrong. I was blind at the time, so I regarded this girl as my Junior Sister. I really didn't mean it!"

"I also hope that the young master Changge will be magnanimous, the adults do not remember the villain's deeds, please spare me this time!"

"I really didn't do all of this on purpose. You have also seen it, Young Master Changge... This girl looks exactly the same as my Junior Sister. How did I know this at the time!"

Hearing this, Wang Xiao was almost scared to death, his face turned pale, and he said hurriedly, he almost fell on his knees and kowtowed to beg for mercy.

"I asked you how you wanted to die, not the reason for your incident." Gu Changge's voice was still calm, but it seemed indifferent, "Don't you understand?"

"Young Master Changge..." At this time, Wang Xiao was really scared to death, his whole body was wet with cold sweat, his soul was trembling, and his words were trembling.

He heard it, Gu Changge was determined to kill him, and there was no doubt about it.

Chapter 292-2: The so-called taste of power, the Son of Luck finally can not help it (2)

Before that, he had always bullied others, and he never imagined that one day he would also encounter such a thing.

He just hurt his maid, and as a result he was going to kill him. This made Wang Xiao angry, afraid, and very unwilling.

"What? Do I need to do it myself?" Gu Changge still spoke lightly, with an extremely indifferent expression.

He didn't take Wang Xiao's identity to heart at all, just like facing a little ant that could be trampled to death at any time.

"Young Master Changge, spare my life! I don't dare any more, I am willing to apologize and compensate for this girl!" Accompanied by Wang Xiao's terrified voice.

He immediately thudded and knelt down. He was very afraid of death. Knowing that the forces behind him couldn't hold back Gu Changge.

At the same time, he looked at Ji Qingxuan, his voice trembling, and he said in horror, "I was blind just now and mistook the girl for her. I hope the girl will forgive me and save my life!"

At this time, humiliating dignity or something, how could it be more important than life? Everyone looked at this scene, and the fear in their hearts was no less than Wang Xiao, but no one dared to speak out, or to stop all this.

After all, Wang Xiao brought it all on his own. Ji Qingxuan stared at Wang Xiao with bright eyes, looking very cold, but she was extremely happy in her heart.

After all, seeing the person she hated the most was being humble and begging in front of her. This kind of thing had never been thought of before.

"Qingge, what are you going to do with him?" Gu Changge looked at her at this time and asked.

Hearing this, Ji Qingxuan was slightly startled, and said softly, "I will follow what Young master says."

Gu Changge nodded, "Okay, then I'll kill him and ask him to make amends for you."

"Hmm..." Ji Qingxuan trembled in her heart. Although Gu Changge seemed to be caring about her, she thought of something deeper.

If Gu Changge were to discover that she and her sister Su Qingge had exchanged identities, the consequences would be unimaginable. This man was way too scary.

Hearing this, Wang Xiao's face changed drastically, his soul trembled, his whole body was shivering, he grabbed a life-saving straw and shouted.

"Elder Xuan, it was Elder Xuan who injured her. I was not her opponent at that time..."

At this time, in order to survive, he couldn't care about anything. Elder Xuan also changed his face. He didn't expect Wang Xiao to say this. He was very disappointed, but more helpless.

"Senior Brother, save me..." However, Wang Xiao didn't care about him, and soon turned to Chu Hao for help.

He knew that Chu Hao was very powerful, and was given an extremely terrifying divine weapon by the Supreme Dao Cave. With his strength, he could save himself.

Moreover, Senior brother was highly valued by the Supreme Dao Cave. Even if he offended Gu Changge, Supreme Dao Cave would stand by his side.

"Wang Xiao, you..." Chu Hao's brows furrowed even tighter, and his expression was very tangled.

He was also involved in this matter, and when Wang Xiao had an accident, he would also have a great responsibility. After all, as a Senior Brother, Wang Xiao was still in the public, asking him for help.

If he ignored it. The Hidden Royal Family would blame him, and the Vermillion Bird Ancient Kingdom couldn't bear this anger. But he didn't want to offend Gu Changge either.

"Young Master Changge, this is my responsibility. I hurt this girl."

"The old man is willing to apologize to this girl... This is my sincerity."

While Chu Hao was thinking about it, Elder Xuan had already stepped forward and was the first to speak. No matter what, there must be an explanation for today's matter.

Wang Xiao's accident, as his Guardian, he could not let him get blamed. As the words fell, a surging Great Sacred Realm power appeared on Elder Xuan's arm.

Immediately after two blood mists exploded, his arm collapsed and exploded directly. He chose to cut his arms by himself to show his sincerity in making amends. The expressions of the crowd could not help changing.

An existence at the peak of the Great Sacred Realm that was only half a step away from entering the Quasi-Supreme Realm.

As a result, in front of Gu Changge, he was forced to this step, and he had to cut off his arms to show his sincerity? One must know that no matter which force they were in, the existence of the peak of the Great Sacred Realm was mainstream and indispensable.

"Master..." Ji Qingxuan was also slightly shocked. She thought about making Wang Xiao pay the price, but she never thought that his Guardian would do the same.

After all, the cultivator at the peak of the Great Sacred Realm was no less important in the Hidden Royal Family than Wang Xiao. And Wang Xiao had such a Guardian, it was only because he had a relationship with an amazingly powerful uncle.

"It's not enough." However, what shocked Ji Qingxuan even more was how he behaved in the face of a cultivator at the peak of the Great Sacred Realm.

Gu Changge's expression was still indifferent, but he felt that this was not enough. She underestimated the strength of Gu Changge.

But it was this kind of strength that made her dizzy and couldn't help but want to indulge.

"Young Master Changge..." Elder Xuan's expression changed when he heard the words, and he gritted his teeth again. At this moment, he chose to damage his origin. With the surging energy, there were terrifying fluctuations in his sea of consciousness.

Immediately afterwards, Elder Xuan's body was struck by lightning, his face turned pale, and blood flowed from the corner of his mouth.

The terrifying pressure at the peak of the Great Sacred Realm suddenly dissipated a lot.

This scene made everyone's heart tremble. Their expressions were extremely horrified, and they deeply realized the terrifying power of Gu Changge.

Apart from him, it was estimated that there was no one in the younger generation who could force a cultivator in the peak of the Great Sacred Realm to the point of self-destruction, right?

Seeing Elder Xuan doing this, Gu Changge finally nodded and said nothing. And Elder Xuan also breathed a sigh of relief, not daring to have any resentment against Gu Changge at all.

At this time, if Gu Changge killed him, no one would seek justice for him.

He didn't believe that a young existence like Gu Changge would have no means to suppress him, and the mere cultivation of the peak of the Great Sacred Realm was probably not enough to catch his eye.

Elder Xuan still remembered the rumor that in the Heavenly Extinction Battlefield, Gu Changge used the Supreme weapon to force the inheritor of demonic art, and finally forced him to retreat.

Now that so long had passed, Gu Changge's strength would only become more unfathomable.

"Senior brother, save me, I really don't want to die..." Seeing that his own Guardian had already ignored him at this time, and apologized first.

Wang Xiao's face became even more pale and frightened, he looked at Chu Hao, and regarded him as his last straw.

"This..." Chu Hao was extremely helpless and tangled in his heart. Could he still be able to retreat?

In the end, this would only offend both parties. This made him sigh.

"In this matter, I can only ask Young Master Changge to give me some face and forgive Wang Xiao once. Below is the Supreme Dao Cave's Senior Brother, and also the third prince of the Vermillion Bird Ancient Kingdom."

At that moment, Chu Hao finally stood up in front of Wang Xiao, saying so. He stood up and immediately caused quite a stir in the neighborhood. Many cultivators of the Vermillion Bird Ancient Kingdom recognized him.

The third prince of the Vermillion Bird Ancient Kingdom! There were still many myths left in the Vermillion Bird Ancient Kingdom, which attracted many younger generations to follow suit and worship it.

Many people didn't know that Chu Hao had returned, and they were shocked.

"Brother Chu Hao, you are finally back..." In a nearby pavilion.

A graceful, very gentle woman was watching all of this, she was very surprised, her beautiful eyes revealed a strong sense of surprise and longing.

Oh, Child of Luck finally can't stand it anymore?

And Gu Changge's heart moved slightly, he was waiting for this moment. It was just that his expression was still indifferent, and he asked lightly, "Do you want to protect him and go against me?"

"Young Master Changge misunderstood, I didn't want to go against you. But I'm Wang Xiao's Senior Brother, I really can't sit back and watch at this time..."

Chu Hao said neither arrogantly, looking a little helpless, and also mentioned the matter of being too high in the sky behind him.

Although Gu Changge's background was unmatched, the Supreme Dao Cave behind him was not to be underestimated either.

In the future, Chu Hao was likely to take over the position of the Cave Master of Supreme Dao Cave.

On balance, Chu Hao felt that it was worth saving Wang Xiao, even if he had to go against Gu Changge.

Because of the Ancient Immortal Gu Family behind Gu Changge, it was impossible for the Vermillion Bird Ancient Kingdom to make him angry because of such a trivial matter.

But the Hidden Royal Family was different. After all, the King of Hell was easy to meet, and the Little Devil was difficult to deal with.

Chapter 293-1: Its a person who knows what to do at the right time, Thank you, Master! Master is so nice (1)

"It's useless to talk nonsense, I don't care what kind of force is behind you. I'll ask you again, are you determined to protect this guy today?"

However, Gu Changge did not let Chu Hao finish his words as he interrupted him indifferently. His eyes were full of disdain. In the eyes of everyone, the title of Supreme Dao Cave was not worthy of Gu Changge.

"Young Master Changge... If you forgive people, there is nothing in this world that can't be revealed, and Junior Brother Wang Xiao didn't do it on purpose."

"Junior Brother Wang Xiao can compensate for any loss that happened to this girl."

Chu Hao's brows couldn't help frowning. He had already kept his attitude low, and he still talked like this, but Gu Changge didn't give any face at all. He didn't even care about the Supreme Dao Cave at all.

In fact, Chu Hao had always had his own pride in his heart. As for Gu Changge, he only cared about the forces behind him, after all, he himself achieved the Quasi-Supreme Realm at the age of hundreds.

He had been very low-key before, and no news had been released, otherwise it would definitely shock the world and attract the attention of all major forces. Gu Changge, the so-called strongest of the younger generation, in his opinion, was nothing more than that.

Those former peers, when they were of his age, were only wandering in the Sacred Realm, and he was about to become Supreme. With this arrogance, Chu Hao had some resistance to Gu Changge at the very beginning, and then he slowed down a little because of his attitude towards his father.

But today... Gu Changge's act that didn't give any face, made him really angry.

"Compensation, do you think Gu needs such a thing?" Gu Changge said lightly, "Perhaps in your opinion, your Junior Brother is only eligible for compensation?"

"Sorry, in my eyes, he can't even match a hair of my Qingge's hair... Let alone today, he made Qingge suffer such a serious injury. I think it will be cheap for him even if he shreds his body into thousands of pieces."

Gu Changge's words were an understatement, but there was a storm in the hearts of everyone.

Especially Su Qingge and Ji Qingxuan, although the two of them had changed their identities now, he seemed to be talking to them, making their hearts sway, and they couldn't calm down for a long time.

Many of the arrogant women in the sky were even more trembling, and they were extremely envious. How many women could there be in this world who could make Young Master Changge say this? They had to live in happiness for the rest of their life!

"Senior Brother, save me!" Wang Xiao heard that Gu Changge was going to smash his body into ten thousand pieces, his face was bloodless, and he was trembling with fear.

"Don't worry." Chu Hao nodded. There was no disagreement with Gu Changge's words.

Boom!!

At this time, Gu Changge stopped talking nonsense and directly made a move.

The monstrous aura surged with his palm, turned into a terrifying golden grinding disc that covered the sky as it descended rolling down, runes falling, rules intertwined, and tyrannical to the extreme.

Even Elder Xuan, as a Great Sacred Realm cultivator, had a drastic change in his face, felt terror, and his body felt a little tingling, as if it was about to crack. Even he was like this, and the other geniuses and cultivators were even more so.

In the panic, they all moved to avoid and run away, for fear of being touched by a ray of aftermath. This kind of power was no longer something that ordinary Great Sacred Realm cultivators could contend with, and this was just a random palm of Gu Changge.

All the geniuses of True Immortal Academy felt the deepest, and their eyes widened in disbelief.

"It's terrible, so this is the tip of the iceberg of Young Master Changge's strength?"

"Before, I always felt that his strength was at most in the Sacred Realm, but the divine might displayed today is probably approaching the Great Sacred Realm!"

"It's unbelievable, who would have thought... Young master Changge could hide so deeply, maybe this is just the strength he showed..."

Thinking of this, the awe and reverence of many geniuses became even deeper.

But their feet did not stop at all, riding the divine lights, and quickly left this place, feeling that the battle would cover the entire Vermillion Bird Imperial City and destroy everything.

"Gu Changge!" Chu Hao's expression was also ugly and tight. He didn't expect Gu Changge to act directly without saying anything.

He had no choice but to grab Wang Xiao with one hand and retreat to the back. If he did something to Gu Changge, wouldn't it mean to offend the huge and terrifying background behind him?

This feeling of restraint made Chu Hao extremely aggrieved.

Boom!

But as he retreated, Gu Changge's palm directly covered and fell, causing many buildings and pavilions below to explode. Terrifying cracks appeared across the Imperial Capital, and large tracts of palaces and mansions had turned into ashes.

Many cultivators who had no time to retreat were also screaming, and their bodies and spirits were both destroyed. Such a scene made Chu Hao feel a chill in his heart and gave birth to anger.

After all, this was the place where he was born, and he had very deep feelings for it. Gu Changge did not care, but he did. Especially those cultivators, there were many people who were familiar to him.

Gu Changge let go of Ji Qingxuan, his figure walked in the void, and said lightly, "At this time, are you still planning to protect him?"

"Gu Changge, as a descendant of the Ancient Immortal Gu Family and a candidate disciple of the True Immortal Academy, is this how you bully others, ignoring their lives and death?" Chu Hao was furious in his heart and couldn't help shouting loudly.

"What's wrong with that?"

Gu Changge's words were still lighthearted, "But you, in order to save this so-called Junior, turned against me, as the prince of the Vermillion Bird Ancient Kingdom, you don't care about your own people?"

"Do you think they are not as good as your so-called Junior brother? It seems that your Junior brother has a great effect on you."

The so-called murder without blood, that was, every word hits the heart. Gu Changge's words almost instantly ignited the anger and resentment of many cultivators in the ancient vermilion bird country.

As for blaming Gu Changge, did they dare?

On the contrary, it was Chu Hao. As a prince, who did not protect his own people. Instead, he went to save his Junior brother and offended Gu Changge.

Anyone with a discerning eye could see that this matter must be explained to Gu Changge, but Chu Hao had to go to save Wang Xiao. Wasn't this obviously going to be against Gu Changge?

"Gu Changge, you are really good at tactics. Do you still dare to act like a gentleman?" Chu Hao's voice contained coldness, and he could naturally hear the meaning of Gu Changge's words.

But at this moment, he was suffering, and he couldn't explain it to the cultivators of the Vermillion Bird Ancient Kingdom.

"This Gu never said that he was a good person." Gu Changge smiled, looking very calm, "It seems that today, the Vermillion Bird Ancient Kingdom is determined to fight against me?"

"Ding, the Son of Luck, Chu Hao, has been damaged by the people of the Vermillion Bird Ancient Kingdom, and his Luck point continues to be damaged..."

He did not care when he listened to the alert sound from the system. After all, everything was in his expectations, Chu Hao thought Gu Changge's target was Wang Xiao but did he know that he was just a pawn.

From the beginning to the end, Gu Changge's target was Chu Hao, the Son of Luck.

"Gu Changge, this matter is all my own doing, it has nothing to do with the Vermillion Bird Kingdom, don't involve them in this."

Chu Hao smiled and said in a deep voice, the Vermilion Bird Ancient Kingdom and his father were his weaknesses.

He himself was a person of great affection and righteousness, otherwise, he would not have rushed back from the sect when the Vermilion Bird Ancient Kingdom was suffering from the scourge of the Absolute Heavenly Extinction.

However, Gu Changge was now threatening him with this.

"Didn't you just call yourself the third prince of the Vermillion Bird Kingdom? Now it's none of your business?"

Gu Changge smiled lightly, and then his face was cold, "Someone, go get the Vermilion Bird Kingdom's King for me!"

"Yes, master!"

Hearing these words, the group of followers behind him, one after another, received the order and were about to turn into divine lights and rush in the direction of the Imperial Palace.

"Gu Changge, stop!" Hearing that Chu Hao's face suddenly changed, he couldn't help but shout.

Chapter 293-2: Its a person who knows what to do at the right time, Thank you, Master! Master is so nice (2)

He never expected that Gu Changge's previous gentle expression would be gone and that the claws and teeth revealed would be so terrifying that his heart palpitated and chilled.

Boom!

At this moment, he no longer covered up, and there was a terrifying Quasi-Supreme pressure erupting from his body, instantly sweeping through the entire Vermilion Bird Imperial Capital.

This moment no matter which cultivator, all experienced this feeling, from the soul palpitations and trembling, could not help but want to crouch down towards that place.

A Supreme being's anger could easily turn the heavens and the earth upside down, covering the moon with his hand and shattering the stars with a snap of his fingers, all with ease.

The strength of the Quasi-Supreme was difficult to describe in words. If Chu Hao wanted to, he only needed one finger to annihilate the Vermilion Bird Imperial City in front of him.

"Quasi-Supreme Realm....."

"Oh my, the third prince is in the Quasi-Supreme Realm, it's unbelievable, back then when he left the Imperial City, he was only at the Heavenly God realm, right, and in just a few hundred years, he reached the Quasi-Supreme Realm!"

"Hiss! This is unbelievable!"

"The third prince is really a monster, with such strength, it is difficult to describe him as a genius, a few hundred years old Quasi-Supreme, it's too amazing....."

"Before this, no one had ever heard of anyone achieving the realm of Quasi-Supreme Realm at such an age....."

At this moment, no matter who it was, they were incomparably shocked, their eyes widened, and they could hardly believe it all. Su Qingge, Ji Qingxuan, and the woman in the pavilion who was so graceful and elegant were also incomparably shocked.

"Brother Chu Hao is still so outstanding and radiant that no one can compare with him." The woman with a beautiful posture had adoration in her gaze.

"Senior Brother is actually a Quasi-Supreme... That's great... I'm saved." Wang Xiao also couldn't help but be surprised and feel hope.

Before this, he had never even thought that the Senior brother was actually a Quasi-Supreme Realm existence, and if something happens, Supreme Dao Cave would definitely protect his Senior brother to death.

Then he naturally would not have a problem with his life. However, the moment Chu Hao revealed his Quasi-Supreme cultivation.

Behind Gu Changge, there was a majestic aura rising, as if a sun shining in the sky of the ages, bright and eye-catching, but heavy like a mountain river.

Divine mountains, rivers and seas, the sun, moon and stars, the heavens and the earth were turning... Many such divine scenes emerged. The vividness seemed to be reflected in the ancient time and space, with a kind of natural Dao rhythm, as well as the terrifying supreme pressure!

It was a Great Seal transformed into mountains and seas, majestic and heavy, surging and vast! The moment it appeared, the vault of heaven was obscured, as if it could hardly withstand such power and was about to explode.

"Supreme weapon!"

Everyone's expression, once again, changed violently, appalled to the extreme.

The fact that Chu Hao revealed his Quasi-Supreme Realm cultivation was already frightening and shocking enough, but in the next moment Gu Changge directly used a Supreme weapon, directly causing everyone's scalp to tingle and their souls to freeze.

What kind of wealth was it? Such a young existence had a Supreme weapon! This was simply an unimaginable thing.

But as it happened, and Gu Changge was able to activate it, after all, it was not just a decoration.

"Are you sure you want to fight with me?" Gu Changge's expression still permeated with a breeze of muddled carelessness.

"You..." Chu Hao's face changed dramatically, incomparable anger appeared in his heart, which was finally suppressed to death.

He truly did not expect that Gu Changge was already prepared for this and directly used a Supreme weapon. If he really fought with Gu Changge, then there was no doubt that the entire Vermilion Bird Imperial Capital would be destroyed and turned into dust and ruins.

Not to mention a small Imperial Capital, even the entire territory of the Vermilion Bird Ancient Kingdom, could not withstand the fight of a Supreme being, the aftermath of which could easily exceed ten million miles of territory, which could be said to destroy the sky and earth.

He thought that after he showed his Quasi-Supreme Realm cultivation, he could deter Gu Changge and thus make him stop, but he really didn't expect that Gu Changge would have so many tricks up his sleeve.

"Senior Brother, save me! If something happens to me, the clan is sure not to let go of the Vermilion Bird Ancient Kingdom, you know my uncle, he..."

Seeing Chu Hao's silent and repressed look. Wang Xiao also reacted, his heart thud with incomparable uneasiness, just now the sense of panic again swept through his whole body.

He could not help but shout, very afraid of death, and he did not want to die here.

"Hao'er, what's going on here..."

It was also at this time. High in the sky, the Vermilion Bird King, whose face was white, somewhat shocked, uncomprehending and puzzled, was brought over by a group of Gu Changge's followers.

As soon as the Vermilion Bird King saw the situation, his heart also panicked and he was very uneasy and frightened. He still didn't know what was happening.

But now, even the Supreme weapon was about to be used, this was going to destroy the Vermilion Bird Ancient Kingdom, right?

"Father..." Chu Hao gritted his teeth and forced himself to calm down at this time.

But seeing Gu Changge's lofty, casual look as if he was overlooking, he was incomparably suffocated and resentful. When had he, who was proud of his bones, ever been so stifled and humiliated?

But the King of Vermilion Bird Kingdom was in the hands of Gu Changge, what else could he do but compromise?

"Young Lord Changge, this is..." The Vermilion Bird King looked at Gu Changge with incomparable trepidation and anxiety and carefully inquired.

"I just invited the King of Vermilion Bird Kingdom to come and see the fun, it's not a big deal, no need to worry too much."

Gu Changge smiled faintly, and then swept over the group of followers, with an indifferent voice, "I told you to invite the Vermillion Bird King, who told you to disrespect him?"

"We know that we are wrong."

"I also hope the master will forgive us!"

A group of followers heard the words and knelt down, hastily cooperating.

Gu Changge nodded, his expression slightly eased, "I think the King of the Vermilion Bird Ancient Kingdom doesn't care about such trivial matters, so you guys just get up."

"Yes, thanks a lot master." Watching this scene, the many cultivators nearby, could not help but feel the chill going to their guts.

Even the Vermilion Bird King looked like he could be crushed to death at any time in front of Gu Changge. They, the ordinary cultivators, were not even as good as a mole.

"Hao'er..." The Vermillion Bird Ancient Kingdom's King also roughly guessed what had happened at this time, and sighed in his heart.

"Father, it's alright." Chu Hao shook his head, and his tightly clenched fist, couldn't help but loosen it, choosing to give in. And then, the terrifying Quasi-Supreme Realm mighty pressure dispersed.

Such an act already showed Chu Hao's choice.

"Senior Brother, you can't give up on me..." Seeing this scene, Wang Xiao could not help but despair.

"The third prince is a man who knows how to act in time." Gu Changge smiled faintly and did not say much.

And then the Great Seal behind the floating mountains and seas dropped a ray of supreme rules with a gentle tremor, and the terrified Wang Xiao directly exploded without even the slightest resistance and his body and soul were both destroyed.

"Wang Xiao is dead..." Standing behind Gu Changge, Ji Qingxuan, who was covered in blood, looked at this scene, and her heart was unusually complicated.

There was elation, relief, and pleasure... In short, it was difficult to describe her feelings in words. The people she once needed to be wary of and didn't dare to easily provoke were like ants in front of Gu Changge, who could be easily crushed to death.

This huge difference still made her a bit unable to adapt for a moment. After all, before this, she was still reminding her sister Su Qingge to watch out for Wang Xiao.

However, she didn't expect that Wang Xiao's body and spirit were now both destroyed. Ji Qingxuan's initial intention was to teach Wang Xiao a good lesson by virtue of Gu Changge's might, not thinking at all that she would let him die here.

"So this is the life of my sister..."

Suddenly, she gave birth to a thought that she shouldn't have, if it had been like this and her identity didn't change back, how good would it have been?

"Master..." Su Qingge in the distance also felt incomparably complicated to watch all this, and her heart had mixed feelings.

"This gas is also out, this should be comfortable now, right?"

Subsequently, Gu Changge also did not pay attention to Chu Hao, Vermilion Bird Kingdom King, and others and walked toward Ji Qingxuan and casually asked. His heart was ringing with the many prompts from the system at this time.

Regarding the Luck points and Destiny value obtained from fighting the Son of Luck, it was not a small harvest. The matter of Chu Hao, he was not in a hurry, leeks were made to be cut slowly in order to get the maximum benefit.

"Well, thank you, Master. Master is so kind." Ji Qingxuan's smile was happy and sweet, and her words were almost from the bottom of her heart.

She thought Gu Changge would pick her up like he did just now, and had a little expectation in her heart. However, she did not expect Gu Changge to walk past her after saying this sentence and did not say anything more.

Ji Qingxuan thought for a moment that Gu Changge had found something unusual and panicked in her heart. But remembering what her sister had explained, she knew that Gu Changge's character was like that.

He would not do things that did not make sense. In other words, his action just now, in fact, was not because of her.

This more or less let Ji Qingxuan breathe a sigh of relief, she found that Gu Changge was really hard to figure out, and it was not clear whether he actually found out or not.

Subsequently, Ji Qingxuan also ignored her injury and hurried toward Gu Changge to chase. From the beginning to the end, she did not look again at her sister Su Qingge, afraid that Gu Changge would notice the abnormality.

"Qingxuan is afraid that she will be trapped, and then do not know what to do to be good..." Su Qingge's heart slightly sighed, but she still remembered her present-day identity.

"Senior Brother, what should we do about things? We have offended Gu Changge, and now even Senior Brother Wang Xiao..." She then couldn't help but ask, looking a bit worried.

Chu Hao sniffed and squeezed out some smile, waved his hand, and said, "No harm, I will report this matter to the Sect first."

And then, he looked at Elder Xuan, whose face was tinged with sorrow, and said, "As for the matter of Senior Brother Wang Xiao, I hope Elder Xuan will also inform the Wang family. I have done my best in this matter, but Gu Changge is so strong... I can't do anything about it."

"I have seen this matter with my own eyes and know that I can't blame Elder Xuan. When the time comes and the Wang family implodes, I will inform them of the original reason... You don't need to worry."

At his words, Elder Xuan nodded his head and breathed a sigh of relief in his heart, then said, "Don't worry, Mr. Chu, leave this matter to the old man. The Wang family has its own justice in place and knows how it will be handled, and will not make things difficult for Lord Chu."

The two said so, and both breathed a sigh of relief in unison, each with their own concerns. Wang Xiao died in the Vermilion Bird Ancient Kingdom, and they did not know what the Wang family's reaction would be, after all, the person who killed him was Gu Changge.

"By the way, Senior sister Qingxuan, what exactly is your relationship with that woman? Do you know her?" At this time, Chu Hao suddenly reacted to why Ji Qingxuan would be so similar to that woman in white, simply the same as a mold carved out.

Hearing that, Su Qingge also looked a bit puzzled and wondered.

"I don't know what's going on. It felt a little strange before, that's why I left the palace and came outside to take a look."

Chu Hao pondered for a moment, "Could it be that you have a sister, but your mother has not told you?"

He had vaguely heard something about Ji Qingxuan's life and knew that her mother had gone to the Lower Realm because she had escaped from marriage and was subsequently captured and returned. That was why he asked this.

"Then when there is time, I will go back and ask my mother about it." Su Qingge nodded her head.

Only then did Chu Hao give up.

Chapter 294-1: The growing leek, the childhood sweetheart of the Son of Luck (1)

With Gu Changge's departure, the place also resumed the previous clamor. Many cultivators and geniuses discussed vigorously, their expressions were extremely shocking, and they couldn't return to their senses for a long time.

What they saw today shocked many people. Whether it was the emergence of the Supreme weapon that Gu Changge used at that time, or Chu Hao, the third prince of the Vermillion Bird Ancient Kingdom who had achieved the Quasi-Supreme Realm, it was enough to cause a major earthquake.

The Great Sacred Realm was already very rare. Not to mention that there was still someone at the peak of the Great Sacred Realm who was forced by Gu Changge so much that he broke his arms and damaged his origin.

And what happened here was quickly spread by the discussions of various cultivators, causing a huge sensation. The Hidden Royal Family said that it was not big, but only a few people dared to underestimate it.

As the direct disciple of the Hidden Royal Family, Wang Xiao offended Gu Changge. In the end, it would end like this, which was actually what many people expected.

After all, it was Wang Xiao who hurt Gu Changge's maid from the very beginning. If he didn't give an explanation, it would be equivalent to hitting Gu Changge in the face. If this kind of thing was not resolved well, it might even lead to conflict between the two forces.

Although the Hidden Royal Family had a long and powerful heritage, in front of the Ancient Immortal Gu Family, it was far from enough. In the eyes of many people, Gu Changge's methods were a bit fussy and strong.

After all, no matter who offended Gu Changge before, there was no such thing as a good end. Gu Changge's strength was not a strange thing from the beginning. He had bullied and humiliated geniuses along the way.

Even the Candidate disciples like Jin Chan and Zi Yang Heavenly King were also shriveled in his hands and suffered shame and were extremely embarrassed. A small Wang Xiao, who was killed casually, was just a small pebble thrown into the sea, without even a single ripple.

However, the other most noticeable thing was the terrifying power revealed by Chu Hao, the third prince of the Vermillion Bird Ancient Kingdom.

Quasi-Supreme Realm!

Before this, almost no one had heard of the existence of such a genius.

If anything, only some cultivators from the Vermillion Bird Ancient Kingdom knew about some of the deeds of the third prince in the early years.

He was too low-key, and there were not many rumors about him before. It stood to reason that such a dazzling arrogance could not have been unknown before.

After that, a lot of things about Chu Hao were picked up by many cultivators. From birth to the subsequent display of terrifying talent, all kinds of deeds were shocking and set off stormy waves.

For example, on the day of birth, the vision was shocking, and the cranes presented a gift. When he was one year old, he cultivated a dragon in the cold pool behind the palace and obtained a millions of years old cold elixir from an Ice dragon.

When he was three years old, he entered an Immortal Cave by mistake and obtained the Cloud Breaking Immortal Boat and the Colorful Dao Sword. At the age of seven, he learned mystical scriptures in a dream...

No one would know if they didn't check, many cultivators were shocked when they checked, almost envious and jealous. Compared with them, Chu Hao was like the bell of the Dao, with deep blessings, like the Son of God.

This kind of blessing had made people speechless. No wonder a small Vermillion Bird Ancient Kingdom could not cultivate such a genius. For a time, Chu Hao was like an extremely dazzling dark horse, breaking into everyone's sight.

A Quasi-Supreme Realm cultivator that was only a few hundred years old.

According to what the cultivator witnessed at the time, Chu Hao's cultivation level had even approached the peak of the Ninth Heaven Quasi-Supreme Realm, and he was only one step away from the Supreme Realm.

Once the news came out, it caused a sensation among all parties. Many ancient forces such as Immortal Great Sect, Supreme Dao Lineages, etc. had all paid attention to it, knowing the existence of such a person with great luck.

Behind Chu Hao, the mysterious and low-key Supreme Dao Cave also appeared in front of everyone at this time. Knowing that this force was only low-profile, its real background was not much weaker than some Immortal Great Sects and Supreme Dao Sects.

There were many heritages who had moved their thoughts of solicitation. A hundred-year-old Quasi-Supreme, this kind of talent, even the many Candidate Disciples of the True Immortal Academy today, were not said to be able to achieve.

After all, the more powerful one was the more it was to practice in the end, the Quasi-Supreme Realm was extremely difficult, and it was often preceded by millions of years in seclusion.

So how terrifying was that for a near-several hundred years old Quasi-Supreme Realm cultivator?

However, although Chu Hao was dazzling, another thing made the Dao forces who wanted to recruit Chu Hao hesitate. According to what was said at the time.

The Vermillion Bird Ancient Kingdom had offended Gu Changge. And Chu Hao personally caused all of this.

This made many Dao forces start to consider whether to recruit Chu Hao who offended Gu Changge and whether it was worth it.

.....

"Speaking of which, after hitting Chu Hao this time, his Luck points should have dropped a lot, but why has it increased a lot?"

After returning to the palace, Gu Changge noticed the change in Chu Hao's Luck and was a little surprised for a while.

In front of the public, he suppressed Chu Hao once, which led to a change in heart of the people of the Vermillion Bird Ancient Kingdom, and Chu Hao's Luck points also decreased a lot.

But it didn't take long for him to discover that Chu Hao's Luck points were starting to rise steadily.

"This Child of Luck is not a waste of wood, it seems to give me a lot of surprises." Gu Changge was not annoyed, but rather surprised.

In his opinion, this was a leek that was thriving and growing very well.

"According to the routine, there should be other forces involved at this time, but apart from the forces behind Chu Hao, what else is there... That should be the heroine belonging to Chu Hao?"

Soon, Gu Changge's eyes flashed slightly, and he guessed the possibility. Although Chu Hao's Reincarnation Luck Template was rare, it was not that he had never seen it before.

To sum up, it was four words, Luck was against the Sky.

Although Chu Hao's background sounded good, he was the third prince of the Vermillion Bird Ancient Kingdom, but in a place like the Upper Realm, he was just like walking out of a remote place in the countryside, and there was not much difference.

That was why there were many geniuses who looked down on the Vermillion Bird Ancient Kingdom and felt that it was too desolate.

"In that case, the heroine who belongs to Chu Hao should have a good background, right? Will she bring him such a fortune?" Thinking of this, Gu Changge smiled a little playfully.

Afterward, he instructed his many followers to pay close attention to the situation in the Vermillion Bird Imperial Capital, and at the same time investigate the woman who had a close relationship with Chu Hao back then.

Although it seemed that Vermillion Bird King was still in charge of the whole country, in fact, he had already been overridden by Gu Changge. Including the Imperial Palace, they were all under the surveillance of Gu Changge.

Of course, in order to prevent Chu Hao from discovering, Gu Changge did not send anyone to monitor him. It was not realistic to monitor a Quasi-Supreme.

"Master..." At this time, Ji Qingxuan, whose injuries were almost healed, walked in.

The injury suffered at that time naturally healed quickly, after taking some medicinal herbs and divine pills.

At this moment, she was a little nervous and uneasy in her heart. Although she tried her best to keep calm and natural, this was not the situation outside, and she still had no idea in her heart.

Facing Gu Changge alone, especially when there was a ghost in her heart, she could feel the terrifying power even more.

Even when she met her ancestor at Ji's house, she didn't feel such a strong feeling of nervousness, anxiety, and fear.

"How's the injury?" Gu Changge raised his head, glanced at her, and asked casually.

"It's almost healed, thank you for your concern, sir." Hearing this, Ji Qingxuan hurriedly said, but she felt a little nervous about what she said.

Chapter 294-2: The growing leek, the childhood sweetheart of the Son of Luck (2)

However, Gu Changge didn't seem to notice her nervousness, and perhaps even noticed and didn't care.

He reached out and took her into his arms, and asked casually, "Do you have any idea about that woman who looks just like you?"

Ji Qingxuan felt that she especially liked the feeling of peace of mind snuggling in Gu Changge's arms. She didn't have to be afraid of anything, and she didn't have to worry about anything.

Was there anything in this world that was happier than snuggling in the arms of her Master? At this moment, she had completely substituted herself into the role of her sister Su Qingge.

Hearing this, she deliberately raised her pretty face and explained,

"Master, I think she may be my little sister. When my mother was brought back to the Upper Realm, she may have been pregnant..."

Gu Changge snorted, not looking very concerned, "Then don't you plan to meet her?"

"If there is a chance, I'll go meet her, but her Senior brother offended the Master if the master doesn't mind..."

Ji Qingxuan replied that she had already thought about these words before, and her answer was even more seamless.

"Why would I care." Gu Changge smiled.

"Young Master, you are so kind." Ji Qingxuan smiled super sweetly.

"Oh? What am I?" Gu Changge asked casually.

"Master..." Ji Qingxuan was about to answer, but was blocked by Gu Changge, and made a humming sound.

In the next moment, her beautiful eyes suddenly widened, a little caught off guard. Didn't the Senior sister say that her Master had never wanted her body for so long?

How come he suddenly...

But at this time, Ji Qingxuan couldn't think about it anymore, and her mind went blank.

Was I ahead of my sister?

.....

And when the outside world was making an uproar because of this incident, the Vermillion Bird Ancient Kingdom was equally uneasy.

"Hao'er, you are confused..." Deep in the Royal Palace of the Vermillion Bird Ancient Kingdom.

Vermillion Bird King, who had heard all the events, was looking helpless and sighing, and his face was full of sadness. He didn't know what happened before, thinking that it was Gu Changge and Chu Hao who had a conflict.

But after knowing that it was Chu Hao who wanted to save someone who offended Gu Changge. Although that person was Chu Hao's Junior brother and the direct disciple of the Hidden Royal Family, he still felt that it was not worth it.

Since he offended Gu Changge, even if Gu Changge wouldn't say much on the surface. But the hatred had already been formed, and it was almost impossible to solve it. It was not worth it at all.

"It turns out that Gu Changge called me over at that time, and it seems that it was just to force you to submit. If you didn't do what he said, Hao'er, I might have been killed by Gu Changge by now. Fortunately, I thought he was really gentle and elegant at the time, but I didn't expect it to be just a layer of skin on the surface."

Vermillion Bird King sighed, and there was still a little fear in his words. As the King of the Vermillion Bird Ancient Kingdom, he ruled countless people, but in front of Gu Changge, he was still just a small person who could be killed easily.

This made him bitter and helpless, but he didn't dare to have resentment. Chu Hao's expression was not very good-looking, his fists were clenched, and he was proud, but he still clearly remembered the humiliation at that time.

"Father, I saved Wang Xiao for the sake of the Vermillion Bird Ancient Kingdom. You don't know how difficult it is for the Hidden Royal Family. If I didn't show up at that time, the Hidden Royal Family would only put the blame on the Vermillion Bird Ancient Kingdom. "

"After all, the Hidden Royal Family would not dare to provoke the Ancient Immortal Gu Family at all. Even if they knew that Gu Changge had killed Wang Xiao, they would not dare to say a word... Even if I offend Gu Changge, with the background of the Ancient Immortal Gu Family, it is estimated that they will not embarrass a small Vermillion Bird Ancient Kingdom."

Chu Hao explained.

"Having said that, Hao'er, do you know about the forces that want to please Gu Changge and the Ancient Immortal Gu Family? Alas... your behavior today is really confusing."

Vermillion Bird King sighed with a face full of sorrow, and he naturally knew what Chu Hao meant. But what Chu Hao thought was too simple, the Ancient Immortal Gu Family would feel disdain to deal with a small Vermillion Bird Ancient Kingdom.

But what would those forces who wanted to please the Ancient Immortal Gu Family and Gu Changege do?

"This..." Hearing this, Chu Hao quickly figured it out, and his face turned pale.

He underestimated the power of the Ancient Immortal Gu Family, even if he did nothing. There were still countless forces of Dao Lineages who would attack the Vermillion Bird Ancient Kingdom, in order to please the Ancient Immortal Gu Family.

"Father, I didn't think about it that much at the time." Chu Hao said with some guilt, "I brought this calamity for the Vermillion Bird Ancient Kingdom. Gu Changege's attitude at that time was really arrogant and strong, and I was so angry that I was impulsive..."

"Well, that's it, let's not talk about that. Hao'er, you are in the Quasi-Supreme Realm now. Even if the rest of the powers want to deal with my Vermillion Bird Ancient Kingdom, they have to look at your face. Royal father believes that the Supreme Dao Cave behind you will not stand idly by."

Afterward, Vermillion Bird King smiled and said, looking a little relieved, and naturally knew that Chu Hao had broken through to the Quasi-Supreme Realm.

One must know that even the Ancestors of the Vermillion Bird Ancient Kingdom were only at the level of the Great Sacred Realm. Chu Hao achieved such an achievement in just a few hundred years, and it also brought light to his father's face.

As expected of his son! Chu Hao also smiled, nodded, and said, "Father, don't worry, with me, no one can bully Ancient Vermillion Bird Country."

At this time, a guard suddenly came to report, "My lord, Miss Wan is outside the palace and asks to see you."

"Miss Wan?" Vermillion Bird King was stunned for a moment, then reacted, looked at Chu Hao, and said with a smile, "You came back just in time, and Miss Wan happened to be in the Imperial Capital at this time."

"You two can have a good talk."

"Wan'er..." Chu Hao's expression was a little dazed, and a young girl's face appeared in his mind. She used to be his childhood sweetheart, how long had it been since he had seen her?

I wonder how she is doing now?

Soon, he showed a sincere smile, and said with some surprise, "So she is in the Vermillion Bird Imperial Capital."

Then he quickly walked out of the palace.

Outside the palace.

A graceful woman was standing here, wearing a plain long gauze dress and no makeup, but her skin was white and delicate, very charming, gentle, and elegant.

Her name was Tang Wan. With a decent smile on her face, Tang Wan was waiting here quietly. She didn't bring the rest of her entourage, but she showed a good family demeanor.

Even if a stranger was here, he would have a good impression of her.

"Today's event should be a big blow to Brother Hao, but I believe he will be fine."

Tang Wan whispered to herself in her heart and witnessed everything that happened today. Including that after Chu Hao showed his Quasi-Supreme Realm cultivation base, he was forced by Gu Changge by a Supreme weapon and finally chose to surrender.

In her opinion, if it wasn't for Gu Changge's persecution by the people of the Vermillion Bird Ancient Kingdom, Chu Hao would not have given in so easily. It was not that Chu Hao's strength was not strong enough, but that he was bound by the Vermillion Bird Ancient Kingdom, and he had a weakness in his heart.

If it was another place, it would not be so easy for Gu Changge to persecute Chu Hao.

"In just a few hundred years, Brother Chu Hao has reached the Quasi-Supreme Realm. His dazzling brilliance was only seen by me at the beginning."

Tang Wan thought about it but saw a handsome and tall man walking out of the palace, it was Chu Hao.

"Wan'er..." Chu Hao said in surprise, unable to hide the joy in his words.

"Brother Hao, long time no see..." Tang Wan smiled, her bright eyes filled with thoughts.

Afterward, the two of them reminisced for a while and asked a lot about what happened to each other during this period of time. Chu Hao concealed some of his own secrets, but he told many things calmly, including many adventures, etc. Tang Wan was full of fascination, admiration, and admiration.

"Brother Hao is so dazzling no matter where he is." Tang Wan smiled.

"What's the use of dazzling, no matter how strong my cultivation base is, I have to be forced by others. It seems that after this matter is resolved, I have to continue to cultivate in seclusion, and after I break through the Supreme Realm, no one will be able to easily bully the Vermillion Bird Ancient Kingdom, bullying my father and Emperor."

Chu Hao sighed, but in front of Tang Wan, he did not hide his current difficulties.

"I believe you. What about me? Brother Hao?" Tang Wan blinked, looking a little naughty.

"Of course, no one will bully you either." Chu Hao smiled domineeringly, having a different emotion toward his childhood sweetheart.

Although he was cultivating the Dao, he was not someone without love. Moreover, he also saw that Tang Wan seemed to have been waiting for him.

"However, Wan'er, with your background, I don't think there are many people who can bully you. You've worked so hard to hide from me in those years."

Speaking of this, Chu Hao smiled helplessly, remembering some things from that year.

When he was young at that time, he thought that Tang Wan was just a simple businessman's daughter, so he regarded her as a close friend and talked about almost everything.

But later, it turned out that behind her was the huge Wan Dao Business Alliance, which had been hiding her true identity in front of him. The Wan Dao Business Alliance was one of the most famous business alliances in the Upper Realm, with hands and eyes reaching the sky.

Although her grandfather was only the leader of a branch of the Wan Dao Business Alliance, the power he held was by no means comparable to that of the Vermillion Bird Ancient Kingdom.

Although he was the third prince of the Vermillion Bird Ancient Kingdom, he had no chance to get close to her.

"If it wasn't like this back then, how would I know that Brother Hao is different from those geniuses?" Tang Wan still smiled when she heard these words.

Then he said a little mischievously, "Now Brother Hao is a Quasi-Supreme Realm cultivator. Even in the business alliance, he is a super expert enough to attract high-level attention. My grandfather can't say anything more..."

"Your grandfather said this for your own good, Wan'er, don't be angry with him." Chu Hao quickly waved his hand.

"I know, Brother Hao, why do you care so much about other people's feelings? If you change your personality, you won't be oppressed by Gu Changge like this." Tang Wan sighed slightly and smiled helplessly.

She didn't feel anything for Gu Changge from the beginning. She knew that this kind of character, no matter how gentle and approachable it appeared, but his inherent superiority and overlooking would not be erased.

So this time, Gu Changge could easily threaten Chu Hao with the lives of the people of the Vermillion Bird Ancient Kingdom and the King. Because in Gu Changge's eyes, these people were ants that could be pinched to death anytime.

"Gu Changge is not simple... It's really too difficult to deal with him." Chu Hao also had a headache and couldn't help clenching his fists.

"I have a solution. Brother Hao, why don't you go find those geniuses who offended Gu Changge. I've heard that Zi Yang Heavenly King of True Immortal Academy seems to be in conflict with Gu Changge..."

At this time, Tang Wan took out a jade slip from her sleeve and handed it to Chu Hao, saying that it contained some of the things she had investigated for Chu Hao.

"Thank you Wan'er." Chu Hao took it, his spiritual sense swept away, and he was immediately moved.

Unexpectedly, Tang Wan would have prepared this thing for him before she came, and even thought of a countermeasure for him.

"As long as I am useful to Brother Hao." Tang Wan smiled.

Afterward, the two of them chatted for a while, and then Tang Wan said goodbye and left. Although Chu Hao was reluctant, he knew that now was not the time to think about it.

The Vermillion Bird Ancient Kingdom's domestic and foreign aggression had reached the critical moment of survival. But Tang Wan was afraid of being noticed by Gu Changge, so she directly used the space magic tool, and a wave of fluctuations came and she disappeared from her eyes.

It was the same as when she came here, very vigilant and careful.

Chapter 295-1: Its hard not to have any jealousy, Yin Meis so-called means (1)

Half a month had passed since the start of the True Immortal Academy's trial. During this period of time, Gu Changge had been living deep and shallow, even his many followers seldom saw his figure.

Some people said that Gu Changge had gone to the place where the Absolute Heavenly Extinction had erupted to kill the Heavenly Extinction beings. But some said that Gu Changge was actually in seclusion, practicing a powerful divine ability.

There were different stories and opinions. But no one dared to visit him to verify the truth, even the King of Vermilion Bird Ancient Kingdom, was now silent and in awe.

At this moment, in the Vermilion Bird Imperial Capital, in a splendid pavilion. Su Qingge and Ji Qingxuan were sitting facing each other.

"Sister, do you want to leave now?" Ji Qingxuan's eyes revealed astonishment.

She didn't expect that after coming here, the first thing Su Qingge said was to inform her that she was leaving. Did that mean that the matter of the two exchanging identities would continue for a long time?

"Well, anyway, nowadays the Hidden Royal family won't be looking for trouble with you, so I just happen to pretend to be you and go to the Ji family to see my mother. I haven't seen her for many years, it's just the right time to take advantage of this opportunity."

Su Qingge nodded and said with a complicated expression, "During this period of time, did Master really not suspect you?"

"No." Ji Qingxuan shook her head, and then her face couldn't help but show a happy smile, "Master has been very good to me, but I haven't seen him for many days, he seems to have left the Vermillion Bird Imperial Capital and headed to the place where the Absolute Heavenly Extinction erupted."

"Is that so?" Su Qingge nodded, and couldn't tell what emotion she was feeling at this moment.

Why would she be jealous of her own sister? Obviously she was now pretending to be her.

"By the way... Sister, I have something that I want to tell you." At this time, Ji Qingxuan's cold and calm face suddenly became somewhat stammering.

It also looked a bit shy and embarrassed.

"What is it?" Su Qingge said somewhat suspiciously, and for some reason, a bad feeling suddenly arose in her heart.

"It's... It was that day... I was..." Ji Qingxuan glanced at her sister with some uneasiness, she did not intentionally intend to show off this kind of thing.

Rather, she felt that if she changed back later, there was a possibility that Gu Changge would notice something. That was why she informed Su Qingge.

"What?" Su Qingge was stunned, her head buzzed as if it was struck by lightning.

In response, her face could not help but turn a little white, and the bad feeling in her heart grew stronger and stronger. Before, Gu Changge had never asked for her body.

But why, after changing identities with Ji Qingxuan, Gu Changge is so?

"Could it be that Master actually already knows..." Su Qingge was smart enough to make the connection to this aspect almost instantly, only she still carried the last hint of fantasy and thought that it was likely a coincidence.

"Sister, I'm sorry..." Ji Qingxuan apologized.

"It's not your fault." After a long silence, Su Qingge waved her hand and forced herself to calm down, but she was jealous.

Suddenly, she thought of a possibility, if she let her sister take her place and stay by Gu Changge's side. After all, Gu Changge was the young leader of the righteous path, while she was the inheritor of demonic art, and they were destined to end up on the opposite side of him.

She could take advantage of the fact that Gu Changge did not know her true identity yet otherwise she really did not know how she would face all of this in the future.

"Qingxuan, subsequently I may not come back for a long time..." Su Qingge calmed down and said, "If in the meantime, Master realizes all this, you can tell him that Qingge is guilty of his trust..."

With these words, her figure flashed and she had already left the place.

"Sister..." Ji Qingxuan was a little confused for a moment, thinking that at the end, her sister seemed to have fallen into tears. What exactly was she hiding? Did she really have such bitterness and hatred?

.....

At the same time. In the Holy Spirit Ancient City.

As a place where all the major ancient kingdoms converged, there were all sorts of spiritual cultivators here.

Not only could you meet young people who were new to cultivation, but you could also see ascetic cultivators who had been sitting still for hundreds of thousands of years.

The city was incomparably prosperous and could accommodate nearly ten million people. Inside the city, a glorious, incomparably magnificent hall.

A foxy, natural white woman was standing here, directing the group of maids in front of her to go through something.

The white-clothed woman's face could be described as heavenly, one could not find a single flaw, and her eyes were glittering as if they could charm anyone.

At this moment, she was holding her nine fluffy snow-white, shiny foxtails, her eyebrows slightly frowned, "You guys move faster, even investigating needs so much time?"

"Miss, please wait a moment." Several maids heard, and hurriedly said, "Most of the information about Chu Hao, seems to have been deliberately hidden, it can not be found..."

"Can't find out?" The white-clothed woman frowned and was somewhat unconvinced. "There are still things in this world that I can't find out about from the Wan Dao Business Alliance?"

She could also find traces of the Gu family's scandal, how could it be that she could not find out about a small third prince of Vermilion Bird Ancient Kingdom?

"It's just that there's no need to investigate further, Yin Mei. I've already guessed who is helping Chu Hao." At that moment, the voice of a young man came from behind the curtain of the hall.

"Master already knows?" Yin Mei was slightly stunned but didn't ask more questions, then waved her hand for her group of maids to go down.

"I know, it should be someone from the Wan Dao Business Alliance." Gu Changge sat there and was quietly drinking fragrant tea, blowing the mist to his mouth and raising his cup to drink it all.

"It's still the tea you brewed that tastes good." He sighed in praise, in a good mood.

When he couldn't investigate anything in the Vermilion Bird Ancient Kingdom, he knew that the person who helped Chu Hao behind the scenes this time wouldn't be too simple and was smart enough to hide all traces well.

That was why he rushed to the Holy Spirit Ancient City, because there was a branch of the Wan Dao Merchant Alliance here, and he could contact Yin Mei to come over.

"Since Master loves to drink it, then I will brew it for him every day." Yin Mei walked over and smiled as she sniffed and said.

She did not choose to go to the True Immortal Academy to cultivate, knowing that it would be difficult to help Gu Changge even if her cultivation level increased.

The biggest power behind the Wan Dao Business Alliance was the Nine-Tailed Heavenly Fox clan, as the Ancient Royal Family, their bottom line naturally needed no further explanation.

In the past few years, although there were many forces that joined the Dao sects, the biggest power was still in their hands.

"How much do you know about this Tang Wan?" Gu Changge smiled faintly, and casually picked up the jade slip in front of him, which contained many of the objects he had previously suspected, now before him after layers of elimination and screening.

He had already identified the candidate, the person who helped him behind Chu Hao, was this Tang Wan. If he wanted to find out, in fact, it was not difficult.

First, he only had to know which people were similar in age to Chu Hao, and once spent time in the Vermilion Bird Ancient Kingdom. These were familiar routines, as long as Gu Changge casually checked it, he could quickly identify the candidate.

Tang Wan was smart and knew how to avoid suspicion and deliberately hid her tracks, but as long as she had been to the Vermilion Bird Ancient Kingdom, the traces could not be erased.

Moreover, Tang Wan did not know that Yin Mei was his person.

"Tang Wan, seems to be quite a sleight of hand, hundreds of years ago, she began to work in the business alliance. The Tang family has quite a lot of weight in the Wan Dao Business Alliance, and her grandfather is the head of a branch alliance with many experts under him..."

Yin Mei explained the many things about Tang Wan in her mind and informed Gu Changge one by one.

"The head of a branch alliance, that seems to have quite a lot of power." Gu Changge casually smiled.

As one of the largest business alliances in the Upper Realm, almost all over the Upper Realm, the power contained was beyond imagination. The head of a branch alliance, even the Sect heads of some Immortal Great Sects, had to treat them with caution and they did not dare to take it lightly.

"Did Tang Wan offend the young master?" Yin Mei inquired, then said, "I do know that she seems to have a younger brother, named Tang Tian, not too old, is a fop, domineering and arrogant used to, the Tang family is quite spoiled."

"A younger brother?" Gu Changge's smile looked a little deeper, "That's just right."

"What's wrong with this Tang Wan, she just had to go against me. Should we kill her? Damn." Yin Mei nodded obediently, "People who go against my Master deserve to die."

Chapter 295-2: Its hard not to have any jealousy, Yin Meis so-called means (2)

"Young master, I heard that a new batch of goods came to the Drunken Immortal House this time, do you want to take a look?"

On the street where cultivators were coming and going, a young man with a frivolous face and sunken eye sockets was walking. His eyes swept over the many young beings and cultivators in all directions, and of course, mostly on the young female cultivators, constantly glancing at them.

A wealthy man in the shape of a butler followed the young man and asked with a careful accompanying smile.

"What kind of goods can the Drunken Immortal House have?" The young man named Tang Tian said with some disdain.

Although it seemed that he was just walking alone, a number of cultivators with powerful auras were following behind him in the shadows, protecting him.

"I heard that this time the goods from the Drunken Immortal House seem to come from the Nine-Tailed Heavenly Fox clan." The rich man still said with a smile.

"The Nine-Tailed Heavenly Fox clan?" Tang Tian was stunned, then his eyes almost flooded with light, and he could not help but ask, "Is it really true or not? Isn't the Nine-tailed Heavenly Fox clan paying most of the attention to this? How come it's in the Drunken Immortal Building?"

Although he was a dude, it did not mean that he was stupid. The Nine-Tailed Heavenly Fox Clan was an Ancient Royal Clan, how could they be easily encountered? However, the women of the Nine-Tailed Heavenly Fox clan were almost all stunningly beautiful, and he did know this.

"Young master does not have to worry, the goods this time are said to be expelled from the Nine-Tailed Heavenly Fox clan..." The rich man smiled heatedly, "So young master, you can rest assured."

Tang Tian coldly snorted, "If you dare to lie to me, I will not spare you."

The rich man hurriedly said, "I do not dare, with the status of the young master, who dares to lie to you."

"Hmph, it's good that you understand." Subsequently, Tang Tian hurriedly headed for the Drunken Immortal Building.

When he arrived, under the arrangement of the rich man, he really saw a young girl of the Nine-tailed Heavenly Fox clan who looked frightened and disturbed in the room on the second floor, and her appearance naturally contained a lot without saying much.

The only strange thing was that this Nine-tailed Heavenly Fox clan Maiden was being tied up in, and even her mouth was also covered up.

"Young master, her temperament is a little stubborn. But you can rest assured there is absolutely no problem, when it's over, I still hope you will put in a few good words for me in front of Miss Wan."

The rich man hurriedly explained.

"Got it, got it, hurry up and get lost." Tang Tian, at this time, felt that he was very nagging and said impatiently, that he didn't suspect anything at all.

As for saying a few beautiful words in front of his sister? Did he dare to say this kind of thing?

"Then I won't disturb the young master." The rich man smilingly finished speaking and exited the room.

"The maiden of the Nine-Tailed Heavenly Fox clan really lives up to her name, this posture, this body..." In the middle of the room, Tang Tian was incomparably excited and was about to make a move.

Suddenly a horrible aura emerged from outside the Drunken Immortal Building as if it was going to destroy everything, with anger and ice cold.

"Who is it? Dare to disturb my pleasure?" Tang Tian's heart was displeased, but he heard several miserable screams coming from outside, his face suddenly changed and an unpleasant feeling suddenly rose in his heart.

This was because the screams came from the cultivators who were secretly protecting him.

"How dare you! How dare you lay your hands on my maids!" Accompanied by a cold and piercing voice like heavenly music.

A sword aura blossomed in the void, horrible and powerful, awe-inspiringly enveloping the air, instantly blasting the Drunken Immortal Building apart! Faces of all the cultivators on the street changed dramatically, in shock, and they all retreated.

Only to see a woman in white in the high sky came, looking cold, the long sword was floating in the air behind her, blooming billions of haze, with killing intent enough to freeze the sky.

In the dark, some strong cultivators were too late to react, and they were pierced by the sword, directly destroyed, their souls scattered into ashes, and one could not even find traces.

"Boss Zhu, what is going on here?" Tang Tian's heart was a little uneasy, his face was white, and he hurriedly walked out of the room to ask the rich man from before.

He was panicking in his heart, what the hell was going on here? Could it be that things were wrong?

This young girl from the Nine-Tailed Heavenly Fox clan, could there be something wrong with her?

However, Tang Tian couldn't react in time, and the scene he saw after walking out of the room simply made him thunderstruck, and his whole body was frozen, unable to react for a while.

"You bloody mouth, stop talking nonsense..." Tang Tian yelled in anger, looking incomparably hideous.

However, the rich man fell to his knees, ignoring him in the slightest, full of fear and anxiety, regret and panic, and other emotions, and could not stop saying, "All of this is ordered by Lord Tang Tian, and I have nothing to do with!"

"All of this happened because of him, otherwise I would not dare to have the guts to let Lord Tang Tian bring people to the Drunken Immortal House. I hope the Heavenly Maiden forgive me! I know I'm wrong, I beg the Heavenly Maiden to spare my life!"

"Tang Tian, you really have a lot of guts, you even dare to lay hands on my maid!" The woman in white looked extremely cold, with killing intent, her long sword was hanging in the air, and a terrifying brilliance was intertwined on it, and it could fall at any time.

"It's all wrong, I don't know anything! It's all arranged by shopkeeper Zhu, he framed me..." Tang Tian's face was pale, his voice trembled, and he was extremely angry and uneasy, trying to explain.

He naturally recognized the woman in white in front of him, who was the goddess of the Nine-tailed Heavenly Fox clan. With a face that brings disaster to the country and the people, countless geniuses had regarded her as a goddess.

And she had the power of the Wan Dao Business Alliance. How could a playboy like him dare to easily provoke such a character?

The woman in white looked colder and colder, and said with a cold expression, "Who should I listen to? Or are you all fooling me? You kidnapped my maid, if I hadn't left a mark on her, I'm afraid today she would have to suffer in your poisonous hands!"

Her words were not big, but they spread on the street. Many cultivators and living beings heard it and were extremely surprised, and instantly made up the cause and effect.

After all, Tang Tian's reputation was not good. Many people knew him. It was not surprising that he would do such a thing. But they didn't expect that this time, he was really bold and dared to attack the maid of the goddess from the Nine-tailed Heavenly Fox clan.

"I'm really framed. Goddess, your maid is still upstairs. If you don't believe me, go ask her in person, and the truth will come to light..." Tang Tian was still trying his best to explain, and hurriedly said.

His face was extremely pale, as if he was grabbing a life-saving straw, thinking that a rich man wanted to frame him.

"Well, I'll give you a chance. If you dare to deceive me, the Tang family behind you will not be able to protect you." The voice of the woman in white was extremely cold.

Soon, she moved and walked into the room. Immediately after, a sword light fell, releasing the girl from the Nine-tailed Heavenly Fox clan who was tied.

"Miss, save me! Tang Tian is despicable and shameless. He even sent someone to knock me out. If you hadn't come in time, I would have..."

As soon as the girl saw the arrival of the woman in white, she immediately cried and explained. Many creatures and creatures were angry at Tang Tian, this was simply the worst kind of scum!

And when he heard this, Tang Tian's face suddenly lost all blood, and the cold swept his body, and he fell to the ground.

At this moment, there was only one thought in his mind, it was over, he was schemed against!

"Tang Tian, ??what else do you have to explain?" The woman in white looked at him coldly and asked.

.....

"These days, there are a lot less creatures in Absolute Heavenly Extinction. It seems that the geniuses of True Immortal Academy are still somewhat useful..."

At this moment, on a mountain far away from the territory of the Vermilion Bird Ancient Kingdom, Chu Hao's figure appeared here.

The monstrous gray fog raging in front of him, with his palm falling, was instantly wiped away like snow meeting the scorching sun, and dissipated into nothingness. He was only one step away from entering the Supreme Realm.

Needless to say about his strength, it was very simple to deal with the Absolute Heavenly beings, but the Heavenly Extinction aura was very difficult to deal with, and even he needed to spend a lot of energy to eradicate it.

Here, he saw a lot of geniuses from the True Immortal Academy, who were fighting with a group of Heavenly Extinction beings, which was very fierce.

Chu Hao knew that this was the trial of True Immortal Academy, so he didn't care too much.

"At this rate, the calamity of the Absolute Heavenly Extinction should be resolved."

Thinking of this, Chu Hao couldn't help but let out a sigh of relief and showed a rare smile. In the distance, he saw a group of geniuses, all shrouded in divine brilliance, their aura was astonishing and majestic.

"The followers of Gu Changge... It seems that Gu Changge has also come here."

Chu Hao frowned and chose to leave in the other direction, not wanting to meet Gu Changge here.

"Chu Hao is indeed here, the master's guess is correct."

And among that group of geniuses, a young creature with the appearance of a Yaksha sneered at the corner of his mouth. When he noticed Chu Hao, he directly informed Gu Changge of all this with a communication jade talisman.

Chapter 296-1: The art of being able to foretell misfortune, Cannot possibly care about childhood sweethearts (1)

In the middle of the dark and damp dungeon.

An incomparably wretched, blood-soaked young man was lying here, completely tied up, staring with angry, frightened, and disturbed eyes. It was none other than Tang Tian, who had been captured by Yin Mei at the Drunken Immortal Building.

At this moment he already knew that he was framed. From the very beginning, Boss Zhu of the Drunken Immortal House had arranged everything and even went so far as to say so many words in order to finally put his mind at ease.

But at that time, he was so stupid that he did not suspect. Tang Tian didn't know what it meant to be a scapegoat, if he knew, he would have been unable to resist yelling out.

"Yin Mei, I have no enmity with you, why do you want to scheme against me like this?"

Tang Tian angrily stared at the white-clothed woman in front of him who was coldly looking down on him, with undisguised hatred. Before that he still had much respect and admiration for her, calling her Yin Mei Heavenly Maiden.

"What are you babbling about? How dare you deny it at this time and try to do sophistry?" Yin Mei coldly looked at him, and there was no temperature in her beautiful eyes.

"You're spitting nonsense, you arranged all this. You arranged that maid and the shopkeeper Zhu, you wanted to deal with my sister, that's why you came up with such despicable means. I want to see my

grandfather, Yin Mei. How dare you bring me here because of a maid..." Tang Tian's brain was flexible at this time, and he quickly figured it all out.

He thought that Yin Mei was competing with his sister for something. This was the reason for this tactic, using this to threaten his sister.

"I can't understand what you're saying here. You don't dare to admit it, right? It does not matter, my Nine-tailed Heavenly Fox clan still has a lot of means to deal with people like you, just in time to help you cut off the lower half of your body, even if you are a cultivator, you can not restore it..."

Yin Mei still looked cold, then she went out of the dungeon, to the outside guards and faintly said, "Since he does not admit, then carry on with the execution."

Hearing these words, the face of Tang Tian in the dungeon suddenly changed, and he also panicked, "How dare you!"

"Yin Mei I am the only son of our Tang family, if you treat me like this, my grandfather and family will not be willing to stop." If he became a eunuch after this, he would definitely go crazy.

Tang Tian did not doubt the truth of Yin Mei's words in the slightest, the Nine-tailed Heavenly Fox clan really had the means to make a cultivator become like this.

"What won't be good enough? Do you think that the Tang family would really dare to offend my Nine-Tailed Heavenly Fox clan? For the long lifespan of a cultivator, less your generation, does it have an impact?" Yin Mei snorted, then her voice dropped coldly, "Do it."

"Yes, Miss." The two guards outside the dungeon smiled and immediately walked in with a sinister smile on their faces, still holding a pair of large crocodile-like golden pincers in their hands, and gestured up at Tang Tian.

"Yin Mei, hurry up and stop it..."

"Stop it!" Seeing this scene, Tang Tian's face instantly became snow white, without the slightest hint of blood, and he could not stop trembling.

He didn't expect Yin Mei to really want to do this. He would rather die than become a eunuch in the future. This was even more unbearable for him than killing him outright.

"Do you dare to admit it now?" Yin Mei smiled faintly outside the dungeon, holding her nine fluffy snow-white fox tails, looking dignified and stunningly beautiful.

"I admit... I admit..." Tang Tian stifled and gritted his teeth, hating Yin Mei in his heart.

He couldn't wait to cut her to death by a thousand cuts. How did he not think before that this heavenly beautiful woman was a snake with a scorpion's heart?

"Well then, say what you need to say." Yin Mei smiled, holding a memory stone in her hand.

Half a quarter of an hour later, she walked out of the dungeon and arrived at a quiet and secluded mansion. In the courtyard, a white-clothed man was sitting here, quietly drinking tea, with handsome features, ink hair draped, and penetrating a transcendent aura.

It was hard to imagine that the many means in the dungeon would be ordered out of his mouth.

"Did he admit it?" Gu Changge raised her eyes to look at Yin Mei and said with a faint smile.

"Indeed, according to the Master's command, Tang Tian was almost scared, pissed, and admitted everything." Yin Mei smiled sweetly and said. She handed the memory stone that recorded everything to Gu Changge.

"Well done." Gu Changge nodded, swept a glance, and smiled, "Then let's prepare the banquet now and just wait for our precious guests to come."

"As for this memory stone, prepare to make extra copies, and find a way to give the rest to the Tang family."

"Mm." Yin Mei nodded, then asked with some doubts, "Master, what if the Tang family suddenly gets anxious? In my opinion, Tang Wan doesn't seem like a stupid person, will she fall for it?"

"She will not fall for it, not only will she not fall for it she will also inform her grandfather about it. I want you to give the memory stone to the Tang family first. As long as the Tang family is not stupid, they will understand that this matter is not that simple."

Gu Changge casually smiled, long ago everything was calculated, even if Tang Wan has a hundred methods, in the end, it is difficult to fly. He was still waiting to give Chu Hao, the Son of Luck, a surprise.

Now Chu Hao, as he expected, was in the place where the Heavenly Extinction scourge erupted, solving the matter of the Vermilion Bird Ancient Kingdom.

How could he have the time to care about his childhood friend?

"I know, now it depends on what attitude the Tang family and Tang Wan have towards Tang Tian." Yin Mei nodded and quickly understood Gu Changge's intentions.

With Tang Wan's intelligence, she would likely sense that this was a calculated plot. Even if she went to the banquet, she knew it was just a formal banquet.

So Tang Wan will definitely inform her grandfather in advance when the time comes for ransom, they would definitely be followed by the many strong people of the Tang family.

But now, she would give the memory stone to the Tang family that Tang Tian admitted everything first, just to let them know that this matter, in fact, could be easily solved. This was a matter of attitude, of course, it could also be considered a threat.

After all, the Nine-Tailed Heavenly Fox clan did not need to be afraid of the Tang family. To say the least, Tang Tian was a direct disciple of the Tang family, while the maid beside Yin Mei was far less than Tang Tian in status.

If the Tang family was tough, Yin Mei also could not stand to reason, the Nine-tailed Heavenly Fox clan behind her, would not completely cross the Tang family because of a small maid. This was a simple matter of interest.

.....

On the other hand, in the Golden Altar Ancient City. It was not far from the Vermilion Bird Ancient Kingdom.

It was an important ancient city under the branch of the Wan Dao Business Alliance, like a throat, as a hub that connected the major ancient cities nearby. At this moment in this ancient city, in a quiet and unique courtyard.

A graceful woman in a long plain gauze dress was quietly looking at the many jade slips in front of her from behind the curtain. Her face was gentle and moving, her complexion was delicate and snow-white, and at the same time, she was holding a brush in her jade hand, writing something.

As she started writing, a terrifying vision appeared between heaven and earth, and layers of mysterious power appeared under her writing.

One by one, the text with golden lines, as she waved, imprinted into the jade slip in front of her. In the vagueness, one could even see the scene of mountains and rivers that seemed to be alive, condensed in it, and it seemed to be manifested from the jade slip.

"Miss's painting power is even better. I am afraid that now, just by virtue of the characters she draws, she can defeat the cultivators in the Sacred Realm."

The maid next to the gentlewoman couldn't help but cover her mouth and smile when she saw this scene, and she looked very admirable.

"What's with the enemy in the Sacred Realm? Brother Hao is now in the Quasi-Supreme Realm. And he's about to break through the Supreme Realm. Compared with him, I'm really far behind. I really don't know how he cultivated these years. He's really a monster. Fortunately, I noticed his talent once... Otherwise, I don't know how many beautiful girls of heaven have gathered around him now."

The gentlewoman smiled when she heard these words while looking very helpless.

However, while mentioning Chu Hao, she couldn't help but express her happiness and admiration. She was naturally Tang Wan after she quietly left the Vermilion Bird Ancient Kingdom with a space instrument.

But considering that Chu Hao's current situation was not good. So she did not leave too far and finally chose to live in this ancient city temporarily.

Although this courtyard seemed to be quiet and peaceful, it was actually hiding many murderous intentions, and there were traces of formation patterns everywhere. If someone dared to break in without authorization, they would be strangled by the power of many formations, and their body and spirit would be destroyed.

Not to mention that Tang Wan had arranged many experts from the business alliance outside and the one with the lowest cultivation base was also in the Sacred Realm. She was also not worried that someone would come to her door to find trouble.

In fact, she didn't have to worry so much. After all, her grandfather was the branch leader of the Wan Dao Business Alliance, with enormous power. Who would dare to offend her easily?

It was just that Tang Wan thought a lot this time. Because it was Gu Changge who was offended by Chu Hao. Tang Wan felt unprecedented pressure from this young man.

Tang Wan didn't know why but she always felt that Gu Changge would not be too simple. Although he was in the public at that time, he did not embarrass Chu Hao anymore.

But somewhere, she had a hunch that Gu Changge was planning to deal with Chu Hao. Because when she was born, she had a special talent for seeking Good Luck and avoiding Evil.

Chapter 296-2: 2: The art of being able to foretell misfortune, Cannot possibly care about childhood sweethearts (2)

2: The art of being able to foretell misfortune, Cannot possibly care about childhood sweethearts (Part 2)

In the end, she kept thinking about it and deduced the magic technique to seek good Luck and avoid Evil. With this talent, Tang Wan became prosperous in the Wan Dao Business Alliance.

Everyone who knew her had to respectfully call her "Miss Wan". This talent could not be missed even for hundreds of years.

It was only a while ago that Tang Wan deduced Gu Changge with her secret pen, trying to get a glimpse of the secret. But she unexpectedly suffered a backlash.

This situation shocked, horrified, and puzzled her because it had never happened before. In the end, after thinking a lot, Tang Wan came to the conclusion that Gu Changge was hiding a great terror.

For this reason, she even took a huge risk to remind Chu Hao. Although Chu Hao's current cultivation base was already in the Quasi-Supreme Realm, he could even break through to the Supreme Realm soon.

However, in the opinion of the top management of the Wan Dao Business Alliance, it was still not worth going against Gu Changge because of Chu Hao.

So Tang Wan had to be careful. Although Tang Wan had created a lot of value for Wan Dao Business Alliance over the years.

But in such a situation involving fundamental interests, she couldn't influence the decision of the Wan Dao Business Alliance at all.

She didn't even dare to tell her grandfather about it because at that time her grandfather looked down on Chu Hao's origin. No matter how strong his talent was, if there was no strong background support behind him, he could only be reduced to a chess piece played by many forces.

Unless Chu Hao was strong enough to open up an Immortal heritage or Dao sect by himself.

"I hope that Brother Chu Hao can understand my painstaking efforts, otherwise all these efforts will be in vain, he should not have been impulsive at that time... In the end, I can only hope that Supreme Dao Cave can stand by Brother Chu Hao's side. ."

"If he can successfully succeed as the future Palace Master of Supreme Dao Cave, then the right to speak will be much heavier, and Gu Changge will not dare to be so reckless."

Tang Wan sighed deeply. Before that, she never thought that one day she would be so afraid of a young man. In her opinion, with the strength shown by Gu Changge, he could even rival a Supreme Being.

Gu Changge's understatement when he activated the Supreme weapon that day was enough to show that it was far from his limit. This kind of thing couldn't be faked.

After being in the Wan Dao Business Alliance for so many years, Tang Wan still had eyesight, and would not easily underestimate anyone.

Especially someone like Gu Changge, who was so powerful that no one in the younger generation dared to provoke him.

"Miss... something bad, something bad happened..."

Yet at this moment. Outside the courtyard, a famous guard suddenly ran over with an anxious look on his face, his words were extremely flustered, as if something major had happened.

"What's the matter? You are in such a panic, where are your manners?" Before Tang Wan spoke, the maid next to her frowned and said displeased.

"It's okay, what's the matter, why are you so panicked?" Tang Wan waved her hand, indicating that the guard should not be in a hurry.

But for some reason, she felt an uneasy feeling in her heart again, and it was extremely strong. When she had such a strong premonition, it was the last time she encountered a catastrophe in a Mansion and almost lost her life.

But that time, she was saved and even got the inheritance of an ancient powerhouse and got the secret technique to draw Dao.

"Miss it's not good, the young master has offended the Nine-tailed Heavenly Fox clan, and now he is in the hands of Yin Mei Heavenly Maiden, the Nine-tailed Heavenly Fox clan..."

The guard reported with a trembling voice, knowing that the young lady was usually very fond of Young Master Tang Tian. Now that such a big thing had happened, only the eldest lady could find a way to solve it.

"Tang Tian offended the Nine-Tailed Heavenly Fox Clan? What's going on? Didn't Tang Tian stay well in the city? How could he offend the Nine-Tailed Heavenly Fox Clan? What happened?"

Hearing this, Tang Wan was stunned for a moment, then her expression became serious and solemn, and she asked quickly. She couldn't ignore things involving her brother.

Although she also knew that her younger brother Tang Tian was very incompetent and had a domineering personality. But he was not stupid, how could he offend the Nine-Tailed Heavenly Fox Clan so easily?

Could there be any misunderstanding in this?

"My lady, the matter is like this. According to the cultivator who witnessed it with his own eyes, that day in the Immortal Drunken Building, Master Tang Tian kidnapped a Nine-tailed Heavenly Fox girl with bad intentions. Yin Mei Heavenly Maiden discovered it, and she came directly to the stolen goods and got... This matter has become known throughout the city."

The guard hurriedly reported the cause and effect. Of course, this was not what he saw with his own eyes, but the news from there.

"How could Tang Tian be so stupid and so bold..."

After listening, even though Tang Wan had a gentle temperament, she was stunned. Then she reacted, and couldn't help but feel a surge of anger, and became extremely angry.

It was no longer as simple as hating the indisputable younger brother who had caused trouble for her. At this time, she just wanted to lock him in the clan and strictly forbid him to take another step.

"I still understand Tang Tian's character. Even if he is lustful, he has no guts, so he must have been framed by someone. Was there anyone else who was with Tang Tian at that time?"

However, Tang Wan quickly calmed down and asked aloud, there was a kind of majesty in her eyes that was hard to look at.

"This... According to the cultivator who witnessed it at the time, it was the young master who made an assertion and saw Yin Mei's maid come out, but no one followed behind him, so he made up his mind and sent someone to knock her out and take her to Drunken Immortal Building."

Hearing these words, the guard hurriedly replied, not daring to hide anything.

"Really? Is this really the case? Where are the cultivators who were responsible for protecting my brother? Where are they, I want to ask them?"

Tang Wan was stunned for a moment, her intuition told her that this matter did not seem to be that simple, so she couldn't help asking coldly. The iron and bloody wrists over the years were not just words.

At this time, she had a terrible majesty that was hard to look at. Even the maid who had followed her for a long time felt a palpitation and fear.

"Miss Qiqi, the cultivator who was protecting the young master at that time was killed by Yin Mei Heavenly Maiden when she came in anger. Their body and spirit were completely destroyed, and no one survived."

The guard's voice trembled and stammered.

"They were all killed?" Tang Wan's voice suddenly became much higher, showing her current anger.

Although it didn't sound right, as soon as she came with anger, the first thing she did was not to find the maid, but to kill Tang Tian's protector.

No matter how you look at it, it gave people a feeling of destroying the corpse. However, if it was said that Yin Mei Heavenly Maiden came because of anger, and she could only vent her anger like this, it was reasonable.

But it was also too weird. Her intuition told Tang Wan that this matter would not be too simple.

"I see, where is Tang Tian now? Did Yin Mei ask for anything?"

Tang Wan asked in a deep voice and calmed down.

"Master Tang Tian is now being held in the Nine-Tailed Heavenly Fox Clan, and it is not easy for the family to deal with it..." The guard replied hurriedly.

"I see." Tang Wan nodded, knowing this kind of thing, the family couldn't stand for any reason, whether it was true or calculated, it was already known all over the city.

The Tang family's face had been thrown away. In her opinion, if this matter was calculated, it was probably what Yin Mei wanted to mention.

Although there was Nine-Tailed Heavenly Fox Clan behind the Wan Dao Business Alliance, it was not the only one of its kind. Yin Mei had been in power for a short period of time and coupled with her young age, her convincing power in the Wan Dao Business Alliance was not strong.

So sometimes, the two of them inevitably had some friction and fights. As a senior, she was much more mature and stronger than Yin Mei in terms of wrist ability.

It would be excusable if Yin Mei was plotted for this.

"I overestimated the character of this Yin Mei, she even planned to use this method to persecute me... I wonder if she still has more tricks?" Tang Wan frowned, then left the courtyard, planning to leave.

It was just that before that, she planned to contact Chu Hao first, but the news she got later made her a little helpless, so she could only give up in the end.

Chu Hao was not in the Vermillion Bird Ancient Kingdom but rushed to the place where the calamity of Heavenly Extinction broke out. Even if something happened, he couldn't help it.

She originally planned to let Chu Hao accompany her to go with her for a little more safety and assurance.

"This time the redemption should not be too simple, the family has to be informed. Although Grandpa hates Tang Tian, ??he will not sit back and watch him be captured by the Nine-Tailed Heavenly Fox Clan."

"I don't have enough strong people on my side. The uneasiness in the dark is getting stronger... I need to send more strong people from the family."

Thinking like this, Tang Wan set off and informed her family by sending a message, after all, it was best to be fully prepared.

This divine ability to predict misfortune and good fortune had allowed her to avoid many crises.

Chapter 297-1: Everything is your back-end calculation, As a leek, one must have the awareness of leek (1)

In the Golden Ridge Ancient City, where the Tang family was located.

As the first family of the Golden Ridge Ancient City, the Tang family had branches all over the Upper Realm. But the actual Tang family was located in a small world in the Golden Ridge Ancient City and only a few cultivators actually knew about this.

The Tang family entered Dao through business, and their network of relationships was intricate, which was extremely famous in the Upper Realm. There was once a prodigy in the Tang family whose talent for business was unparalleled in history.

That was to say, he had developed an inconspicuous small family to the point where many Immortal sects dare not underestimate it. At this moment, in the Tang family's small world.

It seemed to be extremely vast and boundless, there were many creatures and cultivators coming and going out, and a divine palace island was suspended in the air, looking extremely magnificent and ancient.

Within the most splendid palace in the center, a tall and spirited old man smashed the table in front of him without anger and prestige. His terrifying aura was raging in the void as if it was about to break everything.

He was the current lord of the Tang family, Mr. Tang. On the table, there was a memory stone sent by Yin Mei.

"Damn it! This Tang Tian only knows to cause trouble for me all day long! I don't know if he can save me some trouble. Is he trying to piss me off?"

Below him, a group of big figures in the Tang family were silent and did not dare to speak. When Grandpa Tang was angry, whoever dared to interrupt him, even the most favored descendant, would be fined three months of confinement.

"He just keeps causing trouble for me. Could it be that my Tang family's wealth will fall on this unworthy descendant in the future?"

Afterward, Grandpa Tang gradually calmed down, the light in his eyes flickered, and he snorted coldly, "How dare you plot against my Tang family. Is this little girl from the Nine-Tailed Heavenly Fox Clan really blind?"

As soon as he said these words, there was an uproar among the many senior Tang family members below, and everyone was filled with righteous indignation. Anyone with discernment could see that this was a deliberate plan of Yin Mei.

But how could it be seen?

The witness at that time had already been solved by Yin Mei the moment she appeared, and the corpse was destroyed. If the shopkeeper Zhu was not silenced, then Yin Mei must have found a silencer and hid it. Even if they tried to trace the events back then, they couldn't find anyone.

For this kind of thing, they could only break their teeth and swallow it in their stomach. Everyone was a human being, and they had been in the Wan Dao Business Alliance for so many years. How could they not see this kind of thing?

It was just that Yin Mei was from the Ancient Royal Family, and they were not very reasonable, after all, there was no evidence.

"It seems that this matter should be just a small way for that little girl from Nine-Tailed Heavenly Fox Clan to fight against Tang Wan. She only sent this memory stone to show her attitude."

Grandpa Tang snorted coldly and quickly saw through Yin Mei's intention. Naturally, they won't interfere at will, otherwise, it won't be just a simple struggle between Yin Mei and Tang Wan.

In the face of the Ancient Royal Family, the Tang family also had to keep their heads down.

"Father, do we have to swallow our loss this time?" The speaker was a middle-aged man named Tang Feng, the father of Tang Tian and Tang Wan.

Although he was helpless about what his son had done, he had nothing to do with it. Tang Tian was stupid himself and fell into other people's schemes.

Who was to blame? If Tang Tian's mind was cleaner at that time, why would there be so many things?

"Otherwise? What can you do? Let Tang Wan handle this matter by herself. As her elder sister, the other party is targeting her this time. Could it be that you still want to intervene?"

"Our Tang family can not take care of this matter. If the old guys from the Nine-tailed Heavenly Fox Clan made a move, we would still be a little troubled."

"Recently, I feel that there has been a bit of a conspiracy towards my position. The Nine-tailed Heavenly Fox Clan has always planned to cover the sky with one hand in the business alliance..."

Grandpa Tang said with a cold snort. Hearing that, all the senior Tang family members were silent, and it was not unreasonable to know this.

The Heavenly Maiden from the Nine-Tailed Heavenly Fox Clan had already expressed her attitude and targeted Tang Wan.

At this time, they naturally couldn't intervene, otherwise, the situation would turn into a conflict between the Tang family and the Nine-Tailed Heavenly Fox Clan, and the gains would outweigh the losses.

"Then shouldn't we care about the message that Wan'er sent back? She said that things won't be easy this time..."

Tang Feng frowned and asked a little reluctantly.

"How simple can it be? It's nothing more than giving the other party some of the benefits from her hands. Tang Wan is a good-hearted girl, which means that she wants the family to help her, but her own benefits are not allowed. Hmph, did she think the old man doesn't know her yet?"

Grandpa Tang waved his hand and directly asserted, "I just want to hold more power and have more right to speak. The old man can see her purpose over the years. Up to now, the other party has made it clear, and as a result, she is still thinking about taking advantage of the family?"

"What if there is a trap, father?" Tang Feng frowned, believing Tang Wan's intuition very much.

But because of what happened to Chu Hao back then, made Grandpa Tang and Tang Wan's relationship awkward. Now, the old man always felt that Tang Wan was thinking about Chu Hao and never gave her power, just because he was afraid that she would use it to help Chu Hao.

"Are you telling me what we should cheat?" Grandpa Tang sneered and asked back.

Tang Feng was also at a loss for words. Yes? Could there be any trap, was it possible that Yin Mei was still planning to murder Tang Wan? This kind of thing wouldn't happen unless Yin Mei was crazy, after all, if Tang Wan had an accident, she couldn't run away.

It was all harm and no benefit.

.....

"The family doesn't believe me this time? Why? Yin Mei actually sent a memory stone? Could it be that she really has no other purpose?"

On the other hand, Tang Wan was stunned for a while when she heard the news from the family, and she couldn't believe it. If the family sent a strong person over this time, she would have more confidence.

But they didn't. Yin Mei just used a memory stone to keep the Tang family out of the matter.

"Did Yin Mei figure it all out? Or is it just a coincidence?" Tang Wan sighed.

That feeling of uneasiness grew stronger and stronger. She used her heavenly pen to calculate a trigram for herself, but it was gray and cloudy, and this path was undetermined.

According to common sense, she and Yin Mei had no grievances or enemies, so how could the other party suddenly plot against her?

Tang Yuan couldn't figure it out either. After thinking about it, she thought that the biggest possibility was also that Yin Mei wanted to use this threat to get benefits from her.

"Could it be that Yin Mei has even calculated that I will ask for help from the family?"

Tang Yuan's heart became even more uneasy, although many strong people were following her, and there were many secretly hidden experts, it did not provide her much sense of security.

"That's just it, I don't believe Yin Mei dares to do anything to me." Having already arrived here, Tang Wan could only accept it with a stiff upper lip.

Not long after arriving at the ancient city ahead, Tang Wan went straight to the discussed location as agreed. This was a very famous star-gazing tower in the city, golden and glorious, with carved pillars that looked ancient and long.

As the name implied, it had the meaning of looking at the sky with one step. The layers of steps were carved with cloud patterns, dense with spiritual energy and surging with precious light.

When one got to the highest point, they could overlook the whole city with an unobstructed view. And if something happened there, the whole city would be alarmed as soon as possible.

The afterglow shrouded, adding a point of magnificence.

"It seems that I was overly concerned, conferring in such a place. There should be no problem."

Thinking of this, Tang Wan breathed a sigh of relief in her heart and quickly rushed to the top of the building under the leadership of the people under the Watchtower, wanting to know what kind of tricks Yin Mei was playing.

"Miss Wan." On the roof of the star-gazing Tower, Yin Mei was sitting there dressed in white, quietly playing the zither, with two maids dragging her fox tails behind her, preventing them from touching the ground.

Her appearance was charmingly heavenly and stunningly beautiful. As long as it was a man, this time they would not be able to move their eyes. She took the initiative to open her mouth and gestured for Tang Wan to take a seat.

"I know Miss Wan is confused in her heart, and I have no choice but to make this move and invite you over." Yin Mei smiled, looking decent and generous.

"Let's not talk nonsense between the two of us. I just want to ask you one thing, what exactly do you mean?" Tang Wan's face was very unpleasant, not her usual gentle and moving appearance, and she asked while coldly staring at her.

"Where is my brother?"

"Miss Wan, there's no rush, Tang Tian is fine, but before that, you have to promise me a request first." Yin Mei smiled and said.

"What request?" At that, Tang Wan's heart more or less breathed a sigh of relief, but still asked coldly.

It seemed that Yin Mei did not have any remaining purpose, so was her previous dangerous omen not about Yin Mei?

"The interests of those big ancient cities in your hands have to be conceded to me."

Yin Mei said with a calm expression, "You also know that I have only been in power for a short time, many guys are not convinced at all, there is no way but to do this. Please forgive me if I offended you."

"Hmph, I knew it. You planned well." At these words, Tang Wan put her heart down, and the vigilance she had just now, dissipated a lot.

She was worried that Yin Mei would not make a request, and if she didn't, then there would be a real problem.

"I can promise you this request, but if you think that this will give you sole control, I think you are thinking too much."

"Since Miss Wan has agreed, then I am relieved."

"Now then, my second request is..." Yin Mae said with a smile.

"The second request? Aren't you going too far?" Tang Wan's face changed and seemed to have some raw anger, "Yin Mei, don't go too far, being too insatiable."

"It seems Miss Wan is not going to save her brother? That's okay, I'll keep him for a little longer, anyway, your Tang family wouldn't dare to do anything to me."

Yin Mei smiled, following Gu Changge's example, picked up the wine cup on the table, brought it to her lips, and then tilted her head and drank it all in one go.

Chapter 298-1: Anticipating the situation of two leeks at each others throats, Maybe he will bear with it and let it pass (1)

Demonic bottle.

The moment she saw this pitch-black bottle, Yin Mei's expression could not help but change slightly. She instantly recognized it.

Even after a long time, she still remembered the horror of this bottle and had a palpitating feeling in her heart.

In the beginning, if she was not present in the ruins and happened to have accidentally bumped into Gu Changge who was using the forbidden demonic art, she would not have had such a deep relationship and bond with Gu Changge.

Later, as she continued to open her true heart, Gu Changge only solved the effect of the demonic bottle. But that involuntary fear remained deep in her soul, and was almost indelible.

The scary thing about the demonic bottle was that it couldn't be defended against, as long as the mind was slightly relaxed, it was likely to be trapped. And the degree of controlling the mind was insurmountable.

Even for the old monsters who had studied the deepest part of the soul, it was impossible to detect something wrong, and even if it was detected, it was impossible to remove it.

The only result would be a broken soul and the destruction of both body and soul.

"It seems that the Master intends to directly control Tang Wan, but Tang Wan is fierce in nature, I'm afraid it will not be easy to make her give in..."

"Does the master intend to kill Tang Wan here? Or maybe there are other purposes?"

Many thoughts flashed through Yin Mei's mind, somewhat curious about what Gu Changge intended to do.

Buzz!!!

The Demonic bottle spurted out a ghastly glow, hazy and black, as if there were strands of Dao dropping and interweaving.

"Gu Changge, what do you want? The families behind me all know that I came here for the banquet today, if anything happens to me, do you think Yin Mei won't be suspected?"

Looking at this scene, Tang Wan couldn't help but shout, although her heart was scared and uneasy, even her soul couldn't help but tremble. After all, that kind of coldness that penetrated deep into the bones almost swept through her entire body.

With her talent of being able to foresee misfortune, it was equivalent to magnifying it hundreds of times. But she was still forcing herself to remain calm, knowing that at this time, she could not panic, and the more she panicked, the more defenseless she would appear.

"Look how scared you are, I'm not some kind of beast." Gu Changge casually smiled and black light in his palm became more and more dense, like the source of darkness that could swallow everything in the world, making everything tremble.

"This is just a small bottle, why do you look like it's a big enemy? But I like this struggle, your despair... The more you struggle, the faster you will die when I step on you."

Although he was laughing lightly, the words he uttered made Tang Wan's face turn pale and her limbs went cold. She wasn't sure if she could use her strongest means to break through this space of Gu Changge and deliver the distress message.

The only thing she was certain about was that Gu Changge's true face that was hidden under his usual gentle appearance, was absolutely terrifying.

From calculating her brother, to calculating her, all of this, in her opinion, was almost perfect, seamless, and one could not find a single flaw. The reason was that Gu Changge had even calculated her many thoughts.

How terrifying was this guy? Even the Heavenly Maiden of the Nine Tailed Heavenly Fox Clan called him Master? What exactly happened before this? But no one has ever heard of such a thing. What else was Gu Changge hiding in his body?

"Gu Changge, what exactly do you want? The two of us don't have a grudge. We have never met before this, is there any misunderstanding? If there is any misunderstanding, it can be solved, and I can swear on my Dao heart that I won't say anything about today's incident. I can promise anything you want, as long as I have it,"

Tang Wan tried her best to calm herself down, intending to use her usual means to stabilize Gu Changge first.

After all, even if Gu Changge's methods were amazing, he was only a young man, and she had been hanging out in the Wan Dao Business Alliance for hundreds of years, confident that her control over all kinds of hearts was not shallow.

At this time, as long as the purpose of Gu Changge was satisfied, he should not do the most risky thing... Such as killing her.

"By all rights, we have no grievances or enemies, but aren't you secretly assisting Chu Hao and trying to deal with me? As for what you have, do you think I need it? It seems that you and Chu Hao are actually similar, both of you are so self-righteous."

Gu Changge smiled lightly with penetrating contempt and disbelief.

It was clearly Tang Wan who wanted to help Chu Hao deal with him in secret, but now that it was in her mouth, it became clear that the two had no enmity.

Tsk.

"You..." Tang Wan was stunned, not expecting Gu Changge to say that, and directly saying that she was self-righteous. Her face was instantly ugly, almost gritting her teeth, "Then what exactly is your purpose?"

"Let go of your mind and let me plant a slave seal... Of course you can choose to refuse, but your brother may die today, you can bet on it and see if I will kill him."

Gu Changge still smiled lightly. The demon bottle in his hand still blossomed with a palpitating black light, as if it could drag all beings into eternal darkness.

"Gu Changge, if you kill my brother, the Tang family behind me will not sit still. And do you really think my brother carries a lot of weight in my heart? What you are doing now, you should be aware that it cannot be made public. Even if you have the Ancient Immortal Gu Family behind you, you can't be so reckless..."

Tang Wan said coldly, as if she had expected Gu Changge to use her brother's safety to threaten her, instead she seemed unusually calm.

However Gu Changge wasn't surprised at all, still smiling faintly, "No, I just gave an example. After all, I can also do it in a different way."

"I don't need to kill your brother, but I can control him, let him return to the Tang family peacefully, from then on the prodigal son returns, cleanses his heart and becomes angry, and even be able to help him and let him take charge of the Tang family. Then one day, when everyone in the Tang family is celebrating for him, let him kill your parents, your grandfather, and all your relatives..."

"What do you think of this method?"

"I think it's rather interesting."

"Gu Changge... How can you be so despicable and shameless..." At these words, Tang Wan's face could not help but change drastically, only to feel the horrible cold air sweeping from her spine to her skull, so that she could not help but tremble.

These were not words of a young guy, right? He said such a sinister and despicable thing so frankly and freely, with no ripples, as if he was stating the truth.

She couldn't even help but think along with Gu Changge's words for a moment. That scene made her couldn't help but shiver, her body chilled, fear to the extreme.

By now, she could care less about Tang Tian, but she couldn't care less about her family and her parents.

"I'm just giving an example, as to whether it will happen or not, it's not up to me."

Gu Changge smiled unimpressed, "Now I'm giving you a choice, but my patience has always been bad..."

"Will you sacrifice yourself and save your whole clan? Or are you going to kill yourself and have the whole clan accompany you?"

"Gu Changge, I will fight with you." Tang Wan was angry, it seemed that her dharma god already hated him to the extreme, and was almost ignited by these words of Gu Changge's last sanity.

Boom!!!

A dazzling light emerged from her body, and there were book and painting-like scenes that manifested in the void space. The landscape, water, insects and fish, all the states of the earth, all seemed to come to life in the end.

The rules of the Sacred Realm were coalescing on these scenes, horrible and splendid, and seemed to intend to break through this space. An ancient, pale gray pen was being pushed by Tang Wan, blossoming with dazzling light, to crack everything.

It was more like an ancient existence that was about to be revived.

The word "Heavenly" was like a star in the void, there was some kind of consciousness to be revived, and it was extremely dazzling! At this moment, the power she displayed was forced to be boosted to the Quasi-Supreme Realm. In reality Tang Wan's cultivation was only at the Sacred Realm.

"Do you really think you can break free?" But Gu Changge still wore a faint smile, lightly, as if he didn't care.

Steeply, he covered himself with a palm toward the front, and the horrible power of void instantly caused the nearby space to collapse down, and even the power of laws was distorted.

This powerful force was like destroying and instantly tearing apart the many scenes that Tang Wan had condensed.

The Heavenly Pen wailed, and some of the lines on it were even worn away, falling directly to the ground.

Chapter 298-2: Anticipating the situation of two leeks at each others throats, Maybe he will bear with it and let it pass (2)

It was powerful and overwhelming! This palm's momentum was not yet seen, and it was still falling towards the ground.

Puff!

Tang Wan looked incredulous, could not avoid, stifled a grunt, and then flew backward while spitting blood. The horrible palm print came down with a bang, almost causing her flesh to collapse.

If not for Gu Changge's desire not to kill her. The moment this palm fell, it was enough to make her whole body explode.

And then, just now Gu Changge divided out of the space, in this instant, with his mind, it spread out in all directions. Not only did it not tend to decay, but it became more and more solid and impregnable.

"You still can't recognize reality by now?"

Gu Changge's voice still didn't have much emotional fluctuations, and the palm of his hand fell again, causing Tang Wan to cough up blood again. Her bones were broken, and she could hardly stand up.

"Gu Changge, kill me. It's impossible for me to agree to your request." Although Tang Wan was desperate, she still was not willing to give in. She would rather die than let Gu Changge plant a slave mark on her.

At that time, Gu Changge would definitely ask her to deal with Chu Hao.

"It seems that you think that I won't do anything to the Tang family?"

Gu Changge smiled, "You have to think about it, if you die here, the Tang family will take revenge on the Nine-Tailed Heavenly Fox Clan, and all your relatives will accompany you in the future."

"I only need one sentence to make your so-called friends of the Tang family dare not help you. Do you think there is hope for revenge?"

"You..." Tang Wan gritted her teeth, and in the next moment her eyes suddenly opened, and her face was bloodless.

She saw Gu Changge's casual move, and Tang Tian, who had passed out of a coma at some point, was already captured by him.

"It seems that your brother should be useful." Gu Changge said casually, his palm moved towards Tang Tian's eyebrows, and passed through with ease. The soul in it was caught by him and could be crushed to death at any time.

"You said that if I use a little force, will he become a fool, or will he just die?" Gu Changge said with a smile.

Looking at his smile, Tang Wan only felt cold all over her body, and her heart was full of sadness, despair, hatred, and pain.

In the end, it turned into unwillingness and she gritted her teeth, "Let go of my brother, I promise you, but you need to swear by your Dao heart and promise me a condition. Otherwise, even if I ask my family to be buried with me, I won't promise you."

Gu Changge smiled and interrupted her,

"No problem, I just don't have to kill Chu Hao, right? That's easy. I, Gu Changge, swear by my Dao Heart today. If I violate this oath, my Dao Heart will collapse, go into flames, and be destroyed by heaven and earth. How's this?"

Tang Wan was stunned when she saw that Gu Changge swore so quickly, without any hesitation, and she couldn't believe it. She just wanted to tell him that it wasn't that simple.

But she couldn't find the slightest flaw.

"The oath of the Dao heart is the greatest oath of a cultivator. No one will ruin their path, even if the immortal Dao exists, it cannot be violated. Gu Changge is no exception."

Thinking of this, Tang Wan breathed a sigh of relief. But her heart was extremely sad and painful.

"Brother Hao, I'm sorry... I'm forced to, I hope you will forgive me." Unwilling, Tang Wan relaxed.

Gu Changge smiled with a deep meaning and waved his hand casually.

Buzz!!

Almost instantly, the demonic bottle turned into a ray of black light and disappeared without a trace. Tang Wan didn't even notice the slightest fluctuation, which made her heart palpitations, such a slave imprint method was unheard of.

In a trance, she saw an ancient, indescribable god sitting in her sea of ??consciousness, with a surging gray fog. With one more look, it would make people crazy, and lost in it!

"What method is this?" She couldn't help but feel fear in her heart. Facing Gu Changge, she only had a feeling of reverence like a god, and she didn't dare to disobey his words.

"Greetings, Master." But soon, Tang Wan's expression gradually became calm, and it didn't look much different from usual.

But there was a storm in her heart. This change was really fast. Tang Wan couldn't believe it. It was clearly not what she thought in her heart, but what she showed in her actions was another.

She never thought that she would call Gu Changge Master. But she couldn't help but blurt out.

"Child of Luck, this surprise is ready for you." The corner of Gu Changge's mouth was a little playful, and then he no longer cared about Tang Wan in front of him.

With a wave of his hand, the misty space in front of him suddenly shattered like a mirror and they appeared outside.

In the courtyard, the tea was warm, and it was still steaming.

Tang Wan's expression was extremely complicated, her body was covered in blood, and her injuries were very serious. Even if Gu Changge didn't want to kill her, the palm of his hand was enough for her to endure.

"Master, what should we do with Tang Tian?" Yin Mei asked.

"Return him to the Tang family, after all, we are reasonable people." Gu Changge laughed.

Tang Wan didn't dare to say anything more. Afterward, Gu Changge looked at Tang Wan with a sincere smile,

"Don't worry, I don't actually have any malicious intentions, but I have to prepare in advance to deal with Chu Hao. As long as he is honest and doesn't provoke me, he will be the so-called Prince of Vermillion Bird Ancient Kingdom, and he will be fine. You are still his childhood sweetheart, and he doesn't know all this."

"I won't tell him, don't you think it's a happy thing?" Tang Wan was stunned when she heard these words, and when she thought about Gu Changge's words carefully, it seemed quite reasonable.

As long as Chu Hao didn't provoke Gu Changge again, the conflict between Gu Changge and Chu Hao had not reached the point of life and death. At that time, Chu Hao was humiliated by Gu Changge in front of everyone's eyes.

This kind of thing... If she persuaded her, maybe Chu Hao would endure it and let it pass. If he still intended to deal with Gu Changge, he would inevitably be killed by Gu Changge in the end.

Chu Hao couldn't beat Gu Changge. Tang Wan had already deeply felt the horror of Gu Changge's methods.

It was just that she was not sure, Gu Changge really had no other plans for Chu Hao? Or was it just because of the conflict in the Vermillion Bird Ancient Kingdom that day?

"Okay, it's almost time for me to leave, the calamity of Heavenly Extinction is still waiting for me to solve it." Later, Gu Changge explained some things to Yin Mei, so he didn't stay here any longer.

He gave Yin Mei the rest of the finishing touches, and he was very relieved.

During this period, Gu Changge was not in the Vermillion Bird Ancient Kingdom, and it was inevitable that people would be suspicious over time. Today's event had to be said to be smooth, and it also gave Gu Changge an unexpected joy.

Because he found that Tang Wan's face was more than 8 points similar to the Dao Companion of Qin Wuya, the Senior brother of the Nine Heavens Returning Luck Template he had seen at that time.

In the screen prompted by the system at that time, the only four people in Endless Dao Sect who showed their figures were Zi Yang Heavenly King's previous life, Gu Xian'er's previous life, and Qin Wuya's master and Dao companion.

Gu Changge clearly remembered it. Whether Tang Wan was related to the reincarnation of that Senior brother, as for his Dao Companion, he was not very sure.

Speaking of which, Tang Wan had a lot of Luck, but compared with the real Daughter of Luck, it was still far behind. It was just that with this similar appearance, it was convenient for him to plan a lot of things.

Otherwise he wouldn't have spent so much time on her. With Tang Wan's character, if she didn't let go of her spirit, he would probably fail to use the demonic bottle.

It was a little more trouble, but the benefits were huge. Gu Changge had already anticipated the next situation.

"Two Children of Luck fighting?"

"No, two leeks are at each other's throat, and I'm waiting to watch the show of harvest. This is more than a wonderful thing."

He did not choose the teleportation formation to return, but hurried directly through the virtual space. At his current speed, in this area, moving through a million miles away didn't take long at all.

Chapter 299-1: Chuchu is caught off guard, You cant beat Gu Changge (1)

"Yin Mei, what is the relationship between you and Gu Changge?"

On the other side, not long after Gu Changge left, Tang Wan also breathed a sigh of relief.

The unparalleled feeling of oppression from before had finally disappeared, and the whole person was like being fished out of ice water with her hands and feet still cold.

This feeling made her heart palpitate from the seemingly unforgettable experience. So much so that in front of Gu Changge, she didn't dare to speak at will, for fear that she would call him Master if she was not careful.

But at this moment, she couldn't help asking Yin Mei, knowing that now she and Yin Mei were almost the same kinds of grasshoppers on the same rope. Tang Wan subconsciously felt that Yin Mei should be the same as her, forced by Gu Changge for some unknown reason.

In the end, she had to surrender and let him plant a slave mark. Just now, she was worried that Gu Changge would make her do things she was reluctant and she wouldn't refuse because of the slave seal.

But Gu Changge didn't and chose to leave directly, which made Tang Wan more or less relieved.

"I'm the Master's slave, does it matter?" Hearing this, Yin Mei smiled casually, with a faint smile on her beautiful and flawless face, which was very touching.

She witnessed the whole process of Gu Changge forcing Tang Wan. Gu Changge didn't let her back away, indicating that he was very relieved about her. This made Yin Mei very happy and she was in a good mood, and the tails behind her couldn't help but sway gently.

"You are the goddess of the Nine-tailed Heavenly Fox Clan. Don't you feel ashamed to say such words?" Tang Wan was shocked, either she felt that Yin Mei was teasing her, or she felt that the slave imprint in Yin Mei's place was even more terrifying than hers.

"That's unfortunate, I'm the Master's private slave. I'm very happy when Master has time to visit me." Yin Mei didn't know what Tang Wan was thinking, but she said with a smile, and she looked very happy.

"You're crazy..." Tang Wan's face was a little ugly, and she planned to think of a way in private, whether she could work with Yin Mei to unlock the slave mark they planted.

But Yin Mei's behavior made her really speechless.

"There is another thing that I should tell Miss Wan, I haven't been planted with a slave mark." Yin Mei said with a smile.

"Impossible... Are you doing this willingly?" Tang Wan was shocked again, and she couldn't believe it.

No slave mark was planted? Then why did Yin Mei address Gu Changge like that? However, Yin Mei did not choose to answer her, and her figure had already left the courtyard.

But this move actually gave Tang Wan an answer in her heart. She couldn't help trembling,

"How many tricks is Gu Changge hiding..." But then, she calmed down and returned to her previous calm.

In order not to show anything unusual.

Tang Wan deliberately waited for her injury to heal before leaving the courtyard with Tang Tian who was unconscious. A group of strong Tang family members were waiting there and were a little anxious and uneasy.

Seeing that Tang Wan was carrying Tang Tian and walked out without any problem, they couldn't help but breathe a sigh of relief.

"Miss, Master Tang Tian, ??is he all right?" A cultivator in the Sacred Realm couldn't help but ask, he was the servant of the Tang family, tall and loyal.

"He's alright, but he might be in a coma for a while." Tang Wan said that Gu Changge took out Tang Tian's soul at that time, and although he didn't do anything, it still had some influence.

"That's good." The servant breathed a sigh of relief, and then couldn't help but ask, "Miss, did you agree to several conditions this time before she let him go? This is too much, it's just too deceiving!"

"Yes! Anyway, now that the young master Tang Tian is safe, we might as well attack them back and let them understand that we are not easy to bully!"

The rest of the Tang family masters also echoed, filled with righteous indignation, and they felt very humiliated.

Tang Wan waved her hand and said, "No need, today's matter has been resolved, and there is no need to mention it in the future. You should bring Tang Tian back to the clan, and tell my grandfather and them that I will be in the Vermillion Bird Ancient Kingdom during this time."

Since the clan didn't believe her this time, she didn't need to hide it anymore and simply revealed all this.

"Yes, miss." Everyone got the order and they quickly left with Tang Tian without hesitation.

Tang Wan looked in the direction of Vermillion Bird Ancient Kingdom and sighed in her heart. Because of the slave seal, she couldn't do anything to betray Gu Changge or damage Gu Changge's interests.

Even if she had this thought in her mind, she couldn't do it. The conflict between Tang Tian and Yin Mei was finally resolved because of Tang Wan's intervention.

Many cultivators who planned to watch the fun were a little disappointed in the end, but people with discernment could see that Tang Wan must have agreed to some conditions of Yin Mei Heavenly Maiden in the end.

This kind of small struggle within the Wan Dao Business Alliance would soon return to calm as if it was just a small ripple in the sea.

Not many people would mention it.

A few days later, inside the Tang family mansion.

The unconscious Tang Tian finally opened his eyes, but if someone took a closer look, they would find that in the depths of his eyes, there were bright golden lines that flashed past.

"Ahhh, my head hurts! Damn it, Yin Mei made me stunned..."

Tang Tian covered his head in pain. But the pain came quickly, and finally dissipated quickly.

"Huh? What is this?" Tang Tian was suddenly shocked.

He found that there were more memories in his mind, and it seemed that he encountered something during the period of coma.

It was just that these pictures were messy and fuzzy as if they contained some supreme meaning.

Vaguely, he could see a vast and boundless world, among which there were palaces and pavilions located in the clouds, and even the gate of heaven seemed to be opened for eternity.

"Opportunity and misfortune depend on each other. Could it be that after encountering danger this time, my opportunity has come..."

Tang Tian was very excited, he had heard a lot of such stories.

After being in a coma, like this, he suddenly learned the art of the Supreme power, and he had heard the book man talk about it. But he really didn't expect that one day it would actually happen to him.

"No, this secret must never be known." Tang Tian firmly suppressed his mood and kept calm. He did not dare to speak out about this kind of thing.

Although he was a playboy, it did not mean that he was stupid.

Along with this ancient and mysterious scene, he found that there seemed to be another cultivation technique in his mind?

What... Immortal Binding Art?

He was completely ignorant of those obscure ancient characters, but that didn't prevent him from knowing the power of this technique.

.....

"Master, are you back?"

In Vermillion Bird Ancient Kingdom's Imperial capital, in a deep palace.

A woman in white was standing outside the hall, her hair was soft, her pretty face was white, glittering, and moving, and she was well-behaved and quiet.

It was Ji Qingxuan who had been waiting for Gu Changge for several days here. Judging from her appearance, one couldn't tell any difference between her and Su Qingge, the only difference was their character.

Ji Qingxuan's mind should be a little more gloomy and cold, while Su Qingge was more quiet and more beautiful. Gu Changge nodded and replied casually,

"I'm back. Did something happen in the Vermillion Bird Ancient Kingdom?"

Ji Qingxuan shook her head, and then said, "No, the young master went to solve the calamity of Heavenly Extinction, the Vermillion Bird Ancient Kingdom is very peaceful, but the Ancient Kingdom of Xuanwu, not far from the Vermillion Bird Ancient Kingdom, seems to have an accident with a genius."

"Oh? The Ancient Xuanwu Kingdom, isn't that the place where Zi Yang Heavenly King and the Six Crown King went?" Gu Changge looked a little surprised.

In fact, when Ji Qingxuan said it, he had already guessed that Su Qingge, as the inheritor of demonic art, found a target during this time. For her, the best place was actually where Zi Yang Heavenly King was.

Chapter 299-2: Chuchu is caught off guard, You cant beat Gu Changge (2)

Zi Yang Heavenly King had a grudge against Gu Changge, and the first person Su Qingge wanted to deal with was Zi Yang Heavenly King. Even if she couldn't kill it, she had to cause him some trouble.

"Well, a few geniuses had an accident, and their origins were all devoured. It seems that the inheritor of demonic art should be hidden in their team." Ji Qingxuan nodded, and her bright eyes were fixed on Gu Changge.

"It seems to be an eventful time. I hope that Heavenly King Zi Yang and the others are all right."

Gu Changge smiled, and soon he didn't take this matter to heart. Speaking of which, he should also do something to Ying Shuang who was on the Zi Yang Heavenly King's team.

Ying Shuang, the Son of Luck, had taken over someone and preserved it for so long. Now it was time to harvest him. Of course, before that, he still needed Ying Shuang to do one more thing for him.

Afterward, Gu Changge returned to the palace, and with a communication talisman, he asked Jiang Chuchu about the source of Absolute Heavenly Extinction.

He was still waiting for Jiang Chuchu to help him find the source of the Absolute Heavenly Extinction that he was looking forward to in his heart. It was just that Jiang Chuchu was very rude even if she answered him with a communication talisman, "I didn't find it."

Her answer was concise. Gu Changge smiled and quickly threw the communication talisman aside without paying attention to it. In an area far away from the territory of the Vermillion Bird Ancient Kingdom.

The gray fog was overwhelming, and many creatures from the shadows were raging here, and the city tribes along the way had already turned to ashes.

Jiang Chuchu's figure stood high in the sky, immortal light floating, bone inscriptions flickering, turned into a terrifying Dao sword, falling from all directions.

Many Absolute Heavenly Extinction beings died tragically, and no one survived. It was different from Gu Changge's mouth that he wanted to solve the calamity of Heavenly Extinction, but he didn't move at all.

From the first day that Jiang Chuchu arrived in the Vermillion Bird Ancient Kingdom, he directly rushed to this place, intending to eradicate these creatures and find the source of the outbreak.

At this moment, she was staring at the communication talisman with bright eyes, and she was flickering with vague anticipation, but after a long time, she did not hear any words from Gu Changge.

This made the look in her eyes dim a lot, but it quickly returned to normal.

The movements in her hands became more and more terrifying, and her swords turned into thousands of paths, falling from the sky, and it seemed that the many ghostly creatures in front of her were regarded as Gu Changge.

But in the next moment, she felt that the communication talisman in the jade hand seemed to light up. Jiang Chuchu's action of strangling Heavenly Extinction creatures stopped for a while.

She looked at the messenger, her eyes a little suspicious. Then, there was the voice of Gu Changge.

"Be careful."

He was equally concise. Jiang Chuchu was stunned, wondering if she had heard it wrong.

Did he care about herself?

She listened to it again, it was Gu Changge's extremely disgusting voice, extremely despicable, and extremely shameless bastard.

Jiang Chuchu felt that her heart was beating very fast, and this sudden surprise caught her off guard.

"Um." Finally, she replied softly.

Her eyes seemed to be sparkling as if starlight was falling into them.

.....

"Thanks to you, Hao'er. Without you, the entire Vermillion Bird Ancient Kingdom would have been wiped out this time."

In the palace, the Vermillion Bird King spoke with emotion, and there was a sigh in his words.

Who would have thought that the ancient kingdoms, which were now facing the disaster, would end up being like the Vermillion Bird Ancient Kingdom, which was a little weaker in national strength and took the lead in resolving the crisis?

Of course, that didn't mean that the scourge of Absolute Heavenly Extinction had been solved.

But it was no longer as imminent as it was in the first few days, and it was extremely uneasy, for fear that the souls of the Heavenly Extinction would rush in and cause the entire Vermillion Bird Ancient Kingdom to fall.

"Father is over-praising, this is what I should do." Chu Hao waved his hands and said with a calm and steady expression.

"I should be grateful. Hao'er has worked a lot these days, so take a good rest."

Vermillion Bird King smiled and said, in a good mood.

Chu Hao nodded in a good mood.

In the past few days, although he had prevented the Heavenly Extinction disaster outside the territory of the Vermillion Bird Ancient Kingdom, he had been paying attention to the affairs of the Hidden Royal family and Supreme Dao Cave.

Although the Hidden Royal family was furious because of the death of Wang Xiao. But in this matter, Chu Hao did not hesitate to offend Gu Changge, but also to protect Wang Xiao's actions, so the Hidden Royal family would have nothing to say and could not find a place to blame him.

But he didn't dare to express any gratitude to Chu Hao. Moreover, someone from the Hidden Royal family even spread the word, saying that Wang Xiao deserved to die, and that his death was not unfortunate...

This act of crossing the river and demolishing the bridge made Chu Hao angry, but he was helpless. Gu Changge's background was so terrifying, even the Hidden Royal family was extremely afraid, and dare not give birth to any thoughts of revenge.

Chu Hao even learned that there was a powerhouse in the Wang family who planned to arrest him and apologize to Gu Changge. If it hadn't been for the intervention of the Supreme Dao Cave, there might have been a powerhouse from the Hidden Royal family coming here.

It didn't matter whether you could arrest him or not, what mattered was your attitude. These things made Chu Hao angry and aggrieved, and he almost pointed at the Hidden Royal family and yelled shamelessly.

In the end, was he being self-indulgent? However, in this matter, Supreme Dao Cave showed an extremely tough attitude, and a message came from the sect to inform Chu Hao that he didn't need to worry about it.

The seniors of Supreme Dao Cave were no weaker than others!

After receiving this news, Chu Hao was also very excited.

"My king, the calamity was lifted this time, and the geniuses of the True Immortal Academy also contributed greatly. I saw that they were all brave, and they were not afraid of death. They blocked many souls in the east."

At this time, an old eunuch next to Vermillion Bird King couldn't help laughing when he heard the words.

It was just that as soon as he said these words, Vermillion Bird King's expression changed, and he was a little angry, and waved his hand, "Don't mention them in front of me."

He could not forget what Gu Changge did that day. Now that there were all confidants in front of him, so naturally, there was no need to show awe.

"Do you really think they are so kind? It's just that the more Heavenly Extinction beings you kill the higher the points, the better it will be for them." Vermillion Bird King said with a sneer.

"But... They did solve a lot of trouble for the Vermillion Bird Ancient Kingdom, killed a lot of creatures from the shadows, and prevented the Kingdom from falling again." The old eunuch was a little stunned and then explained.

"Humph!" Vermillion Bird King snorted coldly, "So what? Without them, Hao'er can still solve this disaster."

Because of Gu Changge, he had no good feelings for this group of arrogant geniuses.

"If it wasn't for the trial of the True Immortal Academy, would they have come here? This is their task. Even if the Vermillion Bird Ancient Kingdom is another ancient country, it is the same for them. So Eunuch Li, you don't need to worry too much."

"Even if Gu Changge leads many geniuses this time, there are not as many Heavenly Extinction beings that he exterminates." Chu Hao also smiled gently and explained, "So, what the royal father said is true, even without them, I can solve this disaster alone."

Just as he was talking, the voice of the guards came from outside the palace.

"Third prince, Miss Wan asks to see you."

"Wan'er?" Chu Hao was stunned for a moment, and then he showed his joy. He didn't care about the Vermillion Bird King next to him and went straight to greet him.

At the entrance of the palace, Tang Wan was standing there with a graceful figure, a fluttering robe, and a smile on her face.

"Why do you have time to come here today?" Chu Hao asked with a smile.

"It happened to be resolved recently, so it took a little time." Tang Wan smiled.

"I know, it's about your brother Tang Tian, ??right?" Chu Hao had also heard about this, and in his opinion, Tang Wan should have been tricked by the so-called Nine-tailed Heavenly Fox.

"This matter has been resolved." Tang Wan smiled and did not mention the matter much.

"That's good, if you have suffered any grievances, you must tell me." Chu Hao said.

Tang Wan was stunned for a moment, Gu Changge's figure suddenly appeared in her mind, she couldn't help feeling fear, and she didn't dare to say anything.

She waved her hand and said, "Brother Chu Hao, don't worry, It's fine."

"That's good."

"Actually, I came here this time because I want to discuss something with Brother Chu Hao." Tang Wan considered her words.

"Oh? What's the matter? Could it be dealing with Gu Changge?" Chu Hao asked, he still had the jade slip that Tang Wan gave him last time, and it clearly listed many geniuses who had hatred and conflicts with Gu Changge.

He subconsciously thought that Tang Wan was here to help him, and had a warm feeling flowing in his heart.

Hearing this, Tang Wan suddenly sighed, and then said, "It's really about Gu Changge... Brother Chu Hao, I think you have to bear with it and wait for this matter to pass. Gu Changge is too strong, I'm worried about you..."

"What?" However, she was interrupted by Chu Hao before she could finish speaking. He couldn't believe it, "What happened to Wan'er? Why would you suddenly say that?"

"Could it be that the Tang family behind you is putting pressure on you?" Some time ago, Tang Wan didn't have this attitude, or did she hear some rumors?

Tang Wan looked at him fixedly, and finally said helplessly, "Brother Chu Hao, you can't beat Gu Changge right now. Is it okay to listen to me if a hero doesn't eat in front of you? Why don't you just endure this humiliation?"

She didn't know what to say either.

At that time, Gu Changge meant that as long as Chu Hao didn't come to provoke and hinder him, he would be too lazy to care. In other words, this matter, in fact, only needed Chu Hao to endure, and it could be solved.

Chu Hao didn't have the slightest advantage in front of Gu Changge.

Chapter 300-1: His face turned green, Can there be anything more maddening than this? (1)

Outside the palace, Tang Wan stood with a worried expression on her face, while persuading him, her skirt was fluttering and her snowy skin was looking extremely lustrous.

Hearing this, Chu Hao was stunned, unable to react for a while. Tang Wan actually persuaded him to bear with it and resolve the matter. He really didn't believe that these words would come out of Tang Wan's mouth.

At that time, she still swore that as long as he united with Gu Changge's enemies, he could find a way to wash away the shame from the last time.

Although Chu Hao was arrogant, it did not mean that he was stupid and would not endure. When encountering an invincible enemy, he would naturally not be reckless.

Gu Changge had a strong background yet it was not enough for him to choose to retreat. Comparing their cultivation, he would soon reach the Supreme Realm. Even if Gu Changge could use the Supreme Weapon, he was only a young junior, and he could not be his opponent at all.

If it was an ordinary man, he would have been angry long ago. But when he heard that from his childhood sweetheart Chu Hao he couldn't. Many thoughts flashed through his mind, and he quickly calmed down, not doubting Tang Wan's purpose.

Because he knew Tang Wan's character very well and knew that she would not harm him. It must be because of the rumors.

"Wan'er, there must be some reason for you to say this. You also know my character. It doesn't matter if you let me endure it, but you have to tell me the reason." He took a deep breath, his eyes were clear, he looked at Tang Wan and asked.

During this time, he was not in the Vermillion King Palace, nor did he know exactly what happened to Tang Wan.

Could it be that Gu Changge noticed something and forced her?

But during this period of time, wasn't Gu Changge also in the land of Absolute Heavenly Extinction, leading the geniuses of True Immortal Academy to kill the beings of Absolute Heavenly Extinction?

Where did he get the time? So, what was the reason?

Tang Wan sighed, standing here, all kinds of thoughts flashed in her heart but she couldn't tell Chu Hao about Gu Changge.

The reason why she told Chu Hao so bluntly just now was because she knew him very well and was not worried that he would get angry by misunderstanding.

"Brother Chu Hao, you have to believe me, I won't hurt you. After you solve the calamity of Heavenly Extinction, you should go back to the mountain gate to avoid it. As long as you don't provoke Gu Changge, he probably won't take the initiative to deal with you." Tang Wan said.

"What happened? Can't you even tell me?" Chu Hao wondered.

Tang Wan shook her head. She had a hard time, so she could only smile bitterly, "Brother Chu Hao, you have to believe me. As for the reason, I can't tell you for the time being."

Chu Hao fell silent when he heard the words. He thought of the Wan Dao Business Alliance behind Tang Wan. Could it be that the Wan Dao Business Alliance noticed what she did?

Then it warned Tang Wan. After all, offending Gu Changge would not benefit the Wan Dao Business Alliance at all. Thinking of this, Chu Hao nodded and said, "I see, I understand. But Wan'er, don't worry, I will soon become the next Palace Master of Supreme Dao Cave. At that time, the forces behind you can't easily force you."

His fists were clenched, and he had big ambitions. The Vermillion Bird Ancient Kingdom started in decline, and because it was weak, it was persecuted by many Dao sects, so after he became Daoist.

He wanted to establish the Supreme Immortal Dynasty, to make people come to worship from all directions, come to court from nine days, and rule the heavens!

In the dark, it seemed that she sensed Chu Hao's great wish. His soul of the Quasi-Supreme Realm suddenly lit up with golden light, from which Chu Hao could see a faint sign.

"What is this?" Chu Hao was a little shocked, seeing a mysterious brilliance appearing above his soul.

Then the mysterious brilliance turned into a weak sparrow. He saw with his own eyes this little sparrow rose from the weak, became stronger step by step, and finally became a python, planning to leap into a dragon and soaring to the Nine Heavens.

Chu Hao felt as if he had become that little sparrow. He was witnessing its growth and transformation. One day, even a sparrow could transform into a dragon.

"What's the matter? This emotion... is it calling me for help?" Suddenly, Chu Hao was startled, his eyes widened, thinking that there must be something wrong.

He actually saw the sparrow's eyes, and Chu Hao's heart was palpitated because of its request and plea for help.

"How can I save you..." He couldn't help asking. But in the next moment, Chu Hao was stunned, and there was a terrifying aura blooming in front of him.

He saw a black knife with an invisible edge falling down. This little sparrow, which was on the verge of transforming into a dragon, had its head cut off directly from it, and the blood spurted like a fountain.

When it dissipated, there was still panic and despair in the sparrow's eyes. Vaguely, through the sparrow's eyes, he saw a vague figure of a young man.

Although the young man had a smile on his face and was as gentle as the wind, there was no trace of warmth in his eyes.

"Gu Changge? What the hell does that mean?" Chu Hao's scalp went numb.

He always felt that the sparrow seemed to be closely related to him. Somewhere, something very important was passing by quickly by his side. Was it destined that Gu Changge would be his arch enemy?

"Brother Hao, what happened to you just now?" Soon Tang Wan's voice made Chu Hao recover from his daze. He looked at Tang Wan and didn't know what to say for a while.

"Brother Hao, think about it for yourself, and I'll leave first." Seeing this, Tang Wan sighed and knew how to decide to look at Chu Hao. It was difficult for her to control his choice.

Then Tang Wan said goodbye and left, but this time she did not need to use a spatial divine weapon to leave like before, but she left directly from the gate of the palace.

This scene made Chu Hao frown, and a little puzzled. He knew Tang Wan's character very well, and she was very cautious in dealing with the world.

Earlier, she was super careful, whether she came or left, she would use the spatial divine weapon and would not go through the gate of the palace, just because she was worried that Gu Changge's people would notice.

It was impossible for her to ignore this incident because she was careless. This only showed that Tang Wan felt... no need to cover up and could come to see him calmly.

"What's the problem? Wan'er is mysterious today, she looks like she has some troubles, and she refuses to tell me." Chu Hao had a bad feeling in his heart, thinking like this.

In the next moment, he suddenly made a decision. With his Quasi-Supreme cultivation base, he would follow Tang Wan in secret, so she would not be able to find out.

If it was before, with Chu Hao's character, he would not have been able to do such a secret follow-up. But today, Tang Wan's performance really made him suspicious and uneasy. It was obvious that she was hiding something from him and refused to tell him.

"I'm sorry Wan'er, I did this for your own good."

Buzz!!

Thinking like this, Chu Hao's expression had returned to calm. With one step, his figure disappeared directly into the void, closely following Tang Wan who was leaving in front of him.

But what made Chu Hao a little relieved was that after Tang Wan left the palace, she did not go anywhere else, but returned to the commercial building, which was the property of the Wan Dao Business Alliance.

"Could it be that I was thinking wrong?" Chu Hao breathed a sigh of relief and was about to leave, but his expression soon became stagnant, and the figure hidden in the void was almost unable to hide.

Because he swept through his spiritual sense and found that Tang Wan was leaving from the back door of the business building, heading in another direction, where a large pavilion and palace tower were located, which looked extremely majestic and tall.

It was the place where all the geniuses of True Immortal Academy were temporarily living. When they first came, the Vermillion Bird King specially arranged for them to stay there in order not to offend them.

"Wan'er is in a hurry? She doesn't look good? What's wrong? How could she be in a place like this?"

Usually, it was absolutely impossible for Chu Hao to come to such a place. Because he couldn't stand the high-pitched faces of this group of young geniuses. But now, he had to step into that area.

Chapter 300-2: His face turned green, Can there be anything more maddening than this? (2)

With his Quasi-Supreme cultivation, Chu Hao didn't believe that anyone here could easily find his trace.

"Why? Why did Wan'er come here to see Gu Changge?" But soon, Chu Hao's consciousness swept away along with Tang Wan and he discovered the figure in the pavilion that he hated so much.

He couldn't help being stunned, his expression changed drastically, and he couldn't believe it.

After Tang Wan left his place, she actually came here to see Gu Changge. A nameless fire was born in Chu Hao's heart, and he subconsciously wanted to show up, shout aloud and ask.

But reason told him.

Now was not the time to appear, judging from Tang Wan's ugly expression just now, she should have come here as a last resort.

"Damn, it's definitely the family behind Wan'er who forced her to rush here to see Gu Changge. Businessmen seek profit. The forces behind Gu Changge are unimaginable. The Tang family will definitely not give up such a good opportunity at this time."

Chu Hao's complexion changed rapidly, he quickly figured this out and forcibly suppressed his anger.

He wanted to see what Tang Wan was hiding.

.....

Cloudy Building, located deep in the east of the Vermillion Bird Imperial Capital, was a pavilion built by the Wan Dao Business Alliance.

It was usually used to entertain distinguished guests. This building was 33 stories high and was usually not open to the public. It was resplendent and magnificent.

On the top floor, when Tang Wan came over with a complicated expression, Gu Changge turned her back to her and was writing something, as if she hadn't noticed her coming.

It was the woman in white beside Gu Changge who caught Tang Wan's attention. If it wasn't for her, how could it have attracted the conflict and contradiction between Gu Changge and Chu Hao?

This look was really a disaster for the country and the people. Tang Wan didn't know what Gu Changge was looking for, so she didn't speak.

In front of the white-clothed woman, asking her to call Master Gu Changge, she really couldn't say it.

"You don't have to call me that in front of people. But I thought you would go back to the Tang family directly and choose not to show up. It seems that you still care a lot about Chu Hao."

"Don't worry, I said that I will not make a move as long as Chu Hao doesn't come to provoke me, I will not bother to pay attention to him. Otherwise, you should know that if I want to kill him, it will be as easy as killing an ant."

Gu Changge finally spoke at this time, but he still didn't look back, he was still writing something, and his words were very understatement.

Chu Hao didn't take it to heart. Tang Wan was silent, standing there, not knowing how to answer.

Gu Changge didn't let her address her Master directly, which made her feel more or less relieved. This kind of addressing was really awkward and shameful.

Of course, Gu Changge was also right. If she didn't care about Chu Hao, why would she come to remind him? But now Chu Hao was still hesitating and had not made a decision.

What did Gu Changge mean? Where did he get the confidence to trample me to death at will?

Chu Hao, who was hiding in the dark, naturally heard these words. Deep anger suddenly rose in his heart. Since when was he so arrogant and despised?

But Tang Wan didn't even defend him. From this, he also knew why Tang Wan tried to persuade him to endure it. Although Tang Wan had good intentions, Chu Hao still felt very uncomfortable.

Why did she feel that he couldn't beat Gu Changge? Why did he have to endure it?

"It seems that Wan'er was really persecuted by the family behind her, but I don't know what role Gu Changge played in this incident."

Soon, Chu Hao suppressed his anger, not ready to startle the snake, knowing Tang Wan's difficulties. He was also relieved, and the unease that he had worried about Tang Wan betraying him before was completely dispelled.

"Gu... Gu Changge, are you serious?" In the pavilion, Tang Wan didn't know that because of her own small negligence, Chu Hao came and was hiding in the dark.

When she heard Gu Changge say this, she couldn't help but see hope in despair. She didn't know what Gu Changge wanted her to come here for, but after thinking about it, what plan could Gu Changge have for Chu Hao?

She really couldn't think of it.

"Do you think it is necessary for me to care a little about Chu Hao?" Gu Changge smiled and said casually, without looking back, and he was still writing his own stuff.

"I promised to persuade Brother Chu Hao to let him let go of this grievance. If possible, it's actually best to meet each other with a smile and forget about the grievances..." Tang Wan nodded and said.

"No, I'm not looking for you for this kind of thing. What if he has a grudge against me? Do I need to care?" Gu Changge interrupted her and smiled lightly, "You are a little too self-righteous."

Tang Wan's expression was stagnant, and she was silent. After seeing Gu Changge's terrifying methods, she understood that such words were not false.

Gu Changge didn't need to take Chu Hao to heart, no matter whether it was his strength or background.

"Gu Changge is too arrogant to have such an attitude! One day, I will make him regret it!"

Seeing this scene, Chu Hao, who was hiding in the dark, had an ugly face, and couldn't help clenching his fists.

If it weren't for his strong state of mind, he probably would have exposed his own Quasi-Supreme pressure. His heart was burning with anger.

Gu Changge's despised and indifferent attitude made Chu Hao very aggrieved and angry, especially in front of Tang Wan.

If Gu Changge said this in front of ordinary people, he would at most smile disapprovingly, feeling that the other party was blind and would not take it to heart.

But it was in front of Tang Wan, which made him feel that he was also looked down upon by Tang Wan. As a man, how could he bear it?

However, Chu Hao endured it in the end. He didn't want Tang Wan's painstaking efforts to go to waste. At this time, he suddenly appeared and shot towards Gu Changge. Not to mention whether he would succeed or not, then the Vermillion Bird Ancient Kingdom behind him and the Tang family behind Tang Wan would definitely be in a sea of fire and usher in a terrifying catastrophe.

"Then Gu... Gu Changge, why are you looking for me?" After hesitating for a while, Tang Wan was a little puzzled and asked again.

Hearing that, Gu Changge put down the pen in his hand, turned around, didn't answer, and just smiled casually,

"After writing for a long time, my neck is still a little sore." Seeing Tang Wan's expression change slightly.

Gu Changge still calmly said, "The Tang family's situation in the Wan Dao Business Alliance is not good now."

Tang Wan looked at him suspiciously, not understanding why he suddenly mentioned this. However, Gu Changge did not continue to talk about this topic, but changed the subject and said, "Actually, it's not a big deal. For the sake of your good looks, I want you to help me warm the bed tonight."

Tang Wan's expression changed suddenly, if an ordinary person dared to say such a thing, she would have chopped him to pieces by her hands.

But right now, it was Gu Changge, and she had been planted with a slave imprint. There was sudden panic and unease in her heart.

"Maybe in the future, I can consider adding a concubine or something..." Gu Changge was still smiling calmly.

"Damn, Gu Changge, it's so deceiving..." Chu Hao, who secretly heard this, even though he had been practicing Dao for many years and his mood was stable, couldn't help but feel that his complexion turned green at this time.

His murderous aura was boiling, and his hatred was shattering. At this time, he didn't care about the consequences, and he was about to appear and take Tang Wan away. But then Gu Changge spoke again, still calmly saying, "Of course, I am joking, I have no interest in you at all."

"However, the sore neck is real." He smiled intriguingly.

Hearing this, Chu Hao, who was about to attack, suddenly stopped, his face was uncertain and changed several times. His teeth were almost crushed, and he had never hated a person so much.

Tang Wan's complexion also changed several times, she was not stupid, so she could hear the meaning of Gu Changge's words. It was nothing more than wanting to humiliate her and make her do the work of a maid.

Sore neck? How the hell could a cultivator get a sore neck?

But the situation was stronger than people, and she had to give in despite her reluctance. Because she didn't know that after angering Gu Changge, the things he just said would come true.

Concubine? If the Tang family behind her heard about this, they would probably become eager to do so.

"Hateful..." Seeing that Tang Wan was unwilling and walked towards Gu Changge while gritting her teeth, Chu Hao, who was hiding in the dark, couldn't stand it any longer.

His figure quickly disappeared, but the hatred and grievance in his heart could no longer be described as monstrous.

Hateful!

Seeing the woman he loved being used as a maid in front of Gu Changge with his own eyes, yet he did not dare to stop it?

Was there anything more maddening than this in this world?

At this moment, Chu Hao could not wait to slash Gu Changge with a thousand swords, smash his body into ten thousand pieces, smash his bones into ashes, and destroy his body and spirit!

Only then could he solve this kind of hatred!
