### Chapter 321-1: The purpose of displaying the intention, Just the right stone for sharpening (1)

"Misunderstand?"

To be honest, hearing Gu Changge speak, Liu Ziyang was completely stunned. She always felt that Gu Changge's invitation was to inquire about Zi Yang Heavenly King, so she said these words without hesitation.

Judging from the contact just now, Gu Changge didn't seem to have any plans for her either. But now he suddenly said that all of this was a misunderstanding.

Was that so?

"Young Master Changge, why did you say this? Didn't you want to ask about Zi Yang Heavenly King's whereabouts?"

Liu Zi Yan frowned and couldn't help asking.

Gu Changge rubbed the white jade teacup lightly, his smile undiminished, "Of course not. I actually knew about Zi Yang Heavenly King for a long time, and his whereabouts will be known sooner or later. Now I only invited the Holy Maiden Zi Yang for tea."

Liu Zi Yan still was suspicious.

But Gu Changge smiled and said in a gentle and elegant voice, "You are too cautious."

"Of course, you also know that in order to protect Zi Yang Heavenly King, Purple Mansion would rather offend many Dao forces than hand over his whereabouts. And you are the Holy Maiden of Purple Mansion, if Zi Yang Heavenly King encounters something, he will definitely contact you as soon as possible."

Liu Zi Yan was silent when she heard the words, Gu Changge was right, the incident in the Ancient Xuanwu Kingdom was something that Purple Mansion took very seriously.

Even in this situation, Zi Yang was still under the protection of Purple Mansion, with a posture that they would rather fight against the rest of the Dao forces for Zi Yang Heavenly King. Although she was a Sacred Realm cultivator and her father was the Patriarch of Purple Mansion, she was still not as highly valued as Zi Yang Heavenly King.

"I think that Holy Maiden Zi Yang is smart, she should know how to do something like digging one's own grave in Purple Mansion." Gu Changge then took a sip of tea, squinted his eyes, and smiled again.

"Dig your own grave?" Liu Zi Yan was stunned for a moment, muttering these four words to herself.

"Yeah, it's indeed digging one's own grave."

In her opinion, if Zi Yang Heavenly King was really connected with the inheritor of demonic art. And Purple Mansion still wanted to protect him, which would definitely cause public anger.

Even Emperor Mountain broke contact after learning that Prince Ying was the real inheritor of demonic art, and claimed that Prince Ying had been expelled from the mountain gate, for fear of getting into any trouble.

This level of attention was evident. The enemy of the entire world was not just talking. If Purple Mansion insisted on going its own way, it was very likely that they would face a situation of making enemies all over the world.

Emperor Mountain was now sad and had nowhere to vent its anger. They just needed a justified opportunity, not to mention that there were hidden enemies of Purple Mansion just around the corner. Before, she felt that Purple Mansion's handling was inappropriate, but now with Gu Changge's persuasion, she felt more and more that something was wrong.

If Purple Mansion continued to act like this, it might be on the road of destruction.

"I actually know what young master Changge intends, but even as the Holy Maiden of the huge Purple Mansion, there are actually very few people that would listen to me. Even if the pros and cons are explained, it will not make much difference."

Liu Zi Yan sighed, feeling a little helpless as she turned to stare at Gu Changge with bright eyes, "I would like to ask Young Master Changge to give me some advice."

Although she and Zi Yang Heavenly King had met many times, he had even instructed her, and knew the path of their Dao. However, with Gu Changge's statement, Liu Zi Yan's belief that Zi Yang would not be associated with the inheritor of demonic art began to waver.

Liu Zi Yan was born extremely beautiful, with black hair like a waterfall that could reflect light, and a waist like a willow. Even with a veil, her skin looked like snow, carved from flawless suet and jade.

At this moment, staring at Gu Changge like this, her eyes did not blink, and her face became more and more beautiful. If an ordinary young genius was looked at like this, he would have been unable to bear it, but Gu Changge did not.

His eyes were calm, and he didn't waver. He just smiled and said, "I can't talk about advice. Miss Zi Yang is thinking about the future of the Purple Mansion, and I am thinking about the inheritor of demonic art. In fact, we are not in conflict."

Liu Zi Yan nodded, "Young Master Changge cares about the world, and Zi Yan admires it."

"The tea is getting cold." Gu Changge pointed to the teacup in front of her.

Liu Zi Yan shook her head, "I am not in a hurry to drink, Young Master Changge's words have disturbed Zi Yan's appetite at this time."

She knew that there was a grudge between Gu Changge and Zi Yang Heavenly King, no matter what the reason was, Gu Changge would not easily let him go. And Gu Changge obviously had some way to force Zi Yang Heavenly King to appear.

But he just didn't say it, he invited her to come for tea, and let her notice the danger of this matter, and was worried about her. This made Liu Zi Yan annoyed for a while, feeling that Gu Changge did this on purpose.

But being a Holy Maiden, she was naturally aloof and gentle, so she didn't say much at this time.

However, Gu Changge did not intend to explain, just smiled and said, "Okay, since you say so then let it be so. For the next period of time, I hope that the Holy Maiden Zi Yang can stay here. Of course, I will tell the outside world that you have been taken under house arrest by me."

"House arrest?" Liu Zi Yan glanced at him with a strange look in her eyes. When she first came here, she really had the idea of being under house arrest by Gu Changge.

But now Gu Changge had made tea and even treated her with courtesy and politeness. This transformation made her feel very strange and uncomfortable. And Gu Changge actually planned to claim that she was under house arrest?

What was this for? Was it to let Purple Mansion and the outside world see it? Liu Zi Yan couldn't figure it out.

"Young Master Changge, can you tell me the reason?" Liu Zi Yan was puzzled.

"Is the reason important? Could it be that the Holy Maiden Zi Yan really don't want to be placed under house arrest by me?" Gu Changge smiled and looked at her.

Liu Zi Yan was silent, feeling that Gu Changge's actions and thoughts were really unpredictable. This made her feel very helpless. She knew that Gu Changge was not a good person, but she just couldn't hate him.

He even wanted to help her find the trace of Zi Yang Heavenly King, which made her teeth itch. However, what Gu Changge said was true, the two people's positions were actually the same. Seeing that Liu Zi Yan didn't say more, Gu Changge didn't say anything more and sent someone to send her back.

His goal had almost been achieved, the current Patriarch of the Purple Mansion loved a daughter like Liu Zi Yan very much. Now, although Purple Mansion was extremely strong, and intended to protect Zi Yang Heavenly King, that was only because the voices of opposition had been suppressed.

Liu Zi Yan was not stupid, she knew what would be beneficial to Purple Mansion. She would definitely find a way to contact the Patriarch of Purple Mansion, to show her own views and many pros and cons.

And the Patriarch of Purple Mansion knew that his daughter would more or less likely cast a finger on Gu Changge, and would seriously consider Liu Zi Yan's words. As long as there was a slight sign of splitting in the Purple Mansion, for many outsiders, it would be like smelling blood, and they would swarm away in an instant.

And this was one of Gu Changge's goals.

Once Zi Yang Heavenly King no longer had Purple Mansion's support behind him, it was just a matter of Gu Changge's words to kill him. Secondly, if Purple Mansion insisted on protecting him.

Then Gu Changge didn't mind showing his minions, not the Ancient Immortal Gu Family and other forces behind him, but the many means he left behind in the Ancient Immortal Continent.

The Upper Realm had been quiet for too long. In fact, Gu Changge knew that Yue Mingkong was secretly training Immortal Guards. After all, the training method came from him.

He didn't have to think too much to know that it was something that Yue Mingkong got from him in her previous life, or that he taught her personally in his previous life. At that time, as long as he said a word, Yue Mingkong would definitely hand over the control of these Immortal Guards to him. Gu Changge had no doubts about this.

He was waiting to use Purple Mansion to test the strength of this power for him, and the effect of this whetstone was just right. After developing for so long, Gu Changge also intended to show his edge to the Upper Realm.

The imminent birth of the Demon Burying Abyss, the appearance of the Heavenly Extinction Imperial Court, the appearance of the Demon World Realm, the Immortal Palace's secret storage of the Seven Heavenly Artifacts... All these signs indicated that the situation in the Upper Realm would only become more complicated.

Gu Changge had bigger ambitions. No matter how high his momentum was now, he could hardly find a rival among the younger generation. But in the eyes of those Immortal sects and Supreme Daoists, he was still just a junior, and was not worthy of attention.

Just like the inheritor of demonic art, there was a lot of uproar before, and many geniuses died tragically, but many Dao traditions and Great sects still didn't care.

It was not until this time that Prince Sheng of the Emperor Mountain was brutally murdered, and even Gu Changge was "severely injured", that many Dao forces noticed.

The inheritor of demonic art, they didn't care about before, had actually developed to this level. This incident caused panic among many people, but the situation was not chaotic enough.

Then, a piece of news spread in the Ancient Xuanwu Kingdom, causing a huge sensation, and all geniuses and monks were shocked. The area where all the disciples of the Purple Mansion were located was now empty and very quiet.

### **Chapter 321-2: The purpose of displaying the intention, Just the right stone for sharpening (2)**

A cultivator was curious and went to inquire, and only then did he know that not long ago, even with the Holy Maiden of Purple Mansion, everyone from Purple Mansion was taken away by a group of terrifying geniuses.

Many people recognized that group of geniuses, who were followers of Gu Changge.

Soon, the news about the Holy Maiden of the Purple Mansion which was also spread by Gu Changge's followers, caused an uproar.

"What? The Holy Maiden of Purple Mansion was taken away by Young Master Changge and was placed under house arrest... Is Young Master Changge taking the opportunity to provoke Purple Mansion?"

Some geniuses' eyes widened, and they were unable to believe this. Some people also expressed disbelief, thinking that this kind of thing was too incredible and too reckless.

"This is absolutely true. Except for the Holy Maiden of the Purple Mansion, the rest of the disciples of the Purple Mansion were also taken away. I saw it with my own eyes at the gate of the palace..."

A cultivator swore an oath and said what he saw with his own eyes. He still remembered the unpleasant face when the Holy Maiden of the Purple Mansion was taken away.

"Really, it seems that Young Master Changge even put the Holy Maiden of Purple Mansion under house arrest in order to find out the traces of Zi Yang Heavenly King."

Everyone was shocked and deeply astonished, but the Holy Maiden of Purple mansion represented the face of Purple Mansion. Being directly taken away by Gu Changge's followers with a large audience was too disrespectful to Purple Mansion, and it was no different from hitting Purple Mansion in the face.

Of course, considering that Gu Changge sent someone to do this, many people suddenly realized that apart from him, not many people had the courage to do so.

However, some people suspected that in the face of such a provocation, Purple Mansion would probably not care, after all, they wanted to protect Zi Yang Heavenly King to death.

The Holy Maiden of the Purple Mansion was only under house arrest, what could happen?

Unless Gu Changge really intended to kill the Holy Maiden of Purple Mansion, but if that was the case, then what was the difference between him and the so-called inheritor of demonic art. As the almost recognized leader of the younger generation, it was impossible for Gu Changge not to cherish such feathers.

What happened next really confirmed the guesses of many cultivators. Regarding the matter of the house arrest of their Holy Maiden, the Purple Mansion did not care at all, and even some Elders personally spoke out, hoping that the young master Changge would entertain their Holy Maiden well.

Such a shameless attitude caused an uproar.

Whether Purple Mansion knew about the traces of Zi Yang Heavenly King or not, let alone the tough attitude of protecting Zi Yang Heavenly alone, many geniuses were shocked.

However, Purple Mansion only spread such words, and did not take any substantive actions. After all, it was a matter for the younger generation. If the older generation intervened rashly, it would lead to an unknowable and terrible situation.

And the younger generation couldn't find anyone who was Gu Changge's opponent, so they simply started to have thicker skin and more shameless than anyone else. They were also cautious, knowing that their words were untenable.

But with these words, it meant that they were determined to protect Zi Yang Heavenly King. Liu Zi Yan was now in Gu Changge's hands and they didn't care at all.

Regarding Purple Mansion's answer, Gu Changge's answer was also very simple, saying that he would take good care of the Holy Maiden of Purple Mansion.

It was just that there was no guarantee that the next time the Holy Maiden of Purple Mansion would return, would she give the Patriarch of Purple Mansion a big surprise and make him a grandfather or something.

Such a statement caused a huge sensation in an instant. Many people were stunned and their eyes were about to fall out. Unexpectedly, Gu Changge was really acted like tit for tat. Since Purple Mansion didn't even give him face, they knew that Zi Yang Heavenly King kidnapped Qing Xiao Yi, but they still wanted to protect Zi Yang Heavenly King.

Gu Changge simply put their Holy Maiden under house arrest, and claimed to surprise the Patriarch of Purple Mansion. This made a lot of geniuses feel ashamed, they would not dare to say such words anyway.

"Is this Gu Changge's plan? Zi Yang Heavenly King is nowhere to be found, and he doesn't know where he is hiding."

"Just according to what Purple Mansion has done, it is impossible to care about this matter. Zi Yang has Hongmeng Dao bone, which is a rare talent since ancient times. Although he was defeated by Gu Changge, as long as he breaks down and stands up, his cultivation is bound to increase by leaps and bounds."

"Purple Mansion has always had great ambitions and plans to go further, and Zi Yang Heavenly King is their hope..."

In the mansion of the Six Crown Prince, he stood with his hands behind his back, looking at the area where Gu Changge was located, showing his thoughts, and then shook his head.

"Is this what Brother Changge meant?"

In the other mansion, Ying Yu, who looked tall with silver hair like a waterfall, was holding a letter in her hand with a surprised face. It was a letter sent by Gu Changge.

She quickly read the contents of the letter and frowned. And her expectations were good, because Gu Changge got a lot of news and clues about Zi Yang Heavenly King.

"Heavenly King Zi Yang worked together with the inheritor of demonic art to kill Prince Sheng. Having Brother Changge taking the lead, it saved me a lot of trouble."

After reading it, Ying Yu clenched her hands tightly and felt cold. Now that Prince Ying and Prince Shen were not around, she naturally became the first descendant of Emperor Mountain.

Many things were left to her to handle.

"Purple Mansion is protecting Zi Yang Heavenly King and is insisting on going against me. It's really hateful, and I have to teach them a lesson."

During this period of time, Ying Yu was also filled with depression and anger, and Emperor Mountain became the object of ridicule by everyone. As a successor, she was naturally ridiculed and discussed.

Later, Ying Yu sent the news back to the mountain gate and asked about the plans of those ancient existences of Emperor Mountain. At the same time, she also intended to call out the followers left by Emperor Ying, and visit Purple Mansion to seek justice.

For a time, the small place of the Ancient Xuanwu Kingdom also became turbulent and was no longer calm. Every day, cultivators with a strong aura could be seen coming from all over the place.

The high-ranking people of the Ancient Xuanwu Kingdom even tucked their tails and shrank in their own territory.

At this moment, on the mountains outside the Ancient Xuanwu Kingdom.

Gu Xian'er's figure appeared here, her clothes were fluttering, and she looked cold and aloof. At a glance, she was as cold as ice, making people dare not approach. On her shoulders, a big red bird dropped its wings, but its eyes were earnestly searching for all parties.

"Dahong, you have to help me look carefully, this matter is very important to me."

Gu Xian'er opened her mouth and said to the big red bird on her shoulder, although she didn't know where Zi Yang was hiding, she believed that it was definitely not far from the Ancient Xuanwu Kingdom.

If she searched carefully, she would be able to find it. Because Zi Yang Heavenly King could not run too far at this time, the so-called most dangerous place was the safest place.

Unless Zi Yang Heavenly King changed his appearance in the future, he wouldn't want to stay in Ture Immortal Academy. The abduction of Qing Xiao Yi was inseparable from him.

Gu Changge was now injured and couldn't act very well. If she could find Zi Yang Heavenly King, it could save him some trouble. With this thought in mind, Gu Xian'er called the big red bird.

Because it had a special talent for finding, whether it was a hidden cultivator, various treasures, opportunities, etc., it could not escape its eyes.

"Quack....." Suddenly, the big red bird screamed, and those eyes suddenly lit up.

"Did you find any clues?" Gu Xian'er was a little surprised, she followed its gaze, but her expression was stiff.

Between the cliffs of the mountain peaks, a blue-and-red, star-like plant was exuding a splendid brilliance, which was very magnificent and strange.

"I asked you to find someone, who asked you to hunt for treasure." Her words were a little resentful, how could such an unreliable big red bird be her guide. Hearing this, the big red bird gave her a disdainful look.

"I don't want it, no one can find it, I don't want any precious divine grass..." Gu Xian'er shook her head, her face a little sad.

"This is... Starfire plant..." But soon, she took another look, couldn't help but exclaim slightly, she became very surprised, and her beautiful eyes also lit up.

Only then did she notice that under the plant, there was a small stone spraying colorful rays of light. Gu Xian'er's figure flashed, and she hurriedly swept away. She was about to pick it off, and she felt a little melancholy.

She was so lucky. She didn't find what she was searching for, but she couldn't notice the Starfire plant for so long.

However, Gu Xian'er didn't notice it.

Behind an ancient tree in the distance from her, a man with a medium stature and an ordinary appearance was watching her go away with a complex face, without any movement.

It was the Senior brother Qin Wuya who returned from Nine Heavens, and also the Senior brother of Gu Xian'er in her previous life.

### **Chapter 322: Feeling a little dizzy, Zi Yang Heavenly Kings little calculation**

After Gu Xian'er picked the Starfire plant, she turned into the divine light and left this place, ignoring Qin Wuya who had been watching her from a distance.

"With such a personality, although it is very similar to Junior Sister back then, there are still some differences."

And Qin Wuya also sighed deeply, his figure emerging from behind the ancient tree as he withdrew his eyes, and did not take the initiative to recognize each other.

Although he now had the water of Reincarnation Lake in his hand, he could help Gu Xian'er to restore the memory of her past life. But suddenly showing up without telling his origin would definitely arouse Gu Xian'er's suspicion.

If he tried to force Gu Xian'er to drink the water from the Reincarnation Lake, it would be somewhat inconsistent with his behavior. Not to mention that Gu Xian'er had a good cultivation base and looked like she had a lot of tactics. If he really wanted to suppress her, he would probably have to waste some effort.

That was not worth the loss.

And Qin Wuya came here just to find the hiding place of Zi Yang Heavenly King, and didn't want to cause other troubles. Therefore, he watched Gu Xian'er leave secretly.

At that time, after seeing the reincarnation of his former Dao Companion in the Vermillion Bird Ancient Kingdom, Qin Wuya was very excited and planned to go to the Ancient Xuanwu Kingdom to find his apprentice and brother.

With the status of Zi Yang Heavenly King, it should not be difficult to find out the identity of that woman. As long as he knew the identity of the woman, it would be much easier for him to find a way to recognize her.

Unfortunately, the idea was very good, but the real situation made Qin Wuya stunned and unbelievable. Qin Wuya really did not expect that after arriving in the Vermillion Bird Ancient Kingdom, he did not find Zi Yang Heavenly King.

On the contrary, he heard that Zi Yang Heavenly King and the inheritor of demonic art had united and kidnapped the girl with the Immortal body. He even killed a group of young geniuses in the land of Absolute Heavenly Extinction, and almost killed Gu Changge in it.

This incident shocked him immensely. He never expected that such a thing would happen not long after he rushed to Reincarnation Lake. In the beginning, Qin Wuya didn't believe that his Junior brother would do such a thing with his character.

Because when he was in the sect, Zi Yang Heavenly King was relatively weak and timid, and he was often bullied by other disciples, and it was he who helped him find justice.

With such a character of Zi Yang, how could he be able to do such a thing to kill geniuses, and among them, Prince Sheng, the descendant of Emperor Mountain, even died tragically.

However, Qin Wuya was not very sure of his own thoughts. After all, after so many years, people would change. Like his Junior Zi Yang, who hated Gu Changge so much, he naturally wouldn't miss such an opportunity to put him to death, even if it was to cooperate with the inheritor of demonic art.

Afterward, he couldn't find traces of Zi Yang Heavenly King, but all the other news and rumors confirmed his conjecture. These kinds of things made Qin Wuya fall into deep suspicion, and he felt more and more that this matter was inseparable from Zi Yang.

But soon, fortunately, Zi Yang Heavenly King took the initiative to send someone to contact him and guessed that he had left Reincarnation Lake and rushed to the Ancient Xuanwu Kingdom.

Therefore, Qin Wuya came all the way here, looking for Zi Yang to meet and discuss the next thing.

"I hope this matter has nothing to do with my Junior brother. It seems that the inheritor of demonic art is very hard to deal with. If you seek skin from a tiger, you must plan to be swallowed by a tiger."

Qin Wuya sighed slightly in his heart, his figure moved, and he rushed to the place that he had decided with Zi Yang Heavenly King. In their era, they hadn't heard anything about the inheritor of demonic art.

The inheritor of demonic art seemed to have only appeared in later generations, and all the cultivators and geniuses were afraid of what to do. Even those Great sects that were immortal and stood upright were shunned by the inheritor of demonic art like snakes and scorpions, and would not allow them to grow up.

If Zi Yang Heavenly King cooperated with such a person, he might be killed by him at some point. Soon, in the seemingly quiet and desolate ruins ahead, Qin Wuya sensed strange fluctuations, and with his vision, he could easily recognize that these were some hidden formations.

And the method was very clever, even if a Supreme being was not paying attention, it would be concealed. However, it couldn't be hidden from his eyes. "Junior Brother Zi Yang."

At the entrance of the ruins, Qin Wuya took the initiative to speak and shouted inside, while his Spiritual sense was looking behind him to prevent anyone from following.

"Elder Brother is finally here." Upon hearing Qin Wuya's words.

In the depths of the ruins, a purple-robed man who was sitting cross-legged and cultivating suddenly became excited, then hurriedly got up and came to meet Qin Wuya.

"Junior Brother Ziyang, are you all right?"

Qin Wuya looked at Zi Yang Heavenly King, slightly relieved, and asked with concern.

"I'm fine. Senior Brother is here, so I'm relieved." Afterward, Qin Wuya and Zi Yang Heavenly King chatted for a while, Zi Yang smiled as he was relieved, and the anxiety in his heart was finally put down.

In his eyes, Qin Wuya was his backbone. No matter what happened, as long as his Senior brother was there, it could be solved. Like the frame-up incident that happened this time, the same was true.

"Junior brother, what's going on? I've heard too many rumors." After that, Qin Wuya frowned, went straight to the point, and asked.

Zi Yang Heavenly King didn't hide anything, he told the truth about everything he knew, and he didn't hide it at all. Including how he hunted down the inheritor of demonic art, was inexplicably framed by others and became an accomplice of the inheritor of demonic art who kidnapped Qing Xiao Yi.

He told the ins and outs of this matter, without leaving out a single thing.

"The person who framed you really has a vicious plan, and it is flawless and perfect."

Qin Wuya had a lot of knowledge. After listening to this, he couldn't help but gasp, his back was full of cold air, and he was shocked and a little scared. One link after another, all of the paths were dead ends.

No wonder Zi Yang Heavenly King was so embarrassed and hid here.

"If it wasn't like this, how could I be like this now?" Zi Yang Heavenly King smiled bitterly, but there was more anger and hatred on his face.

"Then Junior brother, do you know who is framing you?" Qin Wuya asked in a deep voice, "Could it be the Six Crown King, I heard rumors that he was the first to know that you kidnapped Qing Xiao Yi?"

Hearing this, Heavenly King Zi Yang was also stunned. The person he suspected the most was actually Gu Changge. But he wasn't sure. When he used his immortal eyes to spy on the fragments of the future, he wanted to know what would happen to him in the future.

Although he saw Gu Changge's figure at that time, it was not enough to show that all this was because Gu Changge was plotting against him. Moreover, in the land of Absolute Heavenly Extinction, Gu Changge was seriously injured and almost died at the hands of the inheritor of demonic art.

In Zi Yang Heavenly King's view, the Six Crown King was actually more suspicious. After all, when all that happened at that time, the Six Crown King was in the Ancient Xuanwu Kingdom.

Moreover, the two of them had no grievances, and there was no evidence, so why would the Six Crown King categorically kidnap Qing Xiao Yi?

All of this couldn't be explained. Secondly, there was another person, that mysterious inheritor of demonic art! Soon, Zi Yang revealed all the three people he suspected, intending to see what Qin Wuya thought.

"I see, Junior Brother, don't worry, I will do my best to help you."

Qin Wuya nodded with a heavy expression on his face. Before this matter came to an end, he couldn't say who was framing Zi Yang.

"By the way, Senior Brother, can you do me a favor? I know that your cultivation is strong, so there should be no problem with this."

At this moment, Zi Yang suddenly thought of something and said, with some anticipation on his face.

"Junior Brother, please speak." Qin Wuya nodded.

"Now, because of the fact that the Holy Maiden Zi Yan was arrested by Gu Changge and placed under house arrest, there is now a split within the Purple Mansion, and many Elders have begun to favor the side of the Patriarch." Zi Yang said.

"So... you want me to take action and rescue Zi Yan, right?" Qin Wuya was surprised when he heard the words, this kind of thing was not too difficult for him.

He only had to sneak into the palace where Gu Changge was located, without getting noticed. Although Gu Changge's strength was strong, it was nothing compared to him who had lived in the Nine Heavens for hundreds of years.

In the eyes of outsiders, he was only in the Heavenly God Realm, but Qin Wuya was not very clear about his true strength.

"Thank you, brother."

Zi Yang Heavenly King was overjoyed when he heard the words. In fact, he still had his own little calculation, and he didn't say anything. For Liu Zi Yan, the splendid lady of the Purple Mansion, he actually had a lot of possessiveness in his heart.

In the beginning, several old monsters of Purple Mansion had personally promised that after he took charge of Purple Mansion, they would give Liu Zi Yan as his companion. For this matter, Zi Yang Heavenly King had also contacted her, gave her advice, and left some good impressions.

But now Liu Zi Yan was under house arrest by Gu Changge, and there were even some bad rumors, it made him feel uncomfortable and his head a little dizzy.

.....

At this moment, in the void world where Purple Mansion was located.

The territory was vast and boundless, and it was difficult to find the frontier. Purple aura lingered around, and clouds were steaming with an immortal aura.

There were countless immortal mountains and islands, silver waterfalls were falling, and the chaotic fog shrouded everything, making it look incomparably grand and majestic.

In the very center, in the palace standing in the void.

"Damn it!" A tall, dignified middle-aged man was furious.

He was dressed in a purple robe, the brilliance of his eyes appeared when he opened and closed, and there was a palpating aura flowing straight.

His face was ashen, his fists were clenched, and he was very angry. Many Elders next to him were also persuading him, but they were also helpless.

### **Chapter 323: I wonder who is at a loss, You lost again**

"This Junior Gu Changge is really bullying people too much! Does he really think that if he is the young master of the Gu family, I wouldn't dare to do anything to him?"

"It's the Great Elder who is protecting Zi Yang Heavenly King. What does that have to do with me? He took my daughter under house arrest without saying anything. How dare he say nonsense, saying that he would like to make me grandfather?"

"How brave!"

This person was Liu Ming, the patriarch of Purple Mansion. He had naturally heard many rumors outside. Now he was almost laughing out of anger, and his eyes were full of anger. Originally, he still had a good impression of Gu Changge.

Such a young and handsome man was concerned with the righteousness of the world, and his actions displayed the bearing of a great event. But unexpectedly, Gu Changge arrested his daughter Liu Zi Yan and placed her under house arrest, and threatened him to hand over the whereabouts of Heavenly King Zi Yang.

How could he know the whereabouts of Zi Yang Heavenly King? Moreover, the one who was protecting Zi Yang Heavenly King in the sect was also another Great Elder. His right to speak was not weaker than his. Moreover an old monster had also woken up recently, and he was very optimistic about Zi Yang Heavenly King.

Because of this, he turned a blind eye, didn't pay attention to the matter, and handed it over to the Great Elder. For inexplicably carrying the black cauldron, how could the Patriarch of Purple Mansion not be angry?

If Zi Yan really gave him a big surprise when she returned to the sect. He was afraid that he would really not be able to bear it, so he would burst into anger and rush to the Ancient Immortal Gu Family to make a scene.

"Patriarch, calm down. When it comes to this matter, we are also at fault first, but no matter what, we can't provoke him when the Holy Maiden Zi Yan is still talking about Gu Changge."

"After all, the beauty of the Holy Maiden is rare in the world, in case that Gu Changge suddenly can't help but act randomly..."

Hearing this, several Elders also opened their mouths and persuaded with a wry smile.

When something like this happens, as the powerhouses of the older generation, if they intervened, they would be suspected of bullying the younger generation. It was impossible for the forces behind Gu Changge to sit idly by.

And once this kind of thing becomes big, Purple Mansion would not be able to take any advantage, let alone with other Dao lineage forces eyeing Purple Mansion secretly. The only reason they could stand up to now was that no one could stand up and prove that Zi Yang Heavenly King was really related to the inheritor of demonic art.

However, their words of persuasion did not work but also made the Patriarch of Purple Mansion even more angry.

"How dare he! Damn it, this Gu Changge really pissed me off. It's a shame that I felt that he would become a great man in the future, and he must have a place at the top of the Upper Realm."

The Patriarch of Purple Mansion had a gloomy face and began to pace in the hall with a very ugly expression. If he didn't care about the face of the sect and the rest of the forces, he would have shown up in person in the Ancient Xuanwu Kingdom to rescue Liu Zi Yan, and teach Gu Changge a lesson.

"Husband, why should you worry about this? Zi Yan is so clever, it is absolutely impossible for her to suffer any grievances. And speaking of this matter, isn't this an opportunity for her?"

At this moment, a soft and gentle voice suddenly came from outside the hall.

A graceful and luxurious beautiful woman walked in with a beautiful appearance, she was holding a communication talisman in her hand, and said with a smile.

"Greetings, Mrs. Patriarch."

The rest of the Elders greeted, then looked at each other, and resigned in a tacit understanding. Patriarch of Purple Mansion and his wife were extremely affectionate, and they doted on their only daughter Liu Zi Yan a lot.

"Lady." Seeing the person arriving, the anger on the Patriarch's face disappeared.

Then he showed a soft meaning, and he could not help but ask curiously, "I wonder what my lady means?"

"This is the news from Zi Yan. You can see it by looking at it for yourself. Even if we have a grandson, we still don't know who will suffer."

The Lady Patriarch smiled when she heard the words, and handed the communication talisman to Liu Ming. In her opinion, with Gu Changge's identity, saying such words was just to embarrass Purple Mansion.

He couldn't do anything. If Gu Changge did something to Liu Zi Yan, it would be impossible for him to be irresponsible with his identity, and it would save them a lot of trouble at that time.

After all, Liu Zi Yan was also a very famous lady of the Purple Mansion in the Upper Realm. Everyone was worried that her standard was too high, and she would not be able to find a soul mate in the future.

No matter whether it was talent or cultivation background, no one was more suitable than Gu Changge. Even if this was caused by an accident, it would be a good thing.

Liu Ming, the Patriarch of Purple Mansion, didn't know what his wife was thinking.

"Oh, Zi Yan sent a message back? Could it be that Gu Changge bullied her?"

But soon, his face was stunned, his eyes widened in disbelief, and then he frowned and sighed deeply.

After reading everything in the communication talisman, it was difficult for Liu Ming to remain calm.

"House arrest is just an excuse?"

"I didn't expect it to be like this. When have I judged wrong, with Zi Yan's character, it is absolutely impossible to deceive her."

"Gu Changge's plan is really hard to ignore."

"Actually, I'm also very clear about Zi Yan's concerns... Since Gu Changge insists on asking Zi Yang Heavenly King for an explanation, then I'll just cooperate with him."

Patriarch of Purple Mansion pondered for a while and regained his composure. In the communication talisman, Liu Zi Yan had already explained everything.

Including the reasons why Gu Changge invited her to drink tea that day. During this period of time, some of the things between her and Gu Changge, such as drinking tea and playing chess, and occasionally discussing Dao, were also very leisurely.

It was nothing like being under house arrest. Liu Zi Yan even enjoyed it, and it was rare to find that kind of like-mindedness in the opposite sex. From this incident, Liu Ming also saw Gu Changge's tough attitude.

There were only two options in front of him now, one was to protect Zi Yang Heavenly King, and be an enemy of many Dao forces, including Gu Changge.

The second was to cooperate with Gu Changge to search for the trace of Zi Yang Heavenly King, and declare that Zi Yang Heavenly King had nothing to do with Purple Mansion.

"Husband, please think about it carefully. After all, this matter involves the future of Purple Mansion. If you are not careful, you will be smashed to pieces, and you will die without a place to be buried."

The Lady Patriarch also persuaded, how could something like the inheritor of demonic art be easily contaminated?

Liu Ming frowned and sighed deeply, feeling that things were extremely difficult.

"The line behind Zi Yang Heavenly King is very ancient, and at the same time, it has an inseparable relationship with my lineage. If he is to be expelled from the sect because of this. I can't control this matter."

"Then why don't you take a step back and directly claim that this matter has nothing to do with you, but was done by the Great Elder alone. Although it will offend him, we can't care about it."

"That's true, then I'll do as the Lady says."

Liu Ming pondered for a while, then nodded, and began to give instructions, and write relevant orders.

Soon, a piece of news emerged from the Purple Mansion, causing a stir among all parties.

Patriarch of Purple Mansion personally said that if Zi Yang Heavenly King had something to do with the inheritor of demonic art, then he would be the first one to kill him without leaving any calamity behind.

As soon as the news came out, it quickly caused a terrifying sensation like an earthquake. All the cultivators and geniuses were extremely shocked. They never expected that things would suddenly happen like this.

Was this because the Patriarch of Purple Mansion was soft on Gu Changge?

Or was there another purpose?

There were many guesses.

After all, the Patriarch of Purple Mansion said so, but Purple Mansion still wanted to protect Zi Yang Heavenly King. What did this mean?

It meant that there were internal conflicts in Purple Mansion! As soon as this statement appeared, many Dao forces and cultivators were shocked, and they realized that there was no unity of opinion in the Purple Mansion.

Some people wanted to protect Zi Yang Heavenly King, but some people wanted to deal with it fairly. The Patriarch of Purple Master said that, if things turned out to be uncontrollable, it would be equivalent to giving Purple Mansion a chance of relaxation.

It was not that the entire Purple Mansion was going to be the enemy of the whole world. But no matter what, if Zi Yang Heavenly King didn't show up soon the situation would be more turbulent!

The entire Ancient Xuanwu Kingdom was immersed in an atmosphere full of mountains and rains. During this period, outside the gate of Purple Mansion, an ancient existence from Emperor Mountain arrived forward to seek justice.

There was no doubt that a terrifying war broke out after that. Outside the Purple Mansion, many mountains and rivers turned into dust. Some cultivators even saw that the stars outside the sky fell.

Many disciples and cultivators of Purple Mansion were deeply disturbed. When they were walking outside, they were attacked by many people, and they were regarded as accomplices of the inheritor of demonic art.

All these things made many disciples of Purple Mansion feel resentment towards Zi Yang Heavenly King. It was clearly the trouble he caused, so why did they suffer in the end?

.....

Deep in the Ancient Xuanwu Kingdom.

Inside the splendid quaint palace.

The two people were sitting opposite to each other.

The fragrance of tea was lingering, and the rhyme of Dao was long.

**Clatter!**

As the last word fell, the situation on the chessboard changed instantly, criss-crossing, divine light surging and a true phoenix who was going to leap for nine days was beheaded by a knife with blood splattering into the sky.

"You lost again."

Gu Changge smiled and looked at the woman in the purple dress in front of him.

### **Chapter 324-1: Its good to think, Zi Yang Heavenly King wants to kill you (1)**

Inside the main hall, the fragrance of tea was wafting, and the green smoke was lingering. As Gu Changge's words fell, it seemed extremely quiet for a while.

Ji Qingxuan stood beside Gu Changge, filling up the tea for him. Her eyes fell on the purple-skirted woman in front of her from time to time, but she seemed peaceful and well-behaved.

The woman in the purple dress was in her twenties, and the veil that was originally used to cover her face was already gone. Her pretty face was white. She was beautiful, her lips and teeth were crystal clear, her hair was black, and she had a kind of detached beauty.

But at this moment, her flower-like immortal face was smeared with all kinds of black ink, black and white, which looked extraordinarily weird. Although it was a little weird, she still looked aloof.

Her face was ashen, with her fists clenched, and she was very angry. If geniuses from the outside world saw this scene, their eyes would be widened, unbelievable.

Then they would turn so angry that they could not wait to jump out to support justice for the goddess and wash away the shame.

Liu Zi Yan was holding a chess piece and was about to place it down. But she didn't want the sudden change in the chess game to directly block any of her retreats without leaving a trace of vitality, leaving her stunned for a while, not knowing what to do.

In the end, she could only sigh in disappointment, "I lost again."

These days, every time she asked Gu Changge for a chess game, she always lost miserably.

She considered herself to be highly skilled at chess, and no matter what kind of opponent she had encountered before, even a chess master who had been immersed in this game for hundreds or thousands of years, she was sure to compete and win.

But in front of Gu Changge, who was about the same age as her, she had repeatedly lost and never won. No matter what, she couldn't find any way of retreating, and every escape route was calculated by Gu Changge.

Liu Zi Yan couldn't believe all this at first, after all, a person's energy was always limited.

Gu Changge's cultivation base was so powerful, which showed that he spent a lot of time on cultivation.

But why were his chess skills equally superb? Liu Zi Yan couldn't accept it and it was even far beyond her who studied this especially. How could there be such a monster in this world?

Moreover, Gu Changge's way of playing chess was seamless and interlocking. Even if she just played against him in the chess game, she couldn't help but feel her heart palpitating.

This reminded Liu Zi Yan of the scene she saw that day, with all beings as chess pieces, heaven and earth as the board, with such boldness, it was indeed beyond her reach.

Of course, Liu Zi Yan didn't know that her so-called chess master, Gu Changge depended on the system's points. Before that, he didn't know any chess skills at all, and he just learned it by using points now.

If it wasn't to deal with Liu Zi Yan, he wouldn't bother to study chess.

"Yeah, Holy Maiden Zi Yan, you lost again. I already gave you three pieces in this chess game, but I didn't expect the result to be the same."

Hearing this, Gu Changge seemed to sigh helplessly and then smiled. Then, he raised his wrist, unconsciously picked up the brush next to him, dipped it in ink, and planned to smear it on the face of the beautiful woman in front of him.

Liu Zi Yan bit her lip, her eyes fixed on him, "Young Master Changge won't let me?"

"How many times have I let you, is it possible that the Holy Maiden Zi Yan is trying to make a fool of herself?" Gu Changge chuckled lightly.

He was like jade, immortal and divine. Even if the things he was doing now were a bit hateful, it was hard to make women feel bad.

Hearing this, Liu Zi Yan could only close her eyes resignedly, her long eyelashes trembling slightly, and she allowed Gu Changge to scribble on her face with a brush.

Who would have thought that in order to ask Gu Changge to teach chess skills, she would even make a bet?

Of course, this bet was proposed by Gu Changge, and Liu Zi Yan didn't think there was anything wrong with it, but she was a little itchy at Gu Changge's bad taste.

"It will be over soon." Gu Changge stopped writing, his eyes were somewhat intriguing.

Liu Zi Yan lowered her eyes and felt annoyed in her heart. She didn't even need to look at the bronze mirror to know that her face must be full of black ink.

For a woman who loved beauty, this was simply torture. This kind of thing, apart from Gu Changge, it was estimated that no one could do it.

"Play again."

Afterward, Liu Zi Yan raised her eyes and said again, there was stubbornness and unwillingness in her eyes, as if she had to win against Gu Changge.

"I'm not playing."

Gu Changge shook his head, and brought the teacup to his mouth, his eyes were calm, and he seemed indifferent, with a detached demeanor.

"No, Young Master Changge, you are bullying people like this, how can you not play." Liu Zi Yan stood up suddenly, a little impatient, and was no longer calm.

If she didn't win a game with Gu Changge, she would really be in trouble.

"Anyway, Holy Maiden Zi Yan, you can't beat me. It doesn't make sense to keep winning like this."

Hearing this, Gu Changge just said calmly.

Liu Zi Yan heard what he meant, and felt that such a bet was boring. Therefore, she was also very straightforward and asked directly,

"What do you want? Young Master Changge, to promise me and have another round with me?"

"Why should Miss Zi Yan be so obsessed with this? Could it be that you still like the feeling of being abused by me?"

Gu Changge asked with a strange smile.

Liu Zi Yan was stunned for a moment, a haze appeared on her face. She was a little flushed and panicked as she hurriedly waved her hand, "Young Master Changge, don't talk nonsense, Zi Yan is just happy to see the hunter, and has no other intentions."

"That's good." Gu Changge smiled, his face was clean and handsome, and she couldn't find any flaws.

Even if his face was pale and his serious injuries had not healed, his demeanor was still refined and aloof. He looked outside the hall and gently placed down the teacup.

"I thought you were really planning to bring a big fat grandson back to the Patriarch of Purple Mansion, otherwise why would you be so persistent."

Hearing this, Liu Zi Yan's face became even more red, but because of the ink marks, it was not very obvious.

She calmed down and quickly explained, "Young Master Changge is joking, Zi Yan has never had this idea."

She also knew many rumors from the outside world these days.

In particular, what Gu Changge said to the Patriarch of Purple Mansion about making him a grandfather, really left Liu Zi Yan stunned for a long time.

She was still serious at the time and took this matter to ask Gu Changge, but what she got in return was this sentence, "The Holy Maiden Zi Yan is quite beautiful."

Liu Zi Yan could hardly forget the stunned, ashamed and angry look on her face at that time. She couldn't wait to find a crack in the ground to hide herself, knowing that Gu Changge's house arrest was just an external statement.

But she herself believed it to be true. Moreover, Liu Zi Yan could see that Gu Changge really had no interest or intention for her.

If not, why would he say such a thing?

"Oh, it seems like I'm thinking too much." Gu Changge smiled, and then looked outside the hall with a thoughtful look.

Seeing his appearance, Liu Zi Yan couldn't help but ask curiously, "Young Master Changge has been looking outside the hall just now, is there something wrong?"

Hearing this, Gu Changge glanced at her, shook his head, and said, "Suddenly I feel a little restless, it seems that I will feel a little uneasy these few days, Miss Zi Yan should also pay attention."

"I should, pay attention?" Liu Zi Yan was stunned for a moment, unable to understand the meaning of Gu Changge's words.

"In the past few days, Holy Maiden Zi Yan should move in and live with me." Gu Changge didn't explain much and just said this.

"Gu Changge... don't think about it... I... I'm not going to have a baby for you!"

When Liu Zi Yan heard these words, she was stunned for a moment, and then her face suddenly turned pale with shock, and she couldn't help but take a few steps back.

At this time, the first thing that popped into her head was what Gu Changge said to the Patriarch of Purple Mansion a few days ago about being a grandfather.

So in a hurry, she couldn't help but blurt out. But as soon as she said this, she felt that something was wrong, and her reaction seemed to be too violent.

"Why does the Holy Maiden Zi Yan think about such things all day long?"

Hearing this, Gu Changge raised his eyebrows, and seemed a little helpless, "I mean you moved here, if something happens, I can take care of it..."

Hearing this, Liu Zi Yan also quickly reacted, her eyes slightly opened. She was not stupid. Judging from Gu Changge's actions just now, he seemed to have noticed something.

"Young Master Changge means that someone might come to assassinate me?"

Liu Zi Yan calmed down and frowned, thinking seriously, she did not doubt this possibility. If something happened to her at this time, Gu Changge would never be able to get rid of it.

And the most important thing was that because of her relationship, there had been many voices in the Purple Mansion who were against protecting Zi Yang Heavenly King.

If something happened to her, it would definitely attract the anger of the Purple Mansion, and maybe the little signs that she had just had would be snuffed out.

"If I were Zi Yang Heavenly King, what I would do at this time would definitely be to send someone to kill you."

Gu Changge smiled, and for the sake of it, he didn't believe Liu Zi Yan and still couldn't understand her.

When Liu Zi Yan heard the words, she fell into deep contemplation. Everything she did was for the sake of Purple Mansion, and what Zi Yang Heavenly King did was tantamount to pushing Purple Mansion into the abyss of doom.

At this time, she had become the blocking stone of Zi Yang Heavenly King! Afterward, Gu Changge called a group of followers and asked them to step up patrols and alerts to prevent anyone from getting in.

Liu Zi Yan was overwhelmed with thoughts, and she no longer wanted to continue looking for Gu Changge to play chess, so she went back first.

"Qin Wuya, it's time for you to make a move..."

After seeing Liu Zi Yan leave, Gu Changge smiled, and he had already set up the net, waiting for Qin Wuya to take action.

In fact, he had already guessed the purpose of Zi Yang Heavenly King. Of course, it wasn't to kill Liu Zi Yan but to rescue her.

And the only helper Zi Yang Heavenly King could find now was his Senior brother Qin Wuya. Then, Gu Changge sent a message to inform Tang Wan, asking her to come over and left something for her to do.

At this time, it would be even better if Chu Hao, another Son of Luck, could be involved along the way.

#### **Chapter 324-2: Its good to think, Zi Yang Heavenly King wants to kill you (2)**

.....

At the same time, outside the palace complex.

A man with a medium build and an ordinary face was frowning at a remote alley. He was whispering softly in his mouth, and there was a stone with a strange pattern in his right hand, which was circulating inexplicably.

"With Gu Changge's current state, as long as I avoid his followers, he won't be able to find me. When the time comes to rescue Holy Maiden Zi Yan discreetly, it can be regarded as the completion of the task given to me by Junior Brother Zi Yang."

This person was naturally Qin Wuya who agreed to Zi Yang Heavenly King's request and came to rescue the Holy Maiden Zi Yan.

In order to accurately control the whereabouts of many of Gu Changge's followers, and clarify the situation of the defense guards of the palace where Gu Changge was located.

Qin Wuya had observed this place for three full days before he was fully confident.

This place was heavily guarded, the communication of the geniuses was firmly controlled, and no unfamiliar faces were allowed to enter.

In the entire Ancient Xuanwu Kingdom, even the forbidden areas in the Imperial Capital did not have such a terrifying alert situation. It could be seen how difficult it was for Gu Changge to be seriously injured.

In the eyes of many people, Gu Changge claimed to the outside world that his injuries were almost healed. But the injury of origin was not so easy to recover from.

"If his injury is not serious, it is definitely impossible to be as vigilant as he is now, not letting go of any trouble."

"It seems that although this Gu Changge has excellent skills, he is still worried that others will take the opportunity to attack him. The inheritor of demonic art is hiding in the dark and is eager to move. Gu Changge is definitely a life-and-death problem that must be eliminated."

Qin Wuya carefully concealed his aura and hid near the palace. Even the geniuses who were patrolling did not find him.

Soon the sky dimmed, and the afterglow in the distance fell on the palace complex in front of it, like an ancient palace tower located in the world, incomparably magnificent.

The cultivators who came and went all cast their gazes in awe, but did not dare to stop at all. At this moment, a slight fluctuation emerged from the void.

Qin Wuya's figure became blurred, he stepped forward and soon disappeared.

At this time, even a cultivator who was extremely proficient in space talent would not be able to find his trace.

In Qin Wuya's hand, the mysterious stone that was shining brightly originated from Nine Heavens. Whether it was concealing appearance or hiding the aura of the cultivator, it had an indescribable miraculous effect.

Of course, Qin Wuya still had a lot of methods, and that was the reason why he was so confident. Along the way, Qin Wuya saw many geniuses patrolling around, but he didn't notice him.

As long as he was not stupid, he would know how strict was the situation around Gu Changge after he was injured. Therefore, unless they really wanted to kill Gu Changge, no one would come here.

The geniuses and the cultivators patrolling, more or less, all had such thoughts, and they were not as serious as Qin Wuya thought before.

Most people just wandered around the neighborhood. Soon, after entering the palace complex in the front, Qin Wuya's eyes were slightly different, and he swept through many formations, as well as the patrolling cultivators.

Then he carefully avoided them and went directly to the deep palace pavilion. He had a goal in mind, and he had long known the location of Gu Changge's palace and the area where the disciples of the Purple Mansion were currently being held.

It was actually only a hundred miles away from where Gu Changge was.

For a cultivator like them, it was just a matter of thought, but after arriving at this mansion, Qin Wuya began to stretch out his spiritual sense and search for the trace of the Holy Maiden of Purple Mansion.

The most urgent task was to find the Holy Maiden Zi Yang first and take her away so that Purple Mansion would not be afraid of Gu Changge.

As Gu Changge guessed, Zi Yang Heavenly King was not feeling well now. Even the Purple Mansion behind him was still protecting his traces. But there were already other words in the Purple Mansion.

To put it bluntly, if Zi Yang Heavenly King was related to the inheritor of demonic art, naturally, he would not show mercy, and he would definitely take action to end Zi Yang Heavenly King without leaving any disaster.

Therefore, Zi Yang Heavenly King panicked in his heart, and his biggest support now was the Purple Mansion behind him. If even Purple Mansion gave up on him, what would happen to him? He was even far inferior to Prince Ying.

"You are..."

On the other side, in a quiet mansion, Liu Zi Yan, who was about to fall asleep, frowned, with a warning sign in her heart. The rune in her hand flickered, the brilliance permeated, the aura surged, and she got up in a hurry, ready to attack at any time.

Outside the courtyard, a dark shadow suddenly descended, and the moonlight became blurred as if it was obscured by endless dark clouds.

Liu Zi Yan looked at the black-robed figure who suddenly broke in front of her, and felt a sense of unease in her heart. At night, this person suddenly broke into her courtyard, and it was still silent.

Moreover, Liu Zi Yan noticed that with the appearance of the man in the black robe, the nearby aura became strange. Even the night sky seemed to be shrouded in darkness, a terrifying black fog suddenly swept from all around, completely wrapping the entire courtyard.

Even if she made a huge movement, she would not be noticed by the patrolling cultivators and geniuses outside. Such a method made Liu Zi Yan very uneasy.

The other party was definitely coming prepared!

One must know that she was currently staying in the palace group where Gu Changge was located. The defense was so strict that it was beyond imagination, but there were still people who could sneak in.

Didn't that mean that if this person had bad intentions, it would be easy to assassinate her here?

Thinking in a bigger direction, if he and the inheritor of demonic art were actually a group, the purpose was to take advantage of Gu Changge's serious injury and plan to assassinate him in the bud.

She couldn't even imagine it. At this time, Liu Zi Yan remembered what Gu Changge had said, and felt a chill on her back.

Could it be that someone really planned to kill her at this time, thus causing hatred between Gu Changge and Purple Mansion?

She regretted it a little, why didn't he follow Gu Changge's words and move to the courtyard next to him, at this time there would also be someone to take care of him, so it would be much safer.

"Hehe, Holy Maiden Zi Yan..."

The black figure who suddenly appeared looked at Liu Zi Yan with a sneer, as if he was watching his prey.

His whole body was wrapped in black mist, and his face could not be seen clearly, but the terrifying aura was almost suffocating.

With such an appearance, Liu Zi Yan was instantly reminded of a person, the inheritor of demonic art.

Of course, the person in front of him would definitely not be the inheritor of demonic art, but he was absolutely inseparable from the inheritor of demonic art.

At that time, in the land of Absolute Heavenly Extinction, almost all geniuses saw it.

Beside the inheritor of demonic art, several terrifying figures in black robes and shrouded in black mist appeared, and everyone's cultivation was at least at the level of the Great Sacred Realm.

"Who are you? Why do you want to kill me? Were you sent by Zi Yang Heavenly King?"

Although Liu Zi Yan was uneasy in her heart, she was forcing herself to calm down and asked in a cold voice. She knew she couldn't panic at this time.

Moreover, she wanted to use this to get information from the other party.

"Who is Zi Yang Heavenly King?"

But the man in the black robe just sneered when he heard the words, and didn't say much, "You are about to die, and there are still so many questions. If you want to know, go to hell and ask others."

After that, he didn't talk nonsense at all, and rushed directly with a palm, like a peerless heavenly sword, falling down endless rules.

The terrifying pressure of the Great Sacred Realm emerged, and Liu Zi Yan was going to be killed here.

### **Chapter 325: It turned out to be a plan to move the tiger away from the mountain, Zi Yang Heavenly King conspired with the inheritor of demonic art**

Liu Zi Yan's expression changed drastically, and she flew backward, trying to avoid the opponent's palm. But this kind of power was really too terrifying, the laws were falling on her head with a weight as heavy as a vast sea of ??stars.

Even if it was a short distance away, her skin was about to explode and she wasn't able to bear it at all.

### **Buzz!!**

The void trembled and collapsed inch by inch as if it was about to shatter. If this place was not enveloped by the barrier just now, the momentum here would probably spread immediately to all parties, causing a huge sensation.

Therefore, the other party had come prepared and expected all this. Not only did he set up a formation to conceal their aura, his purpose was to kill herself silently.

Thinking of this, Liu Zi Yan's pretty face turned cold.

Although the other party had not admitted it, she had already guessed that this matter was absolutely inseparable from Zi Yang Heavenly King. He was the subordinate of the inheritor of demonic art, and Zi Yang Heavenly King couldn't wait to kill her.

Now this opportunity could be said to be the best time

"I didn't expect for Zi Yang Heavenly King to have really joined forces with the inheritor of demonic art. Now that I have discovered this secret, they probably won't leave me alive."

Liu Zi Yan sacrificed a divine weapon, which was a splendid Heavenly Umbrella that hung down with all kinds of brilliance. It unfolded suddenly, like a shield, to fight against the black-robed man.

Moreover, Liu Zi Yan was also very decisive. She knew that she was not the opponent of the other party. For the first time, she sacrificed the divine protective weapon her father left for her.

It was a golden decree, and at the moment she activated it, an endless golden light burst out, like a golden sun, rising in brilliance. Even the courtyard that was shrouded in black mist and completely isolated from the outside world displayed signs of a breakthrough at this time.

The figure in the black robe was extremely powerful, far superior to those cultivators in the Great Sacred Realm that Liu Zi Yan met before. In her opinion, even if the person in black robe faced the Supreme, he would still have the power to fight.

It was problematic to save her life with the current means she possessed. That was why she was so decisive.

**Boom!**

With the earth-shattering sound as if hundreds of stars exploded here, the Heavenly Umbrella resisted a blow, and suddenly cracks appeared on its surface leading to its collapse.

But even under the effect of the golden decree the man in the black robe didn't care, and even displayed a sneer.

"I knew you had such means."

With a swipe of his hands, two jet-black light beams suddenly appeared in the virtual space, emanating a Supreme aura.

Immediately afterward, the two beams crossed vertically and horizontally, turning into a terrifying cross crack that oozed with an endless power of devouring. The runes of Dao were being scattered throughout surrounding the region with boundless terror.

The golden decree confronted it and was instantly swallowed by the cross crack. The two were in a confrontation which seemed a bit difficult to break free for a while. The offset of the huge collision released a huge momentum.

This scene shocked Liu Zi Yan, the golden decree was being restrained, and she was about to use some other method again. But a black fog swept from the void, knocking her into the air in an instant. She spat out blood with a puff, and her aura quickly slumped.

"This is a supernatural power bestowed by my Master, and I have long expected for you to have such means, so I was waiting for you to use it. Holy Maiden Zi Yan, no one will be able to save you today, today will be your sacrificial day!"

The man in the black robe sneered, his figure approached quickly, and then disappeared. Using his terrifying powers, darkness enveloped all directions, attacking Liu Zi Yan.

Seeing this scene, Liu Zi Yan couldn't help but feel despair.

In the next moment, her figure flew out and fell to the ground. Her body was covered in blood, and the injuries were very serious. There were even scars all over her snow-white skin.

"Your death is imminent, are you still planning to resist?" The figure of the man in the black robe appeared again, his eyes were very indifferent.

Liu Zi Yan coughed up blood and tried to stand up before looking at him coldly but didn't say much. She used many means, but they were completely useless. Even the golden decree containing her father's all-out blow was held back by the other party's special powers, making it difficult to show it.

Could it be that today, she would really be brutally murdered?

She regretted it very much in her heart. If she had listened to Gu Changge's words before and had moved to the palace where he was. The black-robed man who sneaked in tonight, would still dare to be so arrogant?

"It seems that the Holy Maiden Zi Yan knows that she is regretting it."

But at this moment, a faint smile suddenly came from the house behind Liu Ziyan, causing her whole body to freeze and then she turned around abruptly.

She was shocked, surprised and the entire scene felt like a dream.

"Gu Changge?"

Liu Zi Yan couldn't help exclaiming, her beautiful eyes were full of disbelief. But it was more of an unconcealed joy, surprise, and excitement.

Who would have thought that in such a life-and-death situation, Gu Changge would suddenly appear?

How did he get here?

Liu Zi Yan didn't have time to ask any further questions. In her opinion, Gu Changge's strength was enough to compete with the black-robed man in front of her. After all, the opponent's strongest means were being used to fight against her golden decree.

"It's just like I expected, there will be people who can't hold back and attack you."

Inside the house, Gu Changge walked out without haste, with an elusive smile on his face.

"You expected that?"

Liu Zi Yan looked at him, feeling somewhat calmer. She remembered Gu Changge's actions before, he did say so at the time, guessing that Heavenly King Zi Yang would send someone to assassinate her.

That was why Gu Changge was hiding beside her and waiting for the attacker to show up?

"If not, why would I show up to save you?"

Gu Changge smiled, and his body began to emanate a strong aura, even if his origin was damaged, he still had an invincible bearing.

**Boom!**

Heaven seems to be about to explode, there were many terrifying visions rising here,

"Gu Changge? My master will come to take your life in person."

Seeing Gu Changge appearing, the man in the black robe also glanced at him fearfully, as if he wanted to retreat.

"Oh, but your fate today seems to be ending here." Gu Changge looked at him and said indifferently, his expression did not waver.

"Haha, what a big tone, do you really think I'm the only one here? Besides, Gu Changge, your origin was injured in the previous fight. I really thought I couldn't see it but you were seriously injured and couldn't show much strength."

The black-robed man sneered, was not afraid at all, spoke again, and even mocked him.

Soon, the two people in the courtyard quickly fought, and the place shook, the hidden pattern under the cloth began to collapse, the black mist surged and the void trembled.

This majestic aura was like a large piece of blue sky falling down that was going to smash Gu Changge into a bloody fog, destroying both his body and spirit. However, Gu Changge quickly attacked, and strange rays of light appeared one after another, with Supreme fluctuations, and crushing everything.

"Aren't you badly wounded?"

The expression of the man in the black robe changed, he waved his sleeve, feeling that the situation was right, and he planned to escape.

"Even if I am injured, it's easy to kill you."

Gu Changge said lightly, the figure flashed, and he quickly chased away, and the formation pattern covering the place was immediately broken.

"What happened?"

"What's the matter, did someone come to assassinate the young master?"

Many geniuses and cultivators immediately felt this kind of battle fluctuation, and they appeared in the sky one after another, extremely shocked.

"I hope Young Master Changge can catch this black-robed man and ask for clues about the whereabouts of Heavenly king Zi Yang and the inheritor of demonic art."

Seeing Gu Changge chasing after him, Liu Zi Yan also breathed a sigh of relief, and gradually calmed down and felt much more at ease.

She began to think about other things. The matter tonight was absolutely inseparable from Zi Yang Heavenly King and the inheritor of demonic art.

"You have to tell your father and let him take care of the rest. It is an iron-clad fact that Heavenly King Zi Yang colluded with the inheritor of demonic art."

Currently, in the palace complex, hidden in the void, Qin Wuya, who was carefully concealing his traces, also instantly noticed the chaos here.

To be honest, he was also shocked and didn't know the ins and outs of what happened.

Did anyone notice him?

Could it be that Gu Changge was attacked by someone?

"In this way, it's really heaven's blessing. Although I don't know why... but it should be related to Gu Changge meeting the assassin. A chaotic situation like this is just the right time to take the opportunity to save her."

Qin Wuya couldn't help showing a smile. His figure became blurred when he moved, and he rushed to the courtyard where Liu Zi Yan was based on the information he had investigated in the past few days.

"Who are you?" However, at the moment when his figure appeared in the courtyard.

A dazzling sword light suddenly appeared, with a peerless edge, forming a kind of Supreme killing power, slashing down towards him. Along with Liu Zi Yan's cold killing intent, she asked.

"Don't worry, Holy Maiden Zi Yan, I have no ill intentions. Junior Brother Zi Yang asked me to save you."

Qin Wuya heard the words and explained, directly explaining his identity, and did not want to cause unnecessary trouble. But he felt that Liu Zi Yan's current state seemed very wrong.

"Heavenly King Zi Yang wants to save me?" Hearing this, Liu Zi Yan sneered.

Her pretty face became colder, like the mysterious ice cold that could not be melted for a thousand years, and suddenly swept in all directions, engulfing everything.

This time, she chose to attack directly, showing no mercy at all. Using the most powerful ancient technique, performing various powers with evolving Dao of laws and infinite mystery.

Qin Wuya frowned, feeling that things became very difficult. Why was Liu Zi Yan's behavior completely different from what he thought?

It was just that he didn't want to hurt Liu Zi Yan, so he didn't do anything, and just kept avoiding it.

"Oh? It seems that this time it's a trick to turn the tiger away from the mountain. I just said why the guy looks like he wanted to delay me. It turns out that the real purpose is this."

Suddenly, a voice sounded outside the courtyard, and a frightening figure in white swept across the eaves and appeared here.

**Boom!**

The sky trembled, making a huge unspeakable sound.

Outside the courtyard, a lot of geniuses and cultivators suddenly rushed in, and the place was completely sealed, and even a fly could not fly out.

Everyone was staring at everything in the courtyard, and they all sacrificed various instruments, the divine light was gorgeous, it could be called murderous, and the aura was rolling, which could cover the sky!

"Gu Changge..."

Qin Wuya stared at the young man who was walking unhurriedly, his expression suddenly changed, his scalp was numb, and a boundless chill suddenly appeared on his back.

**Chapter 326: The so-called back-and-forth, Gu Changge's true strength?**

"Looks like you know me. Then who are you?"

With a smile on his face, Gu Changge's robe fluttered and he looked splendid under the moonlight as he slowly walked in.

Then he clapped his hands, and outside the courtyard behind him, a large number of geniuses suddenly poured in. They all stared at Qin Wuya in front of him with murderous intent and surrounded him.

A terrifying aura surged in the courtyard, enveloping it into a chilling atmosphere. Everyone's eyes were cold and murderous, and there was even fear in their hearts. In their opinion, Qin Wuya and the black-robed man who suddenly broke into tonight to assassinate Liu Zi Yan were actually working together.

It was just that these two people were very smart. After one of them was exposed, they immediately changed the plan. The mysterious man in front of him took the opportunity to enter and continue his assassination of Liu Ziyan.

Such a strategy was really vicious!

If it wasn't for Gu Changge's quick reaction, noticing that something was wrong, and turning back on the way, something unexpected might have happened to Liu Ziyan now. And once this kind of thing happened, as the ones responsible for patrolling, they couldn't escape the blame.

Thinking of this, they had even more murderous intent towards Qin Wuya in front of them, and could not wait to immediately shoot him to death. Seeing everyone's murderous expressions, Qin Wuya's heart felt bad.

Even if he was very confident at first. There was no denying that he felt a chill on his back as he didn't expect Gu Changge to suddenly appear.

Didn't he go after the man who assassinated him? Why did he suddenly turn back?

In this way, if he didn't explain it, it was estimated that he would be regarded as someone with the black-robed man. However, Qin Wuya had cultivated for many years and was in an extraordinary state of mind. He quickly calmed down and instead asked in a deep voice.

"Gu Changge, if you're sensible, let Zi Yan Holy Maiden go."

He did not directly answer Gu Changge's question, but took the lead and put aside his relationship with the black-robed man

Moreover, his face was covered with a black aura, the runes were flashing and there were special rules surging as if he was not afraid of being found.

"Young Master Changge..."

Liu Zi Yan, whose pretty face was full of chills, was also looking at Gu Changge who was approaching with surprise.

She didn't know why, but when Gu Changge was around, she felt a sense of security for no reason. When she was in despair before, it was also Gu Changge who suddenly appeared, forced the man in the black robe back, and saved her life.

And now when she was in danger, he turned back.

Although Liu Zi Yan knew that if she was assassinated in Gu Changge's mansion it would bring him a lot of trouble, and that was the reason behind Gu Changge trying to save her many times.

But she was still impressed.

"Let Holy Maiden Zi Yan go? Where did you find out my feelings for Holy Maiden Zi Yan?"

"It was indeed a difficult fight. If I hadn't suddenly noticed that something was wrong with the man in the black robe, and guessed that he had accomplices, I'm afraid you would have succeeded at this time."

"Who are you?"

Gu Changge smiled faintly and in his hands a divine rune began to appear. A peerless edge was revealed as brilliance flowed and a terrifying aura appeared.

"Gu Changge, the matter of your house arrest of the Holy Maiden Zi Yan is well known in the world. What are you trying to quibble about at this time? I just don't like you, so I came to rescue Holy Maiden Zi Yan."

Qin Wuya frowned and said in a deep voice. At the same time, he looked at Liu Zi Yan, "Please rest assured, Miss Zi Yan. I have no malice for you. The reason why I came here tonight is to save you from the demon's claws."

He knew that when he first appeared, Liu Zi Yan was too vigilant, so he regarded him as someone with the man in the black robe and attacked him. So he just needed to explain things clearly, and presumably, Liu Zi Yan would understand that he came to save her.

"Help me?"

"Rescue from the demon's claw?"

But hearing this, Liu Zi Yan still sneered and said nothing, her eyes were very cold.

If it wasn't for her quick reaction, it was estimated that she would have died tragically in this place by now, both physically and mentally.

This person even planned to deceive her at this time, did he really think she couldn't see the situation clearly? He didn't even give a decent excuse.

From Liu Zi Yan's point of view, the mysterious man in front of him was like the man in the black robe who attacked her earlier and was sent by Zi Yang Heavenly King.

However, Zi Yang Heavenly King was very thoughtful, and he still felt uneasy when he sent one person, so he sent another person.

"Holy Maiden Zi Yan, you have to believe me, I really have no ill intention toward you." Qin Wuya still said in a deep voice, he didn't know why but Liu Zi Yan was extremely vigilant toward him.

"Young Master Changge, is your injury okay?" But at this time, Liu Zi Yan no longer paid attention to him. She asked Gu Changge with concern, remembering the heavy damage to his origin.

Even if his injury had improved now, with him forcibly attacking, it was estimated that it would leave a lot of influence.

"It shouldn't be a problem to deal with this guy."

Gu Changge replied with a smile with a detached and peerless demeanor.

### **Buzz!!**

As he spoke, he directly made a move, his sleeves rolled, tyrannical and contemptuous. The rumbling sound spread all over the world, shaking the sky, and many followers behind him also attacked immediately.

All kinds of divine powers evolved under the night sky, the brilliance was gorgeous, and the aura was extremely terrifying. Their strength was also among the top of their peers.

Many of them used to be famous young supremes.

Now that they all made a move, their might was fierce and surging, making the place chaotic all of a sudden. It was as if many stars had exploded, and the terrifying fluctuation shocked everyone in the Xuanwu Imperial Capital.

All kinds of treasures and instruments were displayed under the sky, and they all attacked Qin Wuya.

"You want to stop me with just you guys?"

Seeing that Liu Zi Yan didn't believe his words at all, and was instead worried about Gu Changge, Qin Wuya frowned again, and his voice was very rude.

He didn't intend to cause extra trouble, if Gu Changge let Liu Zi Yan go, he would just take her away without doing anything to Gu Changge.

Gu Changge had a lot of tricks, but he had been seriously injured, how much strength could he show now?

As for Gu Changge's followers, in his eyes, they were not worth mentioning, he didn't need to care about the, after all, they could be defeated easily.

"He's really arrogant. It seems that my current methods are still too gentle so that any cat or dog dares to bully me."

Seeing this, Gu Changge shook his head slightly, his expression calm and indifferent.

**Boom!**

In the night sky, divine runes flowed and an indescribable big hand swatted forward, driving the power of the boundless Dao. It was as if a piece of heaven was about to fall, absorbing the power in the void.

Gu Changge made a strong move and his means were even more terrifying. The terrifying big crack in the void spread out in an instant, like a palm print, pressing down in all directions, causing every inch of the void to collapse.

There was no sign of injury on his body at all.

**Boom!**

Moreover, at this time, the aura displayed by Gu Changge had already reached the Great Sacred Realm. All kinds of laws fell, and the Great Sacred Dharma body stood on the ground, with golden light surging, like a god standing under the sky.

With a big wave of his hand, it spurted out all kinds of radiance, densely packed, and the vastness was like a sea of ??stars as if shrouding everything. Large swaths of architectural palaces collapsed and turned ashes in an instant, which was earth-shattering.

Up to now, the identity of the inheritor of demonic art had been finalized, and Gu Changge was too lazy to hide his cultivation. His aura reached the Great Sacred Realm, but the strength he showed was enough to make the Quasi-Supreme Realm cultivator turn pale.

"The Great Sacred Realm..." Qin Wuya's complexion also changed slightly, his figure swept across the sky, and at the same time, he was fighting against the blow.

The method he cultivated came from ancient times, and the aura was completely different from the present.

A large piece of bone inscription spewed out from between his palms. Thunder and lightning formed into pieces, runes like a sea, turned into long dragons and penetrated the sky.

This was a terrifying scene. It seemed that there were stars converging into a point, and then erupting here. It was unimaginable and powerful. No one expected Qin Wuya's methods to be so strange.

The rest of the geniuses who took the shot went weak as soon as they touched it, their divine weapons burst, they vomited blood and retreated while groaning, and they lost their combat effectiveness all of a sudden.

At the same time Qin Wuya's vast spiritual consciousness, like a deep sea, turned into a divine sword with a thud, sweeping across all directions, making countless cultivators terrified, feeling fear and trembling in their souls.

The Quasi-Supreme Realm attack, if it was outside the domain, could destroy the stars at any time, and destroy everything.

In the territory of the Ancient Xuanwu Kingdom, it was already the result of restraint, otherwise, this place would be destroyed in an instant and turned into a robbery.

"Quasi-Supreme? Where did Zi Yang Heavenly King find such a strong man?"

Liu Zi Yan was also very surprised, and a cold sweat broke out on her back. She was extremely afraid. If Gu Changge hadn't arrived just in time, she would have been absolutely ruthless in the face of such a strong man.

However, what surprised her even more was that Gu Changge's strength now far exceeded her previous understanding.

It seemed that Prince Sheng died without resentment. Gu Changge, who was so powerful, was severely injured at that time. It could be seen how terrifying the strength of the inheritor of demonic art was.

"Quasi-Supreme Realm, but this should not be his full strength."

Gu Changge was tall and powerful, and the power of his shot was boundless. He resisted this blow and stood still.

Seeing this, a strange color flashed in his eyes.

Qin Wuya was a strong man who had returned from Nine Heavens. He had experienced various hardships there, and his methods and combat experience were not comparable to ordinary cultivators.

There was a reason why Nine Heavens could become a place that many cultivators yearned for. In Gu Changge's opinion, Qin Wuya's methods were remarkable, and Qin Wuya had not yet shown his true strength.

"It seems that Junior Brother Zi Yang's concerns are justified. Gu Changge's strength is so terrifying at such an age..."

"It hasn't even been fully revealed before."

After the blow, Qin Wuya frowned, and his figure appeared on the other side, with a calm expression, but his heart was actually not at peace, causing a stormy sea.

In fact, many people had been guessing how strong Gu Changge really was, because he never showed his true strength in front of everyone.

Even while facing his peers, he just simply crushed them. Over time, Gu Changge's strength became a mystery.

Everyone knew he was unfathomable.

Gu Changge's real talent was not just talking, many cultivators speculated that his realm had actually surpassed many ancient freaks.

Even though he was seriously injured right now, Gu Changge's situation surpassed the level of a Great Sacred Realm, and it really shocked everyone.

### **Chapter 327: The identity of the Senior Brother from Nine Heavens is exposed, He can find Zi Yang Heavenly King along the way**

Qin Wuya felt that things were getting worse as he fought against Gu Changge. He even felt his opponent's aura weaken. It couldn't be hidden.

In other words, Gu Changge, who was now fighting against him, was still injured. This made his heart proud, and Qin Wuya, who believed that his vision was wider than the rest after leaving Nine Heavens, couldn't stand it.

Although he still had a lot of methods to use, in terms of cultivation, he would have to take a hit by Gu Changge, which was very unacceptable.

"He can even compete with the Quasi-Supreme powerhouse!"

"As expected of the young master!"

"Even if the young master is seriously injured, he is still invincible in the world!"

Many of Gu Changge's followers were also enthusiastically excited at the moment, feeling the invincible power of Gu Changge for the first time.

Of course, in their eyes, Gu Changge was a symbol of invincibility.

Currently, in the rest of the Ancient Xuanwu Kingdom, there were also many geniuses who heard the news and learned about Gu Changge's assassination for the first time.

### **Boom!**

In the sky, a divine light swept over like a red glow as an Immortal Phoenix faintly spread its wings while the fire was soaring into the sky, reflecting everything.

A woman in a red dress, flawlessly beautiful and tall, walked from within, it was the Heavenly Phoenix Maiden.

"Could this be Gu Changge's hidden strength..."

She was surprised, and her beautiful eyes could not help but widen. She had seen the scene of Gu Changge and Qin Wuya fighting just now which caused great waves in her heart.

"The Great Sacred Realm..."

In the other direction, the Six Crown King Jun Yao also appeared. For the first time, a solemn expression appeared on his face and his brows were wrinkled which was unexpected from him.

However, there were still many people who were paying attention to Qin Wuya's figure and guessing his identity. Although his face was covered, there were not many existences with such strength at such an age.

Before they had only heard that Chu Hao, the Prince of the ancient Vermillion Bird Ancient Kingdom that possessed such a strong cultivation base, had achieved the Quasi-Supreme Realm in just a few hundred years.

The mysterious man in front of him should not be very old.

"What the hell happened tonight? Young Master Changge has not recovered from his serious injury, why did he fight someone again?"

The geniuses who arrived were puzzled and asked with a confused look.

"I heard that a man in a black robe came to assassinate young master Changge earlier, but he fled after losing, and this man was hiding in the dark while he planned to attack Liu Zi Yan..."

At that moment, someone who knew the ins and outs of the matter explained and quickly informed everyone.

As soon as these words came out, the surroundings surged with an aura of cold air, which was very shocking.

The Heavenly Phoenix Maiden, the Six Crown King, and others also changed their expressions.

"What a vicious plan!"

"If the Holy Maiden Zi Yan encountered an accident, Purple Mansion will be furious, and this will likely make the next situation even more complicated."

"The Holy Maiden Zi Yan is now in the hands of Young Master Changge, which makes Purple Mansion cast out a rat, and if another word comes out..."

Thinking of this, many people felt chills in their backs and numbness on their scalps. This was a plan against young master Changge!

If it wasn't for Gu Changge being able to see through such a poisonous scheme, what would happen next would be unimaginable.

"The man in the black robe before was the person who appeared beside the inheritor of demonic art that day..."

Afterward, someone added, explaining the matter, which caused another bout of unease. After all, the inheritor of demonic art was not afraid of Gu Changge, so what about them? Wouldn't that be even more dangerous for them?

And just when everyone was shocked, the battle above the sky turned even more terrifying.

The attacks of the duo were earth-shattering, and the cultivation realm displayed by the mysterious man had even reached the Quasi-Supreme Realm.

All kinds of Quasi-Supreme means evolved between heaven and earth, whizzing past, immortals and gods descending, killing everything. It was like the immortal family with power that was infinite, and even ancient small worlds had emerged, which seemed to have a vast and mysterious place.

Nine Heaven phantom!

This scene shocked everyone, even Heavenly Phoenix Maiden and others' expressions suddenly changed, giving birth to heart palpitations. One must know that they were the Candidate Disciples of the True Immortal Academy.

The most influential group of geniuses in the world, overlooking their peers!

But before the aftermath of the fight between the duo, they couldn't help but tremble and wanted to kneel down.

"I'm not as good as Gu Changge."

In the end, Heavenly Phoenix Maiden sighed deeply. Her eyes were full of frustration as she admitted that she was not as good as Gu Changge. Earlier, she still had the will to fight, thinking that she would have a chance in the future to compete with Gu Changge.

But today, seeing with her own eyes that Gu Changge was still complacent against such a powerful mysterious person despite being injured, shocked her.

"It's no wonder that Prince Sheng who had the Supreme weapon for protection died, and Gu Changge, who left the Supreme weapon outside the land of Absolute Heavenly Extinction, was only seriously injured..."

"That's the gap."

"From now on, no one can shake the title of the strongest person of the younger generation."

The Heavenly Phoenix Maiden sighed, and the Immortal Phoenix appeared in her eyes. What she wanted to know most now was who the mysterious person who fought against Gu Changge was.

Judging from the perception of his age, it should not be too big, not more than a thousand years old.

"The Great Sacred Realm... It seems that I need to break the seal..."

On the other side, the Six Crown King took a deep look at Gu Changge and whispered in his heart. He was indeed his most satisfying opponent. His true strength naturally surpassed the surface, and in other eras, he even had resorted to destroying his cultivation and life several times.

Then he chose to seal his cultivation base and cultivate again. Otherwise, for him, just relying on the cultivation base to crush his peers, the effect of sharpening was much less.

In this life, his cultivation had only reached the Quasi-Sacred Realm, and he had not even touched the threshold of the Great Sacred Realm. If he provoked Gu Changge at this time, there was only one possibility, and that was a fiasco!

So he considered whether to release the previous seal.

## **Boom!**

The momentum here was shocking, vast, and unimaginable.

Qin Wuya kept being pushed backward, and his face was even more uncertain. In the fight against Gu Changge, he had already used many divine powers that he had learned in the Nine Heavens.

But when he encountered Gu Changge, they were all resolved by his special laws.

Moreover, at this moment, he actually felt that his arm was turning numb as if it was about to break. One must know that his physical body was his main strength.

Qin Wuya was also very confident in his physical body. The heavenly skills he had cultivated since he was a child were closely related to body training. After that, he soaked himself in many spiritual liquids and cultivated an indestructible body.

In the Nine Heavens, he had killed many foreign beasts and used their blood essence to refine his body. He had also swallowed many strange immortal medicines, such as Bodhi Fruit, Immortal Flower, and Primordial Fruit, all of which had the effect of strengthening the body.

Even if it was some Supreme being, Qin Wuya was sure to compete against one or two. However, his physical body did not have the slightest advantage over Gu Changge. This made it difficult for him to calm down, and he felt that he really encountered a monster. Gu Changge was obviously seriously injured, and he was still in a mess.

It would be so terrifying if he recovered from his injuries, no wonder even a person like the inheritor of demonic art had fled for his life because of him, and it was difficult to contend against.

"The fact that the inheritor of demonic art killed geniuses this time is not because everyone underestimated the inheritor of demonic art and underestimated the enemy."

"It's that Gu Changge hid too deeply, which caused everyone to mistakenly believe that although the inheritor of demonic art is powerful, there is a limit to it."

The complexion of some young geniuses changed rapidly, and their faces turned slightly pale.

"Yeah, before that, who would have thought that Young Master Changge's true strength would be so terrifying, how could the inheritor of demonic art who can escaped safely under such strength be so weak?"

After thinking about this clearly, many geniuses' faces turned pale, and they contacted many of the previous actions of the inheritor of demonic art.

He set up a plan that should be aimed at Gu Changge, Prince Sheng could only be said to be unlucky at best and was implicated in it. It was just that Jin Chan Buddha was smart enough to sense that something was wrong in advance, and he did not take action.

And just as everyone was shocked and discussing, under the sky emerged a vast fluctuation, like an ancient sky tower falling down, and even the stars outside the domain seemed to be trembling.

Faces of countless cultivators turned white, and they knelt down in fear, with their souls trembling.

"I already know who you are." Gu Changge spoke lightly, his eyes deep and calm, but more indifferent.

A terrifying seal of mountains and rivers appeared, and the golden light was surging as if it could suppress eternity.

**Boom!**

Heaven and the earth exploded, the universe was reversed, and everything was penetrated!

Qin Wuya, who was fighting against Gu Changge, suddenly changed his expression. Unexpectedly, Gu Changge had activated the Supreme Weapon.

Taken aback, he was directly smashed by the Great Seal of the Mountains and Rivers, and many of his bones shattered.

**Puff!**

He spurted out a mouthful of blood and flew backward. A black stone appeared under his robe, intertwined with various innate veins as it forcibly resisted the blow. If it weren't for his physical strength, he would have exploded at this time.

After that, Qin Wuya sacrificed a very simple stone tool in his hand, like the teeth of some unknown ancient beast, exuding a radiant brilliance. After being punched out by Gu Changge, a star-like star map was immediately formed, with various lines hanging down, that was shrouded in the mountains and rivers.

"Not good..."

However, Qin Wuya felt a chill on his face at this time, and his expression changed suddenly. The face mask he used to cover his face had shattered at some point.

It turned out that this was the purpose of Gu Changge!

"It turned out to be him, the man in the strange stone..."

"Sure enough, it has something to do with Zi Yang Heavenly King."

At the moment of seeing the mysterious man's true face, many of the geniuses below were shocked, and there was an uproar. They never thought that it would be this person.

Even the Six Crown King, the Heavenly Phoenix Maiden, and Liu Zi Yan were surprised.

When the strange stone opened, many geniuses rushed to it, thinking that it would be the reincarnation of a True Immortal, but they only got to see an ordinary man and were very disappointed.

Moreover, the cultivation base he revealed at that time was only in the Heavenly God Realm.

Later, noticing that he and Zi Yang Heavenly King were very close, there seemed to be some connection between the two. But right now, who would have thought that he would be here now, and his strength would be so terrifying?

"Where is Heavenly King Zi Yang? Tell me his whereabouts, or you will die today."

Gu Changge's eyes were calm and indifferent, and his voice still did not fluctuate.

The Great Seal of Mountains and Rivers floated up and down behind him as if it included all the mountains and rivers between heaven and earth, displaying endless terror!

"..."

Qin Wuya knew that his identity was exposed, and everything was going in the worst direction. He glanced at Gu Changge coldly and didn't say much.

Then the ancient artifact of animal teeth in his hand exploded, and the divine light was surging, as if a supernova with terrifying energy pouring out.

All the discolored faces of geniuses changed, and they quickly retreated, their eyes stinging and tears flowing. Qin Wuya's figure took the opportunity to rush to the distance, to escape into the void, intending to escape.

"No, he's running away!"

Many geniuses in the distance noticed this scene and wanted to chase after him. After all, it involved the inheritor of demonic art, and tonight's event would be difficult to calm down.

At this time, how could they let him escape?

"Looks like I'm still too reluctant..."

But Gu Changge did not continue to chase at this time, blood dripped from the corner of his mouth, his face was slightly pale, and he sighed calmly.

"Is Young Master Changge all right?" Liu Zi Yan appeared beside him and asked worriedly.

The Six Crown King, Heavenly Phoenix Maiden, Ying Yu, and others also descended, looking at Gu Changge with different expressions, some complicated and some worried.

"Don't worry, I've left a mark on him just now, and he won't be able to escape. By the way, I can let him find Zi Yang Heavenly King for me."

Gu Changge looked at geniuses who looked worried and smiled slightly.

### **Chapter 328-1: The news caused a huge sensation in the world, It's time to close the net after a long time (1)**

Hearing Gu Changge say this, all of the geniuses were stunned. It turned out that Young Master Changge had a plan for a long time, and he did not simply let him go.

"How is Brother Gu's injury?" The Six Crown King stepped forward, his eyes flashed, and he stared at Gu Changge.

In fact, at this moment, he and Heavenly Phoenix Maiden had other thoughts in their hearts, but of course, it wasn't to challenge Gu Changge.

Instead, they were guessing whether Gu Changge was injured or not. Like before, Gu Changge was seriously injured, but in reality it actually was not that serious?

However, in order to fool some people, Gu Changge displayed a seriously injured attitude. Its purpose was to let those who thought they had a chance to kill him come to the door in person.

Just like this time. Gu Changge clearly seemed to be injured, but the injury was still serious. But when he attacked, he looked majestic and heavy, with almost endless fluctuations that were even on the verge of suffocating, and one couldn't help themselves from kneeling down.

He could even easily compete with the powerhouses who were close to the Supreme Realm, regardless of the outcome. If he was really injured, how could he be so powerful and terrifying, and even have the means to activate the Supreme Weapon?

This made Heavenly Phoenix Maiden and the Six Crown King feel a chill in their hearts, thinking that they were probably all kept in the dark by Gu Changge. If Gu Changge's injury was just to hide the truth.

The person who came to trouble him at this time was simply a fool who was hanging himself and looking for his own death. Moreover, Six Crown King felt that Gu Changge had not shown his true strength yet, and he had hidden a lot.

"The injury is fine, it may be fine after resting for a while."

Hearing this, Gu Changge smiled slightly, and Qing Jun's face turned pale.

But when he was talking, blood flowed from the corner of his mouth again, and it seemed that his injury was still serious. However, everyone had seen his strong and invincible attitude just now, and they were speechless in their hearts. From which point did it look like a serious injury?

Saying so, it was estimated that it was also to deliberately let the enemy find him and then catch them all in one go.

"Brother Gu's strength is unfathomable, it is really admirable." Heavenly Phoenix Maiden said seriously.

Ying Yu also nodded in agreement.

"For today's matter, I would like to thank you, Young Master Changge."

Afterward, Liu Zi Yan looked at Gu Changge and thanked him. She was a person who repaid kindness, although Gu Changge claimed to the outside world that she was under house arrest here.

But only Liu Zi Yan knew that she was really like a guest here, very comfortable. From time to time, she would enjoy tea and play chess with Gu Changge. The days here were quite leisurely.

If there was no black-robed man who suddenly attacked tonight, she might even approach Gu Changge to play chess tomorrow.

"No problem. After all, if something happens to you, I will have some trouble too."

Gu Changge smiled, then looked at her and asked, "What about you? Are you hurt?"

"Young Master Changge protects me like this, how can something happen to me?" Liu Zi Yan's beautiful eyes stared at him tightly.

Gu Changge nodded, "That's good."

"What the hell is going on?"

Seeing this scene, especially Liu Zi Yan's attitude, made many people puzzled.

They didn't understand why she was conversing with Gu Changge like this, shouldn't she hate Gu Changge?

The Six Crown King and the Heavenly Phoenix Maiden were very smart. The two of them reacted almost instantly, and couldn't help but say with admiration, "I see. Brother Gu's foresight is really admirable."

Seeing that many people were still puzzled, Liu Zi Yan explained, "Actually, during this period of time, I was a guest here with Young Master Changge, and I wasn't under house arrest by him as rumored by the outside world."

"Because this matter involves some disagreements within the Purple Mansion, I can only think of such a tactic to persecute them."

"Heavenly King Zi Yang has a close relationship with the inheritor of demonic art. If the Purple Mansion is obsessed, it can only be destroyed in the end. I didn't want to see such a scene, so I discussed it with the young master Changge and planned to deceive the Purple Mansion."

"The rumors about the young master Changge outside these days are all caused by me, and have nothing to do with young master Changge."

Hearing the words, everyone suddenly realized and sighed in their hearts. It was estimated that no one could think of this kind of method except Gu Changge.

And for the rest of the cultivators, even if they wanted to cooperate with the Purple Mansion, it was impossible because they didn't have the qualifications and courage.

Because this was going to offend the entire Purple Mansion! Besides Gu Changge, who would dare to do something like the house arrest of the Holy Maiden of the Purple Mansion?

In addition to admiration, everyone had nothing else to think about.

"Tonight, if Young Master Changge had not noticed the other party's actions in advance, I would have died tragically at the hands of the other party."

"The other party first dispatched a black-robed man in the peak of the Great Sacred Realm to assassinate me. Fortunately, Young Master Changge appeared in time and forced him back..."

Afterward, Liu Zi Yan spoke again, she was still a little scared when she said this and stared very gratefully at Gu Changge.

"What? That black-robed man actually came to assassinate Miss Zi Yan?"

As soon as these words came out, there was an uproar, panic, and shock. Before this, many people had always thought that the other party came to assassinate Gu Changge.

The result turned out not to be, the target had always been Liu Zi Yan?

"The inheritor of demonic art is not stupid. He knows Brother Gu's strength, and he knows that even if he is seriously injured, he cannot assassinate him. So he wants to retreat. Even if he cannot assassinate Brother Gu, it will bring trouble to Brother Gu. ."

At this time, Heavenly Phoenix Maiden suddenly explained aloud. Seeing that many people were puzzled, she said such a sentence. If it was before, she would definitely not be able to explain something to everyone because of this.

But what she saw tonight really shocked her, and she no longer had the arrogance in front of Gu Change. These words were all sincere and full of admiration.

"Well, that's how things went. Just now, this man had a close relationship with Zi Yang, but under the pretext of arriving to rescue me, he wanted to attack me as soon as he got an opportunity..."

"I will truthfully report his matter to Purple Mansion, and if Purple Mansion insists on protecting Zi Yang Heavenly King, it is definitely not something I can stop."

Liu Zi Yan said with a solemn expression, and her flawless face was filled with coldness.

"Holy Maiden Zi Yang, don't need to worry. As long as the Patriarch of the Purple Mansion is not stupid, he will understand how to choose."

Gu Change then smiled.

Liu Zi Yan glanced at him with trust and reassurance and hummed softly.

This scene made many geniuses and cultivators look slightly envious, feeling that something seemed to have happened in the past few days. Before that, there was no intersection between Holy Maiden Zi Yan and Gu Change.

But in just a few days, Liu Zi Yan's attitude towards Gu Change had undergone such a big change. Gu Change was very attractive to heavenly beauties, which made many geniuses envious.

Soon after, the news of what happened here caused a sensation in the entire Ancient Xuanwu Kingdom, and even many nearby ancient kingdoms were shocked. But the dissemination of the news was obviously even more terrifying, as if it had grown wings.

In just a while, it quickly spread to the rest of the Upper Realm, triggering the shock of various Dao Lineages and Great Sects, and causing a sensation in the world. It set off a shocking wave everywhere as if a meteorite smashed into the deep sea.

First, the inheritor of demonic art sent someone to assassinate Gu Change! The events that followed directly proved that Zi Yang Heavenly King had a close relationship with the inheritor of demonic art.

### **Chapter 328-2: The news caused a huge sensation in the world, It's time to close the net after a long time (2)**

The mysterious man who walked out of the strange stone of the Nine Heavens displayed unparalleled combat power, fought against Gu Change, and in the end, escaped!

And in the process, Gu Changge's true strength was exposed, causing a sensation in the world, making all the younger generation stunned and their scalps tingling. Even if Gu Changge was seriously injured, he could still compete with the Quasi-Supreme powerhouse!

This was simply terrifying and shocking like petrification.

This was the first time that Gu Changge had shown such strength in front of everyone, because the opponents Gu Changge met before could be easily crushed without him needing to do anything.

This also led to a situation where everyone knew that Gu Changge was strong, but they didn't know how strong he was. And as soon as the news came out, it immediately caused a terrifying earthquake.

It was only then that many of the older generation of powerhouses realized that this young man in their eyes had grown to the point where even his cultivation base required them to look up.

Prince Sheng died without resentment!

It was not that he was too weak, but the inheritor of demonic art was really too strong!

Later, in the midst of this incident, the shocking details were passed back by the spies of the major forces and Dao lineages, which once again caused the hearts of many cultivators behind them to be horrified and set off a storm.

The information contained in either message was way too huge. Many cultivators couldn't even believe it, and stayed in place for a long time, thinking that this was really too dreamy.

Even if Zi Yang Heavenly King tried to quibble all of a sudden, it would be of no avail. The cultivators witnessed the true face of that mysterious man with their own eyes.

In particular, the disciples of True Immortal Academy had seen him and witnessed that Zi Yang Heavenly King had a close relationship with their own eyes. There was an unknown relationship between the two of them.

In addition, the fact that the inheritor of demonic art sent a black-robed man to assassinate the Holy Maiden Zi Yan also made many people angry.

During this period of time, they had been searching for traces of the inheritor of demonic art everywhere. It was just that the inheritor of the demonic art could quietly dispatch the man in the black robe to Gu Changge's mansion, which meant that he must be not far from the Ancient Xuanwu Kingdom.

Many geniuses felt uneasy and vigilant. If they encountered the inheritor of the demonic art, it was absolutely impossible for them to be his opponent.

After this battle, some of Gu Changge's strengths finally surfaced. If it was said that the strength he showed before was the tip of the iceberg. The strength shown now was part of the iceberg.

It was just that under this iceberg, who knew how much power was still hidden? From this incident, many people had also speculated that part of the strength of the inheritor of demonic art.

Before that, because of Gu Changge's hidden strength, many people felt that the inheritor of demonic art was very strong. But it was not that invincible yet. Because of this, ancient monsters like Prince Sheng felt that they had a good chance of winning against the inheritor of demonic art.

This was why after learning the news of the inheritor of demonic art, he couldn't wait to chase after him, and then he encountered a scheme and lost his life.

After this incident, many people were very wary of the inheritor of demonic art, and they no longer felt like before that after encountering the inheritor of demonic art, they could kill him.

So as to become famous all over the world and live forever.

During this period, the Purple Mansion was not facing any optimistic situation, even if there were many signs now that there were innumerable connections between Zi Yang Heavenly King, and the inheritor of demonic art.

Zi Yang Heavenly King became ruthless and even wanted to assassinate the Holy Maiden of Purple Mansion, just to cause some trouble for Gu Changge.

Under such behavior, there were still people trying to protect him in the Purple Mansion, saying that all of this was groundless and Gu Changge intended to frame Zi Yang Heavenly King.

Holy Maiden Zi Yan betrayed the sect along with outsiders, and would be punished in the future!

This statement immediately caused a huge sensation. Many people realized that something must have changed in Purple Mansion.

After all, Liu Zi Yan was the daughter of the Patriarch of Purple Mansion! It was impossible for the Patriarch of Purple Mansion to have such an attitude toward Liu Zi Yan.

"It seems that Purple Mansion is no longer controlled by the Patriarch..."

Gu Changge smiled as he sat at the top place, and gently blew the teacup in front of him. The mist was curling up, making it look even more immortal, like a sacred place.

"I wonder what to do now..." Liu Zi Yan's expression was a little sad, she didn't expect things to change like this.

"As long as you find Zi Yang Heavenly King, that's fine."

Gu Changge put down the teacup and got up, squinting his eyes, and his smile seemed a little deep.

"I've had the bait for so long, it's time for me to close the net."

Liu Zi Yan looked at him in a daze and suddenly felt that Gu Changge at this moment was a little strange from the person he was familiar with a few days ago.

It was really different. For a while, she thought she was dazzled.

But soon, Gu Changge smiled again and said gently, "Holy Maiden Zi Yan actually doesn't need to worry, as soon as Heavenly King Zi Yang dies, even the old monsters in Purple Mansion who want to protect him will have no choice but to admit it. "

"If they want to resist..." Having said that, he stopped, and his smile seemed unpredictable.

Afterward, Gu Changge ignored Liu Zi Yan who was still in a daze, he walked outside the hall and began to summon many followers.

Liu Zi Yan had no effect on him now. The bait that should be placed had already been placed. At this time, even if Liu Zi Yan was really assassinated by Zi Yang Heavenly King, it had nothing to do with him.

"Young Master Changge is going to find the location of Zi Yang Heavenly King?"

Liu Zi Yan couldn't help but ask.

However, Gu Changge did not answer, but smiled, "At this time, Holy Maiden Zi Yan should go back to the Purple Mansion to take a look. I don't think Ling Zun's situation will be very good."

After that, his figure flashed and he appeared in the sky outside, his eyes were indifferent, he waved his sleeves, and said to his many followers who were coming, "I already know the whereabouts of Zi Yang Heavenly King."

"Today, he will be taken down."

### **Boom!**

In the next moment, the void trembled, a terrifying aura permeated, and in a trance, there was a space portal opening in front of everyone's eyes, with golden light, surging.

It seemed to be connected to another space.

"Space Passage..."

Liu Zi Yan watched this scene in shock.

Before that, she had seen such a method in the hands of the Elders of the True Immortal Academy and the old monsters of the Purple Mansion.

To open up a space channel with one's own strength, one must have a deep understanding of the law of space and be able to control it. This was at least a Supreme method!

Among the younger generation, this was the first time she saw Gu Changge use it!

### **Buzz!!**

In the next moment, Gu Changge stepped forward, and the figure took the lead in walking towards it, and many followers quickly followed, covering the sky, and shaking the entire Xuanwu Imperial Capital.

Many geniuses and cultivators looked up and were extremely shocked. Then, a piece of news emerged, which once again shocked all parties!

Gu Changge had already found the location of Heavenly King Zi Yang, and he was going to kill him!

"Are you going to make a move?"

In the mansion, the Six Crown King suddenly stood up, divine light flashed in his eyes, and a terrifying aura filled the air.

Later, he also set off, guessing that this battle was likely to attract the inheritor of demonic art, of course, that might not be the case.

In the other direction, Heavenly Phoenix Maiden, Jin Chan, Ying Yu, and others also received news one after another, with different expressions, and then they set off at the same time, not wanting to miss the show.

For a time, in the high altitude of the entire Ancient Xuanwu Kingdom, it could be seen that the divine lights were passed by, the divine instruments broke through the air and rushed away.

Although when Gu Changge set off, he directly opened up a space channel. But he didn't hide his aura, and everyone behind him could keep up as long as they pursued his aura.

### **Chapter 329-1: He naturally chose to forgive her, The people around Gu Xianer are way too dangerous (1)**

"Hao'er, your childhood sweetheart seems to be hiding a lot of things from you."

At the same time, in the Vermillion Bird Ancient Kingdom, high in the sky, two figures were hidden as they conversed.

Gazing at a cloud-patterned white jade dragon cart galloping past, Chu Hao's expression was very complicated.

The one who spoke was an old man with a spirited and childlike face, fluttering white robes emanating an immortal-like style. It was Chu Hao's uncle Bai Yang from the Supreme Dao Cave.

Bai Yang's cultivation had reached the Supreme Realm many years ago, and within the entire Supreme Dao Cave, he was regarded as a high-ranking person, and only a few people could match him.

The man next to him had a handsome face, a tall and straight body, with a bearing that could not be underestimated. It was Chu Hao.

It was just that Chu Hao's expression was also very complicated right now, watching Tang Wan's cloud-patterned white jade dragon chariot speeding past.

But she did nothing wrong. At this time, of course, he could only choose to forgive her.

Things had to start from the beginning. He had an appointment with Tang Wan that day, and he planned to enjoy flowers in the palace garden with her and wanted to say something.

Tang Wan naturally arrived by appointment. The two were talking and laughing, quite leisurely and happily, but halfway through, Tang Wan's expression suddenly changed.

Chu Hao clearly noticed that the communication talisman in her sleeve was lit up, so she guessed that it was the Tang family behind her who had something to say to her.

Afterward, Tang Wan found an excuse and took the opportunity to leave so as to reply to the message in the communication talisman. And Chu Hao's spiritual sense was strong, and he was still brooding about the time when Tang Wan was persecuted by Gu Changge.

Only then did he start to think about Tang Wan's situation. Thinking so, he probed her with his spiritual sense, but Tang Wan didn't notice it. It was then did he realize that Tang Wan was communicating with Gu Change, and Gu Change naturally explained the matter through the communication talisman.

This scene made Chu Hao angry. His face changed suddenly, he almost couldn't bear it, and went straight to ask Tang Wan while shouting. However, considering that Tang Wan couldn't help herself, he just gave up, but his face was not seem so good-looking.

As for what Tang Wan and Gu Change were saying after that, he didn't know as Chu Hao didn't hear it. Once the message was sent, Tang Wan was in a hurry as she said goodbye and left by making an excuse of family affairs.

Chu Hao was uneasy, worried that she would suffer grievances and be bullied by Gu Change, so he followed her all the way in the dark. Only to see Tang Wan rushing to the Ancient Xuanwu Kingdom in her cloud-patterned white jade dragon chariot.

"I know what Uncle said, so... I still need to become stronger, so that the Tang family behind Wan'er won't dare to despise me, and Gu Change won't dare to bully me so casually."

Chu Hao took a deep breath and finally calmed down, knowing that it was useless to be angry at this time. The most important thing was to improve his own strength.

"Hao'er, you are right. When your cultivation level rises in the future and you can control Heaven and Earth alike, no one will be able to bully you. Although Gu Change is strong, in the end, he is only a junior."

Bai Yang smiled and agreed. As for Chu Hao, he regarded him as his own son, and was very optimistic. After hearing that he was oppressed by Gu Change, he hurriedly departed from the Supreme Dao Cave.

During this period, he stayed in the Vermillion Bird Ancient Kingdom for half a month because he was worried that Chu Hao would be persecuted and oppressed by Gu Change.

However, as Tang Wan had said to him before.

As long as Chu Hao didn't take the initiative to provoke Gu Change, Gu Change wouldn't bother to care about such a small person as him.

During this period, although Chu Hao was also worried that Gu Change would attack him because of this, he remained in the capital of the Vermillion Bird Ancient Kingdom and did not dare to leave half a step.

But Gu Change seemed to have really forgotten about him. This gave Chu Hao a sigh of relief, though he was more unwilling and aggrieved. After all, he could be regarded as a peerless genius, and he would be in charge of the Supreme Dao Cave in the future.

In the end, Gu Change really didn't care about him at all. This huge gap made him feel very uncomfortable.

"Uncle Shi, do I still have to follow Wan'er to the Ancient Xuanwu Kingdom?"

Chu Hao then asked again, while following her, in fact, he had already guessed who Tang Wan was going to see. During the last incident, he had a faint resistance to this kind of thing as he was worried that when he saw something, he could not help but take action.

"You can go, I heard that this Gu Changge is in trouble now, and he is about to deal with the Zi Yang Heavenly King of the Purple Mansion, so he shouldn't have time to care about you."

"After arriving in the Ancient Xuanwu Kingdom, you can take the opportunity to find a place to stay first, and I will explore the surroundings for you."

Hearing this, Bai Yang pondered for a while, and added, because he was worried that Chu Hao would not be able to stop himself because of Gu Changge's relationship.

As a result, Gu Changge would have even more reason to attack Chu Hao.

Now that Chu Hao was facing Gu Changge, there was really not much possibility of confrontation. Because Chu Hao offended Gu Changge, it also made Chu Hao's situation a little troublesome in the Supreme Dao Cave, and many Elders were quite critical of him. .

"Then I'll listen to my uncle." Chu Hao nodded and did not continue to discuss this matter.

Then the two of them hid their figures again and secretly followed Tang Wan.

At the moment in the dragon carriage, Tang Wan, who was very worried, clenched her dress tightly in her hands. She did not know that Chu Hao and Bai Yang were following her in the sky.

She also remembered what Gu Changge suddenly told her from the communication talisman. Although Gu Changge didn't say much about it in the communication talisman.

But Tang Wan knew that it was absolutely inseparable from what had happened recently. This made her very nervous, uneasy, and even frightened.

"I really can't imagine Gu Changge's strength. If my guess is correct, the means he used back then actually had a lot to do with the inheritor of demonic art."

Tang Wan's face was very solemn, and when she thought of the previous incident, she couldn't help but feel a chill on her back.

During her time in the capital, she went through relevant ancient books in order to check things about her slave seal.

At first, she didn't get anything, but when she had the idea of ??it being unfavorable to Gu Changge, she would spontaneously feel the urge to surrender and fear the repercussions.

Fortunately, the efforts of Emperor Tian paid off, and in the end, on a shabby page, Tang Wan saw a few words of records. Although the record was very vague, and the means in it were only somewhat similar to the slave seal displayed by Gu Changge, and they were not completely consistent.

However, Tang Wan was convinced that it was actually the same method as Gu Changge's back then.

And the page recorded the things about the inheritor of demonic art. This discovery made her feel chills all over her body, and after contacting many recent news and rumors, she felt that Gu Changge's methods were more and more terrifying and unfathomable.

If he was really the true inheritor of demonic art, the consequence of it was unimaginable, no matter who it was, it would be horrified.

When she went to see Gu Changge this time, Tang Wan didn't know what would happen, so she could only pray silently in her heart that Gu Changge wouldn't notice her thoughts.

"Brother Hao, don't be the enemy of Gu Changge. The horror of him is something you can never imagine..."

Tang Wan whispered in her heart.

It was just that her expression would be a little dazed from time to time. During this time, some vague memories would emerge from the depths of her mind.

The magnificent ancient sect. The master with unfathomable strength and the senior brother with outstanding talent and maturity, the two becoming Dao companions.

The Junior brother who was often bullied, and the little Junior sister who was devoted to the Dao and had no other thoughts.

"Is there really reincarnation in this world?"

## **Chapter 329-2: He naturally chose to forgive her, The people around Gu Xianer are way too dangerous (2)**

.....

At this moment, in the abandoned ruins outside the Ancient Xuanwu Kingdom that was submerged in flowing mist, the rays of the sun were permeating, and it was full of various colors of miasma.

The monsters roared and the ferocious birds swept through the air along with the sound waves spread in the surrounding. A purple-robed man was located here, looking at the fluctuation of divine lights in the distance, and his eyes were cold.

It was Zi Yang Heavenly King. Currently, his face did not seem so good-looking. Especially after hearing many rumors from the outside world, his whole person was struck by lightning, feeling unbelievable and shocked like a statue.

His followers were also pale now, faintly fearful, and very uneasy. They felt that the divine lights passing over the sky were all geniuses who had arrived to search for their traces.

Here, no one was a fool. At this time. Anyone could know what the situation of Zi Yang Heavenly King was, not that he was the enemy of the whole world, but in fact, it was almost the same.

They followed Zi Yang Heavenly King so what would happen to them in the end? There was no need to say more. Regardless of whether Zi Yang Heavenly King sent someone to assassinate Gu Changge, the perception of him from the outside world was extremely fatal.

Now almost everyone thought that Zi Yang Heavenly King and the inheritor of demonic art were working together. Even Liu Zi Yan felt the same way. She regarded Qin Wuya, who was sent by Zi Yang Heavenly King to save her, as someone with the inheritor of demonic art, and extremely hated him.

"Junior brother, what is the attitude of the Purple Mansion behind you on this matter? If Purple Mansion doesn't protect you, your situation will probably be even more difficult now."

Qin Wuya was standing opposite Zi Yang Heavenly King. He was also sighing.

After he escaped from Gu Changge, he did not immediately return here, but was worried about what means Gu Changge had left on him.

In order to be safe, Qin Wuya stayed out of town for a few days to ensure that there were no marks left by Gu Changge on him, so he returned here and joined Heavenly King Zi Yang.

Hearing this, Heavenly King Zi Yang glanced at Qin Wuya, and his expression was still ugly. This time, in his opinion, he thought it would be a sure bet.

After all, Qin Wuya himself took action, was there anything he couldn't handle? But something went wrong. The inheritor of demonic art suddenly dispatched someone to kill Liu Zi Yan, and Gu Changge noticed it.

As a result, all his plans came to naught. Not only that, but even Liu Zi Yan held a grudge against him. Stealing chickens yet not losing rice.

Although Zi Yang Heavenly King also wanted to complain about this, he also knew that Qin Wuya couldn't be blamed for this matter. Who would have thought that the inheritor of demonic art would suddenly do this?

"Damn, that inheritor of demonic art did play dirty. Not only did he frame me, but now he directly made me take all the blame for him! Prince Ying, I will never forget this hatred!"

Thinking of this, Zi Yang Heavenly King's expression became even more gloomy, and his fists clenched tightly.

A terrifying aura was surging all over his body, as if it could change the course of mountains and rivers, making the stars fall, engulfing this place shrouded in a layer of depressing atmosphere.

Everyone was silent and didn't dare to say anything. Nowadays, besides Gu Changge, the person whom Zi Yang Heavenly King hated most was the inheritor of demonic art, Prince Ying.

"Junior brother, this matter is very strange. In my opinion, the person you need to worry about the most now is actually Gu Changge. Have you ever thought about the possibility that Gu Changge and the inheritor of demonic art are actually the same person?"

However, upon hearing the words of Heavenly King Zi Yang, Qin Wuya frowned and said solemnly. With a bit of tremor that even he felt his heart palpitate, he seemed to have made up his mind to say such words.

"What?" Hearing this, Heavenly King Zi Yang was stunned for a moment, his eyes widened in disbelief.

"Why would Senior brother suddenly say that?" Reacting to the seriousness of the matter, he looked solemn and asked in a hurried voice.

With Qin Wuya's character, he would not suddenly say without any reason. He must have sensed something wrong to say that.

"Actually, this incident was only after I thought about it carefully in the past few days, and then suddenly reacted."

"At that time, I hid outside Gu Changge's mansion for a few days. If someone was lurking there, I would have noticed it, but I didn't. The appearance of the man in black robe was very strange, it was like he just appeared out of nowhere."

"So I suspect that he is actually Gu Changge's person, so he just showed up and played a bitter trick of thief shouting to catch thieves."

"And when I fought against Gu Changge, although his aura looked injured, his real strength was not affected at all."

"Who in this world can recover and use that much strength in just a few days after hurting their origin, and even activate a Supreme weapon?"

"If Gu Changge's terrifying talent can be explained, then the doubts about many things in the past will be more clear. Besides, Gu Changge's grasp of timing is just right every time. If he didn't calculate all of this, you and I won't believe it even if you kill him."

Qin Wuya explained, his voice contained a terrifying chill, trembling slightly, causing Zi Yang Heavenly King to feel chills on his back. Even Qin Wuya had experienced a lot of things in the Nine Heavens, but facing this situation, he was terrified and his soul was trembling.

Before that, he had never thought that a person would be so terrifying.

On the surface, he was the leader of the righteous path, the strongest person in the younger generation, with a dazzling halo, and hundreds of millions of people admired him and were his believers.

It was also someone who would have many heritages under him in the future. As long as he did not fall, in the future, he was bound to be the most extreme figure standing in the Upper Realm, and the future was limitless.

But in the dark, he was the most terrifying inheritor of demonic art in the Upper Realm, hiding in the darkness, devouring many origins of geniuses, and causing chaos in the world.

"What my brother said... The things involved are simply too terrifying..."

After hearing this, Zi Yang Heavenly King couldn't help but tremble, his back was chilled, and he was terrified to the extreme.

He thought of the many possibilities and consequences of Gu Changge being the inheritor of the demonic art. It was simply unimaginable, and it would bring unimaginable terrifying disasters to the Upper Realm.

"I can only doubt this matter. If I have to display evidence, it's impossible. Gu Changge is too cautious. The so-called inheritor of demonic art, Prince Ying, it is estimated that he is just as unlucky as you."

Qin Wuya sighed and said, at this time, he didn't know how to comfort Ziyang Tianjun.

*How could he offend such a terrifying character? Whoever offended Gu Changge would have to face his worst nightmare.*

"Senior brother, what should I do now? if Gu Changge suddenly finds me at this time, can I only surrender?"

Zi Yang's face was pale, he was extremely frightened, and his voice was trembling. Before Qin Wuya explained all this, he had never thought of this possibility. But now, the whole person's head was buzzing, panic to the extreme.

As the inheritor of demonic art, Gu Changge not only threw everything on his head, but now he was even holding the banner of justice to kill him.

*Was there anything in this world more terrifying and desperate than knowing this truth?*

"At this time, maybe only the Purple Mansion behind you can save you. If Gu Changge and I fight against each other, the outcome will only be fifty, fifty at most. The outside world says that Gu Changge is seriously injured. In fact, he is very good and he is just deceiving everyone in the dark, to play with the world."

Hearing this, Qin Wuya said after a moment of silence, "Or you can reveal Gu Changge's true identity..."

Zi Yang Heavenly King expressed his expression, no matter what kind of possibility it was, there was nothing he could do. The only way at this time was to wait for the Purple Mansion behind him to send a strong support.

"I suddenly figured out why I saw such a scene from the future pictures..."

Zi Yang Heavenly King suddenly remembered that at first, with the eyes of immortality, he planned to spy on Gu Xian'er in the future.

At that time, wasn't she being imprisoned by Gu Changge in a dark and damp dungeon, and was dying?

If Gu Changge was the inheritor of demonic art, all of this would make sense. Gu Xian'er was in too much danger; she had no idea how terrifying and dangerous the cousin next to her was.

"No, I have to remind my little sister of all this. I have noticed her searching for me outside these days. I can't hesitate..."

Zi Yang Heavenly King thought of this, his face suddenly turned firm and his fists clenched, as if he had made a decision.

Although this decision might lead to the exposure of his traces and face a crisis of life and death, he was not afraid at all.

**Chapter 330: Its better to live with a cheap name, Eventually going to the opposite side (1)**

"Having said so much, in short, this girl is easy to feed, right?"

At this time, seeing everyone talking and arguing about the origin of Little Wang Yue, Gu Changge waved his hand and interrupted.

"It would be very easy to feed, and because Wang Yue itself is an Immortal beast, she only needs to devour all kinds of auras of the world to survive."

A clan Elder nodded.

"In this case, just find a star field and place it in it. With its ability, it should not starve to death."

Gu Changge said indifferently.

"Aren't you going to keep it to yourself?"

Hearing this, a clan Elder couldn't help but ask in surprise.

This was brought back by Gu Changge, and it was still a very rare descendant of Wang Yue, otherwise, they wouldn't surround it with curiosity.

"Since it's easy to feed, it's the same no matter how you feed it. I don't have that much time to keep her around."

Gu Changge shook his head and said. If it wasn't for this reason, why would he bring the descendent of Wang Yue back into the family?

It was not too troublesome.

When all the clan Elders heard this, they were also a little silent.

The descendant of Wang Yue belonged to Gu Changge, and it was up to him how to raise her, and they had no way to interfere.

Moreover, Wang Yue was an Immortal beast. Although she hadn't grown up yet, her own strength was far superior to the other beasts.

Even if she was left alone, she could live very well.

The Gu family's territory was boundless, and the rich star fields were even more numerous.

Unless those cultivators were bold and not afraid of their clans being exterminated, who would dare to snatch Wang Yue's offspring?

Little Wang Yue clearly understood the meaning of Gu Changge's words, and there was grievance in her big, clear eyes.

But she seemed a little afraid of him and didn't dare to show anything, so she had to lie there and stay still.

She remembered very clearly that Gu Changge didn't say that when he was in the Heavenly Palace.

At that time, he kept saying that it would be no problem to let it eat up the 100,000-star fields, but now he didn't even want to raise her?

Sure enough, she couldn't believe the words of beautiful men.

"What? Little thing, don't you want it?"

Noticing the change in Wang Yue's mood, Gu Changge couldn't help asking with interest.

Little Wang Yue didn't expect Gu Changge to ask herself, and she seemed to be frightened in an instant and retreated toward the back of the Taoist Platform.

She looked very weak, pitiful, and helpless, and in her big eyes, there was fear for him.

"This..."

All the clan Elders watched this scene and didn't know what to say.

Wang Yue didn't respond to them, but she was very afraid of Gu Changge.

Could it be that she had experienced something before?

Gu Changge couldn't help but smile, "If you stay here, you will eat delicious and spicy food, and I will even let you eat a whole star field, isn't it enough? Could it be that you really want to follow that trash?"

Hearing this, little Wang Yue hurriedly shook her head and looked at him with big eyes.

Although Gu Changge was scary, at least she won't go hungry after following him.

If she followed the mortal she saw in the Heavenly Palace before, she would probably starve to death.

"Then why don't you want to? Do you want to follow me?" Gu Changge asked with a smile.

Wang Yue looked at him hesitantly and finally nodded.

She knew that Gu Changge was dangerous, but her intuition told her that she would not suffer from following this man.

"Then you think I'll let a burden follow me?" Gu Changge asked back with interest.

Hearing this, Little Wang Yue lowered her head in despair and spit out bubbles from her mouth.

"If you don't want to raise it, I'll raise it for you."

However, at this moment, accompanied by a cold voice, a figure suddenly appeared in the palace.

The face was blurred and hazy, the figure was slender and tall, and the blue silk was flying in the air, with a transcendent and peerless temperament.

It was Gu Qingyi.

Many clan Elders obviously did not expect Gu Qingyi to show up, and they were a little surprised. Their attitude toward her was obviously different from that of Gu Changge.

Although Gu Changge was the Young Master, he was only a junior after all.

And Gu Qingyi's seniority was obviously much older than theirs, and her cultivation was unfathomable. There were rumors that she would be one step ahead of Gu Changge's father, Gu Lintian, who was the current Patriarch of the Gu family.

Of course, all the clan Elders did not know what kind of cultivation Gu Qingyi had now.

It wasn't even clear if this was her real body.

As soon as Gu Qingyi appeared, her eyes fell on little Wang Yue on the Immortal Jade Taoist Platform, which seemed a little complicated.

But this expression was also fleeting, and soon returned to calm.

"If that's the case, then I would like to thank Aunt Qing."

Gu Changge smiled. Although he was a little surprised that Gu Qingyi would take the initiative to show up, he didn't ask why.

Gu Qingyi glanced at him and nodded.

On the other hand, little Wang Yue in the pool of Immortal Jade Taoist Platform was quite affectionate to her and even swam a distance to get close to Gu Qingyi.

Gu Qingyi rarely showed a smile on her face, although it was only fleeting, Gu Changge could clearly see it.

He raised his brows slightly. He knew Gu Qingyi's character very well, and he rarely saw her with such an expression.

Could it be that there was something else between her and this little Wang Yue?

Thinking of this, he couldn't help but keep an eye on it.

"Since the little Wang Yue is yours, as her Master, give her a name."

Afterward, Gu Qingyi retracted her gaze, looked at Gu Changge, and said in a cold voice.

"Name?"

Gu Changge thought about it for a while, but did not hesitate, "Since it is white and beautiful, let's call her Xiao Bai."

Speaking of this name, he thought of the Eight Desolate Demon Halberd that when he found it, Gu Changge also named it.

Xiao Hei and Xiao Bai were quite easy to hear.

"Xiao Bai?"

Gu Qingyi turned her head to the side, and the blue silk fell down, covering the little half of her face, as if asking Gu Changge if he was sure.

And Wang Yue was very dissatisfied with the name.

Even though she was quite afraid of Gu Changge, she protested and kept shaking her head.

"Is this name bad?" Gu Changge smiled.

"How about a cheap name that can feed better?"

Gu Qingyi didn't care much about the name, but mainly sensed Little Wang Yue's dissatisfaction and grievance.

"Your naming skill is really hard to compliment."

Gu Qingyi shook her head, and her expression did not change.

But since it was little Wang Yue who was brought back by Gu Changge, Gu Changge didn't decide what to name her, and she didn't refute anything.

As for the cheap name or something, forget it. In comparison, Xiao Bai sounded much better.

In this way, little Wang Yue's name was fixed, and even if she was very aggrieved and protested, Gu Changge didn't have any intention of changing his mind.

It was not about bad taste, it was just a hassle.

Afterward, Gu Qingyi left with Gu Changge and Xiao Bai entered the small world where she usually cultivated.

In the huge world, it was full of clouds and mountains, vast and boundless, like a fairyland.

There was no end in sight, and the sea of ??clouds rose and fell as if breathing with the sky.

Apart from Gu Qingyi, there was no one else in this world.

Even the living beings present were ordinary beasts with born intelligence, flowers, and trees, although they were old, they had not touched the essence yet.

From Gu Changge's point of view, Gu Qingyi must have used some means to prevent the plants and other things in this world from being refined.

For her, it was easy to change the rules of heaven and earth.

And her temperament was cold and quiet, and she didn't like being disturbed by outsiders. If she hadn't led the way, Gu Changge would never have been able to find this little world.

After arriving in this world, little Wang Yue was released from the pool, and her slender and white body escaped into the sea of ??clouds, seemingly very happy.

Although this place was only a small world, the spiritual energy of heaven and earth here was extremely rich.

"Let her stay here. With that you should be relieved."

Gu Qingyi said.

She stood on the top of the mountain, her dress fluttering as she watched little Wang Yue regain her freedom, the corner of her mouth couldn't help showing a smile.

"I have nothing to worry about, even if I throw her out casually, no one would dare to hit her."

Gu Changge said with a smile, and then suddenly changed his tone, "By the way, what is your relationship with Immortal Palace, Aunt Qing?"

Hearing this, Gu Qingyi's expression froze.

Then she turned her head to look at Gu Changge, with a complicated look in her eyes.

"What did you remember?" She didn't ask Gu Changge why he asked about this but asked back.

Gu Changge nodded, but didn't answer either, he still smiled, "Aunt Qing, you haven't answered my question yet."

"When you remember something, come back and ask me again."

Gu Qingyi obviously didn't want to answer his question, and her face returned to a cold expression as if refusing people from thousands of miles away.

"Really?" Gu Changge smiled and didn't care.
