

## Villain 331

### Chapter 331: The so-called truth about the True Immortal Ascension, Gu Xianer took the initiative to show up

"Zi Yang Heavenly King should be contacting the powerhouse of Purple Mansion to come here..."

With a faint smile on Gu Changge's face, he appeared alone and headed for the vast mountain range ahead.

When he fought against Qin Wuya at that time, he left some kind of aura on him. Of course, it was not a mark, because a mark could easily be discovered by Qin Wuya.

Therefore, Gu Changge only needed to pursue his aura, and he could easily find his location. Qin Wuya thought it was of the third level, but in fact, the means that Gu Changge placed on him was of the tenth level.

Gu Changge even knew Qin Wuya's whereabouts during these days, but he was too lazy to go after him and attack him. Before he killed Zi Yang, doing so would only startle the snake.

"If the powerhouse from the Purple Mansion shows up, I should contact the Gu family behind me. I can just take this opportunity to let some Dao forces know their place."

Gu Changge walked between the mountains with a calm expression, very casual, and was not in a hurry.

He did not doubt the importance that Purple Mansion attached to Zi Yang Heavenly King. After all, he was a character reincarnated from the Taboo Era, born to be Immortal, and also possessed the bones of Hongmeng Dao, one which was hard to find in all ages.

If Purple Mansion wanted to flourish, it would have to rely on Zi Yang Heavenly King. Although Purple Mansion was known as the Supreme Sect, in fact, since its existence, no Immortals had been born.

The background though was shocking and unfathomable, but there was also a lack of the existence of repressive backgrounds. With Zi Yang Heavenly King, they saw the hope of creating an Immortal, which could elevate Purple Mansion one step higher.

Therefore, under the premise of knowing that they would offend many Dao forces, Purple Mansion still wanted to protect Zi Yang Heavenly King, even at the cost of having this generation of Purple Mansion's Patriarch on house arrest.

All of this displayed the importance of Zi Yang to Purple Mansion. But if Purple Mansion still insisted on opposing him, Gu Changge could only let the Ancient Immortal Gu Family behind him take action.

He also had his own guardian. It was just because of the forbidden demonic art, Gu Changge couldn't let others know about many things. That was why he let his protector stay with the Gu family, and only when he had something to do would he order him to come.

This time, Gu Changge intended to use Purple Mansion as a whetting stone for sharpening the blade.

He had already instructed the Ancient Immortal Clans who had been training for a long time in the Ancient Immortal Continent to break through the space at any time and attack the territory where the Purple Mansion was located.

Purple Mansion's strength was not very strong and was not too weak either. If it was used as a whetstone, it was just right.

Immortal Sects, Supreme Dao.

Although many forces in the Upper Realm with a long history were called by this name, their backgrounds were actually quite different. The power that had given birth to a True Immortal, and the force that never had a true immortal.

The gap was huge, even indescribable in words.

During this period of time, Gu Changge consulted many ancient books and combined them with some vague memories in his own mind. This cleared up some of the divisions at that time.

Taking the period of the Demon Lord's extinction as the boundary, that was, the Forbidden Era.

Counting forward, that was the Immortal Ancient Era, because, before that era, there were True Immortals in the world, even visiting friends to discuss the Dao, and it was a joy to exist in the world.

For example, the Ancient Heavenly Lord of Reincarnation and the Ancient Immortals all stemmed from that era.

The Forbidden Era, which had been buried in the long river of time. Even if it was thousands of years later, no one dared to mention it, and all thoughts in the heart would be eliminated.

It couldn't even leave any records on the page, and it couldn't exist between heaven and earth. Now, if one thought about the Taboo Era and wanted to trace what happened at that time, one would also encounter unknown backlash.

After the Forbidden Era, there existed no Immortals in the world, and even the power lines that survived under the Forbidden Era would no longer be termed as Immortals.

As for the reason, some people said that it was because of the wrath of the heavens and the earth, that under such a heaven and earth environment, it was impossible to become Immortal again.

Some people also said that the True Immortals in the world were buried under the Taboo Era, the Immortals died and the Buddha wept.

It was even more impossible to cultivate the body of Immortality, and it was impossible to cultivate the radiance of the Immortal Dao. There were many rumors, but they were not the same.

But the truth that Gu Changge learned was that after the Taboo Era, all True Immortals in the world had to leave for another world for inexplicable reasons and rules. It was similar to the ascension he knew.

Another world, for the time being, could be called a fairyland. Like the Ancient Immortal Gu Family, that had a deep connection with that world. Because the Ancient Immortal Gu Family's existence time was even before the Immortal Era and was even older than the Immortal era.

It was for this reason that Gu Changge consulted these ancient books. The rest of the Ancient Immortal families, such as the Ancient Immortal Wang Family, actually had a origin within that world.

Their ancestors were located in it, and the inheritance of future generations was all left behind.

In the current Upper Realm, at most, there were residuals of Immortals, and it was impossible to birth a complete and unimpeded True Immortal. Even if a True Immortal was born, it was impossible to stay here for a long time.

There were many Immortal sects and Supreme sects born in later generations, and there were very few Immortal sects left.

The appearance of the Absolute Heavenly Extinction caused a shocking sensation in the entire Upper Realm. It was also for this reason that the True Immortal Academy was established and the True Immortals were being trained.

"Anyway, what happened in the Forbidden Era has nothing to do with me... According to this rate, I should learn something more from Chan Hongyi."

Gu Changge's thoughts flew back quickly.

His eyes were deep.

During this period of time, he had recovered more and more memories, as if the deep sea was showing its vastness. It was also like an entire iceberg that was slowly surfacing.

There were many things that should be explained.

Chan Hongyi.

That was the name of the witch in red.

.....

"Brother, you are here, are you alright?"

"Were you noticed by Gu Changge?"

Outside the ruins, Zi Yang saw Qin Wuya's figure emerging from a distance, and his face suddenly showed a surprised expression as hurriedly greeted him, and asked with concern, "You were not here these days, I was really worried, I was afraid that you were found by Gu Changge."

Looking at Qin Wuya's expression, he knew that Gu Xian'er was observing them, so he cooperated tacitly and pretended to be ignorant.

"I'm fine. The injury has almost recovered. Gu Changge hasn't tracked me down. During this time, no one has been looking for me, right?"

Qin Wuya nodded, gave Zi Yang Heavenly King a hint, and asked back.

Zi Yang Heavenly King shook his head and said, "No, it's very quiet. Except for the geniuses passing by in the sky, there is no movement."

Afterward, the two exchanged greetings for a while, pretending to look like they hadn't seen each other for a few days. Asking about what happened to each other, as if they were very worried.

Gu Xian'er, who followed all the way, was still hiding in the dark. Those cold and beautiful eyes stared closely at the actions of the two, and clenched her hands tightly, not letting go of every word they said.

But soon, she frowned and realized that something was wrong.

Many aspects of the things the two talked about were related to Gu Changge, and among the ten sentences, there were eight sentences that never left Gu Changge.

The content of these words sounded like they were talking about how terrifying Gu Changge was, how deep his mind was, calculating everyone, and disguising it well. In fact, he was the real inheritor of demonic art and so on.

But listening carefully, it was more like the two of them were explaining to her that Gu Changge and the so-called inheritor of demonic art was actually the same person.

Explaining to her many reasons and doubtful places. After reacting to this, Gu Xian'er couldn't help but narrow her eyes with coldness and murder.

She had seen it through. Qin Wuya deliberately attracted her, and the two of them said these words to her on purpose.

"Shut up!"

At that moment, Gu Xian'er snorted coldly, her voice was clear and cold, with a terrifying chill.

She took the initiative to appear, emerged from the hidden void, and walked towards the ruins ahead.

At the same time, in her white and slender hands, a crystal clear and radiant jade sword appeared, with a shocking edge flowing on it, which seemed to be able to break through everything.

"You are... Gu Changge's cousin?"

Seeing Gu Xian'er taking the initiative to show up, Zi Yang Heavenly King and Qin Wuya were both shocked. This was not made up, but they were really shocked.

Unexpectedly, at this time, Gu Xian'er would take the initiative to show up. In their plan, they would find Gu Xian'er's trace later, and then after learning that she heard all this, they would earnestly start explaining to her.

If Gu Xian'er didn't believe it, the two had no choice but to take action. Now Gu Xian'er had taken the initiative to show up, and honestly, it disrupted the plans of the two of them.

But soon, Zi Yang Heavenly King and Qin Wuya reacted, and hurriedly made a vigilant hostile look, staring at Gu Xian'er.

### **Chapter 332: If the future is willing to do this, How dare you hurt her?**

"How did you get here?"

Zi Yang Heavenly King frowned and asked, "This is not the place you should be, I advise you to go back."

However, Gu Xian'er had already seen through their plans, and was unmoved at this time, her eyes were cold and murderous.

"You don't have to pretend anymore, tell me, why did you lure me here? Do you want to create a crack in the relationship between me and Gu Changge, instigating me to deal with him? That can only mean that you are thinking too much."

Gu Xian'er's voice was very cold, as if it didn't contain any emotion. Hearing this, Qin Wuya and Zi Yang Heavenly King looked at each other and frowned.

Afterward, Heavenly King Zi Yang sighed, "My Senior brother and I are actually doing it for your own good."

He decided to come clean.

Qin Wuya was also silent. They also knew that at this time, all of their previous plans were useless.

Gu Xian'er frowned and asked, "What do you mean?"

"As you have heard all this, Gu Changge is actually the real inheritor of demonic art. Sooner or later, he will attack you, devouring your origin and everything. And your identity is that of the Junior sister from my previous life, but you don't know this."

"Do you remember the day in front of the mountain gate of True Immortal Academy? Why did I do that? Actually, I just wanted to help you restore the memory of your previous life. If you don't believe it, then I have no choice."

Zi Yang Heavenly King's complexion returned to calm, and he stared at Gu Xian'er and said, ready to tell Gu Xian'er everything he knew and understood.

"Past life?" Gu Xian'er's brows were still wrinkled when she heard the words, and judging from her expression, he couldn't tell whether she believed it or not.

To be honest, Zi Yang Heavenly King's words had a big impact on her. She thought about the purpose of Zi Yang Heavenly King and Qin Wuya, but she didn't expect him to say something which was beyond Gu Xian'er's expectations.

"In our previous life, we were all disciples of the Boundless Dao Sect. I was the Senior brother, and Junior Brother Ziyang and you were both direct disciples of my Master. In your last life, your name was Dao Xian."

Qin Wuya also spoke at this time, hoping that from these words, Gu Xian'er would be reminded of something.

However, Gu Xian'er's expression was still calm and cold, without any change, and she didn't remember anything.

"Have you finished speaking?" Then, she asked coldly.

The name Dao Xian, she had heard Qin Wuya say it just now, but she didn't expect it to be the name of her previous life.

It felt so incredible and dreamy. Was there really reincarnation in this world?

"This is the water of Reincarnation Lake. It can restore memories of past lives. If you don't believe it, you can drink it."

At this time, Qin Wuya spoke again, took out a small white jade bottle from his sleeve, and handed it to Gu Xian'er.

A miraculous brilliance emerged, and the silver-white brilliance permeated in the void, exuding the meaning of reincarnation, which was amazing. Even through the bottle, people could feel the surging meaning.

"The water of Reincarnation Lake?"

Gu Xian'er frowned and didn't pick it up, she still couldn't trust Qin Wuya and Zi Yang Heavenly King. As for whether it was the water of Reincarnation Lake, she had no way to prove it.

Who knew what was in the bottle?

However, these words made Gu Xian'er fall into doubt.

What was the purpose of the two of them?

Not to mention the truth of the past life, just the act of bringing her here now didn't seem to have any good intentions.

"If you still don't believe it, this is what I saw when I used my Immortal Eye."

Seeing Gu Xian'er go silent, Zi Yang Heavenly King suddenly burst into joy, thinking she was thinking seriously, so he couldn't help but say.

At the same time, a golden pattern appeared between his eyebrows, reflecting everything, extremely dazzling and surging with divine light.

Although at this time, the real supernatural power of Immortal Dao eye could not be used. But it was not difficult for him to restore what he saw at that time.

If Gu Xian'er could see these sights.

Then he believed that Gu Xian'er would definitely have doubts about Gu Changge, and would at least not have as much trust in him as she had now.

**Buzz!!**

While speaking, the void in front of Zi Yang Heavenly burst out with brilliance, followed by some pictures. In the dark and damp dungeon, a beautiful young girl was sealed with chains.

Her limbs were hanging on the wall, covered with blood, her aura was decreasing, but her expression was full of stubbornness and coldness. The man in front of her had a handsome face, a white robe that was better than snow, a rich spirit like jade, without the slightest bit of dust.

There was also a small white jade bowl in his hand, which contained blood, which looked thick and evil. Seeing this scene, Gu Xian'er was silent.

Suddenly, her delicate body trembled, and her face turned pale, as if she had lost all her blood.

"Bullshit, I'm going to kill you."

Suddenly, she snorted coldly, and directly sacrificed the jade sword, which flew out from the palm of her hand.

The crystal clear and radiant sword, with a terrifying edge cut through the sky and fell towards Zi Yang Heavenly King, as if to kill him here.

"These are the fragments of the future that my Immortal Eyes can see. Gu Changge is uneasy and kind to you. He is the real inheritor of demonic art. Why can't you trust us?"

"It's impossible for me and my Senior Brother to hurt you."

Zi Yang Heavenly King's expression was a little gloomy, and he couldn't help but ask.

At the same time, the sleeves were rolled up as the purple energy rushed out like a galaxy, falling from the sky, resisting Gu Xian'er's blow. With his current strength, if Gu Xian'er did not use other means, it was not difficult to suppress her.

However, Zi Yang Heavenly King didn't do this, and was still trying to persuade her, hoping that Gu Xian'er could figure it all out and stop being obsessed.

"Besides provoking my relationship with Gu Changge, do you have any other abilities? If that is my future, then I am willing to do so."

Gu Xian'er's voice was still as cold as ice, without any emotion.

**Boom!**

The jade sword pierced through the void, the aftermath smashed everything around, and the mountains were collapsing, with terrifying laws and order, turbulent and vast, bursting with all kinds of gorgeous lights.

Hearing this, Heavenly King Zi Yang's complexion suddenly turned extremely ugly, with anger, gloom, hatred, but more than jealousy and unwillingness.

"Why? What is all this for? It's obvious that I'm being nice to you, but Gu Changge is intent on hurting you..."

He was almost roaring, never expecting Gu Xian'er to say such a thing, the whole person seemed to be ignited by the flame of jealousy.

At this moment, Heavenly King Zi Yang couldn't care about anything, he wanted to suppress Gu Xian'er and force her to drink the water of Reincarnation Lake.

For a time, the laws were intertwined here, the divine chain of order was in the air, and the dazzling beam of light suddenly passed through the void, which was extremely terrifying.

Hongmeng's purple aura shrouded the sky and turned into a vast cloud layer, in which various magical powers evolved as the purple thunder crackled, as if it could tear everything apart.

Gu Xian'er was also using various means to fight against all this, and her expression was very cold. And Qin Wuya didn't do anything, he just watched from the side, at the same time to prevent the fluctuations here, attracting the rest of the cultivators and geniuses.

### **Boom boom boom!!!**

The battle here became more and more astonishing, with a loud shock, like the drum of an immortal was being beaten, shaking the universe, the place completely exploded, and the entire ruins were shattered.

Dao was evolving, and laws were condensing. Gu Xian'er's immortal bone was manifesting, turning her into a Supreme True Immortal, to suppress everything.

Zi Yang Heavenly King manifested his Hongmeng Dao bone, and the purple energy was boundless and incomparably terrifying, like a galaxy bursting its banks. Finally, in the void, there was a sound of shock, and red blood was spilled.

Gu Xian'er flew out, there was blood on the corners of her mouth and skirt, and her expression was cold. After all, her Realm was much weaker than Zi Yang Heavenly King, and after using a few tricks, she quickly fell into a disadvantage.

She was not his opponent.

"Junior Sister Xian'er, you are not my opponent, so don't resist at this time, just be obedient..."

Zi Yang Heavenly King's purple robe fluttered as he was standing in the sky. At this moment, after one blow, his face had recovered to calm, watching her say so.

However, before his words were finished, Qin Wuya's expression suddenly changed behind him, and he shouted, "No, hurry up and step aside."

### **Boom!**

In the next moment, the mountains and seas collapsed, the power of the destruction of the universe surged forward and the void suddenly exploded.

Zi Yang Heavenly King didn't have time to react, he wanted to turn back in the face of the great change in fear, but the whole person was hit by this force, and his body exploded instantly with a bang, with blood flying around.

"You are looking for death! How dare you hurt her?"

A figure walked out of the void, and a palm covered the sky and shot down, like the wrath of the ancient sky, carrying the power of hundreds of millions of stars.

His face was like ice that had existed for hundreds of millions of years, and one couldn't help but feel chills on his back, from head to toe, making their soul shiver.

### **Chapter 333-1: How dare you hurt her? What a cruel plan! (1)**

Fluctuations emerged from the void, followed by a terrifying aura like a turbulent ocean, and it seemed more like a galaxy falling into the world.

Many runes were engulfed with law and order were intertwined as a figure stepped out, making a strong move, with a cold murderous aura of anger.

The laws of Dao he controlled appeared all over his body, lingering in there, as if they were surrendering to him, worshipping him, just like facing a young supreme god.

It exploded right here.

A large palm print in the void appeared, carrying the power of hundreds of millions of stars as if it could suppress the ages, and it was extremely powerful as it descended from the sky and hit Zi Yang Heavenly King who was caught off guard in an instant.

Although he reacted quickly, his complexion changed drastically, and he wanted to fight, but the power contained in this palm was simply too great. Even if he was wearing a treasure robe that could resist the strength of the Great Sacred Realm, it was difficult for him to withstand this blow.

After resisting for a moment, cracks appeared on his treasure robe, and then it exploded. His fleshy body was like an egg hitting a stone, extremely fragile, and his bones broke with a click.

His internal organs were crushed, the whole body almost exploded with the blood dripping, and he didn't look like a human anymore.

"Gu Changge!" Seeing the person coming, Zi Yang Heavenly King let out a growl.

At the same time, accompanied by the piercing pain, his face almost distorted, looking extremely hideous. He never thought that at this time, Gu Changge would suddenly appear, and launch a powerful strike like a thunderbolt, which would directly injure him.

His divine soul turned into divine light, swept over the tattered body, and quickly fled to the other side to rebuild the body. Although Heavenly King Zi Yang hated Gu Changge very much.

But he was also aware that he was not Gu Changge's opponent. He was worried that Gu Changge would seize the opportunity at this time and attack directly, beat him to the point of annihilation, and Purple Mansion would not come for support.

In the void, Gu Changge's figure stood there, his robe fluttered, and his eyes were calm and deep, but with more of a cold and murderous aura.

Hearing that, he didn't say much, but looked at Gu Xian'er, who was staring at him blankly, and sighed softly, "How could you be so impulsive in finding out the whereabouts of Heavenly King Zi Yang and not give me any message?"

Although he was blaming, it was hard to hide concern and worry in his words.

In fact, before Gu Xian'er came here, Gu Changge found this place. However, he did not show up, waiting for Qin Wuya to appear, wanting to see their hidden methods.

After that, he witnessed Qin Wuya's plan to lure Gu Xian'er with his own eyes. Including the showdown between the two of them, Gu Xian'er's past life, and Zi Yang Heavenly King revealing his identity as the inheritor of demonic art.

Gu Changge saw all this, but he didn't stop it and chose not to show up. Afterward, Gu Xian'er's actions surprised him a little, but more than that it was trance and a sigh.

Especially after witnessing the miserable vision of the future, Gu Xian'er actually said that even if that was the case, she would still be willing. This made Gu Changge fall into silence for a while, not knowing what to say. Should she be called stupid, or should she be called innocent?

Of course, he also guessed that the picture Zi Yang Heavenly King saw was actually something on the timeline that Yue Mingkong experienced. In this life, at most, he only bullied Gu Xian'er, how could he be willing to hurt her.

However, when she heard Gu Changge's words, Gu Xian'er did not answer, but still looked at him blankly, her normally cold and moving eyes seemed to have lost her spirit. Not even the blood on the corners of her mouth was wiped away.

"Gu Changge, how did you find this place?"

At this time, it was Qin Wuya who shouted in a cold voice, extremely fearful, and appeared in front of Zi Yang Heavenly King in a flash.

He was sure that Gu Xian'er did not pass the news to Gu Changge. How did Gu Changge find this place, and how long had he been hiding in secret?

This made Qin Wuya feel terrified, which meant that Gu Changge had actually listened to what they said just now, including their origins and relationship. This was their biggest secret, and it had never been told to anyone except each other.

He told Gu Xian'er today that if she didn't agree, he would be forced to take action, suppress her, and force her to drink the water of Reincarnation Lake. So he was not worried about her speaking out.

"It's all thanks to you. If you hadn't led the way for me, how could I have come here. Speaking of which, I have to thank you very well."

Gu Changge smiled lightly, his figure fell from the sky and walked slowly.

He knew what Qin Wuya was worried about, but at this time, Gu Changge didn't care.

"You left a mark on me? How could it be possible? I searched all over and couldn't find any mark." Qin Wuya's voice was gloomy and unbelievable.

"If you can find it, what am I going to do?" Gu Changge smiled lightly.

Qin Wuya's face became more and more gloomy, and he had already concluded that Gu Changge did something.

It turned out that Gu Changge deliberately let him go at that time, and even used means he didn't know to leave something like a mark on him, so he took this opportunity to find him.

Apart from this possibility, there was no other possibility. His back was even colder.

Zi Yang Heavenly King, who was recovering from his injuries, was also very pale when he heard that. He never expected that the one who finally revealed his whereabouts would be his Senior brother.

"Junior brother, it's my fault. I didn't expect Gu Changge to come here in the end."

Qin Wuya apologetically glanced at Zi Yang Heavenly King. If he had been more cautious, Zi Yang would not have been hit so hard by Gu Changge, and he wasn't even sure if he could escape safely today.

"Senior brother doesn't have to do this, Gu Changge is so cunning, who would have thought that he would do such a thing."

Zi Yang took a deep breath and calmed down, without any intention of blaming Qin Wuya. Right now, he could only face Gu Changge directly.

**Buzz!!**

In the next moment, a mighty purple aura appeared on his body, permeating from every inch of his tattered flesh and blood.

In the end, it turned into a chain of immortal energy, and his injured body was reconnected as his injury was healing at a speed visible to the naked eye. This method was naturally not that simple, and it consumed the origin.

Even Zi Yang Heavenly King had to do this because he needed to restore his state to its peak in a short period of time so that he could fight against Gu Changge's battle power.

Soon, his complexion improved.

In the blood, there was also a mysterious fluctuation that turned into a simple and mysterious rune, which condensed into unparalleled power.

"Senior brother..."

Qin Wuya recognized this secret technique, and his face turned a little dignified.

Because this secret technique did not belong to this world and was a forbidden secret technique of the Boundless Dao Sect.

This technique must not be used until as the last resort, not only would it burn the origin, but also burn the lifespan.

Zi Yang Heavenly King's face was aging at a speed that was visible to the naked eye, and there were also spots of white hair in the hair.

"Senior brother doesn't need to persuade me, no matter what, today, I want to subdue the demon! Not only for Junior Sister Xian'er but also for the common people in the world, the inheritor of demonic art must be executed!"

"Gu Changge has lost all of his conscience, and he has done all the bad things. Sooner or later, he will suffer retribution."

Zi Yang Heavenly King's face was firm and upright, and his words were even more generous and powerful, containing unimaginable power. At this time, even he didn't know why, but there was a surge of righteousness.

The human world had its own right path, and this demon would not be allowed to do evil and cause chaos in the heavens.

"At this time, haven't you forgotten to frame me? Although Xian'er is a little stupid, you want to provoke her with these words? Aren't you underestimating her too much?"

Gu Changge smiled slightly and walked to Gu Xian'er's side. He didn't care about Zi Yang Heavenly King's words at all.

"Gu Changge..." Gu Xian'er also seemed to have come back to her senses, still staring at him blankly.

Gu Changge gently wiped the blood from the corner of her mouth for her, his eyes fixed on her, "You just need to remember one thing, no matter when it is, I will never hurt you."

Gu Xian'er was stunned when she heard the words. She actually wanted to ask Gu Changge whether the words of Zi Yang Heavenly King and Qin Wuya were true or not and whether he was the inheritor of demonic art.

But seeing Gu Changge say this, she didn't know how to speak. But there was no doubt that she believed that Gu Changge would not hurt her.

In her opinion, the picture Zi Yang Heavenly King showed her, was to sow discord between her and Gu Changge, so she was so angry just now.

"Junior Sister Xian'er, don't believe Gu Changge's nonsense, he will do anything to gain your origin."

Zi Yang Heavenly King snorted coldly, now he was not as angry as before, and he had calmed down.

After all, Gu Xian'er had been tricked around by Gu Changge, and she couldn't tell the difference between east, west, north, and west, so he couldn't blame Gu Xian'er for this.

However, this hatred must be counted on Gu Changge's body.

"Junior brother doesn't need to talk to him. Today, if you and I join forces, there might be a chance."

Qin Wuya said coldly, he was very decisive, without hesitation, he shot straight forward, incomparably strong and fierce. The injury he mentioned before was naturally to deceive Gu Xian'er.

He was in good shape himself, and he didn't suffer multiple injuries at all that night.

In the void, the divine runes flickered and the brilliance was splendid, all of which were transformed by various laws of Dao, and the order was condensed and intertwined, which was extremely terrifying.

"Don't take action, leave both of them to me, and I will find out the whereabouts of Xiao Yi."

Gu Changge looked at Gu Xian'er with a strange look in his eyes. Then, without waiting for her to answer, his figure flashed and appeared in the sky as he fought with Qin Wuya.

**Buzz!!**

When he raised his hand, a divine light shot out emitting an extremely dazzling sword aura falling from the sky, fierce and capable of attacking everything.

Afterward, Heavenly King Zi Yang did not hesitate and shot at Gu Changge, the mighty purple aura was overwhelming and endless like a galaxy.

All kinds of mysteries evolved there, condensed into all kinds of divine weapons, swords, spears, swords, halberds, axes, and forks, and all attacked Gu Changge to counter his blow.

### **Chapter 333-2: How dare you hurt her? What a cruel plan! (2)**

**2)**

#### **Boom!**

The sky and the earth shook violently, making a terrifying sound, and the aftermath alone caused many mountain ranges to collapse and turn to ashes.

For a time, the laws were intertwined here, the mountains shook violently, and the chains of order ran through the void as if they could pierce the heavens and the earth.

Then, a golden fog appeared in the sky, Gu Changge condensed the Dao Dharma body surging with golden light, it was tens of thousands of feet in size.

He was extremely powerful, and he reached out with a big hand, covering the sky, causing the place to fall at once.

#### **Boom!**

Qin Wuya was very confident in his own strength. As soon as he attacked, he showed the combat power of the Quasi-Supreme Realm, turning into a divine mountain, which was extremely solid and majestic, like a fetish from the Nine Heavens.

But facing Gu Changge's palm, it collapsed directly, unable to resist for a moment.

Qin Wuya's body shook violently, and then a mouthful of blood spurted out and he flew out backward.

"You still don't admit it, you're not hurt at all."

He was extremely shocked and horrified. Now, the strength that Gu Changge showed was several times stronger than that in the mansion that night, and it was even more powerful and terrifying.

"Injured? No, it's just that you are too weak."

Gu Changge smiled casually, walking into the void as if he was casually strolling in his courtyard.

The palm fell again, the chaotic mist spread, and the golden divine inscription hung down, which was extremely solid, like the palm of the Emperor, making Zi Yang Heavenly King fly out with blood.

His body almost exploded and fell to the ground, unable to get up for a long time. Although Zi Yang Heavenly King used the forbidden technique, in front of Gu Changge, he still couldn't even resist a palm, his body was tattered and full of blood.

He coughed up blood again, which was wrapped in broken pieces of internal organs, and was seriously injured. Zi Yang Heavenly King's face was very ugly, he quickly took out the holy medicine and medicinal herbs, and stuffed them into his mouth, which made the injury improve.

"Brother..."

He didn't expect that the two of them would still not be Gu Changge's opponents even when they joined forces.

Before that, didn't the Senior Brother say that he had 50% chance in defeating Gu Changge?

"I didn't expect his current strength to reach this point. Gu Changge is hiding too deeply."

Qin Wuya knew what Zi Yang Heavenly King was thinking, his face became more and more gloomy, and he was worried in his heart.

Under such circumstances, Gu Changge's desire to kill Zi Yang Heavenly King could be said to be an easy task. Although he still had many means that he had not used yet, he had a lot of headache.

When he entered the Nine Heavens by mistake, he also obtained a lot of divine objects and learned a lot. However, once those means were used, they would likely cause unimaginable consequences.

The Nine Heavens had manifested in the Upper Realm. Once known, his fate would not be much better than that of the inheritor of demonic art.

Qin Wuya was very clear about the truth of the innocence of ordinary people and the guilt of pregnant women. After that, Gu Changge's expression was calm and indifferent, and he shot again, pushing his big palm horizontally and slamming it down from the sky.

Zi Yang Heavenly King continued to vomit blood, his body was covered in wounds, the bones were healed and then broken, the internal organs were crushed, and the whole person was tattered.

At this time, even if he had many divine medicines and medicinal pills on his body, it would be difficult for him to recover, because Gu Changge would not give him time at all.

"Gu Changge, stop!" Qin Wuya's eyes were splitting, and he was extremely angry.

Although he took action from the side and wanted to delay Gu Changge, he still didn't have any chance to show his strongest means.

Gu Changge was even more simple, directly using the Great Seal of Mountains and Rivers, the Supreme power pulsed up and down, the aura of the Dao was rumbling, and it rolled over in the sky, making Qin Wuya grit his teeth with no way to counter it.

He used a lot of means, but he still coughed up blood and was hurt. Then, while clenching his teeth, he sacrificed an ancient treasure, it was shining and snow-white, like an ancient scale, covered with all kinds of simple and natural Dao formations.

The moment this scale appeared, it broke through the void and appeared directly, as if it was reproducing the original immortal creature.

Whoohoo!

A strange sound suddenly appeared in the heavens and the earth. The scales were extremely strange, and the lines on it seemed to be coming back to life, and they all shone brightly.

In the end, it turned into a strange beast with the body of a dragon, beast, and an ox, surrounded by purple thunder as they roared up to the sky, and it seemed as if even the sun and the moon could be smashed to pieces.

In the face of this power, even the Great Seal of Mountains and Rivers seemed to be affected.

There was a terrifying wind, accompanied by the roar of Dao, which was deafening, blowing from all directions of the world, as if even the soul of a person could be shattered.

"A creature from the Nine Heavens?"

Gu Changge's eyes fell on the scale, and he was a little interested. With the power of one scale alone, he was able to compete with the Supreme Artifact.

How strong was this beast in its prime? However, he didn't care too much. After using the Great Seal of Mountains and Rivers, he directly attacked Qin Wuya, and at the same time, he shot at Zi Yang Heavenly King.

Gu Changge didn't plan to kill Zi Yang Heavenly King now, he was still waiting to fight the old generation, and before the powerhouse of Purple Mansion arrived, Zi Yang Heavenly King couldn't die yet.

"Isn't the general routine all about killing someone, and then the older generation would jump out and shout to stop? Zi Yang, you are about to die, and the powerhouse from Purple Mansion hasn't come yet. Are they going to abandon you?"

Gu Changge smiled faintly, ignoring Qin Wuya who was battling against the Great Seal of Mountains and Rivers behind him. He slammed his hands down again, this time directly suppressing Zi Yang Heavenly King to the ground.

"Gu Changge! If you kill me, Purple Mansion will not let it go!"

Zi Yang Heavenly King was covered in blood, and no bones were intact. At this moment, he couldn't help roaring, extremely frightened and uneasy, for fear of being killed by Gu Changge.

"You colluded with the inheritor of demonic art to attack the disciples of the Academy, and then you even joined your Senior brother to attack the Holy Maiden Zi Yan, trying to put the blame on me."

"At this time, what else do you want to quibble about? If Purple Mansion dares to protect you, so what if I destroy it."

Gu Changge's smile was still light and cloudless, and there was no turbulence.

"Gu Changge, you are spitting nonsense!"

Zi Yang Heavenly King was furious and cursed, extremely angry.

His whole body was glowing, extremely translucent.

At the same time, his Hongmeng purple aura was surging, and there was an aura of chaos leading to primordial evolution, which was trying to compete with Gu Changge.

But the gap between the two of them was way too big.

No matter how extraordinary Hongmeng Daot bone was, it would be difficult to fight against it if it spewed the colorful rays of light there and flew through the rules of the strongest.

Soon Zi Yang Heavenly King was splattered with blood, and was directly suppressed to the ground by Gu Changge. The atmosphere of the battle that took place here spread, and all kinds of divine lights illuminated the sky, instantly attracting many cultivators and geniuses from afar.

For a time, divine lights broke through the sky and rushed to this place, all thinking that there was a big event happening here and it should not be missed.

The disciples of the True Immortal Academy also arrived quickly to control the situation, on divine weapons, mounts, etc., for fear of missing something.

"It's Zi Yang Heavenly King!"

"Young Master Changge has found the trace of Heavenly King Zi Yang, and the two are fighting!"

Soon, the cultivator who arrived, saw the scene from a distance, and couldn't help shouting directly, incomparably shocked and excited.

The many cultivators behind him were also very excited to hear the words, and they came quickly to witness all of this with their own eyes.

The Six Crown King, Heavenly Phoenix Maiden, Ying Yu and others who were waiting outside the mountain range also heard the movement here, with different expressions on their faces, and clouds rose from their feet as they rushed over.

"Not good!"

"This place has been discovered."

Seeing this scene, Qin Wuya's complexion changed drastically again.

He was fighting against the power of the Supreme weapon. He didn't expect that the hidden formation of this place had been broken, causing the brilliance of this place to soar into the sky, attracting the cultivators from afar.

He knew that Gu Changge must have done it.

Gu Changge not only wanted to expose their whereabouts, but also wanted to kill Zi Yang Heavenly King in front of all the cultivators, holding high the name of justice.

This made him shiver uncontrollably.

What a cruel plan!

### **Chapter 334-1: Fighting for hundreds of millions of miles across the sea, I'll make an example of you and the Upper Realm will change (1)**

"Brother, hurry up!"

"Leave me alone!"

At this moment, Heavenly King Zi Yang also reacted to Gu Changge's intentions, and he couldn't help but feel panic in his heart. He didn't want to implicate Qin Wuya.

Moreover, if Qin Wuya continued to stay here and someone noticed his traces, then he would no longer be able to clear his suspicions.

"Junior Brother Zi Yang!"

Qin Wuya gritted his teeth, his eyes were full of anger and hatred, staring at Gu Changge, and struggling. He also knew that at this time, he could no longer stay here.

"It's here! Zi Yang Heavenly King is hiding here!"

"It's him! The one who came to assassinate the Holy Maiden Zi Yan that night!"

"Sure enough, he is in the same group as Zi Yang Heavenly King! No, he wants to escape, stop him quickly... puff..."

But soon, among the cultivators who arrived, some people were shocked and recognized Qin Wuya at a glance. It was the masked man who suddenly became extremely shocked and angry.

Seeing Qin Wuya turn around and try to escape from here, they rushed forward with a roar and used various divine weapons to intercept him.

However, Qin Wuya just waved his hand casually, his sleeves agitated and a terrifying brilliance emerged from the gleaming white scales, shaking them all away.

However, before this group of cultivators who were shocked, were bombarded by an inexplicable force and exploded in the air, their flesh exploded, and their bodies and spirits were both destroyed.

This scene immediately shocked and horrified the cultivators who came behind and then triggered even greater anger, murderous aura, and righteous indignation.

"Damn it! It's come to this, and he still wants to attack, he just doesn't know how to live or die!"

Everyone was furious, and they used their divine powers one after another, and some even used divine weapons to intercept Qin Wuya who had escaped.

"Gu Changge!"

"You have a vicious mind!"

Qin Wuya was also extremely angry at this time, his eyes were full of hatred, he just shook the group of cultivators away, and did not want to kill them. This scene just now was completely done by Gu Changge in secret, and its purpose was to frame him!

At this time, he did not forget to trap him without leaving any chance of turning over. However, Gu Changge didn't seem to hear what he said and still attacked Heavenly King Zi Yang.

Qin Wuya glanced at him angrily, and did not dare to stay there any longer, his figure blurred, and a passage appeared in front of him as he left quickly.

At this moment, he only hoped that the powerhouses of Purple Mansion would come as soon as possible, otherwise Zi Yang Heavenly King would definitely be more fortunate today.

"Looks like we're a step late, that man has already escaped."

"Heavenly King Zi Yang is still there, but he doesn't seem to be able to last long in his current state."

"Purple Mansion will not allow Heavenly King Zi Yang to die here..."

In the sky above, several figures appeared, and Six Crown King, Heavenly Phoenix Maiden, Ying Yu, and others arrived just in time to witness Qin Wuya let out a roar, and then quickly escape.

The words of exclamation were exactly Ying Yu's words. She looked into the distance with incomparably complicated eyes. There, Zi Yang Heavenly King was covered in blood, and was suppressed to the ground by Gu Changge, unable to move.

"It's a pity, even your Senior brother doesn't care about you at this time."

Gu Changge smiled faintly, overlooking Zi Yang under his feet. Although he was smiling, there was no wave in his eyes, and his eyes were cold and indifferent.

"Gu Changge, one day, heavens will punish you..."

Zi Yang Heavenly King had a determined face, and he coughed up blood again.

He knew that at this time, even if he begged for mercy, it would not have any effect, on the contrary, it seemed incomparably tough.

"Hopefully on that day, I wonder if the heavens will punish me or I will punish it."

Gu Changge smiled lightly, and his foot stepped down again, causing Zi Yang's bones to collapse and shatter.

**Boom!!**

However, at this moment, the purple pattern that had been closed all the time between the eyebrows of Zi Yang Heavenly King suddenly released a strange brilliance.

Among them was his protective object. Usually, it couldn't be used at all, and it would only be revealed when there was a danger of life.

Zi Yang looked more like a seed, floating up and down in the void, entwined with a purple haze.

"Hongmeng Purple Aura?"

Gu Changge raised his eyebrows slightly and recognized the object immediately.

Purple Mansion's famous fetish was said to be something that their Ancestor found in a mysterious place since the founding of Purple Mansion, and it had an inseparable relationship with the Origin of Purple Mansion.

The mysteries were infinite, and the wonderful uses were hard to describe. This thing was actually in the hands of Zi Yang Heavenly King, no wonder Purple Mansion would care about him so much.

However, in the face of the sudden appearance of the Purple Aura, Gu Changge's method was still very simple. His big hand was clenched in the air, and many rules circulated in it as if it was transformed into a world in the palm of his hand, which could seal everything.

The void was stagnant, and the terrifying power was driven by that Primordial Purple Aura, and it made a world-like majestic and heavy sound as it rumbled past.

This kind of power was so great that even a Quasi-Supreme Realm cultivator would have heart palpitations.

However, under the palm of Gu Changge, the void near the Hongmeng Purple Aura suddenly collapsed, the Dao rumbled, and the laws collided, making a sound like the collision of worlds.

It was deafening, causing many cultivators who arrived nearby to become frightened and unbearable as they hurriedly retreated into the distance.

"Purple Mansion's Primordial Purple Aura is actually on Zi Yang Heavenly King. It seems that this is inseparable from his Divine Immortal Eye..."

The Six Crown King's expression changed slightly, noticing the terrifying power of this kind of power. Before that, he didn't care much about Zi Yang Heavenly King. But if he fought against him, he would inevitably suffer a big loss at that time.

In the next moment, under the shocked gazes of all the cultivators, Gu Changge folded his big hands together, as if Chaos and Dao appeared in the palm of his hand and the brilliance of billions of paths made the sound of heavenly drums clashing.

The Hongmeng Purple Aura was forcibly trapped in it and was forcibly taken away by him in the end.

Seeing this scene, Heavenly King Zi Yang spat out a mouthful of blood again, extremely angry and unwilling.

"Hongmeng Purple Aura can't even compete with Young Master Changge..."

"This is too strong, isn't it? Even those older generation powerhouses are probably not the opponents of Young Master Changge!"

Many geniuses were extremely shocked and felt the unmatched power.

"After waiting for such a rescue, people should come..."

"That's the standard formula."

At this time, Gu Changge sensed something, his eyes moved slightly, and he looked towards the sky with a faint smile on the corner of his mouth.

He waited for this moment for a long time.

"Stop!"

In the next instant, accompanied by an angry shout above the sky, a tyrannical and majestic pressure suddenly descended, and the Purple Aura was mighty and stretched endlessly.

As if some extremely powerful existence was coming to this place. Everyone looked in shock, only to see a portal that was opened by someone with Supreme aura.

Among them, there were many figures, all with powerful pressure, emerging in the void,

An old man wearing a bid Daoist robe with a grim face appeared from it. With a cold expression, he stared at Gu Changge and asked him to stop.

At the same time, behind him, there were many power houses from the Purple Mansion who appeared, walked out of the space passage, and arrived with cold faces.

These people were the mainstays of the Purple Mansion, and the weakest one was the existence of the Great Sacred Realm.

After receiving the message of help from Zi Yang Heavenly King, they rushed to the place non-stop, and even spent a lot of energy to open up a portal and come to this place across an endless distance.

At the moment when the powerhouses of Purple Mansion appeared, they forced all the geniuses here to change their expressions and felt deeply uneasy.

There was a kind of fear that emerged from the soul. As their souls trembled, they couldn't help but want to kneel on the ground.

Supreme Realm cultivators of the Purple Mansion appeared!

"Master, save me!"

Seeing this person, Zi Yang Heavenly King also displayed joy and hope. Although his body was extremely weak, he was still shouting, and after holding on for so long, he finally saw the last strand of hope.

"Purple Mansion's Supreme..."

Gu Xian'er, who had been watching Gu Changge fighting against Zi Yang Heavenly King and Qin Wuya, her expression changed slightly as she gave Gu Changge a worried look.

At this time, the arrival of the Supreme of Purple Mansion already meant that the situation had changed a lot, and it was developing towards an unimaginable place.

Before this, it was still the same generation competing, and the older generation did not dare to intervene easily. But today, the powerhouses of Purple Mansion rushed to this place in front of all the cultivators and geniuses, and ordered Gu Changge to stop.

This was undoubtedly breaking the previously maintained balance.

She knew very well that in terms of Gu Changge's character, he had either expected this. He knew his actions would arouse the anger of the powerful Purple Mansion and directly force the background behind Zi Yang Heavenly King.

But no matter what kind it was, today's affairs would not be simple, and with the Purple Mansion's Supreme in front of him, there would be no good end.

By that time, it would not be a simple fight that could be resolved.

The battle between the Immortal Sects was simply indescribable in words!

If they didn't kill hundreds of millions of miles across the sea, rousing the wrath of the Nine Heavens, they would not give up!

"It seems that your Master still cares about you, and even sent a Supreme being here, but unfortunately, can this save you?"

"I said long ago that if the Purple Mansion dares to stop me, then I will destroy it together."

But at this time, Gu Changge still glanced at Zi Yang Heavenly King with a smile on his face.

His words that could be said to make Heavenly King Zi Yang feel terrified. He knew that Gu Changge would never let him go easily.

But he would destroy the Purple Mansion?!

This was a huge move!

### **Chapter 334-2: Fighting for hundreds of millions of miles across the sea, I'll make an example of you and the Upper Realm will change (2)**

At this moment, the old man above the sky noticed the tragic state of Zi Yang Heavenly King, and also heard Gu Changge's words to ignore him, and his face was even more ugly.

If it weren't for the identity of Gu Changge, he would have already attacked, and directly taught Gu Changge a lesson.

He couldn't help shouting angrily, and his face turned ashen,

"Damn, Gu Changge, you are the strongest in the younger generation, and you are so ruthless. You don't care about your status as a disciple of the True Immortal Academy, and you are ruthless against Zi Yang."

"What is the difference between what you are doing now and the inheritor of demonic art?"

As soon as he said these words, there was a sudden uproar, causing many geniuses' complexions to change slightly, and they were extremely shocked. They felt that what Purple Mansion did was bound to protect Zi Yang Heavenly King.

Anyone with a discerning eye could see that Heavenly King Zi Yang colluded with the inheritor of demonic art, not only harmed the disciples of True Immortal Academy, but he also sent his so-called Senior brother to assassinate Liu Zi Yan, the Holy Maiden of Purple Mansion.

Under such behavior, Purple Mansion still pretended not to see it, and insisted on fighting against all Dao forces.

Wasn't this looking for death?

Could it be that Purple Mansion really has such great courage and confidence to fight against everyone?

"What I do is the same as the inheritor of demonic art?"

"Then I dare to ask the seniors, what Zi Yang Heavenly King would count for? Isn't Purple Mansion doing the same?"

"Is it a mistake for the younger generation to act on behalf of the heavens?"

Hearing this, Gu Changge raised his head to look at the old man in the void, the corners of his mouth had a smile.

As soon as he said this, it immediately caused a sensation, and many young geniuses also looked at the Supreme of the Purple Mansion with laughter and mockery.

What Gu Changge said was almost exactly the same as what they thought!

"What a clever tongue, it's all bullshit."

"How could Zi Yang have anything to do with the inheritor of demonic art? All of this was framed by the inheritor of demonic art. It's you, the younger generation, who has no basis and no evidence, confuses right and wrong, and fools everyone."

"Do you really think that with the Ancient Immortal Gu Family behind you, no one dares to control you?"

The old man in the Dao robe did not expect Gu Changge to say this, the more gloomy his face became, the bluer he was and he couldn't help but ask and shout.

"Oh, since that's the case, it's useless to talk too much. It seems that the Purple Mansion is determined to be my enemy." Gu Changge stopped talking, and still smiled faintly, making it difficult to guess his mood.

"To be your enemy? Junior, you overestimate yourself..."

The old man in Daoist robe sneered, as if he was laughing at Gu Changge's self-righteousness and overreaching, but in the next moment, his words were interrupted by Gu Changge.

Seeing that Gu Changge's expression was calm and unwavering, and he directly made a move.

Zi Yang Heavenly King groaned suddenly, his body exploded, and blood splattered.

Then, Gu Changge reached out and probed, and in the terrified and desperate eyes of Zi Yang, he was about to dig out the incomparably mysterious Primordial Dao bone that sprayed Immortal Aura

Absolutely powerful!

"Stop!"

The old man in the Dao robe was furious, and his eyes almost split.

Unexpectedly, Gu Changge was so ruthless and resolute that in front of everyone, he would dig away the Primordial Dao bone of Zi Yang Heavenly King.

He attacked directly, the sleeves were agitated, and the wind was howling, as if it had turned into a universe that could accommodate everything.

Under his Supreme means, the divine power was vast and unpredictable, and Gu Changge was put into it.

**Boom!**

The next moment, the Great Seal of the Mountains and Rivers revived, bursting out the Supreme pressure, to overturn the mountains and rivers of hundreds of millions of miles.

But after all, it was not as good as the real Supreme Being. He was covered by the old man's palm, and he was immediately thrown out and smashed to the ground.

**Boom!**

Terrifying cracks appeared in the land within a radius of nearly ten thousand miles, and it was devastated and extremely terrifying.

Everyone looked at this scene in shock, even the Six Crown King and others frowned and did not dare to approach, for fear of being affected.

Fury of a Supreme!

Moreover, the cultivation base of this Supreme from the Purple Mansion was not an ordinary Supreme.

At least it was the existence of the third and fourth level of the Supreme Realm, far exceeding the rest of the people in this realm!

However, what shocked everyone was that in the face of such a blow, Gu Changge's face still did not change much, as if he had expected it long ago.

He was still moving toward Zi Yang Heavenly King, and he was bound to dig out his Primordial Dao bone.

"Junior, I told you to stop!"

The old man in the Dao robe's eyes was splitting, but Gu Changge didn't take his words seriously at all.

Such a contemptuous attitude made him almost mad. After all these years of being the Supreme, no one dared to disrespect him.

Especially such a junior!

The rest of the powerhouses in the Purple Mansion also looked very ugly. Who could stand the sovereign of their family being so ignored.

At that moment, a middle-aged man walked out. He was very heroic and tall, and his eyes contained a purple aura. He was the peak of the Great Sacred Realm, and he was only one step away from the Quasi-Supreme Realm.

With a bad face, he stared at Gu Changge and said, "Old Ancestor, let me teach this junior for Ancient Immortal Gu Family, and ask him to understand the superiority of Elders and the number of etiquette. When you reach the Supreme step, you still need to talk about it."

They were in a hurry on the way, and they hadn't heard the previous rumors. They didn't know that Gu Changge had shown the power beyond the Great Sacred Realm.

Now seeing his own descendant being bullied into such a state, his heart was full of anger.

In particular, Gu Changge had an attitude of indifference.

Even if his action would attract criticism and be regarded as bullying, but who could care about that?

After all, he had offended Gu Changge, who cares about that?

"Don't hurt him, or I won't be able to explain to the Ancient Immortal Gu Family."

The old man in the Daoist robe nodded when he heard the words, and he was actually very aggrieved. After all, the descendant of the Purple Mansion looked miserable, and even the bones of Hongmeng had been dug out.

As the Ancestor of the lineage behind Zi Yang Heavenly, how could he not be angry?

However, what made him feel strange was that the eyes of many geniuses around him, in surprise, were full of playfulness and laughter.

"But that's a no-brainer routine..."

"You don't want to play like this when you die."

Gu Changge didn't expect that at this time, there would be a powerhouse from Purple Mansion coming to save Zi Yang, and was still in such a mindless posture.

For a while, he was stunned for a while, but soon, Gu Changge's expression turned cold, and he pushed him across with a palm, still as before, without any fancy.

**Boom!**

Terrible fluctuations spread, as if the sky suddenly burst.

The middle-aged man's face was horrified, and he didn't react in shock. He was slapped by this palm, and half of his body collapsed and exploded in an instant.

If it weren't for the Daoist robe responding quickly and taking action to protect him.

This palm could kill him.

The rest of the powerhouses of the Purple Mansion also looked at this scene in amazement, with a cold sweat on their backs, and they almost couldn't help but take action just now.

"Great Sacred Realm cultivation base..."

The old man in the Daoist robe was also shocked, staring at Gu Changge, his eyes became more and more cold, but he did not expect him to have such a cultivation.

No wonder Zi Yang Heavenly King was in his hands and had no power to parry.

But in this matter, there was no room for mercy, even if it offended the Ancient Immortal Gu Family behind Gu Changge, Zi Yang Heavenly King must be saved.

This was the order of an Ancient existence behind it!

Thinking of this, he no longer hesitated. If he didn't make a move, Zi Yang Heavenly King would really die at the hands of Gu Changge today!

The Supreme shot, the power was earth-shattering, covering everything here in an instant, turning it into a world-destroying grinding disc, making all the cultivators and geniuses present stunned, and there was a kind of trembling from the soul, as if facing Heavenly tribulation.

This was simply not a force that humans could contend with.

"Then I'll have to trouble Aunt Qing."

However, in the face of this blow, Gu Changge's face still did not change, he was still smiling, and at the same time looked at the Hongmeng Dao bone in his hand.

He seemed to be speaking to the void behind him.

**Buzz!**

In the next moment, a stunning sword light suddenly poured out from the void like moonlight, splendid and beautiful, with a kind of flawless aura like pure ice and jade.

A vague and slender figure in green passed through the void, and then returned to infinity.

**Puff!**

The old man in Daoist robe who shot, his eyes suddenly widened, showing fear, despair, and disbelief.

In the shocking gaze of everyone, a little blood plum blossomed between his eyebrows, and the front and back were translucent.

His soul had been silently annihilated!

It was completely destroyed!

For a moment, the surroundings became dead silent!

"Since the Supreme of Purple Mansion insists on making me an enemy, then I will kill him to make an example."

Gu Changge looked at the pale people of the Purple Mansion in front of him, and sighed slightly, seemingly helpless.

At this time, everyone's face turned pale, and they all realized that after today, the Upper Realm was about to change!

**Chapter 335-1: Its not Gu Changges identity that matters, Gu Xianers thoughts (1)**

**Buzz!!**

The blood splashed in the void, like a bewitching flower blooming with stunning beauty.

Just like the beautiful sword light that illuminated the sky just now, as bright and flawless as the moon, the murderous intent was enough to make people tremble and fear to the extreme.

It was as if a holy and transcendent Immortal fairy accompanied by the moonlight and descended to the mortal world. However, under the beauty of this prosperous world, the Supreme of Purple Mansion stood frozen in place.

From the widened eyes, his sense of horror and despair had not dissipated yet, but his vitality had already passed away.

He was killed!

There was a hole between his eyebrows, the front and rear were translucent, which was extremely terrifying. This sudden change shocked everyone.

The Supreme of Purple Mansion, who was incomparably strong and arrogant just now, disappeared in a flash, and his vitality disappeared.

Seeing the slight smile on Gu Changge's face, everyone couldn't help but shudder. The rest of the masters of the Purple Mansion looked extremely horrified and unbelievable.

Many people were already dumbfounded and speechless.

The middle-aged man who was rescued by the old man in the Daoist robe just now had a pale face devoid of blood.

His whole person couldn't stop shaking, and the fear was so extreme that he was about to collapse to the ground.

"Purple Mansion's Supreme is dead..."

A cultivator reacted, he couldn't help swallowing, his voice trembled. He had a premonition that the Upper Realm would change after today, and unimaginable events would happen.

"It turns out that Gu Changge had already anticipated all this, and he had already arranged steps. I was worried for nothing..."

Gu Xian'er also widened her eyes in surprise.

She also didn't know who made the shot just now, but judging from Gu Changge's attitude, it should be someone from Ancient Immortal Gu Family.

The strength was so powerful.

"This is too strong, it doesn't make sense at all, to directly kill a Supreme..."

"This is Supreme."

At this time, the Six Crown King, Heavenly Phoenix Maiden, Ying Yu and others couldn't help but stare in shock as a terrifying chill appeared on their backs. It was hard to believe what was happening in front of them.

However, they were also very clear that today's events would definitely cause a terrifying earthquake, which would horrify all Dao forces.

One must know that a third rank powerhouse at the Supreme Realm was definitely an invincible existence in the current Upper Realm. They were respected as the Ancestors, and no one could match them.

Among the Dao forces behind them, even if they saw the existence of the Supreme Being, they had to be respectful and not dare to neglect. To be able to reach the stage of Supreme, no matter when, they were arrogant, talented and proud since the ancient times.

Although their talent was strong, it was difficult to say whether they could reach this stage in the future. But now, Purple Mansion had dispatched a Supreme Being to solve today's affairs, shelter and take away Zi Yang Heavenly King.

In the eyes of everyone, this had almost become a foregone conclusion, and no one could stop it. Although Gu Changge had a Supreme weapon, if he wanted to compete with a real Supreme, it was still impossible.

At the moment when the Supreme Being attacked just now, many people were still guessing why Gu Changge was so calm and fearless.

And now they finally understood.

It turned out that there was a peerless powerhouse hidden behind him. The strength of this peerless powerhouse was simply unimaginable, and terrifying, and it could easily obliterate a Supreme Being.

One must know that even if it was the existence of the Supreme Realm, and wanted to obliterate the other party in an instant, it was simply impossible.

This could only show that the mysterious person who shot just now was far above the Supreme Realm.

Was it the existence of the Emperor Realm?

Thinking of this, everyone's expressions changed dramatically, revealing fear.

The existence of the Emperor Realm was the strongest existence of almost every major sect and Dao lineage, suppressing their luck and background. How could they easily take action?

Generally, it was only in the face of a life-and-death crisis that one would wake up from seclusion.

No one thought that this incident would alarm the Gu family's Emperor Realm powerhouse, and it had been hidden behind Gu Changge, waiting for the Purple Mansion Powerhouse to take action against him.

It could also be seen that the Ancient Immortal Gu Family valued ??and cared about Gu Changge!

This was because it was obvious that Purple Mansion would not be able to help it, so this plan was set up.

Could it be that there was a reason to attack Purple Mansion?

In this way, no matter what the reason was, the Ancient Immortal Gu Family was on the right side.

After all, this was under the watchful eyes of the public, and the Supreme of Purple Mansion was bullying the younger generation and preparing to teach Gu Changge a lesson.

It was not surprising that the Supreme would end up like this.

Purple Mansion could only grit their and swallow this hard.

"A Supreme Being died here, and Hongmeng Dao bone of Zi Yang Heavenly King, the descendant of Purple Mansion, was dug out. It was better to die than live... Purple Mansion is going to go crazy today."

"Yeah, other than that, what Purple Mansion did was declare war on Ancient Immortal Gu Family, and the Supreme existence took action against the young master of the Gu family, which is no different from provocation!"

"The Supreme from the Purple Mansion was obliterated, it can only be said that he brought it on himself. He was so arrogant just now, he should have expected this consequence."

Some cultivators couldn't help but whisper, thinking of the consequences of this incident.

How many years had passed? This was the first time they heard that there was a Supreme Being who was killed, and it was killed in front of everyone.

Just now, everyone saw the blurry figure that shot.

But no one could see her face.

It could only be vaguely guessed that it was a woman of peerless elegance.

"Do you still want to attack?"

Gu Changge looked at the people of Purple Mansion who were already frightened and their souls were trembling to the extreme, and smiled slightly.

"Or do you want to get back the Primordial Dao Bone of Zi Yang Heavenly King?"

As he spoke, he gestured to the Primordial Dao Bone in his hand, which was glowing with purple light, crystal clear and intertwined with divinity.

The wisps of Hongmeng Purple aura entwined and hung down on it, looking extremely mysterious and magnificent, as if it could evolve into the heavens and the world.

When the Dao Bone of Zi Yang Heavenly King was dug out by Gu Changge, he had not yet passed out, and wanted to hold out until his Supreme Realm uncle took him away.

But in the next moment. After seeing his hopeful Supreme Realm uncle being violently killed, he finally couldn't bear it any longer, spurring out a mouthful of blood, his eyes rolled back, and he passed out.

Under such a huge blow, how could Zi Yang Heavenly King persist?

At this moment, hearing Gu Changge's words, everyone from Purple Mansion turned pale and frightened, trembling there, looking at Gu Changge in horror, worried that he would suddenly attack and kill everyone.

Even their Ancestor who was a Supreme Being was killed, what else could they do?

Resist?

That would only make them die faster.

"It seems that you are still savvy with current affairs, but the death penalty can be avoided... Living crime is inevitable."

### **Chapter 335-2: Its not Gu Changges identity that matters, Gu Xianers thoughts (2)**

Gu Changege looked at their terrified expressions, and the smile on his face remained undiminished.

But when it came to the latter sentence, his words turned sharp and indifferent.

"Purple Mansion colluded with the inheritor of demonic art, and murdered their peers. Everyone, let us execute them."

"Come, let me suppress the people of Purple Mansion and wait for the disposal."

After all, in the sky behind him, there were suddenly a series of divine lights rushing in and rolling over, like a thousand troops.

Dazzling, gorgeous and compelling, all wearing armor, holding heavenly swords, spears, halberds, aggressive, murderous.

"This is..."

"Where did the young master Changege send the Immortal guards?"

Everyone looked at this scene in surprise.

Only then did they notice that Gu Changege had dispatched an elite team at some point.

Everyone's cultivation base was above the Heavenly God Realm, as if they were born from the sea of ????blood, with a strong evil spirit.

"As expected, Gu Changege has already planned everything. He not only wanted to deal with Zi Yang Heavenly King, but also the Purple Mansion behind him."

"What great courage!"

The pupils of the Six Crown King could not help shrinking, and he couldn't help but feel shocked in his heart.

"Gu Changege should have known about Zi Yang Heavenly King's whereabouts a long time ago, but he didn't make a move for a long time. Instead, he waited for the powerhouses of Zi Yang to arrive here. There is a logical excuse."

"Does he really plan to destroy Purple Mansion?"

"Hiss!"

At this time, Heavenly Phoenix Maiden also reacted.

She asked herself, although she had seen many calculations but today she still couldn't help taking a breath of cold air, feeling a little frightened.

Then, in the shocking gaze of everyone, these Immortal Guards rushed to the sky with murderous aura, surrounded everyone from the Purple Mansion, wanting to take them down.

Although the people of Purple Mansion were extremely frightened, how could they dare to resist?

They arrived very quickly, but they were also suppressed very quickly. Including a Quasi-Supreme Realm powerhouse, whose spiritual sea was also sealed off, suppressed strongly and did not dare to resist.

Zi Yang Heavenly King was randomly sealed by Gu Changge and he threw it to the Immortal Guards, so he did not choose to kill him at this time.

For Gu Changge, Zi Yang Heavenly King still had another function.

However, the small bottle containing the water of Reincarnation Lake on Zi Yang Heavenly King was taken away by Gu Changge.

Previously, he had seen Qin Wuya hand this small bottle to Gu Xian'er, but Gu Xian'er didn't pick it up, but Zi Yang Heavenly King took it.

"Why are you still in a daze? The whereabouts of Qing Xiao Yi will soon be known, Zi Yang Heavenly King is in my hands, and he will explain all this sooner or later."

Then, Gu Changge's figure fell from the sky, came to the side of Gu Xian'er who was still a little stunned, and said with a slight smile.

"Umm."

Gu Xian'er nodded, her eyes were cold, and she didn't say anything nor did she ask any more questions.

She didn't talk back to Gu Changge like before, but she seemed unusually quiet and indifferent, as if she would become an immortal at any time.

Gu Changge knew what she was thinking, and couldn't help but smile, "What's the matter, are you still thinking about what happened just now?"

Hearing him take the initiative to mention it, Gu Xian'er was a little surprised, but she glanced at Gu Changge and didn't say much, but her attitude was already obvious.

She was not stupid, on the contrary, she was smarter than many cultivator.

Previously, it was because she felt that Zi Yang Heavenly King and Qin Wuya were uneasy and well-meaning, and planned to sow discord between her and Gu Changge.

This made her extremely angry, and without thinking deeply, she directly concluded that Heavenly King Zi Yang and Qin Wuya were framing Gu Changge.

But judging from all the actions just now, Gu Changge obviously planned to deal with Zi Yang Heavenly King a long time ago, and even brought the Emperor Realm powerhouse of the Ancient Immortal Gu Family behind him.

These arrangements could not be completed in one day, which only showed that Gu Changge had actually planned this a long time ago.

In this situation, Ziyang Heavenly King was like an unlucky ghost, and he didn't have any chance to turn around.

These things were simply terrifying.

Gu Xian'er knew that Gu Changge was not purely a bad person, but he had nothing to do with good people.

As for the pictures Zi Yang Heavenly King showed her, Gu Xian'er didn't care at all. Although Gu Changge was deeply sullen and his methods were terrifying, he would never hurt her.

If Gu Changge was really interested in her origin, how could she have survived until now with her little means?

However, if what Zi Yang Heavenly King and Qin Wuya said were true, how would she face Gu Changge in the future?

If he was the inheritor of demonic art, then what was she?

The accomplice of the inheritor of demonic art?

In fact, Gu Xian'er did not have much resistance to the inheritor of demonic art, because her group of masters in Peach Village were themselves both good and evil, and every good and evil had their own set of behavior standards.

However, she still hoped that those words were all false, and they were all deliberately spoken by Zi Yang Heavenly King in order to alienate the relationship between the two of them.

"I think there are some things that I still need to tell you, so that you don't look like I owe you money."

Gu Changge glanced at Gu Xian'er who was in deep thought and said.

At the same time, he waved his hand to signal the Immortal Guards to escort the people of Purple Mansion away.

Seeing this, the other geniuses in the distance wanted to come forward and compliment them, but they also stood in the distance knowingly and did not move.

What they saw today really shocked them, and they wanted to ask Gu Changge about many things.

The Six Crown King, Heavenly Phoenix Maiden and the others did not step forward, but remained silent for a while, and then turned into a divine light and left one after another.

Soon, many cultivators here also left, passing on what happened today to the forces and sects behind them.

"Um?"

Gu Xian'er's thoughts were interrupted, and she looked suspiciously at Gu Changge.

Although she was a little dissatisfied with his metaphor, she was still a little curious as to what Gu Changge was going to say to her.

"Actually, I found this place before you came here. I heard everything Zi Yang Heavenly King said to you..."

"Including him saying that I am the inheritor of demonic art, saying that you were their Junior sister in your previous life, and you only need to drink the water of Reincarnation Lake, you can restore the memory of your previous life... I naturally saw that picture, I even heard you say that if that picture is true, you would be willing to do so."

Afterwards, Gu Changge confessed these things with a calm expression.

But when it came to the back, he couldn't help showing a faint smile on the corner of his mouth. Hearing this, Gu Xian'er widened her beautiful eyes and looked at him in surprise.

But when she heard the last sentence, she still couldn't stand it. She felt her face get hot with rising haze.

How could he suddenly say such words at that time? It was even heard by Gu Changge. Facing Gu Changge's expression, she just wanted to dig a hole and get buried in it.

"Gu Changge, don't think too much, it's just my angry words, is it possible that you still take it seriously?"

However, Gu Xian'er's energy-raising skills were still very good. Soon she recovered to her true nature, glanced at him lightly, and even asked a question.

With the "you think it's beautiful" look. Of course, she really didn't expect Gu Changge to suddenly say this.

However, Gu Changge's confession made her feel much better. She found that what she cared about was not Gu Changge's identity, but his attitude.

"Is your reaction a little too big? I'm telling you this because I want you to understand one thing." Gu Changge smiled lightly.

"I know, you don't need to tell me this." Gu Xian'er said, "Although I can't hear anything good from your mouth, I still trust you."

"No, in fact, what Zi Yang Heavenly King and the others said are true."

However, Gu Changge waved his hand to interrupt her, and what he said made Gu Xian'er suddenly stunned, very stunned. For a while, she didn't know whether what Gu Changge said was true or false.

With a faint smile on the corner of Gu Changge's mouth, he continued,

"So you have to stay away from me in the future, maybe one day, if you make me unhappy, I will throw you in the dungeon, drink your blood, dig your bones, and swallow your origin."

"So you couldn't help showing up when you saw me being injured by Heavenly King Zi Yang?"

Gu Xian'er reacted, she couldn't help itching her teeth, she was a little indignant, and began to compete with him.

"Yeah, after all, I said that other than me, no one else can bully you. Zi Yang Heavenly King was seeking his own death, I can't blame him for that."

Gu Changge nodded and admitted it seriously, and then said regretfully, "Unfortunately, you are too weak. I thought that with your strength, you would not be hurt by him."

Gu Xian'er was stunned, and suddenly remembered that the grievances between Gu Changge and Zi Yang Heavenly King seemed to be caused by her.

Whether Gu Changge was dealing with Zi Yang Heavenly King or Purple Mansion, in fact, it had nothing to do with her.

She was still struggling with Gu Changge's identity and the terrifying methods of his methods just now.

"You must think I'm weak..." Thinking of this, Gu Xian'er stared at Gu Changge, and finally hummed from her nose.

### **Chapter 336-1: The Secret of the Purple Mansion, A little more human (1)**

Soon, the incident in the Hengyue Mountains was immediately spread to the entire Upper Realm, causing an unimaginable huge sensation.

It was like a huge earthquake.

All the cultivators who learned of this widened their eyes in amazement and were shocked on the spot, unable to react for a long time.

Listening to the events from the mouths of many cultivators who witnessed it with their own eyes, it spread all over the place at an unimaginable speed as if the news had grown wings.

The words that followed one after another were unbelievable, and felt like a dream.

First, Gu Changge rushed to the Hengyue Mountains and found Zi Yang Heavenly King, suppressing him.

The mysterious man who tried to assassinate the Holy Maiden Zi Yan also escaped and disappeared in the end.

Afterward, a group of powerhouses from the Purple Mansion broke through the space and descended. The person in the lead was a Supreme Being, trying to save Zi Yang Heavenly King.

His strong and arrogant attitude shocked the cultivator and geniuses who observed all this at that time.

During this process, a powerhouse at the peak of the Great Sacred Realm from Purple Mansion stood up for Zi Yang Heavenly King and tried to teach Gu Changge a lesson.

However, he was seriously injured by Gu Changge's backhand attack. If the Supreme Being from Purple Mansion hadn't rescued him, this person would have died tragically on the spot.

After this incident, the Supreme Being of Purple Mansion became angry, disregarding morality as he tried to bully the young and directly attacked Gu Changge.

But at the next moment, a mysterious powerhouse appeared and landed a strong attack. A sword aura penetrated between the Supreme Being's eyebrows, his soul was annihilated, and he died directly on the spot.

The death of the Supreme Being in such a shocking way, really shocked everyone.

One must know that the Upper Realm had not seen a battle between the Supremes for many years, let alone the death of the Supremes.

In addition to the decline of Heaven, the fall of a Supreme Being could rarely be heard.

And today, the death of the Supreme Being of Purple Mansion seemed to be the beginning of this great world.

Many cultivators had a hunch that the next Upper Realm might not be peaceful, and big things would happen.

Since such a thing occurred, Purple Mansion would definitely be furious, and would not let it go.

And the Ancient Immortal Gu Family behind Gu Changge was mysterious and unpredictable, even the oldest sects of aristocratic families were extremely fearful of them.

A powerhouse suspected of being an Emperor was now by Gu Changge's side to protect him. It also displayed that the Ancient Immortal Gu Family's attitude toward this matter was strong and domineering.

What if you were a Supreme? They didn't care at all and just started beheading.

The relationship between Zi Yang Heavenly King and the inheritor of demonic art was indescribable.

This move by the Purple Mansion was tantamount to announcing the Upper Realm that they were working together with the inheritor of demonic art.

Many Dao forces had started discussing.

Including the Ancient Ye Clan, the Endless Fire Nation, the Emperor Mountain, and other Dao forces, the ones who had suffered from the poisonous hands of the inheritor of demonic arts and had an insoluble hatred.

They were worried that they couldn't find the trace of the inheritor of demonic art and there would be no clue to start.

Purple Mansion's actions were nothing more than a slap in the face of many Dao forces, which instantly aroused public anger.

Among the various Dao forces, some high-level officials began to discuss and plan to crusade against the Purple Mansion together with the Ancient Immortal Gu Family in order to return justice to the world.

For a while, the entire Upper Realm had an atmosphere of calm before the storm.

At the same time, True Immortal Academy also hurriedly ordered all the experienced disciples to return to the Academy so as not to get them involved.

The geniuses who were still in the major ancient kingdoms evacuated one after another and stopped their trials, because they had a hunch that the place where Gu Changge was located would not remain calm in the next period of time.

Currently, in the Purple mansion, there was no peace at all.

Surrounded by mountains, shrouded in clouds and mist, the mighty purple aura stretched out, displaying their majestic style.

In the middle of a magnificent palace. Many figures with terrifying aura could be seen standing, their faces were blurred, they were shrouded in chaotic energy as they were discussing things.

With a cold expression on Liu Zi Yan's face, she stared at the white-bearded and white-robed old man above, and couldn't help but ask, "Elder, what you are doing now is like pushing the entire Purple Mansion into the fire pit and getting it buried into the abyss."

"Now that Purple Mansion has aroused public anger, the rest of the Dao forces are discussing the crusade. You don't want to solve this matter, and you are even planning to take revenge."

"Do you really intend to bury the entire Purple Mansion by doing this?"

The old man with a white beard and white robe was sitting in the middle of the hall. His eyes were deep and vast, like an endless starry sky, in which various scenes were evolving, and the end was mysterious.

Behind him was a majestic and heavy aura that was rising and falling as if the world was rumbling and turning, which was extremely terrifying.

Hearing this, he just calmly and indifferently glanced at Liu Zi Yan, shook his head, and said, "You don't understand, Zi Yang shoulders the future of my Purple Mansion, and there is no room for loss."

"If something happens to him, my Purple Mansion's luck would be cut off within a hundred years. Now my Purple Mansion's only chance lies on him. After a hundred years, he will leap to the sky, otherwise it will decline. We need to make a choice."

There were many figures behind him, and their faces were still indifferent and calm as if they had known about this for a long time.

Hearing this, Liu Zi Yan still gritted her teeth and said, "If that's the case, then why did the Great Elder take action and place my father under house arrest? Now, as long as there is a slight resistance in the Purple Mansion, you arrive to suppress it."

"Is that what you said?"

Her words were generous and robust, with righteousness, but also contained anger and unwillingness.

She didn't expect to see such a situation after returning to the Purple Mansion.

All the disciples and Elders who opposed their decision were imprisoned in the dungeon.

The Great Elder's cultivation base was unfathomable. When her father was still just an ordinary disciple, he was already the Great Elder of the Purple Mansion, overlooking the world for thousands of years.

If the Great Elder made a move, even if her father was now the Patriarch of Purple Mansion, there was no chance for him to contend.

"Liu Ming only knows to look after the immediate interests, not the long-term variables in the future."

The Great Elder's expression still did not change, and he said lightly.

"Now that all the Dao forces are united to fight, if the Great Elder is determined to go his own way, let alone a hundred years, even if it is a year, it is impossible to last..." Liu Zi Yan was still gritting her teeth, and her beautiful eyes were full of unwillingness.

Why was it such a simple truth that the Great Elder did not understand?

"Come, send the Holy Maiden to rest. During this time, the Holy Maiden can cultivate with peace of mind. You don't have to worry about the affairs in the sect."

However, the Great Elder did not let Liu Zi Yan finish her words and got someone to take her down, her expression still calm and indifferent.

"Elder, what about the Ancient Immortal Gu Family?"

Then, after seeing Liu Ziyan being taken down.

A terrifying being standing on the other side with a blurry face opened his mouth. Between the eyelashes that opened and closed, there were hundreds of millions of gods intertwined, mountains and seas surged up and down, the sun and the moon collapsed, and he asked tentatively.

"The Ancient Immortal Gu Family has been standing for a long time, it is indeed mysterious, and its heritage should not be underestimated, but since the existence of my Purple Mansion has also undergone all kinds of hardships and immortality.

"Gu Changge's false accusation, it's impossible for the Ancient Immortal Gu Family to not know about it, but they still don't care about it. How can such a calf-protecting behavior arrive at my face and proclaim that my Purple Mansion protects the short?"

"The blood of the Supreme Lord of the Purple Mansion cannot be shed in vain." When the Great Elder heard the words, his complexion obviously sank a lot, and then he spoke lightly and decided to seek justice for his Supreme Lord.

"Yes."

When several terrifying beings heard the words, their faces became solemn, and they had already made clear the attitude of the Great Elder.

Then the figure flashed, and the space channel was opened directly as they left this place.

Their cultivations were all in the Supreme Realm, which was much stronger than the Supreme who rushed to rescue Zi Yang Heavenly King before.

Now that they had been instructed, it was natural to start the arrangement, and at the same time, they had to find a way to save the life of Zi Yang Heavenly King.

Otherwise, everything would be in vain.

"After a hundred years, if there is no Purple Mansion in the world... How would the day change?"

After seeing everyone leave, the Great Elder sighed faintly, and his expression became very cold.

He then waved his sleeves and got up from the spot, passed through the void, and arrived at a very dark cave.

Here, an immortal aura was gushing out, white, black, gray, three-colored fog filled the air, it was turbulent and vast, and more strange.

There was a person dressed in a large robe and rigid limbs.

With a haggard face, sunken eye sockets, scaly skin, and a strange figure with white hair on his arms, he was sitting cross-legged.

### **Chapter 336-2: The Secret of the Purple Mansion, A little more human (2)**

It seemed that it had already lost its vitality and remained motionless.

"Brother, I need to ask you to do another divination."

"Facing the calamity of Ancient Immortal Gu Family this time, how much vitality does my Purple Mansion have?"

The Great Elder of Purple Mansion arrived here, and his face was also a little dignified and fearful, for fear of being contaminated.

But thinking of something, he pondered for a while and asked.

Few people knew that the development of Purple Mansion to this day was inseparable from this strange person in this cave mansion.

Even the original founder of Purple Mansion found a place of an opportunity through the divination of this eccentric, where he obtained the Dao, and then founded the Purple Mansion.

Hearing this, the eccentric's eyelids fluttered, as if they were about to open, but those eyelids were as heavy as the majestic blue sky, and they could only open a tiny gap.

Seeing this, the expression of Purple Mansion's Great Elder darkened. In the past, the strange man's eyes could be opened a little, but now, it was very difficult to even hold it open.

If he could no longer open his eyes, it meant that he was no longer able to continue with divination. After all, how could he easily use this kind of power to spy on the Way of Heaven?

These backlashes on weirdos were the best proof.

Thinking of this, the Great Elder of Purple Mansion could not help but sigh.

At the beginning, it was based on the divination of this strange person, through various secret methods, to attract the strong heroes of the forbidden era.

In the end, it cost a lot, and even burned the luck of Purple Mansion, which paved the way for Zi Yang Heavenly King's birth to become immortal, accompanied by Hongmeng Dao bone.

In Zi Yang Heavenly King, he devoted too much effort, not only for Purple Mansion, but also for himself.

If Zi Yang Heavenly King could achieve enlightenment before he died, then Purple Mansion would surely prosper for thousands of years, and he could sit in peace.

If not...

Then he could only use the Heaven-defying Forbidden Technique before he died, seize Zi Yang Heavenly King's lifespan and everything in order to live another life and continue the inheritance of Purple Mansion.

If it weren't for the strange person who owed a favor to the founder of Purple Mansion, how could he have helped him so many times?

And it was precisely for this reason that he could not afford to lose Heavenly King Zi Yang, even if he really colluded with the inheritor of demonic art.

"Ten..."

At this time, the Great Elder of Purple Mansion, who frowned, suddenly heard the strange person's words, which were extremely vague.

"Ten percent?"

The Purple Mansion's Great Elder looked happy and couldn't help asking.

However, when he heard the following words, his complexion suddenly paled, he lost all blood, and his whole body was almost stiff in place.

"Ten... death without life."

.....

"Aunt Qing."

On the other side, within the Ancient Xuanwu Kingdom, in a quiet and uninhabited side hall.

Gu Changge stood by the window, with his hands on his back, his robes fluttering as he looked up at the dark-colored mountains in the distance, with a faint smile on his face, "I have to thank you for today's affair."

The void in front of him fluctuated, a vague figure emerged, with a peerless elegance.

This face was not real, as if standing in another world.

Her green dress was like Dao, her hair was fluttering, her eyes were quiet and peaceful, like a warm and clear jade that hung like a bright and flawless moon.

"No problem. Little Supreme, you are indeed arrogant."

The woman in green shook her head, her voice sounded like the sound of nature, and it had the power to make people feel at ease.

"We haven't seen each other for several years, Aunt Qing is still as beautiful as ever, and now the Supreme powerhouse is also destroyed by the flick of her finger."

Gu Changge smiled and chatted with her casually.

Aunt Qing, formerly known as Gu Qingyi.

According to her generation, she was not actually a member of the Gu family's generation, and it could even be traced back very far.

She was an ancient freak of the Gu family, but she lived in the same era as Gu Changge's father.

When he was born, Gu Qingyi was actually much younger than Gu Changge's father.

For this reason, Gu Changge's father treated her as a righteous sister, and took good care of her.

That was why Gu Changge called her Aunt Qing.

As for why she became Gu Changge's guardian.

Speaking of that, there were actually quite a few twists and turns.

When Gu Changge first appeared at the age of three, he overwhelmed his peers in the Gu family.

Even those clansmen who were a little older than him looked extremely bleak.

During this process, many Elders of the Gu Family moved their minds and felt that Gu Changge's achievements at such a young age would be limitless in the future.

Choosing the right guardian was naturally the top priority.

However, to everyone's surprise.

At that time, Gu Changge only said that he could push the world horizontally without needing a Guardian. The three-year-old child said this indifferently, which really shocked everyone in the Gu family.

Some people thought that Gu Changge was a bit arrogant at a young age. After all, no matter how amazing he was, he would encounter danger before he grew up.

The tallest tree would attract the strong wind and was easy to break.

It was just that Gu Changge couldn't be convinced by this matter, and even his father couldn't do anything about it.

However, in the end, contrary to everyone's expectations, Gu Changge suddenly asked Gu Qingyi to be his Guardian.

Gu Qingyi was very powerful regardless of talent or cultivation, but no matter what, it was impossible for her to be the Guardian of a three-year-old child.

But she actually agreed.

This incident caused a lot of uproar at the time, making many disciples of the Gu family envious.

After all, Gu Qingyi was a well-deserved peer, and some people even asserted that she would become enlightened before Gu Changge's father.

Many clan Elders speculated that Gu Qingyi agreed only because of the face of Gu Changge's father.

But in fact, Gu Changge knew that he was just greedy for the origin of the family at the time, and he planned to follow it slowly in the future.

And why Gu Qingyi agreed, maybe it was because of his father.

But the more reason should be that Gu Qingyi seemed to have noticed something.

Because she had an innate Nine Immortal Heart, this was not a secret among the seniors of the Gu family.

"You haven't called me for years, I thought you had forgotten about me, your Guardian."

When Gu Qingyi heard these words, she was just calm and authentic as if the situation happened a long time ago, there was no change in her eyes.

Her figure was very vague, like a floating light and dancing shadow, in another boundless and distant world.

"Aunt Qing is complaining?"

Gu Changge still had a smile on his face.

To be honest, Gu Qingyi was the first person he couldn't really see through, including her thoughts, her cultivation and so on.

He even suspected that Gu Qingyi had already reached the deep realm of Emperor Realm, and she was probably not far from enlightenment.

However, Gu Qingyi ignored his teasing and just shook her head.

"You seem to be different than before."

"Oh? What's the difference?"

Gu Changge raised his eyebrows in surprise.

"You are a little more human." Gu Qingyi added.

### **Chapter 337-1: Mysterious Gu Qingyi, The last role of Zi Yang Heavenly King (1)**

The palace was quiet.

The mountains in the distance moved up and down, clad in dark shadows by the smoky clouds, it was very beautiful.

In the distance, one could even see some colorful rays of light rising into the sky and the flowing mist, reflecting the sky which was magnificent and unusual.

When Gu Qingyi said this, her eyes seemed to be slightly dazed, as if she had remembered something.

However, her figure did not appear in this space, she was separated from Gu Changge by mountains and sea.

Her face was blurred, her robe fluttered slightly, and even Gu Changge couldn't see her expression clearly.

"Aunt Qing is saying that I didn't look like a human before?"

Hearing this, Gu Changge was not surprised at all. He walked to the table, picked up the white jade teacup on it, took a long breath before asking with a slight smile.

"No. You weren't human at all."

Gu Qingyi looked sideways, her eyes penetrated through the layers of space, fell on his face as she shook her head slightly and her voice did not contain any waves.

"..."

"It seems that Aunt Qing has a really big opinion of me."

Gu Changge smiled.

Although he knew from the tone of her words a long time ago, it always felt strange to listen to her like this.

When people talked to her, they would really feel like she would kill them anytime.

However, considering that Gu Qingyi had little contact with outsiders, and she usually cultivated in seclusion, he didn't care.

With such a temper, could one expect her to get along well with people?

But speaking of which, in the entire Gu family, not even his parents knew him as well as Gu Qingyi.

It was a strange intuition.

That was why Gu Changge asked Gu Qingyi to stay with the Gu Family, asking her to not protect him.

Of course, on the one hand, he was worried that the existence of the Guardian would affect some of his plans.

On the other hand, it was also because Gu Qingyi knew him too well, and she was staring at him secretly, which always made Gu Changge very uncomfortable.

Gu Qingyi had been with him since he was three years old, although many times she never showed up and was hiding in the dark.

But she actually knew Gu Changge's every move.

Later, Gu Changge made a request, so Gu Qingyi did not have to protect him.

It seemed that now, Gu Qingyi's real body was not actually in this space, but at an endless distance.

Killing a Supreme Being was more like a matter of thought for her.

Gu Changge didn't know how strong she was.

"But you're doing fine now."

Then, Gu Qingyi said again, her figure became more and more blurred, and she walked toward the distance.

Her skirt fluttered while walking, her bare feet were whiter than snow, the blue silk was like Dao, and in a blink of an eye, there was no trace of her left here.

Gu Changge watched her disappear in a daze, then shook his head, not taking it to heart.

He couldn't guess Gu Qingyi's thoughts, and he didn't feel any threat from her.

Gu Qingyi was a trustworthy person.

Then his figure flashed as he left the palace, and entered the dungeon where Zi Yang Heavenly King was imprisoned.

The next step was to prepare for the fight against Purple Mansion.

He was not worried about the battle between his Ancient Immortal Gu Family and the Immortal Sect, after all, Purple Mansion was far from worth the care of the Ancient Immortal Gu Family.

Before that, Zi Yang Heavenly King still had some uses left.

In addition, forces such as Emperor Mountain, Ancient Ye Clan, Endless Fire Nation, and White Tiger Clan were also discussing how to attack Purple Mansion, as he expected.

Gu Changge felt that he didn't need to use much means, just relying on the power of the Ancient Immortal Continent should be enough.

Black Heavenly Eagle, Divine Crocodile, Ancient Snake, Ancient Immortal Dragon... The power of these clans should not be underestimated.

He had already ordered these clans to send people over. When the time arrived, he would first think of a way to let the forces such as Emperor Mountain take the lead, and then he would send a large army to suppress the border and directly enter the Purple Mansion's Mountain Gate, just in time for the fisherman to benefit.

Gu Changge could also see if Hei Yanyu had trained this army according to his requirements during this period.

At the same time, in a boundless space that was infinitely far away.

A splendid woman in green clothes seemed to have emerged from the void. She stood on the top of the mountain, overlooking the clouds and mist beneath her feet.

She seemed to be alone in the entire space.

The sea of clouds overlapped, and the water and the sky formed a line at the horizon. From a distance, the sky seemed to be reflected in the clouds and mist.

It was magnificent and high.

Gu Qingyi sighed faintly. At this moment, her eyes seemed to penetrate the infinite space in an instant, which was extremely complicated.

"Immortal Palace..."

"Destroying eight thousand states with one palm, and nothing would exist in Nine Heavens..."

"Will it repeat?"

.....

Deep in the Imperial Capital of the Ancient Xuanwu Kingdom.

Underground. In a dark, damp dungeon.

A purple-robed man covered in blood was thrown here, surrounded by moss, exuding a stench.

"Gu Changge..."

At this moment, the purple-robed man let out a roar and woke up from the coma.

This sound was very terrifying as if it was the desperate roar of the beast who was on the verge of desperation.

The tearing pain of the wound and the fracture of the bones made Zi Yang Heavenly King grit his teeth, his face turned pale, and pea-sized cold sweat covered his forehead.

After losing the Primordial Dao Bone, he couldn't even heal this injury.

A terrifying force, very strange, that could devour everything, was eating away his origin and soul.

His soul palace was crumbling, his soul light was dim, and it seemed to be about to crack.

"Gu Changge... I will not rest until you die!"

Zi Yang Heavenly King couldn't help but let out a low growl, his fists clenched tightly, his bones and fingers turning white.

Then he noticed his current environment, his face was sinking like water, and he forced himself to calm down.

He felt like he had a long dream.

He became a lonely ghost, wandering between heaven and earth, and finally, for some unknown reason, he saw the once tattered and collapsed mountain gate.

He saw the Purple Mansion that was swallowed up by flames and turned into ashes.

He also saw the Senior brother Qin Wuya and the younger Junior sister Dao Xian. They looked terrified and covered in blood as if they wanted to say something to him.

But in the end, he couldn't hear what they were saying either.

The fire engulfed everything.

Later, he was awakened by pain, and everything he saw in the dream was dripping with blood.

Zi Yang Heavenly King felt that that was the future he was about to encounter.

His masters, relatives, and friends would all suffer from Gu Changge's poisonous hands, and no one could be spared.

This made him extremely angry and hated, but he was deeply uneasy because of his weakness!

"You are up?"

At this moment, a chuckle sounded from the side that made Zi Yang Heavenly King's complexion change drastically.

He turned his head abruptly, his pupils shrank, and his expression suddenly became extremely cold and hateful.

"It's you!"

"Gu...Chang...ge!"

He clenched his teeth, and almost spit out these three words from his throat, with monstrous hatred and anger.

In the darkness, a figure walked out, tall, with a faint smile on his handsome face.

"Brother Zi Yang slept well tonight? But you seem to be having a nightmare. I think you must've done a lot of unfortunate things, and you can't sleep peacefully."

Gu Changge smiled casually, and the guard behind him saw this and hurriedly moved a stone bench and placed it behind him.

Hearing this, Heavenly King Zi Yang's expression turned even colder, staring at him coldly without saying a word, as if to smash Gu Changge's body to ashes.

However, Gu Changge had no intention of sitting down and waved his hands to let the guards leave.

Only then did he take a moment to look at the current state of Zi Yang Heavenly King.

"Unfortunately, compared with your Senior brother Qin Wuya, you are still far behind."

He shook his head regretfully.

### **Chapter 337-2: Mysterious Gu Qingyi, The last role of Zi Yang Heavenly King (2)**

After all, Zi Yang was not the Son of Luck, at most he was just a person with Great Luck.

Therefore, the rule of clearing and dropping the Luck Point could not be triggered.

This made Gu Changge a little regretful. What a waste of leeks!

Zi Yang Heavenly King didn't understand Gu Changge's words, nor did he understand the purpose of his arrival here.

There was only anger and hatred in his heart. If eyes could kill people, he would have killed Gu Changge thousands of times.

"Gu Changge, there is no enmity between me and you, why did you hurt me like this?"

Zi Yang Heavenly King couldn't help shouting angrily.

Gu Changge smiled, shook his head, and said, "Brother Zi Yang, you can't say that, it's obviously you who want to deal with me, what do you mean there is no enmity between us?"

As he said that, something suddenly appeared in his palm.

The item was crystal clear, and even the blood and bones in it were clear with wisps of purple aura lingering in it, making it extremely mysterious as if it could evolve into the heavens and the world.

"Hongmeng Dao bone..."

Seeing this, Heavenly King Zi Yang's expression became even colder, his body trembled, and he was extremely angry.

It was something that accompanied him when he was born.

Hongmeng descended from the sky, and the sound of Dao filled the air. At that time, the golden lotus bloomed and took root in the void. Within a radius of 10,000 miles, it was full of auspicious scenery.

With Hongmeng Dao bone.

He once swept and suppressed an era, making him invincible, even if the ancient freaks of other eras woke up, they were defeated by him.

In this era, if he hadn't encountered Gu Changge, how could he be so embarrassed?

Now, even the Hongmeng Dao Bone had been dug up by him!

The mysterious power of the Hongmeng Dao Bone could even allow cultivators to control the power of the evolutionary world.

Gu Changge looked at the Hongmeng Dao Bone in his hand. To be honest, this thing was far inferior to the transcendental bone he exchanged from the system.

The rarity of the Hongmeng Dao bone lay in the Hongmeng Dao contained in it.

Chaos and Primordial aura could be transformed.

Of course, the innate Dao in this Hongmeng Dao bone was not complete, at most there were some prototype samples.

The purpose of him taking it out was just to test whether Zi Yang Heavenly King's Immortal Dao Eye had something to do with Hongmeng Dao Bone.

However, apart from Zi Yang Heavenly King's expression which was even more icy and angry, there was no extra reaction on his body.

"It seems that it has nothing to do with Hongmeng Dao bone. Then it must be related to the Hongmeng Purple aura."

Then, Gu Changge waved his sleeves.

With a humming sound, a seed entwined with a purple aura suddenly appeared in the void.

It seemed to be extremely heavy, floating up and down, containing some kind of terrifying power.

Although it had not recovered, there was a sense of soul and heart palpitations.

One must know that at that time, this Hongmeng Purple aura was enough to compete with the Supreme Artifact, and it was still under the circumstance that Zi Yang Heavenly King was not able to use it to the utmost.

If it recovered, it was estimated to be comparable to the True Immortal.

"Hongmeng Purple aura..."

Seeing this scene, Heavenly King Zi Yang gritted his teeth, and his voice couldn't help from trembling, it was because of extreme anger and unwillingness.

The Hongmeng Purple aura was the divine artifact of the Purple Mansion.

In the beginning, in order to integrate this Dao, it took him a long time and he failed several times in the middle.

Moreover, the Hongmeng Purple aura was not a docile thing.

On the contrary, it was extremely violent.

If he hadn't possessed the Primordial Dao Bone, it would be difficult to even get close to it, let alone fuse it.

Later, relying on the power within the Hongmeng Purple aura, he was able to use the Heavenly Eyes of the Immortal Dao to spy on the future.

It could be said that Hongmeng itself and Hongmeng Dao Bone contributed greatly to his current achievements.

The memory of his previous life had become a tasteless thing.

At any rate, he had been integrating with the Hongmeng Purple aura for many years. Although it was difficult to fully activate it, he could still feel its many emotional changes.

It was frightened, terrified...

This was the emotion that Hongmeng Purple aura was now conveying to him.

In Gu Changge's hand, the Hongmeng Purple aura even became docile, and extremely fearful, as if it was facing some peerless master.

This was something that was unimaginable before.

One must know that even in the face of the Great Elder of the Purple Mansion who had cultivated for eons, the Hongmeng Purple would not possess such emotions, and even emit some disdain.

In front of Gu Changge, it was even more docile than a kitten, trembling and shivering.

What was there in Gu Changge?

"It seems that your Heavenly Eye is inseparable from the Hongmeng Purple aura."

Gu Changge smiled and noticed Zi Yang Heavenly King's reaction and changes.

The purple divine pattern on the center of Zi Yang Heavenly King's eyebrows glowed faintly, with strange fluctuations spreading out as if it could reflect everything.

"Gu Changge, what do you want to do?"

At this moment, Heavenly King Zi Yang's expression changed greatly, and he vaguely guessed Gu Changge's intention.

His expression became extremely frightened, his face turned pale and even despaired.

Gu Changge not only wanted to dig up his Hongmeng Dao bones.

Now, even his Heavenly Eye was not spared.

"If it is two-phase refining, maybe a secret treasure can be refined, but it can help me deduce the future."

Gu Changge squinted his eyes and said to himself, completely ignoring Zi Yang Heavenly King's extremely frightened expression.

**Buzz!!**

Under the traction of the Hongmeng Purple aura, a mysterious power emerged, and the fragments of time were flying, the brilliance was splendid.

A river appeared, with traces of the years, mountains and seas turned to ashes, thunder, and lightning drying up...

In the void, there was a strange rumbling sound, the divine runes were intertwined, turned into a sharp long knife, and fell with a **puff!**

"What..."

Zi Yang Heavenly King let out a scream, no matter how strong his will was, he couldn't bear this kind of pain.

In the next moment, he passed out.

Gu Changge waved his sleeves, and a wooden box appeared. He placed this radiant Heavenly Eye in it and stored it away.

After that, he didn't care about Zi Yang Heavenly King's life or death. For the time being, he couldn't die. Before the powerhouses from Purple Mansion arrived here, Zi Yang Heavenly King couldn't die.

After all, he had to provide Purple Mansion an illusion, no, it was a hope.

A hope to rescue Zi Yang Heavenly King, otherwise, if they knew that Zi Yang Heavenly King was dead, they would definitely not spend such a huge price and fight against many Dao forces.

.....

Outside the dungeon, Gu Xian'er could be seen waiting.

After rushing back to the Ancient Xuanwu Kingdom, she did not follow the rest of the disciples back to the True Immortal Academy.

Instead, she wanted to provide Qing Xiao Yi and Qing Feng an explanation; she would not feel at ease until she found Qing Xiao Yi's whereabouts.

Although Gu Changge reassured her that Xiao Yi would be fine.

But Gu Xian'er was still very worried. Before she saw her with her own eyes, she couldn't relax at all.

Seeing Gu Changge coming out at this moment, she was a little curious, but she still didn't ask, she just said lightly, "I seem to have heard the screams of Zi Yang Heavenly King just now..."

Gu Changge smiled and said calmly, "It's nothing, I just asked him about the whereabouts of Qing Xiao Yi, but Zi Yang Heavenly King refused to admit it, so I had no choice but to use some other means."

Hearing this, Gu Xian'er suddenly nodded, her eyes fell on him, and she asked, "Then do you have any clues?"

Gu Changge replied casually, "Although Zi Yang Heavenly King refused to admit it, now, it's not because he doesn't want to admit it. Don't worry, I already know the whereabouts of Qing Xiao Yi."

"After Heavenly King Zi Yang kidnapped Qing Xiao Yi, he didn't immediately hand it over to the inheritor of demonic art. He seems to have other plans."

Hearing this, Gu Xian'er nodded again, and she was relieved.

She actually guessed the purpose of Zi Yang Heavenly King.

After all, Qing Xiao Yi had an extremely rare Immortal Body, and its origin was very rare. Zi Yang Heavenly King could just rely on Qing Xiao Yi to make a deal with the inheritor of demonic art.

Naturally, he would not hand her over easily.

"Qing Xiao Yi will be fine."

**Chapter 338-1: Premonition of the beginning of the Immortal War, Just a little Purple Mansion, how ridiculous (1)**

At this moment, Gu Changge glanced at Gu Xian'er, and suddenly took out a plain white vial from his arms and handed it to her, "This is the water of the Reincarnation Lake that Qin Wuya mentioned prior. I looked at it, and it seems that it has no problem."

"The water of Reincarnation Lake?" Gu Xian'er was thinking about Xiao Yi.

She did not answer, but just stared at him blankly, with eyes drooping before adding, "After drinking this water, can I restore my past life memory?"

If what Qin Wuya and Zi Yang Heavenly King said at the time were true, how would she face Gu Changge after she regained her memory of her past life?

After all, judging from Qin Wuya's words, she was Qin Wuya and Zi Yang Heavenly King's Junior sister in her previous life.

And Qin Wuya and Zi Yang Heavenly King were enemies of Gu Changge.

"Maybe, maybe not, I'm not sure about this either." Gu Changge said.

"Then... Do you want me to drink it?" Gu Xian'er raised her eyes and stared at him, with a different meaning in her eyes.

She didn't know why she suddenly asked Gu Changge about that, if she really recovered her past life memories, would she become another person?

Gu Changge couldn't help himself from laughing, "After you drink it, won't you still be Gu Xian'er, or will you suddenly become able to beat me?"

"That's not what I meant, don't change the topic..."

Gu Xian'er glared at him angrily, knowing that Gu Changge was deliberately changing the subject.

"Some things are up to you to decide. After all, it's your own choice. In addition, I think you're also curious as to whether what Qin Wuya and Zi Yang said is true or false."

Gu Changge's smile faded.

It was rare for him to get serious and think about Gu Xian'er.

Hearing that, Gu Xian'er deeply looked at him.

As Gu Changge said, in fact, she was also very curious about the truth regarding Zi Yang Heavenly King and Qin Wuya's words.

Was there really reincarnation in this world?

She didn't accept it because she was worried that there was a problem with the water in this Reincarnation Lake.

But now, even Gu Changge said so, which meant that the water of Reincarnation Lake should be fine.

Then, after thinking about it for a while, Gu Xian'er pursed her lips, as if she had made up her mind.

She finally took over the small plain white bottle.

But in the next moment, her action was very decisive, with almost no hesitation, the bottle was turned upside down and it fell directly to the ground.

Whoosh!

With this sound.

The silver brilliance like a galaxy was being poured down from the mouth of the bottle in void.

It even seemed like the Milky Way had fallen for nine days.

The lake water was gorgeous and dazzling, containing mysterious runes, but it dissipated in the air in an instant, as if it had evaporated, and soon no traces could be seen.

Gu Changge seemed a little stunned to see all this, and then said with some regret, "You just let it fall?"

Gu Xian'er gave him a cold, "Why not? Do you really want me to drink it?"

"Stupid girl."

Gu Changge sighed slightly, "If you didn't want to drink it, why didn't you give it back to me? You have wasted the good Reincarnation Lake water. Qin Wuya must have spent a lot to get such a small bottle of Reincarnation Lake water.."

"Did you get the point wrong? You are actually feeling distressed about this lake now?"

Hearing this, Gu Xian'er looked at him dissatisfied.

She thought that after she made this choice, Gu Changge would show a different attitude than before.

For example, gratification, happiness, etc., or praise her for a meal or something.

But he didn't.

He was actually distressed by such a small bottle of Reincarnation Lake water now?

Could it be that she was not as valuable as such a bottle of water in his heart?

Gu Changge looked at her with the expression "quickly praise me" written on her face, and couldn't help but smile, "You wasted my Reincarnation Lake water, and now you still want me to praise you? Gu Xian'er, you! Some people don't look very good, but they think they are quite beautiful."

"Gu Changge, you know to speak against your conscience... You are a hateful bastard!"

"You don't want me to take care of you in the future!"

Gu Xian'er was indignant, her body trembled with anger, but unfortunately, she was like a bamboo statue and could not show any ups and downs.

After putting down such a cruel sentence.

Her figure flashed, her skirt fluttered, and she disappeared from this place.

*What do you mean I didn't look very good? Aren't I pretty?*

*Aren't I beautiful?*

Originally, Gu Xian'er planned to teach Gu Changge a lesson after he said harsh words, but after seeing Gu Changge's strength with her own eyes, she calmed down her thoughts.

After thinking about it for a long time, the only threat she could think of was this.

Gu Changge shook his head and watched Gu Xian'er walk away, the smile on his face finally subsided.

In fact, even if Gu Xian'er drank this bottle of Reincarnation Lake water, it would not have any effect.

Otherwise, he would not be so relieved and handed the bottle of water to her.

In terms of Gu Changge's character, he would not do anything beyond his control.

If Gu Xian'er couldn't let go of her two Senior brothers from her previous life after recovering her memories of her previous life, how should she handle herself? Fighting against Gu Changge again?

In other words, Gu Xian'er took the initiative to cut off the relationship between her and the two previous brothers.

But it was too cruel for her.

Gu Changge didn't want her to do these things either. These things that were stained with blood and killed each other were not suitable for her with a Heavenly Spirit.

Gu Xian'er pouring out the water of Reincarnation Lake was actually the best choice for her.

Of course, if she drank it, the result would be the same.

Because a long time ago, Gu Changge knew that the Dao bone of hers contained some innate bone inscriptions that did not belong to this era. That was very mysterious and complicated.

It had a lot of influence on his cultivation, and he took the initiative to obliterate it later.

And those innate bone inscriptions were obviously some fragments of divine soul memory.

So if his guess was correct, Dao Xian's so-called reincarnation memories were actually contained in her Dao bone.

But Gu Xian'er's bones were dug up by Gu Changge when she was very young.

Now the Immortal Bone that she was reborn from Nirvana was very pure, without any traces and imprints of her previous life.

In other words, Gu Changge actually helped her cut off the connection with her previous life long ago.

After that, Gu Changge didn't care about Gu Xian'er anymore and waited for the powerhouse of Purple Mansion to arrive.

He brought Qing Feng and planned to bring Qing Xiao Yi back.

In the beginning, he randomly found a mansion and threw her into it. With Qing Xiao Yi's current cultivation level, there would be no problem even with three or five years of detention.

Gu Changge was not worried about her safety either.

As for the origin of Qing Xiao Yi's Immortal Demonic Body, he had already obtained it completely from the Dao fruit.

So he didn't hurt her.

Soon, he and Qing Feng arrived at this desolate and quiet mansion, which had been abandoned for many years and uninhabited.

When he saw Qing Xiao Yi again, she was much paler and haggard than before, and her delicate face was also much thinner.

Like a clean little white flower, soft and weak.

"Young Master Changge, brother..."

Seeing the two people who arrived here, Qing Xiao Yi's eyes widened in shock, she couldn't believe it.

These days, she had gradually calmed down from the panic, anxiety, worry, and despair when she was kidnapped.

The mysterious person who kidnapped her at that time never revealed his true face.

Qing Xiao Yi also didn't know the other party's purpose.

"I'm here to save you."

Gu Changge smiled and moved to release the restraint on her body.

"Xiao Yi..."

Qing Feng was extremely excited, his face was red, and he almost cried with excitement.

"Young Master Changge suppressed Zi Yang Heavenly King and came to save you..."

He was so excited that his words were incoherent. Seeing that Xiao Yi was puzzled, he told her everything that had happened in these days.

Including how she was kidnapped by Zi Yang Heavenly King.

Zi Yang Heavenly King intended to hand her over to the inheritor of demonic art.

Then it was how Gu Changge suppressed Zi Yang Heavenly King, asked her whereabouts, arrived to rescue her, etc., as he informed her in detail.

### **Chapter 338-2: Premonition of the beginning of the Immortal War, Just a little Purple Mansion, how ridiculous (2)**

After listening to it, Qing Xiao Yi was also extremely shocked. She was even more grateful to Gu Changge. She herself admired Gu Changge.

Now that she was rescued by Gu Changge, she felt that there was some kind of inexplicable fate between her and Gu Changge.

In this regard, Gu Changge naturally waved his hand to refuse, saying that it was something he should do.

Afterward, he took Qing Xiao Yi and Qing Feng back to the Ancient Xuanwu Kingdom. The Elders had already heard the news, including the Elder who had given Qing Feng the 9th Rank Resurrection Pill.

They were naturally happy that Qing Xiao Yi could return safely, but considering that something big would happen soon, they hurriedly took the two away, not wanting to stay here any longer.

The Ancient Xuanwu Kingdom had become a land of justice.

The same was true for the other major ancient kingdoms, feeling that there would be a big event, many cultivators hurriedly left.

Gu Changge was here, if Purple Mansion wanted to take revenge, it would definitely send its powerhouse to kill him as soon as possible.

And that kind of fight between powerhouses could destroy the world in an instant, let alone a small ancient kingdom.

Even if there were a few hundred more of them, they would be destroyed in the aftermath.

Considering this reason, Gu Changge planned to leave the Ancient Xuanwu Kingdom first, not because he didn't want to implicate this place.

For him, the lives and deaths of these little ancient kingdoms were not worth caring about at all.

Instead, he planned to go to the Vermillion Bird Ancient Kingdom, after all, it was the old nest of another Son of Luck, Chu Hao.

The fire at the pool would affect the fish inside it.

With this level of fire, how could a small ancient Vermillion Bird Ancient Kingdom be able to resist?

Could it be that the Vermillion Bird Ancient Kingdom dared to drive him away?

"Master, the person I sent seems to have lost track of Qin Wuya. His hiding technique seems to be very clever, hiding all the way, and now he has disappeared."

Afterwards, Yin Mei arrived, and with a charming face, she was a little puzzled and reported another matter.

After Qin Wuya escaped from the Hengyue Mountains, Gu Changge instructed Yin Mei to pay attention to his trail.

Since he had suffered a loss, Qin Wuya couldn't let Gu Changge leave any imprint on him. He was very shrewd and had many methods to hide.

Yin Mei never thought that Qin Wuya would suffer, and she would lose his trace.

"It's okay. Qin Wuya, he will show up again sooner or later." Hearing this, Gu Changge just waved his hand and said indifferently.

As long as Tang Wan was under his control, Qin Wuya could not escape.

"This place won't be peaceful during this time, so you should go back to the Wan Dao Business Alliance first, and by the way, help me check some information about the Hidden Ji Family."

Gu Changge explained something to Yin Mei and asked her to leave first instead of staying here.

Yin Mei heard the words lightly, but she was not worried about what would happen to Gu Changge.

In the next few days, the Ancient Xuanwu Kingdom was not at all peaceful. Every day, cultivators and geniuses turned into divine lights and left, either returning to the clan or to the True Immortal Academy.

Even some cultivators who lived in the Ancient Xuanwu Kingdom moved away with their clansmen and left their hometowns.

The King of the Ancient Xuanwu Kingdom, had a frowning face all day long, and did not dare to take the initiative to talk to Gu Changge about such a thing. He could only pray that the aftermath of the war would not spread to this place.

Otherwise, even a hundred Ancient Xuanwu Kingdoms would not be enough to bear the aftermath.

During this period, Gu Changge also received a summon from Yue Mingkong, asking whether the Peerless Immortal Soldiers were needed.

In this regard, Gu Changge just answered that there was no need.

Yue Mingkong also knew that a mere Purple Mansion was not worthy of Gu Changge's attention, so after getting this answer, she did not continue to ask.

She had things to do herself.

Among the seven pieces of Heavenly Artifacts, she already had two pieces, Heavenly Mirror and Heavenly Seal.

Now, she already knew the whereabouts of the Heavenly Sword, and she was planning to obtain it. After collecting the Seven Heavenly Artifacts, she could open the Immortal Palace that once collapsed in the river of time.

And when Gu Changge was in the Ancient Xuanwu Kingdom, the rest of the Upper Realm was not peaceful either.

Outside the Emperor Mountain.

A divine lake suddenly glowed with radiance, reflecting the water around it.

A vague and tall figure rose to the sky, holding a trident, as if it could destroy all things, and its eyes were like a heavenly sword, looking at the Purple Mansion from afar.

In another place, among the blood-red mountains, curling rosy clouds emerged, and a terrifying figure slowly stepped out, and blood-red clouds appeared under his feet.

"Purple Mansion murdered my descendants of Emperor Mountain, and this hatred is unbearable!"

The voices of these terrifying beings were cold and murderous.

One after another divine light rushed into the sky, displaying that the mighty races' creatures were gathering.

The aura was monstrous, and murderous, the clouds and mists were rolling, and the darkness was pressing down like a dark cloud.

The figure of Ying Yu was located in the middle.

Following Gu Changge's words, the first thing she did after returning to Heavenly Emperor Mountain was to persuade many terrifying beings to wash away the humiliation that Heavenly Emperor Mountain had suffered recently.

Obviously, these terrifying beings had long held back a wave of anger in their hearts.

This was even more so at this time, without any hesitation, they all appeared from seclusion to seek justice.

Even if Purple Mansion dared to shelter Zi Yang Heavenly King, who was related to the inheritor of demonic art, it was equivalent to sheltering the inheritor of demonic art, and it was equivalent to sheltering the enemy of Heavenly Emperor Mountain.

How could this grievance be settled so easily?

Soon, the Supreme Being among these creatures made a strong move, directly opening up a space channel, to break through the boundary to arrive at the Purple Mansion.

At the same time, the Ancient Ye Clan, the Endless Fire Nation, the Golden Qilin Clan, the White Tiger Clan and other forces also reported great changes.

A large army began to assemble, mighty, covering the sky and the sun. Among them, the warships were majestic and ancient, with flickering scales, colorful feathers flowing, with divine wings covering the sun, and the momentum was monstrous.

The space channel was opened, and it directly descended to the territory where Purple Mansion was located.

For a time, there was a huge sensation in the Upper Realm. They had a premonition that this was a precursor to the beginning of the Immortal War!

Outside the Purple Mansion, a large army of Dao lineages began to emerge. It was inevitable to carry out a crusade, but in the Ancient Immortal Gu Family, it seemed quite peaceful.

The clouds were steaming and shining.

"Just a small Purple Mansion, how ridiculous..."

"Dare to provoke the majesty of my Ancient Immortal Gu Family, I'm afraid they are tired of living..."

Inside the majestic hall.

An old man with yellow teeth was smoking a dry cigarette, like an old farmer, he was laughing as he uttered with disdain and contempt.

"This Zi Fu is afraid that they have forgotten that their ancestors were unidentified back then, and how they finally begged me in front of the Gu family's mountain gate... It seems that the years were not forgiving, those little guys who knew about this at the beginning, I am afraid that they were all boiled to death."

With a faint voice.

An old man with an earthy scent on his body walked slowly from outside the hall with a stern face.

He had a rusted iron sword pinned to his waist as he seemed very energetic when he walked.

In the hall, the current head of the Gu family also heard him, that was, Gu Changge's father, Gu Lintian, who also appeared to be quite submissive in front of him.

In front of these old people, he didn't possess the qualifications to talk much.

The Ancestors of the Gu family were different from the rest of the Dao lineages. They were not arranged according to seniority, but according to strength.

It was just that this generation had not been ranked for a long time, because many Ancestors were dead or alive, or in seclusion, or no one knew where they were buried.

Over time, even everyone in the Gu family didn't know how many Ancestors there actually existed in their family.

Anyway, if they encountered something big and they couldn't make up their mind, it was right to go enter the grave.

Over the years, with the exception of Gu Nanshan, the Ancestor of Gu Xian'er's lineage, who emerged to breathe some fresh air some time ago, very few Ancestors of the Gu family have appeared.

Almost all the affairs of the Gu family were handed over to the Head of the family and the clan Elders.

And now the several Ancestors in the hall had all breakthroughs in the cultivation base, and they were in a good mood, so they came out to take a look at the younger generation.

Gu Lintian wouldn't disturb them because of such trivial matters as Purple Mansion.

### **Chapter 339-1: Ancient Immortal Gus Family background shocked the world, Tang Wans fear (1)**

A radiant old man with a handsome face and fluttering robe stepped into the hall.

It could be seen that when he was young, his demeanor was refined, and he had a sense of transcendental unity with the Dao, and the whole person seemed to be standing at the center of the Dao.

His Dao rhyme was naturally intertwined with laws, and it seemed that even the heaven and the earth were integrated with his breath even when he was walking.

Even the old peasant who was smoking a dry cigarette just now stood up and seemed to respect him.

"Greetings, Ancestor."

In the main hall, Gu Lintian didn't know which Ancestor had arrived, but he was quite respectful in his words and saluted.

In addition to Gu Lintian, there were many Elders of the Gu family in the hall, who arrived from all branches of the Gu family.

Needless to say, their cultivation base was naturally weak, but even the weakest was in the Quasi-Supreme Realm, and they were discussing the matter of the Purple Mansion this time.

For them, it was just an insignificant, painless little thing. If it weren't for Gu Changge's involvement, they probably wouldn't care so much.

"Greetings, Ancestor."

All the clan Elders also saluted.

Some people had already guessed the identity of the Ancestor who entered the hall.

But there were too many Ancestors of the Gu family, and some Ancestors had never appeared even in the millions of years of their cultivation.

This was the case with the Ancestor in front of him. Many clan Elders were unfamiliar with his face, but they did not dare to be disrespectful.

One must know that even the Supreme Beings were deeply trembling, and there was a natural feeling of worship from the heart.

This could only show that the cultivation base of the Ancestor in front of him had long been unfathomable.

"My name is Gu Lang."

While everyone was guessing around, the Old Ancestor spoke up, and a little chaotic mist lingered in his hair.

As if he had just crawled out of the cemetery, his voice had a faint smile, and he looked at the younger generation in front of him and was somewhat satisfied.

"Hiss!"

"Ancestor Lang! The one who almost destroyed the Emperor's Dao Heart..."

Hearing this, all the Elders of the Gu family, including Gu Lintian, couldn't help but take a deep breath.

Then they reacted as Gu Lintian stepped forward slightly and said, "This junior is the current head of the Gu family, and greets the eighteenth Ancestor!"

Even if he was the head of the family, and his attitude was much more respectful than before.

Gu Lang.

There were many others like this person, and it was an Ancestor of the line behind him.

There was no way to verify his age, and he didn't even know which era he was from.

The only record he made was that he had attacked the Emperor Sheng of Emperor Mountain countless years ago.

Emperor Sheng ruled the world, and during the years of ruling the ancient tribes, his ambitions were inflated.

One day, he rode the Golden Avenue and arrived at the gate of the Ancient Immortal Gu Family, trying to provoke him, intending to get a glimpse of the depth of the Ancient Immortal Gu Family.

As a result, before stepping into the mountain gate, just in front of the gate, he was slapped directly by an Ancestor from the Gu family who just came out to breathe some fresh air.

It caused a huge sensation at that time.

Naturally, it had also become the biggest stain on the Emperor Sheng of Emperor Mountain.

It was just that as time passed, many Dao traditions who had witnessed this incident were also buried in the long river of time.

By now, there were very few cultivators who knew this secret matter.

But in the Gu family, anyone who had studied the secrets of ancient history would know about it.

Of course, the people of Heavenly Emperor Mountain must also know that, otherwise, it would not have been like the last time when Ying Yu arrived to Ancient Immortal Gu family to visit Gu Changge but she waited outside the mountain gate for half a month without seeing anyone, and finally left angrily.

Ordinary Immortal sect and Ancient Immortal Family's, how could Emperor Ying have a daughter with such a fearful attitude?

"Not bad."

"Eighteenth Ancestor? How long has this been since I was called like this, and now I've been slacking in cultivation for a long time, and I'm afraid I won't even be the Twentieth Ancestor."

Gu Lang was in a good mood when he heard this, he shook his head slightly and smiled.

Gu Lintian felt the aura of his veins.

From the point of view of cultivation, he was not far from enlightenment.

This made him quite gratified. In the past, when the head of the Gu family was much older, he was far from such a cultivation base.

This could only show that Gu Lintian's talent was good.

Hearing this, all the clan Elders in the temple were even more ashamed.

The reason why Gu Lang was called the Eighteenth Ancestor was because of his strength, he ranked eighteenth among the Ancestors of the Gu family.

And this happened a long time ago, and no one could tell where his cultivation had reached now.

As it was mentioned before, the Ancestors of the Ancient Immortal Gu Family had rarely appeared in the world, not to mention the part of the fairyland.

The Upper Realm part alone was enough for everyone in the Gu family to speculate.

"I already know about the Purple Mansion's incident. You can live if you see evil, but you can't live if you do evil. You don't need to worry about it. On the contrary, it is that descendant of my family that I am very interested in..."

And in the midst of speculation.

Gu Lang spoke again, his eyes were deep, and there were many terrifying scenes emerging.

It seemed that it had penetrated many spaces at once and fallen within the territory of Purple Mansion.

What he said was even more direct, and he didn't really care about such trivial matters as Purple Mansion.

Before he walked out of the cemetery and came to the main hall, he had an insight into the many things that had happened to the Ancient Immortal Gu Family during this period of time.

He was not interested in matters big or small.

The entire Gu family was well-organized and prosperous under the governance of the younger generation.

However, he was very interested in Gu Changge, the successor who almost caused a disaster.

Speaking of which, this was a descendant of his lineage, and he was so ruthless that he would attack his cousin at a very young age and dig her bones.

Although the follow-up remedies were not clever, they could be regarded as solving the problem from the root cause.

Hearing this, he suddenly wanted to see this junior.

Of course, he wouldn't blame Gu Changge or anything. The younger generation's affairs were left to the younger generation to solve. He was purely interested.

"Changge is currently in the Ancient Xuanwu Kingdom, planning to attack the Purple Mansion. If the Eighteenth Ancestor wants to see him, then I will send a message to let him return to the clan."

"The matter regarding the Purple Mansion should not waste much time for him."

Gu Lang said.

After all, the Ancestors finally emerged, if the Ancestors were optimistic, just dropping something out of the fingers would be enough for their younger generation to benefit a lot.

Although Gu Changge's talent was strong, he was only a junior after all, and they were also aware of many rumors outside.

He competed against a Quasi-Supreme existence.

To be honest, he was stunned as a father for a long time, but he didn't expect Gu Changge's hidden strength to be so terrifying.

Of course, he was more happy and gratified.

In fact, some of Gu Changge's plans during this period of time had been clearly stated in the communication talisman.

This time, in the crusade against Purple Mansion, there was actually no need for the Ancient Immortal Gu Family to intervene.

### **Chapter 339-2: Ancient Immortal Gus Family background shocked the world, Tang Wans fear (2)**

Gu Changge could easily deal with it with his own strength.

Moreover, there was Gu Qingyi by his side now, with her cultivation base, even if it was the other ancient existences, if they wanted to attack Gu Changge, they would have to weigh it.

Therefore, Gu Lintian was not worried about Gu Changge.

"According to what Qingyi reported, Changge has gained a lot of opportunities during this period of time, and his cultivation has improved rapidly. This time, the crusade against Purple Mansion can be regarded as his training."

In addition, Gu Lintian was deeply impressed by his adopted sister, and could not see through her cultivation.

He still remembered that when Gu Qingyi was born, she looked like a seven or eight-year-old girl, but in a blink of an eye, her cultivation was unfathomable, and he as her adopted brother couldn't help feeling a little ashamed.

"Oh, since that's the case, then there's no need. I'm out this time, and I can meet some old friends by the way. I won't enter into seclusion for a short time. I will be waiting for the good news from this little guy."

Hearing this, Gu Lang just waved his hand and smiled lightly, not intending to let Gu Changge come back.

As a result, it might interfere with Gu Changge's plan.

He actually appreciated such a brave, resourceful and powerful junior, and didn't want to interfere too much.

And after saying this, Gu Lang didn't say much, and with a flick of his figure, he disappeared from the hall.

At his level, he could move hundreds of millions of miles with a single thought, just in an instant, but it was very likely that he had already gone to an endless distant place.

"According to the information recorded in the rumors, the character of the Eighteenth Ancestor is like this. Although he said he didn't intend to take care of it, in fact, this old man has probably already rushed to the Purple Mansion at this moment."

"If Purple Mansion doesn't have any strong background, I'm afraid it won't be able to force Changege to send troops..."

After seeing Gu Lang disappear, a clan Elder said with a wry smile.

"I didn't expect that this incident would disturb the Eighteenth Ancestor. If this old man took action, this Purple Mansion would not be able to turn the tide."

Many clan Elders talked a lot, but they still admired the Eighteenth Ancestor in their discourse.

Moreover, it could be seen from these words today that the Eighteenth Ancestor should be very optimistic about Gu Changege.

Thinking of this, all the clan Elders looked at Gu Lintian and said with bright eyes,

"Patriarch, this time against Purple Mansion, my Gu family would send five Emperor Realm and ten Supreme Realm cultivators to help the young master. What do you think?"

Before that, they had all heard the news from Gu Changege and knew of his plans, saying that there was no need for the Ancient Immortal Gu Family to intervene.

Gu Changege intended to use this to train his army of the Ancient Immortal Continent.

But now even the Eighteenth Ancestor had made his move.

It was impossible for the Ancient Immortal Gu Family to let the Ancestors fight, and let the younger generation watch the show on the sides, right?

Gu Lintian nodded when he heard the words, "That's it, it's just that in this war, the Emperor Mountain, the Ancient Ye Clan, and the Nation of Endless Fire have already rushed to the battlefield, and we're just fighting the battle now."

Five Emperor Realm cultivators.

But to be precise, it should be two Emperors and three Quasi-Emperors.

After the cultivation base breaks through the peak of the Supreme Nine Heavens, one could enter the Emperor Realm.

When they reach the Emperor Realm, they were generally called Quasi-Emperor in the current Upper Realm.

After the Quasi-Emperor, the cultivators would need enlightenment.

If enlightenment was successful, they would successfully enter the Emperor Realm, and were also commonly known as the enlightened person.

That was the True Emperor, across the universe, invincible in the world, in the heavens, and the underworld, it was almost impossible to find an opponent.

Among the Lower Realms that were attached to the Upper Realm, only the world with the complete Heavenly Realm could give birth to the imprint of the Heavenly God Realm.

But in the Upper Realm, there were not many restrictions, because the Heaven here was complete and included countless Lower Realms.

As long as the cultivator broke through the Quasi-Emperor Realm, and succeed in having an enlightenment, he could become an Emperor.

Therefore, in the same era, many geniuses would break through to become enlightened.

In order to better distinguish the difference between the enlightened and the unenlightened, many Dao traditions called it the Quasi-Emperor Realm.

God King Realm, the Heavenly God Realm, the Sacred Realm, the Supreme Realm, the Emperor Realm, and even the Immortal realm above.

These were six realms known to the Upper Realms.

Afterward, an order was passed on, causing a sensation in various places, and the senior management of the Gu family began to mobilize their powerhouse from all over the country to crusade against Purple Mansion.

"Purple Mansion simply doesn't know how to live or die!"

On top of the immortal mountains, the powerful men with terrifying strength snorted coldly and began to equip their armor as the powerful aura rushed out from his body like a real dragon.

At the same time, the ancient horn blew, cast with the real horns of various terrifying beasts, and the sound vibrated, calling for the Gu family's Immortal Guards to emerge.

### **Boom!**

One after another incomparably dazzling light doors penetrated, the immortal sound spread, and the immortal energy permeated as if connecting to another world.

A group of Immortal Armored Soldiers descended, riding ancient pure-blooded beasts, with a murderous aura that shook the sky, and the breath was cold.

Everyone was wearing dazzling battle armor, and it seemed that they had experienced countless wars.

There was no doubt that this was an invincible army of the Ancient Immortal Gu Family.

Usually, they cultivated and killed enemies in another world to sharpen their combat power, but when there was a war, they would rush to the forefront.

In the other directions, there were also door openings.

The divine light disappeared, and the momentum was overwhelming, and soldiers began to rush out, riding all kinds of terrifying beasts, like thousands of troops galloping.

At the same time, the sky trembled.

One after another, the ancient warships broke through from the small worlds of various parties. They were bloodstained, entangled with chaotic energy and immortal mist, with unparalleled divine might.

"Follow the decree and destroy the Purple Mansion!"

In the endless territory where the Ancient Immortal Gu Family was located, countless affiliated forces were shaken, and without any hesitation, they began to gather powerful combat power.

Towards the Ancient Immortal Gu Family, they had an extremely strong belief.

The flying warships on the battlefield and the beasts of war converged into a mighty terrifying force that stopped under the starry sky.

There were hundreds of millions of them!

The shocking change in the Ancient Immortal Gu Family's side immediately shocked many Dao forces that were closely watching this matter.

Many Daoists wanted to know the depth of the Ancient Immortal Gu family, and what kind of attitude they would hold towards this battle.

Because the Dao forces such as Emperor Mountain and Endless Fire Nation had already rushed to the territory where Purple Mansion was located.

However, the Ancient Immortal Gu Family remained silent for a while.

This made many people doubt that the Ancient Immortal Gu Family really didn't plan to take care of this matter.

But soon, the fluctuation of the sky here shocked everyone.

They saw that ancient warships that broke the domain came here one after another, incomparably majestic and ancient, like a continent, rushing out of the territory of the Ancient Immortal Gu Family.

With thick chaotic energy and immortal mist, they directly broke through the space and arrived with a huge momentum that shook the sky.

In addition, many Immortal Guards with dazzling divine light rushed out, riding all kinds of terrifying beasts, crushing and covering the sky.

As for the combat power among those affiliated forces, there was no need to say more.

Like locusts, it was overwhelming and mighty, as if the dark clouds on the border could not be seen.

Between the heavens and the earth, only the boundless darkness was projected down as black clouds that were pressing down on the city, and was about to descend directly to the territory of the Purple Mansion.

### **Chapter 339-3: Ancient Immortal Gus Family background shocked the world, Tang Wans fear (3)**

"Charge toward Purple Mansion!"

"Raise the power of the young master!"

The terrifying momentum reverberated under the starry sky, almost causing the sky to burst.

This scene directly made many Daoists who had previously held a skeptical attitude lose their voices and become extremely horrified.

To put it bluntly, this battle alone made many Daoists tremble.

Compared with the army sent by the Emperor Mountain, Endless Fire Nation, and other forces, it was more than terrifying several times.

Moreover, many Daoist spies noticed that there were at least ten Supreme Beings dispatched from the Ancient Immortal Gu Family at the same time, and their aura covered the sky, making people palpitate. They couldn't help but kneel on the ground.

There was no need to mention the Quasi-Supreme Realm among them.

One must know that the three Supremes of the Emperor Mountain arrived here and the Ancient Ye Clan also sent three.

This was already considered an unmatched power in many Dao traditions, and the scarcity of the Supreme was by no means a lie.

The Supremes known to the True Immortal Academy today were only a dozen or so!

But the Ancient Immortal Gu Family alone sent a whole ten of them!

This was an attitude and manifestation of horror!

Since Purple Mansion had dispatched a Supreme to rescue its descendant?

Well, then the Ancient Immortal Gu Family would send ten of them today!

This made many forces tremble to the extreme.

They knew that the Immortal Family had a terrifying and unfathomable background. It had been inherited from the oldest period of the Immortal era to the present, and they dare not imagine it.

And now, many Daoists were asking themselves, if this force suddenly attacked their territory, could they stop it?

Apart from those Dao forces that had existed since before the Taboo Era, almost no one could stop them!

Thinking of this, they couldn't help shivering. Before that, many Dao heritages were guessing what the background of the Ancient Immortal Gu Family was and why they stood immortal.

And now they finally knew a part of the reason!

Afterward, the ancient warships draped in Chaotic aura and Immortal Mist crashed into the sky with a roar. There were bloodstains of the ancient and powerful people on them.

One after another, the gates of light opened, and tens of thousands of knights and soldiers shot out from them.

Their immortal armor was bright, and they seemed to have experienced endless slaughters.

They were strong men with hot tempers and auras rushing to the sky.

One by one, similar strong men, armed with various weapons, riding pure-blooded beasts, stepped out of the door of light!

"Attack!"

"Destroy the Purple Mansion!"

"Raise the might of my Ancient Immortal Gu Family!"

The ancient warship was simple and majestic, roaring away and smashing the sky, and directly forcing the space channel.

That kind of immortal power was too vast, it was unbelievable, suppressing countless cultivators' souls to tremble, and one couldn't help falling to their knees.

Moreover, some cultivators seemed to have noticed that in addition to the Supreme Beings, the Ancient Immortal Gu Family had also dispatched the existence of the Emperor Realm!

The existence at Emperor Realm was almost an invincible person who suppressed the background!

Now that the Immortal Palace in the Upper World was not visible, the Emperor Realm represented invincibility!

For a time, everyone's scalp became numb.

Then, after the Ancient Immortal Gu Family dispatched a large army, they were far away.

In the territory where the divine religion was located in the beginning, ancient warships began to rush in, and they were mighty, with a boundless murderous aura, shattering the sky!

The eyes of the entire Upper Realm were affected by this battle.

There were many Dao forces and some strong people immediately rushed to Purple Mansion. Although they did not participate in it, they did not want to miss this terrifying battle.

At this time, how could Purple Mansion stop it?

However, due to this reason, Gu Changge moving from the Ancient Xuanwu Kingdom seemed very leisurely, and many cultivators focused their attention on the Purple Mansion.

On his side, the people paying attention to him were much less.

This made Gu Changge feel that some of his strategies were probably overthinking.

He didn't even need to take a shot. This power alone was enough for Purple Mansion. Could they still contend against it?

That was simply impossible.

It was just that, this way, he had no chance to test the army of the Ancient Immortal Continent.

With Purple Mansion's lessons learned, which Dao lineage would dare to calculate against him in the future?

At this moment, in the courtyard, a few green bamboos rustled, which seemed quite peaceful and elegant.

Gu Changge's robes were clean and spotless, and Ji Qingxuan was grinding tea for him.

Instead, he was writing something with a little interest.

Tang Wan was dressed in plain gauze, with a gentle and beautiful face, no makeup, and a graceful figure, standing in front of him with some respect and unease.

In fact, her heart was not as peaceful as it seemed on the surface.

The more she understood, the more she felt the horror of Gu Changge.

Tang Wan had previously consulted the ancient books and guessed that Gu Changge was the inheritor of demonic art.

Now it seemed that this speculation was probably true.

Just when the Upper Realm caused a sensation because of his actions, and the Purple Mansion was on the verge of being destroyed by many Dao forces, he was still leisurely practicing calligraphy here.

Quiet and indifferent, revealing a sense of detachment.

Such a huge gap made Tang Wan tremble in her heart, and she was terrified to the extreme.

"Well, that's a hard word to write."

At this moment, Gu Changge smiled slightly and put down the pen in his hand.

"Young master's words are so beautiful."

Ji Qingxuan's beautiful eyes flashed with brilliance.

The word "kill" should have been filled with the meaning of killing gold and iron horses, but under Gu Changge's pen, there was a sense of immortality, as if the word could be stopped because of this.

But if one looked closely, they would find that this word contained Supreme meaning.

The word "kill" could be detached from the paper at any time and turn into an iron-blooded soldier, killing everything!

Such a realm made her extremely stunned.

"You flatterer."

Gu Changge smiled when he heard these words, and then looked at Tang Wan who had been waiting for him for a long time.

"Greetings, master."

At this moment, in front of Gu Changge, Tang Wan no longer dared to be as stubborn and tenacious as before and was deeply fearful and uneasy.

Because she was worried that after the Purple Mansion, the Tang family behind her would become the second Purple Mansion and follow in its footsteps.

Although Purple Mansion had not been destroyed yet, in her opinion, it was not far away.

Even if Chu Hao took over the position of future sect master of Supreme Dao Cave, while facing Gu Changge, he would have no choice but to die.

Not to mention Gu Changge's hidden strength, just the many means he had shown on the bright side were enough to make people terrified.

Before that, although Tang Wan knew the strength of the Gu family, she never thought that it would be powerful to such a terrifying level.

Now the entire situation in the Upper Realm had changed because of the large army sent by the Ancient Immortal Gu Family this time.

"During this time, Chu Hao seems to be still negotiating plans to deal with me..."

"I said before, if he didn't take the initiative to provoke me, I would be too lazy to do anything to him. For me, crushing him should be much easier than destroying the Purple Mansion."

Gu Changge looked up at her with a smile and said, with a jade-like warmth.

Hearing that, Tang Wan's face turned pale, and a chill emerged on her back. She didn't know how Gu Changge learned about this.

But what he said was true.

During this time, Chu Hao did not listen to her advice.

On the contrary, he was still planning to deal with Gu Changge, and he did not give up and wanted to remove the humiliation of that day.

Her voice couldn't help trembling, and was somewhat uncontrollable horror,

"I have persuaded Chu Hao, can master give me a little more time..."

### **Chapter 340-1: Borrowing a knife to kill people, A desperate battle between the Immortal Sects (1)**

A soft breeze entered the courtyard as the bamboo rustled.

The environment became even quieter.

"Yes? But I feel that Chu Hao is still bent on wanting to kill me. Is this my illusion, or is it Chu Hao's arrogant self-confidence?"

"If I give you time, how many days do you think are enough? Or do you want me to do it myself? Actually, I hate trouble, but Chu Hao doesn't seem to be someone in that category."

In front of the stone table, Gu Changge slightly blew the mist from the teacup, his eyes were light as he asked casually. His words seem to be a very understatement and were not very mindful.

Ji Qingxuan's beautiful eyes were like glass, displaying some surprise.

She stood beside her and pinched her shoulders for Gu Changge very obediently, she was already extremely competent for the status of this maid.

In her opinion, with Gu Changge's identity, how could he care too much about Chu Hao?

He purely said that because he felt offended by being remembered by an ant and felt uncomfortable.

"Please give me another period of time, at most half a month, I will make Chu Hao understand all this and make him give up."

"Chu Hao doesn't know how high the sky is, and offended Master, but I also hope that Master will be magnanimous, and won't care."

Tang Wan's voice was trembling, her eyes displayed extreme fear. She was obviously frightened to the core.

Judging from the meaning behind Gu Changge's words, did he plan to attack Chu Hao?

She did not dare imagine that at such a time, if Gu Changge really did something to Chu Hao, how much were the chances of Chu Hao's survival?

It was probably a dead end!

Before that, no matter what she said to Chu Hao, he firmly believed that sooner or later he would recover everything from Gu Changge and wash away the humiliation of that day.

For Tang Wan's many persuasions, Chu Hao turned a deaf ear and ignored them.

With such thoughts in mind, Chu Hao actually conspired a lot during this time.

These methods, in Tang Wan's opinion, were even more stupid and it was impossible to have any impact on Gu Changge.

After all, Chu Hao was just a little Prince in the Vermillion Bird Ancient Kingdom.

Compared with the entire Ancient Immortal Gu Family, even its smallest affiliated forces were far superior to the Vermillion Bird Ancient Kingdom, which was as humble as an ant.

With such a huge gap, did Chu Hao still feel that he had hope? Especially when she couldn't help herself and couldn't help Chu Hao anymore.

Did he still not understand?

Tang Wan was very disappointed with Chu Hao now.

She was already thinking of every way to help Chu Hao but not only did Chu Hao no longer care, he was even looking forward to his own death.

If Gu Changge really intended to destroy the Vermillion Bird Ancient Kingdom, it was really just a matter of one sentence.

There wasn't even a need for Gu Changge to do it himself. There were countless Dao heritages and forces who wanted to please him, and they would all be happy to do it.

Was he counting on the Supreme Dao Cave behind him to protect him? Couldn't he see the end of Purple Mansion?

"No, you don't have to worry about Chu Hao's side. I have other things for you."

At this time, Gu Changge waved his hand to interrupt her, and said lightly, "During this time, a person named Qin Wuya may approach you... When he does, no matter what happens to you, don't panic and just do what I say."

"Qin Wuya..."

Tang Wan was stunned. For some reason, the name gave her a very familiar feeling, as if she had heard it somewhere.

"Is this the brother of Zi Yang Heavenly King? The enemy of Master?"

Suddenly she reacted, her complexion changed slightly, and she remembered.

Due to the current situation, she had heard the name Qin Wuya, and felt as if she was familiar with it.

Just why did Gu Changge say that Qin Wuya would come find her?

"It's him. After all, you were his Dao companion in his past life. He knows your existence and will definitely approach you to continue the relationship."

Gu Changge glanced at her and said lightly.

"Dao companion from my past life?"

Hearing this, Tang Wan suddenly widened her eyes, and couldn't help but gasp as her face turned pale.

Recently, some vague images had begun to appear in her mind. She was in front of the magnificent ancient mountain gate, an era that was extremely far away from today.

The sky was high and the earth was vast, all things were vast. The sacred mountains were majestic, immortal mountains were magnificent and boundless.

She had a kind heart and respected her father.

There was also a mature and stable Senior brother and Dao companion, as well as Junior brothers and Sisters who shouldered the heavy responsibility of restoring the sect.

Although she comforted herself that it was just a dream. But he couldn't help but wonder if there existed reincarnation in this world.

But now hearing Gu Changge's words, really made her stand stiff in place.

It was as if an explosion had occurred in her brain which was humming and trembling. However, how on earth did Gu Changge know all this? And how was he so confident that Qin Wuya was her past life companion?

This made Tang Wan completely stunned. She couldn't believe it.

Who was Gu Changge and why did he know these things?

Ji Qingxuan also heard Gu Changge's words and was very shocked, but there was nothing on her face as she pretended not to hear anything.

But in her heart, Gu Changge became more and more mysterious and unpredictable, even the thing like past life reincarnation was so clear in front of him.

"How did Master know about this?"

However, Tang Wan also had her fair share of experience in the Wan Dao Business Alliance with strong winds and waves.

She quickly regained her composure and couldn't help asking. But there was a trembling fear in her voice that even she didn't want to admit.

Gu Changge glanced at her, shook his head, and added, "You don't need to know this, just remember what I asked you to do."

"Yes."

Tang Wan nodded, her heart filled with sadness, she remembered Gu Changge's other identity, the descendant of the Ancient Heavenly Lord of Reincarnation!

It was not surprising that he could penetrate the laws of Reincarnation and understand all of this. It was just that she couldn't figure out why men who were related to her would eventually appear on the opposite side of Gu Changge.

Whether it was Chu Hao or this man named Qin Wuya, who was suspected of being her Dao companion from her previous life, it was the same.

In the end, she would actually be the one to deal with them in person. This feeling made Tang Wan's heart sink to death.

"You can go back to the Vermillion Bird Ancient Kingdom first, and if there is anything, I will tell you."

Gu Changge said lightly, knowing what Tang Wan was thinking, but didn't care.

"Yes, Master."

Tang Wan lowered her head, her face full of gloom.

After Tang Wan left, Gu Changge also waived Ji Qingxuan to go back.

He looked at the piece of paper in his hand with a thoughtful gaze.

"Currently it should be impossible for Purple Mansion to give up Zi Yang Heavenly King. Although they are being besieged by various Dao lineages, they will definitely send some powerhouses to rescue him."

"If the Supreme Dao Cave is knowledgeable, they should know what to do, if not, don't blame me for making a move again..."

Gu Changge couldn't help himself from muttering softly, and his eyes seemed a little deep.

Thinking of this, Gu Changge began to instruct his subordinates to detain all the people from Purple Mansion, including Zi Yang Heavenly King and bring them to the Vermillion Bird Ancient Kingdom.

Anyway, he intended to drag the disaster to the east.

If this was the case, it would be able to provoke a conflict between Supreme Dao Cave and Purple Mansion, which would save some trouble.

If not, the city gate of the Vermillion Bird Ancient Kingdom would catch fire and bring disaster to the fish inside the pond, and it would be destroyed.

Although Gu Changge wanted to target Chu Hao and the Vermillion Bird Ancient Kingdom, if he did it for no reason, he would be criticized.

After all, on the surface, he was the young leader of the righteous path, and he had to cherish the feathers.

### **Chapter 340-2: Borrowing a knife to kill people, A desperate battle between the Immortal Sects (2)**

What was more, now the Ancient Immortal Gu Family was showing their edge. If his actions were too strong and arrogant, it would inevitably make the rest of the Dao lineage jealous of the Ancient Immortal Gu Family and give birth to some intentions.

Under various considerations, Gu Changge felt that it was more appropriate to borrow a knife to kill his targets.

As for Chu Hao's side, for now, Gu Changge didn't really care.

After all, Chu Hao's background was far inferior to Zi Yang Heavenly King.

Besides, if he wanted to deal with Chu Hao, there was no hurry.

As the Son of Luck, Chu Hao's role was much more than Zi Yang Heavenly King.

Before he had not been squeezed clean, it would be a waste to kill him like this.

After all, such leeks were hard to find!

That was, Chu Hao and Qin Wuya, who were ready for harvest.

"In this way, things will be much more logical, the Vermillion Bird Ancient Kingdom was destroyed by the angry Purple Mansion. The most I will have to do is to lament that I didn't expect Purple Mansion to be so vicious."

Thinking of this, Gu Changge could not help but smile, and then also moved to rush to the Vermilion Bird Ancient Kingdom.

The King of the Ancient Xuanwu Kingdom, who was closely watching Gu Changge's every move, was now smiling for the first time in a long time. It was as if the whole country was sending him off with firecrackers and drums.

Many of the Ancient Xuanwu Kingdom's families were also relieved, fearing that the fight between Purple Mansion and Gu Changge would implicate them all.

Now that Gu Changge had left, the Ancient Xuanwu Kingdom was relatively safer and did not need to be as frightened as before.

.....

"Senior Uncle, after Wan'er left, did she go to see Gu Changge?"

At the same time, in the Ancient Xuanwu Kingdom's Imperial Capital.

In the middle of a grand and imposing mansion.

Two people were discussing some matters, and the man who was asking questions at this moment had a handsome face, a tall figure, and a vaguely unearthly aura.

It was Chu Hao, and the old man in front of him with Immortal style, with three wisps of white beard, was none other than his one Master, Uncle Bai Yang.

The two of them left the Vermilion Bird Ancient Kingdom and followed Tang Wan all the way.

Chu Hao desperately wanted to know the purpose of her visit and why she came here to see Gu Changge.

If this matter was not clear, Chu Hao felt that he would have trouble sleeping and eating.

He even wouldn't be able to focus on cultivating, birthing a demon in his mind.

"Wan'er won't betray me, she has bitterness, and might be threatened by Gu Changge!"

Chu Hao could not help but murmur, it was as if there was a thorn in his heart.

The thought of Tang Wan hiding from him and secretly moving to meet Gu Changge privately made him feel suffocated and annoyed.

Although he knew that with Tang Wan's character, she would not do anything to betray him. But this kind of thing, meeting with another man, how could he tolerate it?

But he also had to choose to forgive Tang Wan, pretending to ignore the matter.

At that, Bai Yang's face was also very unpleasant, his brow was furrowed and he let out a slight sigh, "If Tang Wan didn't change her route midway, she should have gone to see Gu Changge."

"That mansion is now inhabited by none other than Gu Changge."

He gave Chu Hao a somewhat regretful, sympathetic look, and at this time, he could not think of any persuasive words.

"Did you not follow up, Senior Uncle?"

Although he had long guessed that this was the case, hearing his Senior Uncle say this, Chu Hao's face was still ugly, taking a deep breath and forcing himself to calm down.

"Gu Changge is now surrounded by a mysterious Emperor Realm powerhouse for protection, if I go there rashly, I will probably be misunderstood by that Emperor Realm being as someone from the Purple Mansion who came to assassinate Gu Changge..."

Bai Yang had a trace of scruple on his face as he explained.

He himself actually knew something about the Supreme Being that the Purple Mansion had sent to rescue the Zi Yang Heavenly King before.

Even if his strength was stronger than the other party, it was not much stronger.

Now, if he encountered that mysterious Emperor Realm powerhouse, wouldn't he be sending himself to his death?

"Senior Uncle is considerate, I was reckless."

At those words, Chu Hao's fists were clenched tightly, and resentment once again surged in his heart.

He had been cultivating since he was young and throughout the way he had a smooth sailing, access to many opportunities, and did not encounter any setbacks and tribulations.

His future was bright, and as long as he didn't fall, he would definitely be a person who stands at the top of the Upper Realm.

But now against Gu Changge, he had repeatedly suffered huge blows.

Even so, the Supreme being, his Master, showed up but he also could not resist Gu Changge, and even did not dare to show up to probe.

"But Hao'er, you do not have to worry, I saw Tang Wan went to see Gu Changge and left pretty quickly. It was almost the time it took for a cup of tea. Nothing should have happened between the two, and Tang Wan's pure aura was still intact ....."

Seeing Chu Hao look like this, Bai Yang was also a little worried and helpless, patting his shoulder, afraid that a good seedling would be ruined.

So he couldn't help but speak up and persuade.

This woman was not worth Chu Hao's care.

But he did not say these words.

"I know, don't worry, Senior Uncle, I have a good idea."

Chu Hao had calmed down at this moment and knew that at this time, he couldn't blame Tang Wan.

But he had to find a way to stop this kind of thing.

Gu Changge was so heartless, who knew if he would suddenly do something reckless one day?

And when the time comes Tang Wan would be a weak woman, who could not resist.

Suddenly, Chu Hao's face suddenly changed again, feeling the summoning talisman within the storage ring, and there were messages from the Vermilion Bird Ancient Kingdom.

If something big did not happen, the Vermilion Bird King would not have taken the initiative to contact him.

"What happened?"

Bai Yang noticed the change in Chu Hao's expression and couldn't help but ask.

"Something happened in the Vermilion Bird Ancient Kingdom... Damn it... I am not going to let Gu Changge go!"

Chu Hao took out the transmission talisman, quickly checked the message, and his face also suddenly changed dramatically.

His expression turned gloomy and ugly, almost gritting his teeth, spitting out these words from his throat, the hatred was enormous.

"Senior Uncle, let's return to the Vermilion Bird Ancient Kingdom first."

After speaking, he intended to move, not expecting that while fighting with the Purple Mansion, Gu Changge still did not forget to calculate against the Vermilion Bird Ancient Kingdom.

He was really ruthless!

"Could it be..."

Bai Yang's face changed slightly, and he knew the seriousness of the matter.

He vaguely guessed something, and could not help but feel a chill thinking of Gu Changge's tactics.

While Chu Hao was discussing dealing with Gu Changge, Gu Changge had already made a move first.

And his terrifying means could be described as thunder and lightning, creepy, and bloodless.

.....

During this period of time, the eyes of the entire Upper Realm were almost converged on the territory where the Purple Mansion was located, there was no cultivator and Dao force that did not pay attention to all this.

Even the transcendent forces such as Buddha Mountain and Human Ancestor Hall were also paying close attention.

How many times had the Immortal War and the Immortal Tribulation occurred in the past and present?

Everyone's blood was surging and their hearts were stirring.

Vast armies descended on ancient warships, from the Heavenly Emperor Mountain, the Ancient Ye Clan, and other Dao forces, under the banner of crusading against the inheritor of demonic art and the Zi Yang Heavenly King, they directly moved to attack.

If Purple Mansion was leveled, they could also get many benefits.

The Purple Mansion had been standing for countless years and has accumulated many resources and heritage.

### **Chapter 340-3: Borrowing a knife to kill people, A desperate battle between the Immortal Sects (3)**

Now in this battle, in everyone's opinion, the Purple Mansion was bound to be overthrown, without any possibility of redundancy.

The sound caused by this great battle was incomparably terrifying, and the starry sky of billions of miles in circumference was shaken beyond imagination.

"Attack!"

"Trample down the Purple Mansion!"

Billions of cultivators and creatures were crossing the sea of emptiness and chaotic turbulence with a monstrous sound and a killing aura that almost drowned everything.

Along the way, countless forces cowered their frontiers, not daring to make a sound.

Watching these Dao systems and affiliated forces covering the sky.

The armies came pressing down, like a sharp blade, forged with heavenly might, splitting everything with a bang!

### **Boom!**

In the Purple Mansion, all the disciples and Elders urged all kinds of Supreme means with solemn faces.

The divine light rushed to the sky, the protection formation was activated, beams of light consisting of various colors rushed to the sky, intertwined between heaven and earth, converging into an endless net, to resist the attack.

But there were too many cultivators, and all the clans under the control of the Heavenly Emperor Mountain sent their elites. The thick clouds rolled over, killing until the sky turned over, and the sun and the moon lost their light.

This scene was rare even in thousands of years.

In the other direction, all living beings could only feel the awe-inspiring Supreme aura sweeping through the sky.

Stars trembled, like sieve, the heavens were shaken, the heaven and earth distorted.

There sounded the roar of killing, shaking countless forces.

One could imagine what kind of terrifying battle was taking place.

The war between the Supreme Beings!

A Dharma Body's Purple Aura stretched, evolving everything.

On the top of the sky, draped with countless divine haze, it was fighting all the enemies, as if standing at the top of the universe.

In a vague way, one could see a tripod enveloped in infinite light, a golden radiant bell, and a green seal floating in the lining.

That was the Supreme Weapon, at the moment of its awakening, all the laws were blurred.

Many stars exploded and instantly turned into dust.

This scene made all the cultivators and Dao forces horrified.

"The foundation of the Purple Mansion is so terrifying that it directly blocked the attacks of the Heavenly Emperor Mountain and the Ancient Ye Clan?"

"I didn't expect the Purple Mansion to be so deeply hidden, but those Supreme Beings, they should have come out from their Ancestral Hall, and their aura doesn't belong to the contemporary era!"

Many powerful people of the Dao forces, who were closely following this battle, were incomparably shocked.

They didn't expect the situation that was previously thought to be one-sided to be a stalemate.

The strength of the Purple Mansion was simply beyond the imagination of the crowd.

Many people had reacted previously, since the Purple Mansion dared to do so, so they had the ability!

And at the same time, far beyond the star field that suddenly issued a rumbling sound, everyone trembled, their souls seemed to be cracked off.

Ancient flags waved and opened up everything!

The ancient warship, majestic as an ancient continent, cast an endless shadow.

Immediately after that, blasting through the void, cloaked in chaos, it smashed through everything in front of it, crushing the vault of heaven.

A big "Gu" word was swaying in the sky above the vault!

The front was exactly where the Purple Mansion was located!

"The Ancient Immortal Gu Family has descended! This time, the Purple Mansion is in bad luck. Can they withstand the joint efforts of several families, but can he withstand the Ancient Immortal Gu Family?"

"It looks like the Purple Mansion's sect is about to be breached!"

All the Dao lineages and forces were shocked, looking at the armies of cultivators arriving to kill, stretching on and on, obscuring the vault of heaven and the starry sky.

This was a matchless power that made people tremble with fear!

"Trample the Purple Mansion! Raise the might of my Gu Family!"

There was an old man on the ancient warship, blowing everything with a trumpet as the terrifying fluctuations descended in an instant.

This great battle erupted instantly.

On the ancient warship, runes filled the air and turned into divine swords, striking down towards the front.

In the depths of the starry sky, a sky full of light runes emerged, shocking the nine heavens.

The void trembled, like a sieve, as if pierced by a ray of light.

The great formation shielding the Purple Mansion nearly collapsed, and it was difficult to guard!

This scene made the powerhouses who watched this battle from afar shocked to death, and chills emerged on their backs.

This was only one blow, if there were a few more blows, could the Purple Mansion still guard against it?

**Boom!**

And at that moment, the Gu family's Supreme Being also took the lead!

With a raised hand, the Supreme power swept through all directions, causing many stars to tremble.

"Attack!"

From the Purple Mansion, three Supreme Beings once again rushed out, their auras even more powerful than the Supreme Beings who were fighting with the Heavenly Emperor Mountain and other forces.

"The Ancient Immortal Gu Family is deceiving people too much! They have conspired with Gu Change to suppress my Purple Mansion's heir! This revenge must be taken!"

"We will guard the Purple Mansion inheritance and will not allow outsiders to covet it!"

The three Supreme Beings appeared beneath the starry sky, their faces cold with incomparable hatred, and they directly cursed.

"Do you and the others think that with just the three of you, you can even attempt to offend my Gu family? You know you will die, but you still want to stop us, your courage is really commendable."

"Today, we will fulfill your and others' wishes. On the road to the Yellow Springs, it is not a bad thing to have someone to accompany you."

At the same time, among the Gu family's army, a horrible aura descended from the air, and the divine light covered the wilderness.

Ten Supreme Beings appeared in the star field, their faces blurred, their majesty was enormous, and their words were cold and strong.

The ten Supreme Beings appeared, their aura was rushing to the sky and they would certainly kill the three of them from the Purple Mansion!

Everyone was shocked, before they had vaguely perceived that the Gu family sent ten Supreme Beings, but many people still only felt their aura as they did not show up.

Among them were likely to have many Quasi-Supreme Realm cultivators.

But now that they had seen it with their own eyes, it was really appalling, ten Supreme Beings, all in peak condition.

Everyone of them was in the Upper Supreme Realm, not the Lower or Middle!

Supreme Nine Heavens, only after the cultivation level reached Seven Heavens, would they be called Upper Supreme, it could be seen by the horror of this power!

"No..."

It was a desperate scene, and countless disciples and Elders of the Purple Mansion could not help but give birth to sorrow and hatred when they saw this scene, anger rushing to the sky.

**Boom!**

Soon, this terrifying battle erupted and touched everyone's heart and soul, trembling to the extreme.

The three Supreme Beings of the Purple Mansion had a strong attitude as they moved forward, not fearing death, displaying the most powerful means in their lives.

A boom sounded as if the stars exploded in front of the explosion.

It was as if the heavens and earth crumbled, trembled, and chaos tumbled.

Heaven and earth-like aura emerged, drowning everything.

However, in the next moment, they almost instantly coughed up blood, their bodies on the verge of explosion as they moved in a horizontal flight, crashing countless stars along the way, instantly becoming pieces of powder.

Ten Supreme Beings had struck, unless an Emperor Realm existence struck, who could resist it?

All the Dao forces were horrified, felt numb, with Gu family's strength, even if the Heavenly Emperor Mountain and other forces did not take action, it also could easily destroy the Purple Mansion!

This was a completely one-sided situation.
