

## **Villain 341**

### **Chapter 341-1: Junior Brother, I am coming to save you, How could he not expect it? (1)**

"Want me to help Purple Mansion? Are you joking, or are you saying that you are stupid?"

And just when the terrifying Immortal War was taking place outside the territory of Purple Mansion, the Reincarnation Lake in the restricted area seemed quite peaceful.

In the depths of the surging chaotic mist.

A seemingly tall and majestic divine mountain existed dotted with the ancient trees that were prosperous, displaying an area that existed before the opening of the sky.

One after another, the colorful divine trees took root on the edge of the cliff, and they fell and condensed their various laws. They were like old monsters that were not born, and they had an aura that made one's soul tremble as their soul light swayed.

Between the peaks of the mountains, all kinds of glowing clouds gushed out, reflecting the sky in a mysterious way.

It was like an independent small world, and one could often see a splendid brilliance rising into the sky from the depths.

In the surroundings, one could sense the fragrance of birds and flowers, the green vegetation, and the growth of divine medicines on the cliffs.

The auspicious beast roared in the distance, and the divine bird chirped in the sky. It was very peaceful, like a pure land outside the world.

No one could have imagined that the Reincarnation Lake that was located in the extremely mysterious restricted area of ??the Upper Realm would be like this.

A mysterious wave was transmitted in the void, revealing the disdain of the speaker.

At this moment, at the foot of a golden mountain shrouded in golden rays of light, Qin Wuya was standing here, his expression was very calm and heavy, he was not surprised at all when he heard such an answer.

How many forces in the entire Upper Realm dared to help Purple Mansion? There were hardly any. But he still wanted to give it a try, not wanting to miss the chance to save Zi Yang Heavenly King.

He was able to rush to Reincarnation Lake because of the last time he came here to exchange the water of Reincarnation Lake.

For a fetish with Nine Heavens, an ancient existence here owed him a favor. If not, he would not even be qualified to enter the Reincarnation Lake.

"I still have a lot of what I gave you last time."

Hearing this, Qin Wuya spoke again. After all, he had lived in Nine Heavens for hundreds of years, and he had accumulated a lot of good things in his hands.

Even for this kind of existence these items would be heart-wrenching.

"No."

However, the ancient existence of the Reincarnation Lake, when he heard the words, rejected it succinctly. His tone even held a faint mockery,

"Go back, if you offended the Ancient Immortal Gu Family, you won't get any good fruit to eat."

"In addition to an Immortal Scripture from Nine Heavens, I know the method of Reincarnation Lake. You only need to hide your aura and save my Junior brother. No one will find your trace."

"Now that Purple Mansion is facing a war, this mister one needs to take care of him."

"Gu Changge will only think that it was the Purple Mansion who secretly shot, and will not suspect you."

Hearing this, Qin Wuya spoke again, and he placed down his blood and even took out an Immortal Scripture that was extremely rare and would cause countless cultivators to fight for it outside.

"And you don't have to help Purple Mansion, just rescue my Junior brother, how about it?"

In order to impress the ancient existence in front of him, he lowered his requirements again.

"Why are there so many good things in your hand? Aren't you afraid that I will kill you and take it directly?"

Hearing the words, this ancient existence seemed to have seriously thought about it and was a little moved.

After all, as long as he was hidden from Gu Changge and rescued Zi Yang Heavenly King by his means, it was quite easy.

It was just that at this time, he was motivated by greed. The last time was because he swore on his Dao heart that he would not cross the river and demolish the bridge.

But what about this time?

In his eyes, Qin Wuya's cultivation base was not high, but he had a lot of treasures and even had the Immortal Scriptures of the Nine Heavens, which shocked him very much.

At his level, what could possibly go wrong? It was nothing more than perception and the reference and understanding of the Dao of others.

If he could get the Scriptures of the Immortal Way, maybe he could go further and enter the Realm of Immortality.

Hearing this, Qin Wuya was very calm, as if he had expected it a long time ago, and was not surprised.

"Believe me, if I dare to tell you that, I am absolutely sure that you will not be greedy," he said.

"Okay. Then I'll trust you again. If this matter is known to the Ancient Immortal Gu Family, I will immediately inform them that you asked me to do it."

This time, the ancient existence agreed very readily and did not doubt Qin Wuya's words.

## **Boom!**

In the sacred mountain, the runes flickered, a vague and terrifying figure appeared with the golden light Dao floating under his feet, taking a step the figure soon disappeared.

Seeing this, Qin Wuya finally breathed a sigh of relief, displaying a bit of a smile.

"Brother, hold on, I am coming to save you!"

.....

On the other side, within the palace at the capital of the Vermillion Bird Ancient Kingdom.

The King of Vermillion Bird Ancient Kingdom screened everyone, except the old eunuch who was closest to him.

There was no one else in the palace.

Currently, his face was ugly and gloomy to the extreme, even with a hint of lividness.

Even his favorite cup of tea was shattered at this time.

"This Gu Changge is simply deceiving people too much. He clearly knows that he is a calamity, but he has to come to my Vermillion Bird Ancient Kingdom. Isn't this trying to harm us?"

"When the time comes, the powerhouses of Purple Mansion will arrive, and once they fight here, won't they destroy my Vermillion Bird Ancient Kingdom?"

He almost gritted his teeth and clenched his fists as his face was turning blue with hatred.

Who would have thought that after Gu Changge left the Ancient Xuanwu Kingdom, not only did he not venture to the territory of Purple Mansion to participate in this rare battle.

Instead, he detained everyone from the Purple Mansion where Heavenly King Zi Yang was located and placed them in the Vermillion Bird Ancient Kingdom.

This matter made the Vermillion Bird King angry, and he couldn't tell how bitter he was currently feeling.

He wanted to refuse this matter, but he didn't dare to offend Gu Changge on the bright side, so he didn't dare to refuse at all.

"My King, calm down, we should discuss this matter with the Third Prince. Now that the army is pressing down and descending on the territory of my Vermillion Bird Ancient Kingdom if Young Master Changge insists on using this place as a battlefield, how could my Vermillion Bird Ancient Kingdom be able to stop it..."

The old eunuch, who had no white beard, hurriedly persuaded him from the side, his expression was also nervous, worried, and extremely uneasy, and he felt a kind of unavoidable disaster.

Now within the territory of the Vermillion Bird Ancient Kingdom, it could be seen that the mighty ancient warships were hovering above the sky, breaking out of the sky from nowhere, just like a square ancient continent.

Covering the sky and the sun, they were thick and majestic, with chaotic mist hanging down with a palpating pressure.

On those ancient warships, many figures could be seen, densely packed, and numbered in millions. Their appearance was very different from that of the human race.

Their scales were flickering, the divine wings covered the sky with flowing colored scales, depicting all kinds of Immortal Ancient Races.

The Black Heavenly Eagle Clan, the Divine Crocodile Clan, the Ancient Snake Clan, the Immortal Ancient Dragon Clan... their auras were aggressive and murderous.

With such a posture, the Vermillion Bird Ancient Kingdom could be destroyed in an instant, which made many cultivators worried.

But, was it possible to let Gu Changge leave?

Not to mention that the matter of imprisoning Zi Yang Heavenly King was no trivial matter, but if they encountered the people arriving from the Purple Mansion on the way, how would they solve it?

So what they had to do now was to find a place to detain Zi Yang Heavenly King first, and if the Purple Mansion really sent someone to rescue him, it would be easy to deal with.

In the eyes of many cultivators, Gu Changge's approach was reasonable and understandable.

But the place he chose to imprison Zi Yang Heavenly King was the Vermillion Bird Ancient Kingdom.

This made many people helpless and they felt that things were very uneasy.

After all, no one wanted to suffer a disaster, so at this time, many cultivators choose to leave their hometowns and quickly leave the Vermillion Bird Ancient Kingdom.

"We can only continue when Hao'er rushes back. If we really start a war here, how can my Vermillion Bird Ancient Kingdom have any hope of surviving?"

"What my King said is exactly what the old slave thought, otherwise we can only wait for the Kingdom to be destroyed at this time."

And just as the Vermillion Bird King and the old eunuch were discussing, there were spatial fluctuations in the sky outside the palace.

The figures of Chu Hao and Bai Yang walked out of them and quickly entered the hall.

Although the Ancient Xuanwu Kingdom and the Vermillion Bird Ancient Kingdom were far apart. But under Bai Yang's Supreme means, he quickly opened up a space channel and rushed back.

"Ho'er, you're finally back!"

"Greetings, Ancestor Yang!"

The Vermillion Bird King looked happy as he strode toward Chu Hao's side, and bowed to Bai Yang at the same time.

## Chapter 341-2: Junior Brother, I am coming to save you, How could he not expect it? (2)

Bai Yang waved his hand slightly, indicating that he didn't have to.

"Father, I already know the matter. Now that Purple Mansion has offended many Dao forces, it is already an endless situation. At this time, Purple Mansion must be desperate and will definitely come to rescue Zi Yang Heavenly King."

"If our Vermillion Bird Ancient Kingdom imprisons Zi Yang Heavenly King, once Purple Mansion hears the news, they would definitely arrive as soon as possible. At that time, with the strength of my Vermillion Bird Ancient Kingdom, let alone resist... We will turn into ashes and cease to exist in an instant."

"Gu Changge must be punished! This strategy can be described as vicious to extreme!"

Chu Hao was the first to speak, with an extremely solemn expression on his face. The Vermillion Bird King had already said it clearly in the communication talisman before he came.

Gu Changge imprisoned the people of Purple Mansion including Zi Yang Heavenly King in the Vermillion Bird Ancient Kingdom.

In addition, Gu Changge had also summoned an army of one million, which was gathering above the territory of the Vermillion Bird Ancient Kingdom.

The momentum was huge, covering the sky and the sun, causing countless cultivators to tremble and feel deeply afraid.

These two things, no matter which one it was, were extremely fatal to the Vermillion Bird Ancient Kingdom.

"So what do you think about this matter, Hao'er? Gu Changge is determined to bring disaster to this Kingdom, to destroy my Vermillion Bird Ancient Kingdom!"

The King of Vermillion Bird Ancient Kingdom's face turned pale, his voice trembled, he was very frightened, and he couldn't make up his mind at all.

He was just a small King. Although he was very angry and dissatisfied with Gu Changge before, he never dared to show it on the surface.

But what Gu Changge was doing now was simply to destroy the Vermillion Bird Ancient Kingdom!

Now this scene was like a real dragon fighting, and the ants under their feet would be annihilated by a wave of fluctuations inadvertently, which was more disturbing than walking on the edge of the abyss.

"Father, don't worry, on the way back, I already figured out what to do."

"At this time, even if we don't dare, we can only refuse Gu Changge's request. Immortals are fighting and mortals are suffering. He is obviously going to deal with us. Is it possible that now, we have to fear him and dare not refuse? "

"I have already discussed this with my uncle. This time, even if I offend Gu Changge, I will refuse. I can't let Heavenly King Zi Yang be imprisoned in my Vermillion Bird Ancient Kingdom."

Chu Hao's attitude was very tough, and then he started talking about his plans.

The King of Vermillion Bird Ancient Kingdom listened with a tangled expression on his face.

Because he knew what would happen if he offended Gu Changge. Even if the Vermillion Bird Ancient Kingdom was preserved, the situation would not be much better.

And he had long experienced what Gu Changge's character was like.

In front of people, he was gentle and elegant, and like jade but he was indifferent to the bones, and was high above, overlooking them.

"Okay, then this is what Hao'er said."

The Vermillion Bird King nodded, his expression extremely heavy.

At this time, outside the main hall, a figure suddenly emerged, and the lotus step moved slightly, with surprise on her face.

Seeing this, the guards outside did not dare to stop her.

"Wan'er."

"Miss Wan."

Chu Hao and Vermillion Bird King both looked up, and their moods were different.

With Chu Hao's cultivation, he actually sensed Tang Wan's arrival just now but he didn't get up to greet her but deliberately let her hear these words.

On the one hand, he also wanted to know what attitude Tang Wan had towards Gu Changge.

"Brother Hao."

The person who arrived was Tang Wan who had returned to the Vermillion Bird Ancient Kingdom.

She had something to discuss with Chu Hao but she never thought that she would hear what they were discussing upon her arrival. This made her heart suddenly become cloudy.

"I heard you guys discussing how to deal with Gu Changge. In my opinion, you still need to discuss this matter, and not be so reckless. Not to mention the Vermillion Bird Ancient Kingdom, even if it's the Supreme Dao Cave behind you, you can't be so reckless. Competing against Gu Changge, Purple Mansion is now a living example..."

Tang Wan stared at Chu Hao and was very direct as she went straight to the point.

She couldn't tell what kind of emotion she was in right now, helplessness, hatred, resentment... Maybe all of them.

Why did things come to this stage? Chu Hao still did not understand that he was about to die?

Judging from Gu Changge's words, he didn't actually care about Chu Hao at the moment.

If Chu Hao really wanted to take revenge, then he should cultivate hard at this time and strive to become stronger, instead of provoking Gu Changge and offending him to death.

In Tang Wan's view, this was actually an unwise choice.

"Wan'er, are you trying to persuade me to let go of my hatred again?" Chu Hao frowned slightly, feeling a little dissatisfied in his heart.

Tang Wan's current attitude made the thorn in his heart sting even more.

Especially when he remembered that she secretly went to see Gu Changge without telling him, and even used family affairs as an excuse.

Chu Hao felt his heart hurt.

Even if she had a hard heart, she should be frank about this kind of thing instead of deceiving the other party.

Hearing Tang Wan's words, Bai Yang, who had been silent for a while, also frowned and felt unhappy.

In fact, he didn't have a good impression of Tang Wan, especially the recent events that made him feel disgusted.

But considering Chu Hao's relationship, he didn't say much. But now, Tang Wan actually said that in front of him, she almost said that it was no good to offend Gu Changge.

This really made him feel a little unhappy, and he felt that he had been too low-key for a long time and was despised by others.

"Brother Hao, I'm not trying to persuade you to let go of your hatred. I'm just telling you to think twice before doing things that are over your own strength and your will..."

Tang Wan's expression changed slightly, she felt as though she had been misunderstood by Chu Hao, and hurriedly explained, "What you should do now is to improve your strength, if Gu Changge deals with you at that time, you will have more chances to survive. "

She said it almost from the bottom of her heart.

Tang Wan's personality was also the same. She didn't like to move around in circles. She believed that Chu Hao would understand her good intentions.

"Enough, Wan'er, what you said, I don't want to hear you speak again in the future."

But when Chu Hao heard these words, there was a flash of pain on his face and he waved his hand to interrupt her, "I found that you have changed a lot compared to before. But I understand you, you are doing it for my own good, but can you not do this, this time? Stop me, if I really do what you say, the Vermillion Bird Ancient Kingdom will be destroyed."

Hearing this, Tang Wan opened her mouth, not knowing what to say for a while.

Soon, her expression suddenly became very sad, and then she turned and left without saying a word.

"Wan'er..." Chu Hao suddenly felt a sense of loss in his heart, but he was also very reasonable, knowing that at this time, he couldn't waste time on this matter.

Zi Yang Heavenly King was detained in the Vermillion Bird Ancient Kingdom for even one day.

The Vermillion Bird Ancient Kingdom was in danger for one more day.

Chu Hao quickly calmed down and planned to go to face Gu Changge at this time and have a showdown with him, asking him to take Zi Yang Heavenly King away.

"Hao'er, Senior Uncle will go with you." Bai Yang's expression became heavy, and he was extremely jealous of Gu Changge.

From his point of view, this showdown was to tear up face with Gu Changge, and in the future the entire Vermillion Bird Ancient Kingdom would go to the opposite of Gu Changge.

The consequences of this were simply unimaginable.

In the Vermillion Bird Ancient Kingdom, Gu Changge, who was waiting for the person who would come to rescue Zi Yang Heavenly King, naturally heard the system prompt.

These Luck Points and Destiny Value were actually dispensable for him.

What Gu Changge cared about was actually the blow to Chu Hao. If things didn't develop like this, how would Qin Wuya get into the next show?

"It seems that there is still a rift between Tang Wan and Chu Hao. The so-called emotion is such a fragile and useless thing."

He couldn't help but smile, already guessing what Chu Hao was going to do next.

Chu Hao's idea was indeed very good, but how could Gu Changge not expect it?

### **Chapter 342-1: A group of mysterious people were caught by Hei Yanyu, They may be visitors from Earth (1)**

"If you want to break the current situation, you can only use the general trend to oppress me, but does the so-called general trend really work for me?"

"Chu Hao has overestimated the so-called popular sentiment. In the face of absolute strength, and the matter of life and death, who would dare to resist? It's just ridiculous."

Inside the palace, Gu Changge stood with his hands behind his back as his robes fluttered. His gaze was trained out of the window from a distance, with a faint smile on the corner of his mouth.

Everything was moving according to his plan.

Everything that Chu Hao could think of, he had thought about in advance.

The dragon veins of the Vermillion Bird Ancient Kingdom had already been swallowed up by him, and it was an unchangeable fact that the kingdom was destined to be destroyed.

Even if Chu Hao was the Son of Luck, he would never be able to reverse all this.

The manpower behind the current kingdom was also poor, and this matter was already powerless for anyone to handle!

The only thing Chu Hao could do now was to witness the destruction of the Vermillion Bird Ancient Kingdom with his own eyes in despair!

And just as Gu Changge was thinking about it, the voice of followers reporting sounded from outside the hall.

"Young Master, the various Ancient Immortal Clans are now asking to see you."

Gu Changge retracted his thoughts and said lightly, "Let them in."

Soon, with the sound of footsteps, a few people entered the hall.

Their aura was surging, like rolling clouds and mist, flashing with all kinds of divine flowers, and it was extremely powerful.

Among them, the leaders were also descendants of various clans, and they were quite strong.

Behind them stood the Ancestors of various clans, faintly suppressing the void here, as if they could fill every inch of space at any time, tyrannical to the extreme.

Their cultivation base was all Quasi-Supreme Realm and they once stood on the opposite side of Gu Changge in the Ancient Immortal Continent.

However, it was then planned by Gu Changge, who passed down the Immortal Binding Technique, and controlled the entire Ancient Immortal Clans.

Everyone looked at Gu Changge with awe.

"Greetings, master."

"Don't be too polite."

Gu Changge nodded slightly, his eyes swept away calmly, and he was somewhat satisfied.

The Black Heavenly Eagle Clan, the Ancient Snake Clan, the Divine Crocodile Clan, the Immortal Ancient Dragon Clan... almost everyone had come, and the strength of the powerhouses they dispatched was not weak. It seemed that they did not violate his orders.

Afterward, his gaze stopped at one of them, "How's the thing that was handed over to you?"

"Reporting to the Master, Yanyu is doing everything you ordered before, and didn't dare to disobey anything."

"This time, I left the Ancient Immortal Continent, I was just waiting for you to check it out."

The person who spoke was dressed in a long black dress, with a light veil on her face, her skin was as white as porcelain and her eyes were like autumn water with her hair being soft as she looked very quiet and moving.

Her eyes looked at Gu Changge, and her words carried a sense of respect.

She was Hei Yanyu, known as the first beauty in the Ancient Immortal Continent.

The current ruler of the Black Heavenly Eagle clan was young.

However, she was highly valued by Gu Changge, and now she had a terrifying majesty in the Black Heavenly Eagle Clan.

The arrogance of the rest of the Ancient Immortal Clans couldn't help but decrease as they bowed their heads in front of her seemingly very afraid.

"Oh?" Gu Changge smiled casually, "Since you say so, then I will trust you for the time being."

At that time, he instructed Hei Yanyu to secretly collect various cultivation resources for him. In fact, what she had to do was similar to Yin Mei, that was, to find all kinds of talents with rare physiques and origins.

But now, those resources were not very important to him anymore.

Gu Changge's cultivation base had almost reached the Quasi-Supreme Realm, and the resources collected by Yanyu were of no use to him.

However, Yanyu should have collected a lot of special physiques, so he should take a look later.

"Master, Yanyu didn't dare to forget what you ordered." Hei Yanyu's eyes drooped, and her voice was soft and respectful.

"Come here, you don't have to be so far from me. Could it be that I am some kind of beast?" Gu Changge said with a smile.

"Yes, Master."

Hearing this, Hei Yanyu was a little surprised, and then she moved lightly and walked to Gu Changge's side, looking very demure.

She was a little worried and uneasy at first, for fear that Gu Changge would not be satisfied with the things that were handed to her.

Therefore, when the blame descended on her it would bring disaster to the entire Black Heavenly Eagle Clan.

She knew very well what method and what identity Gu Changge was hiding.

Probably no one was more terrifying than him in this world. Combined with the many things that were happening in the Upper Realm today, Yanyu was even more disturbed and frightened.

Now she was calm and indifferent on the surface, but she was deliberately displaying it. In fact, she was very flustered.

This companion was like a tiger!

After all, not only her but also the Black Heavenly Clan behind her, even if they were pinched by Gu Changge, they could be pinched to death at any time because of his mood change.

As for the other Ancient Immortal Clans, they all thought that Gu Changge was the descendant of the Ancient Heavenly Lord of Reincarnation, which made the Black Heavenly Eagle Clan, the Ancient Snake, and the Divine Crocodile Clan surrender.

But only Hei Yanyu knew that this was not the case!

Gu Changge had already killed the true descendant of the Heavenly Lord of Reincarnation!

The so-called successor of the Heavenly Lord of Reincarnation was nothing more than a replacement.

Seeing Gu Changge's attitude that displayed his satisfaction with her, made Hei Yanyu heave a long sigh of relief.

The corners of her mouth under the veil also showed a faint smile.

After receiving Gu Changge's order, she immediately assembled the Black Heavenly Eagle Army, because Gu Changge handed her a method and asked her to pass on the cultivation.

Hei Yanyu did not dare to disobey.

Although she knew that the technique method might not be a good thing, she didn't dare to refuse.

"Doing things for me makes you indispensable." Gu Changge smiled casually.

"It is Yanyu's honor to serve the master."

Hei Yanyu's eyelids drooped slightly, but she still couldn't hide the joy and happiness on her brows.

"Oh?"

Gu Changge still smiled and wrapped her arms around her waist.

"Um."

A haze rose from Hei Yanyu's cheeks, and she felt a little shy in her heart, but she took advantage of the situation and leaned against his arms.

Seeing this scene, people from the Ancient Immortal Clans were full of envy in their hearts. Such an intimate gesture showed that Hei Yanyu was highly valued by Gu Changge.

As for what task Gu Changge gave Hei Yanyu, they actually didn't know.

What could they do now but envy?

With the status of the number one beauty in Ancient Immortal Continent, after all, she was still very dominant.

From now on, I am afraid that all the tribes of the Ancient Immortal continent would be in awe of her.

And Hei Yanyu was also very smart. From the awe and envy of all the ancient tribes looking at her, she also understood the intention of Gu Changge's actions just now.

This was to let the various tribes of the Ancient Immortal Continent understand that she was his person and was highly valued by him.

In this way, her right to speak among the various races of the Ancient Immortal Continent would be heavier in the future, and the rest would not dare to disrespect her.

If she did things for Gu Changge, it would be much more convenient and smoother.

"So that's what the master said about the benefits..."

Thinking of this, Hei Yanyu felt a little lost for no reason.

### **Chapter 342-2: A group of mysterious people were caught by Hei Yanyu, They may be visitors from Earth (2)**

Yes. In terms of Gu Changge's temperament, how could he suddenly act so affectionately toward her?

She was just overthinking.

Then Gu Changge explained some things and then waved his hand to let all the Clans of Ancient Immortal Continent retreat, but Hei Yanyu remained.

"Master, are you going to see those cultivators who are imprisoned?"

Hei Yanyu's eyes fell on Gu Changge's face and she asked softly.

"Let's go."

Gu Changge nodded and let go of her, and then the two left the palace, with Hei Yanyu leading the way.

Hei Yanyu was faintly disappointed in her heart, but she did not dare to show it on her face.

The ancient warships of the various tribes of the Ancient Immortal Continent hovered in the sky 800,000 miles away from the Vermillion Bird Palace.

The cultivation resources that Hei Yanyu brought to Gu Changge were naturally imprisoned there.

If Gu Changge rushed over from here, it wouldn't take long.

"By the way, Master, I caught a group of mysterious people outside the Immortal Ancient Forbidden Area some time ago. They were brought over by something unknown at the time. The substances in the Immortal Ancient Forbidden Area did not work for them."

"And that group of mysterious people were dressed in weird clothes, and they had a strange metal weapon in their hands that could shoot out a kind of silver metal, with a lot of lethalties, also, ordinary beasts were not their opponents."

"However, none of these mysterious people seem to have cultivated before, and their physique is very weak. Even the weakest children in our clan could bully them at will."

On the way to the ancient warship, Hei Yanyu suddenly remembered something else and reported to Gu Changge.

"Mysterious people outside the Immortal Ancient Forbidden Area, in weird clothes? What brought them here? Metal weapons?"

Hearing this, Gu Changge raised his eyebrows slightly, this kind of origin sounded familiar.

Could it be someone from Earth?

He seemed to have smelled the smell of chives.

The Ancient Immortal Continent was once moved by the Heavenly Dao Immortal Palace with Supreme means. At that time, the Ancient Immortal Continent, including the Immortal Ancient Forbidden Area, was also brought over by that existence.

Although it had always been hidden in the depths of the Heavenly Dao Immortal Palace after Gu Changge took control of the ancient clans some time ago.

The Ancient Immortal Continent had also been opened to the outside world, and now it was sometimes seen that cultivators from the outside world venture within it for experience and try to find opportunities.

However, the Immortal Ancient Forbidden Area was called the Immortal Ancient Forbidden Area because of some reasons.

Even some Supreme Beings did not dare to easily set foot in it, feeling that there was great terror hiding inside.

Moreover, in the Immortal Ancient Forbidden Area, the mist was ever-surg-ing, shrouding a mysterious field.

If the cultivator dared to approach at will, he would be directly shattered into blood mist by that kind of field, and his body and spirit would be both destroyed.

Even if one was lucky to escape, it would end up being haunted by unknowns, and life was better than death.

Many people speculate that there was a person who survived the Immortal Ancient Forbidden Area.

The existence who once moved the Immortal Ancient Continent didn't dare to say what was hidden in it.

Many rumors had occupied the Immortal Ancient Forbidden Area with a veil of mystery.

"Well, I was cultivating in the clan at the time, and suddenly I heard someone from the clan come to report, saying that there was a shocking change in the Immortal Ancient Forbidden Area, and the momentum was monstrous. So I rushed over, but I never thought that I would see more than a dozen people there. A mysterious man even ran out of it, looking terrified as if he had seen something terrifying..."

Hei Yanyu nodded.

Then she recounted in detail how she caught the mysterious group of people outside the Immortal Ancient Forbidden Area.

She didn't know how to deal with this matter, so she just got Gu Changge's order, so she brought the group over by the way.

"Then have you seen what brought them to the Immortal Ancient Forbidden Area?"

Hearing this, Gu Changge asked with some interest.

"No, after I caught this group of mysterious people, I wanted to ask for words from their mouths, but they don't seem to understand our language here."

"I started searching for souls, but I found that their souls were very fragile. They shattered with a little touch, and I couldn't find anything at all."

"Then I gave up."

Ya Yu said.

"I see."

Gu Changge smiled, but there was already a faint guess in his heart.

As for whether they were someone from Earth, it didn't matter to him.

Among the billions of Lower Realms under the jurisdiction of the Upper Realm, there were actually many Lower Realms that were biased towards the technology side.

It was just that in those Lower Realms, there were very few cultivators. Even if there were cultivators, it would not be too good. At most, they would live hundreds of years longer than ordinary people.

Flying in the sky and escaping the earth, picking the stars, and reaching the moon, were too far away for those cultivators.

As for wanting to ascend to the Upper Realm, that was even more impossible.

But in any case, among this group of mysterious people, there must be leaks that Gu Changge wanted, there was no doubt about it.

If it was really someone from Earth, maybe he could take this opportunity to find out the reason for his crossing over.

Gu Changge didn't believe that his crossing would be for no reason, especially after learning about his Demon Lord's vest.

But Gu Changge felt that the possibility of being a visitor from Earth should be very small. Most likely from some distant world.

.....

"Hao'er you don't have to be in a hurry."

"If I go to Gu Changge at this time, no matter whether he agrees or not, my Ancient Kingdom will be at a disadvantage."

"If we press him with the general trend, maybe it will still work... Anyway, the image Gu Changge created in front of people is positive. Unless he really wants his own image to collapse, otherwise it is impossible for him to directly attack my Vermillion Bird Ancient Kingdom."

"This is our only chance now."

At this moment, in the Imperial Palace of Vermillion Bird Ancient Kingdom, Chu Hao couldn't help but want to fight with Gu Changge.

There was a flash of light in the eyes of the Vermillion Bird King as he thought of something, and suddenly stopped Chu Hao.

It had to be said that he had ruled the Vermillion Bird Ancient Kingdom for so many years, and he was not incompetent.

He even knew that at this time, it was the most correct way to force Gu Changge to agree and let him take Zi Yang Heavenly King away.

Although the Vermillion Bird Ancient Kingdom was small, it had a population of several billion people.

If Gu Changge didn't agree at that time, then if these billions of cultivators suffered, he would surely have to bear the infamy of killing billions of cultivators.

Unless Gu Changge really didn't care about that.

"What the King of Vermillion Bird Ancient Kingdom said is also a solution. But at this time, I am worried that Gu Changge really doesn't care about the lives of these creatures in the Vermillion Bird Ancient Kingdom..."

Bai Yang's eyes lit up when he heard the words, and he admiringly glanced at the King of Vermillion Bird Ancient Kingdom.

Although the Emperor's cultivation technique could not stand on the table in the face of absolute strength, at this time, he might really be able to play a role.

"Then I'll follow what the Royal Father said."

Chu Hao nodded, showing a slight smile.

Thinking about it this way, he also felt that things had taken a great turn for the better, and it would no longer be like before, casting a haze in his heart.

Afterward, Vermilion Bird King, Chu Hao, and Bai Yang gained confidence. After discussing for a while, they thought of a lot of methods, and they all knew that at this time, their strength alone was not enough.

If they wanted to persecute Gu Changge with the general trend, one of the things that must be done was to build momentum.

So the Vermillion Bird King ordered, and soon all the families and sects of the Vermillion Bird Ancient Kingdom received invitations to rush to the palace for a banquet three days later.

### **Chapter 342-3: A group of mysterious people were caught by Hei Yanyu, They may be visitors from Earth (3)**

As for the content of the invitation letter, he did not hide it at all.

Zi Yang Heavenly King was now being detained in the Vermillion Bird Ancient Kingdom, and the Purple Mansion might come at any time to save Zi Yang Heavenly King.

At that time, the Army behind Gu Changge would fight against the Purple Mansion, and the aftermath alone could destroy the Vermillion Bird Ancient Kingdom thousands of times.

The news of this matter quickly shocked many aristocratic families and sects in the Vermillion Bird Ancient Kingdom.

But at this time, the entire Vermillion Bird Ancient Kingdom was united in a rare way.

After all, it was a matter of life and death. If they didn't want to give up the foundation they had built over the years, they had to choose to leave their hometown and leave the ancient kingdom.

Then the banquet after three days must be attended. And they had to do everything possible to get Gu Changge to take back his previous order.

All the aristocratic families and sects of the Vermillion Bird Ancient Kingdom were shocked when they heard the news for the first time, and felt that this matter was no trivial matter.

In front of Gu Changge, the entire Vermillion Bird Ancient Kingdom was like an ant.

For him, whether or not the Vermillion Bird Ancient Kingdom would be destroyed, he would not care, and would not even ask.

But for them, this was where their family and sect stood. If they collapsed, they were not far from being engulfed by others.

With such an idea.

Various sects and aristocratic families had many profound existences that were also born one after another, and they did not dare to be neglected in any way.

Of course, the background of these aristocratic sects were all old monsters in the Quasi-Sacred Realm, and their highest cultivation base was only the Sacred Realm, and it was still a long way from the Great Sacred Realm.

At this moment, they were all discussing this matter.

"What's going on now is about the life and death of the Vermillion Bird Ancient Kingdom. If the Vermillion Bird Ancient Kingdom is destroyed, then our aristocratic families and sects would not be spared either."

"The reason I called all the clansmen here today is actually to prepare for the banquet that our king will hold three days later. We have to think of what can we do to make Gu Changge take back the previous order..."

"Ask yourself if the Vermillion Bird Ancient Kingdom offended him, so why did he target us like this? This plan is vicious, and it can destroy me and others without his hands."

Now in the residence of the Grand Master of the Vermillion Bird Ancient Kingdom.

An old man with gray hair said in a deep voice, but his bearing was not to be underestimated.

This person was the current Grand Master, who once taught the current Vermillion Bird King, and also taught the Third Prince Chu Hao.

He was a highly respected, peachy existence of the Vermilion Bird Ancient Kingdom.

All the great figures of the Grand Master's Mansion were standing below him.

At the same time, there were also the most powerful figures of the current Grand Master Mansion, holding important positions in the Vermillion Bird Ancient Kingdom.

Among these people, there were many young people, both men, and women.

Their future achievements were limitless, and he shouldered the responsibility of making the Grand Master's Mansion more brilliant.

Apart from that, the rest of the people were all powerhouses from the Grand Master Mansion, and the strongest person in the cultivation base was a middle-aged man wearing a blue long gown.

Between the opening and closing of his scorpion-like eyes, the golden light flickered, and the rune circulated, revealing a sacred pressure, which was the cultivation base of the peak of the Sacred Realm.

His name was Yi Tian, ??and he was a servant of the Royal Family.

"Father, we all know what you said. If the Vermillion Bird Ancient Kingdom is destroyed at this time, what should I do?"

A middle-aged man asked. He had a face that was seven points similar to Grand Master, but he was the eldest son of the Grand Master.

"If the Vermillion Bird Ancient Kingdom is destroyed, my Royal Family will naturally have to find another way out. It is impossible for the Vermillion Bird Ancient Kingdom to be destroyed here."

Hearing this, the person next to him immediately said, "Isn't what the Vermillion Bird Ancient Kingdom is doing now to offend Gu Changge? Could it be that adults would change their minds for a small ant?"

"We are not characters from the same world at all. I really think people will care about my considerations and opinions. In my opinion, my father's top priority is to hurry things here."

He was the second son of the Grand Master, and also held an important position in the Vermillion Bird Ancient Kingdom.

His words were immediately approved by everyone from the family, and they were unwilling to take this risk.

"Leave this place so we won't be afraid of running out of firewood. Father, let's leave overnight. It's obviously because Chu Hao, the Third Prince of the Vermillion Bird Ancient Kingdom, offended Gu Changge that day, and he's just taking revenge."

"Don't you still understand at this time? The Vermillion Bird Ancient Kingdom can no longer be preserved."

Everyone from the Wang family persuaded them to be very open about this matter. Unless they were stupid, who would want to accompany the Vermillion Bird Ancient Kingdom to death?

For them, this was the real disaster.

"But... but where can we go once we leave the Vermillion Bird Ancient Kingdom? It's the foundation we built over the years!"

Master Wang sighed deeply.

Looking at the expressions of many clansmen below, he also understood that there was no room for detours in this matter.

"That's all, I'll listen to you. It doesn't matter if this Vermillion Bird Ancient Kingdom is not willing to wait, after all it offended Gu Changge. The huge Upper Realm will no longer have a place for me."

Later, he also decided not to struggle anymore.

Everyone in the Wang family also began to pack up everything.

Anyway, sooner or later the Vermillion Bird Ancient Kingdom would be destroyed, and these things would be destroyed, and no one would be nostalgic.

Tonight, a divine flying boat started to cross the sky that was extremely splendid and left in the distance.

And such scenes were still happening among the major families and sects in the Vermillion Bird Ancient Kingdom.

On the one hand, it protected the kingdom, and on the other hand, it offended Gu Changge.

As long as one was not stupid, everyone knew what to choose at this time.

Almost everyone chose to move out. In their opinion, the invitation letter from the Vermillion Bird King turned into a life-saver to remind them to escape.

Many people were also grateful for it. If it wasn't so clearly explained by the Vermillion Bird King in the letter, they would not have realized the seriousness of this matter.

They wouldn't even know how to die when the disaster comes, it would be really too miserable.

But after thinking about it, no one must be so stupid at this time, willing to be destroyed along with the Vermillion Bird Ancient Kingdom.

In the eyes of a cultivator, the so-called feelings of family and country were nothing more than his own family, right?

On the second day, many cultivators in Vermillion Bird Ancient Kingdom were dumbfounded.

Some of the once glorious and ancient sects of aristocratic families had long left, leaving only the empty mansions, and no one was left.

Such a scene did not only appear in one family.

But the entire Vermillion Bird Ancient Kingdom, everyone with a little bit of strength and age, had all moved away, and they still moved out all night, not daring to stay.

It could be seen that some forces were still in a panic at the time. Some of the more precious things had not been moved away, but they were still kept. It seemed that they were afraid that if they stayed here for a while, it would lead to disaster.

And this scene suddenly shook the entire Vermillion Bird Ancient Kingdom.

All the cultivators panicked, feeling that something big was going to happen, and a catastrophe was imminent.

For a while, many cultivators were horrified, and they also chose to move out of this place, without asking for any reason.

Of course, there were also smart cultivators who figured out the reason.

Now, the millions of troops were hovering within the territory of the Vermillion Bird Ancient Kingdom, weren't the vast and boundless ancient warships enough to explain anything?

The Vermillion Bird Ancient Kingdom was in chaos, panic was everywhere, bandits who took advantage of the fire and looted appeared everywhere, and it was not far from falling apart.

### **Chapter 343-1: To the point of being sick and desperate, Do you want to go out alive? (1)**

In the Imperial Palace, Vermilion Bird King, Bai Yang, Chu Hao, and others received the news. At this point, they were also stunned, never expecting things to develop in this direction.

"I underestimated the fear of these sects and families for Gu Changge... They would rather leave their hometowns and go far away from other domains than fight Gu Changge with us..."

The Vermilion Bird King's face turned white as he instantly fell down from his seat, lost in thought.

"It's over. It's over..."

He muttered one after another, his expression ashen in despair.

"How is this possible...? Everyone fled overnight..."

Chu Hao's face was also pale as if the whole person was struck by lightning, and it was difficult to believe all this. They already felt hope.

But for some reason, all the families and sects escaped. This was not what he had expected at all!

"My Royal family treats them well, in the face of such a crisis, they didn't even think of fighting together with us against the foreign enemy! How dare they run away in the face of danger!"

Chu Hao was so angry that his body trembled and in the end, he was left in despair.

*Could it be that he could only watch the destruction of the Vermilion Bird Ancient Kingdom? And there is nothing I could do?*

"Your Majesty, this is a letter sent by the Grand Master..."

At this time, a guard outside the hall, with a slightly pale face, hurriedly presented a letter.

"Grand Master? Does his old man still think of me?"

At the sound of this, the Vermilion Bird King stood up from his spot with a jolt and took the letter as hope appeared in his gaze, thinking that the Grand Master was still supporting him.

But soon, when he finished reading the letter, his whole face lost blood, as if he was struck by lightning with his soul lost.

If it wasn't for Chu Hao who supported him on time, the Vermilion Bird King would have fallen to the ground.

"What happened, Father?" Chu Hao couldn't help but ask.

"Even the King's Master has left me..."

The Vermilion Bird King was filled with sorrow.

Grand Master was like a teacher and a father-like existence, but who would have thought that at this time, he also chose to put the Vermilion Bird Ancient Kingdom aside, and left with the Wang family people.

This letter contained the apology of the Grand Master to him.

"Is this all because of me?"

Chu Hao also quickly read through the contents of the envelope, and his face suddenly turned ugly.

Originally, he still had quite a bit of respect for the Grand Master who had taught him since he was young, but at this moment, he was as angry as he could be.

"Nonsense! It was clearly Gu Changge who bullied people too much and forced us, so why blame it on me?"

"My Vermilion Bird Ancient Kingdom has treated him well, but at such a critical time, he just left and didn't care. Why are you grieving for such a heartless and unrighteous person, Father?"

Chu Hao's face was almost ugly and gloomy to the extreme and was about to drip out water.

Bai Yang on the side, who saw this was also silent and felt that this matter seems to have become a deadlock, almost powerless to change.

As Tang Wan said before, in front of Gu Changge, Chu Hao was weak and no different from a mole!

"Hao'er, you have to quickly think of a way for father, the Vermilion Bird Ancient Kingdom can not be destroyed in my hands! Otherwise, I will have no dignity to face my ancestors. This father will also have to bear a thousand ancient curses, by the future generations of people..."

"Hao'er, you must have a way! Father knows that you must have a way!"

The Vermilion Bird King's face was ashen and desperate, and he couldn't help but cling to Chu Hao's hand and plead.

"Father, I..."

Chu Hao heard the words also desperate, he put a pleading gaze to Bai Yang, but all he got was a sigh from Bai Yang.

At this time, even if the Supreme Dao Cave dared to intervene, it would be too late. And Gu Changge might not care about the Supreme Dao Cave either.

"Wan'er, that's right!"

"Wan'er she can definitely help me, she met Gu Changge privately several times... If I have her help and she says something good in front of Gu Changge, Gu Changge might agree to let the Vermilion Bird Ancient Kingdom leave."

Suddenly, Chu Hao suddenly remembered Tang Wan, like finding the final straw to save his life, and his eyes showed hope.

Faced with this kind of anxiety, Bai Yang also sighed deeply.

Before the current incident, Chu Hao was not such a person. He was mature and stable, confident and calm, everything was under control, and there was almost nothing he couldn't do.

But now, he was like a headless fly.

He had forgotten how he had talked with Tang Wan before, and how he was furious because Tang Wan had gone to see Gu Changge privately.

This kind of taste made Bai Yang's heart sigh and he felt that a good raw seedling had been driven crazy by Gu Changge!

...

The lofty and majestic ancient warship that was standing above the vault of the sky was simply like a sinking continent, covering everything as the clouds rolled, looking incomparably intimidating!

In the depths of the ancient warship, palaces and buildings were lined up, magnificent and ancient, with the style of the immortal ancient era, looking incomparably magnificent.

And at this moment under these buildings, in a very hidden dungeon.

The atmosphere was damp, permeated with decay and blood, making people's bones turn cold.

On both sides of the tunnel lit with animal oil lamps, the light was incomparably dim. But one could also see that the dungeon was divided into two sides.

On the left side of the dungeon, a group of frightened and disturbed cultivators, about a hundred, men and women of all races, with different auras, and powerful cultivation who had reached the Sacred Realm.

There were chains tying their hands and feet, runes flashing, as heavy as a million pounds, making it very difficult for them to move.

And in the right one, eight people, three women and five men, wearing clothes that were significantly different from those of current clans.

And among them, most of them looked even more fearful, cowering in the corner, although there were no chains on them, but they also did not dare to move.

Looking at everything outside, they all revealed panic, fear, despair.

At this moment, there were two people who were communicating with each other's language.

"Ah Chen, do you think we crossed over? Damn archaeology, we were somehow hit by the white light which brought us to this mysterious, light and strange world. The ancient boat that suddenly appeared at that time, suddenly disappeared again..."

"But these should be carved among the ancient legends recorded in those relics right? Not only can it fly in the sky and disappear, move mountains and proceed with reclamation, even those monstrous beasts here are of the size of the mountain range."

"The woman who took us away at that time is simply beautiful and fairy-like. Even though she looks like a little school girl, although she is also beautiful like an immortal, but compared with that fairy, ahh. It's a pity..."

"If we can go back alive and make what happened here public, we will definitely cause a huge sensation and become a celebrity."

The man who spoke had a simple face and a stout figure.

But the unintentional flicker of shrewdness in his eyes as he spoke showed that he was not as simple as he looked on the outside.

"I don't know, by all rights we should be considered to have crossed over, otherwise we can't explain this matter at all."

"Before that, we should know something about this world, or we might not even be able to save our lives, these cultivators don't look like good people."

"In their eyes, everything speaks only by virtue of their fists."

The man named Ah Chen sniffed and added.

His features looked very handsome, with a medium build.

And he was not very frightened like the rest of them, instead, he was calmer and kept surveying the environment outside the dungeon.

His original name was Jiang Chen, from a geological university archaeology graduate student. He had quite a lot of understanding of a variety of ancient carved remains.

This time, his few good friends followed him to recently discovered relics, to conduct research exploration, and for the graduation thesis preparation along the way.

But unexpectedly in this ruin, they encountered a series of strange events, and many people were killed on the way.

Some people felt that something was wrong and rushed to exit.

They, on the other hand, did not believe in evil and went all the way in.

Finally, in the depths, they encountered a very strange, altar-like thing, surrounded by all kinds of strange stones that shone with light, which immediately attracted everyone's attention at that time.

At that time, next to that altar, there were also many huge beast bones, incomparably scary.

Some people who were timid almost pissed themselves in fear at that time, and their legs went weak because those corpses and bones were not recorded in any ancient books at all.

It was like they had opened the gates of hell and seen another scene of this world!

At that time, they didn't know what happened, and who touched something, there was suddenly a gorgeous light on that altar, and it hit everyone immediately after that.

Many people instantly passed out.

#### **Chapter 343-2: To the point of being sick and desperate, Do you want to go out alive? (2)**

When they woke up again, they had already appeared in the middle of this world along with the light and felt the danger of this world with all kinds of horrors.

When they arrived in this world, there were still a dozen of them, and now there were only eight of them left.

And among the eight of them, they didn't know how long they could still live.

"Yes, it's better to save our lives first, and I don't know where that woman is after imprisoning us."

The stout man sighed, his name was Niu Tian, he and Jiang Chen were very close, and usually did everything almost together.

The two of them were even close to wearing the same pants.

"Um."

Jiang Chen nodded, but his eyes couldn't help but look at a woman on the other side of the dungeon, who was hugging her knees, with black hair like waterfall, flawless facial features, a white and delicate complexion, and an indescribably beautiful woman.

Xiao Ruoyin.

It was also the little schoolgirl that Niu Tian was talking about.

The two of them were in the same school and in the same class.

Even in the eyes of many people, she was a talented woman with good looks. Jiang Chen was knowledgeable and hardworking, while Xiao Ruoyin was talented and good-looking.

It was just that the relationship between the two of them was just a little better than ordinary friends.

This made Jiang Chen feel very helpless, knowing many reasons, he was preventing all this.

And this time, the reason why he came here actually had a lot to do with Xiao Ruoyin.

Because she took the initiative to invite him.

Including many of Niu Tian's classmates, they were actually invited by her.

If it wasn't because of Xiao Ruoyin when he felt something was wrong, and he had already fled, how could he have been reduced to this point?

However, Xiao Ruoyin didn't seem to notice Jiang Chen's gaze, she was still staring at the void outside the dungeon, her eyes were calm, and she seemed to be in a daze, but she seemed to be thinking about something.

She didn't have the panic and anxiety of others, on the contrary, she was very calm, as if she had already accepted all this.

"By the way, Ah Chen, have you noticed how the ancient flying boat appeared at that time? I saw a flash of white light, and many people fell into a coma..."

"And an ancient flying boat suddenly appeared and carried us all the way here."

At this time, Niu Tian suddenly couldn't help asking, his eyes filled with doubts.

Although many people who were hit by the white light at that time passed out in a coma.

But he didn't, so he saw an ancient flying boat suddenly appear at that time. It looked very simple and outdated. Even the ancient flag on the flying boat was tattered, carrying everyone across the vast universe.

Then he couldn't hold it any longer and suddenly fell asleep.

Niu Tian didn't know how long it took on the way. After waking up, he had already appeared in this world.

And the ancient flying boat that was carrying them all had disappeared.

Hearing this, Jiang Chen's expression changed slightly, but he recovered quickly as he shook his head and said, "I don't know where that flying boat went, after I saw you falling asleep, I couldn't help it. I don't really know what happened next."

Among the people who were hit by the white light at that time, in addition to Niu Tian, ??there were actually many people who were sober, including Jiang Chen.

He actually knew what Niu Tian said, but there were some things that Jiang Chen didn't know how to say, so he simply didn't say more.

The ancient flying boat that carried all of them here at that time actually rushed out of his body.

The white light suddenly hit him, and then a mysterious and unspeakable change appeared in his body, and then the ancient flying boat appeared, directly carrying everyone away.

Except for Jiang Chen, no one else knew about this matter.

Until now, Jiang Chen still couldn't understand why such a thing appeared from his body.

At this time, it seemed that she heard the conversation between the two of them, and Xiao Ruoyin on the other side also turned her head and looked at Jiang Chen, "Is there any way you can get us out of here?"

Hearing the question of the goddess, Jiang Chen also looked over and said with a smile, "There is a way, but I feel that it will take a while, and I have to learn their language first."

Hearing this, Xiao Ruoyin's eyes moved slightly, as if thinking of something, but she still shook her head and said, "I'm worried that we won't have time."

Jiang Chen also fell silent. Facing this mysterious and powerful group of cultivators, they didn't even have a chance to resist.

Not to mention that there was a more powerful existence hidden in this group of cultivators, Jiang Chen even felt that such existence, on his original planet, could destroy the world alone.

How could they resist such an existence?

At this time, the only thing he could do was pray and hope that the mysterious ancient flying boat would resurface and carry them all away from here.

"Actually this world... has appeared in my dreams."

At this time, Xiao Ruoyin seemed to be thinking about something, and suddenly spoke again.

But what they said shocked Jiang Chen and Niu Tian all of a sudden.

"What?"

Jiang Chen's eyes widened, and he couldn't believe his ears, Xiao Ruoyin said that this place appeared in her dream. Could it be that she already knew that she would encounter all this when she went to that ruin?

Seeing the shocked and unbelievable expression of the two of them, Xiao Ruoyin seemed to want to say something.

But a voice suddenly emerged from outside the dungeon, making her quickly shut her mouth and turn her head to look over.

When Jiang Chen and the others heard this movement, they also looked over, with vigilance, fear, and anxiety in their eyes, and their backs were full of chills.

"It's the woman in the black dress who took us away..."

Niu Tian said in a low voice, noticing the two people walking slowly outside the dungeon.

The woman in the black dress was tall and slender, with a veil on her face, only revealing a pair of eyes like autumn water, her eyebrows were like spring, giving a sense of demure, and there was a vague mist lingering, making it difficult to see her surroundings.

But they had felt her terror, especially after witnessing the tragic death of their companion at her hands.

Jiang Chen and the others naturally didn't dare to take her lightly, thinking that she would be a good person.

Femme beauty!!

This was what everyone had in mind.

But what shocked Jiang Chen and the others was that the woman in the black dress arrived with a young man today.

Judging from her demeanor, she obviously respected the man in white.

One must know that before this, the women in black dresses gave all of them the impression of being strong and noble, with majesty, like a queen.

Who was this man in white?

In their eyes, a dazzling immortal intent seemed to be glowing all over the body of this man in white, and even his hair was as crystal clear as ink.

From his deep eyes, they couldn't even see any changes in mood and emotions, like a deep pool.

This feeling seemed to them as if he looked at them like ants.

Jiang Chen, Niu Tian, ??and the others couldn't help but shudder. Obviously, they didn't feel any malice, but they couldn't help but feel a huge fear as if their life and death were stripped away.

The people who entered were Gu Changge and Hei Yanyu.

"Master, they are the mysterious group of people I captured in the Ancient Immortal Forbidden Area at that time. However, due to some things, many people died in the middle."

Hei Yanyu's voice was soft and respectful to Gu Changge.

Gu Changge nodded, and his eyes were very calm.

Then, he looked at Jiang Chen and the others in front of him, especially Jiang Chen and Xiao Ruoyin, and then asked, "Do you want to go out alive?"

Jiang Chen, Niu Tian, and the others looked puzzled, and could not understand what Gu Changge was saying.

"Master, they don't understand our language." Hei Yanyu explained, thinking that Gu Changge didn't know about it.

However, Gu Changge ignored her, and his eyes fell on Xiao Ruoyin with interest, "Interesting, you can understand what I'm talking about."

Xiao Ruoyin looked at him suspiciously, as if she could not understand what he was saying.

"I like smart people. Smart people know what to do at this time." Gu Changge said lightly.

Hearing this, Xiao Ruoyin's expression couldn't help but change slightly.

At this moment, the whole person seemed to be strangled by a pair of invisible hands, unable to breathe at all, almost suffocating.

This made her feel a terrible fear.

She also didn't know how Gu Changge knew this, and she obviously did a good job of disguising it.

"Do you want to go out alive?" Gu Changge asked again with a faint smile on his lips.

Xiao Ruoyin was silent for a while, and then replied in this world language, "Yes."

### **Chapter 344-1: You are destined to be in this world, Xiao Ruoyin's embarrassment, The Body of Destiny (1)**

In the dungeon, the light was dim and the air was damp. It was filled with a bloody, rotting smell that made people think of corpses.

An emotion of despair and fear filled the void, making everyone shudder as they couldn't help themselves from shivering.

The expressions of everyone, including Jiang Chen and Niu Tian, ??when Gu Changge and Hei Yanyu stepped in, were only disturbed and frightened at first.

Later, they gradually calmed down and were ready to see how the situation would develop.

Although they all vaguely guessed that the man in white in front of him had an extraordinary identity, and he was far more terrifying than this queen-like woman in a black dress.

But they still subconsciously felt that he could not be a bad person, after all, his immortal energy felt transcendent, revealing a sense of being out of the ordinary.

His entire body seemed to be glowing like a star with strands of divine haze shining brightly from his hair that were made of god-like jade and not stained with dust, nothing more than that.

It was hard to feel bad because of his first impression.

Yet when they heard Gu Changge asking them questions, everyone was stunned and could not understand what he was talking about.

Only Jiang Chen suddenly felt a sense of unease from it.

Especially when the man in white questioned Xiao Ruoyin instead of them, he felt that something was wrong.

It was not that he thought this man in white had any bad thoughts about Xiao Ruoyin.

After all, judging from the other party's behavior, his gaze from beginning to end was like looking down at ants from above the clouds.

It was casual and careless.

Although Xiao Ruoyin was beautiful, the face of a woman in a black dress was much more condescending than her stubbornness.

But Jiang Chen felt that Xiao Ruoyin was very wrong, judging from the words just now and her previous expression.

She seemed to have known about this situation for a long time, so she accepted it so quickly.

Judging from Xiao Ruoyin's slightly pale expression, Jiang Chen's heart suddenly thumped, feeling that the situation was turning very bad.

Xiao Ruoyin seemed to understand what the other party was saying. The man in white in front of him seemed to have noticed it as soon as he entered.

This was Jiang Chen's subconscious thought.

And sure enough, when he heard Xiao Ruoyin spit out those strange syllables, Jiang Chen immediately understood.

Xiao Ruoyin seemed to have known about this bizarre world for a long time and had never revealed anything to him.

This made Jiang Chen feel anguish for no reason.

"She can understand their words?"

"Before this, she never told us. What else did she hide? She was the one who invited us to the archaeology section, but she kept so many things from us..."

And the rest of the people except Jiang Chen also looked at Xiao Ruoyin in shock. Their eyes widened, and they couldn't believe it.

If she said that she had learned it in the past few days, they would not believe it either.

Who was so talented as to master such a complex language in just a few days?

That could only mean that she actually understood the language of this world before this.

This made them extremely shocked, their expressions turned very complicated and resentful. Suddenly, they felt that the goddess who used to be cold and could only be seen from a distance had become even more unfamiliar.

One must know that many of their companions had died here, why did Xiao Ruoyin not explain this to them before this?

"Ah Chen, you..."

Niu Tian also said something in a low voice, looking at Jiang Chen with a worried expression, knowing the relationship between Jiang Chen and Xiao Ruoyin.

"I'm fine."

Jiang Chen waved his hand, and although he couldn't hide the shock on his face, he quickly calmed down but the uneasiness in his heart became stronger and stronger.

He looked at Xiao Ruoyin and wanted to ask her what the man in white was talking about.

But Xiao Ruoyin didn't seem to notice him, and still hung her head, with a pair of jade hands twisted together.

The man in white in front of her still did not have any changes in his expression, his eyebrows and eyes were indifferent, like everything in this world was like smoke and dust in his eyes, that was all.

Jiang Chen also couldn't understand the conversation between Gu Changge and Xiao Ruoyin, but judging from her expression, it was obvious that she was frightened.

After suddenly arriving in such a mysterious and bizarre world.

Not to mention that Xiao Ruoyin was just a woman, even if she was a man, she would still feel terrified.

It was just that she didn't show it on her face. This feeling of powerlessness made people clench their fists deeply.

"It's good that you can hear what I'm saying."

When Jiang Chen and the others were worried and thinking wildly. Gu Changge spoke again. Seeing Xiao Ruoyin admit it, he couldn't help displaying a faint smile on his face, which seemed very gentle and elegant.

It suddenly changed his indifferent appearance just now, and even gave people a sensation like a spring breeze.

Perhaps sensing his change, Xiao Ruoyin calmed down a little and looked up at him, but she was still vigilant and felt uneasy.

She also didn't know the reason why Gu Changge was able to confirm that she could understand their language.

In Xiao Ruoyin's original plan, it was to learn some news about this world first, and then find a way to escape.

What she was going to tell Jiang Chen just now was actually this plan, but she was interrupted by Gu Changge's arrival.

In Gu Changge, she felt unspeakable fear.

Obviously, this man was as extraordinary as an immortal, but why was she feeling palpitations from the bottom of her heart?

"Come with me, I have something to ask you."

With a faint smile on the corner of Gu Changge's mouth, he looked at Xiao Ruoyin and spoke again. His words were simple, ignoring Jiang Chen and the others.

Hearing this, Xiao Ruoyin was stunned, looking at him uneasily with her beautiful and moving pale crimson eyes.

In the end, she gritted her teeth and didn't dare to refuse. She stood up from the spot and lowered her head, revealing a sense of loneliness and despair.

In her opinion, if Gu Changge had something to ask her, it would definitely not be a good thing.

Just prior, many of their companions had lost their lives because they were taken away.

Before exploring the ruins, she actually didn't expect such a result, otherwise, she wouldn't be so hasty.

Xiao Ruoyin couldn't help but feel despair in her heart. After all, no matter how calm she was, she was still a weak woman.

Even her psionic gun for self-defense was frisked away by the other party.

"Ruoyin, what did he say to you?"

Seeing that Gu Changge was about to leave with Xiao Ruoyin, Jiang Chen, Niu Tian, and the others were all shocked as they couldn't help but ask with a worried tone.

"Ruoyin, what's going on?"

Especially Jiang Chen, his face had changed drastically with his fists clenched tightly. He always felt that Xiao Ruoyin seemed to know what she was going to face next.

But he couldn't understand the other party's words, this feeling was like a cat's claws scratching his heart.

"Jiang Chen..."

Xiao Ruoyin looked back at him, her expression a little sad and desperate.

Looking at her helpless and hopeless expression, Jiang Chen only felt an explosion, a burst of anger and unwillingness rushed into his mind, making his eyes a little red. He couldn't help but stand up suddenly, his eyes full of hatred and anger, straight up. Staring at Gu Changge.

"If you have something, you can ask me, leave Ruoyin alone."

He couldn't help roaring, and when everyone shrank in place and dared not stand up for Xiao Ruoyin, he chose to stand up.

"Ah Chen, calm down, don't be impulsive!"

Niu Tian turned pale in shock and hurriedly grabbed Jiang Chen.

At such a time, to offend the man in white in front of everyone, wasn't he just courting death?

### **Chapter 344-2: You are destined to be in this world, Xiao Ruoyin's embarrassment, The Body of Destiny (2)**

Was it possible that he didn't know the difference between him and the other party? It was estimated that the other party's breath alone could make people lose their souls.

What was more, Xiao Ruoyin could understand the other party's words, but they didn't understand. Who knew what the white-clothed man and Xiao Ruoyin said just now?

"Jiang Chen."

Xiao Ruoyin glanced at Jiang Chen with some emotion.

But then she thought of something and gritted her teeth. Her expression became firm as she said to him, "You don't have to worry about me, but you must live."

"Ruoyin!"

Hearing this, Jiang Chen's eyes turned even redder, and he was extremely angry. He felt Xiao Ruoyin's despair and misery and gave birth to a feeling of parting from life and death.

However, at this time, the rest of the people were indifferent except for a sigh.

They couldn't even protect themselves, much less spare time to take care of others.

In their opinion, Jiang Chen was too impulsive.

Sure enough, everyone was shocked and even frightened.

"Huh"

Gu Changge frowned slightly, looking a little unhappy.

Suddenly, everyone felt a terrifying suffocation as if the sky had collapsed, and the nearby void seemed to be filled with lead water, making people's skin crack.

Everyone's throats seemed to be tightly strangled.

"Hiss..."

Jiang Chen was the first to bear the brunt, his complexion suddenly turned pale, his whole figure was like drowning and he was about to suffocate.

Then, under this terrifying pressure, he couldn't bear it any longer and his footsteps softened, making him knelt down with a thud.

His body was soaked with sweat. He couldn't even move on the spot.

At this moment, his skin, bones, flesh, and internal organs seemed to be crushed with great force, making a crackling sound while it spewed blood.

His eyes were scarlet, and he couldn't even open them.

Everyone looked at this scene in horror, terrified to the extreme.

"Jiang Chen."

Xiao Ruoyin's face turned pale, she couldn't help exclaiming. She was extremely worried, but under the pressure of Gu Changge, she didn't dare to move.

"I'm not very patient." Gu Changge still said lightly.

"Ah Chen..."

Niu Tian looked at Gu Changge in horror. Currently, he did not even dare to move.

His whole person seemed to be stared at by a terrifying beast that made his soul tremble. He was about to be like Jiang Chen when his footsteps softened and he fell to his knees.

However, Gu Changge didn't embarrass them too much. His eyes were still flat, and he turned and walked out of the dungeon.

Xiao Ruoyin's face turned pale, she looked back at Jiang Chen worriedly, she didn't dare to stop and quickly followed.

She didn't know what the outcome of this trip would be, whether it was a lot of misfortune or death, she was full of despair and anxiety at this moment.

"Ruoyin..."

Seeing this, Jiang Chen let out an unwilling voice from his throat, he stretched out his hand to grab something but he was extremely powerless.

Immediately afterward, everything turned pitch black, and when he closed his eyelids, he fainted.

The exclamations of Niu Tian and the others could be heard in his ears.

"Master, what about these people that are still here?"

Hei Yanyu followed behind, closed the dungeon, glanced at Jiang Chen and the others. She couldn't help asking.

In her opinion, these mysterious people were no different from the ants in front of Gu Changge.

If it weren't for their mysterious origins, she normally wouldn't take a second look at them.

"No, just keep them for now."

Gu Changge said casually and was still a little interested in them.

So he didn't kill them, otherwise, this Jiang Chen would have just exploded, and his body and spirit would have both been destroyed.

In addition to this, he found that Jiang Chen had a subtle fluctuation of Luck, but it was still in the stage where it had not blossomed.

If what he expected was good, Jiang Chen should be the Son of Luck, and he was still the kind of goldfinger that would never wake up.

The system had not mentioned anything yet, and it seemed that a process was still needed.

It was just that compared to Xiao Ruoyin in front of him, Jiang Chen was still a lot inferior but it was probably useful to keep him as a leek for now.

In Jiang Chen, Xiao Ruoyin, and others, Gu Changge did not find any with the Child of Luck template.

It was just that the Luck Point on Xiao Ruoyin's body seemed to be a little too high. Even if she was not the Daughter of Luck, she was also a person of Great Luck.

At first, Gu Changge thought that the Luck template would be similar to the Returning from the Nine Heavens, but after seeing it, he realized that he seemed to think too much.

Moreover, Jiang Chen and the others did not come from Earth, Gu Changge was very sure about this, but it made him a little disappointed.

Xiao Ruoyin, who had been silently following behind the two of them, listened to these conversations, her delicate body trembled slightly and she was a little frightened.

However, when she heard Gu Changge mention to keep Jiang Chen and the others, for the time being, she still sighed slightly and felt relieved.

Her previous anxiety and fear had also dissipated a lot. Xiao Ruoyin felt that Gu Changge did not seem to have any ill will toward her, and he was just curious.

After leaving the dungeon, the long-lost sunlight and air outside made Xiao Ruoyin's mood a little more relaxed and she silently followed behind Gu Changge.

She could see that the world was very magnificent. All kinds of things that she had never dared to think about before appeared in front of her eyes.

Strange-looking clans, divine mountains with brilliant light, silver waterfalls hanging upside down in the sky, transcendental immortals...

All these scenes made Xiao Ruoyin take a deep breath, and her mood gradually calmed down for some reason, as if she belonged there.

This feeling was very strange but also inexplicable.

This world seemed more suitable for her in general.

Soon, in a magnificent palace, Gu Changge sat down casually, his eyes were calm, and it seemed that the bit of fairyland had faded.

Hei Yanyu brought tea for Gu Changge and stood beside him obediently and demurely.

If she hadn't seen her terrifying and fierce power at that time, Xiao Ruoyin might have never thought that the woman in the black dress was so obedient.

Of course, she also understood that women in black dress would do this, all because of this extraordinary man who showed his gestures in front of her.

"What's your name?"

Gu Changge lowered his eyes and blew the mist on the tea. His eyes were pale as he asked her casually.

Xiao Ruoyin stood there, not daring to hide it, and replied, "Xiao Ruoyin, bleak Xiao, the sound of music."

This was her usual method of self-introduction. Before that, people had always regarded her Xiao surname as another Xiao.

"Oh, Xiao Ruoyin? That's a nice name."

Gu Changge nodded, and then added, "I want to know about the world you live in."

If the souls of this group of people were stronger, he could directly search their souls, and there was no need to bother to ask directly.

After all, they were people from modern society, and the entire civilization was inclined to the side of science and technology, which also led to their weak soul strength, which was many times weaker than that of mortals in the Upper Realm.

Hearing Gu Changge asking this, Xiao Ruoyin's pupils shrank slightly, but she didn't expect Gu Changge to ask such a question as soon as he came up.

Instead of asking how they got here, or how she spoke the language of the world.

This caught her off guard.

It could be seen that Gu Changge seemed to know more about their origins, and he was not very surprised.

Thinking of this, Xiao Ruoyin's complexion quickly recovered.

### **Chapter 344-3: You are destined to be in this world, Xiao Ruoyin's embarrassment, The Body of Destiny (3)**

She knew that Gu Changge had the means to know whether she was lying or not, so she didn't dare to hide a word, so she started to introduce it truthfully.

"Earlier, we all lived on an azure planet called Blue Star Planet, which is completely different from here. The people's lifespans are very short, and there is no such method of qi refining. Even if various scientific and technological medical methods are used, there are very few who could live to be a hundred years old..."

She also didn't know if Gu Changge could understand these words.

However, Gu Changge did not interrupt her.

While drinking tea, he stared at her with interest and seemed to be very absorbed in listening, curious about her world.

Seeing this, Xiao Ruoyin breathed a sigh of relief again and relaxed a lot.

"Master, this is the weapon I found from her before. I tried it. It's not very powerful. The skin of beasts can't be broken, but it can penetrate those ordinary beasts."

At this time, it seemed that she remembered something, Hei Yanyu took out an object from her storage ring and handed it to Gu Changge.

The appearance looked almost the same as the pistol that Gu Changge was familiar with.

It was just that he felt that there were faint aura fluctuations, which seemed to be different from ordinary guns.

"This is a psionic pistol, which is also very rare in our world, and requires a special bullet..."

Seeing this, Xiao Ruoyin didn't know if Gu Changge could understand, so she explained.

If it weren't for her special status, and the family behind her being strong in the original world, she wouldn't have this kind of psionic pistol.

"Interesting."

Gu Changge smiled, looked at the pistol a few times, and then returned it to her.

From these introductions of Xiao Ruoyin, he almost figured out what kind of civilization was behind her.

It looked similar to the earth but it seemed that there were some stones with special energy, which were called spirit stones by Xiao Ruoyin.

This time they traveled to this world, which was related to the fact that she accidentally touched the spiritual stone next to the altar.

"There is an energy fluctuation, it seems to be from the cultivators on the technology side, but I wonder if there will be a spiritual recovery..."

Gu Changge smiled casually, but Xiao Ruoyin couldn't help but shrink her pupils again as her expression changed slightly.

She could naturally understand the meaning of Gu Changge's words.

It was just that she couldn't understand why Gu Changge knew this.

"Actually, before this, I have met people with origins like you, and they also came from a certain Lower Realm."

Gu Changge said calmly, as for the origin of the group of people, he did not say much.

Xiao Ruoyin was stunned when she heard these words, but she did not doubt Gu Changge's words.

She just didn't expect that besides them, there were people with the same origin in this world.

No wonder Gu Changge didn't seem surprised by their origins before but wanted to know something about the world behind her.

"Your world seems to be quite interesting. If there is a chance, I would like to see it."

Afterward, Gu Changge sighed slightly as if he was thinking about it.

Xiao Ruoyin looked at him blankly, not expecting him to say that.

All of a sudden, she felt that this elusive man in front of her seemed to have more fireworks, and he was no longer as aloof as before.

The fear of Gu Changge before had also dissipated a lot.

He didn't look malicious, as if he was just curious about the world behind them.

"As... a young master, why should you care about these mortal things?"

After thinking about it, Xiao Ruoyin didn't know what to call Gu Changge, and in the end, she could only call him young master.

She didn't know where she got the courage to speak to him like that.

"You do not understand."

Hearing this, Gu Changge glanced at her. He seemed to smile and finally sighed slightly as if he was in a good mood.

Xiao Ruoyin stared at this handsome face that was enough to drive countless women crazy in the previous world.

From his sigh, she could sense all kinds of emotions, which made her see a different immortal in a trance.

In her eyes, the otherworldly immortals also had troubles and worries.

"If there is a chance in the future, Ruoyin would like to take the young master to see that world, but it's not as interesting as you think..."

Xiao Ruoyin squeezed the corner of her clothes lightly, and her voice was calm.

She didn't know how she dared to say this.

In her current capacity, it was obviously outrageous to say this to Gu Changge.

After speaking, she felt a little uneasy in her heart, but she was still trying to keep her calm.

"Interesting, it's the first time someone dares to speak to me like that, and that too a mortal."

Hearing this, Gu Changge was not angry, but smiled casually, looking very approachable.

Hearing what he said, Xiao Ruoyin was stunned again, and then her delicate snow-white face turned a little red as she suddenly thought of something.

But Gu Changge didn't blame her but made her finally believe something.

Gu Changge had no ill will toward her, nor toward Jiang Chen, Niu Tian, and the others behind her.

Then, Xiao Ruoyin took a deep breath and said again,

"Actually, when I was in that world, I had some strange dreams since I was a child. I dreamed that I became a flying immortal, omnipotent, and sometimes even dreamed some pictures of the future."

"At that time, I was very worried, thinking that I had some kind of disease until I came across an ancient book that no one could understand. I actually knew the text on it. Later, I also studied archaeology, trying to find the existence of the world in my dream....."

That was the reason she could understand the language of this world.

She never said these words to someone else, not even Jiang Chen, who had a good relationship with her since college.

Xiao Ruoyin didn't know why she said this in front of Gu Changge, a man who had just met for the first time.

"Oh? There is such a wonderful thing, it seems that you may have had a previous life as an immortal." Hearing this, Gu Changge glanced at her with interest.

"Immortal in my previous life?" Xiao Ruoyin was puzzled, feeling that her mood suddenly became excited, her heart beating fast, "Could it be that I was actually a person from this world in my previous life?"

He seemed to notice the longing and fascination in her eyes.

Gu Changge smiled and said, "How else would you explain your fate with this world?"

"Am I related to this world?"

Xiao Ruoyin was stunned, and a strange emotion sprouted in her heart.

"Yanyu, take this girl Xiao for a bath, it's not good to be detained for so many days..."

And when Xiao Ruoyin was lost in thought, Gu Changge spoke again, but this time his smile seemed a little weird.

When Xiao Ruoyin heard these words, she suddenly realized that she had been detained for several days, and her body seemed to have a bad taste.

In the previous world, in front of everyone, she had always been a cold and unsmiling iceberg goddess, who could only be seen from afar and not slandered.

There had never been a day that was so embarrassing like today.

Was Gu Changge disgusted with the smell in front of him? Had he actually been patient all this time?

Thinking of this, Xiao Ruoyin suddenly felt embarrassed, and her face turned slightly red.

For Gu Changge, she had a lot more goodwill than before. After all, people with such a status had endured this smell, chatting with her for so long, with such a demeanor, how many people could compare with that?

Hei Yanyu complied, and then left with Xiao Ruoyin. Only Gu Changge was left in the palace.

He drank all the tea in the White jade teacup in one gulp, his smile seemed a bit intriguing.

"The Body of Destiny, which is also really interesting."

"Is it the reincarnation of the Prophet of Destiny from Immortal Palace? The so-called Body of Destiny, controlling all time and space, all cause and effect, all inconceivable, unpredictable, unspeakable..."

### **Chapter 345: Is this the so-called meeting with a noble person? The conditions for cultivating**

Before this, Gu Changge didn't have any extra thoughts about Xiao Ruoyin, Jiang Chen, and the others. At most, he wanted to see if Jiang Chen, the Son of Luck, could bring him any surprise.

Raising leeks and waiting for them to grow stronger before harvesting.

But for one who could travel from the Lower Realm to the Upper Realm, with a large number of people. The teleportation formation was completed with just a few spirit stones?

Was such a thing even possible?

Even if one used their entire brain they would know that it was impossible unless there existed some power in the dark who helped them.

This could only show that there was some kind of goldfinger hidden on Jiang Chen's body, which could help them travel through many Lower Realms and arrive at the Upper Realm.

The altar in the Immortal Ancient Forbidden Area happened to be related to the Lower Realm where Xiao Ruoyin and others were located, and it just played the role of passing on the spatial coordinate.

In this way, it made sense.

"It seems that the memory of the Demon Lord's vest needs to be triggered gradually. Up to now, the role of my system seems better than nothing."

Gu Changge closed his eyes slightly, his expression was calm and he was sorting out some memories that emerged in his mind.

Of course, the reason for triggering these memories was the new Luck Quest mentioned previously by the system.

Because Gu Changge met Jiang Chen, the Son of Luck, he naturally led out some of Xiao Ruoyin's information.

*Body of Destiny.*

This was a reminder for Xiao Ruoyin provided by the system.

Otherwise, based on Gu Changge's current vision, he wouldn't be able to judge it and would require time to confirm such things.

This was a kind of physique that only existed between the concepts of nothingness. It was very ethereal. It involved nothingness, destiny, cause, effect, etc.

Anyway, it was enough for Gu Changge to know that this physique was useful to him.

And the Body of Destiny was abstract, and only one person in this world had it.

In the Taboo Era, Immortal Palace was in charge of the Heavens and billions of worlds. It ruled the ages, and stood Immortal.

The Immortal Palace was divided into four parts consisting of four palaces, the South, East, North, and West. In addition to the Immortal Masters, there were also four Immortal Emperors, Major Immortal Sects, etc., in charge of the Heavens and billions of worlds.

Not only that, there was the extremely mysterious Temple of Destiny, which was responsible for supervising the Fate of the Immortal Palace, deducing the Destiny of Heaven, and trudging through the long river of time.

The Prophet of Destiny within the Temple of Destiny had such a physique.

It was for this reason that Gu Changge was the first to suspect Xiao Ruoyin at this meeting.

Back then, when the Demon Lord perished, the Immortal Palace collapsed, the blood of all Immortals disappeared, and even the Immortal Lord fell. Although the Prophet of Destiny was mysterious, they might have eventually fallen and ended up in reincarnation.

"The Prophet of Destiny once relied on the creation of the Immortal Boat to traverse the ages, and even before the beginning of Heaven and Earth, in search for the beginning of the Way of Heaven, to respond to the calamity of future generations..."

Gu Changge whispered to himself, and these memories naturally appeared in his mind.

Soon after, he heard footsteps emerging from outside the hall, and Gu Changge's expression returned to his natural state.

His expression was originally like an ancient well but at this time, it was just right to display a three-point appreciation.

The visitor was naturally Xiao Ruoyin who had just taken a bath.

Wearing a plain long dress, her black hair was hanging loosely, her makeup was flawless and her legs were long and slender. It was not an exaggeration to describe her as natural beauty.

"Greetings, Young Master Gu."

Noticing the appreciation in Gu Changge's expression, Xiao Ruoyin blushed for some reason and her heart started beating faster for no reason.

She had already heard Gu Changge's name from Hei Yanyu's mouth just now.

And from her mouth, she vaguely understood what kind of identity Gu Changge had in this world. It would not be an exaggeration to describe him as the Emperor of Immortals.

This was the first time she wore the clothes of this world.

Although it was only found by Hei Yanyu for her, it was more comfortable than anything Xiao Ruoyin had worn in the previous world.

Even the pendant had a faint radiance which was very mysterious and various colors of divine light were hanging down as it gave people a feeling of being as light as a swallow.

All this gave Xiao Ruoyin a dreamy and unreal feeling. Before that, she was just a prisoner whose life and death was unpredictable.

"You're welcome, Miss Xiao."

Gu Changge smiled and replied casually.

Xiao Ruoyin looked at him and suddenly she wanted to say something, but she didn't know how to say it.

"Does Miss Xiao have anything to say?" Gu Changge smiled and asked as if he didn't know.

Xiao Ruoyin sensed that Gu Changge should not be a bad person, judging from his previous performance.

He gave people a kind of otherworldly, gentle, and elegant feeling, like a True Immortal.

So after thinking about it, she still spoke. Although knowing this request might be a little rude and reckless, it might even destroy the slight familiarity between her and Gu Changge.

"Young Master Gu, my group of companions are actually like me. They also inadvertently broke into this place without any malice. You can rest assured..."

Hearing this, Gu Changge interrupted her by waving her hand and sitting there with his immortal aloof attitude. His voice was still gentle as if there was no change, "Don't worry, I have no grievances or enmity with them, naturally, I won't embarrass them."

"Thank you, Mr. Gu."

Xiao Ruoyin couldn't help showing joy on her face. She was very happy but she didn't expect Gu Changge to agree so easily.

"Don't thank me, maybe I haven't seen such an interesting person or heard such an interesting thing in a long time." Gu Changge said.

Hearing this, Xiao Ruoyin's expression moved slightly, because of these words a bold idea suddenly appeared in her heart.

Since Gu Changge was very interested in things from her world, could she take this opportunity to tell him about those things?

If he was in a good mood, maybe she would have a chance to get a glimpse of this so-called way of cultivation.

"If Young Master Gu still wants to know about the world I live in, I can tell you something..."

Xiao Ruoyin said with some anxiety on her face. She didn't know how Gu Changge would react after saying that.

Apart from this reason, she really couldn't find any excuse to stay by Gu Changge's side.

Although in the previous world, she had many suitors because of her beauty. In this world, her appearance did not seem to bring any advantage.

A person of Gu Changge's identity couldn't have any thoughts because of her appearance.

"It's okay to listen to these things once or twice but if I listen to them too much, I might get bored."

Gu Changge smiled and said, very politely rejecting her with this reason.

Hearing this, Xiao Ruoyin was a little disappointed, though it was not surprising for the cultivators in this world. After all, the two cultures were entirely different.

Gu Changge seemed to be very interested to listen to at first but if he listened to it too much, it would indeed be boring.

"Master Gu, I want to ask, if I want to cultivate, what conditions do I need to fulfill?" Xiao Ruoyin asked again, with a look of hope and fascination in her eyes.

Being able to become a cultivator had always been her dream and pursuit and at this time, this dream had been infinitely magnified, giving her hope.

She also knew that if she asked questions over and over again, it would be annoying for someone else but in the face of this opportunity, Xiao Ruoyin didn't want to let it go.

"Cultivation?"

Gu Changge seemed to be stunned when he heard the words but then he thought about it and then patiently explained it to her, "In addition to having the physique, spiritual roots, cultivation techniques, and a lot of resources that can be cultivated, the rest, in my opinion, is about time."

"Physique, spiritual roots, cultivation techniques, a lot of resources, and time?"

Xiao Ruoyin narrated these words, and the look in her eyes gradually dimmed.

She didn't have any of them, even if she had physique and spiritual roots, it was impossible to have cultivation techniques and resources.

She could be regarded as a traveler, but in such a strange world, with no relatives or friends, how could she have the chance to get these things?

"If Miss Xiao wants to cultivate, I can help you, but the premise is that you must have the spiritual root and physique to cultivate, otherwise there is nothing I can do."

Seeing that the look in her eyes gradually disappear, Gu Changge suddenly smiled and suggested in a gentle voice.

Hearing this, Xiao Ruoyin was stunned for a moment, her eyes widened, and she couldn't believe her ears.

Although she was extremely pleasantly surprised, it was as if she was hit by a pie that fell from the sky but she couldn't understand why Gu Changge chose to help her so well.

Was it the legendary meeting with the noble?

"Young Master Gu, I don't know how to thank you for helping me like this..."

Having said that, Xiao Ruoyin couldn't go on, she didn't know how to thank Gu Changge.

*Would it be old-fashioned to promise something? But do people still care about that?*

"A promise is not necessary."

Gu Changge smiled and seemed to know what she was thinking, and interrupted her by waving his hand like a joke, "Perhaps I think you and I are destined. For me, these cultivation techniques and resources are just things that are not worth mentioning. It's nothing at all."

"...Thank you, Young Master Gu."

Xiao Ruoyin's face was slightly reddish, and she raised her eyes to look at him.

Then she fell silent. Even if she was a fool, she could understand the importance of cultivation techniques and resources in this world.

But Gu Changge was still willing to help her without even compensating.

Maybe this really was just a trivial matter for him.

"Don't be in a hurry to thank me, in case you don't have spiritual roots and aptitude, then I'll not be able to help you." Gu Changge smiled.

"Uh-huh."

Xiao Ruoyin nodded as if she was pecking at rice, her heart was already filled with joy and happiness.

Unexpectedly, with all the twists and turns, one day she would be able to embark on the road of cultivation.

If the group of companions who were currently imprisoned in the dungeon saw her like this, they wouldn't be able to help but widen their eyes. Was this the University's Goddess in their minds?

Afterward, Gu Changge took Xiao Ruoyin to the place where her talent and physique were to be tested. Of course, with his eyesight, he could see whether Xiao Ruoyin could cultivate or not.

The Body of Destiny.

It was just that considering the subsequent plans, he had to make some arrangements.

Soon, a part of space was cleared out, the divine mountain shone brightly, the immortal pond was filled with all kinds of divine lights, extremely brilliant. There were even several stones full of Immortal aura on the side, looking extremely splendid.

Gu Changge had already instructed Hei Yanyu to arrange all this, and now he was waiting for Xiao Ruoyin to come and test her talent.

After arriving here, Xiao Ruoyin also became nervous, and Ruyu's cheeks could not help but sweat.

"Miss Xiao, I hope you won't disappoint me." Gu Changge smiled.

### **Chapter 346-1: The Son of Luck has a thorn in his heart, What the hell happened during this time? (1)**

In the open field with gushing divine light and lingering radiance, all kinds of immortal mountains seemed brilliant and the colorful mist was flowing which looked extremely divine.

There were many creatures roaming around, from various clans of the Ancient Immortal Continent but they were all quiet and respectful, standing behind Gu Changge, not daring to talk much.

"Mmmm, Young Master Gu, I won't let you down."

Hearing Gu Changge's words, Xiao Ruoyin also took a deep breath and turned much calmer.

She looked directly at the Immortal Stone in front of her, it looked crystal clear and there was a dense mist flowing in it as if it could liquefy at any time.

Anyone could feel the terrifying energy contained in this Immortal Stone.

Gu Changge still had a smile on his face but there was no turbulence in the depths of his eyes and he was still as indifferent as ever.

The Body of Destiny, the strength of this physique lay in nothingness, it did not exist in any Destiny, and it was difficult to locate its traces.

Gu Changge guessed that if he let Xiao Ruoyin leave, she would soon be discovered by the cultivators of the rest of the Dao lineages and then brought back to the mountain gate. With a little eyesight, one could see how good her aptitude was.

Although it couldn't be said that one could instantly see what kind of physique Xiao Ruoyin had, it should be no problem to see that her aptitude was strong.

The cultivation technique and resources he mentioned would not cause any trouble to Xiao Ruoyin at all, but she didn't know it yet.

With her aptitude, countless sects would want to accept her as a disciple and teach her cultivation techniques.

"The day when the Body of Destiny is complete, will also be the time when the origin of Destiny matures..."

Gu Changge's smile was still warm and flawless and it was impossible to find any faults.

Looking down, seeing Xiao Ruoyin standing there not knowing what to do, he said warmly, "Put your hand on the test stone, red, orange, yellow, green, blue, and purple. The darker the color, the better the aptitude. If there is no qualification, the test stone will not have any movement."

Hearing this, Xiao Ruoyin nodded and understood, she no longer hesitated and nervously put her beautiful hand on the test stone in front of her.

**Buzz!!**

And almost as soon as her palm landed on it, the entire test stone suddenly made a humming sound.

Immediately afterward, a dazzling brilliance gushed out from above.

First, it was red like a flame, then orange, yellow, green... Almost in an instant, the entire test stone was smudged by seven colors.

"What, how's that so strong?"

"There are seven colors... this... this talent..."

"It's been a long time since I've seen such an aptitude, even when Miss Yanyu was tested, it wasn't any better than that!"

"It's too terrifying. If this girl could step into cultivation earlier, maybe she would have become a powerful person in the Sacred Realm like Miss Yanyu now."

This scene directly shocked the surrounding Ancient Immortal Clans.

Everyone couldn't help but widen their eyes, they were extremely shocked, and they all sighed at Xiao Ruoyin's envious gaze.

"Did I succeed?"

Xiao Ruoyin was also shocked by the scene in front of her. She didn't come back to her senses for a while. Judging from the words of the people nearby, her talent should be quite strong, right?

A sense of joy and excitement filled her heart.

Seeing that he was not surprised by her, she couldn't help but feel a deep surprise at this moment.

At first, Xiao Ruoyin just hoped that she could have the talent for cultivation but she never thought her talent would be so good that she would actually become a person who was easy to satisfy.

Now it seemed like a surprise.

"Young Master Gu, Ruoyin didn't disappoint you, did she?"

Afterward, Xiao Ruoyin looked at Gu Changge with a different kind of emotion flashing in her eyes and asked with a sigh of relief.

She didn't expect that, she wanted to share this joy with Gu Changge as soon as possible, this noble person who only met her a few days ago.

"How can I be disappointed? You have such a talent, it is not too late for me to be happy for you." Gu Changge smiled.

"Yeah, but I still want to thank Young Master Gu for giving me such an opportunity." Xiao Ruoyin nodded, feeling more relaxed and happy than ever.

"Your talent is stronger than our geniuses, after it's given some time, you will cultivate well, and your strength will not be weaker than theirs." Gu Changge smiled and said.

"I'll help you find a master soon. If you practice in the future, you can follow her."

Having said that, Gu Changge intended to summon Yan Ji.

Some time ago, he heard that she was going into seclusion. She should be reaching the Quasi-Supreme Realm. It would be appropriate for her to keep an eye on Xiao Ruoyin and teach her along the way.

Yan Ji could be regarded as his confidant, and Gu Changge was very relieved to leave many things to her.

"Mmm, alright, then I'll have to trouble Mr. Gu." Xiao Ruoyin nodded.

Now there was no doubt about Gu Changge at all, and she had never even worried about the kind of Master Gu Changge would find for her.

"Don't worry, you have such talent. If you are placed in other sects, people will fight for it. This is also counted as me finding a good seed for the forces behind me."

Gu Changge said with a smile, with a detached bearing and a heart-breaking demeanor in his conversation.

"Well, I must cultivate hard. Only then I will have the opportunity to repay Young Master Gu's kindness in the future." Xiao Ruoyin was moved.

At the same time, she couldn't help but sigh in his heart. How could there be such a perfect man in this world? Not only in appearance and conversation but also in temperament, so perfect that no one could find any flaws?

"Then I will cultivate with that master in the future. Can I still see Young Master Gu though?"

But at this time, Xiao Ruoyin suddenly remembered something important, and stared at Gu Changge with her crimson eyes.

Although this question might sound bold, it was actually her true thoughts. It was not that she had any intentions for Gu Changge, but she just felt that if she could see Gu Changge, she would feel a lot more at ease.

Xiao Ruoyin had subconsciously regarded Gu Changge as a reliable person.

In this mysterious and bizarre world, with no support, she suddenly encountered such a noble person as Gu Changge, and she subconsciously wanted to firmly hold him.

Gu Changge smiled and replied, "Naturally I can see you. I think you are being too eager, why don't I pass on your cultivation tips now."

"Really?" Xiao Ruoyin's eyes filled with surprise, "Thank you, Young Master Gu."

From her point of view, cultivation should be very secret, and they belonged to the secrets that were not passed on.

"Of course, it's true." Gu Changge said, pointing between her eyebrows.

In a trance, Xiao Ruoyin saw an incomparably ancient and complicated cultivation technique slowly unfold in front of her eyes. Every word was like a star, shining brightly.

"Is this the secret method to cultivate?" She couldn't help but murmur, a familiar feeling emerged in her heart.

As if she had felt this way a long time ago.

Afterward, Xiao Ruoyin had an epiphany.

Gu Changge smiled a little deeper and then led her towards the dungeon, releasing her group of companions as said before.

Naturally, this cultivation secret would not be that simple, and Xiao Ruoyin would understand it with time.

.....

At the same time, in the dimly lit dungeon, Jiang Chen woke up leisurely but his body seemed to be crushed by a boulder. Every cell, every inch of flesh, every piece of his heart seemed to be broken.

This piercing pain made him gasp for breath, his face turning pale and he was sweating.

"Ah Chen, how are you, are you alright?"

Niu Tian next to him asked with concern when he saw him wake up.

"I'm fine, but my body hurts a bit. What about Ruoyin? Did something happen to her?"

Jiang Chen heard the words and shook his head.

But soon, he reacted as he raised his head and looked around, searching for Xiao Ruoyin's figure in the dungeon, but apart from his companions, there was no such figure.

At that moment, he felt a thud in his heart, and the sense of unease and worry became more and more intense.

### **Chapter 346-2: The Son of Luck has a thorn in his heart, What the hell happened during this time? (2)**

"Ruoyin was taken away and she hasn't come back until now, but Ruoyin has her own Destiny, so she should be fine. You don't have to worry too much about her." Niu Tian comforted.

Jiang Chen was silent for a while, with anxiety and anger flashing in his eyes.

But in the end, he restrained himself. After all, he could not forget the suffocating and death-like fear at that time.

"How long have I been in a coma?" Jiang Chen asked again.

"About half a day." Niu Tian said.

"Half a day..." Jiang Chen murmured two words, his eyes flashed with regret, which meant that he had been in a coma for a long time since Xiao Ruoyin was taken away.

Who knows what happened during this half-day? She was a weak woman, and if she encountered any danger. What should he do then?

"Jiang Chen, don't worry about Xiao Ruoyin, she obviously knew that she would travel through this matter for a long time. And she could also understand the language of this world but she didn't tell us more, maybe she was taken away and left this place."

At this time, a woman spoke, dressed in fashion, with delicate light makeup on her face.

However, because she had been detained for a long time, she seemed a little embarrassed. Though, it could still be seen that his facial features were relatively good.

Her name was Wang Ning, and she was also a classmate of Jiang Chen, Niu Tian, and others.

It was just that she didn't like Xiao Ruoyin. Because of her good looks, she was also called a queen goddess in school and had a lot of licking dogs.

However, she had a lot of interest in Jiang Chen, but because Jiang Chen only loved Xiao Ruoyin, she was diametrically opposed to Xiao Ruoyin everywhere.

Although her words were a bit harsh, they also touched the hearts of many people, and they all fell silent.

After all, before this, Xiao Ruoyin never mentioned to them that she knew the world's language. In the first place, Xiao Ruoyin took the initiative to invite them.

"Wang Ning, don't say that, Ruoyin must have had a hard time doing this. Everyone is a classmate. Wouldn't it be too much for you to speak ill of her behind her back?"

Hearing this, Jiang Chen frowned, feeling unhappy.

"What bad words did I say? Is there anything wrong with what I said? Xiao Ruoyin may be favored by the man in white now. She has left this hellish place and might be enjoying some delicacies. How can we still care about her?"

"Jiang Chen, what's the point of you protecting Xiao Ruoyin like this? People don't take you seriously at all, believe it or not, Goddess Xiao, who is so cold and indecent in your eyes, is accompanying the man in white, who knows what they are doing? This matter..."

It must be said that these words of Wang Ning could be described as vicious, and very rude, and every word was punishing.

Not only did Jiang Chen's complexion change, but even Niu Tian and the others' expressions changed greatly. They didn't expect Wang Ning to say such a thing.

But when they thought about it, she was right. It was already a matter of life and death, and they don't even know if they could live until the next day.

At this time, who cared about these things? Straight to the face.

Her words also silenced everyone. They didn't know if Xiao Ruoyin was alive or dead, so shouldn't they do the same?

"Wang Ning, just shut up. If you don't speak, no one will think you are dumb."

Niu Tian fiercely glared at Wang Ning and replied with a fierce tone.

Wang Ning was still a little afraid of Niu Tian, so she just snorted and didn't say much.

Jiang Chen's face was gloomy, his fists clenched tightly, and he didn't know what to say for a while.

In fact, he still didn't believe that Xiao Ruoyin would ignore their lives and deaths. He also felt that Xiao Ruoyin might have her difficulties.

But Wang Ning's words made him very uneasy, and even worried. If things were really as she said, how should he face Xiao Ruoyin?

"Ah Chen, don't think too much, don't you understand Xiao Ruoyin's character? Even if she wants to harm us, she can't harm you."

Seeing that Jiang Chen's face was not very good, Niu Tian also hurriedly persuaded him, but he was actually a little worried in his heart that what Wang Ning said would become true.

Hearing this, Jiang Chen's expression softened a little, but he remained silent and didn't say a word.

And just as everyone was speculating, the sound of footsteps suddenly sounded from outside the dungeon.

"Someone is coming."

Jiang Chen's eyes suddenly showed a look as he stood up from the same place. The rest of the people also got up when they saw this.

Outside the dungeon, they saw a man and two women entering.

The head of the person was slender with a handsome face, hair that was crystal clear like ink, and the splendor was flowing along with the fluttering sleeves.

Beside him, a woman in a white dress was accompanying him. Her face was flawless, her facial features were beautiful, her black hair was scattered, and her legs were straight and slender, revealing an incomparable beauty.

The two walked in front, and they seemed to be a good match, like a pair of beautiful people.

"Xiao Ruoyin?"

"Ruoyin?"

For a while, Jiang Chen, Niu Tian, ??and the others were all stunned.

The woman in white was naturally Xiao Ruoyin who was taken away.

And after she came back, not only did she change her clothes but her complexion was much better than before. Just like a flower in the empty valley, blooming and revitalizing again.

*What the hell is going on here?*

Doubts arose in everyone's heart.

Especially Jiang Chen, his face had turned pale.

He thought of what Wang Ning said just now, and he couldn't help clenching his fists. He didn't even realize that his fingernails were deeply embedded in the palm of his hand.

He stared at Xiao Ruoyin stubbornly, wanting Xiao Ruoyin to explain to him why things suddenly turned out like this, wasn't she taken away?

Why did she look so safe and sound again in the blink of an eye?

However, Xiao Ruoyin just glanced at Jiang Chen and didn't explain anything.

Gu Changge swept over everyone in the dungeon one by one, his eyes flicked on Jiang Chen for a moment as everyone felt terrifying pressure surging towards them. They were very nervous and their backs were wet with cold sweat.

"Master, do you want to let them leave?"

At this moment, behind Gu Changge, Hei Yanyu asked respectfully.

Gu Changge nodded and said lightly, "Yes."

Hei Yanyu didn't hesitate after hearing his words and waved her hand directly in front of him.

**Buzz!!**

In the next moment, a splendid brilliance flashed across the void and the black iron chain in front of the dungeon snapped as it fell to the ground with a dull sound.

The dungeon door opened instantly.

Jiang Chen, Niu Tian, ??Wang Ning, and the others looked at this scene in puzzlement. The other party suddenly released the chain, did they intend to let them go?

Thinking of this, many people couldn't help showing joy as they became very excited.

"Everyone is fine. Young Master Gu said that he will let everyone go. The previous matter was actually a misunderstanding."

Xiao Ruoyin took a step forward with a calm expression and explained in the language of the world they were in.

"Goddess Xiao, what's going on here?" A man couldn't help asking in puzzlement.

"It's a long story. I'll explain it to you when I get a chance. Now everyone is safe and can leave here."

Xiao Ruoyin glanced at Jiang Chen's face but didn't say anything. She just told everyone that they were all safe and would not be imprisoned in the dungeon again.

"Really? That's great. Goddess Xiao must have rescued us. I said that Goddess Xiao is a good-natured person. How could goddess forget us." The man who just spoke was full of surprise.

When she heard the word goddess, Xiao Ruoyin had an unnatural flash on her face.

But she couldn't refute anything. If she didn't meet the noble Gu Changge, she wouldn't embark on the path of cultivation, and she would still be a prisoner.

It was not wrong to say that.

"Thanks to Goddess Xiao, otherwise we don't know how long we will continue to be detained."

After confirming the authenticity of the news, everyone was naturally mad with surprise. They had criticized and had been dissatisfied with Xiao Ruoyin before, but at this time, it naturally disappeared.

Was there anything in this world that could be compared with life?

"Yeah, if there was no Goddess Xiao, how could we be saved? I don't know who was talking ill of Goddess Xiao behind her back just now, saying that she doesn't care about our life and death..."

**Chapter 346-3: The Son of Luck has a thorn in his heart, What the hell happened during this time? (3)**

A man glanced at Wang Ning, who had a bad face and magnified his tone before speaking.

Wang Ning's face was very ugly. She didn't expect Xiao Ruoyin to come back to save them. This was completely beyond her expectations.

"Did I say something wrong? You really thought that Xiao Ruoyin would be so kind, saving your life is just a trivial matter for her now."

However, Wang Ning was also unwilling to be ridiculed like this, so she quickly pushed back and began to ridicule while not being appreciative.

She didn't believe that nothing happened between Xiao Ruoyin and the man in white in front of her. Otherwise, why would he let them go?

"Wang Ning, what nonsense are you talking about? Ruoyin kindly saved us, but now you are still suspicious?" Niu Tian frowned, showing displeasure, and interrupted her.

Wang Ning was still very afraid of Niu Tian, ??who was tall and burly, knowing that he was not a person to go meek because she was a woman.

So she snorted coldly and shut up.

"Ruoyin, Wang Ning's character is like this. Thank you for saving us. We will repay you in the future."

Niu Tian glanced at Jiang Chen who was silent and did not say a word and then showed a simple and honest smile.

Because of Jiang Chen's relationship with Xiao Ruoyin, he was quite familiar with Xiao Ruoyin himself.

"Hmm."

Xiao Ruoyin shook her head when she heard the words, knowing that Jiang Chen, Niu Tian, ??and Wang Ning had misunderstood.

However, if she explained it at this time, Gu Changge who was waiting outside the dungeon might have to wait longer, so she kept silent and planned to explain it to them when she had time.

"Ah Chen, are you alright? You have to believe Ruoyin, don't you know what she is like?"

Niu Tian sighed and said in a low voice.

"I know, I believe in Ruoyin." Hearing this, Jiang Chen forced a smile, as if he had already figured it out. He understood Xiao Ruoyin's difficulties, so he didn't want to let her hard work go to waste.

But when he said this, his eyes were still fixed on Xiao Ruoyin, as if waiting for her to give him an explanation.

As for Gu Changge outside the dungeon, Jiang Chen chose to ignore him and didn't care about him.

Before that, he had felt the horror of Gu Changge and knew how terrifying he was. At this time, he didn't want to provoke him.

Xiao Ruoyin smiled at him and said, "I'll explain it to you later."

Afterward, Xiao Ruoyin took Jiang Chen and the others out of the dungeon, Gu Changge walked into the front, his expression was very calm and he didn't mean anything.

And Jiang Chen and others knew the difference in their identities. They couldn't expect the other party to care about them, and being able to leave alive was already the greatest blessing.

Although Niu Tian and the others were very curious about what happened to Xiao Ruoyin, when they left the dungeon, they did not dare to ask more.

It could be seen that Xiao Ruoyin now seemed to be completely different from before.

It could be seen from the respectful expressions of the guards guarding the dungeon that her identity had undergone earth-shaking changes.

This made everyone envious of her, but Jiang Chen felt that his mouth was dry and a little bitter.

The unease and worry in his heart became more and more intense.

*Why did Xiao Ruoyin's identity undergo such a big change in the blink of an eye?* This made him feel that he and Xiao Ruoyin were not from the same world.

Especially when he saw Xiao Ruoyin and Gu Changge walking side by side with a smile on their face, as if they were talking about something. In those pale crimson eyes, there was a star-like light flickering.

From Jiang Chen's point of view, that was the color of reverence and admiration.

This feeling made him feel like there was a thorn inside his heart, and he could only keep comforting himself in his heart. This was Xiao Ruoyin's deliberate look, just to please the man in white and rescue them all.

"Young Master Gu, I want to say something to my comrades."

Soon, when walking to a palace complex, Xiao Ruoyin said with a hint of apprehension on her face.

"You can go ahead, I won't disturb you."

"Actually, you don't have to ask me about this kind of thing." Gu Changge said with a smile, in an intoxicating and vulgar manner, looking more gentle and elegant.

With Gu Changge's permission, Xiao Ruoyin hummed softly with a happy expression on her face.

She didn't know why she had to get Gu Changge's permission. In her opinion, this was a subconscious behavior.

Soon, Gu Changge and Hei Yanyu left, with no intention of worrying about it.

"Master..." Hei Yanyu glanced at Gu Changge with a puzzled look on her face, she hesitated to speak and was very puzzled by Gu Changge's actions and his attitude toward Xiao Ruoyin.

In her opinion, although Xiao Ruoyin's talent was very strong, it was far from the level that could make Gu Changge care so much.

Moreover, she asked herself if she had some understanding of Gu Changge's temperament and knew that he was definitely indifferent and heartless. Never had he done things that were not good for others.

For this kind of time-wasting and boring thing, Gu Changge put so much thought into it, that could only mean that this woman named Xiao Ruoyin seemed to have other uses.

"You don't have to worry about them, just keep an eye on their tracks." Gu Changge's smile faded away, his expression returned to calm and indifferent, and he said lightly.

"Yes." Hei Yanyu calmed down and said respectfully.

To be honest, seeing Gu Changge being so nice to Xiao Ruoyin before, she was a little jealous. Why didn't she get such treatment?

But now it seemed that Gu Changge just had other plans.

This made Hei Yanyu feel a little at ease.

### **Chapter 349-1: He is already acting like this, Are you still waiting to see him pretend? (1)**

"Master, is there anything special about that woman?"

Without outsiders, Yan Ji was direct as her eyes fell on Gu Changge's face, she couldn't help asking.

About Xiao Ruoyin, Gu Changge didn't tell her much but told her that he had found a good apprentice for her and asked her to teach her.

However, Yan Ji could see that Gu Changge had other plans for that woman.

Otherwise, with his character, it would be impossible for him to go through so many troubles and be so good to a woman.

It was so good that she was envious.

But this kind of emotion was only a matter of time. Yan Ji knew that her cheap disciple might have some kind of special physique. Gu Changge planned to wait for her cultivation base to reach a high point before devouring it.

That being said, she was really pitiful.

"It's very special, and it may be of great use to me in the future."

Regarding Yan Ji, Gu Changge had nothing to hide and smiled lazily.

"Then I must teach her well." Yan Ji nodded.

"Actually, no, maybe it won't be long before she will remember something. You just need to let her know that we are doing this for her good." Gu Changge's smile was a little meaningful.

Yan Ji's expression was a little stunned, "Is that woman a reincarnation of a certain existence?"

Gu Changge smiled and didn't say much. Yan Ji was very smart. He just had to tell her this and she would know what to do next.

"I haven't seen you for a while, but your cultivation is so profound."

Then, he lightly wrapped his hand around Yan Ji's waist, chatted with her casually and asked her about the latest thing.

Yan Ji gave him a slight sneer, "After cultivating all day long, there is no shortage of cultivation resources. Even if it's a pig, it would make a breakthrough."

However, although she broke through the Quasi-Supreme Realm, she still couldn't feel Gu Changge's Realm.

So there was a faint resentment in her words.

Gu Changge smiled faintly, "That's why I found something for you to do."

"Are those mortals all with my cheap apprentice?"

Yan Ji was a little curious about Jiang Chen and the others.

"Yeah, they are all a group and they were teleported here from a remote Lower Realm by chance," Gu Changge said with a smile.

Suddenly, Yan Ji turned her head sideways and stared at him with glazed eyes, "Young Master?"

"Huh? Go on, I'm listening." Gu Changge smiled.

"It's good that you haven't forgotten me."

.....

And while Gu Changge left the Vermillion Imperial Capital and temporarily resided on the ancient warship, the Vermillion Bird Ancient Kingdom was not at all peaceful.

With the distant land, at the territory of the Purple Mansion, the sect protection formation was broken and the army of the various forces entered. The battle was earth-shattering.

Their bones became mountains, their blood flowed into rivers, piled up everywhere, and many creatures and cultivators died in this battle.

The endless territory also collapsed in this war, the sea was flowing, the sky was turned upside down, and everyone was shocked.

The horror of the Immortal War had shocked countless Daoists in the Upper Realm.

The ten Supremes of the Ancient Immortal Gu family appeared and they looked at them almost everywhere, no one could stop them.

In the end, the Supreme beings bled and died on the spot. The Supreme Weapon was smashed in the sky and became countless fragments, which fell all over the place.

In this battle, Daoist forces such as Emperor Mountain, Ancient Ye Clan, and Endless Fire Nation also suffered heavy losses.

Because the people of Purple Mansion held the determination to burn all the jade and stone, the army sent by the Ancient Immortal Gu family was too large, enough to describe it in hundreds of millions, covering the sky and terrifyingly boundless.

As a result, it was the Emperor Mountain and other forces that dispatched a relatively small army, and suffered the combined force of everyone from the Purple Mansion

Later, from the Purple Mansion the Quasi-Emperor Realm powerhouse appeared but he broke the seal from the background, displaying unparalleled combat power. Yet it did not last long.

Some cultivators watching the battle noticed that in the ancient warship of the Ancient Immortal Gu family, there were also strong Emperors who appeared outside the territory to fight.

The horror of this battle was far beyond the war between the Supreme beings. Even the starry sky had collapsed and countless cracks had emerged as if it was about to collapse, and the scene was terrifying.

Many powerhouses of Purple Mansion were defeated, and they planned to retreat to the sect but before they could retreat, the army of the Ancient Immortal Gu family rushed out with the breath of several Quasi-Emperor's again.

In this battle, the Emperor Realm cultivator of Purple Mansion never escaped safely and died tragically on the spot!

The battle of Immortal families was still going on and almost all the Daoist sects in the Upper Realm were paying attention, feeling palpitations and giving birth to a terrifying chill.

The strengths of Gu Changge and Ancient Immortal Gu's family were exactly the same, which made people tremble!

Under such strength, Purple Mansion could not stop it at all, it could only be seen how long it could last.

Some experts also noticed that there seemed to be a large army in the Purple Mansion, which suddenly opened up a space channel and disappeared without a trace.

Some people speculated that this army was planning to quietly go to rescue Zi Yang Heavenly King!

During this period of time, the Vermillion Bird King's face was full of grief and even his hair had turned white. The entire ancient kingdom was already facing disintegration and it was even said that it was already on the verge of being destroyed!

In just a few days, almost all of the aristocratic families and sects moved away.

Even the rest of the cultivators did the same, and no one chose to stay here.

Even if Gu Changge ordered Zi Yang Heavenly to be taken to other places at this time, it was too late. The collapse of the Vermilion Bird Ancient Kingdom was almost inevitable.

However, the Vermillion Bird King still did not want to let the Vermillion Bird Ancient Kingdom decline in his hands. No matter what, he continued to hold on, otherwise, he would have to face his Ancestors without any pride.

In this regard, he could only keep asking Chu Hao but unfortunately Chu Hao was also helpless.

After Tang Wan left angrily that day, it became difficult for him to see Tang Wan again.

Tang Wan closed the door to him.

Chu Hao wanted to ask Tang Wan to intercede, but Tang Wan didn't even want to see him, because of what happened that day, Chu Hao had already become estranged.

There was no other way, Chu Hao could only ask around to find out where Zi Yang Heavenly King was being held.

He had a bold move in his heart, intending to take Zi Yang Heavenly King away from the Vermillion Bird Ancient Kingdom.

And he claimed that he was instructed by Gu Changge to be responsible for guarding and imprisoning Zi Yang Heavenly King, so that a disaster might be avoided.

With his Quasi-Supreme cultivation base and the Supreme cultivation base of Uncle Bai Yang, it was not enough to guard and detain Zi Yang Heavenly King.

At that time, even if Gu Changge was dissatisfied with what he had done, he would also be helpless and this was the so-called killing first and then toying around.

It was a pity that he hadn't found out where Zi Yang Heavenly King was being held.

And when Chu Hao inquired about where Zi Yang Heavenly was being held.

Another man dressed as Qiao Zhuang was also asking around, it was Qin Wuya.

Although he had already invited the ancient existence of the Reincarnation Lake to take action, he only had one chance. If he did not find the place where Zi Yang Heavenly King was detained, all of his previous efforts would be in vain.

In the past few days, although Qin Wuya did not have a high position like Zi Yang Heavenly King, he met Tang Wan.

This feeling made him feel very strange.

It was just that he had something important to do, so he didn't take the initiative to show up to meet Tang Wan.

"Now that Purple Mansion has attracted everyone's attention, this is a good opportunity for me to rescue Junior Brother Zi Yang. After I rescue him, I will meet you! Wan'er!"

Looking at the beautiful figure in the distance, Qin Wuya secretly muttered in his heart, but after he turned around, Tang Wan also turned around and stared at his back with a complicated face.

"Why do you all insist on going against such a terrible person?"

She shook her head and sighed.

According to the instructions of Changge, a big net had been drawn down, just waiting for him to break in. Unfortunately, although she did not want all of this, she couldn't help it.

## Chapter 349-2: He is already acting like this, Are you still waiting to see him pretend? (2)

.....

At this moment, in the open field, the auspicious beasts roared, the immortal birds shook their wings, the sacred mountains were towering and the pavilions were magnificent.

Xiao Ruoyin brought Jiang Chen, Niu Tian, and others to this place. On the way, she told them how to test their talents and physique.

Everyone seemed a little excited when they heard her.

Especially when they heard that Xiao Ruoyin's aptitude was very good and seven colors appeared. Even stronger than some young geniuses, so they seemed even more excited and couldn't wait.

In their opinion, Xiao Ruoyin was the one who arrived through with them.

Her aptitude was strong, so they should be similar to her.

Thinking that they would soon be able to show all kinds of divine powers like immortals, they were excited.

Even Jiang Chen had some expectations in his heart.

He didn't know what his aptitude was, but after asking about the Immortal Boat in his mind, it said that it was very powerful.

This made Jiang Chen breathe a sigh of relief, and he was a little happy. He was holding back a sigh of relief before but at this time, he was able to relax.

In this world, wasn't it just a competition for talent and aptitude?

Then, the aptitude he would measure in a while may be better than that of Young Master Gu, and it was quite refreshing to think about it if he could steal his limelight.

Xiao Ruoyin's aptitude was very good, but his aptitude was not necessarily weaker than hers!

"I wonder what my qualifications are, if I don't even have the qualifications to cultivate, it would be a shame." Niu Tian said nervously.

At this time, Jiang Chen comforted him and said, "You are so healthy, you will definitely be able to cultivate, don't worry too much."

As the two were talking, someone in front of them stepped forward nervously. It was a man named Song Ming, who had an average relationship with the two of them.

But it was Wang Ning's licking dog.

Jiang Chen and Niu Tian stared at Song Ming, saw that he was nervous, and put his hand on the test stone.

In the next moment, the brilliance that everyone expected did not appear, let alone brilliance, there was not even a little light.

This scene made everyone's heads a little confused, and even Xiao Ruoyin frowned slightly.

But she didn't say much. The question of aptitude varied from person to person. Who knew the result before it was tested?

"Could it be that the test stone is broken?" Song Ming couldn't believe it, his eyes widened, his lips trembling, this fact was like a bolt from the blue, almost making him unsteady.

If he had no talent for cultivation, what would he do in this world? His cultivation dream, wasn't that broken?

"The test stone is broken? You must be joking. If you don't have the talent for cultivation, you don't have it. You can't even understand this?"

"Without the talent for cultivation, you are trash in this world." The tall creature next to him sneered and seemed to be disdainful.

Song Ming glanced at this tall creature in fear, and walked down in despair, looking extremely desperate.

Seeing this scene, the people behind couldn't help but get nervous. After all, this world was so cruel.

Many people speculated that Xiao Ruoyin was favored by Gu Changge due to her strong talent?

Soon, four people tested in a row, and the results were nothing.

The test stone remained motionless, without the slightest change.

Jiang Chen, Niu Tian, and the others also frowned.

Xiao Ruoyin's expression also turned out not very good-looking, feeling helpless for them.

Afterward, the woman named Wang Ning arrived. There was nervousness and anxiety on her beautiful face, and her back was wet with cold sweat.

**Buzz!!**

Finally, there was a little change on the test stone, and a faint red light appeared.

But soon it dimmed again.

Seeing this scene, her eyes suddenly lit up and she almost jumped up from the spot, very excited and happy.

"I have a talent for cultivation! I can cultivate!"

Wang Ning couldn't help but say excitedly, her voice trembled, and she finally let go of her heart, and the rest of the people also cast envious and jealous eyes at her.

"It's just a little bit. This kind of talent, even the worst forces won't want it. They're just trash like them. What's the difference?"

However, when the tall creature next to her saw this, he still showed disdain and said mockingly.

As soon as these words came out, Wang Ning was dumbfounded. Wouldn't even the worst forces want it? Then what about her future cultivation techniques and resources? Thinking of this, she also became desperate, the hope just now disappeared instantly. It was as if she had suddenly fallen from heaven to the deepest abyss.

Xiao Ruoyin glanced at Wang Ning, who was always against her in the past, and felt quite emotional. If she, like Wang Ning and the others, did not have any cultivation talent, she would be like them, so desperate.

Just when Wang Ning and others were in despair, Niu Tian also took a deep breath and stepped forward.

**Buzz!!**

On the test stone, a little red brilliance appeared, and then quickly dimmed, exactly the same as the scene of Wang Ning's test just now.

Seeing this, Wang Ning and the others also breathed a sigh of relief for some unknown reason, and they became more balanced. That was how people were, and it was hard to see that others were better than themselves, even if this person was a good companion of theirs.

"Perhaps this is our fate." Niu Tian's mouth was bitter, and he was equally lost.

There was not much difference between a little talent and no talent. In this world, sometimes talent really meant everything.

"This..." Jiang Chen didn't know how to comfort his brother at this time, whose face was very heavy.

"Don't worry, Niu Tian, ??I will definitely find a way to cultivate for you in the future."

He still remembered what Immortal Boat Spirit said to him, his talent was very powerful, so he just needs to cultivate hard, and when he becomes stronger in the future, he would definitely be able to find a way to help his brother.

Hearing this, Niu Tian forced out a wry smile, thinking that Jiang Chen was comforting him, and did not think deeply.

And Wang Ning and the others were very uncomfortable at this time. Jiang Chen's tone sounded as if he said that he must have a talent for cultivation.

And he was even so calm.

"Jiang Chen, do you think you have such good luck as Goddess Xiao? In the future, I think all of us have the same cultivation talents. Except for Goddess Xiao, you should stop dreaming."

At that moment, the man named Song Ming couldn't help but sneer, very harshly.

Seeing this, the rest of the people did not stop their rebuttals at all. If at this time, Jiang Chen was really found to be talented, then they would really be unbalanced in their hearts, envious and jealous.

*How can Jiang Chen have the talent for cultivation, but they can't?*

"Only a dog looks down on people."

"Just wait and see."

### **Chapter 349-3: He is already acting like this, Are you still waiting to see him pretend? (3)**

Jiang Chen already knew the result, so he behaved very calmly, but at the moment he only frowned slightly. He could see through his classmates.

After that, he walked directly to the place where the test stone was located, his expression was calm, and there was no sense of despair on the face of everyone.

At this time, even Xiao Ruoyin didn't feel right. Where did Jiang Chen get his confidence? Why did he think that he must have the talent for cultivation?

Although in her heart, she also hoped that Jiang Chen could really embark on this path of cultivation, otherwise when she would be successful in her cultivation in the future. In a blink of an eye, her former classmates would have all turned into dead bones, and there would be no one to talk to.

"Jiang Chen, where did he get his confidence? Or is he actually trying to show off the limelight at this time, pretending to be a force?"

Xiao Ruoyin frowned with a feeling of displeasure in her heart. She used to think that Jiang Chen was mature, stable, reliable, and a trustworthy person, but today Jiang Chen's actions made her feel that she might have misjudged him.

In the past, Jiang Chen would never do such a brainless thing.

Unless Jiang Chen was really sure that he could show his terrifying talent, he would definitely become the laughing stock and would be ridiculed by everyone.

In the distance, on the magnificent pavilion, Gu Changge and Yan Ji stood side by side by the window, watching everything that happened there.

"It's really interesting, I wonder how wonderful his expression will be in the next moment." Gu Changge's mouth had a faint smile on his face, looking very playful.

"Young master, in fact, you've already arranged for someone to manipulate the test stone, right?"

At this time, Yan Ji also saw that something was wrong.

Of the few people tested just now, two of them actually seemed to have good talents, but when they tested on the test stone, there was only a faint glow.

This had it all.

For that group of people, cultivating talent was an important thing that determined their future destiny.

But now how could they know that there would be a real problem with the fast stone that tested their talent?

"Yeah, without doing something, should we wait for that guy to pretend for a while?" Gu Changge smiled and said very naturally, without the slightest consciousness of doing something.

One of his small actions for this group of people, was a major event related to their future destiny.

Wait, correcting the train of thought because this group of people had no future at all. Except for that leek Jiang Chen, Gu Changge didn't intend to let the others go.

"It can be seen that this person named Jiang Chen seems to have a special physique."

Yan Ji nodded, but she didn't think there was anything wrong. After all, Gu Changge spared the lives of this group of people. As for how to decide their future, it was Gu Changge who had the final say.

In the field, Jiang Chen was incomparably confident, he calmly placed his palm on the test stone.

Almost everyone's eyes turned to look over, wanting to see if Jiang Chen was really as he said, the dog looks down on people.

Soon, a breath time passed, and the test stone remained motionless and did not change at all.

Jiang Chen frowned, his face became a little strange, but he still didn't take down his hand, "How is it possible?"

He quickly asked the Immortal Boat Spirit in his mind, *What the hell is going on? Isn't it that I am very talented? Why is this test stone not responding at all?*

"Jiang Chen, how long do you have to put your hands on it? It's not that the longer you put your hands on it, the more you can show your talent. If you don't have it, you don't have it. What are you pretending to be? Only a dog looks down on people. I'm laughing to death." Song Ming, who was stunned by Chen, sneered again at this moment and was very disdainful.

The rest also displayed elated expressions.

"Jiang Chen, don't be cocky if you don't have talent..." Xiao Ruoyin frowned, and her face became more and more unhappy. She knew that at this time, Gu Changge was actually watching from a distance, Jiang Chen saying this was very shameful for her.

Hearing her words, Jiang Chen's face was drenched with cold sweat, turning faintly ugly and embarrassing. Why was the matter different from what he expected? Could it be that the Immortal Boat Spirit was pitting him?

"Jiang Chen, this test stone has been manipulated, it's bad. Someone deliberately wants to make you feel embarrassed."

And at this moment, the voice of the Immortal Boat Spirit resounded again, with indignation.

"It turns out that this test stone is broken."

Hearing this, Jiang Chen breathed a sigh of relief, he had already guessed who did this, and it was very cold.

However, he quickly regained his composure on his face, and said, "This test stone is broken, I'll try another one."

Hearing this, everyone was stunned for a while, but when they reacted, even Niu Tian was deeply speechless. Test stone broken? What kind of reason was this, he doubted whether Jiang Chen had been stunned today.

"I laughed so hard, Jiang Chen, so this is the reason you said, I thought you were so good? Isn't it like me, the test stone is broken? Maybe the next one is also broken."

Soon, there was a burst of sarcastic laughter.

Jiang Chen's skill in nourishing spiritual energy was good. At this time his complexion was also strange, and he felt very aggrieved and ugly.

"Jiang Chen, what nonsense are you talking about, when I tested my talent, I also used this test stone, how could it be broken?"

Xiao Ruoyin was also very speechless to Jiang Chen. She didn't expect that he would choose such a lame excuse after he couldn't measure his talent.

"This test stone is really broken. If you don't believe me, can you test it yourself?"

Jiang Chen stared at her, still trying to explain, but Xiao Ruoyin was too lazy to care about him.

"I know you may not be able to accept this result, but the world is so cruel, if you don't have the talent for cultivation, it would be good to be an ordinary person with peace of mind. I believe that with your ability, even an ordinary person will live better than the rest. Everyone is fine." Xiao Ruoyin calmed down and said so.

Jiang Chen still wanted to say something but the tall creature had already waved his hand, his face was indifferent, his voice was sneering, and he stopped in front of him.

"Miss Xiao and you are no longer from the same world. A bunch of trash, they don't even have the talent for cultivation, and they still try to become immortals."

"In the future, when they die of old age and turn into dry bones, Miss Xiao will still be as beautiful as she is now, and even her face will not change at all. I have said it so clearly, if you still don't give up, then don't give up. Are you blaming me for doing it?"

When the words fell, a terrifying aura surged from his body, making Jiang Chen, Niu Tian and the others pale, and they almost couldn't help kneeling on the ground.

Xiao Ruoyin looked at this scene and it seemed unbearable.

However, at this time, Gu Changge walked over from a distance and said with a smile, "Sometimes the world is so cruel, and the fate of the world is so cruel. If the connection is broken, it will bring all harm and no benefit to future cultivation."

Hearing this, Xiao Ruoyin was silent for a while, then glanced at Jiang Chen and the others, "You guys take care."

After that, she turned and walked toward Gu Changge.

"Ruoyin..."

"Xiao Ruoyin."

Jiang Chen, Niu Tian and the others suddenly changed their expressions.

In the next moment, around them, several creatures with terrifying auras and divine light appeared and surrounded them all.

"Take them out of here." Gu Changge instructed lightly.

### **Chapter 350-1: There is such a vicious person in this world, Kill all and leave none (1)**

With the pavilions scattered, the palace towers stood majestic and the magnificent divine glow was flowing around them.

"You don't have to worry, I will send someone to accompany your companions to a safe place. As you said, although they can't cultivate, it's also good to be a mortal."

"Everyone in the world thinks that Immortals are good, but how would they know the worries of the Immortals?"

Gu Changge arrived with an explanation.

He said this with a warm smile on his face as if he wanted her to let go of all this.

"What young master Gu is saying is that the gap between immortals and mortals is a doomed gap. Since they can't cultivate, it's not bad to be a mortal. I think they can also figure it out. This world is... indeed cruel."

Hearing this, Xiao Ruoyin nodded lightly and walked to Gu Changge's side. Her eyes were a little complicated but at this time her emotions had already returned to calm.

Although she was a little sad just now, this kind of thing would only become more troublesome if she didn't cut the mess soon. Even if it was for her, or for Jiang Chen and the others, it would not be a good thing.

And from now on, she would officially embark on the road of cultivation, and naturally, she would have to settle with her previous mortal affairs.

"Starting today, you can follow Yan Ji to cultivate. She will inform you everything about the world of cultivation."

"I believe that with your beautiful appearance, it won't be long before you become famous in the Upper Realm as a young genius."

Gu Changge said, and a strange color flashed across his eyes. Just now, he noticed a lot of changes in Xiao Ruoyin's Luck Points.

It could only be said that she was indeed the reincarnation of the Prophet of Destiny. Her heart for Dao was indeed far beyond the reach of ordinary people.

After severing the mortal bond, her state of mind became significantly stronger than before.

"Um."

Xiao Ruoyin nodded with a much more relaxed expression. Perhaps for her, cutting off this dusty relationship was also a kind of relief.

At this moment, she looked more aloof than before with her elegant dress. There seemed to be a flash of light in her eyes.

It was then, Yan Ji Lian moved lightly and arrived from a distance.

Her face was absolutely beautiful and flawless. Her expression was cold and calm. It seemed that there would be no fluctuations because of foreign objects.

She stared at Xiao Ruoyin and said, "From today onwards, you will cultivate with me. I will teach you some common things about cultivation in this world in a while. Along the way, I will impart some simple and easy-to-learn techniques."

Yan Ji had been a Master once, so teaching a disciple was not difficult for her.

Not to mention that Gu Changge had already mentioned Xiao Ruoyin's origin, so she actually did not need to teach her many things, Xiao Ruoyin should be able to awaken some memories of her previous life in a short time.

At most, it was just a walk through the scene of being a Master.

"Disciple thanks Master."

Hearing this, Xiao Ruoyin hurriedly portrayed in a respected manner, and at the same time she was full of expectations for her cultivation life.

Gu Changge nodded slightly and motioned for Yan Ji to take Xiao Ruoyin away. Yan Ji understood, and then took her away from here on the grounds of teaching Xiao Ruoyin some cultivation techniques.

In the distance, Jiang Chen, Niu Tian, and others were still calling Xiao Ruoyin's name, but although Xiao Ruoyin heard it, her face did not change and she still did not look back.

As Gu Changge said, their fate had come to an end. They and she were no longer from the same world.

Thousands of years later, she would still be as beautiful as ever, but the bones of Jiang Chen, Niu Tian, ??and the others would have turned into ashes, and they wouldn't even know where they were buried.

It was better to cut off all of this at this time, otherwise, it would only leave sadness.

"Someone."

Gu Changge glanced at Jiang Chen and the others as he waved his hand to summon a few powerful creatures before casually giving them an order.

"Yes, Master."

This group of creatures looked solemn as they bowed respectfully.

Afterward, Gu Changge left the place and his figure appeared in a pavilion. Hei Yanyu was making a pot of tea for him, with light green tea water and mist lingering as it looked quite elegant and fragrant.

"Arrange the army and enter a state of alert. The people from Purple Mansion should almost arrive."

Gu Changge took a sip of tea and said lightly.

Although he never participated in this Immortal War, the news from the front line was actually passed back at a time.

Therefore, Gu Changge was aware of the fact that Purple Mansion had quietly dispatched a large army to rescue Zi Yang Heavenly King.

Although the Vermillion Bird Ancient Kingdom was now facing a situation of disintegration, it was actually one step away from being destroyed.

The main thing Gu Changge wanted was to use this to make Chu Hao and Qin Wuya face off. Otherwise, he wouldn't have gone through so much trouble, the small Vermillion Bird Ancient Kingdom was not worthy of his attention at all.

"Yes, Master."

Hei Yanyu heard the words and set off to give instructions.

After Hei Yanyu left, Gu Changge started to think about another matter.

The Hidden Ji family behind Su Qingge and Ji Qingxuan could be brought under his control if the means were appropriate.

Either way, it was a pretty powerful force.

During this time, Gu Changge could also see that Ji Qingxuan had a different kind of ambition for power and her own means were not inferior to her sister's either.

If Ji Qingxuan was in control of the Hidden Ji family, it would be much more convenient for him. After all, Ji Qingxuan had a deep fear and dependence on him.

In addition, the Tang family in the Wan Dao Business Alliance was now almost infiltrated by Gu Changge.

The secret chess that was left on Tang Wan's cheap brother Tang Tian at the beginning should also be working at this time.

How could there be so many coincidences in this world? This so-called pie from heaven was nothing more than a trap set by someone in advance.

The horror of the Immortal Binding Art could even control the entire clans of the Ancient Immortal Continent.

Controlling a business alliance like the Tang family was more than enough.

It just happened that Yin Mei took over the Tang family of the business alliance. As a result, most of the rights of the entire Wan Dao business alliance should fall into her hands.

As for Tang Wan, Gu Changge didn't plan to let her take over anything.

Her only role was to be a fuse that would trigger the conflict between the two Children of Luck.

Besides, she was of no use to Gu Changge.

"During this period of time, Yue Mingkong should be busy collecting the Seven Heavenly Artifacts. Besides the Heavenly Bottle and the Heavenly Jar in my hands, she should also have a lot on her."

"When the matter here is finished, I need to summon her."

Thinking of this, Gu Changge couldn't help showing a faint smile.

However, he guessed that even if he didn't ask for it, after Yue Mingkong collected it, she would eventually send it to him.

Afterward, Gu Changge thought of something and with a wave of his hand from within the void behind him, a black-robed figure covered by the black mist appeared with an indifferent expression which seemed very ruthless but revealed the terrifying pressure of the Great Sacred Realm.

Divine puppet!

"Greetings, Master!"

The puppet said respectfully toward Gu Changge. There was gradually a sense of agility in his eyes.

Gu Changge nodded slightly and waved again, the black mist on his face dissipated, revealing an ordinary middle-aged face.

After thinking about it, there was a faint smile on his mouth.

"Go and find him."

In the next moment, the face of the puppet in front of him began to change.

He soon became a somewhat gloomy old man with a high nose, like an eagle's claws, giving people a shuddering feeling.

"Yes, Master."

The black-robed old man took a step forward, disappeared in an instant.

### **Chapter 350-2: There is such a vicious person in this world, Kill all and leave none (2)**

On the other side, Jiang Chen, Niu Tian, and the others were being driven off the ancient warship.

"It's come to this, and you still want to be toads that eat swan meat, I'm laughing to death. You don't even look at your cultivation talent, what a waste!"

"You and Miss Xiao are no longer from the same world. If you don't hurry up, do you still want to stay here and ask for trouble?"

Around them, several terrifying creatures stared at them indifferently, exuding terrifying pressure, making their faces pale as their souls trembled, and they were terrified.

In their opinion, it was because of Xiao Ruoyin's relationship that the creatures on the ancient warship were polite to them.

But now, when it was determined that they had no talent for cultivation, the true faces of these creatures were also revealed. It was extremely cold, and their words were merciless.

This world was so cruel!

It was one of them who spoke with undisguised mockery and sneer. Along with a big wave of his hand, the terrifying majesty descended and he was about to drive Jiang Chen and the others away, sending them off the ancient warship.

"Ruoyin..."

Hearing this, Jiang Chen's expression was full of sadness and helplessness, his heart was full of worry.

He didn't dare to refute his mocking words. He had no doubt that if he just refuted a sentence, the slap the size of a futon would hit him on the head.

With his current body, wouldn't he be slapped into a mesh with a slap?

"Not bad."

Seeing that Jiang Chen didn't speak, the creature who spoke just now sneered as his expression returned to indifference.

Jiang Chen's expression flashed with gloom. He swore in his heart that if there was a chance in the future, he would definitely kill the creature in front of him.

Although Xiao Ruoyin was heartless and indifferent to what they said just now, he knew that there was nothing she could do, because Xiao Ruoyin didn't believe that the test stone was manipulated by Gu Changge.

It was not that he had no talent for cultivation, it was just that Xiao Ruoyin didn't know of it.

"If Ruoyin listened to my explanation, things wouldn't be like this, but when that Young Master Gu appeared, he wouldn't give me a chance to explain..."

Jiang Chen clenched his fists tightly and quickly calmed down, although he was holding back a sigh of relief.

But he also knew that if he went against Gu Changge now, it would be tantamount to death.

Once Xiao Ruoyin was separated from them, what would he do if she suffered from Gu Changge's poison in the future?

Now, he didn't even have the chance to confess to Xiao Ruoyin.

In his opinion, Xiao Ruoyin had been kept in the dark by Gu Changge, and she didn't know anything. She didn't even know that Gu Changge had bad intentions towards her.

This was more than what the word danger could describe.

"What should I do? Master is by the side of that terrifying man right now, she may suffer unexpected events at any time, Jiang Chen, we can't ignore her..."

The artifact spirit of the Immortal Boat was extremely uneasy and worried.

By this time, Jiang Chen had calmed himself down and after hearing this, he calmly said, "I think the most important thing is to improve my strength first. As long as my strength is improved, I will be able to see Ruoyin in the future, inform her all this, and let her clearly see the real face of that Mr. Gu."

"Although that Young Master Gu has a plan for Ruoyin, it shouldn't be put in action for now. So for me, I have time to cultivate well."

"And don't I still have you? I don't believe that when that time comes, I can't fight that Young Master Gu."

Speaking of this, Jiang Chen had hope in his heart. The current situation was like he was in the dark, and that Young Master Gu was in the light, which was very beneficial to him.

"For now, that's the only way to do it. After leaving here, I'll find you a cultivation technique first. If possible, I can also join a sect first. If you are a free cultivator, your cultivation resources will not be enough..."

Hearing this, the artifact spirit of the Immortal Boat was silent for a while and explained.

At the same time, it was making plans for Jiang Chen as the two of them were now grasshoppers on the same rope.

On the way to leaving the ancient warship, Jiang Chen was discussing matters with the artifact spirit of the Immortal Boat. After finding a way, his expression quickly returned to calm.

On the other hand, Niu Tian, Wang Ning, and the others still seemed to be lost. It was as if they had not recovered from the blow just now.

"Jiang Chen, it's your turn, what are you still waiting for, everyone is the same now, you can't cultivate in this world, maybe one day you will meet two cultivators and the aftermath will kill us thousands of times..."

Seeing Jiang Chen's indifferent and calm expression, Song Ming, who had just made a mockery of him, couldn't help it, his words were very rude.

He was very unhappy with Jiang Chen's appearance.

After all, things had come to this point, Jiang Chen actually pretended not to care.

It was the same just now, everyone thought that Jiang Chen was so indifferent, maybe he was going to create some kind of miracle but in the next moment he was slapped in the face.

Wasn't the test stone silent?

He even said that the test stone was broken and they had to replace it with a new one. Only Jiang Chen could do such a shameful thing.

He felt the heat on his face. It was very embarrassing. When the rest of the people heard the words, they also opened their mouths with mockery in their eyes.

"Shut up!"

Niu Tian frowned and glanced at the group of companions.

He was tall and burly, and was also measured to have talent at the time. Although he was average, they were by no means comparable to him.

This group of people were very afraid of the tall and big Niu Tian. After a few words, they also shut up.

"I said that the test stone was faulty, but you didn't believe it. Now you're going to blame me again. Oh, that's ridiculous."

Jiang Chen said indifferently, he knew in his heart that he possessed the talent for cultivation, and with this group of classmates who looked down on others, they would soon become different, so he just let them say.

That was the reason he appeared very breezy.

"Ah..." Niu Tian glanced at him and shook his head.

Jiang Chen smiled and said to him, "You don't have to worry, that test stone was broken back then. In fact, you and I both have cultivated talents."

"Ohh?"

Seeing his confident appearance, Niu Tian was also a little puzzled. Could it be that the test stone was really broken?

But he did not ask this.

After all, there were such a group of terrifying creatures around here. If they said something that made them unhappy, who knew what would happen?

"Jiang Chen, was that test stone really broken?"

At this moment, Jiang Chen suddenly felt a gust of fragrance beside him. Hearing this voice, he looked back, and it was Wang Ning with some anxiety on her face.

Wang Ning, for some reason felt that Jiang Chen being so indifferent and confident had a reason, and when she thought about his usual actions, she was more sure about it.

He must know something.

"Umm." Jiang Chen glanced at Wang Ning and nodded.

For Wang Ning, he had never felt anything before, after all, his thoughts were on Xiao Ruoyin.

But now, he suddenly discovered that Wang Ning seemed to be pretty good too. He didn't mind telling her something as an old classmate as he said in a low voice, "The test stone was actually manipulated, the purpose was to drive us away logically..."

Hearing this, Wang Ning's expression moved slightly and she subconsciously thought that this was Xiao Ruoyin's move, just to have an excuse to get rid of them.

**Chapter 350-3: There is such a vicious person in this world, Kill all and leave none (3)**

"Does that mean we are all gifted with cultivation?"

Thinking of this, she suddenly couldn't help being excited. It was simply another thing.

Jiang Chen was about to answer, but he heard a creature beside him say indifferently, "Here it is."

"This is a dense forest. Do you want to leave us here? Don't you intend to send us to a safe place?"

"It's not safe here at all!"

Someone heard this and looked around for a while, voicing their dissatisfaction.

Looking around, there were tall and towering ancient trees, the mountains formed a range, the vines and thorns were scattered, and everything was shrouded in fog in the distance. Even the border could not be seen at all.

And occasionally they could hear the roars of various beasts, and they could even see a lot of exotic birds, with their wings spread out. They looked like a dark cloud, which was extremely terrifying.

*If you leave us here? What's the difference between that and killing us?*

Ordinary cultivators did not dare to break into such a place. They had not even cultivated before, how could they survive?

"Speaking of which, don't you understand?"

The creature who spoke just now grinned, revealing sharp-edged teeth, looking extremely ferocious.

Everyone was so frightened that they turned pale and shivered, and they didn't dare to say a word.

At this time, Jiang Chen, Niu Tian and the others all noticed that something was wrong.

Because the few creatures next to them looked at them with icy mockery and didn't say much.

"Run!"

"They're going to kill you!"

In Jiang Chen's mind, the artifact spirit of the Immortal boat shouted at him, extremely anxious.

**Boom!!!**

The moment Jiang Chen heard these words, it was almost too late to react. He directly ran to the ancient forest in front of him, and the moment he left, a terrifying aura swept out from behind him.

A red glow suddenly erupted, and the nearby mountains seemed to be shaking, about to collapse.

He looked back, and his pupils constricted.

He saw that Wang Ning, who was excited, and couldn't even react, was hit by this red glow. Her whole person collapsed and exploded, turning into ashes in an instant.

As for the rest of the companions, some people didn't react as they were enveloped by this red glow, and they didn't even have the time to scream, directly evaporating.

Those who reacted were almost scared out of their souls, wishing they had more legs to roll and crawl to escape far away.

"Trying to escape? Let me see where you can go."

These creatures sneered as everything to them was a cat-and-mouse joke in their eyes, "Even if you can escape today, you won't be able to survive out of this forest."

Their expressions were very cold and they were not in a hurry. After killing a few people, they slowly chased after them, as if they were going to give Jiang Chen and the others time to escape.

Jiang Chen hid in the dense forest, his heart beating non-stop. He was very nervous, his back was wet with cold sweat and coldness creeping on the limbs.

If his reaction was a little slower just now, he would have definitely ended up like Wang Ning and the others, being smashed to ashes by that red light.

This made him extremely frightened, and his feet were even weak.

It was the first time he had encountered such a situation.

In this world where the strong ate the weak, if there were no means to save life, then his end was really no different from that of an ant and he would be pinched to death.

Moreover, Jiang Chen never imagined that these creatures would be so bold and ruthless that after sending them to this ancient forest, they didn't even plan to let them leave.

This must be the order of that Young Master Gu!!!

Thinking of this, Jiang Chen was horrified.

The other party did not kill them in front of Xiao Ruoyin but did it silently. He was only pretending to be a good person in front of Xiao Ruoyin.

At the banquet, he looked warm and kind but in a blink of an eye, his people were dispatched to take their lives.

How could there be such a vicious person in this world!

It was almost like a human face with a demon's heart!!

Those few of his companions were probably not as lucky as him, and they would definitely not escape this group of creatures with strong cultivation bases who were able to fly through the clouds.

"Niu Tian, don't do anything..."

Jiang Chen looked worriedly in the other direction. Just now he noticed that Niu Tian was running away in a different direction from his.

And Niu Tian's physical strength was much stronger than him. If he could escape, then Niu Tian should also be able to.

"Gu, I will never forgive you! If something happens to Niu Tian, I will definitely not let you go in the future..."

Jiang Chen gritted his teeth, and his heart was cold.

He knew that the so-called Young Master Gu was not a good person but he really didn't expect him to be so vicious.

On the surface, he promised to let them go but secretly he dispatched people to kill them all. When he first met Gu Changge, he was dressed in white clothes that surpassed the snow.

But why were his means cruel to such a point? Did he really not want to leave them a way to survive?

Obviously, there was no grudge between them!

Jiang Chen never hated a person like this before and Xiao Ruoyin staying with such a terrifying person made his back chill and creepy.

"What..."

At this moment, Jiang Chen heard a scream from a distance.

This made his complexion change dramatically. The voice he heard belonged to one of his companions, and it seemed that the other party had been brutally murdered.

This made him feel even colder in his heart, he didn't dare to stay here any longer and turned around, hurriedly escaping toward the depths of the dense forest.

Above the sky, divine lights swept over one after another, flying through the clouds and diving through the fog, covering the sky and the sun.

After these creatures were transformed into their original forms, they were extremely terrifying, like gigantic hills with black clouds tumbling, chasing and killing them.

This terrifying aura was like a big mountain pressing on the top of the head, making people unable to breathe at all.

Jiang Chen kept running away, pressing into the depths of the dense forest.

The nearby ancient trees were getting taller and more prosperous while the branches and leaves alone could cover a small piece of the sky.

"In order to kill a few of us mortals, so many people were sent..."

Jiang Chen clenched his fists tightly. He didn't know where the strength arrived from, supporting him to keep fleeing.

Further back, the miasma and mist here were thicker, Jiang Chen even felt that his body was going to be corroded, and he couldn't bear this kind of aura.

"Immortal Boat, hurry up and think of something for me, otherwise I will die, and you will not be able to live without a host..."

Jiang Chen gritted his teeth and communicated with the Immortal Boat in his mind.

"You have to keep running to the front. The terrain here is not good. Once you get inside, as long as you move the terrain of the mountains and rivers, I will block the group of creatures behind..."

The artifact spirit of the Immortal Boat was also anxious. His voice trembled, and he was extremely worried. He never expected that things would turn out like this.
