### **Chapter 351-1: Watching the leeks grow vigorously, can be regarded as an unexpected joy (1)**

"What the hell is going on here? Why did she send us here, and try to kill us all? Could it be that Xiao Ruoyin arranged all this? But we have no grievances with her, why did she do this..."

"No, this is not arranged by Xiao Ruoyin, she is innocent, she can't do such a thing!"

"That should be Mr. Gu's doing... Damn it, why did he do this? We have no grudge against him at all!"

In the other direction, Jiang Chen's friend Niu Tian was also desperately fleeing.

His face was pale, his back was cold, and his limbs felt weak. If he was even half a step late, he would have collapsed to the ground just now.

He couldn't believe that the odd-looking creatures would suddenly attack them, making them so terrified with the thought that they wanted to kill them all.

They first brought them into this desolate dense forest, after which they tried to kill them and destroy their corpses.

This simply left them no way out.

Even if they escaped the pursuit of these creatures, it was estimated that they would not be able to escape this dangerous ancient forest and would eventually die there.

"That Young Master Gu is exactly what Ah Chen said. He is not a good person at all. How wrong of me to think that I actually thought he would be a kind person!"

Niu Tian gritted his teeth, and it was the first time that he hated a person so much.

He now remembered what Jiang Chen had said prior and he was sure that the test stone was really manipulated, and its purpose was to drive them away in order to kill them.

In this way, even if Xiao Ruoyin succeeded in her cultivation in the future, if she wanted to search for their traces, she probably would not be able to do it!

"It's such a vicious mind! Xiao Ruoyin is simply in too much danger to be around that Young Master Gu... Who knows what plans Young Master Gu will have for her..."

Niu Tian gritted his teeth and kept moving deep into the ancient forest.

But soon, he heard a scream behind him, it was from one of his companions, which made his complexion change drastically again.

Fortunately, Jiang Chen's reaction was faster than his at that time. For some reason those creatures were not in a hurry to chase them and were moving just like a cat catching a mouse, letting them flee first.

If they wanted to catch them, it shouldn't be that hard either.

"If I can get out of here, I will definitely take my revenge!"

Niu Tian's face was full of hatred.

Then, the deeper he escaped, the denser the fog was turning.

The ancient trees were towering, and there was even a gray miasma in the distance, which contained strong corrosiveness.

Niu Tian felt his skin tingling, almost like it was about to crack as blood seeped out, but his blood was a little strange, not normal red, but with a touch of gold.

He didn't notice this now and was still burying his head and escaping forward.

**Boom!!!**

Suddenly, he felt a terrifying aura appear above the sky, the black mist rolled outwards, and the scales flickered, like an extremely terrifying giant beast hovering there. The breath alone could make people breathless.

"Not good, I was caught up..."

Niu Tian's complexion changed drastically, and he didn't have time to react, so he hurriedly hid in the swamp ahead, not daring to move at all. His body was covered in rotten leaves and silt.

He held his breath and waited for the terrifying beast in the sky to leave.

"I noticed you, do you still want to run away?"

However, the terrifying beast seemed to have noticed where he was, and there was an icy mockery in his eyes.

Then, red lightning spewed out of his mouth as it streaked over the swamp, and landed on Niu Tian with a bang, leaving behind several terrifying cracks as ravines appeared nearby.

"Puff!"

Faced with such a terrifying blow, Niu Tian's face suddenly turned into despair. He had a premonition that this blow would blow him to ashes, just like his previous companions, directly destroying both his body and spirit.

But he didn't expect that in the next moment, a strange force appeared within his body, moving along the limbs, emerging from every cell as it turned into a faint golden mist that wrapped around him.

Scarlet lightning fell, and the sky shook. The mountains roared as if they were about to burst!

And he just snorted as a mouthful of blood spurted out, several bones were broken along with some internal organs, but there was no serious problem.

"What happened just now?"

Although Niu Tian was shocked, he quickly reacted as he hurriedly got up from the swamp, and fled forward staggeringly all the way.

When this strange energy poured out just now, he was completely stunned, and he never thought that there would be such a change.

Were there any secrets hidden in his body?

"What?"

"What's going on? Could it be the strange change that the young master said to be reported?"

"Then... give him another chance to escape."

Although the terrifying creature in the sky was also surprised for a moment, his eyes could not help but narrow, showing a color of interest.

Although the attack just now was not even one percent of its strength, killing a mortal was simply a breeze, effortless.

It seemed that there was something extraordinary about this Niu Tian.

Afterward, it rode the black cloud and slowly chased Niu Tian in front. But it didn't seem to be in a hurry which seemed like mocking, asking the other person to continue running.

Against a mere mortal, it was only a matter of thought to catch up for him, and letting them escape like this was nothing more than Gu Changge's order.

As for the reason, it couldn't be guessed, and the thoughts of the young master were not something he could speculate.

"Damn, there's a cliff ahead..."

However, Niu Tian in front did not escape for long and soon became desperate.

Amidst the rolling clouds and mists ahead, there was a terrifying stream of astral wind which seemed to be able to blow away the human skeleton and soul.

Three feet away from him, it was a bottomless abyss.

If he fell, with his current physical condition, he would definitely turn into a lump of flesh in an instant, and there would be no second possibility.

In front was the cliff and there were pursuers behind!

This made Niu Tian extremely desperate. His face was pale, and he was hesitating whether to wait for death on the spot, or jump off, maybe there was a chance of survival.

"Why don't you run away?"

Above the sky, the black fog slowly surged over, and the terrifying beast that had just shot turned into a human figure, displaying great interest with a playful look.

"Why are you chasing me? We have no grievances or enmity."

Niu Tian gritted his teeth, forcing himself to calm down at this time, and couldn't help shouting and asking, with a strong sense of unwillingness and anger.

"Do I need any excuse to kill an ant?"

"I gave you so much time to escape and let you live but you were caught up by me. How do you want to die?"

The creature laughed and didn't say much before the big hand went straight forward. The black mist surged as the divine light was like a tide, and it was about to slap Niu Tian to death.

"I'd rather jump than die in your hands..."

"Tell the master behind you, if I survive this, I will pay him back for everything he has done sooner or later!"

Seeing this scene, Niu Tian gritted his teeth and shouted angrily, but he was very resolute.

In the next moment, he turned around and ran towards the cliff in front of him. He jumped forward without any hesitation and fell into the abyss. It was very likely that his whole body would be reduced to the flesh.

"If he just jumped down like this, how should I explain to the young master?"

"Forget it, anyway, the young master also said to give them a chance to live, if they can't get it themselves, they can't blame anyone."

Seeing this, this creature frowned and his expression was a little unsightly. He didn't expect that a good cat-and-mouse game would end up like this.

But in his opinion, although this Niu Tian was a bit special, in the face of this abyss, if he fell, it was a dead end.

Thinking of this, his figure flashed, and he rode the fog and rose into the air, intending to go back.

.....

On the other hand, Jiang Chen still didn't know what happened to his friend Niu Tian, ??because he could not even protect himself now.

Although he tried his best to escape, in the end, he was just a mortal. After the rest of his companions screamed, Jiang Chen knew that something was wrong.

Now, three incomparably terrifying creatures swept through the black mist and appeared in front of him. Their scales and wings covered the sky, completely surrounding him.

The nearby mountains and ancient trees collapsed and were all razed to the ground. He had nowhere to hide and was intercepted by them.

These three creatures were extremely terrifying, their eyes were full of interest and playfulness, and they didn't seem to be in a hurry to attack as it depended on how he responded.

"What should I do? Am I going to die here today? I'm not reconciled..."

Jiang Chen's face turned pale, he shouted wildly in his heart and communicated with the artifact spirit of the Immortal Boat, feeling extreme fear.

If there was no other way today, he would really die here. The strength of these creatures in front of him was too terrifying.

Just the permeating aura made his legs weak, and he couldn't help but kneel on the ground, not daring to move.

Even the Artifact Spirit of Immortal Boat in his mind was also extremely frightened. It had just woken up not long ago, and it did not have much strength at all, and it couldn't help much.

And although Jiang Chen himself was the vessel of the Immortal Boat, after he had been reincarnated, he was now only a mortal with a mortal body.

In the face of these few creatures who were at least in the GodKing Realm, there was no way to live.

Could it be that the two of them were really going to be buried here today?

The artifact spirit of the Immortal Boat also became desperate.

If it got a little more time, it was sure to make Jiang Chen a powerhouse. Although it could not compete with these people in front of him, there should be no problem for him to escape.

"Little guy, do you still want to escape at this time? Wouldn't it be better to just wait for death?"

"We let you escape for so long, but you are still caught up by us. How do you want to die?"

### **Chapter 351-2: Watching the leeks grow vigorously, can be regarded as an unexpected joy (2)**

The three-headed creatures appeared above the sky, and the black mist rolled with a playful smile, its expression was like looking at an ant and he could shoot it to death by raising his hand.

Jiang Chen's face was pale and he was feeling extremely desperate. As a mortal, he had not yet stepped into the realm of cultivation, so naturally, he could not be their opponent. Even if he escaped, he would be caught up by them.

However, at this moment, a terrifying spiritual thought swept across the sky. Like a vast sea of ??stars, it smashed into the human world, turbulent and surging, making people feel the feeling of shivering.

"Who is this?"

The expressions of several creatures changed suddenly, staring at the sky, their eyes were extremely dreadful, and they couldn't help shouting loudly.

"Hmph, even in the God King Realm dare to be mad in front of this old man?"

With a cold snort, the figure of an old man in a black robe emerged from the sky. He didn't look tall, with an aquiline nose and a gloomy complexion, giving people a shuddering feeling.

"Puff!"

These few creatures were shocked by the words of the black-robed old man, and their blood was turned over.

However, they were not afraid at all, they reacted quickly and their eyes were full of coldness and murderous intent, and they did not care that the other party was a Sacred Realm existence.

"Do you know who the Master behind us is?" They shouted angrily, "How dare you to save the person our Master wants to kill? You don't know whether to live or die!"

"I don't care who the Master behind you is, get out of here, I am interested in this kid, and if you don't want to die, get out of here!"

"Three God Kings, chasing and killing a mortal, were not they afraid of being laughed at?"

The black-robed old man seemed to have a very hot temper, and he didn't talk nonsense but sneered.

In the next moment, with a wave of his sleeve, a terrifying force seemed to rush towards them.

Immediately, the few creatures in the front choked up blood and flew upside down, and they were instantly fanned to the distance, not knowing whether they were alive or dead.

This sudden scene made Jiang Chen's entire body stunned as his eyes widened, and he didn't react for a while. Could it be that this black-robed old man would be his savior?

It was just that he felt that the black-robed old man didn't seem to be a good person either. Whether it was his face or his breath, it all revealed a gloomy feeling.

Could it be that he just emerged from the wolf's den and fell into the tiger's den again?

But what about facial expressions? When he first saw Gu Changge, who knew he would be such a vicious person?

"Thank you senior for saving my life..."

Soon, Jiang Chen reacted, and he was about to express his gratitude to the black-robed old man in front of him.

"Boy, from now on, I will be your guardian, and I will help you reach the top and compete in the top Realms! Be famous in the Upper Realm!"

"Even revenge would be easy then!"

But along with the sound, an extremely cold hand suddenly rested on his shoulder, as if looking at his physique.

He didn't know when but the black-robed old man had disappeared from the spot, appeared beside Jiang Chen, and said such words.

"Guardian?"

For a while, Jiang Chen was a little stunned and didn't react.

The handsome black-robed old man appeared and saved his life, but now he was going to become his protector?

Was there such a good thing in this world?

"Jiang Chen, you have to be careful, this old man seems to have bad intentions towards you... Don't believe his words."

Seeing this scene, the spirit of the Immortal Boat voiced in an extremely heavy and authentic voice.

Although it didn't know the intention of the black-robed old man, it could sense his bad intentions.

And just as it said.

In the palm of the black-robed old man, a black light suddenly appeared, like a seed, surrounded by black light, looking extremely strange.

The moment this black light appeared, it spread along Jiang Chen's shoulders, toward every inch of his body.

Then it passed through his skin, flesh, and bones, and finally fell to the position of his belly, which was also the place where the spiritual sea was to be formed at the beginning of cultivation!

This black seed was extremely mysterious. It seemed to be composed of countless black runes, but it was extremely dark and had countless mysterious vortexes.

"What is this?"

Jiang Chen widened his eyes in shock, feeling that his every movement, even his breathing, seemed to be fused with this black seed.

In his flesh and blood, a mysterious power emerged, as if it could swallow everything.

This black seed seemed to contain a supreme scripture, mysterious and complicated, and every word was extremely profound!

And at the moment when this black seed fell into his body, Jiang Chen felt that a magical power emerged from his belly, making the terrifying spiritual energy of heaven and earth rush towards him!

He felt a powerful force!

This kind of power even made him feel that in the face of those powerful enemies, he also had the confidence to fight.

"It seems to be an inheritance..."

This scene made the artifact spirit of the Immortal Boat say in shock, "And it feels very mysterious and powerful, although it looks a little evil, and it doesn't look like something famous..."

Hearing this, Jiang Chen didn't care about that, "Evil nature is just evil nature, I don't care."

"Hehe, boy, from now on, you will be the 108th generation descendant of Demonic Art of Ten Thousand Transformations!"

"Did you remember it?"

At this time, the black-robed old man seemed very satisfied with Jiang Chen's shocking performance and patted his shoulder.

On the gloomy face, there was a slight smile, which looked a bit hideous and made people shudder.

"Demonic Art of Ten Thousand Transformations? The 108th generation descendant?" Jiang Chen was shocked. Judging from the name, it shouldn't be a good thing.

But at this moment, he felt a different kind of peace of mind.

Although this black-robed senior looked fierce and not a good person, he not only saved his life.

After meeting now, he even directly passed on his inheritance.

Such a great kindness was simply unrewarding.

After all, how could all kinds of things in this world be clarified by their appearance?

"Thank you Senior for saving my life and passing on your inheritance!"

Jiang Chen quickly calmed down his surging mood and said gratefully.

"Hehe, don't rush to thank the old man, the old man is not a good person. And in the future, if you know what Demonic Art of Ten Thousand Transformations is, it will not be like this, and maybe you will resent the old man!"

Hearing this, the black-robed old man couldn't help but sneer, and he was quite disdainful of Jiang Chen's thanks.

Hearing the words of the black-robed old man, Jiang Chen didn't seem to care, although the black-robed old man said that he was not a good person, compared to the kind of people who pretended to be a good person and turned out to be extremely vicious behind the scenes, he was countless times better.

Jiang Chen also deduced from the name that this inheritance method should not be something of the righteous way. But he didn't care.

"I don't care if Senior belongs to the righteous or demonic faction. Anyway, Senior saved the life of this junior. This is an unchangeable fact."

After that, Jiang Chen let out a long sigh of relief, calmed down, and said so.

"Humph....."

The black-robed old man snorted coldly, but his expression seemed to be somewhat approving.

"It's been a while since I saw someone like you being hunted down. Those creatures don't seem to plan to kill you but to make you despair first... Who the hell did you offend?"

Afterward, he seemed curious and explained, and asked aloud.

"It's a Gu!"

Hearing this, a flash of hatred passed in Jiang Chen's eyes, and he actually knew it, otherwise, how could he have escaped for so long as a mortal?

Gu Changege not only wanted to kill him but also made him feel hopeless and despair!

So vicious, this hatred was simply unbearable!

.....

"Young Master, everything was done according to your instructions, first giving them a chance to live, but apart from the burly man who committed suicide by jumping off the cliff, the man named Jiang Chen was rescued by an old man in black robes who suddenly appeared."

"The rest of the people have been resolved, there is no accident, and their body and spirit were both destroyed on the spot."

In the pavilion, Gu Changge was blowing the teacup unhurriedly, listening to the reports of several creatures in front of him, and nodded slightly.

"Hmm, you can go back."

After that, he took a sip, with his eyes wandering.

Since Jiang Chen's body was transformed by the Good Fortune Immortal Boat, before getting hold of the complete Good Fortune Immortal Boat, he couldn't make a move too early.

Gu Changge simply found a protector for him. Naturally, he had to watch his leek thrive.

As for Niu Tian, ??it was a bit beyond Gu Changge's expectations, but it wasn't a big surprise, after all, he was the friend of the Son of Luck.

His initial plan was to see if the companions of this group of Children of Luck could encounter some opportunities at a critical moment, so as to reverse the situation of life and death.

After all, the so-called Luck was illusory, and no one could say what would happen at the critical moment.

Therefore, Gu Changge let the few sentient beings directly attack them, but unfortunately, except for Niu Tian, ??there was no special place for the others.

All of the others died.

"In this way, after Niu Tian jumped off the cliff, he would not die, but I wonder what adventures he will encounter."

"If he didn't die, he would be blessed. I hope you can give me a surprise when I see you next time."

Gu Changge smiled. He was preparing for this step before, and the fruit of knowledge was not so delicious.

Accidentally harvesting an extra leek could be regarded as an unexpected joy.

### **Chapter 352-1: The seeds of ambition left for Ji Qingxuan, the end of the Vermillion Bird Ancient Kingdom (1)**

After confirming the whereabouts of Jiang Chen and Niu Tian, ??Gu Changge put aside their affairs for the time being.

He didn't care too much. As far as he was concerned, this could only be regarded as a minor incident at best.

The two of them were still mortals now, and even if their Luck was against the sky, it would take a long time for them to grow to the point where they could catch his attention.

At this time, he had to let them develop first, hoping that the next time they met, they could give him a surprise.

Afterward, Gu Changge focused on another matter.

He planned to combine Zi Yang Heavenly King's Immortal Dao Heavenly Eye and Hongmeng Purple Aura.

During this time, he tried to refine it himself. But there was always something missing.

Even throwing the Hongmeng Dao Bone into it would not necessarily make a big difference.

Therefore, Gu Changge dispatched his subordinates to send these materials to the Divine Weapon Kingdom, intending to find someone to refine them for him.

Although the Ancient Immortal Gu Family had a profound background, they were not very good at refining.

The Divine Weapon Kingdom was a special place in the Upper Realm.

Naturally nurtured, the terrain was natural and since ancient times, there had been more than 3,000 kinds of innate formations outlined between heaven and earth.

These formations were especially suitable for cultivators for refining weapons.

Many of the famous divine weapons in the Upper Realm emerged from the Divine Weapon Kingdom.

Even when some enlightened people plan to refine a weapon, they would venture deep into the Realm of the Divine Weapon Kingdom, to the world of millions of fires.

There was Divine fire, Holy fire, Emperor flame... almost everything, and even the trace of Immortal flame had once appeared.

As for Gu Changge, even if he didn't spend a lot of money, there were many old antiques who were willing to refine it for him and wanted his favor.

So he wasn't very worried.

The Divine Weapon Kingdom was vast and boundless, with many sects, most of which were all kinds of refining sects.

Immortal Heavenly Eyes, Hongmeng Purple Aura, Hongmeng Dao Bone... These materials were all sent by Gu Changge.

Next, even if Purple Mansion really rescued Zi Yang Heavenly King, they would find that this guy was actually no different from a cripple.

After all that was done, he was nothing more than an empty bamboo basket!

"If I refine this secret treasure, I may be able to foresee many future fragments in this time, and I wouldn't have to take information from Mingkong."

"Although I tried to fool her, after trying for a long time, maybe she really noticed something..."

Gu Changge had long-term plans. Although Yue Mingkong was a regressor, many things that happened on her timeline had obviously deviated from the current trajectory.

The demise of the Ancestors, the emergence of Absolute Heavenly Extinction, the birth of the Demon World, the establishment of the True Immortal Academy, the riot in the Demon Burial Abyss... This series of events had been very different from what Yue Mingkong had experienced.

At this time, even if Gu Changge asked her about other things, she probably wouldn't be able to say anything useful, so she would have to think carefully about it.

After all, the greater the variable, the less advantage Yue Mingkong had as a regressor.

Moreover, in Gu Changge's view, her identity as a regressor was more like a sudden fusion to obtain a memory of the future. That memory of the future belonged to the normal world trajectory. In this way, it was understandable why there were so many variables.

Afterward, Gu Changge called a group of his subordinates and ordered some things.

He now planned to wait for Purple Mansion to send cultivators to rescue Zi Yang Heavenly King, so he was not in a hurry.

Now the life and death of Heavenly King Zi Yang was completely under his control, and even if an Emperor Realm powerhouse appeared, Gu Changge didn't need to care at all.

If Purple Mansion was smarter, they would understand that an open attack would not have any effect. It would be better to learn from Chu Hao and sneak around to find out where Zi Yang Heavenly King was imprisoned.

Then wouldn't they have a better chance of saving him?

Chu Hao's actions these days made Gu Changge feel that he was almost on the verge of despair.

This kind of process of watching the Child of Luck who was against him continue to despair step by step was also really interesting.

Moreover, Gu Changge had already guessed what Chu Hao was going to do next, which enabled him to prepare a way to attack Chu Hao's Luck point.

"Qingge, have you heard about your sister recently?"

At this time, Gu Changge glanced at Ji Qingxuan, who was making tea for him, with a strange look in his eyes as he suddenly asked.

As it concerned the Hidden world of the Ji family, it was possible to plant a seed called ambition in Ji Qingxuan's heart.

"Huh? No. Why would you suddenly ask about this matter?"

When Ji Qingxuan heard the words, she was stunned for a moment, and her heart tightened.

But then, she asked with a puzzled look on her face.

She felt that with Gu Changge's cleverness, he might have known long ago that she was not her sister Su Qingge, but he never broke it.

Up to now, Ji Qingxuan could only bite the bullet and keep pretending. But now Gu Changge suddenly asked such a question, which really puzzled her.

Could it be that the young master was going to tear down all pretense?

Thinking of this, Ji Qingxuan became nervous for no reason, and she couldn't help but stop making tea.

Even if Gu Changge didn't pursue the matter, she and her sister Su Qingge had teamed up to deceive him together.

But once this kind of thing was confessed, it meant that she could only go back to the Supreme Dao Cave and continue to be the puppet of the Hidden Ji family.

Then one day in the future, as a marriage tool, she would be married to the rest of the family, and she would live a miserable life. How could she have the freedom and identity she had now?

Although she was only a maid of Gu Changge, no one dared to be disrespectful to such an identity.

One must know that in order to please Gu Changge, many people even provided her gifts in secret, just wanting her to speak a few good words to Gu Changge's side.

Of course, she also told Gu Changge about this kind of thing, and Gu Changge just smiled and didn't care.

Ji Qingxuan really liked it and was very satisfied with her current life.

She couldn't imagine the kinds of things she would be forced by the family behind her after she left Gu Changge.

In the first 20 years, she was cautious as if she was walking on thin ice. In order to be valued by the family, she continued to cultivate hard and surpassed the geniuses of her family.

But in the end, she still could not escape the fate of being a tool for marriage. Although Wang Xiao was dead, there would still be another Wang Xiao...

This was her fate.

"It's nothing, I just suddenly remembered the life experience you told me, and I was a little curious. After so long, haven't you thought about going back to the family to take a look?"

Gu Changge asked, with a faint smile on the corner of his mouth, he reached out and took Ji Qingxuan into his arms.

Hearing this, Ji Qingxuan breathed a sigh of relief.

On that flawless, unparalleled, crystal-clear, and snow-white face, deer-like jubilation and happiness suddenly appeared.

"Thank you so much for your concern, I didn't expect you to remember these things." She was a little moved.

Gu Changge smiled, "Could it be that in your eyes, your Young Master is someone who easily forgets things?"

Ji Qingxuan hurriedly shook her head, "No, no, in my eyes, Young Master is the best person in the world."

"Oh, really?"

Gu Changge smiled, lowered his head, put his nose close to her snow-white and delicate neck like a swan, and smelled the fragrant fragrance like an orchid in an empty valley, "Don't you miss your mother?"

### **Chapter 352-2: The seeds of ambition left for Ji Qingxuan, the end of the Vermillion Bird Ancient Kingdom (2)**

Hearing this, Ji Qingxuan's beautiful eyes revealed reminiscence, and her voice was a little depressed.

"It has been almost twenty years since my mother was forcibly taken away by someone from the Upper Realm."

"It's impossible to say that I don't want to see my mother. But Qingge also knows that I'm just an illegitimate daughter from the Lower Realm who is not welcomed by the family, and I can't see my mother. The Hidden Ji family pays attention to blood and reputation. My mother ran away from the marriage, which made the Hidden Ji family lose face in front of many forces. If it wasn't for my uncle's intercession at the time, my mother would have been beaten to death when she was brought back."

"How could they let me take this shameful step into the Hidden Ji family to meet my mother?"

"This is what your sister told you?" Gu Changge asked seemingly casually.

"Well, when I went to see her, she told me. My sister has had a hard time all these years. If she could be like me, and meet the young master earlier..."

Speaking of this, Ji Qingxuan seemed to be touched by something on her mind, and her eyes were a little gloomy.

"Meet me sooner?" Gu Changge smiled, noticing the loopholes in her words, but didn't break it to her.

"Yeah." Ji Qingxuan didn't notice the flaw in her words just now, and nodded sadly.

"Then have you ever thought about overthrowing the Hidden Ji family one day in the future, or... completely controlling the Hidden Ji family?" Gu Changge said with a casual smile.

"What?"

Ji Qingxuan's eyes suddenly widened, and she wondered if she heard wrong. She couldn't believe this sentence.

Overthrowing the Hidden Ji Family? Complete control of the Hidden Ji family?

She knew that with Gu Changge's character, since he said such a thing, he must have a way.

Ji Qingxuan felt her heart beating uncontrollably, she forced herself to calm down.

"Young Master, do you mean..." she asked in a trembling voice.

"That's what my words meant."

Gu Changge smiled and said, "After all, you look the same as your sister... Then you just need to do as I tell you, and no one will be able to find out about it."

"...Control the Hidden Ji family."

Ji Qingxuan felt that her ambitions were growing like crazy at this moment.

She really wanted to agree, but she was also worried that this was Gu Changge's test for her.

Therefore, Ji Qingxuan fell silent.

Seeing this, Gu Changge was not in a hurry, he knew that Ji Qingxuan would promise all this sooner or later.

Her talent was acceptable, but she was not welcome in the family, no matter how hard she worked, she could not get the slightest attention from the family.

She would only have hatred for the Hidden Ji family, but would not have the slightest gratitude.

Speaking of her identity, it was quite suitable, he just had to pass the Immortal Binding Art to her, and she would know what to do.

In the blink of an eye, several days passed, and over the Vermillion Bird Ancient Kingdom, the vast immortal armies approached.

The black clouds rolled, and the ancient warships were in the air, as if they were blocks of continents suspended there.

According to Gu Changge's instructions, Hei Yanyu dispatched an army of one million troops to firmly guard the distance of one million miles from the Vermillion Bird Ancient Kingdom.

The terrifying murderous aura swept through all directions, covering millions of miles.

At this time, even a loose cultivator did not dare to approach at will, making their soul tremble, and they had a premonition that the mountains and rains were about to descend.

**Boom!**

The sky trembled, and thousands of feet of golden light appeared in the void, forming the doorway.

The Purple Mansion's army also appeared in the distant sky at this time, their number was terrifying, and the murderous aura was surging.

It looked like it was about to attack at any time.

The Vermillion Bird Ancient Kingdom, which was already on the verge of disintegration, was now like a small boat in the midst of stormy seas, ready to be knocked over and shattered at any time.

All the cultivators looked at all this in horror, their scalps numb, and they felt that a terrifying battle would soon break out above the Vermillion Bird Ancient Kingdom!

The two armies confronted each other, the momentum was overwhelming, and the boundless murderous aura swept through, and the sky seemed to collapse.

.....

On the other side, just when the Vermillion Bird Ancient Kingdom was on the verge of being broken.

Deep in the majestic and endless mountains.

The two were on their way, heading for a distant land, leaving the territory of the Vermillion Bird Ancient Kingdom.

The terrifying formation above the sky in the distance, although separated by a distance, still emitted vast fluctuations, which made people palpitate as they couldn't help trembling, and wanting to kneel on the ground.

Jiang Chen's expression turned pale, he could clearly see the ancient warship they left, and Gu Changge, whom he hated the most, was still on it.

When he was on the ancient warship, it was difficult for him to appreciate the terrifying power of Gu Changge.

But now, after seeing all of this clearly, Jiang Chen had bursts of heart palpitations.

Millions of troops, flying clouds and driving fog, ancient warships rumbling with majesty, endless divine light obscuring the sky, shadowing endlessly.

This kind of scene that could only be seen in mythology really happened in front of him.

That one million army was not composed of a million mortals!

It was the powerful creatures that chased and attacked. Every breath could make the mountains collapse and the rivers cut off.

A terrifying army of millions like this was actually under the control of Gu Changge alone!

"Senior Black Robe, is such a battle like this rare in this world?" Jiang Chen quickly regained his calm and asked the old man in black robe next to him.

At this time, he didn't believe that Gu Changge would continue to send people to hunt him down, and he was also relieved that the old man in black robe was by his side.

Jiang Chen also learned his name from the explanation of the black-robed old man.

Knowing that the black-robed old man had no place or sect.

During this time, he had been looking for a suitable successor.

And because of the particularity of Demonic Art of Ten Thousand Transformations, it was necessary to find someone with a low status and a high talent for cultivation. It was best to not be seen by the family or sect behind him, or to say that there was no sect or no family.

In this way, Jiang Chen, on the contrary, became the most suitable person.

It just happened that the black-robed old man was looking for a suitable descendant in the nearby sect, and then noticed him.

"Such a battle?"

A sneer appeared on the gloomy face of the black-robed old man, "Do you think the Immortal War is so easy to encounter? It doesn't necessarily happen once in thousands of years."

"If it wasn't for the Purple Mansion this time, how could it have ended like this."

"I see." Jiang Chen breathed a sigh of relief, "This is too terrifying, it's like destroying the world."

### **Chapter 352-3: The seeds of ambition left for Ji Qingxuan, the end of the Vermillion Bird Ancient Kingdom (3)**

The black-robed old man took him to search the entire mountain range nearby.

In addition to finding the aura of a few companions, he did not find the aura of Niu Tian, ??which made Jiang Chen couldn't help but be a little worried.

It could be inferred that those companions had probably suffered from the poisonous hands of the creatures sent by Gu Changge, and no one had survived.

It was just that he didn't know whether Niu Tian was now alive or dead.

"Nu Tian has a natural appearance, so he should be fine. If something happens to him, I will never let that surnamed Gu go."

Jiang Chen's eyes were cold, and then he and the black-robed old man left this place. The two armies above the sky would fight, and this place would be destroyed and destroyed.

The nearby sects had also moved out long ago.

In the past few days, in his conversation with the Immortal Boat, he could feel that the black-robed old man could not be a righteous person.

But after going through the incident of Gu Changge sending people to kill them all, Jiang Chen had already understood the truth of knowing the face but not the heart.

Although he believed in the black-robed old man, he did not have the right to know the truth.

"Next, let's find a force to infiltrate first. With your current cultivation base, if you want to take revenge, it is simply impossible."

"It's not that the old man wants to demotivate you. The surname Gu you mentioned should be the young master of the Ancient Immortal Gu Family... Hehe, the old man did not expect that the young leader with a dazzling halo in front of people and admired by hundreds of millions of people, was behind this guy. What a vicious person!"

The black-robed old man said while leading Jiang Chen in the void space.

"Black-robed Senior, with my current ability, if I want to take revenge, how long do you think it will take me?"

Hearing this, Jiang Chen couldn't help but ask, with a hint of expectation in his eyes.

From the previous words of the black-robed old man, he already knew the powerful horror of Demonic Art of Ten Thousand Transformations.

If he got some more time, was there hope for revenge?

"With your current abilities?"

Hearing this, the black-robed old man sneered and said with disdain, "The old man advises you not to have this idea, even if you get another 10,000 years, you can't do it, and you and him are not in the same world at all."

"Is there such a big gap between me and him? Then, Senior, didn't you say that the Demonic Art of Ten Thousand Transformation is very powerful?"

Jiang Chen couldn't help frowning.

Seeing Jiang Chen's disbelieving expression, the black-robed old man made a mockery without concealment, "Do you know what the term Ancient Immortal Family means? This means the most powerful strength in the Upper Realm. With the strength of the young master of the Gu family, I'm afraid this will be a few more years later. He will take over as the Head of the Ancient Immortal Gu Family, at that time, no one in the entire Upper Realm would dare to disobey his words, do you understand?"

"This is the enemy you will face."

Hearing these words, the Immortal Boat in Jiang Chen's mind also fell silent, knowing that what the black-robed old man said was true.

With Jiang Chen's current ability, it was simply impossible to take revenge.

No one in the Upper Realm dared to go against Gu Changge's words.

Just these words made Jiang Chen feel a deep sense of despair and powerlessness.

Why did he offend such a powerful person when he first entered this world?

"However, Senior, have you ever heard such a sentence, don't bully the poor?"

But soon, Jiang Chen calmed down, but he was still very persistent.

He knew that the character of the old man in black robe was like this. Although it was ugly to speak like this, it was also to make him understand the gap between himself and that Gu Changge, and it was for his own good.

It was just that Jiang Chen firmly believed in one truth. Further ahead the mountains and rivers were filled with doubts, and there was another village.

Thirty years behind, thirty years next, rivers turn.

He had the Immortal Boat of Good Fortune in his hand, so how could he be reconciled?

"Haha, then I hope you can give this old man a surprise." The smile on the corner of the black-robed old man's mouth still seemed very mocking and disdainful.

"Jiang Chen, don't be discouraged by this old guy's words, as long as the two of us re-cast the Immortal Boat of Good Fortune again and control its power, how could that surnamed Gu be your opponent!"

The artifact spirit of the immortal boat consoled.

"I'm not discouraged."

Hearing this, Jiang Chen's expression was unusually calm, his eyes were full of confidence, displaying the vigor of a young man.

The Immortal Boat was his biggest secret, and it was also his strong confidence.

Soon, he followed the black-robed old man to leave this area, and the figure went to another place, and the Vermillion Bird Ancient Kingdom behind him was getting farther and farther away.

"Wait for me, Ruoyin, I will definitely come to save you!"

.....

"It's over, the army of Purple Mansion has already descended from the sky, and they are going to fight Gu Changge here. Hao'er, what do you think about the Father Emperor? Is it true that you can only watch the Vermillion Bird Ancient Kingdom be destroyed?"

In the palace, the Vermillion Bird King slumped on the ground, his voice trembling and full of fear.

Today, the spies arrived to report that, a million miles away from the Vermillion Bird Ancient Kingdom, the void was torn open, and a mighty cultivator of the Purple Mansion had descended here, with a mighty power.

It seemed that he was planning to fight Gu Changge here.

"I know, Royal Father! I'm going to find Wan'er now, and ask her to help me find Gu Changge to intercede. So far, that's the only way."

Chu Hao's expression was equally ugly, and he gritted his teeth.

Although Tang Wan was angry with him and had never seen him, until now, this was the only way.

Now, if he didn't take action, the Purple Mansion army and Gu Changge will fight, and the entire Vermillion Bird Ancient Kingdom was bound to be destroyed.

During this time, he searched everywhere for the place where Zi Yang Heavenly King was imprisoned, but Gu Changge locked him too deeply.

He searched all over the dungeons, but never found the place where Zi Yang Heavenly King was imprisoned.

Chu Hao even suspected that Zi Yang Heavenly King was actually on an ancient warship high in the sky.

In this way, his previous plan to kill first and fight later was completely lost.

"I hurt you..."

Hearing this, Vermillion Bird King's face went pale as he had reached the most desperate point.

He really didn't want to let the Vermillion Bird Ancient Kingdom be destroyed by his own hands. The thing he regretted most now was why he let Chu Hao stay at that time.

In this case, Chu Hao would not offend Gu Changge because of his Junior Brother.

"Father doesn't have to do this. I'll go find Wan'er."

"Uncle, please protect my father."

After Chu Hao finished speaking, he set off directly, took one step forward, and entered the mansion where Tang Wan usually lived.

Bai Yang's eyes were complicated and he nodded. The only thing he could do now was to take Chu Hao and Vermillion Bird King and leave this place.

### **Chapter 353-1: The Son of Luck finally fights, The last hope of Purple Mansion (1)**

At this moment, in the magnificent mansion.

Tang Wan didn't know that Chu Hao was planning to approach her and ask Gu Changge to spare the Vermillion Bird Ancient Kingdom.

"How can the family lose so much during this time... Isn't that stupid?"

Tang Wan sat in front of the stone table, frowning slightly, watching the message from the Tang family.

She was dressed in plain gauze, with her graceful figure and dark eyebrows, exuding a gentle and demure temperament.

Originally, according to Gu Changge's instructions, she stayed in the Vermillion Bird Ancient Kingdom, waiting for her so-called former Dao companion Qin Wuya to find her.

But she didn't expect to receive news from the Tang family.

Some time ago, Tang Tian, ??her playful younger brother, found a mysterious scripture from somewhere. The origin of the scripture was very ancient and mysterious.

After the appraisal, many clan Elders thought that it might be a scripture related to Immortality.

This news immediately caused a sensation in the entire Tang family of the Wan Dao business alliance.

However, the Tang family responded quickly and blocked the news layer by layer, and it never spread out.

After that, many people who cultivated that scripture had improved their cultivation and even broke through the bottleneck that they had been stuck in for many years.

This was naturally a good thing for the Tang family.

But in this way, many clansmen focused their energy on cultivation and family businesses were unable to operate, making them lose a lot in a short period of time.

For this reason, Grandpa Tang finally remembered her, and planned to bring her back to the family and let her take over many of their current businesses,

Originally, this was a good thing for Tang Wan.

But because of Gu Changge's instructions, she could not leave the Vermillion Bird Ancient Kingdom during this time.

This made her face a little sad, and she could only think of an excuse to inform the Tang family that she couldn't go back.

"Is there something bothering Miss Tang? Your brows are so tightly wrinkled?"

At this time, the words of a gray-clothed man reached Tang Wan's ears, causing her to suddenly come back to her senses.

"I'm fine, it's just that the family encountered a little difficulty."

Tang Wan smiled slightly, and the sadness on her face quickly disappeared.

The man in gray standing in front of her was not very tall, and his face looked a little refined, giving people a kind of feeling that he had a great cultivation.

It was Qin Wuya who mixed in with Tang Wan after disguising.

During this time, he could not find the place where Zi Yang Heavenly King was being held, so he gave up.

Waiting for the Purple Mansion army to fight against Gu Changge, just to fish in troubled waters.

However, considering that he would stay in the Vermillion Bird Ancient Kingdom for a few days.

He thought of a lot of ways and planned to contact Tang Wan and stay by her side.

And it just happened that Tang Wan was recruiting disciples, as a result, he naturally became a disciple beside Tang Wan.

In the past few days, he had also gotten to know Tang Wan a lot.

"Is there something that disciple Qin Ya can do to help?"

Then, after placing away the summons in her hand, Tang Wan looked at the man in gray in front of her and asked softly.

She could naturally see that the person in front of her was Qin Wuya who had offended Gu Changge.

It was just a disguise, and his alias was Qin Ya.

That kind of familiarity that arrived from the depths of the soul and seemed to have been together for a long time could not be deceived.

Knowing that Qin Wuya would approach her, she naturally followed Changge's instructions to let him get in touch with her smoothly.

"Oh, it's alright, it's just that when I was patrolling outside the courtyard, I saw that Miss Tang seemed to have a sad face. I was curious, so I couldn't help but come up and ask. I hope Miss Tang will forgive me for the offense."

Qin Wuya showed a kind smile and explained apologetically.

"So that's the case, then I thank Qin Ya for your dedication and concern."

Tang Wan nodded, her expression flat and authentic.

"Can Miss Tang tell me what's going on? Maybe I can help you think of a way."

Qin Wuya then asked again, seeing Tang Wan's sad face just now, he couldn't help but feel a little distressed.

Hearing this, Tang Wan glanced at him and didn't seem to expect him to say that.

After pondering for a while, Tang Wan nodded as there was no place to hide, and said, "Actually, it's not a big deal, it's just the family's communication, they encountered difficulties and asked me to rush back, but because of other reasons, I can't go back right now and leave the Vermillion Bird Ancient Kingdom."

"I see."

Qin Wuya was a little stunned, but his eyes seemed a little gloomy.

He actually knew about the relationship between Tang Wan and Chu Hao.

When he saw Tang Wan for the first time in the alley, the man standing beside Tang Wan was Chu Hao, the Third Prince of the Vermillion Bird Ancient Kingdom.

Later, he inquired and understood the relationship between Chu Hao and Tang Wan.

The two of them had known each other since childhood and were very close. They were childhood sweethearts.

Tang Wan obviously had affection for Chu Hao, and Chu Hao naturally had the same feelings for Tang Wan.

Now Tang Wan said that she couldn't leave the Vermillion Bird Ancient Kingdom. And in his opinion, it was actually because of her relationship with Chu Hao.

After all, the Vermillion Bird Ancient Kingdom would soon be destroyed. This was the doomed result that anyone with discernment could see.

With the battle of millions of cultivators, the Vermillion Bird Ancient Kingdom would be destroyed in an instant.

Chu Hao hoped that Tang Wan could use the strength behind her to help him. But the family behind Tang Wan was not stupid, how could it be possible to help the Vermillion Bird Ancient Kingdom at this time?

In the end, Tang Wan couldn't let Chu Hao go, so she didn't leave the Vermillion Bird Ancient Kingdom.

This was Qin Wuya's idea. At this time, he was even a little grateful to Gu Changge,

He didn't like Chu Hao personally, and for him, the destruction of the Vermillion Bird Ancient Kingdom was a matter of applause.

Tang Wan looked like this now, and in his opinion, it was inseparable from Chu Hao.

"Actually, I think Miss Tang still needs to consider her family. After all, no one can stop the fall of the Vermillion Bird Ancient Kingdom..."

Qin Wuya considered his words and planned to persuade Tang Wan to leave this place and not interfere in this matter.

However, before he could finish his words, a maid hurriedly entered from outside the courtyard and reported, "Miss, Prince Chu Hao is asking to see you..."

"Chu Hao? What is he doing here? Tell him that I don't want to see him!"

Hearing this, Tang Wan frowned and said directly, obviously she hadn't forgotten what Chu Hao did a few days ago.

She had been hiding from Chu Hao these days, not wanting to see him.

In her opinion, Chu Hao was hopelessly stupid. If he really wanted to continue to deal with Gu Changge, it would only be a dead end.

"Wan'er, I'm really in a hurry to find you, and now only you can save me."

### **Chapter 353-2: The Son of Luck finally fights, The last hope of Purple Mansion (2)**

However, Tang Wan's words were not finished yet when Chu Hao's figure had already appeared from outside the courtyard. He ignored the obstruction of the guards and directly broke into the place.

He looked a little worried.

The situation was urgent, otherwise it would not be the same, regardless of whether Tang Wan wanted to see him or not, he had barged in like this.

"Chu Hao, I said that I don't want to see you, but you still forced your way in. Are you not taking my words seriously now?"

Tang Wan's face was full of coldness, and she asked, extremely angry.

"Wan'er, don't be angry. Listen to my explanation. I had a hard time breaking in. Today, only you can save me and save the Vermillion Bird Ancient Kingdom."

"I know you're still angry with me. It's my fault for what happened before. I am sorry. I swear that after today, everything in the future will be yours."

Chu Hao also knew that he couldn't account for any reason in this matter, so he explained it directly as soon as he came, and pushed everything to himself.

"Is everything you say true?"

When Tang Wan heard the words, her anger eased a little. She thought that Chu Hao had already figured out what happened before, and planned to bow down to Gu Changge.

"It's true, and there is not a single lie."

Chu Hao nodded sincerely.

"Chu Hao?"

At this time, Qin Wuya's gaze flickered with coldness. He didn't expect that Chu Hao would directly contact her and even directly break in.

This made him even more disgusted with Chu Hao.

At that moment, his figure flashed, blocking Tang Wan's face, and said coldly, "You didn't get the young lady's permission, but forced in, are you trying to provoke her?"

"Who are you?"

Chu Hao frowned slightly, and a coldness appeared on his handsome face.

In this courtyard, next to Tang Wan, why was there a man with such an unfamiliar face?

Before this, he had never seen Qin Wuya, but this aura seemed to be in the Heavenly God Realm.

"He is the disciple by my side, responsible for protecting me."

Tang Wan was afraid that the two would suddenly fight, and hurriedly explained.

Hearing this, Chu Hao's expression softened a little, and soon he didn't take Qin Wuya seriously.

The most urgent task was to let Tang Wan approach Gu Changge to intercede.

Seeing this, Qin Wuya also snorted coldly and gave Tang Wan a face, but did not do anything to Chu Hao.

"Tell me, what exactly are you looking for, save you, save the Vermillion Bird Ancient Kingdom? What does this mean?"

Tang Wan breathed a sigh of relief and asked Chu Hao.

She really couldn't do such a thing like not care about Chu Hao's safety.

"Now the army of Purple Mansion has reached the sky over the Vermillion Bird Ancient Kingdom, and they will fight with Gu Changge at any time. Once they fight, the Vermillion Bird Ancient Kingdom below will inevitably turn to ashes... Wan'er, you don't want to see the Vermillion Bird Ancient Kingdom getting destroyed, right? You must help me!"

Chu Hao took a deep breath, calmed himself down, and planned to make a long story short.

"Of course I don't want the Vermillion Bird Ancient Kingdom to be destroyed, but how can I stop this?"

Hearing this, Tang Wan couldn't help frowning, feeling that this matter was very difficult to handle, and the Tang family behind her did not dare to offend Gu Changge.

If Gu Changge insisted on dealing with Chu Hao, there was no need to go through so much trouble.

In her opinion, it was purely a small trick used by Gu Changge after learning that Chu Hao still wanted revenge.

This was exactly what Chu Hao knew. If he let go of this hatred at that time, why would things develop to this point?

"No, I know you must have a solution. As long as you go to ask Gu Changge, maybe he will let go of the Vermillion Bird Ancient Kingdom. If Gu Changge wants me to be soft, then as long as he lets go of the Vermillion Bird Ancient Kingdom, The grievances between me and him would vanish..."

"I won't seek revenge on him again."

Chu Hao said, but he couldn't help but grit his teeth when he got to the end, which showed how embarrassing it was for him to say this.

He was arrogant, and it was impossible for him to beg for mercy on Gu Changge before.

But things had already come to this point, so he couldn't help it.

"You already knew this would happen, why did you have to do it?" Tang Wan sighed, not knowing what to say at this time.

Unfortunately, there was no medicine for regret in this world.

"Wan'er, you must help me, now only you can help me!" Chu Hao gritted his teeth.

"You asked me to ask Gu Changge? But how could he meet me, and even if he sees me, how can I persuade him?"

Tang Wan couldn't help laughing bitterly and felt very helpless. She knew Gu Changge's character well, not to mention that Gu Changge had no feelings for her.

Even if Gu Changge had any intentions for her, it was impossible for him to obey her.

Tang Wan still had this self-knowledge.

"Wan'er, I know you and Gu Changge are very familiar. If you ask him, maybe he will consider it."

When he said this, Chu Hao's teeth were about to shatter, and the humiliation was extreme, but he had no choice but to confess everything he saw that day.

This matter had always been something he didn't want to face, but he never imagined that he would confess everything in person in front of Tang Wan today!

"After you left the palace that day, I actually followed you and saw what happened between you and Gu Changge... I know you didn't do it voluntarily, and you had difficulties."

"What..."

When Chu Hao said this in a very humiliating way. Tang Wan and Qin Wuya in the courtyard were stunned, unable to believe their ears.

Tang Wan was struck by lightning, her body trembled and her face turned pale.

She wanted to hide this from Chu Hao the most, but she didn't expect that he would know about it, and he even found out some time ago.

Who would have thought that at that time, Chu Hao was hiding in the dark and completely witnessing everything!

In that case, Chu Hao had been pretending not to know for a while, but in his heart, he already understood everything.

And everything she did, perhaps in Chu Hao's view, was so ridiculous and hypocritical! An unimaginable shame suddenly enveloped Tang Wan.

"So you already knew that."

Thinking of this, Tang Wan's smile was a little sad, but it soon turned extremely cold.

"In your eyes, I'm actually such a woman who climbs the dragon to turn into a phoenix. You saw it right at the time. I took the initiative to please Gu Changge. As long as I can get into Gu Changge's eyes, it will not only be me, but also my family. The Tang family behind me will have countless glory and wealth. And you are just a little prince of an ancient kingdom. What can you give me, you can't even enter the Tang family behind me..."

"Wan'er, I... I know you're not such a person. You had difficulties at the time."

Chu Hao was also stunned. He didn't expect Tang Wan's reaction to be so great after telling this story.

He wanted to explain, but Tang Wan's eyes were engulfed in icy coldness, which made him look unfamiliar.

### **Chapter 353-3: The Son of Luck finally fights, The last hope of Purple Mansion (3)**

Especially what she said now was extremely harsh to Chu Hao's ears.

In this situation, combined with these words, wasn't it the situation that the Vermillion Bird Ancient Kingdom was facing?

"Chu Hao, shut up! Are you still worthy of being a man?"

Qin Wuya's eyes were also red at the moment, and he stared at Chu Hao, never expecting to hear such a thing.

Chu Hao was simply not worthy of Tang Wan's affection for her. He clearly knew that she had difficulties and couldn't help himself, but now he wanted her to go to Gu Changge to beg for mercy?

From what Chu Hao said, he could guess that Gu Changge at most threatened the Tang family behind Tang Wan and asked Tang Wan to do things for him.

But in Chu Hao's eyes, that was the sign of the close relationship between Tang Wan and Gu Changge?

Thinking of this, Qin Wuya was also full of anger. It was too late for him to take care of Tang Wan, and now Chu Hao was still hurting her heart so much?

**Boom!!!**

At this moment, a terrifying aura erupted, and Qin Wuya moved directly towards Chu Hao.

The tyrannical supernatural power, overwhelming the sky, turned into a giant golden bell, falling down the waterfall-like order, suppressing as it descended!

With his strength, he could face even ordinary Supreme beings with ease, and in Qin Wuya's opinion, dealing with this Chu Hao would not be a problem at all.

"Pufff..."

Caught off guard, Chu Hao's body took this blow solidly, and he immediately flew backwards from the spot. His physical body almost exploded, looking incomparably wretched.

And the nearby buildings and pavilions exploded into ashes in an instant.

The general Quasi-Supreme could not resist Qin Wuya's angered strike, and this was still the result of his desire of not destroying the place, otherwise the Vermilion Bird Imperial Capital, just now would have been turned into ashes!

"Quasi-Supreme!"

"Damn it, who the hell are you? There can't be such a strong person around Wan'er!"

Chu Hao stood up from the ground with difficulty, covered in blood, gritting his teeth and staring at Qin Wuya with a deadly stare.

At this time, he was naturally furious, being attacked by someone, how could he give up in peace?

With such thought, Chu Hao also took action, displaying a powerful divine ability, Quasi-Supreme pressure swept through the sky and underground, attacking Qin Wuya.

The two Great Sons of Luck, at this moment were finally exchanging blows, and their terrifying moves were frightening.

"....." Tang Wan watched all of this dumbfounded, completely at a loss for words.

And just at the moment when Chu Hao and Qin Wuya were fighting. Far above the dome of the sky, there was a shocking fluctuation that emerged from the sky.

It was a world-shattering aura that suddenly swept down, and a great star trembled, like a sieve to fall down.

The celestial universe trembled, the heaven and earth twisted, and there resounded the sound of boundless killing and destruction.

It was hard to imagine what kind of great battle was happening there, using the concept of sea that was divided by the cross-current was not at all too much.

On the ancient warship, a figure stood still with face blurred, five-colored divine light dazzling, white clothes like snow, robe fluttering, with a transcendent aura.

"This Tang Wan has not let me down....."

Gu Changge's smile looked intriguing as he heard the system prompt sound. He then waved his hand, and a million troops behind him rushed straight to the front of the Purple Mansion's army!

This big battle, it was also time to pull out the prologue, just to see the results of Hei Yanyu's training in this period of time.

However, in the battle between the Sons of Luck, the dissipated Luck points from them fell into his hands.

This was something that Gu Changge had not anticipated before.

### **Buzz!!!**

A tidal wave of armies rushed out, and the lowest cultivation among them belonged to the False God Realm beings who had experienced many trials and tribulations.

They appeared from the shore of the ancient warship and swept forward to attack.

They were all holding ancient divine weapons, covered with Immortal glory, and with a great murderous aura, as if they had returned from the hell.

Each mount was a pure-blooded creature, raised by the Ancient Immortal Clans since childhood.

The armor was engraved with powerful runes, and the divine light was faint, powerful and boundless.

When rushing to attack, it also revealed a variety of different formations.

When they cooperated with each other, the power was so great that even existences with higher cultivation than them would have palpitations and dare not compete.

The Purple Mansion army did not expect Gu Changge to be so strong. They were not even given a chance to react as Gu Changge had directly dispatched his army to attack. In this way, completely disrupting their plan to rescue the Zi Yang Heavenly King.

The army was routed!

Seeing all this, Chu Hao, who was fighting with Qin Wuya, was also desperate at this moment, not expecting that Gu Changge would not give him any room for salvation.

"No..."

He couldn't help but hiss, his eyes glowing red, like a beast on the verge of death.

"Escort Zi Yang Heavenly King out."

In front of the ancient warship, Gu Changge stood with his arms folded, and as the command was passed down, a prisoner was quickly pushed out.

It was none other than the unconscious and bloodied Zi Yang Heavenly King.

"If you want to save him, then feel free to try." Gu Changge's words still seemed to be lightly spoken.

"This moment of Young Master Gu is so terrifying, one thought overthrows countless people..." In the distance of the ancient warship, Xiao Ruyin, who was watching this scene, could not help but shiver, her face slightly white, and this was the first time she witnessed such a vast and terrifying war.

From the beginning to the end, the fact that the young man in front of her would decide the life and death of countless people had not changed.

**Buzz!**

**Buzz!**

**Buzz!**

As Gu Changge's words fell, an ancient warship trembled, and the ancient divine formation lit up with brilliant light, interweaving with billions of light.

With the star map pulse branding it turned into a matchless sword light drenched with killing aura that swept through all directions, splitting the heaven and earth and blasting at the army of the Purple Mansion in the front.

This was a scene that shocked heaven!

This sword light, containing the most powerful strike beyond the Sacred Realm, the general paramount would be close to the shattered, the body and soul.

Any cultivator would also have to turn pale.

The chaos in front of them was tossed, the heaven and earth were separated and seemed to be fractured.

The Purple Mansion's army collapsed, just in an instant tens of thousands of cultivators turned into ashes, and the body and spirit were both destroyed!

Under such aftershocks, the many frontiers of the Vermilion Bird Ancient Kingdom were like broken porcelain pieces, easily worn away.

"No..."

Looking at this scene, the Vermilion Bird King despaired and instantly fainted to death.

Distantly, in the rest of the ancient kingdoms, countless cultivators, too, were so frightened by this scene that their souls trembled and they fell to their knees.

**Boom!!!**

Sensing the terrifying aura emerging from this oppression, a shocking aura rushed up among the boundless army of Purple Mansion.

Those were three supreme beings!

"Youngest child of the Gu family, don't be rampant!"

On top of that, in the deepest part. A majestic and thick sword aura that emerged like a mountain and sea covered swept in, a strand of sword intent that cut down many stars outside the sky.

That was a magnificent figure, his cultivation level had reached the Quasi-Emperor Realm!

This was the most powerful force that the Purple Mansion could send out today to rescue their last hope!

**Chapter 354-1: Attack until the sun, the moon, and the sky change to a new face, I am the retribution of the Purple Mansion (1)**

"Is there only one?"

On the ancient warship, Gu Changge watched this scene, and although there was a faint smile on his face, his expression looked thoughtful.

If the Purple Mansion had only sent out one Quasi-Emperor Realm powerhouse, it would have been impossible to rescue the Zi Yang Heavenly King from him. After going through all the trouble, they only came here for nothing?

"The Purple Mansion should not be stupid enough to do so. There should still be someone hidden in the dark, were they waiting for the critical moment to strike?"

Gu Changge did not feel that the Purple Mansion had the guts to dare to break the boat at first.

For the sake of the Zi Yang Heavenly King, they didn't even want to protect their residence and dispatched all of their power to this place.

But now it seemed that he should have thought wrong.

All the hopes of the Purple Mansion were now gathered on the Zi Yang Heavenly King.

Although the army of the Purple Mansion now looked very sad and was retreating, Gu Changge could clearly see that this was the other party's intention.

As for the purpose, it was easy to guess it, wasn't it only for paralyzing him and letting him carelessly drop his guard?

"Interesting, since this is the case, it seems that the Purple Mansion's many reserves have all been dragged here at this moment, just waiting to save the Zi Yang Heavenly King and then immediately move away. Now, the sect within the Purple Mansion's frontier should only be left as an empty shell."

"The various great sects are swarming up, and it seems like they would end up getting nothing."

Gu Changge's eyes could not help but narrow as he thought of this and waved his hand.

Behind him, several Quasi-Supreme beings appeared, all of them were Old Ancestor figures of the Ancient Immortal Clans, with terrifying auras, suppressing this nearby void.

"I wonder what the Master's command is?"

This group of existences looked respectful and asked, they didn't go with the army to fight, but stayed inside the ancient warship to protect Gu Changge.

"You guys go and kill all those young disciples in the Purple Mansion's army. Leave no one behind. Pay attention to those with good qualifications, if you encounter those with average qualifications, just ignore them for now."

Gu Changge said indifferently and emphasized.

It wasn't that he was merciful, but the disciples with average qualifications would not be of much use at the end of the day.

Since the Purple Mansion intended to play dirty with him, then Gu Changge did not mind making the Purple Mansion understand that he would extinguish their so-called last fire.

Now that the Purple Mansion suffered a great disaster, in order not to let the inheritance be cut off, it would definitely take away some of the disciples with good qualifications.

And according to the current situation, these disciples should all be mixed in the Purple Mansion's army and were fighting with the Ancient Immortal beings.

"Yes, young master!"

After getting instructed, the group of Quasi-Supreme powerhouses did not dare to ask the reason as their figures flashed and swept directly to the army in front of them.

### **Rumble!**

The divine light surged, the great palm covered the sky, and in the middle of the battle, pieces of cultivators fell, too dense to be counted!

With the addition of the Quasi-Supreme powerhouse, the battle situation once again underwent a huge change.

The army of the Purple Mansion was already in defeat, and now it was helpless, retreating towards the back.

All kinds of killing and roaring sounds shook the sky.

Blood and bones poured out, and the rain of blood could be sensed from afar, making people's bones shudder.

The two people who were fighting, Chu Hao and Qin Wuya, were also separated by this scene in front of them. For Qin Wuya, what he wanted to do was to fish in troubled waters while the Purple Mansion and Gu Change were fighting in order to rescue Zi Yang Heavenly King.

While Chu Hao had now simply turned mad, after witnessing the boundaries of the Vermilion Bird Ancient Kingdom crumble in this instant, and the city getting destroyed.

Hundreds of thousands of years of heritage were cut off at this moment.

"Ahhhhhhh... Gu Change, only one of us can stay alive between you and me..."

Chu Hao couldn't help but hiss, his eyes turning scarlet.

At this time, if he didn't escape, he would definitely end up the same as the Vermillion Bird Ancient Kingdom.

Today, within the Imperial Capital, there were all the sounds of panic and despair.

All the cultivators, finally understanding what they would face today, began to flee in the distance but many of those who could not escape in time encountered a wisp of fluctuation that escaped down in mid-air and instantly turned into pieces, ashes, and smoke.

This was the greatest catastrophe and doomsday for the Vermilion Bird Ancient Kingdom.

The corner of Qin Wuya's mouth displayed a cold smile, not the least bit sympathetic. Instead he turned to look at Tang Wan, who still looked a bit dazed, remembering important things.

Then, with a flash of his figure, he quickly left this place and used the transmission talisman to notify that ancient being from Reincarnation Lake to rush here and help him to rescue Zi Yang Heavenly King.

"It's all coming after all..."

Tang Wan quickly also reacted and looked at Chu Hao with a slightly complex gaze. After that she became cold, and her figure also fled in another direction as if she no longer cared about him.

In her opinion, Chu Hao was not worth her like before, doing everything for his own sake.

.....

"Is this the cruelty of the cultivation world....."

Xiao Ruoyin walked over with a pale face. This was the first time she saw such a cruel and vast war, her legs almost went weak, and she could not even stand straight.

The cultivators and beings who fought and killed in it, each of which was a million times stronger than her and yet they ended up losing their lives in just an instant.

There they crumbled and exploded, becoming a rain of blood, and their bodies and spirits were both destroyed.

She couldn't hold back the churning in her stomach and forced herself to look straight at it, after all, she would have to survive in the midst of such a world in the future.

But after a few glances, she felt unable to stand. Under the influence of such a great battle, human life was like mustard, tens of thousands of lives could be turned to ashes with the snap of a finger.

"Young Master Gu faced such a war, but his face did not even change a little..."

Xiao Ruyin's heart gave birth to admiration for Gu Changge.

At the same time, there was faint awe and fear that was not clear even to her.

Before this, Gu Changge gave her a sense of transcendence and handsomeness.

But now that kind of deep and cold seemed like darkness, as if seeing all beings as indifferent. It made her feel a kind of fear and uneasiness.

"Young master Gu, have you ever seen such a war?"

Xiao Ruoyin forced herself to calm down, walked to Gu Changge's side, and couldn't help but ask.

"It's the first time I've seen such a war too."

At that, Gu Changge gave her a sideways glance, revealing that smile that made Xiao Ruyin feel familiar.

Xiao Ruoyin's beautiful eyes were a little surprised, "I thought that Young master Gu had already seen all this."

### **Chapter 354-2: Attack until the sun, the moon, and the sky change to a new face, I am the retribution of the Purple Mansion (2)**

"Not really. If it weren't for the Inheritor of Demonic Art, I wouldn't want to start this cruel war, but if we don't stop the Purple Mansion, there will be more cultivators and living beings that will perish because of it."

Gu Changge shook his head, his voice carrying some light sigh.

Xiao Ruoyin nodded, although she heard a little and did not understand very well, it was clear that this was Gu Changge's way of starting such a war in order to save more people.

"As expected of young master Gu, his heart is righteous, it seems that this Purple Mansion is not a good thing either."

Xiao Ruyin thought secretly in her heart, her expression had already recovered her calmness.

She already knew from the mouths of the rest of the living beings that the purple-robed man who was held in the prison ahead had colluded with the inheritor of demonic art and brutalized the world's living beings.

Many cultivators died at his hands.

Death was indeed not enough for such a scourge.

"Junior!"

And just when Xiao Ruoyin's mind was stirring with thoughts.

A cold humming sound emerged violently from the front, causing her to abruptly come back to her senses.

Her delicate body trembled straight, her face turned white, and she felt like her ears were about to be shattered.

If not for Gu Change's hand to dispel this sound for her, it was estimated that the whole person would have exploded just now.

"So scary..."

Fear surged from Xiao Ruoyin's heart.

How terrifying was this power?

They were so far away from each other, but just a sound was enough to make the nearby stars explode.

"Is the old thing planning to bully the young?"

Gu Change said indifferently, taking a step forward with his robe fluttering, his hair like crystal, a multicolored divine light flickering in his eyes, and the whole person looked like he was going to feather his way to Immortality.

He looked into the distance, his body seemed to have a variety of colorful haze, into a variety of laws, rules, and runes.

Then many divine weapons evolved, axes, hooks and forks, swords, spears and halberds, and a terrifying aura emerged.

"Junior, you are provoking us with this?"

This magnificent figure appeared in the depths of the Purple Mansion army, with eyes like two sharp swords, which could crack the sky and break the heaven and earth, flowing with astonishing sword intent.

In its surroundings was an endless flow of divine light, his body was shrouded in chaos.

Endless ritual sounds, and kowtowing sounds surrounded, seeming vast and boundless as if it existed since the beginning of the earth.

All those who looked directly at it felt an amazing tingling, and almost shed tears, their hearts were horrified!

This was a Quasi-Emperor Realm existence!

If one looked at this era, Supreme beings rarely appeared, and a Quasi-Emperor was an invincible existence.

Now that a Quasi-Emperor Realm powerhouse appeared, it made the many Dao systems and cultivators who were secretly watching the battle closely feel incomparably shocked.

If this battle were to take place outside this Realm, it would be absolutely earth-shattering.

It had to be said that the Purple Mansion was really terrifying, causing many people's hearts to palpitate.

One must know that this army was still sent out from the Purple Mansion in the face of desperation from all parties.

After that, they directly broke through the space passage and descended to rescue Zi Yang Heavenly King.

Although it could be seen that Purple Mansion attached great importance to Zi Yang Heavenly King, on the other hand, it was enough to explain the current madness of Purple Mansion.

End of the road?

Not even their sect was spared, was it only to save Zi Yang Heavenly King? Why was that? Was it worth it?

Of course, many cultivators were puzzled, and the more they felt shocked, could it be that there was something special about Zi Yang Heavenly King?

Purple Mansion did not hesitate to go to war with many Dao lineages for him, even if doing so would lead to the destruction of Purple Mansion.

This was not worth it in the eyes of many people.

Among the mighty Purple Mansion's army.

The three Supreme beings appeared, their faces blurred, surging with chaotic mist, and their Dharma bodies standing upright as if they were standing under the starry sky.

With a wave of their hand, the terrifying chain of laws ran through the void, and they moved forward while attacking, and fighting against the Quasi-Supreme beings of Ancient Immortal Clans.

At this moment, the vast aura on their bodies swept through all directions, their eyes were extremely cold, and they stared at Gu Changge on the other side from afar.

Just now, they naturally saw Gu Changge escort Zi Yang Heavenly King out and threatened to try, if they wanted to save him.

Now, such provocative words made them look gloomy.

In the long river of time, when were they ridiculed like this as Supreme beings?

However, the three of them did not dare to act rashly. After all, they had learned from the past, that there was an Emperor Realm powerhouse hidden beside Gu Changge.

The Supreme who arrived to rescue Zi Yang Heavenly King last time died tragically at his hands.

At that moment, the three Supreme beings were standing in the sky, turning their hands into giant hands that covered the sky. They seemed to be transformed into a universe, endless, facing the Ancient Immortal Army in front of them, intending to destroy these armies first.

The faces of the three of them were very ugly. They found that some seedlings hidden in the army were being killed. Gu Changge obviously saw through their plan.

This kind of behavior could be said to be a slaughter, in order to wipe out their last hope!

However, at this time, a golden brilliance suddenly appeared in the Ancient Immortal Army, as dazzling as the splendid sun.

"Provoke you? At this point, don't you still understand?"

Gu Changge's smile still seemed indifferent, and he sacrificed something.

It was a golden decree. It was written in an unknown divine script. It was complicated and ancient. It manifested in the virtual space, exuding a chilling aura.

Vaguely, everyone saw that the golden decree turned into a golden giant sword, entwined with hundreds of millions of golden clouds as they were about to fall from the sky, the sun and the moon shattered, and the stars burst.

This was an unmatched power that had surpassed the scope of the Supreme Realm.

"This is..."

"Emperor's decree?"

"It seems that Young Master Changge has long anticipated all this, but with his strength, even if he sacrifices the Emperor's decree, he may not be able to compete with a Quasi-Emperor!"

The cultivator, who was paying close attention to all this in secret, was shocked and couldn't control his voice from trembling slightly.

Although the power of the Emperor's decree was not as good as the real Emperor's weapon, it contained the full blow of the existence of the Emperor.

Even if the three Supreme beings in front of them joined forces, it was impossible for them to be the opponents of the Emperor's decree.

### **Chapter 354-3: Attack until the sun, the moon, and the sky change to a new face, I am the retribution of the Purple Mansion (3)**

But in addition to the three Supreme beings, there was also a Quasi-Emperor, which made the situation a bit delicate.

"Junior of Gu family, you are in vain as the leader of the young and righteous path. You have a sanctimonious appearance and concealed evil intentions. You framed the descendant of my Purple Mansion, and you have done many things that are devoid of conscience. It is simply unbearable."

"Even if my Purple Mansion is over today and gets destroyed, one day, someone will come and avenge us!"

The three Supreme beings stared at Gu Changge with cold eyes and hatred.

"At this point, you are still trying to throw dirty water on me. It's a shame."

Gu Changge looked at them with a calm expression, and then smiled slightly, "Forget it, since the Purple Mansion insists on self-destruction, then don't blame me."

After that, the golden decree suddenly rose behind him, with an endless golden mist as if it was from a distant era, where various ancient divine techniques evolved.

Gu Changge's body lit up with dazzling brilliance, and even his hair seemed to be glowing. With the vast aura, he activated this decree to make it burst into the most powerful force.

Finally, the word "annihilation" appeared in the sky, which could overwhelm entire eras!

It was an unspeakably horrific sight.

The expression of the three Supreme beings changed, and they all activated their weapons, and the universe was covered as if even the heavens and the earth could be put in it.

This kind of aura swept through the sky and the ground. If these huge waves in the void were slapped together, covering the starry sky and the universe, countless creatures and cultivators would kneel on the ground in horror.

The war broke out with a bang, and the affected people were extremely terrified!

The rest of the sects within a radius of a million miles were swept away by this aura, and everyone knelt on the ground tremblingly, unable to stop trembling, feeling that this was already at the level of extinction.

Even if it was a Sacred Realm existence, if it accidentally got involved at this time, there would only be a dead end, and there would be no second possibility.

The endless brilliance exploded there, splendid to the extreme, all kinds of Supreme means, powerful to the extreme, it was no longer what ordinary cultivators could see.

It was as if the time had come to open up the world. All kinds of Dao and law were being interpreted, and all kinds of rules and orders were intertwined and shattered.

The sky trembled, the stars crumbled, and countless killing sounds resounded throughout the sky.

How many times had the battle of Immortality occurred since the beginning of time?

Absolutely few.

There were very few cultivators who witnessed or participated in such battles with their own eyes.

The territory of the Upper Realm was boundless, and each Immortal Sect or Dao Lineage had many affiliated forces, which were intertwined and interdependent.

It was extremely difficult to destroy the Dao Lineage. Unless someone had the power to crush it, there was no force that dared to act rashly.

Because once the battle of Immortality starts, it means that one of the two sides of the Dao Lineage would die endlessly, destroying hundreds of millions of miles across the ocean, and the sun, moon, and universe would change their appearance.

Even in the best outcome, both sides would suffer. The rest of the cultivators would sit on the mountain and watch the tigers fight while the fisherman would obtain the benefit.

After all, even if it was not as stupid as Dao Lineage. In the case of knowing that there were enemies secretly coveting and peeping, fighting with other Dao Lineages, no matter what the final result was, they would be greatly damaged.

But now, Purple Mansion had suffered a great disaster and was besieged by many Dao forces, and its destruction was unavoidable.

At this stage, many people were even speculating whether the Purple Mansion would die or not, and even if Zi Yang Heavenly King could not be rescued, Gu Changge would be killed here.

"Attack!"

This was a terrifying battle that shocked everyone. Above the sky, millions of troops were constantly fighting, blood flowing into rivers.

The endless divine light passed by, it was the interweaving of order, and it was also the collision of thousands of laws.

The huge sound resounded for thousands of miles, the sky trembled, and the stars shattered.

No cultivator could stand safely under such fluctuations, their legs were weak, backs were cold, souls were trembling and they couldn't wait to run away to leave this place.

The big man in the dark observed the battle with his celestial vision and finally saw the three Supreme beings coughing up blood.

Even though Gu Changge's cultivation level was not as good as theirs now, after activating the Emperor's decree, its power was as vast as the sky, causing the three Supreme beings to cough up blood in an instant, and their bodies almost burst.

The wisps of air were swept away, just like the autumn wind sweeping the leaves, and they were directly smashed to the ground.

Drops of the blood of the Supreme beings, floating in the sky, were crystal clear and contained terrifying energy.

It was as heavy as ten thousand pounds, the void cracked open with a thud and the land of tens of thousands of miles suddenly turned into ashes.

At this moment, the Vermillion Bird Ancient Kingdom, which was at the center of the battle between the two armies, crumbled like a piece of crisp paper.

As all the cultivators had expected before.

The entire country was turned to ashes because of the aftermath.

Even the stars in the distance couldn't bear the aftermath of this battle, trembling and falling from the sky at any time.

Whether it was the Ancient Immortal army or the Purple Mansion's army, at this time, they would not care about the life and death of a small Vermillion Bird Ancient Kingdom.

After all, in their eyes, this was nothing more than an ant. During the battle, they accidentally stepped on an ant, who would care?

**Boom!**

The golden decree shone in the sky, although it was only a blow but as it swept down, the three Supreme beings coughed up blood, and their bodies were like porcelain, and they almost collapsed.

"Even at this point, you don't plan to make a move?"

Gu Changge walked into the virtual space, with a handsome face, fluttering robes, and an incomprehensible detachment.

The Ancient Immortal army along the way made way for him, blood intertwined and bones piled up.

And he walked in it with his clothes whiter than the snow, and clean. Many cultivators who were paying close attention to this battle were extremely horrified, and their scalps felt numb because of this extremely shocking scene.

Above his head, in addition to the golden decree, there was also a Supreme vessel floating up and down, as vast as mountain and sea, quiet and boundless.

"Junior, it's too much to deceive people! You will receive retribution sooner or later!"

The Quasi-Emperor powerhouse from the Purple Mansion had never made a move. While watching all this and waiting to make a move, he had now swept over the people of Purple Mansion who suffered heavy losses.

His face was sinking like water, and there was a terrifying coldness in his words.

"Retribution? I am the retribution of your Purple Mansion."

Gu Changge's face was calm.

**Chapter 355-1: This old mans name is Gu Lang, Thats a complete mess (1)**

Hearing this, the Quasi-Emperor of the Purple Mansion surged with a murderous aura and made a move. In an instant, it was as terrifying as thousands of stars exploding at once.

The energy was too majestic and terrifying that the void trembled like ripped paper and was blasted open.

The rest of the people of Purple Mansion roared and rushed forward again. Many disciples and Elders also had a desperate attitude and wanted to fight with Gu Changge.

But before they had time to get close to Gu Changge, the Great Seal of the Mountains and Rivers suddenly became hundreds of times larger, brimming with endless might and surging aura.

**Puff!! Puff!!**

Everyone exploded in the void and turned into a blood mist before disappearing.

"Junior, you are too confident. Do you really think that if there is a strong Emperor Realm powerhouse to protect you, you can do whatever you want?"

However, at this time, the Quasi-Emperor of the Purple Mansion seemed to sense something.

He suddenly displayed a sneer, and his figure walked over all the distance in one fell swoop.

In the next moment, he appeared in front of Gu Changge, the terrifying Quasi-Emperor Realm pressure crushed him down, and wanted to kill Gu Changge.

This shocking change caused everyone's complexion to change drastically, and they couldn't help but feel astonished, worried for Gu Changge.

When the Quasi-Emperor powerhouse makes a move, how would he fight?

The effect of the Emperor's decree had passed, and even with the Supreme weapon in his hand, it was difficult to compete with the Quasi-Emperor Realm cultivator, unless his mysterious guardian took another shot.

"Oh, isn't that it?"

Gu Changge raised his brows slightly, and a faint light appeared on his body as if a god was sitting cross-legged, wanting to recite the Supreme Heavenly Chant.

In the eyes of everyone, he didn't seem to care about the killing intent of this person, and it seemed more like he had expected it.

"Isn't it?"

And at the moment when Gu Changge's words fell, a voice sounded again from a distant place, as if asking Gu Changge back.

It was misty and hard to find.

This Supreme great sound seemed to have descended from nine heavens, running through time and space, piercing the void and roaring in the depths of the sky. Even the Quasi-Supreme beings were horrified.

All directions resonated, and the world trembled!

In the next moment, a big black hand covering the sky, surrounded by countless black rays of light and chaotic haze, suddenly extended from a distant place, higher than the sky and wider than the starry sky.

Under this palm, a star looked even smaller than dust, and the chaotic energy was entangled with the sun, moon, and stars.

"Hiss!"

"How is this possible..."

"Could it be... a real enlightened person? There is still such a strong person hidden in the Purple Mansion..."

"It's definitely an enlightened person, and someone who has come a long way on this road... This kind of aura was far from comparable to ordinary enlightened people!"

In this scene, almost everyone was horrified and terrified to the extreme, their scalps were numb as their heads were about to explode.

The leaders of the Great Sects retreated into the distance one after another and used Heavenly Techniques to observe the battle.

### **Boom!**

The sky exploded!

When this giant palm fell, it instantly covered the starry sky.

The creatures of the other levels also collapsed quickly, and their bodies and spirits were both destroyed. Under this palm, they were as weak as ants.

The army of millions that seemed to be invincible was wiped out in an instant.

"So you finally showed up?"

Gu Changge raised his eyebrows slightly, his complexion changed a little bit but he still looked calm.

There was speculation before that the Purple Mansion broke the cauldron and sank the boat, and all of their main force was brought here.

Now it seemed that this speculation had become a reality.

### **Buzz!!!**

At this moment, all the ancient warships glowed, intertwined into star-like patterns, absorbing the power and rules in the void to fight against this palm.

However, this palm was really too strong, these light images just shattered in an instant, and they couldn't even fight for a breath. Cracks appeared on many ancient warships, and they were about to be erased by this palm.

And the target was also the Zi Yang Heavenly King who was imprisoned there.

When this palm went out, everyone coughed up blood and retreated, not daring to approach. The palm also grabbed the cage in the hand and wanted to quickly retract it to save Zi Yang Heavenly King.

When it was near, everyone could see that the person who made the move was an old man with an Immortal style.

It was just that his eyebrows were unusually indifferent, his lips were very thin, his big sleeves were fluttering, and his body was full of chaos.

"Greetings, Great Elder!"

The remaining members of the Purple Mansion greeted him with respect, even the very Ancient Supremes beings were extremely respectful.

Hearing this, many cultivators hiding nearby were also shocked. Some cultivators from the older generation thought and recalled in their minds what kind of person this Great Elder of Purple Mansion was.

Afterward, their faces changed dramatically, and there was a deep sense of astonishment.

"It is said that the Great Elder of Purple Mansion once set foot on the Immortal Road, but for some reason, he finally retreated. This is an unfathomable existence!"

"I didn't expect that he would actually take action in person. With his strength, I know it is an easy thing to save Zi Yang Heavenly King, but is it even like this?" Some people were shocked, but they said that they didn't understand why the elders of Zi Yang would attack at this time.

Was it because he was afraid of Gu Changge's other methods?

"Great Elder of Purple Mansion? It seems that everyone has appeared together?"

At this time, aware of the whispers of many spiritual senses in the distance, Gu Changge smiled faintly, and his eyes fell on the existence of the Quasi-Emperor Realm in front of him.

In the next moment, a sword art suddenly rushed out from his sleeve, radiant with brilliance, with a boundless killing aura.

The sky was turned upside down, the sun and the moon turned dim as countless attacks and calamities suddenly appeared.

**Puff!**

"What..."

The existence of the Quasi-Emperor didn't react at all, his eyes widened, and he spurted out a mouthful of blood.

His eyes were horrified, and there were blood holes in his body that were transparent from front to back, which looked extremely scary.

In his original plan, he wanted to delay the Emperor Realm protector of Gu Changge, so that the Great Elder had a chance to rescue Zi Yang Heavenly King.

But he never imagined that Gu Changge actually possessed such a secret treasure, and its power was so terrifying that it even pierced through his flesh.

And up to now, Gu Changge, the incomparably mysterious Guardian, had yet to show up, which made him even more uneasy.

However, the Elders had already taken action to rescue Zi Yang Heavenly King, and their goal had been achieved. It was time to retreat, otherwise, they would not be able to leave if the army of the Ancient Immortal Gu Family arrived.

And this scene shocked everyone again.

They thought that Gu Changge only had an Emperor's decree, but who would have thought that he still had a secret treasure?

Although it was only a single blow, it could seriously damage the existence of a Quasi-Emperor.

Everyone didn't know how much means Gu Changge still had, or if he had a premonition of all this, and the Ancient Immortal Gu Family had long been prepared to give Gu Changge a lot of life-saving things?

"Zi Yang!"

However, right at this moment, the Grand Elder of the Purple Mansion, whose face had been indifferent, suddenly roared out in anger.

His voice contained a palpitating ice cold and killing intent, as if it could freeze and crack the sky.

Those who heard it turned pale, those who saw it were frightened, involuntary trembling, and their souls were about to collapse.

Everyone felt the anger of Purple Mansion's Great Elder and murderous aura.

The gaze of Purple Mansion's Great Elder was cold, staring closely at Gu Changge, hating to cut him to death in a million pieces to end his hatred.

"By the way, I forgot to mention before, Zi Yang Heavenly King is now a crippled person. Even if all of you rescue him, it is estimated that it will not help. So the Junior doesn't really understand why Seniors would go through all the trouble of trying to rescue a crippled person?"

"Besides, Zi Yang Heavenly King colluded with the inheritor of demonic art and deserved to be punished, so it's considered merciful for Senior to keep him alive."

Gu Changge looked at him, smiled and said, but his voice carried a faint mockery and disbelief.

The moment he said this, this place immediately set off a boundless tide of frenzy, everyone had a sense of horror, being shocked to the point of no return.

On the one hand, it was because of Gu Changge's unconcealed tone.

On the other hand was his move.

It turned out that the Purple Mansion had gone through a lot of trouble, only to have the Zi Yang Heavenly King saved in the end. Yet he turned out to be a cripple?

"The Hongmeng Dao Bone and Immortal Dao Heavenly Eye are all gone..."

The Quasi-Emperor Realm powerhouse who was injured by Gu Changge's secret treasure mumbled as his gaze fell on the rescued Zi Yang Heavenly King. His expression also changed instantly, incomparably shocked, and even iron-blue.

"Junior, how dare you!" His voice contained endless anger.

Zi Yang Heavenly King was unconscious, and things such as the Hongmeng Dao Bone and the Hongmeng Purple Aura Seed had long been scavenged clean by Gu Changge.

As he said, Zi Yang Heavenly King was now crippled.

And what they saved in the end was just a ruined man?

How could the people of the Purple Mansion not be shocked and angry?

"What a vicious mind, the world says you are the young leader, strongest in the same generation, what a great irony... Today if you don't hand over Zi Yang's dao bone, no one can save you!"

The face of the Great Elder of the Purple Mansion was gloomy and terrifying, appearing to have become furious to the extreme.

### **Chapter 355-2: This old mans name is Gu Lang, Thats a complete mess (2)**

Why did he go to the trouble of cultivating the Zi Yang Heavenly King for?

Wasn't it because of that one, who had deduced that the future of the Purple Mansion was in its body?

But now that Zi Yang Heavenly King had been turned into a cripple. His Dao bone, the cultivated Immortal Heavenly Eye, and the fused Purple Aura Seed were all taken away by Gu Changge?

He also showed great righteousness, saying that it was for the sake of the world?

Such a cruel and shameless person was worthy of the title of young leader?

"Senior, forgive me for not agreeing with this. Moreover, the Dao Bone of Zi Yang does not belong to the older generation."

Gu Changge still smiled and opened his mouth, looking cloudy and light-hearted.

"You are seeking death!"

Hearing these words, the Great Elder of the Purple Mansion finally could not hold back. The icy cold eyes, as if there were cosmic changes, the birth of all things, appalling to the extreme.

With a ray of light, as if it passed through the years, the ancient and modern, insight into everything.

The void trembled and was easily torn apart!

This was the power of a person who had become a Daoist, a terrible Emperor's might!

No one could stop it, even the Supreme being and the Quasi-Emperor, they all had to submit and their souls trembled.

### **Rumble!**

"This old man wants to see who can save you today!"

His voice was indifferent, even after knowing that behind Gu Changge, there might be an Emperor Realm protector standing, he didn't care, and was sure of killing them all together!

When this palm fell, the sky suddenly turned black, and not a single ray of light could be seen.

The army, which had already suffered heavy casualties, was also even more appalled and frightened.

The terrifying Emperor's might poured down, heavy as billions of divine mountains, the void cracked, and all the formations on the ancient warship destroyed.

Under this kind of breath, the sky and the universe were overturned, too terrifying.

All the stars on all sides also broke apart, directly into pieces, forming a chaotic nothingness.

Everyone's soul was about to split open and the Great Sect masters, who were hidden in the shadows, were also horrified as their muscles were cracking open, and they backed up extremely fast to leave this place.

Gu Changge faced this palm, his expression remained unchanged, he knew that Gu Qingyi could feel all this.

With her strength, it should not be difficult to resist the Great Elder of the Purple Mansion.

For Gu Qingyi, he had a lot of trust, so he did not resist. But in the next moment, he did not wait for Gu Qingyi.

"This is..." Gu Changge slightly raised his eyebrows and felt a familiar fluctuation coming from the bloodline.

"This."

The Great Elder of the Purple Mansion didn't know what he saw in his gaze that was originally cold to the extreme.

In the next instant, there was suddenly a smear of shock, and then arrived a sense of disbelief, permeated with horror!

**Puff!**

The light of the sky dimmed, as if the clouds broke and the light descended. The palm he used to attack was suddenly split open!

It was a long black knife that arrived from nowhere, plain, but entwined with an ancient and mysterious dao rhythm.

A knife fell, directly piercing through the palm of his hand, splitting it open in the air!

The blood was dripping, carrying the multicolored Emperor's might, falling from the long sky.

A drop of blood was like containing a small world, incomparably amazing, but there were indelible rules of the blade dao, strong and domineering!

Everyone looked at this scene and was horrified.

What a terrifying powerhouse was this? He severed the palm of the Great Elder of Purple Mansion with one slash? That was a complete mess.

"Who is it?"

The voice of the Great Elder of Purple Mansion was mixed with a trace of fear and trembling, a kind of shock that made him unbelievable.

He stared at the direction from where the knife fell just now.

But there was no turbulence there, it was like a silent darkness.

"These days, all cats and dogs dare to bully my Gu family."

"I have a handful of old bones left and I finally climbed out to see the younger generation, but I encountered such a terrible thing... When the Patriarch of Purple Mansin was still a cow herder, the old man also gave him pointers."

This was a slightly helpless sigh, but it seemed to be frivolous and casual.

Everyone's eyes suddenly widened, and they were horrified by these words.

In the next moment, an old figure slowly emerged from the void.

His face was genial, with a childlike face and bold hair. His spirit was vigorous, and he had an aura of detachment.

When he was young, he was bound to be handsome.

However, as he kept walking, the old face became younger, his facial features were handsome, his hair was crystal clear, seemingly like an Immortal.

*Who is this black-clothed man who suddenly appeared?*

Doubts arose in everyone's mind.

"Who are you?"

The Great Elder of the Purple Mansion felt fear from the black-clothed man in front of him. It was the first time he had felt this way in countless years of cultivation.

This man was stronger than ever!

"Who am I? The old man's name is Gu Lang." The black-clothed man smiled.

In the next moment, he suddenly slapped his palm forward, just like the action of the Great Elder of Purple Mansion just now, understated, but strong and domineering.

This palm was very simple, and there was not even any flow of Taoism.

However, this icy sense of life-and-death crisis made the Great Elder of Purple Mansion change his expression.

Because he hadn't felt it for countless years.

This ultimate killing intent could destroy everything and make his scalp tingle.

In the next moment, he shouted angrily, and the laws of the Emperor Realm emerged beside him.

All kinds of rays of light appeared, and the Supreme Immortal Energy turned into a True Phoenix, a True Dragon, Xuanwu, etc., soaring into the sky, shaking the universe.

The breath of Emperor recovered and swept in directly, causing a sensation in many areas

Countless Supreme beings were awakened from the long sleep and looked away.

The Great Elder of the Purple Mansion showed his most powerful move. The Dharma body appeared in the universe, far more than a million feet, and at the same time, he sacrificed a pole of purple gold floating to destroy the universe.

However, Gu Lang's expression was still indifferent.

In the beginning, this palm was only the size of a grinding disc, but it quickly spread out, and hundreds of millions of divine lights bloomed, descending like a river of stars, falling down like the sky and the earth, pressing forward with sheer momentum.

Many means had all been wiped out.

**Boom!**

"Impossible, there are no Immortals in this world..."

This scene made the Great Elder of Purple Mansion look horrified, with despair in his eyes.

"Remnant Immortals are also Immortals."

The Eighteenth Ancestor of the Gu Family shook his head slightly, "But this is not the power of the Immortal Realm, it's just that you are too weak."

As his words fell, the palm fell with a puff.

Hundreds of millions of divine lights emanated from this place, and blood shot into the sky!

There was a dead silence all around!

"This is impossible..."

"How could the Great Elder..."

Everyone from the Purple Mansion was in despair, with chills surging all over their bodies, trembling souls and not daring to move.

"Ancestor?" Gu Changge's eyes flashed strangely, and in the wave of his hand, the army attacked again, sounding in all directions, with a monstrous momentum.

Finally, the battle was over.

Among the shocking gazes of many Dao Lineages and cultivators, an Ancient existence who was suspected of Enlightenment countless years ago was shot to death in the air, and fell down with one palm.

The scene just now was really amazing, and many people couldn't help shivering.

Who would have thought that the last thing would be like this? They thought that the Great Elder of Purple Mansion who appeared was powerful and invincible.

This battle was doomed and could not be changed.

No matter how strong Gu Changge was, he was only a young man in his twenties.

How would he fight back?

But who would have thought that an invincible existence of the Gu family would suddenly appear.

"The background of the Ancient Immortal Gu Family is terrifying. I don't know what kind of identity this black-clothed man is in the Gu family. If he can easily kill the Great Elder of the Purple Mansion, then he is at least an Enlightened person!"

"Even among the Enlightened people, the strength of the Great Elder of the Purple Mansion is estimated to have gone a long way..."

"Is it really the power of Immortals?"

The shock of this scene was too great, and everyone couldn't forget it at all, and they were still trembling.

"Is this the background behind Ancient Immortal Gu Family? It's terrifying..."

It was the first time Xiao Ruoyin had seen such a terrifying scene, and her expression was expressed.

She just learned from her teacher, Yan Ji, that the background behind Gu Changge was terrifying.

Now it seemed that her imagination was still too lacking.

One thought decided the life and death of countless people, and this terrible power alone made people feel deeply suffocated.

Xiao Ruoyin felt that she was lucky. If she hadn't met Gu Changge, she probably wouldn't have had the chance to reach this level.

Perhaps in Gu Changge's eyes, her talent was actually the same as that of mortals, and there was no difference.

Thinking of this, she felt that she was a little fortunate.

### **Chapter 356-1: The war is finally over, The shocking and deep background disturbs the Upper Realm (1)**

With the death of the Great Elder of the Purple Mansion, the rest of the cultivators from the Purple Mansion chose to surrender in desperation.

The battle that shook all the Dao forces finally came to an end.

Within a million miles, the stars were shattered and the sky disturbed.

One could even see many manifestations of the Laws of Heaven, and there were scenes of Gods, Demons, Immortals, and Buddhas crying.

As if they were saddened by the death of the Enlightened being and many living beings who perished in this war.

There was a rain of blood in the sky, and corpses were seen everywhere. The tragic appearance made people palpitate.

Some less courageous cultivators looked at it from a distance, their faces turned pale, their stomachs could not help from tumbling as their legs went weak, and they almost knelt down.

It was devastating!

The cultivators and creatures who died in this battle were simply too many to count.

Even if it was an existence of the Sacred Realm, in this kind of war, they might not be able to save lives, and it might have even been rhythmic because of the aftermath of the Supreme battle.

There were several Quasi-Supreme existences from the Purple Mansion alone that perished.

After the three Supreme beings finally realized that the situation could not be reversed, they also chose to surrender in desperation as they no longer had the confidence they had before.

Who would have thought that the Ancestor of the Gu family, who suddenly appeared, was so powerful and terrifying?

Even someone as strong as the Great Elder was also killed by his palm.

This was definitely the heaviest blow to the people of Purple Mansion.

It was conceivable that after today, Purple Mansion would be removed from the world.

After all, it was also an Immortal sect, but in a flash, it turned into ashes and perished in the long river of history.

This made many cultivators who witnessed this scene sigh. There was a kind of sadness due to the death of a rabbit and a fox. But soon, they felt a lot more at ease when they thought that this was what Purple Mansion asked for.

To collude with the inheritor of demonic art and to be enemies all over the world, was the end.

"The background of the Ancient Immortal Gu Family is absolutely beyond imagination. The strength of this Gu family's Ancestor alone is enough to destroy the background of many Immortal sects..."

Some Great Sect leaders, using the means of Heavenly Techniques, watched the battle from beginning to end from a distant place, and their words were full of emotion at this moment.

"Speaking of which, when Purple Mansion insisted on colluding with the inheritor of demonic art and opposed many Dao lineages, they should have expected this consequence..."

An old man nodded and sighed.

Of course, he didn't feel that Purple Mansion Mansion was pitiful. It was still according to the old saying, if they knew about today, why would they do it in the beginning?

In this world, if there was even the slightest relationship with the inheritor of demonic art, it would have no good result.

"Young Master, what should we do with the remaining disciples of Purple Mansion?"

The figure of Hei Yanyu appeared beside Gu Changge and asked respectfully.

Gu Changge narrowed his eyes and said, "Whoever surrenders will live, and whoever dares to resist will be killed."

Many elite disciples of Purple Mansion were brought here as the last hope, and they planned to wait for the end of this battle to be taken away by the Elders of the sect and find a place to make a comeback.

But they didn't expect that because Gu Changge noticed it in advance, he dispatched the Quasi-Supreme beings of all the Ancient Immortal Clans to attack, and now they were almost dead.

At this moment, they naturally heard Gu Changge's words.

Those who were angry had unyielding hatred in their eyes.

But before they could say something, they were noticed by Hei Yanyu. With a wave of her hand, a palm print fell across the sky, instantly killing them.

"Can't you understand what my Young Master said?"

Her face was full of coldness, her eyes fell, and she slowly swept over everyone.

The terrifying power made people tremble.

With the lessons learned from the past, the rest of the people in Purple Mansion could only hide it in their hearts no matter how unwilling they were, and did not dare to show the slightest anger, hatred, and other emotions on their faces as they kept silent.

The expressions of many Elders were full of bitterness and helplessness. Who would have thought that their Immortal Sect, Purple Mansion would have such a day?

The three Supreme beings were silent, and in the face of this scene, they did not dare to make trouble.

They were tricked with good fortune?

No, it sounded like they were looking to find their own way.

In fact, many people secretly resented Zi Yang Heavenly King, all of which were caused by Zi Yang Heavenly King.

But they also knew that this was nothing more than an excuse for Gu Changge to attack Purple Mansion, and it had nothing to do with Zi Yang Heavenly King.

"Sir, how should we deal with these submissives?"

Soon, Hei Yanyu took the people of the Ancient Immortal Continent to patrol for a week. Seeing that no one dared to resist, and asked respectfully.

"From today onwards, restrict their cultivation base. For the time being, they will belong to my Gu family for a hundred years, and then free them after a hundred years."

Gu Changge ordered casually, and it didn't take long for the fate of everyone in the Purple Mansion to be decided.

The complexion of the people of Purple Mansion changed suddenly, and they went faintly pale.

Although this was not a high punishment, for them, who had always been high above, it was tantamount to knocking down the world from the sky and becoming a miner-like existence.

"Do you have any objections?"

Hei Yanyu's eyes coldly swept over them.

Everyone from the Purple Mansion gritted their teeth in humiliation. Did they dare to object at this time? Compared with losing one's life, mining for a hundred years was considered extremely kind.

Afterward, from the many ancient warships behind Purple Mansion, Gu Changge collected a lot of good things, divine weapons, divine medicines, sacred pills, and minerals... All of them were the accumulation of Purple Mansion's heritage over the years. Loaded on some ancient warships.

Earlier, he already found out that Purple Mansion must have taken away a lot of their foundation and did not stay in the sect.

In this way, it was cheaper for him.

The hearts of everyone from the Purple Mansion were dripping blood, especially when Gu Changge glanced at a few Supreme relics and realized the Emperor's Realm, and then just discarded them, they felt dizzy.

"The inheritance of the Purple Mansion is nothing important..."

Gu Changge flipped through the pages at will, and then just gave these things that he despised to the various clans of the Ancient Immortal Continent.

This scene made many cultivators in the vicinity envious. This was the accumulation of Purple Mansion over the past countless years!

If one said it was a reward, it would become a huge reward!

There were many cultivators who were still fighting at the Purple Mansion Mountain Gate, and they might not even know. After the Purple Mansion was destroyed, they would get nothing and would only be working in vain.

After solving these matters, Gu Changge looked at Gu Lang, who had always been interested in the distance, and slightly cupped his hands.

"Changge greets the Eighteenth Ancestors."

"Oh? How do you know I'm the Eighteenth?"

Gu Lang descended from the sky, his dark clothes fluttered, and his face quickly grew old again as he spoke.

He looked a little curious and asked with a smile.

Gu Changge smiled and said, "Ancestor Gu Lang's prestige is naturally like thunder, and I have already seen it in the family tree. I once heard that the Ancestor slashed the Ancient Immortal Road with a knife, but I never had the chance to see you. Seeing you in this way is satisfying."

In his original plan, he planned to let Gu Qingyi take action. After all, it was impossible to reveal his true strength in such a scene.

The appearance of this Ancestor Gu Lang was somewhat unexpected to Gu Changge, but it also happened to solve a problem for him.

These words were naturally random words.

And Gu Changge told the truth, he actually wanted to meet the Ancestors of the Ancient Immortal Gu Family.

After all, the existences that could reach this stage were all protagonists of the era when they were young, invincible vertically and horizontally, and they had their own style.

"Although I know you're just flattering on the surface, this old man still loves to hear it."

"It seems that you should have known for a long time that the Great Elder of Purple Mansion was hiding in the dark. Were you waiting for the old man to take action?"

At this time, Gu Lang really looked at Gu Changge.

The rune of the Great Dao loomed in his eyes, and finally, he tutted in admiration, "My dear, it's quite hidden."

In his scrutiny, Gu Changge still had a fog that made him unable to see clearly. But he didn't care either. Who didn't have a few such things as secrets?

Since he couldn't let him see through, this could only show that the means that the things Gu Changge was hiding were not simple!

"Ancestor is overpraising."

Gu Changge smiled and said, looking decent and natural, but without losing the respect for the Elders.

"You have such strength in your early twenties, you are much stronger than this old man."

Gu Lang shook his head and smiled. He was quite fond of a younger generation member like Gu Changge's. Although his methods were indeed cruel, whoever made such a big plan would not have come step by step like this.

In fact, after he left the Gu family, he traversed the space and arrived here.

Then, he looked at Gu Changge's many methods to deal with Zi Yang, and he didn't think it was inappropriate.

Originally, he didn't intend to take action and was going to watch the play in secret, but the Great Elder of Purple Mansion didn't even give him any face and wanted to kill a Junior, which angered him.

Just when Gu Changge and Gu Lang were talking, the territory of the Vermillion Bird Ancient Kingdom had already been turned into ashes.

Chu Hao looked at the ruins in front of him, his fists clenched and his teeth clenched.

The whole person was like a beast that had injuries everywhere with red eyes and a desperate roar.

## **Chapter 356-2: The war is finally over, The shocking and deep background disturbs the Upper Realm (2)**

In the end, the Vermillion Bird Ancient Kingdom was still destroyed.

No matter how hard he tried, he couldn't stop it.

The kingdom he gave everything he wanted to protect was still no match for Gu Changge's order.

The huge gap and sense of powerlessness in this background were enough to make him crazy and desperate. Chu Hao didn't even know that he had no chance to take revenge.

"Hao'er, go back to the sect with your uncle first. You don't need to worry about the affairs of the Vermillion Bird Ancient Kingdom. Now Gu Changge is in full swing... You'd better not take the initiative to provoke him."

Bai Yang, who was on the side, persuaded him in a helpless and worried tone.

He knew how Chu Hao was feeling at this time, but this was how the world worked. The strong eat the weak, and things compete for natural selection.

His strength was not enough, even if he had the intention to stop it, he was still unable to recover.

Gu Changge far surpassed Chu Hao in terms of strength and background.

Now, even though many people had noticed the Vermillion Bird Ancient Kingdom that was destroyed by this battle, they would not stand up and say anything more as they turned a blind eye and did not see it.

"Master... I hate it!"

Chu Hao's face was flushed red, and his hatred was overwhelming. Seeing his appearance, Bai Yang was worried that he would suddenly go crazy.

Immediately, he attacked him to stun, and then brought up the Vermillion Bird King, who was already in a coma by the side. His figure swept as he quickly disappeared from here, and was about to return to the mountain gate.

He planned to let Chu Hao calm down for a while first, preferably after breaking through the Supreme Realm and becoming the future Palace Master of Supreme Dao Cave, so that he would have a chance to take revenge, otherwise, everything would be in vain.

If Chu Hao stood out and argued with Gu Changge at this time, Gu Changge might just find an excuse and directly kill him here.

On the other side, Qin Wuya, who was hiding in the ruins, didn't look good either.

He originally planned to fish in troubled waters, taking advantage of the war between the two armies to rescue Zi Yang Heavenly King.

But who would have thought that this battle would end so quickly, that the Great Elder of the Purple Mansion was so powerful, but he was still shot to death.

Even if Zi Yang Heavenly King was rescued by him in the end, it was estimated that he would not survive. After all, even the Hongmeng Dao Bone, the Immortal Heavenly Dao eye and other things were dug up by Gu Changge.

He could only say that Gu Changge was too cruel.

"Junior Brother Zi Yang..."

"It's not that Senior Brother didn't try to save you. If I did something at this time even I wouldn't be able to escape."

Qin Wuya gritted his teeth secretly as he weighed the matter, and finally gave up. He was not sure that he would be able to rescue Zi Yang Heavenly King, not to mention that after he was rescued, Zi Yang Heavenly King was in such a state, and it was difficult to survive.

Otherwise, why would everyone from the Purple Mansion be so angry?

"Junior, you are pitting against the deity! Going to rescue the so-called Zi Yang Heavenly King at this time, isn't it a death sentence?"

At this moment, in the void, there was also a voice with fear and anger.

"Senior..."

Qin Wuya smiled bitterly, looking very helpless, and he didn't expect things to turn out like this.

"Young One, do it yourself, after offending the Ancient Immortal Gu Family, you won't have any good fruit to eat. What you promised you before is all void, and the deity won't ask for that..."

The ancient existence of Reincarnation Lake was very decisive. After saying this to Qin Wuya, his figure disappeared through space.

It even felt that the ruthless man who slapped the Great Elder of Purple Mansion to death with a palm glanced in its direction.

Immediately, he felt cold sweat as his soul light swayed, for fear of being slapped to death by the other party.

Seeing this, Qin Wuya didn't dare to say anything more.

Now no matter who it was, as long as they saw the scene just now, they would be frightened.

The Great Elder of Purple Mansion was definitely one of the characters standing at the peak of the Upper Realm. With such strength, destroying a Realm was just as easy as the palm of your hand.

But it was so shockingly photographed that he died here. He believed that after the news of this spread, it would be a huge sensation in the entire Upper Realm.

Afterward, he took a deep look at the sky, and the figure disappeared from there, heading to the mountains. Now the only concern left in his heart was Tang Wan.

As for Gu Xian'er, Qin Wuya didn't expect to restore her past life memories or anything.

After all, judging from her current relationship to Gu Changge, Gu Xian'er wouldn't believe what he said.

Why did Zi Yang Heavenly King provoke Gu Xian'er? In his opinion, it was entirely because of Gu Xian'er.

Perhaps in Gu Changge's eyes, Gu Xian'er was already his family, so how could he allow others to interfere?

Soon, the news of this place came out, there was a huge sensation in the Upper Realm, and all the forces and cultivators were shocked. In the territory of the Purple Mansion, after many Dao lineages broke through the Purple Mansion's mountain gate and entered it, the entire area was like a broken bamboo, and no one could stop it.

The huge Purple Mansion, with a long heritage, disintegrated in one day and went to ruin.

The former Patriarch of Purple Mansion, Liu Ming, the Holy Maiden of Purple Mansion Liu Ziyang, and many Elder disciples who opposed the actions of the Purple Mansion's Great Elder were released from the dungeon of Purple Mansion.

Facing this scene, they were even sadder and in the end, they could only sigh and choose to take the remaining disciples and find another place.

In this regard, the Dao forces such as Emperor Mountain, Endless Fire Nation, and the Ancient Immortal Gu Family never felt sorry for them.

The Elders of the Purple Mansion went their own way, causing the Purple Mansion to go to ruin, and although the Patriarch and others of Purple Mansion were willing to stop them, they were unable to return to heaven in the end.

Seeing the once prosperous sect turn into ruins, they could only let out a sigh, and feel sad.

In this battle, the heritage and strength displayed by many Dao traditions also shocked all parties.

Especially the Ancient Immortal Gu Family, when they finally fought against the Purple Mansion's army, two Emperors rushed out along with three Quasi-Emperors, and as for the Supreme beings, there were ten.

Not to mention the cultivators of other levels, it was almost impossible to count them.

Such a background made all the Dao forces terrified and deeply disturbed.

Even if it was an extremely long-standing heritage and had produced several Emperors, it was far from enough to be seen compared to the Ancient Immortal Gu Family.

In addition, the battle over the Vermillion Bird Ancient Kingdom was also particularly eye-catching.

Purple Mansion secretly transferred many elite disciples and backgrounds away. There was even the Great Elder in charge, who intended to rescue Zi Yang Heavenly King, but was shot to death on the spot by an Ancestor of the Gu family, which shocked everyone.

After this battle, whether it was the Ancient Immortal Gu Family or Gu Changge, the limelight once again reached a peak, unmatched by anyone.

"The so-called cultivation, the first is to cultivate the physical body, after refining, the second is the dantian."

"The Dantian is the wheel of life for cultivators, and it is also the root of all cultivators. It is transformed by spiritual energy, the origin of energy, and even the legendary immortal energy. The Dantian is completely transformed into an endless source of life. One drop is enough to live forever...."

"And Dantian is to cultivators, just as the origin is to all things, without a strong Dantian, no matter how strong the cultivation base is, it will be difficult to display strength. The strong Dantian is like the sea, enveloping all the world."

"For the weak, the Dantian is like a bean..."

At this moment, Xiao Ruoyin was cultivating on a piece of bluestone, and a faint glow appeared on her body.

On the side, Gu Changge took a sip of tea, his eyes were light, and he spoke slowly for her.

After this battle, Gu Lang, the Eighteenth Ancestor of the Gu family, and many Dao masters who were watching the battle had already left and did not stay long.

However, Gu Changge did not leave immediately.

Instead, he let Hei Yanyu collect the many origins of the cultivators who fell in this battle for him.

For him, this was a cultivation resource that could not be wasted, and he might be able to break through the Quasi-Supreme Realm.

In this battle, there were too many cultivators who had fallen, and there were several of them in the Quasi-Supreme Realm alone.

It was just that the territory of Purple Mansion was too far away from this place, otherwise, Gu Changge would have sent someone over.

However, having said that, the Purple Mansion's territory was not very calm.

If he sent someone to collect the origin, he might be noticed, but there was no safety here.

Now within a radius of one million miles were all his people, the rest of the cultivators and creatures, at this time, did not dare to enter rashly.

### **Chapter 357-1: True genius and false genius, Peacefully returning to the True Immortal Academy (1)**

"Is it because I'm too stupid, it's been three days and I still haven't activated the spiritual sea yet, I've also spent so many resources of Young Master Gu and swallowed so many pills....."

Hearing Gu Changge's words of explanation, Xiao Ruyin opened her eyes and looked a little lost.

Yan Ji on the side looked calm as she slightly shook her head, and said, "Your qualifications are very good, even for some more outstanding geniuses, it took several months to activate the spiritual sea at the very beginning of cultivation, you sensed the spirit energy on the third day, this speed is already very scary."

"According to your current speed, at the latest in one month, you will be able to activate the spiritual sea, don't be anxious."

At these words, Xiao Ruoyin felt much better and motivated. She couldn't help but nod her head and say, "Mm-hmm, I know Master, I will definitely work harder on my cultivation."

After saying that, she secretly glanced at Gu Changge and lowered her head again.

In the past few days, she also came to know some things from the rumors of the outside world.

More so, she clearly knew some common sense concepts and the general background of the forces in this world and so on.

So Xiao Ruyin could feel how terrifying Gu Changge's identity was, and there was huge pressure in her heart.

Because of this relationship, in front of Gu Changge, she also did not dare to detain as before.

After all, the more she knew, the more she could feel this heavenly rift that was like an insurmountable gap.

It was the answer to the saying that those who do not know have no fear.

Xiao Ruyin also admired her previous self that possessed the courage to talk to Gu Changge like that.

No wonder Gu Changge found it interesting at the time. He even said that it was the first time a woman had said such things in front of him.

That was because the women he met before were not as ignorant as she was, and were incomparably afraid of Gu Changge, not daring to say much.

Thinking of this, Xiao Ruyin was still a little glad, if she was not a transmigrator, with no modern thinking, even at that time, she wouldn't have had the courage to speak to Gu Changge.

And now what qualifications did she have to be on the sidelines to have Gu Changge's guidance?

On Gu Changge's side, which genius did not have a peerless, terrifying talent, and was powerful?

She was the only one who was ignorant like a fool.

"Sir Gu, at the risk of asking, how much time did you spend when you first activated the spiritual sea?"

However, Xiao Ruyin was also very smart.

She guessed that Gu Changge found her interesting probably because she dared to open her mouth and talk to him about something that the rest of the women didn't dare to talk about.

So her eyes were a little curious and she couldn't help but ask, wanting to have a goal in mind.

And hearing this question, Gu Changge put down the cup of tea in his hand as his eyes looked over.

But that smile made Xiao Ruyin feel as if she had asked a very stupid question.

"To be honest, it didn't really take me long to activate my spiritual sea, because it had already been activated and taken shape long before I was born..."

Gu Changge smiled and seriously answered her question.

"....."

Xiao Ruyin's expression stiffened, and she wanted to say to him that she was sorry for disturbing him, so this was the gap between a true genius and a fake genius.

Before this, she really thought that her qualifications were really good, now it seemed that it was purely because she thought too much.

"Miss Xiao, you do not have to compare with me. There are thousands of geniuses in this world, like carp in the river. They are countless, and your qualifications are already among the best. Compared to them, your starting point is already considered very high."

Gu Changge seemed to know what was in her mind and comforted her.

The smile on his face still looked gentle, elegant, and outstanding. One could not pick out a single flaw.

Xiao Ruyin looked at him with some resentment, was this a comfort? Why did she still feel deeply hit?

"After a while, Miss Xiao will leave with Yan Ji to the Heavenly Dao Immortal Palace to cultivate. There will be many Elders there to guide you, in addition to many fellow disciples, competing against each other, but you will also be able to test each other's cultivation, which will be very beneficial to you."

Then, Gu Changge added, intending to throw Xiao Ruyin to the Heavenly Dao Immortal Palace.

He could not always keep her around, not because he felt that she was an eyesore, but purely because he felt that she was of little use until she recovered the memories of the High Priestess of Destiny.

Besides, it would still take a long time for the Body of Destiny to reach great success.

"Mm-hmm, I'll obey you, Young Master Gu."

"Heavenly Dao Immortal Palace? What kind of place is that?"

With those words, Xiao Ruyin's eyes displayed a divine longing.

She didn't know what Gu Changge was thinking now, she thought that Gu Changge thought that her cultivation was very monotonous and decided to let her join the sect, so she was moved in her heart.

The name of the Heavenly Dao Immortal Palace gave a sense of transcendence and uniqueness.

In the following days, Hei Yanyu sent many strong people to clean up the battlefield. Of course, in the eyes of outsiders, the conclusion of war had many weapons, storage rings, and other things scattered all over. That was also an unspeakable wealth, so someone must clean up.

And taking advantage of this opportunity, Hei Yanyu also took care of Changge's instructions, to collect those whose origins had not disappeared yet.

After devouring and refining these origins, Gu Changge's cultivation level still hadn't broken through to the Quasi-Supreme Realm.

However, the Luck points that he got from Chu Hao, the Son of Luck, when he took the opportunity to destroy the Vermilion Bird Ancient Kingdom, allowed Gu Changge to exchange a lot of transcendental bones again.

After the matter was settled here, Yan Ji took Xiao Ruyin to Heavenly Dao Immortal Palace, and Hei Yanyu led the Ancient Immortal Army back to the Ancient Immortal Continent.

Gu Changge naturally returned to the True Immortal Academy with his followers in peace.

After this incident, Zi Yang Heavenly King died tragically at the hands of Gu Changge, which indirectly led to the destruction of the Purple Mansion.

Six Crowned King Jun Yao, Jin Chan, Heavenly Phoenix Maiden, and others avoided him like snakes and scorpions.

In the entire True Immortal Academy, no one dared to oppose Gu Changge. It could be said that only his one hand covered the sky. The power he held was huge, and even those Elders who had become the Supreme beings also had to fear him.

And after Gu Changge returned to the True Immortal Academy.

Although the initiation trial ended early, the Elders decided to hand some rewards to the disciples based on the number of points they had earned and the number of Heavenly Extinction Beings they had destroyed.

Without any surprise, the one with the most points was naturally Jiang Chuchu, the Holy Maiden of the Human Ancestor Hall.

In this trial, countless Heavenly Extinction Beings had died in her hands. The most important thing was that she had solved a scourge of the Great Heavenly Extinction, so the Elders all praised her, saying that she was worthy of being the Holy Maiden of the Human Ancestor Hall.

In this regard, Jiang Chuchu actually wanted to say that she didn't solve the Absolute Heavenly Extinction scourge, but Gu Changge.

But Gu Changge didn't seem to care about these false names, playing on the idea of doing good deeds without leaving a name, no, it was the idea of throwing the name to her after doing good deeds.

This made Jiang Chuchu not know what to say about him.

Moreover, after Gu Changge returned to the True Immortal Academy, he seemed to have gone into seclusion and did not see any outsiders.

Although Jiang Chuchu wanted to ask him something, she couldn't find a suitable reason and didn't have the chance to see him.

After all, in the eyes of outsiders, what relationship could there be between her and Gu Changge?

However, Jiang Chuchu still clearly remembered what Gu Changge said the last time. She was empty-handed, and the more she thought about it afterward, the more she felt that Gu Changge was playing a trick on her.

She held a grudge about it, and every time she thought about it, she wanted to grind her teeth and bite him to vent her anger, to find him and ask him to understand.

Once he ate a clean meal and wiped his mouth, this guy denied it again.

Gu Changge did not know Jiang Chuchu's thoughts, after returning to the True Immortal Academy, he naturally first sorted out the harvest after the destruction of the Purple Mansion.

Then he selected a lot of things that Yue Mingkong could use and sent them over to her, as at least his fiancée.

The main reason, of course, was that there were things he could find her for.

In addition, during this period of time, Gu Xian'er was idle and doing nothing. Always running to his palace to wander around, asking questions and showing her presence.

But Gu Changge knew her little mind, so with some Sacred weapons and a few divine medicines, he sent her away.

After the destruction of the Purple Mansion, many Dao forces had seen with their own eyes, its countless years of accumulation of heritage, all entered into his hands, if there was no eye-catching envy then that would be strange.

With Gu Xian'er's greedy character, after knowing that he had obtained so much wealth, it was already good enough that she didn't shout for a share.

Maybe she had been wandering around the palace these days, just thinking about how to strike the right way so that she could run as quickly as possible after robbing Gu Changge.

Gu Changge believed that she could definitely do this kind of thing, and was staring at her almost as green as a wolf.

Of course, when Gu Xian'er was sent away, Gu Changge naturally bullied her for a meal. After ten and a half, the girl should be embarrassed to show her face in front of him again.

When he escaped from the palace, her face was as red as a boiled prawn, and even her footsteps were empty.

## **Chapter 357-2: True genius and false genius, Peacefully returning to the True Immortal Academy (2)**

.....

"Senior Black Robe, where is this?"

At this moment, in front of a misty mountain, two people stopped here. The person who spoke had beautiful facial features being tall and straight, giving people a feeling of sunshine and cheerfulness.

It was Jiang Chen and Hei Pao, who were far away from the territory of the Vermillion Bird Ancient Kingdom, running all the way.

With the powerful cultivation of the black-robed old man, the two of them quickly traversed a distance of millions of miles, passed through several teleportation formations in the middle, and finally left the range that the battle could reach.

The sight in front of him made Jiang Chen feel a kind of Immortal energy and indescribable dignity.

The atmosphere was peaceful with verdant trees, pavilions with flowing springs and waterfalls, flying cranes with roaring beasts.

"This is the Divine Ruins Sect. Within a radius of ten thousand miles, this force is the strongest. From today, you will practice in the Divine Ruins Sect. According to the inheritance I taught you, within one month, you will be able to become a cultivator of the Spiritual Sea Realm. If there is any accident during this time, you can crush the jade talisman, and I will show up to save you."

The black-robed old man pointed to a cyan boulder beside him and said, on which were written the simple and grand two characters "Divine Ruins".

Jiang Chen nodded, his expression a little solemn, "Okay, Senior."

During this period of time, he had become very clear about the power of the Demonic Art of Ten Thousand Transformations. Speaking of which, this was an extremely vicious cultivation inheritance, and it needed to devour other people's cultivation.

But after accepting this inheritance, Jiang Chen was relieved.

In this world where the strong ate the weak, nothing was more important than strength, this was what the black-robed old man taught him.

Jiang Chen was not ignorant, after several days of struggle, he also wanted to understand, and with his modern thinking it was easier to accept all this.

In order to become stronger, what about mutilating the rest of the cultivators? In this world, being weak was a sin, and only the strong could survive.

"I hope you don't disappoint the old man."

The black-robed old man nodded, and his figure quickly disappeared.

Then Jiang Chen took a deep breath and strode towards the Divine Ruins Sect Mountain Gate in front of him. From a distance, he saw two teenagers kneeling there, seeming to be begging for mercy.

"Let's go, your aptitude is too ordinary, even if you work hard." An old man in front of the mountain gate shook his head slightly.

"Immortal Master, please give us another chance." The two teenagers kneeling there were very stubborn, unable to kneel for a long time, and kept kowtowing.

The old man sighed and said, "You guys have been kneeling for half a month, and I'm not a ruthless person, but rules are rules, your aptitude is really too mediocre, you really can't pass the test, so hurry down the mountain and leave."

The two teenagers were incomparably desperate, and the words had come to this point, and they also understood that even if they knelt down again, there would be no hope.

The Divine Ruins sect was the best cultivation sect within a radius of ten thousand miles. It was said that it was attached to the Divine Ruins Dao sect, and the Divine Ruins Dao Sect was an affiliated force of the Hidden Ji family.

As long as they could worship at the Divine Ruins Dao Sect, from now on, even if they were just a handyman disciple, it would be enough for them to be prosperous for a lifetime.

But when he heard this, Jiang Chen's expression was calm as he quickly walked over. He didn't have any sympathy for these two teenagers.

"Daoist brother, wait!" Among the puzzled eyes of several people, Jiang Chen was the first to speak.

"You are..." The old man was about to turn around and leave when he heard the words, he frowned and looked him up and down, a little puzzled.

"Daoist brother, I'm here to be an apprentice." Jiang Chen opened his mouth and said, very confident in his cultivation talent.

"You are too old, even if you have roots, it is not in line with the rules. Our Divine Ruins Sect only accepts disciples under the age of eighteen."

Old Daoist's voice was gentle, he didn't drive Jiang Chen down the mountain because of his age, but persuaded him instead.

"You are over eighteen years old, and you still want to become an apprentice? Didn't you see the rules of Divine Ruins Sect?"

The two teenagers carefully looked at Jiang Chen's clothes and found that he was wearing very tattered clothes. He didn't look like he came from a big family at all, and their expressions suddenly became very contemptuous.

The mortals who could cultivate in this world either had a powerful background or were rich.

A ragged and beggar-like person like Jiang Chen, even if he was talented, he did not have the money to buy many cultivation resources.

"Daoist brother, I believe that my qualifications will help make Divine Ruins Sect an exception."

Jiang Chen didn't care about the sarcasm of the two teenagers, smiled, and said confidently.

"Make an exception and take a test? It's just ridiculous."

As soon as they heard this, the two teenagers immediately laughed, their words were all contempt and sarcasm towards Jiang Chen, "A beggar is still trying to cultivate, and if he says something that will make Divine Ruins Sect make an exception? You want to make us laugh to death?"

Although Jiang Chen didn't want to get to know them in general, at this time, being so despised by others, he still felt very unhappy in his heart.

However, his energy-raising skills were still very good, and he still maintained a calm and confident expression on his face.

He believed that with the eyes of this old man in front of him, he should be able to see his extraordinary physique and bones.

"If you really want to be an apprentice, you should know the rules of my Divine Ruins Sect before doing this. If you're here to make trouble, don't blame me for being rude..."

However, what surprised Jiang Chen was that when the old Daoist in front of him heard these words, he suddenly changed his gentle expression and became a little sullen.

The old man felt that Jiang Chen was here to play tricks on him. If he was very confident in his cultivation talent, wouldn't it be bad to join other Great Sects?

Why did he rush to Divine Ruins Sect?

"Daoist brother, listen to my explanation. I really came here to become an apprentice with sincerity, but because of the long distance and long journey, I encountered many beasts on the road, escaped from death, and many servants lost their voices, so I was the only one left. It was difficult to survive, and I could only eat wild fruits along the way until I arrived here..."

Jiang Chen hurriedly explained and began to tell how dangerous and miserable his journey was, and he was almost dumbfounded when he heard the two young men mocking him just now.

Hearing this, although the old man's face was a little unbelievable, it also eased a lot.

Still, he insisted,

"Rules are rules. You are already older than the best time to cultivate, so please come back. Since the establishment of the Divine Ruins Sect, I have never accepted a disciple over eighteen years old..."

Jiang Chen's brows furrowed, he didn't expect him to say so, this old man still didn't want to let him test his aptitude.

Could it be that at this time, he could only crush the jade talisman and seek the help of the black-robed old man?

But if he couldn't even solve this kind of thing, wouldn't it seem that he was too incompetent and useless?

"Puff!"

"Just give him a chance."

However, at this time, a burst of crisp and pleasant laughter suddenly sounded from the mountain gate, as if immortal fruit fell on the jade plate, like the sound of heaven.

Hearing this voice, Jiang Chen was shocked and immediately looked over.

He saw a young girl appearing near the mountain gate, standing on a white jade step, her hair was soft and without any decoration as if it had a sparkling luster.

The girl was wearing a long goose-yellow dress, tall and slender, with a feeling of being out of the dust like a mountain elf.

Her face looked very ordinary and not surprising, but the eyes were very large, clear and divine, as bright and moving as the moon.

Seeing this person, the old man in front of the mountain changed his face, was very respectful, and hurriedly saluted, "Greetings, Young Lady."

The girl nodded slightly, her eyes fell on Jiang Chen, and she pursed her lips and smiled, "That beggar, why don't you come in quickly?"

Jiang Chen was a little stunned, but at this moment, the spirit of the Immortal Boat's words sounded in his mind.

"Xiao Chen, this girl's identity will not be simple, you have to be careful."

"I'm not a beggar, my name is Jiang Chen."

Hearing this, Jiang Chen quickly reacted, smiled at the old man at the door, and then immediately strode towards it.

Although the old man looked puzzled, he didn't dare to ask any more questions.

"Xian Shi, who is that girl?"

The two teenagers were also stunned for a while, but they didn't expect the beggar who was mocked by them just now changed his fate and entered the Divine Ruins Sect. They were instantly envious and jealous.

"Miss... how can you inquire about her?"

Hearing this, the old-fashioned Daoist who had a very gentle face suddenly changed his previous appearance and became very cold, and asked.

The two teenagers were startled, and they didn't dare to stay for a long time. With envy and jealousy towards Jiang Chen in their hearts, they got up and climbed down the mountain and left.

### **Chapter 358-1: Jiang Chen in a fight, Yue Mingkongs plans (1)**

In the Divine Ruins Sect, in addition to the girl in the goose-yellow dress, there existed many young cultivators.

There were both men and women. Judging from their age, they looked like they were in their early twenties. Their eyes were full of divine light, emanating a glowing aura, their aura seemed amazing and their cultivation was definitely not weak.

However, they were all led by the girl in the goose-yellow dress in the front.

At this moment, everyone had a curious expression as she looked at Jiang Chen who arrived from the mountain gate.

Judging from his appearance, although Jiang Chen was dressed in rags, his spirit was definitely not comparable to ordinary mortals.

Especially, his indifferent and confident expression made all the young men and women feel a little surprised and seemed to be extraordinary.

"Miss, is there anything special about this beggar?"

A man couldn't help but ask curiously. He looked at Jiang Chen several times, but he couldn't see anything special.

There was no spiritual energy in his body, and he looked like he was in his twenties, but he had not started cultivating yet.

"His physique is special."

The girl in the goose-yellow dress explained. Her eyes were very large and bright, and she was staring at Jiang Chen who was walking over as if she wanted to see through him.

The rest of the people also looked very surprised when they heard the words, but they knew the identity of the girl very well.

She even said something special about this beggar's physique.

That could only show that this beggar-like man was really not simple.

"Greetings, lady. I thank the lady for giving me a chance to enter the Divine Ruins Sect."

Jiang Chen didn't care about the scrutiny of the group of people, instead, he walked over in a generous manner. His eyes were very clear and calm as he gazed at the girl in the goose-yellow dress.

Although he could guess that the identity of the girl in front of him was not simple, when he thought that there was an old man in black robes in the dark, he didn't worry, and seemed very indifferent.

This look made everyone look at him.

"You're welcome. It's just a gesture."

Hearing this, the girl in the goose-yellow dress shook her head with a smile on her face.

Although her face looked very ordinary, she had unspeakable goodwill.

The women behind her, although they also had beautiful faces and outstanding looks, were bleak in front of her.

"I don't know what the lady's name is?"

Jiang Chen also had a good impression of this girl in his heart, so he couldn't help asking.

"May I dare to ask the name of this lady..."

However, upon hearing this, the girl in the goose-yellow dress didn't say much, but the expressions of the young men and women behind her suddenly changed, and they shouted coldly.

"It's okay, it's just the name, you can call me Chu Yue."

However, the girl interrupted the crowd with a wave of her hand, indicating that she didn't need to care, and smiled.

"Chu Yue? It's a nice name." Jiang Chen smiled.

He didn't feel the slightest malice in this girl who helped him out of the situation. It was like a breeze, very natural.

The spirit of the Immortal Boat did not notice any malice or intention in her.

At this moment, a middle-aged man suddenly appeared. He had wide sleeves, a ruddy complexion, and bright eyes.

There were many disciples behind him, all of them were disciples of Divine Ruins Sect judging from the clothes.

It could be seen that the middle-aged man also respected the girl named Chu Yue and slightly greeted her.

Then he looked at Jiang Chen and asked, "You are the one who threatened to break the rules of my Divine Ruins Sect?"

Obviously, the old man in front of the mountain gate had already informed him of the ins and outs of the matter, otherwise, he would not have rushed over so quickly.

"Greetings, Senior."

Jiang Chen bowed his hands slightly, "Junior does have confidence in his own talent, and Divine Ruins Sect will not regret accepting this junior as a disciple."

The middle-aged man snorted coldly, "You have such a big tone."

The rest of the people were shocked, and they felt very inconceivable about Jiang Chen's confident words.

Especially the disciples of the Divine Ruins Sect, who knew the identity of the middle-aged man in front of them. After all, he was also one of the top three masters in the entire Divine Ruins Sect.

If it wasn't for the girl's sake, he would never have appeared because of Jiang Chen.

"Interesting. Aren't you afraid of getting into a fight?"

The girl named Chu Yue originally planned to lead someone out of the mountain gate, but at the moment she was obviously interested and stopped there.

She could naturally see that Jiang Chen's physique was not simple, but in a place like Divine Ruins Sect, it wasn't necessarily possible to test it out.

Thinking of this, she couldn't help but chuckle.

"Senior, let's wait and see."

Jiang Chen glanced at her, thinking that she was also amused, so he couldn't help shaking his head slightly.

Chu Yue pursed her lips and smiled, suddenly she wanted to see Jiang Chen feel embarrassed for a while.

"Miss, are we looking for that thing in a while?"

A woman behind her couldn't help but ask in a low voice, "The Eldest Young Master probably can't wait any longer now."

The girl shook her head and said, "Let's watch the show first. By the way, let my brother wait. If he can't wait, let him go first."

Afterward, the middle-aged man waved his sleeves and took Jiang Chen to the stone tablet for testing his talent. Because of this incident, many disciples of Divine Ruins Sect were disturbed, and they rushed over, intending to join in the fun.

Jiang Chen was very confident. He had the Holy Body of Creation. According to the Spirit of Immortal Boat, this was one of the top ten Divine Physiques.

But soon, Jiang Chen was dumbfounded, and he couldn't believe it.

His confident expression could not be maintained.

When he put his hand on the test stone, there was brilliance on it, but it was not far from the brilliance he expected.

"This..." He froze.

"You want to break the rules of my Divine Ruins Sect with this? You are making me laugh to death."

"If you're lucky and didn't meet the Young lady, at this time, you can't even enter our mountain gate and dare to make nonsense."

There was a burst of laughter from the side, and everyone looked like they were looking at monkeys.

Even the middle-aged man was suppressing his anger.

"Artifact Spirit, what the hell is going on?" Jiang Chen's expression changed slightly, and he quickly asked the Artifact Spirit in his mind.

"It should be that this Divine Ruins Sect can't test your physique..."

At this time, the voice of the spirit of the Immortal Boat was also full of embarrassment, which was completely unexpected.

"For the sake of Miss Chu Yue, I'll let you worship me and enter the Divine Ruins Sect, but you can only be a craftsman disciple."

The middle-aged man shook his head, and then walked away.

"It made me laugh..."

The girl named Chu Yue also disappeared at this time, only the silver bell-like laughter came out from a distance, looking very strange.

Jiang Chen touched his nose a little embarrassedly, and things completely exceeded his expectations.

"But it's okay to be a craftsman disciple. According to the Senior Black Robe, I will be able to activate my spiritual sea soon!"

After that, Jiang Chen secretly mumbled in his heart.

He was full of expectations for his next cultivation life. Although there were many disciples in the Divine Ruins Sect, they were all hunting targets for him!

After the girl named Chu Yue left the Divine Ruins Sect, she went straight to a distant hill.

A tall man in a golden robe was standing there, quietly staring at the girl walking by. His eyes were as deep as the sea, and even his pupils seemed to be as deep and terrifying as they were.

His hair was golden, like gold, like a young god, very conspicuous.

"Chu Yue, you are late." The young man's eyes fell on the girl, his tone was flat, and there was no questioning tone.

"I just met a funny person, it will be fun to watch."

Chu Yue smiled genuinely.

"Greetings, Eldest Young Master."

The people behind her were in awe of the young man.

"Let's go."

The young man nodded, and then with a wave of his hand, everyone turned into a divine light and fled to the mountains, as if looking for something.

## **Chapter 358-2: Jiang Chen in a fight, Yue Mingkongs plans (2)**

.....

At the same time, in the True Immortal Academy.

In the palace, the divine light loomed, everything was shrouded in immortal mist, and Yue Mingkong was seated on the bed.

She was tall and slender, with a picturesque face, and delicate skin. She seemed to be the most flawless work of art.

At this moment, she was flipping through a broken map, squinting her eyes, and some thoughts flashed.

"It stands to reason that the Heavenly Tower will be born in this place. Even if there is a slight difference in time, it is not wrong."

"Heavenly Emperor Mountains, nearby forces include Divine Ruins Sect, Ancient Ye Sect, Immortal Luo Sect..."

Yue Mingkong whispered softly, her slender and flawless jade fingers also landed in an area on the map.

As Gu Changge had guessed, she had been busy looking for the Seven Heavenly Artifacts during this time.

In her hand, she already had the Heavenly Mirror and Heavenly Seal.

In addition to that, she also already knew the whereabouts of the Heavenly Sword. It was just that if she wanted to plot, it would take a little work.

So Yue Mingkong also put more effort on the Heavenly Tower.

According to her previous life's memory, the Heavenly Tower actually existed under the ground, not in a fixed location.

And compared to the rest of the Heavenly Artifacts, the Heavenly Tower's divine might was even more powerful, and there were rumors that the Heavenly Tower even had the effect of subduing the heavens.

There were even rumors that the Heavenly Tower was actually carried by an incomparably Ancient Immortal Beast, following the earth veins through the Upper Realm.

In order to find out the news of the Heavenly Tower's appearance, Yue Mingkong actually wasted a lot of effort, after all, many things had deviated from the original development trajectory in this life as compared to her previous life.

"Crown Empress, this is something sent by Young Master Changge."

And at this time, just as Yue Mingkong was thinking about when to make a move.

From outside the palace, a voice arrived.

A servant girl suddenly entered in holding an exquisite looking box, with an incomparably respectful expression, with awe.

"From Changge?"

Yue Mingkong first froze at the sound of his voice, and then her cold face could not help but display a light smile.

This scene made the maids entering the hall could not help but breathe a sigh of relief, only when hearing about the young master of Changge, Empress Mingkong would show a smile on his face.

This time, the pressure as the Empress was getting heavier and heavier on Yue Mingkong, her cultivation was also getting more and more unfathomable.

Every time they had something to ask, they were trembling, like walking on thin ice. Not daring to say much, afraid to say that even a single wrong word would cause them to be beheaded.

"What is this? That guy actually has the heart to send me something, it's really rare. Could it be that the sun has come out of the west?"

Although Yue Mingkong said so, her words still could not hide the happy and joyful intention.

At the same time, her jade hands raised, and the exquisite looking box fell into her hand.

This surface of the box was covered with cloud-like silk, dense purple fog, giving people an incomparable divine feeling.

Yue Mingkong knew that this was a spatial box, containing space inside, it could be seen that the things hidden in it should be quite a lot.

"After overthrowing the Purple Mansion, its countless years of heritage and accumulation have all fallen into his hands."

"It's a good thing that he still has some conscience and did not forget me."

Yue Mingkong said quietly, while opening this spatial box.

**Buzz!!!**

Brilliant light of many precious treasures reflected in her eyes, the divine flush of exquisite jewelry, earrings, hairpins and other things, all carved with immortal phoenix and other patterns.

Draped with laws and orders of various colors, there was a powerful aura intertwined with immortal essence, as if made by the hands of immortals.

In addition, the Sacred artifacts, Quasi-Supreme artifacts, Divine medicines, Dragon marrow, Phoenix jade and other things were countless, so much that the eyes of the maids below were almost blinded with enviousness.

Any one of these pendants was not a simple Sacred weapon, the refining was incomparably complex.

Not only did it have a strong defensive capability, it could even be sacrificed when it mattered, as an attacking secret treasure.

It was not too much to describe it as valuable.

As a woman, Yue Mingkong naturally loved beauty, and when she saw these things, although she was forcibly concealing it, her eyes could not help but reveal a joyful intent.

She naturally could see that these were selected by Gu Changge with care.

He knew what she liked, so he purposely picked it out and had it sent over to her.

Thinking about this, she was still a little touched and not deluded that she had given so much for him silently in the back.

"You can go back."

After that, Yue Mingkong raised her plain hand and accepted the things inside the box.

Her face returned to the previous indifference, waving her hand for the maid to return.

However, the maid who was familiar with Yue Mingkong knew very well that although Yue Mingkong seemed indifferent nowadays, the joyful and happy intention between her eyebrows could not be concealed.

She was very envious, but also clear that in this world, only a man like Young Master Changge could make their Empress reveal such a look to.

And just when Yue Mingkong was planning to continue plotting the whereabouts of the Heavenly Tower, footsteps once again came from outside the palace.

"Why are you here?"

Yue Mingkong's gaze fell away, sitting up from the couch, and a clear cold voice sounded.

"Why? I can't even come to see my future wife when I have the time to do so?"

"After all, I'm not like you, knowing that I'm at war with the Purple Mansion's army, you don't even care for me. In case I died tragically at the Purple Mansion's hands, won't you become a widow for the rest of your life?"

Gu Changge calmly walked outside the hall and entered.

The many maids outside the door naturally did not dare to intercept him.

Afterwards, they also ignored Yue Mingkong's cold and disgusted look and sat down on his butt next to her.

At once, a nice aroma emerged, light and elegant and cold, like a snow lotus blooming from the top of a billion years of ice mountains.

"No, without my permission, you are not allowed to take half a step into my palace." Yue Mingkong said coldly.

"Fine, then I'll go out now and won't even come in the future." Gu Changge said and was about to get up.

"No." Yue Mingkong felt an annoyance in her clear cold voice and reached out to pull him back.

"Neither this, nor that. Then what do you want your husband to do?"

Gu Changge looked back at her, his expression was a bit helpless, "This temper of yours, did I spoil you too much?"

Yue Mingkong gave him a cross glance, "Say, what is the matter that made you come to see me."

She knew Gu Changge very well, he belonged to the kind of person who wouldn't go to the temple without any problem.

If there was nothing, there was no way he would come looking for her.

"Why does it have to be something if I'm looking for you? I just missed you and suddenly wanted to see you, can't I?"

Gu Changge shook her head slightly, with a helpless look.

"This excuse is okay. However, I've seen all the things you sent me, and I like them a lot."

The corner of Yue Mingkong's mouth slightly hooked and immediately took it back, she just liked the way Gu Changge accommodated her.

"If you like it then it's alright, otherwise, I would have picked things for you so long in vain."

At that, Gu Changge showed a smile and smoothly swept her into his arms.

"Hmm."

Yue Mingkong made a futile struggle, then also slightly squinted eyes, quietly leaning in his arms, enjoying his rare tenderness.

Gu Changge looked at the flawless immortal face close at hand and smiled faintly, "Mingkong, honestly, did you miss your husband during this time?"

Yue Mingkong opened her eyes, glanced at him with a clear and cold look, and hummed from her nose.

"No."

"Sophistry." Gu Changge bowed his head.

"Woo....."

Yue Mingkong's mouth that was about to say was immediately blocked.

At once, the palace became showy.

### **Chapter 359-1: My Mingkong is really sweet, Siblings from the Hidden Ji Family (1)**

A few hours later within the palace, Yue Mingkong was leaning lazily on the bed, as if she didn't want to move anymore, and looked a little exhausted.

"Is this where the Heavenly Tower of the Seven Heavenly Artifacts is located?"

"Heavenly Emperor Mountain?"

However, Gu Changge looked at the broken map in his hand with interest, and finally, his eyes fell on the position that Yue Mingkong had specially marked.

"I read a lot of ancient books, and finally I learned where the Heavenly Tower might have been born."

Yue Mingkong's cold voice sounded from behind.

"Out of the seven pieces of Heavenly Artifacts, I have the Heavenly Bottle and the Heavenly Jar..."

Gu Changge nodded, then with a wave of his hand, a bottle and a jar with an ordinary and very simple shape appeared in his palm.

There was a little bit of fluorescent light flickering on it, especially the Heavenly Bottle, where there were wisps of dim light, which seemed to be able to reflect the void at any time.

As for the Heavenly Jar, it didn't look much different from ordinary jars.

According to rumors, the Heavenly Jar was an imitation of the Great Dao Treasure Bottle, but no one knew how terrifying the specific power was, and Gu Changge had never really activated it.

"Is this the Heavenly Bottle and Heavenly Jar?"

Yue Mingkong came over as she seemed a little curious.

"The rumors all say that after gathering all the seven Heavenly Artifacts, the Immortal Palace can be opened. I don't know if the rumors are true or not."

Gu Changge smiled and then handed her the two weapons.

Yue Mingkong was a little stunned and her eyes puzzled, "Why are you giving them to me?"

She was planning to give Gu Changge the Heavenly Mirror and the Heavenly Seal, but she never expected that he would give her these two weapons first.

To be honest, this made Yue Mingkong a little unable to react. This was not like Gu Changge's character.

"Aren't you collecting the Seven Heavenly Artifacts? It just so happens that I don't need these either, so I'll just give these to you." Gu Changge smiled.

"I can't use it either." Yue Mingkong gave him a sideways glance, not expecting Gu Changge to do this, though she was still very moved and happy.

"Then why are you collecting these?" Gu Changge was slightly surprised, "Could it be that you are collecting them for me?"

"Of course, I collected it for you." Yue Mingkong snorted, but her eyes were fixed on him.

Then she raised her jade hand, and there were waves of fluctuations in the void.

Immediately after, a crystal clear ancient mirror and a seal cast in purple gold emerged, floating up and down.

A mysterious atmosphere circulated on it, giving people a mysterious feeling.

"Is this Heavenly Mirror and the Heavenly Seal?"

Gu Changge raised his eyebrows, asking knowingly, he already felt the faint connection between these artifacts.

In the beginning, he didn't know who forged it, and the materials and forging methods used were also different.

But there were different feelings between each other. No wonder there were rumors that the collection of the seven Heavenly Artifacts could open the secret treasure from the ancient times.

"My Mingkong is really sweet." Gu Changge smiled, then waved his sleeves and immediately accepted it.

When the time comes to open the Immortal Palace, there would be no shortage of good things.

In the next few days, Gu Changge also began to arrange some means according to the news from Yue Mingkong, and he definitely wanted the Heavenly Tower, there was no doubt about that.

In addition, Gu Changge had to prepare the arrangement for Burying Demon Abyss.

Although there had been no news from Burying Demon Abyss for some time now, Gu Changge felt that it was just the calm before the storm.

Once the red-clothed witch was born, the Upper Realm would be in chaos. Although he had long planned to release the Demon, the Demon Burying Abyss was guarded by the Hanging Buddha Temple and was heavily guarded. It was extremely difficult for ordinary people to get close to it.

Not to mention that there were all kinds of troubles in the meantime.

In addition, Yue Mingkong might not be the only one who knew about the existence of the Heavenly Tower, so Gu Changge had to prepare in advance to prevent someone from competing with him.

On Yue Mingkong's side, she was also preparing to go to the Heavenly Emperor Mountains with Gu Changge.

That place was actually quite far from True Immortal Academy, and there were still several teleportation formations that they were required to pass along the way.

And because the terrain was relatively remote, it was close to the wild land. There were few major sects and major religions. Even if it encountered people with profound cultivation, it would not be strong.

The only thing Gu Changge needed to care about was whether he would be able to place his hand on it first.

As a result, it became more and more difficult for him to find the Seven Heavenly Artifacts.

Regarding the secret treasures of Immortal Palace, Gu Changge always had a plan, but it was not that he was very interested in what was in it.

It was for the sake of re-refining of the Eight Desolate Demonic Halberd, which required some things from the secret treasure of the Immortal Palace.

Those things were only available in the Immortal Palace, which once ruled everything.

In the blink of an eye, several days passed, and the True Immortal Academy gradually regained its quiet.

The inheritor of demonic art, who once made all the disciples feel uneasy and frightened, seemed to have gradually disappeared because of the incident of Zi Yang Heavenly King being subjugated.

This incident had made many Elders and disciples feel at ease, and they were no longer as turbulent as before.

During this period of time, they didn't hear any more cases of disciples being mutilated by the inheritor of demonic art.

On the contrary, the outside world, in some places, began to show signs of its activities, which caused the vigilance of many cultivators.

"Jiang Chuchu, are you saying that you are stupid?"

And at this moment, in the cave mansion where the rays of sunshine were shining.

Wang Ziji looked like she hated the iron for not being steel, so she almost pointed at Jiang Chuchu's nose and cursed.

"You clearly know that Gu Changge has a wife. How well do you expect him to treat you? You have to stay away from such a dead scumbag, and don't let him touch you even if you touch him."

While speaking, it seemed that even though she was very angry, her beautiful and flawless face was flushed slightly red.

Jiang Chuchu usually acted calmly in front of Wang Ziji and even often confronted her.

But after being scolded by her today, she could only hold the corner of her skirt and hang her head, as if she had made a mistake, and found it difficult to say a word.

Jiang Chuchu felt that what Wang Ziji said was right, and she had no way to refute it.

After the trial was over, and after returning to the True Immortal Academy, under Wang Ziji's constant questioning, Jiang Chuchu had no choice but to say that the relationship between her and Gu Changge was indeed unusual.

Because Wang Ziji was very smart, these days, under her observation, Jiang Chuchu had always been obsessed with him and would leave the cave from time to time to wander around outside.

So she secretly followed out.

As a result, she saw Jiang Chuchu finally walking around and went in the direction of the palace where Gu Changge lived. She then stopped by the bluestone outside, not knowing what she was waiting for.

### **Chapter 359-2: 3: My Mingkong is really sweet, Siblings from the Hidden Ji Family (2)**

#### **3: My Mingkong is really sweet, Siblings from the Hidden Ji Family (Part 2)**

Although every time she left with a slightly dejected expression, she wandered around perseveringly after a few days.

At this time, anyone with discernment could see that Jiang Chuchu had something to ask Gu Changge.

But she didn't know how to speak, so she was hesitant.

Wang Ziji admired her a little, she obviously cared a lot, but in the end, she had to put on a calm look.

But then again, she still felt very distressed for Jiang Chuchu.

Although she didn't know when Jiang Chuchu and Gu Changge became involved, judging from her current situation, she was deeply trapped.

Gu Changge was not a good person. She didn't know how difficult it was to want him to give his sincerity.

Regarding Jiang Chuchu's situation, Wang Ziji just wanted to say that she only deserved to be eaten clean.

"Then... what do you think I should do now?"

When Wang Ziji was complaining in her heart, Jiang Chuchu seemed to have recovered and couldn't help asking softly.

She regarded Wang Ziji as someone she could trust, so she would tell her these words. After all, the two of them had cultivated together in the Human Ancestor Hall since childhood. Although they bickered daily, their relationship was actually very good.

"What you have to do now is to stay far away from Gu Changge. It is best to ignore him. You must know that you are a descendant of the Human Ancestor Hall, a high-ranking person. It is too late to be sought after by many young Supreme beings and be regarded as a Holy Maiden by countless people..... The more you express your desire to see Gu Changge, the more your value will drop. So at this time, you just need to keep your usual coolness. Then you will have more value in Gu Changge's eyes and will not be looked down upon by him, okay?"

Wang Ziji's persuasion was head-on, just like a master who knew their way.

As the saying went, she had never eaten pork, but she had seen pigs run.

Hearing these words, Jiang Chuchu couldn't help but feel that it was very reasonable. Perhaps it was because she was too weak in front of Gu Changge that she would always be bullied by him.

"No, why do I feel like you said this to create opportunities for yourself?" Jiang Chuchu suddenly looked at her suspiciously.

Wang Ziji snorted, "I've seen through the essence of that scumbag, do you think I'll be as stupid as you?"

Jiang Chuchu nodded thoughtfully, but there was still a look of disbelief in her eyes.

She still remembered clearly, that was not what Wang Ziji said at that time.

"Anyway, that Gu Changge is not a good person, Chuchu, don't be so stupid and simple..." Wang Ziji rolled her eyes and added.

Jiang Chuchu nodded, "I know he's not a good person."

There was something else she didn't say.

Not only that, but she also knew that Gu Changge was the real inheritor of demonic arts, and even Human Ancestor was brutally murdered by him.

Wang Ziji's understanding of Gu Changge was far less than hers.

But for the next few days, Jiang Chuchu still did what Wang Ziji said.

Not long after, she found out that Gu Changge had left the True Immortal Academy, and his fiancée Yue Mingkong was with him.

This discovery made Jiang Chuchu stunned, and then sad for a while. After Gu Changge returned to the True Immortal Academy, he really didn't even plan to see her.

This made her doubt Wang Ziji's method.

.....

Divine Ruins Sect, in front of a low mountain.

There were three or five thatched huts, two or three bamboo groves, a medicinal field in front of the house, and a few old trees accompanying them.

Although it was only the place where the servant disciples lived, Jiang Chen felt that it was very suitable for him.

Although there was no Grand Tower and Jade Palace, everything seemed to be very confident and simple. Cultivating here made him feel that he was making rapid progress.

"According to the words of Senior Black Robe, my current realm is not far from activating the spiritual sea."

Jiang Chen looked at the position of his belly, where there was a fist-sized vortex of spiritual energy circling around, slowly absorbing the spiritual energy of the nearby world.

At this speed, he would be able to become a real cultivator in three days at most.

Of course, he had this speed of cultivation, thanks to the various elixirs that the girl named Chu Yue sent to him these days.

Although it was very light, the ingredients were not simple. They were all year-old medicinal materials, such as Huang Jing, Poria, Gastrodia, etc., which were very helpful for comprehending spiritual energy.

And through this period of time, Jiang Chen also learned a lot of news.

The girl named Chu Yue had a very scary background and was not a disciple of Divine Ruins Sect.

She came from an ancient force called the Hidden Ji Family, which had a long heritage, even much longer than the Purple Mansion that was destroyed by Gu Changge during this period.

Ji Chu Yue came here, she seemed to be looking for something. During these days, she had been sending cultivators to search in various mountains.

But she got nothing.

Thinking of this, Jiang Chen couldn't help but come up with some ideas. After all, the only function of the Immortal Boat spirit was to explore the changes in the topography between heaven and earth, the direction of Luck, and so on.

Looking for things? Wasn't that its specialty?

As long as it could help Ji Chu Yue find what she wanted and get her favor at that time, even if she didn't say anything about entering the Hidden Ji Family, it would be much easier for him if he encountered any trouble in the future.

It was just that Jiang Chen hadn't thought of a suitable excuse, and the other party wouldn't necessarily believe him, after all, he was not even a cultivator now.

"Little Chen, you can actually tell the girl surnamed Ji that you are actually a Divine Origin Master, and your ancestors found ways to explore the ground with one or two hands. That girl will definitely believe you."

At this time, the artifact spirit of the Immortal Boat suddenly spoke.

"Origin Master, what is that?" Jiang Chen was stunned for a moment, looking very puzzled.

"This is a kind of inheritance that has been lost for a long time. You can find the origin and explore the earth to determine the universe, lock the Dragon veins with the mountains and rivers, and change the geography... almost omnipotent."

"It's just that I only know some means now, I can use my identity to fool them."

The artifact spirit of the Immortal Boat was giving Jiang Chen an idea.

Hearing this, Jiang Chen's eyes lit up, and then he quickly left the place, intending to talk to Ji Chu Yue.

"These days, it seems that a lot of cultivators have come here. How can people suddenly come to such a remote place? Could it be that someone has leaked the news?"

On the other side, Ji Chu Yue, who was in a pavilion, frowned slightly, was thinking about something and felt a little puzzled.

The birth of the Heavenly Tower, one of the Seven Heavenly Artifacts, was deduced by the family behind her after a lot of abolition.

Although the Hidden Ji Family had a long heritage, over the years, the clan had not been connected, and it had shown a trend of decline.

If they didn't do something, it won't be long before the Hidden Ji Family would become a second-rate family and lose its former glory.

It was for this reason that she and his Elder Brother discussed it for a while and decided to secretly search for the Seven Heavenly Artifacts, in order to find the legendary Immortal relic and restore the family.

### **Chapter 360-1: The little ants jumping around seem to have made plans for a long time (1)**

"It seems that it is not only our Hidden Ji Family who learned about the news of the Heavenly Tower..."

"I thought this matter would proceed smoothly. If there is no news from Elder Brother, could it be that we will have to return without success this time?"

"In this way, wouldn't all of our arrangements be in vain?"

Ji Chu Yue's two slender brows were twisted together, and she couldn't help but whisper.

During these days, she had seen too many cultivators passing through the sky.

Flying through the clouds, the aura they emitted was strong, and it looked like they were looking for something.

The other party's purpose was obviously the same as theirs, and the search area was even wider, and even the area far away from the Heavenly Emperor Mountains was not spared.

However, just to be careful, Ji Chu Yue did not send anyone to investigate, so as not to startle the snake.

But this matter soon exceeded her expectations. In addition to the group of people arriving in the first few days, several groups of cultivators had come in these days.

She even knew some of them, who were from the Hidden Chen Family.

Although the other party's family was not as old as the Hidden Ji Family, there also existed Enlightened beings in their family.

Moreover, over the years, there had been many talented and arrogant geniuses emerging from the Hidden Chen Family, their family's power was growing, leading to occasional frictions with the Hidden Ji Family.

In this way, once they entered into conflict with the Hidden Chen Family, the news here would definitely spread, and it would definitely attract the attention of all parties.

After that, when the time comes to compete for the Heavenly Tower, not only the younger generation would participate, but the older generation would definitely want a share of the pie.

Not to mention that the Heavenly Tower was one of the keys to unlocking the Immortal Palace, its terrifying power alone was enough to attract countless cultivators.

What was more, according to the rumors, the Seven Heavenly Artifacts were beyond the existence of the Emperor, but it was rare that anyone could activate them, let alone display their strongest power.

"Miss, that Jiang Chen is asking to see you."

At this time, a voice suddenly sounded from outside the pavilion, which made Ji Chu Yue a little stunned.

Those beautiful and bright big eyes could not help but narrow, like a crooked moon.

"What is he doing here?"

Although she knew that Jiang Chen possessed a powerful physique, she had not leaked it yet.

On the other hand, she also wanted to support him secretly and choose good seeds for the family, so she would send someone to send him some elixir in the past few days.

From Ji Chu Yue's point of view, Jiang Chen's physique was a bit mysterious, and even in some respects, it was not inferior to her brother's Holy Body.

It was an almost instinctive intuition.

"Let him in."

Ji Chu Yue nodded and was a little curious why Jiang Chen was looking for her.

"Greetings, Miss Chu Yue."

Soon, Jiang Chen walked in, and Ji Chu Yue, whose eyes fell on the pavilion, bowed slightly.

"Why are you looking for me?"

Ji Chu Yue had a smile on her face, even if it was only the first time she saw him, she could not help but have a good impression.

"Is Miss Chu Yue looking for something?"

Jiang Chen was very direct, straight to the point, and asked directly.

Ji Chu Yue squinted her eyes, and then her expression remained unchanged, "What do you want to say?"

Although she didn't say what she was doing at the Divine Ruins Sect, anyone with a little vision should be able to perceive what she was looking for.

It was no secret either.

Jiang Chen was suddenly asking about this, she didn't know his intention.

"Miss Chu Yue doesn't have to worry about anything."

Seeing Ji Chu Yue's expression, Jiang Chen couldn't help but reveal a smile as he added, "Actually, I would like to help Miss Chu Yue. Thanks to the elixir that Miss Chu Yue sent me these days, I can cultivate diligently. Such a great favor, Jiang Chen will never forget it."

Hearing this, Ji Chu Yue didn't believe it, she raised her slender eyebrows and said, "Just you?"

Jiang Chen hadn't officially entered the path of cultivation yet, and he hadn't even activated his spiritual sea, but he actually said that he would help her.

One must know that even the Hidden Ji Family behind her was clueless.

Where would the Heavenly Tower appear, there was no sign of it at all?

Ji Chu Yue felt that Jiang Chen was only here to mock her.

"Miss Chu Yue has to trust me. Although I haven't officially embarked on the path of cultivation, I actually have another identity... Divine Origin Master."

"My ancestors accidentally received the inheritance of the Divine Origin."

Jiang Chen displayed a confident smile and explained according to the words of the Good Fortune Immortal Boat Spirit.

"Origin Master?"

Ji Chu Yue's eyes widened, she was suddenly stunned. She couldn't believe it, it felt incredible.

As the genius of the Hidden Ji Family, she naturally knew what the three words 'Divine Origin Master' represented.

Jiang Chen, who was so unattractive, actually said that he was a Divine Origin Master?

In this era, the Divine Origin Master had almost disappeared.

It was said that because they had touched something that should not be touched leading to them being cursed, and their inheritance had been cut off in the long river of time.

But there was no doubt about the mystery and power of Divine Origin Masters because they could control the terrain of mountains and rivers, use Luck and Fortune, and launch murderous intentions when they raise their hands.

"If you dare to deceive me, you should be very clear about the consequences." Ji Chu Yue's face became serious.

"I don't dare to deceive Miss Chu Yue."

Jiang Chen nodded, very calmly believing.

Afterward, Ji Chu Yue nodded, took Jiang Chen, and left Divine Ruins Sect, intending to find her Elder Brother Ji Yaoxing, for this kind of thing, she still needed her Elder Brother to make up his mind.

If Jiang Chen was really a Divine Origin Master, with his ability, maybe he could really help them find the Heavenly Tower.

.....

"Is this the Heavenly Emperor Mountains? It's quite remote."

"It's really quite remote, but there are quite a lot of cultivators here. It seems that some people have gotten wind of this and arrived here."

At this moment, within the void not far from the Divine Ruins Sect.

Accompanied by a chuckle, a wave of fluctuations emerged, followed by a portal opening, and several figures stepped from it.

A man and a woman were at the lead.

The man was slender, with a handsome face, and his white clothes were spotless.

The woman was dressed in a long palace dress, with a picturesque face and light gauze. She was being held by the man in white, her eyes were deep and calm, her hair was fluttering, and she had a peerless posture.

The two stood side by side, like an Immortal couple, with immortal thoughts lingering around, and it seemed that they could ride the wind away at any time.

It was Gu Changge and Yue Mingkong who arrived here from True Immortal Academy.

Behind the two were their followers. The strange beasts were extraordinary, all of them were very rare creatures. Some of them had dense scales, or their whole body was like jade, surrounded by lightning.

Everyone's aura was amazing, shrouded in divine brilliance as the divine rune flashed between the opening and closing of the eyes, giving people a sense of fierce terror.

"The most powerful force near this Heavenly Emperor Mountains is Divine Ruins Sect. During this time, we can ask Divine Ruins Sect to help us search."

Yue Mingkong's eyes swept across the boundless mountains ahead, and the incomplete map appeared in her jade hands.

She pointed to the area above where the Divine Ruins Sect was located.

"Then let's do as you say."

Gu Changge smiled, "But we didn't seem to be the first to arrive here. How did the other cultivators know that the Heavenly Tower would appear here?"

Yue Mingkong shook her head, and her eyes were a little puzzled, "I don't know, I also guessed that the Heavenly Tower would be born here based on this fragment."

"Maybe there are other means to deduce it besides this scrap page."

"Factions like Heavenly Mystery Pavilion and Immortal Tower are very good at deduction. As long as one can afford the price, even if they have to pay the price of backlash, they should be able to find the Heavenly Tower."

If the memory of her previous life was correct, the location of the Heavenly Tower was really deduced by Heavenly Mystery Pavilion, and then they sold the news to a certain force at a high price.

It was only because that force leaked the news that many cultivators knew about the imminent birth of the Heavenly Tower.

"It's okay, these trash can't grab it."

Gu Changge smiled casually and didn't seem to care much, "Let's go."

**Swish!!!**

Soon, several long divine lights rose up here, and everyone rushed into the sky as they went to the place where the Divine Ruins Sect was located.

In addition to the Divine Ruins Sect, there were many forces near the Heavenly Emperor Mountains.

But compared to Divine Ruins Sect, they were much weaker. It would be too troublesome to leave the powerful Divine Ruins Sect to be used by those forces.

Moreover, according to the report of the divine puppet, Jiang Chen, the Son of Luck, was now at Divine Ruins Sect.

Such a coincidence surprised Gu Changge.

He just instructed the divine puppet to throw Jiang Chen into a sect and let him grow on his own.

But he never thought that Jiang Chen would appear here, he really deserved to be the Son of Luck, he really would appear wherever there is an opportunity.

Before long, a majestic mountain range appeared in front of Gu Changge and the others.

It was a scene of immortality with jade buildings, spiritual fog, flying springs and waterfalls, and lush trees.

"I don't know why you young heroes have come to my Divine Ruins Sect?"

The expression of the old man in charge of guarding the mountain gate changed, looking at the young cultivators who appeared in front of the gate of Divine Ruins Sect from the clouds and mist, nervousness and vigilance arose in his heart.

### **Chapter 360-2: The little ants jumping around seem to have made plans for a long time (2)**

His words were very respectful and polite, and he did not dare to be disrespectful. He couldn't see through the cultivation base of anyone in front of him.

Especially the man in white at the head, with his gestures, it gave him an unfathomable feeling of dread and heart palpitations.

So young, this strength was so powerful that it made his scalp tingle.

The group of geniuses behind should all be their followers. It was conceivable how terrifying their identity was. It was not something that a small Divine Ruins Sect could provoke.

"My Master plans to live nearby for a while..."

Hearing this, a powerful creature with the appearance of a Yaksha stepped forward and said lightly.

A chilling aura circulated on the horns on its head, and it seemed that even the void could be split at will.

Hearing this, the old man's complexion changed even more, and he hurriedly said respectfully, "It's really a blessing for my sect to welcome you all, please come in with this old man, and I will inform the head and others..."

He didn't dare to let the group of geniuses wait outside for a while as he hurriedly led the way in front, and with that Gu Changge, Yue Mingkong and others entered the mountain gate.

Along the way, the old man was guessing the identities of Gu Changge and others, his back was drenched with cold sweat and trembling.

Whether it was clothing, mounts, or bearing, they all revealed a suffocating majesty.

The man in white was okay, with a casual expression on his face. Although he was aloof, he didn't show anything.

The pressure of that beautiful woman made him deeply suffocated, and every glance was filled with indifference and majesty, as if an Empress who reigned over the world.

Gu Changge and Yue Mingkong's expressions were calm, they didn't make any waves, and they didn't mean to open their mouths.

"How could he be here..."

And in the distance, Jiang Chen, who was being taken by Ji Chu Yue, was going to find his brother.

At this moment, his eyes suddenly widened, and he stood frozen in place. His whole body shivered and his back was swept by the terrifying cold air, even his voice trembled slightly.

He never expected to see Gu Changge in such a remote place.

Although it was just a casual glance just now, he could see clearly that the young man with the stars and the moon, rich as jade, transcendental, and like a banished immortal, was Gu Changge.

This appearance and temperament, as long as one had just glanced at it, forgetting would become impossible.

This caused Jiang Chen's complexion to change drastically, his steps were a little weak, his limbs felt cold, and he even had the idea of rushing to escape from this place.

He had seen with his own eyes how terrifying and ruthless this man was.

On the surface, he appeared to be as gentle as jade, but in fact, the means were extremely cruel, and he killed many of his companions.

If he hadn't met the black-robed old man, he would have suffered the same cruel hand from Gu Changge as the rest of his companions.

One must know that his friend Niu Tian was still missing, and his life and death was still unknown.

"Ruoyin..."

At this moment, a beautiful image couldn't help but appear in his mind, and Jiang Chen felt unwilling and angry in his heart.

He could see clearly that the woman next to Gu Changge just now was definitely not Xiao Ruoyin.

The noble and peerless temperament of the other party was aloof and Empress-like, one could imagine that the background behind her was absolutely extraordinary.

In front of this kind of person, he was really not as good as an ant. When he was about to worship at the gate of Divine Ruins Sect, the old man at the door blocked him in every possible way.

But now in front of Gu Changge, he was flattering and humble like a dog.

This made Jiang Chen feel a deep hatred in his heart, he clenched his teeth and clenched his fists tightly.

However, he was still forcing himself to endure, calming himself down quickly, and didn't dare to show any strangeness.

After all, he couldn't guarantee that after Gu Changge noticed his existence, Gu Changge would let him go.

Ji Chu Yue glanced at him suspiciously, "What happened to you?"

She followed Jiang Chen's gaze, and happened to see a group of young men and women with strong aura in the distance, riding all kinds of exotic beasts, heading somewhere.

However, she did not see Gu Changge, Yue Mingkong and others who were walking in the front.

"I'm fine." Jiang Chen shook his head, his expression quickly calmed down.

"It seems that this period of time has made me more and more restless. The cultivation of this group of people is so strong, and they all went directly to the Divine Ruins Sect..."

Ji Chu Yue frowned, feeling that things were getting more and more troublesome.

As she said that, she took Jiang Chen to the mountain range that she had agreed to meet with her Elder Brother Ji Yaoxing.

"What's wrong Changge?"

Yue Mingkong noticed the interesting smile on Gu Changge's face just now, and couldn't help but ask curiously.

"It's nothing, I just saw a little ant hopping around. I suddenly felt that it shouldn't be too difficult for us to find the Heavenly Tower this time."

Gu Changge smiled and squeezed her slender and soft jade hand.

Yue Mingkong gave him a slight sideways glance, "I feel like you already have your hands on it."

"It's really nothing this time, it's just an accident." Gu Changge shook his head.

He never thought before that Jiang Chen would appear here.

If it hadn't come to the Heavenly Emperor Mountains this time, and sensed the existence of his divine puppet, then he wouldn't have known that Jiang Chen was here.

After all, the Child of Luck must be stocked so he could thrive.

"I greet all the young heroes, I am in charge of Divine Ruins Sect."

Soon, the old road ahead took them to a quite quiet palace.

However, before entering, an old man with white hair and beard, with a childish face and a spirit of shining spirit, arrived with many high-level officials of Divine Ruins Sect as he joined his hands and bowed, and his attitude was very respectful.

Gu Changge nodded slightly, but did not speak, and had no reason to think.

Yue Mingkong's expression was indifferent and calm, as if she was carved from a flawless immortal jade.

"My Master is looking for something in the Heavenly Emperor Mountains..."

The Yaksha-like creature who spoke just now said again, explaining the purpose of this visit to the people of Divine Ruins Sect.

Hearing this, the sect master of Divine Ruins Sect, looked slightly solemn. Although they were secretly looking at Gu Changge just now, they couldn't remember who he was for a while.

The Temple of Divine Sect was originally built in the ruins, but it was called Divine Sect for the sake of a grand name.

And in the vast Upper Realm, it could only be regarded as an unpopular force.

And Divine Ruins Sect, which was its branch, was even more so.

In a remote place like Divine Ruins Sect, the sect master couldn't get in touch with higher forces, but he could still feel the unusual identities of Gu Changge and others.

"Don't worry, all the heroes, as long as my Divine Ruins Sect is able to help, we will definitely help." Sect master of Divine Ruins Sect said solemnly.

He thought of Ji Chu Yue who had come over during this period of time. Behind her was the Hidden Ji Family, and in the entire Upper Realm, it was also a colossus-like existence.

He wondered if she recognized the group of young talents in front of her.

"Do things well, and my Master will not treat you badly."

Hearing this, the Yaksha-like creature sneered, and with a flash of divine light in his hand, a large piece of rare spiritual origin appeared. It looked like amber, with a dense mist flowing.

The moment they saw these rare spiritual sources, sect master of Divine Ruins Sect and the others' eyes were almost straight, and then they hurriedly went down and arranged to vacate the best palace and pavilion in the mountain gate.

"It can be seen that before we came, someone should have come to the sect master of Divine Ruins Sect."

Then, he waved the screen to retreat from the crowd.

Yue Mingkong couldn't help squinting as she guessed, her face looked less indifference and more tender.

After hearing their purpose, the sect master of Divine Ruins Sect and others were not very surprised. Thus they could guess that someone had come here before, and they were looking for something.

"It doesn't matter, no matter who came here first, as long as they stole my things, they can't leave this place alive." Gu Changge smiled, his tone still light.

"I haven't seen the Heavenly Tower yet, so it's all yours now?" Yue Mingkong glanced at him and snorted.

"What I want is all mine."

Gu Changge said with a smile, and then his mind moved slightly, and he summoned the black-robed old man who was arranged beside Jiang Chen.

"Greetings, Master." The black-robed old man quickly appeared from the void and respectfully said.

"Keep an eye on that guy's whereabouts, and if there is any change, report it to me at any time." Gu Changge said lightly.

"Yes, Master."

The black-robed old man came quickly and disappeared quickly. After all, he was in the Great Sacred Realm. In the place of the Divine Ruins Sect, there was no need to take precautions.
