

## Villain 361

### Chapter 361-1: I want to tie you to my side, A level that was not accessible before (1)

"This is a puppet left by the Ancient Heavenly Lord of Reincarnation within the Immortal Ancient Continent for his heir?"

Yue Mingkong watched with interest as the black-robed old man departed and could not help but ask.

She could naturally see that in her previous life, Ye Ling had even made a great name for himself with these puppets. But now these puppets had been obtained by Gu Changge and were even refined again.

If the Ancient Heavenly Lord of Reincarnation knew about this, he would probably want to slap Gu Changge to death out of anger.

However, Yue Mingkong liked his feeling of having everything under control and planning.

"You have good eyesight." Gu Changge smiled.

"Then what are we going to do next?" Yue Mingkong asked, her voice sounding a bit curious.

She had only just arrived at the Heavenly Emperor Mountain Range, and it turned out that Gu Changge had already arranged everything.

Although she knew that he was skilled in planning, it was still shocking to see it with her own eyes.

"Naturally, we can just wait, someone will find the Heavenly Tower for us, so we can just go and get it when the time comes."

Gu Changge smiled, his gaze fell on the distantly visible stretches of mountains and steep hills along the window, drenched in a hazy mist, all over the ravine sublime danger.

"You have obviously calculated everything, then why did you call me to accompany you here?"

Hearing this, Yue Mingkong slightly rolled her eyes, and her tone was a bit fierce.

However, it was less cold than before, but a little more charming.

She felt that Gu Changge was abominable and just wanted her to come over by herself and watch him easily get to the Heavenly Tower.

After all, she needed to work hard to calculate, so in the end, he could snatch it.

In comparison, she found herself wasteful.

"After all, coming alone is always boring, with you by my side, you can accompany me to relieve the tedium."

Hearing her harsh words, Gu Changge's tone was righteous as he said with a smile on his face, "I can't wait to tie you to my side now, I don't want you to go anywhere."

Although Yue Mingkong knew that he was deliberately teasing her with these words, she still couldn't help but feel happy, and the corner of her mouth couldn't help but hook up.

"Don't worry, no matter what happens in the future, I will always be by your side."

She turned her head sideways, her soft hair and immortal face seemed flawless as she took the initiative to hug Gu Changge and say her words softly.

Once the true identity of the inheritor of demonic art was exposed, Gu Changge would definitely face a situation where the whole world would be his enemy.

At that time, even the family behind him might not be able to protect him.

Although Yue Mingkong did not want that day to come, if that day really does come, she would not hesitate to stand by Gu Changge's side and be enemies of the world together with him.

All the things in her previous life were no longer important to her now.

She knew that Gu Changge had her in his heart, and that was enough.

"There won't be that day." Gu Changge seemed to know what was on her mind and couldn't help but take her into his arms, smile, and say in a soft voice.

"Mm."

Yue Mingkong's eyes fell on his face, heart happy, and her face suddenly turned rose red.

She was moved to love.

.....

At the same time, in the mountain range not far from the Divine Ruins Sect.

A man with an upright figure and golden hair was standing, seemingly waiting for someone.

He had deep eyes, and a golden robe. Even if he heard the talk about him not far away, there weren't any ripples on his face. The whole person had a kind of calm and introverted temperament.

It was Ji Yaoxing, the Young Master of the Hidden Ji Family.

Not far from him, a group of young men and women, with extraordinary auras, shrouded in divine light, with powerful beasts of all kinds, were looking at him talking about something.

The person at the head of the group was a young girl of just two decades old, in a long red dress, sitting on a beast similar to a Qilin.

Her skin was gel-like, with eyes similar to autumn water, her red lips dotted as she looked very beautiful, but it gave a feeling of being unreachable along with arrogance.

The young woman was followed by a wrinkled old woman with unfathomable cultivation.

"Brother Yaoxing, I wonder if your Hidden Ji Family has any harvest this time?"

At this time, the young girl came riding on a beast, with a smile on her face and asked.

Hearing this, Ji Yaoxing turned his head and his gaze fell on her as he slightly shook his head and said, "No harvest yet."

His voice was calm, with no ripples, giving an unusually calm and steady feeling.

The red-skirted girl still had a smile, seemingly not surprised.

"Chen Ning'er, where did your Hidden Chen Family get the news that the Heavenly Tower was going to appear?"

Afterward, seemingly remembering something, Ji Yaoxing opened his mouth and asked.

The young girl named Chen Ning'er was slightly startled by his words as if she did not expect Ji Yaoxing to ask this.

"I don't know, I was instructed by my family to come here to look for the Heavenly Tower."

She said so, not wanting to say more.

Ji Yaoxing nodded and didn't ask anything more.

"It seems that neither of us has any harvest. How about this, Brother Yaoxing and I can cooperate, and search for the whereabouts of the Heavenly Tower together, then each of us will snatch it by our own means, what do you think?"

Chen Ning'er opened her mouth again and asked with a smile.

The group of geniuses behind her were all vaguely led by her, and now that they heard this, they were not surprised and looked very natural.

Ji Yaoxing gave her a deep look and finally shook his head, "For such matters, I think it is better to act individually."

This Chen Ning'er was scheming, he was not stupid, if he worked with her, he wouldn't even know when he was pitted by her.

At these words, Chen Ning'er was a little disappointed but did not say anything more.

"Brother!"

At this time, a clear and pleasant voice rang out, and above the sky dome, Ji Chu Yue rode the clouds and brought Jiang Chen to this place.

"Ji Chu Yue actually came too? Who is that man?"

Chen Ning'er was slightly surprised.

Then her eyes fell on Jiang Chen behind Ji Chu Yue and took a careful look at him, seeing that he had no cultivation fluctuations, so she couldn't help but show some contempt and disdain.

"Chu Yue, who is this person?"

Ji Yaoxing's scrutinizing gaze fell on Jiang Chen, and his brows could not help but frown.

This was surprisingly just a mortal who hadn't yet set foot on the path of cultivation, and he didn't know for what reason he had been brought here by Ji Chu Yue.

Ji Chu Yue had not yet mentioned Jiang Chen's identity to him, so Ji Yaoxing did not know Jiang Chen's identity.

As soon as Jiang Chen landed, he naturally sized up the group of young men and women in front of him.

It had to be said that each of their cultivation was very powerful, shrouded in various colors of divine lights, giving him a lot of pressure.

However, Jiang Chen had a strong heart and still looked exceptionally bashful.

"Brother, this is the thing I told you about before."

Ji Chu Yue swept Chen Ning'er a glance, apparently they had been long acquaintances with each other, but they did not have a good relationship as she coldly snorted, and did not greet her.

Chen Ning'er also did not care, and jokingly said, "Is it shameful for the young princess of the dignified Ji Family to look like this now?"

"What do you care about me?"

Ji Chu Yue frowned, and was a little unhappy. She naturally deliberately disguised her face like this, the purpose was also to not attract too much attention.

On the contrary, it was Chen Ning'er who was proud and beckoning like a swan.

"Brother, his name is Jiang Chen."

Ji Chu Yue then introduced Jiang Chen.

Jiang Chen arched his hand in salute, "Greetings, Young Master of the Ji Family."

"Is that so, since it's what Chu Yue said, I'll believe you for now."

Ji Yaoxing nodded and didn't ask more about Jiang Chen's origins, there were still people from the Hidden Chen Family here, so he couldn't say many things.

Ji Chu Yue also understood and gave a look to indicate Jiang Chen.

Jiang Chen nodded his head to show that he understood, and could see that this very beautiful red-skirted girl in front of him and Ji Chu Yue and others, were not the same group.

Seeing that Ji Chuyue and Ji Yaoxing seemed to be hiding something from themselves, Chen Ning'er couldn't help but narrow her eyes.

She once again sized up Jiang Chen, a mortal who didn't even have cultivation, how was he valued by the young princess of the Ji Family?

"Brother, another group of young cultivators came to the Divine Ruins Sect, their cultivation aura looked powerful, they are not to be underestimated, I suspect that it is also another sect that sent them here."

### **Chapter 361-2: I want to tie you to my side, A level that was not accessible before (2)**

Afterward, Ji Chu Yue spoke, referring to the group of young cultivators she saw when she left the Divine Ruins Sect.

"A group of young cultivators?" Ji Yaoxing frowned.

"Oh? There are still disciples from the other great sects coming here?"

Chen Ning'er naturally heard this, and her eyes couldn't help but light up, she could just wait to find someone to work with.

"Were you able to see the origins of that group of young cultivators?" Ji Yaoxing asked with a frown.

"No. It was rather urgent when they left."

Ji Chuyue shook her head, "I feel that their origins are no less than ours."

"In that case, I would like to see this group of geniuses, but now there is no trace of the Heavenly Tower, one more person also means more strength." Chen Ning'er couldn't help laughing.

"I wonder what Brother Yaoxing thinks? Maybe we can ask something from their mouths."

When Ji Yaoxing heard this, he fell into thinking. It had been almost a month since the two of them came to the Heavenly Emperor Mountains, and now they had found nothing.

It would be nice if they could ask something from someone else.

And to be honest he didn't really believe that this Jiang Chen in front of him could do much as a mortal.

It just so happened that Ji Chu Yue was temporarily living in Divine Ruins Sect, and sooner or later she would meet with the other party.

Thinking so, Ji Yaoxing couldn't help but nod.

Seeing this scene, Jiang Chen's expression changed slightly, in fact, he really wanted to tell Ji Chu Yue that the man was actually Gu Changge.

However, Ji Chu Yue was bound to wonder how he knew Gu Changge.

If Ji Chu Yue knew that there existed hatred between him and Gu Changge, would Ji Chu Yue help him?

Although he had a good impression of Ji Chu Yue, he had not yet reached the stage of trusting her so much.

So Jiang Chen thought about it, the best way was to return to the Divine Ruins Sect, and he couldn't come out of his house of craftsman disciples.

As for Gu Changge, he definitely wouldn't go to that kind of place, so as long as he couldn't see him, it was impossible for Gu Changge to know that he was at Divine Ruins Sect.

"Little Chen, you can reveal a little to this girl surnamed Ji, and tell her that you have a grudge against that surnamed Gu."

"Hidden Ji Family is the lineage of the Human Ancestors, and it is impossible for them to not even have this much courage. Your current identity is the descendant of the Immortals. As long as this girl surnamed Ji is smart, she will understand what to do."

However, when Jiang Chen was hesitating to think about it, the spirit in his mind spoke up, giving him advice.

Hearing it say that, Jiang Chen felt relieved.

Not to mention that the black-robed Senior was still there in the dark. If something happened, he could let the black-robed senior take him away as soon as possible.

Afterward, Ji Yaoxing summoned his followers and planned to return to Divine Ruins Sect with his sister.

When they entered, the two went to different sects separately, in order to facilitate the exploration.

On the way, Ji Chu Yue told some news about Jiang Chen through voice transmission, including his mysterious physique, and his identity as a descendant of the Divine Origin Master.

After Ji Yaoxing heard it, he was also surprised and felt a little unbelievable. This appearance was rare for him, who had always been calm and reserved.

"Divine Origin Master?"

He muttered these three words without doubting his sister's vision.

Instead, he glanced at Jiang Chen, who was following behind and said in a low voice, "If it is as you said, he still has a physique that is not weaker than mine, then we can find a way to let him enter the Ji Family."

The inheritance of the Divine Origin Master had long been cut off. If Jiang Chen had his inheritance, the sensation it would cause would be self-evident.

Of course, Ji Yaoxing was an upright person, and he had no plans to seek Jiang Chen, the only idea was to introduce him to the Ji Family.

The sound transmission process between the two of them was very secretive, but Jiang Chen still guessed what the two were talking about.

Chen Ning'er's eyes had been staring at Jiang Chen, even if she was stupid at this time, she would understand that there should be something special about Jiang Chen.

Otherwise, the Ji siblings would not treat him like this.

Her eyes flickered slightly, and she quickly had an idea in her heart.

Soon, this group returned to the Divine Ruins Sect, and when they reached the front of the mountain gate, Jiang Chen took an excuse to walk to the craftsman peak where he lived.

Ji Chu Yue glanced at him strangely but didn't ask any more questions.

"Miss Chu Yue."

The old man in front of the mountain gate respectfully said, and at the same time glanced at Ji Yaoxing, Chen Ning'er, and the others, with surprise in his eyes.

*What the hell is going on?*

*Why are there so many young geniuses coming to such a remote place as Divine Ruins Sect today? Could it be that what they are looking for is very precious? And It attracted so many people.*

However, he did not dare to ask.

"Why have the young geniuses come to greet the Divine Ruins Sect today?" Ji Chuyue asked, Temple of Divine Sect was an affiliated force of the Hidden Ji Family, and the Divine Ruins Sect was a branch of the Temple of Divine Sect.

In the Temple of Divine Sect, her status was infinitely nobler than that of the sect master.

The old man did not dare to neglect, and hurriedly added, "Reporting to Miss Chu Yue, that group of geniuses are at the palace in the east."

In his opinion, no matter how amazing the identities of those geniuses were, they should be inferior in front of Ji Chu Yue.

After all, Ji Chu Yue was the princess of the Hidden Ji Family, and her identity was indescribably precious. In the entire Upper Realm, the Hidden Ji Family was also a behemoth-like existence.

Afterward, Ji Chu Yue, Ji Yaoxing, and others, under the leadership of the gatekeeper, went to the palace in the east.

On the way, the sect master of the Divine Ruins Sect and others heard of the news, and they arrived one after another, very shocked and surprised.

However, they were very clear about Ji Chu Yue's identity, so it could be judged that Ji Yaoxing, Chen Ning'er, and others had extraordinary identities.

"Could it be that she came to find trouble for those geniuses..." The expression of the sect master of the Divine Ruins Sect changed slightly, for fear that this group of young geniuses would fight and destroy this place.

However, Ji Yaoxing seemed to see his concern and said, "We are just curious about the group of geniuses' background and wanted to visit."

"Spiritual White Jade Horse, Snow Treading Black Cloud, Lei Lin... these mounts..."

At this time, Chen Ning'er's complexion changed slightly, and she noticed a group of strange beasts in the distance from the palace, who were drinking water with their heads down.

These mounts were of great value, possessing various rare bloodlines, among which there were even some alien species with powerful aura.

This made her heart shudder.

If it was a single mount, it would be fine to say, but this was a group, it only meant that among these young talents, there were many people whose status was not lower than theirs.

"It seems that the identity of this group of geniuses should not be simple..."

Ji Yaoxing's complexion also changed slightly as he became more cautious.

Although the Hidden Ji Family was down and out now, it had been brilliant once, and it had all the eyesight it should have.

"Who are you?"

However, before they walked a few steps, they were stopped by a group of powerful creatures outside the palace. They were from different clans. They were extremely young, with divine light in their eyes, and there was a kind of pressure that made people palpitate.

"Ji Yaoxing of the Hidden Ji Family, greets all the fellow Daoists."

Ji Yaoxing bowed his hands slightly, he could see that among the group of young creatures in front of him, the aura of many people was not necessarily weaker than his.

But here they were only followers, what did this mean?

Ji Chu Yue's expression also became solemn, and she did not dare to be as casual as before.

Only Chen Ning'er looked into the hall with a splendid gaze, as if she wanted to see who it was.

The Upper Realm was vast and boundless, and it was almost impossible to exhaust the number of Dao Lineages and influences, and the number of them could not be counted. Although the Hidden Chen Family behind her could also be called a behemoth.

But compared with the real Immortal Dao Lineage behemoths, they were still far behind.

In the eyes of those forces that were truly Immortal, it was estimated that they had never heard of the family behind them.

Although the sect master of Divine Ruins Sect and others did not have the eyesight of Ji Yaoxing and others, they could see that the identity of the young man and woman living in the palace was far beyond their imagination.

In their eyes, the Hidden Ji Family was an unimaginable behemoth, standing at the top of the Upper Realm.

"Hidden Ji Family?" Several young creatures at the palace gate heard the words, frowned slightly, and began to recall the origin of this family in their minds.

"Chen Ning'er of the Hidden Chen Family, greets all the brothers."

Chen Ning'er also stepped forward at this moment, slightly cupped her hands, and the arrogance on her face had long since subsided.

"I have some impressions of the Hidden Ji Family, but the Hidden Chen Family, which family is this? I don't seem to have heard of it." A tall young creature with a third eye between his eyebrows and a layer of golden scales asked with some doubts.

"I've never heard of such a family."

The young creature next to him shook his head and said, the aura on his body was very terrifying, even Chen Ning'er and the others were deeply suffocated.

Hearing these words, Ji Yaoxing and others' expressions changed slightly, and then they smiled bitterly. The Hidden Families was relatively low-key, and rarely had any reputation in the outside world.

But it didn't mean that the Hidden Families were not strong. For example, the Hidden Ji Family behind them had a long heritage and was even older than the Purple Mansion.

Chen Ning'er's expression was also a little embarrassing. It was the first time someone looked down on the family behind her, but she didn't dare to say anything more.

After all, the Hidden Chen Family was much worse than the Hidden Ji Family, and it had not existed for as long as the Hidden Ji Family.

But now, Chen Ning'er was quite sure that the identity of the people in the palace was far beyond her imagination, and it was a level she had never been able to touch before.

### **Chapter 362-1: Chen Ninger has extravagant hope and boldness, Learns from others and recommends a pillow seat (1)**

"Forget it, you guys wait first, I'll report to my Master. Whether he meets you or not, that's my Master's business. We can't make this decision."

A silver-colored creature glanced at Chen Ning'er, Ji Chu Yue, Ji Yaoxing, and the others at the entrance of the palace, with a look of impatience.

Then he turned around and walked towards the hall. The indifference and impatience on his face immediately changed to respect.

"Excuse me." Ji Yaoxing bowed slightly.

"I wonder which Dao force's genius will intervene in this matter. As a result of this, it seems more difficult to get to the Heavenly Tower."

Hearing this, Ji Chu Yue's expression couldn't help turning slightly solemn as she stood in front of the palace.

What she was most worried about now was that if the Heavenly Tower was born later, and the people in front of her stepped in, how would their Ji family handle themselves?

Judging from this posture, the identity of this person was absolutely different.

This caused a haze in the hearts of the Ji siblings.

The Heavenly Tower was related to Immortal Palace, and if the Ji family behind them wanted to regain their former glory, they must find the Immortal Palace.

How could they be reconciled if they handed over the remains of the Immortal Palace to others?

However, at this moment, Chen Ning'er's thoughts were different.

Her eyes were slightly curious and strange.

Although the Heavenly Tower was important, it was only a weapon. Even if it was related to the Immortal Palace, it was necessary to find all Seven Heavenly Artifacts.

What did finding all Seven Heavenly Artifacts mean?

Doing so was tantamount to looking for a needle in a haystack, and the difficulty was self-evident.

And the opportunity in front of her was to be able to access a level that she had not been able to touch before.

Whether it was light or heavy, she could tell at a glance.

"Master, people from the Hidden Ji Family and the Hidden Chen Family are asking for an audience outside the palace."

This silver-colored creature stepped into the hall and reported to Gu Changge on the high platform.

"They want to meet?"

Gu Changge naturally heard the words coming from outside as he placed down the teacup in his hand and said with great interest.

"Seems interesting."

Yue Mingkong shook her head, with a slightly lazy expression on her face as she lay sideways on the bed. The blue silk falling between her eyebrows made her seem less indifferent than before, with more a sense of coldness and indifference to the world.

Gu Changge smiled and stood up while walking outside the hall.

In fact, some time ago, he started to ask Yin Mei to investigate the matter of the Hidden Ji Family.

The biggest reason was that Gu Changge felt that Ji Qingxuan had ambitions in her heart, and she would not be willing to be persecuted by the Hidden Ji Family all the time.

The seeds of this ambition had been planted, and they were just waiting to sprout when the time arrived.

Ji Qingxuan, who had a different kind of fanaticism towards power, would not miss such a perfect opportunity.

There was just such an opportunity to control the Hidden Ji Family, and one more chess piece was not a bad thing.

"Gu Changge... how could it be him? How could he be here?"

But when Gu Changge walked out of the hall, Ji Yaoxing and others in front of the door changed their expressions. Their pupils could not help shrinking and they were very shocked.

"This..." Ji Chu Yue also had a small face and it felt unbelievable.

They naturally recognized the young man walking in front of them.

"I heard that you are looking for me?"

Gu Changge turned a blind eye to the shocked expressions of everyone, smiled, and asked casually.

"Greetings, Young Master Changge, I am from the Ji family, Ji Yaoxing."

Ji Yaoxing cupped his hands and said, he had always been calm and reserved, but he was also very respectful at this time.

"Ji Chu Yue greets Young Master Changge."

Ji Chu Yue, who reacted, hurriedly greeted with a gleam of light in her big and bright eyes.

No one expected to see Gu Changge here. Didn't he just destroy Purple Mansion, and it was said that he returned to the True Immortal Academy?

Gu Changge's appearance was not a secret in the Upper Realm.

As long as it was a powerful Dao Lineage with some background, even if they had not seen him with their own eyes, they had seen his portrait, just to avoid accidentally provoking him one day.

It had to be said that after the destruction of the Purple Mansion, Gu Changge's power in the Upper Realm had reached an unprecedented peak.

Even those Emperors, Buddhas, and Ancient Emperors were far from such power when they were young.

"Greetings, Young Master Changge."

Chen Ning'er's heart couldn't help thumping. She forced herself to calm down, showed her sweetest smile as she greeted Gu Changge.

In the current Upper Realm, if there was a young genius who could be known to everyone, it had to be Gu Changge.

So seeing Gu Changge here made Chen Ning'er very excited, and even her voice was a little trembling. She couldn't stop herself.

In the past, she had only seen Gu Changge in those portraits and image capturing stones, but suddenly seeing him in person like today.

It was no exaggeration to say that the ideal and perfect future husband was Gu Changge for the many beautiful girls in the Upper Realm.

Appearance, temperament, strength, talent, power, background, no matter which aspect, one could hardly find any flaws, let alone a man who could compare with him.

Of course, they also had self-knowledge and knew that they could only fantasize in their hearts as they were far from being worthy.

Gu Changge smiled warmly and genially while nodding, "You don't need to be too polite."

However, there was no intention to invite everyone inside.

"It turns out that Young Master Changge also came to this place."

"I said that he's so powerful, how can he be an ordinary person?"

Ji Yaoxing smiled bitterly in his heart, feeling that this opportunity to grab the Heavenly Tower became more and more ethereal.

Not that he would give up after meeting Gu Changge.

Instead, he felt that his strength was much worse than that of Gu Changge, not to mention that there were many followers with strong cultivation around Gu Changge.

He could only hope that he could find the Heavenly Tower before it appeared, so even Gu Changge wouldn't be able to grab it from him.

However, Ji Yaoxing had other plans in mind. If Gu Changge was bound to win the Heavenly Tower, then he could also borrow flowers to offer Buddha.

Although Ji Yaoxing had an honest temperament, it did not mean that he was stupid.

How terrifying the power of Gu Changge was now? There was no need to say more, even the Purple Mansion collapsed because of him.

The sect master of the Divine Ruins Sect and others were also stunned at the moment.

Although they were short-sighted, how could they not know about Gu Changge, for them, he was like a dragon.

They had only heard about him through those rumors before. Who would have thought that there would be a day when they would meet him in person?

Up to now, their heads were still buzzing, it was difficult to calm down. Even their attitude was extremely respectful.

In front of this kind of person, they were far inferior to the dust that could shatter at the flick of a finger.

"Are you all here to find the Heavenly Tower as well?"

Gu Changge smiled.

"I'm not going to hide it from Young Master Changge, we are indeed here to look for the Heavenly Tower, but up to now, we still have no clue." Ji Yaoxing said with a bitter smile.

"Oh? I thought you guys had any clues. If you have any clues, you might as well tell this Gu. This Gu is willing to pay a high price for it."

Gu Changge still smiled and said, with a slender and straight body, his robes fluttering, seemingly spotless.

"If we have any clues, we will definitely inform Young Master Changge."

Ji Chu Yue added at this time, her bright eyes were gazing at Gu Changge.

In order to leave a good impression in front of Gu Changge, she also decided to uncover her original appearance.

Her face was the size of a palm, her skin was like snow, her eyes were big and bright with long eyelashes and slender eyebrows.

"Then I'll have to trouble you all."

Gu Changge smiled, his tone was casual and natural, without any superiority.

But from this, everyone could still feel the huge identity gap like an insurmountable gulf.

This kind of otherworldliness emanating a natural immortal meaning and dignity had a deep horror of background which could not be cultivated.

"Young Master Changge, rest assured, if Ning'er gets any news or clues, she will definitely come to inform Young Master Changge as soon as possible."

"Since Young Master Changge is also looking for the Heavenly Tower, Ning'er will instruct her subordinates to help you find it together."

Chen Ning'er's heart was beating thumping, and she hurriedly said when she heard the words.

She was only two decades old. She had a slender figure, her skin was creamy, her eyes were like autumn water, and her lips were a little red. She was very beautiful and very smart. She immediately expressed her thoughts and expressed her position at the same time.

She didn't want Heavenly Tower anymore, she just wanted to be able to help Gu Changge.

Although this decision was made by her without the consent of the family. But Chen Ning'er knew that if the family behind her knew her decision, they would definitely support it.

Hearing this, Ji Yaoxing and Ji Chu Yue looked at each other, and both noticed the cautiousness in their eyes.

In their opinion, there was nothing wrong with Chen Ning'er's actions.

After all, the Hidden Chen's Family was different from the Hidden Ji Family. She had an insufficient background. Seizing an opportunity to please Gu Changge, this was something that she would definitely not give up.

And although the Hidden Ji Family was down and out, they were still proud of themselves.

Not to mention the existence of the Seven Heavenly Artifacts was an opportunity for them to become stronger again, and it was clear at a glance which was more important.

"Oh? Then I am grateful to Miss Ning'er."

Gu Changge seemed a little surprised to hear this, then looked at her and smiled slightly.

"Young Master Changge, you are very polite. It is an honor for Ning'er to do things for you."

Chen Ning'er's voice trembled slightly, and she hurriedly lowered her head and said.

She felt her heart beating fast, and her palms were tense and sweating.

This was Gu Changge taking the initiative to talk to her, which made her feel a little frightened.

Young Master Changge's temperament was really good, just like the rumors, he treated people calmly and gracefully.

It would be an exaggeration to describe him as the Jade Emperor and he did not despise or look down on them because of their status.

This made Chen Ning'er feel a sense of admiration and a touch of extravagance in her heart.

### **Chapter 362-2: Chen Ninger has extravagant hope and boldness, Learns from others and recommends a pillow seat (2)**

But then again, wasn't this an opportunity for her?

If she could seize this opportunity, let alone her, even the Hidden Chen Family behind her would undergo earth-shaking changes.

Chen Ning'er was very confident in her appearance.

Thinking of this, she quickly forced herself to calm down, looked up at Gu Changge, and revealed what she thought was the sweetest smile.

"Young Master Changge, if you have anything you need, you can tell Ning'er."

"Near the Heavenly Emperor Mountains, I have sent my subordinates to search for a week, and I am very familiar with it. If there is any change about the Heavenly Tower, I should know it immediately."

There was a smile between the words, and her eyes were curved into a crescent shape, which was very cute and moving. Ji Chu Yue, who was very familiar with her character, couldn't help but pout, and feel secretly disdainful.

In the past, Chen Ning'er was arrogant like a swan, with eyes higher than the top.

Many young geniuses couldn't enter her eyes, only the young supreme like her brother could be slightly valued by her.

Now Chen Ning'er was almost flattering. As long as it was someone with a discerning eye, they could see it.

But having said that, at this time, even if it was the daughter of the rest of the heavens, she would not let go of such an opportunity to please Gu Changge.

Many Chen family disciples behind Chen Ning'er were also very envious of her at this moment.

However, as a member of the Chen family, if Chen Ning'er could be valued by Gu Changge, it was also a good thing for them to reach heaven overnight.

Thinking like this, they couldn't help showing a little smugness on their faces and secretly glanced at the Ji family.

Seeing this, everyone from the Ji family didn't look very good and looked at Ji Chu Yue in front, because she was the little princess of the Hidden Ji Family.

Ji Chu Yue revealed her true face just to show her respect for Gu Changge, she had no other idea.

Although she was curious about Gu Changge, she had not reached the point where she was almost flattering, and she was proud of her heart.

"Since Miss, Ning'er said so, this Gu would like to thank you in advance."

Hearing Chen Ning'er's words, Gu Changge also smiled gently and naturally.

As if the spring breeze was blowing, it gave people an indescribable favor.

Chen Ning'er's face was a little red, and she hurriedly waved her hand, "Young Master Changge, you are too polite, this is Ning'er's honor."

As she said that, she secretly glanced at Gu Changge again, and then summoned up her courage to ask, "Young Master Changge, this time you are traveling, Ning'er sees that there seems to be no one around you, if you don't mind..."

What she said was very bold, and it was no different from recommending herself to be a pillow seat.

Ji Chu Yue also widened her eyes in surprise, feeling incredible.

As the young lady of the Hidden Chen Family, Chen Ning'er had a distinguished status and had many suitors. Even among the clansmen behind her, there were many young people who adored her.

It's just that she was usually very proud, her eyes were higher than the top, and those so-called geniuses couldn't enter her eyes.

Who would have thought that she would dare to go to this place today and say this in front of everyone, in front of Gu Changge?

However, it could only be said that Chen Ning'er was bold and did not miss any opportunity.

Otherwise, in her capacity, she wouldn't be able to get in touch with Gu Changge at ordinary times.

Ji Chu Yue admired her a little.

Hearing this, many of the followers behind Chen Ning'er had already turned pale.

Their fists were clenched, and there was strong jealousy and unwillingness in their hearts, but they didn't dare to show it on their faces. Looking at the fairy they admired offering to be a pillow seat in front of other men, who could stand it?

Gu Changge didn't seem to have expected Chen Ning'er to say these words.

A bit of surprise appeared on his face.

But before he spoke, a faint voice emerged from behind, "No need, even if he doesn't mind, I mind."

Following the words, a slender figure appeared at the entrance of the palace.

The silk-like hair fluttered, the clothes were whiter than the snow, the immortal face was picturesque, and the facial features were extremely beautiful. There was a frosty look in every glance, but it had a suffocating and terrifying power.

Chen Ning'er couldn't help but turn pale, her expression turned frightened. She couldn't help but take a few steps back, and a terrifying cold air emerged from her back.

At this moment, she seemed to be watched by a supreme goddess, and her whole person seemed as small as an ant.

"Crown Empress Mingkong..."

The expressions of Ji Yaoxing, Ji Chu Yue, and others also changed, and they recognized the woman in white who suddenly appeared.

"Mingkong, you are scaring people."

"Didn't you say you're not interested?"

Gu Changge smiled.

Yue Mingkong glanced at him lightly, without saying a word.

That look seemed to be saying, if I didn't come out, were you going to agree?

Although she knew that with Gu Changge's character, it was absolutely impossible for her to have any thoughts about this girl named Chen Ning'er.

But seeing him joking and laughing with other women made her feel very uncomfortable, so she wanted to slap Chen Ning'er in front of her to death.

Gu Changge's smile remained unchanged, "You've scared people to this."

Yue Mingkong gave him a sideways glance, but remained silent.

It was just that the cold and terrifying aura made everyone present a little suffocated, and they didn't dare to say more, they only dared to think secretly in their hearts.

*As expected of a character known as the future Empress, her every move gave people such a terrifying power that we almost suffocated. Even the cultivation base is unfathomable.*

"It's Ning'er who has overstepped, and I hope that Empress Mingkong will be magnanimous and forgive Ning'er this time."

Chen Ning'er naturally recognized Yue Mingkong, her face was pale, her back was a little cold, and she hurriedly apologized.

She knew Yue Mingkong's identity, she was the future Empress of Peerless Immortal Dynasty, and she was also Gu Changge's fiancée, her identity was indescribably precious.

She never thought that Yue Mingkong would follow Gu Changge to this place, and she felt a little regretful in her heart.

When she said this just now, she expected that Gu Changge would not have any maid follow him on this trip.

After all, there was no reason why Gu Changge had already appeared, but the maid had never appeared.

But who would have thought that the follower was not his maid, but his fiancée.

"Miss Ning'er is just being kind, so don't think about her that way, Mingkong."

Seeing this scene, Gu Changge couldn't help but persuade with a smile.

Yue Mingkong glanced at him coldly, snorted, and disappeared from the entrance.

She also knew that if it went on like this, it would give people a feeling of her jealousy.

It was just Chen Ning'er, why should she care so much?

Now that she appeared, it was only to let Gu Changge know that when she was there, she would never tolerate other women by his side.

"Mingkong has such a strong personality, which makes everyone laugh." Gu Changge smiled.

Hearing this, everyone hurriedly waved their hands and said,

"Young Master Changge is joking..."

"Empress Mingkong's true temperament makes me admire."

"Yeah, Young Master Changge and Empress Mingkong are a perfect match. They are the companions of immortals. We are really envious."

They opened their mouths one after another, not daring to say anything disrespectful, and their hearts were even more awe-inspiring. Not only did Gu Changge appear in the Heavenly Emperor Mountains, but now Yue Mingkong also appeared, and it became more and more difficult to compete for the Heavenly Tower. .

Afterwards, when the visit was over, Ji Chu Yue and Ji Yaoxing also said goodbye and left one after another, planning to go back to discuss the next thing.

Although Chen Ning'er was still a little scared, she quickly recovered, and she still had hope in her heart.

After all, this was an opportunity she finally encountered, so how could she give up so easily?

In her opinion, as long as she could help Gu Changge find the Heavenly Tower, she would definitely be valued by him.

This small setback today did not hit her.

Soon, she regained her slightly arrogant, swan-like appearance.

"The man next to Ji Chu Yue at that time should have something special, otherwise it would be impossible for the Ji siblings to value him so much because of his mortal body."

"If I have time, I'll have to start with him."

Chen Ning'er narrowed her eyes, she already had the next plan in her mind.

After returning to the palace, looking at Yue Mingkong, who glanced at him coldly, Gu Changge laughed without the slightest self-consciousness, "What's the matter, why are you smelling jealous? Was the vinegar jar overturned?"

Yue Mingkong glanced at him, "In front of me, you are not allowed to be nice to other women."

"You are really domineering." Gu Changge shook his head, his tone a little helpless, "You will scare away a good chess piece. Anyway, people have the courage to recommend themselves to be pillow seats, why don't you learn from others?"

"I do not care."

Yue Mingkong glanced at him, and then the corners of her mouth twitched, her voice was cold and murderous, "If I see it again, I'm afraid I won't be able to resist and shoot her to death."

In the next few days, the vicinity of the Heavenly Emperor Mountains became less and less quiet, and many divine lights and ancient chariots could be seen in the sky, making a rumbling sound.

More and more cultivators and creatures came here after learning that the Heavenly Tower was about to be born here.

In addition to the younger generation, there were many older generation powerhouses coming, and even some Sacred Realm cultivators were revealed.

Many nearby forces were trembling and feeling deeply uneasy. Who would have thought that at some time, there would be so many cultivators in such a remote mountain range as theirs?

In addition, the news of Gu Changge's appearance here also spread, causing a great uproar.

Many cultivators were shocked and stunned. They did not expect that after Gu Changge destroyed the Purple Mansion, he actually came here, intending to intervene and compete for the Heavenly Tower.

However, some people still knew that Gu Changge actually had a Heavenly Bottle.

It was no surprise that he would come to compete for the Heavenly Tower.

After hearing the news, many people also retreated and chose to leave, knowing that they could not snatch it from Gu Changge.

Of course, there were still very few cultivators who had such thoughts, and most of them knew the truth of the punishment for the virtuous people aiming for the treasures.

When the time came to snatch, it would not be done by means. How could there be a reason to choose to give in because of just a terrifying background?

On the other side, Ji Chu Yue, Ji Yaoxing and others, after saying goodbye to Gu Changge, did not leave the Divine Ruins Sect, but went to the craftsmen peak where the craftsman disciples were, and asked for Jiang Chen to discuss matters.

In front of the thatched hut, Jiang Chen was sitting cross-legged on a piece of bluestone for cultivation, feeling the signs of the flow of spiritual energy between heaven and earth.

Hearing Ji Chu Yue's voice from a distance, he opened his eyes, showed a slight smile, and looked over.

"What a nice view!"

However, when he saw Ji Chu Yue's first glance, he couldn't help being stunned for a while.

### **Chapter 363-1: In his eyes, I can be trampled to death, The Child of Luck who has grown crooked (1)**

Ji Chu Yue was wearing a long goose-yellow dress. Her slender figure and pretty face was white and sparkling with a moving luster.

Her facial features were exquisite and beautiful, like an elf walking in the mountains with a frown and smile, all with an unearthly beauty.

Jiang Chen had seen a lot of beautiful women, although most of them were the women next to his great enemy Gu Changge, it still did not prevent him from feeling this natural beauty.

Different from Xiao Ruoyin's beauty, Ji Chu Yue's beauty was kind of natural, flawless as if the hibiscus emerged from clear water, it was naturally carved.

Behind Ji Chu Yue, followed by her brother Ji Yaoxing.

"What's the matter, why are you staring at my face all the time?"

Ji Chu Yue approached closer and asked with some doubts.

Jiang Chen coughed slightly, and withdrew his gaze, although he had guessed that Ji Chu Yue's appearance was not her original appearance, but he still didn't expect her to be so beautiful.

"I almost forgot..."

Ji Chu Yue suddenly exclaimed, and then she remembered that she had recovered her original appearance, no wonder Jiang Chen stared at her just now.

However, it also gave her some confidence.

When she was in front of Gu Changge just now, his expression had been calm, not because of her appearance.

This made Ji Chu Yue a little frustrated. As a woman, how could she not care about her appearance?

But she never showed it.

Soon, Ji Chu Yue waved her hand casually, and a layer of brilliance flashed across her face as she changed into the ordinary and unremarkable appearance before.

Seeing this scene, Jiang Chen was a little stunned. Only then did he realize that Ji Chu Yue's return to her original appearance was because she went to see Gu Changge just now, not because she came to see him.

Although he felt a little lost and uncomfortable in his heart, he quickly regained his composure.

"You said that you were a Divine Origin Master?"

Ji Yaoxing approached and went straight to the point with the golden light in his eyes, it was as if there were two little golden suns staring at Jiang Chen, trying to see through him.

"Yes, I learned a little from the ancestors back then, but it was only a little."

Jiang Chen said very frankly, not worried about Ji Yaoxing's scrutiny.

"Sure enough, it's a kind of Holy Body..."

Afterward, Ji Yaoxing's face displayed a look of surprise, because he also had a Holy Body, it was easy to feel the fluctuation from Jiang Chen's dantian.

Although he had not activated his spiritual sea, the magnificent color like starlight could not be wrong.

Thinking of this, he somewhat believed Jiang Chen's words, this was a good seedling worth cultivating.

In addition, if Jiang Chen was really a Divine Origin Master, then he would take him into the Hidden Ji Family at all costs.

There was no need to say more about the value of a Divine Origin Master.

"Jiang Chen, didn't you say that you are the Divine Origin Master?"

At this moment, Ji Chu Yue also spoke, with some curiosity in her eyes.

Jiang Chen's face was calm and confident, and before they came, he had already communicated with the Spirit of Immortal Boat in his mind.

Facing the curious and doubtful expressions of Ji Chu Yue and Ji Yaoxing, he just casually waved forward.

**Hum!**

Suddenly.

An indescribable charm and aura slowly flowed through the void, as if it could communicate with the mighty power between heaven and earth.

**Boom!!!**

Along with the loud noise, Ji Chu Yue and Ji Yaoxing were surprised.

The mountains in the front began to move, and the grass, trees, rocks, rivers and lakes on the ground were also moving in different directions as if being pushed by a pair of invisible big hands.

Such a method left the duo surprised.

Vaguely, they could only feel the changes in geography and power called potential.

"Is this the Divine method? Without using any energy, moving mountains and reclaiming seas is really mysterious..."

An astonishing strange color appeared in Ji Chu Yue's beautiful eyes that stared at Jiang Chen without blinking.

"If it's a cultivator, it is not difficult to achieve this level, but he is just a mortal."

"No wonder the inheritance of the Divine Origin Master had been cut off in the long river of history..." Ji Yaoxing took a deep look at Jiang Chen, already believing that he was the successor of the Divine Origin Master.

Divine Origin Master, who had long disappeared in the long river of time, reappeared in the world. He wondered how many waves it would cause.

"Look, brother, I didn't lie to you." Ji Chu Yue smiled.

"Jiang Chen is really a Divine Origin Master, this time we will definitely be able to find the Heavenly Tower before everyone!"

She was very confident.

Ji Yaoxing also nodded, his eyes flashing brightly.

"However, I have one thing to inform you first..."

At this time, Jiang Chen was very satisfied with the shocking appearance of the two of them. Although this scene had nothing to do with him, it was more or less displayed by his hands.

The spirit of the Immortal Boat did not disappoint him.

But he did not forget another important thing.

"Whatever you say, as long as we can do it, we will promise you."

Ji Chu Yue nodded, with a smile in her eyes, thinking that Jiang Chen was going to take the opportunity to put forward his conditions.

"I actually have a grudge against Gu Changge."

Jiang Chen's expression was calm, and he made this sentence clear almost word by word.

"What?"

Ji Yaoxing was stunned for a moment, then his pupils shrank, and his complexion changed drastically.

"What did you say?" Ji Chu Yue was also stunned, she couldn't believe it, she had to wonder if she heard it wrong.

Jiang Chen actually said that there was a grudge between him and Gu Changge.

*What was Jiang Chen's identity in front of Gu Changge, how could he get in touch with Gu Changge?*

*No, why would he suddenly say that?*

"Did you know that Gu Changge had come to Divine Ruins Sect before this?"

Ji Chu Yue quickly reacted, her eyes fixed on Jiang Chen, she restrained her smile and became very cautious.

After all, Gu Changge was involved, so they couldn't help but be cautious.

Ji Yaoxing's face was also slightly dark, he was thinking about the gains and losses in his heart.

"I saw Gu Changge at the time. But considering the other reasons, I didn't tell you."

Jiang Chen seemed to have expected the reaction of the two of them long ago, and he was not surprised at all as he said very indifferently, "Since I dare to tell you this, it is also to prepare you, otherwise you will feel that I am cheating on you. I'm not afraid that you will take me to see Gu Changge."

He had confidence in his heart. The place where the black-robed Senior was located was not far from this place, and he could show up at any time and take him to escape.

"It's not too late for you to tell us this now."

When Ji Chu Yue heard this, she breathed a sigh of relief, and then smiled again, "Compared to the rest, you have a good conscience."

Jiang Chen didn't use this to trick them.

If Gu Changge thought that they were with Jiang Chen, it would be bad, and it would cause a lot of trouble for them in the future.

"Actually, you don't have to worry. Gu Changge and I do have a grudge, but whether he can remember me is still unknown. After all, in Gu Changge's eyes, I'm just an inconspicuous little ant that can be trampled to death at will."

Jiang Chen smiled, but there was bitterness and self-deprecation in this smile, and at the same time there was a bit of hatred.

Hearing what he said, Ji Chu Yue also understood that it wasn't that Gu Changge hated Jiang Chen, but Jiang Chen hated Gu Changge. The emphasis was entirely different.

This way things would be much easier.

After all, Gu Changge didn't have much time to take care of such trivial matters.

As for the hatred between Jiang Chen and Gu Changge, it didn't matter.

"Leave Divine Ruins Sect now, and we will pretend that we didn't hear these words..."

But at this time, Ji Yaoxing suddenly spoke, his words were decisive. Although he was upright, he was not stupid.

Although Jiang Chen possessed a kind of Holy Body and carried the inheritance of the Divine Origin Master, he and Gu Changge had a grudge. This alone made him a bomb that could be detonated at any time.

"Brother, are you stupid? Jiang Chen has a grudge against Gu Changge. It's none of our business. If Gu Changge finds out about it, we'll just say we don't know."

Hearing this, Ji Chu Yue hurriedly pulled the serious-looking Ji Yaoxing aside and said in a low voice.

"And don't you understand? It's Jiang Chen who has a hatred for Gu Changge. For Gu Changge, he wouldn't even remember that there is someone like Jiang Chen, so why would he care?"

"What do you mean?" Ji Yaoxing frowned, not understanding what she meant.

"We can make Jiang Chen change his face. Anyway, he's just a mortal. It would actually be very easy to disguise. As long as Gu Changge doesn't look carefully, he shouldn't be able to tell." Ji Chu Yue said.

"What's more, Jiang Chen is a Divine Origin Master, and he can help us find where the Heavenly Tower is located."

Ji Yaoxing also understood what she meant. He frowned for a while, and finally nodded.

### **Chapter 363-2: In his eyes, I can be trampled to death, The Child of Luck who has grown crooked (2)**

Afterward, the two discussed again for a while, walked towards Jiang Chen, and told Jiang Chen their plans.

Jiang Chen naturally wouldn't refuse this, he wished he could change his face during this time.

Because he was also worried about being noticed by Gu Changge, with Gu Changge's character, he probably wouldn't let him go.

Then, Ji Chu Yue took action and helped Jiang Chen change his face.

From a man who looked more handsome and tall, he turned into a teenager who was a few years younger. Even the person who knew Jiang Chen the most would not be able to recognize him at this time.

"Thank you Miss Chu Yue." Jiang Chen was still very satisfied with his new face.

At the same time, he also relaxed a lot.

"Well, time is running out. More and more cultivators are rushing to this place. We have to find the Heavenly Tower as soon as possible."

Ji Chu Yue said with a bright smile, her eyes curved into a crescent shape.

Afterward, the three of them discussed for a while and decided to head to the Mountains for search in the night. According to Jiang Chen, at midnight, the aura of the heaven and the earth and the terrain converged to the lowest point of the day. When the time comes, many things that were not felt during the day would be revealed.

For the Ji family siblings who wanted to find the Heavenly Tower, this was nothing less than good news.

Before that, they were like headless flies, with no eyes at all.

And Jiang Chen also prepared some things according to the words of the Immortal Boat, because the birth of the Heavenly Tower would cause a great sensation and attract a lot of people

At that time, he would need some means of self-defense.

The stone in the hearts of the Ji siblings fell slightly, and then they left one after another, planning to meet with Jiang Chen at night.

And not long after the Ji siblings left.

Behind Jiang Chen, a figure suddenly appeared, with a gloomy face, wearing a black robe, giving people a shuddering feeling.

"Senior..." He hurriedly greeted him.

However, the black-robed old man ignored him, but stretched out a cold hand and pressed it on his shoulder, as if to investigate the results of his cultivation during this period of time.

Jiang Chen felt a strange force that was passing through his heart and landed on his dantian.

"You disappointed me too much. I handed over the inheritance of the Demonic Art of Ten Thousand Transformations to you. That's what you did? Even the Spiritual Sea hasn't been activated yet?"

"The old man can't wait to slap you to death now and find a successor again."

The black-robed old man spoke, and his voice was filled with a chill, which made Jiang Chen shudder uncontrollably.

"Senior, with my current strength, it's hard to kill the rest of the disciples. They started cultivation early..." Jiang Chen tried to explain, with his current strength, if he wanted to attack, it would be too much. It was difficult, at least he needed to break through to the Spiritual Sea Realm first.

"You are really a waste, this Ji family child has a kind of Holy Body, you only need to swallow his cultivation, you're bound to advance by leaps and bounds in a while."

The black-robed old man's voice was very cold, "That girl from the Ji family has a good physique. If you can't do it, the old man can help you."

Jiang Chen froze in his heart and was about to refuse, but the black-robed old man had already disappeared, not giving him a chance to answer.

Thinking of this, Jiang Chen couldn't help but feel a little worried in his heart. After all, the black-robed old man was very powerful, and if he really did something to the Ji siblings, they would most likely become miserable.

And he himself was very fond of the Ji siblings and did not want to attack them.

"It seems that we can only start with the disciples of the craftsman peak. Even if there is one less person, it will not cause any alarm for a while."

Jiang Chen's eyes gradually turned cold, and he looked at the rest of the houses, with killing intent in his heart.

.....

"Jiang Chen can't help but want to do it. It seems that he will help me find the Heavenly Tower soon."

On the top of a mountain, Gu Changge looked out into the distance, and strange runes flashed in his eyes, which seemed to turn black and white.

In his eyes, the entire world had changed colors, and various lines representing Laws, Luck, General Trends, Geography, Dragon Veins, etc., were clearly being mapped.

Under such circumstances, the movements of almost all living beings in a radius of ten thousand miles could not escape his eyes.

If Gu Changge thought about it, it would be easy to sweep across a million miles with his divine sense.

If he was asked to find the Heavenly Tower by himself, it would be fine, but Gu Changge felt that troublesome and a waste of time. Wouldn't it be better to have a treasure hunter help him find it, and then for him to get it directly?

Now in his field of vision, Jiang Chen's many actions were even more visible.

Including the fact that he was now secretly approaching another craftsman disciple, how to successfully attack and kill the other party, and how to drag him away and hide, all the details were almost clear.

This made him smile a little with interest. Compared to the rest of the great and positive Children of Luck, this Son of Luck was more daring, careful, and adaptable.

"Jiang Chen, when you try the sweetness of cultivation like this, you will be out of control. After all, this kind of feeling is like a poison, once it is contaminated, you will never be able to escape..."

A faint smile appeared on the corner of Gu Changge's mouth.

He had a deep understanding of this feeling, and this was the terrible thing about forbidden demonic art.

And he let the demonic puppet plant the demonic seed in Jiang Chen's body. On one hand, to better control him in the future, and on the other hand to let him cooperate with the cultivation of the Demonic Art of aTen Thousand Transformations.

After all, the function of Demonic Art of aTen Thousand Transformations was only to provide him with mature Dao fruits for easy picking in the future.

Gu Changge was somewhat looking forward to Jiang Chen's development; according to the current momentum, what would it become in the end?

If Heavenly Dao felt it, would it be angry?

Soon, the night fell, and the moonlight like a gauze draped between the mountains, appearing to be covered in silver and silent.

Since many cultivators rushed to this place during this time, many beasts were frightened and fled to other places.

The night seemed extremely quiet.

Jiang Chen, Ji Chu Yue, Ji Yaoxing and a group of people were now walking on a small road in the mountains. They were venturing to the depths of the mountains to look for changes in the terrain, so as to find out the exact location of the Heavenly Tower.

Those who followed behind were all the confidants of the Ji family, and they were not worried about getting information leaked out and attracting the attention of others.

Moon was in the sky, but there was a faint mist.

Ji Chu Yue was also holding a compass in her hand, with the stars shining on it, like holding a starry sky. It was also a secret treasure meant for exploration.

"Follow this path and go straight ahead, destroy the changes in the terrain, and you should be able to find something," the spirit of the Immortal Boat said, guiding Jiang Chen's way out.

Jiang Chen, on the other hand, walked at the front with a calm expression, leading the way for everyone, with a look of completeness in his heart.

"Maybe we can really find the Heavenly Tower tonight."

Looking at Jiang Chen walking in front, Ji Chu Yue's eyes flashed with brilliance, and she couldn't help but stare at her brother Ji Yao.

"Don't be too optimistic. It is said that Heavenly Tower is being carried by an Immortal Beast. If the Immortal Beast is disturbed at that time, we will not have any good fruit to eat."

Ji Yaoxing said solemnly, "It's not realistic to find the Heavenly Tower in one night."

Ji Chu Yue nodded.

It was just that everyone in the Ji family didn't notice that not far behind them, a faint brilliance flashed by in the darkness.

Chen Ning'er held an ancient bronze mirror in her hand, and the brilliance reflected on it reflected on her body.

The aura and figure of her and her subordinates seemed to be integrated with the surrounding environment, and it was difficult for people to notice.

"It seems that the Ji siblings really have a solution, otherwise they wouldn't have come here to explore secretly in the middle of the night. Although the boy in front of him has changed his face, it should be the man who was by their side."

"If I hadn't been careful at the time and sent people to watch their movements, I'm afraid I wouldn't know that they already had clues..."

"No, I can't alert them now. After I find the Heavenly Tower, I will tell Young Master Changge about this, and I will definitely be valued by him."

Chen Ning'er's heart was beating non-stop, she was very excited and quietly followed them without making any movement.

### **Chapter 364-1: The great opportunity that only belongs to you, Wait to offend Young Master Changge (1)**

"There will be clues tonight?"

The moonlight was like water, sprinkling down from the window onto the scattered algae, which had a different kind of bright meaning.

On the bed. Yue Mingkong turned her head to the side, and her blue silk hair looked soft.

She moved her eyes slightly as she looked at Gu Changge's face, and asked softly.

"If my guess is correct, the Heavenly Tower should appear tonight."

Gu Changge looked at the communication jade talisman in his hand and smiled with interest.

This was naturally sent by Chen Ning'er, saying that she already had obtained some clues about the whereabouts of the Heavenly Tower.

If there was more news, he would be notified as soon as possible.

As for how Chen Ning'er got the news, Gu Changge was not interested.

For him, even without Chen Ning'er, he could easily get the Heavenly Tower.

However, if Chen Ning'er intervened, he would save a lot of trouble, and he would have a lot of excuses by then.

"So are we moving now?"

Yue Mingkong vaguely guessed Gu Changge's intention.

"It's not urgent."

Gu Changge walked to the window with his hands behind his back, his robes fluttering as he looked at the mountains in the distance.

He squinted his eyes and said, "The Heavenly Tower has not yet appeared in the world. I wonder what the hell Jiang Chen is doing, but it's quite a grind."

"Jiang Chen?"

Yue Mingkong raised her eyebrows. She had never heard of this name before, nor did she have any impression.

"A person of Great Luck from a Lower Realm"

Gu Changge smiled and said simply.

"A person of Great Luck?"

Yue Mingkong wondered if the sword master who had the Heavenly Sword in her memory was also the person with Great Luck for Gu Changge.

In her memory, the sword master who held the Heavenly Sword did indeed possess Great Luck.

And in terms of time, the sword master of the Heavenly Sword should also be born around now.

The world of Sword Sovereign, a world that respected swords...

It was just that she was not worried, because in the memory of her previous life, the Heavenly Sword Master was shot to death by Gu Changge and he forcibly took the Heavenly Sword.

According to the order of all these things, Heavenly Sword would eventually fall into Gu Changge's hands sooner or later.

"If the Heavenly Tower is in hand, we'll still be short of the Heavenly Wheel and the Heavenly Sword. After collecting all Seven pieces of the Heavenly Artifacts, we will be able to find the remains of the Immortal Palace."

Yue Mingkong said softly.

"The Heavenly Sword is missing, but the Heavenly Wheel should be in the hands of the Ji siblings. I'm pretty sure of that."

Gu Changge smiled.

The Ji siblings knew the consequences of competing with him for the Heavenly Tower, but they still did it, which only showed that they had an inevitable idea of the Immortal Palace.

As for why this was so?

It showed that they absolutely had some of the Heavenly Artifacts in their hands.

The Heavenly Bottle, the Heavenly Jar, the Heavenly Mirror, and the Heavenly Seal were in Gu Changge's hands, but the Heavenly Tower, the Heavenly Sword, and the Heavenly Wheel were still missing.

The Heavenly Sword was the most mysterious. It was said that it appeared in the past, as an artifact with peerless sharpness and supreme offensive power.

It had also set off a boundless bloody storm, causing countless people to fight for it, and it was known as the first sacred object of the Seven Heavenly Artifacts.

There were even more rumors that anyone who had obtained the Heavenly Sword could hold the mysteries in it, possess such great power, and be invincible in the world.

Although these were all rumors, they also showed how mysterious the Heavenly Sword was.

Gu Changge didn't think that the Ji siblings would have the Heavenly Sword in their hands, so it was most likely that they had the Heavenly Wheel.

"Hmm, looks like there's news. We can leave now."

Suddenly, Gu Changge noticed the brilliance of the communication talisman, and couldn't help showing a smile like a net.

Yue Mingkong glanced at him and nodded.

Afterward, the two summoned a group of followers, rose into the sky, turned into divine lights, pierced through the sky, and left this place.

.....

On the other hand, Jiang Chen, Ji Chu Yue, Ji Yaoxing, and others didn't know that they were being followed by Chen Ning'er.

Everyone followed Jiang Chen in front, and gradually stepped into the deep mountain, the fog in the vicinity was getting thicker and thicker, almost covering everything.

The sky became pitch black, and not even the moonlight could shine through.

Only the cold wind blew through and penetrated into their bones, causing coldness to appear on the backs of everyone.

This kind of cold wind was no longer a simple wind, it was even mixed with a little power of the Laws of Heaven and Earth.

"The terrain ahead contains many innate formations, which need to be broken before passing, but you can also find another way out..."

Jiang Chen's eyes were indifferent, and under the leadership of the spirit of the Immortal Boat, he smoothly passed through the formation he mentioned.

Ji Chu Yue didn't believe in evil, looked at the place where the divine light flickered as she threw a leaf over, and suddenly the brilliance passed by in the void, like a sword light.

The leaf turned into pieces in an instant.

This scene made Ji Chu Yue and others shudder.

The power of this kind of strange innate formation was really terrifying, even if a cultivator entered this place by mistake, he would be instantly destroyed.

If it wasn't for Jiang Chen's reminder, none of them would know that this innate formation was still hidden here.

Even if they had divine weapons to protect them, it would be very troublesome after encountering them, and there might be a danger of bloodshed.

"Don't touch it."

Jiang Chen looked back at Ji Chu Yue's movements, frowned slightly dissatisfied, and scolded, "If there is any change and we end up attracting other cultivators at night, you will be the ones who will suffer."

Ji Chu Yue retracted her hand a little embarrassedly, and couldn't help muttering in a low voice, "What is this? I was just curious."

Ji Yaoxing glanced at her with a frown and said, "Can you say a few words less, since you promised Jiang Chen to listen to him when he comes here, then you shouldn't touch anything nearby."

"Humph."

Ji Chu Yue snorted, but it was not easy to refute, she understood that Jiang Chen was concerned about them.

Just like that, although Jiang Chen was a mortal, he had also become the backbone of the team.

Ji Yaoxing glanced at Jiang Chen in front of him, a strange color flashed in his eyes, but they quickly turned calm.

Soon, Jiang Chen and the others stepped into a relatively low valley basin. The nearby mountains were tall and majestic, hazy, like a fierce beast standing head to head.

"This should be where the Heavenly Tower is located..."

Jiang Chen calmly asserted as he communicated with the Spirit of Good Fortune Immortal Boat in his mind.

"We have also searched the area around here, but we never thought that there was such a hidden valley. It's so unique and incredible."

Ji Chu Yue looked around in surprise, and finally, her eyes fell to the depths of the valley, on the deep purple mountain range.

Within the valley, it was surrounded by a majestic purple mountain, each of which was overflowing with purple energy, making it extremely hazy.

The valley was also very open, there were large areas of ancient ruins, and many collapsed underground palaces could be seen. One could see that it had been a Great Sect in the past.

Ji Yaoxing was also surprised by such a scene, if it wasn't for Jiang Chen's relationship, maybe they would never have been able to find this place.

"This mountain is not simple, there is a disturbing atmosphere in it, and there may be something sealed in it..."

"Jiang Chen, can you see what it is?" Ji Yaoxing said in a deep voice, and his eyes fell on Jiang Chen.

Afterward, strands of golden divine runes began to appear on his body, and his whole body seemed to be made of gold, and even his eyes were like little suns.

Ji Yaoxing was carefully looking at the mountains in front of him, and he was also looking at Jiang Chen.

At this moment, a powerful aura emerged from his body, and his Quasi-Sacred cultivation base was revealed. He was always alert to the abnormality in the vicinity and surroundings.

In Ji Chu Yue's hand, a flute made of emerald jade also appeared, hovering in the air, with a hazy green light lingering, ready to attack it at any time.

Everyone was on guard, looking around vigilantly.

Since arriving here, even the skin had developed a cold tingling sensation, which made people shudder.

"I don't know, but it shouldn't be a good thing."

Jiang Chen also felt uneasy in his heart, but he was still forcing himself to calm down.

If there was a big battle here for a while, with his current strength, he just didn't know if he could save his life.

Not to mention, he still had a line of vigilance against the Ji siblings.

He was worried that the Ji siblings would cross the river and demolish the bridge. When he found Heavenly Tower for them, they would quickly turn their faces, grab him, and send him to Gu Changge.

Ji Chu Yue seemed innocent, but in fact, he was not stupid, while Ji Yaoxing had an honest temperament, but he would look at him from time to time on the way.

In the face of absolute interests, it was difficult to believe that the so-called temperament could change anything.

## **Chapter 364-2: The great opportunity that only belongs to you, Wait to offend Young Master Changge (2)**

The human heart was treacherous, and Jiang Chen had to keep his guard up. Before that, he had a good impression of the Ji siblings, but only on the premise that they would not sell him.

"Little Chen, there is a familiar aura here, don't act rashly, let the Ji siblings go to explore first..."

At this time, the voice of the Immortal Boat Spirit sounded in Jiang Chen's mind, with caution.

"Maybe only you have the chance to get this opportunity."

Its voice contained a touch of excitement that could not be concealed.

"An opportunity that only I can get? Is there anything else here besides the Heavenly Tower?"

Jiang Chen's eyes flashed with brilliance, and he quickly became calm.

However, the Good Fortune Immortal Boat Spirit did not answer him.

"According to the changes in the terrain, the Heavenly Tower should be hidden here, maybe in this purple mountain."

Jiang Chen spoke, his tone seemed very confident and calm.

In the middle of the valley, there was a relatively low mountain, as if it was forged from purple gold.

It was thousands of feet high, emitting a faint purple light, and it seemed that there was something hanging on it.

And Jiang Chen was pointing at this purple mountain and said to Ji Chu Yue and his brother.

"Brother, Jiang Chen said that the Heavenly Tower is likely to be in it, are we going in now?"

In Ji Chu Yue's beautiful eyes, a faint green divine light flickered, like a green lake.

She was also looking at the purple mountain in front of her.

Ji Yaoxing glanced at her and said in a low voice, "I just checked it with my Heavenly Eyes, this Purple Mountain is extremely dangerous, and you will die even if you are in the Sacred Realm."

His voice was cautious.

At the same time, he glanced at Jiang Chen, seeing that his appearance was calm and confident, and he had no plans to set foot, so he lowered his eyes and said, "Chu Yue, you can stay outside, I will go in and

investigate, if there is any danger, you can leave first. I have the means to save my life, you don't have to worry."

Ji Chu Yue's face appeared worried, but she didn't persuade him much, nodded, and said, "Then brother, you have to be careful."

Hearing the conversation between the Ji siblings, Jiang Chen couldn't help but look at Ji Yaoxing, showing a touch of admiration.

In this case, he had to protect his younger sister. This Ji Yaoxing was indeed worthy of deep friendship.

The few glances that looked at him just now should be unbelievable.

**Hum!!!**

In the next moment, there was a trembling voice in the void, Ji Yaoxing started to move, and he stepped forward.

There was a golden brilliance hanging down from his body, flowing like water, and it looked like a small sun.

Especially the position of the arm bone of his palm was shrouded in layers of brilliant golden light, looking sacred and holy.

"Divine bone? This Ji family's child is also a person with Great Luck."

The sound of the artifact spirit of the Immortal Boat sounded, containing a touch of surprise.

"What is a Divine bone?"

Jiang Chen was surprised, he felt the strength of Ji Yaoxing's arm bone, and there was a wave-like feeling that made people suffocate.

The artifact spirit of the Immortal Boat explained it to him.

The Divine bone, as the name suggested, was the skeleton of the Innate God, and it was also a hand bone.

In a trance, a Golden Ancient God could be seen sitting cross-legged in it, chanting ancient scriptures.

One must know that the Innate Gods and the so-called True Gods were not the same concepts.

In ancient times, they were the Gods who were recognized by Heaven and Earth and had the Imprint of Heaven and Earth, and were the most mysterious creatures between Heaven and Earth.

There were some Innate Gods who possessed Enlightened-level combat power when they were born.

The Divine bone was said to be the hardest bone left on the body after the Ancient Gods failed to pass nirvana.

It contained annihilation and vitality, and it was even said that it could be resurrected in the future.

And just when Jiang Chen was communicating with the Immortal Boat spirit, Ji Yaoxing turned into a golden light and rushed toward the Purple Mountain.

"No, let him get there first."

At this moment, Chen Ning'er, who had been following Jiang Chen and the others, while hiding in the dark saw this scene, her complexion suddenly changed.

At this moment, no matter what she was doing, she had already learned from the conversation between Jiang Chen and Ji Chu Yue and the others that the Heavenly Tower was probably hidden there.

This was the best chance for her.

**Chi!!!**

There was a sound of breaking through the air, and everyone saw a fiery red sword, shrouded in a red glow, crystal clear, and was suddenly used by Chen Ning'er, slashing in the direction of the purple mountain, to stop Ji Yaoxing.

"Who is it?"

This scene instantly alerted Ji Chu Yue, Jiang Chen, and the others, and their expressions changed drastically. They didn't expect that there would be other people here besides them.

At that moment, all the confidants behind Ji Chu Yue looked vigilantly, and they all brought out their weapons and looked in the direction where Chen Ninger and others were.

It was just that Ji Yaoxing's movements were very fast, leaving a lightning-like afterimage in the void, and quickly escaped into the purple mountain, without being stopped by the fiery red sword that suddenly slashed.

Faintly, everyone heard a rumbling sound in the purple mountain, as if the sound of opening the sky, looking extremely heavy.

"Since you are exposed, why haven't you shown up yet?"

Ji Chu Yue frowned, her face filled with anger, she looked in the direction the long sword flew from, and shouted coldly.

Jiang Chen calmly stepped back a few steps, worried that the battle for a while would affect him.

With his current weak body, any cultivator could easily kill him.

And he was also curious, who was hiding there. Did they secretly follow them here?

Thinking of this, he became more vigilant and cautious, and he had to be more cautious when doing things in the future.

The methods of cultivators in this world were simply unpredictable and impossible to guard against.

"Hehe, Ji Chu Yue, you guys are so daring, you sneaked here in the middle of the night and found the traces of the Heavenly Tower. You didn't tell Young Master Changge first, but planned to take it personally?"

Accompanied by a burst of silver bell-like clear laughter.

In the darkness, the figures of Chen Ning'er and others appeared.

On the ancient mirror in her hand, the gleaming brilliance dissipated.

Everyone's aura was no longer concealed, and it was undoubtedly revealed.

"Chen Ning'er, is that you? You actually followed us secretly, and even brought the imitation of that weapon with you?"

Ji Chu Yue frowned, and when she saw the ancient mirror in her hand, she secretly thought that something was wrong.

She recognized the ancient mirror in Chen Ning'er's hand.

Although the style was simple and unremarkable, it was an imitation of the Heavenly Mirror, which had a miraculous effect on concealing one's aura and figure.

No wonder they hadn't noticed Chen Ning'er and others before.

"Stop talking nonsense, Ji Chu Yue, you guys are really bold, but I wonder if Young Master Changge knows that you came here in the middle of the night to investigate the traces of the Heavenly Tower?"

"If I remember correctly, who said in front of Young Master Changge before that after he got the clues of Heavenly Tower, they would immediately tell him?"

Chen Ning'er laughed wryly, and the waves in her eyes flowed.

She was tall and slender, and her hair was soft.

The legs were white and straight, the lips were a little red, the eyes were like autumn water, and there was a different kind of beauty, which made many young men unable to open their eyes.

Hearing this, not only Ji Chu Yue but Jiang Chen's expression behind her also changed slightly.

Before that, Ji Chu Yue and Ji Yaoxing didn't tell him about it.

From this point of view, the Ji family siblings do have the idea of taking the Heavenly Tower.

This made Jiang Chen couldn't help but guess that they might still have the rest of the Seven Heavenly Artifacts in their hands, otherwise it would be impossible to secretly search for the Heavenly Tower without telling Gu Changge.

After all, they should be clear about the consequences of this.

As long as one of the consequences and interests accounted for the majority, it would become the reason that affects their judgment.

"It turns out that they had already planned to offend Gu Changge, so they accepted it so quickly after knowing that I had a grudge against Gu Changge."

Jiang Chen thought secretly in his heart.

"Chen Ning'er, what do you mean by that?"

Ji Chu Yue said coldly, with an expression that implied she didn't understand what was happening.

"Stop pretending, I listened to everything you said, unless you kill me here today and destroy my corpse, then wait to offend Young Master Changge."

Chen Ning'er smiled slightly, and on her beautiful and delicate face, there was a smile that made Ji Chu Yue disgusted and unhappy.

In her opinion, as long as the Ji siblings were not stupid, they would know what to do at this time.

"Treasures are inhabited by virtuous people. According to your statement, as long as Young Master Changge says, all the treasures in this world belong to him, and others are not allowed to fight for them."

"How arrogant."

However, before Ji Chu Yue spoke, Jiang Chen took the lead and said with a sneer, his words seemed to be full of resentment and shame.

### **Chapter 365-1: The so-called situation is stronger than people, Ji Yaoxing's alternative explanation (1)**

"Jiang Chen, leave this matter alone."

Hearing this, Ji Chu Yue couldn't help frowning as she glanced at him.

As soon as Jiang Chen said these words, it was like pushing them to the opposite of Gu Changge, there was really no room for relaxation.

Although she knew that Jiang Chen and Gu Changge had a grudge, she was still a little dissatisfied with his actions.

"If you have the courage to say this, say it in front of Young Master Changge. You are simply seeking death."

Chen Ning'er didn't care about Jiang Chen's mockery at all.

The smile on her face did not diminish, and she even glanced contemptuously at Jiang Chen.

A little mortal who could only control a little bit of the world's general trends and geographical changes, really regarded himself as a person?

And even dared to speak out to provoke Young Master Changge?

"We will explain this matter to Young Master Changge. Instead, Chen Ning'er, you followed us secretly. With such shameless behavior, do you really have the face to say it?"

Ji Chu Yue took a deep breath and calmed down. But thinking about the current situation she couldn't help but say coldly.

"I'm helping Young Master Changge to find the traces of the Heavenly Tower, so I'm helpless in doing this."

Hearing this, Chen Ning'er shook her head and smiled, her red dress swayed, and she walked towards Ji Chu Yue and others.

"I believe you can understand my painstaking efforts."

"You..." Ji Chu Yue's expression was very ugly, and the confidant behind her stepped forward to protect her.

*Bitch.*

Jiang Chen could only curse in his heart at this moment.

She obviously looked like a beautiful woman, but she had to do something in order to flatter Gu Changge to the extreme.

This made him unable to bear the strong disgust in his heart and at the same time giving rise to a kind of resentment.

"Shouldn't you think about how to explain it later?" Chen Ning'er came over with a smile.

Hearing this, Ji Chu Yue fell silent. She was secretly anxious in her heart.

If Gu Changge really knew about this, the Ji family behind them would never be able to eat and walk around.

They dared to let Jiang Chen take action and help them find the Heavenly Tower, just because they wanted to hide from Gu Changge. Finding the Heavenly Tower in the dark, and secretly taking it away.

As long as they were hidden and crossed the sea, it was fine as long as Gu Changge didn't find out about it.

But now Chen Ning'er had witnessed everything they had planned.

If she told Gu Changge, even if he would not pursue anything on the surface, they would have already offended Gu Changge in secret.

After all, this was no different from a conspiracy.

As for the fate of offending Gu Changge, it went without saying that she was aware of it.

When they first made this decision, she and Ji Yaoxing had already guessed the consequences, but they just gambled on Luck and felt that as long as they could hide it, it would be fine.

For a while, Ji Chu Yue couldn't think of a good solution.

She was definitely having some regrets.

But they already had the Heavenly Wheel in their hands, and they would be really unwilling to give up the Heavenly Tower so easily.

Now that this was the case, was there any way for them to save it?

Chen Ning'er looked at Ji Chu Yue's slightly pale face, and her smile was even brighter, "If you have time, I advise you to think about how you would explain it to Young Master Changge."

"Young Master Changge has a good temper, but he can't tolerate sand in his eyes. I think you should know the fate of Purple Mansion. The Hidden Ji Family behind you doesn't want to follow in their footsteps, right?"

While saying that she picked up the communication talisman in her hand, indicating that she had notified Gu Changge.

Seeing this scene, Ji Chu Yue's face turned even pale, her slender hands clenched tightly, and her bones turned white.

"You..."

She looked at Chen Ning'er with resentful eyes, her body trembling with anger.

Ji Chu Yue never thought that Chen Ninger not only followed them secretly, but she even notified Gu Changge of the matter here.

Why did they act in the middle of the night, were they not worried about being found out by Gu Changge? Chen Ning'er's actions now were simply pushing them to offend Gu Changge and to death!

Her cruel heart was incomparably ruthless!

"Gu Changge is coming here?"

Seeing this scene, Jiang Chen's expression changed slightly.

Although he had changed his face, he still had an uncontrollable trembling and fear toward Gu Changge.

"Little Chen, the general situation of Heaven and Earth here can be used by me. For us, this is the most favorable terrain, especially in that purple mountain... If my perception just now is correct, there is one opportunity that only belongs to you."

However, at this time, the sound of the Immortal Boat Spirit sounded again.

"It only belongs to me, what the hell is this? You said it again just now." Jiang Chen frowned and asked quickly.

"At that time, you only need to enter this purple mountain. I am confident that I can control the terrain here and compete with the rest."

The voice of the Immortal Boat Spirit contained strong confidence.

Hearing this, Jiang Chen felt a lot more relieved, he couldn't be panicked like Ji Chu Yue.

In his opinion, he helped Ji Chu Yue and others to find the Heavenly Tower, and it was already benevolent and righteous.

As for offending Gu Changge, weren't these Ji siblings prepared before this?

"It's such a big tone. I don't believe that Gu Changge is so strong that he can cover the sky with one hand in the Upper Realm. No one can compete with him for the treasures that he has identified?"

Jiang Chen spoke again, his words were filled with indignation, as if to persuade Ji Chu Yue, but more to express his dissatisfaction with Gu Changge.

"Little ant, how dare you talk about Young Lord Changge, you are simply looking for death."

Hearing this, Ji Chu Yue didn't say much.

Chen Ning'er's eyes suddenly flickered with cold light, her jade hand raised, and several divine runes crossed in the void, turning into swish arrows, and shot at Jiang Chen to kill him here.

Although her strength was still far behind those of the top young supreme beings, dealing with Jiang Chen who was still a mortal was as simple as stepping on an ant to death.

Jiang Chen's expression changed, he didn't expect Chen Ning'er to be so vicious, and even attacked him without any mercy.

"Stop!"

At the critical moment, Ji Chu Yue gritted her teeth and attacked.

The green flute in her hand flew out, transforming into a cloud of brilliance, like a cloud, blocking Jiang Chen, and blocking Chen Ning'er's blow for him.

Even so, Jiang Chen's expression changed, cold sweat broke out from his back, and he almost collapsed to the ground.

"Okay, Ji Chu Yue, you are very courageous. This ant insulted Young Master Changge, but you dared to protect him. I think you are planning to fight against Young Master Changge..."

Chen Ning'er sneered.

"I..." Ji Chu Yue turned pale and wanted to explain, but she didn't dare to answer at this moment. Given the state of the family behind her, she would never dare to go against Gu Changge.

Especially because of something like this.

But it was also impossible for her to see Jiang Chen being killed by him and not take action.

She couldn't do this kind of thing.

**Boom!!**

However, at this moment, everyone suddenly heard a terrifying sound emerging from the Purple Mountain behind them.

It was like a wave, but it was like a huge boulder rolling down, constantly crushing it.

Everyone looked over and were shocked.

They saw that this purple mountain range suddenly seemed to have come alive.

Between each rock, a thick purple mist began to spew out, instantly covering the surroundings.

Such a change shocked everyone, even Chen Ning'er, and others looked at it and couldn't believe it.

**Hum!**

Suddenly, a dazzling golden light streaked across the sky, like a small burning sun, scorching hot and terrifying, rushing out from the Purple Mountain.

"Elder brother!"

Ji Chu Yue couldn't help shouting, her expression extremely worried.

The person who emerged was Ji Yaoxing who had just broken into Purple Mountain.

It was just that his current state was not good, his hair was loose, his body was covered in blood, his robes were tattered, and he was extremely embarrassed. It was obvious that he had encountered some danger.

Even though his expression was still calm, he quickly fell from the sky, glanced at Ji Chu Yue, and then turned his gaze toward Jiang Chen without saying a word.

"Brother, are you okay?" Ji Chu Yue asked, very worried, and told Ji Yaoxing what happened outside.

"I'm fine, I have heard the matter in Purple Mountain." Ji Yaoxing nodded, indicating that she should not worry.

"Brother Yaoxing, did you gain something from it?"

Chen Ning'er asked with a smile, looking like she was watching a good show.

"You probably know where the Heavenly Tower is."

Ji Yaoxing's expression remained unchanged, "It's just that it will take some time to find the Tower."

"Huh?"

Hearing this, Chen Ning'er was stunned, apparently not expecting Ji Yaoxing to be so calm.

At this time, Ji Yaoxing spoke again with a calm expression,

"I didn't expect you to follow in the dark, so I'm afraid this matter will disturb Young Master Changege."

"I originally thought that after taking the Heavenly Tower, I would present it to Young Master Changege, so that he could save him some trouble. For such trivial matters, I didn't want to trouble Young Master Changege to do it himself, Miss Ning'er, think about how you are going to explain it to Young Master Changege later."

"What?"

When Ji Yaoxing said these words, not only Chen Ning'er was stunned, but his sister Ji Chu Yue was also stunned, and she didn't come back to her senses for a while.

Jiang Chen noticed the subtlety and change of the atmosphere, and his brows couldn't help frowning.

"Brother, what do you mean by that?" Ji Chu Yue's head was a little dizzy, and she still didn't understand what Ji Yaoxing meant.

Chen Ning'er frowned and couldn't help but ask, "Ji Yaoxing, what do you mean by this, why do you want me to explain it to Young Master Changge?"

She spoke very rudely and called Ji Yaoxing's full name directly.

"It's because of your actions that my plan is ruined." Ji Yaoxing's voice was very flat, and with his restrained and calm expression, it gave people an unspeakable sense of conviction.

Ji Chu Yue's expression also turned dazed, did her brother have any plans that he didn't tell her?

"What do you mean, tell me clearly?" Chen Ning'er's voice was cold.

### **Chapter 365-2: The so-called situation is stronger than people, Ji Yaoxing's alternative explanation (2)**

"The Heavenly Tower that Young Master Changge wants right now is here, but with my ability, I can't take it out, and I can't even find its location. And Jiang Chen behind me is a Divine Origin Master. He can easily find the location of the Heavenly Tower and take it out."

Ji Yaoxing's voice was calm, as if stating a fact.

At the same time, he also exposed Jiang Chen's identity and immediately pointed at him.

"Ji Yaoxing, you... crossed the river and demolished the bridge..."

Jiang Chen's expression changed greatly, staring at Ji Yaoxing very angrily.

What he feared the most had happened!

But Ji Yaoxing didn't care about him, and didn't even look away.

Hearing this, Chen Ning'er's expression changed a bit, and she was surprised.

If Gu Changge's plan was ruined because of her, then she was the one who deserved to die, and even dying to apologize was not enough.

"Divine Origin Master?" She stared at Jiang Chen, a little shocked, she looked at it carefully, and she naturally knew what these three words represented.

"No wonder he has such patience."

Afterwards, Chen Ning'er sneered, "But what does what you said have anything to do with your plan?"

"Jiang Chen actually has a grudge against Young Master Changge. After learning about this, he is not willing to help us find the location of the Heavenly Tower, so there is no way my sister and I can make this decision, otherwise he will not promise to help us find the Heavenly Tower..."

Ji Yaoxing sighed, and his expression changed slightly, "Unfortunately, because of you, this plan can only be abandoned now. The Heavenly Tower is indeed here, but without the help of the Gods, it would be difficult for us to take it out."

The words had already been said for this sake, and at this time as long as everyone understood.

"Is there such a thing? Have a grudge against the Young Master Changge?"

For a while, Chen Ning'er couldn't tell whether what Ji Yaoxing said was true or false.

However, if the Divine Origin Master in front of him had a grudge against Gu Changge, the Ji siblings would not have the guts to take him in knowingly.

"Elder brother..."

Ji Chu Yue stared blankly at Ji Yaoxing, she didn't seem to expect that he would say that, pushing all the troubles onto Jiang Chen.

This made her feel that Ji Yaoxing in front of her was very unfamiliar. He would never say such words or do such things before.

Playing grace and justice, and then crossing the river and demolishing the bridge?

Although she knew that her Elder brother was doing this for her and the family, she still couldn't accept it.

She looked at Jiang Chen apologetically, but Jiang Chen didn't notice her.

"Ji Yaoxing, I didn't expect you to be this honest, and you would actually do such a thing. Even if I'm blind today, I actually helped you lead the way..."

"I will never forget today's event!"

At this moment, Jiang Chen couldn't help but sneer, his eyes were very cold, and he no longer had the anger and hatred he had just now.

This was a complete disappointment.

He had no idea that the first thing Ji Yaoxing would do after he showed up was to sell him out.

And he completely cut off any relationship with him.

Jiang Chen knew that if there was no matter tonight, Ji Yaoxing's statement would definitely be something else. Before that, he actually thought that Ji Yaoxing was someone he could have deep friendship with.

He was simply blind!

"If that's the case, then arrest him. I don't believe that under severe punishment, he would dare not do it."

After that, Chen Ning'er's gaze towards Jiang Chen became icy cold.

However, at this moment, above the sky in the distance, bursts of divine lights flashed suddenly, like a beacon under the dark night sky.

A group of people were coming here.

The people at the lead were a man and a woman, their robes fluttering and their demeanor was detached. It was Gu Changge and Yue Mingkong.

Jiang Chen's complexion changed suddenly, and he wanted to leave, but everyone here was already staring at him, making him not dare to move.

"Greetings, Young Master Changege."

Seeing Gu Changege, Chen Ning'er hurriedly greeted her, and felt a little uneasy in her heart.

Judging from what Ji Yaoxing said just now, she sabotaged his plan.

Moreover, it was she who informed Gu Changege to come here.

As a result, after arriving here, he only saw the traces of the Heavenly Tower, but did not see the real Heavenly Tower.

Compared to Ji Yaoxing's prudent approach, she was indeed reckless.

Thinking of Gu Changege's words to blame her, she couldn't help breaking out a cold sweat on her back.

"Young Master Changege!"

The Ji family siblings also hurriedly greeted, but compared to Ji Yaoxing's calmness, Ji Chu Yue seemed to be a lot more nervous.

"Oh, I seem to be late, what did I miss?"

Gu Changege didn't care about everyone.

With a faint smile on his face, his eyes fell on the faces of Ji Chu Yue and Ji Yaoxing, showing great interest.

Ji Chu Yue's expression changed slightly, and because of her nervousness and anxiety, cold sweat broke out on her palms.

When she met Gu Changege before, she didn't have such an intuitive feeling.

But now she only felt a terrifying pressure rushing toward her, which was about to suffocate her and make her breathless.

"Young Master Changege, this is how it goes..."

Taking this opportunity, Chen Ning'er hurriedly reported what happened just now, daring not to hide anything.

Including how she followed the Ji siblings, how she heard their conversations, and how Ji Yaoxing explained just now, she recited all of it again, without missing a word.

After listening, Yue Mingkong took a deep look at Ji Yaoxing with a cold and deep face, and did not say much.

She naturally knew what Ji Yaoxing was thinking, but she was too lazy to point it out.

She wanted to know how the Ji siblings planned to solve this matter.

After listening to this, Gu Changege smiled at Chen Ning'er and said, "You've worked hard."

"You're welcome, Young Master Changge, this is Ning'er's honor."

Seeing that Gu Changge didn't blame herself, Chen Ning'er was a little flattered and hurriedly waved her hand.

To hear such a sentence, in her opinion, it was all worthwhile to do so.

"I heard that Brother Yaoxing is planning to help me find the Heavenly Tower?"

Then, Gu Changge looked at Ji Yaoxing with interest, with a little playfulness and scrutiny in his eyes.

Although Ji Yaoxing was keeping calm, Ji Chu Yue clearly saw the beads of cold sweat that broke out on his forehead.

It could be seen that his brother's heart was not as calm and calm as it appeared on the surface.

When facing Gu Changge, they could finally feel the chilling and shuddering power in the rumors.

It was the kind of chasm that couldn't be bridged.

"I don't dare to hide from Young Master Changge. When I heard that the Young Master Changge was planning to find the Heavenly Tower, my sister and I had such an idea, but it was because of Jiang Chen's non-cooperation that we made this decision."

Ji Yaoxing's voice was calm and authentic,

"Furthermore, my sister and I planned to contact the family behind us after we found the Heavenly Tower, and we wanted borrow flowers to offer the Heavenly Wheel to the Young Master Changge."

"It's just a pity that this matter has not been communicated with Miss Chen Ning'er, which has disturbed Young Master Changge, and I am deeply sorry."

"What?"

When Ji Yaoxing said these words, it was not only Chen Ning'er who was stunned.

Even Jiang Chen, who had been staring at Ji Yaoxing with resentment and icy expression, was stunned.

"Is the Heavenly Wheel in your hands?"

Chen Ning'er couldn't believe her ears, she was very dreamy.

The Ji family siblings actually planned to give away the Heavenly Wheel, which was far beyond her expectations.

But so far, it seemed that this was the only way.

"Really? So that's what happened?"

Hearing this, Gu Changge didn't say much, just smiled lightly, and his eyes fell on the faces of Ji Yaoxing and Ji Chu Yue.

"Every sentence is true, I dare not deceive Young Master Changge."

Ji Yaoxing looked at him calmly, cold sweat oozing out of his forehead.

Ji Chu Yue lowered her head and clenched her hands tightly, understanding the difficulty of her brother's words. After all, the situation was stronger than people.

Ji Yaoxing's explanation could be concealed from Chen Ning'er and others, but it definitely could not be concealed from Gu Changge.

Rather than offending Gu Changge to death, it was better to offer the Heavenly Wheel to help themselves.

As a result, even if Gu Changge knew what was going on, he should have looked at Heavenly Wheel's sake and would not pursue it.

"If that's the case, then I have to thank Brother Yaoxing."

Finally, Gu Changge smiled, with a light smile, and withdrew his gaze.

It was only then that the Ji siblings recovered from the terrifying power. They felt that their backs were wet with cold sweat, and a gust of wind was blowing, which was biting cold.

### **Chapter 366-2: The Old Man in the Black Robe appeared to save Jiang Chen, Everyone becomes a tool in his hands (2)**

The terrifying green big palm print crossed the sky, with heart-pounding laws hanging down, and it was about to fall from the sky.

The ground trembled, the mountains rumbled, and many auras were intertwined, and they were unparalleled.

Not to mention that Jiang Chen was a mortal, at this time even the geniuses of the Sacred Realm had to be cautious.

"You..."

Jiang Chen's complexion suddenly changed, turning pale and desperate.

He didn't expect that the other party would be so ruthless. They didn't even give him a chance to escape and directly attacked him here.

Chen Ning'er and others looked at all this indifferently, and their faces did not fluctuate.

Ji Yaoxing's face remained unchanged.

It was just that Ji Chu Yue seemed a little unbearable as she lowered her head, and couldn't bear to watch this scene.

As for Jiang Chen, she thought he was funny at first, so she sent him a lot of spiritual resources to cultivate.

Later, she was curious because of the means of the Divine Origin Master he showed.

But who would have thought that the hatred between Jiang Chen and Gu Changge was not small?

Moreover, the Hidden Ji Family behind her was also implicated. If she didn't want to follow in the footsteps of the Purple Mansion, she had to leave the relationship with Jiang Chen behind.

The best way was to throw all the troubles on Jiang Chen.

"I'm sorry Jiang Chen..."

Ji Chu Yue's eyes were a little sad, and she felt very guilty, but she didn't dare to help.

"Gu Changge, I won't let you go even if I become a ghost..."

Facing this palm that could easily crush him into a blood mist, Jiang Chen had a desperate expression, and couldn't help roaring.

**Boom!!**

The void trembled as if about to explode.

"Get out of here!"

However, at this critical moment.

An Old Man in a black robe suddenly appeared with a gloomy face, as a terrifying Sacred pressure emerged from his body.

With a wave of his sleeve, he blocked the crushing palm, and at the same time grabbed Jiang Chen, whose face was full of despair and pale as his figure quickly fled toward the Purple Mountain.

For Jiang Chen, the road ahead was blocked, and the only way back was to the Purple Mountain behind him.

"Senior Black Robe..."

Jiang Chen's eyes widened, he didn't expect that when he was in the most desperate situation, the black-robed senior would appear again and save him.

At this moment, he was so excited and moved that he couldn't get any more.

"It's just stupid. The Ji siblings can't be trusted. You are so stupid to lead the way for them. Now you know how to regret it?"

The black-robed old man had a tone of hatred for iron not becoming steel as if he wanted to slap Jiang Chen to death.

But having said that, he moved quickly.

He grabbed Jiang Chen and fled into the Purple Mountain, turning into a black light that disappeared without a trace in an instant.

"Who is this man?"

"If this aura was correct just now, it should be a Great Sacred Realm cultivator, right?"

This sudden appearance shocked everyone.

No one would have thought that there was such a strong man hiding behind Jiang Chen, who would rescue him at a critical moment.

Moreover, this black-robed old man was really bold, and he rescued Jiang Chen from Gu Changge in such an open and honest way.

This move was tantamount to offending Gu Changge.

They also didn't know who the black-robed old man was, but even if he was the Great Sacred Realm cultivator, after offending Gu Changge, he might also be dead.

As he said before, the huge Upper Realm would no longer have a place for him to stay.

"There is actually a Great Sacred Realm hidden behind this Jiang Chen, no wonder he seemed so confident at the time and would speak to us like this."

"Just why did he become a disciple at the Divine Ruins Sect? Did he already know where the Heavenly Tower was located and came here on purpose? What he said and did was just to hide the truth?"

Ji Yaoxing frowned, all kinds of thoughts flashed in his heart, and he looked at Gu Changge with a slightly sullen expression and did not dare to ask at this time.

"Master, please forgive me..."

The Yaksha-like creature that shot just now, when he saw it, knelt down and apologized. After all, it was his carelessness, which made the black-robed old man suddenly appear and rescue Jiang Chen.

Gu Changge waved his hand, and his expression returned to his natural expression, "It doesn't matter what you did, it seems that Jiang Chen has the confidence to speak like this."

"A strong man in the Great Sacred Realm supports him. It seems that during this period of time, he obtained many opportunities."

Hearing this, Yue Mingkong glanced at him, she always felt that Gu Changge's words seemed to have deep meaning.

When the black-robed old man appeared just now, his expression was calm, and there was no change. Obviously, he had expected this scene.

So she couldn't help but speculate in her heart, since this Jiang Chen was a chess piece arranged by Gu Changge long ago, what about this black-robed old man?

Thinking of this, she couldn't help but feel a chill on her back.

Sure enough, once Gu Changge targeted someone, it would be his most terrifying nightmare, and it would be difficult to get rid of it throughout his life.

"The one with Jiang Chen is in the Great Sacred Realm..."

It took Ji Chu Yue a long time to react, and for some reason, there was a chill on her back.

Then what was the purpose of Jiang Chen in becoming a disciple at the Divine Ruins Sect? Judging from the actions just now, this black-robed old man was likely to be his guardian or something.

"This Purple Mountain is dangerous and unusual. Even if Jiang Chen goes in, he will die ten out of ten times, and it seems like there is no way of life for him behind Purple Mansion, and the only way to survive is there."

"Even if he was lucky enough to escape from it, he would have to get out of here in the end."

At this time, Chen Ning'er couldn't help but say as she expected that Jiang Chen would be unable to escape.

And they just had to stay at the entrance of the Purple Mountain and wait for Jiang Chen to throw himself into the net when the time came.

However, upon hearing this, Ji Yaoxing shook his head and said solemnly, "The terrain in the Purple Mountain is steep, and it has its own space. Although there are many dangers, Jiang Chen is a Divine Origin Master and has many mysterious and unpredictable methods. Maybe he can find some way out of it."

"When I went into the Purple Mansion to investigate before, I found that there were many ancient creatures suppressed there. The closer to the interior of the Purple Mountain, the more powerful those creatures were and there were even existences beyond the Sacred Realm."

He didn't think that Jiang Chen would die in it. If it wasn't for Jiang Chen, they probably wouldn't be able to find the position of the Heavenly Tower by now.

Therefore, he guessed that Jiang Chen might have some certainty, so he dared to escape into Purple Mountain.

"Since the Heavenly Tower is in Purple Mountain, even if I dig three feet into the ground, I have to find it. Just Jiang Chen is nothing to worry about."

Hearing this, Gu Changge smiled disapprovingly.

After talking with the many followers behind him, they turned into divine lights, soaring into the sky, and their figures rushed into Purple Mansion, not wanting to continue wasting time there.

Gu Changge and Yue Mingkong had no plans to step into it.

"If that's the case, then Ning'er will send her subordinates to explore the way in Purple Mountain, and along the way catch that Jiang Chen for Young Master Changge."

Seeing this scene, Chen Ning'er's face was slightly solemn as she hurriedly added, and then began to instruct her subordinates.

Ji Yaoxing and Ji Chu Yue looked at each other and didn't dare to delay, and began to instruct their confidants to go deep into Purple Mansion to find the Heavenly Tower, and at the same time get Jiang Chen back.

For a time, there were bursts of brilliance here, gorgeous and amazing. Although everyone knew that there were many dangers in Purple Mansion, they did not dare to disobey Gu Changge's intention at this time, and hurried to their work without daring to delay.

Was it important to be a tool at this time?

Soon, only Gu Changge and Yue Mingkong were left there. Even the Ji siblings rushed to the place and did not choose to stay outside.

"How sure are you that Jiang Chen can find the Heavenly Palm Tower?"

Yue Mingkong was a little curious, and her eyes fell on Gu Changge's face.

She didn't ask Gu Changge what plans he had, she just wanted to know why he was so determined that Jiang Chen could find the Heavenly Tower.

"Ten percent."

Hearing this, Gu Changge smiled, with a faint smile on the corner of his mouth, his eyes seemed to penetrate the entire Purple Mountain as he saw the scene.

He didn't have confidence in Jiang Chen, but he had confidence in Jiang Chen's Luck, otherwise, how could he be called the Son of Luck?

What was more, there was another divine object on Jiang Chen's body, the Immortal Boat.

With the help of the Immortal Boat of Good Fortune, Jiang Chen would obtain the Heavenly Tower, wouldn't it be easy?

The Ji siblings and Chen Ning'er just went in to serve as a foil for Jiang Chen.

"Unconsciously, you have already calculated to such a deep level."

"Everyone becomes a tool in your hands."

Yue Mingkong glanced at him, her eyes were very calm, and she felt that the word monster was not enough to describe him.

"It can't be said to be a calculation, it can only be said that it was a smooth affair. Apart from the Heavenly Tower, it is also an unexpected joy that I have now gained an extra piece of Heavenly Wheel."

"I'm just waiting for Jiang Chen to help me find the Heavenly Tower."

Gu Changge smiled noncommittally.

### **Chapter 367-1: 8: An honest guide, Planning to pick the ripe fruit (1)**

#### **8: An honest guide, Planning to pick the ripe fruit (Part 1)**

Purple Mountain's open terrain was different from the steep and high altitude observed by the outside world.

The internal roads were crisscrossed, flashing with various colors as they stretched in all directions.

The misty purple light was hanging down like a giant mountain overhead, giving people an inexplicable pressure.

The rocks were scattered, and the stone walls were covered with various marks from swords, halberds, and claws, which seemed to be telling of the battle that took place here in the past.

The moment Jiang Chen and the black-robed old man rushed in, they felt a majestic and terrifying pressure, descending from above their heads, as if to crush them.

"Is it possible that there is something suppressed in this Purple Mountain?"

The black-robed old man frowned, and he casually found a path to walk. He couldn't help cursing, and threw Jiang Chen to the ground with a dissatisfied expression.

"Many thanks to Senior Black Robe for saving my life again, this junior will never forget it."

After Jiang Chen got up, he didn't blame the black-robed old man for his rude behavior, instead, he respectfully bowed to him, and was very grateful.

He was really desperate just now as there was no way to resist. Even the Immortal Boat Spirit in his mind didn't have time to save him.

But he never expected that the black-robed old man would follow him in the dark, and once again rescue him, making him both grateful and excited.

"Don't be so grateful, brat. When you can let the old man have some snacks, that would be the greatest gratitude to the old man."

The old man in the black robe coldly snorted, and was very dissatisfied, "You said that you are not good at cultivating in Divine Ruins Sect? When your cultivation is successful, you will be thinking about revenge, but you will not listen to the old man. You felt that you had a little bit of ability, and wanted to get involved in everything."

"If the old man can save you once, do you think that the old man can save you all the time? It's not that you don't know how terrifying Gu Changge is, but you still went to provoke him."

"If there is a next time, this old man is not going to help you..."

Although the black-robed old man was scolding him, knowing that he was really worried about him, Jiang Chen couldn't help but feel warm in his heart.

Although the black-robed old man was not a good person, he had tried to save him many times.

On the other hand, Gu Changge, Ji Yaoxing, and others, although they had a righteous attitude, their actions were many times more ruthless than the black-robed old man.

"Senior, I know. After the matter here is resolved, I will find a place to cultivate Demonic Art of Ten Thousand Transformations, and I will only emerge when my cultivation is successful."

Jiang Chen's face was resolute, and he promised.

From the events of the past few days, he had deeply felt the importance of power in this world.

Why could Gu Changge easily oppress Ji Chu Yue, Ji Yaoxing, and others, making them respectful and in awe, wasn't it because Gu Changge was better than them?!

"It's useless to say these things now. That Gu Changge will definitely not let you go. This Purple Mountain is very mysterious, and this old man here is also deeply restricted. It will be difficult to help you."

"If you can't find a way out here, you'll end up dead. Revenge? Hehe."

The black-robed old man sneered, looking rather disdainful.

Jiang Chen also understood the importance of this matter, there was no way out, and there were people chasing behind them, so he quickly communicated with the Good Fortune Immortal Boat Spirit in his mind.

It was said that after entering Purple Mountain, it had the means to fight against the rest of the enemies.

This gave Jiang Chen a glimmer of hope.

"Don't worry, little Chen, I feel a familiar aura here, it's like something left by an old acquaintance of the Immortal Palace. You and I, as the spirit and body of the Immortal Boat, would not encounter anything dangerous here."

Good fortune Immortal Boat Spirit replied in self-belief.

Hearing this, Jiang Chen was also overjoyed, and he didn't doubt it.

Although sometimes the Immortal Boat was very unreliable, at this time, the two of them were grasshoppers on a rope, how could it be joking?

"No, someone broke in from outside, you have to hurry to the depths, this old man will block them for you."

However, at this moment, the black-robed old man seemed to notice something.

His expression suddenly changed, and he said to Jiang Chen, looking a little anxious.

"Are they chasing?"

Jiang Chen's complexion also changed suddenly, realizing the urgency of the matter, he would only become a burden to the black-robed old man by staying here.

But he still didn't run away immediately, but asked, "What about you, senior?"

"Don't worry. After the old man blocks them, he will naturally have a way to escape and come to meet you. Before that, you must find a way to survive, otherwise, Gu Changge will catch up and we'll both die."

The face of the black-robed old man was unprecedentedly heavy.

After that, his figure walked towards the road from where they entered just now.

The terrifying aura spread in all directions, and in the palm of his hand, there was a black long sword shrouded in black light. As it was slashed at the many cultivators who were chasing, it seemed to have broken through the void, which looked extremely powerful.

The people who were chasing vomited blood and retreated. They were not the opponent of someone in the Great Sacred Realm.

"Senior, you have to be careful. I will leave the route according to the techniques you taught, you must follow!"

Jiang Chen gritted his teeth and didn't dare to stay for a long time. After saying such a sentence, the figure fled to the depths of Purple Mountain.

Although the majestic and terrifying aura above his head was hanging down as if it would fall at any time and it would completely crush people.

But he didn't care about it, believing in the words of the Immortal Boat, he fled to the depths and did not dare to stay.

**Boom!!!**

The terrifying battle sound resounded in Purple Mountain in an instant, alarming the mysterious creatures sleeping in many corners as they were attracted to the sound.

Unobstructed throughout the way.

The closer one got to the depths of Purple Mansion, the more one could feel its horror.

Between some rocks, the purple mist was seeping out, which was very mysterious, but also very dangerous.

Jiang Chen saw with his own eyes that a mysterious creature of the Purple Mountain turned into a blood mist in an instant when it was stained with that purple mist.

This made his heart shake, and a terrifying chill appeared on his back.

And with the help of the Immortal Boat Spirit, the envoy reversed the trend of the terrain here, and he also went deep into it without any danger.

After some creatures with terrifying aura noticed him, they didn't do anything to him, just glanced at him, as if they saw one from the same kind, and didn't pay attention.

This made Jiang Chen greatly relieved, and his tense heartstrings finally relaxed.

"Little Chen, keep walking, I already feel the location of the palace, if I guessed correctly, we are going to become rich."

The tone of the spirit of the Immortal Boat contained excitement as if they had seen a treasure opened for them.

Jiang Chen nodded, didn't stop, and continued to walk into it according to the words of the immortal boat.

It was just that after reaching the cave, his expression changed drastically.

It could be seen that the four walls were covered with blood, which had long been dried up, but it was shocking, and he wondered what had happened there.

A layer of white withered bones could be seen under the feet, with different shapes. They belonged to the human and other races. They were as bright as jade, and there were also skeletons as black as ink. They were extremely tall, like a hill.

And after getting here, the road ahead was cut off.

Instead, a sturdy and indestructible stone wall appeared, displaying the same light and material as Purple Mansion. With his strength, it was impossible to blast it away.

The material of this Purple Mountain was extremely sturdy and very special. Even if the cultivators fought in it, it would not be destroyed in the slightest.

"Is this a dead end?"

Jiang Chen frowned, he didn't expect to follow the instructions of the Immortal Boat of Good Fortune, but after arriving here, he was still stopped.

"Don't worry first, there must be a way here, let me take a look." The Good Fortune Immortal Boat Spirit said so.

Jiang Chen nodded.

Then, the phantom of an ancient flying boat emerged from the position between Jiang Chen's eyebrows, and then slowly merged into the stone wall in front of him, as if it was about to penetrate to the other side.

"There really is a way here..."

The surprised voice of the Immortal Boat artifact spirit sounded.

"Really?" Jiang Chen also revealed a surprise.

"I'm just opening this stone wall, and no one can open it except me. The hardness of this purple mountain is far beyond imagination. I suspect that it is not a thing from this world. Even if Gu Changge came here, he would not be able to go through it!"

Immortal Boat Spirit said confidently.

At the same time, a kind of light appeared. It seemed that the veins like stars were intertwined here, and finally manifested on the stone wall as then connected together.

**Boom!**

Suddenly, there was a huge sound like the opening of the sky, the rocks moved aside, and the stone walls opened wide!

**Chapter 367-2: 9: An honest guide, Planning to pick the ripe fruit (2)**

**9: An honest guide, Planning to pick the ripe fruit (Part 2)**

.....

On the other side, Chen Ning'er, Ji Chu Yue, Ji Yaoxing, and others, who were searching for Jiang Chen and the black-robed old man, did not walk together.

After all, the internal roads of Purple Mountain were connected in a maze. If they didn't look for them separately, it was impossible to find Jiang Chen.

Its difficulty was tantamount to finding a needle in a haystack.

As for where the Heavenly Tower was located, there was no clue.

"Chu Yue, are you blaming me?"

Ji Yaoxing looked at her sister who had been silent for a while, and finally couldn't help but speak.

"No, I know that you have your difficulties, brother, and you are doing this for our family."

Ji Chu Yue shook her head when she heard the words, but her expression was still very sad.

She was a kind-hearted person. Before that, she always thought that her brother Ji Yaoxing was also upright and calm like her.

But what she saw today was really hard for her to accept.

Especially Jiang Chen's icy expression which cut her heart like a knife. After all, they were the ones who involved Jiang Chen in this matter.

In the end, they escaped smoothly, throwing all the trouble on Jiang Chen, and now they even had to send people to hunt him down.

This really made Ji Chu Yue unbearable.

"You are still too naive. When Jiang Chen came to you, he actually had ulterior motives. You have to know that there is a Great Sacred Realm cultivator hidden behind him, but why does he still want to be a disciple of the Divine Ruins Sect? You have considered these things, right?"

"On the contrary, Jiang Chen has been chasing us, do you really think Gu Changge has no other intentions? You think people are too kind."

Ji Yaoxing sighed and said without wavering.

Hearing these words, Ji Chu Yue's eyes widened in surprise, and if she thought about it carefully, there was nothing wrong with this matter.

After all, when Jiang Chen approached her from the very beginning, it seemed that he had other intentions.

Thinking of this, she felt a lot better.

However, Ji Chu Yue remembered something else and said with some reluctance, "Brother, are we really going to hand the Heavenly Wheel that we finally got to Gu Changge?"

She knew very well how much the Hidden Ji Family behind them had spent in order to obtain the Heavenly Wheel.

But now, he could only give up the Heavenly Wheel, how could he be reconciled?

Hearing this, Ji Yaoxing couldn't help showing a bit of a wry smile on his face, and said, "This is something that can't be helped, if we don't do this, Gu Changge won't let it go. Do you think Changge is a good person?"

"Like the matter of Purple Mansion this time, if Gu Changge is really gentle, how could he take action to abolish Zi Yang Heavenly King? In my opinion, it was just an excuse he made for Purple Mansion. "

"As for the enmity between Jiang Chen and him, let's not worry too much, and don't be curious, it's fine to just ignore some things."

Ji Yaoxing's words were approved by Ji Chu Yue, she nodded and fell silent.

The rumors were unbelievable, and she had a deep understanding of these words now.

"It's fine if we can't find the Heavenly Tower, but Jiang Chen's trace must be found, otherwise we won't be able to face Gu Changge for a while."

Ji Yaoxing said, and then he and Ji Chu Yue continued to lead people to chase forward.

It was just that the two of them didn't go very far, and suddenly they saw many mysterious creatures with powerful auras attacking in front of them.

From the appearance, it was similar to ten thousand clans, but the breath was obviously different.

**Chi!!!**

One after another rays of light shot, slashing through the void like a sword, with tyrannical power, making people terrified.

"Not good."

"Previously I encountered this kind of creature. Hurry up and retreat. Even if Jiang Chen can escape from our pursuit, it is impossible for him to survive from this."

Ji Yaoxing's complexion changed drastically, and he quickly took Ji Chu Yue and others back.

He had noticed before that the powerful black-robed old man stayed behind to hold them down for Jiang Chen, which meant that the two of them escaped separately.

If Jiang Chen encountered this group of creatures, was there any chance of him surviving?

Ji Chu Yue pursed her lips, but did not dare to stop, and hurriedly retreated along the original road.

As Ji Yaoxing said, unless Jiang Chen had the means to reach the sky, then after separating from the black-robed old man, how would he survive in the face of these mysterious creatures?

Not long after, the Ji family siblings also retreated outside Purple Mountain, but to their surprise, Chen Ning'er exited one step ahead of them.

It was just that her current state was very bad, her face was pale, her breath was sluggish, and her expression was full of fear.

There were only two or three of the subordinates who were brought in just now, and they were all severely injured.

It seemed that she encountered great danger after entering, and she was lucky to be able to escape alive.

The Ji siblings' expressions became heavy.

They planned to report the situation to Gu Changge, but Gu Changge interrupted them with a wave of his hand.

"It seems that there are a lot of dangers in this Purple Mountain, and everyone who enters will be injured."

Gu Changge squinted his eyes and seemed to be talking to himself.

"There are many roads in Purple Mountain, and the maze is well developed, and none of them lead to the deepest part."

"That Jiang Chen separated from the black-robed old man. I think he also encountered a dead end. Those mysterious creatures are very powerful. Once Jiang Chen is no longer under protection, he will be torn to shreds in an instant."

Chen Ning'er hurriedly said, with lingering fear on her face, she didn't expect that the Purple Mountain would be so dangerous.

If she hadn't had a powerful protector, she might have died in it at this moment.

"Oh? No matter what, I will definitely obtain the Heavenly Tower. It seems that I still need to venture inside this Purple Mountain."

Gu Changge raised his brows and seemed to be interested.

"I'll go with you." Hearing this, Yue Mingkong said without hesitation.

"No need, you will stay outside, if anything happens inside, then I'll be relieved with you being safe."

Gu Changge waved his hand and smiled.

After that, he didn't wait for Yue Mingkong's reply, and as he moved, the void was blurred, a golden light appeared in front of him, directly passing through, and falling into the Purple Mountain.

**Boom!!**

There was a terrifying voice that made people tremble, and the soul was about to break.

The mountains shuddered and the ground crumbled.

The sight was appalling.

Ji Chu Yue, Ji Yaoxing, Chen Ning'er, and others watched this scene in shock, but Gu Changge did it himself.

However, according to his strength, although those mysterious creatures were powerful, they might not be his opponents.

It was just that the dangers in Purple Mountain were not only those mysterious creatures.

"Although Gu Changge's strength is strong, there are many creatures in Purple Mountain, and the roads are blocked, and it is easy to get lost in it, not to mention there are many natural formations, killing intent..."

Ji Yaoxing frowned slightly, thinking so in his heart.

He glanced at Yue Mingkong and saw that her expression was indifferent and deep from beginning to end as if she was very confident in Gu Changge and was not worried at all.

In the Purple Mountain, many creatures roared, their faces were cold, and they fought against the cultivators who were still in it, rushing out of the various stone caves like a tide.

It was so dense, that their numbers were impossible to count.

**Hum!!**

And as Gu Changge stepped into this place, a strange sound suddenly sounded in the void, like a bell, and like a towering sound, resounding everywhere.

"It seems that this is the induction between the Seven Heavenly Artifacts, and the Heavenly Tower is indeed here. Without Jiang Chen, it will take a while to find it."

Gu Changge sensed Jiang Chen's location, and it was actually not far from where he was now.

It was just that there were many lines and obstacles in the middle.

Fortunately, he could follow the route Jiang Chen had traveled, as long as he kept his body hidden in the void, it would be unimpeded.

Jiang Chen never imagined that the route he left for the black-robed old man was left to Gu Changge in the end.

**Hum!!**

Gu Changge stepped inside Purple Mountain, and when he raised his hand, the void trembled.

A quaint and terrifying aura erupted, turning into a big star, weighing as much as hundreds of millions of pounds as it fell.

All the creatures close to him exploded in an instant with a puff, their bodies and spirits were both destroyed, and they evaporated into powder.

Even if the tide-like creatures didn't know the feelings of pain and fear, they involuntarily backed away to avoid him at this time.

"With this fluctuation, it seems that Jiang Chen has already found the Heavenly Tower..."

Gu Changge walked unhurriedly as if he had sensed something, and a little surprise appeared on his face.

"He didn't disappoint me."

He smiled, his figure blurred, and he stepped forward, intending to pick the ripe fruit.

He had to admit that Purple Mountain was indeed strange. There was a special field that covered every corner, and even every rock had this kind of aura.

It could even affect the judgment of the cultivator and suppress the consciousness.

Its hardness was also beyond imagination, and it could not be destroyed by ordinary people.

Without Jiang Chen's exploration, it would only become easy for Gu Changge to find the Heavenly Tower.

### **Chapter 368-1: The opportunity that belongs to Jiang Chen, Can he have a child of an Immortal beast? (1)**

As Gu Changge entered the Purple Mountain following the path left by Jiang Chen, on the other side, Jiang Chen finally saw the great opportunity he had been waiting for.

Immortal Boat Spirit was very confident in its own means.

After solving the many formations ahead of them, the stone wall suddenly opened with cracks automatically appearing on it, leading to a spacious and unobstructed location.

Behind the wall was an ancient bridge.

The other end was connected to an indescribably magnificent palace, which seemed splendid as it exuded a simple and majestic atmosphere.

"Sure enough, it's the Heavenly Palace!"

The excited voice of the Immortal Boat Spirit sounded.

Only then did Jiang Chen notice the three gilded characters above this magnificent palace, which were very simple and emanated vicissitudes of life, giving people a faint sense of strength that suppressed the heavens.

These three words were extremely ancient and time-honored, and he wondered who left them as there was also a glimpse of their peerless elegance.

"Heavenly Palace? What does it have to do with the Heavenly Tower?"

Jiang Chen whispered to himself and stepped onto the bridge as he walked toward the main hall in front.

Soon, he arrived in front of the palace door. He checked left and right before pushing the door open without any hindrance or pressure.

Immediately—

The tide-like purple mist swept in as if it was about to liquefy, enough to drown people's knees.

As Jiang Chen walked into it, a dazzling brilliance appeared in an instant, causing him to subconsciously close his eyes.

"This is...."

In the next moment, Jiang Chen was stunned, his eyes widened.

Pieces of Origin Stones the size of a washbasin were scattered everywhere, crystal clear, surrounded by different colors, like a holy place of Immortals.

Among some of the Origin Stones, Jiang Chen even saw some strange creatures, weapons, jade slips, jade pots, and other objects that were sealed up.

This made his heart shake.

Even if he looked around, he couldn't count the number of Origin stones. The purple mist was a resultant formed by the leaking Origin Stones.

The wealth here was really amazing, no wonder the spirit of the Immortal Boat went on to say that this was an opportunity specially prepared for him.

And he also smelled a strong pill aura, which filled the void.

It just made people's pores stretch out as if it could fly to Immortality.

A little further away, there was a medicinal field filled with spiritual energy.

Among them, the rays of the sun were shining, the divine plants were everywhere, the immortal flowers were bright, the colorful clouds seemed auspicious with lingering mist.

"There are too many opportunities. Spirit grass, Origin Stone, jade slips, techniques, weapons... everything, and even some sealed medicine pills."

Jiang Chen's eyes were going to be straightened, his breathing was fast and his heartbeat was surging, this was the first time he had seen so many cultivation resources.

Even if he did not become a disciple of any sect after leaving this place, these resources were enough for him to cultivate for a long time.

He subconsciously started to take all these things away.

"Don't get excited, these are normal, and the great ones are yet to come."

"These things are yours, no one can rob them from you."

However, the Good Fortune Immortal Boat Spirit interrupted him, and its voice also carried some excitement and pride. It still forced itself to calm down in front of Jiang Chen.

Hearing this, Jiang Chen nodded, also forcing himself to calm down.

He knew that the Immortal Boat Spirit would not lie to him. Since these were just ordinary, it meant that the more powerful ones were definitely in the depth.

With this thought in mind, he continued to venture deeper.

.....

"The creatures along the way didn't do anything to Jiang Chen, it seems that it is because of his physique..."

"The reincarnation of the Immortal Boat... I wonder what kind of surprise he can give me in the end. It's a pity that it's still too tender..."

Gu Changge walked in the Purple Mountain with his hands behind his back, his expression relaxed and casual, as if he was walking casually, no one was following behind him, and no creature was approaching by his side.

Because the creatures that had just approached him were turned into ashes, and their bodies and spirits were destroyed.

"Master."

Not far ahead, the figure of the black-robed old man appeared and he respectfully said to Gu Changge.

"Did he notice anything unusual?"

Gu Changge asked casually.

"No, Jiang Chen trusts this subordinate extremely, and he did everything according to what Master said, and didn't notice any abnormality."

"From this time, he has become more and more trusting of his subordinate." The black-robed old man replied respectfully.

"That's good." Gu Changge smiled, "It seems that Jiang Chen is quite satisfied with the Guardian I arranged for him."

"Master, when will we deal with Jiang Chen?" The black-robed old man asked.

"Don't worry, his value is far more than that, at least let him help me mature his Dao Fruit."

Gu Changge looked at the stone cave in front of him and slowly walked over. After arriving here, he could feel the feeling of the majestic pressure shrouding his head even more.

He felt where Jiang Chen was now.

The distance was not too far.

However, Gu Changge still intended to let the demonic puppet pass over first. After all, in name, the black-robed old man was Jiang Chen's Guardian.

If there were any changes there, Gu Changge would know in advance.

Of course, there would be other plans for a while, waiting for Jiang Chen.

The palace was very large, very simple, and grand, except for the collapse of some of the pillars, there was no other abnormality.

The grand hall looked majestic and heavy, seemed to be a world of its own, surrounded by mist, like a paradise.

Jiang Chen walked all the way inside, and from time to time, he saw huge pillars erect in the hall as if propping up the sky.

Suddenly, in the distance, a faint voice sounded.

It was like a trembling tower, and it was like a giant bell was ringing which made it deafening.

"What is this?"

Jiang Chen's complexion changed slightly as if his head was suddenly stabbed by a thorn, he instantly lost his blood in pain.

**Hum!!**

He only felt that his mind was struck by a giant clock along with a roar, and became blank.

In the faint moment, he actually felt that in the hall, there was a small tower with surging golden light, floating up and down in the sky, and hanging down with the vast chaotic energy.

"A golden tower..."

Jiang Chen widened his eyes in surprise.

The pain arrived and disappeared quickly, and he found that he could hear the voice clearly again.

"This is the Heavenly Tower calling you, and it senses your presence."

Good Fortune Immortal Boat Spirit said excitedly, "Follow this sound, and you can find it."

Hearing this, Jiang Chen reacted, and his face also showed excitement.

*Didn't that mean that the Heavenly Tower that Gu Changge has been looking for will soon be in my hands?*

*And Gu Changge had been busy for so long, but in the end, he would achieve nothing. I wonder if he will be furious.*

Thinking of this, Jiang Chen was even more excited, he kept walking, and hurriedly walked toward the source of the sound.

**Boom!!!**

The sound of the Dao was loud as if it came from the Nine Heavens.

The deeper he went, the more Jiang Chen felt that the voice was loud and deafening, so he couldn't help but wonder if the voice would penetrate the palace and resound outside the Purple Mountain.

In a trance, he seemed to see a giant tower surrounded by golden divine light roaring around, with the profound meaning of the heavens circulating on it, which was indescribable.

"I am bound to win the Heavenly Tower, and I won't let it fall in Gu Changge's hands."

Jiang Chen's eyes were firm, his fists clenched tightly, and he strode toward the source of the sound.

Although the palace was huge, he was unobstructed all the way, so it didn't take long for him to walk. In the depths of the palace, he finally saw the giant tower.

It was divided into nine layers, the whole body was golden like it was made of immortal gold, suspended in the sky, like a hill.

There was also a platform below.

The Taoist platform was carved out of Immortal Jade, simple and natural, with a red glow, golden light, and colorful mist intertwined densely there.

A huge golden roar sounded along with the flickering runes that hung on the Taoist platform. It seemed to have shrouded and suppressed everything.

On the Taoist platform, there seemed to be something else.

Jiang Chen felt that that thing was attracting him.

However, his attention was all on the Heavenly Tower. After careful observation for a week, he found that the sound that had resounded in his mind just now came from it.

"This is the Heavenly Tower." The Immortal Boat Spirit exclaimed excitedly, "You can find a way to take it away."

"But I haven't cultivated yet, so how can I take away the Heavenly Tower..."

Jiang Chen wandered around below, his brows furrowed.

Cultivators could refine their own weapons, place them into the spirit sea, and use them to fight at any time.

But he hadn't even activated the Spiritual Sea yet, and even if he got the Heavenly Tower, he couldn't take it away.

Before that, he had never imagined that the Heavenly Tower would be so huge, like a tall tower, not something that could be held in his hands.

"Heavenly Tower is one of the Seven Heavenly Artifacts that is responsible for the suppression. It has the power to suppress the world, and any treacherous scorpion can't escape its vast power of destruction..."

"Little Chen, you can definitely conquer it. It was calling you just now, which means it recognizes you."

Immortal Boat Spirit said confidently.

Jiang Chen's expression became serious when he heard this, and he began to wander under the Heavenly Tower in any way he could think of.

**Chapter 368-2: The opportunity that belongs to Jiang Chen, Can he have a child of an Immortal beast?  
(2)**

But no matter what method he chose or how he opened his mouth, the Heavenly Tower was still there, and it seemed that it would never be shaken.

This made him wonder if he misunderstood the voice he heard before.

In fact, the Heavenly Tower was not calling him.

Otherwise, why was it not moving at all?

"Could it be that there is still a test that can't be passed, it will recognize me only after I pass its test?" Jiang Chen looked puzzled.

"No, you are the reincarnation of the Immortal Boat of Good Fortune, and reasonably, the Heavenly Tower will recognize you..."

The Immortal Boat Spirit also became puzzled at this time.

And it found that the old acquaintances it had sensed before had become even fainter after arriving here.

This made it very helpless and anxious. After all, its memory was incomplete, and many things couldn't be remembered yet. Otherwise, it should be able to identify which old acquaintance it was.

"Let's take a look at what's on the platform first."

The Immortal Boat Spirit sighed.

Jiang Chen nodded and then walked towards the Immortal Jade Taoist Platform under the Heavenly Tower.

It was just that before he got close, he felt the Heavenly Tower suddenly shake slightly, the brilliance fell, and the void rippled.

**Boom!!**

A majestic and heavy pressure came from the front as it landed on his body, making it difficult to take another step forward.

"What's going on? Why is the Heavenly Tower preventing me from moving forward?"

Jiang Chen's eyes widened, it was difficult to accept all this. He couldn't help but grit his teeth, his face was pale, and cold sweat was oozing from his forehead.

It was just that no matter how hard he exerted his strength, it was difficult to continue to move forward.

There seemed to be an invisible thick wall blocking him in the front.

Obviously, the Immortal Jade Taoist platform was only a few steps away from him, but these few steps seemed to be far away.

"Why?"

Jiang Chen clenched his teeth tightly, and the veins on his forehead were exposed as if he had already exerted his utmost strength.

He was not reconciled, he had already approached, but why couldn't he walk past?

"No, these should belong to you in principle, but why is this still the case?"

Seeing this scene, Good Fortune Immortal Boat Spirit was also stunned at this time, and couldn't figure it out at all.

*The Heavenly Tower didn't respond just now, but now it was even preventing Jiang Chen from approaching that Taoist platform. Why is this?*

**Hum!!**

In the next moment, the void space flickered with brilliance, followed by a phantom image of an Ancient Immortal Boat emerging from Jiang Chen's eyebrows.

"Heavenly Tower, why did you stop us?"

The spirit of the Immortal Boat manifested, and there was an angry but immature child's voice, and he couldn't help asking.

At this time, Jiang Chen also took a deep breath, stopped, and did not make unnecessary efforts.

He understood that this was the Heavenly Tower that was stopping him, and without its approval, he could not approach that Taoist platform.

Although he was resentful in his heart, he calmed down and was ready to see how the Heavenly Tower would respond.

*According to the previous words of the Immortal Boat Spirit, the Heavenly Tower was originally an object of the Immortal Palace that once suppressed a realm.*

*So they could sense each other's presence.*

*When I entered Purple Mountain before, those creatures ignored me and let me come to the depths of Purple Mansion because I had the aura of the Immortal Palace.*

*Otherwise, it wouldn't be so smooth.*

*But at this time, the Heavenly Tower actually wanted to stop me, what was this for?*

And as the Immortal Boat Spirit of Good Fortune asked, the golden giant tower in the sky seemed to react.

It shook slightly and roared in the virtual space.

In the next moment, a blurry figure appeared in it, golden light shrouded in it, and it couldn't be seen clearly, like an ancient god.

"Heavenly Tower, you finally showed up."

Immortal Boat Spirit opened his mouth, a little surprised.

Obviously, the golden figure that appeared was the Spirit of the Heavenly Tower.

Because the Heavenly Tower was different from the rest of the Heavenly Artifacts.

After forging its existence and intending to use it as a thing to suppress, different materials and forging methods were specially selected, so that the spirits and gods could be warmly cultivated.

Now this golden figure was the artifact spirit of the Heavenly Tower!

"Why are you stopping us?"

Immortal Boat Spirit asked, completely unable to understand.

To be reasonable, they should be on one side. It would be okay if the Heavenly Tower didn't want to help Jiang Chen, but why was it still stopping him?

"Wang Yue is dead."

However, what surprised Jiang Chen and the Good Fortune Immortal Boat Spirit was that after hearing this question, the Tower Artifact Spirit opened his mouth, but he said something else.

"Wang Yue?"

Jiang Chen frowned, a little puzzled.

"Wang Yue is dead? This... Immortal Palace has collapsed anyway. No matter how long Wang Yue lives, he will eventually die of old age."

Immortal Boat Spirit was stunned for a while, and then it said in a low voice, as if it had remembered something.

Seeing Jiang Chen's doubts, it explained it to him.

Wang Yue was the Immortal beast who was responsible for holding the Heavenly Tower. It was huge in size and had a long lifespan, like a galaxy.

There was even a legend that Wang Yue was the fall of the Moon God above the Nine Heavens.

Therefore, although Wang Yue was not humanoid, it was beautiful and inexhaustible, and because of its long lifespan, it was once called a walking living fossil.

The world was mysterious and only a few people knew about it.

"It turns out that this is what the Heavenly Tower Artifact Spirit said, so what does it have to do with it preventing me from approaching that Taoist platform?"

Jiang Chen guessed that the dead Wang Yue and Heavenly Tower had been together for a long time, maybe they had a deep relationship, so it was difficult to accept the fact of its death.

But he couldn't figure out the reason why the Heavenly Tower stopped him.

"Although I know it's not good to comfort you like this, even the Immortal Palace will collapse one day, and Wang Yue will naturally die of old age."

"You have to accept this fact, and this is not the reason for you to stop us. Also, what is in that Taoist platform?"

"Now, the responsibility for restoring the former glory of the Immortal Palace all falls on Jiang Chen. Heavenly Tower, I hope that you will not embarrass him for the sake of you once belonging to the Immortal Palace."

The Good Fortune Immortal Boat Spirit couldn't help but persuade.

In its view, since there were many cultivation resources such as origin stones and spirit plants in the Heavenly Hall, there must be better things in this platform.

After all, this Heavenly Palace was the place where many secrets were stored in Immortal Palace, and the Heavenly Tower was responsible for suppressing them.

How could the good things here be so little?

At this time, Jiang Chen was not good at interjecting.

However, after hearing what the Immortal Boat Spirit said, he also felt that many of the cultivation resources here seemed to be reserved for him.

"There is nothing else in the Taoist platform, it's only the child left by Wang Yue. I promised her that I would help her raise this child."

Hearing this, the Heavenly Tower Spirit was silent for a while.

Only then did he speak again, and said words that shocked Jiang Chen and the Immortal Boat Spirit.

"What did you say?"

"The descendant of Wang Yue on the platform?"

Immortal Boat Spirit couldn't help but ask loudly.

Its voice hid an uncontrollable excitement.

Although Jiang Chen didn't know how powerful Wang Yue was.

But from the slightly trembling voice of the Immortal Boat Spirit, he could still hear it.

The value of the one sealed on the Taoist platform was simply inestimable!

After all, things that were related to Immortals were not simple, so he couldn't help but look forward to it, and he was a little excited.

Wang Yue?

If it grew up, wouldn't it be a True Immortal beast?

With an Immortal beast, wouldn't he be able to traverse the Upper Realm arbitrarily, and no one would be able to stop him?

Even taking revenge on Gu Changge, wasn't it easy?

"If that's the case, then you should hand over Little Wang Yue to us, Jiang Chen is the reincarnation of the Immortal Boat..."

"And what is the Immortal Boat of Good Fortune, you should be clear, it is most suitable for you to give little Wang Yue to him."

"And if you leave this place with us, you can still protect little Wang Yue and help her grow up. Isn't it the best for both of us?"

Good Fortune Immortal Boat Spirit persuaded again, and the words sounded very urgent, hoping to move the Heavenly Tower and hand over Little Wang Yue to them.

Jiang Chen also had a passion in his heart, but he still didn't speak, his face remained calm.

"He can't. I promised Wang Yue that I would raise her child to grow up, but he is too weak to protect Wang Yue's children."

"And he doesn't have enough resources to ensure the smooth growth of Wang Yue's offspring."

However, after hearing these words, the voice of the Heaven Tower Spirit still did not fluctuate or change.

It was not that he looked down on Jiang Chen, but it was stating a fact that for it now, it didn't matter what kind of reincarnation Jiang Chen was.

The important thing was that Jiang Chen must have the conditions for little Wang Yue to grow up smoothly.

If it couldn't even do this, why should it give Little Wang Yue to him?

"Jiang Chen, although he doesn't have these resources now, it doesn't mean he won't have them in the future. His potential is great, and isn't there a lot of resources in the Heavenly Palace?"

The Immortal Boat Spirit couldn't help defending and said that he didn't want to miss such a rare opportunity.

Whether it was for itself or for Jiang Chen, having little Wang Yue was an unimaginable benefit.

### **Chapter 369-1: A trash wants the Immortal beast to follow him? I am willing to serve the Young Master (1)**

"I don't know what will happen in the future, all I know is that you are incapable of protecting Little Wang Yue now."

"And there are not many things in the Heavenly Hall. It was almost consumed at the beginning. What you see now are only some leftovers."

"I will only ask you one thing. If it is known to the world that Little Wang Yue is by your side, can you protect her?"

The Spirit of the Heavenly Tower said lightly, the golden figure stood in the void, his face was blurred, he couldn't see it clearly, and his breath was strong.

Only when looking down at the Taoist platform would it reveal a touch of softness.

What it said was very realistic. If it weren't for the fact that it was once a thing of Immortal Palace, the world would probably be even more merciless.

It was not stupid, how could it not see the intention of Jiang Chen and the Immortal Boat Spirit?

If the two of them could give a clear answer, what if it would give Little Wang Yue to them and let her follow them?

But the two of them couldn't even do this, and what was the difference between them and the white wolf with empty gloves?

"The conditions you're talking about are a little too harsh for Jiang Chen, he's just a mortal..."

The Immortal Boat Spirit was a little dissatisfied. He didn't expect the Heavenly Tower Spirit to be so merciless, that it almost said that they were not qualified to raise Little Wang Yue now.

"You also know he's just a mortal."

The voice of the Heavenly Tower Spirit did not waver, and asked lightly, "Then you asked me to give little Wang Yue to him? What is the purpose?"

"I..."

Immortal Boat Spirit was a little dumb for a while, and couldn't find anything to refute.

"Following Jiang Chen is also a test for little Wang Yue, and it may be a good thing for him, but not necessarily..."

Hearing what it said, the Heavenly Tower Spirit also shook his head, very disappointed, and didn't say anything more.

If it wasn't for the sake of acquaintance, it would have expelled the two of them from this place.

"It's understandable for the senior to say that about the junior, but you don't give the junior any chance, isn't it a bit too unreasonable."

"The younger generation does not have the ability to protect little Wang Yue, nor the resources to support its smooth growth, but the younger generation can guarantee that as long as the younger generation still has a breath, it will not be hurt in any way, and it will be treated like the companion of the younger generation."

"If the senior doesn't believe it, you can let it get along with the junior for a while. If the senior feels dissatisfied, you can take it away at any time, how about it?"

At this moment, Jiang Chen suddenly took a deep breath, stood up, raised his head, and said to the Heavenly Tower Spirit in the sky, his face was very calm.

What he said was thoughtful.

Because just now he felt the scrutiny from the platform in front of him.

Little Wang Yue seemed to be able to perceive his presence!

Therefore, Jiang Chen came up with such a method, intending to leave a good impression on little Wang Yue.

Hearing this, Immortal Boat Spirit also had a happy face and was amazed at Jiang Chen's wit.

"Although what you said is very sincere, why should I promise you? No matter what possibility you said, it would not do me any good,"

However, what made Jiang Chen's expression freeze was that the Heavenly Tower Spirit in front of him was not moved by his words at all.

"Jiang Chen, hurry up!"

However, at this moment, outside the palace, there was a sudden burst of anxious shouting.

Hearing a bang, the black-robed old man lost his breath and was thrown in with blood on the corner of his mouth.

His expression was extremely embarrassing, and he didn't have the contempt that Jiang Chen had seen before.

"Senior, what's wrong with you?"

Jiang Chen's face was shocked, and he didn't even bother to talk to the Heavenly Tower Spirit. He stayed where he was and was shocked by this sudden scene, he didn't know what happened.

"Run away, get out of here, and leave the old man alone."

The black-robed old man struggled to get up from the ground, but he seemed to have touched the wound again, coughed up blood, and spat out a lot of internal organs.

"What happened, why did you..."

Jiang Chen's eyes widened, but he still didn't realize what happened.

Why was such a powerful Senior Black Robe so seriously injured now?

*Didn't he go to the other side, and then come back to find himself?*

*Is there any danger?*

"Because he met me."

In the next moment, with a faint voice, Gu Changge's figure emerged from outside the palace.

His expression was casual and indifferent, and he seemed very unconcerned. He stepped directly on the black-robed old man and suddenly made a frightening sound of bone shattering.

The black-robed old man also seemed to be stubborn, but he just groaned and did not make any screams.

"It's very courageous, how dare you try to save people from me."

Gu Changge said lightly, with indifferent eyebrows and no mood swings.

"Gu Changge, it's you! How did you come here... No, it must be the route I left for the Senior Black Robe, and Gu Changge noticed..."

Jiang Chen's complexion changed drastically, he couldn't help being terrified, and he didn't expect Gu Changge to come here.

And such a powerful Senior Black Robe would be so miserable in front of Gu Changge?

He couldn't believe it.

"No, little Chen, this guy actually chased us here..."

Immortal Boat Spirit's voice trembled, hurriedly turned into a puff of blue smoke, and entered Jiang Chen's eyebrows.

From Gu Changge, it always felt a trembling fear that came from the depths of his soul.

"Gu Changge, let go of the Senior Black Robe, you can deal with me, don't involve other people."

At this time, Jiang Chen forced himself to calm down and stared coldly at Gu Changge.

His biggest reliance now was also being stepped on by Gu Changge, which really made him despair.

Now he could only pray that the Immortal Boat Spirit could really control the many formations in Purple Mountain, thus killing Gu Changge.

"A guy who doesn't know whether to live or die? Even with this little ability, he wants to save people?"

Gu Changge glanced at him lightly, as if he didn't care.

Immediately after that he kicked out, the black-robed old man let out a muffled groan, and immediately fell to Jiang Chen's knees, the force was so great that the ground almost cracked.

However, the material of this palace was special, and it was not a big problem to withstand this fluctuation.

"Senior, are you alright?"

Jiang Chen quickly went to help the black-robed old man up and asked worriedly.

"I'm fine... ahe..."

The black-robed old man waved his hand.

It was just that before the words were finished, a mouthful of blood spurted out, mixed with a large number of internal organ fragments, which showed that his injury was severe.

Jiang Chen's face was angry, but he didn't dare to say anything to Gu Changge.

"I was careless this time. I didn't expect Gu Changge's strength to be so strong. This old man is no match for him at all."

The black-robed old man rarely showed a wry smile and self-reproach, "If it wasn't for my relationship, he wouldn't have come over so quickly."

"Senior, don't say it, if you hadn't separated from me, it wouldn't have happened."

Seeing that the black-robed old man looked so seriously injured, Jiang Chen couldn't bear to blame him anymore.

Up to now, since Gu Changge came here, he could only deal with it directly.

"This is the Heavenly Tower? It's interesting that there is still an artifact spirit, and it's quite different from other Heavenly Artifacts."

At this moment, Gu Changge stared at the golden phantom in the air with interest, then looked at it and said, "I know what you said just now, I will give you two choices now."

"One, give little Wang Yue to me, surrender to me, and follow me away."

"Second, I will take away Little Wang Yue by myself, erase your consciousness, and leave with the Heavenly Tower."

"Which way you want is up to you."

Gu Changge's tone was calm, and he was not in a hurry after speaking.

It had been a while since he came here, but he didn't show up, and he also understood the cause and effect of the matter.

If Heavenly Tower Spirit was not stupid, then it would understand how to choose at this time.

Of course, if it was stupid, Gu Changge didn't mind erasing its consciousness, which was not a difficult thing for him.

"Gu Changge, you..."

On the other hand, Jiang Chen's face changed drastically. He never expected that Gu Changge would be so strong and arrogant, and would dare to speak like this in front of the Heavenly Tower.

"You... let me think about it."

It was just that the next moment made Jiang Chen even more shocked.

After hearing Gu Changge's words, the Heavenly Tower Spirit did not show any anger or dissatisfaction.

On the contrary, he appeared to be very cautious and his attitude and the way he faced him were worlds apart.

"My patience is not good, even if you are the Heavenly Tower Artifact Spirit, it is of no value to me."

"As a weapon, I still prefer dead objects without consciousness." Gu Changge said lightly.

## **Chapter 369-2: A trash wants the Immortal beast to follow him? I am willing to serve the Young Master (2)**

Jiang Chen looked at Gu Changge, his heart trembled, and he felt a terrifying chill that swept from his spine to the sky.

Even the Artifact Spirit of the Heavenly Tower had to be persecuted by him, and dare not say more?

He originally thought that the Artifact Spirit of the Heavenly Tower would be so angry that he would teach Gu Changge a lesson, but he never thought that his attitude was very cautious.

"I can promise to surrender to you, but you have to promise me a condition, otherwise I would rather burn all the jade and stone than let you get the Heavenly Tower."

The voice of the Heaven Tower Artifact Spirit remained unchanged.

It knew that this young man in front of him was terrifying, not only his aura but also the kind of indifference that was imprinted in his bones.

It was this feeling that made it shudder.

Not to mention that it was no longer at its peak, and in its current state, it could only compete with the Supreme being at best.

"Go ahead."

Gu Changge raised his eyes and glanced at it, then turned his eyes to the Immortal Jade Taoist Platform in front of him.

He walked over slowly, different from the sweating profusely that Jiang Chen encountered at that time, it wasn't difficult to move at all as Gu Changge walked to the Taoist platform without hindrance.

The Taoist Platform was white with rune disillusionment, and the immortal mist was permeating.

The ancient characters above were filled with various quaint symbols, and the aura of the Dao was permeating, and at a glance, one would know that they were not ordinary things.

This scene made Jiang Chen's complexion pale again, and he remembered his embarrassed appearance just now.

"I need you to promise me not to hurt little Wang Yue."

The Heavenly Tower Artifact Spirit was very cautious, and at the same time, his eyes fell on the Jade Platform, alerted to Gu Changge's actions.

"I can."

Gu Changge didn't think about it and spoke directly.

Among them was a small pool, all of which were sealed with the divine origin and had not been opened.

The rich immortal mist filled the air, and the colorful clouds flowed, and it was impossible to see the scene clearly.

However, under his field of vision, it could be seen that there was a hazy light like amber, and the magnificent colors like a galaxy flowed quietly.

There seemed to be a pair of clear and flawless eyes watching him as if it knew everything that happened outside.

This was the body of Little Wang Yue.

"I hope you do what you say and don't let anyone hurt it."

The Heavenly Tower Artifact Spirit was still very cautious, because Gu Changge's promise was very direct and straightforward, making it uneasy.

Gu Changge retracted his gaze, glanced at it, and said, "Don't worry, no one will dare to snatch it even if I announce that little Wang Yue is in my hands today."

"After all... I'm not this trash."

As he spoke, there was a faint smile on the corner of his mouth, which seemed very mocking and contemptuous.

"Gu Changge, don't bully people too much..."

In the face of Gu Changge's undisguised mocking words, Jiang Chen's expression became extremely ugly, his teeth were clenched, and he was extremely angry.

But he could not find an excuse to refute.

Now that Gu Changge was so powerful, who would dare to steal something from him? Wasn't that courting death?

The Spirit of Heavenly Tower was also shaken by Gu Changge's confident and powerful words.

But wasn't that exactly what it had always wanted?

"In addition, the resources that Little Wang Yue lacks for growth, I have everything in my family, even if it is allowed to eat up to 100,000 stars, there is no problem."

"So now, do you have anything else to offer?"

Afterward, Gu Changge looked at the Heavenly Tower Artifact Spirit, and said again, with a slight smile, showing his terrifying heritage and wealth.

At this moment, Jiang Chen only felt that he was about to suffocate, his lips trembled, and his face was so pale that there was no blood at all.

Compared to that, what did he have?

Nothing at all!!!

**Buzz!!**

The Purple Mountain shook, and the Heavenly Tower trembled, and it seemed to be roaring because Gu Changge's words deeply shook it.

It was not stupid at all!

"From now on, Heavenly Tower is willing to serve the Young Master!"

In the next instant, the Heavenly Tower turned into a golden light and escaped into the Heavenly Tower. The huge and majestic golden tower body quickly became smaller and fell from the sky.

At the same time, its voice resounded through the void, showing the meaning of surrender.

Gu Changge shook his head slightly, looking at Jiang Chen with a pale face, his tone seemed to be somewhat regretful and regretful,

"A piece of trash still wants the Immortal beast to follow him? How old are you, and you are still dreaming about this spring and autumn?"

*Is there anything in this world that money can't buy?*

*If there is, it means that the money is not enough!*

Jiang Chen, who had witnessed all of this from back and forth, only felt that his dao heart was about to crack, and he couldn't help but be full of despair.

He struggled with all his efforts, but in the end, he got nothing.

On the contrary, Gu Changge got all of this easily with just a few words.

How was he willing?

"Just stay here today." Gu Changge's smile seemed a little indifferent.

**Boom!!**

As the words fell, Gu Changge slapped his palm forward, and in the rumbling sound, the golden palm print was in the air, like the palm of heaven, covering everything.

The void seemed to be about to explode, and it was unbearable to bear such terrifying fluctuations.

Jiang Chen looked at this palm with despair on his face, his whole body was about to explode under this kind of aura.

"Run!"

At the critical moment, the black-robed old man roared and spit out a mouthful of blood. It seemed that he was using a secret technique, grabbed him, and fled away from the hall.

He took Gu Changge's palm abruptly, blood gushing out like a spring, his internal organs seemed to be completely burst, his face was pale, and his breath was sluggish.

"Senior..."

Jiang Chen looked at this scene with a splitting eye.

However, the black-robed old man didn't care about him, regardless of the terrifying injuries on his body, he seemed to take a breath and take him away from there.

"Escape! Escape!"

"I stirred up the general trend here, destroyed the geography of Purple Mountain, and buried that surnamed Gu here!"

At this moment, the Immortal Boat Artifact Spirit shouted in Jiang Chen's mind.

**Boom!**

The entire Purple Mountain shook, the rocks rolled down, the ground cracked, and a thick purple mist spewed out, and it began to collapse!

"Run away, it's better to run away. Next time we meet, I hope you grow stronger."

"Thanks to you, I will accept the Heavenly Tower."

Gu Changge stood in the hall with his hands behind his back, not in a hurry, and the indifference on his face disappeared.

After watching Jiang Chen's figure gradually disappear with interest, he waved his sleeves and took away the Immortal Jade Taoist Platform and the Heavenly Tower.

As for the origin stones, spirit grass, and other things in this palace, he really didn't care about those.

Afterward, a dazzling brilliance appeared on his body, and the terrifying aura was like a splendid sun rising into the sky, directly breaking through Purple Mountain, turning into a sword, and smashing through the many chaotic formations here.

Gu Changge took a few steps, the golden avenue stretched from his feet, and a figure appeared in the sky outside.

**Boom!!**

The majestic Purple Mountain behind him collapsed with a loud bang, the smoke and dust rose to the sky, and the purple mist sprayed thinly, turning it into rubble.

Gu Changge glanced back, his face was calm, and then he descended from the sky, his robes fluttering, and the dust was not stained.

"Master!"

"Young Master Changge!"

A group of followers waiting outside the Purple Mansion, Ji family siblings, Chen Ning'er, and others, all stepped forward.

Gu Changge waved his hand.

"How did it go?"

Yue Mingkong came over and said in a cold voice.

Everyone also looked curiously and was shocked. What happened in Purple Mountain, why did it suddenly collapse?

In particular, the Ji siblings were very puzzled.

Did Gu Changge get the Heavenly Tower? As for Jiang Chen's whereabouts, they felt that it was very likely that he had been buried by Purple Mountain and was killed.

"Unsatisfactory, but expected."

Gu Changge smiled and gave a vague answer.

However, Yue Mingkong knew him very well and knew that he must have gotten what he wanted, and the Heavenly Tower.

So she didn't ask any more questions.

Hearing this, everyone's hearts froze, and they were very shocked, but they did not dare to ask more.

However, many people had also speculated that Gu Changge must have already obtained the Heavenly Tower, otherwise, Purple Mountain would not have collapsed.

As for what happened, they didn't dare to ask.

What happened here tonight was not destined to be peaceful.

The huge Purple Mountain appeared overnight and collapsed overnight, which was bound to attract the attention and exploration of many cultivators.

Afterward, everyone returned to Divine Ruins Sect, and the Ji siblings, Chen Ning'er, and others began to contact the family behind them to report what happened here.

When the senior members of the Ji family learned about this, although they felt angry and humiliated, they had no choice but to bite their teeth and swallow.

Afterward, they honestly arranged for someone to send the Heavenly Wheel.

### **Chapter 370-1: The daily life with Yue Mingkong, The Son of Luck who digs tombs and robs graves (1)**

After returning to the Divine Ruins Sect, Gu Changge sent everyone, only Yue Mingkong was beside him, and curiosity lingered in her eyes.

Jiang Chen, a craftsman disciple, had disappeared.

For the entire Divine Ruins Sect, it might only be a trivial matter, like a small speck of dust falling into the water, even a ripple could not be stirred up and no one would notice it at all.

Even if the sect leader of the Divine Ruins Sect and others noticed that a disciple had disappeared, they would not dare to ask too much, after all, this was a critical time.

In addition to the Ji family siblings, there was also Gu Changge staying in the Divine Ruins Sect. How could their small temple accommodate such a large Buddha? Every day of theirs was spent trembling in fear.

"Did you really get the Heavenly Tower?"

There was finally no one else in the hall, and Yue Mingkong also asked about the doubt she had had since just now.

Before getting an accurate answer from Gu Changge, she still felt uneasy.

"I have it. Everything proceeded smoothly, and I didn't encounter any unexpected troubles."

Gu Changge smiled and then raised his hand.

In the next moment, the Heavenly Tower, which had shrunk countless times, suddenly appeared from virtual space.

There were nine layers in total, forged from immortal gold which surged with a golden light spewing chaotic mist. There was a mysterious fluctuation in the way it circulated, which seemed to suppress the six realms of heaven.

The rumors were true, the Heavenly Tower did possess the might of the world, and under this divine might, any demons and monsters would vanish into thin air.

Yue Mingkong glanced at it as she nodded, and didn't ask any more questions.

In this way, their trip would have a perfect ending.

It was just that she didn't do much. Even when she came with Gu Changge, she had just watched him easily obtain the Heavenly Tower.

It had to be said that for her strong personality, it was still somewhat frustrating.

"What's the matter? Even after finding that your husband has obtained the Heavenly Tower so easily, why do you still look unhappy?"

Seeing her expression, Gu Changge smiled and couldn't help joking, "This is not like you."

Yue Mingkong glanced at him as she said in a cold and calm voice, "In the end I was such a waste, and I couldn't even help with anything."

Gu Changge was somewhat surprised by her being so calm.

However, if there was no Yue Mingkong, he would actually have to spend a lot of effort to find the place where the Heavenly Tower would appear.

In addition, the Heavenly Mirror and the Heavenly Seal were both given to him after Yue Mingkong found them.

It was already very difficult to find one Heavenly Artifact, let alone of them.

Although Yue Mingkong was a regressor, she must have spent a lot of money and energy in order to find these two Heavenly Artifacts.

"If you are a waste, then everyone in this world is worse than waste."

Thinking of this, Gu Changge smiled, and gently took her into his arms with a gentle smile, "And you said something wrong, it's not that you didn't help."

"How did I help?"

Yue Mingkong stared at him intently, hearing Gu Changge say this, the corners of her mouth could not help but twitch slightly, and she was suddenly in a good mood.

"Of course, you helped me warm the bed." Gu Changge laughed.

The smile on Yue Mingkong's face froze, and she couldn't help but give him a ruthless look. A haze suddenly rose from the jade-like suet face and then her figure broke free before turning into a divine light that rushed out of the sky.

"Forget it, Mingkong, if you don't want to, then I'll find another woman for your husband."

Gu Changge took the Heavenly Tower and walked out of the hall unhurriedly. The smile on his face still undiminished, "Anyway, I only need one sentence, the woman who wants to warm my bed, I'm afraid they would line up from here to the True Immortal Academy."

"You dare!"

Yue Mingkong's willow eyebrows stood upright, and although her figure appeared in the sky, she did not go far.

Hearing this, her expression suddenly became frosty and murderous.

**Boom!**

The more she thought about it, the angrier she became.

She simply slapped down with her plain white jade palm, gathering moonlight which was bright and beautiful. Her powerful and domineering aura along with an unparalleled and peerless demeanor, descended from the sky.

Gu Changge smiled slightly, and his figure took a step forward before disappearing outside the hall.

He avoided her palm very easily, but the palace behind him collapsed with a bang, and it turned into ashes.

In addition, even the top of the mountain where he was now was cut in half by Yue Mingkong's palm as smoke and dust rose to the sky.

In the middle of the night, the sudden emergence of such a loud voice instantly alarmed everyone in the Divine Ruins Sect.

A group of elders and disciples watched this scene from a distance, stunned as their souls trembled, and they shivered.

The Ji siblings also arrived a beat later, watching the entire situation with wide-eyes and shock.

Just now they thought that someone suddenly attacked in the middle of the night, but they never expected that there would be a conflict between Gu Changge and Yue Mingkong.

However, Yue Mingkong hadn't made a move before, and the two of them didn't know her strength. When they saw her now, their hearts were shaken. She was much stronger than they thought.

On the other hand, Gu Changge, Yue Mingkong's followers, and others seemed very calm, apparently seeing this scene often.

"Is this the relationship between the two of them?"

Ji Chu Yue thought silently in her heart and felt some envy that even she couldn't infer.

However, it was estimated that only Gu Changge of the younger generation could resist Yue Mingkong, and the rest of the young geniuses would not be far from being disabled even if they didn't die in the face of this palm.

After figuring out the reason, everyone quickly dispersed, not daring to wait and see, knowing that it would be better if there was less excitement.

"Do you want everyone to see our jokes?"

Gu Changge smiled as if he didn't care about everything around him.

Yue Mingkong gave him a cold sideways look, "Cut the crap, today, you must fight me!"

After saying that, she slammed her palm down once again, the brilliance showered light on the surroundings as the runes were intertwined among them. An aura of the Supreme Dao surged in the air.

The faint silhouette of a vague and peerless figure appeared behind her.

Her hair fluttered and danced, one step at a time, trudging through the long river of time. It was extremely powerful as if there was really a female Empress who wanted to overlook the heavens.

"Okay, I'll give you one, this is the most powerful one, right?"

Gu Changge seemed to shrug helplessly, and after saying that, his sleeves shook. And with that the power of terror filled the air, the sun and the moon melted into the palm of his hand, and there was only darkness left in the world.

The big sleeves were fluttering, like the universe in the palm of his hand, accommodating the void and the endless darkness devoured the moonlight sky.

In an instant, Yue Mingkong's jade face changed color and she retreated, but Gu Changge's sleeves seemed to be transformed into a mythical ball of heaven and earth, covering her and absorbing everything away.

Although she had a strong cultivation base, compared with the current Gu Changge, the gap was still very large, and she was shrouded in it without retreating very far.

"Gu Changge, you are despicable and shameless, your words don't count, let me out..."

Yue Mingkong's voice arrived as she gritted teeth. There was a little anger mixed in the coldness.

"I don't care what I say, didn't I give you a chance?" Gu Changge smiled, without the slightest sense of bullying her.

"You bastard!" Yue Mingkong gritted his teeth.

In the next instant, a terrifying sword light appeared along with the unparalleled aura. The void exploded with a thud, and the splendid brilliance bloomed between the heavens and the earth.

A light and peerless sword flower emerged with layers of splendor, incomparably terrifying. Its incomparable edge, suddenly pierced through Gu Changge's sleeve.

Taking this opportunity, Yue Mingkong escaped from the predicament, holding a crystal slender sword in her hand.

Seeing Gu Changge's slightly stunned expression, she was in a good mood, and the corners of her mouth couldn't help twitching.

"Don't fight, I admit defeat."

Gu Changge did not expect that Yue Mingkong would break through his suppression so easily. After being a little surprised, he also reacted. Seeing that she was going to attack her again, he couldn't help smiling and chose to surrender.

"No."

Yue Mingkong glanced at him, the long sword was in the sky, and her hair fluttered. It seemed that she could slash the sky with one sword, and it seemed heroic, "This matter is not that easy to solve."

"I won't fight anymore. If you attack me again, it would be murdering your husband."

Gu Changge smiled, with an expression that seemed to say he wouldn't hit her and she couldn't do anything to him.

Yue Mingkong snorted and dropped the sword. The anger from before had disappeared a lot.

She didn't intend to continue to attack, after all, she finally took advantage of Changge. If she continued to attack, she would definitely suffer in the end.

"I haven't seen you fighting for a long time, but your cultivation has improved a lot, which surprises me." Gu Changge couldn't help but admire her power.

"Indeed, I've been cultivating." Yue Mingkong looked at him and had nothing to say in her heart. If not, she might not even be able to see Gu Changge's back.

### **Chapter 370-2: The daily life with Yue Mingkong, The Son of Luck who digs tombs and robs graves (2)**

With that, the Divine Ruins Sect finally calmed down.

All the apprehensive disciples and elders breathed a sigh of relief, for fear that the sect would be demolished by the two of them.

As for the ruined hilltops and palaces, Gu Changge's followers naturally compensated for them. After all, he was not a bully.

In the next few days, the Heavenly Tower was now in Gu Changge's hands, and the Ji Family also quickly delivered the Heavenly Wheel.

Therefore, there was still the Heavenly Sword left, so he was not in a hurry.

In the past few days, there had been a lot of uproars because Purple Mountain was suddenly brought into existence but collapsed into ashes overnight.

Many cultivators and creatures rushed to this place to investigate, wanting to know some clues.

But in Purple Mountain, there were all kinds of terrifying formations, and even if they were in the Sacred Realm, one had to be careful.

As a result, no one found anything unusual, and many people also speculated that what happened in Purple Mountain was probably related to the birth of the Heavenly Tower.

As for who had the Heavenly Tower? It had become a suspense. Some people suspected that Heavenly Tower was in Gu Changge's hands.

It was just that they didn't dare to ask, nor did they possess the courage, so what if they knew?

Would anyone dare to grab it?

The Ji family siblings, Chen Ning'er, and others were very strict. And Gu Changge was not worried that they would speak out, but even if everyone knew about the Heavenly Tower being in his hands, it was not much of a concern to him.

After resolving the matter here, he and Yue Mingkong separated.

Yue Mingkong returned to the True Immortal Academy, while he brought the Immortal Jade Taoist Platform and planned to return to the Gu family first.

Along the way, he waited for the Ji family to send the Heavenly Wheel over.

In addition, regarding the matter of Little Wang Yue, he had to read the ancient books first. Although it was an Immortal beast, there were only a handful of times that it had appeared in the Upper Realm, so the relevant records were too few.

Gu Changge told Yue Mingkong about the Wang Yue Immortal Beast, but she didn't care.

Compared to Wang Yue, the Immortal Beast, she wanted to know who Ruoyin was that Jiang Chen was talking about before.

Gu Changge didn't have anything to hide, but he didn't tell her which almighty power Ruoyin reincarnated from. After getting the answer, Yue Mingkong was in a good mood, and the corner of her mouth curled slightly as she left with a group of followers.

Before leaving Divine Ruins Sect, Gu Changge gave Chen Ning'er a message, saying that if she encountered any trouble in the future, she could use this to contact him.

Of course, contacting him didn't mean he would have the time to solve her problem.

Chen Ning'er and the others in the Chen family were naturally overjoyed and carefully put away the communication talisman as if it was a treasure.

.....

"Did you wake up?"

On the other side, in the dark and damp cave, a young man woke up leisurely.

But the pain on his body made him feel pale, and he was so cold that he almost fainted again.

An old man in a black robe felt a bit sluggish and was sitting cross-legged, with black energy lingering on his body as if he was healing himself.

Hearing this movement, he opened his eyes and asked lightly.

"Senior, did we escape?"

The young man was Jiang Chen who escaped from Purple Mountain.

He looked at this unfamiliar environment, and his face was still very pale.

The last scene in his mind was when Gu Changge slapped him with an indifferent expression, and when he was in despair, it was the black-robed senior who was seriously injured and rescued him.

The Senior Black Robe seemed to be seriously injured, but his body almost exploded.

"We escaped, but Gu Changge's palm was too strong. Even if the old man was protecting you, you were almost killed in the aftermath."

"But Gu Changge also seems to despise you, otherwise the old man wouldn't be able to save you."

"You are also very lucky. You walked around the gates of hell and came back."

The black-robed old man said lightly, his expression didn't look much better than Jiang Chen.

Jiang Chen had lingering fears when he heard the words, and then smiled bitterly, "Senior saved my life again, I can't repay your great kindness and virtue."

Only then did he realize that he was seriously injured, and his bones seemed to have broken a lot.

As long as he spoke, his internal organs were in pain, as if being torn apart by someone.

If the black-robed old man hadn't rescued him, under that palm, he would have turned into a cloud of blood, and his body and spirit would be completely destroyed.

Thinking of this matter, Jiang Chen's face showed deep hatred again.

"Stop talking about these useless things. If you had listened to this old man earlier, why would you end up like this?"

The black-robed old man sneered.

"Senior, what should we do now?"

Jiang Chen now thought of the black-robed old man as someone who could be completely trusted. He saved his life over and over again, not to mention offending Gu Changge. Even at this point, he never abandoned him.

Wasn't he worthy of his trust?

"What should we do? Of course, it's going incognito. The old man can see your ability. It seems that you did quite well in the Purple Mountain, but it is suitable for robbing graves..."

The black-robed old man looked at Jiang Chen carefully, and suddenly touched his chin, saying so.

"Robbing graves?"

Jiang Chen's complexion changed slightly as soon as he heard it. He knew that this was not a good thing, but now he seemed to have no other choice.

After offending Gu Changge, the huge Upper Realm would no longer have a place for him.

From now on, he could only live as a mouse crossing the street in the dark.

Thinking of this, Jiang Chen couldn't help being silent, and finally gritted his teeth and said, "I will listen to my predecessors, as long as it can make me stronger, I will do whatever I can."

The black-robed old man said with relief, "You don't have to worry about anything, in fact, entering the tomb and robbing the grave is not as dark as you think. You have to know that many cultivators' burial objects after their death are valuable things. If you are lucky and find a tomb of the Enlightened being, in a flash, you can reverse the current situation."

Hearing what he said, Jiang Chen nodded thoughtfully, and it didn't seem like he couldn't accept it.

"Little Chen, you must never promise him, you are going to rebuild the glory of Immortal Palace in the future, how can you be a tomb robber..."

In his mind, the voice of the Immortal Boat Spirit sounded, with anxiety and persuasion.

However, Jiang Chen had already ignored it. After he understood the cruelty of this world, for him, strength was what mattered.

The Immortal Boat Spirit seemed to have a good living habit in the past, and it was always too self-righteous when looking at things.

After suffering a few losses, Jiang Chen also understood a truth, that many things couldn't be listened to.

With that, Jiang Chen left with the black-robed old man and officially started his road of robbing and digging graves.

Under Gu Changge's intentional guidance, Jiang Chen, the Son of Luck, had begun to grow crook in the other direction, but he himself still didn't know it.

.....

"Is this the Wang Yue Immortal Beast? Compared with the rumored giant body, it's quite different. I wonder if it will become like that after adulthood?"

"This is the first time I have seen Wang Yue, Immortal Beast."

"In the Upper Realm that was so huge back then, only Immortal Palace had such a thing... From this point of view, this should be the descendant of the Wang Yue Immortal beast."

At this moment, in the Ancient Immortal Gu family.

In a majestic palace with a height of hundreds of feet.

Many old men gathered around, staring at the Immortal Jade Taoist Platform in the middle, with expressions of curiosity, doubt, and exploration in their eyes.

The immortal mist from the Immortal Jade Taoist Platform was extremely misty, and the colorful clouds were flowing. It could be seen that the magnificent colors of the stars were intertwined in it.

Little Wang Yue's body looked as white as the moon, and she was very beautiful and slender.

She had a pair of clear and big eyes, like glass, and had a thin transparent puffy tail.

At this moment, she was surrounded by people, and didn't seem to be afraid. There was curiosity in her eyes as she was looking at everyone.

"She is the Wang Yue Immortal Beast. It's just that compared to the rumored offspring of the Wang Yue Immortal Beast, she seems to be a little... congenitally deficient. It should have been born by her mother under difficult circumstances, and she seems to be making up for its congenital deficiencies; her mother left the last remaining life essence to her."

A clan Elder shook his head slightly, his eyes were like torches. He had already vaguely guessed what happened to little Wang Yue, and his tone was a little regretful.

Little Wang Yue seemed to understand what everyone said.

At this moment, her eyes also dimmed, her head bowed, and she quietly crouched in the pool of the Taoist platform.

"If there is a congenital deficiency, we should be able to make up for it. Moreover, the inheritance of the Wang Yue Immortal Beast was imprinted in the soul when she was born. Since she has survived until now, it means that she can survive in the end..."

Another clan Elder shared his own views.
