

Villain 381

Chapter 381-1: Attacking is not misunderstanding, Why is he so powerful? (1)

This voice was not too loud, but it was particularly clear in the quiet field at this moment.

Suddenly, like a divine bell, there was an explosion in everyone's mind, causing an uproar.

Everyone's complexion changed, whether it was a young genius, or a powerhouse of the older generation, leader-level figures, all looked in the direction of the voice.

The expressions of the disciples of the True Immortal Academy also changed.

Jun Yao frowned and looked at the origin of the voice, "Didn't you say that Gu Changge wasn't coming here? Why did he suddenly come here?"

The corner of Yue Mingkong's mouth twitched, but she didn't say much.

Jin Chan, Jiang Chuchu, Wang Ziji, Heavenly Phoenix Maiden and others also all looked at him with different expressions in their eyes.

In the sky, a young man appeared, with a blurred face and fluttering robes, he looked otherworldly and unhurried.

An invisible golden avenue stretched under his feet as if there were all kinds of laws and mysteries intertwined.

But the moment before, he was still far away and in the next moment, he appeared in front of everyone as if he appeared out of thin air.

Shrinking the ground below his feet, so close to the horizon.

Such means made the pupils of many big figures constrict, with deep shock and awe filled in their expressions.

The powerhouses of the Dao forces, such as the Ancient Immortal Wang Family, the Emperor Mountain, and the Ancient Ye Clan, frowned deeply and felt an aura that made them unable to understand.

"Greetings, Young Master!"

Seeing the person arriving, everyone from the Ancient Immortal Gu Family immediately greeted him with courtesy.

The stern old man who competed with the strong man of the Supreme God Clan just now also had a smile on his face.

"It's Young Master Gu! He's here too!"

Among the disciples of Heavenly Dao Immortal Palace, Xiao Ruoyin also looked surprised.

Song Qin and the rest of the disciples were even more envious when they saw her demeanor. If they weren't very familiar with Gu Changge, how could they be like this?

"Gu Changge!"

"He's actually here."

Jiang Luoshen looked through the curtain, frowning tightly. Although he was only born not long ago, she had heard this name many times.

Along with all kinds of shocking rumors.

The strongest of the young generation!

The dazzling brilliance was simply unimaginable, overshadowing his peers, like a mountain, making everyone breathless.

In the current Upper Realm, no matter who they were, when they hear this name, their first reaction was reverence or awe, and they dare not show any disrespect.

She also had the idea of deciding to pay a visit to see what Gu Changge was after she settled the matter of the Supreme God Tomb.

But she never thought that she would meet him here in such a way.

For the first time, Jiang Luoshen felt that things were getting tricky.

At this moment, even many Great Sect masters and older generation experts looked at Gu Changge with deep fear.

They found that they could not see through the strength of this junior at all.

According to rumors, he had been able to fight against a Quasi-Supreme powerhouse.

From their point of view, this was entirely the strength that Gu Changge possessed by virtue of the power of the Supreme weapon.

At most, he himself was only a bit stronger than the rest of the Young Supreme.

But now... in their opinion, this gap in strength could be termed at a monstrous level!

Apart from the inheritor of demonic art, there would probably be no younger generation in this huge Upper Realm, who would be his opponents!

"Gu Changge, how could he come to this place..."

Seeing the person coming, Jiang Chen's back froze, and he couldn't help but take a few steps back.

Although he had changed his face now, who knew if Gu Changge would see something?

His fear of Gu Changge had already penetrated deep into his bones and soul.

"Kill him."

Gu Changge's figure appeared beside Gu Xian'er. Seeing her stunned appearance, she wasn't able to react, so he couldn't help but repeat it lightly.

Jiang Ming was on the ground at the moment, and the severe pain made it difficult for him to move.

He thought that after her Imperial sister Jiang Luoshen intervened, he would be saved.

But who would have thought that Gu Changge would suddenly appear, and the first sentence he said was to ask Gu Xian'er to kill him?

His back was instantly covered in a cold sweat, and his face turned pale.

He naturally knew who Gu Changge was, so when he heard this, he was already desperate.

Finally, Gu Xian'er finally reacted to the clear and pleasant smell that she was familiar with.

"I thought you weren't coming."

She raised her face and couldn't help muttering in a low voice.

But the voice was so low that no one could hear it except her and Gu Changge.

"If I didn't come, won't you be wronged again?"

Gu Changge glanced at her and said casually.

When he was outside the tomb of the Supreme God, he sensed what was happening there, so he abandoned his followers and arrived first.

So he knew everything that happened just now, and he naturally knew what Gu Xian'er was struggling with just now.

In his view, this was nothing to worry about.

Kill it.

Hearing this, Gu Xian'er couldn't be happier in her heart, but she still snorted and said stubbornly, "I didn't intend to kill him in the first place."

Gu Changge knew very well her disgusting upright personality.

So he didn't bother to dismantle her at this time.

"That's because you don't like this man, and you want to kill him, right?" However, he still smiled.

Gu Xian'er glared at him, "You are not allowed to laugh at me."

Gu Changge looked at her pretending to be cold and wanted to pinch her nose to see how she was pretending.

But Gu Xian'er seemed to see through his plan at a glance, she ducked back and looked at him with disgust, "Don't try to take advantage of me again."

Everyone looked at the scene in front of them with different emotions and sighed, but it could be seen that Gu Changge was really doting on Gu Xian'er.

Usually, who would dare to speak to Gu Changge like this?

It was only Gu Xian'er, who dared.

Gu Changge also seemed to let her go and didn't care.

This made many beautiful girls envious. Why didn't they have such a big brother?

"Imperial sister, save me. I don't want to die."

At this moment, although Jiang Ming was desperate, he still didn't want to let go of his chance of survival and shouted in the direction of the Supreme God Clan.

Jiang Luoshen and a group of Supreme God Clan's powerhouses couldn't bear it when they heard his cry for help.

They couldn't do anything while seeing Jiang Ming getting killed in front of their own eyes.

"Gu Changge, we are at fault first in this matter. We are willing to apologize and compensate. This is not an irreversible hatred."

"Jiang Ming didn't know the identity of this girl before, otherwise he wouldn't be like this. It's just a misunderstanding."

At this moment, Jiang Luoshen said and lowered her body in a rare way. One must know that before this, she had always been aloof and indifferent overlooking the crowd.

This also showed how much she attached importance to Gu Changge.

Hearing this, Gu Changge glanced at her, and said lightly, "It's okay since it's a misunderstanding, but since you attacked her first it will not end with simply this."

Everyone's expressions changed, and they felt terrifying oppression and deterrent.

Although they didn't get anything in the tomb of the Supreme God, they got to watch a good show.

As rumored.

Even if there were a group of powerhouses of the Supreme God Clan in front of him, Gu Changge was still strong, and he had no intention of taking a half step back.

Many Great Sect leaders had a headache. Fortunately, they didn't offend Gu Changge, otherwise, wouldn't they have to vomit blood when he was aggrieved?

"You..."

The faces of the people of the Supreme God Clan were very ugly. They didn't expect Gu Changge to utter such a thing, and he didn't care about them at all.

Although he had been famous for a long time, he was only a junior after all.

Currently, did he really intend to provoke hatred between the two forces for a trivial matter?

Jiang Luoshen took a deep breath and calmed herself down.

It was also the first time she met someone like Gu Changge who was stronger than her.

"Gu Changge, what do you need to let Jiang Ming go? You can mention any conditions."

Jiang Luoshen's eyes were indifferent.

From her point of view, Gu Changge just wanted to take the opportunity to open his mouth and put forward conditions.

Chapter 381-2: Attacking is not misunderstanding, Why is he so powerful? (2)

"Condition?"

Gu Changge couldn't help but smile, but the look in his eyes was a little playful, "Since Princess Luoshen asked that, well, I still need a maid for me who can make tea and pour water, how about Princess Luoshen? If the Princess is dissatisfied with this status, a concubine is also okay."

"I wonder if you are willing to save your so-called younger brother."

Hearing the last part, everyone couldn't help but surge in an uproar, extremely horrified.

The younger generation, in particular, felt incredible and smiled bitterly in their hearts.

Gu Changge dared to say such words.

Of course, no one thought he was serious, and it was probably purely to humiliate Jiang Luoshen.

The faces of the Supreme God Clan's powerhouses turned pale for a while, and they were extremely angry.

Jiang Luoshen was the face of their family. In the future, she would even take over the Supreme God Clan and become the next Empress of the Supreme God Clan, with a respected status and overlooking the Upper Realm.

But for Gu Changge, was she only worthy of being a maid and concubine?

"Gu Changge, you..."

In Jiang Luoshen's indifferent eyes, the jade hand clenched tightly and the murderous aura was awe-inspiring. The coldness was about to freeze the void.

She never thought that one day, she would be so humiliated in front of everyone.

With her identity, in this huge Upper Realm, who would dare to let her be a maid and concubine?

Wasn't this sincere humiliation?

Buzz!

The curtain that was in front of her cracked directly, unable to bear her current aura.

Suddenly, Jiang Luoshen's peerlessly beautiful face was revealed in front of everyone.

The blond hair was bright, the facial features were exquisite and three-dimensional, and it was as flawless as carved by immortal jade.

However, those eyes were cold to the bone.

He had to admit that this noble and indifferent aura was enough to make all the heaven's favored children gradually become filthy, bowing their heads in front of her, not daring to look directly.

"Can't you do it?" Gu Changge smiled lightly as if there were no surprises or disturbances.

"Gu Changge, are you determined to embarrass me?"

Jiang Luoshen coldly looked at him.

"If you can't do it, don't try to waste my time."

Gu Changge's expression also became indifferent.

When the words fell, his palms crossed down and grabbed towards Jiang Ming.

"Stop right there!"

Jiang Luoshen's face was ugly, and her hands were clenched tightly.

Gu Changge's attitude of contempt and ignorance of them made her feel infinite anger in her heart.

What about Gu Changge's powerful talent, terrifying strength, and tyrannical background?

She was not as good as him, so why did he despise her so much?

However, Gu Changge didn't plan to talk nonsense with her. He directly took a stance, his palms swept across the sky, and rolled down towards Jiang Ming.

It was like killing a small fly!

"Junior Gu, stop it for this old man!"

The strong man at the peak of the Great Sacred Realm of the Supreme God Clan looked equally ugly, and he ignored the strong Gu family powerhouse in front of him. In a flash, his figure turned into a golden light and shadow, and he arrived to rescue Jiang Ming.

Under the watchful eyes of everyone, Jiang Ming was still being attacked to death by Gu Changge.

And they dare not act, how would the rest of the Dao Lineage view the Supreme God Clan?

How could they accept this humiliation?

Not to mention that Gu Changge had humiliated them over and over again.

"You are acting recklessly."

Gu Changge's expression did not change, and he was still indifferent, "Since you are sincere to accompany him, then I will give you a free ride."

When the words fell, he turned his palm, and the terrifying multicolored divine light appeared as if it had turned into a world-annihilating grinding wheel as it made an attempt to kill the powerhouse of the Supreme God Clan.

This palm was extremely powerful, and the power contained in it made the sky tremble, it seemed unbearable, and it was about to collapse.

Everyone was stunned, and many young geniuses turned even paler, their souls trembled, and they felt the insurmountable gap.

The Six Crown King, Jin Chan, Heavenly Phoenix Maiden, and others were also silent and solemn.

Even the leaders of the Great Sects felt a little trembling.

"The old man wants to see how capable the number one in the younger generation can be. You are so arrogant that you don't put everyone in your eyes."

The powerhouse of the Supreme God Clan snorted coldly, infuriated by Gu Changge's indifferent attitude.

He shouted angrily and used his power.

There were dazzling golden glows blooming, and there were hundreds of millions of paths, turning into portals.

The rules were intertwined and turned into chains of Dao, which seemed to suppress people into another world of eternal silence.

Boom!!!

Suddenly, unimaginable fluctuations erupted here, the sky turned upside down, the mountains collapsed, and many patterns were instantly wiped out.

"How can Gu Changge be so powerful..."

Jiang Chen's heart was full of horror and trembling, even if he was hiding behind Monk Pu Du, he still had the feeling that his body was about to explode.

Puff!

In the virtual space, blood splattered everywhere, the powerhouse of the Supreme God Clan was coughing up blood, and his arm almost burst and collapsed.

Gu Changge's palm was blocked by him with this supreme divine power.

But he was still horrified, his five internal organs trembled violently, and he couldn't help but take a lot of steps backward leaving bloody footprints in the virtual space.

This aura was too terrifying as if countless stars exploded, and everyone had a feeling of splitting skin.

Soon, the two fought again, but the powerhouse of the Supreme God Clan was defeated, and they kept coughing up blood, which shocked everyone.

Boom!

The void exploded, and the place became splendid and blurred. Various regular waterfalls swept through, and the mysteries of the universe were being interpreted.

"Is this where your confidence stems from?"

Gu Changge's robe fluttered, and his expression remained unchanged.

In the palm of the hand, there were two colors of black and white, and it seemed that there were six heavens and the aura of Reincarnation.

The six portals stood between the heavens and the earth, a yellow, filthy river that buried countless wronged souls and dead bones, quietly flowing there.

A vision appeared, and everyone's spirits seemed to be coming along.

This was a frightening aura as if dragging him to death.

"Not good. Elder, retreat!"

Jiang Luoshen sensed something was wrong and couldn't help shouting, telling the powerhouse to return.

But it was too late.

The powerhouse of the Supreme God Clan had been injured long ago. At this moment, he was affected by the aura of Reincarnation, and his eyes were a little dazed.

The soul of the whole person seemed to have left the body and was entering the world that belonged to the dead.

Boom!!!

In the next moment, Gu Changge's expression turned indifferent, and when a palm descended, the void suddenly split open, and the terrifying aura was like falling from the sky.

This person's body collapsed in an instant, was torn apart as it turned into a blood mist, and both his body and spirit were destroyed.

Suddenly, countless blood drops were splashed.

This palm was castrated, and Jiang Ming, who was in despair, was instantly photographed into a cloud of blood, following in the footsteps of that powerhouse.

There was a dead silence nearby, and everyone looked at this scene in awe, with a terrifying chill on their backs.

It was so easy to kill a powerhouse at the peak of the Great Sacred Realm.

And it was not an ordinary person, but an existence of the Supreme God Clan, in the same realm, with monstrous combat power.

Didn't that mean that Gu Changge actually had a Quasi-Supreme level of combat power?!

Everyone was horrified, so horrified that their scalp went numb, how old was he?

Without using the Supreme weapon, it was impossible to kill a powerhouse at the peak of the Great Sacred Realm.

But today it really happened in front of everyone.

Gu Changge was not only strong but also powerful enough to make his peers despair.

"How is this possible..."

The people of the Supreme God Clan were also completely dumbfounded, unable to believe all of this.

From beginning to end, Gu Changge understated him and didn't appear to use all his strength. Didn't that mean that his true strength was more terrifying?

Jiang Luoshen clenched her silver teeth, and deep anger and unwillingness emerged in his heart, as well as fear.

She thought that the Supreme God Clan were peerless geniuses that had been rare for thousands of years. She had a strong cultivation base and was the best among her peers. She was destined to be invincible as soon as she was born.

But what she saw today made her invincible Dao heart shake.

Why was Gu Changge so strong?

Chapter 382-1: You can check if I'll kill you or not, Jiang Luoshen retreats (1)

A bloody mist wafted above in the sky, and the broken pieces of the Sacred weapon scattered in all directions, making it seem extremely gorgeous.

The weapon at the peak of the Great Sacred Realm of the Supreme God Clan was also smashed and turned into pieces in this battle.

Gu Changge stood within it, his robes were clean and dustless, his hair was crystal clear, shining like jade, the light in his white palms was still brilliant, and the black and white colors like reincarnation slowly disappeared.

But that palpating, terrifying feeling of terror still lingered in the void, making everyone's scalp tingle.

Everyone was shocked and horrified to see all of this.

In particular, many Great Sect leaders had a storm set off in their hearts, and their scalps were numb.

They thought that Gu Changge's strength was already strong enough to make them pay attention, but they still didn't expect that he was this strong.

In his early twenties, he could easily kill an existence at the peak of the Great Sacred Realm. Didn't this mean he was at the Quasi-Supreme Realm with half his foot?

This was too far-fetched.

In the past, they would never have believed that such a thing could happen, but today it happened before their eyes.

They had to accept this fact.

"The wings are growing..."

At this moment, many experts from the Ancient Immortal Wang Family, the Emperor Mountain, and the Ancient Ye Clan only had this thought in their hearts. They looked at the figure in the fluttering robes in the air, and their eyes looked extremely complicated.

The group of young geniuses behind them also felt a tingle in their heads as they widened their eyes and fell into a deep shock, unable to react for a while.

They were from the same young generation, yet why was the gap between them so big?

Many people had long been out of breath, their invincible Dao heart was trembling, and they had no idea of competing with him.

Gu Changge was like an insurmountable mountain, lying on the heads of many young geniuses, all of them felt a kind of despair and powerlessness from the heart.

"Being in the same era as such a character is sad for the younger generation..."

An older generation sighed and looked around.

Seeing the pale expressions on the faces of many young geniuses, he was not surprised.

Before that, they only knew about Gu Changge's strength through many rumors and deeds.

But what they saw today was really shocking and caused a great uproar.

"Young Master's strength is already so strong, I'm afraid it won't be long before he can catch up with the Patriarch."

"The Patriarch was also an invincible existence that swept his peers back then, but compared to the Young Master, he still looked bleak."

"Young Master is really a monster!"

The strong men and disciples of the Ancient Immortal Gu Family sighed with emotion, and their eyes were filled with reverence.

"This Young Master has reached the point where he can be on an equal footing with me." Many Great Sect leaders looked at each other, the light in their eyes flickered, and their emotions were complicated.

The disciples of the True Immortal Academy, such as the Six Crown King Jun Yao, Heavenly Phoenix Maiden, Jin Chan, were naturally shocked in their hearts.

Gu Changge's strength had long been deeply rooted in the hearts of the people.

Many people were speculating about his strength.

What they saw today had finally made their wish come true!

"He's a monster..."

The Heavenly Phoenix Maiden's red lips parted lightly, and her beautiful eyes were filled with brilliance, "Even as Sequence disciples, there is this much of a gap between us and him."

If it was any other normal day, the Six Crown King Jun Yao would definitely refute her words.

But now he was silent and seemed very speechless.

"Young Master Changge's strength has always been like this..."

Jin Chan's expression was calm, but he also had doubts in his heart at this time, "How did the inheritor of demonic art repeatedly escape from his hands?"

"Could it be that the inheritor of demonic art was also strong to this extent..."

And just when everyone's mood was different, Gu Changge's figure descended from the sky.

He looked at the Supreme God Clan, especially Jiang Luoshen, who looked embarrassed and horrified. The smile on the corner of his mouth seemed very indifferent.

"Princess Luoshen, don't you plan to avenge them? I wonder what this misunderstanding is about?"

Hearing this, Jiang Luoshen clenched her silver teeth, her face turned pale, and her jade hands clenched tightly.

As strong as she was, at this moment, she didn't dare to look directly at Gu Changge's indifferent and deep eyes, so she can't help turning her head to the side, but still said firmly, "Gu Changge, I admit that your strength is very strong, but I am also someone from the Supreme God Clan and I am not so easy to bully."

Though at this moment, her tone was much weaker than before.

Everyone present was naturally human, and they all heard the lack of confidence in her words.

After all, the opponent was a strong man who was about to enter the Quasi-Supreme Realm with half a foot, but he was killed on the spot.

It was impossible to say that it was not shocking.

Unless the Supreme God Clan dared to fight with Gu Changge to the death, but in this situation, they couldn't do it.

There were many Dao lineages in the tomb of the Supreme God, all of which were coveting like tigers, and as the future Empress of the Supreme God Clan, her status was indescribably precious.

At this time, even if she was extremely angry and aggrieved, she had to hold back and endure, not daring to break out.

Jiang Luoshen naturally understood this truth.

Although what happened today was shameful, she had no way to wash away the humiliation and get her face back!

When Gu Changge heard this, he smiled, but his voice was still indifferent, "Really? Princess Luoshen should come up with some skills so that this Gu can see the capabilities of your Supreme God Clan."

Hearing this, everyone's complexion changed again, their expressions were frightened, and they couldn't help but feel a chill on their backs.

Was Gu Changge planning to let Jiang Luoshen fight in person?

Although Jiang Luoshen was the most powerful person of the Supreme God Clan's generation, compared with Gu Changge, she was definitely far worse!

Especially after seeing Gu Changge's strength with their own eyes, no one thought that Jiang Luoshen would be his opponent.

Obviously she would be defeated, and might even be killed directly by Gu Changge!

Thinking of this possibility, many people couldn't help but get chills on their backs.

They did not doubt Gu Changge's methods. After all, since Gu Changge's birth to the present, there were almost countless geniuses and creatures in his hands.

Although he usually looked gentle and elegant, as rich as jade, there was no doubt about the ruthlessness of his methods!

Jiang Luoshen didn't expect Gu Changge to say such a thing. For a while, her face was ugly, and she even felt very humiliated.

She naturally knew Gu Changge's intentions.

If she fought with Gu Changge, then her life was likely to be in danger, and she would not be Gu Changge's opponent at all.

She still had this self-awareness.

But if she displayed the intention of being cowardly and avoiding the battle, she would lose her face in front of all the Taoists and cultivators, and also lose the face of the Supreme God Clan.

"Princess, we have to endure this matter, we can't fight with them..."

"Gu Changge's strength is terrifying, you are not his opponent."

"Don't be impulsive."

Seeing this, an unfathomable blond old woman beside Jiang Luoshen, persuaded closely with a heavy face, fearing that Jiang Luoshen would become impulsive because of young age, and she would ruin a major event.

Jiang Luoshen gritted her silver teeth secretly, and naturally understood this truth.

She quickly took a deep breath and calmed down, a hint of unwillingness flashed in her golden eyes as she stared at Gu Changge and said, "Gu Changge, as the strongest in the younger generation, you know that I'm not your opponent, but you bully people like this. Is this your usual style?"

Hearing this, everyone present was shocked.

Before that, everyone knew how arrogant and indifferent Jiang Luoshen, the Princess of the Supreme God Clan, looked down on everything.

They couldn't believe it was coming out of her mouth.

Among the disciples of the True Immortal Academy, Yue Mingkong narrowed her eyes slightly when she saw this scene.

In her memory, after the tomb of the Supreme God came into existence, Jiang Luoshen sent people here to seek the relics of their ancestors.

But in the tomb hall, she encountered Gu Changge. The Ancestral Godhead she got was taken away by Gu Changge, and she was defeated by Gu Changge, almost on the verge of killing her.

Chapter 382-2: You can check if I'll kill you or not, Jiang Luoshen retreats (2)

Afterwards, she didn't know why, but Jiang Luoshen fell in love with Gu Changge and went to Gu family to see him from time to time in the name of visiting.

For the fact that Gu Changge took away the Ancestral Godhead, and she was almost killed by him, she regarded it as if it had never happened.

However, in the previous life, Gu Changge was very indifferent and bored with her. Many times when Jiang Luoshen went to visit, he would become sullen and would not meet anyone.

However, she was always persistent, and even admired many Gu family members at that time. Yue Mingkong couldn't figure this out at all.

Of course... In the end, Jiang Luoshen's fate was tragic.

It was rumored that on her way back to the clan, she unfortunately encountered an inheritor of demonic art and was killed by him.

In the previous life, Yue Mingkong still felt a little sympathetic to her and felt that she was unlucky. Of course, she was more relieved. She disliked her perseverance and was worried that Gu Changge would be impressed by her.

Now it seemed that Jiang Luoshen also suffered from Gu Changge's poisonous hands in the end.

But now, looking at the scene in the front, one had to say that Yue Mingkong also had an indescribable taste in his heart.

Gu Changge didn't expect Jiang Luoshen to surrender so quickly, but his tone still didn't change much, "Bullying people? How come I didn't hear this from Princess Luoshen before?"

Hearing this, Jiang Luoshen stared at him coldly, "My clan knows it's wrong, but Jiang Ming and the Great Elder just now have already died tragically at your hands, what else do you want to do, Gu Changge?"

"Do you want to kill me together?"

As soon as she said these words, the expressions of many sect leaders of Dao forces also changed slightly, and they looked at Gu Changge.

For what happened today, the Supreme God Clan had already paid its due price.

After all, the cultivators at the peak of the Great Sacred Realm were not the rotten cabbage that could be seen everywhere. No matter what force they were in, they were the mainstay and indispensable existence.

Even the Supreme God Clan would feel distressed, and it was impossible to remain indifferent.

And if Gu Changge continued to hold on to it, the situation would be a bit unreasonable, it would make people feel that he was too domineering and strong.

Even as the Young Master of the Ancient Immortal Gu Family, he couldn't justify it.

There were many powerhouses of Dao forces and great sects present, and they would not sit idly by and let the Ancient Immortal Gu Family dominate.

They had to admit that Jiang Luoshen was very smart, and easily placed herself in a weak position.

In addition, she herself was extremely beautiful, her blonde hair was like a waterfall, her facial features were exquisite and flawless, and her skin was white as snow, which could be broken by blowing bullets, and she had a sculptural three-dimensional feeling, which made many young geniuses admire her.

Hearing her words, Gu Changge smiled nonchalantly, knowing what she meant.

"Princess Luoshen is joking, This Gu just thinks that he is not a ruthless person, nor is he a person who destroys flowers, how could he do such a thing."

"Of course, if Princess Luoshen doesn't believe it, you can give it a try. See if I will kill you or not?"

His smile still seemed light and airy, as if he was talking about a trivial matter like eating and drinking.

But Jiang Luoshen's back couldn't help but feel a chill, feeling that Gu Changge really wanted to kill herself. Give it a try?

Who knew what would happen after she tried?

She was not stupid.

The expressions of everyone present were different at the moment, and their hearts were shaken by Gu Changge's words, and they felt uneasy.

Could it be that he really dared to kill Jiang Luoshen in public?

"Of course I believe it, why wouldn't I believe it. Since Gu Changge said so, then I will naturally believe it."

Jiang Luoshen was not an ordinary person either. Although her heart was cold and uneasy, her expression was still calm and composed. She looked at Gu Changge indifferently, and chose to avoid the battle without hesitation.

Of course, this was also a wise move in the eyes of everyone, and there was nothing wrong with it.

Placing yourself in a weak position first, and then letting people know Gu Changge's vicious intentions of killing her. In this way, she could naturally avoid the battle smoothly, and she didn't have to worry about losing face.

This method had amazed many powerhouses of the older generation. It was worthy of being the Princess of the Supreme God Clan, and it really could not be underestimated.

"Haha, since that's the case, I hope you can let this Gu know your tactics when I meet Princess Luoshen next time."

Hearing this, Gu Changge smiled casually, and didn't seem to continue embarrassing her.

But at this moment, everyone heard the threat in his words. In other words, you can escape the first time, second time, third time but can you escape the fifteenth time?

This made everyone's complexion change slightly, and they felt a terrifying chill.

Gu Changge was still not giving up!

Naturally, Jiang Luoshen also heard Gu Changge's threat, gritted her teeth, and then snorted coldly. Her figure flashed, and she left this place and went to another area near the ancient palace.

Seeing this, the rest of the people of the Supreme God Clan didn't stop, they turned into divine lights and rushed in that direction.

Jiang Chen and Monk Pu Du in the crowd also quickly followed.

Immortals fight, and mortals suffer.

Whether it was Gu Changge or Jiang Luoshen, they were not existences that they could offend.

What they saw today made Jiang Chen tremble in fear. For the first time, he deeply felt the strength of Gu Changge, which made him feel a deep sense of despair and powerlessness.

Even in his eyes, Jiang Luoshen, who was always indifferent and noble, overlooking all living beings, couldn't get any benefit in front of Gu Changge, only to be humiliated.

This explained it all.

After the departure of the Supreme God Clan the other cultivators and powerhouses of the Dao Lineages also dispersed and stopped watching.

Today's big drama shocked and stunned them, and until now, it was still difficult for them to calm down their hearts.

At this moment, Gu Xian'er glanced at Gu Changge, her eyes were clear and cold, and she couldn't help but ask,

"Will this matter have any impact?"

"What effect could it have?"

Gu Changge didn't take it seriously and said, "Could it be that you really think the Supreme God Clan would dare to fight against me?"

Gu Xian'er heard what he said, and knew that Gu Changge didn't take what happened just now seriously at all.

But then again, it was because of her.

Gu Changge did this entirely to stand up for her.

She was thinking about whether she should reluctantly thank him, although she felt that Gu Changge did it for granted, who made him always bully her.

Shouldn't it be right for him to stand up for her?

"Can you cause me less trouble in the future?"

"You always need me to wipe your ass every time."

However, Gu Changge words were filled with a helpless voice, interrupting Gu Xian'er's thinking.

She was a little stunned, but she didn't expect that Gu Changge would blame her, and she replied with a three-point killing intent in her tone,

"Can you blame me for this? I picked up a broken inscription, but the guy came over and said that I stole his stuff and asked me to hand it over. If I didn't, he would kill me."

"Could it be that I have to give this to him?"

Speaking of which, she couldn't help but feel a little aggrieved.

Didn't you just pick up a broken inscription? It still fell at his feet.

Could this get in trouble too?

"Is that so?" Gu Changge raised his eyebrows, as if in disbelief.

"I feel like you are fooling my IQ. How could a broken inscription lead to so many things."

Gu Xian'er looked at him with some dissatisfaction, "Why would I lie to you? You think everyone is like you, and can't hear a single word of truth."

"Really?" Gu Changge still didn't believe it, "It's just a broken inscription, is there anything extraordinary?"

Hearing this, Gu Xian'er took out the broken lavender inscription from the Storage Ring. There was a faint luster on it, and there were several indistinguishable divine inscriptions.

It was quaint and had some weird patterns carved.

"Hmm, this is the inscription," she said.

Gu Changge took it from her, glanced at it casually, and nodded, "Hmm, it is indeed a bit extraordinary, no wonder it caused a tragedy."

After that, this inscription disappeared from his hands out of thin air.

Looking at this scene, Gu Xian'er's big eyes showed a hint of confusion, she was stunned, and then looked at him, only then did she realize what happened.

Gu Changge actually stole her good things like this!

Chapter 383: There is no sense of achievement, Wang Ziji's speculation

"Gu Changge, you..."

"Give my inscription tablet back, I was the one who picked it up."

Gu Xian'er couldn't help grinding her teeth. She simply hated Gu Changge.

"Who said it was yours when you picked it up? Now it's in my hands, so it's mine. Do you still want to grab it?"

"You can try it."

Gu Changge shook his head slightly, with a natural look, not paying any attention to the way she wanted to bite him.

"You're too much to be so mean and steal my stuff. You big bastard."

Gu Xian'er was about to explode with anger at him, and her delicate body was trembling.

Unfortunately, the bamboo board-like penniless figure didn't show any changes.

She had no idea that she would be fooled by Gu Changge.

He said this just now, only because he wanted her to take out this inscription.

It was a pity that she was so stupid and believed his nonsense.

"You are too stupid, can you blame me?" Gu Changge sighed slightly and shook his head.

"Gu Changge, please return my things to me, or I will really be angry, the kind that can't be coaxed."

Gu Xian'er glared at him angrily, gnashing her teeth, looking like she was so angry.

As a treasure junkie, how could she allow the good things in her hands to be snatched away in front of her?

It was a shame for her.

Gu Changge chuckled, "You think so beautifully, and you still want me to coax you?"

"Wooooooo... Gu Changge, you are bullying me again, why do you hate me so much..." Gu Xian'er suddenly burst into tears when she saw that he wouldn't give in.

However, Gu Changge reached out and pinched her nose, shaking her head slightly, "You pretend to be crying and pretend to be like me. I won't have any sense of accomplishment when you cry like this."

Of course, it was impossible for him to return this inscription.

There was a trace of the origin of the Supreme God Clan in it, except for refining tools, it had no effect on Gu Xian'er.

On the contrary, Gu Changge could devour and refine it for his own use.

"I'll give you a Great Sacred Realm weapon as compensation, it's okay if you don't want it." Then, Gu Changge said again.

"No, at least five, or I'll ignore you in the future."

Gu Xian'er sniffed.

"Two at most. If you don't want it, you'll have nothing." Gu Changge shook his head.

"Two pieces? Are you sending beggars?" Gu Xian'er was dissatisfied.

"Okay, then there's nothing left now." Gu Changge smiled.

"That's fine since you want to give it, then two are also fine."

Hearing what he said, Gu Xian'er was afraid that she would regret it, so she hurriedly agreed.

However, on the surface, she still looked reluctant as if she had suffered a big loss.

She could also see that no matter how extraordinary the inscription was, it couldn't compare to a Great Sacred weapon.

After all, the weapons of the Great Sacred Realm were very precious and extremely difficult to refine for many ancient Dao Lineages.

At most, the inscription contained some special substances.

No matter how you look at it, it looked like Gu Changge had suffered.

Of course, since Gu Changge promised to give Gu Xian'er two Great Sacred weapons in exchange, he naturally wouldn't lie to her.

In front of her eager eyes, she randomly picked two weapons of the Great Sacred Realm for her, and it was only after this that her wrinkled little face finally showed a little smile.

"You sure have a conscience."

She hummed, in a good mood.

Her expression had returned to the cold aloofness that was before, and the fluttering appearance of immortal energy that didn't care about everything in the world.

Perhaps she was used to being poor since she was a child, and she always had a natural attachment to all kinds of divine weapons and treasures.

In the face of these things, Gu Changge couldn't help but reveal herself as a treasure junkie.

Afterward, Gu Changge took her to meet Yue Mingkong from the True Immortal Academy. As for the Ancient Immortal Gu Family, they all followed behind him.

Since Gu Changge appeared here, it was natural for the team to be led by him.

All the disciples and Elders of the True Immortal Academy looked at Gu Changge a little unnaturally.

Although they were very afraid of him before, it was no longer to the same extent.

Jun Yao, Heavenly Phoenix Maiden, and others all subconsciously avoided Gu Changge's gaze and did not look at him.

"Brother Gu was really majestic just now, but it's a pity that I didn't see you suppressing Jiang Luoshen and robbing the Princess. It's a pity."

Wang Ziji said with a smile.

She was wearing a long aqua-blue dress with a beautiful face, and when she spoke, her beautiful eyes could not help but bend into a crescent shape, looking extremely charming.

It had to be said that in terms of appearance, she was almost beautiful, which was comparable to Yue Mingkong's perfection.

The difference was the temperament between the duo.

She was like an orchid in the empty valley with clear fog in the forest that had a quiet and moving temperament, but her words contained incredible boldness, like a witch.

"It was just a joke just now, which made Miss Ziji laugh."

Gu Changge seemed to be used to her joking words and didn't care. After a slight smile, he glanced at Jiang Chuchu.

Seeing her calm expression, he didn't take the initiative to greet her.

For him, this kind of face skill was actually optional nowadays.

It was just that the setting in front of people couldn't be collapsed.

Wang Ziji's smile continued, and she took a deep look at Gu Changge but didn't say much.

Although Gu Changge still had the identity of the reincarnation of the Human Ancestor.

But in her opinion, it was just some kind of agreement between Gu Changge and Jiang Chuchu.

Of course, in the eyes of the rest of the Dao Lineages, this was a transaction between Gu Changge and the Human Ancestor Hall. The identity of the reincarnation of the Human Ancestor was only used by the Human Ancestor Hall to stabilize people's hearts.

How could Gu Changge suddenly become the reincarnation of the Human Ancestor? Not many people would believe it.

This was a tacit secret that stood among the top Taoists in the Upper Realm.

However, after witnessing Gu Changge's strength today, Wang Ziji suddenly felt that the guess that she casually said before might be true.

From what she knew about Gu Changge, she naturally knew that he and the so-called Human Ancestor were not related at all.

So... why did Gu Changge possess the Human Ancestor's Green Lotus body?

This was very intriguing.

Of course, this was just Wang Ziji's speculation, she herself had no feelings for the Human Ancestor and even had a slight disgust.

What she was now curious about was how Gu Changge had this identity?

"Did you find something?"

And just when all kinds of thoughts flashed in Wang Ziji's mind, Gu Changge walked to Yue Mingkong and asked with a smile.

"There might be something hidden under that palace."

Yue Mingkong nodded slightly, pointing to the crack not far away that was emitting a thin glow.

From this angle, it could be clearly seen that there was a splendid brilliance emerging, an ancient place like a colorful immortal jade was floating up and down there.

Just now, a lot of powerhouses felt the change and broke in, but no news had been reported so far.

At this moment, the eyes of many Great Sect masters were also staring at them for a moment.

A little further away, the people of the Supreme God Clan also stared at it carefully with some worry and tension.

As for the Emperor Mountain, the Ancient Ye Clan and other forces, they also dispatched powerhouses to wait nearby, and various divine lights were intertwined and shining in the sky.

Ancient and white jade chariots were parked all over the place, and there were many vague figures standing on them.

From farther away, there were cultivators and creatures approaching here.

The tomb of the Supreme God was really too big and now they were only in an outer area of the depths. But because of the changes in this place, everyone was attracted here.

"The real tomb and the fake tomb are mixed together. A little carelessness might bring the end of the person."

A strange color flashed in Gu Changge's eyes, and he noticed Jiang Chen's movement on the side of the Supreme God Clan.

Jiang Chen and a mysterious cultivator mixed into the team of the Supreme God Clan, this was reported to him by the demonic puppet.

So Gu Changge didn't care.

What he wanted to know now was that the Supreme God Clan took so much trouble to come here, was it really just for the Ancestor's relic?

Or was there some secret hidden here, of course, what he cared about was his divine orb.

That was something comparable to the Supreme Dao Fruit.

Now if he wanted to break through, it was difficult to find a target to start with. If he could get his hands on that divine orb, there might be a surprise.

"Master Gu."

At this moment, a voice with a strong surprise entered Gu Changge's ears.

He looked over, only to find that when he was not paying attention, the Elders and disciples of the Heavenly Dao Immortal Palace had come over.

It was Xiao Ruoyin who was speaking at this moment.

She hadn't seen him for a while.

At this moment, her pure white dress fluttered gently in the wind, and there was a dusty aura. Perhaps due to her cultivation, her skin now shimmered with a lustrous shine, snow-white and delicate, like a creamy jade.

The whole person exuded amazing beauty.

"Greetings, Young Master Changge."

The Elders and disciples of the Heavenly Dao Immortal Palace greeted him with respect and saluted Gu Changge. After all, Gu Changge had another identity.

The heir of the Heavenly Dao Immortal Palace!

"Miss Xiao, why are you here?"

Gu Changge showed a slightly surprised look as if he just noticed her.

The disciples of the True Immortal Academy were also silently looking at the woman in the white dress, and many male disciples couldn't help but be amazed.

They were astonished by her beauty.

Jiang Chuchu frowned slightly, and then calmly returned to her original expression.

Wang Ziji looked at it with interest, especially the other party, she felt a completely different feeling from the rest.

The woman in the white dress had a different attitude towards Gu Changge than other cultivators and did not have the kind of awe rooted in her bones.

However, she could still feel her nervousness, which was not as natural as it seemed on the surface.

"She's quite scheming."

She smiled inwardly, feeling that things became interesting.

Playing tricks, tsk.

"Gu Changge, who is she?"

Gu Xian'er's cold voice sounded very direct.

But after asking, she felt that the atmosphere was a bit off, and subconsciously looked at Yue Mingkong, "I'm asking this for Sister Mingkong."

Yue Mingkong smiled faintly, took her small hand, and said, "This should be Xiao Ruyin, Miss Xiao was saved from outside the Ancient Immortal Forbidden area, as Changge said before."

Chapter 384: Xiao Ruoyin's small calculation and scheming, Trying to fit into this circle

"Changge mentioned it to me before."

Hearing this, Six Crown King Jun Yao and others were a little stunned.

The people who were rescued from outside the Ancient Immortal Forbidden area?

As far as they know, the Ancient Immortal Continent had only been opened to the outside world in recent years, but the Ancient Immortal Forbidden area had existed since ancient times.

Some said that there was a sleeping Immortal there, and some said that it was hiding the secret of the collapse of the ancient times.

The rumors were not the same.

This white dress woman actually came from that place.

They subconsciously thought she was a visitor to the forbidden area.

However, Yue Mingkong's remarks also made many people stunned. As Gu Changge's fiancée, her introduction seemed simple and natural, but in fact, she was telling everyone.

She and Gu Changge had a very close relationship.

Gu Changge never concealed these things from her.

Normally, Yue Mingkong would never bother to intervene in this kind of thing, let alone explain it to everyone like this.

But today she faintly felt that the atmosphere was not right.

Whether it was Wang Ziji or Jiang Chuchu, they all seemed to have an inextricable relationship with Gu Changge.

Even Jiang Luoshen, the Princess of the Supreme God Clan who left with her before, had a great connection with Gu Changge in her previous life.

Now another tool, Xiao Ruoyin, had emerged.

This made her feel a little headache. In this life, Gu Changge was surrounded by too many beauties.

So she did this, which was equivalent to expressing her status.

She was Gu Changge's legitimate fiancée and his future wife.

With Yue Mingkong's introduction, everyone knew Xiao Ruoyin's identity. Although they were slightly surprised, they didn't ask much.

Gu Changge casually asked about Xiao Ruoyin's recent cultivation to show his concern.

Xiao Ruoyin also answered truthfully, saying that she had been cultivating hard and would not let him down.

"That's good, I really hope that the day when you succeed in your cultivation will come soon."

Gu Changge smiled.

While talking to Gu Changge, Xiao Ruoyin was also trying to carefully fit into this circle.

She knew that the group of young men and women in front of her had extraordinary identities, and the background behind them was terrifying enough to overlook the countless Dao forces in the Upper Realm.

And Gu Changge was obviously the central figure in this circle.

So when she came to greet Gu Changge, she also wanted to get familiar with this group of young men and women.

Xiao Ruoyin was not stupid, she had her own selfishness and small calculations.

In the previous world, she didn't have to think about these things at all, and she was surrounded by people who flattered her.

But now it was completely different. She was a weak and powerless woman, and her only reliance was her little relationship with Gu Changge.

She knew Gu Changge, but who could say that she was very familiar with Gu Changge?

That was simply not possible.

Although she wanted to get closer to Gu Changge, this was only her thought.

Her only capital was her clean body and beauty of more than 20 years old.

But these were not worth mentioning at all in front of Gu Changge.

In the distance, Jiang Chen looked at Xiao Ruoyin who was trying to fit into the circle of those young geniuses. He couldn't help clenching his fists tightly.

That was the high-cold goddess he had always admired before.

Now she was so humble and cautious, trying to please his biggest enemy who made him extremely hateful.

And Xiao Ruoyin still didn't know the real face and sinister intentions of the other party.

"Master Jiang, why are you looking there all the time..."

Beside him, Monk Pu Du noticed this and couldn't help asking with interest.

Hearing this, Jiang Chen froze in his heart, and hurriedly retracted his gaze.

He pretended to be relaxed and explained, "In today's younger generation, how many people can be like Gu Changge, surrounded by beautiful women, it's really enviable."

He dared not let Monk Pu Du know that he had a grudge against Gu Changge.

He still clearly remembered the loss he suffered from the Ji siblings last time.

Hearing this, Monk Pu Du smiled and said, "Void is color, color is void, they look beautiful, but they are all a pile of dry bones, so why are you envious of this, Master Jiang should be a little more careful."

Above the golden clouds, the indifferent Jiang Luoshen frowned when she heard the conversation between the two people below, and her eyes couldn't help but look in the direction of Gu Changge.

"Gu Changge, I will never forget this hatred."

She gritted her silver teeth, unable to forget Gu Changge's threatening words just now.

That icy murderous aura and chill still lingered even now.

It was the first time she had been threatened like this since she was a child, and it was even the first time she felt the emotion called fear.

This feeling made her shudder and unforgettable.

For her, it was also a sign of shame.

"Jiang Chen, if you can't find the Ancestor's relic this time, just wait for your death."

Afterward, Jiang Luoshen glanced at Jiang Chen below indifferently and gave him the final sentence that would decide his life and death.

If it weren't for him, how could she have a conflict with Gu Changge, and even involve Jiang Ming and an Elder at the peak of the Great Sacred Realm?

If it wasn't for Jiang Chen's role, she would have shot Jiang Chen to death to vent her hatred.

Hearing this, Jiang Chen scolded inwardly, when she was in front of Gu Changge just now, why didn't she act so strong?

However, he still did not dare to show any disrespect on the surface, and hurriedly agreed, "Princess Luoshen, please rest assured, this time I am very sure."

Boom!!

Suddenly, a huge momentum suddenly emerged from the crack where many powerhouses rushed to go.

The incomparably splendid palace trembled, and a rich blood color spewed out of it.

For a time, all the cultivators and creatures noticed it and were shocked.

In the next moment, several screams sounded, and an old man in a purple robe flew out of it covered in blood, but his injuries were extremely serious.

When he was still in the air, he seemed to be hit by a terrifying force and exploded directly, destroying his body and spirit on the spot.

This scene shocked everyone, and many people even stood on the spot and dared not move.

Many of the powerhouses who entered it just now did not survive.

"This place contains great dangers, and the younger generation should not enter easily."

Many experts from True Immortal Academy, Heavenly Immortal Palace, and Ancient Immortal Gu Family all stared at them with dread.

"Princess Luoshen, the entrance is under the palace, they just found the wrong place."

After Jiang Chen was shocked, he communicated with the Immortal Boat Spirit in his mind and then informed Jiang Luoshen through voice transmission.

Jiang Luoshen frowned and glanced at him and Monk Pu Du, "You two enter first."

Hearing this, Monk Pu Du's expression changed, and he was about to refuse, but he saw Jiang Chen agree with awe.

"Forget it, the little monk will believe you this time."

Monk Pu Du sighed helplessly, and then he and Jiang Chen turned into divine light and went directly toward the crack just now.

Seeing this, Jiang Luoshen's expression changed slightly, and she no longer hesitated and ordered everyone to follow.

"Are they going to die?"

A young disciple of True Immortal Academy frowned, very puzzled.

Yue Mingkong looked at Gu Changge and said softly, "Are we going in?"

Gu Changge held her dress, feeling this delicate and slender, flawless like suet jade, he said casually, "There's no hurry. Wait a moment."

Chapter 385-1: The Son of Luck is only worthy of being a treasure hunter, I will go wherever Brother Gu goes (1)

Above the cracks, the divine light was thin and the rays of light were shrouded.

A colorful palace was floating like an immortal jade, shining with splendid brilliance.

Jiang Luoshen, Jiang Chen, Monk Pu Du, and the others did not hesitate in the slightest and rushed directly into the crack.

As for the floating palace, they didn't care at all, and didn't even look in that direction.

After suffering a big loss, they realized that the so-called ancient palace was actually just a fake tomb. If they entered they would be in danger and cause everyone to die.

The real tomb was still deep underground.

Jiang Chen had communicated with the Immortal Boat of Good Fortune, and he understood that the topography of this place and the directions of many formations were all for the sake of spreading suspicion.

The real tombs of the Ancestors of the Supreme God were not those palaces visible from outside.

Moreover, he also had his calculations in his heart.

If he could find the real tomb, he could also gain the favor of Jiang Luoshen and live on.

If he couldn't find it, he could use the power of the Immortal Boat Spirit to leave the secret passage here.

That was why he was so determined that he rushed into it almost without hesitation.

"I hope you don't cheat me this time, or our lives will be lost here."

Jiang Chen explained to the Good Fortune Immortal Boat Spirit in his mind, "The best thing to do next is to find the tomb of Jiang Luoshen's Ancestors, otherwise you have to find that secret passage too."

"Don't worry, I sensed it just now. There are many hidden passages here, all of which can lead to the main tomb, and the rest of the secret passages can be used to quietly leave this place..."

"No matter what, we have a way out. How could I cheat on you?"

The Immortal Boat of Good Fortune swore and promised.

Jiang Chen breathed a sigh of relief and was looking for a way ahead with Monk Pu Du.

"I hope you didn't lie to me, or you will never leave this place alive."

Jiang Luoshen walked behind him with a group of powerhouses as she uttered indifferently.

On the corridors on both sides, there were many ancient statues, which looked strange and simple.

As they stepped into this place, a light flashed faintly in their empty eyes, as if they were about to come alive.

It was just that Jiang Luoshen had long expected that and the golden token appeared in her jade hand, and the pale golden lines flashed across the void.

Then the place returned to dead silence.

Those statues were made by the Supreme God with a secret method. They were responsible for guarding the tomb and were extremely powerful.

So at this time, she somewhat believed in Jiang Chen.

"This place extends to all directions, and even if the people follow us from behind, there is absolutely no way to find the correct route."

"On this point, Princess Luoshen can be rest assured."

Jiang Chen said confidently. Currently, he seemed unusually calm and indifferent to the situation.

Monk Pu Du almost laughed when he heard the words, "The little monk knew that Master Jiang was extraordinary, and I didn't see the wrong person."

Jiang Luoshen nodded when she heard the words, but didn't say anything more. She now desperately hoped to find the relics of her Ancestors, and then leave this place.

The sense of oppression and fear that Gu Changge brought to her from the outside world was too deep. She was very disturbed.

Soon, with Jiang Chen leading the way, they quickly passed through many areas with forbidden formations, and a large area of ??collapsed ruins appeared in front of them.

Although there were many obstacles on the road, Jiang Chen seemed to have been here before, and walked away in a leisurely manner, extremely confident, not worried about entering the wrong place at all.

This scene made everyone from the Supreme God Clan tremble slightly, and Jiang Chen, whose cultivation was not high, became unfathomable in their eyes.

Outside, above the sky, many gazes were cast away one after another, all of them belonging to the powerful people from various ethnic groups and high-ranking sect leaders, with monstrous strength.

"As this happened, since the Supreme God Clan still intends to enter, it seems that they should have no fear."

A Gu family powerhouse looked at it, the rune flashed in his eyes as he carefully looked at the movements there, and couldn't help but say.

"Young Master, are we waiting outside now?"

The rest of the Gu family members were also asking.

"There's no hurry."

"Since the Supreme God Clan dares to enter, there must be some means, let them help us find the way first."

Gu Changge said casually.

Of course, he knew that Jiang Chen was the greatest grasp of the Supreme God Clan.

Without Jiang Chen, the Supreme God Clan probably wouldn't dare to rush in at this time.

A Son of Luck like Jiang Chen was only worthy of being a treasure hunter.

"Brother Gu is so sure that the Supreme God Clan can find the treasure?"

Wang Ziji asked with great interest. In her mind she was thinking that Gu Changge might know something, otherwise he wouldn't be so calm and in no hurry.

After all, if you entered a little slower, wouldn't that mean that all the relics would be taken away by the Supreme God Clan?

Gu Changge wasn't like the kind of person who would let good things slip out of his hands.

"I am not sure, but if you enter at this time, you might be caught in the trap of the Supreme God Clan. Who knows if they set some traps in it, and are just waiting for us to enter?"

Gu Changge smiled casually and explained.

His words made many people shudder, thinking that this was very possible.

Wang Ziji didn't believe his nonsense.

Although she wasn't interested in the tomb of the Supreme God, if Gu Changge wanted to go in, she would like to follow.

Seeing everyone from the Supreme God Clan rushing towards the crack, the expressions of everyone present were a little different.

In the eyes of many Great Sect masters, the divine light flickered as the runes evolved, and various divine powers were interpreting the changes in them.

To be honest, the sudden change just now had shocked everyone.

All the powerhouses who rushed to it before had no bones left, and they didn't even know what they encountered in it.

The scream just now was still vivid in their mind, making many people palpitate.

They didn't dare to approach, and could only watch the crowd from the Supreme God Clan rushing away, their eyes flickering.

"The Supreme God Clan holds a token, which can activate the pattern and terrain changes here, so they have no fear..."

"If we get in early, our life may be in danger. It's better to be cautious. Let's see what's going on with the Supreme God Clan first."

An old man spoke. He stooped and held a purple-gold compass.

It was he who asserted before that this place was dangerous, and when there was no change there, he went in as soon as possible and was able to save his life.

Now that he said that, many people were shocked and thought it was very possible.

After all, this place was the tomb of the Supreme God. Who knew what information they had? If they accidentally went in and encountered them, they would have nowhere to cry.

Thinking of this, many people retreated and dared not go in again.

Many young geniuses from the True Immortal Academy looked at the crack with different expressions.

Although several Elders had spoken, letting them stay where they were, and avoid danger.

But among the younger generation, the one thing they lacked was fear, and the intention to fight was on the edge.

Now that they had witnessed Gu Changge's strength with their own eyes, they would naturally feel unwilling in their hearts.

If there was an unparalleled opportunity in this tomb, it was also an opportunity for them to catch up with Gu Changge.

This was the same for the Six Crown King Jun Yao.

At this moment, there were divine lines within his eyes, and then he took out a broken talisman from his sleeve, and his figure flew towards it.

"Oh... this guy, why doesn't he listen..."

Several Elders shook their heads slightly but did not stop him.

Being a Sequence Disciple had a lot to do in itself, and they didn't need to do exactly what they were told.

If the Six Crown King perished in it, it was none of their business.

After all, everyone present was watching, they had persuaded the Six Crown King, but he himself did not listen to them.

And Six Crown King turned into a divine light and rushed into the crack, causing many people to be shocked.

"The man just now was the Six Crown King of the True Immortal Academy. It is said that he became a champion six times and is peerless. He once pushed the world horizontally...."

"I didn't expect that he would dare to go in at this time."

Many young geniuses were talking about it, shaking their hearts, staring at the splendid underground palace that was still floating up and down.

"It seems that many people are afraid to enter..."

"Even many Great Sect leaders are watching."

Heavenly Phoenix Maiden and the others looked slightly moved, and they were also thinking about whether they should go to the depths with the Six Crown King.

But as soon as this thought arose, it went out.

Because in the next moment from the cracks in the ground, there was a huge momentum again, as if there was terrifying energy about to rush out.

Immediately after everyone was shocked to the extreme, the splendid palace exploded.

The terrifying blood light instantly appeared like a cloud, shrouding the sky, covering everything.

A strange-looking creature rushed out of it with an unimaginable might.

The slaughter intent emerging was monstrous, the aura was terrifying, and it seemed that it had experienced countless battles on the battlefield.

The terrifying bloody aura shrouded the sky, causing many people's complexions to change dramatically. It was as if the seal had been broken through, releasing a ferocious and terrifying beast of slaughter.

"I didn't expect such a change, and now things have become interesting..."

Chapter 385-2: The Son of Luck is only worthy of being a treasure hunter, I will go wherever Brother Gu goes (2)

Gu Change raised his eyebrows, but his expression remained unchanged.

He was planning to find an opportunity to make the water muddy, as he could fish in the so-called muddy water.

Because what he wanted was not only the divine bead left by the Ancestor of the Supreme God but also the origin of many Great Sect leaders here.

On the bright side, he was not very good at doing things.

Only when he entered the ground for a while would he have the opportunity to do it. No matter what happened, he could easily throw the blame on the Supreme God Clan.

The sudden chaos in this place now provided him with a good opportunity.

"This tomb was obviously left to the descendants by the Ancestor of the Supreme God Clan. These are all tomb-suppressing beasts. As long as they are creatures without the blood of the Supreme God Clan, they will be regarded as enemies and will be killed."

Seeing this shocking and terrifying scene, a Great Sect leader suddenly reacted, his face changed drastically as he explained.

Immediately after that, the sleeves were rolled up and many younger generations returned to the chariots behind them for protection.

The weakest of these tomb-suppressing beasts were also in the False God Realm, and the strongest had even reached the level of a Great Sect leader.

The monstrous slaughter intent combined with the bloody aura shook the sky, leaving tremors in all directions.

Everyone couldn't help but look up in awe, they were terrified because of this as they couldn't help but retreat to the back.

Some people didn't have time to retreat, they were chased by this group of creatures, and they were torn to pieces in an instant amidst the screams. Their bodies and spirits were both destroyed.

Suddenly, this place turned into a killing field, blood filled the air, and mourning sounded everywhere.

"Run away, you can't stay here for long."

"These beasts are powerful, and we are not their opponents."

Many young geniuses turned pale and witnessed with their own eyes that an older generation powerhouse in the Sacred Realm was slapped to death by a tomb-suppressing beast, and collapsed and exploded in virtual space.

This scene made them tremble with fear, and their souls seemed to be frozen.

They were still planning to watch the fun just now, but they never expected that things would suddenly usher in such a huge reversal.

For a time, countless divine lights broke through the sky.

Everyone started to escape, and they no longer dared to be as casual as before, thinking that there were opportunities everywhere.

A lot of young geniuses who were a little slower, with expressions of fear and despair, were overtaken by the tomb-suppressing beast and were directly swallowed by them. The blood filled the air and the scene was terrifying.

Many people even wished they had more legs and fled one after another.

Except for the many Supreme sects and immortal Dao lineages, the rest of the people did not dare to stay, and they were terrified.

"I wonder if the Supreme God Clan knew all of this? It's abominable, knowing that there are tomb-suppressing beasts, they still didn't inform others."

An old man was furious and his face was gloomy. He witnessed his disciple and grandson being killed by the tomb-suppressing beast, and he didn't have time to rescue him.

Soon, chaos broke out in this place, and many people had the intention of retreating, leaving with their disciples and fleeing to the tomb.

The Elders of the Heavenly Dao Immortal Palace were also protecting Xiao Ruoyin and the others behind them. If they were to leave in the distance, they wouldn't get to see the excitement.

"Young Master, should we continue to wait, or leave?"

A powerhouse of the Gu family asked, and he was also worried that the young clan members behind him would fall here.

Who knew what dangers were hidden in the ground?

"You take the rest of the people and leave first."

"Don't get involved in this."

Gu Changge said casually when he heard the words.

At the same time, he glanced at the many Gu family members behind him, most of whom were from the younger generation.

Although there were many direct disciples, most of them were collateral disciples, all of them were unfamiliar faces, and they normally couldn't get in touch with him.

"Yes, Young Master."

With Gu Changge's instructions, many Gu family members also began to evacuate.

Since such chaos had occurred, the first thing they had to do was to save lives.

No matter how important this opportunity was, how could it be more important than life?

Wang Ziji, Heavenly Phoenix Maiden, and others were also instructing the families and forces behind them to take the rest of the clan to leave this place and try not to get involved.

And soon, many young geniuses from this place withdrew, leaving only a few of the strongest people who were now recognized by the younger generation.

Jin Chan, Heavenly Phoenix Maiden, and others did not leave.

In addition, many Great Sect leaders were also watching, with their strength, there was naturally no need to be afraid of this group of tomb-suppressing beasts.

"It seems that the real tomb is still underground..."

An old man opened his mouth, his eyes opened and closed with golden rays of light, and then he shook the many tomb-suppressing beasts in front of him and rushed forward first.

The rest of the Great Sect masters were shrouded in divine light, and as their footsteps moved, the tomb-suppressing beasts that attacked them flew out.

"It looks like Jiang Chen will find it soon..."

Gu Changge squinted his eyes, seeing that it was almost time, he also started to stand up.

It was just that all the disciples of the True Immortal Academy followed behind him, apparently, he was their leader.

He didn't say much, anyway, after they reached the underground passage, they would be separated.

Heavenly Phoenix Maiden and others were naturally not stupid, they understood that Gu Changge's strength was very strong, and it was impossible to know what kind of danger was hidden under the ground.

With Gu Changge by their side, it would definitely be much safer.

And soon, everyone went through the crack that was several meters long and directly arrived at the underground.

As previously guessed, this place was obviously a ruin, and it was necessary to travel all the way down.

It didn't take long to see an ancient city buried deep in the ground.

There were obviously many powerful formations here before, but now they had been abolished and broken.

Gu Changge could see that Jiang Chen was the one to have done this.

Looking around, there were ruins in front of him.

The atmosphere was ancient and filled with vicissitudes, and there were many broken walls and ruins that seemed to be buried for a long time.

A group of Great Sect masters displayed all kinds of powerful means, the brilliance shone in all directions as they flew in the front, and went to the depths of the ancient city.

"It seems that this place is the tomb left by the Ancestor of the Supreme God. The path is developed in all directions. I wonder where the main tomb is located..."

A young disciple looked at the many paths in front of him in shock, and he didn't know where to go for a while.

"This place is full of crises. Although it is indeed safe for everyone to walk together, we don't know where to go. In the end, it may be a waste of time and nothing will be found."

"It's also a waste of time."

Gu Changge slightly shook his head and seemed to have a headache because of the paths on the road.

Many Great Sect leaders in the front were using their own means to explore the danger of each road.

After arriving here, even if it was a Supreme existence, one had to be cautious.

Not to mention them.

"In this case, we can only proceed separately. There are many roads here, and if we all take one, the chances are really slim."

"Whether you can get the opportunity at that time will depend on your own means."

Hearing this, Yue Mingkong glanced at him, and instantly understood what Gu Changge meant, and couldn't help but nod and say lightly.

Even after she said that the other disciples looked a little unnatural.

If Yue Mingkong hadn't said that, they would naturally be shameless and follow Gu Changge, no matter what the chance was.

But if she insisted on separating now, they wouldn't dare to say anything more.

Wang Ziji knew Yue Mingkong's plan, and glanced at her with a smile, without breaking it.

"It's fine to separate."

Gu Xian'er's voice was cold, and she always liked to be alone. After arriving here, she wanted to go alone.

If it wasn't for Gu Changge's insistence on keeping her by her side, she would have rushed in long ago.

After that, her figure moved and walked straight towards a forked path ahead, and soon disappeared.

Gu Changge glanced at her, with a faint smile on the corner of his mouth, but didn't say much.

Seeing this scene, Heavenly Phoenix Maiden, Jin Chan, and others sighed in their hearts.

"There are only so many roads left, so I'll follow Brother Gu."

"I'll go wherever Brother Gu goes."

Wang Ziji smiled and said authentically, without any self-consciousness.

Yue Mingkong took a deep look at her, and during the previous trial, she knew that Wang Ziji's character was like this.

Afterward, she took another road and had no plans to proceed with Gu Changge.

For Gu Changge, the divine orb of the Ancestor of the Supreme God Clan was more important.

And for her, the opportunity on another road was more suitable.

"I'm headed this way."

Jiang Chuchu also glanced at Wang Ziji, a little annoyed at her boldness, but she really couldn't hold back and felt a little sullen.

"Where is Brother Gu headed? I plan to follow you."

Soon, only Gu Changge and Wang Ziji were left there.

However, she looked as if it was not too big of a deal to join in the fun, and said with a smile, her eyes were clear and moving, just like the morning fog in the forest.

Gu Changge knew what was on her mind.

As a transmigrator, Wang Ziji's thoughts were very different from the rest.

Others came here to find opportunities, and she was obviously here to join in the fun.

"Then I'll go this way."

Gu Changge sensed Jiang Chen's location, and then took one of the paths to walk, but he seemed calm.

Wang Ziji noticed his expression and couldn't help but purse her lips and smile, "Brother Gu, we are so familiar with each other."

"Can I ask you a question?"

Chapter 386: Doesn't that double the joy? How did he do it?

Wang Ziji's facial features were exquisite and flawless. The bridge of her nose was small, her eyebrows were like emeralds, her lips were a little red, her black hair was like a waterfall, the light could be seen from her hair, and her skin was white as snow and delicate as jade.

If it was said that she was born from the spiritual energy of Heavenly Spring, no one would doubt it at all.

When her big eyes blinked, it gave people a kind of smart and cunning meaning.

At this moment, she followed behind Gu Changge, carrying her hands behind her back, looking a bit old-fashioned.

But there was a different kind of charm, which makes people unable to take their eyes off it.

"Brother Gu, can I ask you a question? A question about the reincarnation of the Human Ancestor."

She said with a smile, although she guessed that Gu Changge would like to strangle her to death now.

But she liked this feeling... because catching the thief off guard was exciting.

Gu Changge raised his eyebrows slightly and didn't seem to expect that she would suddenly ask such a question.

"You can't."

Afterward, he smiled slightly and refused.

Then he continued to walk slowly on the road ahead as if he was too lazy to care about her.

The matter of the reincarnation of the Human Ancestor could be hidden from ordinary people, but certainly not from Wang Ziji.

Gu Changge didn't plan to deceive everyone, after all, this was what he and the Human Ancestor Hall each needed.

As for Wang Ziji, she could do whatever she wanted.

Wang Ziji was not surprised by Gu Changge's answer.

She still smiled and said, "Could it be that Brother Gu forgot what he promised me last time, you still owe me a favor."

Saying that she took out the jade pendant Gu Changge gave her from her sleeve.

Hearing this, Gu Changge glanced at her, looking like he had a headache, and said helplessly, "Why should Miss Ziji be so interested in embarrassing me? It's hard to answer this kind of question."

Wang Ziji snorted, "Brother Gu means that what he promised before doesn't count?"

"If this Gu can agree to something, he will definitely agree. But there is really nothing to comment on this matter."

Gu Changge said in a helpless tone.

But the depths of his eyes were still flat and unwavering, and there was no change.

"Okay, if Brother Gu doesn't want to say it, forget it."

"Anyway, you are also the Human Ancestor now, and I am the Holy Maiden of the Human Ancestor Hall, so don't you think our relationship has gone further?"

After getting this answer, Wang Ziji didn't continue to get involved in this matter, she had already guessed that Gu Changge couldn't say anything.

Therefore, after receiving the jade pendant, she approached Gu Changge with a few steps and changed her tone before asking with a smile.

"Yeah, if this Gu is in charge of the Human Ancestral Hall in the future, I hope that Holy Maiden Ziji will help me a lot."

Gu Changge smelled the faint fragrance arriving at the tip of his nose, and when he heard these words, he also said with a slight smile.

"Of course, there's no problem with that. Who does Brother Gu think is more beautiful between me and Holy Maiden Chuchu?"

Wang Ziji smiled and said, blinking as she stared at him.

In her opinion, it didn't matter what she gained from this trip to the tomb of the Supreme God.

She just wanted to let Gu Changge show his true face.

Let her see how he could pretend in front of her.

At this moment, she thought so in her heart, feeling that she was playing with the blade, and she would cut her hand if she was not careful.

"Miss Ziji and Holy Maiden Chuchu have their own strengths, so it's hard to compare. In Gu's view, you two are both beautiful, rare in the world, and there is no distinction between you guys."

Hearing this, Gu Changge said without any change in expression, guessing the purpose of her words in her mind.

From the very first time he saw Wang Ziji, she seemed to have a different favorable impression of himself.

Up to now, she was still teasing inadvertently.

Gu Changge wanted to take some Luck out of her at the time, so he simply accompanied her in the next play. When he got to the back, he felt that it was unnecessary, so he was too lazy to care about her.

After all, Wang Ziji was different from other Daughters of Luck.

She was a transmigrator herself, and she was also born into the Ancient Immortal Wang Family. She had the Body of Immortal, she was in the Sacred Realm, and she had companions.

Her life was destined to push the world horizontally and smoothly.

It was almost difficult to get any opportunity and benefit from her.

Gu Changge also understood this point after he took a few Luck points from her.

Wang Ziji's favorable impression of him was just curiosity at best.

With such a premise, Gu Changge didn't care about her anymore. If he really wanted to deal with Wang Ziji, it would actually be a little troublesome.

After all, she had many means of life-saving, as well as that mysterious companion.

Just suppressing her Luck points was a hassle. Instead of wasting time and doing something meaningless, it was better to throw her aside.

After all, Wang Ziji's character was destined for her to be impossible to hinder him.

Of course, if she really got in his way, that would be a different matter of course...

"Brother Gu, are you saying that you want both of us?"

"Doesn't that double the joy?"

Hearing this answer, Wang Ziji still smiled and said, her tone was quite bold, like a demon girl who had troubled the world.

Hearing this, Gu Changge was a little stunned, as if he didn't understand.

Then he shook his head slightly and sighed, "What does Miss Ziji mean? This Gu seems to be a little confused."

He vaguely guessed Wang Ziji's plan, was she going to test his tone?

Gu Changge's handling of this kind of thing had always been flawless.

Unless he wanted Wang Ziji to know something.

But now Wang Ziji had not reached the point where he could trust her.

"Forget it if you don't get it. I wonder what kind of woman can grab the heart of a person like Brother Gu."

Wang Ziji was not surprised by Gu Changge's answer and then sighed faintly as if she felt something.

In front of outsiders, Gu Changge had always behaved politely and gracefully as gentle as jade and his answers were even more watertight.

It was not that simple to want him to show his truest appearance.

In this regard, she felt that although it was a big challenge, she did not give up.

In the boring cultivation, there was always something interesting to do.

"Miss Ziji, can Gu think that you are hinting at me?" Gu Changge smiled.

Wang Ziji secretly rolled her eyes at him.

She tried so actively, but Gu Changge still didn't show the slightest abnormality.

This made her doubt her own charm.

Wasn't her face pretty?

Was she out of shape?

Wasn't her character cute?

Or was it that Gu Changge was only interested in a cold and strong woman like Yue Mingkong?

Afterward, the two of them ventured into the depths while chatting with one another.

The main reason was that Wang Ziji was talking to him, and Gu Changge was replying calmly.

Wang Ziji was actually curious about Gu Changge's choice of such a fork in the road, although she felt that Gu Changge was unlikely to find the wrong place.

He must have some means to find the main tomb of the Supreme God.

In the front, the two also sensed a lot of aura fluctuations. In addition to them, the Great Sect leader who entered this place before also chose this road.

The cultivation base of that group of people was very strong, and the weakest was also the level of the Great Sacred Realm, which was only one step away from the Quasi-Supreme Realm.

There was a war at this moment, and the aura swept all sides, obviously competing for something.

It was just that Gu Changge didn't care, and he still seemed unhurried.

As long as he knew the location of Jiang Chen, he would naturally be able to find Jiang Luoshen and others from the Supreme God Clan. So as long as he went over, he could easily get that piece of the divine orb.

Before that, he hoped that there would be a battle between the Supreme God Clan and the Great Sect leaders.

It would be better to have a lose-lose situation, and finally, he would show up to take advantage of the fisherman.

Wang Ziji had been paying attention to Gu Changge's expression and judging from his various actions, he never worried or cared about it from beginning to end, and seemed extremely confident.

Even if the fluctuations of the battle in the depths of the front were extremely terrifying, this underground city could collapse at any time.

This made her feel that Gu Changge had always been in control of everything.

How on earth did he do it?

.....

In the main tomb.

Here, as Gu Changge had guessed, a big battle was taking place.

Jiang Chen, Jiang Luoshen, Monk Pu Du, and others passed through many restrictions and formations without any risk and finally arrived at the main tomb area.

Here, Jiang Luoshen also saw the Taoist platform left by their Ancestor where he sat down.

As the splendid brilliance hung down, there was a vast chaotic energy surging and intertwined, thick and majestic, and a random wisp could easily crush a mountain.

In the center of the Taoist platform, a fist-sized piece of material as deep as a purple crystal floated up and down.

There were vast energy fluctuations surging with amazing divinity.

Even if it was a Great Sacred Realm existence, at this moment, it couldn't help but feel a sense of palpitations. The purple crystal-like substance on the face seemed to be trembling.

"The Ancestral divine orb is indeed here."

After finally finding this thing, everyone from the Supreme God Clan naturally breathed a sigh of relief.

At the same time, Jiang Chen and Monk Pu Du were also relieved.

In this way, their little fortune was finally saved.

When Jiang Chen communicated with the Immortal Boat of Good Fortune in his mind, he already had a way out.

If Jiang Luoshen intended to cross the river and demolish the bridge, then he could only imitate what happened last time in Purple Mountain.

The Immortal Boat Spirit could easily break the terrain and formations that controlled this place.

This was his only advantage now.

"Master Jiang, the little monk's eyes were indeed right. With your ability, what tomb can't we go down to in the future?"

The voice of the monk Pu Du was a little excited and happy.

Jiang Chen nodded.

And just when Jiang Luoshen was about to go forward to take down the Ancestral divine orb, a few terrifying auras suddenly emerged from the corridor behind him.

The surging golden light shone in all directions, and the terrifying aura easily caused the nearby temples to collapse.

Several Great Sect leader-level figures who had been chasing all the way arrived here.

Naturally, they saw the purple crystal-like deep sea and vast divine orb immediately, and they were ready to snatch it.

Chapter 387: The mantis catches the cicada, Being used as a chess piece (1)

"How did they find this place?"

Jiang Luoshen's complexion did not seem very good-looking. In her opinion, there were many passages that led to this place. Even if they wanted to find the main tomb, it would take a lot of effort.

How had several Great Sect leader-level figures suddenly arrived here?

"They should have acted separately and each must have chosen a passage. This group of people might have just been lucky and happened to find this place. And we just broke the prohibition and formations leading to this place, which was cheap for them."

The blond old woman beside Jiang Luoshen said in a deep voice.

At the same time, she stood up and displayed her absolute strength, a Quasi-Supreme Realm aura broke out, which directly shocked many Great Sect masters.

As the protector of Jiang Luoshen, her cultivation was naturally incomparably powerful, and she was also the reliance for the current Jiang Luoshen.

"Hold them back. I shall retrieve the Ancestral divine orb."

Jiang Luoshen glanced at the group of Great Sect masters indifferently as her footsteps turned into golden light and shadow before she set off, intending to rush toward the Taoist platform.

At the same time, the rest of the clansmen from the Supreme God Clan were also looking around vigilantly, in case other people would rush in at this time.

"This item is the divine orb of the Ancestor of the Supreme God Clan, so how about you and I join forces to snatch it, and once we get it, we will each share it?"

The figures of the Great Sect leaders who rushed in stared at the purple crystal with fiery eyes. They felt the majestic aura and energy fluctuations emerging from it.

If they refined and absorbed it, their cultivation would naturally improve by leaps and bounds.

Over the years, they had not broken through the bottleneck of the Quasi-Supreme Realm, so they might be able to take the opportunity to break through.

As soon as these words came out, it was immediately approved by everyone. After all, that Divine Orb was the size of a fist.

If it was divided into small pieces, it would also be a great opportunity, making it worthwhile to have come here.

Although the blond old woman had a Quasi-Supreme Realm cultivation base, in their view, she was not the opponent of altogether.

"Princess, I can only hold them for a while, you have to take down the Ancestral divine orb as soon as possible and leave."

"I'll find you when I get a chance to get out."

The blond old woman transmitted her words to Jiang Luoshen, and after speaking, a huge golden tower appeared in her hand.

It was nine stories high, surging with golden light, like a golden scorching sun, shining in this place, emitting a dazzling light.

The fluctuation of the Quasi-Supreme aura broke out like a mountain torrent, turning the world upside down with mighty momentum.

"You can't stop us, so hand over the divine orb if you're smart."

"Don't mislead yourself. Don't blame me if you fall here."

The four Great Sect masters in front of them were indifferent as they started to take action when they saw this.

Various divine chains of laws, splendid and terrifying, were created by them which intertwined here like many stars exploding, and the energy fluctuations were extremely terrifying.

The void was about to burst, making it already unbearable to bear such fluctuations.

As soon as they attacked, they used extremely powerful divine powers and treasures.

If it weren't for the special formation pattern here and the place where the Ancestor of the Supreme God Clan rested, it would have collapsed and turned into ruins under such fluctuations.

For a time, a terrible war broke out here.

Whether it was the blond old woman or the four leaders, they were all displaying their strongest means. At their level, they could destroy the world at every turn.

Although it seemed to be open and fair, it actually contained infinite destructive power.

Jiang Chen's footsteps softened, and he felt a suffocating heart palpitation. In front of such a strong person, his strength was like an ant.

"If the timing isn't right, I still have to run for my life..."

Jiang Chen communicated with the Immortal Boat of Good Fortune and looked at Jiang Luoshen with some worry.

Now Jiang Luoshen was their greatest guarantee.

If something happened to her here, these Great Sect masters would never spare his life.

"Mr. Jiang, let's take the opportunity to slip away."

Monk Pu Du's complexion was also a little pale, and he thought that the Supreme God Clan had enough manpower.

However, under the siege of the four Great Sect masters, it was obvious that they would not be able to contend for long.

Although the rest of the powerhouses were not weak, they were far lacking in comparison to these Great Sect masters.

"Why is the Taoist platform where the Ancestors sat on actually blocking me? What is wrong with these formations..."

At this time, Jiang Luoshen's voice sounded, and her face was a little ugly.

Her figure quickly approached the square Taoist platform just now, but there was a golden mist on it. A ripple-like fluctuation spread, which was extremely huge, blocking her out and making it unable for her to approach.

The formation pattern in it was touched by her and then recovered.

But that aura clearly belonged to the Ancestor of their Clan, but now she was not allowed to pass through?

"Jiang Chen, what's going on?"

Jiang Luoshen looked at Jiang Chen and asked coldly, noticing his intention to try to escape.

"That should be to prevent someone from taking away the divine orb, and it will take a little time to crack this formation."

Jiang Chen's scalp was numb, and when Jiang Luoshen was watching, he felt a shudder in his soul.

If Jiang Luoshen wanted to kill him at this time, with her ability, he would not be able to escape at all.

"If you can't crack these patterns, then you wouldn't be able to escape alive." Jiang Luoshen said coldly.

Jiang Chen cursed secretly in his heart as he had to resist the terrifying fluctuations in this place and rush over.

With his ability, he naturally couldn't decipher these formations.

But if the Immortal Boat was given time, it could indeed do it.

However, at this moment, the blond old woman who was fighting with the four Great Sect masters suddenly spurted out a mouthful of blood and fell from the air, her hair was disheveled, and covered in blood, and she was extremely embarrassed.

Although she was in the Quasi-Supreme Realm, she also made a breakthrough at the beginning, which was incomparable to a true Quasi-Supreme.

Not to mention that there were four high-ranking figures in front of him. When they were young, they were definitely invincible and their strength was extremely powerful.

In the beginning, they could compete against one or two, but over time, they were bound to fall into a disadvantage.

"Jin Po..."

Jiang Luoshen's complexion changed as she clenched her silver teeth.

Hearing these words, the blond old woman shook her head and took an elixir before rushing away again, with a glow encompassing over her body, entwined with golden rays of light, she urged her weapons to kill.

Jiang Luoshen was even more anxious in her heart.

If the previous Elder hadn't died in Gu Changge's hands, how could she be so passive now? She wouldn't have to make Jin Po desperately delay time.

"How long can you resist? Resistance is just futile, obediently hand over your divine orb to us, and you can still survive today."

The four Sect leader-level figures spoke indifferently, pushed their big hands horizontally as they slapped the blond old woman, causing her to cough up blood again and making her seriously injured.

Their strength was really too strong, even if their cultivation base had not reached the Quasi-Supreme Realm, but their combat power was not far behind, and now that the four of them had joined forces, they were even more invincible.

"Hold them for me."

Jiang Luoshen glanced coldly at the four Great Sect leaders and ordered the people around him to come forward and delay.

"Jiang Chen, hurry up for me."

After being instructed, the rest of the powerhouses of the Supreme God Clan also began to rush up, and without hesitation, they used various weapons to show their strongest means.

It was just that they went forward in vain, coughing up blood almost instantly and falling backward.

Many people even collapsed and exploded in an instant, destroyed both in their bodies and spirits.

This scene made Jiang Luoshen's face even uglier, and her jade hands clenched tightly.

Although she had other means in her hand, they were all used to save her life at a critical time.

She admitted that she was careless and didn't bring enough people on this trip, otherwise, she wouldn't be so aggrieved this time.

"Okay, this formation is resolved."

At this moment, Jiang Chen's voice sounded and he breathed a sigh of relief before wiping the cold sweat from his forehead, and felt a little relieved.

As the brilliance flashed by in his hand, the formation in front of him began to crack and then shattered into light rain.

The Immortal Boat Spirit also consumed a lot of power for this, and almost fell into a deep sleep again.

Jiang Luoshen felt the terrifying resistance disappear, and finally heaved a sigh of relief.

She was about to step forward, go to the Taoist platform, and collect the purple crystal-like divine personality.

Boom!!!

But, there was a huge momentum from the other side of the corridor.

The expressions of all the people who were fighting here changed slightly, even the four leaders who were fighting with the blond old woman had to stop and frown.

The void trembled, and an incomparable power suddenly descended.

The ripples spread out, like petals blooming in the virtual space, containing the Supreme rules as they finally transformed into a sky-piercing sword energy, slashing at the warring people!

Such a blow was really powerful, and it instantly made the four Great Sect master-level characters change their expression. Turning a little timid they hurriedly retreated behind, without taking the blow.

But this aftermath also made their blood tumble for a while, which was very uncomfortable.

"Who is it?"

Their faces became unsightly, at the feeling of the mantis catching the cicada, and they being actually used as chess pieces.

Jiang Luoshen's expression turned cold, and she took out something from her storage ring, ready to sacrifice it at any time.

As soon as the pattern on the Taoist platform was cracked, someone suddenly appeared, which made her feel that the other party had already arrived here, but he did not appear and was hiding in the dark to watch the show.

"Why is someone here again?"

Jiang Chen frowned tightly, and also looked towards the corridor.

"Why, this Gu doesn't seem to be here at the right time? Why are you all looking at me like this?"

In the next moment, accompanied by a chuckle, a man and a woman appeared at the entrance of the tunnel.

Between his palms and fingers, the sword aura was extinguished and cut out at will, making everyone feel a sense of palpitations like the collapse of the universe.

"Gu Changge!"

Jiang Luoshen's golden eyes stared at the young man who approached, with undisguised hatred and shock in his eyes.

Chapter 388-1: As long as you look good and follow your five senses, Now its your turn (1)

Outside the corridor, a man and a woman arrived walking side by side, like a pair of immortals.

The man smiled and spoke in a surprised expression as if he had accidentally disturbed everyone.

"Gu Changge!"

"How did you get here...?"

The Great Sect leader-level figures who were fighting were also extremely shocked. After reacting, they all stared at him with unprecedented fear in their eyes.

They had no idea that at this critical time, Gu Changge would suddenly appear and become the oriole behind the mantis catching the cicada.

He had probably seen everything, but he had not shown up, just to wait for this moment.

Thinking of this...

For a time, everyone's expression turned solemn, and they glanced behind Gu Changge with some unease.

Seeing that apart from him, no other powerhouse followed, they breathed a sigh of relief.

Before that, they also regarded Gu Changge as a young junior.

But when they were outside the underground palace, they witnessed the powerhouse at the peak of the Great Sacred Realm easily getting killed by him.

They already understood that Gu Changge had become a big fish now, and his strength was extremely powerful, far from being comparable to the rest of the young geniuses.

The terrifying sword aura just now had already explained everything and made them shudder.

The general existence of the Great Sacred Realm couldn't stop it at all, and would be directly beheaded.

Therefore, they were all on their guard, and they weren't just simple people who could go this far.

In the blink of an eye, they understood the current situation, and all of them had played into Gu Changge's hand.

Not to mention the famous Holy Maiden of Human Ancestor Hall next to Gu Changge.

Although they had never seen her true strength, being able to stand with Gu Changge, her strength was naturally impossible to be weak.

"Why can't the junior be here? The so-called treasures are virtuous, and in the eyes of the younger generation, this piece of Supreme God Divine Orb is destined for me."

Gu Changge said with a smile and walked slowly into the hall.

Wang Ziji followed by his side, looking quite interested as her gaze moved around.

She didn't know how Gu Changge got here all the way.

No one else knew where the main tomb was, but he seemed to be able to completely see through it.

All obstacles were in vain.

This made her more curious.

"Gu Changge, do you plan to take this thing for yourself?"

Hearing this, a Great Sect leader wearing a red robe with red eyebrows with an ugly face, stared at Gu Changge coldly, uttering with a very impolite tone.

The other three Great Sect masters also stared at him with vigilant expressions, worried that Gu Changge would suddenly make a move.

The blond old woman, Jiang Luoshen, and others on the side were put down by them first.

In their eyes, Gu Changge's threat was far greater than that of the blond old woman and others.

"Gu Changge..."

Jiang Luoshen looked at Gu Changge with hatred in her eyes, and her beautiful hands clenched tightly.

At this moment, she didn't dare to act rashly, feeling that Gu Changge's aura was locking down on her.

If she dared to take away that purple crystal-like substance, she would definitely face a thunderous blow from Gu Changge.

After seeing Gu Changge's terrifying means, she couldn't help but tremble slightly in her heart.

She would rather face the four Great Sect leaders than Gu Changge.

As for how Gu Changge found this place, this was not something she was considering now.

"Artifact spirit, what should I do now? How did Gu Changge find this place..."

Jiang Chen's heart was also trembling, he could only pray that Gu Changge wouldn't recognize him.

"I do not know either. Be careful, don't let Gu Changge sense any abnormality, this guy is too scary. If he recognizes you, both of us will die today."

The voice of the Immortal Boat Spirit also trembled uncontrollably.

"How could it be found by him?"

Monk Pu Du also had an incomparably headache-like expression and began to think about the next escape plan in his heart.

"The younger generation has taken a fancy to this thing, so please leave."

Hearing this, Gu Changge did not answer but smiled slightly, and his eyes slowly swept across the crowd.

Finally, it landed on Jiang Luoshen's face, and when he saw her face, he unnaturally moved away and looked at the Supreme Divine Orb on the Taoist platform.

Many of the formations on it had been cracked, and as long as he walked over, he could easily get this thing.

In order for Jiang Chen to decipher these formations for him, he had waited for a long time.

Otherwise, he would have appeared long ago.

"It contains the origin of the cultivation base of the Ancestor of the Supreme God Clan, and this thing can indeed help people reach heaven in one step."

Gu Changge said with a slight admiration as if he was admiring his possessions, and everyone nearby was ignored.

Hearing this, both the people of the Supreme God Clan and the four Great Sect leaders all looked ugly. Gu Changge didn't take them seriously at all and already regarded that piece of the Divine Orb as his property.

How arrogant and domineering this was!

"Gu Changge, it's better to divide this thing equally, otherwise you can't compete with the four of us alone. Don't be too greedy. Otherwise you won't get anything."

However, a Great Sect leader still took a deep breath, opened his mouth, and thought of a compromise solution. A purple aura lingered in his eyes, and there was a powerful Dao rhyme, which was naturally the same.

He was wearing a big Taoist robe, holding a Taoist sword in his hand, with an amazing edge, as if he could kill through the void at any time.

The other three Great Sect leaders heard this, their eyes moved slightly, but they did not say a word, apparently acquiescing to this statement.

If Gu Changge also wanted a piece of the pie, they would naturally agree.

Being divided by five people or four people, in fact, it was almost the same.

If it was not their last resort, they didn't want to fight against Gu Changge.

"Do you not take us seriously, you are already discussing how to divide..."

Seeing this scene, Jiang Luoshen's face was even more ugly, neither the four Great Sect leaders nor Gu Changge put her in their eyes.

One must know that this place was the tomb of her Supreme God Ancestor!

At this moment, she was already holding a piece of golden paper tightly in her hands, ready to sacrifice it at any time.

This was one of her trump cards.

Before the critical time, she really didn't want to sacrifice it.

"No, didn't you understand? The younger generation means that I have taken a fancy to this thing. Do you need this junior to repeat this kind of thing again?"

Gu Changge shook his head slightly and walked over casually as if he was going to the Taoist platform.

He still had an understated expression on his face, as if he was talking about a trivial matter.

"Gu Changge, don't be too greedy, or you won't get anything."

A grumpy sect leader obviously did not expect Gu Changge to say such a thing, and his face showed anger.

In the next moment, a weapon shrouded in thunderlight appeared in his palm, it crackled, and the brilliance flashed, causing the void to tremble constantly as if it was about to explode.

It looked like this was obviously a disagreement, and it was time to start fighting.

At this point, the Divine Orb was within their reach, how could they give up so easily?

The rest of the people's brows were also wrinkled. At this stage, who would give up easily?

However, Gu Changge's tone remained unchanged, "Junior never likes to repeat a thing a third time."

"If you don't want to die, please leave this place."

When he spoke, although he was gentle and elegant, with a godly appearance, everyone felt a terrifying murderous aura surging towards them, and their expressions changed slightly.

"Gu Changge, I am saying this for you as your Elder, so don't be too arrogant."

At the moment, a moderate-tempered sect leader looked a little ugly.

"I was respecting you as seniors gave you face, don't you understand yet? If you want to die, then I can naturally fulfill your wish."

Gu Changge shook his head slightly, but his words still did not waver.

As the words fell, he directly slammed his palm toward the front, the terrifying multi-colored divine light intertwined in the virtual space, with a surging aura like a mountain and sea, attacking the Great Sect leader who had just spoken.

Boom!

The master of the Great Sect changed his expression. He didn't expect Gu Changge to suddenly act. He unleashed a terrifying sword energy and collided with Gu Changge's palm, trying to resist.

But in the next moment, his expression changed again, unbelievable.

"Impossible..."

Chapter 388-2: As long as you look good and follow your five senses, Now its your turn (2)

Puff!

This palm fell like a multi-colored mountain condensed, majestic and vast, heavy like chaotic aura, and the sword aura cracked.

Then, his arms snapped instantly, his bones collapsed, and a terrifying sound sounded.

Immediately afterward, the whole person groaned for a while, blood spurted out, flew upside down, and was severely injured in an instant!

"How is this possible...?"

"How can the gap be so big?"

The other three Great Sect masters looked at this scene and were extremely shocked. They didn't expect this battle to end so quickly.

Gu Changge's strength was truly unfathomable!

Jiang Luoshen also stared blankly at Gu Changge, trembling because of his strength, and a feeling that made her scalp tingle emerged from the depth of her soul.

"I gave you a way to live, but you didn't cherish it."

"Now you are the ones looking for death, so don't blame me."

Gu Changge walked unhurriedly, his voice was calm but at this time he seemed unusually indifferent.

Wang Ziji, who was standing in the corridor, did not come with Gu Changge. Looking at his actions at the moment, she felt her heart beating fast.

In her opinion, there was nothing wrong with Gu Changge's actions.

Although he was very strong and indifferent, didn't Gu Changge already say that he was attracted to the divine orb?

As a result, these Great Sect masters were still unwilling to give up.

Knowing that he was not Gu Changge's opponent, he was still so stupid.

Wasn't this looking for death?

Sure enough, as long as you look good, the three views would follow the five senses.

And when Wang Ziji was in a daze, from within the void, Gu Changge's palm hadn't dissipated, and it was still falling.

Then he closed it, grabbed the Great Sect leader who had just attacked, and suddenly made a tooth-stinging sound of bone cracking.

"You..."

"What..."

"Gu Changge, please let me go!"

"I don't want it anymore!"

The sect leader looked terrified, it was hard to believe all this, with his strength, he had no power to fight back in front of Gu Changge.

It was like facing the True Supreme!

Everyone's expressions changed drastically again, and they were a little scared.

A Great Sect leader was the existence in charge of a Great Sect who had cultivated for at least tens of thousands of years.

But now, like an ant, Gu Changge grabbed him in his hand and could crush him to death at any time.

The shock caused by this scene was too great, making them tremble, their scalps numb, and they were very terrified.

"Ohh?"

"Let go of you, that doesn't seem fine. It just gave you a way to live, but you didn't cherish it."

Gu Changge shook his head slightly, and his tone seemed a little helpless and regretful.

In the next moment, in his despairing expression, the five-colored big hands condensed in the void folded together.

With a puff, the blood mist exploded, and both his body and spirit were destroyed.

"You actually killed the Abandoned Sun Sect master..."

Looking at this scene, the expressions of the other three Great Sect leaders changed drastically, they turned pale, their voices trembled, and they couldn't help but feel regretful.

"Don't worry, you'll accompany him soon."

Gu Changge looked at them, his expression didn't change, as if he had done something trivial.

"Not good, let's attack together, otherwise, we won't be his opponent."

The sect leader wearing the big Taoist robe couldn't help but let out a low voice.

At the same time, he took out the Dao sword in his hand, like the heaven-penetrating sword energy that shattered the world, containing the divine might of destruction, and attacked Gu Changge.

The other two were not stupid and they quickly reacted by sacrificing their divine weapons, showing powerful means, and attacking Gu Changge.

For a time, a splendid brilliance erupted here, the thunderlight shone, and the chain of laws cracked, like a thunderbolt, so that the void would be shattered.

But in the next moment, Gu Changge's expression went flat, and he just waved his hand. His finger emitted a dazzling sword light, breaking through the void, with an endless peerless edge.

Puff!

With a light sound, the man screamed, and his arm flew out, spattering blood all around.

Even the weapon in his hand exploded immediately, shattering on the spot, and the whole person turned into a cloud of blood.

His soul was desperate and terrified, intending to escape through the void.

But Gu Changge's eyes swept away, and it seemed to have turned into a dazzling heavenly sword.

In this sword glow, there existed an endless power.

It not only contained the ultimate power of reincarnation, but also the ultimate power of laws, which could be said to be invincible.

Not to mention that they were at the peak of the Great Sacred Realm, even if it was the true Supreme being, he would have to deal with it carefully.

In the blink of an eye, another Great Sect leader died without any resistance.

Even Wang Ziji was slightly startled.

She felt that even with her strength completely exploding, at most she could deal with a Great Sect leader.

It was impossible to kill him as easily as Gu Changge.

This could only explain the hidden strength of Gu Changge was even more terrifying and unfathomable.

Just now, what percentage of the strength did Gu Changge show?

The expressions of the blond old woman and everyone were also shocked and horrified. They did not expect that the four Great Sect masters would not even have the ability to fight against the Gu Changge, and they were completely unilaterally crushed.

"Princess, what should we do? Do we still need this Ancestral divine orb? If I sacrifice my life now, I still have a lot of confidence."

"Since Gu Changge has killed these people here, it means that he will definitely not leave us alive."

The blond old woman's face was solemn, she was extremely afraid, and she asked Jiang Luoshen through voice transmission.

In Jiang Luoshen's hand, she was still holding the golden paper tightly.

Hearing this, she felt very unwilling.

After all her hard work, she didn't get anything in the end, and now she even had to flee in embarrassment.

How could she accept it?

But if she still insisted on taking that piece of the Divine Orb, she would probably die here.

"Artifact Spirit, let's run away like last time. Gu Changge is so strong that even the head of the Great Sect can't resist his attacks."

Jiang Chen's lips turned pale, looking at the man in white who was standing in the void, his whole body was like a man in white shrouded in endless divine light, trying his best to keep his words from trembling.

He finally knew how terrible his enemy was. This was a desperate power gap.

Killing a Great Sect leader was like butchering a frog.

At this moment, he even had the idea of ??giving up on revenge.

"After a while, Jiang Luoshen will definitely fight against Gu Changge. I will take the opportunity to activate the formations here and make this palace collapse. Don't look back and run to the east. There is a secret passage there, you can leave this place and lead to the outside world."

"I can only do this now and then I will fall asleep, and then it's up to you."

The sound of the Immortal Boat Spirit was unprecedentedly heavy.

Jiang Chen nodded, his palms were covered in a cold sweat.

"We are not his opponents even if we join forces, let's run away."

At this moment, the faces of the other two Great Sect leaders turned pale, and it was hard to believe all this. They were already fearful and knew that they were not Gu Changge's opponents.

Boom!

They motivated the secret method, burned blood essence, with a light all over their body. At this moment, their aura reached the peak of this life, but only to escape.

"Can you still escape?"

Gu Changge's voice still did not fluctuate.

His sleeves were raised, and the void around him suddenly became stagnant, as if every inch was packed with endless gravity.

Immediately afterward, a huge force slapped down, like a shocking wave, thumping through the place, turning the world upside down.

Puff!

With the shocking blood light, the bodies of the two Great Sect masters collapsed and exploded directly and they died tragically on the spot.

This scene made the blond old woman who was about to escape with Jiang Luoshen look cold and couldn't help shivering.

"Now it's your turn."

Gu Changge shook his sleeves lightly as if to wipe off the unstained blood on them.

He looked at Jiang Luoshen and the others, his tone still unwavering, as if he just stepped on a few ants to death.

Chapter 389-1: He really wants to kill her, Many Great Sect leaders are dead (1)

Jiang Luoshen gritted her teeth and looked at him, forcing herself to calm down. But her eyes seemed indifferent.

"Gu Changge, do you think you can force me to back down by killing them? I am telling you, you're thinking too simply."

As she spoke, the golden paper appeared in her hands, with many divine inscriptions written on it.

This golden paper was like a small sun, and there was a mighty aura emerging from it, which seemed to be able to quench the evil spirits in all directions.

The pressure revealed in it had already reached the Supreme Realm!

As soon as it appeared, it filled the void, vast and unbelievably powerful, as if it could make the world give way to it!

"Really? Do you want to deal with me just by relying on a page of paper sealed with the Supreme being's blow?"

Gu Changge looked at her and said lightly, with a mocking tone.

"Besides, you seem to have gotten one thing wrong. I didn't kill these people."

"They died in the hands of the Supreme God Clan, and the forces behind them will only seek revenge from the Supreme God Clan, and have nothing to do with this Gu."

"Gu Changge, you..."

Jiang Luoshen obviously didn't expect Gu Changge to say such a thing, she was stunned for a moment. Her heart was full of anger, and her expression was even more indifferent, "You are really despicable. How can you say such words? Unfortunately, when I left the clan, I thought that you would be as unparalleled as rumored."

"I'm sorry, I let you down. But this Gu never said that he was a good person."

Gu Changge's tone was casual, and he walked towards her unhurriedly.

Although she was holding a page of gold paper that contained a full blow from the Supreme Being, Jiang Luoshen still couldn't help but retreat back and was extremely afraid of Gu Changge.

"You killed the four Great Sect leaders, and I'm not the only one who saw this. Gu Changge, do you really think all of this will go unnoticed?"

Jiang Luoshen said coldly, and as she spoke, he glanced at Wang Ziji at the entrance, intending to use this to cause a conflict between her and Gu Changge.

"Princess Luoshen, you really have such a ruthless mind. Not only did you plan to kill everyone and let the four Great Sect masters die tragically, but you are still trying to frame Brother Gu."

However, when she heard this, Wang Ziji didn't seem to be surprised. She said with a full smile and even blinked at Gu Changge, looking rather naughty.

"You..."

Jiang Luoshen didn't expect Wang Ziji to say such a thing, her face froze slightly, and then it turned a little ugly.

As the Holy Maiden of the Human Ancestor Hall, she with her open eyes was speaking nonsense.

She was his long-time acquaintance. No wonder she was able to come together with Gu Changge.

Gu Changge glanced at her and said slowly, "Have you finished your last words?"

"Gu Changge, are you really planning to kill me? If I fall here, what will it do to you?"

Because of his words, Jiang Luoshen couldn't help but feel a chill on her back.

"Princess Luoshen is too serious, how could I do something like killing you? It's just that when you and the other sect masters competed for the Supreme Divine Orb, you were killed by them together, and you accidentally fell here."

Gu Changge shook his head slightly, smiled, and corrected her statement.

"Gu Changge, as the strongest of the younger generation, you are so despicable and vicious."

Hearing this, Jiang Luoshen gritted her teeth, Her beautiful face was as indifferent as frost, and her back was even colder.

Gu Changge not only planned to kill her here but also planned to throw the blame for her death on the rest of the Great Sect leaders.

In this way, it was naturally easy to provoke the hatred of the Supreme God Clan and the rest of the forces behind her.

"Are you stalling for time by talking about all of this nonsense?"

Gu Changge said lightly, and the vast sword energy emerged on his raised hand, like a heaven-penetrating immortal sword. The sword light in the disillusionment, looked peerless and bright, slashing towards Jiang Luoshen in the front.

Jiang Luoshen's face turned pale, and a terrifying cold air suddenly rose from her back. She didn't have time to react, and hurriedly sacrificed the page of the golden paper, urging her spiritual energy to escape.

But before it could be fully deployed, Gu Changge's sword energy was knocked into the air, and the terrifying fluctuations exploded as it descended directly to the ground.

She gritted her teeth, her hands were sealed again, and she used an ancient divine power. Her blonde hair fluttered, and the golden divine light spurted out, stabbing people to the point of being unable to open their eyes.

Such strength was far stronger than many young Supremes, and could even compete with the Six Crown King.

But under this sword energy, she still seemed to have no strength to contend.

The whole person let out an exclamation sound, and a mouthful of golden blood spurted out before she was smashed into the wall behind her.

If it wasn't for the divine armor on her body that activated at a critical moment and resisted this sword aura, just this blow would have killed her.

"With this little ability, even if you delay time, what effect can it have?"

Gu Changge walked over with a mocking tone.

Almost instantly, he appeared in front of Jiang Luoshen, grabbed her neck, and lifted her up.

"Cough cough..."

For the first time in Jiang Luoshen's life, someone strangled her neck like this, feeling that she couldn't breathe and was about to suffocate.

But she was still unyielding as she raised her neck and stared at Gu Changge indifferently with golden eyes, with deep hatred.

If eyes could kill, she had no idea how many times she would have killed Gu Changge.

"Gu Changge, sooner or later you will regret what you did today," she said coldly.

"Really?"

Gu Changge's tone was very indifferent.

"Princess, hurry up."

However, at this moment, the blond old woman suddenly shouted angrily, and her whole body seemed to be glowing.

Golden blood spurted out from her pores, and she rushed out of the chaotic mist.

Her aura had become many times stronger than before.

But her flesh was rapidly withering down.

She quickly rushed toward Gu Changge, trying to save Jiang Luoshen from his hands.

However, Gu Changge's expression was still indifferent, and even his eyes did not land on the person. The palm of his hand forced through as he urged his aura, and the terrifying fluctuations suddenly exploded in front of his eyes.

"You're really going to kill me..."

There was still a trace of disbelief on Jiang Luoshen's face, and there was trembling and fear in her voice.

Then the whole person collapsed and exploded, turning into a mist of blood.

"Princess."

The blond old slave's eyes were splitting, and she couldn't believe this scene.

Jiang Chen and Monk Pu Du were also stunned and seemed to be frozen in place.

"This guy is really ruthless..."

Wang Ziji's expression was also slightly unnatural.

"Gu Changge, I will fight you."

The blond old woman was also stunned by the scene in front of her, and she couldn't believe it.

She was like a madman, desperate to kill Gu Changge, using all kinds of powerful secret techniques and divine powers.

Terrifying fluctuations erupted here.

Even the Taoist platform was shaking, and the divine orb floating in it was looking mysterious and magnificent.

However, Gu Changge's expression still did not change, he raised his hand and hit her, causing her to cough up blood and fly out.

"Why..."

The blond old woman shouted angrily.

As a Quasi-Supreme, she even used the forbidden secret technique, but she still had no ability to fight against the Gu Changge. She soon vomited blood and flew upside down and almost exploded.

Gu Changge's strength made her despair.

Now that Princess Jiang Luoshen had fallen here, even if she could return to the clan alive, she didn't know how to explain it.

"Um?"

"A little trick."

At this time, Gu Changge suddenly raised his eyebrows, as if a little surprised, then raised his head and looked into the void not far away.

Buzz!!

There, the golden rays of light condensed, and a wave of fluctuations emerged.

Jiang Luoshen's figure appeared again, but her face was very pale, and she looked at Gu Changge with some lingering fear, as if she had not recovered from the state just now.

She didn't expect that Gu Changge would actually kill her just now, and he was merciless, without any hesitation.

This determination and ruthlessness made her tremble, and for the first time, she realized what death was.

It was simply indelible.

"Dead puppet, to actually have this kind of thing..." Gu Changge thought for a while and knew what she used just now.

It was just that the refining method for dead puppets had long been lost and was extremely precious.

Even a Quasi-Supreme cultivator would be moved, and if you use one, you would lose one in this world, which was a priceless treasure.

Chapter 389-2: He really wants to kill her, Many Great Sect leaders are dead (2)

He was surprised that Jiang Luoshen actually possessed such a thing.

"Jin Po..."

Looking at the appearance of the blond old woman, Jiang Luoshen couldn't bear it.

This was the secret technique of the Supreme God Clan to burn the origin of life.

Although the cultivation base could be improved in a short period of time, the sequelae were terrifying and almost irreversible. Even if the cultivation base had broken through, it was impossible to restore the origin of life.

Until the most desperate time, the Supreme God Clan would not dare to use it.

Obviously, in the eyes of the blonde old woman, Gu Changge had reached an invincible level.

If she didn't try hard, she wouldn't be able to delay Gu Changge at all.

"Princess, you'll be fine." The blond old woman smiled, but couldn't help coughing up blood.

"Jin Po... You don't really need to."

Jiang Luoshen gritted her teeth and suddenly crushed a jade talisman in her hand.

Suddenly, a vague and huge golden figure appeared behind her, seemingly terrifying and majestic, like a golden god emerging from the long river of time.

This golden god was as bright as the sun, his cultivation base was unfathomable, his face could not be seen clearly, only a pair of eyes, indifferent and noble, overlooking everything.

"The law of the Quasi-Emperor Realm?"

Wang Ziji watched this scene in surprise, she didn't expect that Jiang Luoshen had so many things to save his life.

And Gu Changge also raised his eyebrows before he slowly brought out a big seal from his sleeve, the mountains and rivers breathed vaguely, as if it could transform everything.

The Supreme Seal of Mountains and Rivers!

Boom!!!

However, at this moment, Jiang Chen, who was staring at Gu Changge and Jiang Luoshen, suddenly gritted his teeth and finished communicating with the Immortal Bat Spirit in his mind, causing it to touch the formation here.

Suddenly, the four walls glowed, and the entire palace rose up with a vast brilliance, covering all sides.

Then a star pattern-like vein emerged, and the rays of light shot into the sky, looking extremely dazzling.

This place began to collapse, and there was a terrifying momentum.

All of the formations recovered, bursting out with absolute power.

And Jiang Chen also took this opportunity to flee to the location that he had negotiated with the Immortal Boat Spirit of Good Fortune.

"Master Jiang, wait for the little monk."

Monk Pu Du has been paying attention to Jiang Chen's actions.

At this time, his eyes also lit up, and he quickly turned into a divine light, chasing towards Jiang Chen, trying to escape from this place.

"What just happened..."

Jiang Luoshen didn't expect such a huge change, and was stunned for a while.

But Gu Changge didn't seem to have any surprises. His figure moved, and he attacked her in a single step, as if he was going to kill her here again.

"Gu Changge, I have no enmity with you! What are you so hell bent on killing me?"

She gritted her teeth and urged the Dharma body behind her to fight against Gu Changge.

It was the Dharma body provided by an Ancestor when she left the clan, with the strength of a Quasi-Emperor, and it could save her life at a critical time.

Jiang Luoshen knew that Gu Changge must have this kind of thing too.

So she didn't expect this thing to stop Gu Changge, she just hoped to delay him for a while.

"It's okay not to kill you. Stay and be a maid for me. I can consider not killing you." Gu Changge said casually and casually.

"Gu Changge, I don't believe you. You just want to kill me."

Jiang Luoshen's silver teeth were about to be crushed, and her face was as cold as ice.

Naturally, she wouldn't believe Gu Changge's words. She only felt the terrifying killing intent, overwhelming the sky and rushing towards her, almost engulfing her.

"Since you don't believe it, forget it. But it's a pity. I don't want to be a savage person."

Gu Changge shook his head slightly, and his tone seemed a little regretful.

Jiang Luoshen's beautiful eyes overflowed with chills.

How could Gu Changge say such a thing?

If she didn't have the puppet just now, she would have died in his hands.

For a time, terrifying lightning appeared in the void, and various immortal shadows appeared. The immortal light was surging, and the golden runes flickered.

"This place is going to collapse. If you don't leave, you will really have to stay."

Wang Ziji glanced at Gu Changge and murmured, knowing that Gu Changge's methods were beyond imagination, and this matter should have no effect on him.

So she moved and turned into a ray of light, intending to leave this place along the same path.

Boom!!

For a time, the underground palace that was buried deep in the ground began to collapse. The cultivators and geniuses in the other directions felt this change, their expressions changed slightly, and they also began to escape along the original road, not daring to stay for a long time.

"It's just the right time to collapse..."

Gu Changge took this opportunity to swipe his figure, letting go of Jiang Luoshen for the time being, and walked towards the Taoist platform, trying to grab the purple crystal-like substance on it.

The majestic and vast aura was emerging, and it was faintly visible that there was an unparalleled god sitting in it, surrounded by scriptures, overlooking everything, and it was extremely powerful.

It was just that when he was about to grab it, there was a terrible resistance.

"Is it only reserved for the descendants of the Supreme God Clan?"

Gu Changge's face was still indifferent.

A black light appeared in his palm.

One after another black light descended, like a waterfall, engulfing and swallowing the purple crystal, like a terrifying black hole that could swallow the heavens.

After a while, the resistance that emerged from it was consumed a lot, and there was a faint sense of fear.

"It seems that after all these years, Gods have been born."

Gu Changge's eyes were deep, and he had no plans to let it go. With this divine orb, he would be able to break through a new level of cultivation.

"Jin Po, let's go!"

Seeing this, Jiang Luoshen breathed a sigh of relief, and glanced at Gu Changge coldly, knowing that he couldn't get out.

Then she directly urged this Dao law body, and quickly broke through the space here.

Immediately after, it turned into a divine light, and with the help of the blonde old woman, she also quickly evacuated from this place.

At this time, she naturally didn't intend to have her ancestral divine orb.

Because saving one's life was naturally more important.

Gu Changge glanced at her, but did not move to chase after her.

"Everyone's gone, that's better."

He didn't care about the collapsing underground palace at all, and with a wave of his hand, a treasure bottle of the Dao appeared and hung down in the sky.

The many origins scattered here rose into the sky smoke and were swallowed up one after another.

"There are still a lot of Great Sect master-level figures who haven't left..."

Then, he started to set off, actively looking for these targets.

Unlike many young geniuses, the underground palace collapsed.

However, it did not have much influence on the leader figures who had reached the Great Sacred Realm or even the Quasi-Supreme Realm.

So at this time, they would definitely not leave, and they would even look for opportunities in this cemetery.

Everyone outside was shocked to see that the crack was getting bigger and bigger, and it collapsed in a blink of an eye. Many cultivators were too late to escape and were instantly buried in it.

"Young Master hasn't come out yet?"

Everyone from the Gu family frowned slightly, seeing that the most further advanced Six Crown King, Jun Yao, had also come out now, looking like he had gained a lot.

The rest of the disciples of the True Immortal Academy also rushed out.

"Could it be that Gu Changge encountered something good and is reluctant to come out?"

Gu Xian'er glanced at the collapsed underground palace, but she was not worried about Gu Changge's safety.

In her eyes, there was no need to worry about Gu Changge in this world.

"Didn't you go with Gu Changge?"

"Why didn't you leave together?"

Jiang Chuchu frowned slightly, staring at Wang Ziji.

Wang Ziji stood on tiptoe, glanced in the direction of the underground palace, and muttered, "At that time, the underground palace was about to collapse. When I saw that the situation was not good, I ran first without noticing him."

At this time, among many Dao traditions in the distance, there were mourning and shocked voices, accompanied by disbelief.

"The leader's token is broken..."

"How is it possible? The leader is half a step away from becoming a Quasi-Supreme existence, how can he die here?"

"How can this be!"

Many disciples and Elders were shouting in grief, it was unimaginable.

Many Great Sect master-level figures had fallen, and all of a sudden this place was in chaos!

Wang Ziji looked at this scene and smiled with interest.

Chapter 390-1: How did he cultivate? Being gagged with dog food? (1)

This place was filled with the chaotic cries and shouts of many disciples and Elders, their faces extremely sad.

Many Taoist Elders and disciples found that the life token of their Sect leader had been destroyed.

What did that mean?

It meant that their leader died tragically within the underground palace, and encountered unimaginable dangers inside.

This shocked them, and they couldn't believe it.

Many people were directly paralyzed to the ground, feeling that the sky was about to collapse.

The fall of the Sect leader was something they couldn't imagine at all.

A leader-level figure was an existence standing at the peak of the Upper Realm.

They ruled over a Dao sect, with endless territory and terrifying power. Each one had a life span of ten million years.

With that kind of character, who could kill them?

And the accident didn't just happen with one sect leader, but several of them.

This only displayed that they encountered unimaginable danger in the underground palace.

"It must be a trap set by the Supreme God Clan. They must have wanted the many Dao forces present here to pay their due price..."

"It's abominable, they are determined to be the enemy of everyone! They even dared to kill our leader!"

"Ahhhh..... This hatred is unforgivable! How dare they plot against our Sect leader and kill him!"

Many Elders trembled with anger when they thought of this possibility.

There was hatred and anger on their face, and they couldn't wait to head to the Supreme God Clan to enact their revenge now.

"Could it be that they encountered some danger in the underground palace? After all, this is the tomb of the Ancestor of the Supreme God Clan, and maybe there were traps he left behind."

There were also people who were speculating about this possibility, thinking that the Supreme God Clan could not possess such courage.

Killing so many Sect leaders was bound to cause a shock in the world.

Could it be that their intention was to be the enemy of many Dao traditions?

"The existence within the tomb from the Supreme God Clan has surpassed the Supreme! Even if it is not him, it must be inseparable from him."

"I haven't seen the people from the Supreme God Clan emerge until now. They must have taken the relics and escaped from the other direction!"

Hearing this, the old man immediately retorted, his eyes reddened with hatred.

No matter what kind of possibility it was, it was absolutely inseparable from the Supreme God Clan.

They were bound to ask the Supreme God Clan for an explanation.

Many geniuses of the True Immortal Academy looked at them with strange expressions.

The underground palace collapsed, and it had long since been destroyed. Although there were still a lot of rays of light emerging, there did not exist any previous threat.

"What is Gu Changge doing inside it?"

The eyes of the Six Crown King seemed to penetrate the ruins as he took a look inside.

It was just that although this place had collapsed, there were still many formations left, which could block everyone's exploration.

"Young Master has not come out yet. Although I know that the Young Master is very strong, many Great Sect leaders have died in the cemetery."

"Nothing will happen to the Young Master, right?"

There were also powerhouses from the Ancient Immortal Gu Family who were worried.

Seeing the fall of the leaders of the rest of the Dao sects, they were worried that Gu Changge would have stumbled with an accident.

Boom!!

Suddenly, there was a change as everyone heard a sound, making them look over in shock.

A figure rushed out from the collapsed underground palace, with a calm expression. As he moved, his figure quickly descended here.

"It's Gu Changge!"

Many young geniuses shook their heads slightly in their hearts feeling a little regretful.

It would be a good thing for them if Gu Changge had fallen like that group of Great Sect leaders.

All day long, they felt that there was an insurmountable mountain pressing down on their heads, which really made them breathless and deeply stressed.

It was a pity that they were disappointed, and Gu Changge didn't seem to be in serious trouble.

Only his face was a little pale and his robes stained with blood.

"Gu Changge was also injured, what happened?"

Many of the powerhouses from the older generation looked at Gu Changge's injuries in surprise and found it difficult to understand. Even with his strength, he was injured.

However, many Great Sect leaders perished within the tomb, and it was normal for Gu Changge to be injured.

Now they were all curious as to what had transpired within the tomb.

Yue Mingkong gave him a deep look as he walked over, and asked, "Are you okay?"

Although she knew that Gu Changge was definitely fine, it wasn't the first time he had done things like pretending to be hurt and deceiving everyone.

But at this time, especially in front of everyone, it was better to cooperate with him and display concern, otherwise, it would be easy for people to find the abnormality.

"Young Master, are you alright?"

The strong members of the Ancient Immortal Gu Family all gathered around as they asked worriedly.

Gu Changge glanced at everyone before shaking his head, and said, "I'm fine, I just suffered a little injury, it's not a big problem."

Hearing this, everyone from the Gu family breathed a sigh of relief and felt relieved.

"You're worried." He smiled at Yue Mingkong.

"I knew you'll be fine."

Yue Mingkong glanced at him coldly before taking out a clean embroidered handkerchief from her sleeve as she gently wiped the faint blood on the corner of his mouth for him.

Jiang Chuchu, who originally wanted to step forward, saw this scene and her expression suddenly became stagnant before she silently froze in place.

"Brother Gu is lucky to have such a considerate fiancée."

Wang Ziji suddenly felt that she was stuffed with dog food in her mouth, but still said it with a smile.

In her opinion, except for the four Sect leaders who were killed by Gu Changge in the main tomb at that time.

The remaining Sect leaders who had fallen today had obviously encountered Gu Changge and suffered under his poisonous hand.

Although she had already left at the time, she could not see what happened next.

But she trusted her instincts.

With Gu Changge's strength, it wouldn't take long to take advantage of the chaos to solve the group of Great Sect leaders.

What Wang Ziji couldn't figure out was why Gu Changge killed those Great Sect leaders?

Was it to place the blame on the Supreme God Clan and provoke conflicts and contradictions between them?

"Gu Changge was also hurt? Isn't he trying to deceive people like last time?"

Gu Xian'er calmly placed the handkerchief back on her sleeve, but her eyes were a little suspicious.

She no longer believed that Gu Changge would be injured.

He made her worry every time, but in the end, she found that he was alive and kicking. Nothing had happened, and he could even continue to bully her.

"What happened to Young Master Changge? Why did the underground palace collapse suddenly? Did you see everyone from the Supreme God Clan?"

In the distance, many Elders from the rest of the Dao lineages also gathered around at this moment, asking Gu Changge for the exact situation.

No matter what the reason was, they had to find the cause of the leader's death, otherwise, there would be no reason for revenge.

Hearing this, Gu Changge looked at them, shook his head slightly, and sighed, "Jiang Luoshen and others from the Supreme God Clan should have already left."

"As for what happened at that time, I actually don't know very well, because I was fighting for something with Jiang Luoshen at that time, and had no time to take care of others."

"Then the underground palace suddenly began to collapse. I suspect it was that mysterious man and the mysterious monk besides her."

"At that time, many formation patterns in the palace recovered instantly, and then Jiang Luoshen took people to break through the space and left. I broke the formation patterns along the way, and only then was I able to come out."

He simply recounted what happened at that time.

As for how the group of Great Sect leaders died, how would he know? After all, no one saw it.

After everyone heard his explanation, although there were still many doubts in their hearts, they didn't ask any more questions.

Gu Changge had just said that he and Jiang Luoshen were fighting for treasure.

But many people had guessed that it was actually the divine orb left by the Ancestor of the Supreme God Clan.

As for whose hands it ended up in, this was not something they could care about now.

"Jiang Luoshen, the monk and the mysterious man beside her, the old man did pay attention to it at the time, and felt that the young man should have a good understanding of these terrain changes. His attainments were definitely not shallow."

"It seems that he might have triggered the formation pattern within the tomb, causing the underground palace to collapse and bury everyone in it."

The old man who was holding a compass, hunched over as he heard Gu Changge's words. He couldn't help sighing and agreeing with Gu Changge's statement.

Many people present knew the rickety old man and knew that he had deep attainments with finding sources and veins.

Chapter 390-2: How did he cultivate? Being gagged with dog food? (2)

With everything he said, there was almost no second possibility.

"No wonder I thought it was very strange at the time. Why would Jiang Luoshen bring such a weak man with him? That's why."

Someone was stunned by this conclusion as they sighed.

If they had noticed this at that time, how could their leader lose their lives?

"I will remember this hatred. The Supreme God Clan will pay the price, as well as that mysterious man and monk."

Many older generation powerhouses' eyes began to flicker with murderous intent and coldness.

Wang Ziji looked at this situation in surprise.

This guy! Just like that, the Supreme God Clan took the blame for killing everyone.

In such a short period of time, there was simply no way to wash it all away.

This was the first time she had seen clearly and frankly how Gu Changge placed the blame on someone else's head. She felt a little trembling and panic in her heart, but more than that she felt that it was novel and interesting.

She was quite sure now.

The real Human Ancestor had been reincarnated, and he must have encountered a tragic end at Gu Changge's poisonous hand some point in time.

"How the hell did this guy do it?"

Her beautiful eyes stared at Gu Changge almost for a moment.

Jiang Chuchu glanced at her suspiciously, "Wang Ziji, what are you looking at?"

Wang Ziji came back to her senses, looked at her with a smile, and said, "I'm looking at someone who makes my heart flutter."

Afterward, the Elders and disciples of many Dao lineage forces began to evacuate from this place with their ancient chariots and mounts in order to report today's incident back to the sect.

It was conceivable that the current situation would cause a lot of sensations and waves.

A total of eight leader-level figures had died tragically in the tomb of the Supreme God, which was enough to cause a sensation in the Upper Realm.

Even last time when the Immortal War occurred, it was not so tragic.

After all, a leader-level figure represented a Dao force and rarely died.

This kind of thing was almost like facing a dead end.

Many people expected a major earthquake in the Upper Realm.

In the next period of time, the Supreme God Clan would face violent storms and would definitely not be calm.

Everyone from the Heavenly Dao Immortal Palace stepped forward to say goodbye to Gu Change and wanted to leave this place.

Xiao Ruoyin witnessed Gu Change's terrifying strength with her own eyes, and her persistence and yearning deepened.

However, she also knew that she did not have any advantage in front of Gu Change.

Thus Xiao Ruoyin secretly made up her mind that the next time she saw Gu Change, at least she must be able to face him and not appear useless.

After everyone from the Heavenly Dao Immortal Palace left, the people from the Gu family set off to return to the family.

This time, Gu Xian'er did not plan to return to the True Immortal Academy but planned to return to the family to deal with her parents and grandfather's affairs.

Although Gu Change had dispatched the clansmen last time and helped her find the world where her grandfather and parents were located.

But because of some things, her parents had to stay in that world and hadn't been reunited for more than ten years.

As the latest news emerged, this made her feel a little sad.

But she didn't inform Gu Change about it as she didn't want to trouble him and let him intervene at will.

Gu Change glanced at Gu Xian'er and saw her figure disappearing. Although he guessed what was going on with her, he didn't ask.

Afterward, the disciples of the True Immortal Academy and the rest of the geniuses also left one after another before returning to their respective sects.

The news spread quickly, causing an uproar.

There was a huge sensation in the Upper Realm because of what happened in the tomb of the Supreme God Clan, leaving everyone shocked.

No one thought that the Supreme God Clan would be so bold, killing many geniuses and eight Great Sect leaders in this pit.

For a time, many Dao lineages had their Ancestors awakened. Their immortal energy soared through the sky, and they planned to head to the Supreme God Clan to seek justice.

They were excited and filled with murderous intent.

Although the cemetery was left by the Ancestor of the Supreme God Clan, it was somewhat unreasonable that the various Dao Lineages sent Elders and other strong people to go there.

But it was too much for the Supreme God Clan to kill everyone because of this.

This meant offending many Dao traditions to death!

Of course, through this incident, another incident also shook many people's hearts, and they couldn't come back to their senses for a long time.

Gu Changge's strength was actually strong enough to rival the Quasi-Supreme powerhouse.

Even an existence at the peak of the Great Sacred Realm could not escape death.

Everyone had witnessed this with their own eyes that a powerhouse at the peak of the Great Sacred Realm of the Supreme God Clan was killed by him.

The shock caused by this incident was no less than the death of the eight Great Sect masters.

Many people felt that their scalps were going numb. Wasn't Gu Changge only in his early twenties?

Many powerhouses from the older generation went silent. Compared with Gu Changge, they felt like having lived almost their life like dogs at this age.

Many people couldn't believe it, how did Gu Changge cultivate?

Even if he was a reincarnated True Immortal, it was impossible to reach such a state in his twenties.

Even if he was born in the Sacred Realm, Wang Ziji, Jiang Chuchu, and others with Immortal Souls, their cultivation base was no more than the Quasi-Sacred Realm.

Some time ago, Chu Hao, the descendant of Supreme Dao Cave had shocked all parties, achieved a Quasi-Supreme Realm at the age of several hundred.

If he hadn't offended Gu Changge, many parties would want to extend an olive branch to him.

Now, in front of Gu Changge, even Chu Hao seemed bleak and irrelevant.

How did Gu Changge cultivate?

For a time, all parties were shocked.

Of course, many people were also speculating that among the younger generation today, the only one who could fight against Gu Changge was the mysterious inheritor of demonic art.

Although during this period of time the inheritor of the demonic art had disappeared.

But in some places, people could still hear the news that someone had been assassinated by him, and many Dao traditions were looking for their traces.

On the other side, Jiang Luoshen returned to the Supreme God Clan and went to find her father, the current Supreme God Emperor, right away.

She recounted everything that happened this time, back and forth, without any concealment.

Naturally, she also included the manner in which she offended Gu Changge and how she suffered losses from him before she escaped in the end.

Many things that were happening in the outside world today were inseparable from this incident.

After listening to it, even the Supreme God Emperor, who had never openly displayed his emotions, went extremely angry and had a sullen expression on his face.

A terrifying aura surged in the palace as if to destroy the world and divide the universe.

"Luoshen, if what you said is true then this Gu family child is really deceiving people. His behavior is so vile and despicable, it really does not deserve the title of the strongest of this young generation!"

The Supreme God Emperor was tall and burly, dressed in a golden imperial robe. His eyes were as deep as the vast and boundless starry sky, giving people a feeling of not being angry and arrogant.

At this moment, there was even a terrifying phantom behind him, ready to break through the sky at any time. Obviously, he was extremely angry because of this incident.

Nowadays, people were claiming that the Supreme God Clan had killed the leaders of various Dao sects in the tomb of the Supreme God and were using this pretext for seeking justice from them.

They had even sent people to demand an explanation about this.

If this matter was not handled properly, the Supreme God Clan would definitely cause public anger.

"Everything that I said is true, and there is no false statement. If it wasn't for the Emperor who provided me with a death puppet, I'm afraid I wouldn't be alive at this time."

"Gu Changge is powerful, his cultivation is unfathomable, his heart is cruel and his methods are despicable. This time, Gu Changge is the one who led the way..."

Jiang Luoshen gritted her teeth and replied, there was still a hint of fear on her calm face.

From birth to the present, she had been proud, and had always looked down on all beings from above, and this was the first time she had come close to the feeling of death.

That feeling made her shudder.

Even now, there was still uncontrollable fear and chill.

Moreover, what made her feel more terrified was that as long as she thought of Gu Changge, or even mentioned his name, her legs felt weak.

She really hated and feared Gu Changge, never thinking that one day she would almost die at his hands.

At that time, Gu Changge's indifferent and ruthless eyes still appeared in her mind from time to time, making it difficult for her to feel at ease.
