

Villain 411

Chapter 411-1: Starting to close the net, The Innate Gods want to suppress the Gate of Life (1)

In the ancient well that spewed out endless immortal energy, strands of purple mist emanated from it, which seemed very mysterious and ancient.

If ordinary people came here, they would definitely get lost because of the nearby formations, and it would be difficult to find the real location of the ancient well.

However, Gu Changge quickly determined the location of this place based on the terrain changes and the intersection of vitality and Bai Lian'er's guidance.

Here, with Jiang Luoshen, Tian Ze, Bai Lian'er, and others, he was looking at this ancient well with interest.

But, the fog was dense with flowing colorful clouds, and it was difficult to really see what was in it.

"Is Jun Ruoxi hiding here?"

Jiang Luoshen stretched out her jade hand, swiped a few times in the void and an ancient word "empty" emerged, and finally fell towards the ancient well below.

However, when it touched its surface, a layer of ripple-like power spread out, blooming with dazzling golden light and quickly disappeared.

"This is the power of this formation. The source of the formation that blocked us just now came from this place, and this is where the formation's eyes lie."

Jiang Luoshen quickly understood the truth, and her expression was a little moved.

At first, she insisted on coming to the Demon World because she was worried that Gu Changge would let her clansmen die, but now she was suddenly very interested in the secrets of the Demon World.

During the six thousand years of chaos, the disappearance of the Six Emperors was obviously no accident. Jun Bufan's rebirth and revenge seemed to her like being arranged by someone.

If the Demon World was a world-shattering chess game, then Jun Bufan and Empress Xi Yao could only be regarded as two pieces, and the Six Emperors who played them were the real people behind the scenes.

Now, along with Gu Changge, she had the feeling of being played by the Six Emperors. Thinking of this, she couldn't help but glance at Gu Changge, her eyes filled with brilliance.

Although Gu Changge was not good to her, it had to be said that he had an indescribable attraction to women, which would attract people into it.

"If Miss Ruoxi still doesn't show up, don't blame Gu for making a move."

At this time, Gu Changge spoke again, his voice flat and unwavering.

As he spoke, a thick black mist appeared in his hands, followed by the manifestation of the Xuan Yang Heavenly Sword which was forged like immortal gold.

The blade was sharp, and the slightest strands of Imperial pressure dropped down, making a trembling sound, seemingly so that the sky could be broken at any time.

This was a chilling murderous aura as if it could split everything in front of it with just the appearance. Although the Xuan Yang Heavenly Sword was an Imperial weapon refined by the Xuan Yang Demon Emperor at that time.

But after being suppressed by Gu Changge, it already appeared to be very docile, and the gods among them did not dare to resist, for fear of being wiped out by him.

"How can the father's weapon be in your hands..."

From within the ancient well, a voice finally sounded.

Although it felt like that of nature, it contained shock, coldness, and anger. Jun Ruoxi opened her eyes, still motionless, her whole body exuded a terrifying pressure and a murderous aura.

Her white hair was fluttering, her skin was like jade, and her dress was flying, pure white as snow, as if carved from the finest suet and jade, with amazing beauty.

At this moment, she was extremely angry and at the same time very puzzled.

The Xuan Yang Heavenly Sword was something that Xuan Yang Demon Emperor left to her younger brother Jun Bufan. How could it fall into the hands of the man in front of him?

Could it be that his brother had suffered an accident?

At this time, Jun Ruoxi suddenly noticed Bai Lian'er next to Gu Changge, her expression was stunned for a moment. She quickly recognized her, but she didn't expect that she was actually with Gu Changge.

At that time, Jun Bufan brought Bai Lian'er over, and she didn't ask much, thinking that Bai Lian'er was Jun Bufan's helper, but now it seemed that she was wrong and thought too much.

The childhood sweetheart 6,000 years ago turned out to betray Jun Bufan and followed an outsider.

"What did you do to my brother?"

She spoke again, her voice cold and without a trace of emotion.

"I never had the patience to say something for a second time. If you want to know how your brother is, then come out and see me."

Gu Changge spoke calmly and talked to her across the ancient well.

He was planning to try out the Xuan Yang Heavenly Sword to see if he could break the formation of the ancient well in front of him.

If it really didn't work, then he would have no choice but to use other means, like the Eight Desolate Devil Halberd or the Great Way Aquarius.

Jun Ruoxi was silent for a moment, and then said coldly, "I can't leave this place now, I can't come out to see you. Why is the Xuan Yang Heavenly Sword in your hands? What have you done to my brother..."

"Ohh?"

Hearing what she said, Gu Changge was naturally too lazy to talk nonsense with her.

A knife slashed straight ahead, and suddenly a vast black light erupted here, drowning everything.

This kind of power was really terrifying. If this place was not special, and there were formations everywhere, it would definitely turn into ashes almost immediately.

This was the power of the Imperial weapon, far exceeding the Supreme weapon. Although Gu Changge couldn't fully unleash it, it was terrifying enough.

Suddenly, there was only a vast sword energy left in the world, like an abyss pressing down toward the front. Even the Night Demon who assassinated Empress Xi Yao at that time could not exert such power.

The sky here was trembling as if it would crack and explode at any time. Jun Ruoxi's expression couldn't help changing. Although she was separated by this ancient well, she also felt this kind of terrifying power.

There were signs of collapse in the void around her.

In the next moment, her sleeves were rolled up, and many runes erupted, dazzling, and blooming into a star-like brilliance.

Boom!!

The top of the ancient well was like the sky falling as it was split open by Gu Changge's knife.

Many array patterns revived, gathering the power of this place, transformed into various splendid divine lights and chains of laws, drowning this place like torrential rain.

The dazzling brilliance erupted as if countless stars had exploded. This brilliance could make people unable to open their eyes.

Even Jiang Luoshen, Bai Lian'er, and others had to choose to step back and venture into another direction, not wanting to be affected.

"The Xuan Yang Heavenly Sword is not yours, why is it in your hands?"

Jun Ruoxi's pretty face turned cold, and there was a cold murderous aura in her voice.

Although she was separated by an ancient well, the strength displayed at this moment could actually rival the power of Xuan Yang Heavenly Sword.

Of course, she mainly relied on the power of this formation, otherwise, with her Supreme Realm cultivation, it would be absolutely impossible to display such a great divine might.

"Want to know? Then you can go down and ask its owner, okay?"

Gu Changge stood in the air, his expression indifferent. His dark clothes were hunting and his hair was crystal clear.

At this moment, as he swung the sword forward, a terrifying sword force rose behind him. It was like the rising of a brilliant black sun, with endless chains of laws falling, which seemed to be able to cut down the sun, moon, and stars outside the sky.

"You killed my brother?"

"Impossible... it is... the Xuan Yang Heavenly Sword that you got from killing Ye Yao?"

Jun Ruoxi's complexion changed again, although she was blessed with the power of the formation here, she still felt that she was not Gu Changge's opponent.

Although his cultivation was only in the Quasi-Supreme Realm, his aura was even more terrifying than some Supreme beings. Holding an Imperial weapon, he was extremely powerful.

In the next moment, she brought out a crystal clear divine sword from her sleeve.

This was an ancient forbidden weapon. Although the number of times it could be used was limited, the divine might that erupted was extremely terrifying.

As Jun Ruoxi descended through the ancient well, suddenly a vast sword energy swept across, ramming away at Gu Changge.

At the same time, the formation pattern here revived again, and an aura like the collapse of mountains and seas erupted, trying to eliminate Gu Changge's blow.

"That's all you have? You still want to stop me?"

Gu Changge's expression was still indifferent, it didn't change at all because of Jun Ruoxi's means, and attacked again.

"How is this possible?"

Suddenly, Jun Ruoxi's complexion changed greatly as she found it unbelievable. The body sitting cross-legged in the ancient well trembled violently, and lines of blood appeared on her jade-like palm, which was injured by the force of the shock.

Immediately afterward, the void trembled and Jun Ruoxi found that the sword she sacrificed was imprisoned.

The vast sword light descended again, but the void outside the ancient well was stagnant, and an inexplicable power descended.

Puff!

Jun Ruoxi spat out a mouthful of blood, even though she didn't really fight against Gu Changge, she just used divine powers to compete in the air, but she obviously lost.

"It involves the laws of space... and reincarnation..."

Her face was horrified, she felt a chill, and for the first time shivered because of a young man.

The strength of the other party made her despair. If it weren't for the many restrictions on the array pattern here, the other party would have killed her long ago and would not have given her a chance to contend.

Chapter 411-2: Starting to close the net, The Innate God wants to suppress the Gate of Life (2)

"If you don't come out, then I'll come in and kill you."

Gu Changge spoke indifferently again, and at the same time, his deep pupils began to glow with surging divine black and white light.

That kind of power was unparalleled, like reopening the universe and condensing heaven and earth again.

One left and one right, black and white were intertwined, as if reincarnation was evolving, one could even see the chaotic aura permeating, and countless stars were falling.

This was the first time he had fully used it after refining the origin of reincarnation in his eyes.

This kind of aura was extremely terrifying and could be called unparalleled in the world. Even Bai Lian'er, Jiang Luoshen, and others felt a kind of heart palpitation and a feeling of trembling from their souls.

Under this light, the truth of heaven and earth, the life and death of all things, reincarnation, there was nothing to hide.

This was a Supreme method.

All the formations above the ancient well were erupting, and all kinds of god-defying powers were being used to counter the power of this eye light.

Puff!

The ancient well trembled as the void blurred, and it began to collapse, revealing terrifying large cracks.

Jun Ruoxi's body trembled, she coughed up a few mouthfuls of blood again. Her face was pale, and her already pale complexion became even more bloodless.

She trembled in her heart, and the waves went up and down. It was hard to imagine that even the formation here could not compete with the opponent's strength.

In the next moment, Gu Changge found a flaw in the formation here, and he slashed again with a knife, breaking all the laws outside the ancient well.

He stepped forward, against the terrifying aura in it, and descended into the well.

With just one slash, he placed it on Jun Ruoxi's neck, and with just a little force, he could instantly remove her head and kill her.

"You!"

Jun Ruoxi's face was horrified, it was hard to imagine that the formation pattern laid by these Ancient Gods was broken by Gu Changge enabling him to directly enter the ancient well.

"I am giving you a choice to tell me what you know."

Gu Changge glanced at her and said lightly, without any fluctuations in his tone.

Jun Ruoxi came back to her senses and felt the terrifying cold lingering around her neck.

"I don't know, you can kill me."

She sat cross-legged on the ground, her hair was like snow, her face was bloodless, and she was severely injured in the fight with Gu Changge just now.

"Ohh?"

Gu Changge didn't talk nonsense with her. The Xuan Yang Heavenly Sword slashed down, and blood splattered immediately, but he didn't cut it down completely, just opened a hideous wound.

"You..." Jun Ruoxi's expression was a little painful, and her heart trembled.

Because Xuan Yang Heavenly Sword was not an ordinary weapon, but an Imperial weapon.

The Emperor Realm laws contained in it could easily wipe out her vitality and make her injuries difficult to heal.

At this moment, she even felt like facing death.

"Don't worry, I won't kill you yet. I believe your brother won't die for you."

Gu Changge's eyes were indifferent, without any nonsense, he directly sealed Jun Ruoxi's cultivation, then rolled up his sleeves opening the Inner Universe, and threw her directly into it.

And after Jun Ruoxi's figure disappeared, a terrifying aura appeared in this place, the divine spring under the ancient well surged, and all kinds of divine light erupted.

Gu Changge's expression moved slightly, and then between his eyebrows, a vague and terrifying figure walked out. The gray fog was so thick that it was indescribable.

This was his Innate God.

As soon as it appeared, it showed the fierceness of the heavens, and the void covering this place was about to explode. It seemed that the ancient well was about to collapse.

Afterward, the Great Dao treasure bottle appeared, floating up and down on the head of the Innate God, and the black light fell, suppressing and swallowing the aura of the place like a waterfall.

The vitality poured in and was swallowed up by the treasure bottle.

"It seems that it's not that Jun Ruoxi can't leave, but that after leaving, the aura of this place will be left unsuppressed, which will cause changes and attract people from the outside world. This might even cause the Upper Realm to pay attention..."

Gu Changge quickly understood the truth of this place.

However, it was now suppressed by his divine thoughts and the Great Dao treasure bottle. Even if someone suddenly rushed to this place, he could suppress it instantly.

Moreover, the aura of life that was constantly emerging from the Gate of Life was also a rare resource.

Jun Ruoxi entered his inner universe very quickly, which was inseparable from the special nature of this place.

"At this rate, I will soon be able to touch the threshold of the Supreme Realm..."

Afterward, Gu Changge swept around, his figure flashed before he left this place and appeared outside the ancient well.

"What is it?" Jiang Luoshen came over and couldn't help asking.

She was very curious and wanted to lean in to see it, but she couldn't bear the aura that made her body about to crack.

Although Bai Lian'er was also curious, she did not take the initiative to ask.

"A mysterious Gate." Gu Changge said, without explaining anything.

"You killed Jun Ruoxi?"

Jiang Luoshen no longer felt that aura from before and subconsciously thought that Gu Changge had killed her.

"I didn't kill her."

Gu Changge shook his head and said, "Let's leave this place."

The matter here was temporarily resolved, and he was still waiting for Jun Bufan to find the location of the Gate of Death. It seemed that the hidden place of the Six Emperors would appear soon.

Afterward, everyone turned into divine lights and left the place. Gu Changge followed the aura left on Jun Yao but did not get close enough to avoid startling the snake.

In the Nine Domains of the Demon World, except for the Xuan Yang domain, the rest of the domains were also extremely vast, with ancient trees and beautiful mountains and rivers.

Tian Chuan Region was a large region with outstanding people and vast territory.

Standing on the heights of this territory and looking down, one could see that a lot of spiritual energy was gushing out, lingering among the mountains and ancient trees. The mountains and rivers were magnificent, and there was no wild and ancient atmosphere.

However, in the depths of this domain, there existed a red land. The rest of the colors were invisible within a million miles, as if it was colored with blood.

In this place, thick black clouds were rolling, and extremely gorgeous corpse flowers were growing in many huge bones.

"How did Xiao Fan come to this place?"

The two women were on their way here, and the woman who spoke at the moment had an uneasy and worried look on her face, "This place is too far from the Imperial capital."

"I heard that he found a ruin here. If it weren't for the inaccessibility, it would have been found long ago." Another woman beside him explained in a gentle voice.

The two women were Jun Yao and Song Youwei who had left the Xuan Yang region.

"Really? But Xiao Fan is so good, how could he come so far?" Jun Yao was very puzzled.

Song Youwei shook her head and said, "I don't know, you should ask him after you see him yourself."

Jun Yao nodded and said nothing more. In fact, she and Song Youwei came here to find Jun Fan. She was still a little flustered and uneasy, worried about accidents.

After all, Jun Fan was no longer the younger brother she knew before. But thinking of the protective artifact Gu Changge gave her, she calmed down again.

Soon, the two of them walked all the way through the red land, and Song Youwei found a relatively remote and desolate hill according to the message left by Jun Fan.

Here, Jun Fan sensed their aura and walked out.

There were also many powerhouses behind him, all of whom were his father's original subordinates, with profound cultivation.

However, he was very vigilant. First, he secretly activated the secret technique and probed for the aura behind the two of them. After seeing that no one was following, he was relieved.

Jun Yao would come here with Song Youwei, which surprised him.

"Youwei, sister."

Jun Fan came out and greeted the two of them. However, Song Youwei did not speak but looked at him with complex eyes.

"Xiao Fan, why are you here?"

Jun Yao didn't seem to care about this but as soon as he appeared, she was very worried and puzzled.

Jun Fan glanced at Song Youwei. From her expression, he could already see everything. It seemed that she already knew his true identity.

"I learned that a ruin appeared here, and I planned to come and explore it, but I found that my strength is limited, so I invited Youwei to come with me."

"Then why are you here, sister?"

Jun Fan explained, and then his face was a little confused as if he didn't know Jun Yao's purpose.

Hearing this, Jun Yao's expression darkened, and she said worriedly and anxiously, "I don't know why, I went out into the mountains that day to find a flower. You know that Young Master Changge likes to drink tea, so I... On the way back to the Imperial capital, I heard the news that my father and the others were imprisoned by Her Majesty the Empress in the Heavenly Prison. I didn't know what to do. Then I met Sister Youwei. She said she knew where you were..."

Hearing the explanation, Jun Fan also understood that Jun Yao knew nothing about what happened, nor did she know his true identity.

He felt a little fortunate and sighed. In fact, he didn't want Jun Yao to know this.

In this way, it was just right, saving a lot of trouble and explanation.

Chapter 412-1: The Gate of Death finally emerges, Hand over the key or I'll kill her (1)

"I have already heard about this matter. It may be that my father's ineffectiveness this time has caused Empress Xi Yao to be angry. Sister, don't worry, maybe after a while, when Her Majesty the Empress's anger subsides, she will let father and the others go."

Seeing Jun Yao's expression, Jun Fan comforted him.

"Is that so?"

When Jun Yao heard him say that, she seemed relieved and didn't say anything more.

Song Youwei kept looking at the two of them, her expression was extraordinarily calm, and she didn't say anything.

To be honest, she was a little disappointed with Jun Fan. At this time, he did not dare to admit his identity, and even had to hide it from her.

However, since Jun Fan didn't plan to admit it, she was too lazy to care.

This was the last time she would follow him to explore the ruins. After that, the friendship between the two of them should end.

Her intention to come here was to ask about Jun Fan's attitude, but in the face of his sister, he concealed it so much that she couldn't help but feel disappointed in Jun Fan.

If Jun Fan gave her a reasonable explanation, then she might find a way to help him. If he was not guilty, why would he cover it up?

"It is said that there is a very mysterious portal hidden in the Demon World, which contains indescribable opportunities."

Jun Fan opened his mouth and talked to the two of them, intending to find the Gate of Death first. During this time, he explored many areas and avoided some dangerous places.

"Really? This place does contain some strange fields. According to what you said, some differences can indeed be found."

Song Youwei nodded and took out a compass with various runes flashing on it, which was extremely dazzling and gorgeous.

Seeing this, Jun Fan smiled and said, "If we can crack the domain of this place, maybe we can find that mysterious portal, which contains unimaginable opportunities."

Later, he went ahead on the road and at the same time, an ancient route emerged in his mind along with that the key left by the Xuan Yang Demon Emperor came into play.

This ancient route, like a star map, instructed him to proceed, so as to avoid accidentally hitting some dangerous trap. Here, several people saw a lot of tattered weapons, corpses stained with black blood, as well as tattered fragments of ancient warships, flying boats and divine swords.

They could imagine that there was indeed a war. They hurried on their way, ventured deep, and cracked many formations and mists.

Song Youwei was very skillful, plus Jun Fan was holding the key and had a specific route. There were almost no obstacles, so they entered a deep place.

Only Jun Yao looked at the two of them in surprise, followed silently behind them and at the same time clenched the protective artifact Gu Changge gave her.

Soon, everyone saw a desert-like scene with rolling yellow sand, covering the world.

On the other side was also a bare mountain range, lacking lakes and greenery, all volcanic craters. The magma in it was black-red blood.

The wisps of black and red firelight with the divine and bloody aroma, kept floating, an indication that it took many years to form.

They couldn't see the scene farther away, but they felt that the laws of heaven and earth here were not suitable for the creatures of the Demon World to cultivate and survive.

"What happened here... Jun Fan, you seem to have a map of this place, and many places are unobstructed." Song Youwei glanced at Jun Fan and added.

"I just happened to get a residual picture..." Jun Fan said with a calm face, "That's why I thought of inviting you to come and see if you can decipher the scene here."

Song Youwei frowned, nodded, and said nothing more.

They continued to move. There were many fierce beasts infested here. They were powerful. Because they had been infected with the aura of death all year round, they were far more powerful than ordinary beasts. They also spent a lot of effort to pass this place, to venture deeper.

After Jun Fan and others left this place, a group of powerhouses appeared, following behind them, all of them concealed their aura and did not show it.

"It seems that Jun Bufan and the others can indeed find the exact route... The so-called Gate of Death is really here."

Jiang Luoshen's tall and slender figure dressed in a golden robe appeared with slender legs and fluttering blond hair. In her golden eyes, the divine rune gradually disappeared, and she said with some interest.

After Jun Fan and the others stepped into this place, they arrived quickly, but they never showed up and were always at a distance. So as to not be noticed by Jun Fan and others.

"Gu Changge, how on earth did you make Jun Yao so obedient that she is willing to be a tool person who leads the way..."

She couldn't help but ask Gu Changge, whose expression was flat and did not fluctuate.

In her opinion, women were emotional. Even if they knew that what Jun Fan had done could harm the family, it was difficult to make up their minds to deal with Jun Fan.

The deeper she knew about Gu Changge, the more terrifying she found out about Gu Changge, whether it was his strength, cultivation, or means.

"Is this important?" Gu Changge looked back and glanced at her.

"Forget it."

Jiang Luoshen snorted coldly, feeling some grievances in her heart. How noble her status was, and now being called by his side every day as a maid, she didn't say a word of tiredness.

But sometimes when she asked something, Gu Changge didn't even bother to pay attention to her, and his attitude was so indifferent.

Although she knew that this was Gu Changge's real face, he was usually gentle to her, it was only the appearance of what she wanted. But sometimes she really felt like he couldn't feel emotions.

"Does the Princess of the Supreme God Clan also have such a sluggish and wronged day?"

Boom!

In the void, a cloud of deep black mist filled the air as Bai Lian'er appeared. Seeing Jiang Luoshen's appearance, she couldn't help but say with some interest.

"You care?" Jiang Luoshen looked at her coldly.

Bai Lian'er laughed and didn't say much, her figure turned into mist and disappeared again with a bang.

Jiang Luoshen's face was as cold as frost because with Bai Lian'er she felt more and more uncomfortable.

"I will tell you what should be told. It's no use asking something you shouldn't."

Gu Changge shook his head slightly and replied before turning into a divine light and heading towards Jun Fan's location.

Jiang Luoshen snorted coldly. Although Gu Changge's attitude was perfunctory, it made her feel a little better. He would still care about her emotions.

In the distant hills and valleys, a strong aura of death permeated. Here one could even see the corpses of many huge monsters, like a hill, lying quietly here, no flesh and blood could be seen on them, and only a layer of dry bones were left.

There was also a collapsed palace here, which once seemed to be a powerful force, and the outlines of pavilions and squares could still be vaguely seen in many places.

"According to the route, the portal is in this depth and I can also perceive its aura..."

Jun Fan opened his mouth, a little excited in his words. Everything had finally lived up to his expectations. He would soon be able to see his father and ask about many things from the past six thousand years.

Song Youwei nodded. Behind these collapsed palaces was a forest filled with a red fog.

What kind of trees were they? She had never seen them before, of course, the most important thing was her.

Even with her method, it took a lot of time to break down the obstacles, and she also had to spend very precious treasures for breaking the formations.

At this moment, she couldn't help but be a little curious about this place.

"This crimson fog contains strong corrosiveness as if it is blowing from the Nine Serenities. If one comes in contact for a long time, it will inevitably lead to disasters."

Song Youwei took out a secret treasure from her storage ring, like an armillary sphere, and caught some red mist into it. She found that the red mist seemed to have spirituality, and even wriggled.

The sight made her shudder. However, she protected her body with spiritual energy outside the body surface. That could still block it for the time being.

Soon Jun Fan and the others went deep into the red forest in front of them. At the junction of several mountains ahead, they saw an incomparably majestic portal, flowing with radiance and immortality, standing erect.

Behind it was an invisible mountain, which seemed to lead to another world.

"What is this?"

Jun Yao felt a chill as if they had come to the real gate of hell. The wisps of red mist were emitting from the portal, which was terrifying.

"The Gate of Death..."

Song Youwei frowned. She remembered, and recognized the two ancient characters on the portal in front of them. They were innate demonic characters from an extremely ancient period, and now they were almost lost.

The crowd began to surround the portal, wandering around and looking at it. At this time, Jun Fan felt that a faint brilliance had appeared in his Sea of Consciousness space.

The key was glowing, manifested from the corner and could be taken out with a single thought.

At this moment, he had already determined that the Gate of Death that the Demon Emperor Xuan Yang had told him was here.

Only the person with the key could enter this door.

Chapter 412-2: The Gate of Death finally emerges, Hand over the key or I'll kill her (2)

"This is the chance Xiao Fan you are looking for, is it behind this portal?" Jun Yao asked, very nervous, holding the protective artifact Gu Changge gave her in her hand.

Jun Fan couldn't help but smile, there was nothing to hide at this time.

He nodded and said, "Behind this door, there is a secret of the chaos that happened in the Demon World 6,000 years ago. As long as I walk in, everything will be known."

He believed that as long as the Xuan Yang Demon Emperor was found, the current situation in the Demon World would be reversed in an instant.

The situation of Empress Xi Yao's unification of the Nine Regions would soon be broken, and all problems would be solved.

"There is also a line of small characters here, which seems to say that only those who have the key can pass through this door and enter the large formation... It turned out that inside the portal, it turned out to be a large formation. Who set this up?"

Song Youwei approached, frowning tightly, staring at a line of small characters next to the portal, carefully identifying them, and recognizing them.

After that, she looked at Jun Fan, and judging from his expression, he obviously knew about it. Therefore, Jun Fan actually had the key to enter this portal.

"You have the key in your hand, right?" Song Youwei asked.

"This is the key..."

Jun Fan heard the words, but there was nothing to hide. There were no outsiders present.

After he finished speaking, brilliance flashed in his palm, and a scale-like thing emerged with brilliant radiance, with some strange lines on it, which looked like the scales of some kind of monster.

If it wasn't for Jun Ruoxi's reminder, he wouldn't even know that the scale that was thrown in the corner of his sea of consciousness space at that time would actually be a key.

"I will enter it for a while, you can leave, or you can wait for me here, but I feel that after entering, I may not necessarily come out from here."

Jun Fan then said again, looking at the portal, intending to use the key to walk in.

Boom!!

But at this moment, a terrifying murderous aura suddenly attacked from behind him, making him shiver all over, and his whole soul seemed to be frozen.

With that a blue short knife passed through the void, killing intent submerging all directions, and the space seemed to be stagnant.

"Be careful, Young Master."

At a critical moment, a powerhouse behind Jun Fan roared, urging the whole body's aura, muscles, and blood vessels, bursting out the most powerful force in this body, pushing Jun Fan away.

And he himself was pierced by this short knife between his eyebrows, and he died instantly, both physically and mentally.

Boom!!

A cloud of deep black mist appeared in the distance, and Bai Lian'er appeared, holding a short knife in his hand, looking a little regretful.

"Unfortunately, if the reaction was a little slower, you would have died just now. But your luck is really good to avoid."

"It's you!"

Jun Fan's soul was scared. He didn't expect that he almost died because of carelessness just now. He stared at Bai Lian'er with a gloomy face, extremely angry and cold.

The many powerhouses behind him were also vigilant at this moment, offering all kinds of divine weapons, and staring at Bai Lian'er, in case she continued to attack.

"What is happening?"

Song Youwei and Jun Yao were also startled by the sudden scene just now, and they broke out in a cold sweat.

Although Bai Lian'er was the daughter of the Demon Master Bai Kun, after six thousand years, there were not many people who could recognize her at a glance.

They didn't recognize her at the moment.

"Hand over the key obediently, otherwise no one will be able to save you today. Everyone around you will die with you."

Bai Lian'er looked at him lightly, her voice did not fluctuate, and she seemed extremely indifferent.

Jun Fan said with a gloomy face, "You followed me all the way?"

"It doesn't matter, what matters is that if you don't hand over the keys, you will die today."

Bai Lian'er didn't answer, just stared at the scale in Jun Fan's hand.

"If you want the key, you can try to take it."

Jun Fan did not hesitate and took out a golden decree from his storage ring. After the aura was activated, it began to expand in the wind, covering the sky.

There were many star-like divine inscriptions circulating on it, which were majestic and heavy, like heaven, and could be pressed down at any time.

Moreover, each divine script was like a star, where the strongest sword energy evolved, so sharp that even the sky trembled.

This was one of his trump cards, which could explode with unparalleled power after being activated. He was confident that he could stop Bai Lian'er.

Chi!!

One after another dazzling sword lights descended, drowning the place, strong and terrifying, like thousands of divine swords slashed.

"Wouldn't cry without seeing the coffin, I think you are going to court for death."

Seeing this, Bai Lian'er's expression was indifferent, and her expression did not change in the slightest because of Jun Fan's methods. At the same time, her figure turned into a mist and disappeared, as if she had merged into the void.

The world-shattering murderous aura filled the air, and everyone felt a chill all over their bodies, a tingling sensation in their souls and even their eyebrows seemed to be split open.

This was monstrous killing intent.

Bai Lian'er was worthy of being the descendant of the Killing Emperor. As soon as she displayed her absolute power, everyone shuddered, as if they had been dragged into the Underworld, and would sink forever.

Chi!!

However, the golden decree was not simple. With the recovery, it began to attack with many divine swords, making a loud noise, making the invisible Bai Lian'er unable to approach Jun Fan and being forced out from the void.

She frowned, looked up at the golden decree, and revealed her figure.

"How long do you think this decree can protect you?"

Bai Lian'er said lightly, not choosing to continue attacking, but standing in place.

Jun Fan thought she was afraid, he breathed a sigh of relief, and sneered, "I don't need it to protect me for a long time, as long as I enter the portal, this time is enough."

"So it seems that you are going to give up on everyone here, regardless of their life or death?" Bai Lian'er couldn't help but mock.

Hearing this, Song Youwei and the others' faces changed slightly. They naturally knew Bai Lian'er's terrifying methods. If Jun Fan didn't care about their lives, then they would definitely not be Bai Lian'er's opponents.

"Are you threatening me?" Jun Fan looked ugly, holding the scale tightly in his hand. He was very unwilling, the portal behind him was clearly not far from him.

But if he entered, Jun Yao, Song Youwei, and others here would all die without a place to be buried. It was impossible for Bai Lian'er to let them go.

"Hand over the key and I can let them die. If the people behind me arrive, it will not be that easy to solve this."

With a pity-like mockery, Bai Lian'er stood on the spot and gently wiped the short blade in her hand.

"Don't even think about it, I won't give you the key. If you dare to hurt them, no matter where you run away in the future, I will have the means to kill you. Bai Lian'er was not like this at the beginning, Now she actually helped others, I wonder how Uncle Bai Kun will feel when he finds out?"

Jun Fan sneered as if he had seized Bai Lian'er's weakness. He believed that as long as he entered the portal and found his father, what fear would Bai Lian'er have?

"Shut up, my father just listened to your father's words, that was why he ended up in such a land and caused my mother to die young. Now that you say this, you are courting death."

Hearing this, Bai Lian'er's expression suddenly turned gloomy and murderous. If it wasn't for this golden decree protecting Jun Fan, she would definitely smash him into pieces.

"What's the use of talking so much? It doesn't change the fact that you violated Uncle Bai's words and betrayed me."

Jun Fan calmed down, there was another thing in his hand, and he began to calculate the timing, ready to sacrifice it later, landing a fatal blow on Bai Lian'er.

"I almost fell for your trick, I don't need to be angry because of you."

But at this time, Bai Lian'er seemed to have reacted, her emotions returned to calm, and her eyes went cold.

Boom!!

At this time, above the sky, violent fluctuations emerged followed by a golden Dao with many figures standing on it.

The man heading them was dressed in a mysterious robe, his hair was crystal clear, shrouded in multi-colored divine brilliance, and his expression was flat, displaying the intention of overlooking.

In the next moment, a giant palm that lifted the sky fell, with unparalleled power, covering the world, and suddenly tore away the golden decree in the front.

"Gu Changge..." Seeing this scene, Jun Fan's complexion changed drastically, and he was extremely horrified.

Chi!!

Suddenly, hundreds of millions of golden lights erupted there, terrifying fluctuations, surging like a tide.

The golden decree tried to fight against it, but the giant palm in the sky was extremely powerful. It arrived from there and was wrapped in a chaotic aura. It was not a simple illusion, but the physical manifestation of powerful energy.

Click!

The golden decree cracked open, and many terrifying sword lights were quelled by this palm.

"Give me the keys. Or I'll kill her."

Gu Changge fell from the sky, his expression did not waver, he was holding a figure in his palm, and he could kill her at any time.

Chapter 413-1: If you knew it then why bother? Are you questioning me? (1)

"Gu Changge... How can my sister be in your hands?"

Jun Fan watched this scene in shock and awe. He didn't expect Gu Changge to tear up his golden decree as soon as he appeared.

And he noticed that the figure in Gu Changge's hand was his sister Jun Ruoxi.

However, she was not in a good state now. The terrifying wound was almost running through her neck, and it was bleeding continuously, seemingly very difficult to heal.

Her face was also pale. She had lost her former agility.

"Thank you for this. If you hadn't led the way for me, how would I have found your sister?"

Gu Changge said lightly and threw Jun Ruoxi on the ground.

At this time, Jiang Luoshen, Tian Ze, and other powerhouses behind him arrived, surrounding everyone with all kinds of weapons emanating great power.

"You are too embarrassed to say it. If it wasn't for your malicious intentions, why would you do this?" Jun Fan was furious, his fists were clenched tightly as coldness erupted from those eyes.

"Who can you blame for being so stupid?"

In Gu Changge's hand, the Xuan Yang Heavenly Sword appeared as he placed it on Jun Ruoxi's neck, and said casually, "You can try to see if you can escape faster, or my knife is faster."

"If you just escape like this, chances are your sister's head will roll down in the next moment with a grunt."

"Why is the Xuan Yang Heavenly Sword in your hands? Could it be that Uncle Ye has already been killed by you?"

"Bai Lian'er is yours, and she was the one who went with me at the time... If it wasn't because I trusted her, I wouldn't have hurt my sister. I really hate you!"

This scene made Jun Fan's eyes crack, his hands clenched into fists, teeth clenched, and he was simply turning mad.

He never thought that because of this incident, Jun Ruoxi would be caught by Gu Changge, and now she was on the verge of dying.

He still remembered what Jun Ruoxi said at the time, saying that she had a way to deal with Gu Changge and was not worried about being found.

But now, she had fallen into Gu Changge's hands, and her life and death were unpredictable.

Jun Fan couldn't even imagine whether his sister had been tortured by Gu Changge during this period. Such a big change made him dizzy, and his eyes almost went black.

"I told you to hand over the key. Maybe there is still a way for you to survive, but no one can save you now." Bai Lian'er said with a sneer.

Jun Yao and Song Youwei were also watching this scene in shock at the moment, especially Song Youwei, she felt very uneasy.

She naturally knew that the current Empress Xi Yao was nothing more than a puppet supported by Gu Changge, although she was presiding over the Demon World on the surface.

But secretly, she was constrained by Gu Changge. This time, she didn't believe that there were no instructions from Gu Changge and arrangements for the matter of pacifying the King of Chaos.

Now that she and Jun Fan were together, Gu Changge could regard her as from the same gang, and when the time comes, her father would also be implicated.

"Bufan, don't worry about me, enter that portal to find father. Only our father can save you and avenge me."

Jun Ruoxi's face was pale, and she shouted at Jun Bufan. When she was caught by Gu Changge, she was already determined to die.

She knew that since Gu Changge had found her, it was absolutely impossible to let her and Jun Bufan go.

As for wanting Gu Changge to show mercy, that was even more impossible.

"Elder sister..."

Jun Fan's face was sad and his voice was trembling. He simply couldn't do anything to give up his sister's life and live alone.

The gate behind him was not far from him, as long as he wanted to, he could rush in instantly. But in this way, Jun Ruoxi would definitely be killed by Gu Changge.

For a time, he was in a dilemma, not to mention that there were other people nearby. These people could all die because of him.

"Give me the key, and I can spare you brother and sisters' lives, naturally including everyone here. My patience is very limited. I will give you three breaths to consider. After three breaths, I will kill one person after one breath."

Gu Changge looked at Jun Fan, his expression was very indifferent. His tone was even more unwavering, as casual and natural as stepping on a few ants to death.

"Gu Changge, don't deceive people too much!" Jun Fan was furious, his teeth clenched, and his body trembled.

"Are you questioning me?" Gu Changge said lightly, with his fingers together, he swiped forward, and the golden decree in front of him exploded, turning into a mist, destroyed on the spot.

Everyone looked at this scene, their backs were terrified, their faces were terrified, and even their limbs were so weak that they almost fell to the ground.

How terrifying the golden decree was just now! They had already witnessed its might, but in front of Gu Changge, it was easily torn apart.

How terrifying was his strength? Even if they wanted to escape, they had no chance.

If Jun Fan really didn't care about them, then they would definitely die today!

Everyone became desperate, even Song Youwei's complexion changed slightly and she was stunned by Gu Changge's ruthless indifference.

She could clearly see Gu Changge's true appearance. Looking at Gu Changge's current appearance, Jun Yao couldn't help trembling in her heart.

It was difficult to connect the personable, and suave young man in the imperial capital with Gu Changge in front of him.

Although she knew that Gu Changge could not kill her, she still did not dare to look up at him. Her heart and soul were trembling.

This was a huge terrifying power, like an ice-cold and heavy abyss that stretched over everyone's heads.

"Gu Changge, I'll give you the key, but you have to swear that what you just said must count. Otherwise, even if I die, I won't give you the key."

Jun Fan clenched his teeth, his expression was struggling and painful. Finally, his eyes turned red, staring at Gu Changge with unwillingness, like a beast on the verge of despair.

He couldn't leave everyone alone. And he wasn't sure if he would be caught by Gu Changge if he escaped to the door behind him.

Now his biggest reliance was still on his father, Xuan Yang Demon Emperor.

If Gu Changge entered it, he might meet his father. At that time, no matter how strong Gu Changge was, would he still be his father's opponent?

After thinking about it for a while, Jun Fan still decided to hand over the key and wait for a while.

"If you knew it, why bother just now?"

Gu Changge smiled lightly, and then said, "No problem, I swear. Your life is not worth much to me."

Afterward, he didn't talk nonsense, swearing in front of Jun Fan and everyone with the heart of Dao. He would not embarrass them, if he violated this oath, heaven and earth would destroy him.

Hearing this, Jun Fan's expression finally loosened, and swearing with the heart of Dao in the cultivation world could be said to be the most severe oath.

Heaven and Earth would be the witness, no one would make fun of their own cultivation heart.

The people behind him were relieved to see this, but they were still very terrified of Gu Changge and kept silent.

"Here is the key, I hope you will keep your promise."

Jun Fan was very reluctant to hand over the key to Gu Changge.

In his heart, he still hoped that Gu Changge could be held back. After all, as long as there was time, he would have a chance to escape.

"There's nothing surprising about it, it seems that it should be the scales of some kind of monster."

Gu Changge glanced at it, and his expression was a little surprising. The material was not simple. He poured some of his power from his fleshy body just now, but he wasn't able to destroy it, and it didn't even react at all.

He then stretched out his palm and hit Jun Fan in the abdomen, sealing his spiritual sea cultivation base.

"You..." Jun Fan's face changed dramatically, and he was extremely angry. He didn't expect Gu Changge to actually seal his cultivation.

"Keep an eye on them."

Gu Changge ignored him, instructed Jiang Luoshen and others, and then stepped into the portal.

The key in his hand glowed, and the many lines on it seemed to have recovered as they appeared.

Vaguely, everyone saw a vague monster appearing in the virtual space, surrounded by mysterious and unpredictable power. The power of space was mighty, and it seemed that it could shatter this place at any time.

"Could it be the legendary mirror demon..."

Gu Changge squinted his eyes, and a ripple-like aura spread out in front of him, like ripples on the water.

After he walked in, the portal flashed with brilliance and returned to its original state.

After seeing that Gu Changge was gone, everyone couldn't help but breathe a sigh of relief, Jun Fan walked over and tried to help Jun Ruoxi up.

However, with a wave of Bai Lian'er's sleeve, he was immediately fanned out and slammed into the mountains behind.

"What are you doing?"

Jun Fan's face was angry, and he climbed up from the ground with difficulty. He was sealed by Gu Changge and couldn't resist at all.

"It's nothing, I just want you to be honest and don't move around."

Bai Lian'er glanced at him casually as she sat down on a stone, and said to herself, "I wonder what Gu Changge will see after entering, whether to leave from here or from the Gate of Life?"

"I feel like we don't have to wait for him."

Chapter 413-2: If you knew it then why bother? Are you questioning me? (2)

She vaguely knew the rumors of the Gate of Life and the Gate of Death. The Gate of Death in front of her could only be used to enter and the Gate of Life could only be used to exit.

They were waiting for Gu Changge here, but they were actually waiting for nothing.

Jiang Luoshen ignored her, but glanced at Jun Yao, Song Youwei, and the others, and said to the many powerhouses behind him, "Be optimistic about them."

After saying this, she walked to the portal and looked at the crimson mist, frowning. She felt that this kind of thing was very familiar, like a kind of spiritual energy that she had seen in the classics.

Skeleton Spirit aura could only be born after the death of the great monster who had cultivated in the Nine Heavens.

This kind of spiritual energy was not suitable for cultivation, on the contrary, it would pollute the meridians and organs of living beings. If things went on like this, it would lead to the decline of spiritual cultivation.

She didn't expect to see Skeleton Spirit aura here.

Didn't it mean that in the world outside the Gate of Death, a peerless monster had fallen?

"The world within the Gate of Death will not be too simple. I'm worried about how that guy is doing, he'd be better off dead in there."

Jiang Luoshen shook his head slightly, feeling that she was so cheap that he would actually feel worried about Gu Changge.

Outside the gate was a completely different world. After Gu Changge stepped in, he felt that something was wrong.

The aura of death here was more intense, the red mist seemed to be pervasive, trying to penetrate his body.

However, with the slight shock of the spiritual energy on his body, this red mist burst open, let out a creepy scream, and turned into ashes.

The sky was completely different from the outside world of the Demon World, the fog was bleak, many mountain peaks collapsed and burst. There were large cracks and traces of battles everywhere.

"The origin of the Demon World should be in this space. It seems that there has been no peace among the Six Emperors for the past six thousand years."

Gu Changge's figure walked into the void space and disappeared instantly. Following the traces of this place, he began looking for the hidden aura of the Six Demon Emperors.

Judging from the traces of war here, the Six Emperors should not be united with each other.

"The origin of the world is only one piece. Regarding the changes in the Luck of the Demon World. Among the Six Emperors, it can only support two or three people's cultivation and perception. As a result, there will inevitably be differences in opinion..."

"If I'm not mistaken, this red mist should be the substance produced by a certain Demon Emperor after his death. This is why it has amazing spirituality and wants to devour the flesh and blood of living beings."

"If the Demon Emperor falls, then things will be easy to handle."

Gu Changge's eyes opened and closed as the black and white colors flowed within them. It was as if he had come to the beginning of the world, and he could see the chaotic energy surging in it, the evolution of reincarnation, and the fall and collapse of the terrifying star.

This was a kind of vast divine power, which he exerted to gain insight into the many traces and changes in this place, and even some scenes.

There were a few fragments imprinted in the long river of time, recording some scenes that happened here.

With Gu Changge's current state, although he couldn't fully trace the river of time, he could capture some fragments of the picture.

However, in order to verify his guess, Gu Changge still took out the Hongmeng Purple Mirror for deduction. Many pictures appeared, although vague, but it verified his statement.

"Sure enough, a Demon Emperor has fallen..."

Gu Changge's guess was confirmed, and he saw a world-shattering war that broke out in this space at that time.

Although the Hongmeng Purple Mirror could only be used once in half a month, in this place, even the existence of the Emperor Realm could be deduced and traced back.

In the battle of the Six Emperors, the last man fell, and the two escaped, fleeing into this space to hide.

The other three cooperated and planned to wait for the origin of the world to mature.

"The two who escaped should be the Xuan Yang Demon Emperor and the You Yue Demon Emperor. Their companions were besieged and killed, and the two were seriously injured..."

Gu Changge judging from the battle screen, the Xuan Yang Demon Emperor was in the Emperor Realm, while the You Yue Demon Emperor was only in the Quasi-Emperor Realm, which was obviously weaker than him.

Of the other three Demon Emperors, one was in the Emperor Realm, and the other two were in the Quasi-Emperor Realm.

After gaining insight into this, Gu Changge quickly made a plan in his heart to head toward the origin of the scarlet mist. His speed was very fast, running in this vast space.

In the blink of an eye, countless distances were crossed, and a distant place appeared.

"Someone arrived here..."

At the same time, in a majestic mountain far away from Gu Changge.

There were many stone caves there, each of which was engraved with Dao of runes with bright brilliance. It was soaring to the sky, and the immortal brilliance permeated all directions.

Three terrifying blurred bodies sat cross-legged in various stone caves, their eyes were very deep, and their aura was so powerful that the world changed color. Even the void trembled.

Even Supreme beings would be crushed into blood mist in front of them. Not far from them, there was a bottomless abyss.

There were wisps of immortal brilliance and other things that continued to diffuse out and were refined and absorbed by them.

At this moment, one of the figures opened his mouth. His eyes were very deep, and there seemed to be many scenes evolving and blending into this world. His aura was also the most terrifying, and it seemed to cover the world.

"Did that guy Xuan Yang find a helper?"

Another figure was speaking, with golden eyes, as if two suns were burning.

He also sat cross-legged on the ground, and his aura seemed to extend into every inch of space.

"I don't know, there was a little change just now, he was spying on our traces, this person may not be simple."

The existence who spoke just now said that there was a terrifying divine brilliance on his body, turbulent like a vast ocean, turbulent with the words.

"When the origin of the world matures, Xuan Yang and You Yue will definitely not hold back, and they will definitely show up here."

"We just have to wait for them to come out. The people who came in just now, even if they are Xuan Yang's helpers, there is not much to be concerned about."

He continued, looking extremely indifferent.

"Chi Xiao, how confident are you that you can kill Xuan Yang this time?"

Hearing this, another creature opened his mouth and asked. Shrouded in a thick blood-colored fog, his eyes opened and closed, an endless sea of ??blood evolved, mountains and rivers perished, stars fell, and countless creatures were buried.

His body was a Blood Demon, which emerged from the endless sea of ??blood, with terrifying strength and monstrous might. He was once called the Blood Demon Emperor by all beings in the Demon World.

Six thousand years ago, if it wasn't for his amazing vitality, he was almost killed by the Xuan Yang Demon Emperor and the You Yue Demon Emperor. Now that his injuries were all healed, he just wanted to seek revenge on them!

"As long as they dare to show up, they must be 100% sure. At the beginning, he promised not to leak this matter, but he even secretly left a message to his son, intending to kill me, etc. This must be avenged!"

The Demon Emperor named Chi Xiao heard the words coldly, his eyes filled with murderous intent, causing the world to shake.

At this time, Gu Changge had already found the origin of the scarlet mist. He stood on a mountain peak and looked at the scene in front of him, a little thoughtful.

"Is this the corpse of the Demon Emperor? It's a pity, I came half a step late, and a lot of origins have passed, but I can barely make do with it..."

This was a shocking scene. A terrifying monster, like an ox, quietly fell in front of it. He didn't know how high it was, and he couldn't see the end. It seemed to stand in the universe.

All the surrounding peaks collapsed, cracking open countless rift valleys. Standing in front of him, Gu Changge looked as insignificant as dust.

This was the body of the Quasi-Emperor Realm monster.

Many creatures in the Demon World actually had their own bodies, which were quite different from their usual appearances.

Empress Xi Yao's body was the You Yue Deer, and in the Upper Realm, they were extremely rare.

"At least seven sources have passed over six thousand years..."

Gu Changge shook his head slightly, then opened his mouth and whistled. Suddenly a black light rushed out from the sky, turning into a galaxy like a river, and wrapping up the body in front of him.

A faint divine radiance rose from his body, turning into small vortexes, in which there seemed to be ancient gods sitting cross-legged, chanting and dying, swallowing the heavens and the earth.

For Gu Changge, refining its origin would not take long.

"Almost broke through the late stage of the Quasi-Supreme Realm..."

Afterward, he got up and ventured in the other direction, intending to find the location of the Xuan Yang Demon Emperor and the You Yue Demon Emperor first.

He already had a general orientation about the hiding place of the two of them, when he deduced just now.

Chapter 414-1: I met my brother Bu Fan, The snipe and clam compete for the fishermans profit (1)

"It should be Fan'er who found it! The message I left him at the beginning should logically be understood by him now."

In an ancient cave where the rays of the sun were shining and the aura of the Dao was intertwined, a stalwart figure was sitting cross-legged. His face was blurred, and he was surrounded by chaotic mist.

On the ground, there was undried multicolored blood, very stinging as strands of imperial radiance filled the air.

At this moment, he opened his mouth, with a touch of relief in his words.

"What Brother Xuan Yang said is true?"

Not far from this figure, a tall and slender woman appeared.

She was dressed in a pure white robe, like the interweaving of the moonlight, and she had an innate noble aura as if a moon goddess had descended.

"This matter is naturally true. In the beginning, I left a lot of backhands for Fan'er just so that he could come here to find the truth in person. I felt that the key I left him has touched the rules of heaven and earth here, indicating that he has come here."

"I think he'll find us soon."

The Xuan Yang Demon Emperor smiled faintly, feeling quite relieved.

"Really, that's good, Chi Xiao and others are also planning to make a move."

The You Yue Demon Emperor nodded. Her eyes were deep, and her hair resembled a silver waterfall, like a galaxy.

Although her aura was not as powerful as the Xuan Yang Demon Emperor, it was extremely mysterious.

"We should also prepare, I am bound to win the origin of the world."

The Xuan Yang Demon Emperor's eyes gradually deepened. He got up and left this place. In one step, the world froze and he appeared in the void outside.

He was waiting for the arrival of Jun Bufan.

Six thousand years ago, in order to plan the origin of the Demon World, the six of them did not hesitate to set up a world-shattering situation.

Not only did they deceive everyone in the Demon World, but they also deceived many outside worlds, making many people mistakenly believe that they all fell into the chaos of the Demon World 6,000 years ago.

To hide such an opportunity from the public, they could only enter this place and wait for the maturity of the origin of the world.

As the Mirror Realm was born after the fall of the last Mirror Demon in the oldest period.

This place was once set up by an ancient existence in the Demon World. With the Gate of Life and Death as the eye, the existence of this place was blocked to cover up the biggest secret of the Demon World.

The existence of the origin of the world.

Even in a world with a very high level, it was difficult to give birth to this kind of thing. It contained the origin and laws of the world, as well as many innate Dao formations.

For their existence at this level, the origin of the world was something that could not be hoped for and even allowed them to hope to enter another world. Even in the Upper Realm, after so many epochs, they had never seen the birth of a Spiritual Land.

But because of the world origin of the Demon World, they saw the hope of becoming immortals and even sacrificed their children to complete this shocking situation.

However, in order to make the overall situation a little more real, they left their own enlightenment tools behind, so that many people in the outside world would believe that they were no longer there.

However, the Xuan Yang Demon Emperor kept a careful eye and set up a lot of backends, intending to make his son Jun Bufan, come to him in six thousand years.

Because he knew that the origin of the world was not enough to support the breakthrough of the Six Emperors, some of them must die.

Without the enlightenment tool in their bodies, the outcome between them was uncertain.

But when his heir entered with his enlightenment tool, the Xuan Yang Heavenly Sword, the situation would be reversed.

It was a pity that this method of his was seen through by the Demon Emperor Chi Xiao six thousand years ago, and several people fought a battle.

A Quasi-Emperor died, and the other five were also injured, fled to various places, and secretly tried to recover.

But his means had already been laid out, even if Demon Emperor Chi Xiao saw through it, he couldn't change it, and now there was only Demon Emperor You Yue on his side.

On the side of the Chi Xiao Demon Emperor, there was the Blood Demon Emperor and another Demon Emperor.

Although the situation seemed to be very unfavorable to him, as long as he had the enlightenment tool in his hand, everything would be reversed in an instant.

In the huge Demon World, there were only two enlightenment tools now.

One was his Xuan Yang Heavenly Sword, and the other was the Scarlet Sky Spear of the Scarlet Sky Demon Emperor.

The Scarlet Sky Spear was originally left in the Demon Realm by the Scarlet Heaven Demon Emperor, and unless he voluntarily left this realm, it was impossible to bring the Scarlet Sky Spear here.

And if he wanted to enter the mirror realm again, he must possess the scales of the Mirror Demon as the key. Otherwise, with external force, he couldn't open the prohibition of the formation here.

So as long as Demon Emperor Chi Xiao was not stupid, he would not leave this world at this critical juncture.

"For more than 6,000 years, Xi Yao and Bu Fan have suffered..."

The You Yue Demon Emperor seemed to have thought of something and sighed a little.

However, the Xuan Yang Demon Emperor seemed rather indifferent and said, "It's a big deal, and it's not trivial. Although Fan'er was used in this matter, I believe he will understand my painstaking efforts. Xi Yao's character is not suitable for him. Even if we didn't give Xi Yao this chance, she would do it later."

The Demon Emperor You Yue didn't say much. She had agreed to this decision at the beginning, so she didn't have any regrets.

And just as the two were talking, an aura suddenly descended from above the sky in the distance, and a divine light arrived in an instant and fell towards them.

"This person is..."

The You Yue Demon Emperor's complexion changed slightly, and what she felt was an unfamiliar aura, not Jun Bufan.

The Demon Emperor Xuan Yang frowned, a little unexpectedly, it was not his heir who came to look for him, but another young man who looked extremely strange.

He was dressed in mysterious clothes, with a divine immortal posture, tall and straight, and many complicated and exquisite patterns were embroidered on the sleeves, revealing a noble and mysterious atmosphere.

The origin was extraordinary.

Judging from his bone age, he looked like he was in his twenties, but his cultivation made him shrink his pupils and shake his heart.

Were there such monsters in this world?

In his twenties, was he already a Quasi-Supreme cultivation base?

The You Yue Demon Emperor was also like the Xuan Yang Demon Emperor at this moment, and her heart was shaking abnormally. This was the first time she had seen such a young Quasi-Supreme powerhouse.

Six thousand years had passed, what was going on in the outside world now that even such a young monster had appeared?

Even in the rumors about ancient times, the era of immortals fighting for the front could not be imagined.

"The junior Gu Changge greets Demon Emperor Xuan Yang and Demon Emperor You Yue."

And just when Xuan Yang Demon Emperor and You Yue Demon Emperor had different thoughts.

Chapter 414-2: I met my brother Bu Fan, The snipe and clam compete for the fishermans profit (2)

The young man in front of them spoke to them first, with a gentle expression that felt like a spring breeze, neither humble nor arrogant, but not rude.

It was conceivable that his identity and background were absolutely extraordinary, otherwise, he would never be able to cultivate such a detached bearing.

"You know who I am waiting for?"

The Demon Emperor Xuan Yang kept his expression unchanged, staring at Gu Changge. His eyes were very deep with stars rolling in them and many scenes evolving as if he wanted to see through him.

"Of course, I know." Gu Changge smiled slightly, "Junior came to this world just to find the two of you."

"What's your relationship with the Ancient Immortal Gu Family?"

The You Yue Demon Emperor asked coldly, looking at Gu Changge. From the face to the temperament, to the cultivation base, and she did not let it go.

For them, suddenly seeing such a young man who broke into this place, and finding their whereabouts, revealing their identities in one fell swoop, how could they not be shocked and suspicious?

However, they didn't mad a move, because they didn't feel Gu Changge's malice.

"I am the Young Master of the Gu family." Hearing this, Gu Changge still smiled neither humble nor arrogant.

"It turned out to be the Young Master of the Gu family, no wonder..."

The You Yue Demon Emperor's pupils shrank, and then the vigilant expression on her face softened slightly.

The face of the Xuan Yang Demon Emperor was also slightly solemn, not as casual as before.

Although they hadn't left this world for 6,000 years, they didn't know who the Young Master of the Gu family of this generation was, but they were also convinced that no one in this world should dare to pretend to be this identity.

If it was an ordinary person, they would have already attacked, just in case, to probe their soul.

"I wonder why the Young Master of the Gu family is looking for me?"

However, the Xuan Yang Demon Emperor was still a little wary and was not at ease with Gu Changge.

After all, he was an Enlightened being, standing at the pinnacle of the path of Taoism in this world.

Even in the Upper Realm, many Great Sect leaders needed to be respectful to him, and there was no need to be so polite to a young junior like Gu Changge.

"I and Bu Fan are close friends. He asked me to come here to find the two of you, and asked me to hand over one thing to the Xuan Yang Demon Emperor." Gu Changge explained with a smile.

Demon Emperor Xuan Yang frowned and couldn't believe Gu Changge's words. The same was true of the You Yue Demon Emperor, who always felt that things were a bit strange.

"How do you want me to believe you, where is Xiao Fan now?" Xuan Yang Demon Emperor asked, his eyes fixed on Gu Changge, trying to catch the anomaly from his expression.

However, he was very disappointed. Even as an Emperor, it was difficult for him to see the slightest disturbance in the young man in front of him.

Naturally, it didn't change because they were in the Emperor Realm.

So trying to see if there was something wrong with Gu Changge's demeanor obviously didn't work.

"Xuan Yang Demon Emperor seems to be a little too nervous. I was entrusted by Brother Bufan, and there is no reason for you to believe me." Gu Changge still had a decent smile on his face.

Hearing this, the Demon Emperor Xuan Yang looked slightly unnatural, and he thought that Gu Changge had no reason to make him believe it.

And he said that he was entrusted by Jun Bufan.

"Of course, if the Demon Emperor Xuan Yang doesn't believe it, there is nothing I can do. Now I can only briefly talk about how I met Brother Bufan. Six thousand years ago, the Demon World was in chaos, and the Demon Master Bai Kun escaped from the Demon World and went to the Chaotic Star Region. He lived in seclusion. Some time ago, he searched for his daughter's whereabouts and was noticed by Empress Xi Yao of the Demon World, and she sent people to hunt him down. It just so happened that Bai Kun's daughter Bai Lian'er was getting bullied, so I rescued her from the people of the Demon World."

"From the mouth of the Demon Master Bai Kun, I learned about the things entrusted to him by the Demon Emperor Xuan Yang, so I simply came to the Demon World with Bai Lian'er, which happened to coincide with Brother Bufan's plan to assassinate Empress Xi Yao at the banquet of geniuses..."

"Although this was not successful, it also caused Empress Xi Yao to be injured and angry. Brother Bufan's identity in this life was exposed, and the entire family was imprisoned. Now he is trying to find a way to rescue his relatives in this life, and he has no time to bother.

"That's why he asked me to come here to find the two of you based on the information in the bag, so as to settle this misunderstanding and save the relatives in this life."

Gu Changge spoke again, his expression was natural and casual. There was no change. He explained to the two Demon Emperors Xuan Yang and You Yue, who had slightly condensed expressions as he explained the ins and outs of this matter.

"You even know what's in the bag?" Xuan Yang Demon Emperor's face went slightly solemn.

Gu Changge nodded and said, "I happened to be there when Brother Bufan opened the bag, so I understand some of the things."

Hearing this, the Demon Emperor You Yue said with complicated eyes, "Xi Yao and Bufan should not be enemies. This misunderstanding should be resolved."

She didn't feel anything wrong with Gu Changge's words. And this also explained where Jun Bufan was now and why Gu Changge came here.

"Of course, Brother Bufan also asked me to bring this thing, saying that Demon Emperor Xuan Yang would need it."

At this time, Gu Changge spoke again, and a brilliance flashed in his hand.

A black heavenly sword, forged like immortal gold, appeared and the brilliance circulated, clanging loudly and sharply as if it could pierce the sky at any time.

"Xuan Yang Heavenly Sword!"

The You Yue Demon Emperor's eyes narrowed, and her tone was slightly delighted.

The Xuan Yang Demon Emperor was also relieved. Just now, he carefully considered the truth of Gu Changge's words, but now he was more relieved when he looked at Gu Changge.

Since Jun Bufan even handed over the Xuan Yang Heavenly Sword to Gu Changge, it meant that he really trusted Gu Changge a lot.

Moreover, Gu Changge did not covet the Xuan Yang Heavenly Sword, and his eyes never stayed on it for more than a moment.

With such a natural and casual look, they couldn't help but think highly of him in their hearts.

After all, there were not many people in this world who would be indifferent when faced with an imperial weapon.

Chapter 415-1: The battle has finally ended, Even the history dare not record it like this (1)

Two terrifying figures with invisible heights stood on the edge of the sky, and even the galaxy was being lifted from their hands.

The chaotic mist was surging as it hung one after another, evolving into all kinds of powerful immortal lights.

The body of the Xuan Yang Demon Emperor was extremely strong and powerful, like an immortal emperor forged from gold. His black hair was like a waterfall, shattering the heavens and the earth.

Boom!!!

The Xuan Yang Heavenly Sword seemed capable of splitting everything, wielding an extremely powerful sword light, fighting against the Demon Emperor Chi Xiao.

This battle was terrifying.

The Demon Emperor Chi Xiao was so powerful that he raised his hand to shoot out thousands of red lights as if he would drown the world. The vast divine light filled the air and contained unparalleled lethality.

At the level of the Emperor Realm, they were already standing on the top of this world, overlooking everything like an invincible existence in the sky and on the ground.

Usually, it was impossible to see the scene of the two Emperors fighting each other. Because the sky was turned upside down and the stars were moving, the whole universe seemed to be shaking with their breath.

If it weren't for the fact that this place was too special and incomparably strong, the fluctuations in their fight would definitely shock all directions.

"Even if you have an Imperial weapon, you are not the opponent of the three of us. Xuan Yang, you must die."

The Demon Emperor Chi Xiao opened his mouth indifferently, and the place covered by heavenly spirits rushed out of the vast sky as the bloody light seemed to cover the sky and poured down.

He clenched his fist and smashed ahead. His whole body was like the most terrifying weapon, it made a clear vibration, and collided with the Xuan Yang Heavenly Sword.

Afterward, his wings spread out behind him and swept toward him at a very fast speed. This was his powerful innate supernatural power, and after reaching the Emperor Realm, it was even more unparalleled in the world.

"Today, I shall cut you with my sword."

The Xuan Yang Demon Emperor's eyes were equally indifferent, he rushed forward, took out the Xuan Yang Heavenly Sword before slashing it across an infinite distance.

At this moment, the Xuan Yang Heavenly Sword seemed to be revived, a peerless and powerful aura emerged, turning into a sword energy that covered the sky.

This slash seemed to be able to split even the universe.

Seeing this scene, Demon Emperor Chi Xiao's expression changed, and at the same time, he became furious. Because he didn't have any weapons in his hands, he was always at a disadvantage.

This feeling made him feel aggrieved and felt that the Xuan Yang Demon Emperor was incompetent. However, he was not a simple person, he roared angrily and sacrificed the rest of his weapons.

Although it was not comparable to the Imperial weapon, its power should not be underestimated. Then he did everything possible to attack forward and block this attack.

However, this blow from the Xuan Yang Heavenly Sword was unstoppable.

The black heavenly sword fell, his weapons, laws, divine powers, Taoism; all the means collapsed, and cracks almost appeared on his body.

"Are you forcing me?"

Suffering such a big loss, Demon Emperor Chi Xiao's face was very cold, and he quickly appeared in the distance.

He was using a forbidden technique, which would also be forbidden even at the Emperor Realm. That showed its horror.

In the next moment, the place between his eyebrows was filled with an ocean-like aura, followed by a golden light.

Origin Feather...

Seeing this, Demon Emperor Xuan Yang's complexion also changed slightly, and he was very jealous, "I didn't expect you to have it. In addition to the Chi Xiao spear, you actually refined your hardest Origin Feather into a weapon..."

The Demon Emperor Chi Xiao replied with a sneer, "I started refining this thing millions of years ago, and it has never really been exposed to the world because once it was born, it is bound to return with the blood of the Emperor."

As the words fell, a Golden Feather broke open between his eyebrows. There were various ancient and complicated patterns on it which were very primitive as if they contained all his Taoism and insights.

It was as if the sky would be shattered.

Chi!!

Afterward, the Golden Feather was like a peerless immortal sword, and its majesty was enormous and shocking.

Even if he resisted it with the Xuan Yang Heavenly Sword, it seemed quite laborious. His arm spasmed and collapsed due to its strength, and even bone slag appeared.

At the same time, his eyebrows were split open, and his skull was almost pierced.

This was the hardest Origin Feather in the body of the Chi Xiao Demon Emperor. It was indestructible and closely related to him. It was terrifying and even had the effect of destroying the primordial spirit.

Demon Emperor Xuan Yang looked solemn. He had underestimated the means of Demon Emperor Chi Xiao.

"That's a good thing..."

Gu Changge, who had been paying attention to the battle between the two, couldn't help but squint slightly when he saw the Golden Feather, showing some interest.

With his eyes, he could think it was a good thing, it could only show that this Golden Feather was really extraordinary.

It condensed many divine powers of Demon Emperor Chi Xiao, and the moment when it was sacrificed, it was hard to stop it. However, he didn't care much and even watched the battle from a distance.

By now, Demon Emperor Xuan Yang and Demon Emperor Chi Xiao had already started showing their trump cards.

The Xuan Yang Demon Emperor originally thought that he had the Xuan Yang Heavenly Sword in his hand, and that victory was in his hands.

But, he didn't expect Demon Emperor Chi Xiao's methods to be equally extraordinary. Many years ago, he did talk about refining his Origin Feather into a weapon, although compared with the true Emperor's weapons, it was still far behind.

In a short period of time, the two of them did not lose their way, and they constantly exchanged injuries for injuries.

"Wow!"

At this time, the You Yue Demon Emperor, who was fighting with the Blood Demon Emperor and another Demon Emperor in the distance, suddenly spewed out a mouthful of blood. Her face went pale, and she was severely injured. She was not the opponent of the two of them.

Just now, another Demon Emperor was about to help the Demon Emperor Chi Xiao to deal with the Demon Emperor Xuan Yang.

Nonetheless, after seeing that Demon Emperor Chi Xiao didn't need any help, he turned around and attacked Demon Emperor You Yue.

Although the You Yue Demon Emperor was the Demon Emperor, her cultivation was far inferior to the two of them, and she could barely resist one of them.

But if she was attacked by the two of them together, her defeat would only be in an instant.

At this moment, she was in danger, coughing up blood constantly and was seriously injured. Although she was using her strongest means, she was helpless in the face of the attack of the two and kept flying.

"The strength of the You Yue Demon Emperor is the weakest among them..."

"It is said that she is the righteous sister of the Xuan Yang Demon Emperor. It was thanks to the Xuan Yang Demon Emperor that she was able to break through the Quasi-Emperor Realm."

Gu Changge's eyes were faint, and he glanced at a place in the void, where he just arranged a lot of jade talismans and hid them in it.

At this moment, everyone was fighting, and it was naturally difficult to find their existence. However, he still did not choose to make a move, and before the final opportunity, none of the Five Emperors were on their last legs.

Chapter 415-2: The battle has finally ended, Even the history dare not record it like this (2)

He could see that although the Demon Emperor You Yue was constantly coughing up blood, her aura was not disturbed.

This showed that she was not flustered in her heart, she was very calm, and waiting for the opportunity to land a thunderous strike.

In order to prevent the Five Emperors from escaping from this place, Gu Changge was still had the Gate of Life guarded by his Innate God and Great Dao treasure bottle.

In this world-shattering chess game, the Five Emperors had no chance of winning from the very beginning.

Boom!!

An unimaginable war continued to break out here, the wind was roaring, and the fluctuations were terrifying.

The atmosphere of the whole world had changed. Many divine powers were appearing, and many divine powers were evolving.

Demon Emperor Xuan Yang and Demon Emperor Chi Xiao were covered in blood, and they were so mad that they didn't look like Emperors, but two lunatics.

"That's it!"

The You Yue Demon Emperor, who kept spitting out blood, also had cold eyes. She finally seized the opportunity to display a powerful method.

The endless divine light was looming, and a huge black shadow passed by, roaring and shaking the sky.

Then the Golden Dragon, Baihu, Vermillion Bird, and other peerless monsters released divine fire.

Her face was indifferent, her hands were pinched and her body was covered in blood, but it couldn't hide her cruelty at the moment.

A black whirlwind swept across the sky, filled with a terrifying aura, making the Blood Demon Emperor and another Demon Emperor uneasy.

There was a monstrous beast standing within the wind along with a terrifying deer staring at it. With the appearance of the phantom, everyone's heart was jolted.

"Don't be caught by her, we have already fought with her, she is not our opponent!"

The Blood Demon Emperor's face was gloomy and cold, he knew how terrifying this style was, but he didn't care at all.

However, the other Demon Emperor was not feeling well. His body cracked and split open. He was hit by the You Yue Demon Emperor and was almost pierced. The ocean of laws boiled and finally submerged.

"Kill her!"

He rushed out of it and let out a low growl, his face cold with pain. Under this blow, his body was almost pierced, and he continued to bleed and flew out backward.

At this moment, the Demon Emperor Xuan Yang, who was attacking Demon Emperor Chi Xiao, suddenly changed his face at the last moment.

He couldn't believe it.

Because he felt the trembling sound of the Xuan Yang Heavenly Sword in his hand, and there was a terrifying counter-shock force that was about to shatter his internal organs.

At the same time, there was strong resistance, trying to break free from his control.

This feeling was too sudden, it caught him off guard and he couldn't believe it, knowing that the battle of his life and death was on the front line.

It was just this moment that could decide many things, even his life and death.

When Xuan Yang Demon Emperor reacted, it was already too late!

Puff!

Seeing this, Demon Emperor Chi Xiao was a little puzzled, but he did not miss such a perfect opportunity. A sneer formed at the corner of his mouth, and once again he sacrificed his Origin Feather.

The golden light flashed, extremely dazzling and gorgeous, slicing through the void as if it had fallen from outside the boundless universe!

Origin Feather was like an immortal sword, slamming through the eyebrows of the Xuan Yang Demon Emperor.

Suddenly, bone slag splashed around, his Heavenly Spirit Cover exploded, the terrifying Emperor Dao pressure boiled, and his face turned bloody.

It had to be said that as an Emperor, the Xuan Yang Demon Emperor's cultivation was unparalleled.

Even if it was penetrated between the eyebrows, the cheekbones were all cracked, and it was difficult to reach the back.

"What?"

The Xuan Yang Demon Emperor roared, his face blurred and the breath around him was boiling, trying to contend.

He didn't know why, but the Xuan Yang Heavenly Sword, who had accompanied him for countless years, wanted to break free from his hand at a critical moment, becoming extremely unfamiliar.

"Anyway, you must die today!"

Seeing this, Demon Emperor Chi Xiao used his powers again and sneered, trying to wipe out the spirit of Demon Emperor Xuan Yang with his Origin Feather.

At this time, everyone's hair was dyed blood red, as if they were about to destroy this world and collapse.

The Blood Demon Emperor raised his hand and turned it into a large black palm print, shooting at You Yue Demon Emperor flying horizontally. Her body exploded, the blood of the Emperor Realm spilled into the sky, and crashed into a million miles of mountains and rivers.

Even then, he wasn't feeling well. He suffered from a mysterious technique from Demon Emperor You Yue.

This was the talent of the You Yue Deer, it had an extremely strong mental attack, and was hard to avoid even as an Emperor.

The war lasted for a full day and night, and countless moves were fought.

If it was in the past, it was not uncommon for Emperor Realm to fight for thousands of years, but now the situation was critical.

The origin of the world would mature at any time, and everyone was fighting hard for it.

Finally, this battle came to an end, and the You Yue Demon Emperor came to an end first.

Her body exploded, and her Primordial Spirit wrapped in the source of life and fled away, turning into a divine light to escape from this place first.

The Blood Demon Emperor and the other Demon Emperor were also not feeling well. They were severely injured and recovered quickly on the spot.

"Are you trying to escape? Or are you doing this on purpose?"

Gu Changge glanced at the Demon Emperor You Yue who turned into a divine light and fled away. His face remained unchanged, he thought for a while in his heart and put her down for the time being.

Whether it was intentional or not, it had no effect on him now. Then he looked at the Xuan Yang Demon Emperor, and his eyes flashed.

It was not so easy to catch Xuan Yang Heavenly Sword. At this stage, he should close the net.

"What happened? How can that be? Xuan Yang Heavenly Sword won't listen to me anymore..."

He could also see that the Xuan Yang Heavenly Sword was resisting, not as docile as before. Although he didn't know why, for him, it was an excellent opportunity.

Origin Feather was extremely terrifying, and it was transformed by his Taoism.

In terms of offensive power, it was a little stronger than the Chi Xiao Spear.

At this moment, the white bones cracked open again, and the vast fluctuations spread, turning into a golden brilliance sword, wiping out the soul of the Xuan Yang Demon Emperor.

Puff!!

But the next moment, the Xuanyang Demon Emperor suddenly boiled, his aura flowed backward, dazzling like the sun, and gathered between his eyebrows.

He was using the forbidden technique of life, intending to fight with the Demon Emperor Chi Xiao desperately.

Chapter 415-3: The battle has finally ended, Even the history dare not record it like this (3)

"Even if I die, I won't make you feel better." The Xuan Yang Demon Emperor roared, and at the same time, he held the Xuan Yang Heavenly Sword again, ignoring its resistance, and slashed toward the Chi Xiao Demon Emperor.

This blow far surpassed many of his previous methods, as if there was a universe in front of him, he could also split it.

"Are you going to die with me? It's not up to you!"

The Demon Emperor Chi Xiao recognized his intentions, his eyes were cold, and he urged his strongest means to fight.

The Blood Demon Emperor and the other Demon Emperor also changed their expressions suddenly. They felt the horror of this technique. They didn't have time to recover from their injuries and began to stay away from this place, fearing that they would be affected.

Boom!!

Suddenly, infinite light erupted and the Xuan Yang Demon Emperor used the forbidden technique of life, just like the collapse of the universe, covering the ages, dazzling and splendid.

The Demon Emperor Chi Xiao groaned and his body almost broke by the waist. Fortunately, he retreated in time and avoided the key blow.

"Hahaha, Xuan Yang, you can't beat me after all... I won this battle, the origin of the world is mine, and you will die here. From now on, the Demon World will be my sole honor!"

He looked at the almost tattered body of the Xuan Yang Demon Emperor, whose vitality was like a candle, and he couldn't help laughing.

"How could it be possible... How could there be a problem with the Xuan Yang Heavenly Sword..."

The Xuan Yang Demon Emperor's aura was sluggish, and he couldn't see a good spot on his body.

At this moment, he still couldn't believe that the weapon that had accompanied him for so many years would actually act like this.

If not, how could he fail, and even lose his life?

At this time, Xuan Yang Demon Emperor suddenly remembered something, turned his head with difficulty and looked at a certain place, seemingly looking for a certain figure.

Puff!

Suddenly, from within the void, a black halberd appeared, entwined with the aura of destruction and the Great Dao. It was covered in the demonic energy that was monstrous, penetrating the world.

Suddenly, the Chi Xiao Demon Emperor, who was laughing wildly, was pierced into the void, and the terrifying blood hole ran through his whole body, almost tearing it apart.

"I don't think so. You should stay here and accompany the Xuan Yang Demon Emperor,"

A young man's voice sounded, with a faint mockery.

Chi Xiao Demon Emperor's smile stopped abruptly, and blood gushed out continuously, accompanied by the brilliance of the Emperor Realm.

He turned his head in disbelief, his eyes widened, unable to believe that someone would attack him at this time.

The terrifying cold swept his soul, even if he was an Emperor, he was immortal and indestructible. But under this black halberd, he was also as fragile as broken paper and could be easily broken open.

This kind of power was terrifying and unimaginable.

"Who are you?"

Demon Emperor Chi Xiao looked extremely ugly. Before that, he actually noticed Gu Changge, but he didn't take him seriously, thinking that he was with Demon Emperor Xuan Yang.

Although Gu Changge's cultivation was extraordinary, what role could he play in the face of the existence of the Emperors?

However, he did not expect that when he was most taken lightly and suffered heavy injuries, Gu Changge would suddenly strike and give him this fatal blow.

"Young Master of the Gu family... Xuan Yang Heavenly Sword was also your move... You are so scheming. From the very beginning, you were planning to wait for my death! It's a shame that I still trusted you..."

The Xuan Yang Demon Emperor watched this scene and understood, and a chill appeared on his back.

From the beginning to the end, Gu Changge concealed his purpose, deceived them, and made them relax their guard.

Even the Xuan Yang Heavenly Sword was moved by him.

Including him and Demon Emperor Chi Xiao were all calculated by Gu Changge, but unfortunately, they didn't even know it.

"Senior Xuan Yang Demon Emperor is not too late to understand that the origin of your body is accepted by the younger generation."

Gu Changge smiled lightly, but his eyes were deep and there was no turbulence. This kind of thing that was doomed from the beginning could not make his heart change in the slightest.

Hearing this, the Demon Emperor Chi Xiao, who was pierced by the Eight Desolate Demon Halberd, also understood the whole story.

It turned out that it was not only him but even the Xuan Yang Demon Emperor who had been tricked by the young man in front of him.

This made him laugh out loud, laughing at himself. As an Emperor, even at this moment, there was a kind of heart-breaking bearing.

"I didn't expect that I would wait for a lifetime to fight the invisible hand in the Demon World, and it would end up in the hands of such a junior. It's ironic!"

"The next generation is terrifying! The latter generation is terrifying!"

While speaking, the bloody aura appeared again at his wound.

Threads and strands of immortal energy were intertwined there, trying to connect and heal his wounds.

However, the Eight Desolate Demon Halberd contained absolute power to destroy the world, which easily destroyed all his vitality.

This kind of power was too strong and domineering, destroying all material and existence in front of it.

"The Demon Emperor Chi Xiao is overpraising, the junior just picked it up for a bargain."

Gu Changge looked calm and said lightly, "This is nothing."

At this time, Demon Emperor Chi Xiao's eyes suddenly turned cold as he stared at him, and said, "Who are you? The weapon in your hand reminds me of a taboo rumor that should be forever sunk in time..."

His heart trembled slightly.

The strength and cultivation of this young man were so strong that even the ancient books dare not record it like this.

"Senior's nonsense, isn't it a bit too much?"

Gu Changge didn't answer, his arm turned slightly, and the Eight Desolate Demon Halberd suddenly fell horizontally, erupting with unparalleled terrifying power.

"You..." The face of the Demon Emperor Chi Xiao changed suddenly, and it was almost unbelievable that in this scene, the glory of the Emperor collapsed and exploded with a bang, torn apart, being turned into a bloody fog.

As for the existence of the Emperor, it was difficult for him to be buried and destroyed. Even if his body was cracked, and his body was buried in the four poles of heaven and earth.

He could also be resurrected in the present world.

However, under the aura of the destruction of the Eight Desolate Demonic Halberd, the aura of Demon Emperor Chi Xiao was instantly annihilated.

"It's your turn, Senior Xuan Yang."

Gu Changge's expression did not change. Looking at the Demon Emperor Xuan Yang, whose complexion suddenly changed, the Eight Desolate Demon Halberd was shrouded in blood.

If the two of them didn't fight to the death, he wouldn't be able to deal with them.

Whether it was the Xuan Yang Demon Emperor or the Chi Xiao Demon Emperor, they were all unfathomable existences. Even if they were not as good as the Purple Mansion's Great Elder from before, they were not far behind.

Chapter 416-1: Break through the middle stage of the Supreme Realm, Leaving a message for Empress Xi Yao (1)

"Don't worry, you can't escape either."

Gu Changge looked to the other side, the other two Demon Emperors' complexions changed drastically as they thought for a moment.

Suddenly, the void on all sides suddenly stagnated, followed by vast fluctuations.

Chaos was turbulent, Heavenly Beasts, Immortal Hall, Divine Tower... Many towering divine objects appeared, covering all directions.

A turbulent divine light erupted from it, completely shrouding this place, and the world was completely empty, turning it into a haunted place.

"The Great Formation of Sealing the Heavens and Locking the Earth..." The Blood Demon Emperor recognized this formation, and his expression changed rapidly.

At the moment he had been severely injured. If he was in his heyday then it would be okay, and he could easily break through this formation.

But it was obviously impossible to do it now, and even if it could be done, it would take time. At that time, Gu Changge would already have dealt with the Demon Emperor Xuan Yang.

After witnessing the death of Demon Emperor Chi Xiao, the Blood Demon Emperor did not dare to underestimate Gu Changge.

Even if the Demon Emperor Chi Xiao was seriously injured and dying, he was not so easy to deal with. He could extract the origin of the laws between the universe any time and restore his peak.

But he was easily shattered by Gu Changge's terrifying halberd.

"We must fight with him, otherwise there will be absolutely no way for us to survive."

The Blood Demon Emperor was very decisive, and he used his most powerful means. There was blood behind him as if it could blast through this universe!

The blood rain surged, blooming in the virtual space, turning into a coquettish but terrifying blood flower. It seemed that there were ancient worlds evolving, possessing majestic and vast power.

With this vast force, he crushed it away.

"Do you still have the ability to resist now?"

Gu Changge didn't care, his expression was very indifferent.

The Eight Desolate Demon Halberd swept across, and the black light was like a huge wave causing the world to tremble as many worlds collapsed into ashes. The struggle was in vain, Blood Demon Emperor was directly split in half.

Another Demon Emperor was terrified and stunned by this scene. Although they had been severely injured, it was easy to kill the Supreme Being, but in front of Gu Changge, there was no resistance.

There existed a terrifying element in that weapon, it also displayed that Gu Changge's strength was strong enough.

"You said you and my son are brothers, so where is Bufan now?"

Looking at this scene, Xuan Yang Demon Emperor's face turned colder and colder, knowing that he was doomed today, but he still had doubts in his heart.

How did Gu Changge get the Xuan Yang Heavenly Sword and enter this place smoothly?

"Your son? Go down to find him now, maybe you can meet him on the reincarnation Road." Gu Changge just smiled lightly after hearing this.

"You... You killed my son?"

Demon Emperor Xuan Yang's heart was filled with hatred. As a Demon Emperor, it was the first time that he hated a person so much. He didn't have this much hatred even for his old enemy, Demon Emperor Chi Xiao.

"How vicious you are! If I don't die..."

Puff!

However, Gu Changge did not let him finish his words. His arm shook, and the Eight Desolate Demon Halberd slashed down, splitting it in half, even if the Xuan Yang Demon Emperor was still thinking about resisting at the last moment, it was in vain.

After that, the Eight Desolate Demonic Halberd rushed out of his hands, and with a flash of black light, he killed the Demon Emperor with a trembling face in the distance.

The place soon returned to peace.

"Xuan Yang Heavenly Sword, Origin Feather..."

Gu Changge smiled slightly mockingly, and his figure fell from the sky.

In the distance, a golden light flashed, and the Origin Feather fell into his hands, its sharp edge flowed, containing many simple Dao rhymes and lines.

"A True Feather from an existence in the Emperor Realm."

Then, a terrifying gray fog began to appear here, covering the sky and submerging the sun. In a trance, a bottomless black hole seemed to emerge between heaven and the earth, spread in all directions and devouring everything.

Gu Changge sat cross-legged on the ground, his sixty trillion cells seemed to wake up together, and aura was gushing out from his bones, lungs, and flesh.

There were fragments of the long rivers of time emerging behind him.

In the faint, a figure with a blurred face and a cover of the heavens of the ages could be seen. He was integrated with him, and countless runes of Dao were hanging down, condensing into a treasure bottle of Dao.

Many origins had come together, especially the origin of the existence of the two Emperors was even more dazzling, containing the meaning of colorful.

They even condensed their figures, and they also carried an undisputed destiny and true spirit. However, Gu Changge's expression was always indifferent and did not change.

His aura was constantly changing, and the harvest this time was not small. Because his perception of the origin of the rules had already broken through the bottleneck of the realm and entered another realm.

What was worse now was actually only cultivation.

Late stage of Quasi-Supreme Realm!

Peak!

Supreme Realm!

.....

Early stage!

Middle stage!

The origin of the Emperor Realm was extremely rare, but for Gu Changge, it was still not enough. In the end, it was only able to make him break through to the middle stage of the Supreme Realm.

No matter how the forbidden demonic art defied the heavens, it was impossible to reshape the existence of an Emperor because of the origin of the Emperor.

Not to mention the origin that he needed to devour was calculated in massive quantities.

The many cultivation insights and divine powers contained in it were precious.

"If the origin of the world here matures, it will be enough for me to touch the threshold of the peak of the Supreme Realm..."

After that, Gu Changge alighted, many terrifying visions in this place disappeared, and peace was restored. Except for the traces of the previous battle, there was nothing abnormal.

Four Demon Emperors fell here, including two True Emperors, and even their bodies were turned into ashes.

If it happened in the outside world, it would definitely be a shocking event, causing all parties to be shocked.

But apart from him, no one knew about this. After all, to the outside world, the Six Emperors of the Demon World had fallen and disappeared 6,000 years ago.

No one cared about this kind of thing.

"If it wasn't for taking advantage of their infighting, this matter would not have been so easy..."

After that, Gu Changge turned into a divine light and chased in the direction of the You Yue Demon Emperor's escape. He was not in a hurry for the origin of the world, after all, he was the only one in the huge Mirror Realm.

In the eyes of Gu Changge, the You Yue Demon Emperor was already a dead person.

At this moment, in the stone cave where the rays of light were gushing out, the You Yue Demon Emperor's complexion was a little pale, but her eyes were unusually calm.

She sat cross-legged on the ground and began to recover from her injuries. She was besieged by two people just now. With her strength, she didn't need to be so embarrassed.

But in order to let the Xuan Yang Demon Emperor, Chi Xiao Demon Emperor, and others relax their vigilance, she had to do this.

After all, in the eyes of everyone, her cultivation was also at the bottom of the list. The Demon Emperor Chi Xiao and others naturally wouldn't regard her as a big threat.

Only by maintaining her strength and trump cards could she get a share of the pie when the origin of the world would mature. If not, she also had the opportunity to leave this world and escape from her life.

"Brother Xuan Yang, don't blame me for abandoning you and running away. I really can't help you by staying there with my strength. If anything happens to you. After I go out, I will take care of your child, Bu Fan for you."

"But you have the Xuan Yang Heavenly Sword in your hand, so they can't stop you..."

The You Yue Demon Emperor sighed faintly, if it wasn't for the fetters in her heart, she would not have resorted to this.

Then, between her eyebrows, a ray of light emerged as a closed palace manifested, and a radiant immortal robe fell out of it.

There were many rules and orders flickering on it, sacred and transcendent covered in an immortal aura.

This was an immortal garment. Legend described it as something refined by an Innate God in the ancient period of the Demon World and could resist the attack of the Emperor.

This was where her trump card lay. Since she had agreed with the other Five Emperors to rush to this world, she naturally had to make a lot of preparations.

The Xuan Yang Demon Emperor used his son, Jun Bufan, as his backer, and wanted to use this to get his own Enlightenment weapon, the Xuan Yang Heavenly Sword.

The You Yue Demon Emperor naturally also had countermeasures, but she hid it so deeply that even the Xuan Yang Demon Emperor, who treated her like a sister-in-law, didn't know about it.

And just when the You Yue Demon Emperor was about to put on the Immortal Divine Clothes, there was a sudden fluctuation in the distance of the cave.

You Yue Demon Emperor frowned, she was a little suspicious and vigilant about who would follow her all the way and come here secretly.

"Xuan Yang and Chi Xiao are both fighting, and now the Blood Demon should be unable to escape and chase me..."

Chapter 416-2: Break through the middle stage of the Supreme Realm, Leaving a message for Empress Xi Yao (2)

The brilliance flashed in the hands of the You Yue Demon Emperor. A light blue cane emerged, like immortal blue gold forging, with the brilliance of stars shining on it.

But soon, she sensed the aura of the person coming, and her face became even more puzzled.

"Young Master Gu... Is there something wrong with you?"

You Yue Demon Emperor got up and walked out, putting away the Immortal Divine Clothes, her face was calm, and her breath was steady.

Outside the cave, Gu Changge's figure fell from the sky.

"How is Senior You Yue's injury? I do have a lot of sacred medicines for healing. If you need it, this junior will put it here."

He was the first to speak, with a decent and natural smile as if he knew what the You Yue Demon Emperor was going to ask.

Hearing this, the You Yue Demon Emperor shook her head slightly and stared at him, as if she wanted to see through him.

"Why did you follow me all the way here?" She asked again, indifferent to Gu Changge's words.

At the same time, the terrifying Quasi-Emperor pressure appeared on her body, the void trembled, and it would collapse and shatter at any time.

"The junior saw that Senior You Yue was seriously injured, and was a little worried in his heart, so he chased after her. Of course, because he was worried that he would be injured by the fluctuation of Senior Xuan Yang and the others, and stayed away from the battlefield."

Gu Changge seemed to care about the intimidation of the You Yue Demon Emperor and smiled lightly.

Hearing this explanation, Demon Emperor You Yue believed it a bit. She didn't think that Gu Changge would be so stupid. After seeing that Demon Emperor Xuan Yang was at a disadvantage, there was no way he would continue to stay there.

"How was the battle when you left?" she couldn't help asking.

"How's the battle situation? This junior thinks it's better for Senior You Yue to go and see for herself."

Gu Changge smiled and said, "Or go down and ask them in person."

As the words fell, the You Yue Demon Emperor suddenly felt a terrifying murderous aura targeting her. Her face changed drastically, and she directly sacrificed the Immortal Divine Clothes.

However, Gu Changge's movements were faster than hers. The golden light flashed under the sleeves, and Origin Feather was like an unsheathed immortal sword, instantly piercing the void and slashing directly at her eyebrows.

"How dare you!"

The You Yue Demon Emperor's expression changed suddenly, she never expected that Gu Changge would suddenly make a move and plan to kill her.

For a time, the cave mansion here collapsed instantly, and her figure quickly flew towards the sky, feeling a terrifying chill.

Gu Changge's strength was simply beyond imagination, her cultivation base was in the third-level Quasi-Emperor Realm.

But she felt an unfathomable feeling from him, that was even more terrifying than when she saw him before.

What happened in just a few days?

Or did Gu Changge actually hide his true strength before this?

The Demon Emperor You Yue shook in her heart, and the light on the immortal divine clothes she sacrificed flowed, blocking the Golden Feather Gu Changge had just sacrificed.

But she didn't feel well either, her blood tumbling as she took a few steps back, and the corners of her mouth coughed up blood.

"This is the Origin Feather of Demon Emperor Chi Xiao, how could it be in your hands..."

However, what shocked her, even more, was that the Golden Feather in front of her was the Origin Feather sacrificed by Demon Emperor Chi Xiao when he fought against Demon Emperor Xuan Yang.

This was the hardest feather on Demon Emperor Chi Xiao's body. It had been nurtured by him for countless years, and its power did not need to be weak.

"What the hell happened? After I escaped, did Demon Emperor Xuan Yang and Demon Emperor Chi Xiao encounter disaster at your poisonous hands?"

The You Yue Demon Emperor's face was horrified, and her scalp felt numb. This gave her an incredible feeling as if the sky was falling.

How did Gu Changge do it? Otherwise, were there other possibilities?

"Even the existence of a third-level Quasi-Emperor Realm can't be killed. It seems that this thing is nothing important. But your divine clothes are a bit special. Maybe that's why?"

However, Gu Changge did not answer the question of the You Yue Demon Emperor but took back the Origin Feather with regret.

His eyes fell on the immortal clothes that radiated radiance.

At this moment, the Demon Emperor You Yue was trembling with fear on her back, her soul trembled, and for the first time, she felt fear from a young man.

"Are you going to kill yourself, or are you going to let me help you?"

Gu Changge's eyes swept to her, his tone was light and calm as if he was asking a small matter if he wanted to eat.

"Demon Emperor Xuan Yang and Demon Emperor Chi Xiao died in your hands?"

There was an uncontrollable trembling in the You Yue Demon Emperor's voice, and she dared not imagine how such a thing could happen.

Even if Gu Changge had unpredictable means, he couldn't kill the two Emperors.

This was simply a fantasy, but the Origin Feather of Demon Emperor Chixiao was in Gu Changge's hands!

"If you want to know, go down and ask them."

The Xuan Yang Heavenly Sword appeared again in Gu Changge's hand, with a trembling sound, the terrifying sword energy appeared as if it could break open the universe.

"I have no enmity with you, why do you want to kill me?"

The Demon Emperor You Yue felt chills all over her body. She used many laws but was not sure if the Immortal Clothes could block Gu Changge's sword.

"Do you need a reason for such a thing?"

Gu Changge swung down his sword, the You Yue Demon Emperor coughed up blood again, the light on the Immortal Divine Clothes turned dim, and many runes were wiped out.

All the means she used were reduced to ashes, in vain. This scene made You Yue Demon Emperor despair, she had even recovered from a lot of her injuries.

Yet in front of this young man, there was no resistance at all.

He was desperately powerful!

"I can be slaughtered by the neck and give you this immortal garment, but can you grant me a request? Otherwise I would rather explode my body and destroy the Immortal Divine Clothes than let you get it."

The You Yue Demon Emperor gritted her teeth, and until now, she thought of such a solution.

She believed that as long as Gu Changge wasn't stupid, he would understand which one was in his favor.

"What request?"

Gu Changge said lightly.

He was indeed very interested in the Immortal Divine Clothes, this kind of defensive attribute treasure that could compete with the Emperor Realm level.

It was rare even among many Immortal Great Sects and Supreme Sects.

Although he couldn't use it, Yue Mingkong would like it.

"This request should be very simple for you. I just want to ask you to help me with a message for my daughter Xi Yao... Over the past 6,000 years, I..."

The You Yue Demon Emperor smiled wryly, and at this moment, she also accepted her fate, and no longer made unnecessary struggles.

What she thought most now was actually to leave this place, confess everything to her daughter Xi Yao for the past six thousand years, and ask her for forgiveness.

"No need." Gu Changge frowned and interrupted her.

"You can tell her these words yourself."

He didn't like to leave her alive, so he thought that the secrets of the Six Emperors should be annihilated and buried here.

Although You Yue Demon Emperor was Xi Yao's mother, in her eyes, she was actually just an insignificant passerby.

For her, Empress Xi Yao was just a tool at best, and Gu Changge would not waste too much emotion for it.

However, sometimes, she would still take into account Xi Yao's feelings.

After all, the You Yue Demon Emperor had said that now, and he was too lazy to care about anything, and it was a thought for Xi Yao.

If the You Yue Demon Emperor had no feelings for Xi Yao, then Gu Changge would be happy to help her cut off such thoughts.

Hearing this, the You Yue Demon Emperor was stunned for a moment, and then her face turned pale, losing all of her blood.

Her face was sad and her voice trembled, "My daughter Xi Yao was also killed by you?"

In her opinion, what Gu Changge meant was to send her on the road and talk to Xi Yao in person.

Did this mean that Xi Yao had already died one step ahead of her?

Gu Changge glanced at her inexplicably, took the Xuan Yang Heavenly Sword, and said lightly, "I didn't kill your daughter, and I won't kill you. You just need to keep your mouth shut."

Hearing this, the You Yue Demon Emperor was stunned, she couldn't believe it, why did Gu Changge's attitude change so quickly?

He looked like he was going to kill her just now, but now he didn't attack her anymore, but she didn't dare to ask more about this kind of thing.

She guessed faintly that it might be related to her daughter Xi Yao.

"Thank you for the grace of the Young Master of the Gu family for not killing me. You can rest assured that what happened here will not be leaked. I swear by the heart of the Dao. If this oath is violated, the heavens and the earth will destroy me, my body will die and the Dao will disappear, and there will be no transcendence forever."

The Demon Emperor You Yue treated Gu Changge with a lot of respect. After making an oath, she presented the Immortal Divine Clothes.

She was not someone who didn't know the difference between good and bad. After all, survival was far more important than anything else.

Chapter 417-1: Maybe pregnant with a child, He is a heartless person, this matter has come to an end (1)

Gu Changge wasn't very interested in the vows of You Yue Demon Emperor.

The You Yue Demon Emperor was not stupid, she had no evidence to prove the other Demon Emperors died in Gu Changge's hands.

On the contrary, it was not simple for her to explain this matter, so she might as well continue to hide it.

And the fate of offending Gu Changge needed no further explanation.

On the other hand, You Yue Demon Emperor would not gain any benefits from this place. From now on, she would be the only Demon Emperor left in the huge Demon World.

This was also a good thing for Empress Xi Yao.

For six thousand years, under the guise of You Yue Demon Emperor, she had shocked all directions and quelled many rebellions, but after a long time, this might turn into suspicion.

"You can head to the gate and wait for me."

Gu Changge did not let You Yue Demon Emperor follow him. After he finished speaking, he entered the abyss where the origin of the world was located, all by himself.

"Yes."

Demon Emperor You Yue nodded. It was only after seeing Gu Changge leave, she breathed a sigh of relief.

She was trembling with fear because of a junior, a feeling she never dared to imagine before. She didn't dare to disobey Gu Changge's order, so she turned into a divine light, moving toward the Gate of Life.

She was also worried that if she went with Gu Changge to the location with the origin of the world, it might arouse his suspicions, so her move was just right.

"Speaking of this, the Young Master of the Gu family might have let me go because of Xi Yao."

She sighed faintly, not knowing whether to be happy or to smile bitterly.

Before the abyss, Gu Changge's figure came to a halt. He raised his eyebrows slightly and watched the void in front of him collapse as a vast power emerged from it.

A wisp of immortal mist turned into various strange beasts on this barren land. However, these were only glimpses from the past scenes. They did not exist currently, and were from countless years ago.

"Is this the power of the origin of the world?"

Gu Changge was a little surprised and felt that all of his cells were just about to move at this moment. This was the meaning of devouring when encountering the Supreme source.

Even if there were many Quasi-Emperor origins and even the origin of an existence at the Emperor Realm, this would not happen.

This could only show that the origin of the world was indeed extraordinary, and it was one of the most divine forces in this world. It could even derive many strange energies.

This kind of power was so high and majestic that he could even hear the rumbling sound of the world turning from it, leaving ripples in the void, which instantly caused the nearby hills to crack.

Demon Emperor Chi Xiao and others had been sitting here for thousands of years, and their cultivation had even changed.

When the origin of the world matured, the Demon World might mutate and evolve towards a higher world. Gu Change naturally didn't want to wait until that time.

This was the origin of the Demon World, and it had nothing to do with him. What he valued was only the benefits that the origin of this world would bring to him.

One of the most intuitive was to improve his cultivation realm.

"If some ancient beings witness this scene, I'm afraid they might think that I am ruining things..." Gu Change couldn't help but smile.

Now the origin of the world was already emitting a trembling sound as wisps of strains with a Supreme aura emerged from it, sweeping in all directions.

It seemed that the entire Mirror Realm could no longer support it. Seeing this scene, Gu Change didn't stop and stepped forward.

The void in front of him seemed to have opened a portal, leading directly to the abyss below. His body glowed, and even his hair turned golden, majestic, and vast. He emitted a five-colored divine light, battling against this world's environment.

Even Demon Emperor Chi Xiao and others would not dare venture under such pressure. It was necessary to wait for the origin of the world to mature and for the pressure to subside before entering.

This was not a problem for Gu Change. He found a flaw in the space and directly connected it to the deepest area.

Buzz!!

Soon, a monstrous aura erupted on his face, as if there were ancient and majestic worlds circulating under the abyss. Within the rumbling sound, there was chaotic energy gushing out, and the sun, moon, and stars were spinning.

Even if the Void Portal was there, it was difficult to maintain it, and it collapsed almost instantly. However, Gu Change's movements were very fast, and as soon as he stepped into the depths, he found the exact location of the origin of the world.

His five fingers glowed with a Dao rune on each of them as they shot out, breaking through the many world auras here. It was then he discovered a huge light source like a star.

The breath of the Dao was permeating throughout the area and the chaotic mist was wrapped everywhere, forming countless chains of laws that were entangled, floating up and down there.

Gu Change opened his mouth and whistled. The black light covering the sky shrouded away, like a galaxy hanging down, drowning everything.

The origin of the world had no self-awareness, and it just resisted there by instinct, but layers of Dao Talisman kept it chained, and it was firmly sealed here.

.....

At this moment, a great turmoil occurred in the Demon World outside the Mirror Realm.

A terrifying vision appeared above the sky as if a flame was burning, the sky collapsed and fell like a meteor.

"This is... What is this?"

"Could it be that we are going to be exterminated, and the sky will bring disaster?"

All the demonic creatures of the Nine Regions watched this scene in shock, panick rising in their hearts as if they were facing a natural disaster.

Before this terrifying phenomena, they were as small as ants, and their souls trembled.

The sky seemed to collapse, and the Demon World creatures were about to be smashed to death.

In the palace, Empress Xi Yao moved and appeared in the sky, looking at this scene from a distance, and her brows furrowed.

Countless demon world creatures that were kneeling inside, were either pious, frightened, or desperate...

"What's wrong? How could this suddenly happen?"

Empress Xi Yao was puzzled, although this scene looked extremely scary, with her cultivation, she could see clearly that it was just a vision.

This was not what actually happened.

It was just a vision created somewhere, reflected in the sky, causing all beings in the Demon World to see it.

"Could it be related to Gu Changge's purpose in coming to the Demon World?"

Her first reaction was related to Gu Changge. It had been half a month since Gu Changge disappeared.

In the past two weeks, she followed his instructions and didn't pay attention to anything, and honestly handled her memorial and state affairs.

But at this moment, Empress Xi Yao couldn't help shaking her heart. She faintly felt that this matter had something to do with the secrets of the Demon World.

Such a vision appeared quickly, but it lasted for half a month.

In the past half month, the huge Demon World had people in panic. Many of them were extremely worried and felt that a catastrophe was about to befall the Demon World.

But once they discovered that these terrifying visions were not real, they were only a reflection in the sky, they gradually got used to it and calmed down. Though, they were a little curious as to what was the reason for this.

Before the Gate of Life, Jiang Luoshen, Bai Lian'er, Tian Ze, and others were waiting here.

They naturally noticed the vision of the Demon World, and felt the violent terrifying fluctuations under the Gate of Life, ancient and majestic, as if to rush out of the sky.

In the next moment, from deep within the ancient well, there was a monstrous ferocity pervading the sky, as if a Supreme True Demon was out from their sleep, suppressing this terrifying fluctuation.

This shocked everyone and their soul couldn't help but feel frightened.

Under that monstrous might, even Bai Lian'er, whose cultivation base had reached the pinnacle of the Quasi-Supreme Realm, had the feeling that she was like an ant and could be pinched to death at any time.

While they were shaking, they couldn't help but guess what Gu Changge was upto.

They waited for several days at the Gate of Death and did not see Gu Changge leave, so they turned back here, thinking that he might come out from there in the end.

Now, feeling the ferocity under the ancient well, no one dared to approach, and they were far away.

"Sister, what the hell is under this ancient well, is it really the exit from that world..."

Chapter 417-2: Maybe pregnant with a child, He is a heartless person, this matter has come to an end (2)

Jun Fan's face was pale, and his heart was full of despair. During this time, he thought of many ways to escape, but Bai Lian'er saw through them.

Moreover, he had a bad premonition in his heart about his father.

"My father handed this place to me and made me guard it. I feel that if my father wanted to leave, he would have come out from here in the end. Let's wait."

Jun Ruoxi looked very calm, she had actually released Gu Changge's seal during these days because Gu Changge didn't care too much at that time.

Relying on the particularity of this place, she secretly unlocked the seal and even Jun Fan didn't know it.

Now she was waiting for the time to give everyone a surprise blow and save Jun Fan. Hearing this, Jun Fan nodded, but his heart was almost desperate, and he couldn't find any way.

And just when everyone's mood was different, under the ancient well, there was a sudden fluctuation. At the same time, there was a divine light piercing the sky, which was extremely attractive.

This scene made Jun Fan and Jun Ruoxi feel hopeful in their hearts, and couldn't help but look there.

"Have you come out?" Bai Lian'er raised her brows.

She had been waiting here for almost a month, counting the timing, no matter whether Gu Changge succeeded or failed, he should have come out.

Jiang Luoshen, Tian Ze, Song Youwei, Jun Yao, and others also looked at it together, feeling that the unparalleled fierceness from the ancient well seemed to have dissipated. The terrifying aura shrouded in heaven and earth also quickly disappeared like a tide.

Above the ancient well, a figure walked out first, dressed in a moonlight robe, graceful and luxurious, with a terrifying Quasi-Emperor aura on her body.

"You Yue Demon Emperor..."

Jun Fan and Jun Ruoxi recognized the person and were a little overjoyed.

Why was Demon Emperor You Yue the one to emerge? Shouldn't their father, Demon Emperor Xuan Yang, be the one?

"Jun Ruoxi..."

The Demon Emperor You Yue didn't expect that there would be so many people outside the ancient well, especially Jun Ruoxi who she knew.

The young man beside him must be Jun Bufan. However, she sighed inwardly, and her face returned to indifference as if she hadn't seen them.

This scene made Jun Ruoxi and Jun Fan's expressions change, and they felt that something was wrong.

"This is Empress Xi Yao's mother, the former You Yue Demon Emperor."

Jun Yao and Song Youwei's expressions were also a little unbelievable. They had no idea what was hidden in the ancient well.

You Yue Demon Emperor, who disappeared for more than 6,000 years now, actually came out of it.

"What's wrong? Are you surprised?"

Gu Changge's figure trailed behind You Yue Demon Emperor, and at this time he also emerged from the ancient well. He glanced at everyone, and his eyes finally landed on Jun Fan and Jun Ruoxi's faces.

"Gu Changge, where is my father?"

Jun Fan's pupils shrank, his face became cold and the feeling of unease in his heart became more and more intense.

Why did Demon Emperor You Yue emerge without his father?

"You are asking me, how would I know? Didn't Xuan Yang Demon Emperor fall six thousand years ago?"

Gu Changge shook his head slightly, with a tone of helplessness and regret.

"It's a pity, I didn't have the chance to see the Demon Emperor Xuan Yang, otherwise I could have a glimpse of his invincible demeanor as he once overlooked the Demon World."

"You..." Jun Fan's face was extremely ugly.

Jun Ruoxi's expression was also not good-looking. She was even desperate for a while. Unexpectedly, their father did not come out with You Yue Demon Emperor.

What happened in these 6,000 years? Why did You Yue Demon Emperor turn a blind eye to them? Could it be that their father had really fallen?

And she felt that Gu Changge had seen through her methods just now, so she didn't dare to act rashly.

"Let's head back to the imperial capital."

Gu Changge looked at Bai Lian'er, Jiang Luoshen, and others.

After devouring the origin of the world, his cultivation had made a breakthrough again, reaching the peak of the Supreme Realm, and he was only one step away from the Quasi-Emperor Realm.

Although this process was somewhat difficult and took a lot of time and means, it did not disappoint him.

Bai Lian'er also clearly noticed that the current Gu Changge was many times stronger than before. If he was said to be unfathomable before, then the current him was now as vast and unpredictable as the ocean.

Although Jiang Luoshen didn't have such an intuitive feeling as Bai Lian'er, she also knew that Gu Changge had benefited greatly from it.

The previous Gu Changge was already invincible among his peers, and it was difficult for someone from the older generation to compete against him. Wouldn't he be able to challenge the real Quasi-Emperor or even Emperor Realm beings now?

"Miss Youwei and Jun Bufan rushed to the Gate of Death together. I wonder if Empress Xi Yao knows about this?"

Before leaving, Gu Changge glanced at Song Youwei and smiled casually. Song Youwei's face was pale. Although she was gentle and generous, it didn't mean she was stupid.

Knowing Bu Fan's identity, she came to see him and followed him to explore the ruins.

If Empress Xi Yao knew about this kind of thing, not only she would be punished, but also her father would be implicated.

"Young Master Changge, I..."

Song Youwei wanted to explain, but halfway through the words, she didn't know how to continue. Because no matter how she explained it, she couldn't get rid of the fact that she privately saw Bu Fan.

"Miss Youwei doesn't need to explain. In fact, I know it. You have contributed a lot in being able to catch Jun Bufan. I will clarify this matter to Empress Xi Yao."

Gu Changge smiled and interrupted her with a wave of his hand.

Hearing this, Song Youwei was stunned for a moment, then smiled bitterly in her heart. Despite her open mouth she said nothing.

She was not stupid, she knew what Gu Changge meant. He would not tell Empress Xi Yao about this but would say that it was because of her that Jun Bufan could be caught.

In this way, she was not only innocent but even meritorious. But this kind of thing went against her heart, but she couldn't refuse.

"Thank you for your generosity, Young Master Changge. If there is a chance, Youwei will definitely help you."

Soon, she also regained her composure and bowed to Gu Changge.

"You're welcome, it's just a matter of words."

Gu Changge waved his hand while speaking and glanced at Jun Fan at the same time, seeing his pale, sluggish, unbelievable expression, his smile was somewhat meaningful.

"Youwei, I didn't expect you to betray me..."

Jun Fan looked sad and stared at Song Youwei. Unexpectedly, in the end, she also succumbed to power.

At this moment, he only felt that his heart was aching as if a sharp blade was slicing through it. However, Song Youwei didn't look at him, ignoring her completely.

"If you have anything, let's head back to the imperial capital and talk about it."

Gu Changge glanced at Jun Yao, who was hesitant to say anything. Her expression did not change, Jun Yao's eyes dimmed with her head lowered.

It was a little hard for her to accept that Gu Changge today was completely different from when he was in the imperial capital, which made her feel very unfamiliar and fearful.

At that time, he was as gentle as jade, treated others peacefully, elegant and handsome.

This huge gap left her dazed and frightened.

Chapter 417-3: Maybe pregnant with a child, He is a heartless person, this matter has come to an end (3)

.....

In the imperial capital of the Demon World, Empress Xi Yao was dealing with state affairs, but she did not expect to see Gu Changge bring someone she didn't expect.

"Mother..."

She couldn't believe it. She hadn't seen You Yue Demon Emperor for six thousand years.

"Xi Yao, you have suffered all these years, and this mother couldn't help you..."

You Yue Demon Emperor's voice was also a little sour, feeling that the current Xi Yao was very different from that of 6,000 years ago.

At that time, she was simple, and although she had some scheming tactics, she was not like today's unsmiling, indifferent and majestic persona. It was as if she had been in the top position for a long time and hardened by the responsibilities.

It could be seen that in the past six thousand years, many things had happened that contributed to her becoming like this.

When Empress Xi Yao first saw her mother, she didn't have much joy of reunion in her heart. Instead, she was more puzzled.

She had a lot of confusion and questions in her mind.

"Since both mother and daughter have reunited, I will not get involved."

Seeing her look at him, Gu Changge smiled and had no intention of staying there. With those words, he got up and left the palace.

Empress Xi Yao gave him a resentful look, but her expression quickly returned to calm.

She vaguely guessed the cause and effect of the incident. Judging from the awe-inspiring attitude of You Yue Demon Emperor towards Gu Changge, it was obvious that she had experienced life and death.

Since Gu Changge bring the You Yue Demon Emperor back, with his character, it was presumably because of her. This made her mood much better for no reason, and the corners of her mouth twitched slightly.

It seemed that she still had some place in his heart.

In the hall, Empress Xi Yao and Demon Emperor You Yue were reminiscing about the old times. Demon Emperor You Yue told her everything that should be said, while hiding things that should be hidden.

Empress Xi Yao was also very knowledgeable and understood a lot of things. She knew that there were some things that she didn't want her to know, so she didn't ask too much.

These 6,000 years were indeed a rare experience for her. Even without You Yue Demon Emperor by her side, it was enough to support the huge Demon World.

This makes You Yue Yao Emperor somewhat relieved, but also a little sad.

And soon, a few days passed and Empress Xi Yao learned that Gu Changge had planned to leave the Demon World. She went to take a look at the sisters and brothers of the Jun family who were imprisoned in the Heavenly Prison.

Jun Bufan naturally hated her deeply, but it was also complicated.

Empress Xi Yao had no plans to pursue the truth of what happened 6,000 years ago. After seeing Jun Bufan, she didn't care much and left, knowing that Gu Changge had other plans.

The King of Chaos and others were also released by her, but if they wanted to restore their power of the past, it would be not so simple.

But in this regard, the King of Peace and Chaos and other members of the King's family were still grateful to her.

Jun Fan thought that Empress Xi Yao would imprison him for the rest of his life. Despairing at the thought of spending the rest of his life in prison.

But he never saw Gu Changge again.

"What are you doing here?" Jun Fan's face was cold. Before him was the person he hated the most, Gu Changge.

If Gu Changge hadn't helped Empress Xi Yao, how could he have ended up in such a land?

"Of course, I'm here to take you down to see your royal father, but don't make him wait for a long time." Gu Changge said lightly.

"What did you say? What do you mean?"

Jun Fan's pupils shrank and he couldn't believe it. Although he had guessed the result, there was still a glimmer of hope in his heart.

Now getting this news from Gu Changge's mouth really made his head buzz, as if being hit by a giant bell it went blank for a while.

"You wanted to know the location of your royal father, shouldn't I just fulfill you now?" Gu Changge couldn't help but smile.

"You swore you wouldn't embarrass me, Gu Changge, you want to break your own Dao oath?"

Jun Fan couldn't believe that Gu Changge would risk the collapse of his Dao heart to kill him.

"Oh, you really think a vow will save you?"

Gu Changge smiled faintly as if looking at an idiot.

The so-called oath was no different from nonsense to him. He expected him to keep his oath? Stop being funny.

Along the way, Gu Changge never placed the oath in his eyes.

As the words fell, he slapped him with a palm, and in Jun Fan's desperate and horrified eyes, he was turned into a cloud of blood, and his body and spirit were destroyed on the spot.

After doing all this, he listened to the system prompt in his mind and narrowed his eyes slightly.

In the next moment, a treasure chest appeared with a faint purple glow.

"It's nothing surprising..."

Gu Changge opened it, and the divine light flickered with a rustling sound as if small worlds collided.

A sapling that was green and crystal clear, shrouded in fairy light, floated quietly in the air.

"The seed of the World Tree..."

Gu Changge was slightly surprised.

This time, with the rules of clearing one's Luck, in addition to getting a lot of Luck points and Destiny value, there was only one World Tree seed.

Gu Changge felt that this thing was related to the origin of the world, so he directly planted it in the Inner Universe and waited for it to grow quietly. After that, he didn't continue to care about it.

The seed of the World Tree itself was a divine object at the same level as the World Seed.

If it was properly bred, a single-world tree seed could give birth to many small worlds.

Not to mention the rest.

In the trip to the Demon World, after solving the trouble of the Son of Luck, he also harvested the origin of the Five Emperors and the origin of the world.

Although it was a bit of a waste of time, in general, the effort was worth it, not to mention the other scattered benefits.

Now that the Demon World was unified, there would be no surprises, and the plans of the Six Emperors had been defeated by themselves.

After leaving Heavenly Prison, Gu Changge did not expect Empress Xi Yao to wait for him there.

"You're leaving the Demon World."

Empress Xi Yao stared at him tightly, not in a questioning tone, but in an affirmative tone.

Gu Changge walked over naturally and smiled, "The matter is resolved, so naturally, it's time for me to return to the Upper Realm."

Empress Xi Yao forcibly endured the reluctance in her heart, and with a sigh, she said calmly, "Then take care."

"If you want me to stay, I can consider it." Gu Changge looked at her with a smile.

"Really?" Empress Xi Yao was a little overjoyed in her heart, she raised her head suddenly, her eyes were slightly bright, and she stared at him fixedly.

"Of course, not.." Gu Changge replied casually, "You shouldn't believe this."

"You..." Empress Xi Yao was a little angry, but she didn't say anything, her expression was a little gloomy.

"But for your sake, I decided to stay for a while." Gu Changge smiled and took advantage of the situation to hold her waist.

"If you want to leave, the Demon World is not far from the Upper Realm, and with the teleportation formation you will arrive in a moment."

"Why amuse me like this?"

Hearing what he said, Empress Xi Yao was a little overjoyed, but she still returned to her previous Empress appearance, and her words seemed cold and dignified.

"Why do you women like duplicity?" Gu Changge shook his head slightly.

Half a month later, outside the palace.

Empress Xi Yao stood in the wind, her blue silk robe fluttering as she watched Gu Changge and others stepping into the teleportation formation to return to the Upper Realm from a distance, and she only retracted her gaze when she could not see a trace of his back.

"Is it possible to conceive a child in this half month?" Demon Emperor You Yue appeared behind her with a rather complicated tone.

"No, he's a heartless person and won't let such a thing happen."

Empress Xi Yao shook her head slightly, her tone was indescribable, but she was still a little disappointed.

Chapter 418-1: The weak, pitiful and helpless are able to eat, Entering the Eight Desolations and Ten Regions (1)

After returning to the Upper Realm, Gu Changge and Jiang Luoshen separated and he did not embarrass her too much.

Although she was treated as a maid during this period, her identity was the Princess of the Supreme God Clan, and the future Empress of the Supreme God Clan would have to go back.

Jiang Luoshen was still a little stunned by Gu Changge's straightforward attitude.

Although she was used to being ordered around by Gu Changge, wasn't freedom good?

"You promised me something, so you can't go back." Jiang Luoshen's golden eyes were full of suspicion.

During this trip to the Demon World, she could see through Gu Changge. He did promise something but she didn't expect him to stay true.

The matter of Jiang Bufan was a complete example.

"When have I ever gone back on what I promised?" Gu Changge raised his eyebrows, feeling that this girl didn't trust him much.

Although he sometimes was very untrustworthy, that was when he was dealing with the enemy.

Jiang Luoshen looked like "Do you think I can believe you?"

"You are my little maid anyway, why would I lie to you for?" Gu Changge's tone seemed slightly disappointed.

"Little maid? Why am I a little maid?"

Jiang Luoshen was a little dissatisfied, but as soon as he said these words, she felt that something was wrong. Did he admit that she was his maid in disguise?

Gu Changge smiled and said casually, "Of course, it's because there are still big maids."

Jiang Luoshen felt that she was at a disadvantage. She could not help but correct, "Who is your maid? Gu Changge, don't you think that after ordering me for a while, I am your maid? This is a deal between me and you."

"Okay, I see, little maid." Gu Changge nodded.

"You..." Jiang Luoshen's heart was full of anger. She almost gritted her teeth, eager to grab his mouth.

But she also knew that she couldn't beat Gu Changge, so she could only give up on the matter of the little maid.

"Let's go."

Soon, her expression returned to indifference, and she took her clansmen to leave this place and returned to the Supreme God Clan.

Under Gu Changge instruction Tian Ze and the others to return to Chaotic Star Region and Ancient Immortal Clans while he took Bai Lian'er and Bai Hua back to the Ancient Immortal Gu Family.

"Don't worry, since I promised to let your father go, I won't break my promise," Gu Changge said.

Bai Lian'er appeared from within the void with a bang, snorted, and said, "I hope so."

After seeing Gu Changge's methods, she could only hope that Gu Changge would not break his promise, otherwise, if Gu Changge repented, she would not be able to do anything.

Bai Hua timidly followed behind. Although he was not tortured by Gu Changge during this time, he was still afraid of him to the core.

"I want you to be used by me, so naturally I won't lie to you easily. Why don't you even have this basic trust?" Gu Changge looked a little regretful.

Bai Lian'er said lightly, "You can use me for your own use, but you have to show some sincerity."

She was not a fool, on the contrary, she was very smart, had methods for scheming and was not afraid of death.

She would not believe Gu Changge's empty promises.

"Sincerity? Yes. I will spare your father, and I will arrange for someone to hand over the most scarce information to the Spring Breeze Pavillion." Gu Changge said casually.

If his guess was right, the Tang family in the Wan Dao Business Alliance was almost completely infiltrated now. It was time for Yin Mei to take the opportunity to take over.

In this way, most of the rights of the Wan Dao Business Alliance would fall into her hands. As for Tang Wan, Gu Changge didn't trust him. To him, Tang Wan was just a pawn that led to the conflict between Chu Hao and Qin Wuya.

"Intelligence?" Bai Lian'er's expression moved slightly. The most scarce resource in Spring Breeze Pavillion was actually information.

Even though she had been developing observers for over the years, that time was short.

For the Dao lineage forces that had been inherited for more than ten million years, this time was not even worth mentioning.

The rest of the assassin organizations, such as the Buddha and the Underworld, had been passed down in the Upper Realm for over 10,000,000 years and even spanned many epochs.

"Of course, if you plan to train people, I have quite a few suitable candidates." Gu Changge continued.

He had a lot of power on the surface, but there were actually very few forces that he could use in the dark. Rather, he could take advantage of this opportunity to take control of the Spring Breeze Pavillion.

Bai Lian'er was a little moved by Gu Changge's statement. When she was at her darkest, it was the inheritance of the Killing Emperor that gave her the hope of seeing this world again.

The former Killing Emperor was the first-class powerhouse in this world, and he created a well-known Holy Land of Killing Dao.

But then for some reason, the Holy Land of Killing Dao fell apart. Its inheritance was also buried in the long river of time, and as years passed not one person had obtained it.

Therefore, Bai Lian'er actually hoped to fulfill the long-cherished wish left by her Emperor and rebuild the world's largest assassin force.

This was the actual reason why she built the Spring Breeze Pavillion, which was related to the inheritance of the Killing Emperor.

"Of course, I have no problem, it depends on your sincerity."

Bai Lian'er said as she was still wary of Gu Changge, this was a master who would sell her if she was not careful.

Gu Changge smiled and said nothing. He knew that Bai Lian'er would agree.

But before that, he still had a lot of things to do, and the affairs of Spring Breeze Pavillion could only be handed over to her first.

During this period of time, a lot of things happened in the Upper Realm. Although he was in the Demon World, he still knew about it because there were observers reporting everything.

Gu Changge didn't plan to go to the True Immortal Academy for the time being. With his current cultivation base, there was no need to go there.

"There was a riot in Demon Burying Abyss, and the demonic energy was overwhelming. The Buddhist Temple was almost destroyed. Many cultivators from Buddha Mountain went there, and in the end, lost their lives..."

"At the bottom of the Demon Burying Abyss, a Great Demon was born, causing chaos for all parties. Even the one with the moniker of Buddha almost lost his life."

"Looks like she's finally going to be born, my good apprentice."

Gu Changge's eyes were dim and many memories flashed through his mind like a flash of light.

Finally, at the foot of the green hill, a little girl in red with timid eyes was pulling on his sleeve.

Although he started to arrange this a long time ago, the chance of success was actually not high.

According to memory, the hatred that even the deepest hell couldn't erase.

How monstrous this was? She probably couldn't wait to eat his meat piece by piece, and even grind his bones into powder and swallow it.

Although this matter was a headache, Gu Changge still had a solution. After all, she was his apprentice when he was the Demon Lord, and some things were common between them.

Soon, after returning to the Ancient Immortal Gu Family, Gu Changge ordered Bai Kun to be released. According to the agreement, he naturally did not have the time to embarrass him.

Bai Kun was not worth his extra time. For Gu Changge, this kind of thing was just a matter of one sentence.

Bai Lian'er and Bai Kun, the father and daughter reunited again, it was impossible to say that they were not happy.

Bai Lian'er didn't say much about the matter of the Demon World, and Bai Kun also didn't ask any further questions.

For him, survival was something he couldn't believe before, and now he didn't dare to ask for anything more.

"Thank you, Young Master Changge."

Bai Kun thanked Gu Changge and was then taken away by Bai Lian'er, planning to find a place to settle him first before they discussed with Gu Changge the matters of Spring Breeze Pavilion.

Gu Changge wanted to ask her father about something, but after thinking about it, he went to the world where Gu Qingyi was and found her sitting on a bluestone on the top of the mountain.

She seemed to have never moved. She had never changed. Her blue silky hair was like a waterfall. Her whole body had an immortal melody and refined beauty. It was ethereal, cold, and aloof. Even her skin was like the most flawless and delicate immortal jade. Impressive luster, perfection to the extreme.

However, if one looked closely at her face, one couldn't fathom it clearly as if it was shrouded in a layer of fog. Only her eyes, cold and deep, seemed to contain the vicissitudes and loneliness of this world.

"You have come?"

When Gu Changge stepped into this place, she already knew, but she didn't move, as if she was waiting for him to come here.

Gu Changge nodded and sat down casually on the blue stone next to her.

"Look at you and take a look at this little fellow."

He smiled and looked away.

It could be seen that the sea of ??clouds in the distance was moving up and down. Xiao Wang Yue was having fun in it. The moonlight was sprinkled on her slender and beautiful body, and she looked quite leisurely and happy.

"I have nothing to look at." Gu Qingyi shook her head, the expression on her face was difficult to change as if she was not smiling.

However, Gu Changge was very familiar with her character and didn't care, he still smiled and said, "No, you look good."

Chapter 418-2: The weak, pitiful and helpless are able to eat, Entering the Eight Desolations and Ten Regions (2)

Hearing the words, Gu Qingyi glanced sideways at him without saying a word, then stretched out her hand to wrap the blue silky hair hanging on his shoulders.

This little action of hers usually happened when she was in a good mood.

Gu Changge didn't break it, looked at Xiao Wang Yue again, and said, "Xiao Bai's strength has grown a lot during this time, it must have been hard for you."

"She eats more by herself and grows faster. This child must have been starving before."

Gu Qingyi shook her head and said, "I just watch her eat every day, and I don't care about her."

"It's okay, just let her eat it." Gu Changge smiled, "Is it possible that a Wang Yue can still eat up my whole family?"

Although there was indeed a case of Wang Yue emptying one family in the records of ancient books, it was also a rumor that was used as an after-dinner talk, and only a few people took it seriously.

However, Wang Yue's body was a galaxy-like existence, which was enough to describe its huge size.

Even the Ancient God who entrusted the stars to her was as tiny as dust in front of her.

And while Gu Changge and Gu Qingyi were talking, Little Bai in the distance seemed to have noticed him and without the previous fear, she turned into a silver light and descended.

However, when she was about to land in front of Gu Qingyi, a moon-white brilliance flashed across her body, turning into a silver-haired little loli who was only half the height of Gu Changge's waist.

Her facial features were exquisite and picturesque. Her eyebrows were slender, her nose was small, eyes were like glass with a touch of blood, complexion was like white porcelain, and even some pale golden blood vessels could be seen. Her entire being had a high and cold aura.

It was hard to connect her with the little Wang Yue who was just casually rejoicing in the sea of ???clouds.

When Gu Changge looked at her, she was not as frightened as before, but instead, she showed him a delicate side, slightly pointed at her little white teeth, with a super fierce look.

"I am your master." Gu Changge was not annoyed either and said calmly.

"Sister Qing Yi..."

She snorted and turned her head to ignore Gu Changge, but instead arrived to Gu Qingyi, looking rather clingy to her.

Her voice was very pleasant and had a jade-like cold texture, which was somewhat similar to Gu Qingyi.

"Don't think this way, I haven't forgotten the way you acted all happy just now." Gu Changge said casually, hitting the nail on the head.

The silver-haired little loli clenched her teeth tightly. Her white porcelain-like face was a little red, and suddenly she was a little angry.

"What's the difference?" Gu Changge asked.

"How can there be no difference?"

The silver-haired little loli glared at him, "Can you describe a girl?"

"You're just one of my pets, and a girl. How can you ask so much?" Gu Changge shook his head, still looking calm.

"You're the pet, I'm a noble Immortal beast Wang Yue." The silver-haired little loli was very dissatisfied.

"The Immortal beast Wang Yue is also my pet. I am your master." Gu Changge said casually.

"I don't have a master like you." The silver-haired little Loli had a lot of complaints against him. She still remembered how Gu Changge said that when she was in Purple Mountain at that time, how he lied to her.

As a result, when he got here, he just left her behind. She was just a little, weak, pitiful, lonely, helpless, and could eat.

How could he be so ruthless, no matter what the reason was? He even gave herself such an ugly name.

Gu Qingyi watched Gu Changge and Xiao Wang Yue arguing. She quietly collected the green silky hair on her shoulders without saying a word.

"You came to me, did something happen?" In the end, she was the first to speak and asked.

Gu Qingyi knew Gu Changge very well. No matter the time, he was a person who went to the Three Treasures Hall without incident.

"It's not really a big deal, I just want you to do me a favor."

Gu Changge smiled, but he didn't speak just now, just waiting for Gu Qingyi to take the initiative to ask him.

"What are you busy with?" Gu Qingyi asked.

"I want you to help me head to Demon Buriyal Abyss and check the condition of the seal."

When Gu Changge spoke, he kept paying attention to Gu Qingyi's expression. But Gu Qingyi didn't show the slightest emotion except for being a little stunned.

This made Gu Changge somewhat disappointed.

"I see."

Gu Qingyi nodded. She never refused Gu Changge's request. It was like this before, and it was like this now.

"Then I'll go first, by the way, these are some rare things I saw in the Demon World this time. You should have been here all the time, and you should have never seen them."

Gu Changge got up and left, but before leaving, he took out a lot of things from his arms.

There were tassels, step shakes, hairpins, and gouache rouge that were unique to the Demon World... It was not rare, but only present in the Demon World.

Because the raw material originated from the Demon World, it would not grow in other places.

"Um."

Gu Qingyi watched Gu Changge disappear, and finally her eyes fell on these things as she gently picked up a wooden comb.

She would never leave this place except for her cultivation, and she would never come into contact with people or things from the outside world.

So Gu Changge would bring her some accessories from time to time.

After all, she was not a mortal person, and she did not have the habit of touching mortal objects.

Leaving this world, Gu Changge headed straight to the main hall to find his father.

On the top place, Gu Lintian's aura was vast and deep, like an abyss like a prison, and a vast aura was filled in this space.

"You're back?" Gu Lintian opened his eyes with a gentle expression.

"Father." Gu Changge nodded and said, "I want to know about the Eight Desolations and Ten Regions this time."

Today's Upper Realm was not very peaceful, Gu Changge already knew this when he was in the Demon World.

Specifically, the Sea of ??Boundary monuments set up outside the Eight Desolations and Ten Regions in the past were now showing signs of depletion, and its power seemed exhausted.

This had led to the attraction of many Taoist forces in the Upper Realm, and the big clans were eager to move. They had started to send powerhouses to invade the Eight Desolations and Ten Regions.

This matter had spread widely, and it was unavoidable for all the Dao lineage forces in the Upper Realm and the aristocratic family races.

The Eight Desolations and Ten Regions was a world very similar to the Upper Realm. It was also vast and ancient.

The difference was that many epochs ago, a war broke out between the two places, and the Eight Desolations and Ten Regions was defeated.

In the end, they had to retreat, leaving behind many territories, in which many powerful forces joined forces to set up a Sea of Boundary monuments outside the frontier.

It contained uncompromising power, which made it difficult for even Enlightened beings to get through.

Over the years, there had been occasional frictions and battles between the two sides, causing casualties to each other, but generally speaking, the Upper Realm side still had the upper hand.

From the name of the Eight Desolations and Ten Regions, it could be heard that the environment there was not as good as this side, and the rules of heaven and earth were not as complete as this side.

This had also led to some problems for the existence of powerhouses over there. Even if they broke through the Emperor Realm, it was difficult for them to live for countless years, and their lifespan was relatively short compared to this side.

Moreover, the cultivation environment over there was even more difficult, and the birth of a strong person was even more difficult.

However, after all, it was a world that was born together, and the laws, systems, ethnic groups, etc. were all very similar.

There was a saying in the Upper Realm. Only by fully integrating the Eight Desolations and Ten Regions and the Upper Realm could we break the Curse of Immortality here for the Path of Immortality to appear.

Therefore, when the Sea of Boundary displayed signs of depletion this time, it was the best opportunity for the Upper Realm.

Even if it was here, they had to beware of the calamity of Absolute Heavenly Extinction.

Hearing this, Gu Lintian was not surprised, and said, "Some time ago, the Sea of ??Boundary began to falter, and the forces stationed in the frontier land sent the news back. Everyone is shaken and many Dao forces have begun to gather forces and try to invade there."

"True Immortal Academy, Emperor Mountain, Human Ancestor Hall, Ancient Immortal Wang Family, Ancient Ye Clan, Supreme Dao cave, and many other forces all sent elites. Many young geniuses took the opportunity to rush there, and they are about to enter the Eight Desolations and Ten Regions. "

"This war is unavoidable, and now is the best opportunity for me."

Gu Changge nodded with a little thoughtful expression, it seemed that it was really an eventful time now.

Demon Burying Abyss riot, Absolute Heavenly Extinction disaster, none of these were trivial matters. But at this time, the Sea of ?Boundary faltering, and all ethnic groups gathering to attack the Eight Desolations and Ten Regions.

Chapter 419-1: The Supreme decree to assemble an army of tens of thousands, Gu Changges Plan (1)

The Eight Desolations and Ten Regions were located on the extreme east side of the Upper Realm.

The terrain there was desolate, with many deserts and hills adjacent to many worlds, and also the junction of many Lower Realms.

Although it was not as prosperous as the Inner Territory, it was mixed with fish and dragons, and there were many ancient existences living in seclusion within the region.

Beyond the Sea of Boundary, there were many broken ancient universes, all of which were destroyed in the war between the Upper Realm and the Eight Desolations and Ten Regions a long time ago.

With the many terrifying creatures hidden, the world was turbulent; ordinary cultivators dare not set foot there.

"All the forces in the Upper Realm raised their troops and planned to cross the Sea of ???Boundary monuments. The leaders are all Immortal Great Sects and Supreme Sects. There are even Enlightened beings who went there in person to open up the way..."

Gu Lintian was sitting cross-legged at the top, his eyes opened and closed and there were wisps of divine light, which evolved into many terrifying scenes.

As the head of the Gu family, he had learned far more than the rest.

Therefore, it was more clear to him that this time the Sea of ???Boundary monuments had dried up, and for the Upper Realm, it was a golden opportunity.

"Then did our Gu family send any clansmen there this time?"

Gu Changge pondered for a while and asked.

He didn't have much interest in the Eight Desolations and Ten Regions themselves.

It was just that when he returned to the Upper Realm this time, he saw ancient warships of all ethnic groups crushing the sky and breaking through the space channel, so he had some guesses.

His bigger plan was still in the Demon Burying Abyss. The rest could be put on hold for now.

"This time, my Gu family has not moved, but I plan to let your second uncle lead the juniors in the clan. With your strength, the battle between the juniors would probably be no longer interesting."

"But no matter what, this time the chaos in the Eight Desolations and Ten Regions is a major event that affects all Dao traditions in the Upper Realm."

"The hatred between the two sides has accumulated for countless years, and it is impossible for the Eight Desolations and Ten Regions to hold back... Occupying such a vast territory, this is tantamount to the biggest fat for all Dao traditions."

Gu Lintian explained.

Although he had not intervened yet, it did not mean that he would not intervene, but he was just waiting for the opportunity.

After so many years, the situation in the Eight Desolations and Ten Regions was still unknown. So he needed the rest of the Dao Lineages to test it out first and then arrive at a decision.

Of course, there were pros and cons in doing so, and the Dao Lineage that first entered the Eight Desolations and Ten Regions would definitely possess the most loot.

All he cared about was stability, and he didn't want to make unnecessary sacrifices.

After all, in their eyes, the Eight Desolations and Ten Regions were a huge piece of fat, and now the barrier to protect that fat was about to disappear.

How could everyone hold back?

"Indeed, this is an opportunity for the Upper Realm."

Gu Changge nodded, since Gu Lintian said so, he didn't have to worry about it.

When the time comes, the Gu family would send their clansmen. During this period, he could solve his own affairs first.

This battle between the Eight Desolations and Ten Regions and the Upper Realm was definitely the most violent one in these many epochs.

With that, he and Gu Lintian left.

Now that the path to Immortality was not visible, and the Boundary monument outside the Eight Desolations and Ten Regions was turning dry, this was a sign in the eyes of many Dao traditions in the Upper Realm.

Only when the two worlds merged, could the rules of heaven and earth be complete, and the Immortal path that had disappeared for a long time would emerge.

At that time, the True Immortal era would usher.

After returning to the divine island where he lived, Gu Changge first sent someone to send the Immortal Divine Clothes to the Immortal Dynasty, and then began to consider the next plan.

From Gu Lintian's words, he already knew the whereabouts of the current movements of various ethnic groups and lineages. There were many adjacent Lower Realms near the boundary monument, and the situation seemed quite complicated.

There would be surging waves from that place from time to time. The momentum was shocking. Although it was dangerous, there were many opportunities.

There were Ancient Emperors' inheritance, Immortals' Engravings, and as for the Supreme sentiment, the Sacred handwriting... there were countless.

For him, this war was a perfect opportunity.

"When the time comes, I can let the Dao bottle condense it... Before that, I can let Yin Mei take over the affairs of the Tang family, and with that I can rest assured that the affairs of the Wan Dao Business Alliance are handed over to her..."

Gu Changge pondered for a while, then began to pick up the pen and paper to write, explaining some things that Yin Mei should pay attention to.

The Tang family was controlled by him with the Immortal Binding Technique. Although they were separated by an endless distance, he could still control their life and death in an instant.

So he wasn't worried about making a fool of himself.

In addition, Gu Changge thought about it and sent the Blood Demon Emperor's Quasi-Emperor weapon.

Yin Mei had outstanding talent in cultivation, but instead of focusing on it, she was secretly developing power for him and solving problems for him.

Therefore, her cultivation level was indeed a lot behind compared to her peers.

A Quasi-Emperor weapon was more than enough.

After this matter was properly arranged, he began to think about the affairs of Jiang Chen, Chu Hao, and Qin Wuya.

Jiang Chen had his demonic puppet by his side, and Qin Wuya had Tang Wan by his side, so he didn't care much about the whereabouts of the two of them.

On the contrary, Chu Hao was hiding in the Supreme Dao Cave, and he should be preparing to reach the Supreme Realm.

At that time, when he was in Vermilion Bird Ancient Kingdom, he was already at the peak of the Quasi-Supreme Realm. After this period of time, he should soon break through to the Supreme Realm.

If Gu Changge expected it well, Chu Hao and the others would definitely rush to the Eight Desolations and Ten Regions this time.

After all, the Supreme Dao Cave wanted to build momentum for him, and along the way, he could make a name for himself in this matter.

As the future Palace Lord of the Supreme Dao Cave, Chu Hao was already in the Supreme Realm at just a few hundred years old. The sensation this news would bring was absolutely unimaginable.

"Just taking advantage of this opportunity, I can harvest the leeks that I had accumulated before..."

Afterward, Gu Changge interrogated Yan Ji about Xiao Ruoyin's situation during this period of time and sent someone to send the Quasi-Emperor weapon he obtained from another Demon Emperor as he did not favor one over the other.

The weapons of the Six Demon Emperors in the Demon World had not been found except for the Demon Emperor who was killed by the Demon Emperor Chi Xiao at the very beginning.

The weapons of the rest had already fallen into his hands.

Of course, the You Yue Demon Emperor's You Yue Wheel was reserved for Empress Xi Yao, and the Immortal Divine Garment that could resist the attack of the Emperor Realm was her final trump card.

In addition, Gu Changge also did not see a trace of the Scarlet Sky Spear of Chi Xiao Demon Emperor.

When the Demon Emperor Chi Xiao entered the Mirror Realm, he left it to his descendants.

Gu Changge sent someone to look for it but found that the descendants of Demon Emperor Chi Xiao had already left the Demon World 6,000 years ago and were nowhere to be found, so he gave up.

After instructing these things, Gu Changge took the time to head to the Purple Pill Sect and meet Lin Qiuhan.

Today, she was different from the past. She was the Young Sect Master of the Purple Pill Sect. Her talent of alchemy was terrifying, and many Elders had already bowed to her.

But when Gu Changge went, she was in seclusion and was deducing an ancient alchemy recipe. So after leaving some things, he left without waiting for her.

After solving these trivial matters, Gu Qingyi, who visited the Demon Burying Abyss, also returned to Gu's house.

As instructed by Changge, she looked at the seal inside.

"The existence sealed in it will be released in almost half a year..."

This was her answer to Gu Changge.

"Half a year?"

Gu Changge's face didn't show much emotional change, which meant that he still had half a year to prepare.

This half-year was more than enough for him.

In the next few days, a horn was blown among the many immortal mountains on the immortal islands of the Ancient Immortal Gu Family.

Immortal fog filled the air, ethereal and lofty. There were extremely strong figures, their aura soared to the sky, covering the world and began to gather the clansmen.

In the vast and boundless territory, many affiliated forces of the Ancient Immortal Gu Family were also ordered.

Among the giant cities, the spiritual mist rose and many masters appeared, bringing their subordinates, in the form of divine lights and ancient warships.

Chapter 419-2: The Supreme decree to assemble an army of tens of thousands, Gu Changges Plan (2)

In the bronze palace of the Ancient Immortal Gu Family representing the Supreme power, the divine light was shining with looming treasure light and the atmosphere was simple and filled with vicissitudes.

Many super-masters with blurred faces, terrifying auras and chaotic auras appeared in their bodies. Their eyes were like swords, and they were more serious than the last time they fought with Purple Mansion.

"This time, in this battle against the Eight Desolations and Ten Regions, my Gu family will dispatch tens of thousands of troops!"

Gu Lintian was in the top place and his aura was like an abyss. He held the seal and summoned a divine decree. Every word on it was shining like stars, exuding a terrifying aura.

Then he used the divine seal and passed it on. Many clan Elders looked at this scene with solemn expressions.

In just an instant, a quaint and Supreme aura filled the air as it swept out from here and rushed out of the territory.

The terrifying fluctuations spread across the sky, reaching hundreds of millions of miles, shaking the endless territory.

In the territory where the Gu family was located, countless creatures and cultivators knelt down with respect and piety on their faces, bowing their heads in the direction of the decree as their souls trembled.

"It has been a long time since the Ancient Immortal Gu Family issued such a Supreme decree. It was not even issued in the last crusade against the Purple Mansion."

"Could it be related to this battle against the Eight Desolations and Ten Regions?"

"This must be calling the strong!"

Between the peaks, there were ancient palaces, among which a strong man walked out with a stunned face and awe in his heart.

This was the decree of the Ancient Immortal family that had the longest standing in the Upper Realm.

There was a decree that came across many epochs, manifested in this world and contained Supreme divine power.

Within it, there was the terrifying power of the Ancient Immortal Gu Family. Even the Enlightened beings were frightened and dare not resist it head-on.

Now, such a decree appeared again with the imprint of the Ancient Immortal Gu Family on it. Powerhouses were gathering in the territory.

To fight the Eight Desolations and Ten Regions this time, the Ancient Immortal Gu Family was sending thousands of troops!

Buzz!

In the divine islands, bright gates of light started to open with surging immortal mist and the power of teleportation permeated!

The ancient soldiers rushed out of the gate of light as if they had come from a mountain of corpses and a sea of ??blood.

The powerful immortal soldiers who once fought in the immortal war in the Purple Mansion, with monstrous aura, assembled again.

Boom!

As the decree spread all over the world, a large number of ancient warships and flying boats were assembled in the giant cities.

Strange beasts were galloping, birds were flying, covering the sky and blocking the sun.

In addition, there were many knights and soldiers moving, densely packed and there were millions of them.

These were all soldiers and warriors trained by the many affiliated forces of the Gu family.

"Wooooooooo..."

In the sky, there was a whistle of the horn.

Huge ancient warships stretched across the sky, galloping fast, approaching the Gu family's territory.

On the ancient warships, a large number of cultivators and warriors assembled with murderous and imposing aura.

This was the arrival of the gods from the beginning of time! Farther away, warships were like clouds, obscuring the sky!

Thousands of warships and millions of cultivators were ready to go. The endless black shadows covered the sky, this was a huge and shocking scene.

"This is the decree of my Ancient Immortal Gu Family! One day, we will also spread our decree all over the world, and display the prestige of my family!"

There was a platform on an extremely majestic mountain in the Ancient Immortal Gu Family.

There were many young geniuses standing above, all of whom were the geniuses of this generation of the Ancient Immortal Gu Family.

At this moment, watching this scene, everyone's blood was boiling, and they just wanted to rush to the Eight Desolations and Ten Regions to fight!

"The mere Eight Desolations and Ten Regions are just the last hiding place for a group of defeated people. How can they stop my Gu family's iron cavalry?"

"Just wait for me to head and set foot on the Eight Desolations and Ten Regions!"

Many young geniuses with innate pride on their faces, were all direct descendants of the Gu family with distinguished status, possessing various powerful talents and divine powers, combat power and incomparably confidence.

During their conversation, their gazes involuntarily looked at the young man standing on the top of the Divine Mountain, with deep reverence and fanaticism.

This was true for young men and women alike.

As a direct descendant of the Ancient Immortal Gu Family, their bloodline was noble, flowing with the oldest bloodline in the Upper Realm.

They didn't even take the descendants of the other Dao Lineage sects seriously, and they were very confident. But only when facing the Young Master of the same clan, would they show the meaning of surrender!

"It is said that the Young Master will not go with us this time. He has other things to do. He is here just to see us off!" Someone couldn't help but whisper.

"Now even the clan Elders can't clearly see through Young Master's strength. They even say that they are no longer the Young Master's opponent!" The person next to him nodded.

"Young Master is only in his twenties! He has already made the Supreme Elders say such words... It's incredible!"

"Today's Upper Realm, no, even in the past countless epochs, who can stand shoulder to shoulder with the Young Master?"

They were full of reverence and fanaticism, looking at the young man standing on the top of Divine Mountain with his back to everyone.

At this time, the horn sounded again and everyone from the younger generation set off, turning into divine lights. They took their servants and followers, and headed towards the ancient warship to break through the space and head toward the Sea of Boundary monuments!

"This war, I just don't know if there will be any changes..."

"Although the Eight Desolations and Ten Regions have been losing battles, often at times like this, there are a lot of changes. On the contrary, the Upper Realm seems to have a good chance of winning, but there are hidden dangers and I always feel that something is wrong."

Hearing the sound of the horn, Gu Changge regained his senses from his thoughts, his eyes swept away, and his expression was indifferent.

Watching a large number of clansmen leave from the space passage, his figure moved and disappeared here. The so-called farewell was actually unnecessary.

It was nothing more than to inspire many young clansmen.

Now that Gu Changge's reputation had spread all over the world, his name was not just a simple representation of identity. In the eyes of many younger generations, this was a supreme honor.

Unparalleled and invincible in the world!

Throughout the ages, the younger generation never had someone better!

Soon, what happened in the Ancient Immortal Gu Family's territory shook the Upper Realm, and the battle of the Eight Desolations and Ten Regions attracted worldwide attention.

Many Dao sects had already sent their clansmen there. Now, the Ancient Immortal Gu Family had made a powerful entrance, causing many forces of the Upper Realms to shake.

Many Dao sects formed an alliance and planned to invade the Eight Desolations and Ten Regions together, but the Sea of Boundary was not calm.

Although there were traces of drying up, there was still no violation of the power left.

Several powerhouses of the Enlightened level rushed there, trying to counteract this power and open the way for the army behind.

However, they were hit hard by the waves at the Boundary monument and were stuck there.

It was difficult for a powerhouse with a high level of cultivation to cross, on the contrary, it was easier for the younger generation to cross, and the repression was less.

In particular, some talented young supreme beings were powerful on their own, but their cultivation base was not very high compared to the older generation of powerhouses, so they became the first batch of ex-pioneers to attack the Eight Desolations and Ten Regions.

The battle was fierce, and the Eight Desolations and Ten Regions were also raising their troops to compete. Among the various ethnic groups, many powerhouses were dispatched to resist the invaders from the Upper Realm.

And during this period, Gu Changge did not leave the Ancient Immortal Gu Family, but rather was a little leisurely, nurturing the World Tree, and at the same time deducing the prototype of the Inner Universe.

During this time, the token left by the Heavenly Extinction Imperial Court finally lit up, but they did not possess the origin of the Heavenly Extinction that Gu Changge wanted at the time.

There were some accidents in Heavenly Extinction Imperial Court. The agreement between him and Princess Jia Lan of Heavenly Extinction Imperial Court had to be postponed for a while. Although Gu Changge was a little surprised, he didn't care.

He was now at the peak of the Supreme Realm, and he was only one step away from the Quasi-Emperor Realm.

The effect of the origin of Absolute Heavenly Extinction was insignificant unless there was a huge quantity, it was at best the icing on the cake.

Chapter 420-1: Gu Xianers younger sister; Heavenly Lan Realm, Shen Clan's waste (1)

During this time, Gu Changge thought about the matter of the Demon Burying Abyss. He wanted to go to the Peach Village and ask Taoyao, and along the way as the master, he would take a look at his apprentice Yaoyao.

However, Gu Xian'er was not their family, so it would be somewhat inappropriate for him to head alone. Although it was possible to use the excuse of going to see Yaoyao, who knew how those old guys would feel when they didn't see Gu Xian'er?

Therefore, Gu Changge decided to wait in the family's land for a while, waiting for Gu Xian'er to arrive after she had dealt with her own affairs and arranging everything by hand along the way.

However, Gu Changge received a piece of news and he was quite surprised.

"Young Master, Miss Xian'er has been away from the clan for half a year, and there is still no news," One of his subordinates respectfully reported.

"During the past six months, no one has heard any news from her?"

Gu Changge frowned slightly, not knowing what this girl was doing.

When he was at the Supreme God's Tomb some time ago, he knew that she had something on her mind, but she didn't mention it herself and Gu Changge didn't care too much.

In terms of Gu Xian'er's character, if it was something she could solve, she probably won't bother others. Especially when it comes to her parents.

"No, when Miss Xian'er returned to the clan, she didn't give any orders and then left alone. She didn't want the clan to send powerhouses to follow her," The subordinate replied.

"Okay, you can go back."

Gu Changge nodded and tapped the table with his fingers unhurriedly.

He planned to wait for Gu Xian'er to come back and take her to the Peach Village so that he could have a suitable excuse.

Now it seemed that he couldn't wait. It already took half a year to deal with such a small matter, who knows how much time she would waste?

"Heavenly Lan Realm is not far from the Sea of Boundary monument. This time, the battle with the Eight Desolations and Ten Regions might get affected."

"Speaking of which, her grandfather entered the Sea of Boundary monument to refine a treasure and was injured in the process before he disappeared."

"It just so happens that Heavenly Lan Realm is the Lower Realm where Gu Xian'er's mother and her family lives. Her parents went to find her grandfather, and now they haven't returned to Gu family for more than ten years."

Gu Changge remembered the news he got when he instructed his subordinates to search for Gu Xian'er's grandfather's trace.

Normally, when Gu Xian'er went to find her parents and grandfather, there shouldn't be so many twists and turns.

After all, behind her was the Ancient Immortal Gu Family. Even though her parents had grudges about what happened in those days, they were unwilling to return to the Gu family.

But it was impossible for Gu Xian'er to stay there forever. Thinking of this, Gu Changge suddenly smelled the taste of the routine.

Even if it was not related to Gu Xian'er, it should be inseparable from her.

"Someone, prepare to drive. Destination is the Heavenly Lan Realm."

Gu Changge's eyes narrowed slightly, his expression somewhat intriguing as he ordered.

He felt that in this battle of the Eight Desolations and Ten Regions, the Heavenly Lan Realm was bound to bear the brunt. After all, among the many Lower Realms adjacent to the Sea of Boundary monument, the Heavenly Lan Realm was extremely advanced.

.....

Heavenly Lan Realm was an ancient world with outstanding people and boundless territory.

Although it was not as vast as the Upper Realm, among the many nearby Lower Realms, it was definitely one of the best in the world.

The mountains and rivers were magnificent and seemingly endless. If one looked down from the sky, they would find that within the many giant cities, the spiritual energy was transpiring and the immortal mist was lingering, just like a sacred place on earth.

In particular, the place with many living beings was extremely prosperous. The divine city was floating in the air, the silver waterfall, the lingering colorful mist, and the steaming clouds.

In the Heavenly Lan Realm, in addition to many Ancient clans, there were those Sacred places with long traditions, high above and overlooking all living beings.

In every Ancient city, wisps of mists of different colors could be seen lingering around. There were the Masters in the town, the powerhouses in large numbers, including many young geniuses.

In this realm, the level of cultivation was extremely high and in some respects, it was comparable to some remote places in the Upper Realm.

Of course, if it was really compared to the Upper Realm, it was definitely far worse. Because of the heritage, and the laws of heaven and earth... These gaps were huge.

Over the years, there had been many powerhouses who had risen to the Upper Realm from Heavenly Lan Realm and there were many rumors left behind, making countless creatures and cultivators yearn for it.

Sometimes, it could even be seen that the powerhouses from the Upper Realm were arriving, and they came to this realm to find some seedlings with outstanding talents and bring them back to the Upper Realm for cultivation.

Therefore, over time, the Upper Realm was not considered mysterious in the eyes of the creatures in the Heavenly Lan Realm, but it still had Supreme meaning.

At this moment, within a majestic and ancient palace of the Shen Clan. Many old men with strong auras were discussing some things here.

As one of the several Ancient clans with a long heritage in the Heavenly Lan Realm, the Shen Clan possessed unimaginable terrifying power within a radius of tens of thousands of miles.

Even the rest of the Sacred places in the Heavenly Lan Realm with a long history were quite afraid of them.

Because the Shen Clan was inextricably linked with a certain terrifying force in the Upper Realm. Even if it was someone from the Upper Realm, they were quite polite to them and dared not humiliate them.

This matter was not a secret among the major forces in the Heavenly Lan Realm.

In the palace, several old men with strong auras and solemn expressions were discussing things while suppressing their anger.

From time to time, violent quarrels were heard, causing many people of the Shen Clan to tremble and it could be heard in the mountains in the distance.

"Since Xian'er is unwilling, then the matter can be dismissed. Can't my dignified Shen Clan get some compensation?"

"It was true that he saved Xian'er's grandfather, but that was more than ten years ago, and now Xian'er is an adult now... For the matter of marriage, she can decide on her own."

"Could it be that you want to force her?"

"Let me ask you, do you dare? You know that the blood of the Gu family is flowing in her body... Which one of you dares to make the decision on such matters?"

"If Xian'er was born in the Upper Realm, she must be a goddess who is famous all over the world. How can a mere waste of nowhere be worthy of the daughter of my Shen Clan?"

The old man who spoke was not angry and arrogant, his lips were slightly thin and his words seemed rather sharp. But the things he said made it difficult for everyone in the hall to refute.

Chapter 420-2: Gu Xianers younger sister; Heavenly Lan Realm, Shen Clan's waste (2)

"But this matter was promised in front of others more than ten years ago, and there is also a letter written by Xian'er's grandfather. If this kind of thing spreads out, isn't it a shame for my Shen Clan?"

Hearing this, the old man next to him had a kind face and smiled bitterly, also looking very helpless.

"What shame? Three years ago that guy arrived at the door himself. Our Shen Clan regarded him as the savior of Xian'er's grandfather. We treated him politely and courteously, knowing that his physical condition was special and his spiritual sea was broken. We found many heavenly treasures, divine medicines and longevity fruits for him, did we ever treat him poorly."

"At that time, it was said that even after three years, his body did not recover. This marriage contract would be null and void, our Shen Clan does not owe him anything, right?"

"Now that three years have passed, has his health ever improved?"

"As a result, that guy still relies on our Shen Clan and doesn't recognize the agreement three years ago. How can this old man endure it?"

The mean-faced old man was extremely angry. The rest of the people couldn't help but smile when they heard the words.

Three years ago, this agreement was just a joke. The said person's spiritual sea was broken. With the financial resources of the Shen Clan, how could it not be solved?

When they said this, they just wanted to express that this was just a small problem, and if it couldn't be solved, there was no need to fulfill the marriage contract.

Because at the time they thought that the person behind Li Xiu was extraordinary and worthy of their deep friendship. But that guy was special, and even after using all kinds of treasures, his broken spirit sea did not change at all.

They didn't even know what happened to him.

This made them feel helpless. What they said at the time was just a verbal agreement, and no evidence was left behind.

Now even if they wanted to recognize it, the other party was playing a rogue, and they couldn't do it.

On the contrary, they would be slandered, feeling that the Shen Clan had crossed the river and demolished the bridge, turning his face and not recognizing anyone.

Now that this matter had been mentioned again by Shen Xian'er, she didn't want to marry a wasteful person, they also felt a headache and it was difficult to solve it.

But it just happened that her grandfather had decided it at the beginning.

"You don't need to say more, Elders."

"I only want to pursue the Dao in my life, and I don't plan to marry and have children. Even if there is no matter from three years ago, I will not agree to this engagement."

"When my grandfather comes back, I will explain this to him personally."

At this moment, a girl emerged from the hall.

She looked only thirteen or fourteen years old.

She was dressed in a long white dress. Her facial features were beautiful, her complexion was snow-white and delicate, her figure was tall, and her body exuded a cold and calm aura as if she had never been impressed by foreign objects.

Even the tone of voice did not fluctuate. Seeing the girl arriving, everyone in the hall was stunned and then smiled bitterly.

The old man who spoke just now showed a kind smile and said, "Don't worry, Xian'er, your sister is also in the clan now. With her here, no one will force you to do this kind of thing. As for marriage contracts or something, tear it up and it's over."

"How can a piece of trash like that with a shattered spiritual sea be worthy of you!"

The girl named Shen Xian'er nodded and said, "Thank you, second grandpa, I understand."

Seeing the people in this hall, they didn't say anything more.

Although Shen Xian'er was born into the Shen Clan, she had half the blood of the Gu family's direct bloodline in her body. If the Gu family knew about it, they would definitely not let her stay here.

It was just for special reasons that Shen Xian'er's parents didn't want the Gu family to know of her existence.

Otherwise, she would have already gone to the Upper Realm to cultivate, and it was impossible for her to stay in the Heavenly Lan Realm.

"Then the matter of Li Xiu is decided, right? After a while, the old man will go and tell him in person."

The old man who just spoke continued, and he was quite dissatisfied with the man named Li Xiu.

Everyone nodded and said nothing more.

At the same time, there was a misty place like a valley in a fairyland.

A man, a woman, and a girl were talking softly here.

The man was quite heroic, with a strong aura and a resolute face.

The woman was very beautiful, looking at the girl's expression, with a dotting meaning.

The girl was wearing a wide-sleeved immortal dress which was suffocatingly beautiful. Her hair was like clouds, her facial features were beautiful and delicate, and one couldn't pick out any flaws. Her skin was as white and delicate as the most flawless suet jade.

Her expression was quite cold, with the immortal aura that was incompetent with the world, it was Gu Xian'er.

"This matter was decided by your sister herself, so don't worry about it."

"Your sister's personality is very similar to yours, but she only has cultivation in her eyes. Your grandfather shouldn't have made this marriage contract for her back then."

This couple was naturally Gu Xian'er's parents.

At this moment, the two of them opened their mouths and sighed, mentioning the matter of Shen Xian'er, so that Gu Xian'er didn't need to worry about it.

"I know, Xian'er's affairs are her own decisions, and no one can force her."

Gu Xian'er nodded when she heard these words, and appeared very mature and steady in front of her parents, like a reliable big sister.

Having said that, she still had some worries in her heart. Half a year ago, she got the news that something happened to the family on her mother's side.

She was a little worried, so she came to Heavenly Lan Realm alone.

After Gu Changge found her parents' traces before, she realized that in the years when she was missing, her parents thought that something had happened to her, and they were heartbroken. In addition, they wanted to keep her, so they gave birth to a sister for her.

She was just three years younger than her, and her name was Shen Xian'er.

However, her parents held a grudge against the Gu family because of what happened back then. They were reluctant to go back after all these years. Even the child's name was named Shen instead of Gu's surname.

This matter had never been informed to the Gu family.

If it wasn't for Gu Xian'er arriving here in person, she would not have known that she had a younger sister.

She had never mentioned these things to the Gu family because her parents had told her not to tell the Gu family.

As for Shen Xian'er's temperament, although it looked similar to hers, she was only focused on the Dao of cultivation and had no other distractions. Her own cultivation talent was also extremely outstanding, topping her peers.
