Chapter 421-1: Let the frog at the bottom of the well meet the dragon of Nine Heavens, That young existence (1)

The Shen Clan was very large and covered a vast area. Some mountain peaks were hidden, and the spiritual waterfalls could be seen hanging down.

At this moment, in a rather quiet courtyard.

A young man with long hair, dressed in a long gown with a refined and natural face was bending over to water the flowers and plants in front of him.

He looked very young, with decent features, only in his twenties.

Although there was no fluctuation on his body, his gestures seemed to be integrated with the surrounding environment.

Many spiritual birds descended because of his actions and colorful butterflies fluttered as they stopped on the flowers and plants in the courtyard.

"Second Elder, needless to say, I will naturally leave the Shen Clan when the time comes, but not now."

The young man turned his back to an old man in front of the courtyard and his voice was calm and natural. There was no change because the person behind him was the Second Elder of the Shen Clan.

He looked very serious, watering every flower and plant, at the same time bending over to pick up some of the dead leaves.

It seemed that the people behind him were not as important as the flowers and plants in front of him.

The Second Elder of the Shen Clan was the old man in the palace who insisted on letting Shen Xian'er break up this marriage contract.

He had a sullen face and thin lips, and when he heard these words, he seemed very sullen.

"Li Xiu, don't be ignorant. How did you say it was good? Do you actually regret it now?"

"Has my Shen Clan ever wronged you over the years? Your spiritual sea is broken, who brought you many elixirs? And who brought you immortal fruit?"

The young man named Li Xiu shook his head slightly when he heard the words, "I wasn't the one to make that promise. You guys were the one and I already said it, when the time comes, I will leave the Shen Clan. You can't keep me if you want."

"I didn't ask you guys to repair my broken spirit sea. At the time, there was no need to waste time on me, but you guys didn't believe me."

"And if it wasn't for me back then, Shen Xian'er's father and grandfather would have died long ago. I am their savior. Is this how your Shen Clan treats saviors?"

He smiled lightly in a natural but a little mocking tone as if he was talking about a trivial matter like eating and drinking. But this contemptuous attitude made the Second Elder of the Shen Clan even angrier.

"Stop talking nonsense."

He said with a gloomy expression, "You must annul this engagement. How can a crippled person like you, of unknown origin, be worthy of the sweet daughter of my Shen Clan?"

"Don't be delusional, Xian'er will not marry you. Leave the Shen Clan if you're smart, and we can still get along well."

"Even if your mysterious Master shows up, the old man will say the same thing now and won't change it."

He knew that Li Xiu's mysterious Master was very powerful. He was even able to rescue Shen Xian'er's father and grandfather from there.

And according to what the two of them said afterward Li Xiu's Master broke the chaotic laws of the Boundary Monument with a wave of his hand.

This method could only be done at least above the Supreme Realm, so they planned to be good friends.

And this was also the reason why many Elders of the Shen clan were now opposing this. After all, although the mysterious Master of Li Xiu had not appeared in the past three years, who knew whether he was alive or dead?

A cultivator who surpassed the Supreme Realm was almost standing at the peak in the Heavenly Lan Realm.

Who would dare to offend him?

Hearing this, Li Xiu just smiled lightly, as if he still didn't care, and said, "I said it all, I don't have a Master. And if Shen Xian'er wants to ruin the original marriage contract, you can ask her to tell me in person."

"Perhaps in your eyes, Shen Xian'er's reputation is dazzling, but in my opinion it's nothing more than that. If it wasn't for her grandfather's begging, do you think I would agree?"

He was telling the truth, how could Shen Xian'er be worth his attention?

It was just that the other party didn't even see each other and wanted to unilaterally tear up the marriage contract, which made him feel uncomfortable.

Since when was he reduced to the point of having his promise torn up by someone withdrawing from his marriage?

"What an arrogant tone! Since you said so, then I'll let Xian'er come over and let her say this in front of you."

The Second Elder of the Shen Clan laughed at Li Xiu's anger. He really thought that if there was an Old Monster master behind him, he could ignore everyone.

Hearing this, Li Xiu just glanced at him lightly and then continued to bend over to pour water, very leisurely and indifferently.

The Second Elder of the Shen Clan snorted coldly and then strode away from the place, but when he was outside the courtyard, a very simple communication talisman suddenly lit up in his arms.

Seeing this scene, his complexion changed, becoming extremely cautious, even a little nervous and trembling and then he took out the communication talisman.

"What?"

"That... young existence, he actually wants to come to Heavenly Lan Realm."

Seeing the contents of the communication talisman, the Second Elder of the Shen Clan was stunned for a moment. He was extremely shocked and even his words were trembling with excitement. It was difficult for him to keep calm.

The communication talisman in his hand was almost unsteady and was about to fall to the ground. It could be said that his appearance was vastly different from the one he had with Li Xiu.

Seeing his appearance, Li Xiu raised his brows slightly, as if surprised.

The Second Elder of the Shen Clan was chaotic, he still understood what had happened that would make him so respectful that he even trembled slightly.

"Young existence?"

He heard the words in the words of the Second Elder of the Shen Clan and frowned slightly, before pondering carefully. He had some guesses in his heart, but he didn't care.

"The frog at the bottom of the well doesn't know how high the sky is, this time I will let you see what is called the True Dragon of Nine Heavens."

The Second Elder of the Shen Clan sneered, glanced at Li Xiu, and then left in a hurry, intending to tell the rest of the clan about this and preparing everyone to receive him.

Many people didn't actually know that some time ago, he had already come into contact with people from the Upper Realm.

In the beginning, he learned that a certain powerful and unparalleled young existence from that family was looking for someone with the surname Gu.

Taking this opportunity, he established a relationship with the Upper Realm.

Now he suddenly got the news that the young existence was coming to the Heavenly Lan Realm.

This made his heart shake, and he quickly guessed that its purpose should be related to Gu Xian'er, so he did not dare to neglect it and hurriedly went to discuss it with many elders.

Although Shen Xian'er's parents had some grudges against that one because of what happened in the past, no matter what, the blood of that family was flowing into their bodies.

This was also a once-in-a-lifetime opportunity for the Shen Clan.

.....

At the same time, in the valley, there was a misty valley with immortal mist and colorful clouds.

The stones flickered with precious light as strands of purple light rose up from all over the place, like a fairyland.

Shen's mother, Gu's father, and Shen Xian'er were still expressing their dissatisfaction with Gu Changge from the past.

"Xian'er, don't make excuses for him." Mother Shen looked at her distressed.

Gu Xian'er's expression was cold, listening to what Mother Shen said, she felt helpless and couldn't help explaining,

"Father and mother, you have all misunderstood. Gu Changge is really not to blame for what happened back then. Now he is doing his best to compensate me."

"I'm very good in the Gu family, and the clan Elders are very good to me. Some time ago, an ancestor of our line came out, and almost leveled the Sea King Palace..."

"Actually, you don't have to. The clan Elders miss you very much."

Hearing this, Mother Shen shook her head and sighed, "Xian'er has really suffered for all these years, I know you are saying this because you want to take care of your Clan, how could such a big hatred at the beginning be resolved in a few words? "

In her opinion, if Gu Xian'er didn't make concessions, how could Gu Changge let her go so easily?

How could it be so easy to recall the exiled clansmen back into the clan and restore their status?

The pain of digging bones, how heart-wrenching was this?

"Although we haven't been back to the clan these years, we still know some things. Gu Changge promised to take back the clan Elders because he wanted to become the Young Master of the Gu family."

"If not, would he be so kind?"

Father Gu also spoke at this moment, his fists clenched tightly, hating his own powerlessness.

How old was Gu Xian'er when he dug out her Dao bone? No matter how much Gu Changge explained, he couldn't cover up this cruel fact.

"Mother, father... You..."

Gu Xian'er didn't know how to explain it now and felt a little uncomfortable.

She also knew that her parents cared about her, but she didn't want her parents to misunderstand Gu Changge so deeply. But what happened back then was related to Gu Changge's secret, and she couldn't explain it well.

She had already told them what happened between this time and Gu Changge, but they still maintained an attitude of disbelief.

"Sister, you don't need to say more. It's good for you to return to the Shen Clan now. Our family of four will always be together."

Shen Xian'er spoke softly, under the influence of her eyes and ears since she was a child. She also had an inexplicable hostility towards Gu Changge, who she had never seen before.

"You are still young, and there are some things you don't understand."

Gu Xian'er's tone was slightly helpless. She would say this almost every day during this time, but it was of no use.

Her parents' attitude towards Gu Changge was deeply ingrained, and it would be really difficult to change it.

Chapter 421-2: Let the frog at the bottom of the well meet the dragon of Nine Heavens, That young existence (2)

"Forget it, don't worry about this. Let's settle Xian'er's matter now."

Seeing that they were about to speak, Gu Xian'er waved her hands quickly, for fear that her parents would say some inexplicable words.

She felt that it was necessary to take them back home and visit him along the way so that their attitude towards Gu Changge should change.

"Okay, don't talk, don't talk, lest you get angry again later."

Mother Shen was also a little helpless. They didn't know what kind of ecstasy soup Gu Changge poured into Gu Xian'er. Every time they talk about Gu Changge, she would be unhappy.

Although she didn't show it on her face, how could she hide the emotional changes in her heart from them?

"How could I be mad..."

Gu Xian'er was about to deny it.

It was then outside the valley, a divine light suddenly descended, one person arrived and reported to Shen Xian'er,

"Miss Xian'er, Holy Maiden Yue has invited you to see her outside the mountain gate."

"Invitation from the Holy Maiden Yue?"

Shen Xian'er frowned slightly when she heard the words. A coquettish figure appeared in her mind, and she didn't understand why the other party came to the Shen Clan at this time.

Although she and Yaoyue Holy maiden had several encounters, they were not very familiar with each other, and they only said a few words.

At this time, the other party specially came to the Shen Clan to invite her to meet.

"Holy Maiden Yaoyue, is she the descendant of the Sacred Land of Huang Yue?"

"Why did she come to the Shen Clan?"

Mother Shen was a little puzzled, although she had been living in seclusion in the valley for all these years, she had hardly ever stepped out. But she still heard about some of the geniuses of the Heavenly Lan Realm.

This Holy Maiden Yaoyue was an extremely dazzling girl of the sky. She was the successor of the Sacred Land of Huang Yue.

She was strong in strength, quite famous and beautiful in appearance, there were many young suitors. Some people often compared Holy Maiden Yaoyue and Shen Xian'er, the daughter of the Shen Clan.

She also didn't understand why Holy Maiden Yaoyue came to visit Shen Xian'er at this time.

"Tell her I'll be there soon."

Although Shen Xian'er was puzzled, she did not neglect her.

After all, Huang Yue Sacred Land was also a force with a very long heritage in the Heavenly Lan Realm. Its existence time was even older than that of the Shen Clan, and its heritage was unfathomable.

Moreover, there were rumors in the Heavenly Lan Realm that the Ancestor of the Sacred Land Huang Yue had been in seclusion in the depths for these years, and had not ascended.

After the cultivators in the Heavenly Lan Realm broke through the Supreme Realm, it was difficult to continue to stay in this realm.

They would either find a way to cover the sky, or find a way to retreat and block their aura to slow down the aging process, so as not to be sensed by the laws of heaven and earth.

For example, the ancestors of their Shen Clan used the second method to retreat into the Ancestral Land and seal their blood.

"I'll accompany you to take a look."

Gu Xian'er also felt that this matter was a bit strange, and added.

Shen Xian'er nodded, and then the two of them turned into divine lights before leaving the valley as they went outside the Shen Clan's mountain gate.

In front of the splendid and quaint mountain gate, the bluestone was towering and tall, with cyan rays of light lingering on it, which looked extremely long.

Many members of the Shen Clan came and went and looked forward in surprise.

A woman in a red dress with a graceful figure and a coquettish face was standing in front of the mountain gate. Her body radiated a faint brilliance, and a jade flute was pinned to her waist, giving her a graceful appearance.

There were many followers behind her, both men and women, young and old, many of whom were powerful and unfathomable.

"Your Highness, are we waiting here now? What if Shen Xian'er doesn't see us?"

At this moment, an old man with white hair and a beard behind the woman in the red dress couldn't help but ask.

The woman in the red dress was the Holy Maiden Yaoyue. When she heard the words, her eyes did not change as she said, "Shen Xian'er will meet me. We just need to wait."

She was very confident and was not worried that Shen Xian'er would not see her behind closed doors.

While speaking, Holy Maiden Yaoyue's gaze towards the Shen Clan was a bit complicated, but it was more awe hidden in the depths.

It was as if there was something terrifying hidden in the Shen Clan.

At this time, in the Shen Clan's mountain gate, two divine lights cut through the sky. They were Gu Xian'er and Shen Xian'er.

Regarding Gu Xian'er, who had a somewhat unfamiliar face and was somewhat similar to Shen Xian'er, Holy Maiden Yaoyue had some doubts but she didn't ask any further questions.

"I wonder why the Holy Maiden Yaoyue has come to find me?"

Shen Xian'er glanced at Holy Maiden Yaoyue and the others, her voice was very flat, without any turbulence, straight to the point and very straightforward.

She was single-minded and focused. She didn't pay attention to worldly manners, so her words were also very rude.

This made the faces of the people behind Holy Maiden Yaoyue slightly sullen.

After all, they had been waiting here for a while. Shen Xian'er's attitude was the same, and she didn't invite them to talk.

As a well-known Ancient Clan in the Heavenly Lan Realm, the Shen Clan was obviously a bit unreasonable to do this and it would give people a feeling of looking down on the Sacred Land Huang Yue.

However, Holy Maiden Yaoyue waved her hand indifferently. She had dealt with Shen Xian'er before and understood that her character was like this.

She also said directly, "I heard that you are going to tear up the marriage contract with that wasteful son-in-law of your Shen Clan?"

Shen Xian'er frowned, "How did you know about this?"

This matter was only spread a little among the Shen Clan.

How did the Holy Maiden Yaoyue know about this in the Sacred Land Huang Yue? Could it be that there were her spies in the Shen Clan?

"I don't think it matters."

When Holy Maiden Yaoyue saw her expression, she was stunned. She couldn't help but show a smile on her face and add, "I've already been outside the mountain gate, and Miss Xian'er won't invite me in to sit. Anyway, the Shen Clan is also one of the biggest clans in the Heavenly Lan world, shouldn't they even have this kind of tolerance?"

"What do you want?"

Shen Xian'er's tone was still impolite, and at the same time, she became more and more puzzled.

Why did the Holy Maiden Yaoyue ask her about her useless fiancé?

She didn't have any opinion on Li Xiu, she simply had no plans to marry and have children and only wanted to pursue the Dao in this life.

Even if Li Xiu was not a waste, she would not agree to this engagement.

"I'm just curious, I really want to see the one who was invited by your Shen Clan back then, but now you want to tear up the marriage contract."

Holy Maiden Yueyue smiled and said nothing.

At this moment, even Gu Xian'er felt that something was wrong. Why did Holy Maiden Yaoyue take the initiative to ask about Shen Xian'er's fiancé?

"Since you want to see him, let's go."

Shen Xian'er had nothing to refuse, after all, the other party came to the Shen Clan just to see Li Xiu through her.

Although she had no feelings for Li Xiu, she would not restrict his actions, nor would she interfere with other people coming to see him.

"Thank you, Miss Xian'er."

Holy Maiden Yaoyue was delighted, but her expression did not change. She still had a decent smile.

Afterward, she followed behind Shen Xian'er, her lotus steps moved shallowly and her red skirt swayed as she went into the depths of the Shen Clan.

"What is this person trying to do?"

Gu Xian'er, who had been watching from the sidelines, suddenly felt a strong sense of something wrong.

This Holy Maiden Yaoyue seemed to have a different purpose. But at this moment, a mighty aura suddenly rose from the Shen Clan.

In the palace in the center, the lights flickered and glowed as a powerful aura swept the sky.

This was an ancient and powerful aura that permeated the air. Terrifying figures were appearing one after another, rushing out of the mountain gate, looking extremely anxious.

Holy Maiden Yaoyue and others, who were rushing to Li Xiu's courtyard, saw this scene and looked a little puzzled.

"What happened?"

"Just now, these are the older generations of the Shen Clan, right?"

She couldn't help asking.

Shen Xian'er was also a little puzzled. It was the first time she saw such a huge scene. Many clan Elders set off together and went outside the mountain gate.

Even if they encountered a strong enemy, this would not be the case.

"Could it be that something major happened that alarmed all the Clan Elders?"

She couldn't help shaking her head gently and soon didn't care. After all, this kind of thing had nothing to do with her.

Gu Xian'er frowned slightly, this scene reminded her of the day she came to the Shen Clan.

Because she was relatively low-key, many Elders of the Shen family still came to pay their respects and did not dare to neglect her.

"This situation... Isn't that guy running here himself..."

A strange feeling suddenly appeared in her heart, but she felt that it was impossible. How could Gu Changge care about such trivial matters?

Not to mention coming to Heavenly Lan Realm in person.

Chapter 422-1: There are mountains above mountain and there are heavens outside heavens, Go and destroy the Sacred Land Huang Yue for me (1)

Soon, several people passed through several mountains with radiant divine lights and arrived at a quiet courtyard.

Simple fences surrounded the neighborhood and there were a few simple houses among them with some simple plants planted on the side, which looked very leisurely.

A young man, with his back to everyone, was watering there, seemingly unaware of the few people outside the courtyard.

After coming here, Holy Maiden Yaoyue couldn't help shrinking her pupils. Her complexion changed slightly and a storm surged in her heart.

She even trembled slightly, unable to restrain herself. However, she was worried that Shen Xian'er and others would see the abnormality, so she quickly recovered to natural appearance.

"Li Xiu, someone is looking for you." Shen Xian'er did not notice the strangeness of the Holy Maiden Yaoyue and spoke directly.

Hearing this, Li Xiu put down the movements in his hands, looked over, and said, "Are you here to tear up the engagement?"

Shen Xian'er frowned, although she knew that this matter was unreasonable, there was nothing she could do.

"I won't marry you. If you want anything, just mention it and I'll try my best to satisfy you," she said.

It was not the first time Gu Xian'er saw Li Xiu, although she could not feel any fluctuations in him. But her intuition told her that Li Xiu should not be as simple as it seemed.

If it was just a simple waste with a broken spiritual sea, it would not have this kind of bearing. However, even if Li Xiu was no longer simple, she would definitely stand on Shen Xian'er's side as it was a matter of Shen Xian'er's life.

"Condition? Well, I don't need this kind of thing. Since you plan to tear up the engagement, I hope you won't regret it in the future."

Hearing that, Li Xiu just said casually, there was not much turbulence in his eyes, and he looked very calm.

Shen Xian'er's expression was also calm and she said, "Of course, I won't regret it. Since you have agreed, the marriage certificate will be torn up and voided."

Li Xiu didn't expect Shen Xian'er's attitude to be so calm. Although he had the heart of the Dao, he had narrowed the road.

"Really blind."

He couldn't help but smile, and then looked at the Holy Maiden Yaoyue. He seemed to be looking at it seriously. After some thought, he suddenly said, "Were you looking for me? You look a little familiar, so you are..."

At this moment, hearing these words, Holy Maiden Yaoyue couldn't help but feel a little excited. Her words trembled and it was difficult to keep calm like just now.

"Huang Yue Sacred Land sent Yaoyue to pay respect..."

She was about to salute respectfully, but Li Xiu interrupted her with a wave of his hand, "You don't have to."

"Yes, War... Lord."

Holy Maiden Yaoyue was a little stunned, but she was still respectful and authentic and her heart was full of awe.

Some time ago, the Ancestor of the Huang Yue Sacred Land suddenly felt a sense of awakening. He summoned a group of descendants who had his bloodline to find existence and handed over the portrait of that existence to them.

The Holy Maiden Yaoyue was deeply loved by her. After asking, she learned the identity of the existence from the mouth of the Ancestors. At that time, she was extremely horrified and in awe at the same time.

She never imagined that the Sacred Land Huang Yue would have such a history.

Then, by chance, she learned from the mouth of the Shen Clan that Li Xiu's appearance was specific and at that time she felt that he was similar to the one in the portrait.

That was why she came to visit the Shen family today.

Looking at it, she found that this "Shen Clan's son-in-law" was exactly the same as the one in the picture.

This made a shocking wave in her heart, and it was difficult to calm down.

Seeing this scene, Shen Xian'er frowned, she didn't understand Holy Maiden Yaoyue's actions.

With her status in the Heavenly Lan Realm, she actually wanted to greet Li Xiu.

Did Li Xiu still have any identity, hiding something from them?

However, even if she knew this, she had no regrets in her heart.

On the contrary, there was a kind of relief and it was best to void the marriage contract.

No matter who Li Xiu was, from now on, the two of them would have nothing to do with each other.

Who he was had nothing to do with her. Gu Xian'er had been watching all this with cold eyes, without saying a word.

She had felt that something was wrong before. How could this Yaoyue come to look for Li Xiu?

It turned out that Li Xiu still had such a mysterious identity.

As for what this mysterious identity was, she didn't care. Now that after breaking the engagement, Shen Xian'er didn't need to be bound as before.

This made her a little relieved. Other than that, she didn't care.

Li Xiu saw the expressions of Gu Xian'er and Shen Xian'er. He saw the scene in front of them, but there was no change at all and they looked indifferent.

He couldn't help raising his eyebrows, then laughed, "I didn't expect that one day, I would be so despised by others. It's really interesting."

Shen Xian'er had been carrying the marriage certificate with her back then, but she was about to tear it up when she took it out.

Hearing this, she and Gu Xian'er couldn't help frowning, feeling that Li Xiu seemed a little too self-righteous.

Even if his hidden identity was extraordinary, should the two of them be respectful to him? Was he overthinking?

"My lord, this Shen Clan has no eyes, and doesn't know your identity, so it's better not to wait. They will regret it sooner or later."

"You might as well follow me back to the Sacred Land Huang Yue. Our Ancestor has been sending us to find your traces, and really want to see you again."

Hearing this, the Holy Maiden Yaoyue hurriedly opened her mouth and added. She did not have the appearance of a Holy Maiden in front of the Shen Clan's mountain gate before. She respected Li Xiu very much, and her words were also respectful, and she did not dare to neglect him.

"Shen Xian'er, if I were you, I would quickly apologize, or else the Elders of your clan will be blamed, and you won't be able to afford it."

"The identity is far more terrifying than you can imagine. It is an honor for your Shen Clan that he has stayed with the Shen Clan for three years."

"There is a marriage contract between you and this Lord. You don't cherish it, and you even want to tear it up. I feel sorry for you. If it was someone else, even if you gave all the accumulation and heritage, the Lord probably wouldn't even look at it. Tell me, what's wrong with you?"

At the same time, Holy Maiden Yaoyue glanced at the marriage certificate in Shen Xian'er's hand, and her words were not as polite as they were in front of the mountain gate before, with some light mockery.

After all, the person standing behind her was this adult. If she performed well and was appreciated by him, her future could be described as limitless.

Hearing this, Li Xiu didn't say much, but the corners of his mouth could not help but draw a faint arc.

Although according to his state of mind, he should not be very concerned about this kind of thing. Over the years, it was inevitable for the Shen Clan to feel a little cowardly.

It had to be said that this kind of mundane emotion was still unavoidable for him, and he could not truly avoid mundane emotions.

"You..."

Shen Xian'er has never cared about foreign things, but at this moment, she was a little angry because of what Holy Maiden Yaoyue said. She was holding the marriage certificate tightly in her jade hand.

"It's such a big tone. If Xian'er tore up the marriage certificate today. Who dares to blame her?"

Gu Xian'er's pretty face was also cold at the moment. Her words seemed to be quenched by cold air. She didn't expect Holy Maiden Yaoyue to be so humiliating, she really ignored her.

She originally planned to let Shen Xian'er handle this matter by herself, and was not going to intervene. But now the humiliating tone of the Holy Maiden Yaoyue really annoyed her.

"I know that the Shen Clan has a background from the Upper Realm. You should not be from the Heavenly Lan Realm, but from the Upper Realm, but you must know that there are mountains above mountains, and there are heavens outside the heavens."

"Some people's backgrounds are not what you can imagine."

Holy Maiden Yaoyue was not angry because of Gu Xian'er's words but spoke lightly as if she was trying to persuade her, but she couldn't hide the mockery in her words.

"It's good to know that you are aware that there are heavens outside of the heavens... Today I want to see who the Lord you are talking about is, and why his tone is so arrogant."

Gu Xian'er's face was cold, she took her sister's hand to calm herself down.

"Elder sister..."

Shen Xian'er gave her a worried look, she felt that her sister was not as calm as she seemed.

"Needless to say, since this marriage certificate is going to be torn up, let's tear it up. The Shen Clan really doesn't want to wait. It just so happens that I also plan to meet my old friends."

Li Xiu smiled indifferently, waved his hand and asked the Holy Maiden Yaoyue to stop talking. Some things were like this, just go on with it. Anyway, when they finally understand the truth, they would regret it too much.

"Yes, my lord." Hearing this, the Holy Maiden Yaoyue nodded and said respectfully.

Chapter 422-2: There are mountains above mountain and there are heavens outside heavens, Go and destroy the Sacred Land Huang Yue for me (2)

Whoosh!!

But at this moment, the sky suddenly trembled.

Between the mountains in the distance, bursts of divine lights suddenly swept toward this place with huge momentum and many people followed closely.

A golden Dao emerged above the sky with bursts of sounds on it, golden lotuses blooming with many colorful clouds flowing, and there was an immortal air.

An old man with immortal style and white hair and beard was standing on it, with a slight bow and a smile on his face.

Beside him, a young man stood with his hands behind his back, his face blurred like a young immortal. His white clothes were whiter than the snow.

With a gesture, it could even make the stars outside the realm tremble.

Even the void around it had a faint meaning of collapse which was a manifestation of profound cultivation and unpredictable power.

Behind him, many Shen Clan Elders and other beings followed carefully with a smile on their faces, extremely respectful, but they did not dare to get too close.

Such a scene shocked everyone in the Shen Clan.

Among the many mountain peaks and sacred mountains, there were people from the Shen Clan who appeared and they all looked over, incomparably astonished.

"Didn't you say that the Ancestor is in retreat?"

"Why did he suddenly show up? He is so careful to accompany him. Who is that young man in white, who can be treated like this by the ancestor?"

"All the Elders are there, isn't it too scary? What kind of big man is coming to my Shen Clan?"

They watched it all in shock and couldn't believe it.

"Look at the direction the Ancestor is going, isn't that where Li Xiu's trash son-in-law is?"

"Could it be because of Li Xiu?"

Divine lights cut through the sky and chased toward golden light. Many people were curious and planned to join in the fun.

"This fluctuation..."

"Who came to the Shen family?"

In the valley like a fairyland, Father Gu and Mother Shen sensed the fluctuation of the aura outside, and they looked at each other in surprise.

"It actually disturbed the entire Shen Clan. Could it be someone from the Gu family? It's such a big scene."

Mother Shen guessed.

Father Gu said solemnly, "I guess it's because of Xian'er, I'm going to have a look. I'm worried."

After he got up and turned into a divine light and left this place, Mother Shen hesitated but quickly chased after him.

"Reporting to Young Master Changge, Miss Xian'er has been with the Shen Clan all this time and hasn't gone anywhere."

"If Miss Xian'er wants to go out, we will send a large number of powerhouses to follow her and dare not let her have any accidents."

"So don't worry."

On the golden Dao, the current Ancestor of the Shen Clan replied with a smile on his face as he accompanied him carefully while wiping the cold sweat from his forehead.

He was extremely shocked. His cultivation base was in the Supreme Realm, but there was still a sense of suffocation around Gu Changge.

This could only show that Gu Changge's strength was much more terrifying than his, even if it was described as unfathomable, it was far from enough.

"Ohh? This girl has been away from the Upper Realm for half a year, and no news has come back. I thought she died."

Hearing this, Gu Changge smiled lightly and said, "It seems that I can still jump around, I'm relieved."

The golden Dao fell from the sky and came to Li Xiu's courtyard.

Gu Xian'er, who was staring blankly at Gu Changge's arrival, felt dizzy and caught off guard. When she heard his words suddenly, the joy in her heart suddenly disappeared.

This guy's mouth was still so poisonous. Someone said that they cared about people like this.

The Ancestor of the Shen Clan didn't dare to answer Gu Changge's words at all and only dared to wipe the sweat from his forehead.

However, it could be seen that Gu Changge was very concerned about Gu Xian'er, otherwise, he would not have come to this realm to find her because he hadn't heard back from her for half a year.

After Gu Changge and the Ancestor of the Shen Clan landed, many of the Elders of the Shen Clan behind them dared to follow, but they did not dare to get too close, with respectful expressions on their faces.

"This is... the Holy Maiden of Huang Yue Sacred Land, why is she here?"

Only then did the Elders notice Holy Maiden Yaoyue in front of the courtyard and the people behind her.

"Yaoyue greets the Elders of the Shen Clan."

When Holy Maiden Yaoyue heard this, she recovered from her stunned state just now and greeted several Elders of the Shen Clan.

It was the first time she had seen such a big posture, so many older generation beings greeted such a young man in person.

And the one among them was the Ancestor of the Shen Clan who had been in seclusion for many years according to rumors.

This was too unbelievable and made her very horrified. Who was this young man in front of her?

Li Xiu, who had always had an indifferent smile on his face, could not help frowning at this moment, feeling that something was wrong.

The young man in front of him actually made him unable to see through. Although he had lost his spiritual sea and had no aura, he still had the eyesight he should have.

"..."

Shen Xian'er also looked at Gu Changge up and down with a scrutiny expression.

She could guess that the young man in front of her should be the one who once dug out the Dao bone of her elder sister, Gu Changge from the Ancient Immortal Gu Family.

Today, the young existence with the most power and cultivation in the Upper Realm could be called a leader of the same generation.

The aura between his gestures was really heart-pounding. Even in the Heavenly Lan Realm, she had heard some rumors about him.

Such a character came to the Heavenly Lan Realm because of Gu Xian'er.

If it spread out, it was bound to cause an unimaginable sensation. For a while, she didn't know what kind of existence her sister Gu Xian'er was in Gu Changge's eyes.

Could it be that what Gu Xian'er said during this time was true?

"What are you doing in Heavenly Lan Realm? And what are you staring at me for?"

Gu Xian'er felt that Gu Changge had been looking at her. She felt that she couldn't stand his gaze, so she moved her head away with a dissatisfied tone.

"Why don't you let me take a closer look and worry about my death?"

"Why? Are you not happy to see me here?"

Gu Changge smiled and said, "If you dare to hide it from me next time for more than half a year, and didn't send back any news. Do you think I will find a dungeon to lock you up?"

"I'm not your pet, why do you care where I go?"

Gu Xian'er couldn't help muttering. However, she could still hear Gu Changge's concern, after all, she left Gu's house without a word at that time.

She didn't expect Gu Changge to come here to find her in person.

It still made her very happy.

"I'm relieved to see you jumping up and down. Now that the Upper Realm is fighting the Eight Desolations and Ten Regions, the Heavenly Lan Realm bears the brunt. How can I feel at ease if you just run here? If you die here, wouldn't I lose a lot of fun in the future?" Gu Changge's face slightly straightened.

"After saying so much, I feel that your last sentence is the truth." Gu Xian'er glared at him.

Gu Changge smiled, and then looked at Shen Xian'er, Li Xiu, Holy Maiden Yaoyue, and the others.

When he was talking to Gu Xian'er, the others were silent and did not dare to interrupt.

At this moment, Holy Maiden Yaoyue suddenly felt a little regretful in her heart but she couldn't help but glance at Li Xiu, seeing that his expression had not changed much, she was relieved.

The young man in front of him, no matter how terrifying his identity was. The existence behind her was not simple at all.

"What happened just now, who made my Xian'er unhappy?"

A strange color flashed in Gu Changge's eyes, passing by Li Xiu and then he seemed to know what he was asking.

"Who is 'your'?"

Gu Xian'er glared at him, feeling extremely annoyed at what Holy Maiden Yaoyue said just now.

Hearing Gu Change's question at this moment, she naturally wouldn't hide it. Although, she didn't add fuel to it at the moment, and just briefly explained the ins and outs of the matter.

"So daring! It's good that there exists mountains above mountains, and there are heavens outside the heavens."

After hearing these words, the complexions of many Shen Clan Elders, including the Shen Clan Patriarch, changed drastically, they were a little angry. Others didn't know Gu Xian'er's identity, but they did.

Was there anyone in this world who dared to say that to her? This Holy Maiden Yaoyue simply didn't know how to live or die!

"The mere son-in-law of the Shen Clan dares to speak out. You know that Xian'er still has her other half's blood in her body. That's something you can't afford to provoke?"

The Second Elder of the Shen Clan looked at Li Xiu's expression and was equally angry.

Although he was a little shocked that Li Xiu had another hidden mysterious identity, now in front of Gu Change, he naturally had no scruples.

"Since you want Xian'er to know that there are heavens outside? Yes, then let me see. Someone, go and destroy the Sacred Land Huang Yue for me. I dare anyone to stop it."

After Gu Change heard it, he couldn't help but smile.

With that, his smile faded and he said lightly. His expression was as if he had told someone to step on a small ant to death, without any disturbance.

Everyone couldn't help but feel a chill on their backs.

"What!"

Holy Maiden Yaoyue did not expect this to happen. Her face suddenly turned pale, her eyes darkened and her head buzzed as she almost fell to the ground.

Chapter 423-1: Very good, you are too deceiving, So what if she is wrong? (1)

The courtyard went quiet. All the flowers and plants were fluttering and the spiritual mist was dense. Many colorful butterflies and birds descended, which added a bit of leisure to this place.

But now everyone dared not be careless, their faces were solemn, and their backs were cold.

In particular, everyone from the Sacred Land Huang Yue along with Holy Maiden Yaoyue couldn't help trembling.

Their faces were pale, their souls trembled, and they almost couldn't help kneeling on the ground.

They dared not imagine that the other party would decide the fate of the Sacred Land Huang Yue with just a single word.

In normal times, they couldn't believe that such a thing would still happen in this world.

Since its existence, the Sacred Land Huang Yue had stood immortal and had an incomparably long heritage, overlooking the endless creatures in the Heavenly Lan Realm.

The rest of the cultivators were full of fear when they heard about the Sacred Land Huang Yue. It didn't mean that it would be destroyed if someone wanted to destroy it.

But the words of the young man in front of them made them not dare to doubt. They were full of fear and despair and even more so, their legs went weak as they slumped to the ground.

Needless to say, the origin of the other party was absolutely huge and terrifying to imagine. Even the Ancestors of the Shen Clan were now standing by the side respectfully, not daring to neglect.

How could this background be something they could provoke?

At this moment, they felt deep regret and resentment for the contemptuous attitude of Holy Maiden Yaoyue just now.

If it wasn't for what she said just now, how could the other party destroy the Sacred land behind them with a single word?

"Yes, my lord."

At this moment, the faces of the powerhouses behind Gu Changge turned solemn and they hurriedly said respectfully.

As soon as the figure moved, they turned into divine lights and left, obeying Gu Changge's order to destroy the Sacred Land Huang Yue.

In their eyes, the Sacred land of the Heavenly Lan Realm was actually no different from a turkey and a dog. Even if the other party had a Supreme being, they didn't care.

If someone offended the power of their Young Master in this world, even if there was an Enlightened being in charge, it meant that it would be destroyed if he said to destroy it.

The Immortal Great Sect Purple Mansion that shocked the Upper Realm at the beginning was destroyed because they offended the Young Master.

So the small Huang Yue Sacred Land could be destroyed with a flick of a finger.

This scene made everyone in the Shen Clan shudder. Their souls trembled, and for the first time they deeply realized what fear was.

Many people finally understood why this young man let the Ancestor, Elders, and others show up to greet him.

After all, if the other party could destroy Sacred Land Huang Yue with one sentence, he could also destroy the Shen Clan with one sentence.

"One sentence will destroy the opponent's forces."

"This character is still as strong as it is..."

Mother Shen and Father Gu were in the crowd. Looking at all this, they took in a breath of cold air, and their hearts were extremely complicated.

Although Gu Changge's actions shocked them. But no matter what, he did this to stand up for Gu Xian'er, and they couldn't say anything more.

What Holy Maiden Yaoyue said just now was indeed humiliating Gu Xian'er, making them unbearable.

"You... You don't really need to do that."

Gu Xian'er didn't expect Gu Changge to do this and she was a little stunned.

Although she was angry just now, she had no plans to implicate the rest of the Sacred Land Huang Yue.

But this was also Gu Changge's character. No one else could change what he decided.

For him, the Sacred Land Huang Yue was really no different from the ants. He didn't even need to do anything. With just one sentence, countless people were willing to trample this ant to death for him.

However, it was because of Gu Changge's behavior that she felt at ease.

"Since when were cats and dogs able to bully my Gu family?"

Gu Changge glanced at her, Gu Xian'er had always been stubborn but at this time she seemed a little weak and did not dare to refute.

She could see that Gu Changge was really angry.

"Elder sister..."

Shen Xian'er was also stunned just now, she never expected that things would suddenly be like this.

She didn't doubt Gu Changge's words.

Instead, she felt that because the other party humiliated Gu Xian'er, he was going to destroy the Sacred Land Huang Yue, which was really heart-wrenching.

Shen Xian'er's character had always been uncontested and she never thought before this that there would be forces in this world that would be destroyed because of one sentence.

"His Royal Highness..."

Everyone from the Sacred Land Huang Yue was in despair and looked at Holy Maiden Yaoyue.

At this moment, she was also pale and bloodless and her head was still buzzing and blank. She didn't expect that she would cause great disaster for the Sacred Land behind her.

"Master..."

She could only look at Li Xiu, who looked very cold and prayed for him to protect her and the Sacred Land Huang Yue behind her.

Li Xiu noticed the expression of Holy Maiden Yaoyue, his expression returned to her natural state.

He also knew that at this time, if he didn't stand up again, he wouldn't be able to justify it. Since this matter would evolve into this, it could be said that it had a lot to do with him.

Gu Changge's strength made him feel a little cold.

Even in the era when he was still standing between heaven and earth, he had never seen such a strong person who would destroy the forces at every turn.

"This Gu is not an unreasonable person, but since you want me to know what it means to have a heaven outside of heaven, then you should let me see it now."

Gu Changge looked at Holy Maiden Yaoyue and the others. His words were understated, but they were all terrified and did not dare to look up at him.

"Why is this brother doing this? She just invited Yaoyue just for a moment. It's not worth it because of such a trivial matter. In my opinion, it's not worth it."

At this time, Li Xiu didn't care about the angry expressions of the many Elders of the Shen Clan, but walked out and looked at Gu Changge before he said.

Although there was no fluctuation in his cultivation, he had an air of calmness and indifference that was hard to underestimate.

"What a wasteful son-in-law! How dare you talk to Young Master Changge in such a tone? Do you really think that you are a person? Aren't you courting death?"

The Second Elder of the Shen Clan looked cold. He didn't expect that at this time, Li Xiu was not afraid at all, and he was still so calm.

Where did he get the courage to talk to Gu Changge like that?

At this moment, everyone in the Shen Clan already knew that Li Xiu had another hidden identity.

It was just that they didn't know what this identity was. Seeing him stepping out without panic at all, and still talking like this, they couldn't help frowning.

Seeing this, everyone from the Sacred Land Huang Yue couldn't help but have hope in their hearts. Since Holy Maiden Yaoyue said so, it meant that Li Xiu's identity should not be simple.

Otherwise, he wouldn't be so confident and calm.

"Are you talking to me?"

Gu Changge looked at Li Xiu with interest.

He was very interested in the Son of Luck of the son-in-law this time.

His Luck point was really not simple, even more amazingly rich than the reincarnation of the Human Ancestor.

From this point of view, it should not be as simple as a son-in-law flow.

"Exactly."

Li Xiu looked at Gu Changge calmly.

It was the first time he had seen such a young man. He was unfathomable and even gave him an unparalleled sense of oppression.

However, he was not flustered, thinking about Gu Changge's identity.

There was no doubt that he was from an Immortal Great Sect or Supreme Dao sect in the Upper Realm, otherwise, the Shen Clan would not treat him like this.

However, he had not left the Shen Clan in these years, and he did not know much about the outside world.

Gu? Young Master Gu Changge?

Could it be someone from the Upper Realm?

Li Xiu felt that this matter had become a bit tricky and needed to be handled with caution. However, if the other party knew his identity, he should take his face and reveal the past.

The Gu family was not easy to mess with, but his identity was also not simple.

"What? Are you planning to stand up for the Sacred Land Huang Yue? You also said that you are the outsider in her mouth?"

Gu Changge smiled, and glanced at the frightened, pale-faced Holy Maiden Yaoyue and the others. His words were a little interesting, "As for the big fight? I don't think it would be difficult for me to kill them."

Holy Maiden Yaoyue and others were swept away by Gu Changge's eyes. Their backs were even colder, as small as ants.

Once upon a time, they were still high above the Sacred Land, overlooking the heavens and the earth.

But now, their life and death could not be controlled by oneself. It was all under the control of the other party's thoughts.

Chapter 423-2: Very good, you are too deceiving, So what if she is wrong? (2)

"There is a heaven outside the heaven, and there are people above people. This is true. No matter who it is, there is no guarantee that the heaven that he sees is a well."

"As a Daoist brother, why do you need to know them in general? What's more, one has to forgive others. For today's matter, I hope Brother Daoist can see my face and forgive Yaoyue and others this time. They will also apologize for the rudeness and recklessness just now."

Li Xiu said, showing neither humility nor arrogance, looking very calm.

He felt that Gu Changge was not someone who was easy to deal with. Although he didn't say much in his words, the kind of aloofness and overlooking that was imprinted in the depths of his soul was undoubtedly revealed.

Such an existence was definitely standing on top of the wind and clouds in the Upper Realm, attracting everyone's attention.

If one wanted to make it regress, they couldn't use ordinary methods.

"Lord..."

Holy Maiden Yaoyue didn't expect him to say that with Li Xiu's status. This was already equivalent to showing weakness and giving in.

At this moment, she also vaguely guessed Gu Changge's identity.

Was there a second person in this world who could afford to offend Young Master Changege?

Her bowels were about to turn blue, and she couldn't wait to give herself a few slaps.

Obviously, her eyesight never went wrong, but how could there be a problem today?

Who would have thought that a character like Gu Changge would come to the Heavenly Lan Realm?

"It seems that it is not easy for the Lord to solve this matter..." She felt bitter in her heart.

"Presumptuous! For your face? Who do you think you are? You still need Young Master Changege to see your face, it's just courting death!"

Hearing this, Gu Changge's expression did not change, but the expressions of everyone in the Shen Clan changed drastically.

Especially the Second Elder of the Shen Clan, who knew Gu Changge's identity.

Now Li Xiu actually planned to let Gu Changge take his face and forgive Holy Maiden Yaoyue and others this time.

Where did he get the courage and confidence?

The Second Elder of the Shen Clan was even worried that because of Li Xiu's relationship, the entire Shen Clan would be implicated, causing Gu Changge's displeasure.

At this moment, he was extremely angry and as soon as he finished speaking, he started to attack Li Xiu.

Boom!!

The wide sleeves were rolled up as the cultivation of the Great Sacred Realm broke out, turning into a vast golden rune, drowning forward, suppressing him, and making amends for Gu Changge.

Although he was trending toward the flames, his own strength should not be underestimated. He was also a famous master of the older generation in the Heavenly Lan Realm.

As soon as he made his move, everyone from the Sacred Land Huang Yue turned pale and couldn't help but move backward.

"Lord!"

Holy Maiden Yaoyue couldn't help but exclaim and was a little worried.

After all, Li Xiu now seemed to be just an ordinary person with no cultivation.

How could he be the opponent of the Second Elder of the Shen Clan?

Gu Xian'er, Shen Xian'er, and the others also looked at them together. Their brows furrowed, feeling that Li Xiu had no cultivation. But he was extremely calm and didn't seem to be worried, and the corners of his mouth even showed a faint arc.

This scene puzzled them. Could it be that Li Xiu still had some confidence? One must know that in front of him was a Great Sacred Realm powerhouse!

"If I were you, I wouldn't do anything to me."

Li Xiu's expression remained indifferent as he said, not worried because of the Second Elder of the Shen Clan.

In the next moment, the void rumbled and trembled, just as the Second Elder of the Shen Clan was about to land in front of him.

On Li Xiu's brow, a dazzling golden pattern suddenly appeared and then a golden brilliance appeared, turning into a golden light curtain, blocking the palm of the Second Elder of the Shen Clan.

The golden light curtain was condensed like immortal gold and the runes on it flashed, making the void blurred and tyrannical.

Boom!

This place exploded and the void was about to be torn apart like paper. Li Xiu's expression did not change, and there was a slight arc on the corner of his mouth.

The Second Elder of the Shen Clan was in the Great Sacred Realm.

"What!"

"How can that be?"

This made him shocked, unbelievable. In the next moment, he didn't believe it and attacked again.

The terrifying purple runes turned into streaks of purple lightning, crashing down from the sky, and the nearby mountains seemed to be destroyed.

But even so, Li Xiu still stood still, the golden light curtain was difficult to break through and was indestructible.

"This light curtain..."

The Ancestor of the Shen Clan waved his sleeve to block the aftermath and prevent the nearby mountains from being destroyed.

However, his eyes were still on the golden divine inscription between Li Xiu's eyebrows just now.

It felt a little familiar, vaguely, as if he had heard of it. But for a moment, he couldn't react.

"Don't waste your energy. With your strength, you can't break my defense."

Li Xiu looked at the unbelievable Second Elder of the Shen Clan with an ugly face and said indifferently, looking quite relaxed.

On his forehead, the golden lines seemed to come alive, transforming into runes, condensing them in the void, displaying a powerful and incomparable power.

For a while, the place was quiet, and everyone was extremely shocked.

Gu Changge looked at Li Xiu with an inexplicable smile on his lips, "There are heavens outside the heaven, and there are people above people, what you said is not bad. It's just that I can give you face, do you dare to ask for it?"

.....

At the same time, somewhere far away, thousands of miles away from the land of the Shen Clan, within the magnificent mountain gate where the rays of light rushed into the sky.

In an extremely grand and ancient palace, suddenly a vast aura emerged.

Buzz!!

An old man who looked quite sturdy appeared. His face was ruddy, and he was very excited at this moment.

"The fluctuation just now, if there is nothing wrong, it must be the aura of the Lord. I knew it, how could he fall into that battle, my Lord."

In his words, it was difficult to hide the excitement. While speaking, he took a step forward and disappeared from the hall in an instant.

"Pass my order, and everyone from the Heavenly Sword Sect will come to the square to discuss matters."

The old man's voice was like a bell, containing indescribable divine power, and he was calling for the disciples and elders to come.

Hearing this voice, many disciples and Elders were stunned at first, and then they reacted, not daring to neglect it. They all turned into divine lights and went to the front to pay their respects, "I greet the Ancestor."

The old man was the Ancestor of the Heavenly Sword who created the Heavenly Sword Sect. His cultivation was unfathomable and he had not appeared for many years.

Many people suspect that he had died. But they never thought that he would break through today and appear.

"Follow me to welcome the return of our Lord!"

The Ancestor of Heavenly Sword Sect's face showed excitement and he shouted with full of energy and led many disciples and Elders to go in the direction of the aura he had just perceived.

At this moment, in many places in the Heavenly Lan Realm, similar scenes were still happening, which shocked many people, and they didn't know what happened.

There were changes in those big forces and many divine lights broke through the sky and rushed toward a certain place. However, different from the rest of the forces, the mountain palace where the Sacred Land Huang Yue was located was a tragic scene, with mourning everywhere.

The dazzling splendid brilliance soared into the sky as many auras were surging, and there were shouts of killing everywhere. However, in the sky above, the huge palm wrapped around the regular rune and fell toward everyone.

All the disciples and Elders coughed up blood and exploded. Their bodies and spirits were both destroyed, many runes were wiped out and the mountain palace tower collapsed and turned into ruins.

This was a scene that made everyone in the Sacred Land Huang Yue despair. The Elders who were as strong as the Great Sacred Realm were also beaten hard.

This attack was aggressive and extremely abrupt, without giving them any chance to ask, the Sacred Land Huang Yue was about to be destroyed.

Several figures with terrifying auras, like demons and gods, stood on the horizon, flowing with divine light. As their eyes opened and closed, there were wisps of divine light, which evolved into various terrifying scenes.

Their dharma bodies were incomparably huge, with a surging aura, covering the world, causing many cultivators passing by to tremble. Their souls were terrified, and they felt a suffocating pressure.

"What happened, why is there a war in the Sacred Land Huang Yue?"

"It is said that they offended someone they should not have offended, and these terrifying beings have been ordered to come and destroy the Sacred Land Huang Yue."

Among the mountains in the distance, many cultivators looked at all this in horror. They dared not imagine that the Sacred Land Huang Yue, which had been inherited for a long time and had a territory of tens of thousands of miles, would be so fragile.

Even the mountain protection formation was torn apart by the opponent's bare hands.

Chapter 423-3: Very good, you are too deceiving, So what if she is wrong? (3)

It was not that the Sacred Land Huang Yue was too weak, but that the other party was too strong. There was a weapon in his hand that looked like the Sun, and a strand of its aura was enough to destroy everything.

When such an existence attacked, no matter what force it was, it was a destructive scene, and it was impossible to stop it.

This made them terrified and they couldn't help shivering. They dared not imagine what kind of existence the Sacred Land Huang Yue had offended and caused such a disaster.

"We have no grievances. Why are you attacking?"

There was an Elder in the Sacred Land of Huang Yue who roared furiously, his face flushed with hatred and grief.

"We come to destroy the Sacred Land Huang Yue on our Young Master's orders."

"If you want to blame someone, blame your Holy Maiden. She offended someone who shouldn't have been offended and brought all this to you."

The terrifying figure in the sky said lightly, mocking him a little while speaking.

Hearing this, everyone from the Sacred Land of Huang Yue was stunned and couldn't believe it.

It turned out that this disaster was actually caused by their Holy Maiden

Boom!!

"You are too deceiving!"

But at this time, in the depths of the Sacred Land Huang Yue, a terrifying aura suddenly rose.

A dazzling and splendid brilliance erupted from the ancient altar and a thin old man stepped out of it and his face was cold with killing intent.

He coldly looked at several terrifying figures on the horizon, it was they who brought destruction to the Sacred Land Huang Yue.

"Do you want to stop us by yourself? The ants are still living, but you and the others will only be a mantis."

A vague voice sneered in the sky and said with a ferocity that shocked the world. It was a supreme powerhouse from the Chaotic Star Region, with a Quasi-Supreme Realm cultivation base that was willing to follow Gu Changge.

.....

Just when there were major events that caused a stir in all parts of the Heavenly Lan Realm.

Within the Shen Clan, in front of the secluded courtyard, the atmosphere was also not calm.

"Young man, it's better not to be too arrogant. I used to come here like you. It's easy to break, so the wood is beautiful in the forest and the wind will destroy it. Both sides are at fault in this matter. There should be an apology and compensation, so why should you be aggressive?"

Li Xiu frowned, but Gu Changge still didn't want to reveal it. However, he remained calm, not angry as he didn't want to make it a big deal.

Although when he was at his peak, he was also a figure standing at the peak of the Upper Realm, now he was not.

He really didn't want to cause too much trouble if it wasn't necessary.

"Really? Is it at fault on both sides?"

Gu Changge smiled, "I don't know where Xian'er is wrong?"

"Moreover, even if she is at fault, so what? She's a direct descendant of my Gu family, but you're not worthy of it."

Hearing this, Shen Xian'er couldn't help but glance at Gu Changge. She didn't say anything, she just thought about his words in her heart.

"You... Very good, very good, can family members be so arrogant? It's just too deceiving."

Li Xiu's expression couldn't help but feel a little sullen at the moment, it was inevitable that Gu Changge's words made him angry.

Even if he wanted to calm down, he couldn't do it now. How could he endure being so humiliated by Gu Changge in front of everyone?

Gu Changge shook his head slightly and said, "It's just the explanation. If you want to think so, that's right."

Li Xiu looked at him deeply, and his expression had recovered.

"What Young Master Changge, today I have learned a lot."

"Shut up, the name of the young master Changge is not something you can shout?"

The face of the Second Elder of the Shen Clan was extremely gloomy. He didn't expect that he, a Great Sacred Realm cultivation, couldn't take down a cripple and be blocked by him again and again.

This made him feel that his face was irrelevant, especially in front of Gu Changge.

"It's just a trivial matter, you don't need to bother Changge Young Master to do it."

"The old man is going to suppress you here today, the mere son-in-law of the Shen Clan, is it possible that he dares to talk to Master?"

After the Second Elder of the Shen Clan said he attacked again. The terrifying aura was in the vicinity. This time he was obviously much more serious than before, and the strength he showed was extraordinarily powerful.

Even so, Li Xiu's expression remained unchanged, and he said lightly, "I have already said that, with your current ability, you cannot break my defense."

As the words fell, the golden rune between his eyebrows became more and more brilliant, manifesting a Supreme power in the virtual space.

In the faint, it could be seen that the ancient word "War" had emerged, and there was a vast aura that permeated many people's hearts, and they couldn't help but be frightened.

"This is... It shouldn't be..."

"Could it be..."

The complexion of the Ancestor of the Shen Clan also became a little suspicious and he suddenly thought of something, and his heart shook. However, he looked back at Gu Changge and gradually calmed down.

No matter what Li Xiu's identity was, in front of Gu Changge, he couldn't take any advantage. In just an instant, a monstrous aura erupted here, as if countless stars had exploded.

The Shen Clan's mountain protection formation was even triggered, and many terrifying divine patterns shot into the sky.

The dazzling brilliance made everyone close their eyes and dare not look directly.

"This is impossible..."

The Second Elder of the Shen Clan groaned, and there was blood on the corner of his mouth. He was injured by the shock.

Everyone watched this scene in shock. They couldn't believe that this was still the wasteful son-in-law Li Xiu, who was able to block the Second Elder at the Great Sacred Realm again.

"My lord!"

Holy Maiden Yaoyue and others were also extremely pleasantly surprised, feeling that things had turned around.

"What is Li Xiu's origin?"

When Gu Xian'er was in the Peach Village, she was taught by several masters and had extraordinary vision but she still couldn't see who Li Xiu was.

Logically, as an ordinary person with no cultivation, it was absolutely impossible for him to mobilize secret magic and divine weapons.

How did he resist all this?

"It doesn't seem to be a secret method, but rather a rune that I have seen in the classics of Heavenly Lan Realm."

Shen Xian'er was also a little surprised. She didn't expect Li Xiu to have such a means. No wonder Holy Maiden Yaoyue had such an attitude toward him.

At this moment, if anyone was not surprised by this, it was only Gu Changge.

He was a little bit intrigued. This son-in-law Li Xiu knew how to pretend to be a pig and eat a tiger. If he had no means, how could he dare to be so calm?

However, Gu Changge still didn't make a move, he still wanted to see where Li Xiu's limits were now.

This golden rune was obviously only activated when he was attacked, it should be Li Xiu's previous method. However, if Li Xiu only had this means, he would be disappointed.

Gu Changge's eyes fell on Li Xiu's Luck point, feeling that this guy should be enough to harvest a wave.

It was just during this time that he planned to exchange the rest of the transcendental bones. After reaching the subsequent realm, cultivation insights were very important.

Transcendental bones were the key. Gu Changge also discovered that during the exchange, there was an indescribable sense of familiarity.

This feeling became clearer as the memories sealed in his mind gradually emerged. This made him vaguely speculate that these detached bones might actually be his previous bones.

However, whether this was true or false, it involved the origin of the system. With his current cultivation, it was still difficult to understand this.

At this time, as the brilliance in the field dissipated, the Second Elder of the Shen Clan flew out backward, covered in blood, lying on the ground in an extremely embarrassing state. His eyes widened and he was full of shock and disbelief.

He couldn't even break Li Xiu's defense, and he was even injured by the force?

"I don't know what it is, you brought it on yourself."

Li Xiu glanced at Gu Changge, then looked at the Second Elder of the Shen Clan and spoke lightly.

Between his eyebrows, the golden light was dazzling and the lines were ancient and mysterious, giving people a sense of awe-inspiring fighting spirit.

Although he had lost his spiritual sea now and could not use his power, it did not mean that he had no means.

An incomparably ancient word "War" evolved in virtual space as if it had turned into a thousand swords, spears, halberds, etc... The murderous aura was astonishing and terrifying.

Just now, the evolution of the cauldron emerged and condensed, blocking the attack of the Second Elder of the Shen Clan.

This was a shocking scene and even made the people present couldn't help but feel a sense of adoration.

"Sure enough, this is a War talisman."

The Shen clan's Ancestor's face was slightly condensed, and he recognized the ancient "War" word, and his heart was quite shocked.

This battle talisman, which had been lost for countless years, reappeared in the Heavenly Lan Realm today.

If it spread out, it would inevitably cause a great shock, and even the Upper Realm would not be peaceful.

Chapter 424-1: War Immortal returns, How did you survive? (1)

"What is this? It contains such a mysterious power, even Li Xiu, who has no spiritual energy, can use it?"

"Could this be his strength?"

The golden word "War" was dazzling like a star surging with an ancient and mysterious aura.

The group of Shen Clan members watched this scene in shock.

Of course, the eyes of many people mainly stayed on the golden word "War" as they were guessing its origin.

Some people were greedy and excited. After all, if even Li Xiu could use it, why couldn't they?

In their opinion, Li Xiu was so fearless because of this thing.

However, some people still pondered and felt that the word "War" was very familiar. It was as if they had read about it in some classics.

The Ancestor of the Shen Clan knew the origin of the War rune by chance. He was very suspicious, guessing Li Xiu's identity.

If his assumption turned out to be correct, this period of time should not be peaceful. The Upper Realm would fight the Eight Desolates and Ten Regions and the Heavenly Lan Realm would definitely bear the brunt.

Now that the War rune had reappeared, it was bound to create commotion.

Whether Li Xiu was the owner of the War rune or the inheritor was not important to him now.

After offending Gu Changge, even if Li Xiu was the former one, it would have no effect.

It was just that he wondered if Gu Changge was really unaware that this was the War rune, or was his arrival intentional?

"Young Master Changge, this old man is incompetent and cannot take him down. I have made you laugh."

With the help of the clan member, the Second Elder of the Shen Clan stabilized and walked over with a look of guilt on his face. He didn't expect this to happen.

Not only was he unable to take down Li Xiu, but he was severely injured because of the mysterious word "War", which made him ashamed.

Just now, he had boasted about definitely suppressing Li Xiu.

In front of everyone, being slapped on the face by Li Xiu really made him want to find a hole in the ground and get buried in it.

Gu Changge glanced at the Second Elder of the Shen Clan. There was no change in his expression as he looked at Li Xiu and said with great interest, "It's not your fault, you are indeed not his opponent. Even if you break through the Quasi-Supreme Realm, Li Xiu's methods cannot be broken."

At this moment, he had already confirmed Li Xiu's identity and was a little surprised by it. No wonder, he was so arrogant.

But was this the plot of a son-in-law? Or the return of the powerhouse? Or maybe both?

Gu Changge was quite interested, the last time he saw such a Son of Luck was from the reincarnation of the Human Ancestor.

The current Li Xiu was not comparable to the reincarnation of the Human Ancestor, as he definitely had a lot of subordinates.

It was said that after his death, many of his subordinates hid in various places. Now hundreds and thousands of them would come back, with a single order.

Moreover, this War rune was enough to resist attacks below the Quasi-Supreme Realm. But that was all...

Hearing this, Li Xiu's pupils shrunk slightly, but his complexion quickly returned to its natural state. He didn't expect to be seen completely by Gu Changge.

He deliberately used the War rune just to let everyone know his identity, but unfortunately, everyone in the Shen Clan was blind and couldn't even recognize him.

But Gu Changge was able to express the realm he could compete with, which surprised him.

The Second Elder of the Shen Clan was very ashamed to hear that.

However, from behind Gu Changge, a powerhouse stepped forward and handed him a round pill, Dao rhythm intertwined in the medicinal pill with a faint purple aura on it.

"This is... Rank 9 Recovery Pill."

The eyes of the Second Elder of the Shen Clan suddenly widened, his breathing became rapid and he couldn't even believe it.

Even the Ancestor of the Shen Clan stared at it for a while, he couldn't move his eyes away. He was very envious of the Second Elder.

From this point of view, getting this little injury and losing this little person was nothing.

Rank Nine Recovery Pill was a divine pill that even a Supreme being could use, and even in some cases, it could be regarded as another life.

After seeing this clearly, the Ancestor gasped. He was envious of the Second Elder. Sure enough, the benefits of doing things for Gu Changge were absolutely indispensable.

As for the others, they could only regret losing this chance.

"Thank you, Young Master Changge."

The Second Elder of the Shen Clan showed a happy expression and respectfully took it, feeling gratitude in his heart.

At this moment, outside the Shen Clan, many divine lights surged suddenly, with a very terrifying aura. The people who arrived had an unimaginable position in the Heavenly Lan Realm.

They came to the Shen Clan in unison with the intention of paying a visit to see a certain existence.

"I can feel it, the Lord is in the Shen Clan..."

There was excitement in their voices.

They looked at each other, and although they hadn't seen each other for many years, they felt the aura of a "War rune" and they all arrived at the same time.

"I just said that in the battle that year, even if the Lord was ambushed, how could he fall... Lord War Immortal is invincible!"

"Master War Immortal intimidates the Eight Desolates and Ten Regions. How could a mere ambush make him care..."

At this moment, they were extremely excited and forged straight toward him without waiting for the notification from the people in front of the Shen Clan's mountain gate.

Their cultivation base was unfathomable, they were all Ancestors of their families, the Shen Clan couldn't stop them.

And they couldn't wait to see Lord War Immortal!

War Immortal was the honorary title he was bestowed when he fought in the Eight Desolations and Ten Regions.

Although he was not a True Immortal, his strength surpassed that of ordinary Enlightened beings.

If it weren't for the laws of heaven and earth, leaving no chance of transcending into a Immortal, he would have reached that point long ago.

And they were all under the command of Lord War Immortal.

After hearing that Lord War Immortal encountered an ambush in the Eight Desolations and Ten Regions, they were disheartened and went to live in seclusion in various places.

Some people were in the Heavenly Lan Realm, some were in the rest of the Lower Realms, whereas the others were in the Upper Realm, but without the presence of the War Immortal they couldn't ignite the fighting spirit that they once had.

Only when War Immortal led them, they were the invincible blades everyone looked up to, fighting in all directions.

"Report!"

"The Ancestor of the Heavenly Sword, the Ancestor of the Holy Sun, the Ancestor of the Bi family... Many Sacred Lands and Ancestors of the Ancient Clans have broken into the Shen Clan!"

But just as Li Xiu's expression was indifferent and his eyes swept over everyone, among the mountains in the distance, someone from the Shen Clan suddenly rushed to report.

"What?"

"Why are these people breaking into my Shen Clan?"

Hearing this, everyone in the Shen Clan was stunned for a moment and then looked puzzled and shocked. They did not understand why the Ancestors of these forces rushed to the Shen Clan at this time.

If they came to visit Gu Changge, they would definitely not dare to force their way in and would wait for the notification at the mountain gate.

"Since they forcibly invaded my Shen Clan, these people are really bold, they don't put my Shen Clan in their eyes."

Many Elders were outraged.

"Are they finally here?"

Although Li Xiu's expression still did not change much, at this moment, there was still a radiance on his lips.

"It's better to leave this matter alone. What do you think, Young Master Changge?"

Then, he looked at Gu Changge and asked slowly.

Hearing this, Gu Changge seemed a little interested and said, "Hmm, its probably too late. I think that my subordinates, no matter how slow they are, should have razed the Sacred Land Huang Yue to the ground."

"Are you sure you're done with this?"

"You! Back then, I fought with an Ancestor of your Gu family in the Eight Desolates and Ten Regions. I really didn't expect the Gu family to have a younger generation like you."

Li Xiu's face was a little sullen, and his words were not polite. He had regressed to this level, but Gu Changge was still the same.

Chapter 424-2: War Immortal returns, How did you survive? (2)

He was also not sure if what Gu Changge said was true or not.

If the Sacred Land Huang Yue was really destroyed by Gu Changge because of him, then he would definitely not let it go.

"My lord."

When Holy Maiden Yaoyue and other people from the Sacred Land Huang Yue heard Gu Changge's words, they couldn't help but turn pale and fearful in their hearts.

Could it be that in such a short period of time, he had already destroyed the Sacred Land Huang Yue?

Boom!!

At this time, there were suddenly a series of divine lights coming from a distance with terrifying auras and monstrous momentum. Many people were still surrounded by colorful rays of light, clouds, and mists, and colorful feathers flowed.

"Ancestor of Heavenly Sword, Ancestor Bi Family, Ancestor of Sacred Heaven..."

The ancestors of the Shen Clan swept over the silhouettes coming from the sky one by one and they frowned.

These were all well-known forces in the Heavenly Lan Realm, and they had existed for much longer than the Shen Clan, but they were usually quite low-key and were rarely exposed to the outside world.

Now, these Ancestors had all appeared here together.

"I don't know why you fellow Daoists came to my Shen Clan?"

The Ancestor of the Shen Clan knew what to ask, and looked at Gu Changge's face carefully.

"Hehe, the Shen Clan is so brave, how dare you let the Lord be your clan's son-in-law, I don't think there is any need for your Shen Clan to exist."

"You even tore up the marriage contract, you are really blind."

The Ancestor of Heavenly Sword, the Ancestor of Sacred Heaven, and others were the first to speak, their voices were cold and very angry.

On the way there, they had already asked their disciples and speculated about the cause and effect of the incident.

Although they had not appeared in the outside world over the years and had never known what happened during this time, it did not mean that they did not understand anything.

The Ancestor of the Shen Clan frowned and planned to refute, but seeing that Gu Changge seemed to be quite interested, he did not say much.

"Heavenly Sword, Sacred Heaven, Bi family... greets Lord War Immortal!"

And after saying this, the Ancestors of Heavenly Sword, Sacred Heaven, Bi family, and others all looked at Li Xiu, who looked indifferent, with incomparable respect as if they saw the god in their hearts.

At this moment, the rest of the people were eclipsed in their eyes.

"Don't be too polite." Li Xiu nodded slightly and asked them to get up.

"What?"

"Who is Lord War Immortal?"

At this moment, all the Shen Clan members watched this scene in shock, and their minds were still unable to react.

"War Immortal?"

"A supreme power who once fought in the Eight Desolations and Ten Regions, it is said that he died there and disappeared for countless years."

Some people reacted and connected War Immortal with Li Xiu in front of him.

Did he come back to life?

At this moment, the corner of Li Xiu's mouth turned into an arc, and the golden word "War" flickered between his eyebrows, which was even more awe-inspiring.

He looked at Gu Changge and said, "Young Master Changge? Let's leave today's affairs here, what do you think?"

He didn't want to cause too much trouble, but that didn't mean he was afraid of trouble.

Now that his identity was exposed, he couldn't help but have a lot of trouble, but he couldn't control that much.

"Master War Immortal, he is..."

The Ancestor of Heavenly Sword, the Ancestor of Sacred Heaven, and others were still a little unable to react. It was difficult to imagine that Lord War Immortal would be so polite to one person.

"So this is what you call the heaven beyond heaven?"

"It seems that in the end, I'm still the only one who has to take action myself."

However, after hearing this, Gu Changge still shook his head slightly, his tone seemed a bit regretful, "I just don't know if your light curtain can block the sword in my hand..."

Buzz!!

In the next moment, a terrifying trembling sound suddenly came from the void, the runes flickered and a wave-like murderous aura swept through the sky.

Everyone's faces were extremely cold, a kind of fear surged from the heart as if this moment had turned everyone into ashes and annihilated the world.

This was a long black sword with a sharp blade and a faint dragon pattern. At this moment, it seemed to wake up, and the vast chains of laws were hanging down.

Suddenly, from the Shen Clan, there was an aura that was tearing apart the universe.

Within a radius of 10,000 miles, all living beings couldn't help but bow their heads in this direction.

"Emperor..."

Many strong people felt this aura, their faces changed rapidly and they were shocked.

"This is... a true Imperial weapon."

The Shen Clan ancestor's brows twitched, his soul was almost turned stiff and he didn't even dare to get too close.

The rest of the people fled as far as they could at this time. The pressure of an Emperor's weapon was enough to crush any creatures that approached it. Ordinary people didn't even want to approach it.

At this moment, the confidence on Li Xiu's face had completely collapsed. His heart skipped a beat and he felt a chill. He didn't expect Gu Changge to be so straightforward and directly sacrifice an Emperor's weapon.

This was completely beyond his imagination, a young man carrying an Emperor's weapon with him. This kind of thing was simply incredible.

"Master War Immortal..."

"This is an Emperor's weapon!"

The Ancestors of Heavenly Sword and others did not know the ins and outs of the matter, but they only knew that Li Xiu had been humiliated in the Shen Clan.

The full blow of the Imperial weapon could probably directly sink the Heavenly Lan Realm.

Holy Maiden Yaoyue and others were even more shocked to the extreme. They didn't expect that after Lord War Immortal's identity was revealed, Gu Changge still didn't care.

Then he directly urged the Imperial weapon to attack him!

"Young Master Gu, I'll remember today's affairs..."

Li Xiu was very decisive as he planned to admit his cowardice. In his current state, let alone fighting against the Imperial weapon, even the Supreme weapon was enough to destroy him.

To be able to come this far, he himself was a master who could bend and stretch. However, Gu Changge glanced at him inexplicably and did not let him finish his words.

Buzz!!

The Xuan Yang Heavenly Sword dropped a jet of jet-black sword light, weighing as much as hundreds of millions as if it wanted to crush the void.

The Ancestor of the Heavenly sword, the Ancestor of Sacred Heaven and others around him were extremely horrified.

They immediately ran away into the distance, some people reacted slightly slower and they were immediately swept by the sword light before they collapsed and exploded.

Their souls trembled and they went desperate to the extreme. They didn't expect that after seeing Master War Immortal, it would lead to such a terrifying disaster.

An Imperial weapon was hardly seen, even in the Upper Realm.

In addition to the Lord War Immortal at his peak, who could resist it?

Although Gu Changge couldn't completely activate it, a ray of sword light in the Emperor Realm was enough to kill everything.

"I'd like to know, is this your current confidence? Or is it that War Immortal returns with an order, and 100,000 subordinates will attack?"

Gu Changge said casually, raised his hand, and swung down with a knife. The light of the knife fell down, the void collapsed and everything died.

The word "War" between Li Xiu's eyebrows glowed again and there were golden runes evolving. He tried to resist, but in less than a moment, it collapsed and exploded.

He spurted out a mouthful of blood, his hair was disheveled and he flew straight out. The word "War" between his eyebrows also had cracks and it seemed that it was about to collapse, making it difficult to continue.

"Wow!"

"You!"

Li Xiu coughed up bits of internal organs and crashed on the mountain behind with a bang.

His face was drained and he was coughing up blood constantly. He didn't know how many bones he had broken, and he was already severely injured.

Gu Change took the knife and walked over unhurriedly, looking at the head that he was about to raise and stepped on it abruptly.

"Stop pretending. Tell me, how did you survive, I'm quite interested in that." He said lightly.

Chapter 425-1: In fact, I really like it when others pretend in front of me; The place where the soul is raised (1)

Gu Change slashed down with a sword and the vast sword aura drowned everything. Many powerhouses in the distance panicked in despair, their bodies collapsed and they exploded directly.

The terrifying sword aura descended from the sky and stretched across as if it could tear the world apart.

At this moment, the entire Shen Clan was shrouded in the might of the Emperor Realm, which could destroy everything. They couldn't even imagine what kind of catastrophe would be caused by such an eruption of fluctuations.

The mountain collapsed and turned into ashes. Many pavilions and palaces turned into dust in the aftermath.

Even the engraved formation was instantly erased, making it difficult for them to protect it. This was the might of an Imperial weapon, even if Gu Change didn't take it seriously.

But just a wisp of aura intertwined on it was terrifying and their body almost exploded from a distance.

"Imperial weapon... Is this going to destroy everyone?"

The raging aura made everyone pale, their souls trembled and they couldn't help kneeling on the ground.

After so many years, it was the first time that they had witnessed the horror of the Imperial weapon with their own eyes.

This wave of fluctuations alone was enough to tear open the barrier of the Heavenly Lan Realm and penetrate the domain.

Shen Xian'er, Father Gu, Mother Shen and others were very shocked. Unexpectedly, after Li Xiu revealed his identity, Gu Change not only didn't care but also attacked all the other powerhouses.

He actually carried the Imperial weapon with him, which simply did not give the opponent any chance to survive. With just one slash, everyone exploded, destroyed in both body and spirit.

Even one of the Quasi-Supreme Realm existences screamed in horror and collapsed into blood mist. It was a terrifying, scalp-tingling scene.

The existences who came just now were all the Ancestors from the rest of the Heavenly Lan Realm with a long heritage and were no weaker than the Shen Clan.

But in Gu Changge's eyes, they were no different from ants.

"Sister, is he... usually like this?"

Shen Xian'er looked at Gu Changge with complicated eyes. She couldn't help asking Gu Xian'er next to her.

"Well, he is usually very bad and often bullies people."

Gu Xian'er stared at Gu Changge and nodded as she said almost without thinking.

Before that, she had never seen this weapon in Gu Changge's hand.

It could only show that his cultivation base had improved very terribly during this period of time and he had also obtained many opportunities.

She once boasted in front of Gu Changge, saying that she would suppress him. Now it seemed even more distant and impossible.

This made her feel a little unhappy in her heart. The stronger Gu Changge was, the more she could not resist when he bullied her.

During this time, she had been cultivating ascetically, trying to catch up with Gu Changge. But the more she caught up, the bigger the gap between the two became and now she couldn't see Gu Changge's hidden card at all.

When Shen Xian'er heard these words, she glanced at Gu Xian'er.

It seemed that Gu Changge was indeed doing his best to compensate her sister, which had changed her view of Gu Changge a lot.

Everyone in the Shen Clan was silent, watching from a distance. The spirit of the Ancestor of the Shen Clan still had a sense of fear and it was the first time they felt what was called fear.

This was the power of the Emperor. With his current strength, it was estimated that he couldn't even get close, let alone activate such a weapon.

This was enough to show the horror and unfathomable strength of Gu Changge.

On the other hand, Gu Changge didn't care about everyone's opinions.

With a hint of teasing on his face, he stepped on Li Xiu's head and looked at his angry cold face before saying, "I actually like when others pretend to be forceful in front of me. Because in the end, they will be like you are now. In this way, I will trample them under my feet."

“You... Well! It’s the first time I’ve met someone like you...”

Li Xiu was in severe pain, the War rune between his eyebrows had collapsed and exploded, countless bones were broken within his body.

Especially now that Gu Changge had stepped with the soles of his feet, his face was smashed into the soil and he couldn’t lift his head.

Such humiliation made his eyes cold, his whole body had almost exploded.

Once upon a time, he was a high-ranking War Immortal, fighting in the Eight Desolations and Ten Regions, killing the enemy and deterring all directions.

Even if he had fallen unexpectedly, he was still a War Immortal until now and no one could replace him!

Everyone would look at him in awe once they knew his identity. Who dared to humiliate him easily?

“Master War Immortal...”

The Ancestors of Heavenly Sword, Holy Maiden Yaoyue, and others who were lucky enough to escape to the distance watched this scene. Their hearts were completely frightened and horrified.

Even Lord War Immortal was trampled by Gu Changge like this and just now he insisted on killing everyone!

This indifference and ruthlessness made them tremble, especially Holy Maiden Yaoyue, whose bowels were almost regretful now.

If she hadn’t said this at the time, things wouldn’t have turned out like this. And also wouldn’t have implicated the sect behind her!

“Oh? First time? Maybe this will be the last time.”

Gu Changge smiled faintly as he stepped on his, and suddenly made a tooth-stinging sound of bone shattering.

He controlled his strength so that Li Xiu’s head would not explode.

In any case, without that War rune, Li Xiu was now a crippled person, unable to use his power.

In fact, even if Gu Changge didn’t use the Xuan Yang Heavenly Sword, he could easily suppress Li Xiu.

Just considering that this guy might have other means, he directly used the Imperial weapon, which was simpler and more direct.

Sure enough, when he saw him presenting the Imperial weapon, Li Xiu directly confessed without saying a word.

“Gu Changge! Don’t bully people too much!”

Li Xiu was extremely humiliated in his heart. His teeth were trampled by Gu Changge, and he was not as natural as before.

Chapter 425-2: In fact, I really like it when others pretend in front of me; The place where the soul is raised (2)

At this moment, he looked like a ghost. His hair was disheveled and his body was covered in blood, making him embarrassed.

As a high-ranking War Immortal, he commanded many subordinates and was invincible.

In the eyes of people from the Eight Desolations and Ten Regions, he was a devil who slaughtered all directions!

He never thought that he would have such a humiliating day. Being trampled in front of everyone with the soles of his feet, he was unable to even lift his head up.

He was reluctant to reveal his identity before because he was worried that the enemy he had encountered before would attack him again.

In the beginning, his fall was not accidental, but it was the alliance of the Upper Realm powerhouses, which caused him to encounter the traps and ambush of the Eight Desolations and Ten Regions.

That was why he had been holding back until now.

However, after revealing his identity as the War Immortal, he did not get the respect and admiration he deserved but instead lost his face in front of everyone.

Li Xiu always felt that he couldn't have the same knowledge as them. After all, in his capacity, why should he come here? Doing so would only lose his worth.

"Oh, what if I bullied you?"

Gu Changge's expression remained the same and he pressed his feet hard.

Suddenly, Li Xiu uttered a groan. He was strong-willed and had been enduring the pain. Even if he was so humiliated, he didn't want to be ashamed.

However, Gu Changge wouldn't let him do as he wished. A ray of light gray spiritual energy descended on his head, which prevented him from accidentally stepping on it and bursting open.

He was very interested, when he found that Li Xiu was holding on, but he almost fainted from the pain.

After all, Li Xiu was only a mortal now and the pain he could bear was very limited.

In the next moment, the soles of his feet moved slightly and the sound of broken bones sounded again.

Everyone's expressions turned cold as they shuddered, feeling that Gu Changge's ruthlessness could not be judged by his appearance.

"Ahhh..." Li Xiu finally couldn't hold back and let out a tragic cry. His mouth was filled with blood.

"Young man, hurry up with your acquaintance... Let go of Lord War Immortal, even if you have an extraordinary origin and possess an Imperial weapon, but you must be clear that as long as Lord War Immortal gives an order, his former subordinates will attack."

"You can't imagine the horror of Lord War Immortal..."

The Ancestor of the Bi family turned pale and his voice trembled. He dared not imagine that such a scene would happen to the invincible Lord War Immortal, who was aloof, slaughtering in all directions.

He endured the fear in his heart and wanted to let Gu Changge let go of Lord War Immortal.

"Are you talking to me?" Gu Changge glanced at him with interest.

"You!"

At this moment, the Ancestor of the Bi family had a huge fear in their hearts.

He was a Quasi-Supreme powerhouse, but at this moment he couldn't help trembling, feeling that he had become an ant being watched by a real dragon.

Boom!

Nonetheless, Gu Changge didn't let him finish his words as he directly lifted the Xuan Yang Heavenly Sword and slashed it down. The terrifying murderous aura swept through the sky and instantly split it into two halves.

Laws, divine powers and weapons all collapsed and exploded. There was no possibility of any confrontation.

Everyone couldn't help themselves from shivering coldly. Just one slash to kill an Ancient Ancestor. It was like slaughtering chickens and dogs, that didn't make sense at all.

"Tell me, how did you survive? Maybe I might be in a good mood and let you go. Don't try to challenge my patience if you don't want them dead."

Gu Changge took the Xuan Yang Heavenly Sword and glanced at Li Xiu before smiling lightly. He glanced at the Ancestor of the Heavenly Sword, Holy Maiden Yaoyue and others.

They didn't dare to look at him. They were terrified with their souls trembling and their legs weak.

They couldn't imagine that after stepping on the once invincible Lord War Immortal under his feet, Gu Changge could still talk and laugh in such a way of tormenting. There was no difference between his words, it was as if he was stepping on an ant.

"Just kill me."

"I won't say anything."

Li Xiu's face was filled with pain and he felt aggrieved in his heart. He hated his powerlessness at the moment.

If he was at his peak, how could he have been reduced to such a state of being tortured by Gu Changge?

"Oh? Then I will fulfill your wish."

Gu Changge didn't talk nonsense when he heard the words, the golden runes flashed in his eyes and he searched Li Xiu's soul in front of everyone.

Li Xiu suddenly cried out in pain.

It was a pity that his soul was very weak now, Gu Change just probed and it exploded with a bang, directly destroying both his body and spirit.

"Master War Immortal..."

The Ancestor of Heavenly Sword, Holy Maiden Yaoyue and others, all widened their eyes in fear. Their faces were dull and they couldn't believe that Lord War Immortal had died in front of them. His soul was broken as he collapsed and exploded.

Gu Xian'er, Shen Xian'er and others were also surprised, War Immortal had just died like this?

"The place to nourish the soul, the place of worship for all Immortals..."

Gu Change was not surprised by this. From Li Xiu's soul, he discovered a lot of information.

Just as he expected, how could an existence that had been dead for countless years reappear in this world?

If there did not exist a place to nourish the soul, he would always be in the state of suspended death.

In fact, he was planning to find a place to cultivate his soul, so that his subsequent plan could be foolproof.

The appearance of Li Xiu just solved the problem for him. As for how to find the hiding place of Li Xiu's real body, it was actually not difficult.

Now that he had destroyed Li Xiu's body, he had already formed a cause-and-effect with him.

Chapter 425-3: In fact, I really like it when others pretend in front of me; The place where the soul is raised (3)

"He died so easily?"

Gu Xian'er was a little unconvinced. No matter what, Li Xiu was the former War Immortal, how could he die so easily?

Gu Change glanced at her and uttered, "He is a dead man but if it's true that he probably isn't dead yet."

"What do you mean?" Gu Xian'er was still puzzled.

Gu Change said lightly, "This can only be regarded as a body he walks with outside. The real him is actually dead, but he still relies on some memories left in the flesh to dominate everything."

Gu Xian'er understood what he said, looking at Li Xiu's corpse that collapsed and exploded. He couldn't help snorting, and added, "That's fine, Xian'er's marriage contract is relieved. This guy's attitude is really annoying. I thought he was the former War Immortal."

Hearing these words, everyone was suddenly confused. Everything felt so complicated. No matter what, this was the former War Immortal, who was tortured and died in such a humiliating way.

But this kind of thing could only be uttered by Gu Changge and Gu Xian'er.

Even if it was only the memory of the War Immortal that dominated this body, it was not something they could easily slander.

It could be imagined that what happened today would surely shake the Heavenly Lan Realm and even the Upper Realm.

The former War Immortal reappeared in the world but was killed again by Gu Changge and the Shen Clan. If some of War Immortal's subordinates knew about it, it would definitely cause a lot of trouble.

"Young Master Changge, how should we deal with them?"

The Ancestor of the Shen Clan looked at Holy Maiden Yaoyue, the Ancestor of Heavenly Sword and the others, their eyes flickering with coldness. These were all subordinates of War Immortal, or descendants of their subordinates.

If Gu Changge wasn't here today, their Shen Clan would inevitably be in unimaginable trouble because of Li Xiu's relationship.

They asked themselves if there was nothing wrong with Li Xiu, but because of his identity, he deceived them like this. In the end, the Shen Clan had to suffer a big loss and even had to pay a bloody lesson.

He himself did not have a decent impression of the Ancestors of Heavenly Sword and others.

"How to solve it, I'll leave it to you." Gu Changge said lightly.

"Yes." The Ancestor of the Shen Clan respectfully said.

At this moment, a divine light descended from the sky in the distance and several murderous figures came quickly appeared in front of Gu Changge, "No one escaped."

Hearing these words, everyone couldn't help but feel a chill on their backs. The Sacred Land Huang Yue was destroyed and there was really no trace of life left.

"Fortunately we didn't offend Young Master Changge..."

Looking at Holy Maiden Yaoyue and others who had passed out because of hearing this news, many clansmen were filled with joy.

Soon, what happened in the Shen Clan caused a sensation in the entire Heavenly Lan Realm.

The terrifying Emperor aura that soared and swept the entire sky. It even made the stars outside the realm tremble, making many powerhouses feel terrified. They all tried to guess what happened in the Shen Clan.

Moreover, many of the previously very low-key powerhouses had their Ancestors awakened as they rushed to the location of the Shen Clan, but no one was able to come out in the end.

In addition, the glorious Huang Yue Sacred Land, which had a long history, was attacked and destroyed as it disappeared from the Heavenly Lan Realm.

A lot of news shocked all directions, causing the Heavenly Lan Realm, which had been calm for a long time, to set off a surging wave.

Afterward, the news emerged from the Shen Clan, which was even more shocking.

Many people couldn't believe it, wondering if they heard it wrong.

War Immortal, who once fought in the Eight Desolations and Ten Regions, reappeared and turned out to be the famous son-in-law of the Shen Clan.

It was a pity that he offended a young existence from the Upper Realm and was killed by the Shen Clan.

Many powerhouses who went to see War Immortal were also beheaded here as they collapsed on the spot. Their bodies and spirits were both destroyed.

This incident caused a sensation in the Heavenly Lan Realm and even spread to the Upper Realm, which shocked many people.

In any case, War Immortal was an invincible existence with an unparalleled cultivation base. It was rumored that he had already died and was ambushed when he was fighting in the Eight Desolations and Ten Regions.

Now, for some reason, now that he had reappeared from the afterlife and encountered such an ending, it was really unbelievable.

A young existence that could use an Imperial weapon, in such a huge Upper Realm, who else could have such a big hand?

In fact, many people already knew without guessing and they were very emotional.

In the valley like a fairyland, the immortal mist was shrouding and the mountains were shrouded in bamboo. Four people including Gu Xian'er, Shen Xian'er, Father Gu, and Mother Shen were sitting around the stone table.

The tea fragrance was curling and the green tea seemed to be reflecting the sky, which was quite beautiful.

Gu Changge sat across from them as he raised his glass to his lips and took a breath before drinking it in one gulp. He couldn't help but praise, "Auntie is good at tea brewing."

"Young Master Changge over praises me." Mother Shen's words were cold and she was still very rude to him.

Although Gu Changge changed her mind a little bit because of what happened just now, she still couldn't let go of what he had done to Gu Xian'er.

Father Gu's expression was rather complicated and he felt that Gu Xian'er's attitude towards Gu Changge was more natural than that of their parents.

And judging from her relationship with Gu Changge, it didn't seem like she would suffer and be oppressed by Gu Changge.

He didn't know the reason why Gu Xian'er had such an attitude towards her great enemy.

Gu Changge had come to Heavenly Lan Realm because of her and dealt with Shen Xian'er's troubles along the way.

"Actually, I came here this time just to take a look at Xian'er, I have no other intentions. If my uncle and aunt are bothered by it, I will leave later."

Gu Changge smiled and put down the teacup in his hand.

"Young Master Changge is joking, how dare we be bothered by it?" Mother Shen's attitude was still cold, waiting for Gu Changge to explain himself.

However, Gu Changge had no plans to continue talking to her, let alone explain. Mother Shen's expression was stagnant, and with Gu Changge's attitude, she could not ask any more questions.

Gu Changge was polite to her because she was the daughter-in-law of the Gu family and also because she was Gu Xian'er's mother.

She still had this self-knowledge. If she made trouble unreasonably, she would not only lose her face but also Gu Xian'er's face.

Seeing this, Father Gu sighed slightly and shook his head.

Gu Changge looked to the other side and remained cold, but with his head down, his eyes couldn't help but fall on his toes, as if Gu Xian'er was wandering in the sky.

"Since you're fine, then I'll head first. Whether it's the Shen Clan or the Gu family, you can stay wherever you want. I'll go to the Peach Village when I have time, and take a look at Yaoyao."

That was what he said, but before he left, he had to find a place for raising the level of his soul.

Regarding the matter of War Immortal, Gu Changge was most interested in the place to nourish the soul, followed by the Luck point.

"I don't really have anything to do here, I just plan to go back to the village to see Master and the others..."

Hearing this, Gu Xian'er raised her head and looked at him with her beautiful crystal eyes.

Now she felt like her head was getting heavier. In fact, the last thing she wanted to see was her parents meeting Gu Changge.

This kind of feeling was extremely strange, making her restless but she still had to look mature and steady in front of her parents and set an example for her younger sister Shen Xian'er.

Fortunately, Gu Changge didn't embarrass her and gave her a suitable step.

By going back to the Peach Village, she could meet her Master and the Taoyao sister along the way.

"I think you haven't seen your parents for a long time. It's good to spend more time with them."

However, there was a slight smile on the corner of Gu Changge's mouth. When he changed his voice, Gu Xian'er was suddenly stunned, "Huh?"

"No, I've been here for half a year. Master and others must miss me. I have to go back and see them."

Chapter 425-4: In fact, I really like it when others pretend in front of me; The place where the soul is raised (4)

She reacted and glared at him angrily, feeling that Gu Changge said this on purpose and did not intend to let her get away.

How could Gu Changge be so kind and let her go back?

"I don't think your Master will miss you and they should be happy that you're not there."

Gu Changge shook his head slightly, but couldn't see through Gu Xian'er's cold gaze.

Gu Xian'er felt that Gu Changge was not talking about her Masters, but about himself.

"Young Master Changge is right, Xian'er, you should stay here with us. We haven't seen each other for so many years."

Mother Shen also spoke at the moment, wishing Gu Xian'er to stay by her side, feeling that it was very dangerous for her and Gu Changge to be together.

In her opinion, Gu Changge's methods had nothing to do with the so-called good people, but Gu Xian'er still trusted him very much.

It was almost written on her little face that she would go with him.

"I have a lot of questions about my cultivation and I need to ask my Master and father..." Gu Xian'er's face displayed her difficulty.

She did have a question to ask but it wasn't nonsense.

"Forget it, since Xian'er wants to leave, let her leave. Anyway, we are in the Shen Clan. She can come back anytime she wants to see us."

At this time, Father Gu spoke and waved his hand to interrupt Mother Shen.

He knew that Gu Xian'er had already wanted to leave and he couldn't stop her, so he might as well let her go.

Mother Shen sighed and glanced at Gu Changge. Then at Gu Xian'er, and suddenly felt that this was a bad fate.

When she was very young, Gu Xian'er was like a follower, clinging to Gu Changge's back, wherever he went, she followed.

As a result, after suffering a big loss, her Dao bone was dug up and she almost lost her life. They didn't know how long it had been.

She was afraid that she would be sold by Gu Changge and even count the money for him, right?

When Gu Xian'er heard what her parents said, she breathed a sigh of relief and glanced at Gu Changge with some pride.

"I think it's better for Xian'er to stay here..." Gu Changge noticed her expression and his expression remained unchanged.

Gu Xian'er felt that she was disliked by Gu Changge and she was so annoyed. He dared to despise her, it was too hateful!

Shen Xian'er, who had been silent by the side, also saw her "mature and stable" sister like this for the first time, curiously.

"I heard Xian'er say that you are very interested in Dao. As a clan member, I don't have anything good to say. This jade slip was obtained when I was a child, and it records many profound cultivation methods, which is quite mysterious."

"This is a gift for sister Xian'er."

Suddenly, Gu Changge seemed to notice Shen Xian'er and smiled slightly.

He took out a crystal clear jade slip from his arms and it was intertwined with divine clouds which looked very mysterious and simple.

Gu Changge handed it to Shen Xian'er, who was a little dazed. She hesitated for a while, not knowing whether to take it or not.

Since it was the jade slip given by Gu Changge, it would definitely not be simple. But considering the relationship between her parents and Gu Changge, it was not easy for her to pick up.

"Since it was given by Young Master Changge, Xian'er, please accept it. Shouldn't you also thank Young Master Changge?"

Shen's mother sighed in her heart, knowing that because of their relationship, Shen Xian'er also held a grudge against the Gu family.

Otherwise, with her talent, if she was in the Gu family, she would definitely shine brightly. After all, they were still delaying her.

"Thank you, Young Master Changge."

Hearing this, Shen Xian'er took the jade slip and raised her eyes as she glanced at Gu Changge. He found that he had been staring at her as if she had flowers on her face.

This made her a little uncomfortable and she lowered her eyes.

However, Gu Changge quickly retracted his gaze and smiled softly, "You're welcome, sister Xian'er. Here, this is my token. If you want to go back to Gu family at any time, just use this thing and someone will come to this world to pick you up. With your talent, you shouldn't be buried in this place."

After saying that, he gave her a jade pendant. He felt that something else should happen to Shen Xian'er, so he had to keep an eye on her.

"Um."

Shen Xian'er took the jade pendant and nodded her head. She actually yearned for the Upper Realm in her heart.

After all, it was the origin of cultivation and it was an irreplaceable sacred place for cultivation within the minds of all cultivators.

She felt that Gu Changge was not as heinous as her parents said.

Seeing this, Gu Xian'er actually wanted to take her sister away, but she also knew that she couldn't make the decision.

Afterward, she said goodbye to her parents and sister for a while and then left the Shen Clan with Gu Changge, planning to return to the Upper Realm and leave the Heavenly Lan Realm.

From the beginning to the end, he never mentioned Gu Xian'er's parents. Although they wanted to know the reason, they could only give up and faintly believe in Gu Xian'er's statement.

Gu Changge seemed to be really struggling.

"He's finally gone..."

"It's really suffocating to breathe."

Many Elders, including the Ancestor of the Shen Clan, came to see each other outside the mountain gate and they were very relieved.

For Gu Changge, the sensation caused by the Heavenly Lan Realm was not worth caring about at all, but the Luck points he gained were enough to exchange for a few more pieces of transcendental bones.

Even after his leave, the Heavenly Lan Realm was still in turmoil because the matter of War Immortal caused a big earthquake.

Many of the implicated forces were extremely afraid, their Ancestor had died tragically, and their backbone was broken.

If they followed in their footsteps like the Sacred Land Huang Yue, wouldn't they be even worse?

In addition, because of the conquest of the Eight Desolations and Ten Regions by the Upper Realm, outside the Heavenly Lan Realm, the aftermath of the battle made the barriers unstable with signs of rupture.

Many cultivators were in danger and they felt that Heavenly Lan Realm would bear the brunt of the disaster soon.

Not long after leaving Heavenly Lan Realm, Gu Changge did not take Gu Xian'er to Peach Village but appeared on a mountain not far from the boundary monument.

Looking from a distance, the sky was full of yellow sand in the distance and it could be seen that the dead bones were submerged in it.

"What is this?" Gu Xian'er curiously looked at the Hongmeng Purple Mirror in his hand.

"A divine artifact to spy." Gu Changge glanced at her, "If you dare to attack it, I will throw you somewhere."

"How dare you! I... I'm just asking, why are you so careful." Gu Xian'er was a little angry when her thoughts were discovered by him.

At this time, with the surge of Gu Changge's aura, the entire Hongmeng Purple Mirror suddenly became clear and a picture emerged.

Among them was an old man with a hunched waist.

"The place to nourish the soul was originally there." Gu Changge looked a little interested.

.....

"Gu Changge..."

"Lord and you have no grievances or enmity, but you want to do this cruelly, it's too deceiving."

Near the Boundary Monument, an old man who was collecting the mysterious energy in the waves heard the news and his face was full of hatred and anger.

However, he forcibly endured it, holding a jade jar in his hand, which contained many energy lights.

He was the old servant of War Immortal and he had been running around for the resurrection of War Immortal all these years.

Nowadays, there were many origins and memories of the powerhouses that had died during the war near the Boundary Monument, which was extremely scattered.

And he was searching for War Immortal's body that collapsed at the beginning, which contained the origin of War Immortal that had not yet been disbursed.

The method cultivated by War Immortal focused on the physical body and standing on the top of Dao, which was rare.

Therefore, even if he had died for many years, as long as the body that once collapsed was found and reunited again, War Immortal could be resurrected.

Now Li Xiu, who died tragically in the Shen Clan, was just a body dominated by the memories of War Immortal's awakening.

But having said that, in the eyes of the old man, Li Xiu was also the new student of Lord War Immortal and he was expected to return.

Yet now this hope had been wiped out by Gu Changge, so how could he not be angry?

Afterward, the old man took the jade jar in his hand and went to the crack of the void somewhere near the Boundary Monument. His figure flashed, and the many lines on the surface dissipated, and he quickly entered it smoothly.

Chapter 426: This time he is really dead, A favorable place to solve the troubles from the Red Witch

The boundless yellow sand and the dead bones in the distance were blown up by the wind. This place was very close to the Boundary Monuments.

One could even feel the fluctuations of some battles and their killing intent which were extremely huge and shocking.

On the mountain peak, Gu Changge watched the scene in front of him with interest.

Soon, Hongmeng Purple Mirror was covered with brilliance. It was only after a blurry figure flashed by that the dead silence was restored.

"Who is this old man?"

Gu Xian'er was a little curious, her eyes stayed on the Hongmeng Purple Mirror in Gu Changge's hand.

"The man who saved your father and grandfather."

Gu Changge said lightly, placing away the Hongmeng Purple Mirror, lest Gu Xian'er kept looking at it eagerly.

"The one who saved my father and grandfather? That is to say, the old man behind Li Xiu? It turned out to be him."

Gu Xian'er was a little stunned but she was more curious about how this thing in Gu Changge's hand discovered the old man.

Was it because of the cause and effect he said before?

If there was cause and effect between him and Li Xiu, then this thing could be used to find the trace of Li Xiu.

"It turns out that you are not afraid to find that War Immortal because of this reason."

Although she really wanted to take a look at what this Hongmeng Purple Mirror was, she knew that with Gu Changge's character, he probably wouldn't agree.

This made her feel that Gu Changge was too careful, and he didn't trust her so much.

Was she the kind of person who would snatch things because of a fetish?

"Let's go. We need to find that guy's hiding place and resolve Li Xiu's matter. Otherwise the Shen Clan will suffer his revenge sooner or later."

Gu Changge glanced at her as he alighted and turned into a divine light before leaving the mountain. Many powerhouses could be seen following behind him.

"You actually care about the Shen Clan?"

At first glance, Gu Xian'er felt that Gu Changge was worried about the Shen Clan's revenge, but when she thought about it, something wasn't right. Since he was so concerned about it, there was definitely another reason.

Gu Changge was unlikely to care about the life and death of the Shen Clan.

With that, she also followed, a little regretful that she didn't bring the big red bird with her, otherwise, with its ability, she would still be able to find the treasure.

Just at the same time, there was a strange scene in a space crack that was very far away from this place.

The waves outside were monstrous, constantly crashing and there seemed to be a real world in motion as it rumbled.

As Li Xiu's old slave entered the crack in the space, runes began to flash outside, making everything return to its original state until it became unclear. The mist here was faint and extremely blurry.

Many candles made of unknown materials were lit on the corridor, expelling the faint mist around them.

The old man walked into it with a jade pot in his hand, looking very pious and careful as if he was going to meet something.

Outside this cracked space was the formation that he laid down which flowed with green rays of light.

The surrounding stones flickered with a faint meaning of laws while hiding a terrifying murderous intention.

He was worried that a cultivator would stray into this place and bump into Lord War Immortal who was recuperating.

After he happened to leave this place, he ran into Shen Xian'er's father and grandfather trapped not far away, and he happened to be carrying Li Xiu, who had just condensed a new body.

After thinking for a while, the two of them were saved, just to create a chance for Li Xiu to get closer to the world.

It was a pity that his calculations were not as good as their calculations. In the end, all of his plans and efforts were in vain, which made him extremely angry.

"There is still a little bit of origin, and Lord War Immortal can be resurrected. This time the hatred will not be solved so easily."

The old man walked through this corridor as the scene after that suddenly became brighter. It seemed that he had entered a splendid underground palace.

The spiritual energy present was dense, the immortal mist was saturated. It could even be seen that the laws of life were manifesting and floating in the air.

This was an excellent place to nourish the soul. It was located near the Boundary Monument and had a natural topographical advantage.

The Boundary Monument had been there for many years, with countless casualties. After many of the powerhouses fell, their origins dissipated between heaven and earth.

A large part of them drifted and scattered in the Boundary Monument, and then arrived together through the terrain here.

Over the years, such a place to nourish the soul had been formed.

Moreover, it was said that in the deepest part of this place for raising the soul was the place of sacrifice to all Immortals.

It was said that in a very ancient era, ten thousand Immortals prayed for the Dao of Heaven in order to find an Altar of Life.

The old man didn't know if this was true or not, but the place where the soul was raised was true. It could not only warm up War Immortal's incomplete life and soul but also reshape his broken body, which was extremely mysterious.

Even in the depths of the Reincarnation Lake, a mysterious place involving the Laws of the Upper Realm, it was said that this step could not be achieved.

In the center of the splendid underground palace was an ancient bronze coffin. Oil lamps with faint flames were still placed on the four corners.

The oil within was obviously not simple kerosene, but something very special. With a special method, the oil refined from the spine could burn for countless years.

In the ancient bronze coffin, the one who was sleeping was the War Immortal who fought in the Eight Desolations and Ten Regions.

After arriving here, the old man was even more respectful and carefully approached the ancient bronze coffin with the jade pot in his hand. He let the light balls float out and finally fall into it.

"My lord..."

He spoke respectfully and wanted to report what had happened in the outside world, including the tragic death of Li Xiu.

"I already know."

An indifferent voice emerged from the bronze ancient coffin, very old, but also extremely weak.

Li Xiu was his fresh body after all, and his mind was connected. Even though there was an endless distance, he still knew what happened in the Shen Clan.

However, he was different from Li Xiu after all. Although there were some waves, he had not yet reached the point of anger.

"Then, my lord, how should we repay Gu Change's revenge?" The old man was stunned and then asked respectfully.

"I don't need to worry about this in advance. I will condense a new body after a while. Those family members are not easy to mess with. What's more, my enemies now know that I'm not dead. Let him be proud for a while."

The weak voice in the bronze coffin resounded again.

He was very self-deprecating. He didn't expect that he, who used to be aloof, would actually be reduced to the point of death.

He even said that after being humiliated and beheaded, he would continue to forbear and dare not take revenge.

"Yes, my lord."

The old man's face was also a little sad. Once upon a time, Lord War Immortal was so high-spirited and invincible.

If it weren't for Heaven and Earth, he would have already become a True Immortal.

But now, he could only live slowly in the ancient bronze coffin. He needed to search for the source of his body everywhere to help him recover from his injuries.

Even a younger generation could easily humiliate and torture him.

"Someone is coming."

At this time, a solemn and shocked voice suddenly sounded from the bronze ancient coffin.

The old man's face changed suddenly when he heard the words, why didn't he feel it?

In the place for raising the soul, he laid out many formations and if someone came, he would definitely feel it right away.

He was about to turn his head when he heard an interesting voice from behind.

"You turned out to be secretly hiding here, Lord War Immortal, we meet again."

Gu Changge opened his mouth, his eyes fell on the ancient bronze coffin in front of him, and Gu Xian'er and the others followed behind him, all looking around.

"You... you are Gu Changge."

The old man's back went suddenly cold, and his complexion changed drastically. How did Gu Changge get in?

Obviously, he was so cautious, but why was he still being followed?

"It's the power of cause and effect, and it has nothing to do with you. He has a divine weapon to deduce cause and effect, and with that he found this place."

In the ancient bronze coffin, the voice of War Immortal Li Xiu sounded, as if explaining to the old man, but it was extremely solemn and fearful.

Since Gu Changge could find this place, it meant that it was absolutely impossible for him to let him go.

"The place to nourish the soul is really easy to find."

Gu Changge looked around and didn't have the time to talk nonsense with the old man in front of him. He directly took out the Xuan Yang Heavenly Sword and slashed it with one knife. The terrifying sword aura ran through the place, containing a ray of extreme power, and instantly descended on the old man.

Puff!!

The blood splashed out in the void, and the old man grunted. His reaction was fast enough, he sacrificed his own weapon and activated his divine power, but he still vomited blood and flew out in an instant. His body was almost on the verge of exploding.

Although he had the cultivation base at the peak of the Supreme Realm, how could he be the opponent of Gu Changge holding the Xuan Yang Heavenly Sword?

He didn't die in an instant, it was already a testament to his strength.

"We have no grievances, so why are you aggressive?"

The voice of War Immortal Li Xiu sounded from the bronze ancient coffin, containing anger and coldness. He didn't expect Gu Changge to be so strong that he went directly to this place without leaving anyway for him to survive.

"No, we have a grudge."

Gu Changge smiled, attacked again, slashing directly at the coffin in front of him. There was a terrifying wave of explosions in this place.

The coffin shook violently. Although its material was not simple at all, it was still blown away by this sword, and the body of Li Xiu in it rolled out instantly.

"This is..."

Gu Xian'er's beautiful eyes widened, she was very surprised. It was difficult to connect the tattered corpse covered with green hair in front of her eyes with War Immortal.

"Gu Changge, you..."

Li Xiu was extremely furious. The way he looked now was extremely terrifying and ferocious. His whole body was tattered and not a single piece of bone was intact.

And covered with green hair, it was as long as a human arm.

"My Lord....."

The old man also looked at all this dully. It was difficult for him to connect the heroic and invincible Lord War Immortal with the green hairy corpse in front of him, which made him unacceptable.

"It turns out that it has already gone to the corpse. Such a good place to nourish the soul is a waste for you."

Gu Changge was not surprised by this, Li Xiu was obviously in the process of transformation or evolution, but the process was still very long.

Even if he was given another million years, he wouldn't be able to do it. During this process, Li Xiu could only be slaughtered by others.

"Hateful... If I was at my peak, how would you dare to humiliate me like this?"

Li Xiu was furious, but he was just a tattered corpse. Although he was sane, he couldn't even move.

As Gu Changge said, now he could only be slaughtered by others.

Gu Changge didn't waste time, he himself wanted to find a place to nourish his soul, and in his opinion, Li Xiu's current state was no different from the so-called experience value. To that he didn't even bother to say a word of nonsense.

Buzz!!

In the next moment, the Xuan Yang Heavenly Sword erupted with an unparalleled sword force. The Emperor's might was vast and surging as if a mountain torrent was pouring down directly.

With a scream, Li Xiu's body, which had already collapsed, exploded again and turned into ashes.

This time he was really dead.

Of course, before that, Gu Changge naturally did not forget to plunder Li Xiu's Luck points.

After doing all this, Gu Changge didn't care about the system prompts in his mind and the golden luck treasure chest that fell out.

He took a serious look at this place and felt that if it was arranged, it could be a favorable place for him to solve the troubles of the Red-clothed Witch in his plan.

Of course, this premise was that his guess was correct, otherwise, everything would be in vain, and the half-year left to him would be coming soon.

Chapter 427-1: You stupid girl, Taoyao's test (1)

The black terrifying sword light swept through as Li Xiu's body collapsed and exploded, turning into ashes in the sky. He was as dead as he could be and could not be resurrected any longer.

Although he was an Enlightened being at his peak, he even walked a long distance on this road with his strong cultivation.

But now he was just a corpse covered with green hair that couldn't even move. As long as Gu Changge found out where he was, it was absolutely impossible for him to escape.

"You just killed him like that?"

Gu Xian'er was surprised and thought that Gu Changge would ask War Immortal something to squeeze out some information. But she didn't expect that after he found him, he killed him without a word.

This was a bit different from Gu Changge, who was mercenary in her impression.

"Did I have to wait for him to recover to the peak, and then come back to trouble me?"

Gu Changge took the Xuan Yang Heavenly Sword as he glanced at her with an expression as if he was looking at an idiot.

Besides, the current Li Xiu was actually of little value. Apart from brushing up his experience points, Gu Changge couldn't find any reason to keep him alive.

"You are not allowed to look at me like this." Gu Xian'er's teeth were itchy, feeling that she was a fool in Gu Changge's eyes.

Though Gu Changge didn't have the time to argue with her.

He attacked again with a palm, covered the place and killed the sluggish old man. Only then did he take a serious look at the bronze palace.

If it wasn't for Li Xiu's sake, it would be almost impossible for him to find such a place.

"The perfect place to nourish your soul, this place couldn't be more suitable."

He nodded, and his eyes looked somewhat satisfied.

In particular, he felt that there were many origins of life in the vicinity; after years and months, even those corpses could give birth to spiritual wisdom.

Under this rich spiritual energy, it was suitable for him to arrange some means to cover up the rest of the aura.

"Why are you looking for a place to raise your soul?"

Gu Xian'er was also looking at this place. Could it be that Gu Changge planned to resurrect someone?

"Naturally, I'm preparing for the unexpected. If I die one day, I must have a way to live again." Gu Changge glanced at her and said casually.

He couldn't mention the Red-clothed Witch to Gu Xian'er, so he thought of an excuse casually.

"How could you suddenly die one day..."

Gu Xian'er was stunned for a moment, a little puzzled, but then she remembered Gu Changge's unresolved Demon Heart and thought that he might be preparing for this.

Her mood was a little down. If it broke out again one day, what should Gu Changge do? If she was by his side, would he dig her immortal bone, or would he choose to cut off his heart?

Gu Xian'er thought of this, and she already had the answer in her heart. Just like the last time he was in the Nirvana Pond, he cut off his arms and refused to hurt himself again.

She felt a little sad all of a sudden. Beneath Gu Changge's beautiful appearance, there were hidden dangers in life that only he himself knew.

"If there is such a day, I will give you my immortal bone, I can live without the immortal bone..."

Gu Xian'er raised her beautiful eyes and stared at Gu Changge as if she wanted him to understand.

"What are you flicking me for?"

However, Gu Changge didn't let her finish her sentence and knocked on her head, causing pain and tears in her eyes.

He shook his head slightly and said, "You fool, what have you been thinking about all day."

He naturally knew what Gu Xian'er was thinking. This girl's intelligence had always been one of the best.

Gu Xian'er glared at him, very dissatisfied, "I'm doing this for your own good, you arrogant guy! You always look like you don't want to bow your head and don't want to get dirty. Will you understand the kindness of others only after you die?"

Gu Changge sighed slightly, then grabbed her cheek and rubbed it hard, making her beautiful eyes murderous as she tried to fight him.

"I see, you stupid girl."

He smiled and let go of her.

"Eh..." Gu Xian'er was ready to be ridiculed by Gu Changge for a while, but she didn't expect him to say that. She was a little stunned for a while.

However, she quickly reacted and hummed from her nose, "You are stupid, you just know it. Don't think too much, I just don't want to owe you a favor. This time, about Xian'er, it would be a little troublesome without you."

After all, Li Xiu's identity was a War Immortal, not an ordinary person.

Although Shen Xian'er was a direct descendant of the Gu family, her surname was not Gu, she had never gone to the Upper Realm or entered the Gu family to worship her Ancestors.

Therefore, the Gu family would not necessarily take care of this matter.

Once this was done, Gu Changge setup here and personally recorded many strange and mysterious runes in a very cautious and careful manner, never like this before.

Because this place had other purposes, it was to target the Red-clothed Witch who was about to bury him. So he did not allow any mistakes here, otherwise, it was likely to cause his plan to go wrong and cause more trouble.

The bronze palace was very ancient, and he didn't know what era it was from. There were many strange murals carved on the four walls. Ancient Ancestors knelt on the ground and bowed to the totem.

Here, Gu Changge kept moving, his five fingers glowed and the runes were punched into the surrounding by him. The rays of light were intertwined, like small stars.

At the same time, the runes of the Great Dao were transformed into a chain of laws, which firmly locked the void on all sides of the bronze palace.

"The soul-raising effect here can be strengthened a little more... In this way, there will be no abnormality."

Gu Changge directly turned his aura into a carving knife and with his own hands, dug a pool in the depths of the palace, placed various restrictions in it, making it gather the origin of life nearby.

Buzz!!

In the pool, brilliance began to emerge, which was extremely dazzling and it was densely filled with the rich essence of life.

In the end, he even painted again around the cracks in the space outside and obtained a lot of secret treasures to cover them, so that the aura of this place would not leak out. Only then was he relieved.

"I hope she won't be noticed by then, but I hope there won't be that moment."

Gu Changge's eyes were faint, and many thoughts passed through his mind. When his mind moved, he felt that this place was completely under his control, and finally, his figure moved and left this place.

"You've been setting it up for so long..."

Gu Xian'er, who had been waiting for Gu Changge for a long time outside the space crack, was a little surprised when she saw him come out.

Gu Changge nodded without explaining anything, and said, "Let's go."

Then everyone turned into divine lights and broke open the space before leaving the place.

A war had broken out in the Boundary Monument. All ethnic groups had sent elites here, intending to cross the Eight Desolations and Ten Regions, where they could feel the terrifying fluctuations from far away places.

That was the fluctuation of the Emperor's weapon, and now that the Immortal World had not appeared, the existence of the Emperor Realm was the peak combat power of the Upper Realm.

In this battle, many Enlightened beings rushed to leave, as the vanguard to open up a way.

The people of Eight Desolations and Ten Regions were not vegetarians either. In the face of the invasion from the Upper Realm, an unimaginable force of resistance erupted.

There was a stalemate on both sides and many powerhouses landed near the Boundary Monument. The screams of killing could be heard from far away, and the smell of blood arrived from a distance.

It had to be said that this battle was very huge, and it had swept through almost all Dao traditions and forces in the Upper Realm.

Even the Ancient Immortal Gu Family was no exception. They dispatched tens of millions of troops to cross the ??Boundary Monuments. But now Gu Changge had no plans to join in the fun.

He would definitely go to the Battle of the Boundary Monument, but not now. On the way out of this place, he opened the Heavenly Dao Treasure Box that fell from killing Li Xiu.

A burst of golden brilliance flashed through and a small golden cauldron emerged, dazzling and floating in the virtual space, with a sense of mystery.

"The Golden Cauldron of Luck is formed by the gathering of all Aura, and it can gather Aura and Luck points..."

"It's a good thing, and with that, I have another way to collect Luck points."

Looking at the many introductions, Gu Changge was a little unsatisfied. He felt that if the Golden Cauldron of Luck was placed in an Immortal Great Sect and Supreme Dao, it could even steal its Luck unknowingly.

This was much more effective than the World Tree seed he got before.

In addition, the Luck points obtained by killing War Immortal Li Xiu were not a small number, so he exchanged a few more transcendental bones, and his strength increased.

Gu Changge took everyone on the road and left this place, away from the place of war.

Chapter 427-2: You stupid girl, Taoyao's test (2)

On the way, they could see many ancient warships crushing the sky. All kinds of iron cavalry attacking and rumbling past.

Many young geniuses from the Upper Realm had participated in this battle, no force was spared.

Especially when they learned that the Boundary Monument could only be crossed by cultivators with relatively low cultivation bases, they were even more excited as they couldn't wait to go there quickly and fight.

They intended to make a name for themselves in this battle and the quickest way was to attack the cultivators of the Eight Desolations and Ten Regions, so as to make their names shock the Eight Desolations.

"Shall we go back to Peach Village now?"

On the way, Gu Xian'er asked. It had been almost a year since the last time he returned to the Peach Village, although one year was negligible for a cultivator.

But she missed her relatives and several masters in Peach Village.

She grew up in Peach Village when she was a child and her affection for Peach Village was much deeper than that of the Gu family.

"Let's go back to Peach Village. It's useless for you to participate in the battle against the Eight Desolations and Ten Regions."

Gu Changge nodded, he planned to ask Taoyao to confirm some things and he would have to go to Peach Village sooner or later.

Then, he took action to open up a space channel with supreme divine power. A terrifying space rune appeared, tearing the void in front of him.

They began to cross, with Gu Changge's current strength, it was easy to travel in the virtual space and he instantly traversed a distance of tens of thousands of miles.

On the way, silver brilliance could be seen intertwined as the strands were extremely gorgeous and heavy. This was the chaotic fog in the virtual space, which was usually difficult to see.

The Upper Realm was vast and divided into Inner and Outer Realms, and now the Peach Village they were going to was the Abandoned Land of Immortals in the Outer Realm, which was very far away from the Boundary Monument.

"I'm afraid even a Supreme being is not your opponent anymore?"

Gu Xian'er was very surprised and noticed that the void in front of her was constantly distorting.

The road became blurred, because Gu Changge's body was extremely powerful, causing the space that touched him to collapse.

Such a method was difficult for even the Supreme being to achieve.

She felt that Gu Changge's current strength was far beyond that of ordinary Supreme beings. She really didn't know how he cultivated.

"True Supreme?"

Gu Changge smiled and didn't say much. With his current strength, even in the face of True Enlightened beings, there was no need to be afraid.

However, these words were too shocking.

Now, although someone was carrying the hat of the inheritor of demonic arts, it was inevitable that people would doubt it... Because the speed of his cultivation breakthrough was really shocking and unbelievable.

Speaking of these, Gu Changge felt that even the true inheritor of demonic arts was far from his fast cultivation speed. This was probably beyond the understanding of the cultivators.

"I'm afraid this guy, Su Qingge, is having a hard time. I heard that she is being chased and attacked everywhere."

Gu Changge remembered a lot of news and his smile was meaningful.

After half a month, the void blurred again, the crack disappeared, Gu Changge took the crowd away from it and appeared on a mountain.

The mountains were undulating, the vegetation was abundant, the desolate and vast ancient forest could be seen in the distance.

"Abandoned Land, I'm back."

Looking at these familiar sights, Gu Xian'er felt a sense of returning home.

In the past, she often took the big red bird and traversed the abandoned land, looking for all kinds of spiritual treasures and rare treasures.

Here, she often encountered life and death crises, encountered powerful beasts many times and fought with them for the experience.

This made her feel excited. She tiptoed, and looked forward.

The last time she came back, she took Gu Changge by her side and was teased by many uncles and aunts, saying that she had brought her sweetheart back to her parent's house, which made her embarrassed for a long time.

But this time, Gu Changge was still by his side, he just didn't know what the uncle, aunt, and others had to say.

"Wait for me here."

Gu Changge instructed the many subordinates behind him and then took Gu Xian'er to Peach Village.

Soon across the vast wilderness in front of him, he saw a mysterious Peach Tree in the distance, erect in front of the village.

The village was not big, surrounded by fences, with spiritual grass and other things planted around, strands of colorful clouds flowing, and white mist permeating, giving people a sense of tranquility.

Wisps of aura emerged from all around, nourishing this place.

The auspicious beasts neighed and the birds fluttered their wings. It seemed very peaceful, like a paradise. There were old people and children playing at the entrance of the village, which looked extremely peaceful.

The Peach Tree at the entrance of the village was gorgeous and colorful, with luxuriant branches and leaves, shrouded in a faint divine brilliance.

Each Peach Leaf had mysterious lines, it looked extremely ancient and one couldn't know how long it had been standing.

Although it had not bloomed, it had an amazing transcendental and holy meaning.

A little girl with pink and jade carvings, wearing a large cotton robe stood before. Her hair was soft, and her appearance was well-behaved.

She was sitting on the bluestone at the entrance of the village, bare feet and looked outside the village from time to time as if she was waiting for someone.

At this time, she seemed to notice Gu Changge outside the village entrance. She was a little stunned, then rubbed her eyes, thinking that she was hallucinating and finally found that the person was really the Master she thought about day and night.

"Master..."

She was suddenly full of surprise, her eyes were full of Gu Changge's figure, running toward him stumbling.

"I just said how I heard magpies at the entrance of the village this morning, it turns out that Xian'er came back."

"I also brought someone back to my mother's house. This girl has been gone for a year, and she is finally willing to come back."

At this moment, not only did she discover Gu Changge and Gu Xian'er, but the rest of the villagers also discovered them and many people came out to greet them happily.

The Peach Village became lively, and many uncles and aunts came out, surrounding Gu Xian'er and Gu Changge as they constantly looked at them.

The aunts and uncles took a careful look at her stomach and then sighed, making Gu Xian'er dazed and a little confused.

Then she realized what it meant, a haze rose on her delicate white face and she glared at Gu Changge.

It was all his fault for making herself so embarrassed and misunderstood by several aunts. However, Gu Changge didn't care about her, he was squatting down, patting Yaoyao with a gentle expression, and asking how she was doing.

Yaoyao was very pleasantly surprised and shared with Gu Changge her life in Peach Village during this period.

She liked this kind of peaceful life very much, not only the Peach Demon liked her, but also the other villagers who treated her like relatives.

She didn't have to worry about anything here, but sometimes, she missed him very much.

Gu Changge smiled, touched her hair, and said, "It's fine if you like it here. In the future, your Master will come to see you when he has time."

As he said that, he took out a lot of accessories he had picked in the mortal world and gave them to her. When he bought them for Gu Qingyi, he thought of Yaoyao and picked them up together.

Now it seemed that Yaoyao was not interested in cultivation, but she was very fond of these accessories. Although she was sensible and well-behaved, she was just a child.

"Well, thank you, Master. Yaoyao likes it very much. There are many children playing with me. The animals are also very obedient."

Yaoyao's eyes turned into crescent moons, she was very happy, and finally saw the Master she missed the most.

Gu Changge was relieved to see that she was very happy now, which also saved some trouble.

"Xian'er, auntie, I'm here..."

On the other side, an old lady pulled Gu Xian'er aside and chatted for a while.

Gu Xian'er's face was full of haze, she was so ashamed and angry. She felt her ears were burning, she was Gu Changge's cousin, what were they thinking?

However, the aunts didn't care about her. In their opinion, Gu Xian'er brought Gu Changge back to Peach Village over and over again. If they didn't do anything, they wouldn't believe it.

No matter how Gu Xian'er explained it, they all had a look of disbelief, which made Gu Xian'er very helpless. In the end, she could only put the blame on Gu Changge's head and glare at him several times.

Chapter 427-3: You stupid girl, Taoyao's test (3)

The current Peach Village was extremely lively, Gu Xian'er brought Gu Changge again and brought gifts for everyone, such as divine medicine, medicinal herbs, etc., which could prolong life and enhance the power.

Usually, although she was stingy and greedy for money, she was very generous in front of the elders and villagers of Peach Village, and she almost didn't clean up her family.

In the end, several of Gu Xian'er's masters showed up and checked her current cultivation status. They were quite satisfied. Although she couldn't compare with Gu Changge, she was far superior to the young supreme beings of the same generation.

In their opinion, Gu Changge was a monster and he couldn't be treated with common sense at all. Even they couldn't see through Gu Changge's cultivation level now.

This shocked them and made them feel incredible. The last time they saw Gu Changge was more than a year ago.

In more than a year, had he improved his cultivation so much?

However, this involved Gu Changge's secret. Although they were curious, they did not take the liberty to ask.

Gu Xian'er and Gu Changge returned to the Peach Village, everyone naturally prepared sumptuous food for them, all kinds of exquisite food, exuding a tempting aroma.

Although it was far from the banquet of the Ancient Immortal Gu Family, it had a different flavor.

At the banquet, everyone was staggering, and it was very lively.

Several aunts and uncles didn't care about Gu Changge's identity, and they naturally asked him about Gu Xian'er's relationship with him.

In this regard, Gu Changge naturally answered without leaking, making Gu Xian'er, who was staring at him, let out a sigh of relief, worried that she would hear something from this guy's mouth that would make her feel ashamed and angry.

But in the end, she couldn't help but feel a little lost, feeling that the words Gu Changge answered had no other meaning.

After the banquet was over, everyone went to rest and Gu Xian'er also returned to her former house, planning to rest.

Everyone in the Peach Village specially cleaned up a house for Gu Changge, but he did not go to rest but arrived at the Peach Tree outside the village alone.

He held the wine from the banquet in his hand and seemed to be drinking by himself, then sat down beside the Peach Tree.

The moonlight was cold with the mottled silver pieces sprinkled all over the ground, like a smashed lake, revealing a feeling of serenity.

The Peach Tree was old and tall, with luxuriant branches and leaves.

Under the moonlight, there was more meaning of long vicissitudes, but more of it was glowing, looking mysterious and gorgeous, swaying in the wind.

Gu Changge didn't open his mouth and just drank beside the Peach Tree. His eyes were dim, as if he was thinking about something.

Afterward, a vast white mist formed here and instantly enveloped the vicinity.

"You're so brave in front of me..."

A soft and melodious voice sounded like the sound of the heavens, with an ethereal meaning.

In the next moment, a slender figure walked out of the Peach Tree. Her face was blurred, but there was an unparalleled aura. Her eyes were soft, like autumn water, but it had the meaning that understood the eternal universe.

Taoyao showed her body, she seemed to be looking at Gu Changge with great interest, and she wanted to see through him just like the first time they met.

Gu Changge was still drinking on his own. Hearing this, he raised his head and said with a slight smile, "Does the senior plan to drink with me?"

Taoyao shook his head and said, "I never drink alcohol, I don't like the taste."

"It's a pity that senior didn't have the chance to taste such fine wine." Gu Changge smiled.

Taoyao didn't talk to him after hearing this, just stared at him closely, and then said, "When I was grooming Yaoyao's injuries, I remembered some memories..."

"Oh, what memory? The junior is a little curious." Gu Changge seemed a little surprised, but his heart moved slightly.

Since Taoyao and Yaoyao didn't merge into one body, she logically wouldn't remember everything.

He also didn't know if the pictures he saw when he saw Taoyao last time were from his memory, or if she deliberately revealed them in order for him to see them.

But anyway, Taoyao and the old stone of the True Immortal Academy were old acquaintances.

There was no doubt about that.

And the Red-clothed Witch, Peach Demon, and Old Shi were obviously from another era and had a great relationship with his identity as the Demon Lord.

Gu Changge had always felt that he was not the Demon Lord, but he had to be. The cause and effect of many things had been doomed from the beginning.

Including the relationship between Taoyao, Old Shi, the Red Witch, and him. Now that Tao Yao told him about this, could it be that she was suspicious of something?

"I remember I have a friend who likes to wear red clothes. She said that she should cultivate hard, not let the master down, and then marry her master when she grows up..."

Taoyao spoke slowly, and when she spoke, she kept her eyes fixed on Gu Changge, as if she wanted to tell him, but she seemed to be telling herself.

"When I was a Peach Tree, I only had a weak intelligence. She rescued me from a monster. My body was a heartless Peach Tree... With her, I understood what a friend is, but unfortunately, it was just a previous experience and now it seems that countless years have passed. Everything has been left in the era of taboos. Maybe I am the only one who still remembers it."

"Later she brought me to her Master. At that time, I had another friend. It was a stone. I never thought that an ordinary stone, a hollow Peach Tree, even if it gave birth to wisdom of a vague existence would be able to embark on the path of cultivation like the rest of the Demon clan. Her master was very strict with her, but she treated us very well, and did not despise us because of our origin."

"She taught me to read, and I wanted her to name me, but she said that the name is very important... So she taught me to spell..."

Her voice was very peaceful, as sweet as the sounds of nature, but unfortunately, at this time, she was looking extremely lonely.

"Senior's friend, does Junior know her?"

Gu Changge put down the wine, his face did not change and the scene at that time reappeared in front of him in a trance.

A girl in red was sitting on the boundless field clutching her knees, with a dead Peach Tree behind it.

This girl was very beautiful, with long dark blue hair, like a mirror.

She looked at the sea of ????clouds from a distance, the clear sky and mountains reflected in her pupils but her expression was extremely lonely as if she was waiting for someone.

"I have no idea."

Taoyao shook her head, and her words were ambiguous.

She stared at Gu Changge carefully, seeing that he didn't raise his head and then sighed softly, not as casually as in the beginning.

"You came to Peach Village this time to find me for something, right?"

Taoyao asked.

Gu Changge nodded and said, "I wonder how much senior knows about Demon Burying Abyss?"

Taoyao was stunned for a moment, then seemed puzzled and asked, "Are you planning to go to Demon Burying Abyss?"

Gu Change's expression didn't change, "I just asked, I remembered some things and I was a little curious. I think that the predecessors have existed for a long time and they should have a good understanding of it."

"I don't know anything about Burying Demon Abyss. If you want to know more, you can go and see for yourself, can't you?"

Taoyao suddenly laughed, this laughter changed from the soft and pleasant sound just now, to some indescribable demonic nature.

And as these words fell, her voice suddenly turned into light dust, disappeared from then on, and returned to the Peach Tree without a sound.

Seeing this, Gu Change's expression didn't change much as he got up and left.

Judging from today's events, the situation was very unfavorable for him. He came to find Taoyao, but he just wanted to see her attitude toward him.

From this attitude, it was natural to see some of her thoughts and it could be seen whether she had doubts about his identity.

The first time Old Shi saw him, he was very shocked, thinking that he was a similar guy.

And this time, Taoyao changed her previous attitude and even recalled the past.

Wasn't this a test for him?

So now it seemed that once the Red-clothed Witch saw him, she would definitely recognize him.

Chapter 428-1: Acting as the Human Ancestor, This bastard really has no credibility (1)

The next morning, Gu Change left Peach Village. He did not choose to stay there for long.

As for Gu Xian'er, she decided to stay in Peach Village, she just had some questions about her cultivation that she had to ask all the masters.

Although Yaoyao and the people in Peach Village tried their best to keep him, Gu Change left. The purpose of coming here had been achieved, naturally, there was no need to stay.

Taoyao's temptation made him keep an eye on his heart. Judging from the current situation, unless there were special circumstances, Taoyao would not leave Peach Village easily.

Immediately, after calling a group of subordinates outside the Abandoned Land of Immortals, Gu Change headed towards the Inner Realm. He was planning to go to the Human Ancestor Hall. Since he took over the role of Human Ancestor, he had never been to the Human Ancestor Hall.

And this time, the riot of Demon Burying Abyss, many Great Demons were born, causing chaos everywhere.

As a model of righteousness, the Human Ancestor Hall naturally could not avoid the responsibility of resisting Demons.

It just so happened that Gu Changge planned to go to Demon Burying Abyss and there was no suitable excuse, but he could find Jiang Chuchu, act as Human Ancestor, arranging the next plan along the way.

The center of the Inner Realm was also known as the Heavenly Realm for the various Dao forces in the Upper Realm.

At this moment, in the heart of the most prosperous and ancient territory.

A majestic palace stood tall in the sky, looking magnificent and sacred like a fairy palace.

The palace was built in an extremely splendid atmosphere. The tiles were made of flawless white jade and pure glazed glass, the eaves were made of million-year-old purple gold sandalwood, and the floor was paved with pure obsidian starstone.

It looked magnificent, quaint, and solemn. In the meantime, there was a thick sea of immortal energy surging throughout.

This palace overlooked the endless old pond of the ancient city below. The main hall was rising and falling as the sun rose and the moon set, the runes on it were intertwined.

The stars of the Nine Heavens were reflected every moment. The universe was like a supreme throne, which also showed the transcendent status of this place.

A huge immortal plaque was hung in front of the temple gate with purple immortal gold as the bottom and immortal gold inlaid with characters.

There were three ancient characters, 'Human Ancestor Hall'.

It could be seen that there were thousands of silver streams in the sky and the earth which were rushing towards this place wildly, wanting to gather into it, appearing sacred.

These silver streams were exactly the worship and recitation of the great achievements of the Human Ancestor by cultivators from all over the world.

The power of faith could not only evolve many divine powers, but even in some cases, as long as there was something in your heart, one could manifest the Dharma body across billions of distances.

What was more, it could be used to cultivate an Immortal body. As long as the faith was continuous and there were people in the world who were talking about its real name, then it would not die.

This was an indescribable mysterious power.

At this time, a beautiful woman dressed in flawless white clothes with a veil on her face, was cultivating, eyes closed in the main hall.

A vague shadow of immortals, grand and mysterious, seemed to be chanting scriptures, floated behind her, as if to cross time and space from ancient times.

Her complexion was fair and delicate, her eyebrows were picturesque and her eyes were like flawless black gems, shining with a moving luster.

However, her expression was very calm and one could not see any other emotions except calmness.

She seemed to be born like this, it was more like abandoning her emotions and desires, and there would be no waves because of anyone.

Several old women with a high level of cultivation whispered something behind her with worry in their eyes.

"Even if Her Highness the Holy Maiden breaks through to the late stage of the Sacred Realm she is helpless against this demonic disaster. Holy Maiden Ziji is missing and she doesn't know where to hide, but even if Holy Maiden Zijin was here, it is estimated that it will be of no avail."

"Nowadays, many Dao lineages in the Upper Realm have sent armies to the ??Boundary Monuments, trying to enter the Eight Desolations and Ten Regions. The chaos of the Demon Burying Abyss has been ignored. Many forces were destroyed as a result."

"Yeah, my Human Ancestor Hall now has a hot yam in my hand, and I can't shake it off. I have to think of a way because of this..."

During their conversation, they were all worried about the chaos in Demon Burying Abyss. Because this time, the seal of Demon Burying Abyss seemed to have become unstable.

Even the Hanging Buddhist Temple, which had been in charge of guarding it, suffered heavy losses. Several monks with profound Buddhist teachings were severely injured.

Although this matter had not yet reached the point of sensationalizing the Upper Realm, it could not be ignored.

Today, the Human Ancestor Hall had dispatched a lot of powerhouses because of the matter of the Eight Desolations and Ten Regions. But at this time, the matter of the Demon Burying Abyss was extremely urgent, making them unable to escape.

However, the Human Ancestor Hall, the leader of the righteous way, couldn't ignore this matter. There were many forces that had sent distress signals to them.

The Great Demon who was buried in the Demon Burying Abyss was a terrifying existence that had existed for a long time.

One must know that among the monks in Buddha Mountain, the weakest ones were also in the Quasi-Supreme Realm, but they still lost to those Great Demons and almost fell.

As one could imagine, this catastrophe was not so simple.

Even Wang Ziji, Jiang Chuchu and the others had the intention to stop them, but there was nothing they could do. The two of them were only from the younger generation, and in terms of strength, they could not be the opponents of the Demon Burying Abyss.

This made them worry about this matter in their hearts. Now Jiang Chuchu was planning to break through to the late stage of the Sacred Realm, in order to play a role in this matter.

And while several old women were talking, Jiang Chuchu, who was cultivating with closed eyes in the hall, suddenly opened his eyes.

Her eyes were very calm, and she had heard the conversation of several old women just now.

"Regarding the riot in Demon Burying Abyss, I will take the powerhouses of the Human Ancestor Hall with me. The Elders don't need to worry, you just need to guard this place."

Jiang Chuchu said lightly, knowing the thoughts of several old women in his heart.

She didn't want them to worry about the current chaos in the Demon Burying Abyss because it might cause them to lose their lives.

After all, not all of the cultivators in the Human Ancestor Hall were like her, filled with a righteous heart.

She couldn't ask for more from them. Hearing this, the Elders looked a little guilty, but they didn't say much.

They were not stupid, and they would not bury their own lives for no reason at such a time. Their cultivation base was not an opponent of the Great Demon Burying Abyss.

"By the way, Your Highness, since you said some time ago that Young Master Changge is the reincarnation of the Human Ancestor, then, in my opinion, it is better to speak to Young Master Changge."

"If there is him, this matter should be easier and safer, what do you think?"

At this time, an old woman suddenly thought of something and couldn't help but ask Jiang Chuchu.

After all, some time ago, the Human Ancestor Hall announced in front of many Dao lineages in the world that Gu Changge was the Human Ancestor of this generation.

Regarding this matter, everyone tacitly understood that their Human Ancestor Hall wanted a young existence like Gu Changge to support the scene, and Gu Changge wanted the power of Human Ancestor Hall.

They were not very clear about the relationship between Jiang Chuchu and Gu Changge as they were just asking this question.

If this was not right, then there was nothing they could do. For they couldn't force Gu Changge to take care of it. They couldn't do it, and they didn't dare to.

Chapter 428-2: You stupid girl, Taoyaos test (3)

The current Peach Village was extremely lively, Gu Xian'er brought Gu Changge again and brought gifts for everyone, such as divine medicine, medicinal herbs, etc., which could prolong life and enhance the power.

Chapter 428-2: Acting as the Human Ancestor, This bastard really has no credibility (2)

"I'll take care of it myself."

Jiang Chuchu shook her head when he heard the words, knowing that it was not unreasonable for the Elders to say this.

But she couldn't ask Gu Changge for help over and over again. Because Gu Changge had helped her several times, it made it difficult for her to speak to him.

Moreover, Gu Changge also said that she had to pay her back, which made it even more difficult for her to talk about it, because every time she had to pay back, she was bullied by him.

Although last time at True Immortal Academy, Gu Changge had already promised to be nice to her. But Jiang Chuchu didn't know how good the point Gu Changge said was.

This made her feel quite sad.

This time, the Demon of Demon Burying Abyss was aggressive with terrifying strength, endangering many nearby forces, but she couldn't really sit back and watch.

"Since your Highness, the Holy Maiden said so, then I will not worry about it."

The Elders naturally wouldn't say anything more about this and planned to get up and leave the palace. But at this moment, a voice suddenly came from a distance, causing the expressions of the elders to change slightly, and they were a little shocked.

"Young Master Changge wants to see you."

They were talking about Gu Changge, but Gu Changge showed up.

Thinking of this, they couldn't help but look back at Jiang Chuchu. It turned out that what she said would be resolved was what she meant. This made them smile and let out a sigh of relief at the same time.

"I've been waiting to greet the Young Master Changge."

Afterward, they turned into divine lights and hurriedly headed out of the gate of Human Ancestor Hall, to meet Gu Changge as they did not dare to neglect him.

Now, even if it was a Great Sect leader in the Upper Realm, seeing Gu Changge, he would not dare to treat him as a junior and needed to be cautious.

"How could he suddenly come to the Ancestral Hall... Could it be because of this?"

Jiang Chuchu was a little stunned. Just now, she thought she had heard it wrong. After seeing that several Elders had turned into divine lights to greet him, she realized that Gu Changge had really come to the Human Ancestor Hall.

This made her panic, and it took her a long time to calm down.

"It seems that it should be because of the Demon Burying Abyss... but this kind of thing should have nothing to do with him. Why is he running again?"

Jiang Chuchu was a little moved and a little embarrassed, thinking that if Gu Changge bullied her like before.

What should she do?

What about refusal? Or obedient?

Thinking of what happened before, a haze appeared on her face.

And just when Jiang Chuchu's mind was in chaos, there was a voice outside the main hall. The Elders just now followed a young man and arrived in quite respectfully with smiles on their faces.

The young man was smiling, dressed in mysterious clothes with wide sleeves, a tall and slender body exuding a noble and mysterious atmosphere with an extraordinary temperament, standing there meant that all beings of heaven and earth could not be ignored.

Jiang Chuchu glanced at him quickly and then quickly retracted his gaze as if her eyes were looking at his nose and his nose at her heart, sitting cross-legged on the spot, looking quite quiet.

"The matter of the Demon Burying Abyss, it turns out that Her Highness the Holy Maiden has already told Young Master Changge, so I can rest assured."

"If that's the case, I'll go back first."

After the Elders finished speaking, they quickly stepped back and left the palace, daring not to disturb Gu Changge and Jiang Chuchu.

Although they didn't know the relationship between the two, since Jiang Chuchu could persuade Gu Changge to deal with the matter of the Demon Burying Abyss, it must not be simple.

"You don't want to see me that much? After seeing me, you are just going to keep your head down like this?"

Gu Changge spoke, staring at her with interest.

Hearing this, Jiang Chuchu raised her head, her crystal clear and calm eyes like flawless black gems shone with a charming luster.

She hummed, and then seemed to explain, "I don't want to see you unless you treat me better."

Gu Changge couldn't help laughing, grabbed a futon, sat down beside her as he said, "I didn't know if you could solve the matter of the Demon Burying Abyss, so I rushed to the Human Ancestor Hall non-stop. How about it?"

Although Jiang Chuchu had guessed his purpose just now, she was quite happy after hearing it from Gu Changge himself. But when she thought that Gu Changge might use this to make a condition.

She became a little vigilant, her eyes were fixed on him. She almost wrote the words "don't change your mind" on her face.

Since the last time she knew that she couldn't be resigned to Gu Changge, she understood that many things couldn't be done according to the requirements of Changge's character, otherwise, he would bully others in many ways.

"How did you know about the Demon Burying Abyss?"

Jiang Chuchu asked, intending to change the subject.

"This question, you have to ask yourself, if you can solve it, then why would I have to trouble myself?"

Gu Changge's tone was a little helpless and asked, "Could it be that I have to watch you go to Demon Burying Abyss to die?"

"I..."

Jiang Chuchu didn't expect Gu Changge to say this. Before that, he had been cold and fierce toward her, and his attitude was very bad.

Like today's words, she was still not used to it, and she felt a little flattered.

Did he really promise herself that he would be nicer to her?

"What are you?"

Gu Changge interrupted her, his eyes fell on her face, "Tell me, how are you going to repay me now? I've come all the way to help you solve the trouble of Demon Burying Abyss, shouldn't you pay me back?"

Jiang Chuchu expected that Gu Changge would say this, and her pretty face turned a little red. She couldn't help but retort, "We are now grasshoppers on a rope, and you promised me that you would be nicer to me, Gu Changge. You bastard, you have no credibility."

Gu Changge couldn't help laughing, "It means that you plan to be the same as before, a white wolf with empty gloves? You think it's pretty, Jiang Chuchu."

"I didn't ask you to come and help me..."

Jiang Chuchu felt aggrieved, but couldn't stand Gu Changge's threatening look, and finally gritted her teeth and said, "Then... then I'll let you kiss."

She felt that she could not compromise, which was already the biggest concession. But she was still a little worried, for fear that Gu Changge would be like before.

With her strength, she couldn't resist Gu Changge categorically.

"That's it?" Gu Changge raised his eyebrows. He had planned to tease her, but Jiang Chuchu took it seriously.

Jiang Chuchu thought he was dissatisfied and panicked, and said again, "Then... twice?"

It was the first time that Gu Changge discovered that this woman was so stupid. He hadn't discovered it before. After all, she was also the Holy Maiden of the Human Ancestor Hall. How could her aura plummet when she met him?

"Okay, okay, just two kisses, it's cheaper for you."

Gu Changge shook his head slightly, in a tone of loss.

In the next moment, Jiang Chuchu opened her beautiful eyes and wanted to push him away, "Uuuu..."

This bastard really has no credibility!

Chapter 429-1: Until there are people who praise their true names, he can live forever with the power of faith, They are not even qualified to be ants (1)

Clouds and mists rolled in the palace as wisps of divine lights were flowing. There were many strands of Dao hung on the four walls, which were incomparably miraculous and radiant.

Fortunately, there was no one else in the palace, otherwise, their eyes would definitely widen with awe.

Was this still the Holy Maiden in their hearts, holy and detached, out of the dust, like an Immortal from Nine Heavens?

"Ooh..."

Gu Changge had no self-consciousness to take advantage of Jiang Chuchu, which made her beautiful eyes widen. She felt extremely aggrieved and couldn't help but want to push him away.

But Gu Changge's strength was very strong, and she was not able to break free.

Gradually, her body became weak as she almost became unsteady.

She was extremely embarrassed and had long guessed that Gu Changge, this bastard, would not abide by the agreement, but she still had a glimmer of fantasy and wanted to believe him.

But Gu Changge was too tight. He promised to be sincere, but in fact, she couldn't believe him at all.

"Okay, don't think about good things all day. Learn to be smart in the future, stupid."

Finally, Gu Changge let go of Jiang Chuchu, his figure appeared on the other side, separated from her by a distance as he added with a smile.

"You bastard, I'll never trust you again."

Jiang Chuchu's face was full of haze. She had never been so embarrassed as she was today, her eyes were staring at him, and her red lips were shining with a moving luster.

She felt extremely aggrieved and realized that she was stupid enough to foolishly imagine the words of this big devil.

Gu Changge smiled and said indifferently, "Who knows what will happen in the future."

"Who said last time they wouldn't consider my advice?"

Jiang Chuchu snorted coldly, calmed her mind and herself.

Every time she met Gu Changge, it was difficult for her to stay calm. She would have a lot of ups and downs because of his actions.

Just like today, she was being bullied at will by him.

After that, Gu Changge didn't continue to bully her but seriously began to think.

How to solve the chaos of many Great Demons in the Demon Burying Abyss?

For a while, Jiang Chuchu was still a little confused and looked at him carefully several times.

Was this guy transsexual? To think like this for her. Thinking of this, she was in a good mood again and felt compensated.

"How can you suddenly be so good today..."

Jiang Chuchu felt that the current Gu Changge was a little different from the Gu Changge she was familiar with in the past.

In the past, Gu Changge never cared about the life and death of people who had nothing to do with him. He was selfish and indifferent to the extreme.

And now he was actually talking about entering the Demon Burying Abyss, to suppress the Great Demons there, and to clear the dangers of the Upper Realm.

Could it be because of her?

"The Great Demon was born in the Demon Burying Abyss. As a cultivator of the Upper Realm, it is naturally obligatory for me, let alone my current identity as a Human Ancestor. I must maintain the peace of the world, right?"

Hearing what she said, Gu Changge couldn't help shaking his head, quite righteous, and then sighed a little, "Besides, you are so stupid and stubborn, knowing that it is so dangerous, you still want to go. How can you make me feel at ease?"

In the riot within the Demon Burial Abyss, the Red Witch was about to be born, and he couldn't find a suitable reason to enter.

Now that there was the title of Human Ancestor, it could be said that it was very suitable for Gu Changge.

Otherwise, if he rushed to Demon Burying Abyss at this time, if there was an accident there, many Dao forces would inevitably think of him first.

But if there was a reason, it would be different.

Hearing this, Jiang Chuchu was stunned for a moment. She stared straight at him, her eyes were bright, as if countless stars were gathered in them.

She felt that Gu Changge's previous words were all nonsense and the last sentence was the truth. After all, how could someone like him care about the world?

"I know. I will try to enter those dangerous places as little as possible in the future."

Jiang Chuchu nodded seriously as if promising to listen to him.

At this moment, she felt her heart warm. Although Gu Changge said he wouldn't mind about her death, he would show up every time she encountered trouble or difficulty.

This was not once or twice.

"You don't have to. Do whatever you want. I won't stop you, and I won't blame you for anything. If I let you die, with your character, even if you agree, it probably won't feel good in your heart. "

However, what surprised Jiang Chuchu was, Gu Changge didn't scold her or mock her but said something concerning her.

She looked at Gu Changge in a daze, and when she saw that he was also looking at her, she lowered her eyes and hummed softly.

"You... if you want... to bully me in the future, then tell me, I won't refuse."

Then, she seemed to summon up her courage again, raised her eyes to look at him, and said so.

As soon as she said this, a haze appeared on her delicate face. Moreover, her heart was beating wildly. She even felt a little dizzy in her head. She was so bold to say this to Gu Changge.

"Bullying you?" Gu Changge was a little stunned, then smiled with interest, "Which one are you talking about?"

Of course, he knew that. Jiang Chuchu was very thin-skinned, and she was surprised to be able to say such words.

"I have no idea."

Jiang Chuchu's voice trembled a little, and she couldn't stand his sight, so she quickly turned her head away. She had already said this kind of thing in person, but Gu Changge even knew it.

This really was an asshole.

"If you don't know, wouldn't you just follow me?" Gu Changge teased.

Jiang Chuchu's face was hot. She felt that if she continued to stay here, she might be thrown into his little world by Gu Changge again. After all, she had already said that she would not refuse.

So she quickly got up and fled, her dress fluttering and swaying which was extremely moving.

Gu Changge watched her figure disappear outside the hall, and couldn't help but smile.

Afterward, the news about Gu Changge arriving at the Human Ancestor Hall was quickly spread, which shocked many people from the Human Ancestor Hall and they all came to pay their respects.

After all, Gu Changge's current identity was the Human Ancestor.

As for whether it was true or not, it didn't matter, the important thing was that Gu Changge's arrival could solve the trouble they were facing now.

Many people were also speculating that the reason why Gu Changge came to the Human Ancestor Hall had a lot to do with Jiang Chuchu.

In this regard, Jiang Chuchu couldn't explain anything, so she could only acquiesce.

In the past, she never thought that one day she would betray the Human Ancestor Palace and let the person who killed the Human Ancestor pretend to be him.

Looking at the respectful appearance of many people in the Human Ancestor Hall under the palace, she felt very complicated, but the matter had come to this point, and there was no other way.

As Gu Changge said before, what Human Ancestor Hall needed was not the Human Ancestor himself, but the identity of the Human Ancestor.

Everyone could become a Human Ancestor, as long as they could support the scene of Human Ancestor Hall at this time.

As for where the real Human Ancestor was, it was not something that everyone in the Human Ancestor Hall needed to consider.

"This time the calamity of the Demon Burying Abyss will trouble Young Master Changge."

"Since Young Master Changge is making a move, I'm relieved."

"The Demon Burying Abyss has swept through many nearby forces, causing heavy damage. Now, there are many monks from Buddha Mountain who have come down the mountain to destroy the Demons. If Young Master Changge takes action again, then this matter will surely be resolved quickly and the world will be peaceful. "

"Yeah, if the Young Master Changge is here, we can all breathe a sigh of relief."

A group of powerhouses in the Human Ancestor Hall breathed a sigh of relief and there was no lack of flattery toward Gu Changge in their words.

If the older generation went there, they would definitely miss the battle of the Eight Desolations and Ten Regions. They would not be able to tell the difference, and it would be difficult for them to escape.

Gu Changge himself planned to go to Demon Burying Abyss, and naturally, they would not refuse this. There were a number of strong Ancestors who testified that he went there to remove the Demons to protect the world.

As for the subsequent birth of the Red Witch, whether the blood would wash the Upper Realm, then it would have nothing to do with him, and others would not suspect him.

Chapter 429-2: Until there are people who praise their true names, he can live forever with the power of faith, They are not even qualified to be ants (2)

In Gu Changge's plan, although the Red Witch had about half a year to break the seal and be born, he couldn't wait any longer. Thus, he planned to release her ahead of time.

So what would happen next to the Demon Burying Abyss, he had already anticipated it.

For the next few days, Gu Changge was not in a hurry to enter the Demon Burying Abyss but stayed in the Human Ancestor Hall.

Jiang Chuchu took him to visit various monuments and palaces, including many libraries in the Human Ancestor Hall, immortal engravings, and so on.

Gu Changge wasn't interested in these things.

And because he once devoured the reincarnated soul of the Human Ancestor, he knew many secrets about the Human Ancestor Hall.

He was even more aware of the inheritance method of the Human Ancestor Hall, which could make the cultivators in the Human Ancestor Hall fully accept the Dao of the previous generation, thus achieving the effect of empowerment.

Of course, this kind of inheritance was rare. No one was so great and was willing to give the fruits of his lifetime of cultivation to others.

Unless someone encountered the existence of the older generation whose death was approaching and would pass on the fruit of his life to the next generation when they were dying.

But aside from these, the most interesting thing for Gu Changge was the place of faith.

"The most precious thing in the Human Ancestor Hall is the power of faith, which is the faith of all living beings, and it is also the power of Luck of all living beings..."

Gu Changge also had a tentative plan in his heart.

Afterward, he placed the Golden Cauldron of Luck in the main hall of the Human Ancestor Hall to receive the Luck points from the power of faith gathered from all over the Upper Realm.

Traces of silver brilliance gathered and floated from all over the world as they finally fell into the Golden Cauldron of Luck like a galaxy.

Immediately, there were golden lights and countless silver brilliance gathered there.

At this moment, in Gu Changge's mind, a lot of brilliant lights condensed and every word revealed ancient vicissitudes.

That was a cultivation method of the Dharma Body of Faith, but it needed the support of the vast power of faith. Ordinary people couldn't cultivate it at all.

"It's the power of faith... Maybe I can try another way. Those who extol my true name can gain eternal life in reincarnation. But they can try to manifest themselves."

Gu Changge closed his eyes and sat cross-legged on the ground.

As his mind moved, the terrifying and vast power of silver faith surged toward this place.

Buzz!

The sky trembled and the palace outside was shaking violently.

The terrifying momentum swept across, it was extremely huge, even the stars outside the domain were trembling as if they were about to fall.

Starting from the Inner Realm, countless creatures and cultivators' faces changed drastically, and they felt the terrifying pressure.

Everyone had a feeling of facing the glory of Heavenly Might.

Jiang Chuchu felt the fluctuation, her figure arrived and she looked at the scene in front of him in surprise.

In the palace, Gu Changge's figure became blurred, incomparably slender, his hair was crystal clear, flowing with a glow, and there was even more chaotic mist lingering around.

And at this moment, by his side, the silver power of faith burned like a divine fire.

Clusters of flames as if reflecting the divine powers of billions of laws looked incomparably mysterious.

This kind of scene was very shocking. Every cluster of silver flame was hanging in the surrounding space as if they were praying to him.

Each cluster of flame was like a world, ancient and vast, which could accommodate everything.

"Someone in Heaven and Earth is chanting my name..."

Gu Changge sat in the silver fire and felt the meaning of faith from all over the world.

At this moment, the feeling in a certain area was particularly strong, fiery and deep, extremely rich.

This belonged to one of his devout admirers. A picture appeared in front of his eyes, from this devout admirer.

At the same time, far away from the Human Ancestor Hall.

Outside the Boundary Monument, in a desert near the Eight Desolations and Ten Regions.

On the side of this desert, there was a black sea of ??dead silence, which looked calm but contained terrifying murderous intent.

The waves were surging, like the world was turning over, and even the Emperor Realm powerhouse couldn't cross it.

On the shore of the Boundary Monument, the pitch-black sea water rushed toward him, with an aura of death.

In this sea, black warships with bones floated and various strange warships were crossing, densely packed, from the Upper Realm.

And above the Boundary Monument, there was a terrifying boundless aura, the fog was monstrous, spanning the sky and the border could not be seen.

Many spiritual cultivators from the Eight Desolations and Ten Regions, entwined with fierce aura, burst out with the boundless awe and then assembled outside the sea of ??Boundary Monuments.

In the desert in the distance, a fierce battle was breaking out.

The vanguard troops on both sides were fighting and in the terrifying black fog there was a reflection of the strongest people on the side of the Upper Realm, looking indifferently.

Although they couldn't cross over, they could rely on the younger generation to cast the body of reflection on this side through various instruments, shocking the Eight Desolations and Ten Regions.

The Eight Desolations and Ten Regions also had strong powerhouses, but in terms of quantity and cultivation, they were obviously weaker than the Upper Realm.

This made many people from the Eight Desolations and Ten Regions look heavy and worried.

The strong powerhouses had never fought and this battle was now just a confrontation between the younger generation. Both sides sent the younger generation out to fight here.

Such a battle was extremely tragic, with heavy casualties.

The younger generation of the Eight Desolations and Ten Regions was obviously inferior to the Upper Realm, and they were fighting to the death but even one person in the Upper Realm could not die!

"The eighth!"

"Who is next?"

On the battlefield, a yaksha-like creature sneered, his body was covered in blood, and his blood was terrifying.

As soon as the spear unfolded, it swept forward, and the void exploded at once.

The blood-colored runes were brilliant and the red rays of light were intertwined into one piece as they fell down!

A young genius from the Eight Desolations and Ten Regions exploded with a scream, and his body and spirit were both instantly destroyed.

This scene greatly increased the morale of the Upper Realm. Everyone cheered, even the strong existence shrouded in the mist nodded slightly, showing appreciation.

On the other hand, the Eight Desolations and Ten Regions were in a state of a slump and many older generation powerhouses had ugly expressions on their faces.

The younger generation was even timider, with pale faces and fear.

Eight of them fought to the death, but none of them were the opponents of the other person. They were quickly killed by him, shocking everyone.

Such power, such a gap, really made them desperate.

"The Eight Desolations and Ten Regions are as good as ever. Even looking for eight people is no match for me. What else can you do other than hide behind the Boundary Monuments?"

"If you knew today, why did you have to do it in the first place? Since you betrayed us, you should suffer the sins forever and die hard."

The creature with the appearance of Yasha sneered, standing in the middle, holding a long spear, and said with disdain to the Eight Desolations and Ten Regions.

"Who knows what happened back then?"

"Don't bully people too much, the real geniuses on this side of my world are not here now, or they will definitely kill you!"

"You won't be complacent for long, they will definitely kill you and avenge my cultivator!"

Hearing this, in the Eight Desolations and Ten Regions, many of the younger generation's eyes were red. They couldn't stand such humiliation, especially when their morale was so low, it was simply maddening.

The older generation of powerhouses clenched their teeth, even more, hating it to the extreme.

"Real genius?"

The Yaksha-like creature just sneered when he heard the words and was even more disdainful, "If I let you know what a true genius is, I'm afraid it will make you despair and lose the courage to resist."

"If my Master was here, he could destroy all of you with just one palm! Your so-called genius is not even qualified to be an ant in front of my Master."

Hearing this, many geniuses and powerhouses in the Upper Realm, even those hidden in the mist, all had a serious look, and many people couldn't help showing awe.

The Yaksha in front of him was his former follower.

This statement was indeed true!

Chapter 430-1: The leader of the Upper Realm, The old acquaintance in the Hanging Buddhist Temple (1)

"You!"

As soon as these words came out, the young cultivators and creatures of the Eight Desolations and Ten Regions were stunned, turning furious.

They simply didn't believe that such a powerful and terrifying Yaksha actually had a Master.

"I'll kill you!"

At this moment, a figure appeared from the side of the Eight Desolations and Ten Regions.

He was dressed in a green robe with long hair, a handsome face, holding a green long sword as he walked out and descended onto the battlefield.

His face was also filled with faint anger at the moment, but he was suppressing it with self-restraint.

Witnessing the tragic death of many geniuses on their side, he couldn't sit still at all. He decided to stand up to wash away the shame and boost their morale.

The moment everyone saw this person, many young geniuses were shocked in an uproar.

"It's him! Lin Qingyang? Lin Wu's brother?"

"It's a pity that Lin Wu is not here, otherwise, he would have definitely crushed the hateful Yaksha. Though as Lin Wu's elder brother, Lin Qingyang's strength should not be underestimated."

"After all, there is also Lin Wu's guidance to consider. The Lin family's geniuses should enter the battlefield quickly. After all, they are the ones with dragon blood!"

Many people were excited and saw the hope of winning.

Since Lin Qingyang dared to stand up, it meant that he was absolutely confident that he could beat the opponent. Not to mention that he still had dragon blood and had a powerful younger brother behind him.

Lin Qingyang's younger brother was proclaimed as a legendary existence. He was dazzling and everyone was in awe of him.

Today, the strongest existence from the younger generation in the Eight Desolations and Ten Regions was definitely him.

"Qingyang..."

On the side of the Eight Desolations and Ten Regions, a Quasi-Supreme powerhouse said with a complicated look, "You have to be careful."

"I know, Ancestor."

Lin Qingyang nodded before turning into an afterimage. He seemed to have disappeared from the spot as he stepped forward and started to fight with the opponent.

This was a battle where they were equally powerful and inseparable.

Lin Qingyang's strength was very strong but Ye Han's strength was not weak. He was also a young supreme from the Upper Realm, otherwise, he would not be qualified to be a follower of Gu Changge.

The two were covered in blood as they fought hard. All kinds of splendid divine flowers erupted here with terrifying fluctuations as they collided and constantly exchanged moves. The aftermath caused many barren hills below to explode and turn into ruins.

"However, you are not my opponent after all."

Ye Han shouted angrily, the next moment he discovered a flaw. His spear swept across, the divine rune was dazzling and suddenly it pierced through the opponent's body.

Everyone from the Eight Desolations and Ten Regions felt cold, the strength of this Yaksha was too terrifying. But it was just what they were looking at and no one was invincible.

"Hehe, you've been fooled!"

However, in the next moment, an abnormality suddenly occurred and Lin Qingyang who was injured, suddenly sneered.

The blood on his body began to heat up as it flared with a terrifying power in it. It was resuscitating like an unparalleled True Dragon, using a long spear to attack Ye Han.

"What!"

Under this blow, Ye Han felt unbelievably shocked. He coughed up blood continuously, his arms exploded and flew back. The indestructible spear also trembled and seemed to crack!

Boom!

"Hand me your life!"

Lin Qingyang shouted abruptly, without caring about his injury. He approached with extreme speed and punched through. The boundless blood within him boiled, blowing Ye Han into the void as he was torn apart!

Behind him, an unparalleled True Dragon appeared faintly, shaking the sky and providing him unparalleled power.

This scene made the people of the Eight Desolations and Ten Regions in the surrounding cheer for him. Their complexion changed again and again from the slump just now so exciting.

Everyone's blood was boiling as they cheered for Lin Qingyang.

Lin Qingyang proved to them with his strength that they were no weaker than the Upper Realm.

"This aura is a bit strange. Unlike the power of ordinary blood, it can actually burn divine powers and dissolve rune bones."

The expressions of many people in the Upper Realm also changed. They did not expect that Lin Qingyang would suddenly explode with such strength at a critical moment.

"I'll kill you today as a sacrifice for my cultivators."

Lin Qingyang roared and chased after the victory, to completely destroy Ye Han, intending to destroy his soul and body.

Ye Han's face changed drastically. His soul wanted to escape, but he couldn't match the speed of the other party at all. He was extremely desperate, thinking that was about to be killed here.

Buzz!!

Just then, at the center of his eyebrows, strands of silver threads suddenly appeared, which were extremely dazzling and contained an indescribable mysterious power.

Suddenly, the sky and the earth suddenly froze and there was a supreme and terrifying aura that was constantly emerging as if it would arrive at this place crossing countless worlds and spaces.

"What is this!"

"Crossing the Boundary Monument, what existence can still come here?"

The faces of many powerhouses of the Eight Desolations and Ten Regions changed. They felt incredible and their souls even trembled slightly.

Everyone couldn't help shivering, as if they were frozen in place, unable to move at all. A huge fear swept their whole bodies.

Lin Qingyang, who was chasing Ye Han, felt more intuitive about this.

The whole person trembled to the extreme, he didn't dare to move at all, his soul seemed to be frozen.

A slender and vague figure appeared here across countless spaces.

This was an incomparably shocking and astonishing scene. The divine light was dotted, incomparably hazy, shrouded in chaotic fog. A manifestation of three thousand worlds surrounding this figure, making it the only one in the world, eternal and immortal.

The silver divine flame was burning and each of them had a supreme meaning. It was so dazzling that many people dared not look directly, tears were flowing from their eyes, and they quickly closed them.

"This is... This is Master protecting me!"

"Ye Han greets Master!"

The creature with the appearance of Yaksha knelt down on the ground with ecstasy on its face, incomparable piety and fanaticism emerged from him as he bowed to the figure in front.

"This is that person's Dharma body... It can actually affect this place."

"What level of cultivation has he reached now!"

In the thick monstrous fog, there were many powerhouses from the Upper Realm. They recognized the figure in front of them, their faces turned solemn as they were shocked.

"Qingyang, run away! This man is beyond your reach."

The powerhouse who spoke just now from the Eight Desolations and Ten Regions changed suddenly. His figure stepped over and then he sacrificed his own weapon to fight against the Dharma body that appeared in front of him, intending to compete.

Boom!

However, the figure shrouded in silver divine flames had a very indifferent expression and seemed to have no emotions.

The palm of his hand pressed the sky, his aura was earth-shattering and unparalleled, any obstructions in front of him exploded!

Boom!

This was an indescribable monstrous power.

This Dharma body had a large hand that covered the sky. Even the palm lines were clear and bright as they emitted golden light. Just like the hand of the Emperor it exuded terrifying pressure!

The powerhouse of the Eight Desolations and Ten Regions lost all color. He sacrificed his own weapons and used the strongest means, but it didn't work. His body was blown open and the sky was dyed with blood.

This scene was so terrifying that everyone was stunned. Their souls couldn't help from trembling.

His blood, with a kind of divinity, had a golden aura and runes, pouring down from the sky.

The desert, which was already riddled with holes, seemed to have been burned by the fire of hell.

Only the weapon that was sacrificed stood there emitting a dim brilliance, humming and trembling, before it was blasted into the void with a thud. It turned into pieces and smashed into the ground.

Suddenly, silence descended in all directions. The battle fluctuations dissipated and the figure above the sky also slowly dissipated, as if it was an illusion for everyone just now.

But the scene of a Quasi-Supreme powerhouse being killed in front of them by a slap on the face made them feel cold all over.

"Thank you for saving my life!"

"Thank you for saving my life!"

Only Ye Han respectfully and fanatically knelt on the ground. He bowed his head in that direction and was extremely devout.

"So powerful, is this the strength of that one now?"

"It's incredible."

Everyone from the Upper Realm looked at the scene in front of them in shock and sluggishness. They couldn't calm down at all.

They never thought that at the juncture of life and death, that person would save Ye Han from a distance of hundreds of millions of miles.

This method was incredibly powerful, like a dream.

While this shocked them, they couldn't help but feel envious of Ye Han. For following such a Master, he could even be saved at a critical moment.

"In ancient times, the most powerful among the Immortals had reached an unimaginable realm. As long as you could recite his true name reverently in your heart, you could let him drop a ray of Dharma body and protect yourself for eternity..."

At this moment, many people were shocked when they thought of this rumor. They began to have faith in the dark and were shocked by what they saw today.

More young geniuses, on the other hand, went fanatical. They deeply felt that Gu Changge's strength had reached an unbelievable level.

This was far beyond what they could imagine and achieve.

"Who was that person just now..."

From the Eight Desolations and Ten Regions' side, many people had chills all over their bodies. Their skulls had almost exploded just now because of the horror. It was the first time they witnessed such a terrifying divine power and it was simply not something that people could resist.

"It is said that he is the leader of the Upper Realm..."

The voice of the person next to him trembled. When he heard the voice from the Upper Realm, he suddenly felt that what Ye Han said before was right.

After witnessing this scene with their own eyes, they had no intention of resisting at all.

Chapter 430-2: The leader of the Upper Realm, The old acquaintance in the Hanging Buddhist Temple (2)

.....

In the Human Ancestor Hall, Gu Changge slowly opened his eyes, the silver flames around him dissipated as the runes disappeared and returned to silence.

He looked at the Golden Cauldron of Luck in his hand and felt that the power of faith in it was obviously much less.

The power of faith consumed by such a holy appearance just now was not a small amount. If it continued for a while, he felt that the power of faith gathered in the Golden Cauldron of Luck would not be enough.

Although this time he only intended to test it, the effect was also easy to see, the increase in the power of faith was not much.

But once the news spread, it could be imagined the scope would widen and many devout "believers" would be attracted to him.

"Those who extol my true name can gain eternal life in reincarnation. This is indeed a force that must be filled..."

Gu Changge couldn't help but smile. He then placed the Golden Cauldron of Luck in the hall, waiting for it to gather a lot of power of Luck and faith here.

He didn't want to take care of things over the Boundary Monument for the time being.

However, after this holy appearance, there should be a lot of waves over there in a short period of time.

It was not that Gu Changge liked to pretend, but he simply thought that such a move would save him a lot of trouble the next time he made his move.

"Have you dealt with things on your side? If we handle it well, we can leave for the Demon Burying Abyss."

Gu Changge looked at Jiang Chuchu, who had been guarding him in the hall, and asked.

Although Jiang Chuchu was a little curious about the Golden Cauldron in his hand, she didn't ask any more questions. Hearing that, she nodded and hummed.

After all, Wang Ziji was not in the Human Ancestor Hall, so many things had to be dealt with before she left.

As Gu Changge said before, Wang Ziji herself didn't have much affection for the Human Ancestor Hall, so naturally, she didn't care about these trivial matters.

But Jiang Chuchu was different. She grew up in the Human Ancestor Hall since childhood and was adopted by the Elders of Human Ancestor Hall. She had a deep affection for Human Ancestor Hall.

"Let's go then."

Gu Changge then directly ripped open the space in front of him, and a golden Dao rune ran through the Heavenly Realm directly and appeared outside the gate of Human Ancestor Hall.

There were already many powerhouses waiting there. They would head to the Demon Burying Abyss together to eliminate Demons.

Demon Burying Abyss was very far from the Inner Realm, not only the Inner Realm but also the rest of the territories.

Because it was a place of spatial chaos, it changed with the terrain and the nearby space was not fixed. It was turbulent and changing all the time.

However, if one wanted to find where the Demon Burying Abyss was, it was actually not difficult, because far away from the Demon Burying Abyss was the Hanging Buddhist Temple of Buddha Mountain.

Outside the Hanging Buddhist Temple, there was a teleportation formation. As long as he got there, he could naturally find the Demon Burying Abyss.

Regarding the Hanging Buddhist Temple and the Demon Burying Abyss, there was actually quite a relationship.

The first Ancestor of the Hanging Buddhist Temple was an eminent cultivator on Buddha Mountain. He deeply felt that the Demonic energy from the Demon Burying Abyss was monstrous and would linger for a long time.

So the eminent monk who attained the Dao made a great vow that until the Demon Burying Abyss was emptied, he would not become a Buddha.

Later, the eminent monk went deep into the Demon Burying Abyss, trying to find the source of the Demonic energy in it and quell all the chaos, but he never thought of encountering an unknown catastrophe in it and ran out madly.

And he was also one of the few people who had ventured deep into the bottom of the Demon Burying Abyss for so many years.

No one knew what happened to him there.

On the way to the Demon Burying Abyss, Gu Changge and others encountered a lot of Great Demons, all of them were rushing out of the Demon Burying Abyss, causing chaos around them. Even their cultivation was not weak. The weakest one had the Great Sacred Realm cultivation.

According to Jiang Chuchu's strength, she was definitely not the opponent of these Great Demons.

But in Gu Changge's eyes, they were just some inferior nutrient resources, so it didn't take long.

And the news that Gu Changge and Jiang Chuchu were headed to Demon Burying Abyss to destroy the Demons also spread quickly through cultivators all over the place.

At a time when all the Dao Lineages in the Upper Realm were making a commotion because of the Absolute Heavenly Extinction and the Eight Desolations and Ten Regions, Gu Changge's trace was naturally particularly noticeable.

Today, he had the identity of the Human Ancestor, so it didn't make people feel strange.

During this period, the news from the Boundary Monuments was naturally particularly eye-catching, especially the manifestation of Gu Changge's Dharma body, which shocked all parties.

Many people suspect that his cultivation base had at least reached the Quasi-Supreme or even deeper realm, which was difficult to speculate.

One must know that there were many young geniuses who had the strongest cultivation base, but they were only in the Sacred or the Quasi-Sacred Realm

Even the Six Crown Wang Junyao and others were in this state. However, in the battle over the Boundary Monument, there were also many characters, who were shining brightly. This was shocking to all parties.

For example, the newly promoted Palace Master of Supreme Dao Cave, a Supreme Realm existence, Chu Hao, who was only a few hundred years old.

Many people knew that he actually had some grievances with Gu Changge. This time he fought in the Eight Desolations and Ten Regions, and he wondered if the two would eventually meet.

The rest of the geniuses were also famous in the battle, including the disciples of the True Immortal Academy, as well as the descendants of various ethnic groups and various Dao traditions.

The people Gu Changge paid attention to were mainly the Sons of Luck, who were already around.

Yue Mingkong was in charge of the important affairs of the Peerless Immortal Dynasty.

Otherwise, as a reincarnated person, she could know some opportunities, in addition to the whereabouts of the last of the Seven Heavenly Artifacts.

Yue Mingkong didn't say much to Gu Changge, so Gu Changge guessed that it was because the time had not yet come.

This Heavenly Sword Master should not be a simple person.

In the blink of an eye, several days passed. Crossing many areas, accompanied by waves of spatial fluctuations, Gu Changge and others appeared from a teleportation portal.

An ancient temple with a majestic appearance and faint Buddha light appeared in the distance. It was majestic and ancient with solemn meaning. It could be seen that many cultivators were meditating everywhere and comprehending Buddha Dharma.

"Hanging Buddhist Temple."

Jiang Chuchu's eyes fell on the door plate in front of the ancient temple. Several ancient characters with purple and gold borders on it were looming in the Buddha's light as if it could reflect all the Demons and Evil spirits.

As the name suggested, there were many strange realms around the Hanging Buddhist Temple. It was hanging in the air and thick fog could be seen. If one was not careful, one would fall into the abyss.

And there was a forbidden space here, unless the cultivation base was advanced, it was difficult for anyone to walk in the sky.

"The little monk greets Young Master Changge and Holy Maiden Chuchu."

In front of the Hanging Buddhist Temple, a handsome monk had already been waiting there knowing that Gu Changge and others would come here to eliminate Demons and defend the way.

However, Gu Changge was a little surprised that he met an old acquaintance here, Jin Chan Buddha, who had been humiliated in public by him in front of the gate of the True Immortal Academy.

He was here too, with his hands folded and smiling, waiting for them.

"Tsk, it's really hidden quite deep."

Now Gu Changge looked at it again, he could see the faint meaning of Luck on his body. Although it was not at the level of the Son of Luck, he was also a person with Great Luck.

He didn't notice it at the beginning, and the system didn't mention it. Either it was hidden quite deeply or it was only a few days ago that there were some good opportunities.

This made him a little interested. He still remembered clearly how Jin Chan Buddha had cheated on Prince Shen in the land of Absolute Heavenly Extinction.

Although he did it intentionally at the time, if Jin Chan Buddha reminded him out loud, Prince Shen would not suffer his poisonous hands.

"Brother Gu, we met again."

Jin Chan Buddha opened his mouth, wearing a Buddhist robe and the Buddha's light could be seen lingering on his body, giving people a feeling of being a monk.

Gu Change's eyes fell on the Buddha beads in his hand and he said, "The Buddha is waiting here, so Gu is really surprised. It seems that the Buddha will also go for this trip to the Demon Burying Abyss?"

Jin Chan Buddha nodded and said, "Against the calamity of the Demon Burying Abyss, as a descendant of Buddha Mountain, the little monk will naturally not stand idly by."

His expression was very natural when he spoke as if he was talking about an ordinary thing.

Gu Change felt that he should have some knowledge of the Demon Burying Abyss. After all, Jin Chan Buddha was said to have been to the Demon Burying Abyss once.

With him leading the way, it could save him some trouble and at a critical time, he might be able to play another role.

He knew that Jin Chan Buddha would not be kind to enter the so-called calamity of the so-called Demon Burying Abyss, and it was most likely that he wanted to find something.
