

## **Villain 451**

### **Chapter 451-2: He didn't disappoint me, Heavens really have blessed me (2)**

Luluo's heart was shocked again, but she didn't dare to hide it and replied, "Luluo."

"Luluo?"

Gu Changge smiled faintly when he heard the words and then suddenly struck out. He reached toward her with a palm. The wind and thunder intertwined in the void and the runes flickered as if turning into a giant hand that held up to the sky, easily covering the sky.

"Goddess Luluo..."

Seeing this scene, the complexion of several old men changed drastically. They were startled and angry as they tried to rescue Lu Luo. They sacrificed various divine weapons to counter the palm.

#### **Boom!!**

But along with the rumbling sound, terrifying fluctuations poured across the sky and the earth. Under this palm, everything was covered. It was vast and boundless and everyone's divine weapons collapsed and exploded, turning into gorgeous fragments all over the sky.

They even vomited blood together, their bodies were torn apart and they almost died because of the aftermath.

Everyone's expressions were terrified and they felt invincible despair. Luluo's complexion was also pale.

But she knew that she couldn't resist, let alone escape. She could only close her eyes in despair and wait for death in place.

"Stop!!" But at this moment, from the distant horizon.

Suddenly there was a roar and several figures with powerful auras rushed over.

The one who made the sound was an old woman holding a green stick. With a wave of it, a dazzling green glow bloomed, turning into a phantom of an ancient sacred tree as it slashed at the palm, trying to save Luluo.

It was the people from the Eight Desolations and Ten Regions who came to help. Seeing this, the rest of the powerhouses also made moves one after another, playing various divine lights.

Gorgeous spells and divine powers interweave between heaven and earth, turning into densely packed chains of laws. However, before they approached, a black spear suddenly swept across the void space.

Accompanied by the torrent of black light, it was like a wave sweeping across the world, causing all of them to change their expressions and rush to fight.

#### **Boom!!**

A mighty aura suddenly erupted here, as if stars had exploded. The attacks they made were all turned into powder and exploded under the sweep of the black spear.

Everyone backed away in horror, looking at the sudden appearance of the figure in the dark iron battle suit, a little horrified.

“I won’t kill you now. Why are you so scared?”

Gu Changge shook his head slightly, his tone seemed a little strange.

He grabbed Luluo who was standing there waiting to die with his palm and directly sealed her spiritual sea. He set a restraint, and then threw her at his feet.

Luluo fell to the ground with despair remaining on her face. She expected to die. But when she saw herself being sealed and thrown at Gu Changge’s feet, she still couldn’t help but feel fear.

After all, no matter how calm she was, she was only a woman in her twenties. What happened today really terrified her. She really had taken a trip before the gate of hell.

It was hard to really calm down.

“Let go of Miss, who are you?”

Seeing this scene, Granny Lu Cui had a gloomy complexion. The green stick was filled with a rich green glow, ready to strike at any time.

Gu Changge’s strength was so powerful that she couldn’t figure it out. But it didn’t mean that she would watch her young lady be so humiliated.

The rest of the powerhouses who came also looked at Alpha with fear, feeling that his aura was terrifying, even the Supreme being was no match for him. Such a strong person actually mixed in here, which made them very uneasy.

“Grandma, don’t worry about me, you are no match for him.”

Luluo suppressed the fear in her heart and couldn’t help shouting, worrying that Gu Changge would suddenly kill Granny Lu Cui.

“Miss.”

Granny Lu Cui’s heart was shaken and her eyes widened. Obviously, she didn’t expect Luluo to say that. She froze there for a moment, not knowing what happened.

This young man was clearly standing in front of them, but it seemed that he was separated from all of them by a distant universe, vaguely and indistinctly.

“If you don’t want all of them to die here, then just listen to me. Maybe I will let you live.”

Gu Changge didn’t care about the people from the Eight Desolations and Ten Regions who came here and said indifferently to Lu Luo.

In his eyes, apart from Lin Wu, the Son of Luck, and the mysterious gourd that resembled the Immortal Slayer and Flying Knife were more important.

There was no need to care about the life and death of the rest of the people, that were a few slaps away from death.

“Yes.”

Fear welled up in Luluo’s heart, and she dared not refuse.

“He is... the man who manifested the Dharma body in front of the boundary monuments that day.”

“How is this possible!”

At this time, someone behind Granny Lu Cui couldn’t help but exclaim. His eyes widened and he recognized Gu Changge with a horrified expression. He had never expected to see Gu Changge here. Although it was just a Dharma body separated by countless distances, the aura did not change.

“It’s him?”

“Why is he here?”

Granny Lu Cui and the others couldn’t help shaking their hearts, causing a shock wave.

They naturally knew about that incident. It could be said that it dealt a serious blow to the morale of the Eight Desolations and Ten Regions.

They understood that it was the work of the leader in the Upper Realm. But now this person actually appeared in this world, and appeared here?

For a moment, they couldn’t help but feel fear in their hearts. They didn’t dare to make a move like before.

“It looks like it’s coming out. The speed is still quite fast, he sure didn’t disappoint me.”

Gu Changge turned a blind eye to the astonished expressions of the crowd but stared at Gourd Valley with great interest and then smiled a little.

He felt that the vast aura in it was constantly dissipating. The murderous aura that permeated the space before was now constantly gathering as if it could break through the sky at any time.

**Buzz!!**

In the next moment, there was a burst of murderous aura that soared into the sky, as if a peerless immortal sword was unsheathed which could cut down countless suns, moons and stars.

The inside of Gourd Valley split open suddenly, smoke and dust rose into the sky and the peaks on both sides collapsed with a bang.

Immediately afterward, a yellow gourd, filled with sunlight and intertwined with chaotic energy, rushed out of it.

One after another sword auras swallowed and clanked, terrifying and boundless with the body of the sword manifesting, hovering continuously at the mouth of the gourd, entwined with a terrifying red glow.

It was the bloody halo caused by too many killings, which had condensed into a red glow. Soon, the sword energy flew back into the gourd and the light shrank, becoming plain and unadorned.

Finally, it fell from the sky and fell into the hands of a young man below.

“Here we go!”

After Lin Wu got this mysterious gourd, he couldn't help showing a bit of joy and excitement on his face.

Although this process was a bit difficult and he almost failed on the way, he finally managed it and let it manifest.

“The Heavens have really blessed me, I succeeded.”

At this time, Lin Wu didn't know what was happening outside. After taking the yellow gourd, he didn't dare to stay as he turned into a phantom and quickly ran out of the Gourd Valley.

### **Chapter 452: He didnt disappoint me, Heavens really have blessed me (1)**

After Lin Wu's figure disappeared at the entrance of Gourd Valley, Luluo and other young geniuses all heaved a sigh of relief.

They turned to stare into the distance with a group of old men and sacrificed all kinds of divine weapons, feeling uneasy. The momentum here was really astonishing.

They were very worried that Gu Changge would perceive the vision here and rush to this place. In this empty space today, they didn't need to be afraid of anyone except Gu Changge.

Gu Changge's strength was really too terrifying, he was simply invincible. After seeing it with their own eyes, it could be said that it left a chilling impression in everyone's mind.

"I have already passed the news to my uncle. They will rush here after they learn about it. When we have more people, we will be safe and we won't have to worry so much."

Huo Rong had red hair all over his head, he opened his mouth and stared at the distance as if he was explaining to everyone and at the same time reassuring himself.

He was also a top genius from the Eight Desolations and Ten Regions. Although he was not as dazzling as Luluo, Lin Wu and others, he should not be underestimated.

Moreover, the group behind him was the huge and Ancient Fire Clan with a long inheritance. He was also the young genius with the purest magma bloodline of this generation with powerful talent.

The rest of the people felt a little at ease when they heard the words. Huo Rong's uncle was said to be carrying a treasure of the Fire Clan, which could draw power from outside the realm at critical times.

If he also came here, it would indeed give them a peace of mind.

"We must get the mysterious gourd of Venerable Linghu, it belongs to our side. In this battle, the treasures of our world are obviously less than those in that world. If this thing is taken away by the other world, our situation will probably be even worse."

Luluo spoke. She had beautiful features, a tall figure, silky hair and dark green eyes.

At this moment, she looked very calm, like a female general who was about to go to the battlefield. The rest of the young geniuses were led by her when Lin Wu was not around.

They had to say that she and Lin Wu were indeed a good match but the situation in the Eight Desolations and Ten Regions was very bad now. It was not the time to talk about the love between children. So Lin Wu and Luluo were very restrained.

"I hope Lin Wu can get that thing. Even if we die here, it will be worth it."

The eyes of several old men were already filled with death, and their eyes were awe-inspiring. Even if they were here, they planned to delay the time so that Lin Wu could get the treasure.

Everyone nodded heavily when they heard the words. Although this was the worst scenario, they had to be prepared.

"It turned out to be here."

However, at this moment, there was a faint fluctuation in the void. Accompanied by a flat young man's voice.

Luluo and the others' eyes widened suddenly, and their hearts shook.

A crack was suddenly torn open in the space in front of them and a terrifying chaotic air diffused from it.

**Roar!!**

The huge three-headed Black Dragon emerged, carrying great pressure, sweeping the sky and the earth. Its six pairs of eyes gleamed with ice-cold bloodthirstiness.

Standing above his head was a young figure, who didn't seem to care about the people in front of him, but looked at the Gourd Valley behind them.

The misty red divine light soared into the sky as if there were thousands of murderous auras intertwined there which could evolve into various peerless divine weapons.

The sound of weapons clashing could be faintly heard, shaking heaven and earth and the universe trembled.

This was a terrifying power, although it had not yet fully awakened, it was enough to shock the world.

Gu Changge narrowed his eyes, but the expression on his face was still calm.

"You!"

And the moment Gu Changge appeared, the faces of Luluo and the others changed drastically. Displaying fear they were almost trembling and even their souls seemed to be frozen.

This was a sense of fear beyond their control, making them tremble uncontrollably. They really didn't expect it, so they prayed in their hearts not to let Gu Changge find this place.

As a result, he suddenly appeared, tearing apart the space without any fluctuations. Even the Elders with the deepest cultivation bases gritted their teeth and trembled like sifting chaff.

Let alone a group of young men and women, standing in front of Gu Changge was already the best they could contend. With a certain level of cultivation, even if he didn't do anything, just standing there, every inch of his skin could break the void and it was hard to bear the terrifying fluctuations.

Obviously in their eyes, Gu Changge had already reached this point. Every inch of skin was filled with divine radiance, surrounded by chaotic air and the physical body was so powerful that it was unimaginable.

"Gu... Gu Changge..."

At this moment, Luluo suppressed the fear in her heart, forced herself to calm down and tried to talk to Gu Changge.

She intended to stall for time. On the one hand, she waited for Lin Wu to obtain the mysterious gourd and on the other hand, she waited for their help to arrive.

"You know my name?"

When Gu Changge heard this, he withdrew his gaze from looking at the valley.

It landed on Luluo, his eyes were calm and deep without waves. Luluo's complexion turned pale uncontrollably. She felt that the other party's eyes were as calm as a bottomless abyss.

This was not overlooking, but a kind of pure ignorance and indifference. It was like seeing a speck of dust or a pebble at your feet, it was just as simple as that.

The rest of the young geniuses didn't have the courage to look at Gu Changge at this moment and felt that the light in his eyes was more terrifying than any divine power. Enough to shatter their souls.

Luluo suppressed the fear in her heart and said calmly, "That's what I heard that person call your name at that time."

Before Chu Hao was killed by Gu Changge, he called out this name. So she remembered.

After all, he was a leading figure of the Upper Realm, so she naturally had to pay attention.

"Oh, are you trying to stall for time?"

Gu Changge saw through her plan at a glance and asked plainly.

Luluo's face turned even paler. Her back was soaked with sweat. She was terrified and couldn't help but took a few steps back, feeling a terrifying sense of suffocation enveloping her.

Several old men's faces changed drastically. They stood in front of her, trying to resist the terrifying pressure of Gu Changge.

"What's the name of the person who went in?" Gu Changge asked lightly.

Luluo braced herself and replied, "His name is Lin Wu."

"Lin Wu..." Gu Changge nodded but did not continue speaking.

He also didn't leave for Gourd Valley, but just waited in place. Because there was no need for this.

It seemed that this Son of Luck should have a good chance to help him bring out that treasure.

Seeing this scene, the cultivators from all over the world couldn't figure out what Gu Changge was thinking. They were terrified in their hearts and didn't dare to say more.

It was just that Luluo's heart was shocked and she probably guessed Gu Changge's purpose. He planned to wait for Lin Wu to come out and directly snatch the treasure from Lin Wu.

Her complexion changed slightly, but she felt relieved in her heart. When Venerable Linghu obtained the mysterious gourd, it was said that many people tried to snatch it, but they all failed in the end.

Because after the mysterious gourd recognized its owner, it would be difficult for the rest of the people to use it and even if they got it, there was nothing they could do about it.

As its owner, no matter how far away it was, it could be taken back. Although Gu Changge's strength was terrifying, once the mysterious gourd was fully recovered, it was still unknown which one was stronger and which one was weaker.

It might not be easy for him to snatch it from Lin Wu.

"What's your name?"

And just as various thoughts were passing through Lu Luo's mind, Gu Changge suddenly spoke and looked at her.

#### **Chapter 453: Hand over the gourd and I'll spare their lives, Lin Wu's heart hurt like a knife**

"Give me the Immortal-Slaying Gourd and I can promise to spare their lives."

Gu Changge then said again. As soon as he stretched out his hands and feet, he grabbed Luluo at his feet and lifted her up.

Luluo's face was pale, her aura was sealed and she couldn't even commit suicide. She knew that this mysterious Immortal-Slaying Gourd needed special means to subdue it.

If it was too strong, it would cause him to escape and he would directly escape into the depths of the ground, making it difficult to find its trace.

Otherwise, Gu Changge could have taken it directly. With Lin Wu's current ability, it was impossible to block him. Even if a miracle happened, it wouldn't work if the protagonist's halo exploded.

"Let go of Miss."

Granny Lu Cui of the Lu clan gritted her teeth tightly and her face was cold, she couldn't help shouting. She couldn't calm down at all, Luluo, who had been the jewel in the palm of the Lu Clan since she was a child, had never suffered such humiliation.

"Grandma, don't worry about me, you are not his opponent." Luluo's face turned pale, and she felt that she was almost out of breath.

But she was still very stubborn and didn't ask for mercy. This expression made Lin Wu's heart tingle and the rest of the young geniuses also fell silent.

"I'm not very patient." Gu Changge shook his head slightly, his tone was flat, "I don't like to repeat one thing twice."

Lin Wu's complexion was cloudy and uncertain for a while and he was struggling very much. The preciousness of the Immortal-Slaying Gourd needed no further explanation.

This was the treasure that shined brilliantly during the war with the Upper Realm. Countless powerhouses of the Upper Realm were beheaded by it and buried in the sea of ??boundary monuments.

Now how could he be willing to just hand it over to Gu Changge? But if he didn't give it to Gu Changge, Luluo would definitely be killed by him.

He had seen Gu Changge's cruelty with his own eyes, he could suppress and kill even the most powerful people with a terrifying talent of his world without changing their expressions. What else in this world couldn't he do?

"Lin Wu, leave me alone, the Immortal-Slaying Gourd can't fall into their hands, especially Gu Changge. Otherwise no one can keep him in check..."

With a firm face, Luluo endured the fear in her heart and persuaded Lin Wu. But she wasn't done yet.

Gu Changge pinched her chin and removed her jaw with a snap. The pain made her face turn pale and her body tremble. Even then, Gu Changge's expression didn't change much, his indifference was unwavering.

In his eyes, the worthless pink was no different from a skeleton.

"It won't be her jaw next time..." Gu Changge said lightly.

Lin Wu felt pain in his heart, wishing he could roar up to the sky. Especially seeing Luluo's painful appearance, his heart trembled and he couldn't help it.

"You! Put Luluo down, and I will give you the Immortal-Slaying Gourd. But you must swear by your heart, otherwise I won't believe it."

Lin Wu's heart was full of pain and hatred and he forced himself to calm down. He could not be impulsive at this time.

Everyone's expressions changed when they heard the words, Luluo was both moved and sad, but Lin Wu actually planned to agree.

"Now is not the time for you to negotiate terms with me. You are not qualified." However, Gu Changge did not agree and still shook his head slightly.

"You! Don't take it too far!" Lin Wu gritted his teeth, and almost became mad with hatred.

The calm state of mind that had been cultivated for so many years couldn't be calmed down at this time. It was the first time he had seen such a terrifying opponent that made him feel powerless and hopeless.

Before that, no matter what kind of danger he encountered, he was able to turn danger into opportunity. And this time, it was obviously the biggest crisis he had encountered since he started cultivating.

At this moment, the grumpy old man of the Fire Clan suddenly moved his eyes slightly and looked up to the high place in this space.

"This is!" He was a little shocked, he didn't expect to feel the aura of that heavy treasure.

"If something happens to us here, you will never leave this space. Now our world has activated the great treasure, the Divine Mirror of Heaven and Earth, gathering the energy of a hundred thousand stars. If there is a slight change in this place, the Divine Mirror of Heaven and Earth will be destroyed."

"Everyone, including you, will die here. We have a bad life. It doesn't matter if we die. For a person like you, you will not be willing to die like this, right?"

For a while, his heart suddenly settled down and with confidence, he said to Gu Changge with a sneer. After all, he was dead anyway. If he could drag Gu Changge into the water, they won't be at a disadvantage.

In terms of Gu Changge's strength and status, there was absolutely no one in the Upper Realm who could compare with him. If he died here, it would definitely be a terrible blow to the Upper Realm.

For the Eight Desolation and Ten Regions, it was also an exciting event.

"Divine Mirror of Heaven and Earth..." Hearing this, the faces of the people in the Eight Desolations and Ten Regions were shocked.

Including Lin Wu, their hearts were also shaken and they suddenly remembered something.

It was a supreme treasure, which was the combination of the painstaking efforts of countless Ancestors in the Eight Desolations and Ten Regions. It took millions of years to forge it, and it could be called mighty and terrifying.

With one blow, all living beings would disappear and turn into ashes. A True Enlightened being would not dare to say that he could resist a blow head-on and would retreat in fear.

With the power of the Divine Mirror of Heaven and Earth, it was not difficult to destroy this place. So when the time came, everyone would be buried here.

With Gu Changge buried with them, what else could they be dissatisfied with?

"The Divine Mirror of Heaven and Earth? So this is your confidence? But where did you get your confidence that it could kill me." Hearing this, Gu Changge just smiled faintly.

Since he dared to appear in the territory of the Eight Desolations and Ten Regions, he was not afraid of being targeted by all of them.

Although the blow of the Divine Mirror of Heaven and Earth was strong, if he wanted to kill him right away, that would be too ridiculous.

"Even if you don't die, the people behind you will definitely die." Lin Wu said coldly, thinking that people like Gu Changge definitely have flaws.

He couldn't care less. Wasn't there a woman in a blue skirt in front of him, who was from his clan?

"Do you think I care about any of this?" Gu Changge still shook his head, with a mocking expression, as if he heard a very stupid and ridiculous sentence.

"Okay, then I'll hand over the Immortal-Slaying Gourd to you."

Lin Wu's face showed struggle and entanglement. He was fighting between heaven and man in his heart, so in the end, he could only say unwillingly. As Gu Changge said, he was not qualified to negotiate terms now.

"Don't worry, I will do what I say, and I will naturally let you go." It was not surprising that Gu Changge still had a calm expression. He had known for a long time that Lin Wu would succumb.

As the Son of Luck, Lin Wu was still affectionate and righteous after all. But this friendship was insignificant compared with the so-called righteousness of the Eight Desolations and Ten Regions.

Afterward, Lin Wu gritted his teeth and without any hesitation, he took out a palm-sized, yellow gourd from his bosom. Wisps of purple mist moved above it, as sharp as a sword.

It continuously diffused from the mouth of the gourd and then continued to flow into it. From the outside, it looked quite strange, with mysterious fluctuations intertwined.

In a daze, everyone saw a divine sword stained with the blood of countless beings, which could be drawn out of its sheath at any time.

"Is this the Immortal-Slaying Gourd of the Eight Desolations and Ten Realms?"

Everyone from the Upper Realm was also shocked and their eyes couldn't help being attracted by this yellow gourd. Before that, they had only heard of the legend about this gourd.

Once in the battle with the Eight Desolations and Ten Regions, the Immortal-Slaying Gourd could be said to shine brilliantly. Many of the powerful powerhouses were separated under the flying sword that would see blood, lost their lives and buried their bones in the sea.

"I'll give it to you." Lin Wu threw the Immortal-Slaying Gourd to Gu Changge. He didn't dare to play tricks, because Luluo was still in Gu Changge's hands and the other party could kill her at any time.

"It's refreshing." Gu Changge smiled, took the Immortal-Slaying Gourd, and a black avenue rune immediately fell into it.

At this moment, he could clearly feel the terrifying resistance coming from it. Although it was thrown over by Lin Wu, the owner it had just recognized, it still resisted and did not want to recognize Gu Changge as its master.

This thing was worthy of being born innately. It contained amazing spirituality. It sought good luck and avoided bad luck. Knowing who to follow and would not be enslaved.

Gu Changge didn't intend to refine it now and after sealing it up with special means, he threw it directly into the Storage Ring. After doing all this, he looked at Lin Wu with interest.

"Now it's your turn to redeem your promise." Lin Wu stared at him fearfully, for fear that Gu Changge would backtrack.

"Don't worry, I will do what I say." With a wave of Gu Changge's hand, all the restrictions that had been placed on Huo Rong and the others were immediately lifted.

But when his eyes fell on Luluo, he stopped.

"What do you mean?" Seeing this scene, Lin Wu was taken aback for a moment, and then he was puzzled and furious, feeling very uneasy in his heart, "Are you planning to go back on your word?"

"I promised to spare their lives, but I didn't say that I would spare her." Gu Changge's tone remained unchanged.

Luluo was also taken aback, and then deep despair appeared in her eyes.

"You're mean and shameless..." Lin Wu was shocked and angry, he never expected that Gu Changge would let everyone go, but only Luluo would not be let go.

The rest of the people were also shocked and extremely angry at the same time.

"If you want to save her, come to Boundary Monument Sea to look for me in half a month."

Gu Changge's face didn't look too turbulent, he looked up at the endless high sky and felt the vast fluctuations gradually enveloping there.

Then with a wave of his sleeves, a vast golden fog rose up, turning into a golden road, tearing apart the space and leading everyone away from this place.

"Luluo..." Lin Wu clenched his teeth, his eyes were red, and he was filled with hatred.

Especially the look of despair when seeing Luluo being taken away by Gu Changge. It was as if a knife was twisting in his heart as if thousands of roads were tearing apart.

"Let go of my miss!" Granny Lu Cui let out a roar, gritted her teeth, and chased after her, brandishing the Green Staff, and shooting out streaks of divine lights, trying to save Luluo.

However, Gu Changge didn't look back as if he didn't hear it. Alpha, who was beside him, swept down his spear, like a punishment from heaven.

The rumbling black divine light flooded in like stars, shaking her all over, making her spit blood. And at the moment when Gu Changge tore apart the space, the terrifying and massive pressure of destroying the world descended from the sky, turning into endless beams of light and was about to bombard this area.

"The mirror of heaven and earth has revived and it is planning to bury us here together with each other."

Someone from the Eight Desolations and Ten Regions reacted to this scene, their faces changed drastically and they felt as if they were frightened by the mighty power of heaven.

"What a cruel heart!" Many people were outraged and felt aggrieved.

These were cultivators from the Eight Desolations and Ten Regions, who intended to sacrifice them and leave Gu Changge and others here together.

It was a pity that Gu Changge's reaction was quick. The moment he felt the aura, he had already torn apart the space and left this place, not staying for long.

"It's a pity that he reacted too quickly, so he just left... and took Miss Luluo with him."

Someone sighed, the vast fluctuations in the sky were also slowly dissipating at this moment and finally did not fall down.

The recovery of the Divine Mirror of Heaven and Earth required massive energy support. After seeing Gu Changge leave, it was obvious that such a blow would not be wasted again.

"Luluo..."

Lin Wu raised his head to the sky and screamed, heart-piercing, fists clenched, furious, eyes red like a beast, "Gu Changge, I will kill you in the future!"

He was angry at his own weakness and powerlessness. If he was stronger, he wouldn't have to witness his beloved being taken away with his own eyes!

#### **Chapter 454: A sensation in the Eight Desolations and Ten Regions, Head to the station to meet**

Above the border of the Eight Desolations and Ten Regions, an ancient and vast divine mirror revived. The divine light shining through it was brilliant and crystal clear and there was an endless aura of heaven and earth gathering together.

Black clouds billowed and the stars outside the domain trembled as if they were about to burst as the energy that diffused out of it was really too majestic. This was no longer like a mirror, but a majestic ancient continent that could fall from the sky at any time.

Dazzling and gorgeous divine lights intertwined, turning into thick mountains-like hills, ready to smash into them. At this moment, no matter what level of cultivator it was, there was a feeling of palpitation.

The Divine Mirror of Heaven and Earth was the Supreme treasure that belonged to the Eight Desolations and Ten Regions. It would only be revived in the face of major events.

Even though they had been at war with the Upper Realm for nearly half a year, they had never used the Divine Mirror of Heaven and Earth. Because the energy required to activate it was really terrifying.

The number of resources consumed each time was huge, it was difficult to estimate since it had to swallow the aura of many star fields. And this time the revival of the Divine Mirror of Heaven and Earth was the unanimous decision of many ancient families of the Eight Desolations and Ten Regions.

They got the news that the leader from the Upper Realm had suddenly arrived at the Eight Desolations and Ten Regions, and his figure happened to appear at the place where Venerable Linghu and the Ancestor of Supreme Dao Cave fought.

For this reason, they didn't think long and they unanimously decided to use the Divine Mirror of Heaven and Earth to destroy and bury him here to solve this serious problem.

Although in that place, there were still other cultivators and creatures from the Eight Desolations and Ten Realms. There were even many young geniuses, leaders of various clans, who could be called the seeds of the future.

But in order to destroy the leading figure of the Upper Realm, they already didn't care so much, it could be said that they would not hesitate. Gu Changge's threat to them was far greater than the rest of the powerhouses.

And it was said that he was only in his early twenties. It was not an exaggeration to describe such a talent as unparalleled in all ages. If he was allowed to continue to grow, it would definitely become a disaster for the Eight Desolations and Ten Regions.

As soon as this incident came out, it immediately caused a shock in the Eight Desolations and Ten Regions. It was the first time that many cultivators witnessed the revival of the Divine Mirror of Heaven and Earth.

In such a vast and magnificent scene, it could be said that countless suns, moons and stars gathered together and fell in a certain direction. Under this atmosphere, even the Enlightened beings had no way to escape.

The ancient clans such as the Dragon Blood Lin Clan, the Lu Clan, and the Fire Clan were all extremely furious about this. They wanted to stop all of this, but there was nothing they could do.

To reignite the hope in their clan, they were still coming to that empty space, trying to find the most treasured gourd that was once left in it.

Fortunately, at the last critical moment, the pressure of the Divine Mirror of Heaven and Earth dissipated and did not continue to attack, thus saving the lives of all the geniuses among them.

Gu Changge had already torn apart the space, even if he left from there, it would only be a waste of resources and cause casualties for no reason. And this incident caused a great sensation in the Eight Desolation and Ten Regions. Especially in the end, when many people learned that the Immortal-Slaying Gourd that had been left behind was taken away by Gu Changge.

Lin Wu's actions made many cultivators angry, thinking that he was selfish, because of his relationship with his lover, he lost the Immortal-Slaying Gourd. Such a treasure fell into Gu Changge's hands, it could be said to be like a tiger with wings added.

Gu Changge's strength was already terrifying to such an invincible level. Who could keep him in check in the future?

As for the kidnapping of the Luluo, the jewel in the palm of the Lu Clan, although many young geniuses were outraged, no one dared to go to the Boundary Monuments to find her.

Not to mention that a large army of the Upper Realm was stationed at the shore of the sea of ??Boundary Monuments. Even if they found Luluo, who would be sure to rescue her from Gu Changge?

This was an unsolvable situation.

At this time, in a remote town not far from the shore of the Boundary Monument Sea. There was a wave of fluctuation in the void and then a crack was torn open. Gu Changge led the crowd as his figure manifested from it.

“For today’s matter, we’ll have to trouble young master Changge.”

“Thank you, Young Master Changge, for saving our lives.”

People of all clans and forces were afraid as they all spoke up and expressed their gratitude. When the terrifying fluctuations of the Divine Mirror of Heaven and Earth erupted, they thought they would perish and be buried in it.

If Gu Changge hadn’t made the move, everyone would have died there. So they were grateful for Gu Changge from the bottom of their hearts, even Song Yunfei felt complicated.

Even if the Supreme Dao Cave colluded with the Eight Desolations and Ten Regions, even if it was framed, he knew it could not be changed. As long as everyone in front of them was not stupid, they would understand what to say when the time comes.

Would they offend him for power saying that Gu Changge had wiped out the Palace Master and all the Elders? Or would they want to have a good relationship with Gu Changge?

This obviously didn’t need to be considered. As for the truth of the matter, it didn’t matter.

“It’s just a trivial matter, you don’t have to be polite.” Gu Changge waved his hands with a slight smile on his face.

“In order to kill you, the Eight Desolations and Ten Regions even ignored their own geniuses.”

Gu Yingshuang stared at Gu Changge with beautiful eyes. She pursed her lips and said with a smile, “In their eyes, you have probably attracted too much hatred.”

This statement was approved by everyone. After all, even the Divine Mirror of Heaven and Earth was used. It could be seen how determined Eight Desolations and Ten Regions were to keep Gu Changge there.

“The loss of the Immortal-Slaying Gourd for the Eight Desolations and Ten Regions this time may make them even more unwilling. It will also be a huge blow to their morale.”

Someone glanced at Luluo, whose face was pale and full of despair, a strange color flashed in his eyes and he said. They didn’t know why Gu Changge arrested her.

Gu Changge’s intentions were beyond their guess.

“Once the sea of ??Boundary Monuments is exhausted, the Eight Desolations and Ten Regions will inevitably retreat into Tianlu City. With the cooperation of the Nine Great Mountains and the Boundary Abyss, they might be able to last for a while.”

Gu Changge shook his head slightly, glanced at Luluo before he said, “Let’s go and meet up with our clansmen first. Now that the events of the Eight Desolations and Ten Regions have not yet come to the final battle.”

“That’s just right.”

Afterward, everyone turned into divine lights, left this desolate town that had long been deserted and headed for the army of the Upper Realm.

On the way, Gu Changge broke into the Dao runes one by one and continued to refine the Immortal-Slaying Gourd, obliterating a lot of its meaning of resistance. As an innate attacking tool, this thing could devour any murderous aura and smelt it into a flying sword that could cut immortals. Its power was terrifying and incomparable.

In the hands of different people, the functions that could be displayed were also different. If Gu Changge sacrificed himself, not to mention injuring or even killing the existence of the Emperor Realm with one sword was not a problem.

If it was refined again by adding in the Origin True Feather obtained from the Demon Emperor Chixiao from the Demon World, it might increase its power by several levels.

As for the Supreme Dao Map, it was a treasure that combined defense and attack in one. In terms of attack power, it surpassed many Emperor’s weapons, and even in terms of defense, it was not inferior to the Heavenly Palm Tower.

Gu Changge counted his gains during this period in detail, except for the Luck points and Heavenly Treasure Chest obtained by killing the Son of Luck, the space-time monument and Enlightening Mirror.

The biggest gain was Immortal-Slaying Gourd and Supreme Dao Map. The level of these two Supreme treasures obviously surpassed many forged Emperor’s weapons and contained innate Dao formations and innate Dao rhymes.

Gu Changge even felt that their current level was not their limit. For example, Xuan Yang Heavenly Sword and True Feather.

In terms of levels, unless he reversed their innateness or reshaped it, it would be difficult to make a big breakthrough.

Even the Seven Heavenly Artifacts were mostly acquired along the way but the forging method was quite special, which made its level surpass many Emperor weapons.

But its real power was still far behind when compared with the Emperor’s weapon. Because levels and power were not equal.

Among them, the Heavenly Tower and Heavenly Sword were said to be very special, because the Heavenly Tower was the thing that suppressed the foundation of the Immortal Palace.

If the level was not enough, it must be unstoppable.

The Heavenly Sword was the thing that controlled the attack of the Immortal Palace, took power on behalf of the sky and could even move the Dao of Heaven and Earth, the earth, water, wind, fire, thunder, and so on above the Nine Heavens.

On the shore of the Boundary Monument Sea, big waves were rising against the sky continuously, making a rumbling sound, shaking the sky as if an ancient world was rotating.

In the sky, ancient warships suspended like ancient continents. Majestic, shrouded in chaotic mist, stars could be seen in the distance just like the Milky Way.

On the ancient warship, there were many palaces, pavilions like clouds, row upon row, sacred and ancient mountains standing tall, not like a simple warship, but like an ancient continent.

There were many Immortal Great Sects and Supreme forces stationed here. Although it was difficult for the powerhouses to cross over, the combat power here should not be underestimated.

The number alone was huge, it could be called endless and it was so dark that it covered the sky like a black cloud. The news of Gu Changge's appearance in the Eight Desolations and Ten Regions actually spread quickly.

So many cultivators knew that he had arrived and even snatched a treasure from the Eight Desolations and Ten Regions. It was also because of his relationship that the Divine Mirror of Heaven and Earth of the Eight Desolations and Ten Regions was revived.

And the moment Gu Changge landed here, several tyrannical and terrifying divine senses swept over to confirm his identity. After all, it was now on the territory of the Eight Desolations and Ten Regions and some spies might be mixed in, so it was better to be cautious.

After confirming Gu Changge's identity, a series of divine lights and golden runes flew out from various ancient warships as they continued to extend and land here. All of them were leaders of various clans.

"Greetings, Young Master Changge."

An old man with gray hair came here first. He was an ancestor of the Ye Clan of the Immemorial Immortal Clans, with a Quasi-Emperor Realm cultivation base. He attached great importance to Gu Changge, knowing that Gu Changge's strength had reached the point where they had to respect him.

The people behind him were either from Heavenly Emperor Mountain or from Human Ancestor Hall and other forces. Their heritage was very long, which was not compared with ordinary big sects.

As for the people from Buddha Mountain, they were also stationed here, but they didn't show up. When they were in the divine city, many ancient monks died tragically at the hands of the Red Demon, but Gu Changge survived and came to the Eight Desolations and Ten Regions without any commotion, causing boundless turmoil.

This really made the people of Buddha Mountain unbearable. They felt that the death of those ancient monks from Buddha Mountain was inseparable from Gu Changge. They wanted to ask Gu Changge to find out what happened that day.

But they also guessed that it was impossible for Gu Changge to say anything, so the effort was not in vain. Moreover, the whereabouts of the Red Demon had also become a mystery.

Whether it was alive or dead, no one knew.

"Why did Young Master Changge come here suddenly?"

People of all races and sects were very interested in this question and couldn't help asking.

“After I used the secret treasure to tear apart the space and escape, I was hit by the Red Demon’s attack and fell into a coma. When I woke up, I was already floating in the sea of ??Boundary Monuments... As for what happened, I don’t know much about it.”

Gu Changge’s expression didn’t change, he shook his head slightly and said with some regret, “I’ve only heard about the tragic scene that day, and I didn’t expect that the rest of the people couldn’t escape.”

Having said that, he sighed. Hearing what he said, everyone’s eyes flashed and they fell silent, without asking any more questions.

It was not easy for them to question Gu Changge. Whether it was true or not was difficult to judge, but they were all people who had lived for a long time so they would not believe Gu Changge’s one-sided words so easily.

Then Gu Changge talked with everyone about what happened in that empty space and did not mention the matter of the Supreme Dao Cave. As for the matter of the Immortal-Slaying Gourd, although everyone was jealous, they wisely didn’t ask too much.

They didn’t have the guts and strength to snatch things from the Gu Changge. After Gu Changge bid farewell to everyone, he took the captive Luluo, turned it into a divine light, and headed for the area where the Ancient Immortal Gu Family was stationed.

Gu Yingshuang separated from him when she came here and Gu Changge had no intention of continuing to take care of her. Luluo gradually calmed down from her despair at the beginning to the discovery that Gu Changge ignored her and treated her as air.

After all, she was going to die anyway, so she had nothing to fear. Seeing this vast and terrifying scene now, she couldn’t help but tremble slightly with a kind of fear from the inside out.

This was the power of the Upper Realm. Almost every sect could easily dispatch tens of millions of troops. She even doubted that when the final battle came, the sects of the Upper Realm would be able to send hundreds of millions of troops to attack them.

This was unimaginable. If it weren’t for the fact that the forces of the Upper Realm were fighting against each other, the Eight Desolations and Ten Regions would have been breached long ago.

“Tell me, will your sweetheart come here to save you in half a month?”

At this moment, Gu Changge’s voice suddenly interrupted her thoughts. Luluo had let go of the fear in her heart, and now she was much calmer. After hearing this she just said calmly, “I believe Lin Wu will come to save me, but I don’t want him to take risks.”

Gu Changge smiled and said, “You are really touching people, what a pity...”

“What’s the pity?” Luluo looked up at him, her eyes were calm like a pool of stagnant water.

“It’s a pity that he will die here for you. Do you think he can save you?” Gu Changge said casually, “I think you don’t want him to die, do you?”

In Luluo's calm eyes, waves appeared. She really didn't want Lin Wu to die because of her, it wasn't worth it. If her cultivation hadn't been sealed by Gu Changge, she might have lost her meridian at this time.

"What do you mean by that?" She couldn't help looking at Gu Changge and asked.

"If you don't want him to die, then you should obey me obediently. I will not only let you live well but also let him live well." Gu Changge smiled, did not explain anything and then ordered someone to detain her.

"You..." Lu Luo was a little frightened, she vaguely guessed Gu Changge's intentions, and couldn't help feeling cold all over her body.

After Luluo was escorted away, Gu Changge sent back everyone who was in the hall, intending to enter the Inner Universe to see the changes in Chan Hong Yi.

However, before he opened the Inner Universe, he felt a faint hostility permeating it. He couldn't help frowning, "It's been less than a month this time, and it's hard to keep suppressing?"

#### **Chapter 455-1: It seems that it wasn't in vain to teach you for so many years, I'll let you experience the pain again and again (1)**

Within the palace, all the servants were sent back as silence descended. However, wisps of hostility diffused out from the Inner Universe like a crimson glow with a strong murderous aura.

Gu Changge couldn't help frowning. Although this aura was very weak, the entire Inner Universe was under his control, how could he not perceive it? According to his speculation, the time to suppress the hostility should last at least three months.

But this time was quickly shortened to one month. This could only show that Chan Hong Yi's recovery speed had exceeded his expectations. Of course, it might also be because Gu Changge collected many origins of life during this period of time, allowing her to recover.

So now he was considering whether to show up and go in to see Chan Hong Yi. Among the origins of life she absorbed during this period, Gu Changge did a lot of tricks, just to stop her from becoming violent.

At that time, he would have a countermeasure. It was just that if he fought against Chan Hong Yi now, the fluctuations in this place were bound to spread, attracting the attention of other forces.

"The degree of hostility is not as deep as last time... It seems that suppression is not useless. Compared with last time, she may be sober."

Thinking of this, Gu Changge narrowed his eyes and made a plan. Then he waved his hand and created a series of runes. The veins of the Dao spread, blocking the palace and preventing the aura from leaking out.

After doing this, there was a spatial fluctuation in front of his eyes. A silver portal appeared which seemed to lead to another divine world. Gu Changge quickly stepped in and his figure disappeared into it.

Ever since the Inner World evolved into the Inner Universe, this space had undergone tremendous changes. The sacred mountains were majestic, the immortal island was splendid and the vast ancient forest spread out without bounds.

There were countless immortal trees and divine vines, as old as countless epochs. Strong Immortal Energy pervaded the place and in the depths there was a scene like an Ancient Heaven.

The Heavenly Palace was magnificent, brilliant and beautiful. The four poles of heaven and earth were more like palace pillars with the same height as heaven and earth.

The golden light was brilliant and the Dao was flooding, supporting the sky so that it wouldn't fall down. In the depths of heaven and earth, the sun, moon and stars were circulating. One could even see the ancient universes rotating one by one making majestic and vast sounds.

Any creature who stepped into it would be instantly crushed into ashes and smashed to pieces. That was the vast and real power of the world, beyond any level of power in this world.

After entering the Inner Universe, Gu Changge did not stop and with a thought, he appeared on the top of a mountain. The top of the mountain was very flat and there were gusts of cold wind.

Not far away was a simple house built with bamboo and wood, which was quiet and unique with bluestones floating in the void to form steps. There was also a cold pool in the house and the silver waterfall hanging down from a high place was falling into it, creating silver waves.

A very rare divine fish was wagging its tail in the cold pool. It was palm-sized, slender, and crystal-clear with an astonishing aura. Farther away, there were medicine fields, poultry houses, etc., peaceful and tranquil, just like a simple peach garden.

Somewhere on the top of the mountain, there was a rough bluestone and a peach tree that was not too tall. After coming here, and seeing this scene, Gu Changge's expression became a little complicated.

"Master... Father..."

She seemed to sense his arrival. In the house, a woman in red opened the door in surprise. She was tall and slender, with black hair hanging down, her face was jade-like, fair and delicate, ethereal as dust.

The palm-sized face was dotted with exquisite and flawless facial features. Her eyes were like black gemstones, shining with a moving luster. At this moment, she was rolling up her sleeves, revealing her white and flawless wrists like a lotus root, handling a pheasant.

"You arranged these?"

Gu Changge nodded, glanced at the houses in front of him, as well as the bluestone and the peach tree before he asked calmly. His eyes were deep, and they fell on Chan Hong Yi as if he wanted to see through her.

Seeing Gu Changge's expression, Chan Hong Yi seemed to think that he was offended. She couldn't help shrinking back, and explained in a panic, "I... I just think of the time... when I lived with Master, it was like this..."

Gu Changge nodded and said, "You really have a heart."

Hearing that Gu Changge did not blame herself, Chan Hong Yi also seemed to be quietly relieved. Then she handed over the clean pheasant in her hand, with a happy smile on her pretty face, and said, "Master... father, Hong Yi... want to make roast chicken for you to eat."

"When did you learn this?" Gu Changge walked over, reached out, and wiped off a little bit of ash on her nose.

"Hmm... the uncle who hunted at the foot of the mountain taught me..." Hearing this Chan Hong Yi suddenly felt a little embarrassed, as if she was afraid of being scolded by Gu Changge.

"Then why haven't you told me before?" Gu Changge smiled, pinched her nose, and asked.

"Master... father, you never let me learn these useless things... I... was afraid of being scolded by you." Chan Hong Yi lowered her eyes and explained with a slight smug on her white and pretty face.

"So in your mind, this is my image?" Gu Changge seemed to smile a little.

"No... no no, Master, in my heart, you are the best person to me." Chan Hong Yi hurriedly shook her head, like swinging a wave drum.

"Really? Then I'll try your cooking today." Gu Changge smiled with a gentle expression.

"Uh-huh..." Happiness appeared on Chan Hong Yi's face. She turned to build a fire pit, her clothes fluttering and her figure was tall and slender.

Because of the tilt in the head, the black hair poured down from the shoulders, making her face look even more white and perfect, delicate and without the slightest flaw. It had surpassed the beauty that the world's words could describe.

Gu Changge's eyes were deep, watching her busy there alone. Then he shook his head lightly and waved his sleeves, a burst of brilliance appeared in front of his eyes and the stone table and stone bench manifested.

A fine wine glass emerged, filled with a rich aroma. Soon, the fire appeared and the roast chicken was pierced by a bamboo pole, held by Chan Hong Yi as she kept rolling on top of it.

The golden oil dripped down, there was a chirping sound and a rich fragrance permeated, which made the index finger move. Chan Hong Yi was very serious, her eyes kept staring at the roast chicken, the firelight reflected on her pretty face, giving off a warm halo.

Gu Changge's eyes were on her, but he didn't speak. He seemed to be waiting for her to finish the roast chicken.

"Master... Master, the roast chicken is ready." Finally, feeling that the roast chicken was fully cooked, Chan Hong Yi had a happy smile on her face and hurried over with the roast chicken.

It could be seen that she cooked it very carefully and the golden oil was still bubbling on it, and there was a brilliant glow gushing out. After all, this roast chicken itself was not a simple pheasant.

Being able to be raised by Gu Changge in the Inner Universe was enough to show that it was not simple. The rich aura intertwined with the rays of the sun and even a vision appeared in the virtual space as if a cultivator could become a flying immortal with one bite.

“Looks pretty good.” Gu Changge smiled and took the roast chicken from Chan Hong Yi’s hand, but he didn’t taste it.

Instead, he looked at her and asked, “I have nothing to say, do you want to talk to me?”

Chan Hong Yi didn’t seem to be able to understand what he meant, and a daze appeared in her eyes.

“Master... Master, what do you mean?” She shook her head and asked a little puzzled.

However, Gu Changge did not explain, but smiled, and began to taste the roast chicken she made by herself. He ate very carefully and even seemed to be slow as if he didn’t want her painstaking efforts to go to waste.

“I didn’t expect you, Hong Yi, to have such a skill...”

While eating, Gu Changge raised the white jade wine glass to one side and brought it to his mouth to take a sip of the wine, admiration could not help appearing on his face.

“...”

At this time, Chan Hong Yi watched him eat up the whole roast chicken, leaving nothing behind, but she couldn’t help being a little silent.

“Master, is it delicious?” She asked.

“As long as it’s made by you, it’s delicious to me.” Gu Changge smiled and then poured down a glass of wine unhurriedly.

But before the wine glass was brought to his mouth, a stream of black blood flowed down from the corner of his mouth. However, he didn’t seem to care or he had expected it long ago and his expression didn’t change at all.

Instead, he calmly took out the embroidered handkerchief from his arms and wiped the blood from the corner of his mouth. However, the blood was like a reservoir that had opened its gates, and it couldn’t stop at all.

Soon a mouthful of blood gushed out from his mouth, dyeing a clean and plain white embroidered handkerchief black. Even his clothes were dyed black, exuding a terrifying jet-black color, giving off a rotten aura.

“You already knew?”

Looking at the scene in front of her, all the expressions on Chan Hong Yi’s face at the moment disappeared. She became indifferent, staring at him and saying. Gu Changge nodded, his smile was still calm.

**Chapter 455-2: It seems that it wasn’t in vain to teach you for so many years, I’ll let you experience the pain again and again (2)**

He was not surprised, and there was no disturbance, "How can you hide this little trick from me? But your prudence still makes me very pleased. The lion fights the rabbit and naturally uses all its strength. With your current strength, you even poisoned me when you attacked me. It seems that I didn't teach you in vain for so long."

While speaking, he sighed and blood gushed out of his mouth uncontrollably, as if he was seriously injured.

"This is the demonic water that has been accumulated for countless epochs at the bottom of the Demon Burying Abyss... Even if you have powerful means and powerful divine powers, as long as you fall into it, you will definitely not have any chance of survival."

Chan Hong Yi's eyes were indifferent without any emotion and her tone was extremely ruthless. It could be said to be completely different from the appearance just now.

"So it's demonic water? So that's why it hurts so much..."

Gu Changge smiled, the expression on his face was still calm. It seemed like he couldn't feel any pain.

"This pain is far worse than what I have endured over the years." Chan Hong Yi's face was still indifferent, without any change.

Gu Changge still smiled, and said lightly, "Aren't you going to kill me for revenge? Now that I've been poisoned right in front of you, why don't you dare? Why are you hesitating? You can rest assured that I have not arranged any backup."

When Chan Hong Yi heard his words, an astonishing hostility suddenly appeared in the depths of her eyes.

"Is that why you want to be killed by me? You know it's poisonous, but you still ate it?" Her voice was icy cold.

Gu Changge said lightly, "Kill me and follow your wish, what's wrong with that?"

"Do you think the hatred between us can end after I kill you? Let me tell you, it's impossible. Knowing that the road ahead is full of darkness and there is no light, why do you still give me hope over and over again? But you smash it again and again?"

Chan Hong Yi's eyes were filled with overwhelming hostility, the scarlet color spread across her eyes and the black hair fluttered all over her head, which was extremely terrifying.

"Really? Hope and darkness are not necessarily opposed to each other." Gu Changge's expression remained calm.

"I will kill you, but not now, and I will make you experience my despair over and over again. I will let you know what I have experienced in these countless years."

Chan Hong Yi's tone contained infinite coldness, she suddenly stretched out her white jade-like hand, and stretched it out, tearing Gu Changge's chest apart.

With a snort, black blood spattered out. Every bone was extremely clear and it could be seen that the texture was crystal clear like divine gold, intertwined with Dao rhyme, and filled with chaos.

Gu Changge looked at her calmly, without making a move to resist. His eyes were as deep as a deep sea that could never see the bottom.

**Chi!!**

In the next moment, the space of the Inner Universe was suddenly torn apart and a terrifying crack stretched across the sky.

Chan Hong Yi took a step forward and her figure disappeared into it. With her departure, the monstrous hostility gradually subsided into silence. The huge and terrifying cracks also healed and it turned dead silent.

“She didn’t attack me after all, did she? It kind of surprised me.”

Gu Changge’s eyes were deep and calm, watching Chan Hong Yi disappear. Then he looked down at the wound that almost tore his whole body open, the expression on his face was not the slightest wave.

It was as if the injury didn’t happen to him. If Chan Hong Yi attacked him just now, then he could guarantee that the last person to leave the Inner Universe was definitely not her.

Soon, strands of divine energy emerged between the wounds, like chains of life, stitching up the split body. The terrible injury was also recovering rapidly.

After devouring the Nirvana Green Lotus, Gu Changge was almost immortal. No matter how serious the injury was, as long as there was enough time, it could heal as before.

But what troubled him now was the toxicity of the demonic water. Chan Hong Yi obviously knew that he could devour everything in this world, including all kinds of poisons.

Yet she still chose to poison the roast chicken, which was enough to show the dominance of the demonic water.

As it itself was condensed from the evil spirit of the true blood of the Demon Lord, it could transform all demons of the world. Although the demonic water had no effect on him, it was still a bit depleted after all, so Gu Changge thought for a while and then left the Inner Universe.

“There is no sign of the destruction of the restriction in the palace. It seems that Chan Hong Yi has not left this place.”

Gu Changge glanced at the many formations in the palace and the runes entered before had not changed much. This showed that Chan Hong Yi tore apart another space and left, not disturbing the rest of the people. From this point of view, it was enough to see that her sanity has indeed recovered a lot and she was not as reckless as before.

Otherwise, no matter how strong she was, she would be encircled and wiped out sooner or later, just like the last time in the divine city.

“Alpha.” After Gu Changge changed his clothes, he called Alpha, intending to tell him to arrest some people.

“My lord. Are you injured?” Soon Alpha appeared and said respectfully.

But he was very surprised, with a keen sense, he noticed the abnormality in Gu Changge’s body. He was even taller now, with the glow flowing on the dark iron battle suit and the whole person looked like a terrifying war god standing in the world.

After all, he had the strength of the First Layer of the Emperor Realm. Looking at the shore of the sea of Boundary Monuments today, it was also hard to find invincible combat power.

Gu Changge nodded and said, “There was an accident, go and capture ten Supreme beings for me, no matter what world they are from.”

“Yes, my lord.” Alpha’s face turned serious, and he quickly left after receiving the order. His figure was shrouded in hazy black light, stepping into the void.

“The origins of the ten Supreme beings should be enough. Now that all races of the Upper Realm gather here, including the Eight Desolations and Ten Regions, it is not difficult to find them all.”

Gu Changge whispered to himself and quickly put the matter aside. The loss of demonic water did not affect him much. But he didn’t want to leave any wear and tear on his body.

In the next few days, killings broke out again by the shore of the Boundary Monument Sea and armies from the Eight Desolations and Ten Regions came to attack them. Many powerhouses were carrying divine artifacts, the blurry and terrifying phantoms manifested between the heavens and the earth.

Laws appeared one after another, they were strong and fierce, which could make people frightened and astonished. They planned a sneak attack, taking advantage of the darkness of the sky and the darkness of the moon, trying to deal a heavy blow to many cultivators of the Upper Realm.

The leader was obviously a Supreme ancestor of the Lu Clan, who wanted to rescue Luluo who was captured by Gu Changge. The battle broke out quickly, but it also ended very quickly.

The army of the Upper Realm was assembled, from various immortal forces, it could be called endless, densely packed, covering the sky and the sun. Under such a powerful force, even if it was a surprise attack, it would be a disastrous failure. They would collapse and flee very quickly. There was no second result.

The leading Supreme Realm existences were all suppressed. But during this battle, some people found something was wrong.

It seemed that there was another power hidden in the dark. Several immortal sects from the Upper Realm were assassinated and disappeared.

“Sneak attack is wrong and secretly murdering the Supreme being of our world is true!”

“The Eight Desolations and Ten Regions are damned! How dare you hide in secret? Do you really think that our army will not fill it up?”

This incident aroused the anger of many powerful forces stationed on the banks of the Boundary Monument Sea, thinking that the Eight Desolations and Ten Regions had long conspired.

The sneak attack was just a cover, the purpose was to kill their Supreme Realm existence. This was enough to show that there were hidden powerhouses beyond the Supreme Realm level on the side of the Eight Desolations and Ten Regions and they had never shown up.

As soon as this news came out, the Upper Realm was furious immediately. More troops came across the sea of ??Boundary Monuments.

During this period, the fall of Chu Hao, the lord of Supreme Dao Cave and others in the Eight Desolations and Ten Regions also caused a lot of commotion. Some people say that they colluded with the Eight Desolations and Ten Regions in an attempt to destroy forces of the Upper Realm that were looking together at the time.

It was a pity that the trick was seen through, and he died tragically there. Some people also said that they encountered an ambush from the Eight Desolations and Ten Regions and it was difficult to escape as they finally died of blood.

A lot of news, but it was difficult to distinguish between real and fake.

The new Palace Master of Supreme Dao Cave died tragically who was from the territory of the Upper Realm. The old Palace Master was furious about this and brought many strong people to the world, trying to find out the truth.

#### **Chapter 456-1: Why don't you surrender to our clan and enjoy Immortality, Three barriers (1)**

"Gu Changge, you actually... hide it so deeply... ah..."

In the dark and deep dungeon, there was a scream of horror and anger as Gu Changge closed his eyes slightly with a calm expression on his face. He patted the forehead of a Supreme figure from Buddha Mountain with his palm.

Wisps of black air permeated slowly and regularly, like flowers of Dao taking root and blooming in it as they quickly penetrated his skin, flesh and blood, lungs, and bones, into the origin.

Bursts of blazing and eye-catching divine lights erupted like gorgeous fireworks and then gradually returned to dead silence.

"The attrition is finally good enough."

Gu Changge slowly opened his eyes, shaking with the aura. The dried-up corpse in front of him exploded with a bang and turned into dust all over the sky, before disappearing in smoke. He turned his head to look at Luluo, who was imprisoned on the other side with a terrified expression. She was trembling unbearably with a pale face as she let out a strange sound.

"So you woke up."

Luluo's face turned pale and she couldn't help trembling. She didn't expect to see such a scene when she woke up. This really frightened her and made her feel deeply uneasy.

On the day she was held in the dungeon, she passed out due to exhaustion. So she didn't know what happened during this period at all. But just now, a Supreme Being was killed by Gu Changge in front of her.

The essence of the whole body was swallowed up, turned into powder, and disappeared. This reminded her of an ancient and terrifying rumor.

"I... I did not see anything." Her complexion turned pale, her voice trembled slightly. She didn't dare to look directly into Gu Changge's eyes.

Gu Changge smiled and said, "It doesn't matter if you see it. Calculating the time, your sweetheart is about to come to save you."

Luluo trembled all over, she didn't expect that she had been in a coma for so long. But would Lin Wu really take a huge risk to come to this tiger's lair to save her?

Even if he was willing, the people behind him probably would not agree. And how could he take her away from here, unless Gu Changge was willing to let her go? But how could Gu Changge be willing?

Despair appeared in Luluo's eyes.

"I heard that within the Heavenly Lu City of the Eight Desolations and Ten Regions, the core of the divine formation created by the successive lords of the Heavenly Lu City is sealed. It is the biggest barrier of the Heavenly Lu City's enchantment. As long as he is willing to open the core of the divine formation for me, I can spare your life or his life. The family behind you can even be lured to the Upper Realm and become a subsidiary force of my Ancient Immortal Gu Family, and be protected by my family."

"Instead of staying in the Eight Desolations and Ten Regions and being attacked and exterminated sooner or later, why not submit to our clan and enjoy Immortality?"

Gu Changge walked towards her unhurriedly with a slight smile on his face, but it made Luluo's trembling even more serious. Her face was pale, her heart was full of fear and her head was buzzing.

She didn't dare to think about these words. The core of the divine formation in Heavenly Lu City was the biggest barrier to protecting Heavenly Lu City and even the Eight Desolations and Ten Regions behind it.

How was this possible to open?

Such behavior was tantamount to betraying the Eight Desolations and Ten Regions, which would cause the Eight Desolations and Ten Regions to fall, be broken by the Upper Realm, the lives of the people would be ruined.

As long as she dared to do this, she would definitely become a sinner who could not be redeemed forever. Even if the clan behind them was led to the Upper Realm at that time, this matter will become a shame that could not be erased forever.

What was more, with their identities, it was impossible to get in touch with the core of the formation.

"You... kill me... I will not betray the Eight Desolations and Ten Regions, nor my world..."

Luluo gritted her teeth and forced herself to calm down, she would not compromise on this.

“Think carefully, this is my last chance for you. If you don’t want Lin Wu to die, I advise you to think about it.”

Gu Changge was not surprised that she would say that. He just smiled, then turned and left the dungeon.

With the bang of the black iron prison door closing, the place returned to being dark, deep, cold, and damp again. Luluo couldn’t help shivering, what Gu Changge said just now echoed in her mind and her face was suddenly full of despair.

After leaving the dungeon, Gu Changge went straight to the main hall, intending to discuss the crusade against the Eight Desolations and Ten Regions. He didn’t intend to use the demonic bottle to control Luluo.

Because she was not afraid of life and death, even if he controlled her life, she might not necessarily follow her orders. And the existence of Lin Wu could be used as a suitable entry point, allowing Luluo to be under his control.

After a while, she would figure out that there was no room for rejection in this matter.

Inside the main hall were all the high-level Elders of the Ancient Immortal Gu Family who had arrived here this time. They controlled the power in the clan and their own strength should not be underestimated.

“Changge, you came at the right time. After the sneak attack failed some time ago, the troops from the Eight Desolations and Ten Regions evacuated wantonly. Now, there are no creatures from the Eight Desolations and Ten Regions near the Boundary Monument Sea.”

“Should we choose to stay here and wait for the arrival of the army or take advantage of the victory to pursue and kill all the way?”

Seeing Gu Changge’s arrival, the eyes of several high-level Elders lit up and they couldn’t help asking in unison.

Now Gu Changge’s power in the Upper Realm had reached the point where he was on an equal footing with many Immortal Sect masters.

So now they were all vaguely headed by Gu Changge. At this time, it was natural to listen to his opinion.

“I think it’s better to let go of the matter of the Eight Desolations and Ten Regions for the time being. Now that the army has not arrived, the Eight Desolations and Ten Regions have retreated to Heavenly Lu City. The Eight Desolations and the Nine Great Mountains are hard to chew. Since ancient times, they have been damaged here. There are not more than a few strong ones.”

“Attacking at this moment will only cause unnecessary casualties.”

Gu Changge shook his head slightly and said, planning to let the Gu family stay here first. Before the Boundary Monument Sea was completely dry, it would be a waste of effort to attack them.

Not to mention other things, just from the general routine, the first attack was rarely successful. This retreat from the Eight Desolations and Ten Regions was just a strategy to lure the enemy into a deep place.

Moreover, compared with the Upper Realm, the Eight Desolation and Ten Regions were obviously more united and there was a bonus of Luck in the dark. So he didn't intend to let the Gu family attack them now. If they had this time, it would be better to occupy this place and then plan it slowly.

"Then according to what Changge said, let the rest of the forces try it first."

"Anyway, in a short period of time, it is indeed impossible to break through the defense of Heavenly Lu City."

Several senior Elders nodded upon hearing the words. They looked at each other, and agreed.

"By the way, Changge, what will you do about the barrier in Heavenly Lu City this time?"

At this time, a high-ranking person flashed his eyes and couldn't help asking. Because he knew that Gu Changge had captured a woman from the Eight Desolations and Ten Regions.

After thinking about it, they finally thought of such a possibility.

"The Upper Realm is not the best object of attachment for many clans of the Eight Desolations and Ten Regions. When the time is right, many ethnic groups will definitely fall here."

"So there's really no need to worry about the barrier in Heavenly Lu City. That's not something we need to worry about."

Gu Changge just smiled and didn't explain too much.

"You mean, the group behind that woman will be the key?"

Hearing this, the eyes of several high-level Elders flashed, their hearts were shocked, and they said thoughtfully.

Then they admired Gu Changge even more in his heart. In a short period of time, he had already thought so far. The barrier of Heavenly Lu City had always caused headaches for various forces.

### **Chapter 456-2: Why don't you surrender to our clan and enjoy Immortality, Three barriers (2)**

Judging from the current situation, Gu Changge had already thought of how to break through that barrier.

"With Changge here, why should my Gu family not be Immortal?"

They looked at each other and had such thoughts in their hearts. At the same time, in the Eight Desolations and Ten Regions, within Heavenly Lu City.

This was a grand and ancient divine city, majestic and filled with vicissitudes.

It seemed that there were countless stars refined as they were huge and floating in the sky. The brilliance was intertwined and they were extremely dazzling.

In the distance, the vast chaos could also be seen surging, turning into a terrifying formation, surrounding the entire Heavenly Lu City.

The galaxy was hanging down, filled with misty silver light scattered all over the place, there was a sense of holiness and detachment from a distance.

As the biggest barrier on the side of the Eight Desolations and Ten Regions, Heavenly Lu City had stood for countless years and had never collapsed. Even when an Enlightened being from the Upper Realm came knocking on the barrier, it would burst out with endless divine power to resist him outside the city.

In the eyes of countless cultivators and creatures of the Eight Desolations and Ten Regions, Heavenly Lu City was their patron saint. Of course, the many soldiers and creatures guarding Heavenly Lu City were also invincible and rushed forward one after another.

In addition to Heavenly Lu City, there were two other barriers in the Eight Desolation and Ten Regions. One was the Nine Great Mountains, which were said to be the Nine Immortal Mountains split from a certain place in the oldest period.

The Nine Great Mountains had supreme status in the Eight Desolations and Ten Regions. At the same time, it was also the most mysterious and unpredictable, the place where it was located was not static.

Instead, it was wandering around in the Eight Desolations and Ten Regions. A cultivator once strayed into it, but was bestowed with the Immortal law, became the most powerful person of a generation, established a powerful sect and spread its branches.

Over time, the Nine Great Mountains had become a symbol of immortality in the eyes of cultivators living in the Eight Desolations and Ten Regions. When encountering the invasion of the Upper Realm, the Nine Great Mountains would appear in the world.

They will either send the immortal guards or send someone out of the mountain to counteract this catastrophe. In this era, although there were no traces of the Nine Great Mountains, they were seen by many creatures in the Eight Desolations and Ten Regions.

In the most critical time, the descendants of the Nine Great Mountains would come to the world again. Apart from Heavenly Lu City and the Nine Great Mountains, the last barrier was Heavenly Boundary Abyss.

It was a strange place formed by the turbulent flow of space, the collision of laws, and the interweaving of Dao between the two places after the separation of the Eight Desolations and Ten Regions and the Upper Realm.

And this strange land was just outside Heavenly Lu City. If someone wanted to pass through this strange land, they would inevitably encounter attacks from Heavenly Lu City at the same time, which was extremely dangerous.

Without a specific route, it was impossible to pass through the Abyss and one would eventually get lost there. Even Enlightened beings needed to be cautious and dare not get involved easily.

And in Heavenly Lu City, on the street at this moment, a man with a sad expression was trudging along. The city was extremely vast, the streets were boundless, there were even stars that had fallen down and

traces of swords, guns and halberds were densely covered. But now it seemed very quiet, with few traces. Because of the great war, the current Heavenly Lu City could be said to be full of soldiers.

“The half-month period has come, will that guy embarrass Luluo and kill her? What should I do to save Luluo?”

The man walking on the street was Lin Wu who had returned to Heavenly Lu City. However, his current complexion was very ugly, full of sorrow and not as confident and steady as before.

Thinking about Luluo, he couldn't help clenching his fists, hating himself for being powerless and weak. Not only did he lose the Immortal-Slaying Gourd, but he also caused Luluo to be taken away by Gu Changge. Her life and death were uncertain.

He wanted to go alone to the shore of the Boundary Monument Sea to rescue Luluo. But if there was no one to guide the way in the Heavenly Boundary Abyss outside Heavenly Lu City, he couldn't walk through it alone.

In addition, even if he could reach the shore of the Boundary Monument Sea, he would not have the strength to save Luluo.

Even if she could be saved, could he escape? This was an unsolvable situation.

The family behind Luluo had given up on Luluo's life and death and was unwilling to intervene. Lin Wu hated himself for being weak and powerless and even his sweetheart couldn't save him.

At the same time, he hated Gu Changge even more for being despicable and shameless. He promised to let everyone go, but he turned his back on it and didn't let Luluo go.

“Damn it!”

Lin Wu strolled to the destination and walked on the street, but he really couldn't think of any way to save Luluo. It was not that he didn't want to save it, but that he really had no other way.

The family behind him was persuading him to give up this idea. Of course, if he insisted on going, his family would still send strong people to accompany him.

After all, Lin Wu was the most outstanding genius of the Lin family's generation. Suddenly, the street suddenly fell silent and an inexplicable atmosphere enveloped the place.

This piece of heaven and earth seemed to be separated suddenly, incomparably deep and peaceful. Lin Wu noticed this abnormality, couldn't help frowning, and looked forward.

“Who are you?”

He couldn't help asking and looked at the woman who suddenly appeared in front of him with some surprise.

This woman was dressed in white like emptiness and dust, standing peacefully. There seems to be a divine light between her eyebrows and eyes as if she did not exist in this world.

“Lin Wu? I've been waiting for you for a long time.”

The woman in white smiled and spoke, giving off a gentle and natural feeling.

She was very slender, taller than ordinary women and extremely beautiful, like a Buddha lotus, with a radiant glow. Walking in this world of mortals, it seemed that she was comprehending the various states of the world.

There was a kind of holiness and detachment that people dare not ignore.

“Who are you?”

Although Lin Wu knew that the other party had no malicious intentions, he was still a little wary and continued to ask. Because he noticed that the other party’s cultivation base was unfathomable, and it was not something he could beat at the moment.

“I am the Heavenly Maiden Tianlu.”

The woman in white smiled and spoke, her voice was magnetic and touching. Her beauty was otherworldly as if she was not from this world but from the legendary Immortal World.

“Holy Maiden Tianlu?”

Lin Wu’s heart was shocked, and his eyes opened wide, “Are you the Holy Maiden Tianlu from the current generation?”

He knew that behind the Heavenly Lu City, there had always been a Holy Maiden Tianlu, who was responsible for guarding the Heavenly Lu City and maintaining its operation.

But this Holy Maiden Tianlu was very mysterious and no one had seen her trace. He also didn’t know who the Heavenly Maiden Tianlu in front of him was. Whether it was the Holy Maiden Tianlu of the past or the Heavenly Maiden Tianlu of this generation.

As it was said that in each generation, a suitable woman would be selected to assume this identity and guard Heavenly Lu City intricately. And once in an era, the army of the Upper Realm attacked her.

A fierce and mighty ancient race, an extremely powerful Enlightened being knocked on the barrier, swept away the invincible and watched the world with disdain. However, Heavenly Maiden Tianlu, who was released from customs, beheaded him in front of Heavenly Lu City. It was a sensation at that time, and the rumors have been passed down to this day.

“Does it matter which generation of Holy Maiden Tianlu I am from? What’s important is that I can help you rescue your sweetheart.”

The woman in white still smiled when she heard the words, but did not answer. Lin Wu’s heart was shocked again, and he couldn’t even believe his ears.

He was a little excited, but he calmed himself down and said, “Are you really willing to help me rescue Luluo?”

Seeing that Lin Wu didn’t yell, but quickly calmed down, the woman in white had a look of appreciation in her eyes.

“Of course, I’d like to help you.” She replied with a smile.

## Chapter 457-1: Heavenly Maiden Tianlu's plan, May catch a big fish (1)

Heavenly Maiden Tianlu was very charming and beautiful with a tall and graceful figure, like a standing Buddha lotus. Her eyebrows and eyes were exquisite and the divine light was flowing all over her body, releasing a kind of brilliant glow which made it difficult to ignore its existence.

But on this street, except for Lin Wu, everyone else seemed to turn a blind eye to her. Around her body there was a special field, no one could see her unless it was the person she wanted to see.

This was not only a manifestation of profound Dao but also a rather mysterious interpretation of divine powers. The origin of Heavenly Lu City was quite ancient, it was said that it existed before the split of the Eight Desolations and Ten Regions and the Upper Realm.

The traces of Heavenly Maiden Tianlu were even more elusive. For countless epochs, there were very few creatures and cultivators who had seen her true face.

"I wonder why you are helping me. Right now, all the forces in the Eight Desolations and Ten Regions feel that Luluo has fallen into the hands of the Upper Realm, and there is no hope for her. No one will choose to help me at this time."

Lin Wu saw that Heavenly Maiden Tianlu's attitude did not seem to be fake, on the contrary, she was very sincere. He also gradually let go of his heart and gave a wry smile, but he still had some doubts in his heart.

Heavenly Maiden Tianlu smiled slightly and said, "Let's talk as we walk. It has always been our responsibility to protect the safety of Heavenly Lu City and all living beings in the Eight Desolations and Ten Regions. Is there really nothing to be suspicious about?"

The street was quiet, very wide, gray and foggy, with traces of previous wars. In some places, one could still see some motionless figures who seemed to be sitting cross-legged, but there was no vitality in their bodies.

For countless years, Heavenly Lu City had stood like this between heaven and earth, resisting the invasion of the upper realm.

"I see."

Lin Wu nodded, and silently followed behind Heavenly Maiden Tianlu, feeling a little heavy in his heart. There were not many pedestrians on the road and many of their faces were familiar to Lin Wu.

But now when they saw his expression, they were full of sympathy and intolerance. It could be said that there was a great uproar in Heavenly Lu City about the Immortal-Slaying Gourd being snatched away by the Upper Realm.

Many people felt that Lin Wu's behavior was too selfish. He saved a small number of people, but he would sacrifice more people in the future. However, some people knew that Lin Wu was not in charge of this matter. Even if he hadn't handed over the gourd, it probably wouldn't have helped.

Because Gu Changge was so strong, many people speculated that his strength had surpassed the Supreme Realm. With such a huge gap, did Lin Wu have any other choice?

And in the end, even his sweetheart was taken away.

“He’s really a poor guy. I wonder what he’ll choose to do...”

Many people watched Lin Wu’s figure gradually disappear and sighed in their hearts. But they didn’t see Heavenly Maiden Tianlu walking in front of Lin Wu.

Soon, Lin Wu and Heavenly Maiden Tianlu came to a pavilion which was a famous ancient building in Heavenly Lu City.

There was a spiritual spring bubbling next to it, the water vapors were transpiring, the immortal mist was dense and there were colorful clouds flowing nearby.

A young woman had long been waiting here. She was also dressed in white, her face was beautiful and flawless and she had an aura similar to Heavenly Maiden Tianlu.

Seeing Lin Wu and Heavenly Maiden Tianlu coming, she opened her mouth as if she wanted to say something. But Holy Maiden Tianlu smiled and waved her hand, signaling that she needn’t say more.

Lin Wu was also a little puzzled. The young woman in front of her checked his age. But before this, she had never seen such a face. She tactfully didn’t ask any more questions.

“Sit down.”

After Heavenly Maiden Tianlu motioned him to sit down, she walked to the other side. At the same time, she raised her plain hand and a faint radiance fell, covering the ancient building, preventing any news from here from spreading.

Lin Wu looked suspiciously at Heavenly Maiden Tianlu in front of him, wondering what her plans were, and she needed to be so cautious.

“Heavenly Lu City is actually not safe. There are many observers from the Upper Realm. In fact, before we knew it, someone had already been placed here. So it’s better to be careful.”

Holy Maiden Tianlu couldn’t help explaining with a smile when she saw that he seemed a little puzzled.

Lin Wu’s heart jolted. He didn’t expect that Heavenly Lu City, which he thought was the safest, actually had observers from the Upper Realm.

Since this sentence was said by Heavenly Maiden Tianlu, it could not be false. No one in this world knew Heavenly Lu City better than her.

“I see, what do you need from me?”

Lin Wu’s face was serious, and he said in a deep voice.

“In three days, I will leave Heavenly Lu City with you and go to Boundary Monument Sea to rescue your sweetheart. Until then, don’t give away my tracks, and don’t mention this to anyone.”

“I need you to promise me this.” Heavenly Tianlu said, looking out of the ancient building, it seemed to fall in the direction of the sea of ??Boundary Monuments.

Lin Wu hesitated, then nodded and assured, “I can do this.”

“I believe you.”

Heavenly Maiden Tianlu’s expression was very gentle and she continued, “In this case, after three days, let’s meet outside Heavenly Lu City. During this period, you can find a helper you think you can trust.”

After finishing speaking, she waved her bare hand again and the misty light fell, but Lin Wu had already disappeared and appeared outside the ancient building.

Such a mysterious method made his heart tremble. The Holy Maiden Tianlu just now seemed to be quite complicated. Thinking of this, he inexplicably gained a little more confidence.

“Luluo, wait for me... I will come to rescue you right away.”

Afterward, Lin Wu strode away, full of excitement and apprehension and rushed to the Lin family’s residence, intending to call up people.

At the same time, he sent a message to Granny Lu Cui at the time, asking her to go with him to rescue their young lady.

After Lin Wu’s figure disappeared, Heavenly Maiden Tianlu in the ancient building lost the gentle expression on her face, showing some thoughtfulness.

“Master... are you really going to the Boundary Monument Sea?”

The young woman behind her had doubts and worries on her face, and she was very disturbed.

Heavenly Maiden Tianlu nodded with an inexplicable Dao rhyme appearing on her face, and then she sighed, “This time, life and death are uncertain and the road ahead is boundless. If I can’t come back this time, the safety of Heavenly Lu City in the future will be handed over to you.”

“You don’t have to avenge me. If even I can’t solve this disaster, it’s useless for you to avenge me. So stay in the city and cultivate well.”

Her words seemed very calm as if she had known all this for a long time. Hearing this, the young woman’s face was full of reluctance and sorrow. She said in a trembling voice, “Master, even you are not sure?”

She knew that with her Master’s character, she would not easily say words like confessing her last words. This could only show that even she was not fully sure about this trip to Boundary Monument Sea.

Heavenly Maiden Tianlu smiled lightly, still very calm as if she knew what she was going to face.

“I deduced that Gu Change ten times in total for my teacher, but the result was backfired nine times and even one time I only got a glimpse of a gloomy future...”

“Master, you know that he is so strong, why did you go?” The young woman’s lips were pale and trembling slightly.

Heavenly Maiden Tianlu shook her head and said, “As Holy Maiden Tianlu, this itself is our destiny, so you don’t have to be too sad.”

“Actually, a few years ago, as a teacher, I should have given you the identity of Heavenly Maiden Tianlu. However, you are still young, your cultivation level is not strong and it coincides with the invasion of the Upper Realm, so your teacher was really worried about you.

“But things have reached this point today, and it’s beyond your control. You also need to grow up gradually, shoulder great responsibilities and shoulder your own mission. And keep this city alive.”

“I see, Master.”

Hearing these words, the young woman also understood that no matter how she persuaded it was useless. She couldn’t help but her eyes turned red, her voice choked up, and she nodded emphatically.

Heavenly Maiden Tianlu showed tenderness and touched her head.

“Don’t be so frustrated, what if the master can come back?”

Having said that, she also had no idea in her heart. In the beginning, the Enlightened being from the Ancient Royal family of the Upper Realm knocked on the barrier and rushed to the gate of Heavenly Lu City.

She had full confidence to kill him. However, when facing a worldly genius she felt unspeakable powerlessness, without the slightest confidence.

Not to mention the shore of the sea of ??Boundary Monuments, which was now called a tiger’s lair, where various powerful forces were stationed and there were countless powerhouses.

Once her traces were exposed, everyone would hunt her down. But in her opinion, this was also the only chance to get rid of Gu Changge. It was definitely not possible to fight head-on, so it could only be taken by surprise.

And soon three days passed, at the gate of Heavenly Lu City. In front of a grand and ancient altar, Lin Wu waited here with many creatures and cultivators. Every cultivator and creature was shrouded in divine splendor, wearing a battle suit, and had a strong aura.

### **Chapter 457-2: Heavenly Maiden Tianlu’s plan, May catch a big fish (2)**

In addition to him, there was Granny Lu Cui who escaped together with other members of the Lu Clan. However, the cultivation base of the strongest was only the Supreme Realm and there were only two of them.

One was Granny Lu Cui, and the other was an old monster from the Lin Clan, who was sent to protect Lin Wu. The act of rescuing Luluo this time was extremely dangerous, and no one was willing to accompany him at the beginning.

Even if the Supreme being went there, it could be said that there would be ten chances of death and no life. However, considering Lin Wu’s identity, the Lin Clan sent some people to accompany him.

So at this moment, everyone’s faces were silent and tragic, as if they had already expected the ending. Because according to the agreement, Lin Wu did not mention the existence of Heavenly Maiden Tianlu to everyone.

He also knew that the existence of Heavenly Maiden Tianlu was like a trump card and could not be easily exposed. Around the teleportation altar, there were still many young creatures and cultivators standing, looking at all this with complicated eyes.

Among them was a young genius who belonged to the Eight Desolation and Ten Regions and his talent was extremely powerful. Some people could even stand shoulder to shoulder with Lin Wu. He was shrouded in divine light with golden flames beating on their shoulders.

Some of them wanted to go to the sea of ??Boundary Monuments with Lin Wu. But they were all persuaded by the ethnic group behind them and they were all silent at the moment, seeing Lin Wu and others off.

But at this time, there was a faint fluctuation in the void, a divine light filled the air, an inexplicable Dao rhyme spread and Heavenly Maiden Tianlu appeared.

Except for Lin Wu, no one else noticed her. She was still dressed in clean white clothes, her whole body was radiant accompanied by a delicate fragrance like a treasured body with immortal muscles.

Heavenly Maiden Tianlu smiled slightly at Lin Wu, she was clearly standing here, but no one could see her. This method gave Lin Wu a little more confidence.

“Let’s go.”

Soon, the brilliance on the teleportation altar lit up, dazzling and Lin Wu led everyone into it.

A burst of space fluctuations filled the air and then everyone seemed to be shuttling through the cosmic tunnel. It could be seen that many stars were floating and the galaxy was rolling, rolling up the silver light all over the sky.

Above the sky, a brilliant divine light could be seen which seemed to have torn apart the universe as it turned into a passage and fallen towards the distant Boundary Monument Sea.

...

On the shore of the Boundary Monument Sea, on the majestic and ancient warship, the chaotic mist was flowing, the colorful clouds lingered and the palaces and pavilions were standing tall as if the treasures of the gods had fallen here.

The black army was stationed here, full of murderous aura. The terrifying evil spirit turned into a banner and fluttered between heaven and earth. This was a terrifying force. The evil spirit that permeated it alone could make many ancient worlds tremble.

Even if it was separated by hundreds of millions of miles, the armies of the Eight Desolations and Ten Regions in the distance would be afraid to approach and could only wait and see from a distance, taking precautions against sudden attacks from here.

Although many powerful forces chose to station here, waiting for more troops to arrive. But there were also strong men who led the iron cavalry to rush forward without any scruples, like a torrent, sweeping everything along the way, unstoppable.

In front of the chaotic world that could be called boundless, it stopped. There, even Enlightened beings had to be cautious and not be careless, because there was a risk of getting lost in it.

Moreover, there were countless divine storms, turbulent flows in the void and chaotic oceans which could be called terrifying. They could easily smash people to pieces.

As the largest barrier in the Eight Desolations and Ten Regions, the danger of the Heavenly Boundary Abyss needed no explanation. It would take a lot of time to decipher the correct route.

Over the past countless years, changes had taken place in the Heavenly Boundary Abyss. Even cultivators from the Eight Desolations and Ten Regions had to pay attention all the time to find the exact route.

The mighty army stagnated in front of the Heavenly Boundary Abyss and some of the strongest began to deduce, trying to crack the correct route.

And somewhere in Heavenly Boundary Abyss, a misty brilliance flashed. Several figures appeared on an ancient altar, then broke through the space, disappeared again, and did not cause any movement.

At the same time, in the dark and damp dungeon. Luluo's complexion turned slightly pale and she couldn't help shivering when she saw Gu Changge open the cell door and walk in.

"I gave you three days, have you thought about it?" Gu Changge glanced at her casually, guessing in his heart that when Lin Wu arrived, it should be almost the same.

"Don't even think about it, I won't betray our world." Although Luluo's expression could not hide her fear, she was still very stubborn and did not give in.

"Really? If that's the case, are you going to watch Lin Wu, who came to rescue you, die here?" Gu Changge smiled indifferently.

Then, outside the dungeon behind him, a tall woman with pale moon-white skin walked in. There was a faint golden line between her brows and her facial features were beautiful, quite touching.

"You! What do you want to do?"

Seeing this scene, Luluo didn't understand Gu Changge's intentions, but felt uneasy in her heart, and couldn't help but back away.

"Let's start." Gu Changge ignored her but said to the tall slender woman behind him.

"Yes, Young Master Changge."

The tall slender woman was very respectful to Gu Changge. Hearing this, she walked up to Luluo, and regardless of her frightened and restless expression, she stretched out her hand and placed it on her forehead.

**Buzz!!**

In the next moment, bursts of rays of light emerged as if intertwined with the divine light. Her tall slender woman became blurred and her bones, flesh and heart seemed to be being reshaped.

Her facial features, body shape, and even her breath and temperament were all changing. This was not a simple method of disguise, but to remove all the bones and flesh from the body and then rebuild and shape it.

Almost in the blink of an eye, she transformed into Luluo. Except for some differences in the dresses, the rest of them looked like they were carved out of the same mold, they were exactly the same, and there was no difference.

Even the expressions of fear and anxiety are imitated vividly.

“You! Who the hell are you? What do you want?”

Luluo looked at the woman who was exactly like her with a pale face, and the fear in her heart was even deeper. She had vaguely guessed Gu Changge’s intentions.

“It’s not bad, but it’s just superficial, I’m afraid it won’t be able to hide from the Divine Mirror of Heaven and Earth from the Eight Desolations and Ten Regions. But it should be enough to lie to that guy named Lin Wu.”

Gu Changge ignored Lu Luo and took a careful look at the woman in front of him before nodding with some satisfaction.

The woman in front of her was named Mi Chun, she was the girl of the Mirage Clan, and she was sent to him these days to find her. Because the Mirage Clan was the best at disguising, especially the existence of the mirage beads, which could cover up their original aura very well. It could be said that it was difficult to distinguish between true and false.

However, if one wanted to mix into Heavenly Lu City because of this it was still a bit difficult. Because the Divine Mirror of Heaven and Earth was suspended in the air, it could reflect the noumenon of the creatures in the Upper Realm.

The environment of the two worlds was different and the laws of Dao were different, so it was easy to detect the difference. But if he cheated Lin Wu in a short time, there should be no problem.

“You said that when Lin Wu came to rescue you, would you know that what he rescued was actually just a counterfeit?” Gu Changge glanced at Luluo, with a vague smile on his face, and said, “But even if he knew, he probably wouldn’t dare to do anything, after all, you are still in my hands.”

“You... are a monster...”

Listening to these words, Luluo finally understood Gu Changge’s sinister intentions. Her voice trembled, and her heart was full of fear and sorrow. It turned out that he never planned to let Lin Wu rescue her from the beginning to the end.

Instead, he intended to use her to continuously force Lin Wu to work for him. For her, this could be said to be torture and suffering that was worse than death. How could she remain indifferent seeing Lin Wu being used by Gu Changge?

As Gu Changge said before, she actually had no choice but she didn’t expect Gu Changge’s method to be like this. Luluo’s face paled.

However, Gu Changge had already left with Mi Chun beside him and didn't pay much attention to her who was lying on the ground.

"If Lin Wu dares to show up this time, it means that there is a spear by his side. The reliance of the Son of Luck should not be too simple. Lin Wu is not a stupid person. Unless he is sure, he will not come to rescue this woman. So... it looks like I caught a big fish."

Soon, the space in front of him was torn apart. Gu Changge's eyes were a little strange, and he stepped into it with a mirage, heading towards the sea of ??Boundary Monuments.

He actually wanted to know how many Enlightened beings still existed in the Eight Desolations and Ten Regions.

After all, the Eight Desolation and Ten Regions were no better than the Upper Realm, and the Enlightened beings were almost the peak combat power. Even if there were remnant Immortals, they had not appeared in the world for countless years.

### **Chapter 458-1: Many unrighteous deeds will kill you, That's what I want (1)**

The yellow sand was rolling as the bones were flying and the setting sun was like a round ball emitting a bright red blood color.

One after another divine lights galloped under the sky, rushing to this place. Lin Wu's hair was curled up, his body was like a dragon, piercing the sky and he had an astonishing aura.

His cultivation base was really top-notch among his peers of the Eight Desolations and Ten Regions. He was not inferior to the older generation of cultivators in the slightest. There was anger and unwillingness in his heart, but more restlessness and worry.

After coming out of Heavenly Lu City, they passed through Heavenly Boundary Abyss on the way. They left that place quietly and rushed to the Boundary Monument in the borderland.

They hardly stopped along the way. But what they saw really made them burst into anger. The former Eight Desolations and Ten Regions were now occupied by the forces of the Upper Realm.

There were still fires burning in many places, which seemed to be able to scorch the sky, but it was difficult to extinguish them. There were hundreds of thousands of miles of barren land without any living beings.

Facing this scene, they were helpless. They could only watch it helplessly before leaving quietly in the dark.

"This group of damned Upper Realm beings burned, killed, plundered and committed all kinds of evil. If they don't break through the defenses of Heavenly Lu City and don't enter the Eight Desolations and Ten Regions, they will never give up!"

"What kind of enmity is there between us and them..."

Some powerhouses turned red because their anger was hard to suppress. There was great hatred in their hearts and at the same time a deep chill. Because the characters they were going to face now were thousands of times more terrifying than the forces they saw on the way.

During this journey, there would exist ten chances of death but no chance of life, and they already had the intention of dying.

“After saving your sweetheart, take them away.”

Heavenly Maiden Tianlu had been following Lin Wu and others. She had never shown her figure. Hearing this, she couldn't help sighing in her heart, thinking of an ancient secret and her expression became complicated.

She didn't intend to let this group of people die for no reason. Lin Wu was a little dazed, and then couldn't help asking, “What about you, Holy Maiden?”

He respected Heavenly Maiden Tianlu from the bottom of his heart, because judging from the events during this period of time, she was so focused on the safety of Heavenly Lu City that she even went to the Heavenly Boundary Abyss in person.

Even if her life was in danger, she could not escape safely.

This kind of great kindness and virtue along with the hard work for countless cultivators and creatures of the Eight Desolations and Ten Regions, really made him admire her. He could not repay her.

“I'll break it down for you later and solve this serious problem from the Eight Desolations and Ten Regions.”

Heavenly Maiden Tianlu still said with a smile on her face, giving people a refined and natural feeling as if it was just a trivial thing. Lin Wu was silent. At this time, with his strength, he couldn't even help Heavenly Maiden Tianlu.

This made him clench his fists and feel deeply powerless.

Soon, there was the sound of big waves crashing into the sky. The momentum was huge and unparalleled as if worlds were being pushed and colliding.

This was the power of the Boundary Monument Sea. One of the waves was said to be composed of broken ancient worlds and universes, even small worlds could be seen rolling up and down in it.

After arriving here, he could feel the evil spirit soaring into the sky, hovering between the sky and the earth. Countless powerhouses had fallen here and the resentment of the dead enveloped the world, forming a gray mist.

On the cliff in the front, he saw three figures standing in the distance. They were very blurry with light and shadow fading, as if separated by an ancient universe.

“Gu Changge!!”

Lin Wu gritted his teeth and clenched his fists. He saw the young man from a distance seated still with that flat and indifferent expression, aloof.

His white clothes were whiter than the snow, spotless and his posture was like that of an immortal, which was extraordinary and refined.

His whole body was shrouded in divine light, surrounded by chaotic air. Just standing there, he seemed to be the center of the heavens and worlds. Even the void couldn't bear his presence.

He seemed to be quietly waiting for their arrival, giving an unparalleled sense of tranquility. He obviously had the face of a banished immortal, but his methods were cruel and indifferent, which made people feel frightened.

The big waves of the sea of Boundary Monuments rushed up behind him, but they collapsed turning into ashes.

"Are you finally here? You didn't disappoint me."

Gu Changge was standing on the cliff, watching Lin Wu lead many powerhouses to catch up with him, with a faint smile on his face.

"Gu Changge, I have come here according to your request, let Luluo go."

The figures of Lin Wu and others fell from the sky and everyone stood in line, staring at Gu Changge vigilantly. He couldn't help shouting angrily.

"Miss..."

Granny Lu Cui looked even more worriedly at Luluo, whose cultivation had been sealed and was firmly restrained in place.

"Lin Wu, why are you so stupid? It's not worth it for you to save me."

Although Luluo's complexion was pale, she couldn't hide her emotions. Her eyes were red as if she might cry at any moment.

"Luluo, are you alright?" Lin Wu looked at her with some concern, worried that she would be hurt during this period. But it seemed that although Luluo's cultivation had been sealed, her aura was not disordered and her blood was not sluggish.

This somewhat relieved him.

"I'm fine." Luluo shook her head, looking both moved and worried.

"It's the two people who are sincere and I'm a little moved."

Gu Changge interrupted the mutual complaint and waved to Alpha behind him to grab Luluo.

"Gu Changge, let Luluo go, if you want anything, come at me! I have come here according to your request, what else do you want to do?"

Seeing this, Lin Wu's complexion changed again. He was very angry, his eyes almost burst into flames and he stared fixedly at Gu Changge.

If it wasn't for his lack of cultivation, he would have wanted to rush forward at this moment and fight Gu Changge for hundreds of times.

"I'll let her go. But you have to agree to one request. Otherwise, I will throw her down from behind. I wonder if she can bear the aura of Boundary Monument, or will she be crushed to pieces?"

Gu Changge smiled lightly and at the same time signaled Alpha behind him to do it at any time.

The terrifying wind surged from under the cliff, not to mention the younger generation, even the older generation whose cultivation base had reached the Great Sacred Realm, did not dare to approach it.

Luluo's expression suddenly turned pale with fear, but she clenched her teeth tightly. She was extremely stubborn, she didn't say a word and she didn't beg for mercy. She didn't seem to be afraid of death.

"Gu Changge, stop!"

Lin Wu's complexion changed suddenly, his whole body trembled, his teeth were clenched and he almost went mad with hatred.

Many powerhouses behind him also changed their expressions, worried that Gu Changge would order his subordinates to throw Luluo down.

"Lin Wu, don't promise him. He wants you to respond internally and remove the formation core of Heavenly Lu City. I am very satisfied seeing you come to save me, and I will die without regret."

But at this moment, Luluo showed a satisfied smile on her face, which was extremely beautiful, like a sunset that was about to fall into the horizon.

"Luluo..." Lin Wu's heart was twisted, his eyes were red, and he couldn't calm down at all.

Especially when he heard Luluo's decisive words, he felt that his heart was about to be torn apart. It really hurt so bad!

"What she said is exactly what I wanted to ask. If you can agree, then I will let her go. If you can't, then pray that you can see her in your next life."

Gu Changge still had an indifferent and faint smile on his face as if he was not in a hurry. His eyes swept over Lin Wu, and then they fell somewhere behind him as if he was interested.

"Chi!" And at this moment, a piece of crystal light rain fell.

With a chirping sound, it turned into terrifying big stars, rumbling and turning, covering the sky and the sun. The sky was filled with golden rays of light, with an invincible power like a mountain pressing down on it and attacking Gu Changge!

"So you finally decided to make a move?" Gu Changge smiled lightly, as if not surprised.

Just pointing forward with one finger, the mighty power was like a universe crushing past and the stars all over the sky were shattered. The sky collapsed and the earth shattered, the universe trembled and the terrifying aura rolled back, splitting the sky.

This was a power beyond the Supreme Realm, and it immediately rushed out. The stars trembled and were about to fall down.

Under this kind of aura, even the creatures beyond the endless distance could feel it, and they couldn't help but kneel down and pay respect to a peerless Emperor.

"What?"

Everyone except Lin Wu looked at this scene in shock, but they didn't expect that there would be an extremely powerful person hiding in the dark. And this aura made them tremble uncontrollably. They couldn't help but bow down and kneel down in front of them.

It was a very slender figure in white clothes, like a Buddha lotus, shining brightly and intertwined with clouds, walking out of void, making one suspect that this was a female immortal who just descended from the immortal world.

Her temperament was ethereal and sacred. When she brushed her bare hands, a misty clear light emerged, evolving various divine powers and spells and the aura of chaos permeated.

The heaven and the earth were mysterious and yellow, the universe was prehistoric, and the eight ancient characters were brilliant and eye-catching, implying the meaning of good fortune.

"Luluo!"

Taking advantage of this opportunity, Lin Wu yelled. He sacrificed a forbidden weapon that had been prepared for a long time as it turned into pieces of terrifying runes with a tremendous aura and attacked.

Seeing this, the rest of the people also took action one after another, showing various powerful means to save Luluo.

#### **Chapter 458-2: Many unrighteous deeds will kill you, That's what I want (2)**

Although they were well prepared before coming here, they were still not the opponents of Alpha in the Quasi-Emperor Realm. He just raised his palm and covered it forward, causing everyone to cough up blood and fly backward, almost exploding.

Even if they were two invincible Supreme Realm existences, they were still coughing up blood and flying upside down, covered in blood.

Lin Wu was the first to bear the brunt. With a muffled groan, his whole body was torn apart and almost turned into powder.

Fortunately, at the critical moment, a phantom of a blue real dragon appeared in his blood, as if he was recovering and an ancient aura rose up, making his injury heal quickly. But he was still seriously injured and lost his ability to fight.

"Is this your confidence?"

Gu Changge glanced at Lin Wu as he said casually and looked at the woman in white with great interest. He knew a big fish would come but he hadn't expected it to be this big.

Judging from the fluctuation of the attack just now, she had surpassed the average Enlightened being. Now, there were not many Enlightened beings who could be called by name in the Eight Desolations and Ten Regions, and she was still a woman.

"I seem to already know your identity."

Gu Changge looked at the woman in white in front of him. In his eyes, there were brilliant runes flashing like endless broken gold, crushed by the momentum of the Dao, causing the void to make a rumbling sound of thunder.

“Performed a great amount of unrighteous deeds will kill you. What’s the problem even if you know about me?”

Heavenly Maiden Tianlu took a look at the heavily injured Lin Wu and the others. She waved her plain hand, the glow was dim and she spoke with an unchanged expression.

### **Buzz!**

In the next moment, above her head, a golden book appeared and flipped autonomously. There was a clattering sound, and mysterious brilliance flashed across the pages, crystal clear and brilliant, flowing with the aura of Dao.

This was a very mysterious treasure. The moment it appeared, it released a brilliant glow, covering the world in all directions as if it had turned into a universe, trying to suppress Gu Changge.

In this universe, there were many stars that could evolve because of her thought and turn into various divine powers. There was a brilliant immortal light, also a peerless immortal sound, crushing and falling, the power was unparalleled.

The void collapsed and the sun, moon and stars outside the territory were all affected as they were falling towards this place quickly.

“Heavenly Suppressing Art? It turned out to be Heavenly Maiden Tianlu. I didn’t expect you to be so alarmed to try to kill me.”

“This really makes me a little honored. However, where did you get the confidence to think that you can kill me? Is it because you suppressed and killed the cultivator of the Ancient Royal family in front of Heavenly Lu City?”

Gu Changge noticed her technique, and couldn’t help raising his eyebrows, as if he was surprised. But his words were still very casual and didn’t pay much attention to them.

While speaking, he flicked his fingers forward and the thick sword energy, like an endless mountain, pierced through the universe, faintly shining with peerless sharpness, brilliant and invisible as it suddenly cut forward.

The stars exploded and turned into ashes all over the sky before turning into dust under the aftermath of a wisp of sword energy.

“Whether I can kill you or not will be known after the battle.”

Heavenly Maiden Tianlu’s eyes fell on his face, and she attacked again. It had to be said that her Heavenly Suppressing technique was very mysterious and miraculous, it used heaven and the earth as the power. The sun, the moon and the stars as the guide, and the golden book page constructed by the Dao rune was the carrier.

### **Boom!**

The golden pages continued to flip, the sound shook the universe and the golden aura was majestic and thick as if stars were hovering in it. They were rushing out of the sky with divine light, enough to flood the eight directions of the star field.

Clank!!

However, Gu Changge still raised his hand and shook lightly, shooting out sword aura one after another. There was no extra means, it was very simple.

The sword energy pierced through outer space, illuminating the deep and cold universe, and cut down the laws one by one, turning them into ashes, even the golden pages quickly dimmed.

The two quickly played several moves against each other, but neither of them really showed their strongest skills. Heavenly Maiden Tianlu was trying to test Gu Changge's depth, but unfortunately she failed to do so.

She became Enlightened countless years ago, and she thought that she had seen countless celestial beings, whether they came from the Eight Desolations and Ten Regions or the Upper Realm.

But she had never seen such an unbelievable genius like Gu Changge. He was only in his early twenties, but he was already at the first level of the Quasi-Emperor Realm.

He could even fight many tricks with her, a veteran Enlightened being, without losing the wind. And now, Gu Changge had not shown other means, such as the gourd he got at that time, etc.

If he was just a first-layer Quasi-Emperor Realm cultivator, he would have been slapped to death by her palm a long time ago.

"You are indeed very strong. You are the most powerful genius I have ever seen. It is not an exaggeration to describe it as unparalleled in the world."

Heavenly Maiden Tianlu sighed softly, then smiled. That kind of face was peerless and sacred, so bright that it made the sky pale. It was enough to make any creature in this world stunned and tremble.

However, Gu Changge's expression remained unchanged.

"Since Heavenly Maiden Tianlu is so highly regarded, why not come under my command. After breaking through the Eight Desolations and Ten Regions, I will make you the domain master and control the endless territories. Compared with living in Heavenly Lu City, you will be a million times more free than before, how's that?"

"If you don't want to, there is still a position of concubine by Gu's side. If Heavenly Maiden Tianlu enters Heavenly Lu City with me, you will definitely have a place behind Gu in the future."

He smiled faintly and raised his hand to attack. With a buzzing sound, a golden spear flew towards the sky with a murderous aura. It seemed to be able to penetrate the universe. It was condensed by the Dao runes, entangled with countless laws, and wanted to pierce through the golden pages of Heavenly Maiden Tianlu.

Heavenly Maiden Tianlu's eyes were not turbulent, she just shook her head lightly and said, "Differences in ways do not conspire with each other. Gu Changge, you should save yourself the trouble."

In the next moment, she raised her hand and carved out pieces of runes, the power of mighty Emperor, and the misty chaotic aura flowed. It was like a universe, vast and endless, submerging the heaven and the earth, dispelling Gu Changge's technique.

At the same time, the lingering prestige remained undiminished, and continued to attack him. And the target was not Gu Changge, but Alpha who was holding Luluo.

She intended to force Alpha back, so as to save Luluo from him. Seeing this, Alpha's complexion changed slightly. With his strength, he didn't dare to accept this technique forcefully, so he had to retreat.

And given this opportunity, the misty chaotic energy shot out by Heavenly Maiden Tianlu turned into a white jade hand, covering the sky and sun as it slapped down on him.

Alpha, who had already been ordered by Gu Changge, naturally did not hesitate to let go of Luluo and quickly retreated in the other direction. Heavenly Maiden Tianlu made a quick move, rolled up her sleeves, and pulled Luluo back.

"Luluo..."

Lin Wu and the others couldn't help looking a little surprised, they didn't expect Heavenly Maiden Tianlu to save Luluo.

They hurried forward. But Heavenly Maiden Tianlu cast a misty light before they approached, dividing the space in front of them and sending them all away.

For a moment, there was only her and Gu Changge left here. Lin Wu and others appeared a million miles away in an instant. Seeing this scene, Gu Changge didn't try to stop them and his eyes were a little strange.

Then he shook his head slightly and said with some regret, "Why bother Heavenly Maiden Tianlu? Are you going to sacrifice yourself to save them? I don't think it's worth it."

Heavenly Maiden Tianlu seemed to be a little relieved after doing this, and her eyes became calm again.

"Nothing is worth it. And, after sending them away, I can deal with you with peace of mind."

As she said this, a brilliant divine light appeared between her brows, immortal muscles and precious body, surrounded by a kind of fragrance which was the embodiment of the Great Dao entering the body and carrying the will of heaven.

"Really? Treat me with peace of mind? This is actually exactly what I wanted."

Gu Changge smiled faintly, the smile on his face quickly disappeared and his indifference returned. In the next moment, a dense gray fog suddenly appeared behind him, surging like an abyss as if manifesting from another unknown latitude.

The river of time dried up and the thunder and lightning turned into ashes. In an instant, the endless sky was covered and the universe was suddenly enveloped.

Seeing this scene, Heavenly Maiden Tianlu seemed to think of something and her originally peaceful expression couldn't help but change.

## **Chapter 459-1: Bewitched Dao Heart of Heavenly Maiden Tianlu, How can you convince me? (1)**

On the bank of the sea of ??Boundary Monuments, Gu Changge stood with his hands behind his back. He was slender, dressed in white clothes whiter than snow emitting an extraordinary and refined temperament with a godly bone and fairy appearance, but his expression was extremely indifferent.

As his sleeves rolled up, big stars seemed to fall from the universe outside the domain. Flames fell from the sky, hurricanes appeared on the ground and the black Dao runes flooded one after another, vast and endless, without seeing the edge.

This was a vast power, even the runes were from an age unknown, it was difficult to construct such a terrifying scene. Countless creatures in this universe were frightened from the bottom of their hearts as if facing a world-destroying Demon.

During the whistling, there seemed to be hundreds of millions of Heavenly Demons roaring and the gray fog suddenly swept in, covering the world in all directions.

It was a fog from unnameable, unfathomable latitudes. In an instant, only the vast and endless grayness remained in the world, intertwined with various complex, chaotic, and maddening auras.

Under this kind of aura, not to mention ordinary cultivators, even the Supreme One who had cultivated for tens of millions of years would feel palpitations and horror and their Dao heart would be soaked by the demonic energy.

“The legendary Myriad Transformation Demon Realm. Without a trace, it is one of the nine wonders in the world. It is said that any creature that falls into the Demon Realm will eventually get lost.”

“However, there are very few cultivators who have seen the Myriad Transformation Demon Realm with their own eyes since ancient times.”

“I always thought that the Myriad Transformation Demon Realm was a certain mysterious space in the legend, but I didn’t expect this to be this. And it turns out that this is your hidden identity, I was careless after all...”

Heavenly Maiden Tianlu looked at the gray fog that was covering the sky and covered the ground. Her expression changed slightly and she quickly calmed down with Buddha nature emerging from her body.

She opened her mouth softly, sighed and then there was a surge of light on her face, and she began to chant the ancient scriptures. The immortal flesh was crystal clear, accompanied by a delicate fragrance, and pieces of runes evolved from under the skin, like ancient immortal scriptures, where the light was shining, dazzling.

This was more like a Buddha lamp in the dark with a majestic appearance, its brilliance could not be underestimated and it could drive away the gray fog. But... It still seemed very weak and couldn’t play any main role.

This scene was like a candle in the dark abyss, but it could only illuminate a small area around her. Heavenly Maiden Tianlu frowned and turned more cautious. She sat cross-legged on the same spot, shining brightly.

Each imperial script, containing the supreme power of the gods was imprinted in the void, trying to resist this power. At this time, she had given up her plan to attack, knowing that with her current methods, she could not compete against Gu Changge.

The moment Gu Changge revealed his true identity, she already understood. Gu Changge's hidden methods were simply beyond imagination and could no longer be understood by common sense.

Ordinary Enlightened beings would never be his opponents.

"You have good eyesight, and you actually recognized the Demonic Myriad Transformation."

Gu Changge raised his eyebrows slightly, but his expression was still indifferent.

### **Buzz!!**

In the next moment, hundreds of millions of jet-black rays of light condensed from his palm and then rolled forward as if they could overwhelm the world. In the billowing gray fog, there were also other two colors mixed in, which were black and white representing life and death.

Black and white swept across, turning into a world-destroying millstone, flowing with a terrifying aura of destruction, rolling down from all directions of the world.

In this Demon Realm of Myriad Transformations, Gu Changge was the absolute master. Even Enlightened beings couldn't perceive the laws of heaven and earth, the traces of Dao and mobilize any power.

The horror of this power was in the fact that it could continuously devour the strength, life, origin and cultivation of the cultivators in it. It could be said that it was pervasive, penetrative and could not be resisted at all.

Many uninformed cultivators regarded Myriad Transformation Demon Realm as an incredible thing like Absolute Heavenly Extinction. But they didn't know that this was just a method from the forbidden demonic art.

Moreover, the Myriad Transformation Demon Realm displayed by the inheritor of the demonic art was only a prototype which was not enough to compare with what Gu Changge displayed.

Whether it was power or level, there was no comparison.

### **Clank!!**

Immediately, a dazzling brilliance erupted here, with a monstrous momentum, shaking the heaven. All the thick fog was swallowing away, trying to wrap the Heavenly Maiden Tianlu who was sitting cross-legged and drag her into the abyss of eternal doom.

In Myriad Transformation Demon Realm, there was not only the terrifying devouring power. What was more, all kinds of demonic thoughts and ambiguities in this world were pervasive. Even the existence of the strongest Dao heart could hardly sustain it.

"How long can you last?"

Gu Changge stood in the distance, looked at her indifferently, and did not move extraneously. He was not in a hurry to kill Heavenly Maiden Tianlu.

And compared to killing Heavenly Maiden Tianlu, she was obviously more useful alive. The barrier of Heavenly Lu City had been controlled by Heavenly Maiden Tianlu for generations.

Therefore, if Gu Changge wanted to break through Heavenly Lu City and open the core of the formation, it could be said that he must deal with Heavenly Maiden Tianlu.

“You can’t mess with my heart.”

Heavenly Maiden Tianlu’s complexion turned slightly pale, but her expression was still calm.

She was very confident in her Dao heart. She had cultivated Dao for countless years, the world was full of vicissitudes and the red dust was rolling, all of which were like passing clouds.

### **Buzz!!**

The void trembled. The light of Buddha and the rhyme of Dao were intertwined, and there were endless rays of light emerging here. In the void around her, those illuminated emperor scripts were constantly burning, trying to wipe away the thick fog that was engulfing her.

It seemed that stars were constantly falling and finally collided here before exploding. Such fluctuations were too vast and majestic, almost like falling from the sky. No one could bear it except the Enlightened beings.

Even her face was pale and her body was shaking constantly.

“Is the so-called Dao heart really that strong?”

Gu Changge was very indifferent and his figure instantly appeared in front of her. He raised his palm and pressed it forward, as if an ancient universe was evolving between his palms, and then fell with a rumble.

This kind of aura was extremely terrifying and it kept obliterating the emperor texts around Heavenly Maiden Tianlu, their brilliance dimmed and quickly shattered.

Faintly, it seemed as if hundreds of millions of heavenly demons roared towards her, wanting to pass through her spiritual platform and fall into the heart of the soul palace.

### **Chi chi!!**

“If the heart of Dao does not exist, how can we trek forward on this road of cultivation?”

Heavenly Maiden Tianlu’s expression remained unchanged, she simply replied to Gu Changge’s words.

At the same time, another divine power of Dao was displayed again. The clear light between her sleeves turned into thousands of Dao swords, each Dao sword was enough to cut through the sky and thousands of swords fell all together with brilliant and indestructible power to fight.

At the same time, above her head, a peaceful and sacred brilliance emerged. It was a lotus flower with nine petals in total. It was golden, very eye-catching and contained mysterious and unpredictable meanings.

This golden lotus was obviously some kind of innate thing with innate formations and runes. This Dao turned into chains of laws, piercing through them like trying to cast down a demon.

But at this moment, one could clearly see strands of black aura passing over her face. Though it was firmly suppressed by her. The longer she stayed in Myriad Transformation Demon Realm, the more serious the impregnated demonic energy became, even with her physique.

Over time, it was bound to be greatly affected. If she couldn't get out, she was bound to fall into a life-and-death crisis. And from the beginning until now, Gu Changge never took the initiative to attack, but just watched her resist there.

This made Heavenly Maiden Tianlu's heart sink more and more.

**Boom!!**

"I want to see how long your Dao heart can last."

Gu Changge said lightly, still shaking his robe, shooting out divine lights like divine swords, heavenly knives, and heavenly thunders with the most powerful divine brilliance, attacking Heavenly Maiden Tianlu.

The scriptures around her rapidly dimmed, the Dao sword that had been cut off was also collapsing, and the light on her body was rapidly fading away.

"I don't believe you can maintain this Myriad Transformations Demon Realm forever."

Heavenly Maiden Tianlu's eyes kept falling on his face and they were still like an old monk who had already entered meditation.

"However, it seems to me that you are not in a good state..."

Gu Changge attacked again and there were hundreds of millions of gray fog behind him, surging and mighty completely covering her. The Buddha's shadow collapsed and the world fell silent as if falling into the boundless darkness. This was a force from the unknown, trying to drag her into it. But Heavenly Maiden Tianlu was still resisting and there were hundreds of millions of golden lotus flowers emerging from behind her.

The light of Buddha was shining everywhere, dispelling the gloom of this place. Surrounding her body were golden lotus flowers which were amazing. Every golden lotus flower seemed to be rooted in the universe, vast and boundless.

For a moment, it seemed as if her surroundings turned into a Buddhist kingdom, in which heaven and the earth resonated. The sun was shining and there were Gods, Buddhas chanting in unison, wanting to include her in it.

It had to be said that Heavenly Maiden Tianlu's methods were amazing. She was worthy of being a veteran Enlightened being. If the world and the environment did not allow it, perhaps she would have entered a higher realm by now.

In the Myriad Transformation Demon Realm, she still fought for so long and even showed powerful means.

"It really surprised me... But what's the point of resisting pointlessly?"

Gu Changge looked very indifferent and calm, shook his head and walked away again. This time, he didn't use other means, but had a divine light in his palm, which turned into a crystal clear mirror.

The mirror expanded rapidly, and finally, a scene was reflected in the virtual space.

### **Chapter 459-2: Bewitched Dao Heart of Heavenly Maiden Tianlu, How can you convince me? (2)**

"What!"

The moment she saw the picture, Heavenly Maiden Tianlu's complexion changed. Her mood was shaken, and all the devilish energy in this place swept away violently.

Heavenly Maiden Tianlu finally couldn't help but spit out a mouthful of blood. Her white clothes were dyed red and the figure of Buddha manifested behind her was cracked inch by inch and turned into powder.

Her body trembled slightly and the black air became thicker and thicker, covering her entire face, black and heavy as if she was poisoned. But if one looked closely, they could see strands of black air scurrying around her body.

At this moment, she couldn't even see the scene in front of her clearly, and everything became extremely blurred.

"You!"

She, who had always been calm, couldn't hide the anger on her face and stared at Gu Changge closely.

"What's wrong? Isn't this supposed to be a normal development?"

Gu Changge couldn't help laughing, but his eyes were still indifferent.

"You... are really despicable!"

Heavenly Maiden Tianlu's eyes were cold and she was very angry. In the picture in front of her, it was Lin Wu, Luluo and others that she saved with a lot of effort.

But now Lin Wu and others were not in a good condition, with some injuries and death. Especially Lin Wu, who was seriously injured with a scar that almost tore him apart in front of him.

His face was sad, shocked, angry, and disbelieving. And the Luluo whom he tried so hard to save was already another woman with an unfamiliar face.

With a sneer, she held a long sword and pierced through Lin Wu's body. Heavenly Maiden Tianlu couldn't figure out why, the Luluo she rescued at that time was just a counterfeit.

Gu Changge did not bring out Luluo and there was no way of knowing if she was really dead. She didn't expect Gu Changge to be so insidious and despicable, she didn't even think about it when saving Lu Luo.

But even if she doubted it, it was estimated that it would be difficult to find the abnormality. Judging from Gu Changge's character, she definitely wouldn't notice anything unusual.

In the end, all of her efforts were in vain, she not only failed to kill Gu Changge but also brought herself, Lin Wu, and others in.

"Tell me, how can you fight with me when you are like this?"

Gu Changge's words were not turbulent, but at this moment they seemed to have attracted hundreds of millions of ghosts in the world, all rushing toward Heavenly Maiden Tianlu.

Faintly, she saw a terrifying scene like hell. Chaos, celestial demons were rampant, devastated everywhere.

The once prosperous and ancient Heavenly Lu City had been turned into a piece of waste. Dead bodies were everywhere, burning flames were everywhere, the city walls were cracked and the pavilions were turned into ashes.

Her disciple died tragically in front of a pool of blood, her body was covered with scars, and she was already lifeless. The army attacked, the Eight Desolations and Ten Regions died and endless wars swept across.

The ancient city, territory and creatures that were once guarded had been reduced to ashes and in this battle, they had been reduced to ruins. She even saw that she opened the barrier of Heavenly Lu City with her own hands, ruining Heavenly Lu City.

This was the last scene she wanted to see, although she was telling her in her heart that all of this was an illusion and did not really happen. But she still regretted the pain.

It was as if he had predicted what would happen in the future.

"Impossible! It's all fake, I'm still trapped in the Myriad Transformation Demon Realm... It's just your means."

Heavenly Maiden Tianlu was shaking her head as if she was telling herself what was going on. Her face was full of black air and the light on her body was also gradually dimming, entwined with black air before finally slowly returned to silence.

"True or false, false or true, how can you be sure that what you see now is not a scene of the future? Your so-called Dao heart is actually just a flaw..."

Gu Changge's eyes were still very indifferent, just a slap down and the imperial script, Buddha shadow, and meditation statues around Heavenly Maiden Tianlu's body were broken and collapsed quickly.

In all directions, countless gray fog enveloped her as if she had turned into a huge black cocoon. Strands of laws hung down, the Dao rumbled, the momentum was astonishing, and there was a black demonic energy permeating the air.

Heavenly Maiden Tianlu raised her head in a daze, but her eyes gradually became sober from being blurred. However, the golden lotus flowers behind her suddenly turned pitch black, full of evil spirits.

It looked demonic to the bone! But unlike the Dao heart demon seen, this was a Dao heart-bewitching demon. Although there was only a single word difference between the two, they were completely different, because the Dao Heart Demon was an act of an external object and could be controlled by others.

And the Dao heart's obsession was the relationship between one's own obsession and the deeper the sinking, the more actions were all based on one's own thoughts.

"It seems that you have figured it out."

Gu Changge looked at the woman whose aura was completely different from that of the previous Heavenly Maiden Tianlu and asked with some interest.

The former Heavenly Maiden Tianlu gave people a kind of holy Buddha nature, detached and refined, unstained by dust, just like a Buddha lotus. But now she had a completely different evil nature, more like a demonic lotus, which took root and grew in places where the demonic energy was overwhelming.

"What you said is right, so why can't that scene be seen in the future? If you want to avoid all this from happening, the only way is to surrender the Heavenly Lu City and minimize casualties."

Heavenly Maiden Tianlu nodded and said, her eyes returned to peace. If one didn't feel the aura on her body, they might feel that she was not much different from before.

"But I don't believe you."

Hearing this, Gu Changge looked at her deeply as if he wanted to see through her completely and then smiled lightly.

"I will prove it to you with my actions."

Heavenly Maiden Tianlu also looked at him calmly, her eyes were peaceful and peaceful, and there was not much disturbance on her flawless face.

"Really?" Gu Changge smiled, and then said lightly, "If you want to prove it to me, then go and open the barrier of Heavenly Lu City now and tell me the correct route from the Heavenly Boundary Abyss. Otherwise, how can I trust you?"

"No problem."

Heavenly Maiden Tianlu's eyes fell on his face, upon hearing this, she did not hesitate or resist, but nodded seriously.

"You promised so decisively, how can I trust you? I finally caught you, do you think I will let you go so easily?"

Gu Changge was a little surprised when he heard the words, but he still smiled and didn't believe what the current Heavenly Maiden Tianlu said.

Even if she was infected by demonic energy, it was impossible for her to change so quickly. If he let her go, then all of his hard work would be in vain. As for controlling things, how useful would it be at the level of an Enlightened being?

Although the current Heavenly Maiden Tianlu had a demonic heart, it might be quite different from her previous behavior. But the starting point remained unchanged, wanting to stop the invasion of the Upper Realm, and protect Heavenly Lu City and the Eight Desolations and Ten Regions.

“Then how do you trust me?”

Heavenly Maiden Tianlu frowned and soon asked as if she was seriously considering this question.

“That’s not something I’m thinking about. Shouldn’t what you have to do be how to make me trust you?”

Gu Changge raised his eyebrows, then reached out to support her delicate chin, leaned down and stared into her eyes.

Seeing that there was no change in Heavenly Maiden Tianlu’s expression, nor did she show any sign of resistance, he couldn’t help smiling and said, “You can’t even resist now? But it’s because of this that I won’t believe you even more.”

After that, he let go of her chin, rolled up his sleeves and the monstrous gray fog covering the universe also dissipated, as if all this was just an illusion.

The sky and the earth returned to normal and there was another rumbling momentum from the shore of the Boundary Monument Sea not far away.

The fluctuating battle here had disturbed many cultivators and creatures but before entering this place, they were killed by Alpha, who had been ordered earlier, so Gu Changge would not be disturbed.

Heavenly Maiden Tianlu also seemed to be lost in thought, thinking seriously about Gu Changge’s words.

“I will persuade the cultivators and creatures in Heavenly Lu City to give up their resistance and return to the Upper Realm. But you need to make sure that you don’t hurt them and there will be as few casualties as possible.”

Afterward, she spoke again and presented her plan.

“Do you think all of this is possible?” Gu Changge still smiled, mockingly.

“When the city is broken, nothing is impossible.” Heavenly Maiden Tianlu said.

“After all, do you still want me to let you go? Before I trust you, I advise you to let go of this idea. Otherwise, I will really kill you.”

Gu Changge frowned and glanced at her indifferently.

“Why don’t you trust me?”

Heavenly Maiden Tianlu frowned very tightly, Gu Changge didn’t believe her, she was just a prisoner when she said it now.

It was only a matter of time before Heavenly Lu City was breached. Unless a miracle happened in this era, what she saw was a real corner of the future. If she wanted to save the people of Heavenly Lu City, then some sacrifices were absolutely necessary.

“I don’t need you, I can also break through Tianlu City.”

Gu Changge said lightly. In his plan, even if there was no Heavenly Maiden Tianlu, as long as Luluo was in his hands.

He could also force Lin Wu to submit. As the Son of Luck, Lin Wu must be able to touch the core of the formation in Heavenly Lu City.

Now that there was also Heavenly Maiden Tianlu in his hands, it was equivalent to having one more bargaining chip in hand. When the time came, how would Lin Wu choose? This was actually not difficult to guess.

For most Children of Luck, emphasizing love and righteousness was often reflected in themselves and those related to them.

The lives and deaths of the rest were actually not important to him. And from the fact that Lin Wu would rather hand over the Immortal-Slaying Gourd than save Luluo, one could already see his temperament.

This time, the people who came to rescue Luluo did not have other ethnic groups and they all chose to stand on the sidelines and be indifferent. Even if Lin Wu didn’t say anything, he probably already had complaints in his heart.

#### **Chapter 460-1: No choice from the beginning, Extradited to the Upper Realm (1)**

Gu Changge’s plan was very meticulous, even if Lin Wu didn’t follow his plan, he still had other ways to destroy Heavenly Lu City. After all, Heavenly Maiden Tianlu was now in his hands and her life and death were completely under his control.

Since Heavenly Maiden Tianlu accompanied Lin Wu to rescue Luluo this time, she must have expected this result. So she must have made arrangements for her funeral. After her accident, a disciple or successor would succeed her and continue to guard the core of the formation in the Heavenly Lu City.

And this was exactly what Gu Changge considered. With Heavenly Maiden Tianlu in his hands, Gu Changge had a way to force her to submit. After all, there were very few cultivators in this world who could truly see their master in danger and ignore it.

Not to mention that this was the disciple or successor trained by Heavenly Maiden Tianlu herself. Even if their personality was different from hers, it was estimated that they were more or less the same as hers.

As the guardian of Heavenly Lu City, Heavenly Maiden Tianlu had fallen into his hands. If a decisive battle broke out at that time, there would probably be turbulent waves on the side of the Eight Desolations and Ten Regions.

Moreover, there was probably no more suitable hostage in this world who could be compared to Heavenly Maiden Tianlu. What was more, there was no one in the Eight Desolations and Ten Regions who was more knowledgeable about Heavenly Lu City and Heavenly Boundary Abyss than her.

To possess the correct route to pass the Heavenly Boundary Abyss, he still had to start with her. Afterward, Gu Changge took the two of them and left, intending to capture Lin Wu and start the next step.

“Who the hell are you? Where is Luluo now?”

At the same time, within a desert a million miles away from the shore of the Boundary Monument Sea. The yellow sand was rolling, revealing the skeletons buried under them, displaying the vestige of a battlefield.

A young man roared, full of grief with blood on his body. His injuries were shocking as he was angrily questioning the tall slender woman in front of him. The young man was Lin Wu, but now there was a deep scar on his body, which spewed out blood.

The rest of the people that he brought this time also surrounded the tall slender woman in front of them, with equally angry and cold expressions. They never thought that the Luluo they rescued would be fake.

While Lin Wu was not paying attention, he was almost split in half by a sword. If it wasn't for Lin Wu's quick reaction that far surpassed others. His strength and quick dodging, that sword would have been enough to injure him severely.

The tall slender woman was ordered by Gu Changge to disguise herself as Luluo.

At this moment, her face looked very cold and mocking. Even though she was surrounded by everyone, she was not worried at all, as if she had confidence in her heart.

“If you want to know the life and death of that guy, I advise you to be more polite to me. If something happens to me, then she won't be able to live either.”

She said indifferently, not paying any attention to the murderous expressions on everyone's faces. She also held a blood-stained long sword in her hand which was shining brightly, very crystal clear and exuded a powerful aura.

It was this sword that almost pierced Lin Wu just now.

“Hateful!”

Lin Wu was startled and angry at the moment. His face was cold and his fists were creaking. But he still didn't dare to do anything to the tall slender woman in front of him, for fear of harming Luluo.

Before Luluo's life and death were determined, he couldn't make a move. This feeling of being pinched to death by the other party's weakness made him so depressed and full of hatred.

“In the end, all of the efforts were in vain. I wonder what happened to the powerhouse who attacked him?”

Granny Lu Cui and the others had bitter expressions on their faces. They never expected that things would turn out like this in the end. They were very angry but more unwilling and fearful.

They thought that the matter had ended safely and they could escape back to Heavenly Lu City, but who would have thought that the rescued lady would be a counterfeit?

“That Gu Changge is really despicable! He obviously has a detached appearance, but his methods are so ruthless!”

They kept cursing in their hearts. If cursing was useful, they would have killed Gu Changge countless times by now. But suddenly, above the sky in the distance, a road extended as if tearing apart the universe as it soon descended in front of everyone.

“Gu Changge!”

Lin Wu and the others couldn't help being horrified, looking at the young man who had traveled a million miles in the blink of an eye and rushed to this place.

If it was not Gu Changge, who else was it? Behind Gu Changge, there were two other figures, one was Alpha in the dark iron battle suit. The other one was naturally Heavenly Maiden Tianlu.

But Lin Wu found it inconceivable and horrified that although the current Heavenly Maiden Tianlu was not much different from what he had seen before, her appearance was not much different.

But her aura had undergone earth-shaking changes, weird and deep, revealing a frightening uneasiness, it was almost like a different person. He couldn't help shaking as a huge sense of absurdity and uneasiness rose in his heart.

Could it be that something unexpected had happened to Heavenly Maiden Tianlu and she became what she was now?

Heavenly Maiden Tianlu was his biggest reliance now. He thought that she could deal with Gu Changge, but she became like this in a blink of an eye.

“Why did it turn out like this? Is Gu Changge really strong enough to be invincible?”

This made Lin Wu even more uneasy, even a little powerless and desperate. Could it be that he would really die here today? Heavenly Maiden Tianlu looked at Lin Wu and the others calmly as if she didn't know them well.

The shock in the hearts of Granny Lu Cui and others was actually similar to that of Lin Wu, but they didn't know the identity of Heavenly Maiden Tianlu.

“I didn't expect that the person who rescued us just now would be captured...”

They felt bitter in their hearts, and bursts of despair and powerlessness emerged.

“Gu Changge, if you want to kill me, it's up to you. But you have to remember, even if you kill me, you can't make me surrender and beg for mercy!”

Lin Wu's performance at the moment was very tough. His eyes were full of cold hatred, and he had already thought through everything and calmed down.

After all, he was dead anyway, so what else could he care about. The only thing he didn't want was to be yelled at. The rest of the people were all silent and knew that resisting at this time was futile.

In fact, before coming here, they already had accepted death in their hearts, but they finally saw hope, only for it to be shattered again. This feeling was like falling straight from the top of the clouds to the abyss.

“Don’t worry, I’m not going to kill you yet.”

Hearing this, Gu Changge’s eyes just swept lightly over everyone. His eyes stayed on Lin Wu, he was a little interested in what kind of golden fingers he had. But before breaking through Heavenly Lu City, it was better to save his life first.

Seeing this, Alpha behind Gu Changge shot out a jet-black rune, which joined heaven and the earth before turning into a cage and imprisoning everyone in it.

From the beginning to the end, no one dared to resist. Lin Wu gritted his teeth, aggrieved and angry in his heart, but he could only succumb to this terrifying gap like a natural moat. If he tried to resist, everyone in the field would probably die.

Afterward, Gu Changge’s sleeves were rolled up, and his eyes were blurred. The void was torn apart and a passage through the universe appeared, leading all the prisoners to the place where they were stationed.

“Senior Heavenly Maiden, what’s going on?”

Lin Wu was imprisoned in a cage made of runes. Looking at Heavenly Maiden Tianlu in front of him, he couldn’t help but ask through voice transmission.

Hearing this, Heavenly Maiden Tianlu looked at Gu Changge in front of her eyes. Seeing that he didn’t care too much, she turned his head and looked at Lin Wu before saying calmly, “I want to save Heavenly Lu City, save the Eight Desolations and Ten Regions.”

Her words were short and she didn’t explain much. Lin Wu was stunned for a moment. Judging from this expression and the way of speaking, Heavenly Maiden Tianlu was obviously the same as before.

But why did she say such a thing, to save Heavenly Lu City, save the Eight Desolations and Ten Regions? Was it possible someone fed demons to her body?

#### **Chapter 460-2: No choice from the beginning, Extradited to the Upper Realm (2)**

And after saying these words, an inexplicable Dao rhyme appeared on Heavenly Maiden Tianlu’s face and a clear radiance pervaded it. Gradually, her face became blurred and unrecognizable.

There were no restrictions on her body, she was moving freely and she was not suppressed like Lin Wu and others thought. Looking at this scene, Lin Wu was obviously stunned and he didn’t react for a long time.

He always believed that Heavenly Maiden Tianlu was suppressed by Gu Changge, and that was why she became a prisoner.

But the facts in front of him really made his head stunned, he couldn’t figure it out at all. Compared with before, Heavenly Maiden Tianlu’s aura had obviously changed. Though there was no difference in her behavior, even the way she spoke, the changes in her expression and the fluctuations in her cultivation.

“I thought you were going to beg me to let them go. As the Heavenly Maiden Tianlu, don’t you care about their life and death?”

On the golden road, Gu Changge glanced at Heavenly Maiden Tianlu who was walking beside him and smiled intriguingly.

Heavenly Maiden Tianlu shook her head and said, “It’s meaningless to do this. If you want to save all spirits from all over the world, you will have to sacrifice some.”

“So in your eyes, they have become necessary sacrifices?” Gu Changge narrowed his eyes, and there was something strange in his eyes. Then he took a serious look at her as if to see if she was pretending or if it was her intention.

As far as he was concerned, it didn’t matter whether Heavenly Maiden Tianlu was in disguise or she had been soaked in demonic energy, the dirt in her heart was actually the same.

As long as she was in his hands, with such a hostage bait the defenses of Heavenly Lu City and Heavenly Boundary Abyss could be made to look like nothing.

Moreover, after her heart became demonic, Heavenly Maiden Tianlu’s attitude toward the invasion of the Eight Desolations and Ten Regions by the Upper Realm obviously changed a lot.

The most fundamental reason was the tragic scene of the city being destroyed and people dying in the Myriad Transformation Demon Realm. Subconsciously, Heavenly Maiden Tianlu already thought that it was a fact that could not be changed in the future, but a fragment of the future manifested.

After all, at her level, it was very clear whether many things were true or not. Even though she thought it was a part of the future, she derived her current consciousness after being enchanted.

“If their sacrifice can protect Heavenly Lu City and protect the Eight Desolations and Ten Regions.”

“Then it’s worth it.” Heavenly Maiden Tianlu replied in a very peaceful voice.

Gu Changge smiled, his eyes were a little inexplicable and then he stopped talking. Soon, the golden road stretched away and they landed directly on the place where the Ancient Immortal Gu Family was stationed.

The rest of the people except Lin Wu were all imprisoned in other dungeons under Gu Changge’s order, including Heavenly Maiden Tianlu. As a prisoner, Gu Changge didn’t believe in Heavenly Maiden Tianlu, so he had to take a while to observe.

However, she was an Enlightened being after all and the general power of sealing and restrictions did not have much effect on her. Therefore, the Ancient Immortal Gu Family dispatched more powerhouses to watch over them. They would be notified at any time if there was any change.

Finally, in the dungeon, after a long separation, Lin Wu and Luluo met again, with complicated expressions.

“During this time, he didn’t embarrass you, did he?”

Lin Wu was the first to speak, seeing Luluo, who was visibly haggard, he felt powerless again. Now, together with him, he had also become a prisoner.

Luluo shook her head, her face was a little pale. She noticed the injury on Lin Wu's body and she was a little worried, "Did that fake hurt you?"

Lin Wu smiled wryly, nodded and said, "It's nothing serious. I didn't know that person wasn't you at the time and I thought I could escape with you, but..."

He sighed and informed her the ins and outs of the matter.

Of course, he didn't mention the identity of Heavenly Maiden Tianlu, because this matter involved a lot. It was also for this reason that Heavenly Maiden Tianlu didn't let him leak information about her whereabouts.

Heavenly Maiden Tianlu's status was very special and noble. Once the Eight Desolations and Ten Regions knew that she had fallen into Gu Change's hands, it might cause a storm and cause boundless panic.

At that time, if the rest of the powerhouses would know that Heavenly Maiden Tianlu was with him, they would definitely change their faces and it was impossible to agree to let Heavenly Maiden Tianlu take risk.

It was a pity that now ... together with Heavenly Maiden Tianlu, an accident had happened. Compared with before, there was a big difference. It even made Lin Wu feel that the current Heavenly Maiden Tianlu was not the same person as the previous Heavenly Maiden Tianlu.

After listening to Lin Wu's narration, Luluo's complexion turned even paler. Especially after hearing that everyone in Heavenly Lu City had almost given up on her. The same went for the family behind her. She couldn't help trembling even more.

Although she had already guessed that this would happen, she still felt a burst of sadness.

"Looks like what he said is true..."

Luluo glanced outside the dungeon, looking at Gu Change, who had been smiling faintly there and hadn't left. She couldn't help shivering, feeling very terrified. From the beginning to the end, the development of the matter was exactly the same as what Gu Change had said to her before.

Together with the attitude of everyone from Heavenly Lu City toward her and Lin Wu, he was not wrong at all. This method of guessing people's hearts made her terrified.

"What's wrong with you?"

Lin Wu's heart was also very heavy. In this cold, damp, dark dungeon, he could see no hope.

"Lin Wu... how about we still listen to Gu Change?"

Luluo's face was very pale, and her voice was trembling. It was conceivable how much decision and determination she made when she said this.

"What did you say? Listen to Gu Change?"

When Lin Wu heard this, he only felt a buzzing in his head as if he had been struck by a giant clock and suddenly went blank. He even doubted his ears, did he hear wrong?

Luluo, who was supposed to regard Gu Changge as her enemy, now actually asked him to listen to Gu Changge.

“Luluo, tell me, have you been threatened by Gu Changge? Or did he control you by some means? Why would you say that?”

Lin Wu opened his eyes wide and asked in disbelief, his voice trembling as well.

“No. It’s nothing.”

Luluo shook her head with bitterness on the corner of her mouth and said, “Now that we are in Gu Changge’s hands, do you think the people from Heavenly Lu City will come to rescue us?”

Hearing this, Lin Wu fell silent. Not only would they not, but they would probably be worried whether they will expose many secrets of Heavenly Lu City.

But that was also a helpless thing. At this time, whoever came to rescue them would die. Was it worth paying such a high price for two young geniuses?

“However, this is not the reason for us to betray the Eight Desolations and Ten Regions, and the family behind us.”

Lin Wu’s face showed righteousness, and he refused. Luluo knew that it would be very difficult to persuade Lin Wu to move. The family behind him valued him very much.

After Lin Wu showed his powerful talent, they devoted all of their resources. In Lin Wu’s character, it was impossible for him to do something to betray the family.

“But Heavenly Lu City will be breached sooner or later and all forces will be overwhelmed by the army of the Upper Realm. In fact, we can bring the family behind us and surrender to the forces of the Upper Realm.”

“The Ancient Immortal Gu Family behind Gu Changge is the oldest and most ancient force in the Upper Realm, with an unfathomable background... As long as we help Gu Changge do things, he can guarantee that the group behind us will be transported to the Upper Realm safely.”

Luluo opened her mouth bitterly and said this with difficulty. She never had such a plan before. But after seeing Lin Wu today, all of her thoughts were shaken.

The family behind her treated her well, so even after she knew that the family had abandoned her, she had no complaints. But what did the forces of Heavenly Lu City and the sect groups from the Eight Desolations and Ten Regions do for them?

Why should they lose their lives in this dark place because of those powerful sects?

And she knew that if Lin Wu refused, Gu Changge would definitely use other means to force him. They had no choice from the start.
