### Chapter 461: Then talk to me on your knees, Compromise of the Son of Luck

“What? Surrender to the Upper Realm? How can this come out of your mouth...”

Lin Wu’s body shook as he stared blankly at Luluo in front of him, his expression almost dull. Just now he presumed that Luluo probably only mentioned it because of her resentment towards Heavenly Lu City and she wasn’t serious.

But when she said these words, there was a shock in his heart and he couldn’t believe his ears. If they returned to the Upper Realm and persuaded their family behind them to become a subsidiary force of the Upper Realm.

Wouldn’t they become sinners of all ages?

The shame of betraying the Eight Desolations and Ten Regions would forever be engraved on him and the family behind him. They would never be able to wash it away.

He now suspected that Luluo had been controlled by Gu Changge and even her mind had been washed away by him. She was not the same Luluo as before. How similar was she to the current Heavenly Maiden Tianlu?

“Luluo... you... are you serious about what you said?”

Lin Wu’s expression was a little pale, he looked at the familiar and unfamiliar Luluo, who was exceptionally quiet and asked with some grief.

His heart was twitching and aching as he remembered the first time he met her. At that time, she was radiant, the jewel in the palm of the Lu Clan, with a noble status and loved by thousands of people.

Countless favored geniuses pursued and admired her. She was a goddess who was unrivaled in the world. But now she was just a miserable prisoner in the dungeon of hostile forces. Even considering the matter of betraying the Eight Desolations and Ten Regions.

When had she been so down and out?

Luluo knew that Lin Wu would blame herself. Especially seeing her strange and heartbroken expression, but her heart was extraordinarily peaceful. She nodded slightly, turned her eyes to the young man outside the dungeon and said calmly, “Lin Wu, you must have seen the strength of Mr. Gu.”

“He is only the same age as you now, but he has at least surpassed the cultivation level of the Supreme Realm. And you are only in the Sacred Realm now, the gap between you cannot be estimated in words.”

“The Ancient Immortal Gu Family behind Young Master Gu is the oldest family in the Upper Realm, with a bloodline that transcends Immortals flowing in their body... their future is limitless.”

“If you follow Young Master Gu...”

When she said this, she couldn’t bear it, so she had already thought about how Lin Wu would react, her expression was very calm. It was like stating a fact.

“Luluo... you, you don’t need to say more.”

However, when Lin Wu heard this, he was taken aback for a moment, a little dazed, but then interrupted her with a wave of his hand. There was regret on his face and didn’t let Luluo continue talking.

He really didn’t expect that he would get such an answer after traveling thousands of miles and leaving from Heavenly Lu City. He had even entered this Tiger’s den to rescue Luluo, almost risking his life.

How could she say such things to himself?

Persuading himself to follow his enemy Gu Changge, did she forget that his brother Lin Qingyang suffered from Gu Changge’s poisonous hands.

Luluo couldn’t bear it, but when she thought about the consequences she had no choice. She sighed in her heart, then became more determined and continued, “You have to know, I am saying this for your own good. I don’t want you to die here because of me.”

“I see, you don’t need to say anymore.”

The corner of Lin Wu’s mouth was full of bitterness. His expression was slightly confused. In the mysterious martial arts space in his mind, thousands of lights and shadows seemed to flash.

He suddenly understood Luluo’s intentions.

The reason why she said these words was just to make him resent her, so that he could stand on the side of righteousness with peace of mind. Even if he refused to save her in the end, he would not feel any guilt.

But in the end she was the one who sacrificed herself. After all, how could he not understand Luluo’s beauty and orchid heart?

“Gu Changge, I want to talk to you.”

Thinking of this, Lin Wu took a deep breath. He calmed down and said to Gu Changge who had never left the dungeon. Gu Changge had heard the conversation between Lin Wu and Luluo in the dungeon.

He actually didn’t expect Luluo to say that to Lin Wu. But it could only be said that Luluo knew Lin Wu better than him and knew how to persuade him.

From this point of view, the more guilty Lin Wu felt towards Luluo, the easier it was for him to control him.

“Is there anything you want to talk to me about? Have you figured it out? Or are you planning to surrender to my clan?”

With a faint smile on his face, Gu Changge walked over and opened the door. Lin Wu stared at him closely, with hatred on his face, but at the moment he was firmly suppressed by him.

If he had a conflict with Gu Changge, it would be a waste of Luluo’s hard work.

“These words, I just want the two of us to know.”

Lin Wu glanced at Luluo, who was beside her with drooping eyebrows and lowered head, then looked at Gu Changge and said. He didn't want to put pressure on Luluo.

Since even she, a woman, had this kind of responsibility, why couldn't he?

"You can."

Gu Changge smiled as he rolled up his sleeves and the world in front of him suddenly changed. A burst of spatial fluctuations arrived and in the next moment, Lin Wu had already appeared in a grand and ancient palace.

The aura here was like a tide, the precious light was looming and all kinds of divine weapons were hanging on the wall, which looked very brilliant and noble.

On both sides of the palace, there were also a group of beautiful maids standing there, and their appearance was moving. But when Gu Changge appeared and waved his hands, they all retreated respectfully.

"Tell me what you want to talk about. There are no outsiders here."

Gu Changge poured a glass of wine for himself, with a casual and natural appearance, smiled and motioned for Lin Wu to speak. Lin Wu looked around, but he did not see anyone else here.

He said with a serious expression, "I want to know, what do you want Luluo to do for you?"

Lin Wu knew that Luluo must have been forced by Gu Changge, otherwise she would not have made this choice. He knew Luluo's character very well, and knew that when she said such words, she was definitely wishing to die, to end such suffering and pain.

But here, she couldn't even control her own life and death and was controlled by Gu Changge.

"It's nothing, I just explained the pros and cons of this matter clearly to her, so that she can understand what she should do."

Gu Changge shook his head slightly, brought the white jade wine glass to his mouth before leisurely taking a sip.

"What should she do? Is that to betray the Eight Desolations and Ten Regions?"

As soon as Lin Wu heard this, he couldn't help but burst into anger. He clenched his teeth and wanted to smash Gu Changge's body into pieces.

"Is that how you talk to me?"

Gu Changge frowned upon hearing this and glanced at him indifferently.

In the next moment, the terrifying pressure swept down, causing Lin Wu's complexion to change drastically as cold air suddenly enveloped his whole body.

Immediately afterward, his legs gave way, unable to bear the pressure he fell to his knees on the ground with a plop, incomparably humiliated. Even his physical body was about to explode, producing cracked bloodstains.

“In that case, then you can kneel down and talk to me.”

Gu Changge shook his head slightly, in the depths of his eyes, the indifference was unshakable.

“You!”

Lin Wu was extremely angry. His eyes were red, he had never been so humiliated once he grew. Even when he was the most mediocre, he had never encountered such treatment.

But the terrifying pressure seemed to contain a hundred thousand mountains on his shoulders, making him unable to even lift his head. The terrifying talent, powerful bloodlines and even the mysterious space for performing martial arts in the past were useless in the face of absolute strength.

This terrifying gap, which could be called a natural moat, made Lin Wu feel hopeless and powerless again.

“Gu Changge, as long as you can let Luluo go, you can say anything. I can do anything for her.”

However, people had to bow their heads under the eaves. After that, Lin Wu quickly suppressed his anger, took a deep breath and calmed down.

He opened his mouth and directly stated his plan. He didn’t want Luluo to bear all of this alone.

“Oh? That’s what you said. Luluo wants the family behind her to belong to our family and enjoy immortality, but now she lacks a nomination certificate. You mean, you want to hand in this nomination certificate for her?”

Gu Changge raised his eyebrows slightly and then looked natural.

Nomination certificate?

Hearing this, Lin Wu’s heart was shocked, but he still gritted his teeth and said, “What is this nomination certificate?”

“It’s actually very simple, you just need to find the formation core of Heavenly Lu City and open it.”

Gu Changge said with a slight smile, it seemed that what he was talking about was not about attacking the Eight Desolations and Ten Regions, but just a trivial matter.

The barrier outside Heavenly Lu City was the painstaking enchantment of countless cultivators in the Eight Desolations and Ten Regions for countless years. It was said that there were nine sub-formations, which were located in the octagonal area of ??the formation and the central core position.

The one who controlled the nine divisions was the core of the formation. Even if it was only to open a large part of the formation or cause a small gap in the formation, it could still cause countless troops from the Upper Realm to attack and enter.

For countless years, the cultivators from the Upper Realm wanted to explore the core of the formation, but in the end they all failed.

“The core of the formation...”

Lin Wu’s heart trembled violently, and his face couldn’t conceal his paleness.

In fact, he had already guessed Gu Changge's intention, which was related to breaking into Heavenly Lu City. It was just that he couldn't believe that his target would be the core of the formation in Heavenly Lu City.

It could even be said that the core of the formation was the foundation of Heavenly Lu City's survival. If the core of the formation was opened, it was only a matter of time before Heavenly Lu City was breached.

Once Heavenly Lu City was breached, then the Eight Desolations and Ten Regions behind would be like ordinary people who had removed their armor and thrown away their swords, with no power to resist.

Facing the terrifying and boundless army of the Upper Realm, how could the Eight Desolations and Ten Regions contend? There was probably only one way to go.

"Why, you can't do it?" Seeing Lin Wu's face gradually turning pale, Gu Changge asked calmly.

"In my capacity, even if I agree, it is impossible to touch the core of the formation..."

Lin Wu forced himself to calm down, and suddenly his heart was shaken. Even if he could do it, doing that would be tantamount to opening the door for the Upper Realm army to let them drive straight in.

This kind of betrayal was even more shameless and infuriating than bringing his clan back to the Upper Realm.

"The core of the formation is in the hands of Heavenly Maiden Tianlu in this life. Since you have been in contact with her long ago, how can you not find the core of the formation?"

"The Heavenly Maiden Tianlu in this life should have successors or disciples. Maybe you have seen it with your own eyes. Now are you saying that you can't get in touch? How can I believe you?"

Gu Changge just smiled lightly.

An inexplicable aura emerged from the depths of his eyes, making Lin Wu's complexion even paler, he could hardly bear the aura. If it weren't for Gu Changge's restraint all the time.

Otherwise, relying on his current strength. Just a wisp of aura from his physical body could also cause Lin Wu to explode, destroying both his body and spirit.

"I see."

Lin Wu gritted his teeth, cold sweat oozed from his forehead, and even the clothes on his back were wet. He didn't forget the gap in strength between himself and Gu Changge.

If he wanted to, he could kill himself thousands of times without even moving his hand.

"In that case, I will wait for your good news."

Gu Changge smiled faintly, restraining his pressure.

At the same time, he stretched out his hand to swipe across the void, bursts of golden light flashed, and then evolved into a simple forbidden word, which landed on Lin Wu's forehead.

**Chapter 462: Similar to the Great Cauldron Physique, Sailing carefully for thousands of years**

“What is this?”

Lin Wu only felt that his forehead was hot for a while, and there was some inexplicable aura imprinted in his soul. Before he could clearly infer the method, he felt the aura disappear.

And even his martial arts space didn't respond at all. This made his heart sink, he felt very uneasy as if life and death were under the control of Gu Changge.

“Don't worry, this Gu will do what I promised you. After the matter is done, I will naturally lift this restriction for you. And, as long as you don't change your mind, this restriction will not be activated.”

Gu Changge smiled lightly, his expression was natural and casual. He didn't care about Lin Wu's sinking expression.

Lin Wu was silent. He knew that it was impossible for Gu Changge to trust him completely, but the situation was stronger than the rest and he couldn't refuse. And from the current point of view, he had no chance to deal with it.

“I'll give you half a year. During these six months, don't try to undo this restriction. No one in this world can undo it except me. If you still can't do it after half a year, then the ban will break out, and you will not only die. Your sweetheart, Luluo, will also suffer because of you. Don't think that I will kill her.”

“There are thousands of ways in this world to torture a woman. Thousands of people sleep on a pair of jade arms. Thousands of people taste little red lips. I don't think you want to see such a situation.”

Afterward, Gu Changge continued to speak lightly. With Luluo as a hostage in his hands, he was not worried that Lin Wu would disobey his orders.

“You are... really despicable! As a leader in the Upper Realm, you are really vicious and shameless.”

Hearing these words, Lin Wu's complexion changed rapidly as he turned livid for a while. However, Gu Changge ignored him and ordered someone to send Lin Wu away. As for how to avoid the army of other forces and return safely to Heavenly Lu City, that was Lin Wu's business.

As a Child of Luck, if he didn't even have this ability, then Gu Changge really made a mistake. In half a year, the sea of ??Boundary Monuments was estimated to usher in the last wave and then it would quickly dry up.

That was to say, within half a year at the latest, the Upper Realms would raise their troops and attack the Eight Desolations and Ten Regions.

During this period, Gu Changge planned to arrange the forces he controlled now. Various clans of the Ancient Immortal Continent, Heavenly Dao Immortal Palace, Primordial Divine Sect... dispatched an army here.

The cup of the Eight Desolations and Ten Regions even involved the secret of becoming Immortal so he must seize the opportunity.

“Since Heavenly Maiden Tianlu is in my hands, the correct route of Heavenly Boundary Abyss will be obtained by me sooner or later. The only thing left... is to break the barrier of Heavenly Lu City...”

Gu Changge narrowed his eyes, he had other plans. Since Heavenly Maiden Tianlu convinced him, he could try the matter of the Heavenly Boundary Abyss.

Afterward, Gu Changge pointed to a glow blooming in front of him, and a portal appeared. Then the clear light continued to diffuse, looking very hazy as if leading to another world.

After all, Heavenly Maiden Tianlu was an Enlightened being, so her place of detention was naturally different from that of Luluo and others.

Gu Changge quickly stepped in. She was in a very depleted small world. It was originally the small world that the Ancient Immortal Gu Family captured by killing some powerhouse when they fought in all directions, and it was full of battle traces.

The light was dim, and there was a gray mist flowing. Twelve terrifying pillars could be seen in the distance, like objects supporting the sky, carved with various ancient runes, including real dragons, white tigers, vermilion birds, and ancient beasts.

On these pillars, there were chains made of immortal black iron. These were thick and thin and they were wrapped in rays of light, which could seal the strongest.

“Greetings, Young Master!”

When Gu Changge appeared here, many powerhouses in charge of guarding this place all opened their mouths to salute, with respectful expressions.

An Enlightened being from Eight Desolations and Ten Regions was currently being held here. They didn’t know much, but they knew that this powerful Enlightened being was suppressed by the Young Master himself.

At such an age, with such terrifying strength, it could be said that he was a true genius in the past and the present. There was no one comparable to him.

“Leave this to me, you guys can go out.”

Gu Changge nodded and the figure stepped away, crossing over to the area where one of the pillars was located.

A beautiful woman in white was sitting cross-legged with her hands and feet bound by the Immortal Black Iron. She was extraordinarily tall, with blue hair like a waterfall, white clothes better than snow and clean. Her beauty was ethereal like a dream with rays of light surging on her body. It could be seen that wisps of black air had appeared and could not be dispelled, as if they had taken root in her body.

As if sensing Gu Changge’s arrival, she suddenly opened her eyes. Suddenly, a vast white mist rushed out of her moving and beautiful eyes, which were terrifying runes, containing the most powerful divine brilliance, obliterating the void.

It seemed that even the universe would be torn apart and collapsed. This was a terrifying method. If the infinite galaxy exploded, it would kill Gu Changge. However, Gu Changge just raised his hand.

Suddenly, streaks of scarlet divine light rushed out of this place, piercing through heaven and earth, like a heavenly sword sweeping away, eliminating her gesture.

“You are possessed.”

Gu Changge’s eyes were strange and he walked forward. However, Heavenly Maiden Tianlu didn’t seem to hear it.

Seeing that Heavenly Maiden Tianlu still wanted to continue to fight, Gu Changge stretched out his palm forward. As if turning the universe into a palm, the vast chaotic energy spread which could suppress and refine all things.

Heavenly Maiden Tianlu’s gaze was not sober, as if she was still in a certain state. She was just acting according to her own instinct, but she was still extremely powerful. At the level of an Enlightened being, she was enough to stand out in the world and rarely be rivaled.

The strength of Heavenly Maiden Tianlu could be seen. Even with the formation and the Immortal Black Iron chains here, it was difficult to truly suppress her. And as Gu Changge made a move to suppress the aura on her body.

Her whole body glowed and every inch of her skin seemed to be filled with a delicate fragrance, it became as shiny as jade. Her jade body was long and slender, swinging there, lying horizontally in front of her. Her hair was loose and her appearance was extremely seductive.

Heavenly Maiden Tianlu fell into a strange state, her consciousness was not clear. Although she looked at Gu Changge, she seemed to be looking at someone she didn’t know.

She was glowing all over, there was a delicate fragrance permeating the air. This kind of aura was very breathtaking, even a little ecstatic, like body fragrance. It would not be revealed normally, but at this moment it was extremely confusing.

Gu Changge even felt an inexplicable aura invading his sea of ??consciousness. Some charming appearances were enough to make many cultivators who were not in a firm mood lost.

However, his gaze didn’t change much, he took a serious look at Heavenly Maiden Tianlu several times and then finally confirmed a fact.

Su Qingge possessed the Great Cauldron Physique, that extremely special cauldron physique. And the Heavenly Maiden Tianlu in front of him obviously also had a very special physique, although it was hard for Gu Changge to judge what kind of physique it was.

But judging from the appearance just now, it was not too different from the Great Cauldron Physique. And because Heavenly Maiden Tianlu had a high level of cultivation and was an Enlightened being, her physique was strong and her influence was deep, obviously far surpassing Su Qingge.

If this situation occurred in other places, it would definitely be a tragic scene that would sweep across a million miles. The terrible thing about this kind of physique was that it could make cultivators hurt by its beauty.

Their hearts would burn, their souls would turn into ashes and they would die without a sound. Thinking of this, Gu Changge’s eyes turned a little strange, he shot again and walked forward.

Runes fell one after another, like heavy rain falling from the sky, suppressing the aura of Heavenly Maiden Tianlu. She herself seemed to have noticed that the confusion in her eyes was gradually dissipating and she began to suppress it by herself.

Not long after, Heavenly Maiden Tianlu's eyes regained clarity. She looked at Gu Changge in front of her and then looked at her current posture, and gently brushed the hair in front of her forehead, without any intention of shyness.

But this kind of action was extremely confusing when she was doing it now.

"Thank you for the situation just now."

She parted her red lips lightly, her hair was soft and smooth like silk as she spoke to Gu Changge. "You don't have to be polite, after all, it was a feast for Gu's eyes."

Gu Changge smiled slightly, his expression remained unchanged. Heavenly Maiden Tianlu's eyes fell on his face and she said, "Young Master Gu sits calmly, his mood is like a rock and ancient well, I admire it."

She knew that her physique was special. At this time, it was difficult for even a True Enlightened being to remain calm. But Gu Changge was only in the first level of the Quasi-Emperor Realm, but he didn't change his expression and remained unmoved.

This had nothing to do with cultivation and strength, it was just a matter of personal temperament and mood. She couldn't help but wonder if Gu Changge's heart was made of stone, that he could remain indifferent.

"No, I was just worried that it was your trap." Gu Changge just shook his head slightly upon hearing that.

Heavenly Maiden Tianlu's expression showed a trace of undetectable stiffness. She frowned and said, "Young Master Gu, is that why you don't believe me?"

Her hands and feet were still bound by the Immortal Black Iron, and it was impossible to break free. How could she hurt Gu Changge at this time? Even at her peak, she was not Gu Changge's opponent, let alone now.

"Be careful when sailing for thousands of years. If you fall into a tumble in your hands, who will know?"

Gu Changge still shook his head with a smile, as if he didn't want to eat anything.

He also planned to take this opportunity to see if he could get information about the Heavenly Boundary Abyss from Heavenly Maiden Tianlu, so he naturally had to find out what she said at this moment.

Moreover, Heavenly Lu City was one of the oldest cities in the Eight Desolations and Ten Regions. As its guardian, if Heavenly Maiden Tianlu said that she had no other means, he would not believe it.

There was nothing wrong with being cautious. Heavenly Maiden Tianlu sighed, and then suddenly smiled. There was a trembling beauty on that beautiful dreamlike face.

"Mr. Gu is so careful about me. Why is he worried about me? My identity, or my means? You locked me here, how can I prove to you that I can be trusted?"

She asked three questions one after another, her eyes fell on Gu Changge's face. There was a kind of demonic feeling in her body, which was completely different from the holy and detached one at the beginning.

"The method is actually very simple, you can tell me the correct route of Heavenly Boundary Abyss first."

Gu Changge did not answer her question, but smiled slightly and mentioned the matter of the Heavenly Boundary Abyss.

However, Heavenly Maiden Tianlu seemed to have expected it a long time ago, and said, "Yes, but it is useless to tell you the route of the Heavenly Boundary Abyss. You must take me there in person before you can know."

As if afraid of Gu Changge's suspicion, she continued, "Because Heavenly Boundary Abyss is changing almost every moment and the route is not static. Every time you pass through there, you need a guide."

"Unless you can find the right path, you will be lost in it forever."

"Guide?" Gu Changge frowned as he glanced at her and thought about the truth of Heavenly Maiden Tianlu's words in his heart.

However, her beautiful and moving eyes just stared at him without any other changes, so it was difficult to judge the authenticity of her expression.

In the past, when the Upper Realm invaded the Eight Desolations and Ten Regions and crossed the Abyss, it took a lot of time to deduce the correct route. But that route could only be taken once, and it would change the second time.

For example, if people from the Eight Desolations and Ten Regions returned to Heavenly Lu City, they needed special methods to receive them, which was very troublesome.

"If Mr. Gu doesn't believe it, then I have nothing to do."

Heavenly Maiden Tianlu nodded lightly. Her current temperament was completely different from before, she had a kind of demonic charm but her consciousness was very clear, not chaotic, her words were well-founded and it was difficult to find flaws.

"So, if I want to go through the abyss, I have to rely on you?"

Gu Changge stared at her again. His eyes were shining brightly and the scene of reincarnation emerged. The world seemed to be foggy and an inexplicable charm descended.

His face became blurred and radiant as if a river flowing through the heavens emerged in the dark. The light in it made the heaven and earth path in chaos.

"The rudiment of the long river of time, you have touched this level..."

Heavenly Maiden Tianlu frowned as she calmly asked Gu Changge to investigate her.

She knew that this was Gu Changge's method, it was very mysterious and he touched the most profound esoteric meaning. He could trace the traces between heaven and earth, including cause and effect naturally.

Based on these things, Gu Changge could easily judge whether her words were true or not. For a time, the law and order of this place along with many scenes of heaven and earth became blurred.

Many scenes appeared in front of Gu Changge's eyes. The strange lines became clear as if they were connected to that mysterious river. His brows became tighter and tighter, and all the brilliance in his eyes disappeared.

"I didn't lie to you."

Heavenly Maiden Tianlu knew that Gu Changge hadn't found anything, so all her emotions subsided. Though there was still a faint smile on the corner of her mouth as if she had expected it long ago.

"What you just said did not lie to me."

Gu Changge frowned before he stretched out a palm quickly and a misty sword light emerged, removing the restriction on the Immortal Black Iron with a click. He loosened it from her hands and feet.

Seeing Gu Changge undoing her chains so resolutely, Heavenly Maiden Tianlu was a little dazed for a moment. She obviously didn't expect Gu Changge to let her go so soon.

"You finally trust me?" she asked.

"It seems that Heavenly Boundary Abyss really wants you to take me there, but not now." Gu Changge shook his head, his eyes were a little strange and he answered irrelevant questions.

### **Chapter 463: Do you want to rely on me? Live and die together?**

Gu Changge had other plans in releasing Heavenly Maiden Tianlu. As she herself said, keeping her locked here was not an option. He could ask some things from her and she could answer them fluently, without flaws.

Now, there was still half a year before the Upper Realm would invade the Eight Desolations and Ten Regions. So it was better to let her prove it with actions.

The action Gu Changge requested was actually very simple. Heavenly Maiden Tianlu had lived in the Eight Desolations and Ten Regions for countless years and she must have known many friends.

The cultivation of those friends should be about the same as hers, they were all Enlightened beings. So he could let her lure those friends out, and Gu Changge could take this opportunity to catch them all.

His cultivation base had reached the first level of the Quasi-Emperor Realm, and the origin of ordinary cultivators was of little use to him. Now only by relying on the Enlightened beings, or the weaker Quasi-Emperor existence, could he seek a breakthrough.

"How do you want me to prove it?"

Heavenly Maiden Tianlu's mood had long since returned to tranquility. Her eyes glowed with brilliance, which fell on Gu Changge's face, there was a faint smile on the corner of her mouth.

Her face was delicate and white, her facial features were incomparably beautiful. Her black hair was like a waterfall, very smooth, shining with a moving luster.

When she was speaking, there was a kind of detachment and demonic nature in her body, two completely different temperaments, but now they all manifested in the same person, not conflicting and awkward, but very harmonious and natural.

She knew that Gu Changge had figured it out. After all, keeping her imprisoned was not a solution and untying the Immortal Black Iron chains on her hands and feet was to give her a chance to prove that she was trustworthy.

“Serving the bed, or killing people, you choose one.”

Gu Changge noticed her calm and confident expression as he raised his eyebrows slightly when he heard the words. He looked calm and authentic.

Hearing this, the faint smile on the corner of Heavenly Maiden Tianlu’s mouth suddenly froze, she lost her composure just now and then frowned all of a sudden.

“I thought that Mr. Gu’s heart was like a rock, unmoved by external objects and his Dao is as clear as a mirror. I didn’t know he was such a vulgar person.”

She shook her head and sighed. On her white jade face, there was an expression of misreading Gu Changge.

“Why so much nonsense? Serve the bed, or kill?”

Gu Changge narrowed his eyes, with a hint of danger in his eyes and looked her up and down. Heavenly Maiden Tianlu straightened her face slightly, and then said, “Kill.”

Though she didn’t know exactly who she was killing, at this time she couldn’t choose to serve the bed or something. In this way, how different was she from the so-called concubine?

And Gu Changge was obviously not the kind of person who would show mercy to her just because she was a concubine. Of course, there were more important reasons. If she chose to serve the bed, with Gu Changge’s level of caution, he would definitely be suspicious.

“That’s good.” Gu Changge nodded, knowing that she would make such a choice.

As the Heavenly Maiden Tianlu, no matter now or before, she was extremely proud and confident. It was impossible to use one’s own body as capital to obtain certain benefits.

But... the current her, maybe. Thinking of this, Gu Changge took another careful look at Heavenly Maiden Tianlu. Since she had a special constitution, she should be aware of the consequences of being known by herself.

She didn’t feel flustered or uneasy at all. She was very calm and composed, as if she had expected it long ago, or had confidence. This made Gu Changge pay more attention to Heavenly Maiden Tianlu.

This woman confused him a bit, whether she had really become like this, or just pretending to relax his vigilance.

“Master Gu, is it true that you want to sleep with me? It’s not impossible if you really want to.”

Heavenly Maiden Tianlu noticed Gu Changge’s eyes were sizing her up. Her eyes were shining and she was not shy at all. On the contrary, she was very calm, brushing the hair next to her ear.

Showing off one’s own beautiful appearance and proud figure to one’s heart’s content, there was a kind of extremely seductive feeling.

“I’ve never seen such a strange request. You don’t want to rely on me, do you?”

Gu Changge also looked at her seriously, staring at her exquisite face, then stretched out his hand and suddenly wrapped his arms around her slender waist.

A burst of fragrance pervaded the air, which was very seductive. Heavenly Maiden Tianlu always had a faint smile on her lips, as if she had predicted Gu Changge’s reaction.

But she didn’t expect that he would suddenly pull her over, her face was a little frozen, and her slender waist was also stiff. After countless years of cultivation, this was the first time she was touched by the opposite gender.

She only felt a sense of warmth accompanied by a huge divine light, submerging her whole body. However, Heavenly Maiden Tianlu didn’t break free. Instead, there was a ray of light in her beautiful eyes, which was incomparably brilliant and gorgeous like fireworks.

She looked at Gu Changge quietly and almost fell into his arms. There was a strange feeling in her heart. A faint haze rose from her snow-white and delicate skin.

“There is indeed something wrong with your physique. I almost fell for you.”

In the next moment, Gu Changge’s regretful voice sounded. He shook his head slightly, letting her go, his figure appeared three feet away from Heavenly Maiden Tianlu.

The moment he touched her just now, he had already probed her body and felt that Heavenly Maiden Tianlu’s body had a cold and silent aura that was as vast as the abyss.

It was as immobile as the Milky Way, but as majestic as heaven, ready to erupt at any time.

“Young Master Gu, don’t you dare?”

Heavenly Maiden Tianlu’s face didn’t have the shyness and twitching like the other women’s. There was brilliance in her eyes, and a faint smile appeared on her face again.

This demeanor was very calm and indifferent, but if one looked closely, they would find that it was self-confidence, more like a faint mockery.

“You have good means. If so, wouldn’t it be as you wish?”

Gu Changge shook his head and said with regret in his tone, “It’s a pity, such a stunning beauty can only be seen but not eaten.”

“I thought that Mr. Gu was courageous and unmatched by others, but I didn’t expect him to be such a cowardly person. I have been so active, but you dare not eat, which really disappoints me.”

Heavenly Maiden Tianlu also shook her head and said with the same regretful tone. She knew that Gu Changge already knew what kind of physique she had. So when speaking, naturally, there was no need to be so secretive as before.

This was originally another plan she thought could save the Eight Desolations and Ten Regions. But now it seemed that since Gu Changge had already noticed, it probably won't succeed.

"Heavenly Maiden Tianlu, you really took great pains in order to rely on me."

Gu Changge shook his head, with his expression unmoved. Nine Immortal Seductive Physique, this rumored physique was taken from the Immortal Vermillion Bird, which was a symbol of perseverance.

He didn't expect to see it in Heavenly Maiden Tianlu, he was only a little suspicious at first. Seeing Heavenly Maiden Tianlu's expression made him sure.

This kind of physique had the greatest particularity, that was, symbiosis and death, almost incomprehensible. That was to say, once he broke the body of Heavenly Maiden Tianlu, it was equivalent to the life and death of the two of them being tied together.

Once Heavenly Maiden Tianlu committed suicide, he would be greatly affected and even his life might be in danger. Although Gu Changge had a lot of tricks, he even had two seals of reincarnation, which was equivalent to a few lives in his body.

But he didn't like the feeling of his life being influenced by others. In terms of Heavenly Maiden Tianlu's temperament, she would definitely sacrifice herself at that time, so as to eliminate him and achieve the goal of saving Heavenly Lu City and the Eight Desolations and Ten Regions.

It seemed that in the eyes of Heavenly Maiden Tianlu, he was the biggest threat that determined the survival of the Eight Desolations and Ten Regions. Otherwise, she would not have taken such a big risk to leave Heavenly Lu City, intending to kill him in the cradle first.

"If Mr. Gu can guarantee to release Heavenly Lu City and release the Eight Desolations and Ten Regions to survive, why should I do this?"

Heavenly Maiden Tianlu sighed, then her eyes fell on Gu Changge's face. Seeing his indifferent expression, she laughed again, and said, "Now Mr. Gu knows my biggest secret, shouldn't you trust me?"

It had to be said that as one of the people with the most respected status in the Eight Desolations and Ten Regions. Even if Heavenly Maiden Tianlu was contaminated with demonic nature, she still had a sense of holiness and inviolability.

"The trouble with the Nine Immortal Seductive Physique may not be without a solution for me."

Gu Changge didn't answer, but smiled teasingly, "You seem to be happy a little too early."

Hearing this, Heavenly Maiden Tianlu had a faint smile on her lips as she said indifferently, "Then I will wait for the day when Mr. Gu solves this trouble."

She was very confident and didn't care about Gu Changge's words, so she said it like this. After all, she had studied her own physique many times over the past countless years.

For men, the Nine Immortal Seductive Physique was an incomparable temptation. But the trouble of living and dying together was indeed unsolvable.

At the level of an Enlightened being, even she couldn't think of the slightest solution. Although Heavenly Maiden Tianlu had never appeared, once she appeared and walked in the world, she was bound to be revered by countless cultivators and forces.

Gu Changge was so cautious, even a little disgusted, feeling that she planned to rely on him. This really left her speechless. Afterward, Gu Changge explained another matter to her.

At any rate, Heavenly Maiden Tianlu was an old-fashioned Enlightened being, and her cultivation base was not weak. The friends she knew must not be far behind in their realm of cultivation.

"Friends?"

After listening to the words, Heavenly Maiden Tianlu took a deep look at Gu Changge and fell silent. She knew Gu Changge's plan.

It could be said that Gu Changge's current cultivation has a lot to do with the identity he was hiding.

There was no need to talk about the risks exposed by this matter. Even the entire Upper Realm would probably not be able to accommodate Gu Changge and face a situation where everyone in the world would be an enemy.

Although his current cultivation base was strong, if he faced the power of the entire Upper Realm, it might be difficult to compete. But even though she knew this, Heavenly Maiden Tianlu didn't think it would become Gu Changge's trick. He didn't care whether she knew about it or not.

Now that Gu Changge made such a request, it was obvious that he wanted to devour the origin of cultivation of those existences.

"I don't know many friends. Many have already disappeared and many are missing. Those who can satisfy Mr. Gu may not be easy to find."

Heavenly Maiden Tianlu was thinking seriously, and she didn't seem to be perfunctory.

"Does it mean you can't find any?"

Gu Changge didn't believe her words and said with a faint smile, "Why don't you call the most powerful people from Heavenly Lu City out in your capacity? I think they can do it too."

"However, if you look carefully, you can still find it." Hearing this, Heavenly Maiden Tianlu shook her head, and continued, "How much does Mr. Gu know about the Nine Great Mountains?"

"Isn't the Nine Great Mountains the immortal mountains in the minds of all the cultivators in the Eight Desolations and Ten Regions? It is said that there are traces of immortals. Why, could it be that the suitable person you said is in the Nine Great Mountains?"

Gu Changge narrowed his eyes, looking a little thoughtful.

Heavenly Maiden Tianlu nodded and said, "I don't think there is anyone more suitable than Nine Great Mountains."

The Nine Great Mountains were the nine extremely mysterious immortal mountains in the Eight Desolations and Ten Regions. They were missing and located in a misty place and ordinary people couldn't find them at all.

Unless it was a predestined person, even if other cultivators searched for a lifetime, they would not even think about seeing the location of the Nine Great Mountains. Heavenly Maiden Tianlu suddenly mentioned Nine Great Mountains, which aroused Gu Change's interest.

He was not worried that Heavenly Maiden Tianlu would join forces with Nine Great Mountains to kill him. At this time, it was not a wise move to do so. If she really wanted to gain his trust, then she would find a way to show her value.

The Upper Realm's attack on the Eight Desolations and Ten Regions would destroy Heavenly Lu City sooner or later. At that time, whether or not the Nine Great Mountains existed in the world was actually not important, and it could not play a decisive role.

Heavenly Maiden Tianlu should be aware of this. She was a smart person and knew how to speak at this time.

According to ancient records, the Nine Great Mountains were extremely mysterious and detached.

When the Eight Desolations and Ten Regions encountered an invasion from the Upper Realms, there would always be descendants or disciples descending the mountain, holding the immortal decree to stop the war.

But in fact, for the Upper Realm, this matter did not have much impact. On the contrary, judging from the Nine Great Mountains' attitude towards the Upper Realm, it was obvious that fear outweighed resistance.

#### **Chapter 464: It's a big piece of fat meat, The Cloudy Tomb of Nine Great Mountains**

"How much do you know about the Nine Great Mountains?" Gu Change asked.

"There are nine Mountain Masters in the Nine Great Mountains. From the first mountain to the ninth mountain, the first Mountain Master is the strongest, but he has been in seclusion all year round and has not shown himself for countless years."

"So even I have never known the real location of the first mountain. The current Nine Mountains actually obey the orders of the second Mountain Master..."

Heavenly Maiden Tianlu talked eloquently, with a different emotion in her bright eyes.

"You have a grudge against Nine Mountains?" Gu Change captured the emotion on her face.

It seemed that this woman really wanted to use his hand to attack Nine Mountains. However, Heavenly Lu City and the Nine Mountains were both barriers protecting the Eight Desolations and Ten Regions, so there was actually a contradiction between them.

This surprised Gu Change a little.

“There was a little bit.” Heavenly Maiden Tianlu nodded slightly, her eyes fell on his face, a faint smile appeared on the corner of her mouth, “Is Mr. Gu planning to avenge me?”

“With respect to revenge, I think it’s better to repay them yourself. If Heavenly Maiden Tianlu plans to do something, this Gu wouldn’t mind dispatching some people to help you.”

Gu Changge just smiled when he heard the words. Heavenly Maiden Tianlu knew that this was just an excuse Gu Changge made for not wanting to do it himself.

“In that case, I’ll have to thank Mr. Gu.”

However, she did not refuse. Although there was no trace of the Nine Great Mountains, Heavenly Maiden Tianlu had a way of finding its exact location.

Carrying it on a Blue Cloud flying boat, she could go to the Cloudy Tomb within the Nine Mountains. And it just so happened that she had a Blue Cloud flying boat in her hand, which was obtained back then.

Gu Changge began arranging and dispatching many powerhouses, the weakest ones were also at the Sacred Realm, and they could form formations with each other, bursting out with stronger power.

In addition, there was also an existence at the Supreme Realm and the Quasi-Emperor Realm. These powerhouses were all elites who would never die in a hundred battles. Their combat power was shocking and it was difficult to find an opponent in the same realm.

Three days later, a ray of light appeared as a huge Blue Cloud flying boat manifested from the hands of Heavenly Maiden Tianlu before quickly enlarging like a mountain range, stretching across the sky.

All the powerhouses were ordered, turning into divine lights and boarding. The void was broken, and a golden passage was revealed. The Blue Cloud flying boat carried everyone into it as if traveling through the universe.

This was a means of tearing apart the universe, disappearing millions of miles away in space. This Blue Cloud flying boat was covered with a magnificent nebula, with immortal gold and ancient wood as beams. Supreme Immortal Gold was used to create its body, emanating nine-colored immortal lights were the oars, it was vast and ancient.

All the powerhouses above even felt a sense of vicissitude as if they were fighting in the long river of time.

“I obtained it by accident, but I didn’t expect it to be useful in this life...”

Standing on the Blue Cloud Flying Boat, Heavenly Maiden Tianlu shook her head lightly as if she was talking to Gu Changge beside her.

“Tea.”

However, Gu Changge didn’t intend to listen to her chat. He sat down at the stone bench and table, providing instructions directly.

“Young Master Gu, are you really going to treat me like a maid?”

Heavenly Maiden Tianlu was dressed in a snow-white robe with a glow of wisdom on her body. Her face was peerless, her eyes blinked when she spoke and she had an unconcealable demonic charm.

"It's natural," Gu Changge said.

Heavenly Maiden Tianlu nodded, with a smile still on the corner of her mouth, but she didn't refuse. She raised her bare hand, and a jade tea set emerged, and she began to make tea. The green silk was soft and shiny, and she had a different kind of beauty.

The rest of the powerhouses looked at this scene from a distance. Listening to this, their hearts started twitching. How noble was Heavenly Maiden Tianlu? And now she had been reduced to such a degree in front of the young master.

A few days later, the Blue Cloud flying boat tore through the universe and penetrated into a certain mysterious area as if it had come to the end of the world. This place was vast, with big stars-like clouds and ancient trees growing in the universe

Extracting the essence of heaven and earth, every branch and leaf could hold up the world. The galaxy was extremely thick, surrounded by vast clouds and mist, falling from the front!

### **Rumble!**

The waves splashed, creating terrifying ripples in the universe. Every wave was like the gathering of countless small worlds. Looking at the waterfall that seemed to fall from the highest point in the sky, everyone was a little shocked.

"This is where the Nine Mountains are located? The Cloudy Tomb?"

Gu Changge looked up and followed the waterfall in front of him. He seemed to be able to see a vast continent hidden above it. This place did not belong to the Eight Desolations and Ten Regions.

To be precise, it was adjacent to the Eight Desolations and Ten Regions, but because of the terrain, it seemed quite mysterious and hard to find. But here, Gu Changge clearly sensed a different kind of aura.

In his opinion, these nine mountains were just a piece of treasure, but it was a pity that the Upper Realm had not noticed it for countless years.

"Except for the most mysterious first mountain among the nine mountains, the other eight mountains are all here."

After Heavenly Maiden Tianlu arrived here, her mood changed a lot, there were runes and spirits in her eyes.

"To enter Nine Mountains, you have to go through the waterfall in front of you," she said.

In the next moment, she used a series of talismans and began to control the entire flying boat as they proceeded to cross.

The Blue Cloud Flying Boat was very simple. Immediately, a layer of immortal mist appeared on the surface, isolating everything. Then they went up the waterfall, looking extremely calm, like an ancient rock.

Gu Changege noticed her actions and felt a vast aura descending from above the waterfall. He told the many powerhouses behind him to be prepared, there might be a bloody battle.

He just wondered if these nine mountains could give him some surprises. At the same time, above the waterfall was a magnificent and vast suspended continent. There were many ancient fierce beasts, savage birds and beasts, primitive ancient forests, magnificent mountains, and ancient palaces.

The Chaos Immortal Waterfall was hanging down among the peaks. Immortal mist filled the air, and immortal lights intertwined. There were ten thousand rays of haze and a thousand colors.

It was a shocking sight. This place was like a real pure land outside the world, a paradise. The creatures here all had a kind of immortal charm, the aura was particularly strong. It could be said to be completely different from the people outside the world.

There were all kinds of immortal medicines and rare divine springs of the world.

Here the purple rock stood tall, the cliff wall was smooth and clean, the square grass grew the ginseng and the auspicious beast like a unicorn was lying alone under the bluestone.

The silver light was hanging down, the spirit birds were flying along with the fragrance of the medicinal herbs. If one looked around, they could see the immortal mountains and sacred mountains. There were palaces and sky towers in the distance, which were beautiful.

In the most central place, there were incomparably majestic mountains, shrouded in heavenly splendor, surrounded by waterfalls like islands dotted all over.

A series of divine lights swept across the sky, and the cultivators among them were all dressed in feather robes and star crowns, covered in immortal brilliance as their robes fluttered with aloofness.

“I don’t know how the second Mountain Master feels, but he plans to close the mountain and stop meddling in the affairs of the outside world.”

“It is said that the second Mountain Master performed a divination with the hexagrams by chance, and perceived the image of the disaster. I wonder if it is true or not. Now several Mountain Masters have headed to the second mountain to discuss with the second Mountain Master.”

“It’s been a long time since my Nine Great Mountains have manifested in the human world. This time I heard that the Upper Realm has invaded again. It’s time for us to manifest in the world and absorb the faith...”

“It’s a pity that the second Mountain Master wants to close the mountain at this time.”

Several cultivators with wide sleeves were flitting across the sky and were talking about something. Their faces looked very young, but their real age was not young. There were occasional vicissitudes in the depths of their eyes.

While speaking at this moment, it was difficult to hide some complaints towards the second Mountain Master who wanted to seal the mountain.

“What Master said naturally has a deep meaning. If you talk about it behind his back, aren’t you afraid that Master will punish you after knowing it?”

But this time, a burst of divine light arrived and a golden passage suddenly manifested in the sky.

A stunning woman walked out, her eyes were picturesque and her skin was white and crystal clear, like an immortal walking out of a painting, with an immortal aura. But unfortunately, her expression was very cold, giving people a feeling of unattainable coldness.

Hearing what she said, the expressions of the cultivators who spoke couldn't help but change, and they said hastily, "I also hope Senior Sister will forgive me, I know my mistake, and I shall not dare next time."

The stunning woman glanced at all of them indifferently, and said, "Don't become an example, don't let me hear you speak ill of Master behind his back."

"Yes, yes, I shall not. Thank you, Senior Sister."

Several cultivators hurriedly replied that they were in awe of the stunning woman in front of them. They hurriedly left this place, not daring to stay for long. The stunning woman kept watching them disappear, and then she looked away.

She couldn't help frowning, and almost murmured, "During this time, the mountains have become more complaining about Master, and even have a lot of opposition."

"Indeed, when the Upper Realm invaded the Eight Desolations and Ten Regions, it was at the time when the disciples of the Nine Great Mountains became famous and absorbed their faith, it was really incomprehensible that Master would close the mountains."

"Senior Sister Su Yun is right, what Second Mountain Master is doing now is really puzzling."

At this time, a man's voice sounded, accompanied by a faint ray of light as if his figure had condensed between heaven and earth.

This was a man wearing a golden armor battle suit. He was very tall and straight, even his hair was golden as if there was an immortal glow flowing on it, there were vertical pupils in the eyes, pale golden, like a young god, giving a feeling of incomparable power.

Behind the man in the golden armor, there were several cultivators following, both male and female, with him as the leader.

"Chen Suyun greets the Young Master."

Seeing the man in the golden armor and battle suit, Chen Suyun's gaze remained unchanged, and then she bowed softly.

"Elder Sister, you don't need to be too polite, you and I are both disciples of the Nine Great Mountains, so there is no need to be so polite."

The man in the golden armor smiled and said, looking very gentle and polite.

The Nine Great Mountains were different from other forces. There were no Elders here except for the Mountain Master. The seniority was determined according to the cultivation time of worshipping the Nine Mountains.

For example, Chen Suyun, who had been worshiping the Nine Mountains for a longer time than the others, was a well-known senior sister.

The man in the golden armor and battle suit in front of her was named Gu Wudi and he was the Young Master of the Nine Great Mountains, that was, the successor.

It could also be seen from his name that he had the ambition of being invincible and sweeping through the ages. Although he entered Nine Mountains later than Chen Suyun and others.

But because of his strong talent, he rushed forward with his cultivation and crushed everyone, becoming the Young Master of the Nine Great Mountains.

In the Nine Great Mountains, besides the Great Mountain Masters, he was the most honored. Even if they were the direct disciples of the Great Mountain Masters had to greet him when they saw him.

So Chen Suyun was obviously not as respectful as the others in front of him, and her attitude was very natural.

“By the way, since you are here, senior sister, why can’t I see the younger brother? I remember that usually, you two were inseparable. He followed you wherever you went. Why haven’t you seen him now?”

Gu Wudi looked behind Chen Su Uun, seemed a little surprised, and asked knowingly.

“Little brother, he is by Master’s side now. Maybe Master is explaining things to him.”

Hearing this, Chen Suyun shook her head with a calm expression.

“Really? Originally, I still had some things that I wanted to talk to my junior brother about, but I didn’t expect him to be away, so forget it.”

Gu Wudi smiled, and there was a glint of prey in his eyes, but he quickly returned to normal.

#### **Chapter 465-1: Lonely and helpless Xiao Yang, Junior Brother of Nine Great Mountains (1)**

The full name of Chen Suyun and Gu Wudi’s junior brother was Xiao Yang. More than 20 years ago, under the waterfall of the Nine Great Mountains, Chen Suyun saw him by chance and brought him back to the mountain to practice.

Xiao Yang, who was still in his infancy at the time, was put in a basket, covered in blood, dying. He only had a piece of ancient jade on his body, with two ancient characters written on it.

It was also because of those two ancient characters that she knew Xiao Yang’s name.

Afterward, Xiao Yang was pitied by her master, second Mountain Master. He felt that he was lonely and helpless, so he accepted him as a disciple. Xiao Yang also became the youngest disciple of the Nine Great Mountains and the junior brother in everyone’s mouth.

As for why Xiao Yang was abandoned under the Nine Mountains, this had always been a mystery and no one knew anything about this. Xiao Yang’s life experience was still a mystery so far. Some people thought that he might have a blood feud.

But now, not many people paid attention. In the eyes of many people, since he could find the Nine Mountains, there must be a fate between him and the Nine Mountains.

In addition, Xiao Yang himself had a pleasing personality and was capable of enduring hardships. His cultivation talent was not weak, so he was very likable.

So as long as Nine Great Mountains' disciples knew, they had a good relationship with him. Chen Suyun was also like a sister and mother to Xiao Yang.

After all, Xiao Yang was brought up by Chen Suyun, she personally educated him and taught him cultivation methods.

“Young Master, you want to ask Xiao Yang about the Nine Mountain Immortal Seal, right? It's useless for you to ask him about this matter, you have to ask Master, the younger brother has only come to Nine Great Mountain for more than 20 years. How would he know these things?”

Seeing Gu Wudi's expression, Chen Suyun frowned, and then said plainly. It was no secret in Nine Mountains that Gu Wudi coveted the Nine Mountain Immortal Seal. However, the second Mountain Master had clearly stated that Gu Wudi was not suitable to take over Nine Mountain Immortal Seal.

On the contrary, for countless years, only Junior Brother Xiao Yang was the most suitable person. Chen Suyun naturally had no doubts about her Master's words.

However, Gu Wudi was arrogant. How could he accept that the Nine Mountain Immortal Seal falling into the hands of someone who was not even as good as him?

One must know that the Nine Mountain Immortal Seal was the treasure of the Nine Mountains. It had gathered the faith, luck, destiny, etc. accumulated by the Nine Mountains over the past countless years, which could be called mysterious and unpredictable.

Since the Great Mountain Master had not appeared after entering in seclusion, the Nine Mountains Immortal Seal had been taken over by the second Mountain Master, so as to maintain the operation of the formation of the Nine Mountains, the stability of the heaven and earth aura, the laws of the heaven and the earth, the environment of the Dao, and so on.

“Senior Sister Suyun, why did you say that? My Master said that the Nine Mountain Immortal Seal is taken over by the virtuous. When the Great Mountain Master gave up the Nine Mountain Immortal Seal, the major Mountain Masters fought for it. My Master, the third Mountain Master, made a wrong move in chess, and it was a pity that he was defeated by the second Mountain Master so that the Nine Mountain Immortal Seal was taken away by him.”

“How can they hand over the Nine Mountain Immortal Seal to others without giving the disciples a chance to compete? This way, I'm afraid Mountain Master won't be able to convince the public, and I am not willing.”

Hearing this, Gu Wudi's face was a little displeased, his brows frowned and his heart was more unwilling. If it was a fair duel and he was defeated by Xiao Yang, then if the Nine Mountain Immortal Seal was taken by Xiao Yang, he would have nothing to say.

But now, they didn't even give him a chance to duel, thinking that he was not suitable to take over the Nine Mountain Immortal Seal, how could he be reconciled?

Gu Wudi was proud and arrogant, he thought highly of himself and had cultivated in Nine Mountains for many years. His cultivation level had already caught up with many disciples who worshiped in the Nine Mountains before him.

This approach was tantamount to thinking that he was not as good as Xiao Yang, who had only worshiped Nine Mountains for more than 20 years.

"This is Master's decision. If you have any thoughts, you can go and talk to Master. Besides, your current cultivation level has already surpassed that of your junior brother by a lot. If it is a fair decision, then who is it fair for?"

Chen Suyun frowned when she heard the words, and said lightly. Gu Wudi's talent was indeed powerful, and he could be called the most outstanding disciple of Nine Mountains over the years.

But he was too high-spirited, always felt that he was invincible in the world. In reality, his usual gentle appearance was just a disguise.

"I can suppress my cultivation base to be the same as junior Xiao Yang. If you still think it's unfair, then I can let him fight me in a big realm. Or he can survive my three moves in the same realm, how about it?"

Gu Wudi's complexion was very gloomy, his words were already very blunt.

"How many years have you cultivated? How can your understanding of divine powers and laws be comparable to that of a junior? If you fight against him, it is unfair to him."

Chen Suyun's face was still unmoved, and she said calmly, "And this is Master's decision, you have to tell this to him for it to be useful."

After all, she watched Xiao Yang grow up, so from the bottom of her heart, she was very partial to Xiao Yang. But he already had the cultivation base of the Supreme Realm, and it had been cultivated for millions of years.

Xiao Yang had only cultivated for more than 20 years, how could the two of them compare with each other?

"Good, very good."

Gu Wudi's complexion was completely gloomy. He had already torn off the camouflage on his face and said coldly, "If that's the case, then don't blame me."

After that, a golden light appeared under his feet, and he left with the cultivators behind him with his anger hard to hide.

Chen Suyun shook her head, feeling that Gu Wudi was just talking about it, and didn't take it to heart. In turn, she also turned into a divine light, left this place, and headed for the second mountain.

Below the vast cloud and mist, the Blue Cloud Flying Boat was breaking through the waterfall and flying. Under the terrifying pressure, the immortal mist was dense, the runes were flickering, and it was as motionless as a rock.

The Cloudy Tomb, known as the place of no return, was the tomb of the clouds between heaven and earth. It was easy to get lost in this place, even for advanced cultivators, it was difficult to find the correct exit.

Therefore, Nine Mountains used the Cloudy Tombs as a natural barrier to isolate the outside world from contacting it.

However, Heavenly Maiden Tianlu obviously had a special method. She could pass through this area by riding the Blue Cloud Flying Boat and soon come across from under the waterfall.

“It seems that Nine Mountains are very confident and they don’t even have disciples guarding the mountain, let alone a large formation to protect the mountain...”

Gu Changge stood on the flying boat, wearing white clothes and fluttering hair, looking up into the distance, it was a bit strange. Hearing this, Heavenly Maiden Tianlu nodded and said, “Because Nine Great Mountain knows that not many people in this world can find this place.”

“Really? Didn’t you find this?” Gu Changge smiled, and then teased, “Tell me about your grievances with Nine Great Mountains, I have suddenly become interested.”

“Is Mr. Gu planning to avenge me? This really makes me feel helpless, but it’s a pity that you don’t want it.” While urging the Blue Cloud Flying Boat, Heavenly Maiden Tianlu replied with a faint smile on the corner of her mouth and a calm expression.

However, the words seemed to be a bit mocking. If someone who knew her was here, they would definitely be dumbfounded. They wouldn’t believe that the woman in front of them was the sacred and dignified Heavenly Maiden Tianlu who had nothing to do with the world.

“Why not make a promise with your body? Even if you can’t warm the bed, it’s actually okay to be a slave.” Gu Changge smiled slightly.

The smile on the corner of Heavenly Maiden Tianlu’s mouth did not diminish at all, and she said, “I never thought that Mr. Gu would be so afraid of me one day.”

While speaking, she stroked the blue hair on her forehead, looking extremely seductive. Gu Changge was already very familiar with her repeated charms.

He knew that this was intentional by Heavenly Maiden Tianlu. No matter whether it was because her heart became demonic, her nature was exposed, or she was pretending on purpose. But they couldn’t hide the fact that he couldn’t eat her.

Seeing that Gu Changge didn’t pay attention to her, Heavenly Maiden Tianlu was not surprised, and continued, “At the beginning, one of my senior sisters betrayed Heavenly Lu City, my master and me, and finally came to Nine Great Mountains.”

She didn’t say who the senior sister was, but at this moment, the calmer she appeared, the more it showed the seriousness of the hatred.

Gu Changge said with some interest, "Now that senior sister of yours has become the owner of the Nine Mountains?"

Heavenly Maiden Tianlu shook her head and said, "Her aptitude is far inferior to mine. Now she is at most in the Quasi-Emperor Realm and the owner of the Nine Great Mountains is at least the strength of an Enlightened being."

"That's really a rich resource." Gu Changge couldn't help admiring upon hearing this.

### **Chapter 465-2: Lonely and helpless Xiao Yang, Junior Brother of Nine Great Mountains (2)**

Heavenly Maiden Tianlu glanced at him, cooperating with such a terrifying person was tantamount to seeking skin from a tiger. She didn't know whether her choice at the time was right or wrong.

Soon, the Blue Cloud flying boat passed through the layers of clouds and mist, and suddenly an ancient and majestic continent appeared in front of it.

"Who is it?"

Almost instantly, a cultivator there noticed the falling Blue Cloud flying boat, couldn't help shouting, turned it into a divine light and flew over, asking.

Only the Blue Cloud Flying Boat could find the Cloudy Tomb in this world. However, before that person approached, a giant golden palm protruded from the Blue Cloud Flying Boat, covering all directions, grabbed him and brought over.

This scene alarmed Gu Wudi and the others who were planning to return to the second Mountain after tearing their decorum with Chen Suyun.

"Who dares to trespass on my Nine Mountains?"

Gu Wudi had pent up a lot of anger in his heart and was having trouble venting it when he suddenly saw someone intruding into the Nine Mountains. He immediately used his divine weapon and launched an attack on his own initiative.

A piece of golden sword energy was intertwined, gushing out from the weapon in his hand. It was incomparably mighty and slashed toward the Blue Cloud flying boat in front of him.

The rest of the cultivators also resorted to their own methods one after another and a blazing light flew out as if a large galaxy was drowned away.

However, there was still only one big golden palm covering the Blue Cloud Flying Boat, as if condensed by golden runes, it was the hand of the Emperor of Heaven, which could even suppress eternity.

"Chi Chi..."

All the brilliance was being annihilated, turning into ashes in an instant.

"What?"

Gu Wudi's complexion changed, he didn't expect the strength of the people who made the shots to be so terrifying and just one palm wiped out all their means. And the remaining prestige had not

diminished, it was still falling toward them, the skin of the rest of them was almost cracked and exploded, and blood was already oozing.

“Stop it!”

He snorted coldly, and with a change of aura, a True Dragon appeared behind him. The chaotic mist spread and it was extremely powerful, setting off his golden battle suit like a golden war god, looking down on the world.

Gu Wudi showed his terrifying strength of the Supreme Realm and rushed to the Blue Cloud Flying Boat. However, this palm didn't stop at all. It was filled with chaotic air, as if the sky and the earth were falling before it directly covered him with a puff, causing the True Dragon figure behind him to collapse. Coughing up blood, his body almost exploded.

“How is this possible!”

Gu Wudi was horrified. He sensed that the situation was not right, turned around and was about to run away, but this palm seemed to turn into a universe in the palm, suppressing him in it, making him unable to move.

And at this moment, in the deepest part of this continent. On the majestic and ancient Second Mountain. In the main hall, the atmosphere was extraordinarily dignified and solemn.

The main hall was magnificent with white jade pillars and glazed tiles, filled with misty immortal light, just like the immortal palace in the legend. An old man in a white robe with white hair and beard had a somewhat stooped figure.

He was squinting, bending over, and talking to the rest of the hall.

Behind the white-robed old man stood a young man with a handsome face and a tall and straight figure, with light blue eyes, lingering in the blue light and he looked successful in cultivation.

“Please forgive me for not agreeing with the second Mountain Master's decision.”

“Now that the Eight Desolations and Ten Regions are suffering catastrophe, the Upper Realm's army is overwhelming. It is a great time for my disciples from the Nine Great Mountains to appear, travel the world, and gather faith. How can the mountains be closed because of this?”

“Once such a god-given opportunity is missed, you will regret it for life.”

Opposite the old man in a white robe, an old man in black frowned, somewhat dissatisfied.

He had a childlike face and white hair, a bright spirit, and chaotic light permeated the opening and closing of his eyes. His cultivation was extremely terrifying. He was the current third Mountain Master of the Nine Great Mountains, Wudi's ancient invincible master.

The white-robed old man was the current second Mountain Lord, and the young man standing behind him was his youngest apprentice Xiao Yang.

In the main hall, there were other Mountain Masters of the Nine Great Mountains, both male and female, with indistinct figures, tyrannical aura and blood like a terrifying cosmic oven, making one's heart palpitate.

This place could be denoted as the gathering of all the strongest in the Nine Mountains.

But at this moment, hearing the words of the third Mountain Master, the other Mountain Masters also echoed and agreed. They were dissatisfied with the second Mountain Master's behavior of closing the mountain.

Only a small number of people remained silent, feeling that the second Mountain Master's actions were not without reason.

"Some time ago, I used the Nine Mountain Immortal Seal to perform a divination to spy on the river of time. The result showed that my Nine Mountains were in danger of extinction, and it was coming. The only solution was to close the mountain."

"I did this only for the sake of everyone. This time, it's not just the disaster of the Eight Desolations and Ten Regions, but also the disaster of my Nine Great Mountains."

Hearing this, second Mountain Master just shook his head and sighed softly, a little helpless.

"How many times have you said this? Every time the Upper Realms invaded, you said that a catastrophe was imminent, but every time it turned out to be thunder and rain, and my disciple from the Nine Great Mountains was born. How have we ever encountered any danger?"

"Do you know that if the mountain is closed this time, the majesty and faith that my Nine Mountains have accumulated for countless years will disappear? How will the cultivators and creatures of the Eight Desolations and Ten Regions treat us? Wouldn't they think we are afraid of the Upper Realm, and have cold feet!"

Hearing this, the third Mountain Master couldn't help sneering, quite disdainful of the second Mountain Master's deduction methods.

As soon as these words came out, the hall instantly fell silent. Even the second Mountain Master opened his mouth to say something, but finally swallowed it in his throat and sighed. However, he felt that the situation shown by the hexagram this time was different from before, so he was so cautious.

But others did not believe it.

"And this time, the old man can't agree if you insist on handing over the Nine Mountain Immortal Seal to Xiao Zhang."

"Whether it is cultivation base or ability, Wudi is far superior to Xiao Yang, why don't you give him a chance? If the Nine Mountain Immortal Seal is given by a fair fight, the old man has nothing to say, but you are so partial to your little apprentice, the old man will fight for Wudi!"

The third Mountain Master continued to speak, his eyes shining brightly, and he stared at the second Mountain Master in front of him, wanting to seek justice for his apprentice. The rest of the Mountain Masters also nodded when they heard the words, quite agreeing.

“Master, what third Mountain Master said is very true. Brother Wudi is far superior to me in terms of cultivation and ability.”

“Senior Brother Wudi is more competent for this Nine Mountain Immortal Seal, and if we fight, Senior Brother Wudi is already at the Supreme Realm, so how can I be his opponent?”

“So please take it back, Master. It’s more appropriate to give the Nine Mountains Immortal Seal to Senior Brother Wudi.”

But at this time, the young man who had been standing silently behind the second Mountain Master suddenly spoke. He rubbed his nose and smiled wryly as if he was not capable enough and wanted to put the overall situation first.

“Xiao Yang, you...”

Second Mountain Master turned his head when he heard the words, shook his head, and didn’t say anything more.

But at this moment, the rest of the people understood Xiao Yang’s words, their eyes flickered and they thought that he sounded modest, but in fact, they felt that this matter was unfair to him.

Xiao Yang was not very old, but his mind was not simple.

#### **Chapter 466-1: The hidden identity of the Son of Luck, I’m just a concubine (1)**

Xiao Yang was tall and straight with delicate facial features. His whole body was shrouded in a faint blue glow. When speaking, there was a little wry smile on his face.

He touched his nose habitually and seemed to turn a blind eye to the strange eyes cast by many Mountain Masters.

“Hmph, it’s a good plan. It’s obviously unfair, did Wudi bully you? Since you want fairness, it’s not easy.”

“This old man will not take advantage of you. Three days later, when you fight against Wudi, he will suppress his realm to be at the same level as yours. If you can survive his three moves. Then Wudi will admit defeat, and the Nine Mountain Immortal Seal will be under your control, what do you think?”

Third Mountain Master and others were all human beings, who had lived for countless years and their eyes were devoid of emotions. How couldn’t they understand the meaning of Xiao Yang’s words at this moment?

He immediately waved his hand, snorted coldly before making a request. The rest of the Mountain Masters also had different moods when they heard the words.

As the junior brother of the Nine Great Mountains, Xiao Yang was highly valued by the Second Mountain Master. Although he only worshiped Nine Great Mountains for more than 20 years, his cultivation level could not be underestimated.

He had learned all of the skills of the Second Mountain Master. And Gu Wudi was recognized by the Nine Mountains as the young master and also the proud disciple of the Third Mountain Master.

Except for some disciples with very old cultivation years, the rest were not his opponents at all. Now Wudi already had the cultivation base of the Supreme Realm.

Xiao Yang was only in the Sacred Realm, the difference between the two was far more than the difference between heaven and earth. Even then Gu Wudi was willing to crush Xiao Yang to death with one finger.

“A three-move agreement?”

Hearing this, the Second Mountain Master relaxed his frowning brows, thought about it carefully, and nodded. However, he still asked Xiao Yang beside him, and asked, “What do you think of the request of the Third Mountain Master? Will you accept it?”

Xiao Yang heard the words and smiled before he said, “Since the Third Mountain Master has said so, how can the disciple refuse? Although I am not as talented as Senior Brother Wudi, I still have this confidence.”

While speaking, his eyebrows were raised, he couldn’t help showing the vigor and confidence that belonged to young people. This was also his purpose, if he really fought against Gu Wudi, how could he be an opponent?

Seeing this scene, all the Mountain Masters nodded secretly, thinking that if Xiao Yang was given some more time, his future achievements would surely not be lower than that of Gu Wudi.

“Okay, if that’s the case, see you at the Second Mountain Arena in three days.”

The Third Mountain Master snorted coldly. He did not stay as his figure blurred and disappeared from the hall.

Seeing this, the rest of the Mountain Masters bid farewell to the Second Mountain Master one after another, intending to leave. As for the closure of the mountain, there was no conclusion yet.

What was important now was to decide the ownership of the Nine Mountain Immortal Seal. Each of the Nine Mountains was separated by a distance of a million miles, and there was a vast sea of ??stars in between.

However, with their cultivation base, they could return to the original mountain range with only a little effort. Soon, the hall became quiet, leaving only the Second Mountain Master and Xiao Yang.

“Actually, you didn’t need to say anything just now. As long as your teacher is with you, the Third Mountain Master can’t do anything about your teacher. Now the Nine Mountains Immortal Seal is in the hands of the teacher, even if he fights me, he is not the opponent of your teacher.”

The Second Mountain Master showed a warm smile on his face and said to Xiao Yang who was standing on the side.

“I don’t want to embarrass my master, and I still have confidence in the three-moves agreement,” Xiao Yang smiled and replied, looking quite confident.

“Seeing you say that I feel relieved as a teacher.”

The Second Mountain Master smiled with some relief. He suddenly felt a little emotional, and said, "In a blink of an eye, you have grown so big. I still remember that when I saw you, you were only a baby."

When Xiao Yang heard this he was a little curious, "Master suddenly said that, is Master trying to tell me about my life experience?"

He understood the character of the Second Mountain Master, and he would not say such words in normal times.

"This time when the Upper Realm invaded the Eight Desolations and Ten Regions, I should have let you appear. It's just that the outside world is unpredictable, and it's actually very difficult for you to do anything with your current cultivation."

The Second Mountain Master nodded, staring at Xiao Yang with complicated eyes.

"Master is concerned about the disciple, and the disciple can understand."

Xiao Yang smiled, although he also wanted to see the outside world, he could also understand Master's painstaking efforts.

"Do you know why your teacher said that the Nine Mountain Immortal Seal is suitable for you, not Wudi?" The Second Mountain Master asked again.

"Isn't it because Master favors me?" Xiao Yang was a little surprised, seeing Second Mountain Master shaking his head slightly.

He then thought for a while, and said seriously, "Gu Wudi's virtues are inconsistent. He is self-willed, and it is difficult to become a great weapon. The most important thing is that if he is in charge of the Nine Mountains Immortal Seal, it is likely to put the Nine Mountains in crisis."

"What's more, the Third Mountain Master is very ambitious and doesn't want the Nine Great Mountains to hide from the world. As his disciple, Gu Wudi will definitely obey the Third Mountain Masters' words."

"You're still smart."

Hearing this, the Second Mountain Master nodded, admiringly.

However, he quickly changed his voice again, with a serious expression on his face, "After you take over the Nine Mountain Immortal Seal, the mountain will be sealed off as the teacher said, and then you will be sent to the world. The outside world is your destination..."

"What? Master, what do you mean by this, please forgive me, I don't understand very well." Hearing this, the smile on Xiao Yang's face suddenly froze, a little puzzled.

He didn't understand the meaning of these words. Master wanted to send him to the world after his appearance, and then seal the mountain. But he said that the outside world was unpredictable.

For a while, Xiao Yang was a little confused in his mind and couldn't figure it out.

"Haven't you always wanted to know where you came from?"

The Second Mountain Master seemed to have expected it a long time ago. He sighed, a radiant brilliance flashed in his hand, and a simple jade pendant emerged.

This jade pendant was only two fingers long, and it was engraved with ancient and complicated patterns. It did not belong to this era, but on the other side, the two ancient characters of Xiao Yang were engraved.

“This is the jade pendant you were wearing, and it is also the origin of your name. This jade pendant has always been in the hands of your teacher.”

The Second Mountain Master explained and at the same time handed the jade pendant to Xiao Yang.

“I know.” Xiao Yang took the jade pendant with a complicated expression.

He knew about this matter, Chen Suyun had mentioned it to him, and said that this jade pendant might hide his life experience. It was just that he hadn’t investigated it in these years.

“The reason why your relatives left you outside the Nine Mountains was actually related to this jade pendant.”

“As a teacher, I accepted you as an apprentice. In fact, it is because I owe the owner of this jade pendant a favor back then.” Second Mountain Master said again, informing a fact that shocked Xiao Yang.

“Master, you haven’t told me about this all these years...” Xiao Yang smiled wryly, touched his nose, and said, “You are telling me now, do you want me to find the relatives behind me?”

He didn’t complain about being abandoned by his relatives. When Chen Suyun saw him at the foot of the Nine Great Mountain waterfall, he was dying and covered in blood.

It could be seen that the person who escorted him all the way also experienced dangers. It was not that he wanted to abandon him on his own initiative, but had no choice but to.

“You have the blood of the Guardian flowing in your body. When the Eight Desolations and Ten Regions encounter a catastrophe, the Guardian will reappear in the world. As a teacher, I don’t know what happened to the family behind you, but you must know your identity. You will face all of this sooner or later.” The Second Mountain Master’s expression gradually became serious.

“Guardian bloodline?” Xiao Yang’s heart shook, and he suddenly remembered the bizarre dreams he had had during this period of time.

It seemed that there was an Ancient and Immortal Heroic Soul calling him to fight side by side with him. It turned out that it was not a dream, but an indelible inheritance of his bloodline. He fell silent.

The Second Mountain Master looked at him and sighed before saying, “Over the years, I have taught you what a teacher should teach. Your talent is very strong, and your blood contains unparalleled power, but you still can’t fully use it now.”

“As a teacher, I believe that one day, you will let the glory of the Guardian family spread throughout the entire Eight Desolations and Ten Regions.”

**Chapter 466-2: The hidden identity of the Son of Luck, I’m just a concubine (2)**

Just when Xiao Yang was talking with Second Mountain Master, thousands of miles away on the edge of the mainland. The Blue Cloud flying boat straddled the sky, towering like a mountain range, extremely tall and ancient, hidden in the vast clouds and mist. Unless a cultivator came here with his own eyes, he would not be able to discover the existence of the Blue Cloud Flying Boat.

At this moment on the Blue Cloud Flying Boat, Gu Wudi and the others were covered in blood and were extremely embarrassed. Their hands and feet were being chained, their cultivation base was sealed and they were thrown on the ground.

Except for Gu Wudi, the rest of the people all looked terrified and horrified, their souls trembled and their bodies seemed to collapse and explode. This feeling was even more terrifying than when they faced the Mountain Master. Their legs couldn't help but go weak, and they wanted to kneel on the ground.

The white-clothed man in front of him looked like a banished immortal. Although his expression was plain, he looked like a Supreme being sitting on the top of the universe, overlooking the vicissitudes of the ages. Even the void around him seemed to be collapsing.

The divine light was shining, the chaotic energy was surging in his hair and the scene of the destruction of the universe along with the ashes of the ages seemed to evolve and emerge in his eyes.

This was a manifestation of terror to the point of unknowability. With a snap of the fingers, the universe was shattered and the heavens were torn apart. Even if it was someone as strong as Gu Wudi, he was suppressed by the white-clothed man in front of him and caught here.

The Nine Great Mountains had existed for countless years, and this was the first time they had encountered a foreign enemy invasion. This was something that was unimaginable before. Everyone felt a burst of horror, couldn't help trembling, and didn't dare to look up.

"Who are you? Why did you forcibly break into my Nine Mountains?"

Gu Wudi's golden battle suit was broken, he was seriously injured. He was almost killed by a palm just now. There was still blood on the corner of his mouth at the moment, but he forced himself to calm down and asked about Gu Changge.

After all, this place was the territory of the Nine Great Mountains. Once there was more movement, or if several Mountain Masters noticed that their aura had disappeared, they would soon be able to find this place. He felt a little more at ease.

"It doesn't matter who I am."

Gu Changge shook his head lightly with a calm expression and said, "If you don't want to die, then answer my question obediently."

"What if I don't agree?" Gu Wudi stared at him coldly.

He could feel that the Gu Changge in front of him was actually not very old, at most he was about the same age as his junior brother Xiao Yang. But the opponent almost slapped him to death with a single palm. The terrifying power even gave him a feeling of facing the Mountain Master.

“If you don’t agree, then I will kill you and search your soul. After all, I will soon destroy the Nine Great Mountains behind you.”

Gu Changge’s expression still didn’t change much, and he spoke lightly. Exterminating the Nine Great Mountains sounded to him like trampling an ant to death. This made everyone shiver uncontrollably, a little scared.

Gu Wudi’s complexion also changed as he clenched his teeth. He could feel Gu Changge’s contemptuous and casual attitude. If the other party was not completely sure, it was impossible to say such a thing, let alone rush for Nine Great Mountains like this without considering the consequences.

“This is Dao Ziling... he should be the descendant of Nine Great Mountains.”

At this time, Heavenly Maiden Tianlu, who had been behind Gu Changge without speaking, arrived and her eyes fell on a jade token hanging on Gu Wudi’s waist. She recognized the token, which was the symbol of the young master of the Nine Great Mountains.

However, the young master of the Nine Great Mountains in this generation was caught by Gu Changge before he appeared and was suppressed here. A little strange look appeared on her face. That was mocking but also filled with contempt.

“Dao Ziling?” Gu Changge frowned slightly, just now he felt that there was something different in the Nine Great Mountains.

This was the feeling of the Child of Luck. He thought that the Child of Luck he met this time would be the descendant of the Nine Great Mountains, but now it seemed that he guessed wrong.

Although Gu Wudi in front of him had a good cultivation base, his Luck points were far from that of a Child of Luck, and he couldn’t even be called a person of Great Luck.

At best, he could be regarded as a promising genius. And judging from the degree of decay of his Luck points, he might have formed hatred with the Child of Luck.

“You... you are Heavenly Maiden Tianlu?”

But at this moment, Gu Wudi was staring at Heavenly Maiden Tianlu carefully as if he was sizing up seriously, his face suddenly changed drastically, and he blurted out, extremely shocked.

He had seen the true face of Heavenly Maiden Tianlu in this life from Chen Suyun’s hands. Because once Chen Suyun had almost become the Heavenly Maiden Tianlu, she had a junior sister who was gifted by heaven.

Hearing this, the rest of the people of Nine Great Mountains also widened their eyes in astonishment and looked at the beauty in white in front of them. Her beauty was indeed hard to describe in words. She was magnificent and her skin was shining, almost dreamy, without any blemishes, just like an immortal.

Gu Changge stood side by side with her, like an extremely well-matched couple of immortals. They didn’t doubt Gu Wudi’s words, but they didn’t expect to see Heavenly Maiden Tianlu here. And she was so close to the man in white in front of her.

“You actually recognize me? It seems that you should have seen my portrait. Where is Chen Suyun?”

Heavenly Maiden Tianlu seemed a little surprised when she heard the words. She turned to take a closer look at Gu Wudi and asked with a smile, giving people a feeling of spring breeze.

However, when the rest of the people heard the name Chen Suyun, they couldn't help shivering and felt a terrible chill. It was rumored that there were a lot of grievances between Chen Suyun and Heavenly Maiden Tianlu.

When Chen Suyun left Heavenly Lu City and came to Nine Great Mountains, it seemed that there were some secrets that were unknown. For a moment, everyone thought that Heavenly Maiden Tianlu had lured Gu Changge to Nine Mountains.

It was just that when did such a terrifying young man exist in the Eight Desolations and Ten Regions?

“Chen Suyun is not the one you are talking about, she is just my Senior Sister from Nine Great Mountains.”

Gu Wudi said, and at the same time guessed in his heart the purpose of Heavenly Maiden Tianlu's arrival.

Could it be that she came here to settle the grudge with Chen Suyun? But why did Gu Changge say that he was going to destroy the Nine Mountains?

“Oh, senior sister? It seems that she has lived a pretty good life these years, so I, as a junior sister, can rest assured.”

Heavenly Maiden Tianlu still smiled and said that she had both holiness and demonic nature. Then her eyes turned and fell on Gu Changge's face, with a bewitching meaning.

“Mr. Gu, it seems that we have captured a good bargaining chip.” She said so.

“A chip? I wonder how valuable this chip is.”

Gu Changge shook his head and stretched out his hand directly to move the void. The jet-black divine light filled the air, turning into brilliant Dao runes and condensed into an ancient slave character.

**Buzz!!**

In the next moment, the word slave flew out, turned into a black light, and fell directly into the center of Gu Wudi's eyebrows, before it disappeared quickly.

“What is this!”

Gu Wudi couldn't dodge at all, the expression on his face became a little unconcealable panic and uneasiness, and it was difficult to keep calm like before. Even if he didn't know what technique it was, he still felt Gu Changge's uneasiness and kindness.

And after this mysterious imprint sank into the center of his brow, he felt that life and death were beyond his control. This feeling made him uneasy as if at this moment, he had become the other party's slave.

“If you don’t want to die, then don’t try to disobey my words.”

Gu Changge said lightly, not intending to talk nonsense with him. He had already seen that the Gu Wudi in front of him was not the kind of person who was not afraid of death. Therefore, it was easier to make him obedient by using the slave seal to control his life and death.

“You... you planted a slave mark on me...”

Gu Wudi’s expression turned pale with fright, and he couldn’t believe it. He was the existence of the Supreme Realm. At this level, even if the body was split open and buried in the world, it could still be restored to its original state.

### **Chapter 466-3: The hidden identity of the Son of Luck, I’m just a concubine (3)**

The vitality was so powerful that it was incomparably terrifying and indescribable. It was difficult to kill him unless he encountered a crushing force. Therefore, methods like slave seals were difficult to work for the existence of the Supreme Realm, unless there were special secret methods.

“It seems that you are not stupid.” Gu Changge glanced at him casually.

Gu Wudi’s complexion instantly became desperate. Even the Supreme Realm would be imprinted with a slave mark, which showed the strength of Gu Changge’s methods. And he had vaguely guessed Gu Changge’s identity.

It was impossible to have such a terrifying young man in the Eight Desolations and Ten Regions, so he must be from the upper realm. Even Heavenly Maiden Tianlu was walking that close to him.

What the hell happened in the Eight Desolations and Ten Regions?

Gu Wudi couldn’t imagine it. Just now, he just had a disrespectful thought of resistance, and a destructive aura emerged from his sea of ??consciousness, which almost shattered his soul. This made Gu Wudi feel hopeless and powerless.

He was proud and arrogant, and his ambition was above the Enlightened being. He didn’t want to risk his life because of this kind of thing. Therefore, no matter how unwilling Gu Wudi was, he could only choose to submit at this moment, not daring to show any resistance or disrespect.

“I like smart people because smart people are more interesting. You seem to be a smart person too.” Gu Changge noticed the change in Gu Wudi’s attitude and nodded slightly.

Gu Wudi felt weak and bitter in his heart. He was a majestic young master of the Nine Great Mountains, with the highest level of cultivation. Once he appeared, he was bound to be famous all over the world and everyone would be in awe and reverence.

Now before he left the mountain, he became a slave and his life and death were controlled by others. This kind of feeling simply made him feel mad with hatred, wishing he could raise his head to the sky and howl.

As for the rest of the people who were captured, Gu Changge also planted slave marks on them, in case they would spread the news of this place and cause a commotion in the Nine Great Mountains.

Judging from this ancient invincible cultivation base, the strength of Nine Great Mountains should not be simple. There were at least eight Enlightened beings, and it was not ruled out that some of them had cultivated for a long time.

Gu Changge didn't care about them, but he had to guard against the other methods of the Nine Great Mountains. And before that, he wanted to know the identity of the Child of Luck of Nine Mountains.

"From now on, I'm here to accompany you to visit your Senior Sister."

Afterward, Gu Changge ordered everyone on the Blue Cloud Flying Boat to stay here, and then asked Gu Wudi and others to take him and Heavenly Maiden Tianlu to the depths of the Nine Mountains.

As a bodyguard, Alpha had now broken through to the Second level of the Quasi-Emperor Realm and had been following behind him. And these words, Gu Changge naturally said to Heavenly Maiden Tianlu.

"Understood, Mr. Gu is here to accompany me to visit my Senior Sister."

Heavenly Maiden Tianlu smiled slightly, her brows were shining with wisdom and she had a charming aura. She had already guessed Gu Changge's intentions.

Soon, Gu Wudi and others led the way ahead as a golden road stretched under his feet. Crossing patches of mountains and rivers, rushing to the real location of the Nine Great Mountains.

It had to be said that there was a big difference between the Cloudy Tomb and the outside world. There were many ancient and ferocious beasts. They were savage, but they were not vicious and even a little docile.

The original ancient forests were densely covered, the mountains were magnificent. On the way, many disciples from Nine Great Mountains saw Gu Wudi and others, they all saluted respectfully and were very afraid of him. However, they were a little curious about Gu Changge and Heavenly Maiden Tianlu who were following behind.

For countless years, no outsider had come to the Nine Great Mountains. However, they all regarded the two of them as friends of Wudi, and they dared not ask more questions.

"My lord, which mountain should we go to first?" On the way, Gu Wudi suddenly asked respectfully.

"Whichever mountain you are in, go to that mountain." Gu Changge said casually as he withdrew his gaze from looking at this place.

"Yes." Gu Wudi nodded, the golden road stretched all the way under his feet, falling from the sky and to a certain majestic immortal mountain in the depths.

The surrounding sea of stars was vast, and the little stars gathered together, with a magnificent beauty, which could make people feel like they were in a paradise. This place was the Third Mountain.

"Greetings young master. Third Mountain Master is looking for you."

When Gu Wudi came back, divine lights arrived from the mountain peak. Someone looked at Gu Changge and Heavenly Maiden Tianlu suspiciously, and then said to Gu Wudi.

Among these people, there were both men and women. They were all very old, not young.

"I see, I will take the distinguished guest to see Master." Gu Wudi nodded, and restored the majesty of the past here, with golden light shining in his hair, like a god.

Everyone was very afraid of him, and they were even more curious about the distinguished guest he was talking about, but they didn't dare to ask more questions.

"Young master, this way." Gu Wudi led the way to the main hall of the Third mountain.

Gu Changge nodded slightly, not worried about Gu Wudi playing tricks. And he also wanted to see what kind of cultivation the so-called Third Mountain Master had.

On the top of the Third Mountain, the clouds and mist are vast, an ancient palace emitted a magnificent aura. The Chaos Immortal Waterfall was hanging down among the peaks.

The immortal mist was pervasive, the immortal light was intertwined, there were thousands of auspicious clouds, and thousands of auspicious colors. This was a shocking scene, like a real pure land outside the world, a paradise on earth.

The spirit beasts and birds here all had a kind of immortal charm. Their aura was extraordinarily strong, which could be said to be completely different from people outside the world.

After seeing Gu Changge and others coming, they were not frightened, and with the glow of the sun, the colorful feathers were shining brilliantly.

"There should be some kind of secret treasure that maintains the environment of the world here..." Gu Changge noticed this scene and felt a little clear in his heart.

The Nine Great Mountains were somewhat extraordinary, compared to his Inner Universe, they also had a sense of mystery, good fortune, and endless life.

"Wudi, who are these?" Soon, Gu Changge and others, led by Gu Wudi, saw the so-called Third Mountain Master in the hall.

This was an old man in a black robe, full of vigor, with a powerful aura lingering between his eyes. However, he was also looking at Gu Changge puzzledly, with the rune of the Emperor's way circulating in his eyes. Finally his eyes fell on Heavenly Maiden Tianlu.

"Master, this is the distinguished guest that this disciple met outside the mountain gate." Gu Wudi said respectfully, not daring to reveal what he had encountered before.

"Are you the Heavenly Maiden Tianlu of this generation?"

The voice of Third Mountain Master was a little startled, obviously he recognized Heavenly Maiden Tianlu.

Heavenly Maiden Tianlu smiled slightly and said, "Greetings, fellow Taoist."

"Then who is this?" He looked at Gu Changge, a little uncertain about this young man's cultivation.

It obviously gave people the impression that he was not very old, but why did it make him feel extremely dangerous and palpitating. Even more so than the Heavenly Maiden Tianlu in front of him.

“His name is Changge, and he is my husband.” However, before Gu Changge could speak, Heavenly Maiden Tianlu took the lead and said with a smile, while naturally taking his arm.

Her black eyebrows were curved, standing here like a divine lotus with a holy aura, it seemed to have returned to its previous appearance.

“Husband?”

The Master of the Third Mountains twitched his eyebrows and his heart was a little shaken. When did Heavenly Maiden Tianlu have a husband? Since ancient times, Heavenly Maiden Tianlu had always been a representative of purity and no man had ever appeared by her side.

“Yes, but I’m just a concubine of my husband.” Heavenly Maiden Tianlu said again, but this time there seemed to be some resentment.

### **Chapter 467: The fish that slipped through the net, It’s really wonderful**

Needless to say, Heavenly Maiden Tianlu’s appearance was ethereal and wise. Her eyes had a kind of transcendent holiness, which gave people a feeling that the goddess of the Nine Heavens was not stained with dust and her beauty was like a dream.

But at this moment, from her mouth, she said these kinds of words of being a concubine, there was a hint of resentment. This really shocked the Third Mountain Master, he couldn’t believe it, and almost widened his eyes.

Yet this kind of emotion and expression did not seem to be fake. For the Eight Desolations and Ten Regions, the identity of Heavenly Maiden Tianlu was so transcendent and noble, how could she say such words so easily?

However, Gu Wudi believed in this statement. Otherwise, how to explain why she, as the mysterious Heavenly Maiden of Tianlu, would accompany Gu Changge, a person from the Upper Realm?

It could also be seen from this that Gu Changge’s identity was so terrifying that Heavenly Maiden Tianlu was willing to say such words. Hearing this, even he couldn’t help but feel some envy in his heart.

Even if he was a young master of the Nine Great Mountains, he needed to be in awe when facing Heavenly Maiden Tianlu.

“Heavenly Maiden Tianlu, you are not joking, right?” Third Mountain Master’s expression quickly returned to normal, but the shock still remained in his eyes.

“I don’t think I need to joke around at this point,” Heavenly Maiden Tianlu replied with a smile, it was really hard to pick out the slightest flaw.

“Is that so, sir?” Then, she blinked her eyes lightly and looked at Gu Changge who was beside her. The fragrance was permeating and sultry.

“Can’t you be more dignified and holy in front of outsiders?” Gu Changge seemed a little helpless, with just the right amount of pampering in his eyes, he gently wrapped his arms around her slender waist.

He understood Heavenly Maiden Tianlu's intentions and she expected that he would not eat her because of the Nine Immortal Seductive Body. That was why she was so confident and said so deliberately in front of outsiders.

However, Gu Changge had never been a person to suffer any disadvantage. Even if there was no solution to the trouble of the Nine Immortal Seductive body, it was not easy to take advantage of it.

A faint haze rose from Heavenly Maiden Tianlu's face, and she felt a warm feeling coming from her waist and extremities.

The tip of the nose had a faint clear aura, like cold marble. But she snorted softly, broke free from Gu Changge's arms, and said, "Are your husband's hands so dishonest in front of outsiders?"

Seeing this scene, the Third Mountain Master no longer doubted in his heart. He looked a little cautious, guessing Gu Changge's identity. After all, for Heavenly Maiden Tianlu to say this in person, his identity might be shocking.

The news that Heavenly Maiden Tianlu became someone else's concubine, if it got out, might cause a shocking wave. The Eight Desolations and Ten Regions will be shaken by this.

"What is the identity of this young master?" The Third Mountain Master asked with a slightly dignified expression.

"Fellow Daoist, you can just call my husband young master, and you don't have to worry about his identity." Hearing this, a smile appeared on Heavenly Maiden Tianlu's face again, as an explanation.

"I see, greetings, young master." Third Mountain Master was also a human being, he already guessed the general idea from these few words, and bowed his hands to Gu Changge.

Although the identity of the Nine Great Mountains was detached, in the Eight Desolations and Ten Regions, who knew if there were some older families hidden, who had contact with the True Immortal Land and had the blood of Immortals?

He subconsciously thought of Gu Changge's identity from above and did not guess about the Upper Realm. Because this was simply impossible, how could Heavenly Maiden Tianlu come into contact with the Upper Realm?

That was the enemy that had been attacking and invading Heavenly Lu City all along. It was impossible for Heavenly Maiden Tianlu, who was responsible for guarding Heavenly Lu City, to have any contact with the Upper Realm.

"I wonder why Heavenly Maiden Tianlu came to my Nine Mountains this time?"

Afterward, the Third Mountain Master calmed down his emotions, his face returned to normal and he asked. He guessed that Heavenly Maiden Tianlu probably came here because of the invasion of the Upper Realm in the Eight Desolations and Ten Regions.

After all, Heavenly Lu City needed the support of the Nine Great Mountains. Thinking about it this way, it could be used as a reason to persecute Second Mountain Master.

“The main purpose of my visit this time is to visit the senior sister who left Heavenly Lu City and came here, and to know how she is doing.”

Heavenly Maiden Tianlu replied with a smile, there was no leak, and there was no flaw. Of course, it could be said that this was also one of her purposes.

“You mean Chen Suyun?”

The Master of the Third Mountain frowned slightly. He actually didn't know much about the grievances between Chen Suyun and Heavenly Maiden Tianlu. He only knew that the relationship between the two of them was senior sister and junior sister, and they were both candidates for the next Heavenly Maiden Tianlu.

Although Chen Suyun had been a beginner for a long time, her cultivation talent was not as good as that of her junior sister. Later, without knowing what was the relationship, Chen Suyun rebelled from Heavenly Lu City, came to Nine Great Mountains, and was taken as a disciple under the Master of Second Mountain.

“Exactly.” Heavenly Maiden Tianlu nodded slightly.

The Master of the Third Mountains' eyes flickered slightly, thinking about gains and losses in his heart.

Now Chen Suyun was the Senior Sister of Nine Great Mountains, and her prestige was not weak among the disciples. If Heavenly Maiden Tianlu came to seek revenge like this, she would really lose against Nine Mountains.

Heavenly Maiden Tianlu might also know the trouble of this matter, so she asked her husband to accompany her. It could also be seen from this point that her husband's identity was probably her confidence.

Thinking of this, the Third Mountain Master showed a smile on his face and said, “Chen Suyun is the Second Mountain Master's apprentice. If Heavenly Maiden Tianlu wants to find her, then it seems that he has to go to Second Mountain.”

“However, since you have come from a long way, why not rest here, I will ask my apprentice to report this so that Second Mountain Master can know about it. I wonder what Heavenly Maiden Tianlu thinks?”

Hearing this, Heavenly Maiden Tianlu seemed to think about it for a while, then looked at Gu Changge beside her, blinked her eyes, and said, “Husband, what do you think?”

This kind of thing had to be decided by Gu Changge, and she couldn't do it.

“Why don't you just follow what the Third Mountain Master said? Anyway, you are not in a hurry at this moment.”

Gu Changge said with a slight smile, the expression on his face had always been gentle and natural, as rich as jade.

“Since that's the case, why don't you two go to rest first, and I'll let the disciple go to the Second Mountain to report.”

The Third Mountain Master smiled and then ordered Gu Wudi to arrange for Gu Changge and Heavenly Maiden Tianlu to rest.

Around the Second Mountain, there were many palaces on the sacred mountain, magnificent and simple, with a style completely different from the current era.

Sunshine was lingering in the mountains, there was colorful mist flowing and it was dense. All kinds of celestial mushrooms and medicines were planted in the medical fields, and there were special disciples to take care of them.

“My lord, you can rest here for now.” Gu Wudi brought Gu Changge and Heavenly Maiden Tianlu into a splendid hall and then retreated respectfully.

His life was in Gu Changge’s hands, and he didn’t dare to have any disrespectful thoughts. And on the way to the Third Mountain, he had already told all the secrets about the Nine Great Mountains that he knew, and he knew almost everything.

After seeing Gu Wudi leave, Gu Changge thought for a while in the hall and then took out the Hongmeng Purple Mirror, intending to deduce the Child of Luck this time.

Although he had not seen it with his own eyes, he already knew who it was from Gu Wudi’s words.

### **Buzz!!**

A burst of glistening purple light appeared on the Hongmeng Purple Mirror, an inexplicable aura descended and a scene suddenly appeared on the originally blurred mirror surface.

“What secret treasure is this?” Heavenly Maiden Tianlu’s eyes fell, and she was a little strange.

She could perceive the extraordinariness of this secret treasure. It even involved the cause and effect of fate, as if it could deduce the picture of the past and the future. However, Gu Changge ignored her but looked at the scene that emerged in the Hongmeng Purple Mirror.

It was a thunderstorm night and the sky and the earth were shrouded in darkness. Occasionally, thunder and lightning flashed across the sky, baring their teeth and claws, illuminating the sky and the earth.

A horrific slaughter was taking place in a palace and pavilion hidden in the forest of Yunwu Mountain. Within a radius of hundreds of thousands of miles, the divine light flickered, the runes were like a sea and the terrifying aura swept all directions, destroying everything, which could be called earth-shattering.

Many cultivators died tragically in this battle and they jointly resisted the invasion of foreign enemies, which could be called tragic. There was a team that was quietly escorting a baby hidden in a swaddle, intending to tear the space and stay away from this place.

“Could it be that the baby is the Child of Luck this time, Xiao Yang, the junior brother of Nine Mountains?”

Gu Changge’s eyes also fell on the baby in the picture, a little thoughtful. It could be seen that the family behind Xiao Yang seemed to have encountered a terrifying attack.

Those cultivators came aggressively, breaking through the space and descending. Obviously, they had been prepared for a long time, and the cultivation of the powerful ones had even surpassed the Supreme Realm.

This battle almost destroyed Xiao Yang's family, leaving only the ruins in the end. Of course, there were still some fish that slipped through the net, who survived the attack and escaped by Luck.

However, in Gu Changge's view, this was in line with the routine of the Son of Luck who had always suffered and hated deeply.

"I wonder if the cultivators who attacked the family behind Xiao Yang belonged to the Upper Realm or came from the Eight Desolations and Ten Regions."

Gu Changge narrowed his eyes, and various thoughts flashed through his mind. Generally speaking, the family of a Child of Luck who had this kind of routine would be somewhat special.

Either it was to possess some kind of great treasure, which could be coveted by everyone without guilt. Either because of their special bloodlines and physique, they were hated by others or caused fear.

"Cyan blood, when fighting to the point of madness, the eyes will turn golden, and the strength will increase... Could it be that family? In this way, there may be inextricable karma with the Gu family. More than 20 years ago, it was really wonderful."

Thinking of this, Gu Changge suddenly thought of something and planned to find an opportunity to summon those people to ask.

He guessed that Xiao Yang had something to do with the Guardian Clan of the Eight Desolations and Ten Regions, or that they were the fish that slipped through the net at the beginning.

Gu Changge still remembered that more than 20 years ago, the Ancient Immortal Gu Family placed some powerhouses from their family in the Eight Desolations and Ten Regions, and were ordered to exterminate the Guardian Clan.

If that were the case, the timeline could still overlap. As a family of Guardians of the Eight Desolations and Ten Regions, the strength of their bloodline lay in the ability to summon Immortal Heroic Souls from the heavens and the earth.

The blood was endless, and the Heroic Soul was Immortal. This family even built a cemetery in their own spiritual sea to bury generations of strong family members. Even if they fell for countless years, they could recall their traces from the world and fight side by side again.

Once during a battle with the Upper Realm, the Guardians even summoned an Immortal Soul. Although he was a disabled Immortal, he also caused extremely terrifying damage to the army of the Upper Realm.

The Ancient Immortal Gu Family also calculated for a long time to wipe out the Guardian Clan more than 20 years ago, and finally chose to strike when it was weakest. Because at that time, the patriarch of the Guardian Clan failed to break through and was seriously injured. In addition, the child was born, and his wife was weak.

Although its bloodline was strong, only a very small number of people could summon Heroic Souls.

Moreover, the number of clansmen was not large, and they had always been in a state of seclusion. Under this thunderous strike that was fully prepared, there were still fish that slipped through the net and escaped.

“But now he bumped into me, I wonder if Xiao Yang can have such good luck.”

With a flick of his sleeve, Gu Changge took the Hongmeng Purple Mirror.

Although Heavenly Maiden Tianlu was a little curious about the scene that emerged from Hongmeng Purple Mirror just now, she was also tactful and didn't ask too many questions. The more one didn't know some things, the better.

“Three days later, the young apprentice of Second Mountain Master will compete with Gu Wudi for the control of Nine Mountain Immortal Seal. Now the Nine Great Mountains have no doubts about our intention to come. Perhaps at that time, it will be the best opportunity to make a move.”

She smiled and said, her eyes were radiant, divinity, and demonic aura coexisted. She didn't care about the Nine Great Mountains.

“What is the origin of this Nine Mountain Immortal Seal?”

Hearing that, Gu Changge was somewhat interested in this thing.

And in the competition three days later, Gu Wudi would suppress his cultivation to be in the same realm as Xiao Yang. He promised a three-move agreement.

But in Gu Changge's view, Gu Wudi was sure to lose. After all, in the face of the bets made by the Son of Luck, especially the most familiar three-moves agreement, the result was without exception. The Son of Luck would forcefully beat everyone in the face when everyone was not optimistic about the situation, and win in the end.

He had seen this kind of routine too much. Luck itself was illusory, and there were too many accidental factors, not to mention Xiao Yang himself was not simple, and there were many hidden methods.

Therefore, three days later, according to the normal routine, Gu Wudi would be defeated and the Nine Mountain Immortal Seal would still fall into Xiao Yang's hands.

“I only heard that the Immortal Seal of Nine Mountains is the foundation of the Nine Great Mountains. It gathers countless years of faith, luck, destiny, etc. of the Nine Great Mountains. It is mysterious and unspeakable.”

“The level of this kind of treasure has surpassed the Emperor's weapon. The Nine Great Mountains can always be hidden here, and it has a lot to do with it.”

Heavenly Maiden Tianlu thought for a while and told Gu Changge what she had learned.

“That is to say, if the Nine Great Mountains are compared to an independent world, then the Nine Mountains Immortal Seal is similar to a boundary treasure, something that suppresses luck?”

Gu Changge nodded, feeling a little dazed. Soon, the news about Heavenly Maiden Tianlu's coming to Nine Great Mountains spread from the Third Mountain, causing great waves.

Even though the disciples of Nine Mountains had not left this place for many years, they were no strangers to Heavenly Maiden Tianlu.

In the eyes of many people, she was the Guardian of Heavenly Lu City. Like the Nine Great Mountains, she had the important task of protecting the Eight Desolations and Ten Regions.

But this time Heavenly Maiden Tianlu came to the Nine Great Mountain, it seemed to be quite unkind, the reason seemed to be related to a former senior sister of hers. And that senior sister was now Chen Suyun, the senior sister of Nine Mountains.

There was a lot of enmity between Heavenly Maiden Tianlu and Chen Suyun, and it seemed that she was here to resolve this matter. Many disciples of the Nine Great Mountains were extremely surprised by this.

Some people were even angry, thinking that Heavenly Maiden Tianlu came to seek revenge. She was accompanied by a young man who was said to be her husband. But the identity of that young man was very mysterious, even the Third Mountain Master treated him with courtesy and did not dare to neglect him.

This incident quickly spread among the mountains of the Nine Great Mountains, causing a great commotion.

#### **Chapter 468-1: Young Master Gu's method of coaxing women is really clever, Reaching the realm of Purple Luck (1)**

The appearance of Heavenly Maiden Tianlu and Gu Changge on Nine Mountains shocked all the disciples. Even the Mountain Masters were very concerned about this as they were speculating about Gu Changge's identity.

Judging from Heavenly Maiden Tianlu's words, Gu Changge's background was very terrifying. Not to mention his cultivation level at a young age was even more difficult to guess. Even she herself admitted that she was his concubine.

Under these rumors, many disciples went to the Third Mountain, trying to get a glimpse of the truth. Of course, these people also wanted to know how the grievances between Heavenly Maiden Tianlu and the Senior Sister Chen Suyun would be resolved.

After all, this was a major event related to Heavenly Lu City and Nine Great Mountains. And soon within the majestic Second Mountain, Chen Suyun received the news. Her brows could not help but frown, there were some tangles and struggles on his face, which finally turned into a sigh.

"Is she finally here?"

Her expression became very complicated. Many memories flashed in her mind which finally settled on the face of a bright and brilliant girl.

In fact, she should have expected this. All these years, she had been waiting for Heavenly Maiden Tianlu to knock on her door.

"Senior, are you really the Elder Sister of Heavenly Maiden Tianlu? Are you going to settle your grievances with her?"

At this time, outside the palace, a young man arrived, surrounded by a blue glow. He looked extraordinarily upright and confident. It was Xiao Yang, but now his expression was a little anxious and worried.

He was also shocked by the news. If Chen Suyun hadn't found him under the waterfall when he was young, he might have been eaten by the nearby beasts. It could be said that if there was no Chen Suyun, he would not be alive right now.

What was more, during these years, Chen Suyun had been taking care of him and teaching him a lot of truths, and she was also like a sister and mother to him. He was also grateful to Chen Suyun from the bottom of his heart. He planned to protect and repay her for the rest of his life when he became capable.

Now that he got this news, it really shocked him. He never knew about such a big thing. Chen Suyun never mentioned it to him.

As for the rumors about Heavenly Maiden Tianlu, he had known about them in recent years. He knew that when the army of the Upper Realm crushed Heavenly Lu City many years ago, a terrifying Enlightened being was suppressed and killed by her in front of Heavenly Lu City.

The first battle shocked the world and shocked all directions. Heavenly Maiden Tianlu's strength was not weak. Before this, he didn't know the relationship between Heavenly Maiden Tianlu and Chen Suyun.

"You heard about this too?"

Facing Xiao Yang, Chen Suyun's expression was gentle for a long time, and she also displayed a rare smile.

"Senior Sister, Heavenly Maiden Tianlu is an Enlightened being, while you are only in the Quasi-Emperor Realm. If you want to resolve grievances, you would not be her opponent at all."

Xiao Yang couldn't hide his concern in his heart as he blurted. This matter was his priority rather than the battle between him and Gu Wudi three days later. After all, to him, Chen Suyun was like his mother, a family member.

"This matter is between me and her. It will be resolved sooner or later. You don't have to worry about it." Chen Suyun said gently, "Besides, Junior Sister's talent is stronger than mine. In fact, I should have figured it out a long time ago."

"After all, she was Enlightened very early as she stepped into the world as an Enlightened being. Now she is probably at a later stage of that realm, and I have spent countless years staying in the sixth level of the Quasi-Emperor Realm without any breakthrough..."

Having said that, she sighed. Her expression became more and more complicated. This was the first time Xiao Yang saw a look of guilt on her Senior Sister's face. He went speechless, without anything to reply.

He didn't understand the grievances between Chen Suyun and Heavenly Maiden Tianlu. But judging from the current situation, Chen Suyun might have done something wrong back then, that was the reason behind her arrival at the Nine Great Mountains.

However, even if Chen Suyun did something wrong, she was still his Senior Sister. He would not allow anyone to hurt her. Thinking of this, Xiao Yang fell silent as he clenched his fists secretly.

“What Master said back then is not wrong. Junior Sister is the most suitable candidate for the next Heavenly Maiden Tianlu’s position, and she is also the most talented Heavenly Maiden Tianlu among the past countless years. If heaven and earth allowed it, Heavenly Maiden would have really reached another level already.”

Chen Suyun sighed, feeling a little emotional. She had figured out how to cultivate herself over the years. So she actually regretted what happened back then, but there was no medicine for regret in this world.

She also did not have the ability to reverse the long river of time and change what happened at the beginning.

“Master, what happened in the first place? Why did you two sisters go against each other?” Xiao Yang couldn’t help asking.

Chen Suyun shook her head, her eyes were a little guilty and she said, “I’m sorry for her. I was jealous of her talent at the beginning. When I found out that Master intended to make her the next Heavenly Maiden Tianlu, I was unwilling. Then, while Master was out, I took her away from Heavenly Lu City to the shore of the Boundary Monument Sea, and tried to steal her talent with secret methods.”

“It’s a pity that when I was about to succeed, my Master noticed and rushed to rescue my dying junior sister.”

“In order to save Junior Sister and preserve her talent, Master did not hesitate to use her own lifespan as an intermediary to perform a Supreme Secret method. It is because of this that my Master died quickly...”

Chen Suyun didn’t say anything about the fact that she escaped from Heavenly Lu City and came to Nine Great Mountains and begged the Master of the Second Mountain to take her in. Because it didn’t matter anymore.

She knew that her junior sister would hate her. But it might be that before her Master died, she hoped that they would stop fighting with each other and let go of her hatred. What was more, the junior sister knew that if she came to Nine Great Mountains alone to seek revenge, she might die.

That was why she hadn’t come to seek revenge in these years. After listening to this, Xiao Yang also fell into silence. But soon, he raised his head again, and said in a low voice,

“People are not saints and only saints can’t make mistakes. Since you have realized your mistakes, sister, I think if I were Heavenly Maiden Tianlu, I would have forgiven you.”

“After so many years, how can there be a threshold in this world that cannot be crossed? If Heavenly Maiden Tianlu is magnanimous, she shouldn’t be holding on to such hatred. What’s more, you have a relationship between a senior sister and a junior sister. There is no one in this world who is closer to her than you.”

"I hope so too, but this time it seems that things are not simple. My junior sister is accompanied by a young man..."

Chen Suyun smiled when she heard the words, and understood what Xiao Yang meant.

She felt that her Junior Sister would not let her go so easily. Given her personality, how could she get so close to a young man? Therefore, the greatest possibility was that she wanted to use the power of that young man to intimidate the Nine Great Mountains and not let them interfere in this matter.

The grievances between the two of them would be resolved by themselves. From this, she could also see her junior sister's determination to take revenge.

"Don't worry about this matter and prepare for the competition between you and Gu Wudi. Second Mountain Master has already told me about you, Senior Sister believes that you can win that bet."

Afterward, some tiredness appeared on Chen Suyun's face, and she waved her hands. Xiao Yang knew that this was the meaning of the Senior Sister's eviction order. He nodded in silence, clenched his fists, but said to himself in his heart, "Don't worry, Senior Sister, I will not allow anyone to hurt you."

With that, he also left the palace and went to the Mountain where the Second Mountain Master was located, wanting to ask him to help his Senior Sister.

Xiao Yang knew that for the sake of his face, Second Master would never stand by and ignore the matter of the Senior Sister Chen Suyun.

#### **Chapter 468-2: Young Master Gu's method of coaxing women is really clever, Reaching the realm of Purple Luck (2)**

...

"So this is the grievance between you and that senior sister?"

At the same time, in the palace on the Third Mountain. Gu Changge also listened to the grievances between Heavenly Maiden Tianlu and her senior sister Chen Suyun.

He raised his eyebrows with some interest.

It wasn't that he was suddenly interested in Heavenly Maiden Tianlu's grievances, but that the person who adopted Xiao Yang more than 20 years ago was the Senior Sister Chen Suyun.

This kind of thing could hit the Son of Luck and grab the wool along the way, Gu Changge naturally would not refuse such an opportunity.

"Why? Does Mr. Gu also sympathize with my experience?"

Heavenly Maiden Tianlu still had a faint smile on her face. She was dressed in snow-white robe adorned with feathers. Her tall and slender body displayed her delicate and flawless figure that could be blown away with the wind.

When her bright eyes blinked, there was an extremely deceptive meaning, which was completely different from her holy appearance.

“Sympathy is nothing to talk about, aren’t you living well now?” Gu Changge looked casual as he shook his head and said, “It seems that you still want to seek revenge on her all these years.”

“Before Master passed away, I promised her that I would let go of my hatred and protect Heavenly Lu City. Heavenly Lu City is the result of her painstaking effort. I will do my best to protect it, but I will not allow anyone who betrayed my Master and hurt Master’s people to continue to live.”

Heavenly Maiden Tianlu walked to the window of the palace. She raised her head and looked at the vast and magnificent galaxy in the distance. Those beautiful crystal eyes reflected the magnificent starlight and her blue hair was like a waterfall, flowing with a moving luster.

In her opinion, the reason why her Master died was that she used her longevity to preserve her talent and life. And all of this was brought by her Senior Sister Chen Suyun.

“Then I’ll wait until the time comes to watch a good show.” Gu Changge poured a glass of wine and drank casually with leisure.

“I thought Mr. Gu would persuade me to let go of my hatred. After all, she is my Senior Sister.” Heavenly Maiden Tianlu suddenly turned around, staring at him with inexplicable meaning.

“I don’t know the suffering of others, so I am not going to persuade others to be magnanimous. What qualifications do I have to persuade you to let go of your hatred?”

Gu Changge shook his head and said, of course, these words were just nice words. It didn’t matter to him whether Heavenly Maiden Tianlu took revenge or not. The most important thing was if Heavenly Maiden Tianlu did not take revenge and started a conflict with Chen Suyun, how could the hatred value of the Son of Luck be filled?

How would he pluck the wool and harvest that Luck?

“Young Master Gu’s method of coaxing women is really clever. If I didn’t know you very well, I’m afraid I would be moved by your words.”

Heavenly Maiden Tianlu’s eyes were shining brightly as if there was a radiant divine light flowing. She couldn’t help but smile faintly as the corner of her mouth moved upwards. Suddenly, she walked up to Gu Changge, hugged his neck and sat down.

The delicate fragrance emerged, which was sultry and one could even feel the coolness of the blue silk passing over the skin.

“If you hadn’t expected me to not eat you now, I don’t think you would be so bold.” Gu Changge remained unmoved, still drinking to himself.

However, Heavenly Maiden Tianlu didn’t care about it and took the initiative to come over. Gu Changge raised his eyebrows, but he never thought that this woman would be so proactive and bold in order to protect the Heavenly Lu City.

“Can’t eat, isn’t there another way?”

Heavenly Maiden Tianlu raised her head, with a faint smile on her lips. She was very confident and seemed to be mocking provocatively. She had bright eyes and teeth, her flawless white neck emitted a

jade-like radiance. Her whole person was both devilish and divine. She was so beautiful that it almost felt unreal, making people doubt that this was her real appearance.

“I’m becoming more and more reluctant to kill you...” Gu Changge sighed and his palms fell on her flawless and pretty face.

In a blink of an eye, it was already the next day. Among the main peaks of the Second Mountain, many disciples from the Nine Great Mountains gathered, and even the Mountain Master had arrived early.

The Mountain peaks looked majestic, surrounded by blue rays of light and the cliffs were as smooth as a mirror as if they were cut from the sky by a Heavenly Sword.

Here, the aura was so dense that it gave birth to a colorful mist. This immortal mist was intertwined among the various ancient trees which led to the birth of divine medicines. They emanated a strong medicinal fragrance which permeated in the surroundings.

At this moment, on the square of the main peak, runes were flickering and various laws were hanging down as if they had existed since ancient times.

This was an ancient battlefield hidden in virtual space. It was shrouded in a misty light, created by the powerful existences from the Nine Great Mountains for generations, and engraved with many powerful formations.

Usually, it would only be activated when major events occur, such as the Mountain Masters fighting each other, which could withstand the fluctuations of the existence of fighting in the Emperor’s Realm. But now it was obviously not because of this kind of thing.

“I heard that Heavenly Maiden Tianlu will settle her grievances with her Senior Sister Chen Suyun here. Even the Emperor Realm Battlefield will be activated. It seems that there will be a terrible battle soon.”

“However, many people are not optimistic about the Senior Sister Chen Suyun. After all, this Heavenly Maiden Tianlu is an Enlightened being, and Senior Sister is only at the Quasi-Emperor Realm. The gap between the two is too great.”

“Really? It seems that the other party is obviously a bully!”

Many disciples of Nine Great Mountains who had been informed had arrived here early gathered from all directions as they were looking at the hazy battlefield in the square. They were talking in low voices, about the major events that happened in Nine Great Mountains these days.

Heavenly Maiden Tianlu came to seek revenge and she wanted to resolve her grievances with her Senior Sister Chen Suyun.

When they knew that Heavenly Maiden Tianlu’s cultivation was much higher than Chen Suyun’s, they were shocked. Then they were indignant and dissatisfied, feeling that the other party was bullying.

After all, Heavenly Maiden Tianlu clearly has a strong cultivation base and she wanted to bully her Senior Sister with weak cultivation. For a while, it also aroused the righteous indignation of many people.

Especially under the instigation and ignition of Xiao Yang, many people couldn't help but feel angry at the unmasked Heavenly Maiden Tianlu. However, there were also sensible people who felt that this matter was not simple.

If the other party really intended to use their cultivation to oppress them, it was impossible for those Mountain Masters to sit idly by and let the other party bully the top geniuses of Nine Great Mountains.

So in this matter it was likely that the Senior Sister Chen Suyun was in the wrong.

Of course, some people thought that it was because the Mountain Masters were afraid of the mysterious man next to Heavenly Maiden Tianlu and didn't want to intervene. And soon, amidst the discussions among the crowd, a divine light descended from the eastern sky and turned into a woman with an indifferent expression.

It was the Senior Sister Chen Suyun. She was quite prestigious among the disciples of the Nine Great Mountains, so as she swept around, all the disciples couldn't help but quiet down.

"Chen Suyun's grievances with Heavenly Lu City back then are beyond our control."

"Looking at her expression, it seems that she has figured it out, that's why she is so calm."

On the high platform, several vague figures stood tall with chaotic energy surging around them as if they were in another distant world. They were the Masters of the Nine Mountains.

While they were talking, their gazes fell on Chen Suyun, feeling that her cultivation was the same as usual and didn't change much.

"Master..."

On the other hand, Xiao Yang also watched all this closely with a heavy expression and a little worry in his heart. Although he had already approached Second Mountain Master and wanted him to help her senior sister.

And Second Mountain Master also agreed to him and gave Chen Suyun a secret treasure, which could protect her life at critical times. But he still didn't have much confidence in Chen Suyun.

Heavenly Maiden Tianlu was a veteran Enlightened being, if she went all out, she might be able to kill Chen Suyun with a single finger.

"If something happens to my Senior Sister, even if you are Heavenly Maiden Tianlu, I will not let you go..."

### **Chapter 468-3: Young Master Gu's method of coaxing women is really clever, Reaching the realm of Purple Luck (3)**

Xiao Yang secretly uttered in his heart, while paying attention to the western direction, waiting for Heavenly Maiden Tianlu to appear.

**Boom!!**

But at this moment, everyone noticed that there was strong momentum arriving from the west. Their eyes couldn't help but fall on the source. It was a bright and eye-catching golden light.

A golden road spread out, extending from afar to this place. On it were golden lotus flowers in full bloom. One by one, each piece was crystal clear, like the flowers of Dao were blooming.

A man and a woman were standing on it, both dressed in white with fluttering sleeves. They were detached and refined, looking extremely well-matched, like a couple of immortals.

Heavenly Maiden Tianlu stepped down from the golden road before arriving at the square and was about to step into the ancient battlefield.

Her face was white and flawless, exquisite and peerless. She was a little taller than ordinary women and had a holy aura, like a goddess above the Nine Heavens, unstained by dust.

Appearing here at this moment, it immediately attracted the attention of all the disciples. It was the first time they saw Heavenly Maiden Tianlu and a deep surprise flashed in their eyes.

However, there were also people who were looking at Gu Changge, wanting to know who this mysterious young man was that accompanied someone with such a noble and transcendent status as Heavenly Maiden Tianlu.

The Mountain Masters did not dare to neglect him. In the past few days, although some disciples went to the Third Mountain to try to get a glimpse of the true face, they all failed and were turned away.

The bodyguard of this young man was a Quasi-Emperor powerhouse wearing a Dark Iron battle suit. His strength was extremely terrifying and they dare not approach him. Behind Gu Changge, the Third Mountain Master, Gu Wudi and others also showed up here, wanting to watch the battle together.

“This is that mysterious young man? Where did he come from? Why is he giving me a dangerous feeling?”

A Mountain Master stared at Gu Changge with some doubts.

The rest of the Mountain Masters also had different expressions, thinking in their hearts that they had lived for countless years overlooking the changes of the Eight Desolations and Ten Regions. They had seen all kinds of geniuses, but this was the first time they had seen such an unpredictable and mysterious being.

If it wasn't for Heavenly Maiden Tianlu accompanying him, they would all have wondered if Gu Changge came from the Upper Realm.

“Master, do you think Senior Sister has a chance of winning?”

Xiao Yang arrived beside the Second Mountain Master's side, frowning. His eyes swept over Gu Changge and then fell on Heavenly Maiden Tianlu, he couldn't help asking.

Regarding Gu Changge, neither did he know him nor did he want to know. However, the other party's deep and vast terrifying aura, as well as his aloof and overlooking expression, made him feel uncomfortable.

Hearing Xiao Yang's words, Second Mountain Master withdrew his gaze from Gu Changge. He shook his head and said, “There is no chance of winning, but she should be able to save her life.”

It was not that he didn't like Chen Suyun, but the gap between the two was really too big. His main attention was still on Gu Changge, a young man that even he couldn't see through. Whether it was aura or strength, it revealed a mystery that was difficult to fathom and could not be guessed.

"No wonder a guy like Third Mountain Master is so cautious and dare not neglect..."

The Second Mountain Master took another deep look at Gu Changge.

"Master, don't you like Senior Sister?" Xiao Yang frowned even tighter. There was indeed a gap between the Quasi-Emperor Realm and an Enlightened being. Now it seemed that he could only hope that the Senior Sister would not be injured.

"Senior Sister, I haven't seen you for so many years, but now it seems that I have had a pretty good time."

On the square, Heavenly Maiden Tianlu looked at Chen Suyun with a faint smile on her face. She was as holy as a Buddha lotus, curling and graceful, beautiful and moving.

Chen Suyun said with a complicated expression, "I didn't expect you to become like this today."

While speaking, she couldn't help but glance at Gu Changge who was not far away, and sighed.

"Oh, how do I look in the eyes of my Senior Sister?" Heavenly Maiden Tianlu still smiled and said, as if reminiscing with her.

"In the past, you would not seek so-called help from others, especially from a man, for revenge. You are a proud and confident person..."

In Chen Suyun's view, Heavenly Maiden Tianlu would not hesitate to commit herself to others in order to avenge her. Moreover, Heavenly Maiden Tianlu's temperament was quite different from the junior sister she knew.

If it wasn't for the fact that her face had not changed, she wouldn't have believed that this was the junior sister from before.

"It seems that senior sister, you still don't know me well enough and that Changge is very kind to me."

There was a faint understated smile on Heavenly Maiden Tianlu's face. It was not annoying and instead felt very sacred yet detached.

"Really? If that's the case, then the grievances between you and me should indeed be understood."

Chen Suyun's face was gloomy as her figure flashed. She had already entered the ancient battlefield in front of her and was ready to fight for life and death.

Heavenly Maiden Tianlu was not in a hurry, but looked back at Gu Changge as she blinked her eyes and said, "Husband, I will follow your request."

Seeing this scene, the faces of many Mountain Masters froze. They couldn't help looking at Gu Changge, feeling that this matter was no longer simple. However, Gu Changge's face didn't change much. Standing on the golden road, he didn't land on the ground. He was very indifferent and calm as he looked down.

“It turned out to be the Son of Luck in Purple Luck Realm...” He murmured softly in his heart and withdrew his gaze from Xiao Yang.

This was the first time he met Xiao Yang and it could only be said that he was not disappointed.

Red, Orange, Yellow, Green, Blue, Purple, these were the seven colors of Luck, Blue Luck was already rare, just like Jiang Chen, who was the reincarnation of the Immortal Boat. Even he only had Blue Luck.

The degree of Luck Xiao Yang had reached the Realm of Purple. Although it was very thin, it was also a solid Purple. After that, Heavenly Maiden Tianlu’s figure flickered, and she also entered the ancient battlefield in front of her.

It was shrouded in gray mist and the chaotic mist was pervasive as if they had arrived at the beginning of the creation of the world, without knowing the limit.

Big stars floated up and down in the sky with a terrifying aura intertwined. Even some weapon wreckage could be seen and the pervasive divine power was enough to hurt the existence of the Supreme Realm.

This ancient battlefield had existed for an unknown period of time, enough to accommodate the confrontation of Enlightened beings as if pieces of the ancient universe were refined.

As soon as the two of them entered it, they displayed their strongest move.

Chen Suyun’s strength in the sixth level of the Quasi-Emperor Realm was undoubtedly revealed. At the same time, she sacrificed her own weapon which was a small purple tower, whose endless brilliance was as dazzling as a star. It quickly enlarged, rising and falling like a hill.

The Emperor Realm’s light seemed to be able to penetrate the universe, causing many stars to tremble and burst at any moment. However, Heavenly Maiden Tianlu’s expression had no fluctuation. She just waved her sleeves and a divine light shot out, turned into a sword energy before it descended towards Chen Suyun.

“Chi Chi...”

In the next moment, the small purple tower in front of Chen Suyun erupted with dazzling brilliance, trying to resist, but was almost broken by the sword as terrifying fine cracks appeared.

She herself was also coughing up blood, flying out. Chen Suyun was severely injured in an instant. It was just a face-to-face meeting, but she was defeated and her life was in danger.

“Senior Sister, you are still as weak as ever, you really let me down.”

Heavenly Maiden Tianlu’s face was still downplaying. She waved her sleeve again and the terrifying divine light turned into sword energy as it directly befell on Chen Suyun’s body, causing her to cough up blood continuously. Her body collapsed and a thick mist of blood filled the air.

This scene made Xiao Yang outside the ancient battlefield anxious. His eyes turned red in an instant as his fists were clenched, he directly stood up and couldn’t help shouting, “Stop!”

However, Heavenly Maiden Tianlu turned a deaf ear to his words, as if she didn't hear them. She didn't intend to kill Chen Suyun so easily, her moves were not fatal, but every single one of them made Chen Suyun cough up blood, her injuries were becoming more serious and she could hardly stand up.

#### **Chapter 469-1: This so-called double-standard dog, Now it's your turn to be generous (1)**

On the ancient battlefield shrouded in a gray and chaotic mist, the terrifying aura was intertwined, making one's heart palpitate and tremble. Heavenly Maiden Tianlu was dressed in white, her hair was as smooth as silk, shining with a moving luster.

But she was merciless in her strikes, very straightforward and decisive.

**Puff!**

**Puff!**

...

The sword of energy slashed down one after another, with just the right power. It would not endanger her life, but it was enough to make Chen Suyun groan and cough up blood continuously.

All the methods she used collapsed and exploded, even the Quasi-Emperor Realm weapon that accompanied her all her life almost showed cracks. The gap between the two was huge and there was no suspense in this battle from the beginning to the end.

Outside the square, all the disciples of the Nine Great Mountains were shocked at first and then angered when they saw this scene. They didn't expect that the Senior Sister would lose so quickly. And they didn't expect Heavenly Maiden Tianlu to look so transcendent and holy but use such merciless and ruthless methods.

If it was some other person, they would have exploded by now. Unless the True Mountain Master took action, no one could stop Heavenly Maiden Tianlu. Several Mountain Masters also frowned, but they didn't make a sound and looked at Gu Changge on the other side.

They couldn't figure out Gu Changge's identity, thus they didn't dare to offend too much. So although Chen Suyun was a disciple of the Nine Great Mountains, this was a personal grievance and it was not easy for them to intervene.

"Stop! Heavenly Maiden Tianlu, you are the patron saint of Heavenly Lu City, but you are so ruthless in your attacks. You don't care about your former fellowship. Even if Senior Sister didn't apologize to you, so many years have passed and she has been defeated and suffered serious injuries. There is no threshold in this world that cannot be passed. As Heavenly Maiden Tianlu and a fellow apprentice, shouldn't you be more magnanimous?"

Seeing Chen Suyun seriously injured, Xiao Yang's eyes were a little red. He finally couldn't help standing up and frowning before he asked Heavenly Maiden Tianlu who was making a move.

He knew that Chen Suyun could not stand up to Heavenly Maiden Tianlu and could not stand up in the events of the year. But that was his Sister, how could he see her being tortured?

“Senior Sister is no match for Heavenly Maiden Tianlu at all. Today, Heavenly Maiden Tianlu is bullying her too much. Relying on her strong cultivation base, she bullies and tortures Senior Sister like this...”

“Yeah, coming to my Nine Great Mountains’ territory and bullying people like this, it’s simply not giving face to my Nine Great Mountains.”

“I don’t know how the Mountain Masters are letting Heavenly Maiden Tianlu go so far as to bully our Nine Great Mountains?”

When many disciples heard Xiao Yang’s words, their faces were also a little angry, filled with righteous indignation. The Senior sister Chen Suyun was very prestigious among the disciples.

Many disciples were very afraid of her, and after seeing her so miserable now, they couldn’t bear it. On the golden road, Gu Changge watched the scene with great interest. He didn’t intend to intervene, and with the strength of Heavenly Maiden Tianlu there was naturally no problem in resolving the original grievances.

It was Xiao Yang’s attitude that made him narrow his eyes. This was really the consistent character of the Child of Luck. He was self-centered and took everything for granted and everything he did was right.

At best it sounded like ignorance of current affairs, at worst it was commonly known as a double-standard dog. However, such a character was the best harvest and was best for use.

“Simply stupid.” Gu Wudi, who was wearing a golden armor battle suit, couldn’t help sneering and swept across the crowd when he saw this.

Then when he looked at Gu Changge, who had a very indifferent and calm expression, he felt fear in his heart. He knew that the purpose of Gu Changge’s arrival was not to avenge Heavenly Maiden Tianlu but to destroy the Nine Great Mountains.

These idiots were still self-righteous but they didn’t know that this matter would not be peaceful for a few days.

“You are advising me to be generous?”

And at this moment, it seemed that she had heard Xiao Yang’s words. Heavenly Maiden Tianlu stopped her hands, looked at him with a slight smile on her flawless pretty face, and said, “So you know what she did back then?”

For some reason, Xiao Yang didn’t like the smile on her face, which seemed to hide a deep mockery. But he still frowned, and said in a deep voice, “So what if I know, aren’t you living well now? Could it be that you really want to kill your former Senior Sister?”

In his opinion, what happened at the beginning was over now. No matter how sorry the Senior Sister Chen Suyun was to Heavenly Maiden Tianlu. But she was his senior sister after all. And the Senior sister had already regretted what she did back then, so why couldn’t she be given a chance to repent and make amends and reform?

“Ohh? What does it have to do with you if I kill her?”

Heavenly Maiden Tianlu just asked with a smile, even giving people a feeling of spring breeze.

“You!” Xiao Yang’s face turned cold, and he was about to speak.

However, Chen Suyun, who was covered in blood, swallowed a few pills. Her body glowed brightly and began to recover from her injuries. She waved her hands and said, “Little brother, don’t worry about me, this is a grudge between me and her if she doesn’t intend to forgive me, and that’s what I deserve.”

“If I forgive you, then who will avenge Master?” Heavenly Maiden Tianlu still had a faint smile on her face, making it difficult to guess her true emotions.

Chen Suyun felt a little guilty on her face and said, “I didn’t want to harm Master like this...”

“But Master has already passed away. I promised her that I would protect Heavenly Lu City and give up my hatred for you. I did it. I let go of my hatred, but I can’t let go of Master’s hatred...” Heavenly Maiden Tianlu shook her head and her expression unchanged.

“So Master still has to be given an explanation?”

Chen Suyun seemed to be stunned when she heard this. Then she smiled more bitterly, and said, “I’m sorry, Master, and I’m sorry for you. Just do it, if our grievances can be settled like this, it will be a relief for you and me.”

“If you didn’t forgive me, I could understand. In the beginning, I was jealous of your talent, jealous of Master’s doting on you...”

“Is it still useful to talk about this now?” Heavenly Maiden Tianlu still shook her head, a mockery flashed in her eyes.

She knew her Senior Sister very well. These words were nothing more than trying to soften her attitude, which was very smart.

If she really regretted and wanted to make amends, why didn’t she leave the Nine Great Mountains for half a step in these years, and hadn’t kowtowed in front of her Master’s tomb?

“Chi Chi...”

In the next moment, the sword energy all over the sky resurfaced again with a sharp intention as it descended from the sky and landed on Chen Suyun’s body, making her feel the pain of Heavenly Maiden Tianlu back then.

But she couldn’t understand Heavenly Maiden Tianlu’s mood back then. Chen Suyun kept groaning, she wanted to grit her teeth to endure the pain. In the end, he couldn’t bear it anymore and sacrificed her Quasi-Emperor weapon.

However, in the face of the sword energy that was casually shot by Heavenly Maiden Tianlu. This Quasi-Emperor weapon of hers didn’t resist for long and it also let out a mournful cry before it exploded, turning into fragments all over the sky.

Seeing this scene, many disciples around the square changed their complexions drastically. They were both angry and extremely worried. From the words just now, they vaguely guessed who was wrong in what happened back then.

But as Xiao Yang said, why couldn't their Senior Sister be given a chance to regret and make up for so many years in the past?

Heavenly Maiden Tianlu acted like this, it was really hard for them to connect with the rumored patron saint of Heavenly Lu City. Moreover, now that even the Quasi-Emperor weapon had been shattered, how long could Chen Suyun resist?
