Chapter 471: Still don't believe in the Guardian Clan? Battle for the Nine Mountains Immortal Seal's ownership

There was a strange look in Gu Changge's eyes as he nodded slightly and said, "If there is a chance, I'll naturally help."

After that, he raised his head and drank the wine in one gulp. Heavenly Maiden Tianlu sat sideways, her blue silky hair was smooth, her face was flawless, and her long skirt that stretched the floor could hardly conceal her slender and fair legs.

Seeing this, she gently filled his glass with wine, looking virtuous and docile. Lifting the jade chopsticks from time to time, she picked up pieces of meat that were shining in the sun, and brought them to Gu Changge's mouth.

Seeing all this, even the Third Mountain Master felt a little envious. This was Heavenly Maiden Tianlu, an Enlightened being whose strength was not weaker than his. She was unparalleled in style, and the best in the world.

In the eyes of hundreds of millions of cultivators in the Eight Desolations and Ten Regions, she was the goddess who was detached and unstained from dust. Not everyone was qualified to see her even from a distance.

"Mr. Changge and Heavenly Maiden Tianlu are really a good match."

He couldn't help admiring them sincerely. No one in this world was worthy of her except a man like Gu Changge. Heavenly Maiden Tianlu pursed her lips and smiled slightly, and said, "I think so too."

Then, she looked at Gu Changge again with a gleam in her eyes, "Husband, do you think what the concubine said is right?"

Gu Changge knew what she was planning, so he didn't bother to care about her until he laid his hands on the Nine Mountains Immortal Seal.

However, there was still a bit of just tenderness on his face, and he said, "You are right. Of course, the premise is that you always stay obedient and don't say anything wrong."

"Husband, what are you talking about? Don't you believe me now?" Heavenly Maiden Tianlu looked at him with some resentment.

"How could I not believe you?" Gu Changge chuckled, but his expression didn't change much.

The Third Mountain Master felt as if he had heard the secret between the two of them, but he didn't dare to ask more, his face was a little embarrassed.

At the same time, unlike the lively and festive atmosphere of the Third Mountain, the Second Mountain was deserted and looked a bit bleak. After the Second Mountain Master brought Xiao Yang back to this place, he returned to the palace where he usually cultivated.

However, all the disciples of Second Mountain knew what happened today, so they didn't dare to ask more questions. In the huge Mountain range, it was a little quiet and even the usual singing of animals and birds had disappeared.

The starlight was dim, and within the distance between the sea of stars, there was a sea of clouds rolling over. There were magnificent galaxies hanging down.

Xiao Yang was dressed in a plain robe with a silent face and some unconcealable grief. He was standing quietly in front of a tomb in the back Mountain. Chen Suyun had been killed by Gu Changge, her body and spirit were both destroyed, leaving nothing behind.

Including her usual Quasi-Emperor weapon, which had shattered and turned into pieces during that battle. So the tomb in front of him was actually just a tomb of clothes.

"Senior Sister, don't worry, I will definitely avenge you. For today's revenge, if I, Xiao Yang, don't repay in this life, I swear I won't be a human being."

At this moment, he had calmed down, but it was still difficult to hide the grief and hatred in his heart. Xiao Yang swore secretly in his heart. He clenched his fists tightly, and even made a clicking sound because of too much force.

In his mind now, there was still the tragic appearance of his Senior Sister when she was suppressed and killed. Gu Changge's casual contempt like trampling an ant to death, which made it difficult for him to calm down in the slightest.

Buzz!!

At this time, a wave of fluctuations emerged from behind Xiao Yang, and Second Mountain Master appeared. He was looking at the tomb in front of him with a complicated expression.

"Master."

Xiao Yang looked back at Second Mountain Master, even though he knew that there was a reason for Second Mountain Master's forbearance and retreat today, he still couldn't hide the disappointment in his heart.

He originally thought that the Second Mountain Master, as his Master, would take action to avenge his Senior Sister. But his Master chose to retreat and not fight Gu Changge. In the eyes of many disciples, it was because of the jealousy and fear of the Second Mountain Master.

Now there were such rumors appearing on every Mountain.

"I know what you are thinking, but you have to know that you can't think about revenge before you become an Enlightened being. That young man's strength is so strong that even your Master feels a little bit of danger."

The Second Mountain Master knew what Xiao Yang was thinking. He then took out a shiny silver and dazzling battle suit from his sleeve, and handed it to him. This silver battle suit was very simple, with many complicated runes on it, shining brightly, like a silver moon at night.

"I know Master. But this is?"

Xiao Yang took the silver battle suit in front of him and nodded. He was still a little puzzled and didn't understand why his Master would give himself such a protective object at this time.

Usually, he had given himself a lot of treasures and divine weapons.

"This is the Silver Moon Armor. It was refined after I beheaded a Silver Moon God Wolf at the Enlightened level. With your current strength, although you can't fully activate it, it shouldn't be a problem to resist ordinary attacks." The Second Mountain Master explained.

"Thank you, Master." Xiao Yang quickly changed into this Silver Moon Armor, which was covered by a robe outside. It was impossible to tell that he was wearing a battle suit of the Emperor Realm.

"I deduced it again just now, and felt that the contest between you and Gu Wudi the day after tomorrow suddenly had a strange feeling. The secrets were chaotic. I was a little worried. If you have an extra protective object, you would have a better chance of winning."

Second Mountain Master nodded with some satisfaction and then said earnestly, "I suspect that the young man will intervene in this matter. His purpose of coming to Nine Great Mountains should not be too simple."

"Master, don't worry, I will not lose. If Gu Wudi is suppressed to the same realm as me, I have the confidence to suppress him, so why be afraid of his three moves."

At this moment, Xiao Yang had self-confidence spontaneously, and his words were sonorous and powerful.

Seeing this, Second Mountain Master nodded with some relief, but still took out a few powerful magic weapons and handed them to Xiao Yang.

"Your bloodline is very strong, but you need to find your former clansmen as soon as possible. With their help, you can maximize the advantages of your own bloodline. These teachers cannot help you..."

"It would be even better if you could find the Great Mountain Lord, but even I don't know where he has lived in seclusion all these years."

At the same time, he began to explain another matter, quite seriously. Xiao Yang nodded in half-understanding, but he took the importance of this matter. And just when Second Mountain Master explained things to Xiao Yang.

On the Third Mountain, in a magnificent hall, Gu Changge was also explaining things to Gu Wudi.

"My lord, don't worry, Xiao Yang is only a mere Sacred Realm cultivator, even if I suppress my cultivation base to be in the same Realm as him, he will not be my opponent."

Gu Wudi was wearing a golden battle suit, its divine light was shining brightly, and his whole body seemed to be shining, like a golden sun, extremely eye-catching. But in front of Gu Changge, he was still very respectful.

Although he was far from Gu Changge's opponent, against Xiao Yang, wasn't that a matter of moves? He also didn't know why Gu Changge called him alone to order this matter.

“You are no match for him.”

However, Gu Changge just shook his head with an inexplicable look in his eyes, thinking about something.

The Nine Mountain Immortal Seal was related to his destruction of Nine Great Mountain. If this matter was in the hands of the Second Mountain Master, it would inevitably cause him a lot of trouble.

So he needed Gu Wudi to capture the Nine Mountain Immortal Seal. Otherwise, he would not be interested in the competition between Gu Wudi and Xiao Yang.

“My lord, I have the strength of the Supreme Realm. Even if I suppressed my cultivation to the Sacred Realm, my understanding of the Laws of Divine Powers is above Xiao Yang. How can I not be his opponent?”

Gu Wudi obviously didn't expect Gu Changge to say this to him. He was a little stunned for a moment, and couldn't help retorting. He was proud and arrogant. Although his life and death were controlled by Gu Changge, he didn't want to admit that he was inferior to Xiao Yang.

Gu Changge glanced at him indifferently, and said, “If you don't believe me, then you can try it the day after tomorrow. If you can't get the Nine Mountains Immortal Seal, you don't have to live.”

Gu Wudi's complexion changed drastically, he was a little terrified, his back was slightly cold, and he felt the importance of this matter to Gu Changge.

“I don't dare, I must risk my life to get the Nine Mountains Immortal Seal for the Young Master.” He said hastily.

Gu Changge nodded slightly, then stretched out his hand before swiping in the void. Pieces of brilliant Dao runes emerged and an inexplicable trembling aura emerged.

Faintly, there seemed to be a mighty golden villain walking through the layers of space. It was extremely blurry, with strong fluctuations, making the nearby void blurred and about to collapse.

“Relax.” Gu Changge said.

Gu Wudi looked at the scene in front of him with trembling and horror. He couldn't help but bow to the villain in front of him, and knelt down. This was a terrifying force that made his soul tremble and his body collapse, it was simply unparalleled.

Hearing this, he didn't dare to refuse, although he didn't know what it was, but now that his life and death were under the control of Gu Changge, there was nothing to be afraid of.

Soon, he let go of his mind, and the little golden man stepped in before he appeared in the palace of souls with terrifying vigor. The terrifying atmosphere permeating the void also dissipated.

“When you fight Xiao Yang the day after tomorrow, I will control your body.”

Gu Changge saw the unconcealable fear in his heart, and said lightly.

“I understand.” Gu Wudi nodded, his complexion recovered. He sensed it, and there was nothing strange about it. But he was even more afraid of Gu Changge's methods.

His methods were unprecedented. It was even unheard of to control other people's bodies on a whim.

Two days passed quickly as many people gathered again among the extremely tall peaks of the Nine Great Mountains. It was different from the battle between Heavenly Maiden Tianlu and the Senior Sister Chen Suyun three days ago.

This time the competition was from within the Inner Nine Mountains, and it was a question of the ownership of the Nine Mountain Immortal Seal.

On one side was Xiao Yang, the closed disciple of the Second Mountain Master of the Nine Great Mountains, and on the other side was Gu Wudi, the proud disciple of the Third Mountain Master.

The two of them were about to fight for the right to control the Nine Mountains Immortal Seal in this world, and Gu Wudi would suppress his cultivation to be in the same realm as Xiao Yang.

If Xiao Yang could survive his three moves, then he would give in to Nine Mountains Immortal Seal. Almost all of the Mountain Masters had manifested their real bodies to come here, which showed that they attached great importance to this matter.

Around the Mountain peak, many disciples were gathered and divine lights descended from all directions. Some disciples who had not watched the battle three days ago also appeared.

Today's event could be said to be the most important event in the era of Nine Great Mountains. Because the Nine Mountain Immortal Seal was a symbol of Luck and Destiny of the Nine Great Mountains. Within the territory of the Nine Great Mountains, one could gain Luck and Destiny, possess invincible combat power and be unpredictable.

Soon, at the end of the sky, many disciples from Second Mountain arrived. Among them was Xiao Yang, dressed in a blue robe, tall and straight, with a much calmer demeanor. Obviously, what happened three days ago had a great impact on him.

It was just that when he looked at the place where the Third Mountain was located, a trace of coldness would flash in his eyes.

After Gu Changge had killed his Senior Sister, the Third Mountain Master not only didn't pay attention, but even held a big banquet to congratulate Heavenly Maiden Tianlu for her revenge.

In the past two days, it could be said that this matter had spread throughout the Nine Great Mountains, making many disciples on the Second Mountain angry. So Xiao Yang decided to teach Gu Wudi a profound lesson today, and let Third Mountain know regret.

"You must remember what your Master told you."

Behind Xiao Yang was the Second Mountain Master. He was dressed in a white robe with wide sleeves, which was a bit immortal-like but his face was not relaxed.

"Master, please rest assured, the disciple has his own plans in his heart." Xiao Yang nodded. Soon his figure flashed and appeared on the competition field.

In the other direction, people from the Third Mountain, such as Gu Wudi, also rushed over quickly and landed here.

A golden road stretched as Gu Changge, Heavenly Maiden Tianlu, Third Mountain Master and others followed behind as their figures appeared on the high platform.

All the disciples and the Mountain Master looked at them with different expressions. Some were angry, some were gloomy, some were fearful, and most of them had complicated expression.

He didn't expect Third Mountain Master to get so close to Gu Changge and others. This was not a good sign.

On the high platform, Gu Changge glanced at the Mountain Masters with some strange eyes, and found that everyone had arrived. He smiled faintly in his heart, and waited for the last opportunity.

"Junior Brother Xiao Yang, don't regret this decision."

On the test field, after landing, a sneer appeared on Gu Wudi's face. His figure was radiant and golden, like a god, giving people a sense of power and incomparability.

He was very confident in his heart, no matter what cards Xiao Yang had, he would lose here today!

"Stop talking nonsense, let's start fighting."

Xiao Yang said coldly, his eyes swept across the high platform overlooking Gu Changge. His eyes were very cold, and he had the same thoughts as Gu Wudi in his heart.

Chapter 472: It's suspected that Gu Changge did it, but there is no evidence

On the competition field, Xiao Yang and Gu Wudi stood facing each other ten feet away. They had a strong aura rising from their body. Almost all the disciples and the Mountain Master's eyes fell on them, watching the battle carefully to ensure fairness.

But before the battle, a slap-sized small bluish blue seal like a hill came crashing down from a high place, intertwined with a mighty pressure emitting strands of chaotic aura that were hanging down from it.

At the same time, the Luck of the entire Nine Great Mountains gathered together into strands of silver, shining incomparably dazzling, like a galaxy. One could even see the phantoms of nine majestic and ancient Mountains floating with celestial splendor together in the sky.

This was an incomparably vast and majestic power, like Nine True Immortal Mountains, which could suppress the current world and be invincible in the world. All the disciples and the Mountain Master couldn't help but be attracted by the big seal floating in the sky, showing reverence.

Even Gu Changge looked over. There was a Dao rune flashing in his eyes, deducing it. Finally, he narrowed his eyes, a little thoughtful.

"This thing is the Nine Mountains Immortal Seal, and it actually has innate formations. It is not bad at all compared to the Immortal Slashing Gourd and the Supreme Dao Map, and it is even more mysterious?"

"Is it related to the world before the Forbidden Era?" Gu Changge speculated in his mind, thinking that this thing should not belong to the current refining standard. Rather, it was congenital and even had a lot to do with the origin of the Nine Great Mountains.

It was because of the Nine Mountain Immortal Seal that the Nine Great Mountains were established in later generations. That kind of innate aura could not be seen directly but could easily suppress acquired things, and the entwined chaotic aura was even thicker and more majestic.

“This thing involves the evolution of the Nine Great Mountains, maintaining the mystery and detachment of the Nine Great Mountains for countless years. It is even said that if you control the Nine Mountains Immortal Seal, you will be invincible in the Nine Great Mountains.”

Seeing that Gu Changge had been paying attention to this thing, Heavenly Maiden Tianlu said so with a faint smile on her lips. Gu Changge nodded. He knew that over the years, the Nine Great Mountains had collected the power of faith from the Eight Desolations and Ten Regions.

The existence of the Nine Mountain Immortal Seal could enable the disciples and cultivators of Nine Mountains to better cultivate with the power of that faith. Regarding this point, it was somewhat similar to the Human Ancestor Hall of the Upper Realm.

But on the other side of the Human Ancestor Hall, Gu Changge placed the Luck Golden Cauldron, which could collect the faith of the Upper Realm for his own use. On the Nine Mountain Immortal Seal, he actually saw the power of faith gathered by the Nine Great Mountains for countless years.

“According to the agreement, the old man will suppress your cultivation to be in the same realm as Xiao Yang, do you have any objections?”

And at this time, the figure of the Second Mountain Master appeared on the competition field, and he asked Gu Wudi in front of him with a blank expression on his face.

There were many Mountain Masters here, Gu Wudi was naturally not worried about what tricks the Second Mountain Master would play. With a smile on his face, he nodded and said, “Even if the Second Mountain Master does something, in the same Realm, I am confident that I can suppress Xiao Yang with three moves.”

Seeing that he was so confident, Second Mountain Master focused his eyes and looked at him carefully a few times, but found nothing unusual. Whether it was aura or strength, there was not much change from the previous Gu Wudi.

However, he was still very cautious. When he moved to suppress Gu Wudi’s cultivation, he checked his body and found nothing wrong.

“This old guy even sneaked out to investigate, hmph!”

The Third Mountain Master obviously noticed the Second Mountain Master’s small movements, and couldn’t help sneering, a little disdainful. He was still very confident in his apprentice, and there was absolutely no problem in winning against Xiao Yang within three moves.

Soon, under everyone’s gaze, Gu Wudi’s cultivation base was suppressed by Second Mountain Master to be in the same Realm as Xiao Yang. No one could undo this restriction unless an Enlightened being took action.

“In that case, let’s stop talking nonsense and start.”

Xiao Yang didn't like Gu Wudi at all. This guy had made things difficult for him many times, and now he looked like Gu Changge's lap dog.

As soon as he finished speaking, a terrifying aura emerged from his body. A series of talismans intertwined and emerged from under the skin, like pieces of mysterious and vast ancient symbols like galaxies.

This was a supreme divine power belonging to Nine Great Mountains, which was extremely powerful right from the moment it was released.

It was as if there were mountains and rivers rolling here, the sun and the moon were collapsing, and they were submerged by an ancient invincible existence. The whole person stood proudly in the void, like a god.

At the same time, he used his divine weapon, which was a cyan orb that crackled and thundered as Laws fell down to protect him in it.

"What? The Junior Brother actually took the initiative to make a move? Didn't you say that you can win this bet by sustaining his three tricks?"

"It seems that we all underestimated little brother. At this moment, how dare he take the lead?"

"As expected of Junior Brother, he became the true disciple of Second Mountain Master. When we were in the same Realm, we definitely did not have his power."

"Junior Brother's strength cannot be underestimated. It seems that if you give him some more time, it won't be a problem to catch up with Wudi."

The expressions of many disciples were a little shocking. They couldn't help talking, obviously they had never seen Xiao Yang make a move seriously before. Many people thought that he had little chance of winning this battle, but at this moment they were all shaken.

Even the Mountain Masters squinted their eyes, and as Enlightened beings, they could naturally see the difference in Xiao Yang's momentum.

"So you want to be the first to attack me?"

However, it was different from Xiao Yang's high-spiritedness. A golden light flashed in Gu Wudi's eyes, and the expression of the whole person suddenly became a little indifferent at this moment.

Especially the temperament, there had been a completely different change from just now. All the Mountain Masters watched this scene with narrowed eyes, feeling that Gu Wudi had cast a secret technique.

However, they had no way of knowing what kind of secret technique this was, and they could only be invincible in ancient times.

"What the hell is this feeling?"

There was something wrong with Second Mountain Master's expression, he glanced at Gu Changge who was not far away. Seeing that his expression was still full of interest, for some reason there was always a kind of uneasiness.

Obviously, he had made Xiao Yang fully prepared and even gave him a lot of powerful divine weapons along with the Silver Moon Armor for protection, but he was still uneasy.

At his level, many premonitions were not groundless but caught a glimmer of change in the dark.

"Gu Wudi, this move is to let you understand your disrespect for the Senior Sister!"

Xiao Yang didn't notice that something was wrong with Gu Wudi. At this moment, he was shrouded in dazzling runes. There was a glow flowing on his silver battlesuit, and even his hair had a layer of cyan glow. His eyes were shining brightly, he shouted angrily, showed his tyrannical means, and attacked Gu Wudi.

He didn't choose to fight, but took the initiative to attack, just to vent his anger for his Senior Sister!

"I don't know what to say, it's ridiculous." But at this moment, Gu Wudi seemed extremely indifferent, the moment Xiao Yang started. Just raising his fist forward, there were huge and terrifying fluctuations.

He could even see a faint phantom of a True Dragon emerging from behind him, crashing proudly forward, likewise poking its claws with dense scales and armor, as if it could tear apart the heavens. Its power was astonishing.

"This is the Dragon Fist of True Dragon Art. He is worthy of being a Taoist. It is completely different from ours. It has an invincible power!"

"Too strong."

Many disciples were startled and watched this scene with all their attention. They could recognize that this technique was the unique skill of Nine Great Mountains, and almost everyone knew it. But it always felt completely different from their own display.

"Wudi's attainments in this technique are a bit amazing."

Several Mountain Masters stared and were a little surprised.

Boom!!!

In the next moment, under the shocked eyes of everyone, Gu Wudi's punch came crashing down suddenly, without unnecessary fluctuations, but it seemed like the sky was falling and the earth was cracking.

Dazzling brilliance burst out, and a True Dragon seemed to cross the ancient times and reappeared in the sky. The mighty Dragon might destroy the heavens. With a bang, the void trembled, on the verge of cracking before it directly shattered all of Xiao Yang's attacks.

One piece after another of the runes dimmed and finally disappeared. Even the orb guarding the top of the head trembled constantly and almost fell off.

Puff!

He himself spurted out a mouthful of blood. He felt unbelievable as his eyes widened, showing a bit of horror, he flew upside down, and landed on the ground. If it weren't for the Silver Moon Armor to protect his body, he wouldn't be coughing up blood now.

All the disciples and the Mountain Master looked a little shocked and couldn't believe it. Even some Mountain Masters thought that it was impossible to evolve this technique to this extent in the same Realm.

"Wudi seems to have hidden very deeply."

Several Mountain Masters instantly thought of something and looked at the Third Mountain Master. In their view, Third Mountain Master was scheming and deliberately prevented Gu Wudi from revealing his true abilities just to wait for this day.

But at this moment, the Third Mountain Master was also a little bit surprised, though he quickly recovered. He knew his disciple very well, so he was indeed a little shocked just now.

Normally Wudi had never shown such powerful strength. Of course, he thought that Gu Wudi pretended and hid it deeply, to the point where even his Master didn't know.

"It seems that Brother Wudi's strength should not be underestimated."

Gu Changge, who was at the side, couldn't help laughing slightly at this moment, as if he was admiring. Hearing this, Heavenly Maiden Tianlu couldn't help but glance at him, although she didn't know what Gu Changge did to Gu Wudi.

Still, Gu Wudi's ability to have the current strength was probably inseparable from him.

"Impossible, how can your strength be so strong?"

With blood on the corner of Xiao Yang's mouth, he got up from the ground, a little humiliated, and felt more unbelievable. His move was obviously much stronger than that of the disciples of Nine Great Mountains in the same situation.

He could even leapfrog his combat strength with this divine power, but when facing Gu Wudi, he felt a little palpitated and unexpectedly he was losing to him. This was completely different from what he expected.

"You can't even block my first move, how can you block my Second move? You're such a waste, and you're still trying to get revenge?"

Gu Wudi's expression was a little indifferent. He was mocking as he walked toward him unhurriedly. There was a golden light on his whole body, and strands of it were hanging down, looking extremely hazy.

This was an ancient and invincible Dao body of the universe. Suddenly, everyone saw a terrifying scene. Meteors emerged behind him, and they continued to gather before finally turning into heaven and earth. They were more like countless swords that rushed toward Xiao Yang.

He didn't do anything, just relying on his own physical strength to show his powerful talent. This was a terrifying method, meteorites became weapons and suddenly fell toward Xiao Yang, trying to kill him to death.

"What happened to Wudi?"

Second Mountain Master felt that there was a big gap between Gu Wudi at this moment and the person he knew in normal times. But it was impossible to tell where the difference lay.

Xiao Yang's complexion changed, he couldn't believe that this attack could be performed by Gu Wudi who was in the same Realm as him. His current expression made him think of Gu Changge inexplicably.

"No, this person is definitely not Gu Wudi now, it is him!"

Thinking of this, Xiao Yang was extremely determined and looked at Gu Changge angrily. However, Gu Changge still looked interested. He was giving him the feeling that he was watching a little ant that was jumping around.

In the next moment, amidst the rumbling sound, meteorites manifested one after another, densely packed, and fell toward Xiao Yang. The number was large like rain, making all the disciples feel palpitations. For the first time they experienced the fear of Gu Wudi.

With a cold expression on Xiao Yang's face, he sacrificed pieces of divine weapons, and thousands of divine lights shot out. At the same time, the power of his blood was activated, and a fiery red phantom suddenly rushed out of his body.

It was an Immortal Phoenix, extremely ancient, although it was vague, it could not hide its noble and proud aura. It spread its wings, and a red cloud fell like a sea of fire, trying to resist this blow.

Rumble!!

Everyone looked at all this in horror. They could only see Gu Wudi walking towards Xiao Yang unhurriedly, his face full of indifference. Meteors evolved from behind him, seemingly endlessly, turning into sword aura and sword light, which were extremely huge as they descended.

For a moment, this place was extremely gorgeous. The terrifying fluctuations made everyone a little shocked, enough to tear apart any existence in the Sacred Realm.

Even if Xiao Yang had many divine weapons, it was still difficult to parry now. His complexion kept changing, and his body shook violently. Before the injury healed, he coughed up blood again, and finally, the orb on top of his head was also blown away.

In the next moment, Xiao Yang's eyes suddenly widened and with a muffled groan, he flew upside down. At some point, Gu Wudi had already appeared in front of him as he punched down with a force that even made the void collapse.

The terrifying power made Xiao Yang's five internal organs tremble violently. Accompanied by the sound of bone shattering, cracks appeared on his body. The injury was astonishing and blood was constantly spitting out, which was also mixed with internal organ fragments.

Although he had the Silver Moon Armor to protect his body, he couldn't really activate his power, and he could only save his life. Otherwise, with this punch, he would have exploded and turned into a cloud of blood mist.

"The three attacks have passed, what else do you have to say now?"

Gu Wudi's face was very indifferent. He suddenly stepped on Xiao Yang's head, making him unable to lift his head at all, and his voice was tremblingly cold.

"You!"

Xiao Yang only felt extremely humiliated and gritted his teeth, because he knew that it was definitely not Gu Wudi who was stepping on him in front of him, but Gu Changge.

Gu Wudi was definitely not that strong. All the disciples felt that Wudi at this moment was very strange, but there was absolutely no doubt about his strength. After three moves, Xiao Yang was completely defeated.

If it weren't for that Silver Moon Armor, he might have died long ago.

"It seems that there is no suspense in this battle."

The gazes of several Mountain Masters were complicated. They stared at Gu Wudi closely, as if they wanted to see through him, but with their ability, they could only see that there was a big gap between Gu Wudi's state and his usual state.

It was actually the implementation of the unique skills of the Nine Great Mountains, as well as his own talent, to crush Xiao Yang with three moves in the same Realm!

"The victory has already been decided. Shouldn't Second Mountain Master announce at this moment?"

Seeing the extremely ugly face of the Second Mountain Master, the Third Mountain Master couldn't help sneering, and a terrifying aura emerged from his body. He was ready to fight if there was a disagreement.

"Today's competition is indeed an eye-opener for me. Second Mountain Master indeed has an extraordinary disciple, but he still seems to be much worse than Brother Wudi."

Gu Changge also walked over with a smile at this moment, but his words seemed a little teasing.

"You!"

The Second Mountain Master stared at him closely, his expression was extremely ugly. He always suspected that it was Gu Changge's doing, but there was no evidence at all.

Chapter 473-1: The picture is poor, There will be no Nine Great Mountains in the world after today (1)

On the square shrouded in chaos and mist, Xiao Yang was stepped on by the soles of Gu Wudi's feet. His face was aggrieved and angry, his body was covered in blood, and he was extremely embarrassed.

But he couldn't lift his head up, the injury was very serious, strands of cyan light flowed on the surface of his body as if it was about to spread to the skin. At this time, the power of his blood was oppressed, and he recovered spontaneously with a surging force, as if he was about to rush out.

"Shouldn't Second Mountain Master announce at this time?"

Yet at this time, Gu Wudi's expression became a bit dazed. However, he quickly returned to nature, then let go of Xiao Yang before he strode over, and said with a sneer on his face.

He clearly remembered what happened just now. At that time, although the body was out of his control. But he could clearly feel every movement of his own, including the casting of every divine power.

That was a level that he had never been able to reach in the past, even including the control of his own physique and the discovery of his potential, which had reached an unprecedented level.

Before, he never imagined that his physique could possess such terrifying divine powers. This was simply unimaginable. Thinking of this, Gu Wudi was even more in awe of Gu Changge.

"You have good means."

Second Mountain Master snorted coldly and stared at Gu Wudi in front of him unkindly.

Under the watchful eyes of everyone, although he was unwilling in his heart, he did not dare to repent. The other Mountain Masters would not stand by and ignore this matter.

After all, it was a major event related to the handover of the Nine Mountains Immortal Seal of Nine Great Mountains.

"It seems that the Second Mountain Master's apprentice is nothing more than that. His methods are not bad, but they are still far from being invincible."

With a smile on her face, Heavenly Maiden Tianlu glanced at Gu Changge as if she meant something.

"After all, it also depends on who his opponent is..." Gu Changge smiled lightly.

"Disciple, you actually hid it so deeply, it's really a big surprise for the teacher." The Third Mountain Master glanced at the Second Mountain Master with some satisfaction, and then looked at Gu Wudi with great satisfaction.

He really did not expect that Gu Wudi would give him such a big surprise. When Xiao Yang showed his powerful strength just now, he thumped in his heart, secretly thinking that something was wrong.

But then the methods that Gu Wudi displayed shocked and delighted him. He never expected that the hidden strength of his apprentice was deeper than what he understood.

Today, in front of all the disciples and the Mountain Master, he strongly suppressed Xiao Yang and won control of the Nine Mountains Immortal Seal. Then in the next tens of millions of years, the Nine Mountains Immortal Seal would be controlled by the Third Mountain.

"Congratulations to the Master of the Three Mountains for winning control of the Nine Mountains Immortal Seal."

With a smile on her face, Heavenly Maiden Tianlu also came over at the moment and congratulated the Third Mountain Master. Several other Mountain Masters also showed up when they heard the words, and congratulated the Third Mountain Master one after another.

Whoever was in charge of the Nine Mountain Immortal Seal in Nine Mountains would have the greatest say in Nine Mountains next. Why did the Master of the Second Mountain dare to oppress the Third Mountain and put forward such a request for a competition? Wasn't it because the Nine Mountains Immortal Seal was in his hands?

Now that he lost this competition, the Nine Mountain Immortal Seal would naturally fall into the hands of the Third Mountain Master. So in the tens of millions of years to come, the entire Nine Mountains would be under the control of the Third Mountain Master.

The Second Mountain Master didn't dare to break the rules of the Nine Great Mountains.

"The apprentice will definitely live up to the high expectations of the Master."

With such a limelight Gu Wudi's face was also a little smug. But when his eyes fell on Gu Changge, he was a little shy, and he was even more respectful to Gu Changge.

"Since Xiao Yang lost, then the old man who made the bet is willing to admit defeat."

The Second Mountain Master's face was ugly as he said this. In front of all the disciples and the Mountain Masters, he dared not go back on his word, let alone break the rules of the Nine Great Mountains.

"Master, wait!"

And just when Second Mountain Master finished speaking, Xiao Yang who stumbled over suddenly interrupted. His face couldn't hide the coldness, anger, and deeply hidden humiliation.

Originally, today should be the time for him to defeat Gu Wudi, wash away his shame, and protect the face of Senior Sister for the last time. Yet the result was the opposite of what he expected.

In front of all the disciples and the Mountain Master, he was forcefully suppressed by Gu Wudi and was even stepped on by him. Xiao Yang had never experienced such a humiliating thing, which even made him angrier.

And Xiao Yang could be sure that the person who shot just now was definitely not Gu Wudi, but Gu Changge on the other side. Gu Wudi definitely did not have such a powerful strength.

"What's wrong? Xiao Yang?" The Second Mountain Master heard the words and looked over, a little puzzled.

Although he was disappointed, he also knew that Xiao Yang was not to blame for what happened today. Gu Wudi's strength was a bit beyond everyone's expectations.

"Master, the competition just now doesn't count. The person I was fighting with was not Gu Wudi, but someone else!"

Xiao Yang's angry and cold eyes fell on Gu Changge, and he almost gritted his teeth. If it wasn't for Gu Changge to get in the way, how could he fail miserably?

As soon as this remark came out, the place suddenly became quiet. The complexions of all the disciples and the Mountain Masters changed slightly. They were a little shocked and looked at Xiao Yang in disbelief.

Some people even frowned, feeling displeased, feeling that they had misread Xiao Yang.

"If you win, you win, if you lose, you lose. It's really disappointing to say that the competition just now doesn't count."

"I thought Junior Brother Xiao Yang would be a magnanimous person, but I didn't expect him to be unable to admit a loss."

"Yeah, how could he say such a thing?"

Many female disciples usually had a good relationship with Xiao Yang, but now they were frowning, showing displeasure, and had a very strange look. The people nodded in agreement when they heard the words, wondering why Xiao Yang would say that.

Did he think it was not enough to lose face just now?

After all, everyone saw with their own eyes that Gu Wudi used his powerful divine powers and defeated Henry Zhang strongly. They still know the divine powers, and some of them had even cultivated them.

But now Xiao Yang said that someone else was actually fighting him. How was this convincing?

"Hehe, Second Mountain Master, is this the good disciple you taught?"

Hearing the words, Third Mountain Master was taken aback for a moment. His face sullen, and then he couldn't help sneering. He didn't expect Xiao Yang to say such a thing.

This was no longer a matter of winning or losing, but a matter of a person's character. How did Xiao Yang agree to this competition at the beginning? And how confident he was? But now after losing, he turned around and refused to admit it?

It just made people feel ashamed.

"Xiao Yang, there is no need to speak anything further."

The Second Mountain Master also understood what Xiao Yang meant by this. He sighed, and waved his hands. So what if they knew, how could they come up with evidence?

Another match? Leaving aside such consequences, who knew if Gu Wudi still had the means just now, and what if he lost again? Today they were humiliated enough.

"Master..."

Xiao Yang was extremely unwilling, if the matter was left as it was, how could he wash away today's shame?

“You’re defeated, is that what you’re capable of?” Gu Wudi sneered, and his words were quite disdainful and mocking.

“You... If you hadn’t had this person, how could you have defeated me so easily?”

Xiao Yang looked angry and cold, looking at him coldly. If eyes could kill, he would have already smashed Gu Wudi to pieces.

“It turns out that this is the disciple of the Second Mountain Master. It is a bit eye-opening for me.” But at this time, Gu Changge did not forget to smile lightly, and his words were quite playful.

Judging from today’s events, Xiao Yang had gradually lost his mind among the disciples of Nine Mountains.

Although Gu Changge would start to attack Nine Great Mountains after he got the Nine Mountains Immortal Seal. At this time, pulling Xiao Yang’s wool was just a matter of convenience.

“You! The person who fought with me just now was actually you, not Gu Wudi. You despicable villain, you actually helped him in this way! You are simply despicable!”

Xiao Yang didn’t expect Gu Changge to stand up and speak at this time. His heart was even angrier, and his eyes were cold. The enemy in front of him not only killed his Senior Sister, but now he was also helping Gu Wudi and the Third Mountain Master behind the scenes to win the Nine Mountain Immortal Seal.

What a villain’s face! If he didn’t repay this hatred in his life, then he would be inhumane!

“Wearing armor at the Emperor’s Realm was not a fair competition, but now he keeps saying that his victory is not martial.”

“We didn’t see Wudi use a divine weapon, but Xiao Yang used a lot of methods and weapons...”

“Fortunately, such a treasure as the Nine Mountain Immortal Seal did not fall into his hands, otherwise it would be really a pearl covered in dust.”

And hearing Xiao Yang’s angry words, many disciples also spoke one after another, with angry and dissatisfied faces. After all, everyone was watching, and Second Mountain Master even gave Xiao Yang an Emperor Realm battle suit for this competition.

After the strength of the two was suppressed at the same level, Xiao Yang took advantage of it. Now, after he said such words for his opponent, it aroused public outrage in an instant.

Chapter 473-2: The picture is poor, There will be no Nine Great Mountains in the world after today (2)

“Little Brother Xiao Yang, why did you come to this? If you couldn’t afford to lose, why did you agree at that time? Over the years, I have worked hard day and night, working tirelessly, just to take back the Nine Mountains Immortal Seal on this day...”

At this moment, Gu Wudi sneered when he saw this, and then returned to his natural state, shaking his head and sighing.

Many disciples were affected by his words, and their emotions surged. The fight between Gu Wudi and Xiao Yang today witnessed great changes in Gu Wudi's strength, and many people were encouraged.

Even Wudi worked so hard, as ordinary disciples, how could they slack off? On the contrary, even if Xiao Yang lost, how could he still refuse to admit it?

"Little Junior Brother is actually such a person, I really misjudged him!"

"Obviously I practiced hard day and night before showing my great strength today, but you deliberately discredited me! It's fine if you can't afford to lose, and you still feel jealous... Such a person will never become a big player in his life!"

For a while, many disciples spoke one after another, sarcastically, making Xiao Yang stunned. Suddenly, his eyes widened, he couldn't believe that everyone had such an attitude.

His complexion suddenly turned blue and white. His fists were tightly clenched, extremely unwilling. The disciple who had a good relationship with him before also had an indifferent and mocking expression.

The entire Nine Great Mountains seemed to be rejecting him.

"You don't need to say more about today's matter, Xiao Yang. If we lose, we lose, and the Nine Mountains Immortal Seal is under the control of Wudi."

Seeing this, the Second Mountain Master sighed. He waved his sleeves, and the misty blue light fell, pushing a soft force into Xiao Yang's body, making him wake up from this state.

At the same time, it also helped Xiao Yang recover from his injury. He understood that after today, the entire Nine Great Mountains might change their views on Xiao Yang because of what happened today.

The general situation was over, and the Nine Mountain Immortal Seal was in the hands of the Third Mountain. After sending Xiao Yang away from the Nine Great Mountains, he also decided to head into seclusion and stop asking about the matters of Nine Great Mountains.

Afterward, the Second Mountain Master flicked his sleeves and left with Xiao Yang and the other disciples of the Second Mountain. A road stretched and disappeared into the sky.

All the Mountain Masters looked at this scene with different emotions, some sighed, and some sneered gleefully. They were also a little surprised by Gu Wudi's sudden display of powerful strength, but they didn't think about it like the Second Mountain Master.

Because the Nine Mountains Immortal Seal would only fall on the Second and Third Mountains. There was no need for them to get involved, it would only waste their time and offend people.

Soon, with a buzzing sound, the Nine Mountain Immortal Seal floating above the sky made a trembling sound, then withdrew all its brilliance and descended from it.

In the end, it turned into a palm-sized blue seal, flowing with radiance and falling into the hands of Gu Wudi with strands of chaotic energy.

"This is the Nine Mountains Immortal Seal..."

Gu Wudi was a little excited and trembling, feeling the vast and majestic power contained in it as if he could sacrifice it at any time to destroy everything. At this moment, he even had the feeling of controlling the entire Nine Mountains.

“Good apprentice!!”

The complexion of the Third Mountain Master made it hard to hide the excitement. He was carefully staring at the Nine Mountain Immortal Seal in front of him. After all, this was the treasure of the Nine Great Mountains.

He had coveted it for nearly ten million years, and finally got it today, how could he not be excited?

However, what froze the smile on the Third Mountain Master’s face was that after Gu Wudi got the Nine Mountain Immortal Seal, he didn’t hand him this Master right away. Instead, he handed it to Gu Changge next to him with a respectful expression.

This scene not only stunned the Third Mountain Master and others, but also stunned many disciples who hadn’t left yet, and their heads couldn’t react.

“This is the treasure of my Nine Great Mountains. I think Young Master Changge has seen many similar ones.”

However, the Third Mountain Master quickly realized that Gu Wudi was trying to curry favor with Gu Changge. Although he was a little annoyed, he still smiled and prepared to explain to Gu Changge.

The other six Mountain Masters suddenly felt that the atmosphere was a bit strange. After obtaining the Nine Mountain Immortal Seal, Gu Wudi did not give him a Master.

Instead, it was given to Gu Changge. What did that mean?

Their expressions became a little playful, it seems that in Gu Wudi’s mind, his status as a Master was not as good as the mysterious young man in front of him.

“I’ve seen quite a few similar ones, the Nine Mountains Immortal Seal, it turned out to be a strange congenital stone...”

Gu Changge nodded, the black and white light in his eyes was dazzling, very eye-catching. He carefully looked at the Nine Mountain Immortal Seal in his hand, although it seemed very heavy and majestic.

But it was unexpectedly light, and strands of chaotic air fell from his palm. The terrifying power that could have crushed the Mountain seemed to have disappeared. He understood that this was caused by the innate formations contained in it.

In addition, Nine Mountains Immortal Seal was also an innate treasure, with many innate Dao lines, containing terrifying power, which could easily suppress the Enlightened beings.

“Young Master Changge is really well-informed. It is said that the Nine Mountains Immortal Seal was formed from a piece of innate immortal stone from the end of heaven and earth. It was born in a sea of chaos. It has an extremely long and ancient history, dating back countless epochs...”

The Third Mountain Lord couldn't help admiring when he heard the words, but his eyes still fell on the Nine Mountains Immortal Seal, and he couldn't move away at all.

"Oh?" Gu Changge chuckled lightly, his sleeves trembling slightly.

A series of bright and gorgeous Dao runes suddenly turned into chains, and their imprints fell on the Nine Mountain Immortal Seal in his hand. The originally surging and vast aura also gradually subsided into silence, turning into an ordinary stone seal.

In the next moment, the Nine Mountains Immortal Seal suddenly disappeared from his hands, and it seemed to fall into another world without a sound.

"This! Master Changge, what does this mean?"

The smile on the Third Mountain Master's face disappeared. His expression froze, making it difficult to understand Gu Changge's movements. The rest of the Mountain Masters also frowned, looking at this scene in shock and bewilderment.

"Could it be that the Third Mountain Master still doesn't know my purpose for coming here?"

Seeing everyone's shocked expressions, Gu Changge still spoke leisurely and asked with some interest.

"Wudi, what does this mean?"

The Third Mountain Master felt something bad in his heart, and couldn't help shouting at Gu Wudi. However, Gu Wudi, who was usually very respectful to him, did not seem to have heard his words at this moment. Instead, he stood behind Gu Changge in a very respectful manner.

"Something's wrong..."

The faces of many Mountain Masters also changed drastically, and they sensed that something was wrong.

They had lived for countless years, and they were at the Realm of Enlightened beings. Almost instantly, they felt the terrifying murderous aura, which swept across the entire Mountain suddenly from a distant place.

Boom!!!

At this moment, a monstrous murderous aura suddenly burst out from the distant sky. The terrifying momentum swept across all directions, almost like the sound of a drum and hammer, which made people's eardrums tear and their hearts trembled.

Black clouds billowed, covering the sky and the sun as terrifying knights, holding heavenly knives, spears, and long spears, rode ferocious beasts and attacked them from there.

Thousands of troops and horses galloped to attack, covering the sky and earth. Their murderous aura seemed to shake the Heavens apart.

"Enemy attack!!"

Someone among the Mountain Masters came to his senses and couldn't help shouting, his eyes were tearing apart, and he shouted at everyone.

At this moment, almost all the disciples were horrified. Looking at it from a distance, they were almost shattered by that terrifying aura, and their body couldn't bear it at all!

"Who are you?"

At this time, no matter how slow the reaction was, he knew that this matter had absolutely nothing to do with Gu Changge.

Horrible coercion emerged from several Mountain Masters, their expressions were ugly and cold, and they stared at Gu Changge firmly.

The murderous aura soared to the sky, the Emperor's prestige was raging. The moment it erupted, it almost tore the world apart, overturned mountains and rivers, and collapsed the universe.

They were all Enlightened beings who had cultivated in the Nine Great Mountains for countless years.

At this moment, they were furious in their heart and they didn't hide it at all. As the monstrous fluctuations spread, the color of the sky and the earth changed, the sun and the moon dimmed.

A ray of Emperor Realm prestige could destroy thousands of miles of mountains and rivers. The creatures and cultivators throughout were trembling. In the distant land, all the stars in the sky were trembling as they were about to fall down together.

Throughout the ages, True Imperial Wars had always spread hundreds of millions of miles away. Not to mention that there were seven Enlightened beings in front of them! Everyone's Dao was extremely profound and vast, and it does not show up on weekdays.

Once exposed, it was unrivaled in power, surging like a galaxy, blood like a universe that could swallow the sun and moon. It could shatter the sky and stars with one hand.

"You! So this is your purpose!"

The Third Mountain also reacted. His voice trembled and his face was livid, he couldn't hide his anger. He didn't even know Gu Changge's wolf ambition.

During these days, he even treated him as a distinguished guest, delicious delicious food, extremely cautious, and dare not to neglect him. But in the end, he even brought people to attack the Nine Great Mountains!

This made his heart surge with anger, and he was so depressed that he almost spat out a mouthful of old blood.

All the disciples also looked at all this in a daze and awe. They never thought that the Nine Great Mountains, which had been quiet for countless years, would be attacked by thousands of troops today. The momentum was so great that it was frightening and frightening.

And the source of all this would be the young man who came here a few days ago. But now, he still had that casual and calm detached appearance, and he didn't care about it at all.

“I’ll give you a chance. Those who surrender can live, those who resist... die. After today, there will be no more Nine Great Mountains in the world.”

Gu Changge didn’t seem to care about the angry and cold expressions of the crowd. His eyes swept across the six Mountain Masters in front of him, the smile on his face gradually disappeared, and he spoke indifferently.

Chapter 474-1: The mighty army is attacking, A little life is saved (1)

“Don’t even think about it! Don’t think that taking away the Nine Mountain Immortal Seal will deter us!”

“You are just two people, how dare you talk about destroying my Nine Great Mountains? How delusional!”

“In the face of absolute strength, no amount of manpower is useless!”

As soon as Gu Changge’s words sounded, all the Mountain Masters turned furious, and a terrifying beam of light appeared in their eyes. That was the majestic aura of the Emperor Realm. It even penetrated the sky. Under this terrifying light beam, the stars exploded in an instant.

A terrible and shocking war broke out. Except for the Second Mountain Master, almost all of the Enlightened beings from the Nine Great Mountains had appeared here at this moment. The Third Mountain Master suddenly felt that after treating him politely for so many days he had been played by Gu Changge.

This made him extremely angry, and at the same time aggrieved.

“Heavenly Maiden Tianlu, are you also with him?” A Mountain Master asked, staring at Heavenly Maiden Tianlu on the other side. His tone was angry and cold.

The divine light in his eyes was surging, shrouded in misty multicolor, it was shocking and fierce. A pitch-black sacred furnace appeared above his head, and a monstrous True Fire fell down, which could flood a universe.

“Of course, I’m with my husband.”

Heavenly Maiden Tianlu shook her head slightly, she was holy and out of the world. She never thought that Gu Changge would choose to attack as soon as he got his hands on the Nine Mountains Immortal Seal.

However, there was still not much change in her words as she raised her bare hands lightly. The Golden Divine Lotus bloomed under his feet, incomparably gorgeous. Pieces of lotus flowers were like squares of ancient worlds, revolving as they were accompanied by rumbling terrifying sounds. The power of suppressing the world was overwhelming.

Her strength was very strong, and ordinary Enlightened beings were far from her opponents. Almost instantly, three people rushed in front of her, displaying fierce means.

They were all Enlightened beings, although there were differences in the time they walked on this path. But still, their perception and control of the Dao as well as the laws had reached a level that ordinary cultivators couldn’t imagine.

One after another Emperor weapons emerged. Golden and bright, bigger than the stars, containing the most powerful divine power, they were dazzling and astonished everyone. Even a wave of fluctuation could cut down countless suns, moons, and stars.

Rumble!!

The outbreak of this great war swept across the continent in an instant, and the world collapsed. The nearby Mountains collapsed, the Ancient Mountains cracked, and many rocks were turned into ashes.

In normal times, with the Nine Mountain Immortal Seal supporting this continent, the space field could be stabilized. But now, the Nine Mountains Immortal Seal had been seized by Gu Changge, even if they didn't want to affect this place, it was impossible.

At that moment when the three Mountain Masters headed toward Heavenly Maiden Tianlu, intending to suppress her first. Above the sky, three terrifyingly large hands came crashing down and tried to grab her.

It was as if a vast ocean swept in, which was earth-shattering and terrifying. But beside Heavenly Maiden Tianlu, there was a Golden Lotus flower blooming. It was not a simple phantom, but a True Lotus flower, possessing vast and unpredictable divine power.

While blocking these big hands, a deafening and terrifying momentum resounded throughout the universe. The rest of the people also resorted to their own powerful methods. Some held a five-color divine tripod and stepped on a divine sword, while others brandished three golden spears.

As one after another divine lights danced, they transformed into all kinds of terrifying divine weapons, which were extremely powerful and could easily cut through the universe.

Boom!!

In the next moment, someone took the lead in attacking Gu Changge with an unrivaled aura. He was the Master of the Ninth Mountain.

The power of an Enlightened being was like a vast ocean, overwhelmingly terrifying and invincible. The stars outside the domain were constantly trembling under this kind of power as if they were as fragile as dust.

"Are you determined to fight against me? I was going to let you live but you came to seek death yourself." Gu Changge shook his head lightly as if sighing for him.

But his eyes were cold and deep, without any emotional changes.

Facing the joint attack of several Enlightened beings, he didn't care. During this period of time, he had absorbed and refined the drop of True blood, and his cultivation level made a breakthrough.

Not to mention his own means, which had already far exceeded the level that this Realm could achieve.

Gu Changge was a little concerned about the blessing of the Nine Mountains Immortal Seal, which would make it difficult to attack the Nine Great Mountains and cause other unknowable changes, such as excessive loss of troops.

He had already calculated these things, and he was fully sure, but he was just waiting for this opportunity.

After finding the Cloudy Tombs, the location of the Nine Great Mountains, he made the many powerhouses stay on the ancient warship to get ready, just for this moment.

In the next moment, he made a move. Facing the overwhelming blow of Ninth Mountain Master, a monstrous chaotic energy and colorful divine light rose from his body. The palm was like an immortal god, golden and huge as it covered everything. It was surging as it bombarded the figure in front of it all at once.

Boom!!

Dazzling brilliance erupted like many stars exploding before sweeping across the sky and the earth. It directly caused this figure to shake violently, causing severe physical pain while terrifying cracks appeared.

“How can you be so strong? You are clearly not an Enlightened being...”

He looked at Gu Changge in front of him with some horror, this vast and surging chaotic energy was like a vast ocean. But at this moment, he suddenly saw something extra in Gu Changge’s hand.

It was a yellow gourd, the size of a palm with cyan lines wrapped around the surface, and red rays of light, emitting tens of thousands of rays. It had a terrifying murderous aura.

“Immortal Slaying Gourd... Why is this thing in your hands?”

Ninth Mountain Master recognized this object, he was shocked, and even more terrified. He naturally knew the horror of this object.

He didn’t dare to be careless, pieces of Emperor Scripture rose from his body, and the laws of the Emperor Realm surged, turning into a strong and indestructible shield, trying to resist.

The expressions of the rest of the Mountain Masters also changed drastically. They knew more about the power and mystery of this thing than ordinary people. They didn’t know how the Immortal Slaying Gourd that was lost at the beginning fell into Gu Changge’s hands,

“I haven’t seen the strength of this thing yet. Today I will give it a try.”

Gu Changge’s expression remained unchanged. His thoughts moved slightly, and a red glow appeared on the surface of the Immortal Slaying Gourd as if thousands of sword auras had gathered together.

Then from the mouth of the gourd appeared a red glow, which seemed to penetrate the universe, tearing through the ages, rushing out with endless murderous aura, as fast as lightning. It was unimaginable and then pierced through with a snort.

The Ninth Mountain Master’s body in front of him was suddenly severed from the middle. Blood gushed from the wound as horror and disbelief still remained etched in his eyes.

Together with the soul, it was also broken and cut off abruptly. The rest of the Mountain Masters couldn't help but feel their scalps tingling as if they felt a chill on their necks. This was not as simple as cutting off the head as the person was still alive during the process.

"It is indeed no problem to kill the weakest Enlightened being."

Seeing this scene, Gu Changge was somewhat satisfied. The power of the Immortal Slaying Gourd depended on the cultivation level of its Master.

After all, he still had a long way to reach the Realm of an Enlightened being. The Ninth Mountain Master in front of him could only be regarded as a weak person at the Realm of an Enlightened being.

There was an incomparable peerless sharpness within the attack, and whenever it was used it would see blood. But if he wanted to use it again in a short time, it was impossible.

"I'll fight together, he's the only single person, and is definitely not our opponent."

The three Mountain Masters also looked a little apprehensive. They also knew the horror of the Immortal Slaying Gourd, and so far, they had no way of knowing what other methods Gu Changge had. So the only way now was for everyone to attack together.

He didn't believe that there were so many of them, and they couldn't kill Gu Changge!

"Master, you are not Young Master's opponent. I advise Master to stop."

Seeing the Third Mountain Master move toward Gu Changge, Gu Wudi struggled for a while, and couldn't help persuading him.

"You traitor..." The Three Mountain Master didn't know when Gu Wudi betrayed him and even the entire Nine Great Mountains, his face was ashen.

At this moment, he had guessed Gu Changge's origin. It could be said that the Upper Realm and the Eight Desolations and the Ten Regions were in a situation of endless hostility.

The Nine Great Mountains also belonged to the Eight Desolations and Ten Regions, and they had sent disciples out of the world many times to prevent the invasion of the Upper Realm. If the Upper Realm army came to attack them, they would definitely not let them leave.

Chapter 474-2: The mighty army is attacking, A little life is saved (2)

"Don't forget what I told you."

Gu Changge saw many Mountain Masters coming to attack him, his expression remained unchanged, but instead, he took a deep look at Gu Wudi.

"Young Master, don't worry!"

Gu Wudi's complexion changed, he was still under the control of Gu Changge. He didn't dare to stay for long, his figure quickly turned into a divine light, and flew towards the direction of the Second Mountain.

And when Gu Changge, Heavenly Maiden Tianlu, and many Mountain Masters of the Nine Great Mountains were fighting, the mighty Gu family's army on the edge of the mainland also stepped forward to attack them.

Along the way, there were many disciples from the Nine Great Mountains, who sacrificed various divine weapons and activated various formations, their brilliance soared to the sky, and they wanted to resist.

An unimaginable war broke out here as well and it could be said to be destructive and unstoppable.

"Under the order of the Young Master, we'll crusade against the Nine Great Mountains."

A burly and tall middle-aged man rushed to the front, with an indifferent expression and a terrifying aura. He was wearing armor, with a Golden Lion on his crotch that was as golden as divine iron. It was holding a spear and was a terrifying existence in the Supreme Realm.

Behind them, there was still a tide of knights arriving with strong auras, flowing with holy light, and murderous intent! The weakest of them all had the strength of the Great Sacred Realm.

Most of them were in the Great Sacred Realm and Quasi-Supreme Realm, and there were also a few cultivators in the Supreme Realm and Quasi-Emperor Realm. They were holding heavenly swords and attacking from all directions, with a powerful aura like a divine mountain!

The strange beasts under each person's feet were extremely powerful as they spewed out clouds and mists with murderous aura and shining black light as if they came from an ancient battlefield.

This terrifying force came from the other side of the mainland without a stop. The Sacred Mountains and Ancient Mountains along the way collapsed. Many runes exploded, making it impossible to resist for a moment.

That Supreme being, with a golden spear waving its tail like a True Dragon, with surging runes, directly wiped out all the shocking formations in front of it! All the disciples of the Nine Great Mountains coughed up blood and their bodies were about to explode.

However, at the critical moment, there was a Quasi-Emperor Realm existence trying to make a move. But in another place, when Alpha stepped in to attack, the divine light flowed on the Black Iron battle suit, the black spear swept across and the black light flooded the sky, fighting with this Quasi-Emperor existence.

This battle was indescribable, terrifying to the point of trembling! No one except an Emperor Realm cultivator could bear the wisp of aura of the Emperor Realm. The Quasi-Supreme disciple who had just appeared was blown away by the spear with a bang, and his body was shaken and split open.

Then he vomited blood before falling and stirred up dust all over the sky!

"Ugh..." And at this time, outside the sky, there was a mighty terrifying sound.

It was an ancient warship, lingering with immortal energy that came crashing into the sky. Emerging from the sky, and accompanied by chaotic energy, it was extremely majestic!

This ship was too huge, as if it could stand shoulder to shoulder with the stars, the sun, and the moon, and was entwined with countless talismans. Like a piece of the sky falling down, the rumbling sound was mighty!

All the disciples of Nine Great Mountains trembled while seeing this scene, and then fell into despair! Facing the mighty army in front of them, they seemed to have little power to resist. If more people came here, how would they stop them?

The Nine Great Mountains itself did not have many disciples and had been isolated from the world for too long. The only disciple accepted these years was Xiao Yang.

The smell of blood filled the air, and the continent that was originally like a paradise became fragmented. This was a slaughter without suspense, and finally, someone chose to surrender out of fear.

However, the terrifying army above the sky showed no mercy, and the iron cavalry crushed them like a torrent.

In the Second Mountain that was majestic, the ancient trees were verdant and the fog was dense, shining with brilliance. All the disciples were waiting in full force, their faces extremely heavy, and they naturally sensed the fluctuations of the war coming from a distant place.

That kind of aura was frightening and their souls trembled, seemingly wanting to worship and surrender.

They had just been brought back to the Second Mountain by the Second Mountain Master, and before they could react to what happened, they saw blood on the edge of the continent. It seemed that boundless slaughter was happening there. But at this time, a divine light suddenly fell here, it was Gu Wudi with a pale and terrified face.

“Where is the Second Mountain Master? There is an enemy attack... Take me to see him! My Master, they are about to... can’t hold on anymore...”

His face was pale, he was still in shock, and his voice trembled. All the Second Mountain disciples who were facing the enemy were a little shocked when they saw him, they didn’t understand why Gu Wudi came here at this time.

But when he heard this, they didn’t dare to neglect it. No matter what happened during the competition just now, Gu Wudi was the Taoist of the Nine Great Mountains after all.

Soon, they brought Gu Wudi to a palace on the Second Mountain, where the Master of the Second Mountain looked serious and was explaining something to Xiao Yang. Seeing Gu Wudi coming, the two of them looked a little ugly, especially Xiao Yang, who couldn’t hide his coldness and hatred.

“What are you doing at Second Mountain?”

Xiao Yang’s words were extremely cold. When he thought of Gu Wudi’s despicable means of defeating him in the competition field just now, he felt angry and aggrieved in his heart.

Naturally, it didn’t look good to him. However, Gu Wudi didn’t seem to be able to hear his words. Instead, he looked at the Second Mountain Master in front of him with a look of despair.

At the same time, he knelt down with a plop, his face full of regret, and his voice trembled,

“Second Mountain Master, I know I’m wrong. Please go there and save Master, he was deceived by that Changge, and now even the Nine Mountain Immortal Seal has fallen into his hands...”

“At that time, I shouldn’t have listened to the words of Changge and defeated Junior Brother Xiao Yang according to the way he taught. I know I was wrong. I hope you and Junior Brother Xiao Yang will forgive me.”

“If you don’t take action now, Master and the others will die. The terrifying army and ancient warships from the outside world have already descended on the Nine Great Mountains. We can’t stop them at all!”

His face was sad, full of pain and regret. What he said made Xiao Yang a little sluggish, and he couldn’t believe it. With his strength, he could only feel that something was wrong there, but he had no idea what happened.

He never expected that even the Nine Mountains Immortal Seal would fall into Gu Changge’s hands. Didn’t that mean that the current Nine Great Mountains were defenseless?

Only the Second Mountain Master seemed to know what Gu Wudi was going to say, sighed lightly, and looked outside. With his strength, he could easily perceive the terrifying battle that took place there. Many Mountain Masters had not fought for countless years.

Now they were all fighting together, which could only explain one thing. That was, the Nine Great Mountains had encountered an unprecedented crisis.

“I already know what you said, but I still have things to do now.” Second Mountain Master didn’t have the time to blame Gu Wudi at this time. He looked at Xiao Yang with a complicated expression, and said, “I’ll send you away first.”

“Master...” Xiao Yang couldn’t hide his reluctance, especially now that Nine Great Mountains was in great trouble, he didn’t know when he would come back after leaving this time.

“You have to remember who you are.” Second Mountain Master shook his head and said, “I have already taught you what I should teach you, and you will have to walk the rest of the way by yourself. If it’s possible, go find the Great Mountain Master. In addition, your relatives should still be alive.”

“I see, Master.” At this time, Xiao Yang also showed some sadness on his face.

“Second Mountain Master, if you want to send Junior Brother Xiao Yang away, you might as well send me away together. I’m afraid I won’t be able to help much if I stay in Nine Mountains with my strength.”

“Now that the Nine Great Mountains are in trouble if you really encounter any accidents, I and Junior Brother, Xiao Yang can guarantee that the inheritance of the Nine Great Mountains will continue. If there is any danger, I can also protect Junior Xiao Yang very well.”

But at this time, upon hearing these words, Gu Wudi seemed to suddenly think of something, with a burst of excitement and joy on his face, he couldn’t help saying.

“People who are greedy for life and afraid of death...” Xiao Yang was very disdainful of his words, and there was no shame in his eyes.

At this time, the first thing that Gu Wudi thought of was not to fight against foreign enemies with many brothers and sisters, but to escape. It was really shameful to be a disciple of the Nine Great Mountains and a Daoist but to act like this.

“What you said is also reasonable. One more person leaving is also a little more hope.”

Second Mountain Master sighed softly when he heard the words. However, he still stared at Gu Wudi, and said, “But you must swear with your Dao heart that you are not allowed to hurt Xiao Yang in the future.”

He still had some disbelief in Gu Wudi, so he was careful. After all, it was too easy to deal with Xiao Yang with the Supreme Realm cultivation of Wudi.

Chapter 475-1: The fifth level of the Quasi-Emperor Realm, the strength is too unbelievable (1)

The void in front of him was blurred, Second Mountain Master led Xiao Yang and Gu Wudi and quickly broke through the space to leave. Outside the universe where the entire Nine Great Mountains were located, in a vast space, a little golden light emerged, and then the three of them walked out of it.

Almost instantly, they left the Cloudy Tomb and directly tore apart the universe to come here.

“In the distance is Heavenly Boundary Abyss and Heavenly Lu City. Judging from the current events, even Heavenly Maiden Tianlu has surrendered to the Upper Realm at some point... When you arrive in Heavenly Lu City, you must be as careful as possible. I don’t know if Heavenly Maiden Tianlu still has any other trap.”

The Second Mountain Master sighed, and then explained the things that the two of them should pay attention to.

After he finished speaking, his face showed resoluteness. He turned around and tore apart the space, turned into a golden light, and returned to the Nine Great Mountains to resist the invasion of the Upper Realm.

“Master, you must be careful.” Xiao Yang couldn’t hide the grief on his face, he could only watch Second Mountain Master leave in an instant, and soon disappeared. He clenched his fists tightly, hating himself for being weak and powerless, for not being able to protect his Senior Sister or the Nine Great Mountains.

“Let’s go, otherwise the Upper Realm’s army will chase after us, and neither of us will be able to survive.” Compared with Xiao Yang’s grief, Gu Wudi was much calmer, without much grief.

“After leaving the Nine Great Mountains, we will go our separate ways, so leave me alone.” Xiao Yang frowned and looked at him, still disgusted with Gu Wudi who was greedy for life and afraid of death.

“Junior Brother now is not the time to be arrogant, Nine Great Mountains will probably be more unfortunate if there is another accident between us. Who will continue the inheritance of the Nine Great Mountains? Do you have the heart to see the painstaking efforts of the two Mountain Masters go to waste?”

Gu Wudi shook his head and said sincerely. He still remembered Gu Changge's instructions and was very cautious in his heart. If it was completed, even if he went to the Upper Realm in the future, he would have a foothold.

The Eight Desolations and Ten Regions would be breached by the Upper Realm sooner or later, and if the Nine Great Mountains resisted stubbornly, they would also perish in a short time.

At this time, as long as he was a smart person, he would know how to choose. What was more, his life was still in the hands of Gu Changge.

"Great Mountain Master, Xiao Yang's relatives..." He muttered softly in his heart, and there was a flash of sternness on his face.

"If it wasn't for Master's sake, do you think I would be with you, a life-greedy and death-afraid person?"

Xiao Yang frowned tightly, and it was difficult to hide his ridicule in his words. But he still remembered his Master's instructions, so he didn't care about Gu Wudi anymore.

Then, the two turned into divine lights and headed for the Heavenly Boundary Abyss. They had the tokens of the Nine Great Mountains on their bodies, and when they got there, they would naturally have powerhouses from the Eight Desolations and Ten Regions to come and guide them.

However, thinking of the Heavenly Maiden Tianlu of Heavenly Lu City, who was now working for the Upper Realm, made Xiao Yang feel foggy and a little heavy. As the Guardian of Heavenly Lu City, Heavenly Maiden Tianlu surrendered to the Upper Realm unknowingly.

The cultivators and creatures in the Eight Desolations and Ten Regions didn't know about this matter. He didn't know how to explain it to the cultivators in Heavenly Lu City, and he couldn't guarantee that they would believe it.

On the other side, the terrifying battle of the Nine Great Mountains gradually came to an end. Many Mountain Masters fought with Gu Changge as they moved across hundreds of millions of miles, and came to the depths of the outside world, using the most tyrannical methods in countless years, but they were still defeated, coughing up blood and exploding.

The terrifying gray fog contained a monstrous ferocity, covering hundreds of millions of miles. It seemed to be blowing from a distant height, covering the heavens, the earth, and the universe. This piece of the universe was completely covered.

Gu Changge's expression was indifferent, and he was dressed in white in the universe, still looking supernatural and detached. It was just that there seemed to be monstrous Demonic Energy behind him, like an endless ocean.

"Now, do you still want to resist?"

With an understated expression on his face, he slashed forward with a palm and this big palm evolved and appeared, immediately covering the universe. It seemed that the sun, moon, and stars were rotating in it, covering all the heavens and myriad domains.

Above his head, the black and white intertwined scene of the sky rotated and a vast black-and-white aura fell down. It seemed that the Six Realms of creatures were evolving, and Six Immortal portals emerged, exuding dazzling brilliance as they stood in the depths of the universe.

This was a shocking scene, all the attacks fell in front of him and they were all blocked before exploding like ripples.

Boom!!

This palm split the cover and fell like the Immortal Heavenly Sword which could cut down the vast sun and the moon. It was extremely powerful.

“Don’t force it!”

The faces of all the Enlightened beings changed drastically, they were all bloody and wounded, their bodies were covered in blood and their faces were solemn. The Emperor’s weapon was suspended above their heads, and the vast laws and order like a galaxy fell down.

“His strength is a bit unbelievable, and we are no match for him.” Third Mountain Master’s body trembled violently. It was unbelievable, his body was full of horrible injuries. A dazzling sword manifested in his hand, trying to resist the blow.

Terrible black air coiled around his arm, containing indescribable corrosion, which couldn’t be expelled at all. Just being hit by Gu Changge just now, he felt his body was about to shatter, it was the ultimate force of destruction.

“Too weak, you can’t even break my defense, what qualifications do you have to fight me?”

However, Gu Changge still walked towards them with a very indifferent expression, as if he couldn’t feel the attack. The place was shrouded, ten thousand dharma could not invade and there was no divine power that could fall in front of him.

“The old man will fight with you!”

The Third Mountain Master looked a little ferocious. There was a dazzling and gorgeous brilliance permeating his body, which was the brilliance of an Enlightened being. Behind it loomed a terrifying golden holy mountain, which could overwhelm the universe, and its aura swept over billions of spirits.

This was his most powerful Imperial Art, and the moment he used it, there was an endless burst of brilliance.

“Now’s the chance!!” Seeing this, the other Mountain Masters also shouted loudly.

They swiped their hands to evolve the most powerful Imperial Art, blooming the most dazzling brilliance. The Emperor’s weapon behind them also surged with a terrifying aura as if an ancient god was revived in it, the divine light went dim and it was overwhelming.

At this time, they had to seize a flaw in Gu Changge and work together to make a move, otherwise, they would have no chance. All of a sudden, a monstrous light rushed out of this place, piercing through the sky.

This was the law of the Emperor's Realm, and it was also the chain of order that they had cultivated in their lives. With this blow, everything exploded, like a universe shattered and the chaotic energy soared into the sky, destroying this universe and even penetrating into the rest of the world.

Countless creatures and cultivators trembled under this kind of fluctuation, feeling that their souls were about to burst, and they couldn't bear it at all. This was the aura of an Enlightened being, extremely powerful. It was also like an Immortal Great Sect in the Upper Realm, with the foundation of the Supreme Sect.

Once appeared, all races would respect it. It would suppress everything. Such fluctuations, sweeping across the sky and the earth, were enough to make countless stars in the surrounding area tremble. Even the Supreme being would kneel down in fear.

"This is the battle at the Enlightened Realm! What the hell happened there..."

"It's not just an Enlightened being, could it be that the most powerful person from the Upper Realm attacked? Hasn't the sea of ??Boundary Monuments hasn't dried up yet?"

Hundreds of millions of miles away, among the stars of life in the Eight Desolations and Ten Regions. An ancient being felt this fluctuation, and he was a little shocked and more terrified.

They came out of seclusion, with a majestic and terrifying aura around their bodies. They appeared above the sky, looking there from a distance, with extremely dignified expressions.

At this moment, except for the Eight Desolations and Ten Regions. Even in some ancient worlds in the Upper Realm close to the Boundary Monument Sea, there were ancient beings who felt the fluctuations, and their eyes penetrated the world as if they were about to fall there.

For them, now that the Upper Realm had invaded the Eight Desolations and Ten Regions, the surrounding world had been affected, and the place where they were was naturally no exception.

"What happened there? There are many Enlightened beings fighting?"

On the shore of the Boundary Monument Sea, many Immortal Great Sects and Supreme Dao Lineage powerhouses from the Upper Realm who are stationed here feel a sense of heartfelt palpitations.

The sea of ??Boundary Monuments had not yet dried up, and the Enlightened beings of the forces behind them could not come across now. So if Enlightened beings from the Eight Desolations and Ten Regions came to attack them, they would still be very afraid.

In the depths of the universe, facing such a terrifying blow, a big hand stretched out from the front. Gu Changge's expression remained indifferent, and he directly raised his hand to pat it forward.

The golden color was resplendent, if it was made of immortal gold, the immortal energy, and chaotic energy was lingering and surging, extending from it. At first, it was the size of a hill, and then it was like a starry sky, boundless, with a terrifying explosion!

Chapter 475-2: The fifth level of the Quasi-Emperor Realm, the strength is too unbelievable (2)

The Mountain Master who was facing Gu Changge felt the move, his face changed drastically and he couldn't believe that under their joint attack, Gu Changge was completely unharmed and instead he even slapped him!

Rumble!!

The energy of this palm was too terrifying, boundless as if the world was closing in, trying to suppress him!

“Break it!”

He shouted loudly, and the golden battle suit on his body released a bright light, like a god descending in the world.

Then, the golden light rose sharply as his complexion turned red, the unrivaled aura emerged and the long spear swept across, whining. That large piece of golden light was like a thousand troops galloping, about to enter this universe.

This was a powerful blow from an Enlightened being and it could shake the world! But the giant golden palm, entwined with countless scarlet clouds was boiling with laws, and contained infinite divine power as if an invincible immortal had made a move!

There seemed to be a riot here, the universe was pierced through and all the cultivators beyond the endless distance trembled. All of them were forced to retreat, and their scalps were numb. His body shook violently, almost exploding as endless blood mist erupted, flooding the sky and the earth with blood light.

“Several people attacking together are not his opponent...”

In the distance, a golden light emerged. The void was torn apart, and Second Mountain Master, who was dressed in a white robe, rushed to this place, witnessing the scene in front of him.

His face was extremely gloomy, he never expected that as Gu Wudi said, the Nine Great Mountains would face such a terrible crisis.

In another direction, Heavenly Maiden Tianlu was also fighting several Mountain Masters, and the fluctuations were equally terrifying, sweeping half of the universe. But different from this side, she was obviously not the opponent of the three of them, and some of them fell below, with blood on her dress.

Yet her moves were fierce and powerful, like a peerless female immortal, her skin was as white as jade, intertwined with misty brilliance.

“Second Mountain Master, you came at the right time, we will work together to kill him. This guy's strength is too unimaginable...”

Seeing the Second Mountain Master coming, the other Mountain Masters were also shocked, feeling hope, and hurriedly said. They were all wounded, and their originally terrifying auras all looked sluggish, with blood hanging from their bodies.

Even the Third Mountain Master, who was at odds with the Second Mountain Master was now depressed and terribly injured. They had to turn to the Second Mountain Master for help. In terms of strength, the Second Mountain Master was stronger than the Third Mountain Master.

Apart from the extremely mysterious Great Mountain Master, he was the strongest of the Nine Mountains.

“What is your identity in the upper Realm?” The Second Elder’s face was extremely serious, it was the first time he had seen such a terrifying young man.

Fighting against many Mountain Masters of the Nine Great Mountains by himself, and gaining an upper hand, while looking very relaxed, without any trace of injury. If he had more time, everyone here would probably die today.

Moreover, he found that the aura of the Ninth Mountain Master had disappeared, which could only mean that the Ninth Mountain Master had already passed away before he rushed to this place.

“Are you all here? Actually, I’ve been waiting for you for a long time.”

Gu Changge didn’t answer when he heard the words, a faint smile appeared on his face, and he looked at the Second Mountain Master in front of him. Since he had rushed here, it meant that his plan had succeeded.

More than 20 years ago, the Guardian Clan of the Eight Desolations and Ten Regions was wiped out, although most of them had already died by then. But there were still remnants who escaped.

Like Xiao Yang was just one of them. He also intended to find the last line of Guardians through Xiao Yang. The origin of this family’s talent was quite extraordinary, and it could not only summon Ancient Heroic Spirits, it could also reverse justice and evil and reshape the Dao fruit.

He could still play a role for him. That was why Gu Changge arranged Gu Wudi as a pawn lying in ambushes around Xiao Yang all the time.

“You have waited for the old man for a long time, what do you mean?”

Seeing Gu Changge’s expression, the Second Mountain Master suddenly felt a little uncomfortable. The feeling this young man gave him was too terrifying, and he couldn’t use common sense to overcome it.

“Of course, I was waiting for you to come, so that I could catch all of you.”

A slight smile appeared on Gu Changge’s face. As the words fell, above his head, a pitch-black Dao bottle emerged, like a black hole with no bottom, and a vast black light fell down. All the terrifying fluctuations were swallowed up.

At this moment, it seemed that even this universe was swallowed up by this vase, leaving only the vast darkness between heaven and the earth.

“This is!”

“That rumor, how is it possible...”

Seeing this scene, all the Mountain Masters were terrified, the Second Mountain Master was stunned for a moment, his face changed drastically. Suddenly he seemed to understand something and was a little frightened.

They wanted to escape, but suddenly there was a halberd entwined with billions of strands of Demonic Energy in front of them as it swept across the sky. The universe in front of them seemed to be split open, and it was so powerful that even the fragments of the long river of time were flying.

A Mountain Master's face turned horrified, his whole body glowed, and he unleashed his strongest secret method, but he couldn't avoid it at all. All divine powers, weapons, and methods all exploded and collapsed under this halberd.

Then the whole person was broken from the middle, directly torn apart and the blood mist filled the sky and the earth.

"Run away, the weapon in this guy's hand is something that can destroy the world..."

The Second Mountain Master's voice trembled a little. He reacted, and hastily turned into a divine light, trying to tear apart the universe and escape.

The rest of the Mountain Masters also understood, but it was too late. The terrifying black fog surged from every inch of void on the edge of the universe, as if it had taken root in space.

This great battle swept beyond the universe, countless stars exploded and turned into ashes, the galaxy exploded, and the galaxy rolled back. Countless laws danced in disorder, the world was in chaos, fragments of the long river of time loomed, and there was chaos.

The war of Emperors throughout the ages had affected an incomparably wide range. Even the surrounding universe was affected, some small worlds exploded, and countless creatures suffered indiscriminate disasters.

Many Mountain Masters erupted with the most powerful strength, and the Emperor's aura looked mighty in the heavens. The entire universe was about to be pierced through. There was devastation everywhere. Horrific monstrous giant hands pierced through the sky and the earth, and even slapped into another universe, horrifying hundreds of millions of living beings.

Accompanied by the most powerful chains and roars, everything was calm in the end. This universe was incomparably dilapidated, the aftermath of the battle was everywhere, blood and bones were splashed everywhere, and the marks of heaven and earth had been shattered.

Many dilapidated Emperor's weapons lost their previous divinity before finally scattered all over the world, reduced to scrap iron.

"Except for the Great Mountain Master, all of the powerhouses in the Nine Great Mountains have almost been resolved."

Everything was silent, deep in the universe, above a broken star, a beautiful woman in white descended. Her face was beautiful and flawless, her figure was tall, she was unearthly and holy, and her hair was flowing and shining, giving people a feeling of perfection.

However, her current state was not very good, she had suffered heavy injuries, and her dress was stained with blood. When she was speaking at this moment, her face was a bit complicated.

If Gu Changge hadn't gone to help her after solving the Mountain Master here, she might have suffered even more terrible injuries. Although she was strong, she was not the opponent of the three Enlightened beings, and had always been at a disadvantage.

Today, she saw a method that Gu Changge had never used before, which made her feel really terrified. Even the Third Mountain Master was split by him with a halberd in the end, and was broken from the middle on the spot, torn apart, shocking everyone.

"This is what was meant to happen." Sitting cross-legged here, Gu Changge didn't open his eyes when he heard Heavenly Maiden Tianlu's words.

A terrifying aura like a vast abyss emerged from him. The entire universe seemed to change with his absorption, the star field dimmed, and the Milky Way surged. Looking from a distance, there was even a big bloody cocoon around him, which was thick and terrifying blood.

This was a shocking scene, the stars in the sky and the endless galaxy, all emitted hundreds of millions of rays of light, gathering here. The origin of all Enlightened beings was entering Gu Changge's body at this moment, every pore of his body was glowing, like an ancient world, vast and boundless.

There were endless gods prostrating and reciting the ancient scriptures, the gods were shining brightly, and they all worshiped together.

At this moment, Gu Changge opened his mouth and screamed, the stars in the entire universe trembled. Countless creatures knelt down on the ground out of fear, feeling the fear.

Rumble!!

The sky trembled, as if a vast sea roared in as the brilliance was swallowed by Gu Changge's mouth. He seemed to have turned into a black hole that could swallow the heavens. All the laws, rules and orders collapsed and burst in front of him.

Gu Changge's cultivation even made a breakthrough because of this. The blood, flesh, lungs, bones, and hair were all reflecting the chaotic energy, which was much stronger than before.

Such a terrifying scene lasted for half a month, and finally the universe calmed down. No living beings or creatures dared to come to investigate, the momentum of the fall of Enlightened beings was extremely astonishing.

There were still terrifying visions in this world that had not dissipated. One drop of the blood of those Enlightened beings was enough to penetrate a small world, and the pervasive power was enough to kill any living being.

"Fifth level of Quasi-Emperor Realm, a few steps closer to Enlightenment."

Gu Changge got up and opened his eyes, the aura on his body returned to silence, like a deep abyss.

He looked at the Second Mountain Master not far away, whose cultivation was sealed, and there was a terrible scar on his body, which was almost split by the whole body, and walked over.

As Xiao Yang's master, at this time, Second Mountain Master couldn't die and had some value, so Gu Changge spared his life.

Chapter 476-1: The Nine Great Mountains are destroyed, A massive attack (1)

Second Mountain Master was not in a good condition now, his aura was even sluggish. There was a terrifying wound that almost tore him apart. The destructive power within it was even constantly destroying his vitality.

As an Enlightened being, his vitality was so surging that it was difficult to describe it in words. Even just one drop of blood could reshape the body and create another life. But now it had fallen to the point where it was difficult to recover from the injury.

He had been witnessing the changes in Gu Changge within the past half month. From the shock at the beginning to the current state, it could be said that his mood had undergone an earth-shaking change.

"It turns out that this is why you have such terrifying strength at your current age..."

The Second Mountain Master looked at Gu Changge walking toward him, his expression couldn't hide his fear, but he still spoke. He didn't know why Gu Changge killed everyone but spared his life.

Now that the Nine Great Mountains had encountered a catastrophe, almost all the disciples had died, and even the Mountain Masters also died. How could the rest of the disciples survive?

He even anticipated the destruction of the Nine Great Mountains, and the scene where all the buildings on the mountain islands were turned into ruins and ashes. This made him angry and at the same time he felt regret and deep powerlessness.

If he had noticed Gu Changge's ambition earlier, then things should have turned around. With the Nine Mountain Immortal Seal in hand, the Nine Great Mountains could be turned into an indestructible fortress.

If Gu Changge wanted to break in, it would not be so simple. Thinking of this, Second Mountain Master didn't have the slightest look at Heavenly Maiden Tianlu who was following behind Gu Changge.

What he couldn't figure out the most was how the hell did Heavenly Maiden Tianlu, who was in charge of guarding Heavenly Lu City, get so close to Gu Changge now?

She even teamed up with Gu Changge to deal with Nine Great Mountains. If not, how could they fall for it?

"Heavenly Maiden Tianlu, you actually teamed up with people from the Upper Realm to attack my Nine Great Mountains. Are you worthy of your status? Are you worthy of Heavenly Lu City and the hundreds of millions of cultivators living in the Eight Desolations and Ten Regions?"

The Second Mountain Master's face was cold and angry, and his voice was full of anger. Yet Heavenly Maiden Tianlu didn't care about him, and it seemed that she didn't hear what he said. She smiled slightly at Gu Changge beside her, "Now Mr. Gu can trust me, right?"

"For Heavenly Lu City, you are really cruel." Gu Changge just smiled when he heard this, and didn't answer her question.

“After all, Heavenly Lu City was entrusted to me by my Master before his death. No matter what price I have to pay, I will protect it.”

There was a slight smile on the corner of Heavenly Maiden Tianlu’s mouth. Her eyes were fixed on Gu Changge as if she wanted to see the change of expression on his face. However, Gu Changge’s face still didn’t change much, and she couldn’t tell anything from it.

This made her feel a little disappointed. He was still as elusive as ever, and it was impossible to guess what was going on in his mind. Cooperating with Gu Changge was tantamount to seeking skin from a tiger, but she really had no other choice.

Even the Nine Great Mountains with many Enlightened beings were slaughtered by Gu Changge alone. How could Heavenly Lu City stop him?

“You have fallen into a Demonic barrier. If you want to protect Heavenly Lu City, you should have united with us and resisted the invasion of the Upper Realm in one fell swoop, instead of surrendering to them! You haven’t woken up yet!”

The Second Mountain Master guessed the whole story almost instantly, and couldn’t help shouting angrily. This made him angrier and he even hated her a little bit. Heavenly Maiden Tianlu’s actions were obviously as if she was possessed by a Demon.

How could they resist even after uniting together to protect Heavenly Lu City? The Upper Realm had already attacked the Eight Desolations and Ten Regions. How greedy was the Upper Realm, how could it let Heavenly Lu City go unscathed?

“What do you know?” Hearing this, Heavenly Maiden Tianlu frowned, and a coldness flashed in her eyes.

“Your Nine Great Mountains was supposed to stop the army of the Upper Realm, but you have been hiding in the Cloudy Tomb all these years, not daring to show up in the world. This time when the Upper Realm invaded, you even tried to seal off the mountain, regardless of the life and death of the Eight Desolations and Ten Regions, including Heavenly Lu City. How can you say that about me?”

If she had other ways, how could this happen? This was the glimmer of hope that could be glimpsed under despair. Hearing this, the Second Mountain Master’s face turned a little suffocated.

He did have plans to abandon the Eight Desolations and Ten Regions, abandon the Heavenly Lu City and seal the mountains, in order to be safe and to keep the Nine Great Mountains safe.

But before it was realized, Gu Changge sent an army to attack them. And this was not the reason why Heavenly Maiden Tianlu betrayed the Eight Desolations Regions and Heavenly Lu City.

“It seems that even now, you still haven’t figured it out. The Nine Great Mountains have been reduced to ruins and removed from this world... And Heavenly Maiden Tianlu is much smarter than you.”

Seeing the Second Mountain Master’s expression, Gu Changge couldn’t help shaking his head, with a look of regret for him.

“As long as the disciples of my Nine Great Mountains are still there, then my Nine Great Mountain’s inheritance will still be there. It is absolutely impossible for you to destroy the Nine Great Mountains.”

The Second Mountain Master's complexion turned pale when he heard the words. Though, thinking of Xiao Yang and Gu Wudi whom he sent away at the last moment, he was more or less relieved.

They were the last hope and kindling of the Nine Great Mountains. As long as they could find the Great Mountain Master, then the Nine Great Mountains could reappear in the world. Even if he died now, it was worthy of many ancestors of the Nine Mountains.

"Oh, really? Are you still counting on your good-for-nothing disciple, Xiao Yang? By now, haven't you figured out why I killed everyone and left you alive?"

Hearing this, Gu Changge smiled, not hiding his mockery. He knew what the Second Mountain Master was thinking, but did he really think nothing would happen if Xiao Yang was sent away in advance?

It was a pity that Gu Changge had already anticipated the things he could think of, and calculated him here.

"What do you mean?" Hearing this, the Second Mountain Master's face froze suddenly and he felt that something was wrong. That familiar bad feeling struck again.

"As a remnant of the Guardian Clan, why do you think I let him go?" Gu Changge smiled faintly, but the depths of his eyes were still indifferent, without waves.

"What? Could it be... Are you doing this on purpose?"

At this moment, Second Mountain Master couldn't believe his ears, he was shocked, and his complexion changed even more. Gu Changge actually knew Xiao Yang's identity?

How did he find out about it? No one in the entire Nine Great Mountains knew about this matter except him.

"Gu Wudi was also arranged by you?" Finally, he thought of such a possibility. With a dejected expression on his face he felt extremely regretful.

Why did he agree to Gu Wudi's request and send him away with Xiao Yang? It turned out that Gu Changge had planned all this long ago.

"The Guardian bloodline?" Hearing this, Heavenly Maiden Tianlu's heart trembled slightly, and she couldn't help but look at Gu Changge.

If it wasn't for what Gu Changge said, she still wouldn't know that Xiao Yang would be the remnant of the Guardian Clan. As the patron saint of Heavenly Lu City, she was naturally aware of the tragedy that happened to the Guardian Clan more than 20 years ago.

It was said that the whole family was brutally wiped out, hundreds of people died tragically, and only a few escaped alive. The lineage of Guardian Clan was already sparsely populated, and it was almost wiped out after this disaster.

Over the past twenty years, the lineage of the Guardian Clan had almost disappeared in the Eight Desolations and Ten Regions, and no one of them could be found. Was Xiao Yang a remnant of that lineage? How did Gu Changge know about it?

“Could it be because of the Purple Mirror in his hand at that time...”

Heavenly Maiden Tianlu remembered the Purple Mirror that Gu Changge had used at that time. It seemed that he used that secret treasure to deduce this matter. This was really shocking and disturbing. With such a secret treasure, who knew what else could be deduced and spied on?

“Could it be that the tragedy of the Guardian Clan more than 20 years ago was also related to you?”

Second Mountain Master suddenly stared at Gu Changge firmly, blood appeared in his eyes, and he even looked a little ferocious.

Chapter 476-2: The Nine Great Mountains are destroyed, A massive attack (2)

“Of course, it has nothing to do with me. But it has something to do with the family behind me.”

Gu Changge shook his head slightly and didn't mind answering his question.

While he was speaking, an extremely huge ancient warship descended on the distant sky, surrounded by thick immortal mist and stained with blood, as if it had just arrived from a battlefield with thousands of troops.

Many soldiers with terrifying auras stood on it, like phantom shadows, carrying a mighty and soaring evil spirit. It was the army that entered the Cloudy Tomb!

“Reporting to the Young Master, according to your order, the Nine Great Mountains have been completely destroyed. Many remnants of crimes have also been put to death.”

A burly and tall Supreme being, wearing golden armor arrived in the form of a divine light and reported respectfully to Gu Changge. Hearing this, Second Mountain Master, who still had a glimmer of fantasy in his heart, felt ashamed.

“This is the Second Mountain Master of the Nine Great Mountains. Take him into the dungeon and keep a close eye on him.”

Gu Changge nodded slightly and was not surprised. Presumably, the news that the Nine Great Mountains were destroyed by him would spread quickly. For the cultivators of the Eight Desolations and Ten Regions, this was definitely a heavy blow.

In their minds, the transcendent status of the Nine Great Mountains was even far above Heavenly Lu City.

At this time, once the news of the destruction of the Nine Great Mountains emerged, it would inevitably cause panic among countless forces in the Eight Desolations and Ten Regions, and their morale would be greatly reduced!

As for the Upper Realm, the rest of the Dao forces would definitely take advantage of the chaos and send troops to try to break through the Heavenly Boundary Abyss and land outside Heavenly Lu City!

Undoubtedly, in the next few days, the news of the destruction of the Nine Great Mountains, as Gu Changge had guessed, caused a sensation in the entire Eight Desolations and Ten Regions. Because the battle between many Mountain Masters and Gu Changge at that time was too shocking.

Even the universe where the Nine Great Mountains were located had been pierced, fragmented, and devastated. The world was full of broken Dao fragments with the chaos overflowing, flooding the world, and creatures with weaker cultivation bases dared not enter this place. Apart from the terrifying battle, many broken weapon fragments and severed limbs all contained extremely terrifying fluctuations.

A slight touch could blow people into powder, destroying both body and spirit. It had turned into a Heavenly Extinction and a forbidden area. It was precisely for this reason that the Cloudy Tomb shrouded in the Nine Mountains was destroyed.

Only then did many powerhouses notice the location of the legendary Nine Great Mountains. As a result, when they rushed there, they found traces of the terrifying aftermath of the war.

The mountains collapsed, the riverbed was broken, and the terrifying rift valley stretched across the world. There were corpses everywhere, the palaces had collapsed and turned into ruins, no longer displaying the detachment and mystery of the past.

The Nine Great Mountains were destroyed!

This news swept every corner of the Eight Desolations and Ten Regions in an instant, like a terrible earthquake. The cultivators and living beings who heard about this all stood in place with chills all over their bodies, in disbelief.

In their eyes, the Nine Great Mountains, like Heavenly Lu City and Heavenly Boundary Abyss, were the barriers protecting the Eight Desolations and Ten Regions, and among them the Nine Great Mountains were more detached and mysterious, and also more powerful.

Now it was destroyed unknowingly, how could this be accepted by them? Many people felt a kind of despair. This time, the invasion of the Upper Realm seemed to be even more terrifying and turbulent.

The Eight Desolations and Ten Regions were afraid that they would be breached soon! This incident could be said to have shaken the Eight Desolations and Ten Regions, and all cultivators and creatures felt uneasy.

Afterward, many forces were speculating and deducing, trying to restore the scene that happened at the Nine Great Mountains at that time, wanting to know how the Nine Great Mountains were destroyed, wanting to know how many powerhouses were sent by the Upper Realm.

Judging from the fluctuations that arrived from far away at that time, there were quite a few Enlightened beings fighting at that time, and the fluctuations swept across heaven and earth. But the sea of ??Boundary Monuments had not yet dried up, so how did the Enlightened beings from the Upper Realm cross over?

As for such a deduction, of course, they couldn't find anything. It was just that the fluctuation there was incomparably chaotic, the rules of heaven and earth were all in disorder, and nothing could be seen at all.

Not to mention the broken laws of heaven and earth and so on. All of a sudden, the trumpets sounded, the drums of war beat, and swept across hundreds of millions of miles.

Many family sects from the Eight Desolations and Ten Regions began to move their armies to the Heavenly Boundary Abyss outside Heavenly Lu City, dispatching the elites of the Clan, intending to fight against the Upper Realm there.

Compared with Regions, this was already an extremely critical and severe time. They were aware of the seriousness of the matter. Because the Heavenly Boundary Abyss couldn't stop the Upper Realm, sooner or later they would find the correct route.

It was better to take advantage of the fact that the sea of Boundary Monuments had not yet dried up, and launch a massive counterattack to destroy the vanguard of the Upper Realm here.

Unlike the austerity of the Eight Desolations and Ten Regions, there were many Immortal forces stationed in the Boundary Monument Sea on the Upper Realm side.

Although they were shocked by the destruction of the Nine Great Mountains, they were ecstatic afterward.

The Nine Great Mountains were to the Eight Desolations and Ten Regions, what sharp claws were to wild beasts, and now that the sharp claws of wild beasts had been pulled out.

For them, it was naturally a good thing. And as the Ancient Immortal Gu Family and Gu Changege, who destroyed the Nine Great Mountains, their popularity once again reached an unprecedented peak.

Before this, no one thought that Gu Changege would take this opportunity to lead the Ancient Immortal Gu Family to find the location of the Nine Great Mountains and destroy them first.

There was absolutely no doubt about the strength of the Nine Great Mountains. Even in the Upper Realm, there were only a few forces that could match it and have so many Enlightened beings.

In the usual Immortal Sects, the strength of the sect was not even one-third of that of the Nine Great Mountains. As for the Ancient Immortal Gu Family, they just dispatched a large army and easily wiped them out.

The sensation caused by this incident was even more shocking than when the Purple Mansion was destroyed. The Ancient Immortal Gu Family's background was so deep that it made people tremble.

Of course, in this battle, many forces were just guessing, thinking that the Ancient Immortal Gu Family sent many Enlightened beings. After all, in their cognition, it was absolutely impossible for Gu Changege alone to achieve such a level.

Although Gu Changege was powerful, overpowering his peers and admiring the older generation, he would definitely not be able to do such an unimaginable thing.

Afterward, many forces in the Upper Realm learned about this and sent more troops to gather across the sea of Boundary Monuments and prepare for a massive attack.

Many giants of the younger generation, including the Heavenly Phoenix Maiden, the Six Crown King, and the descendants of the Human Ancestor Hall, arrived here because of this opportunity and followed the forces behind them to attack the Eight Desolations and Ten Regions.

During this period of time, a lot of things happened in the Upper Realm, and many new geniuses appeared, including ancient freaks and descendants of the Ancient Immortal Clans.

They were brilliant, but compared to Gu Changge, they all looked bleak, making people feel that they appeared in the wrong era.

And on the top of the endless sea where the Upper Realm was adjacent to billions of Lower Realms, the Red Demon appeared here, gathering all the Demons from the sky, standing on her own Demonic mountain, overwhelming the universe with fierce power, and deterring the world.

Chapter 477-1: An Yan, the Hidden Immortal Clan; Saved a person who shouldn't be saved (1)

The reappearance of the Red Demon shocked everyone. After the first battle in the divine city, the Red Demon disappeared without a trace. All the Dao forces who went to participate in the Demon Slaying Conference had returned home with heavy losses, and very few survived.

Many cultivators were guessing where the Red Demon had disappeared. Some people suspected that she was also seriously injured and was recuperating somewhere. Some people also said that after that battle, the Red Demon was actually wiped out, so there was no movement for such a long time.

There were all kinds of rumors, and it could be said that there were different opinions. Now that the Red Demon had built the Demonic Mountain on the top of the Endless Sea, it was no different from a meteorite falling into the deep sea, causing an uproar.

A cultivator witnessed with his own eyes that on the top of the Endless Sea, the endless Demonic Energy was surging, covering the sun and the moon and turning everything in a radius of tens of thousands of miles into darkness.

Stars fell from outside the domain, floating up and down there as they were turned into star islands, shrouded in chaotic mist, looking extremely terrifying. Such a vision shocked everyone, and many forces sent powerhouses to investigate, trying to find out the purpose of the Red Demon.

If she only intended to build the Demonic Mountain, then it was okay to say that she was worried that she would be so powerful that she would cause incomparable slaughter again.

Now that the Upper Realm was at a critical juncture in the battle against the Eight Desolations and Ten Regions, there were not many troops left to fight against the Red Demon. And after the last Demon Slaying Conference, the scariness of the Red Demon was deeply ingrained in the hearts of many Dao forces in the Upper Realm.

No one was willing to provoke her easily. The Demonic Mountain stood on the top of the Endless Sea as magnificent and ancient palaces rose from the ground. The Heavenly Tower descended, and the divine building was shrouded in a hazy state, just like the burial place of all living beings in ancient mythology.

The group of Demons gathered together, and it had turned into a place of Demon Realm comparable to the Demon Burying Abyss. The Demonic aura was overwhelming, covering thousands of miles.

Many peerless monsters obeyed the call of the Red Demon and hibernated here. Their fierce power frightened the heavens and the cultivators and creatures passing by were terrified. However, the Red Demon seemed to have recovered a lot of her sanity.

Many people worried that she would set off an incomparably murderous force again, but they gradually calmed down without seeing any movement from her and concentrated on attacking the Eight Desolations and Ten Regions.

Now, the Upper Realm was not peaceful, especially after the destruction of the Nine Great Mountains, Gu Changge's name had spread throughout the heavens, causing a huge commotion.

Many Supreme forces and Immortal Great Sects were shocked by this. Up to now, Gu Changge had become a young and invincible myth in the eyes of countless cultivators and creatures in the Upper Realm.

Just in his early twenties, his cultivation level surpasses that of the world, and no one could beat him. After attacking the Supreme beings, and raising troops to destroy the Nine Great Mountains, many rumors had spread, making the younger generation tremble and despair. They could no longer touch the slightest back.

For the older generation, the name of Gu Changge made them even more fearful and deeply inconceivable. Some people even felt that after witnessing the birth of the legend, there would definitely be a strong and colorful stroke mentioning Gu Changge in the history books for the next millennium.

It was not an exaggeration to describe such limelight as unparalleled in the world. Among the many Lower Realms, there were also countless creatures who were chanting his name, and it was heard that chanting his real name could protect the true spirit from dying.

His age could already be ignored in the eyes of many ancient beings. The younger generation who once fought against Gu Changge, such as the Six Crown King, Heavenly Phoenix Maiden, and others. Although their talent was strong, compared with Gu Changge, it was far from enough. The gap was like a natural moat, and it was difficult to see his back.

In the eyes of many cultivators, the only younger generation who could possibly rival Gu Changge today was perhaps the inheritor of Demonic Art who had escaped from his hands many times. However, the inheritors of Demonic Arts had disappeared for a long time, and they were not as rampant as before.

In the eyes of many cultivators, it should be that the inheritor of the Demonic Art knew that he was not Gu Changge's opponent now, so he chose to retreat in a low-key manner to avoid encountering him.

Boom!!

At this moment, huge ancient warships swept across the sky, densely packed casting endless black shadow, and crossing toward the place where the Boundary Monument Sea was located.

The ancient trumpet sounded, bringing a large army from Upper Realm to attack wantonly. On these ancient warships, with a mighty aura, they could shuttle through the world passages, and they were extremely terrifying, opening up everything in the chaos.

Many powerful creatures in the Lower Realms felt this aura, and they couldn't help trembling. On an obviously larger and ancient warship, there was a celestial spirit, palaces, sacred mountains, fairy islands floating in the sky, and silver waterfalls, like an ancient continent.

Unlike other ancient warships, this ancient warship mostly had young faces. In addition to the contemporary geniuses, there were also some ancient freaks who were born not long ago. For example, the descendants of the Immortal An Clan, with terrifying aura and monstrous aura, had their own mansions.

There were powerful followers and attendants at the door. Compared with ordinary powerhouses, they were still stronger, and their strength had reached the Sacred Realm.

True Immortal Academy, Heavenly Dao Immortal Palace, Saint King Palace, Immortal Sword Mansion... Many forces that had cultivated the younger generation were now gathered here.

These living cultivators could be said to be the most outstanding young generation in the Upper Realm today, and they could be called a gathering of stars. In this battle against the Eight Desolations and Ten Regions, these young people would participate in it.

According to past practices, before the passage of the Heavenly Boundary Abyss had become stable, the younger generation or the older generation of both sides would fight first.

The powerhouses who would decide the situation, in the end, would not make a move easily. Because before the Eight Desolations and Ten Regions, the laws of heaven and earth were not complete. It was still the place where the space barriers of the two realms had collided, and the energy was chaotic. It was difficult for many powerful people to exert their peak strength.

It was because of this reason that many of the most powerful people fell and bled in front of the Heavenly Boundary Abyss. But this time, all the forces of the Upper Realm had moved together, and the momentum was shocking.

Before the Boundary Monument Sea, there had already been a powerful man who manifested his Dharma Body and left.

“Sister Xian’er, we meet again.”

At this moment, on a mountain peak shrouded in red rays of light and shrouded in Immortal mist.

A slender and tall girl with a beautiful and refined face, wearing a wide-sleeved immortal dress, so beautiful that one couldn’t pick out the slightest flaw, was cultivating cross-legged.

The sunrays on her body were shining brightly, every pore seemed to be glowing, as if a female immortal was chanting ancient scriptures in it, which made her skin white and flawless with a crystal luster that could be broken by blowing bullets.

The whole person had an immortal aura. She seemed very cold, but her brows were as cold as ice, giving people a sense of inaccessibility. Not far from the girl, there was a big red bird with squinting eyes, looking at a silver-haired girl walking towards her.

“Is this the first time you’ve come here on purpose?”

When Gu Xian’er heard this, her eyes opened. She seemed to be very familiar with the silver-haired girl in front of him, but he was slightly impatient.

“Doesn’t this mean that we are destined? How can you say that I came here on purpose?”

The silver-haired girl smiled authentically when she heard the words, giving people a very innocent feeling. She had a proud figure, curvy and convex, with a delicate and flawless face. Her skin was as white as porcelain, as delicate as jade, and she was no worse than Gu Xian'er. And the eyes were like light red colored glaze, very magnificent and beautiful.

Fluttering and flashing, it was so charming that people couldn't find the slightest reason to hate it. On the top of her head, there was also a pair of inconspicuous rose-red horns, revealing her non-human identity. The two of them seemed to be about the same age.

Chapter 477-2: An Yan, the Hidden Immortal Clan; Saved a person who shouldn't be saved (2)

"Tell me, what do you want me to do?" Gu Xian'er glanced at the silver-haired girl and said calmly. The silver-haired girl in front of her was named An Yan, and behind her was the An Clan of the Hidden Immortal Clan.

The powerful and terrifying foundation was also one of the best in the Upper Realm, enough to be ranked at the forefront. It was just that because of the strong bloodline, the Clan members were relatively rare, which was somewhat similar to the Supreme God Clan.

However, compared to the Supreme God Clan, the Hidden World Immortal Clan was more mysterious and low-key, and in recent years, only one or two clansmen had appeared in the outside world.

This time, when the Upper Realm summoned troops to attack, the An family naturally wanted to intervene, wanting to get a share of the pie. Only then were the clansmen sent out to participate.

However, Gu Xian'er and An Yan's acquaintance was from the past.

It was when she left Peach Village before and went to an Island to practice according to the instructions of her masters, trying to break through the extreme state of the same realm, there she had met An Yan.

At that time, after An Yan learned of her identity, she became very interested in Gu Xian'er and shamelessly stalked her.

Afterward, the two explored some secret relics together, and also jointly fought for the rare objects in the auction house, so they became familiar with each other after going back and forth.

"Can't I just look for you? It's the same as saying that I can't look for you if I have no intent."

An Yan rolled her eyes when she heard this, and sat down next to Gu Xian'er on her own, getting very close to her. Gu Xian'er glanced at her, moved to the side, and said, "Stay away from me."

"Hmph, what a heartless guy, I think someone forgot how she was almost crushed by that Quasi-Supreme monster that day. If I hadn't sacrificed the divine formation at a critical moment, I'm afraid your grave would be covered with grass..."

Seeing her disgusted look, An Yan was a little annoyed, and snorted, thinking a little bit. Gu Xian'er was not annoyed at all when she heard the words, she just said indifferently, "Don't worry, even without you, I would have survived that day. I have no fewer life-saving things than you."

“That’s right, I almost forgot who you are. You are the little princess of the Ancient Immortal Gu Family, how can you lack life-saving things?” The expression on An Yan’s face changed quickly, and in the next moment, she was back to smiling.

“Besides, Gu Changge, who is unmatched in the limelight in the Upper Realm, is still your cousin. It is said that he treats you very well, so how can you be short of treasures?” When Gu Xian’er heard this, her slender brows frowned slightly.

“My life-saving things were not given to me by Gu Changge. It would be good if he didn’t steal my things.” When Gu Changge was mentioned, there was some unconcealable resentment in her words.

But in front of An Yan, she still maintained her usual immortal-like appearance, without showing any anger. An Yan was surprised when she heard these words, her eyes that were crystal clear like glazed glass opened wide.

“Don’t the rumors say that Gu Changge treats you very well? How could he steal your things?” She didn’t seem to be able to believe it and was very curious as if it was the first time she heard such words.

“Besides, all the rumors are about Gu Changge. The rumors are amazing. I thought it was all true...” Gu Xian’er hummed from her nose, and said, “Rumors are just rumors, and everything has to be seen with your own eyes to be true... By the way, why do you always mention that guy?”

An Yan smiled and said, “Isn’t it just curiosity? I know you so well, and I hear all kinds of rumors about Gu Changge every day. It is said that even the Nine Great Mountains were destroyed by him. And Isn’t he a cousin of yours? So I can’t help but ask.”

“Oh?” Gu Xian’er turned her head and looked at her deeply as if she could see her purpose clearly.

“Okay, actually, I just heard that this time we are going to attack the Eight Desolations and Ten Regions, we will fight against the geniuses over there, and I am a little worried that there will be accidents. Isn’t Gu Changge over there? If something happens, I want him to save me. You also know that I have only appeared not long ago, and I have so little combat experience... How can I be the opponent of the brutal genius?”

An Yan seemed unable to stand her eyes, shook her head, and confessed.

“Don’t worry, seeing the scene you and I are familiar with, you won’t die at that time.” Seeing her confess, Gu Xian’er didn’t ask any further questions.

“With your words, I feel relieved. Taking this opportunity, I can meet your cousin. Okay, I won’t disturb your cultivation anymore, I look forward to the day when you suppress Gu Changge!”

Seeing her promise, An Yan also showed a smile on her face, then got up to leave, seemed very happy, and left bouncing away. Seeing her leave, Gu Xian’er frowned and beckoned the big red bird not far away.

“Dahong, why do I feel that she is approaching me because she has some other purpose?” She was a little uncertain about her authenticity, but after much deliberation, she couldn’t find the purpose of An Yan approaching her.

The big red bird squinted at her when he heard this, and nodded his head as if to make her feel better.

“Then why did she approach me?” Gu Xian’er frowned but still couldn’t figure it out.

In terms of identity, An Yan was the princess of the Hidden Immortal Clan, no weaker than her. Could it be that what An Yan said just now, she just wanted to help her during the war? Or get closer to Gu Changge?

But Gu Xian’er felt that things were not that simple. She couldn’t figure it out, so she didn’t continue to think about it, and then continued to practice. Her body was filled with rays of light, preparing for this battle in the Eight Desolations and Ten Regions.

On the other side, after leaving this mountain range. An Yan returned to the place where she was staying now, her innocent look in front of Gu Xian’er had disappeared, and she didn’t have many expressions on her face.

“Miss, is it really okay for you to do this?” In front of her, there was an old servant with a stooped figure, sunken eyes, high cheekbones, and horns on his head, which could hardly conceal the aura of the vast sea.

“No problem. Judging from the results of my long-term investigation, Gu Xian’er can be said to be one of the people closest to Gu Changge. In a way, Gu Xian’er is more like his confinement. ”

“What Gu Xianer knows about Gu Changge is much more real than those rumors. This is good proof. If Gu Xianer was not very important to him, how could a person like him reveal his real face so easily? As long as I have a good relationship with Gu Xian’er, I will naturally be in Gu Changge’s sight and get in touch with him.”

An Yan shook her head when she heard the words, a thoughtful expression appeared on her face that did not match her appearance. The current her, calm and collected, was completely different from the appearance in front of Gu Xian’er.

“Since the lady said so, the old slave can rest assured that Gu Changge is very dangerous. If the lady wants to approach him, she needs to be cautious and must not be negligent.” Hearing this, the old servant also breathed a sigh of relief.

An Yan nodded, and then said with a slightly stern expression, “Of course, I know these things, although Gu Xian’er doesn’t seem to take the bait. She’s actually very smart, and she should have seen some things.”

Speaking of this, she sighed, “But she didn’t make things difficult for me. If there weren’t so many dangers and troubles, it would be pretty good to have her as a friend.”

“These years have been really difficult for you, miss. The eldest lady is gaining more and more power, and her right to speak in the Clan is already close to that of the Patriarch. This old slave thinks that in a few more years, the entire An Clan will probably fall under the control of the eldest lady. At that time, Miss, when you are in the Clan, it is really going to be difficult for you to move forward.”

Hearing this, the old slave looked a little sad but more distressed. Over the years, the young lady had lived in the cracks of the family, and it could be said that she was walking on thin ice, living very cautiously.

Not only to solve the embarrassment of the eldest lady but also to be vigilant at all times from the other clansmen who were eyeing the inheritance. As the head of the family, her father turned a deaf ear to her and ignored her.

“If the mistress is still here, how can the eldest miss cover the sky with her hands...” The old servant’s voice trembled, and the sadness and anger could not be concealed in his words.

An Yan shook her head and said, “I don’t need to say anymore, I know everything. And you don’t have to be so discouraged. After all, this time, An Xi committed suicide by herself, saving someone who shouldn’t be saved, and letting me hear those words... What about the bloodline of the Hidden Immortals? In today’s Upper Realm, even if the True Immortals reappear, it will not be of much help.”

Speaking of the latter, she couldn’t help sneering, as if she was very sure.

Chapter 478-1: A drop of unimaginable forbidden blood, The invitation of war (1)

Soon, ancient warships soared in the sky, entwined with endless rays of light as they crossed the boundless sea of ??Boundary Monuments. The big waves were surging, and they continued to beat as if they were going to shatter these worlds.

The incomparably vast army of the Upper Realm, stretching endlessly, covering everything. The number exceeds trillions, rushing towards the location of the Eight Desolations and Ten Regions. But outside the Heavenly Boundary Abyss, thick fog shrouded the sky, filled with a lot of rushing and killing.

Many ancient warships hovered here, casting shadows that shrouded everything in darkness and the number was innumerable. As the army of the Upper Realm approached, the soldiers stepped to the front of the Heavenly Boundary Abyss.

“Wooooow...”

The horn resounded from the Eight Desolations and Ten Regions. The sound shook the sky and the earth, containing unparalleled power which made the barriers of the world tremble.

“Attack!”

“Attack!”

A large army rushed out of the thick fog, among which the battle fortresses stood like majestic mountains, dripping with chaos. On the fortress of war, runes flickered, and strong fluctuations appeared.

The dazzling brilliance was incomparably gorgeous, beams of light were shooting out, and the stars outside the domain trembled as if about to fall and shatter. The army of the Upper Realm and the army of the Eight Desolations and Ten Regions entered a battle.

The galaxy went chaotic, and even more so, countless fragmented universes. Due to the great war, thunder and lightning were born again in exhaustion and dilapidation breeding flames of war.

Many worlds around were rumbling and trembling because of this terrifying momentum. The forces of the Upper Realm had dispatched large armies, trying to take advantage of the destruction of the Nine Great Mountains to deal a severe blow to the morale of the Eight Desolations and Ten Regions.

However, to the disappointment of many forces of the Upper Realm, the Eight Desolations and Ten Regions did not lose their fighting spirit because of this. On the contrary, many powerhouses were affected by this, placing life and death aside they constantly fought, causing a lot of trouble for many cultivators of the Upper Realm.

Outside the Heavenly Boundary Abyss, inside the ancient battleship of the Ancient Immortal Gu Family. The soldiers solemnly waited and did not attack with the rest of the forces, waiting for the follow-up troops from the Upper Realm to arrive.

In the palace, Gu Changge's figure was hazy, sitting cross-legged, filled with chaos. He seemed to be surrounded by three thousand ancient worlds and infinite gods were looming, shining silver and immortal light.

It could be seen that a drop of True Blood had emerged from under his heart as if reflecting the heavens and myriad realms as it crossed the long river of time, collapsing the order of heaven and earth. It had turned into a vast sea of ?aura, which was absorbed by him strand by strand.

"A drop of unimaginable forbidden blood..."

Seeing all this, Heavenly Maiden Tianlu was shocked, and she couldn't help but feel a sense of panic from the soul. So much that she didn't dare to approach at all. She could feel the horror from Gu Changge at this moment.

That aura was deep and cold, it seemed to be able to swallow and destroy everything, bringing endless darkness to the heavens. And this drop of unimaginable forbidden blood seemed to belong to the same origin as Gu Changge.

Yes, that aura was from the same origin. Otherwise, with Gu Changge's current strength, it would be impossible to get close to this drop of forbidden blood. Not to mention the current Gu Changge, even a legendary Immortal was far from enough to look at in front of him.

"What is his identity..."

This made Heavenly Maiden Tianlu's expression even more complicated, and she didn't dare to guess deeply. She never expected that she would witness all this with her own eyes when she was helping Gu Changge to protect himself.

Originally, Gu Changge asked her to protect him, which meant that she had gained some trust from Gu Changge, which should make her happy. But looking at this scene made Heavenly Maiden Tianlu a little regretful, and she felt that it was better not to know some things.

Knowing more was not necessarily better. And just when Heavenly Maiden Tianlu was in a complicated state of mind, Gu Changge's eyes opened in the palace as many terrifying visions around him disappeared.

"How long have I been cultivating?"

He didn't care about Heavenly Maiden Tianlu's complicated expression as he got up and asked casually.

"Seven days," Heavenly Maiden Tianlu replied. She walked over very naturally, picked up the outer robe that was placed on the bed aside, and helped Gu Changge to put it on.

“It took seven days for me to stabilize...”

Gu Changge frowned, but he was relieved when he thought that he had broken through to the fifth level of the Quasi-Emperor Realm in one fell swoop.

“How is the battle between the Upper Realm and the Eight Desolations and Ten Regions?”

He was still very interested in the battle over the Heavenly Boundary Abyss. Although the Ancient Immortal Gu Family had not yet participated, many forces could not hold back and led their troops to attack them.

“There are victories and losses, but mostly the Eight Desolations and Ten Regions have suffered disastrous defeats.”

Heavenly Maiden Tianlu said with a complicated expression. As the patron saint of Heavenly Lu City, she was actually on the side of the Upper Realm and even reported the current battle situation for Gu Changge.

If this matter was known to the Eight Desolations and Ten Regions, it would definitely cause a terrible sensation. But up to now, Gu Changge had not sent someone to pass on her matter and was holding it as a card in his hand.

Heavenly Maiden Tianlu actually knew his intentions, but there was nothing she could do about it. Now that the army of the Upper Realm had arrived, the Eight Desolations and Ten Regions were showing signs of retreating steadily.

She had even anticipated the ensuing tragedy.

“I gave Lin Wu half a year, do you think he can do it in half a year?” Gu Changge suddenly smiled, not surprised to hear the situation of this battle.

This realm of emptiness, the abyss before the Eight Desolations, and Ten Regions could not be defended. Even if Heavenly Maiden Tianlu was not needed, many forces could deduce and open up a stable channel.

This was also the reason why many armies from the Eight Desolations and Ten Regions had descended here, intending to counterattack the Upper Realm.

They were making a desperate plan.

“Lin Wu’s determination is firm, and his heart is unshakable. His sweetheart is in the hands of Mr. Gu. No matter how he chooses, his existence will definitely be taken into consideration...” Heavenly Maiden Tianlu shook her head and said.

“Oh?” Gu Changge smiled, noncommittal.

At this time, outside the palace, a powerhouse from the Gu family suddenly appeared, and reported respectfully, “Young Master, the Dharma body of the powerhouses from all races and traditions have descended. They have invited you to discuss the great event of crusade against the Eight Desolations and Ten Regions.”

These powerhouses were all from Immortal Great Sects, Ancestors of the Sects, old antiques, and living fossil figures. They had lived for a long time, and their cultivation bases were all in the realm of Enlightened beings.

But now they could only spare one dharma body. When they invited Gu Changge to discuss it together, they no longer treated him as a junior but placed him at the same level.

“Are they planning to cross over?” Gu Changge nodded. He looked a little interested, and said, “Go on, I understand.”

Then, he looked at Heavenly Maiden Tianlu, smiled and said, “Will Heavenly Maiden go with me?”

“Young Master Gu can go there alone, I am an outsider after all, so it is difficult for me to participate in the affairs of the Upper Realm.”

Heavenly Maiden Tianlu shook her head and said. Although she really wanted to hear that the Upper Realm was planning to attack now. She also understood that it was not appropriate for her to be a prisoner.

“Aren’t you my concubine? When did you become an outsider again?” Gu Changge stared at her with interest.

Heavenly Maiden Tianlu was taken aback when she heard the words, then her eyes sparkled, she suddenly smiled and said, “Master Gu wants to deceive me? There are no outsiders here, and I am not your concubine.”

“Unless you want my body...” Yet before she finished speaking, Gu Changge tore open the space in front of her eyes and disappeared.

A mere Heavenly Maiden Tianlu was not worthy of his life and death.

Chapter 478-2: A drop of unimaginable forbidden blood, The invitation of war (2)

At this moment, in a void like a broken universe. One after another, terrifying figures like Demon Gods stood upright, shrouded in chaotic mist, covering the sky and the earth.

The terrifying aura surged in this mysterious space, which was depressing, causing the soul to burst. Many Supreme beings from the Upper Realm had gathered here, and they were discussing many intense things.

During the mood swings, it seemed to be surging like a vast sea, making the stars tremble like dust.

“Before the arrival of the army from the Upper Realm, I will not act rashly. It is estimated that the Eight Desolations and Ten Regions are also recruiting manpower to prepare for a large-scale counterattack.”

An old-fashioned Enlightened being slowly uttered. He, who became famous thousands of years ago and had great prestige in the Upper Realm.

“Should we just wait for this group of ants from the Eight Desolations and Ten Regions to jump around? Every day the Eight Desolations and Ten Regions are not leveled, I feel uncomfortable all the time...”

“Why did we spend countless years in this Realm? Isn’t it because of the relationship between the Eight Desolations and Ten Regions?”

Another Enlightened being interrupted, his face was very cold as his whole body was wrapped in a layer of dim light. He came from the Ancient Ten Thousand Races, he was the Ancestor of a Clan, with light blue scales.

There were two bright dragon horns on his head, flowing with a terrifying aura of annihilation. At this moment, his words were filled with murderous intent, and he had never experienced such emotional fluctuations in millions of years.

“I’m sure I won’t let the Eight Desolations and Ten Regions be proud for long.”

“Although I can’t make a move now, it’s a good choice to let the younger generation suppress and kill their younger generation. I think the Eight Desolations and Ten Regions will definitely fight, and I dare not lose face.”

“Now Gu Changge’s destruction of the Nine Great Mountains is a good opportunity to hit the morale of the Eight Desolations and Ten Regions!”

An Enlightened being said indifferently, the stars and rivers above his head trembled, and changed dramatically as his thoughts changed. Obviously, he had long been concerned in his heart. It was not that he would relax his attack on the Eight Desolations and Ten Regions just because of this.

What he said instantly made the other Enlightened beings narrow their eyes, think of something, and smile. And at this time, outside this space, there was a wave of fluctuation from the space tearing suddenly.

Gu Changge walked over and appeared, just in time to hear what they said.

“This method is not bad, and according to the usual practice, we can just wait for all the heroes, and they still need some experience, so we can use the geniuses of the Eight Desolations and Ten Regions for their training.”

He nodded slightly, with a smile on his face, and agreed. Seeing Gu Changge’s arrival, many Enlightened beings here couldn’t help being shocked. If it wasn’t for Gu Changge tearing up the space and deliberately creating momentum, otherwise they would never have sensed when he arrived.

Although they were just a dharma body right now, such a method really shocked them. Their guesses about Gu Changge’s strength also made them fearful.

“That’s exactly what I mean. Since the old guys in the Eight Desolations and Ten Regions are afraid of death, those young people will definitely not be able to bear it, and this is also a good way to greatly damage their fighting spirit.”

“The Eight Desolations and Ten Regions are used to peace, how can the geniuses on their side compare with the geniuses on our side who have fought all the way!”

Since Gu Changge said so, all Enlightened beings discussed it for a while, and they all felt that this method was the best at present. Eight Desolations and Ten Regions would definitely agree.

Choosing to retreat at this time would definitely shake the morale of the army for them.

“Now it’s difficult for me to wait for my true body to arrive, so the overall situation here can only be handed over to Young Master Changge first!”

“With you stepping forward, I can rest assured” Several Enlightened beings nodded and added in a little solemnity.

“Then it’s decided, I’m going to fight against the Eight Desolations and Ten Regions.”

Gu Changge’s eyes flashed strangely when he heard this, and then he smiled.

Boom!!

He probed this space with his big hand, and immediately caught a huge amount of starlight. The aura of Dao flowed, converging into an endlessly bright pen.

A word of war!

As he wrote down the stroke, the word immediately broke through the space and flew towards the direction of Heavenly Lu City in the Eight Desolations and Ten Regions with a roar of terror that trembled in the world.

This was the word of the Great Dao, with the laws of heaven and earth as pen and ink, every word and sentence contained great majesty.

Buzz!!

Soon, the brilliant battle word tore apart the sky and was reflected in the Heavenly Boundary Abyss. Blowing the monstrous fog, with the endless chain of laws and order, made all the monks shake and tremble in their hearts.

“This is the Lord’s breath...”

In the depths of the battlefield, a terrifying figure, shrouded in thick fog, looked like an Immortal God of War. The fluctuations he radiated made the sky tremble, and it was so powerful that it was boundless.

The aura alone suppressed all the cultivators’ faces, and they were almost out of breath. The tremor came from the soul. This was the power of the Emperor realm, overlooking the world, emotions alone could cause changes in the world.

He usually spoke rarely, full of endless majesty. But feeling this aura at this moment, he couldn’t help showing respect.

In Alpha’s hand, the surface of the Immortal Slaying Gourd was shrouded in blood, and streaks of smoke pierced through the sky and were engulfed by the mouth of the gourd. All the dead bodies, and the life substances in them, including the origin, evil spirit, murderous spirit, blood, etc., could all be accumulated in the Immortal Slaying Gourd.

There was no doubt that the crops of cultivators who came to the Eight Desolations and Ten Regions had all died and buried here. The mighty army of the Upper Realm stopped in the sky outside the Heavenly Boundary Abyss.

Boundless, as far as the eye could see, the number exceeded several trillion and the power was so great that it changed the color of the world. As for the cultivators below the Sacred Realm, there were even more cultivators. Their bones had dyed the desert red. The scene was extremely cruel.

Plains, mountains, abysses, all terrains trembled. There was a sound of fighting, not very loud, but earth-shattering as if the whole world was about to collapse. Of course, this was the best nourishing place for the Immortal Slashing Gourd!

“Knowing that this battle is difficult and dangerous, but I, a cultivator of the Eight Desolations, have no fear, so what about the word war?”

In a distant place, the voices of Enlightened beings from the Eight Desolations and Ten Regions went very cold. The terrifying fluctuations emitting from them confronted each other in a distant land.

Enlightened beings did not easily engage in wars. But now, many cultivators who were fighting with the army of the Upper Realm trembled all over as they were cold from head to toe.

At this time, the Upper Realm issued a word of war. Could it be that it was planning the final decisive battle? And from the word war, they felt a terrifying murderous intent.

Just a wave of fluctuations could cause many powerhouses to explode. Many cultivators and creatures became uneasy. After all, the final decisive battle meant facing a full-scale attack from the Upper Realm.

At that time, Heavenly Lu City was likely to be breached, the Eight Desolations and Ten Regions would fall, and everyone would die. Soon, behind Heavenly Boundary Abyss, a group of old antiques appeared, observed the word war, and finally came to a conclusion and their faces turned ugly.

“The Upper Realm intends to send the younger generation to fight with us. This is a letter war.” Old Antique from an ancient family said with a heavy expression.

“Does the Upper Realm want us to know that even the younger generation can suppress us?” In an instant, many people reacted and were furious.

Especially the younger generation on the side of the Eight Desolations and Ten Regions were even more furious, wishing to rush forward and fight with the Upper Realm.

However, the older generation calmed down very quickly, their complexions turned a little pale, and they understood that this was a conspiracy from the Upper Realm.

Whether it was accepted or not, it would be a heavy blow to the Eight Desolations and Ten Regions. The younger generation in the Upper Realm were obviously much stronger than the Eight Desolations and Ten Regions.

This battle would be very difficult, and they would even have to send in the talents from other generations. Then, the mighty Eight Desolations and Ten Regions army began to retreat as they returned to the War Fortress, hiding in the monstrous fog in the Heavenly Boundary Abyss.

After some discussion, a powerhouse from the Eight Desolations and Ten Regions appeared, and received the letter of war outside Heavenly Boundary Abyss, agreeing that half a month later, the two realms would fight!

Chapter 479-1: A gathering of heroes from the Upper Realm, The best decision in this life (1)

One after another, ancient warships skimmed the sky, heading toward the Abyss shrouded in endless fog, and behind them was the mighty army of the Upper Realm. Many creatures from the Dao Sect of the Upper Realm had already gathered here and were reporting to the Dao forces stationed here before.

The vast fog seemed to blow from another world, accompanied by a loud and rumbling sound. This place was composed of many broken universes, and there were all kinds of chaotic storms, which were extremely dangerous. There was even a danger of bloodshed and death at every turn.

If there was no correct route, even Enlightened beings would not dare to set foot in it easily.

At this moment, ancient warships and heavenly boats stood above the sky, dropping down the vast and endless chain of laws, covering the universe like pieces of ancient immortal mountains and continents.

On these ancient warships were all the geniuses and powerhouses who arrived from the heavens of the Upper Realm. Their aura was so high that they were like ovens, and no one dared to despise them.

From time to time, there were spatial fluctuations, and one after another, figures turned into divine lights as they went away, rushing to their respective ethnic groups or the residence of the forces.

“Greetings, Young Master.”

There were many soldiers wearing battle clothes and holding weapons such as heavenly spears, axes, and long swords. And they were all in front of Gu Changge, with incomparably respectful expressions.

With more awe and fanaticism in their eyes. Behind them were the young geniuses from the Ancient Immortal Gu Family.

There were also disciples of the Primordial Divine Sect, who were all the best of this generation, and it could be said that they could not find opponents in the same realm. Conquering the Eight Desolations and Ten Regions was also a rare opportunity for them to cultivate and hone.

Now that Gu Changge was sitting here, they were even more at ease and were not worried about their lives.

“How many people from the Gu family have come this time? Where is my mother?”

Gu Changge nodded, glanced at the dense, endless, torrent-like army behind him, and asked.

“Reporting to the Young Master, 30 million troops have come from the family, 10 million troops have come from the mistress’ side, and 50 million troops have also been sent by many affiliated forces.”

“Among them, there are nine Quasi-Emperor powerhouses, thirty in the Supreme Realm, one hundred in the Quasi-Supreme Realm, and countless in the Sacred and Divine Realms.” The powerhouse who reported back just now said respectfully.

Because of the sea of ??Boundary Monuments, it was difficult for Enlightened beings to cross over, so only the Dharma Body could descend here. Gu Changge nodded, and once again glanced at many younger generations, all of them looked at him with fanaticism and reverence.

He frowned suddenly and realized that there seemed to be fewer people among them.

“Where’s Gu Xian’er?” He asked. “Miss Xian’er is not with the family, but with True Immortal Academy.” The subordinate replied.

“On the side of True Immortal Academy? Is she planning to represent True Immortal Academy and fight against Eight Desolations and Ten Regions?” Gu Changege raised his eyebrows.

He wasn’t worried about Gu Xian’er’s safety, but seeing that she was not among the crowd just now, he thought that she had left the family and gone to the battle alone. That woman came here, but she didn’t come to see him first.

It seemed that she was feeling itchy. The edge of the Heavenly Boundary Abyss was very large, covered with a vast and thick fog. And from time to time, the sound of terrifying beasts neighing could be seen, which was deafening.

All ethnic groups and sects had their camps here, covering a radius of hundreds of thousands of miles. It could be seen that one after another terrifying aura was permeating out, which was breathtaking and shocking.

In the residence of True Immortal Academy, many Elders were explaining this incident and what needed attention to a group of disciples.

After all, the environment of heaven and earth in the two worlds was different, and the means of geniuses of the Eight Desolations and Ten Regions were completely different from the methods of geniuses here.

There were huge differences in the way they cultivated and the method they fought. However, many Elders were still very relieved, because the disciples who could enter the True Immortal Academy were all outstanding among their peers.

In the Upper Realm, they were already respected by their peers, but in the Eight Desolations and Ten Regions, no one could compare them.

“The Eight Desolations and Ten Regions pay more attention to tapping the power of their own blood, and call their Divine powers the bloodline power...”

Gu Xian’er stood outside the crowd, cold and aloof, her slender brows slightly frowned. She listened very carefully and attached great importance to many matters of cultivation. She would not slack off or underestimate them in the slightest.

Not far from the residence of the True Immortal Academy, there were also many older generations who were explaining things. From her direction, she could clearly see them.

Tianyao Temple, War Immortal Mansion, Saint King Hall... These forces, like True Immortal Academy, were all aiming at cultivating the most outstanding genius figures of this generation.

One could see many young beings here, forming their own circles. On the side of True Immortal Academy, headed by the Heavenly Phoenix Maiden, the Six Crown King, and the Holy Maiden of Human Ancestor Hall, many disciples followed behind.

People like Jiang Chuchu, Yue Mingkong, etc. had their own affairs, and they couldn't get away from them, so they couldn't come here. Therefore, Heavenly Phoenix Maiden and others were almost the leaders of this generation of True Immortal Academy.

Like Gu Changge, they hadn't appeared in the True Immortal Academy for a long time. Of course, his identity and strength had reached a level that the younger generation couldn't match today, and it would make no difference whether he appeared or not.

On the other side, there was a young person named Tianyao King in this generation, who was their leader. It was said that he was an ancient freak who had the blood of an Immortal and was his descendant. He was astonishingly powerful and had many followers.

As for the War Immortal Mansion, it was actually somewhat similar to the Human Ancestor Hall, but it was different from the Human Ancestor Hall in that there was only one Human Ancestor Hall.

The War Immortal Mansion existed exclusively for cultivating the War Immortal and required its disciples to be respected among their peers, with monstrous combat prowess and be invincible.

Otherwise, they were not qualified to be called War Immortal. And the previous War Immortal, who was said to have reappeared in the world some time ago, was beheaded by Gu Changge in Heavenly Lan Realm.

This incident caused a great commotion. They didn't know if it was true or not, but it also caused War Immortal Mansion to have a lot of resentment toward Gu Changge. However, with Gu Changge's status and strength, War Immortal Mansion could only endure and smash their teeth to swallow it down.

The descendant of this generation of War Immortal Mansion, known as little War Immortal, was also present in various places during this time. Few people had seen his true face. It was said that he had fought against the Six Crown King, but no one knew the outcome.

Because of the relationship between Gu Xian'er and Gu Changge, the heirs of the War Immortal Mansion also had a lot of hostility toward her.

In addition, the descendant of Saint King Hall was also very powerful. Although he had never been famous, it was said that he had stepped into the tidal flats of time by chance, fought with the young True Dragon from ancient times, and achieved great fortune.

These were people not to be underestimated.

"These are the people I'm going to beat one by one..." Thinking of this, Gu Xian'er felt a lot of fighting spirit in her heart.

She couldn't beat Gu Changge, but if she couldn't even beat these young supreme beings, it would be too unreasonable, and it would cause Gu Changge's disgust and ridicule.

Just as various thoughts flashed through Gu Xian'er's mind, a huge commotion suddenly came from not far away. Many cultivators and creatures looked over in shock.

"It's... It's Young Master Changge!"

"It really is him! What is he doing here?"

“Is it to encourage me?”

Someone exclaimed with surprise and shock on his face. It was even a little unbelievable, he didn't expect Gu Changge to come here in person. But someone thought of Gu Changge's identity before, he was also a disciple of True Immortal Academy.

There didn't seem to be anything wrong with him coming here. Of course, someone instantly thought that Gu Changge's arrival would have something to do with Gu Xian'er who was not in the crowd and couldn't help looking at her.

With that person's disposition, there was almost no possibility other than coming here to see Gu Xian'er. After all, in his eyes, the True Immortal Academy was the same whether it existed or not.

“What are you looking at me for? Why is this guy so high-profile all the time...”

Gu Xian'er was not used to this sudden feeling of attention. Although her expression was still cold and aloof, she couldn't help muttering in her heart.

At this moment, in places where forces such as War Immortal Mansion, and Saint King Hall were stationed, there were young existences with serious faces, looking intently, with a radiant light in their eyes evolving with various means, to see clearly the approaching road young figure.

He just walked in the sky, looking extremely hazy as if surrounded by endless divine light and three thousand ancient worlds. It was as if endless gods were prostrating, and there were sacrificial sounds. This scene made everyone awe-inspiring, and many older generations were shocked, and even had the urge to kneel down and bow to this young man.

This was obviously someone that was unfathomable and unimaginable.

“What a terrifying strength, he may have surpassed the Supreme Realm. However... as I expected, Gu Xian'er is very unusual to him.”

In the distance, a tall, silver-haired girl stood on the top of the mountain, looking at the scenery of this place, with a strange color flickering deep in her eyes.
