Chapter 481-1: Wang Ziji's suspicion, What a vicious mind (1)

Rumble!

The sky and the earth trembled, and all directions resonated! Many ancient warships from the Eight Desolations and Ten Regions descended like a torrent, followed by divine lights, endless and innumerable in number.

Even then, compared to the mighty, endless Upper Realm army in front of them, it was like a drop in the ocean.

“Is this the power of the Upper Realm...”

Many young people saw the Upper Realm's army and immediately turned pale. Only when they faced these terrifying figures in the Upper Realm in person, could they feel the unparalleled sense of oppression, which almost bent their spine, made their legs weak and knelt down.

In front of the army of the Upper Realm, they were like a flatboat in the vast ocean, which could be overturned at any time. The endless fog swept in, and among them stood terrifying figures like ancient divine mountains, very indifferent, without saying a word.

Watching the arrival of the army from the Eight Desolations and Ten Regions was like seeing a group of inconspicuous ants.

“Don't be intimidated by their power, they can't get through now.”

“They did this on purpose! They just want to hurt the morale of our world!”

The powerhouses of the many families from the Eight Desolations and Ten Regions, seeing this scene, his heart sank. Feeling that the morale of their world had been greatly oppressed before the fight, they couldn't help shouting.

Immediately, someone spoke, and the sound pierced the clouds and cracked the rocks, shaking the sky, and contained some kind of Dao sound, which could wake people up. The warship was like a cloud, covering the sky, and finally hovered here, confronting the side of the Upper Realm.

“It's so scary, just looking at it makes me desperate!”

“If we really fight, will we be their opponents? I'm afraid that with just one hand, we can all be wiped out!”

Many young people were shocked when they heard this voice. After recovering from the state just now, they were a little terrified, and couldn't help feeling chills going down their backs.

This was a powerhouse in the Upper Realm. Although he had not come yet, it was just a dharma body. But its invincible power was enough to make people tremble, even though it was transmitted from a long distance it was as if facing an invincible person and wanting to worship him.

“Is this the most powerful person of the Upper Realm? But it's just a dharma body!”

Someone snorted coldly, with anger and hatred in his heart, and he had an endless hatred for the Upper Realm. On the ancient warships, there were still many majestic palaces and temples with the vast chaotic atmosphere hanging down.

Among them, the Young Supreme appeared, his face shrouded in brilliance, intertwined with divine light. They were elites from the Eight Desolations and Ten Regions in this life.

They were also young seeds of all races that could not be lost. At this moment, everyone watched all this solemnly, standing behind the powerhouses, and someone was offsetting this terrifying coercion for them.

Before coming here, everyone had a lot of self-confidence, thinking that they were respected by their peers and had few rivals. Yet after arriving here, the first thing they smelled was endless blood.

This place not only buried many of their ancestors but also killed countless cultivators from the Upper Realm. In front of the empty abyss, there were endless ruins. The mountains and rivers were broken, and heaven and earth were scattered.

Corpses were everywhere, the blood had not dried yet and there were broken weapon fragments, fallen stars, and war forts everywhere. There were huge deep pits, like stars falling here, bursting into terrifying rift valleys.

Such cruelty made them dare not underestimate it.

“It’s finally here. Stealing my world’s luck at the beginning has caused countless eras in my world, and no one can become Immortal. Now that the Boundary Monument Sea is dry, how can this desolate place like Eight Desolations and Ten Regions protect you?”

In the thick and terrifying fog, the most powerful person from the Upper Realm was the first to speak, very indifferent and with killing intent. Many people seemed to hear some unknown secret from his words, and their hearts were slightly shaken.

However, the most powerful person of the Eight Desolations and Ten Regions disagreed, and said with a sneer, “There is nothing wrong with wanting to commit a crime. For countless years, bandits from the Upper Realm have repeatedly invaded our Eight Desolations and Ten Regions, and have not returned the peace of our realm.”

“If you want to fight, just fight, why make excuses? Cultivators of my world are not afraid of death!”

While speaking, he waved his hand, and a powerhouse behind him immediately ignited the beacon. The raging flames burned like wolf smoke, and the divine light surged, reflecting the world.

“Wooooow...”

Afterward, someone blew a war song with a horn made from some ancient beast. The sound contained unimaginable penetrating power, and it shattered the sky, atmospheric and sad.

All the cultivators and creatures of the Eight Desolations and Ten Regions felt their blood boil and their murderous aura surged to the sky as if they had been injected with chicken blood when they heard this voice.

“Attack!”

“Attack!”

“Attack!”

All the powerhouses of the Eight Desolations and Ten Regions shouted angrily, and a mysterious aura emerged from their heavenly spirit caps. In the end, it turned into ancient runes one by one, gathered together to create supreme power.

Such a scene shocked the hearts of many cultivators from the Eight Desolations and Ten Regions, and it was the first time they saw the great power contained in their blood. But this was not a secret in the Eight Desolations and Ten Regions.

Every time in the fight against the invasion of the Upper Realm, there were strong people who could boost morale, make everyone stimulate the power of the blood, trigger the power of the runes in it, and construct a supreme scripture.

“The supreme scriptures that were stolen, you dare to use them now. Is this the so-called ancient clans of the Eight Desolations and Ten Regions?”

“It’s ridiculous!”

Seeing this scene, some powerful people from the Upper Realm sneered, mockingly, disdainful, obviously knowing a lot about this secret.

“Stop talking nonsense! This is the power that our ancestors bestowed on us, and it is something you and the rest can’t understand!”

An old man from the Eight Desolations and Ten Regions shouted loudly, his eyes were cold, and he was a powerhouse in the Quasi-Emperor Realm.

At this moment, he blessed himself with the power of this supreme sutra, the chaotic energy was permeating, and the divine light was brilliant, gushing out from every pore of his body.

He was going to make a move, and before the fight, he would first encourage the momentum of their side, and at the same time give the strongest person in the Upper Realm a blow.

All the runes were intertwined, and the supreme scriptures were constructed, and everyone could vaguely see that there was a magnificent ancient immortal palace located in it. There were bursts of immortal sounds, like the rising of a brilliant sun.

At this moment, the most powerful secret power emerged from this supreme scripture, each word was as dazzling as a star, and finally produced an indescribable power. This force gathered together, pressed down, and fell toward the Upper Realm army in front as if it was going to destroy everyone there.

Rumble!!

The sky trembled, and the void exploded in an instant.

All of the fog was collapsing, the chaos was evolving, and the aura of the world was disordered as if time had been reversed. The eternal cycle of reincarnation had been tempered. This was unimaginable power.

The old man was glowing all over, using this power on himself as he rushed forward.

“Is this the horror of our bloodline power? Although everyone’s strength is meager, together, they can form rivers and seas, and be invincible! Even if the army of the Upper Realm is in the front, it is insignificant!”

Seeing this scene, some people were greatly inspired, a little excited, feeling that there was hope for this battle. As long as everyone in the Eight Desolations and Ten Regions united, they would eventually defeat the Upper Realm.

The sky and the earth rumbled as if one side of the universe was falling, pushing forward, and crushing, and many stars were cracking and blowing up.

“You only have this ability, is it hard for you to wait for the true body to descend, how could you be so rampant? Little Quasi-Emperor Realm, how dare you!”

The face of the powerhouse who spoke just now changed slightly. If his true body had descended, he would naturally have the confidence to resist this blow. But now it was only his Dao dharma body, and its strength was not even one-tenth.

He was a little apprehensive, more angry and cold, and the figure shrouded in thick fog couldn’t help taking a few steps back. And this scene happened to be seen by everyone in the Eight Desolations and Ten Regions, and they immediately felt their morale shaken and their blood boil.

“The most powerful man of the Upper Realm was forced to retreat by us! He is also afraid of us and dares not fight us!”

“Great!”

Someone shouted loudly, extremely excited. The forehead was shining brightly, and the ancient runes were reflected through the skin and bones.

At this time, almost everyone had a kind of hope, after all, they had seen the strongest of the Upper Realm retreat with their own eyes. A group of young people couldn’t help but feel excited. Among such terrifying power, there were also elements that they had contributed.

They were naturally proud.

Many powerful men from the Upper Realm couldn’t help frowning. They didn’t expect that the Eight Desolations and Ten Regions would have such a method, which even surpassed the power of the past.

However, just when everyone from the Eight Desolations and Ten Regions was excited and wanted to suppress the Supreme being in the Upper Realm.

Boom!!

At a high altitude, there was suddenly a terrifying wave, pressure like a mountain and a sea as if the Milky Way broke its embankment and was falling down. The sky trembled, the sun, the moon, and the stars were shaking, the sea turned to ashes, and strips of black lightning struck down, bigger than the stars.

“What is that?”

All the people of the Eight Desolations and Ten Territories felt a little terrified suddenly, and their scalps were numb. Some people even trembled from the bottom of their hearts, and couldn't help but kneel down and bow down to the figure in front of them.

In the eyes of everyone, the high sky became extremely blurred as if there were hundreds of millions of chaotic air falling down. A vague figure stood there, surrounded by seemingly endless gods and three thousand great worlds, like the master of all heavens.

“Have the Eight Desolations and Ten Regions been reduced to such a point? It is really regrettable.”

It was the voice of a young man, who sounded not very old, without the slightest hint of vicissitudes. But in the ears of all the powerhouses of the Eight Desolations and Ten Regions, he seemed extremely cold and heartless.

Rumble!

In the next moment, accompanied by a monstrous divine light, a big hand that covered the sky descended from a high altitude. Incomparably huge, entangled with hundreds of millions of chaotic auras that seemed to cover the sky.

Endless rules and laws were boiling under this palm. In the end, it seemed that it was about to burst, the void burst open and the universe seemed to collapse due to this palm. There were terrifying rift valleys.

This was an unimaginable and terrifying scene, the world suddenly darkened, and was beaten back to the beginning of the sky, completely confused. All light was blocked.

The power emanating from the interweaving and resonance of all the runes just now was shattered by this palm in an instant, turning into countless dissipated energies, rushing toward the world. Everyone was horrified, feeling that all their strength had been lost because of this palm, and they couldn't help but collapse on the ground.

The power of light destroyed the world, but that was all!

Chapter 481-2: Wang Ziji's suspicion, What a vicious mind (2)

“Wow!”

The old man who sacrificed this power turned pale. A mouthful of blood spewed out, he flew backward from the spot and almost exploded in mid-air. After receiving such a terrifying backlash, his aura instantly became so sluggish that he couldn't even stand up.

“Who is that?”

“This is too terrifying. Wasn’t the sea of ??Boundary Monuments still not dry, and no one could cross it?”

Looking at this scene, everyone from the Eight Desolations and Ten Regions trembled all over and even felt despair.

Unexpectedly, what they thought was an extremely powerful blow, which could shake reincarnation and collapse the laws and order, would be crushed by the opponent’s palm and collapse instantly.

Under the impact of such a huge gap, many people were stunned and couldn’t react for a while.

“That’s Gu Changge!”

“The leader of the Upper Realm! He’s here too!”

Standing with many ancient beings, Gu Wudi, whose face changed slightly, suddenly spoke at this moment, with deep hatred appearing in his eyes. Hearing these words, everyone was shocked, and at the same time, they were suddenly stunned.

They didn’t doubt Gu Wudi’s words. After all, as the cultivator of the Nine Great Mountains, Nine Great Mountains were destroyed by Gu Changge. He should hate him so much.

“It’s really him!”

“The one who killed the senior sister and destroyed the Nine Great Mountains!”

Xiao Yang also recognized Gu Changge, his eyes were red and his fists were clenched tightly. His hatred for Gu Changge was monstrous. His senior sister was killed by him, his house was destroyed by him, and his master’s life and death were unknown.

How could so much hatred be easily settled?

“Is this the strength of the leader of the Upper Realm? How can it be so terrifying, it is simply invincible...”

At this moment, the hearts of everyone from the Eight Desolations and Ten Regions were shocked.

Especially the younger generation who wanted to fight Gu Changge in the same realm before, was even more shocked. They were suffocating, and their scalp was slightly numb.

They only knew about the leader of the younger generation in the Upper Realm from rumors, and they knew that his strength was monstrous. But when they really faced him, they realized how powerful he was, to the point where they were so desperate that they couldn’t think of fighting.

How could people fight this? Even after gathering everyone’s strength, it was difficult to compete with his single palm. This was something that was unimaginable before.

“This is not his own strength, but the treasure he used...”

At this time, an ancient existence spoke out and fixed its eyes on a large seal floating above Gu Changge’s head. It seemed that thousands of stars, sun, and moon gathered on it, and mountains and seas were rising and falling, and they were constantly converging.

This kind of majestic and vast power was like an abyss, and just a strand of it hanging down was terrifying, and the body seemed to be about to explode.

“That’s the Nine Mountain Immortal Seal of Nine Great Mountains, which was snatched by him... I didn’t expect him to borrow the power of my Nine Great Mountains Supreme Treasure!”

Gu Wudi gritted his teeth tightly, with an extremely angry and unwilling expression on his face.

“First, the Immortal Slaying Gourd fell into his hands, but now even the Nine Mountains Immortal Seal has been taken away by him...”

The complexions of some ancient existences changed drastically. After thinking about it carefully, they couldn’t help but tremble.

“Sure enough, we have to rely on Young Master Changge to make a move, otherwise we won’t be able to deter these people, and mere ants want to overthrow the sky? Young Master Changge can suppress all of them with just one palm!”

“Many powerful people cannot come here before the passage is unstable. Now I can just rely on the Young Master Changge...”

“With the Young Master Changge around, do these powerful people from the Eight Desolations and Ten Regions still dare to act presumptuously?”

Different from the dead silence in the Eight Desolations and Ten Regions, everyone from the Upper Realm was shocked and then reacted. Many people couldn’t help sneering, with mockery and deep disdain. Of course, these people had more respect for Gu Changge.

“This guy is still unbelievably strong...”

Gu Xian’er stood among the disciples of True Immortal Academy, looking up at the figure in the sky. She seemed to have thought of something, her little face was a little hot, and her heart was beating fast.

“I really don’t know how Young Master Changge cultivated. Why is there such a big gap at a similar age?”

An Yan and Gu Xian’er walked very close, and when she heard this almost muttering voice, she couldn’t help but smile. However, she still had an innocent smile on her face as always and seemed to be very puzzled about it.

She actually didn’t know much about Gu Changge. It was only based on the rumors, and the accidental conversation between her sister An Xi and the man she saved, so she guessed a thing or two. This speculation made her horrified, and she didn’t even dare to think about it.

“So, where did the Mountain Masters of the Nine Great Mountains end up, were they killed by him?”

Wang Ziji looked at all this, but slightly narrowed his eyes, not surprised by Gu Changge’s strength. She was puzzled by something else.

According to her understanding, there were nine Mountain Masters in the Nine Great Mountains. If the Nine Great Mountains were destroyed, where did those Mountain Masters end up?

Were they killed by Gu Changge, or imprisoned by the Ancient Immortal Gu Family? But no matter which possibility it was, there should be some rumors leaking out.

Unlike today, those great Mountain Masters seemed to have disappeared without a trace, like a stone sinking into the sea, without the slightest ripple.

Wang Ziji was a very smart person. Although she didn't want to dig deep into some things, she couldn't stand the clues that were clearly in front of her.

What exactly was Gu Changge hiding? The more she understood, the more she found herself elusive about it as if she had fallen into an eternal trap and could not break free. Before Jiang Chuchu met Gu Changge, she placed killing the inheritor of demonic arts and finding the reincarnation of the Human Ancestor as her top priority.

But after meeting Gu Changge, she stopped looking for the reincarnation of the Human Ancestor, and she didn't even look for the inheritor of demonic art.

Wang Ziji didn't notice this at first. Recently, she accidentally discovered that Jiang Chuchu's token was missing. So she knew who took it away without guessing. No wonder Jiang Chuchu, who used to be as calm as the water fell for him.

While cultivating in the True Immortal Academy, she couldn't hide her thoughts in her eyes and went to the place where Gu Changge was from time to time. Under all kinds of clues, Wang Ziji felt that she was close to the truth of the matter.

The real reincarnation of the Human Ancestor had most likely been killed by Gu Changge, and Jiang Chuchu must have known about it. What was the relationship between Gu Changge and the inheritors of demonic art?

And just when Wang Ziji's thoughts were flying, a terrifying aura came crashing across the sky again, as if an ancient universe collapsed and crushed down!

"It seems that you don't want to abide by the agreement, since that's the case. Everyone can stay here."

Gu Changge's voice was very flat and his eyes were deep and indifferent as if stars were evolving and drying up in them. His voice suddenly resounded between the heavens and the earth, very indifferent, without any emotional fluctuations.

Rumble!

As he stretched his palm forward, the terrifying golden hand looked like a heavenly emperor suppressing the world. Cracking the universe, shattering many collapsed runes, the nearby universe was trembling.

This was an earth-shattering scene, the endless fog had evaporated, exposing the dry and exhausted ground, and all the peaks and ancient mountains above had collapsed.

All the ancient warships that came from the Eight Desolations and Ten Regions trembled. Endless runes flickered, erupting with dazzling brilliance, intertwined on them, trying to resist.

Pu!

Countless people couldn't stand the fluctuations, they kept coughing up blood, their skin cracked, their bones creaked, their legs became weak, and they wanted to kneel down.

Crash!

But at this moment, over the sky of the Eight Desolations and Ten Regions, a dazzling brilliance suddenly appeared, gorgeous and bright. It was an ancient blood-stained banner, very tattered, but it was sacrificed by an extremely powerful man, he suddenly swung it away, covered the sky, and resisted!

"Zu Qi! This is my family's Ancestral Flag! It was stained with the blood of the Immortal..."

Xuantian, the descendant of the God of War family, suddenly shot out his eyes, a little excited, and recognized this thing. The powerhouse in the front was also the Ancestor of their Clan, and he was an Enlightened being!

Boom!

In an instant, endless brilliance exploded here, and an Enlightened being made a move, used the Ancestral Flag, and blocked Gu Changge's blow. But there was still endless chaos exploding, rushing toward the broken universe in all directions.

Everyone from the Eight Desolations and Ten Regions trembled in fear and if it wasn't for the ancestors of the Xuanwu God of War family. Everyone here would probably be reduced to ashes under this palm just now.

"Oh, you dare to stop me?"

Seeing that his blow was blocked, Gu Changge raised his eyebrows with great interest and stared at the old man walking in front of him.

"According to the agreement in the invitation of war, our two worlds are fighting here, and you bully the small with the big, why? Is this the so-called nature of the Upper Realm?"

The Ancestor of the God of War clan, named Xuan Gang, had a dark face and fine scales appearing on his body, which was breathtaking. He stared at Gu Changge fearfully. As an Enlightened being, he could only block Gu Changge's attack when he used the Ancestral Flag.

Although there was the strength of the Nine Mountains Immortal Seal, Gu Changge's own strength must not be underestimated and he needed to be cautious.

"Oh, using the big to bully the small? If you look at it in terms of age, I don't seem to be too big."

Gu Changge smiled slightly when he heard the words, and said lightly, "Besides, you are the ones who will take over the battle, and now you are the ones who want to fight first. Do you really think that it is difficult for the strong in our world to come, so you have nothing to worry about?"

After speaking, his words turned cold, and the terrifying power enveloped him again. Like a mountain torrent bursting an embankment, covering the sky, the stars fell rustlingly, making one's heart tremble.

Xuan Gang's face was solemn, and the Ancestral Flag unfolded above the sky, with many flashes of brilliance intertwined and hanging down, forming a vast map of the galaxy, which made Gu Changge very afraid.

"In this case, then according to the invitation of war, I, the genius of the two worlds, will fight first, and I will experience your qualification to be arrogant." He said in a deep voice, his voice was very majestic, and he did not want to fight Gu Changge.

"Oh?"

Gu Changge's voice was still calm, and he said, "Ye Han, you will go first in this battle."

As soon as the words fell, in the thick fog behind him, on top of the ancient warship, a figure turned into a divine light and descended, with a cold and stern face and an astonishing evil spirit.

"I will live up to my Master's expectations." Ye Yan grinned, and there was a strong aura of blood surrounding his body, which was terrifying.

"It's him!"

"The Yaksha who killed many geniuses of our world..."

There was a commotion in the Eight Desolations and Ten Regions, and the faces of many geniuses were furious, and they recognized Ye Han who stepped forward. It was the Yaksha who was on the shore of the Boundary Monument Sea.

Lin Wu's elder brother, Lin Qingyang, and an ancient being of the family behind him also encountered unforeseen misfortunes because of this and was slapped to death by a dharma body descended by Gu Changge at that time.

Everyone realized Gu Changge's intentions, their faces were slightly cold, and they became even angrier. He obviously wanted to anger the Eight Desolations and Ten Regions, so he sent this person out first, and he planned to humiliate everyone!

What a vicious mind!

Chapter 482-1: The younger generations from the two realms are fighting each other, One by one is too boring (1)

Ye Han was the pride of the Yaksha Royal family and his strength could also be ranked in the top three among his peers. The Yaksha Clan was an extremely famous Clan in the Upper Realm, with countless members. One could see the Yaksha Clan in almost every world.

Because of bloodthirsty and brutality, this Clan was feared by many ethnic groups. And a long time ago, after Ye Han became Gu Changge's follower, he did a lot of things for him overtly and secretly.

The last time Ye Han fought against Lin Qingyang from the Dragon Blood God of War Clan from the Eight Desolations and Ten Regions on the shore of the Boundary Monument Sea, and almost died there.

Fortunately, at the critical moment, Gu Changge had a thought in his heart as a Dharma body of faith arrived and saved his life. Therefore, Ye Han's respect and reverence for Gu Changge was unquestionable, even fanatical.

"My name is Ye Han, and I was fortunate enough to follow my Master for a while. Who in the Eight Desolations and Ten Regions dares to fight against me?"

Ye Han's figure was very tall, with wings on his back. His skin was blue-gray, and there were strands of sunlight lingering around him. He walked over from the ancient warship, shrouded in a layer of gray mist, his eyes were ferocious and bloodthirsty.

With a sneer, he swept across many powerhouses in front of him and finally landed on the faces of those young geniuses, and then made a gesture of wiping his neck. It could be said to be arrogant to the extreme.

"Young Master Changge actually sent Ye Han to take the first shot, it seems that he should have planned it a long time ago."

"However, although Ye Han is strong, among the younger generation in the Upper Realm, he might not even be ranked in the top 100. This is not counting those ancient freaks who have awakened."

"It's okay to let Ye Han test the reality on the other side..."

Many powerful forces of the Upper Realm noticed this scene, their eyes flickered slightly, and they were guessing Gu Changge's intentions. In the end, they reached the conclusion of Ye Han having fought against geniuses from the Eight Desolation and Ten Regions before.

This method was tantamount to hitting the morale of the Eight Desolations and Ten Regions. Compared to the interested people on the Upper Realm side, on the Eight Desolations and Ten Regions' side, many people's faces were gloomy and livid.

Especially those who once had the pride of the Clan and died tragically at the hands of Ye Han, their faces were even ugly. They didn't expect Ye Han to be so arrogant.

"From this side, who is willing to step forward and fight with him?"

Xuan Gang, the patriarch of the Xuanwu God of War Clan, frowned and turned his head before glancing at the ancient warships as he asked the group of young geniuses.

The Upper Realm was so arrogant if they showed the slightest weakness and retreated, it would be an even greater blow to their morale. And the Upper Realm obviously wanted to see such a scene.

However, following Xuan Gang's question, it was obvious that there was a moment of silence on the side of the Eight Desolations and Ten Regions. Many young geniuses looked at each other and saw the temptation in their eyes before they fell silent in unison.

They were not stupid, the passion before was because they did not witness the cruelty of this battle with their own eyes. After seeing Gu Changge's power and terror, they were extremely afraid of his followers.

If he had no ability, could he be accepted as a follower by Gu Changge? Before figuring out Ye Han's true strength, if they stepped forward rashly, who knew what would happen?

Now it was not a simple competition, but a battle to the death between two people, and only the winner could survive in the end. So they were all thinking that someone would test Ye Han's reality before deciding whether to act or not after they were sure.

Of course, there was also a big reason, the family behind them did not allow them to make such a quick move, fearing that they would be targeted and die for no reason.

For a moment, the Eight Desolations and Ten Regions fell into a strange silence. A group of old people obviously did not expect such a situation, they were all a little dazed, and then sadness and anger appeared on their faces.

On the Upper Realm side, everyone couldn't help mocking this scene. However, they all remained indifferent and did not speak. Yet because of this, it made everyone in the Eight Desolations and Ten Regions feel uneasy along with great oppression and shock.

"Is no one willing to fight?"

The Ancestor of the Xuanwu God of War Clan asked again, feeling a little sad in his heart, but more helpless. He could actually understand the emotion. No one wanted to risk their own life for a joke.

Of course, the most powerful geniuses would not choose to make a move at this time, otherwise, after being known by the Upper Realm, they would find a way to target them and kill them here in advance.

"Senior, I am willing to fight."

And just when many young people from the Eight Desolations and Ten Regions were silent, a slightly trembling voice sounded. A young genius gritted his teeth and walked out, under a lot of pressure, his face was pale, and he was obviously nervous.

It could be seen that he was a follower of a young genius. It was just that because of a certain relationship, the Master behind him was not willing to make a move, but sent him out to fight.

Many people could see that and felt some sympathy for this young genius.

"What's your name?" Xuan Gang sighed in his heart and of course, he could see it.

This made him feel even more sorrowful. He never thought that the young geniuses of their generation would be unwilling to stand up until they were forced to do so.

"The junior is called Zhang Batian." The young man gritted his teeth, his voice trembling, and his expression was a little terrified.

Although he was unwilling in every possible way in his heart, he dared not refuse. If he fought, at most he would die. And if he refused, it would also affect the Clan behind him.

Which was lighter and which was more important, he could tell at a glance. Everyone from the Eight Desolations and Ten Regions was very silent and didn't say much.

Although everyone knew that this person would surely die if he went out, no one stopped him and acquiesced to all of this. Otherwise, was it possible to replace him?

Soon, Zhang Batian walked towards the battlefield trembling, his calves were spinning, and his face was full of fear.

“Eight Desolations and Ten Regions have been reduced to the point where it is necessary to send such a person to the first battle? It really opened Gu’s eyes.”

Gu Changge shook his head lightly, his tone couldn’t tell whether it was a sigh or a mockery. Hearing this, everyone from the Eight Desolations and Ten Regions looked a little ugly, filled with hatred, but they were powerless to refute.

Many people clenched their fists and teeth as they hated their own powerlessness and Gu Changge’s indifference. All of this was persecuted by Gu Changge, if he sent out another person, how could it be like this?

“You can make a move first, or if I make a move, you will die.”

Ye Han was very indifferent, his eyes gleamed with bloodthirsty and ferocious intentions, standing there, like a long spear, with an invincible aura.

“I will fight with you!”

Zhang Batian yelled angrily, and his eyes were a little red at the moment. At this point, he couldn’t allow himself to back down.

Boom!!

He made a move, directly using the essence of his body, a dazzling divine light burst out instantly and a monstrous flame bloomed, drowning Ye Han’s figure. This was Zhang Batian’s strongest method that he rarely used in his life.

“It’s so weak, it really disappoints me.”

But seeing this scene, Ye Han shook his head. His words were still indifferent, he just moved his claws forward and disappeared in place, as if he had merged into the wind. The complexions of many young creatures changed slightly, and at this moment, no trace of him could be caught.

In the next moment, there was the sound of screams as the monstrous rain of blood splashed, mixed with some tattered white bones. Zhang Batian’s whole body was torn apart and then exploded with a bang. His body and spirit were destroyed, and he was instantly killed.

This scene was terrifying, and it contained great deterrence and shock, which made many people shudder. Was this still a fight?

“Who’s next?”

Ye Han was still indifferent. His figure reappeared in place, with some blood stains on his palms.

“He’s already dead, he couldn’t even block a single blow...”

The many young beings of the Eight Desolations and Ten Regions trembled a little because their strength was actually similar to that of Zhang Batian. Didn't it mean that if they went forward, they would probably be torn apart in an instant, and their bodies and spirits would be destroyed?

Deep fear and despair rose in many people's hearts.

"Can't even block a single blow..."

The complexions of Xuan Gang and other ancient existences sank, unexpectedly, Zhang Batian couldn't even block Ye Han's single blow. This had exceeded their expectations. They thought they could find out a little bit about Ye Han's strength through Zhang Batian.

"What? No one dares to go up?"

Seeing the expressions of the people from the Eight Desolations and Ten Regions, Ye Han grinned mockingly and disdainfully.

"Who wants to fight him again?"

Xuan Gang's face was heavy, and he asked again. After winning a game, Ye Han could get away, but he didn't. This was obviously because he wanted to have fun.

"The method he used just now can tear apart a Quasi-Sacred Realm with one blow, which shows that his strength should be above the Sacred Realm, maybe even the Great Sacred Realm."

Chapter 482-2: The younger generations from the two realms are fighting each other, One by one is too boring (2)

The eyes of many young geniuses of the Eight Desolations and Ten Regions flickered, analyzing Ye Han's strength and the outcome of the match against him. However, no one rushed forward at this time.

"Zhang Batian couldn't even stop a single blow?"

The Master behind Zhang Tian was a young man in a golden robe, with a horn growing on his forehead, exuding a simple and mysterious Taoist charm.

He was the descendant of the Golden Horned Dragon Clan. This one horn was a special talent of their clan. It contained the power of space and could easily tear apart the void.

At this moment, he frowned slightly, his face was a little displeased, and then he swept away the many followers behind him.

"Are there still people who want to step forward and try?" He said lightly, before he had a clear understanding of Ye Han's strength, he would not make a move easily. But upon hearing this, everyone went silent and no one answered.

From the attack just now, Ye Han's strength had already been seen, it was a terrifying strength that was invincible among his peers.

"Don't even think about it! Among the younger generation in my world, I can't even rank in the top 100. If you can't even defeat me, how can you qualify to fight with the rest of us?"

“Let’s talk about qualifications, do you want to compete with my Master?”

Ye Han swept across everyone again, and spoke indifferently, with contempt and looking down. Hearing this, the faces of many young geniuses from the Eight Desolations and Ten Regions turned pale and their teeth were clenched.

They were young and energetic, although they knew that if they stepped now, their lives would be in danger, and there would be no life but ten deaths. They were still extremely angry and aggrieved, being held down by the people around them to prevent them from being impulsive.

“If the younger generation does not dare to fight. So what about the older generation? If the older generation doesn’t dare, why not fight with me?” Gu Changge smiled lightly, as if not surprised.

His figure seemed to stand outside the endless space, extremely blurred, covered by the vast fog, making it impossible to see clearly.

In the eyes of everyone, only a terrifying phantom could be seen, covering the sky, overlooking everything there, with a feeling of trembling. Hearing this at this moment, countless people felt aggrieved. Although there were many passionate people, they were not allowed to take risks.

Because they were still very young, if they just died here for no reason, that would be the greatest worthlessness.

“I’m here to fight you!”

And just as the heavenly geniuses of the Eight Desolations and Ten Regions were silent, a voice suddenly sounded, with determination, coldness, and anger.

Everyone heard the words and looked, only to see a gray-clothed man emerging from an ancient warship. His face was very ordinary, but he had an aura that could not be ignored.

“It’s him, Chu Yu! Didn’t he die in a certain ruin before, how is he here?”

“Great, we have finally stood up to someone with weight...”

The moment they saw this person, there was quite a commotion in the Eight Desolations and Ten Regions. Obviously, many people recognized this gray-clothed man. Many older generations were even more pleasantly surprised and suddenly felt that there was hope for this battle.

The gray-clothed man’s name was Chu Yu, he was a young Supreme being, and his strength was also among the best among his peers. But some time ago, they heard that he strayed into ruin and died.

Many people were still a little regretful, thinking that a young and talented young genius had just died. Unexpectedly, Chu Yu would show up here today and surprise everyone.

“Chu Buyu’s strength is obvious to all. If he makes a move, he should be able to test the strength of the generation in the Upper Realm.”

Many younger generations whispered in their hearts that they had great confidence in Chu Yu.

Chu Yu was also a very special genius in the Eight Desolations and Ten Regions. It was said that before he was seven years old, he couldn't even open up a spiritual sea, and was scolded by his Master for being stupid.

Later, he was dissatisfied with this, so he changed his name to Buyu. Since then, he had shown perseverance and diligence far beyond ordinary people and forced his cultivation to catch up.

It could be said that Chu Buyu's foundation was solid, and among his peers, there were very few people who could match him. Chu Buyu didn't talk much, giving people a sense of dullness and honesty, but now his eyes were very sharp, and when he came to the battlefield, he didn't talk nonsense and attacked directly.

"Finally an interesting one..." Ye Han licked his blood-stained lips, instead of being annoyed, he laughed happily, like a beast staring at its prey.

Soon, the two exchanged hands and the eyes of countless people from both worlds gathered and stared at it. A dazzling light erupted from Chu Yu's body, and every pore of his body seemed to be glowing, like an ancient god cast by immortal gold.

Ye Han reached out his claws to kill, and with endless bloody intent, he swept away behind him, drowning Chu Yu in front of him.

Boom!!

The muffled sound of thunder resounded between the sky and the earth, and the void seemed to collapse and split open, with terrifying rift valleys appearing one after another. All kinds of brilliance and runes flying, deducing the most powerful divine powers and methods.

Fragments of the laws fluttered, turning into all kinds of divine weapons, heavenly swords, war spears, and terrifying waves erupted. There was chaos here all of a sudden, as chains of order danced wildly, piercing through the void, penetrating to distant places, and dissipating the fog.

It had to be said that Chu Yu was very strong, not just one level stronger than Zhang Batian. Even after fighting Ye Han for fifty moves, he did not lose the wind in the slightest.

Such a scene made everyone in the Eight Desolations and Ten Regions suddenly see hope and feel a little excited. Many young geniuses who were as famous as Chu Yu also showed smiles on their faces, planning to participate.

In a blink of an eye, the two had fought hundreds of moves, and Chu Yu's face gradually showed strain. Bloodstains began to appear on his body, and there were injuries, some of which were even deep enough to show the bones.

His face was pale, his bones creaked as he kept retreating and avoiding. Seemingly, he was no longer at his previous peak. Ye Han, on the other hand, looked like he was in a frenzy, his eyes were full of bloodthirsty and ferocity. He seemed to only sense fighting.

This was the nature of the Yaksha Clan, the more they fight, the braver they become, and the more they kill, the mad they turn. Finally, after 300 moves, Ye Han seized an opportunity, his divine power boiled, and the place where the sky was covered was filled with energy and blood.

Immediately, he thrust forward suddenly, his hands turned into immortal blades, tearing Chu Yu's body apart with a puff.

"Is that all you can do? This battle is nothing more than that!"

Ye Han laughed, looking at Chu Yu who was struggling with his hands and the brilliance in his eyes gradually dimmed. With a burst of strength, he tore it into pieces, shattered it into blood mist, and let him follow in the footsteps of the man before him. For a moment, the place suddenly fell silent, and everyone from the Eight Desolations and Ten Regions was shocked and horrified.

Even Chu Yu was not Ye Han's opponent, and he was killed by him after three hundred moves? Although Ye Han was also injured, still the opponent was Chu Yu, the extremely famous young Supreme in the Eight Desolations and Ten Regions who had never lost a single fight.

"Stupid..." Chu Yu's clansmen looked sad and regretted why they didn't stop him just now.

"Who else?" Ye Han had already killed the top at this moment, his scarlet eyes were bloodthirsty and filled with ferocious intentions as they once again swept across the many young Supreme beings in front of him.

Many people looked at him coldly, and they had almost figured out Ye Han's strength. They felt that they could step forward to fight him, avenge what they just did, and wash away their shame.

"Come back." However, when many geniuses in the Eight Desolations and Ten Regions were furious and wanted to fight Ye Han.

Gu Changge's voice suddenly sounded, very flat and without waves.

"It's really boring to fight alone."

Hearing this, Ye Han's ferocious and bloodthirsty expression quickly subsided, and he returned to respect, "Yes, Master."

After that, he didn't stop, turning into a divine light he landed on the ancient warship behind him. The many geniuses of the Upper Realm were also a little eager to fight at this moment, wanting to play with the Eight Desolations and Ten Regions to their heart's content.

From the battle just now, they also saw the strength of the Eight Desolations and Ten Regions, and they had a deeper grasp of it in their hearts.

Seeing this scene, although everyone in the Eight Desolations and Ten Regions was unwilling, they did not dare to break the rules. After all, Ye Han had won two games in a row, so he could leave at any time.

Of course, in the eyes of many people, it was Gu Changge who favored him, knowing that the Eight Desolations and Ten Regions had figured out Ye Han's strength. The people who would be dispatched in the next round would deal with Ye Han.

"You have to be careful, the group of young geniuses of the Upper Realm seems to be unable to hold back."

Xuan Gang's face was a little heavy, and he said to the many geniuses behind him.

“According to the old rules, this place is the hunting ground.”

Gu Changge smiled lightly, and with a wave of his hand, the thick fog under the Heavenly Boundary Abyss dissipated, revealing the dry riverbed and large mountains, although they had already collapsed and turned into ruins.

But it was still vast and boundless, there were many cracked rift valleys, and there were many powerful beasts living in it, feeding on the corpses of the powerhouses who fell here.

Chapter 483-1: The battle of the Enlightened beings, The arranged second hand (1)

Shrouded in a thin mist, it looked like a cloud, with a biting bloody smell permeating the air. Behind Gu Changge, footsteps sounded. One after another young figures emerged and turned into divine lights and emitted terrifying auras.

Among these young figures, they were all young Supreme beings and ancient freaks of the generation in the Upper Realm. Including Gu Xian'er, Wang Ziji, An Yan, Six Crown King, Heavenly Phoenix Maiden, Heavenly Demon Monarch, Heir of War Immortal Mansion, Heir to Saint King Hall...

It could be said that everyone's strength was far above Ye Han's. Seeing this scene, the faces of many people from the Eight Desolations and Ten Regions changed drastically, and they felt unprecedented terrifying pressure.

Although the number of young beings sent from the Upper Realm was small, each of them gave them a feeling of being unparalleled and overpowering the world.

“These people are so strong, much stronger than the Yaksha just now.”

The descendant of the Vermillion Bird God of War Clan was a woman with a pretty face and wearing battle armor, her expression was extremely dignified at this moment. She glanced over those young creatures and stopped on some women.

Someone looked at her, and the eyes were shining brightly, which made her eyes hurt and she almost shed tears. It seemed that what they were facing was not a group of young people, but a group of young gods, and everyone was dazzling.

“They are too confident, do they think they can defeat us with such a small number of people?”

The descendant of the White Tiger God of War Clan was an extremely burly man with different pupils. When he clenched his fists, there was a deafening sound of wind and thunder on his body. The descendants of other ethnic groups also came out at this moment, Lin Wu and Xiao Yang were also among them, and the two had different moods.

At this point, everyone was awe-inspiring, and they were eager to fight, wanting to fight with many geniuses in the Upper Realm.

Boom!!

In an instant, one after another figures flew out and fell towards the hunting ground in front of them. There was already anger in their hearts, and they wished to vent it here.

They were all talented and arrogant, they couldn't find opponents in the Eight Desolations and Ten Regions, and no matter what era they were in, they could be called respected by their peers.

They were held back by his Elders before and couldn't fight Ye Han, which resulted in the death of the two geniuses. At this moment, they just wanted to restore the scene for the Eight Desolations and Ten Regions, wash away the shame and avenge the two of them.

"These arrogant geniuses from the Eight Desolations and Ten Regions are really too weak. They are not worth our all-out effort."

On the hunting ground, the Six Crown King, Heavenly Phoenix Maiden, Gu Xian'er, Wang Ziji, and others all stepped out, representing the huge and ancient forces behind them.

The Six Crown King swept across the many figures in front of him, shook his head slightly, and didn't care much about this battle. Especially after witnessing the battle between Ye Han and his opponent, he was even more disappointed.

In his heart, he wanted to fight against the Heavenly Demon Monarch and others.

"I'm here to fight you." Just here, in the distance, a genius from the Eight Desolations and Ten Regions rushed over, rolling the flying mountains and rocks as the ground trembled.

His body was very tall, with a pair of horns he had the blood of the strong Bull Demon Clan. He stared at the Six Crown King, his eyes were like copper bells, revealing murderous intent and anger.

"I didn't expect someone to come looking for death. It's good that I didn't take the initiative to look for you." The Six Crown King shook his head, his expression a little cold.

At the same time, there was a feeling of being underestimated, as if the other young beings were actively looking for hunting targets. And he was actively sought out by the prey?

This somewhat made him feel a little uncomfortable, and he really wanted to kill someone.

"You are courting death."

The Six Crowns stared at the man with the horns.

Although he was a little handsome, the blood energy brought out by his whole body was too strong, as if he was surrounded by a sea of ??blood-colored stars, bathing in supreme divine brilliance. Holding a black spear in his hand, he walked step by step with astonishing momentum.

"Niu Ming, this person is not simple, don't underestimate the enemy."

In the high sky, there was a sound at this time, Xuan Gang sensed the fear of the Six Crowns.

"Attack!"

The creature named Niu Ming roared angrily and made a direct attack. His strength was powerful, and he used the strongest force as soon as he came. His blood was like a divine light, rushing up from his head, piercing through the sky and his body was boiling with divine power.

The two powerhouses fight together, earth-shattering!

When cultivation reached their level, they were already standing on the Great Sacred Realm, and the destructive power they caused was unimaginable and terrifying. From time to time, a spear attacked up and down like a big star.

However, after only ten moves, there was a muffled groan and a large amount of blood rose up. With a bang, the creature named Niu Ming was pierced by an attack, and the primordial spirit and body exploded from the air together.

This scene shocked the minds of many powerhouses who were closely following the battle of the Eight Desolations and Ten Regions. Niu Ming was also an extremely famous young Supreme being in the Eight Desolations and Ten Regions, with a very powerful physical body.

But in the hands of the Six Crown King, he couldn't survive five moves and died. This made many people look serious. Although it seemed that there were many people of the Eight Desolations and Ten Regions in this battle, each and every one of the geniuses of the Upper Realm was extremely terrifying.

In other directions, Gu Xian'er, Wang Ziji, and others also found their targets and started to attack. A terrifying battle broke out here, the sky and the earth shook violently, sand and rocks flew as the wind swept across, shaking the sky.

Everyone had an opponent in front of them. There were a large number of young geniuses from the Eight Desolations and Ten Territories, and it was often a few people working together to besiege one person.

Although it seemed shameless since the Upper Realm had only dispatched such a small number of people. Then they couldn't blame them for winning by quantity.

"A group of people working together are still not the opponent of young existences in our world."

"It's really ridiculous. It's nothing more than a struggle before death."

The powerhouses of many forces and sects of the Upper Realm had been watching this battle from high above the sky, with indifferent expressions and contempt.

"No, the gap is too big. Even if they have an advantage in numbers, our world is not their opponent."

The complexion of an old antique from the Eight Desolations and Ten Regions changed drastically, it was so ugly that he almost spat out a mouthful of blood. Seeing his most proud apprentice, being slapped apart by the opponent's palm, he collapsed into the void and exploded into a cloud of blood mist.

The strength gap between geniuses on their side and the other side was really too big. Even the heir of the Xuantian God of War Clan died.

His opponent was the Heavenly Demon Monarch, who was constantly suppressed, shaking violently and coughing up blood. Cracks appeared in the powerful and terrifying body like porcelain, and it almost collapsed.

On the other side, Gu Xian'er's dress was fluttering, with immortal energy in her hands, she raised her bare hands, and lightsabers condensed in the void, clanging and killing a beautiful girl in front of her.

"Chi Chi..."

She was very powerful, every inch of her skin was as white as snow, with a hazy radiance. When the Heavenly Sword slashed down, its sharpness was peerless, as if it could cut down the stars outside the sky.

Buzz!!

At this time, there was a change in the void space behind her. A genius with a strong body, glowing all over, suddenly approached, feeling that this amazingly beautiful girl in front of him was weaker than the others, and wanted to attack her.

However, facing the siege of the two, Gu Xian'er's expression remained unchanged, as if she had already sensed it. She punched as the white and small fist was carved like jade, exploded the power with a bang, it pierced through the void and blasted away the person who attacked her.

The bright white bone residue splashed out, accompanied by blood mist, which made people tremble. Such a scene made the opponent in front of her look pale. She never expected that the girl's physical body would be so terrifying. They couldn't help but retreat toward the rear, fearful in her heart.

But Gu Xianer's speed was even faster as if a pair of black and white wings appeared behind her, she suddenly slashed across the sky, overtook her, and quickly killed them.

After finishing off the two of them, Gu Xian'er glanced into the sky, just in time to see that Gu Changge had been paying attention to her side. She hummed from her nose. Although she knew it was Gu Changge who was worried about her accident, she still felt that she was underestimated by Gu Changge.

Seeing this scene, the rest of the geniuses from the Eight Desolations and Ten Regions were very afraid of her, they didn't dare to approach her and hurriedly retreated.

"What's the relationship between this girl and you?"

Xuan Gang, who had been paying close attention to the battle situation, noticed that Gu Changge seemed to pay special attention to this girl, so he couldn't help but narrow his eyes and asked.

"Oh?"

Gu Changge withdrew his gaze, looked at him with interest, and said, "If you dare to think about her, then I will kill you now."

Feeling Gu Changge's undisguised murderous aura, even if Xuan Gang was an Enlightened being, he couldn't help but turn slightly pale at this moment, his back felt cold, and he shuddered.

"The old man was just asking."

He snorted coldly, not wanting to show weakness under the gaze of everyone in the Eight Desolation and Ten Regions. However, the crooked thoughts that arose just now disappeared, although it seemed that this girl could be used to threaten Gu Changge. But obviously, before they could catch the girl, they would be suppressed and killed by Gu Changge.

"Better so. Do you think that if you are protected by the Heavenly Boundary Abyss, you will be safe?"

Gu Changge smiled faintly, then turned his eyes a little strangely as he looked in the direction of the ancient warships of the Eight Desolations and Ten Regions. Although they were located within the Realm of Space, they were actually not that far away from here.

Chapter 483-2: The battle of the Enlightened beings, The arranged second hand (2)

If he wanted to, he could actually kill all these people, but in doing so, he would expose a lot of his methods. Therefore, Gu Changge was still waiting for the opportunity. This empty abyss could not protect the Eight Desolations and Ten Territories for long.

From the perspective of every one of the Eight Desolations and Ten Regions, Gu Changge's invitation to the war was most likely to delay the time and wait for the army from the Upper Realm to kill him.

So they never imagined that Gu Changge actually arranged to have a backup, and now he was just waiting for the right time. Eight Desolations and Ten Regions didn't even know that Heavenly Maiden Tianlu would surrender to Gu Changge.

"What do you mean?"

Xuan Gang obviously didn't expect Gu Changge to say that. His brows frowned, and some ancient existences behind him were also puzzled.

At this time, why did Gu Changge say that?

"Of course, it's to keep you here."

Gu Changge smiled lightly, his expression didn't change in any way, but it caused Xuan Gang and the others to change their expressions, a little surprised and uncertain.

"What do you mean? It's not up to you if we want to leave this place completely?"

Xuan Gang frowned, and said in a low voice, completely unaware of the reason why Gu Changge said this. They were backed by the empty abyss, and they could evacuate at any time. There was no correct route in the Upper Realm, so they dared not chase in at all.

"Of course, it's up to me."

Gu Changge still had an understated expression, his eyes slowly swept across the hunting place below, and then his sleeves flicked as if a vast star field of the sky emerged.

Rumble!!

The Dao was rumbling, and the god chain of hundreds of millions of laws, turned into a waterfall, rushing from all directions as if trying to refine this world.

"This is?"

Such a shocking change instantly shocked countless people who rushed to come here from all over the world. Everyone felt a kind of suffocation. The sky trembled, and every inch of the void was filled with the coercion of the mighty and terrifying powerhouse, which made people tremble as if it was about to split open.

Gu Changge's dharma body sat cross-legged in the sky, like the master of all the heavens, surrounded by endless silver sacred flames, which seemed to burn everything into ashes.

In the depths of the Heavenly Boundary Abyss, there was even a rumbling sound, as if there were thousands of troops galloping, wanting to kill the heavens of all ages! The terrifying killing momentum came from behind everyone in the Eight Desolations and Ten Regions.

All of a sudden, everyone was a little stunned and shocked. Why would there be an army from the Upper Realm appearing there, wanting to encircle and suppress them? How did they penetrate into the depths of the void?

"What the hell is going on?"

At this moment, let alone the Eight Desolations and Ten Regions, even everyone from the Upper Realm was stunned and looked at all this in shock. The many geniuses who were fighting in the hunting ground were also shocked in their hearts and they did not expect it at all.

The dharma body of the rest of the powerhouses did not expect such a shocking change at all. Before that, Gu Changge had never talked to them at all.

"How did you do it?"

Xuan Gang's complexion turned extremely ugly. He was shocked and angry in his heart. He didn't expect that there would be an army from the Upper Realm attacking them from the back, and the momentum was so shocking. Though now was not the time to think about it.

"Kill him!"

"Except for him, the rest of the people here are not a threat. As long as the sea of ??boundary markers is not dry, the Enlightened being in their world will not be able to get through."

"Just kill him!"

Another powerhouse said, from the Green Race Clan, his face was very gloomy, and he didn't want to waste his words, so he directly made a move. He spewed out a bright green glow, in which the immortal light spread out like a galaxy!

This was his powerful ancestral technique, which contained terrifying corrosive power containing the water of the underworld, which could evolve the meaning of life and death.

When it reached its peak, it could even corrupt the universe. The other powerhouses from the Eight Desolations and Ten Regions were also making moves, each using their powerful means, the brilliance was gorgeous, reflecting the sky, causing the void to collapse.

The long river of time loomed, the universe was in turmoil, and the sun and the moon exploded!

This was the ultimate attack of the Enlightened being, and even an extremely ancient master made a move, with a big hand in the air, pushing the Dao down, and was about to shoot it down, shocking Gu Changge to death!

This scene was too appalling, it was about to destroy the world, everything returned to chaos, and all laws were smashed to pieces!

“What’s going on? Why is there a big fight all of a sudden?”

All the ancient warships were trembling, being hit by this wave, they could only raise their protective barriers to resist. Many people of the two worlds hadn’t realized what was going on. They thought this battle was just a battle between the younger generations of the two worlds.

They didn’t expect an Enlightened being to make a move at all.

“Not good!”

The faces of many Enlightened beings in the Upper Realm changed drastically. They were just a dharma body, and they were no match for this group of people at all. They could only resist for a moment at most.

But at this moment, they still rushed out, trying to relieve Gu Changge of the pressure.

Boom!!

But at this time, the Nine Mountain Immortal Seal above Gu Changge’s head glowed, as if there was a force like a roaring mountain and a tsunami, gathering towards him.

“Today, all of you can stay here.”

He opened his mouth lightly, with no waves on his face. He made a move, using an ancient method, as if mountains, rivers, sun, and moon appeared behind him, covering the universe and the heavens.

Rumble!

Hundreds of millions of rays of light poured out, intertwined with divine light, bright and gorgeous, like a light in the universe! Around his palms, there were countless planets, all brought down from the sky by his big hands.

One after another, they were very grand, rumbling and turning, with chaotic energy, very astonishing, falling forward.

“Even if the Immortal Seal of Nine Mountains is in your hands, you are only one person, how can you resist me?”

The Enlightened being of the Green Race Clan had a very cold face as he directly turned into the real body. It was an extremely mysterious and ancient towering giant tree, with endless brilliance hanging down, standing in the universe as if it could split everything.

The vines were like galaxies, slashing toward Gu Changge like a divine sword.

The rest of the Enlightened beings took advantage of this opportunity and also did not hold back. Since Gu Changge put them together first, they would naturally not let go of the great opportunity to suppress and kill him here.

Someone also displayed their body, which was a huge Nine Head Golden Bird, each of which was cast by the supreme fairy gold, radiant and orderly. He made a peerless ominous sound, intending to smelt this universe and attack Gu Changge.

Hundreds of millions of living beings were trembling under this terrifying fluctuation, and their souls seemed to be about to burst.

Many young people who were fighting also stopped their hands together, watching all this in shock in their hearts, they all had divine weapons in their bodies, protecting themselves, so as not to be shocked to death by the aftermath.

Gu Changge fought against three Enlightened beings alone. Although in their view, this was due to the blessing of the treasure of the Nine Mountains Immortal Seal and the dharma bodies of the other most powerful people from the Upper Realm who came here and resisted together, it was scary enough.

In addition to explaining the extraordinariness of Nine Mountains Immortal Seal, this was enough to explain the horror of Gu Changge's own strength.

"How far has his own strength reached?"

The Six Crown King and the others trembled slightly in their hearts. They could no longer conceive the idea of ??competing with Gu Changge. Such a gap could no longer be described as a natural moat.

Chi!

In the depths of the universe, the great battle shocked everyone. Gu Changge's face remained unchanged, seeing Xuan Gang emerging, he directly shook his finger away. All kinds of terrifying sword auras in dark red, jet black, and chaotic colors suddenly pierced through this universe and fell toward Xuan Gang!

This was his method, which contained the power of the Supreme Realm.

Puff!

Immediately, Xuan Gang's arm with blood, as strong as Xuanwu's body was pierced through, and it also burst.

"By now, don't you understand?"

In the next moment, Gu Changge's expression was indifferent, and his tone was still understated. A palm stretched over as the big golden hand was boundless, with clear palm lines, just like the palm of God, entwined with chaotic energy, and the star field manifested in it!

Puff!

The face of the Enlightened being from the Green Race Clan who turned into the true body changed dramatically. The towering giant tree was shattered by a palm, and his body exploded, and was torn apart! His primordial spirit was burning, trying to escape with the supreme secret method.

But Gu Changge had expected it a long time ago. His brows glowed, and then a divine god walked out and opened his mouth before screaming as it spewed out a bright galaxy, turned into a bronze immortal sword, and instantly hit it hard!

In a short period of time, several Enlightened beings were injured, making everyone on the ancient warship of the Eight Desolations and Ten Regions terrified, trembling uncontrollably, and even despairing.

“Kill!”

Seeing this, the rest of the powerhouses in the Upper Realm also yelled loudly. On the ancient warship behind them, the monstrous army rushed forward. In the depths of the Heavenly Boundary Abyss, the gate of light was shining brightly, and in an altar that had been cast for a long time, a mighty army was also emerging, encircling and suppressing all the people of the Eight Desolations and Ten Regions, and blocking their escape route.

Chapter 484-1: Defeated and collapsed, It's a pity that all of you have to die (1)

This battle shocked everyone, whether it was the older generation or the younger generation, they all felt a wave of horror and trembled. Gu Changge was really too strong, his combat power was already so strong before.

Now with the blessing of precious treasures like the Nine Mountains Immortal Seal, he had revealed the terrifying strength as an Enlightened being.

The three Enlightened beings from the Eight Desolations and Ten Regions fought against him, and they were severely injured in a short period of time. Some even had their bodies exploding, and their souls were almost on the verge of collapse.

Such a scene really made all the creatures of the Eight Desolations and Ten Regions feel desperate. It was not that the Enlightened beings in their world were not strong, but that Gu Changge's strength was really unimaginable.

The battle broke out in an instant, and in the depths of the starry sky, the sky was full of light symbols. The void trembled piece by piece, like a sieve, pierced by wisps of brilliance and aura.

The momentum was monstrous, and the terrifying army swept in like a torrent, shaking the heavens and the earth. There was a sound of fighting in the sky and on the ground.

Boom!!

The ancient battleships of the two worlds were shining, and many runes carved on them evolved together as they manifested in the sky and the earth before finally turning into beams of light as thick as mountains, bombarding and rushing forward.

Countless creatures died tragically under such fluctuations, and the torrent-like army was forcibly broken into a crack. In the sky, a sky-swallowing sparrow at the peak of the Supreme Realm appeared and opened its mouth as it spat out a long silver moon sword. The runes flashed, extremely terrifying, and seemed to fill the sky.

A few powerhouses in the Great Sacred Realm of the Eight Desolations and Ten Regions in front of them were blocking the attacking army, but they exploded in an instant, shattered by the aura of this silver moon sword!

“Damn it! Let’s go together, don’t let them get away!”

The other Supreme beings were shouting loudly, their eyes were burning with anger, and they joined forces to kill this vicious bird!

“Today, you will die here sooner or later, there will be no accidents.”

The Sky Swallowing Sparrow sneered. As the Ancient Royal family from the Upper Realm appeared with a terrifying aura, it had green eyes the size of hills that spread its wings, tearing through the sky, and came here in an instant.

Countless creatures turned into a blood mist and exploded under this blow!

“So strong!”

“The peak of the Supreme Realm, only half a step away from entering the Quasi-Emperor Realm...”

The complexions of the three Supreme beings suddenly turned pale, trembling under this aura. The talismans on their bodies broke and began to split open, blood gurgling, extremely terrifying.

Boom!!

In the other direction, among the ancient warships, flying boats and the divine mountain, black mist billowed as the five-color divine lights shone, and powerhouses appeared, following the army to engage in diplomatic battles in the Heavenly Boundary Abyss.

There were attacking sounds from these ancient warships, and some creatures and cultivators began to appear, rushing downward like a tide!

Everyone’s aura was monstrous and terrifying, including Quasi-Sacred, Sacred, Great Sacred, and even Supreme beings! This was an extremely powerful battle force, surging from different forces!

“Attack!” They shouted extremely excitedly, and with bloodthirst!

“The three Enlightened beings have been held back by the Young Master Changge!”

“How can the Eight Desolations and Ten Regions stop us?”

At the first moment when the two armies clashed, the Eight Desolations and Ten Regions were defeated like a mountain. Everyone felt a great panic, especially when they felt the sound of rushing from behind, they couldn’t help but tremble. They were surrounded, with pursuers ahead and no way out.

“Damn it, it turned out that the Upper Realm had planned it long ago...”

At this moment, they also understood, they were startled and angry, when they received this gauntlet, the Upper Realm was setting up a trap to lure them all here, trying to catch them all.

Before this, they never thought that the army would come from behind. Moreover, in the depths of the abyss, there was an army from the Upper Realm. How did they get in, and how did they ambush it?

Doubts emerged in their minds one by one, but unfortunately, no one could answer them now.

“Attack!”

Many powerful sect masters of the Upper Realm commanded the army behind them and charged toward them like sharp knives. All the creatures who tried to resist along the way were torn apart, turned into a blood mist and collapsed into the sky and the earth.

Blood mist floated everywhere between the sky and the earth as the mighty army, like a crop of leeks, kept falling, torn apart by the powerhouses from the Upper Realm who came to kill them.

The two armies were at war, and in terms of numbers, the Eight Desolations and Ten Regions did not have the slightest advantage. And this was the reason why all of the troops from the Upper Realm had not arrived.

The faces of many geniuses who fought against the younger generation of the Eight Desolations and Ten Regions in the hunting land were also different.

“It seems that there is no need for me to wait.”

The Heavenly Demon Monarch whispered and smashed Xuan Tian in front of him with one palm. His strength was very strong, and no one was his opponent. Even the descendants of the Xuanwu God of War clan also lost.

“Vermillion Bird War God Clan, I wonder what is your relationship with the Vermillion Bird Clan in the Upper Realm?”

Wang Ziji was wearing a light blue long dress, with a beautiful appearance and a slight smile on her face. As she waved her jade-like hand, silver vines intertwined in the void, and finally turned into divine weapons to kill, causing the descendants of the Vermillion Bird God of War Clan to cough up blood, their bodies shook violently, and many terrifying cracks appeared.

Her beauty was unquestionable. There were few women in this world who could compare with her, with a radiant complexion and a shining luster. But her strength was terrifying. In the eyes of many geniuses, she was even more mysterious than the Heavenly Demon Monarch, the Six Crown King, and others, and she appeared extremely relaxed from the beginning to the end.

“Retreat!”

“Don’t try to fight!”

In the hunting place, the complexions of all the geniuses of the Eight Desolations and Ten Regions were changing drastically, and they wanted to escape from this place.

Xiao Yang, Lin Wu, and others were no exception. They never expected that Gu Changge would be so vicious and set traps to attract them all. Since things had developed to this point, if they stayed here, they would inevitably die.

Even the Enlightened beings from the Eight Desolations and Ten Realms were injured. They would definitely become the target in the eyes of many people, and try to get rid of them quickly.

“Open the space altar, escape as much as you can...”

“Send the younger generation away, they can’t die here... The high-level officials of all ethnic clans can also take this opportunity to escape. As for the rest of the people, they can only stay here to procrastinate...”

On the ancient warship, many Elders were also very decisive at this moment, their faces were gloomy and they understood that this battle might lead to death.

All of them were likely to perish here and immediately decided to use the space altar, send the younger generation away and preserve the fire and hope. Of course, there were not many people that the space altar could accommodate, so they had to be willing.

Some juniors who were not very talented could only be abandoned here. People with advanced cultivation bases, as well as high-level people from various ethnic clans, must be sent away at this moment.

They were all valuable people to the Eight Desolations and Ten Regions. Once they died, they would have a great influence on the power groups behind them.

Hearing these words, the eyes of many Elders flickered. Although space altars were rare, each of them had quite a few. But if they left now, there would probably be great danger.

The space barrier here had been torn apart by the fighting of the Enlightened beings, it was difficult to support many cultivators to escape, and it might cause a space storm, causing even greater danger.

Moreover, the Upper Realm would not let them leave safely. Thinking of this, they frowned even more. Even if they wanted to escape at this moment, they had to wait for the right time. Those who tried to escape first would definitely become the targets of the Upper Realm.

“Arrange some people to take the initiative to die first, lower the vigilance of the Upper Realm, and I will find a chance to escape later, this is a good way...”

“So far, this is the only way.”

Afterward, they ordered the clansmen behind them to gather, intending to let them escape through the space altar first.

Buzz!!

Spatial fluctuations emerged here, followed by the simple and mysterious altar, which manifested in the virtual space. It seemed to be a light gate located here, but this gate was not stable, affected by the space here, and there were signs of breaking.

“They’re trying to escape...”

A powerhouse of the Upper Realm noticed this and quickly shot his palm across the air before slapping it down, trying to stop them. However, this space portal didn’t last long and soon collapsed. There was a scream, accompanied by a burst of blood mist.

The cultivators who entered just now were all smashed into pieces by the turbulent flow of space, and their bodies and spirits were instantly annihilated.

This scene stunned many people of the Upper Realm, and then they couldn't help laughing, saying, "These people are in a panic, even if we don't take action, they will die tragically in the void. Space is shattered and no one can escape."

After that, they didn't care about those who tried to sacrifice the space altar to escape but specifically searched for those cultivators who were protected by many people and exterminated them.

"It really lowered their vigilance..."

Chapter 484-2: Defeated and collapsed, It's a pity that all of you have to die (2)

The eyes of some older generations of the Eight Desolations and Ten Regions flickered, and they breathed a sigh of relief. This approach was tantamount to tail docking by a gecko, but it could still secretly send some people away.

And when the armies of the two worlds were fighting, above the sky, the battle between the three Enlightened beings from the Eight Desolations and Ten Regions and Gu Changge had already reached the deepest part of the universe, far away from this place.

Almost all the people were driven into madness, and the Emperor's majesty swept across the entire universe, shattering the sky and shaking the stars.

In their view, Gu Changge was just borrowing the prestige of foreign things now. Although the Nine Mountains Immortal Seal was strong, it had a limit after all. As long as they played along with Gu Changge for long enough.

Gu Changge had not yet attained Enlightenment, after all, he was no match for the three of them, and would eventually lose.

Boom!!

The brilliance of this place was too gorgeous, huge palms span the universe, and even the stars looked as small as dust under them. This was the power of an Enlightened being, powerful and infinite, someone's physical body collapsed, but soon condensed as their soul was immortal, almost indestructible.

"Gu Changge, you are not an Enlightened being after all! Sooner or later your strength will run dry..."

Xuan Gang yelled angrily, bleeding from the corner of his mouth, his hand bones were broken, and the white bone dregs splashed everywhere. Gu Changge's palm hit him, making a rumbling sound like the universe was collapsing.

His body was extremely powerful, even comparable to Immortal Gold, but at this moment it was difficult to resist and had been pierced. The other two Enlightened beings also had a hard time, especially the Patriarch of the Green Race Clan who had been pierced through by Gu Changge before. He was covered in blood and seriously injured.

He had reshaped his body several times. If it weren't for his strong vitality and relationship with the primordial spirit, it might not be as simple as a heavy injury.

"Do you know why I brought you here?"

Gu Changge smiled faintly when he heard the words, his eyes flickered with a strange color. In the sky above his head, the Nine Mountain Immortal Seal was floating up and down with a vast golden light, emitting a sense of invulnerability.

He still had an understatement on his face, and he was not surprised by the thoughts of Xuan Gang and others. This place was infinitely far away from the Heavenly Boundary Abyss and had reached the depths of this universe.

Even the two armies on the battlefield could only feel some fluctuations in the battle, and could not clearly see what was happening here.

"What do you mean by that?" Xuan Gang frowned tightly, feeling a bad feeling in his heart.

Because Gu Changge's expression was too relaxed from the beginning to the end, people couldn't guess his limit at all, and they didn't even know what Gu Changge's realm was now.

Now his words revealed some unknown plans. He was extremely afraid of Gu Changge as he didn't show his emotions or anger, they couldn't guess his thoughts at all. If Gu Changge showed some surprise or became uneasy, they could breathe a sigh of relief.

Yet Gu Changge didn't. This feeling that everything was under his control made them tremble slightly and feel deeply uneasy.

"This guy is just putting on a show, he's at the end of his rope, so he's just trying to scare me off."

"As an Enlightened being, we are already in this state now. He is just a junior, can he still turn the world upside down?"

The Ancestor of the Green Race Clan's complexion sank, he didn't care about anything at this moment, his whole body was burning, turning into a monstrous green fire. That was the origin of a huge amount of living beings. The mountain roared and the tsunami surged, and they all rushed toward Gu Changge.

"Brother, don't underestimate the enemy..." Seeing this scene, Xuan Gang felt even more uneasy and wanted to stop the Ancestor of the Green Race Clan, but it was too late.

In his horrified and terrified expression, the universe in front of him suddenly darkened, as if eternal night had fallen, and the heavens and myriad realms fell into eternal dusk. A terrifying Great Dao bottle floated above the sky, only a vague outline could be seen, sinking and floating there, and endless black light fell down.

Those dark lights were formed by the endless laws and order, the law of the Dao, and contain the unimaginable power of heaven and earth. The heavens, myriad realms, and eternal time and space seemed to be shattered by the shock.

This was an unfathomable, indescribable power.

Buzz!!

The origin of life transformed by the Ancestors of the Green Race Clan were swallowed up by the terrifying bottle of the Great Dao like a mud cow entering the sea at this moment.

“What is this?” There was a look of shock and disbelief on his face. He never expected that his full blow would be so easily dispelled by Gu Changge.

“It’s the first time I’ve seen someone who is in a hurry to die. If that’s the case, then I will help you.”

Gu Changge’s expression was calm, his eyes were still flat, and his words were even less turbulent. As he finished speaking, the universe in front of him was suddenly flooded with terrifying black light.

Gu Changge shook his hands lightly, and the Eight Desolation Demon Halberd appeared, making a trembling sound and the universe was destroyed as everything was in chaos.

Boom!!

It was the halberd light that swept across the sky and the earth. It was incomparable, and everything in the sky seemed to be affected, piercing through the Ancestor of the Green Race Clan with a puff.

Then, with a bang, it shattered into pieces and white bones splashed everywhere, including his soul, which was split open and turned into ashes. Until the moment he died, horror, disbelief, deep astonishment, and regret remained on his face.

“This is! How is this possible.....”

Xuan Gang and other Enlightened beings froze for a moment, their words trembling slightly. Their complexions turned pale, and they never expected that the Ancestor of the Green Race Clan would be split apart by Gu Changge just by meeting him.

All the aura of life disappeared as if it had never appeared before. The shock of this scene was so great that it almost made them wonder if it was a hallucination.

“Now it’s your turn.”

After killing an Enlightened being with one blow, Gu Changge’s expression did not change at all, as if he had done a trivial matter. He looked at Xuan Gang and the two and spoke lightly.

Above his head, the Nine Mountains Immortal Seal was trembling slightly, which was because of the fear of something with spirituality toward some fierce and terrifying things.

At this moment, it felt the horror of the Eight Desolation Demon Halberd, which was the ultimate power to destroy the world.

“Who the hell are you!”

Another Enlightened being whose body was that of a Nine Head Golden bird had a trembling voice and a numb scalp. It was the first time she saw the scene where an Enlightened being was killed, and it was so easy, which was something she could not have imagined before.

The shock and horror this scene gave her were so great that her soul was trembling, and she was terrified to the extreme. They were Enlightened beings who were the most powerful in the world, and now that immortality was not visible, they were invincible.

“Run away!”

Xuan Gang’s reaction was quick, his face was pale and full of fear, never expecting that Gu Changge was hiding so deeply. It seemed that the mountain masters of the Nine Great Mountains had all encountered accidents.

He immediately turned into his original body, bigger than the galaxy, and fled toward the distance. But in the next moment, a red glow arrived faster than his speed, it looked like it was a sword aura and the whistling made the long river of time chaotic. The whole universe seemed to be cut off.

The Immortal Slaying Gourd glowed and appeared in Gu Changge’s hand. At the mouth of the gourd, a red glow spewed out, which turned into terrifying sword energy, caught up to Xuan Gang, and circled around his neck.

Puff!

A monstrous rain of blood appeared, flooding the universe, and a huge basalt head rolled down, with panic still remaining in its eyes.

“Don’t... don’t kill me... I’m willing to surrender...”

Seeing this scene, the Enlightened powerhouse whose body was that of the Nine Head Golden bird was so frightened that she dared not run away. Although she had extreme speed, she dared not say that she could escape this sword’s energy.

Even Xuan Gang, who had a terrifying physical body, had his head chopped off by this sword energy, let alone her.

“It seems that you are still smart and did not escape.” Gu Changge smiled lightly.

Hearing this, the face of the Nine Head Golden bird couldn’t help showing joy and suddenly saw hope.

“But it’s a pity that all of you have to die today, otherwise my identity will be exposed.”

In the next moment, Gu Changge’s regretful words rang out, which made her pale, trembling all over, and despair instantly.

Puff!!

Once again, the bloody light was set off again, and everything became dead silent in the end. The entire universe was shattered, and the chaotic aura rushed to the world as if it was going to submerge the world, without any fluctuations or traces left.

Chapter 485-1: Young Master of the Great Domain of Yunze, Were you sent by Gu Changge to protect me? (1)

Rumble!!

The blood rained torrentially with a shocking momentum. Gu Changge sat cross-legged in the depths of the universe as he opened his mouth, and screamed, causing the origin of life that was like a galaxy gathering towards him.

The space beside him seemed to have turned into a blood-colored cocoon, and then a slender figure arrived from a distance. Looking at all this, it was not surprising.

“Their strength is much weaker than that of the Nine Great Mountains.”

Gu Changge opened his eyes and sighed with some regret.

“Their Enlightenment time is very short, so naturally they are no better than the Nine Great Mountain Masters.”

Heavenly Maiden Tianlu’s eyes flickered slightly, and she felt that Gu Changge’s strength had become much stronger. With such a speed of improvement, it might not be long before he would step into the threshold of Enlightenment.

No wonder the younger generation was so far behind Gu Changge that they couldn’t even see his bottom.

“How about the passage to Heavenly Boundary Abyss?”

Gu Changge nodded with a strange expression on his face, then raised his hand lightly, and slapped himself. Immediately, a smear of blood spilled from the corner of his mouth, and then the whole person’s aura quickly weakened, as if he had suffered a serious injury.

Seeing this scene, Heavenly Maiden Tianlu froze for a moment, feeling that Gu Changge seemed to be quite familiar with it, and obviously, he did this a lot.

“The passage to the Realm of Space has been stabilized, and the Upper Realm can enter the past at any time.”

Soon, she recovered, with a complicated expression on her face. This passage was personally stabilized by her.

“That’s good, it’s a pity that these three escaped in the end...”

Gu Changge nodded and then sighed regretfully. Heavenly Maiden Tianlu’s eyes were crystal clear, shining with luster, she stared at him closely, and suddenly understood Gu Changge’s plan.

The fact that he confronted the three Enlightened beings alone was already horrifying enough to shock the world. If he was not injured, it might be even more suspicious, because his current strength was so strong that it was unimaginable.

If Gu Changge’s hidden identity was revealed, he might face a situation where everyone in the world would become his enemy in the blink of an eye. At that time, the entire Upper Realm would probably not be able to accommodate him.

And obviously, Gu Changge’s so much was not once or twice.

“What? You want to threaten me with this?” Gu Changge noticed her expression and smiled playfully.

“Mr. Gu, are you still afraid that I will threaten you?” Heavenly Maiden Tianlu shook her head slightly, with a faint smile on her lips.

“Of course, I’m not afraid.” Gu Changge smiled, stretched out his hand to caress her face, and finally landed on her white and delicate neck, “Because it’s actually not difficult for me to pinch you to death.”

Afterward, a golden road emerged under the two people’s feet, tearing apart the universe here, and leaving this place.

Boom!

And at this moment, in the place where the two armies were fighting, amidst the endless rush, there was a roaring sound from the Great Dao. The void was trembling, the light was bright, and the aura was heavy as if a passage had been pierced.

The majestic and terrifying existence existing in it was like breaking through!

“This powerful wave! Who is piercing through the void and rushing to this place!”

Some powerful beings of the Upper Realm noticed it instantly, and they were extremely shocked and puzzled at the same time.

“It seems that the reinforcements from the Eight Desolations and Ten Regions sensed the fluctuation and rushed over...”

Someone guessed, his eyes were a little cold.

Boom!!

A series of terrifying divine thoughts swept away, rushing towards the void, like heavenly knives, extremely sharp. This was the pure power of the primordial spirit, and it was the Supreme realm, which could easily crush everything!

With a bang the stars exploded and collapsed. It was as if the heavens and the earth were splitting, the universe was shaking violently, the chaos was churning, and the aura of opening up the world was swallowed up, drowning everything.

“What!”

Suddenly, a loud cry sounded, and the complexion of a Supreme Emperor of the Ancient Royal family changed drastically, and he felt like he was about to explode. For a moment, all the light in this place disappeared, and even the sound of fighting was completely invisible.

An incomparably radiant golden divine sword, like a bright sun, puffed out its sharpness, with murderous intent, and it slashed straight down!

Puff!

The screams disappeared, and the Supreme Emperor of the Ancient Royal family was beheaded. The void split open, and a space channel was opened.

One of the blurred figures stepped out, looking quite young in appearance, but it was hard to hide the vicissitudes of life. The white mist floated around him, and his eyes were like cold stars, standing in the void.

Behind this figure, followed by the mighty army from the Eight Desolations and Ten Regions, who apparently heard the news that this place was encircled and suppressed, and came quickly to support them according to the spatial coordinates of the Heavenly Boundary Abyss.

The moment they saw him, everyone from the Eight Desolations and Ten Regions was stunned for a moment, and then they burst out into a monstrous exclamation. Everyone was a little excited and delighted, and recognized who it was.

“It’s the Young Master of the Great Domain Yunze, he has come to support us.”

“Great, our reinforcements are here!”

A cultivator said excitedly that from despair, he suddenly saw hope. The Eight Desolations and Ten Regions was the collective name of the Eight Desolations and the Ten Regions, and the Great Domain Yunze was exactly one of the Ten Regions.

Even if many ancient ethnic groups were in one of the domains, they must abide by the laws of this domain. And the domain master of each domain had the supreme status. The man who suddenly appeared was the Young Master of Great Domain Yunze, named Zhao Yunze, with terrifying talent.

The number one person of his generation 60 million years ago, his cultivation had reached the Quasi-Emperor Realm, and now it was even more unfathomable.

“Everyone flee along the passage, I will block them.”

Zhao Yunze looked very young and heroic, even his hair was shining brightly.

After appearing here, the first thing he did was to raise his hand and shoot out a terrifying star-like sword energy, straddling the Upper Realm army trying to pursue it.

This sword slashed out, containing a majesty that could not be seen directly, turbulent and vast, as if splitting the sky and the earth, directly forcing back countless Upper Realm armies by one person.

One person could stop thousands of troops! He stood under the sky, his whole body was shrouded in thick fog, his eyes were deep and calm, and he had an invincible posture.

There were many powerhouses behind him to support him, responsible for covering everyone. Under this sword, even the superpowers at the Quasi-Emperor Realm of the Upper Realm, their complexion changed slightly, and they felt palpitations. This person was very strong, and his strength was beyond their comparability.

“As expected of Young Master Yunze, he alone saved and blocked many armies from the Upper Realm!”

“He’s too strong!”

This scene excited everyone from the Eight Desolations and Ten Regions, even the younger generation, Xuan Tian and the others cast admiring gazes at him. After all, he was the strongest person of his

generation 60 million years ago, and his cultivation base was overwhelming at that time, and no one could beat him.

Now his strength was even more unfathomable. As soon as he appeared, he showed an invincible posture.

“This person seems to have a great reputation in the Eight Desolations and Ten Regions, so many people recognize him.”

“But it seems that he wants to delay the time. With one person, can he stop our army of hundreds of millions?”

The ancient existence of many forces of the Upper Realm flickered, guessing Zhao Yunze’s identity, and then sneered.

Chapter 485-2: Young Master of the Great Domain of Yunze, Were you sent by Gu Changge to protect me? (2)

Rumble!!

They took the lead, and their terrifying power swept across the sky and the earth. They lost to the three Enlightened beings from the Eight Desolations and Ten Regions before, but they were not afraid of Zhao Yunze.

“Many deeds of unrighteousness will lead to death. There is no evil in the Upper Realm, and sooner or later there will be retribution.”

Zhao Yunze’s expression was very cold, especially after seeing the heavy casualties in the Eight Desolations and Ten Regions, his expression became even colder.

What was more, in the depths of the Abyss, there was actually an army from the Upper Realm appearing, intending to wipe out everyone in this place.

This could only show that there were traitors in the Eight Desolations and Ten Regions, and they were still in high positions. They had a deep understanding of the changes in the Heavenly Boundary Abyss’s route.

Otherwise, it was absolutely impossible for the Upper Realm to enter the Heavenly Boundary Abyss in a short period of time. Who was this traitor? It needed to be investigated after this matter.

The most urgent task now was to bring everyone back to the Eight Desolations and Ten Regions and leave this place. Thinking of this, Zhao Yunze swept over everyone and ordered the people behind him to take the younger generation away first.

Soon, a terrifying battle broke out here, the starry sky was trembling, pierced like a sieve, and horrible cracks appeared. There were many ancient existences from the Upper Realms, and their aura resorted to extremely powerful methods to fight Zhao Yunze.

The brilliance of this place was suddenly blurred, all the laws were evolving, the rules collided, and the Dao was rumbling as if they had crossed time and space and reached the era of muddle headedness.

“Attack!”

And in the space channel behind Zhao Yunze, a large number of troops stepped out, fighting with everyone from the Upper Realm in front of them. They covered many geniuses’ and high-level officials’ retreat and helped them escape.

It had to be said that Zhao Yunze’s strength was terrifying, and he wouldn’t lose the slightest bit against many Ancient existences in the Quasi-Emperor Realm. The sword energy swept across his body, and the stars that had already burst apart exploded under the aftermath and turned into ashes.

“This person’s strength is very strong. If he was in the same realm, I feel that he would be a strong opponent.”

The Heavenly Demon Monarch, the Six Crown King, the heir of War Immortal Mansion, etc, had all returned to the ancient warship, watching this terrifying battle from afar.

If not for Zhao Yunze’s sudden arrival, the battle might have ended. However, just as Gu Changge arranged for a backhand, he was caught off guard in the Eight Desolations and Ten Regions.

Now, Zhao Yunze’s support was beyond the expectation of everyone in the Upper Realm and caught them by surprise.

“If Young Master Changge hadn’t arranged for that backup, maybe we’d suffer a big loss today.”

Many geniuses whispered, feeling that Zhao Yunze’s sudden attack was not an accident, but a plan that had been planned long ago. The purpose was to catch them off guard. But because of Gu Changge’s calculations, Zhao Yunze came to support him.

“I wonder where Young Master Changge is now... Fighting against the three Enlightened beings, even with his strength, I’m afraid it will be a disadvantage... Although judging from the previous situation, Young Master Changge has a lot of advantages, but after a long time, it would still be a bit dangerous.”

“Young Master Changge is still too young after all. If you give him a little more time, he should be able to fight the True Enlightened beings.”

Some people couldn’t help but say, looking at the distant depths of the universe, the fluctuations there seemed to have subsided.

It seemed that the terrifying war should also come to an end.

This made many people a little worried. If the three Enlightened beings from the Eight Desolations and Ten Regions were killed and returned, their side would still be in danger.

Hearing these words, Gu Xian’er frowned slightly. It was not that she had no confidence in Gu Changge, but the three Enlightened beings were already almost invincible in the Upper Realm today.

She didn’t know how Gu Changge destroyed Nine Great Mountains before. But thinking about it, without the help of the Ancestors of the Gu family, it would be basically impossible for Gu Changge to do it alone.

For him, this battle should not be easy.

“Eight Desolations and Ten Regions only want to evacuate. There are quite a few of them, but compared with our army, they are still far behind.”

At this moment, someone saw the intention of the Eight Desolations and Ten Regions, and almost everyone was rushing to where Zhao Yunze was, wanting to retreat from the space passage they had opened up.

However, after this battle, even if the people from the Eight Desolations and Ten Regions were able to escape, they suffered heavy losses. The remaining army was less than one-tenth of what it was before.

Even many powerhouses in the Quasi-Emperor Realm died from the cumulative attacks before, and the blood mist was still floating in the universe.

“Retreat!”

Seeing that people from all ethnic clans had almost evacuated. Zhao Yunze’s complexion darkened, and he suddenly let out a low shout, his eyes shining like a little sun.

The strands of hair suddenly glowed, and each strand of hair flew into the air, turning into an unrivaled sword energy, slashing towards the sky in all directions. At this moment, it seemed that there were thousands of sword auras slashing down, and the brilliance was boundless.

Each one was extremely terrifying, and there was no way to block the existence of the Quasi-Emperor Realm.

This was a secret method of his, which required a lot of energy, but he couldn’t care about it now. Seeing this, the faces of many ancient beings who were fighting with him were a little gloomy, and they had to resist, and it was difficult to continue to attack.

Moreover, the tens of thousands of sword auras not only slashed at them but also at all the people on the ancient warship who appeared behind them. Zhao Yunze’s mind was very simple, he didn’t simply evacuate, but wanted to use this blow to take advantage of the opportunity to kill the Upper Realm’s army.

Rumble!!!

Immediately, one after another sword aura slashed down, covering the sky and covering the earth, the sky and the earth rolled back, many laws and orders collapsed, and it was as turbulent as a vast sea.

The flying boats and ancient warships lit up with brilliance, turning into a series of divine patterns, interweaving and resisting. Endless momentum and brilliance erupted here. The ancient beings looked gloomy and had no choice but to resist.

Zhao Yunze’s strength was no longer as simple as the Quasi-Emperor Realm, but approaching the level of the Enlightened one. They were only dharma bodies. When they fought against Xuan Gang and the other three, they had already consumed a lot and were no longer at their peak.

“His target turned out to be us.”

Seeing this scene, the faces of the Six Crown King, Heavenly Phoenix Maiden, Heavenly Demon Monarch, and the others all turned slightly cold, realizing Zhao Yunze’s purpose.

With their identities, they rushed to this place, so they naturally had items to protect their lives. Although it was said that there was not much risk of life in the face of this blow, for life-saving things, if you use one, you would lose one.

Who didn't feel bad? Gu Xian'er was also aware of this, and with a look of pain on her little face, she reluctantly used a jade talisman. However, before she activated the jade talisman, a burly black shadow, like a god of war, suddenly crossed the void and appeared in front of her.

The black spear swept across, and with the sound of wind and thunder, it shattered the incoming sword energy. The whole person stood there emitting terrifying power.

"Eh!"

Gu Xian'er was a little stunned, she never expected that someone would show up to protect her at this time. It didn't look like the Quasi-Emperor powerhouse of the Gu family.

She was a little puzzled, she had never seen this figure before, but she breathed a sigh of relief and took the life-saving jade talisman back. After all, it could block a blow from the Emperor realm's existence, which was precious.

However, the rest of the young beings were not as lucky as Gu Xian'er. They were all urging the protective objects on their bodies. They were doused in brilliant lights and resisted the blow, but they were also very embarrassed. They were thrown out as they were coughing and bleeding.

"There is a Quasi-Emperor Realm cultivator to protect her..." An Yan, the princess of the Hidden An family, was also in a panic, but she noticed the terrifying figure in front of Gu Xian'er, she couldn't help being stunned, and there was a burst of envy in her heart.

"Were you sent by Gu Changge to protect me?"

Gu Xian'er's eyes were crystal clear and moving. After realizing it, she stared at the tall figure in front of her and couldn't help asking. The existence of a Quasi-Emperor Realm was hidden in her secrets, and she didn't even know about it earlier.

After much deliberation, except for Gu Changge, no one else would have arranged it this way. This made the corners of her lips curl up slightly, and she really wanted to grab Gu Changge's robe at this time and ask him carefully, didn't he say that he didn't care about her?

Chapter 486-1: One sword light chills three thousand realms, You still have a logical ghost talent (1)

The huge body stood in front of the ancient warship, like a god of war. There was a powerful and terrifying aura emanating from his body, and the long sword swept across, causing large cracks in the void that spread out tens of thousands of miles.

All the swords in front of Gu Xian'er were cut off by him and they could not approach Gu Xian'er's body. The aura of the Quasi-Emperor Realm was filled within the entire starry sky, making many ancient existences change their expression. They felt Alpha's power.

The rest of the young existence enviously looked at Gu Xian'er at this moment. They did not have any existence in the Emperor Realm for protection. Just now Zhao Yunze's blow really made them very embarrassed, having to spent a life-saving item

“My Lord ordered me to protect Miss Xian’er.” Alpha’s answer was simple and cold as if there was no emotion.

“I don’t want him to protect it.” Gu Xian’er’s mouth was slightly raised as her eyes said “I had expected this.”

In her opinion, Gu Changge was a guy who didn’t care about right and wrong. Although he had no mercy in his mouth, he would have disliked her. But every time she was dangerous, Gu Changge would protect her in various forms.

Of course, it would be much better if he didn’t bully her. Alpha was standing in the front and didn’t talk much as he stood like a majestic mountain with a heart-mindedness.

At this moment, in the distance, Zhao Yunze glowed, and his aura was like a sea. Seeing that this attack didn’t work, his complexion was a little gloomy. He was about to enter the open space channel to leave.

As above the sky a horrible aura dangled, the fog was surging, and there was a space for sculpting.

“Damn, should we let him escape at such a time?”

Many ancient existences saw this scene, and their faces were equally ugly. Even if they attacked, they couldn’t stop Zhao Yunze at this moment. This made them a little angry. Now, if the real powerhouses of the Upper Realm came here, how could Zhao Yunze be this arrogant?

Boom!

However, from within the depths of the universe in the distance, a vast and surging aura emerged. The sky collapsed, the world evolved, and the stars were trembling. Under this aura, everything was broken and turned into ashes.

The expression of the people from the Eight Desolations and Ten Regions who were escaping from the space channel changed.

“It’s his aura!”

“The leader of the Upper Realm, he is back ...”

Some people trembled, and their faces turned pale. They still remembered the scene when they were hit hard before, and that scene was too shocking. Until now, it still made them numb.

Many people also looked pale and scared. At this moment, everyone continued without stopping, turning into a divine light and fleeing to that space channel.

“Has the leader of the Upper Realm returned? It’s just right!”

Feeling this aura that was coming to this place, Zhao Yunze’s complexion also changed. But soon a strong murderousness and fighting spirit appeared in him.

“Come and fight! I want to see how strong this person is!”

He didn’t walk, but shouted angrily. He stopped his escape to the passage, and then flashed, appearing at the high altitude of the universe.

Everyone looking at this scene was extremely shocked. They did not expect that at this time, Zhao Yunze not only stopped escaping but also intended to fight with Gu Changge. His guts were too big, which was admirable.

“.....”

The next moment, a sword light appeared illuminating the deep and tattered universe as the swords appeared out of thin air. Each one of them was rough as if the scenery was raised, the energy was brilliant and bright.

As Zhao Yunze slashed out, these tens of millions of swords roared in the world, and the cosmic stars seemed to be separated. This was a huge blow, like the power of the world, and it could destroy everything!

Everyone was shocked and couldn't help shaking. In this sword, there was a danger of life and death. However, in the universe, another sword light appeared like a rising sun.

It was extremely intense, extremely powerful, and incredible, reflecting in the world.

One sword light chills three thousand realms!

It was strong but even more domineering, the world of all nature seemed to be sad, happy, and angry because of this sword...

Boom!

Two sword lights collided deep in the universe. It was as if the universe had collapsed. As if the Eternal Gods were running through the world, sweeping everything, the laws were disordered, and the Dao was collapsing.

The endless chaotic aura rushed toward the height of the universe, drowning all the tattered edges. An ancient warship was trembling, countless runes rushed out, emerging in the void, and then disintegrated while trying to resist this fluctuation.

Everyone felt that their soul was to be blown away by this level of light, and it could not be seen directly. Even if a Supreme existence wanted to see what happened in it, they couldn't help groaning, and their eyes started bleeding.

Subsequently, the impact from this place dissipated, and all the sword light dissipated. The starry sky seemed to be penetrated again, and a terrible Great Rift Valley appeared. Even a piece of void could not be seen.

“What a terrible fluctuation... This is just the first blow of the fight.”

“This person is a bit strong.”

Many people trembled and felt frightened.

“The state of Young Master Changge seems to be wrong, is he injured?”

Some ancient existences of the Upper Realm frowned, feeling that something was wrong. According to the terrifying power of Gu Changge before, this blow would definitely hit Zhao Yunze.

In this way, it could only show that Gu Changge's current state was not good. This sighed in their hearts, but they couldn't say something unexpectedly and also breathed a sigh.

Gu Changge and the three Enlightened beings had fought against each other, they still couldn't help but doubt it. Now that Gu Changge was injured, it made them feel a lot of relief so it was normal.

"He was really injured..." Gu Xian'er's eyebrows twisted together, her hands squeezed the corners of the skirt, and her heart was feeling inexplicable.

Although before, Gu Changge pretended to be injured and deceived her. Though this time, she felt that Gu Changge should not be pretending. He might be really injured.

After all, he was up against three Enlightened beings. Thinking about it, she hated her weakness and she couldn't help Gu Changge at all. He even sent his Quasi-Emperor Realm subordinate to protect her.

"It is worthy of Lord Yunze! The strongest of his peers 60 million years before, he even fell galloping with Gu Changge."

In the surging space passage, some young geniuses of the Eight Desolations and Ten Regions couldn't help but feel excited.

Lin Wu, Xiao Yang, and others also paid some respect to Zhao Yunze. At this moment, he was fighting with Gu Changge and had turned the tide.

"Don't be proud of yourself, you must know that Gu Changge's age is almost the same as us. This is not worth it. If the two of them are of the same age, Lord Yunze would have been shot to death!"

However, soon, someone splashed a pot of cold water, the words were cold, and his complexion was very heavy. Sixty million years ago, he was the strongest person, and now Gu Changge could stop his blow.

This incident made their hearts sink and Gu Changge was given more time. Just then, the enchantment outside the Heavenly Lu City probably would not be able to stop him. Such a wicked person was so powerful that they were desperate and could not have the idea of ??resistance.

"And didn't you feel it? Gu Changge's current strength is obviously weaker than before... It seems that he and the three powerhouses of my world are not in good condition. Otherwise, Lord Yunze might not be his opponent."

"I don't know if this is worthy of joy or sorrow."

Some old people's eyes were like a torch, shining with immortal light, staring at the white man who emerged from the depths of the universe from a distance. His voice was unimaginable.

In this case, many powerhouses of the Eight Desolations were silent, and there was inexplicable restlessness in their heart. In the battle with the Upper Realm, the Eight Desolations and Ten Regions did not have the slightest advantage because of Gu Changge.

With one person alone, they couldn't breathe freely.

Dang!

Dang!

Deep in the universe, Gu Changge arrived. He looked very young, extremely transcendent, handsome, and elegant. With a refined immortal posture, he raised his hands and led the world, not like the people of this world. But the footsteps that came from it seemed to be from the universe, making everyone's heart tight, as if being tightly strangled by a pair of invisible big hands.

Zhao Yunze was standing above the sky, his eyes were just unprecedented, and he stared at Gu Changge. There was a light on his body, looking like a sword immortal.

In the next moment, he trembled and blood dripped from the corner of his mouth before his aura became sluggish.

“What!”

This sudden change instantly made the expression of the people from the Eight Desolations change, they were shocked, and couldn't believe it.

Why did Zhao Yunze, who looked good just now, suddenly vomit blood? Was he pretending just now, and was not really hurt?

After all, if the two of them were fighting, how could Zhao Yunze suddenly cough blood?

Chapter 486-2: One sword light chills three thousand realms, You still have a logical ghost talent (2)

“It seems that we still underestimated the strength of Gu Changge. Even if he is injured, it is by no means that Lord Yunze can be his opponent.” Everyone from the Eight Desolations turned gloomy.

“You are strong.” After Zhao Yunze spit out blood, his complexion turned pale. However, he quickly recovered, staring at Gu Changge, with jealousy in his voice.

“This sentence doesn't seem to need to be said by you.” Gu Changge still had a light smile, and even gave people a sense of spring breeze. If it wasn't for Gu Changge's strength just now, no one would believe that he was injured.

“But you are hurt now.” Zhao Yunze stared at him coldly and began to use a thin bone. Blood sprayed on his body, and he began to restore his injury.

“Yes, it's a pity, I let the three of them escape.” Gu Changge did not deny the words, and it was calm, but his tone had some regret.

Everyone from the Eight Desolations and Ten Regions went cold. They did not expect the three Enlightened beings to escape after fighting Gu Changge. However, from the perspective of the fluctuations just now, if the three people had no reason, they would not ignore everyone in this place.

“You can't stop me now.” Zhao Yunze's expression was cold, and he wondered how much strength was left in Gu Changge. However, he was convinced that if he wanted to escape, Gu Changge could not stop him in his current state.

“If you want to escape, then escape. I really can't kill you now, so you have to pray that you don't encounter me next time.”

Gu Changge still smiled slightly and seemed to see through Zhao Yunze's thoughts at a glance. It was not difficult to kill Zhao Yunze but now was not the time.

After all, he was injured... He didn't have much strength.

Gu Changge was not worried that everyone from the Eight Desolations and Ten Regions would notice that those three powerhouses were already dead. And even if they noticed, they would not doubt him, but they would feel that someone else secretly acted, and killed those three while they were escaping. This hatred would eventually be counted as the one towards the Upper Realm.

Hearing the words, Zhao Yunze's face was cold. He felt Gu Changge's light taunt and unscrupulous murderous intent. Then he hummed coldly and said, "Then you can try it."

The people behind him were a little pale and fearful and were very worried at the same time. If Gu Changge really made up his mind, Zhao Yunze would probably be in danger.

When encountering such a horrible and incredible enemy, any other person would be sleepless and frightened. Even Lord Yunze wasn't Gu Changge's opponent in his prime.

"Then I hope that when you meet me next time, you won't beg for mercy." Gu Changge still had a faint smile on his face.

Zhao Yunze's complexion was gloomy, and he no longer said much. He turned around and entered the golden space channel behind him. This space channel was stable and difficult to destroy from afar.

Otherwise, he won't be so confident. Soon, this space passage began to close, and the mighty troops of Eight Desolations left. Gu Changge stood here, and his face had no waves. Watching all of them disappear, he didn't make a move.

The people of the Upper Realm did not dare to speak lightly, and they kept silent. If there was no Gu Changge, a single Zhao Yunze was enough to make them suffer. The so-called poor foe could not chase. Today, the Upper Realm could be said to have won a lot.

The losses of the Eight Desolations were heavy, and the army that escaped was one-tenth of the original. It wasn't until the entire Eight Desolations disappeared that the ancient existences of some forces stepped forward and respectfully said to Gu Changge. "Young Master Changge. What about the army in the Heavenly Boundary Abyss?"

This matter was confusing for many people. Before that, they did not expect that Gu Changge would make arrangements in the depths of the Heavenly Boundary Abyss. It was this army that attacked and gave the Eight Desolations a surprise.

So they wanted to know if Gu Changge had the right route to the Heavenly Boundary Abyss now. After hearing the words, Gu Changge glanced at the ancient existence, and then he took the lead, "As you see, I do control the correct route of the Heavenly Boundary Abyss."

As for how it was obtained, he didn't say more.

"So that's the case, it is worthy of Young Master Changge and he can easily do what we can't do."

"I am really impressed."

Many ancient existences were shocked from this accurate answer, but did not enquire further.

In the face of the interests of the Upper Realm, Gu Changge must not conceal this matter. Of course, in many people's eyes, this might have something to do with the annihilation of the Nine Great mountains.

Many young existences had complex expressions. They thought that they were still fighting with younger generations of the Eight Desolations. But Gu Changge was already one step ahead of them.

Subsequently, the Grand Army of the Upper Realm began to return triumphantly, and the mighty ancient warships and Divine Mountain crossed the depths of the universe and went to the place where they were stationed.

Now that they knew the correct route of the Heavenly Boundary Abyss it was necessary to discuss how to break through Heavenly Lu City. After solving the two major barriers of Nine Great Mountains and the Heavenly Boundary Abyss, the last barrier of Heavenly Lu City was not worth mentioning.

The morale of the Upper Realm had greatly increased, and almost every cultivator showed excitement and quickness. The Upper Realm and the Eight Desolations and Ten Regions had been at war for countless years, and it could be said that this battle was the easiest and fastest.

Gu Changge's reputation in the Upper Realm had once again risen to an unprecedented peak. One could see children talking about him almost every moment, and their faces had respect and enthusiasm.

Inside the magnificent palace, the immortal energy was dense and a robe was fluttering. Gu Changge was sitting on the bed, and there was a stranded chaotic aura on his body. It was extremely vague, making him like a young Immortal Emperor.

"You are not badly injured, right?" Gu Xian'er's voice sounded cold, the skirt on her slender body fluttered, and her eyes were cold. She was a rare person who could directly enter the palace of Gu Changge.

At this moment, looking at Gu Changge, who seemed to be recovering from injuries, she went forward and couldn't help asking. Gu Changge's nose was dazzling around the stream of elegant fragrance, he opened his eyes, glanced at her, and said, "What are you doing?"

He seemed to be unhappy to see her. Gu Xian'er was worried about him so she wanted to check on him, but she came in vain. However, she had been used to Gu Changge's attitude, so it was not surprising. She immediately stepped back and said, "Of course, to check on you. It seems that your injuries are not serious, and you won't die for a while."

"So you came here to ridicule me?" Gu Changge smiled with interest, and suddenly pinched her pretty face.

"Let go of me, I'm here to take care of you." Gu Xian'er was very dissatisfied. As soon as this bastard got an opportunity, he bullied her every time. It was really too much.

"I don't think you are here to care about me." Gu Changge stared at her pretty face and smiled.

It had to be said that seeing Gu Xian'er's aggravated look made him feel extraordinarily happy. This guy was usually like an Immortal who lived high and cold in front of outsiders, and did not care about worldly matters. She even wanted to stab him but he didn't give her any face.

“Then how do you want me to care about you... You can’t use my healing items.”

Gu Xian’er had a lot of resentment about this matter, and Gu Changge’s strength had now reached the point where he could fight Enlightened beings. General healing items were not useful at all. Where could she find these things for him?

“So this is the reason you came here with empty hands?” Gu Changge raised his eyebrows.

Gu Xian’er was stunned for a moment, and she didn’t want to come empty-handed, but she couldn’t be blamed for that. If she was in Peach Village, she could also ask a few masters for help. But here, the healing artifacts were even more difficult to find, and even if someone had those, they were carefully hidden.

After all, when the two realms were fighting, one more healing artifact was equivalent to one more life.

“How can I come empty-handed ...” However, she was still hard and couldn’t help muttering.

“Oh, so you sent yourself over?” Gu Changge stared at her empty hands and was a little interested.

Gu Xian’er glared at him and said, “Shouldn’t you be happy that I came over to see you? Once you’re happy, won’t your injuries heal faster? This is much more useful than any healing items!”

“Good guy, why didn’t I know that you still had a logical ghost talent.” Gu Changge was amused by this guy.

Chapter 487: No defense against her at all, Like a little fox that stole a chicken

In the palace, Gu Xian’er was dressed in powerful immortal clothes. Her figure looked exceptionally slender and her muscles were as white as snow as she was looking very charming.

After being ridiculed by Gu Changge, she was a little dissatisfied and immediately tried to knock off Gu Changge’s hand with her delicate wrist.

“What? Aren’t you happy yet?” Gu Changge dodged her slapping little hand and couldn’t help smiling.

“Why are you smiling so nastily?” Gu Xian’er stared at him, seeing Gu Changge smiling like this, she wanted to go forward and tear his face off.

Did she say something wrong just now? What was not beautiful and cute about herself?

“Am I wrong?” Gu Changge looked at her with interest and thought that this woman was still as confident in herself as ever.

With her bamboo-like figure, he really didn’t know where she got the confidence to say this.

“What is that look on your face?” Gu Xian’er saw Gu Changge sizing her up, and immediately puffed out her chest with dissatisfaction. But soon, she was a little discouraged, she realized that it seemed like... She really had no confidence.

She was a little depressed, thinking of An Yan with whom she had a good relationship. The two were about the same age, but their bodies were very different.

However, with her character, it was naturally impossible to suffer at this time, she snorted immediately, "Do you know, as long as I wave my hand, my suitors will definitely break through the gate of the Gu family."

"Oh? Believe it or not, as long as I say it, no one in the vast Upper Realm will dare to think about you." Gu Changge pinched her nose, with a faint smile on the corner of his mouth.

"You can't be so domineering..." Gu Xian'er was very dissatisfied and reached out to knock his hand off.

"The more you say that the more I want to do it." Gu Changge smiled faintly.

Gu Xian'er rolled his eyes at him and said, "Anyway, it's up to you."

She knew that with Gu Changge's personality, he could definitely do such a thing. And, if that was the case, that was fine. After all, those suitors were like a swarm of buzzing flies, which really annoyed her.

"You want to follow me, right?" Gu Changge smiled.

Gu Xian'er looked at him suspiciously, feeling that Gu Changge seemed to have something to say. But at the next moment, her tender body suddenly froze, and a haze appeared on her beautiful face. She wanted to break free, but she couldn't resist Gu Changge's strength.

Her whole person fell into his arms in an instant.

Buzz!

Gu Xian'er felt that her head was a little blank, her normally terrifying physical body could not exert any strength at this moment, and her hands and feet were a little weak.

"Let me go." She quickly came to her senses, stared at Gu Changge.

She remembered what he said just now, and couldn't help humming from her nose, "Didn't you still mock me just now? Hypocrite..."

Gu Changge smiled indifferently, looked at her pretty face close to his hand, and suddenly said, "Xian'er..."

"Eh!" Gu Xian'er was flustered by his eyes, her voice suddenly stammered, not as confident as usual.

"Gu Changge... you... you are not allowed to bully me, otherwise, I will ignore you in the future."

"Could it be that in your mind, I only bully you?" Gu Changge had a faint smile on his face. He leaned against her head, closed his eyes gently, and said, "You really have bad eyes."

"You have a bad heart. I feel that you just wanted to bully me." Gu Xian'er was taken aback for a moment. She snorted, feeling that Gu Changge didn't seem to be planning to do anything.

She breathed a sigh of relief in her heart, but she was a little worried about gains and losses. Gu Changge didn't look like a person who could sit still, was that why she was unattractive?

And just when Gu Xian'er was thinking wildly, she found the sound of light breathing coming from her ears. Her shoulders sank, and she turned her head to see that Gu Changge seemed to be... asleep?

This suddenly made her startled.

When cultivators reached a certain level, they didn't actually need to rest and sleep. Most of the time, when they were tired, they could just cultivate and they had to be vigilant all the time.

Like her, only when she returned to Peach Village, her mind was relaxed and extremely peaceful. She didn't have to think about anything, and she didn't have to worry about anything. Only then did she have a good night's sleep.

During this time, cultivators were actually the most vulnerable. Gu Changge would fall asleep at this moment, which somewhat surprised her, which meant that Gu Changge had no defense against her at all.

"Yes, after all, he was willing to give his life to me at that time." Her expression showed tenderness.

"He usually lives brilliantly and is in the limelight, but he is actually very tired... There are too many things that he needs to consider and calculate."

Gu Xian'er looked at Gu Changge's frowning brows even when he was asleep and suddenly sighed softly, reaching out to smooth his brows. She was a little frustrated, if her cultivation was stronger, she would be able to help Gu Changge.

Whether it was about the Demon Heart, or facing a powerful opponent, she wanted to be of help, unlike now, Gu Changge needed to send his men to protect her.

After some time, Gu Changge seemed to be in a deep sleep. Gu Xian'er's crystal clear eyes suddenly stared at him, and then seemed to think of something. Haze rose on her face, she turned her head and leaned over, quickly and lightly pecked, like a little fox that just stole a chicken.

These days, the news of the battle between the Upper Realm and the Eight Desolations and Ten Realms in the Heavenly Boundary Abyss spread rapidly, causing shock in many worlds adjacent to the Boundary Monument Sea.

Many existences of many forces far away in the Upper Realm were also shocked, and then they were pleasantly surprised. This battle gave them too many surprises, but in the end, it was beyond doubt that a stable passage had appeared in the Heavenly Boundary Abyss and the Eight Desolations and Ten Regions were traumatized

Now, the power of inviolability within the sea of Boundary Monuments could last up to three months. In the Upper Realm, every day, there was a thick fog, and the aura was overwhelming.

There were many terrifying figures, their Dharma body was boundless, surpassing a million feet as they began to leap out from the Clan's land, stepping thousands of miles, tearing the universe apart, and descending.

If the timing was right, after three months, the Upper Realm would raise troops to attack the Heavenly Lu City. On the other side of the Eight Desolations and Ten Regions, various ethnic clans were also discussing this matter.

At the same time, they were excluding everyone, intending to find out the spy placed here by the Upper Realm. This time, a passage had pierced through the Heavenly Boundary Abyss for the Upper Realm, obviously, it was because someone betrayed the Eight Desolations and Ten Regions.

As Lord of the Great Domain Yunze, Zhao Yunze sensed that something was wrong and immediately sent out an order.

Although Xiao Yang knew that it was Heavenly Maiden Tianlu who had betrayed the Eight Desolations and Ten Regions, if he spoke lightly, he was worried that this would disturb the spy, Heavenly Maiden Tianlu, so he was always very vigilant and did not dare to say much.

He knew that the core of the formation in Lu City was not in the hands of Heavenly Maiden Tianlu. If the Upper Realm wanted to break through the barrier, it was not that simple. Therefore, Heavenly Lu City was safe for the time being.

There were Eight Desolations and Ten Regions in total. The Ten Regions were extremely vast, with numerous factions, ethnic clans, and inheritances. However, as the name suggests, the Eight Desolations were very desolate, shrouded in miasma, and few cultivators lived there.

On the contrary, there were quite a few groups of ferocious beasts. In addition, among the Eight Desolations, there were also extremely special races that did not participate in this battle when the Upper Realm invaded in the past.

Now that the situation was urgent, the Ten Domain Lords all set off to the Eight Desolations to find the Eight Desolation Lord in order to discuss the matter together. Being able to serve as a Domain Lord or a Desolation Lord, the lowest level of cultivation was that of an Enlightened being.

Moreover, they were not ordinary Enlightened beings but those who had gone a long way on this road. What happened before the Heavenly Boundary Abyss could be said to have hurt all ethnic clans and they suffered heavy losses.

Even Zhao Yunze, who was invincible 60 million years ago, was injured in the battle with the leader of the Upper Realm. The entire Eight Desolation and Ten Regions were very panicked because of this, and there was a sense of imminent disaster.

All cultivators and creatures felt the terrifying determination of the Upper Realm to attack.

Afterward, the news spread that the three Enlightened Ancestors who went to the Heavenly Boundary Abyss from the Black Turtle God of War Clan, the Green Race Clan, and the Nine Head Golden bird died, causing even more shocking waves.

Chapter 488-1: The hibernating Clan in the Eight Desolations and Ten Regions, The Supreme Throne (1)

The great fall of the three Enlightened beings instantly caused a sensation in the entire Eight Desolations and Ten Regions, triggering a boundless wave. Especially the Black Turtle God of War Clan, the Green Race Clan, and the Nine Head Golden Bird Clan.

Countless clansmen mourned, and above the ancient star of life, a vision emerged as blood rained torrentially. The heaven and earth wailed, covering thousands of miles. This was a vision from the fall of an Enlightened being that was closely related to the luck of the family.

The clansmen felt great pain in their hearts, kneeling with tears and angry murderous expressions on their faces. This was the most powerful existence of their three clans, and the death of one was an unimaginable loss. It was extremely distressing, and it could be described as traumatic.

But now they died unexplainably. This was something that no one expected at all. After all, the three Enlightened beings were extremely profound. They fought against the Upper Realm in the abyss, and they finally came to the depths of the universe with Gu Changge. And Gu Changge returned with serious injuries, and the three Enlightened beings escaped.

Many people thought that the three of them returned to the Eight Desolations and Ten Regions ahead of time because of their serious injuries. Now suddenly hearing the news of their demise was really shocking and unbelievable.

With the strength of the three of them, it was absolutely impossible for Gu Changge to kill them, so there was only one possibility left. On the way back to the Eight Desolations and Ten Regions, the three of them were ambushed and killed by a strong being from the Upper Realm.

There were so many powerhouses in the Upper Realm, even if the Enlightened ones could not descend in person, only with a few Dharma Bodies and one or two Supreme Forbidden Weapons, it was possible to kill an Enlightened being, especially in the case of one with serious injuries.

Other than that, there was no other possibility. This statement was almost agreed upon by the vast majority of people of the Eight Desolations and Ten Regions, and they hated the Upper Realm even more.

With time, the passage of the Heavenly Boundary Abyss was opened up by the Upper Realm, which showed that the Upper Realm had already arranged for it in the Eight Desolations and Ten Regions. All kinds of things made many cultivators and creatures feel uneasy.

Boom!!

In the next few days, a series of divine lights pierced through the sky, breaking through the thick clouds, as if tearing apart the entire universe.

On the stars of life of the Eight Regions, many ethnic clans began to gather, chanting the ancient scriptures, and there were ancient voices, which seemed to come from distant time and space, requesting the founder Ancestor of the Clan.

Among some divine origin that had been sealed since the existence of the Eight Desolations and Ten Realms, some ancient existences also appeared. Their aura dried up and declined at the beginning, began to recover, billowing clouds of aura covered countless stars, and the vision shook the entire universe.

In the clans, they were also chanting the ancestral scriptures, awakening the power of true blood in their bodies, and trying to ask the ancestors' true spirits to descend to the world and protect them.

The entire Eight Desolations and Ten Regions was already in chaos. Every day, one could see ancient warships flying across the world, gathering among the stars of life everywhere, and rushing to Heavenly Lu City.

“I don’t know how to tell you, but... the fact is like this.”

Currently in a misty grand and simple pavilion. Lin Wu and a woman in a white skirt were sitting opposite each other, and they spoke with a bit of helplessness and bitterness on their faces.

Behind the woman in the white skirt, there were many young men and women who were like followers, all dressed in precious clothes, shining brilliantly. They were all sent away by the woman in a white skirt.

Only she and Lin Wu were left here.

“If what you said is correct, I’m afraid something really happened to Master.”

The woman in the white skirt had a pretty face, with an aura of detachment, but at the moment her face could not hide the sadness and confusion. Her name was Song Chan, and she was the Heavenly Maiden Tianlu of this generation.

Before, when Lin Wu and Heavenly Maiden Tianlu met in Heavenly Lu City, he had met Song Chan. At that time, Song Chan stood quietly behind Heavenly Maiden Tianlu, like a maid. However, Heavenly Maiden Tianlu had disappeared and Song Chan would naturally become the new Heavenly Maiden Tianlu.

Except for her, no one in the Eight Desolations and Ten Regions knew that Heavenly Maiden Tianlu had actually disappeared. Song Chan didn’t dare to speak out, for fear of triggering a shocking wave and causing unnecessary panic.

“Actually, I should have told you about this...” Lin Wu also sighed, with mixed feelings in his heart.

If it wasn’t for saving Luluo, he wouldn’t want to bear the infamy, betray the Eight Desolations and Ten Regions, let alone take advantage of Song Chan in front of him. But now, he had no choice. Gu Changge didn’t have much time left for him.

In the hunting place of Heavenly Boundary Abyss before, when he fought against a young being from the Upper Realm. The young genius suddenly said something inexplicable, which made him stunned, and then he realized that it was Gu Changge who ordered that person to pass a word to him.

At that time, Lin Wu felt cold all over his body, his hands and feet were cold, and he felt that he was being played by Gu Changge in the palm of his hand, and his words and deeds seemed to be unable to escape his eyes.

This made him even more desperate and he even felt like dying. However, for the sake of Luluo and others who were still in Gu Changge’s hand, Lin Wu took the initiative to contact Song Chan during this battle with the Upper Realm.

After the two got to know each other a little bit, he was here today and told her what happened on the shore of the Boundary Monument Sea. Including how Heavenly Maiden Tianlu lost, how she encountered Gu Changge’s schemes, and how she was caught by Gu Changge in order to save them.

He didn't go into many details. But this was enough. Song Chan had great respect for Heavenly Maiden Tianlu and was even more worried after learning that her Master was in trouble.

"I see, so Master has fallen into the hands of the Upper Realm?"

Song Chan quickly calmed down, thinking of the explanation given to her when Master left, telling her not to avenge her. But at this point in the matter, could she really remain indifferent? If her Master did not exist, how could she become what she was today?

"To be exact, she fell into the hands of Gu Changge."

Lin Wu sighed, in his opinion, the sudden emergence of the Upper Realm army from the boundary of the abyss was actually inseparable from Heavenly Maiden Tianlu. When he saw Heavenly Maiden Tianlu at that time, he felt that her state was not quite right.

"Gu Changge..."

Song Chan's complexion was a little pale, and she couldn't forget the terrifying power he showed when she saw Gu Changge in the Heavenly Boundary Abyss. Since her Master fell into his hands, how could she save her?

"Then tell me, does the matter of the passage of Heavenly Boundary Abyss this time have anything to do with Master?"

Song Chan suddenly thought of another possibility, and couldn't help shivering. She couldn't believe that her Master, who was the patron saint of Heavenly Lu City, would betray Heavenly Lu City even if she died.

Song Chan knew Heavenly Maiden Tianlu very well and knew that she would not do such a thing. But now, apart from this possibility, there was no other possibility.

In other words, at some point, Heavenly Maiden Tianlu was already standing on the side of the Upper Realm and became the enemy of the Eight Desolations and Ten Regions. This made her a little confused, and for a moment she even felt that she was crazy, how could she have such a terrible guess?

"As the disciple of Heavenly Maiden Tianlu, you should know her better than I do."

Lin Wu shook his head and didn't say much. He came here just to tell Song Chan about this matter, so he definitely won't say much about the rest. If Song Chan was really worried about Heavenly Maiden Tianlu's safety, then she would definitely know what to do.

He could only get in touch with the formation core of Heavenly Lu City through Song Chan, and there was no other way.

"I see." Song Chan's voice trembled slightly.

After suddenly realizing that her Master had betrayed Eight Desolations and Ten Regions, she couldn't believe it, and her head was still buzzing. Once Lin Wu left this place, he intended to return to the clan's land and arrange the affairs of the clan.

Now that they had witnessed Gu Changge's power and terror with their own eyes, the family behind him should understand the odds of winning this battle. If the Upper Realm's army overwhelmed the city and started attacking Heavenly Lu City, it would be more than just facing Gu Changge at that time.

He was not only thinking about himself but was also thinking about his family. On the other side, Gu Wudi and Xiao Yang also gathered with many ancient beings to discuss major issues.

Both of them were the disciples of the Nine Great Mountains, especially Gu Wudi, who was also a cultivator of the Nine Mountains, with a distinguished status. Now that the Nine Great Mountains had been destroyed, it was difficult for them to play any role in the great battle with their strengths.

So after discussing it for a while, they decided to find the mysterious Mountain Lord.

According to what other Mountain Masters of the Nine Great Mountains had heard, the strength of the Great Mountain Master was terrifying and far-reaching, and its existence could be traced back to when the Nine Great Mountains were established.

Even if the other eight people add up, they were not his opponent. If the Mountain Master could be found, then in this final decisive battle with the Upper Realm, it might play an unexpected role.

Chapter 488-2: The hibernating Clan in the Eight Desolations and Ten Regions, The Supreme Throne (2)

Moreover, Xiao Yang had other thoughts in his mind, the Second Mountain Master had told him about his life experience before. During this period of time, he also investigated the Guardian Clan through various methods.

He could only find out that more than 20 years ago, after encountering unexpected disasters and being attacked and killed by a group of mysterious people, his family fell apart and turned into a catastrophe.

Today, in the mountains where the Guardian Clan was located, raging fires that could not be extinguished could still be seen. Many people were wondering whether the lineage of the Guardians had become extinct. This made Xiao Yang feel sad, he actually did not have many memories.

What was more, more than 20 years ago, he was still in his infancy and ignorant, and was sent to the foot of the Nine Great Mountains by his servants before being isolated from the world. However, Xiao Yang also did not believe that there were no other relatives alive in this world except him.

According to Second Mountain Master's words, his bloodline still needed special means to be awoken. At that time, he would have the power of demons and gods. If he couldn't find a Clan member, then the bloodline of his Guardian Clan was useless.

So Xiao Yang intended to look around during this time to see if he could find any clues about the Clansmen. And just when the Eight Desolations and Ten Regions were in turmoil because of the news of Heavenly Boundary Abyss's defeat sweeping all parties.

In the Great Bone Region, in an extremely depleted and gloomy place. This was a piece of black scorched earth, with an extremely long-lasting ancient aura, turning into chaotic mist and covering all directions with a terrifying aura.

Even if a Sacred Realm existence was stepping into this place, it would make one's face turn pale and be cautious. The Great Bone Region was a very special domain of the Eight Desolations and Ten Regions.

Because the creatures in this domain were extremely rare, although it was extremely vast, the power of the ethnic clans was far less than that of other large regions. It was even said that the Bone Domain was actually transformed after the split of a mysterious place called Nine Immortal Burial Ground.

Boom!!

Yet at this moment, in the deepest part, a pair of pupils opened, and a terrifying scene emerged from within. The sun rose and the moon fell, the sea turned into mulberry fields, the thunder and lightning dried up into ashes, the universe collapsed, and all living beings wept.

This pair of eyes was very big, like the only one in the black fog, very indifferent, as if there was no other emotion.

"Heavenly Boundary Abyss was defeated, the leader of the Upper Realm, surnamed Gu, so that's how it is. Is the final decisive battle finally about to start? The mission of our Clan for so many years is finally about to be completed..."

This extremely terrifying figure was muttering softly. When he got to the back, he was a little relieved, but also a little excited.

"Old Ancestor, why did you summon me?"

Outside the thick fog, a slender figure, a very vague figure suddenly appeared, and the voice was also very cold. Even in the face of the ancestor, there was no fluctuation in the words, and there seemed to be no emotion.

"I feel the aura of the Guardian Clan. They are not dead yet, and the mission of my family has not been completed." Eyes in the fog fell, and he spoke indifferently.

"Is the lineage of the Guardian Clan still alive? More than 20 years ago, I clearly did it myself to wipe out the true spirit of their Patriarch."

The slim figure frowned, and there was more doubt in his voice.

"This family should not be underestimated, and I feel the luck of the Guardian Clan, which seems to be growing vigorously."

The voice in the fog sounded again. Afterward, scenes began to emerge in those terrifying eyes, as if they were going to deduce the lineage of the Guardian Clan. But at the next moment, with a pop, a very bright sword light seemed to travel through time, space and time, and contained an unimaginable aura, and suddenly fell from it.

There was blood splashing out, causing him to let out a muffled groan. There was a little silence here, and then a murderous aura shot up to the sky, piercing the sky.

"It seems that there is Great Luck in the dark, or the true person has reappeared." He sneered, seemingly not surprised by this.

“I see. It seems that the fish that slipped through the net at that time appeared again. I’ll take care of it.”

Seeing this scene, the slender figure didn’t seem to be surprised. She nodded, and her voice was still indifferent, without any waves. Then, a crack appeared in the space in front of her, and she turned around and stepped into it, and disappeared.

“My family was ordered to stay here for countless years, and it is finally coming to an end.” The figure in the black mist also returned to silence.

In the huge region of white bones, the mist was so thick that it was difficult to disperse, and all insects and birds were silent. Different from the horrific massacre in the Eight Desolations and Ten Regions, the Upper Realm was quite lively.

This battle was a complete victory, and almost every faction was holding a celebration banquet. On the many ancient warships covering tens of thousands of miles, one after another, divine lights passed by, carrying meat, food, and drinks.

In the most central area, various ethnic clans had created several thrones.

It was like a Black Gold Immortal Stone, with a lustrous luster, containing extraordinary rhyme, filled with layers of mist, and imprinted with various magical lines, it was very noble.

At the same time, it also represented the Supreme power, even the Enlightened being was not qualified to sit down at this time. Only those who had made great contributions to the Upper Realm during this battle could sit on the throne.

Of course, Gu Changge was undoubtedly the only one who was qualified to sit down now. His expression was very casual, he sat down on a throne at random and felt a strange aura, since even he could be warmed up, one could imagine the extraordinary material.

Such a throne was no different from a hard-to-find treasure. It was cast by various races at a great cost, and it had formed a rune formation of its own, which could accumulate the mighty power of heaven and earth.

Below Gu Changge were the powerhouses of all races, even the Dharma Bodies of the most powerful powerhouses were in the banquet below, and they were not qualified to sit beside him.

In this regard, all ethnic groups and forces did not feel that there was anything wrong with it, nor did they have the slightest objection. During the banquet, the singing and dancing were wonderful. There were many beautiful maids from all ethnic groups, and there were also many heavenly maidens who came forward to sing and dance, showing off their charm to the fullest.

The younger generation such as the Six Crown King, the Heavenly Demon Monarch, and the Jin Chan Buddha were in another direction, separated from many older generations. They were all drinking by themselves, and occasionally chatting with people they knew well.

This battle did not satisfy them, not because of Gu Changge’s sudden intervention. It was the younger generation on the side of the Eight Desolations and Ten Regions, who couldn’t find a few existences worthy of their all-out efforts.

Many young people came forward and competed. The brilliance was gorgeous, the divine light was surging and a series of talismans flew out, containing terrifying power.

The older generations also looked at all this with a smile on their faces, hoping that their own geniuses could take this opportunity to become famous. After all, those gathered here were all the most powerful and long-standing forces in the Upper Realm.

Such an opportunity was rare. Afterward, many people also came forward to toast Gu Changge. Among them, there were many goddesses with beautiful and moving appearances. They were not young on the path of cultivation.

Looking secretly at Gu Changge, their eyes shone brightly.

Gu Changge smiled and nodded one by one.

During the period, many cultivators came forward to ask him about the way of cultivation, and even the older generation listened carefully, not missing a single word.

“Xian’er, why don’t you go to offer a cup to Young Master Changge? Anyway, he and you are of the same clan.”

At the banquet, An Yan, with shining silver hair and an exquisite appearance, spoke with a bright smile on her face.

Gu Xian’er’s eyes were a little wandering as if she was thinking about something. Hearing this, she suddenly came back to her senses and looked up in the direction of the throne.

She ground her teeth secretly, then maintained a calm expression, and said, “There is nothing to toast, those guys are trying to please him, and I don’t need to please him.”

The scene from yesterday was still replaying in her mind. In the end, for some reason, she didn’t know when she unexpectedly fell asleep. When she opened her eyes and found that Gu Changge was lying on his side on the couch, with his head half propped up, looking at her narrowly.

And she still hugged his neck tightly and curled up in his arms. When Gu Xian’er thought of that scene now, she wished she could find a place to sneak in, blushing with embarrassment.

“You are the little princess of the Gu family, and Young Master Changge sent the Quasi-Emperor Realm powerhouse to protect you, so naturally you don’t have to curry favor with him.”

An Yan smiled enviously when she heard her words, and then said with a bright face, “It’s a pity that I don’t have such a good cousin, Xian’er, if I go to toast to Young Master Changge later, will he refuse?”

Hearing this, Gu Xian’er came back to her senses and stared at her with suspicion. She seemed to smell an unusual smell.

“In front of everyone, he wants to maintain his image, so naturally he won’t refuse.”

However, she still answered directly.

Chapter 489: Too jealous and envious, To love her tightly

“That’s good. I was still worried about whether Young Master Changge would reject me because of this.”

Hearing this, An Yan seemed to breathe a sigh of relief, and patted her chest with a happy smile on her face, revealing a pair of small canine teeth.

Seeing this, Gu Xian’er stared at her suddenly, the expression on her face seemed a bit strange to An Yan. She seemed to be angry and unwilling, but more envious. Then she glanced at Gu Xian’er up and down, and understood why she was like this. She couldn’t help being a little funny, but also a little proud.

It turned out that Gu Xian’er, who had always been indifferent to worldly matters, also had this kind of time. An Yan thought that her figure was not inferior to that of any woman of her age, so she could easily beat Gu Xian’er countless times.

Gu Xian’er felt that An Yan seemed a little complacent, and couldn’t help itching her teeth.

“Xian’er, why do I feel that the way you look at me is a bit wrong...” Then, An Yan moved back, feeling as if she had suddenly drawn Gu Xian’er’s hatred.

The expression on Gu Xian’er’s face quickly recovered, and she hummed softly in her heart.

“Do you usually take any elixirs or supplements?” However, she couldn’t help but ask.

An Yan looked like she couldn’t understand what she was talking about, she shook her head blankly, and said, “Usually, it’s just some elixir or meat that is needed for body cultivation, Xian’er, are you talking about that?”

Gu Xian’er listened very carefully, but when she got to the back, she felt that something was wrong. She thought about these things for herself, and she also ate a lot. Now that she had such a terrifying body, it could be said that these elixirs were indispensable.

But why was the gap between the two of them so big? It was so big that her eyes were sour with envy. However, she couldn’t afford to ask carefully, so she could only curse Gu Changge secretly in her heart.

If it wasn’t for him, how could she pay attention to these things?

“It’s fine if you don’t say anything.” Gu Xian’er’s expression returned to her usual coolness.

“Xian’er, why don’t you accompany me to toast and introduce me, it’s not so sudden.”

An Yan blinked her big eyes and showed a smile that she thought was harmless to humans and animals, looking very innocent and bright.

“Just go yourself.”

Gu Xian’er shook her head and refused, she didn’t want to meet Gu Changge at all right now, so at least she let her slow down for a while.

An Yan looked a little disappointed, and shook her head, “I see...”

“Wait. I’d better go with you.” Gu Xian’er frowned slightly, feeling something was wrong, suddenly interrupted An Yan, stood up, and was a little worried.

She felt that An Yan had ulterior motives since she came into contact with her, so she still had to be careful.

“That would be great.” An Yan seemed even happier when she heard her words and hurriedly got up as if she was afraid that Gu Xian’er would go back on her word.

Now Gu Xian’er was even more suspicious, but she couldn’t ask An Yan anything. Then, the two of them left the banquet here and headed toward the throne. Many cultivators and creatures noticed this scene, and their complexions changed slightly.

Gu Xianer knew many people. Even many heavenly beauties took the initiative to make friends with her, trying to get closer to Gu Changge through her. In the eyes of many people, Gu Xian’er was the little princess of the Ancient Immortal Gu Family, and even Gu Changge loved her a lot.

Sometimes, she didn’t even give Gu Changge a face and got angry in front of her. If it was someone else, they would have been slapped to death by Gu Changge long ago, only she had nothing to fear.

Because of this relationship, many young beings were afraid of her. Sometimes, Gu Xian’er took the initiative to find someone to fight, but before the fight, the opponent surrendered and did not dare to fight her at all.

Gu Changge’s defensive character was no secret in the Upper Realm. No one would dare to mess with his followers, let alone his fellow clan members who were so close.

“That is the princess of the Hidden An Clan. I never thought she would get so close to the little princess of the Gu family.”

“I don’t know how the An clan will feel when they find out about it?”

The eyes of many strong people flashed strangely, especially some people who had dealt with the Hidden An Clan.

They actually knew about An Yan’s identity.

An Yan was the daughter of the Patriarch of the An Clan in the Hidden World, and she was born to a mistress. If there was no accident, in the Hidden An Clan, she would have a respected status similar to that of Gu Xian’er.

But before her, there was another older sister named An Xi who was born from a concubine. An Xi was not a simple person, whether it was cultivation talent or means, there was a hint of iron blood.

However, An Yan’s mother passed away many years ago for unknown reasons, but she left a huge and rich inheritance for her. It was a pity that An Yan’s father only focused on cultivation and didn’t care about clan affairs. Many clan Elders were fighting among themselves, and now they had all been won over by An Xi.

They even heard that An Xi sent people to find trouble with An Yan from time to time, trying to snatch the inheritance left by his mother. Moreover, the family behind An Yan’s mother was relatively weak and did not control An Yan.

This also led to her extremely embarrassing position in the hidden An clan. Although she was the eldest daughter, she was far less powerful than An Xi, even inferior to many collateral clansmen.

Today's scene made many powerhouses active. Although An Yan's status was embarrassing in the Hidden An Clan, she was harmless to humans and animals, and her face was often filled with innocent and bright smiles. It was also for this reason that she had lived in peace until now.

"Whether it's true or pretending to be like this, this is her way of life."

"Now that she has come into contact with Gu Xian'er, she might be able to get in touch with Gu Changge. It seems that the one from the An family has grown up."

The eyelashes of many older generations were empty, and they had experienced many things, which could be seen at a glance. But at the moment, everyone was very interested, and there was a feeling that watching the excitement was not a big deal.

"I am An Yan from the Hidden An Clan, here's a toast to Young Master Changge. This time, thanks to Young Master Changge, we were able to defeat the armies of the Eight Desolations and Ten Regions so easily."

On the throne, Gu Changge sat upright, dressed in black clothes, unparalleled in style, with strands of shining light lingering around his body, appearing dignified and mysterious. He looked at An Yan and Gu Xian'er who were coming and raised his eyebrows with some interest.

An Yan was holding a wine glass in her hand, with a smile on her face, and a bit of innocence that was just right, making it difficult to find the slightest malice in her. Behind her, Gu Xian'er had an expression of extreme reluctance, seeing what Gu Changge saw, she immediately stared back.

"Oh, the Hidden An Clan?"

Gu Changge smiled, glanced at An Yan casually, raised his glass as a gesture, and didn't really care.

"So, you're here to toast me too?" He looked at Gu Xian'er.

"I just came here to accompany An Yan, do you think I really want to see you?" Gu Xian'er snorted and explained.

"It's a bit abrupt of me to think of rushing to meet Young Master Changge, so I thought about letting Xian'er come with me."

An Yan also explained with a smile when she heard this, and said, "Although I met Young Master Changge before, I think you didn't remember me."

"Why won't I remember, after all, you were also by the side of Xian'er, An Yan from the Hidden An Clan."

Gu Changge smiled lightly, knowing An Yan's purpose very well. It was not uncommon for such a woman to try to get closer to the people around him, so as to get close to him. If he wanted to understand An Yan's current status, it would not be difficult.

If it wasn't because she was with Gu Xian'er, he wouldn't be interested in talking to her at all. Hearing this, An Yan's expression froze slightly, and she felt indifference from Gu Changge's attitude.

She was a little puzzled. According to her thinking, as long as she got closer to Gu Xian'er, Gu Changge wouldn't hate her.

"Can't you be nicer to my friend?" Gu Xian'er glared at Gu Changge with some dissatisfaction.

Although she knew that An Yan might have other plans for approaching her, the relationship between the two of them was really good. An Yan also often chatted with her about some things about her in the family, which made Gu Xian'er feel a little pitiful and sympathetic to her and faintly saw a little shadow of herself in her back then.

"So it's your friend? Indeed it's not good to be alone, and it's good to make some friends."

Gu Changge was a little surprised and then smiled. Seeing her expression, he wanted to reach out and pinch her, but Gu Xian'er avoided him in disgust. Seeing this scene, An Yan couldn't help feeling envious.

"Can't I have friends?"

Gu Xian'er felt that there was something in Gu Changge's words, was she saying that she had a bad personality and couldn't make friends?

"Of course, my Xian'er is so beautiful, how can she have no friends." Gu Changge smiled.

"Shut up." A haze appeared on Gu Xian'er's beautiful face, she was so ashamed that she wished to gag Gu Changge's mouth, it almost gave him goosebumps.

What the hell? She knew that Gu Changge did it on purpose, and said that in front of outsiders as if he was treating her very well. However, An Yan didn't know Gu Xian'er's thoughts.

In her opinion, Gu Changge really doted on Gu Xian'er, and that was why he said such words.

In today's Upper Realm, even Enlightened beings had to be careful when speaking to Gu Changge, unlike Gu Xian'er, who dared to yell at Gu Changge. This further strengthened her idea of ??establishing a good relationship with Gu Xian'er.

Afterward, the banquet that lasted for several days finally came to an end, and all the ancient existences and powerhouses returned to their respective ancient warships to rest and rectify for the ensuing battle.

Gu Changge was left alone with An Yan. Although Gu Xian'er was a little puzzled, she didn't ask too much. Gu Changge would tell her what she should know. However, she still warned Gu Changge with her eyes, worried that Gu Changge would bully An Yan.

The grand and quaint palace was very empty, but An Yan was a little restless, with cold sweat breaking out on her back. She did not expect that after the banquet, Gu Changge would call her alone.

"If Xian'er has many friends, I'm happy for her. But she is a bit naive if I found out that she has been bullied or wronged..."

Gu Changge turned his back to An Yan and spoke with a faint smile on his face, but his tone became indifferent after the words came to an end.

An Yan's heart was shocked, although her face still had that innocent and flawless expression, it was slightly pale. She understood that this was Gu Changge warning her that if she dared to use Gu Xian'er, the consequences would be unimaginable.

Chapter 490-1: I want to see what you are worth now, Is your heart made of iron and stone? (1)

"Don't worry, Young Master Changge, I have never harbored the slightest malice towards Xian'er from the beginning to the end."

In the grand and empty hall, An Yan's complexion turned slightly pale, but she still maintained her composure. She knew Gu Changge's intention to be alone with her.

This made her somewhat nervous. With the shadow of a famous tree, she believed that there were not many people in this world who would not be nervous when they were alone with Gu Changge. Not to mention that she still had her own little thoughts, and was a little uneasy.

"Then what is the purpose of your contact with Xian'er?" Hearing this, Gu Changge just smiled lightly and didn't look back.

"I..." An Yan's expression was a little stagnant, she knew that she couldn't hide this kind of thing from Gu Changge's eyes.

She could seamlessly disguise her innocence and harmlessness in front of people. But in the eyes of existence like Gu Changge, such a disguise was obviously useless.

"Don't you want to say it?" Gu Changge's tone was still understated, without much change. But it caused cold sweat to break out on An Yan's forehead.

She clenched her plain hands tightly, and suddenly summoned up her courage. She raised her head and stared at Gu Changge's back before saying, "Because I want to get close to Young Master Changge through Xian'er. I don't have the slightest malice towards Xian'er. I am also willing to make a friend like her."

"Oh, really?" Gu Changge still had a faint expression on his face, which didn't seem surprising.

An Yan's calmness surprised him a bit, he thought that An Yan would take this opportunity to argue. Of course, that was fine too. It could be seen that she was a smart person, not as simple as the rumors mentioned.

Harmless in front of others, the rumors seemed to be disguised. Thinking of this, Gu Changge suddenly narrowed his eyes and became interested. In other words, for more than twenty years, An Yan had been pretending to be dormant, being cautious.

In the Hidden An Clan, she was still the eldest daughter, her mother died for unknown reasons, her father ignored her, and she was bullied by an evil sister. Such a life experience seemed a bit familiar to him.

"Yes, the main reason why I approach Xian'er is to get close to Young Master Changge. I have a different plan for Young Master Changge. Like other women, I wanted to try climbing the dragon to become the phoenix, and I want to have more and greater power."

Hearing this, An Yan raised her head, looked directly at Gu Changge's back. She was very smart, so she had been cautious all these years, keeping a low profile. She also disguised herself with a pure and harmless appearance, which greatly reduced her threat in the eyes of others.

So An Yan could also see that if she lied in front of Gu Changge, it would definitely make Gu Changge unhappy. In front of him, the best way was to honestly confess everything without any thoughts of hiding.

"It's a pity you got it wrong." Gu Changge said lightly, "Even if you approach me, I have no interest in you."

From An Yan's body, he saw Ji Qingxuan's shadow. However, compared to Ji Qingxuan, An Yan's situation was obviously worse. An Yan was not surprised by Gu Changge's words, but she did not give up at all.

"I know that with my current power, status and even my appearance, I can't get into the eyes of Young Master Changge." She gritted her teeth and continued.

After finally encountering such an opportunity, she didn't want to miss it, let alone give up.

"Oh, so you're still trying to get close to me?" Gu Changge raised his eyebrows, turned his head, and looked at her carefully.

In terms of appearance, her facial features were exquisite, and the figure was proud, which was indeed a rare national beauty. But it obviously didn't work for him. Then he checked An Yan's Luck point, and it looked average, not even a person with Great Luck, let alone a Daughter of Luck.

Could it be that his guess was wrong?

"If I don't, I'll never stand a chance." An Yan's face was slightly sad, and then she gritted her teeth and said firmly. There was a firm determination in the depths of her eyes that could make a cultivator's heart tremble.

Before, she actually thought of many possibilities to please Gu Changge. Yet she never expected that this would be the calm situation with Gu Changge today, and many previous preparations would be in vain.

"You have a good heart..." Gu Changge's face was a little interesting. Just now, he saw that An Yan's Luck points had increased a lot due to some unknown reason. So, she actually belonged to that kind...the Daughter of Luck who hadn't really formed yet.

Now she was just in the process of accumulating Luck? Thinking about it this way, he became somewhat interested, wanting to see how far An Yan could go.

"If my heart is not strong, I probably won't be able to hold on long ago." There was a wry smile on the corner of An Yan's mouth. Then she looked a little more cautious, and said, "Actually, I have something that I want to tell Young Master Changge."

"What is it?" Gu Changge's eyes fell on her face, and an inexplicable feeling suddenly appeared in his heart.

At his level, it was far obvious, and wasn't difficult to guess. Sometimes, in a single thought, one could feel some hidden lines of cause and effect. It seemed that what An Yan wanted to say might have something to do with him.

"It's about my sister An Xi. She rescued a strange man some time ago. I overheard her talking to that strange man once..."

An Yan's complexion had returned to normal, and she told the truth about what she knew, without hiding anything. This actually happened not long ago.

At that time, the Upper Realm had not yet begun to invade the Eight Desolations and Ten Regions, and there was no news that the Boundary Monument Sea was drying up.

Her elder sister An Xi's usual place of cultivation was not in her clan, but in Taoyuan Village in a small country. That Taoyuan Village was isolated from the outside world and had no contact with the outside world for nearly ten thousand years.

For cultivators, ten thousand years was just a flick of a finger, but for mortals, it was a hundred generations. Therefore, Taoyuan Village was very peaceful and was hardly disturbed by the outside world. There was only a slow stream, well-connected in all directions that was flowing from a distance.

And one day, her sister An Xi's maid found a comatose man going down the river in that slow stream. The man seemed to have been seriously injured. He had been wandering in the river for a long time and was in a coma.

The strange thing was that there were no scars on his body, more like the previous wounds, which had healed by themselves. Moreover, in that kind of big river, there were so many fierce beasts that even cultivators did not dare to wander alone, because their lives were in danger.

That man obviously had no cultivation base, but no beast dared to approach him. This discovery made An Xi guess that this strange man possessed some kind of treasure or special physique, and rescued him.

Hearing this, Gu Changge already guessed who An Xi had saved.

Back then, outside the Vermilion Bird Ancient Kingdom, he sent his men to hunt down and kill Jiang Chen, Niu Tian, and others who had crossed over from the Lower Realms. In the end, only Jiang Chen and Niu Tian escaped.

Although he did it on purpose. But he really didn't expect that Niu Tian would give him such a surprise. Needless to say, Jiang Chen, the Son of Luck, was the reincarnation of the Good Fortune Immortal Boat.

It seemed that this friend of his also possessed some kind of special physique or bloodline.

"The strange man was in a coma all the time, and then my sister brought him back to the clan. She found a spiritual doctor to revive him. After some examination, it was discovered that he had the Hidden Immortal bloodline. From the mouth of that strange man, my sister learned about the hatred between him and Young Master Changge."

An Yan continued, taking a look at Gu Changge, seeing that his expression hadn't changed much, she couldn't help feeling a little apprehensive. None of these things really mattered.

What really made her feel that her sister An Xi attacked her was after she clearly knew the hatred between that strange man and Gu Changge. Not only did she not take him down, but she helped him cultivate and let herself use him in the future.

The Hidden Immortal bloodline was actually not a simple bloodline, but a mysterious physique, but no one knew what kind of physique it was.

In the Upper Realm, there were many rumors about the Hidden Immortal bloodline, saying that with this kind of physique, one could have the power of an Immortal after a great achievement. Although it was not comparable to a True Immortal, it was enough to challenge an Immortal.

That was why it was called the Hidden Immortal bloodline. Of course, the number of cultivators with this bloodline was really too small. The price to cultivate was really too terrifying, and it was often counted in huge amounts.

The Upper Realm had existed for countless epochs, and only a few people had appeared. As for why their clan knew this matter so well, it was because one of the ancestors of the Hidden An Clan was one of the people who had the Hidden Immortal bloodline.

“It turned out to be the Hidden Immortal bloodline, if I knew it, I wouldn’t have let him go.”

After listening to it, Gu Changge showed a faint smile on his face and didn’t really care. At most, what surprised him was that he was so blind that he didn’t see Niu Tian’s bloodline.

However, regarding this matter, he actually acted late at the time. The Knowledge fruit that Niu Tian and others ate was not that simple. If Gu Changge wanted to use this to find his location, it was actually not difficult.

“These are all things I know about my sister and that strange man, and I have nothing to hide.” Seeing Gu Changge’s unsurprised expression, An Yan was also a little puzzled.

“I see, so you want me to help you with your sister, don’t you?” Gu Changge nodded, his eyes fell on An Yan’s face again, and he said with some interest.

As for An Yan’s thoughts, he could easily guess that the battle for the position within a big clan like the Hidden An Clan was actually very serious. An Yan’s status was very awkward; if she wanted to win the battle for the throne, she needed the support of another force.

From her point of view, An Xi risked her life to take Niu Tian in, knowing that this would offend him, and she would definitely not let An Xi go. So she was the most suitable candidate no matter in terms of power or the reason for making the move.

“Don’t Young Master Changge care about An Xi’s actions?” An Yan was a little apprehensive, this was naturally her purpose. But judging from Gu Changge’s expression, she was not very sure.

If Gu Changge could stand on her side, then her situation in the clan would definitely be reversed greatly. Many clan Elders did not dare to underestimate her because of this and did not take her seriously as before.

She could also gradually gain some voice in the Hidden An Clan, and take back what belonged to her.

“You seem to have overestimated your sister’s ability. Do you think the Hidden An Clan would dare to offend me because of a man of unknown origin? Especially because he had a Hidden Immortal bloodline that has not yet grown up. How many resources can your family invest to make him grow up? Is this deal a good deal?”

Gu Changge just smiled faintly, he didn’t think that the Hidden An Clan would offend him because of Niu Tian. An Yan was taken aback when she heard his words, and she had actually thought about this before.

But the current Hidden An Clan had been controlled by her sister An Xi, and her decisions were often the decisions of the entire Hidden An Clan. If there was someone in the entire Hidden An Clan who would offend Gu Changge because of a man of unknown origin, it was probably her sister.

Chapter 490-2: I want to see what you are worth now, Is your heart made of iron and stone? (2)

“I know, I was thinking too much.” The brilliance in An Yan’s eyes dimmed.

If Gu Changge was willing, it would only take one sentence, and perhaps the Hidden An Clan would hand over Niu Tian. Gu Changge didn’t need to intervene in the grievances between her and her sister An Xi.

“Actually, if you want me to help you, it’s very simple. But you need to prove to me that you are worthy of my help.”

And just when An Yan was feeling bitter, Gu Changge’s words sounded again, causing her to be taken aback for a moment, and when she raised her head, her silver eyes revealed a deep surprise.

“Worthy?” An Yan’s voice trembled slightly, she took a deep breath, calmed down, and said,

“I know that I may be no different from a useless person to Young Master Changge now, but if I can control the Hidden An Clan, everyone in the Hidden An Clan will be willing to follow the order of Young Master Changge. An Yan is willing to be a slave and a handmaiden, waiting around.”

However, upon hearing this, Gu Changge frowned shook his head, and said, “You seem to have misunderstood the worth I am talking about.”

What he asked An Yan to prove was her current value, not her future value. An Yan also reacted quickly, knowing that what she said was tantamount to an empty promise, and it was of no use.

What Gu Changge wanted to see was what she could do now. So she thought about it, gritted her teeth, and said, “Actually, what I said to Young Master Changge before was not what I heard, but what the spy I planted beside my sister told me.”

“I also know that she will go to the Ancestral land to get the blood from there and help that strange man cultivate.”

The blood that An Yan mentioned was not simply the blood of the An Clan.

It was one of the three drops of true blood from the Ancestor with the blood of the Hidden Immortal bloodline in ancient times. It was extremely precious and contained true fragments of immortality.

Even the Supreme realm cultivator would not dare to refine it lightly and would be in danger of shattering his Soul Palace at every turn. Her sister planned to create another Hidden Immortal and could be said to have spent a lot.

Speaking of this, An Yan calmed down, stared at Gu Changge closely, and said, "I will find a way to get that drop of Ancestor's true blood for Young Master Changge."

"The blood of the Hidden Immortal? It's okay. I didn't expect that there would be three drops of true blood in your family."

Hearing these words, Gu Changge gave her a deep look, then smiled and said, "But one drop is not enough, I want three drops of your Ancestor's true blood."

Gu Changge was worrying about the lack of cultivation resources now. If the three drops of True Ancestor's blood contained fragments of Immortality, it would help him break through the threshold of Enlightenment.

An Yan naturally agreed to this request without a doubt. Three drops of true Ancestor blood were very precious to their clan. Even with her sister's current power, it took a lot of effort to convince a group of clan Elders to go to the Ancestral land to get it.

However, it was not that she hadn't made arrangements in recent years. Since Gu Changge wanted her to show her value, An Yan had to snatch this drop of her Ancestor's true blood even at the risk of being exposed after all these years of disguise.

Afterward, An Yan left the palace. Compared with before, she now had an inexplicable self-confidence. This confidence came from the fact that she seized the opportunity that was presented to her.

As long as she could get Gu Changge's help, her current unfavorable situation would be reversed in an instant. All these years of being cautious, pretending to be dormant, would all disappear in smoke.

The huge Hidden An Clan would also fall into her hands.

"I hope you can give me a surprise, the unformed Daughter of Luck..."

In the palace, Gu Changge had a faint smile on his face and only looked away after watching An Yan leave. Even if An Yan didn't talk about Niu Tian's matter, he would take care of it.

In addition, he had been stocking Jiang Chen, the Son of Luck, for a long time. After the matter of the Eight Desolations and Ten Regions was resolved, it was time to see how this leek was going.

As for Xiao Ruoyin, the reincarnation of the High Priest of Destiny who came from the Lower Realm together with Jiang Chen, Niu Tian, and others. There was no sign of memory recovery.

Gu Changge ordered Yan Ji to keep an eye on Xiao Ruoyin's changes, and after a while, Yan Ji would report Xiao Ruoyin's changes. This made Gu Changge a little suspicious, whether Xiao Ruoyin was injured too much back then, causing problems with his soul.

Otherwise, as the High Priest of Destiny, controlling the Immortal Boat, reversing the long river of time, and being untainted by cause and effect, how could she not wake up his memory for a long time?

Or was it just merging, or hiding, so that Yan Ji didn't find out? Gu Changge thought about it and planned to investigate this matter after returning to the Upper Realm.

"In a few months, the Upper Realm army will invade Heavenly Lu City. Aren't you going to do something?"

Then, Gu Changge looked at a certain void behind him and said with a faint smile. The figure of Heavenly Maiden Tianlu manifested from it. She was dressed in a flawless white dress, with a slender and graceful figure, soft blue silk hair, and a cold and holy face.

"What else can I do now? I just hope that when Heavenly Lu City is destroyed, Mr. Gu can show mercy and avoid unnecessary slaughter."

Heavenly Maiden Tianlu's expression was calm, and her eyes were very peaceful as she said. She chose to be used by Gu Changge, which was tantamount to seeking skin from a tiger, and she had already figured it out before that.

Therefore, if Gu Changge didn't care about Heavenly Lu City and her request, then she couldn't help it. This in itself was a gamble.

During this time, she had been doing her best to let Gu Changge understand her sincerity.

She participated in the destruction of the Nine Great Mountains and the Heavenly Boundary Abyss's defeat of the armies of the Eight Desolations and Ten Regions, and she played a very important role. However, she was not very clear about what Gu Changge was thinking.

So she could only bet that Gu Changge would be moved by her in the end.

"Actually, the method is very simple. You just need to show up and let Heavenly Lu City surrender. Presumably, in your capacity, it can still play a big role. Don't you want fewer casualties in Heavenly Lu City, this is more useful than any other method."

Gu Changge gently stroked her cheek with a faint smile on her face.

Heavenly Maiden Tianlu held his hand, her eyes fell on his face, and she said softly, "Master Gu, you know that Heavenly Lu City is not the only place in the Eight Desolations and Ten Regions. If I show up, I'm afraid it will only cause them more trouble. With so much anger and hatred, I'm afraid this battle will never end."

Now Gu Changge no longer restricted her personal freedom. If she wanted to, she could actually take the opportunity to return to Heavenly Lu City. But Heavenly Maiden Tianlu didn't do much.

Because if she did so, all the efforts she had put in before would only go to waste, and she would be powerless to recover. The Upper Realm was really too strong, in this battle, the Eight Desolations and Ten Regions had no chance.

Heavenly Maiden Tianlu knew that Gu Changge knew this too, so she was not worried about her escaping.

"That's a pity. I can tell the people behind me to try to keep more people alive. But people of other ethnic groups and forces may not listen to me. It's really helpless."

Gu Changge sighed with some regret, his tone sounded regretful. But Heavenly Maiden Tianlu understood what Gu Changge meant, and her expression suddenly became a little complicated.

With Gu Changge's current power, as long as he gave an order, he could definitely command all the troops in the Upper Realm. How could there be other ethnic groups who won't listen to him?

When he said that, he obviously wanted to force her a little more.

"Master Gu, is your heart made of iron and stone?"

Heavenly Maiden Tianlu lowered her eyes, but her voice seemed unusually calm at this moment. She originally thought that during this period of time, the relationship between her and Gu Changge would become closer, and the two of them were close to becoming a husband and wife.

As a result, he was still so indifferent and ruthless and hadn't changed in any way from the beginning.

"How can you say that?" Gu Changge smiled, without any change in his complexion, gently hugged her into his arms, and said, "I'm just thinking about your future unless you really want to live in the dark all the time."

"You will be exposed to the world sooner or later. What kind of identity will you be at that time?"

After all, Heavenly Maiden Tianlu was the patron saint of Heavenly Lu City, her status was transcendent and noble, and she was revered by hundreds of millions of people. If she showed up before he broke through Heavenly Lu City, no matter what, it would be a huge blow to the Eight Desolations and Ten Regions.

Moreover, the core of the formation responsible for the enchantment of Heavenly Lu City was closely related to her. Gu Changge did give Lin Wu half a year, but it was obviously not very possible to break through the barrier outside Heavenly Lu City during the first siege.

In this way, it was equivalent to sending a signal to everyone in Heavenly Lu City. Even Heavenly Maiden Tianlu had surrendered to the Upper Realm, not to mention other ancient existences. There was never a shortage of people who were greedy for life and afraid of death in this world, let alone people who were full of suspicions.

"I see." Heavenly Maiden Tianlu lowered her eyes, the light in her eyes was like a lake without waves, leaning against Gu Changge's arms, she did not agree with his words.

She understood that Gu Changge had other plans. But at this time, she had no choice but to compromise. In the next few days, a major event happened that shocked many forces in the Upper Realm.

The minds of all the ancient beings went blank with a bang and they all froze in place, unable to react at all. The patron saint of Heavenly Lu City from the Eight Desolations and Ten Regions, Heavenly Maiden Tianlu had now appeared beside Gu Changge!

The news swept through like a hurricane, shocking everyone. The sensation caused was no different from a meteorite smashing into the deep sea.

One must know that before this, only members of the Ancient Immortal Gu Family knew about this matter, but it was only limited to high-level people.

Today, Heavenly Maiden Tianlu showed up in public and accompanied Gu Changge, which really shocked all the cultivators, whether they were younger generations or ancient existences, and they felt shocked and unbelievable.

With the kind of status Heavenly Maiden Tianlu had in the Eight Desolations and Ten Regions, it was not an exaggeration to describe it as transcendent reverence and indescribable dignity.

Moreover, she was the patron saint of Heavenly Lu City.

In the previous era, in front of Heavenly Lu City, she fought against the Upper Realm and killed an Enlightened being of the Ancient Royal family. And her strength could be described as terrifying.

How could she appear beside Gu Changge?

What did that mean?
