

Villain 491

Chapter 491: It's actually a concubine, The final war has started

The sensation caused by this news was so great that many cultivators were a little overwhelmed. Many people were speculating about the relationship between the Heavenly Maiden Tianlu and Gu Changge, and why she appeared in the Upper Realm.

One must know that now was an important period of war between the two realms, and even every normal guy was now a soldier, let alone such an important figure as Heavenly Maiden Tianlu appearing in the Upper Realm.

In the eyes of many people, this was more like a great signal. Many ancient existences began to speculate, thinking that it was very likely that the Heavenly Maiden Tianlu was just suppressed by Gu Changge, and it was difficult to escape.

Then, an even more shocking piece of news came out, raising the already huge waves once again.

In an instant, all the forces were swept away, and even the senior members of the Ancient Immortal Gu Family were in a daze. Heavenly Maiden Tianlu stayed by Gu Changge's side, not as a so-called hostage or anything else, but as a concubine.

When this news came out, it raged like a hurricane, causing all cultivators and creatures to widen their eyes, feeling incredible. The majestic Heavenly Maiden Tianlu was an invincible figure of an era, with peerless talent and aloof status, how could she be willing to be a concubine of a young man?

Although this man was Gu Changge. But in the eyes of many people, this was something that was way too unimaginable. Many young beings were even more shocked, unable to recover for a long time.

The status of a concubine was no more than that of a regular wife, and they were more common among many big families. For an existence like Heavenly Maiden Tianlu, becoming a concubine was definitely a humiliating thing, and it was even worse than killing her.

How could she agree? Or was it her own wish, trying to make a deal with Gu Changge? For a while, there were all kinds of guesses, especially some big clans and ancient forces, they were even more speculative.

In the end, they felt that the reason why they won the battle against the Eight Desolations and Ten Regions in the Heavenly Boundary Abyss this time might have something to do with Heavenly Maiden Tianlu.

This made them feel mixed emotions. They never expected that the patron saint of Heavenly Lu City, who had fought against the Upper Realm for so long, would now appear in the Upper Realm with this posture.

It could be said to be good fortune. Suddenly, there were different opinions and speculations.

"Heavenly Maiden Tianlu? A concubine? Where did this come from, I haven't heard Gu Changge say it before."

Gu Xian'er's black eyebrows were twisted together. Suddenly, she felt inexplicably irritated; a little worried about gains and losses.

"Young Master Changge is so outstanding, maybe Heavenly Maiden Tianlu was subdued by him, so she surrendered to the Upper Realm?"

An Yan on the side had a bright and innocent smile on her face as if she admired Gu Changge a lot. Gu Xian'er glanced at her, and frowned even tighter, feeling like she had changed since the last time An Yan met Gu Changge alone.

The whole person's attitude towards Gu Changge had undergone a huge change. It gave her the same feeling as those heavenly girls who couldn't hide their admiration when they heard Gu Changge's name.

This was not like the An Yan she knew before. However, she had asked An Yan why Gu Changge was looking for her that day, but An Yan kept silent and didn't mention a word. So Gu Xian'er could only give up.

"With Heavenly Maiden Tianlu as a concubine, it's worthy of Brother Gu. But it seems that Heavenly Maiden Tianlu finally compromised."

In the palace, Wang Ziji was sitting cross-legged, her whole body filled with the immortal spirit. Between her eyebrows, there seemed to be some dazzling brilliance hidden, and there was a flickering terrifying aura that could make all living beings tremble.

When she heard the news, she couldn't help smiling, which brightened her somewhat dim palace a lot.

"A call from the Immortal Realm" She shook her head slightly, and the brilliance between her brows gradually disappeared.

"But now is not the time. I haven't pushed him down yet."

And soon, several months passed in the blink of an eye, and the terrifying momentum of the big waves hitting the sky and the world turning on the other side of the Boundary Monument Sea had disappeared.

As predicted by the Upper Realm, after countless years of fighting against the Eight Desolations and Ten Regions, the Boundary Monument Sea was finally exhausted.

Boom!!

The sky trembled, the universe roared, and the universe could hardly bear it. The big stars trembled as if they were about to crumble into dust and shatter into ashes in this unimaginable atmosphere.

This was an unimaginable terrifying scene, the world had dried up, and time and space were in chaos. The ancient world was oppressed and overwhelmed by the aura of the world.

A series of terrifying figures, from all races and sects, crossed space, tore apart the universe, and descended here, covered in thick fog, with boundless strength.

There were terrifying sky-swallowing sparrows with eyes like blood moons, terrifying war beasts with bodies as large as continents, and ancient gods who could carry stars and go away.

Such a scene could make all living beings tremble and despair. The army from the Upper Realm finally arrived and came across the sea of ??Boundary Monuments. Many Enlightened beings appeared and descended together.

In addition, there were also Ancient Ancestors who were truly close to the Immortal Realm, who had not awakened for many epochs, and the light in their eyes could suppress the trembling of ordinary Enlightened beings.

Rumble!!

Between heaven and earth, a great rift valley spanning thousands of miles emerged, in which chaotic energy rushed out, submerging the whole world. Countless armies rushed out of it, looking extremely mighty.

The momentum of the cosmic tunnel was too terrifying, suppressing the time and space to collapse into nothingness, causing the distant world to tremble.

Almost all the powerhouses from the Eight Desolations and Ten Regions felt this terrifying fluctuation, and their expressions were unprecedentedly solemn, feeling that the final battle was coming.

The invincible person of the Upper Realm who would decide the outcome of this battle was about to descend outside Heavenly Lu City. The entire Eight Desolations and Ten Regions began to gather all the forces and rushed to Heavenly Lu City.

And during this period of time, the matter of Heavenly Maiden Tianlu's appearance in the Upper Realm naturally spread to the Eight Desolations and Ten Regions, and the terrifying sensation was even worse than that in the Upper Realm.

Many cultivators and creatures did not believe it at first, but in the end, they found that this was an undeniable fact. Suddenly, they felt a deep sense of despair.

Since even Heavenly Maiden Tianlu surrendered to the Upper Realm, so what about them? Should they continue fighting against the Upper Realm?

More people were kind of angry, and regretting after being betrayed, they did not expect Heavenly Maiden Tianlu to do this. She had betrayed Heavenly Lu City and everyone, and they couldn't wait to punish her with words and pens!

Boom!!

On the other side of the Heavenly Boundary Abyss, at the distant horizon.

A majestic ancient city was standing as if the sky and the earth were at the same level, surrounded by countless stars, though each one looked as small as dust, and it could not be compared with it at all.

Heavenly Lu City was surrounded by a layer of terrifying heaven and earth power. Stars were spinning in the sky and earth, and a vast chaotic mist was hanging down. And there were strong laws and orders intertwined and condensed in it.

At the same time, it was also engraved with the runes of all the powerhouses in the Eight Desolations and Ten Regions since ancient times, as the last hurdle to resist the Upper Realm.

As long as Heavenly Lu City was not breached, there was still hope in the Eight Desolations and Ten Regions, and the most critical moment had not yet come.

On the side of the Eight Desolations and Ten Regions, there was a terrifying power of the realm, which was repelling the powerhouses of the Upper Realm, making it difficult for them to exert their maximum strength here.

Once they descended, they would cause irreversible damage to the Dao, which would give the powerhouses of the Eight Desolations and Ten Regions an opportunity, and even cause their death.

Therefore, the most powerful people of the Upper Realm were very cautious and did not want to take risks. They also didn't know how much power was left in the Eight Desolations and Ten Regions.

Buzz buzz!

But at this moment, among the altars in Heavenly Lu City, bright doors of light started opening. The fog was surging, and the power of teleportation was pervasive! The ancient soldiers rushed out from the portal as if they had come from a land of corpses and blood.

These were powerful soldiers from all races in the Eight Desolations and Ten Regions, who had experienced countless battles and wars, and now they had received orders to descend from the Ten Regions!

Rumble!

In the sky, a large number of ancient warships and flying boats were gathering, strange beasts were galloping, raptors were flying into the sky, covering the sky and blocking out the sun, and the divine light was soaring into the sky.

The final decisive battle between the two worlds was gradually kicking off!

Chapter 492-1: The sky is turned upside down, The reason for the disappearance of Immortal Realm (1)

“Attack!”

The sound of endless rushing reverberated from the end of the distant horizon, black shadows swept in, like an omnipresent torrent. The sun, the moon, and the universe seemed to be overthrown. In this kind of atmosphere, the darkness was shrouded in chaos, like a pair of giant hands covering the universe, pushing from a distant latitude, bringing the deepest despair to all spirits in the world.

“Countless years later, I once again smelled the decaying aura of the Eight Desolations and Ten Regions. What a hopeless day it is. This day of extinction will be kicked off by us.”

On a golden Dao that seemed to extend from the depths of the universe, stood an extremely blurry figure with eyes seemingly like blood moons. He was whispering as if sighing. But contempt, indifference, and many terrifying visions were visible from the tone.

Undoubtedly, this was an Enlightened being with profound and unpredictable cultivation from the Immortal Great Sect of the Upper Realm. Next to him, there were also many existences with terrifying auras, all of which were true bodies, not the previous dharma bodies.

Behind this group of figures, there were several ancient beings with even more terrifying aura, all of them were indifferent, their eyes cold, displaying the meaning that the vicissitudes of the ages were nothing but a command.

“I wonder what Heavenly Maiden Tianlu thinks about this battle?”

A very old existence was hidden within thousands of red rays of light. He suddenly opened his mouth and looked at the Heavenly Maiden Tianlu who stood silently at the back, carved like white jade with a strange look in his eyes.

He came from the Ancient Royal family, and he had even fought with Heavenly Maiden Tianlu once. Even one of the most powerful members of their family was killed by her. It could be said that there was an indelible hatred between the two of them.

But now, Heavenly Maiden Tianlu was obviously very close to Gu Changge, and he dared not insult her casually. His words could not hide the playfulness and ridicule. He wanted to know how the Heavenly Maiden Tianlu, who was the Guardian of the Heavenly Lu City, would feel when she would see Heavenly Lu City collapsing with her own eyes.

At this moment, the eyes of the other powerhouses also flickered slightly, and they looked over. Heavenly Maiden Tianlu would return to the Upper Realm, which was actually beyond their expectations, especially as a concubine of Gu Changge.

This made them feel incredible, and they felt that there should be some kind of agreement between Heavenly Maiden Tianlu and Gu Changge.

“The Upper Realm is powerful, and the Eight Desolations and Ten Regions is not invincible, and it will fall sooner or later.”

Heavenly Maiden Tianlu looked calmly at the most powerful member of the Ancient Royal family, her voice was calm.

“Oh, it seems that Heavenly Maiden Tianlu knew this a long time ago, so she surrendered to our realm early, which is really smart.”

Hearing this, the most powerful man smiled. He was a little stunned, but he couldn't hide his mockery.

These words were clearly mocking Heavenly Maiden Tianlu's greed for life and fear of death, knowing that the Eight Desolations and Ten Regions would fall, she chose to surrender to the Upper Realm.

Those present were all Ancestors of various races, and their seniority was very scary, so it was natural to hear the meaning of her words. But none of them spoke.

After all, Heavenly Maiden Tianlu was from the Eight Desolations and Ten Regions, and they were not from the same realm as her so there was inevitably a gap. Heavenly Maiden Tianlu's brows frowned, she didn't want to cause unnecessary trouble.

Yet the powerhouse in front of her was obviously brooding over the events of the past, and his words were full of undisguised malice and ridicule. However, when Heavenly Maiden Tianlu was about to speak, Gu Changge who was beside her suddenly waved his hand to tell her not to do so.

“Senior, you seem to have made a mistake. Heavenly Maiden did not return to the Upper Realm, but followed me.”

Gu Changge glanced at the Enlightened being, with a slight smile on his face, and said, “So, Heavenly Maiden is mine. If you don’t understand, I can help you to remember better...”

His words were understated, without the slightest hint of smoke and fire. However, it made the faces of many Enlightened beings here change slightly, their hearts jumped, and they felt an unspeakable strength.

Gu Changge was still as protective as ever. The powerhouse who spoke just now had a cloudy complexion was a little unwilling, and finally fell silent without saying anything.

On the eve of the war, he didn’t want to offend Gu Changge. Moreover, Gu Changge’s words had already made it very clear that Heavenly Maiden Tianlu belonged to him, if he dared to attack Heavenly Maiden Tianlu, it would obviously offend him to death.

In this battle between the two realms, it was said that the Ancestor of the Gu family who destroyed the Purple Mansion had also come here, but he never revealed his true body.

This made him very afraid. The Great Elder of the Purple Mansion was an outstanding existence among the Enlightened beings. Some people even felt that if heaven and earth allowed it, the Great Elder of the Purple Mansion might have already achieved Immortality.

But the powerful and terrifying Great Elder of the Purple Mansion was slapped to death by the Ancestor of the Gu family. As an Enlightened being, he naturally attached great importance to this kind of thing and did not dare to make fun of his own life.

Heavenly Maiden Tianlu looked at Gu Changge in a daze. She didn’t expect that Gu Changge would stand up for her at this moment, which caused a strange emotion in her heart.

It seemed that he was not really indifferent. Or did this matter make him unhappy? The Enlightened being of the Ancient Royal family was also provoking Gu Changge in a disguised form.

“You have to remember your current identity, you are a member of my Gu family, if any cat or dog can bully you, wouldn’t it be too disrespectful to my Gu family.”

Gu Changge gently held her plain hand with a very peaceful voice.

Heavenly Maiden Tianlu’s eyes moved slightly, and she nodded. Although she knew what Gu Changge said, he was speaking more to the Enlightened beings present. But her heart still couldn’t hide the ripples.

To the outside world, she was Gu Changge’s concubine, and she was indeed a member of the Gu family. Although Gu Changge didn’t care about her identity, it was also a matter of the Gu family’s face.

Rumble!!

Ahead, the billowing fog was torn apart, and mighty pressure appeared above. The army of the Upper Realm broke through the abyss and descended from the sky. It was vast and endless, more terrifying than the endless fog as it shocked people’s hearts.

If one looked from a high altitude, one would find ancient warships and large armies within a radius of tens of thousands of miles. There were ancient gods who arrived with the stars on their backs, war behemoths like continents. These were all races born for war, naturally warlike, and their power was unimaginable.

Just stomping a foot made the sky tremble, causing a terrible rift valley to burst out, and a thick chaotic aura to rush out, flooding the heavens and the earth. Endless fog descended outside Heavenly Lu City. This army was very solemn and cold. Everyone on the ancient warship locked their gazes on the location.

One million miles away, one could see Heavenly Lu City. The city wall was as tall as the backbone of the sky and the earth, standing at the end of the horizon, blocking everything behind it. The stars were rotating, reflecting the vast fluctuations there.

On the blue-gray wall, countless runes flickered, and finally glowed, rushing out together, turning into a vast sea of energy, surging at the end of the world.

Like the Upper Realm, after learning that the Boundary Monument Sea had dried up, all the ethnic clans of the Eight Desolations and Ten Regions gathered all their clansmen and rushed to Heavenly Lu City.

Boom!!!

Unimaginable divine lights emerged from the depths of Heavenly Lu City, piercing through the sky, and making the entire universe tremble. Powerful men with incomparably terrifying auras appeared, and their true bodies emerged above the sky, shrouded in chaotic auras or colorful clouds. It was difficult to see their faces clearly, but they were very old.

Among them were the Ancestors of various races, as well as some Domain Lords of the Ten Regions, including those of the Eight Desolations. Usually, many people thought that they had died, but today, they suddenly reappeared in the world, causing huge waves.

On the city wall, there were still many cultivators standing, wearing precious armor and holding powerful treasures. The weakest ones were also in the Great Sacred Realm.

In this battle, the younger generation didn't even have a chance to make a move, because once the war broke out, it was bound to be a fight between the strongest on both sides. The rest of the people involved will be crushed into ashes, not even their bones would be left behind.

"Heavenly Maiden Tianlu is with the Upper Realm, maybe the destruction of the Nine Great Mountains this time has a lot to do with her."

"This traitor! I thought she was the patron saint of my Heavenly Lu City, and at this most critical moment, she turned her back on us and surrendered to the Upper Realm."

Many old people had gloomy faces and cursed loudly. Their cheekbones were glowing, and there were powerful fluctuations spreading out, which was a manifestation of extremely strong mental power.

The four War God Clans from the Eight Desolations and Ten Regions and the powerful existences had also appeared here, and everyone had cultivated very far in this realm. Behind them were many solemn and silent followers, all of whom were strong within their group.

A blood-stained ancient banner swayed between the sky and the earth, and endless brilliance emerged, which could illuminate the distant lands brightly.

This was the Ancestral Flag passed down from generation to generation by the Four Great War Gods. It was once stained with the blood of Immortals. At this moment, all the clansmen knelt to the Ancestral Flag and prayed sincerely.

Chapter 492-2: The sky is turned upside down, The reason for the disappearance of Immortal Realm (2)

A large number of runes manifested on the Ancestral Flag and it finally turned into terrifying figures of Xuanwu, True Dragon, Vermillion Bird and White Tiger. They seemed to be swallowing the sky and covering the sun, as if traveling through space and reappearing between heaven and earth.

Countless cultivators and creatures waited solemnly, waiting for the army from the Upper Realm to attack them.

“Master must be having a hard time. How could she give up Heavenly Lu City and us?”

The temporary Heavenly Maiden Tianlu, that was, Song Chan, was also among countless people at this moment. She had a sad and unbelievable expression on her face. Until now, she still didn't believe in Heavenly Maiden Tianlu's betrayal of Heavenly Lu City.

“Heavenly Maiden Tianlu is not such a person, she must have other plans, maybe she wants to sacrifice herself to reduce the deaths of Heavenly Lu City, or the Eight Desolations and Ten Regions? We don't have the slightest chance of winning this battle.” Beside her, Lin Wu said comfortingly.

The fact that Heavenly Maiden Tianlu surrendered to the Upper Realm shocked him at first. But after thinking about it, Heavenly Maiden Tianlu might have the same idea as him. When facing this hopeless battle, the only thing she could do was minimize casualties.

“Are you saying that Master has a reason?” Song Chan murmured, staring at the distant sky, where the sky was getting dark fast.

It could be seen that the Upper Realm army had come to attack, but it had not really arrived here yet.

“Yes, I think Heavenly Maiden Tianlu must not be willing to do this. In the end, she had no choice but to compromise. You must know that Heavenly Lu City can't stop the Upper Realm for a long time.”

“At that time when the city gets broken, we will all be killed by the Upper Realm. Do you think Heavenly Maiden Tianlu can bear to see such a situation with her own eyes?”

Lin Wu sighed, he had already mentioned this matter to the family behind him. It was a pity that many clan Elders had pride as the members of the Dragon Blood God of War Clan. They were proud and disdainful to surrender to the Upper Realm.

If it weren't for the fact that they were facing a war between the two realms, he might still be imprisoned.

“I knew that Master had her reasons. She did it for us.” Song Chan pursed her lips, as if thinking of something, and looked toward a distant place.

She didn't know if this was right or not, but as long as it could help her Master, she didn't care.

"The army of the Upper Realm has come, we have no chance."

The rest of the young geniuses behind Lin Wu were also talking at this moment, feeling a kind of trembling and despair. However, their position was far away from the city wall.

They also felt the vast fluctuations coming from a distant place, sweeping from the other side of the realm, shaking the world, shattering the runes. All the young people's expressions were the same as Lin Wu's, with dignified expressions.

The Upper Realm finally came to attack. Currently, many Eight Desolations and Ten Regions cultivators rushed out and looked solemnly at the distant land on the city wall.

On Heavenly Lu City, countless runes lit up, implying the meaning of Dao. Finally, they converged on the sky and turned into protective formation, shining with celestial light, and there was a vast energy surge. Even the stars were as fragile as dust under this energy, and they could collapse at any time.

This was the most powerful guardian formation in the Eight Desolations and Ten Regions for countless years. Once activated, it could resist the attacks of the Enlightened beings. Now that the path to Immortality was not visible, it was difficult to break it even if it was a remnant of an Immortal.

"We will chant the Ancestral Scriptures, ignite the Ancient Decree, and repel the Upper Realm."

A powerhouse roared as he saw the distant place, a black army, attacking from the universe like a torrent. Soon, from the depths of Heavenly Lu City, there was a great sound of chanting, and one after another ancient mysterious words were ignited, turning into a vast and unpredictable force, trying to repel the distant army.

"Is this the Ancestral Scripture of the Eight Desolations and Ten Regions? It's a pity that it is only incomplete. The people who abandoned the ethnic clan back then are still proud of it now. It's just ridiculous."

In the dark fog, there was a figure like a divine mountain, the one who spoke was an Enlightened being, who obviously had deep research on the origin of the Eight Desolations and Ten Regions. The rest of the people were very indifferent and didn't speak, they just looked at the burning Ancestral Scriptures indifferently.

"The history of the Eight Desolations and Ten Regions?" Heavenly Maiden Tianlu was somewhat puzzled by this.

In her usual cognition, the Eight Desolations and Ten Regions were indeed part of the Upper Realm, but at some point, they finally split off.

In the records of the Eight Desolations and Ten Regions, the Upper Realm had always played the role of invasion, while the Eight Desolations and Ten Regions had been resisting from beginning to end.

As for the reason? It was the Upper Realm that was trying to occupy the Eight Desolations and Ten Regions. They valued the cultivation resources and territory of the Eight Desolations and Ten Regions.

But now, in her opinion, the Upper Realm was far wider than the Eight Desolations and Ten Regions, and there were countless resources in the hundreds of millions of Lower Realms alone.

This reason was obviously untenable. Gu Changge's eyes were slightly different, and he shook his head casually and said, "It seems that you don't know. In fact, before a certain era buried in ancient history, the land of the Eight Desolations and Ten Regions has always been called the Desolate Realm, surrounded by a sea of stars and nothingness. It was very remote. What's more, it was a place of exile for those tribesmen who had committed serious crimes, but didn't deserve death..."

"Over time, some sinners thrived in it, and gradually spread their branches and leaves, until later the Upper Realm fell apart, and a certain Supreme being born in the Desolate Realm took the opportunity to steal part of our realm's luck and used it to feed to the Desolate Realm."

"For this reason, no Immortal has been born in the Upper Realm for countless years. Of course, these are just rumors recorded in our realm. Whether it is true or not, I don't know."

Speaking of the latter, he couldn't help laughing, no matter whether it was the Upper Realm or the Eight Desolations and Ten Regions, they always had their own reasons and positions. But history was written by the winner after all, and it would always be whitewashed in terms of beautification.

Just like the Eight Desolations and Ten Regions, until now, many cultivators and creatures still didn't know why the Upper Realm had repeatedly invaded.

"So... That's the reason? Only when the two realms unite, can the Immortal Gate be birthed in the Upper Realm, and the path to Immortality would emerge?"

Heavenly Maiden Tianlu felt a little heavy and suddenly realized that this matter was not the so-called right or wrong, but a different standpoint. If they found out that it was due to the relationship between a certain realm in the Eight Desolations and Ten Regions, it would be difficult for all cultivators to be promoted to break through to a higher realm.

The behavior of the Eight Desolations and Ten Regions would be no different from that of the Upper Realm.

Roar!

Roar!

Roar!

At this time, in front of Heavenly Lu City, several Enlightened beings from the Upper Realm had already taken the lead, they were from the ancient ethnic group.

"It's been countless years, I wonder if the big formation of Heavenly Lu City can stop me again?"

They cast extremely terrifying divine powers and techniques, pressing down forward. The sky and the earth became dark all of a sudden, and then endless bloody hurricanes swept over. A terrifying and unimaginable energy sank and floated like an ocean.

In this blood-colored hurricane, all kinds of creatures appeared, their figures were so huge that one could not see the edge, their bodies were blood-red, and they roared with an earth-shattering voice.

There were ancient beasts, Divine Foxes, and even a True Dragon, Vermillion Bird, and Qilin... This kind of scene was enough to make the Supreme being terrified and change the expression of the Enlightened being.

All the ancient beasts seemed to have been revived. In the blood-red hurricane, they raised their heads and roared, attacking the world with terrifying momentum. The cosmic boundary here seemed to have exploded, the sky and the earth had been turned upside down, and all the sun, moon, and stars had been turned into dust.

Star debris scattered and the galaxy dried up. All the creatures and cultivators in Heavenly Lu City turned pale, fearful, and worried that the barrier outside Heavenly Lu City would not be able to stop this kind of power.

“Don’t worry, the big formation of our realm can block the power of True Immortals, and a few Enlightened beings can’t break it.”

The Enlightened beings from several major ethnic clans looked solemn and stabilized the morale of their army, and their voices spread, containing a kind of soothing power.

Boom!!!

And in the next moment, the bloody hurricane fell, and countless ferocious beasts came roaring, trying to submerge this place. This was the scene caused by the wrath of heaven and earth, and they all wanted to rush to the big formation of Heavenly Lu City ahead.

But above the formation barrier, there were vast lights emerging, which were ancient and mysterious runes, building a kind of supreme power there. All of a sudden, countless torrents of runes erupted, converging into beams of light, blasting forward, trying to wipe away these immemorial and ominous phantoms.

Chapter 493: The Enlightened being dies, Pray that you don’t meet me next time

Boom!!

The space between heaven and earth suddenly became blurred. Affected by this huge and vast force, even time and space seemed to be in disorder. All the energies were shattering, turning the stars into ashes, and finally rushing to the distant frontier of the universe together.

Everyone from the Eight Desolations and Ten Regions was silent, looking pale at the blow, their hearts trembled uncontrollably, and they felt an invincible general trend. The cultivators and creatures standing on the city wall were even more terrified.

They saw that in the distant land, the army that was thousands of times more terrifying than the torrent was emerging in black and white, covering the world in pitch black.

There were tens of thousands of races among them, the number of which was innumerable, holding various weapons such as black sky knives and war halberds, and even war behemoths, wrapped in chains like mountains, and their bodies were bigger than stars.

The Supreme beings were the Envoys as they opened their mouths and screamed. There were endless black clouds between the sky and the earth, covering and submerging them.

Rumble!!!

The sky above Heavenly Lu City instantly turned dark, and the stars were shrouded, making the sound of cracking. This city wall was originally connected with the universe, connected with the sky, but now it was suppressed by black clouds.

Countless stars were its source of power, and the surrounding universe was affected, transmitting extremely strong power. But now the wall was trembling, runes were lighting up, and finally being wiped out.

Buzz!!

The powerhouse from the Upper Realm made a move to break through the formation of Heavenly Lu City. Such fluctuations were enough to frighten the Supreme being after just escaping through the seal.

Let alone ordinary creatures and cultivators, they couldn't hold on any longer, trembling, trembling, and wanted to cover it up. In the billowing fog, they could only see vague figures shrouded in endless runes.

"This is simply beyond the reach of human beings!"

All the young geniuses couldn't help but have the idea of kneeling down in their hearts, and they were very afraid, bowing to the figure there. This feeling was like an ant facing a true dragon, which was a level that could not be touched at all.

Finally, the light in this place subsided, and the fluctuations also stopped, but the sky and the earth seemed to explode, almost to pieces. The number of powerhouses who made the shot stood in the sky. The Dharma body was too terrifying, and the light was blazing. They also stopped and did not continue to make shots. Just now they were just trying to find out how long the big formation of Heavenly Lu City could resist.

"It seems that this large formation is still the same as the turtle shell as before, but this time when our army arrives, all resistance will be turned into smoke."

They sneered, their faces looked very old, and some were very young. But it was hard to hide the vicissitudes of life along with their surging aura that was like a melting pot of the universe.

"It seems that the large formation of their realm can't resist for long. After all, the energy that is required to maintain it will eventually be exhausted."

"When this barrier is broken, it will be the time when the Eight Desolations and Ten Regions are defeated."

Many young geniuses of the Upper Realm stood at the front, witnessing the cruelty of this battle with their own eyes. The Six Crown King, the Heavenly Phoenix Maiden, the Heavenly Demon Monarch, and Jin Chan Buddha all had solemn expressions.

But they still felt that this kind of formation was just a foreign object after all. If the Eight Desolations and Ten Regions really intended to rely on such a formation to resist the Upper Realm, that would be too naive.

Finally, their eyes fell in the direction where Gu Changge and the others were.

Now the ones who would decide the battle situation were the Enlightened beings, and the rest of the army would just wait for the barrier of Heavenly Lu City to be broken before attacking it.

The Eight Desolations and Ten Regions would not send a large army out of the city at this time, that would not be a wise choice.

“I wonder what the Eight Desolations and Ten Regions will choose now?”

Someone noticed that in the depths of the sky, many of the powerhouses of the Upper Realm had never made a move and were still looking indifferently at Heavenly Lu City ahead. But their power was unimaginable. There was terrifying energy around each of them, like a black ocean, boiling behind them, intertwined with hundreds of millions of divine lights.

“How long will the formation of Heavenly Lu last?”

Beside Gu Changge, an extremely powerful man covered in black fog spoke. His eyes were cold, and he swept all the creatures in front of him. Finally, it flitted over the Ancestral Flag standing between heaven and earth and let out a disdainful sneer.

“They won’t let this formation continue to support it, and they will definitely send powerhouses out to fight in the same way as before.”

There was a very Ancient Supreme being who spoke, it was the ancient Ancestor of a certain clan, which made the rest of the Enlightened beings here a little afraid.

“It’s just a waste of time.”

Another ancient Ancestor-level person sneered, then shook his head, very contemptuously. He was unwilling to make a move at this time and planned to wait for the true invincible existence from the Eight Desolations and Ten Regions to appear.

“You can try it out. The formation barrier of Heavenly Lu City seems to be related to the breakdown of the laws of the Upper Realm.”

Gu Changge’s eyes were strange. He stood with a group of Enlightened beings, but he didn’t make a move. Now, all forces of the Upper Realm had sent their most powerful people here, so there was no need for him to directly fight against several Enlightened beings like before.

And at this time, Gu Changge would rather investigate the situation of the powerhouses from the Eight Desolations and Ten Regions, and choose someone to take action. The two worlds collide, and Luck merged, maybe a Son of Luck who could turn the tide would appear.

The world would be destroyed, and Luck would be disordered. No matter which world you were in, this was a law that could not be changed. But for Sons of Luck like Lin Wu and Xiao Yang, it was difficult for Gu Changge to have a great effect.

At most, they could be used as bait to lure the big fish behind them or to dig out other values.

“There are Eight Desolations and Ten Regions. Logically, there should be some bright people in these places.”

Gu Changge glanced at the many figures on the Heavenly Lu City wall one by one, and suddenly became interested. There he met Zhao Yunze, the young master of Great Domain Yunze whom he deliberately let go at that time.

The other party was staring at him with a cold, hateful gaze as if there was a blood feud between the two. After all, he was the strongest of the younger generation tens of millions of years ago.

Looking at the present, it was also extremely bright, but after all, he had not become an Enlightened being, and he was still close.

“This blow was blocked. It seems that the formation in our realm can block it for a while longer. But I just don’t know how long I can hold it off. Continuing like this is not an option. If all the powerhouses of the Upper Realm attacked together, the consumption would increase sharply.”

On the wall of Heavenly Lu City, the Ancestors of many ethnic groups stood on it.

They were staring at the light in the distance, their faces were very dignified, and they felt that if the formation of Heavenly Lu City continued like this, it would be broken soon.

Afterward, they looked at each other and began to discuss, no matter what, they had to find a way to delay the time.

“It seems that in the end, we still have to make a move. The Enlightened beings are all ants, even if the Supreme one goes there, it is useless.”

At that moment, a few beings with profound cultivation stepped out, wrapped in the chaos, and stepped out from the altar in the city. With a flash of brilliance, they appeared in the sky outside Heavenly Lu City.

This scene shook all directions and made the faces of the creatures and cultivators of the entire Heavenly Lu City change drastically, feeling terrified, and more worried and uneasy.

“That is the Ancestor Tianhuo of the Vermillion Bird God of War Clan. He became enlightened 80 million years ago, and his strength is unfathomable.”

“That one is the Ancestor of the Green Race Clan, and the fallen Ancestor of the Green Race Clan is his close friend. I didn’t expect him to make a move.”

“They are trying to delay the time for Heavenly Lu City to be breached...”

Someone recognized the several ancient beings who walked out, and their hearts trembled. Many people had never shown their faces before, and they were extremely ancient existences. Even their ancestors could only be reduced to juniors in front of them.

All of a sudden, everyone felt oppressed, but they didn’t expect an Enlightened being to show up and make a move right away. In previous battles with the Upper Realms, the first to strike were usually the strong ones in the Sacred Realm, and then the Supreme one would come on the field.

Now that the Enlightened being took the lead, it was obvious that the matter had reached an extremely urgent situation. On the walls of Heavenly Lu City, everyone couldn’t help clenching their fists, feeling weak for a while, and worried about the few Enlightened beings.

“Oh, it seems that this time they turned out to be the Enlightened beings who made the first move. That’s just right and saves trouble.”

“Get rid of them first!”

Seeing this scene, many of the most powerhouses of the Upper Realm in the fog all sneered, very contemptuously.

Then footsteps started to sound, making everyone’s hearts tremble, and several terrifying beings appeared and transformed into the true body outside Heavenly Lu City with brilliant rays of light.

“This fight is hopeless.”

“Why can’t they figure it out?”

Heavenly Tianlu stood silently behind Gu Changge, her skin was as white as porcelain, with a faint glow on her body. She was very quiet here, just watching all this. Heavenly Lu City, which was very familiar in the past, was suddenly a little afraid to face it today.

At the same time, after the powerhouses emerged, ancient banners were shot out, and tens of thousands of them rose from the ground and descended on the four corners of the realm, hunting. The terrifying power of laws descended to protect the army of the Upper Realm.

Not to mention the fight between Enlightened beings, even the aftermath, would be an unimaginable catastrophe for any living monks around.

Boom!!

Soon, endless brilliance erupted there again, big hands crossed the sky and earth, and the terrifying momentum swept across the borders of the universe. Someone was roaring, his whole body was burning, and the laws and order played out seemed to penetrate the entire universe.

That was an incomparably powerful law that could shake the sky and shake the earth, and even the body of the law was far beyond billions of feet. They were all trying their best to show the strongest means of this life.

The duration of this battle was very long, and endless chaos and nothingness rushed out, detonating in the sky. The endless divine fire surged as if it was going to burn holes in the sky, but in the end, it was powerless.

Blood rained down from the sky, and a terrifying vision emerged. It was the falling stars, and the universe drying up. An Enlightened being had died! The other Enlightened beings had turned into divine lights and retreated from the altar, but they were also seriously injured.

“Patriarch Tianhuo has fallen...”

“How is it possible? He was an invincible existence back then. When he was young, he was invincible! How could he die...”

This scene made countless cultivators and creatures from the Eight Desolations and Ten Regions weep with hatred and grief on their faces. They did not expect to witness the death of an Enlightened being with their own eyes.

Although his opponent was left extremely tragic, he was seriously injured and almost died. But this was already an unimaginable loss for the Eight Desolations and Ten Regions.

“How careless, I was almost killed by him.”

The powerhouse of the Upper Realm looked a little scared. If he missed a move, in the end, he might be the one who died now. The rest of the powerhouses who attacked also had injuries, and they were not intact.

“This Zhao Yunze is good prey.”

Gu Changge withdrew his gaze and glanced at the powerhouse upon hearing this, feeling a little regretful in his heart. It was the person who taunted Heavenly Maiden Tianlu before. He thought he would die, but in the end, he saved a hand and survived.

Otherwise, at that time, he could order Ah Dao to collect a copy of his origin of Enlightenment.

“It’s more or less impossible to go on like this. With successive defeats, the morale of our realm has collapsed to the extreme...”

There was a burst of mourning in the Eight Desolations and Ten Regions, and many Enlightened beings looked heavy. They looked outside Heavenly Lu City, where the sky was still full of blood and rain, and there was a haze in their hearts.

And just when their hearts were heavy, and when they were thinking about countermeasures, a golden Dao descended from the foggy sky in the distance, accompanied by the light of the Dao, which was crystal clear and immortal-like.

Footsteps resounded through the sky and the earth. A young man walked forward because he was accompanied by immortal energy and chaotic light, walking in the world like a banished immortal.

The flowers of the Great Dao bloomed on his head, and the immortal energy fell down and entered his body. Then it emerged from the top of the head, and turned into a flower of the avenue again, circulating around to nourish its body.

“Remember what I said to you before, pray that I won’t meet you next time.”

Gu Changge smiled and opened his mouth, his eyes fell on Zhao Yunze on the wall of Heavenly Lu City, looking like jade, extraordinary and refined.

Chapter 494-1: It’s just a little ant, The so-called fearless resistance (1)

Gu Changge said with a smile on his face, standing in the sky, looking extremely handsome and young, his white clothes were spotless, and there was a sense of immortality.

Accompanied by the sound of the Dao that appeared beside him, the flowers of the Great Dao bloomed on his head. Then strands of immortal energy descended and submerged into his body before emerging

from the top of his head. They turned into a flower of the Dao again, circulating around to nourish its body.

Such a scene even made people feel that he was a True Immortal, detached from the outside world, walking in the world of mortals with no concern about worldly matters. However, the Heavenly Lu City, the warfront, fell into a brief silence because of Gu Changge's appearance.

Whether it was a person from the Upper Realm or a cultivator from the Eight Desolations and Ten Regions, they were all looking at all of this in shock at this moment. No one expected that not long after the end of this great battle, someone from the Upper Realm would step forward, and it was Gu Changge, the leader of the Upper Realm!

On the walls of Heavenly Lu City, the complexions of all the strong and Enlightened beings standing there changed dramatically. Many people's faces were pale and blue, their fists were tightly clenched, and their bodies were trembling. Some people were even more frightened, their teeth chattering.

There was no doubt that Gu Changge was powerful and terrifying. Earlier in the Heavenly Boundary Abyss, he fought against three Enlightened beings alone and was undefeated. Although he was young, his means and strength were unbelievably strong.

Many people from the Eight Desolations and Ten Regions felt that even the rumored True Immortals were far less terrifying than Gu Changge at such an age. Now, he was calling out a name, making an appointment to fight with Zhao Yunze, the strongest person of his generation 60 million years ago.

How could this prevent the dignity of all the people from the Eight Desolations and Ten Territories from changing greatly, they were very worried and uneasy. Although Zhao Yunze was strong, he had already fought against Gu Changge once when he was in the Heavenly Boundary Abyss.

At that time, Gu Changge was still seriously injured, but in the end, Zhao Yunze still lost and almost suffered serious injuries. Now Gu Changge must have recovered from his injuries, and his strength was so desperately strong that he was simply invincible.

Once Zhao Yunze fought with him, there would be more of a disaster than good luck. It was very likely that he would follow in the footsteps of the Enlightened being just now; to be suppressed and killed by Gu Changge in front of everyone in front of Heavenly Lu City.

Zhao Yunze was the most likely existence in the Eight Desolations and Ten Regions to break through the realm of Enlightened beings in recent years. If he died here, it would be the greatest loss to the Eight Desolations and Ten Regions.

"I really didn't expect Young Master Changge would come here in person. It seems that Zhao Yunze on the opposite side is doomed to die today."

"It's nothing more than a small ant. If he hasn't reached the realm of Enlightenment, he will eventually decay into ashes. No one is an exception."

Many Enlightened beings from the Upper Realm moved their eyes slightly and finally smiled meaningfully. They didn't expect Gu Changge to make a move himself.

In their view, with Gu Changge's current status, there was no need to be like this. But thinking about it, Gu Changge probably wanted to deal with the person on the opposite side with his own hands.

Zhao Yunze was tall, strong, and heroic, with a wispy divine haze. A sword aura clanging on his body and countless sword shadows in his eyes. He had an ugly look on his face, and he also didn't expect that Gu Changge would take the initiative to make an appointment to fight him, which caught him off guard.

And it was at a critical time when the two worlds were at war. If he refused to fight, it would be a heavier blow to the morale of the Eight Desolations and Ten Regions. But if he accepted it, he would probably die here today.

He had already experienced Gu Changge's terrifying power, it was not something he could defeat at present.

"Young Master Yunze, you must not fight him!"

"Yes, Young Master Yunze, don't be impulsive, the person on the opposite side is Gu Changge..."

Seeing this scene, the voices of many old men trembled, trying to persuade Zhao Yunze not to let him be impulsive. At this time, it was obviously not possible to be impulsive, otherwise, he would fall into Gu Changge's trap.

The rest of the powerhouses, including some of the younger generation who came to the city wall, also spoke out at this moment, trying to persuade him one after another. They did not want Zhao Yunze to die for no reason. This was not a wise choice.

"Damn you, if you give me a hundred years, I will have a chance to become Enlightened... Otherwise, why should we be afraid of him?"

Hearing the words around him, Zhao Yunze also showed a struggle and entanglement on his face, with deep unwillingness. His talent was very powerful. Among the cultivators here in the Eight Desolations and Ten Regions, he took 60 million years to reach the Ninth layer of the Quasi-Emperor Realm and only one step away from Enlightenment. This was already an unimaginable cultivation speed.

There were many existences with extraordinary talents, but at this age, at most, they were no more than the Supreme Realm level. It was a pity that this bottleneck had been stuck for hundreds of thousands of years.

To this day, when the two realms were at war, he had a vague feeling that the opportunity for his breakthrough was very fast. Unfortunately, before that time, the Upper Realm army came to attack them.

"It seems that you don't dare, so forget it, I thought you remembered what you said that day. It's a pity, in the vast Eight Desolations and Ten Regions, no one is worthy to fight me now."

Gu Changge smiled, seeing this scene, he seemed a little regretful and sighed.

Afterward, his robe fluttered, and with a wave of his sleeves, there was a crystal immortal spirit falling from the sky and the earth, turning into a golden road, appearing at his feet, and he was about to leave Heavenly Lu City.

Hearing this, everyone from the Eight Desolations and Ten Regions showed aggrieved and angry expressions on their faces. They couldn't refute it, they understood that this was Gu Changge's method of provoking him, and he wanted Zhao Yunze to come forward to fight and die.

Naturally, they couldn't do what Gu Changge wanted. In today's Eight Desolations and Ten Regions, no one was willing to fight Gu Changge, after all, this was an obvious death, and no one would be this stupid.

"Wait!"

However, at this moment, Zhao Yunze's words suddenly sounded, and some of the struggles and entanglements on his face had disappeared. He became cold and calm. He stared at Gu Changge's figure, clenched his fists tightly and then loosened them, as if he had figured it out.

If he avoided the battle, after today, he would not be able to break through this last threshold. Gu Changge obviously knew it too, that was why he deliberately said such words that hurt him.

"Oh, you are quite courageous."

Gu Changge stopped in surprise when he heard the words. Even though the words were still casual and careless, in the eyes of everyone from the Eight Desolations and Ten Regions, this was overlooking and aloof.

He naturally knew that Zhao Yunze couldn't resist it, especially in front of hundreds of millions of creatures of the two realms. This way of retreating without fighting was definitely a heavy blow to his heart.

"Young Master Yunze, no!"

"If you step forward now, then you will be sent to death. Your life is not just your own..."

Hearing this, the complexions of the people in the Eight Desolations and Ten Regions changed drastically, and several Enlightened beings were also shocked. They didn't expect Zhao Yunze to accept it in the end.

Wasn't he afraid of death?

Many strong men had ugly faces, and they couldn't help persuading them. Their morale was still low, so they had to find a way to stop it, instead of letting people continue to die for no reason.

"Yunze, you..."

The Domain Lord of Yunze Great Domain was an extremely heroic middle-aged man, His whole body was shrouded in chaotic mist, his eyes were deep, and there was a sense of majesty and invincibility. With every gesture, the surging and vast will filled this world.

Obviously, this was an Enlightened being with an extremely advanced cultivation base, which was not comparable to the few people who made the move just now.

"Father, I have made up my mind. You don't have to persuade me any more."

Zhao Yunze's face had returned to calm, and then he glanced at the people behind him one by one, including his friends and women. Although they were also persuading him, Zhao Yunze could only ignore it.

"This is the power of faith gathered by hundreds of millions of beings in the Yunze Great Domain for countless years, it might be able to help you."

The Domain Lord of the Yunze Great Domain sighed softly, knowing that he could not persuade Zhao Yunze. He glanced coldly at Gu Changge outside Heavenly Lu City, then waved his sleeves, and a three-legged purple round tripod emerged.

There was a golden brilliance lingering in it, which was the power of faith that continuously gathered from all over the world. Faintly, it seemed to resonate with Zhao Yunze, making his skin, bones, and lungs all glow brightly, and his whole body seemed to be completely reborn.

"This is the power of Yunze Great Domain..."

The faces of many Enlightened beings changed. The Domain Lords of the top ten domains all had their own methods and secret methods, and they could use the power of their domains.

Among them, Yunze Great Domain was said to have gathered the power of faith into cultivation, with this faith the true body was immortal. Such a method could be described as mysterious and unpredictable.

"This is our clan's Ancestral Flag. It was once stained with immortal blood. Today, it can be used by Young Master Yunze to suppress and kill the enemies from the Upper Realm."

Chapter 494-2: It's just a little ant, The so-called fearless resistance (2)

The patriarch of the God of War Clan of the Four Great War Gods stepped forward and handed over the flag to Zhao Yunze which was swaggering around the world. This was the Xuanwu Ancestral flag. Although it was broken and many parts were still stained with blood, it was difficult to conceal its unrivaled power.

The clans of the Four Great War Gods all had their own Ancestral Flags, which were shattered at some point during the original battle. But its power surpassed many Emperor's weapons, and it seemed to shatter the sky as it swaggered in the wind.

Seeing this scene, everyone from the Eight Desolations and Ten Regions was shocked and suddenly felt hope. With these two treasures, Zhao Yunze's strength could obviously be greatly improved, and Gu Changge might not necessarily be his opponent.

"Thank you, senior."

Zhao Yunze nodded and took the Xuanwu Ancestral Flag, his figure flashed through the teleportation altar, and the brilliance emerged before he finally appeared outside Heavenly Lu City.

The fighting spirit and sword energy in his whole body soared into the sky, cracking the clouds, and seemed to be able to shatter the universe. All the most powerful people from the Upper Realm looked at this scene with calmness.

Although Zhao Yunze had Yunze Great Domain's weapon of faith and the Xuanwu Ancestral Flag in his hands, in their view, Zhao Yunze was still not Gu Changge's opponent.

Gu Changge's strength had reached an extreme point and his invincibility had already been deeply rooted in the hearts of the people.

"Let me guess, how long will it take for Young Master Changge to deal with this person?"

"If he used a hundred moves, this person would surely perish."

"It's just a little ant, how dare he try to defeat the leader of our realm?"

When they talked, their silhouettes were like the ancient divine mountain, standing in the fog like immortals. Their eyes were indifferent, and a mocking and disdainful voice sounded, not loud, but it resounded throughout the world, making everyone from the Eight Desolations and Ten Regions look stiff.

The feeling of surprise just now was like being tricked by a basin of cold water, and the whole body was icy cold. If it was ridiculed by ordinary people, they would definitely retort, but this was a group of extremely powerful powerhouses from the Upper Realm, overlooking several epochs and they were invincible in the world.

Their power was horrifying even when they were just standing there and they couldn't help but kneel on the ground.

"Faith artifact? A broken battle flag? Is this your confidence?"

Gu Changge stared at Zhao Yunze who appeared with great interest, his body was surrounded by immortal energy as thick white mist filled the air. The whole person was standing in it, but it seemed that three thousand ancient worlds had emerged, revolving there, and pushing the world forward.

The vast and terrifying pressure came down on the sky, wanting to make all living beings tremble and kneel down. This was an unparalleled power, the stars outside the sky trembled because of his thought, undulating like an ocean, turning into a rain of stars, burning and falling down.

Zhao Yunze looked at him coldly, without concealing his hatred and murderous aura, wisps of sword light rose around his body, ready to cut down the sun, moon, and stars at any time.

"Don't be so arrogant, before the real battle, who knows?"

He was not afraid, since he dared to stand up, he was naturally not afraid to fight Gu Changge. While speaking, a sword light appeared in his hand, which was the treasure he had cultivated for many years in sword cultivation, and it contained terrifying lethality.

"Oh, then I'll just take advantage of this opportunity to finish you off."

Gu Changge smiled lightly, his eyes fell on him, and the world suddenly changed. The moment his eyes flashed across, it was as if a thunderbolt descended into the world, intertwined with lightning, and the scene was extremely terrifying, causing the void here to explode.

Zhao Yunze's complexion changed slightly, but he charged toward him with the sword light. The terrifying sword energy, boundless and endless, struck down instantly with force, trying to cross the galaxy. The yellow sand was billowing, and the army outside Heavenly Lu City was all affected by this power as they trembled, arousing the general trend of the world.

"So strong! This is the power of the strongest person of my generation 60 million years ago in my world!"

"Young Master Yunze has dominated him. I've disliked this guy for a long time. He obviously looks like a detached immortal, but his methods are so cruel..."

This scene excited everyone from the Eight Desolations and Ten Regions, feeling that Zhao Yunze's strength was not weaker than ordinary Enlightened beings.

Today's battle was not an opportunity for him. Lots of people were yelling excitedly with their fists clenched. However, Gu Changge didn't care, even his complexion didn't change at all, and his eyes were very calm.

He just stretched out his right hand, and the fragments of time flew between heaven and earth, the Dao was entangled with laws, the chaotic energy was surging, and all traces slowed down.

This was an unparalleled power of laws. In the eyes of ordinary people, he just pointed out his two fingers without unnecessary movements, which was very simple. But in the eyes of those most powerful people, they couldn't help but change their faces and become jealous.

They saw the fragments of time flying behind Gu Changge, and the laws of the Dao, which seemed like this world had become his domain, and thought could last forever.

Boom!!

Terrible fluctuations erupted here instantly, and all the laws surged as if they had been shattered, and the sword energy just now was broken.

"You are too weak." Gu Changge shook his head lightly with indifferent eyes.

Boom!!

As soon as he pointed it out, a dazzling sword light appeared on his finger, like the Milky Way pouring down, illuminating the sky. The sound shook the sky and the earth, it was unimaginable, and instantly blasted Zhao Yunze away.

Countless big stars exploded under this fluctuation, turning into ashes and annihilated silently. At this moment, the person who was as strong as the Enlightened being got goosebumps and was very afraid.

As for the rest of the people, even separated by the seal outside Heavenly Lu City, their souls were even more frightened, and they all prostrated themselves on the ground, trembling constantly.

Pu!!

Zhao Yunze kept spurting blood, his face was like gold paper, and he kept trembling. The sword light in his hand was trembling slightly, and he himself was even blasted hundreds of thousands of miles away, and almost exploded in front of him, leaving a terrifying sword mark with bone-deep visible.

If it weren't for the Xuanwu Ancestral Flag floating above his head, which protected him from most of the damage, his entire body would have been cut into a cloud of blood mist just now, and his body and spirit would have exploded.

This scene made everyone in front of Heavenly Lu City fall silent, and the surging mood just now had been drowned in a basin of cold water. More people grind their teeth, trembling all over, intertwined with fear and anger.

Unexpectedly, in the first fight, Zhao Yunze was defeated and flew backward coughing up blood. If he hadn't been protected by the Xuanwu Ancestral Flag, he might have died. Gu Changge was really too strong! Such a powerful desperate person!

No wonder those Supreme beings of the Upper Realm had such an expression, thinking that Zhao Yunze had no chance at all.

"I don't believe it, come again!"

Zhao Yunze swallowed many divine medicines for recovery, and the power of life in his body turned into thick fog, enveloping him. He couldn't believe all of this, his most powerful blow was so easily broken by Gu Changge.

At this moment, he almost gritted his teeth and shouted angrily. He hummed, and the sword energy changed, his whole body was like an unsheathed divine sword, without bending.

At the same time, the Xuanwu Ancestral Flag was activated by him, erupting with a rumbling momentum, swaggering from the sky and the earth, emitting a vast divine power amidst the clatter.

Although it was broken, it was stained with the blood of the immortal. Currently, it seemed that an Ancient God of War had revived, overwhelming the world.

One after another silhouettes arrived, armed with heavenly swords, halberds, and other divine weapons with a fighting spirit as they rushed towards Gu Changge together with Zhao Yunze.

The power of faith of the entire Yunze Great Domain also blessed Zhao Yunze at this moment, and he was enveloped in endless divine light. When the war broke out, the place became blurred and chaotic, and even the laws of heaven and earth were shattered into ashes.

"Die!"

Zhao Yunze yelled angrily, the sword moved the heavens, turning into thousands of divine lights, the vision shook the world, and made the whole world resonate because of him.

His aura even underwent a qualitative transformation, more than ten times stronger than before. The endless brilliance flooded Gu Changge, and even beyond the sky, a terrifying rift broke out.

Everyone watched this scene in shock. Zhao Yunze's current power was even more astonishing than those Enlightened beings before. Xuanwu Ancestral Flag revived, not only walked out of many figures but also condensed into an unimaginably terrifying Xuanwu, reaching out to grab Gu Changge.

But at the next moment, there was a puffing sound, blood rushed up very high with glittering and translucent multicolored colors that looked very gorgeous.

"Is this the so-called fearless resistance..."

Gu Changge's eyes were still indifferent as if he was in another world, where no law could invade, between him and Zhao Yunze. There was an eternal invisible gully, and he would never be able to cross it.

His sleeves were rolled up, shining forever, as if he could tear apart the blue sky of all ages, and wash away the river of time. In an instant, all the stars outside the region were shaking, and the entire universe was in turmoil.

A big golden hand slapped down across the sky, causing the phantom in the Xuanwu Ancestral Flag to shatter, turning into ashes and dissipating.

Followed by an endless red glow in it, there were hundreds of millions of strands of Dao lingering around, and finally turned into a red spear, piercing the universe along with Zhao Yunze, and then shattering into pieces with a bang.

Chapter 495: Since ancient times evil has always prevailed against righteousness, Courage brought about by ignorance

Accompanied by a loud tremor, the entire Heavenly Lu City seemed to tremble because of it. Immediately afterward, the rain of blood poured down from high above the sky, accompanied by crystal clear divinity, which had a multicolored meaning.

Everyone in front of Heavenly Lu City looked at all this in horror, seeing that under such a powerful and terrifying power, all the waves were calmed down. Zhao Yunze's body was torn apart by the spear and exploded in pieces. On the sword light in his hand, dense cracks appeared, and from the cracks, there was a gorgeous light, which seemed to be broken at any time.

This scene was shocking. The red spear was entangled with hundreds of millions of divine lights, like the legendary spear of the destruction of the world, bringing endless disasters to all beings in the world.

It seemed to be able to tear apart the eternal universe. The moment it crossed the sky, it wiped out many figures walking out of the Xuanwu Ancestral Flag. The stars outside the domain were trembling and the vast energy was surging, like a boiling ocean, making people unable to help but kneel down here.

Gu Changge's figure was vague and hazy, standing in the sky. His eyes were indifferent and unwavering, there were hundreds of millions of red rays in the palm of his hand, condensed into a spear, pointing obliquely at the sky, stained with blood.

Clusters of silver flames surrounded him, causing the void to make a scorching sound. This was a shocking and terrifying scene, with unparalleled power to destroy the world, far and wide.

No living being had the courage to face the spear.

“Young Master Yunze... Impossible...”

“How could this...”

Everyone in Heavenly Lu City looked at all this in a daze and horror, their legs were weak, and they almost knelt under this aura. It never occurred to them.

Zhao Yunze had two treasures in his body, but he was still defeated so quickly. His body exploded and turned into a rain of blood; he died on the spot. For many of Zhao Yunze’s friends and beauties, the blood on their faces disappeared instantly, and they froze in place.

Then, someone couldn’t believe it, his eyes were red, his hair stood on end, and he raised his head and roared.

“My son...”

The Domain Lord of the Yunze Great Domain was filled with deep grief and killing intent on his face. He couldn’t help but roar and contained unimaginable pain. The terrifying momentum came from within the barrier of Heavenly Lu City, shaking the sky and making people tremble.

Although he had a bad premonition long ago, he never thought that Zhao Yunze would perish outside the city. With treasures, even if he was defeated, he could escape quickly. However, his body was pierced by Gu Change’s spear, and it directly burst into a rain of blood, which sprinkled in the desert outside Heavenly Lu City with divinity.

How could this make him accept it? If it wasn’t for the powerhouses around him, he would rush out and fight Gu Change.

“Lord Yunze, don’t be impulsive, Gu Change’s strength is beyond our imagination.”

“I’m afraid that if you go out, you will follow in the footsteps of Young Master Yunze...”

Several Enlightened beings said solemnly and apprehensively, stopping Domain Lord Yunze to prevent him from getting angry at this time, and rushing out of the city to fight Gu Change.

This was obviously not going to work. And they even felt that the strength that Gu Change displayed now was even stronger than when he was outside Heavenly Boundary Abyss. So they were also worried that Domain Lord Yunze was not Gu Change’s opponent.

“It seems that I still underestimated Young Master Change. This ant who didn’t know what to do, even failed to survive three moves, and was killed.”

“This bleak blood color is really beautiful. When this color is allowed to stain the entire Eight Desolations and Ten Regions, it will be the most moving scene in the world.”

The Enlightened being from the Upper Realm, shrouded in thick fog, couldn’t help laughing when he saw the scene in front of him. Although they were somewhat surprised by Gu Change’s strength, such a result was within their expectation.

“No, this aura is...”

“He’s not dead yet.”

At this time, an Enlightened being from the Upper Realm suddenly frowned, feeling that something was wrong, and stared at the shattered blood mist. The expressions of the other powerhouses who were talking also changed slightly, and they looked over with a frown.

In their perception, the laws of this world seemed to be undergoing some kind of change.

“Oh, rise from the ashes, and a step further? Looks like I got it right.”

Gu Changge also raised his eyebrows slightly at this moment, feeling that the blood mist in front of him was suddenly burning as a glow flew out of it, with the dense immortal mist that was vast and infinite.

At the same time, in the sky of the entire Eight Desolations and Ten Regions, there began to be bursts of Dao sounds, the laws of heaven and earth all manifested, and the journey of the Great Dao emerged.

Countless luck and power of faith surged from all sides of the world, like a boiling silver ocean.

Boom!!

Endless flames gushed out here, and there were chains of laws and order running across them as if something was being built there.

“This is!”

“That’s right, this is the aura of an Enlightened being. Young Master Yunze did not die, but took this opportunity to make a great stride forward!”

There were exclamations from the Eight Desolations and Ten Territories. Many people were shocked, and then ecstatic, feeling the meaning of the new life that was born in this flame. It was a vast and surging vitality, which seemed to be accompanied by the beating of a heart.

Dang Dang Dang...

That voice resounded through the heavens and the earth and rang in the hearts of every cultivator and living being. It contained unimaginable Dao rhymes, and it could even help people to realize the Dao. It was an unimaginable scene where an Enlightened being was born.

Because of this great war, he broke through the shackles and went one step further. If it was in ancient times, there would even be a catastrophe between heaven and earth, and tempering him.

Yet this scene was amazing enough, the entire universe seemed to be feeding back, and the endless aura had turned into a vast ocean, boiling there. All the strong men of the older generation also breathed a sigh of relief, and smiles appeared on their faces.

Many younger generations clenched their fists tightly, with hope in their eyes, and stared at the brilliance outside Heavenly Lu City.

“I just said how could Young Master Yunze die so easily, back then he was an existence that overwhelmed his peers all by himself.”

“Even if 60 million years have passed, Young Master Yunze is still invincible against time!”

“At this moment, the situation of the battle may be reversed! When Young Master Yunze becomes Enlightened, Gu Changge will find out how big the gap between the two of them is...”

Someone secretly thought, was praying, and had already suffocated in his heart, wishing that Zhao Yunze would be reborn from the ashes and kill the enemies of the upper realm.

In their view, Enlightenment was a huge threshold. After breaking through, Zhao Yunze’s strength would definitely undergo earth-shaking changes. This was a miracle! Since ancient times, evil prevailed over good, and everything was helped by God!

“Gu Changge, I really want to thank you for helping me. Otherwise, I don’t know when I would have broken through and become Enlightened.”

Zhao Yunze’s figure emerged, but his face was very vague and unreal, not solid yet. He was indeed pierced by Gu Changge’s spear just now, and he was torn apart, and almost died.

Fortunately, at that time, the treasure of the Yunze Great Domain started shining, gathering a lot of power of faith, and he felt that the luck of this world was coming together to protect his true spirit.

With such an opportunity, he finally made a breakthrough in the face of danger. He took a step forward in cultivation, became a truly Enlightened being, and possessed the power to reverse the overall situation. It could be said that compared with before, it was not the same.

“Oh, it seems that your breakthrough in cultivation has given you the confidence to say such things to me.” Gu Changge just smiled lightly when he heard the words, and didn’t really care.

Boom!!

And when Zhao Yunze reshaped his body, the Xuanwu Ancestral Flag waved again. Previously, because of its lack of strength, it was difficult to truly erupt its terrifying power. At this moment, it was like a terrifying curtain that covered the world, and endless blood and a murderous aura manifested from it.

Especially the blood stains on the Xuanwu Ancestral Flag seemed to come alive, making the world rumble. In the desert in the distance, yellow sand rushed up all over the sky

This was the power of a drop of blood, more like true immortal blood. Now, under the influence of Zhao Yunze, the vision appeared again, and in the ears of everyone, there was a loud sound of chanting.

It seemed that there was a group of immortals sitting cross-legged in the depths of the Ancestral Flag. All the troops and creatures of the Eight Desolations and Ten Regions seemed to kneel down and worship this figure. This drop in blood had driven the power of heaven and earth and made the world boil.

“It seems to be a true immortal who died here in the Eight Desolations and Ten Regions... But even a mere drop of blood dares to act presumptuously in front of me?”

Gu Changge watched this scene with great interest. Immediately afterward, the red spear in his hand stabbed forward, wrapped around with the terrifying Dao of Destruction, and collided with it.

With a bang, the sky trembled, and the land in front of Heavenly Lu City collapsed. All the stars exploded and turned into dust. The red spear, which was originally omnipotent, collapsed with a click.

This was an unimaginable terrifying power. That drop of true immortal blood turned into a true immortal to suppress him. Everyone was shocked, feeling that the drop of true immortal blood seemed to be really coming back to life.

Just the power that leaked out was enough to make the Supreme being worship him and dare not disrespect him.

Boom!!

At this moment, even the many powerhouses of the Upper Realm changed their expressions, feeling this drop of true immortal blood. Not only was it suppressing Gu Changge, but it was also suppressing them.

It rolled down, and at first, it was colorful and crystal clear, with an immortal aura. In the end, it turned black and red, as if it had been corroded, causing the void to be penetrated with a bang.

Any means became useless in front of it, and it fell straight to Gu Changge. Everyone heard the sound of ancient chanting, it was the unrivaled true immortal who wanted to save the world.

Just a drop of blood had created such a power that surpassed the Enlightened being. If it was a true immortal, how terrifying would it be? Many people couldn't help but have such thoughts in their hearts, and some of their scalps went numb.

"What a pity!"

Gu Changge looked regretful. There were too many people here, otherwise, he could directly take this drop of true immortal blood away. No matter how much it was, it was a resource that could be refined.

However, in the next moment, he flicked his sleeves, and a yellow gourd emerged. In the beginning, it was only the size of a palm, but it was so majestic that it seemed that the universe was about to collapse.

Buzz!!

Then at the mouth of the gourd, colorful immortal lights bloomed, floating above the sky, growing bigger and bigger, like turning into a bottomless abyss.

"Immortal Slaying Gourd..."

Many ancient people of the Eight Desolations and Ten Regions changed their complexions drastically and recognized this treasure, which was lost during the battle with the Upper Realm.

After many years in later generations, no one was able to find it, but Gu Changge appeared in the sea of Boundary Monuments some time ago and snatched it away. And compared to the rumors, the current Immortal Slaying Gourd was obviously more terrifying.

In Gu Changge's hands, it was used again. Just the endless bloody murderous aura on the gourd was terrifying.

Rumble!!

As the drop of true immortal blood revived, it came to suppress Gu Changge. The Immortal Slaying Gourd in his hand also sprayed out a thick glow, trying to swallow this drop of true immortal blood.

But this drop of blood also felt this fluctuation and began to bloom a blood-colored red glow, which quickly enlarged, like a vast ocean sweeping through heaven and earth, even the Enlightened beings felt palpitations at this moment.

A terrifying momentum erupted here, and the world was silent. Immortal Slaying Gourd tried to swallow this drop of true immortal blood, but this drop of blood also wanted to penetrate it.

“Gu Changge, die! Today’s battle should come to an end! Since ancient times, evil has always prevailed, and this is an unchangeable law!”

And taking advantage of this opportunity, Zhao Yunze, who had already reshaped his body, charged again. His eyes full of murderous intent, and he roared angrily.

His aura was very different from before, and he was manifesting the aura of an Enlightened being that resonated with the world and surrounded the law of Dao all the time.

The sword light glowed along with the traces of fracture, the brilliant majesty shook the sun and the moon, and began to heal, cutting out an unimaginable sword, and even reached the peak of his life.

This sword could kill Enlightened beings!

Countless cultivators in Heavenly Lu City looked at this scene, their hearts were surging and their blood was boiling as if they had witnessed the scene of Gu Changge bleeding with this sword.

The pressure Gu Changge put on them was really terrifying, and they desperately hoped to see Gu Changge be severely injured. This feeling, after Zhao Yunze was reborn from the ashes, skyrocketed to an unimaginable level.

“If I can kill you once, I can naturally kill you a second time. Is the fearlessness brought about by ignorance, your courage?”

Feeling this fluctuation, Gu Changge raised his eyes, frowned slightly, his eyes were very indifferent and flat as he looked back at the drop of blood from the true immortal.

A pitch-black sword appeared in his hand. The Emperor Realm’s aura was mighty, but he didn’t use any force. The majestic and thick qi was surging, and then it just slashed in Zhao Yunze’s direction!

Rumble!!!

This sword carried an unimaginable aura, traversed ancient and modern times as it overwhelmed the universe and unleashed incomparable power, making the faces of all the people of the Eight Desolations and Ten Regions turn pale. Even the sky seemed to explode.

The surging feeling just now froze in an instant, almost prostrated in this aura, and knelt in that direction. At this moment, their spirits were almost out of their control, trembling to the extreme. They didn’t expect Gu Changge wasn’t serious when he fought Zhao Yunze before.

The Xuanyang Heavenly Sword was once the possession of the Xuanyang Demon Emperor, and it was a long-preserved tool for attaining Enlightenment. The moment its full power exploded, the entire universe seemed to explode and was annihilated under the aura of this sword.

“This...” Zhao Yunze’s complexion couldn’t help but change, he felt that the sword light in his hand seemed to be trembling, and it was difficult to continue to bear this fluctuation.

But at this point, there was no room for retreat. Terrifying fluctuations appeared.

This place was suddenly blurred, covered by endless brilliance, and chaotic energy rushed out, flooding from the edge of the broken universe. Everyone’s eyes hurt, and they couldn’t see clearly what was happening here.

Even the Enlightened being couldn’t look straight, it was difficult to look directly, and he felt the burst of brilliant sword energy, colliding with the terrifying sword energy there. It was even more like endless stars exploding, a piece of gorgeous crystal, but also equally dazzling.

In the end, there was a puff sound, and a rain of blood splashed out, even more abundant than before, like a galaxy bursting its bank, painting the sky and the earth into blood red.

The complexions of all the people of the Eight Desolations and Ten Regions turned pale, and they stood still in place.

Chapter 496-1: Deprived of the whole world’s Luck, Noisy people (1)

As this slash descended, the entire universe seemed to be submerged. The boundless and endless sword energy enveloped Zhao Yunze, stretching across the past and present, overwhelming the universe, and containing unimaginable power.

Rumble!!

The sword aura was intertwined here and there, making the already dilapidated frontier of the universe even more fragmented. Then there was a puff, and crimson blood splashed out, mixed with colorful divinity.

This fountain of blood splashed high, like a wave breaking a bank, painting the sky and earth red. Immediately afterward, a human head was severed.

In the end, his body was torn apart and exploded, but the light there was so bright that it was impossible to see who it was.

Click!

The broken sword light flew out, turning into gorgeous fragments all over the sky like grand fireworks, revealing desolation and beauty.

“Impossible!”

“It can’t be true...”

Seeing this scene, everyone from the Eight Desolations and Ten Regions suddenly turned pale, losing all blood as they froze in place.

Just now, everyone who saw Zhao Yunze reborn from the ashes and broke through cheered for him. They felt as if a basin of cold water had been poured on their heads, their whole body was chilling, and they couldn’t help shivering.

They looked out of Heavenly Lu City in fear, and even their spirits couldn't help trembling at this moment. There was endless divine light lingering, which made the figure in it even more detached and sacred.

But on the black sword, blood was dripping down, piercing through the void. That was the blood of an Enlightened being, and it contained unimaginable power. Yet now it was reflected on a sword and made everyone tremble in fear.

Just now, the invincible Young Master Yunze in their minds was beheaded by him, and the blood splashed like a galaxy, almost drowning the sky outside Heavenly Lu City.

In their view, this scene might become an indelible nightmare in their life. Gu Changge's existence was more like a terrifying specter, shrouding their hearts.

"Impossible, Young Master Yunze has already broken through to become the Enlightened..."

"It can't be true, tell me it's not true. Young Master Yunze is invincible, how can he die here, he will be reborn from the ashes!"

"Evil has prevailed since ancient times, why is it still like this?"

Many cultivators and creatures were shouting, they couldn't believe the scene in front of them, they thought it was unbelievable. Some people couldn't bear the blow and passed out directly. The last hope in their hearts also collapsed, and it felt like the world had turned black.

In their view, Zhao Yunze made a breakthrough at this critical moment and became Enlightened. This was an opportunity to reverse the overall situation, and this was a godsend opportunity that was hard to find in the ages.

Whether it was ancient records or mortal biographies, there were many stories about heroes who suddenly broke through in cultivation and saved the world in times of crisis.

Today, the Upper Realm's army attacked their city, and Gu Changge appeared in front of Heavenly Lu City to attack the Eight Desolations and Ten Regions. To them, this scene looked like the heroic stories in the biography.

Zhao Yunze stepped forward at the critical moment, was reborn from the ashes, and broke through to the Emperor Realm. Didn't this fit the image of a hero?

And didn't Gu Changge's many actions conform to the villain in the biography? But... Why did Zhao Yu still lose? The defeat was so complete that everyone despaired and couldn't see a ray of light!

"Is this the hope you have in mind? You are courageous indeed."

The flowers of the Dao were blooming between heaven and earth accompanied by immortal energy like the carrier of the Dao. They were bright and dazzling, appearing beside Gu Changge.

He shook his head lightly as if he felt a little regretful, but his eyes were extremely indifferent, without the slightest fluctuation.

Clank!!

In Gu Changge's hand, the Xuanyang Heavenly Sword trembled lightly with streaks of black sword energy crisscrossing, trembling in cheers as if cheering for drinking the blood of an Enlightened being.

"Damn it!"

Hearing this at this moment, everyone from the Eight Desolations and Ten Regions felt an endless flame of hatred in their hearts and glared at him.

"Yunze, my son..."

The complexion of the Domain Lord of Yunze was ashen. His heart was sad, there was a surge of anger in his robes, hatred was overwhelming and his eyes were red. If the people around him hadn't tightly pulled him, he might have rushed forward.

Many people even gritted their teeth, roaring in their hearts. Their hair would shoot up into the sky, and almost all their teeth would be crushed.

Rumble!!

At this time, a terrifying sound sounded in the distance. That drop of blood was still surging between heaven and earth, turning into a sea of blood, fighting against the Immortal Slaying Gourd.

Even without the motivator, the drop of immortal blood still recovered on its own, feeling unprecedented pressure as it tried to resist the swallowing power of the immortal gourd.

The momentum that erupted here needn't be the same as when Gu Changge and Zhao Yunze fought just now. The world was turned upside down and the pieces of void seemed to be turned into powder, exploding. Everyone in Heavenly Lu City felt the resonance.

That might be the blood of their Ancestors, and now that it had recovered, they once again felt the aura of those powerhouses of the Upper Realm and wanted to fight them.

"Lucky thief, it seems that this is the blood of his subordinate..."

In the thick fog, a very ancient existence of the Upper Realm opened his eyes and suddenly sneered faintly, containing strong disdain.

Back when the Eight Desolations and Ten Regions were still called the Desolate Realm, the existence who stole the Luck from the Upper Realm had four subordinates, each of whom had surpassed the realm of Enlightened beings.

Now those four people were the Ancestors of the Eight Desolations and Ten Regions and the Four Great War Gods. At this moment, after finishing Zhao Yunze, Gu Changge focused all his attention on this drop of true immortal blood.

That vast dormant true immortal power finally exploded at this moment, overwhelming the universe, frightening the world, boiling there, turning into an endless sea of blood.

"A good resource."

Gu Changge chuckled lightly and with a slight movement of his mind, he urged the Immortal Slaying Gourd, a brilliant glow emerged from the mouth of the bottle. Immediately afterward, it spread out for an unknown number of miles, as if covering the starry sky.

Then there was a bang and a terrifying sword energy slashed out of it, smashing the terrifying blood-colored sea immediately. Afterward, the Immortal Slaying Gourd swelled again, crossed over and swallowed the ocean. The drop of blood of the True Immortal was covered and was directly absorbed by the Immortal Slaying Gourd.

Vaguely, everyone could hear the roaring sound coming from the Immortal Slaying Gourd as if an unrivaled True Immortal was roaring, but it was meaningless. All the momentum was subdued.

After all, it was not a true immortal, it was just a drop of blood. What was more, the Immortal Slaying Gourd itself was not a mortal thing, since it was named Immortal Slayer, it would naturally have to bear the due karma.

From this point, it was enough to see its strength.

Buzz!!

Soon, the brilliance on the surface of the Immortal Slaying Gourd disappeared, becoming ordinary. It shrank rapidly and finally fell into Gu Changge's hands from above the sky.

From the appearance point of view, it was not much different from ordinary gourds. Every one of the Eight Desolations and Ten Regions looked at all this unwillingly. The Immortal Slaying Gourd was the most precious treasure of their world back then. Yet now it was shining brightly in Gu Changge's hands.

After losing that drop of true immortal blood, the Xuanwu Ancestral Flag dimmed in an instant, without the majestic meaning before, and seemed to return to the ordinary. However, it was still taken back by the Ancestors of the Xuanwu God of War Clan with a secret method and he did not let it wander outside.

The little tripod collapsed the moment Zhao Yunze died, but it didn't disappear but scattered between heaven and earth. It was a treasure condensed by the power of faith, it would not be destroyed just because it was smashed, and it could be condensed again at any time.

The battle came to an end without any surprises.

Zhao Yunze was easily beheaded by Gu Changge. And Gu Changge's robe never even lifted, let alone moved in place. There was an understatement and an overlook.

This caused many people of the Eight Desolations and Ten Regions to fall into deep fear, anger and uneasiness. They asked themselves if they were Zhao Yunze, would they be able to survive?

Except for some old-fashioned Enlightened beings, the rest of them felt fear all over their bodies and couldn't find the slightest chance of survival. Heavenly Lu City was in a state of mourning and despair. In this battle, many people did not feel the slightest hope of victory, and they were full of despair.

"It's indeed courageous, but it's a pity that he met Young Master Changge. If it was an ordinary Enlightened being, I'm afraid it will suffer a loss today"

“The blow just now was indeed terrifying. I wonder where Gu Changge got so many opportunities?”

Chapter 496-2: Deprived of the whole world’s Luck, Noisy people (2)

Many Enlightened beings in the Upper Realm had different complexions and different moods, and a lot could be seen from this battle. They were quite curious about Gu Changge’s strengths, especially the opportunities he had obtained.

The Black Heavenly Sword just now seemed to be the Xuanyang Heavenly Sword that appeared six thousand years ago.

It was the property of the Demon Emperor Xuan Yang, but why did it fall into Gu Changge’s hand? It was rumored that the Xuan Yang Demon Emperor disappeared without a trace six thousand years ago. Then why did his weapon fall into Gu Changge’s hands?

Many people knew that Gu Changge went to the Demon World some time ago, could it be because of this reason?

“The weapon of the Xuan Yang Demon Emperor... Could it be that the Demon Emperor Xuanyang also died in his hands?”

On the ancient warship, Wang Ziji, who had been following the battle closely, looked with interest. According to her understanding of Gu Changge would not do something useless that helped him.

Compared to the disappearance of the Xuan Yang Demon Emperor, she was more convinced that the Xuan Yang Demon Emperor might have had some kind of accident, such as the possibility of a tragic death at Gu Changge’s hands. However, she didn’t have any evidence for this matter and she was just guessing randomly.

“It seems that Zhao Yunze’s breakthrough just now had something to do with the Luck of the Eight Desolations and Ten Regions.”

Gu Changge narrowed his eyes slightly and had been observing the changes in the Luck of Heavenly Lu City.

After Zhao Yunze’s breakthrough just now, he obviously noticed the gathering of Luck over there, not to mention the addition of Luck from the whole world was almost the same. Under such circumstances, Zhao Yunze’s cultivation and aura could be said to have reached the peak of his life.

Through this method, killing Zhao Yunze, although he did not get the Heavenly Treasure Chest, Gu Changge could feel a kind of illusory Luck that was deprived by him. For him, the suppression of the Heavenly Dao in the entire Eight Desolations and Ten Regions had weakened a lot.

One must know that the reason why many powerful people were unwilling to make a move against Heavenly Lu City was because of the suppression of Heavenly Dao, which would make it difficult for them to truly display their strength and there was a risk of dying here.

This feeling made Gu Changge feel that he might be able to control the Eight Desolations and Ten Regions after breaking through. After all, this was equivalent to the law of a self-contained world, and the benefits were naturally needless to say.

Afterward, the void blurred for a while and the golden road stretched out under his feet and he returned to the army of the Upper Realm. On the walls of Heavenly Lu City, everyone watched Gu Changge's sleeves fluttering away, their faces livid and angry, unable to hide their murderous aura, but no one dared to ask him to stay.

Even a group of veteran Enlightened beings could only choose to remain silent at this moment and they dared not say more. Such a scene made everyone from the Upper Realm aggrieved, witnessing the powerhouse of their realm being killed.

Even when the opponent walked away, none of them dared to stand up and avenge him.

"Damn it!"

Many old people felt suffocated, which made them want to vomit blood.

"Heavenly Maiden Tianlu, you witnessed your compatriot being killed by Gu Changge with your own eyes, yet you're still get so close to him, don't you feel ashamed?"

"Are you worthy of these billions of creatures from the Eight Desolations and Ten Regions, and all the people in Heavenly Lu City?"

Facing the Upper Realm, they had no choice but to face Gu Changge. After thinking for a long time, they could only vent their anger and aggrieved feelings toward Heavenly Maiden Tianlu, the traitor who betrayed Heavenly Lu City and the Eight Desolations and Ten Regions.

Their words contained deep resentment and hatred, which could be said to be filled with righteous indignation. When the words came out, they immediately spread to the outside world through the seal outside Heavenly Lu City and echoed in the sky.

It was obvious that these old men had advanced cultivation bases and these words were blessed with aura, so they could be spread far and wide. Of course, they did not see Heavenly Maiden Tianlu in the army of the Upper Realm.

But they knew that Heavenly Maiden Tianlu must be in the Upper Realm, yet she didn't show up because she was ashamed of the Eight Desolations and Ten Regions. Hearing this, the complexions of many people from the Upper Realm changed slightly, especially some of the powerhouses who strangely looked at Gu Changge.

They knew that Heavenly Maiden Tianlu was by Gu Changge's side now, and had appeared some time ago. Now, the people of the Eight Desolations and Ten Regions treated Heavenly Maiden Tianlu with such an attitude which made them a little bit dumbfounded.

Seeing this scene, many people on the city wall seemed to be ignited with anger and emotions at this moment. The anger and aggrieved emotions that had been pent up for a long time before seemed to have found an outlet at this time.

Almost all the creatures of the Eight Desolations and Ten Regions were angry at Heavenly Maiden Tianlu. It seemed that it was because of her that Zhao Yunze and others died in front of Heavenly Lu City.

“Heavenly Maiden Tianlu, why don’t you dare to appear. Since you have betrayed our realm, why don’t you dare to face it? I wonder how you are going to face your former Master?”

Some Enlightened beings were also angry because of this and couldn’t help but say in a deep voice. Some of them were even from the same generation as Heavenly Maiden Tianlu’s Master.

Heavenly Maiden Tianlu also called them seniors. That old man who spoke just now had seen many Enlightened beings say so. It was as if he had unresolved hatred for Heavenly Maiden Tianlu. His eyes were red and he suddenly wanted to vent and didn’t have to worry about the target of his revenge, making his words merciless.

“Heavenly Maiden Tianlu, how are you going to face your ancestors? In such a crisis, you did not stand up, but surrendered to the Upper Realm, and witnessed the death of the genius of our world with your own eyes. I wonder if your conscience can bear it, can it?”

They cursed angrily as if venting their fear, aggrievedness, and anger from the previous battle.

“Why didn’t I see them go out of the city to fight? Now they are blaming my Master. What does this have to do with my Master?”

Song Chan’s face was very ugly. She was extremely angry when she heard that this group of old men was yelling at her Master. On the Upper Realm side, everyone saw this scene with different eyes, but they were very quiet and didn’t say a word.

Before, there was an Enlightened being who had a grudge against Heavenly Maiden Tianlu, and taunted her, but was warned by Gu Changge. So in the face of this kind of thing, they all chose to wait and see.

“These are the cultivators of Heavenly Lu City that you want to protect?”

Gu Changge watched all this with great interest and said to Heavenly Maiden Tianlu behind him. Heavenly Maiden Tianlu’s expression was always calm, she didn’t seem to be surprised, but when she heard these words, she couldn’t help but sigh slightly, looking a little sad.

These people couldn’t understand her difficulties. Now she was just a criminal in the eyes of the Eight Desolations and Ten Regions.

“Alpha, go and shut up these noisy people.” Gu Changge glanced at her, then said calmly.

Heavenly Maiden Tianlu glanced at him, she didn’t expect Gu Changge to stand up for her and unspeakable emotions emerged in those shining eyes.

“Yes, my lord.”

Alpha accepted the order and his figure as terrifying as a phantom stepped forward with one step. The brilliance of the Dark Iron battle suit appeared on the battlefield. He held a terrifying black spear in his hand, and his aura was captivating. His eyes swept across Heavenly Lu City in front of him, and the aura of the Quasi-Emperor Realm shrouded the sky.

“Heavenly Maiden is now my Master’s concubine, disrespecting her is disrespecting my Master. If you are dissatisfied, you can come here and fight with me.”

His voice was very indifferent, containing a murderous aura like iron and blood. Hearing this, the old men who were still yelling and cursing just now couldn't help but suffocate, and their expressions turned ugly.

Their cultivation base was in the Quasi-Supreme Realm at best, so naturally, they did not dare to fight Alpha. And even if they were in the same realm, they wouldn't dare to fight easily now. Especially since they could see at a glance that the strength of this person was terrifying.

That evil spirit was so overwhelming that it shattered the sky. Suddenly, the front of Heavenly Lu City became quiet. Even the Enlightened beings dare not speak lightly. After all, Alpha was Gu Changege's person, so it might cause Gu Changege to target them because of this.

They were also very afraid of this, snorted coldly, and chose to shut up. Alpha was standing there, indifferent as a mountain with spears running across with a murderous aura overwhelming the world.

Following period of time, in front of Heavenly Lu City, there were always powerhouses from the two realms fighting. Some of the powerhouses fought against each other, and some of them died in the end. Horrible fluctuations have been oscillating in this world.

In the end, some younger generations couldn't bear it any longer and took the initiative to come forward to fight with the Upper Realm. Of course, there was no suspense in this battle. The Eight Desolations and Ten Regions lost more than wins, and almost every battle had people dying tragically.

On the Upper Realm side, Gu Xian'er, Wang Ziji and others of the younger generations all fought their own battles in front of Heavenly Lu City. Of course, they won a big victory.

The morale of the Eight Desolations and Ten Regions was already at its lowest point.

Chapter 497: The Dao Fruit matured and touched the realm of Immortal Dao

The battle between the two realms lasted for several months. The army of the Upper Realm was stationed outside Heavenly Lu City, and the black clouds covered thousands of miles. Under the black clouds, every big star seemed as small as dust.

The terrifying aura suppressed all the cultivators and creatures of Heavenly Lu City, making people terrified and uneasy. Fearing that one day the big formation outside Heavenly Lu City would be breached, the powerhouses from the Upper Realm would attack them.

Every day in front of Heavenly Lu City, many powerhouses from the Upper Realm could be seen attacking the city. All kinds of gorgeous brilliance reflected in the sky and finally caused the place to completely collapse and explode, filled with the aura of blood.

Large tracts of land were cracked open and even if there were former powerhouses who had carved the formations, it was still difficult to stop the aftermath of this battle. Later, the powerhouses in Heavenly Lu City simply closed the city and did not fight, so as not to cause too many innocent casualties.

Although too many casualties were avoided with such a move. But for the many cultivators and creatures of the Eight Desolations and Ten Regions, it was tantamount to a bigger blow.

Now, the powerhouses of the entire Eight Desolations and Ten Regions gave them the feeling that they wanted to wait for the Upper Realm to break through Heavenly Lu City, and they would not make any resistance to it.

This made many people despair and they even felt that the moment Heavenly Lu City was breached, they were doomed to perish and be enslaved by the Upper Realm.

“From this point of view, Heavenly Maiden Tianlu’s actions at the beginning are actually wise.”

“Facing the army of the Upper Realm this time, we have no power to resist at all, so we might as well plan to surrender early.”

“Then Gu Changge is really unbelievably strong. It’s hard to imagine how such an existence could exist in this era.”

In the depths of Heavenly Lu City, the location that looked like an independent universe, and was even more vast like a star that had long been barren. There were dilapidated and terrible potholes everywhere with various colors of blood pooling filled with a terrifying aura.

Even Quasi-Supreme cultivators would feel that their physical bodies were about to explode. In addition, there were many unearthed coffins lying in various places, which were extremely old.

This place was still vast and boundless. There were big stars shining in the sky and earth, circulating with dim brilliance. The pitch-black river was rolling and the black rays of light were boiling, mixed with thousands of complicated and regular divine lights.

At this moment, voices sounded from the turned-out coffins. These were all the powerhouses who were suspected to have died in battle in the Upper Realm, and their cultivation bases were unrivaled.

Many people didn’t know that during these years, they had not died but had been hiding here secretly. As for the reason?

They were still afraid of death. In the beginning, they deceived the people of the Eight Desolations and Ten Regions by feigning death. They didn’t have the determination to surrender to the Upper Realm like Heavenly Maiden Tianlu.

But they didn’t want to die because of the Eight Desolations and Ten Regions, so after a while of discussion, they came up with such a way of feigning death. Their bodies were buried here by the clan behind them.

Over the years, they had actually been in contact with the ethnic clans behind them, and they also knew what was happening outside. Many verbal ordinances or edicts that determined the direction of the Eight Desolations and Ten Regions were all passed down from here.

They were very secretive, even some people of the same era as them didn’t know that they were still alive.

“This time, it seems that Heavenly Lu City is about to be breached. I might as well make plans early. Otherwise, when the army from the Upper Realm comes, they will notice that I am waiting here.”

In the horrible coffin filled with blood, there was silence for a while and then a voice suddenly sounded.

This was an unimaginably ancient existence whose seniority is scary and the Eight Desolations and Ten Regions. He was once the descendant of the Ancestor of the Vermillion Bird God of War clan.

“Let’s go back to our own clans. From my point of view, the best plan is to seal off the clan and hide in a small world where we can hardly be found. When things calm down, I can change my appearance...”

“If Heavenly Lu City is about to break, let them break it, for a while.”

Another voice sounded, it was a dark cave. Immortal light intertwined in it, but the words that came out of it seemed extremely indifferent. He didn’t care about the life and death of all the creatures of Heavenly Lu City.

Indeed, in their eyes, since they didn’t care about the ethnic clans behind them, they probably wouldn’t even care about the life and death of the Eight Desolations and Ten Regions.

At their level, many things in this world were like passing clouds. Even the Immortal Sect would eventually collapse one day. Not to mention the Heavenly Lu City today, the Eight Desolations and the Ten Regions.

In their minds, apart from their own body there was nothing worthy of their attention in this world.

“In this case, then pass an order to the heirs and let them abandon the city.”

From another direction, footsteps sounded and suddenly echoed in this dilapidated space. It was a young-looking existence with a fair face and long hair. Yet the pair of eyes were very vicissitudes and his body was filled with chaos.

Sensing this person’s approach, there was a sudden commotion here. All the coffins were trembling slightly and finally opened automatically. The figures among them appeared one after another, each of them was filled with blood and at the same time, there was an aura circulating that suppressed the collapse of this universe.

“Lin Qinglong...”

An incomparably vague ancient existence spoke, the voice was fearful but more puzzled and confused, “Why are you here?”

The rest of the existences were obviously quite jealous of this person. Although they were from the same realm, they didn’t live in harmony with each other without conflicts.

Lin Qinglong was the third son of the Ancestor of the Dragon Blood God of War Clan, and his existence could even be traced back to the birth of the Eight Desolations and Ten Regions.

There were many ancient existences in front of him, and they could only call themselves juniors. Moreover, a long time ago, many people heard that Lin Qinglong stepped into another realm and now it was even more unfathomable.

No one thought that Lin Qinglong would show up here. For the entire Eight Desolations and Ten Regions, his existence was no different from a living fossil witnessing ancient history.

“Why can’t I be here...”

Lin Qinglong said lightly, his eyes were flat and his figure was not considered tall, but he had an unconcealable invincibility.

“I’m here to wake up Father.”

“Your father? Isn’t the Dragon Blood God of War dead...”

Hearing this, these ancient existences were all shocked and their faces couldn’t hide their shock. They couldn’t believe this. They did know that although this place was deep in Heavenly Lu City, it was a world of its own.

Ordinary cultivators couldn’t find this place at all, because this place was covered by special laws and domains. It was known as the place of death in the Eight Desolations and Ten Regions.

To be precise, it was a mysterious field.

Why did people from the Eight Desolations and Ten Regions choose to bury them here after they died in battle?

Of course, it was because they hoped that they could be revived here. In their view, the Eight Desolations and Ten Regions and the Upper Realm were actually connected. There was a mysterious place like reincarnation in the world, where creatures could reincarnate back and forth to come back to life after death.

A strong person could even be born with predestined wisdom. Obviously, the depth of Heavenly Lu City was such a mysterious place. However, they did not dare to go too deep.

Someone once tried it, but when it touched the supreme law, they exploded directly, and both body and spirit were destroyed, turning into ashes. They knew that since this place involved the most mysterious power of reincarnation between heaven and earth.

Then there must be laws that transcended the level of the Emperor Realm. If they dared to touch it, there would naturally be only one consequence of death.

“Do you have the means to get in?” The expressions of these ancient beings became serious, staring at Lin Qinglong.

“Of course, I have the means.” Lin Qinglong smiled lightly, very naturally, with confidence and indifference.

The whole person seemed to have other plans, and he didn’t care about the attack of the Upper Realm. Before this, he had never appeared in front of the Eight Desolations and Ten Regions.

Afterward, he walked along the black river and his body was filled with a glow intertwined with gold and silver, resisting the oppression of this mysterious place. The black river converged like a fountain, forming a dead sea in the deepest part of Heavenly Lu City.

It was incomparably calm, but also dark and creepy.

One could even see a lot of ghosts wandering by the black river as they finally turned into light dust and walked into the ocean. The ocean was huge, with no end in sight at a glance and it had an extremely mysterious yet profound aura.

Looking around, one could see an ancient tree, rooted in the ocean, with dry branches and leaves, entwined with strands of light. Around the ocean stood black mountains.

There was an ancient cave in the mountain peak, like an immortal cave, extremely gorgeous, filled with various divine lights, spraying immortal mist.

In one of the ancient caves, bursts of oppressive aura came out, which made people chill. The rest of the cave seemed to be dead silent, and there was no movement.

In this place, there was an aura that could shatter the soul of a cultivator. It was as if different strands of Dao were colliding between heaven and earth, constantly offsetting the outgoing fluctuations, which even made Lin Qinglong groan and stagger.

If Gu Changge was here, he would find that this place was closely related to the Luck of the entire Eight Desolations and Ten Regions, and there was an origin aura very similar to the Upper Realm permeating the air.

After arriving here, Lin Qinglong's expression became obviously submissive and he said to the cave in front of him, "Father, the Dao fruit is about to mature, and you can be born."

Boom!!

It seemed that upon hearing these words, an incomparable aura began to revive in this cave, making one's heart tremble and one couldn't help but prostrate on the ground.

After several months of fighting between the two realms, Heavenly Lu City finally chose to avoid the war. However, during this period, there was gossip that the powerhouses of all ethnic clans were discussing withdrawing their troops and abandoning the city. This news spread among the creatures of Heavenly Lu City, causing a great commotion.

Many people were shocked, angry, puzzled, at a loss, desperate...

Of course, it was not known whether this news was true or not and no one dared to ask those Enlightened beings. The Eight Desolations and Ten Regions were strictly hierarchical, and ordinary people had no way of contacting those Enlightened beings.

And when everyone in Heavenly Lu City was feeling uneasy, in the distance in the vast black clouds of the Upper Realm, suddenly a soaring flag appeared with tens of millions of poles, like a large formation and it fell in the four corners of the world, covering the sky. The boundless chaotic energy was sent down to protect the hundreds of millions of troops from the Upper Realm.

This scene shook the hearts of all the people in Heavenly Lu City and at the same time, they were terrified, knowing that there must be an invincible existence in the Upper Realm who was about to attack the city.

And with this kind of power, he was worried about the fluctuation of the shock, which would hurt the army of the Upper Realm. From the direction of Heavenly Lu City, they could see several figures standing in the fog in the distance as if they were building an altar bridge.

They exuded an incomparable aura, but they were all wrapped in chaotic mist so they couldn't see their real bodies clearly. Obviously, they built this altar to resist the aura of heaven from the Eight Desolations and Ten Regions.

"The suppression of the world is obviously much smaller. If Patriarch Gu Lang makes a move, you can give it a try."

Gu Changge shot out a rune that fell into this altar and looked at the Heavenly Lu City in the distance, feeling strange in his heart. This matter was naturally decided by him and some Elders of the Gu family.

The other forces also wanted to see how long the current Heavenly Lu City enchantment could resist.

At this moment, there was a loud roar suddenly and there were hundreds of millions of brilliant rays emerging there. The whole world seemed to be suppressed by the sudden aura, and countless stars trembled.

The universe seemed to be unable to bear this aura and it was about to be destroyed.

Boom!!

An unrivaled hand emerged, unimaginable and even surrounded by some immortal energy, covering the world.

That was the true meaning of the immortal way, and it suddenly came from the altar, and fell forward, intending to shake Heavenly Lu City down from the edge of the Eight Desolations and Ten Regions!

This power shook the world, and he was definitely a person who had touched the Realm of Immortality!

Chapter 498-1: This is the Heavenly Lu City that they wanted to protect? People are treacherous (1)

At this moment, a terrifying power suddenly swept across heaven and earth as if the heavens were trembling through the ages. The sun, moon and stars were about to collapse under this aura.

Boom!!

That giant hand, invisible to the edge, slapped down from the Upper Realm, across the sky and descended with pressure, intending to shake the entire Heavenly Lu City. The altar glowed, and a strange power emerged, trying to stabilize the laws of the realm and counteract the power of the laws in that realm.

On the side of the Upper Realm, Gu Changge and the others were all watching this scene with different expressions. To put it bluntly, the current Gu Lang could be said to be the strongest person in the Upper Realm. The rest of the powerhouses who came here were far less advanced than him.

In the War of Immortality between the Ancient Immortal Gu Family and Purple Mansion, Gu Lang even attacked and killed the Great Elder of Purple Mansion, no one had any doubt about his strength.

As for the existence of various forces that were close to the Realm of Immortality, they were hidden very deep and would not show up so easily. Like Gu Lang, the Ancestor of the Gu family, he had already appeared in the Upper Realm once before.

So now, he didn't care much about the battle of the Eight Desolations and Ten Regions and didn't care about other people's attention.

"The big thing is bad! It's a siege from the Upper Realm!"

On the wall of Heavenly Lu City, a soldier saw this scene and couldn't help trembling and shouting loudly.

In fact, there was no need for him to shout. Many powerhouses had already felt this unrivaled aura. Their legs went weak, and they forced themselves not to kneel down. This was the existence among the superpowers in the Upper Realm attacking the city, all the runes were flickering and it seemed that they were about to collapse and explode.

Everyone felt the oppressive and terrifying aura, their hearts seemed to stop beating. Their souls were about to explode completely and they couldn't bear this surging aura. Even though they were separated by the seal, everyone still couldn't stand it, their bones cracked and their spine was about to be crushed.

"I don't know if I can stop him, this is definitely beyond the existence of Enlightened beings!"

In Heavenly Lu City, everyone was trembling, and some people couldn't help be utterly terrified, accompanied by despair.

In a distant place, one could faintly see an unrivaled figure, standing, towering above the sky, flying wildly, swallowing eternity, and crashing down toward Heavenly Lu City, intending to destroy all living beings.

The entire sky collapsed because of his aura, and the spirits in heaven and earth wanted to kneel down to him, prostrate themselves on the ground, and worship him as they couldn't bear it at all.

"This is the existence of half a foot into the Immortal Realm..."

"They're coming in!"

On the walls of Heavenly Lu City, many ancient beings were pale and terrified. Even with their strength, they were trembling slightly and their faces turned pale. No one could resist this aura, even if they stood up.

Click!

Afterward, the sky and the earth split open and collapsed under this palm as if the universe was broken open. There were billions of rays of light, reflecting the ups and downs under the sky.

In front of Heavenly Lu City, a monstrous momentum erupted like a galaxy bursting its bank, flooding the sky, and then hundreds of millions of brilliance lit up. All the runes were glowing as they manifested in the void, and finally emerged, falling toward the terrifying figure above the sky, trying to resist the blow.

At the same time, on the city wall, those ancient beings emerged, spewing out an endless glow, filled with Immortal energy, dense and endless, as if it could cover the entire universe.

It couldn't be more unpredictable, all of them hit this palm, making it tremble slightly, but it still descended very smoothly. The runes were wiped out under this palm, accompanied by lightning, thunder, and pitch-black divine light that was seemingly endless.

In the end, this place became blurred and chaotic and the light was so brilliant that it was impossible to see anything clearly.

"It's too terrifying!"

"But... fortunately, it was blocked..."

"If there was no Heavenly Lu City, once such an existence attacked, how can we stop it?"

In front of Heavenly Lu City, there was a terrifying earthquake. All the people standing on the city wall were pale and almost fell from above, unable to stand firmly. Everyone felt that the walls of Heavenly Lu City were trembling. They had withstood a terrible force under the impact just now.

Many stars floating around it exploded and turned into dust, and many laws and orders were shattered. This kind of power was so terrifying that even Enlightened beings couldn't stop it.

However, with a bang, when this terrifyingly large hand landed on the barrier in front of Heavenly Lu City, it still shattered and turned into a terrifying energy like a mountain torrent and tsunami, and did not break through. But the raging energy, like a flood, washed over the earth, the void burst into a terrifying rift and the ground seemed to be turned over.

This made all the cultivators and creatures in Heavenly Lu City heave a long sigh of relief. Just now everyone's heart was raised, for fear that Heavenly Lu City would be breached, and they would not even have a chance to escape at that time.

Under such a powerful attack, all of them were no different than ants and they could all be wiped out with a single palm.

"It's a pity. Although the Eighteenth Patriarch tried it just now, it is obviously far from breaking through the big formation of Heavenly Lu City. It seems that the rumor that it can even block an Immortal isn't a lie."

Gu Change shook his head, feeling a little regretful. If the Eighteenth Patriarch could break through Heavenly Lu City, then he didn't need to waste other thoughts. Now it seemed that it was unrealistic to break through Heavenly Lu City by force in a short period of time.

Therefore, he could only wait for Lin Wu to act.

"Has it failed? It is difficult to break through the existence that is connected to the Realm of Immortal Dao. But is this tortoiseshell really that hard to break?"

Everyone from the Upper Realm looked at this scene, feeling a little disappointed in their hearts.

It was not that the ancestor of the Gu family who attacked just now was not strong, but that the enchantment in Heavenly Lu City was really weird and tricky.

“Gradually, the one from Heavenly Lu City is said to be a close friend with the one who stole our realm’s luck. Looking at it now, he must be a formation master.”

Among the army of the Upper Realm, many ancient beings sighed and frowned slightly. If this big formation was so easy to break, then Heavenly Lu City won’t be struggling for so long.

Boom!!

Afterward, vast energy surged from the edge of heaven and earth again, like an endless ocean. The location where it surged violently, the monstrous mist receded. The figure of the Ancestor of the Gu family who made the attack retreated and did not try to make a second attack.

Now he had tested the current limit of the Heavenly Lu City’s formation, and he knew that the current Heavenly Lu City’s formation was not something he could break through. So he resolutely retreated and didn’t stay for long.

In an instant, the terrifying pressure that enveloped the sky, suppressing the aura of everyone’s primordial spirit was now dissipating like a tide. Everyone from the Eight Desolations and Ten Regions watched this scene, and finally, a smile appeared on their faces shrouded in gloom.

They all had the feeling of having survived the catastrophe. Just now they were worried that Heavenly Lu City would be destroyed and everything would be turned into ashes and dust.

“Don’t be optimistic, just now it was just a test from the Upper Realm.”

However, some old people were very vigilant and not optimistic. They knew that the current Upper Realm was definitely hiding many characters comparable to that existence just now. If there were more figures like that, Heavenly Lu City would be breached sooner or later.

Although the forces from the Upper Realm that came here today look scary and could be called endless, they knew that this was just the tip of the iceberg of the entire Upper Realm. It was far from reaching the point where the Upper Realm would attack with all of its strength.

If all the power from the Upper Realm descended, the entire Heavenly Lu City would be reduced to ashes in an instant.

“Anyway, it was only blocked temporarily.”

Many old men looked at each other with strange eyes, with calculations in their hearts.

Afterward, their figures disappeared from the city wall and returned to the quarters of the ethnic clans behind them. Today, there were still rumors in Heavenly Lu City that some powerhouses had planned to abandon the city and escape.

Such news was naturally not groundless. Some ethnic clan forces had already received news of the existence of a very ancient generation in the clan, who asked them to gather their clansmen.

During this time, it was best not to conflict with the Upper Realm. Although what happened today was sudden, it also ended suddenly. But it made them cautious, thinking that if they continued to delay, maybe Heavenly Lu City would be breached.

At that point, it would be too late.

An invisible undercurrent was raging in Heavenly Lu City. Many cultivators still didn't know that the most powerful powerhouses in their minds, the invincible existences who wanted to fight to the death with the Upper Realm, were now planning to abandon the city and escape.

Witnessing the formation barrier outside Heavenly Lu City today, resisting the existence of an unfathomable cultivator, even a near-immortal from the Upper Realm, they were very excited.

At dark, one could even see many bonfires lit in Heavenly Lu City, and many cultivators gathered together, drinking heavily, which was quite enjoyable.

"That's pretty optimistic."

On an ancient warship a million miles away from Heavenly Lu City existed a majestic mountain peak, flowing with colorful clouds. Gu Changge stood with his hands behind his back, his sleeves fluttering, looking at the bonfire burning in Heavenly Lu City, his eyes became interested.

"Maybe today gave them hope."

The figure of Heavenly Maiden Tianlu emerged behind him. Her hair was blown away by the mountain wind, revealing a flawless and complex complexion.

"Hope? I wonder how long such hope can last."

Gu Changge smiled faintly, turned to look at her and asked, "Is there any secret hidden in Heavenly Lu City that we don't know?"

Heavenly Maiden Tianlu was slightly stunned, a little confused.

"Why did Mr. Gu say such a thing?" She asked, with doubts surfacing on her face.

"It stands to reason that things have come to this point, but why don't those Enlightened beings in Heavenly Lu City give up? Do you think they are smart, or stupid? Or selfless and self-sacrificing?"

Chapter 498-2: This is the Heavenly Lu City that they wanted to protect? People are treacherous (2)

Gu Changge's eyes showed a little deep meaning, he stretched out his sleeves, and then a misty light appeared in front of him.

In the distance, Heavenly Lu City, in front of him and Heavenly Maiden Tianlu, suddenly changed their appearance. Originally, at night, there were billions of stars pouring down and endless rays of light rising.

Big stars surrounded it like dust, like clusters of bright nebulae, extremely magnificent and magnificent. But now, it could be seen that there was a gloomy aura in it that was constantly growing.

At the same time, it was constantly eating away the rest of the aura, making people feel that the entire Heavenly Lu City was decaying.

“This is!”

Heavenly Maiden Tianlu didn’t notice this before, but when she saw it now, she couldn’t help being surprised, a little unbelievable.

“Why is there an aura of death in Heavenly Lu City? Is it because of the invasion of the Upper Realm? There have been several attacks from the Upper Realm before, but this has never happened before. Could it be different?”

She was very puzzled and frowned slightly.

“Based on what you know about the group of powerhouses from the Eight Desolations and Ten Regions, what do you think they will choose at this time? A bloody battle with the Upper Realm to the end, or abandon the city and flee?”

Gu Changge stretched out his hand and gently smoothed the hair on her forehead as he said lightly, “Or, what confidence do they have until now?”

“Confidence?”

Heavenly Maiden Tianlu shook her head, if she had, she would not have chosen to surrender in such a way.

In any case, the current Heavenly Lu City was already facing the most critical moment.

It was the choices of those Enlightened beings that made her feel a little uneasy. If it really came to this point, it was obvious that they would not think too much about defending themselves and abandoning the city. This possibility made her unable to hold back a sigh.

“If we talk about the secret of Heavenly Lu City, it can only be the place of rebirth. However, there are corpses of the powerhouses who died in battles with the Upper Realm in the past buried. Thinking that one day, they will be able to recover by reincarnation.”

Then, Heavenly Maiden Tianlu thought for a while and thought of something. As the patron saint of Heavenly Lu City, she naturally knew the mysterious place of death. However, she seldom went to it for fear of disturbing the heroic spirits of the powerhouses who died in battle. Therefore, she didn’t know much about the place of death.

“The place of death? Is there such a relationship?” Gu Changge raised his eyebrows slightly.

He felt that the sudden aura of death might just be from this so-called place of death. It seemed that there was a reason why Heavenly Lu City was built here, and after destroying the city, he wanted to explore this place of rebirth.

Buzz!!

But at this moment, there was a sudden fluctuation in the void behind Gu Changge and Heavenly Maiden Tianlu. Both of them were very powerful, and they felt it almost instantly, but Gu Changge was not surprised.

On the contrary, Heavenly Maiden Tianlu's eyes were rather vigilant, she felt the terror of this aura, and she was suppressed almost instantly.

"Greetings, Eighteenth ancestor."

A faint smile appeared on Gu Changge's face, and he spoke in the direction of the fluctuation.

Gu Lang's figure manifested, different from today's heroic image, he was no different from an ordinary old man with a hunched waist, a pale face, and ravines, but a pair of eyes that could not hide their depth and vastness.

"Eighteen Ancestor?"

Heavenly Maiden Tianlu's heart trembled slightly, and she recognized this figure. It was the invincible being who attacked the city today, and his cultivation was close to Immortal.

If it wasn't because heaven and earth didn't allow it, he would have become Immortal. That kind of overwhelming pressure was enough to destroy the universe and shatter the heavens and the earth.

No one would have imagined that the invincible existence who swallowed eternity and almost knocked down Heavenly Lu City with a palm, would be such an ordinary-looking old man.

Of course, she didn't dare to underestimate him. Moreover, what shocked her was Gu Changge's address for the old man in front of her.

Eighteen Ancestor? Could it be that this person could only rank eighteenth among the Ancestors of the Gu family today?

"Did I disturb the two of you?"

After Gu Lang appeared, he smiled jokingly at Gu Changge. He didn't care about Heavenly Maiden Tianlu, who was from the Eight Desolations and Ten Region, and he wasn't hostile to her like other ancient existences.

"A little bit." Gu Changge nodded and smiled slightly.

"Kid, you really don't give face at all."

Gu Lang was not surprised when he heard the words, he smiled casually, then fixed his eyes on Gu Changge and said, "It doesn't seem to be long since I saw you last time, and you are able to fight the Enlightened beings in a blink of an eye. Everyone has their own secrets. Although with your current status and strength, not many people dare to investigate you in the current Upper Realm. But you still have to be careful."

"On this point, the Eighteenth Ancestor can rest assured."

Gu Changge raised his eyebrows, guessing the meaning of the Eighteenth Ancestor in his heart.

In the end, thinking about it, it should be related to his current cultivation base, after all, it was too unbelievable. But things had come to this, he didn't believe that anyone would dare to investigate him, and the real inheritor of demonic art was Su Qingge, who was still in the Upper Realm, and her traces were easy to find.

It could be said that it had nothing to do with him. As for the matter of Heavenly Maiden Tianlu, Ancestor Gu Lang didn't ask much, nor did he care too much. After chatting with Gu Change for a while, he left, looking very natural.

It seemed that coming to these Eight Desolations and Ten Regions was purely to get some fresh air. On the contrary, Heavenly Maiden Tianlu was quite afraid of Gu Lang and felt that the background of the Ancient Immortal Gu Family was really unimaginable.

A few days later, a major event that shook the entire Heavenly Lu City happened suddenly.

Early in the morning, one after another divine light could be seen piercing through the sky, appearing from the pavilions and palaces, and then above the sky there were bursts of light gates, and a large number of cultivators and creatures were called up by the powerhouses and were included in the divine weapon.

This scene shook the entire Heavenly Lu City, and some cultivators noticed that those people who left were all from certain big clans of the Eight Desolations and Ten Regions!

And they didn't hide it at all. In front of everyone, the entire clan evacuated. Even an Enlightened being in the tribe tore apart the space and left quickly as if he wanted to leave this place as soon as possible.

This incident happened so suddenly that all the cultivators in Heavenly Lu City fell into shock and stupefied. Wasn't this abandoning the city and escaping?

After reacting, everyone became angry, and yelled at that family, scolding them for being greedy for life and afraid of death. However, this was not the end, and then more ethnic clans began to follow suit, and cultivators could be seen escaping from Heavenly Lu City all day long. Even if some ancient existences appeared to stop them, it was useless at all.

This group of people came aggressively at first, but now they escaped the city in embarrassment. They didn't want to stay here for a while. After witnessing the horror and invincibility of the Upper Realm, they just wanted to escape and stay away from this place.

After someone took the lead, more cultivators and creatures fell into uneasiness, fear, and hesitation. The rest of the people had escaped. What was the use of their staying in Heavenly Lu City?

Should they stay here and wait for their death? This was simply impossible, so why should the rest of the people run away while they were desperate? It was not fair to them at all.

Such emotions quickly spread, and for a while, the entire Heavenly Lu City fell into great despair, anxiety, and panic. The fighting spirit that they had when they witnessed the barrier outside Heavenly Lu City, blocking the invincible existence from the Upper Realm, was suddenly extinguished.

All the cultivators and creatures became anxious, even those who had the will to die were stunned in the end, very dazed and suddenly felt that they had become very powerless. This was the Tianlu City and the Eight Desolations and Ten Regions they were desperately trying to protect.

Was it worth it?

“Sure enough, Brother’s method is clever. In this way, if we evacuate in the end, not only will no one say anything, but we will leave a good reputation.”

“Yeah, after all, we were forced to abandon the city in the end. We resisted to the end, and there is really no way.”

In the depths of Heavenly Lu City, several figures shrouded in the vast chaotic mist saw this scene in Heavenly Lu City and couldn’t help laughing. Their words were quite admirable, and they were a little proud.

The news of abandoning the city and escaping during this period was naturally passed on by their orders. The purpose was to give themselves a reasonable and aboveboard excuse to abandon the city and escape.

Just as they expected, Heavenly Lu City was already in chaos today, and even if they escaped at this time, no one would say anything. Of course, in their plan, now was not the time to escape, and they had to order their clan to continue to resist for a period of time.

In this way, it would seem even more legitimate, above righteousness, it would still hold some water. For the next few days, Heavenly Lu City was still shrouded in panic and anxiety. All the cultivators and creatures were worried and terrified, their hearts were treacherous, and they couldn’t figure it out.

Because every day, they could see one divine light after another and ancient warships evacuating Heavenly Lu City, disappearing into the air, and going straight away without looking back.

“Is this the Heavenly Lu City that Master is guarding wholeheartedly?”

Seeing this scene, the contemporary Heavenly Maiden Tianlu Song Chan gradually calmed down from the anger and anxiety at the beginning and her words were mixed with a bit of sadness.

In the past few days, she had been hesitating about whether to follow Lin Wu’s words and make a major and irreversible decision. But now, her gaze gradually became more firm.

Chapter 499: For the sake of false glory, they don’t have the slightest chance

This day was a day of despair for Heavenly Lu City. Even if it was the day when many of the powerhouses from the Upper Realm attacked the city, they were far from being so desperate.

The entire ancient city was shrouded in an aura of despair. All the cultivators and creatures were apprehensive and terrified. They saw figures across the sky, leaving Heavenly Lu City.

Even if some supreme powerhouses ordered that it was strictly forbidden to retreat in battle, it was of no use. These cultivators were from various races and were not bound by these supreme beings.

On the contrary, after the order was given, more cultivators and creatures escaped and everyone was fleeing Heavenly Lu City. It seemed that as long as they left this place, the Upper Realm would not really invade.

People were treacherous and unpredictable.

In just a few days, the number of cultivators and creatures in Heavenly Lu City had decreased by nearly half, and the number was still decreasing continuously. It probably wouldn't be long before Heavenly Lu City becomes a dead city.

Later, only a few powerhouses from a few clans were left.

This included the Four Great War God Clans. They seemed to be the backbone of the entire Eight Desolations and Ten Regions, and the entire Heavenly Lu City. At this point, they coincidentally still refused to back down and wanted to fight to the death with the Upper Realm.

Such a scene made many cultivators and creatures admire them, feeling that this was indeed the clan of the Four War Gods and that the rest of the clans were many times worse than them.

In this way, many people's hearts were also stabilized. Their prestige in Heavenly Lu City, and even in the entire Eight Desolations and Ten Regions, had been increased several times by taking this opportunity.

Many powerful casual cultivators arrived one after another.

"I'm ashamed of the love you have given me, for treating my family so highly."

"However, Heavenly Lu City's army has been reduced by almost half. If Heavenly Lu city is destroyed, I am afraid that we will all be buried under the army of the Upper Realm."

"However, my family is willing to defend this place for the sake of Heavenly Lu City and the Eight Desolations and Ten Regions!"

On the tall altar in the center of Heavenly Lu City, there stood several figures with incomparably terrifying auras. The aura of each person was extremely ancient, and the sun was shining brightly, exuding a powerful pressure.

At this moment, one of the figures opened his mouth, his face was old but his eyes were as bright as the sun with a righteous aura and a terrifying aura that made it hard to look at.

Under this altar, all the people in the Heavenly Lu City were standing and they looked like a torrent. They all listened to all of this with solemn faces and felt a sense of awe in their hearts.

Compared with the other clans who abandoned the city and fled, the behavior of the Four Great War God Clans was not only admirable but also impressed them even more. Even at this point, they had not given up on Heavenly Lu City, and they had not given up on everyone, and they were worthy of the title of their Four Great War God Clans.

"So this is the plan of the clan? What's the difference between doing this and surrendering to the Upper Realm? For this false glory and face."

But among the crowd below, a figure with a firm face seemed to be stunned, it was Lin Wu.

At this moment, Lin Wu had a complicated expression and clenched his fists. Naturally, he was also among the crowd who did not retreat. Hearing the words of the figure above, he couldn't help feeling a little dazed.

That terrifying figure was the Enlightened being of their clan, and his seniority was extremely old. A few days ago, he also heard that the clan was discussing how to avoid this disaster safely.

What they thought was not to unite everyone to fight against the Upper Realm, but how to survive in this critical moment without compromising the glory of the family. Therefore, the major events that happened in Heavenly Lu City in the past few days were actually secretly guided by their family.

The news that the major ethnic clans were about to abandon the city and flee was also spread through their hands. This made Lin Wu's back shudder, and he suddenly understood why those forces in the Upper Realm would be so disdainful and contemptuous of the Eight Desolations and Ten Regions.

The various ethnic clans of the Eight Desolations and Ten Regions had become so corrupt that there wasn't even a need for the Upper Realm to take action, they could be easily disintegrated with just some rumors.

"In such Eight Desolations and Ten Regions, why is there any need to wait?"

Lin Wu smiled wryly, thinking of what he had done to survive and save Luluo during this period of time, many emotions became clear, and suddenly became firm again.

"Song Chan should be able to touch the core of the formation at this time... As long as I get the core of the formation, I will leave Heavenly Lu City and look for Gu Changge. Since he promised me, at this time, he should not break his promise."

Lin Wu looked into the depths of Heavenly Lu City and his eyes flickering expectantly. He no longer expected anything from Heavenly Lu City or the Eight Desolations and Ten Regions.

But when Heavenly Lu City was in chaos, everyone from the Upper Realm was almost in a state of watching a show. All the powerhouses of the immortal forces noticed the armies and powerhouses who left Heavenly Lu City during this period.

This aroused everyone's interest. They didn't expect that Heavenly Lu City hadn't been breached yet. Yet, the Eight Desolations and Ten Regions had already started to abandon the city and escape.

"It's really ridiculous. This is the so-called Eight Desolations and Ten Regions. The descendants of a group of exiled people are born with crimes in their blood."

An ancient existence sneered, his figure was like a tower facing the sky, towering and terrifying, standing at the end of the world.

"It seems that I don't need to take another shot. This day, Heavenly Lu city will fall on its own."

Gu Changge did not expect such a sudden scene from the Eight Desolations and Ten Regions. Although he guessed that someone from the Eight Desolations and Ten Regions would abandon the city and flee at a critical moment.

But he never expected that the Eight Desolations and Ten Regions would start to panic and start fleeing before Heavenly Lu City was breached. In this way, it would be easier for him to break through Heavenly Lu City.

“At the latest half a month, Heavenly Lu City will be destroyed.”

He squinted his eyes, guessing in his mind when Lin Wu would take the core of the Heavenly Lu City’s Formation.

“Seeing this scene, how do you feel?”

Afterward, Gu Changge looked at Heavenly Maiden Tianlu beside him and asked with raised eyebrows. She had been silent for the past few days, especially after witnessing what happened in Heavenly Lu City with her own eyes, and didn’t say a word.

“What I want to protect is the Heavenly Lu City left to me by Master, and it has nothing to do with the Eight Desolations and Ten Regions.”

Heavenly Maiden Tianlu’s crystal clear eyes fell on his face when she heard the words, she shook her head and said. She couldn’t tell how she was feeling right now.

Before this, she never thought that many ethnic clans who were always united and fought against the Upper Realm would abandon the city and flee at this time, leaving Heavenly Lu City all alone. This made her very disappointed and even made her sigh.

She didn’t blame those ethnic clans, after all, the life and death of Heavenly Lu City has nothing to do with them.

After they fled, they still had a place to go, and they could migrate with their families. But Heavenly Lu City was different, if the city was destroyed, people would die, people would flee and the city would be destroyed.

Apart from her, there was probably no other person in this world who cared so much about Heavenly Lu City.

“It’s pathetic...”

Gu Changge smiled lightly, and stretched out his hand to her flawless beauty, “If there is no me, how would you have planned to protect Heavenly Lu City?”

Although Heavenly Maiden Tianlu was strong, she was only an Enlightened being and could resist several fellows from the Upper Realm at most.

Once Heavenly Lu City was destroyed, all the ethnic clans from the Eight Desolations and Ten Regions would retreat, she would be caught in a dilemma, either stick to the end and destroy herself with Heavenly Lu City or abandon the city and flee.

Considering her character, she would definitely stick to the end.

Heavenly Maiden Tianlu’s eyes drooped, and she seemed to feel a little sad, and said, “I’m useless, I can’t protect Heavenly Lu City that Master left to me.”

If she hadn't chosen to surrender to the Upper Realm, not only would she be dead, but Heavenly Lu City would also be turned into a pile of ruins. Therefore, it could not be said to be lucky or unlucky.

Just like today, all the forces and sects from the Upper Realm knew that she was Gu Changge's person, so even after Heavenly Lu City was destroyed, they would not dare to wantonly burn, kill and destroy.

"I think Master must be watching me. He probably didn't even think that I would be able to protect Heavenly Lu City by surrendering to a man from the Upper Realm in the end."

There was a faint smile on the corner of Heavenly Maiden Tianlu's mouth, she couldn't tell if she was laughing at herself or sighing.

"Then you should be lucky that you met me." Gu Changge smiled lightly.

Heavenly Maiden Tianlu's eyes were sparkling, her face was flawless and her skin was gleaming. She hummed softly, and suddenly she took the initiative to wrap her arms around his arm and moved closer.

In the blink of an eye, half a month passed quickly. In a misty and rainy pavilion in Heavenly Lu City, surrounded by formations, two figures sat facing each other.

It was Lin Wu and Song Chan, but at this moment Lin Wu's expression was rather dignified, staring at Song Chan in front of him, and said in a deep voice, "Did you get that thing?"

Compared to Lin Wu's solemnity, Song Chan was much calmer and more indifferent.

Hearing this, she nodded and said, "I got it, but there are eight formation cores in Heavenly Lu City, and I can only take out one of them at present, if the other seven are touched, it will definitely attract the attention of others."

With her current status as Heavenly Maiden Tianlu, she is also extremely cautious, not daring to make any big noises.

As she spoke, she took out a mysterious object sealed in a special bronze box from her sleeve. A sense of surging and vastness was conveyed from it, and there were strands of the meaning of the world flowing through the gaps. The sun was shining brightly, incomparably blurry, but it was very eye-catching.

"You only got one piece?"

Lin Wu frowned, but still heaved a sigh of relief, and said, "One piece is fine, since that's the case, then it's not too late, let's go."

He felt that one or a few formation cores were of little significance to Gu Changge. Because as long as there was a problem with any part of the formation outside Heavenly Lu City, it would cause problems in the operation of the entire formation.

Song Chan glanced at him with a complicated expression, and said, "If I do what you said, can I really see Master?"

Although she knew what Lin Wu did, she was also a little selfish. But, many ethnic clans in Heavenly Lu City had decayed to this point. Even if they tried their best to protect all of this, in the end, they

probably wouldn't get the slightest good reputation. They would be blamed and ridiculed by these ethnic clans. Therefore, it was better to follow Master's decision.

Confidence appeared on Lin Wu's face, and he said, "Don't worry, I have already figured out the way out these days. When the two of us leave from a teleportation altar, we can go directly to the shore of Jiekongyuan."

"When I get there, I have a way to contact Gu Changge."

He still hadn't forgotten the mark that Gu Changge left on his mind back then. Hearing what he said so confidently, Song Chan also nodded and felt relieved. Now in Heavenly Lu City, she and Lin Wu were just the younger generation, not conspicuous and attracting attention.

Then the two left from the secret passage in the pavilion, hiding their bodies all the way, and rushed to a certain altar.

And on the city wall of Heavenly Lu City, the powerhouses of the major ethnic clans that were left behind appeared, standing there, surging with energy and aura undulating there like an ocean, shrouded in chaos, planning to take the initiative to attack the Upper Realm.

Although they knew that they didn't have the slightest chance of winning this battle.

"Anyway, after today, we would have a legitimate reason to retreat."

"In this way, no one will blame me for waiting."

Several beings with very ancient auras were talking with each other with confidence and sneers, they had already calculated everything. However, it was all through the communication of divine thoughts, and the vast fluctuations manifested in the sky, sending out terrifying means like a vast ocean.

Chapter 500: Heavenly Lu City formation core, Breaking into the city (1)

Rumble!!

Above the Heavenly Boundary Abyss was the endless fog accompanied by all kinds of chaotic auras which were extremely mottled and terrifying. This place was majestic and filled with the power of broken laws. Ones that could easily split the body of an ordinary cultivator into a blood mist, destroying both its body and spirit.

Yet at this moment, in this very quiet place, a brilliance suddenly appeared and an altar hidden in the dark glowed with spatial fluctuations. Two figures manifested from it, a man and a woman, both of whom looked young.

The man had a regular face and a medium build, revealing a firm and unyielding posture. The woman beside him was dressed in white that made her holy and aloof, shrouded in radiance.

They were Lin Wu and Song Chan.

"It was dangerous. I was almost discovered. Going out of the city at this time will inevitably make people suspect us."

Song Chan looked around the place for a week. And seeing that they had left Heavenly Lu City, arriving at the land of Heavenly Boundary Abyss, he couldn't help sighing softly.

After making this decision, they were beyond redemption. But now that it was over, she had no choice. She and Lin Wu had been carefully hiding since they left the secret passage of the pavilion in Heavenly Lu City, fearing that they would be seen by anyone.

Fortunately, the journey was very careful, and they left Heavenly Lu City without any danger. They had passed the road that Lin Wu had already prepared to venture outside Heavenly Lu City.

After the battle some time ago, there were not many breaths of life present, and it was very quiet.

"After today, I'm afraid they won't have the chance to criticize us. Without the formation of Heavenly Lu City, how can they resist the army of the Upper Realm?"

Compared to Song Chan's sigh, Lin Wu breathed a sigh of relief. It was as if the stone on his heart had finally been put down. In his hand, he was holding the bronze box containing the core of the Heavenly Lu City formation.

The Dao of this realm was faint, misty and mysterious, which could make people feel palpitations and there seemed to be an ancient world there. Lin Wu felt that he had completed the task assigned by Gu Changge within half a year. His little life was saved for the time being, and by taking this opportunity he could also save the life of his sweetheart, Luluo.

"Are you so sure that Gu Changge will come as agreed?"

Song Chan's voice was a little puzzled as the scene in Heavenly Lu City and could not help but flash in her mind. She witnessed with her own eyes the terrifying scene in which the invincible figure from their realm, Zhao Yunze, the strongest person of his generation 60 million years ago, was suppressed and killed by Gu Changge twice.

Gu Changge gave her the feeling of being mysterious and indifferent, exuding unparalleled horror and strength, that he was simply invincible. Even Heavenly Maiden Tianlu, the invincible Master in her mind, finally fell into Gu Chang's hands and her life and death were beyond her control.

If it wasn't for saving her Master, she probably wouldn't dare to get close to such a character in her life.

"Although Gu Changge is a little despicable and cruel, sometimes he keeps his promise..." Lin Wu gritted his teeth, while also comforting himself.

When Gu Changge was in the land of Boundary Monument Sea, Gu Changge did promise to let them go, but he didn't promise to let Luluo go. So in the end, Luluo was still taken away by Gu Changge.

"Sometimes?" Song Chan visibly choked up.

While the two were talking, in the void not far away, ripples suddenly spread and then the void became blurred. A burst of fluctuations appeared.

In the next moment, a slender and handsome figure in white clothes walked out. His face was blurry at first, but as they approached the two of them the layer of mysterious mist that shrouded them slowly dissipated.

Song Chan looked at the young man in front of him, who looked like a banished immortal. She was a little stunned, unable to react.

If she hadn't witnessed Gu Changge's terrifying power with her own eyes, it would have been difficult for her to connect with the man in front of him who was entwined with immortal energy and exuded an otherworldly aura.

However, Gu Changge just glanced at her and ignored her. He looked at Lin Wu who was looking at him vigilantly as he smiled lightly and said, "The task entrusted to you has been completed?"

Lin Wu got goosebumps and he was going to contact Gu Changge with the imprint of his mind. But he didn't expect that Gu Changge would suddenly appear as if Gu Changge was in control of his every move from beginning to end.

This feeling made him shudder.

"It's done, but there are eight formation cores in Heavenly Lu City, and I only got hold of one."

Lin Wu heard the words and said, and at the same time motioned to the bronze box in his hand. Anyone with a discerning eye could see that this bronze box was not simple, it was exuding a world-like aura, simple and heavy.

"Only one piece? But it doesn't matter." Gu Changge slightly raised his eyebrows and nodded.

He didn't doubt that Heavenly Lu City's large formation had more than one place of control. And if one piece was taken away, then the large formation would become incomplete, the resistance power would be greatly reduced, and even cracks could appear in some areas.

However, Lin Wu did not directly hand it over to Gu Changge, but still stared at him vigilantly.

"I hope you can keep your promise, let Luluo go, and lift the imprint on me. Otherwise, if I open this box now, the core of the formation will automatically fly back to Heavenly Lu City. If you don't agree, then even if I die, I won't let you succeed. What's more, she is Song Chan, the apprentice of Heavenly Maiden Tianlu, and she wants to see her Master safe and sound."

Lin Wu was very cautious while he continued to speak, and at the same time pointed to Song Chan next to him before he began to raise his own conditions. Although it was now rumored that Heavenly Maiden Tianlu betrayed the Eight Desolations and Ten Regions and became Gu Changge's concubine.

They didn't know if it was true or not. Many powerhouses in the Eight Desolations and Ten Regions had not seen Heavenly Maiden Tianlu with their own eyes. So Song Chan was a little worried, for fear that something unexpected happened to her Master.

Otherwise those rumors were deliberately said by the Upper Realm in order to hit the morale of the Eight Desolations and Ten Regions.

"Don't worry, Gu will never break his promises. Fortunately, you are not too slow, otherwise, a certain genius of our clan has taken a fancy to your sweetheart and planned to take him as a maid. I was considering whether to give it to him."

Gu Changge smiled lightly when he heard the words, his words were contemptuous, and he didn't take Lin Wu's threat to heart.

"You!"

Hearing this, Lin Wu's complexion was a bit ugly, and he clenched his fists tightly, knowing that Gu Changge had the means to make Luluo's life worse than death. Although he wasn't afraid of death when he thought of Luluo's torture like that, he felt a knife in his heart and he couldn't bear it.

"I see, I hope you can keep your word." He gritted his teeth and handed the bronze box to Gu Changge unwillingly.

"Gu Changge, where is my Master? I want to see my Master." Seeing that Gu Changge ignored her, Song Chan couldn't help feeling a little anxious, and couldn't help asking.

After Gu Changge took the bronze box, he took a look at her, then smiled and said, "Your apprentice wants to see you, so why don't you show up to see her?"

And as his words fell, a soft sigh sounded from the void behind him.

A stunning, tall and graceful beauty emerged with a delicate and flawless face. Three thousand blue hairs dancing in the wind, holy and out of the world, like a divine lotus, independent of the world.

"Master..."

Song Chan looked at the Heavenly Maiden Tianlu, her whole body almost frozen. She never thought that Heavenly Maiden Tianlu was really by Gu Changge's side now. She was not restricted by Gu Changge or imprisoned in a certain place as she thought.

"Little girl, you shouldn't be here."

Heavenly Maiden Tianlu looked at her apprentice with complicated eyes, and her words couldn't contain her sigh.

"Master, I want to save you, so I took the formation core of Heavenly Lu City..."

Song Chan thought Heavenly Maiden Tianlu was sighing because she stole the formation core of Heavenly Lu City, and couldn't help explaining.

However, Heavenly Maiden Tianlu waved her hand and interrupted her, "But this is the end of the matter, you don't have to go back to the Eight Desolations and Ten Regions in the future."

Song Chan was stunned, but she didn't expect Heavenly Maiden Tianlu to say that. Could it be true that Heavenly Maiden Tianlu surrendered to the Upper Realm voluntarily, as rumored?

She thought that her Master would blame herself. But now it seemed that the relationship between Gu Changge and Heavenly Maiden Tianlu seemed to be very close, which made her confused.

Chapter 500-1: Heavenly Lu City formation core, Breaking into the city (1)

Rumble!!

Above the Heavenly Boundary Abyss was the endless fog accompanied by all kinds of chaotic auras which were extremely mottled and terrifying. This place was majestic and filled with the power of broken laws. Ones that could easily split the body of an ordinary cultivator into a blood mist, destroying both its body and spirit.

Yet at this moment, in this very quiet place, a brilliance suddenly appeared and an altar hidden in the dark glowed with spatial fluctuations. Two figures manifested from it, a man and a woman, both of whom looked young.

The man had a regular face and a medium build, revealing a firm and unyielding posture. The woman beside him was dressed in white that made her holy and aloof, shrouded in radiance.

They were Lin Wu and Song Chan.

“It was dangerous. I was almost discovered. Going out of the city at this time will inevitably make people suspect us.”

Song Chan looked around the place for a week. And seeing that they had left Heavenly Lu City, arriving at the land of Heavenly Boundary Abyss, he couldn't help sighing softly.

She thought that her Master would blame herself. But now it seemed that the relationship between Gu Changge and Heavenly Maiden Tianlu seemed to be very close, which made her confused.

Chapter 500-2: Heavenly Lu City formation core, Breaking into the city (2) ... At the same time, the towering black shadows on the walls of Heavenly Lu City were all shrouded in chaos, an

...

At the same time, the towering black shadows on the walls of Heavenly Lu City were all shrouded in chaos, and they were incomparably tall. When the pupils opened and closed, there was a terrifying golden light escaping from within, as if a scene of the sky being pierced.

The big stars were floating up and down. They were rotating one by one, and they wanted to evolve the primordial chaos and so on. It had to be said that at this moment their aura was stronger than ever before, and behind them were many powerhouses of Heavenly Lu City, including casual cultivators and powerhouses from other ethnic clans who were unwilling to leave.

At this moment, almost everyone was looking at the figures on the city wall, and their gazes were full of awe.

An old supreme couldn't help but sighed softly, "As expected of the family of the Four Great War Gods, they are the only ones left now. The rest of the ethnic clans have already evacuated and abandoned Heavenly Lu City."

The rest of the powerhouses couldn't help but nod their heads in respect. These people were still unwilling to evacuate Heavenly Lu City, and wanted to fight with the Upper Realm until they shed the last drop of blood.

Who could match this kind of determination and perseverance in the Eight Desolations and Ten Regions today? How could one not respect them? It could only be said that they were worthy of being honored as the four major families of the God of War Clans.

"If less than half of the army in Heavenly Lu City fight with the Upper Realm, it will be a waste of life for no reason. Just let us old bones burn the last of the heat."

"If we are also defeated in this battle, then you should withdraw from Heavenly Lu City like everyone else."

And at this moment, those ancient beings on the city wall spoke one after another. Several of them were even sighing, as if with deep helplessness and grief.

Boom!!

There was a ray of sunshine on their body, and their aura was rising, trying to break through the sky.

At the same time, the aura on their bodies was getting stronger and stronger. The power of gurgling aura manifested from their body, turning into a terrifying galaxy, swallowing all directions.

They seemed to be returning to their peak state and going to fight against the Upper Realm.

Hearing these words, everyone in front of Heavenly Lu City felt a surge of excitement, and at the same time, emotions of powerlessness, guilt, and unwillingness were intertwined.

It was even more unbearable to see that these ancient beings, who called themselves old bones, were going to burn the last remaining heat. Some people's eyes were red, and their fists were tightly clenched.

"I am willing to fight along with seniors!" Someone let out a low growl, his eyes were red, and he clenched his teeth.

"Even if there is no return in this battle, we are willing to live and die with our peers."

The rest of the people also spoke one after another, affected by this emotion, their faces were full of determination. For a moment, in front of the Heavenly Lu City wall, the crowd was full of excitement and murderous intent, regardless of life and death. Although these Enlightened beings claimed to be old bones, they didn't care.

"There's no need for that, your strength is too weak, even if you go into battle, you will die for no reason."

"We are old bones, and it is not a pity to die. You are still young and have a bright future."

"You all can stay in the city. If you see us defeated in a while, then you should evacuate as soon as possible. One more survivor counts as one more life."

"At this time, no one will blame you. It is not easy for you to stick to this moment."

Hearing this, several ancient existences seemed to be touched too, some people sighed and waved their hands in silence. However, hearing these words as if a powerhouse was about to be gone forever, everyone was even more emotional, and some young women couldn't help crying.

They even had more admiration for the high integrity of these Enlightened beings from the Four Great War Gods. And right there, outside Heavenly Lu City, beyond the distant horizon, there suddenly came a terrifying momentum, as if thousands of troops were galloping towards them.

"Boom!"

A dull sound suddenly appeared at the end of the world, as if some terrible treasure was revived there, trying to sink the world. The dazzling brilliance suddenly rose like a round of brilliant sun, which could brighten the eternal sky.

At the same time, accompanied by the thick fog, several figures like demon gods walked out from there, covering a distance of thousands of miles.

Hundreds of millions of rays of light were intertwined like a giant standing upright, constantly moving forward, shaking the entire universe, making the sky and the earth tremble.

“Not good!!”

“The Upper Realm is attacking the city again!”

On the city wall, many soldiers were shouting, their faces were pale and they felt that the power this time was even more terrifying than before.

Moreover, the Upper Realm seemed to have sacrificed some extremely terrifying treasure. There was a black light emerging at the end of the world like a burning black sun.

“The Upper Realm is here again!”

“Don’t go out of the city, I will go to fight and fight with them!”

The faces of several ancient beings were enraged as if provoked by the behavior of the Upper Realm. Their figures flashed and disappeared from the walls of Heavenly Lu City. Then a burst of light surged from the altar and appeared outside the city wall.

Looking at this scene, the other powerhouses couldn’t help but clench their fists, hating themselves for being weak and powerless, for not being able to fight with the seniors to protect the Eight Desolations and Ten Regions!

“Even the most precious treasure, the Emperor Wheel, was brought out by the Heavenly Emperor Mountain, and it was not used before.”

“In this case, it can save some effort.”

A golden rumbling Dao stretched down from the sky. Standing on it was a vague and slender figure, exuding a surging and majestic pressure which made the complexions of the ancient beings from the Eight Desolations and Ten Regions who suddenly appeared change as they felt an unspeakable pressure.

Their original plan was to fight with the Upper Realm, whether they win or lose, and then would find an opportunity to return to Heavenly Lu City before evacuating this place with their clansmen.

At this time, no one was a fool, willing to throw away their lives at this time. What did the destruction of Heavenly Lu City have to do with them? But they didn’t expect that Gu Changge would show up here.

They didn’t want to fight Gu Changge. Although they were all very shrewd and hid their secrets deeply, they didn’t want to cause too much trouble. So they were very decisive, almost immediately, they rushed to the other side of the Upper Realm to fight with them.

In the eyes of everyone from Heavenly Lu City, this scene was even more exciting, and everyone clenched their fists.

It was obvious that several ancient beings took the initiative to attack with anger, taking the lead in attacking the Upper Realm, which was different from the previous passive situation.

“It’s a pity that you are going to regret that you came out to die in such a hurry. Since you still dare to take the initiative to attack me, you don’t know how to live and die.”

The several shadow-like figures were all from Heavenly Emperor Mountain, their faces were different from those of the human race and their gestures were driving an infinite aura, surging between heaven and earth.

They felt that they were being provoked, and they dared to take the initiative to attack them.

Boom!!

One after another divine light soared into the sky and the big hand shot down across the sky, constantly shooting down all kinds of brilliance here. There were all kinds of divine powers and techniques being performed, making this place chaotic.

In an instant, the most terrifying battle broke out here, and several Enlightened beings fought.

The True Dragon, Vermillion Bird, White Tiger, and other terrifying and fierce phantoms seemed to have come to life from the ancient times across the domain to revive here and burst out with unparalleled power.

“You’re smart, you don’t dare to fight me. Pick those soft persimmons.”

Gu Changge’s eyes were full of interest. He didn’t participate in the battle after he came here.

After all, he had already obtained the formation core from Lin Wu, and the Heavenly Lu City would be destroyed today, so Gu Changge was not in a hurry. He really wanted to see what kind of tricks these four War Gods were playing.

Boom!!

And at this time, at the end of the horizon, a terrifying black light was rising like a sun. But it was pitch black, with ocean-like fluctuations. From the outside, it looked like a roulette made of immortal black gold. It was extremely ancient, with countless runes blooming around it.

This was a treasure of Heavenly Emperor Mountain, called the Emperor Wheel, which contained many mysteries and it was suppressing the sky as soon as it manifested.

Strands of black light began to hang down, like a chaotic aura submerging toward Heavenly Lu City!
