

Villain 511

Chapter 511-1: You can guess, The fish that slipped through the net (1)

Xiao Yang, Lin Wu, and Luo Feng in front of him were connected by inextricable lines of cause and effect.

The Guardian Clan, the Clan of the Four Great War Gods, and the unknown Luo Feng in front of them. The greatest connection between them was the reason that the Eight Desolations and Ten Regions and the Upper Realm were separated countless years ago.

For Gu Changge, this was very suitable for bringing the three of them together. Just after finishing this Guardian Clan, he would start dealing with the clan of the Four Great War Gods and find the Epoch Tree.

Wasn't this the perfect opportunity?

"You are looking for death, and you dare to threaten me?"

Just when everyone in the hall was shocked by Luo Feng's words, Yan Ming directly attacked with a look of anger on his face.

A surging aura swept over, like a raging wave, trying to drown Luo Feng. In his opinion, Luo Feng might be crazy, and he hadn't recovered from the previous state.

Since he dared to threaten himself, even Gu Changge didn't take it seriously. Wasn't this so-called dying without knowing the word dead?

Boom!!

This was Yan Ming's angry blow, which contained unimaginable divine power.

In just a split second, the entire hall began to shake, many runes were intertwined and the four walls that had been cracked just now collapsed and exploded. All the guests changed their expressions and hurriedly retreated toward the surroundings.

Although Luo Ying's Master was furious, she didn't spread her aura to other places and didn't destroy this place.

Now Yan Ming naturally had no scruples in making a move, and he didn't care about the life and death of many guests here at all. This made them startled and angry, but also terrified.

"Stop!!"

The Patriarch of the Luo Clan was still shocked by what Luo Feng said after he woke up. He never expected that Yan Ming would make a move as soon as he said it, without saving any sympathy.

After reacting, his figure flashed, and he appeared in front of Luo Feng, trying to block Yan Ming's blow.

"Father, you don't have to stop him."

However, Luo Feng grabbed the Patriarch of the Luo Clan, shook his head, and said. The expression on his face didn't change in any way, instead, he was very calm as if he wasn't worried.

This made everyone even more astonished. Why was Luo Feng not worried at all? Was he stupid, or was he confident?

In the next moment, under everyone's shocked gaze, there was a buzzing sound, and a faint golden light emerged from Luo Feng's brow, which looked like an ancient mark.

There was even a mysterious aura intertwined. But as soon as this divine light appeared, he exuded a breathtaking and terrifying pressure, which made people terrified to the point of kneeling down in front of him.

This method shocked everyone. All of a sudden, everyone in the hall was stunned, and they couldn't believe their eyes.

"This... is this..."

Seeing this scene, Luo Ying opened her mouth, she was so shocked that she couldn't finish her words. As a direct descendant of the Guardian Clan, she naturally knew a lot of secrets, so she naturally knew the meaning of this mark.

At this time, there was a roar in her mind, and she almost couldn't believe her eyes.

Boom!!

And at the moment when this golden mark manifested in the void, Yan Ming's attack also landed. Faintly, everyone saw the vision of gods and demons roaring and immortals chanting scriptures, and the void became blurred before an unparalleled power burst out.

It was as if the stars exploded in everyone's eyes, the runes soared into the sky, and the dazzling brilliance made people unable to open their eyes. Many people burst into tears, and quickly turned their heads away, not daring to look directly.

One could imagine how scary the fluctuations were just now.

What made them all even more shocked and unbelievable was what exactly this golden mark was, and why Luo Feng was able to activate it and block Yan Ming's blow.

Puff!

Then there was a muffled groan, and Yan Ming, who was the first to attack, spurted out blood and flew backward like a broken sack. Such a scene shocked everyone, after all, Luo Feng had never cultivated before!

"This!"

"What exactly is this!"

The mouths of the people of the Luo Clan were even more open, their voices were trembling, and they couldn't speak a complete sentence. What they saw today shocked them too much.

No one thought that Luo Feng, who had been stupid for more than twenty years, would suddenly wake up, and even stimulate such a strange imprint, which directly severely injured Yan Ming.

After reacting, more clansmen became terrified and worried. After all, Luo Feng had hurt the Young Lord of Chinan City under the watchful eyes of everyone. After today, would the Yan Clan let them go?

Would there be any place for their Clan in the huge Chinan City? Thinking of this, they wished Luo Feng hadn't recovered.

"Who is Luo Feng, and what is his relationship with the Ancestor? Why did the imprint on the extremely rare embroidered handkerchief of the Ancestor appear on Luo Feng's body?"

On the other side, different from the worry and uneasiness of the Luo Clan. Luo Ying was extremely shocked, her eyes were fixed on Luo Feng, and she became short of breath.

The threats from Gu Changge and others in front of her at this moment were already insignificant to her. Just this imprint was enough to show that Luo Feng's identity was not simple.

"For being disrespectful to me, this is a small punishment for you!"

Luo Feng ignored everyone's shocked and unbelievable expressions.

His expression was very calm at the moment, and there was a bit of coldness. He glanced at Yan Ming who was being supported by a few members of the Yan Clan in the distance, and spoke lightly.

And as the words fell, the imprint on the center of his eyebrows gradually dimmed and disappeared. It seemed that what everyone saw just now was just an illusion.

"Feng'er, this... this is..."

The Patriarch of the Luo Clan looked at Luo Feng in astonishment and asked, his mind was in a mess and he hadn't reacted to all this.

"After the trouble of this matter is solved, the child will explain it to his father."

Luo Feng shook his head lightly but didn't say much. His eyes were mainly on Gu Changge.

He felt that he had already shown his background, and if Gu Changge had discernment, he would retreat in spite of the difficulties, otherwise, Gu Changge would definitely be the one regretting it by then!

In an instant, the hall became dead silent. Everyone looked in shock at Luo Feng, who was standing there happily, with somewhat extraordinary meaning, and felt that his mind was a mess.

"My lord..."

Yan Ming didn't expect Luo Feng to have such a method and suffered a big loss.

At this moment, he came to Gu Changge with guilt. He also didn't know what kind of method Yan Ming used to block his full blow.

"It turned out to be this thing, I should have thought of it earlier."

However, at this moment, Gu Changge was not in the mood to listen to Yan Ming. His eyes fell on Luo Feng, and he seemed to be talking to himself. There was a bit of regret in the words, which even he couldn't explain clearly.

Gu Changge was still guessing Luo Feng's real identity and felt that he was inseparable from the Ancestor of the Four Great War Gods. But after seeing today's mark, he reacted. Wasn't this the rumored mark of that era?

This kind of imprint could be said to have the same effect as the reincarnation imprint. But the origin of the reincarnation mark was even more mysterious, and the only way to obtain the mark of that era was to condense the perception through the Epoch Tree.

He had almost concluded that the person who once stole the Luck of the Upper Realm, and even stole the Epoch Tree, was Luo Feng in front of him. As for why Luo Feng fell into such a state today, there were really too many reasons, and Gu Changge didn't want to know.

For him, it was enough to know that Luo Feng was the one who stole the Luck of the Upper Realm. It was really hard to find a place to go.

"You recognize this imprint?"

The indifferent look on Luo Feng's face froze for a moment, and then he couldn't help but ask indifferently, feeling that things seemed to be beyond his expectations.

In his opinion, Gu Changge's expression didn't change much, and he wasn't afraid of this imprint.

On the contrary, it was the gaze, which seemed to be staring at some kind of interesting prey. It made him very uncomfortable.

As one of the four Patriarchs of Earth, Water, Wind, and Water of the Immortal Palace, he was not only unrivaled in cultivation, but also so bold that he dared to steal the Epoch Tree from the Upper Realm when the laws of Heaven and Earth were broken.

At his peak, who would dare to look at him like this?

"Of course I recognize it, after all, this is a rare imprint of that era."

Hearing the question, Gu Changge said with an intriguing smile on his face.

"What!"

When Luo Feng heard this, he was taken aback for a moment, and then his pupils couldn't help shrinking slightly. There was a loud bang in his head, he almost lost his voice, and took a step back.

Chapter 511-2: You can guess, The fish that slipped through the net (2)

It never occurred to him that Gu Changge not only recognized the imprint but also said it out loud. This made him feel turbulent and unbelievable, and now things were moving in a direction he didn't expect.

Only a few people knew about the Epoch imprint, and even fewer people could recognize it at a glance. Most people in this world had never heard of such a thing.

This scene confused everyone in the hall. They didn't know about the Epoch imprint, and they had never heard of it. That was simply not within their reach.

On the contrary, judging from Luo Feng's expression, the Epoch imprint should be something very powerful.

"Who the hell is he?"

Luo Ying also calmed down at this time, she could see that Luo Feng's identity was not simple.

At least he was someone from the same era as her Ancestor. But Gu Changge's identity had always been a mystery to her. Powerful and mysterious enough to make people tremble with fear.

"Who the hell are you?"

Afterward, Luo Feng forced himself to calm down, staring at Gu Changge, trying to see the slight change in his face.

"Who am I? Then you can dare to guess."

Gu Changge just smiled faintly. In the eyes of Luo Ying and the others, that look was like a cat catching a mouse, casual and contemptuous. However, this matter had come to this point, he naturally did not intend to talk nonsense with Luo Feng.

"Take him down and take him away."

Immediately, Gu Changge gave instructions to Gu Zu behind him.

Now that he knew Luo Feng's identity, and understood that he was just showing off, Gu Changge would definitely not let him go. There was no point in procrastinating on this kind of thing.

"Yes, my lord."

At this moment, Gu Zu, who had been silent behind Gu Changge, nodded and stepped forward with deep and calm eyes.

Buzz!!

But at this moment, everyone in the hall felt that they were out of breath, their faces went pale, their spirits were trembling, and their spines seemed to bend because of the gray-clothed old man in front of them.

This whole world seemed to be unable to bear the aura of this ordinary gray-clothed old man in front of them and was tightly suppressed. Only at this time did they realize that the burly figure who shot just now was the weakest among them.

The cultivation of this gray-clothed old man was absolutely boundless.

This made them even more horrified. What kind of terrifying existence did they come into contact with today?

"What do you mean?"

Luo Feng's expression also changed suddenly at this moment, he was still guessing Gu Changge's identity, he never expected that Gu Changge would suddenly attack him, intending to arrest him.

Boom!!

The imprint between his eyebrows reappeared, intertwined with dazzling rays of light, as if ancient years and eras were emerging in it, turning into fine fragments to block this kind of terrifying pressure that was rushing towards him.

But in the next moment, the blood on Luo Feng's face disappeared, and he even became a little shocked, unbelievable. With a wave of Gu Zu's sleeve, the terrifying pressure seemed to disappear out of thin air, and it dissipated easily.

There was even indescribable oppression covering this space, and all the laws and orders seemed to be stagnant and difficult to change. Even the Epoch imprint was suppressed at this moment, and it was disappearing rapidly.

"How is it possible..." Luo Feng's bones were cracking, and the blood mist seeped out of the pores.

His eyes widened, staring at Gu Zu in front of him.

He didn't feel wrong, this kind of power was almost close to the Realm of Immortality, in today's Eight Desolations and Ten Regions, it was absolutely invincible, and there was no opponent at all.

How could such an existence show up in a small place like the Luo Clan in Chinan City, and still be so respectful to a young man like Gu Changge?

He couldn't figure it out at all, he couldn't believe it, his eyes widened, full of horror.

Puff!

He spat out a mouthful of blood, and fell to the ground, every pore of his body was oozing blood, and his whole body was stained red with blood. Such a horrifying and appalling scene made everyone in the hall tremble.

"How is this possible!"

Luo Ying's lips were also trembling, and her complexion was faintly pale. It never occurred to her that even Luo Feng couldn't do anything about it. She was slightly relieved just now and felt that today's matter could probably be resolved by Luo Feng.

Afterward, Gu Zu made a move, and a big hand fell from the sky, which was extremely terrifying. Naturally, he grabbed Luo Feng without any accident.

All the people of the Luo Clan looked at this scene, and their whole bodies were shaken by that mighty and terrifying aura. Not to mention blocking it, they didn't even dare to raise their heads as if their souls would burst.

"You are definitely not from this realm..."

Luo Feng was caught in the hands of Gu Zu. His face was pale, he coughed up blood continuously, his bones creaked, and he was extremely embarrassed.

At this moment, he finally came to his senses, staring at Gu Changge, couldn't help saying coldly and his voice couldn't hide the pain. Apart from this possibility, he couldn't think of another possibility.

In the vast Eight Desolations and Ten Regions, there was absolutely no way to find such a terrifying young man as Gu Changge. Now that Heavenly Lu City was destroyed, the Upper Realm's army was driving straight in, killing the Eight Desolations and Ten Regions.

In this way, it also reasonably explained Gu Changge's origin. As soon as Luo Feng said this, everyone in the hall, including Luo Ying, couldn't help but change their expressions drastically, and they were even more terrified than before.

In their eyes, the strength of the Upper Realm was not comparable to that of the Eight Desolations and Ten Regions.

Moreover, the Eight Desolations and Ten Regions and the Upper Realm were on opposite sides. If Gu Changge wanted to kill all of them, they would not even be able to resist.

The entire Chinan City could be wiped out in an instant and turned into a calamity.

Yan Ming's complexion also changed slightly. In fact, he had already guessed Gu Changge's origin before, but he just pretended not to know.

Now that Luo Feng said it in front of everyone, it could be said that he directly pushed Gu Changge to the opposite of everyone.

"I am indeed from the Upper Realm, perhaps you have all heard my name. My surname is Gu."

Seeing this scene, Gu Changge was still slightly smiling, his expression didn't change much, and he didn't care.

"The surname is Gu... could it be the one who killed the Young Master of Yunze Great Domain..."

"Leader of the Upper Realm..."

"You... how did you come here..."

Hearing these words, the heads of everyone in the hall thumped even more. Many people's bloodless faces were full of fear, trembling uncontrollably, and incomparable despair.

"Of course, I came here to find her."

Gu Changge just smiled lightly when he heard the words, and then looked at Luo Ying who was also pale with interest.

"Looking for me..."

Luo Ying hadn't recovered from the shock just now, but at this moment when she heard Gu Changge's words, she suddenly raised her head, and a terrifying chill swept up from her back.

"The fish that slipped through the net for more than 20 years, tell me, if I won't look for you, who should I look for? But I really didn't expect to see another surprise."

Gu Changge shook his head lightly, with a slight smile on his face, and as he finished speaking, the powerful figure behind him suddenly disappeared into the void.

Immediately afterward, terrifying fluctuations came out, and there were bursts of puffing sounds one after another in the dark, and blood mist filled the air, which was extremely pungent.

Many people watched this scene and were so frightened that they rolled their eyes, couldn't bear it, and passed out.

"Twenty years ago... You, it's you!"

Luo Ying's face turned pale, and her whole body trembled uncontrollably as if her biggest secret had been revealed to the public.

Her face was terrified, and there was anger and hatred that was difficult to hide. She should have thought that Gu Changge was coming for her, and he already knew her identity.

Moreover, at this moment, the people she arranged in the dark had been dealt with by that glamorous and charming woman in the black dress, and there was not one left.

Even the old servant in the Quasi-Supreme Realm was killed in an instant, without even having time to scream. This made Luo Ying a little desperate, and she slumped down on the ground.

The people in the entire hall also looked like they were about to end at this time, desperate to the extreme. The people of the Luo Clan never expected that Luo Ying would be hiding another identity and that she had kept it from everyone for so many years.

"Twenty years... Could it be that..."

Only Yan Ming knew a little and suddenly thought of a major event that caused a sensation in the Eight Desolations and Ten Regions more than 20 years ago.

His body was trembling slightly, but he didn't expect that the Guardian Clan was almost wiped out, and they even had a huge connection with Gu Changge.

Luo Ying was even hiding her true identity.

Chapter 512: Waiting to throw himself into the trap, Who is it?

More than 20 years ago, the Guardian Clan of the Eight Desolations and Ten Regions was attacked by an unknown force and turned into a calamity overnight. The entire clan was almost wiped out. Until now, the flame was still burning there, which was difficult to extinguish.

This incident shocked the entire Eight Desolations and Ten Regions at that time, and many ethnic clans went to investigate the cause, but in the end, nothing could be investigated.

This matter had also become a headless unsolved case. No one knew whether there were any members of the Guardian Clan still alive. It wasn't until Gu Changge mentioned this matter today that Yan Ming realized this and couldn't help shivering.

His scalp was numb, thinking of Gu Zu's respectful attitude toward Gu Changge. Could it be that it was the Bone Clan who attacked the Guardian Clan more than 20 years ago?

He didn't dare to think about it any longer. Although there were not many members of the Bone Clan, they could monopolize a large area, which showed how powerful they were. The small Chinan City could be easily destroyed even if the Bone Clan only sent one powerhouse.

"It seems that she is the only one left from the Guardian Clan."

Gu Changge shook his head lightly, the vast and majestic divine sense swept out from the sea of self-knowledge, covering the entire Chinan City in an instant.

He didn't want to scare the snake before, because he was afraid that the clansmen of the Guardian Clan would be hiding in the dark and take the opportunity to escape.

Now that Luo Ying's identity was exposed, if she and other members of the clan were hiding in the dark, there would definitely be a change, and Gu Changge would naturally perceive it at that time.

At this moment, all the creatures in the entire Chinan City felt a sense of fear from the soul, as if they were being spied on by the Dao of Heaven, and all the secrets could not be concealed. But fortunately, this aura just passed by and then disappeared, but it still made them tremble, and their backs were covered in a cold sweat.

"Let's go." Gu Changge withdrew his spiritual thoughts but didn't feel the slightest strangeness.

"Yes, Young Master." Gu Zu said respectfully.

Afterward, under the extremely terrified eyes of everyone in the hall, Gu Zu's big hand directly reached forward, and with terrifying power, he captured Luo Ying and Luo Feng together.

Even if Luo Ying wanted to struggle, with her strength, she was no different from an ant in front of Gu Zu.

Everyone was so terrified that their souls were about to burst. How could they dare to stop them? They could only watch the thick golden mist rise from under the feet of Gu Changge and the others, turning into a road, tearing apart the space of this place at once.

But that terrifying aura still enveloped everyone, and no one dared to look up to the sky. The faces of the people of the Luo Clan were pale, and many of them collapsed to the ground.

Who would have thought that a good wedding banquet would develop like this?

"If someone dares to say a word about what happened today, then don't blame my Yan Clan for being ruthless."

At this moment, Yan Ming was also in a cold sweat. After Gu Changge and others left, he coldly swept over everyone. But fortunately, only he knew the identity of Gu Zu and others, otherwise, he was really worried that Gu Changge would blame him for the exposure of Gu Zu and others' identities.

"No... we dare not!"

Hearing this, everyone in the hall shook their heads hastily, how dare they say more?

Yan Ming's eyes were gloomy, and the most important thing was to glance over the people of the Luo Clan. He guessed that Gu Changge did not destroy the Luo Clan probably because he felt that it was unnecessary to trample a group of ants to death.

But he didn't dare to act recklessly, worried that Gu Changge might develop other intentions. Of course, as Yan Ming guessed, Gu Changge did not destroy the Luo Clan, but actually had other purposes.

Because Gu Changge wasn't sure if there were any clansmen of the Guardian Clan left in the world. If the Luo Clan was kept alive, the rest of the Guardian clansmen could also know that Luo Ying had fallen into his hands through the mouth of the Luo Clan.

There was another reason, another member of Luo Ying's clan, Xiao Yang, the Son of Luck, was still on the way to find the Great Mountain Lord with Gu Wudi.

The Great Mountain Lord would definitely take Xiao Yang to find his people. In this way, the remnant of the Nine Great Mountains would have another reason to throw themselves into the trap.

The Second Mountain Master of the Nine Great Mountains was in Gu Changge's hands, and now Xiao Yang's clansmen were also in his hands. If Xiao Yang wanted to save them, he would inevitably unite everyone he could move.

In this way, Gu Changge could use this as bait to wipe out the group of people from the Eight Desolations and Ten Regions.

Not long after Gu Changge, Gu Zu, and others left Chinan City. Above the sky here, there were bursts of spatial fluctuations suddenly, and then it became blurred. The figures of the Great Mountain Lord, Xiao Yang, and Gu Wudi walked out of the void.

"Looks like we're a step too late."

The Great Mountain Lord's white robe fluttered, and he looked like an Immortal, but his eye sockets were pitch black. He glanced at the Chinan City below, then shook his head lightly and said. Although he was blind, he was so powerful that he could easily perceive the remaining aura here.

On the way, he deduced Xiao Yang's blood and found his clansmen. They didn't stop during this period, worried that there might be accidents, but after thinking about this place, it was still too late.

"Are we late?"

Xiao Yang's complexion changed slightly, and his head buzzed, a little unbelievable. Since they found the Great Mountain Lord, they rushed all the way here, how could it be too late?

He just missed the clansman he had been looking for like this?

"Could it be that my clansman has already encountered an accident?"

He felt uneasy and clenched his fists.

The Great Mountain Lord shook his head lightly, and then the vast spiritual sense enveloped him. At his level, it was easy to detect the differences in the expressions of the creatures in any area.

So without much effort, the three of them found the location of the Luo Clan.

Here, the Great Mountain Lord felt that the laws of heaven and earth were being suppressed, and it was obvious that the other party had just left.

“The strength of the opponent is very strong, and it is not far from that realm...”

The Great Mountain Lord shook his head and said, from the remaining aura of this place, he felt the majestic and vast will.

“What the hell happened!”

Xiao Yang’s complexion turned pale, and soon he found out the ins and outs of the matter from someone from the Luo Clan.

After listening, the whole person stood in place all of a sudden.

“Gu Changge... It’s Gu Changge again, the person he took away is probably my sister... Damn it!!”

Deep-seated hatred appeared in Xiao Yang’s eyes, his body was trembling, and he remembered the scene where his Senior Sister was killed by Gu Changge in Nine Great Mountains.

He never expected that Gu Changge would find this place ahead of them and take his sister away.

“Those who destroyed our lineage back then have also shown their traces! It really has something to do with Gu Changge!!”

When hearing the glamorous woman in the black skirt and the old man in a gray robe mentioned by the people of the Luo Clan, Xiao Yang’s face became even more gloomy, and his fists creaked.

“I didn’t expect that old friend of mine to miscalculate that imprint. What kind of character is this Gu Changge...”

The Great Mountain Lord didn’t care much about Xiao Yang’s hatred. But after he heard about Luo Feng, he frowned and his heart trembled slightly, which was unexpected.

In the beginning, several of them participated in the battle of stealing the Luck of the Heavens, among them, Feng Zu was the strongest, and he suffered the most severe backlash and almost died.

However, he knew that Feng Zu used the Epoch Tree to cultivate and condensed the Epoch imprint, so Feng Zu might be reincarnated with a secret method in the end.

Luo Feng, the Young Master of the Luo Clan in this life, was the reincarnation of Feng Zu.

He originally planned to come to meet old friends and discuss the matter of the Eight Desolations and Ten Regions this time, but he did not expect that even Feng Zu was also taken away.

This matter suddenly made him feel difficult. It seemed that Gu Changge already knew the identity of Feng Zu, otherwise, he would not have been taken away.

“My lord, what should we do now?”

Afterward, Xiao Yang calmed down and couldn’t help asking, after all, he didn’t know about Luo Feng.

Now he was most worried about his sister's safety. In terms of Gu Changge's cruelty, her sister was definitely in a very dangerous situation now.

"Now it seems that we can only go to those four clans, they were capable generals under Feng Zu back then. Only by gathering the power of the four clans can we have the power to fight."

The Great Mountain Lord sighed a little when he heard the words, he actually didn't want to care too much. But for so many years, he had been trying to touch that threshold again, yet there had been no way.

Today's world could hardly bear the power of the Immortal Realm. Even when he was at his peak, his cultivation surpassed the Immortal Realm, but now it was useless.

Now the only way was to rely on Feng Zu. After all, the person who stole that part of Luck and integrated it into the Epoch Tree was Feng Zu.

So he had to take care of this matter and find a way to rescue Feng Zu, otherwise, he would be trapped in this Realm for the rest of his life, and it would be difficult to survive and recover to the peak.

"The four clans? Is the Great Mountain Lord talking about the current clan of the Four War Gods?"

Xiao Yang was taken aback and then asked without thinking.

If he remembered correctly, before the army from the Upper Realm broke through Heavenly Lu City, the Enlightened beings of the four great clans surrendered in front of Heavenly Lu City in front of countless armies from the two realms.

Such shame and humiliation made him feel ashamed and looked down on these four families. So the tone was a little bit bad.

The Great Mountain Lord said indifferently, "Apart from these four clans, can you find other people who are willing to help you in the current Eight Desolations and Ten Regions?"

He knew that Xiao Yang felt a little shameless towards these four major clans, but in the face of life and death, face and dignity were nothing.

"But, will these four families be willing to help us?"

Xiao Yang heard the faint mockery in the Great Mountain Lord's words, he was a little unhappy, but at this moment, he still didn't show it on his face.

"They will help." The Great Mountain Lord still said lightly.

Then he rolled up his sleeves, the space was blurred again as they turned into a divine light and went away, leaving Chinan City with Xiao Yang and Gu Wudi. As for the pleas of the Luo Clan, it was even more insignificant in his eyes.

Since Feng Zu dared to hand over the Epoch Tree to the four major clans with confidence, he must have left some backup behind.

Regarding this point, the Great Mountain Lord was very sure. In the beginning, Feng Zu, the Ancestor of the Guardian Clan, the founder of Heavenly Lu City, etc., could be said to have a very close personal relationship and knew each other very well.

The Ancestors of the four major clans must have made some kind of blood oath to serve Feng Zu for generations, and they did not dare to ignore Feng Zu's matter.

Chapter 513-1: The disaster of the Dragon Blood God of War Clan, Unsuspecting crushing and massacre (1)

During this period of time, the Eight Desolations and Ten Regions could be said to be in the midst of a raging war. There were Upper Realm armies sweeping away everywhere, and several of the Eight Regions had already fallen.

In the eyes of many cultivators and creatures, within half a year, the entire Eight Desolations and Ten Regions would probably completely become the territory of the Upper Realm, occupied by many Immortal Sects and Supreme forces.

Almost every day, one could see the army of the Upper Realm, crossing the sea of Boundary Monument, crossing the Heavenly Lu City, and attacking the Eight Desolations and Ten Regions.

This caused countless people to fall into despair. Some ancient ethnic clans had anticipated this and tried to migrate to the Lower Realm. But the Upper Realm had long anticipated their behavior and had the means to track down their tracks.

So without exception, ethnic clans like this died tragically on the way of migration.

Rumble!!

At this moment, a terrifying momentum resounded in the depths of this universe. Ancient warships draped in immortal energy and chaotic mist smashed through the sky, lingering in a thick and majestic atmosphere, and descended here.

The iron cavalry of the Ancient Immortal Gu Family swept across the sky like a torrent, shaking in all directions, trembling in the void, and all the laws and order were collapsing and breaking.

"According to Lin Wu's aura, the Dragon Blood God of War Clan is currently in this area, and they are hiding quite secretly..."

On the ancient warship, Gu Changge stood with his hands behind his back, dressed in clothes whiter than snow, unstained, looking up at the depths of the universe.

After arriving here, the laws of heaven and earth in the entire Eight Desolations and Ten Regions were obviously much thinner, and they no longer suppressed everyone. He knew it was because the place was relatively desolate.

Because it was located in the frontier of the universe, it must have experienced unimaginable wars, which caused the laws and order of this place to break.

In this way, it also formed the reason for the remoteness of this place. It was a little surprising to him that the Dragon Blood God of War Clan would migrate and hide here, but after thinking carefully it was reasonable.

The Dragon Blood God of War Clan was obviously smarter than the rest of the clan. If they migrated directly to the Lower Realm, they might be intercepted by the Upper Realm army before they arrived.

So they did the opposite and directly chose to hide in the most remote place of the Eight Desolations and Ten Regions. If it weren't for Lin Wu's relationship, it would still take a little time for Gu Change to find the hiding place of their clan.

"I really didn't expect that the clan of the Dragon Blood God of War would actually be hiding here now."

Gu Zu was dressed in gray and looked like an old servant, standing respectfully behind Gu Change. Hearing Gu Change's almost self-talking words, he also sighed with some emotion.

"This is the so-called situation that is stronger than people. Now, what else can they do besides being a street rat and hiding around?"

Gu Change smiled lightly, and said disapprovingly, "Four War Gods, that's just a joke."

Ni Shang also stood behind him, hearing this, her eyes flickered slightly.

She was dressed in a long black dress with blue silky hair dancing lightly, glamorous and beautiful. She had an iceberg-like sense of indifference and distance, visible but unapproachable.

In terms of cultivation base, there were not many people in the Eight Desolations and Ten Regions who were better than her. Otherwise, it would have been difficult for them to take on the important task of attacking the Guardian Clan.

She had not been in contact with Gu Change for a long time, but she could feel the terrifying control revealed by his gestures, and everything in the world seemed to be in his expectation.

It was hard to see any surprise on his face.

"Looking at it this way, how can the Eight Desolations and Ten Regions stop him..."

Thinking in her heart, she somewhat understood why Heavenly Maiden Tianlu chose to surrender. Even Gu Zu didn't know, but Ni Shang and Heavenly Maiden Tianlu were quite familiar with each other and had a good relationship.

"There is no chance of survival for the Eight Desolations and Ten Regions."

Gu Change said, his eyes gradually darkening.

He spent so much time and thought, which was similar to other ethnic clans and Taoisms, it was natural for the so-called Immortal Realm.

After leaving Chinan City, he returned to the place where the Gu family's army was stationed and sent orders to dispatch manpower to destroy the Four War God Clans.

There was no news about the other three clans, but as long as the Dragon Blood God of War Clan was dealt with first, everything would become easier.

As for Luo Feng and Luo Ying, Gu Changge imprisoned them in the ice prison and ordered them to be closely guarded. Before that, the two of them couldn't die.

Moreover, during this process, he also tortured many secrets about the split between the Eight Desolations and Ten Regions and the Upper Realm from Luo Feng.

Although the depletion of the Epoch Tree and its old age was within his expectation. But Gu Changge really didn't expect Luo Feng to choose to steal the Luck of the Upper Realm to revitalize the Epoch Tree.

This was a ruthless person with a lot of ambition, but unfortunately he lacked ability. In the end, he suffered a backlash in the battle to steal the power of Heaven, and he died and reincarnated.

Of course, this was also due to the fact that the laws of Heaven and Earth were broken back then. If the laws of Heaven and Earth were intact, Luo Feng would not be able to do all this.

The Epoch tree should be planted in the place of death in the depths of Heavenly Lu City. However, before Heavenly Lu City was breached by the Upper Realm, it had already been removed by means of large means.

Although Gu Changge was still not sure which clan did it, he guessed that it should be inseparable from the clan of the Four Great War Gods.

As long as these four major clans were destroyed, the Epoch Tree would definitely fall into his hands.

Rumble!!

And just as this terrifying army crushed and moved forward, tens of millions of miles away, in an extremely desolate star field. Only a few stars looked a little green, with traces of life. The rest of the stars were quite desolate, with few traces of life.

But now there were very bright light gates emerging, out of which huge warships and a large number of knights, carrying a lot of goods, were rushing to the stars everywhere. It seemed that they were carrying these things extremely hurriedly.

On the biggest star in the middle, there were already large tracts of palaces and pavilions rising from the ground, the divine island was floating in the air, the silver waterfall was falling, and there was an immortal mist.

For cultivators, casting buildings was extremely fast, but the main trouble was carving many formations. However, it had only been a few days, and the scale had already begun to be seen. Row upon row, mansions and palaces had been built, as if they were going to become a new habitat.

This place was exactly the Dragon Blood God of War Clan who rushed to come after they had already moved away from the clan land.

Now it seemed that there was a thriving scene around this starry sky.

There were also many powerful formation masters with dignified faces, sweaty heads, very busy, burning all kinds of mysterious runes, and imprinting them in every piece of the void.

“At the latest in half a month, our new family land will be built. Once the formation is completed, it will be protected from being discovered for a million years. There is absolutely no problem.”

“As long as we persist for another half a month, this disaster will be over.”

Several clan Elders of the Dragon Blood God of War Clan appeared above the sky, paying close attention to the surrounding situation with faint smiles on their faces, a little thankful and a little sighing.

Now, although the Eight Desolations and Ten Regions were being invaded by the flames of war, they escaped early. After realizing that something was wrong, they moved the whole clan away from their land and found this place.

This made them quite rejoicing. If they were late, they would probably be completely wiped out by the Upper Realm army like other forces. The laws here were broken, extremely remote, and close to the edge of the universe and there were almost no living stars.

Therefore, it was unlikely that the Upper Realm would find them. Instead, they would think that their family had fled to a certain Lower Realm.

In this way, it would give their family millions of years of cultivation time. As for the laws of Heaven and Earth not being suitable for cultivation, that was not a problem. Because a few days ago, the Ancestor of their Clan recovered and returned, and brought back a treasure that was difficult to describe in words and value.

With that treasure here, why would they worry about their cultivation here? However, this matter was only known to the senior officials of the Dragon Blood God of War Clan, after all, their Ancestor was involved.

To know their Ancestor, was an existence that had existed for an extremely long time, even dating back to the birth of the Eight Desolations and Ten Regions.

“Although the Ancestor has returned, it is still impossible to be an opponent of the Upper Realm.”

“As long as the Ancestor can touch that Realm, why wouldn’t our clan have the opportunity to counterattack the Upper Realm and dominate the Upper Realm?”

Thinking of this, several clan Elders were excited for a while, thinking of the distant future, when they would dominate the Upper Realm...

With such ambition, why was there no chance?

“Brother Lin Wu, did you say that we can only stay here forever and cannot leave half a step away?”

And in the depths of the new clan of Dragon Blood God of War. On a mountain peak, several young men and women were gathering together with depressed expressions on their faces, drinking here, they were very unhappy.

Chapter 513-2: The disaster of the Dragon Blood God of War Clan, Unsuspecting crushing and massacre (2)

It was a beautiful young girl who spoke, and the man opposite her was Lin Wu. But now Lin Wu's face was also a little melancholy, and he was drinking by himself in depression.

This was the fifth day since he returned to the clan land following Gu Changge's orders.

It was not much different from Gu Changge's guess. He returned to the original clan land without any risk and was told by the clansman waiting there with a secret method that they had found this place.

But now the senior officials of their clan had all decided to close the mountain and hide here, no longer meddling in the affairs of the Eight Desolations and Ten Regions.

If Lin Wu came back a little late, it probably would be very difficult to return to the clan land in this lifetime, and he would be expelled.

The Lin Clan was even disregarding his life and death. This made Lin Wu feel melancholy. Ever since he found out about the invasion of the Upper Realm, the Eight Desolations and Ten Regions had changed greatly.

Many clansmen were also quite different from the image he was familiar with before, and had become selfish. This made him extremely disappointed. Sure enough, in the face of life and death, any disguise could be torn off.

"In fact, it's good that we can't leave. At least we are safe, and we don't have to be destroyed by the army of the Upper Realm like the rest of the ethnic clans."

Afterward, Lin Wu glanced at the few people in front of him, smiled, and said, there was a lot of calmness in his expression. Even a bit of vicissitude that did not match his age.

He had other things to say, but there was no need to. Lin Wu knew that it might not be long before this new land of the Lin Clan would be found by Gu Changge, and the current stability was actually only short-lived.

At that time, when Gu Changge would lead the army to attack, would the Lin Clan resist? Even Heavenly Lu City couldn't stop Gu Changge, and the Lin Clan was still devastated and powerless to resist.

"He promised me that as long as this matter is completed, Luluo and I will be spared, and my mission will be completed..."

Lin Wu couldn't help but clenched his fist. This had always been his belief in persuading himself to persevere.

How could the rotten Eight Desolations and Ten Regions, the rotten Lin Clan, be worth his life to protect?

And just when the people of the Lin Clan were casting all kinds of powerful divine formations. In the starry sky in the distance, there was a rumbling momentum suddenly, as if thousands of troops were galloping.

The terrifying murderous aura rushed forward like a vast mountain torrent, intending to shatter the universe and break through the universe. The whole world was trembling, and the stars that had already dried up all trembled and were about to fall to the ground.

This sudden scene made everyone in the Lin Clan stunned for a moment, and then reacted, trembling uncontrollably. Everyone's face was a little pale, one after another divine lights rose into the sky, and the sound of horns and huge bells suddenly rang, sweeping across the starry sky, causing all the people of the Lin Clan to put down their things and rush out.

"There is an enemy attack!"

"There is an enemy attack!!"

The faces of many Elders of the Dragon Blood God of War Clan changed drastically, and they couldn't help shouting. At the same time they used their divine weapons, fearful and vigilant to the extreme.

Apart from the army from the Upper Realm, no one else would attack them. They couldn't figure out at all who had exposed the new land of the Lin Clan and caused the disaster.

"It's him! It's definitely Gu Change!"

Lin Wu naturally also noticed this fluctuation, his body shook, his whole body trembled slightly, seemed to be inexplicably excited, but also seemed to be frightened. This was an emotion that made him feel extremely complicated.

The faces of the other young men and women around him also changed drastically, with some uncontrollable fear.

"What happened?"

"Who revealed our clan's whereabouts?"

In the deepest part of the Lin clan, towering and tall palaces stood tall, shrouded in the vast chaotic mist, and suddenly a surging aura emerged.

Boom!!

At this moment, several figures walked out of them, all of them were extremely old, with vicissitudes of life, and their aura was terrifying. There was no doubt that they are all the Ancestors of the Lin Clan, and everyone was an Enlightened being. The sudden rise of the army made them frown, feeling that something was wrong.

They just fled here not long ago, so how did the Upper Realm find them? Could it be that there were traitors in the Lin Clan who secretly defected to the Upper Realm?

But now was not the time to think about it.

"If it's an ordinary Upper Realm army, that's okay, get rid of them first, and then clean up the clansmen."

"The old man wants to see who dares to betray our clan."

The faces of the few of them were extremely ugly, and then they walked out of this place before coming to the top of the starry sky, looking at the terrifying army in the distance.

And at an ancient altar in the deepest part of the Lin Clan, there were inexplicable laws permeating here, like an independent inner world. There were black rivers converging here, like the underworld, forming a dead ocean.

It was incomparably calm, but also dark and creepy. One could even see a lot of evil spirits wandering by the black river, falling from a distant latitude, and finally turning into light dust, walking into the ocean.

The ocean was huge, with no end in sight at a glance, and it had an extremely mysterious and profound aura. Looking around, one could see an ancient tree, rooted in the ocean, with dry branches and leaves, entwined with strands of light.

A man who looked quite young, but with extreme vicissitudes of life, was asking the figure sitting cross-legged with his eyes closed on the altar, "Father, will the attack of the army from the Upper Realm affect your plan?"

This man who looked quite young was none other than Lin Qinglong. It was he who appeared in the depths of Heavenly Lu City and ordered the evacuation of the abandoned city.

Hearing this, the ancient figure sitting cross-legged on the altar opened his eyes, as if there was a vast and surging aura filling up here.

"Dao Fruit of Epoch Tree is almost ripe, no matter what, you have to delay them first." He said lightly.

"Yes, father." Lin Qinglong nodded, and then the figure stepped away from this place and appeared in the sky outside.

His cultivation was unfathomable. Although he had not touched the threshold of the Immortal Realm, he was also at the top level among those who had achieved Enlightenment.

Rumble!!

Suddenly, in the depths of the universe, in the boundless and vast frontier. The large stars entwined with the chaotic aura suddenly collapsed, and the giant stars orbiting around also burst apart.

"Woohoo!"

The sound of the ancient trumpet spread leisurely.

Buzz!

The void trembled, and the immortal fog broke open. Domain-breaking ancient warships appeared with a roar, tearing apart the sky, and the majestic aura fell down.

The stars along the way were all cracked, and the sky and the earth were shaking as if the world was about to be destroyed. What followed was an even more terrifying army, like a torrent, shuttling through the universe.

Gu Changge stood on the ancient warship, extraordinary and refined, looking at the star field in front of him, he shook his head lightly, and then lightly ordered, "Attack."

Boom!!

As his words fell, the aura that soared into the sky rushed out from between the sky and the earth.

“Attack!”

The army of the Ancient Immortal Gu Family started attacking, and their majesty was still turbulent, shocking the boundless territory, and the iron cavalry rolled in, rushing into the star field ahead.

For a moment, earth-shattering roars and killing sounds burst out here. Endless murderous intent swept over, overwhelming the sky.

At the same time, on the ancient battleship, one after another, some figures stepped forward and some powerhouses appeared to strike with terrifying big palm prints that flew across the sky with their raised palms.

Boom!!!

The incomparably terrifying power of the laws was like billions of strands of radiance, and the chaotic energy was transpiring, venting in all directions. Near the edge of the universe, the affected small worlds and big worlds were submerged by the laws, disappearing and collapsing in an instant.

Countless creatures died before they even had time to react.

In today’s era, the thoughts of Enlightened beings could easily evolve and destroy everything. The universe would dry up and the world would decline, but it would not be extinguished. It was so strong that it was almost Immortal.

But now, there was a terrifying flood of light rushing out of this place. There were Enlightened beings roaring, their dharma bodies span thousands of feet, their big hands span thousands of miles, and they were fighting together in an instant.

“That’s Gu Changge!”

“He is the one who attacked!”

Many members of the Lin Clan were trembling, their faces turned pale, and they recognized Gu Changge in front of them. For them, it was a terrifying shadow that could never be erased.

Immediately, everyone became terrified, especially when they saw the mighty army that came to attack them.

Buzz!

The world was trembling, and the Gu family’s cavalry rushed out like a tide, and the one with the lowest cultivation level was also a Sacred Realm existence who had experienced countless life and death battles.

They descended by the side of the ancient warship, armed with ancient divine weapons, shrouded in celestial splendor, and surging with a murderous aura, as if they had returned from the hell, bathed in fresh blood, with a terrifying aura.

Each of the mounts were pure-blooded creatures with strong strength. They were cultivated by the Gu family since childhood. There were powerful runes engraved on their armor, and the divine light was faint and powerful.

Such an army crossed from the Boundary Monument Sea, broke through Heavenly Lu City, and fought all the way. Countless creatures died at their hands.

This was a crushing massacre without any suspense!

Chapter 514: Tasting the feeling of betrayal, It's really hidden deep

“Attack!!”

This great battle broke out in an instant as the terrifying army rolled toward the star field below like an invincible torrent. The people of the Dragon Blood God of War Clan who soared into the sky were almost smashed through. Without the power to resist, they were submerged in an instant.

There was a strong bloody smell permeating, all kinds of gorgeous lights exploded, and the bones were piled up, falling from the sky. The scene was extremely frightening.

“Attack! Fight them!”

“Fight!”

Many members of the Dragon Blood God of War Clan, knowing that there was only one way to die today, yelled angrily in despair, with a glow all over their bodies, rushing forward.

This was a battle fierce to the extreme, and many people thought that now that the whole clan had migrated to this place, they could avoid this disaster. But who would have thought that Gu Changge led an army to attack them again and wouldn't give them a way out!?

Boom!!!

At this moment, the most dazzling brilliance erupted as if it wanted to illuminate the universe. Although the formations here had just been cast not long ago and some places were even unstable.

But now they were all manifested in the void, turning into beams of light, rushing towards the army in the sky.

“Young Master, do you need us to act?”

Looking at this scene, Gu Changge's eyes were still calm and deep without much fluctuation, but Gu Zu and others behind him asked respectfully. This time the Bone Clan brought a lot of powerhouses, including several Enlightened beings. This was a huge force that could not be underestimated.

“Not yet, there is another power hidden in the depths of the Dragon Blood God of War Clan. Wait until he shows up to make a move.”

Gu Changge shook his head and said calmly. He could see very clearly that the laws of Heaven and Earth in the depths of the clan were undergoing subtle changes, and a new kind of mysterious fluctuation was being generated.

There were only two possibilities, one was that a certain character was transforming there, or the laws of Heaven and Earth were being suppressed. But no matter which one it was, it was difficult to hide the fact that there were strong people hidden there.

“Yes. But I heard that the Ancestor of the clan never died. I wonder if it’s him.”

Gu Zu nodded, there were flames beating in his deep eye sockets, which looked quite scary.

“Oh, isn’t that the Dragon Blood War God himself?”

Gu Changge smiled lightly, it would be best if he didn’t die, after all, he was the most scarce resource.

Buzz!

Buzz!

Buzz!

Afterward, Gu Changge ordered, and the army behind him urged the formation patterns on the ancient warship. Mysterious and ancient runes manifested into the void one by one.

The ancient warships trembled, and the ancient formations shone brightly, interweaving hundreds of millions of rays of light. The pulse of the star map burned, it became a matchless sword of light with a murderous aura, sweeping all directions, splitting the sky and the earth, blasting towards the majestic stars in front of it.

This sword of light contained the most powerful blow of many runes inscribed on the ancient warship. Even if it was someone close to the Supreme being, it would be shattered, and both the body and spirit would be destroyed.

The cultivators turned pale, the chaotic aura in front of them was churning, the world was separated, and it seemed to be broken!

Boom!

Boom!

Perceiving the terrifying aura oppressing from outside the sky.

On this boundless continent, there was a shocking aura for a moment, and the faces of the strongest members of the Dragon Blood God of War Clan who were fighting against the Gu family’s cultivators in the other direction also changed drastically.

“It’s too much bullying!! I will destroy you here today!”

But in the next moment, accompanied by a cold snort, Lin Qinglong’s figure appeared from the depths of the Dragon Blood God of War Clan. He didn’t look tall, but there was a terrifying aura flowing, which could be called breathtaking.

Just flicking his fingers forward, he blocked the terrifying blow from the ancient warship. His cultivation could be described as unfathomable.

Behind him, there were two people. The cultivation bases of these two people were both in the Emperor Realm, and they were the foundations accumulated by the Dragon Blood God of War Clan for countless years!

“How did you find this place?”

The moment Lin Qinglong appeared, he stared at Gu Changge on the ancient warship, his eyes were cold as he asked. He naturally knew that the culprit of all this was the young man in front of him.

In the eyes of many cultivators from the Eight Desolations and Ten Regions, Gu Changge’s hatefulness far exceeded that of the rest of the Upper Realm!

“You will have to ask your clansman Lin Wu about this.”

Standing on the ancient warship, Gu Changge’s sleeves fluttered. His eyes swept over Lin Qinglong without any surprise, and finally fell toward the star behind him as he said with a faint smile.

At this time, Lin Wu had no value at all, so he naturally sold him out without hesitation. This so-called Son of Luck should also enjoy the taste of betrayal. However, Lin Wu personally brought this disaster to the people of the Dragon Blood God of War Clan.

Now he personally helped the Dragon Blood God of War Clan find out the traitor.

“What... impossible...”

Hearing Gu Changge’s words, many members of the Dragon Blood God of War Clan were shocked, especially the younger generation, their eyes widened and they couldn’t believe it. How could it be that Lin Wu brought disaster on their behalf, exposing the new location of the Lin clan?

“Gu Changge... you...”

Lin Wu never thought that Gu Changge would cross the river and tear down the bridge without hesitation. This caused his face to change drastically, and he was extremely angry. After noticing the expressions of the people around him, he suddenly turned pale.

“Why... could it be true... Lin Wu is the most dazzling genius of our clan these years, how could it be...”

“It must be fake.”

Some people couldn’t believe it at all, their heads buzzed, and they were even more shocked than when Gu Changge attacked them just now.

“There is nothing impossible in this world. After all, I gave him a chance to survive and a new identity in the Upper Realm.” Gu Changge had a playful smile on his face.

“Gu Changge... you are despicable and shameless, don’t believe what he says!”

Lin Wu also understood Gu Changge’s malice at this moment, his face was extremely pale and ugly, and he couldn’t help but curse as his eyes turned red.

He understood that from today onwards, there would be no place for him in this vast land of Eight Desolations and Ten Regions. Even if the Dragon Blood God of War Clan was not destroyed, it was impossible to accommodate him.

“You are simply abominable!”

Lin Qinglong naturally understood the meaning of Gu Changge’s words. It seemed that a traitor had really appeared in their clan, and he was the most dazzling genius of this generation. Of course, this was also consistent with his guess.

Otherwise, it would be impossible to explain why Gu Changge found him so quickly and sent a large army to attack the new land of Dragon Blood God of War Clan.

Boom!!

At this time, Lin Qinglong’s complexion suddenly changed slightly, and he felt a majestic and thick sword energy that covered mountains and seas sweeping toward him. A ray of sword intent that could cut down many stars outside the sky.

It was a beautiful figure in a long black dress, indifferent and compelling, but very strong, stepping out from behind Gu Changge. A bright white long sword was forged like a skeleton, surging with endless immortal energy and sword intent, emerging from her slender palm.

Although she was much weaker than him in terms of momentum, it was still shocking and enough to shock the world.

“It’s you, Nishang of the Bone Clan. Your clan has betrayed the Eight Desolations and Ten Regions!”

After Lin Qinglong blocked the blow, he recognized Nishang in front of him, and his face suddenly became ugly. He never expected that even the Bone Clan would participate in this battle.

And they even secretly surrendered to Gu Changge. Or did it mean that the Bone Clan was originally from the Ancient Immortal Gu Family, a dark horse placed on the side of the Eight Desolations and Ten Regions?

“My clan was originally from the Upper Realm, so why talk about betrayal?”

Nishang looked at him lightly, and slashed out the bright white long sword in his hand. The vast and terrifying sword energy, like a large surging ocean, wanted to drown Lin Qinglong in front of him.

She was straightforward and didn’t talk nonsense before directly choosing to attack.

“Your clan is indeed placed here by the Upper Realm...”

Hearing this, Lin Qinglong was startled and angry. Although he was the heir of the Ancestor of the Dragon Blood God of War Clan and his own strength was overwhelming, it was difficult for him to take down Nishang quickly.

In terms of cultivation, Nishang was not as good as him, but her methods were extremely powerful. The two fought quickly, and the mighty Emperor’s aura filled the universe. The sword energy was criss-crossing, trying to split the world and shake the universe.

The Bone Clan also had other existences from the Emperor Realm, and they fought against the Dragon Blood God of War Clan, and a big battle broke out.

In an instant, the Emperor's aura burst out like infinite light. Hundreds of millions of stars seemed to be exploding, more like the opening of a large universe as the endless chaotic pressure descended.

The stars that emerged in this area were all destroyed in pieces and cracked, it was even difficult to resist for a moment as they directly turned into ashes!

"Is it necessary to kill the fish and break the net? Then I will see how many members of the Gu family are enough for me to kill today!"

Lin Qinglong's strength was terrifying, while fighting against Nishang, he said coldly. With a dazzling light he raised his hand, and the thick fog surged, threatening him. However, Gu Changge obviously didn't respond to his thoughts.

"Although Nishang is not this person's opponent, she won't lose anytime soon."

Gu Zu's eyes flickered slightly, he didn't choose to make a move. If the Dragon Blood God of War Clan only had such a little knowledge, then he might not need to make a move, and it would be completely wiped out by Gu Changge.

"It doesn't matter. The real big fish is not this guy." Gu Changge's expression was still indifferent.

He didn't make a move because it was unnecessary, and his target was not Lin Qinglong.

"A mere crippled formation dares to stop my Gu family, you guys really don't know how to live. Today, no one can escape from here."

The battle on the other side also came to an end at this moment, accompanied by a sound of indifference.

The existence of the Emperor Realm of the Dragon Blood God of War Clan who fought against many Enlightened beings of the Gu family, coughed up blood and was defeated, no matter in terms of numbers or strength, they were all severely injured.

They coughed up blood, their bodies were covered in bruises, dripping with blood, and they were already inhuman.

"We are willing to surrender!!"

Seeing that many Enlightened beings of the Gu family wanted to make a move, they couldn't help but change their expressions, and shouted hastily, they didn't want to lose their lives here.

"If you want to survive, you can tie your hands, and seal your cultivation."

Seeing this, a powerhouse of the Gu family said in a cold voice.

Hearing this, they did not hesitate, and sealed their cultivation one after another, for fear that their actions would be too slow and cause disasters of life and death in the future.

This scene made many members of the Dragon Blood God of War Clan who were fighting against the Gu family's army terrified and desperate.

"They are really greedy for life and afraid of death..."

Lin Wu looked at the group of ancient beings who chose to surrender, and clenched his fists. At this moment, he didn't regret the disaster he had brought to the family. His only thought now was to survive, and then work hard to become stronger and seek revenge from Gu Changge.

Now it seemed that he couldn't care about Luluo's life or death!

Puff puff!

Blood flew everywhere, and corpses piled up like mountains! There were no surprises in this one-sided massacre. It only lasted a day and a night. No matter how much the Dragon Blood God of War Clan resisted, there was no chance of a glimmer of hope.

Except for Lin Qinglong, the Enlightened beings that did not choose to surrender were also annihilated. The true spirit was destroyed, the primordial spirit was shattered, and disappeared with a snort.

"Damn it!"

"What!"

"Ancient Immortal Gu Family, this enmity will last forever!"

All the Dragon Blood God of War Clan members who died tragically were roaring, wailing, begging for mercy in despair, turning into dry bones and ashes, with their bodies and spirits destroyed.

The sea of blood here was overwhelming, the bones were piled high and countless corpses were densely covered under the starry sky. The bloody smell was strong, when it was blown by the strong wind outside the starry sky, it swept across the rest of the star field, which was tragic.

"Ah..." Lin Qinglong looked at this scene, his eyes were red, and he was furious.

Although he was strong, in the end, he was gradually exhausted. His opponents were really too many, besides Nishang, there were other enlightened people to fight.

"As long as my father is still alive, my Dragon Blood God of War Clan will not be destroyed... The clansmen who died are all worth it."

However, he was still trying to buy time.

But Gu Changge obviously didn't want to give Lin Qinglong such an opportunity. In this battle, he didn't make a move, but was just waiting for the Ancestor of the clan to show up. Now, the battle was almost over, and almost all the members of the Dragon Blood God of War Clan were dead.

The Ancestor of the clan still didn't show up, so Gu Changge was quite surprised by his forbearance.

Chapter 515-1: Resonance of the World Tree, How is it different from moths rushing to flame? (1)

"At this point, why don't you invite your Ancestor to show up?"

Gu Changge shook his head lightly and his words seemed to be a little regretful. He didn't quite understand Lin Qinglong's behavior. He would rather sacrifice the whole clan than ask the Ancestor to help.

Of course, there was another possibility, this was an order from his Ancestor, even if he died, he had to delay for time. But no matter which possibility it was, it was not wise to choose a death battle at this time.

"As long as my father doesn't die, my clan will not perish. Everything you have done will be in vain."

Above the sky, Lin Qinglong was shouting angrily, his face was ferocious and his body was covered in blood. His injuries were horrific, and he was constantly coughing up blood. There was a terrifying sword wound that almost cut him apart.

Opposite him, the figure in neon clothes was erratic, and a Dao sword appeared in her jade hand. A sword light bloomed, like pieces of bright and crystal petals, containing peerless murderous intent.

But even so, he was still stubbornly resisting, constantly mobilizing his aura, burning his origin of life, and fighting against many strong men.

It had to be said that as an Enlightened being, the strength he had demonstrated had already surpassed many existences in the same realm and could not be underestimated.

But the Enlightened beings in front of him today were all extremely terrifying in strength. When they all made a move, the world was filled with vast and infinite powerful laws, which could wash away everything like a divine light.

Under such circumstances, Lin Qinglong persisted for so long, which was enough to show his strength. However, no matter how strong his strength was, there would be a moment of exhaustion.

Boom!!

In the next moment, a wave of laws and order swept from all directions.

Many of the powerhouses made their moves, attacking with their strongest blows, turning into heavenly knives, spears, and divine swords... Everything crushed Lin Qinglong's body.

Endless rays of light soared into the sky, and the universe here exploded instantly, turning incomparably dilapidated with a chaotic aura rushing out, drowning the surrounding star fields.

His weapon exploded immediately as it turned into gorgeous fragments, and fell out of this universe.

Immediately afterward, his whole body was bombarded by this terrifying force, and his body was directly torn apart. Left with bright white bone residues permeating out, and then gradually everything went silent.

"Ancestor Qinglong has passed away..."

"How is it possible, Qinglong Ancestor is the second strongest person besides Patriarch..."

Many members of the Dragon Blood God of War Clan who were still resisting couldn't help trembling and their faces were terrified. Seeing this scene, they were finally desperate.

In their eyes, Lin Qinglong was a figure comparable to the Ancestor of the Dragon Blood God of War Clan, and he was the heir most valued by the Ancestor. He was also the second master of the entire clan.

Now that even Lin Qinglong was dead, did they still have hope?

“Why didn’t the Ancestor show up? Did he abandon us?”

“Impossible, how could the Ancestor abandon us, but why did he watch us being slaughtered without showing up...”

Many members of the clan were howling, and couldn’t help but kneel down facing the depths of the clan, praying, hoping that their Ancestor would show up. However, in the face of their prayers, the depths of the clan grounds were dead silent, without the slightest fluctuation.

This scene made them even more desperate, and their faces were completely ashamed.

“It seems that your life and death are not worth mentioning to your Ancestor. As long as he doesn’t die, the Dragon Blood God of War Clan will not be destroyed... It’s a pity that you are just delaying the time for him.”

Gu Changge’s figure descended from the sky, and he shook his head slightly as if regretting. Behind him, Gu Zu, Ni Shang, and others followed.

The terrifying pressure swept all directions, and the rest of the clan couldn’t help but kneel down, prostrate on the ground. Their skin seemed to be cracking, and they couldn’t bear this aura at all.

From the beginning to the end of this battle, there was no suspense. Whether it was the strength of the peak powerhouse or the number of the army, it was far from comparable.

The entire star field sunk, life stars exploded one by one and all the buildings and pavilions in front of them collapsed before turning into ruins. As Gu Changge and others walked by, the surrounding people of the clan all stared at them with hatred. However, this situation did not last long. Many soldiers of the Gu family came and imprisoned them all.

“Lin Wu, if you don’t protect the family at this time, where are you going?”

At this time, Gu Changge’s playful voice sounded, and his eyes fell on another collapsed mountain peak. There was a figure among them, carefully concealing his aura, preparing to leave quietly.

Hearing this, Lin Wu froze, and his hands and feet felt a little cold. He didn’t expect Gu Changge to be paying attention to him all the time. But now that Gu Changge had discovered his tracks, he had nothing to hide.

Immediately, he walked out of the mountain, his eyes were red, and he looked at Gu Changge with an ugly expression.

“Gu Changge, you despicable, shameless, dishonest villain. If you do bad things, you will be punished sooner or later.” Lin Wu gritted his teeth.

When the Gu family's army came before, he planned to escape. However, there were Enlightened beings fighting in the sky. The fluctuation of their aura had spread down, and just a ray was enough to destroy everything.

He was worried about being affected so he had been hiding carefully. Moreover, some angry members of the clan were also looking for his traces, intending to attribute all their hatred and anger to him.

Now he could be said to be a street mouse, betrayed by others, and after being used by Gu Changge, he had no value. Lin Wu couldn't wait to crush Gu Changge to pieces.

"I'm tired of hearing these words, you might as well take this opportunity to say some last words, maybe I'll be kind enough to listen to you."

Hearing this, Gu Changge shook his head lightly, with a slight smile on his face.

In the palm of his hand, a red glow emerged as it condensed into a red spear, piercing through the void. A peerless heavenly sound resounded, piercing Lin Wu, whose face was frightened and pale. He became a blood fog all over the sky.

Lin Wu's eyes widened, full of despair. He never thought that Gu Changge would kill him without giving him a chance to speak.

Buzz!!

At the moment Lin Wu died, Gu Changge slightly raised his eyebrows, rolled up his sleeves, and took away the Heavenly Treasure Chest that only he could see.

This could be regarded as Lin Wu's last value. As for what was in this Heavenly Treasure Chest, Gu Changge was not in a hurry to see. There was another thing waiting for him now.

"Your son is dead, are you still going to hide? It seems that it is at a critical time, and you can't get away."

After finishing Lin Wu, Gu Changge looked into the depths of the collapsed ruins, feeling a little thoughtful.

Immediately after he thrust his palm forward, terrifying fluctuations filled the air, making one's body almost explode. There was a faint World-Exterminating Mill surrounded by chaotic energy, which was about to fall from the sky and suppress everything.

When this huge wave fell, all the mountains and lands were splitting open, smoke and dust shot up into the sky, and a terrifying rift valley appeared, spreading for dozens of miles.

Boom!!

Suddenly, there was a ray of light rising into the sky in the great rift valley, an ancient altar emerged, and at the same time, glass-like cracks appeared in all directions, cracking in a click.

It was conceivable that when the great war broke out here just now, the Ancestor of the clan was hiding in this small world. But now, the small world hidden there was revealed by Gu Changge's palm.

"This aura, is he planning to forcibly break through that realm..."

Gu Zu's gaze narrowed slightly, and with his vision, he could tell that the figure sitting cross-legged on this ancient altar was none other than the Ancestor of the Dragon Blood God of War Clan. The opponent's strength seemed to be much deeper than his.

"It seems that I have disturbed him." Gu Changge smiled lightly and was not surprised.

His gaze was mainly focused on the black ocean in the depths of this small world, where black rivers converged, forming a dead ocean like a fountain in the underworld. It looked incomparably calm, but also dark and eerie, with strange laws intertwined, it could be said to be completely different from the outside world.

One could even see a lot of evil spirits, like the true spirits of the cultivators, wandering by the black river, falling from a distant latitude, and finally turning into light dust, walking into the ocean. The ocean was huge, with no end in sight at a glance, and it had an extremely mysterious and profound aura.

Looking around, one could see an ancient tree, rooted in the ocean with dry branches and leaves, entwined with strands of light.

"This is the Epoch Tree, and it is about to bear fruit."

Gu Changge's eyes fell, and he noticed an emerald green fruit hidden by many branches and leaves. It looked very mysterious, with ripples permeating the air, and fine fragments of time emerging around it.

He even saw faint traces of the long river of time, as if he could pass through this fruit and wade through it.

At this moment, Gu Changge still faintly felt that the Enlightening Mirror and the Space-Time Monument were affected by that fruit, making a resonant sound.

"This is the trace of time and space..." He understood a little.

And at this moment, the figure who had been sitting cross-legged on the ancient altar finally opened his eyes and got up. There was a huge wave, moving forward overwhelmingly.

The Ancestor of the Dragon Blood God of War Clan had appeared. As the former Dragon Blood God of War, his prestige suppresses the world, and he possessed unimaginable terrifying power in the Eight Desolations and Ten Regions.

Chapter 515-2: Resonance of the World Tree, How is it different from moths rushing to flame? (2)

Although he looked quite old, his body was very strong, and his black hair was crystal clear, shrouded in the brilliance of immortality like an invincible god of war in the Immortal Realm, with strands of chaotic thunder lingering in his palm.

The whole person was like an eternal thunder, smashing down in the universe, full of shocking power. He walked step by step from the depths of the Dragon Blood God of War Clan, and when his eyes swept over the clan land that had been reduced to ashes, there was no slight fluctuation, as if it was not his clan members who died.

The huge Dragon Blood God of War Clan was destroyed today, and many Enlightened beings were suppressed and killed. As the Ancestor of the clan, he seemed to be unconcerned with the matter at this moment, like an outsider.

Especially in the blood mist and bones floating not far away, there were still the corpses of his heir. But he didn't seem to see it.

This scene made many Gu family powerhouses look strange, feeling that this person was stable, and disaster was imminent. If it were them, they would have been unable to bear it long ago. It was impossible to see their clansmen being massacred without being moved.

"They are really a bunch of waste. They can't even delay for a little time. It's a pity, I'm still half a step away, and you disrupted all my plans... Damn it."

The Ancestor of the clan was named Lin Zhan, and his face was extremely indifferent. His battle armor was radiant, with gorgeous and eye-catching runes intertwined. And as he opened his mouth to speak, a ray of light shrouded him, and sometimes the fluctuations of time lingered.

The old face of the whole person was recovering quickly, becoming young and strong.

A terrifying aura emerged from his body, containing unimaginable momentum, like thunder rolling from the sky, even more like chaos exploding.

"There is a big difference from the simple technique of returning to the peak."

Gu Zu frowned slightly, even without Gu Changge's instructions, he had already stepped forward. His palm hidden under his robe poked out, and the white bones covered the sky and the sun. It was very scary, and he walked forward to fight.

"The Ancestor of the Bone Clan, we met several times back then. I didn't expect that even you would help the evildoers, disregarding righteousness."

Lin Wu looked at Gu Zu indifferently, his eyes were even colder.

At the same time, he raised his hand, and a mighty aura swept across the universe, splitting the star field in all directions, and it was extremely powerful.

He had been waiting for the Epoch Dao Fruit to mature, but unfortunately, there was still almost no time.

If Gu Changge hadn't attacked him, he would have had great hope to break through the shackles of the Upper Realm, restore his former peak, and become a True Immortal above the Emperor Realm!

But now, before the time came, his clansman had been slaughtered, and even his son was killed in battle. This made his face extremely cold, how could he not hate him, wishing he could tear Gu Changge to pieces?

Gu Changge didn't care about the battle between the two, he still had some confidence in the Bone Ancestor. Of course, if the Bone Ancestor was defeated, he was not in a hurry to make another move.

Now he was paying attention to the Epoch Tree that was exuding a faint greenness. To be precise, this Epoch Tree was in a moment of transformation, and many branches and leaves were still dry and dead.

But on the other side, there was a majestic and vast aura, filled with an astonishing aura of life.

The Epoch Tree was located in the center of this small world. It was extremely huge, dotted with blue immortal light, and shrouded in thick chaotic mist. A single leaf could carry a galaxy, and it was extremely magnificent.

At this moment, everyone from the Gu family felt a kind of majestic will of the world before they got close as if it was going to crush them all. On those green branches and leaves, every star that hung down was rumbling and turning, making a terrifying sound.

Gu Changge's eyes moved slightly, the void was blurred as he turned into a divine light, approaching the Epoch Tree, intending to take it away, but at this moment, he suddenly felt a strange movement from the Inner Universe.

He could feel the complete World laws were in contact with the World laws here.

The World Tree saplings formed after the seeds of the world he got before germinated, resonating with the laws of Heaven and Earth here.

Boom!

At this moment, between Heaven and Earth, it seemed that there was a more terrifying force of laws falling down. Then there was a violent collision, and the Epoch Tree began to shake as if the sky fell apart.

Everyone was a little shocked, and their spirits were swaying. They felt that at this moment, some inexplicable laws were descending here, which had the same origin as the laws of the Upper Realm, but they had the meaning of new life.

The bright light of the world rushed out like an immortal flame, reborn from the ashes, falling like a waterfall, submerged, and rushing to the world.

Gu Changge's figure was also trembling slightly like a rock under a waterfall, but there was a strange voice in his heart.

That was the World Scripture, resounding in his mind. The dense power of laws was so bright that it could drown all directions.

In a trance, he saw a World Seed falling into the Great Universe, using the galaxy as the soil, using chaos as the nutrient, the process of continuously taking root and sprouting, growing vigorously, and forming the World Tree.

During this process, Gu Changge's World Tree seedling was also changing crazily!

In the very center of his Inner Universe, an extremely huge sapling was standing upright, as if opening up Heaven and Earth, containing the meaning of supremacy!

At this time, even phantoms appeared, majestic to the extreme, oppressing people out of breath. Their skins were about to crack, and they were about to descend into the present world and become a true world of Heavens and myriad realms.

Rumble!!

In the eyes of everyone, at this moment, all the heavens and realms were floating ups and downs behind Gu Changge and even above his head, and he seemed to be holding up the realms by himself.

This was unparalleled power, and it even gave people a feeling that Gu Changge could easily wield a World Tree to wipe out the enemies of all worlds and kill everything!

“What is this! Impossible!”

Although Lin Zhan was fighting against the Bone Ancestor, he kept paying attention to the Epoch Tree behind him. When Gu Changge rushed in, he felt that something was wrong.

Seeing this scene now, his face changed drastically, and it was hard to hide the horror.

“While fighting the old man, how dare you be distracted.”

Seeing this, Gu Zu let out a cold snort, and the unrivaled giant hand pushed across and landed on Lin Zhan, causing him to cough up blood and fly out, almost smashing through the universe.

Soon, it became blurred, incomparably chaotic, without any laws or aura. Gu Zu and Lin Zhan fought at such a level that even ordinary Emperors would not dare to spy on them.

This battle lasted for a long time, and it became even more chaotic at the end. Gu Changge watched this scene but did not make a move. He ordered the other Enlightened beings of the Gu family to help Gu Zu.

And he had been paying attention to the Epoch Tree, covering this area with great qi, trying to completely move it away and bring it to his Inner Universe.

Boom!!

In a distant place, all living beings could only feel the world-shocking supreme aura sweeping across the sky. The big stars trembled like chaff, the sky shook, and the universe twisted and collapsed into ashes.

There was a sound of shouting, shaking countless living beings. One could imagine what kind of terrifying battle happened there.

Incomparably blurred rivers of time emerged, and on each river was the figure of an unrivaled powerhouse who once cheered for this unique realm, but was instantly shattered.

Boom!

There was a roar coming from there, both Lin Zhan and Gu Zu were coughing up blood, their bodies kept exploding, and finally, they could only turn into their real bodies.

Boom!

In the end, a battle spear rushed forward, lingering with extremely powerful rules, and used it as a big stick. The bright spear body was forged like billions of immortal gold.

An Enlightened being of the Gu family made a move with a cold face, and swept across with his spear, which was so heavy that it was indescribable, and hit Lin Zhan on the back, causing him to spurt blood and fly out.

But before he landed, someone from the Gu family stepped forward from another direction, shuttled through the limitation of space, pierced him back and forth with a puff, splashed blood, and nailed him to the spear.

“Ahhh...”

Lin Zhan shouted angrily, his whole body was covered in blood, he was in extreme embarrassment. He was still invincible in his own body, and he had already reached the point where all the fuel was exhausted. There were too many opponents, just the Bone Ancestor was already difficult enough, let alone there were other Enlightened beings here.

“I am going to kill you!!”

In the end, he began to burn his own origin, extremely resentful and unwilling, staring at Gu Changge in the distance, intending to drag him into the water.

Lin Zhan was burning, and the light was more dazzling than the sun. He didn't care about anything and rushed toward Gu Changge.

“You don't even know your death, how is it different from moths rushing to flame?”

Gu Changge has been trying to move the Epoch Tree away, and when he saw this, he raised his eyes to look at Lin Zhan, and shook his head slightly, feeling very sorry.

In the next moment, a majestic and heavy meaning of the world emerged behind him, and then the phantom of the World Tree manifested as he shook his hand and swung away, sweeping down directly.

Boom!!

The endless chaotic light soared into the sky as it exploded here, the blood mist surged flooding this dilapidated universe.

Chapter 516: Knowing it's a Hongmen Banquet, There is no second choice

The phantom of the World Tree manifested, containing majestic and vast power as if supporting the supreme power of the Heavens and the realms. It swept down suddenly, and directly caused the already exhausted Lin Zhan to explode, turning into blood that splattered all over like a fog.

When Gu Zu and the others saw that Lin Zhan didn't care about anything and wanted to kill Gu Changge, they couldn't help but become a little worried. However, none of them expected that Gu Changge's current strength to have reached such a terrifying level.

Although it was because Lin Zhan was exhausted, it was enough to show Gu Changge's strength.

“He's a cruel guy, but it's a pity that he offended someone who shouldn't be offended.”

Gu Zu shook his head. In the fight with Lin Zhan just now, he was also seriously injured. But in terms of his cultivation base, this injury was insignificant.

With that, many powerful members of the Gu family stepped forward to clean up the battlefield where the Dragon Blood God of War Clan was destroyed this time. Although this place had been reduced to ashes and collapsed into ruins, there were a lot of resources and other things that the Dragon Blood God of War Clan people had accumulated for countless years. They were all sealed with special space instruments and had not been destroyed.

Gu Changge ordered Alpha to secretly collect the origin of life. Of course, to collect it after everyone from the Gu family evacuated. So after killing Lin Zhan, he focused more on the Epoch Tree in front of him.

From Luo Feng's words before, he already knew that this Epoch Tree had almost died at the beginning, if Luo Feng hadn't stolen the Luck from the Upper Realm to nourish it. It was impossible for this Epoch Tree to have regenerated, let alone bear fruit.

Now after solving the matter of the Dragon Blood God of War Clan, vast runes rushed as Gu Changge attacked with all his strength, and the majestic ocean-like divine sense swept away, covering the front.

Rumble!

The earth was split open, collapsing in all directions, and terrifying rift valleys emerged, spreading out to an unimaginable length. This was a shocking miracle. Gu Changge reached out with his big hand, the runes were bright, and the rays of light were like billions of rays stretching across the boundless as if he wanted to refine the entire universe in the palm of his hand.

He grabbed the land in front of him and he held it in his hands. The Epoch Tree rooted in it trembled slightly, its branches and leaves rustled, majestic and thick before finally he moved it all into the Inner Universe.

The place suddenly became empty, and it looked like an unfathomable abyss had appeared, which made people tremble. Everyone looked at Gu Changge solemnly, standing behind him, not daring to disturb him. They were like an eternal ghost, with a breathtaking sense of terror and deterrence.

After finishing all this, Gu Changge nodded in satisfaction. In the celestial light that the Epoch Tree bloomed just now, he felt the new laws of Immortality, like the laws of Heaven and Earth that had been bred again in these years.

If it was integrated with the laws of the Upper Realm, it would allow the cultivators who were stagnant at the threshold of the Immortal Realm to go one step further and even push the door open.

So the importance of this Epoch Tree was self-evident. Half a day later, the Gu family's army began to gather for rectification. After the Dragon Blood God of War Clan was wiped out, the search was completed and they began to evacuate.

However, the remaining aura of the Great War here would not dissipate for at least a million years. When cultivators with weaker cultivation would come here, they would be blown away by the remaining aura, and their bodies and spirits would be wiped out.

There was no doubt that this place had turned into a life-threatening situation.

It was impossible to hide the terrifying fluctuations of the battle here from the rest of the strongest in the Eight Desolations and Ten Regions. As long as they felt a little bit, they would understand that the Dragon Blood God of War Clan had been wiped out.

After Gu Changge got the Epoch Tree, he actually didn't have much interest in the Eight Desolations and Ten Regions, but there was still a final finishing touch waiting for him.

The two Sons of Luck, Xiao Yang, Luo Feng, and the Great Mountain Lord, as for the remaining three War Gods, he could leave it to the rest of the Gu family to deal with.

Then, the news of the tragic destruction of the Dragon Blood God of War Clan spread throughout the Eight Desolations and Ten Regions. Almost immediately, as if they had grown wings, the news caused an uproar, causing a sensation like a major earthquake.

Many ethnic clans that hadn't evacuated were terrified to the extreme. They never thought that the Dragon Blood God of War Clan, who had a strong background and was also at the top level in the entire Eight Desolations and Ten Regions, would be wiped out so quickly.

The news came so suddenly that it made them tremble with fear. Just as Gu Changge expected, when he sent his army to attack the Dragon Blood God of War Clan, many powerful people in the rest of the great regions had already felt that kind of fluctuation.

Although they didn't dare to get close to investigate, they could definitely guess what was going on there. After the Gu family's army withdrew, the most powerful members of the remaining forces rushed over almost immediately. Feeling the endless resentment and killing spirit remaining there made them palpitate, and understood that one of the oldest ethnic clans in the Eight Desolations and Ten Regions, the Dragon Blood God of War Clan had already been wiped out.

In the entire clan, there were almost no living people left. Besides, it seemed that even the Ancestor who created the Dragon Blood God of War Clan had died in this battle. Such news was too frightening, and many clans who tried to escape fell into despair.

After all, Gu Changge had the means to even find the Dragon Blood God of War Clan, let alone them.

This matter quickly fermented. This incident not only shocked the Eight Desolations and Ten Regions but also shocked many forces of the Upper Realm. They were still considering which forces to attack, but they did not expect that Gu Changge had already wiped out the Dragon Blood God of War Clan first.

Such a speed made their hearts tremble, and they could only say that it was worthy of the Ancient Immortal Gu Family who once destroyed the Purple Mansion. This background and the large army made them afraid.

In the next few days, panic and despair prevailed in the major domains that had not yet fallen. Now in Heavenly Lu City, which had been occupied by the Upper Realm, in an extremely magnificent and simple palace.

A terrifying and chilling aura was interweaving and permeating there. A pitch-black bottle of the great avenue floated up and down as endless blood-colored rays of light surged from it and fell into the figure sitting cross-legged below like a glow.

Like a terrifying blood-colored cocoon that throbbed, it could make one's heart palpitate at a glance, and the whole person would go crazy.

At this moment, every pore of Gu Changge's body seemed to have turned into a vast world, from which emerged a terrifying devouring power which was incorporated into the life essence of the Enlightened beings that Alpha was ordered to collect.

Rumble!!

Under the blood vessels, there sounded a terrifying momentum as if tearing the chaos. Accompanied by colorful rays of light, dazzling, transcendent, and refined, just like a young immortal god.

His cultivation realm is breaking through and growing very smoothly and naturally. For Gu Changge, this battle with the Eight Desolations and Ten Regions was like a big hunt.

It was just that the targets he wanted to hunt were all Enlightened beings. Without this great battle, he didn't know when he would have to wait to break through to his current cultivation level.

The environment in the Upper Realm was relatively much more stable. The death of every Enlightened being would set off shocking waves, how could it be possible for Gu Changge to break through as happily as he was now, without worrying about the slightest disaster?

Then the fluctuations in this place gradually fell silent, the bloody glow was swallowed up by Gu Changge's mouth, and the Great Dao treasure bottle disappeared.

Buzz!!

The brilliance in his hand flashed, and a rather mysterious treasure chest appeared, gorgeous and bright. When killing Lin Wu, apart from the Luck Points and Destiny Points, the other valuable thing was the Heavenly Dao Treasure Chest.

"What will be in the Heavenly Dao Treasure Chest this time..."

Gu Changge's eyes flashed strangely, and then he opened it, but the things placed in it now made him feel a little strange. This was a group of colorful rays of light, filled with dense rays of light, with mist flowing.

Then the fog cleared, and a simple token, only the size of a palm, was lying quietly in the treasure chest.

"Evolution Martial Token..."

Gu Changge checked the introduction of this token, if it was an ordinary thing, it would be impossible to appear in the treasure chest of Heaven.

"Can deduce and control all the martial arts and divine powers of this world..."

For him now, it was a bit tasteless. His cultivation base had reached a certain level, and all kinds of martial arts and divine powers could be seen through and controlled at a glance, and even used this to comprehend the laws and even the Dao.

But Gu Changge still put it away, maybe it would be useful in the future.

Then, he exchanged all the Luck Points he had obtained during this period for transcendental bones. There was a crisp sound of cracking all over his body as if his bones were being replaced by crystal clear bones and blood gushed out, implying some kind of supreme detachment.

Gu Changge felt that he was not far from the Emperor Realm.

“The next step is to wait for the fish to take the bait and catch them all in one go.”

He intended to use the dark chess that was arranged beside Xiao Yang a long time ago, that was, Gu Wudi. This chess piece had been placed for so long, and it was time for it to play its role.

Moreover, Second Mountain Master, Luo Ying, and others were all in his hands, Gu Changge did not believe that Xiao Yang would not come to rescue them.

“The strength of the Great Mountain Lord should be far above Lin Zhan, and he is a figure at the same level as Feng Zu from back then... Since this is the case, just in case, this Hongmen Banquet must be held.”

Thinking of this, Gu Changge squinted his eyes and quickly ordered the clansmen to pass on the news.

The current Eight Desolations and Ten Regions were in a state of panic, especially the Dragon Blood War God Clan, which was destroyed by the army led by him.

The rest of the ethnic clans had only two options, either to surrender and become the servants of the Upper Realm. The era was for them to drive, or to be destroyed by the remaining Immortal Sects.

At this juncture, what he had to do was actually very simple.

All he needed to do was to send a message in his capacity, saying that he did not want to cause more killings, intending to maintain the peace between the two realms, and invite the leaders of the major ethnic clans of the Eight Desolations and Ten Regions to come to discuss this matter.

And directly invite the Great Mountain Master by name. With the prestige of the Nine Great Mountains, it was easy to gather people’s hearts in the current Eight Desolations and Ten Regions.

It was impossible for Xiao Yang, Great Mountain Lord, and others to let go of such a great opportunity.

“Knowing that this is a Hongmen banquet, but they can only come, there is no other choice. Although it is a ray of fire in the darkness, it is enough to make all of them fly over.”

A faint smile appeared on the corner of Gu Changge’s mouth.

He had already foreseen that this was a major event that would shake the entire Eight Desolations and Ten Regions, and all the power groups would cause a sensation.

That was unless they really wanted to follow in the footsteps of the Dragon Blood God of War Clan and go down the road of destruction.

Chapter 517-1: Wouldn't it be nice to catch everyone in one go? Our honorable guests

The Great Mountain Lord thought a lot, and now the various races of the Eight Desolations and Ten Regions were like a mass of scattered sand, it was difficult for them to gather together, let alone try to contend against Gu Changge and the Upper Realm.

No matter what Gu Changge's real purpose this time was, he could make good use of it to win people's hearts. After that, there would be more power, otherwise, the rescue of Luo Feng would be impossible.

"Since that's the case, how about going to the banquet?" Thinking of this, the Great Mountain Lord also formed his own plan in mind. Now within the Imperial City, the gathering of the big figures from various clans happened to be a good opportunity for him.

"Great Mountain Lord, do you want to participate in the discussion banquet invited by Gu Changge?"

Xiao Yang didn't know what the Great Mountain Lord was thinking at the moment. He was still a little worried. After all, Gu Changge would not issue a decree and specifically name the Mountain Master.

Anyone with a discerning eye could see that there was definitely something wrong with it. Speaking of which, this matter had little to do with the Great Mountain Lord and he could withdraw and leave at any time.

Even between the Second Mountain Master and the Great Mountain Lord, there was not much friendship. This was what his Master said to him a long time ago.

"Don't worry, this old man has his own measure."

The Great Mountain Lord didn't say much and didn't explain anything before he walked out from this corner, and walked toward the many big figures who were talking not far away.

Seeing this scene, Xiao Yang looked happy and understood what the Great Mountain Lord's choice was. This made him unable to bear a burst of admiration in his heart.

Even though he knew that Gu Changge had bad intentions and might set up tricks during this banquet of the Eight Desolations and Ten Regions, the Great Mountain Lord still didn't care.

"You... you are..."

Many important figures who were discussing the Heavenly Lu City Banquet that was to happen in half a month's time could hardly hide their sadness to think of a solution.

At this time, when they suddenly saw the Great Mountain Lord walking towards them, they couldn't help being surprised. They didn't even realize that there was someone hidden there. Among them was the existence of the Emperor Realm, whose cultivation was unfathomable.

But he still couldn't feel the presence of anyone around him. This made them startled, and vigilant, staring at the Great Mountain Lord who was walking toward them.

"Blind old man, could it be... Is it really..."

Someone noticed the face of the Great Mountain Lord and frowned as if thinking of something. There were not many people in this realm who were blind and whose cultivation was so unpredictable.

Suddenly, a flash of lightning appeared in his mind, and he remembered something. He couldn't help but turn pale with shock as his voice trembled.

"You... you are..."

The Great Mountain Lord had a calm face, nodded slightly, and didn't say anything. The other big shots also remembered, and their faces turned red all of a sudden. They were very excited, and at their level, they couldn't help but tremble.

One could imagine how excited they were at this moment.

"Great, I always thought that news was fake, no wonder Gu Changge would spread such words. So you really appeared!"

They immediately used respectful words for the Great Mountain Lord, and they were in awe. After all, this was the person who founded the Nine Great Mountains. In the current Eight Desolations and Ten Regions, his status was simply hard to describe in words.

In their eyes, the Great Mountain Lord was no different from an Immortal.

"The old man already knows about the affairs of the Eight Desolations and Ten Regions. Since Gu Changge has malicious intentions this time and set up a banquet, the old man will go and see."

The Great Mountain Lord was dressed in a white robe with an immortal-like demeanor, and he was very pure and innocent. Although he was blind, his power should not be underestimated.

He said lightly as if he didn't take Gu Changge seriously in his words. Hearing this, everyone here immediately became more excited, their emotions were surging, and their blood was surging.

Now that the Eight Desolations and Ten Regions were in a dark time, if there was an existence like the Great Mountain Lord who stood up for them, it could be said to be no different from their backbone.

"I am willing to go with the Mountain Lord!!"

At this moment, they no longer hesitated to worry, and spoke together. Their faces were extremely solemn. Because if even the Great Mountain Lord couldn't do anything about it, then the Eight Desolations and Ten Regions were really hopeless.

"Very well, since that's the case, after half a month, even if Heavenly Lu City is a dragon's pond and a tiger's den, I'll go. I want to see what kind of medicine Gu Changge wants to sell."

The Great Mountain Lord was very satisfied with the expressions and attitudes of the people, so he couldn't help but nod.

During this period, he happened to contact all the clans, so the remaining three War God Clans, Vermillion Bird, White Tiger, and Black Tortoise, gathered their final strength.

In this way, even if Gu Changge plotted against him, he would be sure to escape. Pretty soon, the news that the Great Mountain Lord of the Nine Great Mountains appeared in the Eight Desolations and Ten Regions was passed on from the Imperial City as it immediately spread to all clans as if it had grown wings.

This matter caused a huge sensation, and the waves it caused were even more unimaginable. The background existences of the major ethnic clans came out to discuss this matter.

Half a month later, in Heavenly Lu City, Gu Changge invited the leaders of all ethnic clans in the Eight Desolations and Ten Regions to participate in the peace agreement. From their point of view, this matter must be strange and unbelievable, and they were discussing whether to go or not.

But now that the Great Mountain Lord showed up and took the initiative to accept the invitation. This cheered them up, and without hesitation, they decided to live and die with the Great Mountain Lord.

If what Gu Changge said was true, then it would be good, and it would restore the rare peace in the Eight Desolations and Ten Regions.

If what they said was false, with the presence of the Great Mountain Lord, they could have an extra guarantee.

One must know that the Great Mountain Lord was no different from an Immortal in the eyes of countless creatures of the Eight Desolations and Ten Regions.

Although he hadn't shown up for countless years, now that the Eight Desolations and Ten Region encountered a catastrophe and were about to fall, the Great Mountain Lord showed up to turn the tide.

In the eyes of many cultivators, he was the last hope left now.

The Eight Desolations and Ten Regions that had not yet been occupied as they were more excited in the past few days. Even many Upper Realm armies had stopped their offensive actions as if they had compromised because of the decree issued by Gu Changge.

At the same time, in Heavenly Lu City, many Ancestor-level figures of the Supreme Sects and Immortal Forces of the Upper Realm were gathering together with a slight dissatisfaction on their faces.

They naturally knew about Gu Changge's decree to invite all ethnic clans from the Eight Desolations and Ten Regions. They had no objection to this, after all, it was Gu Changge's business, but he asked all the forces to cooperate with his actions and temporarily withdraw their troops.

As a result, it made them a little dissatisfied. Now that they were at the critical moment of conquering the major domains, how could they easily withdraw their troops?

They were still waiting to completely capture the territory of the Eight Desolations and Ten Regions, and find out why no Immortal had been born in the Upper Realm in these years.

That was the most important thing. If it weren't for the fact that Gu Changge's power that was not weaker than theirs now, and how he brilliantly handled this battle and played a decisive role. They won't talk so well now.

In the palace, there was a faint tea fragrance lingering along with the dense immortal mist.

Gu Changge drank tea lightly, and said in a leisurely manner, "After half a month, all ethnic clans from the Eight Desolations and Ten Regions will come, wouldn't it be a good time to wipe them all out? Why should you be dissatisfied with such a trivial matter?"

There were several people standing behind him, including the Enlightened beings from the Ancient Immortal Gu's Family, Heavenly Maiden Tianlu, Nishang, and Gu Zu.

However, Nishang and Bone Ancestor did not reveal their true faces, but their auras alone changed the faces of the major sects here, and they did not dare to speak disrespectful words.

If the situation hadn't been more serious, they wouldn't have come here at this time.

"Young Master Changge's words are good, but how can you guarantee that the leaders of all ethnic clans in the Eight Desolations and Ten Regions will come over in half a month?"

An Old Ancestor of Heavenly Emperor Mountain said while his face looked a bit like a dragon, there was a phoenix feather on his forehead, and his strength was relatively strong among Enlightened beings.

His words were obviously agreed by the rest of the people. Gu Changge's plan was very simple, but the clans of the Eight Desolations and Ten Regions were not stupid, so how could they rush to come knowing that this was a grand feast?

In their view, the chances of success in this matter were not great.

"No, they will all come." Gu Changge's face remained unchanged, and he didn't explain, but just said calmly, "And you all really think that if you just search like this, you will be able to find what you want. In my opinion, it's just a waste of time."

"Could it be that Young Master Changge knows something?"

The Ancestor of the Ancient Immortal Wang Family couldn't help asking and was quite curious. He felt that Gu Changge would not say these words for no reason, obviously, he should have learned something.

The rest of the Ancestors of the Immortal forces and the Supreme sects also displayed doubts when they heard the words.

"It's not that I know anything, but that the Second Mountain Master of the Nine Great Mountains and the Guardian Clan is in my hands. They will definitely come to rescue them."

Gu Changge smiled, glanced outside the hall as he gave instructions to the people behind him.

Soon after, there was a rumbling sound, and prison cars, covered with various powerful runes, shone with brilliance as they appeared in an orderly manner, and were pushed over.

In it, Second Mountain Master, Luo Feng and Luo Ying were imprisoned. Except that Second Mountain Master was sitting cross-legged with his eyes closed, like a rock, turning a blind eye to many situations outside.

Both Luo Feng and Luo Ying's faces were not very good-looking, and there were shackles on their hands and feet, and it was difficult to break free. If they used a little force, there would be a series of subtle powers of runes that would penetrate down, making them excruciatingly painful, like suffering.

"They are?"

Seeing this scene, the faces of many Ancestors of the Supreme Sects and Immortal forces here were a little strange.

Some people had even dealt with Second Mountain Master before, but they never thought that after the destruction of the Nine Great Mountains, Second Mountain Master would be suppressed by Gu Changge and become a prisoner.

On the contrary, they didn't know about Luo Feng and Luo Ying. However, judging from Gu Changge's words, one of them must be a descendant of the Guardian Clan.

"Of course, they are my honored guests."

Gu Changge smiled lightly, and then in front of everyone, unshackled the three people in the prison and released them. However, their cultivation bases were all sealed, and even if they were released, there was no possibility of escaping in front of a group of Enlightened beings.

"It seems that Young Master Changge has already controlled everything in his hands, I was the one who worried too much."

Seeing this, many Enlightened beings understood Gu Changge's intentions and couldn't help sighing softly. They were even more afraid of Gu Changge's methods in their hearts.

"The one with the surname Gu, what kind of trick are you trying to play?"

As the former Ancestor Feng, although Luo Feng was now a prisoner, he still had pride in his heart. He knew that Gu Changge didn't kill him because he wanted to know his secret.

So before that, he was safe and his life was not in danger. Luo Ying, who was beside him, felt a little unconcealable fear of Gu Changge. Although she had a blood feud, she was only a young woman after all.

In the presence, apart from Gu Changge, who was not an old monster who had lived for countless years.

"Don't worry, you will see your old friends soon." Gu Changge blew lightly on the mist from the tea, and with a slight smile on his face, he spoke unhurriedly.

"Old friend, what do you mean?"

Luo Feng's heart trembled, the old friends he knew, except those of the same generation back then, there was no one else. There was some uneasy premonition in his heart.

"Your younger brother will meet you soon." Gu Changge looked at Luo Ying without explaining.

"Brother..." Luo Ying's face turned pale, her body was trembling slightly, full of fear.

It could be said that the person she least wanted to see at this moment was the younger brother she had never seen.

But half a month passed in a blink of an eye, and one after another divine light swept across the sky, shaking the universe, soaring from all over the Eight Desolations and Ten Regions as they headed for the location of Heavenly Lu City.

Chapter 519-1: He doesn't need to show sincerity, Can't you believe it? (1)

Half a month passed in a blink of an eye.

The leaders of the various ethnic clans in the Eight Desolations and Ten Regions moved after hearing the news, either through divine lights, or riding the clouds and fog, with an astonishing momentum as they rushed to Heavenly Lu City with their attendants or some of their clansmen.

It could be said that this was a major matter related to the life and death of all ethnic clans, and no one did not take it seriously.

In the eyes of many cultivators and creatures, whether the Eight Desolations and Ten Regions would live or die in the future would depend entirely on the discussion of this peace agreement.

For ordinary cultivators and creatures, this banquet was regarded as the only light in the darkness, with extremely huge expectations.

In all the ancient cities of the Eight Desolations and Ten Regions, countless cultivators and creatures could be seen discussing, so that those who followed them could simultaneously pass on what happened at the banquet.

Everyone was paying close attention. How big were the territories of Eight Desolations and Ten Regions?

In terms of area, it was far beyond hundreds of millions of miles, and the number of living cultivators could only be described as infinite, and innumerable. This time, the discussion on the peace agreement had attracted everyone's attention, with expectations in their hearts, and nervousness.

At this moment, on an extremely majestic and tall flying boat, the divine light was shining, and the immortal mist was dense. The boat was like an immortal boat crossing the sky and many borders, flying to the location of Heavenly Lu City.

This flying boat was very large, like a continent suspended between heaven and earth, with rows upon rows of palaces and pavilions on it.

Now the characters in the flying boat were all the leaders of the most powerful and ancient families in the Eight Desolations and Ten Regions, including the head of the clan, the Elders of the clan, and the Ancestors.

Except for some of the younger generation, the weakest cultivation level of the rest was also the Supreme Realm. In the Eight Desolations and Ten Regions, before the arrival of the Upper Realm, they possessed monstrous power, and they could cause a big earthquake just by moving their feet.

There were the Domain Lords of the Ten Regions, the Desolation Lords of the Eight Desolations, and the remaining patriarchs of the Vermillion Bird, Black Tortoise, and White Tiger clans of the three War Gods.

To put it bluntly, the group of people on the flying boat controlled the lifeline of the entire Eight Desolations and Ten Regions today as they were the group of people standing at the top.

"The current Heavenly Lu City is different from the previous Heavenly Lu City. After Heavenly Maiden Tianlu surrendered to Gu Changge, although she is still in charge of the city now, it has nothing to do

with the Eight Desolations and Ten Regions. So everyone, don't expect the traitor Heavenly Maiden Tianlu to help us."

At this time, an ancient being spoke, his whole body was shrouded in a vast mist. His face was clear, and his eyes were very bright as if he could see all the secrets in the world.

He came from a hermit family from the Eight Desolations and Ten Regions, and was an Enlightened being. He had never appeared before when the Eight Desolations and Ten Regions were fighting with the Upper Realm.

He had not appeared in the world until today. Around him, there were quite a few old and strong powerhouses of similar status to him, but they were all silent and did not speak.

"Heavenly Maiden Tianlu is a traitor!"

When mentioning Heavenly Maiden Tianlu, many people here couldn't help displaying anger and shame in their eyes.

Some people even sneered directly, "But she is also smart. Now that she is next to Gu Changge, not only she protects Heavenly Lu City, but her status has also risen. Nobody dares to offend her."

"It's not like us, who need to be on guard against the army from the Upper Realm all the time, but also have to bow our knees and live under the shadow of the Upper Realm."

Even so, it was hard to hide the jealousy. In the eyes of many people, Heavenly Maiden Tianlu's biggest advantage over other people was her beautiful appearance, which was a rare beauty in the world.

Other than that, what aspect of her could Gu Changge value?

It was a pity that such an advantage, they really couldn't compare. However, there were still some ancient beings whose eyes flickered slightly, scanning the many clansmen behind them, looking for the most beautiful women among them.

This time Gu Changge invited everyone to discuss the peace agreement, but he didn't mention how to discuss it, and they didn't know. So now, they were very uneasy in their hearts, and they naturally hoped that this matter would go well so that peace would be restored in the Eight Desolations and Ten Regions.

If it was possible to arrange for the most beautiful woman in the clan to please Gu Changge, that would be another way.

"That's... Immortal Qingyue... She was actually among the people who came to the appointment this time."

Many people were stunned, their eyes flickered slightly, and they looked at a woman not far away with a beautiful and charming face with a cool temperament. There was no doubt that among current people, her appearance was the most outstanding.

Compared with her, the rest of the goddesses were obviously much duller, and it was difficult to compare them. However, the identity of Qingyue made many people look strange and feel a little unbelievable. How could she appear there?

Zhao Yunze, who died in battle in front of Heavenly Lu City some time ago, had a very close relationship with her. There were even rumors that the two of them intended to get engaged and plan to get married before Heavenly Lu City was destroyed.

However, Zhao Yunze was suppressed and killed by Gu Changge and died tragically in Heavenly Lu City. Many people also heard that Qingyue almost passed out because of her heartache, and now she appeared here, she seemed to have come out of the pain.

“Facing this matter, she was able to get out of the haze so quickly, she deserves to be Qingyue.” Many people said with emotion in their hearts, but they didn’t think much about it.

After all, as Zhao Yunze’s confidante, Qingyue’s own strength should not be underestimated in the entire Eight Desolations and Ten Regions, and she could be called a hero among women.

At this moment, beside Qingyue, there was another person, but his face was quite old, with white hair on his temples, and he was the current Domain Lord of Great Yunze Domain.

That was Zhao Yunze’s father. As the Domain Lord of the Great Yunze Domain, it could be said that there was a sworn hatred between him and Gu Changge. His most respected son, Zhao Yunze, was forcefully suppressed and killed by Gu Changge in front of Heavenly Lu City in front of countless armies from both realms.

He had always kept this hatred in mind. But now, the matter of revenge was far away. For the survival of the entire Great Yunze Domain, he had to grit his teeth and let go of this hatred for the time being as he rushed to Heavenly Lu City with many clansmen.

“Uncle, don’t worry, Qingyue knows what to do about this matter,” Qingyue said with a calm face, nodding her head slightly.

Because of Zhao Yunze’s relationship, the lord of Great Yunze Domain and Qingyue were obviously very familiar with each other. He was naturally very satisfied with this almost daughter-in-law.

Hearing this at the moment, his expression was a bit complicated, more regretful, and in the end, he could only let out a long sigh.

“Sigh, if Yunze wasn’t allowed to participate in that battle, how could it have happened? Uncle is sorry for you.” Great Yunze Domain Lord sighed.

Hearing this, Qingyue shook her head and said, “Yunze told me that if he could fight to the death outside the realm, it would be a good home for him. As the young master of the Great Yunze Domain, he is destined to protect the lives of the Yunze Domain.”

These words touched Lord Yunze’s heart, he let out another long sigh, and his face looked even older.

“Do you really want to do this?” He seemed to be asking himself, and he was also asking Qingyue on the opposite side.

“At this point, Qingyue has no other choice.” Qingyue did not answer directly but said calmly.

“Don’t be so pessimistic. What if things turn around? Even the existence of the Great Mountain Lord has appeared, so we may not be lifeless. Until the last step, uncle actually doesn’t want you to do this...”

Lord Yunze sighed, looking not far away.

There, a blind old man with an immortal demeanor was talking to the leaders of the War God Clans. His words were calm, without any worry or uneasiness about participating in this grand banquet.

This demeanor made him admire him and he was more or less relieved. Soon the flying boat rumbled across the sky like a raging wave, making a huge noise. In the blink of an eye, it had passed millions of miles, many mountains, rivers, and great swamps were quickly gone.

Pieces of vast and vast territory quickly disappeared under the feet of everyone. On the way, one could also see powerhouses from the other realms of the Eight Desolations and Ten Regions, leading their clans.

Heavenly Lu City was located in the frontier of the Eight Desolations and Ten Regions, adjacent to the territory of the Upper Realm, but now it had been occupied by the Upper Realm.

The sea of flames that used to linger all day had gradually subsided. Although the location was still remote and barren, there was a lot more vitality than in previous wars.

Heavenly Lu City, as majestic as the backbone of heaven and earth, stood in a barren land, with stars hanging down on the plain, and the moon gushing across the river.

At this moment, the galaxy falling from the depths of the sky was full of mysterious and profound brilliance as the Heavenly Lu City scattered there was incomparably magnificent.

Chapter 519-2: He doesn't need to show sincerity, Can't you believe it? (2)

Many big stars were like dust, surging around it, looking vast and majestic. Before the many flying boats landed on Heavenly Lu City, there were waves of terrifying divine senses sweeping over all around them with a strong and domineering attitude, and they didn't care about anything.

"It seems that they are the leaders of various clans who came in response to the promise of Young Master Changege. Let them enter the city."

There were no waves in their words, and after a simple exchange, they opened the city gate, which was as high as the sky as it fell with a bang.

Obviously, behind these terrifying divine senses were the current defenders of Heavenly Lu City, whose cultivation base was unfathomable, and the weakest ones were also in the realm of Enlightenment.

After all, after the Heavenly Lu City formation was breached, there were not many defensive methods in Heavenly Lu City today, and the defenders of the city must be strong and terrifying.

Such a scene made the complexions of many leaders and clansmen rushing to this place change slightly.

Once upon a time, Heavenly Lu City was no different from the divine city in their hearts and had a supreme status. How could it be like this now that even entering a city gate required a notification to open the gates?

Moreover, if they entered Heavenly Lu City, what should they do if they wanted to escape?

"I came back here again after a few months, but things have changed. I wonder how Master is doing now."

Xiao Yang silently followed behind the Great Mountain Lord and the others, looking at Heavenly Lu City in front of him, feeling very complicated.

In the vast Heavenly Lu City, there were countless palaces and pavilions, and there were immortal islands and sacred mountains in the distance, but now they belonged to the Upper Realm.

The various forces had divided their territories and had their own territories. Now the discussion of the peace agreement was being held in the Heavenly Lu Temple in Heavenly Lu City.

At this moment, there were divine lights flying across the city, and they were the powerhouses of various sects of the Upper Realm. They also showed up and looked at the leaders of various ethnic clans coming outside the city.

However, their expressions were very playful, like a cat catching a mouse, which made everyone in the Eight Desolation and Ten Regions feel uneasy.

Now that they had come to this point, they had no room or opportunity to regret it, and they could only go one way to the end.

"Everyone here, please, since you are here to participate in the discussion of the peace agreement, you are naturally a distinguished guest of my Young Master. Although the two realms have been at war for countless years, the hatred is inextricable. But my Young Master has the virtue of being good at life and doesn't want to cause more killings. The peace agreement this time is also the sincerity of my Young Master."

On the avenue in Heavenly Lu City, the powerhouses of the Gu family who had heard the news rushed over.

His strength was extremely terrifying as he wore battle armor with shining divine light, giving people a sense of fierceness and strength that had killed a mountain of corpses and a sea of ??blood.

The person who spoke was a benevolent old man who looked very thin and could be blown away by a gust of wind. But his aura made everyone present not dare to underestimate him, making it difficult to see clearly.

This was at least an Enlightened being, and his seniority was absolutely scary.

"Young Master Gu has good intentions. If Gu Changge really wants to stop this war, then stop playing tricks and show some sincerity."

Hearing this, the leaders of all ethnic clans in the Eight Desolations and Ten Regions present did not speak, but all looked at the Great Mountain Lord in unison.

Now, in their eyes, the Great Mountain Lord was like a backbone. The Great Mountain Lord was not surprised, he just opened his mouth lightly, wanting Gu Changge to show due sincerity.

For this Hongmen Banquet, they came here for the appointment, and they had already disregarded life and death. If Gu Changge made a move at this time, it would be an unimaginable terrible disaster for them.

Many people would even fall and die tragically here.

“Sincerity doesn’t seem to be something my Young Master needs to consider now.”

Hearing this, the Enlightened being of the Gu family also smiled lightly, leading the way ahead, without taking the thoughts of everyone present in his heart, it was very casual.

What he said immediately made the faces of the people in the Eight Desolations and Ten Regions change slightly, with an ominous premonition.

Sincerity was something that Gu Changge really didn’t need to show now?

After all, the Eight Desolations and Ten Regions were at an absolute disadvantage. If there was no accident, it would not be long before they would be completely destroyed by the Upper Realm.

At this time, Gu Changge stepped forward and gave them a chance to make a peace agreement. Believe it or not, it was up to them.

Gu Changge had no reason or obligation to convince them.

For a moment, a cloud of gloom rose in everyone’s hearts. Knowing that this was a Hongmen Banquet, Gu Changge had bad intentions, but they still came to the appointment as the only hope left.

Could it be that Gu Changge already wanted them to meet their end before the banquet started?

Heavenly Lu Temple was located in the center of Heavenly Lu City, and there was a very wide square nearby. There were many towers and halls, and now many blurred figures could be seen here.

The cultivation base of these blurred figures was very powerful, just standing there, the nearby void had a tendency to collapse.

“Five steps, one whistle, ten steps, one post. It seems that there is more than Good Luck.”

Seeing this scene, a Domain Lord couldn’t help shaking his head and sighing, feeling that they had already entered the dragon’s pond and tiger’s lair, and there was no way out.

Many people couldn’t help becoming tense, with cold sweat on their backs and palms.

If the situation was not right for a while, and the powerhouses around here swarmed up, they didn’t have any chance to escape at all, and they would probably die in an instant.

Soon, under the leadership of the powerhouse of the Gu family, they crossed the square and entered the temple ahead. The temple was very vast, like coming to a small world.

The banquet had already been set up, and there were many drinks, spiritual fruits, and rare beast meat on it. It exuded a glittering brilliance, with a bright glow, and the phenomenon manifested, and there was a smell that could make the index finger move.

In addition, there were many graceful women in the banquet room, who were dancing, surrounded by an immortal mist, their dancing postures were moving, and they were beautiful.

Inside the Tianlu Temple, Gu Changge was dressed in black clothes, exuding mystery and dignity. With a handsome face and a faint smile, he was waiting for everyone in the top seat.

Behind him stood Heavenly Maiden Tianlu, but her face was covered with a light veil, revealing only a pair of autumn water-like eyes, very calm. Other than that, there was no one else in the hall.

Such a scene made everyone in the Eight Desolations and Ten Regions who entered the hall a little stunned, which was different from what they had imagined.

However, they guessed that Gu Changge had arranged people in the dark, and he only needed a single order to rush in and take them down in an instant.

Now the life and death of the entire Eight Desolations and Ten Regions was in the hands of the young man in front, which made them have different emotions and very complicated.

Xiao Yang looked even colder, unable to hide his hatred, and the scene of Nine Great Mountains couldn't help but appear in his mind.

In the scene where his Elder Sister was attacked by Gu Changge, her body and spirit were destroyed and disappeared.

"My honorable guests, please take a seat."

With a smile on his face, Gu Changge glanced at the people from the Eight Desolations and Ten Regions rushing in one by one, then raised his wrist in vain, signaling them to sit down.

"We have come to the appointment according to your request, we hope that Gu Changge will keep his promise."

A Domain Lord spoke in a deep voice. He looked like a black bear, with strands of laws and order flowing on his body. The strength was incomparably terrifying, and the power of the aura resounded like thunder, which made the eardrums buzz and almost burst.

The rest of the Domain Lords were also staring at Gu Changge at this moment, with divine lights flickering in their eyes, intertwined with various colors. They were all vigilant and did not sit down casually, worried that Gu Changge would have other tricks.

"Everyone can rest assured since Gu has invited all the clans from the Eight Desolations and Ten Regions to discuss major issues, he will naturally not attack you at this time. Could it be that you can't even believe this little thing?"

Seeing this scene, Gu Changge just smiled faintly, knowing what everyone present was afraid of. In fact, when everyone decided to rush to this Hongmen Banquet, Gu Changge had already achieved his goal.

The Great Mountain Lord, Xiao Yang, and those War Gods were his goals. Moreover, he already obtained the Epoch Tree, and not many people in the entire Upper Realm knew about it.

So instead of destroying these big clans, it was better to let them be used for oneself. To Gu Changge, their lives were of greater value.

As for how this move would harm the interests of the rest of the forces in the Upper Realm, that had nothing to do with him.

“I hope you keep your word.”

Although the Great Mountain Lord was blind, everything that happened here could not be concealed from his perception. He said lightly and immediately chose a seat to sit as if he was not worried about tricks.

Seeing that the Great Mountain Lord took a seat, the rest of the people also breathed a sigh of relief, and they found seats to sit down one after another, wanting to see what Gu Changge was planning.

“Gu Changge, I want to see my Master and my Sister.”

But at this moment, a voice sounded in the somewhat silent temple. Xiao Yang stood up, staring at Gu Changge with red eyes. He clenched his fists tightly, full of hatred, and uttered almost word by word.

Chapter 520: It's either life or death, Finally revealed his true face

Following the sudden sound of this voice, there was a moment of silence in the Heavenly Lu Temple. Many leaders of various ethnic clans who were seated did not expect that someone would stand up at this time to speak against Gu Changge.

This made them extremely shocked, and they all looked at Xiao Yang in unison. Even the Great Mountain Lord, who was beside Xiao Yang, frowned slightly, feeling that Xiao Yang was too anxious.

“It turned out to be him, the disciple of Nine Great Mountains, I heard that he is also the disciple of the Second Mountain Master of Nine Great Mountains, and the man in the golden robe beside him is Gu Wudi, a cultivator of Nine Great Mountains.”

“Does he want to die? Saying something like that at this time.”

Many people recognized Xiao Yang, and were a little stunned. However, more people were a little dissatisfied, worried that Xiao Yang's behavior would cause Gu Changge's dissatisfaction.

Now their various races were grasshoppers on the same rope if Xiao Yang affected the overall situation. They didn't care about Xiao Yang's identity, and wouldn't be able to spare him then.

“You want to see your Master and Sister? Then I will take this opportunity to let everyone know Gu's sincerity.”

Gu Changge was not surprised when he heard the words, nor did he care, so he smiled lightly. And as he finished speaking, outside the temple, several figures suddenly arrived.

Everyone couldn't help looking over, their pupils shrinking slightly.

The leader was the Second Mountain Master of the Nine Great Mountains, but his expression was quite complicated now. Although he had not suffered any torture, his cultivation was sealed.

Behind Second Mountain Master, Luo Ying followed. As for Luo Feng, Gu Changge did not let him come out at this time.

Seeing this scene, everyone in the hall was a little shocked as they carefully looked at Second Mountain Master and Luo Ying. They found that they were not injured in any way. While wondering, they couldn't help but breathe a sigh of relief.

From this point of view, Gu Changge came here with sincerity and did not harm the hostages in his hands. This made them suddenly have hope in their hearts. This Hongmen Banquet was not without the slightest chance as they had guessed before.

If it wasn't for Gu Changge's big picture, then he did intend to discuss a peace agreement.

"Master... Sister..."

Seeing Second Mountain Master and Luo Ying, Xiao Yang's eyes immediately turned red, and his voice trembled. Even though he had never seen Luo Ying with his own eyes before, just based on his intuition at this moment, the feeling that blood was thicker than water, he could also conclude that this person was his sister.

"Xiao Yang..."

Second Mountain Master didn't expect that there would be a day when he would see his apprentice again. His expression was even more complicated, he was a little relieved, but more helpless and regretful.

It could be seen that Xiao Yang had matured a lot during this time, and he was no longer as frizzy as before.

"You are the younger brother..." Luo Ying stared at Xiao Yang, her body trembled along with her words as her eyes were slightly red. If there is no accident, Xiao Yang would be the only relative she had left in this world.

Gu Changge smiled and said, "Gu always keep his word, if this agreement is successfully completed, so what if I let them go?"

However, he didn't give them a chance to talk about the past, he waved his hand, and the subordinates beside Luo Ying and Second Mountain Master quickly took them back.

Everyone in the temple watched this scene, and they didn't dare to speak out to stop it.

On the contrary, Xiao Yang's eyes were even redder, and his hatred was hard to hide. There were light blue runes surging on his body, and his aura seemed to be evolving toward an unknown state.

"Gu Changge, hurry up and let my Master and Sister go." He almost gritted his teeth, his whole body looked like a raging beast.

"Xiao Yang, shut up." The Great Mountain Lord frowned when he saw this, and couldn't help but shout.

The rest of the people from the Eight Desolations and Ten Regions also frowned, somewhat dissatisfied with Xiao Yang.

If it weren't for the concern about the existence of the Great Mountain Lord, many people would have wanted to make Xiao Yang shut up. Everyone present was the true ruler of the Eight Desolations and Ten Regions, and they hadn't spoken yet. How could it be his turn to run out and clamor as a junior?

"Junior Brother Xiao Yang, don't worry about it, since Gu Changge has said that if the agreement goes well, he will let Second Mountain Master and your sister go, then he will definitely not go back on his word. If you are like this, it will only make this matter more troublesome."

At this time, Gu Wudi beside Xiao Yang sighed, pulled Xiao Yang aside as he explained in a low voice.

Although Xiao Yang also knew this truth, he was still not reconciled in his heart, especially after seeing his Master and sister with his own eyes, he wished to save them now.

Gu Changge didn't care about Xiao Yang who was jumping around. In his eyes, Xiao Yang was no different from a dead person, and it would not be a problem to let him yell like this for a while.

"Young Master Changge, what exactly is the peace agreement you mentioned this time?"

In the eyes of many people, Xiao Yang's incident was just an episode that was not worth mentioning, and what they cared about was the survival of the Eight Desolations and Ten Regions this time.

At that moment, the Domain Lord of Crimson Domain stood up. He was dressed in a fiery red robe, and even his hair was red, like a Vulcan. The whole person had a kind of unrivaled aura like a brilliant fire.

His words were also the focus of everyone's attention, and they all looked over immediately.

Gu Changge sat on the top seat, drinking wine in a leisurely manner. Hearing this, he put down his wine glass and said with a smile, "Of course, as the literal meaning says, peace between the two realms will be restored, and killings will be reduced."

"Are you serious about this?"

Hearing this, many people were moved in their hearts. Although they felt incredible, they still couldn't hide their hope. If peace could really be restored, then they naturally wished for it.

"This statement is naturally true. We can make an oath to prove it. Of course, the premise is how this agreement will be determined." Gu Changge smiled lightly.

"Heaven's oath?"

"Okay, please speak more in detail, Young Master Changge."

Everyone present was no stranger to the oath of heaven, which could be said to be one of the most severe oaths for cultivators.

No one would dare to violate the oath of heaven unless they did not want to break through their cultivation in the second half of their life, or were backlashed by demons and became obsessed.

So for Gu Changge's words, they believed him a little and felt that this Hongmen Banquet did not seem to be as hopeless as they thought.

“It seems that you are all smart people, and it is easy to talk to smart people.” Gu Changge nodded slightly with a slight smile on his face, and then said unhurriedly, “Actually, this peace agreement is also very simple. From today onwards, the Eight Desolations and Ten Regions will be attached to my Upper Realm and the Lower Realm, except for being ruled by the Upper Realm. In addition, a certain amount of resources and other items need to be provided every year...”

But before he finished speaking, the complexions of the people in the temple had already changed. Many of them stood up all of a sudden, their expressions changed suddenly, and their faces were sullen.

“Gu Changge, you are deceiving people too much! What is the difference between doing this and surrendering to the Upper Realm and becoming a slave of the Upper Realm?”

“You keep talking about a peace agreement, and this is what you call a peace agreement. This is clearly a slave contract! Please forgive me for being hard to follow.”

Several Domain Lords stood up together, their faces were ugly, and they immediately expressed their anger. At first, they had some expectations, but when they heard Gu Changge’s words, they understood.

What kind of peace agreement was this? It was clearly a slave contract, but with a nice name.

“Being driven by the Upper Realm, what’s the difference between this and persuading us to surrender?”

The faces of the leaders of the other major clans were also extremely gloomy, and they felt that Gu Changge was deceiving too much. Fortunately, at first, they felt that Gu Changge was being merciful and wanted to let go of the Eight Desolations and Ten Regions.

Now it seemed that he just tricked everyone into coming here to catch them all. At this moment, everyone from the Eight Desolations and Ten Regions looked at the Great Mountain Lord who had never spoken and wanted to listen to his opinion.

“I gave you a choice. Don’t say that I didn’t give you a chance.” Gu Changge still had a faint smile on his face, and added, “It seems that you don’t intend to appreciate it now.”

As soon as these words came out, everyone here felt a chill down their backs and felt Gu Changge’s undisguised murderous intent.

Could it be that everyone would tragically die here today?

“Is there no room for relaxation?” The Great Mountain Lord frowned, and couldn’t help asking at this moment.

In his eyes, this peace agreement was actually not important, the important thing was to rescue Luo Feng. What happened to the Eight Desolations and Ten Regions at that time had nothing to do with him.

But Gu Changge didn’t let Luo Feng show up today, which made him feel that things were a bit tricky, and it took time to find out where Luo Feng was. So the best way is to procrastinate.

“What relaxation do you want? At this time, do the Eight Desolations and Ten Regions have a choice? Either live or die.”

The smile on Gu Changge's face subsided and became a little indifferent. As he stood up, he waved his sleeves and the words fell.

Outside the Heavenly Lu Temple, there was suddenly a vast and terrifying fluctuation, like a vast ocean revving as it slapped and crushed towards this place. And there was more than one kind of aura.

Buzz!!

In an instant, the entire universe was locked, and the territory of a million miles was completely sealed, and it was impossible for any creature to escape.

Such a scene changed the complexion of everyone in the Heavenly Lu Temple drastically. They had a feeling that Gu Changge was just trying to test them, and now he had finally revealed his true purpose.
