Chapter 521-1: A sacrifice of a daughter for glory, The most taboo is to hit a stone with an egg (1)

Boom!!

A vast ocean of fluctuations swept outside of the hall as if a piece of blue sky was about to descend, smashing everyone down. A series of vague and terrifying figures walked out of Heavenly Lu Temple, their faces were indifferent, like powerful sculptures that had never changed since ancient times.

They stared at the hall indifferently, the aura on their bodies was like a deep abyss, like a prison, and they felt as if they would kill them if they disagreed with each other.

“Gu Changge, what do you mean?”

The faces of the people in the Heavenly Lu Temple changed drastically, and many Domain Lords and Desolation Masters immediately unleashed their divine weapons.

Huge fluctuations emerged, and there was a bright and dazzling brilliance manifesting. The leaders of other ethnic clans also unleashed their own weapons, runes, etc., with dignified faces and extremely vigilant.

If Gu Changge insisted on keeping everyone behind. They had no choice but to fight desperately, and they would not choose to be caught without a fight. Seeing this scene, Gu Changge didn't care, and said with a faint smile, “I gave you a chance, but you didn't cherish it. In that case, don't blame me.”

“You call this a chance? If you want me to surrender, just say it, what about a peace agreement?”

Many Domain Lords looked ugly, even a little out of breath, feeling insulted. The masters of the Great Yunze Domain, the Crimson Domain Lord, and others also had extremely gloomy expressions on their faces.

Gu Changge didn't have the slightest sincerity at all, he just used this as bait to catch all of them in one go. In their view, this peace agreement was completely a gimmick.

“Could it be that you are still fanciful, thinking that I will order the withdrawal of troops at this time? Do you think there are such good things in this universe?”

Gu Changge shook his head lightly, mocking slightly on his face.

In his opinion, the thoughts of these people were no different from dreams. The Upper Realm had spent so much effort to break through Heavenly Lu City and attack the Eight Desolations and Ten Regions.

In the end, they still thought that this peace agreement would allow them to withdraw their troops from the Upper Realm without paying anything. This was also thinking too well of him or other forces of the Upper Realm.

“You're right, the Upper Realm has worked so hard to break through the Eight Desolations and Ten Regions, how can it just withdraw its troops without doing anything.”

The Great Mountain Lord seemed to ponder for a while at this moment as he sighed, and nodded in agreement.

“If the Eight Desolations and Ten Regions were governed by the Upper Realm and the Lower Realm, it would be able to stop some disasters and reduce many unnecessary casualties.”

What he said seemed to be explaining to himself, and he seemed to be saying it to the leaders of many great regions from the Eight Desolations and Ten Regions.

In fact, it was only the majority of people who were very angry and unwilling just now. There were still a small number of people who had been willing to surrender from the very beginning.

However, because none of the major Domain Lords and the remaining leaders of the three War God Clans expressed their attitudes, they chose to remain silent. Now the words of the Great Mountain Lord were tantamount to making them feel that this peace agreement was not unacceptable.

After all, there were only two paths before the entire Eight Desolations and Ten Regions, either surrender or destruction. How many people in this world had the attitude of preferring death to submission?

Obviously, there were too few such people. Many big clan leaders expressed their anger just now, and they just used this to see if there was room for relaxation. This was a means of retreat.

“My lord, what do you mean by that...”

The Domain Lord of Great Yunze Domain was a little shocked. Unexpectedly, the attitude of the Great Mountain Lord seemed to be thinking about the possibility of this so-called peace agreement.

“At this point, we don’t have many options.” The Great Mountain Lord seemed to know what they were thinking, he was very helpless and sighed.

“Looks like you’re a smart guy.” Gu Changge smiled, squinted his eyes, and looked at the Great Mountain Lord with interest.

He felt that there seemed to be something in the Great Mountain Lord’s words, which was somewhat different from what he expected. But that was okay, it was in line with his plan.

“We will consider the peace agreement Mr. Gu mentioned, but can you give us a little time?”

The Great Mountain Lord spoke, looking very calm as if he wanted to seriously consider this matter.

“It’s okay to give you time, but my patience has never been good.” Gu Changge nodded slightly.

He really wanted to know why the Great Mountain Lord was planning to delay for time. Could it be that he wanted to rescue Second Mountain Master and the others?

Or was it about rescuing Luo Feng?

But no matter what the possibility was, Gu Changge would not keep him alive.

“Three days, Mr. Gu only needs to give us three days. After three days in this palace, we will give you an answer. What do you think?” The Great Mountain Lord said, very calmly.

The rest of the Desolation Masters and Domain Lords were shaken in their hearts, and opened their mouths, wanting to say something, but they still closed them. They didn't expect the Great Mountain Lord to say that in the end.

But now it seemed that they had no choice. These three days would allow them to think about whether to accept it or not.

"Three days?"

Gu Changge slightly raised his eyebrows, and then said lightly, "Okay, but you are not allowed to leave Heavenly Lu City for these three days. If anyone is found to have the intention of leaving, then don't blame Gu's men for being ruthless."

"No problem, within these three days, we will definitely not wander around." The Great Mountain Lord nodded without hesitation.

He was now the backbone of everyone in the Eight Desolations and Ten Regions. With him as the leader, everyone would naturally listen to his opinions. Many Domain Lords and Desolation Masters looked at each other, and they had no other choice at this time.

With that, tranquility was restored in the hall, and the tense atmosphere just now seemed to be an illusion. Everyone sat down again, but their moods were different, and many delicacies were hard to swallow.

During the banquet, the dancers were graceful and charming, just like immortals from the nine heavens falling into the mortal world, and it was too beautiful to behold. Gu Changge, who was in the top place, didn't seem to care about this little episode and smiled.

He was talking to Heavenly Maiden Tianlu next to her from time to time, looking carefree in the eyes of everyone. Many leaders of the big clan had been paying attention to Gu Changge's expression, their hearts moved slightly, and then they whispered orders to the clansmen around them.

Whether this method would work or not, they would not know until they tried it.

"Junior Brother Xiao Yang, don't be impulsive anymore, you must know that your current behavior is related to the survival of hundreds of millions of creatures in the entire Eight Desolations and Ten Regions."

"If you offend Gu Changge because of your actions, then he will order everyone to be killed here, and you will become a sinner for the entire Eight Desolations and Ten Regions."

During the banquet, Gu Wudi persuaded Xiao Yang, who had a gloomy face and was drinking on his own with depression, with a good-hearted look.

When the rest of the leaders of the big clan heard this, they also moved their eyes slightly, and looked at Xiao Yang with a slight frown, thinking that he might do something bad. But now the Great Mountain Lord was still there and they couldn't blame Xiao Yang for anything.

"I know, I don't need you to teach me this kind of thing."

Xiao Yang was a little dissatisfied with Gu Wudi. He frowned when he heard this, and his tone was very rude.

Although during this period of time, the two shared hardships, which made his attitude towards Gu Wudi slightly better, it was not to the extent that Gu Wudi could teach him a lesson. Hearing this, a haze flashed in the depths of Gu Wudi's eyes.

However, there was still a look of sighing and thinking about Xiao Yang on his face, and he shook his head. He sneaked a glance at Gu Changge who was sitting on the first seat, seeing that Gu Changge looked like he didn't notice this place, the haze in his heart deepened.

He has endured Xiao Yang for a long time, if it wasn't because he was worried about Gu Changge's order, he would have taken care of Xiao Yang long ago. But Gu Changge didn't order him to do anything, and he didn't dare to act rashly.

Yet Gu Wudi knew that Xiao Yang might not survive this trip to Heavenly Lu City for long.

Not long after that, the banquet also dispersed. Everyone from the Eight Desolations and Ten Regions was safe and sound, and they breathed a sigh of relief. They were all taken down by the servants of the Gu family, and they had a place to rest.

Gu Changge gave them three days, so there were still three days for relaxation.

Three days later, they would explain to Gu Changge here, and the fate of the Eight Desolations and Ten Regions would be decided at that time.

Chapter 522: The fish is already in the net, There should be no accident

"Gu Changge, you will die badly, you will suffer retribution sooner or later..."

Within the Heavenly Lu Temple, Qingyue was covered in blood, her hair was disheveled, and she looked like a ghost. She was no longer as cold and calm as before. Her eyes were filled with blood, and after her plan was exposed, she yelled at Gu Changge like a shrew.

Anyway, even if she died, she didn't have anything to care about. It was just that she couldn't avenge Zhao Yunze, that was the thing she regretted the most.

"Whether I will die or not, I don't know. But I know that the hundreds of millions of creatures in the Great Yunze Domain behind you will bear the bitter fruit that they shouldn't have to bear because of you..."

Gu Changge shook his head lightly with an indifferent expression on his face.

"This incident was done by me alone. What do they have to do to me? What's the point of blaming others?"

When Qingyue heard this, she couldn't help cursing angrily, wishing to vent all the anger accumulated during this period.

"You represent Great Yunze Domain now, is it useful for you to tell me this?" Gu Changge said lightly.

He was actually not surprised by Qingyue's assassination. With that a powerhouse from the Gu family arrived and took her down.

When this kind of thing happened, it would not only affect the Great Yunze Domain but even the other major domains would be affected to some extent.

After all, it was on the territory of Heavenly Lu City, and the Domain Lord of Great Yunze Domain harbored evil intentions and offered Qingyue, but Qingyue tried to assassinate him.

Of course, Gu Changge felt that Domain Lord Yunze might not know about this matter. Qingyue obviously intended to avenge Zhao Yunze. But this did not prevent him from setting an example for others.

In fact, Gu Changge didn't pay attention to such a small episode but was guessing when the Great Mountain Lord planned to make a move. In his eyes, a big fish like the Great Mountain Lord was more important.

He had already laid a net in the dark and was waiting for the Great Mountain Lord to take the initiative.

"How did Mr. Gu see that Qingyue was trying to assassinate him?" Heavenly Maiden Tianlu couldn't help asking in doubt. Previously, she didn't see anything unusual.

If it hadn't been for Gu Changge's sudden attack to knock out the weapon that Qingyue hid in her sleeve, she might not have believed that Qingyue had the guts to assassinate Gu Changge.

"No, I didn't see it." Gu Changge glanced at her, shook his head in denial.

"Didn't see it?" Heavenly Maiden Tianlu was even more puzzled, and added, "Then why did Mr. Gu make a sudden move? What if you made a mistake?"

“If you make a mistake, you make a mistake. Could it be that she dares to say more?” Gu Changge smiled lightly as if he didn’t care.

Heavenly Maiden Tianlu’s expression froze slightly, and she couldn’t find any words to refute it. Soon, the news that Qingyue failed to assassinate Gu Changge spread, causing huge waves.

The leaders of all ethnic clans from the Eight Desolations and Ten Regions were all shocked and stunned when they heard the news.

“Damn it, this is killing us all...”

“It’s hard to get a chance to relax for three days.”

Many people’s faces changed drastically, and they couldn’t help cursing secretly, thinking that they would be implicated by Qingyue.

At this critical moment, Qingyue suddenly tried to assassinate Gu Changge, no matter what purpose she had, wasn’t she clearly looking for death? Moreover, they were also worried that this matter would cause Gu Changge to change his mind.

After all, all of them were now in Heavenly Lu City, sealed within a million miles around, and no one could escape. What would they do if Gu Changge suddenly ordered someone to kill them? How would they escape?

“I did mention how Domain Lord Yunze had let go of his hatred so easily. It turned out that he had arranged such a move. What a bold man!”

The eyes of some big clan leaders flickered, and they were still guessing why Great Yunze Domain did this, thinking that he had let go of his revenge for killing his son. But they never thought that he would even arrange for someone to assassinate Gu Changge.

“It’s just a pity. Not only is Gu Changge alive but he also arrested Qingyue. It seems the Great Yunze Domain is going to have a hard time...”

Many people took pleasure in other people’s misfortune and were glad that they didn’t have these small thoughts.

“How can that be!”

As the person involved, when Domain Lord Yunze heard the news, he was stupefied and froze in place. He never thought that Qingyue would try to assassinate Gu Changge without telling him. Before that, she had never mentioned such a thing.

Domain Lord Yunze always thought that Qingyue was trying to protect the Great Yunze Domain, so she did not hesitate to feed the tiger with her body, begging for protection, and wanted to curry favor with Gu Changge. But he never thought that she would choose to assassinate Gu Changge.

“It’s not good, Qingyue only made the matter worse...” Domain Lord Yunze’s face turned pale all of a sudden and his lips were trembling.

Thinking of the terrible consequences caused by this incident, he felt dizzy before his eyes, and his whole body was about to collapse to the ground.

Damn Qingyue!

Assassinating Gu Changge in Heavenly Lu City? This was tantamount to pushing the entire Great Yunze Domain into the abyss! And at a time when everyone from the Eight Desolations and Ten Regions were feeling uneasy and terrified because of Qingyue's assassination of Gu Changge.

On the other side, in a magnificent palace. Xiao Yang, Gu Wudi, and the clansmen of the three great War Gods, etc., were standing in front of the Great Mountain Lord quite obediently, discussing matters.

"Today, I delayed Gu Changge for three days in the main hall. During these three days, you must find a way to find the place where Second Mountain Master and the others are imprisoned. This will be our last chance."

The Great Mountain Lord spoke slowly, his tone was calm and indifferent, revealing the feeling that everything was under his control.

"Don't worry Mountain Lord, I will definitely find the place where Second Mountain Master and my sister are detained." Xiao Yang understood the importance of this matter, his face became serious, and he couldn't help but promise.

"For this, the spy I planted in Heavenly Lu City can play a role." Gu Wudi's eyes flashed sharply when he heard the words, and he clenched his fists and uttered as if he was very sure.

"The spy you planted in Heavenly Lu City?" The Great Mountain Lord couldn't help looking at him when he heard this, and asked in wonder, "How sure are you of your spy?"

Xiao Yang was also a little surprised at the moment. He didn't expect that Gu Wudi still had such a means, and it might have an unexpected effect at this time.

"To tell you the truth, when I left Heavenly Lu City with Xiao Yang and went to look for you, I was worried that Heavenly Lu City would be breached. I made preparations in advance and controlled many people. Although they betrayed Heavenly Lu City, they were working for me. If they act, they may be able to find the place where Second Mountain Master and the others are being held." Gu Wudi swore with confidence on his face.

"Really? I hope your spy can surprise this old man." The Great Mountain Lord nodded, somewhat satisfied, but he still didn't put all his hopes on Gu Wudi.

Gu Changge was so cunning, how could it be so easy to find the place where everyone was detained?

On the other side, in the dungeon where Luo Feng and others were imprisoned, the figures of Gu Changge, Gu Zu, Nishang, and others appeared.

"According to the Young Master's order, a net has been set up around here, and all kinds of forbidden formations have been engraved. As long as the Great Mountain Lord breaks in, there is absolutely no possibility for him to escape." Gu Zu said respectfully.

“Thanks for your hard work.” Gu Changge nodded, his eyes slowly swept across the walls of the dungeon, especially in those areas that shone with faint brilliance, he was even more satisfied.

Although the current Heavenly Lu City had been guarded layer by layer, even the territory of a million miles had been banned. But he was still worried, after all, the Great Mountain Lord was a person whose peak strength surpassed that of the Immortal Realm, and was comparable to Feng Zu.

Even if because of the current laws of Heaven and Earth it was difficult to exert the strength of the most prosperous period, if he wanted to escape, who could stop him?

Gu Changge didn't believe that the Great Mountain Lord would care about the Eight Desolations and the so-called hundreds of millions of creatures. A person like him only cared about the Epoch Tree controlled by Luo Feng, and what he cared about was the possibility of restoring himself to his peak.

Therefore, Gu Changge concluded that the Great Mountain Lord would find a way to find where Luo Feng was being held and come to rescue Luo Feng in order to take him away.

These three days were nothing but delaying the time for the Great Mountain Lord. He also happened to be waiting for him to follow his plan and wait for the Great Mountain Lord to enter the trap.

“The net has been laid, we just have to wait for the big fish to enter the net.” Gu Changge looked at Luo Feng who was unconscious, with a slightly strange look in his eyes.

Just in case, during this period of time, he had already devoured Luo Feng's soul, and what remained now was only a faint aura of life. So even if the Great Mountain Lord managed to escape by chance, he would eventually find out that the Epoch Tree had already been acquired by him, and his success would fall short.

And soon, two days passed, and everyone in the Eight Desolations and Ten Regions felt uneasy everyday because of Qingyue's attempt to assassinate Gu Changge, worried that they would be implicated.

But to their surprise, Gu Changge didn't seem to be angry, nor did he blame them for it.

On the contrary, it was Domain Lord Yunze who led his clansmen to plead guilty the next day, found Gu Changge in person before he explained that the assassination of Qingyue had nothing to do with them, and was willing to serve the Ancient Immortal Gu Family from then on.

Gu Changge had expected that Domain Lord Yunze would do this. As the largest domain in the Eight Desolations and Ten Regions, the Great Yunze Domain was so vast and rich in resources.

Gu Changge had no reason to take it down without spending a single soldier. This incident caused quite a stir, and none of the major ethnic clans expected that the Domain Lord Yunze would be so decisive.

This approach also made many ethnic clans ready to move. These three days were for discussions, but they were actually giving themselves time to calm down. It was time to calm down and make a choice.

“Mountain Lord, I mobilized those spies in the past few days and finally found a suspicious place. I suspect Second Mountain Master and others are being held there.”

At this moment, in the group of palaces where all the clans were resting, Gu Wudi stood respectfully in front of the Great Mountain Lord and reported. Behind him stood Xiao Yang and the other three powerhouses of the War God Clans.

However, their expressions now were the same as Gu Wudi's, with some excitement, obviously, they had discovered some clues.

"Oh, where is the suspicious place?" The Great Mountain Lord asked with a flat face. He hadn't found any clues in the past two days, and to be honest, it made him feel a little anxious.

However, he was cautious by nature, and he would only act if he was very sure. Before he was certain, he would not act lightly.

"We found that in the southwest corner of Heavenly Lu City, there are subtle formation fluctuations, but compared to the guards in other places, the guards there are extremely weak."

"At first we didn't pay attention to that place, thinking that it shouldn't be important, so there weren't many people guarding it. But then Junior Brother Xiao Yang discovered that something was wrong. The weakness there seemed to be deliberately revealed to us by the Upper Realm because they wanted us to ignore that place..."

"In fact, the guards there are many times stronger than in other places."

With a solemn expression, Gu Wudi gradually explained. It was mentioned that when Xiao Yang found out that something was wrong, there was a strange look in his eyes, but it was also fleeting and he quickly calmed down.

"Oh, there is still such a place. Your minds are meticulous. It seems that there should be no mistake."

Hearing this, the Great Mountain Lord's heart moved slightly, and then a rare smile appeared on his face.

Chapter 523-1: To the point of being sick and desperate, Do you want to go out alive? (1)

In the Imperial Palace, Vermilion Bird King, Bai Yang, Chu Hao, and others received the news. At this point, they were also stunned, never expecting things to develop in this direction.

"I underestimated the fear of these sects and families for Gu Changge... They would rather leave their hometowns and go far away from other domains than fight Gu Changge with us..."

The Vermilion Bird King's face turned white as he instantly fell down from his seat, lost in thought.

"It's over. It's over..."

He muttered one after another, his expression ashen in despair.

"How is this possible...? Everyone fled overnight..."

Chu Hao's face was also pale as if the whole person was struck by lightning, and it was difficult to believe all this. They already felt hope.

But for some reason, all the families and sects escaped. This was not what he had expected at all!

"My Royal family treats them well, in the face of such a crisis, they didn't even think of fighting together with us against the foreign enemy! How dare they run away in the face of danger!"

Chu Hao was so angry that his body trembled and in the end, he was left in despair.

Could it be that he could only watch the destruction of the Vermilion Bird Ancient Kingdom? And there is nothing I could do?

"Your Majesty, this is a letter sent by the Grand Master..."

At this time, a guard outside the hall, with a slightly pale face, hurriedly presented a letter.

"Grand Master? Does his old man still think of me?"

At the sound of this, the Vermilion Bird King stood up from his spot with a jolt and took the letter as hope appeared in his gaze, thinking that the Grand Master was still supporting him.

But soon, when he finished reading the letter, his whole face lost blood, as if he was struck by lightning with his soul lost.

If it wasn't for Chu Hao who supported him on time, the Vermilion Bird King would have fallen to the ground.

"What happened, Father?" Chu Hao couldn't help but ask.

"Even the King's Master has left me..."

The Vermilion Bird King was filled with sorrow.

Grand Master was like a teacher and a father-like existence, but who would have thought that at this time, he also chose to put the Vermilion Bird Ancient Kingdom aside, and left with the Wang family people.

This letter contained the apology of the Grand Master to him.

"Is this all because of me?"

Chu Hao also quickly read through the contents of the envelope, and his face suddenly turned ugly.

Originally, he still had quite a bit of respect for the Grand Master who had taught him since he was young, but at this moment, he was as angry as he could be.

"Nonsense! It was clearly Gu Changge who bullied people too much and forced us, so why blame it on me?"

"My Vermilion Bird Ancient Kingdom has treated him well, but at such a critical time, he just left and didn't care. Why are you grieving for such a heartless and unrighteous person, Father?"

Chu Hao's face was almost ugly and gloomy to the extreme and was about to drip out water.

Bai Yang on the side, who saw this was also silent and felt that this matter seems to have become a deadlock, almost powerless to change.

As Tang Wan said before, in front of Gu Changge, Chu Hao was weak and no different from a mole!

"Hao'er, you have to quickly think of a way for father, the Vermilion Bird Ancient Kingdom can not be destroyed in my hands! Otherwise, I will have no dignity to face my ancestors. This father will also have to bear a thousand ancient curses, by the future generations of people..."

"Hao'er, you must have a way! Father knows that you must have a way!"

The Vermilion Bird King's face was ashen and desperate, and he couldn't help but cling to Chu Hao's hand and plead.

"Father, I..."

Chu Hao heard the words also desperate, he put a pleading gaze to Bai Yang, but all he got was a sigh from Bai Yang.

At this time, even if the Supreme Dao Cave dared to intervene, it would be too late. And Gu Changge might not care about the Supreme Dao Cave either.

"Wan'er, that's right!"

"Wan'er she can definitely help me, she met Gu Changge privately several times... If I have her help and she says something good in front of Gu Changge, Gu Changge might agree to let the Vermilion Bird Ancient Kingdom leave."

Suddenly, Chu Hao suddenly remembered Tang Wan, like finding the final straw to save his life, and his eyes showed hope.

Faced with this kind of anxiety, Bai Yang also sighed deeply.

Before the current incident, Chu Hao was not such a person. He was mature and stable, confident and calm, everything was under control, and there was almost nothing he couldn't do.

But now, he was like a headless fly.

He had forgotten how he had talked with Tang Wan before, and how he was furious because Tang Wan had gone to see Gu Changge privately.

This kind of taste made Bai Yang's heart sigh and he felt that a good raw seedling had been driven crazy by Gu Changge!

...

The lofty and majestic ancient warship that was standing above the vault of the sky was simply like a sinking continent, covering everything as the clouds rolled, looking incomparably intimidating!

In the depths of the ancient warship, palaces and buildings were lined up, magnificent and ancient, with the style of the immortal ancient era, looking incomparably magnificent.

And at this moment under these buildings, in a very hidden dungeon.

The atmosphere was damp, permeated with decay and blood, making people's bones turn cold.

On both sides of the tunnel lit with animal oil lamps, the light was incomparably dim. But one could also see that the dungeon was divided into two sides.

On the left side of the dungeon, a group of frightened and disturbed cultivators, about a hundred, men and women of all races, with different auras, and powerful cultivation who had reached the Sacred Realm.

There were chains tying their hands and feet, runes flashing, as heavy as a million pounds, making it very difficult for them to move.

And in the right one, eight people, three women and five men, wearing clothes that were significantly different from those of current clans.

And among them, most of them looked even more fearful, cowering in the corner, although there were no chains on them, but they also did not dare to move.

Looking at everything outside, they all revealed panic, fear, despair.

At this moment, there were two people who were communicating with each other's language.

"Ah Chen, do you think we crossed over? Damn archaeology, we were somehow hit by the white light which brought us to this mysterious, light and strange world. The ancient boat that suddenly appeared at that time, suddenly disappeared again..."

"But these should be carved among the ancient legends recorded in those relics right? Not only can it fly in the sky and disappear, move mountains and proceed with reclamation, even those monstrous beasts here are of the size of the mountain range."

"The woman who took us away at that time is simply beautiful and fairy-like. Even though she looks like a little school girl, although she is also beautiful like an immortal, but compared with that fairy, ahh. It's a pity..."

"If we can go back alive and make what happened here public, we will definitely cause a huge sensation and become a celebrity."

The man who spoke had a simple face and a stout figure.

But the unintentional flicker of shrewdness in his eyes as he spoke showed that he was not as simple as he looked on the outside.

"I don't know, by all rights we should be considered to have crossed over, otherwise we can't explain this matter at all."

"Before that, we should know something about this world, or we might not even be able to save our lives, these cultivators don't look like good people."

"In their eyes, everything speaks only by virtue of their fists."

The man named Ah Chen sniffed and added.

His features looked very handsome, with a medium build.

And he was not very frightened like the rest of them, instead, he was calmer and kept surveying the environment outside the dungeon.

His original name was Jiang Chen, from a geological university archaeology graduate student. He had quite a lot of understanding of a variety of ancient carved remains.

This time, his few good friends followed him to recently discovered relics, to conduct research exploration, and for the graduation thesis preparation along the way.

But unexpectedly in this ruin, they encountered a series of strange events, and many people were killed on the way.

Some people felt that something was wrong and rushed to exit.

They, on the other hand, did not believe in evil and went all the way in.

Finally, in the depths, they encountered a very strange, altar-like thing, surrounded by all kinds of strange stones that shone with light, which immediately attracted everyone's attention at that time.

At that time, next to that altar, there were also many huge beast bones, incomparably scary.

Some people who were timid almost pissed themselves in fear at that time, and their legs went weak because those corpses and bones were not recorded in any ancient books at all.

It was like they had opened the gates of hell and seen another scene of this world!

At that time, they didn't know what happened, and who touched something, there was suddenly a gorgeous light on that altar, and it hit everyone immediately after that.

Many people instantly passed out.

Chapter 523-2: To the point of being sick and desperate, Do you want to go out alive? (2)

When they woke up again, they had already appeared in the middle of this world along with the light and felt the danger of this world with all kinds of horrors.

When they arrived in this world, there were still a dozen of them, and now there were only eight of them left.

And among the eight of them, they didn't know how long they could still live.

"Yes, it's better to save our lives first, and I don't know where that woman is after imprisoning us."

The stout man sighed, his name was Niu Tian, he and Jiang Chen were very close, and usually did everything almost together.

The two of them were even close to wearing the same pants.

"Um."

Jiang Chen nodded, but his eyes couldn't help but look at a woman on the other side of the dungeon, who was hugging her knees, with black hair like waterfall, flawless facial features, a white and delicate complexion, and an indescribably beautiful woman.

Xiao Ruoyin.

It was also the little schoolgirl that Niu Tian was talking about.

The two of them were in the same school and in the same class.

Even in the eyes of many people, she was a talented woman with good looks. Jiang Chen was knowledgeable and hardworking, while Xiao Ruoyin was talented and good-looking.

It was just that the relationship between the two of them was just a little better than ordinary friends.

This made Jiang Chen feel very helpless, knowing many reasons, he was preventing all this.

And this time, the reason why he came here actually had a lot to do with Xiao Ruoyin.

Because she took the initiative to invite him.

Including many of Niu Tian's classmates, they were actually invited by her.

If it wasn't because of Xiao Ruoyin when he felt something was wrong, and he had already fled, how could he have been reduced to this point?

However, Xiao Ruoyin didn't seem to notice Jiang Chen's gaze, she was still staring at the void outside the dungeon, her eyes were calm, and she seemed to be in a daze, but she seemed to be thinking about something.

She didn't have the panic and anxiety of others, on the contrary, she was very calm, as if she had already accepted all this.

"By the way, Ah Chen, have you noticed how the ancient flying boat appeared at that time? I saw a flash of white light, and many people fell into a coma..."

"And an ancient flying boat suddenly appeared and carried us all the way here."

At this time, Niu Tian suddenly couldn't help asking, his eyes filled with doubts.

Although many people who were hit by the white light at that time passed out in a coma.

But he didn't, so he saw an ancient flying boat suddenly appear at that time. It looked very simple and outdated. Even the ancient flag on the flying boat was tattered, carrying everyone across the vast universe.

Then he couldn't hold it any longer and suddenly fell asleep.

Niu Tian didn't know how long it took on the way. After waking up, he had already appeared in this world.

And the ancient flying boat that was carrying them all had disappeared.

Hearing this, Jiang Chen's expression changed slightly, but he recovered quickly as he shook his head and said, "I don't know where that flying boat went, after I saw you falling asleep, I couldn't help it. I don't really know what happened next."

Among the people who were hit by the white light at that time, in addition to Niu Tian, ??there were actually many people who were sober, including Jiang Chen.

He actually knew what Niu Tian said, but there were some things that Jiang Chen didn't know how to say, so he simply didn't say more.

The ancient flying boat that carried all of them here at that time actually rushed out of his body.

The white light suddenly hit him, and then a mysterious and unspeakable change appeared in his body, and then the ancient flying boat appeared, directly carrying everyone away.

Except for Jiang Chen, no one else knew about this matter.

Until now, Jiang Chen still couldn't understand why such a thing appeared from his body.

At this time, it seemed that she heard the conversation between the two of them, and Xiao Ruoyin on the other side also turned her head and looked at Jiang Chen, "Is there any way you can get us out of here?"

Hearing the question of the goddess, Jiang Chen also looked over and said with a smile, "There is a way, but I feel that it will take a while, and I have to learn their language first."

Hearing this, Xiao Ruoyin's eyes moved slightly, as if thinking of something, but she still shook her head and said, "I'm worried that we won't have time."

Jiang Chen also fell silent. Facing this mysterious and powerful group of cultivators, they didn't even have a chance to resist.

Not to mention that there was a more powerful existence hidden in this group of cultivators, Jiang Chen even felt that such existence, on his original planet, could destroy the world alone.

How could they resist such an existence?

At this time, the only thing he could do was pray and hope that the mysterious ancient flying boat would resurface and carry them all away from here.

"Actually this world... has appeared in my dreams."

At this time, Xiao Ruoyin seemed to be thinking about something, and suddenly spoke again.

But what they said shocked Jiang Chen and Niu Tian all of a sudden.

"What?"

Jiang Chen's eyes widened, and he couldn't believe his ears, Xiao Ruoyin said that this place appeared in her dream. Could it be that she already knew that she would encounter all this when she went to that ruin?

Seeing the shocked and unbelievable expression of the two of them, Xiao Ruoyin seemed to want to say something.

But a voice suddenly emerged from outside the dungeon, making her quickly shut her mouth and turn her head to look over.

When Jiang Chen and the others heard this movement, they also looked over, with vigilance, fear, and anxiety in their eyes, and their backs were full of chills.

"It's the woman in the black dress who took us away..."

Niu Tian said in a low voice, noticing the two people walking slowly outside the dungeon.

The woman in the black dress was tall and slender, with a veil on her face, only revealing a pair of eyes like autumn water, her eyebrows were like spring, giving a sense of demure, and there was a vague mist lingering, making it difficult to see her surroundings.

But they had felt her terror, especially after witnessing the tragic death of their companion at her hands.

Jiang Chen and the others naturally didn't dare to take her lightly, thinking that she would be a good person.

Femme beauty!!

This was what everyone had in mind.

But what shocked Jiang Chen and the others was that the woman in the black dress arrived with a young man today.

Judging from her demeanor, she obviously respected the man in white.

One must know that before this, the women in black dresses gave all of them the impression of being strong and noble, with majesty, like a queen.

Who was this man in white?

In their eyes, a dazzling immortal intent seemed to be glowing all over the body of this man in white, and even his hair was as crystal clear as ink.

From his deep eyes, they couldn't even see any changes in mood and emotions, like a deep pool.

This feeling seemed to them as if he looked at them like ants.

Jiang Chen, Niu Tian, ??and the others couldn't help but shudder. Obviously, they didn't feel any malice, but they couldn't help but feel a huge fear as if their life and death were stripped away.

The people who entered were Gu Changge and Hei Yanyu.

"Master, they are the mysterious group of people I captured in the Ancient Immortal Forbidden Area at that time. However, due to some things, many people died in the middle."

Hei Yanyu's voice was soft and respectful to Gu Changge.

Gu Changge nodded, and his eyes were very calm.

Then, he looked at Jiang Chen and the others in front of him, especially Jiang Chen and Xiao Ruoyin, and then asked, "Do you want to go out alive?"

Jiang Chen, Niu Tian, and the others looked puzzled, and could not understand what Gu Changge was saying.

"Master, they don't understand our language." Hei Yanyu explained, thinking that Gu Changge didn't know about it.

However, Gu Changge ignored her, and his eyes fell on Xiao Ruoyin with interest, "Interesting, you can understand what I'm talking about."

Xiao Ruoyin looked at him suspiciously, as if she could not understand what he was saying.

"I like smart people. Smart people know what to do at this time." Gu Changge said lightly.

Hearing this, Xiao Ruoyin's expression couldn't help but change slightly.

At this moment, the whole person seemed to be strangled by a pair of invisible hands, unable to breathe at all, almost suffocating.

This made her feel a terrible fear.

She also didn't know how Gu Changge knew this, and she obviously did a good job of disguising it.

"Do you want to go out alive?" Gu Changge asked again with a faint smile on his lips.

Xiao Ruoyin was silent for a while, and then replied in this world language, "Yes."

Chapter 524: The matter is settled, The undeniable thirst for the origin

The Great Mountain Lord was dressed in a white robe and had a clear face. Although he was blind, he looked like an immortal with a supernatural charm. He once built the Nine Great Mountains and refined the treasures of Luck such as the Nine Mountain Immortal Seal.

As the person with the most profound cultivation in the Eight Desolations and Ten Regions, and also the longest-surviving figure, his strength was naturally unimaginable, and could only be described as unfathomable.

In the past, the Great Mountain Lord even participated in the battle for stealing the Luck of Heaven with Feng Zu and others, trying to seize the authority of Heaven.

Although after that battle, he was severely injured and his cultivation was no longer at its peak, after so many years, even if it was impossible to stand in the Immortal Realm, he was not far from that realm.

In the vast Eight Desolations and Ten Regions, it was almost impossible to find someone who could rival the Great Mountain Lord. Even in today's Upper Realm, the Great Mountain Lord was one of the best, standing at the top of all the figures.

That was why Gu Changge was so cautious, using Luo Feng, Second Mountain Master, and others as bait. He was waiting for him to enter the net, trying to take down and kill the Great Mountain Lord.

So far, his plan had been very successful. No matter how cunning and scheming the Great Mountain Lord was, he never thought that Gu Changge was waiting for him in this situation.

The goal of this Hongmen Banquet was the Great Mountain Lord!!

In the eyes of Gu Changge, the rest of the ethnic clans of the Eight Desolations and Ten Regions were far less important than the Great Mountain Lord.

"Senior is so cautious, if I didn't bother to think about it, how could I kill you." Gu Changge said with a faint smile on his lips.

“Are you so sure that so few people can kill me?”

The terrifying aura surged from the Great Mountain Lord’s body, like an endless volcano that was about to erupt, and he couldn’t help but grimace.

Although he still didn’t know how Gu Changge calculated and made him take the initiative to come into this trap with so many details. But the matter had come to this point, if he did not escape, he might die here, and his life might even be in danger.

“Then how can Senior make sure that I can’t kill you?”

Gu Changge still smiled faintly with a calm expression on his face as he didn’t take this matter to heart.

Seeing his expression, the Great Mountain Lord couldn’t help but feel his heart sinking. Gu Changge was the first person who made him feel unpredictable, and what he said now made him even more uncertain.

“It’s a good trap, Gu Changge. I admit that I fell into your trap, but I want to know, how did you plot against me so that I didn’t notice any flaws?”

At this time, the Great Mountain Lord seemed a little unwilling and helpless and then asked with a sigh. This was also the biggest doubt in his heart.

Otherwise, with his level of caution, it was absolutely impossible to fall for it. It could only be said that Gu Changge’s methods were really clever. Even if he racked his brains, he still couldn’t figure out which step went wrong.

“Could it be that there are your pawns among these people?”

Suddenly, an inspiration flashed in his mind, sweeping across Xiao Yang, Gu Wudi, and others, with a somewhat cold tone.

Now it seemed that there was no other possibility apart from this. Hearing this, Xiao Yang and the others also received a sudden shock in their hearts. They all looked at the people around them with suspicion and scrutiny.

It would be fine if the Great Mountain Lord didn’t say anything, but now that he did, they couldn’t help but start to wonder if there was a traitor around him.

“As expected of the Great Mountain Lord, you can see it so quickly. This junior admires you.”

Gu Changge’s expression didn’t change when he heard the words, he was still smiling lightly, not surprised.

And at the moment when his words fell.

Puff!!

The blood splattered, extremely dazzling, accompanied by a muffled groan.

Xiao Yang’s eyes widened, his face went pale and he looked at Gu Wudi beside him in disbelief, clutching his heart tightly. He didn’t expect that at this time, Gu Wudi would actually attack him.

The rest of the people watched this scene in astonishment. Their whole bodies were chilled, and they froze in place. They never thought that Gu Wudi, who was the heir of the Nine Great Mountains, would suddenly attack him and just end Xiao Yang's life.

"You! Gu Wudi, you..."

Xiao Yang's complexion became pale due to blood loss. There was endless anger and hatred in his eyes, but the terrible pain made him unable to speak and his voice trembled.

Xiao Yang never expected that Gu Wudi, who had been with him during this period of time, turned out to be a dark pawn placed by Gu Changge. It was he who had suddenly attacked him today.

The feeling of being betrayed caused endless anger and hatred in his heart. In his heart, he was about to forgive Gu Wudi for his disrespect toward the Elder Sister.

"I've endured you for a long time. If I wasn't worried about disrupting the Young Master's plan, I would have killed you long ago."

At this moment, Gu Wudi had an indifferent expression on his face, and his words were even more merciless, filled with coldness and killing intent. Cooperating with the blood-stained divine weapon in his hand, it was even more trembling, and he couldn't help being frightened and terrified.

As an existence in the Supreme Realm, if Xiao Yang hadn't possessed a protective object that offset the blow just now, his life probably would have disappeared by now.

If there was anyone who was not surprised by this matter, it would be the Second Mountain Master who was imprisoned by chains. But now that the dead man was locked up, even if he knew, it was impossible to remind Xiao Yang aloud.

This made his heart full of regret, and he didn't want Xiao Yang to take the risk to rescue him at all.

"Your departure from Nine Great Mountains was also planned by Gu Changge..."

Hearing this, blood gushed out of Xiao Yang's mouth again as he gagged in a trembling voice, unbelievable.

In this way, from the moment he left Nine Great Mountains, all his actions and behaviors were actually under Gu Changge's control. It was just that he didn't know it yet.

"It's ridiculous, you idiot! Do you really think that I intended to have a good relationship with you? All of this was the order of the Young Master." There was an undisguised sneer and mockery on Gu Wudi's face.

"I made a mistake, I didn't expect it to be you..."

The Great Mountain Lord didn't expect Gu Wudi to be a dark pawn that Gu Changge had arranged long ago. His face was a little ugly, but he recovered quickly and sighed.

"If the Great Mountain Lord is sensible, don't try to resist. You will not be the Young Master's opponent."

There was no trace of guilt on Gu Wudi's face, he sneered, full of relief. After today, his task was completed, so naturally, he didn't need to make a fuss with Xiao Yang.

"It's been hard for you." Gu Changge nodded slightly, with a faint smile on his face.

"Not hard. It is my honor to work for you, even if it means going through hell." Gu Wudi said respectfully, walking behind Gu Changge, he was extremely respectful and natural.

Although Xiao Yang and others were full of hatred and anger toward him, no one dared to do anything at this moment. Everyone was filled with fear, it was still unknown whether they could escape today. Maybe, everyone would die here tragically in a while.

"In this case, let's see if you can stop this old man."

The Great Mountain Lord's face turned cold, and he also understood that today's fierce battle was inevitable. Since Gu Changge had laid a net, it was impossible for him to leave easily.

Boom!!

The terrifying and majestic aura erupted like the Milky Way breaking its embankment, sweeping through the ages. Fortunately, there was a space inside this place, and many runes had already been engraved with formations located there.

Otherwise, at this very moment, it would be washed away and turned into ashes.

"Attack!!"

Gu Zu and others also attacked together, using the most powerful laws and divine powers, crushing and falling on the Great Mountain Lord. They were bound to keep him here.

Each of them seemed to be standing in another world, covered with runes, their faces were blurred and their auras were deep and vast.

It could be said that the combat power that appeared in the dungeon could easily sweep the heavens and sweep the inheritance of most ethnic clans in the Eight Desolations and Ten Regions.

Rumble!!

The terrifying momentum shook all directions and even spread out. Many surrounding blocking methods could not completely resist it.

At this moment, the entire Heavenly Lu City was shaken. Many cultivators and creatures felt the fluctuation and their complexions changed drastically. They were extremely terrified as their souls trembled, and they couldn't help worshipping in that direction.

"Your method is indeed beyond the reach of ordinary Enlightened beings, but it's a pity that you have not reached that realm yet. So today, you can't escape."

Gu Changge stood tall in white clothes, handsome and impeccable, aloof and refined, with a smile on his face. The aura of chaos appeared and disappeared on his body, he just watched and was not in a hurry to act.

He did not deny that he had a strong desire for the origin of the Great Mountain Lord. Such a strong person could be said to be extremely difficult to come across in the current Upper Realm.

Given such an opportunity, Gu Changge naturally wouldn't give up easily. Soon, this place became blurred and chaotic as various laws and orders were intertwined, falling down like a waterfall.

During the course of this battle, Gu Changge and everyone shouted together, bursting out various Dao runes, so powerful that they almost rushed out of the territory.

At this moment, he was standing with many lights and shadows flashing in his eyes as if he was creating the Great World in person like a ruler at the beginning of evolution.

"Destroy it for me!!"

The Great Mountain Lord was powerful and knew that there were many opponents, so at this moment, he shouted angrily and cast a powerful method. Behind him, the flowers of the Dao bloomed.

The strength of these figures was terrifying, and some of them didn't even belong to this era. They had ancient clothes and various weapons. For some reason, they were summoned by the Great Mountain Lord.

"Xiao Yang, come here!!" At the same time, he shouted angrily, reached out with his big hand, and attacked Xiao Yang who was trying to heal his injury.

"Great Mountain Lord..." Xiao Yang was a little terrified, feeling that his vitality at the moment was rapidly passing away, and his whole body was drying up quickly, becoming skinny and boneless.

This made him feel terrified and uneasy because the Great Mountain Lord mainly devoured his vitality.

"I'm going to borrow the bloodline of your sibling."

The Great Mountain Lord didn't explain much, but frowned. Feeling that it wasn't enough, he reached out again with his big hand, broke the chains on Luo Ying's body, and grabbed her.

At this moment, Xiao Yang and Luo Ying, the siblings, had a dazzling cyan brilliance. This brilliance contained some kind of mysterious power and turned into mysterious runes, and finally entered into the body behind the Great Mountain Lord inside the Flower of Dao.

With the infusion of this power, the strength of the figure emerging from the flower of Dao was obviously much more terrifying and solid. Even Gu Zu felt some difficulty at this moment, facing these figures directly as he raised his hand and shattered the divine light of order.

Boom!

"Is it the talent of the Guardian Clan?"

Gu Changge raised his eyebrows and took a step forward from the spot. He raised his hand, and slapped the supreme figure attacking in front of him. It was as if countless mountains and rivers were turned into ashes, and hundreds of millions of star fields were overthrown.

The brilliance was surging, so dazzling that no one could open their eyes. This was the ultimate law, which was being interpreted and displayed. Endless brilliance, like a divine chain of rules were intertwined here.

The fiery Dao rune emerged in Gu Changge's palm as if it could illuminate the universe and could reflect the heavens and sweep through Heavenly Lu City. The terrifying energy, accompanied by the thunder of Dao, exploded all of a sudden!

This scene was like a crack in heaven and the earth. It was as if the galaxy was flooded down, trying to destroy all living beings. Under such fluctuating battles even cultivators who had reached the realm of Enlightenment felt that their blood was making thunderous noises with violent collisions and bones cracking, their legs going weak.

As if they were about to explode, and they couldn't help but want to kneel down. In the next moment, the walking figure collapsed and turned into dust all over the sky, and it couldn't last long in front of Gu Changge.

"It's all about resisting." Gu Changge's eyes were indifferent. He stepped forward and took the initiative to kill the Great Mountain Lord.

The aura here was extremely chaotic. All kinds of horrific brilliance and order were erupting. The slightest touch could kill all living beings. This battle lasted for a long time. It had to be said that the Great Mountain Lord was very strong, causing many opponents to cough up blood and severely injure them.

But in the end, he couldn't return to his peak. Under the attack of many Enlightened beings, he gradually fell into a disadvantage and kept coughing up blood.

In the chaotic mist shrouded in the surroundings, a figure made a move as if it had been attacking since the opening of the heaven with a terrifying murderous intent, a palm fell on the Great Mountain Lord.

"Elder sister..."

In the aftermath, Luo Ying couldn't resist, and the Great Mountain Lord didn't have time to protect her, so she exploded on the spot. This made Xiao Yang's eyes crack open, and the whole person froze.

But at this time, the Great Mountain Lord was already in danger of protecting himself, so how could he protect them?

Chi!

However, at this moment, the face of the Great Mountain Lord, who was fighting with Gu Zu and others changed drastically. His scalp was about to explode, and his whole body was chilling. He felt a terrible aura coming toward him as if he was at the end of the withered era, trying to freeze the souls of all living beings.

A peerless sword light, blue and faint, mixed with a bloody killing aura without any luster seemed to penetrate the universe and starry sky at once as it pierced toward his body.

This was a peerless murderous intent, which could make everything wither, which was extremely terrifying. A yellow gourd emerged from Gu Changge's hand, and sword light gushed out of it, which could kill all spirits in the world.

This was the power of the Immortal Slaying Gourd. After this period of accumulation, its power was obviously much more terrifying, and it had been improved to a higher level.

Puff!!

In the next moment, there was blood splashing out, and the Great Mountain Lord was pierced through by the sword, and his aura suddenly became wilted. But at this time, he was still struggling in pain and unleashed a divine weapon with a bright fairy light. It even had a bit of immortal charm, trying to severely injure Gu Changge.

Boom!!

Gu Changge's eyes turned cold all of a sudden and a black and white intertwined Dao map emerged in his palm. The Laws of Reincarnation boiled like an ocean with endless life, directly blocking in front of him.

This was the supreme treasure of the Supreme Dao Cave, the Supreme Dao Map, which integrated both offense and defense. Though, under the hateful blow of the Great Mountain Lord, it was also shaken endlessly and it was almost broken, which showed the horror of his strength.

Gu Changge's eyes were gloomy, and he resisted the intention of resorting to other means. By now, everything had become a foregone conclusion. It was already over.

And the rest of the people took advantage of this opportunity to attack with various laws and orders, the horror reached the extreme, shocking the universe, and directly drowned the Great Mountain Lord.

"I didn't expect this old man to be robbed here today after countless years... Dying in the hands of a junior."

The Great Mountain Lord's body exploded, he coughed up blood continuously, his aura was weak, and he was laughing miserably. The sky was sealed, and the void within a million miles of territories was imprisoned. Today, he had nowhere to escape!

Chapter 525-1: Comparable to the second life, The final harvest (1)

The war ended without any accidents. Even though the Great Mountain Lord was extremely powerful and was an existence closest to the Immortal Realm, under the siege of many Enlightened beings, he was also defeated and killed.

Accompanied by a roar that shook the world. Unimaginable cracks burst open, and a rain of blood exploded. Many inscribed runes were obliterated, and the underground cage completely collapsed as huge fluctuations swept across the entire Heavenly Lu City.

Countless creatures and cultivators trembled under this breath and couldn't help but crawl down, their souls seemed to be frozen to pieces. A torrential rain of blood emerged between Heaven and Earth. Even at night, it was extremely obvious, reflecting the sky with a radius of a million miles.

This was the vision of Heaven and Earth denoting the fall of the most powerful powerhouse.

At this moment, whether it was the Eight Desolations and Ten Regions, or the distant Upper Realm, there were many powerhouses who felt it and couldn't help looking from afar.

"In countless years, this is the first time I have felt such fluctuations... It seems that the cultivation of the dead is not simple."

Someone looked from the distant universe and couldn't help sighing. Although there was a small world inside the dungeon, it was still almost destroyed after this battle.

Originally, this was a world that Gu Changge refined with a certain secret treasure, and there were even a few broken universes in it. Now even these universes had been pierced through, filled with a vast and chaotic aura. Ordinary creatures would definitely burst into powder in an instant if they stepped in.

"My lord, how should we deal with the Great Mountain Lord's accomplices and others? They're all outside the dungeon, but they've all been taken."

After this war, Gu Zu and others were all injured, but this injury was nothing for existences like them. They had arrested many accomplices of the Great Mountain Lord, and they couldn't help asking respectfully.

The vast majority of these accomplices were members of the other three War God Clans, the strongest ones were in the realm of Enlightenment, and the rest were not much weak in terms of cultivation.

"Catch them first, as for how to deal with it, I will make a decision later." Gu Changge glanced at the group of people, and said calmly.

When the Great Mountain Lord died, the faces of this group of people were full of despair and fear.

In their hearts, the Great Mountain Lord was an invincible existence, his cultivation was unrivaled, and he was even the last hope of the Eight Desolations and Ten Regions.

But now, this hope was shattered in front of them, and he even died tragically. How could this not make them despair?

Gu Changge really didn't have the heart to deal with this group of people now. Although the Great Mountain Lord had died, his origin of life was scattered in this dungeon space.

While making arrangements at that time, he chose to arrange space artifacts, and it was also for this purpose. Afterward, he rolled up his sleeves to collect this space. He planned to refine and devour the Origin of Life that escaped from it when he had time.

"According to this speed, I should be able to reach the peak of the Quasi-Emperor Realm, and I am only one step away from the threshold of Enlightenment." Gu Changge thought about it in his heart, and then walked away from here.

Tonight was destined to be a sleepless night for Heavenly Lu City. Whether it was the creatures of the Eight Desolations and Ten Regions, or the cultivators of the Upper Realm, they all had a feeling of facing a catastrophe, and they were extremely terrified.

A battle at this level, even if it was just a wave of fluctuations, it was enough to destroy the world. Although they didn't know what happened, they could vaguely guess one or two things and trembled unceasingly.

Especially the people from the Eight Desolations and Ten Regions were even more frightened.

In their view, this kind of thing happening in Heavenly Lu City was obviously inseparable from the Enlightened beings from the Eight Desolations and Ten Regions.

At the critical moment when the two realms were discussing a peace agreement, wasn't this kind of thing terrible?

Many people even connected Qingyue's assassination of Gu Changge before, thinking that it might be an Enlightened being from the Eight Desolations and Ten Regions trying to assassinate Gu Changge.

Otherwise, how could there be such a terrifying battle fluctuation?

In short, there were many speculations and opinions. And soon, real news came out. Many people immediately froze in place and their eyes widened in disbelief.

"The Great Great Mountain Lord violated the agreement and secretly went to rescue the Second Mountain Master and the others, but was suppressed and killed in the dungeon..."

"The Great Mountain Lord is dead, so the vision is caused by the Great Mountain Lord's fall..."

Everyone of the Eight Desolations and Ten Regions was stunned. The moment they heard the news, their whole body was trembling and frightened to the extreme.

They never expected that the Great Mountain Lord would violate the agreement and secretly go to rescue the Second Mountain Master and others, but Gu Changge sent powerhouses to suppress and kill them.

The sensation caused by this news was so terrifying, like a bolt from the blue, many people couldn't even believe it. What kind of existence was the Great Mountain Lord?

He had existed since the birth of the Eight Desolations and Ten Regions, and had never fallen. He was also the backbone of the Eight Desolations and Ten Regions, and the reassurance in the eyes of countless cultivators and creatures.

How could he die?

With such thoughts emerged the emotions of fear, anxiety, and doubt.

The leaders of many great clans, as well as the Domain Lords and Desolation Masters, arrived early the next day in the previously agreed Heavenly Lu Temple to decide on the peace agreement.

No one could be peaceful that night, and their heart was full of uneasiness and fear. Even in the temple, they were restless and anxiously waiting for Gu Changge's arrival.

"It seems that Domain Lord Yunze really had the foresight to choose to surrender earlier, but I don't know if we have such an opportunity today."

“Judging from the vision last night, it is very likely that the Great Mountain Lord had died...”

Many Desolation Masters and Domain Lords discussed in low voices, extremely nervous and it was the first time they had such a state of mind in countless years of cultivation.

It was like waiting to be dealt with, deciding life and death. Earlier, they dared to bargain with Gu Changge, it was because of the relationship between the Great Mountain Lord.

Now that the Great Mountain Lord had died, they naturally didn't have the guts to discuss conditions with Gu Changge. It seemed that the only way was to choose to surrender.

Finally, under the restless and nervous eyes of everyone, Gu Changge appeared outside the hall.

“Young Master Changge, we have discussed the matter of this peace agreement in the past three days.”

“We understand your kindness, so we have unanimously decided to accept this peace agreement and end this catastrophe of war as soon as possible.”

Several Desolation Masters spoke first, and said with respect and awe. Someone took the lead, and the rest also looked at each other. They sighed inwardly, and made the same decision.

“It seems that you are all smart people, and Gu always admires smart people.” Gu Changge nodded slightly with a smile on his face.

He was not surprised by everyone's decision. At this time, as long as their brain was not stupid, they would understand how to choose. Unless they really wanted to follow in the footsteps of the Great Mountain Lord, or be wiped out like the rest of the War Gods.

And the most important thing was the death of the Great Mountain Lord.

As the last hope of the Eight Desolations and Ten Regions, as long as the Great Mountain Lord died, the Eight Desolations and Ten Regions were still like a plate of loose sand, so how could they have the courage to resist?

“Master Changge is joking. From now on, I am willing to submit to the Ancient Immortal Gu Family and do the work for my lord.”

Seeing this, many great clan leaders shouted to pledge their loyalty. Regardless of whether the words came from the heart or not, at this moment, they must show their surrender.

“In this case, it will save Gu a lot of trouble.” Gu Changge smiled lightly, and then sent someone to write the content of the agreement.

After all, with the oath of the Dao of Heaven, no one dared to easily violate the oath at this time. Of course, he had to be excluded.

This so-called peace agreement must not only be participated by the Ancient Immortal Gu Family.

The rest of the Immortal forces and Supreme sects would not let go of such a good opportunity and want to get a share. It was impossible for the Ancient Immortal Gu Family to monopolize this huge Eight Desolations and Ten Regions.

But Gu Changge took the biggest bite. As to dividing the rest to the other forces was not his business.

Chapter 525-2: Comparable to the second life, The final harvest (2)

After deciding on the peace agreement, Gu Changge focused on Luo Feng and Xiao Yang, the two Sons of Luck.

Although Luo Feng still had a wisp of spirit left, he was actually not much different from a living dead now. So Gu Changge didn't hesitate much, and harvested him first. In addition to gaining a large amount of Luck points and Destiny value.

This time, the Heavenly Dao Treasure Chest revealed something that surprised him.

Epoch Imprint!

From the outside, it looked like a ball of light shrouded in dense gold, revealing a deep and vast aura. There was also a vicissitudes of ancient charm flowing as it was intertwined with the fragments of time that could be faintly seen emerging. There was an extremely mysterious river flowing through the heavens and the world.

In Gu Changge's sea of consciousness, there were actually two Reincarnation Seals long ago. These were the means of saving his life. The role of this Epoch Imprint was obviously different from that of the Reincarnation Seals, but both had the same effect of saving life.

The reason why Luo Feng was able to survive the battle of stealing Luck from Heaven could be said to be due to the Epoch Imprint he had condensed.

Because the Epoch Imprint condensed all the traces of the cultivator's life, involving birth, old age, death, reincarnation and many other mysteries.

In some respects, it was comparable to a cultivator's second life. However, Gu Changge knew that the mystery of the Epoch Imprint was far more than that.

Compared with the Epoch Imprint that broke out from Luo Feng's Luck, the things that broke out from Xiao Yang, another Son of Luck, were much simpler.

"The Altar of Summoning... By virtue of causal connections such as blood, you can summon the heroic spirits of your Ancestor..."

With Gu Changge's current strength, he didn't really need such a weak thing. However, he still kept it and could use it as a trump card. Maybe one day when he met an invincible opponent, he could try to summon the heroic spirits of the Ancestors of the Gu family.

Gu Changge naturally exchanged the Destiny Value and Luck Points he got this time without exception. Now there were more than 200 pieces of Transcendental bones all over his body.

The perception of many laws and Dao was even far above that of ordinary Enlightened beings.

Regarding this peace agreement, it was jointly signed by the most powerful and long-standing ethnic clans from the Eight Desolations and Ten Regions, as well as the Domain Lords and Desolation Masters of the major regions.

The many forces of the Upper Realm who participated in this battle of the Eight Desolations and Ten Territories naturally got a share of the pie. This news also quickly spread throughout the entire Eight Desolations and Ten Regions through Heavenly Lu City, causing huge waves.

Countless cultivators and creatures shook.

Some people were happy and some were sad, and naturally some people were cursing, thinking that the various ethnic clans who signed this peace agreement were greedy for life and afraid of death. They were bowing their knees, and became slaves of the Upper Realm.

But generally speaking, this catastrophic war that swept across the Eight Desolations and Ten Regions, finally came to an end because of this peace agreement. The hundreds of millions of cultivators living in the Eight Desolations and Ten Regions had mixed emotions, both relieved and unwilling.

Even the Great Mountain Lord died tragically in Heavenly Lu City, shattering their last hope. Though they were unwilling, what could they do?

This in itself was a battle without any suspense.

At the same time, various forces of the Upper Realm took advantage of this opportunity to dispatch their clansmen to search all over the Eight Desolations and Ten Regions, hoping to find the rumored item.

Breaking through the Eight Desolations and Ten Regions was just a step in their plan. From their point of view, if they couldn't find that item, it didn't make any sense to break through the Eight Desolations and Ten Regions.

After all, the ultimate goal of various forces was to take a step toward the realm of Immortality. However, except for some high-level members of the Gu family, no one knew that Gu Changge had obtained a mysterious Epoch Tree after destroying the Dragon Blood God of War Clan.

The existence of the Epoch Tree was now being hidden by Gu Changge in the Inner Universe, waiting for its fruit to ripen. Before he touched the Immortal Realm, Gu Changge was not going to expose the existence of the Epoch Tree.

Exposing it early would only bring unnecessary trouble to himself, and now he was still far away from the realm of Immortality.

In the following time, Gu Changge arranged for the Gu family members to take over the affairs of the Eight Desolations and Ten Regions while he refined and devoured the source of the Enlightened beings obtained in this battle to improve his cultivation.

Heavenly Lu City was under the control of Heavenly Maiden Tianlu. Although he was relieved, he still had to send some clansmen to take care of it. In the eyes of outsiders, Heavenly Maiden Tianlu belonged to him, so naturally they dare not have any opinions.

Of course, the clansmen and subordinates who made contributions in this battle, Gu Changge rewarded them with a lot of things, even Gu Wudi got an extraordinary Quasi-Emperor weapon, and he was a little flattered.

Secondly, the entire Bone Clan washed away their sins and restored their status as a subordinate group of the Ancient Immortal Gu Family from ancient times before they returned to their clan land.

In this battle with the Eight Desolations and Ten Regions, Gu Changge's power had also reached an unimaginable level. Many clan elders were suggesting that after he returned to the clan, he could try to gradually take over the entire Ancient Immortal Gu Family.

In this way, his father Gu Lintian could also concentrate on cultivation and spend more time on cultivation. However, there were still many clan elders who felt that something was wrong. They were worried that Gu Changge's becoming the head of the family would affect his cultivation time, not because they were worried that he would lead the family astray.

Now Gu Changge had proved everything with his ability. There would be no problem for him to take over the Ancient Immortal Gu Family. On the contrary, because of his age, everyone felt that letting Gu Changge take over the Ancient Immortal Gu Family so early would distract him.

Gu Changge should spend more time on cultivation. After all, his peers were now shining brightly in this golden world, fighting for the front, trying every means to improve their cultivation.

Gu Changge actually didn't care much about this matter. Judging from his current status, it was actually the same whether he took over the Ancient Immortal Gu Family or not.

Many clan elders who used to be quite afraid of him were now respectful in front of him, asking for his opinions and suggestions on many things. Not to mention the various Immortal forces and Supreme sects in the outside world.

"However, I heard that Mingkong has taken over the Peerless Immortal Dynasty during this time, and even in the battle for power, she defeated many older generation Emperors and Uncles, and was honored as the Empress Mingkong..." Gu Changge smiled lightly as he said with a little interest in his eyes, and suddenly mentioned this matter.

"What Changge said is true. Although Mingkong has never participated in this battle, she has firmly controlled most of the power of the Peerless Immortal Dynasty during this period of time. When the time comes, once you two get married and join forces, the entire Upper Realm will tremble in fear."

Hearing this, the clan elder in front of him smiled slightly and said that he was extremely satisfied with the prospective daughter-in-law of the Gu family.

"The Peerless Immortal Dynasty is the number one Immortal Dynasty recognized in the Upper Realm, and its existence can be traced back to before the Taboo Era... Mingkong can do this, naturally it is not bad." Gu Changge nodded with a slight smile in his eyes.

What he was thinking about was another thing. Now, except for the Heavenly Sword, the other six weapons were in the hands of him and Yue Mingkong.

Although he hadn't paid attention to the Heavenly Sword during this period of time, presumably Yue Mingkong would not be idle and should be planning this matter.

Chapter 526: 5: Women are actually simple, The reappearance of the inheritor of demonic arts

5: Women are actually simple, The reappearance of the inheritor of demonic arts

The army from the Upper Realm returned in triumph after the major sects and forces arranged everything. The mighty torrent shuttled through the universe, and ancient warships swept across the sky, leaving the Eight Desolations and Ten Regions, and returning to the Upper Realm.

Different from the great momentum when they arrived, although the Upper Realm army returned triumphantly this time, they did not find the thing that various forces wanted to discover.

This was also a pity in the hearts of many ancient beings. Of course, they would not give up now and still sent their tribesmen to search for it in the Eight Desolations and Ten Regions.

Luo Feng's existence was only known to a small number of people. And besides the Great Mountain Lord, only Gu Changge knew that he was the Ancestor who had stolen the Epoch Tree. Therefore, in Gu Changge's view, all ethnic clans and forces would return without success in the end.

After staying in the Eight Desolations and Ten Regions for several months, completely refining the Origins of many Enlightened beings, and reaching the ninth level of the Quasi-Emperor Realm, Gu Changge also set off to leave, intending to return to the Upper Realm.

Heavenly Maiden Tianlu had now transformed herself, and in the eyes of countless cultivators of the Eight Desolations and Ten Regions, she had become Gu Changge's exclusive talker.

Her status in the Eight Desolations and Ten Regions was not only affected by the absence of her earliest surrender. On the contrary, a rising tide lifts all boats, and many great clans and domains respected her even more.

After all, now that everyone had chosen to surrender, there was no such thing as looking down on anyone. After returning to the Upper Realm, Gu Changge felt that life was much more leisurely for a while.

He understood that it was due to his own cultivation realm, and now he had reached another realm, so he didn't need to plan all the time like before. With the cultivation base of the ninth level of the Quasi-Emperor Realm, even if he concealed part of his strength, he could easily kill an Enlightened being.

Not to mention the many terrifying methods and trump cards he still had. So in the current Upper Realm, he could run wild and careless. Even if he met an Enlightened being, the other party would be afraid of him and would dare not provoke him easily.

So Gu Changge went to Peerless Immortal Dynasty and stayed with Yue Mingkong for a while. Along the way, he sent a lot of rare treasure resources and other things obtained from this expedition to the Eight Desolations and Ten Regions.

Compared with his leisure time, Yue Mingkong was very busy. After all, the Peerless Immortal Dynasty was really too big and its territory was endless. Although her methods were strong and iron-blooded, it was difficult to control the entire Peerless Immortal Dynasty in a short period of time.

There were many things to do every day. And after Gu Changge left, she had to spend time with him every night. In her own words, she couldn't neglect Gu Changge.

Of course, the big reason was that she hadn't seen Gu Changge for a while, and she couldn't bear the longing in her heart, wishing to leave all the affairs and stay by his side.

“Speaking of which, you took in a concubine in the Eight Desolations and Ten Regions?”

In the immortal room, the curtain was like a cloud with misty fog. Yue Mingkong’s blue silky hair was soft, loose, and drooping. Her eyes were cold, and she looked sideways at Gu Changge, but asked in a very calm tone.

Upon hearing this, Gu Changge looked at her who was resting on his arm, smiled, and said, “It’s nothing more than a rumor, she needs a suitable identity.”

“What’s wrong with her status, why does she have to be a concubine?” Yue Mingkong shook his head lightly and said, “Is that person beautiful?”

Her words were very calm, and she seemed unable to hear the ups and downs of emotions. However, Gu Changge felt that she was still a bit tasteful. It seemed that she hadn’t seen him for a while. With Yue Mingkong’s temper, it was inevitable that she would be upset and jealous because of such a trivial matter.

In his impression, although Yue Mingkong was a bit domineering, she would not ask such boring questions. But considering whether he would be kicked out of bed by her for a while, Gu Changge thought for a while and said with a smile, “She’s quite beautiful, the number one beauty in the Eight Desolations and Ten Regions.”

“Huh?” Yue Mingkong raised her eyebrows, and her tone couldn’t help being a little higher.

“It’s not even close to you, though. Why are you so jealous?” Gu Changge continued to smile before she was about to push herself off.

Hearing this, Yue Mingkong gave him a blank look, and the corners of her mouth slightly curled up. She actually didn’t care what that person looked like or about Gu Changge’s attitude toward her. She just wanted to hear Gu Changge say this to her.

In Gu Changge’s view, women like Yue Mingkong and Jiang Chuchu were actually very simple, because they like him enough. Sometimes he didn’t even need to deceive them, and they would deceive themselves.

Of course, that was the case, it didn’t mean that Gu Changge would lie to them or something. In his opinion, Heavenly Maiden Tianlu was indeed far behind Yue Mingkong.

“We don’t have any clues about the Heavenly Sword yet, so we may have to wait for a while.”
Afterward, Yue Mingkong spoke softly, knowing that there was another thing that Gu Changge cared about now.

Although after her rebirth, the entire timeline of the Upper Realm had changed a lot, and even what happened in the Eight Desolations and Ten Regions was quite different from her memory. But it didn’t hinder this period of time, she sent people to investigate the whereabouts of the master of the Heavenly Sword.

She wasn’t really worried about this matter. Because in her memory, the Sword Master who ruled the heavens also died tragically at the hands of Gu Changge.

Heavenly Sword finally fell into Gu Changge's hands. She didn't even need to intervene too much and Gu Changge would eventually obtain the Heaven Sword.

Of course, she couldn't tell Gu Changge about these things.

"The matter of Heavenly Sword is not that important, nor is the secret of the Immortal Palace." Gu Changge shook his head and smiled when he heard this.

After staying in the Peerless Immortal Dynasty for several months, he took the time to head to Purple Pill Sect to see the current Lin Qiuhan.

This woman who was once brought up by him from the Lower Realm could be said to have bloomed the brightest brilliance now, and her alchemy talent had been brought to the extreme.

Purple Pill Sect's status in the Upper Realm was not low, especially when it came to alchemy, it could be said that it had complicated connections, and the forces that come and go were even more intertwined.

Lin Qiuhan was now the Young Heavenly Matriarch, and her alchemy attainments far exceeded many elders. For Gu Changge's arrival, the entire Purple Pill Sect was shocked, and some old monsters who had never shown up before also showed up to greet them in person.

Many rumors about Gu Changge from the Eight Desolations and Ten Realms had already been spread in the Upper Realm. The Purple Pill Sect disciples looked at Gu Changge with fanatical admiration.

Even the people knew that Lin Qiuhan, the Young Matriarch of the Purple Pill Sect, was sent by Gu Changge himself. With this relationship, the Purple Pill Sect was naturally very close to Gu Changge.

Lin Qiuhan was dressed in a long blue dress with a flawless jade face, cloud-like hair, slender and graceful figure that exuded a noble and elegant temperament.

In Gu Changge's view, compared with when she first came to the Upper Realm, she had changed so much now that she had been completely reborn. This also made him quite satisfied.

Purple Pill Sect did a good job.

"Young Master..." Lin Qiuhan did not expect Gu Changge to come to Purple Pill Sect to see her today.

This surprised her a lot and even made her head a little dizzy. She thought that Gu Changge was still in the Eight Desolations and Ten Regions, and hadn't returned to the Upper Realm.

Or did Gu Changge come to see her first after returning to the Upper Realm?

She had been listening to the many rumors about Gu Changge during this period, and she admired him to the extreme. It even made her feel inferior.

"It seems that you have had a good time during my absence. I'm relieved." Gu Changge nodded slightly with a smile on his face.

With that, Lin Qiuhan happily told Gu Changge about various things during this period, and many elders of the Purple Pill Sect and others also left with interest.

On the contrary, Gu Changge noticed that there were many young men with extraordinary appearances in the dark, and their eyes were full of sadness as they left. He didn't care much about this kind of person who could be seen as Lin Qiuhan's suitor.

Smart people knew what to do at this time.

"You're improving quite fast. When I saw you last time, your cultivation hadn't reached the Divine Realm, but now you're almost in the Sacred Realm."

Gu Changge listened to all the things Lin Qiuhan said, with a just right smile on his face. Answering from time to time, just like the scene when Lin Qiuhan first met him.

On the Purple Pill Sect's side, Gu Changge kept telling Lin Qiuhan to pay attention to the formula of the Purple Pill elixir. Now he heard her mention it, but only the Matriarch was qualified to contact this kind of pill.

She had only heard a few words from the previous Patriarch. After staying in the Purple Pill Sect for a few days, Lin Qiuhan also cooked a lot of delicacies for Gu Changge in a rare way.

Not only was she extremely talented in alchemy, but she was also flawless in cooking, tea ceremony, and other aspects. It was just that since coming to the Upper Realm, she had never been in contact with these aspects.

Fortunately, Gu Changge looked very satisfied, which made Lin Qiuhan very happy. After leaving the Purple Pill Sect, Gu Changge returned to the Gu family.

Previously, after Gu Xian'er left the Eight Desolations and Ten Regions and returned to the Peach Village, she disappeared without a trace and went into seclusion to cultivate. Because of the Peach Demon, Gu Changge did not go to Peach Village.

The last time he went to Peach Village was because he wanted to test Chan Hongyi. However, Gu Changge felt that Taoyao's memory seemed to be broken and incomplete.

Taoyao only spoke out to test him at that time and was very uncertain about his identity. So before the matter of Chan Hongyi was resolved, Gu Changge had no plans to contact Taoyao.

When Chan Hongyi was mentioned, Gu Changge was a little surprised.

During this period of time, she actually established a force called the Demon Mountain. The demon cloud covered thousands of miles, and the entire sea area had turned into a gloomy demon domain, full of chaos and broken laws.

It seemed to have become a new forbidden place. Many demon heads who had caused troubles all over the world had defected, led by Chan Hongyi, which had attracted the fear of many forces.

Many people still remembered the terrifying scene of Chan Hongyi burying themselves in the Demon Burying Abyss before, killing all directions and washing the world with blood.

Afterward, the major sects sent powerhouses to the divine city to besiege and kill her. As a result, almost all of them were wiped out, and only a few people escaped. Her strength was unfathomable, unimaginable, and tyrannical to the limitless.

Because of this matter, many sect masters were extremely afraid of Chan Hongyi. If it wasn't unnecessary, they really didn't want to provoke her too much.

"It seems that Chan Hongyi has regained a bit of her consciousness now, and is much more awake..." Gu Changge narrowed his eyes, feeling that the last time Chan Hongyi left his Inner Universe, her sanity had recovered a lot, and she would even poison him.

All signs indicated that Chan Hongyi would not give up revenge on him so easily. It was just that he still didn't know what Chan Hongyi would do now.

The entire Upper Realm was celebrating because of the success of the campaign against the Eight Desolations and Ten Regions. The war had lasted for countless years, and the flames of war had never stopped. In this era, it could be regarded as an end.

The events of the Eight Desolations and Ten Regions were not considered foreign aggressions. However, if there was one less trouble, it was also one thing. Now there were not many things that were placed in front of the various powers and great sects in the Upper Realm, but there were also the scourges of the Absolute Heavenly Extinction that were emerging everywhere.

This matter could be described as internal worry, and the impact was even more serious and huge. Of course, another thing that happened during this period caused a lot of trouble in the Upper Realm.

Even in the eyes of many people, the danger was even worse than that of the Absolute Heavenly Extinction, and it was necessary to find a way to contain it in advance.

The inheritor of demonic art who had been hidden for a long time reappeared in the world, and suddenly attacked the inheritor of the War Immortal Mansion.

During that battle, the descendant of the War Immortal Mansion almost died, thanks to the protector who discovered it in time and rescued him, otherwise the consequences would be unimaginable. But even so, the heir of War Immortal Mansion suffered heavy losses and his origin was damaged.

In the eyes of many people, this ancient freak who participated in the battle of the Eight Desolations and Ten Region was even one of the strongest among the younger generation besides Gu Changge.

His strength could be described as unparalleled, and he shined even more brilliantly when he was fighting in the Eight Desolations and Ten Regions. But even now he almost died in the hands of the inheritor of demonic arts.

This incident caused an uproar, and many sect masters were outraged.

Many forces whose disciples or inheritors died tragically at the hands of the inheritor of demonic arts were also rekindled at this moment and planned to search for the whereabouts of the inheritors of demonic arts.

In the past, many people thought that the inheritor of demonic art was going to disappear, hide his whereabouts, and stop causing harm to the world. But they never thought that after a few years, he would strike again and almost kill an ancient freak.

It was horrifying, and at one point felt terrific.

After all, the inheritor of demonic art was a person who had escaped from Gu Changge several times. How could he be simple?

Chapter 527: So sister please die, There will be no Ji Qingxuan in the world

“Heir of War Immortal Mansion?”

When Gu Changge heard the news, he was also slightly surprised. The heir was the descendant of the War Immortal Mansion, and he had met this person at Heavenly Boundary Abyss in the Eight Desolations and Ten Regions.

Since the previous War Immortal of War Immortal Mansion was killed by him, the entire War Immortal Mansion was very hostile to him. Although they dared not offend him, they were not polite either.

From Gu Changge’s point of view, it was not accidental that something happened to the heirs of the War Immortal Mansion.

“It seems that Su Qingge challenged the heir of the War Immortal Mansion, maybe this is the reason.”

Gu Changge guessed in his heart, other than this possibility, he couldn’t figure out why Su Qingge wanted to fight against the descendant of War Immortal.

Su Qingge was naturally the inheritor of demonic art that was making a lot of noise in the outside world.

After all, he hadn’t done anything to the younger generation for a long time. Even if someone had doubts, it was impossible to doubt Gu Changge. Judging from the current situation, if Su Qingge stabbed the hornet’s nest, not only the War Immortal Mansion, other forces would also chase her.

Even the forces whose successors were killed by Gu Changge before would all blame Su Qingge for these grievances. With so many troubles, she probably had no choice but to run away.

It was a pity that her methods were still too immature, and she failed to deal with the heir of the War Immortal Mansion. On the contrary, it made him feel fishy.

“It seems that if I don’t make a move, this Su Qingge might be in crisis.” Gu Changge looked thoughtfully.

He wasn’t worried about Su Qingge’s life, but he just felt that Su Qingge’s crisis would make things troublesome for him.

If the descendant of War Immortal Mansion was not dead, then he might have seen Su Qingge’s true face. If something happened to Su Qingge, there would be one less person to take the blame for Gu Changge in the future. Moreover, it was not yet time to expose his identity as the inheritor of demonic arts.

Gu Changge had to find a way to let Su Qingge settle down for a while, at least get rid of the descendant of the War Immortal Mansion who might have seen her true face.

“Let’s take advantage of this opportunity to let Bai Lian’er send assassins to get rid of the heir of the War Immortal Mansion. Speaking of which, I haven’t visited the Chaos Star Region for a while, so it’s time to attack the Hidden Ji family behind Ji Qingxuan.”

Gu Changge remembered this incident. If he wanted to find Su Qingge, he would have to rely on Ji Qingxuan. Although the two sisters had switched identities, they must be related to each other.

Thinking so, Gu Changge ordered someone to prepare for the journey, planning to go to the Chaotic Star Region. As for the affairs of the Hidden An Clan, he planned to wait for An Yan to get the drop of Hidden Immortal's blood first, and then make arrangements.

The matter between Jiang Chen and Niu Tian had dragged on for so long, so it should be resolved. The Chaos Star Region had always been feared by various sects because of the thirteen thieves.

Although the thirteen thieves had been destroyed by Gu Changge now. However, under the support of Gu Changge, another new bandit force was gradually growing, and its size and complexity were no less than that of the Thirteen Thieves.

Since this period of time, this new force had become the dominant force in the vicinity of the Chaotic Star Region, annexing many bandit and robber forces, large and small. The large and small caravans along the way were often exploited and squeezed by him, but they did not dare to be angry and speak out.

Because they knew that the master behind this new force was Gu Changge. On the surface, the owner of this force was a young woman, but many forces knew that this young woman was just Gu Changge's maid.

Over time, many business alliance forces passing through this domain had become accustomed to this matter. As long as the toll was paid, there would be no looting.

In this way, from some aspects, it gave many forces a sense of security. One must know that in the past, the thirteen thieves had done a lot of things like turning back on their promises and robbing them by force.

The Chaotic Star Region was composed of many large and small broken continents, as well as stars floating in the universe, and its territory was extremely vast. The City of Chaos was located in the center of the Chaos Star Region. The city walls were towering, stretching endlessly, shrouded in a vast gray fog.

It was even more prosperous than many ancient cities in the Upper Realm, fully accommodating billions of cultivators and creatures. At this moment, in the depths of the City of Chaos, in a group of extremely grand and magnificent palaces.

A woman in a purple dress with a beautiful appearance, soft blue silky hair, and a veil covering her face with indifferent and majestic eyes was standing on the tallest tower, overlooking the huge chaotic city.

She was filled with a kind of majesty that could make one's heart palpitate and one dared not look directly at. The many subordinates and maids behind her were also trembling and respectful, not daring to take a big breath.

"This chaotic city, and even the entire Chaotic Star Region, are now in the palm of my hand. It's a pity that compared to the huge Upper Realm, it's just a tiny place, and it can be erased with a flick of a finger."

The woman in the purple skirt opened her mouth lightly, and slowly swept down, but there was great ambition in the depths of her eyes. She stretched out her jade-white palm and opened it flat, as if she wanted to encompass the entire world in her palm.

Hearing this, the many subordinates and maids behind the woman in the purple skirt couldn't hide their awe and reverence on their faces. The woman in front of her was Ji Qingxuan, who was called the Queen of Chaos by countless cultivators and creatures in the current Chaos Starfield.

At the same time, she was also the ruler of the entire Chaotic Star Region, controlling the life and death of countless cultivators and creatures, and controlling a vast territory beyond tens of thousands of miles.

"I always thought I could control more, but in the end I found out that all this might just be a wedding dress for her..." Ji Qingxuan's eyes were deep and indifferent, looking at the city wall in the distance, she suddenly shook her head and said.

"I believe that in the near future, you, the queen, will have a place in this huge Upper Realm." Hearing this, the faces of all the subordinates and maids changed slightly, and they all spoke respectfully.

"My place? But all of this doesn't really belong to me." Ji Qingxuan suddenly sneered, seemingly disdainful, and a terrifying cold aura spread from her body, making everyone pale and tremble slightly.

However, her emotions were only fleeting, and she quickly returned to nature.

"My queen, your sister is here and is waiting for you in the palace." At this moment, a person from under the tower hurried over and said respectfully.

Many people in Chaotic City knew that Ji Qingxuan had a younger sister who looked exactly like her. That younger sister was the Heavenly Daughter of the Hidden Ji family. She was quite famous, and often came here to look for Ji Qingxuan.

Sometimes she even brought many Elders of the Ji family with them. Of course, they didn't know that the person in front of them was the daughter of the Ji family. As for the younger sister, she was actually her elder sister Su Qingge.

The identities of the two had been swapped a long time ago.

"Oh, why is my sister here again?"

When Ji Qingxuan heard this, her eyes flickered slightly, she was a little strange, and then she asked calmly.

"I don't know, your sister came here this time, there was only one person, and there was no Elder from the Ji family with her." The person who came to report replied.

"Is she alone?" Ji Qingxuan nodded, her expression returned to calm, making it impossible to see her mood.

Then her figure moved, left the top of the tower, and walked into the palace.

A woman in white had long been waiting there. Her expression was cold, her facial features were exquisite and beautiful, and her black hair was soft and smooth, like a flawless immortal, exuding an aura of transcendence.

“Sister, why did you come to see me suddenly today? Is there something wrong?”

In the palace, apart from Su Qingge, there was no one else. This was the rule that Ji Qingxuan made when the two met before. When she met her “sister”, no one else was allowed to disturb her.

So after coming here, she put on a smile on her face and asked with some concern.

“Something happened, that’s why I came to you.” Su Qingge heard the voice, turned around, looked at Ji Qingxuan calmly, and said softly.

“Oh, what is it? Do you need your sister to help?” Ji Qingxuan blinked and couldn’t help asking.

“It’s time for our identities to change back...” Su Qingge looked at her, seemed to be thinking, and then said softly.

“Elder sister...” Ji Qingxuan’s expression froze a bit.

She seemed a little unbelievable, and asked again, “Sister, are you serious? We didn’t change our identities well, why did we suddenly change back? Are you in any trouble?”

This was Ji Qingxuan’s first thought. If it hadn’t been for some intractable trouble, how could Su Qingge suddenly mention this matter.

“There’s no trouble, I just want to switch back. With my current status in the Ji family, after you switch back, you won’t need to be as cautious as before, and your mother’s situation is much better.”

Su Qingge said, her eyes were calm, just like her calm and natural personality. Ji Qingxuan fell silent suddenly, and the smile on her face also disappeared.

“Sister, are you sure you are serious?” She asked again.

Su Qingge frowned. When she came here, she felt that this matter would not go so smoothly. Ji Qingxuan might not be willing to change back. But she still didn’t expect that Ji Qingxuan would be so persistent that she even asked twice.

“Of course, I am serious. Even if you return to the Ji family now, it will not have any impact. I have already arranged everything.” Su Qingge’s frowning brows relaxed, and she still spoke softly. She felt that Ji Qingxuan was worried about her situation after returning to the Ji family. But she had expected this a long time ago, and dealt with these things well.

“I understand, sister, you have already done what you are going to do now, so you plan to come and get back your identity?”

At this time, the smile on Ji Qingxuan’s face also disappeared, and she became very indifferent. She opened her mouth with a slight mockery, which was quite different from her previous appearance.

“Qingxuan, what do you mean?” Su Qingge frowned, feeling that there was a big gap between the Ji Qingxuan in front of her and the younger sister she had known for a while.

It even made her feel strange. But this kind of Ji Qingxuan was in line with the realist sister she knew when she first met Ji Qingxuan. The superficial cuteness was nothing more than a disguise that she had long been used to.

“What do I mean?” Hearing this, Ji Qingxuan just sneered, “Sister, don’t you know what I mean?”

“I have worked so hard to win the favor of Young Master, and I have managed this huge Chaotic Star Region in an orderly manner. I have ruled this tens of thousands of miles of territory, and my position is below one person and above hundreds of millions of people. Do you want to snatch all of these away so easily, and take everything I have? Have you ever considered how I feel? Do you think it’s possible?”

Speaking of this, her face was even more indifferent, and there was a cold meaning in her words. Su Qingge was also silent for a while when she heard the words, she didn’t expect Ji Qingxuan to say such words.

This was something she didn’t think about. Before this, she never thought that Ji Qingxuan would care so much about this identity.

“But all of this is false after all. You are not me, and I am not you. Paper can never contain fire. Once you are exposed, can you imagine the consequences?” Su Qingge frowned slightly and said.

In fact, she never knew whether Gu Changge had found out about the exchange of identities between her and her sister. Now as long as the two of them exchanged their identities in time, everything would be fine.

“Yeah, all of this is fake, my sister is my sister after all, and I am me.” Ji Qingxuan’s face was indifferent, and she said lightly, “So I just need to kill you, sister, and from now on, I will be you. There will be no more Ji Qingxuan in this world, only Su Qingge.”

“What’s mine is still mine, Young Master, he will only spoil me, and everything will have nothing to do with you.”

“Qingxuan, you...” Su Qingge’s complexion changed slightly, and she felt a slight chill.

She knew that this was the reason why Ji Qingxuan wanted to kill her. This made her feel very shocked, and even felt unbelievable that Ji Qingxuan actually planned to kill her and replace her identity from then on.

In this way, it would be just as she said. There would be no more Ji Qingxuan in this world, only Su Qingge.

“I didn’t want to do this at first, but sister, you insisted on forcing me. I don’t want to lose Young Master’s favor, and I don’t want to lose everything I’ve worked so hard for. So I can only ask you to die.”

Ji Qingxuan’s face was indifferent, her eyes were cold and heartless. When talking about it, it was like talking about a trivial matter that had nothing to do with her.

Buzz!!

And as her words fell, bursts of dazzling brilliance suddenly appeared in the palace.

Simple and mysterious runes manifested in the walls and the void, containing terrifying aura, intertwined into an extremely vast star map, which could suppress and kill all living beings who stepped into it.

“You have been arranging all this to kill me?” Su Qingge’s expression changed slightly, and his figure retreated.

At this moment, a terrifying cold aura swept through her body. She really didn’t expect that Ji Qingxuan had set up a powerful formation in this palace in advance, just for such a day.

“I actually don’t want to activate this formation, and I don’t want such a day to come.”

Ji Qingxuan’s expression remained unchanged, she walked slowly toward Su Qingge, and said calmly,

“But sister, why do you insist on breaking into my life and trying to take everything away from me? You can be Ji Qingxuan, can’t you? These days, I’ve been worrying that one day Young Master will suddenly find out that I’m not the real Su Qingge, but her useless good-for-nothing younger sister. What do you think I should do?”

Hearing these words, Su Qingge stepped back, a little anger flashed across her face, and her voice became cold, “So you want to kill me?”

Chapter 528: The battle between sisters, They are really indistinguishable

There was a dead silence in the hall. Many divine runes were shining, reflecting in the four walls and the void. Su Qingge never thought that such a day would come.

In order to obtain her identity, Ji Qingxuan did not hesitate to attack her. As the elder sister, besides feeling heartache and anger, she was deeply disappointed.

After all, the two of them were sisters. Although they didn’t grow up together, they should support and help each other in such a strange place like the Upper Realm. But she never thought that there would be a day when they would turn against each other.

Only for the sake of such a ridiculous identity.

“Actually, I should have thought of such a day long ago. You have great ambitions. If you were only in the Ji family, it would be difficult for you to realize your ambitions. It just so happened that we exchanged identities during this time, and I gave you such an opportunity.”

Su Qingge said, after thinking about this matter. Her complexion had gradually returned to calm. It was neither her fault nor Ji Qingxuan’s fault.

It was just that the two of them shouldn’t have exchanged their identities at the beginning, and now she shouldn’t have proposed to change their identities back. Perhaps the best way now was that from now on, she would be Ji Qingxuan.

Ji Qingxuan would continue to stay by Gu Changge’s side as Su Qingge.

“Sister, is it useful for you to say these things now?” Ji Qingxuan was still unmoved when she heard these words.

As she flicked her bare hand, various mysterious runes appeared again in the palace. They even condensed all kinds of divine weapons, axes, forks, knives, swords, and halberds, all of them radiating divine light, rushing toward Su Qingge.

“Stop! If you stop, I can give you another chance. If you continue to be stubborn, don’t blame me for being ruthless.” Su Qingge said with a hint of coldness on her calm face.

She was also angry now. But the person in front of her was her own sister, and it would be difficult for her to attack her for a while.

“Oh, sister, do you think you have any chance?” With a faint smile on the corner of Ji Qingxuan’s mouth, she mocked.

Her current strength was already in the Sacred Realm, comparable to many young Supreme Beings.

And the most important thing was the formation of this place, under her control, even a powerhouse in the Quasi-Supreme Realm would have to be careful after stepping into this place.

Ji Qingxuan didn’t think that the current Su Qingge would have the ability to resist.

“You are really stubborn, today I must teach you a lesson.”

There was a cold look on Su Qingge’s face, and suddenly several rays of light emerged from her sleeves as they fell into her palms. It was a somewhat dilapidated ancient horn, very simple, with dried blood on the edge.

But one could faintly hear a dragon chant emerging from it, shaking the void, causing the whole palace to shake slightly. The moment she saw this thing, Ji Qingxuan’s complexion changed slightly. However, it quickly returned to normal.

“My sister has a lot of good things, even a broken dragon horn... But if you want to use such a broken dragon horn to break my formation, that’s too unrealistic.” Ji Qingxuan said lightly.

Although the dragon horn had the power to break the formation, it was only so if it were a complete dragon horn and that too required a lot of energy.

No matter how strong Su Qingge was, could it be possible that with a broken dragon horn, she could break the formation of the Quasi-Supreme Realm?

Hearing this, Su Qingge didn’t say much, but just sacrificed the broken dragon horn in her hand, and slammed it into the formation in front of him. As an inheritor of demonic arts, her progress during this period could be described as rapid.

Even an ancient freak like the descendant of the War Immortal Mansion, who was recognized as one of the most powerful young beings of this generation, almost died in her hands.

A single Ji Qingxuan was not worth all her means.

Buzz!!

In the next moment, a bright light erupted in front of her, as if a huge wave was rushing towards him, causing the entire palace to shake as if it was about to collapse.

The dragon's horn emitted a faint light, and it was extremely heavy. Even the void exploded with a bang, which showed its terrifying power. With just one click, many runes were wiped out, and the brilliance of this place gradually dimmed.

"How is this possible!"

Looking at this scene, Ji Qingxuan's expression became a little uncertain. Things were a little out of her expectation. Sister Su Qingge's strength was much stronger than she imagined.

The formation in front of her didn't seem to be able to deal with her but was quickly obliterated by the broken dragon horn.

"Is that all you have to do? Didn't you just want to kill me?" Su Qingge spoke lightly, with fluttering white clothes, spotless and aloof.

Ji Qingxuan calmed down, with a faint smile on her lips, "I underestimated my sister's ability... But you seem to have underestimated me too."

The moment she finished speaking, the entire palace trembled suddenly, and the surrounding space even became foggy with strands of chaotic mist gushing out. This place seemed to have arrived at the time when the world was created.

"This palace is actually a divine weapon of space. You plan to trap me here forever?" Su Qingge was a little surprised, but Ji Qingxuan had other tricks. But if it was just an ordinary space weapon, it was not enough to trap her.

"My sister seems quite confident about her own strength." Ji Qingxuan spoke lightly, keeping an eye on Su Qingge's expression.

She didn't expect that Su Qingge was just a little surprised when she moved the palace by herself just now.

As two sisters, although they didn't have a good heart, at this moment, they could faintly sense each other's mood. Su Qingge was much calmer than she had imagined, without panicking at all.

"Aren't you quite confident in your own means?" Su Qingge also asked indifferently.

Soon, the two of them quickly fought in this palace. Fists and palms clashed, all kinds of talismans flew, it was extremely gorgeous, and many techniques were being interpreted.

This place became extremely blurry, and even the surrounding chaotic mist exploded and scattered in all directions. Both of them were powerful enough to be respected by their peers.

Su Qingge, in particular, did not display her most powerful means from the beginning to the end, but it still made Ji Qingxuan feel troublesome. After dozens of moves, she began to get injured and cough up blood.

"Impossible!"

Blood flowed from the corner of Ji Qingxuan's mouth, and her figure retreated.

She couldn't believe it. She was born in the Upper Realm and cultivated hard since she was a child. Why was she not as strong as her sister who lived in the Lower Realm? It made her feel a sense of frustration and doubt.

"If you have only this little strength, do you think you can kill me?"

After seriously injuring Ji Qingxuan with one palm, Su Qingge stepped forward again with her clothes fluttering and a charming appearance. A faint smile lingered on the corner of her mouth, a little conceited, but also a little mocking.

Bunches of silver vines were intertwined in the void, as if rooted here, they could be condensed into various divine weapons, which was extremely miraculous. This was Su Qingge's divine means, extremely powerful and tricky.

Even if Ji Qingxuan used the Ji family's unique divine power, it was difficult to break through this technique and she would suffer heavy injuries. Her face was slightly pale, but her eyes were still calm. Obviously, there were still methods that had not been used.

And at this moment, she frowned and felt the sound of footsteps coming from outside the hall. Ji Qingxuan had no choice but to stop what she was doing.

If it wasn't for a big event, most people wouldn't dare to disturb her at such a time. Thinking of this, with a wave of Ji Qingxuan's jade hand, the chaotic mist in the palace also dissipated, and the aftermath of the battle quickly disappeared.

Su Qingge stood on the other side. Seeing this scene, she didn't continue to attack.

"What is it?"

Ji Qingxuan took out the embroidered handkerchief, wiped the blood from the corner of her mouth, and asked calmly outside the hall. However, what made her a little puzzled was that the people outside the palace didn't speak.

Ji Qingxuan frowned, feeling a little dissatisfied. Being disturbed at such a time, it was inevitable that she would feel a little angry. Especially since she had been at a disadvantage just now and was not Su Qingge's opponent.

This made her feel angry, and she had nowhere to vent her anger.

"If you have nothing to do, don't bother me." Ji Qingxuan said indifferently.

"Oh, did I interrupt you with something good?"

In the next moment, a chuckle resounded outside the hall, and the door of the hall, which Ji Qingxuan had locked tightly with a secret method, was quietly opened at this moment.

Many of her subordinates and maids were standing respectfully outside the hall, not even daring to raise their heads. It was a young man beside them who spoke. And hearing this chuckle, no matter whether it was Ji Qingxuan or Su Qingge, the expressions on their faces froze all of a sudden.

They even felt their heads buzzing, becoming blank and a little sluggish.

Young Master? Why did he suddenly visit the City of Chaos? The two of them couldn't even feel his aura.

If it weren't for Gu Changge's words, they would not have believed that he would show up here. That too at the critical moment when the two turned against each other and divided life and death.

At this moment, whether it was Ji Qingxuan or Su Qingge, a lot of cold sweat broke out on the palms and backs. However, it was Ji Qingxuan who responded the fastest.

She was taken aback for a moment, and then a strong surprise appeared on her face, and she hurried to greet him.

"My lord, why did you come here suddenly and didn't tell me in advance? I'd have greeted you outside the city."

With a happy smile on Ji Qingxuan's pretty face, she stepped forward and took Gu Changge's arm, which was the complete opposite of her indifferent and majestic appearance in front of everyone in the City of Chaos.

Subconsciously, Su Qingge also wanted to walk over, but remembering her current status, she still forcibly held back. It was just that the expression on her face was a bit complicated, more nervous and restless, worried that Gu Changge would see something.

She followed Gu Changge for the longest time. So she understood how terrifying Gu Changge was, whether it was his thoughts or the strength of his methods, they were all on a monstrous level.

Gu Changge might have sensed the fight between her and Ji Qingxuan just now. After all, his current strength was unfathomable, even if there was a formation to block it, it was difficult to isolate his perception.

"If I had told you in advance, there would be no surprises." Gu Changge smiled faintly, looked at Su Qingge in the hall calmly, and said, "This is the sister you told me about, right? Looking at it this way, the two of you look exactly alike, and it's almost impossible to distinguish."

Chapter 529: I believe it, She should be the getting spoiled

In the hall, the atmosphere was a bit weird. The two sisters, who had turned against each other and turned swords against the other, looked at each other at the same time, and they both saw a deep tension and worry hidden in each other's eyes.

For Gu Changge's sudden arrival, they were not prepared at all. They also didn't know how long Gu Changge had been here, and whether he had heard what the two of them said before. However, at this time, no matter what, they could only bite the bullet and continue.

With a smile on her face, Ji Qingxuan held Gu Changge's arm very affectionately, and explained, "She is my younger sister Ji Qingxuan that I mentioned to you, and she is the daughter from the Hidden Ji family."

"When I first saw my sister, I was also taken aback. She and I look exactly the same, so it was easy for us to recognize each other."

"I remember, did we meet once in the Vermillion Bird ancient kingdom?" Hearing this, Gu Changge nodded in surprise.

"Qingxuan greets Young Master Changge." At this time, Su Qingge also regained her composure as she greeted with a respectful expression on her face.

No matter how big the conflict between her and Ji Qingxuan was just now, at this moment, the first thing to do was to hide this deeply, so as not to show any flaws. It was best for Gu Changge not to notice the slightest abnormality.

"There's no need to be too polite." Gu Changge nodded slightly and withdrew his gaze from looking at Su Qingge.

"I heard a lot of movement outside the hall just now, and thought something big had happened." Immediately, he thought of something as a faint smile appeared on the corner of his mouth.

Hearing these words, both Su Qingge and Ji Qingxuan's hearts tightened, and cold sweat appeared on their palms.

"It's not a big deal either. I was actually competing with my younger sister just now. She always felt that she was stronger than me. I didn't believe it, so I fought her in the hall to decide the winner. I didn't expect you to come here at this time, my lord...."

However, Ji Qingxuan's reaction was quick, and she explained with her usual obedient look on her face.

"If you don't believe me, you can also ask Qingxuan, she is very strong. I was surprised today, and almost lost." Speaking of the latter, she pointed to Su Qingge, motioning for Su Qingge to speak.

"Yes, I was competing with my sister just now, and I didn't expect to attract your attention, Young Master Changge." Su Qingge understood what Ji Qingxuan meant.

But at this time, she could only bite the bullet and explain it like this. Although she felt that this explanation was far-fetched, considering Gu Changge's personality, he probably wouldn't believe it.

"Oh, so that's the reason. It seems that you sisters are quite competitive." Hearing this explanation, Gu Changge's smile deepened.

But he didn't ask any more questions. Just like Ji Qingxuan and Su Qingge were worried, Gu Changge had actually been here for a while. He not only witnessed the scene where the two sisters turned against each other, but also saw Ji Qingxuan and Su Qingge's current cards.

This made Gu Changge a little dumbfounded. Of course, he had no intention of exposing the two of them, and now Su Qingge was the real inheritor of demonic arts.

Once the exchange of identities between the two was exposed, it meant that Su Qingge's identity as the inheritor of demonic art would be exposed. This was not a good thing for Gu Changge and it would bring him a lot of trouble.

So what he had to do now was to pretend to be confused while pretending to understand.

"My sister is really competitive..." Seeing Gu Changge, Ji Qingxuan didn't ask any more questions.

She couldn't help but breathe a sigh of relief. But for some reason, both Ji Qingxuan and Su Qingge had a feeling that Gu Changge could barely believe it when they explained it this way.

This made the two of them feel very strange, feeling that Gu Changge actually already knew about their exchange of identities. Now all of this was just his appearance on purpose.

Yet at this time, if Gu Changge didn't mention it, how could they say anything more?

Gu Changge's thoughts were not something they could guess.

"My lord, what is the purpose of your visit here this time?" Afterward, Ji Qingxuan blinked and said curiously.

With Gu Changge's current status, this Chaotic Star Region was not worth his attention.

"Can't I come here if I have nothing to do? Can't I come here to see you?" Gu Changge smiled lightly and asked back as if he was a little amused by her question.

Ji Qingxuan also guessed that this might be the reason. A slight blush appeared on her pretty face, and she said happily, "My lord, you came here to see me, I am very happy and moved. I thought you were going to forget me, my lord."

Gu Changge smiled, his eyes still gentle as he added, "You are really stupid, how could I forget."

"You are very kind, my lord." Ji Qingxuan's heart was full of joy and emotion, she held Gu Changge's arm tightly, not wanting to let go at all.

She glanced at Su Qingge quietly, with a slightly smug and provocative expression. Seeing this scene, Su Qingge kept her eyes low all the time but felt a little jealous for no reason.

She knew that all of this was no one else's fault, it was the result of her own doing, and it was also her original choice. Now it was clear that the real her was standing in front of Gu Changge, but she could only act like a stranger.

On the contrary, it was her younger sister who logically enjoyed the pampering that should belong to her. At this moment, Su Qingge even felt that Ji Qingxuan wanted to kill herself, which was quite normal because even she had such emotions now.

After that, Gu Changge and Ji Qingxuan chatted about many things, including the many changes in the Chaotic Star Region during this period, and some rare treasures she had captured.

On the contrary, Su Qingge stood aside, like an outsider, looking very out of place. The feeling that something that belonged to her was taken away by her sister made her feel inexplicably sad.

"Su Qingge, don't be stupid. You are the inheritor of demonic arts. Gu Changge is the leader of the younger generation. Do you think he will tolerate you after your true identity is revealed? Don't forget what he said at the beginning, he will kill you with his own hands. This is the best way to deal with it now."

In Su Qingge's mind, another soul's voice sounded, with indifference and mockery, interrupting her fantasy.

Hearing these words, the corner of Su Qingge's mouth curled up in a self-deprecating arc, and after glancing at Gu Changge and Ji Qingxuan who were chatting happily not far away, she gradually calmed down.

She was destined to be a character living in shadows and darkness. But Gu Changge's halo was bright and dazzling, and his future was unimaginable. The two of them were destined not to be figures in the same world.

Due to Gu Changge's arrival, there was a commotion in the entire city. There were many fishes and dragons here, and many cultivators and souls. As they had offended their enemies, they could only stay away from their homeland, flee to this place, and live here for a long time.

Although everyone knew that the ruler of Chaos City today was Ji Qingxuan, known as the Queen of Chaos. But many people know that Ji Qingxuan was just taking care of it on the surface, and the master behind this huge Chaotic Star Region was actually Gu Changge.

Now that Gu Changge came here in person, all of the cultivators were shocked. During this period of time, a lot of news about Gu Changge swept across the Upper Realm like a hurricane. Many people wanted to see Gu Changge with their own eyes and get a glimpse of his true face.

However, the rules of Chaos City were strict, and even many high-level officials dare not set foot in the inner city without permission. Because of this matter, Ji Qingxuan ordered an extremely grand reception banquet.

Many families in the city were able to participate and sent a lot of gifts.

"During this time, the Upper Realm is quite lively." At the banquet, Gu Changge sat on the main seat, and couldn't help smiling slightly.

At the side, Ji Qingxuan picked up vegetables for him. Hearing his almost sighing words, she was a little puzzled, and couldn't help asking, "Young Master, why did you suddenly say that?"

On the other side, Su Qingge, who was drinking by herself, also stopped what she was doing when she heard the words and stared over.

"It's just that I suddenly remembered something. These days, many high-ranking officials of the great sect and forces have approached me, asking me to keep an eye on the trace of the inheritor of demonic arts."

Gu Changge said casually with an indifferent smile on his face.

"The inheritor of demonic arts?"

When Ji Qingxuan heard these words, her face changed slightly. She knew that the inheritor of demonic art was someone who had escaped several times from Gu Changge, and his strength was unimaginable.

During this period of time, the news of the reappearance of the inheritor of demonic arts had indeed created an uproar. Even the heir of the War Immortal Mansion almost died at the hands of the inheritor of demonic arts.

The expressions of everyone in the hall changed even more.

Su Qingge, who was picking up vegetables, also froze at the moment, which seemed a bit unnatural, but she recovered quickly, and no one noticed the abnormality. She also didn't expect that Gu Changge would suddenly mention the matter of the inheritor of demonic arts at this time.

This made her heart tremble, and she couldn't help listening intently. Gu Changge could be said to be standing at the top of the power in the Upper Realm. If the forces had plans against the inheritor of demonic arts, they might discuss it with him.

From these words, she could also be prepared.

"Yeah, the inheritor of demonic arts. Back then, that guy escaped from his hands several times. I thought he had disappeared. I never thought that it would pop up again during this period of time. It's really unexpected." Gu Changge took a sip, shook his head lightly, and seemed to be a little sighing.

"Although the inheritor of demonic arts is powerful, how can he be the opponent of the Young Master? He just escaped from the Young Master with luck." Ji Qingxuan snorted softly, her words were full of reverence for Gu Changge.

"Having said that, I can't stop him. He is really good at hiding, but I heard that this time he missed the trick, the successor of the War Immortal Mansion is not dead, and when he fought with him, he seemed to see the appearance of the inheritor of demonic arts."

Gu Changge shook his head and said casually as if talking about small household matters.

Naturally, he was talking nonsense about these words. He didn't know about the War Immortal Mansion. The relationship between the two was not that good, even if they didn't talk about it.

He said this mainly because he wanted to test Su Qingge's reaction. If she really accidentally revealed her true face, then Gu Changge could only ask Bai Lian'er to do everything possible to kill the descendant of the War Immortal Mansion.

Gu Changge would not allow such an accident to happen.

"So, War Immortal Mansion will soon be able to find a true inheritor of the magic arts."

Hearing these words, Ji Qingxuan was somewhat slightly shocked, not expecting that the Inheritor of Demonic Arts would be a hundred times more secretive and reveal its true appearance in the midst of this attack.

In this way, wouldn't the true identity of the inheritor of demonic arts be exposed to the world soon?

Su Qingge's heart shuddered, her brows were slightly wrinkled, and her expression was a little unnatural. It was indeed her mistake that she didn't kill the descendant of War Immortal Mansion.

But she never showed her true face from the beginning to the end. How did the heir of War Immortal Mansion discover her true face?

She was a little puzzled.

Could it be that the War Immortal Mansion had some secret technique that could trace back the scene at that time? But she had always been very cautious, carrying the treasure that could blind the chaos.

So what exactly went wrong?

Su Qingge never doubted Gu Changge's words, on the contrary, she firmly believed him.

"Maybe that guy has some kind of innate divine power and can spy on your true face. It is indeed your mistake not to kill him. His golden cross pupils do possess unpredictable and mysterious power."

Another soul in her mind sighed softly and seemed a little helpless.

Su Qingge's expression had regained his composure, and he asked in his heart, "Then what should I do from now on? Run for my life or find a place to hide, or change my face?"

She had expected such a day for a long time, but she didn't expect it to come so soon. But at this time, Su Qingge was not very flustered and began to think about countermeasures.

"Now it seems that we can only adapt to the situation first. If it really doesn't work, go to the Demonic Mountain and seek refuge with that one, she will take you in."

The other soul replied, and then gradually fell silent.

Su Qingge nodded with a calm expression.

"What do you think about the Ji family's matter I told you about before?"

Later, in the middle of the banquet, Gu Changge seemed to suddenly think of something and asked Ji Qingxuan beside him with interest.

Ji Qingxuan was taken aback for a moment, but then she realized that she was a little surprised. Her ambition was not concealed, and she said without any hesitation, "My lord, If you are willing to help us sisters, of course, we will take care of it."

Chapter 530: The unstoppable ambition, The Ancestor of the Ji family was trapped

Gu Changge had mentioned this matter to her before, but Ji Qingxuan was still thinking about it at that time. The main reason was that she didn't know how her current self and Su Qingge would face the Ji family.

During this period of time, Su Qingge had a good time with the Ji family and had solved many troubles that Ji Qingxuan was worried about before.

Of course, a large part of the reason for this was that many Elders of the Ji family already knew that Ji Qingxuan had a compatriot sister named Su Qingge, who was Gu Changge's maid. So now the Ji family's attitude toward her had changed greatly.

However, this did not affect Ji Qingxuan's ambition. Not only did she want to control this Chaotic Star Region, but she also wanted to become the head of the Hidden Ji family.

Only Gu Changge could give her such a chance.

"Ji family's matter?" Su Qingge's eyes also moved slightly, she knew what Ji Qingxuan was talking about.

Because before the two turned against each other, Ji Qingxuan mentioned to her that she wanted to control the entire Ji family. However, as a family of Ancestors, the Ji family had a long lineage, even surpassing many Immortal forces and Supreme sects of the Upper Realm.

That was why she had been thinking about it and felt that she needed to consider it carefully. After all, the water in the Ji family was very deep, and if she was not careful, she would fall into a situation of eternal doom.

Now there was an opportunity in front of her.

“As long as you are ambitious, I can help you.” Gu Changge said with a faint smile.

By observing Su Qingge’s reaction just now, he could see that she was also quite surprised by this news.

In this way, she should be very cautious not to expose her true face. However, for the sake of prudence, Gu Changge still had to get rid of the descendant of War Immortal Mansion.

“Thank you, Young Master.” A deep surprise appeared on Ji Qingxuan’s face.

Although the Hidden Ji family had a profound foundation, it had declined over the years, not as it used to be, and might even fall to a second-rate family. However, it was a hermit family, after all, the emaciated camel was bigger than a horse, and there were humanity’s Ancestors.

Ordinary forces dare not insult the Ji family, after all, their background was far inferior.

Although her mother was a direct descendant of the Ji family, the Ji family was humiliated because of her escape from marriage.

All these years, she had been confined, unable to leave the courtyard for half a step, and her life was so bleak that she could hardly give her any help. The current head of the Ji family was her uncle.

If she could take over as the next Patriarch of the Ji family, it would be justifiable. But now there was still a problem in front of her.

The current Young Master of the Ji family, Ji Yaoxing was at the height of the sun, with a radiant brilliance, and was very prestigious in the Ji family. Behind him, there were many Elders supporting him, and he was the most powerful candidate for the next Patriarch of the Ji family.

If she wanted to take over the Ji family, apart from Gu Changge’s support, she also needed to defeat Ji Yaoxing.

“My sister should be sure about this matter...” Ji Qingxuan said, her eyes fell on Su Qingge, motioning for her to speak.

Although the two sisters turned against each other and clashed their swords, they did not deny that they had a tacit understanding, and they could understand the other just by looking at them.

Su Qingge also nodded at this moment and said, “As my sister said, I have a lot of confidence in winning the position of the next Patriarch of the Ji family.”

Her current identity was the Ji family’s Heavenly Maiden, and she could be regarded as a respectable figure of the Upper Realm. If she took over the Ji family, she could reach another height.

“It’s good to be sure, otherwise it will be a waste of time, and there may be a joke out of it.” Gu Changge smiled, looking very casual.

If he directly intervened in the affairs of the Ji family, it would be somewhat unjustifiable.

After all, he was just an outsider. But if he went with Ji Qingxuan and Su Qingge, the meaning would be different. At that time, the Ji family would understand that he was standing behind Ji Qingxuan.

It was hard to imagine how terrifying Gu Changge’s current status in the Upper Realm. As long as the Ji family was not stupid, they would understand what this meant. Soon, Ji Qingxuan arranged many things and planned to go to the Hidden Ji family the next day.

She would definitely go with her for this matter. Otherwise, she wouldn’t have to worry about Su Qingge either. For a moment, Ji Qingxuan had uncontrollable ambitions.

That night, Su Qingge tossed around all night, it was difficult for her to calm down, and it was even more difficult to sleep. She rarely encountered this kind of state, and tonight was an exception.

A lot of thoughts flooded in her mind, making her sigh softly. Outside the palace, the moonlight was like water, and it looked quite quiet. Su Qingge looked at the other side, knowing that Ji Qingxuan was sleeping, and felt even more irritated for no reason.

At the same time on the other side. The Hidden Ji family was located at the East Upper Realm. Although it was not the strongest force in this territory, with its profound background, not many people dared to provoke it.

As an old hermit family, the territory of the Ji family was extremely vast. There were many sacred mountains and divine islands located in the clan land. The clouds were steaming and shining with lingering immortal mist. The peaks of the mountains were clad in a bright hue. It was a scene of the sacred land of the immortal family.

“Miss Chuyue came back this time, and it seems that she brought back news about her Ancestors. I wonder if it’s true or not.”

“If it’s true, as long as we rescue our Ancestors, won’t my Ji family be able to restore its former glory directly?”

“Judging from this incident, it should be true, otherwise the Elders and the others wouldn’t take it so seriously.”

Currently, in front of the gate of the Ji Family Mountain, several members of the Ji family who were in charge of guarding were talking with a bit of excitement on their faces.

The Ancestor they were talking about was naturally the one who was once honored as the Human Ancestor. As far as the Upper Realm was concerned, only those who had made great contributions to all living beings would be honored as Human Ancestors.

For the ancient ten thousand races, those who had made great achievements would be called Emperors. For example, the current Human Ancestor Hall was actually established by a Human Ancestor in the past.

Like the Ji family, their Ancestors actually had a Human Ancestor, and that person was the Ancestor of the Ji family. But later, for unknown reasons, he disappeared, and everyone in the Ji family didn't know whether he was alive or dead.

The age involved in this matter was really too long, and it could even be traced back to many epochs. As the Ancestor of the Ji family had disappeared, many inheritances were lost, which led to the gradual decline of the Ji family, and they almost became a second-rate family.

Now, suddenly hearing the news of their Ancestor, how could the entire Ji family not be shaken?

Even the Ancestors who had been sleeping all this time were startled, came out of seclusion and were discussing this matter.

"I heard the news from Ms. Chuyue that the Ancestor was actually trapped somewhere for countless years, and it was difficult to get out. He didn't sit down and die as rumored."

"And she sensed the existence of her Ancestor by mistake, so she hurried back to the clan to discuss this matter." Several members of the Ji family were excited, feeling that the day of the Ji family's success was not far away.

However, some people still felt worried and couldn't help asking, "If other forces know that our Ancestor is trapped, how can they sit still and let us rescue our Ancestor?"

"You don't have to worry about this matter, it's completely superfluous."

"We know that our Ancestor made great contributions to the Upper Realm back then. Many forces still owe him favors, not to mention that now the Upper Realm is facing the catastrophe of the Absolute Heavenly Extinction, and the Human Ancestor Hall is helpless. Now that our Ancestor is not dead. As long as we can get our Ancestor out of trouble, isn't the scourge of Absolute Heavenly Extinction easy to solve?"

"Whether it is light or heavy, you can tell at a glance."

Hearing this, the members of the Ji family next to him couldn't help shaking their heads, and analyzed and explained.
