

Villain 531

Chapter 531-1: The stunning person after the Forbidden Era, Now his hands and eyes are clear (1)

There was no news that the Ancestor of the Ji family was trapped in a certain place, but now it was only reported within a small area within the Ji family and had not yet spread to the outside world.

Therefore, the few clansmen in front of the Ji Family Mountain Gate were only talking in low voices and did not intend to let the many cultivators passing by at the foot of the mountain hear them.

Before the senior members of the Ji family decided to spread the news, they didn't dare to talk too much. But no matter what, hearing the news that the Ancestor of the Ji family hadn't fallen, made them all feel uplifted, sweeping away their previous gloomy looks.

The Hidden Ji family had been silent in the Upper Realm for too long, so long that many forces and sects had almost forgotten the existence of such a family. And when many members of the Ji family were talking about this matter.

"Ging..."

In the distant sky.

Suddenly there was a huge momentum, and a white jade chariot could be seen flying descending before them. The white jade chariot with nine blue-headed dragons as its mounts passed across, causing the sky to tremble.

It looked incomparably magnificent and majestic, and there was a terrifying pressure pervading from a long distance. The complexions of many cultivators outside the Ji Family Mountain Gate all changed, and they felt a sense of palpitation.

"This is the flood dragon at the Great Sacred Realm..."

"The nine-headed Great Sacred Dragon is pulling the cart, who the hell is there to make such a big show?"

"Are they coming to the Ji family?"

Many people were shocked and felt that such a posture would only be encountered when some Immortal force or the leaders or patriarchs of the Supreme sect traveled.

"Who is coming?"

"Go and report to the Elders."

Many members of the Ji family who were talking were also shocked in their hearts at this moment. They stood up in awe, looking at the white jade chariot descending toward this place.

Some even quickly returned to the clan to report, extremely cautious. In the current Upper Realm, what did it mean for a nine-headed Great Sacred Dragon to pull a cart?

It meant that at least one of them was an Ancestor of the Supreme sect, an Immortal force, or a figure at the level of the leader, whose strength was far above the Supreme Realm.

The current Ji family must treat such a character with caution and dare not neglect it. And soon, the white jade chariot came galloping over a distance of thousands of miles and landed in front of the mountain gate of the Ji family.

The nine-headed dragon was like nine majestic mountains, exuding a terrifying pressure, and its eyes were like a blood moon, revealing ferociousness and ferocity.

The faces of all the people in front of the Ji Family Mountain Gate changed drastically, and they were very disturbed. Many people were even out of breath and almost knelt down in front of the nine-headed dragon.

This had nothing to do with dignity, it was just a natural reaction when facing a powerful person, and it was simply uncontrollable.

“I don’t know which senior came to my Ji family...”

Someone bit the bullet, walked forward boldly, and asked cautiously.

The rest of the Ji family members were also extremely cautious, unleashing the divine weapon in their hands, worried that the enemies of the Ji family would come to the door.

And just when everyone was anxious and thinking wildly, the curtain of the white jade chariot was lifted, and a beautiful figure in white clothes emerged with a calm and indifferent expression, exuding a detached temperament.

“It’s me.” Su Qingge said.

“Miss Qingxuan...” When they saw Su Qingge, all members of the Ji family were taken aback for a moment, and then they breathed a sigh of relief.

As long as it was not an enemy, it was fine. But soon, they were even more surprised. From this appearance, Ms. Ji Qingxuan should have come back with someone. Could it be some senior with profound knowledge?

They looked at the white jade chariot very curiously, wanting to know who accompanied Ji Qingxuan back to the Ji family. However, the white jade chariot was obviously a powerful divine weapon, engraved with many formations, which could isolate prying eyes, forming a world of its own.

“Don’t think too much, the person in the chariot is Young Master Changge. Hurry up and report to the Elders that a distinguished guest has come to the Ji family.”

Su Qingge knew what they were thinking, so she couldn’t help but speak calmly.

During this period of time, she was living as Ji Qingxuan in the Ji family, but no one noticed anything unusual.

“What... Young Master Changge?”

“Young Master Changge, he actually came to Ji’s house in person?”

Hearing this, everyone in front of the Ji Family Mountain Gate was shocked, their eyes widened, and they looked at the chariot in white with an expression of disbelief. They even suspect that they have heard wrong.

Someone like Gu Changge actually came to the Ji family in person?

After reacting, their complexion changed drastically, and they didn't dare to neglect him. They directly turned into divine lights, and quickly returned to the clan to report the matter.

If Gu Changge really came in person, the gatekeepers weren't qualified to welcome.

"This is the family my sister has been living in, and it's my first time here."

The curtain of the white jade chariot was lifted again, and Ji Qingxuan walked over, seeming to say with curiosity and exclamation.

She was wearing a long purple dress, and her face was equally beautiful and delicate, revealing crystal white, almost as if carved out of the same mold as Su Qingge in front of her.

Seeing this scene, the eyes of everyone from the Ji family almost popped out, unbelievable. There were actually two people who were so similar in this world, they looked exactly the same.

If it weren't for Su Qingge standing in front of them, they might not be able to tell who was who. In the past, many people only heard that Ji Qingxuan had a sibling.

And that Elder sister seemed to be Gu Changge's maid. Because of this relationship, many members of the Ji family who had made things difficult for Ji Qingxuan before did not dare to make things difficult for her anymore.

They never expected that they would see Ji Qingxuan's sister with their own eyes today. From this point of view, the person in the white jade chariot was Gu Changge. Thinking of this, everyone's expressions became extremely respectful, and they stood still, not daring to take a breath.

"The Ji family's matter is a bit interesting."

In the white jade chariot, Gu Changge did not show up, he looked a little thoughtful. Just when he swept over with his divine sense, he happened to overhear the conversation of these Ji family members.

The Ancestor of the Ji family didn't die but was trapped somewhere. The news surprised him a bit.

In terms of seniority, the Human Ancestor from the Human Ancestor Hall who was killed by him was half a generation older than the Ancestor of the Hidden Ji family.

"The Ancestor of the Ji family is an amazingly talented person. Ji Sheng Chu is one of the most amazing beings after the Forbidden Era. The rumors say that he has already passed away. I never thought that he was trapped in a certain place. Now it seems that the Ji family intends to spread the news and want the rest of the forces to help."

Gu Changge recalled many records about the Ancestor of the Ji family in his mind. The Ji family's idea was good, but the hostile forces of the Ji family might not necessarily want Ji Sheng Chu to reappear at this time.

After all, the Ancestor of the Ji family was regarded as one of the peak figures standing in the Upper Realm back then, and his cultivation was unfathomable and unimaginable.

If he regained control of the Ji Family, it would inevitably have an impact on the current situation in the Upper Realm. Moreover, as a former Human Ancestor, Gu Changge did not know the connection between Ji Sheng Chu and Jiang Yang, the reincarnation of the Human Ancestor he killed.

Thinking about it this way, the best solution to this mutation was to make Ji Sheng Chu disappear forever. Without Ji Sheng Chu, Ji Qingxuan could control the Ji family better, which was more beneficial to Gu Changge.

“However, in terms of righteousness, it is best for me to follow the trend now, and I can only plan things in secret. After all, if Ji Sheng Chu is rescued, it may be able to solve the current calamity of the Absolute Heavenly Extinction. Most of the sects in the Upper Realm understand this truth. They once owed Ji Sheng Chu favors, and they will agree to help.”

Gu Changge’s eyes flickered slightly, and he was lost in thought. He believed that it would not be long before the news of Ji Sheng Chu’s entrapment would alarm the entire Upper Realm.

At that time, many ghosts and snake gods would show up, so why wasn’t this an opportunity for him?

And just when Gu Changge was planning in his heart, inside the mountain gate of the Ji family, divine lights descended one after another, and in the distance, there was a golden avenue that extended to the depths of the Ji family.

The current Patriarch of the Ji family, and even many Elders of the Ji family, and even the old antiques who were born because of the rescue of their Ancestor, all rushed over to greet Gu Changge in person.

For them, whether it was the rescue of their Ancestor or Gu Changge’s personal visit, they needed to be cautious and dare not relax.

“It’s about time.”

At this time, Gu Changge sensed the fluctuations and also got out of the chariot.

Chapter 531-2: The stunning person after the Forbidden Era, Now his hands and eyes are clear (2)

“Young Master Changge has come to my Ji family from far away, it is really an honor for my Ji family.”

The Patriarch of the Ji family looked at Gu Changge who appeared in front of him and said with respect.

He was a middle-aged man with a calm and majestic face. He looked extremely elegant, but there was a sense of pressure and oppression on his body that was hard to ignore. Between the opening and closing of the pupils, there was a divine light, surrounded by golden light.

The many Elders of the Ji family and the old antiques behind him also looked extremely solemn.

After the end of the campaign in the Eight Desolations and Ten Regions, Gu Changge’s power in the Upper Realm had reached an unattainable level. Even if there was a group of older generations like them, they didn’t dare to neglect Gu Changge, and they had to be respectful.

“The head of the Ji family is being polite.” Gu Changge nodded slightly with a gentle and natural expression, without the hostility that everyone in the Ji family worried about.

Everyone from the Ji family breathed a sigh of relief when they saw this. When they learned that Gu Changge was here, everyone was shocked and even worried. The intersection between the Ji family and Gu Changge was not deep.

The brothers and sisters of the Ji family offended Gu Changge because they were looking for the Heavenly Tower. Many Elders of the Ji family were worried about Gu Changge’s revenge, and then took the initiative to send out the Heavenly Wheel to resolve the trouble.

Many people looked at Su Qingge, who looked exactly like Ji Qingxuan, and while they were shocked, they were guessing Gu Changge’s reason for coming here.

“I wonder why the Young Master Changge came to my Ji family today? If necessary, my Ji family will fully cooperate.”

The Patriarch of the Ji family moved his eyes slightly, glanced at Su Qingge, and vaguely guessed Gu Changge’s purpose. However, he still took the initiative to ask.

“I came here this time to accompany Qingge.” Hearing this, Gu Changge smiled slightly.

As he said that, he reached out his hand to gesture to Ji Qingxuan who was next to him, and continued, “I think everyone in the Ji family already knows about the relationship between Qingge and Qingxuan. She hasn’t seen her mother for more than 20 years. I happen to have time during this period, so I want to bring her to meet her biological mother.”

“It turned out to be this matter.” Hearing this, the faces of many members of the Ji family changed slightly, a little worried that Gu Changge would blame the Ji family for this.

They naturally knew the relationship between Ji Qingxuan and Su Qingge, and many Elders even went to meet “Su Qingge” in Chaos City in person.

Su Qingge’s mother, Ji Xue, fled to the Lower Realm because of her escape from marriage and gave birth to Su Qingge there.

Later, when the powerhouses of the Ji family found out about this, they went to the Lower Realms to capture her back. After Su Qingge’s mother begged bitterly, they let her daughter and husband in the Lower Realm leave.

But after returning to the Upper Realm, the Ji family discovered that Su Qingge’s mother was actually pregnant.

As the Patriarch of the family, Ji Hao was Ji Xue’s elder brother. Although he was angry about this, he didn’t blame her anymore and instead let her give birth to his daughter Ji Qingxuan.

So these years, Su Qingge’s mother had been kept in a claustrophobic state, unable to leave the courtyard for half a step. After all, she had humiliated the entire Ji family back then, and it was already a great mercy that they didn’t kill her.

“Young Master Changge, don’t worry, since Qingge wants to see her mother, that’s all. As an uncle, how can I have any reason to let her disappear. Although Ji Xue did something wrong at the beginning, after so many years, she must have figured it out.”

The Patriarch of the Ji family nodded, solemnly assuring. He was not surprised by this matter, ever since he saw “Su Qingge” next to Gu Changge, he had already guessed Gu Changge’s intention.

From this, he could also see that “Su Qingge” seemed to be very favored by Gu Changge’s side. Otherwise, as Gu Changge, how could he come here in person because of such a trivial matter?

He even only needed one sentence, who in the entire Ji family dared to disobey? Now Ji Xue could be said to be as precious as mother and daughter. With Su Qingge’s relationship, who in the current Ji family would dare to embarrass her? It was too late to please.

Many Elders of the Ji family and Old Antiques also nodded at this moment, expressing that there was no problem and that they dare not stop them. Even the people who were very angry about this matter at the beginning don’t dare to say a word now.

Seeing this scene, Ji Qingxuan’s expression was somewhat complicated. She still remembered how difficult it was for her and her mother in the Ji family. Many clansmen looked at them with supercilious glances, wishing that their mother and daughter would die.

For this reason, she lived like walking on thin ice, cautiously, but she still couldn’t avoid being the tool of the Ji family’s marriage. But now Gu Changge only needed one sentence, who in the Ji family would dare to embarrass their mother and daughter?

This was the smell of power.

Afterward, everyone in the Ji family welcomed Gu Changge, and many direct descendants also showed up, watching this scene from a distance in shock.

A girl with a beautiful face in a pale yellow dress with big eyes and a sly expression, was standing between a mountain peak, looking at the scene on the other side. Beside her was a very calm young man in a golden robe with golden talismans flowing in his eyes, like a young god.

“Brother, do you think that Gu Changge came to the Ji family only for the sake of Ji Qingxuan’s mother? But my gut tells me it’s not going to be that simple.”

The girl in the pale yellow dress shook her head slightly, and couldn’t help but speak.

It was Ji Chuyue who had a lot of interactions with Gu Changge when she was looking for the Heavenly Tower.

The young man next to her was the Young Master of the Ji family, Ji Yaoxing.

“No matter what the reason is, it can’t stop us from rescuing our Ancestor. Even if Gu Changge’s power is unrivaled, he can’t intervene in this matter. A person like him will not do stupid things at this juncture.”

Ji Yaoxing was very calm and authentic, his eyes flickered with brilliance, displaying his sharpness.

“The Ancestor must be saved. The old man has been trapped in Mount Kun for countless years. He finally found an opportunity to tell me about it. We will definitely rescue him.”

Ji Chuyue nodded, thinking of the experience some time ago, it was still a bit dreamy.

The Ancestor, Ji Sheng Chu, was once honored as the Human Ancestor by countless creatures in the Upper Realm. The Hidden Ji family, also known as the family of the Ancestor, had infinite potential.

Unlike today, it was almost reduced to the level of a second-rate family. However, Ji Chuyue believed that everything would get better after they rescued their Ancestor.

Mount Kun was an extremely dangerous place in the Upper Realm. It was even called a forbidden area, also known as Immortal King Mountain. It was rumored that a long time ago, an extremely powerful Immortal King fell into it, and his blood stained the world red, reflecting the universe.

Some time ago, she and a few people were trying to find a mountain treasure in the outermost area of Mount Kun, but suddenly heard the summoning voice of the Ancestor.

Ji Chuyue was extremely shocked. After hearing the words of the Ancestor’s summons, she was even more horrified. She didn’t dare to stay there, and hurried back to the clan, telling all this to the Patriarch and many Elders.

“If we rescue our Ancestor, our Ji family will be restored to its ancient glory just around the corner.” A smile appeared on Ji Chuyue’s face.

“Even if the Ancestor was trapped in Mount Kun, he would still be alive for countless years.”

When mentioning the Ancestor, Ji Yaoxing couldn’t hide the reverence on his face. But soon, he remembered something and frowned before saying, “Your so-called friend, don’t have any contact with him during this period of time, you know what happened in Purple Mountain back then.”

Hearing this, Ji Chuyue’s face froze slightly, which seemed unnatural.

“So you know, brother...” she said nonchalantly.

“Of course, I know. In order not to offend Gu Changege, I threw him out without hesitation, but it turned out that you were lucky enough to save him once at the auction house a few days ago.”

Ji Yaoxing said indifferently, his eyes showing indifference that everything was under control.

Ji Chuyue’s expression was a little embarrassed and she explained and retorted, “I was feeling guilty, and Jiang Chen also did me a favor. He is carrying the inheritance of the Divine Origin Master, this time at the edge of Mount Kun, if not for him, I may not be able to hear the summoning voice of my Ancestor.”

Ji Yaoxing frowned and said, “Don’t forget that Jiang Chen regards Gu Changege as an enemy. As a princess of the Ji family, you should consider everything from the perspective of the family.”

“What will meeting Jiang Chen bring to you and the family? If you offend Gu Changege, what will it bring to the family? I hope you can think clearly. You can use Jiang Chen, but you can’t make friends with him sincerely, he is not a good person, he has a disgusting evil nature.”

Hearing her brother's words, Ji Chuyue's face froze, and she wanted to refute but she couldn't find the words, and she was a little disconcerted.

She clearly felt that Jiang Chen was quite a nice person. It was just a pity that he had always regarded Gu Changge as an enemy and wanted revenge.

Chapter 532: Young Master Changge is high-spirited and upright, The so-called blessings and misfortunes depend on each other

Currently within the main hall of the Ji family, many high-ranking members of the Ji family and old antiques had gathered, but they were all very quiet at the moment, standing at the side rather respectfully.

In the center, a haggard-looking woman was meeting "Su Qingge." The two had sincere faces, their eyes were flushed, and they tightly held each other's hands as if they reunited after a long time.

This woman was naturally the mother of Su Qingge and Ji Qingxuan, Ji Xue. She had been under confinement and was strictly forbidden to leave the courtyard half a step.

Today was the first time she left the courtyard, and was told that another daughter of hers had come to look for her. This made Ji Xue very excited and she almost shed tears.

She didn't know about the exchange of identities between Ji Qingxuan and Su Qingge. The two daughters looked exactly alike, as long as they learned how to describe each other, even her biological mother couldn't tell who was who.

"I've heard your sister talk about you before, and you really look like her! It's been so hard for you these years, your mother is sorry for you..."

Ji Xue's eyes were flushed, and her words choked up. She never thought that she would see the sun again one day. She never expected such a thing at all, because she knew it was impossible. She was doomed to die of old age in that secluded courtyard all her life.

However, today, all the members of the clan decided to revoke her punishment and even restore her previous identity.

Ji Xue understood that these were brought by her daughter Su Qingge, to be precise, because of the young man beside her. Her daughter had an unimaginable backer.

Even if the Ji family was in front of him, they had to step back. This made her feel both gratified and bitter. If her daughter hadn't met Gu Changge, how much hardship would she have suffered?

"Young Master Changge, we have prepared a banquet here. After Qingge and Ji Xue, both mother and daughter get to know each other, we can have dinner."

The Patriarch of the Ji Family, Ji Hao, spoke quite respectfully as he looked like a good uncle.

Gu Changge nodded slightly but did not refuse. If he hadn't already known about the affairs between Su Qingge and Ji Qingxuan, even he would have been deceived by Ji Qingxuan's acting skills at this moment.

“On the way here, I heard that the Ancestor of your Ji family, Senior Ji Sheng Chu, is now trapped in a certain place. I wonder if this news is true or not?”

Gu Changge seemed to think of something and he couldn't help raising his eyebrows before asking unhurriedly. Hearing this, the expressions of the members of the Ji family in the main hall changed slightly.

They didn't expect Gu Changge to suddenly ask such a question, how did he know this news?

One must know that none of them had decided to spread the news.

“Where did Young Master Changge hear the news? Regarding this matter, in fact, we have not yet decided whether to inform the outside world.”

But at this time, it was not easy for them to ask too many questions. Ji Hao, the Patriarch of the Ji family, returned to his natural expression and added.

“Oh, so it looks like the news is true.” Gu Changge nodded in a daze, and then added with a faint smile, “Senior Ji Sheng Chu's deeds made the younger generation quite admirable. Now that he is trapped in a certain place, it is inevitable for me to be a little worried. If the Ji family intends to rescue senior Ji Sheng Chu, I would like to lead the Gu family to contribute.”

“What?” Hearing this, everyone in the Ji family in the hall was stunned for a moment and their eyes widened in disbelief.

Gu Changge was willing to save their ancestor.

Why would he be so kind?

Many people were extremely shocked by this, but Gu Changge didn't seem like he was joking at this time. Their faces couldn't help showing excitement and surprise.

Even Ji Hao, the Patriarch of the Ji Family, took a deep breath to calm himself down. Yet he was also a little surprised, and his voice trembled slightly, “If Young Master Changge is willing to help, we, the Ji Family, will naturally be grateful.”

As long as there were Gu Changge's words, he could immediately order the news that their Ancestor was trapped in Mount Kun to spread throughout the Upper Realm.

Earlier, they were worried that because of this matter, the enemies of the Ji family would come to find them, and they would have to fight them.

Over the years, the Ji family had become weaker. If many enemies attacked together, they might not be able to survive until they were able to rescue their Ancestor. That was why he was hesitating. After all, there were pros and cons to this matter.

But after Gu Changge's words, the situation became different, which gave Ji Hao a lot of confidence. With his help, the entire Ji family was an unspeakable deterrent to their hostile forces.

“There’s no need to be like this. Senior Ji Sheng Chu made great contributions to the Upper Realm at the beginning. Protecting hundreds of millions of living beings. Now that he is in trouble, how can we, as juniors, refuse to save him?” Gu Changge shook his head lightly and calmly said with a smile.

Hearing this, everyone in the Ji family, who had grown fond of Gu Changge because of what happened just now, admired him even more. Such an awe-inspiring matter was mentioned by Gu Changge, but it seemed to be an understatement as if it was not worth caring about.

It could only be said that it was worthy of the Young Master Changge, the state of his mind and nature was far beyond their reach. The brothers and sisters Ji Chuyue and Ji Yaoxing who had just entered the hall were also taken aback when they heard this.

Especially Ji Chuyue, her beautiful eyes stared at Gu Changge blankly. She couldn’t imagine that this was what the Gu Changge she knew back then could say.

In her impression, Gu Changge was not only powerful but also had an extremely deep understanding. He would not give up until he achieved his goal, and he was very cold and ruthless.

She was still worried before, thinking that Gu Changge might prevent them from rescuing the Ancestor. But now he was willing to take the initiative to help.

“Gu Changge’s thoughts are indeed beyond my guess...” Ji Yaoxing’s heart was shaken secretly, very surprised.

He guessed that Gu Changge would not intervene in this matter, but he did not expect that Gu Changge would be willing to help. No matter what the reason was, this was a great kindness to the entire Ji family, and it was worth remembering forever.

“Young Master Changge is so high-spirited and upright that I really admire him.”

Many high-ranking members of the Ji family and Old Antiques also spoke at this moment with submissive expressions, and these words also came from their hearts.

Later, at the banquet, the head of the Ji family, Ji Hao, and others told Gu Changge in detail how they knew how the Ancestor of the Ji family was trapped in Mount Kun.

Mount Kun was extremely famous in the entire Upper Realm, and it was a life-threatening place, even the Supreme beings only dared to wander around the periphery.

In a slightly deeper place in Mount Kun, even a small puddle might contain endless dangers.

After all, Mount Kun was also called Immortal King Mountain. It was said that an Immortal King had fallen. Countless years had passed, and even a drop of the Immortal King’s blood contained unimaginable power, which was enough to wipe out everything.

“It turned out that senior Ji Sheng Chu was trapped in Mount Kun... It’s been so many years, and he’s still alive, so I can only say that he is worthy.”

Gu Changge nodded in amazement as if admiring, but thoughtful in his heart.

Although Mount Kun was extremely dangerous, the so-called fortune and misfortune depended on each other, and there were naturally unimaginable opportunities.

It was impossible for the Ancestor of the Ji family to be trapped in Mount Kun for no reason.

Chapter 533-1: A living Human Ancestor, Wind and clouds gathered in Kunwu City (1)

“It has been countless years since the Ancestor disappeared. If Chuyue hadn’t heard the summon from the Ancestor, we might not have known that the Ancestor was trapped in Mount Kun.”

“For so many years, we thought that our Ancestor had died, but we never thought that the old man was still alive, and was trapped in Mount Kun.”

“As the heir of the descendants, I don’t know anything about this. I’m really ashamed. I have no idea how I’m going to face Ancestor Sheng Chu.”

Within the main hall of the Ji family, in the middle of the banquet, a lot of wine was being poured. Some Elders were dizzy and their emotions were infected, and they were a little ashamed.

Gu Changge sat down happily, and smiled lightly, “Senior Ji Sheng Chu has a high level of cultivation, and he has never been able to sit down after being trapped in Mount Kun for so many years, which already explains everything. If we can rescue senior Ji Sheng Chu this time, wouldn’t it be a merit to the Upper Realm?”

Hearing this, everyone in the hall was shocked, and their faces were filled with joy. They naturally knew what that meant.

One must know that the Upper Realm today was distressed by the disaster of Absolute Heavenly Extinction, and there was nothing to do.

After all, their Ancestor was honored as a Human Ancestor. When the time to reach the peak would arrive, they could sit in the Ji family and wait for the Great Sect Masters from all over the Upper Realm to come to worship.

How beautiful were those scenes?

While fantasizing, they couldn’t help but feel a surge of emotion.

“What Young Master Changge said is very true. If the Ancestor is alive, why should my Ji family not be able to restore its ancient glory?”

The Patriarch of the Ji family, Ji Hao, had a few glasses of wine. Usually it was rare for him to show joy on his majestic face. While speaking, he glanced at Su Qingge and Ji Qingxuan who were standing behind Gu Changge.

Looking at it this way, it was almost difficult to tell who was the older sister and who was the younger sister. He couldn’t help asking in his heart, “What does Young Master Changge think of Qingxuan?”

In terms of identity, although he was Ji Qingxuan’s uncle, he seldom cared about her these years, let alone taking care of her. But at this time, he must act like an uncle, lest Gu Changge feels that he had treated Ji Qingxuan badly during these years.

“Qingxuan is pretty smart. She’s very likable,” Gu Changge said with a faint smile and glanced at Su Qingge who was at the side while speaking.

Su Qingge lowered her eyes and seemed very quiet. She didn’t say much, and was playing the role of “Ji Qingxuan”.

A look of joy appeared on Ji Hao’s face, and he nodded hastily, “Qingxuan has indeed been smart since childhood, and she does things reasonably and neatly.”

At this moment, the faces of the other Elders could not hide their joy. Although Su Qingge was Gu Changge’s maid, her surname was not Ji after all, and she was actually no different from an outsider in their hearts.

But Ji Qingxuan was different. She was a direct disciple of the Ji family and grew up with the Ji family since she was a child. If she could be liked by Gu Changge like her sister, it would be a great thing for the entire Ji family.

In the current Upper Realm, was there a more reliable thigh than Gu Changge?

“Chuyue, Yaoxing...”

Afterward, Ji Hao called his son and daughter, namely Ji Yaoxing and Ji Chuyue, to come up.

Although the two had contact with Gu Changge before, this time when he suddenly came to the Ji family, and they hadn’t come to pay their respects yet.

So in Ji Hao’s view, it was better to take this opportunity to build a good relationship with Gu Changge. On the other hand, Ji Hao, the head of the Ji family, also had his own little thoughts.

In terms of appearance alone, his daughter Ji Chuyue was no worse than Ji Qingxuan and Su Qingge. With everything being said, Ji Qingxuan was only his niece, and Ji Chuyue was his daughter.

Ji Chuyue was dressed in a light yellow long dress. She was tall and slender, with a beautiful face, sparkling and cunning eyes, and the aura of the world, like an immortal.

“Chuyue greets Young Master Changge.” She blinked her eyes and greeted Gu Changge.

Beside Ji Chuyue, Ji Yaoxing was dressed in a golden robe with a calm expression, but the moment he cupped his hands and said, “Yaoxing greets Young Master Changge.”

When they were in Purple Mountain before, they offended Gu Changge because they went to find the whereabouts of Heavenly Tower without telling Gu Changge.

Later, the Ji family took the initiative to give away the Heavenly Wheel that they had obtained so hard, and this was considered to have solved the trouble.

“You two are welcome. Speaking of which, when I was in Purple Mountain, it was thanks to you two that I was able to find the Heavenly Tower.” Gu Changge nodded slightly, with a smile on his face.

Ji Chuyue and Ji Yaoxing were both a little unnatural and embarrassed when they heard this. If Chen Ning’er hadn’t been following them in secret, Gu Changge might not have broken the restrictions outside Purple Mountain so easily.

Of course, this matter was thanks to Jiang Chen at that time.

“Young Master Changge has a lot of people. Regardless of the faults my sister and I made at the time, he is still willing to help my Ji family. It really makes Yaoxing ashamed.” Ji Yaoxing said with a bit of guilt.

“It’s just a trivial thing, don’t worry about it.” Gu Changge waved his hand, looking very casual, and didn’t care.

In his opinion, Ji Yaoxing was a person who had made great achievements and was very smart. It could be seen from the fact that he abandoned Jiang Chen without hesitation at the beginning.

Such a character knew what to do at critical times. Even if Gu Changge didn’t speak up about the position of Patriarch of the Ji family, Ji Yaoxing would choose to back down and give it to Ji Qingxuan.

In the next few days, the news that the Ancestor of the Ji family, Ji Sheng Chu, was alive, seemed to have grown wings, and suddenly swept across many territories in the East Upper Realm, causing huge waves and a commotion in the Upper Realm.

Many Immortal forces and Supreme sects were shocked and couldn’t believe it.

One must know that the Ancestor of the Ji family, Ji Sheng Chu, was a figure countless years ago. He was once honored as the Human Ancestor and later created the Ji family by himself.

Such a character was also extremely amazing and talented in that era. It was just that later, for unknown reasons, he suddenly disappeared. Many people thought that he had passed away, which led to the gradual decline of the Ji family.

Now they suddenly heard that the Ancestor of the Ji family had never died, but was just trapped in Mount Kun. This made many people stunned in shock. They couldn’t believe it.

Based on this calculation, for how many years had the Ancestor of the Ji family been trapped?

It had probably spanned several epochs. This news was extremely true, as it was said by the old antique of the Ji family, it was earth-shattering and soon shook the entire Upper Realm.

At this moment, almost no force or sect could sit still. After all, the Ancestor of the Ji family was a peerless figure countless years ago, standing at the pinnacle of the Upper Realm. He had been trapped in Mount Kun for all these years.

Didn’t that mean that he had lived in Mount Kun for at least several epochs, or even longer?

As for how the Ancestor of the Ji family was trapped in Mount Kun, no one knew. No matter what the reason was, the news that the Ancestor of the Ji family was still alive was already shocking enough, after all, that was the existence that was once honored as the Human Ancestor.

When this news swept across the Upper Realm, many Immortal forces and Supreme sects also reacted immediately.

Some forces and sects who had enmity with the Hidden Ji family could hardly sit still, and were very worried, thinking that if the Ancestor of the Ji family got out of trouble, they would start to trouble them.

Then another incident was even more shocking. The Ji family planned to rescue the Ancestors and sent many powerhouses to Mount Kun. However, before approaching Mount Kun, they encountered an inexplicable formation near it, and everything turned into dust and disappeared.

This made many forces who paid attention to this matter tremble. Needless to say, Mount Kun was dangerous. Even a Supreme did not dare to venture there lightly, and there were even many stories of Enlightened beings dying here.

Chapter 533-2: A living Human Ancestor, Wind and clouds gathered in Kunwu City (2)

The Ji family wanted to rescue their Ancestor, but looking at it now, it was not a simple matter.

“Ji Sheng Chu, the Ancestor of the Ji family, is a person who has made great contributions to all beings in the world. The rest of the forces are standing by at this time.”

“I don’t think it will be long before the Immortal forces and Supreme sects from all over the Upper Realm will gather here.”

“After all, there is a true Human Ancestor living in Mount Kun...”

Within the various ancient cities, there were cultivators and creatures discussing and expressing their opinions. In their view, Ji Sheng Chu was not only the Ancestor of the Ji family but also the Human Ancestor in the eyes of countless creatures in the Upper Realm.

Now that he was facing a crisis and trapped in Mount Kun, those forces that owed him favors would definitely help him. Moreover, on the other hand, if Ji Sheng Chu was rescued, the scourge of the Absolute Heavenly Extinction that the Upper Realm was facing now might also be solved.

With this in mind, many forces and sects were waiting and watching, wanting to know the attitude of the Upper Realm toward the trapped Ancestor of the Ji family.

And during this period of time, everyone in the Ji family also mobilized their power one after another, asking for help from forces that had a good relationship with the Ji family in the past.

Especially some forces that had been taken care of by Ji Sheng Chu. In time, another piece of news came out from the Ji family, which quickly shocked all parties and caused huge waves.

Gu Changge intended to lead many powerhouses of the Gu family to help the Ji family break through Mount Kun and rescue Ancestor Ji Sheng Chu. This news shocked many Immortal forces and Supreme sects, which was a bit unbelievable.

It stood to reason that the Ancient Immortal Gu Family and the Ji family didn’t have a deep connection, so why did Gu Changge want to do this? Could it be that he was really warm-hearted? Or did he just want to help the Ancestor of the Ji family get out of trouble?

But this was very different from the Gu Changge they knew. On the other hand, after seeing the Ji family getting help from Gu Changge, many forces that were hostile to the Ji family quietly withdrew their edge.

With such confidence, the Ji family received help from many forces and cultivators and began to mobilize their background to prepare for the first attack on Mount Kun. For a time, the entire Upper Realm was once again in a state of turmoil, and many forces all turned their attention to Kunshan.

Although Mount Kun was a very famous life-threatening place in the Upper Realm. But from the outside, it was a land of verdant green. The clouds were steaming and the rosy clouds were blooming, revealing the simplicity and vicissitudes of life.

The clouds rose with colorful mist, and it was gorgeous. The majestic and terrifying sacred mountains and divine mountains stood in the depths, majestic as if they had existed since the beginning of the world.

Around Mount Kun, there was even a layer of chaotic mist that could not sink. There was a faint blood color intertwined and reflected in it as if to show the world that some horrible and bloody things had happened here. The Enlightened beings were bleeding and falling. Even the True Immortals were hard to get through!

At the foot of Mount Kun, there was an ancient city called Kunwu City, covering a territory of millions of miles. It was a prosperous, majestic, magnificent and extremely vast ancient city that had survived for a long time.

Since this period of time, the crowds in Kunwu City have been surging. One after another divine lights could be seen coming from all directions every day. After hearing the news that the Ancestor of the Ji family was trapped in Mount Kun, many cultivators rushed over from all over the place, anticipating that something terrible would happen in Mount Kun in the near future.

A living Human Ancestor was now trapped in Mount Kun. The sensation caused by this news could be described as earth-shattering and no force could calm down.

In addition to the Leaders and Elders of the major sects who came here, even many younger generations gathered together, intending to take a look at the matter. Mount Kun was also known as Immortal King Mountain, where opportunities and crises coexist.

Someone once picked a small red grass outside Mount Kun. After swallowing it, his cultivation increased greatly, and his cultivation reached the Quasi-Emperor Realm.

Some people said that the little grass had absorbed the blood of the Immortal King. Although it was probably only one in a billion, it was extremely rare and its value was immeasurable.

There were quite a few fetishes like this.

Every day in Kunwu City, cultivators could be seen going to the outskirts of Mount Kun to pick up leaks and treasures. Even some of the strangely shaped stones that contained special Dao rhymes were very valuable.

Some business alliance forces even set up a gambling stone workshop in Kunwu City. Those rare stones were all from around Mount Kun, and even some powerful existences risked their lives to move them out of it. The value was unimaginable.

Among those strange stones, some people had even cut out the Supreme Scriptures, rare Immortal veins... There was even a drop of sealed blood, just the breath that it diffused made the sky tens of thousands of miles away. With drastic changes, the stars outside the domain were trembling.

That drop of mysterious blood was finally purchased by a certain force at a sky-high price. It was rumored that they even created a peerless genius, but then disappeared for unknown reasons.

In short, Mount Kun contained all kinds of mysterious good fortune, and even some Enlightened beings could continue their lives because of some divine items from Mount Kun, alleviating the five declines of Heaven and Man.

Buzz!!

The sky trembled, and the dazzling ancient warships or chariots arrived from afar, descending on Kunwu City like a small sun, causing quite a commotion.

“That’s Tian Jiuyin, the son of the Primordial Divine Sect...”

Someone was surprised and shocked and recognized a young man walking out of the ancient warship. He looked very feminine, but there seemed to be rounds of bright moons rising and falling behind him.

“It is rumored that he has a male and female appearance and possesses the Divine Taiyin Physique, and is now at the mid-stage of the Sacred Realm, sweeping away and invincible.”

“Some time ago, I heard that he easily killed a fierce beast in the Great Sacred Realm, and the Taiyin Divine Physique has already achieved a small degree...”

Many cultivators in Kunwu City whispered and stared at the young man in front of them. Kunwu City was home to many crouching tigers and hidden dragons. Young supreme beings of all ethnic groups could be seen coming almost every day.

Apart from those patriarchs who never showed their heads and tails, these young supreme beings were the most eye-catching.

Boom!!

At this time, there was a wave coming from another direction, a very tall white jade flying boat galloped past and landed toward this place, filled with a simple and magnificent atmosphere.

“That’s a member of the Hidden An Clan...”

“I heard that the descendants of this generation of An Clan in the hidden world are very mysterious. They have never walked in the world, but their own strength is unimaginable.”

“I wonder if I can meet the descendants of the Hidden An clan this time.”

This place caused quite a commotion immediately, and many cultivators were shocked and stared closely at the white jade flying boat.

Apart from the Hidden An Clan, many young Supreme Beings had appeared before, even the Six Crown King, Heavenly Phoenix Maiden, and others had shown their traces.

It could be said that this time Mount Kun had attracted the attention of the entire Upper Realm, and many young people had rushed to Kunwu City. The cultivators and living beings were looking forward to it, feeling that there would be a big collision among the younger generations here before the sects rescued the Ancestor of the Ji family.

“Hey, have you noticed that the girl in the green dress who walked in from outside the city just now is a little familiar?”

At this time, a cultivator suddenly opened his mouth, his eyes widened as he looked in the direction of the city gate. However, the figure of the young girl in green clothes just flashed past, and soon disappeared, as if he had hallucinated.

“It seems to be the little princess from the Gu family... I didn’t expect her to come here too...” The cultivator on the other side was also a little surprised, “It seems that Kunwu City will be very lively during this time.”

Chapter 534: The old friend reunited, Another toad who wanted to eat swan meat

Kunwu City was not far from Mount Kun. Even if one looked at the city wall, they could see a large mountain range covered by the vast chaotic mist, standing on the top of the cloud, seemingly majestic.

It was so foggy that it was impossible to see clearly. More like an ancient land that existed since the beginning of the world, full of mystery and vastness.

From a very long distance, it exuded a terrifying pressure that could make one’s heart tremble, which was breathtaking. Rays of divine lights swept across the sky as it descended from distant realms, and rushed to Kunwu City.

Within the past few days, too many great figures had descended upon Kunwu City. Even throwing a stone down might hit an Elder of a certain Immortal force. Many cultivators even felt that there was some kind of extremely powerful Enlightenment fluctuation, which disappeared from Kunwu City in an instant, making people palpitate.

Among the forces that came to help the Ji family, they even brought Emperor Realm weapons and tried to invade Mount Kun. Such a move was so rare that it disturbed all directions. It could be said that such a thing had rarely been seen in these epochs.

Previously, the Upper Realm raised troops to attack the Eight Desolations and Ten Regions, but that was the power of the entire realm. Yet now it was facing the forbidden land of Mount Kun.

As for whether there were any Enlightened beings alive in Mount Kun, this matter had always been a mystery. Because none of the cultivators or creatures who had entered Mount Kun could return alive.

If the Ancestor of the Ji family could be successfully rescued this time, it would be tantamount to breaking this precedent.

Currently, in a gambling stone workshop in Kunwu City. A young man in disguise was mingling with a cultivator, looking at it from time to time as if discussing something.

The young man was quite handsome with a tall and straight figure, exuding an aura that was completely different from ordinary people. As for the cultivator next to him, although he looked benevolent, he gave people a feeling of being difficult to get along with.

“Benefactor Jiang Chen, you see, as the descendant of Divine Origin Master, you should know what is hidden in these strange stones, right?”

The two of them were Jiang Chen and Monk Pudu. It was Monk Pudu who spoke. He smiled and added as his eyes flickered glancing over the many strange stones in the Gambling Stone Workshop.

Jiang Chen looked natural and calm before he nodded and replied, “Of course.”

The general trend of the world, the evolution of mountains and rivers, etc. were all within the scope of deduction and exploration of the Good Fortune Immortal Boat. Although he couldn’t directly see through what was hidden in those strange stones. But with the feeling, he could perceive the rarity of the things within it.

Not to mention that during this period of time, he had become more and more familiar in the cooperation with the Artifact Spirit of the Immortal Boat. He could even activate some of the power that belonged to the Immortal Boat.

The gambling stone workshop in front of him seemed to be tailor-made for him.

“That’s good. After a while, the little cultivator will be responsible for paying for the rough stones, and Jiang Chen, the benefactor, will be responsible for the selection. The things that are cut out, Jiang Chen benefactor, you and we will share equally. What do you think?”

With Jiang Chen’s guarantee, Monk Pudu couldn’t help but smile authentically, which was quite different from his kind-hearted image. Jiang Chen didn’t hesitate for long, and directly nodded in agreement.

He and Monk Pudu were old acquaintances, so naturally he would not doubt Monk Pudu’s character.

Of course, there was another layer of relationship. He was indeed short of money now, and most of his money was used to procure cultivation resources. The rough stones here were expensive, because they were mined near Mount Kun, and the price was much higher than the rough stones in other ancient cities.

Afterwards, the two squeezed away the cultivators in front of them, and walked toward the higher pavilion of Gambling Stone Workshop. Monk Pudu was obviously a regular customer of Gambling Stone Workshop, and he understood that the rough stones in the pavilion below were actually from the outermost periphery of Mount Kun, and rare things could be indeed cut out.

Soon, the two arrived at the third floor of the pavilion, in the presence of the colored mist. The venue was quite spacious and unique, and the rough stones placed in various places also erupted with various colors of light.

There was even a change in some rough stones. The cultivators here were far inferior to the cultivators below in terms of tolerance and cultivation, and they obviously had a lot of background.

Jiang Chen even saw a lot of disciples from the Immortal Sects, who had an extraordinary demeanor.

“Jiang Chen benefactor, you can choose whichever one you like.”

After arriving here, Monk Pudu displayed a smile on his face, obviously trusting Jiang Chen very much.

Jiang Chen didn't talk nonsense, with some divine light in his eyes, he was talking with the Artifact Spirit of Good Fortune Immortal Boat in his mind, while looking for the origin stone placed before them.

“Little Chen, pick this one. Yes, it is the biggest one in the middle...” The Artifact Spirit of Good Fortune Immortal Boat urged.

Jiang Chen nodded, and his eyes landed on the largest rough stone in the middle of the third floor, which had a breadth that required a few people hugging it together. It looked uneven and had many small bumps. Compared with the other rough stones that exuded brilliant rays of light, it looked good.

“I want this piece.” Jiang Chen said lightly, without any hesitation, pointing to this piece of rough stone.

Hearing what he said, many people paid attention with a bit of a strange expression on their faces.

When Jiang Chen and Monk Pudu had arrived just now, they took a look and saw that they didn't know each other, so they didn't care about it. They thought that the two of them would choose for a while, but Jiang Chen just took a look and picked the biggest rough stone.

This shocked them a little, and then they couldn't help laughing.

In their opinion, this move was more than a little silly. It was like a layman who didn't know anything.

“Who are you fools? Do you think that the biggest ones can produce good things? Even Mo Lao shook his head and said he couldn't see through that piece of rough stone, yet you want to buy it in one bite.”

At that moment, someone couldn't help but shake his head, mocking.

The Mo Lao he was talking about was a very famous origin master in the nearby Gambling Stone Workshop with profound attainments and even he was not sure about this rough stone.

So this rough stone had gradually become something that no one cared about, and it had been placed here for several years.

“This young man really wants to buy this one?” But the shopkeeper in charge of this place was a little surprised.

No matter whether Jiang Chen understood it or not, in his opinion, Jiang Chen was a guy who was sent to his door to take advantage of him, so how could there be any reason not to rob him?

This rough stone had been left unattended for so many years, and today a big fool had finally come.

“Of course, it's true.” Jiang Chen said indifferently, the expression on his face was always calm and indifferent as if he wasn't surprised that everyone would react like this.

“How many spirit stones?” Although Monk Pudu was also a little puzzled, he was extremely convinced by Jiang Chen, and directly took out his storage ring.

“Three hundred thousand spirit stones.” The shopkeeper said with a smile.

Seeing the shopkeeper's expression, a sneer flashed across Jiang Chen's face, and he said in his heart that he would cry later.

Monk Pudu was very straightforward, and directly took out 300,000 spirit stones and bought this rough stone.

"Young master, we have to make an agreement. Once you buy it, no matter what happens after a while, it has nothing to do with our gambling. Don't regret it later."

The shopkeeper was worried that Jiang Chen would regret it for a while, so he couldn't help explaining 'kindly.'

"Stop talking nonsense, cut it quickly." Jiang Chen said lightly, appearing quite impatient.

Seeing this scene, the rest of the people immediately gathered around, seemingly very interested, but Jiang Chen actually planned to buy this rough stone.

Not only did this guy look stupid, he was actually so rich. Although there were quite a few great disciples here, not many of them could take out 300,000 spirit stones at once.

"Three hundred thousand spirit stones... tsk tsk tsk..."

"If nothing comes out, he will cry."

Many people watched with interest, with a touch of mockery.

With that, the cultivator in charge of cutting the stone carefully peeled off the layers on the surface of the original stone, and a mysterious fluctuation suddenly permeated the pavilion.

Everyone's expressions changed a little at this time, not as contemptuous and casual as before. Some old men, including the shopkeeper, even looked solemnly.

In the next moment, a rich red glow suddenly burst out from it, accompanied by an aura that made the pores dilate.

"That's... Blood King Ginseng..."

"At least it's more than a million years old..." Someone's eyes widened and they couldn't help exclaiming.

A million-year-old Blood King Ginseng was a divine medicine that even the Quasi-Supreme would covet.

The shopkeeper's face also changed slightly at this moment. It was unbelievable, although he would not cry, but he was still very uncomfortable.

"It's not a bad loss to exchange 300,000 spirit stones for a Blood King Ginseng that is more than a million years old." Jiang Chen said calmly, shaking his head lightly.

Seeing this scene, everyone in Gambling Stone Workshop did not dare to underestimate Jiang Chen. However, there were still some people who were not convinced, thinking that Jiang Chen just got lucky.

"Hey, this is Blood King Ginseng! Did someone cut out Blood King Ginseng here?"

At this moment, under the pavilion, a few young men and women suddenly arrived. Looking aloof, they emitted the charm of Dao covered in immortal aura, and the logo of Heavenly Dao Immortal Palace was embroidered on their clothes.

It was a young woman who was speaking. She was extremely beautiful with cloud-like hair, delicate and fair complexion. Her legs were slender than ordinary women. She was dressed in a white dress, cold and dusty, like an aloof immortal.

Hearing this familiar voice, Jiang Chen's body froze a little, and the indifferent look on his face also disappeared. He turned his head in disbelief, and his eyes fell on the young woman walking under the pavilion.

Ruoyin? How did she come here?

Jiang Chen's heart was a little excited, trembling slightly. He never thought that after so long, he would meet Xiao Ruoyin here today. But now that he had changed his face, Xiao Ruoyin probably won't recognize him.

This made Jiang Chen feel a little lost, but he still calmed down and understood that now was not the time to recognize Xiao Ruoyin.

"Do we know each other?"

Xiao Ruoyin felt that the young man who was staring at her seemed somewhat familiar, but she couldn't point it out.

"No, this is the first time I've seen a fairy." Jiang Chen shook his head and said with a smile.

Xiao Ruoyin didn't care about these words. Her gaze fell on the Blood King Ginseng in Jiang Chen's hand, and she asked, "Did you cut out this Blood King Ginseng?"

She remembered that Master Yan Ji was at the Quasi-Supreme Realm, and she probably needed the Blood King Ginseng.

"Yes, I just got lucky. If the fairy wants it, I can directly give it to the fairy."

Jiang Chen smiled slightly as if the blood king ginseng in his hand was some rotten Chinese cabbage. He could tell that Xiao Ruoyin really wanted this Blood King Ginseng.

At this juncture, without Monk Pudu's consent, he planned to give the Blood King Ginseng to Xiao Ruoyin in front of him without permission.

In his opinion, Monk Pudu should not care about these things. Hearing this, the faces of many people on the third floor changed slightly. After all, this was a Blood King Ginseng worth more than one million spirit stones.

Jiang Chen actually planned to give it to the woman he just met?

Although this woman was indeed outrageously beautiful, she hardly looked like a mortal. Monk Pudu also frowned slightly, but didn't say much at this time.

He felt as if he had seen Xiao Ruoyin in front of him. Jiang Chen seemed to have been paying attention to this woman when he was in the tomb of the Supreme God.

It seemed that the two should be acquaintances from the old days, but now that Jiang Chen had changed his appearance, Xiao Ruoyin couldn't recognize him.

"..."

Xiao Ruoyin didn't expect that this familiar man in front of him would directly plan to give him this Blood King Ginseng. His intention was too obvious.

This made her frown slightly, and with her current status in Heavenly Dao Immortal Palace, naturally she would not be unable to buy this Blood King Ginseng with spirit stones.

"I appreciate this young master's kindness, but I can buy this Blood King Ginseng with spirit stones. Just make an offer." Xiao Ruoyin shook her head and said in a cold voice.

At this moment, Jiang Chen also understood that his behavior just now was a bit abrupt, so he touched his nose in embarrassment.

"Tsk tsks, it's another toad that wants to eat swan meat. I advise you to urinate and take a picture, so you don't have to worry about it. Junior Sister Ruoyin belongs to Young Master Changege."

Seeing this scene, the young men and women behind Xiao Ruoyin couldn't help laughing, and their words were mocking. It was obviously not the first time they had seen such a scene.

"Don't talk nonsense, if Mr. Gu heard this, he might laugh at me for wishful thinking."

Hearing this, a faint red glow appeared on Xiao Ruoyin's jade face, and she couldn't help but cast a glance at the fellow students behind her.

Seeing this, Jiang Chen's expression froze, even turning slightly pale and the hand holding the Blood King Ginseng tightened.

Chapter 535: She is Gu Changege's person, Divine Origin Master is here

During this period of time, among the people that Jiang Chen missed and worried about the most, Xiao Ruoyin definitely ranked first. Even his good friend Niu Tian was not as good as Xiao Ruoyin.

That was why Jiang Chen was extremely excited when he saw Xiao Ruoyin just now, and even almost recognized her. Although Blood King Ginseng was precious and priceless, in Jiang Chen's view, it was not as good as Xiao Ruoyin's frown and smile.

It was a pity that his behavior was too abrupt. Instead of gaining Xiao Ruoyin's favor, he was regarded as a maniac by her. This made Jiang Chen secretly annoyed at his own stupidity. He wished to slap himself.

He was about to explain, but when he suddenly heard the words of a few fellow disciples behind Xiao Ruoyin, he almost spit out blood, and his face became even more gloomy.

It would have been better not to mention Gu Changege, but whenever he was mentioned, Jiang Chen couldn't bear the hatred and anger in his heart.

He couldn't help but think of how Niu Tian and the others were exterminated by Gu Changge in the territory of the ancient kingdom.

Gu Changge was just wearing a disguise mask. Poor Xiao Ruoyin still thought that Gu Changge was a good person until now, couldn't see his real face clearly, and admired Gu Changge very much.

Jiang Chen once wanted to reveal his true identity and confess all this to Xiao Ruoyin. But he dare not.

In this huge Kunwu City, there were many forces trying to curry favor with Gu Changge. If he dared to say that to Xiao Ruoyin, many people would definitely come to trouble him.

So Jiang Chen could only choose to endure it stubbornly at this time, even if he felt extremely aggrieved.

"If this girl wants this Blood King Ginseng, she can exchange it with a million spirit stones."

At this time, Monk Pudu seemed to see Jiang Chen's embarrassment, smiled faintly as he walked up and patted Jiang Chen's shoulder. He helped him out, and then spoke to Xiao Ruoyin and the others.

At this moment, the people on the third floor were still a little shocked by Xiao Ruoyin's words just now. Their brains were a little unable to react, and then they looked up and down at Xiao Ruoyin and others.

After all, it involved Gu Changge...

It seemed that the white-clothed woman in front of her was acquainted with Gu Changge.

"So you are from Heavenly Dao Immortal Palace... No wonder..." Many people looked serious, only then did they realize that Gu Changge had another identity.

Heir of Heavenly Dao Palace! The best candidate for the next Palace Lord.

"Since this girl knows Young Master Changge, this old man wants Blood King Ginseng for a million spirit stones. However, this old man's current cultivation level is far from being able to use it. I will take this opportunity to borrow flowers to present to the Buddha, and give them to the girl to form a good relationship."

At this time, a gray-haired, haggard old man spoke up. It was not surprising that he had been standing in the corner. There was a bit of brilliance in his eyes, and then he smiled and uttered.

While speaking, he directly took out one million spirit stones without hesitation. The aura emerged like a tide, and the brilliance was shining, intending to exchange for this Blood King Ginseng.

Seeing this scene, the faces of many people in the pavilion changed dramatically.

"Old Dog Wu, you are smart!"

"That's a good sight..."

Someone couldn't help cursing inwardly, regretting not saying such things earlier. Although one million spirit stones for a gift was really painful, the meaning it represented was different!

After all, the relationship between the woman in front of them and Gu Changge was not simple, and it could be seen that she could get in touch with Gu Changge.

So if they could use their excuses to enter Gu Changge's field of vision, it would be more worthwhile to them than anything else.

What were a mere million spirit stones?

Xiao Ruoyin was also very shocked at this time. Obviously, she didn't expect that someone would be willing to spend a lot of money to buy this Blood King Ginseng just to give it to her. This thing was too dreamy. Even Jiang Chen and Monk Pudu's expressions were a little stiff.

Of course, Xiao Ruoyin understood that this was because Gu Changge was mentioned in a conversation with a few colleagues just now.

After all, she was a modern person with a very active mind. She figured it out almost instantly. These people wanted to please her so that they could enter Gu Changge's field of vision.

"Young Master Gu is just a name, it makes people so... If he really came here, I don't know how big the waves would be."

Xiao Ruoyin's eyes were full of brilliance, and her thoughts were full of imagination. She was actually a woman who knew how to use her own advantages. So after she came to this bizarre fantasy world inexplicably, the first thing she did was to ensure her own safety.

After her life safety was guaranteed, she gradually adapted to the environment of this world. Learning of Gu Changge's amazing identity and status, she knew that if she wanted to survive in this world for a long time, she had to find a way to get Gu Changge's protection.

So when she was in the Heavenly Dao Immortal Palace, she often mentioned to everyone intentionally or unintentionally how she had a long talk with Gu Changge all night.

In addition, she was sent to Heavenly Dao Immortal Palace by Gu Changge himself.

Over time, in the eyes of many Elders and disciples, Xiao Ruoyin was actually Gu Changge's person. Even many Elders needed to be cautious when dealing with Xiao Ruoyin and they dare not neglect her.

Of course, Xiao Ruoyin was very smart and knew that there was a limit to everything, and it was too late to go too far. She was worried that Gu Changge would be unhappy when he found out about this.

So every time when people misunderstood the relationship between her and Gu Changge, she would always refute and explain. This method seemed to be useful, but in fact, it was getting darker and darker.

In the eyes of everyone, her explanation was only due to shyness. And this was exactly the effect Xiao Ruoyin wanted. Sometimes, she even wished that the entire Upper Realm would know about it.

She, Xiao Ruoyin, was Gu Changge's person.

"Miss, I heard a report from a servant that someone cut out a million-year-old Blood King Ginseng in a stone gambling workshop in our business alliance."

At the same time, in a certain magnificent palace deep in Kunwu City. A woman with a soft and charming face with a delicate and small chin propped up, was listening to the report from outside the hall with some fascination.

Behind her, nine snow-white and fluffy fox tails were swaying one after another, and a slender white palm brushed gently, making her narrow her eyes lazily and comfortably.

“The million-year-old Blood King Ginseng, if placed in the past, would be enough to shock many old antiques.”

Still, upon hearing the report from outside the palace, Yin Mei shook her head lightly, not seeming to care very much, and added, “But now, all major sects in Kunwu City are involved, and a million-year-old Blood King Ginseng is not worth mentioning.”

“Let’s pay attention to who cut out this thing.” Gu Changge put down the teacup, but he was a little thoughtful. He had a premonition that he was about to meet an old acquaintance.

“Yes, Master...” Yin Mei got up and walked out of the hall.

“Qingxuan, what do you think is the chance of your Ji family rescuing their Ancestor this time?” After Yin Mei left, Gu Changge suddenly smiled and asked Su Qingge behind him.

Once he left the Ji family, he immediately came to Kunwu City, but he didn’t attract the attention of other people. And Ji Qingxuan returned to the Chaotic Star Region.

Now following him was Su Qingge, who was also known as “Ji Qingxuan”, the daughter of the Ji family in everyone’s eyes.

“If we can have the help of Young Master Changge, the chances should be much higher.” Su Qingge obviously did not expect Gu Changge to suddenly ask her and was taken aback for a moment.

Still, her answer was spot on. Gu Changge smiled lightly and didn’t ask any more questions. Su Qingge was the true inheritor of demonic arts, and Jiang Chen, the Son of Luck, was the successor of the demonic seed shaped by Gu Changge himself.

The two of them were now gathered together in Kunwu City, and it would definitely become more lively in the future.

In the Gambling Stone Workshop, although Xiao Ruoyin evaded it several times, the Blood King Ginseng fell into her hands without spending a single spirit stone.

A very shriveled old man, although very painful, still had a smile on his face, thinking that one million spirit stones were worth the money.

“Today, the Blood King Ginseng was cut out here. I wonder if it’s this guy’s luck or his real ability.”

Several disciples of the Heavenly Dao Immortal Palace fixed their eyes on Jiang Chen and turned around him, very curious. Jiang Chen, on the other hand had recovered his calm at this moment, he understood that to let Xiao Ruoyin see Gu Changge’s true face clearly, he had to find another strategy.

He glanced at Xiao Ruoyin, and after communicating with the Immortal Boat Artifact Spirit in his heart, he began to choose the rough stones. Now even Xiao Ruoyin couldn't see his true identity.

He had nothing to worry about. The eyes of all the people in the Upper Realm were gathering, the attention of everyone in Kunwu City was a good opportunity for him to make a name for himself.

"Today's Gambling Stone Workshop is my chance." Jiang Chen secretly said in his heart.

Soon, amidst the surprised, shocked, and dull expressions of the crowd, this place reflected the brilliance of Dao. Pieces of rough stones bloomed with their original brilliance in Jiang Chen's hands.

All kinds of rare and sacred objects were cut out of it, and there were even some extremely rare fragments of immortal crystals at the back, which were in the form of mist, making the eyes of many older generations red.

Obviously, it wasn't a matter of luck that Jiang Chen obtained the Blood King Ginseng, but that he had the strength in this respect.

"Could it be that the legendary Divine Origin Master has reappeared? Searching Heaven and Earth to determine the universe, exploring the yin and yang and the nine secluded worlds." An old man's voice trembled, and he suddenly remembered something, which was unbelievable.

"What is the origin of the little brother, that he is even more powerful than the most accomplished old origin masters in Kunwu City?"

Everyone here was shocked. Looking at this scene, especially the various goods cut out of the rough stones, they were almost speechless. Brilliant rays of light illuminated this place brightly,

Xiao Ruoyin was also very surprised. She didn't expect that this man, whom she felt somewhat familiar with, would be so proficient in such a short period of time.

Each of the goods were very valuable, and some of them contained special functions, which could cause many cultivators to scramble for them.

"Can he see through the strange things hidden in the rough stone?"

Many people stared at Jiang Chen without blinking. Xiao Ruoyin's eyes moved slightly.

She had some understanding of the rough stones in Gambling Stone Workshop and understood that these rough stones were impregnated with a special regular atmosphere, and cultivators couldn't use their spiritual sense to find out what was hidden in them.

At this time, even if the Supreme being came in person, or even the Quasi-Emperor or the Enlightened being did it, they might not be able to see clearly what was hidden in these rough stones.

But Jiang Chen seemed to have an insight into what was hidden in each piece of rough stone, extremely precise, and never made a mistake. Soon, the news of this place spread like wings, causing a big commotion in a small area.

Chapter 536: How can she, Xiao Ruoyin, be at the Divine Stone Conference?

Kunwu City could attract cultivators from all over the realm. One of its major features was that the rough stones produced in Mount Kun were infiltrated with special irregularities, and could often produce various rare treasures.

Even many old antiques from the Upper Realm often came to this city for a walk, hoping to find some divine items that could prolong life.

Therefore, within Kunwu City, the status of the origin master was highly respected. Even the existences in the Supreme Realm had to be polite and not dare to offend some origin masters when asking them to look at the stone.

The origin master's inheritance was extremely weird and tricky, and their strength could not even be defined by their realm.

Today, many miraculous things had been cut out from the Gambling Stone Workshop of the Wan Dao Business Alliance, and there were even a few plants of some rare and extinct magic medicines.

The news spread quickly, causing shock in a small area. Although it was not enough to sweep the whole city, it was already a huge event in the bustling Kunwu City. Many forces and sects sent out powerhouses to investigate the truth of the matter as soon as they heard the news.

At that time, there were quite a few cultivators in Gambling Stone Workshop, and many of them even witnessed everything with their own eyes.

From the time when Jiang Chen cut out the million-year-old Blood King Ginseng, to the subsequent appearance of the disciples of the Heavenly Dao Immortal Palace, Jiang Chen showed his divine powers. The process of cutting out each piece of rare things was without any flaws and was captured by the memory stone. The records were circulated in various shops and markets.

For a moment, Jiang Chen and the Monk Pudu beside him became famous. However, both of them had changed their appearances, because of the Supreme God Tomb incident some time ago, Monk Pudu was still being hunted down by the Supreme God Clan.

So no one recognized Jiang Chen and Monk Pudu. Many people thought that the two of them were extremely mysterious, and they might be from some mysterious inheritance.

Especially Jiang Chen's first-hand stone exploration technique made many old origin masters stare wide-eyed. They watched it many times, but they didn't find many traces related to the origin technique.

If it wasn't for the fact that Jiang Chen's methods were too mysterious and unimaginable, they would all doubt whether Jiang Chen understood the technique of origin.

After all, judging from the many pictures in the Memory Stone, many times Jiang Chen knew which original stones contained divine objects just by looking at them. Such a method was really shocking.

"This Mount Kun event, I don't know if it is related to the Ancestor of the Ji family, but it is reported that the stone fetus that the Supreme being from the Huanxi Sacred Land carried back then from Kunshan also had a similar event. The time roughly coincides with Mount Kun's event."

"Many people speculated that something extraordinary was sealed in the ominous stone body that led to the destruction of Huanxi Sacred Land."

“Over the years, that stone embryo had been suppressed in the depths of Kunwu City with a divine artifact. It is said that the stone embryo will also be taken out at this time’s Divine Stone Conference. Many forces are planning to cut the stone.”

“Old origin masters from all over the realm have been invited here, and even the Fu Long family and the Lian Chu family are said to have come here.”

Discussions were rampant in Kunwu City as many cultivators and creatures were conversing about this matter. During this period of time, apart from the fact that the Ji family united with many forces to try to break through Mount Kun and rescue their Ancestor, there was another thing, which was also arousing the situation of all parties and attracting the attention of all places.

The Divine Stone Conference in Kunwu City!

As the name suggests, at this conference, all major sects, or the ancient clans of the business alliance, would take out the Divine Stones that had been sealed for a long time, and invite the origin masters from all over the world to explore and discuss opening them.

If someone took a fancy to the Divine Stones of other forces, they could also buy them directly at a high price.

At the Divine Stone Conference, various treasures were cut out, and there were even sealed ancient creatures, immortal pills, longevity Dao Fruit and so on.

In short, there would be many Immortal forces and Supreme sects in the Upper Realm participating in every Divine Stone Conference. Especially this time when the Ji family tried to attack Mount Kun it attracted the attention of countless forces.

Many people had expected that this time the Divine Stone Conference would be unprecedentedly large and lively.

“That mysterious young man is likely to have received the inheritance of a certain Divine Origin Master, otherwise he would not have such a means.”

“If possible, he would be useful to me.”

When it comes to the Divine Stone Conference, many patriarchs of forces had different expressions, and they didn’t want to let go of such an opportunity to make friends with the Divine Origin Master.

Soon, they sent their subordinates or clansmen to inquire about Jiang Chen’s residence, trying to extend an olive branch to him.

“A Divine Origin Master...”

In the depths of Kunwu City, in a magnificent and quaint palace with celestial lights, Gu Changge was drinking tea quite happily, and couldn’t help but smile lightly.

“That Divine Origin Master’s face is quite strange, I haven’t seen it before.” A look of doubt appeared on Yin Mei’s face.

“It’s just a facelift. I figured out who he is, and the Monk...” A strange color appeared at the corner of Gu Changge’s mouth.

If he remembered correctly, the matter of many Great Sect leaders who were killed by him in the tomb of the Supreme God had not been resolved so far.

In the end, the Supreme God Clan also threw this pot on Jiang Chen’s head. With the name of stealing the Supreme God Orb and murdering many Great Sect leaders, how could Jiang Chen dare to show his true face?

“I heard that Jiang Chen met Xiao Ruoyin when he was gambling in the stone workshop.”

Later, Gu Changge thought of the incident reported by Yin Mei and suddenly felt that he might be able to take advantage of this opportunity.

The Creation Immortal Boat Artifact Spirit on Jiang Chen’s body could obviously easily resolve various geographic changes in formations so it gave everyone the illusion that Jiang Chen was the descendant of a Divine Origin Master.

However, in the campaign of Mount Kun this time, the Spirit of Good Fortune Immortal Boat might be able to play a role.

“It’s time to take a look at Xiao Ruoyin, the Prophet of Destiny.”

Thinking of this, Gu Changge chuckled, then got up and left the palace leaving behind Yin Mei, Su Qingge, and others.

Speaking of which, although he didn’t pay much attention to Xiao Ruoyin’s affairs during this period, Yan Ji still often reported many things that happened in the Heavenly Dao Immortal Palace.

Therefore, Gu Changge saw Xiao Ruoyin’s actions and careful thoughts. He didn’t hate this kind of behavior. On the contrary, in Gu Changge’s view, although Xiao Ruoyin had a great sense of utilitarianism, she was very smart and knew how to judge the situation.

This had surpassed many women. The other most important point was that such a character was convenient for him to control.

At the same time, Xiao Ruoyin was still feeling unbelievable because of what happened during the day at the residence of the Heavenly Dao Immortal Palace. When she was frowning and carefully thinking about whether she had seen Jiang Chen before, she suddenly heard other disciples report that Gu Changge had arrived.

She was stunned for a moment, and after realizing it, she hurriedly applied a little makeup on her face to make herself look more radiant and beautiful. Then she took a deep breath to calm himself down, hiding the secret joy in her heart.

“Why is Mr. Gu also in Kunwu City and why is he still here at this time?” Xiao Ruoyin’s heart was beating fast and her face turned slightly red.

But she still kept herself calm, not much different from before. She always felt that she was able to get close to Gu Changge because she came from modern times.

She didn't know Gu Changge's identity at the time, so she dared to talk with him, exchanging many things that happened in modern times, and she was not afraid of Gu Changge like other women.

That was why Gu Changge felt that she was special and different from other women, so he remembered her. Although such an explanation sounded a bit bloody, even vulgar, in Xiao Ruoyin's view, it was the truth.

Boom!!

At this moment, in the nearby palaces and pavilions, almost all the disciples and elders of the Heavenly Dao Immortal Palace were alarmed. They didn't care that it was still night, so they rushed to greet, and greeted respectfully, "Greetings, Young Master Changge."

Although Gu Changge was still the descendant of the Heavenly Dao Immortal Palace, his current status could be said to be far above that of the master of the Heavenly Dao Immortal Palace.

When facing him, many people even couldn't help trembling, feeling a kind of unbelievably terrifying majesty rushing toward them. Gu Changge walked in from outside the mansion without anyone following him, appearing very casual and natural.

With a warm smile on his face, he gently waved his hands and said, "No need to do that, I'm here to see Miss Ruoyin."

Hearing this, many disciples and Elders of the Heavenly Dao Immortal Palace had such expressions in their hearts.

"But at this time, Ruoyin might be already sleeping."

"We can ask someone to call her." An elder nodded and suggested hastily.

Gu Changge seemed a little surprised, then smiled and added, "Then I won't disturb Miss Ruoyin's rest, and I'll come to see her tomorrow."

These words made many Elders and disciples deeply surprised and shocked, feeling incredible. Many female disciples' eyes widened even more, with incomparable envy and jealousy.

With Gu Changge's status, it was her honor to meet him in person. They felt that if they changed themselves to Xiao Ruoyin, they would be so excited to death at this time.

Yet now, in order not to disturb Xiao Ruoyin's rest, Gu Changge actually said that he would come back tomorrow. How could Xiao Ruoyin be worthy of Gu Changge?

They felt that once this matter got out, it would definitely cause boundless waves in the Upper Realm and cause a great sensation. Now in the Upper Realm, which woman could be treated like this in front of Gu Changge?

Of course, this might also be because Gu Changge had always been so caring and considerate to the woman he cared about.

"Ruoyin greets Young Master Gu..."

Suddenly, Xiao Ruoyin rushed over. She did not expect that Gu Changge would say that and care about her so much. While this shocked her, she was impressed, and even her greeting words were filled with a faint trembling.

With Gu Changge's status, coming here to meet her in person was enough to show how much he attached importance to her.

"Oh, it looks like you weren't asleep." Hearing this, Gu Changge seemed to smile in surprise and looked at Xiao Ruoyin, who was still bright and charming in the dark night.

At this moment, almost all the Elders and disciples of the Heavenly Dao Immortal Palace looked at Xiao Ruoyin with envy.

Chapter 537: Twisted your foot during the night practice, It is indeed your honor

Xiao Ruoyin knew that almost all the forces and sects in the Upper Realm would participate in this Divine Stone Conference, which was of great significance. Even the noble and important status of the Divine Origin Masters was revealed, and every faction was trying to recruit those Divine Origin Masters with extraordinary means.

This time, in the Gambling Stone Workshop of the Wan Dao Business Alliance, the mysterious man displayed his skills and shocked Kunwu City. Many people thought that he was a Divine Origin Master with a mysterious origin or his successor.

So they were trying to find a way to get it. However, his personality was quite eccentric, and almost all the forces and sects who went to extend an olive branch were turned away, and no one was even seen.

Yet at this critical moment, many forces and sects dare not use tough measures and act according to their faces. But Xiao Ruoyin remembered that when she was in Gambling Stone Workshop, the young man planned to give her the Blood King Ginseng.

If she took the initiative to visit, the mysterious man might meet her. At that time, she would bring up the matter that Gu Changge intended to solicit.

In the current huge Upper Realm, who would turn a blind eye to Gu Changge's solicitation?

"Are you sure you can help me?" Gu Changge looked interested as if he was a little surprised.

In fact, he came to Xiao Ruoyin with this intention from the beginning. Though it still depended on the current Jiang Chen's attitude toward Xiao Ruoyin.

"I can help Mr. Gu." Xiao Ruoyin nodded and assured him, "But I still have to try."

Before she had contact with the mysterious man, she was not sure about his attitude.

"Then I'll wait for your good news." Gu Changge smiled lightly, then said something to Xiao Ruoyin, and left the place.

He really wanted to witness the beginning of the breakup between Xiao Ruoyin and Jiang Chen, but he still had other things to do, so he gave up.

After seeing Gu Changge leave, Xiao Ruoyin did not delay for long. She understood that this kind of thing had to be done first, otherwise, the mysterious man might be recruited by the others first.

So although she felt a little unwell, she quickly cleaned up and took a few of her former colleagues to look for the mysterious man from yesterday.

“Jiang Chen, you are so blatantly revealing your identity, aren’t you afraid of being exposed?”

At this moment, within a courtyard to the east of Kunwu City. A person in a light yellow long dress folded his arms and said with a bit of puzzlement on his beautiful face.

The courtyard was not that big. In the current Kunwu City, it could be regarded as a remote corner at best. But here lived the mysterious origin master who had alarmed the entire Kunwu City during these days.

Jiang Chen looked at the piece of purple spirit gold that was on his hand, and replied to Ji Chuyue’s words in a neutral manner, “What are you afraid of, who knows who I am except for you?”

Now besides Ji Chuyue, only the old acquaintance Monk Pudu knew his true identity. Jiang Chen was still very at ease with Ji Chuyue. Although she and her elder brother Ji Yaoxing tricked him in the Purple Mountain at the beginning, Jiang Chen chose to forgive Ji Chuyue in the end, knowing that she had no choice but to throw him out as an abandoned child because of Gu Changge’s persecution.

Later, at an auction house, he ran into Ji Chuyue by chance, and Ji Chuyue had a certain special talent, so he recognized her immediately. There, Jiang Chen auctioned off a good item, but it was a pity that he was targeted and his life was almost in danger.

Fortunately, in the end, Ji Chuyue made a move and saved him.

The two came and went, and gradually became familiar with each other. This time Ji Chuyue was able to hear the message from the Ancestor Ji Sheng Chu near Mount Kun, it was also thanks to Jiang Chen.

“I came to you to tell you that I probably won’t associate with you in the future. My brother has already noticed you.” Ji Chuyue said kindly.

Jiang Chen was taken aback, seeing that Ji Chuyue didn’t seem to be joking, he couldn’t help but ask solemnly, “When did it happen?”

He didn’t doubt Ji Chuyue’s kindness, but how did Ji Yaoxing notice him?

“I don’t know either. When Gu Changge came to my Ji family this time, my brother warned me.” Ji Chuyue shook her head and added.

She and Jiang Chen had quite a good friendship. and she didn’t want to see Jiang Chen lose his life because of this kind of thing.

“I understand, I will be careful in the future.” Jiang Chen nodded, feeling very cautious in his heart.

He felt that Ji Yaoxing was not as upright as he appeared on the surface. This time Gu Changge wanted to help the Ji family rescue their Ancestor, he also heard about it. So once Gu Changge wanted to track down his tracks, Ji Yaoxing would probably inform him.

“I was indeed careless, and it was a bit dangerous.” Jiang Chen frowned, originally he thought that his face-changing technique was flawless. But he didn’t expect Ji Yaoxing to know his whereabouts long ago.

After informing Jiang Chen of this matter, Ji Chuyue quietly left the place and did not stay long.

“The little princess of the Ji family is very kind to benefactor Jiang, and she even came to inform benefactor Jiang of such things.”

After Ji Chuyue left, Monk Pudu came out from the other side and couldn’t help laughing. Jiang Chen glanced at him unhappily and said, “It’s not a good thing for you to know that my identity has been exposed. What should we do now, leave Kunwu City?”

Monk Pudu shook his head, clasped his hands together, and said, “Just as Ji’s family is planning to invade Mount Kun this time, the Divine Stone Conference is so grand that it happens only once in a million years. How can Master Jiang leave just like that?”

Jiang Chen smiled wryly, “Of course, I’m not reconciled.”

He also hadn’t reminded Xiao Ruoyin to be careful about Gu Changge, so how could he feel relieved if he just left like this?

Even if he wanted to leave, he had to find a way to take Xiao Ruoyin away with him. Suddenly, there was a knock on the door from outside the courtyard.

“Who will come to visit me at this time?”

Monk Pudu stared out of the courtyard with great interest, where he had set up a formation to prevent other experts from prying.

“These forces have always been like this, endlessly... I said I’m not interested in their solicitation.”

Jiang Chen frowned, very dissatisfied, he subconsciously thought that it was those forces trying to recruit him.

“Is the young master from Gambling Stone Workshop here?”

Just when Jiang Chen was going to ignore those people outside and hang them outside, a familiar voice sounded. He was shocked, and stood up directly from the stone bench, with a look of surprise on his face.

“Ruoyin... this is her voice. Is she the person outside the courtyard?”

Jiang Chen walked toward the courtyard without hesitation, intending to open the door.

Seeing this scene, Monk Pudu also left wisely, without any intention of disturbing him. He could tell that the relationship between Jiang Chen and Xiao Ruoyin should be old. Since Xiao Ruoyin took the initiative to come to the door, the next thing should be their reunion, and he would not participate as an outsider.

Outside the courtyard, Xiao Ruoyin was dressed in white with blue hair like a waterfall, as light could be seen emitting from others. Standing behind her were several fellow disciples that Jiang Chen had met in the Gambling Stone Workshop before.

“This girl... is there something wrong?”

Jiang Chen suppressed the excitement in his heart and asked with a just right smile on his face.

There were still outsiders here, and he didn't intend to directly reveal his original appearance and everything to Xiao Ruoyin. But since Xiao Ruoyin took the initiative to come to him today, this was his chance.

“I came here to look for this young master this time, and I actually want to tell you something.”

Xiao Ruoyin did not expect that this mysterious man with a weird temper would actually meet her. She couldn't help displaying a polite smile on her face, planning to tell her story.

“Oh, so something happened. If this girl doesn't dislike it, then she might as well come in and talk about it.” Jiang Chen smiled slightly, stretching out his hand as a gesture of invitation.

Xiao Ruoyin wasn't worried about Jiang Chen's plans. In this huge Kunwu city, there were now powerhouses everywhere, but if there was a little more movement here, it would soon attract many people to come here.

Soon, Xiao Ruoyin and others followed Jiang Chen and entered the courtyard. There was still warm tea on the stone table in the middle, obviously a sign of someone having been here.

Xiao Ruoyin took a look and didn't ask any further questions.

“People from other sects came here just now and they said something to me.” Jiang Chen noticed this scene and explained with a smile.

Since the last time he parted with Xiao Ruoyin in the ancient warships of various tribes in the Ancient Immortal Continent, this was the first time he was so close to her. However, Jiang Chen quickly frowned, and carefully noticed that Xiao Ruoyin seemed to be walking with the wrong posture, which seemed a little strange.

“Girl, are you a little unwell?” He asked with concern.

“I accidentally twisted my foot while cultivating last night.” Xiao Ruoyin looked a little unnatural, but she explained casually.

“Twisted foot? Is it serious?” Jiang Chen didn't think much about it but felt that Xiao Ruoyin was a little too careless. As a cultivator, she even twisted her foot?

Although it sounded a bit outrageous, different cultivation methods would indeed lead to this situation. After sitting cross-legged for a long time, the aura in the ankles would be blocked and become stagnant. If one stood up accidentally at this time, they might indeed sprain their foot.

“It's not serious, it won't be long before it gets better.” Xiao Ruoyin waved her hands, feeling that the mysterious origin master in front of her seemed a little too concerned about herself.

“It's fine if it's not serious.” Jiang Chen nodded, then let Xiao Ruoyin and the others sit down, and then asked her why she came.

Xiao Ruoyin didn't talk nonsense and told Jiang Chen her intention of coming, including the current situation in Kunwu City, and the Divine Stone Conference in the upcoming next few days.

Hearing these words, the expression on Jiang Chen's face also changed from smiling at the beginning, to gradually freezing until it became somewhat gloomy and ugly.

"You came looking for me because you wanted me to follow Gu Changge and do things for him?" Jiang Chen suppressed his anger as he said. His fists were creaking and his eyes fixed on Xiao Ruoyin.

He never expected Xiao Ruoyin to come to him for this reason. It almost made his lungs explode.

"You have to know that Mr. Gu's power is unmatched in the Upper Realm today, and his hands and eyes are even more powerful. Even Enlightened beings are in awe of him. I know that you carry the inheritance of the Divine Origin Master, and you are arrogant, but it is indeed an honor for you to work for Mr. Gu."

Xiao Ruoyin frowned slightly, she didn't know why Jiang Chen had such a big resentment toward Gu Changge. But she felt that it was because of his arrogance, so she couldn't help persuading him with good intentions.

Chapter 538: Twisted your foot during the night practice, It is indeed your honor

Xiao Ruoyin knew that almost all the forces and sects in the Upper Realm would participate in this Divine Stone Conference, which was of great significance. Even the noble and important status of the Divine Origin Masters was revealed, and every faction was trying to recruit those Divine Origin Masters with extraordinary means.

This time, in the Gambling Stone Workshop of the Wan Dao Business Alliance, the mysterious man displayed his skills and shocked Kunwu City. Many people thought that he was a Divine Origin Master with a mysterious origin or his successor.

Xiao Ruoyin didn’t talk nonsense and told Jiang Chen her intention of coming, including the current situation in Kunwu City, and the Divine Stone Conference in the upcoming next few days.

Hearing these words, the expression on Jiang Chen’s face also changed from smiling at the beginning, to gradually freezing until it became somewhat gloomy and ugly.

“You came looking for me because you wanted me to follow Gu Changge and do things for him?” Jiang Chen suppressed his anger as he said. His fists were creaking and his eyes fixed on Xiao Ruoyin.

He never expected Xiao Ruoyin to come to him for this reason. It almost made his lungs explode.

“You have to know that Mr. Gu’s power is unmatched in the Upper Realm today, and his hands and eyes are even more powerful. Even Enlightened beings are in awe of him. I know that you carry the inheritance of the Divine Origin Master, and you are arrogant, but it is indeed an honor for you to work for Mr. Gu.”

Xiao Ruoyin frowned slightly, she didn’t know why Jiang Chen had such a big resentment toward Gu Changge. But she felt that it was because of his arrogance, so she couldn’t help persuading him with good intentions.

Chapter 539: Maybe he has some difficulties, She deceived herself

In Xiao Ruoyin’s view, the biggest reason why the young Divine Origin Master in front of her behaved so unhappily was that Gu Changge was about the same age as him.

Being an arrogant Divine Origin Master that worked for a person who was about his age, he would feel uncomfortable, thinking that he was being underestimated. However, Xiao Ruoyin felt that as long as she explained it clearly, he would understand.

Looking at the current Upper Realm, who wouldn’t want to hug Gu Changge’s thigh tightly and serve him?

Facing Xiao Ruoyin’s good persuasion, Jiang Chen’s face became uglier, and his clenched fists were also creaking. He really didn’t expect that her former goddess would explain so earnestly in front of her, asking him to serve his arch-enemy.

This made Jiang Chen very angry, even a little disappointed as he laughed at himself. However, Jiang Chen soon calmed down.

At this moment, he couldn’t blame Xiao Ruoyin. Because he knew that Xiao Ruoyin didn’t know Gu Changge’s real face. She also had no idea that Gu Changge ordered them to be exterminated.

“Girl, you don’t need to say anything, I understand your kindness. But I’m used to being idle, and I don’t like to serve other people.” Jiang Chen shook his head and declined politely.

Xiao Ruoyin said in a daze, “Do you know whose offer you rejected?”

She couldn’t believe it, Jiang Chen didn’t move in the slightest when facing Gu Changge’s solicitation. He even refused so resolutely, without giving it a second thought.

“Actually, to tell you the truth, I have a lot of conflicts with the Mr. Gu you mentioned. So it’s useless for you to persuade me anymore.” Jiang Chen said calmly.

Xiao Ruoyin didn’t expect Jiang Chen to say such words, it was a little unbelievable. As for the contradiction between him and Gu Changge, she didn’t think much about it, she just thought it might be Jiang Chen’s excuse to refuse.

“If that’s the case, forget it.” Xiao Ruoyin sighed in her heart, what she thought was a sure thing, had failed.

She didn’t know how to explain to Gu Changge when she went back later.

After all, she promised Gu Changge that she would help him.

Seeing that Xiao Ruoyin was about to turn around and leave this place, Jiang Chen’s eyes flickered, but he suddenly said, “Girl, please stay, I actually have something else I want to talk to you about. If you don’t mind, it will delay you for a while at most.”

Xiao Ruoyin frowned slightly, but she was not worried about Jiang Chen’s malicious intentions.

So she thought for a while and asked a few fellows behind her to head out first, waiting for her outside, and then she said to Jiang Chen, “If you have anything to say to me, you can say it right here.”

A smile appeared on Jiang Chen’s face again, then he took a deep breath, and then a layer of clear light brushed across his face.

Then, there was a crackling sound from the dislocation of his bones all over the body, and his whole person began to change at a speed visible to the flesh, turning into another appearance.

“You... You are Jiang Chen?” Xiao Ruoyin was a little surprised by his actions and didn’t understand why he did this.

But in the next moment when she saw the face in front of her clearly. She was startled, stunned and felt unbelievable. Wasn’t this delicate and familiar face one of her former friends, Jiang Chen?

“Jiang Chen, how did you become what you were before?” Xiao Ruoyin asked in surprise, with a look of joy.

Jiang Chen and others could be said to be her rare friends in this world. In Kunwu city, she unexpectedly met Jiang Chen, which made her quite happy.

Jiang Chen said with a complex expression, “It’s a long story.”

“Don’t worry, you can tell me slowly, I have plenty of time. I’ll just say that you indeed felt a bit familiar to me.” Xiao Ruoyin smiled.

She immediately figured out why Jiang Chen offered to give her the Blood King Ginseng when he was gambling in the stone workshop.

“By the way, how did you become a Divine Origin Master? Could it be another chance? I remember that at that time none of you had cultivation talent, and Mr. Gu said that he had already made arrangements for you, so I was relieved. But why don’t you want to serve Mr. Gu? You also said that there is a conflict between you.”

Before Jiang Chen could answer, she thought of another thing, and couldn’t help asking curiously. The status of the Divine Origin Master was extremely respected in the current Upper Realm.

After all, looking at many ancient eras, there were only a few well-known Divine Origin Masters. Thinking of this, Xiao Ruoyin couldn’t help feeling really happy for Jiang Chen.

“I’ll explain these things to you slowly, including everything that happened after we parted.” A trace of hatred flashed across Jiang Chen’s eyes, and then he said calmly.

These things were very long to say, but to Jiang Chen, it seemed like yesterday and many scenes were still vivid in his memory.

Xiao Ruoyin nodded and was a little curious. She felt that Jiang Chen had changed a lot compared to before, with a more gloomy feeling.

“At that time, Gu Changge lied to you. From the very beginning when he released us from the prison, he was uneasy and kind. Those steles used to test talent were all tampered with secretly by him, so except for you, the rest of us couldn’t test our talent. That way, he was able to logically drive us away and put you at ease. Gu Changge is just wearing a hypocritical mask... The real him is more cruel and indifferent than anyone else...”

Jiang Chen opened his mouth slowly, speaking in an unhurried tone, and told all the many things that happened during this period of time.

After they separated from Xiao Ruoyin, they were exterminated by Gu Changge’s men, and then all the things that happened in Supreme God Tomb later.

“What! How is this possible...”

Hearing these words, Xiao Ruoyin was taken aback for a moment, then her body trembled slightly, her eyes widened in disbelief, and she felt her head buzzing.

She had been cultivating in the Heavenly Dao Immortal Palace, and occasionally heard a lot about Gu Changge’s deeds from many fellows or elders. So her impression of Gu Changge had always been that he was as gentle as jade, a handsome young man, untouched in the troubled times, like a banished immortal.

Her conversation and getting along with Gu Changge also seemed extremely normal and harmonious. But hearing these words from Jiang Chen’s mouth, she was stunned, and her complexion turned slightly pale.

If what Jiang Chen said was true, then how terrifying was Gu Changge?

The appearance he showed in front of her was just the tip of the iceberg, and it was just a disguise. This made Xiao Ruoyin shudder slightly. She had indeed thought about Gu Changge too simply.

“Is everything you said true?” Xiao Ruoyin asked in a trembling voice, trying to calm herself down.

She felt that it was impossible for Jiang Chen to deceive her at this time.

“Every sentence is true, we have known each other for so many years, do you think I will lie to you?” Jiang Chen shook his head and said, “Our old classmates, including Niu Tian who is still alive, might be dead. They could not be as lucky as me, and they might have turned into a pile of dead bones long ago.”

Xiao Ruoyin’s face turned pale, her body trembled, and she almost couldn’t stand still. She suddenly remembered Gu Changge’s gentleness last night. At that time, he was as gentle as jade, handsome and elegant, so perfect that no one could pick out the slightest flaw.

If it wasn’t for what Jiang Chen said in person, she couldn’t believe that Gu Changge had hidden it so deeply.

“So, Ruoyin, you and I can leave Kunwu City together and find a remote place to cultivate. When we succeed in our cultivation, we will go to Gu Changge to avenge Niu Tian and the others. You have to know that it is impossible for Gu Changge to be nice to you for no reason, he must have some kind of scheme for you.”

Jiang Chen’s expression gradually became serious. He didn’t directly tell Xiao Ruoyin that she was the reincarnation of the Prophet of Destiny.

But he knew that Gu Changge’s treatment of Xiao Ruoyin was definitely related to her reincarnation status. At such a critical juncture, it was naturally impossible for him to let Xiao Ruoyin fall into the fire pit.

“Jiang Chen, I can’t leave with you, I’m a disciple of Heavenly Dao Immortal Palace now. I think... what you said is true, but Mr. Gu must have some of his own reasons.”

Hearing this, Xiao Ruoyin was silent for a while, then shook her head firmly and refused. She knew that once she and Jiang Chen left Kunwu City, then she would face Gu Changge as her enemy.

As long as she thought about it, she couldn’t help the scalp numbness and uncontrollable fear. And she didn’t want to give up everything she had now.

After following Jiang Chen and leaving Kunwu City, what would happen to her Master and her future?

As long as she pretended not to know about these things, and she could be Gu Changge’s woman with peace of mind, then she could still enjoy the respected status, without any shortage of cultivation techniques, and cultivation resources...

How could she give up such a life?

“What!”

Jiang Chen was full of expectations. He thought that after he said this to Xiao Ruoyin, she would understand Gu Changge's malice, and thus leave with him.

But he never expected that Xiao Ruoyin would refuse so simply. She even said that Gu Changge had his own reasons. This made his head thump. He went blank, it was unbelievable.

"Ruoyin, are you serious? You know that Gu Changge is evil and his kindness to you is fake, but you still don't want to leave? Do you have the heart to see Niu Tian and the others die in peace? Gu Changge is the enemy who killed them." Jiang Chen's complexion turned pale, and his voice was a little regretful and shocked.

He felt that Xiao Ruoyin had changed, and was no longer the Xiao Ruoyin he knew before. She was actually indifferent after knowing the news of Niu Tian and others' death and had no intention of avenging them.

How good was Gu Changge to her? Was it worth it?

"I understand what you said, but you need to give me some time. I think Mr. Gu must have some difficulties. In my opinion, he is not such a person." Xiao Ruoyin shook her head and said, her words gradually became firmer.

She said these words to Jiang Chen, but also deceived herself. And she knew very well that if she didn't say that, Jiang Chen would probably take strong measures to take her away.

"You!" Jiang Chen had a look of regret and disbelief, feeling that his heart was very painful.

In her opinion, the current Xiao Ruoyin was obsessed with obsession, and she would not shed tears unless she saw the coffin.

So what was so good about Gu Changge that he was worthy of her?

This made him very angry, thinking that she was terminally ill and hopeless.

Chapter 540: Bewitched by Gu Changge, Is Xian'er a Divine Origin Master?

"Don't worry, I promise not to tell Mr. Gu what you said to me today. Let's go to a place where no one can find you, Mr. Gu is not your enemy. If you don't want to die, don't think about seeking revenge on Mr. Gu."

In the courtyard, the atmosphere had turned heavy. Xiao Ruoyin and Jiang Chen fell into a stalemate, a crack was formed in their relationship because of this matter. However, Xiao Ruoyin quickly regained her composure and spoke softly, her eyes were cold and alienated.

"Because of Gu Changge, you actually disregarded our friendship and favored him so much? How can you let Niu Tian and the others rest in peace under the Nine Springs?"

Jiang Chen's eyes were filled with anger and disappointment as he asked back filled with regret.

"I think there should be something else hidden about Niu Tian and the others. As far as I know, Mr. Gu is not the kind of person you said. It would be great if there was any misunderstanding in this." Xiao Ruoyin shook her head and justified, her expression was extremely calm.

In Jiang Chen's eyes, this kind of tranquility was extremely strange and terrifying. He couldn't help laughing miserably as he suddenly covered his heart, feeling that it was hurting like it was being torn.

Immediately, Xiao Ruoyin sighed softly, turned, and left the courtyard without saying anything. Jiang Chen looked at her back with a pale face but didn't make a sound to stop her.

He understood that from now on, there was a gap between him and Xiao Ruoyin that would never be smoothed over. The current Xiao Ruoyin was no longer the cold and untouchable goddess when he first met her.

This goddess had long since fallen into the mortal world.

"Xiao Chen, you can't ignore her like this. Master just didn't understand it for a while, she was bewitched by that Gu Changge. You must not let her fall into the fire pit..."

In Jiang Chen's mind, the voice of the Creation Immortal Boat Artifact Spirit was extremely anxious and worried.

After listening to the conversation between Jiang Chen and Xiao Ruoyin from the beginning to the end, it made him feel that the current Xiao Ruoyin just didn't understand the situation. It was hard for her to accept this cruel reality.

Once Xiao Ruoyin figured it out and calmed down, she would know how dangerous it was to stay by Gu Changge's side.

"You don't need to say..." Jiang Chen interrupted it in pain, his face turned pale, and he tightly clutched his heart, feeling that it was very painful. A person that was very precious to him was quietly leaving him.

After Xiao Ruoyin and Jiang Chen parted, she went straight back to the residence of the Heavenly Dao Immortal Palace. She was in a mess and needed a little time to regain her composure.

"I can only pretend that I don't know about Jiang Chen's matter, and I can't mention it to Mr. Gu. To get to this point, how can Mr. Gu be so simple? I was too naive before."

She sighed and rubbed her painful brow. Before that, she never thought that this mysterious descendant of the Divine Origin Master would be Jiang Chen.

Things had turned complicated and tricky. The most important thing for her now was to play her previous identity in front of Gu Changge. This time she vowed to do it successfully, but Jiang Chen obviously had an insoluble hatred for Gu Changge. She hadn't figured out how to explain this to Gu Changge for a while.

On the other side, Gu Changge was preparing for the Divine Stone Conference three days later.

After this conference, the Ji family would join hands with other forces to attack Mount Kun. It was also an extremely rare event for the entire Upper Realm.

Gu Changge himself was not very interested in this kind of conference. But this time at the Divine Stone Conference, it was said that there were a few divine stones that were particularly miraculous, which caught his attention.

One piece even breathed like a living being in the middle of the night, actively absorbing the starlight from the sky, devouring the brilliance of the sky, and some people saw the scene of rising clouds from it, which was called the Immortal Fetus.

There was another piece, which was said to be an ominous stone fetus that led to the destruction of the Huanxi Sacred Land.

Back then, the Ancestors of the Huanxi Sacred Land risked their lives to come out of Mount Kun, but within a few days, the Huanxi Sacred Land encountered an unknown situation, and the huge Immortal force was turned into a catastrophe overnight.

Many people said that it was related to the unknown stone tire. Over the years, the stone fetus had been sealed in the depths of Kunwu City and suppressed by enlightened people.

But some time ago, there was a change in that stone tire, which was said to be at the same time as the change in Mount Kun. Therefore, the stone fetus had a lot to do with the fact that Ji Sheng Chu, the Ancestor of the Ji family, was trapped in Mount Kun.

In this conference, these divine stones would be taken out. All the major Immortal forces and the Supreme sects had recruited many origin masters, and they planned to take great risks to cut out these divine stones at this conference.

“All factions and sects will participate. There may be some surprises at this Divine Stone Conference.” Gu Changge had some guesses about this.

He didn’t think that Xiao Ruoyin could persuade Jiang Chen, and Gu Changge didn’t need it either. On the contrary, he felt that Xiao Ruoyin and Jiang Chen would have a rift because of this matter.

Although he didn’t pay much attention to this part of Luck point and Destiny value now, it was more or less useful. For Gu Changge, Jiang Chen was just a chess piece that he won’t use yet.

In the beginning, he let the demonic puppet plant the demon seeds on Jiang Chen’s body, just to wait for the opportunity for the demon seeds to mature. This time at the Divine Stone Conference, Gu Changge’s main target was Jiang Chen’s friend Niu Tian, the person with the blood of a Hidden Immortal.

According to his investigations these days, the lady from the Hidden An Clan was currently in Kunwu City. Obviously, they also came to join in the fun and participate in this Divine Stone Conference.

There was no news from An Yan yet, but Gu Changge felt that she should be able to obtain that drop of the Hidden Immortal’s true blood. If she couldn’t even do this, then what was the use of such a waste, it was of no value to him.

“My lord, the An Clan in the hidden world is just as you said, they are looking for origin masters everywhere, and they seem to be very interested in that Immortal Fetus.” Yin Mei’s voice sounded from outside the hall.

“Are they interested in that Immortal Fetus?” Gu Changge nodded, a little thoughtfully.

If his predictions were correct, the Hidden An Clan would find Jiang Chen in the end. In this way, Jiang Chen and Niu Tian might stage a reunion of old friends. He was very familiar with this kind of routine, for

Jiang Chen and Niu Tian, he was their common enemy. It was only natural as they shared the same hatred.

"I want you to help me keep an eye on that girl Xian'er, what has she been doing these days?" Gu Changge asked casually as he thought of something.

A strange expression appeared on Yin Mei's face as if she wanted to laugh.

"My person was noticed by Miss Xian'er, she warned me not to follow her, and said that she would settle the score with the Young Master. She seems to know that those people are arranged by the Young Master."

Gu Changge shook his head and laughed, "This girl really deserves a beating."

Yin Mei smiled and didn't answer, but she was very envious. She had followed Gu Changge for a long time, even when he was still a true disciple of the Heavenly Dao Immortal Palace.

Later, she heard that Gu Changge arranged to kill the Young Master of the White Tiger Clan, and then deceived the world in the Immortal Continent to kill the reincarnated Heavenly Lord of Reincarnation... She actually knew Gu Changge's character very well.

On the surface, he looked gentle and jade-like, extraordinary and refined, but in reality, he was indifferent and cruel, and few people could get into his heart. Even at the beginning, in Gu Changge's eyes, she was just a chess piece that could be discarded at any time.

In this huge Upper Realm, perhaps only Gu Xian'er could receive such pampering and care from Gu Changge. This kind of envy, as long as one was a woman, would definitely love to have it.

"Where is she now?" Gu Changge asked.

"Miss Xian'er is in the stone gambling workshop in our business alliance... gambling stones." A strange expression appeared on Yin Mei's face, "Also, Miss Xian'er's origin technique seems to be exceptionally superb."

"Oh? This girl can still gamble with stones?" Gu Changge raised his eyebrows, a little surprised. "She can't lose herself."

Speaking of today's Wan Dao Business Alliance, most of the power fell in the hands of Yin Mei. So even if Gu Xian'er lost completely, and went around in the end, she still fell into Gu Changge's pocket.

"Miss Xianer has never lost. I heard what the shopkeeper reported, and I feel that Miss Xian'er's level of origin technique is more like a Divine Origin Master than that mysterious young Divine Origin Master a few days ago," Yin Mei shook her head and replied, her tone of admiration could not be concealed.

"More like a Divine Origin Master? Could it be that among her several masters, there is really a Divine Origin Master?" Gu Changge was surprised now.

He underestimated this silly girl. Before this, Gu Xian'er had never shown his origin technique in front of him. However, she had always been used to being a loner, even if she possessed a Divine Origin technique, she probably rarely used it in front of others.

If she really got the inheritance of the Divine Origin Master, Gu Changge would have to find a way to tie her by his side no matter what in the Divine Stone Conference three days later. However, Gu Changge always felt that this girl was unreliable.

Could she, like Jiang Chen, rely on foreign objects and rely on cheating methods to judge the rough stone?

At the same time, in the Divine Stone Conference, many cultivators and creatures were gathering here, intently staring at the center. As one of the three major gambling stone workshops in Kunwu City.

At the Divine Stone Conference, it could be said that there were all kinds of rough stones from all over the world. Even for the rough stones in Mount Kun, there were quite a few of them, filled with the brilliance of various colors, appearing extremely bright, surrounded by wisps of glow.

Now this place had gathered many big figures from the Upper Realm, and there were even many young Supreme Beings. The sons of the Ji family, Ji Yaoxing, and Ji Chuyue, were all golden-haired and shining like divine gold.

Jun Yao, the Six Crown King had arrived with an unremarkable face and a gray robe. The Heavenly Phoenix Maiden's gorgeous face shone in the scarlet robe. The Golden Cicada Buddha, the Heavenly Demon Monarch, and the Little Sage King...

Today, several of the brightest young existences in the Upper Realm had shown their traces here. They were either staring ahead with interest, frowning, or shock and doubt.

"Miss Xian'er, do you want to cut this rough stone too?"

A few old men were trembling and holding stone knives, standing in front of a half-person-high blue-gray rough stone. Their words trembled, their faces flushed, obviously excited to the extreme, and it was difficult to conceal their excitement.

A girl who was as cold as an immortal, her eyes and glances were as cold as ice. She had a big red bird squatting on her shoulder, she nodded slightly when she heard the words, "Cut."

As soon as these words came out, there was an uproar in the place. Many of the older generations were even more shocked, their faces solemn, and they stared at the front closely, for fear of missing any details.
