Chapter 541: Put it on Gu Change's account, A Supreme Sword technique

In the Divine Stone Conference, many young geniuses also slowly lowered their aura at this time, and their eyes were fixed on the front. Many people even looked at Gu Xian'er, trying to get clues from her expression.

It was a pity that her beautiful little face, which was as beautiful as flowers and jade, was so indifferent and calm that people couldn't see her emotions. Several elders also looked at the rough stone with a height of half a person without blinking their eyes.

Under the hands of several old stonecutters, the layers of stone began to peel off as if there was a kind of beauty like jade and moonlight, and a faint glow had penetrated and diffused, giving this place a magnificent color.

Many people already had a premonition that something extraordinary would inevitably be cut out of this rough stone.

"This rough stone, which has been placed for tens of thousands of years and was asserted by many old origin masters to be a dead stone, actually has something."

"One and a half million rough stones, who would dare to buy it if they are not sure?"

"At that time, many people still thought that the little princess of the Gu family would suffer a big loss, but they were all surprised."

Many people were talking in low voices, with admiration.

Today in the Divine Stone Conference, they had already seen many miraculous sights. From the hands of the young girl in front of her, many rough stones that were not favored actually reappeared with radiant brilliance.

In the beginning, it was a simple rare stone, and then later it was a rare sacred medicine that surpassed millions of years. The sealed Dragon Marrow Jade, Phoenix Condensate Beads, Unicorn Sacred Fruit, and even a jar of Dao Pills coveted by the Supreme Being...

Pieces of extremely rare fetishes emerged from these rough stones, which shocked many people and caused quite a stir nearby. As a result, many cultivators, even old antiques, and celebrities rushed over.

After all, the person who cut out these things was Gu Xian'er. It was okay that they didn't know her. But in the current Upper Realm, her cousin Gu Change could be said to be known to everyone.

"How much spirit stone is this rough stone worth?" Just when several master stone cutters were busy cutting stones.

Gu Xian'er's eyes fell to the other side as she looked at a piece of rough stone that was only the size of a washbasin with a little black and red and asked.

The original stone was placed in a very high position, surrounded by a lot of black and red soil, and the blood-colored mist was dense, as if afraid of it touching the ground.

“This is the Origin Ghost Stone. It was obtained by a Supreme being eight million years ago from the ghost blood. It was sold to my Wan Dao Business Alliance by his descendants for five million spirit stones. It is a pity that it has been placed here all these years, is already covered with dust, and no one cares about it.”

“Indeed, quite a few veteran masters have looked at it and thought there was something in it, but they didn’t say whether it was worth five million spirit stones or not.”

The shopkeeper here explained with a smile, very frankly and directly. If it was someone else, he would still cheat for a while, persuading them to buy it. But in front of Gu Xian’er, how dare he?

This ghost blood rough stone was a little famous rough stone in the Divine Stone Conference, and many people knew it. Seeing Gu Xianer’s inquiry, they couldn’t help but look over curiously and with great interest, thinking she was going to buy it.

The Six Crown King, Heavenly Phoenix Maiden, and others also withdrew their eyes from looking at the rough stone that was being cut just now and fell on the ghost blood rough stone.

“Could it be that there is something not simple in this rough stone?”

The little Sage King’s eyes suddenly became crystal clear, with runes circulating in them. He was looking at this rough stone, but unfortunately with his strength, it was still difficult to see what was in it.

After all, it was something taken away by a Supreme being from the ghost blood plateau, so how could it be so simple?

Several old antiques also gathered around and began to look carefully, pat left and right.

It was a pity that the Origin Blood stone was towering and motionless as if it was very heavy, but the blood-red mist on the surface was even denser.

“Five million spirit stones?” Gu Xian’er frowned slightly and turned her head to look at the red bird on her shoulder, hesitating whether to believe it or not.

For her, five million spirit stones were not a small amount. Although she had no shortage of spirit stones, spending so many spirit stones to buy a stone felt distressing.

“Da Hong has a special talent. Since even it thinks that this raw ghost bloodstone is not simple, there must be something in it.”

Afterward, thinking so, Gu Xian’er did not continue to hesitate. She said with a clear and cold expression, “Okay, let’s cut this piece too. But I don’t have so many spirit stones on me, you can put it on Gu Changge’s account and ask him for it.”

She didn’t feel bad about spending Gu Changge’s spirit stone. Hearing this, many people here were taken aback for a moment, and then deep envy grew in their hearts.

There was probably only one person in the Upper Realm who would dare to spend money on things so blatantly, and place it on Gu Changge’s account.

“Hmm... this...” The shopkeeper obviously didn’t expect Gu Xian’er to say that, and he was a little dumbfounded.

How dare he ask Gu Changge for these spirit stones?

But since Gu Xian’er said so in front of so many people, Gu Changge would definitely pay for these little spirit stones. And the most important point was that he had heard a little bit of rumor.

The person in power behind this huge Wan Dao Business Alliance was actually Gu Changge’s person. What were these spirit stones worth?

And at this time, from the rough stone being cut on the other side, suddenly a strong divine light diffused out, like layers of mist, and instantly drowned the surrounding area. Many people watched this scene in shock, with a feeling of palpitation, as if there was some great terrifying thing hidden there.

“The divine object has a spirit...”

A brilliance flashed in the eyes of the Six Crown King, and he saw that there seemed to be a dark golden paper floating there quietly. Some old antiques had sharp eyes and quick hands and typed-out runes to block space here to prevent the thing in the original stone from escaping.

Many people felt that the thing hidden in that rough stone seemed to have spirituality, and it also contained a lot of ominous power.

“Don’t let it escape, this thing has been sealed in the original stone for many years, and it has already produced spirituality.”

“Maybe it’s an Immortal Scripture...”

Many people were shocked, and those who got closer even felt as if they were suffocating.

The dark golden page, freed from the rough stone, stretched out in the void like a scroll and trembled slightly as if the words that were hidden in it sent out a burst of ripples. Someone used the Heavenly Eye to see clearly what was on this dark golden page.

The result was a scream, and tears flowed from his eyes, even mixed with blood. Clearly, he suffered a backlash.

“This thing is already ferocious, and the text on it is very long, at least it is something from several epochs ago...”

An old man judged that there was a misty brilliance emerging from his sleeves, and he planned to stop it.

Gu Xian’er did not expect that the thing cut out of the rough stone planned to escape. She spent 1.5 million spirit stones to get this, so how could she let it escape?

She frowned slightly, her jade hands shook as golden vines bloomed in the void, turning into a forest of vines, sweeping towards the dark golden paper.

“That’s the Shadow Immortal Script. Mount Kun definitely has the inheritance of the Shadow Immortal from our family...”

“Perhaps it was what our Ancestor had.”

In another corner of the Divine Stone Conference, several men and women were watching this scene with different eyes. They were headed by a tall woman who covered her face with a veil.

The tall slender woman’s hair was like a waterfall, and she was wearing a long skirt with moiré patterns. The expression in her exposed eyes was extremely peaceful, revealing a sense of dignity and generosity.

She said softly while her eyes were fixed on the dark golden paper.

“How could things from the lineage of Shadow Immortal end up in Mount Kun?” Behind her, a man with blue lines on his face uttered, frowning. He looked extremely strong and tall.

“I don’t know about this, and this is also the purpose of my visit to Kunwu City.” The woman in the long skirt with cloud patterns said softly, her eyes calm and unwavering.

“We’ll find a way to get this golden paper down later?” The burly man asked.

“After all, it belongs to our Ancestor. Although she cut it out, as long as the price is right, she should give it up. I have to take this thing back.” The woman in the moiré dress said flatly.

“Gu Xian’er? Gu Changge’s cousin?” A hint of coldness flashed across the eyes of the burly man, and he quickly regained his composure.

It could be said that there was a big gap between him now and before. Unless it was someone very close to him, no one would recognize his true identity. The two of them were from An Clan, the current eldest lady of the An Clan in the Hidden World, and Niu Tian whom she rescued.

“Don’t mess around in this Kunwu city, or I won’t be able to protect you when the time comes.” Sensing the killing intent on Niu Tian behind her, An Xi couldn’t help frowning.

She knew the conflict between Niu Tian and Gu Changge. But Niu Tian was just a small person at that time, and now that he has changed a lot, she didn’t believe that Gu Changge could still remember such a person.

So as long as Niu Tian didn’t take the initiative to provoke him, there would not be any problems.

“I know, but I will always remember this grudge.” Niu Tian said coldly, killing intent flashed across his eyes, and he quickly calmed down.

If he wanted to take revenge, he had to think long-term and plan it slowly. If he exposed himself early, it would only bring about unimaginable disasters.

Buzz!!

At this time, the dark golden page in the void, which was trapped by several old antiques, suddenly shook violently, and the words on it were like brilliant swords, shooting out terrifying black sword energy in all directions. It directly smashed this piece of the void.

Puff!!

The few old antiques who shot just now spurted out a big mouthful of blood and flew out backward.

“It seems to contain a great sword intent...”

Many people were shocked, feeling a sense of palpitation in their hearts. In a trance, on the dark golden page, they saw the process of a stone evolving into a life-killing sword stone.

This kind of sword light was so terrifying that it seemed to be forged for killing, it could pierce through everything and destroy the ages.

At this moment, almost everyone in the Divine Stone Conference couldn't sit still. Many from the older generations and even the hidden leaders of the Great sects showed up, and their breathing was a little short.

As long as anyone could see it, this was definitely an unimaginable Supreme Sword technique. Just a trace of divine power that permeated was enough to kill Immortals and destroy Gods.

Chapter 542: Playing small tricks, Who are you to interfere?

The dark golden paper, as if cast from immortal gold, was suspended in the void with the clattering sound. Every word on it was shining brightly as if it had turned into a peerless sword, and every ray of sword light was enough to destroy all laws.

“This is definitely a Supreme Sword technique...”

“Even this single fluctuation is heart-palpating.”

Everyone in the Divine Stone Conference became short of breath, staring at this page.

In particular, some young supreme beings immediately used divine powers such as the heavenly eye, trying to write down the words above. But the above text was too strange.

Every stroke seemed to be condensed by sword energy, and the moment it was released, it could penetrate any living being. The existence with a slightly weaker cultivation base had tears streaming down his eyes at this moment, which was extremely painful, and he didn't dare to take a second look.

No matter who it was, they couldn't help but feel hot emotions at this moment.

“The sword technique that even makes us feel palpating, could it be an Immortal technique that surpasses the Emperor's technique?”

“This is a great fortune!”

“Who would have thought that there was actually such a thing!”

Many old antiques had greed in their hearts. Even knowing that this object was cut out by Gu Xian'er, they could hardly contain their emotions. However, they didn't dare to make a move to snatch it, and sealed the surrounding space one after another to prevent this piece of paper from escaping through the air.

Many people felt regretful, if they knew that this object was hidden in that rough stone, they would have bought it long ago.

“This level at least surpasses the usual Emperor technique...”

Six Crown King, Little Sage King, Heavenly Phoenix Maiden, and the others also had solemn expressions.

Every Emperor technique was a priceless treasure, containing the supreme profound meaning and mystery, which cultivators could use for life. Only those Immortal forces and Supreme sects could have the inheritance of the Emperor technique.

They could already imagine that the value contained in this object had already surpassed the number of spirit stones.

“You want to escape?” Gu Xian’er frowned, obviously she didn’t expect that there was a sword technique hidden in this rough stone.

This thing had a spirit that directly unleashed several terrifying black sword auras, smashing the golden vines she shot into ashes, and even this space collapsed. The other people’s methods also seemed futile, and they couldn’t stop it from escaping.

This made her feel a little tricky, and ordinary methods obviously couldn’t subdue this thing. Even an old supreme being was injured by a sword aura just now, and the wound contained dark blood, which would be difficult to get rid of in a while.

Immediately, she raised her plain hand, and a crimson Origin True Feather emerged, like a crystal-clear red jade it was crystal-clear and gorgeous, directly turning into a red cloud and flying out, wanting to knock down this dark golden paper.

This was the Origin True Feather that Gu Changge gave her, and its power was comparable to that of an Emperor’s weapon. Although with her current strength, it was difficult to fully activate it, its power was far superior to other divine weapons.

Boom!!

This piece of Origin True Feather flew out like a red galaxy, covering the dark golden paper.

An incomparable wave suddenly erupted here. The other Great Sect leaders around saw that something was wrong and rushed to block the wave, otherwise, the aftermath alone would have ruined this place.

Afterward, thousands of sword auras burst out, like thousands of divine swords being revived, cutting off all the existences that approached it. Even the Origin True Feather made clanging sounds, the chains of laws and order burst out, and red rays of light splashed everywhere.

“I still can’t subdue it...” Gu Xian’er frowned even more tightly. She didn’t expect that even the Origin True Feather wouldn’t be able to stop it.

“You can try to communicate. This thing in a cryptic script...” Seeing this scene, An Xi on the other side moved his eyes slightly and said to Niu Tian behind him.

She had already figured out that this thing was definitely related to the Shadow Immortal from their lineage. The text on it came from the lineage of Shadow Immortal, and she happened to know it. But she didn’t have the blood of the Shadow Immortal, so it might be difficult to induce it.

Niu Tian was different, he had the true blood of Shadow Immortal. If there was anyone here who could move this page, it could only be Niu Tian. Hearing this, Niu Tian nodded, not spewing nonsense, there were light blue runes flickering in his eyes.

Immediately after he began to mutter strange words as they appeared in light blue color, appearing from his side, resembling true dragons, immortal phoenixes, unicorns, basaltic beasts, etc., but each word contained terrifying divine power.

Everyone in the Divine Stone Conference felt a strange feeling suddenly descending. Those words seemed to come back to life, and they began to twist and manifest, shining brightly, incomparably crystal bright.

“What is this?”

“Does it actually have the same origin as those words?”

Many people watched this scene in shock and the eyes of many Great Sect leaders who were hiding in the dark also all focused on Niu Tian. From this burly man, they felt the same aura as that of the dark golden paper.

There was only one possibility. This burly man had the blood of existence who left this sword technique!

“A member of the An Clan? I haven’t heard of such a character before.”

“Could it be an ancient freak too?”

Many people began to speculate on Niu Tian’s origin, thinking that his bloodline would not be too simple since he could actually move the dark golden paper.

Buzz!!

At this moment, the dark golden paper in the void also trembled slightly as if it had sensed something. The sound of the sword moved in all directions, and the people faintly saw a dim yellow dirty river, which buried all living beings.

A look of joy also appeared on Niu Tian’s face, and indeed he felt the meaning of spirituality and intimacy from the dark golden paper.

“I can overcome it,” He said in a deep voice, his eyes were burning, and a blue radiance permeated from his body, very gorgeous, echoing each other on the page.

Each of the Shadow Immortal characters seemed to come alive.

Boom!!

The paper unfolded and made a sound like sea waves. The terrifying sword lights were restrained and then turned into a stream of light, flying toward Niu Tian. Everyone watched this scene in shock.

They never expected that the page that was so menacing just now had such a docile side, and it flew toward Niu Tian on its own initiative.

“A Supreme Sword technique...” Seeing the dark gold paper fall into his hands, Niu Tian smiled a little excitedly, unable to hide his enthusiasm.

“Very good. It seems that my guess is correct.” There was a smile on the corner of An Xi’s mouth, and she nodded slightly.

“This is what I obtained...” Gu Xian’er obviously didn’t expect that the fetish that she cut out would end up in someone else’s hands. This made her frown, and she was very upset. But she didn’t show it on her face, and she also felt that the Hidden An Clan didn’t dare to steal her things in front of everyone.

“Miss Xian’er, this object has a lot to do with an Ancestor of my An Clan, I think you and everyone else have seen it.”

And at this time, An Xi, who had been silent in the corner, suddenly walked out with a decent smile on her face, and explained to Gu Xian’er.

“What do you mean by that?” Gu Xian’er looked at her coldly, and there was a frosty indifference between her brows.

An Xi didn’t care about Gu Xian’er’s expression, she still smiled to herself and said, “This is a relic belonging to my Ancestor of the An Clan. With your status, you probably wouldn’t do such a thing as usurping something from another, so it’s better to let it return to its original owner. As long as you ask, I, An Xi, am willing to pay a high price to buy it back. Such kindness, I and the An clan, shall remember it forever. Of course, if you mind, I’ll let the clan hand it back to you.”

Hearing this, everyone’s eyes flickered slightly, and they felt that this young lady of the An Clan was quite a character. She spoke with a certain degree of advance and retreat and was very methodical. In a few words, she clearly stated her purpose and occupied an extremely favorable side.

What she said was very beautiful. First, she explained that this object was left by their Ancestor.

Moreover, the promotion of Gu Xian’er to a high position first made people feel that in her capacity, it would be somewhat unjustifiable if she forcibly seized the relics of the Ancestor of other Clan.

Then she said that she was willing to spend money to buy it back, saying that she had no intention of grabbing it. If Gu Xian’er did not agree, she would immediately return it.

So no matter whether Gu Xianer agreed or refused, there was nothing wrong with her and An Clan’s actions, and they were in an absolutely favorable position.

It would be fine if Gu Xian’er agreed, but if she didn’t agree, it would inevitably make people think that she was a bit too much, which was unreasonable logically. After all, this technique was the relic of the Ancestor from another Clan.

Many of the older generations present were all human beings, and they could analyze An Xi’s intentions almost immediately.

“If you play tricks on this matter, the little princess of the Gu family may not be able to play tricks on her.”

“At the end of the day, she’s just a little girl, so she wouldn’t bother to delve into these things... She can’t compete with the eldest lady An Xi in terms of thinking and means.”

This made them want to watch the excitement, and they couldn’t help but look at Gu Xian’er with great interest.

Gu Xian’er could naturally infer An Xi’s intentions. Her complexion didn’t change, and she didn’t even think about caring about other people’s opinions.

“This is what I obtained from the Divine Stone.” She said lightly, “As for returning the property to its original owner, I think you should return it to me.”

“I know, but this is also a relic of our Ancestor...” An Xi still had a faint smile on her face, as if she was convinced of Gu Xian’er.

“So you plan to steal it?” Gu Xian’er raised her cold eyes, glanced at her, and said in a neutral tone.

An Xi shook her head with a smile and said, “What is Miss Xian’er talking about? I don’t have the guts to snatch your things. Since you mind, how about this? I’ll help you translate the above text first, otherwise, you won’t recognize it when you get it. If you can’t understand the words on it, it’s useless. What do you think?”

Everyone could see that An Xi had been adopting retreat-for-advance methods, seemingly thinking of Gu Xian’er, but in fact, she still didn’t want to return this page to her.

And the meaning of what she said was already obvious, the words on it were unrecognizable to anyone except the lineage of Shadow Immortal.

So even if Gu Xianer got it, it would be of no use. Reasonably, there was nothing wrong with her doing so. But if you look at it from the perspective of the person involved, it was a bit aggrieved and passive.

Gu Xian’er frowned slightly, she could sense An Xi’s malicious intentions. So what if she couldn’t read the words on it?

Could it be that the Gu family still couldn’t think of a way to decipher these words? What was more, if An Xi was asked to translate it once, wouldn’t she also get the above sword technique?

This was clearly to take advantage of her, and she didn’t want to just return this piece of paper to her. However, before Gu Xian’er could speak, a faint voice suddenly came from outside Jushifang.

“That’s not necessary, even if you don’t recognize it, it’s my Xian’er’s stuff. Even if she throws it into the fire pit and burns it, it is her business. Who are you to make decisions for her?”

Hearing this, the complexions of everyone in the Divine Stone Conference changed at the same time.

Many older generations and even the leader of the Great Sect who were hiding in the dark looked solemnly and looked out of the pavilion. The Six Crown King, Heavenly Phoenix Maiden, Little Saint King, and others were also quite shocked.

“Gu Changge is also in Kunwu City, when did he arrive?”

As the voice fell, a young man stepped from outside the pavilion, wearing a black robe, embroidered with patterns such as an immortal phoenix, a true dragon, and stars in the sky, looking extremely mysterious and noble.

Many powerful men followed behind with a palpating pressure pervading their bodies. The cultivators and creatures in front of them, their complexions changed slightly, stepped aside one after another, appearing to be quite fearful and respectful.

Chapter 543: It seems that you are tired of living, In front of absolute strength

Gu Changge's arrival was beyond the expectations of everyone in the Divine Stone Conference and caused a great commotion. Many older generations and the leader of the Great Sect appeared from the shadows.

Even when the piece of paper was about to escape, he never showed up. For them, the presence of Gu Changge here represented a completely different meaning. Before this, many people didn't even know that Gu Changge had arrived in Kunwu City.

When Niu Tian saw his long-cherished enemy again, deep hatred flashed in his eyes, but he hid it deeply and clenched his fists tightly. He couldn't forget how Gu Changge drove them all to death when he was in the Vermillion Bird Ancient Kingdom.

If it wasn't for his fate that even after falling off the cliff he didn't die and instead fell into the river, floating down before he was rescued by An Xi. How could he forget this hatred?

Compared with Niu Tian's calmness, An Xi's face was stunned, even a little stiff and unnatural. She naturally heard what Gu Changge said. If ordinary people had said that to her, she would have been angry a long time ago, but in front of Gu Changge, she dared not.

The biggest reason she played tricks in front of Gu Xian'er was that she felt Gu Changge was not in Kunwu City. Gu Xian'er was used to being alone, and there was no one from the Gu family or strong people around her.

That was commonly known as easy to bully. However, she recovered quickly, with a bit of surprise and a smile on her face, looking very natural, she slightly cupped her hands toward Gu Changge who was walking, "An Xi greets the Young Master Changge."

Many An people behind An Xi also greeted one after another and their attitudes seemed a little fearful. After the battle for the Eight Desolations and Ten Regions, Gu Changge's fame and power reached an unimaginably terrifying level in the Upper Realm.

Even Enlightened beings dared not be presumptuous in front of him and needed to be cautious. Let alone these people.

"Greetings, Young Master Changge."

With that, the rest of the older generation and the leader of the Great Sects also opened their mouths and bowed their hands in salute. The Six Crown King, Heavenly Phoenix Maiden, Jin Chan Buddha, and others looked unnatural, but they still dare not be rude in front of Gu Changge.

Their emotions were extremely complicated. In the beginning, Gu Changge was a figure who competed with their peers, but now they couldn't even see Gu Changge's back. This big gap could be described as a natural moat.

When the shopkeeper of the Divine Stone Origin saw Yin Mei behind Gu Changge, his face changed slightly, and he wanted to come to see Yin Mei. However, after noticing that Yin Mei made him feel that it was unnecessary, he smiled wryly, regretting why he didn't stand up and speak out just now.

Anyone with a discerning eye could see that this was an opportunity to please Gu Changge. Regarding An Xi's actions, Gu Changge's expression remained unchanged, as if he hadn't seen her, he walked straight past her and walked toward Gu Xian'er.

This made An Xi's expression slightly stiff and ugly, but she still didn't dare to show it at the moment. She could only maintain the appearance of a greeting that looked a bit awkward.

Everyone looked at this scene with different expressions, and the leaders of many Great Sects were also very interested as if they were not too lively. When An Xi was playing tricks in front of Gu Xian'er just now, she was so natural and calm.

Although she didn't show arrogance, it was hard to hide that casual contemptuous attitude. In An Xi's eyes, Gu Xian'er was just a little girl. In terms of scheming and means, how could she compare with her?

"Gu Changge, what are you doing here?"

Seeing Gu Changge arriving suddenly, Gu Xian'er was still a little dazed, but after she realized it, there was a slight joy on her brow. But she hid it well, and her tone was still very casual and indifferent.

She knew that Gu Changge would be in Kunwu City, otherwise, there would be someone watching her tracks before, like bodyguards. But she really didn't expect that Gu Changge would come to the Divine Stone Conference in person.

Did he hear the news that she was here?

This made her very happy.

"If I don't come over, I'm afraid all of your things will be snatched away. When did this kind of cat or dog dare to play tricks in front of you? Today, I have learned a lot." Gu Changge glanced at her and shook his head slightly.

He could tell that although Gu Xian'er's expression hadn't changed much, she was still as cold as before. But her heart must be very aggrieved and even wronged. This silly girl was not good at playing tricks at all.

She didn't dare to do it. In the end, not to mention the things being taken away, she would have to end up at a loss.

"In front of so many people, does she dare to steal my things?" Hearing this, Gu Xian'er couldn't help retorting.

She did feel aggrieved by Gu Changge's poking at the center of the matter, but she still didn't show any pretentiousness. Having Gu Changge by her side gave her a sense of stability that was hard to describe in words.

"I see, she really didn't dare. If she dared to snatch it, she would definitely not be able to leave this place alive today. So don't feel wronged."

Seeing her aggrieved look, Gu Changge's eyes darkened a little, then he smiled, and suddenly reached out and rubbed her head.

"I'm not being wronged, don't talk nonsense. Also, don't take advantage of me."

Under the eyes of everyone, Gu Xian'er's face was a little dizzy. She glared at Gu Changge, stretched out her white and slender hand, and knocked his hand on her head in disgust.

Gu Changge smiled lightly, "You girl, it seems that I have to deal with you later."

Gu Xian'er didn't have the slightest fear of him and snorted softly when she saw this, obviously, she didn't take these words to heart. She slipped away when she had the chance, and Gu Changge still wanted to bully her. She should let him dream.

Seeing this scene, for some reason, everyone present felt a chill coming from their backs. The members of the An Clan shuddered slightly, frightened by Gu Changge's words just now.

Can't get out of here alive? Could it be that he intends to kill everyone?

An Xi's complexion also changed slightly, and she felt a chill hit her, which made her tremble uncontrollably.

She couldn't help but smile a little, and explained, "Master Changge is too worried. How dare I snatch Miss Xian'er's things. I just thought that she didn't understand the words on it, so I planned to translate it for her. After all, this is left by the Ancestor of our clan. Except for our clan, few groups can recognize the words on it. And if it wasn't for the actions of our clan just now, this page of paper might have already escaped."

She said this because she wanted to tell Gu Changge and everyone present that she did not do anything to Gu Xian'er and even wanted to help her. And if it wasn't for her, Gu Xian'er wouldn't be able to get this piece of paper and let it escape.

Emotionally speaking, she did nothing wrong. This was An Xi's cleverness, no matter how strong Gu Changge was, was it possible that he could still attack her for no reason?

"In that case, I have to thank you, right? In this case, I see that you are quite tired from living, why don't I help you get rid of it as soon as possible, what do you think?"

Gu Changge's expression was flat, and his eyes were indifferent. He didn't care about her words and even looked too lazy to take care of them.

Immediately, he just slapped his palm forward, and the terrifying power was like the sky collapsing, and the divine chains of laws were intertwined as they fell down, directly shaking the entire Kunwu City. It

was more like self-recovery. Many powerhouses at the level of the leader turned pale and frightened, and their souls trembled because of this fluctuation.

The rest of the people almost knelt down and couldn't help but prostrate themselves on the ground. If it weren't for Gu Changge's control, the entire Divine Stone Conference might have exploded in an instant and turned into powder.

"Miss, be careful." The smile on An Xi's face froze and suddenly became white. With her strength, she couldn't even move at this moment, let alone resist.

At the critical moment, a silent old slave behind her made a move and led her out. But the escaping fluctuations also made her vomit blood, her body almost exploded as she fell to the ground covered in blood. The old slave in the Supreme Realm who rescued her died tragically on the spot.

This scene caused the expression of everyone in the Divine Stone Conference to change drastically, and there was no sound. The leaders of many Great Sects quietly swallowed their saliva, their scalps tingling.

They knew that Gu Changge did it on purpose, otherwise, how could an old slave in the Supreme Realm save An Xi?

His behavior was also equivalent to telling everyone the truth. In the face of absolute strength, any small thoughts were useless. Everyone from the An Clan trembled uncontrollably, terrified to the extreme.

Niu Tian's scalp was also numb, his face was pale, and his legs were even a little weak.

"Uncle Guang..." An Xi struggled to get up from the ground, the plain yarn covering her face was covered with blood, and she was in extreme embarrassment.

Her voice was trembling, full of fear and grief. She never expected Gu Changge to be so strong, and she didn't even talk to her. If Uncle Guang hadn't tried his best to save her, she would be the one to lose her body and spirit.

The fluctuations from here swept across the entire Kunwu City in an instant, and many ancient existences that had never appeared before also appeared in the sky one after another. Looking at the Divine Stone Conference from afar, their expressions were dignified and varied.

"What exactly is going on?"

In the place where the An Clan was stationed, a silver-haired old man was leaning on a cane. After having a bad feeling, he hurriedly disappeared and rushed over.

Chapter 544: What's the use of keeping its wisdom? This guy is really on a high cloud

The fluctuations in the Divine Stone Conference shook Kunwu City, and many cultivators and creatures looked over in shock. Many people even trembled uncontrollably, overwhelmed by the fluctuation just now, terrified.

"What happened just now, could it be that an Enlightened being made a move..."

Several ancient existences of Immortal forces appeared in the sky with dignified expressions, looking in the direction of the Divine Stone Conference with fearful expressions.

In the current Upper Realm, Enlightened beings were gradually recovering. However, their identities were the Ancestors of various races, and the meanings they represented were completely different. If it was not a critical time, they would not do anything.

Now they actually felt the fluctuations at the level of Enlightened beings. Didn't that mean that there was an Enlightened being or there might be a big fight?

This made them look very dignified as they felt a bad premonition. Before the Ji family invaded Mount Kun, could it be that a terrifying battle would break out in Kunwu City first?

The situation was extremely urgent. Thinking of this, the ancient existences of various ethnic groups did not dare to neglect, their figures flashed, and they rushed toward the Divine Stone Conference.

In the Divine Stone Conference, there was dead silence, and everyone was trembling and frightened. Even the leaders of many Great Sects felt trembling and were frightened by Gu Changge's methods.

"As expected, Gu Xian'er is his reverse scale, and she cannot be touched." Heavenly Phoenix Maiden gave Gu Xian'er a complicated look.

She had seen many times that Gu Changge stood up for Gu Xian'er, and it was the same when she was in the tomb of the Supreme God Clan. Even the princess of the Supreme God Clan was almost killed by Gu Changge at that time.

If it weren't for the puppet stand-in, she would have died long ago. Although Gu Xian'er knew that Gu Changge would definitely stand up for her. But she didn't expect that Gu Changge was so strong and ruthless that he almost shot An Xi to death.

The proud and conceited An Xi looked miserable and covered in blood. Yet, she was still a little relieved.

"Is this the page? Then let me see if it dares to escape now?"

Gu Changge's black clothes were fluttering, and the many formations of stars and beasts on them seemed to be resurrected at this moment, manifesting the divine power in the virtual space, suppressing people, making their skin almost split open. He opened his mouth indifferently, raised his eyes, and glanced at Niu Tian before raising his palm and grabbed Niu Tian.

Niu Tian's complexion changed, and his complexion suddenly turned a little pale. The whole person wanted to avoid it but found that he seemed to be imprisoned in place, and even his blood and soul were frozen.

Niu Tian was still holding the dark golden paper in his hand, each and every one of the Shadow Immortal characters was shining brightly, with a dazzling brilliance pervading and intertwining.

Boom!!

It seemed to have felt a kind of oppression and began to recover on its own, breaking free from Niu Tian's grasp. Afterward, thousands of sword auras burst out, shining brightly like a big black sun, dazzling and resplendent as it slashed toward Gu Changge.

Everyone in the Divine Stone Conference changed countenance, even the leader of the Great Sect couldn't help but feel palpitations, and couldn't help resisting.

Boom!!

In a trance, a black river was manifested with the dead bones of wronged souls floating on it, and hundreds of millions of souls buried in it. These tens of thousands of sword lights had evolved together, possessing the terrifying power of burying life, to fight against Gu Changge. However, following Gu Changge's palm, it seemed as if stars were condensed in his palm, and the entire universe was evolving in it.

Boom!!

He slammed his palm forward, and as if the sky had collapsed and the earth turned into ashes, the sword lights vanished, and all the laws were reduced to ashes.

The void was blurred. This dark golden paper sensed that something was wrong, it was not Gu Changge's opponent, it directly turned into a golden light, trying to escape.

"You want to escape?"

Gu Changge's expression didn't change, the palm continued to descend. The surrounding space was frozen, collapsing into a terrifying rift. Even the leaders of the Great sects felt palpitations, and it was difficult for him to break free.

Buzz!!

Dazzling brilliance erupted on the dark golden paper, trying to resist this palm, but under the suppression of absolute strength, even if it possessed wisdom, there was nothing it could do.

In the end, it had nowhere to escape and let out a mournful sound of unwillingness before being directly grabbed by Gu Changge's palm. Everyone watched this scene in silence as if chilling.

The dark golden paper that made everyone helpless just now couldn't escape from Gu Changge. This kind of terrifying power really terrified them, and many young supreme beings were even more silent.

"Since it's not for use, what's the use of saving your wisdom?" Gu Changge's eyes were indifferent, and there was a terrifying aura intertwined in his palm. In the horrified eyes of everyone, he directly wiped away the wisdom within the dark golden paper.

Seeing this scene, Niu Tian, An Xi, and the others turned even paler, displaying fear. The many Great sect leaders and the older generation couldn't help but be horrified. They didn't expect Gu Changge to even remove its wisdom.

Being so ruthless and decisive made many people shudder involuntarily.

"Why did you destroy its wisdom?" Seeing this scene, Gu Xian'er felt a little distressed.

After all, it was a Supreme Sword technique, if Gu Changge ruined it like this, then she would be at a big loss.

"Since it's disobedient, what's the use of keeping it?" Gu Changge shook his head lightly, but he had no intention of giving the paper to Gu Xian'er.

He could tell that there was indeed a Supreme Sword technique in it. It was not that he wanted to steal Gu Xian'er's things, but he was a little interested and hadn't figured out the origin of this sword technique yet.

Seeing Gu Changge's intentions, Gu Xian'er puffed her cheeks, snorted, and turned her head away.

"Don't try to keep it for yourself." She felt that after this sword technique fell into Gu Chang's hands, he would not return it to her for a while. It made her a little sulky.

"Little girl, when did I snatch your things?" Seeing her vigilant look like a thief, Gu Changge really wanted to slap her on the forehead.

"You have been trying to take advantage of me... Will you be so kind? You should have returned my things earlier." Gu Xian'er snorted softly, glared at him, and quickly avoided his knocking hand.

At this moment, outside the Divine Stone Conference, several divine lights descended, and landed here. The people who came looked very old and vicissitudes, with white hair and beards, and hunched figures. One of them was looking at all this with a cane in shock.

"Grand Uncle....."

When An Xi saw the person coming, the frightened expression on her face subsided a little, but it was still difficult to hide her grief. This was an Ancestor of the An Clan lineage, who had reached the realm of Enlightenment many years ago.

During this period of time, he emerged from seclusion because of the attack on the Eight Desolation and Ten Regions. Recently, he came to Kunwu City with her.

"What the hell is going on here?"

The Enlightened being from the An Clan was in a bad mood, especially when he saw An Xi covered in blood, he even thumped. He glanced at the people in the Divine Stone Conference. Although many people showed interest in him, he didn't see the respect and fear of the Enlightened being at all.

Many forces that had conflicts with the An Clan still looked gloating.

"Could it be that you got into trouble?" His complexion darkened. As a human being, his eyelashes were all empty. When he saw Gu Changge not far away, he vaguely guessed something. So he asked directly in a questioning tone, which seemed quite severe.

However, before An Xi could answer, he cupped his hands and looked at Gu Changge again, and said, "Old An Wangshan greets Young Master Changge."

As an Enlightened being of the An clan, his status was extremely noble, and he was always high above the others, and everyone should respect him. But in front of Gu Changge, he didn't dare to take it too seriously.

"Oh, didn't we meet each other in the Eight Desolations and Ten Regions?" Gu Changge sized him up with interest.

“I didn’t expect Young Master Changge to recognize the old man.” An Wangshan said solemnly, “At that time, in front of Heavenly Boundary Abyss, I had the honor to fight side by side with Young Master Changge.”

It was because of this that he knew how terrifying Gu Changge was.

After An Xi offended him, he didn’t think about taking revenge. The best way was to obediently admit mistakes and ask for forgiveness. Seeing this scene, the other ancient existences who arrived also seemed very interested.

They also guessed what happened just now, and they didn’t think it was a big deal, with an expression of watching an exciting show.

An Xi also knew that her uncle could not uphold justice for her, so she could only endure the grief in her heart, her face paled, and she said, “Forgive me, uncle, Xi’er accidentally offended Young Master Changge just now...”

“Due punishment has been received.”

She was very smart, knowing that Gu Changge would not talk to her about the so-called reasoning. She softened her attitude, displaying guilt and self-blame after doing something wrong, without any resentment or anger.

Many cultivators and creatures who witnessed the scene before and after saw this scene with different expressions. The people thought that An Xi would remember this day forever. After an old slave in the Supreme Realm was shot to death here by Gu Changge, she had to obediently admit her mistake. Just now she even touched the gate of hell.

However, she would only do this when facing Gu Changge. If it was someone else, this hatred would be unsolvable.

“Xi’er is ignorant, I hope Young Master Changge will forgive her if she has offended you.”

After listening to An Xi’s explanation, An Wangshan secretly hated Gu Changge’s dominance in his heart. If that old servant hadn’t saved An Xi, he would probably see An Xi’s bones upon his arrival. But on the surface, he still apologized sincerely, giving enough face.

And before Gu Changge could speak, he asked An Xi again, “Aren’t you going to apologize to Miss Xian’er?”

An Xi also knew that this was his uncle giving him a step-down, otherwise today’s matter would not be settled easily. So she was decisive, capable of bending and stretching with a look of guilt and self-blame on her face. Then she said to Gu Xian’er, “It was my fault just now, and I hope Miss Xian’er can forgive me.”

In terms of her status, it could be said that such a thing happening in front of many forces in Kunwu City, had completely humiliated her. Even in the future, it would embarrass her, making it difficult to hold her head up among her peers.

But this sense of humiliation was deeply hidden in An Xi's heart. Gu Xian'er glanced at An Xi, obviously not paying attention to her words of apology. But today Gu Changge had already stood up for her, and she was not the kind of person who couldn't let go, so she didn't bother to argue with her anymore.

"Miss Xian'er, do you still want to cut this rough stone?"

At this time, the stonecutters who were in charge of cutting the Ghost Blood rough stone looked at Gu Changge with some fear and stepped forward to ask respectfully.

When Gu Changge shot just now, they had been watching from the sidelines, and they almost fell to their knees with fear in their hearts that was deeper than anyone else.

However, the piece of Gu Xian'er in front of him was accounted for on Gu Changge's head, and the Divine Stone that was worth five million spirit stones was still there, and it had not been cut out.

Seeing this scene, many people realized that cutting stones was the most important thing today. The mysterious sword technique just now was also cut out by Gu Xian'er spending 1.5 million spirit stones.

Now there was still a rough stone worth five million spirit stones that had not been cut yet.

"Could it be that Miss Xian'er also has the inheritance of the Divine Origin Master?"

Many of the old and antique people who just rushed over seemed quite curious and cast kind eyes on Gu Xian'er.

"Of course, cut it." Gu Xian'er arrived to her senses at this moment and looked at the Ghost Blood stone again.

In fact, she was also a little curious about what would be in it.

"The bill for my purchase of the rough stone is all on your head. Remember to settle the bill later, and you are not allowed to rely on others." Thinking of something else, she glanced at the pale-faced shopkeeper of the Divine Stone Conference in the corner, then with a serious face, she warned Gu Changge.

She looked like he was afraid that Gu Changge would renege on his debt.

"Hm?" Hearing this, Gu Changge was taken aback for a moment, then raised his eyebrows, wondering if he heard it wrong.

He looked Gu Xian'er up and down again, this girl bought the stone and put the bill on him? She really seemed to be on a high cloud.

"Hmm, what?" Gu Xian'er looked at Gu Changge's scrutinizing and dangerous eyes, and immediately stared back with dissatisfaction, "Do you think I look like someone with spirit stones?"

"You dare to come here to gamble on stones without spirit stones? It seems that you have a lot of confidence." Gu Changge couldn't help laughing, and suddenly pinched her nose.

Gu Xian'er knocked off his hand in disgust, and said as a matter of course, "That's why I blame you."

“Cut it, you can cut whatever piece you want in this Divine Stone Conference. But you have to promise me one condition.” Gu Changge smiled, and then swept the many Divine Stones in the pavilion, speaking unhurriedly.

“What condition?”

Gu Xian'er glanced at him vigilantly, thinking that Gu Changge must be feeling uneasy and kind. He might be trying to bully her in another way. She had to think it over carefully.

Chapter 545: What do you mean by thinking of beauty? Maybe it's the egg of a ghost

Gu Xian'er always felt that Gu Changge's gaze was malicious, especially since he always wanted to take advantage of her. Could it be that he wanted to take the opportunity and put forward some excessive demands on herself?

Thinking of this, she suddenly remembered what happened when she was fighting in the Eight Desolations and Ten Regions.

At that time, Gu Changge was injured in a fight with several Enlightened beings from the Eight Desolations and Ten Regions. When she went to see him, Gu Changge didn't seem to do anything to her. Instead, she hugged Gu Changge and slept soundly in the end.

Could it be that she really was not attractive to him? Gu Xian'er, who was thinking wildly in her mind, felt a little lost for no reason.

“You have to promise me first.” Gu Changge shook his head lightly as he reached out and flicked her smooth delicate forehead, “Why do you think about beautiful things all day in this head?”

“You're thinking about beautiful things.” Gu Xian'er came back to her senses, feeling flustered that something in her mind had been punctured by him, she hastily glared at him, and categorically denied it.

But she felt that something was wrong. What did he mean by she was thinking about beautiful things?

“I promise you, but you are not allowed to take the opportunity to bully me.” Gu Xian'er said cautiously.

Gu Changge smiled and said, “If I wanted to bully you, do I still need your consent?”

“Eh!” Gu Xian'er was taken aback for a moment, feeling that Gu Changge was right.

Did she still need to promise herself?

This suddenly made her a little angry. But Gu Changge had obviously guessed what she was going to say, and said with a slight smile, “Okay, I promise you everything.”

“Hmph, it's not too bad.” Gu Xian'er snorted softly, the corners of her mouth curled up slightly.

While the two were talking, the Ghost Blood raw stone was also under the joint efforts of several stonecutters. The layers of stone clothing began to peel off, and a faint blood-colored mist diffused from it.

There was even light red blood oozing out, which looked quite strange. Such a scene shocked everyone in the Divine Stone Conference and all of them stared at it without blinking.

“Bleeding from stone cutting, this is not a good omen.”

An old man with high attainment in Origin Technique said with a serious expression and took out a simple compass, on which runes began to transform. Obviously he was deducing something.

Many people were surprised, they recognized him and then became respectful. The old man came from the Chu Lian family, which was a very famous origin master family in the Upper Realm.

As famous as the Chu Lian family was the Fu Long family. These families had deeply studied the origin technique. This time, many forces and sects invited people from these two families to the Divine Stone Conference in Kunwu City.

The rest of the people of the older generation became more cautious, appearing extremely cautious.

“The location of the Ghost Blood Plateau is extremely strange, and the terrain is extremely high. It can even suffocate cultivators who accidentally step into it. This suffocation comes from the soul and has nothing to do with the body and it’s hard to come back alive.”

“In the beginning, this Ghost Blood stone was also brought out by a Supreme being. I heard that he passed away for some reason, and this rough stone was sold here by his descendants.”

“It is said that a Ghost Immortal was born in the Ghost Blood plateau, and there is a Ghost Blood lake in it, which was formed after a Heavenly Ghost was killed by the Supreme being...”

“Maybe these reddish bloodstains are exactly the lake water in that Ghost Blood lake.”

The leaders of many Great sects in the surroundings were guessing with strange eyes and thoughts.

Gu Xian’er also noticed that the big red bird at her feet became a little uneasy. Could it be that there were still unknown things hidden in this raw Ghost Blood stone?

She frowned slightly, pinching the corner of her clothes with her bare hands.

“Why did you choose this rough stone, you don’t know what’s in it?” Noticing Gu Xianer’s expression, Gu Changge was a little surprised.

He also thought that one of Gu Xian’er’s masters was a Divine Origin Master. Looking at it now, it seemed that he was wrong. Gu Xian’er could see the extraordinariness of these rough stones entirely by virtue of foreign objects.

Gu Xian’er glanced at him, and muttered softly, “I don’t know what’s in it, Da Hong told me.”

Hearing this, Gu Changge was a little stunned, but it was not surprising. Only then did he carefully look at the big red bird that she had been carrying with her all along.

He had never thought that this big red bird had such a talent before. Judging from its appearance, it was just an ordinary red bird. There were even a lot of variegated feathers.

A mottled red bird with a little bald head. It looked ugly no matter how you look at it.

“It doesn’t seem to be a simple red bird, but it seems to be transformed by some kind of spiritual creature...”

Gu Changge's eyes were a little strange, and strands of runes flashed, shining golden-like traces of Dao. Noticing Gu Changge's line of sight, Da Hong squinted at him, showing a rare and strange expression in his eyes.

Boom!!

At this moment, the raw Ghost Blood stone suddenly cracked, and several masters who were in charge of cutting the stone were blown away. There was a violent sound, and then a dazzling red light gushed out, reflecting the space in a brilliant way.

The wisps of red glow diffused like mist, giving people a strange and ominous feeling. Everyone in the Divine Stone Conference looked at it intently, and many Great sect leaders even used methods such as the Heavenly Eye to get a glimpse of the truth.

"An egg?" Gu Changge frowned slightly, and he saw the scene clearly almost immediately.

A red egg the size of a washbasin was lying in the middle of the rough stone, and there were thousands of red rays intertwining and permeating the surface, almost turning into mist.

Many people even felt that the red egg was breathing, actively absorbing the aura of this world.

"Cutting out an egg?" Gu Xian'er also saw the egg, and she was a little stunned, with a completely puzzled expression.

In such a piece of rough stone that had been placed for countless years, there was a strange egg sealed up. Could this be what she cut out after spending five million spirit stones?

"The origin of this egg is unknown, but there is no doubt that it should be related to Ghost Blood Lake," The old origin master of the Chu Lian family said. The compass in his hand kept spinning, and the results of the deduction displayed were chaotic.

"What's in this egg?"

Everyone in the Divine Stone Conference was very curious, and many young lords, masters of Great sects, and ancient beings stepped forward and used their means to take the initiative to check.

"It's hard to judge its value. If there is any creature in it, its talent should not be strong."

"This kind of fluctuation is far behind even some of the fierce descendants."

Several Enlightened beings shook their heads, thinking that the egg had been sealed for so long only because it was contaminated with the special aura of Ghost Blood Lake.

Even if there was any living creature in it, it would not be so powerful. Those creatures with powerful bloodlines, even if it was just an egg, would cause a terrifying change in momentum.

Sometimes it was commonplace to even suck up the aura of a star field. Against such a comparison, it seemed that this egg was very simple and ordinary.

"Maybe it's the egg of the Heavenly Ghost, you can just put it away." Gu Changge didn't think that with Gu Xian'er's level of Luck, the things cut out would be simple.

Seeing her disappointed expression that couldn't be concealed, he couldn't help but smile.

Chapter 546: How could I make fun of you? What are you expecting?

Hearing Gu Changge's words, although Gu Xian'er still felt suspicious, she still put away the red egg. As for the Heavenly Ghost that would be hatched in the future, she didn't believe it at all. After all, the Heavenly Ghost was one of the most incredible creatures in the Upper Realm. How could a creature of that level have such an ordinary egg?

Not to mention eggs, even things related to it were shocking visions with a divine glow that was astounding and shining in the sky. Since ancient times, there had been rumors that Heavenly Ghosts fed on Immortals, which displayed how powerful and terrifying such creatures were.

Soon, the scarlet glow dissipated, and the mist that filled the air also slowly disappeared. Everyone looked at the cracked rough stone, and there was still a lot of red blood-like liquid in it. It looked like blood, but it also looked as if water was stained red. It exuded a faint fragrance, and there was no peculiar smell.

"It should be an egg laid by some creature on the Ghost Blood Plateau. It's a bit extraordinary. But it's worth five million spirit stones, which is still a bit of a loss..."

Many Great sect leaders speculated that they were surprised because Gu Xian'er cut out so many fetishes before, and felt that she had extraordinary means and might have the inheritance of the Divine Origin Master. But looking at it now, they thought that it should be a coincidence.

"The ghost egg..." The Six Crown King, Heavenly Phoenix Maiden, and others were also stunned, purely thinking that this was Gu Changge's words to comfort Gu Xian'er.

Many people thought that this egg was not worth five million spirit stones, not even fifty thousand spirit stones. But in front of Gu Changge, they didn't dare to laugh at Gu Xian'er.

Let alone five million spirit stones, even five hundred million spirit stones, in the eyes of Gu Changge, were probably no different from a pile of waste stones. Thinking of this, many people were very envious of Gu Xian'er.

"Da Hong seems to have made a wrong judgment this time." Gu Xian'er could naturally feel the changes in the expressions of the people around her.

She didn't care what everyone thought but felt that five million spirit stones seemed to be a big loss, and she felt a little distressed.

"Can't you trust your own judgment?" Seeing her tangled appearance, Gu Changge couldn't help laughing, "This is the rough stone you wanted to cut."

Gu Xianer glared at Gu Changge, "Don't laugh at me."

"I've already said what if it's the egg of a Heavenly Ghost..." Gu Changge shook his head slightly and smiled.

“Stop fooling me, do you really think I can’t see it? I know you must be making fun of me in your heart now, thinking that I threw five million spirit stones into the water.” Gu Xian’er muttered, seeing that this thing was cut out, she was a little sad at first.

But Gu Changge comforted her so rarely, which made her feel much better suddenly.

“How could I make fun of you? If you’re happy, don’t say five million spirit stones, even if five trillion spirit stones are thrown into the water, what’s the fuss?” Gu Changge smiled lightly as if he didn’t care about it at all.

He didn’t believe that Gu Xian’er would cut out ordinary things. Wasn’t it strange this egg was just being ordinary?

Of course, Gu Changge would not tell Gu Xianer such things. Hearing this, Gu Xian’er was stunned for a moment and was deeply touched. But she thought about it again, wasn’t Gu Changge saying that she wasted the money in disguise?

She wrinkled her nose slightly, raised her beautiful eyes, glared at him, and then snorted, “It’s nice to say that, I asked you to pay the bill, and you still looked reluctant just now...”

“Are you still going to proceed with cutting these rough stones?” Gu Changge was too lazy to bother with her and had plenty of time to deal with her. He looked around at the many rough stones in the Divine Stone Conference, and asked with a casual smile.

“Cut, why not? Anyway, you’ll be paying for it.” Gu Xian’er would not let go of such an opportunity to take advantage of Gu Changge. The corners of her mouth slightly curled up, she turned around and lifted the big red bird under her feet, and started wandering around, looking for new rough stones.

Alas, there were few rough stones left in the Stone Gathering Workshop, she didn’t have much interest in them, and even the big red bird seemed to be lacking in interest. Obviously, it didn’t have much interest in the stones.

The rest of the people in the Stone Gathering Workshop wanted to witness Gu Xianer’s origin technique with their own eyes. But seeing this scene, they were all disappointed.

Many young lords immediately left quietly, intending to wait for the Divine Stone Conference three days later.

At that time, it would be held in the largest square city in Kunwu City, and many Supreme sects and Immortal forces would participate, bringing all the rare and strange stones from their family.

Many Great sect leaders also bid farewell to Gu Changge and left. Seeing that Gu Changge had no intention of ignoring them, everyone from the An Clan quietly retreated with pale faces.

An Xi’s body was still covered in blood, and Niu Tian, who was following her, also looked pale and frightened.

When Gu Changge took the page from his hand just now, he even felt that he would be slapped to death directly. The blood in his whole body seemed to freeze, and he deeply felt the feeling of death once again.

What happened in the Stone Gathering Workshop today spread quickly, causing quite a stir in Kunwu City. Of course, that mysterious scriptures had the most discussions, even though Gu Xian'er spent 1.5 million spirit stones to get them.

Though judging from the eyes of the many Great sect leaders present and the ancient existence, the sword technique contained in that mysterious scripture definitely surpassed the ordinary Emperor level.

Anyway, at least it was a sword technique in the Emperor Realm. Therefore, its value could not be described in words at all, let alone estimated with spirit stones. From this point of view, what were these 1.5 million spirit stones worth?

As for the Ghost Blood raw stone that Gu Xian'er bought for five million spirit stones, a mediocre egg was cut out, which disappointed many people and felt worthless for her. The fact that An Xi, the eldest lady of the An Clan, was almost shot to death by Gu Changge also caused quite a stir.

Of course, this kind of thing, in the eyes of many people who had witnessed it before and after, was just asking for trouble. Now almost everyone could perceive that Gu Xian'er could not be easily provoked.

What was more, Gu Changge was still under the premise of Kunwu City. After this incident, many people began to doubt, guessing whether Gu Xian'er had the inheritance of a Divine Origin Master, otherwise, it could only be explained by Luck.

After returning to the original palace, Gu Changge was not in a hurry to check the scripture containing the Supreme Sword technique.

After seeing Niu Tian's state today, he felt that this so-called Shadow Immortal bloodline should have other uses. So he first arranged for the Divine Stone Conference three days later.

Naturally, the Ancient Immortal Gu Family would also participate in this Divine Stone Conference, but those strange stones had not been shipped yet.

"We can wait until later. There is still some time before the attack on Mount Kun."

Gu Changge thought about this, then looked at Gu Xian'er who had been following behind him, and couldn't help but smile, "You woman, why do you still keep staring at me?"

"Then you have to return my sword technique to me first." There was great dissatisfaction written on Gu Xian'er's face, and she felt that Gu Changge did not mention that matter on purpose.

"What do you mean by yours? Obviously I took it back. It's in my hands now, and it's mine." Gu Changge smiled lightly, raised his palm, and the dark golden paper reappeared with light flowing on it, reflecting his palm brightly as if wrapped in a mist.

"You demon, I knew you wouldn't give it back." Gu Xian'er grit her teeth in anger, especially when she saw Gu Changge's slightly smug smile.

If it weren't for the fact that she couldn't beat Gu Changge, she would have rushed to fight him now. Every time she was angry with Gu Changge she wanted to go up and bite him.

“Do you recognize the text on it? Even if it is given to you now, you don’t know what is written on it.” Gu Changge shook the page in front of her and even he didn’t recognize the words on it, let alone Gu Xian’er.

Hearing this, Gu Xian’er was momentarily dumbfounded.

“It’s mine too, you can’t take it from me.” But she was still worried and repeated it again.

“I’ll find someone to translate all the text above, and I will give it to you when the time comes.” Gu Changge shook his head slightly and promised.

“That’s more or less.” Seeing Gu Changge promise her, Gu Xian’er barely believed it.

With that, she planned to leave. She didn’t plan to hang out with Gu Changge any longer, feeling he would bully her.

“You want to leave now? Didn’t you forget something?” Seeing her expression of wanting to run away, Gu Changge smiled faintly and directly stretched out his hand to grab her back.

“Did I forget something?” Gu Xian’er was a little guilty, but she still laughed and asked back.

“It seems that you haven’t been taught a lesson for a while, and you need to have a longer memory.” Gu Changge stared at her with interest.

Gu Xian’er shrank her neck from his eyes, but she still insisted, “Don’t talk nonsense, isn’t it just a condition? I promised you.”

After all, she made an expression of being generous to die, raised her small face, closed her eyes, her long eyelashes trembled slightly, and she could see the tension in her heart.

It had to be said that from a close perspective, Gu Xian’er’s appearance was completely flawless, smooth, and delicate. It was more red and white than a newborn baby.

The facial features were even more exquisite and flawless like the most outstanding works of art in heaven. The skirt corners were elegant, and the black hair on the head was as smooth as water waves, with a little luster.

Her whole body had a fragrance like orchid and musk deer, with an Immortal aura as if she didn’t care about worldly matters, seemingly cold and aloof.

Seeing her appearance, Gu Changge couldn’t help laughing, and jokingly uttered, “What are you pretending to be in your head every day? I want you to lend me your big red bird for the Divine Stone Conference three days later.” .”

“What?” Hearing this, Gu Xian’er was taken aback for a moment and then opened her eyes in astonishment. She didn’t expect this to be what Gu Changge was going to say.

It was completely different from what she had imagined, and it didn’t even touch the slightest edge. Observing Gu Changge’s slightly interested expression, she couldn’t help showing a faint glow on her face, but for some reason, she felt a little inexplicably disappointed.

“What’s wrong? Is it possible that you were still expecting something?” Gu Changge couldn’t help but smile.

“What were you expecting... If you want Da Hong to help you, you can ask. What are you telling me?” Gu Xian’er recovered quickly, and with a bit of anger in her tone, she turned around and was about to leave.

Of course, from Gu Changge’s point of view, it was in a state of desperation. He smiled faintly, and suddenly pulled her back.

“Wooooow...”

In the next moment, Gu Xian’er’s beautiful eyes widened, and she tried to push him away.

Chapter 547: Brothers meet again, It seems that this is God’s will

“Uncle, Uncle Guang was slapped to death on the spot by Gu Changge in order to save me...” At the same time, within another courtyard made of many stone materials.

Many clansmen from the An Clan rushed to this place in a dignified manner. The courtyard looked very quiet, with small stone arch bridges and rockery pavilions, which were not elegant, but the atmosphere was extremely depressing.

An Xi had already changed her clothes, her injuries hadn’t fully healed, but she was almost healed. She couldn’t hide her grief and anger as she was talking to An Wangshan, who had his back to everyone.

When the rest of the clan heard this, they were also extremely angry. Many people were not at the Stone Gathering Workshop at that time, but they also understood what happened at that time from a lot of news.

They felt extremely aggrieved and angry about this, as well as unwilling.

After all, An Xi, as the eldest lady of the An Clan, represented the face of their clan. She was so humiliated by Gu Changge in front of everyone in the Stone Gathering Workshop. They not only had to swallow their anger, but also carefully leave with smiling faces.

How could they endure such a humiliating thing?

“It’s too much. This Gu Changge is simply lawless. In the current Upper Realm, if he can cover the sky with one hand, the Gu family can do whatever they want?”

“That’s right, what the eldest lady did is not wrong in terms of emotion and reason, why should he directly kill people?”

“He’s just slapping my An Clan in the face!”

At this time, many members of the An Clan spoke up one after another, expressing their righteous indignation. When they were on the scene, they didn’t dare to say much, but Gu Changge couldn’t hear these words now, so they naturally spoke freely without any scruples.

For a moment, all the people of An Clan, including Niu Tian who was silent at the side, felt aggrieved and angry, and were emotionally infected.

“I know about this, you don’t need to say more. If Gu Changge continues to be so arrogant and powerful, we don’t need our An Clan to intervene, and other forces would not stand it.”

“He is getting more and more wings now, but so what, a person who is too dazzling always breaks the peace that has been in the past, and will be sanctioned sooner or later.”

An Wangshan was holding a cane in his hand, and he looked old-fashioned, but his whole body was filled with a terrifying aura. He waved his hands lightly, and there was cold anger flickering in his eyes.

If he hadn’t rushed there in time, the consequences would have been even more disastrous. Gu Changge might have killed An Xi on the spot without any scruples.

On the battlefield of the Eight Desolations and Ten Regions, he had witnessed Gu Changge’s terrifying strength with his own eyes. Ordinary Enlightened beings were definitely not his opponents now.

Moreover, one had to know his age, he was only in his early twenties, about the same age as An Xi. Nowadays, all ethnic groups and forces had become extremely afraid of Gu Changge and the Ancient Immortal Gu Family behind him.

An Clan was naturally no exception, otherwise, he would not have lowered his status so low, and even made An Xi take the initiative to apologize. However, An Wangshan believed that if Gu Changge continued to act like this, sooner or later he would be targeted by other forces in the Upper Realm.

What was missing now was just an opportunity and a suitable reason. Although the Ancient Immortal Gu Family was strong, could they be enemies of the entire Upper Realm? This was obviously impossible.

“Young people are young after all. If you can’t learn to restrain your brilliance, you will have problems sooner or later,” An Wangshan said lightly, there was a flash of light in those squinted eyes.

“I know Uncle.” Hearing this, An Xi also understood the truth and nodded. Although she was very unwilling, she could only endure today’s humiliation deeply.

“By the way, during this period of time, I heard that An Yan was a little restless?” At this time, An Wangshan seemed to be thinking of something, and asked.

When mentioning An Yan, a golden light flashed in his eyes, which was somewhat meaningful.

“Reporting to Uncle, An Yan has indeed been restless during this period, and she is not as honest as before. It seems that she has some thoughts about the position of the head of the family. But she is just a little girl with yellow hair. Although she has endured well these years, how can she be my opponent? Uncle, don’t worry.” A look of disapproval flashed across An Xi’s face, she shook her head and replied.

She understood that her half-sister was not as innocent as she appeared on the surface. For these years, An Yan had always acted cautiously, like walking on thin ice, and her status in the An Clan was not even as good as ordinary direct disciples.

She was too lazy to spend more time thinking about it. In her opinion, the position of Patriarch of the An Clan was in her pocket, and no one could compete with her.

“You still have to be careful with that girl. When I was in the Eight Desolations and Ten Regions, I saw that she seemed to be quite close to Gu Xian’er. If you say that there is no intention, the old man will not believe it.” An Wangshan stroked his beard lightly and said lightly.

As the patriarch behind An Xi’s lineage, he naturally hoped that An Xi could be in charge of the An family. In his opinion, An Yan, who was also the daughter of the Patriarch, was the biggest obstacle in this matter.

However, due to the early death of An Yan’s mother, many ancestors still took care of An Yan, and it was not easy for him to deal with such a little girl himself.

“She’s pretty close to Gu Xian’er? Is it possible that An Yan still wants to rely on the power of the outside world? Hehe, she is dreaming. As long as I get that drop of Shadow Immortal’s true blood and completely revive Niu Tian’s bloodline, what else can the rest of the Ancestors say?” An Xi sneered with a chilling smile on her pretty face.

But at this moment, someone from outside the courtyard suddenly came to report, “Miss, there is a young man who claims to be your friend outside asking to see you. Calling them my friend?”

An Xi was taken aback, she did have a lot of friends, and the other descendants of the Immortal forces and the Supreme sects more or less had a good relationship with her.

“Let him in.” So she didn’t think too much about it, she thought it was one of her suitors who came to express her comfort and concern when he heard about her humiliation this time.

Not long after, under the leadership of the servant just now, a tall and straight young man with a particularly handsome face stepped into the courtyard.

“Who are you? You are claiming to be my friend? Have we met before this?”

An Xi frowned, and carefully sized up the young man in front of him, feeling very strange, as she didn’t know him before.

“I’ve met Miss An Xi, the enemy of an enemy is naturally a friend. Since I and Ms. An Xi have a common enemy, then we will naturally become friends.”

The young man said with a smile on his face, looking very natural and casual, revealing an extraordinary bearing.

When seeing this young man, Niu Tian, who was standing behind An Xi, frowned slightly, somehow feeling that the person in front of him looked a little familiar.

“Oh, we have a common enemy?” An Xi’s expression softened slightly.

“You... you are Niu Tian?” However, at this moment, the young man in front of her seemed to notice something, he was taken aback for a moment, and then showed shock.

There was a lot of surprise on her face, she stared at Niu Tian behind her, and said in a trembling voice.

Niu Tian was also stunned when he heard the man call out his name in one go. In this huge upper realm, apart from a few people from the An Clan, only a few companions who came to this world with him at the beginning knew him.

And now his appearance had changed a lot, if one were not particularly familiar with someone, it would be difficult to recognize him at a glance.

“I... I am Jiang Chen.” Jiang Chen never expected to see his good brother here today, his whole face turned red with excitement.

“You... you are Xiao Chen...” Niu Tian also suddenly widened his eyes in surprise, unable to contain himself.

Afterwards, under the puzzled eyes of everyone in the An Clan, Niu Tian and Jiang Chen reunited after a long absence, feeling extremely excited.

After reminiscing about the old days, he gradually calmed down, and roughly knew the other party's experience during this period of time.

“It turns out that you are the Divine Origin Master who shocked the entire Kunwu City during this period of time! I didn't expect it, I didn't expect it, the famous Divine Origin Master would be my good brother.” Niu Tian sighed with joy.

Everyone in the An Clan understood Jiang Chen's identity at this moment, and they were quite shocked, and then became respectful.

A Divine Origin Master, what this represented was obviously self-evident. An Xi also showed a smile on his face, stretched out his fair white hand, shook hands with Jiang Chen, and added, “It turns out that brother Jiang Chen has such a relationship with Niu Tian, that's really great.”

For her, this was a complete surprise. Three days later, if the Divine Stone Conference was held with the help of a Divine Origin Master, then the An Clan would definitely benefit from it.

This naturally made her happy, and the unwillingness and humiliation just now were swept away.

“I didn't expect to see you one day. I always thought that you were killed by Gu Changge, and I wanted to avenge you.” Jiang Chen was also quite emotional, after seeing his good brother, his whole complexion improved a lot.

After he heard what happened in the Stone Gathering Workshop, he had the idea of cooperating with An Clan to deal with Gu Changge together, in order to avenge the killing of his good brother and the robbing of the goddess he admired.

But he never imagined that Niu Tian would be by An Xi's side.

“I always thought you were killed by Gu Changge, and I planned to avenge you in the future...” Niu Tian patted him on the shoulder.

“It seems that this is God's will. God did not kill us brothers. Let us get together again and be able to avenge our hatred. Even God is helping us, Gu Changge will suffer retribution sooner or later.”

With Jiang Chen's help, everyone in the An Clan was naturally overjoyed, even the few origin masters they hired at a huge price were directly rejected and let them go back.

In front of the Divine Origin Master, any origin master would appear bleak, and they could not be compared at all.

Chapter 548: The eldest princess Yu Feiya, A bet that guarantees no loss

In a blink of an eye, three days passed by and the Divine Stone Conference, which attracted many forces from the Upper Realm, was held as scheduled. The entire Kunwu City was extremely lively, filled with people's voices as divine lights and flying boats flew by from all directions and converged here.

Each faction had its own market here, which specifically listed the rare and strange stones obtained over the years, and even various Divine Stones. The squares and markets were overcrowded as there were people entering the palaces and pavilions.

Not only cultivators of various ethnic groups participated but casual cultivators of the older generation who arrived from other regions also chose strange stones among them.

If some kind of object was cut out, it would be auctioned. The seniority and status of the participants were also second to none in the Upper Realm. Even the leaders of Great sects and the patriarchs of long-lived families were weaker in front of these characters.

The Ancient Immortal Gu Family, the Ancient Immortal Wang Family, Heavenly Phoenix Mountain, the Human Ancestor Palace, the Ancient Ye Clan, the Hidden An Clan, the Reincarnation Lake, the Primordial Palace... almost all the Upper Realm forces participated in it.

At this moment, a dragon chariot descended on the street, and a tall phoenix-robed woman with a luxurious and beautiful face walked out with a bit of grace. Followed by her were many cultivators, both male, and female with extremely powerful strength.

"That is the eldest princess of the Great Yu Immortal Dynasty, right? She is indeed beautiful, and it's hard to find someone comparable in the entire realm."

"I didn't expect that even the Great Yu Immortal Dynasty, who has always been low-key, would send people. It is said that the eldest princess of the Great Yu Immortal Dynasty has a younger brother who is only in his early thirties. He is known as the Little Emperor."

This scene created quite a stir. Many cultivators were discussing, and when mentioning the Great Yu Immortal Dynasty, these people displayed awe.

Behind the princess of Great Yu, a young man attracted special attention. He was as bright as the morning sun with a golden divine light flowing on his body, like a young emperor. He walked like a dragon and a tiger, showing a rebellious and unruly look.

From the perspective of his aura, he looked like a little true dragon, oppressing the surrounding cultivators and changing their expressions. Great Yu was an Immortal Supreme Dynasty that had prospered for many eras and was located in West Heaven.

The great mountain collapsed as the long river dried up in that region. The sea turned into mulberry fields as even the thunder and lightning dried up. Everything in West Heaven was decaying and getting old, only it stood Immortal.

There were even ancient rumors that the first emperor of Great Yu had obtained the Great Yu Immortal Scripture from a rough stone and later established the Great Yu Immortal Dynasty. It was even said that Great Yu's first emperor was actually an Immortal corpse psychic, and the thing accompanying him was the Great Yu Immortal Scripture.

In short, in the eyes of the Upper Realm, the Great Yu Immortal Dynasty was always covered with a veil of mystery. Even if it was about attacking the Eight Desolations and Ten Regions, no one from their side had ever been seen going there.

They never thought that they would send their clansmen here at the Divine Stone Conference. The commotion caused here was not small, and many cultivators were looking at the group from the Great Yu Immortal Dynasty, seeing them venture to the depths of the marketplace.

"Sister Huang, what's the point of this Divine Stone Conference? It's meaningless."

The young man behind the princess of Great Yu looked contemptuous and bored at the many stone-cutting scenes around him.

"Father said that the incomplete page of the Great Yu Sutra may be related to this Divine Stone Conference, so we have to pay attention," Princess of Great Yu shook her head lightly and replied.

She walked like a morning glow, a bright moon swaying, graceful and dignified in her lotus steps. Her demeanor was elegant, which made many cultivators unknowingly make way for them.

Yu Feiya, as her name suggested, exuded an aura of royal dignity that could not be underestimated.

"Even the Ancestors couldn't find the fragmented page, so what can we do? In a while, I think it's better to help Sister Huang find a brother-in-law. I think that only Gu Change is worthy of you among the younger generation. If he marries sister Huang, the offspring born from the two of you will definitely..."

Hearing Yu Ming's unrestrained words, Yu Feiya shook her head lightly, and interrupted him, "If Young Master Change heard your words, wouldn't you feel bad for this sister?"

"What's there to be afraid of? Sister Huang, you are so beautiful, which man wouldn't be tempted to see you? What's more, sister, you are just keeping a low profile. Nobody knows about your strength yet. That Six Crown King, little saint kings, they don't even have the qualifications to be placed in your eyes..."

Yu Ming rolled his eyes when he heard the words, feeling that his sister was just keeping a low profile, not revealing herself.

Even the most mysterious Great Yu Immortal Scripture of the Great Yu Immortal Dynasty manifested itself when his sister was born, bestowing her with divine powers.

Many patriarchs even bluntly said that Sister Huang was the most mysterious talent they had ever seen.

Yes, it was not the talent that was the most powerful, but the most mysterious. As for where the mystery was?

One must know that even the ancient existences of their dynasty could hardly speak about the realm of Yu Feiya's cultivation. So in Yu Ming's view, those young lords were not worthy of their names. Compared with his sister, he didn't know where they were.

"Don't underestimate the people in the Upper Realm, you will suffer a loss in one day. Speak less in front of outsiders."

Yu Feiya was obviously very familiar with her younger brother, and although she was a little distressed by his unrestrained speech, there was nothing she could do about it.

"Is it possible that Miss Huang is really interested in that idiot from the Tuo Ba family who only knows how to practice swords? In my opinion, he can only practice swords." Yu Ming didn't consciously shut up, and his words were a little helpless and unbelievable.

However, regarding his words, Yu Feiya just shook her head lightly as she rubbed between her brows with some headaches, deciding not to reply.

Afterward, this group from the Great Yu Immortal Dynasty continued to venture deep into the marketplace.

That place was even more spacious, there were many pavilions and rockeries with flowing water. Bridges, and courtyards with many original stones were placed everywhere. The sun was shining brightly as a white mist lingered around.

Around each piece of rough stone, there were many people looking at it, either taking out divine weapons to investigate, or using divine powers to check.

In the market, each faction had its own area. Among them were the strange stones they had obtained over the years, and the price alone was enough to make ordinary cultivators look pale.

It costs tens of millions of spirit stones to start, and more spirit stones could not be used to measure the value at all. Even if one wanted to cut it open, one had to pay a huge price.

"You should be able to see the true face of the seven Divine Stones in Kunwu City today, right?"

"If we can cut out one of the Divine Stones this time, then our trip will be worthwhile."

Many cultivators came here with the intention of seeing the legendary seven Divine Stones. After all, they were strange stones obtained from many ancient existences in Kunwu City.

Most of them came from Mount Kun, and some came from other restricted areas. There used to be a total of ten Divine Stones, but three of them had been cut off, leaving only seven.

Boom!!

And when many cultivators were discussing, there was a courtyard not far away. A soaring green glow filled the sky, as a lake of life rushed toward it, instantly attracting everyone's attention.

"This aura, could it be the Spring of Life..."

“There is no mistake, it is definitely the aura of the spiritual Spring of Life. Could it be that someone cut out the spiritual Spring of Life?”

Feeling this aura, many cultivators from the older generation were stunned for a moment, and their faces changed drastically, some of them couldn't believe it.

Immediately, like a beast that smelled a fishy smell, their eyes turned red and they hurriedly turned into divine lights before rushing toward that courtyard. There was a great commotion.

The cultivators and creatures hurried over to get a glimpse of the true face of the spiritual Spring of Life.

The Great Yu Immortal Dynasty's group couldn't help but hurry when they heard the news.

From the other direction, the other young supreme beings who had already appeared here, such as the Six Crown King, Heavenly Phoenix Maiden, Jin Chan Buddha, and others, also looked at it with a little surprise, and then strode over.

For ordinary cultivators, although the spiritual Spring of Life was precious, it was far inferior to other divine items. But in the eyes of the older generation, especially the cultivators whose lifespan was approaching an end, it was the divine medicine for extending life, which was far more precious than any longevity medicine.

Many people could even fight for it because the spiritual Spring of Life did not have medicinal properties. That was to say, no matter how much it was taken, the effect of prolonging life would not change.

Once a Spring of Life appeared in the auction house on weekdays, it would trigger a bloodbath, and even high prices would not be able to grab it.

“A spring of life of the size of a fist...”

“Hiss!”

Soon, the courtyard was full of cultivators and creatures, and there were many older generation folks. Everyone couldn't help but gasp.

Among the many shattered rough stones, there was a pool of Spring of Life the size of a fist, floating there quietly, exuding a strong aura of life, like a lake reflecting the brilliance of this place.

Surging vitality diffused from it, attracting many people. The older generation could hardly sit still. If it wasn't for the identities of the people in the field, they would have directly asked for the price.

“I just said that there is something good in it, but you still don't believe it? I was willing to take the bet. I won. Now it's up to you to promise me one condition.”

In the courtyard, there was an ethereal, cold and beautiful girl, with joy on her brows. She couldn't help but say, holding her jade hands tightly, a little proud.

Beside her, Gu Changge rubbed his brows with a headache as if he hadn't expected it at all.

“It seems like I was careless, you are really lucky.” He sighed slightly, seeming a little helpless.

“What do you mean by good luck, it’s my strength, okay?” Gu Xian’er was obviously dissatisfied with Gu Changge’s answer, and glared at him, “Don’t try to play tricks, you promised me.”

“Understood, I’m willing to admit defeat. It’s just one condition, I’ll just agree with you.” Gu Changge shook his head slightly.

Hearing this, Gu Xian’er showed a sensible expression, then raised her little hand, and directly accepted the Spring of Life. Seeing this scene, the people who rushed over were very greedy, although they really wanted to ask her if she would sell it.

But when they saw Gu Changge beside her, they couldn’t help but shut their mouth and let out a wry smile. If it was cut out by others, they would still ask, wanting to buy it, or use other means to get it. After all, this was an extremely rare spiritual Spring of Life.

Though being Gu Xian’er’s possession, that was a completely different matter.

The people here were very sensible, and they didn’t even dare to ask more questions, for fear of being misunderstood by Gu Changge. What happened to the Hidden An Clan three days ago was still vivid in their mind.

“Now that the rough stone has been cut, and the conditions have been agreed to, it’s time to calm down, right?” Gu Changge didn’t care what the people around him thought.

Seeing Gu Xian’er’s little complacent expression that couldn’t be concealed, he asked with a slight smile.

“Don’t even think about it. The matter is not over yet, who told you to bully me three days ago.” When Gu Xian’er heard him mentioning this matter, she immediately became angry, and a faint haze appeared on her fair and delicate face.

“Then I’ll let you bully me back, won’t that be enough?” Gu Changge shook his head lightly, looking rather helpless.

“You think too much. I won’t take advantage of you.” Gu Xian’er glared at him and added.

Gu Changge chuckled lightly, “What a big deal? You ignored me for three days already.”

Three days ago, he took the opportunity to clean up Gu Xian’er’s mess. As a result, she was pissed off, and she completely ignored him. Her little face was tense, and she looked as cold as ice, not allowing strangers to enter.

Gu Changge didn’t bother to care about it at first. After all, he was used to this kind of thing, Gu Xian’er was just ashamed and angry. Her anger would subside after a while.

But considering this Divine Stone Conference, he had to borrow her big red bird. It was not an option to continue like this. Gu Changge made a bet with her, asking her to bet on stones with her own ability, and he would lose if she cut out something good.

If he lost, he would promise Gu Xian’er one condition, and if she won, she would not be allowed to be angry.

Hearing this guaranteed bet, how could Gu Xian'er hold back, she felt that this was a good opportunity for her to avenge her shame and revenge, so she immediately agreed, and then this scene happened.

Chapter 549: The purpose of the stone is unknown, Your method is too low level

There was quite a commotion here. Many rough stones in the courtyard belonged to a certain sect, so after Gu Xian'er cut out the spiritual Spring of Life, the heir of the supreme sect came here after hearing the news. He was a young man with a bright smile, an extraordinary demeanor with a faint purple aura around him.

"Congratulations, Miss Xian'er, for cutting this object. Today, you will be exempted from all the costs of cutting stones in our Purple Haze Sacred Sect's square city."

After he arrived, his attitude was very humble. With a warm smile on his face, he saluted Gu Changge again. Hearing this, everyone's expressions changed drastically. After all, if the fees for cutting stones were waived, it would probably be a sky-high price.

How could the rough stones that were placed in the Divine Stone Conference be simple? Even if it was a single rough stone, it was easy to start with tens of millions. The successor of the Purple Haze Sacred Sect in front of him had a lot of courage and tone.

And what if Gu Xian'er cut off all the origin stones in the Purple Haze Sacred Sect?

Many old and famous celebrities gasped. If it was them, they would not have such courage. Gu Xian'er did not expect such a good thing. But she also knew that the other party said that because of Gu Changge. This was to give a face to Gu Changge and to show his favor.

"That's not necessary, I can still afford this many spirit stones." Gu Changge had some impressions of this interesting successor of the Purple Haze Sacred Sect. He smiled lightly and waved his hand.

Afterward, Yin Mei, who was standing behind him, took out a large sum of spirit stones from the storage ring and entrusted them to the shopkeeper in charge of this place.

In this Divine Stone Conference, there weren't many people around Gu Changge, except for a few of his subordinates, only Alpha, Yin Mei, and Su Qingge were by his side.

Many cultivators present recognized Yin Mei and were secretly surprised that the goddess of the Nine-tailed Heavenly Fox Clan was now following Gu Changge.

Many young geniuses were envious in their hearts. When they heard that Yin Mei's fiancé, the young master of the White Tiger Clan, died at the hands of the inheritor of demonic arts, they were secretly happy for a while.

"Young Master Changge is too polite."

The successor of the Purple Haze Sacred Sect was also very knowledgeable, so he gave a wry smile in his heart, but still had a respectful expression on his face.

Although the Purple Haze Sacred Sect was a Great sect, there was still a big gap compared with the Immortal Sect. He naturally did not want to give up such an opportunity to curry favor with Gu Changge. But it was obvious that Gu Changge didn't intend to accept it.

“There’s nothing to cut here, it’s about time for the seven Divine Stones to be taken out.”

Gu Changge smiled casually, but he was very interested in these seven Divine Stones, and then led everyone to the most central area of the market.

Gu Xian’er was in a good mood when she cut out such a large piece of Spring of Life, so she didn’t confront Gu Changge anymore.

On her way to see the seven Great Divine Stones, the Six Crown King, Little Sage King, Heavenly Phoenix Maiden, and others came over to greet Gu Changge. As for the old acquaintance Jin Chan, he still avoided Gu Changge like a snake.

He had not forgotten how Gu Changge tricked him and Buddha Mountain when he was in the Demon Burying Abyss.

“Brother Gu plans to cut the seven Divine Stones today?”

The Six Crown King and Gu Changge were quite familiar with each other, having cultivated together in the Ture Immortal Academy before. He couldn’t help asking with a little curiosity.

“That’s not necessarily true. It’s hard to judge without seeing the seven Divine Stones.” Gu Changge smiled faintly.

“I’ve heard that one of the Divine Stones has been changing during this period of time. It is said that it has a lot to do with Mount Kun. It was carried out from Mount Kun by the Ancestor of the Huanxi Sacred Land...”

On the other side, Little Saint King came over. He was very curious about this strange stone and wanted to take a peek at it. However, many ancient existences in Kunwu City were tight-lipped, and these stones would not be taken out until the day of the Divine Stone Conference.

As the name suggested, the Little Saint King exuded an aura of a king, his whole body was glowing, and his flying hair was like pouring gold and molten iron. However, it was majestic.

“If that unknown stone really is like this, then you can try to cut it.” Gu Changge smiled casually.

Hearing this, everyone present was shocked. Every piece of Divine Stone in Kunwu City was extremely valuable, and it was difficult to measure it with spiritual stones. Even in the eyes of many cultivators, its value exceeded that of ordinary Emperor’s weapons.

This was also the reason why only three of the ten Divine Stones had been cut open after such a long time. Many people are not sure what was in these Divine Stones, and they are worried that they would suffer a big loss.

Judging from Gu Changge’s words, could it be that he planned to buy that ominous stone today?

“Young Master Changge, do you know what is contained in it?” On the other side, a quiet and pleasant natural voice sounded.

Many people were surprised, they didn’t expect it to be the extremely mysterious princess of Great Yu.

She looked extremely dignified and elegant. Her whole body was graceful and beautiful, with eyes shining brightly. Her white teeth shone as she approached Gu Changge with an elegant fragrance.

Yu Feiya also heard this. When Gu Xianer cut out the Spring of Life, she came over, but she didn't say hello to Gu Changge. Before this, she had never met Gu Changge, and this was the first time she had spoken to Gu Changge.

Gu Changge glanced at Yu Feiya in surprise and searched for the impression of this person in his mind, but he didn't seem to know her.

"Feiya greets Young Master Changge." Realizing that Gu Changge didn't seem to recognize her, Yu Feiya's face was slightly embarrassed. However, she recovered quickly and said with courtesy.

Behind Gu Changge, Yin Mei explained the origin of princess Yu Feiya to him. He was a little stunned, and then smiled slightly, "Princess Feiya doesn't need to be too polite, I'm just curious, I don't know what's hidden in that ominous stone."

Even if he knew, he wouldn't say it. Did she even need to ask such a simple question?

Yu Feiya smiled gracefully, parted the hair on her forehead, and replied, "It's Feiya who is taking the liberty, I hope Young Master Changge won't be offended."

She was just surprised just now and asked subconsciously.

Because this time she came to participate in the Divine Stone Conference, her goal was actually the unknown stone. She felt that if the fragments of the Great Yu Immortal Scripture of the Great Yu Immortal Dynasty were here, it was most likely related to the unknown stone.

But thinking about this kind of thing, if Gu Changge knew about it, how could he say it?

In the central area of this market, it was very spacious with different heaven and earth inside, and a unique universe. Array formations were engraved on various stone walls, pavilions and palaces.

There was even more suppression from the Daoist implements around. The faint pressure permeated as the brilliance covered the sky, emitting fluctuations like ripples, which made many cultivators slightly startled.

From the point of view of quantity, there was not only one Dao implement guarding around. Just the aura that pervaded was enough to make ordinary cultivators dare not act rashly.

Once this divine artifact was revived, the power it exploded would definitely destroy the entire Kunwu City. And there was not only one divine artifact here, which was enough to make the Divine Stone Conference of all races and traditions attach great importance.

The surrounding lingering fog covered all places, almost all big people gathered here, and even those Great sect leaders could only be juniors here.

Many figures at the level of living fossils were haunting everywhere, looking at the strange stones here.

"Sister Huang, the method you used to strike up a conversation just now was really too low-level..."

Yu Ming of the Great Yu Immortal Dynasty had been silent just now until he saw Gu Changge walking in another direction with someone, he couldn't help but sigh and say to Yu Feiya earnestly.

In fact, it was not just him, many people who watched that scene just now thought the same way.

Chapter 550: The origin of the big red bird is not simple, Could it be that he wants to avenge the War Immortal?

Yu Feiya knew that her actions just now were misunderstood by Yu Ming and others, and she felt a little helpless. But even if she explained, they probably won't believe it.

So she just shook her head lightly and didn't say much before looking forward toward Gu Changge who was looking at the strange stones around Gu Xian'er and others.

"Sister Huang, why don't you change your method... With Gu Changge's current power, it would be good if he could be my brother-in-law."

Seeing Yu Feiya observing Gu Changge, Yu Ming couldn't help but continue to smile and add, thinking that his sister Huang probably had thin skin. From what he saw today, in his opinion, no matter in terms of appearance or cultivation, Gu Changge was the perfect candidate.

In the huge Upper Realm, could anyone be found more suitable than him?

Yu Feiya glanced at him but didn't speak.

"If Sister Huang is unwilling... then just pretend I didn't say anything..." Yu Ming suddenly felt a little embarrassed as he touched the back of his head and retracted his words, knowing that this was a sign of sister Huang's anger.

"He must know something about that ominous stone..." Yu Feiya's gaze flickered slightly.

From the brief contact with Gu Changge just now, she could feel the casual confidence in Gu Changge's words. It was a feeling of being in control.

"The Divine Stone is about to be brought over!"

"The Divine Stone appeared with huge momentum."

Suddenly, there was a commotion in the distance, and many cultivators looked at it in shock. One after another divine lights also rushed in that direction.

In a corner of the market, there was an extremely old vine, which was as thick as a dragon crawling on the ground, shockingly, with a diameter of more than tens of meters, stretching in all directions.

The green rays of light hanging from the branches and leaves of the old vines filled this corner, giving people a sense of vitality. Below this old vine, there was an ancient well with powerful formations engraved on the walls.

Made of raw stones, it exuded a dense brilliance, permeating with a powerful aura. Usually, the ancient well was sealed because there was a Divine Stone in it, but now traces were emerging as if it was breathing. Something was about to rush out of the ancient well.

The fluctuation here instantly attracted many cultivators.

Some ancient existences appeared with blurred faces, covering all directions, surrounded by chaotic energy as they unleashed divine formations to ensure that there would be no accidents when the Divine Stone was born.

Buzz!!

A dense white mist rose, which had an extreme concentration of aura. Each piece of the stone reflected each other, exuding a hazy brilliance. The strange stones had spirits, and when they felt that a Divine Stone was about to be born, they all vibrated and resonated with a trembling sound.

This miraculous scene made everyone feel shocked and amazed.

“This is the Ethereal Demon Stone among the seven Divine Stones...”

A young man in purple arrived. He was imposing, with an aura like a demon god, his sharpness was restrained, and in the depths of his star-like eyes, there was a kind of domineering meaning of the world.

He was the Heavenly Demon Monarch, and he couldn't hide his surprise as he spoke, staring at this ancient well.

With that, many people suddenly realized that the Ethereal Demon Stone among the seven Divine Stones was rumored to come from the tomb of Heavenly Demon Tomb.

The Heavenly Demon Tomb was the final destination of the most powerful monsters in the heavens and myriad worlds. For those ancient big monsters of the monster clan, when their lifespan was running out, they would quietly leave the clan and find a quiet place to sit back.

And Heavenly Demon Tomb was such a mysterious place.

This Ethereal Demon Stone came from this place. Many old origin masters speculated that this Ethereal Demon Stone probably contained the demon pill from an ancient great demon or something similar to relics. But if one wanted to cut this Ethereal Demon Stone, they must get its approval.

“Ethereal Demon Stone...”

“It is rumored that on every night of the full moon, there will be ethereal music emerging from here, which is related to this demon stone.”

Gu Change had also arrived, and upon hearing this, he felt a little thoughtful.

It was at this moment, a rich brilliance spewed out from the ancient well as if a scene of rising clouds was emerging and manifesting.

A rough stone the size of a washbasin, crystal clear and dazzling, flew out of it, and then landed smoothly on the ancient vine above it. This scene made many cultivators breathless as they stared at this Ethereal Demon Stone.

Many ancient beings appeared and sealed the void, but many people felt that there was a faint immortal light swaying in the Ethereal Demon Stone, and a very dazzling brilliance was rushing out. It seemed to be incomparably beautiful and charming, slowly dancing there.

This kind of beautiful scenery amazed people, and they couldn't take their eyes off it. They even felt that the dancing posture contained an unspeakable mystery.

"What's wrong with Da Hong?"

On the other hand, Gu Xian'er sounded a little surprised and looked at the big red bird at her feet. Hearing this voice, Gu Changege also noticed the bird behaving a little strangely.

He saw that the big red bird that Gu Xian'er had been carrying around was staring at the Ethereal Demon Stone in a daze at this moment as if his soul had been sucked into it, and he didn't move at all.

However, the color of the feathers on his body had gradually become brighter and more gorgeous, and even new feathers were growing on the few bald spots.

"This Ethereal Demon Stone is said to be related to a certain ancient monster. Could it be that the origin of this big red bird is not simple?" Looking at this scene, Gu Changege felt a little strange, thinking in his heart.

As a Daughter of Luck, the things around Gu Xian'er had extraordinary origins, which he could understand. Before that, he felt that the big red bird was not a simple bird or beast, but rather a kind of spiritual creature that had wisdom.

However, compared to other Divine Stones, the conditions for this Ethereal Demon Stone were very harsh, and one must be approved first before they could be qualified to cut stones.

At this time, even the Heavenly Demon Monarch stepped forward with implied excitement, trying to establish a connection with the Ethereal Demon Stone.

He took a deep breath, operated an ancient method, and his whole body was glowing, like a big purple sun, exuding brilliant power. However, the Ethereal Demon Stone just landed quietly on the ancient vine, motionless, and was not impressed by the Heavenly Demon Monarch.

No matter what method he used, it was still as quiet as a mountain, without any change.

"Even a young hero like the Heavenly Demon Lord can't arouse this Ethereal Demon Stone."

"It seems that no one can cut it in this Divine Stone Conference. Since the Ethereal Demon Stone was brought to Kunwu City, it seems that it has not approved anyone, even those monster giants. There is no other way."

Everyone couldn't help shaking their heads, and they were not disappointed about it, after all, it was expected.

"How is it possible? It is even difficult for me to get its approval..."

The Heavenly Demon Monarch was a little unwilling and couldn't believe it as his face became very ugly. He came prepared and consulted many classics. He was full of confidence as the young supreme of the demon race for so many years, and it was difficult to find an opponent in his peers.

Now even he had no chance with this Divine Stone?

Afterward, Heavenly Phoenix Maiden, Jin Chan Buddha, Six Crown King, and others also stepped forward one after another, trying to establish contact with this Ethereal Demon Stone. But in the end, they all failed, shaking their heads and retreating regretfully.

"Even if I can't do it, it seems that I really need a predestined relationship." Gu Changge also went forward to try it, but the rough stone still remained unchanged.

He didn't care about it, and then looked at the big red bird next to Gu Xian'er, and after thinking about it, he still didn't put it on. If this Ethereal Demon Stone was related to the big red bird, then he had time to try it, and he was not in a hurry.

At this time, several people emerged from the other side. The leader was An Xi from the An Clan. She looked much better now, with a calm expression and a veil.

Behind her followed Niu Tian, Jiang Chen, and others.

Besides, another handsome man with a slightly pale complexion, who seemed to be recovering from a serious illness, walked very close to him. There seemed to be a halo around him, which was very hazy, and there was even a golden cross in his eyes. In a flash, there was a chaotic scene that opened up the sky, like an unrivaled war fairy.

When people saw this group of people coming, there was quite a commotion here.

"Miss An Xi... I thought she would not participate in this Divine Stone Conference."

"Isn't the young man behind her the same mysterious Divine Origin Master from a few days ago? Could it be that he wants to help An Xi?"

"If you really get the help of a Divine Origin Master, it will be like a tiger with wings added."

Many people were shocked and recognized Jiang Chen, who was the one who received many objects before.

During this period of time, there was an uproar in Kunwu City, and many forces and sects extended olive branches to him, but Jiang Chen closed the door and refused everyone.

Rumors of his eccentricity also spread like wildfire. Seeing him following An Xi today surprised many people, it was inconceivable. The gazes of some old origin masters also became deeper, staring at Jiang Chen closely, sizing them up carefully. They couldn't feel the slightest aura of origin master from him.

"Little War Immortal..."

"He came here too. Could it be that his injury has healed? But judging from his complexion, he probably hasn't fully recovered yet."

But more people noticed the handsome young man on the other side of An Xi and were secretly surprised. It was Xiao Zhanxian, the descendant of the War Immortal Temple who was attacked by the inheritor of demonic arts some time ago and escaped by chance.

Xiao Zhanxian was almost killed by the inheritor of demonic art. Fortunately, the guardian behind him noticed and rescued him, otherwise, the consequences would be disastrous.

Some time ago, this incident also caused a great disturbance in the Upper Realm. Many people even thought that Xiao Zhanxian's origin had been damaged and that he would not reappear in the world in a short time.

"It seems that there should be no serious problem, but you can ask about the inheritor of the demonic art from his mouth."

"The inheritors of demonic art hide in the dark, and he is hard to guard against."

When Heavenly Phoenix Maiden, Heavenly Demon Monarch, and many other young lords saw Xiao Zhanxian coming here, they all had such a purpose in their hearts.

The inheritors of demonic art could be said to be the public enemy of all of them. It would be a good thing for them if they could know its current means and strength, and they would have a way to deal with them if they encountered the inheritors of demonic arts in the future.

"I greet the fellow Daoists."

Xiao Zhanxian's face was very handsome. His hair was very long, and there were golden cross characters flashing in his eyes. It was his extremely terrifying and mysterious talent pupil technique, and many people dare not look directly at him.

After arriving here, he took the lead in greeting Heavenly Phoenix Maiden, Six Crown King, Yu Feiya, and many other young Supreme Beings with a smile.

An Xi and the others beside her also looked extremely natural, as if they had long forgotten the humiliation they suffered a while ago. Everyone was also extremely polite and asked how his injury was.

"It's okay, thank you for your concern." Xiao Zhanxian shook his head, then looked at Gu Changge on the other side.

But when he noticed Su Qingge behind Gu Changge, his pupils shrank suddenly, and his whole body shook. The whole person seemed to be shocked and unbelievable as if he had seen some terrifying scene.

Although he recovered quickly, he still couldn't hide the strangeness from the many young supreme beings present here. The eyes of some Great sect leaders and ancient existences around him also moved slightly, quite puzzled.

Judging from their eyes, Xiao Zhanxian obviously didn't show such emotions because he saw Gu Changge.

"Brother Dao, why are you staring at me? Could it be that you want to avenge the death of the last War Immortal of your War Immortal Mansion?"

Noticing this scene, Gu Changge glanced at Su Qingge behind him calmly, then smiled faintly, and asked back.
