

## Villain 551

### Chapter 551: Think carefully about the frightening guess, The higher you stand, the more desperate you fall

The ancient vines were as thick as dragons with verdant branches and leaves. The Ethereal Demon Stone quietly fell on it, exuding radiant brilliance as immovable as a mountain.

Many people gathered in this place, hearing Gu Changge's words at this moment, they all had different emotions. The appearance of Xiao Zhanxian caused quite a stir here, and many cultivators looked over.

His abnormal state just now made many ancient existences and Great sect leaders pay attention to this side.

After all, Xiao Zhanxian, as an ancient freak of the War Immortal Mansion, was also a leader among his peers in the current Upper Realm. How could he be shocked by something so simple?

"Greetings, Young Master Changge. I was thinking about some things just now, and I was a little lost in thought. I hope that Young Master Changge won't take offense." Xiao Zhanxian's expression quickly recovered, and he cupped his hands and replied.

As for Gu Changge's slightly mocking words, he pretended not to hear them at all. He also understood that he was so shocked just now that his expression changed, which made Gu Changge and others aware of the abnormality.

However, although his face was calm, there was a storm in his heart. He was shocked not because of Gu Changge, but because of Su Qingge behind Gu Changge. Some time ago, he was attacked by the inheritor of demonic art and almost died.

But in this matter, with his gifted pupil technique, he saw through the veil covering the face of the inheritor of demonic art and discovered his true face.

The inheritor of demonic art was not a man, but a woman!

And her face was exactly the same as that of the woman in white who was quietly standing behind Gu Changge. That was why he was so shocked just now, leading to a change in his facial expression. He felt unbelievable, and there was a storm in his heart.

If the two were the same person, then the things involved in this matter were simply too terrifying and unimaginable.

*Does Gu Changge know? If Gu Changge knew...*

Thinking of this, with Xiao Zhanxian's state of mind after cultivating all these years, he was trembling slightly and a little scared at this moment.

"Oh, so he was thinking about something, could it be that brother Dao was hurt before, and he is still not well?" Gu Changge asked with interest.

“Thank you, Young Master Changge, for your concern. It seems that the injury from the previous period has not healed yet...” Xiao Zhanxian was not an idiot, at this time he did not want to startle the snake. After regaining his composure, he showed a proper smile and cupped his hands.

“Brother Dao really needs to pay attention to rest.” Gu Changge nodded and smiled slightly.

Hearing the conversation between the two, everyone present had different expressions. Many older generations also frowned slightly, a little puzzled.

Obviously, what Xiao Zhanxian said just now was a bit vague. These words were also like playing a charade and it was not as simple as it seemed on the surface. However, they didn’t expect that this matter would have something to do with Xiao Zhanxian’s previous attack by the inheritor of demonic art.

“It seems that there is something hidden between the two...” The faces of the Heavenly Phoenix Maiden, Jin Chan Buddha, and others moved slightly, feeling that there seemed to be something between Xiao Zhanxian and Gu Changge.

If Xiao Zhanxian had any contact with Gu Changge, it was when he was in the Eight Desolations and Ten Regions. But at that time, Gu Changge was busy dealing with the most powerful people of the Eight Desolations and Ten Regions. It was obvious he had no intersection with Xiao Zhanxian.

If there was any enmity between the two, it is also related to the previous War Immortal of War Immortal Mention.

After all, the reincarnated body of that War Immortal was said to have been killed by Gu Changge in Heavenly Lan Realm. This incident also aroused War Immortal Mansion’s hatred for Gu Changge.

In addition, when Xiao Zhanxian was attacked by the inheritor of demonic art, Gu Changge was still in the Eight Desolations and Ten Region, and it had nothing to do with it.

So they didn’t think about it. Soon, the place returned to calm. Seeing that nothing happened, the major leaders didn’t bother and continued to study the Ethereal Demon Stone.

Gu Changge took Gu Xianer, Su Qingge, Alpha, and others to another area of the marketplace. The square was very large with heaven and earth inside. Each Divine Stone was placed in a different place, and they are far away from each other, so as to avoid being affected by each other’s aura.

“Qingxuan, Xiao Zhanxian seemed to be looking at you just now, have you seen him before?” Gu Changge smiled lightly and asked Su Qingge who was beside him casually.

Su Qingge’s heart tightened. In fact, when Xiao Zhanxian noticed her just now, she felt a little uneasy, feeling that something had gone wrong unexpectedly. Although she hid her true face very well, Xiao Zhanxian obviously possessed some kind of special gifted pupil technique. Xiao Zhanxian probably already knew her true face, otherwise he wouldn’t have shown shock.

“Reporting to Mr. Gu, Qingxuan has never seen Xiao Zhanxian before, and I don’t know why he was staring at me.” Su Qingge shook her head, and replied, biting the matter very tightly.

“Then it looks like he must be an apprentice.” When Gu Changge heard this, he smiled lightly, but his expression remained unchanged.

Su Qingge bit the bullet and said, "Maybe he made a mistake."

She felt that Gu Changge was trying to save her from a siege just now, but this made the matter even more difficult for her. Su Qingge already felt that his identity as the inheritor of demonic art was difficult to keep hidden.

This made her panic for a moment, not knowing what to do next. Was it time to confess to Gu Changge? Would he directly kill herself?

"There are countless ways to change your appearance in this world. If you admit your mistake, it is possible." Regarding this statement, Gu Changge nodded in agreement.

But Su Qingge always felt that there seemed to be something in the words, and this was the reason Gu Changge was trying to explain to her. She breathed a sigh of relief, looking at it now, the only way was to get rid of Xiao Zhanxian.

And what she wasn't sure about was whether Xiao Zhanxian would tell the forces behind him about it after knowing her true face. This was what worried her the most.

"Are you all right?" On the other side, there was a group of people from the An Clan who were exploring a few strange rocks.

An Xi was a little puzzled and asked Xiao Zhanxian. The two got very close, and the forces behind them even intended them to marry. Obviously, they were very familiar with each other.

Xiao Zhanxian's expression had already returned to calm, he shook his head, and used the excuse just now to fool him, "Just now I was in a trance, it's nothing serious."

While speaking, he stared at Gu Changge's back in the distance and frowned. If the maid of Gu Changge was the inheritor of demonic art who attacked and tried to kill him some time ago.

Gu Changge probably didn't know about it. He also didn't know that his maid was the hidden inheritor of demonic art. But there was another possibility.

Gu Changge actually knew about this, but he always acquiesced and turned a blind eye. It was also because of this relationship that the inheritor of demonic art would escape from the Gu Changge again and again.

From the incident where the inheritor of demonic art attacked him before. Xiao Zhanxian could feel that the strength of the inheritor of demonic art was very strong, but it was only limited, not to the extent that he could be easily obliterated.

Otherwise, he would not have escaped by chance. Compared with the previous rumors that only Gu Changge could check and balance the inheritors of demonic art, there was obviously a big gap.

Looking at it this way, it made sense why such a weak inheritor of demonic art could escape from Gu Changge again and again.

"This matter has to be reported to the sect after the Divine Stone Conference is over, otherwise there will definitely be a major incident... It's just too scary."

Regardless of the possibility, Xiao Zhanxian felt that the matter was very troublesome, and his whole body trembled slightly. He didn't dare to tell a second person about this matter now, because he was worried that he would startle the snake.

He knew his situation would become extremely dangerous, and he might not even be able to get out of Kunwu City.

An Xi saw that Xiao Zhanxian didn't say much, so she didn't continue to ask. The main purpose of her coming here was the seven Divine Stones.

Afterward, she said something to Niu Tian and Jiang Chen who were behind her, and they looked at each other and nodded.

Soon, there was a lot of commotion, pieces of gorgeous strange stones were cut open, and a rich glow of sunlight diffused out, like a multicolored tidal ocean.

Jiang Chen made a move, showing off his skills as a "Divine Origin Master". A group of people gathered around, all with white heads. The eyes of many older generations were even more fiery, hoping that Jiang Chen could help and cut some longevity medicine for them.

The rest of the origin masters also rushed over after hearing the news, here they witnessed Jiang Chen's methods with their own eyes.

Though after seeing it, they were very disappointed. They didn't see any superb technique. On the contrary, Jiang Chen seemed to be picking up watermelons, knocking casually, picking them up, and asserting that there were good things hidden in them.

Such a method was very different from what they had guessed as the Divine Origin Master, but apart from the Divine Origin Master's explanation, they couldn't find any extra reason.

"It's not like a Divine Origin Master, but rather like he has some kind of talent or means to judge whether there is something good in it. However, it is indeed amazing to use this kind of talent in cutting stones."

Six Crown King, Heavenly Phoenix Maiden, and others also rushed over, and after witnessing Jiang Chen's methods, they arrived at such a conclusion.

It could be said that Jiang Chen had already caused a sensation in the entire Kunwu City after cutting out many fetishes. Now that he was about to make a move, the place was immediately blocked, and many big shots rushed over.

Even Yu Feiya, the eldest princess of the Yu Dynasty, appeared here. Her bright eyes were perfect, her body was shining, and she was carefully observing Jiang Chen's methods.

"Looks like they're trying to steal the limelight. The calculation is pretty good."

Gu Changge, who was waiting for the Immortal Fetus to appear, noticed the scene on the other side, raised his eyebrows slightly, and guessed the purpose of Jiang Chen and others.

Many big shots from the Upper Realm gathered here. After Jiang Chen showed his skills, if he helped him, he would naturally be appreciated by other big shots. For the An Clan and even An Xi, this was also a good opportunity to gain the favor of various figures.

Gu Changge had no intention of intervening. His smile became a little strange, the higher he stood now, the more desperate he would be when he fell down.

### **Chapter 552: You are unworthy of the Seven-Aperture and Immortal Fetus**

Jiang Chen was now the Divine Origin Master respected by thousands of people, but he had another layer of identity that had not been revealed, and that was, the vicious person who murdered the leaders in the Supreme God's tomb.

He might be carrying good things like Supreme God Divine Orb on him. Not to mention that Gu Changge had arranged a demon seed within his body. This thing was a time bomb, as long as he wanted to, he could instantly ruin Jiang Chen's reputation to become a street mouse, and an enemy of the whole world.

But the time was not yet ripe and Gu Changge had no intention of doing this. While invading Mount Kun this time, he still needed to make use of Jiang Chen.

"Gu Changge, I think there are good things in this strange stone." At this time, Gu Xian'er's voice sounded from the side, interrupting Gu Changge's thoughts, and he looked back.

"If there are good things, then you should cut them." Gu Changge shook his head slightly and glanced at the strange stone she had chosen. There were a lot of stones in this corner, and many cultivators were picking them.

Although there was a lot of movement on Jiang Chen's side, not all the cultivators watched over him. Seeing Gu Changge's lack of interest in this, Gu Xian'er muttered, "I'm kind enough to tell you something."

After all, she asked the stone cutter beside her to help her cut the strange stone. Immediately, gorgeous brilliance filled the air, causing another commotion here. There was no doubt that with the emergence of a heavy treasure, the fluctuation of the aura alone could not be underestimated.

At this time, many people remembered that Gu Xian'er was also suspected to have the inheritance of the Divine Origin Master, and her vision for picking stones was very unique.

But compared to Jiang Chen's status as a loner, Gu Xian'er was not something they could get close to. Thinking of this, they felt regret again.

This Divine Stone Conference attracted the attention of the entire Upper Realm. Almost all the respectable figures had shown up here, picking strange stones in every corner. Patting left and right, and looking at them, it was just like picking watermelons from fruit growers at a road stall.

Every moment, you could see the gorgeous and bright brilliance rushing up everywhere, shining in the sky here. Some of the ancient existences would even fight for a strange stone.

Not long after that, the rest of the seven Divine Stones appeared one after another. Many figures gathered and surrounded it from all sides as they kept looking at it. Some even tried to resonate with them with ancient methods.

Except for the Ethereal Demon Stone, the other Divine Stones also had different shapes. There was even a piece with seven orifices, as tall as a child. Like a beating heart, each orifice was flowing with light and mist. It was colorful, and resonated with the rhyme between heaven and earth.

“It is said that a living being is conceived in the Seven Orifice Divine Stone, and it is a certain kind of invincible living being who is born and becomes great.”

“This Seven Orifice Divine Stone has been sealed under the Enlightenment device in Kunwu City, absorbing the Emperor’s aura day and night, and now it has a bit of Emperor’s might. It would be absolutely unimaginable once allowed to be born.”

Many ancient figures came forward and carefully looked at the Seven Orifice Divine Stone. You could see that there was a glow within the acupoints, which were constantly intertwined and diffused, like a layer of mist.

For a cultivator with a slightly weaker cultivation base, they would even feel their heart palpitating. Some couldn’t help but want to worship this Seven Orifice Divine Stone.

As the Seven Orifice Divine Stone belonged to the seven Divine Stones, it was also the most special among them because it could not be cut. Its background was not small, but an Enlightened Master in ancient times obtained it from a certain place in the Immortal and Demon mansion.

At that time, the Laws of Heaven and Earth had not yet been broken, and the existence that could be called an Enlightened Master had at least surpassed the Immortal Realm.

Therefore, in the eyes of many people, this Seven Orifice Divine Stone was likely to be the heir of the former invincible existence, and it was sealed in the form of the Divine Stone.

This Seven Orifice Divine Stone was placed in Kunwu City, and it had already exceeded this term for several epochs. During this period, some people tried to steal it in various ways, but they all failed in the end.

Either they accidentally touched the Enlightenment device guarding the stone, or they were obliterated by the prohibition pattern on its surface as they disappeared in smoke, and died.

Gu Changge paid attention to the Seven Orifice Divine Stone and felt that it seemed to convey a sense of fear and avoidance to him. This made him a little interested. It seemed that a lot of spiritual wisdom had already been born in this Seven Orifice Divine Stone.

In addition to the Seven Orifice Divine Stone, there was another Divine Stone that attracted the most attention. To be exact, it was a piece of an Immortal Fetus, half the height of a person, shelved in a pile of immortal materials.

The whole body was like clear and flawless jasper, which was crystal clear and translucent, and it could be seen that there was a dense immortal mist flowing within it, entangled with the Immortal Fetus one by one.

Every moment, one could see countless Dao rhymes surging up in the world being absorbed by it. Even the cultivators standing next to it would have a feeling of transparency in their hearts, just by being in the same place. Sitting in meditation, they would even sense an epiphany.

The origin of this Immortal Fetus was even more mysterious. There was a saying that it fell from the Nine Heavens. There was even a saying that it arrived from a Heavenly River flowing through the Immortal Palace, and entered this world along the Heavenly River...

There were too many rumors about this Immortal Fetus. Every night, one could see the Milky Way-like glow falling from the sky, shining in the sky so brightly, and finally merging into it.

At this moment, many people gathered around this Immortal Fetus, looking carefully at it.

A group of ancient existences used many means to look at it. Their bodies were shining brightly, and they were using various great arts and divine powers, trying to get a glimpse of its true form.

“This Immortal Fetus has been stored in Kunwu City for several epochs. If you want to cut it, you must exchange it with the Immortal Spirit.”

“Besides, the amount of Immortal Spirits required is staggering. Even if it is an Immortal force, it would be difficult to procure them. Immortal Spirits are rare things. The Immortal Path is not manifested, so for an Immortal force to come up with one or two pieces they would require to have a deep foundation.”

Many cultivators shook their heads and sighed secretly, feeling that it would be challenging to see this Immortal Fetus being cut open in this lifetime.

What was the Immortal Spirit? That was the spirit crystal containing the Origin of Immortality, its value was incalculable, and even Enlightened beings would be eager to snatch it.

If there were Immortal Spirits appearing in the realm, there would definitely be a bloodbath. It was even more unimaginable to pay with Immortal Spirits to cut this Immortal Fetus.

Even if an Enlightened being spent all their wealth, it would be difficult to procure. Unless the major Immortal sects could gather together, otherwise they would never even think about cutting this Immortal Fetus in this life.

So although there were many people around this Immortal Fetus, they just looked at it casually and didn't move forward.

“What's in this Immortal Fetus? Can you see it?” An Xi, Xiao Zhanxian, Niu Tian, Jiang Chen, and others also arrived. At this moment, An Xi stared at this Immortal Fetus with fiery eyes and asked Jiang Chen beside him.

When Jiang Chen heard this, he put on a serious look, but in his mind, he asked about the Artifact Spirit of the Immortal Boat.

“There are definitely good things in it, and the value is unimaginable... No matter what the cost, as long as you can cut it, you won't lose money.” The voice of Good Fortune Immortal Ship Artifact Spirit sounded, with an unconcealable shock.

Jiang Chen's heart shuddered, his expression was solemn, and he told An Xi and the others exactly what it said. The rest of the people around them also heard this, but they didn't doubt it.

After all, Jiang Chen had already taken action to prove his identity and means just now.

"It's a pity that it costs Immortal Spirits to pry open this Immortal Fetus. Even if we know that there are good things in it, we are not qualified to cut it." Xiao Zhanxian shook his head regretfully.

His words had been approved by many people, even the young supremes such as the Six Crown King and Heavenly Phoenix Maiden agreed.

This Immortal Fetus was the most expensive among the seven Divine Stones. Looking at the Upper Realm today, almost no one could pay the Immortal Spirits to cut it open.

"The womb contains mystery, and may even contain the things of Immortality..." *n0velus&.com*

Yu Feiya, the eldest princess of the Great Yu Immortal Dynasty, was also staring at this Immortal Fetus without blinking her beautiful eyes at this moment, her heart was touched.

She had a strong premonition that the last page of the scriptures of the Great Yu Immortal Dynasty might be related to this Immortal Fetus. It was an intuition that was hard to explain.

"If all the major forces gather this many Immortal Spirits, maybe we can get a glimpse of it, but if that's an Immortal Spirit, it has already been taken by that ancient existence to cultivate, so how could it be available?"

The Heavenly Demon Monarch came striding forward. There seemed to be a strange scene evolving in his purple eyes. After staring at this Immortal Fetus for a few times, he shook his head and said.

"Is there no other way to cut it?" Jiang Chen's heart was also hot, and he couldn't help asking An Xi who was beside him.

"No, this is the oath made by many ancient existences together," An Xi shook her head and said, she was not disappointed in her heart as she had never thought about this Immortal Fetus.

Her goal was still the ominous stone that caused changes in Mount Kun.

"Is it possible to wait for it to be kept here all the time, causing the Immortal Fetus to be covered with dust? I don't think it's a problem to leave it like this... It's better to cut it open and have a look."

Jiang Chen already knew from the words of the Good Fortune Immortal Boat Artifact Spirit how miraculous and precious the thing contained in this Immortal Fetus was, so naturally he didn't want to just leave it here.

"If you can come up with the corresponding Immortal Spirits, then this Immortal Fetus will naturally be cut for you..."

From the other direction, a white-bearded old man with an indifferent face arrived, and his whole body was filled with a frightening aura. The bones of the cultivators present were cracking, and they couldn't help but kneel down.

He opened his mouth lightly, but when he spoke, everyone changed slightly and became respectful. This was an Enlightened being with an extremely ancient existence, and he was among the people who made the Oath of Heaven at the beginning.

Jiang Chen's face changed slightly, and he felt a little embarrassed. Obviously he didn't expect an Enlightened being to show up. He really wanted to cut open this Immortal Fetus, but how could he have the Immortal Spirits? He had never even seen what an Immortal Spirit looked like.

"Since there are no Immortal Spirits, don't think about cutting stones, you are not worthy."

The white-bearded old man glanced at Jiang Chen lightly, as if he could see through him completely at a glance. His words were even more merciless, like looking at a bumpkin. He didn't have any good feelings for Jiang Chen, so he wanted to cut open this Immortal Fetus using a few words.

So how should they deal with the existence of those who have made the Oath of Heaven?

Seeing that this Enlightened being was a little sullen, everyone here couldn't help but quiet down, keeping silent like a chilling cicada. Even the other ancient existences were silent, it was not good to cause bad luck at this time.

Jiang Chen's complexion was a bit ugly, he was annoyed in his heart for being so ashamed in front of everyone.

However, under the slight aura leaked by the Enlightened being, the whole person still couldn't help trembling slightly, his skin was about to burst, his face was also faintly pale, and it was difficult to stand still.

He did display extraordinary means just now, and gained the favor of many big shots.

But in front of an Enlightened being, no one dared to stand up for him at this moment, even his good friend Niu Tian's face turned slightly pale, and he was almost suffocated.

The Enlightened beings were the most pinnacle figures in the Upper Realm today, and they couldn't get in touch with them on weekdays. The other party only needed to blow a breath, and they could easily obliterate them billions of times.

"This Immortal Fetus is indeed extraordinary, but today I can cut it open and have a look." Everyone was silent, not daring to speak.

But at this moment, on the other side, Gu Changege, who had been looking at this Immortal Fetus for a long time, suddenly sounded with a chuckle.

Hearing Gu Changege's words, the white-bearded old man was taken aback for a moment, and then he realized that he was obviously a little surprised. However, in front of Gu Changege, he still looked slightly relaxed, cupped his hands and said, "The old man greets Young Master Changege, But wonder why the Young Master Changege made such a statement?"

"Oh, do you want to cut..." Everyone was also slightly startled at this moment, they didn't expect that Gu Changege also planned to cut this Immortal Fetus.

Jiang Chen was indeed unworthy, but Gu Changge was completely different. If he really wanted to cut it, maybe he could really get together those huge numbers of Immortal Spirits.

In the current Upper Realm, there was no second person richer than Gu Changge.

### **Chapter 553: Huge gap, It's still acceptable**

“What?”

“Gu Changge is going to cut that Immortal Fetus? Really?”

Hearing Gu Changge's words, everyone in this place couldn't help but look at it.

Even the cultivators who explored the remaining seven Divine Stones not far away were moving slightly as they hurriedly walked around here, trying to glimpse the grand occasion.

In fact, when the adults just scolded Jiang Chen, they had noticed. After all, it was extremely difficult to see such a scene. Jiang Chen could be described as a famous person during this time. At least in this city, almost everyone recognized him.

Just now Jiang Chen also shot to help several older generations cut out several divine medicines, and got their favor. However, in the face of the incident of offending an Enlightened being, everyone's choice was the same. They silently watched the show on the sidelines, pretending not to see.

Almost instantaneous, the news of Gu Changge's plan to cut the Immortal Fetus swept around the entire city, which caused a great sensation. Everyone knew about the existence of the Immortal Fetus. This could be said to be the most valuable among the seven Divine Stones, and no one could cut it.

“Is Gu Changge planning to cut this Immortal Stone?” A divine light rushed over, and many people arrived with a strong interest.

“Is that Immortal Fetus really going to be cut today?” In addition, many big characters arrived after hearing the news. They were very shocked in their hearts. They felt that Gu Changge didn't seem to be joking.

“If Brother Gu can really take out those Immortal Spirits, maybe we can witness it today. That Divine Origin Master is not like the person who can take out the Immortal Spirits.”

Heavenly Phoenix Maiden's nice face was full of color, and she couldn't help but speak lightly.

She was a very proud person, and few people could make her pay attention. But only Gu Changge was an exception. When Jiang Chen was thinking about cutting the stone just now, she frowned, feeling that this person seemed to be overthinking.

“Master is not like a person who will joke about such a thing. If it's our lucky day, maybe we can really take a glimpse of the thing that is hidden in this Immortal Fetus.”

The eyes of princess Yu Fei, the leader of the Great Yu immortal Dynasty, also fell on Gu Changge. Her skin was crystal clear, her body was tall and long as she had exuded a noble and elegant temperament.

At this moment, she stuck to Gu Changge without blinking, making many young supremes sigh.

“Brother Gu seems to be able to take out things like Immortal Spirits. It is said that he not only hollowed out the heritage of Purple Mansion. In the Eight Desolations and Ten Regions, he also took out the largest group. Basically, they were searched by him. ”

It was difficult to conceal envy in the words of the Six Crown King. They could be regarded to have a small value, but compared with Gu Changge, it seemed that even beggars were not as good.

“Are you serious?” Hearing the many words around, the old white bearded person was also quite shocked. In his opinion, Jiang Chen and Gu Changge were completely incomparable.

Even if one was described as heaven, and one was described as earth, it was an insult to Gu Changge. For people like Jiang Chen, not to mention having an Immortal Spirit, maybe he had never seen an Immortal Spirit.

In their eyes, he was the same as ordinary cultivators. Gu Changge said that if he wanted to cut the stone, it was enough to make him pay attention.

“Of course, I am serious, do you think that I am joking? Something like an Immortal Fetus is indeed not something that anyone is worthy of cutting.” Gu Changge smiled lightly and his expression was natural.

The old white bearded man also smiled. He glanced at Jiang Chen on the other side, and agreed, “What Young Master Changge said is extremely true.”

Everyone could hear the meaning of these words, looking at Jiang Chen’s expression even more ridiculed and fun.

### **Boom!**

At this moment, there was a powerful and horrible aura fluctuating in the sky. The characters were ancient, with dignified faces and lingering chaos, which was very vague.

Many of them also made an Oath of Heaven, and it was difficult to violate the principle of cutting stones.

“Can Gu Changge really take out so many Immortal Spirits?” Jiang Chen’s face was ugly. He could feel his face burning hot as if being hit in the face after being humiliated.

“Young Master Changge, when we made the Heavenly Dao Oath, we said that this Immortal Fetus was worth a hundred Immortal Spirits. You can buy this Immortal Fetus with one hundred Immortal Spirits.”

Among the ancient existences, one person looked at him. Although he was an Enlightened existence, he did not dare to be arrogant in the slightest in front of Gu Changge and was completely peer-to-peer.

“What!”

“Hiss! Hundred Immortal Spirits.....”

“Isn’t this price too scary?”

The crowd who was looking forward to this situation suddenly took in a deep cold breath. Many sect masters and leaders of the older generations who knew about the Immortal Spirits went a little numb, and their eyes could not help but stare.

They still underestimated the value of this Immortal Fetus, and they thought that the ten Immortal Spirits were already the limit. But they did not expect that it would be one hundred Immortal Spirits, which was already an unimaginable sky-high price.

Now, even if the Upper Realm wanted to take out one hundred Immortal Spirits, it was way too difficult. Was there any power that could say that they could take out one hundred Immortal Spirits?

“One hundred Immortal Spirits, what a daring price.” That old ancestor of the An Clan, An Wang Shan, was also present at this moment behind An Xi and the others, his face was twitching gently, obviously shaken to the core.

“Uncle Ancestor, what does one hundred Immortal Spirits mean?” An Xi, Jiang Chen, and others looked in doubt, and they still didn’t know what one hundred Immortal Spirits meant. But from the white face of the adults around, it should not be simple.

“I was fortunate to get an Immortal Spirit at the beginning. With it, I was able to break through the middle level of the Emperor Realm. For the Immortal forces, one hundred Immortal Spirits can even create a number of Enlightened beings in a short time!”

An Wangshan was envious, and couldn’t help shaking his head.

After hearing this explanation, many cultivators who did not know the value of one hundred Immortal Spirits, including the heavenly monarch, Xiao Zhanxian, and others, could not help sucking in cold air.

For ordinary Immortal forces, an Enlightened existence was not simple. However, these hundred Immortal Spirits could create multiple Enlightened beings, and it was still in a short time.

This was simply a divine artifact that was extremely priceless! n07elusb.c0m

“If there are one hundred Immortal Spirits, who will use it to buy this divine stone?” Someone couldn’t help murmuring that they were in extreme shock and had not recovered.

“Even if he is rich, he wouldn’t have so many Immortal Spirits. This is definitely impossible.” Jiang Chen was also in great shock, and after he came back to his senses, his gaze was somewhat red as he stared at Gu Changge.

His fist was clenched and unwilling. He thought that he had been fighting for little cultivation resources during this time, and even almost lost his life, but he hadn’t even seen Immortal Spirits.

Gu Changge, on the other hand, was able to stand tall, not changing his expression after hearing about one hundred Immortal Spirits. This made him unwilling, thinking of Xiao Ruoyin’s decision when Xiao Ruoyin abandoned him a while ago.

After all, as long as she was attached to Gu Changge, she did not need to care about anything. She had endless cultivation resources and divine techniques, and divine artifacts. She did not have to worry about it at all.

If she escaped with him, then she would not only face Gu Changge but would also have to worry about cultivation resources. This huge and cold gap was like an invisible mountain, suddenly pressing on Jiang Chen’s heart, making him suffocate.

His fist was clenched, and although he could think of Xiao Ruoyin's choice, he couldn't understand it, and he couldn't forgive it!

"One hundred Immortal Spirits? Although the price is a bit scary. But it's still acceptable, I'll take this Immortal Fetus." However, when the crowd was shocked because of the asking price of this Immortal Fetus, Gu Changge shook his head gently and seemed to be sighing.

He seemed a bit painful.

"Can you accept it?" The expression on the face of the white bearded old man and others became extremely exciting for a while. They were shocked, dull, and felt incredible.

They had already prepared themselves for Gu Changge to shake his head and refuse after hearing the price. How could they expect him that it was still acceptable?

This made them all doubt whether they heard wrong.

At this moment, it was not just them who were dull. Many of the great masters and sect leaders of the older generations also had their mouths half open, and they couldn't speak for a while.

How rich was this person to be able to say such words?

The expressions on the faces of Heavenly Phoenix Maiden, Six Crown King, Yu Feiya, and others froze at once, and they were stunned.

"I don't have Immortal Spirits, but I do have a few of these. Take a look, if it's suitable, I'll have someone cut this Immortal Fetus."

Gu Changge shook his head slightly and did not plan to talk nonsense. He raised a jade can in his hand and put it into the hands of the old man.

At the beginning of the Ancient Immortal Continent, he entered the Gate of Immortality with the help of Yue Mingkong and got a lot of Immortal Spirits from within it.

In fact, Immortal Spirits were Immortal Spirits, and the two were almost homologous. Even after Gu Changge gave Yue Mingkong, Yin Mei, and others, he still had a lot left.

He had refined these during these years, but there was still a lot left. So he took it out casually. Immortal Spirit was the spirit of Immortal Spirit, and the most important material was the Origin of Immortality.

A fist-sized Origin of Immortality had dozens of Immortal Spirits. His can was completely enough. Gu Changge was not worried about getting robbed. In the huge Upper Realm, who dared to grab things from his hands?

Looking at this scene, especially when seeing Gu Changge's understated explanation, everyone's expression was a little suffocated, and they couldn't speak.

No Immortal Spirit? What was sealed in the jade can?

The old man and others nodded. They did not talk nonsense, and understood that with Gu Changge's identity, he probably would not play with them in such a matter.

So a few of them waved their sleeves directly and blocked the surrounding space, so that everyone could only see some of it, and could not perceive their conversation.

“This is!”

In the next moment, seeing each of the pieces of the jade can consist of Immortal Dao fragments, the surging green glow and vast aura filling the air. They were certain to the extreme.

They judged what it was almost instantly. Their complexion changed, their breathing became extremely rapid. After a glance, they quickly sealed the jade cans, and they did not dare to let the slightest aura spread out.

As Enlightened beings, they were not stupid and understood that the value of this thing surpassed Immortal Spirits.

#### **Chapter 554: What does it mean to be rich, Prying the stone open**

“This matter is of great importance, all of you should understand.” The white-bearded old man spoke in a deep voice to the several ancient existences around him and carefully put away the jade jar as if it was extremely precious.

Immortal Spirits were hard to find, not to mention that the thing inside them was many times rarer than Immortal Spirits, so they couldn’t afford to be careless.

“Fellow Daoist, don’t worry, we all understand this matter.” The rest of the ancient existences took a deep breath, their faces also gradually gripped as they glanced at each other, and assured him.

According to the Heavenly Dao Oath, they naturally also had their share of Immortal Spirits from this deal. So the fewer people knew about this matter, the better. With that, they waved their hands to remove the formation that enveloped the surroundings.

Several people walked out of it, their faces had a different expression compared to before, with some unconcealed joy.

“Young master Change, don’t worry, this matter is of great importance, we know. You can cut this piece of the Immortal Fetus.” A smile appeared on their faces as they spoke to Gu Change in front of them, arching their hands.

As for how Gu Change obtained so many Immortal Spirits, this was not something they needed to consider. Even though they knew that Gu Change probably had more Immortal Spirits, they did not dare to have greedy thoughts.

Looking at this scene, everyone outside was shocked, puzzled, and curious about what was in that jade jar. But they could only hold down the curious emotions in their heart, not daring to ask more questions.

After all, every Enlightened being in front of them was an existence that could wipe them out millions of times with the snap of a finger. If it was something they should know, they would naturally tell them.

Since it was not something they should know, if they found out, it was possible that they would also cause the trouble of killing themselves. But there was one thing everyone was sure of, and that was, the thing in the jade jar was absolutely more precious than the so-called Immortal Spirit.

Otherwise, it was impossible to make a group of ancient existences change expression and reveal such a look.

“This can’t be... How did Gu Changge possess something that was more precious than one hundred Immortal Spirits! How was he able to get these so easily...”

A strong sense of resignation rose in Jiang Chen’s heart, wanting to see Gu Changge getting disgraced in public, but things did not unfold as he had hoped. One hundred Immortal Spirits were not difficult for Gu Changge to take out, and what he took out was clearly more precious than Immortal Spirits. This caused Jiang Chen to feel a strong jealousy in his heart while being resentful.

“Something more precious than Immortal Spirits?”

The Heavenly Phoenix Maiden, the Six Crown King, the Heavenly Demon Monarch, and a bunch of other young supreme beings all breathed a sigh of relief, their hearts setting off waves of shock.

The shock that Gu Changge brought them today was too great. They thought that even Gu Changge would find it hard to take out a hundred Immortal Spirits, but instead, he lightly took out something else that was even more precious than Immortal Spirits.

What was that? Their hearts were incomparably curious. No matter what, it definitely had something to do with the Immortal Dao.

“Since that’s the case, let’s start cutting.”

Gu Changge didn’t care about the shocked expressions of the people around him and casually spoke to the few stone-cutting masters who were still in a daze not far away.

“Yes... Yes, yes...”

Hearing these words, these few stone-cutting masters came back to their senses and uttered in shock, trembling, as if their hands and feet had become incompetent. They had been prying open origin stones for a lifetime, but it was the first time they had the chance to cut the seven Divine Stones.

If this matter was passed on, even their children and grandchildren would live with glory and even be passed on for thousands of years. This made them feel that the stone knife in their hands had become heavy, and the palms of their hands were full of cold sweat.

After all, this was the most valuable of the seven Divine Stones, the Immortal Fetus. Just the price of a piece of trimming was enough to make them despair and tremble. Now that it was in front of them for them to cut, they didn’t even dare to do it.

“I really want to cut this Immortal Fetus! It’s worth coming to Kunwu City this time, to see the Seven Great Divine Stones being cut, it’s worth it for the old man’s lifetime.”

“Yes, I really didn’t expect to really see this Immortal Fetus being cut in my lifetime.”

Many from the older generation were so excited that their faces turned red and their bodies trembled, more excited than if they were going to cut the stone themselves.

“As expected of Young Master Changge, he actually bought this Immortal Fetus, this is definitely a big event that will stir the Upper Realm!”

“With so many resources, I feel like he could totally buy an Immortal sect! I can’t imagine at all, how on earth can a person have that much money.”

“What do you mean by rich and generous? This is wealthy and generous, he bought this Immortal Fetus without even blinking...”

Many young people were also in high spirits, their hearts surging as they stared at the slender and upright figure in front of them with undisguised reverence and fire in their eyes.

Most of the heavenly girls also could not turn their eyes to look away from Gu Changge, with admiration and reverence, they simply wanted to fall back on him.

“Young Master Changge, don’t worry about cutting the stone, the Heaven and Earth here have been sealed by us. If the thing in the Immortal Fetus tries to escape, we can immediately trap it down.”

The white-bearded old man and the others made a move, waving their hands and snapping their fingers to strike out the runes, enveloping heaven and earth here.

The terrifying Dao-forming weapon fluctuation diffused into their surroundings, like the twilight drums and morning bells pressed on everyone’s heart. A formation pattern appeared in the sky, flickering with brilliant light with tens of millions of divine chains formed by laws hanging down like a waterfall.

The revealing corners of it emitted a majestic ancient and heavy enough vast pressure to crush all creatures. Gu Changge nodded slightly, indicating that several stone-cutting masters needed not to be nervous, they just had to cut directly.

### **Boom!**

This place erupted with an unimaginable commotion, the sound of people boiling, incomparably noisy. Almost instantly, the area around the market was surrounded by a flood of cultivators.

In the distance there were more divine lights rushing toward this place, all heard the news that Gu Changge had bought the Immortal Fetus at a large price and was going to cut it open, intending to see the spectacle.

The Immortal Fetus was wrapped in layers of immortal mist, dazzled with haze, and quietly located in the midst of many immortal materials. There were many visions in the manifestation mixed with the wisps of Dao rhyme and spirituality surging toward it. They even formed small vortices.

Seemingly sensing its demise, intense immortal light filled with Dao rhyme diffused out from it.

“Young Master Changge, don’t worry, we will be careful to cut the stone and will never damage a single cent.”

Several old men responsible for cutting the stone also looked gradually calm as they took a deep breath and began to show their skills. A few silver blades descended, a large number of stone chips scattered around. Everyone stared at all of this with unblinking eyes, not daring to miss the slightest detail.

**Click!**

With the sound of cutting stone, everyone was shaken, the surroundings were quiet, and no one spoke again and concentrated on watching. The stone chips rustled and fell, and several stone cutters were sweating profusely as they carefully sliced off the layers of stone scale from the surface of the Divine Stone.

Everyone heard a wonderful Dao sound resounding in the void. It was as if an immortal was sitting in this Immortal Fetus, chanting the immortal chant for everyone.

Heaven and Earth were filled with visions, golden lotuses descended from the sky, clear springs gushed from the earth, and a piece of crystal immortal light turned into flower petals, floating down around the Immortal Fetus with extreme beauty.

“It’s definitely an immortal treasure!”

“It contains unimaginable value!”

A Great sect master breathed heavily, his gaze could not hide the shock, feeling that his cultivation bottleneck was even showing signs of loosening at this moment.

The Dao-forming tools that were hanging around were also trembling slightly at this moment with ripples diffusing down, resounding with a vast Dao sound that resonated throughout the heavens. [www.EIUSb.com](http://www.EIUSb.com)

### **Chapter 555: Mysterious Heavenly Book appears, Are you teaching me what to do?**

Everyone felt like they were going to attain immortality, their skin became crystal clear, and there was a dense immortal light interweaving and diffusing, flooding the place.

As more pieces of stones fell, the light from within the Immortal Fetus became more radiant and blinding. In the end, the light here turned so blooming that it was like a burning sun reviving. It was vast and majestic, turning into wolf smoke that ran directly outside of Kunwu City and broke through to the outside of the domain.

Such a sight was so amazing that everyone couldn’t help but back away, feeling that they would be blinded by that light and simply couldn’t look directly at it. Even those who had achieved Enlightenment chose to close their eyes, and could not see what was hidden in that mass of dense immortal light.

“A Heavenly Book?” Gu Changge squinted his eyes, and when everyone closed their eyes tightly, he took a glance to see what was in the Immortal Fetus.

It was a crystal-bright ancient book, quietly suspended in the ragged stone material. Not knowing what kind of material it was made of, it was permeated with the immortal aura of ancient vicissitudes.

This vast fluctuation was caused by the words above the manifestation, the origin was obviously very mysterious and extraordinary.

**Buzz!!!**

In the next moment, Gu Changge reached out and grabbed this Heavenly Book directly in his hand, all the light dulled and became silent.

It was not quite the same as the heaviness he had imagined, this Heavenly Book was very light as if it was forged by Immortal Gold. The edge parts were flooded with immortal silver light, and each character was as heavy as a star, containing obscure and profound mysteries.

“Seal of Immortals...” Gu Changge recognized the two ancient words on it, and his gaze looked a little strange. However, when he tried to turn this Heavenly Book over, he felt a majestic world’s terrifying power descend on him. It directly flicked his fingers away and he was not able to turn its pages easily.

“A Heavenly Book has been cut out of the Immortal Fetus?”

At this time, the crowd also noticed this silver-colored Heavenly Book in Gu Changge’s hand, and their expressions were extremely shocked.

The hearts of many Enlightened beings also set off shocking waves. They could feel the extraordinary nature of this silver Heavenly Book, with the aura of immortality that seemed to have lasted for countless eras.

They even suspected that it was a true Immortal Scripture, recording the many Heavenly techniques and divine abilities of the Immortal Realm.

“It’s actually not a living being, but a Heavenly Book?”

“Its origin is definitely so great that it is unimaginable.”

A great stir was caused here as everyone stared intently at the Heavenly Book in Gu Changge’s hand, unable to conceal their fiery intentions and envious and jealous.

Even high-minded young supreme beings like the Heavenly Phoenix Maiden and the Six Crown King had trouble breathing at this moment as their eyes were slightly red, obviously envious.

Jiang Chen was even more envious and jealous. His teeth were about to gnash, but he was struggling to maintain his calm expression, though he was very reluctant. Gu Changge got such an immortal treasure right in front of him, and he could only watch it from the sides.

“This object definitely has a lot to do with the remnants of the Great Yu Immortal Scripture. I must find a way to...”

Great Yu Immortal Dynasty’s Eldest Princess Yu Feiya’s expression also became grave, and her beautiful eyes stared unblinkingly at the Heavenly Book.

She knew that she had definitely come to the right place this time for the Divine Stone Conference. Her heart was on fire with eagerness. At this moment, almost everyone wanted to have a glimpse of this Heavenly Book’s true appearance, but in front of Gu Changge, no one dared to speak.

This object was of great importance, it was cut out by Gu Changge at a cost of a hundred Immortal Spirits. Even if they wanted to take a look, they would have to pay an extremely terrible price.

The white-bearded old man and others were equally eager, but after receiving the Immortal Spirits, they understood that this object belonged to Gu Changge. They slowly swept around and coldly snorted, "Put away your petty thoughts. Do you dare to covet even Young Master Changge's things? Don't you want to live?"

A few people who had achieved Enlightenment spoke up, their voices contained a special Dao rhythm and pressure which immediately caused many people who were dizzy with jealousy to shake and react. Once they came to their senses their backs were covered with cold sweat.

If they had any intentions, they probably would not leave this place alive today. Not to mention Gu Changge, with just these few Enlightened beings in front of them, it was impossible to let them covet this object.

Not to mention that Gu Changge was not merciful, if they dared to have any thoughts about his things, they probably wouldn't even know how to write the word death. Even many of the Great sect masters and celebrities of the old generation also sighed at this moment.

They knew that if they wanted to borrow the Heavenly Book, they must at least pay a price that could satisfy Gu Changge. But after thinking about it, it took a hundred Immortal Spirits to even pry open the Immortal treasures. Even just a glance, was estimated to be a sky-high price that could make people feel desperate.

With their status, they probably couldn't afford to pay that price. Some people cautiously opened their mouths to Gu Changge and asked him by voice transmission if they could get a glimpse of the Heavenly Book.

However, Gu Changge was unconcerned, and after a few glances at the Heavenly Book, he accepted it, not caring about the voices and hot eyes of these Great sect masters.

He understood that today's incident would definitely cause a huge uproar in the Upper Realm, and many powers and forces would probably have some crooked thoughts. But he did not care about this.

This kind of thing would not happen to him, at least in the current Upper Realm, no power would dare to do so openly.

"Congratulations to Young Master Changge for obtaining a copy of the Heavenly Book. It was a wish that has been fulfilled in our lifetime and we were able to have a glance at it."

Afterward, the crowd stepped forward to express their congratulations, not daring to mention the matter of a glance at the Heavenly Book in the slightest.

Gu Changge's expression did not change much, and he planned to study the Heavenly Book when he had time. The word "Immortal" made him feel that the book was not as simple as he had imagined.

"Nowadays, the laws of the Upper Realm are crippled. Within many forces, it is difficult for an Immortal Realm cultivator to be born. In my opinion, this mysterious Heavenly Book may have recorded things about it."

"Young master Changge is open-minded and helpful to the world, to get this Heavenly Book is really a fortunate thing for the current Upper Realm."

“It happens that many seniors are gathered here today. In my opinion, Young Master Changge might as well be generous, and let all seniors have a look at the Heavenly Book, if they can find the method of deciphering it, it would be a great contribution to the whole Upper Realm. I think all cultivators will be grateful to Young Master Changge from the bottom of their hearts.”

“If I were to obtain this Heavenly Book, I would definitely let the many seniors present have a look at it.” But just then, an untimely voice suddenly rang out.

With a few smiles on his face, Jiang Chen walked over with a sincere attitude and appeared to be sincere. He carried the intention of disgusting Gu Changge. Anyway, the person had already offended him, and he was not afraid of making Gu Changge hold a grudge against him again.

And what he said was very obvious, this was for the sake of the world’s life, but also for the sake of Immortality, standing in the perspective of the great righteousness. He also dragged down many seniors present, including the Great sect masters, the older generation of existence, and even several attainers of the Dao altogether.

After all, he was doing it out of the goodness of his heart and was thinking of them. With those words, Jiang Chen had a good-natured smile on his face, waiting for Gu Changge’s answer, not caring about the consequences of this matter at all. However, hearing these words, the vicinity of the market became unanimously silent.

The people in the room all changed their expressions and looked at Gu Changge uneasily, fearing that he might have misunderstood them. Several old generation existences who had a good friendship with Jiang Chen before also had shocked and obscure expressions and hurriedly left him far away.

Several Great sect masters also had a cold gaze and stared at Jiang Chen. They were not young and their eyelashes were empty, so they could naturally understand the meaning of this Divine Origin Master’s words, which was just to take this opportunity to disgust Gu Changge.

But such an approach was intended to drag them down with them. In the current Upper Realm, who didn’t know how strong Gu Changge was?

“Oh, could it be that you are teaching me to do something?” Gu Changge stopped and looked at Jiang Chen with interest. He really did not expect Jiang Chen to say this to him at this time.

Was he really a little smart? Or was there something wrong with his brain and he was overwhelmed by jealousy?

“Ignorant little child! You’re nothing more than a jumping clown, making a fool of yourself. What kind of thing are you? Are you worthy of teaching Young Master Changge to do things?”

Hearing these words, the white-bearded old man accompanying Gu Changge’s side also had a slightly chilly face, feeling more and more that this Jiang Chen was not a good person, and that there might be something wrong with his brain.

He didn’t say anything, he directly rolled his sleeves and a powerful force rushed out and blasted toward Jiang Chen’s body, instantly causing the smile on his face to freeze, followed by a mouthful of blood, mixed with pieces of internal organs as he directly flew out.

If not for the white-bearded old man carefully controlling the force, the body and soul of this Jiang Chen would have exploded directly. n0V~~el~~usb.c0m

### **Chapter 556: Changes in the unknown Divine Stone, The Demonic Mountain comes across**

Looking at this scene, the area around the market was silent. Even the people of the An Clan, who did not have a good relationship with Gu Changge, did not dare to come forward to stand up for Jiang Chen.

Because even they felt that Jiang Chen's action just now was too brainless, simply stupid, or maybe thinking too much. He was a person with no power and no influence. At most, he had a little bit of the Divine Origin Master's heritage, yet he wanted to use the crowd to get a glimpse of Gu Changge's Heavenly Book.

Wasn't that a death wish?

The rest of the people were not stupid, no one wanted to risk offending Gu Changge and stand out with him at this time, this so-called great righteousness was no different from stupidity.

"Little Chen, are you all right?" Niu Tian hurriedly went to help Jiang Chen up and couldn't help but ask worriedly. n0V~~el~~usb.c0m

He couldn't figure out why Jiang Chen had just said those words to Gu Changge. This was a big difference from the calm and collected Jiang Chen he usually knew. He felt that Jiang Chen might have been overwhelmed by hatred, and could not help but stand out and say those words.

Niu Tian did not know what had happened between Jiang Chen and Xiao Ruyin. Jiang Chen felt that it was a shame and hadn't mentioned it to Niu Tian yet.

"I'm fine." Jiang Chen was in severe pain as he struggled to stand up from the ground, his whole body looked very wretched.

He wiped the blood from the corner of his mouth and shook his head, feeling humiliated. With his fists clenched he was looking at Gu Changge, who had walked away from him displaying a cold attitude of disdain. His unusually ugly face turned silent, things were completely out of his expectation.

He originally intended to use this situation in order to take revenge on Gu Changge for taking his love but did not expect the crowd's reaction to be completely different.

In this world of moral righteousness, it was obvious that his head was overwhelmed by jealousy and he was really too naive. The crowd's fear toward Gu Changge far exceeded his imagination.

"Let's recuperate first, that unknown stone from the seven Divine Stones has not appeared yet." An Xi, Xiao Zhanxian, and the others arrived and expressed their concern for Jiang Chen.

She had just witnessed what happened and didn't step in. And she knew very well that if she had forced her hand, it was unlikely that she would end up in the same place as Jiang Chen.

Teaching Gu Changge to do something?

She also did not know how Jiang Chen mustered the courage, no one but Jiang Chen dared to say such words. If one said that Jiang Chen was rash, then that would be too far fetched. He obviously had

another intention, trying to stand on the moral high ground in order to pressurize Gu Changge. This was not what ordinary people dared to think.

“It’s your own fault.”

“Stupid.”

The Heavenly Phoenix Maiden, Six Crown King, and a bunch of other young supreme beings looked at Jiang Chen and shook their heads slightly, obviously also quite disdainful.

They were already suspicious of this ‘Divine Origin Master.’ After seeing all this today, they felt that Jiang Chen’s name was not real, and his actions just now could be described as more than stupid.

Even if he was overwhelmed by jealousy, he should not have said such a thing. In the eyes of many people, this was just a minor incident. Yet after this incident, the image of Jiang Chen, the Divine Origin Master, had fallen greatly.

Especially in the eyes of many people, Jiang Chen’s actions just now had offended Gu Changge. After offending Gu Changge, from now on, it would be very difficult to settle down in the Upper Realm, and many things would be restricted.

Those forces that had planned to continue to extend an olive branch to Jiang Chen also began to hesitate. In contrast to this matter, the news that the Immortal Fetus of the seven Divine Stones had been cut open and a mysterious Heavenly Book had been released spread with a terrifying speed that swept through the Upper Realm, causing a huge uproar.

All the forces in the Upper Realm were shaken by this matter, and many Immortal forces were also the first to deliberate. The mysterious Heavenly Book sliced from the Divine Stone obtained by paying one hundred Immortal Spirits, would not be a simple thing, right?

If the person who obtained the Heavenly Book was not Gu Changge, but someone else, it would have already set off an endless fishy storm at this moment.

During this period, some cultivators noticed a terrifying black demonic cloud, covering a distance of nearly ten thousand miles, from the sea where the Demonic Mountain was located.

A large black mass was surging in the sky. A bolt of black lightning slashed down, and a Chaotic aura filled the air. There were all kinds of terrifying demons with scaly armor, and demonic wings that looked extremely intimidating.

Since the establishment of the Demonic Mountain, a wide range of demons from the Upper Realm had joined it. With that, the Demonic Mountain had turned into a huge force that could not be underestimated.

Especially the Master of the Demonic Mountain, the Red Demon who emerged from the Demon Burying Abyss and had killed all parties in the Divine City.

With her terrifying strength, it was difficult to find an existence that was comparable to her in the current Upper Realm. People who talked about the Demonic Mountain changed their expressions and they were incomparably afraid of it.

Now, this terrifying demonic cloud was rolling toward Kunwu City with sweeping momentum. This scene made many forces scornful and shocked, feeling that the Demonic Mountain seemed to be intervening in this matter.

After all, after the Divine Stone Conference, the Ji family was going to unite many forces and sects to attack Mount Kun and rescue their Ancestor Ji Sheng Shu.

Could it be that the Demonic Mountain wanted to intervene?

**Boom!**

And just when the major forces and sects were speculating about this matter, a dull sound suddenly arrived from the depths of Mount Kun, not far from Kunwu City. The sound was like a huge drum bell ringing out, slicing through time and space along the years.

It was also like a heartbeat, that caused all the cultivators who heard the sound to tremble with palpitations. Their souls had almost left their bodies.

Once again, the strange movement arrived from Mount Kun, in which a dark light rushed up to the sky, obscuring it. From a distance, it was as if night had arrived.

That ominous stone was carried out from Mount Kun by the Ancestors of the Huanxi Sacred Land. At the same time, there was also a terrifying black fog that diffused from its surface with a strong demonic nature and even advanced monks dare not approach it rashly.

As the most concerned Divine Stone among the seven Divine Stones, the unknown stone had not appeared in the world and had been suppressed by an Emperor's artifact. But at this moment, even the Emperor's artifact seemed to be unable to suppress it.

On the surface of the stone, there were countless strands of black demonic energy permeating and intertwining. It was so thick that everything within a hundred miles around it had turned into darkness.

Such an abnormal scene made many ancient beings who were responsible for guarding this stone in normal times extremely cautious.

While at the same time, in Kunwu City, where Heavenly Dao Immortal Palace was stationed.

In an extremely magnificent palace, a woman in white was sitting cross-legged on a futon. Her eyes were tightly closed, her expression seemed to be in pain, and her brows were furrowed.

There was an extremely ancient and profound rune between her eyebrows, shining brightly, reflecting the mixed meanings of nothingness, destiny, time, and so on. The whole person looked like it was carved out of jade, and the skin was crystal clear, revealing holiness and dust.

But there was another kind of vicissitudes and antiquity that trekked through the years, as well as Immortality. Her aura was sometimes strong, sometimes depressed, her expression sometimes painful, sometimes calm.

Many changes were manifested from her body.

**Chapter 557: The indelible thread of Cause and Effect, The countermeasures of the Prophet of Destiny**

“Who am I?” There was silence in the palace, only the brilliant light was intertwined and pervasive.

The woman in white seemed to have woken up from an eternal sleep. Her expression was a little confused and fuzzy, and then it gradually became calm and clear. She felt that her mind was very chaotic, like indistinct chaos that was filled with all kinds of bizarre scenes.

“I am the Prophet of Destiny, in charge of the Destiny of Nothingness, trekking through the long river of time, deducing the established trajectory of Immortal Palace... I’m also Xiao Ruoyin.”

In the end, all the pictures were converging as they condensed into a single point of light. The woman in white calmed down, and there seemed to be thousands of lights flickering in her eyes, which were many complicated and majestic fragments.

She whispered to herself, the ancient runes between her eyebrows became more dazzling like a small scorching sun, and gradually it fell silent.

The whole person looked more and more illusory. The surrounding space fluctuated, and there were hundreds of millions of mysterious lines intertwined, arriving from unknown latitudes.

This was an incredibly mysterious power, involving Time, Space, and even Destiny. A large number of memory fragments emerged from the depths of her soul. It was as if a box that had been sealed for a long time was opened, and many scenes rushed in her mind.

Xiao Ruoyin suddenly sighed softly, and stood up, “Is this evil Destiny? Or is it my inevitable Cause and Effect?”

If the Immortal Palace had not collapsed, the era would not have collapsed. Without any accidents, she should still be in the Temple of Destiny, fulfilling her due duties. But the Immortal Palace had collapsed, and even that era became a taboo, buried in the long river of time. Hundreds of millions of years had passed, and even she could not escape the established karmic fate.

“Just like a fish can never leave the river, it is also difficult for me to break free from my destiny.” She spoke words that only she could understand. Her expression appeared extremely complicated for a moment.

In front of Xiao Ruoyin, there were countless lines emerging. Some were shining silver, some were as black as ink, and some were light yellow as gold... But no matter which one it was, they all exuded dazzling and bright light, submerging the entire building. The palace was reflected thoroughly.

Behind these threads of destiny, there were other people connected, and these people had an inexplicable cause and effect with her. She reached out, wanting to touch the lines.

**Buzz!!**

The next moment, as her hand passed through these lines as they gradually became blurred before breaking, and finally returning to nothingness. It was as if they had never appeared before.

Destiny was nothingness, and all the threads of destiny that she had touched would eventually become nothingness. This was also the miraculousness of those who had no destiny, and everything related to destiny was difficult to fulfill in them. It was even difficult to have any intersection with it.

As long as Xiao Ruoyin thought, she could make everyone in this world who knew her forget her.

She would truly disappear from this world, any trace of her existence would fade away. But at this time, there was a thread of destiny, which was extremely thick, like the deepest night, and it didn't fade into nothingness like the other threads of fate.

This thread of destiny seemed to run through the long river of time, along an unknown latitude, connecting to this era.

"Is that so?" Seeing this scene, Xiao Ruoyin was not surprised at all, but sighed lightly, and withdrew her hand.

Even when she touched this thread of destiny, she felt a tingling pain in her palm, suffered a strong backlash, and emitted black smoke. This was no longer the cause and effect that she could erase if she wanted to.

"Gu Changge... Is that his current name?" Xiao Ruoyin chanted the name softly and her expression was calm, with a kind of detachment that obviously did not belong to this world.

Scenes from this period of time emerged in her mind, and then she frowned slightly. She naturally remembered everything that happened before. Compared with Xiao Ruoyin before, the gap between her current self and Xiao Ruoyin was not very big.

The biggest difference was that she had awakened her memories of being the Prophet of Destiny in her past life, and also awakened her Destiny Physique.

Obviously, Xiao Ruoyin's memories of the past twenty years obviously could not dominate her now.

She knew everything that happened during this period, and she also knew the many choices Xiao Ruoyin made in order to attach herself to Gu Changge, as well as Xiao Ruoyin's previous thoughts.

After all, the two of them had never been just one person. Although she disagreed, it was a foregone conclusion, and she couldn't say anything more.

"Gu Changge kept me by his side, so he probably already knew my identity... It seems that he is waiting for my physique to become perfect. I can't let Gu Changge know that I have awakened the memory of the Prophet of Destiny..." Xiao Ruoyin frowned slightly, thinking about countermeasures.

Many things during this period flashed in her mind one by one. She knew many things better than Xiao Ruoyin before, including Gu Changge's terrifying origin. If it weren't for the indestructible thread of destiny just now, she might not be able to discover this problem for a while.

Since Gu Changge was the one who caused her to be reincarnated, his identity was naturally ready to be revealed. Xiao Ruoyin had no doubts about this. However, Xiao Ruoyin didn't know why such a powerful and invincible existence would end up being reincarnated as her.

She didn't have time to think about so many things now. In her opinion, Gu Changge must have awakened the memories of the past very early, and this was the only way to reach the current terrifying situation in just twenty years.

Xiao Ruoyin was well aware of Gu Changge, even if she had awakened the memory of her past life and the imprint of the Divine Talisman from her Destiny Physique. But if she wanted to compete against Gu Changge, it was still an unattainable idea, and it was impossible to do it.

“He should be plotting against my origin, trying to take the final step toward Enlightenment... We can’t let him succeed. Now that the world has finally restored peace, won’t it be destroyed by his palm again?” Xiao Ruoyin sighed softly, trying to understand everything.

She really didn’t expect that she would face such a big predicament after awakening the memory of her previous life. Now it seemed that the only way was to procrastinate or find a way to escape from Gu Changge’s side.

But either way was tough. Especially with her Master Yan Ji around her, Gu Changge had always placed an observer by her side. If there was a slight mistake in her every move, Gu Changge would notice it.

Xiao Ruoyin didn’t know this before and even felt that Yan Ji was really doing it for her own good. But now she could see clearly at a glance that from the very beginning when Gu Changge contacted her, he had a different purpose.

All of this was just a trap set by Gu Changge.

“The silly white sweet persona didn’t play any role. Instead, it was played by him in the palm of his hand because of the small loss. The Good Fortune Immortal Boat should be on Jiang Chen’s body. I have to get my hands on the Good Fortune Immortal Boat to possess a chance.”

Afterward, the aura on Xiao Ruoyin’s body gradually changed, from nothingness to blurry, to gradually solidified, and finally became exactly the same as before, without any difference.

Once finished with all this, she walked out of the hall and looked at Kunwu City, which was full of people.

“Junior Sister Ruoyin, are you going to find Young Master Changge?” The disciple in charge of guarding this side of the main hall saw Xiao Ruoyin walking out, and asked with a flattering smile on his face.

Xiao Ruoyin was taken aback for a moment, then thought for a while. Her easy-going smile returned to her face, she nodded and smiled, “Yes.”

At first, she was still a little unaccustomed to the heaven outside. White clouds and blue sky, with the dense glow of the sun and steaming clouds. This scene made her, who was used to seeing the lonely and cold Temple of Destiny, suddenly feel a little uncomfortable.

At the same time, in the depths of the market. All the cultivators and creatures were very frightened as they retreated. Even a group of ancient beings stared at the front with solemn expressions, appearing to be very apprehensive.

A large amount of black mist had flooded and filled the air, surrounding the market instantly turning it pitch black. Many palaces and pavilions were submerged in black mist, and large areas of ancient vines withered before they died. The ominous stone located in it trembled slightly, and a large amount of black mist sprayed out from the stone cracks.

“Could it be that the strange movement in Mount Kun just now alarmed this ominous stone?”

“Let’s cut it open and have a look, we can’t let it go on like this.”

“It used to be in the Huanxi Sacred Land, but because this thing became ominous overnight, it was contaminated with something unknown because of it.”

The cultivators and creatures around were discussing and staring at the ominous stone with apprehension. They never expected that there would be such a change in it all of a sudden.

The black mist was tainted with strong demonic nature, making one very suspicious that it contained some kind of terrifying monster.

“At this time, who dares to step forward and cut stones?” An old man’s voice was trembling, full of fear, and he kept backing away.

When there was a change in Mount Kun just now, many people immediately rushed out and looked toward Mount Kun. They saw a black light soaring into the sky, covering the sky and the sun. Within a radius of hundreds of thousands of miles, it had turned pitch black. The magnificent Mount Kun, which usually looked like a fairyland, was now gloomy like a ghost with a demonic aura that overwhelmed everything.

“What’s in it? Why is Da Hong so frightened?” Gu Xian’er stood behind Gu Changge and looked around curiously. But she noticed the big red bird at her feet trembling all the time, displaying extremely fearful expression for the first time. It was as if some kind of peerless monster was hidden in that ominous stone.

“This place may not be peaceful for a while. Alpha, take Xian’er, Yin Mei, and the others away first.” Gu Changge frowned slightly and turned around to give instructions to Alpha.

While speaking, he looked toward the sky outside Kunwu City, sensing a bad premonition. The things in this unknown stone gave him a very familiar feeling. But this familiar feeling did not mean that it was safe and sound.

Just like him and Chan Hong Yi...

Something big might happen in Kunwu City, and the area around this ominous stone was obviously the most dangerous.

“I’m not leaving, I’ll stay here...” Hearing this, Gu Xian’er quickly grabbed Gu Changge’s sleeve.

Seeing that Gu Changge frowned, she looked at him stiffly, and muttered softly, “Unless you leave with me.”

She also saw that this ominous stone must be very dangerous. The best thing to do at this time was to leave this place as soon as possible. If Gu Changge didn’t leave, she would feel uneasy all the time.

“Stop messing around, I’ll be fine.” Gu Changge understood Gu Xian’er’s meaning. He shook his head lightly, asked her to let go of her hand, and at the same time told Alpha again, “Take Miss Xian’er and the others away.”

“Yes, my lord.” Alpha was a Quasi-Emperor Realm existence, so it was naturally extremely easy to take Gu Xianer and the others out of this place.

Gu Xian'er glanced at Gu Changge with some anger, dissatisfied with his ripping off her hand. But at this time, she still left obediently and did not stay to cause trouble for Gu Changge.

She rarely saw Gu Changge showing such a cautious expression. The rest of the Great sect leaders, Patriarchs, and others nearby also ordered many younger generations to retreat at this moment, feeling the danger here.

Only a very small number of people, such as Six Crown King, Yu Feiya, Jin Chan Buddha, An Xi, and other young supremes chose to stay. Skilled people were bold and did not have to worry about their own safety.

For a while, the originally impenetrable square city became much quieter, and the remaining several Divine Stones were also shot by several ancient beings and were taken away by them.

**Buzz!!** *n0velusb.cOM*

In the sky, the Dao in the surroundings trembled, and the Emperor Realm laws hung down, trying to suppress this unknown stone. But when it was about to land on the surface of this ominous stone, it was shaken away and scattered like ripples.

The terrifying momentum still swept toward the surroundings like a wave. The rest of the ancient existences rushed to offset it. Otherwise, the damage caused by the aftermath alone would be unimaginable.

“Could it be that the things in this ominous stone have surpassed the Emperor Realm...”

A sect leader spoke with golden runes flickering in his eyes. He was trying to see something through the cracked stones. But at the next moment, a ray of black light rushed out of it, faster than lightning before rushing into his eyes.

The whole person let out a scream, and exploded in an instant. He was destroyed in body and spirit, turning into ashes, leaving nothing behind. This scene made the expressions of the people who were still in the market somber. Their backs shivered and they became more solemn and fearful.

A ray of black light easily obliterated a Great sect leader who was at least in the Supreme Realm. If there was some kind of Divine Weapon hidden in this ominous stone, then it was definitely above the Emperor Realm.

The few Enlightenment artifacts around here could hardly restrain it. Although there was no reason for complete recovery, it could also be seen that this thing was weird and terrifying.

**Rumble!!**

And at this moment, above the sky in the east of Kunwu City, a mighty black demonic cloud swept over, covering the sky and blocking out the sun. A huge and terrifying specter lingered within it. Colorful feathers flowed, and demonic wings shook the sky, making it extremely frightening.

“Someone from the Demonic Mountain?” Seeing this scene, the complexions of many Great sect leaders changed dramatically.

The cultivators and creatures in the entire Kunwu City also became uneasy and panicked because of the black cloud that swept over them.

### **Chapter 558: The peerless murderer, The master of the Demonic Mountain Chan Hong Yi**

A dark demonic cloud descended over Kunwu City, covering the sky and the sun with a menacing aura. Horrifying and ferocious demons appeared from within it, with strange appearances. Some with black wings, some with terrifying horns on their heads or blue-faced fangs, covered with blood.

“I wonder why everyone from the Demonic Mountain has come to Kunwu City?” An old man’s face was slightly gloomy, and he rose into the sky and asked.

Many people recognized him as an old man from Kunwu City, with a cultivation base in the Supreme Realm. However, upon hearing this, the demonic clouds in the sky were still surging and turbulent. Many of the big demons within it were very indifferent, standing there like ghostly shadows without saying a word, like an iceberg and an iron wall.

The atmosphere of the entire Kunwu City became extremely depressing and deadly. The cultivators and creatures looked at all this with horror. They were very worried and fearful.

Although there were many sect masters from the Upper Realm gathered along with many Enlightened beings, it still left them helpless. The power and terror of the Red Demon had already shocked the Upper Realm.

Not to mention the big demons under her were equally terrifying in strength. Among them, there were also existences at the level of the Enlightened being, who once ravaged all over the place with a fierce power, causing headaches and troubles for all the Immortal forces and the Supreme sects.

“What? Does the Demonic Mountain think that it could fight us and the others with its own power?”

At this moment, an Enlightened being snorted coldly, feeling a little dissatisfied as he waved his sleeves, and appeared directly in the sky, looking at the crowd in the demonic cloud.

Above his head was a small fuzzy cyan cauldron floating up and down with strands of light hanging down, emitting the breathtaking and pervasive Emperor’s prestige.

“Hehe, brother, what kind of attitude is this? We have come from hundreds of millions of miles, and this is how you treat us?”

Seeing this scene, a solitary sneer resounded from the demonic cloud and a stooped old man wearing a blue robe and dragon horns emerged. His eye sockets were extremely sunken like dry bark and his eyes were shining like two cyan torches.

Still, there was a terrifying aura permeating his whole person.

“Old Daoist Qinglong...I didn’t expect him to be a part of the Demonic Mountain.”

The moment they saw this person, a commotion was raised in Kunwu City. Many of the older generation’s faces became solemn, and they seemed extremely fearful.

Qinglong was an Enlightened being who snatched a treasure from Heavenly Emperor Mountain three million years ago and was chased by the Heavenly Emperor Mountain as he killed countless cultivators on the way.

In the end, it was the ancient Ancestor of Heavenly Emperor Mountain who woke up and suppressed him, knocking him down into the endless abyss. This person had a ferocious nature. He had killed countless people in his life, and provoked countless enemies. It could be said that he was a very famous big demon in the Upper Realm.

“Old Qinglong, what do you mean?” The Enlightened being who showed up just now had a slightly gloomy face as he asked directly.

“Of course, we have come to Kunwu City for the purpose of cutting stones, could it be that we are still not welcome?” The Qinglong old man sneered, and several figures with terrifying auras arrived from behind.

Their silhouettes were very blurred, shrouded in the demonic fog. It was only the exposed eyes that were extremely indifferent. Obviously, the few people behind him were not weaker than him.

This scene made the hearts of everyone in Kunwu city tense, and they became more and more uneasy. The Demonic Mountain came here to cut stones?

“If you cut stones, I will naturally welcome you, but I hope you will not act recklessly, otherwise don’t blame me for being merciless.” The Enlightened being who spoke just now said calmly.

As long as the Demonic Mountain didn’t come with malice, he could accept it. The rest of the Enlightened beings also looked at each other and nodded. Although they felt that the purpose of the Demonic Mountain’s arrival was not that simple, they did not stop them.

Judging from this posture, there were quite a few big demons who had come from the Demonic Mountain this time. If there was a conflict and a big battle, they probably won’t be able to stop the Demonic Mountain.

**Boom!!**

Soon, the demonic clouds above the sky descended toward the depths of Kunwu City, and many Great Demons appeared. Their eyes were as cold as knives, carrying a terrifying aura. But in the middle area, there was still a blur of darkness.

Indistinctly, a chariot could be seen that was pulled by four Supreme Demon Dragons which slowly landed in the square market. The Qinglong old man just now also stood around the chariot with a respectful appearance.

Except for a few Enlightened beings, the rest of the people couldn’t see the scene clearly.

“Chan Hong Yi...” Gu Changge could feel the familiar aura within the chariot, and a gaze as indifferent as ice fell on him through the thick demonic fog.

He knew that the person sitting among them was definitely Chan Hong Yi. But with its degree of caution, it was very likely that it was just a clone, not the true body.

"I wonder how she is recovering now, just a clone is far from enough to see in front of me." Gu Changge's expression was calm, and he walked with several Enlightened beings to follow the people of the Demonic Mountain toward the unknown stone.

In fact, many people could guess that the target of the Demonic Mountain was probably an unknown stone. But at this time, it was not easy to speak. Some people also want to see what the Demonic Mountain was up to.

After all, even the Enlightened beings couldn't restrain that ominous stone. n0veLU**sB.c0m**

"Why do I always feel that there is a more terrifying existence hidden deep in the demonic cloud... Could it be the master of the Demonic Mountain..."

Jiang Chen followed behind An Xi and the others. He couldn't help looking at the terrifying cloud, and whispered to Niu Tian beside him.

"It's very likely that is a peerless murderer who made the entire Upper Realm helpless." Niu Tian nodded, looking extremely cautious.

"I heard that there was a grudge between her and Gu Changge. When they were in the divine city, it was Gu Changge who led the people to surround and attack her. Do you think she will do something later to Gu Changge?" Jiang Chen lowered his voice, with some uncontrollable anticipation and excitement. He really wanted to see this scene happen.

"It's unlikely. If she does something here, it won't be a good thing for her. What's more, Gu Changge is so strong now that he may not be afraid of the Lord of the Demonic Mountain."

Niu Tian thought about it carefully and finally shook his head. He looked at the man in white who was walking in the front with many Enlightened beings and sighed softly in his heart.

Having provoked such a big enemy, it was really hard for anyone to sleep and eat as the situation was desperate. Fortunately, Gu Changge still didn't know the true identities of him and Jiang Chen, otherwise, how could he allow them to live in this world?

"When I was in the Divine City, it is said that only Young Master Changge and the Lord of the Demonic Mountain survived in the end. The rest of the ancient existences that rushed away all died in it. What happened at that time, as the rumors say, both of them were seriously injured?" Yu Feiya, the eldest princess of the Great Yu Immortal Dynasty, also tried to see through the figure in the demonic cloud as she uttered with a bit of disbelief and suspicion.

The distance between the Divine City and the Eight Desolations and Ten Regions was unknown. Even if the space was broken forming a space tunnel, it was impossible for Gu Changge to appear near the Boundary Monument Sea.

When she heard the rumor, she was a little skeptical and didn't really believe it. She always felt that there seemed to be some kind of consensus between Gu Changge and the Red Demon.

"My Master wants this ominous stone." And just when everyone's moods were different, in the place where the black fog continued to fill in the front, the group from the Demonic Mountain stopped.

Qinglong pointed to the unknown stone that was in the front and said lightly. The Unknown Stone was not big, it was at most bigger than a fist, covered with some cracks, and looked as black as ink.

There were strands of black mist intertwined and spraying out from it, drowning this place. The unknown stone was as tall as half a person. When it was carried out from Mount Kun by the Ancestor of Huanxi Sacred Land, it was said to be even larger. However, the stone layers had been falling over the years, causing them to become smaller.

So now it seemed that it was a little bigger than a fist, quietly falling in front of it, exuding a palpating aura.

“What do fellow Daoists want to exchange it for?” Hearing this, the many Enlightened beings present were not surprised. Then they stared at the depths of the demonic cloud and asked in a deep voice.

Although the stone represented the unknown, because of its relationship, the Huanxi Sacred Land was destroyed.

But the price was not low. It had been placed in Kunwu City for these years, and it took a lot of manpower and material resources to suppress it every year.

#### **Chapter 559: Sure enough they know each other, So how do you plan to pay me back?**

In the deepest part of the market, this ominous stone was quietly placed horizontally as wisps of sunlight intertwined before being submerged in the air, revealing palpating darkness.

At this time, there was even a black light that could easily obliterate the leader of the Great sect, buzzing down from all over the void, making everyone extremely cautious.

“What do you think you need to exchange for this unknown stone?” The old Qinglong asked indifferently. His eyes were as bright as demonic lamps, revealing a divine light.

“This ominous stone was brought to Kunwu City by Chu Wei who escaped from Huanxi Sacred Land, but he died 80,000,000 years ago, and today’s descendants are only found in West Upper Realm.”

“He once told us that if someone wants this ominous stone, he must not only take care of his descendants but also hold this object to worship his Ancestor at the ruins of the Huanxi Sacred Land.. He also promised that the rest of the things exchanged for this stone would all go to my family.”

After looking at each other a few times, several Enlightened beings present spoke one after another, mentioning Chu Wei who brought this ominous stone back then.

The people still had a lot of impressions of this person as the Young Master of the Huanxi Sacred Land. However, after encountering an unknown situation in the Huanxi Sacred Land, he went crazy and finally died on a certain mountain.

“If the Lord of the Demonic Mountain wants this ominous stone, please show your sincerity.” The white-bearded old man stared at the depths of the demonic cloud and said in a deep voice.

He knew that the Red Demon was probably seated within the chariot, but she never showed up.

“Show sincerity?” Qinglong said with a faint smile, “There is nothing wrong with what you said, as long as the Master behind me says it, I don’t think anyone in the Upper Realm would dare to embarrass the descendants of Chu Wei. What else do you want to say? Just say it.”

Hearing this, everyone’s expression eased a little, and they felt that the Red Demon was not as vicious and difficult to get along with as the rumors mentioned.

After discussing for a while through sound transmission, the white-bearded old man just said, “In that case, if you can come up with one hundred Immortal Spirits, then you can take this ominous stone.”

Just now when Gu Changge cut the Immortal Fetus, he had already taken out one hundred Immortal Spirits. So after thinking about it for a while, he felt that the price of this ominous stone, which was as mysterious as the Immortal Fetus, should also be at this price.

The faces of the rest of the Great sect leaders and famous figures of the older generation also changed slightly when they heard this number.

“Young Master Changge can take it out, but we are not sure about the Demonic Mountain...” Many young Supremes looked at each other and felt that after hearing the words of the ancient beings, the atmosphere on the side of the Demonic Mountain froze a bit.

This made many people feel uneasy, thinking that none of these monsters were easy to get along with. Even if she was the Lord of the Demon Mountain after that Red Demon was born, she caused a lot of slaughter, and quite a few of the most powerful people died at her hands.

“A hundred pieces of Immortal Spirit?” The smile on Qinglong’s old Taoist face also disappeared suddenly at this time, and his brows frowned, becoming a little suspicious.

If it weren’t for the expressions and tone of the white-bearded old man and the others, it didn’t seem like a joke, and he would have suspected that they were playing with him.

One hundred Immortal Spirits? What kind of concept was that? They really dared to ask a lot.

The faces of the rest of the big demons behind him also sank. A chilling and terrifying atmosphere swept over, just like autumn and winter, when everything was dying.

“Do you all think that we, the Demon Mountain, are easy to bully? Or do you think that the old man doesn’t know what these hundred pieces of Immortal Spirits mean? In this huge Upper Realm, you guys can tell me who can take out one hundred Immortal Spirits to cut the stone without changing their faces. Hehe, not to mention one hundred Immortal Spirits, even its ten Immortal Spirits, it is estimated that not many people can come up with them.”

With a bit of displeasure and coldness on his face, old Qinglong slowly swept over the old man with the white beard and others, his words were even colder. He simply didn’t believe that anyone could come up with one hundred Immortal Spirit at this time, let alone use it to cut stones.

This was simply a fantasy, and he suspected that these Enlightened beings in Kunwu City were making fun of them.

“If fellow Qinglong thinks it’s inappropriate, then it’s inappropriate. We didn’t force the Demonic Mountain to cut this ominous stone.” Hearing this, the tone of the white-bearded old man was not polite at all.

The expressions of the rest of the people also became a little weird. Before this, they really had the same attitude as this Qinglong old man, thinking that no one could come up with one hundred Immortal Spirits.

As a result, Gu Changge explained to everyone what real wealth and power were.

Yu Feiya, Heavenly Phoenix Maiden, and the others couldn’t help looking at Gu Changge, who was looking forward with a flat expression, feeling extremely strange in their hearts.

Old Qinglong probably didn’t think about it at all.

“As for what you said, please forgive me for not agreeing. Just now, Young Master Changge spent one hundred Immortal Spirits to cut the Immortal Fetus among the seven Divine Stones. The people in Kunwu City saw it with their own eyes, how can this be false?” The white-bearded old man continued to speak, with a mocking look in his eyes.

“What! Gu Changge?” As soon as these words came out, the expressions of everyone from Demonic Mountain changed. Old Qinglong also became a little bit surprised and disbelieving, looking at Gu Changge.

He naturally recognized Gu Changge. But he never expected that before they came here, Gu Changge had already spent one hundred Immortal Spirits to cut the Immortal Fetus. The expressions of everyone present told him that this should not be a lie.

“Gu Changge, did you really take out one hundred Immortal Spirits and cut that immortal fetus?” Qinglong’s expression was deeply shocked, and his breathing was a little suffocated.

“If you squeeze a bit, you can still get one hundred Immortal Spirits out.” Gu Changge glanced at him lightly and said casually.

While speaking, he kept feeling that deep in the demonic cloud, Chan Hong Yi’s eyes were always looking at him. He seemed very casual and natural, and he didn’t look at her across the void.

“Hehe, anyway, the old man already told you, if you want to cut the stone, then take out a hundred Immortal Spirits.” The white-bearded old man and the others sneered.

They had already seen that there were not many powerful people in the Demonic Mountain this time.

Now in Kunwu City, there were strong people from various Daoist forces, and there were even several Enlightenment artifacts, so they were naturally not afraid of people like Demonic Mountain.

What was more, Gu Changge was also here and his current strength could be described as unfathomable.

“One hundred Immortal Spirits...” The faces of Qinglong and others became ugly, not as complacent and calm as before.

They looked at each other, and there was a murderous look in their eyes. They themselves were the big demons who were always causing trouble. In the past, they just grabbed anything they saw. Now they couldn't afford so many Immortal Spirits, so why not grab them?

Suddenly, a terrifying cold murderous intent emerged, sweeping like the twelfth lunar month of winter. It caused everyone's expressions to change slightly, and they all became vigilant.

"It seems that the huge Demonic Mountain really can't afford one hundred Immortal Spirits now." The white-bearded old man and the others looked at each other, and in the palms under the sleeves, divine patterns emerged.

The laws and order flashed, and a powerful and terrifying aura began to permeate his body. This battle seemed unavoidable, everyone stood up in awe and began to sacrifice their divine weapons.

A strong aura emerged from the bodies of some old men and cultivators as the sky shone brightly like stars, which was a manifestation of extremely strong spiritual power.

"The Demonic Mountain really can't come up with one hundred Immortal Spirits now." However, just when the atmosphere was tense, a cold and flat voice suddenly came from the depths of the demonic cloud.

This voice was extremely pleasant, like the sound of heaven and it seemed that there was a peerless beauty sitting in it in a trance. But everyone felt a terrifying chill, and even the Enlightened beings felt shuddering.

"The Red Demon... She is indeed here."

The white-bearded old man and many Enlightened beings also changed their complexions slightly, and they were even more dignified, not daring to relax in the slightest.

"It's her!" The expressions of the leaders of the Great sects also changed dramatically, their scalps were numb. They felt that their spirits were about to be frozen by the sound.

The Six Crown King, Heavenly Phoenix Maiden, Heavenly Demon Monarch, An Xi, and other young supreme beings were almost suffocated.

A mouthful of blood rolled in their throat. Their spirits swayed and they almost couldn't stand still. It took them a long time to come back to their senses. But their faces became extremely pale as if they had lost his blood.

Only Yu Feiya, the eldest princess of the Great Yu Immortal Dynasty's brows lightened slightly, with mysterious runes flickering, and she was fine. Except for Gu Changge, no one noticed this abnormality in Yu Feiya.

And at this time, in the depths of the Demonic Mountain, Chan Hong Yi's voice sounded again.

"But Gu Changge, since you can take out one hundred Immortal Spirits, it shouldn't be difficult to borrow another hundred pieces for me."

Hearing this, everyone present was stunned for a moment. Even Qinglong and others were extremely shocked. They seemed puzzled. Then they realized that it was the Red Demon talking to Gu Changge.

“Are the two of them familiar?”

They became even more puzzled, why did the Red Demon talk to Gu Changge like this? Shouldn't the two have enmity? Why did it look like they knew each other?

The mighty Red Demon even took the initiative to ask Gu Changge to lend her the Immortal Spirits. If they hadn't seen it with their own eyes, they wouldn't believe it.

“How is this possible!” Jiang Chen, Niu Tian, and others were also extremely shocked at this moment.

“They did know each other.” Yu Feiya, who was suspicious and speculative before, became even more certain in her heart.

“Oh, then why do you think I can take out another hundred Immortal Spirits for you?” Gu Changge did not expect that Chan Hong Yi would take the initiative to ask him to borrow the Immortal Spirits.

His expression changed slightly, but he quickly recovered and asked casually.

“That doesn't need to be known.” Chan Hong Yi's flat voice sounded.

“Then why should I lend it to you?” Gu Changge smiled faintly.

“You will.” Chan Hong Yi's voice remained calm as usual.

Gu Changge shook his head lightly and said, “If I lend it to you, how will you pay me back?”

Chan Hong Yi was sitting in the chariot, her red clothes were like blood. Her expression was as indifferent as ice, and the tone of her rhetorical question made everyone tremble with fear.

Hearing the two people's nonsensical, riddle-like words, the shock in everyone's hearts never stopped. Why did they always feel that there was some unknown secret between Gu Changge and the Red Demon?

Could it be that when Gu Changge was besieging the Red Demon in the Divine City, he reached some kind of consensus agreement with her?

At this moment, everyone was puzzled and shocked, so they could only guess like this.

“If you want one hundred Immortal Spirits, I can lend it to you. If I bring it to you now, do you dare to ask for it?” And just when everyone was guessing.

Gu Changge smiled lightly, and a sealed jade jar reappeared in the palm of his hand. Everyone who had seen the piece of Immortal Fetus he cut just now couldn't help breathing hard, knowing what was contained in the jade jar.

Immediately, Gu Changge walked forward unhurriedly, as if he wanted to hand over the jade jar to Chan Hong Yi himself. Seeing this scene, the faces of everyone from Demonic Mountain also changed dramatically.

Even Qinglong, who was standing in the front, backed away, appearing quite afraid. He naturally understood the terrifying strength of Gu Changge in front of him. Although he had been famous for many years, he was definitely not Gu Changge's opponent.

The rest of the demons of the Demonic Mountain also retreated, and couldn't help but make way for Gu Changge. Chan Hong Yi, who was sitting in the demonic cloud, was also silent for a moment at this moment, as if she didn't expect Gu Changge to do this.

She didn't say a word, and Gu Changge's figure approaching her was reflected in her indifferent eyes, appearing indifferent.

### **Chapter 560: I taught you what you know, When have I not repaid you**

At this moment, everyone in the market was in extreme shock. Even the white-bearded old man and many other Enlightened beings were dumbfounded and unbelievable.

Not only did Gu Changge agree to lend one hundred Immortal Spirits to the Red Demon, but he actually wanted to give it to her with his own hands. Although many people were shocked by Gu Changge's wealth that he was able to take out another hundred Immortal Spirits.

But more people were shocked by the attitude of the Red Demon. Compared to Gu Changge's strong initiative, the mighty Red Demon seemed extremely silent at this time. This made them think about the incident during the encirclement and suppression battle in the Divine City.

From the words just now, it could be seen that the Red Demon was obviously very familiar with Gu Changge.

"There are quite a few creatures who died at the hands of the Red Demon. Gu Changge is really courageous."

"Isn't he afraid that the Red Demon will suddenly explode violently?"

Many of the popular cultivators of the older generation watched all this solemnly.

"Brother Gu is not a reckless person, he must not be worried about the sudden attack of the Red Demon."

Heavenly Phoenix Maiden guessed softly, feeling more and more mysterious about Gu Changge. His actions were totally unpredictable and difficult to guess.

The demonic cloud before them was dense as it was filled with a chaotic aura, making everything appear dim. A black chariot was parked, and four black dragons with scarlet eyes roared ferociously. But facing Gu Changge's arrival, they still seemed extremely uneasy and fearful while they kept backing away.

### **Buzz!!**

Suddenly, a ray of red light was revealed from the chariot. Accompanied by a terrifying and ferocious force, the Four-headed Dragon crawled tremblingly on the ground, not daring to move anymore.

"Why bother, they're just beasts." Gu Changge smiled faintly and walked toward the chariot on his own. He was not worried that Chan Hong Yi would attack him.

"You didn't have to come here, just hand over the Immortal Spirits." Chan Hong Yi opened her mouth lightly. Her eyes were deep and cold, revealing a sense of ruthlessness.

In front of the curtain hanging from the chariot, a white and delicate jade-like hand stretched out. It was radiant and shining, beckoning Gu Changge to hand over the jade pot to her.

"I've come here, Hong Yi, don't you even want to see me?" However, Gu Changge didn't seem to notice her outstretched hand. He shook his head slightly, and still walked toward the chariot on his own, with a bit of regret in his words.

"The poison you gave me last time really hurt..." As he spoke, a faint smile appeared on the corner of his mouth.

Hearing these words, Chan Hong Yi in the chariot suddenly felt a chill. She didn't say a word, her eyes were cold and ruthless as she directly raised her hand and slapped it forward, choosing to strike first.

The one who rushed to Kunwu City was just a spirit body, not even a clone. Otherwise, with her temper, she wouldn't have used nice words with the group of ancient beings outside. Instead, she would have taken away that ominous stone long ago.

**Boom!!**

Seeing this scene, Gu Changge was not surprised. He smiled lightly, and then just slapped forward. Laws and order lingered, intertwined in the virtual space, he was using the same method to counter Chan Hong Yi.

He understood that Chan Hong Yi hadn't returned to her peak, not even a ten-thousandth of what she was in her prime. Not to mention that it wasn't her who had come here. *n0velusB.c0M*

In just an instant, this place exploded, and the void cracked with terrifying cracks, turning into a blur and chaos. All the laws and order seemed to be breaking down, and there was a surge of energy, sweeping away in all directions.

The terrifying aura mixed with the laws of the Emperor Realm almost rushed out of the territory, and engulfed the entire Kunwu City, making it tremble.

Everyone from the Demonic Mountain in the market, as well as the white-bearded old man and others, watched all of this in shock and moved quickly to block the rushing aura.

Otherwise, it would be a great disaster for the entire Kunwu City. They never expected that Gu Changge would suddenly fight against the Red Demon. They thought they would catch up on old times and chat.

This also made their previous suspicions end with a big question mark. If the relationship between the two was very close, how could they suddenly attack, making it look like a life-and-death battle?

At this moment, the demonic fog was so overwhelming that it drowned in all directions.

Within the chariot, Chan appeared in red clothes. They were like blood, her eyes were indifferent, and she started to fight Gu Changge. Although she was a spirit body, her strength was far beyond that of ordinary Enlightened beings.

The terrifying evil spirit turned into various ancient runes before condensing in the void space. Then it slashed toward Gu Changge like a sword, spear, sword, and halberd. The place became incomparably

gorgeous as all kinds of extremely ancient, even long-lost divine powers and ancient heavenly skills were being performed.

But separated by the demonic mist, the people outside couldn't observe the details. They could only feel that the aura here was extraordinarily turbulent and palpitating.

"Are you sure you want to fight me? Don't forget that I was the one who taught you everything you know." Gu Changge raised his palm and easily wiped away the divine powers in front of him, without any change in his complexion. He shook his head slightly and uttered.

Hearing this, Chan Hong Yi's figure fell from the sky. She stopped her attacking technique, looked at Gu Changge with indifferent eyes, and said nothing. Just now she just felt that Gu Changge was going to attack her, so she acted first.

Compared with the last time in the Divine City, Gu Changge's strength was obviously more terrifying now. Moreover, she was not sure of Gu Changge's current foundation, and she was not sure that she could deal with him at this time.

"Give me the spirits." Chan Hong Yi opened her mouth to conclude.

"Just now you tried to kill me, so now you are asking me for Immortal Spirits." Gu Changge's eyes fell on her face, and he spoke with interest, "Don't you think it's wrong to do this? Or do you always feel that this is the right thing to do?"

Chan Hong Yi said coldly, "Of course, I will pay back what I borrow from you."

Gu Changge shook his head, then smiled lightly and added, "No need, I never gave you what you wanted."

As he said that, he suddenly grabbed Chan Hong Yi's hand. Just when she was about to shrink back subconsciously, he gave her the jade jar containing the Immortal Spirits.

"I don't have Immortal Spirits, but there are quite a few condensed Immortal Spirits in them. After you exchange this for stone, you can keep some for yourself." With that, without waiting for Chan Hong Yi to answer, Gu Changge's figure left the demonic fog and walked outside.

Chan Hong Yi lowered her eyes, looking at the crystal jade pot in her hand. Gu Changge's warmth still lingered on the pot.

"When did he not give me..." As she muttered these words, there was a flash of emotional change in her eyes, and then she returned to being cold and ruthless.

"Young Master Changge, what happened just now, why did you suddenly make a move, are you okay?"

Outside the demonic fog, the white-bearded old man and the others had been waiting anxiously. When they saw Gu Changge coming out, they couldn't help but heave a sigh of relief and couldn't help asking.

Seeing that Gu Changge's expression and even his aura didn't change much, Jiang Chen, Niu Tian, An Xi, and others were a little disappointed. They wanted to see Gu Changge suffer at the hands of the Red Demon.

But things had backfired, Gu Changge was obviously fine, and it didn't even look like he had done anything. Old Qinglong and other people from the Demonic Mountain were also very puzzled. The two who were fighting just now stopped suddenly, which really made them puzzled.
