Chapter 561: There is a hint of love and hatred, The assassination

"It's okay, it was just a small conflict." Gu Changge smiled slightly and shook his head to conclude the situation.

Although there were many doubts within the hearts of everyone who saw this, they could only choose to keep it in their hearts at this time and did not ask any more questions.

Suddenly, a jade pot suddenly flew out from the depths of the demonic cloud and landed directly in the hands of the Old Qinglong.

"Cut that rock." Chan Hongyi's voice sounded.

Seeing this scene, everyone immediately understood that Gu Changge still lent one hundred Immortal Spirits to the Red Demon, so why did the two fight just now?

"Yes, master," The Old Qinglong said respectfully. He didn't dare to look at what was in the jade pot in his hand and directly handed it over to the old man with the white beard.

"Young Master Changge is really generous." The white-bearded old man and the others naturally knew what was in the jade pot, and their eyes were a little hot.

After taking the jade pot, they inspected it as before and nodded with satisfaction. Then they handed over the ominous stone to the group from Demonic Mountain.

"The ominous stone..." With a slightly apprehensive expression, Old Qinglong looked at the pitch-black stone in front of him and tried to cut it open without talking nonsense.

At this moment, everyone was also quite curious. They looked over and wanted to know what was hidden in the ominous stone. And soon, in the hands of the Old Qinglong, a silver knife emerged, which seemed to be cast from Immortal Silver, buzzing and sharp. n0VelelusB.COM

With a wave of his sleeve, he sealed off the void around him and then carefully began to cut stone. He was also a famous figure in the major stone gambling workshops during a certain period, so he was no stranger to stone-cutting methods.

Not long after, pieces of stone chips fell down one after another, mixed with a strong black light as if they were soaked and corroded by the ominous aura. The black light erupting from it became even more intense, and even the pervasive demonic energy flooded in all directions with a terrifying corrosive aura. Ordinary cultivators dared not approach.

Buzz!!

Accompanied by a clear crack sound, the silver knife in the hands of Qinglong seemed to touch something as fine cracks appeared on the surface before breaking.

"Something emerged from the Ominous Stone..." A sect leader stared at the past with fixed eyes, only to see a dense black light emerging from the inside of the unknown stone.

Everyone looked over without taking their eyes off, for fear of missing something by mistake. The black light turned dense as it lingered to become a light cluster.

A wooden comb the size of a palm was quietly suspended within it. It seemed to be made of an unknown type of wood, and was tainted with a very strong ominous aura. The edge part seemed to be a little incomplete, with some bloodstains, extremely old.

“What... the thing in the unknown stone is just a wooden comb?” This scene shocked everyone, it was unbelievable.

Even Qinglong, who was cutting stones, was stunned all of a sudden, and the movements of his hands stopped.

In their view, what was hidden in this ominous stone would definitely be a peerless monster, and it would bring ominous things to the cultivators of life. That was why they were so cautious. But who would have thought that there would be a broken wooden comb in it? This completely exceeded everyone’s expectations.

“This wooden comb is extremely old, and it definitely has a history that surpasses many epochs!”

“The blood stained on it is of unknown origin...”

Many from the older generation added their comments in a serious voice, feeling that this wooden comb was not simple at all. It was intertwined with laws and rules, and even in some respects, it was even rarer than innate things.

And the most important thing was the blood on this wooden comb, which probably came from a certain Supreme being! A streak of blood had caused the unexplained encounter with Huanxi Sacred Land.

How terrifying was that Supreme being?

And just when everyone was astonished, the wooden comb suddenly broke away from the stone, turned into a black light, and flew toward Chan Hong Yi in the depths of the demonic cloud.

“Could it be that this wooden comb belongs to the Red Demon, is it her original thing?”

This scene made everyone even more shocked, and stormy waves set off in their hearts.

“It turned out to be this thing.” Gu Changge shook his head lightly.

He naturally recognized this wooden comb, to be precise, this wooden comb still came from him. This was a gift from him to Chan Hong Yi. But the memory fragments were too messy and complicated, and he couldn’t remember when he gave them to her.

It seemed to be... Chan Hong Yi’s first gift after she killed the bandits.

“I haven’t seen you for a long time...”

In the depths of the Demonic Cloud, Chan Hong Yi looked at the mutilated wooden comb in her hand, and she carefully put it away with a flash of relief in her eyes. While speaking, she looked toward the outside world, as if she could see Gu Changge looking at her.

“Master... Why are you so cruel?” The corners of her mouth whispered these words softly.

“The Immortal King who fell in Mount Kun back then... Maybe he has a lot to do with the Red Demon. Could it be that he was killed by her?”

“The strength of the Red Demon at her peak is unimaginable...”

The white-bearded old man and a group of Enlightened beings looked at each other, seeing shock and fear in each other’s eyes as they guessed who the blood stained on the wooden comb belonged to.

After all, there was an Immortal King who fell in Mount Kun back then. Although the time was too long, it could be studied and conclusive evidence could be found.

Soon, the news of the Red Demon’s arrival to Kunwu City with everyone from the Demonic Mountain, caused quite a stir. The news about the incision of the unknown stone caused a sensation in the entire Kunwu City in an instant.

The surrounding ancient cities immediately heard the news of this place. The forces in Kunwu City also quickly spread the news of this place. At this Divine Stone Conference, the Immortal Fetus was cut open.

The ominous stone, which represented the unknown, was also cut open. This was beyond the expectations of many people. The most important thing was that Gu Changge spent one hundred Immortal Spirits to cut the two stones.

The Red Demon even borrowed Immortal Spirits from Gu Changge to cut stones in front of everyone. The waves caused by this news were not at all smaller than the previous news.

Many forces and sects were speculating about the relationship between Gu Changge and the Red Demon. All kinds of theories had been spread, and the most recognized one was that during the battle in the Divine City, Gu Changge and the Red Demon probably reached some kind of agreement.

This also explained why the Red Demon’s attitude toward Gu Changge was different from the rest. The discussion caused by this matter was no less than the matter of cutting out a Heavenly Book from the Immortal Fetus.

Of course, they were concerned about what was recorded in the Heavenly Book, which was the matter of the various forces. Ordinary cultivators knew that this matter had little to do with them, so they all appeared to be gossiping, guessing about the connection between Gu Changge and the Red Demon.

After all, the most indispensable thing in this world was to gossip about people who would eat melons.

Gu Changge now had various titles such as the strongest person of his generation in the Upper Realm, Leader of the Upper Realm, and many others. His every move could cause thousands of storms.

This time, his negotiation with the Red Demon had a hint of love and hatred in the eyes of many people.

A genius of the heavens, a peerless and ferocious monster who came from an unknown era. It was said that she was so beautiful that she would disturb the world and turn all living beings upside down. As soon as this topic emerged, there was a trend that couldn’t be stopped. A group of young beings was very interested in it.

In the palace, the Heavenly Book cut out of the Immortal Fetus appeared in Gu Changge's hand. On the silver pages of the book, there was brilliance, and the ancient characters were manifesting one by one. He didn't care about all kinds of rumors and discussions of the outside world.

After Chan Hong Yi took back her own wooden comb, she left with everyone from Demon Mountain and did not stay in Kunwu City. This made everyone in Kunwu City breathe a sigh of relief.

However, in the past few days, the changes in Mount Kun had become more and more serious. The powerful people from the Ji clan and all ethnic groups had gathered here to prepare for the invasion of Mount Kun.

If Gu Changge's guess was correct, three days later, the Ji family would invade Mount Kun with troops. This was also an opportunity for him.

Afterward, Gu Changge tried to flip through the Heavenly Book and open it, but it was as fruitless as before. A strong force directly erupted from it, almost knocking the Heavenly Book out of his hand.

Even in his current state, it was difficult to open it. After studying it for a while, he whispered the handwriting on it and vaguely felt that he should have seen this Heavenly Book somewhere.

"Immortal Seal..." But there was no doubt about another point, this Heavenly Book not only hid a certain secret but could also be used as a treasure such as sealing.

If Gu Changge guessed correctly, the word "Immortal Seal" should belong to an Immortal Scripture. He could use these two immortal scripts as a means of attack for the divine power contained in them was not simple.

Of course, given his current strength, he didn't really need such a method.

"My lord, according to your instructions, I have already recruited several famous people who have studied the scripts of the Shadow Immortal lineage, and I am asking them to translate that sword technique all night." Yin Mei arrived from outside the palace.

Gu Changge came back to his senses, nodded, and asked, "How's the progress?"

"In about three days, they should be able to translate that sword technique," Yin Mei replied.

Gu Changge nodded slightly. Naturally, he would not take out the complete sword technique, but just intercept a part of it and ask others to translate it. In the end, he could integrate it.

"By the way, have the assassins of the Spring Breeze Pavilion made arrangements?"

Immediately, he thought of something else and narrowed his eyes.

"My lord, I have already told Bai Lian'er about this matter. She has arranged for five assassins in the Great Sacred Realm and one assassin in the Quasi-Supreme Realm to make a move today." Yin Mei replied respectfully.

"The protector behind Xiao Zhanxian only has Supreme Realm strength. I have arranged for people to hold him back. It will only take half a quarter of an hour, and Xiao Zhanxian will definitely die."

Gu Changge nodded, "Don't leave any traces, I'm still very relieved with you doing things."

Various forces in the current Upper Realm were extremely jealous of him, so it was not easy for him to attack Xiao Zhanxian on the surface. Otherwise, for the rest of the forces, this would be a good excuse to attack him in groups.

But secretly, it was much easier for him to arrange for an assassin to deal with Xiao Zhanxian. Judging from what happened at the Divine Stone Conference, Xiao Zhanxian obviously already knew Su Qingge's identity.

For Gu Changge, it was better to solve such a hidden danger first. After the Divine Stone Conference was over, all ethnic groups would relax a little bit, and Xiao Zhanxian must not have thought that Gu Changge would attack him.

As for the War Immortal Mansion behind Xiao Zhanxian, Gu Changge had plenty of means to get rid of it. With that, Gu Changge sent someone to find Ji Yaoxing and Ji Chu Yue. This time when they attacked Mount Kun, Jiang Chen could still use his last remaining heat.

In terms of Ji Yaoxing's nature, he would never let go of such a good opportunity.

Gu Changge could also try to see if he could snatch the Good Fortune Immortal Boat from Jiang Chen's body. After all, after warming up for such a period of time, the spirit of the Immortal Boat had almost recovered.

Soon, footsteps could be heard outside the palace, and Ji Chu Yue and Ji Yaoxing, who looked a little worried, rushed over. For the entire Ji family, Gu Changge was now a great benefactor.

Without Gu Changge's call, it was unlikely that other forces would help the Ji family rescue their Ancestor this time. So when she learned that Gu Changge had something to discuss with them, even if Ji Chu Yue was unwilling, she could only bite the bullet and come here.

Chapter 562: The cruel facts, Maybe it's involuntary

In the palace, surrounded by immortal mist, Gu Changge was dressed in a luxurious robe, sitting on the top seat, emitting a noble and mysterious aura. When Ji Yaoxing and Ji Chu Yue entered, he was drinking quietly with a lazy smile on his handsome face.

"Greetings, Young Master Changge." Ji Yaoxing and Ji Chu Yue just looked up at Gu Changge, then cupped their hands respectfully.

"Brother Yaoxing, Miss Chu Yue, please sit down." Gu Changge glanced at them as he smiled slightly, and stretched out his hand to signal them to sit down.

The two couldn't figure out Gu Changge's intention for calling them here, but they didn't dare to disobey Gu Changge's kindness.

After taking a seat, Yin Mei walked over and poured wine for the two of them. The mellow and long-lasting aroma of the wine permeated the bronze wine glass, swaying in the bronze wine glass, intertwined with strands of sunlight.

"Thank you for the wine, Young Master Changge. I wonder why Young Master Changge called us siblings to come here today?" Ji Yaoxing raised his wine glass, toasted Gu Changge, and asked respectfully.

Ji Chu Yue, who was beside him, wore a light yellow long dress. Her face was as bright as the moon, delicate and white. Her hair was soft, and beautiful. At this moment, she was imitating her brother's gesture to toast Gu Changge.

The two felt a little uneasy in their hearts. As the saying went, being within the presence of a king was like being with a tiger. With Gu Changge around, they had to think long and hard about even saying a word. They were visibly nervous.

In this Divine Stone Conference, the news that Gu Changge was able to defeat the Red Demon spread all over the world. Many people thought that even if he didn't use the treasures he obtained in the Eight Desolations and Ten Regions before, he could still rival the Enlightened beings.

Ji Yaoxing and Ji Chu Yue were even more afraid of him.

"Brother Yaoxing, don't be nervous. In fact, I called you to discuss rescuing your Ancestor." Gu Changge said with a slight smile.

Hearing this, the two felt a little relieved, not as nervous as before. Ji Chu Yue also breathed a sigh of relief. She actually couldn't understand why Gu Changge would help their family so much without expecting anything in return.

Could it be that after rescuing their Ancestor, they would have to solve the disaster of the Absolute Heavenly Extinction? Or maybe there was some other reason. nOVELuSB.COM

"Our Ji family will never forget Young Master Changge's great kindness and virtue. About the matter of rescuing the Ancestor, I have to thank you, Young Master Changge... After discussing with several Ancestors of our family, we decided to act in three days. At that time, all forces will gather at the foot of Mount Kun, and we'll use the Enlightenment artifact to carve the way..."

Ji Yaoxing didn't talk nonsense as he informed everything about their plan as there was nothing to hide.

Gu Changge nodded and smiled slightly while drinking, "It's a good idea. Since it's three days later, then this Gu must definitely summon the powerhouses of the Gu family and do his part to rescue senior Ji Sheng Chu."

Hearing this, Ji Yaoxing and Ji Chu Yue couldn't help displaying expressions of gratitude and raised their glasses to toast Gu Changge. Regardless of Gu Changge's purpose, he was indeed a great help in helping the Ancestor of the Ji family.

"Actually, I know of the dangers within Mount Kun. I think that if you head there so rashly, the chances of rescuing Senior Ji Sheng Chu are not very high. I wonder if Brother Yaoxing still remembers the guy named Jiang Chen who was in Purple Mountain last time? He actually has the inheritance of the Divine Origin Master, and he has the instinct to seek good luck and avoid evil in all kinds of dangerous places. If we can find him this time, I think it might be of great help." With that, Gu Changge smiled lightly and suddenly mentioned Jiang Chen meaningfully.

"The Jiang Chen mentioned by Young Master Changge was the one who rushed into Purple Mansion at that time?" Ji Yaoxing's heart trembled, but he asked with a puzzled look on his face.

Ji Chu Yue didn't expect that Gu Changge would suddenly mention Jiang Chen, she was inexplicably worried about it. She remembered that Jiang Chen always wanted to seek revenge on Gu Changge, but she actually knew about Jiang Chen pretending to be a Divine Origin Master and following An Xi, the eldest lady of the An Clan, this time.

Moreover, what worried her the most was that her brother Ji Yaoxing knew Jiang Chen's true identity now.

"It was indeed him. He didn't die in Purple Mountain when it collapsed. Then he appeared within the tomb of the Supreme God, activated the formation pattern and killed many Great sect leaders before snatching the Supreme God Orb, causing a catastrophe." Gu Changge shook his head slightly and smiled. He pinned the blame on Jiang Chen in a few words.

Of course, what he said was also the consensus of all the forces in the Upper Realm today. After all, until now, many people were still looking for Jiang Chen's whereabouts, wanting to avenge their leader.

"I understand. As long as we can find this person, our plan to rescue our Ancestor this time will be very sure." Ji Yaoxing nodded with a solemn expression, understanding what Gu Changge meant.

He didn't doubt Jiang Chen's ability. With such a low level of cultivation, he could kill many Great sect leaders in the Tomb of the Supreme God. How could this kind of means and courage be compared to ordinary people?

Gu Changge smiled approvingly, and nodded, "Brother Yaoxing understands what I mean. The key to being able to save your Ancestor this time lies in the successor of Divine Origin Master."

His observers were all over Kunwu City, so as long as he wanted to investigate, he could actually know that Ji Chu Yue went to Jiang Chen some time ago. From this point of view, Ji Yaoxing probably already knew Jiang Chen's true identity.

When Gu Changge told him these things, he just wanted him to catch Jiang Chen and bring him with him. In order not to startle the snake, Gu Changge could only pretend that he didn't know who Jiang Chen was.

Otherwise, when the time came, Jiang Chen would be frightened and unwilling to use his spare energy to enter Mount Kun. If that happened, Gu Changge's plan against the Human Ancestor of the Ji family would be in vain.

Afterward, Gu Changge talked to Ji Yaoxing and Ji Chu Yue about something, and then he looked tired and waved them off.

"Jiang Chen should find an opportunity to expose the fact that he is carrying a demon seed..." He looked at the backs of the Ji family siblings leaving and tapped the wine glass lightly.

In terms of cultivation, Jiang Chen and the inheritors of demonic arts were far behind. But this did not prevent Gu Changge from using them to confuse the public and make the already chaotic water even more chaotic.

At the same time, on Kunwu City Street. After Ji Yaoxing and Ji Chu Yue said goodbye, they both left for the station with heavy expressions on their faces, appearing to be preoccupied.

“Brother, are you going to expose Jiang Chen’s identity?” Finally, Ji Chu Yue couldn’t bear it any longer and asked worriedly.

Hearing this, Ji Yaoxing glanced at her, shook his head, and said, “Then do you think there is any better way?”

“For an irrelevant outsider, you have the heart to see your Ancestor suffer in Mount Kun?” These words made Ji Chu Yue speechless for a moment, unable to find a reason to refute him.

“There is no room for this matter. With regards to rescuing the Ancestor, everything can be given up, even if it’s this friend of yours.” Ji Yaoxing’s words were very indifferent.

“Besides, do you think Gu Changge suddenly mentioning this matter was accidental? Or did he already know something?” These words made Ji Chu Yue’s back shudder, and she was a little frightened after thinking about it.

Ji Yaoxing sighed, “For the sake of the family, sister, what you should do now is actually like Ji Qingxuan...”

“Brother, you also want me to curry favor with Gu Changge?” Ji Chu Yue suddenly widened her eyes in disbelief.

Ji Yaoxing at this moment made her feel very strange.

“This is not my idea, but my father’s. Compared with Ji Qingxuan, you are not weaker than her in appearance, and compared to your status in the Ji family, she is inferior to you. Your conditions are much better than hers... For you and me, the marriage contract is something beyond our control. We have no right to choose.” Ji Yaoxing sighed softly, looking at Ji Chu Yue’s pale face, he couldn’t bear it.

“So all of you plan to let me be Gu Changge’s concubine?” Ji Chu Yue’s face turned pale, and she clenched her hands tightly.

“If that’s the case, that’s okay, but it seems that Gu Changge probably doesn’t like you.” Ji Yaoxing sighed, “You have to know that even without Gu Changge, your future husband will be a young master from other forces.”

“I know you have some affection for that Jiang Chen, but he is just a poor boy with no power and influence, especially since he offended Gu Changge...” It was the first time that Ji Chu Yue’s delicate body trembled and her face turned pale when she heard such cruel words from her brother’s mouth, which was a little hard to accept. But she also knew that this was reality.

In the northwest corner of Kunwu City, in an extremely quiet courtyard. An Xi, Jiang Chen, Niu Tian, Xiao Zhanxian, and others were gathered here, talking and laughing happily, appearing extremely chic and natural.

There were all kinds of delicacies on the table, and there were many beautiful maids serving on the side.

“This kind of life is the life that a cultivator should have.” Jiang Chen looked at the table full of delicacies, and couldn’t help feeling emotional, thinking of his hard-pressed life these days.

The meat of these ferocious beasts in front of him were priced at ten thousand spirit stones at every turn. Usually, he didn't dare to look at it too much, even the maid who served beside him was beautiful, charming, and cute.

Such a life made him envious. Only the descendants of the Ancient Immortal forces and the Supreme sects like An Xi and Xiao Zhanxian could easily enjoy these things. The resource that ordinary cultivators had been pursuing all their lives, they had it since they were born.

"Brother Jiang, if you think about it, with your status as a Divine Origin Master, wouldn't it be easy to obtain all of this?" Xiao Zhanxian smiled lightly. His refined smile on the handsome face, and golden crosses flashed in his eyes from time to time.

Judging from his aura, he had actually almost recovered, not as the outside world guessed that his origin was seriously injured.

Jiang Chen smiled wryly, "Brother Zhanxian is overpraising, I'm still very clear about my own level."

Afterward, after a few glasses of wine, his face turned red. Seeing this feast, he couldn't help but think of Xiao Ruoyin again, and his mood suddenly became extremely depressed.

"Where is there no grass at the end of the world, Xiao Chen, why do you keep thinking about her?" After the Divine Stone Conference, Niu Tian also asked Jiang Chen about Xiao Ruoyin.

He understood a little bit of side-talking, so he couldn't help persuading him at this moment, appearing extremely concerned.

"Niu Tian, you don't understand. Now, I finally understand why she left so resolutely. After all, following Gu Changge, her daily life is a thousand times more luxurious than everything in front of her. How can she give up?" Jiang Chen's eyes were a little red, his fists were clenched tightly, and his voice was low and hoarse.

He was very unwilling. Looking back at this time, Xiao Ruoyin walked in the wrong posture and spoke in secretive ways. What did that mean?

It's ridiculous that he naively thought at the time that she really twisted her foot.

"Xiao Ruoyin shouldn't be the kind of person who dislikes the poor and loves the rich and follows power. I think she must have some difficulties. Maybe it's involuntary." Seeing Jiang Chen's heartbroken appearance, Niu Tian also sighed endlessly.

An Xi, who had been silent all this time, couldn't help showing a strange look on her face at this moment, as she somewhat understood the ins and outs of the matter.

It turned out that during this period of time, Jiang Chen also encountered the incident of Gu Changge stealing his love. His beloved woman was taken away by Gu Changge.

In this way, this was a better opportunity for her to win over Jiang Chen. But just when An Xi was about to speak, to persuade and comfort Jiang Chen.

Outside the courtyard, a murderous intent suddenly enveloped the place, with a chilling aura that suddenly enveloped the place.

“Not good... there are assassins!” Xiao Zhanxian immediately sensed that something was wrong, his complexion suddenly changed, and he stood up.

Chapter 563: The blood exploded at the critical moment, It reminds me

The cold and murderous aura swept from outside the courtyard like the coming of the twelfth lunar month, with a bone-piercing coldness that made people tremble.

The people in the courtyard didn't need to be reminded by Xiao Zhanxian. They all knew that there was an assassin, and they all unleashed their weapons while their complexions changed drastically.

Swish Swish Swish!!

In the four directions of the quiet courtyard, many figures rushed out in an instant, all armed with weapons, staring at all sides with great vigilance. This was the manpower of War immortal Mansion and An Clan. Although good and bad were mixed, those with strong cultivation had reached the Great Sacred Realm.

More people were only in the Sacred Realm.

Boom!!

A black-light suddenly swept from outside the courtyard, like a thick fog, covering the place in an instant, leaving only a gloomy and bleak world. Several gray-clothed figures, with indifferent expressions and no trace of human emotion, entered from the void outside the courtyard.

The black longsword in their hand was made of unknown material, its sharp edge was overwhelming, and its killing intent soared to the sky. Even the red bloody brilliance could be seen permeating the air.

They wore black clothes on their heads, only their eyes were exposed, and there was a palpitating and terrifying aura all over their bodies which was even more terrifying!

Several Great Sacred Realm cultivators, along with them were the existence of Quasi-Supreme!

“Protect the young master!”

“Protect the miss!”

Seeing this scene, the faces of the powerhouses from the War Immortal Mansion and the An Clan changed dramatically. When they appeared, they were full of murderous aura, staring at the outside of the courtyard, and shouting in a low voice.

They couldn't figure out why someone would choose to assassinate them at this time. One must know that it was broad daylight, and they were still in Kunwu City, where the most powerful people of many forces had gathered.

Once there was a change here, it was bound to alarm the rest of the powerhouses. This group of assassins was really daring, such a move was tantamount to committing murder in public, and they didn't care about the risk of exposure at all.

“Who are these assassins here to kill? Which of us are they targeting?” An Xi's face was gloomy, she clenched her hands tightly, and couldn't help asking.

It was a good banquet, but it was ruined by these assassins who broke in suddenly. And she really wanted to know whom they had offended to have sent an assassin to assassinate them.

Not many forces in this world could dispatch so many powerful assassins at once. Not even the Buddha and Hell assassin organizations!

Jiang Chen and Niu Tian's expressions appeared dignified, if the other party came to kill them, then they would really be thinking too highly of them. Any one of these assassins, they were far from their opponents.

"They're after me, they're here to kill me!" Xiao Zhanxian said solemnly, feeling that all these murderous auras were locked on him.

This made him even more uneasy, he couldn't figure out when he had offended someone and even sent many powerhouses to assassinate him.

"They are here to kill you? Did you offend someone?" An Xi asked, puzzled.

Xiao Zhanxian shook his head, then said in a deep voice, "I don't know who I offended, and my Guardian seems to be held back by someone, I can't get in touch with him."

In fact, he had a faint guess in his heart, but he didn't dare to imagine that the other party was so unscrupulous.

"Attack!!"

Immediately, several assassins attacked quickly as they rushed toward Xiao Zhanxian and the others before surrounding them. All kinds of treasures and divine powers were overwhelmed.

A lot of divine artifacts emerged, including divine lamps, ancient tripods, and stoves... covering all directions, with amazing power. In just a split second, the powerhouses of the An Clan and the War Immortal Mansion coughed up blood and exploded. The methods were completely invincible against each other. nOvelUsB.com

In terms of cultivation and strength, it was difficult for everyone here to compete with this group of assassins. Even if they tried their best, they would die quickly.

"Protect the miss!" A powerhouse from the An Clan yelled angrily, trying to spread his voice and let the rest of the people know.

But an assassin stared at him and disappeared from the spot. Like a black lightning bolt, the black longsword in his hand quickly passed by, piercing through his eyebrows with a pop.

He was killed on the spot!

Seeing this scene, An Xi, Jiang Chen, Niu Tian, and the others changed their complexions drastically and hurriedly used various means to protect themselves.

In an instant, a great battle broke out in the courtyard. Many people coughed up blood and fell, their heads rolled down, bloody and pungent. There was a black mist covering this place to prevent the aura

here from leaking out. Unless an Emperor Realm existence took action, it would be difficult to break this barrier.

This made the people of An Clan and War Immortal Mansion even more desperate, after all, the Ancestors behind them were not here.

After the Divine Stone Conference ended, they returned to the sect. An Xi's great-uncle An Wangshan also returned to the family and did not stay in Kunwu City, fearing that the Ji family's attack on Mount Kun would bring disaster to Kunwu City, so he avoided it.

"Could it be possible I have to die here today?" Xiao Zhanxian was extremely unwilling, and with a roar, the golden cross cracks in his eyes erupted with terrifying power, and his whole body emitted a strong blue light.

He performed a secret technique and like thunder roaring, shaking the world, he went forward to attack. His figure was like an eternal immortal furnace, with astonishing energy and blood.

A pair of fists seemed to have turned into an unrivaled mountain, crashing and crashing down, unmatched, causing the assassins who attacked him to get into trouble. Some people even collapsed directly under his fists, making it difficult to get close.

"The Battle of the Immortals is really extraordinary, but it's a pity that you still have to die today." Seeing this scene, the Quasi-Supreme assassin moved his eyes slightly and stepped forward to attack, but his words were still indifferent.

He just slashed away with a sword, and the void split open. Many powerhouses from the An Clan and War Immortal Mansion in the front exploded one after another, turning into dust, and it was difficult to block even a single sword.

This was the power of the Quasi-Supreme, unless it was someone in the same realm, other people couldn't stop it at all.

"Who on earth sent you to kill me?" Xiao Zhanxian shouted angrily.

The gray-clothed assassin said lightly, "Who did you offend, don't you know?"

"Who did I offend?" Xiao Zhanxian's eyes were a little scarlet, and he searched the memory in his mind.

In the end, it was fixed at the Divine Stone Conference, Gu Changge's casual and indifferent face with a look of contempt. At this moment, he had almost concluded that the person who sent someone to assassinate him was absolutely inseparable from Gu Changge.

"Think about it on the road to the afterlife." The gray-clothed assassin said indifferently, and struck again, crushing down with terrifying power. It caused the rest of them to explode and become powdered.

With his peak strength, Xiao Zhanxian was invincible in the Great Sacred Realm, but he was not an opponent of a Quasi-Supreme existence at all.

Under this sword, his fist exploded, covered with sword marks, and dripping with blood. He shouted angrily, and a pair of eyes with golden cross slits suddenly bled, accompanied by a click, as if some shackles were broken.

At this moment, Xiao Zhanxian was burning all over his body, and he didn't seem to feel any pain. He turned into a peerless War Immortal, who could fight against Heaven and Earth with an unrivaled body. A golden whip appeared in his hand, just like the sword in ancient myth. The immortal whip kept fighting with the Quasi-Supreme assassin in front of him, regardless of life and death.

An Xi, Jiang Chen, and the others also assisted from the side, using the ancient talisman method, trying to help Xiao Zhanxian. If Xiao Zhanxian died here, it would be very likely that they would not survive.

Buzz!!

The void trembled, and a giant golden cauldron suddenly rushed out of An Xi's altar, intertwined with laws and orders, it was even filled with the brilliance of immortality. The world trembled and descended toward the assassin in front of him with a bang.

For a moment, the fluctuations here suddenly became extremely terrifying. Even the assassin in the Quasi-Supreme Realm had a drastic change in complexion.

"Not good!" The pavilions and palaces here had all been sunk and become devastated, the momentum was really shocking.

Jiang Chen's brows glowed, and a phantom of a Bronze Immortal Boat faintly appeared, dispelling the black mist covering this place. The huge terrifying momentum shocked the entire Kunwu City in an instant, and tyrannical divine thoughts swept across in shock.

"Who is doing this?" An Enlightened being snorted coldly and poked his giant palm toward this place.

"Not good..." The face of the gray-clothed assassin changed dramatically, but he was very decisive and chose to blow himself up without hesitation.

In just an instant, the terrifying wave exploded, like many stars bursting into pieces, directly flying toward Xiao Zhanxian, Jiang Chen, and others, covered in blood, seriously injured and fell to the ground.

...

"Oh, it failed?"

In the palace, Gu Changge, who was sipping tea leisurely, shook his head lightly, with a bit of surprise on his face.

"My lord, please punish me, I underestimated Xiao Zhanxian's methods. Although he delayed his Enlightenment, in the end, he unleashed a very strange divine power and killed the Quasi-Supreme. This is what led to the failure of this assassination. If I send more people, there shouldn't be any mistakes. Moreover, the formation at that time was broken... This alarmed the rest of the Enlightened beings in Kunwu City."

Yin Mei stood in front of him with a bit of anxiety on her white and jade-like face, pleading guilty, and was about to kneel down as she spoke.

Hearing this, Gu Changge groaned for a while and waved his hand before asking her to get up, and said, "Forget it, if you fail, I can't blame you for this matter, and I didn't expect Xiao Zhanxian to have such tricks."

"In my opinion, this should have been a sure thing." He didn't blame Yin Mei.

Xiao Zhanxian walked very close to Jiang Chen and Niu Tian. His body was more or less contaminated with the aura of the Son of Luck. At this critical moment, he suddenly burst with a powerful technique, which was reasonable.

But after the assassination failed, he had to think of a way to end it, after all, the commotion was really not small. Although Xiao Zhanxian and others might suspect him, Gu Changge was not worried that he would be able to produce evidence.

Moreover, if he wanted to deal with Xiao Zhanxian secretly next time, it would become troublesome.

"Young Master, if I continue to arrange manpower, I don't believe that I can't kill Xiao Zhanxian." Yin Mei nodded, and she was also very unwilling to complete the task Gu Changge gave to kill Xiao Zhanxian.

Although Gu Changge didn't blame her, it also belonged to her ineffectiveness.

"No need for now. After this incident, Xiao Zhanxian will learn to be smart." Gu Changge shook his head lightly.

"Yes, master." Yin Mei lowered her hands.

"Could it be that I have to do it myself?" Gu Changge pondered for a while, he didn't consider letting Alpha, who was in the Quasi-Emperor Realm, take action.

After all, Xiao Zhanxian was first attacked by the inheritor of demonic arts, and then suddenly assassinated. The current forces were very strict with their own heirs, for fear of accidents, Gu Changge could hardly guarantee that Alpha would not leave any traces.

If he did it himself, he would be able to solve it in secret without knowing it. But this kind of risk was really not small, and there were many people staring at him in Kunwu City.

Gu Changge still didn't intend to let the Upper Realm attack him, so he could only wait for a suitable time.

"I'm in the limelight right now, and many things are hard to do on the bright side." Gu Changge shook his head lightly and put down his teacup.

If people notice that he wanted to kill Xiao Zhanxian. This would cause huge turmoil in the entire Upper Realm, and many forces would not allow him to do so.

Because Gu Changge couldn't kill Xiao Zhanxian for no reason like he could naturally kill the descendants of the other forces. At that time, they all would have excuses to attack him and even the Ancient Immortal Gu Family behind him.

After all, Gu Changge still couldn't push the entire Upper Realm on his own.

"It's his fate this time, but I don't know if he will enter Mount Kun. When the time comes, I will deal with him personally." Gu Changge smiled lightly but didn't take this matter to heart.

Just one Xiao Zhanxian couldn't make any trouble for him. Even if he told the War Immortal Mansion behind him about Su Qingge's identity, it would be difficult to have any effect in a short time.

After all, what was the point of convincing if there was no evidence? Unless Xiao Zhanxian could catch Su Qingge.

"How can just one Xiao Zhanxian hinder master. As long as you get out of Kunwu City, you can kill Xiao Zhanxian, as easily as crushing an ant."

Yin Mei nodded, raised the teapot with her plain hand, and filled it for Gu Changge. Gu Changge smiled and stretched out his hand to embrace her in his arms, his smile was a little inexplicable.

"But you reminded me. After this incident, you just gave me an excuse, Yin Mei, pass on the order, saying that I have invited many young talents in Kunwu City to a banquet discussing the attack on Mount Kun and the rescue of Ji Sheng Chu the day after tomorrow in the Star Picking Tower... Oh no, it's about rescuing the Human Ancestor."

"I want to see who dares not give me this face."

Chapter 564: I can only choose a showdown, Hateful

The matter of rescuing Ji Sheng Chu, the Ancestor of the Ji family, was the matter of the Ji family. But on a bigger scale, it was a major issue related to the safety of the entire Upper Realm.

As a former Human Ancestor, Ji Sheng Chu's skills were astounding, and he was trapped in Mount Kun for so many eras, but he never died. If he could get out of trouble, he would definitely be able to solve this scourge of Absolute Heavenly Extinction.

Not to mention the fact that Ji Sheng Chu once helped various major forces and sects. In terms of emotion and reason, under this premise, as long as Gu Changge proposed to let many younger generations discuss the matter of rescuing Ji Sheng Chu, no one could refuse.

After all, this was based on the righteousness that concerned the safety of the Upper Realm. So he could take the lead and set an example.

"Yes, master." Yin Mei understood what Gu Changge meant, and quickly went back to give orders.

It just so happened that Kunwu City was now filled with talented people from all races and traditions. She felt that no one would dare not come when invited by Gu Changge. This was the case even for Xiao Zhanxian and others who had just been under an assassination attempt.

After Yin Mei left, Su Qingge, who had been waiting outside the palace, entered this time.

"Qingxuan greets the Young Master." She couldn't hide the complicated meaning in her heart and greeted.

Gu Changge was not surprised by her arrival. However, there was still a slightly surprised look on her face, he smiled slightly and said, "Qingxuan, what's the matter?"

Su Qingge was actually very confused about why Gu Changge ordered someone to assassinate Xiao Zhanxian. Logically speaking, this was what she should consider as the inheritor of demonic art. She was the one who should be worried about her identity being exposed.

Judging from Gu Changge's personality, he would not do meaningless things, that was to say, he had someone assassinate Xiao Zhanxian with a purpose. But even after thinking about it, Su Qingge couldn't figure out the reason.

Could it be the strangeness that Xiao Zhanxian displayed at the Divine Stone Conference? But her current identity was Ji Qingxuan, and she didn't know how to ask. n017e1U**sb.COM**

"Young Master, I actually overheard something about you and Yin Mei..." Su Qingge carefully considered his words and said.

Of course, she didn't hear it by accident, but guessed it through analysis, knowing that Gu Changge definitely sent someone to assassinate Xiao Zhanxian.

"Oh, what did you hear?" Gu Changge asked with interest, knowingly.

"I heard that the Young Master sent people to assassinate Xiao Zhanxian, but please rest assured, Young Master, I will never say anything about it." Su Qingge replied, it seemed that she was worried that Gu Changge would have a bad heart, so she hurriedly promised.

"So what if you did hear it?" Gu Changge smiled lightly, "Are you wondering why I wanted to kill him?"

Confusion appeared on Su Qingge's unparalleled beautiful face, and she nodded, "Yes."

"I wanted to kill him, naturally because he knows something he shouldn't know." Gu Changge said lightly, with the smile disappearing from his face.

"Things he shouldn't know?" Su Qingge's heart shuddered, and cold air suddenly hit her back.

She raised her shining eyes, looked at Gu Changge's calm face, and for some reason felt that there was something hidden in his words. Did Xiao Zhanxian know something he shouldn't?

Did that mean that he knew the true identity of the inheritor of demonic art? Otherwise, were there other possibilities?

As the leader of the younger generation in the Upper Realm, Gu Changge didn't want to kill her after he knew the identity of the inheritor of demonic art but helped her cover up her traces and flaws.

Su Qingge was very smart, she couldn't think of any other explanation except this possibility. If Gu Changge already knew her true identity, then it seemed that Gu Changge should have known about the exchange of identities between her and Ji Qingxuan.

He just kept pretending not to know. For a moment, thinking of all these possibilities, Su Qingge's head buzzed, and her heart was also very confused.

"My lord, do you know everything?" After a long silence, Su Qingge calmed herself down, her voice trembling slightly.

She didn't expect that when she came to see Gu Changge today, she would learn so much information. What was the point of pretending during this time?

"What do I know?" Gu Changge asked with a faint smile.

"I once remembered that the Young Master said that if he knew the identity of the inheritor of demonic art, he would definitely not let him stay in the world." Su Qingge's eye sockets were slightly red, and her voice trembled.

She thought of when she was in the True Immortal Academy, that time she had almost exposed her identity and faced doubts from the Elders, but Gu Changge chose to believe her for no reason.

From that time on, she decided to hide her identity as the inheritor of demonic art forever, not wanting to let Gu Changge know. Even at the moment of death.

Because she didn't want to see Gu Changge's disappointed expression. She didn't expect that in the end, Gu Changge not only found out her true identity but also thought of ways to cover her tracks and solve the trouble of revealing her identity for her.

This was no longer something that could be described with a simple word like kindness. Hearing this, Gu Changge shook his head lightly. He knew that this was Su Qingge planning to have a showdown with him.

After all, she was so smart, from the assassination of Xiao Zhanxian this time, one could guess the reasons for everything. There was no point in hiding it any longer.

"It seems that you still remember this sentence..." Gu Changge had a plain and casual look on his face, but his eyes suddenly turned a little deep.

Su Qingge lowered her eyes as she spoke with pain and guilt, "I'm sorry I let you down."

She didn't know whether Gu Changge was angry or sighed.

"Then do you want me to kill you now?" Gu Changge asked lightly.

When Su Qingge heard this, she felt inexplicably bitter and relieved, knowing that her guess was right. From the beginning to the end, Gu Changge was just acting with her.

"If the Young Master wants to kill me, he will definitely not keep me alive until now." Su Qingge took a deep breath before she calmed herself down, and replied.

"Oh, you are so confident. You know, there are many people who want to kill you now. Do you think I will be different from them?" Gu Changge asked with interest.

"I didn't kill you before because you were Ji Qingxuan, but now you are Su Qingge, the inheritor of the demonic art."

Hearing this, Su Qingge shook her head. Her eyes were slightly red, and she lowered her head and said, "My lord, you are different from others. Others will kill me, but you won't."

Her tone was very persistent, without the slightest wavering of emotion. If Gu Changge wanted to kill her, why bother to cover up her traces and send someone to assassinate Xiao Zhanxian?

“Do you think I’m not willing to kill you?” Gu Changge smiled lightly and suddenly stretched out his hand to pinch her delicate white neck.

Su Qingge didn’t have the slightest worry. She shook her head, and said softly, “If the Young Master really wants to kill me, I won’t have any complaints. To die in the Young Master’s hands may be my best destination.” She was telling the truth, all these years of hiding had made her extremely tired.

It would be a relief if she died so peacefully.

“Forget it, I’m not a cold and heartless person. You came here with me from the Lower Realm, and since things turned out like this. I also have an inescapable responsibility.” Gu Changge sighed softly, and let her go, “Whether you are an inheritor of demonic art or an ordinary cultivator, to me, it’s all the same.”

“No matter what Qingge’s status is, she has always been the master’s maid, and this has never changed.” Su Qingge’s eyes were slightly red, knowing how much of a trade-off it would take for Gu Changge to keep her alive.

After all, once her identity was revealed, Gu Changge was bound to be greatly implicated and it would have a great impact on him.

...

There was an uproar in the entire Kunwu City because of the assassination of Xiao Zhanxian.

The news that Gu Changge planned to have a banquet for many young geniuses in the Star Gazing Tower the day after tomorrow to discuss the rescue of Ancestor Ji Sheng Chu, spread quickly like wings, causing a huge sensation.

Many cultivators and creatures were amazed. They did not expect that Gu Changge really planned to invade Mount Kun with the Ji family to rescue Ji Sheng Chu. This made everyone admire and at the same time they deeply felt that this matter was not simple.

After all, Gu Changge’s move was equivalent to inviting the heirs and geniuses from all ethnic groups to go together. Yet it was self-evident how dangerous Mount Kun was, even the Supreme one had to be careful.

If the rest of the young Supremes stepped into it, wouldn’t it be equivalent to death?

“Gu Changge invited us personally, and he still has the righteousness of rescuing the Human Ancestor. Even if he doesn’t go, it would be somewhat unreasonable. This is directly putting everyone on the fire to roast.”

Many celebrities of the older generation couldn’t sit still. If the invitation was rejected, it would not only affect the momentum of many young people who were showing their sharpness.

It was more likely to frustrate their Dao heart. Although the trip to Mount Kun was dangerous, Gu Changge, as the leader of the younger generation, had already taken the lead and disregarded life and death.

If other people choose to shrink back and be afraid, what would this mean?

The Six Crown King, the Heavenly Phoenix Maiden, the Heavenly Demon Monarch, the Little Sage King, Jin Chan Buddha... many young lords received invitation letters and became extremely silent.

From the perspective of the righteousness of the Upper Realm, they had no reason to refuse.

“Damn it, Gu Changge is planning to force us to go to Mount Kun! He must be punished!!” Xiao Zhanxian, An Xi, and others also received this invitation letter at this moment, and their faces became extremely ugly.

They thought that after surviving this catastrophe, a period of calm would return. But who would have thought that Gu Changge had set up a second trick?

In order to prevent Xiao Zhanxian from refusing on the grounds of being injured, Gu Changge even specially ordered someone to send a sacred medicine for healing to express his concern for Xiao Zhanxian after he was assassinated.

Such a move was tantamount to slapping them hard in the face, making them humiliated.

“The person who assassinated me was definitely sent by Gu Changge, and he is still sending healing things with good intentions! It’s simply hateful.”

Based on Xiao Zhanxian’s state of mind, his emotions and anger were invisible. His face was also pale at this moment, whereas his fists were clenched tightly. He touched the injury again, a mouthful of stagnant blood dripped from the corner of his mouth.

Chapter 565: The Inheritor of Demonic Art is His Maid? It’s scary to think about

In the palace, Xiao Zhanxian’s face turned pale, and extremely ugly. He was so angry that his eyes were about to burst into flames. He clenched his fists tightly in rage. It took him a long time to come back to his senses and took a deep breath.

“What about this matter? Don’t we have room for rejection?” An Xi looked at the invitation letter in front of her and asked with an ugly face.

She naturally didn’t want to interfere with this so-called trip to Mount Kun. Who knew what would happen there?

What was more, the An Clan itself had no relationship with the Ji family, even if they wanted to save Ji Sheng Chu, it had nothing to do with them. So, why would she go to join in the fun?

“For the current plan, we can only take one step at a time. If we refuse, then Gu Changge will just have an excuse to attack us. Don’t let him get away with it.” Xiao Zhanxian slowly swept An Xi, Jiang Chen, Niu Tian, and others in front of him, and said in a deep voice.

His words made Jiang Chen and Niu Tian silent, they actually already had the intention to say goodbye and leave. But at this critical juncture, Gu Changge probably won’t let them leave safely.

“I’ve always been curious, why Gu Changge keeps targeting you everywhere?” An Xi was silent for a moment, then suddenly asked.

Because she remembered the shock that Xiao Zhanxian showed at the Divine Stone Conference. Although Xiao Zhanxian was perfunctory at the time, her intuition told her that this matter was not that simple.

“This matter is of great importance. You must promise me not to spread it to outsiders. Otherwise, Gu Changge will definitely spare no effort to find a way to kill us after we startle the snake. If that were to happen, then his methods will definitely be much more insane than sending assassins to assassinate us, like this time.”

Xiao Zhanxian’s expression became more solemn than ever before, and while speaking, everyone in the palace retreated, leaving only Jiang Chen and others. In his opinion, everyone present had a grudge against Gu Changge, and sooner or later they would know about it.

Seeing that Xiao Zhanxian was so cautious, An Xi and the others couldn’t help becoming serious as they listened carefully, for fear of missing a word.

“Don’t worry, we will never spread the word.” An Xi nodded and agreed.

Xiao Zhanxian took a deep breath and then began to tell the story of his being attacked by the inheritor of demonic art some time ago. It was only because the protector showed up in time, he saved his life.

But he was also severely injured because of this, and his origin was almost shattered. And in that incident, with his gifted pupil technique, he saw clearly the true face of the inheritor of demonic art.

“You mean that the inheritor of demonic art is actually... the people around Gu Changge?”

Hearing this, An Xi’s face changed drastically. She suddenly understood a lot of things. Her expression became very pale, she even felt the coldness on her back with fear in her heart.

She could feel her voice trembling uncontrollably. Jiang Chen and Niu Tian didn’t expect to hear such sensational news, they couldn’t help but gasp suddenly, their eyes widened and their scalps went numb.

“Yes, the inheritor of demonic art is actually Gu Changge’s maid! I can absolutely guarantee this! And it’s the maid who has been following Gu Changge all along.” Xiao Zhanxian took a deep breath to calm down his tone.

He knew how unbelievable this matter was and how much force it involved. Once it got out, it would definitely trigger a huge turmoil in the Upper Realm and cause unimaginable consequences.

“I figured it out, no wonder the inheritor of demonic art would run away from the Gu Changge again and again, it turned out to be for this reason.” It took a long time for An Xi to calm herself down and figure out the many rumors she had heard before.

There was still fear in her heart. If Xiao Zhanxian hadn’t said it, she would never have dared to imagine that. What exactly was Gu Changge planning? The inheritor of demonic art, who was dismayed by the Upper Realm, actually turned out to be his maid?

An Xi’s face turned pale, and she suddenly regretted being an enemy of Gu Changge. Such a person’s means and thoughts were simply hard to fathom.

“You must not leak this matter. Before there is sufficient evidence, if we let Gu Changge know... we will definitely die.” Xiao Zhanxian said in a deep voice, exhorting again.

There were some things that the less one knew the better. He regretted a little now, why he didn't keep calm and displayed strange behavior during the Divine Stone Conference.

An Xi nodded, knowing that this matter was of great importance, if any news leaked out, it would bring great disaster to them. Before there was complete evidence, even if this kind of thing was said, it would not have much effect, and not many people would believe it.

“We know.” Jiang Chen and Niu Tian looked at each other and fell silent.

Jiang Chen thought of Xiao Ruoyin all of a sudden, his back felt cold, and his hands and feet were cold. Gu Changge was actually the master behind the inheritor of demonic art, this identity was completely unexpected to him. How did the inheritance of demonic art come about?

This made him a little terrified and suddenly thought of the black-robed old man who bestowed him with demonic power. This was really terrible. Didn't all the misfortunes caused by the inheritors of demonic arts all these years happen under Gu Changge's nose, or with his acquiescence?

“Miss is not well...”

“The drop of Shadow Immortal's True Blood you sent someone to get from Ancestor Xing was cut off by Miss An Yan halfway!”

But at this time, the servants of the An Clan outside the hall suddenly rushed over with a look of panic on their faces and reported tremblingly.

“What?” An Xi's face changed drastically, her eyes widened, and she was shocked for the first time because of An Yan, feeling unbelievable.

“How dare An Yan? How did she do it?” An Xi almost gritted her teeth. This younger sister, whom she didn't pay attention to since she was a child. She had actually cut off her drop of Shadow Immortal's True Blood at this time.

This simply made her unable to believe her ears. This kind of behavior was tantamount to making her already bad situation worse and more difficult. According to the An Clan's rules, An Yan was naturally eligible to fight for the drop of Shadow Immortal's True Blood in the Ancestor Star.

But An Xi didn't expect that An Yan would do such a big thing while she was not around, and cut off her things halfway! This made her feel extremely angry, and she wished she could rush back to the clan immediately and start to solve this matter. n017e1Usb.COM

Yet what happened in front of her really made her inseparable.

“When the matter of Kunwu City is settled, I will make that damn girl regret it.” An Xi's face was extremely gloomy, very ugly.

And soon, two days passed in the blink of an eye. The entire Kunwu City was full of commotion because of the Ji family's imminent invasion of Mount Kun.

Star Gazing Tower, located in the northernmost corner of Kunwu City, was built for gazing at stars. The whole Star Gazing Tower was extremely grand and ancient. It was made of immortal stones.

As the place where Gu Changge hosted many young dignitaries, it was extremely lively today. At the entrance of the Star Gazing Tower, many cultivators and creatures were already welcoming the guests. Even many powerhouses of the older generation came to join in the fun.

Not to mention that most of the top young generation from the entire Upper Realm gathered was here. Every young genius had a divine aura flowing on his body, walking like dragon and tiger. There was a glowing light, and their spiritual power was very strong.

They were followed by many followers.

After all, to be invited by Gu Changge, at least meant that they were also the successor of the Immortal Sect, and their status was beyond words. They would be the best candidate to take charge of the Immortal Sect in the future, and their future was limitless.

“The Heavenly Phoenix Maiden is here!”

Suddenly, there was a cry of exclamation outside the Star Gazing Tower, and a divine light descended from the sky not far away, like a divine phoenix spreading its wings, which was astonishingly gorgeous.

A tall and slender young woman walked over, with fiery red hair, giving off an air of glamorous dignity. It was the ancient freak Heavenly Phoenix Maiden. After she came here, she quickly entered the building under the leadership of the servants outside the building.

Behind the Heavenly Phoenix Maiden, the other young sovereigns, such as the Six Crown King Jun Yao, the Jin Chan Buddha, the Heavenly Demon Monarch, and others also crossed the void one after another. They had many followers who appeared extremely formal and cautious.

To be honest, not many people were willing to rush to today’s banquet. But if they didn’t attend, they wouldn’t give Gu Changge a face, and they wouldn’t be considering the safety of the Upper Realm. Wearing such a big hat had a great impact on their reputation.

“It seems that you feel the same way as me.” With a smile on his face, the Six Crown King glanced at Jin Chan Buddha, Heavenly Demon Monarch, and others beside him.

“Brother Jun Yao, why did you say that?” Heavenly Demon Monarch shook his head, seeing that almost all the young supreme beings in Kunwu City had rushed over, he felt relieved.

Looking at it this way, he felt a lot more balanced.

“Hehe, Gu Changge wants to force me to enter Mount Kun together. That place is extremely dangerous, and our life is in danger at every turn. He is powerful, comparable to an Enlightened being, but won’t I die if I just went in? He deserves to be punished!” On the other side, the very burly little Saint King arrived and said with a sneer, his words were very dissatisfied.

“You guys, let’s tell Gu Changge later.” Jin Chan Buddha clasped his hands together, shook his head lightly, and added.

From a righteous point of view, rescuing Ji Sheng Chu, the Ancestor of the Ji family, was an inescapable responsibility of many forces in the Upper Realm. As their successors, they were to blame, not to mention that Gu Change took the lead in the process.

What he did made it difficult for everyone to back down, and they couldn't find a reason to back down. Soon, under the leadership of the servants in front of the building, everyone also slowly entered the Star Gazing Tower.

A banquet had already been set up here, and many beautiful maids were serving food and wine to the tables as if they had been waiting for them for a long time.

Here, Heavenly Demon Monarch and the others also met many old acquaintances, all of whom were outstanding figures of the younger generation, but it was difficult to find opponents in the same realm.

Ji Yaoxing and Ji Chu Yue, the brothers and sisters of the Ji family, were also among them. As for the top seat, Gu Change hadn't arrived yet, which made their complexions even more gloomy.

"Everyone, don't worry, my Young Master is on his way." An old man dressed like a housekeeper with a wrinkled face, explained with a smile as if he could see the dissatisfaction of the Heavenly Demon Monarch and others.

The moment they saw the old man, the eyes of everyone in the Star Gazing Tower shrank slightly, their hearts were shocked, and they didn't dare to be as casual as before.

An Enlightened being!!

This old man dressed as a butler with unfathomable cultivation, surrounded by the aura of the emperor realm, was obviously also an Enlightened being.

They were shocked. They couldn't guess the identity of the old man, whether it was the housekeeper or the Ancestor of the Gu family.

At this moment, there was another movement outside the Star Gazing Tower.

Xiao Zhanxian, An Xi, Jiang Chen, and others also arrived under the leadership of their servants but compared to before, Xiao Zhanxian's face looks quite pale now as if he was seriously injured.

"Greetings, fellow Taoists!" Xiao Zhanxian forced a smile on his face and bowed his hands to the Heavenly Demon Monarch and others.

"Brother Zhanxian's injury doesn't seem to be healed, it seems that the assassin that day was indeed no small matter."

Seeing Xiao Zhanxian's appearance, everyone felt a little sympathetic. After all, not long after he was attacked by the inheritor of demonic art, he was assassinated again, and it was said that he was seriously injured.

Many people were also curious about who Xiao Zhanxian had offended. He was assassinated the day after the Divine Stone Conference and almost died. The rest of the Young Supremes had not heard of anyone encountering such a thing.

Xiao Zhanxian smiled wryly when he heard the words, "Thank you for your concern, brothers, this injury is not a serious injury, it will be fine after a period of cultivation."

While speaking, his heart was a little gloomy, and he looked forward, but he didn't see Gu Changge's figure.

"Oh, are you all here?" And just when many young supreme beings were talking softly, above the top place, a warm voice suddenly sounded.

Everyone heard the words and looked around, only to see Gu Changge dressed in black clothes with a tall and straight figure and shiny black hair. His handsome features, and a smiling face had appeared at the top at some point.

Hearing this voice, An Xi felt uncontrollable fear and uneasiness in her heart, but she still forced herself to remain calm. Behind Gu Changge, Yin Mei, Su Qingge, and others stood quietly with their hands folded and their eyes lowered, as beautiful as if they were carved from jade.

Jiang Chen and Niu Tian looked at Su Qingge calmly and cautiously. If they hadn't seen it with their own eyes, they wouldn't have believed it. The ruthless inheritor of demonic art who caused chaos in the Upper Realm turned out to be such a beautiful woman who was as beautiful as a flower and beautiful as a jade.

"Greetings, Young Master Changge!" The Heavenly Demon Monarch, the Six Crown Kings, Jin Chan Buddha, and others were all terrified in their hearts, and they didn't realize when Gu Changge came here.

"I heard that brother Zhanxian was seriously injured by an assassin the day before yesterday, so I sent people to send a lot of healing medicines, which didn't seem to have much effect." Gu Changge smiled slightly, signaling to everyone that they don't need to be polite, but looked at Xiao Zhanxian with interest and asked.

He seemed to be extremely concerned about his injury. Xiao Zhanxian didn't expect Gu Changge to say that to him in public, his heart was even more gloomy, and he clenched his fists.

But he still showed a wry smile on his face, and explained, "Thank you, Young Master Changge, for your concern. The divine medicine you sent for healing did not help my injury much, but this injury is not serious. It'll be fine after a while."

This was the rhetoric he had thought up a long time ago, just to prepare for his refusal to enter Mount Kun for a while. He was not stupid, he knew that once he left Kunwu City and entered Mount Kun, he would definitely die.

In that kind of place, if Gu Changge wanted to kill him, it would be easier than crushing an ant to death.

Chapter 566: I can't delay at this time, I'll find a way to save her

Above the first place, Gu Changge walked down with a smile on his face as he looked at Xiao Zhanxian a few times. He smiled before saying, "Oh, so it's because of this, it seems that Brother Zhanxian's injury should not be serious."

“Someone, go and get a few million-year-old Ganoderma. This thing can quickly make you recover in a short period of time even if the Supreme powerhouse is seriously injured. Tomorrow we are going to enter Mount Kun. If Brother Zhanxian is still injured, it may have a big impact. At a time like this, you can’t delay. Brother Zhanxian, are you right?”

The million-year-old Ganoderma was a priceless treasure, and ordinary cultivators couldn’t touch it on any other day. If it appeared in the auction house, it might cause a bloody storm. Even after a Supreme obtained it, he had to keep it carefully for emergencies.

At critical times, this thing could save lives. Seeing that Gu Changge did not hesitate to take out a few million-year-old Ganoderma, the complexions of all the people present changed slightly, and they couldn’t help sighing while they were secretly shocked.

Gu Changge’s attitude was so firm, it was hard for them to refuse after a while. They were not stupid. Judging from Zhanxian’s words and actions, they had already guessed his purpose, that was, he did not want to enter Mount Kun.

Would the heirs of the dignified War Immortal Mansion lack healing medicine? What a joke!

It was a pity that Gu Changge knew Xiao Zhanxian’s purpose, not only didn’t care, he even gave him medicine in front of everyone. And these words were spoken so that he could not delay entering the mountain tomorrow.

In this way, would Xiao Zhanxian still have room to refuse?

Thinking of this, everyone felt sad. It was inevitable, after all. An Xi and the others felt a burst of aggrieved anger in their hearts, but they couldn’t attack at this time, so they could only endure it.

“Thank you, Young Master Changge, for your concern and love. I am really grateful. At such times, there really can’t be any delay.” Xiao Zhanxian’s face also changed slightly, his fists under his sleeves were clenched tightly, and his heart was even more pale, full of anger.

However, he was not an ordinary person after all, he quickly returned to his natural state, with a grateful look on his face.

“Brother Zhanxian, you don’t have to be polite. After all, you and I are both from the younger generation. Seeing you have an accident, I can’t help but feel worried. There are many dangers in Mount Kun. If you recover from your injuries, you will have a better chance of rescuing senior Sheng Chu. You will be the benefactor of everyone from the Upper Realm.” Gu Changge still had a gentle smile on his face and then stretched out his hand to signal everyone to sit down.

At the banquet, many young and beautiful maids brought melon, fruit spirit wine, beast meat, and so on. After many young supremes were seated, their moods were rather complicated, they knew that it would be difficult to refuse the matter of entering Mount Kun tomorrow.

Jin Chan Buddha chanted the Buddha’s name as he looked up at Gu Changge who was in the top place. He thought of how Gu Changge had plotted against him and the entire Buddha Mountain when he was within the Demon Burying Abyss.

This time, if he casually entered Mount Kun, he would inevitably encounter Gu Changge's schemes. He had to make some preparations in advance to avoid accidents and his tragic death.

The SixCrown King, the Heavenly Demon Monarch, and others were also thinking about strategies at this moment, how to find a way to save their lives in Mount Kun. Since they couldn't refuse, they could only take one step at a time.

Fortunately, there were quite a few powerhouses behind them. When the time came to enter Mount Kun, they would bring additional cultivators with them to prevent any unexpected accident.

Currently, there were quite a few young Supreme Beings who had the same thoughts as them. It was inevitable to enter Mount Kun, so they could only find a way to save their life in it.

"Senior Ji Sheng Chu once protected the Upper Realm and took care of the various forces. Now that he is imprisoned, we naturally cannot stand idly by..."

"If senior Ji Sheng Chu escapes from the predicament, he will definitely be able to solve the current disaster of the Absolute Heavenly Extinction. This is also a rare blessing for the entire Upper Realm. Here, on behalf of Senior Ji Sheng Chu, I would like to thank all the cultivators for their assistance."

Above the first place, Gu Changge sized up Jiang Chen, Niu Tian, and others who were drinking silently with great interest then walked down unhurriedly before raising his glass, and saying with a smile.

Seeing this, everyone also raised their wine glasses one after another, not daring to neglect him in the slightest.

"Young Master Changge has a righteous heart and an open mind. It is really a blessing for me in the Upper Realm to work tirelessly to rescue Senior Ji Shengchu."

"Besides, this is what we should do. At that time, our ancestors were helped by Senior Ji Sheng Chu. Now that he is trapped in Mount Kun, it would be great if he could help."

Many young Supremes hurriedly spoke, their words seemed to be quite sincere and moved, and it was difficult to hide their admiration. Even the dissatisfied and aggrieved Heavenly Demon Monarch and the others dare not say anything more at this moment. Things had come to this point, and they couldn't stand to refuse.

"Thank you brothers for being so dedicated to rescuing the Ancestors of our family. Yaoxing and Chu Yue are really grateful." Ji Yaoxing and Ji Chu Yue also stood up at this moment, toasting wine to the young people to express their thanks.

Although Ji Chu Yue was a little upset in her heart, she still forced a smile on her face and expressed her gratitude to all the heavenly talents. Many people had noticed that the little princess of the Ji family was really a flawless jasper, slim, beautiful, fair, and extremely moving.

It was rare to see her like this. Jiang Chen looked at clearly dressed Ji Chu Yue and was a little dazed. It took him a long time to come back to his senses. He and Ji Chu Yue knew each other well, and the two had cultivated near Mount Kun.

It was actually thanks to him that the Ji family could find out that the Ancestor was trapped in it. But the Ji family didn't mention this matter to the outside world, as if they didn't know about it.

“Chu Yue...” Jiang Chen lowered his head and took a sip of his wine, his mood became even heavier.

He could see that although Ji Chu Yue in front of him looked bright and charming, the depths of her eyes were very different from before, lacking in agility and liveliness. Instead they seemed very stiff.

It was like an immortal in the mountains and forests had broken its wings, and it was hard to fly freely as before. This showed that Ji Chu Yue was not very happy during this period, and she was not living well.

Jiang Chen’s heart was inexplicably distressed. For Ji Chu Yue, he did have some hard-to-disguise affection. Ever since he met her in Purple Mountain, he felt that this smart and lively woman was not a bad person.

Even when she was in Purple Mansion, her brother framed him. But that was also his last resort. Some time ago, Ji Chu Yue came to remind him that her brother already knew his real identity and told him to be careful.

“Xiao Chen, what’s wrong?” Niu Tian noticed the abnormal expression of his friend, and couldn’t help asking, a little worried.

Jiang Chen sighed in his heart. He kept looking at Ji Chu Yue in front of him, and said in a low voice, “The woman in front is my friend, I want to save her.”

Niu Tian was a little surprised. Although he hadn’t seen Ji Chu Yue before, he could guess her identity. Jiang Chen actually knew her?

“I think she’s fine. Why do you want to save her?” But now it was not easy for him to ask how the two of them met, he was just a little puzzled, not knowing why Jiang Chen would say that he wanted to save Ji Chu Yue.

“You don’t understand, she is not happy now, she is like a canary in a cage. There is no freedom at all.” Jiang Chen sighed softly and felt that Ji Chu Yue’s eyes were very gloomy. She did not seem as lively as he was familiar with. It was more like she was imprisoned there.

“Then what are you going to do? Don’t worry, as long as you want to do something, I will help you.” Niu Tian was silent for a while and then continued.

Jiang Chen was a little moved in his heart, and then said in a low voice, “I don’t know what to do, I can only talk about it later. I think Chu Yue should also feel very sad now, being treated by her own brother as a tool to make friends with the other young supremes.”

“In order to save our Ancestor, Young Master Changge expended so much energy and invited many geniuses to this banquet. My sister Chu Yue and I are so grateful, we offer you a toast.”

And when Jiang Chen and Niu Tian were talking in low voices, in front of the banquet, Ji Yaoxing and his younger sister Ji Chu Yue were standing in front of Gu Changge with respectful and grateful expressions.

Ji Chu Yue was wearing a light yellow long dress. Her slender and tall figure had a little powder on her face along with the curved eyebrows, a small nose, and red lips. She looked beautiful and bright, and many young masters secretly looked at her.

She followed behind Ji Yaoxing, holding a wine glass in her hand, without saying a word, and was about to pass it to Gu Changge.

“Brother Yaoxing, you don’t need to be too polite. Since it is something I have promised, Gu will naturally do it.” Seeing this, Gu Changge smiled lightly, reaching out to take the wine glass from Ji Chu Yue’s hand.

But at this moment, it seemed that she accidentally touched Gu Changge’s hand, Ji Chu Yue’s hand suddenly trembled slightly, and she couldn’t hold the wine glass firmly.

In the next moment, there was a bang. The wine glass full of wine fell to the ground in an instant, and the wine immediately wet Gu Changge’s hands. [n0VeiUsb.C0m](http://www.novelusb.com)

Seeing this scene, everyone’s complexion changed drastically. Ji Chu Yue obviously did not expect this, and her little face became a little pale. In an instant, the whole banquet turned quiet, and even a needle could be heard.

Chapter 567: Disrespectful, A pure white flower

As the wine glass fell to the ground with a bang, it was extremely ear-piercing. Although the glass was made of bronze and was not broken, the sound was very clear at the banquet making everyone stop in silence.

Everyone looked over in surprise, awaiting the response. A cultivator with sharp eyes saw that Gu Changge’s sleeves were a little wet, and some wine was still dripping from his fair and slender palms.

This scene made their faces change drastically. They dare not breathe or say anything more. How could the wine glass fall to the ground suddenly? This made many people start to think about it.

As the host of this banquet, Gu Changge invited many young masters here for the Ji family, but at such a juncture, Ji Chu Yue went up to toast and even knocked over the wine. This could even be said to be disrespectful.

“Chu Yue...” Jiang Chen had been quietly paying attention to Ji Chu Yue’s expression and behavior, so he couldn’t help feeling worried. But he didn’t expect Ji Chu Yue to knock over the wine glass on purpose.

In his opinion, Ji Chu Yue should have done this on purpose to express her dissatisfaction.

“Please forgive me, Young Master Changge, Chu Yue probably didn’t do it on purpose.” Ji Yaoxing’s face also changed dramatically, the smile froze on his face, and he hurriedly apologized.

He didn’t expect this scene to happen suddenly, and he had an ominous premonition in his heart. He was even very worried that he thought Ji Chu Yue had sincerely done this on purpose because of what he said before.

In this way, a good thing was made worse. If someone with a heart took advantage of this to make trouble, saying that the Ji family was disrespectful to Gu Changge, it would be like adding insult to injury to the Ji family who was at the critical juncture of rescuing their Ancestor. All the efforts they had made before would also be in vain.

“Chu Yue, hurry up and apologize to Young Master Changge.” Ji Yaoxing quickly turned pale and said to Ji Chu Yue who seemed to be frightened.

It was too late for him to blame her.

“Please forgive me, Young Master Changge, I really didn’t do it on purpose...” Ji Chu Yue finally reacted. Her head was still buzzing, and she was also quite frightened and apologized in a trembling voice, clearly very panicked.

She also didn’t know why she suddenly withdrew her hand just now, which caused the wine glass to be unsteady. But no matter what, it was wrong and disrespectful for her to knock down the wine glass and even spill the wine on Gu Changge’s palm.

In the vast Upper Realm, who would dare to disrespect Gu Changge?

Seeing the restrained smile on Gu Changge’s face, Ji Chu Yue’s face turned even paler. After all, she was just a girl who had not experienced much trouble. Although she was the little princess of the Ji family, she could talk about Gu Changge with her brother Ji Yaoxing in secret. But when she really stood in front of someone like Gu Changge who stood at the peak of the forces in the Upper Realm, she realized how nervous and fearful he was.

“Miss Chu Yue, are you so afraid of me? You can’t even hold a wine glass?” When Ji Chu Yue was about to be unable to hold on anymore, her face turned pale, her forehead was dripping with cold sweat, and her legs were a little weak, Gu Changge finally spoke.

With a flat face, he shook his head lightly and replied. His voice was as easy-going and natural as ever, and he didn’t sound like he meant to blame. But Ji Chu Yue and Ji Yaoxing did not dare to relax at all, they were still panicking.

“No... No, Chu Yue is not afraid of Young Master Changge, but I was a little distracted just now, please forgive me, Young Master Changge.” Ji Chu Yue explained with a trembling voice.

“Oh, what is it that will distract Miss Chu Yue at this time?” Gu Changge asked with some interest.

Hearing this, Ji Chu Yue’s face turned even paler. Naturally, she didn’t dare to say that it was because she thought of his brother’s trouble with Jiang Chen, but she couldn’t find a suitable reason.

“That’s right, but it may make Young Master Changge laugh. The day before yesterday, I heard Young Master Changge say that he would invite many talents to discuss the matter of rescuing the Ancestor. Chu Yue was very grateful to Young Master Changge, and kept mentioning you in front of me. I mentioned something to her by the way, saying that the family intends to let her be your concubine...”

Seeing his sister’s expression, Ji Yaoxing couldn’t figure out why she was distracted just now. While sighing in his heart, he hurriedly stood up and explained with a bit of apology and a wry smile.

Of course, this explanation was also a casual one. Apart from saying that, he couldn’t find a suitable reason. According to Ji Chu Yue’s status, if she became Gu Changge’s concubine, it depended on whether Gu Changge was willing or not.

One had to know how many heavenly beauties coveted this identity in the current Upper Realm. Hearing this explanation, many young geniuses at the banquet were stunned and shook their heads with some regret, but they did not doubt it.

After all, Gu Changge was so outstanding and powerful, which heavenly girl won't be tempted?

In their view, Ji Chu Yue was no exception. Wasn't that why she was nervous just now and accidentally knocked over the wine glass?

This was also reasonable.

"Elder brother..." Ji Chu Yue obviously didn't expect Ji Yaoxing to say that, she was a little dazed, and then a haze rose on her small face.

Saying that in public made her face burn and she felt embarrassed. She was not stupid, she knew that Ji Yaoxing was helping her out, but this explanation did not consider her face at all. This made her so thin-skinned that she almost wanted to find a crack in the ground and hide in it.

"Don't be shy, Chu Yue, this kind of thing is not something to be ashamed of." Ji Yaoxing smiled, showing a helpless expression.

"Oh, that's why. Ms. Chu Yue, why should you be nervous? This Gu is not much of a scourge." When Gu Changge heard this explanation, his expression didn't change much, he just smiled lightly, noncommittal.

Ji Yaoxing didn't know if he believed it or not. But seeing that Gu Changge didn't continue to hold onto him, he let out a long sigh of relief, feeling that this trouble should be solved.

Seeing Yin Mei behind Gu Changge, she took out a plain white handkerchief to wipe off the alcohol on Gu Changge's hands.

Ji Yaoxing hastily winked at Ji Chu Yue. Seeing this, Ji Chu Yue also understood what her brother meant, her face was hot, and even her ears were red, she stepped forward, and said in a nonchalant voice, "I'm sorry just now, but I slapped your sleeves, Young Master Changge!"

As she spoke, she also took out a clean handkerchief, and carefully wiped Gu Changge's hands.

Seeing the flawless pretty face so close at hand, trembling a little due to nervousness, and the drooping black hair exuding a bit of a refreshing fragrance, Gu Changge couldn't help but smile lightly and didn't stop her.

Seeing this scene, many young geniuses didn't feel that there was anything wrong, on the contrary, many heavenly beauties were very envious.

"It's really a good trick. She deliberately knocked over the wine glass, just to take the opportunity to get close to the Young Master Changge."

"This Ji Chu Yue is not a simple person... she did something we wanted to do but didn't dare."

The young girls were very envious, and they were jealous.

“Shut up. Chu Yue is not like you guys, climbing the dragon and the phoenix!”

Jiang Chen, whose eyes were a little red, couldn't help but let out a low drink when he heard this, clenched his fists tightly, and rattled. However, his words did not have any effect.

After the Divine Stone Conference, even with his identity as the successor of the Divine Origin Master, in the eyes of many geniuses, they did not need to treat him with courtesy as before.

These talking heavenly girls glanced at him with contempt and disdain in their eyes, they were too lazy to talk and looked like they were watching a fool.

Jiang Chen's face was ugly and livid, and anger was born in his heart. From his point of view, it was very obvious that Ji Chu Yue didn't do it voluntarily, but was completely forced by her brother.

She was the little princess of the Ji family, her status was indescribable, and she was beautiful, like a flawless immortal fallen from heaven. When had she wiped a young man's hands so carefully?

This made Jiang Chen extremely distressed, and even more unwilling.

“Xiao Chen, calm down, don't be impulsive.” Seeing that Jiang Chen's expression was wrong, Niu Tian's face changed slightly, he hurriedly tried to persuade him and pulled him back.

“How can I be calm at this moment?” Jiang Chen clenched his teeth as his heart twitched when he looked at Gu Changge.

Gu Changge on the other hand had a calm expression on the first person. He was dressed in a black robe, exuding dignity, and Ji Chu Yue, who was next to him with a red face carefully wiped his hands.

In his eyes, this scene was no different from a pure, unstained white flower growing beside the evil abyss, which would be torn into pieces by the strong wind blowing from it at any time, and would be wiped out in ashes.

“Come on, take this person down for me!” However, just when Jiang Chen couldn't bear it anymore and wanted to stand up for Ji Chu Yue.

Ji Yaoxing in front suddenly looked in his direction for some reason. The humble and respectful expression on his face disappeared, and he became very indifferent, and he spoke directly.

Boom! Hoo!

And as Ji Yaoxing's voice fell, many knights in battle suits suddenly appeared outside the Star Gazing Tower, and they immediately surrounded Jiang Chen. It was as if they had been prepared for a long time and had been waiting for this moment.

This sudden scene made Jiang Chen's expression freeze for an instant, his anger dissipated in an instant, and he froze on the spot.

All the people at the banquet, including the Heavenly Phoenix Maiden, Six Crown King, Heavenly Demon Monarch, and others, were also extremely astonished and puzzled. They were shocked by the scene in front of them. They never expected that Ji Yaoxing would order Jiang Chen to be taken down.

“What's going on?” An Xi and Xiao Zhanxian also stood up in bewilderment and shock and looked back.

After all, Jiang Chen came here with them, so he was acquainted with them.

Chapter 568: It turns out he still has another identity, He was sacked

Boom!!

Following Ji Yaoxing's order, a large group of menacing knights in battle suits rushed from outside the pavilion and surrounded Jiang Chen who was stunned. Immediately, the terrifying killing aura intertwined and filled the void, making one's skin chill, and one couldn't help trembling slightly.

Jiang Chen seemed like he didn't know what happened at all, he just stood there in a daze, as if someone had poured a basin of cold water over his head, his whole body was icy cold. There was no time to get angry and get justice for Ji Chu Yue.

"Brother Yaoxing, what do you mean?" After reacting, Xiao Zhanxian, An Xi, and the others immediately stood in front of Jiang Chen very protectively. They frowned, and asked in a dissatisfied manner.

In their view, Jiang Chen possessed the inheritance of a Divine Origin Master, and his future achievements would be limitless. Ji Yaoxing indiscriminately wanted to take it down, wasn't this unreasonable?

What's more, Jiang Chen was brought by them, if he was taken away by Ji Yaoxing like this, wouldn't it be slapping them in the face?

"Brother Yao Xing, what happened? Why did you ask someone to arrest this successor of the Divine Origin Master?" The rest of the young Supremes also asked puzzledly.

"Elder brother..." Ji Chu Yue realized Ji Yaoxing's purpose in an instant, her face turned pale, and she was very worried.

Ji Yaoxing knew Jiang Chen's true identity. If Jiang Chen's true identity was revealed in front of everyone. Then he might face endless pursuit and become a street rat and the enemy of the whole world.

"Miss Chu Yue seems to be very worried about the safety of the successor of the Divine Origin Master?" At this moment, Gu Changge's voice sounded from the side with interest.

Ji Chu Yue reacted quickly, feeling even more uneasy. She quickly shook her head to explain, "No... Young Master Changge misunderstood. I just..."

Gu Changge smiled lightly and interrupted her, "Miss Chu Yue values love and righteousness, which is a good thing but don't forget your identity. Do you want to invite trouble for no reason for the family behind you?"

Hearing this, Chu Yue's face was a little pale, and she quietly pinched her sleeves, trying to say something. But when the words came to her lips, she swallowed them again. She could only lower her head silently, with an extremely sad expression.

She knew that Jiang Chen had offended many forces, and in the eyes of many people, he even killed many Great sect leaders in the tomb of the Supreme God. Although Jiang Chen said that he was framed by Gu Changge and the Supreme God Clan. But there was no evidence to prove that these rumors were false.

At this time, if she assisted Jiang Chen, it would undoubtedly bring disaster to the family behind her. Not to mention that Jiang Chen still wholeheartedly regarded Gu Changge as his life-and-death enemy.

“Brother Zhan Xian and Miss An Xi, it seems that they still don’t know the real identity of this person, and they were kept in the dark.” Observing everyone’s puzzled expressions, Ji Yaoxing glanced at Gu Changge who was behind him. Seeing him nod slightly in agreement, he uttered calmly.

“Real identity?” Hearing this, the Six Crown King and others were a little surprised and looked at Jiang Chen with puzzled eyes. He actually had another identity?

Jiang Chen had already expected what Ji Yaoxing was going to say, his expression changed slightly, his fists were clenched tightly, and he was very angry.

“Gu Changge, you sanctimonious hypocrite, you are simply despicable and shameless! You are insane! You will suffer retribution sooner or later!” He didn’t care about the consequences anymore and directly yelled at Gu Changge.

What happened in the tomb of the Supreme God Clan had nothing to do with him. It was Gu Changge and the Supreme God Clan who framed him and blamed him for the murder of the leaders of the Great Sect. But now Gu Changge actually ordered Ji Yaoxing to call out to catch the thief.

How could this not make Jiang Chen mad with hatred? His eyes were full of anger.

“What!”

“He had another identity?”

An Xi and Xiao Zhanxian’s hearts thumped at this discovery. They thought that something was wrong, knowing that Jiang Chen’s true face had been exposed. But both of them were very smart, they were taken aback. Then they looked puzzled and shocked as if they didn’t know who Jiang Chen was at all.

Jiang Chen had mentioned the hatred between him and Gu Changge to them before. Naturally, he also explained what happened in the tomb of the Supreme God Clan. But at such a juncture, they could only pretend to be ignorant, otherwise, they would be involved, and even the forces behind them would not be able to protect them.

Niu Tian opened his mouth, wanting to say something for Jiang Chen, but in the end, he sighed and fell silent. Anyone with a discerning eye could see that no one could save Jiang Chen today.

He was not stupid, he would not know the situation where the mantis was in front of the car, and rushed forward recklessly.

“If you hid better, maybe I wouldn’t be able to find you. But you are really too bold, jumping under my nose. Are you looking down on me, or are you confident in yourself?”

Gu Changge didn’t care about Jiang Chen’s yelling as he smiled lightly, and then stood up.

Jiang Chen stared at him, his eyes were red, and he cursed angrily, “Gu Changge, you hypocrite, a beast in human skin... One day, someone will make you pay for this...”

But before he finished speaking, an old man dressed as a housekeeper suddenly appeared beside him out of thin air. Immediately afterward, shaking his sleeves lightly, a burst of force came out, causing Jiang Chen to groan. His face turned pale, a mouthful of blood spewed out, and he fell limp on the ground.

His expression was miserable, and he couldn't think of resisting at all. The terrifying pressure was like an insurmountable mountain, pressing on top of his head.

"You are disrespecting the Young Master, young man, don't be reckless." The old man's expression was very indifferent. He waved his hand lightly, and many knights stepped forward and took Jiang Chen down quickly.

Seeing this scene, the hearts of many young lords trembled, and they seemed very cautious. This old man was a true Enlightened being, with him sitting here, even if Jiang Chen had wings, it would be difficult for him to escape.

"It seems that I don't need to explain anymore. Brothers can understand at a glance that this person has changed his face and mixed up with us. He is planning to do something wrong. It is better to take him down first." Ji Yaoxing added.

Everyone was silent, and they could vaguely guess that there should be some hatred between Jiang Chen and Gu Changge. They were not stupid, naturally, they would not stand up for Jiang Chen and offend Gu Changge at this juncture.

"Damn it, thanks to the fact that I treated Brother Jiang as a good friend, he actually lied to us like this." Seeing Jiang Chen being taken away, Xiao Zhanxian immediately revealed a sad and disappointed expression and said. n017e1U**sb.C0m**

An Xi also shook her head and sighed, "We misunderstood Brother Jiang, it seems that this was his purpose for approaching us. Thanks to Young Master Changge, we can see his true face today, so as not to cause a catastrophe."

With a few words between the two, their relationship with Jiang Chen was completely wiped out. They looked regretful that they had been deceived by him for a long time.

"This person is indeed cunning. He has been hiding in Kunwu City for many days, and I didn't notice his trace until recently." Gu Changge looked at Xiao Zhanxian and An Xi's appearance, joking in his heart, but he didn't care and smiled lightly.

He didn't let Ji Yaoxing directly reveal Jiang Chen's true identity in front of everyone. After all, if he did so, it would attract the attention of other forces. For entering Mount Kun tomorrow, he still needed Jiang Chen to exert his last remaining energy.

After this incident, everyone at the banquet was filled with worries, and then the Six Crown King and Heavenly Phoenix Maiden bid farewell and left, planning to gather at Mount Kun tomorrow.

Xiao Zhanxian, An Xi, and the others didn't even want to stay for a quarter of an hour, so they also left and went back to discuss how to save their lives in Mount Kun.

Seeing that his friend was taken away, Niu Tian was also helpless. He had no choice but to pin his hopes on An Xi and others, hoping that they would help. In the huge Upper Realm, he couldn't find any other people who could help him.

"Hasn't Xiao Ruoyin been by Gu Changge's side all the time? If she is still thinking about her old love... maybe she can give it a try." Afterward, Niu Tian thought of another person.

In the current Upper Realm, Xiao Ruoyin might be their last friend. If she still had some old feelings, maybe she could really save Jiang Chen's life.

"Since Jiang Chen has the inheritance of the Divine Origin Master, he will definitely be able to play a role in tomorrow's trip to Mount Kun..."

"Sister, you can go with me in a while, and advise Jiang Chen to be aware of current affairs, not to be ignorant... He is a smart person, he should know what to do."

Soon, only the siblings of the Ji family were left in the Star Gazing Tower. With a trace of excitement in Ji Yaoxing's eyes, he spoke to Ji Chu Yue, who looked a little sullen.

In his opinion, Jiang Chen should be interested in his sister, and he just took advantage of this opportunity to cut off Jiang Chen's thoughts and at the same time make Ji Chu Yue give up.

"Should I go too?" Ji Chu Yue couldn't bear it in her heart, seeing Jiang Chen's extremely angry appearance just now, like a beast on the road to death, she didn't dare to look up at him.

"It's good to let him give up. At this time, sister, don't be soft-hearted." Ji Yaoxing said in a deep voice.

Ji Chu Yue was silent, her heart was in a mess and she really didn't know what to say to Jiang Chen later. She was not a heartless person. And in her opinion, the reason why Jiang Chen would reveal his identity was actually inseparable from her.

At the same time, at the place near the Star Gazing Tower in Kunwu City Road. After Niu Tian separated from Xiao Zhanxian and An Xi, he walked straight to this place alone. His current identity was the unworldly pride of the Hidden An Clan.

So although the disciples of Heavenly Dao Immortal Palace were a little curious about his arrival, they didn't ask too much.

"Please give this to Miss Xiao Ruoyin, and say that her old friend is asking to see her."

Niu Tian looked at the magnificent palaces in front of him. He sighed and took out the letter from his arms, and handed it to the disciples of the Heavenly Dao Immortal Palace outside.

The above content was written in the language of their world, and ordinary people could not recognize it. He believed that as long as Xiao Ruoyin received the letter, she would understand that it was her old friend in her hometown who was looking for her.

"Are you looking for Senior Sister Ruoyin?"

The expression of the disciple of the Heavenly Dao Immortal Palace at the door changed, he didn't dare to neglect it and rushed to deliver the letter.

Now Xiao Ruoyin's status in Heavenly Dao Immortal Palace could be said to be rising. Even the Elders flattered her extremely. These ordinary disciples dare not even raise their heads in front of him.

"Sorry for the trouble." Niu Tian thanked him, but when he saw this, he smiled bitterly in his heart, with mixed feelings. It could be seen that Xiao Ruoyin should be doing well now.

A weak woman with no power and influence could not only enter the Immortal force of the Upper Realm like Heavenly Dao Immortal Palace but also enjoy such a lofty status.

In his opinion, this was simply unbelievable. If he hadn't been saved by An Xi because of his special blood, he might not even be as good as one-tenth of Jiang Chen now. But Jiang Chen was still not even qualified to see Xiao Ruoyin.

And it was the man she was attached to that brought all of this to Xiao Ruoyin! Xiao Ruoyin was no longer from the same world as them.

Afterward, Niu Tian, who was in a complicated mood, walked to the nearest inn. He picked a place by the window, and waited for Xiao Ruoyin's arrival there. If Xiao Ruoyin didn't come, then he would have no other choice.

Chapter 569: It's a matter of life and death, I think you should save her

"An old friend is looking for me?"

In the palace, Xiao Ruoyin was sitting cross-legged with shining silver runes on her body, when suddenly she opened her eyes after hearing the report from the disciple outside the palace.

She frowned, wondering if Jiang Chen was looking for her. During this period of time, she stayed in the Heavenly Dao Immortal Palace and never went out. She still didn't know what happened in the Star Gazing Tower today.

"Yes, this is a letter from Senior Sister Ruoyin that your old friend entrusted to me. Please have a look at it." The disciple outside the palace spoke respectfully, holding a letter in his hand.

After thinking for a while, Xiao Ruoyin nodded, got up, and walked outside the hall, wondering why Jiang Chen was looking for her. It just so happened that she also wanted to find Jiang Chen, and planned to try to get back her Immortal Boat.

However, when Xiao Ruoyin opened the letter, she was stunned, and her brows frowned tightly.

"Niu Tian is looking for me? Isn't it Jiang Chen?" Xiao Ruoyin's complexion changed a little, and only she could recognize the handwriting on the letter.

The content was also very simple, it said that Jiang Chen was in trouble and needed her help. This made her hesitate a bit, considering whether to meet Niu Tian.

After awakening the memory of the Prophet of Destiny. Those former friends, including Niu Tian, Jiang Chen, etc., were actually irrelevant to her, as long as it didn't affect her recovery to the peak.

There were thousands of laws in the world, but only the Dao was unique. Because Jiang Chen was transformed by the Artifact Spirit of the Immortal Boat, it was special to her, so she needed to pay too much attention.

“What kind of trouble did Jiang Chen encounter? Even Niu Tian had to ask me for help?” With that, Xiao Ruoyin’s expression returned to normal. After thinking about it carefully, she decided to meet Niu Tian.

In the inn outside the Heavenly Dao Immortal Palace, she quickly found Niu Tian in the corner according to the contents of the letter.

“Ruoyin, are you here?” Niu Tian, who was frowning and waiting, didn’t expect Xiao Ruoyin to come so soon. He looked up and saw her with a pleasant expression on his face.

In his opinion, Xiao Ruoyin came to see him so soon, which showed that she still cared about Jiang Chen’s life and death, and would not stand by and watch. However, the current Xiao Ruoyin was quite different from the Xiao Ruoyin he was familiar with before.

Although her appearance had not changed much, she exuded a lonely and cold aura that didn’t care about worldly matters, like an Immortal from the Immortal Palace, who could blow away at any time.

Fluttering white clothes, flying blue hair, fair and flawless face, exquisite and beautiful facial features along with her crystal clear eyes with an incomprehensible depth.

Compared with Niu Tian standing up, Xiao Ruoyin looked very calm and indifferent, glanced at him, and said, “What trouble did Jiang Chen get into? That you had to come to me?”

Her words were flat, and she didn’t mean to catch up with old friends. This alienated and indifferent look made Niu Tian’s smile freeze on his face all of a sudden. It made him a little embarrassed and unbelievable, then he slowly sat back.

He smiled bitterly in his heart, feeling a little disappointed. Xiao Ruoyin in front of him was really strange. This made him couldn’t help but think of the many changes in Xiao Ruoyin that Jiang Chen complained to him about during this period of time.

“If it’s not urgent, I actually don’t want to bother you, but I really have no other choice. Now I guess only you can save Jiang Chen... He is in danger, a matter of life and death, Today in the Star Gazing Tower, Gu Changge sent people to arrest him.”

Niu Tian took a deep breath, calmed down, and then told Xiao Ruoyin all the things that happened today in detail.

“Jiang Chen was arrested by Gu Changge?” Hearing these words, Xiao Ruoyin frowned all of a sudden, feeling that this matter was very difficult, not as simple as Niu Tian thought.

Now she was walking on thin ice beside Gu Changge, cautious, not as comfortable and free as everyone thought. How could she save Jiang Chen?

“There is no way around this. When Jiang Chen was in the Star Gazing Tower today, Gu Changge saw through Jiang Chen’s disguise. He is probably being imprisoned now, and his life and death are unpredictable. In the hands of a cruel and ruthless person like Gu Changge, Jiang Chen will probably

suffer inhuman torture. If no one saves him, it will be very difficult for him to survive.” Niu Tian sighed, with an unconcealable ambiguity in his sad words.

“Why do you think I can save Jiang Chen?” Hearing these words, Xiao Ruoyin was silent for a while, her expression did not change, she just asked in a flat voice.

“Gu Changge is so kind to you, Ruoyin, I think you should have a way. You just need to whisper love in Gu Changge’s ear. Maybe for your sake, he will let Jiang Chen go.” Hearing this, Niu Tian smiled wryly.

Xiao Ruoyin frowned, she didn’t know if Niu Tian was telling the truth or just joking. Didn’t he know what kind of person Gu Changge was?

If she dared to persuade Gu Changge, what would be the result? And what would Gu Changge think?

At that time, her situation would probably get worse.

“Ruoyin, don’t get me wrong, I actually don’t mean anything else. When Gu Changge released us from the dungeon, he should have known about your relationship with Jiang Chen. Looking at this level of friendship, if you plead with him, it should be fine. If you really have no choice, then I can only find another way.” Seeing Xiao Ruoyin silent for a while, Niu Tian couldn’t help but feel a little anxious. Worried that she would refuse, he hurriedly explained.

“I know, I’ll do my best. But I can’t guarantee whether Jiang Chen can be rescued.” After a long silence, Xiao Ruoyin sighed inwardly and then agreed.

She also knew that now there was no other way. If Gu Changge killed Jiang Chen, then she would not be able to get back her Immortal Boat. No matter what the reason was, she had to find a way to rescue Jiang Chen, at least not let him be killed by Gu Changge now. nOveLUsb.COM

“That’s great, I knew you’d say yes.” Niu Tian was overjoyed and heaved a sigh of relief.

Once he got Xiao Ruoyin’s promise, he didn’t stay for long, and left in a hurry, fearing that it would bring criticism to Xiao Ruoyin. In his opinion, Xiao Ruoyin must have paid something to get her current status. Apart from her beauty, he couldn’t think of anything else about Xiao Ruoyin.

“It really doesn’t give me any peace of mind.” Seeing Niu Tian leave, Xiao Ruoyin shook her head, thought for a while. Then she went to the place where Gu Changge had been during this time.

She knew that Gu Changge would lead people into Mount Kun to rescue the Ancestor of the Ji family tomorrow, so she didn’t know how much time she had. If she didn’t hurry up to see Gu Changge, she didn’t know when would she have to wait for the next time.

...

Boom!!

At this moment, in the damp and dark dungeon, a young man was covered in blood and lying unconscious on the ground in a state of embarrassment.

In the next moment, a basin of cold water was suddenly poured down, he was startled, and suddenly opened his eyes, which were bloodshot, with anger and hatred.

“You woke up?” The jailer on the side sneered, and put down the cold water he was about to pour down.

Jiang Chen’s expression gradually recovered from his confusion, and he struggled to get up from the ground.

He felt severe pain all over his body, countless bones were broken, and all internal organs were ruptured. After being slapped by the old man who looked like a housekeeper, he felt a hundred times more uncomfortable than being pressed down by a mountain.

If he hadn’t possessed the Divine Body of Good Fortune, it probably would not be as simple as just suffering from this injury.

“Where is this?” Jiang Chen looked around, sizing up the environment here, and noticed that there were many bloodstains and scratches on the walls, as well as cold chains that especially penetrated through the lute bone.

It was clearly a dark dungeon. Then, he noticed the man in black clothes standing in front of him. Jiang Chen suddenly trembled, humiliation, anger, and hatred could not be concealed in his eyes.

“Gu... Chang... Ge!” He stared intently, and almost squeezed out these three words from his teeth.

Behind Gu Changge, stood Ji Yaoxing and Ji Chu Yue. But Ji Chu Yue didn’t dare to make eye contact with Jiang Chen. When they were at the banquet before, Jiang Chen had been looking at her all the time. Although she understood, she kept avoiding his gaze.

The same was true today.

“It seems that your injury is not serious enough, and you still have the strength to speak.” Gu Changge smiled lightly, and the jailer next to him handed him a cup of steaming tea.

He breathed out lightly and unhurriedly, appearing extremely leisurely and natural.

“I’m going to fight you!” Looking at Gu Changge’s casually looking down at him, Jiang Chen gnawed his teeth. He rushed up to fight him desperately regardless of the severe pain all over his body.

But before he could make a move, the jailer at the side looked cold, kicked him directly, and scolded, “How dare you be presumptuous in front of the Young Master! Don’t seek your own death!”

“Puff!!”

How could Jiang Chen, who was covered in injuries, bear such a kick now. He suddenly spurted a mouthful of blood mixed with a lot of internal organ fragments?

The whole person flew out and fell on the wall, looking even more embarrassed. Ji Chu Yue couldn’t bear it, but she didn’t dare to say anything in front of Gu Changge.

“Sister, you should come and talk to him personally.” Seeing this, Ji Yaoxing couldn’t help shaking his head, worried that Gu Changge might misunderstand something, so he asked Ji Chu Yue to cut off the relationship with Jiang Chen by herself.

In this way, she and Jiang Chen could also give up their hearts and stop having illusions. Ji Chu Yue's small face turned slightly pale. Hearing this, she glanced at her brother, then at Gu Changge who was casual and indifferent, then gritted her teeth and walked forward cruelly.

Gradually, as if she had figured it out, the expression on her face gradually became calm.

"Chu Yue... I know you can't help yourself, and you have a hard time. I don't blame you." Jiang Chen got up from the ground, looked at her, and seemed to have guessed what Ji Chuyue was going to say. But at this time, he still smiled understandingly.

"Jiang Chen, don't be so sentimental, don't you understand until now? Why is your identity exposed?" Ji Chuyue shook her head, and said in a cold voice, "You are a sensible person, you can be used by Mr. Gu. Mr. Gu is magnanimous, and maybe he can spare your life, regardless of your previous offenses."

"Chu Yue, you don't have to say this, I know you are not such a person." Hearing these words, Jiang Chen endured severe pain all over his body, but couldn't help laughing.

He understood that Ji Chu Yue was forced. She was a kind-hearted girl, and she would never do such a thing as reveal his identity. The one in front of him was just a faux pas.

"You!" Ji Chu Yue frowned, secretly anxious.

She was saving Jiang Chen, as long as he was obedient and was used by Gu Changge, he would survive, why couldn't he understand?

"It seems that you haven't figured it out yet, so let me tell you bluntly. The Ji family wants to rescue their Ancestor, and you carry the inheritance of the Divine Origin Master, so you can help the Ji family in Mount Kun. After you rescue the Ancestor of the Ji family, you will be the benefactor of the Ji family, and even the Ancestor of the Ji family will be grateful to you."

"Don't you have thoughts about Ji Chu Yue? At that time, the Ancestor of the Ji family will support you, and it is not impossible for you to be the son-in-law of the Ji family."

Gu Changge smiled faintly, waved his hand, and interrupted what Ji Chu Yue was going to say.

Immediately afterward, he walked over, and suddenly wrapped his other hand around Ji Chu Yue's slender waist, causing her to stand there in a daze, with a look of bewilderment on her little face.

"Gu Changge, what do you mean?" Seeing this, Jiang Chen's complexion became extremely ugly, his eyes almost spitfire, and he really wanted to cut off Gu Changge's hand.

Ji Chu Yue's head was also buzzing, and she froze in place, not daring to move at all. However, Gu Changge seemed unable to see Jiang Chen's expression or turned a blind eye to his gaze.

Still smiling faintly, he stretched out his hand to caress the frightened little face in front of him.

"You can also see that Ji Chu Yue doesn't want to be my concubine. If you don't want her to be played with by me at will like today, I think you should find a way to save her."

"If you rescue the Ancestor of the Ji family, you may marry Ji Chu Yue and become the son-in-law of the Ji family. Or be crushed to death by me. You choose one of these two choices."

Chapter 570: Can't figure out the place, The time to display acting skills

In a dark and damp dungeon. Jiang Chen clenched his teeth as his fists creaked. With anger in his heart, he firmly stared at Gu Changge.

"Don't bully people too much! Don't even try to threaten me with Chu Yue! I won't even consider what you said. If you want to kill me, go ahead. Do you think I'm afraid of death?" n0VeluSB.com

Especially when he heard Gu Changge's unabashed mocking and humiliating words, he was even more furious. He wanted to smash Gu Changge's body into thousands of pieces.

In Gu Changge's mouth, Ji Chu Yue became a commodity-like thing, not a living person.

During this process, Ji Yaoxing, who was Ji Chu Yue's older brother, instead of stopping him, stood aside as if turning a blind eye to it. Such an indifferent attitude made Jiang Chen even more heartbroken and angry.

"Really? It seems that you really don't care about Ji Chu Yue?" Gu Changge smiled casually, then looked down from Ji Chu Yue's face very naturally.

At this moment, Ji Chu Yue felt as if her whole body had been stripped away, leaving nothing left. The chill hit her bone, making her tremble uncontrollably.

"If you have something, deal with me, why are you bullying Chu Yue?" Seeing this scene, Jiang Chen continued to growl. He looked at Ji Chu Yue's pale face due to panic, his whole body was trembling.

This made his heart twitch in pain, he didn't want to see such a kind woman being played by Gu Changge like this.

"It's up to you. If you really like Ji Chu Yue, then you'd better consider what I just said." Gu Changge smiled faintly, stretched out his hand to pinch Ji Chu Yue's slender and fair chin before forcing her to look at him.

"Young Master Gu..." Ji Chu Yue felt very humiliated in her heart, tears welled up in her eyes, but she didn't dare to resist. She didn't even dare to conceive such an idea.

As Gu Changge said so, she didn't want to be used as a tool for the Ji family's marriage, even if it was to be Gu Changge's concubine. But it was just like what Ji Yaoxing said to her a few days ago. This was her inevitable fate, and from the moment she was born, she had no choice.

Gu Changge's current terrifying power was enough to make the entire Ji family shudder, let alone a little her.

"Don't worry, I won't kill him for the time being. But I think you don't want to be my concubine. This Gu doesn't like to force others to make things difficult, so you should say these words to this guy yourself..." Gu Changge's expression didn't change at all, then he smiled lightly and let go of his hand.

Hearing these words, Ji Chu Yue's face was still pale, she hurriedly shook her head and said, "No, it's Chu Yue's blessing to be Mr. Gu's concubine, how could Chu Yue not be willing?"

Gu Changge's eyes remained turbulent, but he just smiled softly, "But you are not sincere, your expression has already betrayed you. For a girl like you who is beautiful and graceful, your eyes can't deceive anyone."

"Chu Yue dare not lie to Mr. Gu. Chu Yue's every sentence is true. There are countless heavenly girls in the Upper Realm who covet this identity. How could Chu Yue be unwilling? I'm very happy ." Ji Chu Yue quickly shook her head and explained that she dare not offend Gu Changge at this time.

She knew the Ji family very well, even if Jiang Chen could help the Ji family rescue their Ancestor Ji Sheng Chu, her family would not marry her to Jiang Chen. At most, they would be to find a direct descendant woman and let Jiang Chen marry him.

Compared to marrying other well-matched young lords, becoming Gu Changge's concubine was indeed a blessing that she could hardly achieve in several lifetimes. That was the envy of countless people.

"Gu Changge, you despicable villain, don't force Chu Yue! Give me one night to think about it, and I will give you an answer tomorrow morning." Hearing Ji Chu Yue's insincere words, Jiang Chen couldn't help shouting angrily. He interrupted her, and stared at Gu Changge with red eyes.

He didn't know why Gu Changge tried his best to save Ji Sheng Chu, the Ancestor of the Ji family. But as things were going now, he had no other choice. If he didn't agree, he might be killed by Gu Changge, or might even die in this dungeon for the rest of his life.

It was also impossible for him to see Ji Chu Yue fall into the fire pit with his own eyes and remain indifferent.

"You seem to have made a mistake. This matter is not about helping me but helping the Ji family. You must know that after you rescue the Ancestor of the Ji family, you will have the opportunity to become the son-in-law of the Ji family. That is also helping yourself. "

Gu Changge smiled lightly, then waved his hand to make everyone retreat as he stopped embarrassing Jiang Chen. His goal had actually been achieved and Jiang Chen would definitely agree to it tomorrow morning.

When the time came to enter Mount Kun, Jiang Chen still wanted to come out alive? He was just simply naive.

"Immortal Boat, what is Gu Changge's purpose? How could a person like him try his best to rescue the Ancestor of the Ji family? This is not in line with Gu Changge's personality at all. He must have some unknown plot."

After Gu Changge, Ji Chu Yue, Ji Yaoxing, and others left, the dungeon quickly returned to dead silence and coldness. Jiang Chen's eyes were cold, he leaned his back against the wall, exhaled heavily, trying to calm himself down as he talked with the Immortal Boat Artifact Spirit in his mind. This was what he couldn't figure out the most.

"I also can't figure out how Gu Changge could be so kind. He must have no good intentions. He isn't sincerely considering rescuing the Ancestor of the Ji family." The Artifact Spirit of Good Fortune Immortal Boat also had a heavy voice.

“Then what should we do?” Jiang Chen took a deep breath, began to cultivate as he asked while recovering from his injuries.

“Now what you need to pay attention to is how to survive in Mount Kun. Then we must find a way to escape. Cooperating with Gu Changge is tantamount to seeking skin from a tiger. Once you enter Mount Kun, you must be careful at every step. I think you can move the general trend and formations in it, so as to create opportunities for you to escape.” Good Fortune Immortal Boat replied. It was very worried that its existence would be discovered by Gu Changge.

Ever since it saw Gu Changge for the first time, it felt an unprecedented danger in his aura. Many things that followed confirmed its guess. Now it was fortunate that Gu Changge had not discovered its existence but only thought that Jiang Chen had the inheritance of the Divine Origin Master.

Outside the dungeon, the sun set following the autumn winds. When Gu Changge and others emerged, a slender figure that surprised him was standing in front of him, as if waiting for him.

After Ji Yaoxing and Ji Chu Yue took a look, they recognized that the person who came was Xiao Ruoyin, a disciple of the Heavenly Dao Immortal Palace, who was said to be very close to Gu Changge. The two of them left in a hurry, did not stay there for long, and did not dare to ask more questions.

“Young Master Gu...” Xiao Ruoyin was dressed in white. Her slender figure, fluttering black hair, curving black eyebrows, a small nose, red lips along with the delicate white skin exuded an unspeakably beautiful beauty. Standing there, she seemed to be ready to return home at any time.

After learning that she wanted to see Gu Changge, the guards here did not stop her but sent her over instead. Because they knew that Xiao Ruoyin and Gu Changge had a close relationship.

“What? Ruoyin has something to ask from me?” Gu Changge smiled lightly and asked the question knowingly.

Xiao Ruoyin’s eyes fell on his face, she nodded and didn’t hide her intention, and replied, “Ruoyin heard that Jiang Chen was arrested by Mr. Gu.”

“Oh, then you came here for Jiang Chen?” Gu Changge raised his eyebrows, showing an expression of interest.

He felt that Xiao Ruoyin’s expression today seemed quite different from before. Gu Changge naturally knew about Xiao Ruoyin’s meeting with Jiang Chen. He even knew that Jiang Chen had told Xiao Ruoyin the ins and outs of the matter.

After learning the truth of the matter, Xiao Ruoyin’s many reactions were normal in Gu Changge’s view. However, Gu Changge still felt that there was something wrong with Xiao Ruoyin today. Although she hid it well, Gu Changge still checked her current Luck.

“Looks like I was right.” A strange color flashed in Gu Changge’s eyes, and they quickly returned to normal.

Judging from this sudden increase in Luck, Xiao Ruoyin should have recovered a lot of memories of the Prophet of Destiny.

“Ruoyin and Jiang Chen are old acquaintances, seeing him being captured by Mr. Gu, it’s really impossible to just stand by and remain indifferent.” Xiao Ruoyin said softly, her eyes looked a little sad just right.

She had been quietly paying attention to Gu Changge’s expression, worried that he would notice something unusual, so she explained very cautiously. And what she said was reasonable, and there was nothing wrong with it.

“So you are worried that I will kill Jiang Chen?” Gu Changge smiled and suddenly approached her, placing his palm on her face with a little playfulness.

Xiao Ruoyin hummed softly. Her body froze a little, and a layer of small bumps appeared on her skin, which was unnatural, but she recovered quickly.

“Don’t worry, for your sake, I will definitely not kill him.” Gu Changge said with a faint smile.

“Thank you, Young Master Gu.” With Gu Changge’s guarantee, Xiao Ruoyin was somewhat relieved.

Yet on the way here, she heard a lot of rumors, feeling that Gu Changge would bring Jiang Chen to Mount Kun. Jiang Chen was regarded as the successor of the Divine Origin Master by Upper Realm. It was by the virtue of the Immortal Boat.

Mount Kun was so dangerous, but with Jiang Chen’s help, it would definitely reduce a lot of trouble. So when the time came, she had to find a way to follow in the dark, in case Jiang Chen had an accident.

“Jiang Chen is being imprisoned in the dungeon right now, do you want to meet him?” Afterward, Gu Changge glanced at her and asked with some interest.

Xiao Ruoyin was silent for a while, then shook her head and said, “Forget it, Jiang Chen probably doesn’t want to see me now either. I have nothing to do with him.”

She also didn’t want Gu Changge to misunderstand what was going on between her and Jiang Chen at this time. Knowing that Jiang Chen wouldn’t die, for now, she was relieved. Gu Changge smiled, didn’t say much, and then ordered the jailers behind him to take good care of Jiang Chen, and not let him die in it.

“It’s getting late, you will return to Heavenly Dao Immortal Palace tomorrow, right?” On the way back to the palace, Gu Changge asked casually with a vague smile on his face.

“Well, Ruoyin will follow the elders and the others back to the Heavenly Dao Immortal Palace tomorrow. I don’t know when will be the next time I see Mr. Gu.” Xiao Ruoyin nodded as she followed him silently and said with some reluctance, though her heart was extremely awkward and unnatural.

She didn’t want Gu Changge to find out that she had recovered the memory of the Prophet of Destiny. So at this time, she could only behave like Xiao Ruoyin in the past.

“Then you need to cultivate harder. Next time I see you, I hope you can surprise me.” Gu Changge smiled faintly.

Xiao Ruoyin’s heart trembled, but she still agreed on the surface, “Ruoyin will definitely not disappoint Mr. Gu.”

Destiny, nothingness, even if the physique had only reached small achievement, the blood was also an extremely rare elixir, with many wonderful uses. She felt that the reason why Gu Changge asked her to cultivate more diligently was actually because of this.

Thinking of this, Xiao Ruoyin was even more cautious, not daring to show any abnormalities, so that Gu Changge could discover the fact that her physique had already awakened.

“It’s getting late, so Ruoyin will leave first.” Then, walking outside the hall, Xiao Ruoyin, who was worried, looked up at the sky, and bid farewell, planning to leave first.

She felt that the longer she stayed by Gu Changge’s side, the more risk of exposure she would have. The best way was to stay away from Gu Changge.

“Huh? Do you have anything to do tonight?” But hearing this, Gu Changge was a little surprised, as if he didn’t expect Xiao Ruoyin to say that.

Seeing Gu Changge’s expression, Xiao Ruoyin was stunned for a moment and quickly realized her mistake. Cold sweat broke out on her back, then she shook her head and explained, “No... it’s okay, Ruoyin will be fine tonight. I thought Mr. Gu was going to discuss matters of Mount Kun tonight, so...”

In the past, Xiao Ruoyin would never say such things. Even if there were important things, she would put them down. Given such an opportunity, she would definitely try to stay overnight.

If there was a mistake in such a small detail, Gu Changge was likely to notice it.

“What is there to discuss about the matter of Mount Kun? It is a matter of the Ji family and has nothing to do with me.” Hearing this, Gu Changge shook his head, his smile seemed very casual, then he reached out to caress her pretty face, and asked, “Why do I feel that you are a little afraid of me now? Did Jiang Chen say something to you?”

“Jiang Chen did tell me a lot of bad things about Mr. Gu. But I know that Mr. Gu must have a reason for doing those things. I believe Mr. Gu.” Hearing this question, Xiao Ruoyin couldn’t help but feel a little nervous. She still tried her best to maintain normalcy, leaning her head gently into Gu Changge’s arms, and said softly.

“If you trust me so much, you’re not afraid that I’ll suddenly hurt you one day?” Gu Changge smiled slightly with a strange look in his eyes.

Xiao Ruoyin shook her head and said, “I am not afraid, everything Ruoyin has now was given by Mr. Gu. If you want to harm me one day, I won’t blame you.”

“Haha, I can’t blame anyone... How could I harm you based on what you said.” Gu Changge couldn’t help laughing.

Since Xiao Ruoyin planned to compete with him in acting, he wanted to see how far she could pretend. Seeing that Gu Changge didn’t seem suspicious, Xiao Ruoyin breathed a sigh of relief. Only she knew that her back was almost wet with cold sweat just now.

But as long as she thought about what was going to happen in a while, her heart was full of awkwardness and helplessness. As the Prophet of Destiny of the Immortal Palace, it could only be said that good fortune had tricked people to be reduced to such a point now.

At this moment, she even wished that she hadn't awakened the memory of her previous life.
