Chapter 571: All forces gather in Mount Kun, Suspecting that last night was deliberate

Mount Kun was located 30,000 miles away from Kunwu City. It was a large mountain range shrouded in the vast chaotic mist and stood on the top of the clouds, looking extremely majestic.

It was so foggy that it was impossible to see clearly, it was more like an ancient land that existed since the beginning of the world, full of mystery and vastness. The mountains were as magnificent as true dragons crawling on the ground, majestic and filled with vicissitudes, stretching to no end.

A stream of divine clouds rose from the mountains, being reflected in the sky and the earth. Many terrifying beasts could be seen in the entire forest, even the Supreme ones would not dare to easily set foot in it. However, the deeper Mount Kun went, the more strange the scene became.

Some parts were as bright as spring, some areas were like the twelfth lunar month of winter, full of snow fields, and some mountains were all composed of blood-colored volcanoes, with flames gushing out from cracks, which could burn everything.

Of course, as a forbidden area, the most dangerous thing here was the special field, which contained some kind of fierce laws that could easily wipe out the creatures that step into it.

There were ancient speculations that it was the aura remaining in the blood of the Immortal King who had fallen here.

On the outskirts of Mount Kun, a group of figures gathered and stood in the sky, their faces were incomparably blurred, surrounded by chaotic energy and their dharma body was as tall as a mountain, extremely terrifying.

Behind them, there were also extremely terrifying Emperor artifacts floating up and down. They consisted of big seals, ancient tripods, red furnaces, and giant towers... The falling brilliance was as heavy as chaotic air, which could crush the void and smash everything.

There was no doubt that this was a group of overlords who had achieved Enlightenment, and they came from all races and sects.

“The changes in Mount Kun have become more and more serious these days. According to the old man, it should be because the Ancestor of the Ji family can’t hold on.” An Enlightened being opened his mouth with flickering eyes as if he was evolving some kind of strange scene, trying to see through Mount Kun.

The person next to him shook his head and said, “This matter may not necessarily have something to do with the Ancestor of the Ji family, but when we invade Mount Kun this time, we shouldn’t be careless.”

After watching here for a while, their figures disappeared quickly, and then they went to find the clansmen of their respective forces and explained to them the danger of this incident.

Mount Kun, as a very well-known forbidden area of the Upper Realm. It was naturally bound by misfortune and good fortune, and there were dangers and opportunities. Entering Mount Kun this time was also an opportunity for them.

After all, even among the strange stones from Mount Kun, there were all kinds of immortal treasures hidden, let alone entering it.

Boom!!

Afterward, divine rays of light shot up to the sky, and ancient warships crushed the sky and surged towards this place. The simple flags above were waving with the symbols of various Dao traditions.

The Ancient Immortal Wang Family, Heavenly Emperor Mountain, the Ancient Ye Clan, the Endless Fire Kingdom, the Human Ancestor Hall, the War Immortal Mansion, the Hidden An Clan...

All the famous forces of the Upper Realm had sent people. Now they were waiting on the outskirts of Mount Kun, planning to attack together.

"This is the mysterious sword technique you cut out. I have already found someone to translate it. It is called the Burial Sword technique. However, it is murderous and not very suitable for you." Outside Kunwu City, Gu Changge handed the jade slip in his hand to Gu Xian'er, shook his head lightly, and said, "You can watch and cultivate it by yourself."

Gu Xian'er took the jade slip as she stared at him closely with her pair of beautiful eyes, and then snorted, "I see, I'm not a three-year-old kid. Then I'll go back to Peach Village, don't you die here Inside Mount Kun."

She planned to go back and find some masters to take a look at the egg she cut out. These days, she always felt that there were some abnormalities in it, and it did not seem to be simple creatures.

In fact, she also wanted to go to Mount Kun to have a look, but Gu Changge didn't want her to go, saying that if she dared to go, he would break her legs. Gu Xian'er originally dismissed Gu Changge's threats, but this time he looked very serious, and he didn't seem to be joking with her.

So she could only give up. Needless to say, regarding the dangers in Mount Kun, even if the Supreme being went in, he would not be sure that he could make it out alive. She won't make trouble for Gu Changge anymore.

"Understood, just wait for me obediently in Peach Village." Gu Changge smiled and stretched out his hand before pinching her nose.

"Hmm, I'll be waiting for your return." Gu Xian'er rarely knocked off his hand and responded from her nose. However, she felt that her tone seemed a bit wrong. She was about to explain, but she saw a smile on Gu Changge's face.

A haze suddenly appeared on her face, and she glared at him, "What are you laughing at, don't laugh at me."

Then, after Gu Xian'er, Su Qingge, and others left, Gu Changge led the people behind him to Mount Kun. Except for Alpha, Ji Chu Yue, and Ji Yaoxing, the other powerhouses behind him were some vicious thieves he asked Ji Qingxuan to find from the Chaotic Starfield.

Gu Changge didn't intend to let his family members die. After all, Mount Kun was so dangerous, he couldn't guarantee that he could protect the people around him well. His rescue of the Ancestor of the Ji

family was naturally just a superficial feign. At this time, the other forces must be allowed to open the way.

As for Jiang Chen, he was being led behind by several thieves at the moment, staring at Gu Changge's back with a gloomy expression. He had no choice but to agree at this time. Although Gu Changge promised to let him go after the matter was completed. But Jiang Chen didn't believe his words.

From the guards guarding him last night, he even heard about Xiao Ruoyin coming to plead with Gu Changge. This made his heart, which had already given up on Xiao Ruoyin and turned into stagnant water, suddenly create waves.

It seemed that Xiao Ruoyin was not so unfeeling and ungrateful he thought, maybe she had some difficulties as Niu Tian had mentioned. He needed to get out alive, find Xiao Ruoyin, and ask her personally.

Just when Gu Changge and others left Kunwu City, another figure in white quietly left from outside the city, walking in a strange posture, and secretly followed behind. No one around her seemed to see her and turned a blind eye to her.

"Gu Changge seems to be planning to enter Mount Kun from the front..." Xiao Ruoyin frowned and kept a long distance from Gu Changge and the others. She worried that Gu Changge, who had a strong sense of perception, would notice her.

She was sure to hide it from the others, but she was not sure to hide it from Gu Changge. Especially after the close contact last night, she felt that Gu Changge's strength was unfathomable. There probably were not many people in the Upper Realm who could keep him in check and balance him.

If it weren't for knowing that Gu Changge hadn't noticed her abnormality, Xiao Ruoyin would have suspected that Gu Changge did it on purpose last night.

If the time before she regained her memory was not counted, she had never experienced human affairs before, so naturally she couldn't take it anymore, and finally, she was exhausted and fell into a deep sleep.

When she woke up again, it was already the next day. No one was seen in the palace, and even Gu Changge's figure was nowhere to be seen.

This made her feel a little startled. Judging from the years, it was the first time in her countless years of cultivation that she slept so deeply that she didn't even know when Gu Changge left.

Although the edge of Mount Kun was desolate, there was still a stretch of mountains. One after another, the majestic bodies were reddish brown, perhaps because it had been contaminated with the blood of the Immortal King, which made people feel fearful.

In a place farther away, one could even see the divine light floating inside, the chaotic atmosphere, the runes flashing and disappearing, and the lines of the Dao vertically and horizontally.

That place was also full of dangers, the terrifying monsters and the pressure that could oppress the powerhouse of the Supreme Realm were shrouded, making it almost impossible for people to move.

At this moment, there was a blur in the void, and then several figures with terrifying auras walked out of it. Among them was a middle-aged man in a green robe, with a tall and straight figure, his eyes were like stars, and he stood proudly, very heroic.

There seemed to be floating lights around him as well as dancing shadows like dreams and illusions, obviously a manifestation of advanced cultivation.

It was Ji Hao, the current patriarch of the Ji family, and there were many figures beside him, including the high-level members of the Ji family, the Ancestors, and friends he invited from other places, who wanted to help in rescuing the Ancestor of the Ji family.

“Patriarch, thanks to Young Master Changge, otherwise with our strength, we would not be able to call so many people to rescue the Ancestor.” Seeing a place not far away, divine lights were rushing to this place one after another, an old woman from the Ji family said with a bit of excitement.

When Gu Changge was mentioned, she felt even more revered.

“Yeah, thanks to Young Master Changge, otherwise, we don’t know how many people will be lost in this plan to rescue the Ancestor.”

The Patriarch of the Ji Family, Ji Hao, nodded in agreement. If he hadn’t seen it with his own eyes, he would never have imagined that so many forces would come to help them.

“I heard that Miss Chu Yue and Master Yaoxing have been away with Young Master Changge for a long time. This is the opportunity for my Ji family, Patriarch!”

Several clan elders on the side also had smiles on their faces, looking extremely happy.

Among the surrounding mountain peaks, divine lights appeared one after another, and their brilliance swept across the sky. People from various families were rushing over, and among them were many young lords, accompanied by powerhouses to protect them.

The figures of the Heavenly Phoenix Maiden, the Six Crown King, the Heavenly Demon Monarch, Jin Chan Buddha and others all appeared from various places, looking at Mount Kun in the distance.

“This time, as long as we follow the clan and the Ancestors, Gu Changge definitely would not dare to do anything to us.”

In another direction, the figures of An Xi, Xiao Zhanxian, Niu Tian, and others also appeared. Behind them were also many powerhouses, with divine light looming, precious light flickering, and their aura was astonishing.

Of course, the most notable ones were the two Enlightened beings, one from the War Immortal Mansion, and the other from the Hidden An Clan, who was An Xi’s great-uncle An Wangshan. After learning about this, he rushed over from the An Clan again, trying to protect An Xi and the others.

“Huh? How is it possible... that guy An Yan, why is she here?!” But at this moment, An Xi’s face suddenly changed slightly, she noticed a silver-haired and beautiful girl among the An people who came to Mount Kun this time.

The young girl had a proud figure, with exquisite curves and a delicate and flawless face. The skin was as white as porcelain, as delicate as jade, and it was no worse than immortal jade.

And her eyes were like light red colored glaze, very magnificent and beautiful. Fluttering and flashing, it was so charming that people couldn't find the slightest reason to hate her.

On the top of her head, there was also a pair of inconspicuous rose-red horns, revealing her non-human identity. It was her half-sister, An Yan, who cut her off halfway and snatched her Shadow Immortal True Blood!

Chapter 572: Eating inside out, The means arranged in advance

Among the team from the Hidden An Clan that had come to Mount Kun, An Yan's figure attracted An Xi's attention, which made her look jealous. She was still waiting to settle the matter in Mount Kun before returning to the clan and asking An Yan to return her drop of Shadow Immortal True Blood.

In the past, she never took An Yan seriously, even if she knew that everything on her surface was a disguise, she didn't take An Yan seriously. And this time, it was because of carelessness that An Yan had managed to snatch that drop of Shadow Immortal True Blood, which was extremely important to her. All the efforts she had put in before went in vain.

"Elder sister..." While An Xi's face was gloomy and uncertain, An Yan's figure had already landed in front of her.

There was an innocent smile on that pretty and charming face as she greeted her. From the perspective of an outsider, they might feel a positive relationship between sisters An Xi and An Yan.

"You're a good girl, you caught me off guard." At this time, An Xi's expression returned to normal, and she said lightly with inherent arrogance and casualness.

In front of outsiders, she did not lower her status to argue with An Yan, after all, she had plenty of time and means to deal with her.

"Thanks to my sister's concession, speaking of it, without my sister's help, it would have been very difficult for me to get that drop of Hidden Immortal True Blood."

An Yan smiled innocently, showing a pair of dimples, uttering murderous words. An Xi's face turned ugly, she never expected that An Yan would dare to provoke her in front of all the clansmen.

"Little girl, your methods are still too tender. Do you really think that you can win me by snatching that drop of True Blood? Did you come to show off in front of me? It's ridiculous. This Mount Kun is so easy to come to. Let's talk about it if you can save your life." An Xi couldn't help sneering, looking very disdainful.

Seeing that the two were incompatible, many people of An Clan around them did not dare to intervene at will, for fear of being involved in this chaos within the An Clan.

"Sister, did you misunderstand something?" An Yan suddenly smiled when she heard the words as if she heard some particularly funny joke.

"What do you mean?" An Xi frowned.

"I didn't come to Mount Kun to find you, sister." An Yan smiled contemptuously.

While she was speaking, there was a commotion not far away, and the eyes of Enlightened beings from all the forces in the sky fell over. There were many figures walking toward this place, and the leader was Gu Changge.

"Young Master Gu..." An Yan's eyes lit up. A happy and excited smile appeared on her face as she walked toward him. She didn't notice An Xi who was behind her had an extremely ugly face.

"Damn you!!! When did she get so close to Gu Changge..."

Seeing An Yan taking the initiative to move toward Gu Changge, An Xi couldn't help feeling bad. An Yan had cut her off halfway and taken away her Shadow Immortal True Blood. This trip to Mount Kun might not be as smooth as she thought.

"Jiang Chen..." Niu Tian, who had been silently following behind An Xi and the others, also noticed Jiang Chen who was being guarded by Gu Changge at this moment. Seeing that he was fine, he was somewhat relieved, thinking that Xiao Ruoyin should have played a role in this matter.

"Greetings, Mr. Gu." An Yan arrived before Gu Changge and said respectfully with a bit of excitement.

She had always remembered the things that Gu Changge gave her, and now that the drop of Shadow Immortal True Blood had been obtained, she had completed Gu Changge's test and proved her worth.

"It seems that you obtained the drop of True Blood?" Gu Changge did not expect An Yan to come to Mount Kun, but he didn't care too much about it.

An Yan herself was just a dispensable pawn to him. If she could prove her usefulness, then Gu Changge would naturally help her out. If she couldn't do it, then he naturally didn't need to waste time.

"Yeah, I lived up to Mr. Gu's expectations." An Yan nodded with a relieved smile on her face as if she wanted some credit. Not waiting further, she handed over a bronze box with various ancient runes shining on it to Gu Changge.

"The drop of Shadow Immortal True Blood is sealed in it." She said with eyes full of expectation. "I found a way to get the few drops of Shadow Immortal True Blood left by the An clan for Mr. Gu."

Gu Changge smiled, casually glanced at the bronze box, and had no intention of opening it.

"Thanks a lot." He didn't think An Yan had the guts to deceive him.

"An Yan actually gave that thing to Gu Changge!" Looking at this scene not far away, An Xi's eyes were a little red. She clenched her teeth in anger. It was one of the only three drops of Shadow Immortal True Blood left in the An Clan.

If Niu Tian fused with that drop of true blood, he could even regain some of the glory of her Ancestor in a short time. With this help at that time, her position as the leader of the An Clan would be secure.

“When did this girl have such a connection with Gu Changge? She even gave that drop of blood to an outsider... In order to please Gu Changge, she is eating inside and out!” An Xi’s uncle’s expression was also very ugly.

Although according to the family rules of the An Clan, after An Yan got this drop of Shadow Immortal True Blood, she naturally had the right to dispose of it. Even if she threw it away, it had nothing to do with the rest of the people.

But seeing her use this thing to curry favor with Gu Changge with their own eyes made many people of An Clan feel resentful. Not long after, outside Mount Kun, many cultivators had gathered, and blurred figures stood on all sides. After the discussion, the various forces began to attack Mount Kun.

Buzz!!

In the sky, pieces of Enlightenment artifacts were floating up and down as a terrifying divine light was descending before they began to recover. The unrivaled aura permeated, suppressing the sky and the earth, making all the cultivators breathless.

A stove that looked like a red flowing fire emerged like a round sun. Its brilliance was scorching, and hundreds of millions of red clouds were sprayed out, falling toward Mount Kun in front!

In addition, the rest of the Enlightenment artifacts were also revived as they blasted out an unrivaled divine light. Accompanied by the chaotic energy and the divine chain of law. Even the sound of Dao began to permeate the world.

Boom!!!

The void exploded, filled with cracks that stretched far beyond ten thousand miles. The endless wind rushed out, sweeping towards all directions, enough to wipe out ordinary cultivators into dust.

This was already the aftermath that had surpassed the supreme level, causing the creatures in many ancient cities near Mount Kun to tremble. Even their souls were almost frozen.

“The ancient existences of the various Dao lineages open the way, and I will follow behind.”

The leader of the Great sect opened his mouth as he waved his hand before leading the disciples and elders behind him. He went forward, turning into divine light, and submerged into Mount Kun that was shrouded in thick fog.

Seeing this, people from the other forces and sects did not stop at all and followed them one after another, but they all went in different directions. The terrain in Mount Kun was complex and dangerous, but there were also many opportunities.

Now that there were major Enlightened beings opening the way forward, the pressure in Mount Kun was much smaller than usual. The chance of getting an opportunity was naturally not small.

Many young lords also had the same idea at this time. Although they were forced to come here by Gu Changge, since they entered Mount Kun, they must gain more benefits on the premise of saving their lives.

“Let’s go this way.” People from the Hidden An Clan and War Immortal Mansion walked together, the two Enlightened beings looked at each other, and then went in from another direction.

An Xi and Xiao Zhanxian looked back at Gu Changge who was not far away, and they were always very wary of him. Seeing that he hadn’t acted yet, it was as if he was waiting and watching. They couldn’t help but develop a bad premonition in his heart. But at this time, they didn’t believe that Gu Changge was so bold to attack the two Enlightened beings in front of them.

“Let’s go this way.” When the figures of many forces were about to disappear, Gu Changge looked away and said casually.

He didn’t follow behind An Xi and the others, he took a look at the terrain of Mount Kun and then chose a path that seemed more remote to head deeper. Behind him, everyone from the Ji family followed, and of course, Jiang Chen was also brought along.

Around Jiang Chen, many people were watching him closely to prevent him from escaping.

“Father, it was thanks to Jiang Chen that I was able to hear the voice of our Ancestor calling for help. He has the inheritance of a Divine Origin Master, so he can help a lot in rescuing our Ancestor this time.”

Ji Chu Yue was still very worried about Jiang Chen’s safety, fearing that the Ji family would tear down the bridge after crossing the river, so she tried explaining to him.

Ji Hao, the Patriarch of the Ji Family, had actually heard of Jiang Chen before. When he was in Purple Mansion, Ji Yaoxing and Ji Chu Yue almost obtained the Heavenly Tower because of Jiang Chen.

Hearing this at this moment, he couldn’t help shaking his head and sighing, “Chu Yue, don’t worry, it’s not that father doesn’t know how to repay his kindness, Jiang Chen’s kindness to the Ji family has always been remembered by father. If the Ancestor can be rescued this time, the benefits will definitely be indispensable to him.”

He was not stupid, Jiang Chen was still needed now, so naturally, he wanted to promise him benefits and trap him. Jiang Chen was the one who offended Gu Changge, how could the Ji family dare to protect him? After rescuing the Ancestor, Jiang Chen’s help would be another matter.

Ji Chu Yue’s eyes were a little sad, she knew that her father was also playing it perfunctorily, not really agreeing with her. Now she could only pray that Gu Changge would keep his word and that Jiang Chen would be let go after this matter was settled.

Rumble!!

In the next few days, a terrifying momentum erupted, the brilliance soared into the sky, and the rays of light shone for millions of miles. Some powerful people roared and fought against the formations in Mount Kun, and a great war broke out.

In the end, this place was in chaos, extremely blurred, and the chaotic energy dissipated before rushing to the world. The Enlightenment artifacts fell down from the sky as if a corner of the world had collapsed.

The scope of the impact was extremely wide. The aftermath alone shook down many stars outside the domain. Some people even saw with their own eyes that a bloody hurricane was sweeping across the plains, covering the sky and blocking out the sun, which was extremely frightening.

It seemed that there were ancient fierce beasts revived, a true dragon, immortal phoenix, black tortoise, vermillion bird, Bi Fang, Qiong qi... These peerless monsters reappeared in the world, powerful and unparalleled. A roar shook the sky and the earth, and the fighting Enlightened being was splashed with colorful crystal blood.

Many cultivators died, swept away by this aura, and exploded silently, leaving no traces. The rescue of the Ancestor by the Ji family attracted a lot of attention from the Upper Realm.

When the major sects began to attack, countless cultivators and creatures from all over the Upper Realm also paid attention to them, paying close attention to the changes in this place from hundreds of millions of distances away.

If the Ji family could rescue the Ancestor of the Ji family, it would also be a huge change for the current situation in the Upper Realm. The magnitude of the change here had shocked too many people, and it was not an exaggeration to describe it as world-renowned.

Those forces who once had enmity with the Ji family naturally did not hope that they could rescue the Ancestor of the Ji family at this time. They wished that all the forces that entered Mount Kun this time would be wiped out and buried in it.

And when the incident in Mount Kun caused a lot of uproar in the Upper Realm, the scourge of the Absolute Heavenly Extinction that broke out before swept across again. The momentum of the attack this time was even more terrifying, like a river breaking its embankment.

Everyday life of the Upper Realm had been greatly affected. In this Absolute Heavenly Extinction, many cultivators even noticed that there were living creatures appearing in it, just like the human race living in the Absolute Heavenly Extinction.

Those of the older generation who knew a lot about the Absolute Heavenly Extinction immediately guessed that this was probably the time when the Absolute Heavenly Imperial Court wanted to appear in this world. Since ancient times, the number of times the Absolute Heavenly Imperial Court had appeared in the Upper Realm was also very few.

The appearance of the Absolute Heavenly Imperial Court this time had made many forces feel a sense of crisis. They could only hope that after the rescue of Ji Sheng Chu, the Ancestor of the Ji family, the calamity of Absolute Heavenly Extinction would be quelled.

The terrain in Mount Kun was complicated with mountains in patches, mist and miasma pervading. Many ancient trees, vines, and spiritual grass scattered all over the place. But none of the cultivators dared to touch them at this time. Someone tried to pick a spiritual herb that was more than a million years old.

As a result, he turned into a mass of pus and blood in an instant, and no one knew what happened. Even the young supreme beings who were protected by many powerhouses were cautious and dare not act rashly.

Buzz!!

The sky trembled, the void split open, and the heavens and the earth were crushed to tremble. A giant cauldron condensed with golden runes flew out as a vast black and yellow air descended, shaking a terrifying fuzzy creature to death, collapsing and splitting apart.

“These are the remnants of the cultivators who once entered Mount Kun and died in it, but their cultivation was even more terrifying than when they were at their peak.” Seeing that Gu Changge’s face did not change, he easily suppressed and killed a blurred figure at the first level of the Quasi-Emperor Realm.

An Enlightened old man from the Ji family felt a little palpitated. This was already the third day they had entered Mount Kun. Although they encountered many crises during the period, they were all resolved, and of course, many people died.

Jiang Chen played his role as the Son of Luck to some extent, with his help, the Ji family lost a lot fewer people. Because of this reason, many members of the Ji family treated Jiang Chen much better.

“This place is far from the depths of Mount Kun, I’m afraid there is still some distance.”

Gu Changge shook his head lightly, and with a flick of his hand the giant golden cauldron above the sky exploded, turning into gorgeous runes all over the sky, dispelling the heavy fog here.

While speaking, his eyes were strange. Although Jiang Chen led the way to untie those strange formations these days, he was actually leading the Ji family members in a certain direction.

In order not to startle the snake, he deliberately waited for Xiao Zhanxian, An Xi, and others to enter Mount Kun before choosing another way to enter. But after entering it, he could vaguely perceive Niu Tian’s existence, so he kept approaching that location. At that time, after Niu Tian got out of the ancient warship, the fruit of general knowledge that Gu Changge gave him was not so delicious.

Gu Changge did that only for such a day to appear, so he prepared the method in advance. Now in his perception, Niu Tian and others were actually not too far away from him.

Mount Kun was shrouded in formation patterns, and the mechanism was so chaotic and blurred that it was difficult for even Enlightened beings to perceive the surrounding situation.

As a result, everyone who entered this place became blind and they were required to carefully explore the depths.

Chapter 573-1: I have been waiting for you here for a long time, Intercept and kill everyone (1)

The fog in Mount Kun was overwhelming, and miasma could be seen everywhere that was filled with all kinds of chaotic auras. This was the aftermath of the battle between the most powerful, and the aura had not dissipated for countless years.

Even the most tyrannical divine sense could hardly be deployed here. Everyone in the Ji family followed Gu Changge all the way deep into Mount Kun. They didn’t suffer many attacks these days, and most of the time it was Gu Changge who resolved various crises ahead.

Although sometimes it was Jiang Chen who assisted them in preventing them from entering a certain dangerous area, it was also thanks to Gu Changge that they were able to reach this place without any danger. Even Ji Chu Yue, who was extremely afraid of Gu Changge, couldn't help feeling a sense of peace of mind when she saw the figure in front of her.

It seemed that with Gu Changge around, there was nothing to worry about. This time, in their view, the matter of rescuing their Ancestor, which was full of crises, became a lot easier. Everyone from the Ji family was very relaxed along the way. Compared with their cautious expression at the beginning, they were many times more relaxed.

"Maybe we can really save Ancestor..." Looking at Gu Changge's figure, Ji Chu Yue secretly looked forward to it.

Along the way, she deliberately avoided Jiang Chen's gaze and didn't say a word to him. From Ji Chu Yue's point of view, after going through the dungeon, Jiang Chen should also understand all of this, and he would give up on her, knowing that revenge was hopeless.

So there was no need for the two of them to meet again, she only hoped that Jiang Chen could survive and let go of his hatred for Gu Changge, living a peaceful life in the future.

Huhuhuhu!

However, at this moment, a thick gray fog covered the sky, blowing from nowhere. Accompanied by the cold, creepy, and chilly aura that penetrated the soul. In just an instant, the surroundings became dark, shrouded in a terrible fog, and all light could not be seen.

"What is this?"

Seeing this scene, the faces of the members of the Ji family changed dramatically. The few Ancestors in the lead felt uneasy for the first time, shuddered, and had some palpitations. This gray fog was completely different from the fog they had encountered before, and it contained an aura that made them fearful and uneasy. *n0veLusℓ.c0M*

This kind of aura felt supreme, but it was also extinct. It seemed to be able to swallow them whole. At this moment, their faces became more vigilant and apprehensive than ever before. The voices of some people couldn't help trembling, and this was the first time they had encountered such a situation in countless years of cultivation.

Even the Enlightened being was extremely disturbed. The rest of the people at the moment turned pale and trembled non-stop. They always feel that countless creatures had been buried in this gray fog for many eras, and the fear was extremely extreme. Before, they thought that Mount Kun was not as dangerous as the rumors said, but this scene really made them uneasy, and their backs were full of chills.

"Everyone should stick together, this should be the great danger in Mount Kun." The patriarch of the Ji family, Ji Hao, said with a serious expression. He was holding an ancient bronze mirror of unknown origin in his hand.

Bright brilliance was spraying out from the crystal-clear mirror, shining in all directions, trying to disperse the gray fog. But with the sound of hissing, the bronze mirror in his hand was rapidly corroding and cracking.

Soon it exploded with a click, turning into powder all over the sky. This scene changed the faces of everyone from the Ji family even more. This treasure was obtained by the Patriarch of the Ji family in a certain ruin in his early years, and it was extremely mysterious.

In some respects, its power even surpassed that of an Enlightenment artifact. But today, it was stained by this gray mist, and it exploded directly, which showed how overbearing and terrifying this gray mist was.

They didn't dare to underestimate the gray fog, and many members of the Ji family gathered together. However, there were still many people who were engulfed by the gray mist in an instant, unable to even scream as they disappeared.

"What exactly is this?"

The expressions of Ji Yaoxing, Ji Chu Yue, and others also changed dramatically. Before, they were lucky and felt that this trip to Mount Kun was far less terrifying than the legends described. But in the next moment, the appearance of this terrifying gray mist slapped all of them firmly.

"Where is Young Master Changge?" Many members of the Ji family discovered the problem, and the moment the thick fog hit, the front was submerged.

Many people did not see Gu Changge, which made them even more uneasy. After all, Gu Changge gave them a great sense of stability. Now even he seemed to be engulfed by this gray mist, which made everyone in the Ji family feel more uneasy. This gray mist was too domineering and weird and even gave them an ominous feeling that they were going to be swallowed and buried in it.

"Young Master Changge should be fine. This gray fog shouldn't last long, and it should dissipate after a while." Ji Hao, the Patriarch of the Ji family, frowned, feeling uneasy as well, but he still comforted everyone.

"Mr. Gu's strength is far beyond what I can imagine. If even he can't do anything, then I can't help you. All we can do is wait for the fog to clear here. Maybe we will see Mr. Gu soon." An Ancestor of the Ji family spoke in a deep voice.

Above his head, there was a small bronze cauldron floating up and down as a vast chain of law was hanging down, trying to resist this gray mist. But accompanied by the same hissing sound, it quickly disintegrated and collapsed, unable to resist at all.

Such a scene made them extremely palpitated and they fell into deep uneasiness.

"This thing doesn't seem to be from Mount Kun, it's more like it appeared out of thin air. I suspect that someone did it on purpose. It might even be the reason for Gu Changge's disappearing..." Jiang Chen had been following behind Ji Chu Yue and the others, witnessing this terrifying scene with his own eyes, he also felt uneasy.

But he didn't expect that the Creation Immortal Boat Artifact Spirit would explain it in this way.

“Is this gray fog intentionally created by someone? What does Gu Changge want to do?” Jiang Chen’s back suddenly broke out in terrifying cold sweat, he shivered, and his scalp went numb.

Why did Gu Changge suddenly create this cloud of gray fog? Was he trying to take advantage of the chaos to cover up something? Or someone?

“No, Gu Changge must have sensed that An Xi and the others are around.”

Suddenly, a thought flashed across Jiang Chen’s mind like lightning, which made his complexion turn pale, and he couldn’t restrain his fear and began to turn his head to look around.

But the surrounding area was full of gray fog, and even Enlightened beings dare not act rashly. Even if he knew that An Xi and the others were in danger, what could he do?

At the same time, on an ice field not too far away from Jiang Chen and the others. An Xi, Xiao Zhanxian, Niu Tian, and other cultivators from the An Clan and War Immortal Mansion were on their way, looking up from time to time to estimate the distance.

“I got a lot of precious rough stones along the way, and I also picked a few elixir plants that were suspected to have been contaminated with the blood of the Immortal King. It was a worthwhile trip.”

The uncle of An Xi’s lineage, the Enlightened being An Wangshan stroked his beard and smiled, talking with the Enlightened being from War Immortal Mansion beside him.

The relationship between the two of them was good. This time they formed an alliance and entered Mount Kun together. With mutual help, they also gained many opportunities. This placed them in a good mood.

“It’s not close to the depths of Mount Kun now, and there should be a lot of good things in it. If we can get a drop or two of the Immortal King’s blood, it will be the best fortune for us.” The Enlightened being from War Immortal Mansion nodded and smiled, and couldn’t hide his enthusiasm when he mentioned the blood of the Immortal King.

“Huh, why is it suddenly foggy?” At this moment, An Xi, Xiao Zhanxian, and others who had been silently following behind the two Enlightened beings suddenly noticed that something was wrong.

A thick gray fog swept from nowhere, covering the sky and the ground as if it could engulf the entire universe. Everyone’s complexion changed drastically, and they all became vigilant. An Wangshan and the Enlightened being from War Immortal Mansion also frowned, looking at this scene uneasily.

“What the hell is this?” An Xi didn’t know why, but there was always an ominous premonition in her heart, and a chill came down her back.

The snowfield suddenly became dark, and the gray fog engulfed the sky, like a landslide and tsunami, and even the sky and the earth trembled. Everyone heard footsteps as if they were coming from the far end of the world. But it seemed to be so close that everyone’s hearts couldn’t help but tighten as if they were pinched by someone.

“It’s him! Gu Changge! Why did he suddenly come here?”

Seeing the figure suddenly appearing in front of them, the faces of An Xi, Xiao Zhanxian, Niu Tian, and others couldn't help but change dramatically.

Gu Changge was standing quietly in front of them, his eyes were calm, and he was dressed in a snow-white robe as if he had merged with the world. The whole person stood there as if surrounded by three thousand ancient worlds, and many gods and Buddhas worshiped there.

A terrifying gray fog swept from behind him, engulfing the heavens and the earth, trying to drown the entire universe. This was a heart-shattering scene. Everyone's heart seemed to have stopped, and the sound of blood stagnation could be heard.

The complexions of An Wangshan and the Enlightened being from War Immortal Mansion suddenly changed, and they became more dignified than ever. They didn't expect that Gu Changge was responsible for all this.

Chapter 573-2: I have been waiting for you here for a long time, Intercept and kill everyone (2)

"He must have come to silence me." The bad premonition in Xiao Zhanxian's heart became true, which made him even more palpitated and chilled, and his back was full of chills.

He knew that Gu Changge would not let him go so easily. When he was in Kunwu City, it was difficult for Gu Changge to attack him due to the presence of many forces. But in Mount Kun, things were different. If Gu Changge wanted to kill him it was as easy as crushing an ant.

"It was you who sent the assassin to assassinate me back then, but today you really couldn't bear it anymore." Xiao Zhanxian said with an ugly face, staring closely at Gu Changge.

Gu Changge walked toward them unhurriedly. He shook his head lightly, and said, "I've been waiting for you here for a long time."

"Gu Changge, what exactly do you want to do?" The Enlightened being from War Immortal Mansion looked extremely fearful, knowing that Gu Changge's strength was beyond their current ability.

And they never expected that Gu Changge would be so bold that he came here to wait for them, he must have had bad intentions!

"An Yan, what's going on here?" An Wangshan stared at the other figure behind Gu Changge, he never expected that An Yan would follow Gu Changge.

"You damn girl, you actually teamed up with outsiders to harm your clansmen, aren't you afraid that your father will find out and punish you?" An Xi's face was also extremely ugly.

"Until now, don't uncle Wang Shan and sister still understand? You're all going to die here today. Who's going to know then?" An Yan looked at them indifferently, not saying much.

"Gu Changge is here to silence us, we know the secret he needs to hide. He came here specifically to intercept us." Xiao Zhanxian turned pale, suppressed the fear in his heart, and shouted angrily, "Fight him, or all of us will die here."

He had already seen Gu Changge's intentions. This terrifying fog of unknown origin could not only cover up the movement of this place. It could even cover up Gu Changge's whereabouts, allowing him to perfectly destroy the corpse.

If the people of An Clan and War Immortal Mansion disappeared in Mount Kun, everyone would think that it was just an accident, and no one would associate it with Gu Changge. Gu Changge didn't say anything, his expression was always calm and deep, since he came here today, he just came here to silence them.

"Attack!!" Many powerhouses here attacked at the same time, and all kinds of treasures were sacrificed.

There were heavenly knives, divine swords, ancient lamps, green tripods... every piece of treasure emerged, shining brightly, covering the sky, and their power was amazing.

Buzz!!

But with Gu Changge flicking his fingers lightly, the void and even the sky in front of him trembled. A pale golden sword energy gushed out from his hand.

The brilliance covered the heavens and the earth, causing the whole place to emit a rumbling and terrifying sound as if the heavens were collapsing and the earth was cracking, and the sky would collapse.

In just a split second, the group of powerhouse rushing toward him exploded, their bodies were hit by the sword's energy as they turned into blood mist with a bang, and their bodies and spirits were both wiped out.

Everyone was terrified to the extreme, their souls trembled, and they couldn't think of resisting. It was also horrible. Gu Changge's cultivation had already reached an unknown level and killing them was easier than crushing ants.

"Attack! Fight him!" An Wangshan's eyes turned red, and he yelled angrily as if his whole body was on fire.

Like a shocking thunder that suppressed the world, the divine furnace pierced through the sky with blood surging to the sky, rushing out from his hand like an indestructible ancient beast, attacking Gu Changge.

As an Enlightened being, his aura was really terrifying like a volcano erupting. If it weren't for the extreme specialness of this place, this wave would definitely be able to shatter stars millions of miles away into dust.

In the other direction, the Enlightened being from War Immortal Mansion also turned into a golden light and rushed up. The speed was so fast that it was indescribable. Using a supreme boxing method, it was like a war immortal descending into the world, invincible while attacking Gu Changge.

At this moment, the world was covered by the shadow of fists. Even a vague scene of the six reincarnations emerged, turning into six ancient dry wells, trying to suppress Gu Changge. Facing the joint siege of the two Enlightened beings, Gu Changge was already very calm and walked forward at a leisurely pace.

After the punch fell, he raised his hand to reach forward, as if a universe was condensing and emerging. The supreme aura of the world manifested as there was a rumbling and majestic momentum.

With that, all the stars in the sky were cohesively rotating, directly crushing and obliterating the six dry wells. *nOveLUs&.cOm*

“Chi!”

Immediately afterward, Gu Changge attacked with an unrivaled sword energy in another direction, which contained the ultimate laws for destroying the world. In an instant, a ray of black light tore apart the heaven and earth, turned into a real-world-destroying dragon, and rushed up in the blink of an eye.

“Puff!”

As soon as the sword light rushed past, it seemed that it swept across the heavens and the earth and came to destroy the world.

“What is this?” The Enlightened being from the War Immortal Mansion looked terrified, his soul was frozen, and it was difficult for him to move.

All the divine weapons and all the protective measures were completely irresistible, and they were all pierced through. He couldn’t rest his eyes until he died, the sword light less than an inch long pierced through the center of his brow, leaving a bloody hole.

Immediately afterward, hundreds of sword lights shot out from his body.

“Boom”

In an instant, his whole body was punctured with sword holes and shattered into the void, leaving nothing behind. His body and spirit were both destroyed. Even at the moment of death, he couldn’t even sacrifice his own Enlightenment artifact, and his soul seemed to be buried in a river of unknown origin.

“The Burial Sword Technique that Gu Xian’er cut out is somewhat extraordinary.” Gu Changge nodded slightly, not paying any attention to the terrified gazes of the crowd.

He just tried the power of the Burial Sword Technique just now, but he was not disappointed. With it, it was not a big problem to kill ordinary Enlightened beings with one sword.

“The Ancestor died...” Xiao Zhanxian and the others looked terrified to the extreme, they never thought that their ancestor would be beheaded by Gu Changge just after meeting each other.

Such a big gap made them desperate. Gu Changge walked calmly, raised his hand, and pressed forward, everyone coughed up blood with the sounds of puff before kneeling down, and then exploded.

The terrifying pressure of his physical body suppressed everyone who tried to get close to him and exploded. Blood spurted out from the seven orifices, terrifying bloodstains appeared on the body, and the spine was bent.

Boom!!

In the next moment, a large cyan tripod with the black and yellow maternal energy hanging down, fell from the sky with terrifying power pouring down as a single ray could crush a whole continent.

This was An Wangshan's Enlightenment artifact. When he made a move, he also unleashed the Enlightenment weapon that he had nurtured for countless years. Seeing the Ancestor of the War Immortal Mansion being killed with his own eyes made him feel fear and uneasiness, and his spirit trembled.

But Gu Changge just slapped his palm forward, and the heavens and the earth were pressed down by this aura. The blue cauldron made a terrifying trembling sound and was immediately blasted out, with fine cracks appearing on the surface.

The aftermath spread and destroyed this place all at once. All the mountains collapsed and turned into ashes, devastation spread everywhere. An Wangshan spat out a mouthful of blood, all his means were broken, and he fell directly from the air, hurting his origin.

The Enlightenment artifact was connected with his mind and was almost destroyed by Gu Changge, which naturally caused great harm to him.

"Young Master Changge, please forgive me..." Seeing that Gu Changge was still walking toward him, An Wangshan was in despair without caring about his dignity, he knelt down and begged for mercy.

It was only when he actually fought against Gu Changge that he realized how desperate it was, and there was no chance of resistance at all. In the current Upper Realm, apart from the birth of the Remnant Immortal, there was probably no one to check and balance Gu Changge!

Xiao Zhanxian, An Xi, Niu Tian, and others were also extremely desperate, their faces were pale, and they collapsed on the ground.

"Young master Changge, please spare me. An Xi is willing to be a slave and a handmaiden, a cow and a horse, as long as you can save my life." An Xi's face was full of fear, and she knelt there begging for mercy, wanting to survive.

She regretted why she saved Niu Tian in the first place, and why she wanted to offend Gu Changge.

"Puff!!"

However, Gu Changge's complexion did not change at all from the beginning to the end, and he waved his sleeves. The terrifying pressure rolled down, and the gray mist engulfed the sky. An Wangshan and An Xi didn't even have time to scream, they disappeared and turned into dust.

"Gu Changge, even if you kill us, your secret will be known sooner or later unless you can kill all the people in the Upper Realm.. I have already told my master that if anything happens to me, he will make the memory stone I left him public, which contains the things I witnessed back then."

Witnessing everyone being killed with his own eyes, Xiao Zhanxian was terrified to the extreme, his hair was disheveled, and he was extremely embarrassed. At this moment, there was no such thing as the young supreme in front of outsiders before, shouting fiercely, wanting to survive.

Chapter 574: Feeling the last despair, Grief-stricken Jiang Chen

The gray mist shrouding the ice field was filled with blood mist, which made Xiao Zhanxian and Niu Tian tremble and cold. Everyone who entered Mount Kun had died, and now there were only two of them left.

Even an invincible existence like the Enlightened being was easily killed by Gu Changge. Did they still have a chance to resist?

“Are you trying to threaten me?” With a slight smile on Gu Changge’s face, his white clothes seemed whiter than snow. Spotless as if he had merged with the whole world.

He unhurriedly walked toward Niu Tian and Xiao Zhanxian, stepping on the snow, and making a clicking sound. But in the ears of the two of them, it was like the sound of their bones breaking, which made the two of them extremely frightened. They couldn’t stop backing away, wanting to survive.

“Gu Changge, you can’t kill me. Once you kill me, the secret of your maid will be made public and known by the Upper Realm. You have to think clearly... If you let me live, I swear that I will keep today’s matter a secret, and I will never reveal the identity of your maid.” Xiao Zhanxian suppressed the trembling in his heart and calmed himself down before negotiating terms with Gu Changge.

He knew that Gu Changge wanted to get rid of him precisely because of this. Now he regretted it, why did he display his flaw when he was at the Divine Stone Conference, only to be discovered by Gu Changge?

“In my opinion, only the dead can keep secrets in this world. The oath you took is no different from nonsense to me.” Gu Changge smiled slightly, his face was so handsome and flawless that one couldn’t pick out the slightest flaw.

Niu Tian and Xiao Zhanxian were even more terrified in this icy and frightening snowfield.

“As long as you kill me, my Master will announce the contents of the memory stone to the Upper Realm. Gu Changge, you have to think about the consequences at that time.” Xiao Zhanxian was stern and only hoped that Gu Changge could think clearly about the consequences of this matter.

Before he came to Mount Kun, he was worried about the accident, so he made extra preparations. As long as he died here, his Master would follow what he said, and pass out the memory stone that contained the sealed part of his memory images, so as to threaten Gu Changge and save his life.

He was worried and afraid that Gu Changge would not care about anything, even if doing so would expose his maid’s identity. In terms of Gu Changge’s indifferent personality, it was completely possible.

“What you said reminded me, who is your Master? I’ll kill him and destroy that memory stone, that’s all.” Gu Changge smiled lightly as if he didn’t care about it at all.

“You!” Xiao Zhanxian didn’t expect that Gu Changge still didn’t want to let him go, and wanted to kill his Master too.

This made him even more frightened. Even in the severe cold and ice and snow, he was sweating all over and couldn’t help trembling.

“It never occurred to him to let us go.” Niu Tian also saw through all of this at this moment, knowing that Gu Changge was playing cat and mouse. He was making them feel the final despair.

“Buzz!!”

In the next moment, the void trembled violently, Xiao Zhanxian gritted his teeth as his eyes went red. He unleashed a Heavenly Umbrella, it was like the sky pressing down on Gu Changge.

This was one of his forbidden weapons, and he couldn't care about anything now, if it could hurt Gu Changge, it was enough.

Gu Changge's face remained calm, and he still seemed to have no waves. He walked forward step by step, as if he hadn't seen the black Heavenly Umbrella, and approached Xiao Zhanxian and Niu Tian.

“Crack!”

The moment the black Heavenly Umbrella approached him, the aura around Gu Changge permeated and fell toward the surroundings with a bang. The dark clouds all over the sky were broken up, and the divine umbrella was broken into pieces.

Clang! Clang! Clang!

Seeing this, the desperate little Zhanxian once again unleashed a forbidden weapon, which turned into thousands of divine swords and slashed toward Gu Changge.

Thousands of chimes resounded in unison, and thousands of chisels illuminated the entire world. It seemed extremely dazzling, each of them was more than ten meters long, and as thick as a water tank.

The blazing divine light almost pierced through the void, rushing to Gu Changge's body, and submerging him inside.

It was a pity that all of this was still useless, Gu Changge didn't stop at all and shook his head lightly, all the brilliance was silently annihilated in front of him. His physical body seemed to have turned into a black hole, which could swallow all kinds of attacks.

This could be called a means of being invulnerable to all divine and immune to all divine powers, which made Xiao Zhanxian desperate.

Buzz!!

In the next moment, the sky and the earth seemingly bent, the void trembled, and everything in the world buckled under this kind of fluctuation.

Gu Changge reached forward with a palm as he directly grabbed Xiao Zhanxian, and then destroyed him into a cloud of blood mist with a bang. Then he randomly found a jade jar to seal his soul in it.

Until Xiao Zhanxian's Master was dealt with, Gu Changge did not intend to erase his soul for the time being. Although Xiao Zhanxian's life-saving methods were cautious, there was no problem as long as Gu Changge didn't kill him for the time being, and his Master would definitely not know about it.

So as long as Gu Changge left Mount Kun, he could find someone to deal with Xiao Zhanxian's Master.

“Shadow Immortal Bloodline...” After dealing with Xiao Zhanxian, Gu Changge once again looked at the desperate Niu Tian. In his opinion, Niu Tian's physique was also unique.

After all, it required the True Blood of Shadow Immortal, but it was better than nothing.

“Gu Changge, you will suffer retribution sooner or later...ah...” Niu Tian’s screams sounded.

Buzz!!

With Gu Changge’s finger popping out, a crystal-clear flower emerged in the void, as if it had taken root in it.

Immediately afterward, this little flower turned into a stream of light, falling toward Niu Tian’s eyebrows, penetrating and absorbing nutrients through his skin, blood, bones, lungs. Even his soul wasn’t spared, and finally the deepest part of the spiritual sea.

An Yan, who had been standing behind Gu Changge, watching all this, couldn’t help but shudder slightly, her face turned pale. This method was really terrible and weird. Taking the Origin Blood of cultivators as nutrients, the flowers of the original avenue were bred.

She was very smart and guessed a lot at once, so she lowered her head quietly and pretended not to see it. As long as she kept herself safe and obediently obeyed Gu Changge’s words, nothing would happen.

Soon, the gray fog dissipated, and heaven and earth returned to tranquility, covered with silver snow, a pure northern scenery. Only some tattered weapons and some blasted corpses remained in some places, telling the tragedy of the battle just now. It looked devastating and extremely tragic.

“Let’s go.” Gu Changge turned his head and glanced in a certain direction, his eyes were a little strange. But he quickly recovered and said to An Yan.

The reason why he had An Yan by his side was not that he wanted her to witness the killing of An Xi and others with his own eyes. It was just for the sake of explaining when the time comes. After all, what happened to the An Clan and the War Immortal Mansion would surely spread soon. Even if someone suspected him, An Yan could prove that at that time, generally speaking, she would not be so insane as to kill her own people.

Of course, this was just Gu Changge’s careful plan. An accident happened to the An Clan and War Immortal Mansion, probably not many people would suspect him. *n0Vetusb.c0M*

After Gu Changge and An Yan left this place, on a wasteland not far away, a figure manifested, it was Xiao Ruoyin. She frowned slightly, feeling that Gu Changge had discovered her just now.

With Gu Changge’s personality, if he found her, how could he not make a move?

Afterward, with a soft sigh, she found a place to bury Niu Tian’s body. From the beginning to the end, she watched all of this happen and did not stop it. Although Niu Tian was her friend, she couldn’t save him in this situation.

If she showed up at will, maybe even she would encounter a crisis and be killed by Gu Changge. An indifferent and feelingless person like Gu Changge would not show any mercy to her even if there was a close relationship between the two of them before.

Now she was not sure if she could escape from Gu Changge.

“What secret did An Clan and War Immortal Mansion discover about Gu Changge, which led to such an end?”

Soon, her figure disappeared into the void again leaving behind vague traces that were difficult to find.

“The fog has finally dissipated, let’s see who is missing...” On the other side, everyone from the Ji family was gathering together, looking up at the gray fog that was gradually dissipating above the sky, and letting out a long sigh of relief.

Several patriarchs and Ji Hao, the Patriarch of the Ji family, immediately ordered their men to check the damage. Although this weird gray fog didn’t last long, it still made everyone sweat and their backs went numb.

“Reporting to the Patriarch, we have lost nearly one-third of our clansmen, and it is estimated that they were all swallowed up by the fog just now.” Soon, a member of the Ji family came back and reported the report with a sad face.

Hearing this, everyone in the Ji family was silent for a while, even Ji Yaoxing and Ji Chu Yue looked slightly gloomy. They lost so many people just by encountering such a strange fog. If they entered the depths of Mount Kun, all of them would probably be dead.

“What the hell is Gu Changge trying to do? While rescuing the Ancestor of the Ji family, he also wants to create this gray fog to engulf so many people.” Jiang Chen felt cold all over his body, and he always felt that there was an invisible big net closing in.

And every one of them was approaching the big net step by step. They were deeply imprisoned without knowing it. Everyone from the Ji family, including Ji Chu Yue and others, foolishly thought that Gu Changge would be so kind and help them rescue their ancestor.

This was really ridiculous. Just when everyone from the Ji family was feeling extremely uneasy, two figures walked up in the wind and snow not far away, they were Gu Changge and An Yan.

“Young Master Changge is fine.” Seeing that Gu Changge was safe and sound, everyone from the Ji family breathed a sigh of relief, but they were also curious about what happened during this period.

“Are you all okay?” Gu Changge walked over, with a concerned smile on his face, and asked.

Several Ancestors of the Ji family sighed, “Just now I told the clansmen not to wander around, but this sudden fog still engulfed nearly one-third of the people. I don’t know what the origin of this fog is, it’s so weird and tricky, it’s hard to guard against. Even we are helpless about it.”

“This should be caused by the resentment that accumulated over the years in this place after the death of the Immortal King. I just chased in the direction of the fog, but when I got to the back, I could only stop, and I felt that there was a big danger there.” Hearing this, Gu Changge said with a regretful expression on his face, as if he was quite helpless about it.

“Gu Changge has been away for such a long time, An Xi and Niu Tian must be in danger...” Hearing these words, Jiang Chen felt chills all over his body, and his heart was filled with grief.

Chapter 575: The land of the True Dragon Nirvana, Seeing the hope of revenge

n0velUsb.c0m

Even though they were in Mount Kun, the unexpected incident between the Hidden An Clan and the War Immortal Mansion spread quickly and caused a great commotion. This time, there were many forces who entered Mount Kun.

In the eyes of many people, the Hidden An Clan and the War Immortal Mansion were extremely safe, and accidents would not likely occur. However, hearing the news of its complete annihilation suddenly made many ancient existences and Great sect leaders feel uneasy.

This Mount Kun was really too evil. Even a small puddle of water was likely to contain the great danger, and it was easy to bleed to death. During this period of time, they encountered many crises as several dangers emerged one after another.

Many forces also suffered heavy losses and some young supreme beings who entered almost died. But compared to the Hidden An Clan and War Immortal Mansion who were completely wiped out, they were still fortunate.

“It is said that when the War Immortal Mansion and the Hidden An Clan encountered danger, everyone from the Ji family also encountered a rare gray fog, and many people died.”

Mount Kun was majestic, and the depths were even shrouded in clouds and mist, shrouded in chaos. All kinds of rays of light were shining, reflecting in the sky and the earth. At this moment, there were many cultivators gathering in the mountains. They were all forces who came here from different directions.

The person who spoke was an ancient existence of Heavenly Emperor Mountain. With his hands behind his back he looked at the towering giant mountain in front of him.

The misty brilliance hanging down from the front was extremely gorgeous, covering a large area. There was breathtaking pressure permeating the air. Many people felt the rumbling and terrifying momentum emerging from the front as if something was about to wake up.

“It is estimated that the Ancestor of the Ji family was trapped there. The members of the Ji family have not arrived yet. When the time comes, we will discuss it together when they arrive.”

Another ancient existence from the Heavenly Demon Palace uttered, followed by the Heavenly Demon Lord and others.

In another direction, cultivators from Buddha Mountain, Ancient Immortal Wang Family, Ancient Ye Clan, and Endless Fire Nation also appeared. Although they lost a lot along the way, they still arrived without any danger.

Many people were looking at the surrounding environment. On some steep cliffs shrouded in mist, there were still blood-red flowers and plants growing, which were extremely strange.

The fog and mist ahead were so thick that it was difficult to discern the correct direction and route. Within a radius of 10,000 kilometers, the mountains stood tall, piercing the clouds with wind, snow, and fog, which looked extremely weird. There seemed to be a special field here, which led to a big gap between the climate and the outside world.

On the top of the mountain, some people even saw traces of the heavenly lakes. The clouds formed mist, and chaotic air gushed out from time to time, as if it had existed since the beginning of the world, making it extremely ancient.

The mountain peaks here were connected like a keel. Maybe there was something sealed underground, if there was a Divine Origin Master here, maybe they could find a way to get in.

An old man who had a good understanding of the terrain of mountains and rivers spoke. There was a compass in his hand, which sprayed out beams of brilliance, shining in all directions. The rest of the people nodded to express their agreement. After arriving here, they heard the faint sound of the dragon chant.

It was as if a true dragon was blocked in the depths of the earth, which made people feel palpitating.

“This is the place where the true dragon reincarnated, the legendary dragon’s lair. Perhaps a true dragon was born here.” At this moment, a voice sounded from nearby as everyone from the Ji family rushed over. It was Jiang Chen who was speaking among the crowd.

He heard the words of several ancient beings and spoke first. In his opinion, after reaching this step, the only way to attract everyone’s attention was to let them know his worth. This would let everyone understand his importance, and then he would have a greater chance of surviving.

The people who were looking at the mountains in front of them also did not expect to see Jiang Chen at this time. His identity as a Divine Origin Master was not a secret.

Now in Mount Kun, the role that a Divine Origin Master could play was even greater than that in the Divine Stone Conference. The expressions of many people looking at Jiang Chen suddenly became hot.

“After he was captured by Gu Changge in the Star Gazing Tower, it seems that Gu Changge asked him to enter Mount Kun together.”

Many young lords noticed the members of the Ji family behind Jiang Chen, and Gu Changge was among them, and he was also looking up at the scene inside Mount Kun at this moment.

From their point of view, Jiang Chen, as a Divine Origin Master, possessed some mysterious methods that could indeed play a lot of role in the current Mount Kun. However, there was a grievance between Gu Changge and Jiang Chen, and he must have been threatened for being able to work for the Ji family.

Immediately, many people looked at Jiang Chen, wanting to see how he could deal with it. With Gu Changge here, Jiang Chen probably would not be used by them.

“I don’t know what brother Jiang’s opinion is, this Mount Kun is quite dangerous, and we have already suffered heavy losses when we came here. If we head deeper at random, I’m afraid we’ll already be bleeding before we meet Senior Ji Sheng Chu.” Several ancient beings spoke out, seemingly quite helpless about this.

Although rescuing Ji Sheng Chu was a major event in the Upper Realm, they would not be so stupid as to risk their own lives. Even if they didn’t go in again, it would be considered the best of humanity to come here. Hearing this, Jiang Chen did not disappoint everyone, he looked around for a week.

Then, he walked up with a calm expression and talked eloquently, "This place is the place where the Dragon's Ridge is locked. The place where we are standing is the first ridge of the Dragon's Ridge. It is also the entrance to Mount Kun. The wind from the fog is exactly the breathing direction of the Dragon's Ridge... This place is extremely dangerous. If you don't avoid the dragon's breath, you may become like those pools of pus and blood."

While speaking, Jiang Chen pointed to several jet-black blood pools not far away, which exuded a strange stench, decayed and dirty, and creepy.

Seeing this scene, everyone's expression changed, and they could feel the horror of that aura. Most people would never dare to approach it. The hearts of the ancient beings trembled. They could faintly feel that the strength of those pools of pus and blood before they were alive was probably not weaker than theirs.

"I wonder what little brother Jiang can do to allow us to successfully enter it." One of them couldn't help but ask.

Even though he was an Enlightened being, he didn't have the slightest pride and looked very pleasant. Rescuing the Ancestor of the Ji family was one thing, and entering the depths of Mount Kun to gain opportunities was another.

Although the journey was dangerous, everyone gained a lot. They felt that there were more opportunities in the depths of Mount Kun. Why did the Ancestor of the Ji family come to this place in the first place and was trapped in it later?

This was a good explanation. There was a great fortune in the depths of Mount Kun since it had come to this point. They were naturally unwilling to give up easily.

"As long as you avoid the dragon's breath and pay attention to the direction of the dragon's spine, you will naturally be able to enter it, but I need the cooperation of a few Enlightened seniors, otherwise the road will be dangerous, and I can't guarantee it."

Hearing these words, Jiang Chen breathed a sigh of relief. Then he intentionally displayed a contemplative look and communicated with the Creation Immortal Boat Artifact Spirit in his heart for a while before slowly opening his mouth.

While speaking, he glanced coldly at Gu Changge behind him, and seeing that he seemed to be looking at the mountains not far away, he couldn't help clenching his fists under his sleeves.

At this moment, Jiang Chen saw hope for his own survival. As long as the plan went well, he might be able to use the terrain of this place to bury Gu Changge in it and avenge his brothers and friends!

The terrain here was extremely special, and there was a strange field in the depths of Mount Kun. He asked the Good Fortune Immortal Boat to investigate, and found that there was a great danger in it, and even a true dragon could be trapped!

A True Dragon! That was the creature in the ancient legends that surpassed the Immortal Realm. It was so powerful that it was indescribable. If he made good use of this place, it was not impossible to trap Gu Changge to death.

Chapter 576-1: The scapegoat should take the blame, The old man in the mysterious jade seal (1)

After hearing Jiang Chen's words, the several ancient beings present looked at each other. Some thoughts flashed across their eyes, but they did not directly agree. This place was extremely dangerous, and they actually didn't really trust Jiang Chen.

What if he messed with it and harmed everyone?

No matter what time it was, they couldn't be too wary of people.

"Since Jiang Chen has the means, this old man will trust you once, okay? As long as you can help my family rescue our Ancestor, you can place any condition you want."

At this time, several Ancestors of the Ji family stepped forward and added, with very serious faces. On the way here, they already knew Jiang Chen's methods, and they were quite at ease about it.

Now that the road was just ahead, and their Ancestor would be rescued soon, they naturally agreed immediately regardless of the consequences.

"I hope you will keep your word." Jiang Chen nodded with a calm and authentic expression.

He had a thorough understanding of the Ancestors from the Ji family. This was a group of old guys who were stalking him. They didn't look at their good promise now, if they didn't need him, they would definitely kick him to death. So Jiang Chen also had a detailed plan in mind, and he would not let everyone present play him.

Seeing that several Ancestors of the Ji family had agreed, the ancient existences of Heavenly Emperor Mountain and Ancient Ye Clan also nodded in agreement.

Afterward, a sneer suddenly crossed the corner of Jiang Chen's mouth as he looked at Gu Changge behind him and said, "Young master Changge is so powerful, and his strength is unfathomable, even the Enlightened being is no match for you. I think that if the Young Master Changge helps, the chance of success in rescuing the Ancestor of the Ji family will be much greater. I wonder what Young Master Changge's idea is?"

Hearing this, everyone's expressions changed slightly, and they looked at Jiang Chen in shock. Unexpectedly, he planned to ask Gu Changge to help him at this time. How brave was this?

A few Enlightened beings were not enough, he even wanted to pull down Gu Changge. n0velUsb.com

Ji Yaoxing and Ji Chu Yue's expressions changed slightly, they were worried in their hearts, afraid that Gu Changge would slap Jiang Chen to death at this time.

"Oh, since there is something this Gu can help with, then Gu will not hesitate to help." Gu Changge withdrew his gaze from looking at Mount Kun and smiled lightly when he heard the words. He was not as angry as everyone thought, appearing to be an understanding.

Jiang Chen snorted coldly in his heart, he couldn't understand Gu Changge's calm expression. It was as if everything was under his control.

“You will feel better and regret it later.” He sneered in his heart, but there was still no abnormality on the surface.

Then, after investigating, he began his explanation to several ancient beings on how to avoid encountering the dragon’s breath. Everyone listened very carefully, for fear of missing a word, fearing that it would lead to a life-and-death crisis.

Soon, several Enlightened beings obeyed Jiang Chen’s words and unleashed their respective Enlightenment artifacts before hitting a certain place ahead. Amidst a rumbling sound, the sun rose to the sky as if a true dragon had rolled under the feet of everyone, making the surrounding mountains tremble.

“Let’s go.” Jiang Chen looked at the intersection with a crack and said in a deep voice as he walked in the front first.

Seeing this, everyone did not dare to stay any longer and followed him one after another, not daring to stay too far away.

“This guy is already on the verge of death, and he is still trying to figure out how to plot against me.” Gu Change shook his head lightly, staring at Jiang Chen with a strange look in his eyes.

He knew Jiang Chen’s plan, but Jiang Chen still needed to find Ji Sheng Chu’s location for him, so he was not in a hurry to make a move. After walking for tens of miles, there was no danger at all, but a strange fragrance suddenly filled the air.

“What is this smell? Why is it so fragrant?” A young Supreme from the Heavenly Emperor Mountain asked, displaying a look of surprise.

“It’s probably because some natural treasures are about to mature.” An old man’s face was fixed, he looked around, and also showed a surprised expression.

As soon as they heard about the treasures of heaven and earth, everyone here became a little fiery and began to look around. Even a few Enlightened beings couldn’t help but inform their clansmen with their spiritual thoughts that they shouldn’t miss the treasures of heaven and earth.

Finally, in a cold pool before them emitted an extremely strong fragrance. What surprised everyone was that wisps of dragon energy hovered around the cold pool. There were also many strange kinds of spiritual plants growing in the pool’s border, spraying out lavender brilliance, each bearing a fruit.

“This is an Earth Dragon fruit. It is said that it can grow only after being nourished by dragon energy. It only matures once every 30 million years. There are actually nine fruits here,” An ancient existence said with surprise on his face, recognizing these strange fruits.

It was said that the Earth Dragon fruit contained a touch of true dragon energy, which could even help the transformation of creatures with dragon blood, and its value was indescribable.

“For this reason, let’s divide the forces together.” Right then, the ancient existence from the Heavenly Emperor Mountain spoke out, trying to pick it.

But just when he was about to get close to that cold pool, a terrifying cold air suddenly gushed out and submerged him in an instant. Such a scene alarmed everyone, causing many young supreme beings to retreat together, not daring to approach.

An extremely ferocious phoenix poked its head out of the pool, its eyes were scarlet with a bloodthirsty look. It opened its mouth, and a vast, chaotic cold air rushed towards everyone.

“The Cold Dragon at the level of the Enlightened being that has existed for thousands of years...” An ancestor from the Ji family gasped, looking extremely shocked. He hurriedly unleashed his own Enlightenment artifact, trying to resist.

The rest of the Enlightened beings also took action one after another, trying to suppress them. But this cold jellyfish had already been born with spiritual wisdom. Seeing that there were so many strong people, it let out an unwilling roar and then turned into a stream of light, which went straight to the deeper part of Mount Kun and disappeared in an instant.

“It’s smart, otherwise the body of the Cold Dragon at the level of the Enlightened being is full of treasures.” Many Enlightened beings shook their heads with some regret and then began to pick those dragon fruits.

Gu Changge didn’t do anything and obtained two fruits. To be honest, it didn’t do much for him. He looked in the direction where it fled, feeling a little thoughtful. Since living beings at the level of Enlightened beings could survive here, didn’t that mean that there might be other living beings?

In this way, it gave him inspiration that maybe he could create an accident of Mount Kun’s riot. Following the next few days, everyone continued to rush to the depths. They could hear the strange dull sound coming from the depths more and more clearly.

It was as if an ancient heart was beating. But until now, no one had sensed the location of the Ancestor of the Ji family, and they hadn’t even heard the slightest movement. This made everyone from the Ji family start to wonder whether the summoning voice that Ji Chu Yue heard back then was real or fake.

Or maybe the Ancestor of the Ji family had exhausted his life, and it was difficult to spread any news.

“What is that?”

At the end, within the depths of the mountain, everyone was shocked when they saw a strange place exuding a radiant light. It looked like a vast waterfall hanging down from the sky, and it looked like a big hole like a divine well, leading directly to the depths of the ground.

It seemed to be connected to the legendary Nine Netherlands. But at the entrance of the cave, there was a piece of deep blue jade sealed as if it had existed for thousands of years.

Within that piece of profound jade, everyone could vaguely see a figure sitting cross-legged in it. It was a man, dressed in feathers and a star crown, meditating with his eyes closed. He seemed so lifelike, but no one knew how many years he had existed.

Even though they were separated by the mysterious jade seal, everyone could still feel the extraordinariness of this man, it was a kind of aura of Dao. It seemed that he had merged with the world, making it difficult to judge his life or death.

“Could it be that the strength of this Enlightened being has surpassed the Realm of a Daoist and reached the Immortal Realm?”

Many Enlightened beings opened their mouths in shock, and looked at the person carefully. Feeling the aura coming from it, made people tremble and shudder. This was definitely an indescribable peerless powerhouse, who was sealed here for some reason.

“Brother Jiang, can we only get in by breaking through the jade seal in front of us?”

No one dared to act rashly to smash this piece of profound jade, so they could only ask Jiang Chen.

Jiang Chen was also very puzzled, he was talking with Creation Immortal Boat Artifact Spirit, and wanted to know how to pass. It was completely beyond his expectation that such a piece of jade seal would block the way.

And at this time, he didn't know if it was the illusion of everyone but they always felt that the Enlightened being in the jade seal was looking at them. Even if the man was meditating with his eyes closed, they always felt that there were eyes on them.

“Don't touch him...” Just when everyone was hesitating and unable to judge, a weak and ethereal voice suddenly came from under the waterfall directly in front of them.

Chapter 576-2: The scapegoat should take the blame, The old man in the mysterious jade seal (2)

“This... this is...”

“It's the voice of the Ancestor!”

Everyone from the Ji family was stunned for a moment and then became extremely excited. They felt the throbbing from the depths of their blood. There was no doubt that this was definitely their Ancestor who founded the entire Ji family and was once named the Human Ancestor.

Ji Sheng Chu!!! He did not die, he was still alive in Mount Kun.

“It seems that it is really the voice of senior Ji Sheng Chu. He told us not to touch this piece of mysterious jade, so how can we go to save him?”

The several Enlightened beings looked at each other in shock, then frowned, and began to think about countermeasures.

Someone tried to communicate with Ji Sheng Chu who was under the waterfall, but after the voice was transmitted, it fell into silence like a mud cow falling into the sea, without the slightest ripple. There was no movement or sound from that side. *n0VelusB.c0M*

“Now our only way is blocked by this piece of profound jade, we can't get in unless we move it away.” Jiang Chen said, after talking for a while with Creation Artifact Spirit, he understood the uniqueness of this place.

Perhaps it could be called the Dragon's Cave, or it could be the Dragon's Nest. This Enlightened being might have offended the true dragon here before, and after his death, he was sealed with black jade, which was used to seal the dragon's lair to prevent others from entering it.

If the distribution of the dragon's lair was changed at will, it was very likely that the cultivators in the mysterious jade would break out. At that time, he would be no different from a puppet, and his strength would be so powerful that it may be difficult for everyone present to suppress him.

This made him feel a little moved, after all, the back road was sealed when he came in. If everyone took advantage of the chaos and fled back to the original path, they would find that all the paths had changed, leading to a dead end. If they found a way to release this man now, how many people here could escape alive?

"You were being unkind, don't blame me for being unrighteous..." Jiang Chen sneered in his heart. He already had a way out, and he could let the Creation Immortal Boat take him away at any time. The rest were not as lucky as him.

"Brother Jiang, what do you mean?" An Enlightened being asked, thinking that Jiang Chen, as the successor of the Divine Origin Master, might have other ways at this time.

"The current plan is to smash it or move it away, otherwise it will be impossible to get in." Jiang Chen shook his head and said, his tone was very firm.

"Senior Ji Sheng Chu said not to touch this piece of mysterious jade, so there must be other ways. Are you sure you can only smash it? What's your intention?"

Suddenly, Gu Changge, who had been looking at the piece of mysterious jade, had a strange look in his eyes as he walked over before asking with a little interest.

While speaking, his eyes were fixed on Jiang Chen's face, as if he was examining and disbelieving. Hearing this, everyone's hearts were also shocked. Compared with the Ancestor of the Ji family, they were naturally more willing to believe the words of the Ancestor of the Ji family.

No one knew if Jian Chen had good intentions?

Even the siblings of the Ji family frowned, knowing that there were a lot of grievances between Jiang Chen and Gu Changge. If Jiang Chen stumbled at this time, what could they do?

At that moment, the complexions of the Enlightened beings also darkened as they stared at Jiang Chen somewhat unkindly, needing an explanation from him. Jiang Chen didn't expect Gu Changge to ask such a question suddenly, and his heart trembled.

But on the surface, he still said with a flat expression, "That's the end of the story, believe it or not. Whether you want to save the Ancestor of the Ji family, it doesn't mean much to me."

He firmly insisted that this matter had nothing to do with him. After all, it was the matter of the Ji family and the entire Upper Realm to rescue the Ancestor of the Ji family.

He was just forced to get swept in. Seeing Jiang Chen's expression, everyone frowned and began to consider whether to believe Jiang Chen's words or not. The Ancestor of the Ji family was obviously in a state of exhaustion, but he still had to send out such a sentence to warn them.

The Taoist sealed up in this piece of mysterious jade was no small matter. Even if he had died for countless years, just relying on the dead body could put everyone present in a life-and-death crisis. But

if they didn't move that piece of mysterious jade, or smash it into pieces, then they won't be able to get through.

This was obviously a dilemma.

"Then how can we believe that you won't harm us? As the only Divine Origin Master in this place, if you are doing something secretly, how would we know?"

The Enlightened beings from Heavenly Emperor Mountain were still very worried, thinking that Jiang Chen was hiding something from them.

Jiang Chen said indifferently, "If you still have anything to do, then just try it."

He had expected that there was no other entrance here, so he had to find a way to get rid of that piece of profound jade.

"Don't move this piece of mysterious jade, first check if there is any entrance nearby." Gu Changge sighed softly at this moment as if he was quite helpless.

His words received everyone's approval. After glancing at Jiang Chen coldly, they all carefully explored the vicinity and did not rush to get close to that piece of mysterious jade.

Gu Changge also looked like he was looking around carefully, but from the corner of his eye, he was looking at the piece of mysterious jade. The most important thing was the cultivator who was sealed in a mysterious jade seal. He had a plan in mind.

"I can rescue you, but you have to agree to one condition." Afterward, Gu Changge's expression was calm as he transmitted his voice through his spiritual thoughts.

Suddenly, the cultivator who was sealed in the Mysterious jade seemed to move slightly, but it was very subtle. If he didn't look carefully, he couldn't see it at all.

Gu Changge was not in a hurry either, he knew that the cultivator within it was dead, but there was a meaning of new life in it. In other words, during these years, this corpse had given birth to wisdom again. He could use this wisdom to do something for him.

"You mean what you say?" It seemed to be silent for a long while, and then there was a voice from the mysterious jade, which seemed extremely hoarse.

"If you want to come out, then obediently listen to me." Gu Changge replied casually, not surprised.

"Hehe, you actually threatened the old man, what if the old man doesn't abide by the agreement?" The cultivator in Mysterious Jade seemed to sneer.

"Of course, I have the means to kill you." Gu Changge still said lightly.

Although this cultivator had a monstrous cultivation at his peak, he was probably a True Immortal. But under the current Heaven, Gu Changge didn't need to pay too much attention to it, not to mention that it was just the intelligence bred by the corpse.

“I hope you can keep your promise.” The cultivator in Mysterious Jade was not stupid, and he could naturally feel that among the people here, Gu Changge’s strength was the most terrifying and unfathomable.

“Then do as I tell you...” Gu Changge said lightly and planned to transmit the message over there.

At the same time, he looked up at the waterfall. If he expected it to be correct, there should be a sealed underground palace. It was very likely that the Ancestor of the Ji family was trapped in it.

After devouring and absorbing the Ancestor of the Ji family, he should be able to succeed in nirvana and become one of the Enlightened beings. Jiang Chen’s last light and heat should also be burned out here.

The demon seed planted in his body at the beginning could play a huge role. There was no conflict between the two identities of the inheritor of demonic arts and the successor of the Divine Origin Master. It just so happened that Jiang Chen was also good at disguising, so it was only natural that he should bear the blame.

“Junior, save the old Taoist, I can help you kill this group of people.” Then, an ethereal voice like the vicissitudes of life suddenly exploded in Jiang Chen’s mind, making him startled and a little frightened, but he still kept his calm.

“Who are you? Where are you?” He looked around carefully, trying to communicate with the voice in his mind.

“You should know where the old man is.” That ethereal voice sounded again.

But at this time, Jiang Chen calmed down, took a deep breath, and carefully looked at the piece of mysterious jade that sealed the cultivator.

In his opinion, this cultivator had been dead for an unknown amount of time, and actually took the initiative to send a voice transmission to him.

Could it be that this person was not dead? Like the Ancestor of the Ji family, trapped here for countless years?

“How do you know that I want to kill this group of people?” Jiang Chen asked in a deep voice, still very cautious, and didn’t directly agree.

“Haha, such a strong murderous aura, did you really think that this old man can’t detect it? Don’t worry, as long as you can save the old man, this old man can kill all these people for you?” That ethereal voice sneered.

Chapter 577-1: The one who killed many leaders of Great sects, This blame can’t be washed away (1)

Jiang Chen was seriously thinking about the words of the old man in the mysterious jade seal. He looked around and saw that everyone here, except him, didn’t seem to have heard the old man’s words. Even the Enlightened beings of the various forces were looking around, frowning, and looking in trouble.

In other words, the old man who was sealed in the mysterious jade really felt his killing intent, and that’s why he sent the voice transmission to him. While thinking, Jiang Chen quickly glanced at Gu Changge.

But Gu Changge was turning his back to him, as if searching for traces around him, Ji Chu Yue and An Yan beside him followed as if they had something to say to him.

This made him clench his fists and suddenly made a certain decision. This may be his last chance.

“I promise you, I will rescue you, but you must promise to kill the man in white.” Jiang Chen said to him via sound transmission.

He asked Immortal Boat Artifact Spirit about how to break open this piece of mysterious jade, even other Enlightened beings would find it difficult to do so. And he happened to have a special method.

“Don’t worry, the old man will do what he says. Since I have promised you, I will definitely do it. After you release the old man, everyone here will not be spared. This old man swears on his Dao heart, you can definitely rest assured.” The old man in the mysterious jade replied and his voice seemed to hide a bit of excitement.

Jiang Chen nodded and then began to wait for an appropriate opportunity. There were many Enlightened beings here, if there was any change in him, they would immediately be aware of it. So he needed to wait for the dragon’s breath to come out from the cave behind the mysterious jade.

At that time, this place would be in chaos, so he could take advantage of the chaos. Time passed gradually, and everyone searched around, but couldn’t find a suitable entrance, and returned with a sigh. Even Enlightened beings found it difficult to detect abnormalities, let alone ordinary people.

“Is it true that you can only enter this piece of mysterious jade by removing it?” An Ancestor of the Ji family said with an ugly face, “But the Ancestor said not to touch this thing, so what should we do?”

The cultivator from the Heavenly Emperor Mountain also said in a deep voice, “The cultivator sealed in the mysterious jade is not simple. I just investigated with a secret method, and I feel that there is a big evil hidden in it. If it is accidentally touched, it will bring unimaginable disasters.”

Hearing this, this place suddenly fell into silence. Many young masters were also helpless. In the face of such a major event, they could only listen to the words of the Enlightened beings from the clan and had no chance to intervene. However, they could also see that this piece of mysterious jade was not simple and could not be easily touched.

“From my point of view, it’s better for us to wait at the original way back, and then find another way to come in.” Gu Changge smiled lightly and suggested.

What he said made everyone a little moved. Since the road ahead was a dead end, no matter what they did, it would be dangerous, so why not head back the same way and find a new way?

“Young Master Changge is right, why don’t we find another way.” The other Enlightened beings also nodded in agreement, thinking it was feasible.

Jiang Chen’s complexion suddenly changed slightly, if everyone returned to the original route at this time, they would definitely notice what he did. At that time, even if he jumped into the Yellow River, he couldn’t clean himself up.

“This approach may not work. When I came in just now, I had already seen it. As long as you are on this path, if you exit, it will be the same if you come in again. It’s just a waste of time for no reason.” Jiang Chen’s face returned to normal, he shook his head and explained.

He also wanted to rescue the old man in the mysterious jade, so naturally, he wouldn’t let everyone go back the same way at this time. What was more, the original path had been blocked by the spirit of the Good Fortune Immortal Boat, and it was not the same road as when he came.

“What? There’s only one way?” Everyone’s expressions changed, they were shocked and a little disbelieving.

Many Enlightened beings even frowned and stared at Jiang Chen with a gloomy expression, feeling more and more that this guy seemed to have a dark heart. He hadn’t told the truth from the beginning.

“Oh, then why didn’t you say it before? If there is only such a way, how did senior Ji Sheng Chu get trapped in Mount Kun?” At this time, Gu Changge shook his head lightly and asked with great interest.

“How do I know this? If the Young Master Changge wants to know, then he can only ask the Ancestor of the Ji family.” Jiang Chen shook his head and said, insisting that he didn’t know.

“Alpha, go back along the same path just now, and take a look at what’s going on. I wonder why he is trying so hard not to let us go back the way we came?” Gu Changge smiled faintly, and then gave instructions to Alpha behind him.

Alpha didn’t stay long after hearing the words and immediately turned into a black light, which disappeared in an instant. Seeing this scene, Jiang Chen’s face changed slightly, he did not expect Gu Changge to be so careful and even asked people to go back to investigate. In this way, wouldn’t his secret methods be exposed?

Things suddenly went beyond Jiang Chen’s expectations, and a cold sweat broke out on his back.

“It seems that this guy really has a ghost in his heart. If it weren’t for him, why didn’t he want us to go back the same way? Damn it, you dare to plot against us, what is your purpose?” The many Enlightened beings present were not stupid, and they immediately noticed the strangeness of Jiang Chen just now.

Their faces suddenly turned ugly, and they were furious in their hearts, feeling as if they had been tricked by Jiang Chen. [n0velUsb.c0m](http://www.novelusb.com)

Suddenly, the terrifying pressure rolled down towards Jiang Chen like a mountain and river bursting an embankment, instantly causing him to spurt out a mouthful of blood. His bones creaked, his skin was about to split, and he almost shattered into a ball of flesh.

The other powerhouses also surrounded Jiang Chen with unkind expressions, and surrounded Jiang Chen all at once, preventing him from escaping. With Jiang Chen’s strength, since there were so many powerhouses here, even if he had wings, it would probably be difficult for him to escape.

Ji Chu Yue and Ji Yaoxing didn’t doubt anything about this. According to the hatred between Jiang Chen and Gu Changge, he could indeed do such a thing. It was just that Ji Chu Yue still couldn’t help feeling a little sad in her heart, she really didn’t want to see Jiang Chen being used as a cart, hitting a stone with an egg. How could he be Gu Changge’s opponent?

“You are courting death.” Heavenly Phoenix Maiden and the others also shook their heads with regretful expressions.

Jiang Chen didn't expect the situation to turn into this step, his face darkened. He would definitely not admit it, so he just had to delay the time and wait for the next dragon's breath to erupt. Then he would rescue the old man sealed in the mysterious jade, and no one in this place would be able to escape.

He could escape in the chaos. Not long after, Alpha went and returned, and reported to Gu Changge, “My lord, the way we came here has disappeared, and I can't find the correct way back.”

Hearing this, Gu Changge sighed and shook his head with a look of anticipation, “So that's the case, but I didn't expect it to be for this reason.”

“Now, what else do you have to say? If Young Master Changge hadn't seen through your scheme, I'm afraid we would still be tricked by you.” These words also made many Enlightened beings extremely angry, wishing they could slap Jiang Chen to death.

“Gu Changge, don't you spit blood, obviously you forced me in, I have no grievances with everyone, why would you do such a thing? The terrain here is ever-changing, how do I know that the return path will disappear?” Jiang Chen stared at Gu Changge with an ugly expression, he was still denying it at this moment, trying to delay the time.

Gu Changge shook his head and said calmly, “Still not admitting it? In fact, I also guessed your purpose. The many Great sect leaders who were killed by you in the Supreme God's tomb back then were probably like us at that time, and their way was cut off and the back road was blocked.”

“Thinking that you, as the descendant of Divine Origin Master, should be able to help rescue the Ancestor of the Ji family, I deliberately spared your life, intending to let you atone for your sins. It's a pity that you don't know good from bad, and you are still thinking about plotting against me.”

Chapter 577-2: The one who killed many leaders of Great sects, This blame can't be washed away (2)

n0velusb.c0m

“What? He was the one who murdered the leaders of many great sects in the tomb of Supreme God?”

“How can that be?”

As soon as Gu Changge's words came out, there was quite a commotion here. Everyone's heads thumped, and their eyes widened in shock, unbelievable.

When they were in the Star Gazing Tower before, many young lords who witnessed Jiang Chen being taken away by Gu Changge suddenly understood. It turned out that this was the origin of the hatred between Gu Changge and Jiang Chen!

Jiang Chen turned out to be that mysterious person that all the major forces were now encircling and suppressing!

One must know that what had happened in the Supreme God's tomb at the beginning had caused a great sensation. Many Great sect leaders died tragically, involving too many forces and sects. Even the Supreme God Clan paid a heavy price to quell the anger.

“So he was the one who murdered the leader of my sect?”

“It was hidden so deeply, and he is still the descendant of Divine Origin Master!”

Many powerhouses' eyes were red as they stared at Jiang Chen closely, wishing to tear him into pieces and pull out their bones. They didn't doubt Gu Changge's words, after all, Gu Changge was also one of the few people who survived in the Supreme God's tomb at that time.

It was not surprising that he had seen Jiang Chen's true face. Thinking about it this way, many people also figured it out, after all, there were too many prohibition formations in the Supreme God's tomb at that time.

If it weren't for the Divine Origin Master, it would probably be difficult to manipulate those things. With such means, Jiang Chen could easily kill and bury many Great sect leaders who went deep into it to snatch the Supreme God's divine orb.

“Gu Changge, you despicable villain, that was clearly you and the Supreme God Clan, yet you framed me! You must die!!” Jiang Chen never expected that at this time, Gu Changge would suddenly mention this matter and pour black water on him.

His eyes immediately turned red, and his teeth were clenched tightly, accompanied by bloodshot eyes. However, the people present didn't listen to his words at all, especially the forces whose leader had died tragically in the tomb of the Supreme God.

The terrifying murderous aura swept over immediately, covering Jiang Chen's whole body, locking him in place and making it difficult for him to move.

“Actually, I've always been curious, why did you kill those Great sect leaders who have no grievances with you?” Gu Changge shook his head, looking extremely confused.

He seemed to be thinking of the tragic situation at the beginning, and he couldn't help sighing.

“This guy is bloodthirsty and has evil intentions. He doesn't look like a good person at first glance. What reason does he need?” Many powerhouses were even more furious when they heard this.

If they didn't feel that Jiang Chen's status as a Divine Origin Master was still useful, they would have slapped him to death at this moment, so as to avoid future troubles.

“What!” And at this moment, it seemed that some kind of abnormal change had occurred in Jiang Chen's body.

A kind of jet-black brilliance suddenly rose from his spiritual sea, making him unable to restrain himself from letting out a roar. It was an extremely dense black light like a black sun rising, penetrating through his soul, lungs, spiritual sea, and soul palace, and its brilliance engulfed the long river of time.

Faintly, everyone saw a terrifying vision emerge behind Jiang Chen as if all spirits were extinguished, the universe was exhausted. Evil spirits covered the sky and sun, and raised their hands to destroy everything.

A terrifying demonic aura manifested in his body, his black hair danced wildly and his aura surged, just like an unrivaled demon god appearing in the world. Such a startling change changed the expressions of

everyone here, and even many Enlightened beings couldn't help but take a few steps back, looking very shocked.

"This... could it be... the inheritor of demonic arts?"

"Jiang Chen was still hiding his identity like this?"

The expressions of the Heavenly Phoenix Maiden, Heavenly Demon Monarch, Six Crown King, and others all changed suddenly, and they were extremely shocked.

Although they hadn't dealt with the inheritor of demonic arts in person, they knew a lot about them and had always been careful. So seeing Jiang Chen like this, they immediately thought of the inheritor of the demonic arts.

"How is it possible, Jiang Chen actually..." Ji Chu Yue also opened her small mouth, her beautiful eyes widened, she never expected Jiang Chen to have such an identity.

"This aura is extremely evil and complex, it is a mixture of various origins, and it is definitely the same as the inheritor of demonic arts!"

"So far, I am afraid that many genius cultivators have died tragically at his hands!"

"I didn't expect him to hide so deeply. If he didn't take the initiative to expose it today, we wouldn't know his true identity!"

The eyes of the Enlightened being from the Heavenly Emperor Mountain flickered with coldness. He thought about how his own successors had encountered the murderous hands of the inheritor of the demonic arts one after another, his anger and murderous aura surged up immediately.

"He even took the initiative to expose his identity, is he planning to reveal all this? Be careful, everyone, since he no longer wants to hide it at this time, he must have a desperate plan." Gu Changge said in a deep voice as if he didn't expect Jiang Chen to suddenly reveal his identity.

The people he reminded of these words became cautious and vigilant, not daring to be careless. After all, this place was deep in Mount Kun and Jiang Chen still had the identity of Divine Origin Master. And just when everyone was about to make a move, the place suddenly shook.

The mysterious jade blocking the cave not far away trembled, and a terrifying purple waterfall rushed up from below like a river breaking its embankment, turning into a torrent, containing unimaginable terrifying power.

Seeing this, everyone did not dare to resist and fled in all directions. All of a sudden, the place was in chaos, and everyone was avoiding this purple waterfall. Even Enlightened beings did not dare to touch it, feeling the terrifying corrosiveness in it.

"This is Dragon's breath..." Although Jiang Chen was angry, his head was still clear-headed, and he noticed right away that this was the gushing dragon's breath.

And this was his chance to make a move. He didn't know why he exposed his cultivation of demonic arts just now. He only felt that he was extremely angry, wishing to kill all the people here, and an unstoppable terrifying force emerged from his spiritual sea.

But this was the end of the matter, and he had no choice.

“Immortal Boat, help me break open that piece of mysterious jade, release the old man inside, and kill everyone here!!”

Jiang Chen yelled at the artifact spirit in his mind, taking advantage of the chaos, his whole body turned into a stream of light, and ran toward that piece of mysterious jade.

Dazzling and gorgeous brilliance gushed out from his palm, like a bursting star, crashing into that piece of mysterious jade with a bang.

“Not good, he wants to release the old man in the mysterious jade seal!”

“Go and stop him!”

Seeing this, the face of the Ancestor of the Ji family changed drastically, and he wanted to stop it. But it was too late, the purple waterfall crashed into him, making a hissing sound, quickly corroding his body, and he had to fight back.

The expressions of the rest of the people also changed suddenly, becoming a little pale, unable to stop it. But at this moment, Jiang Chen was already standing there with a sneer on his face, raised his hand, and patted down!

Boom!!

In the next moment, the piece of mysterious jade that sealed the cave below the town made an extremely clear and crisp sound, and cracks appeared on it, quickly collapsing and splitting.

From it, a terrifying evil spirit suddenly swept and spread as if it could swallow up the entire heavens!!

Chapter 578: Ascension of Feathered Ancient Heavenly Lord's corpse, The situation is extremely favorable for him

A terrifying evil spirit rushed out, flooding all directions like a torrent. Everyone's complexion changed drastically as they were startled and angry. Many people hadn't reacted yet, since they didn't expect Jiang Chen to do this. He had directly broken the mysterious jade seal regardless of the consequences.

Ji Chu Yue's face was also pale. Jiang Chen's actions today seemed extremely strange to her and he was no longer the confident and resolute Jiang Chen she was familiar with.

In particular, Jiang Chen even hid his identity as the inheritor of demonic arts. This made her body tremble slightly. Her heart was in great pain, feeling that she was being deceived and used by Jiang Chen.

“Damn it, this guy has a dark heart. He just wants to kill all of us here, so that he can devour our origin.”

“As the inheritor of demonic arts, how could he come to rescue the Ancestor of the Ji family with good intentions!”

It was then, a murderous aura erupted. While avoiding the purple waterfall, everyone stared at Jiang Chen closely, their eyes about to burst into flames, wishing to cut him into pieces. Many Enlightened

beings were filled with hatred and anger. If it wasn't difficult for them to get rid of the current problem, they might have killed Jiang Chen.

"You promised me that you will kill them when you escape!" Jiang Chen naturally disregarded everyone's thoughts and expressions at this moment.

With a somewhat happy smile on his face, he spoke to the old man in the mysterious jade.

Click!!

The mysterious jade that sealed the cave shattered in Jiang Chen's hand, and fell off piece by piece, smashing into the cave. From within it, the old man with feathered clothing and a stellar crown seemed to have heard Jiang Chen's words.

The body that seemed to be dying suddenly trembled. The tightly closed eyes were about to open, revealing endless evil spirits as if endless creatures had been buried by his hands.

This scene terrified everyone, their bodies seemed to be cracking and it was difficult to bear the terrifying aura revealed. Even if they were a Supreme Realm existence, they were trembling at this moment, feeling very uneasy.

The strength of this man when he was alive was absolutely terrifying to the point of indescribable.

"This old man has finally been released..." The old man in feathered clothes was whispering slowly as if he was sighing, but also seemed to be excited. But what everyone heard from his words was the endless evil spirits, overwhelming and suffocating.

"Jiang Chen, quickly take the opportunity to leave and escape from that cave." The Immortal Boat Artifact Spirit in Jiang Chen's mind urged, feeling that this man in feathered clothes was not a good person to get along with.

Especially the evil spirit that was revealed made it even more uneasy.

Jiang Chen nodded, and also understood that he had made a deal with a tiger. His figure flashed and turned into a stream of light before running straight to the hole in front of him to escape.

As for what would happen later, that had nothing to do with him. Although he also wanted to see with his own eyes how Gu Changge was killed by the man in the feathered clothes.

"No, that kid is going to run away..." Seeing Jiang Chen's figure escaping into the cave, many people's complexions changed drastically, and they were even more furious.

They watched Jiang Chen break the mysterious jade seal, release the old man who was sealed inside, and then run away. How could this not make them angry?

But now they didn't have time to chase after Jiang Chen, because there was still a big matter before them. The man in feathered clothes who broke the seal from the mysterious jade was definitely not a kind person.

"Be careful with this person." The Enlightened being from the Heavenly Emperor Mountain said in a deep voice.

He was looking at the man in feathered clothes with great fear, and was on guard against the other party's sudden attack. The rest of the people also unleashed their divine weapons and waited in full force.

"Tsk tsk... I didn't expect that the old man would actually have a day when I would be released. You are so lucky to see this scene, even if you die, you should be content."

There was a sneer on the face of the old man in feathered clothes, who looked like an immortal. Because of this look, he looked a bit evil for some reason. He swept across all the people here, and he didn't care about the many Enlightened beings.

In his opinion, the rest of the cultivators were no different from rotten shrimp and fish, and they didn't even have the qualifications to make him serious.

Although he was only transformed by a trace of evil thoughts contained in the corpse, he inherited many divine powers from the original man in the feathered clothes. Even then, many Enlightened beings could be easily wiped out.

"I seem to know who he is, Feathered Ancient Heavenly Lord, a supreme existence in the ancient time of Immortals, who was defeated by the Ancient Heavenly Lord of Reincarnation, and then disappeared..."

"I didn't expect him to be trapped in Mount Kun. Now it seems that it should be the spiritual wisdom produced by the transformation of the corpse. We are definitely not his opponent," At this time, an Enlightened being from the Ancient Ye Clan suddenly spoke.

His eyes were extremely dignified and shocked as he stared at the pattern on the sleeve of the old man in feathered clothes.

In the Ancient Immortal Period, the existence that could be called the Ancient Heavenly Lord had at least a cultivation base of the Immortal Realm. Even though today's environment had changed drastically and it was difficult to unleash the power of the Immortal Realm, they were far from being invincible.

When everyone heard this, their hearts sank, and they were very cautious. After the death of an Ancient Heavenly Lord, the corpse transformed. Didn't that mean that the corpse in front of him is at least at the level of the Immortal Realm?

Who could fight it?

Even after countless years, with his aura exhausted, in the current Upper Realm, there were probably not many people who could contend with him! No wonder Ji Sheng Chu, the Ancestor of the Ji family, suddenly sent a voice warning to tell everyone not to touch that piece of mysterious jade.

"The hateful inheritor of demonic art has released such a peerless murderer. If he is allowed to escape from Mount Kun, I am afraid that he will be the next Red Demon," Someone uttered angrily with an extremely ugly expression, wishing to smash Jiang Chen to pieces.

But now Jiang Chen had escaped into the cave, and it would be difficult to catch up for a while.

"Then leave Jiang Chen to my subordinates, this person will trouble everyone." Gu Changge suddenly said at this time, his face looked extremely serious as if he was also troubled by this matter.

“Things can only be like this now, I will hold this person and see if he can be wiped out here. As for Jiang Chen, Young Master Changge should chase after him.” Hearing this, the Enlightened beings of all races looked at each other, then nodded.

They were also very relieved about Gu Changge’s strength, if he meet Jiang Chen in it, then Jiang Chen will definitely not be able to escape. But that was the best scenario.

After all, Jiang Chen was a Divine Origin Master, and the terrain here was extremely beneficial to him. If Gu Changge was not careful, he might suffer a disadvantage.

The Heavenly Phoenix Maiden, the Six Crown King, the Heavenly Demon Monarch, and others sighed in their hearts, knowing that with their strength, they couldn’t help much now. They could only let the powerhouses behind them protect them as they quietly walked towards the cave, trying to leave this place.

If there was a war, no one would be able to save them.

“Want to escape? Everyone has to stay here today.” The old man in feathered clothes seemed to have seen through everyone’s plans, sneered. He waved his sleeves, and leaned forward.

Terrifying evil spirits rushed to the sky, like a galaxy bursting its embankment, covering the sky, making the bones creak in suffocation.

The rest of the Enlightened beings did not dare to neglect at this moment and hastily unleashed their respective Enlightenment artifacts. Terrifying auras were intertwined, permeating the void here, like pieces of immortal weapons colliding, and the momentum was overwhelming.

The entire Mount Kun vibrated and the brilliance soared into the sky, directly piercing the sky before heading straight to the outside world. For a time, countless cultivators and creatures from the outside world witnessed such a scene in shock and were horrified.

And when the old man in feathered clothes fought against everyone. Gu Changge also moved his figure as he stepped directly into the cave and disappeared quickly.

Now there was an old man in feathered clothes covering it up for him, delaying time by the way. If the ancestor of the Ji family was trapped in the cave, it would save him a lot of time. As for where Jiang Chen escaped, he was not in a hurry.

Because Jiang Chen had the demon seed he planted, even if he fled to the ends of the earth, to the other side of the starry sky, Gu Changge could catch him. The underground cave was extremely vast, with no end in sight at a glance.

The majestic underground palace, revealing the vicissitudes of life, seems to be contaminated with endless dust. Stone chambers, stone halls, etc. were full of traces of time.

After Jiang Chen rushed into it, he went all the way to the depths according to the Good Fortune Immortal Boat Spirit’s guidance. There were a lot of restrictions present, the walls were covered with various ancient patterns, and there were many sacred stones inlaid, exuding brilliance.

If it wasn’t for the lack of time, Jiang Chen wanted to take all these things away.

“Do you think the people behind will catch up? Although Gu Changge is strong, he should not be the opponent of that old man.” While running to the depths, Jiang Chen talked with the Artifact Spirit of the Immortal Boat in his mind.

He knew that the old man’s strength was terrifying. But Gu Changge had too many means, and he didn’t know if the old man in feathered clothes could kill Gu Changge.

“I think it’s hard, but that old man in feather clothes should be able to delay Gu Changge for a while and buy you time to escape.” Good Fortune Immortal Boat Artifact Spirit didn’t think that the old man in feathered clothes could kill Gu Changge.

And compared to the old man in feathered clothes, Gu Changge seemed even more mysterious to it. Jiang Chen was silent, he sighed softly in his heart, and didn’t say anything more.

He felt that even after escaping from Mount Kun, he would be reduced to a street mouse and be the enemy of the whole Upper Realm. Gu Changge put the hat of the inheritor of demonic arts on his head.

When he obtained the inheritance, it didn’t feel like the cultivation of Dao, but he didn’t care so much. It was just that he had nothing to do with the so-called successor of demonic arts. But he would definitely be regarded as an inheritor of demonic arts today.

“For now, we can only take one step at a time, escape from this danger first, and then think of other ways.” Jiang Chen sighed in his heart, but his desire for revenge became more and more determined.

The underground palace was extremely vast and cold, and it was also extremely silent. Except for some rare treasures hanging on the four walls, which emitted a faint light. This place was more like an abyss buried at the end of the ground.

Fortunately, Jiang Chen had the help of the Immortal Boat Artifact Spirit, so he avoided some dead ends, and then went deep without any danger. novelusb.com

His heart gradually calmed down, and he was no longer as panicked as when he came. After all, the strength of the old man in feathered clothes was extremely terrifying, and he should be able to delay Gu Changge and others for a long time.

It was even more likely for him to kill them all outside the cave!

Chapter 579: Creepy, How do you explain your demonic arts?

“Why do I feel like someone is calling me?” Suddenly, Jiang Chen, who was rushing to the depths, stopped with some doubt appearing on his face,

But after listening carefully, he didn’t hear the slightest sound. He looked around, except for the extremely tall pillars, the place was extremely empty.

“Could it be the voice of the Ancestor of the Ji family?” Jiang Chen was in doubt for a while.

After what happened to the Ji family, he no longer had the slightest liking for the Ji family. Naturally, he didn’t want to rescue their Ancestor at this time.

In his opinion, this kind of thing was extremely risky. Who knew if the Ancestor of the Ji family would repay his kindness, after suffering many losses?

“I think you can give it a try. According to rumors, the Ancestor of the Ji family should be from a benevolent generation, otherwise, many forces would not accept his kindness. Maybe this is your chance.” Good Fortune Immortal Boat Qi Ling said, thinking that Jiang Chen could give it a try.

Jiang Chen pondered for a while and felt it was reasonable. What if this was his chance to wash away all his grievances?

Afterward, Jiang Chen did not hesitate and headed toward the source of the voice, if the situation was not right then, he would find a way to escape. The Ancestor of the Ji family had been trapped here for so many years, and he could only rely on sound transmission to transmit messages.

“He shouldn’t pose much of a threat to me.” Thinking about it, Jiang Chen gritted his teeth, concentrated his mind, and went to the depths.

After walking for dozens of miles, he felt a surging pressure in front of him, like a huge wave. But it seemed that an ancient sky was falling, and people couldn’t help but kneel down devoutly and want to worship.

This was the mighty power of Heaven and Earth that could not be described in words. Under this kind of pressure, any living being was as weak as an ant.

“What is this?” Jiang Chen looked at the scene in front of him in shock, it was as if a chaotic river was running through the universe flowing on both sides.

A terrifying aura filled the air, and there were pitch-black waves on both sides like the river of darkness filled with chaotic aura, which seemed to lead to the depths of the starry sky.

One after another, dragon coffins floated in the rivers on both sides, floating up and down. Their traces were extremely ancient and filled with vicissitudes. Transcending many epochs, it was even difficult to trace their origin.

In this underground palace, there was such a vast scene. It was almost like emerging from the depths of the universe. For a moment, he seemed to have entered beyond the starry sky.

The ancient and majestic stars were floating up and down above his head, thousands of stars were shining brightly in this magnificent Milky Way, spreading to the other side of the world.

In front, Jiang Chen also saw the blood gathered on the ground. Nine colors were intertwined within it, making it seem astonishing and dazzling. The terrifying aura made his skin tear open like a knife cutting his bones.

Even if there were strands of chaotic aura hanging down around it, there was a crackling sound as if it was about to collapse. It was difficult to get half a step closer.

Blood of Immortal King! Moreover, there was a lot of it, forming a small lake.

“An Immortal King really fell here... and it is related to the Dragon Clan. Is this place the palace of the Dragon King?” Jiang Chen was so shocked that he didn’t even dare to take half a step forward.

He understood the horror of that Immortal King's blood. Though countless years had passed and the divinity in it had dissipated. Still, the remaining energy alone was enough to kill any creature.

"Little friend..." After arriving here, Jiang Chen once again heard the voice of Ji Sheng Chu, the Ancestor of the Ji family.

He followed the sound and saw an extremely tall platform in the deepest part of the underground palace. There seemed to be a vague figure on it, extremely thin and dry, if he didn't identify it carefully, he may even use it as firewood. He was totally out of shape.

"Senior, is that you?" Jiang Chen asked aloud, he never thought that the Ancestor of the Ji family who was rumored to look down upon the entire universe would actually look in such a miserable state now.

However, being trapped in Mount Kun for so many years, it was already noteworthy that he did not die, which was enough to show that he was not simple.

"Little friend, it is the old man. There are prohibition patterns left by the True Dragon Clan here, as well as the remnants of the Immortal King's aura. My friend, don't act rashly, or you will hurt yourself."

The thin figure lying on the platform spoke, looking extremely weak, like a candle in the wind which seemed to be extinguished at any moment.

Jiang Chen didn't expect Ji Sheng Chu to be worried about his safety first at this time, and somehow he had a good impression of him.

"I understand, how can I rescue you, senior?" Jiang Chen asked.

"If you can find the eight formation eyes here and break them, the restriction here will naturally dissipate. This old man was lucky enough to hide on this altar to avoid being strangled by the force of the restriction. You must be careful. These restrictions were laid down by an Immortal King himself. Although they are broken and there is nothing left, they are not trivial." Ji Sheng Chu sighed, although he was still weak, Jiang Chen's arrival made him see hope, so he couldn't help but brace himself up.

"I understand, senior, I'll rescue you right now." Jiang Chen nodded and began to follow Ji Sheng Chu's words, looking for formations around him.

At the same time, he was also talking to the Immortal Boat Artifact Spirit in his mind, wanting to know whether Ji Sheng's initial value was worth saving.

"If you can rescue him, maybe he can become your protector." The voice of Immortal Boat Artifact Spirit was somewhat excited.

"I feel that Ji Sheng Chu, who has been trapped in Mount Kun these years, might be blessed by misfortune. His cultivation level will go even further. He should have surpassed the Immortal Realm when he was at the peak. Now, although the rules of Heaven and Earth are not complete, I feel that once his strength recovers, he should not be weaker than a True Immortal." It swore and promised.

When Jiang Chen heard these words, his heart also became hot. With a protector at True Immortal Realm strength, wouldn't he have hope for revenge?

Afterward, Jiang Chen followed Ji Sheng Chu's request to search for the formation eye, while talking to him, he also learned how Ji Sheng Chu was trapped in Mount Kun in the first place.

According to Ji Sheng Chu, the inheritance of the Immortal King was really tempting.

This Mount Kun was originally the lair of the True Dragon Clan of the Upper Realm. Later, the Dragon King of the True Dragon Clan was killed by someone for unknown reasons and fell here.

Ji Sheng Chu was also a bold person with high skills. He broke into Mount Kun alone, trying to find the inheritance of the Dragon King of the True Dragon Clan. However, he touched the restriction here by mistake. Thanks to hiding on the Taoist platform in time and avoiding the restrictions around him, he survived.

It was also for this reason that he had been trapped here for so many years without hearing any news.

"Now the outside world is probably going through a lot of vicissitudes. I wonder if Arlene... I, Ji Sheng Chu, have traveled all over the world in my life, and I have never broken my promise to anyone, but only to her."

While telling Jiang Chen what happened, Ji Sheng Chu couldn't help but let out a long sigh, and suddenly burst into tears, regretting in his heart, thinking of his former beauty.

From Jiang Chen's words, he also learned about the current changes in the outside world. Things changed, people changed, and so on. The bamboo tree that the two of them planted together in the past probably would have withered already and turned into dust.

Jiang Chen didn't care about Ji Sheng Chu's sigh at the moment, he just wanted to save him and use him as his own amulet.

Ji Sheng Chu seemed to know Jiang Chen's thoughts, and suddenly smiled and said, "Little friend, you can rest assured, since you rescued this old man, then you are the benefactor of this old man and the entire Ji family. The old man has acted honestly and aboveboard all his life, never cheating others, let alone repaying kindness with revenge."

"I have never doubted my predecessor's character." Hearing this, Jiang Chen heaved a sigh of relief in his heart, and also showed a rare smile.

For some reason, he suddenly thought of Ji Chu Yue and what Gu Changge said in the dungeon. The son-in-law of the Ji family who rides the dragon?

This might not be impossible. Half a day later, there was a loud bang and an earthquake, shining brilliantly in all directions. The waves of terrifying chaos rising from both sides were also slowly dissipating at this moment, gradually returning to the surrounding darkness.

"The eight formation eyes have been dealt with, and the pressure shrouded in this place has dissipated..." Seeing this scene, Jiang Chen showed a surprised expression, as if relieved.

"Little friend, you have worked hard, but I have to trouble you with one thing. The old man has been trapped here for many years, and he has reached the point where his life force is exhausted. It will take a while to recover before he can take you out of this place. During this time, I will trouble you to help

this old man..” Ji Sheng Chu on the platform also showed joy in his eyes, and after taking a deep breath, he said to Jiang Chen again.

Jiang Chen nodded, naturally he didn’t have any questions about it. He could also tell that Ji Sheng Chu was extremely withered now. He must have been struggling to support him all these years, and his aura had already been exhausted.

Soon, Ji Sheng Chu fell into meditation, and a surge of spiritual energy began to rush toward him. The Dao rhymes accumulated in the underground palace for countless years turned into a vortex, converging and submerging here.

“As long as I leave Mount Kun, my life will be rewritten. Gu Changge, you probably wouldn’t have imagined it, right?” Jiang Chen took a deep breath, his eyes flickered with coldness. Then he also sat cross-legged, and began to recover from the consumption he had just had.

He thought of a lot at once, including how to expose Gu Changge’s true face, and how to avenge his friends and others. There were too many, and he wanted Gu Changge to repay them one by one!!

But at this moment, Jiang Chen suddenly heard the sound of footsteps emerging from not far away, it was unhurried, and it seemed that the visitor seemed to be calm and calm. And the person who had arrived seemed to want him to perceive it on purpose, and only then did the footsteps come out.

At this moment, Jiang Chen opened his eyes, not knowing what to do and a bad premonition arose in his heart. He turned his head and looked toward the other side of the underground palace, his pupils shrank suddenly. It was unbelievable, his whole body was filled with chills, and his hair stood on end.

Jiang Chen was cold from head to toe, even trembling slightly. He felt a huge terror attack, his whole heart seemed to be strangled, and his bones and flesh were about to burst. He never expected that Gu Changge would appear in this place. Shouldn’t he be held back by the old man in feathered clothes at this time?

“Gu Changge, why are you here?” He tried to calm himself down, but his voice was trembling.

Gu Changge walked toward him unhurriedly. He shook his head when he heard the words, and said with a natural expression, “Of course, I came here to rescue Senior Ji Sheng Chu, but you, the inheritor of demonic arts, what do you want? You not only released the old man in feathered clothes who was sealed in the mysterious jade but also tried to kill everyone who came to rescue Senior Ji Sheng Chu here.”

“Gu Changge, you don’t want to spout blood. I’m not the inheritor of demonic arts. I was obviously framed by you.” Jiang Chen’s eyes were slightly bloody, and he fixed Gu Changge firmly, his limbs felt cold, and he was extremely shocked.

“Then can you explain why you know about demonic arts?” Gu Changge smiled noncommittally. “And why did you destroy that piece of black jade, release the old man in feathered clothes, and let him slaughter the powerhouses of all races?”

Chapter 580: Collecting compensation, It looks like senior’s mind has been confused

Gu Changge's sudden appearance cast a shadow over Jiang Chen's heart. Especially when he heard these words from him, his heart skipped a beat, feeling bad. He knew that although Ji Sheng Chu was recovering, he had been paying attention to what was going on here.

Gu Changge's arrival should not be hidden from Ji Sheng Chu. He was framed by Gu Changge as the inheritor of demonic arts, and he could justify this matter. But it was an undeniable fact that he released the old man in feathered clothes from the black jade.

After Gu Changge came here, he was looking at the surrounding environment, especially the platform in the top place. This made him feel a little strange.

In fact, he had been here for quite a while, but he had not stepped into this place, waiting for Jiang Chen to break the restrictions around Ji Sheng Chu. Gu Changge actually knew about the existence of the True Dragon Clan in Mount Kun.

And he also knew why the Dragon King of the True Dragon Clan had died. This incident had a lot to do with him. But to be precise, it should be related to Chan Hong Yi, after all, the Dragon King was killed by her own hands.

Her wooden comb had been left here, and it was also related to that battle. Before the Ancient Immortal Era, Mount Kun and Mount Lun were both known as the two major sacred mountains in the Upper Realm, but Mount Lun was destroyed by the Demon Lord.

In order to avenge the Demon Lord, Chan Hong Yi came to Mount Kun to challenge the King of the Dragon Clan, trying to destroy the mountain. What was the result of that battle?

In fact, there was still a record in the ancient books of Scale Feather. The Immortal King of Mount Kun died, and this place turned into a restricted area. For countless epochs, no creature had ever cracked this secret.

After collecting his thoughts, Gu Changge looked at the pools of blood not far away, his eyes were a little complicated. Above the Taoist platform, there was a misty chaotic aura hanging down as there was a large piece of purple light floating around surrounded by stars in the sky.

Ji Sheng Chu was seated there, his figure was blurred and thin. He was recovering his strength after swallowing the aura that swept from all around him. At this moment, his eyelids also moved a bit, and his extremely dry face began to become full of blood.

Suddenly, it seemed like a lantern had emerged from the darkness, it was extremely bright, and it shone brightly in all directions. He looked in Gu Changge's direction and frowned as if he was also confused by Gu Changge's words.

"What is going on?" Ji Sheng Chu was a little puzzled and asked Jiang Chen.

In the beginning, he regarded Jiang Chen as a junior who came to rescue him, but he didn't know about the rest. Jiang Chen didn't mention it to him, he just said that he had a good relationship with the miss of the Ji family, that was, Ji Chu Yue.

But at this moment, it seemed that there was something else hidden in it?

The inheritor of demonic arts? Released the Feathered Ancient Heavenly Lord from the mysterious jade?

Neither of those things sounded like a good thing. Although Ji Sheng Chu had never listened about the inheritors of demonic arts before he stepped into Mount Kun. But what could be called demonic in this world was probably inseparable from the one who killed the King of the Dragon Clan in Mount Kun, right?

Moreover, he had sensed that the piece of mysterious jade had moved recklessly before, and he had warned the people outside. Seeing Ji Sheng Chu's question, Jiang Chen was a little bit at a loss for a moment, not knowing how to explain it.

He hugged his thigh with great difficulty, how could he allow Gu Changge to provoke him with such a few words?

"Things are like this, senior, we had to do things outside the cave back then. If we didn't break open that piece of mysterious jade, it would be difficult for us to come in and rescue you."

"You have to believe that this junior is not a villain who commits evil, but the person in front of you is the vicious one with a human face and a beast's heart. He will do bad things and is insane." Jiang Chen took a deep breath and looked at Gu Changge with a bit of hatred as he explained.

However, Ji Sheng Chu was not a stupid person who would be fooled by a few words. He could clearly feel that Jiang Chen's words seemed to be a little secretive, not telling the truth.

He sighed, "Don't worry, little friend. Since you are my savior, I will naturally not treat you badly after I get out of trouble. As for your previous status, I don't care."

Hearing what Ji Sheng Chu said, Jiang Chen also heaved a sigh of relief and felt relieved.

"Junior from the Ancient Immortal Gu Family, Gu Changge, greets senior Ji Sheng Chu." Suddenly, Gu Changge stepped forward, greeting with a chuckle as he bowed to Ji Sheng Chu.

"Ancient Immortal Gu Family?" Ji Sheng Chu's face changed slightly, and then he seemed to think of something, and asked, "Are you the young master of the Ancient Immortal Gu Family?"

He used a firm tone. Because he felt that Gu Changge's cultivation was very unfathomable, obviously his age was not very old, at most he was about the same as Jiang Chen in front of him. His tone softened a lot, in comparison to Jiang Chen, Gu Changge's status was obviously more important to him.

Gu Changge showed a smile and slightly cupped his hands and said, "This junior is exactly that. At that time, when I heard that Senior was trapped here, this junior discussed with Patriarch Ji Hao and others, summoning all the forces from the Upper Realm to come here to rescue Senior."

"It's a pity that on the way, the villain pursued and plotted to release the old man in feathered clothes, causing heavy casualties to all the forces. The younger generation escaped a catastrophe before he came here."

"Oh?" Ji Sheng Chu's complexion suddenly became a little cloudy.

He had lived for countless years, so he was naturally not a stupid person, no matter what Gu Changge said or what Jiang Chen said, he did not fully believe it.

From what Gu Changge said at this moment, Jiang Chen's crime could be described as heinous. But from Gu Changge's body, he felt a chill for some reason, which made him a little terrified.

This young master of the Gu family was by no means as simple as he appeared on the surface, and the depth of hiding was unimaginable. At the level of Ji Sheng Chu, not to mention being able to directly spy on people's hearts, it was easy to judge whether a person's words were sincere or not through slight changes in expression or speech.

In his opinion, Gu Changge said that he was lucky enough to escape, but there was no trace of injury on his body, and he was casual and natural from the beginning to the end. It was as if everything was under his control.

On the contrary, after Gu Changge showed up, Jiang Chen acted extremely restless and vigilant, and extremely fearful.

"It seems that Senior doesn't believe in my good intentions." While various thoughts were passing through Ji Sheng Chu's mind, Gu Changge smiled again and spoke.

Jiang Chen's complexion changed drastically, and his heart beat even more violently. A bad premonition arose in his heart. Could it be that Gu Changge planned to attack Ji Sheng Chu? Could this be the purpose of Gu Changge going deep into Mount Kun?

He didn't want to rescue Ji Sheng Chu at all, but to kill him?

He couldn't believe it, in fact he couldn't imagine how Gu Changge had such courage, this was an extremely ancient and invincible existence! Even across the era back then, he could find no opponent, and he was so powerful that it was unimaginable.

Ji Sheng Chu frowned, and then said, "Young Master of Gu Family, I appreciate your kindness. After I get out of Mount Kun, I will definitely repay everyone's kindness."

For some reason, like Jiang Chen, he had a bad premonition. The young master of the Gu family in front of him seemed to be the one with evil intentions. n0V eLusB.COM

Gu Changge shook his head and said with a light smile, "Senior, you don't have to wait until that moment, you can also repay this kindness now, I'm afraid that you will refuse junior if you wait until then."

Hearing this, Ji Sheng Chu's expression darkened and he said, "What do you mean? If you want compensation, I will give it to you now."

At this time, anyone could feel Gu Changge's deep malice.

"It seems that Senior has been trapped for a long time, and his mind has become confused. It's better for this junior to get the compensation he wants by himself." Gu Changge smiled lightly, and his words seemed a bit indifferent.

Ji Sheng Chu's face immediately sank. And when Gu Changge finished speaking, another sound broke through the air not far away.

Accompanied by the terrifying blood and evil spirit, a vague figure entered quickly before sweeping across the void.

It was the old man in feathered clothes who had escaped from the black jade. At this moment, his sleeves were stained with a lot of blood, which showed the brutality of the previous battle.

“Old man in feathered clothes, how did he get here?”

Jiang Chen didn't expect the old man from the mysterious jade to show up here at all, he was stunned for a moment, extremely surprised, and then a look of joy appeared on his face.

He still remembered the old man in the mysterious clothes, who swore with his Dao heart and promised him that he would kill Gu Changge as long as he rescued him. From Jiang Chen's point of view, this old man came here to chase and kill Gu Changge.

But in the next moment, the joy on his face froze. He felt a little unbelievable, and his whole person froze there.

“The old man has already done what he promised you. I hope you can keep your promise.”

The old man in feathered clothes fell from the sky, ignoring Jiang Chen's look of anticipation, and after a strange laugh, he spoke to Gu Changge.

“You killed them all?” Gu Changge asked casually as if he was not surprised that he would come here.

The old man in feathered clothes shook his head and said, “Some people escaped, and the old man couldn't catch them, but I've still killed most of them, which is considered to have done what you ordered.”

“Okay.” Gu Changge nodded, and said with a faint smile, “You can rest assured, I will keep my word. After leaving Mount Kun, you will not only regain your freedom but also gain a new identity. From then on, the world is vast, and you can do whatever you want and no one will be able to restrain you.”

The old man in the feathered clothes also yearned for such a life. Hearing this, his eyes were unabashedly hot. After all, he was not the true Feathered Ancient Heavenly Lord, but just a touch of wisdom born in his corpse.

He could move freely in Mount Kun, but once he left this place, he would be like a fly without roots. Gu Changge promised to give him the heavenly technique of rebuilding the corpse so that he could regain control of the corpse of the Feathered Heavenly Lord.

It was not impossible to even reproduce the peak glory of the Feathered Ancient Heavenly Lord.

“At that time, you intentionally transmitted the voice to me. Was it arranged by Gu Changge?” Jiang Chen stared at the old man in feathered clothes, his face became extremely ugly as if he had eaten a dead fly.

He could also see at this moment that the old man in feathered clothes and Gu Changge had already made a deal. Only he was like a fool, complacent, thinking that Gu Changge would be eaten.

Little did he know that all of this was completely planned by Gu Changge. Releasing the old man from the mysterious jade was originally a part of Gu Changge's scheme!!

"It seems that you, junior, are not too stupid." Seeing Jiang Chen talking to him, the old man in feathered clothes sneered, but he didn't take him seriously at all.
