Chapter 581: The cruel fact, We were a couple for a day

Hearing this, the old man in feathered clothes laughed loudly, as if he had heard some joke.

“The old man is just a corpse, how can there be such a thing as Dao heart?” He sneered and mocked, showing disdain as if looking at a fool.

He also didn't expect that Jiang Chen would actually believe it was true just because he was fooling around at that time.

“You!” Jiang Chen's complexion was extremely ugly, and he felt insulted, feeling extremely aggrieved, and angry.

“Why did you scheme so much?” On the Taoist platform, Ji Sheng Chu had been watching with cold eyes, and couldn't help asking in a deep voice, and he could see the whole story at this moment.

The fact that Jiang Chen released the old man in feathered clothes was not his wish but he was used by Gu Changge in front of him. This made him tremble a little, and he didn't dare to underestimate Gu Changge.

“Old friend, let's settle the grievances between the two of us,” The old man in feathered clothes interrupted him, took a step forward, and said with a sneer.

Although he was not the original Feathered Ancient Heavenly Lord, he still inherited a lot of memories. It included how he was attacked by Ji Sheng Chu, and how he was sealed out of the cave by him.

At this moment, he stopped talking nonsense and went straight to attack Ji Sheng Chu in front of him. He could see that Ji Sheng Chu had only just escaped from trouble, and he was extremely weak. It was natural to take advantage of his illness to kill him!

“A corpse transformed into a spirit dares to be fierce!” Ji Sheng Chu's face was slightly cold. Although he had just escaped from trouble and didn't have much strength, he was by no means a corpse to be underestimated.

Immediately, the sleeves were rolled up, and a small jet-black sword flew out. It was less than three feet long, incomparably crystal clear, surrounded by dragon patterns, clanging and sneering, bursting out terrifying sword energy.

This was an indestructible divine weapon forged from the dragon pattern god gold he obtained from Mount Kun. Even without him urging it, it could unleash terrifying laws and order, which was extremely powerful.

“I don't think you're much better, you're nothing more than stern and soft-hearted, you have an empty shell.” The old man in feathered clothes also sneered, showing powerful means, and a whisk appeared out of nowhere.

In a flash, there was a sound of thunder and vibration, causing the void to collapse and explode, and even a chaotic aura spewed out.

The two fought on the Taoist platform, the momentum was extremely terrifying. All kinds of rays of light shot up into the sky, trying to shatter the earthquake. If it weren't for this place being the Immortal King abode from the True Dragon Clan back then, with many formation patterns engraved, it would have immediately exploded and collapsed into powder, making it difficult to withstand such unmatched fluctuations.

But this kind of aura was also palpating. It seemed to disturb the time, and many phantoms emerged, making this place extremely chaotic as if it had reversed the heaven and collapsed the universe.

"It seems that your last backing seems to be unreliable." Seeing Ji Sheng Chu fighting with the old man in feathered clothes, Gu Changge smiled lightly, looked at Jiang Chen in front of him, and said casually.

At this moment, Jiang Chen's complexion turned pale, his whole body was icy cold, he was chilling from head to toe and it was difficult for him to move. He was shrouded in terrifying pressure, he was almost suffocated, and all of his blood seemed to be flowing backward.

Before this, he never imagined that he would have such a day. He was lifeless, hopeless!

Gu Changge's strength was by no means comparable to his, even if he tried all the means, it would be useless. The gap between the two was really too big, so big that it was desperate.

Gu Changge approached him unhurriedly, and sighed, "I wanted to keep you and kill you later, but it's a pity that you insist on killing yourself."

Jiang Chen couldn't understand the meaning of his words, but he could feel Gu Changge's undisguised killing intent.

"As long as I don't die, I will definitely kill you in the future." He gritted his teeth, his eyes were bloodshot, full of hatred.

"What are you relying on to kill me? Relying on the Good Fortune Immortal Boat? Or relying on the demonic arts you know?" Gu Changge smiled indifferently.

"What! How do you know about this?" There was a bang on Jiang Chen's head as if he was hit by a hammer. His eyes widened, and he was even a little dazed at this moment.

He never expected that his biggest secret would be revealed by his enemy himself one day. Didn't that mean that Gu Changge knew about the existence of the Immortal Boat a long time ago?

He also knew that his identity as a Divine Origin Master was actually a fake. He could do all of this by relying on the Good Fortune Immortal Boat. Jiang Chen couldn't believe it, the terrible cold swept his whole body, making him shiver uncontrollably.

"Do you suddenly feel that you are living a pitiful life? Not only do I know your biggest secret, I even gave you the techniques you cultivate." Gu Changge smiled lightly, but his eyes were calm and innocent.

"What do you mean by that? What do you mean that even the techniques I cultivated were given by you?" Jiang Chen's whole body was covered with a cold aura, he didn't even notice it, his voice was trembling, full of fear.

“Isn’t this the master who bestowed the technique on you?” Gu Changge smiled, shook his sleeves. A familiar figure suddenly appeared in front of Jiang Chen, causing his pupils to shrink sharply, and the whole person stepped back, almost staggering and falling to the ground.

Jiang Chen’s face lost all color, showing fear and disbelief as if he was stunned.

“Black Robed Senior...” He clenched his teeth tightly and his whole body was shaking.

These days, he had been inquiring about the Black Robed Senior who rescued him and bestowed him with techniques. But no clues were found.

This person seemed to have evaporated from the world, and it seemed that he had never appeared in this world. This also made Jiang Chen sad for a while, thinking that the senior in black had met his enemies, and something had happened.

But he never expected that even the senior in the black robe who saved him back then was arranged by Gu Changge. This made Jiang Chen almost out of breath, feeling as if he was drowning in the vortex.

No matter how hard he struggled, he could not escape the fate of being drowned.

At this moment, Jiang Chen thought everything through, and he couldn’t help saying with despair in his eyes, “It turns out that you are the most hidden inheritor of demonic art, and your maid is just a means for you to cover up.”

The Immortal Ship Artifact Spirit in his sea of consciousness was also terrified to the extreme. It had never expected that they would live under Gu Changge’s calculations from the beginning to the end. This feeling that fate was being manipulated like a thread made them desperate. Such a cruel fact made it hard for Jiang Chen to accept it and he almost passed out.

Gu Changge smiled lightly but didn’t explain anything.

“After watching for a long time, aren’t you ready to show up? If you don’t save him now, then I will kill him, and you will never get the Good Fortune Immortal Boat you want,” Gu Changge suddenly looked at a certain void outside, with a strange look in his eyes he uttered.

Jiang Chen, who was trembling in despair, was also taken aback when he heard this, and couldn’t help but look in the direction Gu Changge was looking at. Was there anyone else here besides them?

Buzz!!

In the next moment, the void trembled slightly like a picture scroll, and then fluctuations spread out like ripples.

A slender and graceful figure in white clothes stepped out of it. Her blue hair was like a waterfall with her fluttering skirt. Her facial features were beautiful and cold, and she exuded an aura that didn’t care about worldly matters, just like an immortal.

“Ruoyin...” Jiang Chen’s eyes widened, looking at this familiar yet unfamiliar figure, he couldn’t believe it.

How could Xiao Ruoyin be in Mount Kun? Did she come to rescue herself?

And at this moment, Jiang Chen's eyebrows suddenly glowed, and his spiritual sea turned crystal clear. Immediately afterward, the Immortal Boat Spirit rushed out, turning into a palm-sized bronze boat before exclaiming in surprise, "Master!"

It was very sensitive to this aura, and it could be judged almost instantly that the Xiao Ruoyin in front of him was no longer the previous Xiao Ruoyin. It was its true owner, the Prophet of Destiny who had restored the memory of her previous life!

After Xiao Ruoyin appeared, she didn't go to talk to Jiang Chen, but looked at Gu Changge, and then sighed, "In the end, you found out."

She should have noticed earlier. After Gu Changge attacked and killed the members of An Clan and everyone from the War Immortal Mansion, he should have found her trace.

It was just that he didn't point it out, so she didn't think much, and continued to follow all the way. She saw everything that happened in the underground palace today. Even if Gu Changge was silent, she would show up and find a way to save Jiang Chen, and not allow Gu Changge to destroy the Good Fortune Immortal Boat.

"Ruoyin, you really let me down." Gu Changge's expression didn't change, he just shook his head lightly, as if he was quite sorry,

"But should I call you Ruoyin now? Or Prophet of Destiny?" Xiao Ruoyin's expression was calm as if she was neither happy nor sad, and she was not affected by foreign objects. She said, "That title is just a foreign object, I am still me after all."

If she had no other choice, she actually didn't want to reveal her identity in front of Gu Changge.

"You're not being honest at all, but do you remember what you said to me that night?" Gu Changge seemed to be smiling, and his words were still very casual as if he didn't care about Xiao Ruoyin's identity change.

Xiao Ruoyin felt that he meant something, and when she thought of what happened that night, a faint haze appeared on her face. But it soon dissipated and returned to the natural way, "The identity was different at that time, and the words spoken were naturally different."

"It's a different identity. So you want to stop me now? Do you want me to kill you as well?" Gu Changge said lightly.

"Jiang Chen was transformed by the Immortal Boat. If you kill him, you will destroy the Immortal Boat, so I have to save him." Xiao Ruoyin shook her head and explained her purpose.

"Then do you think you can stop me?" Gu Changge looked at her and asked with some interest in his tone.

Xiao Ruoyin shook her head, "With my current strength, I can't stop you."

"It seems that you are not stupid." Gu Changge smiled faintly, walked towards her suddenly, stretched out his hand to pinch her smooth jade chin, and made her look at him,

“Then I will give you two choices now. After all, we were a couple for a day, I am reluctant to kill you. Give me the method of refining the Good Fortune Immortal Boat and I’ll let you go, and won’t blame the past. Otherwise, I will kill you together.”

Chapter 582: Xiao Ruoyin’s Choice, The path of life and death

Gu Changge’s expression was flat. His words were very simple, as if he was just talking about an insignificant matter. But whether it was Xiao Ruoyin or Jiang Chen, they all fell into silence at the moment.

Jiang Chen already knew the current Xiao Ruoyin, he was already familiar with her. She was the Prophet of Destiny, in charge of the Good Fortune Immortal Boat, and once had supreme status in the Immortal Palace.

She didn’t come here to save him because of her love, but because he was the reincarnation of the Good Fortune Immortal Boat, and she didn’t want to see him destroyed by Gu Changge.

These corners made Jiang Chen’s mouth gradually form a bitter arc, which seemed very self-deprecating. Moreover, Xiao Ruoyin never glanced at him from the beginning to the end, as if his existence didn’t matter.

“I’ll give you time to think about it, but don’t forget that even if you can save him from this place today, from now on, there will be no room for you in the vast Upper Realm.”

Gu Changge was still smiling lightly as if he wasn’t worried that Xiao Ruoyin would make other choices.

“I see.” Xiao Ruoyin nodded, then fell silent, looking at Gu Changge with many thoughts flashing through her.

She didn’t make a choice right away. However, Gu Changge was not wrong about one thing, even if she was able to rescue Jiang Chen today, from then on, there would be no place for him in the entire Upper Realm.

Gu Changge’s power could be said to sweep the entire Upper Realm, who would dare to offend him easily?

Jiang Chen was now the scapegoat of the inheritor of demonic art, no matter where he went, he would be the enemy. Unless she was strong enough to protect Jiang Chen all the time, otherwise all this would become unrealistic.

What was more, with her current strength, it was almost impossible to save Jiang Chen. On the contrary, in the end, he would be buried here with herself. Gu Changge gave her such a choice, so why shouldn’t she save her life?

“Have you figured it out?” Gu Changge spoke unhurriedly, with a faint smile.

He had been paying attention to the changes in Xiao Ruoyin’s expression, so he could easily guess what was going on in her mind. She was hesitating and wavering. In this mortal situation, as long as she was a smart person, she would know how to make a choice.

Seeing that Xiao Ruoyin was still silent, the brilliance in Jiang Chen's eyes gradually dimmed. He clenched his fists unwillingly, and the bloodshot eyes appeared more ferocious.

"Sorry, I don't have much choice right now." Finally, Xiao Ruoyin spoke, she raised her eyes and looked at Jiang Chen for the first time after arriving here. But the words were full of apology and helplessness.
n0velusB.c0m

"I misunderstood you, Ruoyin, you let me down so much." Although Jiang Chen could understand her choice, in his heart he was still extremely unwilling and angry. His eyes became extremely cold.

To him, this feeling seemed like a betrayal. However, after Xiao Ruoyin said this to him, she never spoke again. This made Jiang Chen swallow all the things he wanted to say, full of unwillingness.

"Master... how can you do this... If you do this, it will be the same as killing Jiang Chen."

Good Fortune Immortal Boat spirit also had an unbelievable expression at this moment, and its voice trembled. It couldn't believe that Xiao Ruoyin would make such a choice. This was the master it knew well.

The owner was definitely not that cold and heartless. Xiao Ruoyin didn't pay attention to the words of the Good Fortune Immortal Boat spirit and shook her head slightly in her heart.

After all, she merged with the original Xiao Ruoyin's memory, and it was not the pure her. If she wanted to obtain the complete Immortal Boat, Jiang Chen would have to make sacrifices sooner or later, it was only a matter of time. If the time was later, he might still be able to retain his wisdom and memory. But now, it would basically end with his soul flying away.

Xiao Ruoyin herself was not a soft-hearted person, after making a decision, her expression returned to calm and natural. It was as if all this had nothing to do with her.

Gu Changge smiled, stretched out his hand to help her smooth a strand of hair between her ear as he said, "I don't think I misunderstood you, smart people know how to seize opportunities."

Hearing that Xiao Ruoyin hadn't spoken, she sighed in her heart and then informed Gu Changge the method to refine the Immortal Boat. Gu Changge had known for a long time that she would make such a choice, and his expression did not change.

After obtaining this method, he did not try it directly, but deduced it first, and found nothing wrong. The Immortal Boat itself was divided into two parts, one part was the artifact spirit, and the other was the divine weapon itself.

Jiang Chen was the divine weapon itself, but there was an accident when he was reincarnated, he turned into a human being, and inherited the huge Luck of the original Good Fortune Immortal Boat, turning into the Son of Luck.

In order to obtain the complete Immortal Boat, it was natural to fuse Jiang Chen with the spirit of the Immortal Boat with other means, and then utilize the sacrificial refining. This process was not actually complicated and it would just take a little time.

"Ruoyin, do you really want to help Gu Changge kill me?" Jiang Chen witnessed with his own eyes the entire process of Xiao Ruoyin passing on the method of refining the Immortal Boat to Gu Changge.

At this moment, his heart ached, as if thousands of swords were splitting it apart. Xiao Ruoyin didn't say much, her expression was very calm as if she didn't hear what Jiang Chen said.

Such an indifferent attitude made Jiang Chen laugh miserably, desperate and disappointed.

Rumble!!

Waves of divine glow and black thunder flashed past as if piercing through the sky and the universe. At this moment, on the Taoist platform, Ji Sheng Chu and the old man in feathered clothes were still fighting, inseparable, unleashing shocking momentum.

Wisps of chaotic aura exploded and spread toward the surroundings. At this time, even the void was broken into countless fragments and annihilated silently. The two of them were fighting to the point of frenzy, and they had no time to care about him.

Even if it was the conversation between Jiang Chen and Gu Changge, they didn't bother to listen. At their level, although they were not at their peak now, the fluctuations in their fights were still terrifying.

Even Enlightened beings would be terrified in front of them and would not dare to approach them. Although Jiang Chen was extremely disappointed with Xiao Ruoyin, at this moment he still had a glimmer of hope in his heart, thinking that the Ancestor of the Ji family might be able to solve today's predicament and reverse the overall situation.

He pinned his last hope on the Ancestor of the Ji family. But at this moment, a terrifying black light suddenly appeared, like a giant sun rising from behind Gu Changge, shining and captivating with the taboo power to devour the Heavens.

"What is this!" Jiang Chen felt that his soul would be swallowed by that black light, and his whole body could not help but tremble.

Rumble!!

The void trembled as if it was about to be crushed under this big black sun. Even the escaping chaotic aura collapsed and was swallowed at this moment. It was a black vase the size of a palm, like a condensed rune of the Great Dao.

The divine chain of laws with the waterfall hanging from it rushed towards the two people on the platform in front of them, seeming to drown them together.

In a deeper place, the monstrous gray fog swept in, covering the sky and the sun, accompanied by a terrifying roaring sound as it swallowed up this place all at once.

Gu Changge stepped forward and made a move, taking advantage of the opportunity of the battle between the two, intending to take advantage of it.

"This is!" The Ancestor of the Ji family and the old man in feathered clothes, who were fighting on the platform, suddenly changed their expressions when disturbed by this.

The two of them felt this terrifying fluctuation almost immediately, and after recognizing the Great Dao treasure bottle, their expressions changed drastically, revealing horror and disbelief.

“Impossible!” The old man in feathered clothes didn’t have time to be furious at Gu Changge’s sudden attack, his face was full of fear as if he had seen something incredible.

He was born in the Ancient Immortal Era, and he had seen a lot, so he naturally knew what this Great Dao bottle meant.

That was something... forbidden!

However, he didn’t know that this object was not formed by the condensation of laws, but a true existence.

“It doesn’t matter where you come from, you have to pay the price for such calculations today.”

At this time, after the Ancestor of the Ji family came to his senses, he stared at Gu Changge who was attacking them in anger.

He was like a big furnace that could smelt the world, displaying invincible methods, extremely masculine. Blood was soaring within him like a brave god, trying to break the Dao with strength, trying to shake off the divine light of order that submerged him.

He was extremely powerful, even though his life force was exhausted and he had been fighting with the old man in feathered clothes for a long time, he still had an invincible aura.

Gu Changge’s expression was calm, and he didn’t intend to let him go just because the old man in feathered clothes did him a little favor before.

In his eyes, the old man in feathered clothes would become a hidden danger if he went out alive. It was better for him to stay here forever and be buried under everything that would happen in Mount Kun here.

What was more, the old man in feathered clothes’ cultivation at his peak was not weaker than that of the Ancestor of the Ji family. It couldn’t be justified to leave such an origin unused.

“Boom!”

In the next moment, an extremely terrifying aura swept out from the underground palace. The jet-black vase of the Great Dao hung above Gu Changge’s head, like a black hole, with a deep mouth. One couldn’t even see the bottom at a glance.

This was an unparalleled devouring force, unimaginable as if the Heavens and epochs could be swallowed within it. From it, mountain-like black light beams spurted out toward the old man in feathered clothes and the Ancestor of the Ji family, intending to put them both into the vase.

“Crash!!”

However, the two people’s methods were extremely terrifying. The old man in feathered clothes unleashed an Enlightened Map, which hung above his head, The map shook, and a sacred mountain rushed out, crashing into the Great Dao treasured vase, exuding an immemorial and immortal aura.

But in the next moment, as the black light fell, the gray fog surged in and the sacred mountains collapsed before turning into ashes as they couldn’t resist for a moment.

Gu Changge's expression was flat. He moved forward, one after another, Enlightenment artifacts emerged in his hands, including a Purple Vase, a Golden Dao sword, and an exquisite Treasure Fan... With shining brilliance, it began to recover an unparalleled aura, surging like a big wave, crashing towards the front.

Chapter 583: Breaking through the gate of the Emperor Realm, Sacrificing the Good Fortune Immortal Boat

Boom!!

The void collapsed, and a terrifying rift appeared as if countless stars had descended. The old man in feathered clothes and the Ancestor of the Ji family were no longer at their peak, but now after the battle, their aura was even more sluggish.

Gu Changge's intention was their origin, and while attacking, he directly suppressed them with the Great Dao treasure bottle. It became even more chaotic as the two roared out, feeling a sense of life and death crisis. They urged their respective powerful means to unleash a divine weapon.

The divine light completely illuminated the dark underground palace, and the Heaven and the Earth seemed to be beaten back to before the sky was opened, incomparably blurred. The chaos engulfed everything.

In the end, there were even fragments of time flying, like a river flowing against the chaotic era.

The battle between the three of them almost swept into the river of time. In the broken waves, various sounds of the world and sacrifices from ancient times resounded.

This was a vast and boundless battle. The Ancestor of the Ji family and the old man in feathered clothes were indeed invincible existences. At their peak, their cultivation base surpassed the Immortal Realm. They persisted for a long time against Gu Changge.

In the end, the Eight Desolation Demon Halberd appeared in Gu Changge's hand, and it slashed down. The light of the halberd crossed over, as if splitting the big universe. It was icy cold and stunning before it directly smashed all the attacks from the duo!

There was no suspense in this battle. After Gu Changge used the most powerful means, even if the old man in feathered clothes and the Ancestor of the Ji family joined forces, they were not his opponents. After roaring unwillingly, they gradually calmed down.

The Great Dao treasure bottle was hanging in the air as if it had turned into a black hole, swallowing everything.

Apart from the origin of the Ancestor of the Ji family, the old man in feathered clothes was a surprise. As the physical body of the former Feathered Ancient Heavenly Lord, even if it had been exhausted for countless years, the energy contained in the physical body was unimaginable to ordinary people.

"Even the Ancestor of the Ji family is dead..." Jiang Chen, who witnessed all this with his own eyes, also let out a miserable smile, as if he was dumbfounded.

After the Ancestor of the Ji family was brutally murdered by Gu Changge in the end, his last hope seemed to be shattered. As for Jiang Chen, Gu Changge naturally didn't need to keep him, and according

to the method Xiao Ruoyin said, he directly grabbed him with one palm and prepared to refine the Good Fortune Immortal Boat.

Boom!!

A bright black fire was born, illuminating the icy underground palace, Jiang Chen wailed miserably and cursed Gu Changge continuously. His vitality began to dissipate, but dazzling rays of light erupted all over his body, and mysterious lines emerged, faintly turning into the phantom of an ancient bronze boat.

Although the method of sacrificial refining was time-consuming, Gu Changge was not in a hurry after the Ancestor of the Ji family and the old man in feathered clothes had been dealt with.

During this period, he didn't pay much attention to Xiao Ruoyin, but sat cross-legged on the Dao platform and began to refine the source of devouring. This energy was extremely surging, enough for him to break through the threshold of the Emperor Realm and enter the ranks of Enlightened beings.

In the following months, an extremely loud sound resounded here, like thunder exploding from a chaotic sky, sending out a momentum like opening the sky, shaking the Heavens and the Earth.

The endless rays of light and vigor soared into the sky. There were hundreds of millions of paths as if they had turned into a pool of flying immortals.

In front of Gu Changge, a grand and quaint portal appeared, containing the supreme aura of Taoism. However, this portal was tightly closed, and it was difficult to open. It seemed that there was another indescribable world behind the portal.

"The Gate of Enlightenment, he seems to be joining the ranks of the Enlightened..." Xiao Ruoyin looked at all this with complicated emotions, thinking of Gu Changge's age.

The twenties?

It was not an exaggeration to describe it as unprecedented, but she was not surprised when she thought of Gu Changge's identity.

Boom!!

In the next instant, Gu Changge's brows turned bright, and a little golden figure who was just like him stepped out and pushed forward toward the portal.

The portal opened, and hundreds of millions of peals of thunder and rays of light exploded. An aura of life emerged from the world. There was chaos and immortal energy surging there as if walking into the legendary immortal land.

At this moment, Gu Changge's skin, flesh, blood, lungs, and bones all became crystal clear and brilliant, stained with immortality and chaotic energy before finally condensing the mark of Heaven between his eyebrows.

There were fluctuations in the dark between Heaven and Earth as a dense fog of the Dao was born, completely enveloping him.

This was the reward from Heaven for cultivators who had entered the realm of Enlightenment. The mist of Dao contained various fragments of Dao and the spirit of the rhyme, which was extremely precious.

In normal times, one couldn't see them at all. Except for the Enlightened beings, the rest of the cultivators were not qualified to get in contact with them.

Of course, if it weren't for the fact that this place was rather special, the vision of Gu Changge's Enlightenment would definitely cause a sensation in the entire Upper Realm, there was no doubt about it.

As every cell of Gu Changge devoured the mist of Dao here, his spirit and cultivation were also changing. His aura was so intense that it was like a melting pot of chaos burning in Heaven and Earth.

Clusters of rays of light from the Emperor Realm reflected from his cheekbones, incomparably bright and blazing. At this point, Gu Changge's aura of life was even more terrifying and turbulent than the vast sea, just standing there was suffocating.

The difference between Enlightened and un-Enlightened was hard to describe in words. The transformation of the level of life alone was beyond the cognition of ordinary cultivators.

Finally, the chaotic mist here dissipated, and the place gradually returned to calm. His white clothes fluttered, making him spotless. His black hair was as clear as ink, scattered behind him, transcendent and peerless.

Gu Changge arrived from the platform with a calm expression and deep eyes, like an endless starry sky.

"It took several months, which is actually not too long." He reckoned that the time he took to take this step was indescribably short compared to other cultivators.

After all, ordinary cultivators, when they were in the Quasi-Emperor Realm, often secluded for tens of thousands of years. Only he was a complete exception.

"How long will it take for the Good Fortune Immortal Boat to be refined?" Gu Changge looked at the other side.

Xiao Ruoyin had been waiting for him here. Although she knew that Gu Changge was on the verge of breaking through, she did not dare to leave easily.

"Half a month at the latest," Xiao Ruoyin replied, looking at the area that was still shrouded in Dao.

Gu Changge nodded, rolled up his sleeves, and took away the Heavenly Dao Treasure Box that was floating up and down in the void. He also used up many Luck points and Destiny value and his whole body was full of pain. There were two hundred and six transcendental bones. That was, at the point of perfection.

And this was also the reason why Gu Changge could break through easily, after all, getting rid of the bones was related to the understanding of the Origin of the Laws.

He had not lacked these for a long time, the only thing missing was the spiritual energy in his cultivation base. Now that he had made up for the deficiency in his cultivation base, it would be a matter of course for him to break through and become an Enlightened being.

However, Gu Changge always felt that there was something wrong with it. The detachment bone itself did not have such a simple purpose.

It was just that the problem of the current laws could not be revealed, that was to say, the rest of the mysteries beyond the bones might only be explored after he broke through the Immortal Realm.

“The existence of the Epoch Tree should also be put on the agenda...” Gu Changge began to prepare the next plan, the hope of becoming an Immortal in the Upper Realm was still in his hands.

When the Dao Fruit of the Epoch Tree matured, the Upper Realm’s laws of Heaven and Earth and even luck would be restored. During this process, there was a high possibility that Immortal Gates would appear, bringing sentient beings the opportunity to become Immortals.

Why couldn’t the Dao fruit of the Epoch Tree be used as bait?

Half a month later, the sacrificial refining of the Good Fortune Immortal Boat was completed. A bronze immortal boat with an ancient and mysterious meaning emerged from the fire. There were layers of blurred ripples around it as if there was a long river of time flowing, making it ancient and modern.

“This is the Creation Immortal Boat, it really has something extraordinary.” Gu Changge nodded, seeing the complexity in Xiao Ruoyin’s eyes.

Xiao Ruoyin also knew that she would not be able to get it back, so after looking at the Creation Immortal Boat, she looked away. Although Gu Changge did not kill her, the days ahead might be difficult for her.

“The power of time, but it still lacks some space-time attributes...”

Seeing the Immortal Boat of Good Fortune reminded Gu Changge of the Enlightenment Mirror and the Space-Time Monument in his hands if the two cooperated with the Good Fortune Immortal Boat.
n0Ve1Usb.c0m

Maybe it could reverse the chaotic years, return to ancient times, and even the taboo era. However, he currently had no plans to reverse the passing of time.

Later, during the process of leaving mount Kun with Xiao Ruoyin, Gu Changge encountered many cultivators who were still hiding there. They were all lost with the forces behind them after being attacked by the old man in feathered clothes.

Among these people, there were Ji family siblings, Ji Chu Yue and Ji Yaoxing.

With the Immortal Boat in his hand, Gu Changge was naturally not worried about getting lost here, so he showed up and rescued the group of people by the way. After being trapped in Mount Kun for several months, these cultivators were almost desperate, and they didn’t dare to act rashly.

There were life crises everywhere, and they watched their companions accidentally step on a piece of yellow mud as it exploded instantly with a puff before they died miserably.

Now Gu Changge’s sudden appearance surprised all of them, seeing hope, like seeing a lighthouse in the dark. Even Ji Chu Yue, who was extremely afraid of Gu Changge, couldn’t help but feel joyful and let out a long sigh of relief.

It seemed that as long as Gu Changge was there, it didn't matter if the sky fell down. This was an indescribable sense of stability.

"It seems that the old man in feathered clothes killed a lot of people back then."

After listening to everyone's experience during this period, Gu Changge sighed with a bit of regret on his face.

"In the beginning, the old man in feathered clothes was extremely powerful. Several Enlightened beings joined forces, and none of them were his opponents when they activated the Enlightenment artifacts. In the end, they died tragically in his hands. Later, we fled separately, but the terrain in Mount Kun was complicated, and we got lost after escaping.... Our clansmen have also separated from us. We don't know whether they are alive or dead. Their father and Elders don't know where they are," Ji Chu Yue said sadly.

In front of Gu Changge, she didn't know why she said these words.

"Master Changge, I wonder what happened after entering the cave?" Then Ji Yaoxing seemed to have thought of something, and couldn't help asking, really wanting to know about their Ancestor Ji Sheng Chu.

Chapter 584-1: The world is outraged, Must carry the blame even after death (1)

At this moment, not only the siblings of the Ji family wanted to know what happened in the cave, even the rest of the people stared at Gu Changge with extreme curiosity and doubt. They couldn't help guessing the scenario.

After all, everyone was only concerned about running for their lives at that time, so how could they know if the Ancestor of the Ji family was trapped in the cave?

They had long forgotten their purpose of entering Mount Kun. And the most important point was that all the forces that entered Mount Kun had suffered heavy losses, even several Sect leaders were lost.

At such a time, keeping one's life alive had become a problem, and no one had the leisure to care about what happened to the Ancestor of the Ji family. Seeing that everyone was staring at him, Gu Changge was not surprised, he already had an excuse.

So, he shook his head lightly and said, "After entering the cave, I chased in the direction Jiang Chen was escaping, but before chasing very far, I encountered a thick fog that emerged from nowhere."

"I was trapped in it for several months, and after I escaped, I felt the sound of fighting in the distance, but I felt that the aura was far beyond my ability to fight, so I didn't get close to it. I guess senior Ji Sheng Chu was fighting the old man in feathered clothes..."

"I haven't met that old man in feathered clothes during these days, maybe he was sealed by senior Ji Sheng Chu again in Mount Kun, but it's a pity..." Gu Changge had a regretful expression on his face as if he felt sorry for not rescuing Ji Sheng Chu.

The expressions of Ji Yaoxing and Ji Chu Yue also darkened. Although they had expected it a long time ago, Gu Changge's words still made them feel blocked. Their Ancestor Ji Sheng Chu might still be trapped in Mount Kun.

But he might have already died with that old man in feathered clothes. And the culprit who caused all this was Jiang Chen, whom Ji Chu Yue trusted so much before.

“Damn that Jiang Chen, he killed so many powerhouses this time, there will be no place for him in the Upper Realm.”

After hearing this, many people were extremely shocked and filled with righteous indignation.

Jiang Chen not only blocked their escape route, but also released the old man in feathered clothes who was sealed in the mysterious jade, resulting in the tragic death of many cultivators, and even the Enlightened beings were not spared.

The heinous crime he committed would not be an exaggeration even if his body had to be shredded into pieces and his bones pulled out.

“Sister, I can’t blame you for this, it’s because Jiang Chen is hiding it very deeply, you were kept in the dark by him. I have long said that he is not a good person. If you meet him again in the future, you should be careful.” Seeing his sister’s expression of guilt, Ji Yaoxing couldn’t help but sigh softly.

He guessed that Jiang Chen should have left Mount Kun long ago and fled. With his means, these prohibition patterns in Mount Kun couldn’t stop him.

“It was I who killed the elders and the clansmen...” Ji Chu Yue said sadly while feeling guilty.

She always felt that Jiang Chen was not like a villain, he acted with a free and confident demeanor, resolute and courageous. But it turned out that she was not just wrong but dead wrong.

Jiang Chen was the deeply hidden inheritor of demonic arts, and countless young supreme beings had tragically died in his hands.

Maybe Jiang Chen’s purpose in getting close to her was to seek the origin of her physique. One day, when she was not prepared, he would attack her.

“Miss Chu Yue, you don’t need to blame yourself. In fact, before this, I didn’t know that Jiang Chen would be the inheritor of demonic arts. It’s reasonable for you to be deceived by him. But from now on, Miss Chu Yue has to learn a little bit.” Gu Changge smiled lightly when he heard the words, and said comfortingly, “Jiang Chen just took advantage of your kindness to hide it from you for so long.”

Ji Chu Yue didn’t expect that Gu Changge would comfort herself, and she was taken aback. Then thinking of his behavior when he was in the dungeon, her pretty face turned slightly red.

In her impression, Gu Changge’s temperament was extremely cold and forceful. It was rare for him to comfort others like this. This made her feel a strange emotion in her heart as she nodded and hummed lightly.

In the next few days, everyone stayed together and headed out of Mount Kun. On the way, they met many scattered cultivators, and inquired about the situation during this period of time from their words.
n0VEluSB.c0M

Everyone’s experience was actually similar, but this group of people was more unlucky. On the way, they encountered the Enlightened Ice Dragon that they met before, and many of them died tragically.

They were lucky enough to survive, and some even witnessed the Heavenly Demon Monarch being swallowed by that Ice Dragon, and his life and death were unknown.

This news shocked many people. The Heavenly Demon Monarch was the leader of the current younger generation, standing at the pinnacle of his generation, with limitless achievements in the future.

Even he had an accident?

This silenced the people who had survived the desperation. Their hearts were extremely heavy. They had already expected that the news of what happened in Mount Kun would cause huge disturbances.

First, on the way into Mount Kun, people from the An Clan and War Immortal Mansion met unknown circumstances and died tragically. Then the true identity of Jiang Chen, the inheritor of demonic arts, was exposed. He released a peerless murderer to kill many Great sect leaders and Enlightened beings.

Now even the Heavenly Demon Monarch died tragically in the mouth of the Ice Dragon?

This news would definitely cause a sensation in the entire Upper Realm. The An Clan, War Immortal Mansion, Heavenly Demon Mansion, and other forces would never let it go.

After half a month, everyone finally left the territory of Mount Kun and reappeared outside. Isolated from the terrifying aura, the outside sky was clear and cloudless, with occasional divine lights passing by, making everyone surprised and excited inexplicably.

“Great, we finally came out. I don’t want to come to Mount Kun again...” Some people spoke incoherently with excitement, and their voices trembled.

Ji Chu Yue and Ji Yaoxing were also sighing, feeling as if they had just passed away. Without Gu Changege, they probably would have been trapped in Mount Kun for a long time. Maybe they would end up like their Ancestor, and they would be trapped in it for a lifetime, and it would be difficult to escape.

“I wonder if father, elders, and the others have escaped...” The two of them looked back at Mount Kun, still feeling a little palpitating.

Afterward, everyone thanked Gu Changege and bid him goodbye. They expressed their gratitude for this period of time before turning into divine lights and left without stopping, returning to the forces behind them to report what happened in Mount Kun.

“My sister and I will never forget Young Master Changege’s great kindness. If there is anything that Young Master Changege has to do in the future, just say it to me. Even if it is going to the mountains of swords and seas of fire, my sister and I will not hesitate.”

Ji Yaoxing and Ji Chu Yue also calmed down, left, and returned to the family.

After rescuing the Ancestor of the Ji family, their Ji family suffered heavy losses. The few remaining Ancestors had also died tragically in Mount Kun. The rest of the people were missing, and their life and death were unknown.

From now on, even if the Ji family could rescue their Ancestor, they would be reduced to second-rate or even third-rate, and would not be able to return to their former glory.

“Brother Yaoxing, Miss Chu Yue, walk slowly.” With a smile on his face, Gu Changge quietly watched them leave.

A large part of the reason why he rescued everyone from Mount Kun was to pass on what happened in Mount Kun through the mouths of everyone. Although Jiang Chen was dead, Gu Changge still wanted to create the illusion that the inheritor of demonic arts was not dead, but just escaped.

After returning to Kunwu City, Gu Changge first asked Alpha to call An Yan.

When he went to the underground palace to hunt down Jiang Chen, he ordered Alpha to take An Yan and leave Mount Kun. After all, he still wanted to keep this pawn to control the An Clan.

Once An Xi died, from then on, the An Clan would also fall into An Yan’s hands. Those few drops of Shadow Immortal True Blood still had some effect on Gu Changge.

In addition, the An Clan’s strength in the Upper Realm was not weak, and it would not cost much for Gu Changge to control it.

“You should go back to Heavenly Dao Immortal Palace. Since I said that I don’t blame the past, I won’t blame you anymore.”

Chapter 584-2: The world is outraged, Must carry the blame even after death (2)

Afterward, sensing Xiao Ruoyin’s aura, Gu Changge frowned slightly, then relaxed, and said lightly toward the void behind him. When he left Mount Kun, Xiao Ruoyin had been following him, but she hadn’t shown her trace.

She had the Destiny Physique, if Xiao Ruoyin concentrated on hiding her aura, even an Enlightened being would not be able to perceive it. She also had this idea before, hiding her own aura, and then following behind.

But she never thought that Gu Changge would still notice her tracks. Hearing this, Xiao Ruoyin’s figure manifested in the void. She nodded, but didn’t say much.

On the side of Heavenly Dao Immortal Palace, after she recovered the memory of her previous life, there was actually no need for her to stay any longer. But since it was Gu Changge’s request, she would definitely not refuse.

Now was a good time to sort out my memory and plan for the next thing. Shortly after Xiao Ruoyin left, Alpha rushed over with An Yan.

“Greetings, Young Master Changge.”

An Yan stood respectfully. After leaving Mount Kun, she had been waiting in Kunwu City for Gu Changge’s return. Witnessing An Xi, Xiao Zhanxian, and others being killed by Gu Changge, she understood one thing.

In the current Upper Realm, she must not go against Gu Changge.

“As for the An Clan, I’ll leave it all to you, I hope you won’t let me down,” Gu Changge glanced at her and said casually.

An Yan nodded, and said with a serious face, "Please rest assured, Young Master Changge, I will definitely not let you down."

After what happened in Mount Kuns, the An Clan was furious and sent a large number of people to investigate the matter. The loss of an old Ancestor and young lady in Mount Kun, and many other masters who went with them, was also a big blow to the overall strength of the An Clan.

However, this was also an opportunity for An Yan, she could take this opportunity to integrate An Xi's power, so as to control the An Clan. Her ambition was no less than that of her elder sister An Xi, it was just that she had been hiding her strength and biding her time, trying her best all these years.

In the next few days, as Gu Changge expected, the incident at Mount Kun spread all over the place like a meteor falling into the deep sea, setting off unimaginable turbulent waves.

The Ancestor of the Ji family was not rescued, but instead released a terrifying old man who was sealed in the mysterious jade, with a murderous nature and a terrifying aura.

Fortunately, that terrifying old man didn't seem to leave Mount Kun in the end. Many people speculated that he was dealt with by the Ancestor of the Ji family, and the two might even have died together.

There were all kinds of speculations, which caused a huge sensation. After learning how the old man in feathered clothes was released, almost all the forces were furious.

The identity of the culprit, Jiang Chen, was picked up again, from the successor of demonic arts, the successor of the Divine Origin Master, to the murderer of the leaders of the various sects...

No matter what he did, it would provoke the anger of the heavens and the people, and they wished to cut him into pieces. All forces also dispatched their personnel immediately to search for Jiang Chen's identity.

Among the various ancient cities, notices offering sky-high rewards for Jiang Chen could be seen. Even loyal people gathered spontaneously to conquer Jiang Chen.

Many people felt that he did not die in Mount Kun, but escaped in the chaos, and now they didn't know where he was hiding. Later on, Jiang Chen's many backgrounds were also discovered.

As a result, many people were shocked to find that his experience more than 20 years ago seemed to have disappeared out of thin air. No one knew where Jiang Chen was born, or where he came from, and there was no trace of the masters, forces, etc. behind him.

It was more like he hadn't recorded anything in more than 20 years, just like a blank sheet of paper. Such a bizarre incident caused a lot of heated discussions, causing cultivators in various ancient cities to speculate, thinking that Jiang Chen was definitely supported by big figures.

He hid it too deeply. All of this was within Gu Changge's expectations, after all, Jiang Chen had to continue to take the blame even if he died.

And during this period of time, eliminating the Absolute Heavenly Extinction and conquering the inheritor of demonic arts had also become the top priority of the major forces.

Mount Kun, which was originally turbulent and restless, gradually became silent, returning to the forbidden area, and no more creatures dared to intrude on it.

Gu Changge didn't stay in Kunwu City for long. After instructing An Yan to deal with the affairs of the An Clan, he returned to the family. It could be said that he gained a lot from rescuing the Ancestor of the Ji family this time.

There was no need to say more about his reputation, for the time being, just devouring the Origin of the Ancestor of the Ji family and the old man in feathered clothes was enough for him to digest for a long time.

In addition to that drop of Shadow Immortal True Blood contained many law fragments and comprehension from that Shadow Immortal from the An Clan. After Gu Changge devoured it, it helped him stabilize the foundation of his breakthrough to the Realm of Enlightenment.

He did not declare to the outside world that he had broken through to the Realm of Enlightenment, which was not necessary for Gu Changge. *n0vElUs&.Com*

The Upper Realm had been jealous of him for a long time, if the news of his breakthrough suddenly spread, it might cause a sensation not as small as the incident in Mount Kun. So Gu Changge decided to wait for a while.

Meanwhile on the top of the mountain, the mountain wind was blowing and the clouds were misty like a fairyland falling into the world. Looking around the rolling sea of clouds there was no end in sight. The world seemed to be vast, with only some mountain peaks showing their outlines.

"Have you become Enlightened?" With a cool and calm voice, it seemed that there were not many emotional fluctuations, or it had always been like this.

On a piece of bluestone, Gu Qing Yi sat there with her legs sideways, looking at the direction Gu Changge had entered with his clear and beautiful eyes as she asked softly.

She was still dressed in a plain blue dress, with a slim figure, a slender snow-neck, black hair draped over her shoulders, willow eyebrows like black hair, and a small Qiong nose, revealing the flawlessness and beauty that could not be described in words.

"It's just a fluke. But it was all discovered by you." Gu Changge smiled, walked over, and sat down on the bluestone she was sitting on.

Gu Qing Yi moved to the side, shook his head lightly and said, "The word fluke is not appropriate for you."

"Qing Yi, you really think highly of me, but I still can't see your realm clearly. I happened to get something this time, maybe you still recognize it." Gu Changge smiled nonchalantly, and as he spoke, something suddenly appeared in his hand.

The palm-sized boat was crystal clear and simple, with a strong aura of vicissitudes permeating the air. It was as if you could wade in some mysterious river.

"Good Fortune Immortal Boat?" Gu Qing Yi's eyes fell on his hands, and it seemed that there was a slight change, but she quickly regained her composure.

She didn't ask how Gu Changge got it. Because she already had a guess in her mind.

"It seems that you do recognize it." Gu Changge smiled, and then took away the Immortal Boat.

"This time from the mortal world, I brought you some good things, I think you should like it..." After finishing speaking, he waved his hand casually, and the brilliance flashed.

On the bluestone in front of him, there suddenly appeared many accessories, such as rouge, sachets, hairpins, jade pendants, wooden combs...

Seeing him like this, Gu Qing Yi suddenly felt a little dazed, and then picked up the sachet with mandarin ducks embroidered inside.

"I remember you sending me something similar before. At that time you said it was a mandarin duck, not a wild duck."

As she spoke, the corners of her mouth curled slightly, as if she had remembered something, but she quickly returned to normal.

Chapter 585-1: I suddenly became a little idle, Chu Yue can stay for today (1)

"When did this happen, I can't remember." Seeing Gu Qing Yi pick out the sachet, Gu Changge couldn't help shaking his head and smiling slightly.

Gu Qing Yi stared at him with bright eyes, as if to see if he was telling the truth.

"You'll remember sooner or later." After that, she put away all the gadgets on the bluestone. Her right hand habitually wrapped the hair that was hanging on her shoulders, as if trying to hide her emotions.

Gu Changge still understood many of her habits. Although Gu Qing Yi didn't say much. But he still knew that Gu Qing Yi still liked these gadgets.

"Why are you staring at me like that?" Gu Qing Yi seemed unable to stand Gu Changge's scrutinizing eyes. She turned her head away, and her eyes fell on the misty sea of clouds not far away.

Gu Changge smiled and said, "If I don't stare at you, how would you know I'm staring at you?"

The corners of Gu Qing Yi's mouth curled up slightly, and she said, "It's the first time I saw a thief shouting to catch the thief."

"If I am a thief, what are you? Actually, there is another thing I came to see you for this time." Gu Changge smiled, and then changed the subject.

"What's the matter?" Gu Qing Yi asked curiously.

"Actually, it's not a big deal. I'll ask you after I collect all those things." Gu Changge shook his head.

As he spoke, he took out a few Earth Dragon fruits obtained in Mount Kun and threw them into the sea of clouds in the distance. What he planned to ask was actually related to the relics of Immortal Palace.

Now, he already had six of the seven weapons in his hand, and he was still short of the Heavenly Sword. He was not far away from gathering the key to unlock the treasures of the Immortal Palace.

Seeing that he didn't say anything, Gu Qing Yi tacitly didn't ask any more questions. She just quietly watched those few Earth Dragon fruits fall into the sea of clouds.

These Earth Dragon fruits were extremely crystal clear, although they were only the size of a fist, they contained an astonishing glow, like stars.

Boom!!

And the moment Gu Changge threw the dragon fruit. There was tumbling in the sea of clouds, and then a snow-white and slender figure rushed over before immediately catching the Earth Dragon fruit.

He hadn't seen her for a while, but Little Wang Yue's body had not changed much. But her body looked more slender and beautiful, bright and clean like the moonlight, dazzling, and her eyes were as moving as blood-colored glass.

When Gu Changge came, she had been hiding in the sea of clouds and never showed her face. Although Gu Changge was her titular master. But he had always treated her with a carefree and caring attitude.

On the contrary, it was Gu Qing Yi who took care of her more. In Xiao Wang Yue's heart, Gu Qing Yi was her true master. So she also treated Gu Changge with an indifferent attitude, very cold and arrogant.

"It seems that you have eaten well during this period of time, and I have gained a lot of weight." Gu Changge nodded, with a smile on the corner of his mouth, carefully looking at little Wang Yue.

Little Wang Yue, who was nibbling on the Earth Dragon fruit with relish, suddenly froze when she heard this as if she froze in place. There was a sudden panic in her eyes. Did she hear him right? She gained weight??

At this moment, three words echoed in her mind, and she suddenly felt that the dragon fruit in her paws was no longer fragrant.

"Where did she gain weight? Don't scare her." Gu Qing Yi didn't expect Gu Changge to say that suddenly and was taken aback. Then she stared at Xiao Wang Yue carefully, shook her head, and added.

In her opinion, compared to the Wang Yue Clan she had seen before, the size of the little Wang Yue can only be described as small and exquisite. Where did this have anything to do with being fat?

"Aren't you fat? I always feel that there is a world of difference from the last time I saw her. It seems that you fed her too well. It won't work if this continues. Although my Gu family has abundant resources, how can I hold her back from eating?"

Gu Changge took another look, shook his head again, and sighed, looking like he was having a headache that couldn't keep up. Gu Qing Yi tilted her head, and looked at him fixedly, resisting the urge to give him a blank look in her heart. *n0velus1b.c0m*

"I obviously don't eat much, you are the one who gained weight." Hearing these words, brilliance surged above the sea of clouds.

Little Wang Yue turned into a human form, with an extremely calm expression on his cold and arrogant face. She was not considered tall, at most she could only reach Gu Changge's chest.

But her facial features were extremely delicate and beautiful, her eyes were like glass, just like the moon god reappearing in the world like a dream. Her long silver hair was like a waterfall, using the light as a guide.

“I not only feed you but also provide you with food and drink. Is that how you treat me?” Gu Changge showed an interested smile and replied.

Little Wang Yue was extremely dissatisfied with his rhetoric, and said angrily, “Obviously sister Qing Yi is raising me, and you haven’t even visited me a few times.”

Gu Changge’s expression remained unchanged, he shook his head and said, “Qing Yi is mine, don’t you understand the truth? You can grow so fat, thanks to whom?”

“I didn’t gain weight. Hmph, strong words, I don’t have a master like you.” Little Wang Yue snorted, turned into her main body, and entered the sea of clouds.

Seeing Gu Changge teasing Xiao Wang Yue there, Gu Qing Yi didn’t say a word. She just watched quietly from the side, stretching out her hand to fiddle with her hair, but her thoughts were a little wandering.

This scene seemed familiar, making her feel as if she had seen a scene from a long, long time ago. Looking at Gu Changge, she couldn’t help but slightly curved her mouth.

In the following period of time, Gu Changge stayed in Gu Qing Yi’s small world. His cultivation had reached the level of an Enlightened being, so he didn’t need to plan to roam as before, but he was free.

The Ancient Immortal Gu Family didn’t have much need for him. After the First Battle of the Eight Desolations and Ten Regions, the Gu family divided up most of the resources. So during this period of time, people from the clan would be sent to take over the Eight Desolation and Ten Regions.

And because of Gu Changge’s relationship, the status of Heavenly Maiden Tianlu in Heavenly Lu City had risen. She even displayed a tendency to become the new master of the Eight Desolations and Ten Regions.

Although the Bone Race moved to the Upper Realm, they still kept some of them aside to cooperate with the Gu family to take over the Bone Domain. Other than that, there wasn’t much else that Gu Changge needed to pay attention to.

On Su Qingge’s side, after parting in Kunwu City, Gu Changge never asked about her whereabouts. Now in the Upper Realm, there were rumors of the appearance of inheritors of demonic arts from time to time.

All forces were trying their best to arrest Jiang Chen, but this gave Su Qingge an opportunity. She was so smart, she would definitely not let go of such an opportunity.

Of course, Xiao Ruoyin would definitely be puzzled, why would Jiang Chen be regarded as the inheritor of demonic arts?

In a blink of an eye, half a year passed by. After the incident in Mount Kun, the Upper Realm also recovered a rare period of peace. The life and death of the Ancestor of the Ji family were still a mystery.

Even for the cultivators who went deep into Mount Kun at the beginning and finally came out alive, it was difficult to judge. So not many cultivators had taken care of this matter.

One must know that there were many forces and sects involved in this matter. Many Great sect leaders and young supremes died tragically, and mentioning this matter was like exposing their scars.

At this time, no one mentioned it again, and no one would be stupid again to venture into the dangerous place of Mount Kun.

Originally, after rescuing the Ancestor of the Ji family, the various sects who planned to solve the scourge of the Absolute Heavenly Extinction had no choice but to cancel this plan and die down.

After experiencing the Mount Kun incident, the Ji family suffered heavy losses. Many masters died in Mount Kun, and now it had reached the point where the sun was dying.

Chapter 585-2: I suddenly became a little idle, Chu Yue can stay for today (2)

During this period of time, many former enemies were also eyeing up, intending to annex this former family of human ancestors. A few days ago, they heard that the Ji family was going to rescue their Ancestor, which made them tremble and extremely disturbed.

But seeing that the Ji family suffered heavy losses later, they couldn't help gloating while they breathed a sigh of relief. As a former family of the Human Ancestor, the Ji family was a force known as many Immortal forces and Supreme sects.

A lean camel was bigger than a horse. Even though it had reached a place where the sun was fading and weakened, it still had a lot of deterrence. During this period of time, many hostile forces went to test it, but none of them took any further action.

Near the mountain gate of the Ji family, many divine lights could be seen passing by every day, and shadowy figures appear on various hilltops. This scene made the Ji family feel uneasy, and all the elders who went to Mount Kun were killed in it.

The few surviving Ancestors of the Ji family also encountered unforeseen circumstances. Including a few pieces of Enlightenment artifacts that were brought in, but they were also lost in the end and disappeared.

There was not much left in the Ji family now. At that time, if the enemy invaded, the entire Ji family would probably be removed from the entire Upper Realm.

"If we hadn't planned to rescue our Ancestor back then, how could my Ji family have fallen to such a state?"

In the main hall of the Ji family, the atmosphere was extremely dignified as the few surviving Supreme Realm Clan Elders were sighing, with extremely regretful faces.

"Is my Ji family really going to perish this time?" The faces of the rest of the clan were also extremely pale and unwilling, with their fists clenched tightly.

In the main hall, Ji Yaoxing and Ji Chu Yue were also standing there, and they all seemed very silent when they heard the conversations of the clansmen.

Ji Chu Yue was dressed in a light yellow long dress, she was slim and graceful, and her face was fair and delicate, fresh and moving, revealing a refined meaning. But now her eyes were all dim, and he has lost the wisdom of the past.

At the time of the family's life and death, they realized how weak and powerless they were. They couldn't even be of a little help.

In the outside world, they were young and supreme, with dazzling brilliance, invincible among their peers, sweeping all directions. But in the family, they were just juniors, and they couldn't play the slightest role at this time.

"Before foreign enemies invade, let the juniors of the clan escape first, they are the last kindling."

Hearing the conversations of many clansmen in the hall, Ji Yaoxing, who had been clenching his fists tightly, seemed to think of something, and suddenly said in a deep voice,

"We may have one last resort..."

"Do you have any solution?"

Ji Chu Yue looked at her brother in puzzlement, thinking that this was a corner. But seeing the strong fire of hope burning in his eyes, he couldn't bear to extinguish it.

"We can ask Young Master Changge for help, as long as he says a word, our Ji family's life-and-death crisis will be solved easily." Ji Yaoxing said in a deep voice, this was the last solution he thought of.

In terms of Gu Changge's current status, he only needed to say a word. He didn't even need to do anything to save the Ji family. The enemies of the Ji family absolutely dare not offend Gu Changge openly and disobey his words.

And this was their last chance. Ji Chu Yue fell silent. In fact, she had thought of this method a long time ago. But why would Gu Changge help the Ji family? She really couldn't find any reason.

And Ji Yaoxing seemed to have seen Ji Chu Yue's worry, his face was slightly solemn, and said, "Actually, I also know that the possibility of this is not very high, but it is better than us doing nothing, and sister, why can't you do it all together? You have to believe in your appearance, Ji Qingxuan and her sister had a chance, why can't you?"

These words stirred up huge waves in Ji Chu Yue's heart and made her look a little dazed. When he learned that the brothers and sisters of the Ji family were visiting him, Gu Changge was actually planning to go to the Human Ancestor Hall.

Judging from the extent of the scourge of the Absolute Heavenly Extinction in the Upper Realm recently, he felt that it was necessary for him to remind Jia Lan, the Princess of the Absolute Heavenly Imperial Court who still owed him a lot of Absolute Heavenly Origin.

At that time, the two had keepsakes but there was a touch of spirit in the space chess piece left by Jia Lan, the princess of Heavenly Extinction Imperial Court. But that space chess piece was sealed up by Gu Changge to isolate Jia Lan's soul.

Through that spatial chess piece, the Absolute Heavenly Imperial Court could contact him. After all, when the two made a deal, Jia Lan, the Princess of Heavenly Extinction Imperial Court, helped Gu Changge obtain the origin of Heavenly Extinction.

And Gu Changge needed to help them cast the reincarnation platform when the time arrived.

The Origin of Heavenly Extinction could help Gu Changge evolve a treasure bottle, although he asked Jiang Chuchu to help him find the location of Heavenly Extinction. But that was only a drop in the bucket, and it was far from enough for the Origin of Heavenly Extinction that the Great Dao treasure bottle needed.

In Gu Changge's view, the outbreak of the Absolute Heavenly Extinction might be the harbinger of the reappearance of the Heavenly Extinction imperial court in the Upper Realm.

At the same time, this was also a sign of the imminent chaos in the Upper Realm, because in the near future when the Dao Fruit of the Epoch tree matured, the Gates of the Immortal Realm would inevitably reappear, and the most hidden existences of all races and Dao lineages would be born to compete for the Immortal Path.

Therefore, Gu Changge had to make some preparations in advance and set up a big bait. The Heavenly Extinction Imperial Court was an excellent pawn.

"Let them in." While pondering, Gu Changge opened his mouth and asked the guards outside the hall to bring the Ji family brothers and sisters.

He actually guessed the purpose of the two of them. The Ji family was now in a catastrophe and was facing a life-and-death crisis. The two of them came here most likely to ask him for help.

To him, this kind of thing was just a one-sentence matter, but Gu Changge was not a bad person, and he himself was not very interested in Ji Chu Yue. But if he thought about it again, considering that he not only devoured the origin of the Ancestor of the Ji family but also used all the members of the Ji family to devour their spirits in Mount Kun. n0vEℓusb.COM

In terms of emotion and reason, he should save him. In addition, Ji Qingxuan could also take over the Ji family in a logical way. In such a calculation, there was no disadvantage.

"I already know about your Ji family's affairs," Soon, under the leadership of the guards, Ji Yaoxing and Ji Chu Yue entered the hall.

It could be seen that in order to meet Gu Changge, Ji Chu Yue dressed up specially, with a little makeup. Her appearance was more graceful, her hair was like a waterfall, the light could be seen through, and there was a sense of astringency in her eyebrows and eyes.

Hearing Gu Changge take the initiative to speak, Ji Yaoxing and Ji Chu Yue were a little surprised. They couldn't help becoming nervous.

Ji Chu Yue, in particular, lowered her eyes and clenched her sleeves tightly with her small hands, not daring to look up at Gu Changge. They had already planned to explain something.

But Gu Changge was so straightforward that they couldn't help swallowing the words they had thought about on the way here. They didn't know what to say for a while.

After all, the current Ji family was almost reduced to a third-rate family, so why would Gu Changge save them?

Although Ji Chu Yue was beautiful and charming, with Gu Changge's status, would he be short of a beautiful girl?

Afterward, the hall suddenly fell into silence, and no one spoke as if it had been as long as a thousand years. The corner of Ji Yaoxing's mouth couldn't help revealing bitterness. It seemed that he was thinking too much.

"Let Chu Yue stay today." But at this moment, Gu Changge in front seemed to sigh softly and spoke again.

Hearing this, Ji Yaoxing was taken aback for a moment, but then suddenly showed surprise and excitement.

Ji Chu Yue's face couldn't help being stained with rosy clouds. She didn't expect that there would be no way out, and there would be another village in the shadow of willows and flowers.

She thought that Gu Changge would be too lazy to care about the Ji family's life and death.

Chapter 586: She can learn it, The trouble encountered by the Human Ancestor Hall

From Gu Changge's point of view, the matter of the siblings of the Ji family were actually very simple. It took nothing more than a sentence to inform the outside world that the Ji family was now under his protection.

All the hostile forces of the Ji family dare not take action against the Ji family. So letting Ji Chu Yue stay was equivalent to agreeing to their request and sending a signal to the outside world.

After all, there were quite a few forces staring at the Ji family, and now Ji Chu Yue and Ji Yaoxing had suddenly left the family for the Ancient Immortal Gu family. Many people were secretly watching and paying close attention.

In the end, Ji Chu Yue stayed here, while Ji Yaoxing returned to the family. What did that mean?

As the little princess of the Ji family, in some respects, Ji Chu Yue also represented the face of the Ji family. She was now at the age of a flower and she had no marriage contract. At this juncture, she went to the Ancient Immortal Gu family and even stayed there.

As long as the hostile forces of the Ji family were not stupid or blind, they could see what this meant. Ji Yaoxing and Ji Chu Yue were not stupid, and they immediately understood Gu Changge's intentions.

"Thank you, Young Master Changge. Our Ji family will never forget your great kindness, and we will definitely remember it."

The expressions of two of them became extremely grateful. Their voices were trembling slightly so that they didn't know how to express their gratitude. Before coming here, they were all prepared to be rejected by Gu Changge.

But they never thought that Gu Changge would agree to them in the end. This kindness alone was worth remembering by all members of the Ji family forever. What was more, it was Gu Changge who helped the two of them get out of Mount Kun before.

“We owe too much to Young Master Changge,” Ji Yaoxing said secretly in his heart and glanced at his younger sister’s rosy face.

Ji Chu Yue understood what her brother meant, and nodded shyly, feeling her face was hot, her heart beating fast, she didn’t dare to look up at Gu Changge.

“Senior Ji Sheng Chu once showed great kindness to hundreds of millions of creatures in the Upper Realm. How can I stand by and watch the Ji family encounter such a disaster.”

Gu Changge didn’t look back and sighed softly as if regretting what happened to the Ji family.

Ji Yaoxing added solemnly, “No matter what, at this juncture, Young Master Changge is willing to help my Ji family. This is a great kindness, and my Ji family will never forget it.”

He had always been arrogant before and felt that he was not inferior to others in the younger generation. He was humble on the surface, but in fact, he didn’t take it seriously. He felt that if the Ji family was restored to its former glory, he would definitely become one of the brightest and most powerful young supreme beings in the Upper Realm. His fear of Gu Changge was due to his power and status, but now he truly admired Gu Changge.

Gu Changge smiled, waved his hands, and said, “Brother Yaoxing doesn’t have to be like this, it’s just a trivial matter to me.”

Although Gu Changge said it lightly, he didn’t take it to heart. Yet Ji Chu Yue and Ji Yaoxing are extremely grateful to him now. Once receiving Gu Changge’s guarantee, the haze in Ji Yaoxing’s heart finally dissipated, he took a long breath and then left.

During this period of time, there was a smile on my face full of sorrow, with high self-confidence.

“Elder brother...”

Seeing that he left, Ji Chu Yue suddenly felt uneasy, seemed extremely at a loss, and didn’t even know where to put her hands.

After all, she and Gu Changge were the only ones left in the palace now. Gu Changge’s divine Island was located here, and he usually cultivated here.

Ji Chu Yue was spoiled since she was a child. Although she didn’t have the temperament of an arrogant young lady, she had never served anyone. Now standing behind Gu Changge, she just felt like there was a light on her back and didn’t know what to do.

Gu Changge asked her to stay? n0veLUs&.c0m

Now she only had Gu Changge’s words just now in her mind. Her little hands were twisted together as she started thinking about it.

The first time she saw Gu Changge, she was looking for the Heavenly Tower near Purple Mountain.

At that time, Gu Changge and his fiancée Emperor Yue Mingkong of the Peerless Immortal Dynasty had rushed to the Divine Ruin Sect together.

It was also the first time she met Jiang Chen there, and when she learned that he was unable to enter the Divine Ruin Sect due to his talent, she gave him a chance to become a disciple there.

It was also at that time that Jiang Chen confessed to her that he had the inheritance of the Divine Origin Master and could help her find the Heavenly Tower. Ji Chu Yue put restoring the splendor of the Ji family as the top priority, so she naturally chose to trust Jiang Chen.

At that time, Ji Chu Yue felt that Gu Changge, as the descendant of the Ancient Immortal Gu Family, had great power, and they were not from the same world at all. So although she respected him, she was actually full of indifference.

Even later, when she learned that Gu Changge was looking for the Heavenly Tower, she kept it from him and went to Purple Mountain with Jiang Chen and others. But it was because of that incident that she deeply realized what true power was.

Later, their whereabouts were followed by Chen Ning'er, and the Ji family was worried about offending Gu Changge, so they did not hesitate to send Gu Changge the Heavenly Wheel they had finally obtained.

Originally, there would not be any redundant intersection between her and Gu Changge. But Ji Chu Yue did not expect that Gu Changge would become the savior of the entire Ji family.

Even today, she would stand behind him, being shy and nervous. All this could only be thought to be a joke. She clearly knew that because of the incident in Mount Kun, she really had an indescribable admiration for Gu Changge.

Because he was indeed a man so perfect that it was difficult to pick out any flaw. Ji Chu Yue believed that any woman in the Upper Realm would have such thoughts as long as she had contact with him.

Even though at that time in the dungeon of Kunwu City, Gu Changge teased her like this in front of Jiang Chen. Ji Chu Yue wasn't angry either, she just felt a little embarrassed and ashamed.

"Don't worry, after today, the major forces should not dare to think about the Ji family again," Gu Changge, who seemed to have sensed Ji Chu Yue's nervousness, chuckled lightly and added.

Hearing his gentle, natural, gentle voice, Ji Chu Yue felt relaxed for some reason.

"Yeah, I see." Ji Chu Yue nodded like a chick pecking at rice, and then uttered in a low voice like a mosquito, "I don't know how to thank Young Master Changge for his great kindness, there is really nothing to repay..."

Gu Changge smiled, turned around and interrupted her, "So you plan to give your body in return?"

Ji Chu Yue didn't expect Gu Changge to be so blunt, her face became rosier, and she lowered her head with a shy expression.

She suddenly remembered that when she was very young, a grandmother beside her had teased saying that if she met a man who would be kind to her in the future. So when it came to rewards, it depended on how he looked.

For the average-looking one they would be a cow or a horse in the next life. If they were good-looking, then naturally it was a promise of a body.

At that time, she simply thought that Grandma was joking, but for some reason today, when she looked at Gu Changge, these words came to her mind.

“Master Changge, you should not lack a woman like Chu Yue by your side, but if you don’t dislike...” She raised her head and cautiously looked at Gu Changge’s expression as if she was afraid of saying a wrong sentence and causing his displeasure.

Gu Changge smiled casually but was noncommittal. If Jiang Chen hadn’t died yet, how would he feel after seeing this scene?

In fact, Ji Chu Yue’s Luck point was not low. According to the normal trajectory and routine, she might become the heroine next to Jiang Chen or something like that. But Jiang Chen was still dead, Ji Chu Yue, what would happen to the undecided heroine in the future, this was no longer what Gu Changge needed to think about now.

If it was in the past, he might still be thinking about gaining some Luck points, Destiny value, and so on. But now it was no longer needed.

“Come talk to me.” Gu Changge smiled lightly, motioning for Ji Chu Yue to come over.

“Yes... Young Master Changge.” Ji Chu Yue stammered slightly, and walked forward with her head buried, revealing a white and slender neck, like a frightened deer in the forest.

“Do you still remember what I said to you in Kunwu City?” Gu Changge smiled lightly and reached out his hand to her hair.

“I still... remember.” Ji Chu Yue nodded, naturally she would not forget the scene in the dungeon.

“Then do you know why your brother insisted that you come over?” Gu Changge asked with interest.

Ji Chu Yue naturally didn’t dare to lie at this time, so she had to be honest. So she said with a trembling voice, “Because my brother wants me to curry favor with Young Master Changge so that you can save our Ji family.”

“Oh, it seems that you are quite honest.” Gu Changge smiled.

Ji Chu Yue thought that he was going to blame her, so she quickly raised her eyes and explained, “But Young Master Changge, you didn’t embarrass my brother and me, and you agreed to help our Ji family. My brother and I are very grateful...”

“But I don’t think you did it voluntarily. Don’t worry, you can return to the Ji family after a while, and I won’t force you to stay here,” Hearing this, Gu Changge said with a faint smile on his face.

Ji Chu Yue didn’t expect Gu Changge to say that, she was stunned for a moment, her heart was very jealous and complicated. She was even a little bit unspeakably disappointed.

In her opinion, it was just Gu Changge’s disdain for her rhetoric. How could this kind of thing be involuntary or forced?

Even if her brother encountered such a family disaster, it was impossible for him to wrong her.

“Chu Yue knows that I am clumsy, I don’t know anything, and I won’t please Young Master Changge. But in fact, Chu Yue can learn these things. I can do what Qingxuan and the others can do. I am not inferior to them.”

It seemed that after deliberating for a long time, Ji Chu Yue suddenly summoned up her courage as she raised her eyes to look at Gu Changge before saying, she wanted Gu Changge to give her a chance.

But Gu Changge just smiled slightly at this. Since Ji Chu Yue wanted to learn, she would learn slowly, Gu Changge didn’t have so much time to waste on her.

After Ji Yaoxing returned to the family, the affairs of the Ji family were naturally resolved.

In the current Upper Realm, even if it was a faction that had nothing to do with the Gu family, they didn’t want to provoke him at this time.

Gu Changge intended to protect the Ji family, so the major forces could only get rid of the thoughts about the Ji family currently.

In the next few days, Ji Chu Yue seemed to have adapted to the current life. She put aside her status as the little princess of the Ji family, and began to ask the maids who usually served Gu Changge about his various habits and preferences.

She believed in the truth that dripping water would wear away a rock. Starting from a small matter, she would definitely impress Gu Changge one day. However, after staying with the family for several days, Gu Changge took Alpha and left the Gu family, heading for the territory where the Human Ancestor Hall was located.

From Yue Mingkong’s side, there had been no news of the Master of the Heavenly Sword, so Gu Changge was not in a hurry.

It just so happened that during this period of time, Absolute Heavenly Extinction had turned into a very serious disaster. In the name of Human Ancestor, he couldn’t justify not having a look.

On Jiang Chuchu’s side, she found a few areas where the disaster of Absolute Heavenly Extinction broke out. It was just that with her current ability, she still couldn’t solve it.

If Gu Changge wanted to collect the origin of Absolute Heavenly Extinction, he had to go to her anyway.

At the same time, in the Upper Realm, in the Heavenly Domain. As the center of the most prosperous and ancient territory, a majestic palace was located within the sky. It seemed magnificent and sacred, like an immortal palace standing here.

The palace was built in an extremely magnificent manner, with flawless white jade glazed tiles, million-year-old purple gold sandalwood as the eaves, and pure obsidian starstone as the floor.

It was grand and simple, oozing out with a majestic and solemn aura. There was a sea of immortal energy surging within it, just like a fairyland. This palace overlooked the endless ancient city and old pool below.

The hall rose and fell with the sun rising and the moon setting as the runes were intertwined on it. Every moment reflected the stars of the Nine Heavens, Heaven, and Earth, like the Supreme seat of God. It also showed the transcendent status of this place.

In front of the gate of the hall was hanging a huge fairy plaque, with purple gold as the base and golden immortal characters inlaid with gold.

There were three ancient characters; Human Ancestor Hall.

It could be seen that there were countless silver threads between Heaven and Earth, which were frantically rushing to this place, trying to converge into it, appearing holy and pure white.

These silver threads were exactly the faith and recitation of the great achievements of Human Ancestors by cultivators from all over the universe.

At this moment, a beautiful woman in flawless white clothes and a scarf was sitting cross-legged in the hall. Her complexion was fair and delicate, her eyebrows were picturesque, and her eyes were like flawless black gemstones, shining with a moving luster.

However, her expression was very calm, and one couldn't see any other emotions except peace. She seemed to be born like this, more like abandoning the seven emotions and six desires.

It was Jiang Chuchu, one of the two Holy Maidens of the Human Ancestor Hall.

In front of her, there was a solid gold Crown of Luck, and it could be seen that the silver threads gathering in the Human Ancestor Hall were all rushing into it. She was cultivating with the help of this golden Crown of Luck, and the strange sound of merit was manifested everywhere like a vast ocean.

It was the artifact that Gu Changge left in the Human Ancestor Hall at the beginning, and later Jiang Chuchu found out that when she was cultivating beside it. Her progress was extremely fast.

Buzz!!

When she was cultivating, many visions were manifesting here. The vague shadows of Immortals appeared grand and mysterious, seeming to be chanting scriptures. The fluctuation behind her seemed as if they were crossing time and space from ancient times.

“Reporting to the Holy Maiden, in the southwest direction of the Heavenly Domain, there is further news of the eruption of the catastrophe from the Absolute Heavenly Extinction, and the adjacent Great Yu Immortal Dynasty has sent people to investigate...”

“Should we send someone over to have a look?” Suddenly, an old woman in white clothes outside the hall rushed over and reported with a bit of anxiety.

Hearing this, Jiang Chuchu frowned. She stopped cultivating, and asked, “How many times has the outbreak of the Absolute Heavenly Extinction occurred during this month?”

Although she was speeding up her cultivation every day and night, in the face of the sudden eruption of the scourge of the Absolute Heavenly Extinction, she still seemed powerless, and there was nothing she could do.

Chapter 587: It seems to be connected to the new Ancient World, It has become a bit silly

At this time, Jiang Chuchu couldn't help but think of Gu Changge. If he was here, he would definitely find a way to help her solve these things.

During this time, she was actually paying attention to Gu Changge and his matters.

After all, what happened in Mount Kun caused a sensation in the Upper Realm, and no force could sit still. The Human Ancestor Hall also sent a lot of powerful people there, but like the other forces, they all lost their morality.

Gu Changge even led people into Mount Kun, needless to say, with the degree of danger, Jiang Chuchu even thought about her actions if something unexpected had happened to him.

Seeing that Jiang Chuchu seemed to be a little worried, the old woman in white replied, "Reporting to Her Majesty, the disaster of the Absolute Heavenly Extinction has erupted for the sixth time during this month, and it is all around the Heavenly Domain. The scourge of the Absolute Heavenly Extinction is breaking out too frequently."

Jiang Chuchu frowned lightly and said, "Is it because of the Absolute Heavenly Royal family?"

The existence of the Absolute Heavenly Imperial Court was no secret in the Upper Realm.

Many ancient existences speculated that the Absolute Heavenly Imperial Court actually had a lot to do with the Nine Mysterious Underworlds belonging to the Ancient Mythology Era. It was even very likely that they were the indigenous creatures living in it.

It was just that the Ancient Mythology Era was too far away from now, and they didn't know how many epochs had passed. Even for those living fossils who were very familiar with ancient books, it was difficult to determine whether the existence of the Nine Mysterious Underworlds was true or not.

If it was really the Absolute Heavenly Imperial Court, then she had to find a way to send someone to investigate.

The Absolute Heavenly Imperial Court was ancient and extremely mysterious. All forces avoided the snake-like Absolute Heavenly Extinction, but they could move freely in it without being affected.

Ordinary cultivators dare not deal with the creatures of the Absolute Heavenly Imperial Court, seeing them as ominous representatives.

"I heard from the people of the Great Yu Immortal Dynasty that there are unusual space cracks emerging in the borderlands. Not only has the disaster of the Absolute Heavenly Extinction broken out there, but it also seems to be connected to an ancient world that has never been explored by anyone. However, this is just a rumor. It is still difficult to know whether it is true or not. The Great Yu Immortal Dynasty is also trying its best to cover up this fact."

The old woman in white added, informing her about all the weird things that happened during this period.

“An ancient world that has never been explored by anyone? If this is true, then the Great Yu Immortal Dynasty may be considering monopolizing it.” Jiang Chuchu nodded, and some thoughts flashed in his eyes.

The Great Yu Immortal Dynasty had existed for a very long time and was one of the most famous Immortal forces in the Upper Realm. It was powerful and extremely mysterious.

If it discovered new traces of the ancient world, it had the ability to monopolize it without being noticed by the outside world. So in Jiang Chuchu’s view, this was most likely the reason why the Great Yu Immortal Dynasty tried its best to cover up the matter.

“An ancient undiscovered world?” She muttered to herself thoughtfully.

The Upper Realm was the center of Heaven, the place where all walks of life met. Since its birth, there were still too many mysterious and unknown places. Some ancient worlds were closely related to the Upper Realm and their existence could even be traced back by many epochs.

But because there was no space collision, the barrier between the two worlds was broken, and no one could discover it. This kind of thing was not uncommon, but it was rarely exposed and known to other cultivators.

So Jiang Chuchu was not surprised but was just guessing whether that ancient world might have something to do with the Absolute Heavenly Imperial Court.

“No matter what, it seems like I have to go and see for myself during this time.” Jiang Chuchu regained her composure and habitually looked outside the hall as if expecting something. *n0veLuSb.COM*

Then she silently looked back. But at this moment, she suddenly froze as if she couldn’t believe her eyes. She even blinked in disbelief. She seemed to have a look as if she saw an illusion.

“What’s the matter? I haven’t seen you for so long, so you don’t recognize me?” Gu Changge smiled lightly and took the initiative to speak.

Only at this time did the old woman in white realize that a figure in white had appeared silently in the Human Ancestor Hall. He was as rich as jade, extraordinary and refined. He seemed to be a young immortal king who had crossed the border, making the space tremble.

“Greetings, Young Master Changge.”

Even though she knew that Gu Changge still had another layer of Human Ancestor identity, the old woman in white didn’t dare to be disrespectful. She hurriedly opened her mouth to salute.

If Gu Changge hadn’t opened his mouth, she wouldn’t even know when Gu Changge came to the Human Ancestor Hall. This level of strength was simply unfathomable and indescribable.

Even a truly Enlightened being was nothing more than that.

“You... why are you here...” Jiang Chuchu never expected that Gu Changge would come to the Human Ancestor Hall, and thought it was an illusion.

After reacting, she couldn’t help displaying an expression of surprise that was hard to conceal.

Gu Changge walked over and said with a smile, "Why, can't I come here?"

Seeing the situation, the old woman in white left with interest and didn't stay here much. Many old guys in the Human Ancestor Hall today had guessed that there was an ulterior relationship between Gu Changge and Jiang Chuchu as they got very close.

Jiang Chuchu looked at him and said, "You should tell me in advance so that I can be prepared."

In her opinion, Gu Changge came to her because he knew about the troubles Human Ancestor Hall had encountered recently. This made Jiang Chuchu feel a little touched. This matter made her feel sad, and she didn't know how to solve it.

With Gu Changge's help, it could be solved easily.

Gu Changge smiled and asked, "What else do you need to prepare to see me? Or are you feeling ashamed?"

As he spoke, he stretched out his hand to touch her pretty face.

"I didn't, so don't talk nonsense." There was a little glow on Jiang Chuchu's face. She was really pleasantly surprised, and just now she was caught off guard by Gu Changge's arrival.

But in front of Gu Changge, she would not easily admit and say such things.

"No? Then it seems I shouldn't have come." Gu Changge shook his head, his expression was very natural, and he seemed a little regretful, "I thought you would be very happy."

Jiang Chuchu stared at him before he sniffled and said, "Why should I be happy? You are here, there must be nothing good. You must be thinking about other things in your head."

Gu Changge smiled, stretched out his hand to pull her into his arms as he added, "When did you even learn to quibble about wronging others, let me see what you think?"

Jiang Chuchu's face turned crimson. She was a little annoyed, and said, "We are still in the hall, please let me go."

"I came here from hundreds of millions of miles away to see you, is this how you treat me?" Gu Changge didn't care about her struggle at all, and still had a smile on his face, "No one dares to break in at this time, why are you panicking?"

"You bastard, let me go..." Jiang Chuchu's voice was a little stuttering, and she panicked at his words.

After all, the catastrophe of the Absolute Heavenly Extinction had broken out, and there would be people outside the palace to report these things at any time. If someone saw this scene in a while, where should the majesty of her Holy Maiden be placed?

Seeing that Gu Changge was still indifferent, it seemed as if he hadn't heard what she said. Jiang Chuchu opened her eyes, and couldn't help saying aggrievedly, "Gu Changge, you don't keep your words, you really know how to lie. You said you would never bully me again."

"When did I lie to you again?" Gu Changge shook his head with a look of being wronged.

“Then... For a while, go to my palace for a while, let me know... As long as you want...”

Seeing Gu Changge’s rogue attitude, Jiang Chuchu had nothing to do with it, so she could only negotiate weakly.

After saying this, her face turned red, and she felt that Gu Changge would not let her go so easily.

“That’s what you said. But I have to hear the truth from you. During this time, have you thought about me?” Hearing this, Gu Changge smiled and reached out to touch her hair.

Jiang Chuchu was too embarrassed to look into his eyes, so she hummed lightly.

Gu Changge laughed and didn’t tease her again.

Jiang Chuchu, who was now looking naive, really couldn’t be connected with the indifferent and aloof look when he first saw her. But if one thought about it carefully, Gu Changge was also surprised.

After all, Jiang Chuchu had been cultivating in the Human Ancestor Hall for more than twenty years, living a life isolated from the outside world. She had a little contact with the outside world.

In terms of temperament, it was actually quite different from the ancestors and descendants of the generations. Cold and aloof, with awe-inspiring justice, she placed the protection of the common people of the world as the top priority.

Chapter 588: The Master of the Heavenly Sword Tuoba Xiaoyao, Two biggest secrets

Later, Gu Changge asked a lot about the problems the Human Ancestor Hall had encountered from Jiang Chuchu, which was actually similar to his guess. The outbreak of disasters due to Absolute Heavenly Extinction was one aspect.

On the other hand, the Great Yu Immortal Dynasty in the West Heaven, which was on the side of the Heavenly Domain, seemed to have discovered an ancient world that had never been explored.

Although this news had not been confirmed, in Jiang Chuchu’s view, it should be close to the truth. Jiang Chuchu had no way to deal with the scourge of Absolute Heavenly Extinction. Now that Gu Changge had come over, he just sent Alpha away with a Great Dao treasure bottle condensed with runes, so he didn’t care too much.

The origin of Absolute Heavenly Extinction contained in the disaster of the Absolute Heavenly Extinction was not sufficient and at that level, so Alpha could naturally collect it with the condensed vase.

On the contrary, it was the matter of the Great Yu Immortal Dynasty that attracted Gu Changge’s attention. If he remembered correctly, when he was in Kunwu City, Yu Feiya, the eldest princess of the Great Yu Immortal Dynasty, had come to look for him.

But at that time, Gu Changge was busy and didn’t have time to see her. Later, the group from the Great Yu Immortal Dynasty left and did not head to Mount Kun to rescue the Ancestor of the Ji family like the rest of the forces.

Yet based on the impression of Yu Feiya when he cut the Seven Divine Stones, Gu Changge felt that this woman was not simple.

First of all, she had a lot of Luck in her body, her cultivation strength seemed to be shrouded in a layer of mist, which was definitely not comparable to the Heavenly Demon Monarch, Little Saint King, and others.

Of course, Gu Changge had no plans to investigate this matter yet.

He had placed the Golden Crown of Luck in the Human Ancestor Hall for a long time, and now he had accumulated a lot of power of faith, which was enough for him to condense another body of faith.

The previous Dharma Body of Faith had manifested in front of people at the Boundary Monument Sea, but it quickly exhausted the power of faith gathered.

Gu Changge had now attained the Realm of an Enlightened being, and if he condensed a body of faith, he should be able to exert his strength at the level of an Enlightened being.

The Upper Realm was so vast, as long as someone sincerely talked about his existence, he would naturally sense it with the Faith Dharma Body easily, and harvest a lot of Luck and power of Faith.

Since ancient times, many ancient existences had the habit of building temples, the purpose of which was naturally to collect Faith from all over the world.

The power of Faith was extremely mysterious, and there was a saying that once life and death of cultivators disappeared, their souls would be scattered. Yet, as long as there were still people in the world who remembered them and recited their true name, they could reshape their body from the endless darkness and return to the world.

Of course, the premise was that the power of Faith must be strong enough.

...

“Tuoba Xiaoyao, hand over the Heavenly Sword, and I’ll spare your life.”

“Tuoba Xiaoyao, your death is imminent. If you are sensible, you should hand over the Heavenly Sword. This kind of artifact is not worthy of your possession. In your hands, it is pure waste.” *nOVelus&.COM*

“If you don’t want the family members behind you to be implicated, you should obediently hand them over.”

“Maybe Young Master Changge would be magnanimous, and he will spare your life and leave you a whole body.”

“Only someone like Young Master Changge is qualified to control an artifact like the Heavenly Sword, so what are you?”

On the top of Juehun Cliff, the wind was piercingly cold as the miasma was soaring into the sky, making noisy sounds.

A young man in ragged clothes was covered in blood as he fled all the way here. Even though he was facing such a dead end, his eyes were still indifferent, and there was a sneer at the corner of his mouth.

Standing there, his whole person was like a spear that could pierce the sky. Enemies were chasing him in all directions, and the sky was covered by black clouds.

The cultivation of people chasing him was monstrous but he was standing in the sky with a terrifying breath, extremely indifferent eyes, and cold words without the slightest emotion.

“You really think highly of me, sending so many powerhouses to hunt down and threaten me with my people. As that Gu Changge’s dog, you guys are really working hard.”

The young man said with a sneer and then began to laugh up to the sky, as if he was extremely disdainful.

“Heavenly Sword is in my hand, if you want it, then come and get it. I’ll see who dares to die in front of me.”

Even in the face of such a difficult and inevitable situation, the young man had an invincible aura.

While speaking, an immortal sword with brilliant rays of light appeared in his hand, which seemed to be forged with immortal gold.

Just when the sword blade trembled, it was like an unrivaled sword immortal waking up, swallowing mountains and rivers, making the world tremble.

“You don’t know how to live or die, and you are still stubbornly resisting at this time. Young Master Changge has the virtue of loving life. For the sake of Princess Feiya, I wanted to spare your life. But since you want to seek death yourself, don’t blame me.”

An old man in black sneered, staring at the young man in front of him like staring at a dead man. As he finished speaking, everyone behind him rushed forward, trying to kill him in front.

An unimaginable and terrifying battle broke out here, and the young man was covered in blood and seriously injured. But he was still like an unrivaled sword immortal, gazing in all directions, sweeping away with thousands of sword lights that covered the sky and the earth, making the world pale.

“Yu Feiya, that bitch, thanks to the fact that I treat her so sincerely and regard her as my true love, she leaked the news of me having the Heavenly Sword, only to attract Gu Changge and make him covet her... I’ve ended up in such a situation! If there is a next life, I will definitely not spare her!”

He heard the old man in black say the words Princess Feiya. The young man’s eyes turned red immediately, like a ferocious beast, he let out a roar from the depths of his throat.

At this time, as long as he was an individual, he could feel the despair and anger in his heart, as well as the deep unwillingness and hatred of being betrayed by his beloved. However, many opponents around him were still attacking him as if they didn’t hear him.

A great war broke out here again, with blood splattered, limbs and legs broken, and blood flowing everywhere. The sky and the earth were full of murderous intentions, even if he was a hundred times stronger, he would never escape!

Today this was already a dead end, there was no way out and no chance of survival.

Boom!!

However, at this moment, the sky and the earth suddenly trembled violently, and a terrifying aura like the vast sea descended, suppressing everyone here to suffocate. Their skin was about to split, and they were about to collapse on the ground.

The young man, who was fighting many enemies, also suddenly felt chills all over his body, and turned his eyes to stare fiercely at the sky. There was a figure in black clothes descending. He had a slender figure, indifferent eyes, revealing dignity and mystery all over his body.

Behind him, followed by a noble and elegant beautiful woman.

“Gu Changge, Yu Feiya...”

Seeing the two people, the young man’s eyes were full of hatred that couldn’t be concealed, and his voice roared.

“Greetings, Young Master Gu Changge, Princess Feiya!” Everyone here also stopped one after another and saluted respectfully to the two people in the air.

“Gu Changge, even if I’m a ghost, I won’t let you go.”

The young man looked at the black-clothed man who sent people to chase and kill him, trying to seize the Heavenly Sword in his hand. He wished he could cut him into pieces and smash him to pieces.

“Being a ghost, it also depends on whether you have a chance, right? Hand over the Heavenly Sword, and I can leave your whole body intact.”

The man in black had an indifferent expression, not the slightest change because of Tuoba Xiaoyao’s words, and his face was like an iceberg that would not melt for a thousand years, without the slightest emotional fluctuation.

“Don’t even think about it, even if I destroy the Heavenly Sword, I won’t let you get it.”

Tuoba Xiaoyao laughed loudly, but this disturbed his injury again, and he couldn’t help coughing up blood from the corner of his mouth. Instead, he stared at the elegant and beautiful woman behind the man in black clothes, and his voice contained deep-seated hatred.

“Yu Feiya, I treated you so sincerely and gave you all the good things, but in the end, you followed the trend and leaked Gu Changge about the sword in my hand, causing my family to be destroyed. At this level, I wonder if you have the slightest sense of shame in your heart?”

“Xiaoyao, you have to trust me, I have never harmed you. I am not what you think, and I have never told other people about your possession of the Heavenly Sword. All of this has nothing to do with me, it was my father who made me...”

At this moment, hearing Tuoba Xiaoyao’s words, a look of pain appeared on the face of the elegant woman, she shook her head and said.

However, Tuoba Xiaoyao didn’t have the heart to listen to her explanation. With a roar, his whole body began to burn, and the Heavenly Sword in his hand emitted a dazzling and gorgeous brilliance. It was as if thousands of divine swords were revived, clanging and slashing towards the sky the man in black on top.

This was his desperate blow.

“A mantis’ arm is trying to stop a chariot, and he doesn’t know how to differentiate between life or death.”

However, facing his life-burning blow, the expression of the man in black clothes remained unchanged.

Just using a palm to cover the sky and the sun. It was as if the stars were falling from the universe, it was extremely terrifying. Such a large gap was almost like an insurmountable gap.

Despair appeared in Tuoba Xiaoyao’s eyes, and his whole body was cracked by this aura. Even though he didn’t touch that palm, it was like a hundred thousand mountains pressing down on top of him, wanting to smash him into pieces and destroy his body and spirit.

“Xiaoyao...”

However, at this moment, a figure in phoenix clothes suddenly flew in front of him, blocking the palm that fell from the sky for him.

Puff!

The blood light soared into the sky, becoming extremely scarlet and dazzling before it exploded.

“What! Feiya, you...” Tuoba Xiaoyao froze for a moment, as if he couldn’t believe what he saw.

At the critical moment, it was Yu Feiya who stepped forward to block the palm for him?

His head buzzed and went blank, and he seemed to be stupefied. How was this possible?

“I didn’t hurt you, you have to trust me.”

It was the last scene in front of him. The woman in phoenix clothes had a bewildered smile on her mouth, as if she wanted to prove her will with death.

“Since you want to die, then you can accompany him.”

The man in black robe frowned, as if he didn’t expect the woman in red clothes to block this blow for Tuoba Xiaoyao, but his expression remained unchanged as the palm continued to fall.

Boom!!

The next moment, the blood mist exploded, and only a broken silk scarf fell down in the air, covered with blood.

Tuoba Xiaoyao watched this scene dully, and let out a heart-piercing roar, “Feiya...”

Puff!!

But the answer to him was still a palm that fell from the sky, simple and direct, covering him instantly. The world became dark, without any color.

...

“Hoo hoo hoo...”

Great Yu Immortal Dynasty, General's Mansion.

In the room, a tall and straight young man with regular features suddenly woke up from his dream, his face pale. The whole person seemed to have just been rescued from drowning, panting heavily, and was drenched in cold sweat.

Then, after a long time, he seemed to come back to his senses, clenched his fists and made a gurgling sound.

"Ten years, ten years have passed, but I still can't forget it. In this life, I will definitely protect your Feiya! I won't let anyone hurt you again! Including Gu Changge!"

He secretly swore in his heart. There was an undisguised hatred in the depths of his eyes.

This person was Tuoba Xiaoyao who actually had two deep secrets hidden in his heart, which he never told anyone. Every secret was about his origin.

He was actually not from this world, but from another world. To be precise, he came from a huge world that was extremely ancient and where the way of swordsmanship had reached its peak.

In that world, he observed the Ancestor of the sect crossing the catastrophe, but was accidentally struck to death by a thunderbolt, and then being reincarnated into this world.

At the age of thirteen, he suddenly awakened the memory of his previous life, that was, what he experienced in his dream just now!

Chapter 589: Cultivated Heavenly Sword's fetus, Rushing to the Great Yu Immortal Dynasty

In the original world of Tuoba Xiaoyao, the Dao of the sword had reached the extreme. Almost everyone in the world could cultivate swords, and those with powerful talents were even born with a gifted spirit sword.

And it was because of his innate spirit sword that he was able to join the Shu Sect, one of the most powerful sects in the world. It was a pity that while watching the Ancestor crossing the catastrophe, he was accidentally struck to death by lightning.

A wisp of remnant soul was immortal and it wandered into this world before being reborn in the body of a man with the same name and surname as him.

Tuoba Xiaoyao, the third son of the General's Mansion of the Great Yu Immortal Dynasty. His father, Tuoba Zhan, was the Great General of the Great Yu Immortal Dynasty.

Strong and tyrannical, guarding one side, and powerful, he was highly valued by the current Emperor Yu. Tuoba Xiaoyao had an older sister and an older brother above him, and a younger sister below him.

His elder brother was now in the army and was the commander-in-chief. He was a well-known young hero in the Great Yu Immortal Dynasty, with a bright future and a bright future.

Her elder sister was a lecturer in the Academy of the Great Yu Immortal Dynasty. She was beautiful, talented, and had many admirers.

Even if it was his younger sister, she was also a very famous genius in the Great Yu Imperial Capital, with powerful strength. It was difficult to find rivals among her peers.

Compared with many brothers and sisters, only Tuoba Xiaoyao seemed extremely mediocre, even giving people a feeling of being dull and inarticulate.

Over time, even his father was quite disappointed with him.

In the imperial capital, there were many rumors and discussions about the tiger-like father and dog-like son, which made people laugh and cry. However, Tuoba Xiaoyao was indifferent to these rumors and ignored them.

He had been a human being for several lifetimes, and he was well versed in the principle of keeping a low profile, pretending to be a pig, and eating a tiger.

In his previous life, he displayed his sharpness at a young age because he was too high-profile. Everyone in the Great Yu Immortal Dynasty knew about it, and this attracted Gu Changge's attention and caused the disaster.

So at the age of thirteen, after awakening memories of his previous life, Tuoba Xiaoyao began to hide his strength and bide his time, practicing sword every day, waiting for the day when he accumulated a lot of money.

When he was still a sword cultivator of the Shu Sect, he learned many sword techniques that were regarded as god-level in their world.

After coming to this world, Tuoba Xiaoyao practiced since childhood and dared not neglect it. Today's sword cultivation base had already surpassed when he was in the original world.

After all, generally speaking, he was someone who had a memory of the third life. It was because of this that many people felt that Tuoba Xiaoyao was a bit silly.

He didn't practice the Tuoba family's powerful skills and divine powers but practiced swords day and night, which made people think that there was something wrong with his brain. Even Tuoba Xiaoyao's older brothers and sisters find it difficult to understand his behavior.

"According to my past life memories, the reason why Gu Changge wanted to snatch the Heavenly Sword was actually to find the Seven Heavenly Weapons, so as to open the secret treasure of the Immortal Palace."

"Now I can use the Shu Sect's Supreme Sword Technique to combine the Heavenly Sword with my Primordial Spirit Sacrifice and practice the embryo of the Heavenly Sword."

"The sword is within the people, but if the sword is dead and the people are dead. There is absolutely no way to break it in this world. If Gu Changge wants to hold the Heavenly Sword, he can't kill me."

In the quaint room, Tuoba Xiaoyao's eyes sparkled and he murmured in a low voice. He dare not underestimate Gu Changge, the future enemy.

Even though the trajectories of many things in this life had deviated from his previous life memories, that still couldn't cover up Gu Changge's horror.

In Tuoba Xiaoyao's view, Gu Changge in this life was much more terrifying than in his previous life, and his strength was even more unfathomable and unimaginable.

Even though he had been staying in the Great Yu Immortal Dynasty, he had never left to go to other places. But he had also been paying attention to many news and rumors about Gu Changge and was carefully analyzing Gu Changge's various methods now so that he could have countermeasures when the time comes.

Tuoba Xiaoyao knew that when Gu Changge collected the other six Heavenly Weapons, he would start investigating the traces of the Heavenly Sword. And at that time, he had to hide this news tightly, otherwise, he would definitely cause the same disaster as in his previous life, causing the disaster of killing people.

"In my previous life, I always blamed Feiya, thinking that she exposed my possession of the Heavenly Sword to Gu Changge... Later she blocked that slap for me and was brutally killed by Gu Changge. It can be seen that she did not leak the news. Then how did Gu Changge know that I have the Heavenly Sword in my hand?" Tuoba Xiaoyao fell into deep thought.

This was also what he had been unable to figure out, and few people knew that the Heavenly Sword was in his hands.

"The Heavenly Sword is my companion spirit sword. Even my father and the others never knew about it. Then Gu Changge judged it through the sensation between the other Heavenly Artifacts? Fortunately, in this life, I trained the Heavenly Sword to become a Heavenly Fetus in advance, which cut off all the sensations, but I still have to be careful..."

Thinking of this, Tuoba Xiaoyao couldn't help but breathe a sigh of relief and felt relieved.

According to the memories of his previous life, he would not encounter Gu Changge yet, so he could practice with peace of mind for a while.

"I'm already at the half-step of the Great Sacred Realm. If I use all my strength, I can even fight a Quasi-Supreme, but I still don't have much chance of winning against Gu Changge."

There was a bright light in his eyes, and then he gradually returned to silence.

According to memory, in a few days, it would be the traditional hunting conference of the Great Yu Immortal Dynasty. Talented geniuses from many forces in the Great Yu Immortal Dynasty would participate in order to seize the top spot and win a generous reward.

At that time, there would be other people from the Immortal forces coming to watch the ceremony. If Tuoba Xiaoyao remembered correctly, there would be a shocking change at this hunting conference.

A prince from the Absolute Heavenly Imperial Court would appear in the world, trying to marry the Great Yu Immortal Dynasty!

The marriage partner was Yu Feiya.

This time, he must stop the plot of the Absolute Heavenly Imperial Court, because according to the memory of his previous life, there was an inextricable connection between the Absolute Heavenly Imperial Court and Gu Changge.

...

The sky was pure and blue as if inlaid with a huge blue crystal. There was no variegated color within a million miles.

Flying boats quickly passed by, galloping like a divine light, and traveled thousands of miles in the blink of an eye.

Heavenly Domain was located in the central area of the Upper Realm, and its territory was endless. Even a person with a cultivation base that reached Heaven and Earth could hardly exhaust its borders.

And adjacent to the east of Heavenly Domain was West heaven, which was the territory of the Great Yu Immortal Dynasty.

“After Ziji left the Human Ancestor Hall some time ago, she never came back. According to Xiu’er, the maid beside her, she seems to be going to enter the ancestral land of the Ancient Immortal Wang Family, and I don’t know what to do... I never heard from her again after that.”

At this moment, on the flying boat rushing to Great Yu Immortal Dynasty, when Gu Changge asked about Wang Ziji’s whereabouts, Jiang Chuchu shook her head lightly and replied.

After all, she and Wang Ziji were different. Behind Wang Ziji was the Ancient Immortal Wang Family. When she came to the Human Ancestor Hall to practice, it was only in the name of worship, and she could return to the family at any time.

And she had no father or mother and grew up in the Human Ancestor Hall since she was a child. The Human Ancestor Hall was her home, and she could not leave easily.

Now that she was facing the calamity of the Absolute Heavenly Extinction, she was even more inseparable and must take charge of the overall situation.

“It turned out to be returning to the family...” Gu Changge nodded but didn’t ask any more questions.

This time when he came to the Human Ancestor Hall, he didn’t see her as a fellow traveler, which made him a little surprised, so he asked.

In fact, he didn’t care what Wang Ziji did. This time he went to the Great Yu Immortal Dynasty, trying to investigate the recent disaster of the Absolute Heavenly Extinction. Gu Changge had paid attention to the ancient world that had not yet been explored.

He had a hunch that before the Dao Fruit of the Epoch Tree matured, great changes would take place in the Upper Realm. These ancient worlds bordering on the Upper Realm might not have existed for as long as the Upper Realm.

In Gu Changge’s view, those ancient worlds might contain another opportunity to become Immortal.

Now the Upper Realm seemed to be calm, but in fact, the undercurrent was raging. Many forces and sects were still looking for opportunities to become Immortals in the Eight Desolations and Ten Regions, and they had persevered.

Therefore, Gu Changge had to think of a suitable reason and set up the bait and the big net.

On the other hand, the news about the secret treasures of the Immortal Palace was also circulated among various forces, and many people put their final hope of becoming immortal on it.

It was well known in the Upper Realm that Gu Changge owned several Heavenly Artifacts. Now his every move was watched by many people. And it would be much more convenient for him to act in the name of the Human Ancestor.

Soon, half a month passed in the blink of an eye, and the flying boat crossed the void, crossed the endless territory, and finally arrived near the Great Yu Immortal Dynasty.

The imperial capital of Great Yu covered an area of thousands of miles. It was grand and majestic, with bright rays of light, dazzling brilliance shrouded in fairy mist.

Looking from a distance, the visions were shocking, the weather was myriad with a divine island floating in the sky. The immortal mountains had many palaces and pavilions standing tall, like an ancient immortal city that had fallen into the world.

The silver waterfall was hanging down, surrounded by divine springs, and surrounded by stars from the sky. Whether it was daytime or night, one could see hundreds of millions of stars descending, paving the way for a vast galaxy.

This was a magnificent scene, but all the cultivators who had come to Great Yu Imperial Capital for the first time would be shocked and palpated by it.

“This is the foundation of the Great Yu Immortal Dynasty that has survived for countless years. The formation of the Star Demons in the Heavens arouses the power of the stars in the heavens. It is endless and can block the attacks of Enlightened beings. There are even rumors that if the formation is in full swing, no non-Immortal existence can break it.”

“It’s not unreasonable for the Great Yu Immortal Dynasty to be able to stand Immortal for many eras.”

“This shows how terrifying the background of the Great Yu Immortal Dynasty is. Looking at the Upper Realm, I am afraid that there are not many forces comparable to it...”

At this moment, outside the imperial capital of Great Yu, on a warship shrouded in clouds and mist. A group of young men and women, covered in precious light, were looking at the scene in front of them with curiosity and longing.

They all wore uniform clothing with special patterns on the cuffs, showing that they were from the same sect.

“You have to fight for your spirit. If you can enter the top 10,000 this time, it will be regarded as a fight for the sect. If you are lucky enough to enter the top 5,000, then you will be rewarded even more generously after returning to the sect.”

“As for the top 1,000, the old man and the others don’t expect too much. From the records of our clan, the best result is only over 3,000, and that person is your Supreme Profound Ancestor.”

In front of them were many sect elders and other figures leading them, who were sighing. It was not that they were too demoralizing, but that this hunting conference had tens of thousands of forces participating, and there were many monsters. If one crossed the river, there would be countless.

There were quite a few forces like them now, and they were all attached to the Great Yu Immortal Dynasty. Now they had come from all over the Great Yu Immortal Dynasty to participate in this hunting conference.

As a tradition of the Great Yu Immortal Dynasty, the hunting conference was held every hundred years. All forces within the Great Yu Immortal Dynasty could send disciples to participate.

For the various forces, this was an opportunity to make a fortune. Everyone would hold on tight and won't give up. It seemed that the young men and women who came here were all the best from various forces, and they had been carefully cultivated for this hunting conference.

The ranking of the hunting conference was not only related to the future status of the forces behind it but also attracted the attention of the Great Yu Immortal Dynasty, who bestowed the skills, resources, divine weapons, and pills.

"However, I heard that the location of the hunting conference this time seems to be very special. There are rumors that it is related to the disaster of the Absolute Heavenly Extinction. I don't know if it is true or not..."

Someone muttered softly, and when they mentioned the disaster of the Absolute Heavenly Extinction, they could not hide their uneasiness.

It was no secret that the Great Yu Immortal Dynasty's territory had suffered from a catastrophe from the Absolute Heavenly Extinction. The Great Yu Immortal Dynasty had dispatched many powerhouses to investigate.

"Huh, there are people over there in the imperial city, why do they look like someone from the Royal family?"

Suddenly, someone let out a light gasp, and looked in the direction of the city wall of the Great Yu Imperial Capital, looking extremely shocked.

When the rest of the people heard the words, they also looked over one after another, also very surprised.

The city wall was towering, like a piece of mountains, with a terrifying chain of laws hanging down, and its brilliance was incomparably gorgeous. But now there were many people standing there, standing on the top of the clouds, riding the clouds and fog under their feet, as if they were waiting for someone.

The leader was very tall and tall, dressed in a dragon robe and a purple gold crown, with an indescribable domineering coercion, like a superior person, a terrifying aura emerging from the opening and closing of his eyes.

This was an old Emperor with an extremely terrifying status!

Behind the old man, there were many people standing one after another, all of them had the temperament of being in a high position, and they were not angry and had prestige.

Behind them, followed by some princes and princesses. This scene shocked the elders and disciples of various forces who came to this place, and they were taken aback by seeing it.

The people there, regardless of their status, were extremely terrifying, stomping their feet would cause an earthquake in the Great Yu Immortal Dynasty. It was impossible for them to see each other for days, but now they all appeared outside the city as if they were waiting for someone.

Many young men and women recognized some of the princes and princesses. Those were young supreme beings who were well-known in the Great Yu Immortal Dynasty, respected by their peers, and had dazzling halos.

Even in the Upper Realm, they had a great reputation.

“Could it be that they are waiting for the rest of the people from the Immortal forces and Supreme sects who will come to watch the ceremony?” *novelSb.COM*

“But even so, there is no need for such a big show, right? If I remember correctly, that old Emperor is an Enlightened being!”

“Who is it that deserves so much attention from the Great Yu Immortal Dynasty?”

There was a commotion and shock here, and the many forces who came to participate in the hunting conference felt unbelievable, and then became very curious.

Chapter 590: Maybe it's your chance sister, You should take advantage

Outside the city walls of the Great Yu Imperial Capital, too many cultivators and creatures gathered as the entire area was buzzing with noises. Some people got the news and deliberately exited the imperial city.

Most of them were young people, and all of them looked at the sky in the distance. They were very curious about the identity of the one who deserved so much attention from the Great Yu Immortal Dynasty.

One must know that almost all the princes and princesses were waiting there, including an old Emperor who had the strength of an Enlightened being, not to mention the rest of the Royal family of the Great Yu Immortal Dynasty. Everyone from the Great Yu Immortal Dynasty was capable of summoning the wind and the rain. A stomp of their feet would cause a big earthquake.

Above the sky, clouds were shrouded in mist like a fairyland, and powerhouses with strong aura were waiting solemnly.

Yu Feiya, the eldest princess of the Great Yu Immortal Dynasty, and her younger brother Yu Ming were also impressively listed.

At this moment, Yu Ming looked in the distance, with a smile on the corner of his mouth, and whispered to his royal sister,

“Sister, Gu Changge is suddenly coming to our Great Yu, maybe this is your chance, you have to seize it. When I was in Kunwu City last time, I heard that you went to visit him, but you were turned away. This time he came to our Great Yu, he must have something important to discuss.”

The Great Yu Immortal Dynasty had already received news that Gu Changge and the Holy Maiden of the Human Ancestor Hall would rush to the Great Yu Immortal Dynasty to investigate the outbreak of the Absolute Heavenly Extinction.

That was why they waited here early, fearing that they would be rude. In terms of emotion and reason, the current status of Gu Changge was no less than that of the Patriarch of the Ancient Immortal Gu Family.

If it wasn't for Emperor Yu's many important matters and it was difficult to escape, otherwise he would have come here to wait in person.

Seeing that his imperial sister completely ignored him, Yu Ming was not discouraged, and continued, "I know that you are arrogant, but you have to think about it. In a few years, our father will definitely arrange a marriage for you, which genius will catch your eye by then?"

In his heart, his Royal sister was not young anymore. According to the customs of the Royal family, a marriage contract would be arranged.

The Royal family had been ruthless since ancient times and even though her sister was talented, her future achievements were unimaginable. But now that Emperor Yu was at the peak, in his eyes, Yu Feiya and others had not grown up after all, and could not escape the fate of the other princesses.

So compared to other young supreme beings, Yu Ming was more inclined to Gu Changge.

Yu Feiya remained silent, ignoring her brother's gossip. When she visited Gu Changge before, she just wanted to ask about the wordless scripture. But Gu Changge had never seen her, so she had no choice but to give up, and return to the Great Yu Immortal Dynasty with her clansmen instead of pursuing him to Mount Kun. n0V*elusb*.COM

What Yu Ming said was not realistic in her opinion. First of all, she didn't like Gu Changge, nor did she have any feelings for him, and they were not familiar with each other.

Secondly, Gu Changge already had a marriage contract, and Peerless Immortal Dynasty's background was not that worse than Great Yu Immortal Dynasty.

As the eldest princess of the Great Yu Immortal Dynasty, if she was too obvious about Gu Changge's purpose, what would Peerless Immortal Dynasty think?

Maybe, in the end, there would be enmity between the two Great Immortal dynasties.

"Yu Ming, don't say such things anymore. It's fine to make friends, but don't think about other things. Gu Changge already has a marriage contract, how can the Great Yu's pearl, be a little girl for him?"

The old Emperor who had been silent all this time opened his eyes when he heard Yu Ming's words, and said lightly.

Yu Ming knew that the old Emperor pampered and loved her, so naturally he couldn't allow her to suffer any grievances. Let alone such a matter of marriage.

At that moment, he laughed dryly and stopped mentioning this matter anymore. And just when he was speaking in a low voice to everyone.

At a distance in the sky, there were several radiant airships shrouded in immortal mist descending. They traversed the distance of thousands of miles in an instant and crossed the sky in an instant.

On these flying boats, were the swaying banners of the Human Ancestor Hall, exuding a simple atmosphere. Seeing this, everyone from the Great Yu Immortal Dynasty didn't dare to be negligent and stepped forward one after another.

"This is the flying boat of the Human Ancestor Hall. Could it be that in this hunting conference, the powerful people from the Human Ancestor Hall have come to watch the ceremony?"

"But it shouldn't be. According to the past, the Human Ancestor Hall stands aloof and will never be interested in such things."

Outside the Great Yu imperial capital, many young cultivators were extremely shocked and felt unbelievable. But then, when they saw the figure coming out of the flying boat, they were all taken aback.

Immediately afterward, a huge commotion erupted here. The forces from all over the Great Yu Immortal Dynasty fell into extreme surprise and excitement. Many people even felt that if Gu Changge was watching the hunting conference and their disciples performed well in it, they might be able to catch his eyes, and they would become prosperous from then on.

"It's no wonder that Great Yu Immortal Dynasty paid so much attention to it, but I didn't expect that Young Master Changge would come here in person at this time."

"Maybe he will also watch the hunting ceremony together. That's a great opportunity for me to wait for." The elders of various forces were whispering, their eyes filled with excitement.

For many young geniuses, Gu Changge was definitely a well-deserved leader among their peers in the Upper Realm today. His cultivation overwhelmed his peers and no one could hold a candle to it.

Now that he appeared in the Great Yu Immortal Dynasty, it really made the hearts of many young geniuses who respected him so much excited. Many heavenly beauties, with brilliant eyes, stared closely at the aloof figure on the flying boat, without blinking for a moment.

It must be said that they were really happy after witnessing Gu Changge's real face. For many young cultivators, it was as exciting as seeing an immortal scripture.

According to their status, they would not be able to get in touch with Gu Changge on any other day, let alone see the real person at such a close distance. Soon, the news of Gu Changge's appearance spread, causing huge discussions.

However, he only showed up for a while and was welcomed in by a group of powerful Royal family members from the Great Yu Immortal Dynasty. Many cultivators who came after hearing the news could only sigh, regretting that they did not see the real person.

Of course, Gu Changge came here with the Human Ancestor Hall, and many people speculated that his purpose for coming here should be related to the disaster of the Absolute Heavenly Extinction.

In the flying boat of the Human Ancestor Hall, everyone also saw the figure of the Holy Maiden of the Human Ancestor Hall, so they guessed so.

“Why did Gu Changge come to the Great Yu Immortal Dynasty? Logically, he shouldn’t be here!”

Tuoba Xiaoyao also received the news, and his expression became gloomy.

Walking around in the General’s mansion, he seemed extremely uneasy. According to the original memory, Gu Changge would not come to the Great Yu Immortal Dynasty at this time.

On the contrary, it should be a Prince from the Absolute Heavenly Imperial Court who would appear, trying to propose marriage to the Great Yu Immortal Dynasty. But before the prince from the Absolute Heavenly Imperial Court appeared, Gu Changge had come, which made Tuoba Xiaoyao feel a little uneasy.

As the third son of the General, he naturally also wanted to participate in this hunting conference. So he would probably meet Gu Changge face to face at that time, in this life.

Tuoba Xiaoyao was also not sure whether Gu Changge could see that the Heavenly Sword belonged to him. Although he had cultivated the Heavenly Sword to make it a Heavenly Sword Embryo, he could isolate many perceptions and auras. But he was still worried.

“Third brother, His Majesty Emperor Yu invited all the ministers to meet Young Master Changge. Father ordered me to call you. All the ministers of Great Yu have to bring their family members with them. Get ready, the chariot has been prepared outside the mansion.”

And just when Tuoba Xiaoyao was getting restless, a tall, slender and charming woman entered from outside the courtyard. She was graceful and beautiful, with picturesque facial features that had a sense of fusion of heroism and glamor.

She urged Tuoba Xiaoyao, as if she was afraid that he would not go and she stared at him several times. This person was Tuoba Xiaoyao’s second sister, Tuoba Lingqiong.

Now she was a lecturer in the Academy, with outstanding talent, and had many suitors in the Great Yu Imperial Capital.

“His Majesty Yu Huang invited the ministers to the banquet. I have to go too?” Tuoba Xiaoyao was taken aback when he heard the words and then became even more uneasy, with extreme resistance in his heart.

Tuoba Lingqiong nodded and added, “Brother is not in the imperial capital now, if you don’t go, then there will be no men from the General’s mansion except father.”

Tuoba Xiaoyao fell silent. If he didn’t go, his father might be blamed by Emperor Yu and lose face in front of the officials. Disobeying his will at this time was disrespect to Emperor Yu and disrespect to Gu Changge. No one dared to do this to Gu Changge in the huge Upper Realm, let alone in the territory of Great Yu.

“I know you don’t like this kind of occasion, but there’s nothing I can do. For this matter, I also declined the affairs in the Academy.” Tuoba Lingqiong sighed, but she didn’t like such an occasion either.

But the person who had come was Gu Changge, and Emperor Yu attached great importance to this. If it wasn’t for this reason, he even wanted to go outside the city to meet him in person. As subjects, how could they refuse?

“I see.” Tuoba Xiaoyao nodded, comforting himself in his heart.

As long as he was careful, Gu Changge would not find that the Heavenly Sword was on him.

“Young Master Changge came here from hundreds of millions of miles away, it is really a great honor for me.”

Above the sky, several divine lights passed by as clouds of light and mist appeared under the feet. The old Emperor of Great Yu said with a smile on his face, talking with Gu Changge beside him.

The rest of the Royal family fell behind and were not qualified to be near the two of them.

Yu Feiya, Yu Ming, and others of the younger generations stood at the end, acting like a junior.

Although Gu Changge was about the same age as them, now he needed to discuss friendships with their Ancestors and peers. This made many arrogant princes feel unwilling, but there was nothing they could do.

“Senior is overpraising. Changge came here to investigate the disaster of the Absolute Heavenly Extinction. This matter endangers the common people in the world. As the Human Ancestor of the Upper Realm, how can I stand by and do nothing?”

Gu Changge, dressed in white, also said with a smile. There seemed to be a vague and hazy brilliance surging around him. It seemed that there were three thousand ancient worlds floating up and down.

The terrifying and vast aura made the people of the Royal family who followed behind him feel palpitations and suffocation.

“Young Master Changge shoulders the responsibility of common people and has a broad heart, which I admire. Regarding this disaster of the Absolute Heavenly Extinction, in fact, we have also sent people to investigate, but until now, they have not found anything wrong.”

The old Emperor of Great Yu had an expression of praise on his face, and then he sighed a little.

Gu Changge nodded, and then continued, “However, I heard that a creature from the Absolute Heavenly Imperial Court had broken through. This matter has a lot to do with it, and it needs to be treated with caution.”

The old Emperor of Great Yu also said solemnly when he heard the words, “What Young Master Changge said is very true, if the Absolute Heavenly Imperial Court has come into being, it is definitely an ominous sign.”

While speaking, the hazy clouds traveled thousands of miles to the depths of the imperial city. Many cultivators and creatures under their feet looked up at this scene, all showing expressions of respect.

When Gu Changge came to the Great Yu Imperial Capital, Emperor Yu had already issued an order to all the ministers, so the news had already spread throughout the entire imperial capital.

As far as the eye could see, the Great Yu Imperial Capital was magnificent, and it was completely different from what the outside world could observe.

Above the sky, there were many sacred mountains and immortal islands, scattered all over the sky. Their number was innumerable, just like a piece of pure land in the sky.

In the depths, there were many palaces, carved beams, and row upon row of painted buildings. Surrounded by colorful mist and shrouded in auspicious clouds, it was a scene of an immortal house. All kinds of ancient pavilions were like the sacred mountains, magnificent, majestic and tall. Many soldiers could be patrolling various places.

Soon after walking all the way, over a distance of nearly a million miles, everyone came to Great Yu Palace.

The brilliance of this place was soaring to the sky, many big stars were floating in the sky. There was chaotic energy surging, showing the pressure and style of the immortal dynasty.

At the gate of the imperial palace, there were two ancient beasts prostrating and guarding. Their aura had already reached the Quasi-Emperor Realm, and they were extremely powerful.

In the main hall, there was even a hole in the sky like a small world, surrounded by clouds and mist. It had carved beams and painted buildings. Golden light, and the majesty of the Emperor permeated the air.

There was already a banquet, and many beautiful maids walked to and fro, singing and dancing while offering drinks and spiritual food. Many ministers of the Great Yu Immortal Dynasty had already arrived with their family members, and they were all waiting while being incomparably silent.

Tuoba Xiaoyao lowered his head and stood behind his father and sister. Only occasionally, would he raise his head and look forward, looking at his great enemy from the previous life, not daring to show the slightest strangeness.

On the top sat the current Emperor Yu, wearing a dragon robe with a blurred face and a deep breath with a group of concubines standing behind him.

At this moment, there was a smile on his face, seeing Gu Changge enter the hall, he got up to greet him.

“Young Master Changge has come from a long way, and is probably tired, so I already prepared a banquet for Young Master Changge.” Emperor Yu said with a smile on his face.

“Changge greets His Majesty, Emperor Yu.” Seeing this, Gu Changge also returned the greeting with a smile, “Your Majesty, you are welcome. There has been a lot of nagging on this trip, and I hope Your Majesty will not take offense.”

“What does Young Master Changge...”

Upon hearing the words, Emperor Yu laughed boldly and waved his hands. Afterward, the two of them exchanged pleasantries before sitting down.

The ministers, upon seeing this, also opened their mouths one after another, whether it was from the heart or the real intention, they all paid respects to Gu Changge.

As a descendant of the Ancient Immortal Gu Family and the Great Sect of Immortality, Gu Changge’s current status was enough to be on an equal footing with Emperor Yu.

Naturally, they dare not show the slightest disrespect. The banquet started soon, and Gu Change and Emperor Yu were at the same table.

Jiang Chuchu beside him was wearing a plain scarf, with a cold and calm expression as if she was in another world. She didn't seem to care about everything that happened in the hall.

But this also caused many princesses who intended to toast Gu Change to be a little bit discouraged. Seeing this scene, Emperor Yu couldn't help laughing, and turned his eyes to his most important eldest princess, Yu Feiya.
