### Chapter 591-1: It may save a lot of effort, The advantage of Rebirth (1)

“Feiya, you and Young Master Changge are about the same age, but your strengths are vastly different. After you came back from Kunwu City, I saw that you couldn’t forget Young Master Changge. Why are you shy when he is here today?”

Emperor Yu laughed, seeing that many of his daughters were feeling a little shy, he didn’t dare to propose a toast to Gu Changge. So, he looked at Yu Feiya, the eldest princess who was most respected by him.

Yu Feiya was dressed in plain phoenix clothes with a touch of crimson sand dotted between her brows that were like distant black. Her nose was straight, and she walked gracefully, like an immortal flower swaying, exuding a noble and elegant aura.

Hearing this, she was a little bit stunned, she didn’t expect that Emperor Yu would take the initiative to say that. But she soon realized that this was Emperor Yu’s euphemism for asking her to toast. So she immediately got up for a toast, and walked toward Gu Changge, looking graceful.

“What father said is true, Young Master Changge has come here from a long distance, and Feiya will offer you a toast.” She smiled and commented.

Seeing this, the ministers’ eyes were also a little strange. *What did Emperor Yu mean by such an attitude? Did he want the eldest princess to associate with Gu Changge? Or was he trying to curry favor with Gu Changge?*

The Emperor’s thoughts were hard to guess, they just thought about it in their hearts, and they didn’t dare to chew their tongues. Not to mention that Gu Changge had a marriage contract.

Although the Peerless Immortal Dynasty and Great Yu Immortal Dynasty were far apart, their relationship was not too friendly. Secondly, Princess Yu Feiya herself was deeply loved by several Ancestors of the Royal family.

Such a major matter as a marriage contract could not be decided by Emperor Yu with a single word.

“When I was in Kunwu City because I was busy entering Mount Kun, I didn’t have time to respond to Princess Feiya’s visit. Today, Gu will punish himself with a drink.” Gu Changge also smiled slightly when he heard the words, and raised his glass to drink.

“Master Changge is kidding, please!”

A faint fragrance arrived before her, Yu Feiya’s face was fair, her facial features were exquisite, and her bright eyes were gentle as she raised her glass with a pair of plain hands, and moved toward Gu Changge.

Seeing this, Jiang Chuchu raised her eyes and glanced at Yu Feiya with a calm expression. Even in front of her, the Holy Maiden of the Human Ancestor Hall, Yu Feiya looked calm. This calm attitude was by no means comparable to that of ordinary women.

“If Feiya can share one-tenth of the Young Master Changge, the Emperor will feel at ease.” Emperor Yu smiled when he saw this and seemed to be quite emotional.

“Princess Feiya has a mysterious physique. When she was born, she was bestowed by the Great Yu Immortal Scripture. However, now there is very little news of fighting against others. Even among peers, it is difficult to get a glimpse of her depth.”

Gu Changge smiled lightly when he heard the words, “His Majesty Emperor Yu said so, but I can’t agree with it.”

He knew Emperor Yu’s thoughts like the palm of his hand, and he just wanted to use Yu Feiya to test his attitude toward the Great Yu Immortal Dynasty.

During this period of time, in addition to the eruption of the scourge of the Absolute Heavenly Extinction, the Great Yu Immortal Dynasty also discovered an ancient world that had never been explored. And no other forces knew of the existence of this ancient world.

In order to cover up the news, the Great Yu Immortal Dynasty was naturally a little frightened, worried that Gu Changge’s intention to come had something to do with this matter.

On one hand, Emperor Yu said this to show his favor, and on the other hand, to speculate on Gu Changge’s intentions. He didn’t believe that Gu Changge had come here only to solve the disaster of Absolute Heavenly Extinction.

“Haha, Feiya has a chance, you should spend more time with Young Master Changge. You are about the same age, so you should have a lot of topics to talk about.”

Hearing this, Emperor Yu laughed noncommittally, intending to make Yu Feiya and Gu Changge get closer.

Although Yu Feiya felt a little strange about what her father said today, there was still a decent smile on her face, and she replied, “Father, don’t worry, Feiya will.”

“In the last life, Emperor Yu forced Fei Ya to associate with Gu Changge, and he is still like this in this life...” Seeing this scene, Tuoba Xiaoyao couldn’t help feeling depressed and kept drinking with his head down.

As a courtier, his father didn’t dare to say anything to Emperor Yu, let alone the current him. Because of him being reborn in this life, he had a better understanding of Yu Feiya.

It was clear that she had a calm and indifferent personality, if not for Emperor Yu’s persecution, it was absolutely impossible for her to get too close to Gu Changge.

And three days later, it would be the tradition of the Great Yu Immortal Dynasty, the hunting conference. At that time, according to the normal trajectory, the creatures of the Absolute Heavenly Royal family would show up, and one of the princes would even propose to get married.

In his previous life, Emperor Yu considered it for a long time and finally agreed to the marriage request. Later, Gu Changge visited the Great Yu Immortal Dynasty. Emperor Yu’s tone about this marriage was a little loose, and he deliberately let Yu Feiya and Gu Changge get closer.

In this life, Gu Changge came to the Great Yu Immortal Dynasty ahead of schedule, and the development track of many things was messed up. But one thing that Tuoba Xiaoyao was sure of was that there would be a shocking change at the hunting conference three days later.

The uncle who once failed to compete with Emperor Yu for the throne would send someone to assassinate the second prince! The second prince was trained by Emperor Yu as his future successor, and there was no room for any mistakes.

This shocking change also directly caused Emperor Yu to be furious, and there were many disasters and wars in the Great Yu territory.

In the previous life, Tuoba Xiaoyao only learned later that during that shocking change, there was actually Gu Changge's shadow behind that uncle. It was even possible that Gu Changge initiated it from a long distance.

Gu Changge not only intended to get the Heavenly Sword but also intended to annex the Great Yu Immortal Dynasty!

"I need to let Feiya pay attention, and I can't let Gu Changge's trick succeed..." Tuoba Xiaoyao whispered in his heart, planning to talk to Yu Feiya after the banquet.

Because he was the third son of General Zhen Guo, he cultivated in the Academy with Yu Feiya and others since he was a child. The two of them also got acquainted, even though he didn't show his sharpness in this life, he was extremely low-key.

He also often communicated with Yu Feiya, discussing some cultivation issues. Yu Feiya was also one of the few people who knew that he was hiding everything.

The banquet continued, and in the Great Yu Palace. There were jewels, and the spirit was shining brightly. There was an immortal mist curling up from a distance, accompanied by the singing girl's moving and clear voice, like a sacred place for immortal families.

At various banquets, there were vigorous meat dishes being presented. The spiritual fruits were crystal clear, lingering in the sun, accompanied by a delicate fragrance. Their age was more than one million years.

The officials were having a good time, toasting and discussing in a low voice from time to time, looking at Emperor Yu and Gu Changge, who were at the top table, with expressions of respect in their eyes.

Tuoba Xiaoyao lowered his head and sat behind his father, drinking wine and eating food in silence, talking to his elder sister and younger sister from time to time. His father, Tuoba Yuntian, was a minister highly valued by Emperor Yu.

Although his appearance looked extremely elegant, his strength should not be underestimated. He had broken through the Quasi-Emperor Realm many years ago, otherwise, he would not be qualified to sit on one side.

And his younger sister was named Tuoba Qingyu. Although she was only thirteen years old, she had already grown into a graceful and graceful figure. However, she had a cold and arrogant personality. She was reticent, determined to surpass his father and become an existence in the Emperor Realm.

“I heard that the Young Master Changge is only in his twenties, and his current strength has already surpassed the average Enlightened being. He has created a precedent that has never been seen before or since. How did he cultivate?”

At this time, Tuoba Qingyu looked up at the first man in white who was toasting with Emperor Yu, his eyes were somewhat curious and puzzled.

This was the first time she had seen Gu Changge in person, and she had only heard of it in rumors before. In terms of appearance alone, it was indeed difficult to pick out the slightest flaw.

Gentle and refined, with a rich spirit like jade, even the hair seemed to be shining brightly when she smiled, making it difficult to move her eyes away. But she was not the kind of vulgar person who judged people by their appearance.

She was just curious about how Gu Changge achieved such an achievement at this age. In terms of talent alone, it was already difficult to explain. The rumor she had heard the most was that Gu Changge was actually the reincarnation of a certain supreme being from ancient times.

Only by possessing the Dao Fruit of the previous life could one climb to the top in the shortest possible time. That was why there were many cultivators in the outside world who thought that Gu Changge was the reincarnation of the Human Ancestor.

#### **Chapter 591-2: It may save a lot of effort, The advantage of Rebirth (2)**

Tuoba Qingyu had a lot of research on cultivation. So she understood that even if the Human Ancestor was reincarnated, it was impossible to reach such a level in a short period of time.

“If I get the chance, I will definitely ask him for advice.” Tuoba Qingyu secretly muttered in her heart, completely oblivious to the slight change in the expression of her third brother Tuoba Xiaoyao beside her.

“Qingyu, you should stop holding this kind of thought. Who is he, and who are you? How could he explain his cultivation technique to you?” Tuoba Xiaoyao naturally heard his sister talking to herself, and couldn’t help but whisper.

This reminded him of the tragic experience of Tuoba Qingyu in his previous life, and a layer of haze suddenly appeared in his heart.

In his previous life, Tuoba Qingyu tried to get close to Gu Changge in this way and was arrested by him, and then he threatened him with her to hand over the Heavenly Sword. So much so that his father was alarmed later, and he rushed to the agreed place to be an important person.

However, he was assassinated outside the imperial capital and was severely injured. After escaping back to the mansion, his cultivation base was also greatly damaged, and his origin was almost lost.

“Third brother, why did you suddenly talk about this thing? Aren’t you interested in these topics?” Tuoba Qingyu was a little puzzled when he heard the words, how could the third brother who was a bit dull in character suddenly say this to her?

Tuoba Xiaoyao still maintained the usual dull look on his face, and said, “I’m just a little worried about you.”

Tuoba Qingyu didn't care about his words, she shook her head and said, "Third brother, don't worry, I only have a sense of proportion."

Seeing this, Tuoba Xiaoyao sighed in his heart, he didn't have much prestige in Tuoba's family. If it was his father or elder brother who said this, Tuoba Qingyu would definitely listen to them. And just when Tuoba Xiaoyao was thinking about how to make Tuoba Qingyu wary of Gu Changge, Emperor Yu, who was above the first place, suddenly laughed and spoke.

"Young Master Changge came to my Great Yu once in a while, just three days later, it will be my traditional hunting conference in Great Yu."

"At that time, I can invite the Young Master Changge to come to watch the ceremony together. All the young ones are just showing the talents and strengths of their heirs. If there is no young hero who can make a move, it will make the Young Master Changge laugh."

He was speaking to Gu Changge, and at the same time, he was also speaking to the officials in the palace.

At the hunting conference, all forces from within the territory of Great Yu would send disciples to participate, which was the tradition of the Great Yu Immortal Dynasty.

Many ministers present would also send young children to participate at that time. This was not just an opportunity to become famous, if they performed well in it, they could also be appreciated by Emperor Yu, bestowed with martial arts and divine powers, and even promoted to rank.

If Gu Changge was watching the ceremony this time, the meaning would naturally be completely different. Many ministers looked a little moved, maybe this was their chance.

In their view, being appreciated by Gu Changge was more important than being appreciated by Emperor Yu.

"His Majesty Emperor Yu has sincerely invited me, how can I refuse?" Gu Changge said with a smile.

He was planning to stay in the Great Yu Immortal Dynasty for a period of time, and let people look into the affairs of that ancient world. This hunting conference was also an opportunity.

While speaking, he swept down, and his eyes stopped on Tuoba Xiaoyao for a moment. Even if he didn't need the system's reminder, he could tell that this guy was a new Son of Luck.

And with strong Purple Luck that meant that he was not just an ordinary Son of Luck. However, the system didn't mention what this Son of Luck belonged to, and there were no other hints.

Gu Changge kept his eyes open for the time being. After solving Jiang Chen, the system had not mentioned any Child of Luck for a long time. But generally speaking, there should be some kind of connection between this Son of Luck and him.

After thinking about it, Gu Changge still didn't know who had any grievances with him at present.

"There is a faint sword intent lingering around his body... Could it be related to the sword master of Heavenly Sword?" Gu Changge had some guesses in his heart.

Regarding the whereabouts of Heavenly Sword, he was actually still waiting for news from Yue Mingkong. If the sword master of the Heaven Sword was in the Great Yu Immortal Dynasty, Yue Mingkong should have sent news to him.

Or was there some error in Yue Mingkong's rebirth memory? Or were there other reasons?

Gu Changge intended to have someone go down to investigate the information about Tuoba Xiaoyao. If it was really related to Heavenly Sword, it would save him a lot of effort.

Afterward, the clean-up banquet ended, and many ministers alighted to leave one after another and did not continue to stay in the palace. Emperor Yu specially arranged for Gu Changge, Jiang Chuchu, and his party to be housed in the palace mansion, and a special attendant took them there.

After Gu Changge and the others left, Emperor Yu's expression changed subtly, and he asked the old eunuch behind him, "Did Mr. Zhu found out Gu Changge's cultivation clearly?"

Hearing this, the old eunuch who had been standing behind him shook his head and said, "Reporting to Your Majesty, the old slave has poor eyesight, and it is really difficult to see his cultivation level clearly, but if it is a life-and-death fight, it will be difficult for the old slave to survive in his hands."

These words made Emperor Yu silent for a while, with unconcealable fear in his eyes. The old eunuch behind him had followed several generations of Emperors. When he was a little prince, the old eunuch was already Enlightened.

If even he talked like this, it could be seen that Gu Changge's strength was terrifying and frightening. It was unbelievable that this was just a young man in his twenties.

"It seems that it is indeed necessary for Feiya to get closer to him, whether it is now or in the future, it will be beneficial to me and Great Yu." After pondering for a moment, Emperor Yu mumbled with thoughtful eyes.

It was not unreasonable for the Upper Realm to be extremely jealous of Gu Changge now. On the other side, after the banquet, Yu Feiya planned to return to the palace where she was, but outside the palace wall, she saw a figure that surprised her.

Tuoba Xiaoyao did not go back to the mansion with his father and others but waited here for Yu Feiya.

"Are you here just to wait for me?" Yu Feiya walked over, and asked with a smile on her face, accompanied by a gust of fragrant wind.

At this moment, Tuoba Xiaoyao's face no longer had the previous dull look. His eyes were shining brightly, his appearance was imposing, and extremely extraordinary, and he exuded a confident and high-spirited temperament.

He nodded and said, "I have something to tell you."

"What's the matter?" Yu Feiya was a little curious, it was the first time she saw Tuoba Xiaoyao so cautious.

She still understood Tuoba Xiaoyao and knew that there was a big gap between the real him and him in the eyes of outsiders. He was just too low-key on other days.

In terms of real strength, she was not sure that she could completely defeat Tuoba Xiaoyao.

“You have to be careful of Gu Changge, he is not a good person, and there may be some shocking changes at the hunting conference in three days’ time. I heard a bit of wind by chance. If there is a sudden change in three days, then Gu Changge will be the mastermind behind it.”

Tuoba Xiaoyao looked around and said in a low voice after seeing no one. These words of his were naturally groundless but based on the memory of his previous life. But in order to make Yu Feiya wary of Gu Changge, he could only say this.

Even if Gu Changge was wronged, he didn’t care. Yu Feiya’s expression became a little serious when she heard the words. If someone else said that, she would definitely think that the other party was crazy.

But now it was Tuoba Xiaoyao who said so. Judging from her understanding of Tuoba Xiaoyao over the years, he was not the kind of person who would talk nonsense.

“There will be a shocking change in three days’ time? Gu Changge will lead it? Then what is his purpose?” She frowned, considering whether to tell Emperor Yu about this.

Tuoba Xiaoyao seemed to see her worry, and continued, “You can inform His Majesty Emperor Yu in advance so that he can make more preparations to protect the second prince’s Zhou Quan, I guess someone will try to murder the second prince at the hunting conference.”

He had revealed so much. If he stopped it in time, then he would get a great achievement.

In addition, Gu Changge would offend Emperor Yu because of the murder of the second prince, so Gu Changge would definitely head to the opposite side of the Great Yu Immortal Dynasty.

At that time, even if it was revealed that he owned the Heavenly Sword, there would be the Great Yu Immortal Dynasty behind him to rely on, so he wouldn’t have to worry too much.

After all, he had the memory of his previous life, which was his biggest advantage in front of Gu Changge.

## **Chapter 592: Willing to offer the entire of Great Yu, Yu Tianzheng’s plan**

Tuoba Xiaoyao’s words made Yu Feiya fall into deep thought.

In fact, in her opinion, it was difficult to determine anything about such unfounded things. Emperor Yu probably wouldn’t believe it, unless Tuoba Xiaoyao had evidence.

Why would Gu Changge send someone to assassinate the second prince? How did Tuoba Xiaoyao know?

There were many doubts in Yu Feiya’s mind. However, she still chose to believe in Tuoba Xiaoyao as she nodded, and said, “I will try my best to convince father and let him pay attention. I’ll keep it a secret for you.”

Tuoba Xiaoyao smiled and said, “I see, then thank you Feiya.”

At this time, he didn’t really want to expose it and let others know his details. If Emperor Yu asked, it was fine for Yu Feiya to fool around as she pleased. Once this matter was over, he would find an appropriate time to explain everything to Emperor Yu.

Tuoba Xiaoyao bid farewell and left, his figure turned into a puff of green smoke and disappeared into the void. Yu Feiya, on the other hand, pondered for a while. She went to her palace, thinking carefully about Tuoba Xiaoyao's words in her heart.

"After three days?" She murmured softly.

After being sent to the temporary palace by Emperor Yu, Gu Changge first sealed off the surrounding void to prevent anyone from prying eyes. Then he ordered his subordinates to investigate the matter of Tuoba Xiaoyao.

The Wan Dao Merchant Alliance spanned each Heaven in the Upper Realm and also had branches within the Great Yu Immortal Dynasty. He only needed to give orders, and someone would come forward to present the information he wanted.

"Are you asking someone to investigate the scourge of the Absolute Heavenly Extinction?" Jiang Chuchu walked over while wiping her blue silky hair, her body was covered with tulle, undulating like mist.

There were still some water stains on her arm, obviously she just went to take a bath. The veil on her face had already been taken off, revealing a flawless immortal face, red lips, and her skin was crystal clear, white, delicate, just like the finest suet jade.

Gu Changge turned around when he heard the words, smiled, and said, "Not yet, I just asked someone to investigate another person who seemed interesting."

"The person you're interested in, could it be that eldest princess Yu Feiya from the palace?" Jiang Chuchu blinked, then asked in a casual tone.

Hearing this, Gu Changge laughed and reached out to hug her. But, Jiang Chuchu dodged back lightly, dodging his hand.

"You haven't answered my question yet." Her eyes were crystal clear and beautiful, as if there was an immortal light flowing between them, "Don't fool me again."

Gu Changge said helplessly, "Why are you still jealous? She just toasted me a glass of wine in the hall, look at how stingy you are."

Jiang Chuchu replied angrily, "When you were in the palace, you kept staring at her, don't think I didn't see it."

"I was just wondering what kind of physique she had, what were you thinking?" Gu Changge sighed, seemingly quite helpless. "She is not as good as you in terms of appearance, and she is not as good as you in terms of cuteness. Why do you think I am interested in her?"

Jiang Chuchu sniffled, fixed her eyes on his face, and said, "Really? Don't lie to me again."

"Of course, it's true, more real than gold and silver." Gu Changge had a serious expression on his face.

He didn't explain the matter of Tuoba Xiaoyao, because it was unnecessary. What Jiang Chuchu wanted was just an attitude, not a statement. Even if Gu Changge was really interested in Yu Feiya, the eldest princess of the Great Yu Immortal Dynasty, she would not really care about anything.

Because she didn't want much. However, during this period of time, Gu Changge found that Jiang Chuchu really liked to cling to him too much. Although it was not to the point of being inseparable, she liked for him to be around from time to time, it seemed that she could feel at ease in that way.

This made Gu Changge feel a little headache and even Yue Mingkong was not as clingy as Jiang Chuchu. Especially after he dispatched Alpha to deal with the disasters that broke out in the rest of the region. Jiang Chuchu was completely relieved and handed over many other affairs of Human Ancestor Hall to the other elders.

In this way, she didn't cultivate all day long but just liked to cling to him.

"Then let's go to bed early tonight."

Jiang Chuchu saw Gu Changge make such promises, and couldn't help but burst out laughing. She buried her head in his arms, a pleasant fragrance wafted from the slightly damp black hair.

"Rest so early, don't forget that you came to the Great Yu Immortal Dynasty." Seeing this, Gu Changge said with a gentle expression.

Hearing this, Jiang Chuchu raised a pair of bright eyes as she looked at him, and said, "Isn't there still you? I don't want to think about the Human Ancestor Hall at all right now. I just want you to accompany me."

These things were completely natural to her now.

"I feel like I'm spoiling you." Gu Changge smiled, reaching out to hug her up.

The corners of Jiang Chuchu's mouth hooked slightly, and she stretched out a pair of snow-lotus-like jade arms, wrapping them around his neck, and said, "Anyway, it's good to be like this all the time."

Gu Changge couldn't help shaking his head and chuckling. He believed that apart from him, no one else in the world had seen Jiang Chuchu like this.

In the next few days, the entire Great Yu Immortal Dynasty was preparing for the hunting conference, which was extremely lively. Almost every day, flying boats and divine lights could be seen rushing from everywhere, plundering in the direction of the Great Yu Imperial Capital.

In addition to the forces within the Great Yu Immortal Dynasty, the rest of the Immortal Forces and Supreme Sect would also have people coming to watch the ceremony. But this time Gu Changge's visit to the Great Yu Immortal Dynasty in person naturally caused a great commotion.

Many cultivators and creatures were discussing this matter. Especially after learning that Gu Changge would attend the hunting conference three days later to watch the ceremony, they were even more excited and felt a surge of emotion.

Many of the younger generations were gearing up and looking forward to it secretly, hoping to shine in this hunting conference and be valued by Gu Changge. The families and clans of the Great Yu Immortal Dynasty also made great preparations for this hunting conference.

Gu Changge also got information about Tuoba Xiaoyao who was sent to investigate. However, judging from his events over the years, it was difficult to find any clues. Because Tuoba Xiaoyao was recognized

as a mediocre general in the imperial capital, dull and honest, with ordinary talent, and only interested in practicing swords.

His cultivation was said to be inferior to that of a six-year-old child. All these were very in line with the character design of the trash son-in-law, but in Gu Changge's view, there was still something missing.

It was because it was difficult to find clues that this seemed strange.

Tuoba Xiaoyao was the third son of General Zheng in the Great Yu Xian Dynasty, and his status was extremely noble. The brothers and sisters were considered harmonious and united, and there was no news of any quarrels or conflicts.

So in Gu Changge's view, Tuoba Xiaoyao was either hiding his clumsiness or keeping a low profile. Either he was a late bloomer and had not really become the Child of Luck.

It was actually very simple to determine which possibility it was, he just needed to test the people around Tuoba Xiaoyao. Didn't he have a sister?

Gu Changge planned to test Tuoba Xiaoyao at the hunting conference of the Great Yu Immortal Dynasty.

At that time, it would be confirmed whether he was the master of the Heavenly Sword or not. But on the second day, an unexpected person came to visit suddenly, which made Gu Changge interested.

"Yu Tianzheng greets Young Master Changge."

The visitor was a middle-aged man with a majestic appearance. He had black hair like waterfalls, deep eyes which were very powerful. The most important thing was his appearance, which was 70% similar to the current Emperor Yu.

However, it was more vicissitudes, and it seemed to be a little older. Moreover, he came quietly and did not alarm anyone. If Gu Changge hadn't noticed that he was harmless, he would have attacked just now.

In this palace, one could sneak in quietly? Either their strength was monstrous, or the hands and eyes were open to the sky with many spies.

In the eyes of Gu Changge, the person who claimed to be Yu Tianzheng in front of him should belong to the second possibility. This made him have some guesses in his mind.

"Why did you come to see me?" Gu Changge asked, with a little interest in his eyes, sizing up the strength of the person in front of him.

Half-step Enlightened being!

And from the depth point of view, compared to Emperor Yu he saw in the palace that day, he was a bit stronger.

Yu Tianzheng was dressed in a gray robe, with a serious complexion, exuding a bit of grandeur and grace. Obviously, he was also a person who had been in a high position for a long time.

"I come to seek refuge with the Young Master Changge, and I am willing to offer the entire of the Great Yu Immortal Dynasty."

Yu Tianzheng said in a deep voice when he heard the words, his expression was extremely serious, and there was no trace of joking.

When he came to see Gu Changge, he had already thought of his speech. Because he understood what kind of person Gu Changge was, and won't listen to any nonsense from him.

So he cut to the chase.

"It's kind of interesting. Would you like to offer the entire of the Great Yu Immortal Dynasty to me? But is it up to you?"

Gu Changge's eyes were slightly strange, and after a slight smile, his expression quickly returned to normal.

This person was either not stupid, or he had the confidence to dare to say such treasonous words to him.

One must know that Gu Changge only needed one word now, and many masters would appear in the palace in an instant to take him down. What was more, Gu Changge could do it himself.

This man had such guts that he was clearly making a bet.

"Of course, it's up to you, Young Master Changge, let me tell you the whole story. After the matter is completed, I wish to hand over the Great Yu Immortal Dynasty."

Yu Tianzheng saw that Gu Changge didn't have any plans to do anything. There was some joy on his face, and he let out a sigh of relief. He seemed to be betting right.

How could someone like Gu Changge have no thoughts about the Great Yu Immortal Dynasty?

"Three hundred years ago, I competed with the current Emperor Yu, that is, Yu Tianhe, for the throne. He and I were originally siblings. I also promised him in the early years. The throne was handed over to him, but I never thought that I would be assassinated by him in the end. He sent someone to assassinate my wife and children... He even poisoned our mother, and finally put the blame on me."

Yu Tianzheng showed deep-seated hatred on his face and told Gu Changge many things about the battle for the throne of the Great Yu Immortal Dynasty three hundred years ago.

Including how he was defeated and how he was exiled outside Great Yu. How did he try his best, how did he plan to take back everything that belonged to him during these years?

Gu Changge listened with great interest and did not interrupt him. As for what Yu Tianzheng said, Gu Changge naturally wouldn't believe it. Only they knew the grievances between him and Emperor Yu.

Gu Changge was now thinking about what benefits Yu Tianzheng could bring him.

That was all.

If this Yu Tianzheng couldn't satisfy him, then Gu Changge didn't mind sending him to see Emperor Yu himself.

“If I take over the throne of the Great Yu Immortal Dynasty, I will serve the Young Master Changge as my Master. I can make the oath of heaven. If I break the oath, my heart will collapse, and I will be wiped out, and I will not enter reincarnation!”

Seeing that Gu Changge hadn't said anything for a long time, Yu Tianzheng couldn't help but promise.

“Then what do you need me to do for you?” Hearing this, Gu Changge paused for a moment before continuing to ask.

He actually didn't want to bet on Yu Tianzheng, but the bait was too big. The Great Yu Immortal Dynasty was not comparable to the Hidden Ji Family and the Hidden An Clan.

This was a well-known Immortal force in the Upper Realm. Its heritage was long enough to rank among the top in the Upper Realm, and its background was even more unfathomable.

Of course, Gu Changge actually had other plans. He didn't need Yu Tianzheng's oath of heaven, he just needed to plant a demon seed in his heart. Even if Yu Tianzheng's plan failed at that time, he didn't need to worry about exposing himself as the person behind the scenes.

“I need Young Master Changge to send troops to help me silence down the chaos!” Seeing Gu Changge's tone was calm, Yu Tianzheng also showed a hint of excitement.

In fact, he had been waiting for this day for a long time, but no one helped him. He had also deployed a lot of means in the palace during these years, otherwise, he would not have sneaked into the palace so easily.

“That's no problem, but before that, I need to see that you are worthy for me to help you.” Gu Changge nodded.

Yu Tianzheng took a deep breath, his eyes sparkled and he said, “Don't worry, Young Master Changge, I actually have a plan. At the hunting conference this time, I have already arranged for people to assassinate Emperor Yu's second son. He treats this son very dearly and trains him as a future successor. There is no room for any mistakes.”

“After I send someone to kill his son, Emperor Yu will be furious and will search for the killer everywhere. At that time, there will be chaos in the territory of Great Yu. I will take this opportunity to sneak into the palace and kill Emperor Yu.”

“As a result, the Great Yu would have no leader and would fall into panic. I will show up later. With my identity, I can naturally succeed to the throne of Emperor Yu, and what needs to be considered at that time is Yu Tianhe's loyalists and the resistance from all over the place.”

Once Emperor Yu died, the territory of Great Yu would inevitably become more chaotic. Maybe it would also attract the prying eyes and covetousness of other forces, that was why Yu Tianzheng needed Gu Changge to send troops to help him quell down the chaos.

Moreover, with Gu Changge's deterrence, those restless forces could also be calmed down and not dare to act rashly.

“Your plan is indeed perfect, but have you ever considered whether those powerhouses hidden in the palace and the Ancestors of Great Yu would agree to your succession?”

Gu Changge said lightly, he didn't think the chance of success in this matter was very high.

The Great Great Yu Immortal Dynasty had a long history. If Emperor Yu died and fell into chaos, that would be too whimsical.

"Young Master Changge, please rest assured about this point, whether it's me or Yu Tianhe, both are Great Yu's blood. For those Ancestors, it is the same whoever succeeds to the throne. As for the chaos in Great Yu, I have other arrangements."

Yu Tianzheng seemed very confident when he heard the words. He had already considered these worries and had countermeasures.

### **Chapter 593: It will be the right time to test Tuoba Xiaoyao**

Yu Tianzheng's guarantee did not make Gu Changge completely at ease. He had a hunch in his heart that the sudden appearance of Tuoba Xiaoyao, the Son of Luck, might not be accidental.

The assassination at the hunting conference this time should not have gone so smoothly.

"How many people have you arranged for this hunting conference?" Gu Changge pondered for a moment, then asked.

Yu Tianzheng thought that Gu Changge was still worried, so he couldn't help smiling, and explained, "Master Changge, please rest assured, I have been planning for this day for nearly a hundred years, and this hunting conference is absolutely foolproof."

"Not only are my people among the forces participating in this hunting conference, but also among the people who are responsible for protecting the second prince are also mixed in with my people."

"In addition, I especially sent people to wait there outside the hunting conference venue. They are all loyal soldiers to me. At that time, I only need to give an order, and they will rush to the second prince and die with him."

When Yu Tianzheng said these words, he carried a lot of confidence. He had deduced it many times, and in order to be safe, he even laid down many countermeasures.

"Arrange twice as many people as you have assigned, and in addition, I will order other people to help you in secret." Gu Changge nodded and said, the existence of Tuoba Xiaoyao was an anomaly in his opinion.

Yu Tianzheng's calculated assassination plan might cause some accidents because of Tuoba Xiaoyao.

Gu Changge planned to send the assassins of Spring Breeze Pavillion to hide in the dark, take advantage of the opportunity, and not allow the slightest surprise.

"I'll listen to what the Young Master Changge says." Yu Tianzheng's expression was slightly solemn, and there was a flash of light in his eyes.

He didn't dare to disobey Gu Changge's intentions, not to mention sending more manpower. Although there was a risk of exposure, it also increased the chance of a successful assassination, there were gains and losses.

Yu Tianzheng's figure dissipated into the void as he bid farewell, and left. He was worried that staying here would cause unnecessary trouble. The imperial palace was full of crouching tigers and hidden dragons, and there were many powerhouses, so it was not a suitable place to stay for long.

Gu Changge ordered the people of Wan Dao Business Alliance to contact Yin Mei, asked her to find Bai Lian'er, and arranged for the assassin for the second prince Yu Lie at the hunting conference.

Although the Spring Breeze Jade Building was a newly emerging killer force, it had been faintly suppressing other assassin forces over the years. Bai Lian'er had the inheritance of the Emperor Killer of ancient times and was very good at training assassins.

In addition, due to Gu Changge's support during this period of time, the development speed of the Spring Breeze Jade Building increased rapidly like a bamboo joint. He ordered Bai Lian'er to do a lot of shameful things. Therefore, Gu Changge was very relieved about the assassination of the second prince.

"As for the matter of Tuoba Xiaoyao, I can try it with his younger sister first, I don't believe he can continue to sink."

As for testing whether Tuoba Xiaoyao was related to the Master of Heavenly Sword, Gu Changge had already made arrangements. And soon came the day of the hunting conference. Outside of the Great Yu Imperial Capital, many flying boats, flying artifacts, and mounts were suspended in the air. The shadows above were full of people, and at a glance, there were all human heads.

Gu Changge, Emperor Yu, and others stood on a very luxurious and ancient warship, looking at the scene below. Behind them stood many younger generations, including the princes and princesses of the Great Yu Royal family, as well as their followers, all talking in low voices.

In the distance, there were various aristocratic families and clans in the Great Yu territory, and there were also people's shadows on them.

Those who took the lead were the elders of the forces behind them, and their strength had at least reached the Quasi-Supreme Realm.

In the other direction, those Immortal sects who were good friends with the Great Yu Immortal Dynasty sent some powerful people to watch the ceremony.

The location of the hunting conference was naturally not in the imperial capital, but in an area where the catastrophe of the Absolute Heavenly Extinction had broken out.

There used to be the ruins of a certain sect, but later they offended a powerful enemy, it was wiped out overnight, leaving only a small number of people to escape. Now, just as the catastrophe of the Absolute Heavenly Extinction broke out nearby, the location of the hunting conference was chosen at the ruins.

"Start!!"

Soon, the minister who presided over the hunting meeting let out a low shout. The surrounding void became blurred with brilliance soaring into the sky, and the breath of space pervading. There, large areas of origin stones piled up into hills, so thick that they were about to liquefy.

This was from the use of a large teleportation array. It was used to teleport all the forces participating in the hunting conference. The origin stones alone were procured on a sky-high price, and other than the Immortal forces, the rest of the forces simply could not afford it.

### **Rumble!!**

In the next moment, an ancient formation appeared in the sky, as if a passage through the universe had been torn open. All the airships and warships were converging toward it, crushing and passing the sky, with an incomparably huge momentum.

In the Great Yu Imperial Capital, many cultivators witnessed this scene with their own eyes, seeing those forces disappearing quickly,

Passing through the endless mountains, crossing many mountain peaks, great swamps, and rivers, everyone's eyes suddenly opened up again as they appeared at the border of a great wilderness.

This place was very desolate, and there was no human habitation for hundreds of thousands of miles. But if one looked down from a high altitude, they could see that the surrounding mountains were distributed with strange traces, just like a true dragon about to take off.

"It's such a place where nine dragons fly into the sky, but it's a pity that it has been desolate for a long time. Otherwise it might have become the mountain gate of a Supreme sect by now." Gu Changge spoke with a little admiration.

"It is indeed a pity for such a treasure land. This was a Great sect, and it flourished for a long time. If it did not offend powerful enemies, it may indeed continue to this day. Now the Nine Dragons here have also been beheaded, and it is difficult to vacate." Emperor Yu sighed.

Gu Changge smiled noncommittally. A force that threatened their status suddenly appeared in the territory of Great Yu, and the first reaction might have been to destroy it first. So what offended a powerful enemy and was wiped out overnight was nothing more than a rumor from the Great Yu Immortal Dynasty.

As for the truth, only the Great Yu Immortal Dynasty knew. Of course, Gu Changge was not interested either.

"Ahead is the location of this hunting conference. Some time ago, the place was shrouded in a strong aura of Absolute Heavenly Extinction. The Emperor suspects that there were creatures of Absolute Heavenly Extinction appearing here, so he specially sent people to investigate, but they all died here tragically." Emperor Yu pointed to the frontier of the wilderness and explained.

Gu Changge nodded and looked over before asking with a smile, "Then, is this hunting conference just about hunting the Absolute Heavenly creatures?"

Upon hearing this, Emperor Yu glanced at him and said, "That's right, but the beasts here can also be the target of hunting, and of course, the disciples of various forces are also the same."

As he spoke, doubts flashed across his mind. Judging from many aspects of Gu Changge's words and deeds, they did not seem to be malicious towards him and the Great Yu Immortal Dynasty.

Then why did Yu Feiya remind him to be vigilant against Gu Changge many times, and even asked him to send more people to protect the second prince Yu Lie today?

This was exactly what Emperor Yu couldn't figure out. But compared to Gu Changge, he would definitely rather trust his daughter. So this time he did send more people to protect the second prince Yu Lie, who was also the future successor of the Great Yu Immortal Dynasty.

Yu Lie could not tolerate any accidents.

"So it looks like there's going to be a war of chaos here in a while." Gu Changge smiled faintly and stood on the ancient warship looking down at the scene below.

Besides them, there were also many ancient warships and flying boats. There were people standing on them, discussing the hunting conference for a while. Many young geniuses were gearing up and secretly looking forward to it.

The second prince, Yu Lie, was a man with an extremely handsome face, dressed in a blue robe with one hundred and eight divine rings faintly condensing behind him like a young god.

He was born with a kind of nobility, which made it difficult to ignore his existence. He was standing with Yu Feiya and the others and seemed to be whispering something. From time to time, he looked in the direction of Emperor Yu, Gu Changge, and others in front of him, his eyes flickering with strange expressions.

The princes and princesses would naturally participate in this hunting conference. For the majesty of the Royal family, it was even necessary to be among the best, and there was no shame.

"Young lady, don't worry, I will pay attention to safety." Yu Lie also didn't know why his imperial sister would remind him to be careful over and over again.

However, as the future emperor of the Great Yu Immortal Dynasty, he was naturally very confident in his own strength, so although he promised well, he didn't care about it in his heart.

Yu Feiya also knew that Yu Lie definitely didn't take her reminder to heart. She sighed slightly, then glanced at Gu Changge indiscriminately.

Seeing that he and his father were having a happy conversation, it was hard to believe that he would arrange for someone to assassinate the second prince in order to plot against the Great Yu Immortal Dynasty.

Afterward, the powerhouse of the Great Yu Immortal Dynasty appeared and sacrificed a colorful and exquisite tower. There was a mysterious golden energy flowing on it, which was extremely ancient.

This was a treasure. While covering this place, it could reflect what happened in various places.

At the same time, Emperor Yu also stood up, and with a wave of his sleeves, the world suddenly turned dark. A vague shadow of the Emperor emerged and imprinted on the sky and the earth like a Heavenly Emperor patrolling the sky, exuding terrifying pressure and shocking people's hearts.

Seeing this, Gu Changge narrowed his eyes a little, feeling that Emperor Yu might have noticed something. Otherwise, he would not have manifested his avatar to ensure the safety of this place.

Although Emperor Yu next to him was just a spirit body and not the true body, his aura was also deep and distant, extremely terrifying. As long as he was within the territory of the Great Yu Immortal Dynasty, Emperor Yu was almost invincible innately.

This had nothing to do with the cultivation realm. The reason was that the people's luck or the dragon's spirit could become his means, and it was almost never to the point of exhaustion.

Unless the opponent was like him and cultivated the same heavenly skills and divine powers. Thinking of this, Gu Changge glanced in the direction of the Tuoba family.

Seeing that Tuoba Xiaoyao was lowering his head, he still looked honest and dull, as if everything around him had no effect on him. After the minister in charge of the hunting conference said the rules, the arrogant figures of various forces also turned into divine lights and went to the wilderness ahead.

The miasma was soaring into the sky, it was incomparably blurred and there were occasional roars of ferocious beasts trying to shatter the sky, causing people to twitch with anger and blood.

In this hunting conference, even fellow apprentices might become rivals. Therefore, when many geniuses fell into the wilderness, they dispersed and headed toward various regions.

Except for the successors of those great forces, almost no one was willing to join hands with others.

Yu Lie, Yu Feiya, Yu Ming, and many other Royal disciples also turned into divine lights and went to the depths of the wilderness, before disappearing without a trace.

High above the sky, the Elders of the sects of various forces were all engrossed in staring at the five-colored black and yellow exquisite pagoda, trying to find their disciples in it.

"For this hunting conference, I wonder if Young Master Changge has a promising candidate."

On the ancient warship, Emperor Yu stood with his hands behind his back, with a faint smile on his face, and asked Gu Changge.

"Princess Feiya's strength is unfathomable. From my point of view, she must be among the top three." Gu Changge replied with a smile, with a clear and elegant demeanor.

Emperor Yu laughed and said, "I didn't expect Young Master Changge to be so optimistic about Feiya. This is her honor."

Many ministers standing behind him were also looking for their own heirs in the scene manifested by the five-colored black and golden exquisite pagoda, and they were very concerned.

Gu Changge withdrew his gaze from looking ahead and calmly looked into the distance.

The site chosen for this hunting conference was surrounded by heavily guarded soldiers, not to mention impenetrable, but if there was an enemy attack, they could be found immediately.

Yu Tianzheng wanted to assassinate the Second Prince Yu Lie at this time, but it was almost impossible to succeed.

“Looks like we just have to wait for the right moment.” Gu Changge thought to himself, but he was not in a hurry. He sat there drinking tea very leisurely, whispering a few words to Jiang Chuchu who was beside him from time to time, which made her earlobe red.

Time passed quickly, and all the geniuses who fought against fierce beasts and Absolute Heavenly Creatures in the wilderness were also killing and being killed to the point of frenzy.

At any time, one after another, terrifying lights could be seen, piercing through the sky, roaring in all directions like wolf smoke. The elders of many powerful sects also followed the drastic changes in their emotions and were extremely worried.

Although this was the tradition of the Great Yu Immortal Dynasty, in fact, every time the geniuses participated in the hunting conference, less than 50% of them came back alive in the end. Its cruelty was also evident.

“The people I arranged should be about to make a move.”

Gu Changge raised his eyes to look at the sky, the twilight was fading in the distance, the sky became dark, and a faint moonlight appeared under the horizon, looking very blurry.

He looked into the Tower with great interest and found Tuoba Xiaoyao in the manifested scene.

The third son of the General’s Mansion had a low reputation in the imperial capital and was extremely low-key, so there were very few people who paid attention to him. Even his father, General Tuoba Yuntian, didn’t take too much notice. Instead, he was searching for traces of his second and youngest daughters.

In Gu Changge’s eyes, Tuoba Xiaoyao’s performance could only be regarded as quite satisfactory. During this period, he encountered several more dangerous crises, but he narrowly avoided them all.

The opponents he encountered were not considered strong, they could only be regarded as disciples of those small schools and sects around the territory of the Great Yu Immortal Dynasty.

From these perspectives, it was indeed difficult to see anything.

“Isn’t this the Fourth Miss of General Zhen’s Mansion? Why did she get lost with your brothers and sisters?” But at this moment, in the depths of the wilderness, in a basin full of ravines.

A young girl who was cross-legged under a dead tree and breath-adjusting suddenly opened her eyes when she heard these words. There was an astonishing chill in her eyes, and she stared closely at the several people who appeared in front of her.

#### **Chapter 594: Specifically targeting him, Caught in a dilemma**

The sky gradually dimmed as dark clouds floated from a distance, covering the sky and the earth. Everything was silent, except for the occasional roar of a ferocious beast from a distance which was terrifying.

The night wind swished, while the sand and stones rolled on the hills and valleys. There were tall and steep mountains on all sides, and it was difficult to see the other cultivators.

Tuoba Qingyu never expected to meet other people in such a remote place. She had encountered a great enemy at the border of the Great Wilderness before. After fighting with him, she was seriously injured, so she had to find a place to recuperate. She thought that this place was remote and uninhabited and that no one would disturb her there.

Tuoba Qingyu's eyes were frosty, staring at several cultivators who were walking toward her. She shouted, "Who are you? I don't know you."

A young man with a scar on his face sneered, "Miss Qingyu, you are such a noble person, how forgetful you are."

"Do you still remember that some time ago, after a ragged man accidentally bumped into you on the street, you sent someone to hack him to death, thinking that he stained your clothes? My little brother was really unfortunate, he just died so unexplainably."

As he spoke, a deep hatred appeared on his face, as if he and Tuoba Qingyu had a sworn hatred.

"I haven't seen your so-called brother. I don't remember this incident either, did you find the wrong person?" Tuoba Qingyu frowned and shouted in a cold voice.

She didn't remember asking someone to hack anyone to death. And with her character, even after being hit by someone, she wouldn't do such a thing. The person in front of her was obviously spitting blood, maliciously pouring black water on her.

Her first reaction was that her father Tuoba Yuntian's opponents in the court had taken this opportunity to frame her. After all, she wouldn't have any conflicts for no reason.

"Hehe, yes, you really won't remember. After all, he was just an insignificant person. For you, it is as easy as crushing an ant. But he is my own brother, and I have to avenge him."

The young man with the scar on his face looked up to the sky with a sneer as if he wanted to vent all the anger and hatred during this period.

"You are talking nonsense, I have never done such a thing." Tuoba Qingyu's face was full of anger.

"It's useless to talk too much. Today I will avenge my brother who died. However, before that, if I can have a taste of Miss Qingyu, it would not be in vain for me to wait for this life."

The man with the scar laughed out loud, not talking nonsense as he directly swung his knife forward to attack.

The terrifying sword aura descended vertically and horizontally, carrying a cold murderous aura like a vast sea submerging forward, causing the clouds in the sky to be shattered.

At the same time, the people behind him also made their move. They were not simple and cooperated very tacitly, almost instantly placing Tuoba Qingyu at a disadvantage.

"Who the hell are you? I have no enmity with you!"

Tuoba Qingyu's figure flew back. She had a look of shock on her face. Just at the first moment of the fight, she felt her blood tumbling, and her injury was triggered again.

It never occurred to her that she was no match for the scarred man in front of her. It was absolutely impossible for the other party to be an unknown person.

One must know that even though she was injured now, it was enough to sweep away most of the young supreme beings in the Great Yu. This man with a scar who suddenly appeared to avenge his younger brother was simply too powerful.

“I’m just a person who wants to avenge my brother, no one can save you today.”

The man with the scar didn’t say much, he attacked again. A snow-white long knife appeared in his hand, and he chopped it off like a dragon piercing the sky, illuminating the night sky.

This was the sword energy that contained the ultimate killing intent, and it could not be condensed without massacring tens of millions of people.

A big mountain couldn’t bear it, and the top of the mountain started cracking. Due to the terrifying sword aura, several large cracks appeared, making the scene terrifying.

**“Boom!”**

Tuoba Qingyu’s face changed, and the mountain she was standing on had dozens of huge boulders crushed as they were being cut by this sword energy before collapsing with a bang.

Then the top of the mountain was destroyed, the rocks pierced through the sky, smoke and dust rose everywhere.

In the endless mountains, many beasts were terrified and fled in all directions, creating chaos. Many more beasts crawled on the ground in fright, trembling.

Many birds soared into the sky, wanting to leave this terrible place. But as soon as they rushed into the air, they collapsed and were crushed by the murderous aura that filled the world, turning into blood flowers one after another. All of their bodies and souls were destroyed on the spot, nothing was left.

Only the blood mist surrounded the two sides. The lingering killing intent was like a knife, cutting off all tangible life, those who entered would be destroyed.

“Uhh...”

Tuoba Qingyu was no match for the man with the scar. After a few moves, she kept coughing up blood, so she could only turn into a divine light to flee into the distance.

There was a turbulent wave in her heart, the strength of the other party could definitely be ranked at the forefront among the geniuses who participated in the hunting conference this time. But he still chose to make a move when she was injured.

This kind of cautiousness was definitely not something that ordinary people could have.

“Running away? Let’s see who can save you today.” The man with the scar looked cold and chased after him with a sky knife in his hand.

Tens of thousands of sword lights slashed away and destroyed all the mountains in the front, turning them into ashes. The momentum was extremely terrifying. This scene attracted the attention of many outsiders.

Although it was at night, many ministers had advanced cultivation, and it was easy to see clearly the scene manifested in the colorful and exquisite Tower. Because of her outstanding appearance and strong talent, Tuoba Qingyu was well-known in the imperial capital.

Moreover, her father was an important minister in the court, with great power. So many people were no strangers to her, and they all showed surprise.

At this moment in the great wilderness, she had encountered a great crisis, was besieged by many people as she kept bleeding, and her aura was weak, so she could only flee away.

The man with the scar even uttered big words, saying he wanted to taste Tuoba Qingyu. They had to say that he was extremely bold. These words were tantamount to offending Tuoba Yuntian to death, and they were thousands of times more terrifying than the provocation.

Even if he could leave the wilderness alive, he would never return to the imperial capital alive.

Although the scarred man pursued and attacked Tuoba Qingyu for revenge, in the eyes of the ministers of Great Yu, this was not important. To get to this point, who did not have the blood of innocent lives in their hands?

"This Tuoba Qingyu is in danger. In her current state, she will be caught up in half an hour at most," A minister said in a deep voice, although Tuoba Qingyu used an extremely precious escape secret treasure, her spiritual energy was limited after all.

The moment her spiritual energy was exhausted she would be chased, humiliated, and killed. Thinking of this, many people secretly looked at Tuoba Qingyu's father, Tuoba Yuntian, the current General.

Tuoba Yuntian stood behind Emperor Yu, his face was extremely gloomy, there was a lot of anger in his eyes, and his fists were clenched. Anyone could see the anger of the General at the moment.

He saw the whole story from the beginning to the end, regardless of whether the scarred man's revenge was true or not, he would never allow his daughter to be humiliated and killed.

This was absolutely a great shame!

"Which faction's disciple is this?" His figure was very gloomy, staring at the manifesting scene.

The man with the scar and the others were all wearing uniform clothing with patterns of swords embroidered on it, which was extremely exquisite.

"This seems to be a disciple of the Heavenly Sword Sect..." A minister next to him hesitated.

The Heavenly Sword Sect was a third-rate sect in the territory of the Great Yu Immortal Dynasty, and it was impossible to cultivate such a proud man as the scarred man.

"They are not from the Heavenly Sword Sect, they just sneaked in..." Tuoba Yuntian was not stupid and he could tell the truth at a glance.

This group of people obviously planned it long ago, and deliberately put on the costumes of the disciples of the Heavenly Sword Sect, pretending to be fake.

This made him even angrier, wishing he could rush into the wilderness alone to rescue her daughter.

In the distance, the faces of the Elders of the Heavenly Sword Sect were also pale with fright. They collapsed on the ground, trembling unceasingly, feeling that their own power was in serious trouble.

Although the group of people led by the man with the scar was wearing the uniform of the Heavenly Sword Sect, they didn't know any of them. If any accident happened to the daughter of the Great General Zhen Guo in the wilderness, then their sect might be implicated, and the consequences would be disastrous.

"This guy is really crazy."

Emperor Yu was also frowning. He was paying close attention to the second prince Yu Lie, but he was still attracted by Tuoba Qingyu's affairs.

"It seems that the other party came prepared, and this Fourth Miss of the Tuoba Mansion seems to be in danger."

Hearing the many voices of discussion around, Gu Changge seemed to be unable to bear it, and couldn't help shaking his head and sighing softly.

Hearing this, Emperor Yu nodded, and said sullenly, "Such guys have been mixed into this hunting conference. The Emperor must investigate their negligence."

He was furious in his heart as he never thought that so many outsiders would be mixed in. Wouldn't the rest of the geniuses face equally dangerous problems? The second prince Yu Lie might also be assassinated in the same way.

Gu Changge said slightly strangely, "If this kind of thing happens, does His Majesty Emperor Yu have no countermeasures?"

Emperor Yu sighed and explained, "Young Master Changge doesn't know something. In the past, there have actually been incidents where the children of the Royal family died in hunting conferences."

"Even this Emperor cannot interrupt this hunt and destroy Great Yu's tradition. However, the disciples who enter it have contact jade on their bodies. When they encounter danger, they can notify the disciples of the same clan. This is also a way to deal with it..."

Gu Changge said with a sudden expression on his face, "So that's the case, so now I can only pray for the fourth lady of Tuoba Mansion, right?"

Emperor Yu nodded heavily, and then said, "Now let's see if the other children of General Tuoba can come in time to rescue that girl Qingyu."

Tuoba Qingyu could be regarded as someone he watched grow up, and even deliberately made the second prince Yu Lie accept her as his concubine. So seeing her in crisis, he couldn't bear it and was very gloomy.

“How many other children of General Tuoba?”

A thoughtful smile appeared on the corner of Gu Changge’s mouth, and his eyes fell on the colorful and exquisite tower.

He naturally knew the rules of the hunting conference, so he was not worried that what happened in it would be interfered with by the outside world.

Tuoba Qingyu was probably asking for help from her third elder brother Tuoba Xiaoyao or her second sister Tuoba Lingqiong at this moment.

Gu Changge also wanted to see if Tuoba Xiaoyao was really clumsy, or just so capable.

Would he save his sister? Or would he continue to hide?

After all, Tuoba Lingqiong’s side was also facing a crisis now and could not escape safely.

“Damn it! Who the hell is plotting against me, come at me if you have the ability!”

Tuoba Yuntian naturally also saw the scene manifested in the colorful and exquisite black and yellow tower. His face was even more ugly, and there were even blue veins on his forehead.

On a hill, the sword light was dazzling, the rays of the sun were overwhelming, and the terrifying murderous aura filled heaven and earth as if hundreds of millions of sword lights had erupted before turning into a mountain torrent.

Tuoba Lingqiong coughed up blood and flew upside down, but was stabbed by a masked mysterious young woman with a sword, piercing through her arm!

His second daughter had also encountered a formidable enemy now, and she was in danger, so naturally, she had no chance to rescue the fourth daughter. This made him extremely angry, thinking that his enemies must be plotting against him!

Could it be that now he could only rely on his hopeless third son?

There was hatred in Tuoba Yuntian’s heart, and more of it was deep helplessness and sadness. How much was Tuoba Xiaoyao capable, didn’t he already know it?

Even if he went to rescue Tuoba Qingyu, it would be nothing more than death for no reason. What would be the use?

“That girl Qingyu is in danger?”

In the depths of the wilderness here, the night was thick and a bonfire was flickering in an extremely humid cave. Tuoba Xiaoyao was sitting cross-legged on the ground, wearing a black robe, with a firm and dull face.

But at this moment, a jade talisman in his palm was emitting a faint light, causing his expression to change drastically.

Tuoba Xiaoyao stood up suddenly, his face seemed cloudy and uncertain.

According to Tuoba Qingyu's character, if she was not in a particularly dangerous situation, it would be impossible to send him a distress signal. The current situation should be that the second sister could no longer help it, so she asked him for help.

This was already the most helpless and last choice!

"What happened? Even the second sister can't get away?" Tuoba Xiaoyao raised his head and glanced at the sky. The night was like a curtain, revealing a darkness that made his heart palpitate.

He suddenly felt a deep uneasiness, as if there were a pair of eyes watching his every move, seeing him thoroughly and cleanly! It was impossible for Tuoba Qingyu's character to provoke any life-and-death enemy.

This was definitely not a coincidence!

"If I go to rescue Qingyu, then all the years of hiding my strength will be exposed! Everyone will know that I have hidden my talent... I'll even repeat the mistakes of my previous life!"

Tuoba Xiaoyao's face became very ugly, his fists were clenched tightly, and he fell into an extremely difficult situation.

There was even a kind of intuition telling him that this was especially aimed at him! There was a deep hatred surging in his heart!

### **Chapter 595-1: There is a loophole, Finally found you (1)**

Tuoba Xiaoyao was uncertain. He had a hesitant expression on his face, which fell into the eyes of many outsiders at this moment.

From the picture manifested in the colorful and exquisite tower, it could also be seen that Tuoba Xiaoyao definitely received a distress message from his younger sister Tuoba Qingyu. But at this moment, he fell into hesitation, as if he was thinking about whether to save her or not.

With this indecisive look, even Tuoba Yuntian, who had long been disappointed in him, couldn't help but look away and sigh in his heart. Everyone in the world said that a tiger father had no dogs. But why did he lead the heavens all his life, all-powerful, and give birth to such a useless son?

"It seems that the third son of the Tuoba mansion is also smart. He understands that even if he goes to rescue his sister, it will not help. After all, his strength is too low..."

"His sister is no match for that scarred man, so what's the use of him going?"

The discussions of the surrounding ministers sounded, with slight sighs and gloating.

Although they could understand Tuoba Xiaoyao's behavior, she was his own sister after all, and he was so cold-blooded and selfish that he would not save her.

After today, if Tuoba Qingyu fell into the depths of the wilderness, the reputation of Tuoba Mansion would also be ruined.

"Why don't the Emperor make an exception for General Tuoba today..." Emperor Yu said with a sigh.

Tuoba Yuntian was shocked when he heard the words, a little moved, but he still shook his head firmly and said, "Your Majesty, please think twice, this kind of precedent cannot be easily started, and Great Yu's tradition cannot be destroyed by mediocre officials. If there is no turning point, then maybe this is the rain or shine of her life..."

While speaking, he seemed to have aged many years, and his temples turned white. Many ministers also fell silent, admiring Tuoba Yuntian very much.

If it were different, they would definitely find a way to stop all of this. It was impossible to see their children buried in it with their own eyes.

"Actually, His Majesty Emperor Yu and General Tuoba don't need to worry. In my opinion, the third son of Tuoba Mansion is not simple. What he was struggling with should not be whether to save people, but something else. There may be some surprises in a while. It might not necessarily be bad."

At this time, Gu Changge suddenly shook his head, smiled faintly, and spoke.

Emperor Yu, Tuoba Yuntian, and others couldn't help being stunned by what he said, and the faces of the other ministers were also full of doubts. The struggle was not about saving people. What was that? Would there be a surprise in a while?

"What does Young Master Changge mean by these words?" Tuoba Yuntian still respected Gu Changge very much, and he couldn't help asking in doubt after hearing the words.

These words made some faint hopes ignite in his heart.

"As a father, General Tuoba, doesn't he know his son well? Although I don't know many people, I still have a little insight. General Tuoba, your third son, is a hidden dragon in the abyss, and he seems to be hiding deep." Gu Changge said with a light smile.

"Is Xiaoyao hiding something?" Tuoba Yuntian and the others were completely stunned, with puzzled expressions on their faces.

At this time, Emperor Yu was also looking thoughtfully at the scene in the colorful and exquisite tower. If one thought about it carefully, Tuoba Xiaoyao's expression just now was indeed a bit strange. Although it seemed to be entangled, it was actually mostly anger.

Normal people's reaction at this time, even if they were tangled, should not be angry. Unless Tuoba Xiaoyao regarded his younger sister Tuoba Qingyu as a burden and felt that she had dragged him down. But if he thought about it this way, why should he be so entangled? After all, he was just going to die with his strength, and if he didn't go, he wouldn't be blamed.

"So that's how it is. Young Master Changge is very observant. This Emperor really admires it." After figuring this out, Emperor Yu couldn't help but sigh in admiration.

Turning to look at Tuoba Xiaoyao in the picture, very curious about his next performance.

Gu Changge smiled slightly and didn't say much, but the look in his eyes showed more interest. He just said it casually.

On the contrary, Emperor Yu followed his words to deliberate, which was beyond his expectation.

At this time, Tuoba Xiaoyao in the depths of the wilderness didn't know that he was being watched by so many people from the outside world.

He turned into a ray of light and left the cave where he was resting. He hurried toward the direction where his younger sister Tuoba Qingyu was. After struggling for a while, he stopped thinking about it.

After all, the time was tight, and the more he struggled, the more dangerous Tuoba Qingyu's situation would be.

As an Elder brother, he would definitely not let Tuoba Qingyu fall into danger. If he did not save him at this point, he would also let himself be born with demons, which would affect his subsequent cultivation.

"No matter who is plotting against me secretly, as long as I rush over carefully, solve those troubles secretly, and let that girl Qingyu keep it secret for me, there should be room for resolution."

"I just hope that only a few people from the outside world will notice me, otherwise my efforts for hiding all these years will be in vain."

Tuoba Xiaoyao thought so in his heart, comforting himself. After all, he was just a mediocre person in the Great Yu Imperial Capital. Who would pay attention to his situation at this time?

Of course, this was the best, and it was also the situation that Tuoba Xiaoyao most wanted to see. He had no idea that under Gu Changge's intentional guidance, almost everyone in the outside world was paying close attention to the situation on his side.

Even the change in his expression just now was noticed by many people.

The colorful and exquisite tower itself was brought out from these ruins at the beginning, and after being unleashed by the Great Yu Immortal Dynasty, it had the ability to peer into the heavens and observe the earth.

Any clues could not escape its eyes.

## **Boom!!**

The terrifying black sword aura running through the world was cold and ruthless, like an autumn wind sweeping across the earth, taking away endless lives. All the mountains along the way collapsed and disappeared, turning into ashes before a terrible rift valley appeared.

Some stellar energy even rushed out from the broken space cracks, which could easily tear up living beings. This was an extremely horrific battle. The man with the scar came here with people chasing him, with a menacing aura, as if he wanted to destroy everything.

"Uhh..."

Tuoba Qingyu flew in front, was blasted by the sword energy, and spurted blood again. Her face was pale, she fell to the ground, her hair was disheveled, and she was extremely embarrassed.

She fled all the way and unleashed many life-saving objects, but they were all broken by the other party. At this point, she had exhausted her spiritual energy, and it was difficult to escape.

“At this time, how can you escape? Today I will avenge my brother! To repay his spirit in heaven!” The man with the scar descended from the sky with a sneer on his face, which made the scar on his face even more hideous.

The people behind him all fell in all directions, surrounding Tuoba Qingyu to prevent her from escaping. Seeing this scene, Tuoba Qingyu felt a little desperate, and when she thought of what the other party said before, she felt even more humiliated.

Her character would not allow her to be humiliated before death, and at this moment she had suicidal thoughts.

Tuoba Qingyu knew that her second sister had also met an opponent now, and she couldn't escape to rescue her.

As for the third brother Tuoba Xiaoyao, she didn't have any hope.

Instead, she prayed that he would not come here, otherwise, if he saw the scene of his humiliation with his own eyes, he would definitely fight this group of people desperately and be killed by the man with the scar in the end.

“Even if I die today, I won't let you fulfill your desire.” Immediately, Tuoba Qingyu let out a low shout, her whole body began to glow, and the red blood mist was surging, sweeping in like a big wave.

She was activating a secret technique, intending to destroy her own body and die with the man with the scar.

### **Chapter 595-2: There is a loophole, Finally found you (2)**

“No, this woman is going to commit suicide...” This scene caused the man with the scar to change his face suddenly, and he became a little uneasy when he looked into the distance.

He still remembered that person's request, if he just killed Tuoba Qingyu like this, he would not be able to complete that person's request. Thinking of the consequences of not completing it, he couldn't help but shudder.

“Girl, you really would rather die than submit, well, I respect you as a character, so I will give you relaxation. But you have to agree to one condition.”

While the man with the scar was backing away, he said sharply that he had to wait for the rest of the people to come to rescue Tuoba Qingyu.

After all, his mission was to use Tuoba Qingyu to test the reality of her third brother Tuoba Xiaoyao, not to kill her.

Tuoba Qingyu, who was about to destroy her body, was taken aback when she heard the words and stopped the secret technique of activating, even ants survived stealthily, let alone her.

She naturally didn't want to die at this time. As long as he procrastinated, she might be able to wait until someone came to rescue her.

“What conditions, tell me...” At that moment, she looked at the man with the scar warily, for fear that he would play tricks.

**Boom!!**

But before her words fell, suddenly a surging golden fog swept over the sky not far away. It was as if an unsheathed divine sword was coming. The light of the sword pierced through the darkness, dazzling and bright, making one’s bones chill.

“What! How is it possible... third brother!” Tuoba Qingyu stared blankly over there, her eyes widening in disbelief.

In the golden fog, there was a figure she was very familiar with.

Tuoba Xiaoyao rushed over, standing in the void at this moment, surrounded by surging golden waves. He descended into the world like a sword god, displaying his strength and domineering aura to the fullest.

“Clang!”

A black iron sword appeared in his hand, which was refined tens of thousands of times. It was as heavy as a mountain, and the void that was pressed was about to collapse. It was as dark as ink, with surging sword light, and the surroundings were like black holes that could devour people’s minds.

“You are courting death, how dare you hurt my sister!” Tuoba Xiaoyao’s eyes were cold, staring at the scarred man with a murderous aura as if he wanted to cut him into pieces.

Originally, he didn’t plan to reveal his figure directly and planned to wait and see in the dark first. But the words of the scarred man really made him angry and hateful. Tuoba Xiaoyao couldn’t bear it because that person wanted to humiliate his sister.

Even though he knew all of this might be someone secretly trying to plot against him!

“How is it possible, third brother, how could his aura be so powerful? Could it be that the third brother practiced sword all these years for this reason?” Tuoba Qingyu hadn’t reacted to the scene in front of her and was a little dazed.

At this moment, he was carefree, full of arrogance, fierce and powerful like an unsheathed sword, completely different from the dull and honest third brother in her impression.

“Oh, isn’t this the good-for-nothing third son of the Tuoba Mansion? It turns out that he is a hidden person.” The scarred man was not at all surprised by Tuoba Xiaoyao’s arrival and grinned.

“Stop talking nonsense, all of you will die here today.”

Tuoba Xiaoyao said indifferently, with incomparably strong and decisive method he directly chose to make a move, wanting to take down the scarred man, and asked who sent him to attack Tuoba Qingyu.

After he came here, he had already figured it out. If he exposed his strength today, it would be unavoidable. So he simply let go and attacked this hateful scarred man here.

“How arrogant, I want to see what you are capable of!” The man with the scar sneered, very disdainful.

As the seed of the Spring Breeze Jade Building, he had cultivated the Emperor Killing technique since he was a child. Even among his peers in the Upper Realm, he was still a leader, capable of killing all young people.

Tuoba Qingyu was able to escape for so long, it was entirely because he let it go and didn't make a move with all his strength.

"Attack!" Tuoba Xiaoyao didn't talk nonsense with him at all, he took out his black iron sword and swung it forward.

Tens of thousands of sword auras suddenly erupted as if covering the world, it was extremely terrifying. The man with the scar was holding a black heavenly knife and slashed down immediately.

The black tide was raging, it was a destructive aura, like a fierce god dormant in hell, born, killing the world.

### **Rumble!!!**

The surroundings became blurred, and the world was cut into pieces at once, like a tattered picture scroll rattling in the strong wind. The black heavenly sword looked invincible.

At this moment, Tuoba Xiaoyao felt his tiger's mouth tingle, infected by a powerful murderous aura, and it was icy cold.

The opponent's strength was by no means simple, and the divine tricks he had practiced were comparable to those of the descendants of the immortal forces!

That black heavenly sword was also not simple.

Seeing the scarred man coming again, Tuoba Xiaoyao fought again with his long sword flying across the sky, blocking the invasion of the Peerless Heavenly Sword, and shattering the clouds in the sky with a clanging sound of shooting star.

The man with the scar sneered, standing high in the sky, holding the black heavenly sword and slashing down continuously. This was not a single attack. This weapon contained the Dao of Heaven and Earth, and it also incorporated the laws of killing.

### **"Boom!"**

At this moment, the endless sword light pierced the sky and turned into a black river, as huge as a mountain. On the spot, several mountains below were shaken down and submerged towards Tuoba Xiaoyao.

Because this was a fierce weapon intertwined with the laws of Heaven and Earth, it could display endless fierce power in the hand, it would attack automatically, and it was extremely powerful.

### **"Clang clang..."**

Tuoba Xiaoyao's expression was serious, he continued to slash and fight with the scarred man, sparks shooting out from his fights, and the sky became a chaotic place.

“His fierce weapon is very extraordinary, and someone’s terrifying will to kill is sealed in it. Even if it is my black iron sword that has been refined and cultivated for so many years, it will be very difficult to resist.”

Tuoba Xiaoyao felt awe-inspiring and did not dare to underestimate the other party. From the dark, he had a feeling that the will sealed in the other side’s murderous weapon was definitely related to the person who plotted against him behind the scenes.

Afterward, an even more terrifying battle broke out, and Tuoba Xiaoyao had to come up with true methods. He had practiced many sword moves that were regarded as god-level in the previous world. Even in the current Upper Realm, they were extremely extraordinary, comparable to some great inheritance, and it fit him very well.

At this moment, all kinds of sword moves erupted, and the brilliance ignited the night sky, illuminating the tens of thousands of miles like daytime. The scope of the battle between the two was so terrifying that it attracted many geniuses around them and gathered here.

Tuoba Xiaoyao felt that this was done on purpose by the other party, just to attract other people! And when Tuoba Xiaoyao was fighting the man with the scar, the outside world also doused in a great commotion.

Many people were extremely shocked, their eyes widened, they really didn’t expect Tuoba Xiaoyao to be hiding so deeply. Judging from the strength he showed, even his second sister might not be as good as him now.

“I’m blind, I’m afraid this strength can already match a few princes.”

Many ministers were extremely astonished and overwhelmed by the pictures in the colorful and exquisite tower.

“Xiaoyao actually hid it so deeply that even I was kept in the dark.” Tuoba Yuntian’s eyes widened, also shocked.

“This Tuoba Xiaoyao seems to have been hiding his clumsiness all these years. Why didn’t I find out about such a young man sooner?” Emperor Yu watched the fight between Tuoba Xiaoyao and the man with the scar, and there was a golden light in his eyes. He couldn’t help but admire it.

“If a person really wants to hide, it is indeed difficult for others to find out. But there are exceptions to everything, and there are flaws after all.” Gu Changge nodded in agreement when he heard the words, then smiled slightly, and also looked at the picture in it.

“Found you.”

### **Chapter 596: The identity of the reincarnated person, Fatal in the hand**

Although Emperor Yu felt Gu Changge’s words were a bit strange, he didn’t think too much about it. At this moment, all his attention was on Tuoba Xiaoyao, full of admiration.

Judging from the strength Tuoba Xiaoyao had displayed, it was comparable to many Royal disciples.

He was a person who cherished talents and often rewarded many young heroes of the Great Yu Immortal Dynasty with some treasures. However, Emperor Yu was still a little curious about the reason behind Tuoba Xiaoyao hiding it so far and keeping it so deep that he had never shown his great strength in the past.

If there was any difficulty, he would not believe it. As the third son of the General's Mansion, Tuoba Xiaoyao had a prominent and noble status, so there was no need to worry about someone murdering him.

What was more, the stronger the talent displayed, the more resources and attention he could get. Why did he move the other way?

"If it weren't for Young Master Changge's discerning eyes, I'm afraid I would have been surprised today." Emperor Yu shook his head and praised.

Gu Changge smiled when he heard the words as he looked away, and said, "Actually, it's only a matter of time. I think the third son of the Tuoba Mansion should not be content with being ordinary. The potential dragon will always emerge from the abyss."

For him, as long as the identity of Tuoba Xiaoyao was confirmed, the next thing would be easy. The Master of the Heavenly Sword, or was it something other related to the Heavenly Sword?

"What Young Master Changge said is absolutely true! Haha, after the conclusion of the Hunting Conference, I must reward this fellow Tuoba Xiaoyao well!" Emperor Yu laughed heartily.

"Xiaoyao, this kid, has been hiding for so long, even his father didn't know about it..." Tuoba Yuntian was both relieved and felt bitter.

But he was finally relieved, Tuoba Xiaoyao was so strong, protecting his sister should not be a problem.

Then his gaze turned cold again, and he began to send a voice transmission order to the servants behind him to investigate the origin of the man with the scar.

In front of Great Yu's officials, he was humiliated and even almost had to watch his daughter being killed. Sooner or later, he would make the man with the scar and the people behind him pay back this shameful humiliation!

Tuoba Yuntian had concluded that the man with the scar must have been ordered by his opponents to sneak into the hunting conference. And just when many ministers were discussing and shocked by the terrifying strength displayed by Tuoba Xiaoyao.

The scene manifested in the colorful and exquisite tower had also undergone earth-shaking changes. The battle between Tuoba Xiaoyao and the man with the scar could be called the pinnacle battle of the younger generation. The sky was turning dark and the earth was cracked.

Terrifying fluctuations swept across heaven and earth, it was no longer a simple fight, but a collision of various skills. The two had already fought hundreds of moves, all kinds of divine powers and sword attacks were being performed to the extreme.

In that direction, sword light and sword energy were intertwined, reflecting and manifesting between heaven and earth like a vast sea, surging, enough to wipe out any living beings who stepped within.

This was a destructive aura, the sword light piercing the sky and sweeping the earth, directly forming an extremely chaotic area.

The young geniuses who arrived upon hearing the movement, watched from a distance in shock. They didn't dare to take a step forward as if it had become a restricted area.

**Boom!**

In the end, the scarred man lost to Tuoba Xiaoyao and fell into a disadvantage. He coughed blood from the corner of his mouth and flew upside down. He was almost split by Tuoba Xiaoyao's sword.

But Tuoba Xiaoyao himself was not feeling well, his complexion turned pale, his palms were covered with blood, and his jaw was shattered.

The strength of the man with the scar was beyond his imagination. Even in his opinion, apart from Yu Feiya and others in the wilderness, almost no one would be his opponent.

How could such a character have a simple background?

"This time, let me see how you can still fight with me! Die!"

Tuoba Xiaoyao quickly stabilized his mind. His gaze turned cold, and he swung his sword again as if turning around a mountain and sea. Endless sword light erupted, covering the sky and the sun, drowning everything.

He attacked with his might.

During the confrontation with the man with the scar, he had vaguely guessed the identity of the other party.

Assassin!

Other than the assassin, it was impossible for anyone else to have such a terrifying killing method, even if it was exchanging injury for an injury. So even if he defeated the man with the scar, he wouldn't even try to get anything out of his mouth.

"Hehe, if you want to kill me, you are probably dreaming! You can't even imagine what you will face in the future. Just wait for your death! At that time, you will regret living in this world."

The scarred man laughed loudly when he heard the words as if he heard some ridiculous joke, he was extremely disdainful.

When fighting with Tuoba Xiaoyao, even the Peerless Heavenly Sword in his hand developed some cracks, making it difficult to withstand the collision. But the most important thing was that the killing will of that person sealed in the Heavenly Sword was about to break through and shatter the Heavenly Sword.

This was the biggest reliance of the man with the scar! And as his words fell, the black heavenly sword cracked open, sweeping across the sky together, making the stars tremble. An aura that had been silent for eternity rushed out of it.

The expressions of many young geniuses in the wilderness suddenly changed, and their spirits trembled uncontrollably.

The heaven and earth were filled with the murderous aura as the Killing Dao was emerging like the yellow spring from the Nine Hells with the saints and immortals sunk in it and turned into corpses.

It was the aura of destruction, representing blood and killing. It made people's hearts tear.

"What is that?"

Everyone in the outside world, including Emperor Yu and others, all changed in unison, extremely shocked.

Even though they were a long distance away, the terrifying will to kill seemed to fill the world, making them tremble uncontrollably with some uncontrollable fear.

**Boom!!**

The world shook violently as if being swept by a big wave. It was not an exaggeration to describe it as earth-shaking. This was a terrifying energy like a vast sea as black as ink, like a demonic cloud, directly causing the space within a radius of ten thousand miles to collapse.

At this moment, Tuoba Xiaoyao's face changed drastically, but he didn't make any movement. He felt an extremely terrifying murderous aura penetrate his bones, almost freezing his soul.

This was an extremely terrifying will that was sealed in the heavenly sword in the hand of the man with the scar. Being released at this moment, it possessed the potential to destroy the world.

In a daze, he saw a vague figure looking at him from a long distance as he said softly, "Found you."

At this moment, Tuoba Xiaoyao felt chills all over his body. His soul trembled, and he could hardly move. He suddenly thought of many scenes from his previous life.

The pair of eyes belonging to the other party was extremely indifferent, without the slightest emotion, but they seemed to be able to penetrate nothingness. A single thought could make the earth turn into rivers and bones into mountains.

It was more like an unrivaled Demon Lord descending into the world, swallowing the heaven and the earth, standing tall within the clouds, overlooking the vast land, hundreds of millions of sentient beings filled with murderous intent.

Tuoba Xiaoyao couldn't see that person, but he knew the identity. That must be Gu Changge, who was famous all over the Upper Realm and made all the Supreme sects and Immortal forces fear him!

At the same time, he was also the great enemy who ruined his family and wiped out life and death in his previous life! Besides Gu Changge, he couldn't imagine anyone else would target him like this!

At this time, he couldn't even figure out when Gu Changge noticed him and why he wanted to test him. But this was not important now, Tuoba Xiaoyao already knew that when his identity as the Master of the Heavenly Sword was exposed, Gu Changge would kill him by all means and take the Heavenly Sword!

“What!”

Facing this terrifying killing intent, Tuoba Xiaoyao shouted angrily and layers of golden light began to rise around his body as if wrapped in a golden fog.

In this golden fog, it seemed that there were thousands of divine swords intertwined, building the supreme sword field! His sky spirit turned bright, and a terrifying killing intent seemed to penetrate through it, but it was blocked by a wave of supreme sword energy.

This was the Heavenly Sword Domain! The Heavenly Sword Embryo had revived automatically, sensing the crisis of life and death as it wanted to block the attack for him.

Unimaginable terrifying fluctuations broke out here as if thousands of stars were exploding, and their brilliance soared into the sky, covering the sky and the earth. Countless birds and beasts in the wilderness were frightened and crawling to the ground, trembling, terrified to the extreme.

Even if it was a colorful and exquisite tower, it was difficult to reflect the picture at this time, and it had become blurred and chaotic. No one knew what happened there in the end.

Emperor Yu and other super powerhouses, with their celestial clairvoyance, could hardly see the scene in the wilderness. It took a long time before the brilliance there gradually disappeared and became quiet.

But the surrounding area was devastated with ravines and cracks everywhere, and the mountains had been razed to the ground.

“What the hell was that just now?”

Many ministers still looked terrified and did not recover from the terrifying fluctuation. They also didn't know what method Tuoba Xiaoyao used. It was obvious that the man with the scar had an unusual background, otherwise, it would be impossible to sacrifice such a terrifying will.

This even made them suspect that the killing of the Emperor in ancient times had reappeared between heaven and earth.

“Tuoba Xiaoyao actually has this kind of method, it's not simple...” Emperor Yu's eyes became a little deep, and the power just now left him a little palpating.

Tuoba Xiaoyao had been hiding it all these years, was it to cover up that terrifying power?

But in front of Tuoba Xiaoyao's father, he didn't want to say much, he just paid attention to it in his heart.

“It's a pity.” Gu Changge shook his head lightly, but also looked away.

“What are you regretting?” Jiang Chuchu heard him whispering to himself and asked with a glance at him.

Gu Changge smiled and said, “Of course, I'm sorry that the scarred man escaped.”

Jiang Chuchu stared at him as she nodded, and said, “It's a pity indeed, but I don't think he can escape very far. There are people from the Great Yu Dynasty around this great wilderness.”

“This person is quite bold, but I think since he dared to do something, he must have a sure way to escape.” Gu Changge smiled and said.

Hearing the conversation between the two, Emperor Yu also came to his senses and hurriedly ordered people to keep an eye on the surroundings to prevent the man with the scar and others from escaping. What happened tonight made him more or less uneasy and worried.

Although Yu Feiya, Yu Lie, and the others had something to protect their lives if they encountered the crisis that Tuoba Xiaoyao faced just now, how would they resolve it?

Because of the fluctuating situation, the manifested image of the colorful and exquisite tower was also blurred, and he didn't know how Yu Lie and the others were doing now.

A commotion occurred after experiencing the incident. Many ministers also felt a sense of crisis, thinking that something big might happen at this hunting conference.

Immediately, a series of divine lights broke through the sky and rushed to the surroundings. The knights in golden armor also stepped up their patrols.

“The Heavenly Sword seems to be on him, so how did he know that I would attack him?” Gu Changge looked at the depths of the wilderness that had become dark and silent, feeling a little thoughtful.

From the situation, he could already confirm that Tuoba Xiaoyao was the so-called master of the Heavenly Sword. But he was a little surprised that Tuoba Xiaoyao was always on guard against him.

Could it be that Tuoba Xiaoyao knew that he had already obtained the other few Heavenly Artifacts, so he was so cautious and kept a low profile?

But after thinking about it that way, it was not quite right. Tuoba Xiaoyao had been hiding like this since he was a child, but not since this period of time, he started pretending to be a pig and eating a tiger.

“How did he know that I would eventually lay hands on him?” Gu Changge frowned but thought of two possibilities.

Could Tuoba Xiaoyao predict the future? Or was he a transmigrated person like Yue Mingkong? Only then would it be clear what would happen in the future.

If it was really possible to predict the future, then Tuoba Xiaoyao shouldn't be so cautious, taking every step carefully to reduce his sense of existence. Foretelling the future meant strategizing and calculating everything, so how could he live so aggrieved?

Therefore, in Gu Changge's view, it was more likely that Tuoba Xiaoyao was a reborn person. In the world he experienced, he may have died at his own hands in the end, which was the reason he was so cautious. So he tried not to bring himself to notice him.

“But no matter which possibility it is, it can't change the fact that he is the master of the Heavenly Sword. Heaven Sword is a hot thing to hold in your hands. How can you not learn to let it go? Even if you live another life, it is so stupid.” Gu Changge smiled indifferently and didn't take Tuoba Xiaoyao's rebirth identity to heart.

**Chapter 597: Could it be him behind the scenes? So cruel!**

There was silence in the depths of the wilderness. The night was like a curtain, and the environment was pitch black. The birds and beasts within a radius of millions of miles were all prostrated on the ground as they hadn't recovered from the previous panic.

The terrifying killing intent swept across the sky and the earth was like a vast sea, completely submerging it. Even though the aftermath had disappeared, the killing intent still lingered in every inch of space, causing all living beings who stepped there to collapse into blood mist.

Many young geniuses who participated in this hunting conference were still in shock, looking at the place where the battle just happened. They didn't know what had happened just now, and the many geniuses who tried to find out, all died tragically and disappeared on the spot.

"The aura just now, could it be Xiaoyao? What has he been through?"

Standing on the top of a mountain, Yu Feiya's dress fluttered as her slender figure, and a radiance that seemed to flow from her face, making her noble and elegant, exuding an indescribable beauty.

She frowned tightly, staring at the direction of the wave. From the two terrifying auras, she felt the familiar aura of her brother. But Tuoba Xiaoyao had always been low-key and forbearing. If he hadn't encountered an inevitable situation, he would not have been able to expose his strength.

This made Yu Feiya very puzzled. She couldn't figure out what kind of crisis would be encountered in this hunting conference.

"Could it be related to the assassination that Xiaoyao said?"

Her heart trembled, she was a little uneasy and hurriedly took out the contact jade talisman to contact the second prince Yu Lie, worrying that something might happen to him.

But soon, the news that the second prince Yu Lie was safe and sound arrived from the contact jade talisman, which made her breathe a sigh of relief and feel at ease.

Tonight was destined to be a sleepless night, whether it was for the young geniuses in the wilderness, or for many powerhouses outside, it was the same. Their hearts were shaking, and it was difficult to calm down.

Tuoba Xiaoyao, the third son of Tuoba Mansion, also became the focus of discussion in a short period of time. Many people were speculating whether he survived or not, and if so, what kind of secrets was he hiding? Why had he been keeping a low profile for more than 20 years?

Many doubts shrouded the heads of the crowd, and they kept looking at the colorful and exquisite tower, waiting for the scene inside to return to normal. But it seemed that because of the huge impact last night, the colorful and exquisite tower could no longer project the scene in the wilderness like before.

While everyone regretted it, they could only give up and were going to wait for the hunting conference to end in three days before proceeding to find out.

During this period, Emperor Yu also ordered many guards to man the entrances of this place and seal off the void, intending to find traces of the scarred man and others. Many people had already seen that the

origin of the man with the scar was not simple, he pretended to be a disciple of the Heavenly Sword Sect to mix in.

The many divine powers displayed were even more terrifying, and the killing intent was fierce. The ordinary young genius was definitely not his all-in-one enemy. How could there be no one behind him to guide, they absolutely didn't believe it.

"Does General Tuoba have a clue? After all, the man with the scar came after your daughter."

Light and shadow flickered around Emperor Yu's body, which was very blurry as strands of heaven and earth dragon energy gathered, making his spiritual body more solid.

After all, it was not his true body that had come here, and his spirit body needed to be re-condensed every once in a while.

In his opinion, since Tuoba Yuntian's daughter encountered this matter, the other party must have had some interaction with her. At that time, Emperor Yu definitely didn't believe what the scarred man said about avenging his younger brother.

Tuoba Yuntian also fell into deep thought when he heard the words, and began to think about whether he had offended anyone during this period of time. But when he thought about it carefully, he didn't have any rivals who had such deep hatred.

"I don't know, I'm sending people to investigate. If the matter is related to Qingyu, then I can only ask her after she comes out." Tuoba Yuntian shook his head and said.

They had no idea that the man with the scar was actually here for Tuoba Xiaoyao.

In their eyes, it was completely a coincidence that Tuoba Xiaoyao revealed his strength.

While the two were talking, Gu Changge suddenly chuckled and said, "Instead of guessing like this, I think it's better to wait for the third son of the Tuoba mansion to come out before asking him. He fought against the man with the scar with so many tricks, he should know some details about him."

"What Young Master Changge said is very true, we can ask Xiaoyao." Tuoba Yuntian nodded in amazement.

The terrifying battle last night had really shocked him so much that he was still a little bit overwhelmed now. He never thought that his third son, who had always kept a low profile, hid it so deeply.

Gu Changge looked at the depths of the wilderness with strange eyes. After knowing the identity of Tuoba Xiaoyao, he had a plan against Tuoba Xiaoyao in his heart.

But there was one more important point. As a reborn person, Tuoba Xiaoyao might know that Yu Tianzheng would send someone to assassinate the second prince Yu Lie on the day of the hunting conference.

This time, the plan to assassinate the second prince Yu Lie and overthrow the Great Yu Immortal Dynasty should be destroyed by Tuoba Xiaoyao. Before, Gu Changge felt that Emperor Yu was much more cautious than before, and had sent many people to patrol around.

He was a little surprised at the time, but seeing the situation, it should be Tuoba Xiaoyao who revealed the news in advance. Then the second prince, Yu Lie, should also have many life-saving things.

Even if Yu Tianzheng showed up at this time, it would probably be of no avail. All plans would come to naught.

If one thought about it this way, Tuoba Xiaoyao should have had countermeasures long ago. Even if the identity of the Sword Master was exposed now, he still had a way out.

“But he shouldn’t dare to reveal his identity as a reborn individual...”

Gu Changge felt that his previous plan needed to be changed. If the second prince Yu Lie was assassinated, Emperor Yu would definitely doubt him immediately after contacting many things before.

After all, Tuoba Xiaoyao had a big enmity with him. When the news was revealed before, he must have said that this assassination would be the mastermind behind the scenes.

“So the second prince, Yu Lie, cannot die at this time. Otherwise, the Great Yu Immortal Dynasty will become Tuoba Xiaoyao’s protective umbrella and stand on the opposite side of me.”

Gu Changge’s gaze became a little deep as a jade talisman under his sleeve was crushed quietly by him.

Many people who had been deployed in the wilderness before all received the news at this moment, and retreated silently, displaying no signs of abnormality. As for Yu Tianzheng, after Gu Changge summoned him, he didn’t care too much.

If he had any dissatisfaction with this matter, Gu Changge naturally didn’t mind sending him to the afterlife with his own hands. If Yu Tianzheng dared to prevent him from obtaining the Heavenly Sword, then there was no need for him to live.

Yu Tianzheng, who had been hiding in a certain mountain outside the Great Wilderness, received the message at this moment, and his face became cloudy and uncertain. For this assassination, he waited for a long time, if he just gave up like this, how could he be willing?

Although Gu Changge only sent him a message saying that the assassination was canceled, he also knew that it should be because of Tuoba Xiaoyao. But how could Tuoba Xiaoyao stop the person he sent to assassinate the second prince Yu Lie?

“If I give up this opportunity, when will the next time be?” Yu Tianzheng was struggling and entangled but he didn’t dare to disobey Gu Changge’s order.

In the end, he couldn’t help but let out a long sigh and chose to give up.

“Forget it, just wait for the next opportunity.” He was a smart man, knowing that if Gu Changge wanted to kill him now, it would be a piece of cake.

And he also counted on Gu Changge to help him ascend to the throne of the Great Yu. For the next few days, there was peace in the wilderness, and nothing major happened.

The various geniuses and Absolute Heavenly Creatures fought against each other. Even though there was life and death, no accidents happened and naturally, there was no assassination.

This reassured all the ministers outside and they heaved a sigh of relief. Even Emperor Yu, who had been secretly worried, felt that he was too frightened.

“It seems that the Emperor is worrying too much...” A rare smile appeared on Emperor Yu’s face, and he planned to wait for the hunting conference to be successfully concluded tomorrow before returning to the imperial capital.

In the imperial capital, no assassin would dare to act recklessly. As for what Yu Feiya said before, he did not continue to take it to heart.

“His Majesty Emperor Yu seems to have been worried about something?” At this time, Gu Changge seemed to have noticed the change in the expression on Emperor Yu’s face and smiled slightly.

“That’s right, I heard rumors before that there would be assassins who would endanger Yu Lie’s safety, so I couldn’t help being a little worried.” After hearing the words, Emperor Yu had nothing to hide and replied with a smile.

However, he didn’t say anything after that. At that time, Yu Feiya also said that Gu Changge was behind the assassination. How dare he say this in front of Gu Changge? Wasn’t this deliberately stirring up hatred between the two?

“Oh, who would assassinate the second prince at such a time?” Gu Changge said in surprise.

Emperor Yu shook his head and said, “I don’t know, but now it seems that there must be something wrong with the rumors, which made me worry too much.”

Gu Changge looked into the distance, his sleeves were fluttering, and his white clothes were whiter than snow, clean and unstained with a refined meaning. He smiled and said, “Your Majesty Emperor Yu, don’t relax, after all, there is still one day left in the hunting conference. What if those assassins choose to fight on the last day?”

Emperor Yu nodded in agreement and said, “Young Master Changge’s words are very true, and this Emperor is indeed unrelenting.”

After the hunting conference was over, he wanted to ask Yu Feiya carefully why she said that Gu Changge would send someone to assassinate Yu Lie.

In his opinion, this was completely impossible. From the very beginning, he felt that Gu Changge had no reason to do so.

In the depths of the wilderness existed a ruin, all the palaces and pavilions were incomplete as they had collapsed. The mountains stretched and were extremely tall. But the sacred mountain was incomplete, covered with fist-thick vines and various ancient traces, informing others of the prosperity of this place.

Tuoba Xiaoyao had already joined his older sister Tuoba Qiongling, and behind them was his younger sister Tuoba Qingyu.

After dealing with the assassin that night, he fled with Tuoba Qingyu all the way and finally got away from that area. Although the matter of the assassin was resolved, he himself was not feeling well. The embryo of the Heavenly Sword suffered a slight backlash.

That killing intent was really terrifying, it could be called destroying the world. It could make countless living beings float on the earth, and the blood flow into rivers.

Tuoba Xiaoyao's internal organs were almost burst open, and his bones were almost broken. If it hadn't been for the Heavenly Sword Fetus saving his life at a critical moment, he might have already been turned into ashes and followed in the footsteps of his previous life.

Through this incident, he also clearly understood how terrifying Gu Changge was now. One must know that it was just a wisp of his killing intent, not the true body coming here.

"A true Enlightened being is by no means his opponent. If he attacks me, I will have no chance of survival. Even if it is the current Emperor Yu, if he uses the Emperor's weapon with all his strength, he may not be his opponent."

After Tuoba Xiaoyao recovered from his injuries, he took his younger sister Tuoba Qingyu to find his second sister, worried that she would encounter the same situation as Tuoba Qingyu.

On the way, Tuoba Qingyu was naturally very curious about him and wanted to know how her third brother suddenly changed drastically.

When she was most desperate and helpless, it was the third brother who came to her like a sword god and rescued her from the man with the scar. This made her change her previous impression of Tuoba Xiaoyao.

In the past, he was dull and reticent, but he was just being low-key and calm, keeping a low profile. Moreover, his third brother's strength was so powerful, it was estimated that the current second prince Yu Lie, the future successor to the throne, might not be able to defeat him.

"I know you are very confused now, but you can rest assured, I am still me, I have always been me, and this has never changed." Tuoba Xiaoyao opened his mouth and explained to the second and fourth sister behind him.

"Have you been hiding all these years?" His second sister Tuoba Qionglings eyes had complicated feeling, both pleased and bitter.

Tuoba Xiaoyao had kept it a secret from them for so long until now he chose to expose it.

"I didn't tell you this, in fact, it was to protect you." Tuoba Xiaoyao sighed, knowing what they were thinking, but it was also a helpless thing.

While speaking, he raised his head and glanced at the sky. He didn't feel the aura of the colorful and exquisite tower, so he was somewhat relieved. The battle that night damaged this treasure, and it was no longer possible to see the scene in the wilderness.

So at this time, he might as well tell the two of them something.

"For our safety?" Tuoba Qingyu was puzzled.

"I have something that will bring disaster and I cannot expose it until I am strong enough to protect all of you." Tuoba Xiaoyao sighed.

His words reminded Tuoba Qingyu of the terrifying sword energy that night, and it was that sword energy that saved the two of them. She was a little silent, a little understanding of Tuoba Xiaoyao's intentions.

"Then what about the current you?" The second sister Tuoba Qiongling thought of a lot in an instant, and her face became serious.

Tuoba Xiaoyao nodded, and his expression gradually became more cautious, "So from now on, you must be careful about Gu Changge! He is extremely dangerous, far more terrifying than what you have learned on the surface."

He had to warn the two of them.

On the surface, Gu Changge was extraordinary and refined, like an Immortal who was not stained with dust. It was really difficult to associate it with cruelty, indifference, and heartlessness.

Although the two of them couldn't understand why Tuoba Xiaoyao would say that, they still nodded in agreement with serious faces.

"I'm sorry, the third brother, it's all my fault, if it wasn't for saving me, you wouldn't have exposed yourself." Tuoba Qingyu's expression became a little guilty.

Tuoba Xiaoyao shook his head and explained, "Actually, you are not to blame for this matter. The man with the scar came here for me. You are just a means of probing. He wanted to see if I could save you. Thus exposing me."

He saw things through. The man with the scar was definitely a seed figure cultivated by a certain assassin organization. His strength was terrifying and he could hunt and kill young supremes.

How could Tuoba Qingyu easily provoke such a person?

It was just that this incident made him even more cautious. In his previous life, he didn't know that Gu Changge still controlled such an assassin organization.

"Was he after you?" Tuoba Qingyu was even more puzzled. "You said that man just wanted to test you, that's why he did something to Fourth Sister?"

"This is really ruthless." Tuoba Qiongling figured it out immediately, with a faintly ugly and a little bit of fear on her face.

If the test was wrong, wouldn't Tuoba Qingyu die there that night? How ruthless was this to attack a person who had no grudges?

And judging from Tuoba Xiaoyao's words, that person was probably Gu Changge.

### **Chapter 598: The Absolute Heavenly Imperial Court appeared, Something big almost happened**

Tuoba Qingyu and Tuoba Qiongling fell into silence while shuddering. Because of Tuoba Xiaoyao's words, both of them felt chills all over their bodies and were extremely disturbed.

If the enemy they were about to face next was Gu Changge, it would be frightening, like a nightmare. Who in this entire Upper Realm was not afraid of Gu Changge?

No matter who it was after knowing that they had such an enemy, they would be terrified. It took them a long time to calm down, but both felt their mouths were dry. Even the Great Yu Immortal Dynasty didn't dare to offend Gu Changge easily, let alone them.

Although their family had a great reputation in the Great Yu Immortal Dynasty, and their father Tuoba Yuntian was highly regarded by Emperor Yu possessing great power, in front of Gu Changge, they were actually no different from ants.

"Brother, is your statement true? Gu Changge really arranged for the scarred man to test you?" Tuoba Qiongling still asked a little unwillingly.

Tuoba Xiaoyao knew her sister's character, and she wouldn't be relieved until she understood the ins and outs of the matter. He nodded at the moment, vaguely mentioning the existence of the Seven Heavenly Artifacts.

"So that's why."

Tuoba Qiongling's complexion changed slightly, she naturally knew about the Seven Heavenly Artifacts, when the Heavenly Tower appeared, many forces in the Upper Realm were alarmed, and they sent people to snatch it.

Later, it was said that the Heavenly Tower fell into Gu Changge's hands. And the rest of the Heavenly Artifacts, such as the Heavenly Bottle and the Heavenly Wheel, had already fallen into Gu Changge's hands.

"Since that thing is so hot, what if you just give it to him? Every man is innocent and he is guilty. We can't keep that kind of thing in the first place."

Tuoba Qiongling was silent for a moment and suddenly spoke seriously, obviously after a lot of deliberation.

Tuoba Xiaoyao seemed to have known what she was going to say for a long time, and shook his head with a wry smile, "It's useless sister, that thing has already merged with me and disappeared from this world. Gu Changge can't get it. It's impossible for me to take it out and give it to him."

"It turned out to be like this." Tuoba Qiongling fell silent again, feeling helpless in her heart. But she attached great importance to family affection since that thing had been integrated with Tuoba Xiaoyao, if it was taken out, it would probably kill him.

She would not allow such a thing to happen.

"Don't worry brother, Qingyu and I will keep your secret for you. We're always by your side," Tuoba Qiongling said with a determined look on her cold face.

After that, several people were filled with worries, each with their own thoughts as they ventured to the depths of the ruins.

This hunting conference would end tomorrow, they just wanted to find a safe place to hide temporarily to prevent future troubles and leave once it ended.

There used to be an extremely prosperous sect here, with the momentum of the Nine Dragons soaring into the sky and a long history of luck, but later they offended a mysterious person, and were removed overnight. Since then, it had disappeared and turned into ashes. But Tuoba Xiaoyao and the others knew that offending some important person was nothing more than an excuse.

The territory of Great Yu would not allow the rise of a second Immortal force that could threaten its dominance. This place was incomparably desolate, with old vines covering the mountains, monkeys singing and tigers roaring. It had become a habitat for all kinds of strange beasts.

The ancient trees were towering and luxuriant, completely covering everything from the past, turning into a primitive mountain range.

"I just don't know if something happened to the second prince Yu Lie. Judging from the time, he should have been assassinated." Tuoba's carefree eyes revealed his thoughts, and he looked up in a distant direction.

In fact, he was still waiting. Apart from the assassination of the second prince Yu Lie, another major event had happened at this hunting conference. That was the appearance of the Absolute Heavenly Imperial Court, and many Absolute Heavenly Creatures emerged from the abyss deep in the ruins.

One of the princes of the Absolute Heavenly Imperial Court proposed a marriage to Emperor Yu.

In the last life, he didn't stop all that, but in this life, he had to find a way to stop this marriage.

Then, the whole great wilderness suddenly changed dramatically. There was a terrifying whistling sound, thousands of mountains were shaking as the plants and trees shed leaves. It was very frightening, like a terrifying torrent hitting the sky.

A jet-black light rose from the deepest part of the wilderness and soared into the sky as if it wanted to penetrate the sky, containing breathtaking demonic power. This scene shocked everyone, and the many geniuses in the wilderness felt it almost immediately.

It was as if something terrible was about to rush out there.

"What's in that great abyss in the depths of the wilderness? This much fog has rushed out."

Emperor Yu and others appeared above the sky, with their tall figures, looking at the scene in the depths of the wilderness. From their point of view, they could see that there was a lot of black fog rising.

That was the ultimate Absolute Heavenly Mist, which could swallow the surrounding space, engulf living beings into it, and turn them into pus and blood ashes. The end was terrifying.

"Could it be that the Absolute Heavenly Imperial Court has appeared?" Gu Changge thought this because he felt that the Absolute Heavenly Imperial Court was active in the territory of Great Yu before.

The location chosen for this hunting conference was one of the few places where the disaster of Absolute Heavenly Extinction had broken out. But at this moment, the entire wilderness underwent a terrifying change, and the Absolute Mist swept in.

All the plants along the way withered, the mountains collapsed and turned into ashes. Many beasts had no time to escape, they turned into pus and blood in an instant and exploded with a puff.

Within the mist, a strange scene rose, and another world was reflected. It was a barren and ancient land, with mountains like dragons, ancient trees towering into the sky, old vines covering the mountains. It was vast, ancient, mysterious, powerful with an inexplicable charm.

The big mountains were majestic and magnificent. The large waterfalls hung down from the mountains, thousands of feet long, like a vast expanse of whiteness, extremely dazzling.

The palaces and pavilions were simple yet grand, standing erect like a heavenly palace in the world, revealing a brilliant atmosphere. Everyone looked at all this in shock, completely stunned, and even at a little loss.

In this thick fog, another ancient world was actually being reflected. Could it be the place where the extremely Absolute Heavenly Creatures lived?

If one just looked at it this way, it was no different from the outside world, but it looked like an independent ancient small world.

“There are creatures. It seems that it has something to do with the Absolute Heavenly Imperial Court.” The rune flashed in Gu Changge’s eyes, and he saw the scene through the brilliant fog.

In the depths of the wilderness, there was an extremely wide abyss from which a terrifying mist of Absolute darkness rushed out.

At the same time, several figures could be seen emerging. In terms of appearance, they were not much different from the outsiders. But if one took a look closely, they would find that they were filled with death aura and vitality. These two auras were intertwined and flowing, forming a balance.

This was the appearance of the Absolute Heavenly Royal family, they didn’t need to live in a place with Absolute Heavenly Mist like other Absolute Heavenly Creatures. They could move freely, even leave the cloudy sky and go venture into the outside world.

Judging from their appearance, there was not much difference between them and ordinary human races, and it was even difficult to distinguish them. Emperor Yu and other powerful people also saw the scene clearly, and suddenly frowned.

Naturally, they could tell that they were members of the Absolute Heavenly Imperial Court. After countless years, the Absolute Heavenly Imperial Court had reappeared, and it still chose such an opportunity.

“Your Majesty...” A minister stepped forward with a questioning face.

Emperor Yu waved his hands and said, “Let’s just wait and see what happens. If these creatures of the Absolute Heavenly Imperial Court dare to act recklessly in the territory of Great Yu, this Emperor will not spare them.”

The existence of the Absolute Heavenly Imperial Court was extremely ancient, and there were even rumors that it could be traced back to the beginning of the birth of the Upper Realm.

Similarly, the weirdness and trickiness of the Absolute Heavenly Imperial Court, especially the unknown, also made the major forces afraid of it. They were unwilling to provoke it and deal with it.

If it wasn't necessary, Emperor Yu didn't want to provoke people from the Absolute Heavenly Imperial Court at this time. Because of the appearance of the Absolute Heavenly Imperial Court, there was quite a commotion, and the elders of all forces seemed extremely disturbed.

Absolute Heavenly Creatures represented ominousness and calamity. Even cultivators with extraordinary strength like them didn't want to have any interaction with them.

In particular, the Absolute Heavenly Extinction was in a stage of eruption and all parts of the Upper Realm would definitely be swallowed by it in the future. Among them, there might be powerful sects behind them.

Facing this kind of power that was difficult to deal with by regular cultivators, they seemed extremely small.

"I wonder if this group of Absolute Heavenly creatures know Jia Lan."

A space chess piece appeared in Gu Changge's hand, reminding him of the princess of the Absolute Heavenly Imperial Court, that she still owed him something.

This space chess piece contained a wisp of Jia Lan's soul.

At that time, she promised to send Gu Changge the origin of the Absolute Heavenly Extinction but later encountered troubles. It was difficult for her to gather the origin of the Absolute Heavenly Extinction that Gu Changge needed, so this matter was shelved.

The Absolute Heavenly Imperial Court wanted to find the descendants of the Ancient Heavenly Lord of Reincarnation to help them forge the Reincarnation Platform.

Although Gu Changge agreed to them, he had no intention of keeping the appointment. Now that the Absolute Heavenly Imperial Court was here, he just wanted to use this pawn.

Just when the terrifying mist of Absolute darkness erupted in the depths of the wilderness, many geniuses also received the news as they stopped fighting for the time being, and gathered in the central area.

Tuoba Xiaoyao, Tuoba Qiongling, and others were naturally no exception.

Compared to the shock of the others, Tuoba Xiaoyao seemed much calmer. He already knew that the Absolute Heavenly Imperial Court was about to appear, so he wasn't worried.

Soon, in the central area, he saw many familiar faces, all of whom were well-known young geniuses from the Great Yu territory. Someone was still injured, and his aura was not stable. Obviously, he had experienced a big battle before.

And the eyes of everyone here looking at Tuoba Xiaoyao had changed, especially those who were familiar with him, it felt extremely unnatural and extremely complicated. Many people knew about the terrifying battle that took place a few days ago. Tuoba Xiaoyao displayed his strength. He was even comparable to the current second prince Yu Lie.

In just one night, his reputation overwhelmed many heavenly geniuses, and he became a rising star with dazzling brilliance and an unlimited future. Of course, many people were also wondering why Tuoba Xiaoyao had kept a low profile until now, and how he had survived that battle.

After all, judging from the aura left on the battlefield, that battle was already beyond the range that ordinary genius could resist. Even the older generation would find it difficult to resist. If there was no way to save their lives, they would definitely disappear.

Tuoba Xiaoyao didn't pay attention to the complex expressions of the crowd, with a calm expression on his face, he walked to a stone in the center. Everyone involuntarily made way for him, out of awe, they did not dare to underestimate Tuoba Xiaoyao. This mediocre third son of the Tuoba Mansion became famous in one battle.

"Did something happen to the second prince, Yu Lie?" Tuoba Xiaoyao frowned, searching for the second prince Yu Lie in the crowd.

If he wanted the Great Yu Immortal Dynasty to be his biggest backer, then he had to make good friends with the second prince Yu Lie and be highly regarded by Emperor Yu.

If the assassination this time was successfully resolved, then he would naturally be the biggest contributor.

From a certain point of view, he was also the savior of the second prince Yu Lie. Gu Changge, who was planning all this behind the scenes, would naturally receive Yu Lie's hostility.

"Don't think that if you hide your strength, I will look at you. You are still not worthy of my Royal sister."

At this time, a slightly harsh and mocking voice sounded as a young man with a golden body appeared, walking like a tiger, speaking with disdain. He was Yu Ming, Yu Feiya's younger brother.

He pushed aside the crowd and walked toward Tuoba Xiaoyao, with a contemptuous expression on his face. Even though he knew that Tuoba Xiaoyao was powerful and comparable to his second brother, he still didn't take him seriously.

After witnessing Gu Changge's strength with his own eyes, he naturally looked down on Tuoba Xiaoyao's strength. Tuoba Xiaoyao frowned as if he didn't hear Yu Ming's harsh words.

He had long been used to Yu Ming's sarcasm. When he was with Yu Feiya before, Yu Ming would always follow behind and mock him from time to time. He looked behind Yu Ming, and there was a man and a woman arriving.

The man was tall and heroic, like a young god, with one hundred and eight divine rings all over his body. The woman was wearing a long dress, with a fair and beautiful face, noble and elegant, graceful and graceful.

"Your Highness, the Second Prince, are you alright?" Seeing that Yu Lie and Yu Feiya were fine, Tuoba Xiaoyao couldn't help asking while he heaved a sigh of relief.

But when he said this, both Yu Lie and Yu Feiya were stunned, especially Yu Lie, the smile disappeared and his brows frowned. He felt even more puzzled.

He had heard that Tuoba Xiaoyao had been keeping a low profile and concealing his strength all these years, so he was a little happy for him, happy that the Great Yu Immortal Dynasty had such a talent. But hearing Tuoba Xiaoyao's words made him feel a little unhappy.

Was it possible that with his strength, in this hunting conference, something would happen to him?

On the contrary, Yu Feiya reacted quickly, knowing that what Tuoba Xiaoyao asked was about the assassin, she shook her head and explained, "Imperial Brother was not assassinated. Everything is safe and nothing serious happened."

"What?" Tuoba Xiaoyao was finally startled, a little unbelievable, he almost blurted out the sentence "impossible".

However, he reacted very quickly and was stopped in time, otherwise, it would be difficult to explain the matter clearly. A major incident almost happened, and he probably wouldn't be able to clean it up even if he jumped into the Yellow River.

### **Chapter 599: Bungling things up, A marriage proposal**

"Even if there were assassins, do you think I'd be hurt?"

Although it was because of Yu Feiya's explanation, the second prince Yu Lie didn't have a good attitude toward Tuoba Xiaoyao anymore. He seemed very indifferent.

"Xiaoyao didn't do it on purpose, he was just worried about your safety, brother, so don't take it to heart." Yu Feiya sighed in her heart as she explained and shook her head lightly.

She knew that her younger brother was really arrogant, and he misunderstood Tuoba Xiaoyao's words just now, and felt displeased.

"Sister, you don't need to say too much, I know it all in my heart." Yu Lie said lightly.

As the future heir of the Great Yu Immortal Dynasty, even though Tuoba Xiaoyao had hidden his strength for many years and had great talent, he would eventually be his subject. There was a huge gap between the two in terms of identity.

Others had always come to give him face, why should he give face to other people. What was more, these days, because of being on guard against assassins, he had made him a little bit desperate.

As a result, nothing happened in the end, which made him even more unhappy. He didn't have the slightest sympathy for the instigator, Tuoba Xiaoyao.

Tuoba Xiaoyao also knew that what he said just now somewhat offended the second prince Yu Lie, and he felt somewhat helpless. But sometimes things were like this, self-defeating, and he had nothing to do with it.

"It seems that I was worrying too much, and His Royal Highness the Second Prince was offended." His words were neither humble nor overbearing.

“If I really thought I had some strength, I would be defiant. Second brother has great luck in his body. How can idlers get close to my second brother?” Seeing this, Yu Ming naturally sneered without hesitation at this moment, extremely mocking, looking down on Tuoba Xiaoyao.

But Tuoba Xiaoyao didn't care about his sarcasm. Instead, he looked at Yu Feiya with some questioning eyes. He wondered why the second prince, Yu Lie, was not attacked by assassins during this period. Could it be that something happened unexpectedly, causing the future he knew to change? Or maybe Gu Changge gave up on sending someone to assassinate the second prince?

Seeing Tuoba's carefree eyes, Yu Feiya just shook her head slightly, expressing that she didn't know. She believed in Tuoba Xiaoyao very much, so she told her father to send more people to protect the second prince in this hunting conference. But at this hunting conference, no assassins were encountered.

Emperor Yu's defensive arrangements were also useless. What she wanted to know more now was where Tuoba Xiaoyao got the news from. If Emperor Yu blamed her, she didn't know how to explain it.

“It's not normal. Could it be that Gu Changge gave up on the assassination when he mentioned that he knew about Emperor Yu sending people to protect the second prince?”

Tuoba Xiaoyao thought of the greatest possibility in his heart. There might be a spy placed by Gu Changge around Yu Huang, otherwise it would be difficult to explain this matter. His face became a little ugly. Wouldn't all his plans be in vain?

After all, his plans were all based on the premise that he prevented the assassination, won the respect of Emperor Yu, and made friends with the second prince Yu Lie.

“Don't worry, I will explain this to my father.” Seemingly seeing through Tuoba Xiaoyao's worries, Yu Feiya smiled slightly, reassuring him.

“Are these the geniuses of all races in this generation? It's a bit disappointing. I thought they would be so strong.”

But at this time, from within the dark mist that swept in from a distance, a voice suddenly sounded. There were several figures emerging.

A slender man in a purple robe with a fair face arrived, shaking his head slightly. There was a faint gray mist around his body, and his aura was very strange, like nothingness, but it gave people a depressing feeling.

There were many creatures following behind him. Judging from the appearance, there were human races and foreign races, both young and old. But the difference was that their aura was very terrifying, like a mountain and vast ocean, shocking people's hearts, making people frown.

“A member of the Absolute Heavenly Royal family?”

“The Absolute Heavenly Mist suddenly erupted, it must be the members of the Absolute Heavenly Royal family. This time the Absolute Heavenly Extinction is sweeping through the Upper Realm, it has nothing to do with them.”

This place caused a great commotion, and many young geniuses all stared at these people walking with fearful expressions.

Although the Absolute Heavenly Imperial Court had not appeared in this world for countless years, their strength and mystery were the consensus of many forces.

Creatures living in the Absolute Heavenly Extinction didn't even need to cultivate, and their cultivation base could become stronger with age. Therefore, every creature that came out of the Absolute Heavenly Extinction was someone with a cultivation level that reached the heavens and the earth. Ordinary people would not dare to provoke them.

Not to mention the Absolute Heavenly Aura that contaminated the Absolute Heavenly Creatures, it was the deadliest poison for cultivators.

At this time, even the young leading figures of the Great Yu Immortal Dynasty, such as the second prince Yu Lie, Yu Feiya and others, had serious expressions on their faces as they did not dare to underestimate them in the slightest.

The young man in the purple robe in front of them gave them an unfathomable feeling, and they couldn't see clearly.

"My name is Jia Luo, and I greet all of you." The young man in purple robe didn't care about the jealous expressions of the people around him. He smiled and greeted everyone with an approachable and friendly attitude.

But considering what he said just now, one couldn't help but feel that his attitude was extremely insincere.

The people behind him seemed to be headed by him, and they didn't speak at the moment, but when they glanced at the people in front of them, they inadvertently displayed disdain and contempt.

"We, Great Yu, and the Absolute Heavenly Imperial Court have never met each other, and have no enmity. I wonder why you are here this time?" Yu Feiya spoke in a calm voice, and questioned the purple-robed man in the lead.

Although she didn't feel any hostility from the purple-robed man in front of her, she always felt uneasy.

"Jia Luo, that's him!" Tuoba Xiaoyao stared at Jia Luo closely, and many past life memories appeared in his mind.

Although this person was the prince of the Absolute Heavenly Imperial Court, with terrifying strength and unspeakable status, he was actually Gu Changge's running dog behind him.

In his previous life, he asked Emperor Yu for marriage and proved his own strength. In the end, he defeated all the princes of the Great Yu Immortal Dynasty, and no one was his enemy. Even Yu Lie and Yu Feiya couldn't test out his true strength, it was extremely terrifying.

"You are the Princess Feiya of the Great Yu Immortal Dynasty. You really live up to your name, you are beautiful and heavenly, I feel pity for you. I am the third prince of the Absolute Heavenly Imperial Court. This time I came to the Great Yu Immortal Dynasty, and I actually came here for the princess." Jia Luo didn't answer when he heard the words, but took a careful look at Yu Feiya.

Then he showed a mouthful of white teeth, and explained with a refined look on his face.

These words changed the expression of everyone here. Many people were stunned at the same place. This third prince of the Absolute Heavenly Imperial Court came here for Princess Yu Feiya?

Yu Lie, Yu Ming and other Royal disciples frowned, unable to understand the intention of the third prince of the Absolute Yin Imperial Court.

“What do you mean? You came for me?” Yu Feiya frowned tightly, and she was also puzzled.

Tuoba Xiaoyao felt a little gloomy in his heart, he naturally knew Jia Luo’s purpose. In this life, he must stop this marriage, and not let Yu Feiya fall into the fire pit and leave him.

“Could it be that he came here for a marriage proposal?” Yu Ming muttered softly, and couldn’t help guessing.

Hearing Yu Ming’s words, Jia Luo glanced at him, still smiling and said, “Exactly.”

“What?” Everyone was shocked, unbelievable.

A prince from the Absolute Heavenly Imperial Court personally arriving at the territory of the Great Yu Immortal Dynasty through the Absolute Heavenly Extinction, in fact to propose a marriage?

This news was really shocking and incredible.

Although it was true that the eldest princess Yu Feiya had a pretty face and a beautiful face, she was overwhelmed by the country and the city. There were countless suitors, but even the prince of the Absolute Heavenly Imperial Court had heard the news and came here?

Why did this feel a little unreal?

In terms of status, the prince of the Absolute Heavenly Imperial Court was worthy of the eldest princess Yu Feiya.

“You want to marry my imperial sister?” The eyes of the second prince Yu Lie became very deep, and the whole person seemed to be filled with bright brilliance like a young god, which was hard to look at.

However, Jia Luo looked as usual, still smiling and said, “Yes, I really have this intention, and to display my sincerity, I can promise that the Absolute Heavenly Extinction that will sweep the Upper Realm will definitely not affect the territory of the Great Yu Immortal Dynasty.”

Hearing the word Absolute Heavenly Extinction, even Yu Lie’s face changed slightly, a little apprehensive. The rest of the people gasped even more, and fell silent. Yu Feiya, who was about to say something, was also taken aback, not knowing how to refuse.

This was a disaster that even the Immortal sect feared. It could devour and destroy all the space along the way, turning it into an Absolutely Heavenly Battlefield, like a fire rising in the wind. Even space could not escape it, let alone the cultivators and creatures living in it.

In the face of this terrifying disaster, it was difficult for a non-immortal existence to stop. This was also one of the main reasons why the Upper Realm feared the Absolute Heavenly Extinction.

Because of the appearance of creatures from the Absolute Heavenly Imperial Court, the hunting conference had ended ahead of schedule. The mist of Absolute Heavenly Extinction that shrouded the

wilderness also slowly dissipated. The sky and the earth finally returned to normal, but the hearts of everyone were filled with fog, which was extremely heavy.

As long as the scourge of Absolute Heavenly Extinction was not resolved, this terrifying mountain would hang over everyone's heads. Even the Immortal forces and the supreme sects were not spared.

"The third prince of the Absolute Heavenly Imperial Court?"

On the ancient warship outside the Great Wilderness, after listening to Jia Luo's intentions, Emperor Yu's eyes flickered with golden light, thinking about gains and losses.

Jia Luo led a group of people from the Absolute Heavenly Imperial Court and stood in front of Emperor Yu with a calm demeanor, neither humble nor overbearing.

The many ministers standing on both sides had different moods. The sudden appearance of the Prince of the Absolute Heavenly Court making a request for marriage. In their opinion, the benefits outweigh the disadvantages.

Although the Eldest Princess Yu Feiya was very talented and her achievements were boundless in the future, she was insignificant in front of the overall interests of the Great Yu Immortal Dynasty, and it could even be said to be negligible.

Just the promise that the Absolute Heavenly Extinction would not affect the Great Yu Immortal Dynasty made them very excited.

Moreover, getting married means forming an alliance, and then the Absolute Heavenly Imperial Court would inevitably appear in the Upper Realm. Having such a powerful and mysterious ally was more beneficial than harmful to the future development of the Great Yu Immortal Dynasty.

As for whether the eldest princess Yu Feiya was willing or not, that was not their consideration. Although Gu Changge said he was standing in the front row with Emperor Yu, but at the moment he seemed to be out of it.

He was not interested in this marriage, and most of his eyes were on Tuoba Xiaoyao.

The Heavenly Sword Master knew that his identity was exposed, but he still looked calm and did not show any flaws. It could only be said that it was worthy of being a reborn person, this kind of forbearance was absolutely unattainable.

Because of the appearance of the prince of the Absolute Heavenly Imperial Court, people paid less attention to Tuoba Xiaoyao, even the scarred man who appeared in the wilderness before, few people paid attention to it.

Although Emperor Yu sent people to track down his whereabouts, until now there was no clue.

Yu Feiya lowered her eyebrows and stood quietly behind Emperor Yu without saying a word. Although she was talking about important events in her life, it didn't seem to have anything to do with her.

This was her destiny as a disciple of the Royal family, she should have thought of this day long ago.

“I don’t know what His Majesty Emperor Yu thinks? This letter was written by my father himself, and it contains the conditions that the Absolute Heavenly Imperial Court is willing to provide,” Jia Luo smiled again and said before he took out a letter from his sleeve, asking the people on the side to present it.

After scanning the contents of the letter, Emperor Yu couldn’t help shrinking his pupils slightly. Although he quickly recovered, he was still caught by many ministers. He guessed what conditions were promised in the letter, which made Emperor Yu look so surprised .

“The matter of marriage is no small matter, why don’t you let the Emperor think about it again. How about giving Prince Jia Luo an answer after returning to the imperial capital?”

Emperor Yu smiled slightly, and accepted the letter calmly, without asking Yu Feiya’s opinion.

“Of course, I can just take this opportunity to get a glimpse of the majesty and magnificence of the Imperial Capital of Great Yu.” Jia Luo replied with a smile, not leaking anything.

Emperor Yu laughed and said, “It should be so.”

Seeing Emperor Yu’s attitude, all the ministers knew that he should be very moved, but because of a certain reason, it was difficult to agree so readily.

In terms of status, the prince of the Absolute Heavenly Imperial Court was naturally worthy of Yu Feiya. What was more, this time the other party came with full sincerity.

Although Tuoba Xiaoyao also looked calm, his heart was extremely ugly, his fists under his sleeves were clenched tightly, and he really wanted to stand up and fight for Yu Feiya at this time. But his intuition told him that it would only look stupid to do so.

“The person in front of me should be Young Master Changge from the rumors. Jia Luo has heard many stories about Young Master Changge from the mouth of the Imperial Sister, and he has admired him for a long time. I can see the real person today, I just feel that the rumors are true, and this trip is worthwhile.”

Suddenly, Jia Luo looked at Gu Changge beside Emperor Yu, folded his hands and smiled. His attitude seemed extremely sincere.

Hearing this, everyone was a little surprised, and they didn’t expect Jia Luo to say this suddenly, his imperial sister? Who was that?

“Jia Lan is your imperial sister?” Gu Changge raised his eyebrows, then put down the teacup in his hand before asking with a slight smile.

In fact, he had already guessed a thing or two from Jia Luo’s surname.

“Exactly, if Miss knows that Young Master Changge still remembers her, she will be very happy.” Jia Luo smiled and said with a somewhat respectful expression.

The Absolute Heavenly Imperial Court was different from the many inheritances of the outside world. Although he was male, he was not the next successor of the Absolute Heavenly Imperial Court.

On the contrary, it was his imperial sister, Jia Lan, who was far superior to him in terms of talent and strength. Moreover, the Absolute Heavenly Imperial Court needed Gu Changge's help to build the Reincarnation Platform.

Before, his imperial sister arrived at the Upper Realm looking for the descendant of the Ancient Heavenly Lord of Reincarnation, but met Gu Changge, saw him displaying the Divine Power of Reincarnation, and thought he was the successor of the Ancient Heavenly Lord of Reincarnation.

As a result, through the Reincarnation Inscription in the Absolute Heavenly Imperial Court, it was discovered that the true successor of the Ancient Heavenly Lord of Reincarnation had been killed by Gu Changge.

### **Chapter 600: Gu Changge personally suggesting a marriage, A bad premonition**

Of course, the news that Gu Changge had killed the descendant of the Ancient Heavenly Lord of Reincarnation was only circulated among the Absolute Heavenly Imperial Court. Many people in the outside world still believed that Gu Changge possessed the inheritance of the Ancient Heavenly Lord of Reincarnation.

This was just one of the reasons behind Jia Luo's respect toward Gu Changge. The Absolute Heavenly Imperial Court was attentive of strength. At such an age, Gu Changge had reached a level that no one had ever achieved, so he was naturally respected by Jia Luo.

On the other hand, in the future, the Absolute Heavenly Imperial Court would still require Gu Changge's help to build the Reincarnation Platform.

For the Absolute Heavenly Creatures, the Reincarnation Platform was extremely important, and in some respects, it was even related to the birth and nurturing of the Absolute Heavenly Creatures.

"It seems that before this, Young Master Changge and the Absolute Heavenly Imperial Court have dealt with each other." Emperor Yu laughed as a strange color flashed in his eyes. If Jia Luo hadn't mentioned it, he would not have known Gu Changge actually had contact within the Absolute Heavenly Imperial Court.

Not only that but it was also estimated that not many people knew about it in the huge Upper Realm. Gu Changge had really hid it too deeply.

"I met Prince Jia Luo's sister by chance before, and our intersection was not very deep." Gu Changge smiled.

"If there is a chance, Young Master Changge must come to our Absolute Heavenly Imperial Court as a guest. I think the Imperial Father would like you very much. During the time when we returned to the imperial court, the imperial sister was often with us. She was talking about you in front of me." Jia Luo had a smile on his face and extended an invitation to Gu Changge.

What he said made everyone in this place run wild with imagination. Did the princess in the Absolute Heavenly Imperial Court remember Gu Changge?

Many people even thought of a romantic and snowy moon. Judging from Prince Jia Luo's words, his imperial sister's status in the Absolute Heavenly Imperial Court should not be simple.

Of course, this was also intentional by Jia Luo. He said this in order to shorten the relationship with Gu Changge. His eyes were always high above the top, and he didn't care about the rest of the people. Even if it was Emperor Yu in front of him, it was because of his status that he had such an attitude.

"After a while, Gu is indeed headed to the Absolute Heavenly Imperial Court, and at that time I will trouble Prince Jia Luo to lead the way." Gu Changge replied with a smile as before.

"Of course, there is no problem. Young Master Changge's arrival will be an honor for my Absolute Heavenly Imperial Court." Jia Luo had a surprised look on his face.

The attitude of the prince of the Absolute Heavenly Imperial Court toward Gu Changge and everyone else was completely different.

Even if it was Princess Yu Feiya, his marriage partner, he might not be so caring. Seeing this scene, many ministers here had different thoughts. They felt that Prince Jia Luo must have come here on someone's order, and he did not actually admire Princess Yu Feiya.

"Imperial Sister, this person's attitude is very perfunctory. If the Emperor really agrees, I'm afraid that you will be wronged and neglected after your marriage."

Although Yu Ming was usually careless and used to be straightforward, at this time he was really thinking about Yu Feiya and was a little worried. Even though he was the prince, he still couldn't influence Emperor Yu's decision, not even his second brother Yu Lie could do so.

Although he said this lightly, he was surrounded by people with advanced cultivation bases, so they could naturally hear it. Emperor Yu didn't order anything, thus many ministers naturally didn't dare to comment.

Yu Feiya's expression remained unchanged, she just shook her head lightly and didn't say much.

Jia Luo had naturally heard this. He not only smiled, but looked at Yu Feiya and said, "Because I saw someone I have always admired, I couldn't help feeling a little excited. I hope Princess Feiya doesn't mind."

Yu Feiya smiled decently, "Prince Jia Luo is offended, why would Feiya care about such trivial matters?"

"Haha, Prince Jia Luo is a talented person with extraordinary talent. Even if Feiya is married, how can she be wronged?" Emperor Yu also laughed at this moment, and his mood seemed extremely happy.

Many ministers also spoke in agreement after hearing the words. There was a lively scene here. Only Tuoba Xiaoyao remained silent, looking at Yu Feiya from time to time, unable to hide his worry. Because of the arrival of the prince from the Absolute Heavenly Imperial Court, the hunting conference ended early.

Then the minister in charge of hosting the conference announced the rankings for the disciples of various forces, and at the same time bestowed many rewards.

Tuoba Xiaoyao exposed his own strength. In the end, although the colorful and exquisite tower did not reveal how he survived, it left a lot of suspense.

But he was still in the top five rankings. The strength of the man with the scar was obvious to all, and it was extremely terrifying, even many children of the Royal family could hardly defeat him.

Tuoba Xiaoyao deserved such a ranking, even his second sister was only ranked in the top 30.

After the hunting conference ended, many flying boats and ancient warships flew across space and returned to the Great Yu Imperial Capital.

Emperor Yu was very happy, he awarded meritorious deeds, held a banquet, and bestowed treasures and exercises on many young lords.

Of course, on the one hand, it was also because the second prince Yu Lie had never been assassinated, which made him feel relieved.

At the banquet, many ministers were curious about why Tuoba Xiaoyao had to hide his strength until now, yet they tactfully did not ask any further questions.

On the contrary, Emperor Yu took advantage of this incident and asked Yu Feiya how she learned about the assassination. Regarding this, Yu Feiya only said that she had heard some rumors, but was not very clear about the source.

As for why no assassin showed up in the end, it was also very likely that the other party gave up because he saw that Emperor Yu was extremely guarded. Many ministers, including Emperor Yu, could hear Yu Feiya's perfunctory.

But they didn't say much, Emperor Yu shook his head and smiled, knowing that Yu Feiya had deliberately concealed it, so it was naturally not easy to ask any more questions in front of everyone, especially in front of Gu Changge.

If Gu Changge knew that Yu Feiya secretly mentioned that he intended to send someone to assassinate the second prince Yu Lie. Emperor Yu wouldn't know how to deal with it.

At this banquet, Tuoba Xiaoyao naturally became the focus of attention other than the princes of the Absolute Heavenly Imperial Court.

Many ministers intentionally let their daughters approach him. From a certain point of view, Tuoba Xiaoyao had no marriage contract, and his father was an important minister today with a bright future, so he had naturally become a favorite in everyone's eyes.

Yet Tuoba Xiaoyao politely declined them one by one, with a calm appearance, unmoved by foreign objects.

"It seems that the third son of the Tuoba Mansion has great ambitions. Why doesn't His Majesty Emperor Yu take this opportunity to bestow a marriage?"

At this time, Gu Changge, who was sitting above the first place, took a sip of wine and suddenly smiled slightly before saying to Emperor Yu beside him.

Hearing this, many ministers below were all stunned as they displayed envious and jealous expressions.

Gu Changge had opened his mouth to personally offer the marriage. What kind of virtue and ability did this Tuoba Xiaoyao have?

Even Tuoba Yuntian looked excited and flattered. In his opinion, when Gu Changge spoke out to seek marriage for his son, that meant he valued his son.

If Tuoba Xiaoyao could catch his eyes, that would be a beautiful thing. Only the expression on Tuoba Xiaoyao's face was a little stiff and ugly. The palm holding the wine glass was also stiff, which was extremely unnatural.

He had a bad premonition in his heart, and Gu Changge offered the marriage with absolutely no good intentions. It was not as simple as he thought on the surface.

"Haha, what Young Master Changge said is very true. Such a young and handsome man is naturally worthy of my Emperor's daughter. This is a good opportunity."

Emperor Yu laughed when he heard the words because Gu Changge said so, he also had this intention in his heart.

Then he looked at Tuoba Xiaoyao carefully, couldn't help but admire him, and asked aloud, intending to choose a princess to make a marriage contract with Tuoba Xiaoyao.
