Chapter 621: The Son of Luck in the Jianxuan Great World, The talent for practice that multiplies geometrically

The man who looked like a butler seemed to be in his twenties. Although he was wearing a butler's attire with handsome features and an extraordinary bearing, his expression was calm and composed, seemingly quite reclusive.

He arrived with a jade plate on which there were many melons, fruits, and wines, obviously, he was ordered by the old city lord.

"Lin En put your things here first." The old city lord said with a solemn expression and waved his hand to signal the butler to step back.

However, the man named Lin En didn't move, but asked in surprise, "From outside the sky?"

His eyes fell on Gu Changge, he narrowed his eyes slightly, and then said respectfully, "My lord, I can protect the safety of you and Miss."

The old city lord nodded, but his expression remained unchanged, full of vigilance.

When Ah Qing mentioned Gu Changge's origin just now, everyone in the hall was stunned and couldn't believe their ears. After comprehending the meaning, everyone's complexion changed drastically. Their eyes widened in shock, and they couldn't help but take a few steps back.

In their eyes, the extraterrestrial demons that had come from outside the sky had mysterious origins, terrifying strength, and were in endless numbers. When the current Jianxuan Great World was basically talking about the demons outside the territory everyone would feel fear.

Gu Changge in front of him actually was from beyond the sky, how could this not shock them?

At that moment, the old city lord and Ah Qing's mother tensed up, staring at Gu Changge with extreme vigilance.

"Grandpa, mother, don't be like this, Mr. Gu is a good person, completely different from what you think."

Ah Qing knew that things would turn out like this. Although she was helpless, she explained it again, telling them that Gu Changge was different from the group of extraterrestrial demons. He had no malice toward the Jianxuan Great World. Not only did he save her life, but he also saved Princess Xuandie.

"Oh? I see?" The old city lord and Ah Qing's mother still looked skeptical, but they still breathed a sigh of relief.

If one thought about it carefully, if Gu Changge really had any malicious intentions toward them, they would not be able to resist at all. Coupled with the fact that Princess Xuandie was also here, this matter should not be faked.

"I'm sorry, Mr. Gu, for making you misunderstood again." Ah Qing apologized to Gu Changge beside him.

Gu Changge still had a gentle and jade-like appearance on his face, he waved his hands slightly and said with a smile, "It's okay, it's just a trivial matter to me."

Ah Qing hummed in a low voice and strange thoughts filled her mind. Whether it was when she was rescued in the Upper Realm or all the way back to the Jianxuan Great World, she was misunderstood by everyone. *U&B.COM*

Gu Changge always had such a gentle look, as if the sky would fall and his expression would not change in the slightest. Although she was dedicated to Taoism, obsessed with sword cultivation, and determined to surpass her father, she was only a teenage girl after all.

During this period of time, some emotions that shouldn't be there were always growing in her heart. Fortunately, she hid them well and did not show them. To her, Gu Changge was not just a lifesaver, but also a ray of light piercing the darkness in despair.

"Our actions just now were so presumptuous, I hope Mr. Gu will not be offended."

After all, the old city lord was a person who had seen the big world. After calming down, he cupped his hands and apologized to Gu Changge, who smiled and said, "It's okay, it's a special period, and your reactions are normal."

Seeing that Gu Changge's easygoing attitude did not seem to be fake, the old city owner and the others were relieved again, and they were not as vigilant as before.

"Grandpa, who is this?" At this time, Ah Qing noticed the young man dressed as a butler next to the old city lord and asked with some doubts.

In her impression, the housekeeper of the Ancient Mulberry City was an old servant, extremely old. How could he be a strange young man?

"His name is Lin En, and he is Uncle Lin's grandson. Uncle Lin died of illness some time ago, and Lin En took the token to find him, intending to find a job in this Ancient Mulberry City. I saw that he is mature, steady, smart and he is at ease in doing things. So I let him take over Uncle Lin's affairs." The old city lord explained that when Lin En was mentioned, his eyes were full of satisfaction.

"I see." Ah Qing nodded and looked back at Lin En.

"Greetings, Miss." Lin En was standing beside the old city lord with a smile on his face. Seeing this, he opened his mouth and greeted Ah Qing.

He was of medium build with extremely handsome features, and a calm and steady expression, which gave people a convincing feeling.

"It's also thanks to Lin En during this time. Otherwise, the Ancient Mulberry City would have been really chaotic. Some time ago, your father's enemy came to the door, and Lin En helped him deal with it." Ah Qing's mother on the side also said that she was extremely satisfied with this young housekeeper.

"Mother, don't worry, after I have come back, leave the affairs of those enemies to me. If they still dare to come to the door, they will come but never leave." Ah Qing had a bit of cold killing intent on his face.

"Housekeeper?" Gu Changge's thoughtful eyes fell on this man named Lin En.

Not long after the original housekeeper died of illness, his grandson came to the door with a token. This kind of thing was too coincidental. What was more, he felt an unusually familiar aura from this man.

Son of Luck!

Moreover, it was an extremely huge amount of Luck. From the perspective of the Jianxuan Great World, there were also existences like the Son of Luck, and it was such a coincidence that he bumped into him here.

This made Gu Changge feel a little inexplicable. If it was a coincidence, he actually didn't believe it. Before, he felt that this ancient mulberry city was not simple. Although it looked extremely remote, it contained a beautiful scene, the source of thousands of sects.

Thinking about it this way, it was not as simple as it seemed on the surface that this Son of Luck would come here.

In addition, with the identity of the butler of the City Lord's Mansion, no matter what he did in this Ancient Mulberry City, it was easy and would not arouse the slightest suspicion.

"And I always feel that this person is not the true body, more like an incarnation... The enemies of Ah Qing's father back then were probably resolved by him as well."

Thinking of this, Gu Changge couldn't help laughing, but he didn't choose to startle the snake. He actually wanted to know what this Son of Luck wanted to accomplish.

If it was just an incarnation, where was his true body? Because of Ah Qing's return, the entire Ancient Mulberry City became lively.

The city lord's mansion held a large banquet, but at the moment when the war was tense and the clouds were shrouded in gloom, it finally diluted the haze that was hanging over everyone's hearts. However, the origin of Gu Changge was only circulated within the city lord's mansion and was not spread outside, so as not to cause an unnecessary sensation.

During the banquet, they learned about Ah Qing's tragic experience during this period in detail and that she was even nearly tortured to death as a prisoner. The old city lord and the others were frightened for a while, and their hearts jumped. With this the last trace of doubt about Gu Changge was dispelled in their hearts. If it weren't for Gu Changge, Ah Qing would have been buried in the sky long ago, how could she return safely?

In terms of emotion and reason, Gu Changge was their great benefactor.

"It turns out that the Outer Sky is such a vast world, a place where the Heavens meet..."

During the banquet, Lin En, the young butler silently ordered many maids to bring various delicacies. He kept listening to the voice of conversation from Gu Changge's side, and he seemed to be quite impressed.

At the very beginning, he thought that the Sword Immortals in the Jianxuan Great World were the pinnacle of this world. It wasn't until later that he learned that the extraterrestrial demons had invaded and that there were other worlds beyond this world. It was then he suddenly realized that Sword Immortal was just another starting point, and there was a wider world waiting for him there.

“The world is vast, and the realm is endless. What kind of world is above the Jianxuan world?” Lin En couldn’t help being fascinated.

He felt that he had reached the limit that this world could bear, to the point where the void could be shattered, but it was still difficult to take that last step. Perhaps only by detaching from this world and stepping into the so-called place where the Heavens meet could he break through the last shackles.

“It is said that this ancient mulberry city was the hermitage of a Peerless Sword Immortal 800,000 years ago. He is also the only existence that has been recorded and has successfully shattered the void. It’s a pity that I have been searching here for half a year, but I still can’t find the records left by him...”

After the banquet, Lin En walked into the courtyard, his eyes gradually deepened, and a completely different temperament emerged from him.

The ancient mulberry city had been contaminated with the aura of the Peerless Sword Immortal of 800,000 years. Even though it had been so long, it was still extraordinary. There were inexplicable imprints in many areas, which could help people realize Taoism and cultivate it. But what he cared about was not the perception of that Peerless Sword Immortal, but the skills left by that Peerless Sword Immortal.

Since the day he was born, he had possessed a terrifying cultivation talent beyond ordinary people. With regards to the same technique, when practicing for the first time, the speed was onefold. Then the next time it would become twofold, fourfold, eightfold... presenting a terrifying geometric multiplier speed.

This also led to a result, any cultivation method in his hands could quickly reach the state of perfection.

In a short period of time, his cultivation had reached a terrifying level that was difficult for his peers to match. But the next problem he faced was that he couldn’t find a way to break through to a higher level.

Even the current major sects in the Jianxuan Great World, such as Shu Sect, Mount Kong, and Sword Sect... couldn’t find a suitable technique for him.

In the end, by chance, he saw a record about the ancient mulberry city in an ancient book, so he came to try his luck, trying to find the inheritance left by the Peerless Sword Immortal from 800,000 years ago.

“If I can’t find it in the last few days, then I can only return to Shuzong. Brother suddenly used the Sword Immortal Token to summon the Sword Immortals from all over the world. What is the reason?” Lin En’s figure gradually faded away as he disappeared into the courtyard, and searched again in the Ancient Mulberry City.

He was originally a disciple of the Shu Sect, but because the master he worshiped was of a higher seniority, his status in the Shu Sect was very high, and he was honored as the little master. But in terms of real age, he was only in his twenties.

In the City Lord’s Mansion, Gu Change temporarily lived in a very quiet courtyard. Small bridges with flowing water, pavilions with flying leaves with flowers and clear spring tinkling seemed very elegant.

The sound of the piano played by Princess Xuandie could also be heard next door. It was clear and moving, just like a hundred birds, but it seemed quite leisurely.

“Looks like that guy is looking for something.” Gu Changge’s divine sense swept out from here, covering almost the entire Ancient Mulberry City, so he quickly discovered the trace of the young butler Lin En.

After leaving the City Lord’s Mansion, he turned into a cloud of green smoke and wandered around the city, as if looking for something. This made Gu Changge a little interested. But suddenly, he raised his eyebrows and looked towards a certain area of the Ancient Mulberry City.

There used to be a luxuriant ancient wood forest with large areas of ancient mulberries and ancient locust trees growing there, but most of them had died. The trunks of the old trees were bare, and many trunks had become hollow holes, but they were tenaciously alive, lying here like dragons.

From among those tree trunks, visions were now manifesting.

Wisps of purple aura were transpiring between Heaven and Earth with ghostly shadows even appearing in a trance as thousands of sword lights were intertwined and blooming.

It seemed as if a supreme swordsman once practiced his sword here, and the Heavens and the Earth imprinted his Dao. Even after many years, the Dao had contaminated this land.

“Great. I finally found it.” Lin En’s figure appeared in this ancient mulberry forest, with a rare look of excitement on his face.

Even after hundreds of thousands of years, he could still feel the supreme sword energy imprinted here, even if it was only a wisp left, he could still see the power of the original master. Worthy of the title of Peerless Sword Immortal!

“If I look for it here, I might be able to feel the inheritance of that Sword Immortal.”

At that moment, Lin En didn’t hesitate and casually played a few sword techniques to prevent anyone from disturbing him before he went to the depths of the ancient mulberry forest and sat cross-legged.

Gu Changge’s divine sense had been paying attention to this scene. When he saw the excitement on Lin En’s face, his eyes suddenly became playful.

“Since you want this inheritance, then I will give it to you.” He smiled and then deduced an ancient language with his vast divine sense.

To be precise, this was not any language, but just a kind of divine thought, which seemed to have passed through the ages and spread for hundreds of millions of years, as if it had penetrated a star field universe and reappeared in the world.

“What?”

Lin En’s spiritual consciousness was so powerful, but under the aftermath of this sound, his face was extremely pale, a mouthful of blood spurted from the corner of his mouth, and he almost collapsed.

Chapter 622: Take the Emperor to control the princes, the Sword Immortal’s orders

This ancient locust forest had existed for a long time. Many locust trees were dead and their bark was cracked, like true dragons crawling here. Now there was a shocking sound coming out of it as if

thousands of swords were resonating, it making the eardrums hurt and the soul trembles. Its sound could shake the ages and wash the future.

Lin En just took a step forward, and his consciousness trembled violently, almost being shattered by this wave of fluctuations. He kept bleeding from his mouth, and under the impact of the divine thought just now, he suffered a strong backlash.

“What exactly is this?” He was so shocked in his heart as he took a few steps back, and then he stood firm with a huge wave in his heart.

One must know that although he was just an incarnation now, he was not here with his true body. But the incarnation was also a true Sword Immortal level existence, standing at the pinnacle of the Jianxuan world. Yet he couldn't stand the wave of divine sense remaining here that was from 800,000 years ago.

“How terrifying was that Peerless Sword Immortal back then? He has definitely broken away from the shackles of the Great Sword Immortal World. The strength at its peak is unimaginable.”

Lin En's eyes were full of excitement, he took a deep breath, and with an unusually pious attitude, he walked up again, intending to personally experience the Dao imprinted here.

In a daze, he saw a supreme being sitting cross-legged. The whole body seemed to be surrounded by endless sacrificial sounds, and three thousand great worlds were burning sword scripts to worship together. It was an extremely shocking sight.

Even if Lin En knew a lot about various ancient records. For a while, he was shocked, and it was difficult for him to calm down for a long time.

“The senior 800,000 years ago used his sword to reach the gods, up to the sky, down to nine hells... I thought it was a legend, but after seeing it today, I feel that the rumor is not false, but it is hard to prove it.” Lin En couldn't calm down and hurriedly sat down cross-legged in the place just now.

He kept the heart of his sword transparent, the spiritual sea was clear without any dust. Only then did he meditate to comprehend that aura mechanism. But at the next moment, an unbelievable expression appeared on his face again, as if his divine sense had been split by thousands of sword lights, and a mouthful of blood spewed out again with a wow.

The severe pain made Lin En's face turn pale again, and he couldn't help but take a few steps back, feeling uncertain for a while.

“Why are these fluctuations resisting me? Could it be that there is something wrong with the aura left by that senior Sword Immortal? No, it's not right. It's impossible for that senior's aura to hurt me. Something's wrong, there's definitely something wrong with it.”

A look of surprise flashed across Lin En's face, and he took out an extremely old jade slip from his arms. There were several clear sword marks on it, faintly echoing the fluctuations here.

This was the jade slip that he recorded the events of the Ancient Mulberry City 800,000 years ago, and it was the letter left by the Peerless Sword Immortal.

If the aura here was really left by that Peerless Sword Immortal, then this jade slip would definitely respond. Obviously, he refined the aura mechanism in the jade into his body, just to find this place, but why would the aura mechanism here hurt him?

“It’s not just the aura left by that senior, who else is there? Could it be that the inheritance here was taken by other people first?” Lin En’s face became a little gloomy, and he looked at the other ancient sounds around him again, trying to find traces among them.

In addition to the sound of the sword, there was also an extremely obscure and ancient language permeating this place, and it was this language that hurt his divine sense just now.

“What kind of template is this Son of Luck following? His strength is much stronger than many younger generations in this world... And he saw it?” Gu Changge had been paying attention to all of this in the courtyard.

He could tell that there was a peerless powerhouse who once Enlightened in this ancient mulberry forest, and the laws of the surrounding world were infiltrated, leaving his imprint with his aura.

And the Son of Luck in front of him used the aura left by him to find this place all the way, causing a change in the ancient mulberry forest. It was not an exaggeration to say that the Son of Luck was a treasure hunter. But such an opportunity was insignificant in the eyes of Gu Changge.

Even though the inheritance spirit of that peerless powerhouse was not simple, Gu Changge didn’t like it at all. He just tried to use his divine sense to invade the consciousness space of this Son of Luck but was seen through by the other party.

This surprised Gu Changge a bit, if he said that the other party was not protected by the will of heaven in this world, he would not believe it.

“Forget it, let him live for the time being, but I need to see where his true body is.”

Gu Changge shook his head lightly and quickly withdrew his divine sense. He did not continue to spy as he didn’t want to startle the snake, lest this Son of Luck would find out the abnormality.

In addition, he felt that this Son of Luck was protected by the will of Heaven, and it might not be certain that he could discover the origin of the world through this person. However, he still conveniently erased the sword aura here and did not let Lin En get the inheritance here.

“It disappeared...” In the ancient mulberry forest, Lin En didn’t know that Gu Changge had withdrawn his divine sense.

He frowned slightly, feeling the majestic aura disappear, it was more like he had hallucinated just now. However, the injury in his divine sense could not be faked.

“There is something evil here.” Lin En then circled around the ancient mulberry forest, much more cautiously than at the beginning.

However, he didn’t know why, the aura of swordsmanship that he touched before disappeared like a void, and he couldn’t find the slightest trace anymore. He was a little unwilling, so he searched again, and shot several sword symbols into the void to block the energy here. But until late at night, the surroundings were extremely dark, and the sound of the sword’s cry never sounded.

“Impossible, the previous sword aura is still there... It must have been inherited by someone first. Who is the person who left behind that divine sense? His strength is unimaginable.” Lin En’s face suddenly became ugly.

But he was very human after all, and he calmed down after taking a deep breath. He decided to explore again tomorrow, if it still failed, then he could only choose to leave.

Ancient Mulberry City was not that big, it stretched for hundreds of miles, and living beings and cultivators of various races live in the city.

In addition to the city lord’s mansion, there were other ethnic clans, but they could only dominate in Ancient Mulberry City. If they left this city, they could be regarded as third-rate forces in the outside world at best.

The Wu family was one of the big families in Ancient Mulberry City. At the moment in the Wu family’s mansion, a group of people gathered in the hall with serious faces, discussing things.

An old man with eyes slightly closed and gray temples raised his hands slightly to signal for everyone to be quiet. He was the current head of the Wu family, Wu Xing, whose strength had reached half a step to the seventh realm.

“Do you know? Miss Ah Qing actually came back from beyond the sky, and the young man who entered the city with her also came from beyond the sky. The news has already come from the Southern Barren State...”

He opened his eyes, and strands of golden light flashed across them, slowly sweeping across the crowd in the hall.

“An old Sword Immortal from Shu Sect gave the order to gather the Sword Immortals from all over the world to capture that young man. I heard that his identity is not simple in outer space. If he can be captured, we can command the group of extraterritorial demons.”

“What?”

Hearing this, everyone in the hall was stunned. They only knew that Miss Ah Qing had come back from the sky because of her near death but they didn’t know that the young man beside her was also from the sky.

Didn’t that mean that Miss Ah Qing had mixed up with the demons from outside the territory?

They were a little unbelievable. Judging from the appearance, it was impossible to tell that the young man next to Miss Ah Qing was also an extraterrestrial demon.

In their impression, the extraterrestrial demons were a group of extremely vicious people, so ferocious and ferocious, it was really hard to associate them with Gu Changge.

“Patriarch, did you make a mistake about this matter?” A clansman couldn’t help asking, still unbelievable.

“This matter is absolutely true. There has been news from the Shu Sect that the land swordsmen are gathering and planning to hold the emperor to control the princes. As long as we capture that young man, we can solve the problem of the extraterrestrial demons.”

The Patriarch of the Wu family said in a deep voice, his eyes sweeping over everyone with majesty.

“However, that person’s strength is unpredictable, and the subordinate next to him is suspected to be in the ninth realm, so I can’t act rashly. Before the Sword Immortals rush to Ancient Mulberry City, I just need to keep a close eye on his traces. ”

While speaking, his eyes showed great ambition. Although with the power of the Wu family, if he got involved in this kind of thing, he would be smashed to pieces at every turn. But when he thought of the rich rewards after the success of this matter, he couldn’t help trembling slightly, feeling extremely excited.

At that time, not only he but the entire Wu family would usher in unprecedented glory.

“Patriarch, what are we going to do? If he finds out, our entire Wu family will be annihilated. It’s better for us not to get involved in this kind of thing.”

There was some fear in the eyes of an old man, and a subordinate who was at least at the level of the ninth realm. The other party only needed one breath to completely wipe out the entire ancient mulberry city.

In front of him, the Wu family was no different from ants.

“I’ve already thought about the consequences. What’s more, we just pay attention to his whereabouts. When he is about to leave Ancient Mulberry City, we will report to Shu Sect, and nothing will happen.”

“The rest of the families in Ancient Mulberry City have also been informed about this matter. I think if they are not stupid, they will know how to choose. After all, this is related to the entire Jianxuan world.”

The Patriarch of the Wu family waved his hand and said that he would not let go of such a once-in-a-lifetime opportunity.

Taking the Son of Heaven to command the feudal lords, the entire Wu family would become the savior of the Jianxuan Great World because of this incident. As the head of the family, he naturally contributed a lot.

“Sword Immortal’s order? Taking the emperor captive to control the princes?”

In the city lord’s mansion, Lin En, who looked like a housekeeper, touched a jade slip in his sleeve, with a bit of surprise on his handsome face. As the young master of the Shu Sect, although he was far away from the Shu Sect, he also received the news immediately.

“It seems that the origin of that guy is not just as simple as Miss Ah Qing said at the time, she must be hiding something.” Lin En looked into the depths of the mansion, his eyes suddenly became dark, but he recovered quickly.

He wasn't stupid, even though he knew he could catch the opponent by surprise, he still chose to wait and see how he would change.

After all, he was just an incarnation now, not his true body.

At this time, an uninvited guest appeared outside Ancient Mulberry City. The eyes under the moon-white mask were as clear as snow, and the black hair seemed to be contaminated by the cold wind, revealing the coldness that repelled strangers.

Chapter 623: Snow Sword Immortal's purpose, Likes to stand aloof from the World

Outside Ancient Mulberry City, Snow Sword Immortal arrived, dressed in plain blue clothes with curls of blue silk wrapped in the biting cold wind. She just swept into the city in the blink of an eye, and none of the soldiers patrolling on the city wall could find her.

As one of the most powerful people in the Jianxuan Great World, she had already reached the level of Sword Immortals many years ago. Unless she wanted to, it was impossible for ordinary cultivators to find her trace.

"The aura of this place..."

Walking on the street, the black eyebrows of Snow Sword Immortal's mask slightly frowned, sensing the strange atmosphere in Ancient Mulberry City, which was not like a simple city. However, the purpose of her visit here was to meet Gu Changge, not to explore the special features of Ancient Mulberry City, so she quickly forgot about it.

From the mouth of the emperor of the Southern Ming Dynasty, she learned that Gu Changge accompanied Ah Qing back to her family, so she expected them to come to Ancient Mulberry City.

It was a matter of life and death for the Jianxuan Great World, so she had to take a great risk to get the glimpse of the truth.

"Reporting to the city lord, a woman outside the mansion who claims to be Snow Sword Immortal is asking to see you."

Within the city lord's mansion, the old city lord was frowning and looking at a page of letters in his hand. When he heard the report from his subordinates, a cloud of uncertainty flashed across his face.

"Snow Sword Immortal? Why did she come here at this time, is it because of the Sword Immortal Order?" He naturally also learned about the Sword Immortal Order.

However, Gu Changge had bestowed the grace of saving Ah Qing's life, so he couldn't do anything to repay his favor.

Snow Sword Immortal was the master of the Sword Sect, whose strength was unfathomable. She once froze a thirty-thousand-mile cold lake with a single sword, beheaded monsters and beasts on the same level and shocked the world.

Her arrival at Ancient Mulberry City was inevitable that the old city lord would think of the Sword Immortal Order.

Shu Sect and the Sword Sect actually had the same origin. The current Snow Sword Immortal was even a disciple of the Shu Sect back then. The Shu Sect issued the Sword Immortal Order, ordering Sword Immortals from all over the world to try to capture Gu Changge.

Snow Sword Immortal had no reason to ignore it. Her presence here? Could it be that she wanted to attack Gu Changge?

“I have to inform Mr. Gu about this matter. He has saved Ah Qing’s life, so I must not be ungrateful.” The old city lord thought about it, and then ordered Lin En, the housekeeper at the door, to inform Gu Changge about it.

And he also proceeded to greet the guest. After all, the other party was a Sword Immortal, so he dared not be disrespectful.

“How could Senior Sister Xue come here alone? She is really too reckless. It is difficult to capture that person with her alone.” Lin En naturally also heard what the servant reported, and couldn’t help shaking his head slightly.

Although he was worried about Xue Jianxian’s safety, he still set off to inform Gu Changge just to be on the safe side. After all, his current identity was only the butler of the City Lord’s Mansion. At this juncture, he could not easily reveal his true identity.

In terms of seniority, Snow Sword Immortal and he were of the same generation, but Snow Sword Immortal was much older than him, so he had to call her Senior Sister.

Snow Sword Immortal claimed to be the number one genius in the three thousand years of the Jianxuan Great World, but she was still much inferior in front of him. It was just because he was extremely low-key and had never exposed himself to the world, so he had not been known to the world.

“My lord, do you want me to get rid of those stalkers outside the city?”

In the courtyard, Gu Changge seemed to have sensed a special feeling and was extremely leisurely resting. Steam was rising from the teacup on the stone table, and he blew on the tea, drinking it calmly.

Alpha stood aside, dressed in Black Gold Battle Armor with many streamers shining on it, giving people a powerful and terrifying sense of oppression as he asked respectfully.

“It’s okay, since they want to stare, let them stare. This so-called Sword Immortal Order is quite interesting.” Gu Changge smiled lightly and didn’t care.

What was his current level of cultivation, even though his divine sense couldn’t cover the entire Jianxuan Great World, but in fact it was almost the same? How could it be possible to hide the turmoil in a mere Ancient Mulberry City from him?

But since that group of people wanted to coerce the emperor to control the princes, then he would let them come, Gu Changge would have to let them understand what despair was. Only after experiencing despair, would those people learn to be smart and obediently help him find the will of heaven and the origin of the world for him.

“Master Gu, there is a woman named Snow Sword Immortal outside the mansion, do you want to avoid her?” At this time, outside the courtyard, Lin En knocked on the door, as his voice arrived.

“Snow Sword Immortal, is that the woman known as the most beautiful woman in Southern Barren State?” Gu Changge smiled lightly, with a strange look in his eyes.

“Since she came to look for me, why should I avoid it?”

Lin En was dumbfounded for a while, not knowing what to reply, but he just came to inform, to see or not, that was Gu Changge’s choice.

The sudden visit of Snow Sword Immortal alarmed Ah Qing and Princess Xuandie. For the latter, Snow Sword Immortal was her master.

In the hall of the city lord’s mansion, everyone had gathered together. The old city lord looked a little curious and respectful as didn’t understand the purpose of Snow Sword Immortal’s visit.

If she was hostile, then he didn’t feel it. She just wanted to see Gu Changge. This made him a little confused, or that the Sword Immortal Order was useless to Snow Sword Immortal at all.

At this moment, Snow Sword Immortal was standing among them. Her plain clothes were quiet and elegant like a goddess of beauty with peerless grace. Her icy muscles, and jade bones along with the jade hands revealed were even more delicate and flawless, which attracted people’s imagination.

She looked at Gu Changge quietly, without saying a word, as many thoughts seemed to flash in her eyes.

“Master,” Princess Xuandie greeted her respectfully.

Xue Jianxian glanced at her and nodded slightly.

Gu Changge, who came to the hall, said with great interest, “You came here to see me?”

Snow Sword Immortal nodded, and said in a cold voice, “Exactly, I learned the things you said from the mouth of Emperor Nanming. I want to know whether you are trustworthy.”

Her plan was different from that of the old Sword Immortal. The consequences of coercing the emperor to control the princes were too great.

If Gu Changge, who originally had no ill intentions toward the Jianxuan Great World, turned evil to this world because of this, then they would be the biggest sinners. From the mouths of those extraterrestrial demons who she had caught, she knew something about the Upper Realm, and she knew exactly how terrifying the energy Gu Changge possessed was.

“Whether I’m trustworthy or not doesn’t seem to be something you should be thinking about.” Gu Changge smiled casually, his eyes falling on her face, “And you wear a mask to meet others, is this your attitude?”

The black eyebrows under the Snow Sword Immortal’s mask frowned. Although she was called the number one beauty in the Southern Barren State by the good-for-nothings, not many people had seen her true face.

After her cultivation reached the Sword Immortal Realm, no one dared to speak frivolously to her like this. Princess Xuandie and the others were also stunned, feeling that Gu Changge’s attitude toward

Snow Sword Immortal was not as gentle as he was towards them. Could it be because Snow Sword Immortal didn't know what he came for? Hostility? www.ElusB.com

"Master, Mr. Gu is different from those extraterrestrial demons." Princess Xuandie was a little worried, worried that her master would enter a conflict with Gu Changge.

Snow Sword Immortal nodded when she heard the words and was about to say something. But Gu Changge interrupted her, and said with a faint smile,

"Do you know about the Sword Immortal Order?"

Hearing these three words, not only did Snow Sword Immortal's complexion change slightly but the old city lord and the others trembled slightly, feeling a chill sweeping over them.

He was about to tell Gu Changge about this, but he didn't have time to say it. How did Gu Changge know about it?

A doubt appeared on Ah Qing's face, "Sword Immortal Order, what is that?"

Princess Xuandie on the side said in a deep voice, "The Sword Immortal Order is a secret order of the Shu Sect, which can summon the Sword Immortals from all over the world, only when a great event occurs..."

She didn't continue to explain, but Ah Qing also understood, and her complexion also became heavy. The purpose of the Shu Sect using the Sword Immortal Order at this time was simply self-evident.

In her eyes, Gu Changge had no malice toward Jianxuan Great World, not only saving her life and sending her back home. If Shu Sect chose to attack Gu Changge at this time, wouldn't they be pushing Gu Changge to the opposite side of the Jianxuan Great World? Who could afford such terrible consequences?

"I didn't participate in the Sword Immortal Order of the Shu Sect, but the other Sword Immortals who got the news are probably on their way to Ancient Mulberry City now." Xue Jianxian said, not wanting to let Gu Changge misunderstand that she was also involved.

"Are they trying to kill me?" Gu Changge smiled lightly.

Snow Sword Immortal shook her head and said, "They just want to capture you, and then order the extraterrestrial demons to withdraw from our world."

"What a way to capture me! Do you think they can achieve it?" Gu Changge's expression remained unchanged.

Ah Qing, Princess Xuandie, and the others on the side were astonished. Such a big thing had happened without their knowledge.

Shu Sect's Sword Immortal Order could summon Sword Immortals from all over the world. In the current Jianxuan Great World, although the number of Sword Immortals left were many, there were definitely not that many.

Although they hadn't been with Gu Changge for a long time, they could feel that Gu Changge's strength could only be described as unfathomable. A Sword Immortal was definitely not Gu Changge's opponent.

"Although you are very powerful, in this world, you may not be able to display your true strength. What if something unexpected happens." Snow Sword Immortal's eyes fell on Gu Changge's face, and her voice was cold.

Gu Changge smiled and said, "If this is your purpose in coming to see me, then your purpose has been achieved."

He waved his hand casually, "I'm not interested in your world, but if you provoke me, I think you would understand what regret is."

"Don't you have any purpose? I think we can reach a consensus." Snow Sword Immortal didn't expect that Gu Changge would open his mouth to see off the guests.

Her voice was like a ray of a spring breeze, it was really cool and sweet, but there was also an unshakable will in it, like an immortal phoenix singing softly. But she was sure of one thing, Gu Changge did not intend to do anything, otherwise, since she had come here alone, it would be very easy for Gu Changge to take her down.

"Consensus? As long as you don't mess with me, it's fine. If there is no enmity, I personally prefer to remain aloof from the world," Gu Changge said with a strange look in his eyes, and then smiled lightly.

It seemed that this Snow Sword Immortal was not as smart as the rumors spoke.

Chapter 624: Extraterrestrial Heavenly Demon, Killing Sword Immortal with one punch?

Princess Xuandie didn't doubt that Gu Changge's words about staying aloof from the world had other intentions. She just felt that Gu Changge was warning them not to provoke him by saying this, but it made her dispel her last worries.

"Young master, don't worry, my Sword Sect will not do anything to provoke you. This Sword Immortal Order has nothing to do with my Sword Sect." Snow Sword Immortal assured him.

"That's great Master, Mr. Gu is really not a villain. If he really had any malice towards us, he would have already done something to us. With his strength, there is no need for any conspiracy at all." Princess Xuandie's eyes showed joy. According to her, no matter what world she was in, it was all about face.

What was more, Gu Changge still had the grace of saving her life, even if she was the second most beautiful woman in Southern Barren State, it was hard for her to avoid it. These days, when she was playing piano music, Gu Changge was able to give her some advice, which surprised her and benefited her a lot.

Snow Sword Immortal sighed softly, but she didn't expect her apprentice to be so partial toward Gu Changge.

In the past, Princess Xuandie always had her eyes higher than her head, ordinary genius would not even catch her eyes. Even if it was the other four heroes of the Jianxuan Great World, she would not bother to look straight at them. But after spending a few days with Gu Changge, she had uttered these words.

“Although your Sword Sect won’t provoke me, your Sword Sect is not the only one in this Jianxuan world.”

Hearing this, Gu Changge smiled lightly, and under the shocked eyes of everyone in the City Lord’s Mansion, he took a step forward and appeared on the city wall the next moment.

“Not good...” Snow Sword Immortal’s complexion changed slightly, and only then did she feel the terrifying sword energy arriving from outside the sky. Judging from the aura, there were quite a few of them.

She understood that the other Sword Immortals had come here to capture Gu Changge.

“It seems that a fierce battle is inevitable in a while.” Snow Sword Immortal frowned, and her figure quickly flitted out, appearing in the sky.

She stood proudly in the air, her blue hair was flying with the crystal clear snowflakes. n0vel.usb.com

An ice and snow sword field formed around her as the void seemed to condense. The terrifying cold aura permeated, turning into a vast expanse of snow, covering the sky and the sun.

It was not without reason that she was honored as the Snow Sword Immortal by the world. Just because of her attainments in the Dao of Ice and Snow, no one in the same realm could match her.

As far as the eye could see, the world was the domain of ice and snow. The appearance of Snow Sword Immortal shocked the entire ancient mulberry city. A Sword Immortal had suddenly appeared here, and the sensation caused was absolutely shocking. All the creatures and cultivators looked up in shock, completely confused.

“Looks like the time has come.”

“You can choose to make a move.”

Sensing this energy fluctuation, all the patriarchs in the several big families in Ancient Mulberry City showed bright eyes. They vaguely guessed something, and immediately dispatched the strong members of the family.

If the Sword Immortals from all continents wanted to take action against Gu Changge, they would naturally have to join hands. After all, this was a once-in-a-lifetime opportunity.

“You are that Mr. Gu?”

A chilling voice came from afar. Above the sky, a meteor-like figure was approaching rapidly. He had a white beard, was dressed in a Taoist robe of stars, holding a seven-star Taoist sword in his hand, exuding an awe-inspiring aura all over his body.

There was no doubt that this was the existence at the Sword Immortal level. The majestic aura was like a supreme mountain, pressing on the hearts of every creature in Ancient Mulberry City.

On the wall of Ancient Mulberry City, Gu Changge stood above as Alpha stood behind him like an iron tower with a terrifying power converging like a god, which made the cultivators in the whole of Ancient Mulberry City tremble and suffocate.

“The most powerful person in this world is only at this level?” Gu Changge said with a chuckle without much change in his expression.

“Don’t be rampant. Every extraterrestrial demon will be punished. If you are smart, the old man advises you to give up without a fight. Resistance is futile.” This figure landed outside Ancient Mulberry City, his eyes were as bright as the stars, revealing a sword light that would shatter the void.

“What?” Hearing these words, the entire Ancient Mulberry City was in an uproar, and everyone’s eyes widened in disbelief, wondering if they heard it wrong.

Extraterrestrial demon?

That young man who came back with Miss Ah Qing turned out to be an extraterrestrial demon. Many people’s expressions became terrified.

The complexions of Ah Qing and Princess Xuandie in the City Lord’s Mansion changed, and they felt that something was going wrong.

This Sword Immortal obviously wanted to expose Gu Changge’s identity, thereby arousing the anger of the crowd, but in doing so, he completely pushed Gu Changge to the opposite side of the Jianxuan Great World.

What he did seemed to them to be utterly foolish. Although Gu Changge had never shown his strength since he dared to come to the Jianxuan world so openly, why would he worry about this?

“Only you, how come you have the guts to say that to me?” On the city wall, Gu Changge slightly raised his eyebrows, as if quite surprised.

“It’s really courageous, but I want to see what you can do in this world of ours?” The old man in the Taoist robes said coldly, with murderous intent flashing deep in his eyes.

His most promising offspring was buried in the hands of the Heavenly Demons outside the Territory. Therefore, he hated every heavenly demon from outside the territory, wishing to wipe them out.

Although the old Sword Immortal of Shu Sect called everyone to capture Gu Changge with the Sword Immortal Order, he wished to surround and kill Gu Changge here.

At the step of the Sword Immortal level, he also had some understanding of the heaven and earth rules of the Jianxuan Great World, knowing that although Gu Changge was terrifying, he would definitely not be able to display his original strength in this world.

What was more, he was not the only one who came to capture and attack Gu Changge this time. Not to mention the overwhelming power of the entire Jianxuan Great World pouring out, even though it was not much different, it could be called a net of heaven and earth.

“Xingchen Sword Immortal, don’t mistake yourself, Mr. Gu has no malice toward the Jianxuan Great World, what you do will only bring disaster.”

Snow Sword Immortal stepped forward through the air, her bright eyes under the mask looked coldly at the old man in the Taoist robe. Her voice was cold, although it was not loud, it contained a terrifying will, covering the entire ancient mulberry city.

Everyone who was in a panic at first didn't understand what was happening. They did understand that Snow Sword Immortal's prestige in the Jianxuan world was far higher than that of this old man. But at this time, she actually deliberately protected that extraterritorial demon?

"Snow Sword Immortal, are you determined to protect this person and become our enemy?" Sword Immortal Xingchen's eyes were also very cold. He didn't expect that Sword Immortal Xue would stand up at this time, which was beyond his expectation.

"I'm saving you." Snow Sword Immortal said coldly, the Ice and Snow domain spread under his feet, turning into a vast expanse of snow, sweeping away and freezing the void into a terrifying gray rift.

"I didn't expect you to favor an extraterrestrial demon. I think you are controlled by him." Xingchen Sword Immortal said coldly.

In the City Lord's Mansion, Lin En, who was dressed as a butler, also frowned at this moment. He stepped on mysterious steps, disappeared all of a sudden, and appeared in another area without revealing his real body.

"Why is Senior Sister helping Mr. Gu?" He was a little puzzled, originally he thought that Snow Sword Immortal came here because of the Sword Immortal Order.

Boom!!

At this time, the old man in the Taoist robe of the stars turned cold, and he had already made a move. He raised his big hand, displaying a powerful sword move.

Immediately, twelve swords slashed over, each of which was extremely terrifying, with the roaring sound of gods and demons in the sky.

One sword, one world!

The power of the sword from the Twelve Star God Formation shocked the world, one sword opened up a world, and there was a cycle of the earth, fire, wind, and water inside.

This was the might of the Sword Immortal level. The cultivators in the entire Ancient Mulberry City trembled endlessly under this terrifying aura, and it was difficult to resist.

"The Sword Immortal of the Stars. Six hundred years ago, he realized the stars outside the world and took the last step with this. Now the Dao of the Stars and Swords had reached perfection. This array of twelve stars contains the power of gods and ghosts, and they could wipe out all enemies!"

The old city lord looked dignified. Although he was not weak, he was still no different from an ant in front of the sword immortal.

Ah Qing and Princess Xuandie also frowned.

"You really attacked?"

Snow Sword Immortal's face turned cold. A large piece of ice and snow was condensing, turning into an ice shield as it rushed forward from the front, trying to block the sword formation.

However, it was obvious that the Star Sword Immortal had been prepared for a long time. Instead of using such a method, there was a star-like brilliance flowing from his sleeves, piercing into the surrounding void.

“Hehe, the old man wants to see what methods you have?” Xingchen Sword Immortal sneered, his eyes full of killing intent.

At the same time, there was an aura that horrified everyone in Ancient Mulberry City. There was brilliance transpiring into the sky in the four fields, like an eternal furnace burning.

“This person really has good tricks, is he going to refine us alive here?!” The old city lord frowned.

In the void from all directions, there were ancient altars hanging one after another, like starlight, engraved with mysterious divine patterns and emitting strands of terrifying brilliance, intertwined together.

“Star Sealing Blood Sacrifice!” Snow Sword Immortal also changed color slightly, this was a terrifying pattern. Once trapped in it, it could sacrifice people alive, and it was impossible to resist it.

She didn’t expect that this Star Sword Immortal would use this kind of method, which was simply ruthless, completely ignoring everyone in Ancient Mulberry City.

At this time, everyone in Ancient Mulberry City suddenly panicked, feeling that their flesh and blood seemed to be burning. Even their souls and spiritual aura poured out uncontrollably.

Many people even exploded directly, being affected by the power of this blood sacrifice, their bodies and spirits were completely destroyed.

“What!”

However, at the next moment, a scream suddenly sounded, thick blood filled the air, and there was a shuddering, skin-like aura intertwined between heaven and earth.

The terrifying fist print seemed to run through eternity, mixed with pitch-black devilish energy. It directly tore apart all the divine lines and the star sword in front of them, and blasted the body of the Xing Chen Sword Immortal.

“Impossible!”

His eyes were full of shock and disbelief, before he could even react, he realized that a tall specter like an iron tower had appeared in front of him.

When the opponent punched down, everything in front of him fell apart and exploded!

This was a frightening and horrifying scene. The Star Sword Immortal, who was extremely powerful just now, turned into a blood mist in an instant, mixed with bone residue that permeated the void.

One must know that this was a Sword Immortal! An existence standing at the pinnacle of the Jianxuan Great World!

“It’s definitely not the ninth level, just the strength of his physical body surpasses the Sword Immortal...” The old city lord and others looked at Alpha in shock, never expecting that this subordinate who followed Gu Changge silently was so powerful.

Just relying on the strength of the physical body to kill the Sword Immortal with one punch?

Chapter 625: Experience what despair is, Like a dream

There was a dead silence in front of Ancient Mulberry City, only the bone residue mixed with blood mist still permeated the void, informing everyone of what had transpired just now.

Even Snow Sword Immortal, who wanted to stop it, looked at all this in a daze, as if her brain hadn’t reacted yet. Several major families in the city fell silent, terrified to the extreme. Their Patriarchs trembled uncontrollably, looking at Gu Changge as if they were looking at some great horror.

“What a terrifying strength.” Ah Qing, Princess Xuandie, and the others all stared wide-eyed, wondering if it had all been an illusion.

Although the Star Sword Immortal was not well-known in the Jianxuan World, he was also a genuine Sword Immortal, and was from a group of people standing at the top. But now he was directly punched to death by the subordinates behind Gu Changge, destroyed in both body and spirit?

They never thought that the subordinate who had been silent by Gu Changge’s side would be so terrifying. This scene was too shocking, it made many people’s heads buzz and went blank.

“A physical body that surpasses the Sword Immortal level, how is this possible, without using spiritual energy at all...”

In an area of Ancient Mulberry City, Lin En’s pupils shrank as a huge wave surfed in his heart. With his unique vision, he could naturally see it. The terrifying figure like an iron tower just now suppressed the Star Sword Immortal by virtue of its physical strength.

Then, being caught off guard, he was bombarded with infinite force, submerging him like a hundred thousand sacred mountains. There was no possibility of blocking it, and its power could be called destruction.

This was a horrifying and shuddering fact. He felt that even if his true body had come in person, it would probably be difficult to resist this unexpected punch.

Lin En even clearly noticed that within the void he stepped on, there was a terrifying gray crack, from which the aura of chaos and astral wind spewed out. Such a physical body could only be described as monstrous.

The fall of a Sword Immortal caused a huge commotion in Ancient Mulberry City. Everyone who witnessed the scene just now was trembling and frightened to the extreme, feeling that the sky was about to collapse.

In their eyes, the Sword Immortal was the representative of invincibility, but now he was killed by the fist of the extraterritorial demon. This was tantamount to letting their world gradually collapse and shatter.

Seeing Gu Changge with a flat expression on the city wall, who was still downplaying, everyone felt a chill coming down their spine as they were clad in inexplicable fear.

In his eyes, the death and fall of a Sword Immortal seemed to be the same as crushing an ant to death.

“It seems that I still worried too much,” Snow Sword Immortal took a deep breath, calmed down as she descended from the sky.

Although she couldn’t bear the fall of the Star Sword Immortal, he asked for it himself, and no one else was to blame.

“There should be a power behind him, right?”

On the city wall, Gu Changge raised his eyes unhurriedly and looked away, as if he didn’t care about this scene before asking Snow Sword Immortal.

After all, Alpha was born by bathing in the true blood of the Demon Lord, and his physical body was terrifying, not a bit inferior to ordinary Enlightened beings.

What was more, in Gu Changge’s opinion, the Sword Immortals in this world were at most at the Quasi-Emperor Realm.

The difference in strength between the two was so great that it was not an exaggeration to describe it as a natural moat. How could this Star Sword Immortal be able to stop Alpha?

“Behind him is the Star Sword Valley. This matter is due to Star Sword Immortal moving his own way, and has nothing to do with Jianxuan Great World.”

For some reason, Snow Sword Immortal felt a chill, and the expression on her face under the mask changed slightly, but she still said bravely. She had not encountered such a feeling for a long time ever since she entered the level of the Sword Immortal.

Standing in front of Gu Changge made her restless, the hairs on her skin stood on end, and she couldn’t help trembling.

Although she had already dissuaded Xingchen Sword Immortal about today’s matter, he ignored it and still wanted to take action against Gu Changge. Any consequences should be borne by Xingchen Sword Immortal himself. And she vaguely guessed the purpose of Gu Changge’s question.

“Star Sword Valley?”

Gu Changge’s expression didn’t change, he still smiled casually, “Although I’ve always been aloof from the world since others provoke me, it’s impossible to do nothing, right?”

“Alpha.” Having said this, he restrained his smile, and said lightly, “There is no need for this force to exist in the world anymore.”

“Yes, my lord.” Alpha received his order with an indifferent expression on his face. He directly tore open the void in front of him with his big hands and stepped within.

For him, killing Xingchen Sword Immortal was like crushing an ant to death, there was no difference. This Star Sword Valley could be destroyed by raising a hand.

Seeing this scene, everyone in Ancient Mulberry City trembled and their complexions turned pale, showing fear.

They never expected that Gu Changge would destroy the Star Sword Valley with just a slight disagreement with each other. That was a powerful force comparable to the Southern Ming Dynasty.

Although Snow Sword Immortal wanted to stop it, she could only sigh and remain silent.

Star Sword Immortal was the strongest in Star Sword Valley, when even he died so tragically, what would happen to Star Sword Valley, she didn't need to think too much.

On the other hand, she also understood the truth. For Gu Changge, their life and death were not important, the important thing was not to hinder or provoke him.

Gu Changge was not a kind person either.

Ah Qing, Princess Xuandie, and the others were also silent. At this juncture, no one dared to persuade Gu Changge, after all, they were not stupid.

Although Gu Changge's attitude towards them was extremely gentle and polite on, it did not imply the amount of status status they could occupy in Gu Changge's eyes. Who would be a simple person once they had reached this level?

"Since you're all here, why should you leave in such a hurry?"

At this time, Gu Changge's gaze fell somewhere, and he spoke again, his expression unchanged. Snow Sword Immortal and others were slightly shocked when they heard the words, and looked in the direction Gu Changge's words.

Boom!!

In the next moment, there was a violent earthquake between the heavens and the earth, and a terrifying aura that spread far and wide filled the air.

Gu Changge thrust his palm somewhere in the empty space. With this palm, the world became dim, and light was disappearing as if falling into eternal darkness.

A boundless and terrifying hand seemed to protrude from the black hole of the universe. It was powerful and terrifying. With a shock, all directions were destroyed, and everything was shattered.

The void collapsed immediately, and countless dense cracks appeared like a spider web, collapsing into nothingness.

"What is that?"

"Are we going to die?"

Countless cultivators within a radius of tens of millions felt a sense of shuddering, wanting to kneel down in that direction and worship.

The people in the entire Ancient Mulberry City had the most profound experience as if the doomsday catastrophe was arriving, the aura was suffocating, and their bodies and souls would collapse in this aura.

They were incomparably horrified. *n0veLusb.CO*m

Even Snow Sword Immortal's soul trembled as her face was unprecedentedly dignified, and she felt Gu Changge's terror.

With the degree of suppression from the laws of heaven and earth, he still had enough strength to push the world horizontally with one hand.

"What!"

Between the heavens and the earth, there was a tooth-piercing sound of bones breaking and screams.

A certain place in the void collapsed quickly, and blood filled it as several figures hiding in it showed their traces. But now they were all extremely miserable, being grabbed by a terrifying big black hand, unable to move, holding them in the palm with a terrified expression, full of despair. Bones were exploding, and their bodies were collapsing.

"That's the Heavenly Demon Granny, Dust Sword Immortal, and an unrivaled old imperial lord of a dynasty..."

Everyone in Ancient Mulberry City trembled in fear and recognized the identities of these people.

There was no doubt that these were the existences at the Sword Immortal level. Especially the old woman with disheveled hair was the famous Heavenly Demon Granny who possessed the Heavenly Demon Sword Spirit.

Four thousand years ago, she achieved a great reputation in the Jianxuan Great World, which was by no means comparable to the Star Sword Immortal. But today she was miserable, her whole body was covered in blood, her bones were shattered and collapsed, and she was about to die physically and spiritually.

The other two Sword Immortals were also extremely miserable. They were so suppressed that they couldn't even move, and they were almost crushed into a cloud of blood.

That terrifying big black hand covered everything like the hand of a heavenly emperor, holding the three Sword Immortals with a palpitating and desperate power, just like holding three small bugs.

"They should have come here because of the Sword Immortal Order with the Star Sword Immortal. Seeing that the situation is not right, they wanted to retreat."

Snow Sword Immortal frowned, and her old acquaintance Heavenly Demon Granny was among them. The two had conflicts before, and their strengths were evenly matched. But later, when she came to understand the Ice and Snow Domain, the Heavenly Demon Granny lost to her, so she disappeared without a trace.

She never thought that the Heavenly Demon Granny would appear here in such a way.

Seeing the stern look of the Heavenly Demon Granny, she couldn't help feeling complicated.

Everyone in Ancient Mulberry City also watched this scene tremblingly. The Sword Immortal, who was usually aloof, someone they looked up to and worshiped.

Today, they were begging for mercy so sternly, reduced to fish on the chopping board. Their life and death could not be controlled by them, and such a big contrast made them even more terrified.

"Just you, you also want to capture and kill me?"

Gu Changge's expression didn't change, he stood on the city wall and spoke casually.

"Forgive me..."

"We all came here under the order of the old Sword Immortal of Shu Sect, it doesn't matter to us! We are just following orders, without any malice..."

Heavenly Demon Granny and the others all looked stern and terrified, blood mist could not stop filling their bodies. Their bones creaked, and they were almost crushed into ashes.

After seeing the fall of the Star Sword Immortal just now, they felt that the situation was not right and wanted to escape. But a terrifying aura like the will of heaven and earth shrouded down, sealing every inch of the void.

Then a big hand that covered the sky and the sun arrived, and it seemed that the universe was condensed in it. They had no chance to escape. After becoming the Sword Immortal, they realized what it meant to be weak and desperate for the first time.

That was simply not a force they could contend with.

It was ridiculous that they thought they could capture Gu Changge with a large number of people, thereby forcing back many extraterritorial demons. It was no different from dreaming.

In this desperate situation, they just wanted to survive.

"The old Sword Immortal of Shu Sect? Sword Immortal's Order? Don't worry, he will go down to accompany you soon." Gu Changge smiled lightly, his eyes did not fluctuate.

"Forgive me..." Sensing Gu Changge's killing intent, the three Sword Immortals, Heavenly Demon Granny, displayed despair and fear in their eyes. They never thought that they would die in such a useless way all their life.

In front of the Ancient Mulberry City, everyone was trembling and frightened to the extreme, feeling that something that would sweep the entire Jianxuan World would definitely happen today, and would set off a shocking wave.

In the next moment, Gu Changge shook his head lightly, and the terrifying black hands in the void suddenly closed together. It was as if endless rays of light intertwined and fell within them, and then exploded with a bang, turning into blood mist all over the sky.

Chapter 626: Stirring the Jianxuan Great World, Gloating

The big black hand stretched across the heaven and the earth spread thousands of miles and held the three Sword Immortals in its palm. With that they were crushed into ashes, and only screams of terror and despair permeated the air. This was a thrilling and frightening scene.

Even Snow Sword Immortal, who was also in the Sword Immortal level, felt a chill, and her jade hands under the plain skirt could not help but clenched tightly. This was an indescribable gap, and it was not an exaggeration to describe it as a natural moat.

Even she felt a deep sense of powerlessness and despair. If she were to face these three Sword Immortals, she would definitely die. But in front of Gu Changge, they were as fragile as paper and could be killed with just one palm.

At this moment, Snow Sword Immortal finally understood why she searched for the souls of those extraterrestrial demons. That group of people would have such a deep fear of the word Gu Changge, just like ants facing a true dragon.

The feeling of kneeling and trembling seemed to emerge from the deepest part of the soul, which was indelible. It turned out that this was the reason.

Ah Qing and Princess Xuandie, looked at Gu Changge whose expression had not changed on the city wall, feeling extremely strange for some reason. Even a Sword Immortal was no different from an ant in his eyes.

“Perhaps this is the benefactor’s true personality. He is still too gentle in front of us.” Ah Qing whispered.

The old city lord and others beside her also had fear and awe in their eyes. Before, they treated Gu Changge as a benefactor and were worried that something might happen to him. But after seeing this scene, they suddenly realized that since he dared to come to the Jianxuan Great World so calmly, he was not worried about any crisis. This kind of invincible terrifying strength was his confidence.

“How did he do it? Obviously, this world does not allow people with such strength to appear?” Lin En’s pupils contracted violently, unable to hide the shock in his heart.

Originally, he was quite proud of reaching the Sword Immortal level in his twenties. But today he was finally hit with reality, and all of this was unbelievable to him like a dream.

At this moment, Lin En felt a strong crisis. If Gu Changge wanted to kill him, even if he came in his true body, it would be hard to block him!

And now, his master, that was, the old Sword Immortal had issued a Sword Immortal Order to the Sword Immortals all over the world to encircle and suppress Gu Changge.

This could give birth to endless hatred! How could Gu Changge let Shu Sect go? Let go of the old Sword Immortal?

“No, my strength is still too weak, I must find a way to become stronger, otherwise I will definitely not be able to protect Shu Sect!” Lin En’s eyes gradually became serious, and he felt that his shoulders became much heavier.

“It seems that at the Sword Immortal level, the strength is also different...”

Above the sky, Gu Changge shook his head lightly, not caring about the fearful expressions of the people around him, and came down from the city wall.

In his opinion, the Star Sword Immortal could be regarded as the Quasi-Emperor Realm at best. The few Sword Immortals just now were more than a bit stronger than the Star Sword Immortal.

This might be due to the influence of the heaven and earth laws of the Jianxuan Great World. From his point of view, this big world could obviously give birth to more powerful existences. Because of the existence of the will of heaven and earth, characters who were too powerful were not allowed to be born, so as not to escape its control.

Judging from the strength of Heavenly Demon Granny and others, it further confirmed Gu Changge's guess. These characters could be regarded as standing at the pinnacle of the Jianxuan Great World. But it was still too far away from the Realm of Enlightenment.

"The will of heaven and earth in this world, it seems that the conspiracy is not small..." Gu Changge had a vague guess in his heart.

After all, after the birth of the will of Heaven and Earth, it would definitely not be as ruthless as before.
n0veluSB.com

Otherwise, with the level of background of this world, how could there not be an existence at the level of an Enlightened being?

As Gu Changge stepped into Ancient Mulberry City. Everyone looked at him with horror, and couldn't help but retreat. The Patriarchs of several major families who planned to join forces with several Sword Immortals before were also terrified and trembling all over.

"It seems that you also want to attack me?" Gu Changge glanced at them casually and uttered.

The head of the Wu family and the others felt that their blood was frozen at this moment. The soul was disintegrated into ashes, and the whole person was completely wiped out from this world.

They just wanted to explain, but when the words came to their lips, they trembled and couldn't speak at all.

Boom!

In the next moment, Gu Changge's eyes fell over, and the terrifying pressure poured down like a mountain torrent. A strand was as heavy as ten thousand junctures, crushing the void and breaking the laws.

The many buildings and pavilions in front of them disappeared in an instant as if turned into ashes. Everyone, including the Patriarch of the Wu family, also collapsed in an instant, and their flesh and soul were reduced to ashes.

Thick blood mist filled the space between the sky and the earth, swaying down like splashed ink. There were many broken weapon fragments and bones mixed in it, making all the cultivators in the Ancient Mulberry City tremble and fear.

They could naturally see that when Heavenly Demon Granny and others showed up, these big families all intended to do something. But it seemed that Gu Changge saw through their intentions very early on.

Today, four Sword Immortals died outside Ancient Mulberry City, and they died one after another because of one person. Even when they broke through the rift outside the sky, so many peak powerhouses had never died.

This was definitely a terrible loss for the Jianxuan Great World.

The news of this place was transmitted almost immediately, causing a sensation in the thirteen states of the Jianxuan Great World, and causing countless cultivators to be terrified and horrified.

No one expected that such a shocking event would happen on the mainland when the armies sent by many forces were on the front line to resist the demons from outside the territory.

The fall of the four Sword Immortals was absolutely unimaginable in peacetime. And now, it was equivalent to dying tragically at the hands of the same person.

On that day, the Star Sword Valley was razed to the ground by a powerhouse. Within a radius of hundreds of thousands of miles, a terrifying pit appeared, devastating everything, and turned into ruins.

This was a powerful force that had been passed down for tens of thousands of years, with an extremely profound foundation, and there was a Sword Immortal residing in it. But he was still slaughtered by one person, and he was completely removed from this world!

This matter made all the forces in the Jianxuan Great World tremble with fear, worrying that the disaster would burn their own heads. Many people were aware of the cause of this matter, if the old Sword Immortal did not unleash the Sword Immortal Order, this disaster would not have been incurred.

It could even be said that the existence of the Sword Immortal Order was the source!

And the old Sword Immortal was the culprit.

“It’s just looking for death. It’s not good to provoke anyone, but that one being.”

“They really don’t know how to live or die, insisting on bumping into the knife...”

Many cultivators and creatures of the Upper Realm who learned about this matter ridiculed as they laughed and gloated.

On the contrary, they expressed sympathy for the many forces in the Jianxuan Great World.

Tuoba Xiaoyao, who had already infiltrated the Shu Sect, had a drastic change in expression. He felt that the action of the old Sword Immortal was to lead the flames of war to the Shu Sect, which might lead to the failure of his plan.

Chapter 627: Lawless and unrestrained land, Which is more important?

Shu Sect was one of the best sword-cultivating sacred lands in the Jianxuan Great World. The Sword Immortals in the world originated from Shu Sect. It was not without reason that this saying had spread in the thirteen states.

In the restricted area of Shu Sect's back mountain, there was a sword-casting pool covering thousands of miles. Rumor had it that it was built by the first master of the Shu Sect. It was taken from a meteorite from outside the sky, and forged in more than 100,000 ways before it was condensed. It had more than 300,000 divine swords.

Whenever the full moon or the sun scorched the sky, there would be the sound of thousands of swords screaming together, enabling one to interpret many mysterious sword intent.

Countless sword shadows hovered between the sky and the earth with the sword energy intertwined. Many disciples and elders of the Shu Sect had come here to comprehend the way of the sword, to proceed in their levels quickly.

This was one of the forbidden places of the Shu Sect. At the same time, in the Sword Pavilion standing on the top of the cloud, there were different kinds of swordsmanship as well as divine powers collected by the elders and disciples of the Shu Sect. These were extremely powerful and had the ability to subdue gods and demons.

Sword-casting Pond and Sword Pavilion were the two forbidden places of the Shu Sect. They were specially guarded by elders at the ninth level, and even flies could not fly into them on normal days.

But at this moment, Tuoba Xiaoyao, who was a visitor from outside the sky, had stepped into the gate of the Sword Pavillion in a grand manner. With a calm expression, he walked into the pavilion on foot.

He was wearing the clothes of the disciples of the Shu sect, and there was a faint sense of sword aura. Even the lame elder who was in charge of guarding the gate of the temple showed his appreciation for him.

With the pure aura of a disciple of the Shu Sect, he could comprehend a powerful sword intent at such an age. Within a few years, he would definitely be the pillar of the Shu Sect.

"Things are different... I can't see anything of what it used to be."

The elder at the gate of Sword Pavillion naturally didn't know what Tuoba Xiaoyao was thinking at the moment.

He looked at the neatly arranged bookshelves in the Sword Pavillion, looking for those familiar jade slips, his eyes gradually turning dazed.

Once upon a time, like other disciples, he read various classics and techniques from here, but now he couldn't see a single familiar person. Even the lame elder at the door was an extremely unfamiliar face.

Ever since he observed the fall of his Ancestor while crossing the catastrophe, too many things had happened in Shu Sect, and even many classics in this Sword Pavilion were lost.

"I hope a solution can be found, my sister's life is still in the hands of Gu Changege."

When he came back to his senses, Tuoba Xiaoyao's figure gradually disappeared among the many jade slips as he began to read them continuously, from the first floor to the eighth floor.

During this period, he met many Shu Sect's disciples who cast strange eyes on him, but he turned a blind eye to them.

Tuoba Xiaoyao understood that sooner or later Shu Sect would come into Gu Changge's field of vision, and the secret that he was a disciple of the Shu Sect might be revealed at that time.

As a result, no matter whether it was the Upper Realm or the Jianxuan Great World, there would be no place for him. Therefore, he had to find a way to save his sister from Gu Changge before the troops from the Upper Realm who entered this realm noticed Shu Sect.

Because of the existence of the Heavenly Sword Embryo, Gu Changge would not do anything to him in a short time, but when the Heavenly Sword fell into Gu Changge's hands, everything would be unclear.

Thus, during this period, he must do everything possible to improve his strength and find the means and confidence to counter Gu Changge.

"Buzz..."

At the same time, in Shu Sect's Sword Casting Pool, there were hundreds of millions of swords trembling. The many divine swords located among the cliffs, stones, and valleys seemed to be cheering, just like worshipping the emperor of swords.

A slender figure sat cross-legged in the depths of the Sword Casting Pond, his breath was calm, his eyes closed, surrounded by many sword shadows, undulating like a king.

At this moment, he suddenly opened his eyes, and the sword shadows of the heavens were reflected in the depths of his eyes, which seemed to be able to split the long river of time and endless void.

"Such a serious problem is not only the enemy of our Shu Sect but also the enemy of the Jianxuan Great World."

This figure was naturally Lin En, the Young Ancestor of the Shu Sect.

Different from the incarnation from the Ancient Mulberry City, the one in the front was the true body, and his strength had already reached the level of the Sword Immortal.

Even the old Sword Immortal who once taught him was defeated by his sword a few years ago. To put it bluntly, in the current Jianxuan Great World, he should be the strongest person!

Lin En's figure stepped out of the Sword-Casting Pool, and the many divine swords around him also slowly turned silent, showing their devout worship of him.

He looked in the direction of Ancient Mulberry City, frowning tightly. The connection between the avatar and the body was quite deep, so he was very aware of what happened in Ancient Mulberry City. The fall of the four Sword Immortals was really shocking.

Until now, the entire thirteen states of the Jianxuan Great World were still in a panic.

The terrifying strength displayed by Gu Changge brought a deep sense of powerlessness and despair to everyone. It was absolutely invincible and crushing, there was no second possibility at all.

Even if he tried all means with his true body, he would not be Gu Changge's opponent. But now, this terrifying enemy was planning to attack Shu Sect and the old Sword Immortal. After all, the Sword Immortal Order was issued by the old Sword Immortal.

“Master is far from being the opponent of Gu Changge. Even if the patriarch who crossed the catastrophe from back then was here, he probably wouldn’t be able to resist. This is the disaster of my Shu Sect. It seems that Boundless Valley is the only way to proceed. Otherwise, the Jianxuan world would not be destroyed first, but my Shu Sect will be razed to the ground ahead of it.”

Lin En sighed softly, and took a step forward, the void blurred, and his figure quickly disappeared.

The Boundless Valley he mentioned was a mysterious place in the Jianxuan Great World.

There was no law, no sky, no ground, no restraints, the sky was spherical and the place seemed to be boundless. If a cultivator stepped into it, there was no other possibility except being trapped to death.

Even he once only stopped at the outermost part of the Boundless Valley, sensing the great danger in it, and did not continue to step in. But fortune and misfortune had been intertwined since ancient times. A divination and swordsmanship that Lin En accidentally practiced told him that there would be a glimmer of life there.

So he decided to enter the Boundless Valley first before Gu Changge attacked Shu Sect.

“The one surnamed Gu will never let my Shu Sect unscathed. For the current plan, we can only find a chance of survival by joining forces with the Sword Sect, Mount Kong, and other forces. Snow Sword Immortal has already betrayed the Sword Sect, and she still doesn’t understand that the surname Gu had no good intentions...”

At this moment, in the hall of the Shu Sect Master, many elders gathered together. The current Shu Sect Master including old Sword Immortal and others were also impressively included within the line up.

The person who spoke was none other than the old Sword Immortal. He stroked his beard, and his eyes were heavy with a bit of anger. It was obvious that he hated Snow Sword Immortal.

In his opinion, Gu Changge’s strength was enough to sweep the Jianxuan World, how could he come here for no reason, and inform them of the method to fight against the extraterritorial demons?

This in itself was unreasonable, but Snow Sword Immortal chose to believe in Gu Changge, which made him extremely angry. However, as the words of the old Sword Immortal fell, the hall fell into silence.

Many elders, including Yi Jianxian, the Sect Master of the Shu Sect, were also silent.

The matter of the old Sword Immortal issuing the Sword Immortal Order without authorization had actually violated the rules of the Shu Sect, but with his seniority and strength, no one dared to say anything more.

Yet now he still couldn’t see the situation clearly. Gu Changge had no intention to take action against Shu Sect. But after this incident, the Shu Sect had become his enemy.

They could still see clearly which side was more important.

Chapter 628: Shu Sect’s Plan, Intention of the Origin of the World

There was silence in the main hall of the Shu Sect, and no one spoke. They were just staring quietly at the old Sword Immortal in the middle. It was related to the life and death of the Shu Sect, even if the old Sword Immortal had an astonishing seniority, he couldn't talk about it at this time.

Many elders looked at each other a few times, and their eyes flashed with thought and unwillingness.

"What Master Uncle said is reasonable, but my Shu Sect didn't need to bring about such a disaster. The strength of Mr. Gu is much more terrifying than the group of extraterrestrial demons who invaded."

Finally, the current master of the Shu Sect, the refined man known as Yi Jianxian by the world, spoke with a somewhat helpless expression.

Gu Changge's strength was now well understood by the entire Jianxuan world as he crushed the three Sword Immortals to death with one palm. Not to mention the Shu Sect, even if the strongest of all the powers in the thirteen States were combined, it would still be difficult to compete.

And the reason for all of this was that the old Sword Immortal issued the Sword Immortal Order without authorization. Originally, Gu Changge and Jianxuan Great World could live in peace.

"So you're all blaming the old man now?" The old Sword Immortal was not stupid, he quickly figured out the plans of everyone in the hall, and said sullenly.

He really didn't expect that at this juncture, Shu Sect wasn't thinking about how to counter Gu Changge and avoid this disaster, instead they were still blaming him. This made him very disappointed. How could this group of disciples and grandchildren forget about their blood, and only knew how to accept the outcome?

How could Gu Changge be such a good person when the Jianxuan Great World encountered such a catastrophe?

It was just that he pretended very well, and now not only was Snow Sword Immortal deceived by him, even the elders of Shu Sect were so afraid and dared not fight.

"Master, we all understand what you want to say, but my Shu Sect really can't bear such a big loss. The Star Sword Valley is now in ruins. As for the reason, I think you are very clear."

"Even if the young master surnamed Gu has no good intentions, we are still safe until his real intention is disclosed. We can continue to procrastinate and find a solution." Yi Jianxian sighed softly.

He had already made things very clear, if Shu Sect started a war with Gu Changge, it would be like hitting an egg against a rock. Apart from being wiped out, there would be no other end.

Now Shu Sect still had the last hope, which was to wait until the will of heaven and earth recovered, and wait for this world to make a big reversal. This was the enlightenment and method they received at the ancient altar.

"The old man understands, so you are planning to catch the old man today and make an apology to that surnamed Gu, so as to avoid this disaster? Right?" Hearing this, the old Sword Immortal suddenly displayed a sneer. The face that originally looked like an immortal was now full of sadness.

Inside the hall of Shu Sect, everything was solemn and silent, all the elders did not speak, and only the sound of the sword's cry echoed between heaven and earth.

"Okay, okay, okay, that boy Lin En will avenge me then." The old Sword Immortal suddenly laughed, and slowly swept over everyone, full of disdain.

"I believe that he is the last hope of our world, not the will of the world that you entrust."

Yi Jianxian said without changing his expression, "Uncle, please don't make things difficult for me."

On that day, a terrible incident happened in Shu Sect, which shocked all the disciples. The ancient bells among the peaks trembled endlessly, and the swords flowed one after another, sweeping across the sky and the earth, rushing to the main peak.

An ancestor of the Shu Sect, that was, the old Sword Immortal, who had issued the Sword Immortal Order without authorization, causing great disasters for the Shu Sect and even the Thirteen Jianxuan Sects, had now been subdued.

When the news came out, the entire Jianxuan Great World was shocked. The Sword Sect, Mount Kong, and other forces were even more shocked. Countless cultivators and creatures all stared wide-eyed in disbelief, wondering if they heard it wrong.

The old Sword Immortal of the Shu Sect was the supreme figure in the hearts of countless sword cultivators. There were many rumors about him from when he was young in various cities. The cliffs, sword valleys, and stone monuments he once practiced had now attracted countless people to observe and appreciate his sword intent.

But until now, he was abandoned by the Shu Sect and became an abandoned guy. This incident caused a sensation in the world. Every cultivator and living being was shocked.

Many young people who regarded the old Sword Immortal as god yelled in disbelief, and it was hard to believe all this. Undoubtedly, this was a helpless choice made by Shu Sect, and it was also a show of weakness to Gu Changge and their plea for mercy.

Many cultivators had noticed that in the face of such a catastrophe, Shu Sect immediately took down the culprit, Old Sword Immortal.

Such an attitude was already low enough, they just hoped that Gu Changge's anger would not implicate the Shu Sect. The Sword Sect, Mount Kong, and other forces were also the first to clear up their relationship.

At this time, they could see that Gu Changge and the group of extraterrestrial demons were not in the same group. As soon as they learned that Shu Sect had offended Gu Changge, those extraterrestrial demons showed gloating rather than anger.

So the best choice was not to provoke Gu Changge. The well water would not violate the river water so that they could live in peace.

"Master..." Lin En, who was rushing to the Boundless Valley, looked deeply for a long time. There was a strong murderous look in the air, but it quickly disappeared and calmed down.

He understood that if he wanted to rescue the old Sword Immortal, the only way was to kill Gu Changge or avenge the old Sword Immortal. But no matter which one it was, it was not something he could do now. So he must find a way to enter deep into the Boundless Valley!

“In order to avoid this calamity, Shu Sect took down the old Sword Immortal himself?”

Ah Qing and Princess Xuandie were also very surprised when they heard the news.

Because of the fact that Gu Changge crushed and killed the three Sword Immortals in Ancient Mulberry City, the entire Jianxuan world descended into a panic, and many forces were extremely disturbed.

Fortunately, they got very close to Gu Changge, so they didn't worry about that.

Now they were with Gu Changge, on the way to the Shu Sect to question their crimes when they just heard the news from the Shu Sect today.

“It would be wise for Shu Sect to do this, but if they do so, I'm afraid it will attract shame from the rest of the forces.”

Princess Xuandie frowned slightly, looking at the vast mountains in the distance, where the sword light could be seen whistling among the stretched mountains as the atmosphere was myriad.

That was where the Shu Sect was located. Unlike other forces, the Shu Sect was located in a deep mountain, but it was a precipitous place, shrouded in smoke and clouds. Many pavilions and palaces were located, which looked majestic and magnificent.

“Shu Sect was at fault for this matter, and the benefactor himself did nothing wrong.” Ah Qing nodded and said.

Hearing these words, Snow Sword Immortal's eyes under the white mask couldn't help revealing complicated things.

At that time, she persuaded the old Sword Immortal not to act rashly, but the old Sword Immortal didn't listen to her and instead unleashed the Sword Immortal Order to try to capture Gu Changge. So everything was cause and effect, all drink and peck.

Judging from her friendship with the old Sword Immortal, she didn't want to see such a day appear, but unfortunately, things backfired.

“Swish!!”

“Swish!!”

Soon, from the direction of the Shu Sect in the front, there were countless divine lights arriving. All of them were the elders of the Shu Sect. They had already heard about Gu Changge's arrival, and they did not dare to neglect as their expressions were full of worry and fear.

In addition to the elders of the Shu Sect, Yi Jianxian and others were also impressively among them.

“What the old Sword Immortal did was not what our Shu Sect wished, and now he has been imprisoned, waiting for Young Master Gu to deal with him.” Yi Jianxian recognized Gu Changge standing in front at a glance, with an extremely respectful attitude.

The many disciples of the Shu sect who came over also showed fear on their faces, and they couldn't help trembling all over.

The man in front of them with an immortal figure and bones could crush the existence of the Sword Immortal to death with a raised hand. Even if the huge Shu sect was in front of him, there was no possibility of contending. Even if it was a god, it was difficult to describe the horror.

"You can rest assured that I do not like killing innocent people indiscriminately. Since you are sensible, I naturally won't blame you too much." Gu Changge nodded calmly.

To him, Shu Sect's attitude was not unexpected, and it saved him a lot of effort. He had also delayed a lot of time in this Jianxuan Great World, and just by this opportunity, he could use the power of the Shu Sect to find the origin of the world.

"I knew that my benefactor would not implicate Shu Sect." Ah Qing was not surprised at all.

Xue Jianxian and Princess Xuandie were secretly startled, they didn't expect Gu Changge to expose the matter so lightly. Hearing this, many elders of the Shu Sect, including Immortal Yi Jianxian, couldn't help but let out a long sigh of relief.

When the news traveled, the entire Shu Sect was shaken as many disciples did not expect Gu Changge to come so quickly. They were extremely frightened and fearful, thinking that a catastrophe was imminent. But soon after learning that Gu Changge had no intention of harming them, he breathed a sigh of relief and felt relieved.

Many disciples even felt that Gu Changge was really different from the group of extraterrestrial demons who invaded the world of Jianxuan. At least he would not kill innocent people indiscriminately. The words he said were not unbelievable.

As for the cultivation of the old Sword Immortal, it had long been abolished, and he was currently imprisoned in the Shu Sect Heavenly Prison.

Without Gu Changge's consent, it would be difficult to be released in this lifetime. For such an ant that could be easily crushed to death, Gu Changge himself was too lazy to take care of it.

However, from Snow Sword Immortal, he learned a lot of information. The Son of Luck that he saw in Ancient Mulberry City that day was the apprentice of this old Sword Immortal.

Now his aura was not in the Shu Sect and he seemed to have traveled a long way, which surprised Gu Changge. So after thinking about it, he still ordered the master of the Shu sect to save the old Sword Immortal.

After all, for the Son of Luck, this was his master, and it could still play a role more or less. The Shu Sect didn't know Gu Changge's intentions. Seeing his order, many elders were even more grateful, and it was hard to say thank you.

Soon, several days passed, and the entire Jianxuan Great World became more and more chaotic as the thirteen states were engulfed in the flames of war. Many forces of the Upper Realm dispatched even more armies, which could be termed as endless.

Up to now, even the likes at the Quasi-Emperor Realm were carrying the supreme secret treasure that hid their aura before descending, and engaging in wanton slaughter.

This made countless cultivators desperate, unable to perceive the slightest light. Powers such as Sword Sect and Mount Kong put their last hope on the will of heaven and earth.

In the depths of the Shu Sect, there was a magnificent palace, and Gu Changge lived there temporarily for the past few days.

At this moment, he was standing with his hands behind his back, his plain white clothes were spotless, and he looked up at the forbidden area of Shu Sect surrounded by sword aura, his eyes were thoughtful.

Many of the female disciples who came to deliver the spirit fruit and spirit wine were all in a daze. If it weren't for the incident in Ancient Mulberry City, who would have imagined that the existence of a Sword Immortal who was crushed to death would be such a son with a godly and immortal-like appearance?

Chapter 629: The role of the Dao fruit from the Epoch Tree, The agreed time limit has expired

“Is there anything special about that place?”

In the courtyard, Gu Changge stood with his hands behind his back. His hair was as crystal clear as black jade, oozing with radiant brilliance, and his entire person looked extraordinary and refined as if he could step into the air and enter immortality at any time.

He overlooked the two forbidden locations in the depths of the Shu Sect and asked the disciples of the Shu Sect who were behind him to deliver spirit melons and fruits.

“Reporting to Mr. Gu, that is the direction of Sword Pavilion and Sword Casting Pool. On normal days, only the elders and core disciples can enter in and out at will. If the rest of the disciples dared to set foot there, they would be abolished and expelled from the Shu Sect,” explained a female disciple of the Shu Sect.

There were countless skills and swordsmanship techniques recorded in the Sword Pavilion, and the Sword Casting Pool contained divine weapons. The two complemented each other, and this led to Shu Sect's dominance in the Jianxuan world. However, the Sword Pavilion and the Sword Casting Pool were closed as outsiders were not allowed to set foot.

“I see.” Gu Changge looked thoughtful and suddenly came to some conclusion.

Since Tuoba Xiaoyao still had the status of a first-level disciple of the Shu Sect, then the secret method that he used to refine the Heavenly Sword into the Heavenly Sword Embryo should have come from the Shu Sect.

If Tuoba Xiaoyao wanted to save his sister, he would definitely come to the Shu sect again. However, Gu Changge's goal was to hold the Heavenly Sword, and he didn't really care much about Tuoba Xiaoyao's life.

So judging from the current situation, sooner or later, Tuoba Xiaoyao would separate the Heavenly Sword from his body, and then take the initiative to hand it over to him.

During this process, Gu Changge only needed to notice the little tricks played by Tuoba Xiaoyao. Currently, he paid more attention to the origin of the world.

During this period of time, things developed just as he expected. As the war became more and more fierce, the forces of the entire Jianxuan Great World united to fight against the extraterritorial demons in the southern barren state.

Moreover, many forces were also sending disciples to search everywhere, trying to find traces of the will of heaven. This was good news for Gu Changge, as long as the will of heaven manifested, he could naturally follow it to find the origin of the world.

However, he always felt that the will of heaven in the Jianxuan Great World was deliberately avoiding the pursuit of everyone, and would not be easily revealed.

“In addition, the Epoch Tree is about to mature, and it’s time to release the news...”

Gu Changge’s consciousness sank into his own Inner Universe. Looking at the luxuriant and ancient towering ancient tree, wisps of chaotic mist descending as if there were stars condensing in the sky.

In a trance, one could see a river that crossed the endless era, flowing under this towering ancient tree. Many fragments of time were flying around, reflecting ancient scenes, such as the birth of thunder and lightning, the exhaustion of chaos, the shattering of heaven and earth, and the collapse of the universe...

The Epoch Tree, which was about to die, was now full of life again.

The Dao Fruit of Epoch tree, which was about to mature, seemed like a magnificent and dreamy nebula, floating among the treetops as if supporting the eternal blue sky. This Dao Fruit carried incomplete Luck and some broken Laws of the Upper Realm for hundreds of millions of years.

If it was integrated with the Laws of Heaven that belonged to the Upper Realm, it could cause a huge change in the environment of the world in an instant, returning to the most prosperous and glorious era.

It was difficult to achieve the Immortal Realm in the Upper Realm, and the Gate of Immortality could not be opened. The biggest reason was that after the first Immortal War in the Forbidden Era, the Laws were broken, and the environment of Heaven and Earth did not allow for it.

Although the Dao Fruit of Epoch Tree was almost ripe now. But Gu Changge only needed to seal it in his own Inner Universe, unless he was willing, no one could break through this aura.

He had also been planning to use this epoch Dao fruit to set up a game because, in his current state, it was difficult for ordinary Enlightened beings to help him.

The kind of existence that had been trapped in the Realm of Enlightenment for many years and had reached a bottleneck. These were beings that if the world allowed, could enter the Realm of Immortality at any time, and they were his goal.

If those beings knew that the Dao Fruit of the Epoch tree was ripe, they would definitely search for it like crazy, setting off endless bloody storms. That kind of character was equivalent to standing at the pinnacle of the Upper Realm, and their strength could be described as remnant Immortal.

With every gesture, the universe would be broken, the galaxy would be torn apart, and heaven and earth would be destroyed. If he chose an ordinary big world, they didn't even need their true bodies to come, and they only needed a wisp of their aura to shatter it.

What was more, he wanted to set up a situation to trap them, and then hunt and kill them. This was simply not going to work. So how to choose the location for the layout had become a problem for Gu Changge.

After a period of investigation, Gu Changge felt that the Jianxuan Great World in front of him was actually not quite suitable, and the existence of the will of the world would become an unexpected factor.

He gave up this plan for the time being. After all, it would take at least a while before he broke through the Realm of Immortality, and he could plan again during this period.

Soon, several days passed, and the outside world was raging with flames of war. Four of the thirteen states of the Jianxuan world had fallen as they were occupied by many forces of the Upper Realm.

The general trend had ended, at least on the brighter side, there was no possibility of any reversal. And in Shu Sect, Gu Changge also met someone he expected. However, he still displayed a somewhat surprised look as he smiled, and said, "It seems that you are quite punctual."

The person who had come was Tuoba Xiaoyao, but he came as a visitor from outside the region, not a disciple of the Shu Sect. Therefore, many disciples and elders of the Shu Sect did not dare to be negligent when they learned that he had come there to find Gu Changge, they hurriedly led the way.

Today was the deadline agreed upon between Gu Changge and him. If he did not hand over the Heavenly Sword to Gu Changge today, then his sister Tuoba Qingyu would also disappear from this world.

Tuoba Xiaoyao didn't dare to risk his sister's life. Fortunately, when he sneaked into Shu Sect some time ago, he found the jade slip in the Sword Pavilion and found the method to break the Heavenly Sword Embryo.

"I want to know about my sister's safety." Tuoba Xiaoyao said with a grave expression and got straight to the point. n0velus6.com

"Hand over the Heavenly Sword first." Gu Changge stood up and said casually, "You are not qualified to negotiate terms with me now."

After hearing the news, Princess Xuandie, Ah Qing and others were all standing outside the courtyard with a blank expression. They could tell that although Tuoba Xiaoyao had come from beyond the sky, he didn't seem to be on the same side as Gu Changge.

Although he remained calm, the hatred in his eyes could not be concealed.

"Hand over the Heavenly Sword?" Only the eyebrows under the mask of Snow Sword Immortal frowned slightly, feeling that these three words were a bit familiar as if she had heard of them before.

"Gu Changge, don't go too far." Tuoba Xiaoyao's face was still gloomy, and his fists were creaking.

Gu Changge smiled, and suddenly flicked his sleeves, a layer of ripple appeared in the void in front of him, and then a picture emerged in it.

Within the quiet mansion, a young girl was guarded by many masters, unable to move an inch. Her face was full of anger and unwillingness, and there was also the deepest fear and anxiety in her eyes.

“Qingyu?” Tuoba Xiaoyao recognized at a glance that the girl was his sister who was taken away by Gu Changge, Tuoba Qingyu.

Seeing that she was safe and sound, while he breathed a long sigh of relief, his worries were a little less.

“Are you satisfied now?” Gu Changge smiled inexplicably.

Chapter 630: Heavenly Sword appears, Tuoba Xiaoyao’s intent

The courtyard was not too big, but it was extremely quiet. Small bridges and flowing water, pavilions with wisps of mist lingering, and Ganoderma lucidum everywhere, just like a fairyland independent of the world.

But at the moment the atmosphere here was deadly and solemn. Even Ah Qing, Princess Xuandie, and the others who came behind couldn’t help feeling a little pressure. *novelus8.com*

Not to mention the Shu Sect’s elders and others who brought Tuoba Xiaoyao all the way here, their complexions were even paler. They didn’t expect this person to have an enmity with Gu Changge.

But Gu Changge didn’t reveal anything, and they didn’t dare to say much.

“Remember what you promised me, don’t hurt my sister.”

In the courtyard, looking at the scene in the void, Tuoba Xiaoyao finally put down a big rock in his heart, but his tone was still cold.

“Don’t worry, this Gu will never go back on his word. Since I have promised you something, I will naturally agree.” Gu Changge smiled lightly and rolled up his sleeves lightly as the picture in the void dissipated like a bubble with a pop.

Seeing the picture disappearing into the void, everyone fell silent, and they dared not speak nonsense without knowing the truth of the matter.

Although it looked very much like Gu Changge had grabbed Tuoba Xiaoyao’s younger sister in front of him, and then used this to threaten her to hand over something. But Tuoba Xiaoyao obviously came from the Upper Realm. Before they figured out his purpose, who knew whether he was an enemy or a friend?

“I hope you don’t break your promise.” Tuoba Xiaoyao looked at Gu Changge coldly.

As the voice fell, there was a brilliant light permeating the area between his eyebrows as a palm-sized sword fetus with the entire body crystal clear, surrounded by ancient lines appeared.

True Dragon, White Tiger, Vermillion Bird... Bi Fang, all kinds of terrifying ancient beasts emerged, turned into sword shapes, issuing clanking.

At the same time, a supreme sword intent intertwined seemed to break through the universe, oppressing everyone around.

At this moment, many elders and disciples of the Shu Sect felt a palpitating sense of terror. The companion spirit sword was suppressed as if they were about to submit to the emperor of the sword.

Buzz buzz!!

In Shu Sect's forbidden Sword Casting Pool, there were countless divine swords trembling at this moment, as if they were about to wake up and bow in the direction of Tuoba Xiaoyao.

"This is..."

"Why is there such a change in the Sword Casting Pool of my Shu sect?"

The complexions of many elders and disciples changed drastically, and they were trembling all over. Their skins were about to be pierced by the sword light and crumble into ashes.

They couldn't believe it. This was the first time they had encountered such a strange situation. Even the companion spirit swords in their bodies were suppressed, and they almost surrendered in the direction of Tuoba Xiaoyao.

The patriarch of the Shu Sect came over in the form of a sword light and landed outside the courtyard, watching all this in shock. He remembered the scene recorded in the classics.

Back then, when a peerless genius appeared in Shu Sect, the accompanying spirit sword had such a mysterious vision, which caused countless divine swords in the Sword Casting Pool to appear abnormal, just like the emperor of swords was born.

It was a pity that the immortal genius died young, and was unfortunately struck to death by lightning when he was watching his master crossing the catastrophe. This was a great regret of the Shu Sect.

Now Tuoba Xiaoyao, the master of the Shu sect unexpectedly saw the terrifying vision that had appeared before, but why did Tuoba Xiaoyao actually use some of the secret methods of the Shu sect?

This surprised him immensely, causing an uproar in his heart as he was guessing the identity of Tuoba Xiaoyao.

Different from the astonishment of the Sect Master of the Shu Sect, Snow Sword Immortal, Ah Qing, and the others looked intently, staring at the vague sword shadow that gradually emerged between Tuoba Xiaoyao's eyebrows, and their hearts were also uneasy.

In the world of Jianxuan, when every cultivator was born, he would be accompanied by a spirit sword, which divided different talents and determined the speed of the cultivation.

Snow Sword Immortal was known as the first genius in the three thousand years of Jianxuan Great World, and the accompanying spirit sword was naturally not simple.

So she could feel the horror of the sword fetus condensed by Tuoba Xiaoyao even more. It was a terrifying force that transcended this world, and the laws of this world.

She even felt that the moment its power erupted, it was enough to destroy the Jianxuan Great World.

“Obtaining the Heavenly Sword, is this the purpose of Gu Changge’s coming to the Jianxuan Great World?”

Snow Sword Immortal’s eyes moved slightly, and she couldn’t help but look at Gu Changge. She had naturally heard the words Heavenly Sword just now. But it was not right to think about it this way, after all, Tuoba Xiaoyao came from the Upper Realm, not the Jianxuan Great World.

There was no need for Gu Changge to go through all the trouble to come to this world for a person from the upper world.

“No, this person actually knows how to use the Shu Sect’s secret technique. What’s going on? Where did he come from? Could it be a disciple of the Shu Sect?”

Soon, Snow Sword Immortal noticed a strange scene, and the pupils under the mask shrank slightly.

In order to separate the Heavenly Sword, Tuoba Xiaoyao unleashed a strong aura of the Shu Sect in the secret technique displayed. Without being on the level of core disciples, it was impossible to display it.

She believed that other than her, other discerning elders could definitely see it.

“How is this going?”

“Heavenly Sword, what is that?”

Many elders of the Shu Sect were also extremely surprised at this moment and kept looking at each other, extremely confused.

Buzz!!

At this moment, Tuoba Xiaoyao closed his eyes and stood in the courtyard, his robe fluttered in the wind, and his hair was humming. The crystal clear sword talisman flowed between his brows, trying to condense his true form.

The terrifying sword energy swept across the sky and the earth, causing countless divine swords of the Shu Sect to tremble and clank. Even the scene of rising clouds and flying clouds emerged. It was as if the ancient ancestors worshiped and prayed to the vague immortals, offering sacrifices.

Faintly, everyone heard the ancient and mysterious world sound, which was incomparably vast and resounded through the universe. Even though they were separated by a long distance, everyone felt that their lungs and internal organs had been terribly impacted.

In the direction of the Sword Casting Pool, countless sword lights burst out, splitting the skin and turning the soul into powder.

“I will give you the Heavenly Sword now. Just catch it!”

At this moment, Tuoba Xiaoyao was shrouded in endless blue light, and there was madness in his eyes, and he let out a low growl.

Roar!!

The clear and crisp sword cry suddenly resounded in the sky and the earth as a blue immortal sword less than an inch long suddenly flew out from the position between his eyebrows, surrounded by endless blue cloud patterns, and the rules of the Immortal way were ups and downs.

This was an immortal sword that was resplendent to the extreme, as if it had been refined thousands of times by the gods.

As soon as it showed his true body, it aroused countless sword chants in the Shu Sect.

Countless divine swords were touched, unsheathed from where they were, and flew towards the location of this immortal sword, piercing the sky, across the sky, and their sharpness shocked the world.

Rumble!!

The sky and the earth trembled, and the void was almost crushed by the sword light. Countless divine swords flew over, covering the sky and blocking out the sun, and the earth was plunged into darkness.

In the hundreds of thousands of years since the founding of the Shu Sect, how many divine swords had been accumulated was simply innumerable.

But at this moment, sword lights flew over involuntarily, forming a vast and endless sea of swords. This was a shocking scene. Even the Sect Master of the Shu sect and other figures were discolored at this moment, and it was difficult to control their weapons.

As powerful as a sword immortal, he also felt that his skin was about to collapse, and it was difficult for him to bear the countless terrifying sword lights, let alone other people.

This kind of power was enough to destroy the world.

“How dare he attack Mr. Gu?”

Ah Qing and Princess Xuandie saw Tuoba Xiaoyao’s intentions clearly, and couldn’t help but widen their beautiful eyes in shock.
