Chapter 662: Great chaos, The enemy of the world nothing much

This night, the Great Yu Immortal Dynasty was destined to not be peaceful. When Emperor Yu died, Heaven and Earth mourned together. The endless rain of blood drifted down from the depths of the sky, fluttering and carrying endless sorrow.

In the imperial capital, all the cultivators were crying with sad faces, and unable to believe that this would be true. Emperor Yu was the master of the Great Yu Immortal Dynasty, with hundreds of millions of dragon spirits added to his body. He participated in the evolution together with them. His strength was so profound that it was unimaginable.

How could he fall here? But this was an actual fact, it happened in front of everyone, and it could not be changed.

At this time, many forces and sects felt that something unpredictable had happened, otherwise with the means and strength of Emperor Yu, he would not have fallen so easily. But now in the Great Yu Imperial Capital, the fog was so deep that everyone couldn't see the surrounding scene clearly.

There was the existence of the older generation, trying to figure out the origin of the fog, but the next moment, he suffered from a backlash, his face changed drastically as he spit blood, and flew out backward, almost getting knocked out.

"Unbelievable..."

"Who the hell is setting up this situation to attack the Great Yu Immortal Dynasty? If we investigate, it will cause great terror, enough to destroy both body and spirit..."

The complexions of the older generations were all pale with fear. They really dare not imagine that the Great Yu Immortal Dynasty that had survived to this day and was immortal and ancient, who had the courage to scheme like this.

"The Great Yu Immortal Dynasty is estimated to enter a period of chaos during this period..." The high-level officials of various factions and forces sighed softly, planning to leave this land of right and wrong as soon as possible while the water was still not muddy.

"Yu Tianyong is dead, you should give up." Just at this moment, a loud laugh sounded, piercing through the sky.

On the top of the imperial capital, Yu Tianzheng, with blood on his body and disheveled hair, slowly walked out. Although he was seriously injured, his aura terrified everyone, and they couldn't help but retreat toward the back.

"The national artifact is in his hand..." A minister recognized the Heavenly Dao Sword in Yu Tianzheng's hand and said in a trembling voice.

This was the national artifact of the Great Yu Immortal Dynasty. It was condensed from faith and Luck, and it could suppress the foundation of the Immortal Dynasty. If it was fully recovered, it could overturn the territory of hundreds of millions of miles with one blow. This kind of national artifact could not be used by anyone other than the Emperor of Great Yu.

Now that it fell into Yu Tianzheng's hands, the situation of that battle was already understandable, which made many cultivators who were lucky during the last resort turn pale and defeated, completely extinguishing that illusion.

If Emperor Yu had not fallen, how could he allow this weapon to fall into Yu Tianzheng's hands?

"Kill him, take revenge for His Majesty!"

Before the imperial capital, a minister's eyes were red and he roared angrily, ordering his subordinates behind him to surround and attack Yu Tianzheng.

In the other direction, a large number of soldiers also emerged with shining silver armor and dazzling brilliance like heavenly soldiers, rushing toward them with a murderous aura.

At this moment, the whole Great Yu Imperial Capital was completely in chaos, there were shouts of killing everywhere. Even some princes couldn't help it, and stepped forward, wanting to avenge their father. However, Yu Tianzheng had obviously anticipated all this long ago as he sneered and crushed the jade talisman in his hand.

Outside the imperial capital, the shouts of killing soared to the sky, and the army that had already descended, harnessing the divine fog, rushed straight over, like an invincible torrent, sweeping everything.

In addition, the men Yu Tianzheng had planted over the years had finally been revealed.

In the eyes of many people, many courtiers who were loyal to Emperor Yu turned their backs and killed many soldiers in the imperial capital at this time. This scene shocked everyone.

"Emperor Yu is dead, and a new Emperor should be established."

"Emperor Yu lost his virtue, we should support the new Emperor."

Many ministers shouted loudly, even a general in charge of military power had already secretly surrendered to Yu Tianzheng. For a time, there were massacres everywhere, and no one was spared.

Some cultivators who didn't have time to escape from this place were also caught up in this.

"Why didn't the Imperial Dynasty's formation restriction be touched..."

At this time, Yu Feiya and the others standing in front of the palace finally realized an extremely serious matter, and their expressions changed dramatically.

Since the Great Yu Immortal Dynasty had survived to this day, the formation pattern restrictions engraved in the imperial capital were simply innumerable. Because of these formation pattern restrictions, even if another Immortal force attacked them, they could resist it, which could be described as impenetrable. But today, all the pattern restrictions seemed to have fallen silent.

"It seems that he has been arranging all this for a long time, and the person responsible for maintaining the operation of the pattern has also surrendered to him. Why does Yu Tianzheng have such means? There must be someone else behind him..." Yu Feiya's face turned cold, and she came to her senses.

Just when a big battle was being fought in the Great Yu Imperial Capital, giving rise to chaos, the most powerful cultivators of various forces who went to chase those men in black also sensed that something was wrong and stopped on the spot.

This place had been out of the scope of the Great Yu Imperial Capital, the surrounding fields were desolate, the stars were flat and wild, the vast galaxy was surging, and the surrounding area was filled with fog.

Above the sky, one could even see the stars turning slowly, with a majestic aura floating up and down. This was a desolate star field, and there were many unmanned stars around it, lacking vitality.

“Why does it feel like there’s something wrong...”

“Those men in black escaped so fast that even I couldn’t catch up.” A powerhouse from the Heavenly Emperor Mountain frowned and stood in the sky.

With his Enlightened strength, it was easy to cross the star field in one step. However, after chasing those men in black, he quickly lost track, and he had no idea where they fled.

This speed really surprised him. Having cultivated Taoism for millions of years, his intuition was very accurate and even saved his life several times. So he soon felt that something was wrong. Those men in black were obviously going to take Yu Tianzheng’s life, but why did they start running away after attacking Gu Changge?

If it was a real assassin, even if he missed a hit and fled away, it would not leave such a big commotion. As if deliberately trying to lure him away and come here to hunt him down?

“Not good, it’s a trap.”

The face of the powerhouse from the Heavenly Emperor Mountain changed, and it suddenly gave birth to endless cold air. Perhaps the real purpose of this group of men in black was not to kill Gu Changge at all but to lure him out.

“As for the purpose of drawing me out, could it be that they want to ambush me here?”

The powerhouse of the Heavenly Emperor Mountain quickly figured out all this. The majestic and vast spiritual sense swept away, like a raging ocean, about to submerge this star field.

“Looks like there are smart people out there... You actually noticed it.” A faint voice suddenly sounded in this silent star field.

“It’s you! How is it possible, aren’t you seriously injured?” The face of the powerhouse from the Heavenly Emperor Mountain changed again. His eyes widened, and he looked in that direction in disbelief, showing a bit of fear.

A man in white stepped slowly and unhurriedly, with crystal-clear hair that was scattered casually, eyes like the sea, and a body as clear as jade.

It was Gu Changge. He didn’t walk fast, but the space seemed to shrink under his feet, and he crossed the endless mountains and seas in an instant.

“So that’s it, you weren’t injured at all and everything was arranged by you?”

The powerhouse from the Heavenly Emperor Mountain stared at the flawless man in front of him, his voice trembling slightly.

Completely different from the pale and weak person he saw before, the current Gu Changge was extraordinary, rich as jade, with a handsome and flawless appearance, which could make God and even all women jealous. The whole body was blended with the universe as if standing in an endless and distant fairyland.

No matter how one looked at his appearance, it didn’t look like there was any injury on his body. The powerhouse from the Heavenly Emperor Mountain felt endless vigilance and uneasiness in his heart.

“Of course, I wasn’t injured. In this world, there is no one who can hurt me.” Gu Changge’s expression didn’t change, he just shook his head lightly.

“The person behind Yu Tianzheng is also you? You arranged all the chaos in Dayu this time? The men in black are also your subordinates, did you lure me out on purpose?”

The powerhouse from the Heavenly Emperor Mountain felt cold all over. Hearing this, he thought of many things in an instant. His voice was trembling uncontrollably. Since he became Enlightened, he had not felt this kind of fear for a long time.

What kind of ambition and means did he have to dare to do so?

One must know that they were Enlightened beings, and they were existences standing at the pinnacle of the Upper Realm. But they were being played in the palm of his hand?

“It’s too late for you to understand at this time,” Gu Changge smiled and said, the expression in his eyes was like looking at a dead person.

“Why do you want to do this? Don’t you know that you will become the enemy of the entire world if this incident is exposed?” The powerhouse from Heavenly Emperor Mountain couldn’t help shouting in a terrified voice, “Even if you are the future head of the Gu family, it is impossible to go against all the forces by yourself.”

“Since I dare to do this, I am naturally unwilling to let things be exposed. What’s more, being an enemy of the entire world is nothing much for me.” Gu Changge still smiled lightly, with an extremely natural expression.

“You!” The powerhouse from Heavenly Emperor Mountain looked terrified as if looking at an unimaginable monster.

“It just so happens that I still lack a few puppets at the Enlightened Realm, and you just sent them to my door,” Gu Changge shook his head and said, explaining his purpose to him.
