

## W. Master 1061

Chapter 1061 - Young Sect Master

"Ancient divine abilities?"

After a long while, Tang Huan frowned.

According to Gu Cheng'an's memories, when Yu Feiyan had joined the Green Rainbow Sect a few years ago, that thing had indeed fallen into his hands. However, not long after, he gave it to another person called the Ancient Sacred Art.

The ancient sacred art was Gu Cheng'an's uncle, the supreme elder of the Green Rainbow Sect, a Void Transformation Stage powerhouse!

The ancient sacred art had been cultivating in the forbidden area of the Green Rainbow Sect, and it would not be easy to get it back from that powerful warrior.

It was impossible for them to forcefully snatch it away.

Luo Yue from the Luo Village was only a Rank one expert who had just broken through to the Void Transformation Stage. His strength was terrifying, let alone a Rank three expert who had already reached the Void Transformation Stage.

"The Ancient Sacred Art is located in a forbidden area that is unlike any other place in the inner city. It is impossible for one to sneak in using the 'Yin and Yang Void Method'."

"We have to keep making a ruckus in the Green Rainbow Sect, the bigger the better. Only then can we draw out the supreme elder from the forbidden area."

"As long as you come out, your chance will come!"

Tang Huan thought.

After looking through all of Gu Cheng'an's memories, Tang Huan finally threw the peak level soul of the Profound Wonderland's Four Transformations, to the weapon spirit of the "Absolute Yang Scarlet Scale Sword", to devour.

Divine Armament had already risen from the middle rank to the high rank, so the artifact spirit needed to be replenished. A strong soul was the best tonic for it. As for Gu Cheng'an's body, it turned into dust in Tang Huan's palm.

Not long after, Tang Huan once again activated the black robe and appeared from the Space Aircrafts.

"Nine spirits!"

After calling out, the nine spirits seemed to have understood what was going on, their nine-coloured figures flashed, and drilled into Tang Huan's chest, while the Space Aircraft entered Tang Huan's body at almost the same time.

In the next moment, the ability "Yin and Yang Void Method: Heavenly Invisibility" was unleashed, and Tang Huan's figure quickly disappeared ...

... ....

The inner city of the Green Rainbow Sect was already heavily guarded.

In all these years, there had never been a case of an outsider successfully escaping from the inner city after engaging in a massacre. Now, the entire sect had been alerted.

In the northeast of the inner city, atop a mountain, there was a continuous stream of houses that were arranged in an orderly fashion.

The peak was an exquisite and extravagant hall.

At this moment, the doors to the hall were tightly shut, but a captivating and alluring sound of music was constantly being emitted. Inside the palace, nine young and beautiful women were dancing to the tune. They were all wearing thin dresses, and their beautiful bodies were faintly discernible.

On both sides of the palace, a few musicians were focused on playing, looking straight ahead.

Inside the palace, a young man was seated cross-legged at a few tables. A foolish smile hung on his handsome face, and his eyes were rolling around the group of muslin girls. From time to time, there were droplets of saliva on the corner of his mouth, as if he wished to swallow them all in one gulp.

Beside this young man, there were two beautiful women with even more revealing clothes. Their delicate faces were filled with coquettish smiles. But whether it was the two of them or the nine dancing girls, their eyes were filled with a mixture of resentment, humiliation, and helplessness.

They were all disciples of the Green Rainbow Sect, and the weakest among them was a Third Elemental Realm cultivator. But now, they had no choice but to force a smile in front of a fool.

"Bam!"

Suddenly, with a loud bang, the tightly shut doors of the palace actually exploded with a loud bang.

The music suddenly stopped, and all the girls cried out in surprise. In an instant, a figure flashed through the door like a black ray, and in that moment, it appeared inside the palace, and rushed straight towards the young man who was seated on the left and right of the table.

"Stop!"

"Stop him!"

"..."

After realizing the purpose of their arrival, the women were stunned for a short moment before joy flashed across their eyes. But even so, they kept on yelling, and either jumped up to block the young man, or surrounded the uninvited guest that suddenly intruded.

However, it was unknown if it was intentional or if the person was too fast, but their movements were still slower by half a beat.

"Whoosh!"

Like a bolt of lightning, he passed between the two women in front of him. The person who had arrived had already snagged the young man's neck. But at this moment, the young man who looked like a fool suddenly woke up. His body retreated backwards without any hesitation. His speed was astonishing. He wanted to break away from that hand claw.

However, his reaction was similarly slow by half a beat!

In a split-second, the person had grabbed his neck and brought him more than ten meters away. Only then did he stop and the person's figure was revealed, his slender body was completely covered by a black robe, and only his two eyes could be seen without his appearance.

Almost at the same time, an extremely terrifying aura burst out from the black clothed man's body. The entire palace seemed to have descended into a state of stillness in an instant, and the surrounding women and musicians who wanted to rescue him were all dumbstruck.

"Don't kill me, don't kill me, I am Ling Yiming, my father is the sect head of the Green Rainbow Sect, Ling Wei —"

The hand under his chin seemed to have been forged out of fine steel, causing him to feel as if his neck was about to be broken. It was extremely difficult for him to breathe, as if he was about to suffocate at any moment.

"Ling Yiming? "To be able to know your own name and to be able to match it with your father, it seems that you aren't as foolish as you think!" When the black-clothed man heard this, he could not help but let out a mocking laugh. "However, regardless of whether you are truly stupid or are pretending to be stupid, you will not be able to escape your doom today!"

With that, the man in black started channeling his power through the five fingers of his right hand.

Ling Yiming struggled as hard as he could, wanting to break free from his control, but the claw contained an incomparable amount of power, immediately sealing his True Spirit, preventing him from using even the slightest bit of his true essence. After a short while, he stopped struggling, his face swelling to a dark purple color.

But just as his neck was about to be crushed, the black clothed man seemed to have changed his mind. In the next moment, a Space Aircraft appeared. Letting go of Ling Yiming's neck, he slapped his abdomen with his palm. The young master of the Green Rainbow Sect was immediately sucked in uncontrollably.

With a flick of a finger, the Space Aircraft entered the black clothed man's robes, and the black clothed man's figure almost simultaneously disappeared from everyone's line of sight.

"He is ... The person who killed Elder Gu! " A young woman's voice broke the silence. Everyone was shocked, but there was no hint of nervousness in their eyes. Instead, there was a sense of relief and relief.

However, after a split-second, they seemed to wake up from a dream. Following that, an exceptionally anxious and delicate voice echoed from within the hall.

"Oh no, that person is back!"

"The Young Sect Master has been taken away! Young Sect Master has been taken away! "

"..."

## Chapter 1062 - Rainbow Palace

In the central area of Rainbow Night City, on top of the thousand meter tall Pang Shuo stone peak, the Neon Rainbow Temple stood majestically. Under the light that Shi Feng revealed, it was even more dazzling.

This Neon Hall was where the previous sect heads of the Green Rainbow Sect resided.

"What?" Yi Ming was taken away? "

Suddenly, an explosive roar sounded out, causing the entire Nebula Hall to tremble violently. Within palace, a muscular old man in a green robe jumped out, his rough face was filled with unconcealable rage, and his bell-like eyes revealed a murderous intent.

All of a sudden, this Rainbow Hall seemed to have turned into an extremely cold ice cave.

Even though they knew that the green-robed old man's killing intent wasn't directed at them, the elders in the hall still felt their hearts tremble and their hair stood on end.

This green-robed old man was none other than the Sect Leader of the Green Rainbow Sect, Ling Wei.

As the leader of the Green Rainbow Sect, he naturally knew that Gu Cheng'an had been captured. However, he wasn't worried, since a Void Transformation Stage powerhouse had personally acted, it wouldn't be difficult for him to capture that audacious person. However, even until now, he had yet to receive any information regarding the Sea Shrouding Pearl.

It was fine if that was the case, but the man who had charged out of the inner city had actually snuck back in and captured his only son.

If this was tolerable, then so be it!

"Pass the order, seal the entrance to Rainbow Night City. No one is allowed to enter or leave the inner city as you wish!" After a split-second, Ling Wei could not help but yell out.

"Yes sir!" An old man left with the order.

"Pass the order, the Elders who are guarding the important areas of our sect must be on high alert, and must not be negligent in any way!" Ling Wei once again shouted in a low voice.

"Yes sir!"

Another old man answered, but before he could leave, a middle-aged man flew over and shouted anxiously, "Sect Master, something terrible has happened! The Rainbow Treasure Hall has been destroyed!"

"What?"

Ling Wei's face instantly turned ashen, and his countenance turned incomparably malevolent. The other elders were also filled with shock and anger.

The Rainbow Palace was one of the most important places in the Green Rainbow Sect. It was filled with all kinds of treasures that the Green Rainbow Sect had accumulated. But now, it had actually been destroyed?

Without the Rainbow Palace, the Green Rainbow Sect immediately became a pauper. Not to mention the Sky Dragon Sect, even some of the smaller sects in the Le Prefecture could not compare to them.

"Where is the elder Wu Shiyi who is in charge of the Rainbow Palace? Where did he go?" Ling Wei's eyes were fixed on the middle-aged man who came to report, and his tone was stern.

"Patriarch Wu ..." Killed! "

The middle-aged man's heart trembled as he mumbled to himself. Then he added, "The clothes of the person who did this was exactly the same as the person who took Elder Gu away!"

"It really is him!"

The anger in his heart was already difficult to contain. First, he had killed the three Dongxuan cultivators from the "Green Rainbow Sect," then he had captured Elder Gu Cheng'an, and then he had kidnapped his son, Ling Yiming. Now, he had even destroyed the sect's important "Rainbow Treasure Hall"!

An old man with a thin appearance couldn't help but say, "Sect Master, that person will not let this go easily. After destroying the Rainbow Palace, he will most likely go to the Rainbow Immortal Palace!"

The Rainbow Immortal Palace was the same as the Rainbow Treasure Hall. They were both important places to sect.

However, the latter was hiding heavenly materials and earthly treasures, while the former was hiding the various battle skills that the Green Rainbow Sect had passed down for countless years. Its importance was even higher than the Rainbow Palace. Without the Rainbow Palace, the Green Rainbow Sect would only become a pauper. Without the Rainbow Immortal Palace, the inheritance of the Green Rainbow Sect would be severed.

Since there were no treasures or inheritances, the Green Rainbow Sect would soon decline.

"Rainbow Immortal Palace!"

The moment the old man finished speaking, a cyan shadow flashed, and Ling Wei disappeared from palace like a ray of light without a trace in the blink of an eye ...

... ..

Within the courtyard, the trees were shady.

Under the cover of the luxuriant foliage, the Space Aircraft was indistinctly visible, but there was not the slightest bit of Qi leaking out. The multicolored little bird lying on top of the aircraft also restrained its aura to the extreme.

Inside the aircraft, Tang Huan heaved a sigh of relief as he lifted the hood.

With the information provided by Yu Feiyan, Tang Huan had an extremely good understanding of the situation in the Green Rainbow Sect. After capturing Ling Yiming, he immediately rushed back to the Rainbow Palace.

There, Tang Huan met a Green Rainbow Sect Elder named Wu Shi En.

In order to avoid the strong sword intent attracting the Void Transformation Stage powerhouses from the Green Rainbow Sect, Tang Huan did not summon the high level Divine Armament "Absolute Yang Scarlet Scale Sword", but instead directly used his own fist.

Wu Shi'en's power far surpassed Gu Cheng'an's.

Unfortunately, he encountered Tang Huan this time. Under the continuous use of the three "Fist Seal", his body was directly turned into fine powder. However, Tang Huan had also consumed a large amount of true essence.

Therefore, after taking care of Wu Shi En, sweeping away all the valuable heavenly and earthly treasures in the Rainbow Palace and destroying the hall, Tang Huan did not continue to disturb the Green Rainbow Sect, but instead used "Yin and Yang Void Method s" to sneak out, and chose a secret place to start his recovery.

"Tang Huan! You are Tang Huan! "

An unimaginable cry suddenly reverberated out, it was the Ling Yiming who had been unconscious for a long time, who had come to his senses, staring at Tang Huan's face in disbelief.

"Your memory is not bad, you can still recognize me!"

Tang Huan started laughing unknowingly.

He did not find Ling Yiming's reaction strange at all. In the middle of Barren City, where he had sold the "true essence of Five Elements" two times in a row, there were many cultivators who had seen him. Since Ling Yiming was injured while stealing the "true essence of Five Elements", it was very likely that he was in the middle of Barren City at the time.

"Tang Huan, you ... Why are you here? "

Ling Yiming swallowed a mouthful of saliva with great difficulty and revealed a terrified expression, "You and I have no enmity with each other, you... "Don't kill me..."

He had heard about Tang Huan's strength back when he was in the "Heavenly Desolate Secret Realm". Now, Tang Huan's strength seemed to have become even more terrifying, to the point where he could easily capture Elder Gu Cheng'an, who was at the peak of the fourth transformation of the Profound Sky Continent. He could even escape the pursuit of a Void Transformation Stage expert!

"We really have no enmity with each other."

Tang Huan looked at Ling Yiming with eyes full of ridicule, and said slowly: "However, Yu Feiyan has enmity with you, that is enough."

"Yu Feiyan?"

Hearing that name, Ling Yiming was immediately stunned and his face paled. "You ..." You came for Yu Feiyan? You know her? This ... How is that possible? One of you is in our Green Rainbow Sect and the other is in the Yan State.

"There is nothing impossible in this world!"

Tang Huan laughed indifferently, but his tone did not contain the slightest hint of a smile, "Ling Yiming, I do not know why you would pretend to be stupid, but you should not set your sights on Yu Feiyan. Now that you have fallen into my hands, how do you think I should punish you? "

Chapter 1063 - Highest Elder, please step forward!

"Tang ..." Brother Tang, you can't blame me for this! "

Ling Yiming's body trembled slightly as he wailed miserably, "I ..." I've never forced Junior Sister Feiyan to do anything, this ... This was all arranged by my father. Furthermore, when Junior Sister Feiyan injured me, I didn't stop her and allowed her to escape safely. "

"It's not that you don't want to stop it, but you can't!"

Tang Huan scoffed, "If you stop her, then everything will be in vain. The entire sect knows that you are playing dumb, so you can only let her escape, because you know, she will never be able to escape from the Green Rainbow Sect's pursuit. No matter how she runs, she will eventually be sent back to your side."

Hearing that, Ling Yiming's face immediately turned ashen. Tang Huan's words had obviously hit the mark on his mind.

"A dignified cultivator of the Nihility God Stage, he actually played such a fool trick, I have seen it for myself, aren't you afraid of being mocked by others?" After sizing up Ling Yiming for a moment, Tang Huan started to sneer again.

"It's better to be mocked than to lose your life!"

Ling Yiming said with a bitter face, "When I stole the 'essence of Five Elements' from the 'Heavenly Desolate Secret Realm, I injured a person and accidentally exposed my identity. If that person was a cultivator from a different sect, it wouldn't be a big deal, but he was actually a War Clan of the Azure Province, and furthermore, the grandson of the current War Clan. War Clan will very likely come here to take revenge, even if our Green Rainbow Sect's strength increases another fold, we will still not be his match. I can only pretend to be stupid, maybe when someone from the War Clan comes, seeing that I am already an idiot, he will not bother to make a move. "

"A while ago, my father received news from the Hong Prefecture in the north. He said that War Clan cultivators had appeared in the city over there. "Obviously, they are here for the Green Rainbow Sect. My father felt that it was not enough to just play dumb, so he started to choose my first wife and my many concubines to serve me."

"In that case, if in the end I am unable to keep me, I can have a son to stay behind as well."

"However, I really don't have any intentions of forcing Junior Sister Feiyan. It's because my dad thinks that her talent is outstanding, and if she can get pregnant, then the children he gives birth to in the future will definitely not be any worse. So, he decided to choose her as my legal wife." If Junior Sister Feiyan agrees, the Green Rainbow Sect will definitely spare no effort to nurture her. 'Long Li's True Spring' is only her first gift to her, but who would have thought that Junior Sister Feiyan's personality would be so unyielding ... "

"..."

Understanding the reason behind it, Tang Huan was speechless.

It had to be said that if it weren't for Yu Feiyan allowing him to get involved, Ling Yiming might have really been able to get away scot-free.

As long as one did not go overboard, the other sects would usually not interfere with the grudges in the "Heavenly Mystery Realm". However, the War Clan was different. However, the cultivators of War Clan were also very arrogant. If Ling Yiming really became a fool, there was a very high chance that they would not even bother to touch him.

Ling Wei and Ling Yiming's methods were indeed the right medicine.

"Unfortunately, you didn't die in the hands of someone from the War Clan, but you died in my hands." Tang Huan laughed, raised his hand and slapped towards Ling Yiming's head, a terrifying

Strength Qi shot out from his palm, instantly covering his entire body, as though he was about to be turned into fine powder.

"Don't kill me, don't kill me!"

Ling Yiming's eyes were filled with despair as he couldn't help but shout hysterically, "Brother Tang, as long as you don't kill me, I'm willing to do anything for you." "Moreover, if you capture me, my father will definitely take out a large amount of treasures in exchange for my return. In our Rainbow Sect's hall ..."

Before he could finish his words, Ling Yiming's voice abruptly came to a halt.

He suddenly realized that many of the heavenly resources piled up in front of him looked extremely familiar, as if he had seen them before in the Rainbow Palace. As if he had understood something, Ling Yiming's two eyes suddenly grew round. It was very possible that Tang Huan had already looted the Rainbow Palace!

"Oh, are you willing to do anything?" Tang Huan's right palm suddenly landed on Ling Yiming's head.

"Yes! "Yes!"

Ling Yiming seemed to have awoken from a dream, his head was nodding like a chicken pecking rice, a look of pleasant surprise on his face, he had already smelled a hint of life from Tang Huan's words.

"When Yu Feiyan joined the Green Rainbow Sect, one thing was discovered by Gu Cheng'an, and he then insisted on going. That thing is currently in the hands of the supreme elder of the Green Rainbow Sect. " Tang Huan retracted his right palm, and said slowly: "If you can take that thing, I can spare your life."

"Brother Tang, what are you talking about?" Ling Yiming asked with a bitter face.

"A stone." Tang Huan said in a heavy voice.

"Stones?"

Ling Yiming looked depressed, "Brother Tang, the Great Master has been cultivating in seclusion for the past few years, I have never seen him. Moreover, the place he is cultivating in is the forbidden area of our Green Rainbow Sect, other than the Great Master, only my father and a few other Void Transformation Stage powerhouses can enter, I can't even get close to him."

Tang Huan said coldly: "So you're saying that you have no other choice? If you can't even think of such a simple method to deal with such a small matter, what's the use of me keeping you alive? "

"There's a way!" There must be a way! " Ling Yiming was on the verge of tears. If this was considered a simple matter, then there wouldn't be any problems in this world.

"..."

... ..

Cyan Rainbow Sect, Neon Rainbow Hall.

Ling Wei's expression was extremely gloomy, while the few elders on his left and right also had extremely ugly expressions.

Ever since the Rainbow Palace was looted and destroyed, Ling Wei had rushed at his fastest speed to the other important "Rainbow Immortal Palace" of the Green Rainbow Sect. However, that person seemed to have already predicted that this would happen. Not only did he not appear that day, he also did not act against the Rainbow Immortal Your Highnesses for the next two days.

In the past two days, that person had completely disappeared without a trace.

However, everyone present understood in their hearts that the fellow did not leave, but was definitely still hiding somewhere within the inner city. Currently, almost all of the Green Rainbow Sect's cultivators had been mobilized to search the inner city. Unfortunately, there was no news about them at all ...

The sound of footsteps rang out as a middle-aged man entered with quick steps.

"Is there any news yet?"

Ling Wei's expression turned cold. The moment that middle-aged man shook his head, he waved his hand, ordering him to leave. After which, he forcefully suppressed the rage in his heart, "Elders, do you all have any countermeasures?"

"Sect Master, in this old man's opinion, it would be better to request the Grand Elder to step forward!"

A cold voice sounded.

Surprisingly, he was the San-Yang Pearl that had been used to track that person. When he returned that night, he found out that that person had already returned to the inner city, seized the Young Sect Master, and looted Rainbow Palace. This news almost angered him to the point that he vomited blood.

"Grand Elder?" Ling Wei frowned slightly.

"The Grand Elder is cultivating behind closed doors. It doesn't seem appropriate for him to be disturbed by such a thief." One of the Black Costume Old Men muttered to himself, but the moment he finished speaking, the middle-aged man who had just left the Ni Hong Palace ran in again like a gust of wind.

Chapter 1064 - Skypiercing Cave

Green Plains Mountain had been attacked!

Hundreds of Three Yuan and Three Calamity Stage disciples of the Green Rainbow Sect were heavily injured!

Once the news was spread, the entire Rainbow Night City was once again shaken. Green Plains Mountain was not an important place like the Rainbow Palace or the Rainbow Immortal Palace, but there lived a group of young disciples with the most outstanding talents and cultivation in the Green Rainbow Sect. They could be said to be the future of the Green Rainbow Sect.

But now, the future of the Green Rainbow Sect was on the ground. Only a few dozen people had managed to survive.

In the blink of an eye, everyone in the Green Rainbow Sect was terrified.

That person was too powerful. Elder Gu Cheng'an, who was at the peak of the Four Transformation was captured, and Elder Wu Shi En, who was at the Five Transformation was killed ... From the looks of it, he was at least at the peak of the Five Transformation, and could even be an expert that had already stepped into the Virtual Level.

In the entire Green Rainbow Sect, the number of people who could defeat him or fight him could probably be counted on two palms.

What was surprising was that the man was extremely skilled at hiding his whereabouts. For the past two days, countless Green Rainbow Sect cultivators had turned the inner city upside down, but they had not even seen the ghost shadow of that person.

It was hard to imagine how dangerous it would be for the Green Rainbow Sect to have such a terrifying enemy hiding in the city.

After all, no one knew when that person would suddenly attack or where he would attack. It was simply impossible to defend against. One had to know that there were only a few cultivators in the entire sect that could contend against him, and they could not possibly defend every single place.

If they allowed that person to continue making trouble like this, the Green Rainbow Sect, which had been passed down for countless years, might fall apart.

Thus, while the crowd of cultivators were in a state of panic, Ling Wei, the Green Rainbow Sect's Sect Master, appeared on top of another thousand meter tall stone peak.

The stone tunnel that only allowed one person to pass through stretched upwards. On both sides of the passage were steep stone walls that were nearly a hundred meters tall. After passing through the crack that was like the sky, there was a wide open space which was dozens of meters in radius.

This was the forbidden area of the Green Rainbow Sect, the Heaven's Altar!

It was said that the moment the Green Rainbow Sect's experts ascended to the sky, they would leave their own insights in this cave. This was the reason why this cave was named.

"The younger generation's Ling Wei seeks an audience!" Ling Wei and the Heavy Ocean Bead stood outside the arched cave as they deeply bowed with solemn expressions.

"What is it?"

After a long while, an elderly voice slowly came out from the Heaven Seeking Cave.

"With the invasion of foreign enemies, we are helpless. We plead for your assistance to save the Green Rainbow Sect from danger!" Ling Wei's voice was low and his expression was filled with an unconcealable urgency. Initially, when the San-Hai Pearl had requested for the Supreme Elder to come out, he was still somewhat hesitant. However, the news of the attack on Green Plains Mountain had made him very determined, and before he came, he had also sent the elders to various important places to prevent them from being attacked again.

"Hmm? An enemy? "

The voice sounded surprised. "Fine, this old man will go out and take a look." Just as he finished speaking, there was an abnormally intense buzzing sound coming from inside the cave. The cave door started to melt bit by bit, and in just a few breaths time, it completely disappeared.

"Hu!"

Amidst a light sound of breaking through the air, a short figure flashed out from within the stone cave. It was a green-robed old man with the skin of a chicken and the hair of a crane, shaped like a skeleton. However, within his thin and weak body, there seemed to be an incomparably majestic power.

"Greetings, Master!" Ling Wei said in a relaxed tone and cupped his hands in greeting.

"Let's go!"

The short elder nodded slightly. With a flick of his sleeve, he was just about to leave when he frowned slightly. His eyes seemed to have materialized as they passed through the narrow stone passageway and looked towards the distant horizon.

"What a strong aura of death!" With a soft murmur, the short elder's body instantly became as light as smoke as he passed through the crack in the stone passage.

"Death Qi?"

Ling Wei doubtfully mumbled, but immediately chased after it. Behind him, the arched entrance of the cave was quickly revealed, completely sealing the entrance of the cave.

Inside the Heavenly Passage, Tang Huan's figure suddenly appeared.

"He's finally snuck in!"

Tang Huan's eyes revealed a slight smile. After all, Ling Yiming was the son of the sect master of the Green Rainbow Sect.

All this while, Tang Huan had always thought that those things would be taken away by the Ancient Divine Powers. After all, he was a Void Transformation Stage expert. However, after searching Ling Yiming's soul, he realized that the ancient sacred art truly did not have any spatial artifacts.

Even Gu Cheng'an didn't know of this news, but since it originated from the Sect Master of the Green Rainbow Sect, Ling Wei, it shouldn't be wrong.

Without space tools, it was possible that the ancient sacred art would be carried around with him. Since this was the case, he only needed to lure the ancient sacred art out of the "Sky Cavern" forbidden area.

Under Ling Yiming's suggestion, Tang Huan made a trip to the Green Plains Mountain and immediately achieved his goal.

With a thought, Tang Huan summoned the Space Aircraft and brought Ling Yiming out from there. If this guy was alone, he definitely wouldn't be able to enter the Sky Cavern. However, a few years ago, he was brought by Ling Wei to enter the Sky Cavern to pay his respects to the Supreme Elder's ancient sacred art.

"Lead the way!"

"Yes sir!"

Ling Yiming accompanied him with a smile as they walked along the tunnel. Currently, a "Puppet Soul Seal" had already been planted in the depths of his soul by Tang Huan, leaving him with no power to resist.

The Heaven's Altar glittered brightly as it zigzagged forward. After dozens of meters, the tunnel was sealed.

Ling Yiming raised his hand and patted each of the seven protruding spots on the side of the cave wall. The stone wall in front of him immediately disappeared and the tunnel continued to stretch out. After doing this three times, they were finally enlightened once again. The two of them had already entered a rather vast green space in succession.

In the center of this space, there was a green altar that was dozens of meters high.

Strange and majestic energies continuously emanated from the high altar and filled the surrounding space. Around the high altar, there were dozens of green rooms.

"Brother Tang, that's the Heavenly Altar. The insights left by the seniors who ascended to the heavens by us, the Green Rainbow Sect disciples, are all there." Ling Yiming introduced the group with a hint of pride.

"Which room is this ancient sacred art?"

Tang Huan glanced at the Heaven Altar and asked.

His top priority right now was to get his hands on that thing in case he got into trouble. If he had enough time, he could go to the Heavenly Altar to take a look.

"There, there."

Ling Yiming immediately moved his feet, and after a while, he brought Tang Huan outside a green room. There was no door, but a small area on the wall rippled a little. Ling Yiming was the first to enter, with Tang Huan following closely behind, they passed through the wall.

After a blink of an eye, Tang Huan's field of vision was already filled with a ball of dazzling white light.

## Chapter 1065 - Profound Void Stone

It was a white pebble about the size of a fist, but it emitted an extremely dense luster. It completely filled the space in the green room, and the items around it were completely hidden by the bright light.

What was even weirder was that the aura emitted by the pebble was actually extremely similar to the jade tablet Tang Huan had obtained from Luo Yue's hiding place.

"This is the rock!"

Tang Huan's eyes lit up.

Before coming here, Yu Feiyan had described in detail that just judging from its aura, it was enough for Tang Huan to confirm that it was his target.

In the next moment, Tang Huan walked over, and grabbed the pebble with his hand.

"This is bad!"

Suddenly, Tang Huan's heart skipped a beat.

He suddenly discovered that there was an ancient divine ability's mind imprint left within the pebble. Once touched, the divine ability would immediately detect it.

"Let's go!"

Without any hesitation, Tang Huan immediately grabbed Ling Yiming and knocked him against the fluctuating wall. After arriving at the outside space, they shot out of the passage with even more speed ...

... ..

"Whoosh!"

At the edge of the inner city, a black streak of light swiftly flew through, its speed was unbelievably fast.

A few thousand meters behind the mass of black light, a green figure was moving as fast as lightning. It was the ancient sacred art that had just come out of the "Heaven's Altar Cave".

At this moment, the ancient divine ability was so angry that its face turned green.

It was one thing for the most powerful experts and supreme elders of the Green Rainbow Sect to not be able to catch up with the fierce beast in front of them. However, the distance between the two had actually not closed at all.

Now he knew that the fierce beast in front of him was the mount of the assailant.

With how fast their mounts were, it was no wonder that they were unable to catch up with the Beads of the Seas. It was also no wonder that Ling Wei and the rest were helpless to do anything about it. Void Transformation Stage powerhouses had the ability to fly, but they couldn't last long. Compared to these flying vicious beasts, they were weaker in the Upper Sky. With this kind of mount, he could truly act fearlessly in the Green Rainbow Sect.

"I might have to use that sacred art!"

The eyes of the Ancient Sacred Art were dark.

With a flick of his finger, a thick green aura gushed out of his body and condensed into a solid substance on the surface of his body.

"Hu!"

At this moment, the speed of the Ancient Divine Powers increased explosively. In just a blink of an eye, the distance between the two of them had been reduced by almost half.

"Ga ji?"

The black bird in front of him was startled. It let out a cry that sounded like exploding thunder, and then, with an even faster speed, it flew out.

The distance between them had been shortening at a rapid pace, but now it was stabilising once again. It was difficult for it to shrink any more.

Looking at this scene, the ancient sacred art was stunned. After being stunned for a moment, his heart was filled with both shock and anger. After using the speed increasing sacred art, he could

actually only be on the same level as the black bird? In other words, it hadn't used its full strength before this?

"Idiot, is that all you've got? "Come and chase laozi!"

At this time, the Ancient Sacred Art suddenly caught a glimpse of a mind instructs (in a second) coming from ahead. The Grand Elder, who was both shocked and furious, became dazed once more.

"Saint Beast?"

And then, two runes flew out of the mouth of the ancient divine ability.

Beasts that could communicate with their mind instructs (in a second) were definitely not ordinary beasts. They were also not ordinary Spiritual Beast.

An unconcealable shock appeared in his heart. According to his knowledge, even the Void Transformation Stage powerhouses from the great sects of the Sky Region and Yang Province did not use Saint Beasts as mounts. This was because Saint Beasts were not only rare, but also impossible to tame using normal methods.

"Who is that person?" can actually use a Holy Beast as a mount? "

The ancient sacred art was alarmed and uncertain. Instantly, its heart was moved and its expression couldn't help but change slightly. "Crap, someone broke into the Heaven Seeking Cave and took away this old man's' Profound Void Stone !" Without the slightest hesitation, the ancient technique immediately abandoned the Dark Bird Holy Beast in front of it and turned towards the Heaven's Altar.

"Eh? Why did this idiot run away? Was he scared by laozi? "

Vaguely, the Ancient Sacred Art caught hold of the mind instructs (in a second) of that black bird once again. Although it was furious in its heart, it did not stop at all.

"Ga ji ~ ~" A thunderous cry resounded, it was obvious that the black bird had caught up with them.

"..."

Standing on top of the roof of the Rainbow Temple, Ling Wei's eyes swept through the surroundings like an eagle's. Standing there, looking down from above, any activity within Rainbow Night City could be seen.

After requesting for the Supreme Elder's ancient sacred art, he did not pursue and kill the black bird that had suddenly revealed its presence. Instead, he stayed here and observed the surroundings for any signs of movement. According to the information provided by the Sing-Hai Pearl, the black bird was only the mount of the enemy, and its master was the greatest threat to the Green Rainbow Sect.

If everyone went to surround the Dark Bird, it was very likely that the Dark Bird would once again take advantage of the situation and destroy the sect's important areas.

"With the presence of the Supreme Being, it shouldn't be difficult to capture that mount. When the time comes, we can use that mount to threaten and force that person out!"

Ling Wei squinted as a cold smile flashed across his eyes.

He did not know why that person released his mount. Of course, he did not need to know. He only needed to wait for the supreme elder's ancient sacred art to capture his mount. He did not believe

that that person would be willing to give up on such an astonishingly fast mount. Next time, as long as he dared to show his face, it would be impossible for him to escape!

However, in the blink of an eye, the smile froze on his face. In the sky opposite of him, a green shadow suddenly appeared, and with a speed that could not be seen with the naked eye, it whizzed past the sky, followed by another black shadow chasing after it.

One green and one black, one in front and one behind. In the blink of an eye, they had already arrived in the distance.

"What's going on?"

Ling Wei could not believe his eyes.

Without a doubt, that green figure was undoubtedly the supreme elder's ancient sacred beast, and the black figure was definitely that person's black bird mount. Shouldn't the ancient sacred beast be chasing down the black bird? Could it be that the blackbird's strength was even above the ancient sacred art?

"Whoosh!"

Ling Wei was thrown into a state of extreme shock, and only when those two figures disappeared did he wake up as if he had just awoken from a dream. He then rushed into the sky, chasing after them.

The ancient sacred art was completely unaware that its actions would cause such a great disturbance to Ling Wei.

Moments later, his figure had already arrived above another thousand meter high stone mountain. As he rapidly descended, a line of sky like stone tunnel was imprinted into his eyes.

However, almost at the same instant he landed, two figures shot out from the crack in the rock like lightning.

"How dare you trespass into the forbidden area, steal the Profound Void Stone, and die for this old man!"

The angry roar suddenly shook the heaven and earth. The ancient sacred art directly struck out with its palm, and Pang Shuo's palm shadow rumbled down from the sky like a mountain as it collapsed. Its power overflowed the heavens, as if it wanted to crush the two figures into dust.

Chapter 1066 - Saber Fall

Just as Tang Huan rushed out of the crevice, seeing this, there was not the slightest bit of surprise on his face.

"Ancient divine ability, this is your Young Sect Master, accept it!"

After that, he raised his right arm, and threw Ling Yiming's body out to welcome the rapidly descending Pang Shuo's palm image in the sky.

"Help, help..."

Ling Yiming was scared out of his wits by this sudden turn of events as he cried out in fear.

His soul had already been planted by Tang Huan into the "Puppet Soul Seal", and his body couldn't be controlled, nor could he circulate his True Essence. But being used like this to block the attack of an ancient sacred art, the fear that a normal person would feel naturally emerged from the bottom of his heart.

Once he was hit, he would not even be left with anything.

"Hmm? A cry? "

High up in the sky, the ancient sacred art immediately identified Ling Yiming's identity, causing its expression to change. If the opponent had thrown out an ordinary disciple of the Green Rainbow Sect, he could have completely ignored him. However, Ling Yiming was the son of the current Sect Master of the Green Rainbow Sect, so he had to be cautious.

"Despicable!"

He let out a roar as he clenched his teeth, turned his palm into a claw, and reached out.

In an instant, Pang Shuo's palm image seemed to have been sliced apart by numerous sharp blades, and finally disappeared into nothingness the moment it collided with Ling Yiming.

The figure of the Ancient Divine Art flashed and grabbed the flailing Ling Yiming.

"Ga ji!"

At almost the same time, Tang Huan shot into the sky, and that black bird swooped down while chirping, coincidentally catching the Tang Huan who had just reached the highest point in the sky. Then, without pause, it rushed into the sky as fast as lightning.

"Returning your Young Sect Master back to you, yet you say I'm despicable. Truly, a good person can't do it!"

Both of Tang Huan's feet stood on the back of the black bird as he laughed heartily. By the time his voice fell, the black bird had already carried him several thousand meters away.

This black bird was naturally the Netherworld Nine Spirit Bird.

In order to not reveal its true identity, Jiu Ling did some concealment as well. A rich deathly aura overflowed and condensed on the surface of its body, easily hiding its original rainbow feathers. Similarly, its eyes were filled with the deathly aura. Even the cultivators who had seen it before in the Middle Desolate City would not be able to recognize it now.

"Shameless bastard, don't run!"

The Ancient Divine Sense roared angrily and threw Ling Yiming onto the mountain, chasing after Tang Huan and the other nine spirits with its fastest speed.

"Whoosh!"

The two sides chased each other like shooting stars.

The Nine Spirits carried Tang Huan, moving left and right, up and down, constantly changing their direction, roaming about in the skies above the inner city.

He did not intend to leave the inner city right now. It was not that he did not want to, but the four tunnels between the outer city and the inner city were already sealed off. Without considering the

fact that Tang Huan did not have the ability to forcefully open the tunnel, even if he could, under the pursuit of the Ancient Divine Powers, he did not have the time to do so right now.

The Ancient Divine Powers were not willing to part with it, so Tang Huan allowed him to do as he pleased.

Thus, the scene of the people escaping high up in the sky was occasionally caught by the cultivators of the inner city, causing cries of alarm to rise and fall one after another.

"Who is that person? Even the Highest Elder was unable to catch up to him!"

"First Elder Gu Cheng'an was captured, then Young Sect Master was captured, then Elder Wu Shi En was killed, then the Rainbow Treasure Pavilion was looted, and then Green Plains Mountain was attacked. "How long is this fellow going to make a ruckus before he gives up?"

"The Green Rainbow Sect has really suffered heavy losses this time. If this goes on, we might not be able to recover."

"F \* ck! Who the hell offended this guy? Isn't he trying to stir up trouble for our Green Rainbow Sect?"

"The reason why he was able to run so fast was all because of his mount. If not for that black bird, he would have been captured by Elder Sing-Hai Pearl two days ago."

"..."

In the end, divine abilities didn't last long.

The speed of the Ancient Sacred Art slowed down very quickly, but at this time, the Void Transformation Stage powerhouses from the Green Rainbow Sect had joined the chase.

Ling Wei, Heavy Ocean Pearl ...

However, the "Divine Traversal Talisman Bead" that originated from the Yan Ancestor allowed the nine spirits to maintain a terrifying speed throughout. No matter how hard they tried, they were unable to form a proper encirclement around Tang Huan and the nine spirits.

Moreover, just like using the speed increasing ability, the consumption of true essence was extremely terrifying, and it was difficult to sustain.

First, the Ancient Divine Abilities had fallen, and then Ling Wei and the rest had. Not long after, their plans of capturing Tang Huan had completely failed.

"Rainbow Immortal Palace!"

Nine Spirits rushed down from a thousand meters in the air and quickly landed in front of a grand hall. The word "Rainbow Immortal" was extremely eye-catching on the board.

At this time, a large number of cultivators had gathered at the entrance of the hall, whether they were Green Rainbow Sect disciples at the third level or third level of the tribulation level, or the Elder of the Green Rainbow Sect at the Profound Realm. Originally, they were watching the chase from high up in the sky. They never thought that Tang Huan and the nine spirits would suddenly come here.

"Those who don't want to die, scram!"

The corner of Tang Huan's lips curled up into a faint smile, and he suddenly shouted.

A terrifying sword intent suddenly burst forth from the heavens and earth, but it was quickly gone. The Absolute Yang Scarlet Scale Sword that had just appeared in her hand had also turned into a "Dragon Slaughtering Saber", the originally golden weapon had now turned into a fiery red color.

"Stop!"

An explosive shout sounded as a tall and skinny old man flew down along the stone path. He was the last Void Transformation Stage expert that descended from the sky, and also the elder that guarded the Rainbow Immortal Palace.

However, almost at the same time the elder's voice came out, Tang Huan had already raised the Dragon Slaughtering Saber in his hands, and just as he finished speaking, the Dragon Slaughtering Saber had already hacked out. The rest of the Green Rainbow Sect cultivators in front of the hall had obviously known of his strength and all scattered.

"Chi!"

The sharp sound of something tearing through the air resounded in the world.

A simple slash could unleash incomparable power and power, and its speed was unbelievably fast. With the wave of the Dragon Slaughtering Saber, a huge and deep fissure opened up in the "Rainbow Immortal Palace" at a speed that even the naked eye could not catch. The terrifying Strength Qi was like a violent storm as it swept across the area, and it seemed to set off a hurricane as it cleanly tore apart the remaining palaces on both sides of the fissure.

As for the items in the Rainbow Immortal Palace that could be used to carry cultivation techniques and battle skills, they too could not escape the fate of destruction. After the first slash, the Strength Qi went berserk, all kinds of Qi with varying strengths and weaknesses exploding outwards, crisscrossing and wildly spreading out in this area.

Chapter 1067: I'm not done playing yet!

"I'm sorry, I didn't hear what you were saying just now."

Tang Huan turned around with a smile, and looked at the tall and skinny old man who was nearly a hundred meters away, slowly rubbing the Dragon Slaughtering Saber that had just been retracted from his palm.

If it was in the past, Tang Huan would definitely not let a Void Transformation Stage expert be so close to him.

But now, Tang Huan was no longer so worried. That quick chase just now had caused the Green Rainbow Sect's Void Transformation Stage powerhouses to consume most of their energy, and they could not even use their flying techniques. The threat was greatly reduced, and with the nine spirits, Tang Huan could escape anytime.

"You ..."

Looking at the completely gone Rainbow Immortal Palace, that tall and skinny old man was so angry that his entire body was trembling.

The Rainbow Immortal Palace was the inheritance technique of the Green Rainbow Sect. But now, it was destroyed with a single slash. This made his heart bleed. At that moment, he could not even

be bothered to be shocked by the terrifying destructive power of his opponent's battle skill. The fury in his chest surged, and he could not completely contain it.

"Damn it, give me your life!" With a furious roar, the skinny old man charged forward and swung the sword in his hand at lightning speed.

"Slash ..."

Amidst the ear-piercing sound, twelve rays of sword light cut through the air, and with lightning speed, they swept towards Tang Huan. The air seemed to be cut into pieces, and a terrifying aura surged recklessly, causing people's hearts to tremble.

Even if an ordinary cultivator was prepared, he would probably be caught off guard and torn to pieces by the sword beam when faced with such a swift attack.

Unfortunately, the target of the old man's attack was Tang Huan.

Inside the Yan Zu's sculpture space, not only had Tang Huan comprehended five different battle skills, his reaction speed in the face of attacks had also reached an extremely shocking level.

Seemingly at the same time as the tall and skinny old man brandished his sword, Tang Huan had already leaped backwards, and the nine spirits at his side flew beneath him at the same time.

"Slash ..."

Twelve deep and narrow cracks appeared at almost the same time. The hard stone surface sank at a speed accessible to the naked eye and within a radius of ten meters, the Strength Qi was wreaking havoc as the air twisted rapidly, as if it could mince all the obstacles into fine powder.

At this time, Tang Huan was already being supported by the nine spirits, and had already soared to hundreds of meters in the air.

"Looks like we need to have fun. I heard that there are a lot of kids living in the Green Spirit Mountain. Since we came to the Green Rainbow Sect, how could we not visit them?" Tang Huan stood on the back of the Nine Spirit Mountain and looked down on the tall and skinny old man from above, his eyes full of ridicule.

Hearing Tang Huan's words, the skinny old man's face changed.

Indeed, there were a large number of ten-year old children living in the Green Spirit Mountain. They were all talented geniuses who had been chosen by the Green Rainbow Sect after a lot of hardships. If nothing unexpected happened, a large portion of them would become pillars of the Green Rainbow Sect in the future.

First, a large number of the young disciples on the Green Plains Mountain had been severely injured. If the Green Spirit Mountain were to be attacked, the Green Rainbow Sect, which had lost its Rainbow Treasure and the Rainbow Immortal Palace, would never be able to recover.

"Wait!"

A loud shout was suddenly heard. The ancient sacred art had come down the mountain from the stone path.

Behind him, there were several other silhouettes. They were none other than Ling Wei and the rest. Each and every one of them had a furious expression on their faces, yet their eyes were filled with deep dread.

Although they had never seen each other's faces before, they could tell that they were at most twenty or thirty years old. As for the opponent's cultivation base, it should only be at the peak of the third transformation. Compared to them, this cultivation base was not only not high, it was also a little low.

However, that was the only thing that was even more shocking.

A cultivator at the peak of the Mysterious Three Transformations, capturing Elder Gu Cheng'an at the peak of the Mysterious Four Transformations, killing Elder Wu Shi of the Mysterious Five Transformations, and even messing with several Void Transformation experts, causing the entire Green Rainbow Sect to be thrown into chaos ... If word of this were to spread, most likely no one in the entire Forging God Great World would believe it.

If they had heard such a rumor, they wouldn't have believed it either. But now, the truth was right in front of their eyes.

Being attacked like this, the losses of the Green Rainbow Sect could no longer be estimated.

"Little brother, even if you have a huge grudge with our Green Rainbow Sect, after spending so many days together, it should be enough!" Although he did not say it out loud, the compromise and weakness in his tone was very obvious.

"I can't take it anymore, I haven't had enough fun yet!" Tang Huan was slightly taken aback, but soon after, he let out a strange laugh.

"Hmm?"

When Ling Wei and the others heard this, they were so angry that their faces turned ashen.

"How are you going to stop?"

Ling Wei's gaze was sinister, and he almost gritted his teeth as he spoke.

As matters stood, Ling Wei no longer planned to keep the other party here. He wanted to send this god of pests out of the Green Rainbow Sect as soon as possible. If the other party continued to cause trouble, the Green Rainbow Sect would eventually fall apart. This wasn't just his idea, but also the intention of the Supreme Elder's ancient sacred art.

Tang Huan's eyes turned and he suddenly laughed: "I have a friend who was injured by your Green Rainbow Sect's cultivators. The True Spirit was heavily injured and almost broke into pieces.

"Your friend?"

The Ancient Divine Abilities and Ling Wei were all stunned for a moment.

Gu Cheng'an had been captured and killed by Tang Huan. Up until now, they had never known why the other party wanted to go against the Green Rainbow Sect.

Now he finally understood!

This person came to the Green Rainbow Sect to seek revenge for his friend.

"Who is your friend?" The ancient sacred art spoke in a deep voice.

"Yu Feiyan!" Tang Huan smiled slightly.

"It's her?"

"That traitor!"

"..."

Upon hearing this name, Gu Yong frowned in confusion, but a few Void Transformation Stage experts beside him couldn't help but exclaim in a low voice, while the nearby Green Rainbow Sect cultivators couldn't help but exclaim in surprise. As for Ling Wei, his pupils contracted as his expression turned extremely ugly to behold.

He never would have thought that this person would come because of Yu Feiyan.

Back then, when he had selected Yu Feiyan, he had sent people to investigate his background in detail and knew that she did not have anyone to rely on in the Le Prefecture. Of course. Even if he knew that she had such a friend at the peak of the third transformation, as the sect master of the Green Rainbow Sect, he would not put her in his eyes.

Who would have thought that a cultivator at the peak of the Mysterious Three Transformation would bring such a great threat to the Green Rainbow Sect?

At this moment, Ling Wei felt regret in his heart. At the same time, the gazes of many people in the surroundings landed on him. Their eyes were filled with doubt, as they had obviously realized that the calamity that had befallen the Green Rainbow Sect was caused by the Sect Master, Ling Wei.

"How do you want us to compensate you?"

Ling Wei clenched his teeth and said. He understood that after this, his authority as the sect head would fall greatly in the Green Rainbow Sect.

Chapter 1068 - Dry Spirit Magic Jade

Hearing Ling Wei's words, the surrounding Void Transformation Stage powerhouses' eyes flashed with anger.

All sorts of heavenly and earthly treasures had been swept away by him. This meant that almost all of the Cyan Rainbow Sect's assets were in his hands, and he still wanted to make up for it.

However, even though they were enraged, they couldn't do anything about it.

As the most powerful cultivators of the Green Rainbow Sect, Ling Wei and the other ancient sacred art cultivators had not tasted such a feeling for many years.

"I heard that Sect Leader Lingwei has a 'Dragon and Tiger Void Pill'. I wonder if I can cut it?" High up in the sky, Tang Huan smirked.

"What?" "Dragon and Tiger Void Pill?"

"The Sect Leader actually even has a 'Dragon and Tiger Void Pill'?"

"..."

A low exclamation suddenly sounded out. The ancient sacred art and the others subconsciously looked at Ling Wei, and their faces were filled with an additional hint of surprise.

Hearing this, Ling Wei's face suddenly changed.

He did have that pill, and he had spent a huge sum to buy it from the Sky Region.

In the entire Green Rainbow Sect, no one knew that he had such a pill ... No, there was still one person who knew about this. It was his only son, Ling Yiming.

This was because the "Dragon and Tiger Void Pill" was something he had prepared for his son. After reaching the peak of the Five Transformations, once he sensed the opportunity to break through, immediately consuming the "Dragon and Tiger Void Pill" would have a miraculous effect, increasing his chances of entering Virtual Level by at least eighty percent.

The news regarding the "Dragon and Tiger Void Pill" must have come from Ling Yiming.

"Sect Master Ling Wei, do you have any objections?" Tang Huan laughed again as the red light of the Dragon Slaughtering Saber that was transformed by the "Absolute Sun Scarlet Scale Sword" flared up once again. A dragon's roar seemed to faintly surge out from the blade's body, and the thing on the back of the blade also seemed to transform into a living being, as if it was going to leap out of the blade.

"Alright, I'll give you the 'Dragon and Tiger Void Pill'!"

Ling Wei's expression was unsettled. After a moment of silence, he finally gritted his teeth and nodded.

As soon as these words left his mouth, Ling Wei began to bleed profusely in his heart. In the past, he had paid a huge price for the "Dragon and Tiger Void Pill", but now he could only give it away. Finished speaking, a small and exquisite white jade box appeared in Ling Wei's palm.

"Hu!" With a slight raise of his right arm, the jade box shot towards Tang Huan who was in the air like an arrow that had just left the bow.

However, after only dozens of meters, the jade box had already exhausted all of its strength and started to sink downwards. Seeing that, a look of ridicule flashed past Tang Huan's eyes, if he were to rush down at this time to grab the jade box, he would most likely be attacked by Ling Wei and the Ancient God Techniques combined.

"Has Sect Master Ling eaten his fill?"

Tang Huan ridiculed, and allowed the jade box to fall.

Upon seeing this, disappointment could not help but flash across Ling Wei and the others' eyes. Helpless, Ling Wei could only rush forward, catching the jade box, once again raising his arm and throwing it out. This time, Ling Wei did not play any tricks and sent the jade box directly to Tang Huan.

His hand reached out to grab the jade box, and after sensing it carefully for a moment, he opened the lid of the box again. After taking a look inside, Tang Huan immediately revealed a satisfied smile on his face.

"Now, can you leave?" Ling Wei took a deep breath and shouted.

"You want me to leave right now? Sect Master Lingwei, you are too impatient." Tang Huan laughed in ridicule, "The scenery of the Green Rainbow Sect is not bad, I want to play some more."

"What are you waiting for?"

Ling Wei's face turned green, he roared angrily and stared straight at Tang Huan, "Friend, stop when you're done. "You have already obtained enough things in our Green Rainbow Sect. If you continue to push for an inch longer, we will be forced to fight to the death against you. This is not a good thing for everyone!"

"I like to push things too far. What can you do to me?" Tang Huan laughed mockingly, "I heard that the Cyan Rainbow Sect's Great Formation of the Rainbow Heaven Formation 'is extremely powerful, and it only requires five people to activate it. However, we'll talk about it when you can catch up to me! "

"You ..."

Ling Wei felt his chest tighten. This person's speed may not be that great, but the speed of his mount was just too frightening. Even the supreme elder's ancient sacred art was unable to pull the distance between them. If he couldn't catch up to Tang Huan, all of his cards were useless.

"Say it, what else do you want?" The two pairs of eyes of the Ancient God Technique stared straight at Tang Huan, as the old voice suddenly sounded out.

"After Gu Cheng'an forcibly took away something like Yu Feiyan's, the elders of the Ancient Divine Powers borrowed it for several years. "I've heard that Elder Gu has a 'Dry Spirit Magic Jade' that can calm one's heart and calm one's mind. The effect is extremely good, I wonder if you could lend it to me for a few years?" Tang Huan said with a smile.

"What, a 'Dry Spirit Magic Jade'?"

His pupils couldn't help but constrict.

There weren't many precious things on his body, only about a dozen or so. The majority of them were placed inside the "Sky Cavern," like the "Profound Void Stone." As for this part, he no longer held any hope. Since the "Profound Void Stone" had already been dispatched, how could the things placed with it be spared?

"In addition, there was another thing that he had been carrying around with him all along, and that was the 'Dry Spirit Magic Jade'." Other than Gu Cheng'an, no one else knew about the existence of the Dry Spirit Magic Jade. However, this man was actually able to say it out loud. He must have said it from Gu Cheng'an.

For a time, the ancient sacred art was in doubt.

If he couldn't satisfy the other party's demands, leaving the Green Rainbow Sect would be even harder than ascending to heaven. However, he really couldn't bear to part with his things. Even though the other party said 'borrow', even a fool would know that this kind of 'borrow' was definitely a loan that no one would be able to repay.

"Elder Gu, are you reluctant?"

Tang Huan sized up the Ancient God Power with a smile on his face, he was not afraid at all. He was not worried that the Ancient God Power would not agree to it. If they did not agree, Tang Huan could just make Rainbow Night City even more lively.

Let's see who will be the first to succumb.

"Alright, take the 'Dry Spirit Magic Jade!'" The Ancient Sacred Art hesitated for a while, before finally making up its mind. It took out a jade pendant from its bosom and threw it at Tang Huan.

"I only wanted to use it for borrowing. I never thought that Elder Gu would be so generous. Since you want to give it to me, then I won't be polite."

Tang Huan laughed out loud. He caught the jade and kept it in his Sumeru Magical Ring.

He had the "Intangible Buddha" and also a "God Creation Statue". When he cultivated, he could completely turn his heart into a demon, and this "Dry Spirit Magic Jade" was of no use to him. However, even if he could not use it, he could give it to Yu Feiyan as compensation from the Green Rainbow Sect.

The moment he threw out the jade pendant, the Ancient Divine Technique already knew that the chance of this thing returning was extremely slim, but after hearing what Tang Huan had said, he was so angry that he wanted to vomit blood.

Tang Huan's eyes turned, his gaze sweeping past the other Void Transformation Stage powerhouses, "Today, I played with the elders for so long, don't tell me that the elders do not plan on giving me some gifts to repay me?"

"A gift?"

They looked at each other with ugly faces.

They clearly did not expect that after the other party had completely taken care of their Sect Master Ling Wei and the Supreme Elder's sacred arts, they had actually set their sights on them. This person's appetite was simply too great! After robbing the "Rainbow Treasure Hall", he had obtained two more treasures, but he was still not satisfied.

Chapter 1069 - Illusory Sword Paradise

At this point, no matter how unwilling they were, they had to endure it.

If they did not give up, not only would the Green Rainbow Sect continue to suffer, Ling Wei and the treasures that the ancient sacred art had previously taken out would also be in vain.

One thing after another was thrown into the air and taken in by Tang Huan as his "Sumeru Magical Ring."

"Thank you for your generosity!"

Tang Huan laughed out loud, his gaze sweeping across Ling Wei and the rest, "I still have a few words that I want to say to Elder Gu in private, please leave!"

"This old man has nothing to say to you."

The ancient divine ability's face was gloomy as it spoke, word by word.

Upon hearing this, Ling Wei and the rest were also extremely furious. What was the point of telling them to retreat?

Could it be that he wanted to use some powerful method to ambush him while he was alone with the Ancient Sacred Art? This seemed to be impossible. For a cultivator at the peak of the third transformation, no matter how powerful the technique was, it would not pose any threat to an expert at the third transition.

"I had wanted to talk to you alone for a bit before leaving." Tang Huan said with a smile, "If that's the case, then I'll wait until Elder Gu wants to chat before leaving."

"Good, good, this old man wants to see just what tricks you can come up with!" However, there was a deep helplessness in his eyes. No one in the entire Green Rainbow Sect could catch up to him, otherwise, why would they have to swallow their anger?

"Sect Leader, all of you leave first!" Immediately, the ancient sacred art took a deep breath and looked towards Ling Wei.

"Be careful!"

Ling Wei suppressed the anger in his heart again and again. With a wave of his hand, he disappeared along with the other Void Transformation Stage experts. The nearby Green Rainbow Sect disciples also quickly retreated. In the blink of an eye, only Tang Huan and the Ancient Divine Powers were left in the area. One was high in the sky, the other was on the ground, facing each other from afar.

Tang Huan smiled, in a moment of mind instructs (in a second), a shining white pebble fell into his palm.

"If I recall correctly, Elder Gu seems to call this thing the 'Profound Void Stone'."

Tang Huan looked at the Ancient Divine Powers smilingly, "Can Elder Gu tell me what the effects of the 'Profound Void Stone' are?" When he found out that this thing had been transferred from Gu Cheng'an to the Green Rainbow Sect's Great Elder, Tang Huan wanted to find out more about it from him.

Now, the chance had finally come!

Furthermore, the existence of the "Nine Spirits" made Tang Huan an extreme threat. As long as the Ancient Divine Powers still cared about the Cyan Rainbow Sect, Tang Huan did not have to worry about him not willing to tell lies.

As a result, Tang Huan could not help but have an additional look of anticipation in his eyes. Since the Ancient Divine Technique could call out this thing's name, it must definitely have some understanding of its origin. As long as one knew its origin, it would naturally be much easier to find the place where Shan Shan had fallen.

Seeing Tang Huan taking out the "Profound Sky Stone", the anger in the chest of the Ancient Divine Technique immediately flared up.

However, he quickly suppressed the anger in his heart and gritted his teeth as he said, "The 'Profound Void Stone' is a treasure that allows one to undergo a Greater Teleportation."

"Greater Teleportation?"

Tang Huan frowned, "Is it similar to the 'Space Moving' in Tian Clan's spatial magic?"

The Ancient Divine Vision stared straight at Tang Huan and sneered, "The 'Space Moving' can only be used in the same space to travel a short distance, but the 'Greater Teleportation' can only be used in two different spaces. Using the Profound Void Stone can do this. "

"So that's how it is."

Tang Huan suddenly realized that the reason why Yu Feiyan was able to suddenly appear in Le Zhou after he had fallen into the spatial crack was most likely because he had inadvertently triggered the effects of the "Profound Void Stone".

"Does Elder Gu know where the Profound Void Stone usually comes from?" Tang Huan asked again after a moment of thought.

"Sword Fantasy Paradise!"

The Ancient Sacred Art had these four characters squeezed out from between its teeth, "That 'Profound Void Stone' is only available within the 'Sword Illusion Paradise'." As he spoke till here, the Ancient Sacred Art closed its mouth and did not speak anymore, as though it did not want to reveal another word to Tang Huan.

"How much do you know about the 'Sword Illusion Paradise'?"

Tang Huan laughed again.

The Ancient God Technique suppressed the burning anger in his chest, "That 'Sword Illusion Paradise' has only been revealed in the Forging God Great World for nearly a thousand years. It seems to be the broken cave of an ancient Ranker, independent of the Divine Great Worlds, but it is also closely connected to this outside world. The location of that broken cave abode has frequently changed. It has appeared in the Danzhou region which is close to our Le Prefecture and Yan State before, and I heard that the most recent time it appeared was in the Sky Region. "

"You want to go to the 'Sword Illusion Paradise'? "I advise you not to waste your time." Not many people know of the existence of the Sword Illusion Paradise. Even if you manage to track its tracks and don't have the key to enter that broken abode, it would be impossible to use this Profound Void Stone to enter. "

Seeing Tang Huan's eyes flicker, Gu Jue could not help but taunt.

Tang Huan didn't mind at all when he heard this, and continued to speak with a face full of smiles: "Since no one knows about the existence of the 'Sword Illusion Paradise', then how did you know about it, Elder Gu?"

"Nearly a hundred years ago, the 'Sword Illusion Paradise' appeared in Danzhou."

"At that time, I was still at the Third Transformation of the Profound Cave. When I was training in Dan Zhou, I accidentally saw two Void Transformation Stage Rankers fighting with the Divine Armament. Although I did not dare to approach them, I managed to learn a lot from the words they revealed during the battle."

"Two Void Transformation Stage experts .... To fight a great war with the Divine Armament ... "

Tang Huan muttered. He suddenly thought about the two ownerless high ranking Divine Armament s he had and immediately asked, "How were the battles between the two Void Transformation Stage experts?"

The Ancient Divine Sense snorted and said, "This old man doesn't know. In order to avoid calamity, this old man did not see the end."

"Looks like we're going to perish together."

Tang Huan frowned, he had been wondering where Luo Yue's two Divine Armament s, Mountain River Painting Scrolls and jade plates came from. From the looks of it, it seemed that the two Void Transformation Stage powerhouses had perished together, allowing Luo Yue, who came to the Pill Province to gain experience, to obtain a huge advantage.

With that thought in mind, Tang Huan suddenly laughed: "Elder Gu, if I'm not mistaken, those two Void Transformation Stage experts must be fighting over the key to enter the 'Sword Illusion Paradise'!"

"How did you know?" Of course he knew this, it was just that Tang Huan did not question him, so he would naturally not reveal it to anyone.

"Back then, Elder Gu had missed a massive opportunity!"

Tang Huan laughed weirdly, and then ignoring the doubtful gaze of the Ancient God Technique, he laughed out loud. "Elder Gu, thank you for your explanation, we will stop talking here for today, goodbye."

After he finished speaking, Tang Huan did not delay any further, but just as he was about to leave, a loud shout suddenly came from afar: "War Clan Battle Son, come and visit, I hope the friends of the Green Rainbow Sect will not hold back!"

Chapter 1070 - War Clan Guests

"War Clan?"

Hearing this sudden voice, Tang Huan could not help but be startled, and immediately after, his brows revealed an expression of overflowing interest.

The Ancient Arts heard and on his face was a look of doubt. The War Clan was a huge power in the northern part of the Forging God Great World and had no relationship with the Green Rainbow Sect.

On the same mountain peak, Ling Wei and the other Void Transformation Stage experts all had a change in expression.

He did not know that Ling Yiming had caused a great deal of trouble in the "Heavenly Desolate Secret Realm", nor did he know that Ling Yiming had been pretending to be a fool for a period of time. However, these Void Transformation Stage experts were well aware of this.

As soon as they heard the words "War Clan", they immediately realized that even more trouble had come.

At this moment, Ling Wei and the rest were on the verge of tears. The god of pests who had wreaked havoc in the entire Green Rainbow Sect had not been sent away yet, and now, another

troublesome villain had arrived. There was only one person and one mount for the god of pests. Those villains of the War Clan definitely wouldn't be one or two people this time.

"Friends from the Green Rainbow Sect, you don't want to come out?"

The voice came again, and it sounded like a thunderclap, rolling through the world, "Since that's the case, then I'll have to knock on your door myself!"

As soon as he finished speaking, a loud sound abruptly burst out.

Subsequently, the space above the Rainbow Night City fiercely trembled, and waves of ripples that could be seen with the naked eye appeared between the heaven and earth.

Noticing this scene, whether it was the Ancient Divine Powers, Ling Wei and the rest's expressions changed greatly, and from all parts of the Rainbow Night City, cries of surprise rose again and again. The person from War Clan did not say anything, and actually started to attack the invisible barrier between the outer cities of the Rainbow Night City.

After an instant, another explosive sound shook the world. The vast space within Rainbow Night City once again fluctuated, shocking everyone who was still in a daze.

"Motherf \* cker, War Clan is too arrogant!"

The dignified Great Master of the Green Rainbow Sect couldn't help but curse.

You don't want to come out and see?

How long have you two been here? However, things have already gotten to this point, there is no point in getting angry now. Gu Shen Ji looked at Tang Huan: "Friend, you have already vented your anger, you have already taken what you had to take, and you have asked what you had to ask, I hope you will keep your promise."

"Rest assured, I am a man of integrity. However, your Green Rainbow Sect is not in a good condition right now." High up in the sky, Tang Huan looked at the Ancient Sacred Art with an additional hint of ridicule in his eyes. "If you guys can't handle it, maybe I can help a little."

"You don't need to worry about our Green Rainbow Sect." Gu Jinlong sneered. If he was asked to help, he might sell the entire Green Rainbow Sect.

"In that case, I will take my leave."

Tang Huan laughed, with a thought, the nine spirits that were hovering in mid air moved, bringing Tang Huan to the east and disappeared.

Upon seeing this, the Ancient Sacred Art swiftly headed down the mountain.

He had originally wanted to ask Tang Huan to return to Gu Cheng'an, who had been captured first before he left, but the sudden appearance of the War Clan cultivators had completely forgotten about this.

"Boom!" "Boom ~ ~ ~"

Earth-shaking sounds echoed one after another. The void in the inner city was shaking more and more intensely. It seemed as if it could collapse at any time.

However, just as Tang Huan was about to reach the eastern entrance of the passage between the inner and outer cities, the passage that was initially sealed suddenly opened. It was obvious that Ling Wei and the Ancient God Technique were worried that the invisible barrier had been destroyed by the people from the War Clan, thus, they opened up the passage and allowed them to enter.

At the two ends of the tunnel, a large number of people were gathered, but not a single person was coming in or out.

"Whoosh!"

The nine spirits carrying Tang Huan swooped down, landing at the entrance of the tunnel.

As soon as the man and the bird appeared, they immediately roused the nearby cultivators of the Green Rainbow Sect. Everyone looked over with their eyes full of surprise; they had obviously recognized that they were the two guys that had been causing a ruckus in the Green Rainbow Sect for the past few days.

Of course, even if they recognized him, no one would dare to stop him.

Even Ling Wei and the ancient sacred art, the Void Transformation Stage experts, were being played around with by him. How could the other cultivators below the Void Transformation Stage dare to step forward at this moment? Moreover, rather than stopping two disasters, the crowd would rather wish for them to leave the Rainbow Night City, the farther the better.

Thus, under the watch of so many pairs of eyes, Tang Huan and Jiu Ling walked towards the tunnel step by step.

The tunnel wasn't very long, just a few meters long.

Looking at the other side of the passage, Tang Huan frowned, a look of confusion in his eyes. On the other side of the passage, there were over a thousand cultivators gathered, but they were all far away, which made the two figures closest to the entrance even more eye-catching.

One of them was around sixty years old, dressed in a red robe, his hair was a bit gray, and the other was a bit younger, around thirty years old. His face was stiff and square, and his facial features were sharp and defined.

The Qi that seeped out from their bodies was extremely tyrannical.

"One is at the pinnacle of the five forms while the other is at the pinnacle of the two forms..."

Tang Huan's brows relaxed.

He had already realized that these two should be experts from the War Clan. The attack aimed at the invisible barrier of Rainbow Night City came from the west, and Tang Huan went the other way, wanting to avoid the War Clan. However, right now, it was obvious that the four passages in and out of the Rainbow Night City were guarded by War Clan experts.

However, there was no harm in that, War Clan's goal was Ling Yiming, so he believed that nothing bad would happen.

Tang Huan did not care, and with a thought, he continued to move forward.

"Halt! This is a dead end!" The scar-faced man took a step back and blocked Tang Huan's path. The gigantic blade in his hand that was originally hanging on the ground suddenly jumped up, the blade tip aimed straight at Tang Huan, his sharp intent shooting out.

"Friend from War Clan, I am not a cultivator of the Green Rainbow Sect, please allow me." Tang Huan cupped his hands and smiled.

"If you say it's not, then it's not?"

Hearing this, the scar-faced man sneered, "Regardless of whether you are a cultivator of the Green Rainbow Sect, stay inside obediently for your father. Once this matter is settled, all the unrelated people can leave." "I advise you not to force your way in. Otherwise, your father's blade won't recognize anyone."

"Oh?"

Tang Huan started laughing as a cold light flashed across his eyes.

The surrounding Green Rainbow Sect cultivators naturally could not step forward to prove his identity. His current attire was indeed quite suspicious.

However, the tone of the man from War Clan spoke made Tang Huan feel extremely unhappy.

If he had a good talk with them, it would be fine if Tang Huan waited inside for a while longer. But now, Tang Huan no longer had the interest to flirt with them.
