

W. Master 1401

Chapter 1401 - Humiliation

On the summit, only the rumbling of Strength Qi could be heard.

However, no matter how much Lu Zhiyuan used a strong and fierce attack to destroy the blue dao flame, it could still reassemble into a ball in the end, causing the surrounding people to be dumbstruck.

"Rumble ..."

After a long while, a buzzing sound suddenly rang out, and the brilliant golden light exploded in Lu Zhiyuan's palm, revealing a golden sword. The powerful sword intent spread out from the peak of the mountain with extreme sharpness, and at this moment, all of the surrounding cultivators felt their hearts palpitate.

"Dao item!" "This is a Dao weapon!"

"Golden Profound Sword? Lu Zhiyuan's Dao Artifact? "

"This fire is really stubborn. It actually forced Lu Zhiyuan to even take out a Dao weapon?"

"..."

The surrounding people began to exclaim in a low voice.

After a moment of shock, everyone felt relieved.

When all of his methods were unable to do anything to that ball of dark blue dao flame, it was already logical for Lu Zhiyuan to use his Dao Artifact. All he could do was see when he wouldn't be able to restrain himself.

"Exterminate —"

The long sword in his hand began to move at a speed that would shock the mind. In the blink of an eye, thousands of sharp golden sword beams were like locusts as they covered the sky and the ground as they flew towards the dark blue dao flame barrier.

Under the gaze of many gazes, the blue dao flame in front of Lu Zhiyuan and the space within a ten meter radius seemed to have been reduced to fine powder.

"This time... It should be enough, right? "

After all, the ball of fire that Tang Huan had condensed was just too stubborn. Under Lu Zhiyuan's dozens of previous attacks, no matter how much it shattered, it was able to reform.

The violently shaking space gradually returned to its calm state, and not a single speck of blue aura could be seen in that area anymore. Under the sword beam activated by the Dao weapon, that small cluster of dark blue dao flame seemed to have been completely shattered and no longer existed.

"Success!" "It's a success!" The silence on the peak was suddenly broken by a burst of cheers, causing many cultivators to be unable to restrain their excitement.

"Hahahaha, Tang Huan, now..."

Lu Zhiyuan's twisted face finally relaxed, and a drunk red blush emerged on his green face. He looked at Tang Huan excitedly, and saw that Tang Huan was still twenty to thirty meters away with a calm face, and could not help but laugh sinisterly. "Stop pretending! Continue pretending! "

But before he finished speaking, Lu Zhiyuan noticed that something was wrong. It was too quiet around them, and the cheers seemed to have all disappeared at the same time.

"What's going on?"

The smile on his face abruptly froze, and his eyes seemed to want to jump out from his eye sockets. In front of him, about ten meters away, a small ball of dark blue sparks had already jumped out of the empty space that had just been crazily wreaked havoc by the sword beams.

The sparks became larger and larger. In just a few seconds, they had turned into a walnut-sized flame.

"This, this..."

Lu Zhiyuan could not believe his own eyes. After taking a few steps back, he sat on the ground. It was as if he had seen a ghost as shock filled his face.

The surrounding crowd was even more shocked.

Lu Zhiyuan had even brought out his Dao Artifact, but was still unable to destroy it. If Tang Huan used his Dao Fire to attack during the fight, who could defend against the seven transformations of Heaven? When they thought of this, everyone couldn't help but shudder.

"Lu Zhiyuan, it's not even half the time yet. Do you still want to try again?" Tang Huan suddenly laughed.

"..."

Lu Zhiyuan was suddenly awoken. He only looked at it silently for a moment before walking into the distance without saying a word. The Dao item in his hand had returned to the Dantian, but he was clenching his fists tightly, and the nails of his hands had sunk deep into the flesh of his palms. There was no need to try again. Even if he wanted to, it was because he had exhausted all of his elemental energy.

Sensing Lu Zhiyuan's expression, Tang Huan knew that he would definitely not let this matter rest.

However, Tang Huan did not mind. With a wave of his right hand, the small cluster of dao flame, like iron filings attracted by a magnet, instantly floated onto Tang Huan's palm and fused into it.

It was just that Lu Zhiyuan, as a man with seven transformations, did not have that kind of strength. If it was a Heavenly Palace elder like Sun Kui, he could probably suppress and shatter the flames in the blink of an eye, making it hard for them to gather again.

Furthermore, if the flame left Tang Huan's body for fifteen minutes, even if no one else took action, it would immediately dissipate into thin air.

When Lu Zhiyuan agreed, the outcome was already decided. Unless he could advance from the Seven Transformations of Heaven People to the Heavenly Slaughter Stage within the limited time of seven and a half minutes, there might be a sliver of hope.

Unfortunately, the possibility of this happening was very slim.

If he could really reach such a level, then what harm could he get? It was already difficult to arouse Tang Huan's interest by fighting with the seven transformations of Heaven, but if he was a Heavenly Scholar, Tang Huan would definitely be moved.

"Brother Fang, let's continue!"

Tang Huan did not pay any more attention to Lu Zhiyuan, but smiled at Fang Xu.

Fang Xu, Lei Jia Yuan and the rest looked as if they had just woken up from a dream, their faces were filled with shock.

"Continue!" "Continue!"

Immediately after, Fang Xu nodded his head. In a few steps, he arrived in front of the round table, and then fiercely smacked down with his palm. After a loud boom, the Strength Qi surged, and on the almost transparent giant monument, the dragon ranking did not have the slightest change, which meant that his strength did not make it onto the ranking board.

Fang Xu had already known this would happen, and he laughed without a care. He moved to the side, and the other young woman quickly stepped forward.

"..."

Lu Zhiyuan quickly left the summit, and on the summit, the cultivators who had gathered together earlier scattered in all directions. The sounds of strength colliding with the circular platform would resound from time to time, and the name on the Dragon Rankings would also change from time to time.

However, even though Tang Huan and Lu Zhiyuan's dispute had come to an end, the effect of this matter was quickly fermenting in the Black Dragon Mountain. Not long after, the events that occurred at the peak of Dragon Mountain had already reached the ears of almost every cultivator in Mohe City, causing them to cry out in alarm.

There were even many people from Mohe City who specially went up to Warring Dragon Peak to take a look.

The moment he arrived, Lu Zhiyuan, who had replaced Mo He City as the first ranker on the Rising Mountain List, took the first rank of the Dragon Rankings, and then used a small ball of Dao fire to force Lu Zhiyuan to retreat in a sorry state ...

No matter what it was, it would make people tongue-tied. Hence, more and more Mo He City cultivators were trying to guess Tang Huan's identity and origins. Two days later, more than ten thousand Pure Flow City cultivators arrived and stayed at Black Dragon Mountain. They were also surprised to learn of this news.

Chapter 1402 - Top of the List (1)

"..."

"For Lu Zhiyuan, the number one of the Rankings in Mohe City, to be humiliated like this, I truly did not expect that."

"That Tang Huan is said to have come from You Yun City. Is that true?"

"Lu Zhiyuan has condensed more than a hundred Dao Crystals, but he still can't avoid Tang Huan's small fire. This is truly strange!"

"..."

Among the cultivators of the Pure Stream City, similar sounds could be heard incessantly.

Dragon-Battling Peak was as crowded as it was two days ago. The cultivators of Purified Stream City put away their luggage before rushing to the peak of Dragon-Battling Peak to try their luck.

The dragon ranking, which had been more or less stable since yesterday, began to change violently.

New names appeared on the almost transparent giant monument, pushing down the names on the Dragon Rankings from their original positions.

In less than half a day, the names of over a hundred Mo He City cultivators had disappeared from the Dragon Rankings.

However, the name of Tang Huan at the top of the ranking board still remained unmoved.

"To be able to humiliate Lu Zhiyuan to that extent, Tang Huan still has some skills. Han Shao, who is ranked second in our Pure Flow City Rankings, surpassed Lu Zhiyuan on the Dragon Rankings, but was still beneath Tang Huan. If you want to change the position of being the first on the Dragon Rankings, it's still up to you, Brother Shen."

There was a clamor on the peak of Dragon Mountain. At the edge of the crowd surrounding the giant monument, a bald youth couldn't help but laugh.

By the side of this bald youth stood a young man in an azure robe with his hands behind his back. His body was tall and straight, like a jade tree swaying in the wind, and his face was handsome like jade. The long hair behind his head hung down the back of his head.

"Brother Cao, you flatter me."

The green clothed man laughed indifferently, "That Tang Huan was able to receive attention from the Heavenly Palace's Elder Sun, and was specially chosen from a remote city in Youyun City. He must have some outstanding points, for him to want to surpass on the Dragon Ranking, is that easier said than done? "Even if I, Shen Bai, were to go up, it is likely that I will end up like Han Shao and be below him."

Although he said that, Shen Bai's expression did not show any signs of depression or discouragement. When he looked at the first rank on the Dragon Rankings, a strange emotion seemed to flash past in the depths of his eyes.

"Brother Shen, you're taking it too long for others." Brother Shen, you're taking it too long for others.

The bald youth laughed loudly. "Amongst our Pure Flow City's' Heaven's Path 'Art, Han Shao is ranked second, while you are ranked first. Although the two of you have condensed a hundred Dao-Crystals, the difference in power is enormous. A few days ago when others were fighting, Han Shao had to take ten moves before he was defeated by your hand. But if I guessed correctly, once we enter into a real life and death battle, Han Shao will not even be able to take three of your moves. With your strength that surpasses Han Shao, you can suppress Tang Huan and become the top of the

Dragon Rankings without any suspense. Brother Shen, there's no need for you to hide once you're here in this Royal Dragon Heavenly Palace. "

"Big brother Cao Hou is right."

Just then, another voice sounded from the side. It was a tall and sturdy man who spoke with an anxious voice, "Brother Shen Bai, don't be so modest. Out of so many people in our Clear Stream City, only Han Shao has entered the top six. Among the other five, four of them are from Mohe City. If you don't take action against Shen Bai and snatch the position of the first on the Dragon Rankings, then our Pure Flow City will really lose a lot of face this time. "

"In that case, I'll give it a try!" Shen Bai's eyes flashed before he finally nodded his head, "However, I cannot guarantee that I will succeed."

"Brother Shen is willing to help, how can you fail?" Cao Hou's face twitched as he laughed loudly.

"Brother Shen Bai will definitely succeed!"

The burly man also clapped his hands and laughed. He took a big step forward, "Out of the way, get out of the way. Let big brother Shen Bai try first." How could a nameless person always occupy the top spot of the Dragon Rankings? See how big brother Shen Bai will sweep him off the stage. "

Hearing this, the surrounding cultivators looked over in the blink of an eye.

Seeing Shen Bai not too far away, not only did the crowd not get angry from being pushed away by the burly man, they even had faces full of joy and anticipation. With over ten thousand cultivators in the Pure Flow City, if there was anyone who could squeeze out Tang Huan and rise to the top of the Dragon Rankings, they would definitely belong to Shen Bai.

Shen Bai was the number one genius among the younger generation of the Pure Stream City.

There were so many Seven Transformations Heaven Transformations people in the Clear Stream City, there were many that had condensed 100 dao crystals. But, only Shen Bai was the youngest; he was actually not even 30 years old. He was one year younger than Lu Zhiyuan from Mohe City, but his true strength was definitely a lot stronger than Lu Zhiyuan.

"This Du Qiang!"

Seeing the actions of the burly man, Shen Bai could not help but laugh. However, he did not stop and continued to walk forward as if he was strolling in the park. Upon seeing this, Cao Hou also followed closely behind. Moments later, the two had already reached the round table through the tunnel formed by the cultivators after they had retreated.

"Brother Shen Bai, please!"

The tall and sturdy man, Du Qiang, shouted.

Shen Bai nodded slightly. He raised his eyes and looked at the first of the dragon ranking. A scorching heat seemed to flash across his eyes. The corner of his mouth curled into a somewhat arrogant smile. He raised his right hand and slowly sank it. On the tip of his finger, there was actually a white-colored odor that was swiftly lingering around.

When he was about half a foot from the surface of the platform, the speed of Shen Bai's right palm suddenly soared many times.

Before anyone could react, Shen Bai's right palm had already landed on the round stage.

A loud noise that sounded like the piercing of gold and shattering of stones resonated on the summit, and a wave of terrifying Strength Qi seemed to have congealed into a solid substance, rolling in all directions with an overpowering momentum. Du Qiang and Cao Liang's group who were the closest to it were completely unable to endure it, and were unable to control themselves and were sent flying backwards.

For a moment, the area with a radius of over ten meters, other than Shen Bai, was completely empty.

Many cultivators from the Pure Flow City knew of Shen Bai's strength and were not surprised by the power he had displayed. However, at this moment, countless gazes reflexively shot towards the top of the giant monument with expressions of confidence.

In the eyes of the crowd, since Shen Bai had already made his move, it was already certain that he would be placed at the top of the rankings.

On top of the giant monument, there was indeed a change in the Dragon Rankings, but the change occurred in the second place, with the two words "Shen Bai" quickly appearing on it, while Han Shao, who was originally third, had become third place.

The names of the other cultivators followed suit.

On the other hand, the two words at the very top of the Dragon Rankings, "Tang Huan", didn't even budge an inch! Shen Bai actually failed, and was unable to suppress Tang Huan.

First, it was Lu Zhiyuan, who was ranked first on Mohe City's Rising Mountain List, and now, it was Lu Zhiyuan who was ranked first on the Pure Flow City's Rising Mountain List.

The two top rankers on the top rankings were actually all below Tang Huan.

How strong exactly was Tang Huan?

While everyone was still in shock, Shen Bai, who was looking up, could not help but be stunned. A wisp of green air suddenly appeared on his handsome jade-like face, and a trace of embarrassment and annoyance flashed within the depths of his bright black eyes.

Chapter 1403 - Top of the List (2)

"Sigh, look, look. Our Mohe City's first place has already fallen to fourth place."

"Tsk tsk, even the second ranked disciple of the Flowing Wind City, Han Shao, has surpassed Lu Zhiyuan. During the 'Heaven's Path Divine Art', it is said that Shen Bai killed Han Shao in ten moves. But even so, Shen Bai was still unable to surpass Tang Huan on the Dragon Rankings. It is no wonder that Tang Huan said that Lu Zhiyuan was unqualified to challenge him, it is fortunate that Tang Huan did not agree to fight with him, otherwise, who knows how badly he would have lost. "

"It's fortunate that Shen Bai did not make it to the top of the Dragon Rankings. Otherwise, our Mohe City would have been even more humiliated."

" ... "

The news of the battle on the peak of Dragon Mountain quickly spread across the entire Black Dragon Mountain. Not only were the cultivators of Clear Stream City dumbstruck, even those of Mohe City were shocked.

However, after a short moment of shock, the cultivators of Mohe City secretly heaved a sigh of relief.

Mo He City's Rising Sun first place was successively suppressed by the Rankings of the Pure Flow City Rankings, which was already depressing enough. If the cultivators of the Pure Flow City also managed to obtain the first place on the Dragon Rankings, then when they met the cultivators of the Pure Flow City in the future, they would inevitably feel a sense of inferiority.

Now, whether it was Mo He City's Lu Zhiyuan who was at the top of the Rising Sun Ranking or Shen Bai who was at the top of the Rising Sun Ranking, both of them were ranked below Tang Huan on the Dragon Ranking.

The Mo He City cultivators suddenly felt much more balanced.

As time passed, not only did Mo He City's cultivators regain their balance, the originally dejected cultivators of Pure Stream City also regained their balance as well.

After two days, the Heavenly Star City's cultivator stayed at the Black Dragon Mountain. Qi Yi, who was ranked second on the Rankings, was ranked third on the Dragon Rankings, below Tang Huan and Shen Bai.

After two more days, the Flowerdoo City cultivator stayed at the Black Dragon Mountain. Zhang Xinshui, who was at the top of the Proclamation of Liberation, squeezed out Qi Yi and took third place on the Dragon Rankings, placing beneath Tang Huan and Shen Bai.

Two more days later, the cultivator from Flawless City stayed at the Black Dragon Mountain. Pang Tai Ran, who was ranked third on the Rankings, was ranked number 7 on the Dragon Rankings.

Another two days passed. The Gu Ying City cultivators stayed at the Black Dragon Mountain and Zhu Han Lin, who was placed at the top of the rankings, squeezed his way up to the fourth rank, placing himself under Tang Huan, Shen Bai and Zhang Xinshui.

Another two days ...

... ..

Another two days, Jade Imperial City's cultivators were staying in the Black Dragon Mountain!

"..."

"Haha, it's finally our turn."

"In the twelve great cities, six of the top rankers have entered the Emperor Dragon's Heavenly Palace, yet they have all been placed below Tang Huan, who is ranked at the top of the rankings from a small, remote city. It seems that the overall strength of the first rank of this year's' Heaven's Path Divine Art 'isn't all that great."

"The first rank of the Dragon Rankings belongs to none other than us Jade Imperial City cultivators."

"You're wrong. Not only is the Dragon Rankings number one on the Dragon Rankings, but the top ten of the Dragon Rankings should also be in our Jade Imperial City. Of course, ten is also possible."

"Ai ai, right now, the rankings are filled with Yin and Yang, and the following rankings are filled with Yin and Yang."

"..."

The peak of Dragon Mountain was already filled with a sea of people.

The sounds of discussion, shouts, and explosions caused by the Strength Qi condensed into enormous sound waves that surged back and forth above the peak.

At this time, not only were there a large number of Jade Imperial City's cultivators gathered here, Mo He, Jing Liu, Tian Xing, Hua Tuo, Yue Yin, and Gu Ying, all of them were there to open their eyes.

Towards the arrogant words of the Jade Imperial City's cultivators, although Mo He and the other cultivators were extremely dissatisfied, they couldn't help but admire the strength of the other party. Ever since the Jade Imperial City cultivators had ascended to the peak of Dragon Mountain, the runes on the giant monument had started to change.

This kind of change not only appeared in the middle and back sections of the Dragon Rankings, but also in the first part of the Dragon Rankings.

In just half a quarter of an hour, two new names appeared on the top 10 rankings of the Dragon Rankings. As for the top 20 rankers, there were already five new Jade Imperial City cultivators.

This was only the beginning!

By the time all of the Jade Imperial City's cultivators had made their attempts, more than half of the top 20 places would be occupied by the Jade Imperial City's cultivators. This had already been a practice for countless years.

Indeed, four hours later, the top ten rankers of the Dragon Rankings had already been ranked six in the Jade Imperial City.

Even Shen Bai, who had always been ranked second on the Dragon Rankings, was pushed to third place by a cultivator called Yu Qinggrong, then was pushed to fourth place by a cultivator called Liu Hanqing. As for Lu Zhiyuan, who was originally ranked seventh, he had fallen out of tenth place, and it was hard to say if he would be able to stay in the top twenty.

"Sister Qing Rong, even you and Liu Han Qing weren't able to surpass that Tang Huan. Where did he come from?"

At the edge of the mountain peak, a pretty and cute lady dressed in green gazed at the almost transparent giant monument. An unconcealable surprise was present between her brows.

"My father asked around."

A clear and melodious voice rang out, and the one who spoke was a slim and graceful woman dressed in a white dress. Although her appearance could not be considered beautiful, with her five senses paired together, it was still extremely beautiful, and her skin was as tender and fair as cream, delicate to the point that it could be blown apart by the wind. Furthermore, this woman had a

graceful and elegant temperament, contrasting with her graceful and well-developed body, causing her entire body to exude a unique charm.

She was the person ranked second on the current Dragon Rankings, Yu Qinggrong.

"Oh?"

The lady in green immediately became interested, "What did Uncle Yu say?"

Yu Qingrong smiled slightly and said, "According to the information obtained from the investigation, we can conclude that Tang Huan was a cultivator who had transcended heavenly tribulation from the lower realms only a few months ago. A few days ago, when he was participating in the Heavenly person technique in Youyun City, his cultivation had already reached the seven transformations of Heaven. Furthermore, when he was fighting with other cultivators, he only used one battle skill from start to finish, and the majority of his opponents were defeated in one move.

"It has only been a few months and he has already broken through to the seven transformations of Heaven, is this a joke?" The green-clothed woman widened her beautiful eyes in surprise.

"This is Father's deduction. It shouldn't be wrong."

"In the 'Heaven's Path Technique' in Youyun City, Tang Huan probably hasn't displayed his strongest strength yet, because he's still a Weapon Refiner. Furthermore, judging from how Lu Zhiyuan tried his best to extinguish the small fire he condensed, his Dao fire's firepower is very strong. If Tang Huan were to use his full power in his attacks, I'm afraid that no one in the entire 'Flowing Flower Domain' could defeat him."

"That is to say, at the Heaven Realm, he is invincible?" Obviously, she did not expect that Yu Qing Rong's evaluation of Tang Huan would be so high.

"That's right." Yu Qinggrong nodded slowly. "Even if someone can surpass him on the dragon ranking, the chances of them actually fighting are pitifully small."

"It's a pity that our Jade Imperial City doesn't even have someone who can surpass him on the dragon ranking." The green-clothed woman came back to her senses and sighed.

"That's not necessarily true!" Yu QingRong squinted her eyes and said with a smile.

Chapter 1404 - Xiao Mushuang

"Sister Qing Rong, are you talking about Xiao Mushuang?"

The green robed lady shook her head, "Although she is at the top of our Jade Imperial City's Rising Emblem this time, she is not much stronger than you and Liu Han Qing ... "Aiya, Xiao Mushuang is here!" As she spoke, her gaze had already turned towards the nearby peak of the mountain.

On the other side, a fiery red figure had already reached the final step of the mountain road.

She was dressed in a bright red dress, and seemed to be extremely passionate. However, the feeling she gave people was the complete opposite, as if a cold chill spread out from her body the moment she stepped onto the peak of Dragon Mountain, and wherever she went, space itself seemed to have turned into an ice cave.

"Xiao Mushuang ..."

Yu Qinggrong suddenly smiled and said, "When the 'Heaven's Perception' fought with Liu Hanqing and I, she did not use her full strength. Furthermore, as far as I know, she had already condensed 101 Dao Crystals a few days ago and stepped into the Sky Realm."

"Skies?" "So fast?" The green-clothed woman was shocked.

"..."

... ..

"Brother Tang!" "Brother Tang!"

Black Dragon Mountain, in courtyard number 1, Tang Huan who was immersed in cultivation was suddenly awakened by an anxious cry, as he slowly opened his eyes.

"Are you Brother Lei and Brother Fang?" "Come in!"

After sensing it for a bit, Tang Huan smiled, and in a blink of an eye, two figures jumped over the wall and entered. They were Lei Jia Yuan and Fang Xu.

"Hu!" Almost at the same time, Tang Huan's figure appeared in front of the two of them.

"Brother Tang, something terrible has happened. Your position at the top of the Dragon Rankings has just been taken by someone." Lei Jia Yuan looked anxious.

"Did you come to me in such a hurry for such a small matter?"

Tang Huan laughed involuntarily.

Ever since he returned from War Dragon Mountain, Tang Huan had always been in the courtyard cultivating, never paying attention to the movements of the outside world. The vortex formed by the celestial spiritual energy had existed for more than 20 days. It was just that the vortex wasn't as large as the one that absorbed all the celestial spiritual energy into the cave.

Until today, Tang Huan's Dao-Crystals had increased from eighty-seven to ninety.

He had the s that could absorb and refine immortal sky's spirit energy, and the Law of the Tao that he had comprehended was extremely miraculous as well. But even so, in a situation where he did not have any pills or cultivation resources, the speed at which he condensed the dao crystal was rather slow, comparable to the others.

In the Heaven Realm, there was a world of difference between having and not having cultivation resources.

"Brother Tang, this is not a small matter. It's a big matter and that is the first rank of the Dragon Rankings!" Fang Xu could not help but ask.

"That's right, that's right, Brother Tang. The first place on the Dragon Rankings is the strongest out of the one hundred thousand Black Dragon disciples in the Emperor Dragon's Heavenly Palace. Being able to reach the top is a great honor." Lei Jia Yuan said.

"I wonder who surpassed me?"

Indeed, Tang Huan did not place too much importance on the top of the rankings, but, with Lei Jia Yuan and Fang Xu being so concerned, he could not pretend that he did not care, hence he asked

curiously. Calculating the time, the Jade Imperial City's cultivators should be staying in the Black Dragon Mountain, that person might be a Jade Imperial City's cultivator.

"Xiao Mushuang!" "It's the Jade Imperial City's Xiao Mushuang!"

Lei Jiayuan hurriedly said, "Brother Tang, this person is ranked at the top of the Proclamation of Liberation in Jade Imperial City. It is said that her cultivation has already broken through to the Heavenly Shi Realm."

"Oh?"

As the name implied, it was a competition that only the heavens could participate in. If one was young and had already stepped into the Heavenly Scholar Realm, then there was no need to participate in the "Heaven's Path". They could just directly come to Jade Imperial City and request to become a disciple of the Heavenly Palace.

In Jade Emperor City, there was an agency that specialized in such matters.

Moreover, not only was the Emperor Dragon's Heavenly Mansion the same, the Qianyuan Heavenly Sect and Everlasting Temple were also the same. As for the other sects, large and small, they were no exception.

Before Xiao Mushuang had entered the Black Dragon Mountain, she had already become a Heavenly Scholar. It was no wonder that she was able to be ranked on the Dragon Rankings.

"Brother Tang, you are not clear about the situation on the Dragon Rankings." Fang Xu sighed emotionally, "Currently, among the top ten in the Dragon Rankings, other than you and Shen Bai, the other eight people are all Jade Imperial City's cultivators. And among those eight people, six of them are women. If you count the top 20, then 14 of them are all cultivators of Jade Imperial City. The head of our Mohe City Rankings, Lu Zhiyuan has just been squeezed out of the top 20. "

"The women of Jade Imperial City are indeed frightening."

Lei Jiayuan shook his head with a wry smile, "Now, other than Brother Tang and Shen Bai, as well as the seventh and tenth place Jade Imperial City's cultivators, the first place's Xiao Mushuang, the third place's Yu Qingrong, the fourth place's Liu Hanqing, the sixth place's Jin Die, the eighth place Wu Ning, and the ninth place's Meng Changlan are all women."

"What a shady world."

Tang Huan could not help but smile helplessly, "Especially that Xiao Moyan, she is already a Heaven Saint Master now, and I am only a Seventh Transformation. Not to mention that I will not be able to surpass her on the Dragon Ranking in a short period of time, even if I were to become a Heaven Saint Master in the future, I would still fall behind her."

"Brother Tang, don't forget, you've already been ranked at the top of the Dragon Rankings for twenty or so days." Fang Xu stressed.

"And then?" Tang Huan was a little doubtful.

"As long as fifteen days pass, you will be able to claim the reward from the sect with the standard of being ranked at the top of the Dragon Rankings. "If you're lucky, you might be able to break through within a few days and become a Heaven Saint Master like Xiao Mushuang." Lei Jiayuan grinned and was beaming with joy.

"Fifteen days. That's true."

He smiled, "It's possible for me to add a few more Heavenly Crystals, and once I reach the Heavenly Scholar Realm, the chances are slim. Brother Lei and Brother Fang might not know this, but I only have a mere 90 Dao Crystals right now, so I might as well reach the two of you."

"What?"

When Lei Jia Yuan and Fang Xu heard this, they were speechless and looked at each other, dumbfounded.

After cultivating in the Black Dragon Mountain for half a month, he only had ninety Dao Crystals. Doesn't this mean that when Tang Huan fought on the peak of Dragon Mountain, the number of Dao Crystals he had was less than ninety? This was indeed something compared to them. Lei Jia Yuan and Fang Xu had more than 90 crystals long ago.

With a cultivation of less than 90 dao crystals, he was able to suppress all the cultivators that were ranked at the top of the Dragon Rankings in just over twenty days. If this news were to spread out, all the cultivators in the Black Dragon Mountain would probably be so shocked that their eyeballs would pop out of their sockets.

Such a small amount of Dao Crystals could be ranked at the top of the Dragon Rankings. If Tang Huan possessed a hundred Dao Crystals, he might be able to surpass Xiao Mushuang, who was already a Heaven Realm cultivator.

Thinking of this, both of them became excited.

"Brother Tang, how about we go receive the sect's reward now?"

"..."

Chapter 1405 - Top Reward

All the disciples of the Black Dragon had already taken their places of residence. On the mountain road, the cultivators went back and forth, it was extremely lively, and it was no longer as silent and quiet as when Tang Huan had arrived.

At the entrance of the Black Dragon Mountain, in the vast plaza, there were even more silhouettes entering and exiting the palace.

Amongst the many halls, the "Black Dragon Palace" was responsible for the Black Dragon disciples' various awards. Naturally, the rewards on the Dragon Rankings were among them.

When Tang Huan, Lei Jia Yuan and Fang Xu stepped into Black Dragon Palace, the palace was quiet, there were only nine people inside.

The long counter extended from the two sides of the hall to about twenty meters, then curved from the two sides to the middle, finally forming a semicircle. On the other hand, the vast palace space behind the counter was sealed, leaving behind only three arched doors for entry ...

Of the nine people in the hall, four were in front of the counter and five others were behind it. It was obvious that they were the chief steward of Black Dragon Palace.

It was normal for such a situation to occur.

After all, up until today, all the Black Dragon disciples had entered the Emperor Dragon's Heavenly Palace, and only the Dragon Rankings could be received. However, the majority of cultivators that were previously on the dragon list were pushed down, and the cultivators that were later on the dragon list had yet to stay on the dragon list for long.

Right now, there were very few Black Dragon disciples that were qualified to receive the rewards from the Dragon Rankings.

Looking at the middle-aged man behind the counter and handing over the small medicinal bottle to a young man before the counter, Tang Huan then walked forward.

"Senior, this one is Tang Huan, and I am here to receive my rewards from the Dragon Rankings." While they were talking, Tang Huan had already handed over his dragon medallion.

"You are Tang Huan?"

The middle-aged man took the dragon medallion and was slightly surprised.

A few clan leaders by the side, as well as the four young men that were preparing to leave, could not help but look at Tang Huan in the blink of an eye.

Tang Huan was a man of heaven from a small city in the distance and had been at the top of the Dragon Rankings for more than half a month. Lu Zhiyuan, Shen Bai, Zhang Xinchui, Zhu Hanlin, and other top rankers from various cities hadn't been able to shake him, and it was only today that Xiao Mu Shuang, who was ranked head of the Rankings in Jade Imperial City, had managed to push him to the second place on the Dragon Rankings.

However, it was said that Xiao Moyan was already a Heaven Saint Master, so it was not surprising that she surpassed Tang Huan on the Dragon Rankings.

However, with so many people in the Black Dragon Mountain, very few of them had actually seen Tang Huan before. They did not expect that at this time, Tang Huan would actually come to the Black Dragon Palace to receive the reward for the Dragon Rankings.

"Exactly."

Tang Huan nodded and smiled.

The middle-aged man nodded, then turned and slapped Tang Huan's Dragon plate into the almost transparent round table, the black light flickered quickly and after a moment, it condensed into two characters, "Tang Huan". Then, the middle aged man extended his hand and swiped it, causing the dragon medallion to separate from the round platform and fly towards Tang Huan.

"Tang Huan, on the sixth day of August, you will be ranked number one on the Dragon Rankings. On the twenty-eighth day of the month, you will be ranked number two on the Dragon Rankings and will be ranked number one on the Dragon Rankings for more than fifteen days. With that, the middle-aged man took out a crystal clear purple jade medallion from the counter.

"Soaring Cloud Violet Palace?"

Hearing the words that came from the middle-aged man's mouth, Lei Jia Yuan and Fang Xu, who were behind Tang Huan, could not help but exclaim out loud. When they looked at the purple jade medallion, they could not hide the envy in their eyes, and the four young men's eyes became even rounder, as if they wanted to grab the purple jade medallion for themselves.

Tang Huan had just caught the Dragon plate, and was surprised to hear that.

He had originally thought that the first place reward would be a decent medicinal pill that would be able to help him quickly condense a hundred Dao Crystals, but he hadn't thought that it would actually be a day of cultivation in the "Soaring Cloud Violet Palace."

The "Soaring Cloud Violet Palace" was the cultivation holy land of the "Heavenly Emperor Palace" within the Inner Palace.

Within the Violet Palace, there was a type of pure energy called the "Heaven-Soaring Purple Clouds" that could rapidly increase one's cultivation. However, the "Soaring Cloud Violet Cloud" was limited, so the "Soaring Cloud Violet Palace" was obviously not open to all cultivators within the Heavenly Palace. Even the elders and supreme elders of the Heavenly Palace were not allowed to casually enter the "Soaring Cloud Violet Palace", so the disciples of the Heavenly Palace were naturally even more restricted.

And in general, the number of days awarded is extremely short.

Just like Tang Huan, who had just obtained the reward of entering the "Soaring Sky Violet Palace" to cultivate for one day. However, he could not underestimate this day. A day in the "Soaring Sky Violet Palace" was actually equivalent to a month in the outside world. This was a reward that was enough to make countless disciples of the Black Dragon salivate.

This could be seen from the reaction of the four young men, as well as Lei Jia Yuan and Fang Xu.

"Thank you, senior!"

After a while, Tang Huan came back to his senses, and happily received the purple jade tablet. On the front, countless fine lines intertwined to form the words "Soaring Cloud", and on the back, there was the word "one". It was clear that it meant that he could cultivate in the "Soaring Cloud Violet Palace" for an entire day.

The middle-aged man waved his hand and smiled, "No need to thank me. This is what you deserve and your luck is extremely good. According to the rules of the Heavenly Palace, whenever a new disciple enters the Palace, if the Virtuous Heaven is left in the Soaring Sky Violet Palace, the person who earns the first prize on the Dragon Rankings will be given the priority of entering the Violet Palace to cultivate for a day. "

"Today's' Soaring Sky Violet Palace 'just happened to have an empty room. If you came a few days earlier, you wouldn't have had this sort of reward, and similarly, you wouldn't have had this sort of reward if you came a few days later. That's why your luck is extremely good." As he finished speaking, the middle-aged man was also rather envious.

"So that's how it is. If I had already reached the Heavenly Warrior Realm before I received the reward, I'm afraid I wouldn't have such a reward." Tang Huan suddenly had a thought.

"That's right!"

The middle-aged man said with a smile, "This reward will only be given to the strongest Black Dragon disciple who has just entered the Heavenly Palace. If it's a Heavenly Scholar, it's only natural for them to be able to climb up to the top of the Dragon Rankings, and it's naturally not enough for them to receive the reward to train in the 'Soaring Sky Violet Palace'."

"..."

After a long while, Tang Huan, Lei Jia Yuan and Fang Xu finally left the Black Dragon Palace.

As the four of them left, the news of Tang Huan obtaining the first prize quickly spread among the disciples of the Black Dragon Mountain Sect. In a short few moments, it had already engulfed the entire Black Dragon Mountain like a storm.

Entering the "Soaring Sky Violet Palace" to train for a day had caused countless cultivators to salivate in envy.

On a single day in the Violet Palace, in a month in the outside world, after Tang Huan cultivated in the Soaring Sky Violet Palace for a day, his cultivation would presumably have greatly improved, and he might even be able to step into the Empyrean Realm.

At that time, if Tang Huan were to return to being ranked at the top of the Dragon Rankings, it would be extremely interesting.

Chapter 1406 - Soaring Cloud Violet Palace

"Soaring Cloud Violet Palace?"

Black Dragon Mountain, in courtyard number 380, Lu Zhiyuan's face was extremely gloomy when he suddenly received the news that Tang Huan was about to enter "Soaring Cloud Violet Palace" to cultivate for a day.

Twenty days ago, he received a huge blow on the peak of Dragon Mountain, causing him to start cultivating wholeheartedly. He even consumed several medicinal pellets that he brought from home.

Their goal was to reach the Heaven Realm as soon as possible.

Sooner or later, he would have to return the humiliation at the peak of Dragon Mountain to Tang Huan.

In the past few days, he had already faintly grasped the threshold of the Heaven Realm. However, he did not expect that he would receive such news at this moment.

One day of Tang Huan's stay in the Violet Palace was equivalent to completely offsetting his half a month's worth of bitter cultivation.

Furthermore, with the miraculous nature of the "Sky Cloud Purple Aura" within his Zi Palace, it was possible that Tang Huan would have stepped into the Heaven Realm even earlier than him.

"Tang Huan, you forced my hand!"

Lu Zhiyuan seemed to be thinking of something as he suddenly growled through gritted teeth.

... ..

"This Tang Huan sure is lucky."

In courtyard number 17700, the bald youth Cao Hou couldn't help but snort sourly, and said, "Going to Black Dragon Palace to claim the first place reward actually just so happened to bump into an empty spot in the Soaring Cloud Violet Palace. Even if he went early or a day later, he would not be able to get this kind of reward. "

"If you are lucky, you have to be strong."

When Shen Bai heard this, he could not help but smile, "Initially, I felt that he was not much stronger than me, but now, I no longer think that way. Even Yu Huang City's second ranked disciple, Yu Qing Rong, and the third ranked disciple, Liu Han Qing, are suppressed by him, his strength can be imagined."

"That's true."

Cao Hou nodded, and said depressingly, "Although Tang Huan has only been in the 'Soaring Cloud Violet Palace' for a day, it is equivalent to him cultivating for a month in the space within the Violet Palace Realm. Once he comes out, he might have already stepped into the Heavenly Sin Realm. With him like that, he will be the second Heavenly Sin of the Black Dragon disciples. "

"Not necessarily." Shen Bai narrowed his eyes and smiled meaningfully.

"Brother Shen, could it be that you" Cao Hou was stunned for a moment. Then, as if he had thought of something, he let out a cry of surprise. There was an unconcealable surprise between his brows.

...

"Enter the Soaring Cloud Violet Palace to cultivate for a day?"

Within courtyard number eighty-three thousand three hundred and ninety-six, Xiao Mushuang opened her eyes slightly. There was no expression on her ice-cold face, but a mosquito-like voice was murmuring, "That's good as well. I am indeed somewhat of a victor for reaching the top of the dragon ranking as a Heaven Saint Master."

Xiao Mushuang's voice grew weaker and weaker, and by the time it completely disappeared, Xiao Mushuang's eyes had already closed.

"Hu!"

A bone-piercing, chillingly cold aura emanated from his body, as if it had congealed into misty white ice, freezing the surrounding space.

...

The Inner Palace could be said to be an independent space within an independent space. Its entrance was located at the center of the Emperor Dragon's Heavenly Palace.

At the peak of the enormous mountain peak that reached ten thousand meters tall, there stood a grand and magnificent palace hall. It was the Dragon King Hall. The space within the Inner Palace was precisely borne by the Dragon King Hall.

The space around the wide door rippled.

After passing through the palace door, one would be able to easily enter the Inner Palace. However, if one did not have the proof of entry, even if one was as strong as Sun Kui, it was likely that they would not even be able to reach the summit.

There was more than one type of proof to enter the palace.

The red dragon token which Sun Kui possessed represented the identity of an elder was one of them. The purple jade token which one could enter the 'Soaring Sky Violet Palace' to cultivate in was another.

At this moment, with the jade tablet in hand, Tang Huan stood at the entrance of the Dragon King Hall and couldn't help but feel somewhat agitated.

At this moment, he was exceptionally grateful to Lei Jia Yuan and Fang Xu. If they did not wake him up from his cultivation and suggest for him to claim the first prize, he would still be cultivating in the first courtyard, and would have definitely missed this opportunity to enter the "Soaring Cloud Violet Palace".

When the time came in the future, he would be able to craft them a Dao Artifact as a reward.

"Hu!"

In a blink of an eye, Tang Huan had already explosively shot forward, and in a blink of an eye, his body had already merged into the hall door.

only felt a white light flash before his eyes as his vision became clear once more. The ground beneath his feet was misty and misty as mountain peaks and buildings of various styles floated above the clouds. He felt like he was in a fairyland as the immortal sky filled with spirit energy that was even denser than the Outer Palace's spirit energy.

The inner palace of the Emperor Dragon's Heavenly Mansion was indeed very different from the outer mansion. Just the density of the celestial spiritual energy was several times greater than the outer mansion. Not only that, there seemed to be a mighty heavenly might contained within the empty space of the Inner Palace, causing one to be unable to have any thoughts of prying into it.

Tang Huan lamented in his heart, and quickly scanned his surroundings.

At this moment, he was standing in front of a vast palace hall. Behind him was the slightly fluctuating door to the palace hall. This was the exit to the Inner Palace. In the distance, silhouettes flickered between the mountain peaks and halls from time to time. There was even a silhouette that was flying several hundred meters in front of him. After discovering his presence, the person did not stop. He only glanced at him in surprise before quickly disappearing into the distance.

After a moment, Tang Huan saw a purple palace.

Billions of dazzling purple lights, with the palace as the center, constantly shot out in all directions. A dense purple aura broke out of the palace and shot into the nine heavens like a pillar of smoke.

"Soaring Cloud Violet Palace!"

Tang Huan's heart was moved, he immediately rushed towards the purple palace.

As fast as lightning, Tang Huan appeared in front of the purple hall after a short while. The words "Soaring Sky Violet Palace" on the board were extremely eye-catching. Beneath the plaque, the void above the entrance of the hall rippled unceasingly. Just like the Dragon King's Palace, there were no guards in this "Soaring Sky Violet Palace."

Tang Huan took a light breath and stepped forward.

The moment he stepped into the hall, the jade token in his hand transformed into a ball of purple Qi that wrapped around him. In a blink of an eye, Tang Huan was inside a circular space, and the moment his feet touched the ground, the purple Qi that covered his body floated out and fused into the space.

This space was not too big, only around three meters in radius. In the air, the purple light was concentrated, as if wisps of condensed energy were moving around like spirit snakes. A refined and marvelous energy filled every corner of this space.

"This is the 'Heaven-Soaring Purple Clouds'?"

After sensing it for a moment, Tang Huan's heart skipped a beat.

The power in this space was unbelievably pure. Refining this kind of power would definitely raise his cultivation beyond imagination. Amongst the mind instructs (in a second), Tang Huan sat down cross-legged almost without hesitation. In a blink of an eye, the cauldron and the Dao Nascent Soul were already at its limits.

The difficulty of absorbing this "Heaven-Soaring Purple Clouds" was not great. In the next moment, they began to follow the sucking of the "Nine Yang Divine Furnace" and enter the cauldron like a thread.

Chapter 1407 - The Four Pole of Heaven

As the furnace and the Dao Nascent Soul continued to operate, the "Heaven-Soaring Purple Clouds" was slowly refined and merged into the Sky Origin.

Time flew, and within the body of the Dantian Dao Nascent Soul, the Dao crystals began to take shape.

One, two, three... Seven, eight...

Ten crystals!

Unknowingly, the number of dao crystals Tang Huan possessed had increased from ninety to a hundred. This was already the limit of what could be achieved by the Seven Transformations of Heaven, Earth, and Man.

The addition of another Dao-crystal would allow one to reach the Empyrean level.

The divine soul, spirit soul, spirit soul, divine soul, heaven's heart, and heaven's might. The divine soul had four extremes: Huang Ji, Xuan Ji, Tai Chi, and Tian Ji.

At the four extremes of yellow, black, earth, and sky, the cultivator's Dao Nascent Soul will undergo a massive transformation.

After that, although the Dao Child was still tiny and exquisite in the Dantian, it seemed to have an endless space within it that could hold countless Dao Crystals. Otherwise, how could a small Dao Nascent Soul be able to hold hundreds of millions of Dao crystals at the Heavenly King Stage?

For example, in the current Tang Huan, although his Dao Soul was strong, let alone holding over a hundred million Dao Crystals, even if he suddenly increased by a thousand Dao Crystals, his Dao Soul would be turned to dust.

But if he could pass the fourth level of the Heaven Realm, then there would be no more problems.

The time limit for cultivating in the "Soaring Sky Violet Palace" had not come to an end yet. Furthermore, he already had a hundred Dao Crystals, so Tang Huan would naturally not stop here. There was a lot of "Sky Cloud Purple Qi" in this space. He could use this kind of extremely pure power to break through to the Sky Realm. Maybe he could succeed in one hit.

Perhaps it was because of the Law of the Tao, but he had changed from heaven to heaven. Tang Huan was now more and more convinced that, in this short period of time, he shouldn't encounter any bottlenecks in cultivation.

At the critical moment of breaking through, as long as one was able to absorb enough energy and condense the key Dao crystal and step into a higher cultivation realm, it could be said that it was natural. The reason why one was able to succeed after consuming a medicinal pill to achieve a breakthrough was because the medicinal strength of the medicinal pill was strong enough.

This "Heavencloud Purple Clouds" absolutely surpassed the "Heavenly Heart Precious Dew" and "Heaven's Might Powder" and other medicinal pellets.

Tang Huan's heart was as calm as water. More and more "Sky Cloud Purple Qi" was drawn towards the cauldron by the power of the sucking. They lingered around Tang Huan's body, and then entered into his body bit by bit.

As time passed, although the number of Heavenly Crystals in Tang Huan's body did not continue to increase, the amount of Heavenly Energy contained within those hundred Heavenly Crystals became more and more powerful.

After an unknown period of time, a small shadow finally appeared within the body of the Dantian Dao Nascent Soul.

Indeed, as more and more "Sky Cloud Purple Qi" was refined and absorbed, that little shadow also became clearer and clearer. At virtually the same instant, the Dao-Nascent Soul as well as the hundred Dao-Crystals began to constantly fluctuate. It was as though every single tiny part of the condensed Dao-Nascent Soul was beginning to move, and was constantly reforming as well.

After a long while, the 101st crystal was finally fully formed. Now, every single one of them had undergone a huge increase compared to the previous ones.

"Heavenly Monarch Huang ..."

An even stronger feeling rose in his heart.

Although it was only a single Dao Crystal, Tang Huan reckoned that his own strength was at least multiple times stronger than when he was at the Seventh Transformation.

The difference between the four extremes of heaven was extremely simple. From one hundred and one to five hundred was Huang Ji; from five hundred to one thousand was Xuan Ji; from one thousand to two thousand was Earth Ji; from two thousand one to four thousand was Heavenly Ji.

It could be seen from the number of crystals that there was a huge difference in power between the Heaven Realm and the Heaven Realm.

Although he didn't know how strong she was, she had just broken through and should have had around a hundred or so Dao Crystals. She was no more than a few crystals more than Tang Huan, and if they were to fight, he was confident that he would definitely win.

Tang Huan's thoughts quickly changed, and he quickly regained his composure.

He didn't know how long it had been since he entered the "Soaring Cloud Violet Palace," but it wasn't a problem. In the remaining time, he continued to cultivate, only adding a few more Dao-

Crystals, so he might as well stop refining the "Heavencloud Purple Clouds" and instead focus on absorbing and gathering as much as he could.

With the capacity of the "Nine Yang Divine Furnace", it would be able to store quite a bit of the "Sky Cloud Purple Cloud." It would not be too late to slowly refine this energy after returning to the Black Dragon Mountain.

In the next moment, the "Nine Yang Divine Furnace" began to revolve its full power.

"Hu!"

The purple Qi surged in from all directions, continuously entering Tang Huan's body, and then converged in the Dantian Furnace.

In the blink of an eye, more than ten days passed

Tang Huan had a hidden sensation and suddenly opened his eyes, gathering and distorting the space around him, and strands of purple Qi separated out from the void. With just a flick of a finger, it had already wrapped around his body, and immediately afterwards, Tang Huan felt that he had already risen into the air.

After a split-second, both of his feet landed on the ground once again. The purple aura on Tang Huan's body had already disappeared.

He had already appeared outside the "Soaring Cloud Violet Palace!"

"Hu!"

The moment Tang Huan's figure disappeared, the space which had just regained its calm started to ripple once again. A figure immediately appeared, and it was actually the fat old man with sleek eyebrows and bright hair. His two small eyes were rolling around, and his fat face was filled with astonishment.

"This is truly strange. This space's Purple Sky Cloud 'is sufficient to support Huang Ji's cultivation for four days. That little fellow actually used up all of it in a single day? The speed at which it is being absorbed and refined is too fast! " Fatty was puzzled as he scratched his head.

"This little fellow is quite interesting..."

"..."

...

"It's been a day already."

Tang Huan took a deep breath and looked back at the purple hall, his emotions stirred, "This' Soaring Cloud Violet Qi 'from the' Soaring Sky Purple Mansion 'is truly mystical, not only did it allow him to condense ten Dao Crystals, it also allowed him to become a Heaven Scholar in one go, and the' Purple Sky Cloud Qi 'stored in the cauldron, is probably enough for him to step into the Extreme Profound Realm." Thinking about it, Tang Huan couldn't help but become excited.

"If you want to quickly raise your cultivation within the Emperor Dragon's Heavenly Palace, besides the necessary medicinal pills, this' Soaring Cloud Violet Palace 'is also the key!"

Tang Huan thought.

Since he couldn't casually enter the "Soaring Cloud Violet Palace," then in the future, he would think of all sorts of ways to win the rewards to enter the "Soaring Cloud Violet Palace" for cultivation! He was only an Inferior Grade Heaven's Art now, but if he were to become the first high-grade Heaven's Art in the Emperor Dragon's Heavenly Palace in the future, entering the Violet Palace would surely not be a difficult matter.

Not only would he be like this in the future, he might even be able to rely on the Tools Method Attainments to obtain such an opportunity in the future.

A confident smile surfaced on Tang Huan's face, but he quickly collected himself. Just as he was about to leave, a figure suddenly flew over from the clouds in the distance ...

Chapter 1408 - Reentry at the Top of the Rankings

After a short moment, the person arrived at the front of the hall. He was a tall man around the age of thirty, and his facial features seemed as if they were carved by knives and axes.

Tang Huan's expression changed, this person actually gave him a familiar feeling, but, Tang Huan did not care, with a thought, he immediately flew forward.

"Halt!"

The two figures got closer and closer. When they were a few meters apart, the tall man suddenly stopped and shouted in a low voice.

Tang Huan frowned, his footsteps paused, he looked up in surprise, only to see the tall man's burning gaze looking at him, sizing him up from top to bottom.

"You are Tang Huan?"

In the blink of an eye, the tall man spoke with a slightly gloomy expression.

Tang Huan's gaze swept across the big and tall man's face. His heart suddenly moved, and his lips hooked into a mocking smile: "You must be that Lu Zhiyuan's elder brother?"

He finally knew where that familiarity came from.

There were some similarities between the brows of the tall man in front of him and Lu Zhiyuan. Judging from his age, there was a high chance that he was brothers with Lu Zhiyuan.

Thinking deeper, the reason he appeared outside the "Soaring Cloud Violet Palace" should be because he was here for him.

After all, on the peak of Dragon Mountain that day, Lu Zhiyuan had lost a lot of face, so it wasn't strange for him to find his elder brother to stand up for him while feeling aggrieved. However, not just anyone could enter the Emperor Dragon's Heavenly Palace's inner palace. That person's position in the inner mansion was clearly not low.

In a blink of an eye, Tang Huan's gaze had already landed on the big and tall man's waist, where there was a red dragon tablet.

Generally speaking, a red dragon tablet represented a Heavenly Palace's Elder. However, this tall man's red dragon medallion was somewhat different from Elder Sun Kui's. Inside the jade medallion, the body of the red dragon seemed to be wreathed in raging flames.

However, after sensing it for a bit, Tang Huan's eyes flashed with a hint of understanding.

"That's right, I am Lu Zhitao!"

The tall man said with a sunken voice, his expression was clearly a bit sinister, "Tang Huan, you"

However, without waiting for Lu ZhiTao to finish speaking, Tang Huan cupped his hands and directly interrupted him: "So it's Brother Lu, what business do you have with me?"

This Lu Zhitao obviously did not come with good intentions, so Tang Huan naturally did not need to be courteous with him.

Furthermore, in this Emperor Dragon's Heavenly Palace, especially the Inner Palace, Tang Huan didn't need to worry about Lu Zhitao making a move on him. It was an intolerable taboo no matter which sect it was. After such a long period of time, the royal clan's rules weren't just for show.

Anger surfaced in Lu ZhiTao's eyes, "Tang Huan, as a cultivator of the lower realms who comes from a remote city, to be able to join the Emperor Dragon's Heavenly Palace is a great honor. Since you have become a disciple of the Heavenly Palace, then focus on your cultivation and be more honest about it. If you are too arrogant, there will be no good ending for you. "

As if he didn't feel the threat in Lu Zhitao's words, Tang Huan smiled indifferently: "I also want to train hard. It's a pity that there are too many idiots in this world, I have no choice but to do this."

"You ..."

A touch of green aura floated onto Lu ZhiTao's face, and anger seemed to be on the verge of bursting out of his eyes, "Tang Huan, you're simply too presumptuous! "How dare you act like this in this important place of the Inner Palace ..."

"Alright, Brother Lu, there's no need to say any more nonsense."

Before he could finish his sentence, he was once again interrupted by Tang Huan, "My time is extremely precious, but I don't have the spare time to accompany you in this nonsense! "Farewell!" With a sneer, Tang Huan flew past Lu ZhiTao's body. In an instant, he was already more than ten meters away.

"How preposterous! How dare you! "

Lu Zhitao was so angry that his face was flushed red, and the muscles on his face were twitching slightly, he almost gritted his teeth and said, "Tang Huan, we will meet again very soon!"

"Then I'll wait and see."

"..."

Once he was out of the Inner Palace, Tang Huan quickly followed the torrent of clouds and mist and returned to Black Dragon Mountain.

Even though it had only been a single day, Tang Huan felt that he had passed quite a long time within the Inner Palace. Once again walking on the main road between the Black Dragon Mountain, cultivators would rush past from time to time, and everything seemed to be on the right track.

Compared to the liveliness of the other areas in the mountain, the peak of War Dragon Mountain seemed to be much colder.

When Tang Huan ascended to the peak of Dragon Mountain once again, there were only a few hundred people around the giant monument. The sound of explosions could be heard from time to time, but those who tried had depressed expressions on their faces. The black dragon mountain had a hundred thousand disciples, but this dragon board could only hold five hundred people, it wasn't that easy to go up.

"The first rank of the Dragon Rankings is still mine!"

Looking at the shining black runes on the giant monument, a smile appeared on Tang Huan's face. With the number one position on the Black Dragon List having the chance to enter the "Soaring Cloud Violet Palace", from now on the number one prize might not be as good as the one before, but even if it was just a pellet, it was still beneficial for cultivation.

Since there were such benefits, why wouldn't they compete for the position of the first ranker?

Not long after, Tang Huan arrived in front of an empty round platform on the right side of the gigantic tablet. After fusing the dragon medallion with it, the "Nine Yang Divine Furnace" and the Dao Nascent Soul immediately circulated rapidly, causing 101 Dao Crystals to wildly tremble.

In the next moment, Tang Huan's right palm floated to the surface of the stage, and the moment it touched the stage, the strong Sky Origin Stage suddenly roared out with the power to topple mountains and overturn seas.

Amidst the heaven and earth shaking sound, the powerful Strength Qi swept out in all directions like raging waves, causing the entire War Dragon Peak to tremble violently.

Around the giant monument, several hundred Black Dragon disciples were all stunned by this sudden huge commotion. Only after staring blankly for a while did they come to their senses, and the first thing they did after coming back to their senses was not to look for the source of the commotion, but to look for Pang Shuo's jade tablet.

It was almost like everyone was doing it subconsciously!

"Look! Look at the first place!"

"The first place has changed! The first place had changed! Xiao Mushuang has already fallen to second place. "

"Tang Huan! It was actually Tang Huan! He has once again returned to first place! "

"..."

After a split-second, the crowd was filled with shock as they cried out in surprise.

Xiao Mushuang had only managed to push Tang Huan off the top of the Dragon Rankings yesterday, but today, Tang Huan had overtaken her and pushed her back to the second place, so that she could once again be ranked as number one on the Dragon Rankings.

It was said that Xiao Moyan was a Heaven Scholar Huang Ji.

It had only been a day, and Tang Huan had already stepped into the Heavenly Shi Realm?

It must be so!

If Tang Huan was still a seven transformations heaven, no matter how strong he was, he would not be able to surpass Xiao Mushuang, who was already a Heaven Scholar! He really did not expect that the effects of cultivating in the "Soaring Sky Violet Palace" would be so shocking, allowing Tang Huan to become a Heaven Realm warrior so quickly.

While everyone was shocked, they quickly looked around and saw a black shadow flash by the stairs ...

Chapter 1409 - Reincarnation Mountain Range

Tang Huan made a trip to the "Soaring Sky Violet Palace". His cultivation seemed to have stepped into the realm of the Heaven Realm and once again reached the top of the Dragon Rankings.

At the peak of Dragon Mountain, the changes on the Dragon Rankings had already engulfed the entire Black Dragon Mountain in an extremely short period of time.

Yesterday, after hearing the news that Tang Huan could enter the "Soaring Sky Violet Palace" to cultivate for an entire day, there were indeed many cultivators who said that Tang Huan would once again ascend to the first rank of the Dragon Rankings, but that was only a joke.

However, it was extremely difficult for one to condense and form that Dao crystal. Otherwise, there wouldn't be that many Black Dragon disciples within the hundred thousand black dragon disciples who possessed a hundred Dao crystals, whose cultivation was stagnant.

Although the "Soaring Sky Violet Palace" was miraculous, it was no easy feat to break through.

But unexpectedly, his lies came true, and Tang Huan actually broke through.

There were four extremes of Heaven Realm warriors. There were countless of them in the current Emperor Dragon's Heavenly Palace, but amongst the hundred thousand new Black Dragon disciples, the only ones who knew of Huang Ji were probably Tang Huan and Xiao Mushuang.

However, it didn't take long for everyone to understand that the Heavenly Saints Huang Ji in the Black Dragon Mountain might not be the only two of them.

This was because right after Tang Huan had made it to the top of the Dragon Rankings, the Dragon Rankings had once again undergone a change. This time, it was actually Shen Bai, who was originally ranked fifth, who was above fourth, Liu Hanyin, and Yu Qing Rong, who was third, who had made it to the third rank, who was second only to Tang Huan and Xiao Mushuang.

Yu Qingrong and Liu Hanqing's cultivation had already reached the limits of the seven transformations of heaven. The most likely reason why Shen Bai could surpass them at this time was that he had also advanced to become a Heavenly Scholar Huang Ji.

But unfortunately, he was still unable to surpass Xiao Mushuang and Tang Huan.

"How hateful, how can Tang Huan's Tian Yuan be so strong, to actually surpass Xiao Mushuang after coming out of the 'Soaring Sky Violet Palace'?"

In courtyard seventeen thousand seven hundred, Cao Hou scratched his bald head and said indignantly, "Is the 'Heaven-Soaring Purple Clouds' in the 'Soaring Sky Violet Palace' really that magical?"

After finding out that Tang Huan had once again ascended to the top of the Dragon Rankings, he had urged Shen Bai, who had already been a Heavenly Scholar Huang Ji a few days ago, to make a

trip to the peak of Dragon Mountain so that he could squeeze Tang Huan out of the ranks and reach the top of the Rankings, shocking everyone there. However, he had never expected that Shen Bai would actually come out third.

Let alone the top ranker Tang Huan, he actually did not even manage to surpass the second ranked Xiao Mushuang.

"The Heaven-Soaring Purple Clouds are even more miraculous than we thought." Shen Bai sighed, and said, "Cao Hou, didn't you say that you were going to accept a mission to earn some points to exchange for pills? "Go and see if there are any suitable missions we can take on, and let's go out for a walk together, so as to temper our cultivation."

"Alright, I'll go now."

"..."

After watching Cao Liang's figure leave, Shen Bai's gentle and elegant demeanor could no longer be maintained. His handsome jade-like face instantly darkened, his tightly clenched fists slammed onto the ground, and countless cracks of varying sizes were revealed on the floor, with his body as the center, forming a spiderweb.

... ..

"Tang Huan... Shen Bai... Is there another two Heaven Realm warriors? "

In courtyard number eighty-three thousand three hundred and ninety-six, Xiao Mushuang was still wearing her red clothes like fire. She nodded expressionlessly and said, "Alright, I understand!"

"Mu Shuang, can you give me more expressions when you speak?"

Opposite of them, there was a beautiful young lady waving her two fists, and she was a little crazed, "Your position at the top of the Dragon Rankings was taken by Tang Huan."

Xiao Mu Shuang seemed to seriously ponder over it for a moment before her lips curved up in a very small smile, as though she was smiling, "Alright, I understand!"

"You ..."

Seeing this, the pretty girl rolled her eyes, "Mu Shuang, I was really angered to death by you. Gone! Gone! I have already told you the news, but you have to decide what to do! " After saying that, the pretty girl glared at Xiao Mushuang and left the room in a huff.

Xiao Mushuang didn't mind and immediately retracted her gaze. She closed her eyes and a bone-chilling chill once again swept out from her body.

... ..

"Brother Tang, congratulations!" "Congratulations!"

Not long after Tang Huan returned to courtyard number 1, he saw Lei Jia Yuan and Fang Xu.

The distance between Tang Huan and their residences was extremely close. One was in the fifth courtyard and the other was in the sixth.

"Brother Lei, Brother Fang, thank you very much."

Tang Huan smiled with gratitude. "If it wasn't for you all reminding me, I would have missed this opportunity to enter the 'Soaring Sky Violet Palace'. If that's the case, not only will it be impossible for you to be ranked at the top of the Dragon Rankings again so quickly, even if you want to step into the Heavenly Swordsman Realm, I don't know how long it will take. "

"Brother Tang, this is all due to your own strength. We only gave you a brief reminder. It didn't help much." Fang Xu waved his hands.

"That's right, Brother Tang. If you treat us as your friends, then there's no need to say such words of thanks."

Lei Jiayuan also laughed, "This time, we came to congratulate you and bid you farewell. Tomorrow, we will be leaving Black Dragon Mountain."

"Brother Lei, where are you going?" Tang Huan said in surprise.

"We took a mission in the mission hall. We prepared to enter the Reincarnation Mountain Range and search for some Immortal herbs and Dao-stones." Lei Jia Yuan laughed.

"Reincarnation Mountain?"

Tang Huan frowned, "That place is said to be extremely dangerous."

Lei Jia Yuan nodded. "It is indeed dangerous, but as long as we do not encounter the 'Fog of Samsara', we will be able to overcome the dangers."

Although the immortal sky spirit energy in the sect is much denser than the outside world, we already have a hundred Dao Crystals. We are just training in the Black Dragon Mountain and do not know when we will be able to enter the Heavenly Scholar realm, it would be better to go out and complete a mission. We might have to take a risk, but if we can get some rewards and use our points to exchange for suitable medicinal pills, we will definitely be able to advance to become Heavenly Scholar Huang Ji as soon as possible. Fang Xu was also eager to give it a try.

"If that's the case..." Tang Huan pondered for a while, then said with a smile: "Then let me be the only one!"

"Brother Tang, you want to travel with us?" Lei Jiayuan and Fang Xu looked at each other and said with pleasant surprise.

"I wonder if Brother Lei and Brother Fang would welcome us?" Tang Huan laughed.

"Of course you're welcome. Brother Tang is willing to travel with us. We'd be more than happy to have you join us."

Lei Jia Yuan's expression changed, and he laughed heartily. Tang Huan was a Heaven Saint Master Huang Ji, the team had him as the leader, so their safety had naturally improved greatly.

"Brother Lei, Brother Fang, when are you leaving tomorrow?" Tang Huan smiled again.

"Tomorrow morning." Lei Jia Yuan quickly said.

"If that's the case, Brother Lei, Brother Fang, you two can head to the east of Jade Emperor City tomorrow. I'll head there to meet up with you later." Tang Huan muttered to himself, "Other than that, I hope that Brother Lei and Brother Fang can keep the news of me going to the 'Reincarnation Mountain Range' from anyone else for now."

"No problem!" Although Lei Jia Yuan and Fang Xu did not know why Tang Huan would make such an arrangement, they still agreed without hesitation.

"..."

Chapter 1410 - 500 dao crystals

"Whoosh!"

Tens of meters above the eastern part of Jade Emperor City, there was a flat disk several meters in radius. It was flying at a high speed like a white streak of light and the sound of it breaking the air could be heard.

This disk was the most common Space Aircraft in the Heaven Realm.

The space inside the disc was around twenty meters wide. When Tang Huan, Lei Jia Yuan, Fang Xu and a dozen other people gathered, they did not feel restricted at all.

Tang Huan had just met up with Lei Jia Yuan and the rest at the east side of Jade Emperor City this morning.

Other than Lei Jia Yuan and Fang Xu, the other ten or so Black Dragon disciples had not received any news of his entry. After knowing that Tang Huan was going to head to the Reincarnation Mountain Range with everyone else, everyone was incomparably happy. After all, Tang Huan was a Heavenly Scholar Huang Ji, ranked first on the Dragon Rankings, and his strength was tyrannical.

With Tang Huan in the group, the danger of this trip to the Reincarnation Mountain Range would be greatly reduced.

As for the aircraft, it was Lei Jia Yuan who brought it from Mo He City's house.

The distance from the Jade Imperial City to the Reincarnation Mountain Range was a million miles. Whether it was the Heaven Saint Master Huang Ji or the Seventh Transformation, both would take a very long time to reach there. However, if one were to use the Space Aircraft, even the lowest level Space Aircraft in the Heaven Realm would only need around ten days.

Inside the Space Aircraft, no matter from what angle, it could clearly see the situation on the outside.

From this point of view, the lowest level Space Aircraft in the Heaven Realm was much more advanced than those in the lower realms. Moreover, the space within the Heaven Realm aircraft was so stable that it had completely surpassed those in the lower realms. The aircraft of the lower realms were different from Sacred Stage Heavenly Soldier s in that they could only adapt to the spatial structure of the nature's spirit energy and were completely unsuited to the environment of the Heaven Realm which was filled with the spirit energy of the heavens.

After a short period of commotion, the inside of the Space Aircraft quietened down.

Tang Huan sat cross-legged and began to refine the "Sky Cloud Purple Qi" that had accumulated in his body's cauldron. Other than Lei Jia Yuan, who was controlling the aircraft, the rest of the Black Dragon disciples also sat down cross-legged, focusing on their cultivation.

Activating the aircraft consumed a lot of Tian Yuan, especially for the Tian Ren. They would probably have to change people every two to four hours.

However, there were more than ten cultivators here, so it could be said that they were able to rotate completely.

Tang Huan who had the highest cultivation could be considered to have a small privilege, he did not need to participate in this kind of rotation, and towards this, the dozen or so cultivators did not have any objections.

This also allowed Tang Huan to cultivate peacefully within the Space Aircraft.

Although he was no longer in the "Soaring Sky Violet Palace", the divine effect of refining and absorbing the "Soaring Sky Purple Qi" still existed. As time passed, the number of Dao crystals in Tang Huan's Dantian's Nascent Soul increased rapidly.

102 stones, 103 stones ... 110 crystals ... One hundred and twenty pills ...

One hundred and fifty pills!

Two hundred pills!

... ..

The number of crystals that Tang Huan possessed continuously increased at the speed of forty crystals per day. The crazy increase in the number of dao crystals also caused the faintly leaking aura from Tang Huan's body to become more and more powerful.

Inside the Space Aircraft, Lei Jia Yuan, Fang Xu and the rest looked at Tang Huan with a face full of shock.

Tang Huan's change was simply too shocking, and it seemed like every few moments, he would feel the strength of his aura increase. In just a few days, the feeling Tang Huan gave off had undergone a tremendous change. Compared to the Tang Huan who had just entered the aircraft, the current Tang Huan seemed to be many times stronger.

In such a short period of time, his cultivation had actually increased so much that it was truly shocking.

"Five hundred!"

This was already the limit of what Huang Ji Tian Shi could reach. If he could condense another dao crystal and form it, he could step into the Heavenly Sage Realm. But right now, Tang Huan had accumulated about twenty percent of the "Heaven-Soaring Purple Clouds".

This twenty percent of the "Heaven-Soaring Purple Clouds" should be able to help him advance into the Heavenly Saints.

"Haha, I've finally reached the Reincarnation Mountain Range."

Suddenly, Lei Jia Yuan's surprised laughter resounded within the Space Aircraft.

Tang Huan's mind was moved, he immediately opened his eyes. He looked over, only to see that the Space Aircraft had slowed down, and a few thousand meters in front of him, a small town was faintly discernable, and beyond the town, was an incomparably vast mountain range spanning across the horizon, with no end in sight.

A burst of cheers sounded out from the surroundings. It was Fang Xu and the others who had just woken up from their cultivation.

"Come, let's go out."

"..."

The small town at the foot of the mountain was called Samsara.

Among the cultivators that came to train in the Reincarnation Mountain Range, not only were there disciples of the Black Dragon from the Emperor Dragon's Heavenly Mansion, but there were also cultivators from other areas. Even the Qian Yuan Heavenly Sect and Everlasting Temple would come to the Reincarnation Mountain Range. These cultivators would occasionally find each other at the foot of the mountain.

Over time, Samsara Town was formed.

When Tang Huan, Lei Jia Yuan, Fang Xu and a dozen other people entered the town, it was bustling with noise and excitement. At least a thousand people were gathered together to set up stalls to exchange the various items they had obtained from the mountains. Walking in the crowd, listening to the shouts rising and falling from the sky, Lei Jiayuan, Fang Xu and the others were all envious.

After a while, about ten people arrived in front of a building.

The signboard above the door of the pavilion was inscribed with the words "Royal Dragon". This was a gathering point for the Heavenly Palace's disciples who were training in the Reincarnation Mountain Range.

When everyone came out of the cave, they held a detailed map of the mountain in their hands.

On the map, the dangerous region, as well as the possible production of immortal herbs, Dao stones, and iron crystals, were all specially marked. However, these markings were not very useful. After countless years, the easiest places to find immortal herbs and other items had already been plundered countless of times.

At this point, if he wanted to reap any rewards, he would have to enter a dangerous area.

"In the Reincarnation Mountain Range, there are probably dozens of dangerous areas with Reincarnation Misty and powerful Heavenly Beasts. We might as well go to the Ghost Snake Valley first, which is the closest place to us. Moreover, there are quite a few lucky people who found the 'Blood Rainbow Pill Heart Grass' and 'Silver Frost Dao Stone' there."

After a moment of thought, Lei Jia Yuan started to ask for everyone's opinion.

In order to come to the Reincarnation Mountain, they had to search for four things. Two types of immortal herbs and two types of Dao-stones. The "Blood-Rainbow Heartgrass" and the "Silver Frost Dao Stone" were two of them.

Everyone nodded when they heard this. They did not have any objections.

"Brother Tang, what do you think?" Lei Jia Yuan's gaze landed on Tang Huan again. Amongst the team, Tang Huan was the strongest, so he still gave the majority of the opinions.

"I will follow your decision, Brother Lei." Tang Huan smiled from between his brows.

"Alright, let's go to the Ghost Snake Valley first!"
