

W. Master 1891

Chapter 1891 - Dragon Clan spy

The nine spirits stood on the back of the dragon as the "Myriad Sword Heavenly Diagram" quietly unfurled.

It was a Fire Red Huge Dragon that appeared on the other side of the river. In an instant, it leaped across the river, and then, following the force of the sucking that was spreading out from the mountain and river painting, it entered the cave.

After the Fire Red Huge Dragon, more and more Dragon Clan Warriors rushed over and were sucked into the sword heart into the cave.

In less than half a quarter of an hour, all the scattered experts of the Dragon Clan had gathered in the cavern, leaving only Long Jun, the sword thorns, and the nine spirits by the river. Long Jun and the sword thrusts were both just peak level Sky Kings, so it shouldn't be a big problem for them to keep them by their side.

After grabbing the closed scroll into his palm, Nine Spirits immediately took out a thin jade slip. This was a type of tool used for long-distance communication, and contained within it was Xiao Zihan's Mind Stigma.

After telling Xiao Zihan where she was, the nine spirits calmly waited by the riverbank.

According to what Xiao Zihan had revealed, the Human Clan's encampment was located in the depths of the Hidden Spirit Mountain Range, it was an independent space, and the entrance was extremely secretive. If there were no familiar people leading the way, it would be impossible to find it, moreover, all over the Hidden Spirit Mountain Range were concealed experts from the Human Clan.

Thus, she decided to just wait here for Xiao Zihan to come and pick her up.

"Little master, a human cultivator is coming." After a short moment, the sound of a sword piercing the air sounded out, and the little gold dragon quietly appeared beside the Nine Spirits.

"So fast?"

Nine Spirits leaped up from Long Jun's back and cried out in surprise. Then, a trace of a smile appeared on her forehead. She had just sent Xiao Zihan a message and she had already rushed over. Presumably, she was already nearby. But after a short moment, she lightly shook her head.

At the upper end of the river, six small dots abruptly appeared. They followed the stream and moved as fast as lightning. Within the blink of an eye, they were less than a kilometer away from the Nine Spirits. Judging from their auras, out of the six, one was a peak God King and the other was a High King. However, their expressions did not seem to be friendly.

Jiu Ling subconsciously felt that something was amiss, with a slight frown, just as he was about to speak, one of the tall and sturdy elderly men shouted, "This Hidden Spirit Mountain Range is not some other place in the 'Heavenly Imperial Dragon Palace'. Your Dragon Clan has a hunting competition, but you actually dared to come to the Hidden Spirit Mountain Range, you truly do not know your place! After killing them, the other evil beings of the Dragon Clan would have a long

memory. They understood that the Hidden Spirit Mountain Range is not something that they could come here for. "

The one who spoke was none other than the Upper Sky King.

"Yes sir!"

The other peak Medial Level Heavenly King responded with a loud bang, weapons appearing in his hands one after another. In that instant, hundreds of millions of resplendent lights filled the entire world.

"Wait!"

Jiu Ling immediately shouted, "My six friends, I was a cultivator who entered the 'Heavenly Imperial Dragon Palace' from the Crimson Light Heavenly Palace only a few years ago, these two dragons are servants that I have subdued and have no relation to the Dragon Clan's hunting competition. I am here to look for my friends, I have no other intentions, my friends, please do not misunderstand."

"Are they your servants?"

When the tall and sturdy old man and the others heard this, they could not help but be stunned.

However, in an instant, the burly old man seemed to have heard the funniest joke in the world, laughing out loud: "Little girl, do you think that this old man and the others are three years old and can actually use this kind of lies that are full of loopholes to deceive us? A mere middle level Heavenly King that had just advanced, can actually subdue a peak level Heavenly King Disciples, and take them as your servants? Everyone, this little girl is not a cultivator from Human Clan, but a Heavenly Beast. If this old man is not wrong, she is definitely a spy from Dragon Clan, the reason being to investigate this Hidden Spirit Mountain Range thoroughly, so that we can be annihilated. "

Captain Liang was right, the Dragon Clan had long seen us as thorn in his side, and wished that we could get rid of him as soon as possible. This little girl even said that she was here to find her old friend, that was truly laughable, she must be a spy from the Dragon Clan. What a pity, such a beautiful little girl was going to die today.

"Everyone, we don't need to waste our time talking to her. She and these two dragons might just be one of the two groups. Hurry up and get rid of them, then we can go to other places to take a look."

"..."

The five peak Heaven Kings all assented.

"Roaaaaaar!"

Long Jun was already unable to contain his anger after listening to the long speech of the tall and sturdy old man. He roared, "You damned humans, you dare to disrespect the little master. You're simply courting death! Young master, these bastards are truly unreasonable. In my opinion, why not teach them a lesson first? "

The sword thrust angrily as well. "That's right, little master. They've gone too far."

When Nine Spirit heard this, she hesitated.

No matter if it was because of Xiao Zihan or the fact that they were both Human Clan cultivators, Jiu Ling did not want to have a conflict with them. After all, not only were they not enemies, they might even be able to cooperate to fight against the Dragon Clan.

He did not expect that the other party would call her a spy from the Dragon Clan and yell at her to kill him the moment he showed up.

Her words did indeed arouse suspicion, but these people did not give her the chance to explain herself. This made her very angry. Even though she had lived for a very long time, she still did not have the habit of swallowing her anger.

However, when she thought of Xiao Budian in danger, Nine Spirit still suppressed the anger in her chest, and was prepared to say a few more words.

"Little master? This performance is quite similar to that! "

However, before she could open her mouth, the old man opposite of her fiercely waved his hand and coldly laughed, "Everyone, don't leave a single one alive. Kill —"

"Kill!"

The five peak-level Heavenly Kings no longer hesitated, and each of them shot forward like flowing lights, waving the weapons in their hands at the same time.

The surrounding laws of the world were immediately triggered as streams of extremely powerful attacks surged forth like a torrent. They seemed to completely annihilate the Nine Spirits, Dragon Jun, and Sword Thrust. At this moment, a terrifying aura rippled out in all directions with the power to topple mountains and overturn the seas.

"Damn it!"

These people were merciless. They really wanted to kill him as fast as possible!

Since she couldn't explain it clearly, there was no way she would just end up like him. She would fight first before talking about anything else. The Dragon Clan viewed the Hidden Spirit Mountain as a forbidden area, and all the experts were extremely proud of it. It was probably because they had been so used to being domineering within the Hidden Spirit Mountain range for many years and never received a lesson, that they were so domineering.

"Ga ji, attack!"

He let out a thunderous cry as his nine spirits soared into the sky.

Her abnormally large body floated high in the sky, the feathers on her body glimmering with a bright and colorful light, causing people to be dazzled. However, the deathly stillness that emanated from her body was extremely terrifying, as if in that instant, all the life in the area within a hundred miles around her was corroded by the death aura. The previously flourishing grass and trees actually began to rapidly wither.

Chapter 1892 - Meeting Old and Old

"Nether Nine Spirit Bird!"

The tall and sturdy old man was knowledgeable and immediately recognized the nine spirits. He could not help but exclaim, "Is it the Nine Spirits of the Netherworld, the Nine Spirits of the Nine Revolutions Rebirth?"

In a split-second, the burly old man's gaze towards the Nine Spirits became fiery. Greed started to uncontrollably emerge from the depths of his eyes.

The "Netherworld Nine Spirits Bird" of the Nine Revolutions Rebirth had a long lifespan.

In this aspect, it had even surpassed an Empyrean, almost to the point of being indestructible. Most importantly, the "Netherworld Nine Spirits Bird" that had gone through the Nine Revolutions Transcendental Tower had no bottlenecks in its cultivation. As long as it was not killed, it could step into the supreme Empyrean Realm without any suspense.

If he could control a "Netherworld Nine Spirit Bird", it would be equivalent to controlling a future super strong practitioner.

This did not cause him to be moved. Most importantly, the "Netherworld Nine Spirits Bird" was now a medium level Heavenly King. Controlling it was not an easy task.

"Boom —"

A loud sound echoed out.

The five peak Mid Rank Heavenly Kings had already collided head on with Long Jun and the sword thrusts, and the terrifying Strength Qi was like a violent storm as it rolled in all directions.

Wherever it went, the plants and vegetation would turn into fine powder, and in the surrounding rivers, huge waves of several hundred meters tall were set off as well, resulting in countless waves flying everywhere.

After the first strike, one of the middle-aged men spat out a mouthful of blood and was sent flying. He stumbled and fell a few thousand meters away, but the sword had managed to dodge the attacks at an astonishing speed and directly knocked him out of the Sky Origin Barrier that was hastily condensed in front of his chest.

However, Long Jun, who didn't have this kind of speed, was instantly covered by a few fierce attacks and retreated a thousand meters in an instant. However, this fellow's skin was thick and his flesh was thick.

"Roaaaaaar!"

In these few years, the dragon horde that it was leading continued to grow bigger and bigger, to the point that it was unstoppable, invincible and unstoppable. Especially after the addition of experts of the Upper Sky King level, it had never been in such a sorry state again.

High up in the sky, the nine spirits were also extremely furious. They opened their mouths, and the boundless death aura surged out like a flood, instantly transforming into a hurricane that swept towards the human cultivators on the riverbank. In an instant, the sound of the roar shook the entire area, and as if the rays of light in the surroundings were struck by the sucking, the space immediately became dark and gloomy.

"Evil creature, how dare you be so arrogant!"

Seeing this, the tall and sturdy old man's eyes focused, and with a righteous roar, a Fire Red Long Spear appeared in his hands. Amidst the intense ringing sounds, the condensed fiery red glow exploded in front of the old man. In an instant, it turned into a giant fiery red spear light as it explosively shot forward.

The spear light blazed brightly, and wherever it passed, the heat churned. In that moment, the temperature of the entire area rose explosively, as if it had turned into a massive furnace.

In the blink of an eye, the Fire Red Spear Radiance and the hurricane fiercely collided.

An earth-shattering explosion resounded throughout the world, and the space within a hundred mile radius seemed to tremble violently. However, in a split-second, that lifeless Qi was forcibly torn into pieces, and the spear light suddenly exploded, transforming into an incomparably sharp and scorching Strength Qi, as it continued to press down on the nine spirits.

"Hu!"

Countless nine-colored auras flowed out from her body, quickly forming a nine-colored barrier in front of Jiu Ling. Like a gigantic shield, they separated the Strength Qi from her body. However, the impact of the Strength Qi was extremely terrifying, forcing the nine spirits to retreat more than a thousand meters.

The strength of this "Netherworld Nine Spirits Bird" had greatly exceeded his expectations. It was fortunate that it had only just advanced to the middle level of the Sky King; if it were allowed to cultivate for a few more years and completely stabilize its cultivation, it would probably be able to contend against the upper level Sky King.

It was a good thing that he met it now!

The burly old man let out a cold snort. The long spear in his hand flashed as he shot toward the nine spirits yet again.

Jiu Ling's eyes slightly narrowed. Her eyes instantly turned cold and her anger surged. This group of fellows truly did not know life and death. Since that was the case, then don't blame her for being ruthless and merciless. With a quick thought, the nine spirits decided to have Jianxin release the group of Dragon Clan experts who were hiding in the cave.

"Stop!"

Without waiting for her thoughts to materialize, a crisp shout resounded in the air.

Before the sound of her voice had even faded, a graceful purple figure appeared between Jiu Ling and the tall and sturdy old man. With a light flick of her finger, a purple aura shot out, instantly transforming into countless purple sword Qis that whistled towards the tall and sturdy old man like a swarm of locusts.

As he retreated, the long spear in his hand became like a dragon, thrusting out repeatedly. Streams of gigantic fiery red lances bloomed in the air, but in the blink of an eye, they filled up a thousand meters of space in front of him, violently colliding with the purple sword Qis that filled the sky.

A deafening noise that could pierce through gold and shatter stone shook the heavens, interfering with the nearby Long Jun and the four human cultivators who were about to once again clash head on. When that terrifying Strength Qi spread over, five figures almost simultaneously retreated several thousand meters, in case they were caught in it.

"Xiao Zihan, what is the meaning of this?"

The tall and sturdy old man finally stood in the air, looking at the purple-clothed woman a thousand meters away with a gloomy face.

The purple-clothed woman was precisely the Nine-Colored Immortal Sect's Sect Leader, Xiao Zihan. Hearing this, she did not immediately reply. Instead, she turned to face the nine spirits and bowed, "Greetings to Patriarch Nine Spirits."

"Sect Master Xiao, you're finally here."

The Nine Spirits Pang Shuo's body slightly trembled, instantly reverting back to the little girl from before. There was still some anger on her little face.

Right at this moment, a mournful scream could be heard, from afar, the sword had already knocked down the peak of the middle peak Heavenly King, and looking at the blood basin's big mouth and incomparably sharp fangs, the cultivator was scared to the point of panicking, desperately begging for help: "Captain, save me, save me"

"Sword Thrust, come back!" Without waiting for the tall and sturdy old man to go and save her, Jiu Ling coldly snorted.

"Roar!"

With a low growl, the sword turned into a streak of light. With a flash, it appeared behind Nine Spirits and stood together with Long Jun. Its two eyes ferociously gazed at the cultivator in front of it, but the malevolence in its eyes was still undisguised.

A look of surprise flashed through Xiao Zihan's eyes, and she instantly said apologetically: "I gave Martial Ancestor a fright."

"Sect Master Xiao, this has nothing to do with you, these bastards are really too despicable. I already said that I tamed these two dragons, but they actually dared to call me the Dragon Clan's spy, and wanted to kill us all."

Chapter 1893 You're so naive!

The tall and sturdy old man and the others were all bewildered.

It was said that she was from a small sect, and was not very famous. However, she was a simple person, and after entering the "Heavenly Imperial Dragon Palace" for a few years, she had grown from a middle level Heavenly King to an upper level Heavenly King not long ago. However, she was extremely powerful.

Ordinary Upper Sky Kings were basically not her match. Half a month ago, she had even sparred with a Peak Upper Sky King, but she was only slightly weaker than him by half.

But this Sect Master Xiao actually called the little girl transformed by the giant bird "Martial Ancestor"?

Could it be that the giant bird was raised by a certain senior master of the "Nine-Colored Immortal Sect" and had an extremely high seniority within the sect? That was why Xiao Zihan, the sect master, used the term "ancestor" to refer to it.

The tall and sturdy old man's gaze swept past Jiu Ling and Xiao Zihan, and his eyes couldn't help but flicker slightly. Xiao Zihan's appearance proved the little girl's identity, and she indeed came here to look for someone.

"Captain Liang, this conflict was just a misunderstanding. However, your methods have truly gone too far."

After realizing what was going on, Xiao Zihan couldn't help but have a slightly cold look in her eyes.

She had already stayed in the Human Clan's encampment in the Hidden Spirit Mountain for many years, so she was very clear about the morals of this group of people in front of her. Before, they hadn't provoked her, so she naturally wouldn't care. But now that the Nine Spirits clan was being bullied, how could she just sit back and do nothing?

"Too much?"

The tall and sturdy old man's thoughts quickly spun, and he coldly laughed, shouting in a deep voice, "Sect Master Xiao, I see that you have been too comfortable in the Human Clan's encampment, have you forgotten where we are? This is the 'Heavenly Imperial Dragon Palace', the world of the Dragon Clan! We will struggle to survive in this place, no matter how hard we try, we won't go overboard! "

"As for why you said that it was a misunderstanding..."

The tall and sturdy old man sneered again, "I don't think so. A little girl who was obviously a beast, with a cultivation of only a middle level Sky King, and said that two peak middle level Sky King s were her servants. Even a fool would not believe that, but she said that she was not a spy for Dragon Clan, so she is not a spy for Dragon Clan? "

"In this world, which spy would admit to being a spy?"

"Even if she is the ancestor of your Nine Colored Immortal Sect, we cannot guarantee that she didn't join the Dragon Clan after entering the Heavenly Imperial Dragon Palace. Sect Master Xiao, seeing that you and I have known each other for a while, let me tell you another piece of news. Before we saw her and these two dragons, we discovered that there were dozens of auras of Dragon Clan Warriors in the vicinity, gathering here. However, when we came over, all of those Dragon Clan Rankers disappeared, leaving behind only the three of them.

"The safety of our Human Clan's encampment is more important than anything else!"

"Sect Master Xiao, I'll give you one last piece of advice. It's best if you don't interfere in this matter. Otherwise, this will absolutely not benefit you in any way!"

At the end, the burly old man had a sincere expression on his face.

If she hadn't known of his temperament, Xiao Zihan might really have been deceived, thinking that he really was thinking about the Human Clan's encampment this way. However, when the other

party glanced at Nine Spirits, her eyes revealed a faint burning passion, which allowed her to vaguely understand just what kind of plan this old fellow was playing.

With that thought, a hint of fierceness appeared in the depths of Xiao Zihan's beautiful eyes as she slowly said, "Liang Jinchao, if I don't listen to your advice, will you also say that I'm a spy for the Dragon Clan?"

"If it isn't this old man saying that you are a spy for the Dragon Clan, then you are a spy for the Dragon Clan."

The eyes of the tall and sturdy old man named Liang Jinchao turned cold and said sinisterly, "Xiao Zihan, what you need to do now is to prove that you are not the Dragon Clan's spy. Since your ancestor is a spy from the Dragon Clan, you should draw a clear line between yourself and him and capture him to prove your innocence. If you continue to act rashly, this old man can't help but suspect your intentions ... It might be possible that you are the same as your ancestor, you have already pledged your allegiance to the Dragon Clan. "

Jiu Ling also felt that something was wrong and could not help but ask: "Sect Master Xiao, this old fellow is doing this on purpose, right?"

"Of course he did it on purpose."

"If he didn't do that, how would he be able to kill you and me as the so-called 'Dragon Clan's spy'? We are all 'Dragon Clan's spies', so it is only right and proper for him to continue attacking us." Otherwise, he would have no choice but to let us enter the Dragon Clan's encampment. In that case, wouldn't his little plan have gone down the drain? "

As she spoke, Xiao Zihan turned to look at Liang Jinchao, her beautiful eyes flashing with ridicule.

"What nonsense!" Liang Jin Chao's face darkened, "Xiao Zi Han, if you don't capture this Dragon Clan spy, not only will she and these two dragons be able to escape, you won't be able to. This old man might not be a match for you, but there are countless experts in the encampment that none of you are capable of contending against. "

"If you know what's good for you, you'd better give up now."

Liang Jinchao's pair of sinister eyes swept over Xiao Zihan and Jiu Ling, "When we return to the base, this old man and the rest will also plead for your life. You all still have a chance at survival, otherwise, today, this Spirit Concealed River will be your burial ground." As he finished speaking, his tone was filled with killing intent.

"Sect Master Xiao, I think there is no need to waste words with them. Let's kill such a cunning and cunning person first. " The nine spirits were filled with killing intent as well.

Earlier, she was angry, but didn't pay too much attention to this matter.

When Xiao Zihan appeared, she originally thought that the misunderstanding would be resolved quickly with Xiao Zihan as witness. She didn't think that not only did Liang Jinchao would continue to view her as a spy for the Dragon Clan, he would even put on a similar hat for Xiao Zihan. With Xiao Zihan's reminder, she immediately understood.

The reason why that old man was so adamant on holding on to him, was most likely because of him.

Perhaps it was a misunderstanding in the beginning, but after he revealed the true form of the "Netherworld Nine Spirits Bird", the misunderstanding was no longer a misunderstanding. Of course, his real purpose was not to kill himself, but to capture and control himself.

Since that was the case, there was indeed nothing left to say.

"Kill us? "Little girl, you are really naive!"

When Liang Jinchao heard this, he couldn't help but share a hearty laugh with the surrounding God Kings, "Even Xiao Zihan didn't dare to say such words, how could you say them?"

"Innocent? I don't think so! "

A clear voice suddenly sounded. In front of Jiu Ling, a tall and slender black figure suddenly flashed. "Killing you is actually not much harder than slaughtering chickens and dogs."

Chapter 1894 - Little Rock!

"Big brother." Seeing this black shadow, Nine Spirits immediately cheered out in joy.

"Greetings, Ancestor Tang Huan!" Xiao Zihan's brows also revealed a happy smile as she hurriedly bowed.

"Another Intermediate Heavenly King and another Ancestral Master?"

The six cultivators on the other side were stunned, and in an instant, Liang Jinchao laughed mockingly, "Less than thirty-six days have passed, and these juniors have actually become so arrogant and conceited? Kill us like chickens or dogs? "Little thing, aren't you afraid of losing your tongue in the wind?!"

"Needless to say, this person is definitely a spy for Dragon Clan!"

"How can a spy not be a spy, big brother?"

"He must have pledged allegiance to the Dragon Clan. Otherwise, how could he, a middle level Heavenly King, have such confidence?"

"..."

The other human cultivators all laughed out of anger and mocked him without restraint.

In all the years they had entered the "Heavenly Imperial Dragon Palace", they had never been looked down upon by someone with a lower cultivation than them, but today, they were actually looked down upon twice by a middle level Heavenly King.

"Jiu Ling, since they are here, what do you think we should do?" Tang Huan smiled as he looked at the nine spirits in the blink of an eye.

"Big brother, kill them all with one stone!"

The nine spirits chuckled. If the dozens of Dragon Clan experts were to come out from the cave, they would be able to destroy these few fellows in an instant.

The instant before Xiao Zihan appeared, under her anger, she indeed wanted to ask Jianxin to release them. However, after calming down, she understood that doing so would be extremely detrimental to her future actions.

There was no harm in controlling one or two Dragon Clans, controlling dozens of Dragon Clan Warriors, including even those at the peak of the Heavenly King Realm. However, they had to guard the information well, and leak it out, letting the Dragon Clan know that the Dragon Clan was going to be furious and search for them in all directions.

If they wanted to save Xiao Budian, they had a huge advantage, and that was that the Dragon Clan was in the shadows.

If this information was leaked, the advantage would disappear and they would become the target of the entire Dragon Clan. In fact, the Dragon Clan could even command all the living beings in the "Heavenly Imperial Dragon Palace" to surround and stop them. Perhaps, the Dragon Clan could also use Long Jun, Sword Thrust and other Mind Stigmas of the Dragon Clans to follow their tracks.

Right now, although Liang Jin Chao and the rest could sense that the auras of the Dragon Clan Warriors had disappeared, they did not know why. Even more so, they did not know that they had all become puppets, so there was no need to worry.

Call it out.

"To smash us to death with a single stone, do you think we're three-year-olds?"

Liang Jinchao was stunned for a moment before he snorted disdainfully. After a brief moment of astonishment, the surrounding peak Heavenly Kings also broke out into laughter.

Even Xiao Zihan was a bit dazed when she heard Jiu Ling's words, thinking that she was joking.

Only Long Jun's dark green eyes couldn't help but reveal a deep sense of fear. The scene of him being almost crushed into a meat patty by a "small stone" a few years ago was already branded into the depths of his soul. Even until now, his memories were still fresh.

The sharp sword was filled with excitement and anticipation, both of his eyes were opened wide, looking at Tang Huan without blinking. It was unknown how many times it had heard Long Jun boast about such a treasure like Tang Huan, but it had never seen it with its own eyes.

"Alright, I'll listen to you."

As if he hadn't heard the ridicule of Liang Jinchao and the others, Tang Huan's thoughts moved slightly as the extremely small "Primal Chaos Source Crystal" appeared in his palm.

"Tsk tsk, as expected of a small stone. Come, let this old man see how you can use it to smash us to death!"

Seeing this, Liang Jinchao couldn't help but laugh out loud in ridicule. If it was in any other place, he would have been cautious, but in this Hidden Spirit Mountain Range, he did not have much concerns. Furthermore, the cobblestone in Tang Huan's palm did not emit any aura, which made him unable to feel threatened.

Hearing his words, Jiu Ling's expression became odd, as if she was looking at a dead body.

After catching Nine Spirits' gaze, Liang Jinchao couldn't help but furrow his brows. He suddenly had a bad premonition in his heart. Could that rock really be extraordinary?

However, in that instant, Liang Jinchao smirked. So what, he was a Upper Sky King, a God King. No matter how powerful the treasure he used was, how could it be able to do anything to him?

Moreover, this was the Spirit Hidden Mountain Range. Unless this guy didn't want to live anymore, how could he really dare to kill?

This fellow was most likely putting on an act! His real purpose should be to make use of this opportunity to escape!

"Fine, I'll grant your wish."

Just as Liang Jin Chao was thinking about something, Tang Huan suddenly nodded his head and smiled. Almost at the same time he finished speaking, the pebble smashed towards Liang Jin Chao and the rest, and Tang Huan, Jiu Ling, Long Jun, the sword tip, as well as Xiao Zi Han, who was being signaled by the Nine Spirit's eyes, all retreated at the same time.

"You want to escape?"

Liang Jinchao snorted coldly. His reaction was as expected, "Everyone, chase —"

After he gave the order, he was about to give chase. However, just as he was about to move, Liang Jinchao's expression changed, along with the other Heavenly King Stage cultivators around him, all of them cried out in alarm.

In the blink of an eye, it seemed as if the sky had been covered up as an incomparably large and white shadow whizzed down from the sky with a momentum like that of thunder, as if it could crush any obstacle into fine powder.

"This is bad!"

In an instant, the expressions of the six people, including Liang Jintao, all became as pale as paper. That small pebble, in an instant, became such a frightening enormous object.

Even the Upper Sky King Liang Jintao was shocked.

"Let's go!" "Return to the base!"

Almost without the slightest hesitation, a sparkling and translucent white jade slip appeared in Liang Jintao's hand. As he explosively roared, he sent Tian Yuan into the jade slip, and then...

There was no later!

"Boom —"

The "Primal Chaos Source Crystal" that had returned to its original form had already fallen onto the ground. An earth-shaking explosion suddenly occurred as the extremely violent Strength Qi swept out in all directions like raging waves.

In a split-second, the sky collapsed and the earth split. The river had been cut off, and the surrounding hundred miles were completely razed to the ground.

A hundred miles away, high in the sky, Xiao Zihan and the sword spurs who were seeing this scene for the first time both widened their eyes as they looked with disbelief at the colossus that seemed to hold up the heavens.

As for Long Jun, his expression was incredibly complex. Last time, it had been smashed by himself, but this time, it had been smashed by someone. The feeling of helplessly watching himself approach death was indeed enough to make one's soul crumble.

Chapter 1895: This is going to be troublesome!

However, Long Jun wouldn't pity them in the slightest.

Previously, Liang Jinchao and the others had relied on the backing of the many experts from the Human Clan in the Spirit Hidden Mountain Range to act arrogantly, who would have thought that they would die so unjustly?

"Sect Master Xiao!" Tang Huan suddenly said, "With the deaths of these fellows, the Heavenly Kings in the Human Clan's encampment will definitely not let this matter rest, right?"

"So what if we don't?"

Xiao Zihan said with a smile, "'Heavenly Imperial Dragon Palace' is incomparably vast, can they still find us? I originally thought that since the two ancestor masters had just arrived at the Dragon Palace, they could temporarily stay here and be safer. Since such an accident has occurred, we might as well leave now. "

Tang Huan sighed lightly, "I have implicated you, Sect Master."

"What kind of trouble is this?"

Xiao Zihan laughed in a nonchalant manner, "Two clan masters might not know that the Human Clan's encampment in the Spirit Hidden Mountain Range is not a place to stay for long. The cultivators inside relied on the independent space and were not threatened by the Dragon Clan. Almost all of them remained at peace with their situation and did not think much about it, and had forgotten their original intention to enter the 'Heavenly Imperial Dragon Palace'. "

"If I had stayed there the entire time, I would probably have been like them. If the two ancestor masters hadn't come, then I would have left at most three years ago. Right now, I'm only three years ahead of schedule."

After Tang Huan heard this, he couldn't help but smile.

He was indeed very curious about the Human Clan's encampment. To be precise, he was very curious about the super expert who opened up such a space for the cultivators of the Human Clan in the "Heavenly Imperial Dragon Palace".

Such a character would definitely know many of the secrets of this "Heavenly Imperial Dragon Palace". Even if his own soul had returned to the underworld, or if he had left the Dragon Palace, his successors should know quite a bit. Visiting him once might help him save Xiao Budian.

But now, Tang Huan had lost all interest in the Human Clan encampment.

From Liang Jinchao's and the others' performance, it was clear what kind of goods were in the Human Clan's camp. Xiao Zihan's words confirmed this point.

"In that case, there's no need for us to stay any longer."

Tang Huan reached out his hand and grabbed the hundred thousand meter tall "Primal Chaos Source Crystal" that was rapidly shrinking. As it rose into the air, a huge crater actually broke the entire river in half. The moment the "Primal Chaos Source Crystal" left the river, the water roaring from upstream unceasingly poured into the deep pit.

As for Liang Jinchao and the others within the deep pit, no one paid any more attention to them. As long as Tang Huan did not hold back, one did not need to think to know what kind of miserable state they would be in.

In fact, that was indeed the case.

One Highgod King, five peak God Kings, all turned to dust.

Tang Huan's expression was calm at the moment, but he was secretly shocked in his heart. This "Primal Chaos Source Crystal" was actually more effective than the "Nine Yang Divine Furnace" when used to kill enemies.

If Tang Huan was still an Inferior Heavenly King, then with that strike just now, he would probably be able to kill those five Intermediate Peak Heavenly Kings. However, Liang Jinchao should still be able to escape.

However, Tang Huan had already advanced to a God King, and already possessed two hundred and thirty million dao crystals. Under the effect of using all his strength, the power of the "Primal Chaos Origin Crystal" increased explosively, and like his companions, the Upper Sky King also turned into a pile of meat paste, mixing with the soil at the bottom of the crater and no longer had any traces of existence.

"Hu!"

In an instant, the "Primal Chaos Source Crystal", which had shrunk to several times its original size, fell into his palm. Catching Xiao Zihan's curious gaze, Tang Huan could not help but smile, and just as he was about to speak, a trace of seriousness appeared between his brows, "Jiu Ling, Long Jun, and Sword Thrust, the three of you enter my cave abode first."

Before he finished speaking, the "Myriad Sword Heavenly Diagram" had already been activated and the power of the sucking enveloped the nine spirits, Long Jun and the sword tip.

The moment they saw his expression, they knew that a strong enemy was about to arrive. They did not resist and were sucked in together with the two dragons. Regarding Tang Huan's safety, Jiu Ling was not worried at all. She, Long Jun and the sword thrust into the cave in order to help Tang Huan escape.

Moreover, when they really had no other choice, they would not care about whether the news would leak out or not. They could just directly release all the dragons in the cave, and in a blink of an eye, they would probably be able to wipe out all the enemies.

The moment the figures of nine spirits and two dragons disappeared, dozens of figures appeared in Tang Huan and Xiao Zihan's line of sight. Before they even drew near, powerful auras had already engulfed the area, covering Tang Huan, Xiao Zihan, and the surrounding several thousand meters.

"Looks like there's a bit of a problem." Tang Huan calmly kept the closed "Myriad Sword Heavenly Diagram" back into the Dantian, and a faint smile hung on his face.

"Ancestor Tang Huan, are you afraid of trouble?" Xiao Zihan said, dumbstruck.

"Of course not."

Tang Huan couldn't help but laugh out loud. If he was afraid of trouble, he had let Xiao Zihan follow the nine spirits into the cave, and then used an "Air Escape" to leave. Amongst that group of

people, even if there was a peak stage Heavenly King, it was impossible for them to catch up to him.

While speaking, the dozens of people had already arrived like lightning, their figures constantly flashing, and instantly surrounding Tang Huan and Xiao Zihan. The newcomers were all Heavenly Kings, amongst them there was one at the peak of the Upper Realm, ten at the Upper Realm, and the remaining thirty-three were all Intermediate or Mid Realm Peak Realm Heavenly Kings.

"It was you who killed Captain Liang and the others?"

A cold and stern voice suddenly burst forth, and the person who spoke was a tall and thin old man in a black robe. His expression was extremely gloomy, and within his slightly sunken eyes, two pairs of murderous eyes seemed to have solidified.

"If I remember correctly, you should also be a cultivator from our Human Clan's encampment, right? Relying on the protection of the Human Clan, you can live to this day, and even rise from the middle level to the upper level Heavenly King, but now you actually colluded with outsiders, and killed someone from the same sect, what crime do you have! "

As he finished speaking, the black-robed old man's expression became increasingly grim.

"I have to make one thing clear. I was the one who killed Liang Jinchao and the others, not Sect Head Xiao." Tang Huan looked at the black robed elder, his expression calm and composed.

"You?"

The black gowned elder's face changed slightly, he turned his gaze and stared straight at Tang Huan.

The dozens of Heavenly Kings beside him also turned to look at Tang Huan in unison. Their eyes revealed a trace of astonishment and disbelief.

They did not see the previous scene, but only sensed the terrifying commotion, and immediately rushed over to take a look. Halfway through, they heard another piece of news, and the Mind Stigma belonging to Liang Jinchao's group that had rushed over, had completely disappeared.

Chapter 1896 - Lovers of the Same Life

The hole in and around the river that had yet to be filled made them think that the one who had attacked was the Upper Sky King Xiao Zihan. Therefore, the moment they saw the two of them, they subconsciously ignored Tang Huan, who was merely a Middle Sky King.

But now, this person said that he was the real killer.

What kind of technique did this fellow use to cause such a terrifying commotion? Furthermore, with the cultivation of the Heavenly King at noon, he had instantly killed a High King and five Mid Peak Heavenly Kings.

"I have to explain a bit too."

Just as everyone was bewildered and confused, Xiao Zihan also smiled sweetly and slowly said, "Wang Yichun, even if I don't enter the Human Clan's encampment, I can still survive unharmed until now. Moreover, the fact that I could advance from a God King to an Upper Sky King has nothing to do with this Human Clan's encampment."

"As for colluding with outsiders and killing fellow cultivators in the encampment, that would be even more laughable."

"Firstly, he isn't an outsider, but a senior of my Nine-Colored Immortal Sect. Even I, Xiao Zihan, can be called an 'Ancestral Master'; secondly, Liang Jinchao and the others actually dare to covet the treasures in my Ancestral Master's hands. They died by my Ancestral Master's hands, so they completely deserved it."

What Liang Jinchao truly desired was the Nether Nine Spirit Bird. Naturally, she would not reveal the true situation.

Hearing her words, many Heavenly Kings on the opposite side could not help but be at a loss for words. One was because of Tang Huan's identity, and the other was because Liang Jinchao and the others were all killed. According to their understanding of Liang Jinchao, he might really be able to steal someone else's treasure.

It was also because of this reason that although Liang Jin Chao had been in the Human Clan's camp for many years, and had even become the leader of a team, his popularity was not that great. On the contrary, Xiao Zi Han, who had only joined only a few years ago, although her cultivation could not be considered top of the camp, in terms of popularity, she was still much stronger than Liang Jin.

Upon sensing her aura, many people found it hard to believe.

Perhaps, what she said might be true?

"The person is already dead. Even if you say that Captain Liang covets your beauty and wants to harm you, you will still die with no proof!"

Upon hearing this, Wang Yichun could not help but sneer, "Xiao Zihan, you ungrateful person, there is no need to speak any more nonsense. It doesn't matter if this person is your Martial Ancestor or if he is your face.

"How dare you!"

Xiao Zihan's pretty face slightly sunk. "Wang Yichun, I thought you were a senior, so I just spoke a few words with you. I didn't expect you to speak such nonsense without morals ... "Forget it. Half a month ago, we fought once, so there's no harm in fighting again today. Let's see who will be the one to leave this little life here in the end."

Hearing her words, Wang Yichun's face became even darker.

Half a month ago, Xiao Zihan had challenged her, and he had naturally accepted the challenge without hesitation. Originally, he had wanted to teach the other party a good lesson, but the result was unsatisfactory.

What made him feel the most humiliated was that it was just a spar. If it was truly a life-and-death battle, then he, the peak of the Upper Sky King, might not necessarily be a match for Xiao Zihan, the Upper Sky King.

"Sect Master Xiao, there is no need for a person like you to act. I will take care of it."

Tang Huan gave a bland laugh, but his eyes were as cold as ice. The instant his voice fell, the "Primal Chaos Origin Crystal" in Tang Huan's palm had already shot out.

"With just you? "Seriously..."

Wang Yichun was so angry that he started laughing. However, before he could even utter the word "joke", he forcibly swallowed it back down. Surprise appeared in his eyes.

He had long noticed the baby fist-sized pebble in Tang Huan's palm, but did not take it to heart. Even when Tang Huan was using it, he did not pay too much attention to it.

However, although it was fast, he did not feel that it would pose much of a threat to him.

"Hu!"

Without even thinking about it, Wang Yichun threw a punch, the fist shadows expanded rapidly and in a blink of an eye, covered an area of 100 meters. Boundless Strength Qi surged out from the fist, instantly forming a terrifying storm in the surroundings, causing the surrounding space to tremble violently.

Wang Yichun narrowed his eyes. The astonishment in them had been turned into mockery. However, after a snap of his fingers, the mockery turned into shock that was hard to conceal.

"Bam!"

In the blink of an eye, the small cobblestone collided with Pang Shuo's fist.

However, the scene that followed stunned many of the Heavenly Kings. Amidst the muffled sound, it was like a small stone had fallen into a deep pool of water. A few ripples spread out and the stone had already disappeared without a trace. The cobblestone was the same.

Under the stares from the crowd, the cobblestone actually directly crashed into the figure of Pang Shuo's fist.

Before the crowd could understand what was going on, they heard a shout of surprise, and Wang Yichun actually retreated quickly. In a blink of an eye, the blood mist exploded in front of everyone's eyes, but in the next moment, it completely dissipated. Looking closer, Wang Yichun's entire right arm had disappeared without a trace, the fist image also dissipated, but that small pebble flew back, gracefully landing in the palm of Tang Huan's hand.

"What's going on?"

This sudden turn of events caused many of the Heavenly Kings to be shocked.

A moment ago, Wang Yichun was still confident that he could destroy his opponent with a single punch. However, an instant later, he lost an arm because he was fast enough and had to retreat in time. Otherwise, he would suffer even worse injuries. His opponent was only a middle level Heavenly King, and he was a peak high level Heavenly King. With just a single exchange, he was already in such a sorry state? Although an arm had no effect on one's strength, it was extremely shameful.

At this moment, everyone suddenly began to believe that Liang Jinchao and his men were indeed killed by him.

However, after realizing this point, everyone became even more amazed.

What kind of situation had this guy reached? And what kind of treasure was that pebble in his hand? How could it possess such terrifying power? Was the death of Liang Jintao and the others related to that treasure? Enormous questions surfaced in everyone's mind, causing them to be greatly shocked.

"Kill them!" Kill them! "

A hysterical shout suddenly exploded in the sky. Wang Yichun, who had just retreated a few thousand meters, slightly moved and returned to the bodies of the many Heavenly Kings with lightning speed. His face was twisted and twisted with a hideous expression.

Chapter 1897 - Cavemaster

At this moment, Wang Yichun had lost his mind.

Losing an arm, was not really a serious injury, as long as he had some time, he would definitely grow a new arm. However, he, a dignified peak Heavenly King, was actually forced into such a sorry state by a middle age Heavenly King. From now on, he would definitely become a laughingstock in the Human Clan.

How could he not be enraged?

The dozens of Heavenly Kings could not help but look at each other, somewhat hesitant.

However, Xiao Zihan and many of them were familiar with each other. If Liang Jinchao had truly died because of stealing her ancestor's treasure, then he really deserved to die. Why would they attack Xiao Zihan?

"Elder Wang..."

An old man with a head full of white hair hesitated to speak, but before he could finish, Wang Yichun roared furiously: "What are you standing there for? "These two people have committed heinous crimes and deserve to die. Everyone, please take action immediately. If anything goes wrong, I shall be in charge!"

"Elder Wang, your life is in danger. How are you going to take responsibility?"

At this moment, a faint voice sounded.

Wang Yichun was furious when he heard this. However, he was stunned the next moment.

Along with this voice appeared a tall and slender elder in green robes with a head of white hair and beard. Without any warning, he appeared between Tang Huan, Wang Yichun and the other Heavenly Kings. An incomparably tyrannical Qi was seeping out from his body, it was faintly discernible, floating erratically.

His eyes fell on Wang Yichun. His gaze was extremely stern.

"Cavemaster!"

The moment they saw the green robed elder's face, dozens of Heavenly Kings bowed subconsciously. Even Wang Yichun had no choice but to retract his ferocious and furious expression, cupping his hands and bowing respectfully. However, when he glanced at Tang Huan, fury still remained in his eyes.

"Cavemaster?"

A few hundred metres away, a strange look flashed across Tang Huan's eyes.

According to the information Xiao Zihan had previously sent to the nine spirits, the Human Clan's encampment in the Spirit Hidden Mountain Range was called the "Spirit Hidden Cave". The person

in charge of the encampment, Ye Tingyun, was called the "Master of the Cave". It had been 10,000 years since he entered the "Heavenly Imperial Dragon Palace", although he was still a peak level Heavenly King, his power was unfathomable.

The old man in green opposite him was obviously Ye Tingyun, and gave Tang Huan such a feeling. Tang Huan could judge that Ye Tingyun's cultivation level was still at the peak of the Upper Sky King Realm, but he was still not confident of being able to grasp her skills.

As he thought about it, Tang Huan couldn't help but look at Xiao Zihan who was beside him in the blink of an eye. She gave an imperceptible nod of her head, then bowed deeply towards Ye Tingyun like Wang Yichun and the others from a distance. He couldn't help but reveal a little reverence between his brows, and said, "Junior greets the cave master."

"Sect Master Xiao, and this friend has scared you two." Ye Tingyun slightly nodded towards the many Heavenly Kings, and then looked towards Xiao Zihan and Tang Huan, his eyes revealing an apologetic look.

"The Cavemaster is being too serious."

Tang Huan smiled and cupped his hands in greeting, "Junior Tang Huan greets cave master."

When Tang Huan had finished speaking, Xiao Zihan hurriedly said, "Cave Master, about today's matter ..."

"Sect Master Xiao, there is no need to explain. Liang Jinchao and the others did not think properly, and lost their lives here, and brought their own deaths. You and Tang Huan do not need to care about either of them." Ye Tingxiao waved his hand and smiled.

"Cavemaster, that's only one side of Xiao Zihan's story. You definitely cannot believe it!" Wang Yichun said anxiously.

"What this old man believes is not Sect Master Xiao's one-sided story, but in this old man's eyes." Ye Tingyun indifferently said, "What's wrong?" Elder Wang, do you have any objections? "

"No!"

Wang Yichun lowered his head and hid the anger in his eyes.

Seeing that, Tang Huan could not help but be surprised, no matter what, he had also killed six Heavenly Kings of the "Spirit Hidden Cave", but this cave master, on the other hand, did not display any intent of pursuing the matter, and furthermore, Tang Huan could not feel any hostility from him.

A strange look appeared in Xiao Zihan's eyes.

If there was anyone in the Spirit Hidden Cave that was worthy of her respect, it would be Ye Tingyun alone. However, Ye Tingyun spent most of her time cultivating in seclusion and did not care about the affairs of the Spirit Hidden Cave. Normally, the Spirit Hidden Cave would be managed by Wang Yichun and other five elders.

During the time she had been in the Spirit Hidden Cave, Xiao Zihan had only seen him once on the day she had just entered.

What she didn't expect was that without asking about the details of the situation, he would already be on her and Tang Huan's side.

"Tang Huan."

At this time, Ye Tingxiao's gaze landed on Tang Huan as he said with a smile, "The reason why this old man came here today is to invite you to the Spirit Hidden Cave for a few days. I hope little brother won't decline." He paused for a moment, then looked at Xiao Zihan, "Sect Master Xiao, this old man knows that you already had the intention to go, but there is no need to be anxious about this matter. After little brother leaves in a few days, you two can travel together, alright?"

Hearing this, Tang Huan and Xiao Zihan couldn't help but look at each other in astonishment, especially Tang Huan.

She had originally thought that Ye Tingyun had come to resolve a dispute.

But from the looks of it, he seemed to have come specifically for her. Tang Huan was certain that he didn't have any conflicts with the Spirit Hidden Cave or Ye Meiyun before he came out of the cave today. This meant that Ye Tingyu had specially invited him because of him after he left the cave.

Could it be that when he was activating the "Primal Chaos Crystals", he had leaked out something?

What was his purpose in inviting me into the Spirit Hidden Cave?

Tang Huan's mind raced, but his reaction was not slow at all. With a smile plastered on his face, he said calmly, "It is my honor to be invited by the cave master. If this junior still hesitated, then he would really not know what was good for him. Since that is the case, then junior shall enter the Spirit Hidden Cave and disturb the Master of the cave for a few days. "

No matter what Ye Tingxiao's goal was, Tang Huan was confident that he could protect himself.

Since that was the case, why should he be afraid? He might as well go in and take a look and see what this "Spirit Hidden Cave" Ye Tingxiao was up to. He might even gain something unexpected.

"Just as Sect Master said." Xiao Zihan also agreed.

"Please!" Ye Tingxiao nodded in satisfaction and raised his hand with a smile.

"..."

Three figures that were like three flowing lights rapidly advanced along the river's edge, and in an instant, they disappeared into the depths of the Hidden Spirit Mountain Range.

Maybe Xiao Zihan didn't know about it, but they were very clear that the cave master Ye Liuyun had not left the Hidden Spirit Cave for almost a hundred years. But today, he had specially left the Human Clan's encampment to invite Tang Huan to come as a guest.

Or could it be that Tang Huan had another background?

Chapter 1898 - Celestial Emperor

The entrance of the Spirit Hidden Cave was indeed very secretive.

Thousands of miles up the river was where it came from. Countless streams of water flowed out of the holes on the precipitous cliff that looked like a beehive. When these streams gathered, they became this river.

There were tens of thousands of holes on the cliff.

Each one of the holes contained a small immortal formation. Only by following a certain pattern and activating the hundreds of little immortal formations within were they able to open the entrance.

Even Tang Huan, who was extremely powerful in his deductions and Perception Ability, had no choice but to admire the senior that had condensed the "Spirit Hidden Cave".

However, Tang Huan reckoned that the reason the Dragon Clan did not care about the Spirit Hidden Cave was because they could not find the entrance.

With the Dragon Clan's power, he could definitely capture a Heavenly King that was roaming around the Hidden Spirit Mountain Range and force him to say the words. Even if he did not know the method to enter the cave, if the Dragon Clan were to focus all his power and spend more time, forcibly opening the entrance to the Spirit Hidden Cave, it would not be too difficult for him.

Furthermore, it was said that there was another elder in Dragon Clan who was a Heavenly Emperor Stage super expert.

However, as the owner of the "Heavenly Imperial Dragon Palace", not only did the Dragon Clan let the "Spirit Hidden Cave" exist for countless of years, even the Spirit Hidden Mountain Range was considered a forbidden place by the Dragon Clan. They did not dare go in easily, in order to avoid losing their lives.

Tang Huan guessed that there was a high possibility that the Spirit Hidden Cave was hiding a powerful Ranker that the entire Dragon Clan must be wary of.

"To be able to scare the Dragon Clan's Celestial Emperor, it has to be at least the same!"

Suddenly, an extremely bold thought appeared in Tang Huan's mind, "Could it be, in this Spirit Hidden Cave, Master Ye Tingyun is not the strongest, and there is another Heavenly Emperor above him?" The moment this idea appeared, Tang Huan's heart could not help but skip a beat.

The more he thought about it, the more Tang Huan felt that the possibility of it happening was extremely high.

This was also the only way to explain why this "Spirit Hidden Cave" could continue to exist, but following that, another doubt appeared in Tang Huan's mind. If it was really a Heavenly Emperor Realm super expert, leaving the "Heavenly Imperial Dragon Palace" should not be difficult, why did he keep it up?

Thinking about it, Tang Huan's heart was moved.

He already knew that it was impossible for the Cavemaster Ye Tingyun to invite him into the Spirit Hidden Cave for no reason. By doing this, he must have attracted his interest. Although his strength far surpassed that of an ordinary peak Superior Grade Heavenly King, he should still be unable to detect the difference in that "Chaos Source Crystal".

Not to mention, when he killed Liang Jinchao and the others, Ye Tingyun wasn't even in the vicinity, so naturally, he couldn't see the original appearance of the "Chaos Source Crystal."

But if it was the Heavenly Emperor, Tang Huan could not guarantee.

Tang Huan had never personally experienced the might of a Heavenly Emperor, but he could vaguely imagine it. Perhaps it was because the Heavenly Emperor had sensed the presence of the

Chaos, which was why Ye Ziyun had appeared and invited him into the Spirit Hidden Cave! If that was really the case, Tang Huan would have to consider whether or not he should enter.

If he were to use the sacred art "Yin Yang dao diagram", even if the exit was closed, he would be able to rush out. However, if the Heavenly Emperor were to make a move, Tang Huan reckoned that he would not have the ability.

Just as Tang Huan was thinking about that, hundreds of white-colored odors had already rushed out from the hole, and quickly entangled themselves in front of the cliff wall. In an instant, they condensed into an arched hole dozens of metres tall, with the other end of the arched hole connected to the cliff.

"Brother Tang Huan, Sect Master Xiao, after you!"

Ye Tingyun looked at Tang Huan and Xiao Zihan as he spoke.

Xiao Zihan nodded and was about to move forward, but she was stopped by the look in her eyes. She then heard Tang Huan say: "Cave Master, this junior has a question to ask.

Ye Tingxiao laughed hoarsely, "Brother Tang Huan, there's no harm in asking."

"Since that's the case, then junior shall be frank." Tang Huan muttered to himself, "Master, is there someone else who invited me into the Spirit Hidden Cave?"

Xiao Zihan was immediately stunned when she heard this.

He suddenly said with a smile: "Since Brother Tang Huan has guessed it, then this old man will not hide it any longer. This time, the person who invited you, Brother Tang Huan, is indeed someone else. This old man is just following orders."

Hearing this, Xiao Zihan's face was already filled with astonishment.

But he never expected that Tang Huan would actually ask the right question, the person who invited him to the Spirit Hidden Cave was indeed someone else, Ye Tingyun was only here to pass on the message, inside the Spirit Hidden Cave, who could make the cave master listen to his orders?

At this moment, Xiao Zihan suddenly felt that her brain wasn't enough.

She was indeed suspecting Ye Tingyun's intentions in inviting Tang Huan, and had even silently pondered over this problem all the way over. However, she didn't expect that things would turn out like this, which made her even more baffled.

After staying in the Spirit Hidden Cave for a few years, she thought that she already had a good understanding of the Human Clan's encampment. But now, she discovered that there were still many secrets that people did not know about hidden in the encampment. Not only did she not know about that secret, even the other Heavenly Kings in the camp probably did not know about it.

"Brother Tang Huan, how did you guess it?" Ye Tingxiao immediately asked.

"As the Human Clan's encampment, the reason why the Spirit Hidden Cave has survived until now is definitely not as simple as the rumors claimed. To make an offense, although the cave master is strong, it's not enough to scare the Dragon Clan from intruding into the Spirit Hidden Cave. Because the Dragon City has the Heavenly Emperor Elder, it's very likely that the Spirit Hidden Cave master is a stronger cultivator than him. That cultivator should also be a Heavenly Emperor! "

Tang Huan slowly said.

"There's actually a Heavenly Emperor in the Dragon Clan?"

Xiao Zihan's beautiful eyes widened, and she couldn't help but exclaim, "I always thought that the rumor was fake. The other heavenly kings in the Spirit Hidden Cave also thought that the rumor was fake."

Of course she had considered what Tang Huan had said. However, she had never felt that there was a Heavenly Emperor Realm Ranker in this "Heavenly Imperial Dragon Palace". However, Tang Huan's words immediately made her waver, as Tang Huan had controlled a large number of Dragon Clan Rankers.

The information obtained from the Dragon Clan Puppets was naturally more trustworthy.

"Sect Master Xiao, the rumors are true." Ye Tingyun could not help but sigh softly.

"Then Ancestral Master Tang Huan's judgement is correct. Is there really a Heavenly Emperor Stage powerhouse in the Spirit Hidden Cave of Human Clan?"

Xiao Zihan couldn't help but suck in a breath of cold air.

However, in the next moment, her delicate and white face flushed like she was drunk, as she became slightly excited. It was said that the Nine-Colored Grandmaster was a Divine Realm expert long ago. However, that was countless years ago, and the Heavenly Emperor of the Spirit Hidden Cave was close at hand.

Chapter 1899 - Inside the Spirit Hidden Cave

"That's right."

Under the gaze of Tang Huan and Xiao Zihan, Ye Tingyun only hesitated for a brief moment before nodding. "It's because of the existence of that Heavenly Emperor Senior that Dragon City and the Spirit Hidden Cave have been peaceful for so many years. There are very few experts from the Dragon Clan that dare to enter the Spirit Hidden Mountain Range."

"If it weren't for that senior, the Spirit Hidden Cave wouldn't have appeared, and it wouldn't have existed."

Saying that, Ye Tingxiao paused for a moment, then looked at Tang Huan and said, "The person who invited Brother Tang Huan into the Spirit Hidden Cave, is also that Senior Heavenly Emperor. At that time, this old man was in closed door cultivation, but suddenly heard senior transmission to me, telling me to invite Brother Tang Huan to enter the Spirit Hidden Cave for a chat. "

"Of course, Senior does not know the name of Brother Tang Huan. He only told this old man that person was at the Spirit Hidden Mountain Range's edge, and that he had just killed six of our Human Clan's Heavenly Kings. So, as soon as I arrived, I knew that the person this senior was inviting was you, Brother Tang Huan. "

"Cavemaster, do you know why that senior Heavenly Emperor invited me into the Spirit Hidden Cave?"

Tang Huan slowly said. Ye Tingxiao had revealed an extremely shocking piece of information, and that was that this Spirit Hidden Cave was formed by the Heavenly Emperor.

Now, Tang Huan was completely sure that the Heavenly Emperor must have sensed the chaos within his body or the "Primal Chaos Origin Crystal", which was why Ye Tingyu had invited him in.

Otherwise, as a middle level Heavenly King, no matter how strong he was, the Heavenly Emperor would not even put him in his eyes.

The power of primordial chaos represented the power of primordial chaos.

If he could refine the Chaotic Force, then it would be of great benefit to even the greatest Sky Emperor level powerhouses. The Sky Emperor of the Spirit Hidden Cave probably wouldn't covet it. Otherwise, he would have completely left the Spirit Hidden Cave and attacked him. There was no need for him to go through so much trouble.

However, it could also be possible that the Heavenly Emperor had suffered some sort of restriction or restriction and was unable to leave the Spirit Hidden Cave that he had established.

If it was the former, it would naturally be safer, but if it was the latter, Tang Huan would have to be cautious, and the possibility of it being the latter was extremely high. Otherwise, he would have left the Heavenly Imperial Dragon Palace long ago, in pursuit of a higher realm. The reason he stayed was because something had happened to him.

Ever since he started cultivating, he had seen many kinds of treacherous and cunning people. Even this body had been coveted by others several times, and they wanted to possess it. It was just that they had never been able to succeed. If the Heavenly Emperor had his own plans, although Tang Huan was not afraid, he had to make preparations beforehand.

"This old man does not know either."

Ye Tingyun shook his head, then smiled and said, "Brother Tang Huan, I know what you're worried about. In regards to this, you can rest assured, the Heavenly Emperor Senior is an upright man, if not he would not have spent so much energy to condense this Spirit Concealment Cave, allowing those Human Clan cultivators who could not find a way out within the 'Heavenly Imperial Dragon Palace' to have a place to protect, it would not have become the prey of those Dragon Clan s. "

With a sigh, Ye Tingxiao's expression turned solemn. "Therefore, no matter how precious the treasure you carry with you, Senior Heavenly Emperor will not be moved."

"It seems like this junior has a petty mind."

Tang Huan gave an apologetic smile, and in the blink of an eye, slightly nodded towards Xiao Zihan, who was at the side, and then looked towards Ye Qingyun: "Junior has no more questions, cave master, please!" Having said that, in the depths of Tang Huan's soul, she quietly activated the God Casting Crystal. Inside the Dantian, the Nine Yang Divine Furnace had also started to circulate faster.

Even if the power of the Primal Chaos Origin Crystal exploded, it would not be a threat to the Heavenly Emperor. Therefore, if something unexpected happened, the God Crafting Crystal and the Nine Yang Divine Furnace would be Tang Huan's last resort.

While they were talking, three figures had already entered the cave.

A white light flashed in front of his eyes, and in a split-second, Tang Huan's feet landed on the ground, allowing his vision to return to normal. Spirit Hidden Cave. Although the name had the word "cave" written on it, it was not a true cave. Instead, it was a rather strange space. Within this space, there was only a single gorge.

This gorge was about a thousand meters wide and tall. At the bottom of the gorge, there were two rows of houses extending forward, and on both sides of the gorge, there were towering cliffs, and the cliffs were dotted with caves.

Xiao Zihan had once revealed that there were thousands of cultivators in the Human Clan's "Spirit Hidden Cave". Hearing this, the number was indeed quite shocking. However, out of the several thousand, there were only nearly a thousand Heavenly King Stage powerhouses. Even so, this number was still extremely shocking.

One had to know that in the current thirty-six days, the number of Heavenly Kings added up did not even amount to half of that.

However, if he were to think about it in a different way, he would feel that this was not surprising. Over the course of countless years, within the next thirty-six days, who knew how many Heavenly Kings had entered the "Heavenly Imperial Dragon Palace" to gain experience, other than a few who had succeeded in leaving, most of them had stayed behind. Some of them had already perished due to various reasons, but there were still many that survived.

Counting them, there were not too many Heavenly Kings, but rather too few.

As for the thousands of other people, they were the descendants of the king that had joined forces with the king. In this regard, the Heavenly Kings were extremely cautious, and their descendants were also strictly controlling the number of children they had. Otherwise, they would not have such a small number of children.

Just by sensing the situation inside the canyon, Tang Huan had already understood the situation inside.

The caves on both sides of the cliff were the residences of the Heavenly Kings, one for each Heavenly King. Of course, there were many that were left empty. At the bottom of the canyon, there were cultivators that resided below the Heavenly King Stage, and they were also the descendants of Heavenly Kings. At the bottom of the canyon, there were Heavenly Kings that resided below the Heavenly King Stage, and they were also the descendants of Heavenly Kings, so their cultivation was not bad.

Between the two rows of houses, there was a flat stone road that ran through the entire canyon.

On both sides of the road, there were numerous flowers and herbs growing. Their appearances were all considered normal, unlike on the outside, where a single blade of grass could reach up to a few hundred meters. On the road, the shadows of people could be seen from time to time. On the side of the houses, there were also cultivators entering and exiting, but no one was making a ruckus, they were only chatting and laughing in low voices, a serene and peaceful atmosphere, it was no wonder that Xiao Zihan would say that many Heavenly Kings had gradually lost their original intentions after staying here for so long.

Suddenly, Tang Huan seemed to have sensed something, and his gaze looked towards the deepest part of the valley.

The canyon stretched forward for about ten li before another cliff protruded out. It was connected to the two sides and blocked the canyon. The cliff was surrounded by a faint green mist. From a distance, it seemed to be very vague, and it seemed to be filled with a mysterious feeling.

Tang Huan had a feeling that the Heavenly Emperor Elder should be at that place.

Chapter 1900 - Nine Palaces Glass

Under Ye Meiyun's guidance, Tang Huan and Xiao Zihan headed deeper into the canyon.

On the main road, when the passing cultivators saw Ye Tingyun's figure, they would respectfully bow and pay their respects. It could be seen that although this cave master rarely showed his face, the prestige he had in the Spirit Hidden Cave was extremely high. There were also people who would greet Xiao Zihan from time to time.

They didn't know what was happening outside, nor did they know that Tang Huan had killed Liang Jinchao and the others. However, a stranger was actually able to get the cave master to go out and receive him, it was hard for everyone to not be shocked ... It had to be known that the cave master had not left the Spirit Hidden Cave for many years.

Under the gazes of many cultivators, the three of them quickly arrived at the end of the gorge.

The green fog that lingered around the cliff seemed to contain a strange resistance. Tang Huan did not use his mind to investigate it, but instead retreated upon contact.

"Hu!"

Ye Tingyun walked closer to the cliff wall. With a light brush of his large sleeve, the green mist rolled to both sides like waves of water. A flight of stone stairs entered Tang Huan's line of sight. The higher the level of the road, the deeper it went into the cliff, causing a large portion of the cliff to cave inwards.

After stretching upwards for nearly a hundred meters, a cave that was dozens of meters tall appeared. At the entrance, there was an abundance of greenery, as if it contained a majestic life force.

"Senior, it's right here."

He gave a slight signal to Tang Huan and Xiao Zihan, and Ye Tingyu smiled as she led the way up the stone steps.

Tang Huan and Xiao Zihan looked at each other and also went up the stairs.

After stepping over the last stone step, the thick green light that sealed off the cave entrance suddenly fluctuated violently, and then the surrounding cliffs began to slowly suck it in like a sponge.

Seeing that, Tang Huan's mind could not help but move.

However, he was now very close to the cave entrance, and as a Weapon Refiner, he could immediately tell that what sealed the cave entrance was a type of firepower. It originated from a wood type dao flame that contained a strong life force.

was not surprised by this.

When he saw the entrance of the Spirit Hidden Cave, Tang Huan had guessed that the Heavenly Emperor should be a Weapon Refiner. Right now, the firepower of the cave entrance had only verified his judgement.

This was because the entrance of the Spirit Hidden Cave contained a strong aura of gold.

In the Five Elements, the Heavenly Emperor Weapon Refiner would definitely find it extremely difficult to fuse the two types of firepower. He presumably also found it difficult to walk the road of Tools Method, but once he successfully crossed all sorts of obstacles, his Tools Method Attainments would definitely reach perfection.

One could tell his Tools Method level just from looking at the Spirit Hidden Cave.

After a while, the green light had completely converged onto the cliff wall, the cave entrance was open, a vast and strange space, then entered Tang Huan's line of sight.

Each root glittered with a bright white light, and in the center of the space grew a strange plant, its leaves were extremely lush, occupying an area of at least a kilometer in radius.

Each leaf was incomparably large, almost two to three hundred meters long. The entire leaf appeared to be a thick green color, but the meridians and stems supporting the leaves were as white as the roots. However, the higher they went, the fainter the white and the greener it became.

Between the dense leaves, there were many emerald flowers.

The flower bloomed proudly. Hundreds and thousands of petals were stretched out, layer upon layer, making it seem much larger than the surrounding leaves. Tang Huan looked over and saw a total of six green flowers. And on the back of the flowers that he couldn't see, there were probably a few more enormous emerald green flowers.

The shape of those flowers were extremely similar to the hydrangea flowers that Tang Huan had in his previous life.

What was even more astonishing was that the roots that interweaved to form this space actually all originated from that strange plant. From its body, not only did Tang Huan feel a boundless and boundless life force, at the same time, he also felt a sharp, sharp, and nearly invincible will of gold from its body.

In addition, whether it was the roots, stems, leaves, petals, they were all crystal clear, like beautiful jade.

"Nine Palace Glass?"

Tang Huan's eyes focused, and a strand of memories floated from the depths of his soul. These five characters appeared in Tang Huan's mind at the same time.

That memory originated from the Heavenly King of the Nine Heavens, Pan Ji.

Before his feud with Long Yuan that year, Pan Xi was still in the small sky. On one of his excursions out, he met a plant called "Nine Palace Glass". However, Liu Li of the Nine Palaces had long since become a spirit and was extremely powerful. If it weren't for the treasures of the sect, his soul would have been destroyed long ago.

Because he had almost lost his life that time, his memories were extremely deep. Even though countless years had passed, those memories still remained in the depths of his soul.

This "Nine Palace Glass" in front of Tang Huan looked exactly the same as the one Pan Ji had encountered.

However, this "Nine Palace Glass" was several times larger than the previous one. The other one only occupied a radius of a few dozen meters and was not even as big as the leaf of this "Nine Palace Glass". Moreover, the strength of the two were worlds apart.

The stalk Pan Ji had encountered was at least at the tenth level of Heaven stage, but it was actually a Heavenly Emperor!

He wondered if these two "Nine Palace Glass" plants were the same one.

When the thought popped up, Tang Huan could not help but laugh to himself. The possibility of that happening was close to zero, after all, the time span was too great. During the long river, not to mention two "Nine Palace Glass", even if there were twenty or two hundred of them, it would be normal.

However, if even the "Nine Palace Glass" at the tenth level of the Celestial Phenomenon Realm could become a spirit, then this one ...

"It can't be?"

Tang Huan's eyes slightly opened, and even his heart seemed to have skipped a beat. The Qi that the "Nine Palace Glass" in front of him was emitting, was the same as what he had guessed previously, causing an extremely bold thought to involuntarily appear in his mind. Could it be that this "Nine Palace Glass" was that person ...

"Brother Tang Huan, this is the original body of the Heavenly Emperor Senior."

Right at this moment, Ye Tingxiao's voice, which was full of laughter, entered Tang Huan's ears, causing his mind to slightly tremble.

At Tang Huan's side, Xiao Zihan, who was already rather amazed, had her beautiful eyes widen even more when she heard Ye Tingyun's words. Her beautiful face was filled with astonishment, she had never thought that the Heavenly Emperor who had created the "Spirit Hidden Cave" was actually not a human cultivator, but a spirit of nature!
